BRITISH ENVOY ESCAPES ASSASSINATION

150 LOSE HOMES IN NAZI ATTACK ON BRITISH CITY

Northwest City Takes Brunt Along With the Midlands
 7 PLANES DOWNED

LONDON, March 12 (Wednesday) (CP)—German planes bombed at least 50 persons out of their homes in one area of a North-western town and buried many others beneath wreckage in another during a raid of several hours last night.

It was the most sustained attack on the town in several months.

Many of those dug from the debris of demolished homes at the raid ended shortly before midnight were reported in grave condition.

Bombers also concentrated on the West Midlands, where hundreds of incendiaries were scattered, but fires were held to a minimum.

Fatalities, however, were reported from one town where it was said six persons alone died on one street of a biased residential section.

A number of persons were killed in one South Coast town attacked for several hours. Two other raided towns in the vicinity also reported injuries and damages to homes, business buildings, a hospital and a cinema.

The attackers came in waves over the town soon after German raiders above several London districts attracted anti-aircraft barrages of such intensity that the sky was ablaze.

Apparently in force, the Nazi raiders renewed nightly assaults also were felt along the Thames Estuary, at Liverpool, and off the coasts of Northeast Scotland, South Wales and Western England.

Several districts of the capital also were hit, and, early in the evening, British fighters engaged one formation of Germans in a short, fierce battle over a town on the Thames Estuary.

Last night's attack was a continuation of stepped-up give-and-take air warfare. Cologne, Germany's third largest city, was subjected to a Royal Air Force assault which started large fires in its industrial centres and on the approaches of the Hohenzollern Bridge spanning the Rhine.

The Germans matched this blow with a six-hour fire and explosive bomb raid on Portsmouth, the mightiest assault yet launched against the naval station on Britain's South coast.

The Air Ministry said that seven German night raiders were knocked down four of them by anti-aircraft anti-aircraft batteries. Three R.A.F. planes were lost.

"Swift Diplomatic Manoeuvre" for Spanish Cooperation Thus Collapsed, Says Story; Spanish Envoy to Berlin Fired

NEW YORK, March 11 (AP)—Reliable informants said tonight that Gen. Francisco Franco had abruptly turned down a German demand for facilities to fly military planes across Spain to Africa.

These informants said that a well planned "swift diplomatic manoeuvre" by Nazi Foreign Minister Ribbentrop thus collapsed; and as a result, General Espinosa de los Monteros, Spanish Ambassador to Berlin, lost his job.

This is the story: Ribbentrop, it was said, summoned the Spanish Ambassador to the Berlin Foreign Office and read to him rapidly a document containing German proposals for "Spanish cooperation."

Most important of these was a demand for Spanish territorial facilities to fly military planes to Africa.

About the same time, tonight's informants continued, German Ambassador Baron Eberhard Von Stohrer called upon the Spanish Foreign Minister, Ramon Serrano Suner, in Madrid "to discuss details for carrying out the agreement" which, Von Stohrer claimed, already had been reached in Berlin.

Serrano Suner was taken by surprise. He declared he had no knowledge of the agreement and had not even heard of Ribbentrop seeing the Spanish Ambassador to Berlin on the subject.

Later, Franco granted an audience to Von Stohrer at his official residence, the Pardo Palace.

Stohrer, it was said, repeated the German proposals.

Franco, informed persons asserted, turned them down as "inconsistent with the honor of Spain."

Los Monteros, it appeared, had merely made noncommittal acknowledgement of Ribbentrop's proposals when he called at the Wilhelmstrasse and, before he had a chance to report to Madrid, Von Stohrer was carrying out his end of the German manoeuvre at the Spanish Foreign Office.

The Spanish Ambassador now will be replaced by former Minister to Switzerland, Barcelona, it was understood.

The same sources which related this story said there had been increasing pressure on Spain recently for Axis "free passage" to Africa.

British Tanks Stage Thrilling Battle for Churchill

This realistic sham battle between armored units of the British army was staged for the benefit of Premier Winston Churchill and his guests, General Sikorski, of Poland's forces, and De Gaulle of the Free French, at a proving ground in England recently. The men in foreground are manning an anti-tank gun.

Aid Bill Signed, War List Is Rushed Off to Britain, Greece

Roosevelt to Ask for Huge Outlay to Finance Plan

WASHINGTON, March 11 (AP)—The British aid bill—a measure which might conceivably shape the history of the world, to come—became law today with the signature of President Roosevelt.

Four minutes after the signing the President ordered an undisclosed list of war materials sent to Britain and Greece.

In a breath-taking spurt at the finish after weeks of debate by Senate and House of Representatives, Congress rushed the measure to the White House this afternoon for Mr. Roosevelt's signature.

Then, the President told a Press conference he would ask Congress tomorrow for the country's biggest war-time appropriation—\$700,000,000—to finance the help-Britain program, and that some time within a week he would make a broadcast talk on the subject.

Final Congressional Approval Took Form of a 317-to-71 House Vote Accepting Amendments Attached to the Bill by the Senate.

The accompanying debate produced bi-partisan pledges of national unity, now that a majority of both Houses had spoken.

The speed started at that point, Vice-President Henry Wallace, brushing formalities aside, went to the House end of the capitol and he and Speaker Sam Rayburn signed it. Chairman Michael Kirwan (Dem.-Ohio) of the House Committee on enrolled bills slipped the elaborate linen-paper document into a brief case and hailed a taxicab.

At the White House he turned it over to Clarence Hess, a veteran clerk in the Executive Offices, who signed a receipt for it. Roosevelt was waiting at his desk, surrounded by photographers. Eleven minutes later a White House official signaled to newsmen, with a wave of his hand, that the measure had become law.

A list of war supplies, the property of the army and navy, had already been drawn up, in consultation with high officers of the two services. Four minutes after signing was announced, Mr. Roosevelt ordered it on its way to Britain and Greece, and immediately afterwards reports filed into his office for the regular semi-weekly Press conference.

Telling the newsmen what he had done, Mr. Roosevelt made it clear that, for the time being he would not disclose either what the list included or the value of supplies involved. The latter, he said, was not large, and the total original cost would not necessarily be the billing price.

This, he added, was for the reason that some of the equipment involved was out of date or surplus or did not have the same monetary value as of the time it was manufactured years ago.

Much significance attached to the value placed upon the articles because the new law limits transfer of equipment already on hand or previously appropriated for to a total value of \$1,300,000,000.

Tank Brigade to Work With Corps Explains Ralston

OTTAWA, March 11 (CP)—Defence Minister Ralston outlined for the House of Commons today the formation of the Army Tank Brigade and the Canadian Armored Division which, under the 1941 program, will proceed overseas this year.

The Army Tank Brigade, "which should prove most valuable to the Canadian corps" will be equipped primarily with infantry tanks. The Armored Division will work on its own and will be equipped with cruiser tanks.

"That unit (the Armored Division) is regarded as most essential by our friends over there and they expressed themselves extremely gratified that we were able to make the arrangement which was made," said Col. Ralston.

Col. Ralston said the Army Tank Brigade is often confused in the public mind with the Armored Corps and explained the Tank Brigade is a formation "which we hope will be working with the Canadian Corps."

"It is an armored formation which works with the infantry and is an adjunct or supplement to the armed force," said Col. Ralston.

Arrangements had been made in the United Kingdom with regard to supplying any equipment which may be necessary in the event the Army Tank Brigade crosses the sea before it is fully equipped.

This, he said, is the same arrangement which holds for the Armored Division which will consist of some 40 units and will have a personnel of about 13,000.

"There are three tank battalions in the brigade," said Col. Ralston. "This formation was strongly recommended by the General Officer Commanding the Canadian Corps (Lt.-Gen. A. G. L. McNaughton) and by the Chief of the General Staff (Maj.-Gen. H. D. G. Crerar) as well."

Expected Election Statement Unheard

WINNIPEG, March 11 (CP)—Possibility of an election date announcement for Manitoba disappeared tonight when Premier Bracken returned home from the Par. Man., and failed to summon a Cabinet Committee conference to discuss the question.

An announcement of a general election date was anticipated after a report from The Par. Man. Bracken had told interviewers he would meet his Cabinet Committee tonight "to decide the question."

Bloody Victory Won by Greeks

ATHENS, March 12 (Wednesday) (AP)—The Greek Army struggling against fierce Italian counter-fire was declared victorious today to have pegged out new gains on the bloody mountain slopes of Albania and to have taken 450 more prisoners including three senior Fascist officers.

Aware of the German menace on the Bulgarian flank, the Government sent Kostas Kotzias, Athens Governor, to Komotino (formerly Turkey's Gumurjina) in Thrace, only 10 miles from the massing Nazi troops.

Kotzias, who will be temporary Governor of Thrace, flew of Komotino accompanied by three Greek Cabinet Ministers.

A Government spokesman telling of the heavy fighting in Albania said: "We did not yield an inch in yesterday's fighting. The mountains are covered with hundreds of dead and wounded. Some prisoners estimated Italian losses since the war's outbreak at 130,000."

"Statements taken from these prisoners say that certain Black-shirt units with machine-guns do not allow them to retreat."

Soldier Killed When Carrier Overturns

ALLISTON, Ont., March 11 (CP)—A soldier killed when a heavy army carrier on manoeuvres from Camp Borden overturned in the snow was identified late today as Pte. L. C. Dumand.

His regimental number was A54892 and he is believed to have been a former American whose home was in Windsor, Ont.

Italian Prisoners to Raise British Crops

CHESTER, England, March 11 (CP)—Britain intends to put Italian war prisoners to work raising her crops, Thomas Williams, Parliamentary Secretary to the Minister of Agriculture, disclosed today.

He told farmers the Government proposes to put between 2000 and 3000 Italian war prisoners on farm work in Britain as soon as ships are available to bring them.

The present shipping situation, he said, is "infinitely more desperate than 12 months ago and infinitely more than it was from 1914 to 1918."

Airman's Boots Were Not on Island Where Wife Was Murdered

TORONTO, March 11 (CP)—A research botanist from University of Toronto, W. R. Watson, testified today that boots said by police to have belonged to AC. Hugh Newell could not have been worn by anyone walking across Toronto Island to the spot where Jane Newell's body was found last October. The air-craftman is on trial for his wife's murder.

It would be impossible for anyone to walk through the area "without picking up some of the common and abundant plants of that area—none of which were present on the boots in question," Watson said.

Earlier in the day's session a chemist expert, F. A. H. Zeidler, testified that he found 23 per cent of cotton in fibres said to have been found on a twig near the spot where the body was discovered. Samples of cloth taken from Newell's trousers, he said, were "all wool."

500,000 Germans on Bulgarian Frontier Await Blitz Signal

BELGRADE, March 11 (AP)—More than 500,000 Nazi troops were poised tonight on the Bulgarian frontiers with Turkey and Greece—and reliable reports from Sofia said only Hitler's "go" signal was awaited.

German headquarters are at Plovdiv, 40 miles from the Greek frontier, 80 from the Turkish. Nazi staff officers belligerent dash about Sofia's streets. They are at Plovdiv—waiting.

The flow Southward through Balkan mountain passes of tanks, supply trucks and troops had dwindled to a trickle.

Make-shift ambulances covered with red crosses, physicians and nurses, mostly make up the Southward trek now. This fact was taken by reliable on-the-spot observers to mean that a showdown is imminent.

Nazi supply trucks which for 10 days have been racing back and forth from Sofia warehouses to the Southern encampments with food, fuel and other war supplies were not coming back today.

Thousands of German and Bulgarian bomber and fighter planes are lined up outside hangars on air fields all over Bulgaria ready for instant action.

Within the last 48 hours an Iron-clad German-Bulgarian military control has closed down on all phases of life from the Danube River in the North to the Greek frontier. New restrictions are being imposed hourly. Many essentials are disappearing from shops as rationing is now being enforced.

Nazi planes with screaming sirens such as the Germans used in their Western invasion last Spring now are being tested daily, over Sofia, the Bulgarian capital.

In many parts of Southern Bulgaria gangs of workmen have constructed underground depots for drums of gasoline needed by Nazi tanks, trucks and planes.

German military police now supervise all traffic on the main North-South highways and even in Sofia's streets.

Dozens of high ranking German naval officers, reliable reports say, arrived this week at Sofia.

Young Destroyer Leader Honored

LONDON, March 11 (CP Cable)—Lt.-Comdr. Herbert Sharpley Rayner, Canada's youngest Commanding Officer of a destroyer, who has spent nearly half his 30 years at sea, was awarded the Distinguished Service Cross tonight for "courage and enterprise in action against enemy submarines."

Comdr. Rayner was one of six Canadian naval heroes honored in the latest list of awards published in the London Gazette. The D.S.C. was also awarded to Lieut. Robert Philip Welland, R.C.N., for the part he played in attacks on Nazi submarines.

The other Canadians honored received the Distinguished Service Medal: Stoker G. Beaman, R. C. N. V. R., for courageous conduct on H.M.S. Jervis Bay in her gallant fighting battle against a convoy raider; Petty Officer Samuel Archibald Ridge, Able Seaman Edgar Benn George, Able Seaman George Fowler Bowditch, R.C.N.

Officers' School to Be Moved to Canada

OTTAWA, March 11 (CP)—Defence Minister Ralston announced today the school for army staff officers now functioning in England would be moved to Canada when the officers now on staff courses complete their studies.

Denies Sir Henry Unable to Work at Aircraft Ministry

LONDON, March 11 (CP-Cable)—Col. J. J. Llewellyn, Parliamentary Secretary to the Ministry of Aircraft Production, denied in House of Commons today the contention of Austin Hopkinson, Independent, that Sir Henry Tizard, Chairman of the Aeronautical Research Committee, had found it impossible to work at the Ministry of Aircraft Production.

Col. Llewellyn said Sir Henry "unfortunately is ill" and is "not talking at his best." He added that Sir Henry had tendered his resignation owing to his illness but the Minister, Lord Beaverbrook, had asked him to return and Sir Henry had replied he hoped to be able to.

Col. Llewellyn said Sir John Salmond of the Royal Air Force had resigned. He was replying to a question by Geoffrey Mander, Liberal, as to whether four others had not resigned or were thinking of resigning from the Ministry of Aircraft Production.

He added he believed Sir Charles Bruce-Gardner, Chairman of the Society of British Aircraft Constructors Ltd., was not leaving though it would be difficult to keep him if the Society demanded him back. He denied two others had resigned.

Mail Theft Brings Suspended Sentence

NORTH VANCOUVER, March 11 (CP)—John William Stalman, former Post Office janitor here, was given a year's suspended sentence today when he pleaded guilty to a charge of theft from the mail. Medical evidence was given that Stalman suffered a bullet wound in the face in the last war which periodically affected his mind.

JAILED FOR THEFT

VANCOUVER, March 11 (CP)—William Thornton 23, who police described as an army deserter from Victoria, was sentenced to two years imprisonment by Magistrate Mackenzie Matheson in Police Court today after pleading guilty to a charge of armed robbery with violence.

Rendel Safe, but Two Die in Hotel Explosion, Turkey

Military Heads Join Government Police in Probe; "May Lead to Serious Diplomatic Repercussions"; Second Attempt

By WITT HANCOCK, Associated Press Staff Writer

ISTANBUL, March 12 (Wednesday) (AP)—George W. Rendel, the former British Minister to German-occupied Bulgaria, escaped assassination last night in a bomb explosion in the lobby of the Pera Palace Hotel here, but two other persons were killed and 23 injured.

Mr. Rendel himself, apparently the main intended victim, was unhurt. One of the dead was identified early today as a Turkish plainclothesman. Some among the injured were reported near death, but most were not seriously hurt.

Three members of Mr. Rendel's party were injured, but only slightly—First Secretary Lambert and two girl typists.

Mr. Rendel had arrived at the hotel to take up residence after leaving Sofia where he broke off British relations with Bulgaria. He had just gone to his rooms, and that circumstance perhaps saved him from injury or death. His daughter Anne also escaped unhurt.

All Britons in Mr. Rendel's party who were in condition to be interviewed told police it was a direct attempt to assassinate the diplomat.

Military authorities, who are directing the application of martial law in European Turkey, joined Government agents in an investigation, and said the crime "may lead to serious diplomatic repercussions."

A British Embassy Attaché was given a full report for transmission to London.

The hotel lobby was wrecked and some damage was done to the floor above. Windows in buildings across the street were smashed.

The bomb burst in the lobby of the Pera Palace, a large stone structure in the centre of the city, just 10 minutes after the British party entered.

Anan, a tall, dark girl of 20, had acted as Legation hostess in Sofia for the last 18 months in place of her mother, who is running a hospital canteen in London. She showed the same imperturbability that she did in Sofia when she drove a car flying the British flag through the streets on the first day of the German occupation.

Among the injured were persons who had been standing in the hotel doorway and even some in the street.

The police began an investigation based on a tentative theory that the bomb might have been planted in one of the Britons' luggage.

One member of the party said two suitcases opened on the train were found to contain wrapped parcels and that they were sent from the train to the hotel apart from the other luggage.

He did not go into detail but the implication was that the unexamined contents of the suitcases were sufficient to cause some mistrust.

This, it was disclosed, was the second attempt upon Mr. Rendel's life since he broke Britain's relations with German-occupied Bulgaria last week.

An effort was made last night to blow up the special train on which the diplomat and 67 other Britons—among them women, children and infants—travelled here from Sofia, a British source said.

A career diplomat who entered the service in 1913, Mr. Rendel had the task of informing the Bulgarian Premier Bogdan Philoff, only last Wednesday that Britain was severing diplomatic relations with Bulgaria.

In submitting the official note Mr. Rendel added some bitter remarks of his own, face to face to Philoff.

"Our impression that Bulgaria was a Western nation was wrong," Mr. Rendel said, "at least as far as the police are concerned."

He had protested to the Bulgarian Government against alleged attempts to steal British diplomatic secrets and code books in Sofia and at the Consulate in the Black Sea Port of Burgas.

"The (Bulgarian) police are very largely under German control," Mr. Rendel charged.

Before going to Sofia he had served as a diplomat in Berlin, Athens, Lisbon and Madrid. From 1920 to 1938, he headed the important Eastern Department of the British Foreign Office. The 52-year-old diplomat left that post for his Bulgarian mission.

NAZI PLANE BROUGHT TO U.S. FOR WEST

NEW YORK, March 11 (CP)—A bullet-scarred Messerschmitt two-motor plane lay today on a Brooklyn pier, awaiting shipment to the West Coast. Officials refused to discuss the plane but it was believed to have been shot down in Britain and sent to the United States for examination at a California plane factory.

Troop Transport Sunk by British; Air Blows Struck

CAIRO, March 11 (CP)—Britain's forces in the Middle East, maintaining a steady advance in the East African campaign, also struck hard today at Italy in the Mediterranean area. Units of the navy and air force were engaged, sinking a heavily-laden troop transport and bombing the port of Tripoli.

A submarine attached to the Mediterranean Fleet torpedoed and sank a 9646-ton transport of the Biella class, the Admiralty announced in London. No details of the action were disclosed, nor when it occurred, but it was presumed "if needed" place in the Mediterranean area, possibly in the Adriatic Sea across which Italy has been sending reinforcements to her hard-pressed forces in Albania.

A heavy attack by the Royal Air Force was made on Tripoli, Italy's last stronghold in North Africa, last night. It was announced in Cairo that harbor buildings and shipping were bombed. Large fires on the jetty were seen to break out.

Simultaneously, airdromes in Tripolitania were bombed. Two aircraft on the ground were destroyed in this raid and the R. A. F. said "others were seen to be thrown about and damaged."

No British planes were lost.

58 Schools for Army Training

OTTAWA, March 11 (CP)—Defence Minister Ralston gave an outline of the new system of training schools for the Canadian Army in the House of Commons today.

It embraces 58 instructional schools and involves the consolidation of the Reserve and Active Army training centres which formerly operated separately. The Reserve Army training centres, 39 in number, were set up when compulsory training was introduced last Summer.

The Minister said the training centres included Winnipeg, an advanced artillery training centre; Brandon, an artillery training centre; Dundurn, Sask., engineers; Winnipeg, infantry training centre; Calgary, infantry training centre; Dundurn, machine gun training centre;

Red Deer, Alta., Army Service Corps training centre; Nanaimo, B.C., small arms school training centre; Victoria, officers' training centre.

Plan 1 of Sirois Report Would Mean Centralized Power and Dictatorship

Minister of Labor Declares at Trail

C. Guarding Those in Lower Income Brackets

TRAIL, B.C., March 11 — Hon. George Pearson, Minister of Labor, addressed a capacity audience at the Trail K.P. Hall Tuesday evening following the annual meeting of the Trail Liberal Association.

Mr. Pearson dealt with Provincial Government's stand on the Rowell-Sirois report, maintaining that "British Columbia would lose all along the line, in social services and in reduced income, if Plan 1 of the report were accepted."

"We are not concerned with economics as we are with the problems of the people in the lower income brackets. The acceptance of the report would mean greater distribution of taxes on the shoulders of the people who could least afford it."

Another reason the party went down was to take advantage of the large conference in order to participate in smaller, regional conferences. I attended the first Dominion conference between Ministers of Mines that has ever been held, and the same thing was done by other Ministers in their own departments," he stated.

BEHIND PATULLO

R. H. Burns, M.L.A. for Rossland-Trail, stated "I want it definitely known that in spite of all contentions in this district, I, and the Trail Liberal Party, stand 100 per cent behind Premier Pattullo's Government in its stand on the Rowell-Sirois Report."

Arnold McGrath, M.L.A. for Cranbrook, was introduced by Mr. Burns and in turn introduced Mr. Pearson.

R. A. Fowler, President of the Trail Liberal Association, was Chairman.

Hospital Executive to Act Appointment of Lab Technician

Recommendation of Dr. F. P. Sparks, Pathologist, that Miss Maude McKenzie, laboratory technician, be appointed to the full time staff of Kootenay Lake General Hospital, was referred by the Hospital Board Tuesday evening to the Board executive with power to act.

23 Infectious Cases in Month at Hospital Here

Twenty-three infectious cases received treatment at the Nelson isolation hospital in February, Miss Vera B. Eids, Superintendent, reported Tuesday night to Kootenay Lake General Hospital Board. These included nine cases of measles, five of scarlet fever, one each of German measles, pneumonia, gonorrhoea, erysipelas mumps and gas gangrene. Some 306 patients were admitted during the month, and 195 discharged. Eighty-eight had remained over from January into February and 21 remained over from February into March. Outpatients treated numbered 106, and X-ray patients numbered 84. There were six deaths among hospital patients, and 19 births.

A total of 93 operations were performed, and 664 laboratory tests made.

Patients were served 10,781 meals, 8362 of which were special diets.

February Works in Trail Relate to Spring Use

TRAIL, B. C., March 11—Report of J. P. Coates, Trail City Engineer for February, indicated the beginning of Spring activity. All unpaved streets were graded and chack holes filled. Coarse gravel was spread on Wilcox Lane, Green Avenue, and Daniel Street, as frost coming out of the ground made the streets almost impassable.

The Spring run-off commenced about the middle of the month, but caused no undue trouble.

Two dry masonry walls were commenced on the two level sections of Daniel Street, and demolition of the old crib on Burns Street was also commenced. All domestic sewer manholes were inspected and cleaned, and sewers flushed where necessary. All storm sewers and improved creek beds were inspected and cleaned.

INTAKE CLEANED

The water supply intake on Gorge Creek and tributaries were cleaned and the creek channels inspected.

Rock paving at the Helena and Cedar; Cedar and Eldorado; and Pine and Eldorado Street intersections were completed.

The new masonry manhole to deep level sewer and two catch basins to drain the East Trail School grounds and Fourth Avenue and McBeth Street were installed.

Catch basins and drains to sewer completed embraced two at the North end of the East Trail bridge with flumes to the Columbia River; three at the intersection of Second Avenue and Park Street; and small catch basins and drains under the cement street crossings at the Clark and Second, Robertson and Second, and McQuarrie and Third Street intersections.

A wooden culvert was installed on Gorge Park Road, and a cement gutter completed on Helena Street from Cedar Avenue to the lane in Block 12.

The pumping plants operated throughout the month and a total of 15,961,300 gallons of water were pumped.

A total of 560 man days employment was recorded, with an average of 7.5 men employed per day.

Whimster Is Hospital Society Head for 5th Term; 5 Directors Returned; Dewdney Succeeds Gray After 2 Terms

H. M. Whimster is again President of Kootenay Lake General Hospital Society. His executive officers are C. H. Hamilton, Vice-President, and Harry Burns, Honorary Treasurer, both re-elected.

At the 48th annual meeting of the Society in the Nelson Board of Trade room Tuesday evening, E. L. Dewdney, R. L. McBride, P. C. Richards, W. M. Walker, J. R. McLennan and R. D. Barnes were named directors. Mr. Dewdney was elected to succeed J. B. Gray, who declined to stand for reelection after having served two two-year terms. The five other directors were re-elected.

Immediately after the annual meeting the directors, including those newly-elected and those continuing their terms, held the monthly directors meeting and returned the 1940 executive to office. Mr. Whimster with his reelection entered his fifth term as President.

YEARS OF PROGRESS

President Whimster presented his annual report on the year's activities and progress. His financial statement was presented by Harry Burns, Treasurer; while other reports were given by Miss Vera B. Eids, Superintendent, and Dr. F. P. Sparks, Pathologist. Both latter reports showed marked increases in departmental activities, and stressed the necessity of increased staffs and improved facilities.

B.C. Herring Pack Breaks All Records

VICTORIA, March 11 (CP)—With two canneries still operating, British Columbia's herring pack has surpassed all past records, with an increase of more than 50 per cent over last year's all-time high, according to figures received by George J. Alexander, Deputy Commissioner of Fisheries.

The pack has been stimulated by the demand for a cheap food for Britain which is taking most of the canned herring.

Council Refuses to Boost Payment to Children's Aid

Suggestion of the Catholic Children's Aid Society, Vancouver, that the City of Nelson might increase its payments to the Society in line with per capita costs, was refused by the City Council Tuesday night. The Council held that it should hold to the payments required under its commitment, and if these were insufficient, the Society should seek revision of the rate of payments established by law.

In a letter to the Council the Society stated the cost per child per day was 72 cents. During 1940 the City paid \$289.68 to the Society for the care of children committed to the home. On the basis of 72 cents a day the cost would be \$355.04, and the Society suggested the City should make up the difference of \$75.36.

It was explained there were two Children's Aid Societies, one Catholic and the other non-denominational. When children were committed to either, the cost of their care fixed the payments to be made.

Recruits to Be Sought in the Slovan District

TRAIL, B. C., March 11—In response to an urgent call issued from Military District No. 11 for more men in various services, Capt. A. H. Huggill, of Trail, Recruiting Officer, Sgt. H. P. Kingwell, Recruiting Sergeant and Dr. M. R. Basted, Chairman of the Medical Board, will be in New Denver, Nakusp, Edgewood and Slovan points Monday to Thursday, to recruit examine and attest anyone wishing to enlist. An itinerary will be announced later.

There is an urgent call for 80 gunners and privates; 15 young men to train as electricians; 15 truck drivers, five clerks; five motorcycleists and five auto mechanics.

Electricians and motorcycleists must be under 35 years, and others must be between 19 and 45.

Also needed are several blacksmiths, bricklayers, carpenters, engine hands and fitters, engine artificers, painters and turners.

Others required are a bush foreman, millwright, sawyers, an edgerman, log canters, departmental foremen, construction foremen, scalers, saw fitters, and experienced loggers for forestry. Names of such tradesmen will be submitted to Victoria for enlisting authority.

Dr. Barrett Named to Medical Staff

Dr. G. R. Barrett was appointed to the Kootenay Lake General Hospital medical staff Tuesday evening at the Hospital Board meeting. Dr. Barrett, succeeded Dr. B. T. Dumbam, who was recently called up for military service.

Ralston Confident Canadians Will Join the Army Whenever Needed

OTTAWA, March 11 (CP)—Confidence that Canadians will come forward in whatever numbers are necessary to join the Army was expressed in the House of Commons today by Defence Minister Ralston. The House heard a demand for universal conscription from Capt. George White, Con. Hastings-Peterborough.

Capt. White who appeared in uniform, created the stormiest scene the House has witnessed this session when he attacked Justice Minister Lapointe for his recent speech opposing National Government, spoke of discontent among soldiers serving in Canada and described the 30-day training plan as a "farce."

In turn he drew rebuke rarely administered publicly to an Army officer from the Minister of National Defence. Col. Ralston said Capt. White's speech was "unworthy of a gentleman who wears the King's uniform."

The discussion took place on the \$3,000,000 War Appropriation Bill and the House heard an assurance from Prime Minister Mackenzie King that military awards for valor and distinguished service, such as the Victoria Cross, the Distinguished Service Order and others, would be available to members of the Canadian forces in this war as in the last.

George Cruikshank (Lib. Fraser Valley) returned to Monday night's debate on shipbuilding and claimed Munitions Minister Howe had been badly advised by his officials on British Columbia's industrial capacity.

Capt. White got around to Justice Minister Lapointe after saying soldiers in this war as in the last did not want any attention paid to political parties or political patronage. He expressed belief all shades of political opinion should be represented in the Government. Then, referring directly to Mr. Lapointe's

Alderman Ritchie Commends Junior Traffic Patrolmen

"I think the Police Commission and Chief of Police should be congratulated for instituting the junior traffic patrols at the schools," commended Ald. A. G. Ritchie at Tuesday night's City Council meeting.

"I don't think much of the idea, but after I saw one of the boys stopping a bicycle rider I changed my ideas."

Mayor N. C. Stibbs expressed the belief "we will find the junior patrols a great benefit."

War Services B.C. Organizer Meets Mayors

TRAIL, B. C., March 11—Executive J. B. Leyland of West Vancouver, Provincial Organizer of the War Services Drive, arrived in Trail Monday night. Tuesday he visited S. G. Blaylock, President of the Consolidated Mining & Smelting Company; W. H. Bakke, President of the Patriotic Society; Capt. A. Cartmell, of the Salvation Army; and W. A. Curran, and Mayor Herbert Clark, members of the Trail Patriotic Society, in connection with the drive.

The Patriotic Society, at its last Executive meeting, voted \$10,000 toward the drive.

Mr. Leyland also went to Rossland Tuesday afternoon to confer with Mayor J. E. Gordon, Chairman of the Drive Organization of that city, and later went to Castlegar.

He will visit Nelson Wednesday and go from there to other district points.

City Should Compare Power Charges, Taxes With Others—Taxes

Belief that the City should prepare comparisons of light and power charges and taxation in Nelson and in other centres was expressed by Ald. T. H. Walters at Tuesday night's Council meeting. He referred to a letter appearing in the Nelson Daily News, and declared that "far from driving industry away with our charges, as that letter says, we have endeavored to bring them here."

Ald. E. A. Mann felt the Council could not take cognizance of an anonymous letter.

Mayor N. C. Stibbs asserted that if the writer were as interested as he said, he should have gone to City officials first to discover what the charges were, for he would have found "that we are not driving industries away but instead we are going out and meeting them in any reasonable manner."

Garage Asks City to Improve Lane

Request of Capital Motors Ltd. that the lane at the rear of this property should be permanently improved was referred by the City Council Tuesday night to the Public Works Committee.

OTTAWA, March 11 (CP)—Results of today's reporting a "light" government in the condition of Mr. Justice Robert Smith, former Justice of the Supreme Court of Canada, who suffered a heart attack at his home here yesterday.

City's Spring Work Is Under Way; Crew at Lakeside Park Cleaning Up

Spring work of the City is under way, including "dressing up" at Lakeside Park, filling mud spots with gravel and so on, stated H. D. Dawson, City Engineer, in a report to the City Council Tuesday night covering the fortnight ending March 10.

The report follows:

WATERWORKS

Most of the work during the period has been in connection with the extension and laying of water mains under Hylax 1002. We have completed the work on Falls Street and the ditching in the three blocks on Innes Street, and most of the pipe has been laid. In some cases services are being switched over and the old pipe will be drawn in order to salvage the clamps, of which there are a considerable number. Work on Gore Street will be commenced shortly.

PUBLIC WORKS

During the period we have commenced a number of small projects including the erection of a low dry stone retaining wall in the lane in Block 44C, Lot 95, to support the lane at the right-angle turn. The rock for this has been obtained mostly from Vancouver Street.

We have also made considerable progress in the laying of transite sewer pipe at the Hendryx Street outlet North of the Railway following the seaward bed.

We have hauled gravel for build-

Isolation Hospital Inadequate for Communicable Diseases in Past Two Months

Health Officer Tells Council

Nelson's isolation hospital, operated in conjunction with Kootenay Lake General Hospital, was "inadequate and was filled to capacity during the past two months, so much so that we had to refuse certain cases which should have been taken to isolation hospital," stated Dr. F. P. Sparks, Medical Health Officer, in a report to the City Council Tuesday night covering January and February.

His report listed 21 cases of German measles and 22 of measles in the two months, but since the period extended to February 28 it did not include "some 70 cases" of communicable diseases reported over the weekend of March 1.

"During the month of January the perennial question of the sanitary condition of District Lot 182 came up and the whole Council investigated the matter in company with the Health Officer and the City Engineer. I have every reason to hope that early action will be taken on this matter as during my short visit to the Coast I interviewed the Provincial Health Officer on this problem and he assured me that the Department of Health had had a conference on this matter with the Department of Public Works and the Department of Lands, under whose jurisdiction this area comes.

"The matter of our water supply has been investigated and examined during the past two months revealing a minimal amount of contamination, such as can not be avoided in the water of Nelson. In this regard I received an inquiry from Dr. Amyot, the Provincial Health Officer, as he had received the same report which was presented to the City Council in January by the City Engineer and myself.

"School examinations have been carried out in a systematic manner and some 90 tuberculin tests have been given to the Junior High and High School pupils. These resulted in some 10 or 12 positive reactions as compared with 30 or 40 the first year these tests were carried out. Examination by the clinic failed to reveal any active tuberculosis among those tested.

"The communicable disease problem has come to the fore during these two months, especially at the latter part of February. We have had an epidemic of measles and German measles. Over the weekend of March 1 some 70 cases of communicable diseases were reported to the Health Department. This necessitated bringing on an extra nurse to assist in tracking down contacts.

COMMUNICABLE DISEASE

"The communicable diseases reported for the months of January and February follow:

	Tot. City	Out.
Chicken pox	5	5
German measles	21	19
Pneumonia	2	2
Influenza	5	3
Scarlet fever	7	4
Measles	22	9
Septic sore throat	1	1
Mumps	1	1
Tuberculosis	2	2
Gonorrhoea	5	3
Erysipelas	3	1

"During the two months 36 cases of communicable disease were admitted to hospital, the majority of these being what are considered contagious diseases were confined in the isolation hospital. In this connection I may report that the isolation hospital is inadequate and was filled to capacity during the past two months, so much so that we had to refuse certain cases which should have been taken to isolation hospital. This, I think, will show the necessity for providing adequate isolation facilities."

War Services B.C. Organizer Meets Mayors

TRAIL, B. C., March 11—Executive J. B. Leyland of West Vancouver, Provincial Organizer of the War Services Drive, arrived in Trail Monday night. Tuesday he visited S. G. Blaylock, President of the Consolidated Mining & Smelting Company; W. H. Bakke, President of the Patriotic Society; Capt. A. Cartmell, of the Salvation Army; and W. A. O. B. Ballard Again Heads Robson Farmers; Back Nelson Sirols Stand

ROBSON, B. C. — The Directors' report of the Robson Farmers Institute at the annual meeting stated that eight general meetings and four Directors meetings had been held during the year.

The financial statement showed receipts amounting to \$165.85 and expenditures amounting to \$155.31.

Stanley Humphries reporting on behalf of the Roads and Bridges Committee said that the Public Works Department had given good service and that the roads were in reasonably good shape.

C. E. Tutt reporting on behalf of the Cemetery Committee said that the Cemetery was in very good order, the grass had been cut and watered and that the ground presented a neat and orderly appearance. New soil had been brought to the grounds and a good deal of levelling had been done. More clearing of brush was contemplated in 1941.

L. M. Quance reported on behalf of the Entertainment Committee. Three winter drives had been held in conjunction with the Women's Institute, net proceeds of which were for the Parks Board, which were for the Parks Board.

GAME PLENTIFUL

A. W. Thorp for the Rod and Gun Committee stated that game was plentiful in this area and that he was hopeful of an improvement in fishing. Repeated plantings had been made by the Fishery Department and more were to be planted this year.

O. B. Ballard for the Parks Board reported that payments on the property were being made.

C. E. Tutt for the Committee for

Sleeping Sickness for Horses reported that this committee inoculated only 17 horses in 1940 and that interest had lagged somewhat due to the fact that only one case had been reported in the Kootenays.

O. B. Ballard was again elected President for the forthcoming year. C. E. Tutt was elected Vice-President, L. M. Quance Secretary and two new Directors elected were R. H. Devitt and Frank Webster.

The committees were all re-elected with much the same personnel as last year. W. T. Waldie replaced G. M. Miller on the Roads and Bridges Committee. Frank Webster replaced W. T. Waldie on the Parks Board.

The Institute decided to support the Nelson Board of Trade's stand on the Howell-Sirols Report.

It was decided to continue to affiliate with B. C. Chamber of Agriculture.

LIKES B. C. PRICES

Timothy Webster of Ashern, Man., who is visiting his brother, J. T. Webster of Robson, was present. He made some interesting comments on farm life in Manitoba compared to that of British Columbia. He stated that farmers in his region considered that the 75 cents that it cost to inoculate for Sleeping Sickness of horses was considered a very reasonable insurance against the loss of a horse. He stated that farmers in his district were getting only 12 cents per dozen for eggs and that the price farmers received here seemed large to him.

Farmers in Manitoba were asking for a maximum price on butter as well as the minimum that had been applied.

NELSON SOCIAL

By MRS. M. J. VIGNEUX

March 8th at 7 p.m., a quiet but pretty wedding was solemnized under an arch of white wedding bells at 810 Stanley Street, when Nan Russell, eldest daughter of Mr. and Mrs. James Stout, became the bride of Edward Morris, eldest son of Mrs. J. J. French and the late J. J. French, Third Street, Fairview, Rev. Foster Hilliard officiating. The bride, looking lovely in a dusky blue afternoon dress with bouquet of reds and carrying a bouquet of red and pink roses with trailing hair fern, entered the room on the arm of her father. She was attended by her sister, Miss Hazel Stout, who chose an afternoon dress of sunshade blue and wore a shoulder corsage of dark red roses. The groom was supported by his brother, Russell French. At a reception the bride's table was centred by a three-tiered wedding cake embedded in pink tulle and sprigs of purple heather. Only relatives and immediate friends were present.

Mrs. J. Burgess, Elwyn Street, Fairview, was all smiles to members of the Church of the Redeemer W. A. at her home recently, when following the business meeting lantern slides of the Columbia Coast Missions were shown. Among those attending were Miss Dorothy Beaumont, Mrs. E. Langill, Mrs. J. Medical and surgical dues totalled \$55,830.65, maternity dues totalling \$11,577.50, government grants amounting to \$18,719.90 and City of Nelson payments at \$899.40 were major items among receipts.

Other sources of revenue were: Laboratory, \$1345.16; operating room, \$6454.35; office rent, \$160; subscribing members, \$3478.75; sales tax refunds, \$1333.52; and X-ray revenue \$8284.94.

Assets include \$31,849.11 in accounts receivable, of which the greater part, \$29,017.81, is due from paying patients. Furniture and equipment are listed among the assets at \$16,435.06; real estate at \$22,699.13; laboratory equipment at \$944.68; laundry machinery at \$1610.78; and X-ray equipment at \$1692.15. The Hospital Society owns a war bond valued at \$2902.50.

Liabilities include \$5887.36 in accounts payable and \$4037.50 in debentures. Hospital contracts are listed as a liability of \$7809.18.

Financial report of Miss Gladys Ewing, Treasurer of the Hospital Women's Auxiliary, showed receipts at \$301.37, the majority proceeds from a dance, tag day, bridge drive and raffled articles.

The Auxiliary spent \$150 in purchase of linen. It has a balance on hand of \$351.87.

Too Credulous of German Figures

"The (Washington) authorities expressed belief that such a method (German submarines working in parallel lanes) probably was used in the attacks in which all but 18 ships of a convoy of 34, bound from Canada to British ports, were reported sunk last December."

Perhaps the German submarines were lined up in the manner described in the Associated Press dispatch of March 6 from Washington; probably, as outlined for the new technique, they were patrolling their several beats, with periscopes exposed so as to pick up the radio signals from spotting planes; but something is certainly wrong with the figure quoted by the Washington correspondent, if it has anything to do with the Jervis Bay convoy, which Germany wiped out on paper.

No doubt Berlin did announce that 16 ships of the Jervis Bay convoy had been destroyed, but don't the correspondents at Washington keep tab of final results?

Actually, the losses were limited to the heroic Jervis Bay—which engaged and hung to a German raider that far out-gunned it, until the convoy had scattered in the dusk—and just three of the convoy ships were lost, all the others eventually making British ports.

This action was a surface ship action, and not a U-boat action. If the Washington reference was to the Jervis Bay instance, but to another, in which the U-boats were supposed to have proved to be super-efficient, as per the New York interview with a British naval officer—name suppressed—whose ship was sunk, it is remarkable this was not reported before.

Berlin's reports on fights and engagements of all kinds, whether on land or in the air or on the sea, are habitually fantastic.

However, they sometimes drop clues of value, as to technique followed.

In connection with the Berlin boasts of what is to happen to British shipping shortly, it may be noted that the responsible British minister recently stated that the British had also worked out something new—a new means of immediately spotting U-Boats and of dealing with them in a satisfactory manner.

Seed Potatoes With Teeth

As a territory that has made a commercial success—particularly in the East Kootenay—of producing certified seed potatoes, the Kootenay should be interested in the Dominion regulations that now apply to this traffic. A producer must of course market his product, and there is now only one legal way that this can be done.

The only potatoes that can legally be sold or advertised as seed potatoes are potatoes that have been certified as seed potatoes by the Dominion Department of Agriculture, which is done under general regulation No. 5 of the Destructive Insect and Pest Act.

Official tags are issued by the Department of Agriculture for the potatoes that are certified as seed. On these tags the words "certified seed potatoes" are printed in bold letters. One of these tags must be attached to each container of seed potatoes.

An official certification number is stamped on each tag. By this number the Department of Agriculture knows, and will inform the buyer upon request, the name and address of the grower who produced the seed potatoes.

An advertisement for seed potatoes must, to conform with the Destructive Insect and Pest Act, refer to certified seed potatoes. If it does not, the advertisement is illegal, and persons in any way responsible for the advertisement are liable to prosecution.

Questions? ANSWERS

Open to any reader. Names of persons asking questions will not be published.

F. G. F. Nelson—Please give me the address of any institution in Canada which will advise on the publication of magazine articles?

We suggest you send the articles to a magazine which you think suitable and ask them for a criticism. If you care to write to us again and give an idea on the type of articles, we would be very glad to suggest magazines to which they might be sent.

J. B. Fernie—Could you please tell me how to prevent hard water from settling in a pyrex tea kettle?

Use about a tablespoon of ordinary washing soda to a pint of hot soapy water and allow to stand in the kettle for a few hours. If the sediment is not removed, repeat the procedure.

J. W. B.—Can you please tell me how to clean a parchment lamp shade?

Make a small pad of cotton wool and saturate it with benzine, and rub quickly and lightly over the parchment.

L. B. Taghnam—Would you please tell me if there is a place in Nelson where I could get a Spring coat dyed?

Practically all Nelson cleaning establishments either do the work themselves or send articles to be dyed.

Is there any place in Nelson where one could get runs in silk hose mended?

We do not know of any place in Nelson that mends silk stockings runs.

G. H. G. Rossland—Could you give me the name and address of firms selling goldfish and turtles in Nelson?

Kootenay Flower Shop.

Subscriber, Rossland—Please let me know how to go about signing up with the Royal Canadian Army Medical Corps. Are there training camps at Vancouver, Calgary and Toronto?

We suggest you write to Captain A. H. Hughill, Trail, Recruiting Officer for West Kootenay.

R. H. Nelson—In my basement I am planning to use insulation in the walls. Will this cause the walls to sweat?

One of the best safeguards against condensation is ventilation. In a basement do not overlook the importance of the heater. If you make your basement too tight, the fire will not burn properly.

Press Comment

WEAKNESSES IN ROSSLAND-TRAIL SICK BENEFIT SERVICE

The Rossland-Trail Sick Benefit Society, which has been functioning for less than three years, has notified its membership that there are rough financial seas ahead unless the members curtail their medical demands on the Society's service. The Society finds that one of the chief obstacles to successful operation lies in the fact that many of the members evidently feel that they must recover their dues every month in order to make the arrangement worthwhile for them. This policy has precluded any possibility of accumulating a sufficiently large surplus in the treasury to maintain a position of stability.

In evaluating the merits of a medical-benefit service such as the Society offers, the first essential to consider is whether or not there is a real need for the service. The second is a question of being able to pay for that utility.

From the instant response which the movement to launch the Sick-Benefit plan received, it would appear that the Society came as an answer to a real need. Medical debts have always presented a hazard to family life, and, socially speaking, the idea of cooperating to raise the standard of health in a community is fundamentally sound. That the doctors would welcome the movement was a foregone conclusion. It meant getting paid for their work, something the doctor in days gone by has never been too sure of. The question then resolves itself into one of the member being able to pay for the service he expects from the Society. How much service should he expect in return for his fee?

It is here—in the responsibility of the individual—that the weakness in the Society's structure has been found. Members have tended to request medical service on almost any pretext, with the result that the Society has not been able to build a reserve for periods of epidemic and a more-than-normal number of expenditures.

The Society must necessarily depend on the individual members, who jointly comprise and pay the Society; to use their privileges with discretion and forethought. If this is not done the natural result will be an increase in fees for the loss of the service to the Community.

If the service is to survive, it will mean the acquiring of a real sense of responsibility towards it by all those who benefit from its service. No one doubts that it can continue. To see that it does is the job of each individual concerned.—Rossland Miner.

EVOLUTION

C. V. R. Thompson, the New York correspondent for the London Express, relays this current news: All the civilized nations had been destroyed, bombs had levelled every city in the world, and a lone British pilot, who remained alive flew his plane over Europe to search for some sign of life. But he could find none and no building unscathed. Seeing nothing at all left of Europe, he started flying to the U.S. but his navigation was faulty and he ran out of gas crashing into the heart of the African jungle. With his last ounce of strength he scribbled on a bit of fuselage: "Here died the last man on earth." And then he died. Two little apes, who had been watching from a tree, climbed down, waddled over to the wreckage. One picked up the note, read it to the other and exclaimed: "The last man on earth! Good gracious, so we have to start this whole business all over again!"

Planes as Cheap as Low Priced Flivvers

The flivver plane is here to stay. Some 5000 were manufactured in the United States last year and it is expected that by the end of 1941 there will be 100,000 Americans holding civilian pilot certificates, says Nation's Business. Solo flights in these simple, small planes may be made after as little as eight hours of instruction. Light planes sell for as low as \$1500 to \$1800 and it is freely predicted that once they become popular enough to justify mass production the price will be as low as the most inexpensive automobiles.

Bombing Rumor Cruel and Unfounded, Writes Oliver

To the Editor of The Nelson Daily News: Sir—It has come to my notice recently, that there are a number of rather cruel, to say the least, rumors being spread around Nelson, regarding the boys over here. I would be glad if you would publish the following:

In the first place, if anything happened to any of us the first one to know of it, would be the next of kin, who would be notified by wire. If people would stop to realize this fact, perhaps they wouldn't put so much faith in rumors.

Secondly, once and once only, have bombs dropped in close proximity to our barracks. At that time no one from Nelson was injured. So far we have not used our air raid shelters, regardless of stories to the contrary.

God knows our people are worrying enough as it is, without some person starting such stories as there seem to be around Nelson. Apparently there are a number of idle tongues around there, and possibly a few here. If we can find who is sending such stuff home, we may be able to stop it from this end. If not, I wish the people would stop and think, before passing on any rumor, unless they know it to be authentic.

Wishing you and the people of Nelson, every success.

I am, your truly, BDR. A. D. OLIVER.

England, February 8, 1941.

Weaknesses at Ottawa

GRATTAN O'LEARY IN LIBERTY

Mr. King holds a theory of government which says that each Minister must be Prime Minister of his particular department. Dubious in peace, the theory is dangerous in war. Mr. Winston Churchill knows what is going on in the Admiralty, in the War Office, in the Department of Aircraft Production. It is to be doubted whether Mr. King knows constantly or at any time what is going on in the National Defense Department, or in the Air Ministry, or in the Department of Munitions and Supply. Mr. King, for example, didn't know that Mr. Howe had scrapped the original Bren gun contract and made an entirely new one. It is doubtful whether he knew, until the thing came to a crisis, the state of aircraft production.

There is no War Cabinet. There are no Ministers freed of routine administration to give their time to war policies and war planning. There is no Canadian Overseas Minister (as there was in the last war) to keep the government in constant touch with British policies and activities. There is no real ministerial contact with the Canadian people.

The vital facts weren't faced. No one faced the facts with respect to labor difficulties. No one faced the facts with respect to farm prices. No one faced the facts with respect to the Siro's Report. No one really told the country of the sacrifices that would be necessary in desperate peril. No one conditioned the public for higher taxes and for greater borrowings. No one heeded the authentic voice of labor. Nor the authentic voice of agriculture. Nor the authentic voice of Canadian women. The government contented itself with distinguished Americans to inform us that Hitler was an evil fellow. Contented itself with that—and statistics. Statistics about the number of war contracts. The war's story—it's real, terrible story, with all that it involves and challenges—wasn't sold, and isn't yet being sold, to the people of Canada. This is a democracy, it is more than a crime; it is a blunder. A blunder inviting hard consequences. Well may we ask—and with nothing of complacency, where do we go from here?

Test Yourself

- 1. How does coffee grow?
2. Did other candidates receive votes for the Presidency and Vice-Presidency of the Confederacy when Jefferson Davis and Alexander H. Stephens were elected to office?
3. What pieces of furniture originated in America?

TEST ANSWERS

- 1. On coffee trees. The fruit of the tree, when ripe, is of a dark scarlet color, resembling a cherry, and usually contains two seeds enclosed in a tough membrane, each seed or berry being covered with a thin covering.
2. No. These two men, President and Vice-President of the Confederacy, received all the votes of the 11 States that voted.
3. The butterfly table, and comb-backed Windsor chair, and the rocking chair.

Today's Horoscope

If your birthday is today, a most fortunate, active, interesting and exciting year is foreseen for you. Gain will come through the military, promotion, success in love and domestic felicity are promised, accompanied however, by some unsuccessful attempt at deception. The child who is born on this date will be very fortunate, but liable to suffer through imposition. The holding of somewhat uncommon and eccentric views may react unfavorably towards such a person.

Leafs Switch to Basketball, Meet Falcons Friday

As an added attraction to the trail-Nelson intermediate playoff basketball game Friday night, Nelson's Maple Leafs, their hockey team for the season, will try their prowess at the hoop game when they meet the Nelson City champions, Fairview Falcons.

The pucketers inaugurated the annual clash with the Nelson Titans last year, but they met their Waterloo in the High School Blue Bombers, who this year are playing under the banner of Nuthatchers. This season they have acquired some fine hoop talent from their imports, and they are confident they can take to Nelson's Falcons into camp.

Johnie Mann is managing the Leafs, and his lineup will include himself, Al Euerby, Len Bicknell, "Junior" Sear, Syd Sturk, Dave Haire, Bus Ligar, Jerry Pettigrew and George Kothman.

The game will immediately follow the Trail-Nelson game.

Toronto's Last-Minute Drive Is Beaten Off for 3-2 Boston Victory

BOSTON, March 11 (CP)—Boston Bruins fought off a last-minute drive by Toronto Maple Leafs tonight and edged out a 3-2 victory that practically clinched the National Hockey League championship for them.

Down 3-0 going into the third the Leafs came back strong in the closing minutes of the game, but Bruins had enough power left to stop the Toronto rally after two goals were in.

The result left Leafs four points behind the Bruins, and they have to win two games left while Boston has one.

Goalie Turk Broda of the Leafs was his chances of bagging the Vinas Trophy for the league's top defender slip another notch by the goal which left him with 98 goals scored against him during the season, as compared with 96 for Frank Brimsek at the Boston end of a rink. Johnny Mowers of Detroit has let in 94, but Broda has less game left to play than either Mowers or Brimsek.

A crowd of 16,000 watched the game, a prelude to the Stanley Cup playoffs which those two teams will open with a best-of-five series at the Coliseum in Boston tonight.

Kimberley, Trail Meet in Second Game of Kootenay Final

Nelson's foster-pucksters, Kimberley Dynamiters, whom the Lakeside City townspeople have adopted as their own in the West Kootenay Hockey League finals with Trail Smoke Eaters, need a victory in the worst way tonight when they face the Smokeies at the Civic Arena in the second game of the best-of-five series.

Smokeies, showing no ill effects from a 10-day layoff while the Dynamiters were taking the count of the Maple Leafs, forged one game out in front in the opener in Trail Monday and another victory tonight would give them almost a stranglehold on the title.

Young Sammy Sapruntoff, whose great goalkeeping and whose payoff game run with the tying run on base gave Rostland Redmen and Trail Indians Kootenay League and baseball titles last Summer, sparked Trail to the opening win, and if Sapruntoff continues to help hold the heads of the Smokeie second string above water, the Trailites are going to be hard to beat all the way across Canada.

Sapruntoff, Trail home-brew in his rookie Senior year, scored the lone first-period goal, and then assisted Hedley Marshall in moving Trail ahead 3-1 early in the third.

ACES POLISH IT UP

From then on, the stage was set for the Cronie-Buckna-Dame line to put the finishing touches on their 6-2 victory with breakaway goals. That victory extended Trail's unbeaten string to nine straight games. The Dynamiters' defence did not seem up to par, at least they did not measure up to advance notices against Trail in the opening game. And their two highest powered forward lines found difficulty in getting into high gear, but they will need to get going tonight. The third game of the series reverts back to Trail, and a Smoke Eater victory tonight would make them overwhelming favorites to win in four straight.

Johnny Achzener put his crew through a stiff workout at the Civic Arena Tuesday afternoon, and is confident of the capabilities of his charges.

Curly Wheatley and Clarence Redick will again handle tonight's game.

Probable lineups follow: Trail—Scottellars; Haigh, Morris, Wadie and McFadden; Cronie, Buckna and Dame; Sapruntoff, Duffy and Hedley Marshall. Either Christensen or Bob Marshall will be the 12th man.

Kimberley—Campbell; Ettinger, Swane, Sorenson and Almack; Wilson, Sullivan and Redding; Redisky, Patrick and Hunt, Galles.

Dodgers Consider Deal for Phelps

AVALON, Calif. — Bill Leo's hold-out siege has cost him \$2500 so far. The Chicago Cubs offered him \$12,500 at first (a cut of \$5000). Since then the offer has been sliced to \$10,000 and General Manager Jim Gallagher says that is the club's final bid and best offer. The Cubs still are trying to peddle Hank Leiber, hold-out outfielder, preferably for pitching talent.

HAVANA — Trade talk still is a favorite pastime in the Brooklyn camp — especially since President LARRY MacPhail went to Miami. Babe Phelps hasn't reported yet and with Mickey Owen and Herman Franks working well, the latest report is that MacPhail may be working on a deal for the big catcher.

MIAMI BEACH, Fla. — It looks as though Nick Etton will supply some of the power the Phillies need. He blasted a couple of home runs over the fence in yesterday's workout.

PASADENA, Calif. — Chicago White Sox camp is gloomy over the prospect of losing John Ripney to the army. He is due to be called not later than May. Ripney is a potential 20-game winner and was rounding into good condition this Spring.

Plans are being made for the erection of a stadium in Washington to seat 203,000.

Western Semis Start at Nanaimo Thursday

NANAIMO, B. C., March 11 (CP)—The best-of-three game semi-final series for the Western Canada intermediate hockey championship between the British Columbia champions, Nanaimo Clippers, and the Alberta champions, Canmore Brigades, will open here Thursday. The second game will be played Saturday and the third contest, if necessary, on Monday.

The American League's home run record was broken in 1940, the total of 688 circuit blows eclipsing the 684 of 1938. There were 29 homers with the bases full, Jimmy Foxx contributing three.

F.A.C. and M.R.K. Midgets Tie 6-6; Try Out Rookies

F.A.C. and M.R.K. Midgets played a 6-6 tie Monday afternoon in an exhibition hockey game in which three Banham players—two M.R.K. and an assist on the remaining F.A.C.—had a try-out in higher company, and goalies turned over their sacred nets to substitutes.

Three times the M.R.K.'s established a lead—twice their margin was up to two goals—but three times the F.A.C.'s equalized the score. Six goals were netted in the first period, three in the second, and three in the third.

McGlen and Wassick each netted twice for the M.R.K.'s, and McMorde and Sahara once each. Three M.R.K. assists were credited to McMorde, Sahara and Wassick, respectively.

McGlen and Wassick each netted twice for the M.R.K.'s, and McMorde and Sahara once each. Three M.R.K. assists were credited to McMorde, Sahara and Wassick, respectively.

Gallicano scintillated for the F.A.C., getting five of their six goals, and an assist on the remaining F.A.C. goal, netted by Thain. Proctor got three assists on passes that Gallicano converted into tallies, and McIvor and Milne made a double-pass to "Gallic" for another. "Gallic's" remaining goal was unassisted.

Three penalties were awarded, all to M.R.K.'s. Crawford being off twice and Red Wassick once.

Ernie Wilson was Referee, with Paul Hieschech and Bud Whitfield spelling each other off as Judges of Play. Don Polosky being Scorekeeper, and Gordon MacDonald, Timekeeper. Teams were:

M.R.K.—Allan DesChamps, goal; Ian Currie, Dalton Boomer, Bill Waidie, Dan McGinn, Bill Jarvis, Reid Sahara, Richey Wassick, Ronald Crawford, Bill McMorde, Red Wassick.

F.A.C. — Bob Ludlow, goal; Jim McCallum, Charlie Lipinski, Jack Morris, Jack Kabin, Bill Ludlow, Richard Thain, Jim McIvor, Howard Proctor, Jack Gallicano, John Milne.

Seattle Defeats Pittsburgh 8-3

SAN BERNARDINO, Cal., March 11 (AP)—The Seattle Rainiers, 1940 Pacific Coast League champions, hammered Ross Bauer for six hits and seven runs and went on to defeat the Pittsburgh Pirates, 8-3, in an exhibition game today.

It was Seattle's third straight victory in the Sultan circuit.

Frank Kalin, pinch-hitting for Bauer, hit a home run with a mate aboard in the 8th half of the second, and the other Pittsburgh tally, of the unseasoned variety, was scored in the sixth inning.

Sydney Wins Puck Series by Default

SYDNEY, N. S., March 11 (CP)—Sydney Millionaires proved in the Maritime senior hockey final tonight at Glace Bay Miners defaulted the second game of the best-of-three series for the Cape Breton Hockey League title. Sydney, which won the first game at Glace Bay last night, was awarded tonight's by a 3-0 score.

Officials of the Glace Bay team, recently involved in a series of controversies over the eligibility of successive goalies, said they had ordered the team not to take the ice because they had not been officially notified the series was to be on a best-in-three basis.

Last night's ruling to that effect by League President A. D. Campbell, they said, was subject to approval by the whole league. The President's ruling was given just before a game that Glace Bay lost by a 9-1 margin.

Tonight's win, obtained when Sydney took the puck and shot it into an empty net, qualified Millionaires to meet the winner of the Saint John-Halifax Navy series for the Maritime title gained last year by Millionaires.

All Signs Point to Eighth Place Again for Phils

(By WHITNEY MARTIN Associated Press Sports Writer)

MIAMI BEACH, Fla., March 11 (AP)—This is to report that Philadelphia Phillies again are down here in this beautiful National League isolation ward training diligently for eighth place, and there is every indication they will make it strictly on content, despite Doc Prothro's gloomy prediction that the team is "going to be better."

"Sure, we'll be better," he said. "We'll have more power—Joe Mauer, Johnny Rizzo, Nick Etten, Dan Litchner all can hit hard. Do you know that we scored 1.4 less runs a game than any other team in the league last year?"

"I think our pitching last year was as good as any in the league, and you can laugh if you want to." Kirby Higbe and Hugh Mulcahy were the equivalent of Walters and Derringer. They'd have done as well with a team like the Reds behind them.

"Miss them; you just bet we'll miss them. What's this talk of Detroit losing Greenberg in the draft? What if another team lost its two best men, as we did?"

Which is too true. The team which could afford to lose anything faintly resembling a ball player is minus its two hot potatoes, one now in a Dodger uniform and the other in an army uniform. Prothro must rely on youngsters to take up the pitching slack.

"They'll have to," he explained. "I think I have as good a rookie crop of pitchers as any team in the league. I shouldn't call them pitchers now. They're just strong-armed throwers and they'll cost us a lot of games while we smooth the rough edges. Twelve of them are over six feet and the oldest is 26. Tom Hughes, Rube Melton, John Podajny—try to pronounce that one—and Frank Horst, who hasn't reported yet because of a broken ankle, should be all right."

Smith Captures Florida Tourney

BELLEAIR, Fla., March 11 (AP)—Horton Smith, veteran Oak Park, Ill., professional, hit the golf jacket for the first time this Winter when he shot a three-under-par 68 here today to tie out Byron Nelson, Toledo, Ohio, by one stroke in an 18-hole playoff for the Florida West Coast open championship.

Smith, lagged behind Nelson by two strokes through the sixth hole, and then shot three birdies on three of the last six holes of the incoming nine to take command. He almost got a hole-in-one on the 136-yard 16th hole.

Smith had six birdies. Nelson shot two birdies and an eagle. They were over par on only three holes.

Smith and Nelson were tied at 206 in the 54-hole tournament.

Smith won \$700 first money in the \$3000 tournament, with \$450 going to Nelson.

Nelson Nuthatchers Commence Series Kootenay Hoop Title Trail Tonight

Arrangements were completed on Tuesday whereby Nelson Nuthatchers open a two-game total-point series for the Kootenay intermediate "A" basketball championship at Trail against the Smelter City Champions Aces tonight. The second game will be played in Nelson Friday night.

The Aces' standing in the B. C. Amateur Basketball Association books was cleared up Monday when the Secretary from the Coast wired that Aces were ruled as eligible. Thereupon Howard Corrie, Association representative at Fernie for the Trail and Nelson teams, got their series under way immediately.

Roy Temple, Coach of the Nuthatchers, put his squad through an impressive workout Tuesday, and was optimistic on his team coming through in the series and earning the right to play Summerland in the Provincial semi-finals.

For the most part the Nuthatchers are composed of High School players who represented the school in inter-school play this season. Olaf Hopland, Arne Hennickson and Joe Hilliard handle the guard duties, and Albert Hooker, Paul Hookoff, Elmer Tattrie and Delbert Smiley do the brunt of the attacking.

Hookoff played for the High School Bombers in intercity games, but was a mainstay in the Fairview Falcons' successful drive to the Nelson City hoop title. Hooker is really the only addition. Al almost single-handedly kept the Scrubs in the City League this Winter, and Coach Temple reports that he is fitting in well with the Nuthatchers' style of play.

Second Game on Tap for Nelson Friday Night

Grounders Injure Browns' Fielders

SAN ANTONIO, Texas, March 11 (AP) — Bad-bouncing grounders brought bad luck to the St. Louis Browns in practice today. Second baseman Don Heffner suffered a fractured nose and Shortstop Johnny Berardino was hit above the right eye.

The Browns are without the services of three pitchers. Johnny Whitehead has the measles, Denny Galehouse has a leg injury, and Vernon Kennedy was called home by the death of his mother.

Yanks' Manager Enthuses Over His New Keystone Kids

ST. PETERSBURG, March 11 (AP)—Joe McCarthy is not a man who enthuses easily about a new ball player, because he has handled Babe Ruth and Lou Gehrig and Joe DiMaggio and has been successful with baseball success as Manager of the New York Yankees.

So it was little short of amazing to hear him rave about the two youngsters out on the field—Shortstop Phil Rizzuto and Second Baseman Gerald Priddy. Either Joe is softening up, or these two really are something special. They came up from Kansas City together this Spring.

"If you want to see something pretty, just watch them," he said. "Look at that Rizzuto. How can he miss being popular? He's little but he's strong as a bull—great arms and hands. Just sit here and watch him and Priddy handle that ball."

"The beauty of it is that if I didn't have either one of them, I'd still have the same club I had last year, and we finished third with the poorest hitting in the American League most of the year and with no pitching to speak of from either Morty Pearson or Lefty Gomez."

"Who is that playing first base—Zeke Bonura?" interrupted a heckler. He got a wintry stare from McCarthy.

"That," said Joe, "is Joe Gordon, and he's plenty of first baseman too. Maybe he's got a few little things to learn about playing first, but it won't take him long—not that boy."

"There are a lot of silly ideas about players not being able to shift from one position to another, anyway. Gordon was great on second and he'll be as good on first."

REMEMBER WHEN?

Sports writers in National Hockey League cities voted Howie Morenz, aging Montreal Canadiens centre, the dearest player in the league, seven years ago tonight. The Stratford streak, who then had 12 years of big time hockey behind him, received 10 of 33 ballots, far more than Toronto's Harvey Jackson.

WAR ZONE EDITOR.

Admiral Defines Japanese Plans on Pacific Islds.

TOKYO, March 11 (AP)—Rear Admiral Gumpel Skene, a widely-read Japanese naval critic, advanced today a bold geographical definition of Japan's "co-prosperity sphere"—including India Australis and the Philippines.

At the same time the newspaper Asahi said information from New York indicated the United States' first step under the Aid-to-Britain bill would be an exchange of U.S. destroyers for British capital ships which could be sent "to Far Eastern waters against Japan."

Other leading papers declared Senate passage of the measure had pushed the United States closer to active participation in the war and said opportunities for American pressure on Japan had been increased.

Highlighting a series of provincial newspaper editorials advocating immediate advancement of Japan's Southward policy, Admiral Skene wrote in the Monchu (Manchurian) Nishi Nishi that the Japanese co-prosperity sphere should "find its latitude in a circle formed with a straight line connecting Tokyo and Colombo (Ceylon) as its radius."

Such a circle would include virtually all the major Pacific islands, including Hawaii and the Aleutians, as well as most of Asia. The context of the article, however, indicated Skene was thinking chiefly of Southern territories.

Japan, he said, "has no territorial ambitions, but the crux of the matter lies in the question: If Britain is defeated under whose control would the Southern lands fall?"

"If the American people have no power and no intention to cultivate such lands, as has been definitely proved in the past," Skene declared, "and if the Italian and German nations have no time for it because of the European situation, there can certainly be no other nation but Japan to take up the task."

Nazis Blame Jew and Bullitt for Lease-Lend Bill

BERLIN, March 11 (AP)—The first direct Nazi comment on the United States Senate's passage of the aid to Britain measure came in a foreign Press conference today, in two observations by authorized spokesmen.

The first was in the effect that Justice Felix Frankfurter, Vienna-born Jew, helped President Roosevelt draft the bill.

"This indicates that the bill is offensive rather than defensive," the sources asserted, "because the Jews hope to regain the position in Europe which they fortunately lost."

The second was that "Bullitt (William Bullitt, former United States Ambassador to France) himself is primarily to blame if it were true that a greater number of them in the United States than ever before in its history."

"If his policies had not prevailed there would be not even a suspicion of such danger," it was said.

Malta Raided, Italians Claim

ROME, March 11 (AP)—The Italian high command claimed today German and Italian planes again raided the Mediterranean island of Malta, bombing the naval base at Valetta and an air base where two large British seaplanes were reported to have been damaged badly.

Daily Italian communiques claimed German planes, attacking from low altitude, set fire to "several enemy tanks and motor trucks" in Carenara, and that Italian fighter planes shot down two British Blenheims.

British motor trucks in East Africa also were reported attacked from the air.

Nazis Report Raid on Portsmouth Dock

BERLIN, March 11 (AP)—The German high command boasted today that German bombers blasted Portsmouth's dock and harbor facilities for several hours last night and claimed two merchant ships in British waters were badly damaged.

The war bulletin said the port of Valetta and an airport on the island of Malta were bombed, and that explosives were dropped on British troop concentrations and motorized columns near Agadabia, Libya.

USE YOUR OWN TRUMPS ORDINARILY you do not wish to waste trumps of the longer trump holding in ruffing, as you would like to use those of the shorter holding opposite. But there are times when the smaller trump of the master hand figure to be worthless for any other purpose, since one opponent is marked as holding a string of somewhat higher trumps. In those cases, your only chance to take tricks with the little cards is by ruffing leads of other suits.

One ruff of clubs and one of spades would make eight, and he ought to be able to get the ninth by making West lead trumps to him once at the end.

Britain Has Vast Forces Trained and Ready to Man U.S. Equipment

LONDON, March 11 (CP)—Great Britain has trained vast skeleton formations of men, sailors and soldiers to man immediately a great flood of airplanes, ships and guns expected from the United States, it was disclosed today.

A vast pool of manpower, well-informed neutral sources said, will be ready as soon as the United States possesses of equipment under the air-to-Britain measure.

It was said that United States military, naval and air experts have been working here more than four months in close cooperation with British authorities so the Empire's forces can absorb American equipment quickly.

These sources said: 1. Britain's naval forces are prepared to man a mosquito boat fleet to patrol the channel against any invasion and use any additional destroyers for convoy and other purposes.

2. There is a huge reservoir of pilots trained in the use of United States planes and ready to fly patrol bombers described as needed for "defense in depth of the Atlantic" against attacks on British shipping.

3. There are tank formations without tanks, machine-guns without guns and rifleman without rifles who are ready to be fitted into operating units as soon as they are equipped.

"It's lack of equipment that's been holding us back," a British source said.

Available material has been distributed among as many men as possible so all could familiarize themselves with the use of weapons in training.

That is one reason why more United States planes have not actually been used in combat, informed sources said.

HEAVY ITALIAN CASUALTIES IN ALBANIAN AREA

ATHENS, March 11 (AP)—Dispatches from the Central Front today said Italian losses in dead and wounded since a battle developed Friday have been the heaviest suffered by the Fascists in their Albanian campaign.

A Royal Air Force communique said motor transport concentrations and Italian camps on the Glava-Buzi Road were attacked yesterday.

SINGLE BOMBER DROPS BOMBS ON GIBRALTAR ALGECIRAS, Spain, March 11 (AP)—A single bomber dropped several bombs on Gibraltar today. The plane escaped through heavy anti-aircraft fire.

TWO U. S. AIRMEN KILLED HEMET, Calif., March 11 (AP)—An Army Air Corps cadet and an instructor were killed and another cadet critically injured yesterday in a spectacular mid-air collision 1000 feet above an alfalfa field.

Trans-Ocean News Indicted in U.S.

WASHINGTON, March 11 (AP)—A Federal Grand Jury today indicted Transocean, a German News Agency, its manager, Manfred Zapp and Guenther Tonn, an employee, for violation of the Foreign Agents Registry Law.

Justice Department officials said that both Zapp and Tonn, who are German citizens, had been arrested on Commissioner's warrants in New York.

The three indictments charged: That Transocean, a German Corporation with headquarters in Berlin, had established a Branch Agency in the United States in October, 1934, to further the interests of the German Government and the Nazi Party, but had failed to register with the State Department as an agency of a foreign principal.

(Transocean has no connection with any American news service.)

Toronto Stocks Heavy at Close

TORONTO, March 11 (CP).—The Toronto stock market turned a bit heavy today in the final hour after early strength. Turnover was about 130,000 shares.

Canada Steamship Lines issues continue to be the upward trend. C. P. R., International Petroleum, British American Oil, Walkers common, Algoma Steel, Loblaw "B" and Dominion Foundries posted gains of fractions. Massey-Harris issues were lower despite the increase of net earnings in 1940.

Wright-Hargreaves weakened 10 to 5.85 and other goods showing minor losses on end included Aunor, Crestview, Malartic Gold Fields, Preston and Hard Rock. Narrow gains were held by Eker-Addison, Upper Canada, East Malartic, Big-dog-Kirkland and Bralorne.

Down slightly were Nickel, Hudson Bay and Steep Rock while small gains were posted by Bend Orelle and Noranda. Home Oil and Anglo-Canadian closed 1 or 2 lower and Davies was up slightly.

Reports on Sea Losses Depress London Mkt.
LONDON, March 11 (AP).—Small declines were registered in the stock market today following announcement of heavier British sea losses for the week ended March 2.

The selling, late in the day, was minor but sufficient to wipe out earlier strength and to send the edge-edged list 1-16 to 1/4 point down. Some declines were marked up for Kaffirs, but operators in this section generally refrained from trading pending the South African statement tomorrow.

Home rails, steady in the first few hours, ended 1/4 to 1/2 point off.

Silbak Premier Mines Profit \$191,745 in '40
TORONTO, March 11 (CP).—Silbak Premier Mines, Limited, Premier, B. C., reported profit of \$191,745, for the year 1940 after deducting all charges, which after deducting the deficit at the beginning of the year, left a balance available for distribution of \$32,284. In the year 1939 profit was \$138,932.

Dividend Planned by Brewers & Distillers
TORONTO, March 11 (CP).—The Toronto Stock Exchange has been notified that, subject to approval by the annual meeting, Brewers & Distillers of Vancouver Ltd. will pay a dividend of 50 cents and a bonus of 10 cents on May 20 to shareholders of record April 26.

The company also announces that the annual report will show net profit for 1940 of \$375,008.

WRIGLEY REPORTS NET PROFIT OF \$8,226,648
CHICAGO, March 11 (AP).—The William Wrigley Jr. Company and subsidiaries today reported net profit of \$8,226,648 for 1940, equal to \$4.11 a share on 1,963,987 shares of capital stock exclusive of 28,933 shares held for sale to employees.

This compares with net profit of \$6,650,978, or \$4.33 a share on 1,961,887 shares, in 1939.

CANADIAN INDUSTRIES REPORT \$5,396,163 INCOME
MONTREAL, March 11 (CP).—Canadian Industries Limited today reported net income for 1940 of \$5,396,163, compared with \$6,232,143 in 1939. The income was equivalent to \$7.27 a share on the common stock, as against \$5.52 in the previous year.

Current assets in 1940 were \$30,047,000 and in 1939 \$30,018,800 and current liabilities for the same periods were \$3,992,342 and \$4,262,617 respectively. Working capital in 1940 was \$14,055,658 and in 1939 \$15,756,213.

Victoria Asks Fuller Details From Rossland

ROSSLAND, B. C., March 11—The City Council Monday night heard a request from the Workmen's Committee of the C. M. and S. Company that the use of the City's garage on First Avenue be granted for three or four days in April as a place where Rossland employees of the Company might pick up 20 pounds of fertilizer each. Permission was granted.

The request of J. C. Urquhart for permission to erect a permanent marquee in front of his store on Columbia Avenue was referred to the Works Committee with power to act.

TO GIVE FURTHER DETAILS

A communication was received from the Deputy Minister of Municipal Affairs, E. H. Bridgeman, requesting that further information be furnished to the Department concerning the certain items in the City's 1941 estimates. City Clerk J. A. McLeod stated that the preparation of this material is now in progress, and the Council agreed that the City Clerk, the Mayor and the Chairman of the Finance Committee, Ald. J. R. Corner, should be named to look after the matter.

Under the terms of the refunding plan the City's estimates must be submitted to Victoria each year while the refunding is in operation, and the estimates are not considered as final until approval is received from the Department of Municipal Affairs.

A communication from the Catholic Children's Aid Society at Vancouver also received the Council's attention Monday evening. The letter advised that while the City of Rossland had paid the assessed fee of \$418.27 for the year 1940, yet the cost of service afforded Rossland children sent to the institution by court order during the year amounted to some \$373.44, a difference of \$108.77.

A request that the City of Rossland pay this additional amount was referred to the Finance Committee.

Can Take Funds to Conventions Across the Line

TRAIL, B. C., March 11—Special arrangements have been made by the Foreign Exchange Control Board to permit members attending international conventions to take sufficient funds across the "line" to pay for expenses. This did not include expenses for a wife and family.

Announcement to this effect was made at the Trail Rotary Club by P. F. McIntyre, President, who stated that he had been so advised by Douglas Stevenson, Secretary of Rotary International.

Kokanee Chapter Asks Support of Services Drive

Mrs. John Cartmel, Regent of Kokanee Chapter, I.O.D.E., made an urgent appeal to the members at the meeting Tuesday afternoon to give full support to the National War Services Fund drive that is to be launched shortly. The I.O.D.E. across Canada is making a joint appeal with the Canadian Legion, Salvation Army, Y.W.C.A., Y.M.C.A. and Knights of Columbus to raise funds to be used for comforts for Canadian soldiers, the upkeep of clubs and army huts in Canada and overseas, and army educational facilities.

Mrs. H. E. Thain was named in charge of a committee consisting of Mrs. H. Dawson, Mrs. G. B. Bentz, Mrs. W. R. Gibson, Mrs. George Lynch, Mrs. J. Leitch, Mrs. C. H. Stark, Mrs. E. Marsden, that will work with the Nelson Committee for the National War Services Drive.

To intensify its efforts to raise funds for war services the Chapter decided to sponsor a play to be presented by Nelson Little Theatre this Spring. Mrs. W. W. Ferguson was named to be in charge of the ticket arrangements, and will be assisted by Mrs. Harold Lakes, Mrs. T. H. Bourque, Mrs. A. L. Creech, Mrs. L. J. Maurer and Mrs. W. R. Grubbe.

Rossland's Rink Made a Profit

ROSSLAND, B. C., March 11—Louis Proffil presented to the City Council Monday night a financial statement covering operation of the outdoor skating rink on Second Avenue, which he and Frank Grubbe operated this past Winter under an agreement with the city.

Mr. Proffil said a profit of \$94.79 was shown, in which was included \$50 representing a deposit at the beginning of the season. This deposit will be refunded when the Sports Committee and Assistant City Foreman Roy Hancock have inspected the premises to see that lights, fixtures, etc., have been left in good condition, and the premises generally in good shape.

Trail Social

Trail, B. C., March 11—The Catholic Women's League and Our Lady of Mount Carmel Society sponsored a gay Spring carnival in St. Anthony's parish church Friday and Saturday. The hall was decorated with yellow and purple streamers. A home baking booth and sewing booth were well patronized. The serving table was covered with a beautiful embroidered cloth and centred with a silver bowl of sweet peas. Tall green tapers in silver holders supplied the illumination. The tea tables were prettily centred with daffodils and ferns. Mrs. A. LePage and Mrs. A. Ludovick presided at the urns Friday afternoon, while Mrs. A. Vannucci and Mrs. W. Leckie shared honors Saturday. Mrs. B. Rella and Mrs. G. Nutini were ten conveners Friday afternoon and were assisted by Mrs. E. Romano, Mrs. George Lacey and Miss Annie Zilio as servitors. Saturday afternoon Mrs. A. Bertuzzi and Mrs. E. Fiaspio were in charge of the tea and were assisted by Mrs. M. Campanella, Mrs. W. DiPasquale, Mrs. G. Bertuzzi and Mrs. F. Laurenti. Culinary arrangements were supervised by Mrs. D. Daloz, assisted by Mrs. A. Baggio, Mrs. M. DeSantis, Mrs. Nutini and Mrs. Rella. Mrs. P. Lauriente and Mrs. R. DiPasquale were in charge of the sewing table sponsored by the Our Lady of Mount Carmel Society. The Catholic Women's League under the supervision of Mrs. Pisano supervised the sale of home baking. Door winners were Mrs. E. Martinelli, Mrs. R. Borotto and Mrs. C. Chapella. During the evening games and contests were enjoyed, and prizes were won by P. Buna, J. Jonkela, Rev. Eugene Cottone, A. Romano and Mrs. H. Smith.

George S. Pearson, B. C. Minister of Labor, who paid a visit to Trail Monday and Tuesday, was the dinner guest Tuesday of Mr. and Mrs. R. R. Burns.
