

Britain, U. S. in \$30,000,000 Barter Deal

Cotton and Rubber in Deal to Build Up Materials for War

No Mention of Wheat, Which U. S. Wanted in Deal; U. S. to Take 80,000 Tons of Rubber, Britain 600,000 Bales of Cotton

WASHINGTON, June 23 (AP).—The cotton-rubber barter agreement between United States and Great Britain signed in London was called today the first such exchange of raw materials for war reserves in world history. Dr. Herbert Feis, chief of the economic division of the state department, described it in such terms. The agreement must be submitted to the senate like any other treaty. It will be submitted along with enabling legislation to permit the government to acquire title to 600,000 bales of cotton which the federal surplus commodities corporation is now holding as collateral for loans to cotton growers. Senator James F. Byrnes (Dem., South Carolina), one of the sponsors of the agreement, said successful negotiation was due largely to "the skill and energy" of Joseph Kennedy, U. S. ambassador in London.

LONDON, June 23 (CP Cable).—A \$30,000,000 barter deal involving exchange of American cotton for British rubber was signed today by Oliver Stanley, president of the board of trade, and Joseph Kennedy, United States ambassador to Great Britain. The British government will take 600,000 bales of cotton, the equivalent of six months' ordinary supply, in return for 80,000 tons of rubber, representing 20 per cent of the annual consumption in United States. The object of the two governments is to build up war supplies of these essential raw materials. There is no question of the stocks being used for commercial purposes. The agreement provides that if there is no war the stock will be held a minimum of seven years and liquidated without disturbing the commodity markets. (Continued on Page Two)

VALUABLE MEASURE He said stocks of rubber in this country are down to about 100,000 tons, compared with an average annual carryover of 300,000 tons, and told reporters the agreement was valuable as a defence measure. (Continued on Page Two)

Charge Munitions Going to Poland From Democracies

BRNO, Czechoslovakia, June 23 (AP).—Nazi sources said today that British ships and one American merchantman, the Mormacport, have unloaded munitions cargoes at the Polish port of Gdynia. (The 402-ton Mormacport is listed by Lloyd's register under the ownership of the American Seacargo Lines, Inc., and the management of Moore & McCormack, Inc.) Included among the cargoes were said to be such war essentials as copper and zinc. Propaganda Minister Paul Joseph Goebbels' newspaper Der Angriff reported in Berlin that French ships also had arrived at Gdynia with war materials for Poland. "The deliveries, mostly of artillery, ammunition and English tanks," the newspaper said, "are being unloaded in most cases during the night."

FRANCE, TURKEY CONCLUDE PACT FOR MUTUAL AID

Republic of Hatay Is Ceded by France to Turkey.

By ROY PORTER PARIS, June 23 (AP).—France today signed a mutual aid pact with Turkey and signed a mutual military assistance pact with the Turkish government in twin ceremonies at Ankara and Paris today. The assistance agreement signed in Paris by Georges Bonnet, French foreign minister, and Sued Davaz, the Turkish ambassador, is a seven-point document forecasting continuing negotiations for a "definite accord of long duration," with a pledge that, "meanwhile," in case of an act of aggression which might lead to a war in the Mediterranean region, they would be ready to cooperate effectively and to give each other mutually all the aid and assistance in their power. "The agreement was not directed against any country" but designed to assure "aid and assistance" where necessary. (Continued on Page Ten)

BRITISH STEAMER ENTERS SWATOW

HONG KONG, June 23 (AP).—The British steamer Tsinan escorted by the destroyer Scout entered Japanese-occupied Swatow today as British and United States saloons patrolled mission properties against possible disorder. The Tsinan docked without incident, as did the Norwegian ship Prominent a few hours before, and British naval officers advised merchantment to continue calls. Several steamships left Hong Kong for Swatow but without passengers.

Lightning Rings False Alarm on Rosland System

ROSSLAND, B. C., June 23.—A false one-ring alarm was turned in to the Rosland fire department about 11 o'clock this morning, when a lightning bolt struck a wire above fire alarm box No. 26, located at 4th avenue and Butte street. It grounded through the box, and burned out the two coils.

Hitchhiker Said to Have Killed Driver

LANSING, Mich., June 23 (AP).—Police searching parties, on foot and in motorcars, combed lonely Clinton county side roads, searching today for the body of George Hall, 30-year-old oil promoter reported to have been the victim of a hitchhiker slaying. Miss Ruby Colby of Pinconning told investigators a hitchhiker whom she and Hall picked up in Hall's motorcar shot and killed her companion and dumped the body in some bushes at the side of a road. The killer then made love to her, she said, as he held her a prisoner in the car.

Britain Lends France a Hand

England is literally giving France a hand here as British officers help French Chief-of-Staff General Gamelin, clamber aboard a tank during his inspection of British' armed forces at Aldershot, where mechanized units were paraded for the French military visitors, in England to work out plans for close British-French cooperation in the event of war.

Human Feeling Is Most Potent Force in World Affairs, King Declares

Such Is His Deepest Impression After His North American Tour; Busily Engaged After Tour; Formal Reception

By R. K. CARNEGIE LONDON, June 23 (CP Cable).—The King today told a distinguished audience at the Guildhall his deepest impression after his 15,000-mile North American tour was "that even in this age of machines and mass production the strength of human feeling still is the most potent of all forces affecting world affairs."

Reporting on his visit to an immediate audience of 700 that included leaders of his government and his senior military and civic officials, and to the world at large by broadcast, the King stated "it will be a source of thankfulness to us all our lives long if we have in some sort succeeded" in the object he and Queen Elizabeth set out to fulfill. "The desire to serve the ideals of the British Commonwealth of nations," to foster its sane and wholesome faith, to show, if I could, that its potent force for promoting peace and good-will among mankind," were, he said, the objects he and his consort had before them. In declaring that "the strength of human feeling still is the most potent of all forces affecting world affairs," he added: (Continued on Page Two)

ALBERTA MINERS QUIT COAL MINE

BLAIRMORE, Alta., June 23 (CP).—A protest meeting of approximately 250 miners in this southeastern Alberta district today was postponed until tomorrow when John Stokaluk of District 18, United Mine Workers of America, did not reach Blairmore in time. Miners of the Greenhill mine did not go to work today pending the protest meeting over alleged refusal of the mine's management to pay "make up" to several contract miners.

Lefaux Against Any Proposal for Gathering of Votes for the C.C.F.

VANCOUVER, June 23 (CP).—President Wallis W. Lefaux told the British Columbia section of the Cooperative Commonwealth Federation tonight that he strongly recommends defeat of any proposal which has for its object "simply the gathering of more votes" for the party. "I cannot agree with this attitude as it seems to me imperative that we have the intelligent support of at least the majority of the voters before we can hope for that public backing always requisite before big changes can be made in the social order. "x x x the solution will no doubt take time and without going deeply into it I say that it lies in conscious control by the rank and file of our members," he said. Lefaux said the party has made "tremendous strides" in publicity and drawing public attention to the movement, but even more attention must be given to this work or the C.C.F. will find itself "in the same position as many other popular movements that have achieved influence and faded away, peacefully or otherwise, on account of lacking fundamental knowledge of the things they promised to achieve."

ACTION WILL BE TAKEN, HALIFAX DECLARES IN 'STRONGEST TERMS'

New Incident Follows Protest of the British Consul-General; Agent Slapped, Made to Stand Naked in Women's View

TIENTSIN, June 23 (AP).—The British consul-general sent a new protest to the Japanese today against undressing and searching of British subjects at concession barriers, but a fresh incident of that kind was reported almost immediately thereafter. Cecil Davis, an honorary agent for the New Zealand government, declared he was slapped three times with his passport by a Japanese gendarme, who, with three colleagues, forced him to stand naked in the examining shed through which a dozen foreign women were passing. Davis was the ninth Briton to report being subjected to indignities in the past two days by the Japanese who established blockades of the British and French concessions 10 days ago. The latest British protest, made by Major G. A. Herbert, consul, was against incidents yesterday. No reply to previous protests had been received, it was said.

Lord Halifax also asked the ambassador for immediate clarification of Japan's intentions toward British concessions in China, reminding him that it had been 10 days since the blockades at Tientsin began and that Tokyo still had not stated any grievances. (Continued on Page Two)

Webster Offers 5-Point Program to Assist C.C.F.

VANCOUVER, June 23 (CP).—A five-point program to help the Cooperative Commonwealth Federation maintain its present strength was presented to the party's British Columbia convention here tonight by Vice-President Arnold Webster of Vancouver. Webster suggested: 1.—Continuation of restrictive clauses in the C.C.F. constitution to a minimum. 2.—Appointment of standing committees by the executive, rather than from the convention floor, because a large gathering cannot judge the fitness of individual members for specialized responsibilities. 3.—More general acceptance of the principal of systematic giving, each club contributing a regular amount to party funds. 4.—Constant effort to assure maximum cooperation between the party's provincial executive and parliamentary representatives of the party. 5.—Continued promotion of organization and education. In regard to reducing restrictive legislation, Webster suggested removal of three regulations now in effect: A member must be in good standing 12 months before being eligible for nomination to a public office; the president cannot serve more than two successive terms; no member can hold more than one elective office.

B.C. POLICEMAN LOST IN NORTH

PRINCE RUPERT, B.C., June 23 (CP).—British Columbia Constable C. A. Prescott, missing in the wilds of Princess Royal Island 100 miles south of here since Monday, was sought by air and land tonight. The Butedale plant of the Canadian fishing company on the east coast of the island was closed today so workers could join 50 odd men taking part in the land search for the junior constable. A Canadian Airways seaplane also was employed. Prescott, whose home is in Victoria, had been stationed at Butedale two or three weeks. Sunday he went to Surf inlet on the west coast of the island by boat and left Monday to return 15 miles overland across the island to Butedale following an old blazed trail. He was not heard from since.

Photographer Is Killed in Fall Off Eiffel Tower

PARIS, June 23 (AP).—The Duke of Windsor's birthday party was halted by a tragedy tonight when a photographer tumbled 188 feet from the first platform of the Eiffel tower. The photographer, believed to have been a movie cameraman, was perched on a railing of the tower's first floor taking pictures of the dinner attended by the Duke and Duchess in honor of the Duke's 45th birthday and the tower's golden anniversary. (See Page Four). The body crashed into the gravel courtyard below while onlookers at the dinner screamed. A movie camera was strapped to one of his arms. Police physicians said he died immediately.

Japanese Expect Frontier Attack

TOKYO, June 24 (Saturday) (AP).—A war office spokesman said today that Japanese forces expected a new attack on the frontier between Manchoukuo and Soviet Russian-dominated Outer Mongolia where an air battle was reported last Thursday. Japanese airplanes were said to be reconnoitering the Manchoukuo side of the boundary with ground forces held in readiness for any eventuality. The war office representative said the Thursday air battle was the result of "an enemy attempt to restore in Mongolian eyes the prestige it lost in the May 29 defeat." The Japanese reported May 29 that 50 Mongol planes had been shot down in nine days of fighting.

Shipping Deadlock Continues, Seattle

Saskatchewan Students Hurt in Car Wreckup Between Rossland and Trail

The ancient car which carried four University of Saskatchewan students on a 4500-mile trip, including a visit to the San Francisco world in it, is shown here in a Trail garage where it was towed from Milk creek, out two miles from Trail on the Schofield highway. The car is painted green and white, University of Saskatchewan colors and bears the university's crest on the front door. People who viewed the wreck were amazed by the word "turtle" on the radiator, since the car, after getting it of control, came to rest in a creek. Yellow Grass, Foam Lake, Saskatoon, Salt Lake City, Regina, Los Angeles, Vancouver and San Francisco are names of cities painted on a body of the vehicle.

Thomson President Trail Junior Board

W. R. THOMSON TRAIL, B. C., June 23.—W. R. Thomson was elected president of the Trail junior board of trade at the annual general meeting tonight. R. W. Diamond was elected an honorary life member. Other officers elected follow: Mayor E. L. Grougout, honorary president; Leo Levey, first vice-president; Lucie Fortin, second vice-president; Mosey Wright, secretary; A. Hall, treasurer; and Gordon Kenck, Ivan Jeffery, Thomas Armstrong, Robert Dockerill, Dr. E. A. Ellis, Dr. J. L. Gayton, Frank Goodson and Ian MacKinnon directors.

Prairie Prospects "Never So Promising"

WINNIPEG, June 23.—Seldom have crop prospects in the prairie been so promising at this time of the season says the weekly report of the Canadian Pacific railway's agricultural department at Winnipeg. "With additional precipitation this week and little evaporation in the cool weather, the moisture situation in the whole grain belt remains very favorable," the report states.

Electric Spark Starts Fire in a Lead Treater

TRAIL, B. C., June 23.—The Tadanac fire department today extinguished a fire in No. 3 treater of the lead smelting division, the alarm being turned in at about 2:30 p.m. Igniting of the dust by an electrical spark was given as the cause. Damage was estimated to be \$500.

Junior Board at Trail Committee of B.C. Chamber

Study Governmental Affairs to Be Made

JESTLEY WOULD PROMOTE AIRPORT

TRAIL, B. C., June 23—The Trail junior board of trade at its annual meeting tonight accepted the offer of the provincial board to work as a committee of the B. C. junior chamber of commerce on governmental affairs.

In reviewing the year's work Lyle Jestley, retiring president, considered the offer highly complimentary. "Although we didn't accomplish

all we set out to do," he said, "I believe we have some definite achievements. We have shown that the younger businessmen can cooperate and we are now being encouraged on all sides."

Among the undertakings suggested by Mr. Jestley for the next year was the "adoption of our airport and make something out of it. We should do something toward holding an air carnival to place this town on the airway map."

Several members signified intention to attend the fourth convention of the Canadian junior chamber of commerce at Calgary September 7, 8 and 9.

The board will submit a resolution dealing with the address of R. W. Diamond, assistant general superintendent of the Consolidated Mining & Smelting company on "A Challenge to Democracy."

An invitation from the Kamloops junior chamber to its inauguration dinner June 27 was acknowledged. The report of A. Hall, treasurer, showed a cash balance of \$1.82.

MORE ABOUT BRITISH PROTEST

(Continued From Page One)

Foreign residents are watching the case closely, since under existing laws in China Smith should have been handed over to British authorities upon demand.

The food situation became worse. Most of the fresh vegetables especially were scarce.

Domestic Japanese news agency, quoted Japanese authorities as charging Britons with spreading "slandering reports" of indignities to arouse sympathy abroad, and adding that the "British government should change its attitude if it does not want subjects searched."

Search was conducted in a "courteous manner," Domel declared.

Rosland Redmen Play Two Games In Coming Week

TRAIL, B. C., June 23—Although the revised schedule of the West Kootenai Lacrosse league which brings Rosland Redmen into the boxla picture has not been announced, dates of games for the first week were made known today.

Instead of the game in Trail being on a Tuesday, as has been the practice to date, Nelson Leafs will appear here Monday, June 26.

Redmen will play their initial game at home Wednesday, June 28, when Trail Golden Bears ascend to the golden city to open the new outdoor box set up on the site of the old rink.

The third game for next week will be at Nelson, and the visiting team will be Rosland.

C.C.F. TO OPPOSE NEW DEMOCRACY

VANCOUVER, June 23 (CP)—The New Democracy movement of Hon. W. D. Herridge is "another capitalist grouping and as such must be opposed by the Cooperative Commonwealth Federation, Secretary-Treasurer Herbert Gergraves told the annual convention of the C.C.F.'s British Columbia section tonight.

Gergraves said that with the possibility of a federal general election this year the C.C.F. provincial executive has encouraged rural constituencies to set up election machinery, and already half the C.C.F. candidates have been named in British Columbia.

"The Herridge movement has been given much publicity and is being used as an alternative to the C.C.F. and we have considered our attitude toward this group," he said. The executive decided it should be opposed.

"We have increased our membership, organized clubs in places never before organized, strengthened our position in the eyes of the public and today both of the old line parties (Liberal and Conservative) view us with increasing alarm."

Gergraves said the party now has 173 clubs registered in the province, with almost 3500 members. (Last year he reported 182 clubs with 3523 members).

Inactive clubs were struck from the records since the last convention.

Former Secretary to Bennett Is Candidate

BEAUSEJOUR, Man., June 23 (CP)—R. K. Finlayson, former secretary to R. Hon. R. E. Bennett when he was prime minister, was chosen today as Conservative candidate in Springfield for the next federal election. The seat now is held by J. M. Turner, Liberal.

City Baseball Leagues Start In Nelson Today

Nelson midget and bantam baseball swings into action today as four games in all are scheduled in the two divisions.

Starting at 9 o'clock this morning three bantam games will be played in succession. Dodgers and Tigers in the first then Giants and Yankees, and finally Cubs and the winner of the Dodger-Tiger tilt.

In the evening commencing at 6 o'clock, two midget teams will be selected from players who turn out, and will be league teams.

MORE ABOUT JAPAN WARNED

(Continued From Page One)

Their meeting followed an announcement in the house of commons by the prime minister that Lord Halifax had asked the Japanese ambassador to see him concerning barrier incidents last night in Tientsin.

"I have no doubt the foreign secretary will make it very clear to the Japanese ambassador when he sees him what we think of these intolerable insults," Mr. Chamberlain said.

TALKS ON PACT
The foreign secretary also sought to speed negotiations on the proposed Anglo-French-Soviet Russia mutual assistance pact by talks with Soviet Ambassador Ivan Maisky and French Ambassador Charles Corbin.

Both Russia and Britain were said in informed quarters to regard the international situation as so difficult that they appreciated fully the necessity for reaching an agreement.

Mr. Chamberlain, who will make a speech at Cardiff tomorrow night, faced growing pressure for a firm stand in the far east.

MORE ABOUT KING AND QUEEN

(Continued From Page One)

"As a North American historian has written, 'over all nations is humanity.'" Guests at the luncheon, given by the Lord Mayor of London, Sir Frank Bowater, included Prime Minister Chamberlain and members of his cabinet, Hon. Vincent Massey, Canadian high commissioner, Rt. Hon. R. B. Bennett, former Canadian prime minister, and Joseph Kennedy, United States ambassador.

BUSILY ENGAGED
The King was as busily engaged on his first full day at home as would any businessman who had been away for a seven weeks' journey.

This morning he held a privy council to swear in two new members. He also approved several orders under the Military Training act and disposed of other state papers.

While he dealt with these matters the Queen went for a drive and then both drove in state for the formal reception in the City of London.

Streets were jammed with crowds to catch sight of the royal couple who rode in an open horse-drawn coach escorted by the household cavalry in scarlet and gold braid and plumes.

The King wore an admiral's uniform and Queen Elizabeth a grey silk dress and a high-brimmed hat.

WEEKEND REST

After the luncheon a fanfare of trumpets signalled the return trip to Buckingham palace. Tonight the King and Queen left by automobile for a weekend rest with their children, Princesses Elizabeth and Margaret Rose.

Thousands of spectators, undaunted by lowering skies and an occasional drizzle, gathered early outside Buckingham palace and along the route of the royal procession, ready to greet the King and Queen as they drove to the city.

Four Trailites Hurt Slightly In Car Somersault

Boxla Player, Three Fans Are Bruised and Cut

TRAIL, B. C., June 23—Thrown through the roof of an old type sedan car when it somersaulted on the Castlegar-Nelson highway east of Thrums Thursday night Lawrence Mathews, Trail boxla player, and three local fans, escaped with bruises and minor cuts.

Mathews was to have appeared on the Golden Bears lineup at Nelson but did not arrive at the Civic Centre until the game was almost finished.

According to the athlete, who was driving, a car which had passed him was forced to stop quickly in front of him owing to cows on the road. To prevent colliding with the car ahead, Mathews swerved to one side and when the front wheels struck a soft shoulder it turned over, landing on all four wheels.

Rookies Lambast St. Joseph's 37-5

The heavy artillery of F.A.C. Rookies really swung into action at the Recreation grounds Friday evening against the luckless St. Joseph's academy squad as the Rookies finally wound up on the lion's end of a 35-7 count. The Rookies, by virtue of the victory, went into a first place tie with Jonella Aces, and set the stage for the crucial clash Sunday afternoon between the two leading clubs in the Ladies Softball league.

Alice Gillett and Deane Wallace scored seven tallies apiece to lead their team. Iris Johanson and Hazel Spiers following closely with six runs each. Marjorie Todd trotted across the plate for three markers. Hazel Spiers, on the mound for her important date Sunday afternoon against the Aces with five strikeouts and hurled well in the pinches to stop the Catholic crew.

Umpires: Bill Kapak, plate, Sam Spickard, bases. Miss Edna Jarbeau was scorer.

MORE ABOUT Barter Comment

(Continued From Page One)

"In the case of a European war in which Great Britain was engaged we would find it difficult to secure adequate supplies of rubber," he said. "This would, of course, result in greatly increasing the price."

"If we did not secure additional supplies a number of our industries would close, increasing unemployment. If we sent our ships to the war zone to secure supplies, we know from our experience in the world war that the risk of serious controversy with belligerents."

Byrnes said the cotton would be traded at a price of close to nine cents a pound while the figure for rubber would be about 15 cents a pound.

He said the impounding of 600,000 bales of cotton in Great Britain for seven years "will greatly improve the cotton situation."

McCarthy's Auto Is Damaged Collision Rear Truck, Trail

TRAIL, B. C., June 23—The radiator grill and a headlight of A. R. McCarthy's car was damaged when it collided with the rear of a truck driven by Julio Anselmo on Rossland avenue at about 2:30 p.m. today.

An Alberta car driven by Lawrence Albrecht had stopped on the highway prior to parking and Anselmo, who was directly behind, stopped his truck. Mr. McCarthy's car collided with the back of it.

Six Steps to Aid Farmer C.C.F. Plan

VANCOUVER, June 23 (CP)—The special committee on agriculture set up at the Cooperative Commonwealth Federation's 1938 provincial convention tonight recommended that six steps be taken to ameliorate the British Columbia farmer's condition.

While "recognizing that any measures taken under the present basis of society are of a temporary nature," the committee suggested:

1. Revision of agricultural taxation with a view to removing the cost of education and other social services from the land.

2. Establishment of an experimental cooperative farm from which practical education and expert assistance towards setting up of producer and consumer cooperatives could be obtained.

3. A health insurance plan to include farmers and their families.

4. The correlation of farm policy in certain districts to development of local industries: cooperative canneries, creameries, forest industry, tourist trade and public works in order to make isolated rural districts as near self-supporting as possible.

5. Establishment of a board or commission having both producer and consumer representation, with power to purchase, sell, grade, pack, store, manufacture and transport, any natural product when requested to do so by a majority of producers. The board or commission to guarantee a price to producers above the prevailing market price with authority to regulate production where a price is guaranteed.

6. That a standing committee similar to the economic relations committee be provided for under section 8 of the C.C.F. constitution.

MORE ABOUT \$30,000,000 DEAL

(Continued From Page One)

The agreement contains no mention of wheat, which the United States desired to include in the deal. It is evident the protest of the Canadian government had some bearing in extending it through the official explanation of the board of trade was that there is insufficient storage in the United Kingdom for extra wheat supplies.

MANY ARGUMENTS
The official explanation of the deal published by the board of trade admitted there were many arguments against the use of barter in commercial transactions. It noted both governments regarded barter as a "reversion to primitive methods of trading which prevents the free flow of commerce and is calculated to reduce international trade to the smallest possible dimensions."

The statement continued that "neither government recedes in slightest degree from this attitude but none of the objections which are legitimate to use barter in ordinary commercial transactions can be urged against this exchange of commodities to be held as a war reserve by the two governments."

"No third party's trade is diminished," it added. "No trade is diverted from its normal channels. All that happens is that stocks which could not otherwise be acquired without great difficulty are made available for use in time of emergency."

One of the great advantages of the deal from the viewpoint of the British government is that it gets around the existing discount of the pound.

The government sees no difficulty in arranging to get the rubber, which is controlled rigidly by the international rubber regulation committee on a world quota basis. Negotiations will be started immediately to buy the extra 80,000 tons but care will be taken that there is no speculation in rubber prices.

Orangemen Urge Support of Canada's Resources in War

WINNIPEG, June 23 (CP)—The Grand Orange lodge of British America, in convention here, tonight passed a resolution urging that in event Britain is involved in war the Canadian parliament be assembled immediately and should promptly give assurance of support of all Canada's resources of man power and wealth.

Other resolutions endorsed urged restriction of profits in manufacture of war materials and prevention as far as possible by legal means of the export of war materials from Canada to countries preparing for war against democratic nations.

FIRST AID EXAMS HELD AT KIMBERLEY

KIMBERLEY, B. C. — The Dominion First-Aid exams were held here in the McDougall hall June 19. There were only three teams from Kimberley competing those being the Junior Girls, Men Seniors and Ladies Seniors. The men were examined at two in the afternoon, the junior girls at four and the senior girls at eight in the evening. Col. Schnell was the only examiner. The teams were as follows: Men's senior: T. New Record of 24 Custom Shippers to Tadanac Plant Third Week June

Ore and Concentrate Receipts at Total 270,459 Tons

Arrangements aiming at a new high in entertainment are under way at Salmo for the annual first of July celebration there. A variety program is lined up, and a variety of entertainment is planned.

A special train will be operated from Nelson to Salmo for the day.

SPECIAL TRAIN TO SALMO FIRST JULY

A new record number of custom shippers for 1939 to date was established when 24 properties shipped to the Tadanac plant of the Consolidated Mining & Smelting company during the third week of June. Twenty-four mines shipped to Tadanac in this period, two more than the previous 1939 record of 22 custom shippers. Their aggregate contribution was below the record total, however.

Ores and concentrates received at Tadanac in the seven days amounted to 11,514 tons, making the total for the year 270,459 tons. Company mines contributed 10,380 tons to the week's total, advancing their aggregate to 248,814 tons.

Custom receipts in the week totalled 1134 tons of which 89 tons was ore. The custom total reached 21,645 tons. The week's custom shippers were:

Ores — Arlington, Slocan City, 50; Capella, Denver Canyon, 14; California, Nelson, 5; Chapleau, Slocan City, 4; Clubine Comstock, 4; Daylight, Nelson, 55; Dentonia, Greenwood, 51; Eureka, Republic, 18; Gold Standard, Penficon, 39; Granite, Taghum, 3; Gray Eagle, Chesaw, Wash, 30; Hewitt, Silverton, 48; Highland Bell, Beaverdel, 14; Highland Chief, Beaverdel, 5; Midway Moyle, 36; Monahan, Lumby, 52; Ruth Hope, Sandon, 29; Silver Ridge, Sandon, 7; Summit Claim, Penficon, 3; Venango, Nelson, 56; Yellow Valley, Oliver, 39. Lack of Typhoid Speaks for Public Health Efficiency

MONTREAL, June 23 (CP).—Typhoid fever has "practically disappeared" from the medical picture and soon will be taught by the professor of historical medicine rather than the clinical instructor, Dr. J. C. Meakins of Montreal told the final session of the Canadian Medical association convention here today.

Dr. Meakins, speaking on typhoid fever in the 1890's and 1930's, said prevalence of typhoid may be taken as a fairly accurate index of the efficiency of the public health administration of a community. If that is accepted, it must be granted that the public health administration in the latter half of the 19th century was deplorable.

Technocracy Has Social, Rossland

ROSSLAND, B. C., June 23.—Successful social was held in the Lower K. P. Hall, Monday evening by the Rossland section of Technocracy Inc. About 60 persons were in attendance, and eight tables of whist were in play. Winner of ladies first prize was Mrs. M. Exner, and ladies consolation went to Mrs. J. R. Bryan. Gentleman high scorer was Morley Newman, and low scorer Charles Tindall. There was music by a local orchestra, which feature was followed by a brief talk and question period on "Technocracy," by Walter Simmonds of the Trail section, whose talk was enthusiastically received. Delicious refreshments were served by the wives of the attending members.

B.C. Cancer Control Plans Program

VANCOUVER, June 23 (CP).—The British Columbia branch of the Canadian Society for the Control of Cancer, with 64 units already operative in the province, today planned a positive program to educate its members on control of the disease. Speakers are being sent regularly to societies requesting addresses on cancer control. A motor caravan of speakers under the auspices of the British Columbia Medical association will penetrate the interior in July, giving addresses on cancer control.

The doctors will motor through the Cariboo district to Prince George and Hazelton and then go to Prince Rupert by train.

The provincial council of the Canadian Society for the Control of Cancer, embracing a total of 3061 members, will hold its first annual meeting here when the provincial Medical association meets Sept. 18 to 21.

WINNIPEG, June 23 (CP).—Mrs. J. L. Weatherby of Moncton, N. B., today was elected grand mistress of the grand lodge of the Ladies' Orange Benevolent association of British America, in annual sessions here. Mrs. H. H. Edgar of Calgary was chosen grand deputy grand mistress.

Worry Saps The Nervous System

Worry over business or household duties, sudden shock, the insane quest for pleasure, the foolish attempt to put a week of normal life into twenty-four hours, feverish activity, the demand for sensational literature are all conducive to the aggravation of wear and tear on the nervous system.

If you are tired, listless, nervous, and worried why not give Milburn's Health and Nerve Pills a chance to help put you on your feet again. They are a body building, nerve strengthening tonic containing the essential elements for the nervous system.

AUSTRALIAN WOMAN GOES NEW GUINEA TO STUDY CULTURE

To Take Shot Gun for Protection and Gifts to Trade With Natives

SYDNEY, N. S. W., June 23 (CP).—Dr. Phyllis Karberry, young and pretty Australian anthropologist, has just left Sydney for New Guinea to live alone for a year in the midst of an unknown tribe of natives.

The Abalam tribe amongst whom she will live has not yet come under anthropologist view and Dr. Karberry's expedition plans to study the tribe's culture and give the results to the world of science.

The district where she will live is in a newly-explored part of Western New Guinea hundreds of miles from any township of appreciable size. She will reach it by plane and foot.

The natives themselves are supposed to be highly cultured and friendly towards the whites. As few have met them and their language is unknown their attitude towards an organized invasion of their haunts remains uncertain.

However, Dr. Karberry is not worrying. She has taken only a shot-gun with her for protection, and will rely mainly on "white man's magic" and gifts to keep at peace with the tribe. Gifts and trading materials will include matches, razor-blades, pieces of cloth and beads. By trading these to the natives, she hopes to obtain her food and shelter.

An Art... Reading Ability Is Essential for All School Study

By GARRY C. MYERS, Ph.D.

Most children in elementary school who have made low grades or failed are poor readers. If the child above the fourth grade failed in history, geography or science, he probably failed in reading. After all, these are subjects in reading. To get on with them the learner must read well. Even in arithmetic, especially in word problems, poor reading often is the cause of failure.

How much more is the high school student hampered if he reads poorly? And how much more still is the college student handicapped?

Many a high school student who frets and worries over his work at school, or in despair neglects it, can read scarcely as well as the average third fourth grade child. Many a college student who barely got by last year, or completely failed in the face of diligent application, even excessive effort and long hours of study, can read no better than the average fifth or sixth grade child. This is not fiction but fact, as published studies have revealed such discoveries.

SPECIAL INSTRUCTION

In some colleges now, and in many high schools, classes are organized to give special instruction in the art of reading, and the results often are astonishingly good.

Suppose, my fellow parents, you have a son or daughter who has failed in high school or college. Suppose this child really wants to go back to school or college next fall and is willing to apply himself at home this summer.

You probably could do most for this youth if you were able to induce him to practice in the art of reading. He should read what he can read with ease, even if it must be at the level of the fourth or fifth grade. It might be well if his program and procedure were directed by a reputable psychologist or reading expert.

But this youth could help himself responsibly if he would read such books as Robinson Crusoe or Treasure Island, very easy but interesting; or mechanical, scientific and

Eastern Star Holds Successful Visitors' Night at Creston

CRESTON, B.C.—Kootenay Chapter Order of the Eastern Star had a successful visitors' night at the June meeting Wednesday. The session was favored with an address by the visiting members of the order from Bonners Ferry and Sandpoint, Idaho, and other points south of the line, and there was about 20 from Kimberley.

The visitors were impressed with the conduct of the chapter work by the worshipful mistress, Mrs. H. Langston, and the other officers, and all were taken with the accommodation and appointments of Creston's new Masonic temple.

One of the features was the tabloid play, "Temple of Friendship," put on by the officers of Kootenay Chapter, which was enthusiastically received.

At the close of the lodge session there was a dinner in the banquet room which was attractively decorated with cut flowers. There were the customary toasts, with appropriate talks from Mrs. F. McGillivray and Mrs. Fay Burocker, worshipful mistress of Kimberley and Bonners Ferry chapters, respectively, as well as Miss Goodwin, a P. W. M., who is here on a visit from Toronto. Musical selections also added to the pleasure of the occasion. After the dinner flowers were distributed to the visitors.

Beaux... Girl Holds Key to Relationships

By CAROLINE CHATFIELD

When the girl who makes her living in business and has her social life on the side and the leisure girl whose business is social life agree that the current crop of boys are innately decent and that the girl holds the key to any boy-girl relationship, we have to admit that the girls who are pressed, propositioned and put upon have been consciously or unconsciously indiscreet or that they have got the culls from the current crop of beaux.

In either event they have to begin all over again, which is hard lines, seeing as how nothing travels faster than news that a girl is easy and since high readers are slow about taking up with a girl whose boy friends have been known to be low-graders. However, it is not a hopeless task, there being several leaves she can turn over for the new start.

First, more frequent dates at home and fewer in cars. This plan not only conserves the boy's cash but it surrounds the girl with safeguards. It is good for the boy's morale to know that papa and mamma are in the offing, not snooping, mind you, but not snoring either. Boys out for funny business abhor home dates with instinctive swiftness. Why should they?

Second, there is an impersonal quality that some girls have down to a fine edge, than which there is no better shield and buckler, it is the highly personal and intimate conversation that veers the masculine train of thought to the side road for parking.

Anybody with a heart sympathizes with the girl who finds herself hard to come by and consequently hard to get. The dates if they will certainly come by again. Naturally the fewer her dates, the more temptation she has. Yet falling for it is fatal as she invariably loses what she was after—a good prospect.

Then it is that the symptoms of man-hating set in—a very bad disease for the girl that hates men and the man that hates girls must do their mating at a distance. What they really hate is themselves for their failure to make good with the opposite sex and they are simply giving a wee bit of sop to their pride by stating it in reverse. Nevertheless they seal their doom to keep distance between them and the objects of their desire, and they always trickles out and spoils the fun of any association.

Woman, 70, Hurt Slightly as Drops From 'Short' Rope

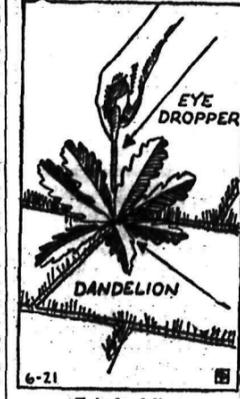

VANCOUVER, June 23 (CP).—Seventy-year-old Mrs. M. McLaughlin looked toward her bedroom last night and then misplaced the key. But that didn't keep her in.

She made an improvised rope from sheets, tied it to the bed and began a one-storey descent out the window.

Everything would have been all right, too, except the rope was six feet short and she was forced to drop to her verandah. She suffered minor injuries.

Kill Dandelions With Chemicals

When a dandelion rears its peaky head in a crevice between the flag stones of a terrace or garden walk it cannot be gotten rid of just by shearing off or pulling out at the green top. The dandelion has deep roots and it will grow again almost as soon as you turn your back. It

Exit dandelions

is not advisable to attempt digging a plant out by hand for this method leaves an ugly hole and too often it is impossible to get all the root. The section of the root remaining in the ground grows just that much more lustily for having been disturbed.

The modern method of destroying dandelions is by using a chemical. The illustration shows the use of an eye-dropper as a death weapon for dandelions. By means of the eye-dropper squirt a few drops of carbolic acid (commercial) or sulphate of iron into the heart of the plant. As these chemicals are poisonous great care must be used in handling them.

Miss Viola Smuda Becomes Bride of H. Hendrickson

KIMBERLEY, B. C.—A wedding of interest took place, June 16, when Viola Smuda, daughter of Mr. and Mrs. Smuda of Saskatoon, Sask., became the bride of Harold Hendrickson of Kimberley. The ceremony was at the Beasborough Hotel and Dr. Wilson of Victoria, former President of the United Church Conference, officiated.

The bride wore a gown of white silk net with lace panels and a bolero of lace. She carried a bouquet of Lady Leslie roses and delphiniums.

The bridesmaid, Dagmar Carlbeck of Kimberley wore a gown of blue silk with bolero and carmine carnations. The groom wore a tuxedo.

Following the ceremony a buffet luncheon was served at the home of the bride's parents, at which thirty guests were present. Later a reception was held in the Grandora Community Hall with two hundred guests tendering their good wishes to the young couple.

After two days spent in Saskatoon they motored to Kimberley by the Banff Windermere highway, arriving in town Tuesday and will take up residence in the Anderson Apartments.

The bride's travelling outfit was a tailored set of heavy silk in a diagonal weave of dull rose color with white accessories.

The groom's gift to the bride was a pair of cameo ear rings. During the marriage ceremony the bride wore a beautiful gold cross with a blue diamond that was given to her great grandmother as a wedding present by her husband.

MRS. McLACHLAN IS HEARD BY INSTITUTES IN APPELDALE HALL

APPELDALE, B. C.—An interesting lecture was given in the Appeldale hall June 20 under auspices of the Slocan City and Appeldale Women's Institutes, when Mrs. V. S. McLachlan of Vancouver, superintendent of the Women's Institutes, spoke on various subjects.

After the lecture gaily refreshments were served by the Appeldale Women's Institute.

SERIAL STORY... WHITE ORCHIDS

By MARIE BLIZARD

CHAPTER 44
When Jessica fled from the breakfast room Eleanor buttered her toast slowly. She did not eat it. Her eyes fixed on the garden scene where humming birds whirred above the blues and lavenders, clustered in a patch of golden sunlight, were darkening.

She hadn't thought much of Jessica's telling Kate that Dennis was going to marry her; she had been more concerned with her having said it than what was back of it.

Dennis had never told her that he loved her. They did not talk of love. It was enough for them to be together and to talk of every other thing in the world. Jessica had said: "Don't pretend, Mother."

She had never told her that she loved her, even in the early days. It was always she who led, and women did not like to lead. It had been increasingly difficult with Phil during these last years when she was nearing the highest pinnacle of success. There was a quality of gratefulness about Phil, a hesitancy and humbleness in his manner that irritated her.

She broke off her thoughts angrily. She was being unfair to herself to think that way. Her thoughts inferred that she had made him as he was.

The day stretched long, empty and irksome to her. She was not in New York for the day and she could not work when she was mentioned in connection with her husband.

"Resolve this," her mind spoke. But she could not. Dennis would be going away soon. Any day now. He had begun to tell herself for many days past that when he went she would miss him as she missed a friend. That was all.

She told it all to herself again. She said it aloud.

Dennis is going away soon. It was nice to have known him. I must put him in a book some day. There, she had said it. It was easy to say.

Annie stood at her elbow. "Did you call, Mrs. Parrish?" Eleanor came back from a long way. "What? ... Oh, no, Annie, I didn't call."

Annie went out and Eleanor pushed her plate away from her, and put her elbows on the table, her hands supporting her temples.

What had it been that Jessica had wanted to tell her? She remembered now the change in Jessica's voice when she had said: "Mother—There had been something desperate in it."

Eleanor got up from the table and went into the garden.

Phil was wedding the best patch. She said: "Why don't you have the gardener do that, Phil? And what do we want beets for anyway?"

He answered: "Come on down, Nell, and help me. There's nothing like wedding beets to get the weeds out of your mind."

"I want to talk to you, Phil." She sat down on the grass at the edge of the patch.

"Fire away."

She put a blade of grass into her mouth and began to weed without being conscious of it.

"What's on your mind?" "She didn't tell you how to start. She couldn't very well tell him about the scene in the breakfast room without telling him more than she wanted to."

He said: "Hey there, don't pull up the beets. I guess you'd better give it up. You were born to be a lily, Nell. You'd better stick to being handsomely arrayed. Some of the roses are ready for cutting."

She was glad of the excuse to get away. She must think of what she had to say to him. He knew her so well that she was afraid he would read her mind. She said: "All right, I'll cut the ropes."

"What did you want to talk about?" "Nothing important," she said, brushing some soil from her picturesque skirt. "We can talk about it later when I don't have to share your attention with the beets."

"Better put a hat on, honey. The sun's hot this morning," he called after her.

Medicos Told Meat Is Not Essential

MONTREAL, June 23 (CP).—If you dislike meat, don't worry about its absence from your diet, providing that diet contains plenty of cheese and milk. The advice came today from a nutrition authority, Dr. E. P. Cathcart of Glasgow, Scotland.

Dr. Cathcart told the Canadian Medical Association convention, "I don't think providing you have plenty of milk and cheese, that meat is essential."

Diagnosing... Abdomen Studied With Instrument

By LOGAN CLENDENING, M. D.

Surgeons are periscope-minded. They have learned to put an electric light on the end of a steel rod, and there is practically no place on the inside of the human body that they can't see. The latest thing is what is known as a peritoneoscope, which is used to look into the inside of the abdomen. In order to operate with this instrument they have to make a hole in the abdomen, but that never bothered a surgeon.

In the old days surgeons used to do what was known as an exploratory laparotomy, by which was meant that the surgeon made an incision into the abdomen and went in to look around to see whether there was anything the matter with you.

When you came out of the anaesthetic, the surgeon always told you that there was something the matter with you.

The peritoneoscope takes the place of this. Instead of an exploratory laparotomy with a hole in the abdomen big enough to put his hand in, the surgeon makes a small incision and inserts the metal tube, turns on the light and examines the inside of the abdomen.

I looked in one once and all I saw was something that resembled a Neon light in front of a movie, but one glance into the peritoneoscope doesn't make an expert diagnostician. It really only tells you what the surgeons see and what they say they do and that the procedure might eliminate a good deal of pain, suffering and distress—physical and mental.

A rising young surgeon of my acquaintance tells me that he can, by means of the peritoneoscope, differentiate between cirrhosis of the liver and congestion of the liver; that he can see cancer of the stomach and intestine, and that he can see through the peritoneoscope particular conditions in the female pelvis which would indicate whether further operation is necessary.

ONLY SHORT STAY
To make this diagnostic procedure the patient has to stay in the hospital only about 24 hours, which is a great saving of time over an exploratory laparotomy.

QUESTIONS AND ANSWERS
"I am a girl 17 years of age and am five feet five inches tall. Could you please give me my correct weight? Also, do fruits contain acid? If so, could this acid cause my face to break out? Does acid cause an itching of the skin?"—T. R.

Answer—For your age and height, you should weigh approximately 122 pounds. You must remember, of course, that the weight greatly depends upon the structure of the body. Nearly all fruits are alkaline-forming; that is, the fruit acids are turned into alkalis in the body. Fruit acids do not cause an itching of the skin, nor will they cause your face to break out.

A gala in the style of 1889 was arranged to recall the days when the duke's grandfather, Edward VII, then Prince of Wales, paid frequent visits to the tower.

Aside from the tower party, the duke's observance of his birthday was to be a quiet one. Friends said he probably would talk by telephone with members of the royal family in London but that there was no set program.

SHRIMP SALAD

Rinse shrimps and take out dark veins. Cut each into three pieces and mix with celery and green pepper cut in small pieces, using three-fourths cup celery to one cup shrimp and one-quarter cup pepper to same.

Moisten with French dressing or mayonnaise, and serve on nests of watercress or lettuce.

FRESH STRAWBERRY OR RASPBERRY ICE CREAM

Ingredients: Pint berries, three-fourths cup sugar, three-fourths pineapple juice, 20 marshmallows, one-half cup milk, one-half pint whipping cream.

Clean berries and mash with sugar. Add pineapple juice. Cut marshmallows in pieces and melt in milk over low flame.

Cool and add berries, sugar and pineapple juice mixture. Add cream, whipped, and place in refrigerator trays to freeze. Stir once or twice while freezing.

All milk may be used instead of pineapple juice and more or less sugar may be needed according to tartness of berries. Serves eight.

HERB COOKERY isn't new. As one punter says, "it's as old as thyme."

Parley, mint, thyme, and sage powder, majoran, bay leaf—these are but some of the fragrant seasonings that have gone into cooked dishes for centuries. The Old Testament mentions many. Caraway seeds were found in the ancient lake dwellings of Switzerland, and mustard was a favorite of the Brahmins in very old India. In America, Indians and colonials exchanged recipes and herbs.

There are three basic ways to flavor with herbs. One is just to add the herbs to the food (like a bay leaf in stew); the second is to mix the green herbs fine and sprinkle them over food before serving, and the third is to use the essence of the herb, like

ANGEL FOOD GINGERBREAD

It takes one-fourth cup shortening, one-half cup sugar, one well-beaten egg, one-fourth cup molasses, one-half cup fresh hot coffee, one and one-half cups flour, one-half teaspoon phosphate baking powder, one-half teaspoon soda, one-fourth teaspoon salt, three fourths teaspoon cinnamon and nutmeg, and a few crushed powdered coriander seeds.

Cream shortening with sugar. Add egg and molasses. Mix. Add coffee; sift flour, measure and sift with baking powder, soda, salt, spices and coriander seeds. Add to first mixture. Beat until smooth. Pour into well-oiled baking pan. Bake in 375 degree F. oven 30 minutes. Top with whipping cream.

"I Just Can't Go On"

"I just feel awful. I have headaches and eye-aches. I can't sleep. I am nervous and irritable and now I shall have a nervous breakdown."

This is the story physicians are hearing every day. It is the story of women who are breaking under the tremendous nervous strain of recent years. Rest you must have and also restorative food treatment such as Dr. Chase's Nerve Food is urged to help a woman get her nerves and blood and build new vigor into the nervous system. A little perseverance and the stress is relieved and the woman who has been broken by this method that is not likely to fail you.

dill pickle juice or tarragon vinegar. Learn to use herbs and spices and your cooking will take on new aroma and flavor

MEAT PATTIES

There are meat patties and meat patties. The recipe for these meat patties is something special, making this dish an epicurean delight. Recipe requires one egg, one and one-half teaspoons salt, one-fourth teaspoon pepper, one and one-fourth cups milk, one cup bran, one pound ground round steak, two tablespoons finely-chopped onion, two tablespoons chopped parsley and 10 slices bacon.

Beat egg and add salt, pepper, milk and bran. Combine meat with onion and parsley. Add soaked bran and mix well. Form into cakes about two inches in diameter and one inch thick.

Wrap slice of bacon around each cake and fasten with skewer. Bake in 450 degree F. oven for about 30 minutes, or broil for 20 minutes. Serve with Spanish sauce. Five servings.

BOUQUET GARNI

It is made with six sprigs of parsley, stalk of celery, one sprig of thyme, one sprig of mint, whole black peppers and two cloves. Place other ingredients within the parsley sprays and tie well to prevent them from falling out.

SALAD DRESSING

One teaspoon each salt, dry mustard, sugar and paprika, one-fourth teaspoon cayenne, two tablespoons catsup, one cup oil, one-fourth cup vinegar and one three-ounce bottle of stuffed olives.

Mix all dry ingredients and catsup together. Beat well. Add oil, one teaspoon at a time, beating well after each addition.

Add vinegar gradually, beating constantly. Add stuffed olives. Chill. Makes one and one-half cups dressing. Serve on green salad.

Inspector Thinks Modern Children Are More Selfish

VANCOUVER, June 23 (CP).—Vancouver School Inspector Owen J. Thomas thinks the boys and girls of today are more selfish than were their mothers and fathers and lack the courtesy and good manners of previous generations.

Speaking before the closing session of the Canadian Physical Education association convention last night, the school inspector said the younger generation of today was "infinitely superior" in some ways to boys and girls of 15 years ago.

"But," he said, "they are a good deal more selfish than we were and that is resulting in a lack of good manners and courtesy."

Passmore Institute Sees Work Exhibits of Mrs. McLachlan

PASSMORE, B. C.—Members and visitors from Passmore, Slocan Park and Vallican were present at a special meeting of the Slocan Valley Women's Institute when Mrs. V. S. McLachlan, superintendent of B. C. Women's Institutes, arrived here on Monday. She was accompanied by Mrs. H. H. Pitts and Miss Nancy Dunn of Nelson, who gave a short talk on the advantages to be gained, especially for the children with a public health nurse visiting the district.

When the rugs and mats, part of the exhibit brought by Mrs. McLachlan, were laid on the floor, inside the circle of chairs, showing to advantage the gay flowers decorating the tables, they formed a suitable setting.

Mrs. McLachlan told of the handicrafts that had ready sale with tourists, stating how the institute could benefit by sending a delegate for instruction.

When asked "What did the Women's institute do anyway?" she replied "they do a lot of things any way, and told of four cases, where crippled children were helped to health and happiness by the institute.

The importance of buying B. C. goods was stressed, and strongly advised all who liked other drink than water to drink apple juice and continue to do so to the benefit of B. C.

Questions were asked regarding the lack of minerals in the soil, especially in the water soaked land. The department of agriculture was looking into the matter and hoped to find a fertilizer to supply the need.

Great interest was shown in Mrs. McLachlan's exhibit, made of hooked, knitted and braided rugs, works of art made out of discarded clothing. The brooches, buttons and pendants made of B. C. wood, highly polished, looked like gems.

A dainty supper was served. Mrs. G. Ward served the coffee. Mrs. F. Soucy, assisted by Mrs. C. Harrison, out of the loss. The president, Mrs. F. Soucy, conducted the meeting.

A hearty vote of thanks was given Mrs. McLachlan.

Creston Aux. Heads Garden Party Report

CRESTON, B. C.—Fifteen members were out for the June meeting of Creston Hospital Women's auxiliary at the United church hall, Thursday afternoon, with the president, Mrs. Frank V. Staples in charge.

There was a report from some of the 30 members who attended a home of Mr. and Mrs. Kenneth Wallace, Boswell, June 14. The buying committee reported the need of pot holders at the hospital and would appreciate donations of these.

The next finance-raising venture will be a bridge tournament, for which arrangements will be made at the September meeting.

There will be no meetings in July or August. The executive will attend to all urgent business. All interested are advised that they can obtain at the hospital a supply of empty sealers for filling for the annual canned fruit and vegetable season.

There was a half hour of sociability at the close of proceedings. The hostesses were Mrs. J. S. Graham, Mrs. J. V. Murray, Mrs. Gib Sinclair and Mrs. H. A. Powell.

Crawford Bay Women Aid Men Rebuilding Razed Reilly Home

CRAWFORD BAY, B. C.—At a special meeting of the Women's Institute Mrs. Watson, president, being in the chair, Mrs. Mooney and Mrs. Fisher were elected to assist the men's committee, already formed for the reconstruction of the Reilly home.

Mrs. V. S. McLachlan of Victoria, superintendent of the Women's Institutes for B. C., gave an interesting talk on institute work and handicraft and showing several articles.

Several questions were asked and a hearty vote of thanks was tendered to Mrs. McLachlan.

Members from Gray Creek attending included Mrs. G. Oliver, Mrs. Bentham, Mrs. Clark and Mrs. Lymbury.

Mrs. R. Simpson Heads New Cub Auxiliary at Cranbrook Meet

CRANBROOK, B. C.—Mothers of Cub packs No. 2 and No. 3 were present last Friday when formal organization of the new Cub's auxiliary was completed by election of permanent officers. They were: president, Mrs. Robert Simpson; vice-president, Mrs. Carl Gill; secretary-treasurer, Mrs. S. E. Bliard.

The meeting was at the home of Mrs. E. S. Jones on Garden avenue, and serving tea were Mrs. D. Philpot and Mrs. A. E. Jones.

Enthusiasm marked the meeting and plans were laid for a program to begin next fall. Activity of the Cub's is suspended during the summer holidays, consequently the new auxiliary will not start regular meetings until fall.

The first meeting is scheduled early in September at the home of the president, Mrs. Simpson.

Purpose of the organization will be to give mothers of member Cub's in Cranbrook an opportunity of helping the Cub troops with financial aid for badges and kerchiefs. The probabilities are they will also assist in catering for various Cub parties.

Sign of Iron... Plenty of Protection Against Sun Needed if Skin Freckles Easily

By DONNA GRACE

They're here again! Settled on pretty noses and arms and shoulders. Right at home. Just as they were last year and every other year. The freckles, we mean.

It is not so tragic as it may seem. Freckles are not skin blemishes in any sense. If we would only permit ourselves to believe it, they are an indication we have plenty pores. After that an oil mask will keep the skin smooth and soft.

To make the mask cut a piece of gauze or thin layer of cotton large enough to cover the face and neck. The oil mixture is made of one tablespoonful of olive oil, one teaspoonful of pine or lavender oil.

It is more penetrating when used warm. Leave this on for ten or fifteen minutes and remove with tissues and cleansing cream. Sponge the face with rose water or a mild astringent and apply your make-up.

Writer at Galento's Camp Almost Ready to Believe He Has Something

By GAYLE TALBOT

NEW YORK, June 23 (AP) — Sports writers should stay away from Tony Galento's training camp before they catch themselves picking the big palooka to knock out Joe Louis for the heavyweight championship next Wednesday night.

There is something about the place that gets a man and it isn't necessarily Madam Bey's home cooking. Maybe it's the heavy air of the New Jersey hills. But the Galento of today, five days before the fight, looks like a mean proposition to face in a small ring. He has worked himself into finer condition than any of the local critics thought possible. That beer stomach of his has almost disappeared, and in its place is only a hard bulge that seems to fit in with the rest of his strange physique.

Four Presentations Are Made at F. A. C. Banquet

Arthur (Gentleman) Smith succeeded Mayo as holder for his performance in midge ranks last season. In 16 games last year, the quiet-spoken player secured 42 points and spent not a minute in the penalty box.

Mr. Fleming reported that he had had recent talks with Mayor N. C. Stibbs and three aldermen, and they declared immediate action would be taken in the near future, perhaps even next week.

Mr. Inouin, a past president, was pleased in the manner old club traditions were being carried on, and stated he would cherish the memorial all his life.

Others who spoke briefly were Steve Smith, who graduated in honor membership of the club in recognition of conspicuous and meritorious service for the interests of the club.

Trail Athletic Body Busy With July 1st Trials

Trail Cards Take 2nd Place; Trounce Rossland Miners

Howard to Take Nelson Mound at Trail on Sunday

Nelson baseball seniors go to Trail Sunday with one thing foremost in their minds, that is to defeat the Cards and jump back into second place in the West Kootenay standings, but this time in sole possession of the runnerup spot behind the Salmo Miners.

Cardinals showed they were going to be tough to beat after the sound beating they handed Rossland Wednesday. However Nelsons will be out to get revenge for the two losses they have suffered, one in league and one in exhibition.

Officials of the Nelson team indicated that Vic Howard might take the mound against the Cards on Sunday. Vis hasn't been on the hill for some time as the team boasts a fine mound staff.

The youthful southpaw shut out the Cards 2-0 in an exhibition in May and officials are confident he can duplicate the feat.

However, a last minute change might send Betty Guthrie in to face the smelter city squad. Two weeks ago he pitched against the Cards but a drizzling rain and resultant poor support cost him the game as his opponents overcame a Nelson lead.

Player who will make the trip are Doc Chodoroff, Gordon Richards, Roy Anderson, Walt Gelling, Don Grice, Art Scribner, Ernie Beland, Vic Howard, Betty Guthrie, Jake Allen, Steve Smith, Jack Brown, Tommy McInnes and Jimmy Eccles.

Eccles and Beland are two more recruits in continuation of President T. Con Cummins' youth program in Nelson baseball. Both are outstanding juniors with lots of promise, and although they probably won't break into the lineup as regulars for some time they will gain lots of valuable experience.

The Trail lineup will be composed of Coach Louis Demore, Brick Edmunds, Julie Bilecky, Gerry Simpson, Sprunoff, Wolfe, Bars Dimock, Andy Bilecky, Don Michalek, Buck Ewing, Fleming, Ken Stanton.

Minerline at Rossland, Salmo and the Golden City Miners are scheduled to get into action to round out the day's league play. If Nelson should lose and Rossland win, the latter club would jump into third place ahead of the Nelson team.

Blairmore Goes Into 3-Way Tie in Crow Ball With 12-7 Win

NATAL, B. C. — Coming from behind in the ninth inning two men were down, the Blairmore Columbia Club Cardinals kept pace with the other league leaders to defeat Elk Valley Senators 12-7 in a Crow's Nest Pass Baseball league game played at the Elk Valley ball field Sunday. It was witnessed by a large crowd.

Neither of the starting pitchers finished the game as both teams collected no less than 12 hits apiece during this free hitting affair.

6-Team Ball Tourney to Feature Kimberley July 1 Celebrations

KIMBERLEY, B. C. — Gala plans are being laid for the Dominion Day celebrations hereto give district people a grand day.

A monster baseball tournament in which six teams will compete has been lined up. Teams to compete are Couer d'Alene, Kellogg, Sand Point, Sagla and Cranbrook and Kimberley. Other teams applied to be admitted to the tourney but the officials cut the list down to these teams to ensure close and fast competition. It promises to be the biggest in several years.

Other plans for the celebrating are well completed and many visitors are expected to come into town for a fine day's entertainment from early morning to late at night, continuing to Sunday afternoon when the finals of the ball tourney will be played.

Madden and Lewis Go Into Finals in Canadian Tennis

WINDSOR, Ont., June 23 (CP) — Handsome Bob Madden of Detroit hotter than the sultry day itself, whipped the favored Martin Buxby of Miami, Fla., on the clay courts of the Windsor Tennis club today to enter the men's singles final against Morey Lewis of Texarkana, Texas in the Canadian tennis championships.

Madden, Michigan's No. 2 player and a former university of Pittsburgh student, threw at Buxby's all-around game a superb running attack that swept the match in straight sets, 6-1, 7-5, 6-4. Defeat of the No. 14 United States player of 1938 was the tournament's biggest upset.

Elizabeth Blackman, Detroit City champion, defeated the more highly regarded Eleanor Young of Vancouver, No. 2 in Canada, 8-6, 7-5 in women's singles semi-finals. In tomorrow's final Miss Blackman will play Mrs. Rene Bolle of Montreal, winner over Constance O'Donovan of Detroit, 6-1, 6-3.

Lewis, 20-year-old star from Kenyon college, Gambier, Ohio, scored a convincing 6-1, 7-5, 6-3 success over Carl Fischer of Detroit, the Ontario champion. Fischer is rated No. 1 in Michigan ahead of Madden.

Allen McDonald, 17-year-old star from Wichita, Kas., displaying a fine net game, won the junior men's championship by defeating Irving Levine of Detroit, 6-3, 6-1, 6-1.

The lively Toronto team of Bill Pedlar and Phil Pearson, both former of Vancouver, entered the men's doubles final against Lewis and Frank Froehling.

Mrs. Zeile, and Mrs. A. R. Porrett of Montreal reached the women's doubles final, stopping Mrs. Sylvia Campbell and Mrs. Jean Hoxie of Detroit, 6-1, 6-1. They will play Louise and Elizabeth Blackman of Detroit, winners over Miss O'Donovan and Mrs. Esther Politzer of Detroit, 6-3, 6-0.

Leading Nelson Golfers in Open Tourney, Trail Titleholders Enter; Former Champion Returns

Nelson will be represented in the Kootenay men's open golf championship at the Rossland-Trail Country club this weekend by competition headliners. The Nelson representation is not expected to be large, but it is expected to provide championship flight competition.

Among those who left Friday night to be ready for early qualifying draws this morning were Robert Watson, club champion; Carl Carlson, champion of the Labor Day tournament; Ken McBride, Leigh McBride and James Allan, leading younger golfers; and R. L. McBride, a veteran sportsman.

George Shaw, a former Nelson resident who consistently picked off championships during his residence here, arrived in the city Friday from Vancouver, en route to Trail to enter the tournament.

A Nelson veteran who has missed few of the Kootenay tournaments for years past, T. R. Wilson, will be unable to compete this year due to sickness. Mr. Wilson felt keenly about missing the tourney at Trail.

A heavy run of local competition climaxed with the Commercial Travellers tournament is largely responsible for the Nelson representation being down somewhat in number, club officials state. Those competing, however, looked forward with considerable anticipation to playing over the extended course of the Rossland-Trail club. The extended course will be open for play the first time this weekend.

New York Giants Blank Cincinnati

A fumble by Hennie Mueller in the ninth inning permitted Stan Hack to score the winning run yesterday and give Chicago Cubs a 4-3 National league baseball victory over Philadelphia. It was Chicago's fourth straight win and their sixth victory in seven starts.

Making his first start since May 30, big Russ Bauers held Brooklyn Dodgers to seven hits as Pittsburgh Pirates won 2-1.

Bill Lohman shut out the league-leading Cincinnati Reds on two hits as New York slammed out a 7-0 victory. It was the first shutout of the season for any Giant hurler.

One big inning—the seventh—gave Cleveland a 12-5 victory over the Athletics today and Bob Feller his 11th win of the season.

Detroit Tigers landed on Dutch Leonard with a big seventh-inning rally to defeat Washington 7-4.

Postponement: National, Boston at St. Louis (rain, doubleheader June 25); American, St. Louis at New York (rain, doubleheader June 25); Chicago at Boston (rain).

County Cricket

LONDON, June 23 (CP Cable) — Positions in the English county cricket championship remained virtually unchanged today when leading teams recorded victories over counties in the lower half of the table. Yorkshire's victory over Glamorgan yesterday kept the White Rose County well in the lead.

Leicestershire has yet to capture a point in the competition. Today the eleven fell to Derbyshire by nine wickets.

LOUIS AND GALENTO HAD BETTER WATCH ROUGH STUFF SAY BOSSES

By SID FEDER

POMPTON LAKES, N.J., June 23 (AP)—Possibility of a "pier 6 brawl" between Joe Louis and Tony Galento in Yankee stadium Wednesday night had the New York state athletic commission in such a dither today it was ready to toss the book at the two battlers as a warning.

General John J. Pheal, commission chairman, was so irked at reports of a rough and tumble that he waved the entire rule book under the noses of a dozen or so assembled fight writers to prove such a thing can't happen here.

"Why," the general emphasized after putting the official okay on Joe at his training camp here, "if such a thing comes to pass, either or both men can be disqualified."

Neither Louis, who took today off and will wind up training with four rounds of sparring each tomorrow, Sunday and Monday, nor the Orange barker, (Galento) who works out today, Saturday and Sunday, were particularly excited about the general's to-do concerning the rules.

"Yee this," Tony told the boys at his Summit, N.J., camp, holding out a short, thick left arm. "Well, we'll just flatten dat bum with dis baby."

"What for all the fuss," was Louis' comment. "I ain't gonna do no fouling. We can still throw lot of tough punches without putting them where they ain't supposed to be."

Harvard Beats Yale in Rowing Classic

NEW HAVEN, Conn., June 23 (AP)—The Harvard Varsity crew, stroked by Bill Rowe of Cincinnati, beat out a smashing climax to an otherwise ordinary season tonight by rowing a front race all the way to whip Yale by 1 1/4 lengths.

This climactic four-mile contest of the 7th regatta on Thames found the Harvard Varsity crew in second successive sweep of the river. The yearlings won by nearly three lengths and the junior varsity by a length.

The Vancouver shotmaker, who started swinging golf clubs while he was still practically in rompers, and the easy-going defending champ, came through with easy victories in gruelling, 36-hole semi-final rounds today.

Black, Vancouver city and British Columbia amateur champion seeking to add the P.N.W. to his string and become the first British Columbian to annex the crown, defeated Lee Griffith of Seattle, the tournament "dark horse," seven and five.

Maintaining the smooth steady pace he has set throughout the tourney, Westland knocked out the last of a trio of ex-champions in Harry Givan of Seattle. He eliminated the former Walker cup star, a two-time P.N.W. winner, seven and six.

Black took a three up lead in the first nine holes against Griffith. At the 27-hole mark the Vancouver shotmaker was five up and ended the match on the 31st green.

Kenny Black to Meet Westland for P.N.W. Title

LONDON, June 23 (AP)—Baron Gottfried von Cramm, Germany's handsome ex-Davis cup star, thrashed America's No. 1 player, Bobby Riggs, 6-0, 6-1, in a fantastic semi-final of the London grass courts tournament at the Queens club today.

von Cramm won two hard games at the start of the match, then took nine more in a row before the bewildered Riggs managed to win his only game.

In tomorrow's final von Cramm will play Ghaus Modhamed of India who beat Scotland's J. G. Colman in the other semi-final, 6-4, 6-2.

And for the second straight year Jadwiga Jedrejowska of Poland and Mrs. Hilda Krahwinkel Sperling of Denmark will play for the women's title. The Polish star defeated Mrs. Sara Palfrey Fabyan of the United States 11-9, 2-6, 6-4 and Mrs. Sperling eliminated Peggy Scriven of England, 6-4, 6-2 in the semi-finals today.

UDL Gins have what it takes!

DON'T buy UDL London Dry Gins because they are made in Vancouver, but because they're GOOD! They are good because United Distillers Limited have access to every element and ingredient necessary to make the most perfect gins in the world! First, they have exclusive use of generations-old secret formulas that have made the London Dry type of gin famous. These recipes are known only to the English master gin distiller who is under contract to UDL until he retires. Then, they have access to unlimited supplies of Vancouver's snow-pure, non-alkaline water, ideal for distilling purposes.

Add to this the expert choice of berries, herbs and roots from the world's finest, together with strict Federal Government supervision of distilling, and you have the reasons why UDL London Dry Gins are "Famed Across the World".

World Hiker, 72, Visits Kimberley

KIMBERLEY, B. C.—Jean de Vaudreuil, a native of Belgium, aged 72 years visited Kimberley throughout the world. He started in 1920 and has traveled 55,641 miles and visited every continent and almost every country.

He is hale and strong in spite of his advanced age.

He carries a book with pictures of the places visited and letters from leading citizens of many places.

He is on his way to Vancouver then to western United States and Mexico.

Child's Body Found in Okanagan Lake

PENTICTON, B. C., June 23 (CP).—The body of two-year-old Gertrude "Toots" Reno was found by searchers in Okanagan Lake yesterday. She was found in a boat which apparently fell into the water near Penticton.

The child left her home yesterday to visit her grandfather two blocks away. She was not missed for several hours.

British Columbia police organized a search party and called Constable Harry Carlin from Coalmont with his dog, a German Pinscher trail dog.

The dog traced the girl's footsteps from her home to a point above a bridge over the creek.

Heroism of Squalus Rescue Is Recorded

PORTSMOUTH, N. H., June 23 (AP).—Unstinted praise for men whose lives swayed in the balance when they rescued 33 members of the crew of the submarine Squalus was put in the record of a United States naval court of inquiry today by Rear Admiral Cyrus W. Cole, commandant of the Portsmouth naval yard.

The heroism of Divers William Braders of Washington and John Mikalowski of Rochester was given particular attention.

"Divers Braders and Mikalowski went down with full knowledge that if they were incapacitated or temporarily knocked out there was no chance on earth of their being rescued," Admiral Cole testified.

Injured Man Is Known at Cranbrook

CRANBROOK, B. C.—Court records in the Vancouver papers last weekend carried the story of a settlement of \$8000 and costs awarded to George Alexander Leitch, 63-year-old retired lumber man, 2632 West Ninth avenue against William J. Hooper, merchant, for injuries sustained December 24.

Mr. Leitch was struck by an automobile while walking to a safety zone to board a street car.

The accident occurred last Christmas Eve, and Mr. Leitch spent several months in St. Paul's hospital with a broken leg.

He is well known in this district and has visited here several times in the past couple of years with his brother, Archie K. Leitch, of E. Timber Preservers at New Westminster.

The Leitches were among the first residents of Cranbrook arriving here in 1898.

Propose Death Penalty for Money Smuggling

ROME, June 23 (AP).—The death penalty may be invoked in Italy in extreme cases of money smuggling.

Officials said today that a law was being drafted to refer money exchange cases to a special tribunal for defence of the state, with "death penalty for the guilty in the most serious cases."

Cranbrook Man Dies in Apparent Poverty, Had \$6933 Bank Balance

Application for letters of administration were made in County Court in the estate of the late Mabelle Tutton who died March 24. Assets in B. C. amounted to \$1,682.50. C. J. Spreull is solicitor. The letters have not been issued yet, pending filing of bond.

In the estate of Alice Reade, late of Cranbrook who died March 22, application for letters of probate in County Court was made April 26 and granted May 1. Alan Graham is solicitor. Assets in B. C. amounted to \$2,139.00 and outside the province \$10.00.

In the estate of Charles Ross MacDonald who died at Drury, Ontario, application for letters of administration was made May 5 by Alan Graham. Amount of the estate was \$3802.80.

Issuance of letters of administration in the estate of Margaret Amanda Dickson, late of Kimberley who died on April 8 is pending filing of a bond. Assets in the province amounted to \$1006.00. Solicitor is Alan Graham.

Assets in the estate of C. A. Cock who died here April 20 amounted to \$1941.17. Application for letters of probate was made May 25 by the solicitor, G. J. Spreull. Mrs. M. A. Beale was named executor, and letters of probate were issued in County Court here by Judge W. A. Nisbet June 7. As Judge Thompson was one of the beneficiaries authorization of a County Court Judge outside the district was required.

Letters of administration were applied for in the estate of David A. Sutherland who died at Kimberley February 4, and were refused by the deputy registrar pending filing of a bond and the matter was referred to Judge Thompson. Listed assets in B. C. amounted to \$894.27. Alan Graham is solicitor.

Letters of administration were applied for and granted June 7 in the estate of Anthony Ozgar, or Orgivik, or Orkucik, who died apparently in poverty May 3. G. J. Spreull was solicitor. It was found on investigation of his effects that he had a bank balance of \$6933.29. From this amount various hospital, hotel and food debts will be paid, as well as funeral expenses. If no relatives of this man are found the remaining sum will revert to the government.

Four naturalizations have been completed in County Court in the past few months.

Application of Giuseppe Cattaruzo, Italian, a laborer, resident at Kimberley, for British citizenship today was accepted by Judge Thompson on June 6.

The application for British citizenship filed by Raoul August Bedy, resident at Skookumchuck, listed as Swiss was approved June 6th.

Application for citizenship of Ludwig Hansen Osteng, chute loader of Kimberley, a Norwegian, was approved June 7.

Citizenship was granted the same day to William Woodske of Canal Flat, teamster, and a native of Russia.

BUSINESS OPPORTUNITIES

AUTO ACCESSORIES
Opportunity to Go Into Business for Yourself in a Western Auto Supply Co. Ltd. Franchise Dealer Store in Nelson.

The Western Auto Supply Company, Ltd., which has been operating a store in Vancouver, B. C. for almost two years, is now franchising a few Western Auto authorized dealer stores, home-owned, in a number of thriving cities in British Columbia.

This plan is similar to the one now being used by the parent corporation, the Western Auto Supply Company of California, which operates more than 200 of its own branch stores in the western section of the United States, and which has nearly 100 franchised dealer stores already in operation and their owners are making money.

You can become the owner and operator of a Western Auto Supply Company, Ltd. authorized dealer store if you are a man of good reputation, with some retail selling experience and are prepared to make a minimum investment for merchandise and fixtures of \$4,000 to \$6,000.

We expect these franchisees to go fast, so we suggest you act at once if you want to make money now and provide for your future. Write C. E. HIATT

Cooperative Marketing of Farm Products Act Comes into Force

OTTAWA, June 23 (CP).—The act to assist in the co-operative marketing of farm products other than wheat came into force today by proclamation. Hon. J. G. Gardiner, minister of agriculture, announced that the measure, passed at the recent session of parliament, had been proclaimed.

The act authorizes the government to guarantee initial prices paid to producers by co-operative associations handling any farm product. The guarantee may equal but not exceed the average market price of the product involved for three years prior to the arrangement.

Mr. Gardiner, who leaves tomorrow on a vacation trip to Saskatchewan, said numerous inquiries about the act had been received from co-operative associations in all parts of the country, handling practically every type of farm product.

Application of the act to any co-operative enterprise will be governed by regulations to be entered before the government and the co-operative.

The act was one of several important agricultural measures adopted at the last session of parliament. A companion measure was the act to assist in the co-operative marketing of wheat, which has not yet been proclaimed.

It authorizes the government to guarantee co-operatives against loss when they pay an initial price of 60 cents per bushel for wheat, basis No. 1 Northern at Fort William.

This year's wheat crop, however, will likely be marketed under the amendment to the Canadian wheat board act which fixes the initial price payable by the board at 70 cents a bushel.

Fine Weather Starts Strawberry Shipping From Outside Points

CRESTON, B. C.—After 21 days, 13 of which were showery, and the balance providing a minimum of sunshine, Thursday was June's first bright day, and the steady sunshine and accompanying heat has started strawberries coming from all districts, except Arrow Creek, which is a week or ten days later than other points.

Wyndel, with a prospective crop of 30,000 crates, shipped its first straight carload, Wednesday, and the movement is expected to be strong from that point for the next ten days. To take care of the usually heavy local express movement the Canadian Express Company swing messengers Harold Speers, came on duty Wednesday morning.

For the strawberry season he will operate between Wyndel and Crow's Nest. For the raspberry season he covers the territory from Nelson to the Alberta boundary.

Opinion is sharply divided as to the loss the wet June has brought the strawberry grower. In some quarters there is an inclination to figure a reduction of 15 per cent. Others, however, hold that the excess moisture will bring small berries to a size that will more than make up for any loss due to water spoilage.

Wyndel is fortunate as the district has much acreage in British Sovereigns, which mature late and will have only suffered a minimum of loss. Another factor in their favor is that the purchases for jam usually come later in the picking season.

C. M. & S. Golden Rose Output \$30,273

TORONTO, June 23 (CP).—New Golden Rose Mines Limited, a subsidiary of Consolidated Mining and Smelting Co. today reported May output at \$30,273, compared with \$44,170 in May, 1938.

Operating loss was \$1100 against operating profit of \$6450 in the corresponding period a year ago.

Credit Union Act to Be Explained Through Interior by Tourers

VICTORIA, June 23 (CP).—J. Pitearin Hogg, legislative counsel for the government and two university students will travel this summer through the interior of British Columbia to explain to interested persons operation of the Credit Union Act passed at the last session of the legislature. Attorney-General Wismer announced today.

Market and Mining News

Wall St. Stages Modest Rally

NEW YORK, June 23 (AP).—A little short covering and quick-turn buying, based on the belief sellers were about out of ammunition, enabled selected stocks to pry on a modest rallying stride in today's market.

While the activity was still a matter of concern for the commission houses, transfers of approximately 475,000 shares were among the largest in several sessions.

The business outlook, brokers thought, provided the principal incentive to recover. At that, skeptical traders were plentiful and those inclined to stick to neutral territory pending more assurance stocks may be at or near bottom.

Securities in European centres failed to exhibit definite trends, although weakness was scarce in any quarter. Bonds acted better toward the finish, as did commodities.

Favorable share performers included U. S. Steel, Bethlehem, Youngstown Sheet & Tube, General Motors, Montgomery Ward, Sears Roebuck, Allied Chemical, American Can, Spicer Mfg., Industrial Rayon, Celanese, Great Northern and N. Y. Central.

Distillers fell back a major fraction in the Canadian group while Lake Shore edged forward. Most others were neglected. Dominion 48 shaded lower.

Chicago Wheat in Strong Recovery

CHICAGO, June 23 (AP).—The wheat market staged its strongest recovery in three weeks today, rallying more than a cent a bushel from the lowest prices quoted here in two months.

Factors that helped to reverse the market's recent downward course included revival of milling demand, congressional approval of the farm benefit program and scattered unfavorable crop reports from the spring wheat belt.

Wheat closed 1 1/2 cents higher than yesterday, July 69 1/2-3/4, September 70 1/2-3/4, corn 1/2 cent up, July 85 1/2-3/4, September 86; oats 1/4-1/2 higher.

Japanese Salmon Deal Not Possible Says Trade Journal

LONDON, June 23 (CP Cable).—The trade magazine "Food Industries Weekly" today said Japanese cannery interests had decided there was "practically no possibility" of selling £1,700,000 (\$8,000,000) worth of surplus salmon in the United Kingdom market.

The magazine, which denounced the prospective deal on Monday, demanded government action to prevent Japanese salmon getting into the country's food stores. It said action now was unnecessary but called on the government "to close the food markets of the British Empire to Japan and spend our own money with our own people."

Royal Visit Credited for Better Business in Canada Says Bank

MONTREAL, June 23 (CP).—Business has been showing a greater buoyancy than has been noticeable for some time past, a business summary issued by the Bank of Montreal said today.

"For this improvement substantial credit is being given to the tour of Their Majesties through the Dominion and its wonderful success," the summary said.

"Apart from the special expenditures for which it was responsible and the large tourist business which it attracted from the United States, it generated far and wide a spirit of pride and confidence both in Canada and in the British Commonwealth, and this in turn created a feeling of optimism that the clouds which have overhung the international sky will some day pass."

Wheat Futures Up Due Export Demand

WINNIPEG, June 23 (CP).—Increased export demand coupled with light offerings, today boosted wheat futures prices for the first time this week on the Winnipeg grain exchange.

At the close values were 1/2 cent higher with July at 58 1/2, October 59 1/2, November 61 1/2, and December 61 1/2-3/4.

In the coarse grain pit rye was a feature, advancing one cent a bushel at top levels.

There was sufficient support to absorb the early liquidation and offerings in the last half of the session were very light. Support came from export houses who were reported to have taken 500,000 bushels from the pit.

Liverpool, after displaying an early firm trend, closed off fractionally.

Exporters were in the cash wheat market for No. 1 Northern and they all sought No. 4 Northern and 2 Durum but offerings were limited. Spreads generally were unchanged.

Gold Irregular in Slow Coast Trade

VANCOUVER, June 23 (CP).—Gold prices were irregular at the close of quiet trading on Vancouver stock exchange today. Oil and base metals attracted little attention and transactions totalled 40,000 shares.

Bralorne gold on the plus side, was up 10 cents to 12.10 and Sheep Creek gained 2 at 1.22. Premier was up 1 to 1.88 while Reno finished at 53 1/2, one cent above Thursday's closing bid. Privateer at 1.20, Kootenay at 77 held unchanged. Cariboo Gold Quartz dropped eight cents to 2.02 in fair trading as Pioneer dipped 2 to 2.50. Relief Arlington was fractionally lower at 13 1/2.

Royal Canadian oil at 19 1/2 and Anacosta at 8 were down fractions and Home remained unchanged at 2.25. Other leading issues were inactive.

Wall Street Banks to Holiday Saturdays

NEW YORK, June 23 (AP).—Saturday holidays during July and August were assured for a large part of the Wall Street financial community today as the New York Clearing House association and its 19 member banks voted to take advantage of recent state legislation authorizing permissive closing.

This marks the first time a substantial part of the New York financial organization has followed the custom of some of the leading European financial centres of taking a long weekend.

Whether the stock exchange will follow the lead of the clearing house banks, representing the largest banks in the city, remains to be seen.

CARLOADINGS UP

OTTAWA, June 23 (CP).—Car loadings in Canada in the week ended June 17 totalled 43,888 cars compared with 42,497 the previous week and 43,289 in the corresponding week of 1938, the Dominion bureau of statistics reported today.

Compared with last year's loadings there was an increase of 1189 cars for 1939 pulp and paper and other forest products 360. Livestock was down 128 cars, coal 187, coke 3, pulpwood 387, ore 88, merchandise 364 and miscellaneous 437 cars.

TORONTO, June 23 (CP).—May production at East Gedul Mines, Limited, South African producer in which Dome Mines, Limited, holds 2.50 per cent, totalled \$1,589,910 compared with \$1,280,000 in April. Operating profit increased from \$688,890 to \$993,440.

HERRIDGE TO MAKE WESTERN TOUR

OTTAWA, June 23 (CP).—Hon. W. D. Herridge, leader and founder of "the new democracy" and former Canadian minister to Washington, will address a meeting in the interests of this new political movement before the district trades and labor council in Toronto, Wednesday evening, June 28.

Mr. Herridge will then go to Regina where the Saskatchewan convention of the new democracy movement will be held July 3 and 4. Following the convention Mr. Herridge will make a series of speeches in the west.

AUNOR LEADS IN TORONTO PICKUP

TORONTO, June 23 (CP).—Trading showed a little more action late today, encouraged by strong leadership from Aunor.

Aunor Gold accounted for about 40,000 shares in advance to a new high at 2.69. The close around 2.65 was up 1/2.

Prices were up narrowly for Pickle Creek, MacLeod-Cockhutt, Perron, O'Brien, and Leitch. Hudson Bay and Pend Oreille finished on top while final prices were off narrowly for Sudbury Basin and Smelters. Nickel and Noranda recovered early losses.

Soft spots included Bell Telephone, Distillers-Seagrams, Ford A, the Steel of Canada issues and Page Hersey.

Western oils eased off slightly. Home dropped about 10, Anglo-Canadian 3 and Dalhousie 2. Royalite eased 1/2.

Cranbrook Board of Trade Protests Closing of Fort Steele Station

CRANBROOK, B. C.—A delegation from Fort Steele was present at the regular session of the board of trade here recently to enter a protest against the C.P.R.'s intention of closing the railway station on the Kootenay Central branch at Fort Steele and to secure Cranbrook support in this protest.

A notice to the effect that the station will be closed has already been posted. Fort Steele and "the area affected are preparing a petition to the company. A representative of the C.P.R. will be in Fort Steele June 24 for the purpose of investigating this move. The revenue of the station amounted to approximately \$4000 according to reports at the meeting, while the maintenance is placed at approximately \$2,000.

A motion was made by C. J. Little, seconded by A. J. Schell that the Cranbrook board wire the Board of Railway Commissioners protesting the closing and pointing out that this is the only station between Wardner and Lake Windermere.

The delegation expressed their appreciation for this assistance.

Correspondence included a parcel of "See B. C. First" stickers from the department of trade and industry, thanks from the routing clerks of the Pacific Northwest for the entertainment provided them in Cranbrook, an invitation from the Cranbrook Board of Trade to a picnic at Creston June 23, and a letter from the Kimberley Board of Trade in connection with radio broadcasting.

The motion passed that the resolution drafted recently concerning the surfacing of a road from the U. S. border near Eureka, Mont., to the transprovincial highway was approved.

Island Relief Camp Closes as Workers in Sympathy Strike

VICTORIA, June 23 (CP).—Following a strike at the Elk River Falls forestry camp on northern Vancouver Island, 100 single destitute relief workers were on their way to Vancouver today, the camp having been closed to end the strike.

Officials of the forestry department here were advised yesterday that George Henderson, representing the Relief Project Workers' union had arrived at the camp from Vancouver.

They were told Henderson called a meeting of workers at lunch time yesterday. Workers from the cookhouse stopped their jobs and listened to him, it was said.

They were discharged this morning, because they were not looking after their work, a department of labor official said, and as a result the other workers at the camp struck in sympathy. The department then ordered the camp closed and the men returned to Vancouver.

Gas 1/2 Cent Less Might Be Possible in Calgary Area

CALGARY, June 23 (CP).—If Imperial Oil Limited, and only the Calgary area and the rest of Alberta was not taken "into the picture," the wholesale, or posted wagon price for gasoline might be reduced by 1/2 cent a gallon here, said Albert E. Halverson, Imperial marketing man, at the McGillivray royal commission today.

The witness was replying to questions put by J. F. Frawley, K.C., of Edmonton, commission counsel, as to whether gasoline consumers in Calgary and Edmonton might be paying in part for an extensive gasoline marketing distribution system throughout Alberta.

Labor and C.C.F. to Join Forces

CALGARY, June 23 (CP).—Canadian labor party and Co-operative Commonwealth Federation clubs last night decided to join forces in the forthcoming municipal by-election determined to elect a Labor representative to complete the term of the late Alderman Robert H. Parkyn, elected to city council on the Labor ticket.

Bonnet in a broadcast explanation said the accord was "exactly the same as the Anglo-Turkish declaration of May 12. Thus the Paris accord further extends the Anglo-French non-aggression bloc to the eastern end of the Mediterranean. In the ceremony at Ankara a definite treaty of cession gave to Turkey the Hatay republic, which formerly was the northern Syrian province known as the Sanjak of Alexandretta. Bonnet in a statement issued at the demand of Syrian nationalists, affirmed that France had no intention of relinquishing her mandatory obligations in the rest of Syria and Lebanon.

GUARD FRENCH PROPERTY
Turkey takes over Hatay but agrees to safeguard French property and interests there. Formal annexation was set for Sunday.

Citizens of the republic—which is approximately 10,000 square miles and has a population of 220,000—will have six months to choose Turkish, Syrian or Lebanese citizenship. Those choosing either of the latter two will have 18 months to leave Hatay and will have complete freedom to take out their personal belongings.

Triple-Header in Softball Planned Here for Sunday

Feature Is Between Relief-Arlington and Pucksters

Nelson ball fans have a great treat in store for them at the Recreation grounds Sunday afternoon when a softball triple-header will be played featuring an inter-city men's game. Opening the day's card at 1:30 p.m. will be a Nelson men's league game between High School Blue Bombers and Blewett Shamrocks. The schoolboys are still undefeated at the top of the loop with the Shamrocks leading the league.

The second game, probably getting under way at 3 o'clock, will bring together the Nelson Pucksters and Bellef-Arlington, another crack team from the Salmo valley softball loop. Last Sunday Kootenay Belle came down from the mountains to take the Pucksters into camp 1-0 in one of the best and fastest games of recent seasons. Art Ross pitched two-hit ball to gain his victory.

Nelson will field almost the same lineup they did last week save for a new battery, which will see Les Troncy on the mound and Dennis Ball behind the plate. A week ago it was Don Lazier and Jim Allan.

In the third and concluding game of the day Jonella Aces and P. A. C. Rookies will play a ladies' league game starting at 4:30 p.m. First place will be at stake, both teams entering the last third play all even. Bill Fresno will send in his ace, Hazel Spiers, to hurt for the Rookies and Tony Cruise has given the nod to Rosa Stewart as Hazel's opponent. The teams have split in previous engagements this season and a bang-up game is on tap as the players have evidenced keen rivalry.

Lineups will be:
Blewett—W. Nemrava c, Jack Masloff p, F. Da... Art Hill 2b, Stan Hill 3b, Sam Macgregor 3b, Stan Hill 4b, Strub Blalkowski cf, and Frank Green rf.

Bombers—Bud Emery c, Ted Huyck p, Jack Gray 1b, Doug Willaw 2b, Harold Tapania 3b, Bill Kapak ss, Harold Mayo 4b, George Russell cf, and Wilbur Benz Jr. Pucksters—Dennis Ball c, Les Troncy p, Vernie Ahrens 1b, Hal Bergstrom 2b, Ty Culley 3b, Sid Ball ss, Jesse Seaby 4b, William Kapak cf, and Wilbur Benz Jr.

Jonella Aces—Margaret Rickard c, Rosa Stewart p, Georgina Eberley 1b, Grace Kilgren 2b, Isobel Donovan 3b, Elvera Matheson ss, Louise Coletti lf, Lillian Hickey cf, and Tillie Worthington, Dot Jarbeau and Bob McDonald rf.

Rookies—Alice Gillett c, Hazel Spiers p, Phyllis Wason 1b, Deane Wallace 2b, Mollie Murray 3b, Iris Johanson ss, Doreen Long lf, Frances McMullin cf, and Marjorie Todd or Helen Brown rf.

Kootenay Belle Cuts Main Vein on Seventh Level; Adds 125 Feet

Main vein of the Kootenay Belle Gold Mines limited has been cut on the seventh level, giving 125 feet additional depth. Drifting has proceeded a short distance with favorable results in commercial ore, the Financial News learns.

It is understood the company's policy will be to get a considerable distance on the vein before reporting widths and values. Meantime it can be said that the vein carries to the seventh level, that first results on the new level have been favorable and that the body was encountered in the crosscut sooner than anticipated.

Three Cities in Function Opening Fruitvale Church

ROSSLAND, B. C., June 23 — Opening services for St. Paul's United church were held at Fruitvale Thursday evening, with Rev. T. J. Ferguson of Nelson officiating.

The dedicatory speech was delivered by Rev. T. W. Reed of Rosland, following which the congregation sang the Doxology. Rev. W. Lee of Knox United Church, Trail, led in the prayer, which was followed by two vocal solos, Mrs. Jones of Fruitvale singing "Jerusalem the Golden", and Lewis Freeman of Rosland rendering, "How Lovely Are Thy Dwellings".

G. A. Wilson, D.D., of Vancouver, superintendent of missions, delivered the sermon.

At the close of the service, a delightful social was held, when messages were delivered to the congregation of the new church from the East Trail, and Knox United churches of Trail, and St. Andrew's United churches, respectively.

Those who attended the service from Rosland were Rev. and Mrs. T. W. Reed and son Gordon, Mr. and Mrs. A. H. Freeman and son Lewis, B. D. Mitchell, W. F. McNeill, and Mr. and Mrs. Fraser Mitchell.
