New Barricades Spring Up at Tobruk; Axis Forces Battered

Damage Heavy as Clydeside Hit by Nazi Bombers

LONDON, May 6 (Tuesday) (CP).—The Government acknowledged today that "much damage" was done by German air raiders which concentrated last night on Clydeside in Southwest Scotland, important ship-building area around Glasgow.

British bombers were reported to have struck back with assaults on Western Germany.

Seven of the German night raiders, which also caused "considerable damage" in the Liverpool area, were shot down, a communique declared. The Nazi attacks were described officially as being on "a large scale," ranging over many parts of England and extending for the second successive night to Belfast, in Northern Ireland.

Single bombers sent bombs crashing onto scattered sections of Northern Ireland, Central Scotland and Northeastern and Southwestern England, while the main body of aerial invaders pressed on toward Southwest Scotland.

BELFAST, May 6 (Tuesday) (CP).—German planes raided Belfast again early today, dropping high explosive bombs. One plane was shot down in flames.

The attackers, coming over Northern Ireland in small force, also made short attacks in other districts. Casualties were termed comparatively light.

Army Head Given High Spanish Post

MADRID, May 5 (AP).—Col. Valentin Galarza Morante, 39, of the army general staff, tonight was named Minister of the Interior, one of the most important posts in Spain.

The powers of the post previously had been held personally by Gen. Francisco Franco himself.

Galarza's appointment was the first change in Spain's Cabinet since Sept. 17 when Ramon Serrano Suñer, Franco's brother-in-law, took the post of Foreign Minister.

Galarza now has control of the police, Press and communications.

The new minister has been Franco's personal friend and aide since the early part of the civil war when he escaped to the nationalist zone from Madrid.

Late Flashes

NEW YORK, May 5 (AP).—The Dixie Clipper, carrying Robert G. Menzies, Prime Minister of Australia, left Horta, the Azores, today for New York.

NEW YORK, May 5 (AP).—The Governor of Cyprus, one of the largest islands in the Mediterranean and a British crown colony, has ordered various defensive measures now that the war has moved into the Middle East, a Budapest radio broadcast said tonight.

GIBRALTAR, May 5 (CP).—Further evacuation of civilians at the earliest possible time from this British fortress was announced tonight.

MACLEOD, Alta., May 5 (CP).—A large group of leading aircraftmen, all members of the Royal Australian Air Force who came here to complete their training, received their Wings at No. 7 Service Flying Training School today.

German Mechanized Units Hit Hard by R. A. F.

By ERIC BIGIO
Associated Press Staff Writer

CAIRO, May 5 (AP).—Besieged Britons have thrown up new works opposite Axis troops occupying the Southwest fringe of Tobruk's outer defences to re-establish their lines.

British sources said tonight, and shattered German-Italian preparations for a fresh assault on the Libyan port.

The garrison erected new barricades Sunday after their land and air forces had blasted German and Italian troops and transports moving up for an attempt to smash through Tobruk's perimeter of defences.

Heavy casualties were inflicted on Axis forces outside Tobruk during the counter-attack, the Middle East Command's communique reported.

Far-ranging British bombers attacked Axis transport and mechanized units in the Maraua area on the Cirenean Plateau to the West, the R.A.F. Command reported.

A number of vehicles and tanks were damaged, and casualties were said to have been inflicted on troops destined to reinforce the Tobruk-Solom spearheads of the Axis.

Fires and explosions also were reported to have followed British air attacks on the Benina Airdrome, near Axis-occupied Bengasi, and on the nearby Derna airdrome. Four large fires also were caused at a military headquarters Southeast of Tobruk, the communique added.

The British Command reported continued progress against isolated Italian resistance in Ethiopia and the Fascist post at Amba Alaji, 200 miles Northwest of Addis Ababa, is under steady pressure of British troops. A large number of Italians were reported to have surrendered.

Single bombers sent bombs crashing onto scattered sections of Northern Ireland, Central Scotland and Northeastern and Southwestern England, while the main body of aerial invaders pressed on toward Southwest Scotland.

BELFAST, May 6 (Tuesday) (CP).—German planes raided Belfast again early today, dropping high explosive bombs. One plane was shot down in flames.

Army Head Given High Spanish Post

MADRID, May 5 (AP).—Col. Valentin Galarza Morante, 39, of the army general staff, tonight was named Minister of the Interior, one of the most important posts in Spain.

The powers of the post previously had been held personally by Gen. Francisco Franco himself.

Galarza's appointment was the first change in Spain's Cabinet since Sept. 17 when Ramon Serrano Suñer, Franco's brother-in-law, took the post of Foreign Minister.

Galarza now has control of the police, Press and communications.

The new minister has been Franco's personal friend and aide since the early part of the civil war when he escaped to the nationalist zone from Madrid.

Late Flashes

NEW YORK, May 5 (AP).—The Dixie Clipper, carrying Robert G. Menzies, Prime Minister of Australia, left Horta, the Azores, today for New York.

NEW YORK, May 5 (AP).—The Governor of Cyprus, one of the largest islands in the Mediterranean and a British crown colony, has ordered various defensive measures now that the war has moved into the Middle East, a Budapest radio broadcast said tonight.

GIBRALTAR, May 5 (CP).—Further evacuation of civilians at the earliest possible time from this British fortress was announced tonight.

MACLEOD, Alta., May 5 (CP).—A large group of leading aircraftmen, all members of the Royal Australian Air Force who came here to complete their training, received their Wings at No. 7 Service Flying Training School today.

Would Penalize Employers Not Allowing Unions

(By The Canadian Press)

Legislation to penalize employers for refusing to recognize unions chosen by their workers and to establish "fair and reasonable minimum wages" in industries was suggested tonight as a solution for Canada's strike problem by Norman S. Dowd, of Ottawa, Secretary of the All-Canadian Congress of Labor.

While two Canadian plants held up production because of striking employees and boards of conciliation were mediating in four other plants where employees and employers failed to agree on working conditions, Dominion and provincial labor department representatives conferred in Ottawa.

The Ottawa conference, which will continue two days, will review the minimum age for employment, hours and wages on work contract work, industrial standards legislation, Provincial representatives also will confer with Labor Minister McLarty.

At Vancouver the entire labor staff of 75 men employed by the Canadian John Wood (Vancouver) Ltd., metal workers, went on strike because they said five fellow workers were discharged last Friday because of union activity.

The second strike, at Carleton Place, Ont., involved only 18 employees of the spinning and warping departments of the Renfrew Woolen Mills branch factory. Federal Labor Department officials will mediate the dispute which began five cents an hour.

At Kingston, Ont., 263 union carpenters returned to work today after accepting an agreement with the Kingston Contractors' Association for a wage increase of five cents an hour, effective July 1 next.

Hitler's Fioures on Balkan War Refuted

LONDON, May 5 (CP).—Hitler's report to the Reichstag yesterday of the German campaign in Greece was "refuted" not only by a British military spokesman but by a German broadcaster, the British Broadcasting Corporation said today.

"Hitler said only four divisions of troops met the Empire forces but the spokesman in London pointed out that the Empire forces faced three German armored divisions, two mountain divisions, the Adolf Hitler division and one infantry division on seven in all," the BBC said.

JAPAN CRITICIZES U.S. ATTITUDE TO LINDBERGH

TOKYO, May 5 (AP).—The Japan Times Advertiser declared today in a front-page editorial that "Americans who have out Lindbergh to the force as a spokesman against air for Britain are likely to arouse a bitter feud throughout the United States which can seriously undermine the drive" to help Britain.

VICTORIA MAN LOST

VICTORIA, May 5 (CP).—Mr. and Mrs. W. Alan Robbins of Victoria today received a cablegram from London that their son Edward Gordon Robbins, 21, was missing.

Edward G. Robbins held a sub-lieutenant's commission in the Royal Canadian Navy which he joined three years ago.

Roosevelt Orders Speedup in Output of Heavy Bombers

Command of the Air by Democracies Must Be Achieved Says Order; 500 Four Motor Ships Monthly Object

By J. F. SANDERSON—Canadian Press Staff Writer

WASHINGTON, May 5 (CP).—President Roosevelt tonight ordered a general speedup in the United States production of heavy bombers so that command of the air by the Democracies may be achieved.

Last week it was ships—a 2,000,000-ton pool of shipping to assist Britain and the other fighting Democracies win the Battle of the Atlantic. This week it is heavy bombers. Big four-engined jobs to strike back at Germany and Italy, bomb the marine bases and the industrial life of the Axis countries.

In a letter to War Secretary Henry Stimson, Mr. Roosevelt ordered "a substantial increase in heavy bomber production."

The letter indicated new priority arrangements, expansion of plant facilities and new building programs.

"Command of the air by the democracies must and can be achieved," the President wrote. "Every month the democracies are gaining in the relative strength of the air forces. We must see to it that the process is hastened and that the democratic superiority in the air be made absolute."

The new objective was reported authoritatively to be 500 long-range, four-motor bombers a month, the craft to be divided between the United States and Great Britain.

Fewer than a tenth of this number are being produced now but steps already have been taken to step up American production of the hardest-hitting aerial offensive weapon.

Mr. Roosevelt directed the War Secretary to "take whatever action is needed" to obtain a rate of production outlined in a private memorandum which was not made public.

Defence officials reported coincidentally that plans are under consideration to enlarge an \$11,000,000 airplane plant at Ypsilanti, Mich., so it can turn out completed 21-ton bombers instead of merely air frames. The plant is being built by Henry Ford. It is emphasized that this plan is in the discussion stage and that contracts for the plant have not yet been drafted.

Airmen familiar with developments expressed belief that a monthly output of 500 heavy bombers would represent an offensive weapon which the Axis could not meet. Such a production rate could not be attained, however, for more than a year, they said.

The phrase "heavy bombers" as used by military men, refers only to large four-motor craft. These are being turned out now in only two plants on the West coast. Two other plants, with a rated monthly capacity of 50 each, are being built at Tulsa, Okla., and Fort Worth, Tex. The army has contracted for a third at Baltimore and three others are provided for in a \$1,500,000,000 fund for munitions facilities which Congress has appropriated.

The Presidential speed-up order evidently was based on surveys embracing the existing expansion program and looked far beyond that. It may lead to further restrictions on automobile manufacturing in the United States and the utilization of the machines and trained mechanics of such cities as Detroit in the mass production of heavy bombers.

Some observers here regarded the President's emphasis on heavy bombers as an indication that production of fighter planes, which are essentially defensive weapons, is more or less satisfactory and that the time has come, or at least, is within sight, when the air offensive side of the war is due to be stepped up.

Heavy bombers, because of their wide range and heavy armaments, Docks and shipping at Rotterdam, Antwerp and Le Havre were attacked and a direct hit was reported on a supply ship of 1500 tons. A patrol vessel was bombed and left sinking in a daylight foray.

The communique said fires were started in a raid last night on the ports of St. Nazaire and Cherbourg, and an airdrome at Querqueville was attacked. During raids along the Southern coast of Norway a supply ship of 3000 tons was bombed.

75 "Military Personnel" Among Sea Losses Offawa House Learns

OTTAWA, May 5 (CP).—Navy Minister Macdonald announced in the House of Commons late today that it is feared 75 "military personnel" are among those lost in the sinking of a ship.

He said the next of kin of casualties and those who have been reported safe have been informed.

The announcement was made in the form of a statement authorized by the British Admiralty. No details of the sinking were given.

The Minister said he regretted very deeply having to make the statement and that it should be in such terse form, "but that is the form in which the British Admiralty desires that it should be made."

At the time of Mr. Macdonald's statement to the House, no official list of casualties or survivors had been issued.

"It may add that the next of kin of those who have been reported safe also have been informed by the Department of National Defence. I have only to add my own personal regret at this loss. I am sure every honorable member of this House shares that regret with me and I should like to have the relatives of those who have been lost realize how deeply the sympathy of this house goes out to them in this hour."

B. C. War Savings Drive Disappointing

VANCOUVER, May 5 (CP).—Chris Spencer, Provincial Chairman of the Canadian War Savings Drive said today that he was disappointed in results of the drive across Canada and particularly in British Columbia where only \$2,452,638—or 60 per cent of the Province's quota—was pledged.

"People may not realize the seriousness of the situation, being so far removed from the war, or some weakness in covering territory may lie within our War Savings Organization," he said. "But in the face of these figures, I am inclined to believe that we are all at fault."

CONVOY BY U.S. RIGHT AWAY IS COX PREDICTION

People "Don't Want to See Material Being Sunk"

"LET'S CONVOY"

WASHINGTON, May 5 (AP).—A prediction that the United States will resort to convoys to get supplies to beleaguered Britain was heard in the House of Representatives today.

"Of course we are going to convoy, and convoy right away," said Representative E. E. Cox, Georgia Democrat.

"We have voted billions of credits for Great Britain. We have provided support to the limit of our capacity. If it happens that we cannot fulfill our promises short of convoys what are you going to do?" Representative Hamilton Fish (Rep.-N.Y.) declared that convoys meant war. He assailed Wendell L. Willkie because, he said, Willkie had "come out for convoys and thus repudiated every statement he made to the American people."

The House was debating at the time a bill empowering the President to take formal possession of foreign ships idle in American ports and put them to use. When the bill was raised, Representative Fish (Rep.-N.Y.) declared that convoys meant war. He assailed Wendell L. Willkie because, he said, Willkie had "come out for convoys and thus repudiated every statement he made to the American people."

He said that it would permit transfer of German and Italian vessels to Great Britain and thereby "constitute an act of war."

"If we were in the war we would have the right to seize German and Italian ships in our ports and use them to our best advantage," he said.

"The bill unnamedly would permit us to take German and Italian vessels and transfer them to Great Britain, an enemy nation. This would constitute the grossest breach of international law in history."

Meanwhile, in an interview, Chairman Carl Vinson of the House Naval Committee declared that if convoys are needed to get war material to Britain, "let's have convoys."

He said Great Britain is not downed by any means and would not be if the United States took all necessary steps to get supplies across the Atlantic.

"The American people are perfectly willing to spend \$7,000,000,000 to aid England," he said. "This country's material go to Davy Jones' locker. I say that if convoys are needed, let's have convoys."

Airmen Escape Internment Camp

ADDIS ABABA, Ethiopia, May 5 (AP).—The dramatic escape of Flying Officer K. A. Lawrence of the Royal Air Force, who escaped from an internment camp in French Somaliland was revealed when the group rejoined their squadrons.

The Canadian, a member of the Royal Air Force, escaped with Sgt. W. H. Tomlin of Liverpool, Sgt. A. B. Houston of Glasgow and six South Africans. Lawrence, Tomlin and Houston were forced to land after bombing Dessie, Ethiopia. One bomb exploded as the machine touched the earth, the Canadian officer receiving splinters in the heel. The South Africans made a forced landing in the same area.

On the night of April 16, with medicine bottles of water crammed in their pockets, they crept past sentries through a triple row of barbed wire, groping through darkened streets of the native quarter of Jibuti where dogs howled dimly at every loosened stone.

They obtained the services of Greek guides and made for open country. Just before daybreak weary and footsore with the heavy going on loose sand they crossed the frontier into British Somaliland whence a patrol boat later took them to Aden.

Cascade Gouged at Santa Rosa; A Crew Is Busy

TRAIL, B. C., May 6.—Heavy rains have gouged down the clay banks on the Cascade Highway near Santa Rosa Creek, and the Public Works crew is busy getting the road in shape again. Although the road is in poor condition, it is passable.

Other district roads are unaffected.

Both Insisting on Troop Withdrawal Before Settlement

Turkish Mediation Offer Reported Rejected by Iraq; Egypt Appeals for Peace; War Continues; Iraq Air Force Hit Hard

LONDON, May 5 (CP).—Initial Turkish efforts to settle the dangerously flaring war at her backdoor in Iraq came to naught tonight, with Britain and Iraq each demanding withdrawal of the forces of the other before any attempt is made at peaceful settlement.

In an authorized statement Britain declared "an essential prerequisite" to negotiations with the Government of Rashid Ali Al Gailani must be withdrawal of his troops now encamped about Britain's airdrome at Habbaniyah and engaged in showering the base with artillery fire.

At the same time the German radio was heard in London quoting the Baghdad radio that Iraq also had rejected the Turkish mediation offer.

The broadcast claimed Iraq felt a settlement could only be discussed after British troops left Iraq territory, and that Britain's attitude made an agreement impossible.

Cairo dispatches said the Egyptian Government, as one Arabic-speaking nation to another, also appealed to Iraq to seek a peaceful end to the hostilities.

Meanwhile it was announced the Royal Air Force had wiped out the greater part of the ill-equipped Iraq aviation force.

British troops were said to be entrenched solidly at Basra, port at the head of the Persian Gulf, and still holding Habbaniyah airdrome, West of Baghdad, after British planes knocked out Iraq artillery which began shelling the airport four days ago. Casualties at the airport were said to be "very few."

Britain appeared to have these alternatives in Iraq:

To depose the premier whose objections to British treaty right troops landing Iraq precipitated the conflict.

To foster mediation by a third power such as Turkey.

Or, failing in those courses, to carry out her military action to relentless conclusion.

The Iraq air force perhaps had 100 or less planes, counting transport and communication craft. The R.A.F. strength in Iraq is a military secret, but in 1939 it consisted of two bomber and two bomber-transport squadrons.

CAIRO, May 5 (AP).—British quarters said today that so far no German aid other than moral support and money furnished before the trouble started had shown up in Iraq for the forces of Premier Rashid Ali Al Gailani.

The view was expressed that the desire for strife with Britain was confined to a relatively small part of the Iraq population, with many tribesmen waiting to see which side is going to come out on top.

Some Shiite leaders in the Basra region, which usually has been in opposition to the dominant groups at Baghdad, are supporting Britain, it was said.

British troops were said to be solidly installed at Basra, at the head of the Persian Gulf where the British forces established their base in the first Great War for an eventual thrust which went to Baghdad and beyond. The vital Mosul oil region was reported quiet and British observers said they had no reason to believe that the Iraqis had damaged the oil fields.

So far the Royal Air Force has played the most important role in Iraq, with R. A. F. armored cars patrolling the desert and planes attacking Iraq airdromes and artillery positions.

However, it is becoming increasingly an affair of infantry patrols, which operated throughout Sunday night from Habbaniyah airport with some success, and were mentioned in an air force communique for the first time tonight.

The Iraq air force is said to consist mostly of old planes of various types, many of poor mechanical order and without many spare parts.

NEW YORK, May 5 (AP).—The BBC in a broadcast heard tonight by NBC reported the desert route from Palestine to Iraq had been cut "momentarily" by an Iraq raiding party which has occupied Russia, the "half-way oasis."

The BBC said the party overpowered and disarmed a party of laborers working under supervision of a small group of British overseers.

NEW YORK, May 5 (AP).—The Rome radio in a broadcast heard by CBS tonight claimed that according to a communique from Iraq headquarters, Iraq troops have occupied all the oil refining plants and all the oil wells of the country.

The British base at Habbaniyah is being steadily attacked, Rome claimed.

LONDON (CP).—German newspapers received here carry advertisements asking for blotting paper from which to make leather substitutes.

JAPANESE HINTS FOR SETTLEMENT NOT WELCOMED

Alignment With Axis Powers Too Close U. S. Feeling

HULL IS SILENT

By J. C. STARK

WASHINGTON, May 5 (AP).—Japanese hints that Tokyo would like to explore the possibility of settling Pacific problems with the United States met with silence in Government quarters today.

Nevertheless, the feeling here appeared to be that Japan is so closely allied with the Axis Powers that only a virtual abandonment of American interest in the Far East to the "new order in East Asia" would satisfy the Tokyo leaders. This the administration has made it clear it does not intend to do.

The Japanese "feelers" on a rapprochement with the United States have appeared frequently of late in the Japanese press, especially since Foreign Minister Yosuke Matsuoka visited Berlin, Rome and Moscow.

They were greeted largely on suggestions that the United States invited Matsuoka to visit this country to discuss a possible solution of Pacific problems.

Matsuoka himself, in denying yesterday that he had any intention of making such a trip, suggested instead that Japanese American problems might easily be solved if President Roosevelt or State Secretary Hull would visit Tokyo.

Hull was non-committal today on this proposal as he has been on the Japanese press hints that Matsuoka would like to be invited to the United States.

To most informed observers here, the Japanese "feelers" seemed chiefly a diplomatic manoeuvre, possibly intended to "create sentiment in this country for 'appeasement' of Tokyo in order to concentrate efforts on aid to Britain.

Thus it was reasoned in these quarters, Japan hoped to obtain her objectives of political and economic domination in East Asia without a direct clash with the United States. Officials here have emphasized that they consider Japan's moves in the Pacific to be closely linked with the war and that any concessions to Japan now would be tantamount to concessions to the Axis.

Level of the West Arm at Nelson Monday was 3.60 feet above the low water mark, a rise of 25 foot over that of Sunday.

April Ore and Concentrate Receipts at Tadanac Plant Best So Far This Year; 40 Custom Mines Ship in Month

Total of 3642 tons of custom ores and concentrates received at the Tadanac plant of the Consolidated Mining & Smelting Company in April was the highest for any month to date this year. The month's figure was made up of 3602 tons of ores, the highest total of ores to date this year; and 40 tons of concentrates, highest but one. These ores and concentrates were received from 40 custom mines, another figure which was the highest of 1941 to date. Three of the 40 contributors shipped concentrates, and 37 shipped ores.

76 INFECTIOUS DISEASE CASES IN TRAIL, APRIL

TRAIL, B.C., May 5—Seventy-six cases of infectious disease during April reported to the council Monday night by Dr. N. D. C. Mackinnon, Medical Health Officer, were classified as: simple measles 41; German measles 32; mumps 1; scarlet fever 1; and cerebro spinal meningitis 1.

Complete Wall on Warren Street Is Sought at Trail

TRAIL, B. C., May 5—A petition for completion of the wall on the lower side of Warren Street—signed by Carlo J. Martin, John Hewlett, A. T. Smith, G. Corrado, E. Muzzio, G. Ricci, A. Parisotto, N. Cristofoli, G. Pellegrin, H. Dorretti and G. Bertuzzi—was presented to the Council Monday night.

Chief Concern is to Raise Maximum at Minimum Cost

ROSSLAND, B. C., May 5—Organization for the forthcoming Victory Loan campaign in Rossland was accomplished at a dinner meeting Monday under auspices of the Junior Board of Trade, Howard Bayley, President, was Chairman.

Castlegar Ferry Made 105 1/2 Trips Daily in April

ROSSLAND, B. C., May 5—Castlegar ferry made 318 more round trips in April just past than in the same month a year ago, and carried 555 more automobiles, 868 trucks and 7828 more passengers, by the report just issued by the Provincial Public Works office here. It averaged 105 1/2 round trips per day. Figures for the two Aprils are as follows:

Apr. 1940 Apr. 1941

Round trips	2847	3165
Passengers cars	6869	9404
Trucks up to 1 ton	1244	1734
Trucks up to 2 ton	202	251
Trucks up to 3 ton	977	1209
Trucks up to 5 ton	292	389
Trailers and semi-trailers	12	83
Motor buses over 20 passengers	244	265
Motorcycles	100	140
Rigs, single	75	94
Rigs, double	78	75
Passengers exclusive of drivers	20,850	28,178
Freight, in tons	1623	2215.5
Horses	29	26
Cattle	38	33

Organization Gets People Across Line to Unoccupied France

LISBON, May 5 (AP)—A smooth-working secret organization active along the entire border between German-occupied and unoccupied zones of France, smuggling out persons unable to get permits to leave, is described by refugees reaching Portugal.

Opposition Criticizes Budget, but Admits Need of Drastic Measures

OTTAWA, May 5 (CP)—From three opposing points of view spokesmen for the three opposition parties discussed Finance Minister (Isley's) 1941-42 budget in the House of Commons today.

ST. PAUL'S BOYS CHOIR HONOR THREE, WHO LEAVE FOR AIR FORCE, AT BANQUET

St. Paul's Boys Choir at its annual banquet Monday evening honored three of its members who will leave Nelson shortly, one to return to duty with the Royal Canadian Air Force and the others to enlist in it. An informal musicale in which the three took part was presented by the Choir immediately afterwards.

RECEIVE COPIES OF NEW TESTAMENT

Copies of the New Testament were presented by Donald Beattie, President, on behalf of the Choir to the trio.

HAPPIEST ACTIVITY

His musical work was one of his happiest activities, Sidney Horswill, who will leave for Vancouver May 18 to join the air force, said. His participation in musical activities had formed the most pleasant and largest part of his course at University of British Columbia, which he had just left.

PROGRAM, A DELIGHT

A delightful program of instrumental and vocal renditions, the musicale touched the same high standard set in all Boys' Choir presentations. It was a well-balanced entertainment of piano solos, recitations, vocal duets, solos, quartets and choruses. Mrs. Ferguson directed.

SHIP PRESUMED LOST

NEW YORK, May 5 (AP)—Shipping men said today that the Norwegian freighter Horda, 4301 tons, which left here Jan. 22 for Liverpool with a cargo of war materials, was long overdue and presumed lost with 28 crew members.

\$1,000,000 GIFT TO WAR

LONDON, May 5 (CP)—The Government of the British African Colony of Northern Rhodesia has offered a gift of more than £286,000 (about \$1,316,200) towards the British war effort, the British Broadcasting Corporation reported today.

STOCKHOLM (CP)

Despite the controversy over the pegged price for sugar beets the Swedish Farmers' Party representatives decided to remain in the coalition cabinet.

Hanson Favors Budget but Criticizes Way Gov't Is Spending the Money

OTTAWA, May 5 (CP)—Conservative House Leader Hanson today called on the Government to give a lead to the Canadian people by cutting its peace-time expenditures to the bone and exercising the utmost possible economy.

Leading off in the budget debate Mr. Hanson expressed confidence the people would accept the sacrifices involved in the new taxes but warned the Government there was widespread dissatisfaction with the way money was being spent.

"I am firm in my belief that the Canadian people will willingly undergo the trials and sacrifices that so surely lie ahead of us," he said.

"I am equally confident that their demand is for that high and inspiring leadership which a Churchill is giving in Britain and a Roosevelt in the United States and which, setting the example, will fearlessly press on, right the way and guide our people along the path to ultimate victory."

Earlier in his speech he sounded his warning in these words:

"Peace-time expenditure in every sphere of governmental activity must be cut and cut to the bare bone, and I call upon the Minister (Finance Minister Itley) and this Government to lead the way and set the example."

"If this is done, the new imposts will be paid, in most cases cheerfully. But, without this retrenchment, there will be resentment, if not resistance."

Mr. Hanson said he was surprised that the Canadian National Railways deficit last year ran to \$16,000,000 and demanded an explanation.

He also criticized continuance of work on the C. N. R. terminal and a reported plan to relieve traffic congestion between Montreal and Halifax which would cost \$1,200,000. He said he had been informed there was no control over costs in the operations of Federal Aircraft,

Limited, the Government Corporation Building Avro-Anson Aircraft.

The Conservative Leader approved of the proposal to ask the provinces to vacate the income tax field but was critical of the Dominion's invasion of the succession duty field.

He hoped all provinces would accept the offer made to them but regretted the matter was not dealt with by agreement in advance at the recent Dominion-Provincial Conference. He asked that arrangements be made to protect municipalities now drawing revenue from income tax.

A Federal succession duty meant two imposts on the same property. "I do protest against this injustice," he said. "I hope between now and next year negotiations will be opened with the provinces with a view to reaching some conclusions so that double taxation may be avoided."

Surprise was expressed by Mr. Hanson that no increase was made in the levy on spirits. He had no objection to most of the luxury taxes but feared the 20 per cent small-town theatre tax would drive small-town theatres out of operation.

He thought the five per cent National Defence tax, coupled with unemployment insurance levies and higher living costs, would bear too heavily on workingmen.

A complete revision of the excess profits and corporation taxes was urged by the Conservative House Leader who described the former as "hasty legislation." He suggested Canada might follow the British practice, drop the corporation tax entirely, allow businesses a reasonable standard profit and take the whole of the excess.

He regretted application of the sales tax to building materials going into small homes as new houses were needed in many districts. He questioned, however, if the Government had gone far enough to curb and discourage civilian spending in other directions.

"Deferment of expenditures and restriction of consumption could and should have been applied on a wide scale to luxury articles," he said. "I believe the people were anticipating and were prepared for a severe curtailment of their rights to purchase non-essential commodities of many kinds."

He also criticized continuance of work on the C. N. R. terminal and a reported plan to relieve traffic congestion between Montreal and Halifax which would cost \$1,200,000. He said he had been informed there was no control over costs in the operations of Federal Aircraft,

Plan Rebroadcast of Dorothy Thompson Speech on Thursday

TORONTO, May 5 (CP)—The speech Dorothy Thompson, newspaper columnist, made to the International Affiliation of Sales and Labor Clubs here last Friday night will be rebroadcast on the national network at 7:15 p. m. P.M.T. Thursday night, the Canadian Broadcasting Corporation announced today.

In the speech Miss Thompson said "Hitler cannot destroy us, and he knows it."

Attempt to Cover Hitler's Reference to War 'Next Year'

BERLIN, May 5 (AP)—A Nazi spokesman today sought to explain away Hitler's reference to "next year" in his Reichstag address. "It really does not concern us," the spokesman said, when victory comes.

"The main thing is that the German people are convinced German victory is coming." The spokesman said Hitler's reference to "next year" was made in answer to "English and American propaganda that Germany would collapse if the war was not ended this year," and should not be taken as implying any prediction as to when the war would be over.

This source said Hitler has never set a date for the end of the war although he said 1941 would be a "historic year" of the Nazi revolution.

The Nazi commentary Dienst Aus Deutschland, which has foreign office connections, conceded in a roundabout way that war may extend into 1942.

"Involved in the assumption of such a possibility, it said, 'lies undoubtedly calculation on the possibility of American intervention. Such intervention is appraised by Germans as an influence which could prolong the war but under no circumstances alter the ultimate result.'"

Freyberg to Lead Forces in Crete

CANEA, Crete, May 5 (CP-Reuters)—Major C. Freyberg, V.C., Commander of the New Zealand Expeditionary Force, today was appointed Commander-in-Chief of the Allied forces in Crete. The appointment was disclosed in an Order of the Day addressed to all officers and their ranks in Crete by Emmanuel Tsouderous, Greek Prime Minister and Minister of War.

The island city of Canea has been the headquarters of King George II of Greece and his Ministers since the German advance on Athens forced them to flee their mainland capital to avoid falling into Nazi hands. The Government is sworn to carry on resistance from Crete. The announcement coincides with a British announcement from Cairo that four German warplanes have been shot down in sky battles over Crete and others by anti-aircraft fire, indicating that the island may be the target of intensive Nazi attacks.

Gen. Freyberg, who is 50 years old, commanded the New Zealand division which took part in the fighting against the Germans in Greece.

ST. LOUIS POST-DISPATCH WINS PULITZER PRIZE

NEW YORK, May 5 (AP)—The St. Louis Post Dispatch today was awarded the \$500 Pulitzer Prize gold medal for the most disinterested and meritorious service rendered by an American newspaper during 1940.

FIREMAN FOUND BURIED UNDER COAL

MACCAN, N. C., May 5 (CP)—The body of Joseph Henry Langille, 56, was found buried under nearly 70 tons of coal here Saturday in the power plant of the Canadian Electric Company. He had been employed as a fireman there for the last 14 years.

Goering Demands Evidence of Planes and Ships Destroyed

BERLIN, May 5 (AP)—German pilots will need at least an acceptable witness or a photograph in the future to obtain credit for destroying planes or ships.

The new system for determining the number of planes downed and the number of planes and ships destroyed was ordered by Goering, Chief of the Air Force.

(German claims of British planes and ships destroyed are generally recognized to have been exaggerated to such an extent that observers in neutral countries pay little attention to them.)

The other includes these points: When a British plane is shot down within German lines or within the home area the remains of the plane must be found on the ground before credit is given.

Planes and ships will be regarded as destroyed only when they are burned, sunk or damaged so that they cannot be used further.

Anti-U.S. Caption Causes Furore

LONDON, May 5 (CP)—C. G. Grey, author of a picture caption which said the United States would support Britain financially "to the last Englishman," has dropped out as co-editor of the publication "Jane's All the World's Aircraft," in which the caption appeared, it was announced today.

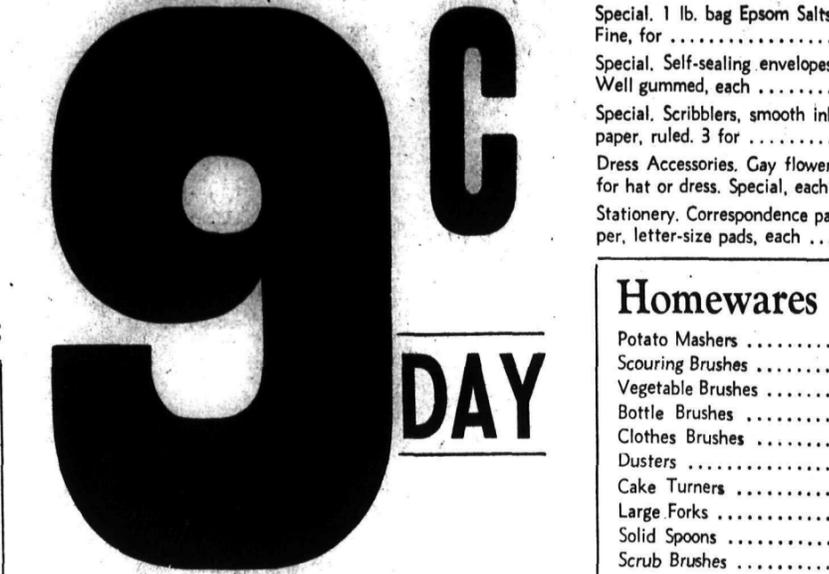

The controversial caption appeared in the new issue of the aerial reference work under a picture showing horses pulling Lockheed Hudson bombers across the U.S. border into Canada. It said: "Now that the United States has decided to support the war financially 'to the last Englishman,' preparations are being made to fly Flying Fortresses to England."

A furore arose and the publisher recalled all copies and announced the caption would be deleted.

Grey said he wrote the lines before the Aid-to-Britain Bill had been heard of and used the expression ironically at the expense of American isolationists.

271st ANNIVERSARY SALE CONTINUES

- Oilcloth memo pad case with pad and pencil. Special, each . . . 9c
- Men's Handkerchiefs. Full size, hemmed borders, special, 2 for . . . 9c

Ask Army Escort if Roosevelt Visits Canada This Month
OTTAWA, May 5 (CP)—The Lake Superior Regiment, now quartered at Lansdowne Park, has been asked to provide an escort and guard of honor in the event President Roosevelt finds it possible to pay his hoped-for visit to Ottawa this month. It was believed in well informed circles that May 15 might be a likely date though official word that the President will accept the invitation to visit Ottawa has yet to be received.

North Ireland Area Again Under Attack

DUBLIN, May 5 (AP).—A plane of unidentified nationality dropped high explosive bombs at Carriage Hill, County Donegal, early this morning, shattering windows throughout the neighborhood.

Belfast, neighboring Northern Ireland, was heavily bombed during the night by German raiders.

Explosives last were dropped on County Donegal March 12, near Carnonagh and Innishowen. That incident was the first since Dublin and nearby areas were raided January 2-3, when three persons were killed and 12 injured. The Eire Government protested to Germany over those attacks.

LONDON, May 5 (CP).—In widespread daylight activity, the German Air Force today followed up last night's raiding of Belfast, capital of Northern Ireland, Liverpool and other targets in England and Scotland.

British fighters were said authoritatively to have downed a German fighter over the Channel this afternoon.

The daylight activity appeared to be mostly reconnaissance, but four Messerschmitts made a hit-run raid on a village in Southeastern England this afternoon, dropping a few bombs and firing a few machine-gun and cannon rounds. Little damage was reported.

German planes also were sighted over Northwest England and bodies were still being hauled from the wreckage of Belfast, when raiders again were reported over Northern Ireland.

Many business premises in Belfast were reported in ruins and the Government there acknowledged "much damage to commercial, industrial and residential property." Ambulances from Dublin were on duty throughout the raid and Eire also sent fire-fighting equipment as she had done before.

Nazi bombers pounded also at Liverpool—for the fourth successive night—in apparent continuation of the German effort to wreck British ports at which North American aid might be received.

"The air attack on Belfast last night was heavy and sustained," it said the second communiqué of the day from the Northern Ireland Ministry of National Security and Northern Ireland Royal Air Force headquarters.

"Large numbers of incendiaries and high explosive bombs were dropped and there was much damage to commercial, industrial and residential property." "Casualties will not prove as heavy as was at first feared and the loss of life has been less than was expected in view of the intensity of the attack." Military forces were called out today to clear away debris and search for victims in Belfast, and while they worked Nazi planes were sighted overhead, apparently surveying the damage. Britain's defences were active,

Postmaster at Grand Forks Is Robbed

GRAND FORKS, B. C., May 5 (CP) Provincial Police today searched the Grand Forks area for a man who robbed Postmaster John Donaldson of an undetermined amount of money here Saturday night.

Donaldson cuns the sub-post office in connection with his store here and had locked up for the night and gone to his car with his cashbox. Unable to find his automobile key, he returned to the store, leaving the money in the car. When he returned the box was missing.

Donaldson said his store had been robbed of merchandise on previous occasions and his home also has been burglarized.

Training Plane Crashes, 2 Killed

MOOSE JAW, Sask., May 5 (CP)—Pilot Officer Ralph Scott, 25, and Lac. John Roger Talbot Cox, 25, of the Royal Air Force Service Flying Training School No. 32, were killed instantly early today when their Harvard training plane crashed two miles out of Tilsley, about 12 miles South of Moose Jaw.

Air Force officials said a court of inquiry into the crash will be held. Scott was born at Doncaster, Yorkshire, England, and arrived in Moose Jaw Nov. 28, 1940. Since that time he had been instructing flyers.

John R. T. Cox, whose 25th birthday was Saturday, came from Hampton, Middlesex, England, and was due to graduate in a few days. Both men were unmarried.

Interpret Roosevelt "Fight" Statement as Unlimited Aid

WASHINGTON, May 5 (AP)—President Roosevelt's declaration that the United States people "are ever ready to fight again" for democracy was interpreted in high Administration quarters today as carrying a new promise of virtually unlimited assistance to nations resisting aggression.

This view was taken by some members of the party which accompanied the President to Staunton, Va., where he made the statement yesterday in dedicating the birthplace of Woodrow Wilson as a national shrine.

In Washington, Senator Gerald Nye (Rep., North Dakota) commented that "if the President is making a feeler for a declaration of war he will be quickly surprised to see that the people of America do not want to be involved."

Officials in the Presidential party noted on the other hand, that he did not say Americans were ready to go to war and drew a distinction between that and his actual words in the present instance, they said. "Fight" was a broad term covering strong material support of democratic nations rather than military involvement in the war.

BERLIN, May 5 (AP)—A Nazi spokesman asserted today that President Roosevelt's speech yesterday contained "nothing new for us and doesn't disturb us; it can have no influence in Europe."

FORMER COMMUNIST LEADER SENTENCED

VICHY, May 5 (AP)—Gabriel Vichy, Communist Vice-President of the Foreign Affairs Committee of the Chamber of Deputies in the old front regime of Leon Blum, were sentenced in absentia at Paris today to five years imprisonment.

He was charged with transmitting instructions from the outlawed Communist Party to a secret meeting near Paris last September. Peri, formerly editor in chief of the Communist Organ L'Humanite has since disappeared.

TEN WEEKEND FATALITIES IN ONT.

TORONTO, May 5 (CP) Ten fatalities were reported in Ontario during the weekend, with a double drowning near Seabright taking the lives of two men. Eight other persons met death from the following causes: automobile accidents, a mine rock-fall, a runaway team of horses a kick from a horse, a leap from a train.

RESIGNS TO TAKE DUTIES AS ARMY CHAPLAIN

KAMLOOPS, B. C., May 5 (CP)—Col. the Rt. Rev. G. A. Wells has resigned the Anglican Bishopric of Cariboo to devote himself to his duties as principal Protestant Chaplain of the Canadian Army, the post to which he was appointed late in 1939.

Darlan Makes Quick Return to Paris

VICHY, France, May 5 (AP)—Vice Premier Admiral Jean Darlan left unexpectedly for Paris by special train today less than 24 hours after returning to Vichy to confer with Chief of State Petain on results of his conference with Otto Abetz, Adolf Hitler's Paris envoy.

The Admiral usually makes the six-hour trip to Paris by automobile but this time ordered the special train, which takes only four hours.

Woman Member Board of Industrial Relations Tells Nelson Rotarians of the History, Work and Aims of Board

The history and work of the Board of Industrial Relations, Department of Labor, was given to the Nelson Rotary Club Monday at the home of Mrs. Rex Eaton of Vancouver, only woman sitting on the B.C. Board.

Her address, in which she explained the manner in which the Board was functioning for a happy medium between employers and employees, follows: "As a member of this Board I never forget the far-reaching consequences of its decisions, affecting as it does the conditions under which thousands of people work and the profits of our employers. "It has been said that the ideal method for legislation is to have first an act setting out the principle which should be given effect, as well as the scope or area in which this principle should operate; secondly, to prepare after due deliberation detailed regulations; and thirdly, a staff of inspectors to see that the regulations are obeyed. "Such is the method followed in at least three acts of the Provincial Legislature, namely the Male Minimum Wage Act, the Female Minimum Wage Act and the Hours of Work Act.

FEMALE ACT FIRST
"The Female Minimum Wage Act, with the support of women and the Trades and Labor Council, was passed in 1917. This outstanding Act gave protection to women whose earnings had been desperately, and according to our present standards, unacceptably low.

"In 1924, the Legislature passed a Male Minimum Wage Act, but it was so worded that it did not survive court proceedings. "In 1933, the real activity of government regulation of wages and hours of work commenced in this Province by means of the amending of the Male Minimum Wage Act, the Female Minimum Wage Act and the passing of the Hours of Work Act. "The principle of the Male Minimum Wage Act and the Female Minimum Wage Act is that minimum wages can be set for employed persons of any age in any part of the Province. The Acts state that no regulations for domestic service or agricultural work shall be made. The Hours of Work Act set the principle of a 48-hour week at an eight-hour day, with provision for permission to exceed or vary these hours under exceptional circumstances.

"The Acts give the power for carrying out these principles to a Board, known as the Board of Industrial Relations.

ONE WOMAN ON BOARD
"The Board is composed of five members. The Chairman must be the Deputy Minister of Labor, and four must be appointed by the Lieutenant-Governor in Council, and one of these four must be a woman.

"In the appointment of the Board two business men are chosen, and one man who had been long identified with labor. "The first woman to be appointed to the Board was Judge Helen McGill, but in a few weeks she was made a Judge of the Juvenile Court, and I became her successor.

"If you will go back to the years 1933 and 1934, you will remember the chaotic conditions of the depression—business going down with swift, sickening lurches, unemployment rampant, relief costs mounting, wages lower and lower.

"I have been associated with Hon. G. S. Pearson, Minister of Labor, in my work, and in common with most people, have learned to appreciate his sincerity and his judgment, but I think I do not yet fully appreciate the courage he had to introduce the legislation and to give the Board the inspiration of his approval. Mr. Pearson has been a competent business man, and these Acts not only satisfied his sense of justice, which I believe run deep in many of our leading business men, but also seemed to him good common sense in business.

"There are two ways to establish minimum wages and maximum hours of work:

"First a total coverage order—setting a minimum wage below which no one in the Province could work, and hours beyond which no one could work. This has been done in one Province, and it was also done in the United States under the Federal Hours and Wages Act. Unless the standards are so low that they are of little value, there is apt to be serious dislocation of business when higher standards are imposed on all lines of business.

"Secondly, there is the method of setting minimum wages, industry by industry, occupation by occupation, trade by trade, with rates that are commensurate with the state and conditions of these classifications.

"The second way was chosen by the Board in 1934, with two guiding influences to influence us. We were first to consider groups where one order would affect a large number of people, and to illustrate, the example of the early proclamation of an order governing retail and wholesale selling staffs throughout the Province. But we also felt we should pause in this program to deal with those occupations where conditions were extremely bad and trouble was brewing, whether the numbers involved were large or small.

LUMBERING CAME FIRST
"The first orders of the Board

regulated the lumber industry in all its branches. Strikes of quite violent nature had broken out, due to wages having fallen in some plants to 20 cents, and even less, per hour. Thirty-five cents became the minimum, later was raised to 40 cents per hour, and the crisis abated.

"So we have gone on, until our last order was No. 75, and we cover now, among many others, bakers, barbers, bus-drivers, Christmas tree cutters, janitors, stationary steam engineers, hair-dressers, ushers, taxicab drivers, watchmen, as well as the mercantile, manufacturing, office workers, and much of our work is still ahead of us.

DEAL FAIRLY WITH BOTH
"The work of the Board is defined in large part by representations made by employees, and in some instances by employers. These come in the form of complaints, briefs and requests for interviews. A thorough research is made into conditions, usually an independent survey by the Board, followed by hearings in private with employees, and always complemented by hearings with employers, and sometimes by public hearings when everyone is free to come.

"The Board will usually draw up a draft order, and submit it to both sides, and finally come to a decision, which upon publication in the Gazette has the force of law.

"To reconcile the often widely divergent views of employers and employees, and arrive at something which will be accepted, is a difficult thing to do. At times the Board's decision is a compromise, but it is entirely sympathetic toward the position of the employees as we advance arguments opposing the demands. On the other hand, those same employers in their meeting with the Board sometimes feel, I am sure, that we have no sympathy with the point of view of the business man. Until the time comes when both groups will come before the Board at the same time, I think the Board will have to accept the criticisms. As a matter of fact, I never feel exactly happy about our decisions unless both sides accuse us of being prejudiced. "We have gone a short way into the field of minimum wages in skilled trades, but we shall proceed cautiously and only at the request of the employers, and the unions and employers are in absolute accord.

"Legislation in minimum wages is designed fundamentally to meet the needs of unorganized workers or weakly organized workers.

"We are committed to a minimum wage—a wage below which no one shall be paid. It must cover all sorts and types of workers and it is to be expected and hoped that the average employer will look upon it as such, giving to the experienced and valued worker a wage over and above the legal maximum.

President H. W. Robertson was in the chair. H. M. Whimster introduced and Dr. Norman Jenkinson thanked the speaker.

Guests were Capt. P. Hartridge of Barkour, and Mrs. G. W. Davis, Angus Davis, K. C. McCannel, F. Bevington of Vancouver, Pat Moore of Calgary, R. Ward of Calgary and Alex Ross of Calgary.

NELSON SOCIAL

By MRS. M. J. VIGNEUX

• Mrs. Gordon Mackenzie, 505 Fifth Street, Fairview, was a dainty hostess Friday evening honoring Miss Augusta Kahle, whose marriage to Frank Claridge takes place at St. Paul's Church Wednesday. Lilacs and Spring flowers were used for decoration. Mrs. Lorne Mansfield, on behalf of the guests, presented the bride-elect with a colorful pottery breakfast set. Among those assisting the hostess were Mrs. T. Wallace, Miss Hilda Irvine and Miss Rose Norcross. Other guests present were Mrs. George Anderson, Mrs. B. Martin, Mrs. D. A. Darough, Mrs. H. Farenholtz, Mrs. J. Duthie, Mrs. D. MacDougall, Mrs. Harold Dixon, Mrs. Alex Tulloch, Mrs. R. McKay, Miss Mary Cameron, Miss Vera Holliday, Miss Margaret Meyer, Miss Mary Muraro of Vancouver and Miss E. Leslie.

• Mrs. W. W. Bennett of South Slooan was a recent visitor in town. • Bain Oliver plans to leave tonight for Calgary to join the R. C. A. F.

• Mrs. Russell McRay left Saturday via the Great Northern to spend a few weeks in Coast cities. • Mr. and Mrs. H. E. Chickering, Upper Granite Road, Nelson, had as guests their daughter, Mrs. K. Jollisse, and daughter Loraine, of Cranbrook, who spent the weekend in town. • Venerable Archdeacon Fred H. Graham who has been spending the winter in Trail at the home

of their son-in-law and daughter, Mr. and Mrs. James Bryden, are guests of Mr. and Mrs. Vincent Fink, Robson Street. • Rt. Rev. W. A. McCann, D.P., pastor of St. Francis Church, Toronto, and Rev. J. A. Morgan, pastor of St. Mary's Church, Welland, Ont., are arriving from Calgary on this morning's train in Nelson they will be guests of Bishop Johnson. • Frank Claridge of Vancouver has arrived in the city for his marriage tomorrow to Miss Augusta Kahle.

• Members of Mrs. Fred H. Graham's Circle of St. Saviour's Church Helpers were at home yesterday afternoon at the home of Mrs. Vincent Fink, Robson Street, to honor Ven. Archdeacon Fred H. Graham and Mrs. Graham who are on their way to visit their son-in-law and daughter, Mr. and Mrs. J. H. S. Winter of Kimberley. Others present were Mr. and Mrs. Rev. J. J. Holmes, Fred Irvine, Mrs. H. J. Haylock, Mrs. F. R. Pritchard, Mrs. Harry B. Gore, Mrs. Mabel Rockliff, Mrs. A. T. Horwill, Mrs. A. J. Cornish, Mrs. F. D. Goddard of Vancouver, Mrs. G. R. Bone, Mrs. George Horstead, Mrs. H. R. Townsend, Mrs. Hugh W. Robertson, Mrs. A. L. Creech, Mrs. A. J. Dunnett, Mrs. Stanley Bostock and Mrs. J. H. Edmondson.

• Mrs. F. Andrews of Harrop visited Nelson yesterday.

Appreciation for Nelson Greetings to Anzacs Voiced

Warm appreciation of the welcome extended to Anzac fliers who recently visited Nelson is expressed in a letter received by Mayor M. C. Sibbs from Wing Commander A. L. James, Commanding Officer of the Service Flying Training School at Macleod.

His letter said in part: "I might I at this time extend my warmest thanks to you and the City of Nelson for the hospitality shown in receiving the 16 Australian graduates recently invited to your city. I am sure, from reports reaching me, that the welcome they received will go far in cementing the friendship that already exists between the citizens of Canada and the trainees from Australia."

Nelson Resident Since 1911 Dies

Mrs. Sophia Jubak of Rosemont died Monday morning in Kootenay Lake General Hospital after an illness of only a week. She came to Canada from her birthplace in Poland about 40 years ago, and after some years near Brandon, Man., came to Nelson in 1911. She was about 65 years of age. Her husband, Mike Jubak, died March 3, 1937. The only known survivor is a niece, Mrs. P. Horlick of Trail.

Showers Welcomed in Creston District

CRESTON, B.C.—Timely showers at the weekend were welcomed in all sections of the Creston district, more particularly by operators on the 17,000 acres of grain crop on the dyked lands, all of which is now seeded and where the recent moisture supply has got everything off to a good start. The rain was welcome as rainfall for the past two months has been scant and growth of field crops has been slow. The forestry officials are also grateful, but much more of it is required, with a season six weeks ahead of normal, and a March-April rainfall of hardly more than one inch.

In the three irrigated districts of Wynndel, East Creston and Canyon water has been in use for the past two weeks and with an abundance of sunshine growth is easily a month in advance of normal years. With the East Creston district orchards an abundant May and June rainfall is hoped for as due forest fires last year in the Arrow Creek watershed, from which stream the irrigation water comes, is likely to limit the 1941 water supply. In the village cognizance of this possible shortage has already been taken. Property owners have been notified that commencing with May 10 sprinkling in Creston will be restricted to one hour in the morning and an hour in the evening, and definite hours for such sprinkling have been set forth on the notice telling of the restriction effective next Saturday.

Sons Beneficiaries of M. Katyk Estate

Three sons, all resident in Taghum, were equal beneficiaries in the estate of Mike Katyk of South Slooan, administration of which was granted Sheriff M. E. Harper, Official Administrator, by His Honor Judge W. A. Nisbet in Chambers Monday. The gross value of the estate was \$2053.73, which will be divided equally between the three sons, Sam, Mike and Peter, each receiving \$685.24. Mr. Katyk died August 30, 1940. W. W. Ferguson was counsel for the petitioner.

EX-CONVICT CHARGED WITH NEW YORK SLAYING

NEW YORK, May 5 (AP)—Less than 24 hours after Advertising Executive Harry V. Maxwell, was slain as he sat in a parked car with a pretty blond dress model, a young ex-convict with a record of five arrests was charged with the crime. Booked as Morris Mardavich, 23, he described himself as a plumber's helper, but Assistant District Attorney Jacob Rosenblum said he was one of two men who shot and killed Maxwell. Eighty thousand people now call up the automatic "What's the weather?" service in Stockholm, Sweden, every month, weather forecasts being recorded on phonograph records to supply the information whenever the necessary number is dialled.

Leaves for R.C.A.F. Training at Calgary

Who left Nelson Sunday for the Royal Canadian Air Force training centre at Calgary. After a time at Calgary he will go to Brandon.

Godfrey was well-known in Interior badminton and rowing circles and at various times he held championships in both Okanagan and Kootenay badminton, and was a member of the Nelson Rowing Club crew to win in the Okanagan rowing championships two seasons ago. For some weeks before leaving he was on the lake rowing daily.

SINGAPORE, (CP)—Lt. Gen. L. V. Bond, General Officer commanding Malaya since 1939, is leaving shortly for Britain to take up a new appointment. His successor will be Maj. Gen. A. E. Percival, former General Staff Officer at Malaya and recently attached to general staff, Aldershot Command.

Cave Evidence Shows Southwestern States Inhabited for 7000 Years

TUCSON, Ariz., May 5 (AP)—Evidence indicating the Southwestern United States was inhabited by man 5000 years before the birth of Christ, has been discovered in a cave on the Papago Indian Reservation. Dr. Emil Haury, University of Arizona reported today. Dr. Haury said nearly 7000 years of human history in the Southwest was disclosed in chronological strata in 12 feet of debris on the floor of the cave. Stone age implements of the 5000 B.C. era were found in the bottom layer of rubble, he related, expressing the opinion the cave was occupied continuously from that time to 400 A.D. and since then only occasionally. Dr. Haury and associates spent weeks excavating in the cave 200 feet above the slope of Castle Mountain, 110 miles West of Tucson. In the top layer of floor dirt were found glass and metal ornaments of the modern Papago Indians who used the cave each June while harvesting fruit of the Saguaro cactus. As the scientists went deeper, they found what they believe to be the first evidence of the physical appearance of the Hohokam peoples who lived in the middle centuries. Nine reasonably good mummies were found in the cave. Dr. Haury described them as medium to small boned, Mongoloid appearance, round heads and low, sloping foreheads. With them were found cotton fabric, human hair cords, open work cloth, fish nets, belts, fur blankets and sandals. One mummy, he said, had a wooden plug, an inch and a half long, through the nose septum. Much work remains to be done in the cave and months will be required to classify and study material taken from it, Dr. Haury said.

Grand Forks-Penticton Trip Will Have Marked Effect on Promotion of Southern Highway Allan Feels

Boards Along Route Can Work More Effectively

Conviction that the trip made to Grand Forks and Penticton by West Kootenay Board of Trade representatives would have a marked effect in the future promotion of the Southern Transprovincial Highway was expressed Monday by A. H. Allan, President of the Nelson Board of Trade, Trail, Rossland, Nelson and Salmo Boards were represented. "We plan to carry the same message of goodwill to East Kootenay and to ask for their cooperation," he stated.

Charles Tupper, M.L.A., told the joint meeting at Penticton that the Hope-Princeton link had already been surveyed. "Most important to all of us," Mr. Allan declared, "was the fact that we got together, ironed out little inter-district suspicions, and found that our desires and intentions were identical. I believe this will have a marked effect in our future promotion of the Southern route."

effectively for knowing it," he stated. Penticton was most interested in the opening of the 11½ miles remaining between Hope and Princeton. Grand Forks was most interested in the road over the Cascades.

The Trail-Nelson-Castlegar resolution carried on the trip by the Kootenay men asked for complete survey and designation of the Southern Transprovincial Highway in order that money spent in the future might be spent to permanent advantage. It urged shortening of the Kootenay Lake ferry run, and the construction, "if and when" money was available, of bridges at Castlegar and Nelson.

LINK IS SURVEYED
Charles Tupper, M.L.A., told the joint meeting at Penticton that the Hope-Princeton link had already been surveyed. "Most important to all of us," Mr. Allan declared, "was the fact that we got together, ironed out little inter-district suspicions, and found that our desires and intentions were identical. I believe this will have a marked effect in our future promotion of the Southern route."

Presentation \$2000 Diamond Brooch Made at Rotary to Mrs. Guy Davis

Presentation of the \$2000 diamond brooch donated by a New Zealand lady for a drawing with proceeds going to the Lord Mayor's Fund at London was made to Mrs. Guy Davis by F. Bevington of Vancouver at the weekly luncheon of the Nelson Rotary Club at the Hume Monday.

Mr. Bevington, Manager of the Yorkshire Savings and Loan Association, who makes periodical trips to Nelson, is a member of the Vancouver Rotary Club which sponsored the drawing. He was asked by his Club to present the brooch to the Nelson lady.

His amusing presentation speech in Old English follows: "Sires and Gentles: "I priithe lend me thy sweet patience and courtesy for a few moments of time. "Verily I be over much honoured in being present at your honourable meeting as humble representative of ye Rotary Club of Vancouver.

"I do see the sweet wonder in these eyes that an officer or person of much import in the Club aforesaid be not present, for there be many Rotarians in Vancouver who possess handsome appearing, perchance some do over much credit themselves. Yet, oh gentles, thou wouldst remember to look not the gift horse in the mouth, lest perchance, thou doest see displeasing fangs of mastication.

"Truly our President Harold be a noble fellow, who doth fill the Office with much grace and dignity. "The noble Harold did say unto me: 'Go thou, Bev, unto Nelson and there say unto the assembled members of Rotary, in well chosen words: "We, the Vancouver Rotary Club do hereby express unto thee, though perchance by a poor vessel of plian appearing, our many and heartfelt thanks for all thy gracious goodness, kindness and intentions, and the tickets for the Lord Mayor of London's Fund. "Verily do thou show thyself, worthy Rotarians and well acquainted with 'Ethics of Rotary.' "Thy help did contribute much to the enabling of the giving to the Lord Mayor's Fund the noble sum of 8,500 ducats of silver. "And now, oh Gracious Lady who didst, as it were cast thy bread on the waters, knowing not the perils and chances, it doth give me great and exceeding pleasure to present unto thee this brooch which thou hast won in truly gallant action with the peoples who purchased a small matter of more than 17,000 tickets. The brooch be a pretty toy, though verily it doth remind me of this fair city of Nelson where the lakes doth gleam like unto an emerald and at nightfall doth many lights glitter and shine like unto diamonds. "And further it be my great pleasure to ask thee to accept these flowers as a gift of specialty from the Vancouver Rotary Club. Perchance in the future as thou strollest in some fair garden and the gentle wind doth blow, it shall bring thee sweet fragrance and so give cause to thy memory to remember, with pleasure, this wondrous and auspicious occasion."

Arthur T. Godfrey

Kimberley Eastern Star Celebrates Fifteenth Birthday

KIMBERLEY, B.C.—The fifteenth anniversary of the institution of Harmony Chapter, Order of Eastern Star, was observed by a birthday party attended by Eastern Star members and friends. Thirteen tables of court whist were in play, prizes being awarded to Mrs. H. Derby, Mrs. Charles, Mrs. W. McWhirter and Mrs. T. Crossley. A lovely supper was served, the head of the table being centered by a three-tiered birthday cake, which was cut by Mrs. Janet Beck, Matron. Mrs. Beck welcomed the guests. Other speakers were R. Beck, Patron; and Mrs. Elizabeth Bentley, past Matron.

J. R. McLennan Will Go to Victoria for Rotary Conference

J. R. McLennan, President-Elect of the Nelson Rotary Club, has been appointed to represent the Club at the District Rotary conference at Victoria this month. H. W. Robertson, Retiring President, was named alternate.

Police Commissioner Is in Kootenay on Departmental Business

John Shirras of Vancouver, Assistant Commissioner of the B. C. Police, has been in the Kootenay on departmental business, and leaves for the Coast today.

Creston Records "Warmest" April

CRESTON, B.C.—The oldest old-timer is hard put to recall an April quite on a par with last month insofar as warm weather and shortage of moisture is concerned. For the month the average temperature was a little better than 62, and the rainfall as officially recorded was .23 of an inch. The hottest day of the month was the 30th when the mercury got up to 81 in the shade. There were two cold dips to 24. There was no frost on April 18, and 27 above on April 19. It is likely the former will shorten up the cherry crop, especially on trees on the lower levels. In the Kootenay River watershed the soil conservation service of the Department of Agriculture places the past winter's snowfall as 78 per cent of that of 1940, 53 per cent of that of 1939, and 43 per cent of 1938.

Parliament at Quebec decided last week that in order to speed up the most urgent work of the session to limit the time of the speeches throughout all the debates on the vote for subsidies for the present year. As was to be expected the leader of the opposition, with his oratorical power that we know so well, appeared to be scandalized and stated that such a measure was an attempt to curb freedom of speech and anti-democratic.

TUESDAY, MAY 6, 1941.

A New Report on Peat Moss

Kootenay owners of peat deposits should take note that the Bureau of Mines, Ottawa, has issued a new memorandum on this subject, though it deals chiefly with results of recent investigations in Ontario, Quebec, and the Maritime Provinces.

One of the largest deposits, the Eel River bog in Northumberland County, New Brunswick, has been estimated to contain 21,000,000 tons of the material, a tonnage sufficient to supply the current demand of both Canada and the United States for more than 300 years.

Although two modern plants were built in Canada in 1940, it is surprising, the report states, that a greater development has not taken place in the Canadian deposits of peat moss, the two main reasons suggested for this lack of development being the expectation of keen competition from European countries after the war, and high freight rates.

Use of peat moss in the United States has been increasing steadily, the imports into that country in 1938 amounting to 62,000 tons, as compared with only 5000 tons in 1924, and it is felt that this increase is likely to continue, with a greater appreciation of the usefulness of the commodity.

Peat moss owes its usefulness to its high absorptive capacity, permanency of composition, and low conductivity of heat. It is an efficient soil conditioner and is used chiefly in horticulture and market gardening.

The report also contains sections on the peat moss trade, the uses and production of peat moss, drainage of bogs, bog operation, and peat moss baling plant.

War - 25 Years Ago

May 6, 1916.—Gen. Henri Petain promoted to command French central armies on the Western Front. Lewis Harcourt appointed Secretary for Ireland succeeding Augustine Birrell who resigned as a result of the Irish rebellion.

Words of Challenge

"We are making history. Let us show ourselves equal to the twin tasks that are set us: first to conquer the Nazis forces who seek to plunge men and women back into the dark ages; and then afterwards to lead humanity to a great stride forward into a broader, fuller and happier life."—Hon. Malcolm MacDonald.

Reader, Trail—Can you please tell me the particular health value of Vitamin C and what foods are rich in this vitamin?

Bleeding gums, loose teeth sore joints, and loss of appetite with loss of weight and fatigue, are symptoms that develop when the diet is extremely low or lacking in Vitamin C. An acute condition of this kind is scurvy. Cooked foods cannot be depended upon entirely for Vitamin C nor does the body store a supply of this vitamin, hence the need for some raw fruits and raw vegetables every day.

H. K. Cranbrook—Can you give a formula for ink which is used for writing on glass?

Shellac, 20 parts; alcohol, 150 parts; borax, 35 parts; water, 250 parts; water soluble dye sufficient to color. Dissolve the shellac in the alcohol, the borax in the water, and pour the shellac solution slowly into that of the borax. Then add the coloring matter previously dissolved in a little water.

Dust of Gold

"Suffer little children, and forbid them not to come unto Me; for of such is the Kingdom of Heaven."—Matt. 19:14.

Looking to the future, it is impossible to comprehend the opportunity of placing Bibles in the schools of Canada, and thus confronting Canadian youth with the vital teachings of God's Word. Over 45,000 Bibles have been placed in schools of the various Provinces from Nova Scotia to British Columbia.

Today's Horoscope: The year ahead of those having birthdays today will be one of joy and sorrow. Domestic affairs, business and travel will play an important part in your lives.

Words of Wisdom

Times and occasions and provocations will teach their own lessons. But with or without right, a revolution will be the very last resource of the thinking and the good.

Etiquette Hints

Conversation in a group, or even between two people, should be reciprocal, not a monopoly. Say what you have to say as interestingly as possible, then listen responsively and attentively to what your companion or companions say.

Test Yourself

- 1. What is meant by cloture, as applied to politics?
2. What kind of paper is used as a wrapping for cigars?
3. Does each member of Congress or of Parliament have a page?

TEST ANSWERS

- 1. It is a method adopted for ending debate and securing a vote upon a measure before a legislative body.
2. Rice paper.
3. All Legislative bodies have staffs of pages, who act as messengers for the membership at large.

South America

Try this one on your quiz fan acquaintances, W. B. Courtney queries in Collier's. Which is near by sea to Buenos Aires, largest city of South America and chief port of Argentina: New Orleans, way down South in the land of cotton, or Boston, way up North in the land of cod? Wrong.

The snout of Brazil is almost due South of the Azores: Rio is two hours East of New York in time. The twin Americas extend from longitude 34 degrees to longitude 167 degrees West: a continental hike exceeded only by Asia from Turkey's Bosphorus to Siberia's Bering coast.

Uruguay, smallest of the ten South American republics, is larger than all New England plus New Jersey, but has a population about the same as Philadelphia's. Brazil, second largest single country on earth—the Soviet Union is first—is a quarter of a million square miles bigger than the whole United States, but hasn't more than one-third as many people.

Out near Melville, Sask., the home grounds of Hon. James G. Gardiner, we remarked to an acquaintance: "This is Jimmie Gardiner's country, isn't it?"

"No, sir," he answered, "this is God's country."—W. L. Clark in Windsor Star.

Mr. Onesime Gagnon went so far as to say: "Why should the only French Legislature in the world give the example of a Government made up of dictators?"

Mr. Onesime Gagnon went so far as to say: "Why should the only French Legislature in the world give the example of a government made up of dictators?"

"The only French Legislature in America, perhaps in the world today, has given the people of this Province and the rest of the country such an example of wordiness, childish and useless, that there is risk of true democracy being ruined here, as it was in Europe, particularly in France."

What a lesson! What a call to duty! These words are so dignified, so reasonable, so true. They should be printed and put before the eyes of the whole administration.

Democracy is the most beautiful, the most worthy, the most human of forms of government. But because we look to its honor, its rightness, its dignity, we would not allow it to become the refuge of all those who are quick with their tongues but whose only strength lies in their awes.

Democracy is the most beautiful, the most worthy, the most human of forms of government. But because we look to its honor, its rightness, its dignity, we would not allow it to become the refuge of all those who are quick with their tongues but whose only strength lies in their awes.

Launch Club Authorizes \$50 Grant to Kinsmen for Regatta; Gilbert Is Again Commodore; Assets \$4665

Grant of \$50 to the Kinsmen Club toward staging a local regatta was authorized by the Kootenay Launch Club at its annual meeting at the City Hall Monday night. Commodore L. F. Gilbert stated a regatta in which trophies annually competed for would be at stake, but no cash prizes would be posted, had been proposed. Outside boat owners might compete, but there were enough local boats, including several new craft, to make an interesting regatta.

MUST HAVE LIGHTS

The Club ruled that all boats must have electric light installed and that gas must be kept in locked closets, and recommended that all members should place fire extinguishers in their boats.

Officers elected were: E. C. Wragge, Honorary Commodore; L. F. Gilbert, Commodore; Capt. J. A. McDonald, Captain; A. A. Perrier, Mate; H. E. Dill, Auditor; H. B. Horton, W. M. Young and Anthony Bell, Governors.

Assets of the club totalled \$4665.74 a gain of \$116.70 over the previous year. There were no liabilities. Receipts, exclusive of cash in savings and general accounts, totalled \$721.20, and expenditures were \$604.54. Cash on hand amounted to \$835.56, made up of \$269.86 in general account and \$575.70 in savings. This money and a \$2000 bond were included in assets. Expenditures in 1940 included \$267.37 for repairs to walks. Two new items were \$46.80 for a watchman and \$28 for removing weeds.

Bowling League Victors

Daily News bowlers successfully defended the Hume Hotel Trophy this season in Gellinas Bowling League playoff series with Gas House Goofers. Each team won half of split schedule. The team, from left, consists of J. C. Young, C. D. Pearson, William Brown, Jr., Jim Cherrington, Bill Galliano, Albert Brown and Fred Brown.—Daily News Photo.

Success of Intermediate Hockey at Coast Pays Way for Interior Teams

Pat Aitken Reveals \$885 Surplus Due Mainly Nanaimo

The amazing success of intermediate hockey at the Coast last winter, particularly at Nanaimo, was one of the brightest spots in the Dominion hockey picture. The biggest forward step to restore amateur hockey at the Coast was taken last season, after the brand had virtually passed out of the picture altogether.

Hockey by Simon-pures had deteriorated so badly in the early 1930's that eventually playoffs with the Kootenay champions were thrown into the discard. That move just about doused the remaining spark of life, despite the fact that two or three teams might be gotten together to play before empty houses.

Then Nanaimo announced its intention of building an artificial ice rink. But hold on! The amateurs weren't the ones being considered at the time, but rather preparations were being made to get a franchise in the Coast pro circuit. However, eventually professional hockey ideas disappeared, and under the energetic direction of Bill Phillips, Rink Manager, a hockey team was gathered together and entered in an inter-city amateur league with New Westminster and Fraser Mills. The team, with Phillips, a former N. H. L. player, also in a playing role, Nanaimo Clippers provided their town-folk with an entertaining style of hockey that began to pack the rink. And gates began to revive at New Westminster.

TAKE THE TITLE

And what should be more fitting to one of these success stories than that the Clippers, having won the title in their own league, should then upset Bralorne and Vernon to win the B. C. championship and place in the Western Canada play-downs?

Cannore was the first obstacle, and Nanaimo got by them in a great series. But the Western final against Swift Current Indians, champions two years in a row. All these series were played in Nanaimo, and as previously announced by the C. A. H. A., were an outstanding success. Intermediate playoffs in the West netted the Association \$11,850. Nanaimo games furnishing \$9,413 of that total in two series. The C. A. H. A. was so pleased with that, that the competing teams were given a sizeable slice of the take.

Coming closer to home, it is learned that the Coast actually paid the way for the Interior intermediates. The financial success of games within the Province at the Coast was the means of paying deficits of other teams and earning them all a bonus of \$10.41 per game played in playoffs once out of their own league.

According to figures issued by A. S. (Pat) Aitken, Secretary-Treasurer of the B. C. A. H. A., the B. C. body showed a total gross profit of \$885.55 in Coy Cup play-down games for the Provincial title.

A rule passed by the B.C.A.H.A. two years ago provided that after the deficits of all participating clubs incurred in the play-downs had been paid 25 per cent of the remaining was to be retained by the Association, and 75 per cent in bonuses to the teams participating in the play-downs.

This was the first time that the Association has been able to show a surplus on its intermediate hockey operations.

The series losing money were the

Mioland, Porter's Cap for Handicaps

BOSTON, May 5 (AP).—The nominations of Charles S. Howard's Mioland for the \$50,000-added Massachusetts Handicap July 16 and his Trail-at-Kimberley, Copper Mountain-at-Vernon and Kimberley-at-Vernon. Visiting teams are to be paid out of the receipts first, and if there is any left over then the home club gets an allowance of \$25 a game. If the receipts of the series cannot cover all this, then the Association makes it up after all returns are in.

The division of the teams' cut of the \$885.55, including the deficits and bonuses, follows: Bralorne \$20.82, Copper Mountain \$227.10, Kimberley \$112.63, Nanaimo \$52.07, Trail \$223.68, Vancouver Plywoods \$10.41, and Vernon \$162.48. The Association's share was \$'N.36.

Casey Jones to Vancouver Ball

TRAIL, B. C., May 6.—Casey Jones, hard-hitting lefthander, has left for Vancouver, and will play for North Shore in the Burrard Baseball League. He will be missed in local softball and baseball in which he has been a star for the past three years.

He was Manager and Second-baseman of Crown Point last Summer and set a new batting mark in Victoria Park softball. In one game he was up five times and hit three home runs and a double. He then led the team to the league title.

He played first base for Trail Indians, with whom he ascended to the Kootenay senior baseball throne.

His wife, Sadie, was well-known as a first sacker in Trail girls' softball, and was a member of the rep team.

Sports Roundup

By EDDIE BRIETZ Associated Press Sports Writer
NEW YORK, May 5 (AP).—Ty Cobb has a sprained side and wants to postpone his benefit golf matches with Babe Ruth from May 16-17 until June 15 or later. . . Of the 465 newspaper experts who entered the Kentucky Derby win-hit contest, only 74 picked Whirlaway to win—and not one gave Staretoor a tumble and second place. . . Billy Conn goes against Buddy Knox at Pittsburgh May 25 as a tune-up for Joe Louis the next month.

Saturday's editions of The New York World-Telegram named Eddie Arcaro the rodeo Whirlaway later in the day as its "Star-of-the-Week."

Andrews President of Kimberley A.H.A.

KIMBERLEY, B. C., May 5 (CP).—Application of the senior hockey club and the Curling Club for the amateur concession at the Dominion Day celebration was made at the annual meeting of the Kimberley Amateur Athletic Association. The clubs netted a substantial profit last year.

A proposed pro-rec centre was turned down when it was felt existing sport facilities were adequate. Frank Levis reported lacrosse had been dropped at the schools, because of lack of interest of the boys. A small deficit was reported. H. S. Andrews was named President, Levis, Vice-President, and A. Watson, Secretary-Treasurer. The executive will include representatives of every branch of sport in the district.

Cardinals Bring Decembrini Out of Retirement to Help Fill Vacancies

A. Bilesky, Anselmo Now in Army for Duration

TRAIL, B. C., May 5.—Trail Cardinals, finalists in the West Kootenay Baseball League playoffs last year, have a couple of vacancies to fill as result of the drafting of 21-year-olds but they have plenty of material for reinforcements.

Now in the army at Vernon are Mush Anselmo, and Andy Bilesky. To take the place of the peppery little Anselmo behind the plate Silvers Decembrini will return to the baseball wars after two years' retirement. The colorful veteran will again be handling the deliveries of Lefty Bogstie, both of whom played for the semi-pro Cardinals of a few years back.

Mike Wolfe, formerly an outfielder, is going to play at the initial sack this year as Andy Bilesky's successor.

Helping out Bogstie in the mound chores will again be Buzz McGibney former Prairie chucker who joined the Cardinals if mid-season last year.

Among the new faces are Henry Hughes of Fernie who is after a third base job. He is a brother of Johnny Hughes, who played intermediate hockey for the Trail All-Stars last winter. He is rated fairly high.

Another prospect is William Samoyloff from Kamssak, Sask. He is a first baseman.

Wish Milburn, again Coach of the team, offers a suggestion that an effort be made to bring Kimberley into the league. Coached by Pat Thomas, a fine infielder, the East Kootenay team is a snappy outfit, and would increase fan interest in the league considerably. Besides the Cardinals the Trail Indians, the champs, and Nelson Seniors are definitely in the League, and Rossland is another possibility.

Blackhawks Are Sadly Lacking in Right Wings

CHICAGO—"We will trade any defense man on our club for one good scorer—but it must be a top-notch scorer!"

These are the sentiments of William J. Tobin, President of the Chicago Blackhawks. He has approached Art Ross, boss man of the Boston Bruins, in an effort to make a deal that would bring the Hawks at least one player who can score consistently.

"Flash" Hollett, defense man, left wing, center or right wing, an all-around player, has been prominently mentioned by dopsters as a possibility to join the Chicago club, but the Hawks' chief deficiency is at the right wing position. Joe Pa-pike, brought up from Kansas City late in the season, is regarded as a capable man on right wing and he is scheduled for a regular berth next year.

Other right wingers, exclusive of Mush March, who is a question mark next season, failed to measure up to Hawk expectations. Pep Kelly was the first disappointment. Johnny Chad was the second and Phil Hergesheimer the third. Hergie was expected to center in the playoffs and appeared to do better there.

On defense the Hawks are considered especially strong. Hence the offer to trade any of their defense men for a good forward. Earl Seibert, Art Wiebe, Joe Cooper, Jimmy Mariucci and Dave Mackay would be put on the block, according to Tobin's blanket announcement, but of the five MacKay is likely to be shifted to a forward berth.

He centered in the playoffs and showed to good advantage. Mariucci, who made the miraculous leap from American college hockey to the big league, is the next defense man least likely to be traded.

TAGHUM SOFTBALL TEAM NOSES OUT NELSON IN NINTH

Capitalizing on loose playing by the Nelson Spiffers to push across the tying and winning runs in the last of the ninth, Taghum nosed out the Nelson team 7-6 at Taghum on Sunday afternoon. The game was nip-and-tuck all the way, and Taghum put on a thrilling drive to overcome a 6-3 deficit in the last three innings.

Score by innings: Nelson 004 011 000-6 Taghum 201 000 112-7
Lineups follow: Taghum—Masloff c, Nick Hucal 2b, Art Hill c, Radikin 1b, Stan Hill lf, R. Kellogg cf, A. Frieze 3b, W. Kellogg p, and Kambpell rf.
Nelson—Frank Kohar 3b, George Gagnon 2b, Rev. Edward Doyle ss, Mickey Prestley c, Bob Hunden lb, George Focklage p, Al Frocklage cf, Joe Crosby rf and G. DeGiralamo of.

GOLF TOURNEY JUNE

NEW YORK, May 5 (AP).—The United States Golf Association today announced the 1942 open championship will be held at the Inter-lachen Country Club, Minneapolis, around the middle of June.

TENNIS MEET MAY 31

MONTREAL, May 5 (CP).—R. N. Watt, President of the Canadian Lawn Tennis Association, has announced that the Association will hold its annual meeting here on May 31.

CRANBROOK LADY HAS FISH STORY TO END 'EM ALL

CRANBROOK, B. C., May 5 (CP).—Mrs. Hubert Neily, fishing on Smith Lake recently, pulled in a three-pound salmon in a rather roundabout fashion.

She felt a tug on her line, and reeled it in only to find another rod snagged on the end of it. Then came another reel and another line. At the end of that line was the salmon.

Jack Mather, another fisherman, reported he was holding his rod rather loosely a few hours earlier and had it jerked out of his hand.

Nine Milosevich brothers have played basketball in a High School in Ziegler.

Yankees Blasted 7-3 by Detroit; Feller Wins 5th

New York Yankees were shipped yesterday for the fourth time in seven games in the West as Detroit Tigers backed Tommy Bridges' six-hit hurling with a five-run blast against Lefty Gomez and won 7-3.

The Tigers were held to six hits, but made four of them, including Pinky Higgins' double with the bases loaded, do a lot of work. Joe Gordon hit a two-run homer for the Yankees.

Cleveland Indians stretched their victory string to 11 straight with a ninth-inning 2-1 American League win over Washington Senators behind the three-hit pitching of Bobby Feller. It was Feller's fifth win.

Rookie Lester McCrab pitched and batted Philadelphia Athletics 5-4, 11-inning victory over the White Sox. The loss dropped the White Sox into a third-place tie with Detroit.

Southpaw Ernie White became the fifth member of Manager Billy Southworth's sensational rookie pitching corps to crash the victory column when he held the Braves to give hits while the league-leading St. Louis Cardinals gained their 10th straight National League triumph, 5-1.

Maxie West got a pinch-hit home run for Boston. Enos Slaughter homered for the Cards.

Gold Belt Was Winning Squad

The Daily News erroneously reported the winner of the Salmo Valley Softball League game at Salmo Sunday between Queen and Gold Belt mines as being the Queen.

The Gold Belt team, slamming 19 runs across the plate in the opening frame, coasted the rest of the way to a 43-6 victory behind Fitzpatrick's eight-hit hurling.

It was Gold Belt's second straight victory to keep pace with Salmo, also winners of the first two games. Queen and Ymir are tied in the cellar with two losses each in as many games.

Percy Craven With 21½-Pounder Now Named Official Trout Derby Leader

Leader of the Nelson Gyro Club's annual Kootenay Lake Trout Derby after the first weekend of fishing, according to the returns received so far by E. E. Hopwood, Chairman of the Derby Committee, is Percy Craven of Nelson, who brought in a big one weighing 21 pounds, 8 ounces Sunday afternoon off Coffee Creek.

Mr. Craven's fish was weighed in at Balfour by O. C. Thomas, and Mr. Thomas' station is the only one so far to send in its report sheets. It is the best yet, topping the previously reported leader, weighing 20 pounds 2 ounces, caught by Ian Currie of Nelson. This latter fish was weighed in at Procter, and that station, as well as all the others except O. C. Thomas', has yet to send in its sheets.

"It certainly is way ahead of last year," enthused Mr. Hopwood. Leslie Pickard's 20-pounder was the biggest last year until on into the Fall when finally several men went over that mark. Far more fish are being caught too.

Returns received by Mr. Hopwood so far follow:
Art Hill, Blewett—18½- and 9½-pounders caught May 1 and 2, 4 p.m. and 8 a.m. respectively at Pilot Bay. Lure—Gibbs Stewart No. 4. Weather—cloudy with some rain.
T. Cragg, Nelson—11½-pounder caught May 1 at 6:10 p.m. off Pilot Point. Lure—Ruby-Eyed Wobbler. Weather—rainy.
W. Biker, Trail—15¼-pounder,

He Has No Illusions About Golf Ability

CHATTANOOGA, Tenn., (AP).—Bobby Jones 3rd, son of the former grand-slam king, has no illusions about his game, coming up to the fifth hole of the country club in the Southern Prep and High School tournament, he was asked how he liked the course.

"I don't know," he replied. "I haven't found it yet."
(Note: He never did locate it, shooting 95-98-193 for 35 holes.)

meet MR.

Bob Logan

Veteran of the minor leagues, Bob Logan, southpaw pitcher for the Cincinnati Reds, is expected to stay in big time company this year. Logan, who has worn the livery of both the Dodgers and Cubs in the National League and the Detroit Tigers in the American, has spent most of his minor league life with Indianapolis, where he won 18 games last season.

Logan broke into pro baseball with Fairburg in the Nebraska State league in 1930 and then went to Oklahoma city, then Knoxville and finally Indianapolis.

The southpaw is 31 years old, stands an inch under six feet, and weighs 178 pounds.

Illness Had Part in Sydney Defeat

MONTREAL, May 5 (CP).—Coach Bill Gill of Sydney Millionaires said tonight that illness had played a part in the defeat of his team by Regina Rangers in the Allan Cup finals.

"If my team had played the Rangers one more game, we would have been beaten far worse than it was," he added, "he added Millionaires dropped the final game 3-0 after extending what was to have been a five-game series to six games.

Biggest Bass Yet Is Hooked Near Creston

CRESTON, B. C., May 5.—Bigger and better bass fishing in local streams seems assured for 1940, with the season opening at the weekend with a remarkably fine catch of the big fellows, including the biggest ever taken.

The largest ever hooked was brought in by Jack Smith, and is the first of half a dozen entries in the championship contest conducted by the Vic Mawson Sports Shop. It weighed seven pounds two ounces. It was 21½ inches long, and had a girth measurement of 16½ inches, and was taken in the Kootenay River at the mouth of Washout Creek. Mr. Smith's catch is one ounce heavier than his big bass with which he won the Mawson prize in 1940.

Other lucky anglers were Les Boffey with a sample that tipped the beam at six pounds four ounces, and George Thompson with a five pound 10 ounce specimen.

The bigger ones appear to be migrating further downstream. Up till now the prizewinners have usually been hooked in the backbend of the Kootenay, near Nick's.

Cameron, Walton Even in Scoring in Final Series

REGINA, May 5 (CP).—Scoring honors in the Allan Cup finals between Regina Rangers and Sydney Millionaires were shared by Scotty Cameron, Regina's centre who celebrated his 19th birthday only a few weeks ago, and Bobby Walton, Sydney's veteran centre.

Cameron, a fine playmaker, fired three goals and set up the plays for six others to get nine points, the same as Walton who was credited with six goals, five in the first game, and three assists.

Frank Mario and Grant Warwick, two other 19-year-olds who play on the same line with Cameron, were next in line with eight and seven points respectively.

Badman of the series was Gord Davidson, Regina captain, who spent 15 minutes in the penalty box. Mel Snowdon, Sydney captain and Jack Atchison, Millionaires' forward, each were in the box 12 minutes.

The statistics:
REGINA: Cameron 3 6 9 0, Mario 3 5 7 4, Warwick 4 3 7 2, Bush 5 1 6 10, Kunkel 1 3 4 6, Gruhn 1 3 4 6, Kennedy 2 1 3 5, Bladon 2 0 2 2, Davidson 0 0 0 15, Sandelack 0 0 0 2.

COMIC AND ADVENTURE STRIPS . . .

Youthful Style Has Gay Yoke

Marian Martin

There's a fresh, sparkling, young air to this little frock that matches this gayest of seasons. It's Pattern 9709—a Marian Martin design. Crowning glory of the whole style is that charmingly shaped yoke with its scalloped lower edge. You may show it off in snowy white organdy or pique, or let it match the dress, and do edge it with a froth of lace. Unusual softness through the bustline is created by the curved, full-cut side bodice sections that are gathered-in above the waist. Each centre bodice panel forms one smooth piece with a sidefront skirt section. Edge the short sleeves with lace and add a tie belt to this light-hearted and flattering frock.

Pattern 9709 may be order only in misses' and women's sizes 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40 and 42. Size 16 requires 21-8 yards 39 inch fabric, 1/4 yard contrast and 2 1/4 yards lace edging.

Send twenty cents for this Marian Martin pattern. Be sure to write plainly your size, name, address and style number.

Send your order to The Daily News, Pattern Department, Nelson. Pattern will be sent to your home within 10 days.

Choice Laura Wheeler Doilies in Three Sizes Serve Many Needs

CROCHETED DOILIES PATTERN 2807

When doilies, lovely as these, cost so little to make, there's no need to wait another minute. Begin now on a centrepiece or a luncheon or buffet set—there are three sizes. Pattern 2807 contains directions for making doilies; illustrations of them and stitches; materials required; photograph of doily.

Send twenty cents for this pattern to The Nelson Daily News, Needlecraft Dept., Nelson. Write plainly pattern number, your name and address. Pattern will be mailed to your home within 10 days.

Yesterday's Cryptoquote: THE MORE A MAN DENIES HIMSELF, SO MUCH THE MORE WILL HE RECEIVE FROM THE GODS—HORACE

HOW TO WORK CRYPTOQUOTES

Cryptoquotes are quotations of famous persons written in cipher. A substitute character has replaced the original letter. For instance, an "R" may substitute for the original "E" throughout the entire cryptoquote, or a "BB" may replace an "LL". Find the key and follow through to the solution.

Planting asparagus crowns

CONTRACT . . .

By Shepard Barclay

EASY TO GUESS WRONG

WHEN YOU are up against an unorthodox type of bidder and player, who disregards many of the ordinary sacred tenets of the game, it is up to you to keep your eyes and ears open, and not take anything for granted. Otherwise you may present him a lot of tricks which he really should have no chance to get.

Q and A, and East returned the J to the K. Thereupon the declarer, C. E. Van Vleck, Jr., ran eight consecutive club tricks. To create an illusion, he was careful not to discard any of the dummy's top three spades, throwing off hearts first. East decided he had better hold to his twice-guarded Q in spades, and West tried for a while to retain his four spades. They therefore got rid of plenty of hearts. Finally, on the last club, played to the tenth trick, East parted with his heart A. The heart K, heart 3 and diamond 8 were then good for the last three tricks, giving the declarer a total of 12 and top score on the deal.

Tomorrow's Problem

None ♠ J 10 4

None ♠ A K Q 8 6 5 2
 ♠ A 9
 ♠ 10
 ♠ 5 3 2

(Dealer: North. East-West vulnerable.)

North East South West
 1 ♠ Pass 2 ♣ Pass
 2 ♣ Pass 3 NT

South is a brilliant player who has heard plenty of times that you should not bid No Trump games with a singleton in your partner's suit, much less a blank, as you can't lead to it often enough for finesse. That didn't deter him, however, as the game was duplicate and he was pressing for top scores.

West led the diamond 2 to the best possible score?

War Certificate Sales \$7,000,000

OTTAWA, May 5 (CP)—Sales of War Savings Certificates in April totalled \$7,185,388 in cash receipts from 947,871 applications, it was announced at national headquarters of the War Savings Committee. Sales from Jan. 1 to April 30 total \$30,440,076.

Of the April sales, \$3,590,008 were subscribed through the payroll savings plan; \$2,770,900 from individual applications and \$824,580 through the bank pledge plan.

Ontario had the largest per capita

subscriptions for the month—96 cents—as well as the largest dollar total of subscriptions, \$3,598,120. British Columbia was second with per capita subscriptions of 73 cents, while Manitoba and Nova Scotia were tied for third place, each with 62 cents.

Results for April and for the year to date were recorded as follows: (April per capita figure in brackets):

Prince Edward Island, \$23,060 (24 cents), \$134,336; Nova Scotia, \$342,108 (62 cents), \$2,205,316; New Brunswick, \$179,992 (40 cents), \$816,344; Quebec, \$1,309,676 (41 cents), \$5,114,404; Ontario, \$3,598,120 (96 cents), \$14,767,172; Manitoba, \$451,200 (62 cents), \$2,205,316; Alberta, \$398,856 (50 cents), \$1,795,932; British Columbia, \$566,280 (73 cents), \$2,432,608.

Rails Take New Gains on Wall St.

NEW YORK, May 5 (AP)—
Diverse trends prevailed in today's stock market, with scattered rails edging into new high ground for the year and a number of industrial dippings to lowest levels since last June. Transfers were around 400,000 shares.

There was not enough change in the news picture to inspire pronounced speculative shifts in either direction, brokers said.

Persistent strength of import staples such as cocoa, coffee, sugar and silk, reflecting likelihood of shipping shortages, served as a mild bolstering influence.

Canadian issues were mixed with Molnyre losing 1/4 while Canadian Pacific and Walkers were the gainers, up 1/4.

Production of Base Metals Corporation Property at Capacity

Production of Base Metals Mining Corporation continued at capacity throughout the first quarter of the year, advises Mining Corporation of Canada, Ltd., in its current quarterly report on operations. Kicking Horse Mine commenced producing Feb. 3, and it is furnishing approximately 130 tons daily to the mill, with the balance of the output coming from the East and West Monarch orebodies. Zinc prices remained steady and there was a slight increase in lead prices in March.

Bralorne Drops 20; Pioneer Jumps 15

VANCOUVER, May 5 (CP)—
Trading continued dull and prices were generally unchanged on Vancouver Stock Exchange today. Transfers totalled 7300 shares.

Among the golds Bralorne dropped 20 to 8.55 and Pioneer advanced 15 from 2.44. Pioneer at 2.15 advanced 15 from Saturday's closing bid.

In the oils Extension at 13 1/2 closed fractionally higher than Saturday's bid while McDougall at 5 and Home at 1.55 remained unchanged. Other oils and base metals were inactive.

Cariboo Gold Quartz Production \$125,860

VANCOUVER, May 5 (CP)—
Production of Cariboo Gold Quartz Mines Ltd., in March totalled 3596 fine ounces of gold from the milling of 16,622 tons of ore. This represents a value of \$125,860 at \$5 per ounce.

Hogs Saturday B-1 dressed weight 10.50-10.00.

Old Mine Near Grand Forks Is Again Shipping

VANCOUVER, B. C.—
The old First Thought Mine, just south of Grand Forks near the boundary line, is making history again, according to Russell Parker, General Manager of First Thought Corporation, Spokane.

This old property which ennobled a millionaire, absorbed the life savings of a lawyer and returned to another person the lost accumulation of a business career, is in the limelight again and has been since July last, particularly its mill, according to General Manager Parker.

Manager Parker states that development work is carrying much of the cost of operations, one step, 30 to 75 feet in area yielding \$300,000.

The late Senator Patrick Burns, famed cattle king, of Calgary, when he operated the mine following discovery, recovered \$600,000 in gold and silver from the First Thought prior to 1911, half of which was profit at the old price of gold, prevailing at that time.

Manager Parker states that development work is carrying much of the cost of operations, one step, 30 to 75 feet in area yielding \$300,000.

The late Senator Patrick Burns, famed cattle king, of Calgary, when he operated the mine following discovery, recovered \$600,000 in gold and silver from the First Thought prior to 1911, half of which was profit at the old price of gold, prevailing at that time.

Manager Parker states that development work is carrying much of the cost of operations, one step, 30 to 75 feet in area yielding \$300,000.

Flax Highlights Winnipeg Trade

WINNIPEG, May 5 (CP)—
The trading spotlight swung to flax on Winnipeg Grain Exchange today as wheat futures prices started another week without moving from levels but levels of 73 1/2 for May wheat and 77 1/2 cents a bushel for July.

Eastern houses and crushers found offerings thin in flax and spot prices as much as nine cents over the previous close with light purchases. Moderate selling crop in at top levels but values held most of their broad gains.

Outside interests bought a little barley and rye, holding values steady, but few trades developed in oats.

Wheat futures operations were confined to domestic trading. No export business in Canadian wheat or flour was reported.

Knudsen Asks Tool Builders to Place Defence Jobs First

WASHINGTON, May 5 (AP)—
William S. Knudsen, Director of the Office of Production Management, made public today a letter to machine tool builders calling on them to place defence jobs ahead of other work and "forget everything except the welfare of our country."

Knudsen's letter to all machine tool builders was dated May 2, the day that President Roosevelt asked the P.M.M. to speed production of machine tools.

CLEVELAND, May 5 (AP)—
Declaring 1000 machine tools are being delivered daily to United States defence plants, President F. V. Geier of the National Machine Tool Builders Association pledged today for greater utilization of the equipment by manufacturers.

Prices Increase on Chicago Market

CHICAGO, May 5 (AP)—
An attempt to extend the sharp grain price advance ran into heavy profit taking today after wheat and corn rose a cent or more to 95 and 70 1/2 cents a bushel respectively for May delivery.

TRAIL SOCIAL
By MISS KAY LOWDON

TRAIL, B. C., May 5—George Laforte is visiting Vancouver.

Mr. and Mrs. L. F. Tyson have their daughter, Mrs. Allan Gilroy of Penitont, visiting them.

Mr. and Mrs. J. P. Coates visited Mr. and Mrs. George Horstead at Nelson last weekend.

Miss Helen Gilroy of Brilliant visited Trail last weekend.

Mr. and Mrs. R. Beynes, 1498 Columbia Avenue, have as their guest Miss Veima Thompson, who is returning to North Brook, Ont., after spending the winter at Victoria.

Mr. and Mrs. L. White of Nordman, Idaho, visited Trail during the weekend.

Mr. and Mrs. C. Clark of Vernon visited Trail last weekend.

Miss Flora McLeod and Miss Eileen Baillie visited Castlegar Sunday.

Miss Eva Midgley visited Nelson last weekend.

Dr. M. W. Lees returned to his home Sunday from the Trail-Tadnac Hospital, where he underwent an operation last week.

Knox United Church W. A. held a delightful tea and sale of work at the Masonic Hall Saturday afternoon.

Mrs. M. W. Lees and Mrs. J. Crowe received the guests Mrs. W. J. Wagstaff, Mrs. C. A. Fransen and Mrs. M. Carpenter were supervisors of the fancy work booth, and Mrs. M. F. Kempton, Mrs. C. Fraser, Mrs. W. Wood and Mrs. J. Hollet were in charge of the bake table.

Serving tea were Mrs. R. R. Wellwood, Mrs. M. Michaely, Mrs. W. L. Harris and Mrs. C. G. Coulter.

Fight for Freedom Will Be Won but Canadians Are Warned Against Relying on 'Time'

TORONTO, May 5 (CP).—The fight for freedom will be won because Canada, as well as Britain and those associated with her, will stop at nothing which can effectively be done to ensure the overthrow of Nazism, Defence Minister Ralston said today.

In an address to Rotarians at which Canadians played host to American brothers in Rotary, the Defence Minister reviewed Canada's marshalling of her power for war and called for the most united strength and the most unflinching energy which Canadians can muster.

"I think our most dangerous enemy on this side of the Atlantic is the idea that we have plenty of time," he said.

But he believed the events of the last few weeks—United States steps for increased aid to Britain and the allies—have given that enemy a mighty wallop.

"What we have to steel ourselves for is to strive and work just as resolutely and just as hard in systematically planning, preparing and fitting ourselves as if the enemy were at our gates," said Col. Ralston.

A war without casualty lists seemed unreal, Canada's army, navy and air force casualties to date totalled about 700 whereas in the last year and a half more than 15,000 Canadians had given their lives.

"The fact we have suffered lightly so far is no guarantee for the future," he said. "The time will come when all we can do in the way of preparation will be put to the test."

"Let me tell you all, there is nothing unreal about this war. It is a fight to the finish and Canadians need to have that said to them just as much as anybody else."

Col. Ralston reviewed the growth of Canada's armed forces since war started—the expansion of the Army and Navy and the bringing into operation of the Commonwealth air training plan. "The Canadian Navy, which had only 15 ships when war broke out, now has over 180 and the strength of the silent service has increased from 2000 to 17,000 and will be 25,000 before the present fiscal year is out.

"Nearly 80 a-m-y mobilization and training camps are operating across the Dominion. In these camps about 175,000 soldiers of our active army are fitting themselves for service anywhere, and there are about 10,000 young men called up under the national resources mobilization act for defence of Canada.

"The Royal Canadian Air Force has grown to a strength of about 50,000.

"You may not know it but many graduates of the Commonwealth air training schools are already in England to take part in the battles of the air.

"The record is that twice as many pilots and observers have been graduated as were planned for up to this time and before the year is out we expect that these schools will have produced six times the number which the original schedule called for."

He spoke of the Ogdensburg agreement, the formation of the U. S.-Canadian defence board, the Hyde Park declaration, the turning over to Britain of 50 American destroyers and the lease-lend bill.

"It would only be painting the lily for me to attempt to dwell on the importance of all those history making measures," he said. "They are striking enough in themselves, but the heartening, cheering significance of them is beyond words. They leave no doubt where the great heart of the American people is in this struggle."

Correspondent Tells of Heroic Deeds During Greek Evacuation

By ROBERT ST. JOHN
Associated Press Staff Writer

CAIRO, May 5 (AP)—If you would know what made it possible for the British Navy to evacuate thousands of Imperial troops from Greece in face of almost incredible odds listen to the story of the Ulysses.

The Ulysses (that wasn't her name, but it makes no difference) was a British merchant liner assigned to evacuate men from the Greek mainland. She was just pulling into an embarkation port when Stukas dive-bombed her and blew away both her anchors. Further operation with such damage would be hazardous. Dangers were doubled, but thousands of brave yet weary soldiers were waiting ashore to be taken off, so the Ulysses went on.

She loaded her quota of troops, steamed two days to a disembarkation port and once there floated helplessly while her human cargo was discharged. Then she turned back for another load.

At the exact spot where she was formerly attacked, German planes struck. The engine room was flooded. Now the problem was whether the Ulysses could be saved.

A radio message crackled through the air. Soon a British warship hove in sight, threw out a life line and took the Ulysses in tow.

Some of the crew remained on board though the risk of death was great. The warship clipped along at a towing job. During the foggy night the tow line parted and the Ulysses drifted toward a rocky shore. The ship's crew saw sure death looming up for them as the warship sped away. But she came back and by dawn they were approaching a friendly shore. Then came another SOS from near the Greek mainland.

The warship located a little Greek schooner which agreed to take the Ulysses in tow and the warship raced away on a second errand of mercy.

Five days the Ulysses was towed slowly through Mediterranean waters without convoy. But I saw her arrive at her destination.

There was a story of another British merchantman which was hit squarely on the bow by a German bomb. Damage was slight, but a serious fire broke out. Then another German plane roared out of the clouds and dropped four more of her bombs.

They landed all around the bow

REDCROSS News Notes
Salmo and Ymir Parcels Please
By the Work Room Reporter

Nelson Red Cross Work Committee was particularly pleased with two parcels which arrived last week from auxiliaries in Salmo and Ymir. The Ymir Auxiliary sent in three girls' sweaters, one small boys' knicker suit and a child's sleeveless sweater. Beautifully knitted, the garments were embroidered and trimmed in bright colors. The pockets of one sweater were designed as baskets in which gay flowers poised.

The Salmo parcel, made up entirely of donations, contained six sweaters, a child's skirt, a skirt and sweater outfit, and three afghans. The afghans, knit in the gayest of colors, were particularly attractive and will certainly bring a rainbow of brightness to whatever surroundings they are sent.

Other Anzacs May Visit at Nelson

The Citizens Committee organized to entertain groups of visiting Australian and New Zealand Air Force trainees, has been informed of the likelihood of another group of Anzac airmen of the Commonwealth training centre at Macleod visiting Nelson shortly. Sixteen graduates of the centre spent a three-day leave as guests of the citizens recently.

Fifty-one trainees are scheduled to receive their wings this week, and if permission is granted, will likely visit the Queen City. The trainees after hearing of the reception given the first group, are keen on a visit.

The Committee received a letter from Pilot Officer M. J. Marti, voicing the appreciation of the first group for Nelson's warm hospitality. All the hostesses who billeted the men have received a letter of thanks from their guests. Different organizations also had letters of thanks.

Trinity Ladies Service Club has arranged to send a box of candies and cookies to each of the 16 visitors, who will leave the training centre shortly.

DUTCH SHIPS TO CALL AT PACIFIC COAST PORTS

PORTLAND, Ore., May 5 (AP)—Forty-five Dutch steamships soon will make Pacific coast cities regular ports of call, Dr. Alexander Loudon, Netherlands Minister to the United States, disclosed yesterday.

The ships will carry war supplies to the Dutch East Indies, he told an interviewer. The vessels now operating from the East coast through the Panama Canal to the East Indies, but that route takes too long, the envoy said.

U.S. Rounds Up Planes for Use in Middle East

WASHINGTON, May 5 (AP)—A hurried roundup of transport-type civilian aircraft at President Roosevelt's request was reported in aeronautical quarters today to be directly linked with the war in the Mediterranean.

Airmen familiar with negotiations by which commerce secretary Jesse Jones already has acquired a substantial number of civilian planes for transfer to Great Britain predicted those considered suitable would be dispatched immediately to the Middle East.

Jones wrote the President Wednesday that a "substantial number" of planes would be collected by the weekend, and aides reported today that the first roundup produced between 20 and 30 craft.

Other members of the Central Committee are P. F. McIntyre, W. A. Curran Mayor Herbert Clark, H. J. Palmer, Dr. M. R. Basted, Dominic Doloise, Mrs. W. J. Dougan, Frank Millican and S. B. Welliver.

SELASSIE MOVES TO RECLAIM THRONE

ADDIS ABABA, Ethiopia, May 1 (delayed) (AP)—Haile Selassie was near his capital city today to reclaim the throne from which he was driven by the Italians in 1936 and his subjects began celebrations.

Thousands flocked to St. George's Cathedral for a double celebration—the imminent return of the Emperor and to observe St. George's Day, the Ethiopian national saint.

Haile Selassie crossed the blue Nile from Debra Markos and reached Balala, about 90 miles North of Addis Ababa.

OIL COMPANIES RENEW CONTRACTS WITH JAPAN

BATAVIA, Netherlands East Indies, May 5 (AP)—British-American oil companies renewed today their sales contracts with Japan, continuing under an agreement reached last November. That agreement increased Japanese oil supplies from the Netherlands East Indies from 494,000 to 1,800,000 tons a year with U. S. and British companies acting as importing agents.

The extended contracts gave the Japanese the same quotas as before. They failed to take the full amount allotted under the old contract, and these percentages will not be added to quotas stipulated in the new contracts.

A tanker shortage is believed to be the reason for Japan's failure to take her allotted amount.
