## British Fire Thins Italian Ranks in Hot Desert Battle

### HEAT IS ALMOST UNBEARABLE AS WARFARE GROWS

British Bombers Fire Large Motor Transports DOWN 6 BOMBERS

Italian columns pushing into Egypt are being attacked from the air and face a constant stream of fire from British armored cars. Here an armored car passes through Italian barbed wire—part of a barrier running 400 miles along the Libyan frontier.

CAIRO, Egypt, Sept. 16 (AP)—Italian soldiers marching into Egypt in a swiftly-developing desert battle are fighting British advance troops in 110 to 120 degree heat and thus far have suffered heavy losses from the withering British fire, it was officially reported tonight.

The British troops, which at first offered little resistance when Marshal Graziani began the offensive from Italian Libya, apparently have stiffened their stand, military information indicated.

Battles between British and Italian motorized units in the desert took place in almost unbearable heat, with the combatants limited in some cases to scant supplies of water.

The main Italian force appeared to be consolidating its position around the border port of Salum on the Mediterranean but strong elements of fighting vehicles have engaged British advance units near Bugbug, a coastal town about 25 miles east of Salum on the road to Alexandria.

A British communiqué which told of contact of the advance forces said British bombers swooped down on the big motor transports leading the Italian advance near Bugbug, sending the vehicles up in flames which could be seen 40 miles away. Tank trucks carrying gasoline were also hit.

The Italians were said to be keeping close to the shore line.

Italian planes supporting the motorized drive across the desert ran into stiff opposition, the statement said. British fighters shot down six enemy bombers and three others were listed as probably destroyed. One British plane was lost.

Almost all the Egyptians—with whom the Italians say they are not at war—have been removed from the Western desert or from regions threatened by the fighting.

Cairo's leading newspaper, Al-Ahram, said the news of the Italian advance had caused no panic because the Egyptian people had full confidence in their leaders.

The Egyptian Government has appropriated money to buy all the grain left behind by persons removed from Sidi Barrani, just down the coast from Bugbug.

The Italian motorized columns were reported composed almost entirely of Italians but troops moved to the Salum encampments included many native Libyan units.

Marshal Graziani apparently was attempting to follow his advance by establishing new supply and communications bases within Egypt. This would relieve him of the necessity of depending on Bardia, his original base, which has been shelled repeatedly by the British Mediterranean fleet.

Graziani also appeared to be trying to find a way to protect his army from fleet bombardment while advancing along the coastal road. Bugbug is a link in this road, which leads to Alexandria, 250 miles farther to the east.

The British command said they had long planned to withdraw from Salum and other villages along the Egyptian frontier once the Italian thrusts started, making no attempt to defend an area regarded as worthless strategically.

Egyptians said they were confident that when Graziani "sticks his neck out far enough," Britain will crack down on him.

## Smashing Attacks of R. A. F. Halt Invasion

### Leaders of 3rd Division Named

OTTAWA, Sept. 16 (CP)—Appointment of Lt.-Col. J. W. Ellinger of Winnipeg to command 3rd Division Signals was announced by the Department of National Defence tonight. Also announced was a long list of officers appointed to units of the 3rd and 4th Divisions or confirmed in posts held in the same units prior to their mobilization.

As second in command of 3rd Division Signals Lt.-Col. F. B. Conrad of Halifax was named. He will revert to the rank of major and Maj. R. J. Burgess of Kingston, Ogd., a permanent force signals officer, will also serve with the unit.

The officers will lead the signal unit of the 3rd Division which has been assigned to the Atlantic military command under Maj.-Gen. W. H. P. Elkins and will shortly move to the Maritime Provinces for further training and defence duties.

Other 3rd Division appointments and confirmations announced included:

Lt.-Col. J. R. Kingham, Victoria, to command the 1st Battalion, Canadian Scottish Regiment; Lt.-Col. R. G. L. Parker, Victoria, as major and 2nd in command of the same unit.

### Warship Hit, Three Supply Ships Sunk, Rail Lines Attacked; Berlin Bombed; Whole Sweep of Coastline Pounded

LONDON, Sept. 16 (CP)—The Royal Air Force today continued to strike counter blows against Germany of such strength that British sources expressed conviction Hitler's plans for invasion have been seriously impeded.

During the hours of darkness early today while Nazi planes were attacking London, R.A.F. bombers were answering in kind over Berlin. But the hardest British blows were, as customary, reserved for targets along the invasion belt—the coasts of Germany, the Netherlands, Belgium and France.

A direct hit was scored on a German warship in the Netherlands port of Tereschelling.

Other planes attacked German railway lines and freight yards, and sank three supply ships, damaging others, the Air Ministry announced. One of the damaged ships was an oil tanker, severely hit in the Elbe estuary.

Military objectives in Berlin were bombed and there were "further heavy attacks... on concentrations of war supplies, barges and shipping at the dockyards and ports of Hamburg, Wilhelmshaven, Antwerp, Flushing, Ostend, Dunkerque, Calais and Boulogne—the whole sweep of the German-held coastline—the Ministry announced.

The drive on land communications was announced in the following terms:

"Other forces of R. A. F. bombers attacked distribution centres at Hamm, Onabruck, Soest and Krefeld. Goods yards at Hamburg and the railway junction at Rheims were also bombed."

## Late Flashes

CAIRO, Sept. 16 (AP)—French authorities in Syria and Lebanon have refused to hand over to Italy two submarines and one of the latest type warplanes, according to dispatches reaching Cairo newspapers today.

SHANGHAI, Sept. 17 (Tuesday) (AP)—Chinese press reports said today that the Chinese Consul-General at Hanoi had informed the Chungking Government that French authorities at Hanoi already had accepted Japanese demands to land troops in French Indo-China.

WASHINGTON, Sept. 16 (AP)—The United States War Department tonight made its second call on the National Guard in its expanding defence program, ordering 35,700 men into the Federal service on October 15.

### 2000 B.C. Men to Get First Call

VANCOUVER, Sept. 16 (CP)—Charles G. Pennock, Registrar for Administrative District 13 under the compulsory military training draft, announced today that letters to the first draft of 2000 21-year-old single men in British Columbia advising them to take medical examinations will be sent out by tomorrow night.

The Registrar said that letters to draftees in distant parts of Province, such as Skeena, the Cariboo and the East Kootenay districts will be sent out tonight. Letters to Lower Mainland and Vancouver Island points will be sent probably tomorrow.

Mr. Pennock said a total of 4300 notices would be sent out to 21-year-old single men in the Province, but only 2000 would be called up in the first draft.

The men may go to their own doctors for examination. If physically fit, they will receive another notice from the Registrar to register for 30 days' compulsory military training for home defence, starting October 9.

## Former Air Minister of France Goes Back

NEW YORK, Sept. 16 (AP)—Voluntarily returning home to stand trial on charges of war guilt, Guy La Chambre, former French Air Minister, was one of 13 passengers on the Yankee Clipper as it left today for Lisbon, Portugal.

La Chambre said he was returning "of my own free will."

"I have a clear conscience," he declared, "I fear nothing and I trust in the judges whom I am to face."

He said he had no assurance of acquittal, adding:

"The reason I am returning is that it is the only thing compatible with my honor."

### Claim to Have Seen "Invasion"

LISBON, Sept. 16 (AP)—British informants arriving here by plane from London claimed today that a small-scale German attempt at a landing somewhere along the English coast last week was beaten off with heavy losses to the would-be invaders.

They were unable to give the exact time and place but asserted they were convinced of the accuracy of their information.

Last Friday Dr. Charles F. Bove, former Paris surgeon, declared at Jersey City, N. J., that the Germans had tried to invade Great Britain several times and had failed.

"British coastal artillery and small patrol craft mayed favor with German barges," one of the British informants said, "and not a single German reached land alive."

"Scores of bodies are reported still being washed up on our shores."

The informants agreed the landing attempt — if it had been made — was not a full dress attempt at invasion but perhaps designed to test British defences.

LONDON, Sept. 16 (CP)—Informed British sources said tonight there was "absolutely no truth" in reports from Lisbon that Germans were beaten off in attempting to land on the English coast last week.

### Nearly 50 Resolutions for Revelstoke Meet

REVELSTOKE, B.C., Sept. 16 (CP)—More than a dozen resolutions were submitted to the Resolutions Committee of the Union of British Columbia Municipalities convention today while 10 of the original resolutions were withdrawn.

The committee announced after a day-long sitting it had close to 50 resolutions to place before the convention which gets underway in Selkirk Hall tomorrow.

### Nelson Area War Loan Total \$154,300

Subscriptions to the Second Canadian War Loan, made through the Nelson banks and brokerage houses, totalled \$154,300 at the close of banking hours in Nelson Monday.

As Nelson is the banking centre for a large area, this figure must be credited to Nelson and District.

Business done by four banks and five brokers made up the total.

Any business done by outside brokerage houses which regularly circularize this area does not enter into this total.

## EAST COAST HIT BY STORM; RICH ORCHARDS HURT

### 25 Per Cent of Apple Crop in Annapolis Valley Hit

#### POWER UPSET

HALIFAX, Sept. 16 (CP)—A tropical storm of increasing intensity struck at Canada's Atlantic seaboard tonight, buffeting shipping and scattering damage inland.

The gale struck particularly hard at Nova Scotia's rich Annapolis Valley, tumbling down tens of thousands of barrels of apples from trees the whole length of the Valley. Preliminary estimates early tonight that the loss already might be around \$300,000.

The wind, around 40 miles an hour and accompanied by a lashing rain, did damage elsewhere in Nova Scotia. Trees were felled in Halifax, and power service was interrupted spasmodically. Street car schedules were disrupted by the power breaks.

Motorists reported trees had been blown down on roads in the Province. No reports of injuries had been received early tonight.

The storm blew up from the tropics, travelling up the Atlantic coast. After a day of heavy rain, it struck hard this evening, gradually increasing in strength.

In the Annapolis Valley, where the growers already had been hard hit by shranken markets, first reports indicated around 25 per cent of the apple crop had been shaken down, while loss of others ranged down to 20 per cent. The average was around 35 per cent.

In Halifax Harbor, two large yachts anchored off the Royal Nova Scotia Yacht Squadron property, were driven aground.

## LARGE AIR SCHOOL TO BE BUILT AT LETHBRIDGE

OTTAWA, Sept. 16 (CP)—A large bombing and gunnery school is to be built at Lethbridge, Alta., and the Elementary Training School now there is to be moved to some other site in Alberta, it was learned from air defence sources tonight.

Bombing and gunnery schools are the biggest type included in the British Commonwealth Air Training Plan. They are the only schools through which all three air crew branches, pilots, air observers and wireless operator-air gunners, pass.

## \$37,700,000 Yet to Be Subscribed to Canadian Loan

OTTAWA, Sept. 16 (CP)—Canadians subscribed \$14,298,100 to the second war loan today, bringing the total to date to \$232,298,100. This leaves \$37,701,900 yet to be subscribed before the objective is reached.

From dealers and brokers throughout the country came reports of greater interest by small subscribers, in response to a special drive for such support. This renewed campaign will be continued to carry the loan to its \$200,000,000 objective but the loan books will be kept open long enough for every Canadian to subscribe.

Through the cooperation of the chartered banks, many private subscriptions are being made with the aid of temporary loans from the banks. The banks are loaning up to 80 per cent of the purchase price of the bonds and the bank loans bear the same interest as the coupon rate of the bond. These bank loans are for not more than three months from the delivery date, expected to be about Oct. 1.

## Canadians Down Three Bombers

LONDON, Sept. 16 (CP Cable)—The Royal Canadian Air Force Hurricane squadron shot down three bombers and probably destroyed at least that many more on Sunday in contributing to what the Air Ministry today described as the British fighter command's "greatest victory over the Luftwaffe."

Spitfire and Hurricane pilots wiped out a third of the bombers and fighters massed for what was intended to have been the enemy's heaviest attack on London.

But, instead of dumping wholesale death and destruction on the capital, the raiders had to fight a major battle over the clouds, which ended in the destruction of 185 of their number—the greatest bag of any day since the war began.

Anti-aircraft crews, whose marksmanship is improving steadily with experience, destroyed seven of these. The rest fell to fighter pilots.

Twelve pilots of the 25 British planes missing parachuted to safety. Compared with this the Nazis lost at least 450 trained airmen.

## Nakusp Boy Dies in Gun Accident

NAKUSP, B. C. — Fred Gardner, 15-year-old son of Mr. and Mrs. J. Gardner of Grahams Landing, was the victim of a shooting fatality which occurred Sunday morning.

Preparatory to hunting he was removing a loaded gun from a car and accidentally shot himself.

## Pilot Crashes Burning Plane into Dornier

LONDON, Sept. 16 (CP)—A Spitfire pilot today used his flaming plane to bring down a German bomber.

At the height of the fighting the flier shot down two or more Dornier bombers from a formation and flew away, only to find that the tail of his Spitfire was literally spitting fire.

He headed back toward the German formation, took a "beat" on the nearest Dornier, and leaped clear just before the collision.

The Briton landed safely in the street of a Southeast town, while the Germans crashed to earth.

## Joint Defence Board Men to Visit Pacific

OTTAWA, Sept. 16 (CP)—Service members of the Canadian-American Joint Defence Board leave tomorrow for the Pacific Coast to examine existing defence facilities, Col. G. M. Blagden, Chairman of the Canadian section of the board, announced tonight.

The United States service members will join their Canadian colleagues in Vancouver and the party will then proceed to survey the defences of the Northwestern States, of British Columbia and of Alaska.

## Explosions Topple Men From High Ladders at Blaze

### London's Anti-Aircraft Most Intense of War; Channel Shrouded by Fog, a Sign Weather Ally Is on Hand

By DOUGLAS AMARON  
Canadian Press Staff Writer

LONDON, Sept. 17 (Tuesday) — (CP Cable) — London's 10th consecutive night of air siege ended at 5:35 a.m. with fires raging in a fashionable residential quarter and an undetermined number of firemen killed by bombs as they fought a blaze in the central part of the city.

The night differed from its predecessors in that the German raiders took a "recess" just before dawn that lasted an hour and eight minutes. Then they returned.

During the two raids, carried out in ever-thickening weather and despite a low ceiling, London's anti-aircraft surpassed itself in its deafening barrage, the heaviest and most intense of the war.

Apparently the bombers, using the fire in Central London as a beacon to guide them, dropped their missiles in the area of the blaze, for the explosions toppled firemen from their high ladders as they were gaining control of the conflagration.

Meanwhile fog descended on the Channel, pathway to invasion, and swept inland curling itself about the war-scarred coastal towns and giving Britons a sign that the murky weather on which they had counted on as an Autumn ally was at hand.

The all-clear sounded at 2:41 a.m. after an alarm of six hours and 32 minutes—second shortest of the 10 consecutive night raids on the Capital. Then at 3:49 a.m. the sirens shrieked again.

The first night alarm began in a misty dusk at 8:08 p.m. at first the clouds aided the raiders. They emerged from them to drop their explosive and incendiary bombs and then plunged back. During this period anti-aircraft shook the city without letup and lit up the clouds.

Then toward 2 a.m. the raid eased off, the weather thickened, and the procession of German planes thinned out until the anti-aircraft fire became sporadic. Finally, the all-clear was sounded.

During the same period the Germans struck extensively in the Midlands, the Northeast and elsewhere in England.

While it lasted, the first German night raid was a hot fight. Anti-aircraft shells burst above the low clouds which concealed the invading planes and dimmed the full baromet moon over London.

A number of houses suffered hits from high explosive and incendiary bombs in the Midlands, where one German plane fouled a balloon barrage cable and crashed.

One raider dropped bombs on a Northeast town at dusk, but most were said to have hit a golf course.

Police in a Northern town were informed that two parachutists came to earth. Soldiers and home guards began searching, but after a long hunt, officials decided the report was false, probably started by a drifting barrage balloon.

The roof of a school in the Northeast was damaged severely by a bomb just after classes ended for the day. The teacher, en route home, was wounded by a bomb splinter.

There was little aerial activity during Monday but London had four warnings and bombs were dropped during the last when heavy anti-aircraft and machine-gun fire was heard. A woman was killed and three children injured in one area and a policeman buried under the debris. No incidents were reported during the first three alarms which were brief.

A bulletin said casualties in Sunday night's attacks on London were a little greater than in recent nights but less than when the wide-scale bombings started more than a week ago, when more than 300 persons were killed.

During the 24 hours before the dusk raiders approached Monday night, Londoners had been held under intermittent alarm a total of more than 15 hours by the Sunday night raid and the four daylight raids.

Monday evening's raid began at 8:00 p.m. two heavy salvos of bombs dropped in one area. Searchlights stabbed the skies and anti-aircraft guns flung up thousands of shells.

The defence barrage was so splitting, it seemed to transcend anything heard hitherto and seemed continuous, from every battery in the London area.

Dover was buffeted again by long-range artillery shells, apparently fired in answer to British shellfire against German emplacements on the French coast, 22 miles across the Dover Straits.

Eleven persons were injured as the big shells screamed over the coast and fell in streets crowded with shoppers.

## Single Men of 21 Have Big Part in Training Program

By C. R. BLACKBURN  
Canadian Press Staff Writer

OTTAWA, Sept. 16 (CP)—It may be unnecessary at any time to go far beyond the single men of the 21-year-old class to obtain a steady flow of recruits for Canada's compulsory military training program opening next October 9. The Canadian Press learned tonight from Hon. James G. Gardiner, Minister of National War Services.

Single men and childless widowers now in the 21-year class and those who will become 21 in the next few years will play the major part in the training program as presently envisaged by his department, Mr. Gardiner said in an interview.

At the same time he emphasized that this schooling in Non-Permanent Active Militia centres is merely training and not a call for home defence and that present views of the program might be changed by the exigencies of war actual training of the men is in the hands of the Defence Department.

When the first 12-month training period is concluded the call-up for the next year will again start from the 21-year class, not the 20-year class, which registration showed to be 90,000.

The following year, that is, two years from now, the present 19-year-old class will be 21. This class was shown by the registration to be 90,000 in round figures.

The department assumes, Mr. Gardiner said, that even with the likelihood that a large percentage of the men called for training will choose to enlist in the Active Service Force, there will always be enough in the four classes now on call to fill the training camps.

These calculations will be upset, the Minister added, if there should be a general mobilization of the Non-Permanent Active Militia units to which the men called up will be assigned, or if the Defence Department makes extensive enlargements of training facilities.

## DIES IN CLOUDBURST

BAKER, Ore., Sept. 16 (AP)—One man was killed and debris strewn along U. S. Highway 30 last night in this region's second cloudburst in a week.

### Thumbs Up When Canadians March Along in England

Additional evidence of the warm reception Canadians are receiving in England is seen in a letter from Capt. Oscar Yastson, Senior Sports Officer for the Canadian Y.M.C.A. in England, former Senior Physical Director for Y's in Toronto. During the First Great War he was a Y.M.C.A. Secretary in the Third Division.

Since he knew Captain Pearson, the latter was of particular interest in H. Radcliffe, Manager of the Nelson Branch of the Bank of Montreal. The following are excerpts from the letter:

"Everywhere we travel the people are so kind and do everything possible to serve our troops. Where public baths are not available, the private homes are open to our men. In one village one home accommodated 30 soldiers a night for baths. Others serve tea to standing convoys of troops and there are many instances where our families are given feeds of bacon and eggs, the family's ration for the week. It seems difficult for these people to understand why Canadians come voluntarily to fight England's battles. Of course our chaps say that Britain's battles are our battles, but still they are just in wonder."

"The spirit over here is wonderful and there is no outward appearance of anxiety. The calm assurance of ultimate victory is predominant everywhere. The women and children are a source of inspiration in that they are always on the roadways cheering the passing convoys 'thumbs up'. Even the smallest tots have their wee thumbs raised skywards as the troops pass. The people all know too well the meaning of this demon war, as every home here is affected."

**NAKUSP, ANGLICAN Y.P. OPEN ACTIVITY**  
NAKUSP, B. C.—Anglican Young Peoples' activities commenced when the group held its first meeting following the Summer recess. Plans for the season's program were discussed.

It was decided to hold weekly meetings and the upstairs room of the Park Hotel has been given over to the group for this use.

Rev. F. W. Duglish, on behalf of the members, presented Mr. and Mrs. J. Armstrong with a cake plate and wished them happiness in their marriage.

### Dahlia Blooms of Two Colors Grow on One Original Stalk

Amongst dahlia of the 1940 garden season in the Kootenays is the growth of different colored blossoms on one original stalk.

The odd dahlia was brought to the Nelson Daily News Monday from a Crescent Day garden. Rising from the original stalk are two colors—purple-blossomed dahlia, with a flower in bloom and several buds. One of the flowers is almost a tomato red in color, while the other is a deep pink.

### Trail "Peeping" Fined \$25 Under the Common Law

TRAIL, B. C., Sept. 15—The City Police turned to the common law of King Edward III, of England, Monday, in arresting a youth as "peeping Tom" before Makoto's Park, Williams, Monday morning.

This case, as far as it is known, is the first of its kind in Trail. The accused pleaded guilty, and after a severe reprimand from the court, was fined \$25 and costs.

He was arrested in East Trail Sunday night, following a number of complaints received that someone had been loitering around private residences.

**NEWMARKET, ENGLAND, (CP)**—John Stewart Mills, 33, a passenger in a car in which two soldiers were given a lift was killed when one of their rifles fired accidentally.

### Three Doukhobors Convicted Under Registration Act

Presented under national registration regulations, Mike Salikin and his father Jim Salikin, Crescent Valley Doukhobors, appeared before Magistrate William Wright, in Provincial Police Court on a charge of failing to register and John Vorkin, Longbeach, was charged with employing an unregistered person, namely Mike Salikin.

Mike Salikin, arrested last Friday by Constable G. A. Bradshaw, appeared in the morning and was fined \$10 with an alternative of 30 days in jail. His father eventually raised the money for the fine, but when he was in turn questioned, whether he had registered, he admitted he hadn't. In the afternoon he was given a fine of \$10 for two months. His charge the jail term. His sister's sentence was due to his attitude.

Vorkin appeared in the morning along with Mike Salikin, and was fined \$10 with a week in which to pay. Should he default payment, he will serve 30 days in jail.

Constable Bradshaw presented Jim Salikin and Vorkin, and Constable C. W. Hume presented the younger Salikin. W. W. Ferguson defended Vorkin.

**CRADLEY HEATH, ENGLAND, (CP)**—After mourning their son, Pte. Thomas Griffiths, reported killed in France, his parents received official notification that he is a prisoner of war in Germany.

### Provincial Red Cross Warehouse Circulates Supplies to \$200,000

VANCOUVER, Sept. 15—Second national drive for funds by the Canadian Red Cross Society will open next week.

The Provincial Red Cross warehouse in Vancouver has a total circulation to date of materials and supplies to the value of \$200,000. More than a half million soldiers' comforts, hospital supplies, knitted articles, surgical dressings, refugee garments, blankets and quilts have been shipped directly overseas.

The British Columbia Division of the Red Cross has spent \$171,108 on material, which an army of approximately 15,000 voluntary women workers of the Red Cross branches in the Province has made into finished supplies.

A total of \$43,000 in contributions from individuals and organizations for the special appeal for ambulances has been raised in this Province. Twenty-four ambulances have been provided.

Ex-citizens of invaded countries living in British Columbia have sent

contributions to Finland, France, Poland, Norway, and Belgium through the B. C. Red Cross Division. About the successor of France, Overseas Red Cross units is organized, according to Great Britain. All Canadian Red Cross warehouse supplies in England are made available to the Newfoundland Warehouse as being refilled rapidly. British Columbia has sent \$25,000 from its quota to be used where needed for men in the navy, merchant marine, bombing raids.

The B.C. Division has taken a lead in organizing a project of conservation of surplus food products in the Province.

### Cranbrook Renews Policing Contract

CRANBROOK, B. C., Sept. 15 (CP)—A new agreement for continued policing of Cranbrook by Provincial Police on expiration of the present contract March 1, has been authorized by the City Council at an increase of \$4000 in the annual charge.

The following letter was received by the Minister of Finance.  
Permission to publish it has been granted providing the writer's name be withheld.

# "My son has gone to war..."

Toronto, Canada,  
September 13th, 1940.

Honourable J. L. Halsey,  
Minister of Finance,  
Ottawa.

Dear Sir:

My son has gone to war. In that he is no different from thousands of other young men; but naturally, his mother and I are proud of him. Before he enlisted we talked it over . . . for he was at the threshold of his career—a junior partner in this business—with "all the flame of his bright youth unspent."

"God knows, Dad," he said, "I hate war . . . I have read and heard of what the last war meant to you and to others. But there's a job to be done and my job is to help do it."

"How about trying for a commission?" I asked. "You have the qualifications."

"No," he answered, "I'm not going to wait for a commission. If I earn it, all right, but I'm enlisting as a Private."

Which he did. He is now a Sergeant.

If such men as these are not worth backing to the limit, when it comes to investing in Canada's Second War Loan, there's something tragically wrong with the Spirit of Canada. At any rate, my last dollar, and all that I can borrow from my bankers has been invested in Second War Loan Bonds.

I was in Germany and Italy last year. I know both countries well, I've seen what it means to men to be deprived of freedom . . . sometimes I wonder whether we in Canada prize freedom as we should.

Yours very truly,  
A. Signature.

## Order 2nd War Loan Bonds NOW!

If you cannot pay for them at present, arrange to Pay for Them by January 1, 1941

For those people who wish to participate in Canada's 2nd War Loan but who find it inconvenient to pay for a bond or bonds by October 1st, the date of issue, Canadian chartered banks have a plan especially designed to meet their needs.

Any of the undermentioned banks will gladly accept applications for bonds immediately and if desired will arrange to loan up to 80% of the purchase price of the coupon rate, namely 3% per annum, for a period of three months from October 1st. Also for such loans as may be arranged in excess of the 80% a minimum rate of only 4% per annum interest will apply for a period of the same duration. The bank holds the bonds as security until the loan is paid.

## Royal Air Force Creates Havoc in the Heart of Berlin

Roaring over the heart of Berlin, British bombers have scored hits on many important buildings and thoroughfares of "the city that could not be bombed." One of the buildings that fell the weight of British bombs is shown, left, while a gaping hole on Berlin's famous Unter Den Linden, right, testifies to the havoc caused by the British bombs. The historic Brandenburg gate, which was damaged in the raid, may be seen in the background.

## A.R.P. Workers Dig Seven Hours to Save Bomb Survivors

Air raid precautions workers are shown carrying survivors from a bombed building in London after hours of ceaseless digging in the ruins. The rescued had been entombed in the wreckage for seven hours before workers succeeded in reaching them. At another part of London 500 persons who took refuge in a school were buried alive. Of the first hundred dug out of the ruins only one was alive.

## Suicide Squad Leader "Always a Daredevil"

ST. CATHARINES, Ont., Sept. 15 (CP).—Lieut. Robert Davies, Canadian leader of the "Suicide Squad" which saved St. Paul's Cathedral from a German time bomb was "always a daredevil and nothing could stop him," his father-in-law, Robert Coupland of nearby Merriton said today.  
"That is the sort of thing Bob would do," Mr. Coupland put in. "He was always a daredevil and nothing could stop him. He was clever too. He was employed in construction work on the Welland ship canal while he lived here."

## Steamship A.A. Gun Shoots Down Bomber

LONDON, Sept. 16 (CP).—Anti-aircraft gunners of the 8,700-ton steamship Port Auckland shot down a German bomber over the Thames during air attacks on London yesterday.  
An Admiralty communique issued Monday said:  
"Information has been received that the British S.S. Port Auckland, which was proceeding down the river Thames during one of the enemy air attacks on London yesterday, shot down an enemy bomber."  
"A shell from the Port Auckland's gun burst close underneath the German bomber, which caught fire and crashed in flames on the bank of the river. One of the bomber's crew was seen to bail out."

## Flying Boat Safe

BOUCHERVILLE, Que., Sept. 16 (CP).—The British flying boat Clara landed here today from the United Kingdom on its way to New York with three passengers, two of whom disembarked here. The third is bound for New York.  
The passengers were members of the British Ministry of Aircraft Production.

## LONDON, Sept. 16 (CP).—The British Press Association said today it was "learned authoritatively that the British flying boat Clara is quite safe."

The Clara failed to arrive at New York Sunday night, although it had been expected.

## 'Swedish Press Insults Germans'

BERLIN, Sept. 16 (AP).—The German press launched a concerted attack today on the Swedish Government and press, charging certain newspapers in Sweden deliberately insult Germany.  
Hitler's newspaper, Volkischer Beobachter, headed the procession by finding fault with the Swedish Government for reprimanding one paper which asserted the British occupation forces in Iceland had resorted to terrorism, but failing to reprimand another which charged that terrorism was used in Germany.  
The Berliner Boersenzeitung found the Swedish press unneutral in permitting unfavorable criticism of Hitler's speech of Sept. 4 forecasting intensified air assaults on Britain.

# Rossland Redmen Become Kootenay Boxla Champions

Defeat Trail Golden Bears 11-9 in Fifth and Deciding Game to Advance to B. C. Final at Coast

TRAIL, B. C., Sept. 16—Rossland Redmen, the mighty men from the mountains, descended from the hills to grab their third victory 11-9 from the Trail Golden Bears here tonight, and returned to their wigwams delirious with happiness. They paraded Sammy Sapruntoff, their wizard goalie, around the rink after the game was all over, while Sammy held on high the Blackwood-Jeffs Trophy, emblematic of the League title.

The game broke a 2-all tie in the series. Trail won the opener at home, then lost the second in Rossland. The Bears drew ahead again at home with an overtime win, but Rossland squared things at Nelson Saturday night to force the series to the limit.

Climaxing a season of sudden successes, and a season of demoralizing reverses, the plucky Redmen combined in a fast-moving, clever game, checking every Trail offensive with a mass formation around their citadel. Sapruntoff, performing jungle dances, running out on the sides to cheat the Trail forwards, and making dashes from his post to grab loose balls, gave the most superlative performance of his already sparkling record.

At no time, except when Rossland got away to a three-goal lead in the opening hectic minutes of the first period, was there a spread of more than two goals.

McGuire, Saundry and Anderson combined to draw first blood for the Redmen in the opening canto, McGuire making a perfect shot after a combination play with his two pals that stretched practically the full length of the rink. Carner followed up with a counter on a long shot from mid-floor.

The Bruins realigned with a yard on the Rossland goal and after Sapruntoff emerged from a storm of shots the Redmen rallied around to put encouragement before going out on a counter attack. Booney Sammartino scored for Trail and the first period closed with Rossland leading 2-1.

At the opening of the second Simcock's long shot beat Moro, but Temple grabbed a pass from Roland Sammartino and corkscrawled in to tally for Trail. Nick Turk picked up a loose ball and whirled up the floor to beat Sapruntoff and make the count 3-3. Jack Cox pulled Rossland out in front and then Marcus Smith got in on a pass from Hoop and tied it at 4-4 seconds before the period ended.

TRAIL GOES AHEAD  
Turk scored Trail's fifth goal in a surprise attack with Jim Kendall as playmaker, but was given the gate shortly after hitting Simcock across the ankle, when the

## District Pioneers Pay Last Honor to J. E. Annable, One of Founders

Pioneer days of Nelson and District were strongly represented, and also those of other centres, at the funeral Monday afternoon, from the Trinity United Church, of John E. Annable, pioneer Nelson real estate man, founder of many Nelson institutions, and former Mayor.

Flowers were banked around the platform, and the casket was completely covered with red roses.

Rev. J. A. Donnell, Trinity pastor conducted the simple service, which embraced the Psalm, "The Lord is My Shepherd," Saint Paul's message to the Corinthian Church, "Now is Christ risen from the dead" and other Scriptures; the hymns, "In the Sweet By-and-By" and "Hark, Hark, My Soul," and prayers.

In making reference to the 80-year-old pioneer, Mr. Donnell questioned whether any man in Nelson's history had had a part in more community activities, and spoke of the pioneering spirit that had actuated him. This was evident even in his Moore's Jaw days, before his advent in Nelson 42 years ago.

Organist C. C. Halleran played the "Dead March in Soul" as the people left the church.

Fallbearers were A. G. Lambert, J. R. Hunter, Alfred Jeffs, Howard Bush, W. E. Waason and C. F. McHardy.

Mr. Donnell also conducted the committal service at the grave, interment being in Nelson Memorial Park.

Among friends in attendance from more distant points was W. K. Ealing, M. P., of Rossland.

## Canada Speeding Gold Production

OTTAWA, Sept. 16 (CP).—In keeping with a general Empire policy of stimulating gold production to aid Empire credit in foreign countries, Canada is speeding up wartime production of the yellow metal.

Dr. Charles Camell, Deputy Minister of Mines and Resources, is at present touring Western Canada seeking out possibilities for increased Canadian gold production, and many mines are enlarging their plants on how they can best increase production.

Canadian mines are doing "everything consistent with good mining practice" to hurry their output, and the department is giving all the advice they can to the mines on how they can best increase production.

The effort is already evidenced in production figures. During June Canada's gold output was 431,377 fine ounces, compared with 430,488 during June, 1939. Total production for the six months ended June 30 was 2,572,542 fine ounces compared with 2,489,269 during the same period of last year.

Jack Dempsey, the former heavyweight champion, was at the ringside and awarded Savold a trophy emblematic of the Iowa heavyweight title.

Savold weighed 190; Miller 158.

## Australia Plans to Expand Guard

By J. E. HOLDSWORTH  
Canadian Press Correspondent

SYDNEY, Australia, Sept. 16 (CP Cable).—P. C. Spender, Commonwealth Treasurer, announced today that Australia's home defence army now numbering 100,000 men will soon be increased to 250,000.

This is in addition to the Australian Imperial Force, for service overseas, now numbering 120,000 men.

Mr. Spender reviewed the government's defence achievements and plans in a campaign speech. The Australian general election will be held next Saturday.

The Royal Australian Air Force under the Empire Air Training Scheme now is taking in 550 aircrew trainees a month and within a few months will take in 1100 a month, he said.

## War Brings Acute Housing Problem

From Halifax to Vancouver, war has put a strain on housing. In Canada, European refugees, fleeing from the Nazi terror, have added to the problem which, however, is caused primarily by the concentration of large numbers of troops at certain centres and the establishment of wartime industries such as vast munitions plants.

House-builders have benefited from the resultant demand for new houses and apartment-house owners in many parts of the Dominion are rejoicing after the depression years to find all their suites rented. This phase of life in a Canada at war has also brought complaints of profiteering by rent-raising landlords and the announcement from Ottawa that appeal boards may be set up to assist the Wartime Prices and Trade Board in its current efforts to control and stabilize rentals.

## Gibney Re-elected Conductor of the Band at Rossland

ROSSLAND, B. C., Sept. 14—The Rossland City Band at its annual meeting Wednesday night, unanimously elected Edward Gibney, present conductor as Leader for the coming year.

Wilfred Lightburn became President of the organization taking over the duties of H. L. Christian who has contributed much to the success of the band while carrying on for the last seven years.

One of the original organizers, Seath Martin, is now Vice-President.

Other members of the executive are C. Sladen, Secretary-Treasurer, Frank Marshall, Albert Jones and Gilbert Nyman.

## ANOTHER NAZI PRISONER FREE

PORT ARTHUR, Ont., Sept. 15 (CP)—Police and soldiers are scouring the Thunder Bay district and all the way to the international boundary for trace of a prisoner who escaped from an internment camp in Northwestern Ontario early today.

All traffic on the Nipigon highway in both directions is being halted by camp guards and by five provincial police officers. The escaped man is Fritz Fuchs, a civilian prisoner, who fled after squirming beneath a wire fence surrounding the prison compound.

The escape is the second from the camp within three weeks. Manuel Fischer, 29, also a civilian prisoner, fled from the camp and was taken into custody at International Falls, Minn., by United States authorities.

## Bruce Hutchison Contacts Nelson

Bruce Hutchison, feature writer of the Vancouver Sun, and late international correspondent, is a visitor in Nelson, having come over from Trail Monday afternoon.

He is making contacts with representative Kootenay business men, and will shortly give the readers of the Vancouver Sun a report of what the Kootenay considers the big issues of the day.

From Nelson he will proceed to the Coast.

Mr. Hutchison has lively recollections of the by-election here that resulted in the late Premier Oliver becoming Nelson's member.

## Indian Congress Supports Gandhi

BOMBAY, Sept. 17 (Tuesday) (CP Reuters)—The All-India Congress Committee today approved a resolution by Mohandas K. Gandhi pledging itself not to initiate any action which would embarrass Britain in the prosecution of the war.

The resolution was predicated on the condition that the party's tolerance should not be used as a stepping stone to its "political extinction."

By adoption of the measure without amendment the Committee tacitly accepted Gandhi's leadership again without question.

Earlier the group had approved by an overwhelming majority its working committee's resolution withdrawing a conditional offer by the Congress to cooperate with Britain in prosecuting the war.

The resolution also condemned Britain's action in taking India into the war without previous consultation, but praised her courageous resistance.

## Roosevelt Lashed in Wilkie Speech

COFFEYVILLE, Kas., Sept. 16 (AP)—Asserting that the "Battle of America" is in progress, Wendell Wilkie contended today that President Roosevelt's reelection would bring totalitarian Government to the United States before the third term ended.

The Republican presidential nominee, speaking in the city where he taught high school history in 1913-14, accused the Roosevelt Administration of materially assisting Hitler in his aggressive plans.

"He voiced a denial that Franklin Roosevelt—whatever his intentions—is the defender of Democracy," he said.

"First, I charge that his influence has weakened, rather than strengthened, Democracy throughout the world.

"And secondly, I charge that here in America he has strained our Democratic institutions to the breaking point.

Expressing the belief "Franklin Roosevelt has lost faith in the American people," Wilkie continued: "When I read of blood and destruction in Europe I am frightened to think that our only shelter is—not airplanes and tanks—but a man who in seven years of peace could not get factories producing our peacetime needs."

## BONNINGTON

BONNINGTON, B. C.—Mrs. K. Horner, a guest of her son-in-law and daughter, Mr. and Mrs. W. C. Motley, for a few months, has left for Courtenay, V. I., to visit her son and daughter-in-law, Mr. and Mrs. J. Horner.

Miss Marjorie Johnson, nurse-in-training at Deaconess Hospital, Spokane, has returned after a two-week vacation with her parents, Mr. and Mrs. E. C. Johnson.

Edward Gordon, who has joined the Army Service Corps, left for Victoria.

Mrs. Roderick G. Macdonald of Coora Linn visited Nelson.

M. Walker, principal of the school who spent his vacation in Vancouver, has resumed his duties.

Mr. and Mrs. J. T. Jerome and children have returned from a vacation at their summer place, Crest Bay.

## DON'T LEAVE YOUR WAR LOAN JOB TO GEORGE

Canada's war loans are extraordinary loans, over and above the loans commonly floated for Government capital expenses, which are taken care of without difficulty in the financial market.

The sources that find ordinary capital for government loans have come through with their share for the Second Canadian War Loan, and it is stated, have done all that was expected.

But it is the ordinary Canadian who is backward on this occasion, and who is responsible for having the loan lag and for thereby giving Canada a black eye—an entirely unnecessary one, for the banks are full of the people's savings.

Savings deposits in Canada are officially reported at a billion and a half dollars. So there is no question of ordinary Canadian citizens having a whale of a lot of money tucked away, drawing a low rate of interest. The volume of Canadian savings is ample to stand the draft upon it required.

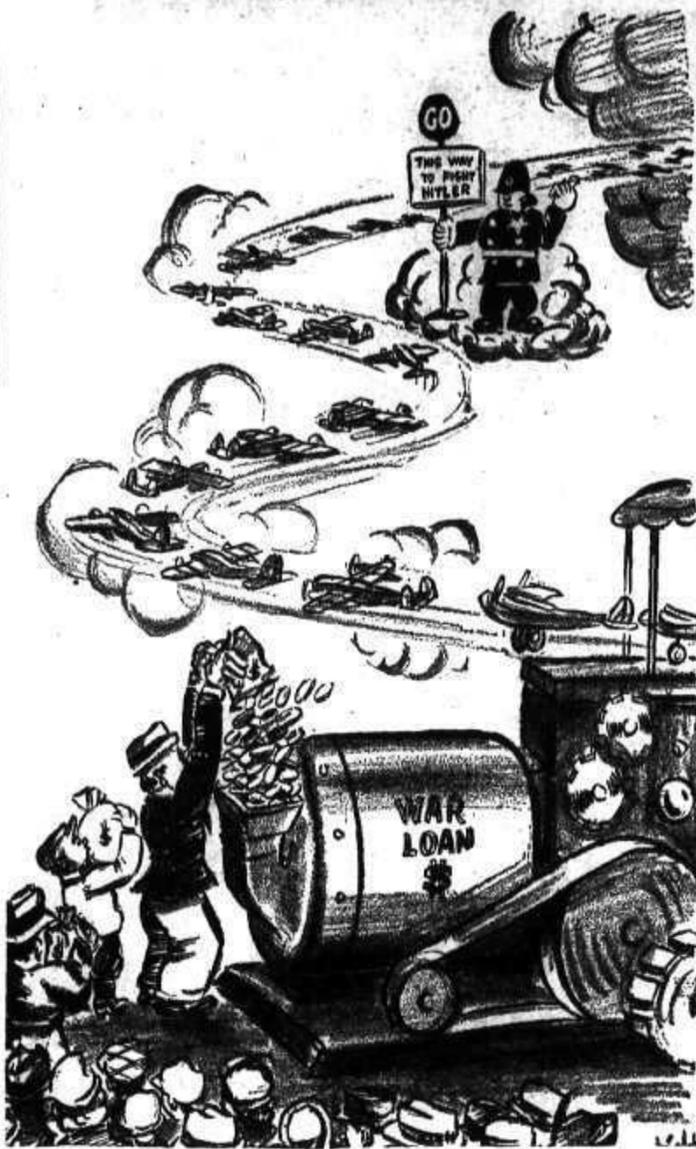

Yes, it is the ordinary Canadian, the thrifty citizen, with anything from a few rainy day dollars to a few thousand dollars drawing savings interest, who believes in Canada, believes in the righteousness of the war, is intensely proud of the Empire's showing in the battle for freedom, who would not for anything fail in patriotic duty, who is slacking now, through failure to realize that this loan call is for everyone.

There are over 4,000,000 savings accounts in Canada. So it is the ordinary people's savings who make up that enormous volume. In addition to those with savings put aside, there are many who could find \$100 for any desired object, from earnings.

The duty of the hour now is to lend to the Government the number of millions required to carry on the war effort. Many mickles make a muckle.

This is a duty that no one can leave to his neighbor. This is not something to leave to "George" to do. It is something for each and every Canadian, in this district and in every district, to do personally, for himself or herself.

ORDERS OF THE TRICKS  
IT IS easy enough to review the order in which the tricks were taken—after the hand is over. That is a mere matter of memory. But to "review them in advance," as it were—forecast their order if you play one way, and their different order if you play another way—that is harder, but it is worth points to you on the score sheet. Applying just that process can sometimes mean the difference between end-playing your opponent and having him end-play you for the crucial trick.

one and returning his spade 2. Where East took this with the K, the contract was made. Of course unwilling to lead a spade to the dummy, he had to choose a heart or club. He picked the heart K. South scored his A and Q, and threw East in with another heart. East cashed his club A for the fourth trick of his side, but the club return gave South the rest of the tricks in that suit.

At the other table, after the first spade and four diamond tricks, when West returned his spade 5, East let South win with the J. South then had to lead to him. He picked the wrong suit, hearts. His 3 to the 10 and J were followed by the spade K, heart K to the A, the heart Q, then a club, East getting two clubs to set the contract. When South was in with the spade J, a club to the 10 would have put the show on the other foot. East could not then have stopped game. It is interesting to figure that out for yourself.

Choose cucumbers over five inches in length, wash them well and pack them in earthenware jars or wooden crates. On each layer of cucumbers place a thin layer of dill, stalks, leaves and seed balls included. When all are packed in, cover them with a salt brine solution carrying 40 per cent salt (approximately two pounds salt to three quarts water). Place a layer of grape or horseradish leaves on top and weight down with a clean plate and stone. Two or three weeks will be required for curing. They may be removed from the brine, soaked over night in cold water and put in a pickling vinegar and prepared as needed.

## Down Dodgers in Stormy Game Close on Flag; Athletics Defeat Indians to Scramble Junior League

### Senators Beat Senators; Yankees Walloped by Browns

By The Canadian Press  
The Reds yesterday came to clinching their second consecutive National League pennant by beating Brooklyn Dodgers 4-3 in a game with the help of a display that caused an attack on the game by George Magerkurth after the game.

The Reds rallied to tie the game in the ninth with one run, then won with one out in the tenth. McCormick grounded to stop and Johnny Hudson threw to Cocharan, who dropped the ball pivoting to throw to first. A double play attempt. Umpire Dewey called Goodman out, appealed to Magerkurth near the base when Manager Bill McKeck and the Reds protested.

Magerkurth ruled Goodman was in, filling the bases, and his own stood in spite of a vocal cry from the Dodgers which led only with the banishment Manager Leo Durocher.

The next play Catcher Bill McKeck drove a liner and Mike Mauer scored the deciding run. The game swarmed on to the field, and Magerkurth's call, but another rushed up and called a flag. The towering line, at least six feet three inches and weighing about 225 pounds, knocked to the ground and aided by his smaller fellow, the umpire and others rushed to the field. Police arrested Magerkurth's assistant.

During all their runs on homers, though Pirates wobbled to a 7-6 victory over New York Giants in the final meeting of the season. The Yankees won their 46th victory of the season, more than in any year since 1937, by beating St. Louis Cardinals 3-2 in the first game of a doubleheader. They lost the second.

Donnie Mack's Athletics wound a terrific American League flag into a tighter knot, snapping nine-game losing streak to split doubleheader with the league-

## cept for Piffful Incompeency on Round, Red Sox Best Team in Majors

### Even Their Great Power Can't Overcome Big Deficit

Butland and Mickey Harris, are now back in the minors. The other, Herb Haah, has become a sort of concave pitcher, in Cronin's estimation.

New pitching prospects have come along since then. Yank Terry was brought up from Louisville. Earl Johnson, a young left-hander, was recalled from the Piedmont League. Johnson looks like he might win a major league berth. But whether he is really a big league pitcher is something that can't be determined until next season.

GOOD PITCHING NEEDED  
Thus the Red Sox, who were considered the team the Yankees had to beat in the fifth straight pennant, apparently are no such thing. In the field they have molded a team that actually exceeds their Spring hopes. But it can't go places without adequate pitching. No team ever has.

It is possible, though improbable, that the Red Sox will be a Yankee standard for power set in 1938. Under Bill Dickey, Joe DiMaggio, Lou Gehrig, Tony Lazzeri and George Selkirk each drove in over 100 runs.

Five Sox players have chances to clear that barrier. Jimmy Foss, is in, with Ted Williams, Cronin, Bobby Doerr and Jim Tabor all well up there as run producers.

With such concentrated power behind him, the Red Sox pitchers, like the Philly pitchers of the Baker Bowl era, ought to pay their way into the park. Working complete games should be a comparatively simplified chore. Yet the records point conclusively to pitching incompetency, something no power can completely overcome.

## Dodgers Challenge Yankees to Series

BROOKLYN, Sept. 16 (AP)—President Larry MacPhail of Brooklyn Dodgers today challenged New York Yankees to a post-season series for the championship of greater New York.

He sent a letter to President Ed Barrow of the Yankees proposing the series in the event the world champions miss the pennant.

Barrow tonight said he had not yet received MacPhail's letter and had no comment.

## B. C. Boxla Final Starts Thursday; Two-Game Series

VANCOUVER, Sept. 16 (CP)—Archie Holland, President of the British Columbia Lacrosse Association today announced the Provincial series for the championship has been changed from a best of three to a two-game, total-goal series opening here Sept. 19 instead of Sept. 18 as previously scheduled.

Both games between Vancouver Burrards, Inter-City League champions and the winners of the West Kootenay League championship, will be played in Vancouver, with the second contest Sept. 21.

Holland said the change was necessitated by prolonging of the West Kootenay series to the five-game limit.

The Provincial winner will travel East this year to compete for the Dominion championship, was last year by New Westminster Advance.

Holland also said the British Columbia Junior finals, scheduled to be played at Nanaimo, Sept. 14 and 15, and cancelled because the Nanaimo arena was used by the military Saturday, would not be played until after the Canadian junior championship series was completed here.

NEW YORK, Sept. 16 (AP)—Salt Lake City is trying to get Jack Dempsey to pull up stakes here and settle down in the old home town. They can't do that yet.

In night club Golden Chapman. Often sings until he's hoarse. But the birdies do his crooning. When he goes out on the course.

Some weeks back we told of a baseball team which staged an uproarious 18-run inning in which one player came to bat three times and got three hits and another went up three times and drew three walks. We never thought we'd already had anything to beat the likes of that, but here it is. . . Texas League records show that in August, 1923, Waco defeated Beaumont 20-7. . . Waco scored 18 runs in the eighth inning. . . Gene Rye, Waco's centre-fielder, was up three times in the eighth. . . He slammed out three homers—one to right, one to centre and one to left. . . ## B. C. Hoop Association to Meet on Saturday

VANCOUVER, Sept. 16 (CP)—Mert Gordon, President of the British Columbia Basketball Association said tonight the annual meeting would be held here Saturday next.

Representatives are expected from Victoria, Nanaimo, East and West Kootenay, Kamloops and the Okanagan districts. Joe Polley, Secretary, has notified all clubs of the meeting.

Among matters on the agenda, besides election of officers, is the question regarding re-instatement of Victoria Dominos, 1939 Canadian champions.

LONDON (CP)—Police were called to quell a disturbance at a greyhound stadium near here when the crowd of spectators ran over the track to attack the judge after he had altered a decision. The judge escaped.

## Jenkins Gets Up From Floor to Beat Montgomery

PHILADELPHIA, Sept. 16 (AP)—Lightweight champion Lew Jenkins, with his fistie career "on the spot," rallied in the last round tonight to win a 10-round decision over Bob Montgomery, local Negro youngster, before a crowd of 18,000 in Shibe Park. Jenkins weighed 155, Montgomery 137.

The slim Texan got up off the floor to do it, however. Montgomery who fought in a half crouch and battled somewhat on the style of Henry Armstrong, dropped Jenkins in the third round for a nine-count, cut his left eye in the same heat, and generally worked on that eye the rest of the way.

It was a dead-end fight with Jenkins, after taking the early rounds, slowing from the seventh through the ninth, and then coming on again with a smashing right-hand body attack in the 10th. On the Associated Press score card, each fighter won five rounds.

In the preliminaries Al Nettlow, smart Detroit welter, knocked out Clarence Enos of Oakland, Cal., in the fourth round. Nettlow weighed 148; Enos 150.

Bobby Bren, 123½, Philadelphia, won a close decision over Al Mancini, 129, Providence, R.I., in an eight-rounder.

Marty Servo, 130, Schenectady, N.Y., outpointed Lou Fortuna, 129½, Philadelphia, in eight rounds and Herbie Katz, 170, Brooklyn, stopped Joe Barr, 177½, Philadelphia, in the third round of another eight rounder.

## Pacific Coast Playoffs Start

SEATTLE, Sept. 16 (AP)—Another Pacific Coast baseball season went into the record books today with the four top clubs—Seattle, Los Angeles, Oakland and San Diego—preparing for the Shaughnessy playoffs to decide \$10,000 in prize money and the President's Trophy.

Pennant winners for the second straight year after leading the loop from the start, Seattle's Rainiers will open a four-out-of-seven game series with third-place Oakland at the latter's park Tuesday. Los Angeles, which finished second will entertain San Diego, starting on Wednesday.

After two games at Oakland, the Rainiers and Oaks will move to Seattle to finish the series. Los Angeles and San Diego likewise will switch parks.

Winners of the two series will play for the \$5000 first prize next Tuesday. The second place club will get \$2500 and the other two teams \$1500 apiece. The President's Cup goes to the Shaughnessy winner.

## BIRD PLAYERS WILL ORGANIZE

Nelson badminton players will hold a meeting in the lounge of the badminton hall at the Civic Centre at 8 o'clock tonight to organize for the 1940-41 season.

One of the main items on the agenda will be whether to open the playing season on the first of October or the 15th.

Officials of the club are delighted with the prospect of having Art Peel, one of the Province's top-ranking players, join this winter. He was transferred by one of the banks from Vancouver to Nelson last May, and will in all probability line up with the local club.

Monte Morley is President of the club, and Denis Crowther is Secretary-Treasurer.

## Hall Tops Trail Indian Batsmen

TRAIL, B. C., Sept. 16—Tack Hall, veteran shortstop, paced the hitting parade of the Trail Indians as they blasted their way atop the West Kootenay Baseball League during the League schedule. His mark was 347.

Bill Fischer, outfielder, was next with 320. Red Tulloch, rubberneck pitcher, batted 321 to take third place and Rico Martin and Casey Jones followed 310 and 301 respectively.

## Arcure and Romano Shot Half a Dozen Grouse, Opening Day

Among initial successes of the grouse season which opened Sunday was a bag of six birds brought down by Carlos Arcure and Fred Romano. Fair bags were reported by a number of other Nelson nimrod-birds but they preferred to keep their identity undisclosed.

The number of hunters out on opening day was not so large as it might have been as a result of a heavy western rain which left underbrush extremely wet.

## BOMBERS UPSET CALGARY BRONKS

WINNIPEG, Sept. 16 (CP)—Winnipeg Blue Bombers, holders of the Canadian football crown, tonight played like trail champions to upset the powerful Calgary Bronks 22-11. The plunging and passing strength of the Bombers smothered Bronks who suffered their first defeat of the Western Interprovincial football schedule.

Bronks now have two wins and a loss in their three games played while Winnipeg, with four games completed, have two losses and two victories. Regim Roughriders have recorded one victory and two losses in three games.

## MIMICO UP ONE

BRAMPTON, Ont., Sept. 16 (CP)—Mimico Mounties scored top advantage of a Brampton penalty in the closing stages to snare two quick goals and defeat the Excelsiors 11-9 tonight in the first game of a best of three Ontario Lacrosse Association senior semi-final series. Winner of the series will meet St. Catharines Athletics for the Association championship.

LONDON (CP)—War Minister Anthony Eden has announced in the House of Commons that so far as is known, 113 soldiers have lost the sight of one or both eyes since the start of the war.

## White Sox Make Great Bid for League Pennant

By TOM BILBR  
Associated Press Sports Writer  
Chicago, Sept. 16 (AP)—James Joseph Dykes is the only casualty so far in the amazing upward surge of Chicago White Sox.

The fiery manager fell off the bench yesterday during a tense moment of the White Sox' victorious bid for a double win over the Boston Red Sox and skinned his knee.

Dykes, 44, isn't committing himself on the club's pennant chances, but the club is in fourth place 4½ games back of the leading Cleveland Indians.

The Sox have only a slim chance to outrun Detroit, Cleveland and New York, but that almost infinitesimal chance has brought the South Side fans flocking. Hundreds of fans swarmed around the Sox dressing room yesterday after they had clipped Boston twice, running their victory string to eight and giving them 15 wins in the last 18 games.

Whatever chance the Sox have rests on their ability to win virtually all of their remaining 12 games, including three with the New York Yankees, while Detroit and Cleveland battle each other in their six engagements. The Sox have three games with the Yankees, two with Detroit and six with St. Louis Browns.

## Trail Girls Want Play Nelson Again

T. H. Negus, Trail softball official, has negotiations under way for an exhibition women's softball game between the West Kootenay champions, Nelson West, and the Trail representative side. The game would be an exhibition, and would be played in Trail.

"In the Daily Province Cup series we made two trips to Nelson, while Nelson required only one trip to Trail, Mr. Negus pointed out. "We need another game so as to balance the ledger for the season, and we would certainly like to make the game as attractive as possible by having the Nelson girls as opposition."

Mr. Negus did not make any proposition regarding the Nelson club's expenses to Trail, but probably the Lakesiders would get a cut out of the gate to help pay for the trip to the Smelter City.

Sons of Colombo: Lorne Tognotti, Talio Darbi, Red Ius, Allan Tognotti, Cecil Costanza, Roland Sammarino, Tim Magliani, Faust Angerelli, Mario Mattucoli, Alec Bolano and John Stiffenell.  
Red Devils: Herb Edmunds, Hal Hodge, Jim Doo, Earl Dwyer, Alan McAlay, Bill Dimock, Albert Buchavic, Harold Hayward, Jim Pearson, James Hall and Lloyd Murdoch.

## REMEMBER WHEN?

By The Canadian Press  
Sir Malcolm Campbell, plotting his motor-boat "Bluebird" on Lake Haldry, Switzerland, a year ago today, broke his own world speed record, which stood at 129.50 miles per hour. His new record was set at 131.61 miles per hour.

## Isabel Donovan, Dixie Edwards Bat Even .500 in Softball Title Series

Isabel Donovan, chunky third base star of the Nelson women's rep softball team, West Kootenay champions, and Dixie Edwards, ace outfielder for the Trail challengers, topped the hitting parade during the six-game championship series with marks of .500 even.

Donovan smacked out 15 safes in 32 trips to the plate, and Edwards had 17 hits in 34 times up. The Nelson girl, however, led in distance slugging with four homers, leading both teams, a triple and two doubles, while Edwards hit a home run, two triples and a double.

Edwards led in the triple department and Frances Zuk and Sadie Jones, both of Trail, had most doubles with three each. Nellie Minton of Trail was second in home runs with three.

Vera Matheson and Donovan, both Nelson infielders, crossed the plate most times—18—and the latter drove in 20 runs, six ahead of Lillian Hickey, Nelson star fielder. Hickey was one of the real stars of the series with 26 putouts and

four assists in the six games. Four players tied in stolen bases with five each—Donovan, Dannie Wallace and George Eberley of Nelson, and Hazel Benoit of Trail. Other leaders in the various departments were Rosa Stewart of Nelson who struck out five times and Donovan and Eberley who walked six times each.

No pitcher on either team's pitching staff particularly distinguished herself—but Hazel Splers, youthful veteran who says she has pitched her last season of ball, headed the pitching records. She allowed 5.79 earned runs per nine-inning game, and had two victories against one defeat. Margaret Smith of Trail was the most heavily worked of the moundmen in the series, appearing in each of the six games. She was credited with both of Trail's victories, lost one game, and hurled 42 innings in all. She led in strikeouts—23—but walked 26 batters.

Composite box score of the six games, with the players in their batting orders, follows:

# R.A.F. Lays Up on German Industries to Stop Hitler's Plans of Invasion

By J. F. SANDERSON  
(Canadian Press Staff Writer).  
LONDON, Sept. 16 (CP Cable).—Hitler's invasion plans have been seriously impeded by intense bombing raids by Royal Air Force planes. It is believed in authoritative quarters here.

Night after night, the invasion ports of France, Belgium, Holland and Norway have been bombed by relays of British planes in an attempt to dislocate troop and shipping concentrations, and to destroy loading and transport facilities.

These nightly raids have not prevented the Germans from marshalling their forces on the other side of the channel, but they have inflicted severe losses, and added greatly to the general complexity of the operations, it is believed here.

While the threat of imminent invasion hangs over this country, the main efforts of R. A. F. bombers must be focused on the invasion ports, but this work is regarded merely as a diversion from the primary work of raiding military and industrial objectives in Germany and German-occupied territory.

For months the R. A. F. has been working on a long-range bombing policy designed to cripple Germany's warlike industry but this has had to be interrupted in part to give priority to the invasion threat.

In this long-range plan Germany's oil resources have No. 1 place, followed by transportation facilities and aircraft factories.

While the German Luftwaffe scatters its bombs over or less indiscriminately over Britain, particularly London, the R.A.F. has concentrated on military objectives. It is believed that Germany's main aim for the London raids has been to spread panic among the civilian population and perhaps to

# Churchill Praises Fighter Command

LONDON, Sept. 15 (CP).—Prime Minister Churchill today said that the successes of the fighter command against the German Air Force Sunday "exceed all expectations and give just and sober confidence in the approaching struggle."

The prime minister sent a message to Air Marshal Sinclair, Secretary of State for Air, to be forwarded to the fighter command.

In it he said that the Royal Air Force, aided by Czech and Polish squadrons, "cut to rags and tatters three separate waves of murderous assaults upon the civil population."

"The message," he said, "was a record of the fighter command. "Aided by squadrons of the Czech and Polish comrades, using only a small proportion of their (the command's) total strength and under cloud conditions of some difficulty, they cut to rags and tatters three separate waves of murderous assaults upon the civil population of their native land, inflicting a certain loss of 125 bombers and 33 fighters upon the enemy to say nothing of probabilities and damaged, while themselves sustaining only a loss of 12 pilots and 25 machines."

# Roosevelt Signs Conscription Bill

WASHINGTON, Sept. 16 (AP).—President Roosevelt signed into law today the United States' first peace time draft bill and immediately issued a proclamation requiring the registration Oct. 16 of 16,500,000 men 21 to 35 years old.

In a statement issued at the time of the signing the President said that "America has adopted selective service in time of peace, and, in doing so, has broadened and enriched our basic concept of citizenship."

"Beside the clear democratic ideal of equal rights and equal opportunities," the President said, "we have set forth the underlying other duties, obligations and responsibilities of equal service."

"In thus providing for national defence, we have not carved a new and uncharted trail in the history of our democratic institutions. On the contrary, we have merely reasserted an old and accepted principle of democratic government."

# Cadet Drill for Cranbrook Schools

CRANBROOK, B. C., Sept. 16 (CP).—Cadet drill will be given to all physically fit boys 12 years of age and over at the high school and central school here by Sergeant Major R. Forbes of the Victoria Home Guard, school officials announced today.

Enrollment at the high school showed an increase, officials said, but figures at the central school showed a decrease. Only 20 new teachers were present as classes resumed.

# Club for Canadian Soldiers is Damaged

LONDON, Sept. 16 (CP Cable).—A club in the London area run by Canada's Overseas Forces has been forced to move to new quarters due to bomb damage.

The club lost most of its windows and plaster from the walls and ceiling when a big bomb was dropped during the Nazi dusk to dawn raid last night landed on a building three blocks down the street. It is not believed that there were any serious casualties.

# Two Japanese Boys Drown Near Haney

HAMMOND, B. C., Sept. 16 (CP).—Two Japanese youths, Minoru Oka, 17, and Kiyoko Maki, 12, both of Hammond, were drowned while swimming in the Alouette River two and one-half miles West of Honey, yesterday afternoon.

# Forest Pictures are Enjoyed at Robson

ROBSON, B. C.—Forestry pictures were enjoyed at the Robson Hall. Mr. Bremner gave a short address on the prevention of forest fires.

Pictures were shown in the Lake Louise, Banff and the National Park. Comic pictures were enjoyed by the children.

# Germans Have a Little Trouble Counting Losses

BERLIN, Sept. 16 (AP).—The text of Monday's German communication:

"On Sept. 15 and during the night to Sept. 16, retaliatory flights on London continued under the severest weather conditions. Battle planes attacked docks and port facilities, one heavy bomb hitting the Bromley Gas Works. Oil tanks were fired and hits scored on railway stations and war essential industries in Woolwich and other parts of the city."

"Fierce air battles developed during the course of these raids. The port facilities of Dover and Portland, where oil tanks were fired, and the Wells Airplane works at Southampton were bombed. During raids on several convoys on the Irish, Welsh, and Scottish coasts and the English East Coast, two merchant vessels totalling 18,000 tons were sunk, one was set afire and several were damaged. Another 800-ton merchantman was sunk in the channel at night."

"Fighting plane units carried out nocturnal raids on Liverpool, and Birmingham. Numerous fires resulted. The mining of British ports continued."

"(British statements announced damage to gas and water mains and commercial premises in these raids but the objects hit were not further identified. There was no indication from the admiralty that any ships were sunk during yesterday and last night.)"

"Attempts by British planes to raid the capital last night were frustrated. In some cities in Western Germany bombs dropped on residential sections. At one place several houses were destroyed and a school set afire. Two civilians were killed and several injured."

"Anti-aircraft and night chasers shot down one plane each. Navy patrol boats shot down three enemy planes on the channel coast. The enemy's total losses yesterday were 79 planes, forty-three of our own planes are missing."

"Yesterday's 185 German aircraft were destroyed. British losses were 25 fighter planes."

# National Guard Mobilizes in U.S.

WASHINGTON, Sept. 16 (AP).—Some 60,000 United States citizen-soldiers trooped into their home armories today in the first Federal mobilization of National Guard since last war days.

Their commanders were under orders from Washington to concentrate the guardsmen in previously announced training centres "as soon as practicable." National Guard Bureau officials anticipated all the men would be in camps within 10 days.

President Roosevelt ordered his initial contingent of Guardsmen to be inducted into the regular army today under the recently enacted law empowering him to mobilize the full force of citizen-soldiers, totalling about 242,000 officers and men, for a year's training.

# CLAIM BRITISH PLANE DOWNED IN MOROCCO

VICHY, France, Sept. 16 (AP).—A dispatch from Rabat, French Morocco, today claimed that a British plane had been shot down in Morocco's Atlantic coast, last Saturday after the British plane had opened fire.

The dispatch said three British officers manning the plane were rescued by a launch sent out by the Casablanca port commandant.

# RAYBURN IS U.S. SPEAKER OF HOUSE

WASHINGTON, Sept. 16 (AP).—Sam Rayburn, 58-year-old Texas Democrat, was elected Speaker of the United States House of Representatives by acclamation today while the body of his predecessor, the late William B. Bankhead of Alabama, lay in state at the foot of the House rostrum.

# CHURCH COUNCILS UNITE

LONDON, Sept. 16 (CP Cable).—A federal council was formally created today incorporating the two "free church" councils and enabling some 7,000,000 free churchmen to speak with a united voice.

The new council unites the National Free Church Council and the Federal Council of Evangelical Free Churches, Revs. Walter H. Armstrong and Mervin H. Jones, of Norway, will be the first Moderator of the new body.

Hutchison Sees Rossland Newer, Trail Greener

TRAIL, B. C., Sept. 16 - Commenting on the marked improvement in Trail and Rossland since his previous visit in 1933, Bruce Hutchison of the Vancouver Sun, had the two cities a visit Monday.

Mr. Hutchison, on tour throughout Canada, remarked on the new and newly pointed and improved buildings in Rossland, and in the improved foliage in Trail.

Combined with his inspection visit, the West Kootenay held another call for the visitor, that of memories of the years spent as a lad in Cranbrook.

Mr. Hutchison visited R. R. Burns, M. L. A., as well as Consolidated Company officials at Tadanac, and The Trail Times, and spent several hours inspecting the picture gallery of Pete Levesque at the Arlington Hotel.

Mr. Levesque's gallery, comprising a collection of pictures of early British Columbia and Canadian statesmen, is the first collection he has seen in Canada outside the archives, Mr. Hutchison said.

He left Monday afternoon for Nelson.

Graham, Sub-Collector of Customs at Kingsgate, Retires; 30 Years in Service; Formerly Telegrapher

As Press Operator He Handled Major News of 1897-1907

KINGSGATE, B. C.—The end of summer, the end of heavy tourist traffic and the end of 30 years meritorious and faithful service in the Department of National Revenue for H. R. Graham of Kingsgate, came together.

Mr. Graham was born and brought up in London, Ont., where in 1893 he started his long years of work by joining the G. N. W. Telegraphs as a messenger boy. He soon learned to handle the key and after a while became press operator for The Associated Press and The London Free Press, and from 1897 to 1907 handled dispatches upon some of the biggest events of that time—news of the Klondyke, the South African War, the Spanish American War, the death of MacKinnley, the death of Queen Victoria, and many other epoch making events.

After 10 years of this, the urge to go West made itself felt. Fort William, Kenora, Port Arthur, were stopping places on the way to Winnipeg, where Mr. Graham was an operator for the Western Associated Press wires.

Rossland Social...

ROSSLAND, B. C., Sept. 16—Miss Marjorie McDowell is expected back today from a visit to Vancouver and Seattle. In the latter city she was the guest of her brother-in-law and sister, Dr. and Mrs. J. G. Weir.

Mr. and Mrs. D. Martin and family, formerly of Trail, have taken up residence in Rossland.

One of Rossland's old-timers, William Fraser of Vancouver, visited the city.

Mr. and Mrs. Evans left for their home in Vancouver Thursday, after visiting Mrs. S. Churchill.

Cyril Mulligan has returned to Edmonton to resume his studies at Alberta University.

D. A. Black, formerly of Nelson, has joined the staff of the Rossland Cooperative Transportation Society.

Mrs. M. Penny has as her guest her granddaughter, Miss Ruth Foster of Vancouver.

George Anderson is in Vancouver for vacation.

A quiet wedding ceremony was performed by Rev. A. K. McIntyre, V.G., in the Rectory of Sacred Heart Church, when he united in marriage Sadie Mildred Muscull and Elmer Francis Thompson.

The bride couple for their wedding gown a crepe frock in the popular dusty rose shade, complemented by a matching hat, which featured a long veil. Acting as attendants were Mr. and Mrs. Firman Bouquet. After a honeymoon spent along the Arrow Lakes and in the Okanagan, Mr. and Mrs. Thompson will reside on Fourth Avenue, Rossland.

Mrs. Thomas Wood was hostess Thursday evening to the Women's Benefit Association, when routine business was discussed. The members present were Mrs. S. Beckman, Mrs. J. McNeil, Mrs. Ida Corbett, Mrs. A. Woodward, Mrs. J. Rutherford, Mrs. J. Fertich, Mrs. J. McCullough, Mrs. H. Conroy, Mrs. J. Spencer, Mrs. T. Smith, Mrs. E. L. Eklund, Mrs. William Cunningham, Miss Marion Dupperon and Miss Marian Fertich.

The Women's Auxiliary to the Canadian Legion met Wednesday evening in the Armory. Plans were formulated for sending parcels at Christmas time to members' husbands and sons who are serving with different branches of the army.

Those present were Mrs. J. Knox, Mrs. John Phillips, Mrs. E. E. Turner, Mrs. Howard Ferguson, Mrs. Robert Richardson, Mrs. M. Storie, Mrs. Thomas Wood, Mrs. W. Inglis, Mrs. L. Walker, Mrs. R. Symons, Mrs. J. McCullough, Mrs. J. Bradley, Mrs. William Buick, and Mrs. William Greig-Jones.

William Wilbur leaves Tuesday morning for Vancouver to enter the University of B. C.

Miss Dallas Smith is expected to return this weekend from Vancouver, where she has spent the last two weeks.

Dr. Toone Tells Rotary of India

An interesting review of the geography and life of India as he found it during his seven years' residence in the Orient was given the Rotary Club at its weekly luncheon Monday at the Hume by Dr. W. M. Toone, who recently joined the Nelson Medical fraternity.

He described India's life as "ageless and ceaseless." Throughout the country, the natives lived in small mud villages rather than large cities. It was more an agricultural country than anything else, the Indians growing rice, wheat and barley for the use of their own families, leaving little produce for marketing purposes. Between 200 or 300 Indians lived in a village, Dr. Toone said.

"There is no variety in the frugal life of the Indians," Dr. Toone told the Rotarians. "It is not an attractive existence, but for the most part they are a happy, contented and friendly people. A man works from 6 a.m. to 6 p.m. tilling his soil, goes to bed at 8 and rises at 5. The wife works four times as hard, bearing his children, carrying water, preparing meals and so on."

There were 250 beds in his hospital, and there were always 400 patients. Eighteen operations on an average were conducted each day by the staff of two doctors and 13 nurses.

Telling of the native princes, Dr. Toone said that the Prince of Kashmir, a Hindu, had a tremendous estate, about the size of British Columbia. He failed to take advantage of his great resources, however, in order to pay his income which Dr. Toone estimated at \$25,000 a month. As a result of a previous incident in London, he didn't care for the British and didn't encourage tourist trade for his beautiful territory which resembled the Rockies. Nor did he cut much of his vast forests, but depended upon a harsh taxation system for his income.

"If you want reads from the lake you have to pay a tax. Or if you want to sweep up leaves underneath trees, you have to pay a tax," Dr. Toone gave as instances.

He said that there was a tremendous response in registration when war broke out. In fact the doctor thought it was a tremendous war, and immediately hurried back to Canada, expecting to soon don a khaki uniform to do his surgical work.

"Instead I find myself living in this beautiful place which vies with anywhere I've ever seen in the world," he said. He particularly admired the friendliness of Nelson citizens.

A. H. Allan introduced the speaker, H. W. Robertson, Club President, who is in the chair. Other guests were R. B. Walker and C. T. McHattie, Rotarians, both of Vancouver.
