M.R.K. Bants Win, From F.A.C. 4-1; 2 Games Tonight

League play in Nelson's "kid hockey" under the Nelson Amateur Hockey Association got underway Monday afternoon, when the Winter's schedule in the Bantam League was opened by a hard-fought game between the M. R. K. and

The Morning After Taking Carter's Little Liver Pills

Fairview teams, which the M. R. K.'s won 4-1. The M. R. K. and F. A. C. Clubs will clash tonight in the two other "kid leagues," the Midget game being scheduled for 7:30 and the Juvenile for 8:45. In the Bantam game, Allan Des Champs tallied twice for the M. R. K.'s, the second time on a pass from Donny Ross, and Richey Wassick also counted twice, the first time on a pass from Reid Sabers at the goal-mouth. The F. A. C. goal was obtained in the last period, before the last M. R. K. counter. Billy Ludlow rushing almost the length of the rink to barely beat goalie Bobby McMordie. Little Jackie Morris in the F. A. C. net did well under a hard bombardment. The M. R. K.'s drew three penalties, two to Richey Wassick and one to Jackie Gausdal.

Art Bradshaw was Referee; Bill Holland, Judge of Play; Ian Currie, Scorer and Timekeeper, and Dalton Boomer Penalty Timekeeper. Teams were: M. R. Trail Foregoes Tax Arrears on Four Lots Bought for Fire Hall

TRAIL, B. C., Dec. 11 — The City Council Monday night passed a resolution foregoing arrears of taxes on four lots at the corner of McEwen Street and Columbia Avenue, which it purchased for \$1180. The property was obtained with a view to building a fire hall in East Trail at some future date.

Balloon Barrage in Firth of Forth

LONDON, Dec. 11 (CP).—British official circles tonight announced that a balloon barrage has been established over the strategic Firth of Forth which has been the target of numerous German air attacks during the last two months. Defence officials ordered construction of the barrage within 24 hours after receipt of the instructions. Balloons were sped to Edinburgh from Glasgow and the floating defense curtain with its chain of death-traps for planes was completed within the time limit set.

The barrage is expected to block any further German attempts to bomb the famous Forth Bridge and the warships stationed at the Rosyth Naval Base. The famous Forth Bridge is between Rosyth and the sea. It is 8300 feet long, of cantilever construction and was constructed in 1889 at a cost of nearly \$20,000,000. Most of its main compression members are of tubular form, some of them 18 feet in diameter. Fifty years old it is still one of the strongest bridges of the world.

Monypenny Seeks Full Audit Trail Financial Setup

TRAIL, B. C., Dec. 11 — In a letter to the Finance Committee, W. E. B. Monypenny, City Clerk, asked the City Council Monday night that a complete audit of the whole city financial set-up be conducted. At present only a cash audit was made. In 18 years, the revenue of the city has increased 300 per cent, from \$124,376 in 1921 to \$389,750, he pointed out. Alderman J. A. Wadsworth, Finance Committee Chairman, felt it was a suggestion worthy of the consideration by the incoming council, to which it was referred.

CABARET COMPLAINS SHORT NOTICE WAS GIVEN FOR CLOSURE

VANCOUVER, Dec. 11 (CP).—A. G. King, Manager of one of two Vancouver cabarets which remained open Sunday morning despite a warning that the city would attempt to enforce the Lord's Day Alliance Act, today sent a letter to the City Council asking leave to make representations before the Council. King complained that he was given short notice of the mayor's intention to abrogate a so-called "gentleman's agreement" between civic authorities and cabaret owners under which the establishment was allowed to remain open until 2 a.m. Sunday. He said that it was not until 7:30 p.m. Saturday that two police officers gave him verbal instructions to close at midnight.

German Villagers Ordered From Zone

BRUSSELS, Dec. 11 (AP).—The Belga News Agency said today that Luxembourg frontier advances reported German villagers along the Sauer River had received orders to leave the zone. The villages to be emptied, these reports said, are just across the border from the Luxembourg City of Wasserbillig, on the Eastern border of Luxembourg North of the junction of the Luxembourg, German and French frontiers. German troop movements in this area were described as more frequent in two directions, toward the German City of Trier, Northeast of Wasserbillig, and the Echternach, Luxembourg border City Northwest of Wasserbillig.

CANADA'S GOODS NEEDED, FRANCE

TORONTO, Dec. 11 (CP).—Canada can sell hundreds of millions of dollars worth of goods to France at the present time and lay the basis for tremendous industrial progress in peacetime, said Richard J. Haemmerli, joint manager of the Banque Nationale Pour Le Commerce et Industrie, Paris, in an interview today. Mr. Haemmerli, in Canada on "an extremely important economic mission," said his purpose is to study how the Dominion best can fit into the international situation. "We require canned meats, canned fruit and many other things for the army," he said. "We are also greatly in need of wood pulp and cellulose. We cabled Canadian wood pulp interests six weeks ago and learned you are sold out until February. But we have hopes of making contracts with you then."

LIONS, BUCS TIE

VANCOUVER, Dec. 11 (CP).—Vancouver Lions and Portland Buckaroos marked up the first draw in the new Pacific Coast Hockey League season here tonight when they sawed-off at 2-2 in a game which went into overtime. The result left the two teams tied at the top of the loop standings with 11 points and Seattle in the basement with five markers less. First period: 1. Portland, Scharze (Sutherland) 1:38; 2. Portland, Holmes, 11:35. Penalties: Mercer, Pusie. Second period: Scoring none. Penalties: Mercer, Pusie. Third period: 3. Vancouver, Jerwa (Mercer, Pusie) 2:18; 4. Vancouver, Mercer (Rimstad) 10:15. ICE FEES MUST BE PAID OR PLAYERS ARE PUT OFF

Manager D. StDenis of the Civic Centre has notified President D. G. Chamberlain of the Nelson Amateur Hockey Association that all fees for members of "kid league" teams must be in his hands not later than Wednesday. Some weeks ago the Association Executive set Dec. 4 as the last day for completion of qualifying, but not all the clubs have attended to the financial detail. The ice has been used for nearly a month. Mr. StDenis states that players not in good standing will not be admitted to the ice after Wednesday.

WAR BOARD PROVIDES AGAINST MALICIOUS PROSECUTION IN ORDER

OTTAWA, Dec. 11 (CP).—Safeguards against "trivial or malicious" prosecution through operations of the Wartime Prices and Trade Board have been provided in a new order-in-council re-enacting the powers of the Board, it was announced tonight. No prosecutions may be undertaken without permission of the Board or of the Attorney General of the Province in which an offence is alleged. Another important change is the provision that existing Provincial regulations having to do with matters now under control of the Board, will continue to operate so long as they are not in conflict with action taken by the Board.

Discussion of Secret Session Brings Fine

LONDON, Dec. 11 (CP).—It is taken for granted that no member of Parliament will discuss in any way the proceedings at Wednesday's secret session of Parliament. But should one feel tempted, there is a heavy fine and a maximum sentence of seven years' penal servitude for telling orally or in print on Sunday. The penalty applies to members of the House of Commons, peers who are permitted to stay in the galleries, and anyone clever enough to break through the elaborate precautions to prevent leakage. The suggestion for this secret session came from the leader of the Labour opposition, Clement Attlee, and Sir Archibald Sinclair, Liberal leader. It was made formally.

"God, the Preserver" — Is Theme in Church

"God the Preserver of Man" was the subject of the Lesson-Sermon in the First Church of Christ, Scientist, on Sunday. The Golden Text was: "The Lord shall preserve thy going out and thy coming in from this time forth, and even for evermore" (Psalms 121: 8). Among the citations which comprised the Lesson-Sermon was the following from the Bible: "And as Moses lifted up the serpent in the wilderness, even so must the son of man be lifted up: That whosoever believeth in him should not perish, but have eternal life" (John 3: 14, 15). The Lesson-Sermon also included the following passage from the Christian Science textbook, "Science and Health With Key to the Scriptures" by Mary Baker Eddy: "Hold perpetually this thought—that it is the spiritual idea, the Holy Ghost and Christ, which enables you to demonstrate, with scientific certainty, the rule of healing, based upon its divine Principle, Love, underlying, overlying, and encompassing all true being."

Mayor Groutage of Trail Says Raters' Body Lacks Constructive Policy; Resents Police Commission Motion Lack Confidence

TRAIL, B. C., Dec. 11.—Comment on the past year's activities went round the table at the last regular meeting of the 1939 City Council Monday night. Alderman J. A. Wadsworth, retiring after two years, considered Mayor Groutage and Alderman J. H. Woodburn, who have served seven and eight years respectively, must have had sustaining vitality to put in such a lengthy time. What hurt him most, he said, was the Police Commission resolution, which he considered most unwarranted. It made one wonder if public life were worth while. He hoped that the people would give the incoming Council a chance before stirring up unnecessary friction. Alderman Woodburn considered a Raters' Association a good thing for a city if conducted in the right way, but he felt that "they just came up here to tear the Council to pieces." Mayor E. L. Groutage assured the Council that he had the welfare of the City at heart at all times. He commended the various departments for cooperation tendered the Council. He considered the Raters' Association had had no constructive policy to offer. "The honest to goodness raters have been with us and only a few against us," he asserted. "I don't think it justice to have our City dragged in the gutter." He expressed resentment at the Police Commission resolution of lack of confidence in him as its Chairman. Alderman John Young expressed regret that Mayor Groutage and Alderman Woodburn and Wadsworth were retiring from office. He had nothing against the members of the Council personally but did not agree with them publicly in many respects, said Ald. F. R. McDonald, who with Alderman Young and Catalano has another year to serve. "It was impossible to keep expenditure within revenue," he said, although that had always been his policy. "There is no doubt" Alderman McDonald pointed out, "that the next Council will be facing a big obligation." He felt the Council could have done better if it could have seen farther ahead. Ald. William Thomson, standing for reelection, reserved comment, stating he would only be reiterating what already had been said.

Chest Wheezing Means Bronchitis

The principal symptom of bronchitis is a dry, harsh, hacking cough accompanied with a rapid wheezing and feeling of tightness across the chest.

There is a rising of phlegm, especially in the morning. This phlegm is at first of a light color, but as the disease progresses becomes yellowish or greenish, and is sometimes streaked with blood.

You will find in Dr. Wood's Norway Pine Syrup a remedy to stimulate the weakened bronchial organs, subside the inflammation, soothe the irritated parts, loosen the phlegm and mucus, and help nature to easily dislodge the morbid accumulation.

Panic as Cause of Thetis Disaster

LONDON, Dec. 11 (CP)—Panic may have been responsible for failure to continue using the after-escape hatch on the Thetis, a Chief Petty Officer of the Royal Navy said today as hearings reopened into the submarine disaster which cost 99 lives last June.

"A man panics and somebody may have opened the door on the forward side to allow him to get out," Chief Petty Officer T. Rowkins testified. "The man on the after side would know only that a man was panicking. Or a man may have tried to open the hatch, but could not do it because he found the hatch spindle was not free to revolve. Then somebody, to get the man out, may have opened the forward door and flooded the submarine."

Earlier testimony revealed one of the doors of the escape-chamber and one of the main valves into the chamber were found open when the ship was raised.

LEGION APPEALS FOR AID TO VETERANS

VANCOUVER, Dec. 11 (CP)—W. McKinnis, President, and Robert Macnicol, Secretary of the Canadian Legion, British Columbia branch, are appealing to the Dominion Government for aid for unemployed war veterans, according to a statement issued by the branch's executive council today.

"Some time ago a survey of veterans was made with the encouragement of the (Dominion) Government, and over 60,000 responded in the belief that if war broke out, the services of many would be utilized to some extent." The statement read. "It is true that a certain number have been given employment, but the fact remains that there are still many in need, and living in a condition bordering destitution."

ELDERLY MAN HURT

VANCOUVER, Dec. 11 (CP)—Henry O. Waite, 91, suffered a fractured shoulder, fractured nose, cut about the face and fractured ribs today when caught between two streets cars. The accident occurred in the British Columbia Electric Railway Company car barns where he was employed.

\$47 Is Added to Christmas Cheer

Rate Far Below That Needed to Reach \$1500 Goal

Nelson's Christmas Cheer Fund, destined to bring Christmas into the lives of less fortunate neighbors who cannot join in the seasonal shopping and feasting, was boosted by \$47 Monday, reaching \$194. The rate of receipts was far below that necessary to come within striking distance of the objective of \$1500, the sum estimated by Fund officials to be necessary to carry on Christmas Cheer work.

Subscriptions will be acknowledged by the Daily News.

A. Moores Heads Creston Legion Band

CRESTON, B. C. — An active and successful 1938 was indicated in the reports submitted at the annual meeting of the Creston Legion Band at which the following officers were named for 1940:

President, Alfred Moores; Manager, W. S. Weir; Secretary-Treasurer, R. M. Chandler; Property Custodian, R. Dewar; Executive, John Scanland, Bud Wightman; The Honorary Presidents are W. K. Archibald, George Johnson and Col. E. Mallandine, the two former having the same offices in the local Legion Post.

The band made numerous appearances in town and on all special occasions throughout the year, and in May made the trip to Wenatchee, Wash.

Along with the Legion musicians, Bandmaster John T. Barrigan, successfully handling the High School Band of about 50 musicians. In connection with Legion Band activities the meeting approved of a gathering under band auspices to be held January or early February at which every organization in town and district will be asked to contribute one number.

Jews and Arabs Loyal Says Prominent Jew

BOSTON, Dec. 11 (AP)—Itamar Ben-Avi, Jewish journalist, publisher and author arriving from Palestine today on the American export liner Exter, said that loyalty of both Jews and Arabs to the Allies had caused cessation of hostilities between the two races in Palestine.

In Palestine, Ben-Avi said, 136,000 young Jews had volunteered for military service.

Health Deteriorates Under Nazi Regime

NEW YORK, Dec. 11 (CP)—An official memorandum, compiling reports of medical authorities all through Germany, is quoted by the New York Herald Tribune, today as showing national health in the Reich has deteriorated seriously under the regime of Adolf Hitler.

The newspaper says the memorandum was circulated "confidentially" in the health department of the German Ministry of Interior and was made available to "certain circles abroad."

"There is no doubt that years of hard work, with insufficient rest and unfit nourishment, have a premature and permanent, unfavorable effect on the physical conditions of men and women in the prime of life. This refers particularly to industrial and office workers." This is one quotation from the memorandum.

Discussing the condition of men and women generally, the memorandum says: "Excessive claims imposed on them for years, physically and mental, further serve to decrease the bodily power of resistance; they favor the occurrence of stomach diseases in form of ulcers, etc. On the other hand, may be ascribed to insufficient food, but more often perhaps to lack of leisure during meal times."

No Wonder You Are Constipated!

What do you eat for breakfast? Coffee, toast, maybe some egg? What do you eat for lunch and dinner? Bread, meat, potatoes? No wonder you're constipated... due to lack of "bulk." And "bulk" doesn't mean the amount you eat. It means the kind of food that forms a soft, bulky mass in the bowels. It's this mass that helps your bowels move.

The common sense thing to do about it is to eat Kellogg's All-Bran for breakfast. This ad-to-eat cereal will give you just the "bulk" you need. And it gives you, in addition, Nature's intestinal-aid, vitamin B₁. Eat a generous portion of All-Bran every day, drink plenty of water, and life will be brighter for you! All-Bran is made by Kellogg in London, Canada. Sold by every grocer.

Frisco Fair to Reopen

SAN FRANCISCO, Dec. 11 (AP)—"Enou" money has been raised to insure re-opening of the 1940 Golden Gate Exposition for four and a half months next year George Smith, San Francisco hotel man, said today.

Smith's announcement came as a surprise after liquidation proceedings had been launched on the assumption the Exposition would not be re-opened. He declared a majority of creditors had agreed to the plan.

U.S. Supreme Court Outlaws Wiretapping in Trial Evidence

WASHINGTON, Dec. 11 (AP)—The United States Supreme Court outlawed today the use in Federal Criminal trials of all evidence obtained by wiretapping.

Justice Roberts delivered the decision that reversed the conviction of three New Yorkers on a charge of using the mails to defraud. In 1937 decision, the Supreme Court held that the 1934 Federal Communications Act, prohibited use of wire-tapping evidence obtained from interstate communications.

In today's opinion it held that the communications act also prohibited use of evidence obtained from intrastate communications. In another decision today the court reversed the conviction of three other New Yorkers who had contended that evidence obtained by wiretapping had been improperly admitted at their trial.

MONDAY FIRST RAINLESS DAY IN FOUR; 10 INCH IS RECORDED AT NIGHT

First rainless day for the last four days was experienced in Nelson Monday as the rain held off all day. During Sunday night however, 10 inch of rain was recorded, making a three-day total of 1.21 inches. A total of 1.11 inches fell Saturday and Sunday.

Skies were cloudy most of Monday but the sun shone through at intervals. The minimum temperature dropped five degrees with the halting of the rain and a mark of 33 degrees was recorded. The maximum was 45 degrees.

Holidays... Special Makeup for a Photograph

By DONNA GRACE

It's none too soon to make your appointment for your Christmas photographs. This is always a nice gift for the members of the family and very close friends. It is, of course, enclosed with something else but will always be a nice remembrance for those close to you. Our first thought is to look our best as the camera will portray everything as it appears. There are rules for picture makeup which, with the aid of a good photographer, will guarantee a flattering likeness.

First, we do not stress the makeup as they did some years ago. The old idea of selecting a very dark lipstick and applying it with a heavy hand is not in keeping with good photography. Lips and eyes are accented but not stressed.

The first step is to cleanse the face with cream, then remove carefully. The foundation is then applied, and the beauty of the finished picture will depend on the perfection of the makeup base. Use a darker base than usually worn for street makeup. There are special foundations for this but any dark base will do. Put on a little so it can be blended easily with the fingertips. There is no effort to correct lines in this first application. It is for giving the face an even, smooth surface.

When the nose is broad or prominent, use either a powder rouge or very dark powder over the prominent places. High cheekbones and all the fat spots are treated in the same way. The dark powder subdues them. This is always done for double chin and the drooping cheeks of some mature persons. Highlight and thin spots are done in lighter powder than the rest of the face.

The lip and eye makeup must be perfect. This means plenty of time is necessary. Comb the lashes and brows, then use a damp brush and follow the direction of the natural growth with the strokes. The lashes may be quite dark but the brows are done with little accent. There must be no stray hairs as even one

that is out of line will stand out and ruin the well-groomed effect.

Eye shadow begins at the lashes and is blended upward over the entire lid. When the eyes are set close together, let the shadow be toward the outside corner only. Wide-set eyes may be subdued by shadow drawn to the inside corners, towards the nose. The lids are never covered with the foundation in a picture but rather are kept dark.

The mouth should be natural, but perfect. Artificial effects are seldom used unless the lips are thin. Then they are built up outside the natural line of the upper and lower lips. When too full, cover the outline with foundation and outline a new one with the lipstick brush or pencil, then fill in with lipstick.

KIMBERLEY BABE DIES FROM ENLARGED THYMUS

KIMBERLEY, B.C.—An inquest was held Wednesday afternoon to inquire into the death of baby Stanley Curtis Cornford, aged six months, son of Gunner and Mrs. Edgar Cornford.

The baby died Monday, December 4.

Dr. Davis submitted his report to the jury, after examination of the body. In accordance with the evidence presented, the jury found that Stanley Curtis Cornford came to his death by natural causes December 4, between the hours of 7:30 a.m. and 2:30 p.m. through an enlarged Thymus gland. The jury was composed of H. Frame, foreman; A. Lloyd, A. Bennett, L. Totten, W. Hollenbeck and S. J. Whitaker.

Funeral services were held Thursday with Rev. S. T. Galbraith officiating. The services were held from the home of the grandparents, Mr. and Mrs. Stanley Norton. Interment took place in the local cemetery.

DIONNES TO GIVE BASKETS TO POOR

NORTH BAY, Ont., Dec. 11 (CP)—Dr. Allan Roy Daines announced last night the Dionne Quintuplets will do this Christmas "the same as last Christmas." But he had to be questioned what the Quints did at Christmas, 1938.

He revealed that last year the five little girls sent Christmas baskets, complete with toys, clothing and good things to eat, to the children of 63 poorer families, in the Corbell district around their home. Dr. Daines said he never had told about it before because "I didn't think anybody would be interested."

Result of Man's Fight for Life

By LOGAN GLENDENING, M.D.

A book which, in these uncertain times for mankind's future, should be in every home, certainly in every college and high school library, is Otto Neurath's *Modern Man in the Making* (A. A. Knopf, 1939).

It shows, largely by means of the new-fashioned and fascinating picture-graphs—the changes which have occurred in man's life in the modern world—in industry, politics, environment, daily comforts, surroundings, length of life, disease.

The latter subjects are, of course, the ones which interest us in this column.

Taking a clock dial, the author divides it into three sectors—red for work, black for sleep, blue for leisure. The average man (and woman) of the Middle Ages, indeed, up to the eighteenth century, worked 14 hours of the 24, slept eight and played two. The modern man works eight, sleeps eight and plays eight. You knew that all the time, but on the graph it seems more important.

Tuberculosis, which holds the spotlight in this Christmas seal period, is dealt with on page 97. Never have I seen a more striking representation of the relationship of poverty to tuberculosis.

Population trends in relation to disease, birth, death and suicide give material for thought.

"Is life in the city unhealthy? We have always been taught to believe so. The facts:

Growing urbanization has reduced disease. It has reduced the birth rate and decreased the death rate. In Great Britain, in 1940, 20 per cent of the population lived in towns of 100,000 or over; there were 25 deaths per 1,000 population annually in the whole country in 1920 in Great Britain 45 per cent of the population lived in cities of 100,000 or over; there were 15 deaths per 1,000 population annually in the whole country.

We are developing a civilization top-heavy with old people. Arranging the population age groups by decades, from 0-10 years up to 70-80, in 1871 the resultant graph looks like a pyramid; in 1931 it looks like the outline of an apple, with a clean slice of the bottom.

Infant mortality is an old story but it shows up in a revealing way in the graph. In New York, from 1900-1902, there were 13 graves; in 1930-1932, per same number of population, five and one-half.

NIGHT COUGHING CAN OFTEN BE PREVENTED

Your child's coughing at night—caused by throat "tickles" or irritation, mouth breathing, or a cold—can often be prevented by rubbing his throat and chest with plenty of Vicks VapoRub at bedtime. VapoRub's swift poultice-and-vapor action loosens phlegm, relieves irritation, clears air passages, tends to stop mouth breathing. This helps him relax into healing sleep.

DATE AND APRICOT BARS

One cup pitted dates, cut into small pieces, one and three fourths cup drained cooked apricots, unsweetened; one half cup brown or white sugar, two tablespoons liquid drained from apricots or water.

Blend fruit with sugar and liquid in sauce pan, boil until mixture thickens (about three minutes) cool slightly and use as a filling for bars. To make them take three-fourths cup melted shortening, one cup brown sugar, two cups flour, one teaspoon soda, two cups quick-cooking oatmeal, one teaspoon vanilla.

Cream shortening with sugar, sift flour once before measuring, then sift again with soda and mix with oatmeal. Blend this dry mixture and vanilla into brown sugar and shortening, working into dough with hands.

Press half this mixture on bottom of well-greased baking pan. Spread date and apricot filling over entire surface, top with remaining mixture, pressing gently down into mixture with hand or back of spoon to make crumbe stick to filling. Bake 30 minutes at 350 F.

CINNAMON COOKIES

One half cup shortening, one cup white sugar, one egg, one half teaspoon baking powder, one and 1/2 cups flour, one cup coconut, one teaspoon vanilla and teaspoon cinnamon.

Cream shortening and sugar. Add egg and mix well. Add vanilla and sifted dry ingredients. Fold in coconut. Roll into rolls about two inches in diameter. Place in cold place for few hours, better still, over night.

Then cut in thin slices and bake in greased baking sheet in 375 F. oven for 10 minutes.

CRESTON HOSPITAL BUSY DURING NOVEMBER

CRESTON, B. C. — President Gib Sinclair was in charge of the December meeting of the Directors of Creston Valley Hospital on Friday night.

The monthly report of Secretary H. A. Powell showed the hospital busier in November than the month previous. November had 483 hospital days, as compared with 373 in October.

There was a check from the Lion's Club for \$35. A letter of thanks will be sent them for their appreciated remembrance.

Representatives from all the hospitals in West Kootenay will be in conference at Nelson January 14, discussing the matter of revising rates, more particularly in public wards. Creston will be represented, with the delegates to be appointed at the January meeting of the Executive.

Consideration was given some needed repairs, and the House Committee was authorized to procure and dispense the usual Christmas cheer at the hospital December 25.

SPORTS

Players Injured When Dynamiters Played Spokane

Two players, one of each team, forced out by injuries in a Kootenay Hockey League game at Spokane Sunday involving the Spokane University Bulldogs and Berkeley Dynamiters.

Clarence Kimberley winged a fracture above his upper teeth during a scramble. Stephens, Gonzaga defenceman, laid out with a deep cut gash the face when he collided with Dynamiter in mid-ice.

The game also saw the first conviction of a penalty shot in recent years, if not of all time, in this league. Bill Burnett, possessing a blazing shot that ranks with the best in the league, blasted home the winning goal after teammate Ralph Sedlin was spilled by Frank McNeil on Gonzaga's goal.

Meanwhile provision has not yet been made for the postponed Kimberley-Gonzaga game originally scheduled for Kimberley last Saturday and cancelled owing to lack of ice. To make matters worse, it now appears that the schedule will be further complicated this week-end when the Trail Smoke Eaters are scheduled to play two games at Kimberley. All indications point to no games for the mild weather last night whatever in the Kimberley Arena.

Vice-Presidents Ahead Ladies Curling

With the final game slated for this afternoon, the Vice-Presidents are now heading the Presidents in the annual competition of the Nelson Ladies' Curling Club at the Civic rink. This afternoon Mrs. N. A. Wallace's rink meets Mrs. S. T. May's.

Total scores by the rinks on each side will be added up at the completion of play today and the side with the lowest score will be hosts for the season-closing banquet. The Vice-Presidents went into the two games Tuesday down four points but after they were up by six points.

Mrs. L. Madeline's rink defeated Mrs. T. A. Wallace 12-9, and Mrs. William Klina won from Mrs. George Cady 9-4.

This afternoon two games are also scheduled in the Sharp Cup Competition, which opens today. Mrs. George Cady meets Miss Grace Laughton and Mrs. J. C. Hooker plays Mrs. H. M. Whimster.

Col. Allen Tells Gyros of Forests

"There is nothing in British Columbia to equal our forest. It is absolutely the finest thing we have, and \$1 of every \$3 is a forest dollar," asserted Lieut.-Col. M. V. Allen of the Nelson office of the British Columbia Forest Service when he addressed the Nelson Gyro Club at its supper meeting in the Hume Hotel Monday evening.

"Last year we burned off 100 square miles of timber. A whole generation will pass before that timber has grown back in again, but at least we can plant that forest for that future time," the speaker said.

Thousands of dollars of damage were being done by floods caused by the Grand River in Ontario, solely because people had burned and logged off the timber right up to the headwaters of the river. Now when there was nothing left to hold the water on the slopes of the mountains it rushed down, the river could not stay within its banks, and the country was flooded. Realizing their mistake, people were now clamoring to have forests replanted and to have four big dams built, costing \$600,000 each. But if these dams were built they could not do half what the forests could do to hold the water.

WOOD VITALLY IMPORTANT

"I wonder if you realize how much wood means in your life," Colonel Allen said. "If by some twist of magic all the wood were suddenly taken away some night, there would be nothing with which to light the fire in the morning; there would be no trains because the ties beneath the rails would be gone; there would be no lights or telephones, and even some clothes would be gone. This would go on in a never ending tale," he said. "The forest is one of the most important things we have but we don't appreciate it. We walk out into it and set it on fire."

National parks were set aside partly for protection of game but also because of their scenic beauty with their great forests. Children in camps loved to get out into the green beauty of God's forests. Wonderful improvement could be seen in a youngster's health with only a couple of weeks in the outdoors.

Two sawmills in British Columbia had an annual cut of about 107,000 feet, and it was estimated that enough timber had been burned off in the past 10 years to keep those two mills running for five years.

"So you see what a great job we have before us in preserving these forests. I appeal to you to join in this crusade, for it is a crusade," Colonel Allen said.

C. E. Hamilton, Program Chairman, thanked the speaker on behalf of the club for his talk, and J. B. Gray, President, added his thanks.

Lansdell of U.S.C. Tops Scoring List

SAN FRANCISCO, Dec. 11 (AP)—The end of the Pacific Coast Conference football season found Grenville Lansdell, Southern California's great quarterback, at the top of the scoring list with nine touchdowns in nine games for a total of 64 points.

Second with 36 points on six touchdowns was Jim Klaseburgh, Oregon State fullback, and Jay Graybeal, Oregon halfback, rolled up 32 markers on three touchdowns and three field goals and five points after touchdowns.

Two U. C. L. A. halfbacks, Kenny Washington and Jack Robinson, scored 30 and 26 points respectively.

Trail Blazer Joins Drumheller Miners

Doug Martinson, who last season played for Trail Blazers, has lined up this season with Drumheller Miners of the Alberta Senior Hockey League. He played his first game Saturday for the luckless Miners and although they went down to defeat at the hands of Turner Valley Oilers, Doug received credit for an assist on one of his team's two scores.

Martinson, playing the season before last with Trail Junior Tigers, left Trail a few days ago to join Drumheller.

Thomas Forced to "Lay Down" Says Friend's Letter

CHICAGO, Dec. 11 (AP)—After conducting a three-hour hearing today on the alleged "fake fight" of Harry Thomas, the Illinois State Athletic Commission adjourned till tomorrow to hear testimony from Arch Ward, Sports Editor of the Chicago Tribune which published Thomas' charges.

Only one of the five invited witnesses—Nata Lewis of Chicago, Manager of Thomas—appeared. Lewis said he had "some information" to disclose to the commission, but preferred to wait until the return of his counsel from California.

Edward Breen, First Assistant Attorney General, said Gov. Henry Horner had instructed Attorney General John Cassiday to institute criminal proceedings if the evidence warrants.

Les Carroll of Chicago, a friend of Thomas, identified a published letter which he said Thomas wrote him before the Schmeling fight in which Thomas said he would "lay down," and not to bet on his chances. Thomas wrote he was supposed to dive in the fourth round—that was the only condition under which I could get the match.

Defence Evidence is Reserved in Hearing of Hall on Defamatory Libel Charge Trail

TRAIL, B. C., Dec. 11—When a charge of defamatory libel was read to Elmer D. Hall, defendant, by Parker Williams, Police Magistrate, on the third day of his preliminary hearing Monday morning, Donald MacDonald, counsel for Mr. Hall, replied that the defence was submitting no evidence at this time. Mr. Hall is Publisher of The Trail Ad-News.

R. G. Richards, appearing for W. J. Curran, Editor and Publisher of The Trail Daily Times, informant, summarized the Prosecution's case and a further adjournment to 10:30 Tuesday morning was called when he had finished.

Mr. MacDonald, defence counsel, will present his argument then.

ORDINARY MEANING
"A statement is prima facie libel," argued Mr. Richards. "If the words in their natural and primary sense, that is, in their plain and popular meaning, are defamatory, it is sufficient... to show that the statement would convey a defamatory meaning to the ordinary reader reading it as newspaper articles usually are read—although a different meaning might appear from a critical reading of the article."
Mr. Richards sought to discount the defence procedure of bringing down the editorial and asking wit-

Burgess in Goal as Leafs Go to Trail Tonight

For the first time since the beginning of the season, when Nelson Maple Leafs and Trail Smoke Eaters meet in the Smelter City tonight, first place in the West Kootenay Hockey League will not be at stake, but that is not the fault of either team. For it is the fault of the referee that favored spot with victory at Spokane Sunday to go in front with a perfect 1,000 average. However that is their first game.

Nelson and Trail will nevertheless continue their tight fight for individual superiority, but this time second place will go to the winners. The Smoke Eaters are favorites to take the nod, for neither team has taken the other's ice this season. Joe Bonitt, recovering from a stack of bolts, will return to his right wing post on Trail's first line.

The lineup of the Nelson team is still of a doubtful nature. Buddy Hammond, a smart centerman, may be ready for action after an absence of a couple of games owing to an injured back. Jack Kilpatrick and Jack Mann, both suffering from knee and members of Nelson's new first-line, may not be in uniform.

HOOP LEADERS WIN IN CRESTON GAMES

CRESTON, B. C.—Top place teams in Creston Commercial Basketball League maintained their leadership in Friday night's encounters at Park Pavilion. High School Grads had an 8-7 win over Creston Motors in the girls' section. Canadians dropped a 24-14 decision to High School boys. In the maiden section, C. Y. O. emerged with an 18-12 victory at the expense of Creston Review.

Motors came strong in the second half to hold the Grads to a single converted penalty, and this one point was the margin of superiority when the game ended. Theo Tompkins got six of the seven points scored. Ruby Palmer with four led the winners.

Teams were:
High School — Palmer, A. LaBelle, Lowther, Erickson, Hare and Hendren.
Creston Motors — Tompkins, Ferguson, E. Spratt, E. LaBelle, Y. LaBelle and J. Spratt.
Sky their regular guard, and with no spares to call upon, Canadians' showing against High School deserves honorable mention, especially the opening half when the best High could do was a 11-9 lead. Hipwell came to life in the second half to account for 10 points which was the best individual showing. Creston with six, was Canadians' best basket maker.

Teams were:
Canadians — Corner, Crosson, Dale, Nastasi and Gabelhel.
High School — Sinclair, Cooper, Hipwell, Wightmann, Wells, Ingham and Rota.
Paced by F. Rota, the C. Y. O. got an early lead and were never thereafter in trouble. Play was fast in the second quarter when neither had scored, and the Review had 10 points in the third period. Rota's 10 points was the best for the winners. An Oldrich with six was the Review's best shot.

Teams were:
C. Y. O. — R. Archambault, E. Kludash, E. Gariepy, F. Rota, Roland and Gariepy, V. Piccini and Bob Patrick.
Review — Bob Beatty, John Harris, Ted Kilgren, Don Ward, Bud Mann, Eugene Joy, Gordon Fry and D. Aldrich.
Refereeing was handled by Sid Rogers and Allan Speert.
The Red Cross and student activities are to participate in the profits at two games at the High Auditorium Thursday night when a High School Girls' rep team will play Creston Motors, and the league-leading High School quint will take on the teachers — Ben Crawford, George Crosson, Sid Rogers, L. Gillis and R. McLaren, who are playing regularly this season, and Fred Martello, who is coaching the High girls' squad.
The hoop fraternity will await with interest the outcome of the game at Bonners Ferry, Idaho, Friday night when the High School meets Bonners' High School aggregation. These international games have always attracted attention.
The first half of the Commercial League season closes Friday. Attendances have been disappointing since play commenced, but so far there is no word from the Executive as to the league folding up at Christmas.

Armstrong Wins From Garrison in 7th by Knockout

CLEVELAND, Dec. 11 (AP)—Welterweight champion Henry Armstrong, successfully defended his boxing crown tonight when he stopped Jimmy Garrison of Kansas City, in the seventh of a scheduled 10-round bout at the annual Cleveland News Christmas fund show which drew a crowd of 12,000.

Garrison gave Armstrong a good argument for six rounds, but after the second stanza there was no question of the champion's superiority. The tireless Brown Blaster began connecting with overhand rights and lefts in the third round, opened Garrison's left eye in the fourth, and had drawn blood from both eyes by the sixth.

A right swing high on the jaw floored Garrison for a count of nine in the seventh and when he came to his feet he was met with a flurry of gloves which soon had him on the canvas again. His corner tossed in the towel. He was out in one minute 19 seconds of the round.

Armstrong weighed 138½, Garrison 141.

Hoslak Finishes Seelig in First Round Title Fight

CLEVELAND, Dec. 11 (AP)—Al Hoslak of Seattle, knocked out Eric Seelig of New York in the first round tonight to defend successfully his National Boxing Association middleweight championship before 12,000 fans at the Cleveland News Christmas toy fund show. The fight had been scheduled for 15 rounds.

After sparring for a brief time, Hoslak caught the veteran Seelig with a left hook to the jaw and sent him sprawling for a count of nine. Seelig wobbled to his feet, only to catch a right uppercut on the chin. He tried to get up again on the count of nine, but was too late. The knockout came in one minute and 21 seconds.

It was Hoslak's first ring appearance East of the Mississippi. He weighed 168 pounds and Seelig 160.

IOWA FOOTBALL ACE WINS POLL

NEW YORK, Dec. 11 (AP)—By a margin just about as close as Iowa's football victories over Notre Dame and Purdue, All-American Nile Kinnick was named the outstanding athlete of 1936 by United States sports experts today.

In as close a battle of ballots as The Associated Press annual poll ever witnessed in its nine-year history, Iowa's 80-minute backfield ace won out over jolting Joe DiMaggio, New York Yankee "Mr. Baseball," by eight points.

Kinnick's total was 79 points. DiMaggio, first-place choice of 11 balloters, had 71. Joe Louis, world's heavyweight boxing champion, drew 35 for third place. Bucky Walters, pitching workhorse of the National League Champion Cincinnati Reds, finished fourth with 28 points, and Nelson United States open golf champion, was fifth, with 25.

Far down the list, with seven points, was the "King" of '37 and '38, Don Budge, California's tennis red-head.

Bud Ward, Spokane, the United States amateur golf champion, received six points.

Wanted to Night School So Can't Count Very Well in the Daytime

CHALLENGED KING

BALTIMORE, Dec. 11 (AP)—Presenting racing's "royal family" for 1939—Chalcedon as king, and Bimblech as crown prince.

Their coronation, together with the selection of Kayak 11 as champion of the older horses and Now What as queen of the two-year-old fillies became official today with announcement of returns from the balloting of 208 turf writers and experts who voted in the Turf and Sports Digest's fourth annual poll.

The voters named W. L. Bann's Chalcedon as "horse of the year" by a wide majority over those who thought Col. E. R. Bradley's undefeated two-year-old boss, Bimblech, should get the honor. Of the 208 voters, 196 picked Chalcedon, who took command of the three-year-old after Johnstown went bad, and wound up with a half-length victory over Kayak 11 in the Pimlico special.

HARPER GIVEN LETTERS ADMINISTRATION SWIFT ESTATE; TRANSFER LAND

Letters of administration in the estate of Susanna Swift, Washington State resident and owner of Fruitvale District property, who died at New York October 14, 1916 during a visit there, were granted to M. E. Harper, Official Administrator, by His Honor Judge W. A. Nisbet, in Chambers Monday. Object of obtaining letters of administration was to legally transfer properties purchased from Mrs. Swift by Adam Griesel of Fruitvale, to whom \$300 of \$1,000 purchase price was paid; the \$700 remainder being paid to her husband after her death. The husband, Richard Swift of Everett, Wash., died December 3, 1933, before transfer of the property was completed.

OUTSTANDING DEFENCEMAN

NICK SMITH

Having his best season since he came to Nelson back in the Fall of 1933, Nick Smith is now ranked as one of the top defencemen in the West Kootenay Hockey League. Cully made no mistake last season when the former Leaf Coach moved the chunky Nick back to a defence post for Smith has steadily improved in defensive efficiency.

Nic, who hits his men as hard as Dave Desreux, Bill Burnett and some of the others, will be seen in action tonight when the Leafs play at Trail.

"Self-Inflicted While Despondent" Verdict on Martin Death in Trail

TRAIL, B. C., Dec. 11 — That Cecil John Martin came to his death on Sunday, December 10, 1939, between the hours of 11 and 12 noon at his residence, 1808 Second Avenue, Trail, B. C., by a wound in the head caused by a bullet from a .25 calibre rifle, self-inflicted while in a state of despondency, was the verdict brought in Monday after by a coroner's jury at an inquest presided over by Dr. J. B. Thom, into the death of C. E. Martin, barber shop operator living in East Trail. The jury comprised Alfred Coverdale, Foreman; E. S. Lowther, A. D. Petterson, M. J. Reardon, H. M. Keys and A. R. Joy.

Cecil Richard Martin, son of the deceased testified that his father "woke us up" a quarter of an hour before 10 a.m. Sunday, notifying his family that if they were going to church it was time to get up. He had prepared coffee for them. Mrs. Martin, two daughters and the son went to church four or five blocks away. As the son rode his bicycle, he was the first to return home.

RIFLE ON DYING MAN
On entering he heard heavy breathing with rasping sounds coming from upstairs. He found his father lying in bed with the rifle on top of him and parallel to him. He laid the rifle against the wall and went to a neighbor to phone a doctor, telling his mother on the front porch.

Dr. Thom, the son stated his father had been drinking heavily for the past two or three months, but had never threatened to take his own life. His father seemed to be doing all right at his barber shop, which he had been operating for himself for about three months.

Bought by the son at a Trail store last Spring, the rifle was kept atop of a clothes closet in the hallway downstairs. He stated his father had served

overseas in the Great War and drew a small pension for a gun-shot wound in the arm.

BLEEDING AND UNCONSCIOUS

Dr. E. S. Hoare told of finding Mr. Martin in bed, and Mrs. Martin applying bandages to a wound on the right side of his head. The man was unconscious and breathing slowly, his breathing being of a deep snoring character. It was obvious not a great deal could be done. Blood was issuing from both ears, but the patient's pulse was of good quality.

After ascertaining that he was not bleeding profusely, Dr. Hoare called an ambulance. Dr. W. J. Endicott arrived about five minutes later. About eight minutes to 12 noon, the patient took two deep gasps and died quite suddenly.

Chief of Police John Laurie said Mr. Martin's son had given him the same account he later gave the jury. The officer produced the rifle and a box of shells which were found on the bureau beside the bed. Only one cartridge was missing and a discharged shell was found in the rifle.

FATHER DIVINE SUGGESTS BUYING AMERICAS
NEW YORK, Dec. 11 (AP)—Father Divine, one-time Baltimore odd-jobs man whom thousands now call "God", suggested to President Roosevelt today that the United States buy Central and South America to keep all the Americas one Democracy in the interest of peace.

Excelsior Club to Give to Cheer Fund

Excelsior Club of St. Paul's United Church, at its last session of the year, decided at a meeting at the home of Mrs. T. A. Temple, Victoria Street, Monday night, to donate a sum of money to the Nelson Christmas Cheer Fund.

The year was extremely successful, it was reported. The next meeting will be held near the end of January.

Money Orders Issued in U. S. for Canada Paid at Face Value

Money orders issued in the United States for payment in Canada will be sold at a discount of 10 per cent, the Post Office Bulletin reports.

For instance, a United States resident purchasing an order for payment in Canada would pay 90 cents for a \$1 order.

"Money orders issued in the United States for payment in Canada are drawn in Canadian funds, and can, therefore, only be paid for their face value in Canadian money," the Bulletin points out.

NELSON vs. SPOKANE BULLDOGS

To the

Voters of Nelson

At the request of many responsible citizens I am allowing my name to come before you as a candidate for Alderman.

I have lived amongst you for twenty-seven years, which may or may not be to my advantage—by this is inferred you should know me—however, most of you knew me professionally as the Government's District Water Engineer for fourteen of those years. In presenting myself may I point out that Municipal Administration is no new idea to me—prior to coming to British Columbia I was Assistant Surveyor and Engineer to a City over five times the size of Nelson for thirteen years, in the North of England, and the experience thus gained in matters of Public Works, Roads, Public Health, Sanitation, etc., etc., at least should be useful in one seeking to serve on your Council.

Apart from this, my interests, though limited, and family are here, my boys received their elementary education in our schools. My long residence here speaks more eloquently than mere words—that I like Nelson and its vicinity—and almost needless to say, your interests in Nelson must be mine.

I do not propose to make any canvass—so if my experience in Engineering and Municipal Administration is of any value to you—make use of it.

I am not obligated or tied to any party, organization, or clique, and reserve to myself the right to do my own thinking, which I assure you will always be directed by what serves the best interests of Nelson, in my judgment.

If this happens to be in line with what you want as rate-payers—it is up to you.

Yours sincerely,
W. J. E. Biker

To the

Civic Electors of Nelson

Being legally qualified and having been regularly nominated an independent Candidate for an Aldermanic seat on your City Council, the undersigned solicits your votes in his favor on the 14th inst. in order that he be elected one of your representatives to administer the Municipal Act, so far as it relates to the operations of this City.

He has been a householder and a registered property owner in this City for a number of years.

For half a century, he has been connected with construction work of one kind or another.

He had 17 years' experience of Municipal Engineering in England, under three Local Government Authorities.

He is a member of the British Columbia Association of Professional Engineers, and has had considerable experience on road-construction projects for the Provincial Government.

For three years, he was connected with the Relief Camps, filling the position of Camp Foreman for a year and that of the West Kootenay Group Superintendent for two years.

He is conversant with the methods of financing Municipal Undertakings, and keenly interested in the welfare of the City and its people.

If you would like to have him as an Alderman on your City Council, and get the benefit of his knowledge and experience, vote on the day of the Election for
