CALM REIGNS AS ARMY OPERATES PUBLIC SERVICES OVER FRANCE

Troops Stationed in Paris to Preserve Order

THOUSANDS GUARD INDUSTRIAL PARTS

PARIS, Nov. 30 (Wednesday)—(AP)—Labor's "show down" general strike against Premier Daladier's economic decrees became effective today as the army took over operation of public services throughout France.

The swiftness of the regular civilian operations to military control was accomplished by the deployment of troops at night with complete calm prevailing through the country, according to preliminary reports.

Strong forces of troops and mobile guards were stationed in Paris with instructions from Daladier to prevent any looting.

35 Sections of Public Utilities Bill Reviewed

VICTORIA, Nov. 29 (CP)—British Columbia legislature reviewed 35 sections of the public utilities bill in committee today, standing several sections over for study or rewording, and making minor changes in clauses approved.

It was brought out in discussion that the Pacific Great Eastern railway, provincially owned, and the government controlled, will be exempted from regulation under the bill. Also exempt will be municipally-owned services within their own borders, but not extra-municipally, and water districts under the Water act.

Earthquake Predicted for Toronto on December 3

TORONTO, Nov. 29 (CP)—S. H. Pennington, Toronto accountant who makes a hobby of predicting things to come, has a little "checking over" plates and seismics and announced tonight something out of the ordinary—probably an earthquake—will take place in Toronto, Dec. 3. It will happen about 6:30 a.m., he thought.

PURE NONSENSE

OTTAWA, Nov. 29 (CP)—R. Meldrum Stewart, Dominion astronomer, said here tonight the prediction, there might be an earthquake in Toronto, Dec. 3 is "pure nonsense."

Unity Movement Progresses, Alta.

EDMONTON, Nov. 29 (CP)—Progress in growth of the Unity movement in Alberta was outlined to a public meeting here tonight by E. W. Brunson, Calgary, secretary of the Alberta Provisional Unity council.

Mr. Brunson reported that in 28 out of the province's 63 provincial constituencies, definite action towards formation of Unity organizations was underway. All of the organizations were not affiliated with the council although some of them, seeing the need of coordination with other constituencies, had elected their own representatives to the council, he said.

The Provisional Unity council was not attempting to organize the province on a Unity basis, he said. "Our sole endeavor is to place before the people of the province our views of what they can do by uniting the constructive forces in each constituency and when we have had an opportunity of laying our views before them, that part of our work is finished and the task of definite organization lies entirely within the constituency," he said.

Prisoner Menace No Longer Judges Told in Appeal

CALGARY, Nov. 29 (CP)—An unusual plea was entered when Jack Revege of Didsbury, Alta., sought to have a prison sentence reduced by the Alberta appeal court here today.

"He has been converted," Rev. F. W. Cole of Didsbury, told the judges. "I know this man was a menace to society but he is a menace no longer," he said.

Revege was sentenced to two years less one day in Lethbridge jail when convicted of a \$1000 binder twine robbery during the summer. No decision was given today.

INJURED IN TWO STORY FALL

WINNIPEG, Nov. 29 (CP)—Dorson Barko of Esterhazy, Sask., student-operator in a beauty parlor was injured seriously today when she crashed to the pavement from a second story window. Her condition is reported by hospital authorities as poor.

POPE CONTINUES RECOVERY FROM ATTACK

VATICAN CITY, Nov. 29 (AP)—Pope Pius XI continued to recover tonight from a heart attack he suffered last Friday, his physician said.

Vatican sources quoted the pope as having said he felt stronger. He attended spiritual services in the chapel of his apartment today and received Eugenio Cardinal Pacelli, Vatican secretary of state, and other prelates to discuss Vatican affairs.

TWO CONVICTED IN STEALING OF U. S. MILITARY SHIP HAIRDRESSER AND AIR MECHANIC ARE CONVICTED

SAN FRANCISCO, Nov. 29 (AP)—Five people were drowned and two escaped alive today when a heavy surf battered their land transport plane to bits in the Pacific ocean north of here.

Coast guardsmen abandoned hope of finding alive any of five persons missing in the strange aerial tragedy variously attributed to gas and to radio reception which was so good it was confusing. A day-long search by air, land and water was called off without recovering a single body.

The victims disappeared, one by one, after the Seattle-San Francisco transport was brought down safely on the water shortly before dawn 25 miles north of San Francisco, when the fuel became exhausted.

NO DECISION BY JURY ON GLASER

NEW YORK, Nov. 29 (AP)—Red haired Johann Hofman, German ship hairdresser and Otto Herman Vos, airplane mechanic, were convicted by a federal court jury tonight of conspiring to disclose military secrets of the United States.

Unable to reach a verdict on the case of a co-defendant, Erich Glaser, former army air corps private, the jury retired at midnight with instructions to resume deliberations at 10 a.m. tomorrow.

Boy From Quebec Hoofs to Nelson; Going Since July

Heel and toe hiking from Montreal to Vancouver, 3000 miles on foot is the goal of young Robert Bolwert, who arrived from the Crow Sunday, leaving Nelson for the west Tuesday.

Roger, who is 18, left his home in Drummondville, Que., on July 12, determined to walk every step of the way and refuse all rides. His object was to work en route to avoid relief, and to learn to speak English. He left with \$20 in his pocket, and so far has only succeeded in working one month at Pincher Creek, Alta.

Roger's younger brother, Roland accompanied him to Winnipeg, where he had his knapsack stolen, and so was forced to turn back home.

Flying Conditions Block Mercy Flight

EDMONTON, Nov. 29 (CP)—Unfavorable flying conditions today blocked completion of an ambulance flight to Coppermine on the English Gulf where a trader J. W. Nichols, is ill.

Pilot Rudy Heuss took off from Yellowknife, N.W.T., but bad weather grounded him at Fort Rae, 56 air miles north.

Villeneuve Scores Nazi Actions; Says Quebec Fascism False Alarm

MONTEREAL, Nov. 29 (CP)—The actions of Adolf Hitler and his followers in their "persecution of helpless minorities" constitute a "striking example of what a Godless government will commit when it reverts to paganism," Rodrigue Cardinal Villeneuve of Quebec said tonight in an address before the Montreal junior board of trade.

"The view of the people on exaggerated nationalism are well-known and I unite my voice in condemnation with that of His Holiness," the cardinal said. "But I am grieved to think that the wave of universal protest aroused by the persecution in Germany did not also arise when priests and nuns were being subjected to shameful treatment in Spain."

Reviewing the attitude of the Roman Catholic church in social problems and in political "isms" the Quebec prelate said he believed it would be "manifestly unfair" to place Hitler and Mussolini on an equal moral level, "particularly since the latter's presence at Munich contributed so largely to averting war."

Passenger Train Raided in Spain

MADRID, Nov. 29 (AP)—Insurgent air raiders attacked a passenger train in government Spain today and killed eight persons and wounded 80, including 19 women and children.

The train was running between Jaen and Alcaudete in southern Spain.

EFFORTS TO SETTLE CHICAGO STRIKE FAIL

CHICAGO, Nov. 29 (AP)—Efforts to bring about a quick settlement of a paralyzing strike at the huge Chicago stock yards failed today.

A peace conference attended by representatives of the Congress of Industrial Organizations packing house workers organizing committee, spokesmen for the Union Stock Yards Co. and federal and state conciliators was recessed until next Monday.

WISMER STATES CROWN TO WAIT VALIDITY TRIAL ONE DISSENTER

COMPANIES ASKED TO SPEED CAUSE TO FINAL DECISION

NO SUCCESS SEEN FOR "PLAINTIFFS"

OTTAWA, Nov. 29 (CP)—Prime Minister Mackenzie King announced tonight the government has chosen Jan. 12 for opening the next session of parliament.

This date, he said at a press conference following a cabinet meeting, had been considered most suitable having regard to convenience of members coming from a long distance, and to the desire of the government to have its legislative program ready.

In selecting the second Thursday in January for the formal opening the government has given parliament here four months to complete its work before arrival in Canada of King George and Queen Elizabeth next May 15.

In view of the fact 1939 is expected to be a general election year with a consequent heavy legislative program and the likelihood of prolonged debate, the objective of prorogation before the visit of Their Majesties would seem difficult of attainment, observers here believe.

Capt. Applewhite in Kootenays for 29 Years, Passes

He was born in Manchester, England, 29 years ago. While still quite young he joined the merchant marine, traveling widely, including a trip around the world. He has resided in numerous places, including Malta and India. Before arriving in Nelson in 1910, he worked for the C. P. R. in eastern Canada.

While in Nelson he has acted as night clerk and car-checker. He was a member of the Nelson Lawn Bowling club. His body will arrive from the coast tonight, for burial here near the end of the week.

Mr. Allen's first wife predeceased him in 1924, his present wife, whom he married in 1936, survives him here, as well as two sisters in Manchester.

Amendments to Marriage Act Are Introduced

VICTORIA, Nov. 29 (CP)—The provincial government's long-heralded amendments to the Marriage act were introduced in the legislature today, with a section making their chief clauses subject to provincial proclamation. The bill was introduced by Hon. Dr. G. M. Weir after a marriage committee had reviewed the subject for a year.

The bill proposed a three-day residence instead of the prevailing eight-day requirements, stricter enforcement of the right to conduct marriage ceremonies, publication of the right to conduct marriage ceremonies, publication of banns in advance of the ceremony, requirements for birth certificates to be shown by those under 21 years of age; and "inspection" clauses subject to declaration by proclamation at the pleasure of the administration.

The inspection clauses would require blood tests for social diseases, and certificates that contracting parties knew of the physical condition of their intending partners; with tests to physicians conducting the tests.

Bureau Criticized in Handling of Patients

CALGARY, Nov. 29 (CP)—Criticism of the Alberta Bureau of Health and Public Welfare and its policy in handling indigent hospital patients was heard at the convention of the Alberta Hospital association and the Alberta Municipal Hospitals association here today.

The convention adopted a resolution urging the provincial government transfer administration of indigent hospital cases from the bureau to the department of municipal affairs.

Thomas Cox of Edmonton was elected president of the association.

Boat, Cars Speed Child to Hospital

VANCOUVER, Nov. 29 (CP)—Suffering a hemorrhage the three-day-old daughter of Mr. and Mrs. George Cruikshank of Britannia Beach, B. C., was in a Vancouver hospital today after a fast trip by speedboat, private automobile and ambulance from the Howe Sound mining town 40 miles north of here.

WISMER STATES CROWN TO WAIT VALIDITY TRIAL ONE DISSENTER

COMPANIES ASKED TO SPEED CAUSE TO FINAL DECISION

NO SUCCESS SEEN FOR "PLAINTIFFS"

OTTAWA, Nov. 29 (CP)—The court of appeal of British Columbia today dismissed an appeal of the crown from a supreme court injunction restraining the Provincial Coal and Petroleum Products Control board from putting into effect an ordered reduction in the retail price of gasoline sold in the province.

Attorney-General Gordon S. Wismer in Victoria said the crown does not intend to carry its case further pending hearing of a trial on validity of provincial legislation under which the control board was appointed.

Chief Justice Archer Martin and Mr. Justice Gordon Sloan were in agreement on the court's decision, but Mr. Justice W. G. McQuarrie dissented, on grounds the legislation would be proven within the scope of provincial jurisdiction by higher courts.

(Continued on Page Nine)

Northern Ireland Customs Houses Wrecked, Mines

BELFAST, Nov. 29 (AP)—A number of explosions of land mines late tonight along the border with Eire, have blown up customs houses of Northern Ireland. Customs houses on the Eire side were reported untouched. No one was reported hurt.

One customs house was blown up at Newtown Butler, where the Northern Ireland government for the last two weeks has banned meetings scheduled to protest against partition.

Another Dies in Refinery Accidents

CALGARY, Nov. 29 (CP)—William Joseph Wilson, 23-year-old welder, died in General hospital here today, increasing the number of deaths in two accidents yesterday at the new British American Oil company refinery in East Calgary.

Wilson died less than 20 hours after Arthur Howard, former Calgary hockey and baseball star, fatally injured when struck by a gas-line-powered steam shovel. Wilson slipped and fell 40 feet from a huge tank being constructed and suffered a fractured leg, internal injuries and skull wounds.

King's Birthday to Be Observed While Royal Pair Are at Ottawa

OTTAWA, Nov. 29 (CP)—Celebration of the king's birthday will be observed next May 20 while His Majesty and Queen Elizabeth are in Ottawa. It was announced here by Prime Minister Mackenzie King after a cabinet council.

Actual date of the king's birthday is Dec. 14 but since his accession to the throne it has been observed June 9.

Canadians will celebrate His Majesty's birthday May 20 only for next year. The change was made with the king's approval.

Statutes of Canada empower the governor-general-in-council to fix, by proclamation, the date on which His Majesty's birthday will be celebrated, and the necessary proclamation will be issued shortly.

REACH CANADA MAY 15

The king and queen will reach Canada May 15 for their Canadian tour of approximately three weeks. They will land at Quebec and presumably will come almost direct to Ottawa.

In making his announcement the prime minister said:

"In view of the happy circumstances that Their Majesties the king and queen will be in Canada during the latter part of the month of May, it has been deemed appropriate that the celebration of

Assault Charges on Crawford Bay Men Dismissed

Hawkins and King Are Acquitted Attack on Moore

A charge of common assault laid against Crawford Bay, by Andrew Moore, both of Crawford Bay, was dismissed by William Irvine, stipendiary magistrate, in provincial court Tuesday, after a hearing that lasted most of the afternoon.

It was charged that Hawkins, on eight years younger than Moore, had struck the older man on the nose with a stick, and had pushed him down. The altercation arose out of an allegation by Moore that Hawkins had stolen a pair of trousers from him.

Hawkins testified that on Friday, October 28, Moore had accused him of stealing the cider press. On Sunday, October 30, Hawkins said, he with his two young sons, Donald and Alfred, and William King and one other man, was sawing wood on the road when Moore came along. Hawkins in the meantime told King of the accusation, and King stepped out to "try to clear up the case" with Moore. After King had told Moore he thought he was wrong in accusing Hawkins of the theft, Hawkins approached and asked for an apology from Moore.

At this point said Hawkins, Moore swore at him, and "threatened to kill" him. Moore had swung at Hawkins with a stick, striking him on the right eye. Hawkins then grabbed the stick, pushing Moore backward, and finally giving him a shove that sent him off balance. Moore fell over backward on to some rocks beside the road.

William King, on the stand, corroborated Hawkins' statements, and said that when the struggle between the men arose, he had walked away. He had not seen Moore strike Hawkins with the stick. King stated Moore had a "pretty bad" reputation in the Crawford Bay district, as a troublemaker.

Victor Jacobson and Sam Fleck both testified to having seen the struggle from a distance.

HAWKINS BOY KICKED MOORE

Donald and Alfred Hawkins, sons of the defendant, related their versions of the incident, corroborating their father's evidence. Donald, who was not sworn in as a witness, said his 14-year-old brother had kicked Moore in the ribs, when the man was on the ground, after Moore had grabbed the lad by the pants leg.

Alfred admitted to the court he had kicked Moore.

P. T. Legg said Moore had come

How to Beat CHRONIC BRONCHITIS

Mind to Be Probed Deeper by Science

Trail Rotary Told

TRAIL, B. C., Nov. 29 — "The passing of some of the greatest ideas of the last century is what we are witnessing today; and to permit further progress, this passing must be accepted," declared E. A. G. Colls, member of the C. M. & S. company technical staff, speaking to the Trail Rotary club at noon today, on "The Trend of Modern Science."

Because the unexpected dazzled or was outside "our" sense of experience, it must not necessarily be ruled out, "but we must be prepared to analyze and weigh the pros and cons, realizing that the knowledge of wave spheres of science today are far more intricate than were dreamed of 100 years ago," he said. In fact, many findings concerning the universe in general were "bad dreams" of a few years ago, but nevertheless all were coming together in a remarkable way.

Mr. Colls touched on Einstein's fourth dimension, radio waves, relativity and the human mind, something that has not as yet been as deeply probed as it will be by science, he said. It embraces all those things in life most worth while, it knows the right from wrong, has likes and dislikes, and enables us in thought to traverse the centuries or to reach the ends of our universe in a second of time.

Guests included W. G. McIntosh, Montreal; and K. C. McCannel, of the Nelson Rotary club.

An invitation for representatives of the club to attend the annual meeting of the Boy Scout association, Trail-Rossland district, was referred to A. J. McDonald.

Dangers of Riding Bicycle at Night Is Explained at Trail

TRAIL, B. C., Nov. 29 — Bruno Del Bucchia, over 21 years of age, was fined \$5 and costs for riding a bicycle without a light fixed to the vehicle, when he appeared before Magistrate Donald MacDonald in city police court today.

Chief John Laurie pointed out that "it was bad enough" when a youngster drove a bicycle without a light, but felt that an adult should know better. He said it was the wish of the city council and the police commission that a stop be put to bicycle riding without a proper headlight at night. Chief Laurie also explained that Bucchia had been in the habit of carrying a flashlight in his pocket and flashing it on when a car approached, but pointed out that the light must be fixed to the machine.

Night riding of bicycles was a most dangerous act, Magistrate MacDonald pointed out to the accused. He said that when a bicycle was struck by an automobile it usually meant serious injury to the bicycle rider, as he had little or no protection.

Rossland Lodges Hold Children's Party and Supper

ROSSLAND, B. C., Nov. 29 — A gala children's party, conducted by William Houston of Castlegar, kept a crowd of 40 Rebeccas and Odd Fellows of Rossland lodges in throes of laughter in the L. O. O. F. hall here Monday night.

Keenly-contested games among a number of groups featured the evening's program. Following the entertainment, a lunch was served.

The entertainment committee consisted of William Houston, Andy Grubisic, chairman; Ike Glover, Floyd Birch, W. E. Blair and Jack Marshall. Refreshment committee members were Hank Metzgar, Walter Grubisic, Floyd Birch and Andy Grubisic.

ALBERTA LABOR IS FOR INDEPENDENCE

CALGARY, Nov. 29 (CP)—Members of the Alberta Federation of Labor will maintain their political independence.

Few resolutions which would have bound the federation to political group action as an organization were defeated at the annual convention here today.

The convention expressed support for the 40-hour week, but a resolution urging a minimum wage of 55 cents an hour for men was referred back to committee for re-drafting. Delegates protested the 55 cent an hour minimum was inadequate. A rate of \$25 a week or \$100 a month should be set, it was urged.

To Retire Today

HON. PHILIPPE ROY

OTTAWA, Nov. 29 (CP)—Hon. Philippe Roy, Canadian minister at Paris, will retire tomorrow, it was learned today. He is 70 years old and has represented Canada at the French capital since 1911.

Dr. Roy's retirement will create the third vacancy in Canada's young diplomatic service. Recently Eon, Randolph Bruce returned to Canada and announced his retirement as Canadian minister to Japan.

After graduating in medicine from Laval university Dr. Roy went to Edmonton and in 1906 was appointed to the senate. In 1911 he was appointed high commissioner for Canada in Paris and on the creation of a Canadian legation there in 1933, was appointed minister.

MORE ABOUT VILLENEUVE

(Continued From Page One)

The church, he said, was "not blind" to dangers in Italy's Fascist form of government, but neither was it oblivious to "possible abuses" in other forms.

As to reported existence of Fascism in Quebec province, the cardinal was convinced the report was a "false alarm."

It is notorious that communists accuse all those not enrolled in their ranks of being Fascists," he said, "so that you, gentlemen, and I might be called Fascists because we most certainly have no intention of enrolling under the red flag."

Favoritism for or approval of any particular form of government was not in the Catholic church's province, the cardinal said, but the church was bound by its principles to watch over the temporal as well as spiritual well being of its members.

Because communism was "diametrically opposed" to Christianity, the church condemned it. The economic programs of communism and the Cooperative Commonwealth Federation were "practically the same," and the C. C. F. program was "not acceptable to the Catholic church."

The "materialistic conception of the social order" in the C. C. F. program alone was "sufficient to condemn it in the eyes of Catholics," the cardinal declared.

However, while communists admitted they would use violence, the C. C. F. movement hoped to attain its ends in a peaceful manner, the cardinal added.

"The suppression, or at least quasi-suppression of private ownership — leading to total nationalization — constitutes a fundamental fallacy in a new conception of the state," he said.

Rossland Man Is Put Under Bond Upon Wife's Plea

ROSSLAND, B. C., Nov. 29 — Fearing for her life, Mrs. William John Triggs asked Magistrate R. E. Flewman in police court here today to have her husband put under bond to maintain peace with her. His worship granted her plea, and Triggs was freed on a \$250 personal bond, and a \$250 surety put up by his father.

Triggs denied the statements made by two witnesses, who said that he had threatened his wife with a gun. He admitted, however, making the threat that if she left him it would be "in a wooden box," his object being to persuade her to remain with him.

The witnesses who testified on behalf of Mrs. Triggs were Miss Doreen Younie and Miss Viola Brooks.

Trail Rotary Club Allots \$2605 to Varied Kinds Community Work

TRAIL, B. C., Nov. 29 — The sum of \$2605 was budgeted to various community services, for the four weeks during the Christmas holidays for school children, and a donation to Koolaree camp.

The fresh air camp funds provide for painting and repairs of buildings at the Robson camp, clearing fresh ground, supplying fresh milk to children attending and paying of camp supervisors' salaries.

The money was allocated as follows: Crippled children \$900; playgrounds \$75; fresh air camp \$600; Trail community chest \$150; Salvation Army Grace hospital, Vancouver, \$75; Queen Alexandra Scholarship \$25; and scholarships \$100.

Funds for crippled children also go toward aiding under-privileged children. Under playgrounds are school-track meet, Girl Guides, Boy Scouts, bantam baseball and bantam hockey, as well as the upkeep

Trail Man Changes Plea After Remand and Goes to Jail

TRAIL, B. C., Nov. 29 — Eugene Belanger, who on November 22 pleaded not guilty to a charge of causing a disturbance in a public place and was given an eight day remand today pleaded guilty to the charge, and was sentenced by Magistrate Donald MacDonald to pay a fine of \$25 or serve two weeks in Nelson jail with hard labor. Belanger was unable to pay the fine.

CHILDREN SAVE SCHOOL KEEP FIRE CONTROLLED

KOKOMO, Ind., Nov. 29 (AP)—Boys and girls who may have dreamed of the school burning down didn't let it happen when the last came.

When the Derrig Chapel consolidated school caught fire, pupils formed a bucket brigade and kept the blaze under control until firemen arrived and saved the building. The damage was \$8,000.

GERMAN PLANE REACHES INDIA, FLIGHT TO TOKYO

KARACHI, India, Nov. 29 (AP)—The German Condor plane flying from Berlin to Tokyo completed the second of the four scheduled legs of its journey when it arrived here from Burma today at 11:40 a.m. Greenwich time today.

The four-motored Focke-Wulf plane is expected to make only one more stop, at Hanoi, French Indo-China, before reaching the Japanese capital.

Karachi is about 1200 miles from Basra.

EDMONTON, Nov. 28 (CP)—Charles Trautweiser of Calgary was re-elected president of the Alberta Hotel association at the annual convention here last night. It is his 11th term.

Memorial Hall Officers Are In Again at Trail

TRAIL, B. C., Nov. 29 — The full slate of officers of the Trail Memorial building society was re-elected at the annual meeting tonight.

S. Willis is president; B. A. Stumm, honorary president; F. E. Donnell, vice-president; J. D. Hartley, director's secretary; and G. G. Remison, treasurer. J. E. Leyland and Don Dallas were appointed directors to fill the vacancies made by P. R. McDonald and Lloyd Crowe.

Other directors who still have to complete their term of office are Lloyd Hallam, David Chalmers, B. T. Simpson, J. Bryden, Mayor E. L. Troutgate, R. R. McNaughton, C. W. E. Rhodes.

The hall enjoyed a good year ending October 31, it was indicated by all reports submitted.

Rossland Civic Voters Are 763

ROSSLAND, B. C., Nov. 29 — Rossland's civic voters' list for 1933-39 rose to 763 as 13 voters were added to the list this year. The list of householders and license holders showed a drop of four from 48 to 42.

LEAF'S RECORD GOES UNMARKED AS THEY TURN BACK GONZAGANS 7-5

SPOKANE, Wash., Nov. 29 (AP)—The Nelson, B. C., Maple Leafs outscored Gonzaga's collegiate hockey team, 7-5 here tonight in a game marked by speed and a third period flurried outbreak.

Nelson of Nelson, and Dutton, Gonzaga, each drew a major penalty after an exchange of blows in an encounter along the boards.

Once in the third period both teams were playing with only four men on the ice as the two officials for the game slapped on penalties freely. Close to 1000 spectators witnessed the fast action.

The lineups and summary: Gonzaga: McCool; Steeves, Santolinto; Pettigrew; Emery, Dutton, Hall, Thompson, Cameron, and Gardner.

Nelson — Seaby; Bicknell, J. Smith; Kilpatrick; Carr, N. Smith, and replacement of playgrounds equipment rental of the Trail rink for two weeks during the Christmas holidays for school children, and a donation to Koolaree camp.

Ice-Making Doing Well in Rossland

ROSSLAND, B. C., Nov. 29 — There is about 1 1/2 inches of ice in the open rink on Second avenue, according to Roy Hancock, ice-maker. He started flooding the rink 100 yards west last Saturday, and finished it today, when he was forced to stop because of a leak in the water pipe and because of a snow fall.

Staves and benches are being installed in the dressing rooms. Frank Hunt, curling rink ice-maker, is making good progress with five sheets of ice. Though he is having a little difficulty in starting the end rinks, the three middle ones are covered with ice entirely.

Slippery Road Causes Cars to Bump, Rossland

ROSSLAND, B. C., Nov. 29 — Travelling to Warfield on the late afternoon shift this afternoon, car No. 1 of the Rossland Cooperative Transportation society and a B. B. taxi of Trail collided at the lower gate of Mountain View cemetery. The "Co-op" car was driven by Irwin Matthews of Rossland.

Trail Is Out for Victory, Hockey Nelson Thursday

TRAIL, B. C., Nov. 29 — "We realize we've got a tough assignment in encountering the Maple Leafs at Nelson Thursday," said Bill Duchak, Trail Blazers' coach, after a stiff team workout tonight.

"We're going in with the hope of winning, but we can possibly do it, we're sure going to take 'em," Bill said that his team has shown steady improvement since the initial practice of the season and came through tonight considerably better than when they tied the Spokane Gonzaga Bulldogs 4-4.

The Blazers' coach will take only 11 men to Nelson.

Cy Polson, who played in the net against Gonzaga and the Trail Smoke Eaters in the only two games in which the new Trail club has figured, will play goal. Doug Norris, Jimmy Anderson and Len Wade are the three men who will be responsible for rear guard work.

8 City Schedule Games Played

Second night's play of the city schedule competition was over and eight more results checked up on Tuesday night. The journey is the first of the 1933-39 season.

A. E. Murphy defaulted to J. P. McLaren.

John Teague 6, W. T. Fotheringham 8.

E. M. Whimster 14, R. E. Horton 10.

William Kline 8, T. A. Wallace 6.

J. J. McEwan 10, William Marr 8, B. D. Hall 9, A. B. Giler 8.

Leo McKinnon 7, Syd Hayden 6, C. H. Marshall 6, P. T. Andrews 6.

Ice-Making Doing Well in Rossland

ROSSLAND, B. C., Nov. 29 — There is about 1 1/2 inches of ice in the open rink on Second avenue, according to Roy Hancock, ice-maker. He started flooding the rink 100 yards west last Saturday, and finished it today, when he was forced to stop because of a leak in the water pipe and because of a snow fall.

Staves and benches are being installed in the dressing rooms. Frank Hunt, curling rink ice-maker, is making good progress with five sheets of ice. Though he is having a little difficulty in starting the end rinks, the three middle ones are covered with ice entirely.

Slippery Road Causes Cars to Bump, Rossland

ROSSLAND, B. C., Nov. 29 — Travelling to Warfield on the late afternoon shift this afternoon, car No. 1 of the Rossland Cooperative Transportation society and a B. B. taxi of Trail collided at the lower gate of Mountain View cemetery. The "Co-op" car was driven by Irwin Matthews of Rossland.

"Creaking Chair" Again Presented

With another large house in attendance, Nelson Little Theatre presented the second and concluding performance of "The Creaking Chair" by Allene Tupper Wilkes, at the Civic theatre Tuesday evening, under the direction of Leslie Crawford. It was announced that the society would present another production in aid of the Christmas Cheer fund shortly before Christmas.

Leaf's Record Goes Unmarked As They Turn Back Gonzagans 7-5

SPOKANE, Wash., Nov. 29 (AP)—The Nelson, B. C., Maple Leafs outscored Gonzaga's collegiate hockey team, 7-5 here tonight in a game marked by speed and a third period flurried outbreak.

Nelson of Nelson, and Dutton, Gonzaga, each drew a major penalty after an exchange of blows in an encounter along the boards.

Once in the third period both teams were playing with only four men on the ice as the two officials for the game slapped on penalties freely. Close to 1000 spectators witnessed the fast action.

The lineups and summary: Gonzaga: McCool; Steeves, Santolinto; Pettigrew; Emery, Dutton, Hall, Thompson, Cameron, and Gardner.

Nelson — Seaby; Bicknell, J. Smith; Kilpatrick; Carr, N. Smith, and replacement of playgrounds equipment rental of the Trail rink for two weeks during the Christmas holidays for school children, and a donation to Koolaree camp.

Trail Rotary Club Allots \$2605 to Varied Kinds Community Work

TRAIL, B. C., Nov. 29 — The sum of \$2605 was budgeted to various community services, for the four weeks during the Christmas holidays for school children, and a donation to Koolaree camp.

The fresh air camp funds provide for painting and repairs of buildings at the Robson camp, clearing fresh ground, supplying fresh milk to children attending and paying of camp supervisors' salaries.

10 Fined for Not Having Car Radio Licence at Trail

TRAIL, B. C., Nov. 29 — William McLeod, Vincent R. Moran, J. T. Wilkinson, Henry C. White, James Kirker, Ray Billingsley, Joseph Thornley, Andrew Patzer and James Graham each were fined \$5 and costs, when they appeared before Magistrate Donald MacDonald today, after pleading guilty to operating a radio in an automobile without a licence. Charles Perkins was fined the same on a similar count yesterday.

CORPORAL LOCK'S BACK INJURED IN TUMBLE AT JAIL

Corporal J. G. M. Lock of the provincial police suffered painful but not dangerous back injuries on Tuesday morning when he fell from the attic through a ceiling into a corridor of the provincial jail. He was in the attic and opened a door to enter another part. In stepping back to allow the door to open, he stepped between two joists, and his weight carried him through.

BIG JOB TO FINISH MAPS OF DOMINION

OTTAWA, Nov. 29 (CP)—About three quarters of Canada remains to be mapped accurately, mapping experts of the Dominion topographical survey branch said today, and it will take scores of years to do it.

From now until spring, W. H. Boyd, chief topographical engineer, said draughtsmen will bend over mapping tables with set squares and mapping pens charting "hat part of the country explored last summer by the 16 field parties sent out."

Ground crews working with trucks, canoes and packhorses brought back notebooks from which the mappers will present an accurate chart of the territory over which the crews painstakingly moved in the summer's heat.

Other crews used airplanes to photograph areas. Enlarged, numbered photographic prints are stacked high in the department now, and

Had Dizzy Spells for 3 Years

Result of Acid Indigestion

"Before taking Kruschen," a woman writes, "I had very bad dizzy spells and hot flushes, bad spells of acid indigestion, and I was so nervous at times that the least thing would upset me. I was about three years in that condition."

"I could not tell you in words how happy and glad I am today that I gave Kruschen Salts a trial. I have now taken them for 18 months. I would not miss them one day. They are a great help to anyone who suffers as I did. I feel in better health today than I have for years. After taking Kruschen for three weeks the dizzy spells and hot flushes left me. I now feel so bright and cheerful. Kruschen Salts assist in keeping you fit and fine."

(Mrs. J.M.)

Kruschen Salts is an excellent recipe for maintaining a condition of internal cleanliness. The numerous salts in Kruschen stimulate your internal organs to smooth, regular action. Your inside is thus kept clear of those impurities which, when allowed to accumulate, lower the whole tone of the system.

(Adv't.)

MUSCULAR RHEUMATIC PAINS—ACHES

It takes more than "just a salve" to bring relief. It takes a "counter-irritant" like good old **Musterole**—soothing, warming, penetrating and helpful in quickly overcoming the local congestion and pain when rubbed on the aching spots.

Muscular lumbago, soreness and stiffness generally yield promptly. Better than the old-fashioned mustard plaster, **Musterole** has been used by millions for 30 years. Recommended by many doctors and nurses. Made in Canada, in three strengths: Regular, Children's (mild), and Extra Strong. All druggists, 40¢ each.

BACKACHE?

Kidneys that are not eliminating waste matter as they should will make you feel miserable—ache—tired, depressed! If suffering from backache, broken rest, rheumatic pains, you need the 8 medicinal ingredients in **Gin Pills** to help your kidneys filter out trouble-making toxins. Get a box of **Gin Pills** today.

GIRLS

You look ugly when you cough. Keep Smith Brothers Cough Drops handy. (Black or Menthol.) Relief for 10¢.

Think Mining Engineers Want Too Much Power

VICTORIA, Nov. 29 (CP)—Protests were heard today in the private bills committee of the British Columbia legislature against a proposed amendment to the engineering act which would widen the scope of the profession's control.

C. P. Hogg, acting as counsel for the B. C. Loggers' association, insisted that certain logging works should be excluded from those that must have the services of a professional engineer. J. B. Clearhugh, counsel for the engineers, agreed to the change.

The measure provides that no jobs costing more than \$5000 under a large number of headings should be done without a professional engineer, except where a person is doing his own work.

Mrs. D. G. Steves, (C.F. North Vancouver), feared this would require many small non-expert jobs to have an engineer.

"It may retard small mining developments, too," said H. G. Perry, (Lib.-Fort George) committee chairman. "I think you're going a little far in your restrictions."

Achievements were removed from control in one change offered today.

CAT WITHOUT EARS OLDEST IN CANADA

ALLSAW, Ont., Nov. 29 (CP)—Mrs. George Brown says her Julie is the oldest cat in Canada. Julie is 24 and has tan coat in turning grey. Incidentally, Julie has no ears. They were frozen and dropped off one cold winter night four years ago.

LOS ANGELES HAS SMALL QUAKE

LOS ANGELES, Nov. 29 (AP)—A sharp earthquake shook downtown Los Angeles buildings today, but there was no report of damage.

A heavy shock at 11:21 p.m. followed by another of less force, frightened hundreds of persons in the downtown area, and in Santa Monica and Culver City.

New Zealand to Seek Industries

WELLINGTON, New Zealand, Nov. 29 (CP-Havas)—D. G. Sullivan, minister of railways, commerce and industry, today announced a central executive committee had been created in the bureau of industry to spur plans for the Dominion's industrial expansion.

Addressing the New Zealand Federation of Manufacturers, Mr. Sullivan said it would be necessary to take extraordinary measures to bring New Zealand's industry to the level attained by Canada and Australia.

OPERATE TO REMOVE KEY 3-YR.-OLD SWALLOWED

DRUMHELLER, Alta., Nov. 29 (CP)—Alfred Wolf, three-year-old, was without her key tonight, a week ago while playing she swallowed a key. In a delicate operation, Dr. Douglas Ross of Drumheller removed it from her stomach.

Germany Mobilizing for Action Against Poland and Hungary?

BERLIN, Nov. 29 (CP-Havas)—A British press report that Germany had mobilized three army corps along the Czechoslovak border was termed a "perfidious lie" by the newspaper Lokalanzeiger today.

The newspaper seized the occasion to attack freedom of the press in Great Britain, charging the report was destined to sabotage the "work of peace" in central Europe.

LONDON, Nov. 29 (CP-Havas)—The News Chronical (liberal) today charged Germany is mobilizing three army corps for armed action against Poland and Hungary.

"Six divisions are already completely mobilized," the newspaper said. "The three remaining divisions will be ready, it is estimated, by the end of this week. The army corps affected are the eighth, stationed at Breslau, the 17th at Vienna, and one other believed to be the 14th."

The newspaper said all leaves had been cancelled for officers whose regiments are in the nine divisions making up the three army corps.

Grynspan's Relatives Sentenced for Aid to Von Rath Slayer

PARIS, Nov. 29 (CP)—The aunt and uncle of young Herschel Grynspan, whose assassination of Ernest von Rath brought down the Nazi wrath on Jews in Germany, today were sentenced to four months imprisonment and fined 100 francs (\$2.60) each in a Paris police court.

The elderly couple, Abraham and Chana Grynspan, were convicted of having given asylum to their 17-year-old nephew in their small attic room, after he had been ordered from France as an undesirable alien.

Mineral Sleuths Start Home Work

OTTAWA, Nov. 29 (CP)—Canada's expert mineral sleuths, whose work has developed million dollar industries and prevented other fortunes from being wasted, have started their winter "home work," department of mines and resources officials reported here.

The Dominion government geologists are back from the field and ready to begin the winter task of writing reports on their summer explorations.

The first hand information they gather permits an accurate inventory of the riches hidden under the surface of the earth and how best to get at it.

The geologists do no prospecting themselves, Dr. G. A. Young, chief geologist, made clear, but study the Dominion's geological structure and grade where minerals may be expected. The result is that prospectors look on the geologists as "pointer hounds" and delve into the rock and earth where the experts indicate minerals may lie.

Mining companies seek advice of the Dominion geologists before spending thousands of dollars in sinking exploratory shafts or plunging the course of a new mine tunnel in search of new ore. Oil drillers pay careful heed to the geologists' reports before boring into the earth's crust for natural gas and oil.

There are 24 staff geologists, aided in their summer's work by geologists selected from among university professors and by college students learning geology.

13 Trapped in Burning Mine

WALDENBURG, Germany, Nov. 29 (AP)—Thirteen miners were trapped today in a burning coal mine from which the bodies of nine dead were recovered. Rescuers feared smoke and gas had killed 13. The fire started last night in the Fuchsgrube coal mine when an electric cable connecting machinery was short circuited.

U.S. Army Wants More Military Attaches in S.A.

WASHINGTON, Nov. 29 (AP)—The United States war department will ask congress, it was learned today, to double the number of United States military attaches in South America.

Because of lack of guns, the war department now maintains only six military attaches below the Rio Grande. They are on duty at the embassies and legations in Argentina, Cuba, Mexico, Brazil, Chile and Costa Rica.

Yangtze River Will Remain Closed to World Shipping

SHANGHAI, Nov. 29 (AP)—Japan's forces tonight served notice on the Yangtze river, China's main trade artery, would remain closed to all but Japanese shipping until China is conquered and reconstructed under Japanese control.

A joint army and navy communiqué indicated protests of foreign powers, chiefly Great Britain, United States and France, against the closing of the river to their commerce would be unavailing.

The fighting services said this situation would be continued until the government of General Chiang Kai-shek is destroyed and peace and order restored in China in accordance with Japan's plans for the new order in the far east.

The Yangtze has been closed to foreign merchant shipping since the Japanese drive up the river began more than a year ago. The Japanese now hold the river to a point above Hankow, some 600 miles from the sea.

The communiqué was sent to the British, U.S., French and Italian naval commanders in China waters by Admiral Koshiro Oikawa, commander of Japan's China squadron.

(The United States, Great Britain and France protested to Tokyo on Nov. 7 on the closing of the river, but the Japanese government rejected their representations a week later, declaring "the time has not yet arrived" for opening the river.)

Objections of western powers to the continued closing of the Yangtze have been based partly on charges Japanese merchants have followed the flag into the Yangtze valley and laid foundations for flourishing trade.

Rear-Admiral Naokuni Nomura, Japanese naval attaché here, tonight attempted to explain away these charges. He said all Japanese imports consisting of supplies needed by the army and navy plus a certain amount of materials required for the rehabilitation and reconstruction of China.

Foreign observers pointed out the latter category covers a wide range of goods and accounts largely for Japan's increased trade in China.

Chinese reported they had recaptured the towns of Loshan and Kwangshan, 120 miles north of Hankow, forcing the Japanese to reorganize their forces at Sinyang before pushing farther into the interior.

They also said repeated attacks had forced the Japanese to give up Hwai river transportation lines in western Anhwei province and withdraw from Hefei, giving the Chinese control of a large area in the province.

In addition, the Chinese reported they had recaptured Yentsing, 30 miles north of Kwang, which the invaders had held for six months.

Mussolini Believed Disapprove Of War on Catholics, Protestants

By DEWITT MACKENZIE
Associated Press Foreign Affairs Writer

ROME, Nov. 29 (AP)—The deep concern of the Italian public over the illness of Pope Pius served to emphasize the delicacy of the situation created by the clash between church and state over the Fascist anti-Semitic policy.

The reaction of the people when any pontiff is sick is always such as to reaffirm their fidelity as a whole to the church.

That reaction is no less marked now than in the past. To put it another way, any major controversy between the Vatican and the government might, if protracted, resolve itself into a test of the loyalty of the public to its deep-rooted religion, and of course by the same token into a test of loyalty to the temporal government.

An element which is likely to have a bearing on relations between church and the state is the fact Premier Mussolini's ally, Chancellor Hitler, is attempting to force regimentation in the church in Germany by methods which the faithful denounce as persecution.

Should the controversy become greatly aggravated the time might arrive when Il Duce would have to ask the people to choose between him and the church and it would indeed take a bold person to essay a test of strength with the spiritual sovereign of one-sixth of the total population of the earth.

Thus far, while there have been some difficult moments between the church and the Fascist government, Mussolini has not given any indication he intends to force such an issue. In fact, it was he who signed the Lateran treaty in 1929, ending the church-state quarrel which had been going on almost 60 years. Under this treaty the Catholic religion became the state religion, and the pope, the "prisoner of the Vatican," was once more free to set foot in the outside world.

Not only have observers felt Mussolini has no intention of creating a religious war in his own country, but they believe he has disapproved of Hitler's drive against the Catholic and Protestant churches.

Canadian Liquor Exports Decline

OTTAWA, Nov. 29 (CP)—Steady decline in Canadian liquor exports to the United States has continued in the past two years, with indications 1938 may be the lowest since the republic repealed the Volstead act in December, 1933.

Figures released by the national revenues department here show that for the first 10 months of the current year, 1,834,291 gallons, valued at \$7,012,746 were exported. This compares with 4,114,371 gallons, valued at \$15,818,703 for the same period of 1937.

The peak year for Canadian liquor exports was 1936, when 4,952,512 gallons were sold to the United States at a price of \$22,026,849. In 1937, the volume was increased to 5,308,878 gallons, but the value dropped to \$20,655,082.

INCREASE CORPS STRENGTH BERLIN, Nov. 29 (AP)—The newspaper Lokalanzeiger disclosed two German armed forces have increased from 14 to 18 army corps since the annexation of Austria and Sudetenland.

There are now six army group commands, instead of three, located at Berlin, Frankfurt-on-Main, Dresden, Leipzig, Vienna and Tannover, the paper said.

Official figures on manpower were lacking but reliable estimates placed the standing army at 1,000,000.

U.S. Army Wants More Military Attaches in S.A.

WASHINGTON, Nov. 29 (AP)—The United States war department will ask congress, it was learned today, to double the number of United States military attaches in South America.

Only Russia Beats Canada in Carrying Freight Shipments by Air

OTTAWA, Nov. 29 (CP)—Civil aviation in Canada, a \$6,000,000 investment, is making tremendous progress and its pilots now fly more than 10,000,000 miles a year—a distance equivalent to 400 times around the world at the equator.

A report prepared by the Dominion Bureau of Statistics disclosed since 1933 aircraft mileage for civil pilots has more than doubled and total freight and express carried has jumped sixfold.

In 1938, the mileage was 4,400,000 and last year 10,700,000.

Freight and express carried in 1938 amounted to 4,200,000 pounds and this increased to 26,200,000 in 1937.

British Parliament Cheers News Of Great Borrowings for War Plant

By J. F. SANDERSON
Canadian Press Staff Writer

LONDON, Nov. 29 (CP Cable)—The government will introduce legislation at this session of parliament to extend its borrowing powers to carry on the vast defence program, Sir John Simon, chancellor of the exchequer, announced today in the house of commons.

Sir John, with his usual secrecy about budget plans, did not give a hint whether taxpayers would have a heavier burden next year. Britons already pay a 27 1/2 per cent income tax and high taxes on necessities.

The chancellor of the exchequer told the house that by the end of the financial year, in March, the government will have borrowed approximately £180,000,000 (\$900,000,000) of the £4,000,000,000 authorized for rearmament, which is being financed partly by borrowing and partly from taxation.

Because of the expansion of the scope of the rearmament program the government believes its borrowing power must be increased beyond the figure originally set. With £220,000,000 yet to be borrowed, Sir John said he was unable to give the exact amount of additional borrowing that might be required.

The statement was greeted by cheers in the house, where the government has been criticized for increasing taxes in the last budget when it could have obtained defence loans under its existing authority.

Explaining that the government still would have a borrowing power of £220,000,000 at the end of the fiscal year, Sir John said the problem was not one of immediate urgency.

"But I think at the time when new commitments are being incurred we should prepare our plans well in advance."

This indicated the government held slight hope of being able to reduce defence expenditures soon despite Premier Chamberlain's avowed intention of halting the arms race through general appeasement.

Non-intervention Gets Slap In Face From Sweden, Belgium

By J. F. SANDERSON
Canadian Press Staff Writer

LONDON, Nov. 29 (CP)—A general weakening of the Spanish non-intervention committee was seen in the announcement today that Sweden is resigning its place on the chairman's sub-committee and that Belgium is likely to follow suit. There is no indication either country is resigning from the main committee of 26 nations.

At the same time it was announced Admiral M. H. an Dulin is resigning as chief of the non-intervention observer corps, his resignation to be effective Dec. 10.

The cumulative result of the announcements is bound to weaken the position of the committee at a time when the whole situation is being reviewed as a result of General Franco's insistence he be given belligerent rights before Italian and German soldiers and armaments are withdrawn from his forces.

It is understood Sweden and Belgium are resigning because no meeting of the chairman's sub-committee has been called for months and practically all decisions have been made by the five big powers. There is no official confirmation of this report but it is regarded as authoritative.

BUCHAREST (CP)—Her death under such circumstances foretold, the crowned beauty of a Croatian village drowned herself in a river, because at a local ball not a single young man asked her to dance.

NEW! 1939 Chrysler
ROYAL AND IMPERIAL

NEW! IN STYLE... BEAUTY... COMFORT... SAFETY... PERFORMANCE AND VALUE!

NEW! ADVANCED AIRFLOW STYLING! Chrysler pioneered modern streamline design in the Airflow... now brings it to new, modern style and beauty... permitting great interior roominess in the most luxurious, most dynamic Chrysler ever to take the road.

NEW! BODY 4" WIDER... MORE SPACE, GREATER COMFORT! Chrysler's already roomy body is now 4" wider at the windshield! Seats are literally as wide as divans. Up to now, roominess has been merely relative... some cars gave a trifle more than others. Here is a car so roomy you feel its spaciousness the moment you enter it!

NEW! HANDY-CONTROL GEARSHIFT! The gearshift lever is now off the floor and on the steering column... convenient to reach and much easier to operate. There is nothing new to learn—the gearshift positions are as they were with the conventional gearshift lever. Simple... safe... classless... quiet... sure! A great modern advancement.

NEW! *DUAL-POWER OVERDRIVE TRANSMISSION! Now the economy of overdrive is available for city driving. Cuts in by 23 to 28 miles per hour. New Kick-Down feature provides instant and automatic return to conventional gear for quick pick-up in passing other cars or when power is needed for hills. A new driving thrill... a big economy feature.

NEW! PLASTIC INSTRUMENT PANEL AND "SAFETY SIGNAL" SPEEDOMETER! Modern chemistry makes possible the gorgeously beautiful instrument panel. Control buttons are recessed for safety. The speedometer signals at night in different colored lights to warn you of dangerous driving speeds.

NEW! MORE LUGGAGE CAPACITY IN HIDDEN RECESSED TRUNK! True streamlines banish the bulging trunk! Body and fenders sweep back in tapering lines of striking modern beauty. Yet the luggage compartment—opened from the rear—has 27% more carrying capacity than ever before!

NEW! POWER... HANDLING BASE... SAFETY... ALL AT A NEW CHRYSLER HIGH! Greatly increased horsepower... coupled with modern economy of the "Dual-Power Overdrive Transmission! Steering and gearshifting of feather-touch ease. Chrysler's famous hydraulic brakes and Safety All-Steel Body. Every great Chrysler engineering feature is yours in the new Chryslers for 1939.

See and drive a great new Chrysler at your nearest Chrysler-Plymouth dealer's. You will find it a thrilling, new experience. Why not take a trial Chrysler-drive today?

*Standard on Custom Imperial. Available on Chrysler Royal and Imperial at slight extra cost.

1939 CHRYSLER ROYAL
100 Horsepower. 119-Inch Wheelbase.

1939 CHRYSLER IMPERIAL
130 Horsepower. 125-Inch Wheelbase.

Also Chrysler's famous CUSTOM IMPERIAL in five and seven passenger sedans and limousines.

ODD SUPERSTITIONS OF BARRIO WOMEN IN PHILIPPINES

Average Woman Adores to Wear Flattering Furs

By DONNA GRACE

One of the speakers at a recent fashion show told the audience she would tell a woman's character by the furs she selected. Well, this speaker may have her gift second sight in this matter but we find, from our observation, the average girl picks her furs according to the occasion, and most of all according to her allowance.

Every girl adores all kinds of furs, and from her infancy when she wore the fuzzy little white coats and bonnets she knows there is nothing quite so flattering to the face and figure as a rich, soft fur. She will wear any and all of the good furs she can afford.

When we can afford to select our furs to suit our personality, we keep in mind the occasion for which it is to be used. For instance, we will not select a delicate chinchilla, mink or ermine for sports wear when the appropriate ones would be Hudson seal, leopard, beaver, or one of the more sturdy pelts.

But the girl who must depend on only one fur coat for all occasions

can be fashionably garbed if she will let her fur coat be a good but inconspicuous one. When it is a mink or one of the finer furs, then a heavy cloth coat or a less expensive fur is a necessity.

The black Persian lamb or caracul are both inconspicuous though elegant furs, and many girls who can well afford the best prefer the Alaska or a good Hudson seal. They are good for all occasions.

Now, to look your best in any fur, you must know the type of makeup to use. The black soft furs with full nap are more flattering when the makeup is not too stressed. The ivory tone is always correct with black, but the lipstick may be brilliant for all furs. Eye makeup is necessary and one can wear the shadow even in daytime makeup.

For mink and brown furs the foundation and powder may be a deeper shade than the ivory. Any of the new warm tones will be flattering. This darker tone will call for one of the blue-red rouges and lipstick.

Gray furs, however, demand a lot of color, no matter what your own natural coloring may be. You must wear a definite makeup with all gray or you will look pale and uninteresting. If you are one of those girls who never wear cheek rouge, then don't wear gray. A warm, dark-toned foundation and powder will always enhance the beauty of gray.

Your perfume should be one of the rather mild floral scents with gray, but all other furs are a perfect background for the heavy, lasting aromas.

Rejuvenation... A Knowledge of Hormones Gained By Experiments

By LOGAN CLENDENING, M.D.

Botanists have followed the lead of the workers on the ductless glands and are doing some remarkable things with plant hormones.

They can speed up the growth and maturation of plants. They can increase the size of the roots of the plants, make the leaves and branches grow. They can take an old tree that is just about dying and by treatment make its roots begin to spread again, its branches to grow—a complete rejuvenation. And they do this with chemicals that apparently are not found, at least with any abundance, in the plant itself.

Plants, in fact, respond very much better to hormone treatment than animals. It was the dream of the endocrinologists of a few years ago that some such results as those obtained on the old tree would be possible for man.

NO REAL SUCCESS

Attempts at rejuvenation with various ductless gland extracts and transplants have been made a plenty, but up to now no real success can be reported. A good many old men have reported that they felt younger after the treatment, and for a while they may have acted younger. But they did not look any younger, nor did their general experience serve to encourage those of us who are rapidly approaching the period of anecdote. Nature seems very determined that nothing is going to stop the process of aging, and the hormones are not removing them from the scene.

Here, perhaps, more success can be reported. There are many people who, though densely masculine, have a fairly feminine physique. They are tall, the skin smooth, the hair silky and the deposits of fat have a feminine distribution. The condition seems to be a combination of pituitary and adrenal hormones affecting the gonads. And much success results from the proper administration of these extracts.

CHEMICAL IN NATURE

Similarly, there are masculine women who probably have too much adrenal cortex tissue, as remarked in a previous article.

The question of sex seems to be quite chemical in nature. The phenomenon of free-martins is interesting in this respect. A cow may give birth to twin calves of opposite sex, each of which is normal. Occasionally the placenta are fused so that the blood streams of the two foetuses intermingle. In such cases the female shows considerable transformation toward the masculine form and remains sterile during life.

I read a report in the London LANCET that Mrs. Deansley and Parkes, of the National Institute for Medical Research, have conducted some experiments, putting transplants of active ovarian tissue under the skin of young male guinea pigs, thereby turning them into semi-females, with enlargement of the mammary glands.

It is strange to think that so much of our personalities is merely the result of chemical tides, flowing back and forth.

Playgrounds... To Train School Children Not to Be Destructive

By GARRY C. MYERS, Ph. D.

You and I have often said that children are more to be desired than grass. We want more places where children may play. We need more playgrounds for children at school and for children at home.

We also need to train our children to use the playground they have. And we need some grass. Beautiful plots of grass and shrubs in front of school buildings and homes are very desirable, and children who learn to keep off these plots at play are learning good character and citizenship. It's too bad college students have so little regard for campus greens.

CHOOSE PLAYGROUND

If, however, it is a choice, as it must be in some instances, between a school playground and a beautiful plot of green, have the playground by all means. But if, as usually is possible, there can be both grass and adequate playground, children who don't learn to be very careful of the grass are learning bad citizenship.

A few homes should have play places in the front rather than grass. Most, however, can have the play space back of the house. Anyway, there are very few town and

city homes with ground plots large enough for children to play running games and ball games freely without trespassing on a neighbor. And when your child and mine trespass on our neighbor, these children are losing in character far more than they gain.

TRAIN CHILDREN

I wish school authorities who have provided ample playground would train children at school in being careful of the grass and shrubs about the school building. I wish parents would do so in respect to their own lawns and the lawns of their neighbors.

One morning recently I was on my way to speak before a state teachers' convention. My host was a school principal. He took me to see his building. As we entered I admired the landscaping. Then he said that children skating on the front sidewalk had destroyed some of it and (apologetically) that they are now forbidden to do so until they can learn to be careful. Then he showed me a skating place in the rear of the building and a spacious playground. "You are right," was my remark.

And I saw some conduct slogans and proverbs on the walls of one classroom. They are coming back. They should. Not all the old is bad nor all the new is best.

ANCHOR FOUND

RICHIBUCTO, N. B. (CP).—A ship's anchor estimated to be at least 150 years old has been found in deep water off Richibucto. It became caught in lobster gear and was towed to shore. The anchor is something of a mystery, as no other part of a ship has been found and there is no record of a wreck in this district.

Joy to China Dealers as One Dish Broken Calls for Another

MANILA, Nov. 29 (CP)—Talk about the Irish, have a look at the superstitions of the barrio housewives of the Philippine Islands as told by Maximo Ramos in the Philippine Magazine.

The housewife never sleeps meat, for meat that has been slapped is sure to get its revenge by giving the eater a stomach-ache.

If upon opening a coconuts she finds the shell only partially covered with meat or the water (milk) too little, she throws it all away—to avoid complete baldness.

If while cooking, she finds sparks on the black bottom pot, she is sure that plenty of fish is coming into her kitchen—or else unwelcome visitors to her home! If the fire roars or the cat paws its face, she had best prepare for unexpected callers are on the way.

To hasten her cooking, she burns chicken toes in the fire, for can't the chicken scratch fast?

The woman of the house does not sing or lie down near the stove, if she did, and were unfortunately widowed, she would get a very old man for her second husband, and if she is still a maiden, she would be forced to wed some hare-lipped old widower.

Though it is a rare occurrence, it sometimes happens that a person in the house has to go out while the household is at table. So that the nourishment in the food will not go out with him—and so that the unmarried young men and women who are eating will not be so accused as to remain unmarried

throughout their lives—the family turns around every food receptacle on the table.

Dealers in china should be glad that the barrio people are superstitious; if they break a dish by accident, they break another dish to "make it a pair," for if this is not done, a member of the family will presently die, to serve as a partner to the broken dish.

"At last I can breathe freely again...relieved from the clutches of CATARRH"

This is quoted from just one of thousands of earnest testimonials praising Mentholum. All over the world millions of men and women are grateful to this fine-proved family remedy. Mentholum is a simple, direct way of treating nasal catarrh. This healing balm is no sooner inserted in the nostrils than the antiseptic vapours begin to penetrate to the farthest nasal passages...relieve congestion...light games...retard gathering of mucus...clear your nose and help keep it clear. Get a 30 cent tube or jar today. Apply it regularly. Mentholum should bring you relief...as it has relieved millions...or your money will be refunded.

Serial Story... ROMANCE INC.

By OREN ARNOLD

CHAPTER 9
Life, thought Sara Sue Davis, is an extremely complicated process.

This morning she was working at Simon Legree's store over her whip. She swept and mopped, took rugs, scrubbed the two bath-tubs in her cottage, washed some blankets and raked in her yard. She hardly spoke a word.

"Stop all that hard work, child," Leopatra Jones ordered her, twice. "Ah makes this 'good-for-nothing' Sallies do ever 'bit of that, ma'am." "I need the exercise, thanks, ma'am."

She went back to her baking, mending, and ironing. The middle-aged Negress maintained a self-appointed guardianship over Sara Sue. She knew the white girl was disturbed.

But Sara Sue had a deal of thinking to do, and thinking comes best sometimes when accompanied by physical action. She had started first to go to Hermann park golf course. Hermann park, a vast and beautiful woodland, began just one block back of her cottage. She could walk to the first tee in 10 minutes. Or she could walk to the park tennis court in even less time. But at either place she was sure to meet someone she knew and so have to be sociable. She wanted to think alone.

By 11 a. m., though, the mood changed, and she wanted someone to talk to. She called her friend, Mrs. Powell, on the phone. "Roxie, come out and let's play a set of tennis, can't you? You can leave the baby here."

Roxie Powell had the cutest two-year-old, nicknamed Bounce. He and his mother arrived in half an hour, but he declined to be left in Cleo's charge. He declined vociferously, and so, Roxie and Sara Sue took him to the tennis courts. He got in the way and was all manner of trouble, and fun. Which was ideal, for it helped Sara Sue regain her good humor, in some measure.

New Under-arm Cream Deodorant safely Stops Perspiration

- Does not rot dresses—does not irritate skin.
 - No waiting to dry. Can be used right after shaving.
 - Instantly stops perspiration for 1 to 3 days. Removes odor from perspiration.
 - A pure white, greaseless, stainless vanishing cream.
 - ARRID has been awarded the Approval Seal of the American Institute of Laundering, for being Harmless to Fabrics.
- TEN MILLION jars of ARRID have been sold. Try a jar today!
- ARRID**
- 39¢ a jar at all stores which sell toilet goods (also in 15¢ and 89¢ jars)

Faults and Foibles... Overdose of Possessiveness Is The Average Woman's Weakness

By CAROLINE CHATFIELD

"Married women are so darn self-righteous," remarked a man the other day, "they can always tell you where their husbands have fallen down, but their fingers right on their husbands' weaknesses, but it never occurs to them that they have had any part in the failures of their marriages. Now why is that?"

Come to think of it, of all the complaining of their husbands and grieving over their matrimonial disappointment seldom, if ever, does one of them admit that she too has a few faults, nor does one of them admit that she's failed to do her utmost to make a success of her marriage.

Almost invariably she says that the first few years were sweet and lovely and then without rhyme or reason the beloved husband showed signs of becoming a run-arounder and a two-timer; or a tippler and a spendthrift; or a dictator and a tightwad, or a non-supporter and a lazy loafer. Frequently she complains that her husband shows her no consideration and affection, that he won't talk to her or take her out. Yet she insists that she's been a model of propriety and fidelity; that she's worked hard, been economical, sweet-natured, responsive, a good housekeeper, mother and cook par excellence.

This, you understand, is the way she talks when her husband still hangs his hat on the hall rack but the minute he picks it up and checks out her tune changes, instantly. The old self-righteous attitude gives way

to humility when the bird is no longer in hand. "I realize I nagged him," "If I had it to do over again I'd be more sympathetic now that I know what it means to support a family." "When I found that letter in his pocket I saw red and didn't use my head."

Of course it's human nature for us to put the blame on the other fellow when we can't get along with him. But there's something else that accounts for a woman's self-righteous attitude toward her husband and her marriage. It's that famous feminine possessiveness. She harbors the delusion that the preacher has handed the husband over to her to have and to hold for all time and she assumes that she has the right to demand this or that of him and to raise a rumpus when she doesn't get it. It's her sense of power in possession that makes her so busy collecting and checking up on what's coming to her that she loses sight of the fact that she too has payments to meet.

Yes, feminine possessiveness lets a woman in for more heartaches than all the rest of her weaknesses, faults and foibles put together. The pitiable part of it is that she was born that way. By the time she has learned, in the bitter school of experience, that she possesses her husband only so far as he permits her to possess him, it's frequently too late. By the time she learns that her influence and her power depend upon her ability to keep him in the same frame of mind toward her which he was at the altar she's lost her position.

Hints for Housewives

By BETSY NEWMAN

TODAY'S MENU

Stuffed Green Peppers
Corn Pudding
Buttered Beets
Pickles
Apple Pie
Cheese
Coffee

You can use up the last bits of chicken in these stuffed peppers.

Stuffed Green Peppers
Remove stem ends and seeds of peppers, cover with water and boil from five to eight minutes. For the stuffing use one and one-half cups boiled rice to three-quarters cup chicken, cut in small pieces or chopped.

Salt and butter rice and add a little onion juice to chicken. Fill peppers two-thirds full and fill them up with well-buttered breadcrumbs. Put in deep baking dish and add one-half cup meat stock or water, if you have no stock. Bake ten minutes covered and 15 minutes uncovered.

The business girl who likes to get her own dinner, the professional woman who finds success when she has a bite to eat in her own home, the mother with a large family to feed—they all want soup. So much can be done with these good soups. Tomato soup, thick and condensed, just as it comes from the can, is a perfect tomato sauce for meat loaf, hamburger and things like that. It is grand to add to pan gravy; and poured over pot roast in the cooking, it brings out the flavor of the meat.

Before we move on to some delectable soup combinations, here are some soup pointers. In emptying the contents of a can of chicken soup, be sure to scoop out the rich chicken fat that clings to the lid and sides of the can. The cream of mushroom soup must be stirred vigorously to smooth it out. Also add milk and water before heating and stir it in continuously. Then heat the same

makes a grand sauce when one-quarter to one-half cup milk or water is added.

Vegetable Chowder
Vegetable chowder, grand for this time of year, is easily made by combining and heating one can of condensed vegetable soup, one can of condensed pea soup and one can of milk. It serves four or five.

Pepper Pot
To make from five to seven portions use one can pepper pot soup, one can tomato soup and one can of milk (always using soup can to measure). Use soups condensed, that is, just as they come from the can.

Creole Manhattan
Creole Manhattan is quite a grand affair, particularly nice for a buffet supper. It requires one can of condensed clam chowder, one can of condensed chicken gumbo soup and one can light cream. Mix the two soups, then add the light cream measured in a soup can. Heat but do not boil.

Tomato Variations
Two variations on the popular tomato soup theme include tomato and vegetable-beef and chicken-tomato. The former calls for one can each of condensed tomato soup and vegetable-beef combined and heated to boiling point. It serves five to seven.

The second soup calls for two cans condensed chicken soup, one can condensed tomato soup, one can light cream or milk and one can of tomato soup in a saucepan and to add two cans of chicken soup. Then add one soup can of light cream or milk and a can of water. Heat and serve. It makes seven to nine portions. This is also a grand buffet support dish.

Soup Provesoaks
One can condensed chicken soup, one can condensed celery soup, one-half soup can of water, one-half

GUESTS ESCAPE FROM BURNING HOTEL

VERMILION, Alta., Nov. 20 (CP)—Guests and staff made their escape without injury early today when fire destroyed the Vermilion hotel in this town 100 miles east of Edmonton.

About 10 persons were in the hotel when the fire broke out. Two made their escape from the second storey by sliding down ropes.

The fire is believed to have started from a short circuit or spontaneous combustion. Damage was estimated at \$15,000.

Rosslund Kiddies May Be Given Certain Streets for Coasting

Proposals of Committee Will Be Taken Up With Parents; Outdoor Rink Is Flooded; Garbage Scheme

ROSSLAND, B.C., Nov. 20—Proposals for coasting for Rosslund children occupied much of the attention of the city council Monday evening. Alderman William Cunningham reported that no provision could be made without closing some street to ordinary traffic. His committee had gone carefully into the matter and suggested the closing of St. Paul street north, down to Fifth avenue; Washington street south from Kootenay to Thompson avenues, and Spokane street north to Third avenue.

The committee was authorized to continue its work and held consultations with parents so that arrangements could be made by which Rosslund children might have in safety their share of the winter sport for which the Golden City is famed.

Alderman Phillip Gallie reported that flooding the outdoor skating rink was started last Saturday. The total cost of installing lights will be around \$55. Colored discs of cardboard will be issued to those paying admission fee.

City Clerk J. A. McLeod was appointed returning officer for the

municipal elections on December 18, and John Newman deputy returning officer. Nominations and elections will be held in the council chamber at the city hall.

Hugo A. Lindquist offered \$55 for lots 7 and 8 block 24, on which he wishes to build a six-room house, to cost \$2500. Mr. Lindquist was granted an option on the usual terms.

Gué Spilker addressed the council, stating he had canvassed the city to see how many householders would be willing to pay him \$30 a month to collect their garbage and ashes twice a month in winter, and more often if necessary in summer. After considerable discussion the council told Mr. Spilker that the city could not compel the people to patronize him, but did not object to his going ahead and building up a business of his own.

The trades-licences bylaw, 1936, received its second and third readings, and was read clause by clause and adopted.

Expenditures for the various committees for the past two weeks were \$4528.97; board of works and health \$362.98; fire, water and light, \$312.

NELSON Social

By MRS. M. J. VIGNEUX

Mr. and Mrs. W. W. Sheffield of Cardston, Alta., announce the engagement of their youngest daughter, Lois Mae, to Thomas Cecil Lambert, youngest son of Mr. and Mrs. A. G. Lambert of Nelson, the wedding to take place at their home on December 21.

In honor of Mrs. R. G. McKeown, Terrace apartments, who leaves December 2 for Toronto, where she will spend Christmas with her daughter, Miss Myrtle McKeown, Mrs. H. R. Maundrell, Sullivan street, entertained Monday evening at three tables of bridge, honors for top score being won by Mrs. W. A. Bennett. Other invited guests were Mrs. Charles F. Hunter, Mrs. James Robertson, Mrs. John Lundie, Mrs. Harry Houston, Mrs. Robert Bell, Mrs. W. H. Jeffs, Mrs. J. Long, Mrs. W. A. Robertson, Mrs. Jack Bell, Mrs. John McPhail, Mrs. F. E. Wheeler, Mrs. J. E. Croll and Miss George McKeown.

Harry Burns, Carbonate street, returned yesterday from a short trip to Grand Forks.

W. G. Norris Loewenthal, M.E., of Vancouver is spending a few days in Nelson and district.

Mrs. Arthur Sheldrup and infant son have left the Kootenay Lake General hospital for their home at Reno Gold mine.

C. H. Buckley, representative of the Railway Express Co., spent Monday in the city.

Robert Kennedy of South Slope visited town yesterday.

Mrs. J. Sudden was in Nelson from Selmo yesterday.

Shoppers in the city yesterday included Mr. and Mrs. W. R. Jarvis and daughter, Mary, of Procter.

Mrs. Jack Annable and baby boy have left the Kootenay Lake General hospital for their home on Beattie avenue.

Mrs. W. R. Grubbe's circle, St. Saviour's church helpers met at the Memorial hall Monday when those present were Mrs. Grubbe, Mrs. Waldo W. Ferguson, Mrs. A. J. Colinson, Mrs. J. Fraser, Mrs. Bruce Sutherland, Mrs. William Taylor and Mrs. Reginald H. Vincent.

Miss Abbie Wall, who spent the past couple of weeks of the month in the city, returned to her home in La France Creek.

Mr. and Mrs. Reid Madison, who have been on their honeymoon trip in the south following their marriage in Vancouver, have arrived and taken up residence in their home at the Relief Arlington mine.

Miss Helen Denison entertained members of the junior C.W.L. at her home on Carbonate street when her guests included Miss Helen Scully, Miss Violet McDougall, Miss Helen Scanlan, Miss Mary Jeanette Leiger, Miss Margaret Scanlan, Miss Ann Muraro, Mrs. V. Davies, Mrs. Lawrence Gausdale, Miss Priscilla Gellinas and Mrs. C. A. Larson.

Mrs. M. Houle, Mill street, and her daughter, Mrs. Eric Paterson of Kaslo, have returned from a few days visit in Spokane.

Yesterday afternoon the Mothers club of St. Saviour's pro-cathedral held a successful tea and

bake sale in the Memorial hall under the convener-ship of Mrs. Frank Phillips, who with Mrs. G. K. Ashby, by received the many visitors. The tea table was presided over by Mrs. W. Wagstaff while Mrs. F. Stringer, assisted by Mrs. J. Lund and Mrs. W. Middleton, were in charge of tea arrangements. A nice showing of fancy and plain aprons was under the supervision of Mrs. R. G. Joy and Mrs. G. A. Fletcher, while Mrs. R. Rooms disposed of fancy work articles. The always popular bake table was in charge of Mrs. E. J. Boyce and Mrs. J. Jasper, Mrs. G. A. King made a capable cashier.

Mrs. Frank Lawrence and infant daughter have left the Kootenay Lake General hospital for their home on Silica street.

David Wade, Stanley street, returned yesterday from a short trip to Grand Forks.

Mrs. Valentine Kostancic of Crescent Valley and her two children visited Nelson Monday.

Mr. and Mrs. Ronald Greyson of Upper Bonington spent Monday shopping in the city.

Mrs. G. K. Ashby has returned from South Slope, where she has been visiting Mr. and Mrs. O. W. Humphrey, and is now a guest at the home of Mr. and Mrs. A. T. Horswill, Silica street.

Mrs. W. K. Blair, Silica street, entertained the members of Mrs. Vincent's circle of St. Saviour's church helpers at her home Monday when those present were Mrs. D. G. Beatty, Mrs. J. Gordon Bennett, Mrs. John Erb, Mrs. Leslie Mawer, Mrs. Harvey Wallace, Mrs. Ernest Brown, Mrs. Vincent Pink, Mrs. Drew Wood and Mrs. W. Leight.

Mrs. Alan Forrester returned to her home on Rosemont Sunday morning after a three-month visit with her son-in-law and daughter, Mr. and Mrs. James MacMahon in Lethbridge, Alta.

Mr. and Mrs. Blewer and family of Balfour visited Nelson Monday.

Visitors in the city yesterday included Mr. and Mrs. Robert Waldie of Robson.

Mr. and Mrs. R. E. Allen, Third street, Fairview, have as their guests their son-in-law and daughter, Mr. and Mrs. G. R. Kelsey, of Prince Rupert, who leave today.

Alfred B. Clark of Ymir visited Nelson yesterday.

Mr. and Mrs. S. M. Manning of the Relief Arlington mine returned to Selmo yesterday after a brief visit in town.

Samuel Ball of Ymir spent yesterday in town.

Shoppers in the city yesterday included Charles Holt of Balfour.

The Cubs Mother's club of No. 1 Pack met at the home of Mrs. R. Todd on Front street when those present were Mrs. S. Wade, Mrs. Joseph Holland, Mrs. C. Leggett, Mrs. J. H. Coventry and Mrs. H. Nelson.

The Junior Afternoon circle of the C.W.L. met at Mrs. D. Tye's home on Stanley street Monday when those present were Mrs. Carl A. Larson, Mrs. R. R. Brown, Mrs. Dodd, Mrs. Douglas Cummins, Mrs. George M. Benwell, Mrs. A. E. Cobus and Miss Helen Scanlan.

Members in attendance were Mrs. S. Hepworth, Mrs. J. Cairns, Mrs. E. Frie, Mrs. M. Jarvis, Mrs. C. Martin and Mrs. W. Waite.

Mrs. J. Gaw returned to Grand Forks Monday after spending a few days in the city, the guest of Mr. and Mrs. T. C. Jerome.

TRAIL SOCIAL

By MRS. H. S. ALLEN

TRAIL, B.C., Nov. 20—Very gratifying indeed were the results of the bazaar and carnival held in the Catholic parish hall Saturday afternoon and evening. From 3 to 5 o'clock the Senior Catholic Women's League, assisted by members of the junior branch, held its annual Christmas sale and tea. Yuletide decorations in red and white decorated the booths and tea tables, the latter also being graced with vases of bronze gold chrysanthemums. Mrs. J. Devito received the guests, and Mrs. W. Baril was in charge of the sale of tickets. Others in charge were: Culinary arrangements, Mrs. S. Hepworth, Mrs. A. Ludvick, Mrs. Bala and Mrs. A. Farnam; sewing, Mrs. F. Lauriente and Mrs. E. Leveque; fish pond, Mrs. T. H. Teahan, Mrs. W. MacDonald, and Miss K. Brown; home-cooking, Mrs. A. J. McDonnell and Mrs. J. Campbell; candy and novelties, Miss M. Loughery, Miss Pat Cameron and Mrs. K. Brant; tea service, Miss J. Butorac, Mrs. I. Muzzin, Mrs. Joseph Shutek, Mrs. John Shutek and Mrs. J. Gagnon. From 5:30 to 10:30 in the evening Mrs. S. Stewart and Mrs. James Devito, assisted by members of the Knights of Columbus, were in charge of the entertainment, which took the form of a carnival. Mrs. V. Kavic won the grand prize, Mrs. A. J. McDonnell, the rug, and Mrs. N. Ruelle, the baby set.

After spending a few days in the city the guest of his son, George

Milne, T. Milne left Monday morning for his home in Moose Jaw.

Miss Charlotte McConnell, who has been the guest of Rev. and Mrs. L. A. Morrart, Pine avenue, for the past few days, left Monday for her home in Vancouver. While in the city Miss McConnell was guest artist at the C. M. & S. Glee party's concert held here last week.

Mrs. R. W. Ferguson and baby son have left the Trail-Tadane hospital for their home on Perdue street.

Mrs. F. L. Boyd of Nelson spent the week-end here, the guest of her brother and sister-in-law, Mr. and Mrs. E. Kinahan, Government Road.

To afford patrons the opportunity of doing their Christmas shopping early, many lovely articles were on display Saturday afternoon when the Senior branch of the Women's Auxiliary to St. Andrew's Anglican church entertained at its annual Christmas bazaar and tea. Seasonal colors of red and green decorated the parish hall, and the tea tables were tastefully ornamented with vases of multi-colored chrysanthemums. Mrs. Glover, president, welcomed the many guests. Those in charge of the arrangements for this very successful affair were: Mrs. H. C. Galdicott, assisted by Mrs. J. Hewlett, Miss Kathleen Wilkinson and Miss Kathleen Glover, tea tables; Mrs. Gibson and Mrs. Charles Beltner, home cooking; Mrs. L. A. Morrart and Mrs. J. W. Douglas, fancy work and plain sewing; Miss Selma Reimann, candy; and Mrs. E. McArthur, Mrs. A. T. Rowe and Mrs. Wagonhall, the culinary arrangements.

A lovely Christmas service took place in St. Francis Xavier church Sunday afternoon at 4 o'clock, when the infant daughter of Mr. and Mrs. James Kinahan received the names Monica Mary. Very Rev. A.

Too Ladylike to Say "Hell" Right

NEW YORK, Nov. 20 (AP)—If James Barton, the bad man of "Tobacco Road," can't have a loud "hell" in the play about a poor southern farm family, he wants none at all.

So charged Anne Dere, former "Ma Lester," who brought a \$25,000 suit in supreme court yesterday saying she was discharged after Barton threatened a sit-down strike on the stage unless she said:

"You're a sinful man, Jeeter Lester, and you're going to H E L L," instead of:

"You're a sinful man, Jeeter Lester, and you're going to hell."

She said that after playing the part at \$100 a week for two years she was entitled to \$25,000 from Barton because the play would last five years longer.

Margaret Wycherly, who opened the play five years ago in the part of Ma Lester, took Miss Dere's place.

Dr. Berry to Appeal Under Lindbergh Law

OLYMPIA, Wash., Nov. 20 (AP)—An appeal to the Washington State Supreme court from the kidnapping of Dr. Kent W. Berry under terms of the state's "Lindbergh Law," was planned today by Attorney C. D. Cunningham, Dr. Berry's counsel.

Dr. Berry and three co-defendants—James Redick, William McAlone and Robert Smith—were convicted Sunday of kidnapping, with life imprisonment recommended. All but Smith also were convicted of first degree assault. Smith was convicted of second degree assault.

The jury found the four men guilty of taking Irving Baker, 37-year-old automobile salesman and former coast guard officer, from his home last Aug. 19 and beating and torturing him in an abandoned quarry.

Dr. Berry blamed the attack on the rape of Mrs. Berry, 27 years old, by Baker. This, Baker denied, both at the time of the kidnapping and during the trial.

ROY ATTACKED

VANCOUVER, Nov. 20 (CP)—Howard Scott, 14-year-old ice cream shop delivery boy, today was recovering from head injuries suffered last night when attacked by two youths and robbed of \$2.

HARDSHIPS OF CHINESE STUDENTS DESCRIBED TO GYROS BY DR. LATHE

Pictures Illustrate an Entertaining Address

Hardships undergone by university students of China, and the onward movement of education and life despite the severe stress of war conditions, were described in word and picture by Dr. Grant Lathe of Ottawa, to Nelson Gyro club members, their wives, and visitors at their luncheon meeting at the Hume hotel Monday night.

The speaker was introduced by Dr. H. H. MacKenzie as a grandson of Mr. and Mrs. David Smith of Nelson, the nephew of Dr. and Mrs. F. H. Auld, and born in Grand Forks. He had extensively toured the far east with the Federation of Canadian University Students delegations.

Prior to the address, engaging vocal solos were given by Mrs. D. D. Townsend, accompanied by Mrs. G. A. C. Walley. The songs were "One Morn as I Rambled," an old English folk song, and "The Trouth" by Schubert.

In the unorganized state of China, students faced great difficulties. Dr. Lathe said. He reported over two-thirds Canton universities in ruins, damages totalling some \$25,000,000. Undaunted, students "moved" their universities. For weeks they marched to build new schools with their own hands, 2000 miles away.

They dug into clay cliffs and Dr. Lathe's pictures showed their cave dormitories, the student groups in many forms of activity. They participated in full in ordinary tasks. With 15,000,000 refugees fleeing to western and central China, health measures were necessary and the students set up service units by the score where hot water and rice could be obtained.

Tacked on the walls of these units were newspapers from the south which were used as a basis for educational work.

HEROIC WORKERS

Woolen machines were set up and gauze for bandages made. Where before even paper bandages were used, and often turned over, and first aid was limited, now hundreds of students and teen-aged youths performed feats of heroism in Red Cross work. Workers trained for only four or five days in medical methods were turned out.

But always educational work was kept to the fore. The students promised not to go into the army, and served in these educational ways. Literally thousands were thrown out among the illiterates.

Impressing to Dr. Lathe was the intelligence displayed by children. Throughout China they expressed themselves through dramatics and singing to the people in another educational move. The speaker said it made him feel that movements for white children were backward in comparison.

Refugee children, they had been transformed, to see themselves in a new light, were given a wing in the parliament house, also built into the cliffs, and studied and wrote plays, then presented them on the streets.

Dr. Lathe went on to

AN ORE MILL FOR OTTAWA

It is nice to know that the Dominion department of mines is adding "an important extension to its ore dressing and metallurgical laboratories" at Ottawa, in the form of a fine big milling plant.

Many suggestions have been made from this district, which has more varied mining and more numerous operations than any other section of western Canada, that the Dominion provide some small laboratory facilities in eastern British Columbia, but they have always fallen on deaf ears.

Similarly it is nice to know that the province has provided custom mining facilities for certain areas.

In a recent year the estimates submitted by the government and voted by the house provided a sum for a facility of this character at or near Nelson, for the benefit of all the mining camps in the Kootenays and Boundary. That mill never attained visibility.

While we may not have such things, it is nice to read about them, and to know, for instance, that at Ottawa, where investigations on the treatment of gold ores and other metals are carried out, a new building, of brick, concrete and steel construction, three stories high and a basement, 60 feet by 100 feet ground plan, is now ready for use. It adjoins the existing buildings, and is located close to the railway siding so that ore shipments can be conveniently transferred. With this extension to its laboratories, it is announced, the department now has unexcelled facilities for test work on ores.

One quarter of the new space is allotted to a crushing and sampling plant with a capacity of four tons per hour to provide a long-desired service to mine operators who require an accurate appraisal of the value of representative shipments from their ore bodies. In the remaining space are apparatus for grinding, classification, gravity and flotation concentration, and magnetic concentration, along with the machinery necessary for the cyanidation of ores, the equipment being so placed that the combination and hook-ups are readily adaptable with a minimum expenditure of time and effort.

Most of the research and investigative work is on gold ores, and owing to the steady increase in this work unavoidable delays had occurred, more especially on occasions when a number of complex ores were being studied. The new building and equipment are designed to remedy this.

A complete cyanidation unit is provided for the test work on the extraction of gold from its ores. This "pilot plant," consisting of a ball mill, classifier, thickeners, agitator tanks, filters, and a precipitation unit, is capable of milling up to two tons in 24 hours. It will thus be possible to gain data which will correspond very closely with the results that would be obtained from milling practice on a much larger scale. Should amalgamation appear to be the proper method for extracting the gold, an amalgamation unit consisting of ball mill, gold jig or traps, corduroy blankets, and clean-up barrel can be readily assembled. For work on the treatment of base-metal ores, a large continuous flotation unit of 80 cells, to handle 10 tons of feed per 24 hours, is provided, along with the necessary accessory equipment.

All this is very nice, and it is clear that the department has added commendably to its facilities for making milling tests of tonnage shipments—which may be of use to British Columbians able to send tonnage more than halfway across the continent.

In the meantime, while giving credit to the bounties on base metals in formative years, and to current road and trail moneys, there may be some consolation for these mining districts in the reflection that they have accomplished their chief development with a minimum of expert help from the governments that tax them.

Contract Bridge

Shepard Barclay Tells How to Bid and Play

WATCH THE LIGHTS

JUST AS A good automobile chauffeur watches the lights in order to govern his driving safely, so must a declarer heed the indications given him by the defenders. A double can tell him that certain suits are bound to fail and that he will have to build other means of making his contract.

North began the bidding on this deal with 1-Spades, South bid 2-Hearts, North 2-Spades, South 4-Hearts, North 5-Hearts, South 6-Diamonds and North 7-Hearts, which East doubled.

In response to the double, West led the spade 6, which declarer won with dummy's A. He then ruffed a spade in an endeavor to set up the fifth card of that suit to provide a spot for his losing club. A trump was then led to the Q and another spade ruffed. When it developed that East held as many spades as dummy, declarer had to resort to other tactics to make his contract, so he decided to try for a squeeze. He led out all of his hearts and the diamond A, and forced East to unguard his club stopper in his endeavor to protect the spade suit. Then when clubs were led, East had to toss his spades, so that declarer was able to take thirteen tricks.

Questions? ANSWERS

This column of questions and answers is open to any reader of the Nelson Daily News. In no case will the name of the person asking the question be published.

Paddy, Kaslo—Could you please give me the time and height of the high and low tides of Vancouver, B. C. coastal waters, since August 1, 1937?
Highest tide since November 1 was on Tuesday, Nov. 22, 6:57 a.m., 13 feet above sea level. Lowest tide, Friday, Nov. 11, at 1:47 a.m., 1 foot above sea level.

Two Bees, Nelson—In mixing concrete, salt is allowed at the end of the concrete. The effects of frost is this based on the principle of using salt for thawing, or is it used to hasten the setting of the mix?
Calcium chloride is used in mixing concrete to speed hardening and prevent freezing by increasing the heat, due to chemical action.

N. B. Chapman Camp—Could you give me some information as to the amount due on surrendered motor car licence plates? What is the rebate on \$25 licence plates surrendered at the end of September?
Under the Motor Vehicle act, one-third rebate is allowed at the end of October and one-quarter at the end of November. In your case you would receive \$8.33.

E. F. D., South Slocah—I suspect there is arsenic in the water at our mine. Please give me the easy test. Please give temperature at which water boils at 7000 and 8000 feet altitude.
There isn't any simple test for arsenic in water. Suggest you send sample to a public analyst, E. W. Widdowson, Nelson, B. C. Water boils at 202 degrees Fahrenheit at 7000 feet, and 189 degrees at 8000 feet altitude.

J. A. B., Trail—What country has the largest electric power plant in the world?
Dniepropetrovsk on the Volga river in Russia.

Few would want the task that now faces Mr. Justice Davis, or the responsibility that is his. Confronted by 4000 pages of evidence and 387 exhibits—and the argument of counsel still to come—he has to decide whether the Bren gun contract was a wise and provident contract for the Dominion government to make; if not, where the blame should rest. In the knowledge that the case will be the subject of prolonged and probably acrimonious discussion in parliament he must make a report that will stand up under fire, that will present the facts and the indisputable conclusions to be drawn therefrom.—Ottawa Journal.

near Athl. — Representatives of Spain and United States have signed a peace treaty at Washington. Frank L. Byron of Silverton is visiting in the city.—F. W. Peters, district freight agent of the C. P. R., has returned to Nelson following a business trip to the east. C. A. Sawyer, Brooklyn, and Mrs. Conroy, Spokane, were married in Nelson yesterday.—A very severe winter is predicted by Nelson weather prophets this year.

The Ghost at Canby's Tavern

By W. BOYCE MORGAN

Speechless, the three boys clutched each other and stared.

"I guess we don't have to pretend to be scared," he told himself with grim humor.
Suddenly Paul straightened tensely. "What was that?" he whispered. "It sounded like—like something moving downstairs."
Bill tried to laugh, but the sound stuck in his throat.
"It was probably just a rat," he said nervously. "The place must be full of them."
He moved sideways a step, and searched carefully for the cord which he and Marty had concealed the night before. The cord ran over the window sill and down the side of the house. There, by a clever arrangement, it was attached to the triggers of their rifles, which were loaded with blank cartridges. One pull on the cord, and two shots would ring out, almost on top of each other. Then he and Marty would yell that they saw the ghost and get out of there as fast as possible. Bill would hear the shot, and would undoubtedly believe that he, too, had actually seen the ghostly figure of Priscilla, running out of the tavern and falling to the ground, mortally wounded.
Bill fidgeted, his fingers on the cord. It was almost light enough now, and he was anxious to get this thing over with. The place was getting on his nerves.
"It's almost time," he said. "See how light it's getting? Just imagine that, out there between those trees, two men are standing back to back, holding their pistols. They get the signal, and start to walk away."
Marty and Paul crouched at the

The Kitchenette

By AUNT PEGGY

Don't tuss with Mother if your school lunch sandwiches are not different every day. She probably has worries you never even thought of, and all you have to do is follow the Kitchenette to get new and different suggestions for all sorts of recipes.

DATE-NUT SANDWICH FILLING

Remove stones from one package of dates, add one cup pecan meats and put through a food chopper. If you have not a food chopper, just cut them criss-cross with a sharp knife on a chopping board. To this mixture add a dash of salt and 1/2 cup mayonnaise, mixing with a fork until it reaches a spreading consistency. Spread on thin slices of whole wheat bread.

Posers

They say that fools can ask questions which wise men cannot answer. That makes us rather reluctant to ask you some more posers—but we'll hope you are wise enough to answer all these.

- 1. A sixpence is a coin of what country?
- 2. What group of islands lies north of Scotland?
- 3. In what year did the Pilgrims land in America?
- 4. What is the outer layer of the skin called?
- 5. What kind of coal is mined in eastern Pennsylvania?
- 6. Who was the Biblical character who was turned into a pillar of salt?
- 7. What is the difference between a rectangle and a square?
- 8. What name was applied to the ships used by the Spaniards in the fifteenth century?

VERY CAREFUL

Doctor: "Have you taken every precaution to prevent spread of contagion in the family?"
Rastus: "Absolutely, doctah, we've even bought a sanitary cup and we all done drink from it."

AND THAT'S THAT

Teacher: "Have you read the outline for today?"
Johnny: "No."
Teacher: "Have you read the topics?"
Johnny: "No."
Teacher: "What have you read?"
Johnny: "I have red hair."

TOD MUCH

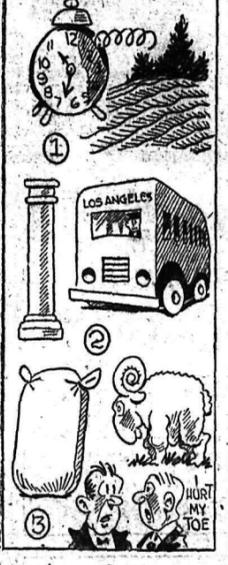

Pat: "How much do you charge for a funeral notice in your paper?"
Editor: "Fifty cents an inch."
Pat: "Good heavens, the poor brother was six feet high."

Ogonelle: "Have you ever met the only man you could ever be happy with?"
Sally: "Oh, yes, lots of them."

PUZZLE CORNER

In this picture are concealed the capital cities of three states. These should be easy for all you geography students.

Three State Capitals

We take the word "Capital" now, and make a word diamond out of it. The second line means to strike lightly, the third is a candle, the fifth is unimportant or trivial, and the sixth is a beam of light. Can you form the diamond?

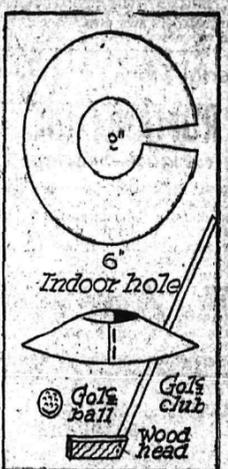

C
A
P
I
T
A
L

Take a five-letter word for tossed, Add A, rearrange the letters, and form a garland.
Take a four-letter word for a lump of earth, add S, rearrange the letters, and form to reprimand or nag.

The missing words in the sentences below are spelled differently but pronounced alike. What are they?

Cardboard Holes Will Enable You to Enjoy Golf in Bad Weather

By making "holes" from a circular disk of cardboard, you can play indoor golf in bad weather. The "holes" are easily made by cutting a six-inch disk of cardboard, then cutting a two-inch disk out of the center, as shown in the sketch. By fastening this circular ring together with paper fasteners or pins, you have an inverted saucer-shaped at-

fair, which may be placed on the floor so a golf ball may be knocked into the centre hole. Use soft rubber balls, or regular golf balls. For a club, if your father doesn't have an old putter, make one from wood, using a long stick for a handle and a block for a head, as shown.

You can place the "hole" in the centre of a room and try knocking the ball into it, or you may arrange nine numbered holes in various parts of two adjoining rooms and knock the ball from hole to hole as in regular golf.
The player knocking his ball into the holes with the least number of strokes wins the game.

MONEY MAKERS

By IRMA HEGEL

CANDID CAMERA GIRL
Jean's hobby is photography. But films, tripods, filters and special lenses cost money. And Jean's allowance never covered her expenses.

When the candid camera craze swept the country, Jean found she could take candid shots along with the best of them. One day she caught an appealing snap of the 3-year-old who lived next door to her. His mother said it was a better picture

of the boy than any photographer has ever made.
From that day on, Jean specialized in candid camera shots of children. There were a good many youngsters in the neighborhood and Jean found parents willing to pay her the small price of 25 cents for a good picture.

Jean has this advantage over a professional photographer—she can take children as they are, in their sandboxes, in their tubs, in active play. And the snapshots can always be enlarged to presentable size.
How to get business? Jean makes a personal call. Her pleasing manner, her liking for children, and her excellent samples of work already done, do the rest.

"I'm going to be Hollywood's best camerawoman," Jean says. "That is—some day. In the meantime, I'm getting fine preparatory training right here."

EASILY FOUND

"Here, sonny, run along and put this parcel on a bus."
"What bus?"
"Any one you like. It's my husband's lunch, and as he works in the lost property office, he's sure to get it."

Young Girl (watching pole vault): "Think how much higher he could go, if he didn't have to carry that stick."

Gifts to "Iron Lung" Fund Are Well Over Top

Well past the \$750 objective, the "iron lung" fund reached \$780 Monday as additional contributions were received by J. E. Molanien, treasurer for the West Kootenay Infantile Paralysis committee.

Should contributions continue, officers of the committee said, it might be possible to obtain an infant size "iron lung" as well as the larger one for which the fund was launched. Such "lungs" have been invaluable in large hospitals in saving the lives of newborn babies, particularly where respiratory trouble was encountered.

Serial Story ROMANCE INC.

(Continued From Page Four)

already getting in the bathtub at 11 o'clock, Roxie, the door bell rang and there in the rain stood—Oh! I forgot. It is strictly confidential. He said so. And it should be, of course. Forgive me, Rox."

"Surely. But I'll admit my curiosity is popping."

"Nothing happened, honey. Really. It was just a funny coincidence. I can tell you a little, without mentioning names. This man, this customer—you'd never guess who it was—was so earnestly in love that it hurt. He wants my closest guidance. He—"

"What, three lovers? Why, Sara Sue!" Roxie laughed, beaming.

"Not in love with me! With somebody else. That's the funny part—I just hate the girl he thinks he loves and I've got to help him make love to her!"

"I'd give a year's growth and wear freckles, to know who it is," said Roxie.

"I won't tell. I didn't mean I actually hate her. I don't believe in hating anybody. But I've got some sense, I hope, and I've met this girl once and I know a lot about her already, and one of the boys who is courting me used to be in love with her and she is still in love with him, and—oh, it's the most complicated thing!"

Roxie sighed elaborately. "I should say it is Goodness! But aren't you just thrilled with it all? I mean, isn't it all fun? Goodness, Sara, at least you don't have to wash baby bottles and change diapers and worry about croup! Croup is the most unromantic disease, Sara Sue!"

They laughed together gaily. Even young Bounce, sitting high on a kitchen stool and pillows in lieu of a high chair, contributed some laughter, spraying the girls and the table with most unromantic party-chewed food.

"What will you do, though, honey? You've got to be fair to everybody. Yourself included."

"I am not in love with any of them," Sara Sue declared. "I wish they weren't in love with me, or didn't imagine they were. There's two—you won't tell, Rox?—and both are dears. Bob Towne is positively—"

"The football hero?" Roxie jabbed a spoon at her.

"Yes. And the cutest freshman, but he's so—"

"If it's that Bob Towne," Roxie interrupted, "then the other girl is Peaches Pomeroy, my darling! So there! Don't forget I went to Rice, and keep up with all the gossip."

"That deduction is too correct, evoked more talk. More heart talk between good friends. Roxie promised to keep it confidential, and Sara Sue Davis was not shallow, nor dishonest in any selfish way.

When Roxie had to go home, Sara Sue was a different person, though. She had gotten away from the crowd for a while, and been intimate with a trustworthy friend. She had talked. She had regained strength and poise from that friend. (To Be Continued)

Vesper Service at St. Andrew's Church, Rossland

ROSSLAND, B.C., Nov. 29—A vesper service featuring the voice of Mrs. K. T. Wood, violin selections of Ronald Sheehy of Trail, and organ selections of Harold Mellor-Langdale of Rossland, was held in St. Andrew's United church here Sunday night.

Conducted by Rev. T. W. Reed, pastor the service included solo numbers by Mrs. Wood entitled "Rejoice Greatly" and "How Beautiful are the Feet" by Handel; violin selections by Mr. Sheehy entitled "Slumber Song," Weitzel and "Serenade," Drigo; organ selections by Mr. Mellor-Langdale, "Suite Gothique," Boellmann and "Ottavio in D Minor," Dubois.

Peace River Favors Monkman Pass Route

DAWSON CREEK, B.C., Nov. 29 (CP)—A statement issued here on behalf of the Monkman Pass Highway association said 80 per cent of the people in the Peace River block support the Monkman pass route to the coast.

This percentage, it was stated, "is considered a conservative estimate."

The statement was made in reply to remarks in the British Columbia legislature attributed to Glen E. Braden, member for the Peace River constituency. Mr. Braden was quoted as favoring the Peace Pass route, though paying tribute to the pioneer spirit of the workers on the Monkman route.

New CHEVROLET 1939

NEW STEERING COLUMN GEAR SHIFT with "Vacuum Assist"

Simple, positive, mechanical hook-up. The gear shift lever is conveniently located on the steering column... you just guide it with your fingertips, and a "vacuum assist" device supplies 80% of the shifting effort! Gives a neater, roomier front compartment, due to the elimination of the conventional gear lever. Available on all models at nominal extra cost.

NEW "OBSERVATION CAR" VISIBILITY

Now you can really "see" where you're going... because Chevrolet's wide windshields—large squared windows—large larger, more legible speedometer figures—give supreme visibility outside and in! Safety glass all round.

NEW AERO-STREAM STYLING BODIES BY FISHER

Here's the smartest expression of the newest style trend... with an entirely new appearance of greater length, lowness, luxury. Beautiful radiator grille, with lowered front fenders and larger, longer headlamps. The interiors have still greater roominess— even more quality. Improved No-Drain Ventilation.

PERFECTED (QUADRO-ACTION) HYDRAULIC BRAKES

"Tips" for swift, smooth, controlled stops. Perfected Quadro-Action design means maximum efficiency with minimum pedal pressure; longer brake life. Double projection is added by the Brake Lever, which operates on both rear wheel brake shoes.

ADVANCED KNEE-ACTION RIDING SYSTEM

(On Master 85 Models)

Built and assembled as a complete unit... triple-tested, and locked in permanent, trouble-free alignment. System includes Frictionless Coil Springs... parallel-cylinder type Double-Acting Shock Absorbers... Ride Stabilizer... and Improved Shockproof Dual Cross Steering.

SMOOTH NEW "PULMAN RIDE"

(On Master 85 Models)

Long, semi-elliptic, tapered leaf springs both front and rear—with "balanced action" for a smooth, gliding ride on all roads. Double Acting Shock Absorbers, front and rear... new Ride Stabilizer... Metal Springs... Covers all around... new-type Road Shock Eliminator.

FAMOUS VALVE-IN-HEAD SIX

On land, on sea, in the air—and for low-cost motoring—the Valve-in-Head Engine excels. Only Chevrolet brings you a Valve-in-Head Engine at such low prices... for greater power, greater all-round performance—lowest cost for gas, oil and upkeep—with unequalled dependability and long life.

Again More Quality

AT SUBSTANTIALLY REDUCED PRICES

Come in today. See this marvelous new Chevrolet for 1939... The highest quality motor car ever offered in the entire history of low-cost motoring... with all these sensational new features making it the outstanding car for all-round satisfaction as well as the biggest buy in motordom. SEE IT—DRIVE IT—TODAY! BUY A CHEVROLET AND BE SATISFIED.

EASIER THAN EVER TO BUY! At new reduced delivered prices... and with low monthly payments on the General Motors Instalment Plan.

Public Utilities Bill Passes Without Division; Row Over Land Act, "Company Towns" Feared

VICTORIA, Nov. 29 (CP)—The public utilities bill, government-sponsored and expected as the major piece of legislation for the current legislative session, awaits third reading.

The bill, which would set up a three-man commission with broad powers over public utilities operating in British Columbia, received second reading in the House yesterday after opposition, conservative and cooperative commonwealth federation members had questioned validity of various clauses and the measure's ultimate necessity.

There was a division on an amendment to the land act, under which the government would relinquish its claim to 25 per cent of all revenues from sales of townships.

Dividing on straight party lines the House gave the measure second reading 28 to 14.

Reforestation received considerable attention at the night sitting when estimates for the lands department came up.

Replying to criticism the government had not embarked on a broad reforestation policy, Premier Pattullo replied it would take the entire revenue of the province to reforest on a scale mentioned by some members.

Frank Putnam, (lib.-Nelson-Creston), suggested that where timber was not cut on agricultural lands it should be left for the potential settler who could get a little cash out of it.

FOR JUDICIAL BODY

The utilities bill, by which the commission would regulate transportation, communication and light, gas and power plants in the province, passed without division.

R. L. Matland, K. C. opposition leader, thought the regulatory board should be a judicial body free from government interference.

Harold Winch, (CCF-Vancouver-East), commended the bill's principle and hoped there would be protection for municipalities who desired to take over public utilities.

Replying the Premier said: "You can get nothing away from politics, which is the science of government. The government would not dream of giving whole authority to a commission without a check. What harm can come to the board having its decisions coming before the lieutenant-governor-in-council for approval?"

The Land Act amendment drew from both sides of the House.

Under the existing act of 1896, speculators desiring to establish a township must pay to the government 25 per cent of revenues of the area.

Mr. Pattullo explained the old act had been unsatisfactory and

that under the amendment while the government relinquished its claim to the one quarter revenues it was relieved of responsibility of providing sewerage, water and streets.

H. G. T. Perry, liberal Fort George, thought the argument might be sound as applied to the city of Trail, but he recalled the government took its one quarter from Prince Rupert and Prince George.

HOUSING IN TRAIL

R. B. Burns, liberal Rosland-Trail, said housing problem in his city was bad. The Consolidated Smelting company had bought land and started to build 150 houses, selling them on easy payments to its workers. The plot was not located in Trail city but adjacent.

The bill would set a precedent which the lieutenant-governor-in-council would find hard to ignore, said Harold Winch, Trail, Kimberley and Bralorne were present instances and there would be more.

Attorney General Gordon Wismer asserted rights of the people were amply safeguarded. It was not a question of company towns but of townships in certain instances being checked by the lieutenant-governor-in-council.

ALBERTA JUDGE FAVORS BAUMES LAW

CALGARY, Nov. 29 (CP)—United States "Baumes Law" under which fourth offenders are sent to prison for life, has the approval of Mr. Justice A. F. Ewing of the Alberta supreme court.

"I think it is a good law," said Mr. Justice Ewing. "There is a world of difference between a first and second criminal offence and as for the difference between a second and third offence, well—his lordship said."

Victoria Hasn't Admitted Liable Fraser's Landing

Repairs to the wharf at Fraser's Landing is at present the subject of a controversy between the federal and provincial departments of public works. The discussion is the result of communications by H. Hudson, secretary of the Balfour Farmers' institute.

The federal government takes the stand that the landing is used almost entirely for the accommodation of the ferry operated under the jurisdiction of the provincial government, but the provincial government has not yet acknowledged its responsibility.

Foreign Insurance Companies Hit By Damage Claims, German Riots

BERLIN, Nov. 29 (AP)—German insurance companies presented claims today to foreign underwriters for damages done Jewish property during the anti-Semitic violence on Nov. 10.

Thus the question of who is to pay for the burned synagogues, smashed windows and looted stores became international.

Jews themselves have been ordered

to repair the damages but the government has seized all insurance claims, to be applied to a \$400,000,000 punitive levy on Jews for the slaying of the diplomat Ernst von Rath by a Jewish boy in Paris, and is forcing insurance companies to pay. Nearly all large German insurance companies carry foreign re-insurance and therefore presented claims to British and other foreign companies which had this re-insurance.

Lay Seven Conspiracy Charges Against Tobacco Companies, Alberta

EDMONTON, Nov. 29 (CP)—Seven charges of conspiracy alleging existence of a combine have been laid against 34 tobacco companies and distributing companies it was announced today by George B. Henwood, K. C., deputy attorney-general.

The charges were laid as result of the findings of F. A. McGregor, Ottawa, commissioner under the Combines Investigation act, who reported last Sept. 21 that a combine existed in the tobacco trade. Mr. McGregor's report resulted from his investigations in Vancouver and Edmonton earlier in the year.

Arrangement of the companies is not expected until some time in January.

The seven charges in the seven complaints against some or all of the companies are:

1. Did unlawfully conspire to affect the public market price of goods and merchandise (tobacco and tobacco products).

2. Did unlawfully conspire to injure other persons and individuals being engaged in the manufacture, production, sale and distribution of tobacco and various tobacco products.

3. Did unlawfully conspire to unduly limit the facilities for transporting, producing, manufacturing, supplying, storing or dealing in articles or commodities which may be a subject of trade or commerce.

4. Did unlawfully conspire to restrain or injure trade or commerce in relation to articles or commodities which may be a subject of trade or commerce.

5. Did unlawfully conspire to unduly prevent, limit or lessen the manufacture or production of articles or commodities which may be a subject of trade or commerce.

6. Did unlawfully conspire to unreasonably enhance the price of articles or commodities which may be a subject of trade or commerce.

7. Did unlawfully conspire to prevent or lessen competition in the production, manufacture, purchase, barter, sale, transportation or supply of articles or commodities which may be a subject of trade or commerce.

The companies charged on one or more of the informations are: Imperial Tobacco Company of Canada, Ltd.; Imperial Tobacco Sales Company of Canada, Ltd.; B. Houde Co., Ltd.; Tuckett Tobacco Co., Ltd.; Tuckett, Ltd.; L. O. Grothe, Ltd.; Andrew Wilson & Co., Ltd.; Punch Cigar Co., Ltd.; General Cigar Co., Ltd.; National Tobacco Co., Ltd.; Liggett & Myers Tobacco Company of Canada, Ltd.; W. C. MacDonald Inc.; Benson & Hedges (Canada) Ltd.; Rock City Tobacco Co., Ltd.; W. L. MacKenzie & Co., Ltd.; C. W. Boon & Co., Ltd.; Campbell, Wilson & Co., Ltd.; H. H. Cooper, Ltd.; Edmonton Wholesale Tobacconists, Ltd.; MacDonaldis Consolidated, Ltd.; Newhouse Wholesale, Ltd.; Scott Fruit Co., Ltd.; Smokers' Supplies, Ltd.; C. C. Trusdale, Ltd.; Western Grocers, Ltd.; Dominion Fruit Ltd.; St. Paul Wholesale Ltd.; Central Wholesale Ltd.; Conway Ltd.; Louis Perrie, Ltd.; Wallace & Peacock, Ltd.; National Fruit Co., Ltd.; Consolidated Fruit Co., Ltd.; and Alberta National Drug Co., Ltd.

Bracken Is for Tariff Council

By CARL REINKE
Canadian Press Staff Writer

OTTAWA, Nov. 29 (CP)—A tariff advisory council, representative of all regions in the country, was proposed today by Premier John Bracken of Manitoba to deal continuously with the economic implications of the Canadian tariff, its effect on the national welfare and on the basic economics of the various parts of Canada.

The present tariff structure was too much the result of the "hurry-burly of politics," Premier Bracken told the Royal Commission on Dominion-Provincial relations.

PROVINCES' PLACE IN NATIONAL UNITY

CALGARY, Nov. 29 (CP)—A great nation cannot be developed upon a foundation of hatred, internal strife and discord, J. A. MacKinnon member of parliament for Edmonton West, told a meeting of the liberal women's club here tonight.

He said attempts to make any one province antagonistic to the rest of Canada would result in "liberals everywhere taking up the challenge."

B.C. Relief Rolls Show Increase

VICTORIA, Nov. 29 (CP)—British Columbia relief rolls in October showed an increase of 23 per cent over last year, provincial figures indicated today, with 54,793 persons being given aid compared with 44,594 in the same month last year.

The total included 12,042 heads of families, 32,513 dependents and 10,238 single persons. Out of these 8272 persons were classed as unemployables, the rest as employables.

ALTERATIONS AND MODERNIZATION COMPLETED AT THE OCCIDENTAL

Remodelled and modernized, the Occidental Hotel, Vernon street, is another marked improvement to the east end of Vernon street. Harry Wassick, proprietor, has assisted in bringing this section of the city to the front with an extensive improvement campaign which has made the Occidental a smart and attractive building.

Successively through the summer and fall concrete foundation has been installed, a great part of the interior redecorated, the exterior modernized, a new ladies' beer parlor provided and a new heating plant installed.

Employing a modified English tavern style, W. F. Williams, architect, has used green shutters, a gable and a slight overhang of the upper storey to obtain a pleasing and distinctive design. Glass and marble chip stucco has been used. Moldings at the entrances and the name, "Occidental Hotel", are also in stucco.

Coast Weller Is Well on Way in Seattle Contest

SEATTLE, Nov. 20 (CP)—Gordon Woodhouse, flashy welterweight from Vancouver, B. C., pounded his way through two elimination rounds tonight in Seattle's Golden-Gloves tournament. Advancing with Woodhouse, British Columbia champion at the 135-pound weight, were five other Canadians in three other divisions.

Lone Victorian to see action tonight's card, Mel Stephens, dropped a decision to Vern Earling of the Potlatch club of Portland. Woodhouse won both victories tonight by knockouts. In his first appearance of the evening he floored Leo Mattiello of Black Diamond Athletic club in the opening round for the third round, then came back in the third round elimination to knock out Ernie Wilcox of Centralia, Wash., also in the first round. Freddy Blins of North Vancouver decided Alex Dixon of the Potlatch club in the 135-pound class, Bob Hickle, another North Vancouver entry, decided Joe Coffey of Toppenish, Wash.; Norman Dawson, Vancouver, B. C., decided Dick Lott of Grand Coulee; Ken Lindsay knocked out Ernie Wilcox of Longview in the second round, and Bud Walsh, Western Sports Centre, decided Toby Crook, of Grandview Athletic club in an all-Vancouver mixup.

Dynamiters Will Play at Coleman

Kimberley Dynamiters will have another warm-up game before entering Kootenay Hockey league battles. They will appear in an exhibition tilt with Coleman Canadians, Friday in the Kootenay league of 1937-38, Saturday. This will be the Canadians' first match of the season, while the Dynamiters have played two, one at New Westminster and one at Spokane, and won both.

HART BRINGS UP MINOR LEAGUER

MONTREAL, Nov. 20 (CP)—Cecil Hart, manager of Montreal Canadiens, announced tonight Don Willson will be brought from New Haven for the National Hockey league fixture here Thursday night against Boston Bruins.

Command Basketball Game Gains Support

EDMONTON, Nov. 20 (CP)—A move to have a basketball game between Edmonton Grads and an opposing team still to be named made into a command performance during the visit of King George and Queen Elizabeth here next year, the Edmonton city council, tonight, approved a Chicago all-star team, coached by Harry Wilson, which gave Grads a close run in a challenge series last spring for the Underwood Women's International Basketball trophy, has been mentioned as the most likely opponents.

N. H. L. Insurance Goes Into Effect

TORONTO, Nov. 20 (CP)—The National league's blanket life-insurance policy of hockey players goes into effect tonight despite the fact no fatalities has occurred among big-league players from injuries in N. H. L. history. Unofficial records show that of 11 hockey fatalities in Canada and the United States since 1900, only one occurred in a game between professional teams: Eddie Baker died at Niagara Falls, Ont., in 1925 after a game in the old Canadian league between Buffalo and Niagara Falls. He suffered head injuries in a fall on the ice.

1000 GUINEAS TO EMPIRE GAMES GUARANTEE FUND

CARDIFF, Nov. 20 (CP)—Lord Glanely has offered 1000 guineas towards the £10,000 guarantee fund suggested as being necessary for Wales to stage the 1946 Empire Games.

Suggestion the Games should be held in Wales was made by Sir Robert Webber, managing director of the Western Mail. He suggested Cardiff might be the most suitable centre if the Games come to the principality.

Lord Aberdare, chairman of the National Fitness council, has promised his cooperation in the effort to bring the Games to Wales. He said there was ample time to get the necessary guarantee fund as the venue for the 1946 Games would not be decided until 1942.

Scots Soccer Team to Canada

GLASGOW, Nov. 20 (CP Cable)—The selection committee of the Scottish Football association has recommended that a representative team tour Canada and the United States next year. It is expected the visit will coincide with the dates set for the tour of the King and Queen.

The association council will deal with the committee's recommendation at a meeting to be held Dec. 19 and ratification of the proposal is said to be likely. Definite decision regarding dates has not been made but it is probable the party will leave May 10 and be away two months.

HITTIN' PINS

Joe Hunden of the losers rolled up the high individual score of 185, while F. Defoe garnered the high aggregate of 305, when Johnny Aurelio's bowlers downed Nick Cassios' squad, 1945-1920, at the Legion alleys Monday night, in Christmas tourney competition.

Teams and scorers were:

Rookies Take Red Sox Into Camp 15-2

F.A.C. Rookies ended the winning ways of Gelineas Red Sox with a 15-2 victory in senior league play here Monday night. The Fairviewites led by Phyllis Wallace, gained a 7-0 lead in the first half and stretched it easily in the final.

Teams and scorers were: Rookies — Eva Henriksen 2; Iris Johansson 3; Deane Wallace 2; Phyllis Wallace 6; Doreen Long 2; and Marjorie Todd.

Red Sox — Ross Stewart, Beth Stewart, Mary MacDougall, 3; Key MacDougall, Jane Venables, Lillian Hickey, Louise Coletti, Dot Jarbeau, and Edna Verbeur.

High School Girls Falls 38-12 to Aces

Aces cassettes dealt a crushing blow to the efforts of the Nelson high school Blue Bomberettes Monday night when they swamped the school girls 38-12 in senior basketball play.

Teams and scorers follow: Aces — Almeda Graves, Elvera Matheson; Isabel Donovan 19; Margaret Thompson 11; Carmella Del Puppo, and M. Del Puppo.

Bomberettes — Betty Walton, Lillian Fisher, Hazel Smith, Margaret Pattison 4; Audrey Emery 2; Jean Smallie 1; Frances McMullin 4; J. Broughton and Georgina Williscroft.

Six Horses May Run in \$50,000 Widener Cup Race in March

MIAMI, Fla. Nov. 20 (AP)—Six of the greatest horses in training — Seabiscuit, War Admiral, Stagehand, Lawrin, Dauber and Pasteurized — have been nominated for the \$50,000 added Widener Challenge cup at Hialeah Park, March 4, it was announced here.

Among them they have accounted for virtually all the major racing features of the United States racing year for three-year-olds and upward.

Kwasnie Pleased With Junior Puck Material at Trail

TRAIL, B. C., Nov. 20—While the bulk of interest of hockey fans has been directed toward the Trail Blazers, senior hockey team, the Trail junior squad is quietly being rounded into shape by Jack Kwasnie who took over the junior team this year.

"I've got a lot of good material," Jack boasted today, "and I have about six younger fellows whom I haven't put on the regular lineup but am carrying with a view to keeping an eye on them for next year."

Lloyd Devlin, Bob Kendall and Joe LeFaire comprise the team's first line, the other being made up of Scott, Bud Lester and Desmond Flood. Defencemen are Maurice Mawdale, Johnston, Luke Prickett, Cameron and Alex Borkula.

Blazers' Pilot

Regular goalies have not been picked yet. Stanley Layton, Tommy Horne, Andy Bliesky and Ross are hopeful for the job.

HORNETS SCORE CRUSHING WIN

A long black mark was drawn across the Fairview Falcons' hoop record Monday night when they accepted a 48-17 crushing win from Hornets, fast-stepping senior quintet.

Scoring was divided between all scorers but the team work of the Falcons could not match that of the fighting Hornets.

Teams and scorers follow: Hornets — Syd Horswill 9; Frank Jones 2; George Bishop, 12; Foster Mills, 15; and Fred Graves, 10.

Falcons — Det McQuigg, 3; Gordon Strizaker, 4; Al Pieters, 2; L. Frame, 6; and Steve Smith.

Basketball Pioneer Is Dead at Buffalo

BUFFALO, N. Y., Nov. 20 (AP)—Dr. Frederick W. Burkhardt, 72, sportsman and U. M. C. A. director, who introduced the game of basketball to Buffalo in the '90s, died here today.

TO INVITE MCGILL FOR GRID SERIES WITH U.B.C.

VANCOUVER, Nov. 20 (CP)—Carson McGill, president of the University of British Columbia Athletic Association, today announced the university's athletic directorate would invite McGill university's Canadian football team here for a series of games during the Christmas holidays.

Stanley Cup Pool Allotment Changed

NEW YORK, Nov. 20 (AP)—Governors of the National Hockey league today authorized a change in allocation of gate receipts according to the players' pool in Stanley cup games to increase the reward for teams finishing first in the league schedule and cup play.

Frank Calder of Montreal, the league president, said he thought that under the new pool division, a club which managed to win both the N. H. L. championship and the Stanley cup might divide as much as \$23,000 or \$25,000 among its players.

DETROIT, Nov. 20 (AP)—Dave Clark, clever Detroit Negro light heavyweight and stagemate of Heavyweight Champion Joe Louis, made quick work of Ted Keating, champion of Winnipeg with a 43-second first round knockout tonight at Arena Gardens. Clark weighed 178, Keating 177. The fight had been billed for 10 rounds.

MORE ABOUT UNITY COUNCIL

The provincial council of 36 members had agreed on the broad principles of a platform, said Mr. McFarland. But he added, the best plank in any platform "is the integrity and moral worth of the members of a government." When the members of a government commanded confidence that would be guarantee of sound and beneficial policies.

The council specifically recommended progressive policies, he said of encouragement to agriculture, education, highway and market roads, social services and development of natural resources. Substantial reduction in the 68-member legislature and a cut in the \$3000 indemnity were included, he said.

It was agreed that the present attitude of repudiation of public debt and moratoria on private debts are no solution to debt problems but only serve to delay solution and further complicate a bad situation, said Mr. McFarland.

"Private debts can only be adjusted on one basic principle—ability to pay coupled with due recognition of the earning power of the assets as well as that of the individual and the amount of price agreed upon at the time of contract, modified by values under present day conditions."

SPORT NEWS The World Over

SPORTS ROUNDUP...

BY SID FEDER

NEW YORK, Nov. 20 (AP)—The P. G. W. tips you Henry Coitton is almost sure to come over from England in the spring to tangle with Sammy Snead... and the Belmont club near Boston, already has a bid in for the match. Incidentally, swinsin' Sammy will take more than 80 G's out of golf this year... which ain't hay, toots... Diz Dean has been putting around \$200 on the bankroll for everyone of those stops on his speaking tour... Consolation corner for southwest coaches: Six of the 11 men who started for Texas Christian against

Blazers' Pilot

Lloyd Devlin, Bob Kendall and Joe LeFaire comprise the team's first line, the other being made up of Scott, Bud Lester and Desmond Flood. Defencemen are Maurice Mawdale, Johnston, Luke Prickett, Cameron and Alex Borkula.

Six Grid Squads Sign for "Bowls"

NEW YORK, Nov. 20 (AP)—The post-season football market did a thriving business today when six top teams announced acceptance of invitations to play in four inter-sectional "Bowl" contests Jan. 2.

Acceptances followed closely on selection of Duke and Southern California yesterday as rivals for the Rose Bowl classic at Pasadena, Calif. Latest additions to the list of "Bowl" combatants were: Texas Christian and Carnegie Tech, Sugar Bowl at New Orleans; Tennessee and Oklahoma, Orange Bowl at Miami, Fla.; Texas Tech with no rival named as yet for the Cotton Bowl at Dallas, Tex.; and New Mexico, also looking for an opponent for the Sun Bowl at El Paso, Tex.

MORE ABOUT GAS CUT APPEAL

The injunction was granted last month by Mr. Justice A. M. Manson at the request of nine gasoline distributing companies. The Provincial Coal and Petroleum board and its chairman, Dr. W. A. Carrothers, former economic professor at the University of British Columbia, is restrained from enforcing one of his regulations cutting the retail price of gasoline from three to six cents through the province.

The Vancouver price would have dropped from 27 to 24 cents, including a provincial government tax of seven cents. The chief justice, reading the court's decision, said in part: "We have come to the conclusion that the plaintiffs (the gasoline companies) have shown that there is a substantial question to be investigated (at the trial) and a probability that they are entitled to relief (from the board's order)."

It follows that in our opinion it is both just and convenient to continue the injunction of the trial, but in permitting this to be done we shall... require as a term for such permission that the plaintiffs give their undertaking to speed the cause in every possible way in all its stages to a final decision."

MORE ABOUT FIVE DROWN

Three were known to have reached shore, but one of them, the lone woman aboard, was swept back into the boiling surf when she dodged the swinging wing of the plane.

The only known survivors were Charles Stead, veteran 42-year-old pilot, and Passenger Isadore Edelstein, 51, a paroled Washington state convict on his way to Honolulu to start life anew. Missing after a day-long search by plane and boat were: Phillip Hart, 62, president of the Pacific Bridge Co., Portland, Ore.; Sydney L. Shonis, San Jose, Calif., engineer; Iva B. Heffner, San Francisco, bond broker; Frona Clay, 24, stewardess of Alameda, Calif.; Co-Pilot Lloyd Jones, 30, Seattle.

The plane was forced down when gasoline was exhausted in five and a half hours of flying from Medford, Ore. The flight normally takes two hours and 40 minutes.

United Air Lines officials explained Stead was forced off his course by winds reaching a velocity of 65 or 70 miles an hour and a "cold front"—an atmospheric condition. Stead, himself, said he had no trouble with the weather but "radio reception was too good. There were so many signals coming in it was difficult to pick out the right ones."

Because of this, he explained, he was unable to follow his radio beam to Oakland, across San Francisco Bay.

MORE ABOUT FRENCH STRIKE

serve order. The premier declared his methods were necessary to break the one-day strike which he said was inspired by elements "rising against the laws of the Republic."

In addition, thousands of soldiers mounted guard in industrial regions of the country to back up the government in its determination to suppress the country-wide walkout ordered by the general confederation of labor which boasts 5,000,000 members.

Labor called the walkout as a protest at Deladier's decree laws suspending the 40-hour work week and imposing other measures which it was contended worked against the poor.

Four local unions outside Paris decided Tuesday night not to take part in the strike. The municipal employees union at Grenoble and the same city's electrical workers both voted to disregard the strike call. At Roubaix, near Lille, railroad workers decided to continue service on northern branch lines.

Taylor, Haylock Team Wins First Shuttle Tourney

Rege Taylor and Miss Barbara Haylock today reign as winners of the Nelson Badminton club's season-opening tournament, an American style, sectional event. The winning doubles team outpointed R. Craster and Miss Betty Bird, finalists, 15-4.

The eight five-team sections, taking part in the event, opened play November 20, called a halt until November 22, and then the semi-finals and finals were run off Sunday. The Sunday results follow:

First round — Rege Taylor and Miss Barbara Taylor beat Hector MacKenzie and Miss Elizabeth Carrie 15-12; Derek Tye and Mrs. C. A. Larson beat Ken McBride and Miss Molly Murray, 15-10; Peter Pierce and Miss A. McDonald lost to R. Craster and Miss Betty Bird, 4-15; Danny Barry and Mrs. S. P. McCormie lost to Matt Aymer and Miss F. Bridgeman, 6-15.

Semi-finals — Taylor and Miss Haylock beat Tye and Mrs. Larson, 15-14; Craster and Miss Bird beat Aymer and Miss Bridgeman, 15-12. Final — Taylor and Miss Haylock beat Craster and Bird, 15-4.

WHITEHEAD AND WHIMSTER RINKS FIRST WINNERS

First tournament victories of the Nelson Ladies Curling club 1936-39 went to rinks of Mrs. Bert Whitehead and Mrs. E. M. Whimster Monday afternoon as the season-opening knockout competition got under way.

The results were: Mrs. Whitehead 15, Mrs. Andy Kraft 8. Mrs. Whimster 8, Mrs. John Gansner 6.

Rain Saves Defeat in Cricket Match

BRISBANE, Australia, Nov. 20 (CP Cable)—Rain saved New South Wales from defeat in the first match of the Sheffield shield cricket competition played here against Queensland. The contest was declared drawn after the visitors had made 171 and 303 for nine wickets against Queensland's 501.

G. Baker scored 157 runs for Queensland and in New South Wales second innings Sidney Barnes hit 131 runs in two hours. His strokes included a six and 11 fours.

Dynamiters of Trail on Friday, January 13

Kimberley Dynamiters will play in Trail Friday, January 13, in the twelfth scheduled game of the West Kootenay Hockey league, not Tuesday January 13, as first reported.

Southport Beats Scarborough 5-3

SOUTHPORT, England, Nov. 20 (CP Cable)—Southport defeated Scarborough 5-3 today in a replayed first round English football cup match. The victor is drawn to oppose Swindon Town in the second round of the tournament to be played Dec. 10.

Last week-end Southport and Scarborough played a scoreless draw.

Win Puts Fox In Line for Title

NEW YORK, Nov. 20 (AP)—Tiger Jack Fox, long-armed walloper from Spokane, gained a shot at the light-heavyweight championship tonight by outpointing Al Gainer of New Haven, Conn. in 15 dull, mauling rounds at the Bronx Coliseum. Fox weighed 174 1/2, Gainer 171.

LONDON, Nov. 20 (CP Cable)—Difficulties over dates and wagers have delayed a planned 72-hole golf match between Eric-General A. C. Critchley and Alf Perry on the one side, and H. G. Bentley and Henry Cotton, on the other.

Canada Manufactures War Planes

BLenheim BOMBERS

The Bristol Blenheim is currently the standard day bomber of the Royal Air Force, and a squadron of these fast planes are incorporated in the Royal Australian Air Force. Eighteen of these high performance twin-engine models are now under construction at the Fairchild Aircraft factory, Longueuil, Quebec, for the Royal Canadian Air Force.

It was to secure British orders for this type of plane and the newer "Hampton" which is not yet in production in this country, that the aircraft manufacturers of Canada formed a syndicate to handle large quantity orders.

The Blenheim has a top speed of 279 miles per hour and is rumored to cruise at better than 250

miles per hour at 10,000 foot altitude. Defensive armament on the bomber consists of a fixed machine gun firing forward from the wing, and another mounted on a scarf ring in the retractable Plexiglass-covered gun turret plainly shown in the photo. The engines are Bristol "Mercury VIII" nine cylinder radials which give the plane a range of 1000 miles with full military load.

The Canadian planes, which are being built on a limited profit basis, will, it is estimated, cost considerably less than \$100,000 each, which compares very favorably with the price of twin-engine transports as purchased by Trans-Canada Airlines.

Nurse Tells How Enjoy Ill Health

NEW YORK, Nov. 29 (CP)—Cecilia L. Schulz, nurse who believes in being as happy as possible even when sick, came out today with some advice calculated to help ailing people help themselves in a book she called "How to Enjoy Ill Health."

"Pack up your flannel night-gowns and your most attractive bed jackets," she advised women bound for hospital. She also advised the lay public to be sick gracefully.

"You may be the life-of-the-party, good-egg sort when on the hoof, but a sour-pussed failure in the prone position," Miss Schulz warned, suggesting a little advice at the start might well avoid being a sick-room sour-puss.

PIROW OFF TO BRUSSELS

ROME, Nov. 29 (CP)—Havas—Oswald Pirow, South African Defence Minister, left today for Brussels after conferring with Italian government leaders. From Brussels he is expected to go to Paris and London.

Cut, Loses Teeth, Purse, When Milk Bottle Topples

CHICAGO, Nov. 29 (AP)—An empty quart milk bottle toppled from a window ledge of a loop skyscraper and struck Max Shapiro, 35, knocking him unconscious. He lost several teeth and suffered deep lacerations on his head and face. After being revived Shapiro told police his wrist watch was missing.

Fears Exchange Menaces Canada

OTTAWA, Nov. 29 (CP)—Continued depreciation of sterling in terms of Canadian dollars as apparent in recent weeks may bring Canada again face to face with an exchange situation like that of 1931-33, Dr. Alvin H. Hansen, professor of economics at Harvard University, warned today before the Royal Commission on Dominion-Provincial relations.

"In that case, a choice of monetary policy may have to be made and will have impact on the rest," Dr. Hansen, called as a commission witness, said. "An appropriate monetary policy might have saved us much of the suffering of the depression and the deflation which developed."

Failure to take active monetary measures of an appropriate kind was in many countries, including Canada, directly responsible for development of cumulative deflation, he said. A policy of currency alignment could be peculiarly effective in countries such as Canada which are large exporters of primary products.

He held that the aim of monetary policy should be to equalize as much as possible the burden of a depression upon various regions and economic classes. Through adjustment of foreign exchange rates, prices of primary products could be brought into better balance with the whole internal price and debt situation.

It was clear, he said, that exporters of primary products in Canada suffered most seriously during the depression. This was intensified greatly by maintenance of the former parity of the dollar with sterling prior to September, 1931, and even more aggravated by the appreciation of the dollar in relation to sterling between September, 1931, and March, 1933.

Great relief would have come to the exporters of primary products and a better balance would have been achieved in the whole Canadian economy, if the dollar had been allowed to depreciate against sterling early in the depression and had a moderate depreciation of 10 per cent against being maintained after 1931.

EDEN MAY YET VISIT CANADA

LONDON, Nov. 29 (CP Cable)—Anthony Eden, who has accepted a speaking engagement in New York for Dec. 9, today said his itinerary does not include a visit to Canada. The former foreign secretary added, however, he may change his mind at the conclusion of his United States visit.

Claim Racket in Cemeteries

TORONTO, Nov. 29 (CP)—Hon. G. D. Conant, attorney-general of Ontario, announced today R. B. Whitehead, Ontario securities commissioner, had been instructed to investigate cemeteries which may be operating as "purely commercial enterprises."

The minister said complaints that control of some cemeteries was interlocked with the medical and undertaking professions and that the public had been defrauded by "high-pressure" salesmanship, prompted the inquiry.

FORESEES ALL ATLANTIC MAIL TO BE BY AIR

LONDON, Nov. 29 (CP)—Havas—A prediction that all first-class mail from Great Britain to Canada will go by air some day was made by D. O. Lumley, assistant secretary of the general post office.

He said 100,000,000 letters had been carried by air from this country during the year. An additional fee will be necessary when the transatlantic service is inaugurated, Mr. Lumley said.

SHORTER VISITING HOURS SAY HOSPITAL MGRS.

CALGARY, Nov. 29 (CP)—Hospital managers in convention here today were told they curtail visiting hours their patients will get better faster and hospital efficiency will improve.

Pastors and church-workers who patted children on the head were cited as possible infection spreaders. Another source of trouble, it was said, was rooted in the envy of patients who had a few visitors for those who had many.

Wheat Sale High In Dull Market

Winnipeg, Nov. 29 (CP).—A 500,000-bushel export business provided the thread which held Winnipeg wheat futures prices aloft today in another drab session. Values held fairly steady all day and the close was 1/4-1/2 higher, December at 58 1/2, May 61 1/2 and July 62 1/2 cents.

Intermarket spreading appeared for the first time in several sessions and involved purchases of Winnipeg May wheat against Chicago May and sales of Winnipeg December against Chicago September.

Sale of 500,000 bushels of Canadian wheat today marked the second consecutive day the half-million figure has been reached. Country marketings yesterday reached 806,000 bushels against 249,000 a year ago. Aside from export and intermarket operations, however, the market was dull.

Liverpool was irregular again and closed 1/4 down to unchanged on a slight rise in sterling and slow millinery inquiry. Buenos Aires was off 1/2 cent at noon. Chicago held steady.

Cash wheat trade was quiet. Pit trade in course grains uncovered exporters' interest in barley.

Market and Mining News

Rally of Short Life in N. York

NEW YORK, Nov. 29 (AP).—Stocks tipped the scales on the rallying side in today's market but light selling in the final hour substantially reduced or cancelled out gains running to two or more points.

Livestock of a few low-priced issues such as continental motors and Richfield Oil, both of which touched new highs for the year, accounted for much of the volume approximating 850,000 shares.

During the greater part of the proceedings selected steels, motors, rails, rubber, chemicals and specialties were in the forefront of the comeback. The majority of the utilities, petroleum, mail orders and farm implements were accorded only mild support.

Prices Retreat On Toronto Mart

TORONTO, Nov. 29 (CP).—Toronto stock market put its best foot forward in early trade today but the late tendency was to retreat under moderate offerings. Only about 425,000 shares changed hands.

Laguna sales were sold in some quantity on the news the mine in northern Manitoba would close in a few months for lack of ore. The price weakened to a new low at 8 cents.

The close was down for Macassa, Pickle Crow, Central Patricia, Kerr-Addison, Kirkland-Hudson and Chesterville Golds. Pioneer Famous, East Malartic, Dome and Lake Shore maintained a firm tone.

Waite-Amulet hit 7 1/2 and the close around 7.70 showed a net drop of 30. Sherritt eased off slightly but Noranda, Smelters and Nickel held to the up side.

Walkers common was a weak spot. Distillers-Seagrams firmed 1/2 or more. Building products gained 2 1/2. Narrow gains appeared in the western oil list for Home, Okalta, Spy Hills, Davies and West Turner.

Gold Higher on Vancouver List

VANCOUVER, Nov. 29 (CP).—Gold prices were slightly higher on Vancouver stock exchange today while oils and base metals were for the most part unchanged. Transactions totalled 85,955 shares.

Pioneer Gold advanced 10 cents at 2.85 and Bralorne gained 5 at 9.95. Gold Belt at 51 and Dentonia at 7 each added a cent as Kootenay Belle held steady at 1.45. Premier eased 4 at 2.21 and Hickey Mascot dipped 1 at 1.34.

In the base metals, Pend Oreille was off two jims at 1.78 and Nicola at 4 1/2. Lucky Jim at 2 1/2 and Grandview at 6 1/2 held steady.

Calgary & Edmonton Oil slipped three cents at 2.02 and prices in other leading oils were unchanged.

Britain Demands Franco Release Greek Ships, loaded With Wheat

By J. F. SANDERSON
Canadian Press Staff Writer

LONDON, Nov. 29 (CP Cable).—The British government has demanded the immediate release of two Greek ships seized by Spanish insurgent forces Nov. 23 and 26, Richard Butler, under-secretary for foreign affairs, announced in the house of commons today.

The ships were carrying cargoes of wheat purchased by the British government in Rumania. They were taken to Palma Bay, Mallorca, Mr. Butler said, and instructions were wired to the British agent at Burgos last night that he demand immediate release of the ships.

To subsequent questions from the Labor benches, the under-secretary said General Franco's seizure could be interpreted as an assumption of belligerent rights.

A. V. Alexander, former first lord of the admiralty, said Lloyd's claimed General Franco was holding seven ships and if the insurgent leader was to be allowed to assume belligerent rights it was going to lead to chaos. He said insurgent rates had increased from 7 shillings 6 pence to 40 shillings.

Negotiate Sale U.S. Wheat to England

CHICAGO, Nov. 29 (AP).—Led at times by corn, the Chicago grain market averaged fractionally higher today, but failed to hold gains well, trade volume being light.

Negotiations were reported as under way for the sale of a large quantity of United States Pacific coast hard wheat to English millers. A hitch regarding the price was said to be temporarily impeding windup of the deal.

Wheat futures closed 1/2-1/4 up compared with yesterday's finish, Dec. 61 1/2-62, May 65 1/2-66, corn unchanged to 1/2 higher, Dec. 47 1/2-48, May 51 1/2-52, and oats unchanged to 1/4 advance.

Japan Gives New Order for Steel

NEW YORK, Nov. 29 (AP).—Dow Jones & Co. financial news agency reported today that Japan has placed a new order in the United States for 170,000 tons of steel scrap for shipment in December and January.

The price, said the agency, was about \$15.50 a ton for No. 1 scrap, somewhat higher than the general market along the seaboard. Japan early this month ordered 150,000 tons of scrap steel in the United States.

World Exchanges

NEW YORK, Nov. 29 (AP).—An advance of 8-16 of a cent in the British unit to 84.85 13-16 was seen today by many bankers as due largely to renewed cooperation by operators who had recently sold the English 150,000, hoping to buy it back at a lower price.

Closing rates follow, Great Britain in dollars, others in cents:

Great Britain 4.85 13-16, 60-day bills 4.65 1-16; Canada, Montreal in New York 99.31 1/2, New York in Montreal 100.58 1/2; Belgium 16.91 1/2; Czechoslovakia 3.42; Denmark 2.78 1/2; Finland 2.08; France 2.51; Germany 4.07, benchmark 20.30, travel 22.80; Greece 38; Hungary 19.85; Italy 5.28 1/2; Jugoslavia 2.34; Rumania 7 1/2; Sweden 23.99; Switzerland 22.75; Argentina 31.00; Brazil (free) 5.60; Mexico City 20.75; Japan 27.17; Hong Kong 29.15; Shanghai 16.00.

Rates in spot cables unless otherwise indicated. (N)—Nominal.

Farm Implements Export Decreases

OTTAWA, Nov. 29 (CP).—Canada's export of farm implements and machinery in October totalled \$340,196 compared with \$439,747 in September and \$671,532 in October, 1937. Argentina was the leading purchaser with \$140,004 worth, followed by the United Kingdom with \$57,027 and the United States \$45,875.

(Compiled by The Royal Bank of Canada.)

Montreal Produce

MONTREAL, Nov. 29 (CP).—Canadian commodity exchange: Spot: Butter, Que. fresh 21 1/2-22. Cheese, Que. white 10. Eggs, Ont. A-large 8 1/2, A-medium 8 1/2. Sales: Butter, 100 Que. at 21 1/2.

Butter futures: Dec. 21 1/2, Jan. 21 1/2-22 1/2, Feb. 22. Sales: One December contract at 21 1/2; two February contracts at 22.

Coppers UP

LONDON, Nov. 29 (CP).—Share prices held quietly steady in the stock market today. Fair demand for gold shares appeared and coppers edged forward. Aircraft and steels were marked down a shade among generally steady industrials.

Dividends

Atchison, Topeka & Santa Fe railroad \$1 a share on \$5 preferred stock.

Shell Union Oil Corp. 35 cents a share on common stock.

NEW YORK, Nov. 29 (AP).—Directors of American Metal Co., non-ferrous metal producers, today declared a dividend of 25 cents a share on common stock.

Calgary Livestock

CALGARY, Nov. 29 (CP).—Receipts to noon today: Cattle 69; calves 26; sheep 204.

Cattle market active; prices steady. Medium butcher steers 4-5; good heifers 4-4.50; good cows 3-3.50; good to choice veal calves 4.50-5; good stocker and feeder steers 3.75-4.50.

No hog sales; Monday's close: Sectors 8 1/2; bacon 7.50; butchers 7.10.

Wholesale Prices Off

OTTAWA, Nov. 29 (CP).—The Dominion bureau of statistics reported today its index numbers of wholesale commodity prices in Canada dropped slightly to 73.5 in the week ended Nov. 25 from 73.8 the previous week. Last year it was 82.6.

The index for Canadian farm products, computed separately, was 64.4 against 64.5 at 82.3.

Apple Demand at Seasonal Slack; 15 More Cars Out

With Christmas fruits and confections coming more strongly to the fore, the seasonal slackening of demand for apples is being felt in the past week or so sales have been slower and it is expected the tendency will continue.

Since November 17 a total of 15 cars have been shipped from the Kootenay and Arrow lakes district. Robert Foxall, manager of the Nelson sub-central of the Associated Growers of British Columbia, stated Tuesday, eight of these went to the domestic market and seven were export cars, probably

Mercury Rises to 34 Degrees
 The mercury continued its upward trend Tuesday when it rose above the melting point for the first time in a week. The thin coating of snow, which has remained on the ground here continuously since the last fall, November 21, melted rapidly with the higher temperatures. Yesterday's extremes were 34 and 28 degrees. There was a light snowfall Tuesday afternoon but only enough to wet the sidewalks.

Urges National Policy on Wheat
 OTTAWA, Nov. 20 (CP)—Premier John Bracken of Manitoba today called for a definite national policy regarding the increasingly grave world wheat situation.

The question vital to the national welfare, how Canada was to continue to find markets for two-thirds of her wheat in the face of steadily shrinking world markets.

"Factors outside our own control have reduced from 700,000,000 to 540,000,000 bushels the world demand in the last eight or 10 years, and the world is producing as much as in the past," Premier Bracken said. "What is to be the national policy under these conditions? In the situation, we would not have developed more than half the acreage we have. If the situation we actually have can't be saved, let us start to back up. Let the railway deficit become greater, and a quarter of a million farmers go on relief."

Premier Bracken said a conference had been called for Winnipeg for the middle of next month to try to bring together all the pertinent facts regarding Canada's relation to the world wheat problems, all the facts regarding this cloud seen on the horizon of the west.

Boswell Juniors Help Iron Lung
 Boswell Junior Red Cross branch, conducted by Miss Donald L. Wallis, which is known as the Pathfinders, has raised \$3.30 for the Nelson and district Iron Lung fund. Members of the organization held a tea and sold tickets for a raffle on work which they themselves did.

BRIEFS FROM THE LEGISLATURE
 VICTORIA, Nov. 20 (CP)—Replying to questions in the legislature, Hon. G. M. Weir, provincial secretary, said the cost to the province of the European tour of Alton Peables, health insurance commission chairman, was \$1,800.

Besides visiting eastern Canada and U.S. points, the chairman spent 31 days in London, three days in Scotland, five days at Geneva, 11 days in Paris, seven days in Prague, six days in Copenhagen and six days in Oslo.

Mrs. H. D. Smith, (Lib.—urrard) introduced yesterday an amendment to the Food Products Minimum Loss Act, generally known as the Loss Leader Act, which will prevent circumvention of the measure which, she said, retailers have been doing by purchasing through secondary wholesalers.

Page Croft Seeks Funds for Settler Plane, Peace River
 LONDON, Nov. 20 (CP)—Britain also has refugees—refugees of despair from the labor exchange—Sir Henry Page Croft declared today in a new appeal for government support of his scheme for settling 10,000 British families in British Columbia.

Bylaw to Stop 'Bootlegging' Gas
 VANCOUVER, Nov. 20 (CP)—A city council by-law prohibiting operators of less than five commercial motor vehicles to have private gasoline pumps was passed last night as a measure to curb gasoline "bootlegging" by owners of private pumps. The measure was adopted at the request of gasoline retailers.

TRADE TREATIES CALL FOR REDUCED PRICES
 VANCOUVER, Nov. 20 (CP)—The consuming public of Canada and the United States will not realize fully the benefits of the new trade agreements between the two countries until merchants and distributors have reduced the prices of goods in conformity with the tariff reductions, in the opinion of Avery F. Peterson, U. S. assistant trade commissioner at Ottawa.

APPLES DROP SLIGHTLY DUE HEAVY SHIPMENT
 LONDON, Nov. 20 (CP Cable)—Prices of Canadian barreled apples have dropped fractionally in recent weeks because of heavy shipments and reduction in consumer demand, it was stated today by W. B. Gornall, Canadian fruit trade commissioner.

Good apples have maintained steady prices but due to the big crop in Nova Scotia and consequent heavy shipments prices for barreled apples have fallen.

COMPARES CALGARIANS TO JEWS IN GERMANY
 CALGARY, Nov. 20 (CP)—Some people in Calgary are worse off than the Jews in Germany or as bad," Mrs. Rose Wilkinson, Social Credit alderman, told the city council during a discussion on housing for relief recipients last night.

"Bunk," interjected Mayor Andrew Davidson. "Hoey," added Alderman D. G. L. Cunningham.

"Well, nearly as bad in comparison," retorted Alderman Wilkinson. "There might be worse conditions in Germany but not much."
