FINLAND SHOCKED BY RUSSIAN PROPOSALS

Molotoff Scores Allies for War; Strikes at U. S.

Unable to Understand Finland's Refusals of Mutual Assistance Pact; to Open Trade Negotiations With Japan

MOSCOW, Oct. 31 (CP).—Premier Vyacheslaff Molotoff, who also is Russia's Foreign Commissar, told the Supreme Soviet (Parliament) today that Soviet Russia will remain neutral and "will take every measure" to hasten termination of the war "in the interests of peace."

In a sweeping survey of Russia's foreign policy the Foreign Commissar assailed Great Britain and France for fighting a war which it was "absurd to continue," and outlined in detail Russia's proposals to Finland. He said Russia was "not interested in the spread of the war."

Molotoff, in his 85 minute speech:

1. Denounced Great Britain and France for carrying on the war with Germany for the purpose, he said, of safeguarding their colonial possessions.

2. Declared Russia was unable to understand Finland's refusal of a mutual assistance pact similar to those which made the Baltic states of Estonia, Latvia and Lithuania virtual protectorates.

3. Struck at President Roosevelt for "intervening" in Russia's negotiations with Finland "in contradiction of the United States' policy of neutrality."

4. Said "there can be no question of restoring Poland" and that it was "absurd to continue the present war" for such a cause.

5. Asserted German and Russian relations are being placed on an increasingly-solid and friendly basis.

6 Announced trade negotiations would be opened with Japan and opened the door for a move by Tokyo toward stronger cooperation—possibly a non-aggression pact.

7. Gave no hint of any possible Soviet aims in the Balkans but said Turkey, which refused a pact with Russia and signed one with Britain and France, must take note of the offer of cooperation to Japan.

By her pact with Britain and France, he said, Turkey had moved into the "orbit of war" and he could not hazard a guess whether Turkey would come to regret it.

Molotoff said Russia "did not insist" on her position when Finland objected. He disclosed Finnish-Soviet negotiations now have turned to matters concerning the protection of Leningrad, Russia's Western metropolis.

Negotiations were proceeding on Finnish cession of "several dozen kilometers" of soil on the isthmus of Karelia, North of Leningrad, the lease of a small section of Finnish territory near the entrance to the Gulf of Finland for a Russian naval base, and the exchange of some islands in the Gulf of Finland.

He declared Russia has no designs on the strategic Aaland Islands and was not preparing demands on any other Northern nation.

BRISK FIGHTING ON WEST FRONT; PLANES DOWNED

German Long-Range Heavy Guns Come Into Play

By ROY P. PORTER
Associated Press Staff Writer

PARIS, Oct. 31 (AP).—French authorities reported "marked activity" on the Western Front today with a series of land skirmishes between French and German forces and brisk artillery duels in which the Germans were said to have used long-ranged heavy artillery for the first time in the war.

A General Staff communique said both sides engaged in raids and ambushes in the Lorraine sector between the Moselle and Saar Rivers on a section of the front extending from the Luxembourg border to Sarreguimines.

The High Command also reported that "in the course of many flights" yesterday one bi-motored Nazi reconnaissance plane was downed in French territory and that two enemy observation planes fell out of control in German lines on the Saar Front. The report said all French planes returned safely to their bases.

French military commentators said that during the second day of renewed activity at least one French village, six miles behind an unidentified area of the front, was battered by German long range guns.

These sources said that French gunners, who previously shelled the Siegfried positions with their 155's, replied to the enemy.

The front line remained unchanged, following almost exactly the French frontier. Sole exceptions were said to be several strategic outposts inside Germany in the Warndt Forest. These positions have been attacked sporadically by increasingly larger German patrols, which the French claim have been repulsed on each assault.

French anti-aircraft batteries were said to have brought down at least one German plane and perhaps several others 100 miles within French territory.

Police, continuing their inquiry into Communist activities arrested four women and two men for publishing and circulating secret pamphlets.

DELAY OF NEUTRAL SHIPS CRITICIZED

LONDON, Oct. 31 (CP)—Lengthy delays of neutral ships by the British contraband control were criticized in the House of Lords today by Lord Strabolgi, Labor, who asserted "it annoys neutrals to have their ships treated like this."

Lord Strabolgi said in one case it had taken 24 days to clear an American ship and that inquiries were made by the United States Consul General.

War Board Gets Under Way Today

OTTAWA, Oct. 31 (CP)— The War Supply Board becomes constituted formally tomorrow, absorbing the Defence Purchasing Board set up last July.

The board will mobilize Dominion industry and resources for a supreme economic war effort with extraordinary powers vested in it under authority of the War Measures Act.

In addition to duties in mobilizing potential production and manufacturing resources of the Dominion, the board will act as purchasing agent for the British war supplies mission now in Canada, and will pass upon all war contracts.

Apart from facilitating purchase of supplies for the Allies, the board will cooperate with the Riverdale Mission charged with centralizing Empire air training.

Another important feature of the board's activities concerns the naval service. Far heavier responsibilities have been placed upon the Canadian navy in the present war than existed in the first Great War.

Domestic Problems Viewed by Britain; Air Attacks Fail

SOVIET APPROVES FOREIGN POLICY

MOSCOW, Oct. 31 (CP-Havas).—The Supreme Soviet (Parliament) tonight unanimously approved the Government's foreign policy. There was no discussion.

The unanimous vote was after Premier-Foreign Minister Vyacheslaff Molotoff had outlined the Government's policy since conclusion of its recent understanding with Germany.

Britain Pleased at Neutral Trend Molotoff Speech

By J. F. SANDERSON
Canadian Press Staff Writer

LONDON, Oct. 31 (CP Cable)—British diplomatic sources indicated tonight the views of the Russian Premier and Foreign Commissar, Vyacheslaff Molotoff, on the "absurdity" of the war would have no effect on determination of Great Britain and France to crush Hitlerism.

At the same time alarm was expressed over the Russian demands on Finland which would turn the Baltic Republic into a vassal state of the Soviet Union.

There was open satisfaction, however, that Molotoff made no mention of military cooperation between Russia and Germany or of territorial demands on Rumania.

The important thing about Molotoff's speech was his reiteration Russia would remain neutral. This is regarded here as a decided blow to the Germans, particularly the Reich Foreign Minister, Joachim von Ribbentrop, reported as predicting Russian intervention on the side of the Nazis as only a matter of time.

11-TON BUCKET KILLS TWO MEN

GRAND COULEE, Wash., Oct. 31 (AP). — An 11ton bucket of concrete plunging out of control over the side of the Grand Coulee Dam killed two men and injured two others today in the worst accident since construction started on the $126,000,000 project five years ago. The dead are A. E. Priest, 28, a signalman from Port Stanley, Wash., and Henry Malloy, 40, monorail operator from Bakersfield, Calif.

RIFT BETWEEN ROME AND BERLIN IS SEEN

AMSTERDAM, Oct. 31 (CP-Havas)—Italy's cabinet reshuffle was interpreted by the newspaper Algemeen Handelsblad (Liberal) today as evidence of a rift between Rome and Berlin.

"The schism between Berlin and Rome is evident. Mussolini is worried by the Germano-Russian combination, which gives Bolshevism influence in the Balkans," the paper said.

Submarine Sinking, Seen by Passengers

NEW YORK, Oct. 31 (AP)—An incident interpreted as the probable sinking of a submarine by two British destroyers convoying a British liner was described by ship's passengers today.

The incident occurred five hours out of Liverpool according to one of the passengers, Malcolm McLeod Sabiston, retired Liverpool textile merchant, who said the liner was "shaken by a detonation."

"The detonation was followed by a bump," he related. "It looked to me as if the destroyer in the advance of the convoy and near us had dropped a depth bomb. The ship's floodlights were burning and with the aid of flares we could see the surface covered with oil."

BRITISH PLANES AND NAVY DRIVE OFF NAZI SHIPS

LONDON, Oct. 31 (CP).—Parliament today weighed the domestic problems that arise in the prosecution of a war.

Sir Samuel Hoare, Lord Privy Seal, after listening to acrimonious attacks on domestic war measures from such Members of the House as felt that they constitute too great an infringement of individual liberties, replied that the Government is willing to enter into consultations with the opposition looking toward agreement on revised regulations.

Today was essentially a Parliamentary day in warring Great Britain, although at sea a German seaplane attempted to attack a convoy and was driven off.

A joint Admiralty and Ministry of Information communique told of the abortive raid on a British convoy.

The communique said:

"An enemy seaplane was seen by R. A. F. aircraft off the North coast this morning.

"After a short engagement at close range the enemy aircraft broke off the combat and flew in an Easterly direction.

"Shortly afterwards a German seaplane of the same type attempted to attack a British convoy some miles to the North. It was driven off by our aircraft and by fire from the naval escort accompanying the convoy.

DROPS BOMBS

"Before flying away to the East the raider appeared to drop two bombs but no damage was done."

D. M. Foot, Liberal, called for annulment of orders in council containing the regulations, declaring the nation was confronted with a two-fold danger — Nazi aggression abroad and Nazi tendencies at home."

Kingsley Griffith, Liberal, seconding the appeal for annulment of the orders in council restricting dissemination of news, propagation of opinion, and detention of suspects, said these "really terrifying" regulations set aside the right of habeas corpus.

Referring to emergency measures, Mr. Foot declared "the most dangerous of all restrictions is that which relates to the dissemination of news and the propagation of opinion."

"It is most amazing that in a war which we are told we entered to defend freedom we should start by seeking to fetter the free expression of opinion," he said.

"We can imprison a man under these regulations not because he has been tried and found guilty of any offence known to law *** but simply because the Minister (for Home Security) thinks it desirable that he should be detained.

Sir John Anderson, Secretary of State for Home Defence, answered criticism of the defence regulations with a statement "there was no thought of imposing restrictions wantonly or unnecessarily."

7000 TAKEN FROM RANKS FOR TRAINING

LONDON, Oct. 31 (CP)—The British army has advanced 7000 men from the ranks to be trained as officers since the war began, War Secretary Leslie Hore-Belisha told the House of Commons today.

JURY FINDS COAST MAN DIED NATURALLY

VANCOUVER, Oct. 31 (CP)—A coroner's jury found Charles Anderson, 57, whose body was found near a houseboat in False Creek here last week, had died of natural causes, aggravated by exposure.

U.S. COAST SHIP RACES TO AID SHIP ATTACKED BY SUBMARINE

BOSTON, Nov. 1 (Wednesday)—(AP).—United States Coast Guard Division Headquarters said today it had identified a vessel which sent an S O S in the North Atlantic as the 3670-ton British vessel Coulmore, owned by the Dornach Shipping Company, Limited.

The Coast Guard said it made the identification by means of the call letters sent out in the vessel's distress call, which included the phrase "SSSS submarine," taken to be a reference to a submarine attack.

Tropical Radio, of Hingham, Mass., said it had learned from a Canadian radio station at Campderdown, N. S., that the U. S. Coast Guard cutter Campbell, 200 miles from the Coulmore, was proceeding to her side and expected to reach the scene about 8:30 a.m.

NEW YORK, Nov. 1 (Wednesday)—(AP).—MacKay Radio reported today receipt of an "S O S" from an unidentified vessel followed by the phrase "SSSS submarine" which MacKay said probably meant "submarine attack". The position of the ship was given as approximately 400 miles Northeast of Bermuda.

MacKay reported the Canadian coastal stations were sending auto-alarm signals every few minutes and sending submarine distress signals lat. 40.20 North, 62.31 West. The call was directed to the British steamship Coulmore.

MacKay added that there was no response from the Coulmore to the Canadian stations request for "direction findings."

Pro-German Men Ousted From the Italian Cabinet; Middle Road for Italy?

By CHARLES H. GUPTILL
Associated Press Staff Writer

ROME, Oct. 31 (AP).—Premier Mussolini, in a sweeping overhauling of the Fascist leadership, today removed three military chiefs who had conducted staff talks with German officers and two Cabinet members popularly regarded as pro-German.

Shuffling of military chiefs, army leaders, and Cabinet Ministers was regarded in foreign circles as primarily designed to reinforce the Fascist regime at home.

All three Chiefs of Staff replaced — General Alberto Pariana of the Army, General Giuseppe Valle of the Air Force and Lieut. Gen. Luigi Russo, of the Blackshirt militia — had conferred with their German counterparts after signing of the Italian-German military alliance last May—an alliance which no longer is mentioned in Italy.

The two cabinet members considered as having pro-German sympathies and affected by the shakeup were Lieut.-General Achille Starace, Secretary of the Fascist Party, and Dino Alfieri, Minister of Popular Culture (propaganda). Transfer to other posts removed them from the cabinet.

The shake-up involved replacement of eight ministers, and four under-secretaries, as well as the Chiefs of Staff. With the changes, some foreign observers considered Mussolini had established a middle-of-the-road cabinet. His son-in-law, Count Galeazzo Ciano, who is foreign Minister, and the Minister of Justice, Count Dino Grandi, remained perhaps the outstanding figures next to Il Duce.

Among the important new ministerial appointments were:

Corporations — Renato Ricci, succeeding Ferruccio Lantini; Foreign Trade — Raffaldo Riccardi, succeeding Felice Guarnieri; Agriculture—Giuseppe Tassinari, succeeding Edmundo Rossoni; Communications — Host Venturi, succeeding Commendatore Antonio Stefano Benni; Public Works — Adelchi Serena, succeeding Giuseppe Cobolligigli.

SHIPMEN ORDERED TO LOAD FREIGHTER

BELLINGHAM, Wash., Oct. 31 (AP)—Federal Arbitrator Van C. Griffin ordered Bellingham Longshoremen late today to load the freighter Point Ancha, and a spokesman for the C.I.O. union said a crew would be at the dock in the morning to abide by the ruling.

The developments apparently brought to an end that phase of the controversy which threatened to paralyze the Bellingham waterfront.

PIONEER WORKERS DISCONTINUE ACTION

VANCOUVER, Oct. 31 (CP)—Notice of discontinuance was filed in Supreme Court today of an action in which the International Union of Mine, Mill and Smelter Workers claimed an injunction to restrain Pioneer Gold Mines of British Columbia Lt., from cutting off heat, light and water to bunk houses which were occupied by employees who went on strike at the mine Oct. 8.

New Situation Is Created; to Delay Talks With Soviet

Russia Reminded That Non-Aggression Pact Exists Between Nations; Delegates Were Already on Way to Moscow

By LYNN HEINZERLING—Associated Press Staff Writer

HELSINGFORS, Nov. 1 (Wednesday) (AP).—The Finnish Government announced early today that publication of Soviet Russia's proposals to the Republic "created a new situation" which would delay Finland's negotiations with Moscow.

At the unusual hour of 4:30 a.m., the Foreign Office issued the communique regarded as a rejoinder to Soviet Premier Vyacheslaff Molotoff's speech yesterday at Moscow and which solemnly reminded Russia that a non-aggression pact exists between Finland and the Soviet Union.

The communique was issued a few hours after departure of the Finnish delegates on their third trip to the Russian capital within the past month.

It read:

"The Soviet Union has stated they desire to discuss with Finland the questions mentioned by Foreign Commissar Molotoff. By making public the point of view of the Soviet Union at a moment when Finland's plenipotentiaries have just left Helsingfors to hand the Soviet Government the answer of the Finnish Government, Foreign Commissar Molotoff has created a new situation.

"Hitherto the discussions have been confidential and Finland has independently, without pressure from any foreign power whatever and free from prejudice, sought to find a solution of the questions presented her in spite of their difficulty due to the policy of neutrality which Finland has adopted.

"In doing this, it has also been desired by Finland to respect the efforts of the Soviet Union to ensure the security of Leningrad without, however, endangering her own safety.

"It is too early to say anything about the extent to which the statements of Commissar Molotoff will affect the standpoint of the Finnish Government. In any case his speech has naturally caused delay in continued negotiations.

"Commissar Molotoff stated in his speech that the Soviet Union has the right and obligation to take effective measures for protecting its security on the Gulf of Finland and the frontier nearest Leningrad.

"For this reason, the Foreign office of Finland states that the Soviet Union in the non-aggression pact entered into with Finland in 1932 undertook to respect the frontiers fixed between Finland and the Soviet Union by the Peace Treaty of Dorpat and to arrange all differences of opinion between their countries by peaceful means. Finland relies on the Soviet Union respecting this agreement, the validity of which was extended to the end of the year 1945 by agreement between Finland and the Soviet Union in the year 1934."

MAY NOT ACCEPT

First reaction in political circles was a belief Finland would not accept the proposals outlined in Moscow by Premier Vyacheslaff Molotoff.

The Finnish negotiators, who left for Moscow last night with their "final answer," were expected to leave the next step up to the Russians after registering their rejection of the Soviet proposals.

It was generally expected the Finnish Government for one thing would now place its case before the world with a complete exposition of the hitherto secret negotiations.

Jews of Vienna Filling Camp In Old Polish Area

By LOUIS P. LOCHNER
Associated Press Staff Writer

BERLIN, Oct. 31 (AP). — At least 4000 Jews have left Vienna in the last two weeks for a Jewish reservation in former Polish territory and local authorities have told the Jewish community there that Vienna must be "Jew free' by March 1, 1940.

At a time when Germans from Estonia and Latvia were moving "home into the Reich" several thousand Jews of Vienna and Maehrisch-Ostrau as well were given three days to "depart from the Reich."

They have been ordered to move and settle somewhere in the new Western frontier of Soviet Russia between the San and Vistula Rivers in former Polish territory with Lublin as the centre.

The Vienna Jews were permitted to take 110 pounds of luggage provided it could be stowed in bundles over their heads in the omnibuses in which they were transferred to the former Polish territory.

They were permitted to take 100 marks, (about $120) worth of tools and machinery "if not too bulky and insofar as there is room" for them in the baggage car accompanying the passenger cars."

To the Jewish plea that the sudden expatriation and banishment would create great hardship, the stock reply was made that Germans in Estonia and Latvia did not grumble when orders came to move—so why should the Jews?

Instructions to the Jews of Maehrisch-Ostrau were much like those to the Viennese. Children were left behind in care of the Jewish community charged with erecting children's homes for them. Homes as well as business houses, it was said, would either be administered or sold by the Jewish community with the proceeds "devoted to social purposes."

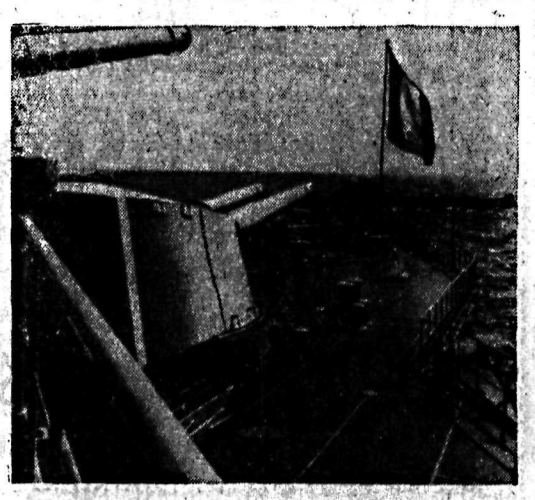
SUBMARINE GIVES SHIP NO CHANCE

VANCOUVER, Oct. 31 (CP)—The story of a German submarine attack on a merchant vessel is told in a letter received here today by Mr. and Mrs. T. A. Pedden from Harry Rockliffe, member of the crew of the British freighter Hazelside.

Rockliffe, confined in an Irish hospital, wrote that when the German submarine torpedoed the vessel last month "they never gave us a chance."

He said the boat was attacked without warning and before the crew could take to the boats, four of them were destroyed by shell fire.

FRENCH NAVY GIVING BRITISH FLEET VALUABLE ASSISTANCE ON BLOCKADE LINE



Although the accent is on the French army, France has a navy, too, and a good one, which is now cooperating with the British navy in maintaining a tight blockade around Germany. These pictures of the French navy are the latest permitted by French naval authorities and show ships of the Republic in various stages of action. Seen from the stern of a battleship (extreme left), is a view of a French submarine that is a link in the blockade chain. The French submarine force is formidable, with a total of about 60 underwater craft, including mine-laying submarines. A line of men-o'-war, playing what a landlubber would call "Follow the leader," is seen (left centre). Anti-aircraft guns of a French battleship are shown in action (centre right). The gun crews are protected by movable turrets. Multiple machine guns (extreme right) spell trouble for hostile dive bombers. These guns are used against head-on targets, such as that presented by a plane diving down on a ship.—News of the Da

Appointment Fire Chief Causes City Council Tempest as Ritchie, Benwell Agree "Citizen's" Published Letter

Seeking Efficiency Other Members of Council Reply

A letter from "Citizen" to the Nelson Daily News asking why an outside man was appointed fire chief to succeed M. H. Maloney, retiring chief, instead of a local man, brought a short tempest to the City Council meeting Tuesday night as Ald. G. M. Benwell and Ald. A. G. Ritchie expressed sympathy with the letter writer and remaining members of the Council declared the appointment of Robert MacDonald of Vancouver, had been passed by the Council in the belief that this action was "in the best interests of the City."

Appointment of Mr. MacDonald had been discussed in committee, "but no reported was present when the Council came out of committee," said Ald. T. H. Waters.

Alderman Ritchie declared he was not in sympathy with a subsequent report in the Daily News "supposed to come from the Council." Alderman Benwell agreed. Alderman Ritchie believed the Council should have called for applications, and agreed with the letter writer that there was "a Nigger in the woodpile." Alderman Benwell expressed the belief a special point should have been made of giving news of the appointment to the press.

NO NEED TURMOIL

"There's no need of turmoil now," commented Ald. Roy Sharp.

"At any rate the appointment was passed by the Council," said Mayor N. C. Stibbs. "The new man will be here tomorrow and if he doesn't measure up, then it is up to the Council to deal with him."

"I don't think this Council would have gumption enough to do anything if he didn't measure up," commented Alderman Benwell.

Alderman Waters declared Alderman Benwell's remark was "not justified." The whole trouble over the appointment, he added, arose because it was made in committee. The representative of the Daily News left when the Council went into committee, and when it reported back he was not on hand.

"Do you think it was good ball to make the appointment in committee?" asked Alderman Benwell.

TOO MUCH IN COMMITTEE

"I said then it was not right," replied Alderman Waters. "I've said right along that too much is done in committee."

"The engineer was appointed that way," commented Mayor Stibbs.

Ald. G. W. Tyler did not believe it was fair to applicants to discuss them in open meeting. Alderman Sharp agreed with him.

Answering Alderman Ritchie's assertion that applications should have been called for, and that there was "a Nigger in the woodpile," Alderman Waters declared that 'as far as I am concerned there is no 'Nigger in the woodpile.' All I want is efficiency in the fire department."

"So do I," asserted Aldermen Tyler, Sharp and P. G. Morey.

Limitation Diagonal Parking Is Proposed by Alderman Sharp

Proposal that the City Council in revising the Traffic Bylaw should prohibit diagonal parking — on streets where diagonal parking was permitted — of trucks over 20 feet in length, was made by Ald. Roy Sharp at the City Council meeting Tuesday. It was pointed out that so far diagonal parking was not permitted by Bylaw on any streets, although in preparation for it parking lines had been painted on a number of streets.

Ald. C. W. Tyler reported receiving a suggestion from John Learmonth that parking on streets adjacent to schools, at least on the sides immediately adjacent to school grounds, should be prohibited. There was a grave danger of children running out into the road from behind parked cars.

The Alderman also suggested a no-parking zone should be created at the top of High Street hill.

Peruvian Fliers Safe on Island

GUAYAQUIL, Ecuador, Oct. 31 (AP). — Forced down by the loss of 220 gallons of gasoline while little more than 700 miles from their goal, two Peruvian aviators attempting a non-stop flight from New York to Lima, were safe tonight on an island 80 miles Southwest of Guayaquil.

First word of the brother fliers, Commander Humberto Gal'Lino, of the Peruvian navy, and Captain Victor Gal'Lino, of the Peruvian army, was carried by a peasant to a telegraph office at Posorja, 20 miles from their landing place on a beach at Salinas de Punta Arenas on Puna Island. The plane was not damaged in the landing.

Commander Gal'Lino in a message to authorities said the gasoline was lost through a leaky tank. He reported they flew 26 hours and five minutes after leaving New York Sunday afternoon, and were forced down yesterday afternoon, having covered approximately 3300 miles of the projected 4014-mile trip.

World's Fair at New York Closes

NEW YORK, Oct. 31 (AP). — For the first time since the $156,000,000 show was thrown open to a pop-eyed but hesitant public last April 30, the palpitant exhibitors of the New York World's Fair welcomed a rain today as they closed up shop and battened down for the Winter.

Rain usually meant bad business, but today they thought it spelled salvation.

The exhibitors had been so perturbed over the prospect of prankish last-minute raids by souvenir hunters super-induced by the Hallowe'en mood that some actually had planned to fold their places long before the actual closing and silently steal away.

A skelton crew, including an Eskimo family living in an air-conditioned igloo, will stand guard over the Fair's valuables through the Winter. The 1940 opening is scheduled for May 25.

Mayor Stibbs Would Seek Means Checking Transient Traders

Proposal that in revising the City Trades Licence Bylaw the City Council should seek means of restricting transient traders who obtained orders in the City and had their work done elsewhere, was made by Mayor N. Experts Squelch Agency Story of Nazi Successes

By LOUIS P. LOCHNER
Associated Press Staff Writer

BERLIN, Oct. 31 (AP).—DNB, the German News Agency, late today published a report describing how German scouting troops invaded two hastily-evacuated French villages lying before the Maginot line and returned with war booty.

Military experts authorized to give information said the report did not come from the High Command.

The experts would not even admit the report was the first evidence of Germans crossing into French territory, saying that at the French-German frontier it often was difficult to know exactly where the boundary line runs, with the result inquisitive scouting units often get on the other fellow's ground.

Soon after inquiries by correspondents began to pour in, the news agency advised the report concerned "an event which occurred some time ago at the Western front."

Military experts also soft-pedalled DNB's report that army equipment, such as munitions, helmets, and remnants of crashed airplanes, were alleged to have been found.

When the French decided to retreat behind their line, these experts said, pollus probably threw away some equipment that either was shopworn or defective, knowing they would get replacements in their next encampment.

Australians to Man Flying Boats

SYDNEY, Oct. 31 (CP Cable).—Prime Minister Robert Menzies announced today Australia would not send an air expeditionary force overseas as originally planned. He said the Commonwealth would instead send personnel overseas immediately to man nine flying boats on order for Australia and form an Australian general reconnaissance squadron for service in and about Great Britain.

The new plan was decided upon, said Mr. Menzies, after consultation with the British Government.

Australians attached to the Royal Air Force are already manning three of the flying boats, and the Commonwealth will send 17 officers and 166 airmen to man the remaining six. This will form the first Dominion Air Force unit on active service.

The Australian and British Governments decided the Dominion's best cotnribution would be the strengthening of the Royal Australian Air Force for purposes of defence, and also the bringing of air recruits to the point where they could be sent to Canada for advanced training.

The Commonwealth Cabinet also approved the immediate establishment of a factory for the manufacture of the most modern large airplane engines in Australia as a part of the Empire's huge expansion program.

Nazis Speed War Goods to Rumania

BUCHAREST, Oct. 31 (AP). —A speeding up of shipments of war materials from Germany into Rumania prompted divergent interpretations tonight as big assignments of airplanes, artillery, ammunition, trucks and other motorized equipment arrived by rail and Danube barge.

Military authorities said the flow of armaments was primarily due to German efforts to meet Rumania's demands for payment under barter clearing arrangements and thus to assure a supply of oil and wheat from Rumania.

Many foreign observers, however, regarded the arms influx as a German move to fortify Rumania against possibility of a Soviet Russian thrust into the Balkans—a possibility Balkan officials admittedly fear.

The shake-up of Italian leadership by Premier Mussolini today was regarded in Balkan diplomatic quarters as a favorable omen to formation of the neutral bloc because it was believed Italy now would become more active in aiding its development.

WRONG NUMBER RANG ROSSLAND ALARM BY REPETITION OF PULL

ROSSLAND, B.C., Oct. 31.—The clang 21 which brought the Rossland Fire Department to the corner of St. Paul Street and Second Avenue Monday night, instead of to the corner of Columbia Avenue and Butte Street, where the alarm had been turned in, was explained by Kenneth Martin, Rossland Fire Chief, this morning.

"The person who turned in the alarm evidently was not familiar with it, and pulled two or three times, breaking the circuit before the gong had finished ringing 53," he said. "If it had been pulled straight down once and left, it would have registered properly, which it eventually did when it was left in place.

"It takes just six seconds for the gong to register at the hall, and it had just rung twice when it was pulled again.

Of course the instructions can be read in daylight, but that mistake has occurred often when the alarm is turned in after dark," he added.

The fire, which was at the home of "Black Jack" MacDonald, was started by a defective drop cord in the kitchen, according to Chief Martin. No furniture was damaged, the fire being confined mainly to the roof.

BRITISH STEAMER SUNK

LONDON, Oct. 31 (CP)—Sinking of the British steamship Cairn Mona, 4666 tons, by an "explosion" was disclosed today when 41 survivors were put ashore. Three were missing. A survivor said the blast came without warning.

Lawyer Charged Manslaughter

Thomas Robinette Godfrey, 26-year-old Toronto lawyer and radio actor, is facing a manslaughter charge after the car which he was driving was involved in an accident in Toronto, killing Jean Galer, Toronto, and Edward Glass, Saint John, and injuring Lester D'Arcy, also of Saint John. Godfrey's car is alleged to have struck the victims as they walked across a Toronto boulevard.

EMPIRE HEADS CONFER TODAY

LONDON, Oct. 31 (CP Cable).—Empire statesmen get down to business tomorrow in the conferences which informally will discuss ways and means of marshalling the Empire's resources to defeat Adolf Hitler.

Personnel of the conferences was completed today with arrival of the Australian Treasurer and Minister of Supply, Hon. R. G. Casey.

Anthony Eden, Secretary for the Dominions, entertained T. A. Crerar, Canadian Minister of Mines and Rescurces, at luncheon today. The guests included Hon. Vincent Massey, Canadian High Commissioner; Lord Chatfield, Minister for Coordination of Defence; Sir Samuel Hoare, Lord Privy Seal; and W. S. Morrison, Minister of Food.

Prime Minister Chamberlain will entertain all the Empire delegations at lunch tomorrow.

C.C.F. Yields to No One In Loyalty

VANCOUVER, Oct. 31 (CP). — The publicity committee of the Co-operative Commonwealth Federation's British Columbia section today issued a prepared statement which said the C. C. F. "yields to no party in its loyalty to the people of Canada and in its determination to stand on guard in their interests."

The statement was issued as an "answer" to an address of R. L. Maitland, K.C., British Columbia Conservative leader, who referred to the C. C. F. at the British Columbia Conservative Association's annual meeting last week as a "subversive" and "unpatriotic" organization.

The statement suggested that there might be other things which might, "with more reason," give rise to Mr. Maitland's "disapproval." These included disgust with "those businessmen of Canada recently reported to be flocking like vultures to Ottawa in the hope of obtaining war contracts," the manner in which Dominion and Provincial Governments are dealing with single unemployed men, food stuff "profiteering" and the rising cost of living.

"Mr. Maitland is presently leader of the official opposition in the B. C. Legislature," the statement said. "Instead of denouncing the efforts of an organization which does concern itself with these issues he would be better employed seeking what legislative influence he may have in seeking their solution."

HAWKS EDGE OUT WIN OVER FLIERS

ST. LOUIS, Oct. 31 (AP).—Chicago Black Hawks of the National Hockey League came from behind in the third period on goals by Joffre Desilets and Joe Cooper to defeat St. Louis Flyers of the American Hockey Association 3-2 in an exhibition game here tonight.

After Hawks took the lead in the first period when Des Smith scored, Flyers almost stunned their opponents with two counters in the second period only 22 seconds apart. Goals by Fido Purpur and Bill Hudson put Flyers in the lead.

For 12 minutes of the bitter final period the Flyers threw a great defence around Goalie Hub Nelson and the 7631 spectators had visions of a St. Louis victory.

Crown Point Ladies Sweep Bowling Games

TRAIL, B. C., Oct. 31—By large margins in each case, Crown Point defeated Maple Leafs three straight games in Tuesday night's competition of the Ladies' Five-Pin Bowling League. Stars won two of three from Cardinals. Miss P. Ostwald, high scorer of many sessions, again took high honors with high single of 244 and high total of 619.

Game scores follow:

Crown Point	836	771	749
Maple Leafs	658	639	646
Cardinals	664	752	847
Stars	637	806	856

COMFORT BEFORE SAFETY

CROYDON, England (CP). — A woman evacuated from here returned after a few days in the country because "dangerous coal oil lamps" were used in the cottage where she stayed. She preferred to risk air raids.

Firecrackers, Fun, Pranks, Parties Mark Hallowe'en

A loud bang here; a rising flare there; a gaily costumed youngster at your door asking for "goodies;" a wagon wheel or other item of property somewhere else — that was Nelson Tuesday night as youngsters of all ages celebrated Hallowe'en, that big night of fun.

And those so-called "youngsters" were anywhere from three to six feet high, with hideous, pretty, gaudy or plain costumes, each with his own particular line of pranks to pull. They didn't waste any time in getting round to the doors either. They were on the job right at supper time when they knew they'd get something. It was something of an experience to open the door and see a sneering pirate, a haggard old witch, or a masked bandit staring you in the face.

Police patrolled the city all night and by a late hour reported no serious damage done. Some old wooden wagon wheels outside a blacksmith shop were a favorite item to dislodge, while just about any ash can or gate post that wasn't put away or bolted down was certainly not the way it was left later in the night.

Firecrackers could be heard on every hand and the corner of Ward and Baker Streets looked as though a small arsenal had exploded there. The sidewalk and surrounding part of the street was one big mass of tattered bits of red and yellow paper, all mixed with the smell of burned powder. Beautiful flares soaring into the sky added a colorful touch to the evening's fun.

PARTIES EVERYWHERE

All over town parties were in progress, with houses gaily decorated with black cats, witches, jack-o-lanterns, orange and black streamers, skeltons, and so on.

One of the biggest centres of attraction was the Second Annual Hallowe'en Masquerade dance sponsored by the Dokkies at the Civic Centre Hall. A large and merry crowd attended.

Trail Smokies Have 2 Imports

TRAIL, B.C., Oct. 31 — Claire Dunsmore of Winnipeg and Lucien Martel of Moose Jaw are two hockey players who have come to Trail within the transfer time limit of October 31 and therefore will be eligible to play with the Smoke Eaters during the 1939-40 season.

The club that will represent the Smelter City in the West Kootenay loop has available a number of the world champions, a goodly portion of last year's Blazers and possibly Juniors who showed great promise last season.

Of the world championship team remain Scodellaro and Buchanan; Tommy Johnson, Jimmy Haight, Ab Cronie, Dame, Morris and Brennen, and possibly Benoit. Polson, goalie with the Blazers last year, will be available, as well as Marshall, Martinson, Appleton, Christensen, Cowland, Bill Duchak, Norris, Wade and Casey Jones. Mike Buckna, former Smoke Eater, who was in Europe the past two Winters, also will be on deck.

Ken Stanton and Larry Devlin are the two juniors who show promise of making a berth with the new team and several of Mike Welykochy's intermediates are expected to be down from the Golden City when tryouts commence.

And of course, should Joe Benoit not take the jump in Montreal this season, the Kootenay fans will be pleased to see the flashy right winger again in amateur play.

It is expected that the boys will be able to don the blades in about two weeks' time.

REGINA DEFEATS LETHBRIDGE 3-1

REGINA, Oct. 31 (CP).—Regina Vic-Aces made their debut tonight with a 3-1 victory over Lethbridge Maple Leafs, champions of the Alberta Senior Hockey League last season.

Two thousand spectators saw Vic-Aces, Regina's new entry in the Saskatchewan Senior League, hold a decided edge on play against Lethbridge.

Sent away to a good start when Jimmy Wilson, former Calgary player slapped home the opening goal in the first five minutes, the Reginans settled down to rugged hockey that kept Leafs from hitting their stride and toward the finish the Lethbridge team faded noticeably

Trail Youngsters Have a Gay Time After the Goblins

TRAIL, B.C., Oct. 31—Youngsters in this community had a gay time tonight as they travelled about the city in costumes of many varieties, chasing goblins, playing harmless pranks, and collecting Hallowe'en apples. It was their night, Hallowe'en, and adults contributed to their fun-making.

The sharp crack of firecrackers was heard intermittently all evening, and occasionally rockets of various colors pierced the sky.

Older folk took in one of three dances.

At a late hour tonight no wilful destruction was discovered by or reported to the police.

Pattullo Sees Big Oil Project

VICTORIA, Oct. 31 (CP). — An appropriation of $200,000 is proposed by the British Columbia Government to finance drilling for oil in the Peace River district next year, Premier Pattullo said today.

The Premier said the Government intends to keep going until it strikes oil.

The $200,000 vote will finance drilling of one well, but if this is not successful, the Government will ask more money to drill other wells, because geologists' reports are so favorable, he said.

The Premier said a structure at least 70 miles long would be proved if the drilling operations are successful—an area much larger than Turner Valley.

A 35-mile road is being built now so that machinery can be taken to the scene of this year's examinations, where drilling is to commence.

Session Opens Quietly, Victoria

VICTORIA, Oct. 31 (CP)—The third session of British Columbia's 19th legislature opened quietly here today, told in the speech from the throne that British Columbia can hope for victory in the war against Germany. (See Page Five).

As Mr. Hamber read the speech from the throne he was dressed in formal morning clothes, in contrast to the brilliant Windsor uniform he usually wears at the annual Fall opening of the legislature.

There was no gunfire salute to the Lieutenant—Governor, either, and during the session state functions will not be held—because of the war. The honor guard from the Princess Patricia Canadian Light Infantry was dressed in service uniform today, instead of dress regalia

Neutrality Bill Goes Committee

WASHINGTON, Oct. 31 (AP).—Advocates of repealing the United States arms embargo won the first skirmish over neutrality legislation in the House of Representatives today when that chamber agreed to send the measure to a conference committee to adjust differences between the Senate and House versions.

The vote, which prevented the embargo bloc from offering amendments from the floor, was taken amid angry cries of "city slicker tactics!" Administration men replied that the procedure was normal.

There was no roll call on the question, but administration leaders hailed a previous roll call, on which they mustered an unexpectedly high majority of 60 votes, as indicating a safe margin for repeal of the embargo when the final test comes.

The roll call was on a question of ending debate on the procedure to be adopted for considering the bill. The result defeated a Republican attempt to open up the legislation for House amendments. The vote was 237 to 177.

"Everybody Happy" Dokkie Masquerade

Costumes of all colors, shapes and sizes flitted about the Civic Centre Hall floor Tuesday night as members of the Dramatic Order of the Knights of Khorassan—the Dokkies—played host at their Second Annual Hallowe'en Masquerade dance. Richard Drew was Master of Ceremonies for the gay affair.

FINAL VICTORY MAY BE SHAPED ON CANADIAN SOIL SAYS KING

OTTAWA, Oct. 31 (CP). — Concentration of the Empire's basic air training in this Dominion "may well mean that final victory will be shaped on Canadian soil," Prime Minister Mackenzie King said in a broadcast address tonight.

Describing the increased responsibilities of Canada for coastal defence, as compared with the first Great War, the Prime Minister prophesied Canadian shipyards "will soon be working to capacity."

The Prime Minister spoke of the negotiations now progressing for training in Canada of thousands of airmen for the forces of Great Britain, Australia and New Zealand.

"All the countries involved, including ourselves, will be individually responsible for elementary training," said Mr. King. "Advanced training on a very large scale, involving the first year, many millions of dollars and many thousands of men, will be concentrated in Canada.

Dividing the Dominion's responsibility for prosecution of the war into two phases — military and economic — the Prime Minister said the latter would be of tremendous importance, if less spectacular.

The Prime Minister warned against the mistake of applying the same considerations to the present war as to the first Great War. Since the last struggle there had been a complete change in the technique of warfare, he pointed out, and only great sacrifice of men and money would result if the efforts then effective were relied upon now.

In the first Great War Canada's Western coast was protected by Japan which was an Ally, and Russia was also an Ally. Now defence of the Pacific coast is Canada's responsibility. Similarly the defence of the Atlantic coast has assumed more serious proportions.

"Ten thousand armed Canadians provide garrisons for our seaports," he said. "A reserve force consisting of two divisions and a number of additional units has been organized with a strength of over 42,000 men.

With the calling up of the Royal Canadian Naval Reserve and certain voluntary reserves, nearly 6000 officers and men were on duty with the Canadian navy by the middle of September.

"Our ships on the Atlantic coast are taking part in the convoy system and to date not a single ship leaving Canada has been lost.

Bureaucracy Hurts to be Removed if Can -Chamberlain

LONDON, Oct. 31 (CP)—Speakers called the Government to account in parliament today on "bureaucracy" in Britain's wartime economic set-up and voiced a wide assortment of wartime complaints.

Prime Minister Chamberlain disposed of one question as having "too large a variety of complaints" to deal with in a single answer. He assured the House, however, that grievances would be removed "where this can be done consistently with the paramount objective of winning the war."

Colonel J. Baldwin Webb, Conservative, had demanded the Government consider the "growing adverse feeling" in the country over "bureaucracy" and mentioned specific instances of "interference with daily life."

Sir John Wardlaw Milne, Conservative, spoke on "widespread and increasing complaints" over Government control of marketing and distribution of a number of commodities.

Chancellor of the Exchequer Sir John Simon said he realized that gasoline rationing and new high automobile taxes were a blow to the retail automobile industry but added he was "not in a position to propose" a reduction in any of the taxes.

Laborite Albert Alexander declared "complaints are being made all over the country in regard to the shortage of butter and bacon" and asked when rationing would start. Food Minister W. S. Morrison said he hoped to be able to make a statement on rationing tomorrow.

Organization Air Training Plan to Open at Meet Today

OTTAWA, Oct. 31 (CP).—Organization of the cooperative Empire air training scheme is expected to move forward rapidly after the Australian and New Zealand air missions sit in at conference with the British Air Mission and Canadian authorities starting tomorrow.

The Australians will arrive tonight and the New Zealenders tonight or tomorrow. The British delegation under Lord Riverdale has been here for some time and has made satisfactory progress in consultations with Canadian authorities.

Questions to be decided almost at once are the number of pilots and other air force personnel who may be trained in Canada and the date at which training may start.

MILLIONS GET OLD YEARS TOO SOON

Rank carelessness the cause

Among your friends there are some of middle age who appear to have retained the exuberance and vitality of youth; while others accept premature ageing as the lot they must bear. Do you want to feel younger, eager to tackle any kind of work or play.

Thousand of people just don't bother to do anything about constipation. They even refuse to believe they are constipated. They think that if a person is regular, that is all that matters. Occasionally they take "a good dose of something" when the need is evident. That is definitely not the way.

Take off the mask of premature age

The way to keep feeling fit, to prolong the years of youthful exuberance and well-being, is to keep the entire system free as possible from impurities and poisons. That means the blood, the kidneys, the intestines and the bowels.

To do that your body must get certain minerals in some way.

We make no exaggerated claims for Kruschen Salts, but we recommend the "little daily dose" because Kruschen contains several valuable mineral salts in highly refined form. Each salt has its particular function. In combination they help rid your system of excess poisons each day. Thus free from the ageing effects of accumulated impurities you are much less apt to suffer from splitting headaches, acid indigestion, rheumatic pains, listlessness, because your excretory organs are encouraged to function normally.

Thousands upon thousands of people throughout the world refer to the general well-being it imparts as "that million dollar Kruschen feeling". Start "the little daily dose" right away and just you see for yourself! At all drug counters 25c, 45c, 75c.

U.S. GOVERNMENT MAKES PLEA FOR CREW'S SAFETY

WASHINGTON, Oct. 31 (AP)—The United States Government, it was learned today at the State Department, is asking British and German Governments to avoid exposing the crew of the captured American freighter City of Flint to unnecessary danger.

Instructions to this effect have been sent to Ambassador Joseph P. Kennedy in London and Alexander C. Kirk, Charge d'Affaires, in Berlin.

Slocan City Man Is Shot In Arm

SLOCAN CITY, B.C.—Fremont Warner, son of Mr. and Mrs. R. G. Warner, in handling a shot gun, shot himself in the right arm, Oct. 26, and was rushed to Slocan Community Hospital, New Denver, by Mrs. K. Popoff. Dr. A. Francis attended.

The accident occurred when Fremont was getting into a boat, slipping on fresh snow, his left hand coming in contact with the trigger. The discharge hit the right arm, grazing it from the hand to near the shoulder, badly shattering the arm, especially the elbow.

Congress Govts. Resign Protest British Decision

BOMBAY, Oct. 31 (CP-Reuters)—The Congress Party Governments of Bombay and Biha resigned today in protest against Britain's decision not to consider further constitutional reforms immediately.

The Congress Party cabinets in Madras and the United Provinces had previously resigned. Altogether the party has a majority of eight of the 11 provinces in British India.

The resignations came as M. K. Gandhi, one of the party leaders, prepared to leave Wardha for New Delhi for a conference with the Viceroy, the Marquess of Linlithgow, whose statement earlier this month, announcing Dominion status for India would be considered only after the war had been concluded, precipitated the situation.

Provincial governors are taking over the duties abandoned by the elected ministers, appointing permanent officials to administer the various departments.

Tuesday Deadline, Licence Refunds; Next November 30

Tuesday was the deadline for motor vehicle owners to secure full refunds on 1939 licences.

A refund will also be given for plates turned in by November 30, the amount being reduced proportionately. Police, Victoria to obtain the refund.

Waxwing Difficult Cranbrook Student

CRANBROOK, B. C.—The high school here has a new student, a resident pupil who makes his home in the physics laboratory and neither reads nor writes. He is a tailless cedar waxwing picked up by a sympathetic scholar.

He is living in a cage until his tail grows luxuriant enough to make him airworthy and improve his defences.

He proved a difficult student. An insophisticate, he was unaccustomed to eating arrangements in the cage, and had to be taught. He flunked the first day on elementary water drinking. Simple explanation and advanced pantomime were of no avail. He was finally taught when his instructor dipped bread in a cup of water. He got the idea so thoroughly that he also bathes in the cup.

His most difficult lesson patience, he learned the hard way. The first night the claustrophobe in him became pronounced. His anxious custodians the following morning saw him groggy, head down, with a claw caught in the central hanging apparatus. He was brought around with legerdemain and kind words, a sadder but wiser bird.

Unemployed Get Books for Pupils

CRESTON, B.C.—The October meeting of Kootenay Unemployed Men's Association at Holy Cross Hall, Saturday afternoon, favored with the best attendance in the past three months, learned its attempt to secure school books had been successful. President J. E. Healey presided.

That the effort of the Committee, headed by Mr. Healey to see to it that all children in unemployed men's families were provided with the necessary school books, has been successful, was shown in a letter from S. J. Willis, Deputy Minister of Education, stating that school boards would provide them on application to the school principals.

The letter indicated books were available but the local association president strongly urged all those who had to have textbooks for their children work extra time to pay for them.

The committee had no success in its endeavor to have clothing provided for school children, neither was there anything whatever to report in the way of hope of getting clothing for adults as well as bedding, in return for extra days' labor.

One member stated help in the matter of clothing came from an official the Association did not know was attached to the Relief Department. His name could not be recalled so Secretary R. B. Henly will attempt to identify and communicate with him. Another member claimed that at Yahk there was a clothing allowance for adults.

The President reported for the Committee that had interviewed Road Superintendent Palmer on providing covers in the cold weather on the trucks transporting men to work. These covers have already been provided. The meeting was also advised that the shelter at the forks of the Arrow Creek Road for the comfort of some of the Arrow Creek children traveling by bus to Erickson school was under construction, but there was no word as to whether it was wholly, or in part, voluntary labor.

During the Summer the Federal authorities had purchased and arranged for the distribution of about 12 million pounds of butter to needy families across Canada. While at some points it had been distributed free through the medium of community organizations at Creston the system was to give one pound free with every purchase of an additional pound at a local store.

Everyone was anxious to know if the supply of free butter was exhausted and, if not, an attempt be made to have another shipment for the Creston District. The Secretary will communicate with Cranbrook in the matter and if it is learned the stock is not exhausted a request will be made for a duplicate supply.

U.S. Thanksgiving to Be Week Earlier

WASHINGTON, Oct. 31 (AP) — Proclaiming Thursday, Nov. 23, as a day of general thanksgiving, President Roosevelt asked today that thanks be offered "for the hope that lives within us" of the coming of an eventual world peace.

The proclamation designated the next to last Thursday instead of the last Thursday in the month as Thanksgiving Day in accordance with Mr. Roosevelt's decision to move up the holiday for business reasons. Some states, however, have decided to celebrated Nov. 30.

"As a nation we are deeply grateful that in a world of turmoil we are at peace with all countries, and we especially rejoice in the strengthened bonds of our friendship with other peoples of the Western hemisphere," Mr. Roosevelt said.

"Let us, on the day set aside for this purpose, give thanks to the Ruler of the Universe for the strength which has vouchsafed us to carry on our daily labors and for the hope that lives within us of the coming of a day when peace and the productive activities of peace shall reign on every continent."

Bioff Jailed for 60 Days on Two Charges

Pleading guilty to two driving charges Fred Bioff, Midway Doukhobor, chose to serve a total of 60 days in the Provincial Jail at Nelson rather than pay fines totalling $60, when he appeared before William Irvine, Stipendiary Magistrate, in Provincial Police Court Tuesday.

Bioff was sentenced to pay a fine of $10 or to serve a sentence of 30 days on one charge of failing to remain at the scene of an accident. On a second charge, of reckless driving, arising out of a collision with a car belonging to A. J. Crowe at South Slocan October 17, he was sentenced to pay a fine of $50 or to serve a sentence of an additional 30 days, to run consecutively with the first 30 days.

No one was hurt in the accident. Crowe's car was parked on the highway and Bioff struck it.

Crowe was fined $5 for parking on the highway.

ARCHBISHOP CANTERBURY CELEBRATES 75th YEAR

LONDON, Oct. 31 (CP Cable) — Most Rev. Cosmo Gordon Land, Archbishop of Canterbury and Primate of all England, today celebrated his 75th birthday.

Dr. Lang, 97th incumbent of the See of Canterbury, was born in the manse at Fyvie, Abardeenshire, in 1864, the son of Very Rev. Marshall Lang, one-time moderator of the Church of Scotland.

In a birthday message today, the primate declared the world was confronted by "satanic" force, adding:

"There are some among us who feel passionately that the use of countervailing force, with all its terrible consequences, is against the mind of Christ. I must respect their conscience, but I cannot doubt that the Christian citizen is fully justified in giving support and service to his country.

GERMANY'S DEMANDS FOR BULGARIA BASES SEEN

STOCKHOLM, Oct. 31 (CP-Havas)—A Soviet demand for air and naval bases in Bulgaria was predicted today by political circles in the Reich, according to the Berlin correspondent of the Svenska Dagbladet. The Russian claim will open a new phase of Russo-Italian rivalry in the Balkans, the dispatch said.

MONEY STOLEN FROM POLICE IS PROBLEM

PORT HOPE, Ont., Oct. 31 (CP).—Members of the town council will seek legal advice on the question of reimbursing Miss F. L. Dandie, Toronto, for the $80 belonging to her that was stolen from the Port Hope police office last summer, after it had ben found on the street and turned in to the police. Miss Dandie entered suit against the police of Port Hope for recovery of the money and her suit was dismissed.

FRIEND OF SPY CONFESSES THEFT

GENEVA, Oct. 31 (AP).—Reports leaking today from a closed courtroom where a pretty dancer is on trial as a spy were that her handsome friend, Roger Joel, confessed stealing models and copying designs from a Swiss arms factory for her.

The dancer, known in continental night clubs as "Nina" and whose real name is Virginia Rota, 35, smiled scorntully as Joel, one time draftsman in the arms factory, testified before five federal judges.

On trial with the dancer and Joel are Paul Rochat and his wife, charged with organizing an information service for an Italian Consul General under the dancer's orders.

Rochat was said to have denied receiving any money from the dancer, declaring that the information service was economic and in no way violated Swiss law.

BRITAIN ASKS FOR CONSUL IN TIRANA

ROME, Oct. 31 (AP)—Italy received a British request for authorization to establish a consulate general in Tirana, capital of Italian-occupied Albania. Great Britain, like most other nations, has been without a consular representative in Tirana since Italian troops marched in April 9.

Dies Requests Check Whether Witnesses' Rights Were Violated

WASHINGTON, Oct. 31 (AP) — The Dies Committee on Unamerican Activities adopted today a resolution requesting that William McCuiston, one of the witnesses sought by New Orleans police in connection with a slaying, be taken to the civil liberties section of the United States Department of Justice to find out whether his civil rights have been violated.

After McQuistion had testified before the committee for an hour and a half Chairman Martin Dies (Dem-Texas) called over to the witness table Lieutenant Horace Lineberg of the Unamerican Squad of the Metropolitan Police Department.

Dies asserted there had been an attempt to intimidate the witness and indicated his belief the arrangements for McCuiston's arrest had been made with the idea of discrediting his whole testimony.

Londonderry Says War Will End With Nazism

BELFAST, Oct. 31 (CP)— The Marquess of Londonderry, former Air Secretary and once known as one of Nazi Germany's staunchest friends, said in a speech today that the war cannot end until Nazi doctrine is wiped out.

"The war has been forced on Britain and her efforts to maintain peace have been misunderstood," he declared. "In Germany it has been supposed that British reluctance to fight was based on inability to do so.

"The conflict is not for the purpose of aggression or annexation of territory, but simply to establish once and for all the right of free communities to exist—a theory that has been assailed for the past six years by Nazi ideology emanating from Hitler."

Nazi Reconnaissance Plane Is Shot Down

With The Royal Air Force in France, Oct. 31, (AP)—Death kept the secret of the location of one of the Royal Air Force airdromes from German observers today when a British fighter sent an enemy reconnaissance machine hurtling to the earth behind the Maginot line.

Hit by hundreds of British bullets, the German machine crashed into the ground with its engine still roaring at full throttle. The plane plunged its crew of three into a nine-foot deep crater in the earth and its petrol tanks exploded with a deafening report.

McGrath Honored Cranbrook Smoker

CRANBROOK, B. C.— Arnold McGrath, recently elected Member of the Legislative Assembly for Cranbrook riding, was guest of honor recently when the Junior Chamber of Commerce of which he is President, held a smoker in the Cranbrook Hotel dining room.

Jack Munroe, Vice-President, was Chairman and proposed a toast to the guest of honor. Congratulations were extended to him. Brief speeches were made by Mr. McGrath, Don Brewster of Fernie, and Eric MacKinnon.

O. C. Redpath also spoke briefly, asking for support from the organization for a hockey season in Cranbrook.

A sing song with everyone taking part, and solos by J. S. Manson and Jim Sims, accompanied by T. S. Beynon rounded out the pleasantly informal program.

PRESS FEATURES ITALIAN SHUFFLE

LONDON, Oct. 31 (CP Cable).—London newspapers featured the Italian cabinet shuffle with six-inch type on their billboards today: "Mussolini sacks pro-Germans."

But official reaction was more restrained. Mussolini's sudden purge was called another stage in Italy's tendency towards confirmed neutrality and political independence.

Taken with Italy's Non-Aggression Pact with Greece, Premier Mussolini's action in doubling the strength of the moderates in the cabinet was regarded as likely to improve the atmosphere throughout the Balkan bloc.

Germany continued to enjoy certain trade privileges out of Northern Italy, but Britain never has been alarmed at the volume of trade passing over the German-Italian border. The British and French navies have been keeping a close watch on Italian ports for German-bound goods.

Italy's pact with Greece strengthens the Anglo-French military pledge to Greece and, with the Anglo-French-Turkish treaty, should act as a further solidifying agency in the Balkans.

FRENCH PEASANT GETS FIRST BRITISH BULLET

With the British Expeditionary Force in France, Oct. 31 (CP-Reuters)—The first man wounded by a British bullet on the Western Front is a French peasant. He failed to stop when challenged by a British sentry as he was pushing a barrow across a field after dark. Making no reply, he went slowly on his way. The sentry fired. The peasant dropped.

The Reuters correspondent saw him in a French military hospital. He was lying on a hospital trolley on his way to the operating table. His left arm was ripped open by the shot from the sentry's rifle.

ay Nothing Till You Have Facts

By GARRY C. MYERS Ph.D.

A letter from a mother says in rt: "This is a letter of thanks from happy mother. I have been writ- to you at intervals for the past ur years, and you have given me uch help in raising my young an, almost five years old. Now ere is something else I have anted to ask you about. My boy s started fibbing about things hich really have no importance. r instance, this morning he came me with a flower he had picked. started to explain that he hadn't ked the flower but wasn't it tty; it was for me. But I had en him pick it. What should I do a case like this? I passed it off at I knew that he had picked it d was just teasing, telling me he dn't, and no more was said. But ch has happened often lately and don't know just what is best to

"P. S.—Dr. Myers, your plan of tting the cooperation of the older ildren, who are inclined to be llies, by a little diplomatic brib- y (which they don't recognize as ribery) has worked like a charm ith the children around here.

O NEED TO WORRY

My reply to her: It certainly is eartening to me to learn that some f my humble efforts have been elpful. Because you have had so any successes with that lad and ultivated so fine a relationship ith him, I am sure you need have o worry about the fibbing prob- m. You handled the case of the ower well. Next time you have a milar case, in which you have all e facts, say to him: "I wish you ould tell me only what really appened so I can always know hether it happened or not. It might ix me up and cause me a lot of rouble if you told me something st for fun that wasn't so. You now you would be mixed up, o, if you could not always count n what Daddy and I tell you."

But in the event that you suspect is child is fibbing but don't have he facts, say nothing, do nothing. ever try to corner him and make im confess, since there is no bet- r way to train a child to lie. So eal with him that he will see for imself that in his family every- ody can count on everybody else, nce everyone there loves everyone lse. Such can come to the child as he air he breathes, and usually ithout any explanation.

Natal-Michel Women Register

NATAL, B. C.—Like other loyal women throughout the Dominion, Natal-Michel women are registering in the Voluntary Registration of Women. Registration is at present in the Legion Hall at Michel and the Fisher's show-room at Natal.

Booths were open at Michel on Thursday and Friday and at Natal Saturday. Some 50 women from both towns registered. Additional names will continue to come in it is expected.

Plans are also underway to form a branch of the Canadian Red Cross Society at Natal-Michel. A meeting is to be held shortly. It is expected that the citizens throughout Natal and Michel will back up this movement and will give support to make the Red Cross Society in Natal-Michel a success.

Robson Drama Society Mixes Music, Comedy for Splendid Evening

ROBSON, B. C. — Robson Amateur Dramatic Society gave their first entertainment of the season in th Robson hall, the program consisting of a piano solo by Miss Jean Sommers of Castlegar, comic Scotch songs by Leslie Crauturd of Nelson, a piano solo by Miss Beverly Wells of Castlegar and a vocal solo by Miss June Hartman, accompanied at the piano by Mrs. Hartman, both of Trail.

The Robson Happy Go Lucky Club dramatized two songs, "The Old Spinning Wheel' and "The Beer Barrel Polka", Miss Margaret Miller taking the solo part and Mrs. D. Magee being at the piano. There followed a mouth organ solo by Rex Thorp and a piano solo by Carl Goresky of Castlegar, a piano duet by Miss Jean Sommers and Miss Ruth Sommers, violin solos by Rudolph Hartman accompanied by Mrs. Hartman, piano solos by Pamela Hartman also a song and dance by the Miss June and Pamela Hartman, and two piano solos by Mrs. D. Shea of Castlegar.

Of much interest was a one act comedy, "Quiet Please," directed by Mrs. R. T. Waldie. Two old batchelors "Jeff" and "Judd", who hadn't spoken in ten years, were played by Dick Gibson and Bert Lamb. Miss Helen Magee played "Catherine Philips" whose car broke down outside the batchelors' shack and who succeeded in getting the brothers to forget their trouble, though the new friendship didn't last long. Rev. Mr. Andrews was played by J. W. Walker, whose efforts to bring about a reconciliation were fruitless as were those of the Sunnyville Christian Society, who included Mrs. D. Magee, Miss Margaret Miller and Miss Betty Humphries.

W. R. Campbell, President of the Society, was Chairman, and the entertainment committee consisted of Miss Diana Whellams, Miss Phyllis Benson and Mrs. D. Magee.

Refreshments were served. Dancing was enjoyed to music supplied by Mrs. Magee and E. B. Lundy.

Posture . . .

Figure Moulded In Early Years

By DONNA GRACE

"Mama, will I be a pretty lady like you? I want to wear corsets like you do, mama." This baby lisping comes from the future debutante and her feminine love of beauty is expressed at the early age of four. After that she will be conscious of her charms and will be quick to make comparisons.

Many of these healthy little children are inclined to be fat and well rounded for their age. While their diet should be carefully ordered, the family will seldom advocate restricted diets for them. They are growing and need all the food variety for proper development. They must have this balanced variety, but the amounts can be curtailed.

There is, however, a way to trim the baby figure and encourage correct development of lines as well as posture. It comes from training of the mind and body simultaneously.

All children should be trained to know good posture. When they learn in their baby years, they will never adopt the awkward ways which call for tedious training later on. The course begins with stress on correct breathing. This, will make all other work just a matter of concentration.

Young pupils are shown the beauty of fine posture and are eager to follow instructions. When they stand with the abdomens pushed forward, as so many youngsters do, the instructor gives a command and instantly every little back is straightened. Knees are held firm and straight and the abdomen pulled in. To impress this movement on their minds, they are told to place their hands on the abdomen, so that they can feel the pulling-in movement.

Their deep breathing is kept in mind at all times. They are taught to exhale, so the lungs can take in "nice, clean fresh air". The advanced classes sometimes work with the accompaniment of music, as all movements must be rhythmic and deliberate.

SERIAL STORY . . . By Elliott Fillion

Shadow Over Hill House

SYNOPSIS

Guests at Hill House, a New England Summer resort, are amazed when Dr. Paul Rutherford tells them that his mother has been poisoned by a small drink of whiskey he thinks was intended for him. Among them are Sally Gordon, spending her first vacation there; her close friends, Rhoda and her fiance, Duncan; Dr. Paul's sister, Pauline; Coral Easton, Bruce Orton, Joseph Barry and Dr. Neal Peake and Josie Peake, children of Mrs. Peake, the proprietor. There has been some talk about "the spite fence," erected by Mrs. Peake's estranged sister, Miss Ivy Newcomb, near Hill House, and a recent prowler heard by some of the guests. Dr. Paul and Dr. Neal try discover who poisoned the whiskey. Meanwhile, just as she retires, Sally hears furtive footsteps overhead. Sally wins Neal's admiration by making friends with his huge dog, Tinker. Later Josie is amazed ot find that someone has ransacked her room. Still baffled over the prowler, the poisoned whiskey and the ransacked room, most of the guests start for the beach. Then Josie has an altercation with her brother, Neal, over her friendship with Alan Murray, whose mother is Miss Ivy's best friend.

CHAPTER ELEVEN

With the words: "It isn't his fault if his mother is Miss Ivy's best friend," Josie tucked her hand under my arm, and we walked along to the beach wagon together. Rhoda and Dunc were just ahead of us. Whether Josie would have said anything to me then if we had been alone, I do not know.

Her face was like a thundercloud. And when Neal, with Coral and Barry joined us, he, too, looked mad enough ot chew tacks.

We piled into the beach wagon and Neal started the motor. As he let out his clutch and the car began to move, Coral gave a little squeal.

"Oh, Neal," she admonished him, "you've forgotten Bruce."

Neal grunted, but applied his brake. "He knows what time we start back." His tone was irritable. "Where is he?"

"I'll find him." Barry obligingly scrambled out and went back to the beach.

"What's the matter with my boy?" cooed Coral in a voice plainly audible to us all.

Neal looked at her. I thought he wasn't in the mood for her cajoling. His gaze went back to the steering wheel, but Coral was not content to let well enough alone. I believe now that the object was to foster trouble between Neal and his sister, though then I thought it just her catty desire to flaunt her influence over him. If the last is true, she received the surprise of her life.

"I saw you talking to that Alan Murray," she said spitefully over her shoulder to Josie. "I shouldn't think you would do such a thing when you know how worried it makes—"

"Coral!" Neal turned savagely upon her. "Josie and I can settle our difficulties without interference from anyone."

I gasped at tone and words. The last I thought an intimation to me not to try any placating as I had before.

"Neal!" Coral's tone was of outraged dignity. "You needn't speak to me like that. I won't stand it." If she thought to intimidate Neal, she was mistaken.

"You heard what I said," he returned curtly. "I mean it."

Her face went red then white with rage. She moved over to the extremity of the seat as though to show Neal just how offended she was, but he ignored her gesture.

My own idea is that he was about fed up; that her hold on him was a precarious one which was wearing thin under her own actions and words.

Barry and Orton came racing across the platform to us. Barry was puffing like a tortoise. Orton loped along as easily as Neal or Duncan might have done. They piled in and Orton said:

"I'm awfully sorry to hold up the works, Neal. I met a fellow I know and in talking to him forgot to watch the time."

"Oke," said Neal. "Forget it."

Not another word was spoken until we reached Hill House. Intuitively Barry and Orton must have known there was friction.

When we reached the inn we went directly to the tiny house equipped with showers and dressing cubicles which Mrs. Peake had arranged for bathers. I was looking around admiringly when I heard Josie say:

"Coral Easton, I've stood all the interference and insinuations from you that I intend to. Neal told you just now that we are perfectly capable of settling any difficulty we may have without any of your help. I tell you the same; and more than that, the very next time you stick your nose into what is none of your business, that day you, bag and baggage, leave Hill House. Do you understand that?"

Josie was standing squarely in front of Coral. Ruthless determination was on her face and in her voice, though she was shaking as though in the tremors of a severe chill. I was sure it was anger rather than cold which so affected her, and I wondered if tears, the usual accompaniment of such a strain, would follow.

Coral glared at her in return.

"The very idea of your daring to speak to me like this," she declaimed dramatically. "And as for my leaving Hill House, I think Neal will have something to say about that."

"Neal has nothing to do with whoever stays at Hill House or goes," retorted Josie, "and for your information, if you're contemplating marrying him, I'll tell you that he never will have you."

Coral's face changed.

"What do you mean?" she gasped.

"You heard me." Josie, with scornful expression, turned away. "Just remember it. Every word is the truth." With that she walked into one of the cubicles and firmly closed the door.

When I was dressed, I called to her:

"I'm going to my room, Josie. As soon as you're ready come for me."

"I will, thanks." Her voice was as blithe and gay as though she had not just been engaged in battle with a woman she detested. There was stronger stuff in Josie than I had thought.

I went to my room and sat down by the window. The fog was as thick as ever. I could only see a few yards from my window, but I wasn't interested in the view. I wanted to ponder the past few hours, try to bring a semblance of order into my own thoughts.

Who was Alan Murray? I didn't know. Rhoda did, but from her few words I couldn't glean any information. From Josie's angry retort to Neal, I did gather two things. First; Josie liked Alan Murray and Neal didn't. Second; Alan's mother was a friend of Miss Ivy Newcomb's.

I wondered if it were solely for the last reason that Neal so hotly pursued Josie up the beach. It didn't seem to me quite the thing a modern young physician would do, down thumbs on a young fellow merely because the other's mother was the friend of a spiteful old woman. A woman, moreover, who was a blood relation to the doctor's stepmother.

I had gone just that far when I was interrupted. "Hey-oh, Sally," called Josie's voice. "Are you ready?"

I sprang up and went to the door. "I certainly am," I answered heartily. "Lead the way."

"Lunch is ready," she said. "We'll have that first."

Josie didn't seem to have much appetite, but I ate enough for two, and so anxious was I to get to Josie's room that I'm afraid I actually gobbled.

In a very short time we were crossing the lounge, going up the stairs to Josie's room. Once there, she looked disdainfully around. Her eyes still glowed mutinously, her lips held their angry pout.

"Sit down, Sally." She threw herself into a chair as she spoke. "Let's forget this mess for a while. I want to talk."

"Go ahead," I said, "I'll be glad to listen. I can work while you talk."

I went down and picked up a handful of papers. They were story manuscripts. I could see that at a glance. "Where the Poppies Bloom". "Cupid's Circus". Title after title sprang to my eyes. I laid each name by itself on the desk. Soon my handful of papers was sorted and I picked up another.

Josie watched me. In a short while I had cleared a space around the desk. There, as new titles appeared, I started new piles.

"They're no good!" Josie spoke so sharply that I started. "No good at all. I've tried and tried. I can't write one good enough to be accepted. I think I'll give it up. I can always run a hotel after the training I've had here." Her voice was bitter.

I straightened up from the papers. "How old are you, Josie?" I demanded.

"Twenty-three."

"And you talk of quitting at that age." I said contemptuously. "I'm only two years older than you and I've earned my own living since I was 18. You have a comfortable home, a mother, a brother. And you talk of giving up, because you've tried a few times and failed."

"A few times! There are 37 stories there, and I've sent them out again and again."

"It seems to me," I mused aloud, "that I have heard of would-be writers who struggled and went hungry to buy paper to write on and postage to send their stories out. They worked years until the things they wrote were so good no editor could turn them down. If you've failed on 37, write the 38th or the 138th and succeed."

I slyly watched her face while I continued sorting papers. I mustn't say any more on that line, I decided. When I thought she had digested my words, I asked:

"What do you want to tell me?"

Her face changed. "Sally, I need a friend."

"You have her," I announced crisply. "Go on from there."

Friendliness . . .

Popularity Is Gained at Price

By CAROLINE CHATFIELD

Thumbing through a volume on a friend's table the other day, my eye fell on a chapter headed "Do you wish to be popular?" Everybody at some time has the vagrant wish to be popular but few there be that can hold it and follow through with the determination to put over the program. And I'm not so sure that it is a laudable ambition anyhow.

Nowadays the shop psychologists lay out the prettiest sort of patterns for the yearners after popularity. They make your mouth water thinking about the progress you are going to make by nightfall of the first day's experiment. But the truth is that most really worthwhile people are too busy to be bothered with us and too smart to be taken in by us when we are embarked on the campaign for personal popularity.

We needn't kid ourselves: it's the hardest work in the world. Even when we are blessed with pleasant personalities, enviable positions and memories so good that we never forget anyone's name, it's hard work to make all the people like us all of the time.

To get this glory by the tail, we have to throttle every prejudice we've inherited and acquired; for every time we give expression to the tiniest prejudice we tread on somebody's tender toes. We have to master the art of the compliment: subtle and bald-faced. We have to cultivate a tact that tells us when to shoot the one and when the other.

We have to spread sweetness and light, pour on the soothing syrup of flattery even when we want to tar and feather or deliver a good swift kick in the pants. Although inside we may feel like cutthroats, we must keep the pleasant and propitiary smile on our lips. We cannot enjoy the privilege of coming right out and saying what we think if the fellow who's spoken first has expressed views contrary to our own—that is unles we tone down our disagreeing views, butter our words and soft soap the other fellow.

None of which is to say that life is worth living unless we learn to get along amicably with our fellow travelers through this world of woe. It isn't. The less friction we have with friends and foes (if any) the smoother the passage. The more friends we make and keep, the happier the journey.

"He who has a thousand friends has not a friend to spare.

And he who has one enemy will meet him everywhere."

Incidentally wise Solomon's recipe for making friend's hasn't been bettered: "He who would have friends must show himself friendly," and certainly we can't follow that recipe without being forthright and sincere. We can't follow it without being unselfish, without thinking more of what we are giving in friendliness than in what we are getting in personal popularity.

Woman Juror Changes Mind on Verdict, Now Validity Is Questioned

CHICAGO, Oct. 31 (AP).—It's a woman's prerogative to change her mind—or is it?

The validity of a Federal Court verdict involving $70,000 hinges on that question.

Mrs. Katherine Merrifield, wife of a Northwestern University professor, raised the issue yesterday by renouncing the verdict she had signed as a juror.

When Mrs. Merrifield was reached in the routine poll of jurors she astounded the court by saying:

"That was not and is not my verdict. I signed through cowardice. I submitted to the will of the majority. I realized now that I shouldn't have signed the verdict."

Judge Michael Igoe refrained from entering the verdict, declaring that a question had been raised as to whether a legal verdict had been returned. He ordered arguments within 10 days.

The case involved a bequest of $70,000 to Northwestern University from the late Samuel J. Howe, a Wheaton, Ill., attorney. The will was contested by Howe's son, Willard Howe of New York who inherited none of the estate. The verdict set aside the will.

Figure Out Your Caloric Needs

By LOGAN CLENDENING, M. D.

Many letters to this department inquire about the number of calories in various food products—sometimes common foods, sometimes unusual ones. For general information, therefore, we present this list of foods, measured in ordinary household amounts.

But, first, as to caloric needs: If you stay indoors and take little or no exercise, your caloric needs are represented by the results of multiplying your ideal weight by 15. With light exercise, multiply by 18. With brisk exercise, multiply by 20. With active exercise or hard manual labor, multiply by 25.

Calories in common vegetables:

65 Asparagus, canned, 10 stalks 5½ inches.
150 Baked beans, ½ cup.
100 Lima beans, ½ cup.
40 Beets, sliced, fresh, ½ cup.

25 Turnips, ½ cup.

Calories in fruits:

100 Rhubarb, stewed with sugar, ½ cup.
200 Apple, baked with 2 tablespoons sugar.
100 Banana, average size.
75 Cantaloupe, half average size.
5 Cherries, 1 fresh one.
100 Dates, 4 unpitted.
100 Grapes, small bunch.
40 Grapefruit, ½ medium.
40 Peach, fresh, 1 medium.
60 Pear, 1 fresh, medium.
100 Pineapple, canned, 1 slice with juice.
80 Prunes, 1 stewed and sweetened with juice.
45 Strawberries, fresh, ½ cup, no sugar or cream.

Calories in meats and diary products:

100 Bacon, 5 small slices.
100 Beef, corned, average helping.
275 Beef steak, average helping.
150 Beef roast, lean, average helping.
175 Chicken, roast, average helping.
100 Frankfurter, 1.
200 Ham, boiled, average helping.
100 Lamb chop, 1, lean meat only.
200 Pork chop, 1 average, lean meat only.
50 Sardines, 2, 3 inches long.
250 Turkey, average helping.
200 Veal, roast, average helping.
100 Butter, average restaurant square.
100 Cottage cheese, average serving.
75 Milk, sweetened condensed, 1 tablespoon.
80 Buttermilk, 1 glass.
160 Milk, whole, 1 glass.
85 Milk, skim, 1 glass.

Calories in beverages:

ROCHESTER, N.Y., Oct. 31 (AP). —Mrs. Alice F. Hale, 41, a grandmother and mother of 10 children, is driving a taxicab eight hours a day, replacing her husband, who obtained another job.

The family budget requires the income from the taxicab, she explained, because four of the 10 children are still in school.

SOUR CREAM CHOCOLATE CAKE

Ingredients: One-half cup butter or other shortening, one cup sugar, one unbeaten egg, one-half cup heavy sour cream, one-half cup milk, two cups sifted cake flour, three-fourths teaspoon soda, one-fourth teaspoon salt, one and one-half teaspoons baking powder, two squares of unsweetened chocolate, melted, and one teaspoon vanilla.

Cream shortening, add sugar, creaming in well, then melted chocolate, then egg. Beat well, and add vanilla; then cream and milk alternately with flour which has been sifted with soda, baking powder and salt. Bake for 25 minutes or until done in 350 degree F. oven.

By ALICE LYNN BARRY

Many a man considers breakfast the best of all meals. But with a time table in one hand, and his hat in the other, he usually must content himself with just a coffee bracer. But Sunday is a day when you can serve a marvelous breakfast, a hearty meal which will consider especially the poor neglected male.

SCRAPPLE

Get some lean pork on the bone, some powdered sage, salt, pepper and corn meal.

Boil the pork until it is tender enough to be easily removed from the bone. Remove fat from meat and grind meat very fine. Cool the broth; skim off fat and remove bone. For each quart of broth allow one cup of corn meal. Cook this combination to a mush and add the meat and sage with salt and pepper to taste.

Mold in a bread pan or loaf cake pan. Fry for breakfast or any other meal. It keeps well in the refrigerator and is especially delicious with fried apples cooked with sugar and cinnamon.

FISH HASH

Use any kind of boiled fish. Flake fish, add a chopped onion, about four or five slices of bacon cut fine, a bit of parsley, salt, pepper and a little thyme. Put all in a heated frying pan and let brown. If preferred, a few diced cooked potatoes can be added.

APPLE MUFFINS

The recipe calls for two cups of flour, one-fourth teaspoon of salt, four teaspoons double-acting baking powder, four tablespoons of sugar, apple slices, two pounds of butter or other shortening, one cup chopped apple, one-half cup milk, two eggs, cinnamon, these amounts making 12 muffins.

Sift the flour, salt, baking powder and half the sugar together. Cut in butter or shortening with two knives, then add the chopped apples. Beat the eggs well and add the milk, then gradually add to the flour mixture.

Drop in greased muffin pans. Place a slice of apple on each muffin and sprinkle with the rest of the sugar. Add a liberal dusting of cinnamon to each and bake in a hot oven (400 degrees F.) from 20 to 25 minutes.

SYDNEY, Australia (CP).—Kissing in public does not constitute offensive behavior, the Magistrate of the Central Police Court ruled here. His decision arose when a young couple, found kissing in the doorway of a wine saloon, were arrested by the policeman on duty.

Says Purity Maid, "On Baking Day
"I'm always so happy my work seems play.
"Try Purity Flour; you'll find it a treasure.
"Your Baking Day, too, will become a pleasure."

PURITY MAID SAYS:

"My kitchen is the brightest and most homey room in the house—especially on Baking Day. But the joy of Baking Day comes in the expectation of SUCCESS. And there's where Purity Flour comes in. If you use Purity Flour for all your baking you'll be sure of success whether it be cakes, pies and pastry, biscuits, cookies, or bread. It's an all-purpose flour, remember—just as good for cakes and pies as for bread and biscuits.

DOUGHNUTS

2 eggs
1 cup white sugar (About) 2½ cups Purity Flour
1 teaspoon soda
1 teaspoon cream of tartar
¼ teaspoon salt
1 cup sour cream

METHOD—Beat eggs; add sugar, fill cup with soda, cream of tartar and salt and add alternately, with sour cream, to first mixture. (Do not make dough too stiff.) Turn out on slightly floured board. Roll to ¼-inch thickness, cut with doughnut cutter and fry in deep, boiling fat until golden brown, turning once in the process. Drain on brown paper.

Hope for Successful Outcome of War, In Unity, Is Seen by Hamber

VICTORIA, Oct. 31 (CP)—Because the British Empire is "united and determined in cooperation with our faithful allies," British Columbians can "hope for a successful outcome" of the war against Germany, the British Columbia Legislature was told today in the speech from the throne read by Lieutenant-Governor Eric W. Hamber at its opening session.

The speech forcast Legislation to provide funds for drilling of oil wells by the Government in the Peace River District, but said that other than some other "essential measures," the Government of Premier T. D. Pattulloo will not submit any extensive legislative program.

When Canada, through its Parliament, declared war against Germany, the British Columbia Government offered its cooperation to the "very fullest extent" with Dominion authorities in prosecution of the war to a successful conclusion.

VICTORY NECESSARY

"That the Allied powers shall be successful is not only necessary to their future existence as nations but upon that success depends also the freedom and liberty of the peoples of other nations, now living in constant fear and dread of conquest or actually suffering under the weight of ruthless oppression," the throne speech said.

"It is very gratifying to know that individuals, welfare and economic organizations, corporations and public bodies have so patriotically and unanimously volunteered their services in the prosecution of the war and, with a united and determined Empire in cooperation with our faithful Allies we can hope for a successful outcome."

The throne speech said that the visit to Canada of King George and Queen Elizabeth this year "emphasized anew the deep affection of the people of Canada for the Crown and the Motherland."

Their Majesties, by their simply sincerity, their sympathy and their personal charm, "completely won the hearts of our people."

British Columbia's exhibit at the San Francisco Exposition attracted attention and praise of all who saw it. More than 1,000,000 persons visited the display.

Of oil drilling in the Peace River area, the speech said:

"For the past two years, geological examinations have been made in the Peace River area for the purpose of determining the possibility of the existence of oil-bearing zones. These examinations, which had their inception some 20 years ago, have resulted in favorable indications, and you will be asked to make an appropriation to enable drilling operations to be carried on next year."

War conditions make necessary conservation of British Columbia's resources, "to the fullest extent," the speech said, but "every effort will be made to maintain all essential services at as high efficiency as possible."

Nelson Building Is $140,190 With 26 Permits October; Month Total $14,266

9 New Residential Places Being Built

Building in Nelson reached $140,190 to date during October as 26 building permits, totalling $14,266, were issued at the City Engineer's office. This corresponded to a season's total of $171,833 and a month's total of $30,731 in October of 1938.

Nine of the permits were for new residential buildings, including three garages and a woodshed. Total of these nine was $10,135. They included a four-room house on High Street for Rhos A. Dyke, to cost $1850; a five-room bungalow on Fifth Street for Mrs. Gretchen H. Gibson, to cost $2000; a new store and dwelling being constructed by Paul Aspen on Innes Street, costing $1650; a new house for Mrs. E. E. French on Third Street to cost $3000; a new house with a show room for Mac's Greenhouses, Front Street, to cost $1200; a new garage for W. E. Marquis, Third Street, to cost $100; a new woodshed for P. J. Sheron, 718 Baker Street, to cost $25; a new garage, being constructed by Laurence Simpson, 606 Fourth Street, to cost $175; and a new garage being constructed by T. Hulls, Silica Street, to cost $135. Thirteen permits were issued for repairs, alterations or additions to residences. They totalled $2731.

Four permits were for alterations, repairs or additions to commercial places, the largest of which was a permit for $1000 for the Shell Oil Company of British Columbia Ltd. to build a concrete wall to enclose four big tanks, and some other work at the plant.

Nine electrical and 12 plumbing permits were issued. Included in the electrical permits were four new services, alteration of two metres, two other alterations, installation of a range and two hot water heaters.

Included in the plumbing permits were those for five new services, four alterations, three additions and one extension.

The nine electrical permits brought the season's total to 128. This compared with 24 during the month and a season total of 156 last year. The 12 plumbing permits brought the year's total to 91. This compared with 20 permits issued in the month, and a season's total of 88 in 1938.

COUNCIL ASSURES HARROD WILL NOT GO ON PROPERTY UNLESS HAVE PERMISSION

Claim that the City had encroached on his wife's property in cutting a survey line for a sewer in the vicinity of Morgan and Selwyn Streets, and had damaged the property by cutting out a clump of maples, was made by A. W. Harrod of Trail when he waited on the City Council Tuesday night. He asked for definite information as a result of the Engineer, H. D. Dawson, denying that he had encroached on private property.

Mr. Dawson explained that in making his survey he obtained permission from the lady residing in a nearby house to go over this land. He regretted that the maples were cut, but they appeared to be only a clump of wild brush, he said.

The Council assured Mr. Harrod it had no intention of going on the property without obtaining permission.

Purchase Loudspeaker System Civic Centre Hall Is Authorized

Purchase of a loudspeaker system, to cost $211, for badminton hall at the Civic Centre, was authorized by the City Council Tuesday night when Mr. McLennan, representing the Northern Electric Company Ltd., explained that the price did not represent an advance over a previous quotation, but rather was lower when all figures were consolidated. Installation would bring the cost to $286, it was estimated.

SEWER EXTENSION SERVE BALDING RESIDENCE IS APPROVED, CITY COUNCIL

Installation of 120 feet of six-inch sewer, to provide service for which application was made by J. Balding, was authorized by the City Council Tuesday night. Cost was estimated at $220. Possibility of three more houses being built on adjoining lots was mentioned by H. D. Dawson, City Engineer, in reporting Mr. Balding's application.

Kootenay Music Festival Carries on; Nelson Executive Schedules 5 Days

Whether the Vancouver and Victoria Music Festival organizations adhere to their announced intentions to suspend operations, or change their minds and carry on next year as usual, the Kootenay Music Festival will keep its usual date with the public in 1940, the executive of the Nelson Music Festival Association has decided. It is Nelson's turn to have the Festival, in the alternating arrangement with Trail.

This action was taken at an executive meeting presided over by President A. J. Cornish, when the organization had before it a bulletin from George S. Mathieson, Dominion Secretary, advising of the appeal being made to the Coast and Island bodies to maintain their Festivals, and giving dates for the Western Festivals on the basis of Vancouver and Victoria being absent.

For the first time, the Kootenay Music Festival will be scheduled for five days, the Nelson Music Festival Association deciding last Summer that the volume of entries, based on recent years, needed such a spread. Application was made to the Dominion body for such dates, and the schedule just issued awards Nelson the dates April 16 to 20, from Tuesday to Saturday inclusive, which have been accepted. If the entries should not come up to expectations, there will be opportunity in making up the program to condense to four days.

John Goss of London, England, will be the adjudicator for the Kootenay Festival.

Preparation of the syllabus is now in hand, by the Syllabus Committee headed by Ross Fleming.

SCHEDULE PROPOSED

Following is the tentative schedule for Festivals on the main chain:

Quebec (Montreal) Wednesday March 6 to Saturday March 16.

Manitoba (Winnipeg) Monday April 1 to Saturday April 13.

Nanaimo Tuesday April 16 to Saturday April 20.

Nelson Tuesday April 16 to Saturday April 20.

Kelowna Tuesday April 16 to Thursday April 18.

Alberta (Lethbridge) Tuesday April 23 to Saturday April 27.

Brandon Tuesday April 23 to Saturday April 27.

Saskatchewan (Regina and Saskatoon) Monday April 29 to Saturday May 4.

Stratford, Ont., Thursday May 9 to Saturday May 18.

Northwestern Ontario (Fort William) Tuesday May 14 to Saturday May 18.

Rossland Social . .

ROSSLAND, B. C., Oct. 31 — Mr. and Mrs. Oswald Bisson leave on Wednesday to spend the Winter at Vancouver. Mr. Bisson is convalescing from his recent serious illness.

Mrs. John R. Lang and Mrs. Stephen Reid and small daughter, left Tuesday evening for Calgary to join Mr. Lang and Mr. Reid, members of the 109th Battery, R.C.A., who are in training there.

Mr. and Mrs. Bruce Irvin, who were at the Kent-Meister nuptials at Kimberley Sunday returned to Rossland Monday and, accompanied by William Kambic, of Trail, and Angus MacLeod of Rossland, continued through to Nicholson Creek to spend a few days hunting.

Miss Margaret Meister only daughter of Frederick Meister and the late Mrs. Meister of Kimberley, became the bride of George Kent of Rossland at a pretty noon wedding, held in the Anglican Church at Kimberley Sunday. The bride was attired in a Royal blue velvet afternoon frock with wine accessories. Mrs. Bruce Irvin, of Rossland, as attendant, had chosen an afternoon frock of burgundy, with green accessories. Bruce Irvin, of Rossland, was best man. After a week's honeymoon spent in Spokane and Vancouver, Mr. and Mrs. Kent will take up residence at the Irvin Hotel Annex, Rossland.

J. H. Beley visited Nelson Monday.

Mr. and Mrs. George Brown have taken up residence on Coronation Heights in the home formerly occupied by Mr. and Mrs. A. J. Lonsbury. Mr. Brown returned, last week, from Toronto, where he has been studying mechanics during the Summer months.

A businesss meeting of the St. George's Woman's Auxiliary took place at the home of Mrs. Elizabeth Jewell Tuesday afternoon. Members attending included Mrs. J. A. Butcher, Mrs. Arthur Slater, Mrs. B. G. Lees, Mrs. S. E. Thomas, Mrs. D. S. Catchpole, Mrs. Thomas Tongue, Mrs. Ralph Berry, Mrs. F. A. Newell, Mrs. Annie Churches, Mrs. Thomas Moorcroft, Mrs. Mark Storie and Mrs. S. E. Wilson.

Robert Craig won a luncheon cloth donated by the Hospital Auxiliary, at the annual Hospital dance Friday.

John Irvin has returned to the Alpine Mine, Nelson, after visiting his parents, Mr. and Mrs. Samuel Irvin, here.

Mr. and Mrs. Milan Purcello of Bralorne, who have been visiting the Interior on their honeymoon, have returned to Rossland to reside during the Winter.

The Women's Friendly Circle of St. Andrew's United Church met in monthly session in the church rooms Tuesday afternoon. Mrs. C. H. Daly, a member before taking up residence in Lillooet three years ago, was welcomed back to the circle. Rev. C. H. Daly, and Rev. W. M. Cameron spoke during the afternoon. A "White Elephant" sale was also held, followed by refreshments. The committee in charge were Mrs. Robert Donaldson, Mrs. Thomas Fisher and Mrs. Cyril Evans.

PACIFIST RESPONSIBILITY

Recent action of the responsible leadership of the United Church of Canada in repudiating the manifesto of a large group of Ontario ministers of that denomination which by implication held Britain war-guilty, cleared up a situation in which the United Church ministry was much misrepresented. Use of the word "deplore", in scoring the action of the group, was thoroughly justified, the average Canadian would say, and there is now no equivocation about this great Church's position. The robust declaration completely cleared the Church's skirts.

The pathetic reasoning of the Ontario group, who were prepared to use moral suasion on Hitler, resembles in its quality the dependence Lloyd George puts on Stalin, whose peace mediation he urges on Chamberlain. That this weak attitude—under no circumstances, war—has directly contributed to bringing on war, is the opinion of the Toronto Telegram, which makes the following comment on the action of the repudiated ministers:

"PACIFISM PRODUCED WAR AND MAY POSTPONE PEACE.

"Declaring that they do not approve of the war, 75 ministers of the United Church have put themselves on record as holding that it is better to suffer any extremity of tyranny than to fight. In the statement that 'war is contrary to the mind of Christ,' they condemn all wars, past, present and future. We point this out because, inexcusably in clergymen seeking to spread the truth, they leave their position slightly ambiguous. If the interpretation is not correct, a clear and unequivocal statement of their position should be made.

"Their attitude toward war is an affair of conscience, with which it is useless to reason. Their views on the way to procure peace are a product of the mind, and it is proper to point out that they betray a pathetic inability to see what is happening in the world. The ministers will implore the United Church of Canada to start an international crusade for peace which will 'focus attention on the type of peace for which we are striving.' That is their proposed remedy for the world's ills.

"It is enough to induce despair of human reason. A crusade of the United Church could no more procure peace than a mosquito could stop a typhoon. The notion that it would move Hitler is too naive for intelligent entertainment and the notion that surrender to Hitler would help the cause of Christianity is purely ludicrous. There can be no peace as long as ruthless and powerful men are resolved to conquer and other men are resolved to be free. To that the pacifist clergymen may as well reconcile their minds.

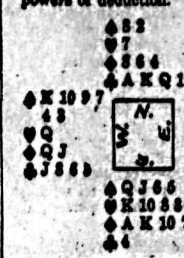
"If their concern is for the kind of peace the victorious Allies will impose, it may be pointed out that this is the concern of men who are as anxious for a Christian peace as they, and who are incomparably better fitted by brains, training and knowledge to establish it. If, with the help of the pacifist preaching he would like to see encouraged among his enemies, Hitler is victorious, the peace he imposes will not be of the 'type' for which the clergymen are 'striving.'

"The plain fact is that there can be no just peace till the Allies break the power of the man who made war, and those who feel themselves debarred by conscience from helping in that task should sit back and say nothing that will hamper the others engaged on it. Pacifist preaching was responsible for the present conflict and pacifist preaching now, in so far as it counts at all, can only count to prolong it or to bring defeat. That the pacifist clergymen have not learned the lesson of the past is plain proof of their incapacity to give sane counsel in the present."

CONTRACT - - - - - - By Shepard Barclay

READ HIS MIND.

WHENEVER an opponent has doubled your contract, he has given you some kind of information. A bit of figuring may tell you how he expects to defeat you, and therefore tell you how to thwart his plans. Going ahead and playing the hand the same as if he had not doubled would mark you as lacking imagination and powers of deduction.



(Dealer: North. East-West vulnerable.)

North opened this deal with the very bad bid of 3-Clubs, a bad bid because his suit might be good for No Trump purposes, and his original high call might crowd the bidding too much. East then bid 3-Hearts, which South doubled. North took out to 4-Clubs and South bid 4-No Trumps, which West doubled.

The heart Q was led to the K, and the declarer then reflected. He decided that West would not have doubled unless he expected to stop the run of clubs. South therefore staked his entire fate upon finessing the club 9 and therefore made his contract easily. Indeed, he got two overtricks, because East discarded two diamonds on the clubs.

Tomorrow's Problem

(Dealer: West. North-South vulnerable.)

How should North and South bid this deal if West starts with a psychic 1-Club?

Snow Falls as Cranbrook Soldiers Leave

Ankle-deep slush on the station square greeted the 108th Field Battery, Cranbrook when the soldiers left for Edmonton to complete their training and become part of the Second Canadian Division. In the foreground is Capt. G. E. MacDonald, and immediately to his right is Major Gordon Hanna, Officer Commanding the Battery.

Burglar Businessman Looks to Paying Job

MINNEAPOLIS, Oct. 31 (AP).—Marvin O. Griffin, 22, viewed his prison term with a business-like eye when he came up for sentence on a burglary count.

He asked the judge to commit him, not to the state reformatory where prisoners earn only six cents a day, but to the state penitentiary where they earn 50 cents a day.

The judge pronounced sentence—up to five years in the penitentiary.

DIES AT FAIR

NEW YORK, Oct. 31 (AP).—Commander Charles Francis Osborn of the Construction Corps at the United States navy yard in Brooklyn died last night in a New York world's fair exhibit building.

Medical authorities of the fair said he apparently had died from natural causes.

COTTON WORKERS GET INCREASE IN WAGES

MONTREAL, Oct. 30 (CP).—Blair Gordon, President of Dominion Textile Company, Limited, announced today a 10 per cent wage increase for the company's 11,000 cotton textile employees. The increase, effective immediately, is expected to amount to close to $1,000,000 a year in extra wages.

LIBERALS POLLED 55% QUEBEC VOTES

QUEBEC, Oct. 31 (CP)— The Liberal Party polled about 55 per cent of Quebec's total vote in the Oct. 25 election, according to preliminary calculations by The Canadian Press. Incomplete figures indicate the total vote will not exceed the 1936 record of 569,325.

Complete figures for all 86 constituencies may not be available for weeks because of delays in official returns. The first preliminary Canadian press tabulation is based on complete returns in 42 constituencies, of which 21 are city seats and 21 rural.

The tabulation indicates the Union National polled about 36 per cent of the total vote. Subdivision of the preliminary city and rural figures in the tabulation indicate that Liberals polled 37 per cent of the city vote compared to 31 per cent for Union Nationals and 31 per cent of the rural vote compared to 43 per cent for the Union Nationale.

Following is the tabulation of total votes by parties in 52 of 86 constituencies, showing the 1939 vote compared with the vote in the last election, with percentages of the total vote bracketed.

Part	1939		1936	
Liberal	156,672	(55.09)	105,744	(37.58)
U. N.	101,500	(35.69)	159,907	(56.84)
A. L. N.	14,801	(5.20)	——	——
Others	11,433	(4.02)	15.693	(5.58)
Total	284,406	(100.00)	281,344	(100.00)

for the BOYS and GIRLS

MOST VALUABLE PLAYER

By W. BOYCE MORGAN

"There's a mystery here, and I'd like to solve it."

Dan grinned as she swore him to secrecy, but his eyes opened when she began to speak.

"I've just learned that Bob Leonard, a new boy down at school, was the most valuable scholastic player in Philadelphia last year," she said tensely. "He won a gold football given by the Philadelphia Times. But he'll have nothing to do with football now, and won't come out for our team. There's a mystery here, and I'd like to solve it. Think what it would do for our team if he'd play."

Dan nodded, his eyes thoughtful.

"I was wondering," Dot went on, "if you could write to that Philadelphia paper and maybe find out what's behind Bob's attitude. They ought to know, if there's some good reason for his strange actions."

Dan slapped his knee with an emphatic hand. "You bet I can! In fact, a sports writer I used to know is working for the Philadelphia Times. I'll drop him a note right now, and send it air mail. I ought to have an answer back in three or four days, even if he has to dig a little to get the information for *me. I'll let you know the moment I* hear anything, Dot."

"Oh, thanks, Dan," Dot cried. "I want so much to do something for the team, and this Bob Leonard—"

"Yeah," said Dan with a significant grin. "I get it! All right, Dot, we'll see what we can do for Rushton—and you!"

That was on a Thursday afternoon. On Saturday Rushton journeyed to Cannonsport and took a 13-6 beating. Ed was pretty gloomy when he got home that night.

"We just don't have any running attack," he told Dot, fingering the adhesive tape on a cut over his eye. "That was a good team, and we played an all-right defensive game, holding them to two touchdowns. But when we had the ball we couldn't do a thing with it. Our one touchdown was on a desperate last-minute pass. And our punting was terrible all day."

Dot clenched her fists. If they had had Bob Leonard in there, they would have had an attack — and they wouldn't have had to worry about their punting!

"Well," she said in an effort to console her brother, "Cannonsport isn't in our district, so that defeat won't count against us in the district championship ratings."

"No," Ed retorted, "but Carver Falls is in the district and so is Donaldson! We may get by Carver Falls next week, but we'll never have a chance against Donaldson. They've been scored on only once all year."

"We don't play Donaldson until our last game," Dot said cryptically. "A lot of things can happen in three weeks."

Ed grunted. "A lot of miracles had better happen, if we're going to beat Donaldson," he said.

When Dot got home from school on the following Tuesday, a phone message was waiting for her. It was from Dan Bemis at the Herald office. She rushed to the telephone and called him.

"Hello, Dot," Dan replied to her excited greeting. "Well, I heard from the Philadelphia Times."

"You did?" she gasped. "What did you hear?"

"It's pretty bad," said Dan in a grave voice. "I'd rather not tell you about it over the phone. If you can come down here, though, I'll let you read the letter."

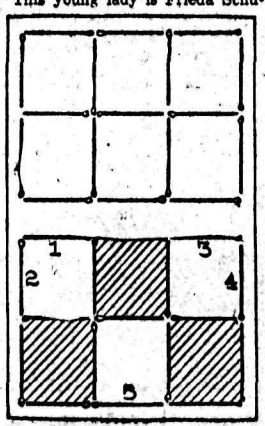
Girl Wins a Prize With This Clever Bit of Match-ic

By Frazier Thomas

Three cheers for the girls! Or at least, three cheers for one girl!

This young lady is Frieda Schu-



Frieda is our contributor this week, and she sends in a trick that will undoubtedly baffle some of the rest of you boys and girls. At any rate, I know that if I were confronted with this problem—and didn't know the answer—I would have to do some tall thinking before I arrived at the solution.

Every successful magician must be the possessor of good reasoning power, so reason this one out without looking at the answer and you'll be a top notch reasoner.

EFFECT: Arrange seventeen matches on a table as shown in the figure above in the illustration.

Now ask the members of your audience to remove just five of those matches so that they will have three equal squares remaining. But remember, only five matches can be removed! No more! No less!

EXPLANATION: The drawing in the illustration above shows which of the matches are removed, and also shows the three squares remaining.

MAKE A GAME OF PARTY REFRESHMENTS

Here's a game that will give your guests a chance at that perfect party menu they have always planned on preparing "some day."

Write well-known food combinations such as peaches and cream, ham and eggs, liver and bacon, etc., on cards. Then cut around them, giving one half to a boy and the other half to a girl, to be matched for finding partners.

Cut out advertising pictures of all the attractive foods you can find and mount them on separate cards. The larger the selection the better but be sure all the essentials of well-planned refreshments are included: salt, butter and bread, as well as the fancier dishes. Use words for anything you can't find in a picture. Place these cards in hard-to-find places around the room.

Give each couple a good-sized card and a pencil and let them plan their menu according to the foods they find, putting the cards back after they've copied the exact wording on their menu. Set a time limit, then collect the cards, pick out the best and most complete ones to read aloud, letting the guests decide the winner. A box of party recipes or a baking dish would make a good prize.

You can add interest to the game by making the menu for special occasions, using foods suitable to the day, or specializing in color schemes.

The Kitchenette

By Aunt Peggy

The next time you want to change the daily menu without too much trouble try this different pie filling.

OLD FASHIONED VINEGAR PIE

3 eggs
3 tablespoons butter
3 tablespoons vinegar
1½ cups hot water
¾ *cup sugar*
¼ cup flour
Pinch of salt
3 cups toasted chopped nut meats
Baked pie shell

Beat eggs until very light, then add with butter, vinegar, hot water to the combined suar, flour, salt, and blend smoothly. Cook in double boiler, stirring constantly until it is thick. Add one half cup of the nut-meats; turn into pie shell and sprinkle remaining nuts over the surface to make one of the most delicious pies you ever tasted!

$ Money Makers $

SQUABS AND GOURDS

Selling squabs and gourds are two unusual ways of making money used by Margaret Grace Robinson.

"With my mother a widow and ill besides," Margaret points out, "I have to try to make my own spending money. Here are some of the ways I do it.

"I have some pigeons and I sell the squabs. I keep the house and nest nice and clean, so my squabs find a ready market. I cultivate a flower garden and sell flowers and plants. At present I am rooting ferns and oleanders for sale, and also collecting seeds for market.

"I also have some gourd vines with quite a few gourds on them. I will use these for ornaments and charm strings to sell. All of this keeps me very busy, but I enjoy it, for gardening is my hobby as well as my chief source of income.

ONE-MINUTE TEST

1. What rank does the Duke of Windsor (formerly King Edward VIII of Great Britain) bear in the British expeditionary forces?
2. What natural resource does the industrial area of Poland, now acquired by Germany contain?
3. What assassination in 1934 in Austria is recalled by the recent murder of Premier Armand Calinescu in Rumania?

HINTS ON ETIQUETTE

If the invitations are out for your wedding, make a plan to take care of the wedding presents as they come in. Keep a note-book and as the gifts arrive, note down the article, who it is from, and the store from which it was purchased (in case of exchange). Write as many notes of thanks as you possibly can as the gifts come and the rest as soon after the wedding as possible.

TODAY'S HOROSCOPE

If your birthday is today, you may look forward to a good year just ahead. The young will court and marry. One caution: steer clear of litigation or you will rue it. The child born on this date will have a profound intelligence and be philosophical but somewhat extravagant and liable to loss through the law. He or she will travel much and gain through such travel.

Tournament Matches on Four Days a Week

The Canadian Legion Bowling Club gets into action in the first of a 28-match annual Christmas turkey tournament Thursday, the schedule closing December 19. All matches will start at 7:30 p.m.

Games are billed for Mondays, Tuesdays, Thursdays and Fridays. Wednesday nights are kept open for mixed challenge games to give all those members who do not wish to play in this tournament an opportunity for practice and enjoyment. Saturdays are available for pickup games.

Special arrangements were made for late arrivals for tournament matches, but it was stated that the tardy players could only enter play if the games had not proceeded past the fifth frames. In the event of players being absent for a whole match 90 points would be allowed for an absent lead, 110 for a second, 120 for a third and 130 for a skip.

TURKEY PRIZES

Turkey prizes will be distributed to each member of the winning team, and to the high aggregate scorer who is not a member of the winning team.

Presentation of prizes will take place at a banquet, followed by a sing-song, details of which will be announced later.

This season there will be two strings to a game.

Following are the four-member teams in the order of skips, thirds, seconds and leads:

J. Allen, Vic Graves, Harry Wasick and Mrs. Con Cummins.

James Spencer, W. Wood, Con Cummins and Miss Jean Riley.

HALLOWE'EN SPIRIT WILL PREVAIL AT NELSON HOCKEY CLUB CARNIVAL

Fur-Bearing Animals Are Available Today

Except for beaver, muskrats and otter, except of course sea-otter, trappers can start today to set their trap-lines for all other fur-bearing animals in the Eastern District. The season for these animals will last till February 29.

The season opens for beaver, muskrats and otter on the first of March in 1940 and will continue till the last day of April.

Lots of Entertainment Has Been Lined Up

Designed to catch the Hallowe'en spirit in every possible way, the Nelson Hockey Club Carnival promises to be a huge success. It will set the stage for the hockey season which will see the first ice in the arena about a week later.

The carnival, a two-night affair, Friday and Saturday, will provide everything in the way of entertainment. There will be the Chafe and Sunburn Hour, featuring such local music artists as Miss Annie Busk, Sydney Horswill, Arthur Stringer and Mrs. Gladys Webb Foster's Instrumental Trio.

One of the big parts of the program is to be the Troubadours, Nelson dance orchestra. They will put on a couple of hot numbers, featuring Teddy Romano on the trumpet. They will play for the jitney dancing which will be staged each night. The weekly Saturday dance at the Eagle Hall has been cancelled in favor of the Hockey Carnival.

The Nomads of Avrudaka, North American Ladies' champion drill team, will give exhibitions, and the Nelson Brass Band, under the direction of Spencer Newell, will be on hand to top off the program.

But a carnival just wouldn't be a carnival if there weren't the usual games of chance and so on. And there will be plenty of these which officials hope will bring nickels dropping into their coffers.

In all, there will be one and a half hours of entertainment. Proceeds of the carnival will help the Leafs to getting off on the right side of the ledger from a financial standpoint this season.

SIX CANADIENS STILL TO SIGN; BLAKE UNSIGNED

By ROBERT CLARKE
Canadian Press Staff Writer

MONTREAL, Oct. 31 (CP).—A Hallowe'en "bogey" had Montreal Canadiens in its grip tonight, as "contract trouble" pursued the club which Coach Pete Lepine claims staunchly "may surprise a lot of people" in this new National Hockey League season.

With the Flying Frenchmen due to open their N. H. L. schedule in another six days against Chicago Black Hawks, club officials faced the prospect of still having to sign six players out with the squad. Among them is Hector (Toe) Blake, the league's leading scorer.

"Let these boys work with me, which I know they will, and we might surprise a lot of people," insisted Lepine. "I'm absolutely confident we'll make a playoff place of course. Anyhow, it's a consolation not to have a whole lot of big predictions to try and live up to like last year."

So far the Montreal Club has signed 18 players. These are Cliff Goupille, Cy Wentworth, Walter Buswell and Doug Young, for their defence in front of Goalies Claude Bourque and Willie Cude who came to terms today; Johnny Gagnon, Bill Summerhill, Rod Lorrain, and Earl Robinson, for right wing posts; Paul Haynes, Polly Drouin and Armand Mondou for centre; and George Mantha and Ray Getliffe for left wing.

Still on the unsigned list are centreman Marty Barry, and Herby Cain and Blake of their left wingmen.

Club officials assert the boys will be all lined up without any trouble.

The Habitants intend to have Bourque as their regular net-minder, while Goupille, Young, Wentworth and Buswell will look after defence duties. But to date it seems only one front line combination will remain intact. This is the Drouin-Lorrain-Trudel line, which demonstrated great form last year.

Lepine indicated Barry might be used to Centre Getliffe and Robinson while Haynes would be pivot for Gagnon and Blake. Mondou could operate at centre also on either line, while Mantha could step in at left wing.

New names with the team are those of Young and Barry, who played last season with Detroit Red Wings; Robinson, picked up from Chicago; and Getliffe, purchased from Boston Bruins.

Hockey Deadline Transfers Passes

Deadline passed at midnight last night for hockey transfers in the C.A.H.A. Trail was the only team in this district to squeeze in another player on the last possible day. He is a fellow by the name of Martell from Moose Jaw of the Saskatchewan Senior League. That was the same team that sent Vic Myles to the New York Rangers organization this season, the big defenceman being acclaimed as the most valuable player in the league last year.

Martell is the second reported newcomer to Trail hockey circles this year. The other is Clare Dunsmore, 19-year-old junior from Winnipeg, who was slated to play in England this season. On the way over, he was forced to return when war broke out. He played on the St. James team, same outfit which had Jack Mann, new Nelson recruit, on its roster.

ATHLETICS ON BLOCK

PHILADELPHIA, Oct. 31 (AP) —Connie Mack, 76-year-old Manager of Philadelphia Athletics of the American Baseball League, said today his whole team—with the exception of Catcher Frankie Hayes and Outfielder Bob Johnson —is "on the auction block."

Residence Rule Suspended for Enlisted Players

EDMONTON, Oct. 31 (CP)—To permit enlisted men to play as much hockey this Winter as possible the Canadian Amateur Hockey Association has suspended the all-important residence rule as far as they are concerned, and made provision for games for them, Dr. W. G. Hardy, President, announced today.

Suspension of the residence rule paves the way for an enlisted man to join the team in the city where he is billeted, regardless of his previous affiliations. Edmonton Flyers have taken advantage of this by signing two defence men, Sergt. Peter Carr-Harris and Harry Brown. Carr-Harris came here from Halifax, and Bown from Kimberley, B. C.

All C.A.H.A. branches have been asked to make provision for the inclusion of army teams as units in league schedules wherever possible, and to assist in organizing inter-unit garrison leagues.

Financial grants may be given to help the soldiers secure equipment.

A contribution for patriotic purposes will be made through a 5 per cent assessment on the gate receipts of all exhibition games between amateurs and professionals. There have been several games of this type played in Eastern Canada, and a number of others are scheduled.

SHORE INDIANS AGAIN BEATEN

BOSTON, Oct. 31 (AP). — Boston Bruins of the National Hockey League shifted their exhibition hockey operations from the Garden to the Arena tonight and gave Teammate Eddie Shore's Springfield Indians a 6-2 drubbing before a slim crowd of 1000.

With Shore playing 30 minutes at right defence, Indians were inspired into gaining first blood, for the opening goal was fired by Lloyd Jackson. He teamed with Bummer Doran to complete the Indians' scoring in the second period.

Little Bobby Bauer caged two Boston goals within 25 seconds. Dit Clapper, Art Jackson, Roy Conacher and Bill (Flash) Hollett were the others who beat Goalie Benny Grant.

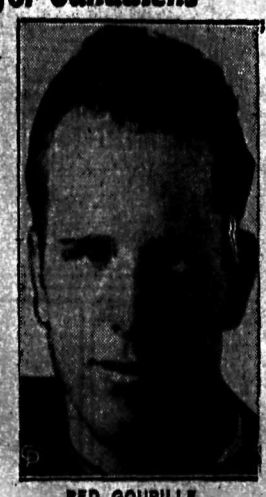
Pro-Rec Classes Open at Castlegar

TRAIL, B. C. Oct. 31 — Len Cutler, senior member of Arthur Fletcher's gymnasium class, will instruct men when the newly formed branch of the Provincial Department of Recreational and Physical education opens at Castlegar Wednesday night.

Miss Eileen Macdonald, instructor of ladies classes in Trail and Rossland, will open the Castlegar ladies' class.

Teaming Up for Canadiens

ALLAN SHIELDS



RED GOUPILLE

Two newcomers to regular defence posts with Canadiens in the N.H.L. this Winter are expected to be the pair shown here, and when the Dugal-Lepine combine has them alternating with the veterans Walter Buswell and Cy Wentworth they feel their worries in that sector will be over. Shields is a former Maroon, who played a little in the minors last season, while Goupille, an impetuous fellow who has shown much promise in the past, is expected to "arrive" this season. He almost had dizzy spells last year, moving back and forth between Canadiens and their New Haven farm team.

Two Ex-Centres on Same Defence

ALEX MOTTER

EBBIE GOODFELLOW

Defensive plans of Detroit Red Wings for the approaching major league hockey season are just about complete, a rather unique feature being that one of their blue line pairs will probably be composed of two players, the ones shown here, who played for some years as centres. Goodfellow was one of the best two or three centres in the league some years ago before reverting to the defence, where he also became a standout. The coming season for Motter will be his first on the back division, a move made following the sale of Doug. Young to Pittsburgh.

Card Officials Are Guests of Trail Gyro Club

TRAIL, B. C., Oct. 31—Sam Stewart, President, and Louie Demore and "Wish" Millburn, Coaches of the Trail Cardinals Baseball Club, West Kootenay League Champions, gave a review of the past baseball season when they were guests of the Gyro Club at a supper-meeting in the Crown Point Hotel Palm Room Tuesday evening.

Mr. Stewart, who has been interested in the diamond sport since 1915, gave the Gyros some of the City's baseball history. He referred to such men as M. R. Butorac, Bill Donaldson, Johnny Wilmes, Dick Morgan, Patchy Morgan, Louie Demore, Al Hall, Tick Hall, Scotty Ross, Elo Pradolini, "Mystery" DePasquale and Steve Matovich, who played on Trail teams years ago.

He pointed out that with the exception of Cliff Bogstie, hurler, the entire Cardinal team learned their baseball in Trail.

Fiennel Lefluffy was welcomed to the club, a new member.

Robert Schwengers also was a guest.

Vols Lead Is Cut In Football Poll

NEW YORK, Oct. 31 (AP).—The field is starting to close in on Tennessee's powerhouse in the fight for the nation's football honors. Although the Vols recovered 67 of the 128 first place votes cast in The Associated Press third weekly poll of the season, and compiled a total of 1120 points to lead, they had no such overwhelming majority as put them on top a week ago.

Standings of the teams (points figured on basis of 10-9-8-7-6, etc., for first, second, third, fourth, etc., place votes:

Team	Points
Tennessee	1120
Michigan	1005
Cornell	933
Notre Dame	856
Texas A. & M.	714
Oklahoma	605½
Southern Cal.	598
Tulane	410
North Carolina	314
Nebraska	180½

ENGLISH AND WELSH TEAMS TO MEET FIRST INTERNATIONAL MATCH

LONDON, Oct. 31 (CP Cable)—English and Welsh soccer elevens will meet at Cardiff, Nov. 11 in the first unofficial international match of the war. The squads selected are at peace-time strength and the proceeds of the contest will go to the Red Cross. The teams:

England: Goal, Woodley (Chelsea); backs, Bacuzzi (Fulham), Hapgood (Arsenal); halfbacks, Grayston (Arsenal), J. Oakes (Charlton Athletic), Fenton (West Ham United); forwards, L. Smith (Brentford), W. Hall (Tottenham Hotspurs), L. Compton (Arsenal), Goulden (West Ham United), R. Smith (Millwall).

Wales: Goal, John (Swansea Town); backs, Turner (Charlton Athletic), Whatley (Tottenham Hotspurs); halfbacks, Green (Charlton Athletic), T. G. Jones (Everton), Dearson (Birmingham), forwards, Hopkins (Brentford), Astley (Blackpool), Glover (Plymouth Argyle), Bryan Jones, Cumner (Arsenal).

Sam Brown Leads Gelinas Bowlers

Rolling up a score of 236, Samuel Brown is leading trundlers at the Gelinas Bowling Alleys so far this season for highest individual score in one game.

The previous high of 227 was set some time ago by Dave Muir, and was later equalled by "Lefty" Mydanski.

PIMLICO TRACK GETS THOROUGH SOAKING

BALTIMORE, Oct. 31 (AP).—A steady rain reduced the Maryland Jockey Club's track to a soupy slush today and indications were the three horses entered in the Pimlico Special would find the going sloppy tomorrow in the "Race of the Year."

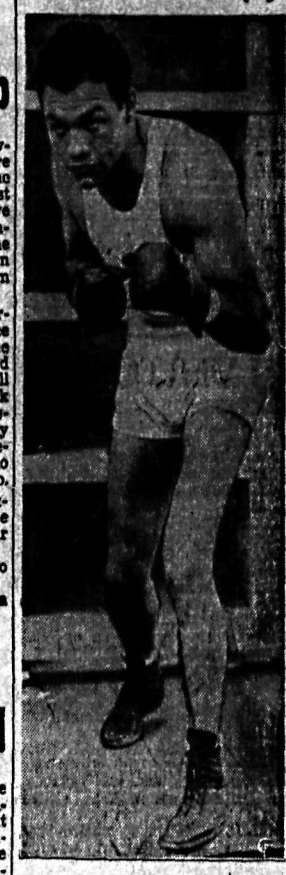
The three "specialists" — W. L. Brann's Challedon, T. B. Martin's Cravat and C. S. Howard's Kayak II — were formally entered this morning.

REMEMBER WHEN?

By The Canadian Press

George Lott, Jr., of Chicago, holder of many United States doubles tennis championships, turned professional five years ago today. Member of six U.S. Davis Cup teams, Lott teamed up with Bill Tilden in a barnstorming tour.

Tony Canzoneri's Decisive Bout (?)



Tony Canzoneri was a leading figure in the fistic world when this was taken—holder of the lightweight crown which he won by a first round knockout of Al Singer —former ruler in the featherweight division—a battling, crowd-pleasing puncher who earned a fortune with his fists. He lost the 135-pound title to Lou Ambers three years ago, retired, and then returned for a comeback. He fights Al Davis in New York tonight and if he loses he says he will retire for good—something he's said more than once before.

Rowe of Calgary Is Scoring Head

WINNIPEG, Oct. 31 (CP).—Paul Rowe, great plunging halfback of Calgary Bronks, is individual scoring champion of the Western Interprovincial Football Union with 61 points in 11 games.

The Victoria boy who starred with University of Oregon before going to Calgary piled up nine touchdowns, kicked one field goal and converted 13 touchdowns for the total that dethroned Fritz Hanson of Winnipeg Blue Bombers, 1938 winner.

Hanson, who scored all his 31 points in the last three games of the 1938 schedule after missing the first five because of injuries, made a similar closing rush this year to take second place with 41 points.

	T	Fg	S	C	Pts.
Rowe, Calgary	9	1	0	13	61
Hanson, Winnipeg	8	0	1	0	41
Bieber, Winnipeg	8	0	0	0	40
Kabat, Winnipeg	0	4	0	21	33
Sheley, Winnipeg	6	0	1	0	31
Nicklin, Winnipeg	6	0	1	0	31
Springstein, Regina	0	6	4	5	27
Cleveland, Regina	5	0	0	1	26
Fritz, Edmonton	4	0	0	0	20
Haynes, Calgary	3	0	1	0	16

Note: T—Touchdown, 5 points; Fg—Field goal, 3; S—Single, 1; C—Convert, 1).

3000 Soldiers Asked to Football Game

TORONTO, Oct. 31 (CP)—Tom Alison, President of the Argonaut Rowing Club of Toronto, has invited 3000 soldiers of the Canadian force now training at the Canadian National Exhibition Grounds here to be guests at the Big Four football game here Saturday between Hamilton Tigers and Argos.

BRIGHTON, England (CP).—The British Ice Hockey Association will have a schedule this Winter, despite early decisions to cancel all games. Brighton, Harringay, Wembley and Streatham will be among teams in the loop.

ALGAR TURNS DOWN ALBERTA PUCK OFFERS

Bus Algar, recent addition to the Nelson Maple Leafs, had the Nelson hockey officials stepping a lively tune Tuesday afternoon to make sure the big good-looking centreman would be doing his puck-chasing in a green and white uniform this Winter.

Bus, who played last season with the Olds Elks, received wires from both the Edmonton Flyers and the Olds team asking him for his services this season. When Nelson officials got wind of what was going on, they sent a representative hastily to Algar who was promptly signed a Leaflan contract.

Piloting the newly-named Edmonton squad now is Eddie O'Keefe, who was Algar's boss at Olds last year. And when Olds contracted him urgently too, well, that speaks fairly well of his ability.

Lethbridge Maple Leafs also had their respective fingers on Algar, Nelson grabbing him from under their noses while he was trying out for last year's Alberta champs a couple of weeks ago. But until yesterday Nelson had not had Algar signed up.

BENOIT EXPECTS TO JOIN TRAIL

MONTREAL, Oct. 31 (CP). — Joe Benoit, hard-skating forward who has shown up well in practices with Montreal Canadiens of the National Hockey League, said tonight he probably would play with the amateur Smoke Eaters of Trail, B. C., again this season.

Benoit, member of the Smoke Eater team touring Europe last season, said he was "heading back home tonight" for St. Albert, Alta. He has received offers from Canadiens and amateur teams here but "couldn't come to terms."

WINGS WIN CITY SERIES 14 TO 10

DETROIT, Oct. 31 (CP). — Detroit Red Wings of the National Hockey League tonight defeated Indianapolis Capitols 4-1 to win the city series against their International-American League farm team. The three-game round, decided on total goals, ended Detroit 14, Indianapolis 10.

Cecil Dillon led Wings with two goals and a pair of assists. Ken Kilrea and Eddie Goodfellow were the other Detroit marksmen. Butch McDonald scored Caps' only goal on a lone rush.

Hockey Queen Contest Close for Carnival

Down into the home stretch, the three contestants for the throne of the Nelson Hockey Club Carnival are going full speed ahead for the honors that go with the selling of the most booster tickets. The three girls have each staged spurts, and right now are just about neck-and-neck.

The three girls are Miss Audrey Emery, sponsored by the Kinsmen, Miss Georgina Willliscroft sponsored by the Rotarians, and Miss Dorothy Postlethwaite, sponsored by the Gyros. Last year Miss Madge Postlethwaite, Gyro contestant, came in first.

The big drawing of prizes for lucky tickets will be made on the second and concluding night of the big carnival, Saturday. At the same time it will be announced who won the queen contest.

Hunting Seasons Are Near Close

Bear, deer, mountain goat, elk, pheasants, ducks, Wilson Snipe, coots and geese are still generally available to pimrods in the Kootenays.

Following are the closing dates of the various seasons which are still open:

Bear, except White or Kermodei, throughout the district, Sept. 1 to June 30.

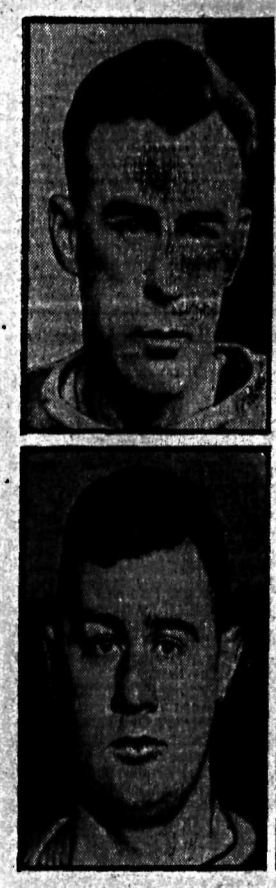
Deer, Mule, White-Tail, and Coast, bucks only, over one year old, December 10.

Mountain goat, December 15.

Pheasants, cock birds only, in the electoral districts of Salmon Arm, North and South Okanagan, and that portion of the Similkameen electoral district situated and lying to the East of Allison Creek, the South Similkameen River and the Pasayten River, November 15.

Ducks, Wilson snipe coots and geese, December 6.

All Members of Famous Ranger High-Scoring Line Now Holding Positions as Pro Coaches



With the shifting of Frankie Boucher, right, from his position as coach of New York Rovers in the Eastern U. S. amateur league to that of assistant manager and coach of the N.H.L. Rangers, all the members of one of the greatest forward lines in hockey history, the Cooks-Boucher high-scoring trio, are in the pro coaching picture. It is expected that Lester Patrick, Ranger leader, will devote more time to executive duties with Boucher handling the team on the ice. Boucher's former line mates, Bill Cook, top left, and brother Bun, lower left, coach Cleveland Barons and Providence Reds in the Int.-Am. League respectively.

October Is Banner Month for Farmers

CHICAGO, Oct. 31 (AP)—October, traditionally the banner cash income month for United States farmers, closed today with agriculture's prospective 1939 dollar receipts the best of any year in almost a decade except for 1937.

Market analysts estimated even though this year's income of more than $8,000,000,000 may fall below that of two years ago, it is giving U.S. farmers buying power equal to that of 1937 inasmuch as prices of commodities they purchase are lower.

The farm price advance which has occurred since the start of the war was partly responsible for lifting the level of agricultural income over that of last year. Although some of the war boom enhancement of commodity values faded away, producers have large supplies of practically all types of grain, livestock and dairy products to market at higher price levels.

Since Aug. 31, the day before war broke out, prices of principal farm commodities such as grains, livestock, eggs, butter and cotton have advanced 10 to 29 per cent and in most cases, except for livestock and eggs, are higher than a year ago.

Eight Building Permits Total $5850 In 3 Days

Issuing of building permits at the City Engineer's office saw a spurt in the last three days of October as eight permits totalling $6785 were issued from October 28 to 31.

Three of the permits were for construction of new residences totalling $5850, while a fourth was for construction of a garage to cost $135.

The other four permits, totalling $800, were for alterations, repairs or additions to residences.

Largest single permit was issued to Mrs. E. E. French for construction of a new $3000 house on Third Street. The two other residence construction permits were issued to James E. Holliday for Mac's Greenhouses, to build a residence with show room on Front Street, costing $1200; and to Paul Aspen to build a combined store and dwelling on Innes Street, to cost $1650.

The permit to construct a garage on Silica Street, to cost $135, was issued to T. Hulls.

The permits for alterations, repairs or additions were:

George R. Stewart, to construct concrete foundations and floor, and to lower building, Lake Street, $300.

E. Kraft, to take down verandah and build smaller one, 509 Fourth Street, $40.

J. P. Walgren, to reshingle house for Mrs. A. T. Noxon, 508 Hoover Street, $160.

James E. Holliday, to remove verandahs and replace them with small porches, and to shingle walls for Miss K. B. Renton, 713 Carbonate Street, $300.

Near 4,000,000 Visit Canada Fair Exhibit

NEW YORK, Oct. 31 (CP)—Some 3,500,000 to 4,000,000 persons have visited the Canadian pavilion at the New York World's Fair and viewed its colorful exhibits portraying the Dominion's attractions for tourists, trade and investment.

According to announcement by the fair 25,760,127 persons have paid to see the exposition, dedicated to "the world of tomorrow" and estimated to have cost $157,000,000. A total of 6,933,097 others were admitted on worker's permits and passes.

The fair is to reopen next May but the doors of some pavilions, most of them in the foreign section, will remain closed.

Decision as to whether the Canadian building will reopen has not been reached.

Tin Export Halted

LONDON, Oct. 31 (CP)—Tin export from Britain will be temporarily suspended, the Board of Trade announced today. Tin export licences now operative were cancelled.

The present measure was believed designed to prevent depletion of tin stocks following large shipments to the United States during the last two months.

The British Government also agreed Oct. 11 to exchange British tin and rubber for Russian lumber.

BIG ROAD GRANT IS NOT EXPECTED

CRESTON, B. C.—Frank Putnam, M. L. A., for Nelson-Creston left for Victoria to attend the 1939 session of the B. C. legislature that opened Tuesday.

With the country at war Mr. Putnam is not optimistic of there being much additional money for the highways than the usual grant for maintainence. He plans to press for expenditures to continue the improvement of the Creston-Porthill Idaho, highway, three miles of which was blacktopped this year.

He is also anxious that improvements inaugurated in modest fashion on the Creston-Kitchener-Goatfell road be attacked more vigorously in 1940. Previous to leaving he had a look over the roads in the Nelson territory and will press for funds to provide betterments in that locality.

Mrs. Putnam accompanied Mr. Putnam, and will spend the few weeks the House is in session at the capital and with her daughters at Vancouver and Nanaimo.

Dewey Seeks a New Talk for Strikers

DETROIT, Oct. 31 (AP)—Contract negotiations between Chrysler Corporation and the Congress of Industrial Organization branch of the United Automobile Workers Union reached an apparent impasse today following the union's blanket rejection of corporation proposals.

Union officials described as "decidedly unsatisfactory" a contract proposed yesterday by the corporation as the basis for further negotiations, and the conference produced another exchange of charges and countercharges between spokesmen for the two groups.

James F. Dewey, Federal labor conciliator, scheduled another conference in an effort to effect a compromise which would send an estimated 100,000 workers back to their jobs.

TENDERS ACCEPTED FOR CANADA TREASURY BILLS

OTTAWA, Oct. 31 (CP).—Tenders have been accepted for the full amount of $25,000,000 Dominion of Canada treasury bills due Feb. 1, 1940, the Bank of Canada announced today on behalf of the Finance Minister.

The average discount price of the accepted bids was $99.78412 and the average yield .858 per cent.

London Market Off

LONDON, Oct. 31 (AP)—Stock market prices were nipped all along the line today. Most traders awaited the statement by Russian Foreign Minister Molotoff expected later in the day. British funds came back after an early drop to close unchanged to narrowly down. Japanese and Chinese loans advanced again, however. Improvement in rubbers countered the general slant to other commodity stocks. Most industrials declined.

$10,002,606 WAS B.C. INCOME TAX

VICTORIA, Oct. 31 (CP)— Hon John Hart, British Columbia Minister of Finance, told the Provincial legislature in his public accounts today that $10,002,606 was collected from income taxation last year.

This was an increase of $2,700,000 over collections for 1937-38, and was regarded as extremely significant as a guage of expanding business conditions in the province.

The rate of taxation was not changed. The income levy produced nearly a third of the entire provincial revenue.

Other sources of revenue did not show any such spectacular changes, income tax alone accounting for record revenue collected by the treasury.

From auto licence fees $2,826,-440 was collected, a drop of $44,000 fro mthe previous fiscal year, and from gasoline taxes $3,284,485, an increase of $120,000. This made a total of $6,110,925 collected from motorists.

Liquor profits were $3,892,119, down $200,000.

Other major sources of cash were:

Land taxes $1,641,541, up $83,000. Timber royalties $1,655,950 down $310,000. timber licences, $663,676, up $59,000.

Timber sales $574,579, down $24,-000.

Amusement tax $216,452, down $4000.

Fuel oil tax $422,863, down $86,000

Mineral tax $581,616, down $220,-000.

Succession duties $704,780, down $560,000.

Rural school taxes $896,063, up $120,000.

Race tax $171,726, up $2000.

Game Act fees $235,113, up $7000.

Trade Agreement May Be Hampered if F.D.R. Power Cut

OTTAWA, Oct. 31 (CP).—Washington reports of a prospective congressional fight over renewal of President Roosevelt's trade treaty-making authority aroused considerable interest here although Canada's agreement with the United States does not expire until Dec. 31, 1941, and may be extended by agreement.

A successful battle against renewal of the U.S. administration's trade extension power would undoubtedly hamper any efforts for revision of the Canada-United States agreement.

In 1934 Congress gave the Roosevelt Administration power to negotiate trade agreements without reference to either legislative body, provided tariff reductions did not exceed 50 per cent. That power expires next June.

A year after the presidential powers were granted, Canada and the United States completed a reciprocal trade agreement which had been the dream of successive governments in both countries for many years. In 1939 it was enlarged and set to run for three years.

Col. Lister Heads Creamery Executive

CRESTON, B.C. — Directors of Creston Valley Co-Operative Creamery Association had their inaugural meeting at the office of C. B. Twigg Saturday afternoon, at which the following officers were named: President, Col. Fred Lister; Vice-President, C. C. French; Secretary, C. B. Twigg; Treasurer, J. G. Connell.

The latter is no longer on the directorate but has been active in the sale of stock in the association. Another ex-director, K. Fielder, was retained in an advisory capacity because of first hand knowledge of butter plant operations.

Along with the old Erickson Hotel building, now the property of West Kootenay Power & Light Company, Ltd., the directors have been offered the building at Erickson, known as Speedway Motors. The power company building and site can be had at $1300. The Speedway Motors building price is $1500, but the owner agrees to take $200 of this in stock in the creamery, with the balance payable at $25 a month. The directors agreed to have another meeting, Friday, at which time they will make an inspection of the two properties.

Bills totalling $56 were passed for payment. These had to do with incorporation, and registration of the association at Victoria.

WORLD EXCHANGES

NEW YORK, Oct. 31 (AP)—The British pound sterling reached the $4 level before stopping today with ¾-cent gain in relation to the dollar. The Canadian dollar gained ¼ per cent at 10¼ per cent discount in relation to the United States dollar.

The belga, however, became topheavy after a brisk early rally to close unchanged. The French franc chalked up a small advance while negligible changes appeared for most other European monies.

Closing rates, Great Britain in dollars, others in cents:

Collect $32 Million In B.C. Taxes

VICTORIA, Oct. 31 (CP)—The Provincial treasury last year collected $32,639,825 from British Columbia taxpayers and was able to take care of its entire unemployment relie' bill with Dominion help to the extent of $546,551, according to the public accounts tabled in the Legislature today by Hon. John Hart, Minister of Finance.

The Government spent $28,664,445 on current expenses and its usual debt allotments; $2,974,379 on special debt redemptions; and $4,519,061 on unemployment relief—a total of $36,157,885. This figure does not include capital works.

In meeting this bill, Mr. Hart used a record revenue of $32,639,-825, borrowed $2,966,100 on the open market, picked up $5,409 from a previous unspent loan and took $546,551 from Ottawa.

The public accounts showed that the cost of Government in British Columbia increased, but revenues increased to meet it with no change in the rate of taxation.

Expenditures, exclusive of the relief cost, showed an increase of $4,000,000 from 1937-38, but this was mainly to take care of $2,974,379 in special debt payments.

On ordinary current account operations, Mr. Hart's accounts showed a surplus of $3,975,380, all of which went to debt repayment and relief costs.

Total cost of relief to the two Governments is given as $6,904,-935, of which the Dominion paid $2,385,873, and the Province $4,-519,061.

THE BALANCE SHEET

In the balance sheet, assets were listed at $265,600,333, an increase of $3,589,821. Liabilities were placed at $243,522,790, an increase of $790,-929 thus leaving a surplus of assets for liabilities of $22,077,543, an increase of $2,798,992 for the year.

Gross debt obligations at March 31, were given as $182,551,978, a the net debt figures were not given.

It was explained the reduction in the net debt will not be so great, since part of the sinking fund was used for debt repayments.

MONTREAL DOWN

MONTREAL, Oct. 31 (CP). — Small losses spotted a sluggish stock market list late Tuesday. Fractional declines appeared for C. P. R., Dosco and National Steel Car. Canadian Car issues moved back with the common off ⅞ and the preferred off 1⅞.

Weaker metals included Nickel, Smelters, Hudson Bay and Noranda. Slightly down were Brazilian, Montreal Power, Power Corporation and Shawinigan.

Oils and Papers also followed the trend, Canadian Celanese, Imperial Tobacco and Massey Harris also dipped.

In British Army Army Now

Here is how Kermit Roosevelt, son of the late President Theodore Roosevelt, looked when he was a Captain in the U. S. army during the World War. It is now learned that he has received a Second Lieutenant's commission in the British army, serving in the Middlesex Regiment. Recently it had been reported that Roosevelt was becoming a British citizen to accept a post in the new Ministry of Shipping. This still was considered possible, since the army commission might prove a shortcut to citizenship.

Wheat Unchanged by Export Sales

WINNIPEG, Oct. 31 (CP)—Excellent export sales of Canadian wheat failed to stimulate any additional buying on the Winnipeg grain exchange today and wheat futures prices finished the session unchanged to ¼ cent lower. October wheat closed at 69¼, November 69⅛, December 70¼, and May 75⅛.

Overseas sales were estimated at more than 750,000 bushels for the day.

Quotations weakened from the start as traders displayed little enthusiasm.

Cash wheat trade was quiet apart from a moderate export demand for Nos. 2 and 3 Northern and some of the lower grades. Export interest in barley and rye, together with crusher support in flax, supplied most of the action in coarse grain pit.

Washington Report Strengthens Bonds

NEW YORK, Oct. 31 (CP)—Buyers gave South American loans a whirl in the bond market today following the Washington report that the administration was working on a plan involving the refinancing of some $1,000,000,000 in defaulted Latin-American bonds.

Most popular were Brazilian and Colombian loans. Up more than a point around noon, for instance, were Brazil 6½s, of 26-57 and Colombia October 6s of '61.

Only a few sales of U. S. Governments crossed the apex but usually at advances. Traders in this division seemed to be awaiting outcome of the R. F. N. financing schedule for today.

Small gains and losses were fairly evenly distributed through the rail, industrial and utility groups.

Calgary Oils Weak

CALGARY, Oct. 31 (CP)— Oils weakened fractions to four points in quiet trading on Calgary stock exchange today.

Calgary and Edmonton at 2.36 was down four. Davies eased two at 30 while Anglo-Canadian and Okalta dipped one each at 1.13 and 1.26 respectively.

VANCOUVER OFF IN DULL TRADE

VANCOUVER, Oct. 31 (CP) — Majority of issues slipped narrowly on a dull session of the Vancouver Stock Exchange today. Transactions totalled only 35,251 shares and sales were boosted by a brief flurry in penny oils.

Premier Gold was off 3 to 1.43, while Sheep Creek slipped 2 at 1.10. Privateer at 92 added 4 points from yesterday's bid and Hedley Mascot was unchanged at 41.

In the oil section, Anglo Canadian at 1.12 and Pacific Petroleum at 38 eased 2. Calgary & Edmonton at 2.40 added 4 from the previous bid and Royal Canadian was off 1 at 22. Mar Jon traded 20,500 shares in the afternoon to close at 4, off ¼ from yesterday's bid.

S. STEEL INDUSTRY NEAR DECADE PEAK

PITTSBURGH, Oct. 31 (AP).—...he spectacular increase in steel ...roduction has added approxi-...ately 75,000 workers and $12,-...0,000 or more monthly to the ...ndustry's payroll in the United ...tates within the past three ...onths, leading operators agreed ...day.

...he pickup brought both the out-... and employment near the de-...'s peak which was reached in ... and is stirring up heated de-...e over the effects of technological ...provements.

...he last "official" figures by the American Iron and Steel Institute showed steel mills hired 44,000 workers during September, bringing the average employment for that month to 502,000 from 451,000 working in July. Payrolls were reported at $69,735,000, up $10,000,000 from the July figures.

Production increased during September almost 20 points to better than 80 per cent of capacity. Steel experts estimated that with the addiion of 10 more points in the rate of output during October, employment now is around 53,000 above the low mark.

CITY IS ENGAGED IN PREPARATION FOR THE WINTER

Street Asphalting Is Interrupted by Weather

NEW APPROACH FOR CEMETERY

Preparations for Winter occupied the City Public Works Department during the week ending October 31, stated H. D. Dawson, City Engineer, in his report to the City Council Tuesday night. Asphalting was interrupted by the weather, but with a few days of good weather might continue.

His report follows:

STREETS

Cold and wet weather throughout last week has prevented any major asphalting works being carried out. It also very much interfered with the classifying plant at the gravel pit. The material is now drying and with the continuance of good weather we hope to proceed with certain asphalting programs and providing and storing additional supplies of sand for Winter use on the streets.

Front Street—Josephine crossing of street car line. Some small amount of asphalt has been laid here to ease the crossing over the street car tracks.

Front Street—Ward Street crossing. The sidewalk crossing on the railway side of Front Street is being improved to bring it up to grade and in order to take care of storm waters which formerly caused considerable deposits of sand and gravel over the crossing.

Lane, Block 25, Fairview. Excavation on this lane has been completed, most of the top soil having been taken to Lakeside Park. It has been backfilled with sand and crushed rock to bring it to regular grade.

Latimer Street. The work on the ramp leading down to Falls Street has been completed. A small amount of gravel filled in to give a regular grade. It will now be possible to plow this road during periods of heavy snowfall.

Nelson Avenue, opposite Hume School. Several large boulders which projected above the established grade have been broken up and removed preparatory to making a finished surface.

Street painting. Crossing lines have been painted on Nelson Avenue, Stanley and Ward Streets, oppsite the Hume and Central Schools respectively. These are for greater protection from motor traffic for children crossing the streets.

General. Some small amount of street grading has been carried out, including some for the C. P. freight yards.

DRAINAGE

Park Street South from Vernon. The new 6 inch sewer replacing the former 4 inch private sewer, has been proceeded with up Park Street from Vernon. All the house connections have been made and we are now extending the sewer a short distance in order to pick up an old surface water drain. This will also enable two additional lots to receive sewer connections whenever required.

Carbonate Street. A complete blockage of the sewer on Carbonate between Hendryx and Cedar Streets, originally caused by roots inside the sewer, has been cleared.

CEMETERY

The work of excavating for the new Cemetery approach at the South end of Fall Street is being proceeded with. There is a certain amount of large rock which to some extent makes the digging difficult. The material excavated is being hauled to fill two gulches at the lower side of the cemetery grounds.

WATERWORKS

Most of the water services to the various parks and other City properties have been cut off for the Winter, and others are being attended to.

A new service has been installed for the new Gentles house on McQuarrie Avenue, Rosemont, and a separate service has been installed for the E. H. Simpson house on Stanley Street, which formerly got its water from an adjoining property.

Five-Mile intake. There is an abundant flow over the spillway at the Five-Mile intake, and also at Anderson Creek. In the early part of the period leaves gaves considerable trouble, but with the finer colder weather, the water level falling somewhat, this condition has abated.

We have been doing work on the pipeline in the vicinity of Anderson Creek in order to insure greater safety to the pipe against possible damage by slides or other conditions during wet seasons.

Building permits to the number of 11 and to the value of $7055, have been applied for.

Plumbing permits to the number of three have been issued, and three plumbing inspections have been made.

EXTENSION OF CITY LIGHT TWO HOUSES PROCTER AND HARROP IS APPROVED

Extension of City light service to the residence of William Muirhead, Procter, and F. Andrews, Harrop, received City Council approval on Tuesday night. The applicants will supply poles. Cost of the Muirhead installation was estimated at $130 and of the Andrews installation at $35.

PRIVATEER ISSUES DISPUTE STATEMENT

VANCOUVER, Oct. 31 (CP)—Privateer Mine, Ltd., today issued a statement outlining negotitions between itself and its employees at Zeballos, B. C., in the recent dispute settled Saturday.

Eighty-nine employees who were discharged a fortnight ago following conflict between the shift boss and the bull cook at the mine have returned to work.

The statement today by Privateer said that "the employees all returned to work on the agreement that the committee would be given a hearing and chance to present any evidence they had on behalf of the shift boss."

DAWSON TO CHECK UP ON PEEBLES CONSTRUCTION

H. D. Dawson, City Engineer, was instructed by the Cit. Council Tuesday night to check up on construction undertaken by Peebles Motors Ltd., which did not conform with City Bylaws. Ald. T. H. Waters and Ald. A. G. Ritchie stated that when, as Fire Wardens, they interviewed, R. A. Peebles, he was prepared to meet the Bylaw requirements.

Ald. P. G. Morey felt strict compliance with Bylaws should be insisted upon immediately.

City Will Demand Road, Poll Taxes

Instructions for the City Offices to send out a formal demand upon persons who had not paid road and poll taxes, notifying them that if the taxes were not paid by November 15 the City Solicitor would be instructed to collect, were issued by the City Council Tuesday night.

W. E. Coles, Collector of Road and Poll Tax, submitted a list of those from whom he had been unable to collect, and it was against these persons that the Council decided to take action.

No Word of Fliers

LIMA, PERU, Oct. 31 (AP). — There was no word today of the two Peruvian brothers who had expected to land here yesterday on a non-stop flight from New York.

The aviators, Commander Humberto Gal'lino, of the Peruvian navy, and Capt. Victor Gal'lino, of the Peruvian army, were last reported sighted over Miami, Fla., at 10:58 p.m. (7:58 p.m. P.S.T.) Sunday, after leaving New York at 1:43 p.m.

Their fuel supply of 1150 gallons was expected to last a maximum of 30 hours. That limit was passed at 7:43 p.m. Monday. Lima airport officials said they may have been forced down at some remote place along the 4014-mile route.

POLICE INVESTIGATE FOR HIT, RUN DRIVER

VANCOUVER, Oct. 31 (CP). — Police are investigating the possibility today that R. Barlow, found lying on a road here suffering from severe head injuries, was the victim of a motorist who struck him and failed to stop.

Although there is no evidence of skid marks on the Kitsilano District road, police think the man was struck by a car and either the driver was unaware of the crash or knowingly left the victim.

Barlow cannot be questioned yet.

Rossland Kiddie Goes for Stroll; Is Finally Found

ROSSLAND, B. C. Oct. 31—Derrick Fraser, 2½ year old son of Mr. and Mrs. Thurlow Fraser, and his cousin Georgina Daly, 4-year-old daughter of Mr. and Mrs. Charles Daly, set out for a walk this morning. They crossed Second Avenue bridge, which, in Georgina's opinion, was far enough, but the young man was going places, and continued blithely on his way, while his cousin came back home to report.

When the kiddie's mother crossed the bridge, she was confronted by three roads, one leading up to the mines, another down to Ealing Creek and the third out to the White Bear Addition, and no Derrick in sight.

A private search was organized, and the police were notified, and the young tyke was finally discovered under the Rossland Arch in the White Bear Addition, still heading West.
