THREE KILLED IN THIRD RAID ON ENGLAND

France Studies Nazi Peace Terms Today

CANADIAN LEADS AIR ATTACK ON CALAIS BATTERY

Guns With 30-Miles Range Blasted by R.A.F.

FOUND BY CANUCK

LONDON, June 21 (CP). — Bombers of the fleet air arm, striking at German military preparations in French Channel ports apparently for forthcoming attacks on England, raided the key harbor of Calais today—led by a young Canadian airman—and blasted important gun emplacements.

Britain thus took the initiativ in striking at enemy points where the Germans may be establishing bases from which they might be expected to attempt any planned invasion of Britain.

The "successful attacks" on the Calais guns—with a range of 30 miles or more and pointing at this island across 22 miles of the Channel—were carried out at about the same time that Royal Air Force fliers dropped more than 400 incendiary bombs on the airdrome at Rouen, France. Rouen, now German-occupied, is a port of the Seine Estuary more than 150 miles down the Channel from Calais.

The Canadian aviator, whose name was not given, first dropped his bombs on Calais gun positions and then circled around, photographing the rest of the attack. He brought back vivid pictures of devastation caused by many direct hits.

The same Canadian had discovered and photographed the German gun emplacement on a previous reconnaissance when he flew at less than 1000 feet to get pictures.

German gunfire then was so heavy he only brought his machine home by great skill. One wing was shattered and collapsing, the fuselage riddled and the gas tank split with fuel pouring over everything.

A pompom shell exploding inside the fuselage wounded his navigator. He made a forced landing at a South coast airdrome. Today he got his revenge.

The Air Ministry announcement said the naval bombers, protected by Hurricane fighters, "swept down on the target at Calais in three waves, dive-bombing in the face of tremendous fire."

One British plane was hit and downed in the sea while the others returned safely.

More than 80 bombs—dropped within four minutes—also were dropped among aircraft on a runway of the Schipbol airdrome, Amsterdam.

Other airdromes were reported attacked and at Munster, Germany, many fires started near 14 big sheds.

BRITISH BOMB BERLIN STATION

BERLIN, June 22 (Saturday)—(AP).—Three incendiary bombs were dropped on the Babelsberg railroad station in an air raid early this morning. Authorities claimed that damage was immaterial.

BERLIN, June 22 (Saturday).—(AP).—An air raid alarm sounded in Berlin at 1:40 a.m. today.

The only previous air raid alarm in Berlin since the war started came during the Polish campaign but no planes appeared at that time.

The alarm was accompanied by prolonged firing by anti-aircraft guns.

The alarm was lifted at 2:16 a.m. after remaining in force 36 minutes.

Twenty minutes after the signal first sounded the gunfire had ceased.

Armistice Car Goes to Germany

BERLIN, June 21 (AP).—Hitler tonight ordered the historic armistice railway car of 1918 and 1940 to be brought to Berlin.

Hitler issued a three-point command as follows after leaving the Compiegne Forest:

1. The historic car, memorial tablet and monument of Gallic triumph are to be brought to Berlin:

2. Positions and slabs of two trains (positions where the cars of the German Commission and of Marshal Foch stood in November, 1918, were marked by commemorative stones) are to be destroyed.

3. The monument to Marshal Foch is to be preserved undamaged.

On the monument of triumph is engraved this legend:

"Here, on Nov. 11, 1918, was frustrated the criminal arrogance of the German Imperial Reich, defeated by the free peoples which it sought to enslave."

Hitler Demands All Guarantees Necessary to Him to Continue His War Against Britain; End to Resistance

FRENCH MEET HITLER AGENTS TWICE

BORDEAUX, France, June 22 (Saturday) (CP)—The French Government will meet under President Albert Lebrun today to study Germany's armistice terms handed to France's plenipotentiaries at Compiegne yesterday. Time of the meeting was not announced.

The 30-page message, embracing Adolf Hitler's peace conditions, was transmitted to the French Government late Friday from the emissaries, by telephone and telegraph.

Decoders worked at it until late last night.

The French Friday evening communique said merely that French Maginot line troops in the Vosges Mountains were counter-attacking the Germans, despite their desperate position, after taking up a vast "hollow square" formation.

By LOUIS P. LOCHNER
Associated Press Staff Writer

COMPIEGNE FOREST, France, June 21 (AP).—A yes or no answer—unconditionally and now—was demanded of France tonight to the terms of a conqueror's peace dictated by Adolf Hitler.

The four emissaries of the third republic remained in steady telephone communication with their Government. They conferred for a second time, too, tonight with the representatives of the Fuehrer.

He demanded an end to resistance; that the French give him "all guarantees necessary" to him to continue his war against Britain; and the acceptance of "pre-conditions" for a new European order designed to make "reparation of the wrong done to the German Reich by force."

This was the heart of a long preamble given to the French delegates—that and a declaration Germany had no intention of casting "aspersions against an enemy so brave."

His specific terms—not announced in detail pending their acceptance or rejection—were left with the French in a meeting that was heavy with a sense of history repeating itself, but in reverse.

It was a ceremony full of a stiff punctilio, and when it was over the French plenipotentiaries walked outside to a tent to telephone their Government.

The negotiations dragged into this evening. After a preliminary consultation over the wire with their Government, the French returned from their tent to the railway car to talk again to Hitler's agents.

Hitler met the four French delegates at 3:32 p.m. At his signal, Col-Gen. Wilhelm Keitel, Chief of the German Command, read the preamble—a general statement of the demands of Germany and Italy. It was all over in 10 minutes.

17 Recruits of Creston Go Coast

CRESTON, B. C., June 21—With the band playing "Pack Up Your Troubles" and a crowd of cheering citizens that packed the station platform, Creston's second contribution of recruits left Friday morning for the Coast to assemble with the Duke of Connaught's Own Regiment. There were 17 in the party, and they were part of about 80 examined Thursday under the direction of Col. David Philpott and Capt. Coderhill.

Others accepted will require a few days to straighten up affairs and others are booked for the air force. Early in the Fall Creston sent 15 to the 107th and 108th anti-tank batteries, most of whom are now in England.

Those who left Friday were A. W. Parker, Jake Fritz, S. H. Edwards, Douglas Putnam, F. Sheers, Robt. H. Vigne, D. G. Alexander, W. J. Gilchrist, John M. Andrews, H. H. Toose, A. S. Parkin, James V. Lockhead, J. J. Edwards, T. E. Cowley, Francis Bourgon, Jack O'Neil, F. D. McDonald. At least half a dozen of them had served in the Great War.

Powell River Company Plans $900,000 Dam

VANCOUVER, June 21 (CP). — Construction of a $900,000 concrete dam on Lois River, 15 miles South of Powell River, B. C., was announced here today by officials of the Powell River Company, pulp manufacturers.

The dam, which will take two years to build, will employ about 300 men at height of construction, officials of the Company said. It will be 650 feet long and 187 feet high, taking 70,000 cubic yards of concrete.

MOBILE FORCE TO AID A.R.P. SERVICE, COAST

VANCOUVER, June 21 (CP). — Plans for a mobile force of 100 men to augment the Air Raid Precautions Warden Service in Greater Vancouver were announced today by Detective E. W. Morris, Chief Warden for the area.

U.S. REPORT SAYS FRENCH NAVY IN BRITISH CONTROL

Ships Being Built at Brest Not in Nazi Hands

NEW YORK, June 22 (Saturday) (CP)—The New York Herald Tribune says in a dispatch from Washington today that high officials of the United States Government have received information that Great Britain has taken over the French navy "virtually intact" and "as a going concern." The dispatch added:

"German claims that they had captured the new 35,000-ton French battleships Richelieu and Clemenceau at Brest when the Nazis entered that Atlantic seaport were contradicted by the information reaching Washington officials.

"The Germans, it was said, captured only twisted, scorched metal and other debris in the Brest naval yards, as the French, unable to tow away the uncompleted capital ships, had blown them up before retreating from the German invaders.

"Details are not available as to how the British managed to acquire the French fleet, but presumably it was a 'friendly kidnapping' arranged with the consent of the French admirals. Whether the French warships are in the Mediterranean or have retired to the Atlantic was not made known."

WASHINGTON, June 21 (AP)—Authoritative sources said tonight that the United States Government had been advised that the "bulk" of the French fleet had been taken over intact by Great Britain.

Also, it was reported, a large number of French planes had been flown to England as well as North Africa to get them out of the hands of the German army.

The information received here was that one battleship, thought to be the *Jean Bart*, which was to have been commissioned by the French next month, was taken from a French navy yard and towed to an English port.

Technocracy Inc. Comes Under Ban

Trail Legion, Service Clubs Wires Prompt Cabinet Move

OTTAWA, June 21 (CP). — Orders-in-Council authorizing the Government to take custody of property of organizations declared illegal were tabled in the House of Commons today by Justice Minister Lapointe.

Mr. Lapointe also tabled an Order-in-Council declaring illegal the organization known as "Technocracy Incorporated."

Assets will be taken over by the custodian under Defence of Canada regulations and the Immigration Department will put a ban on the entry to Canada of Howard Scott, who directs the organization from New York. All headquarters will be closed immediately and any man or woman who continues as a member of the Technocrat Society is guilty of an offence under Defence of Canada Regulations and subject to a fine of $500 or 12 months in jail on summary conviction or $5000 or five years or both in case of an indictment. The order in council states that Technocracy Incorporated is considered to be of a subversive character and it is therefore declared illegal.

The Cabinet action was prompted by telegrams and letters from the Trail branch of the Canadian Legion and service clubs and was acted on after investigation by the R. C. M. P.

The disposition of property or proceeds thereof of illegal organizations will be in accordance with the direction of the governor in council at the termination of the war.

Southeast England Nazi Bomb Target

Japan Reported Ready to Join Axis Powers; Offensive Likely

Esling Asks for Light on Waiting Air Arm Recruits

OTTAWA, Ont., June 21 — The substance of a wire from Trail was presented in the House of Commons today, when W. K. Esling, Kootenay West, asked the Minister of Defence for air to make a statement as to the position of several thousand men who had successfully passed examination for service in the Air Force, but had not yet been called. Mr. Esling said they were told they would be notified when required, but they had been discouraged at the delay. They were anxiously waiting to be called, and with the hope of still being called, were ignoring enlistment in other branches of the service.

The minister promised to make a statement shortly.

Canadian Troops Set Up in Camp

SOMEWHERE IN ENGLAND, June 21 (CP Cable)—To the strains of martial music and welcoming cheers, a large contingent of Canadian troops marched or rode proudly into camp today. They have come from every province of the Dominion to the aid of the motherland in her hour of direst need.

Train after train disgorged its complement of smart-sun-tanned soldiers who have been in training almost as long as their proficient comrades of the 1st Division. They were glad to be off the train after a journey of more than 12 hours, but happier still in the knowledge they now are in the actual theatre of war with the prospect of seeing action before long.

With the new arrivals came the first detachment of Canadian nursing sisters, most of them from Toronto and Winnipeg. They were split into two groups, the Westerners proceeding to Canadian Red Cross Hospital and the Toronto nurses to a military hospital near the Canadian theatre of operations. Both hospitals will be opened shortly.

French Indo-China Is Aim; Many Troops on Hainan

TROOPS ALSO NEAR HONG KONG AREA

TOKYO, June 22 - (Saturday) - (AP). — Circles close to the Government indicated today Japan's policies now are crystalized around a program calling for closer relations with Germany and Italy, possibly direct action in British-French possessions in the Southern Orient and a negative attitude toward any United States efforts toward rapprochement.

Regarding the British and French holdings in the Southern Orient, these quarters said Japan at least would take a "stronger hand," if not direct action.

Hong Kong, British Crown colony, and French Indo-China are the chief possessions of the Allies in the Southern Orient.

HONG KONG, June 22 - (Saturday) - (CP). — Military authorities of this Crown colony announced today that Japanese troops had begun to occupy areas of South China contiguous to the colony's border. A communique emphasized, however, that there was no cause for alarm.

Chinese troops, mostly irregulars and guerrillas, have been in possession of these areas since early January, when the Japanese voluntarily evacuated from them.

Today's communique said:

"Japanese from Canton are in the process of occupying areas adjacent to the colony for the purpose of cleaning up Chinese guerrillas who have been giving considerable trouble.

"Their intention was announced by the Japanese military-authorities here. There is no cause for alarm."

NEW YORK, June 21 (AP).—The Moscow radio in a short wave broadcast heard here tonight reported large Japanese troop concentrations on the Island of Hainan. The broadcast said this indicated an impending Japanese offensive against French Indo-China. The broadcast was in English.

C. M. & S. Plants Going on Basis of Wartime Production, Blaylock Says

Men to Work 7 Days a Week When Needed

Trail, B. C., June 21 (CP).—S. G. Blaylock, President and Managing Director of the Consolidated Mining &Smelting Company of Canada, said today employees at the plant here are being placed on a wartime production basis and men will be required to work seven days a week when needed.

Following is Mr. Blaylock's statement to the Workmen's Cooperative Committee:

Since our last meeting on May 21 when I advised you that I figured we would have to work at least six and possible seven days a week if we were asked to undertake certain war commitments that we had been discussing with the Government, we have received word that they want us to carry on with all these commitments. At that time I told you I expected we would be short of labor rather than that the men would be short of time and that I was ordering every piece of work in sight that could be dope to be proceeded with immediately.

There are probabilities that we will be commissioned to take on even further work for war purposes. We propose to take back such of our pensioners and retired men as are fit and willing to work.

It will take some time to adjust the various departments to get everyone properly placed and I trust that everyone will cooperate to the fullest extent in accomplishing the best results.

Owing to the seriousness of the war situation, it is essential that these plans are completed and put into operation at the earliest possible moment. Consequently, every man will be doing his bit by doing his utmost, which means that he will be required to work seven days a week when needed.

It is not the desire of the Company that this work should interfere with the holiday scheme and, with that in view, we would like to work off as many holidays as possible during the next six weeks, before the pressure of work reaches its peak.

It is our intention to comply with the wishes of the employees, expressed in the recent ballot, on three-quarter time as soon as conditions permit.

Canada Is Ready to Take Care of British Children

By R. K. CARNEGIE
Canadian Press Staff Writer

OTTAWA, June 21 (CP).—Organization work is being completed so that Canada will be in a position to give a kindly welcome to all the children the British Government may wish to send to this Dominion, the Resources Minister, Hon. T. A. Crerar, told The Canadian Press tonight.

Some weeks ago he explained Canada offered to receive any children the United Kingdom Government wished to move to this Dominion away from the dangers of hostilities.

Senator Cairine Wilson of Ottawa, Chairman of the National Committee Refugees now concentrating on appeals for homes for British children, said applications were pouring in and the estimate that already suitable homes for 10,000 children had been surveyed was conservative.

"In Canada," said Senator Wilson, "the most advanced opinion is that it is better for children to live in private homes as near as possible in the same environment to which they have been accustomed, than to place them in institutional homes.

"In Britain they favor institutional homes and some English women with whom I have discussed it expressed surprise that we favored private homes.

"A great deal of voluntary assistance will be necessary to aid social workers of Provincial Governments investigate the private homes to see which are suitable for the children."

Senator Wilson said the children would remain in shelters and private school buildings for a few days after their arrival in the Dominion. There they will be studied before being placed in the most suitable homes.

"Hundreds of applications are coming in to us," said Senator Wilson. "I think more people are asking for girls than boys. Some want a boy and a girl."

When an applicant wants more than one child it will probably be better to place children from one family together, she believed.

"I do not expect many children will be over 12 years. The British Treasury, to conserve sterling, refuses to release more than £2 for each child, even though the parents may wish to give them more. Thus the Canadian people will have to assist financially."

Late Flashes

HONG KONG, June 22 (CP)—The Central Chinese News Agency reported today that Chinese artillery had sunk one Japanese destroyer and two gunboats in the Yangtse River near Tungliu, South Anhwei Province, on June 18, killing many of the crews.

LONDON, June 22 (Saturday) (CP)—Reuters News Agency in a dispatch from Istanbul said today six French tankers anchored there have been transferred to British ownership and have hoisted the Union Jack.

Old Granby Smelter Superintendent Dies

VANCOUVER, June 21 (CP). — Funeral services will be held tomorrow for Walter Branson Bishop, instructor in metallurgy at University of British Columbia here who died suddenly yesterday.

Mr. Bishop, member of the University faculty since 1924, was formerly superintendent for Granby Smelter Co. at Grand Forks, B. C.

Little Damage Is Done But Suffolk House Demolished

Wave After Wave of Bombers Drop Incendiary and High Explosive Bombs, Sending Thousands to Shelters 'Til Dawn

LONDON, June 22 (Saturday) (CP)—Three civilians were killed during German air raids on England last night and early today, the Air Ministry announced.

The communique issued by the Air Ministry and Ministry of Home Security said most of the bombs in last night's raids caused little damage except for some that fell on a Suffolk town, one demolishing a house and killing three persons.

The text of the communique:

"As already announced enemy aircraft crossed the East coast during last night and air raid warnings were sounded in many districts.

"Anti-aircraft defences were sporadically in action and bombs were dropped in several counties on the East coast.

"Most of them fell in the open country except for some that fell on a Suffolk town, one of which demolished a house and killed three people.

"Elsewhere the only casualties reported are three people wounded."

Wave after wave of German bombers engaged in the attack, showering down incendiary and high explosive bombs in the third and most widespread attack in four days.

With dawn's arrival, the raiders fled the threat of British fighters and the alarms that sent thousands to shelters were lifted.

Roaring across the coast for the third attack this week, the Nazis rent the early morning air with thunderous explosions and started fires which cast a crimson glow over the countryside.

The bark of anti-aircraft guns, the chatter of machine guns and the challenging whine of fighter planes made an ear-splitting overtone to the sound of the raiding planes and the intermittent thud of the exploding bombs.

One salvo of high explosive bombs struck a lumber yard in an undisclosed Eastern area, shattering windows in the immediate vicinity and shaking buildings as far as three miles away.

Reports from the attacked areas said that as soon as the ominous drone of the Nazi craft became audible, their motors were drowned out by speedy British fighters darting into the skies to the attack.

Flares were dropped at intervals for more than an hour in one Southeastern section as the invading planes groped toward their targets.

Searchlight beams cut patterns into the darkness wherever the drone of motors was heard. The sound of heavy explosions came repeatedly. The German planes apparently fanned out before reaching the English coast and spread over an extensive area.

Warning signals were sounded in some towns near the Northeastern coast and half an hour later bombers were heard overhead. No bombs were dropped in this section.

Farther to the North, more waves of German craft swept across the coast and ran into a thunderous fire of machine-gun bullets and anti-aircraft shells.

At one point in an Eastern county the Germans dumped heavy bombs. A fire broke out and blazed for some time. The Germans attacked one Northeastern locality in relays for more than two hours, dropping bombs.

In one area the bombs fell so wide of any mark that they were being jettisoned by an enemy plane seeking to outrun the hot British pursuit.

The British Broadcasting Corporation temporarily shut off its dramatic programs at about 10:45 p.m. "in the interests of national security."

They were resumed with decreased power about 15 minutes later. Shortwave broadcasts were not interrupted.

B. C. Prepared to Take 1000 Kiddies, 90 Days

VANCOUVER, June 21 (CP).—British Columbia is ready to take 1000 war refugee children within 90 days it was stated today by the Provincial Child Welfare branch.

The "1000 in 90 days" is the basis upon which the Welfare Branch has started work but it is expected many more could be placed.

TWO VANCOUVER-BOUGHT TRAINING PLANES ON WAY

VANCOUVER, June 21 (CP). — Two training planes, first of 10 to be purchased by Vancouver people for use here under the Empire Air Training Plan, were on their way here today, and it was expected two more would follow shortly. Over $35,000 has been collected in the "Air Supremacy" drive.

Another Draft Given Rousing Sendoff, Trail

TRAIL, B.C., June 21—With no less enthusiasm than they displayed in their farewell to the first draft of recruits which left the City Tuesday, Trail citizens said "au revoir" to another 37 who entrained Friday morning.

Thirty-two left for Vancouver to join the B.C. Regiment, four were en route to join the Rocky Mountain Rangers at Kamloops and one, Samuel Henry Bennett, will join the R.C.A. District Depot at Victoria.

The new recruits paraded from the Trail Armory to the railway station, escorted by the Veteran's Home Guard and the Trail Pipe Band.

PERSONNEL

Those leaving for the B.C. Regiment were Robert Lloyd Austad, John Duncan Cameron, Gene Theodore Cormier, Maurice Joseph Durocher, Elliot John Grieve, John Harry, Robert Wilson Hills, Selmer Leonard Johnson, Reynold David Konschuk, Edgar Richard King, George Koehle, Theodore John Leslie, Fred Lisway, Frank Oscar Lundberg, Albert Fraser Langill, Walter Leonard Marsh, James Peter Marsh, Herbert Moon, Albert Miles Musgrave, Murray John McLellan, John Samuel McNevin, Basil Henry Cooper Pakenham, Edward Carl Richards, Ralph Brudenall St. George Smyth, George Edward Sodja, Frank Sopko, Joseph Patrick Henry Tremblay, Victor Herbert Quiding, David Unger, Petrick Ward, Thomas Phillp Williams and William Guthrie Williamson.

Rocky Mountain Ranger recruits were James Robert Cran, Andrew Frame, Dominico Picone and John Rossi.

G. T. Cormier had charge of the draft to Vancouver.

600 MEN JOIN UP AT COAST

VANCOUVER, June 21 (CP) — Six hundred men have joined up in Vancouver and New Westminster since mass recruiting began 10 days ago, military headquarters here said today.

The figure was described as "satisfactory."

The British Columbia Regiment has reached two-thirds of its quota with more than 400 men on the recruiting books. More than half of these are from the Interior.

The Westminster Regiment and the Seaforth Highlanders were also making progress toward filling their quotas.

Recruiting will begin Monday at Powell River. The officers and medical board will remain there until Wednesday.

36 PAIRS FIELD GLASSES GIVEN, NELSON DISTRICT

Thirty-six pairs of binoculars have been tendered to the Government, for war purposes, by Nelson District residents. A package of 18 will be forwarded by Nelson Branch of the Canadian Legion this weekend.

Field glasses have been handed over to the Legion and to the Nelson Platoon of the Home Guards and have been forwarded to Ottawa. For several days they were received in considerable number but for the past day or two the number has been dropping off.

The Department of Munitions and Supplies recently applied for binoculars, offering to pay a fair price for them upon valuation by experts.

VANCOUVER, June 21 (CP) — Greater Vancouver's united war work fund is "practically certain" to reach $140,000 when final returns are all in next week, Blair M. Clerk Managing Director of the campaign said today. The original objective was $200,000.

WEST KOOTENAY NURSES HEAR OF PLAN FOR REORGANIZATION FROM VANCOUVER SPEAKERS AT BANQUET

A comprehensive picture of a long-discussed plan for the reorganization of British Columbia registered nurses — a plan that would bring closer contact among nurses, increased attention to the individual districts' problems, education and other definite advantages to the nurses in isolated localities—was drawn for a gathering of West Kootenay nurses at the Nelson Registered Nurses Association annual banquet Friday night, by Miss Margaret Duffield, President of the B. C. Registered Nurses Association, and Mrs. Edith Pringle of the Department of Hospital Services, both of Vancouver.

60 ATTEND

Nearly 60 registered and resigned registered nurses of Trail, Rossland, Fernie and Nelson attended the annual banquet-meeting, the first at which the Nelson Association entertained District members.

The picture of a Provincial body, divided first into District Associations, and secondly into local Chapters which would form the District Associations, was presented by the Vancouver speakers, who are en route to Calgary to attend the Canadian Nurses Association annual meeting.

The local chapters would, under the proposed plan, meet frequently to discuss nurses' problems and hear suggestions for bettered conditions. Resolutions and suggestions brought before these local chapters would in turn go before an annual meeting of the District Association, which would decide upon suggestions, problems, and resolutions to be given attention at the annual Provincial meeting. In this way it was felt, they said, that the problem of the individual district and individual nurses, isolated possibly from the more general field, would gain increased attention, and bring more satisfying results.

OUTLINE ORGANIZATION

The local chapters would be headed by an Executive of a Chairman, Vice-Chairman, Secretary and Treasurer, according to the proposed plan. Membership would be of registered nurses and resigned registered nurses, the registered members however only having the right of ballot. The resigned nurses would be embodied in an associate membership. A nominal fee, approximately a third of which would go to the Provincial Headquarters for operative expenses, has been suggested.

Other purposes of the proposed organization outlined were the furtherance of Provincial plans by creating localized activities to stimulate the individual nurse into taking an active part in nursing affairs of her own locality and in the Province, and to coordinate the minds of the nurses with the minds of the public "who are interested in being nursed."

ASK SUGGESTIONS

Emphasis was laid on the point that the plans were proposals only, and could be amended to suit localized conditions, enlarged, or otherwise changed to facilitate organization. Suggestions were called for. Both speakers stressed the importance of individual effort and enthusiasm in assuring the success of the scheme.

High praise was given Miss Vera B. Eidt, Kootenay Lake General Hospital Superintendent, for her active part in furthering the plan and for her cooperation, by Miss Duffield.

Miss Duffield outlind the organization proposed under the plan, while Mrs. Pringle sketched the advantages to be gained, and numerous nursing problems that could possibly be lessened by such an organization.

A discussion period followed the addresses.

Miss Ethel Smith, Assistant Superintendent, and Mrs. F. P. Sparks expressed the nurses' appreciation to the speakers. Miss Eidt spoke briefly, chiefly enlarging on the advantages of the scheme to the nurse in the small hospital unable to be well represented under the present nurses' organization.

A hearty welcome to the visitors and speakers was extended by Miss Helen Tompkins, Chairman, President of the Nelson Registered Nurses Association. She also expressed the appreciation of the gathering to Miss Duffield and Mrs. Pringle.

Miss Bernice Laing answered the welcoming address, and read letters from Miss Helen Randal, Provincial Registrar, and Miss Grace Fairley, C.N.A. President, both of Vancouver, and Miss Agnes Cant of Galt, Ont., honorary life member of the Nelson body, expressing their regret at being unable to attend.

The toast to "The King" was proposed by Miss Nancy Dunn, and to the Canadian Nurses Association and "all nurses in overseas service" by Miss Jean McVicar. Response to the latter toast was made by Miss Mary Pae.

MUSICAL PROGRAM

A delightful musical program interspersed the courses of the banquet, served at tables gay with colored candles, cut flowers and novel place decorations. Grace was said by Mrs. D. C. Fraser. The program included "O Canada", Mrs. C. A. H. Wright of Trail, accompanist; vocal solos, "Morning", and "I Heard a Forest Praying", by Miss Margaret Arthur, accompanied by Miss G Gowans; the group singing of "There'll Always Be an England", accompanied by Miss K. Schmidt; a humorous paper read by Miss McVicar; vocal solos, "Song My Paddle Sings", and Ponce's "Estrelita", by Mrs. Z. Andrews of Spokane, accompanied by Mrs. Gladys Webb-Foster; "Auld Lang Syne" and "God Save the King."

Britain Seeking to Send Children to U.S.

WASHINGTON, June 21 (AP).—Declaring Great Britain is "desperately anxious" to send its children away at once from the impending battle of the British Isles, Roland Robinson, member of Parliament, today discussed informally with the House of Representatives Foreign Affairs Committee plans for establishing them in the United States and Bermuda.

Robinson later disclosed to reporters what he described as "a thought rather than a concluded plan" for using children's Summer camps in the United States for colonies of youth, from five to 16 years.

111th Auxiliary to Be Enlarged

Immediate enlargement of the membership of the 111th Battery Women's Auxiliary as a result of renewed recruiting was foreseen when the Auxiliary met at the Women's Institute rooms. It was pointed out that the organization actually was broader than a 111th Auxiliary for its charter made it an Auxiliary to the 111th and to any other forces which might be recruited from this district. This made the relatives of all soldiers enlisting here, or of men who left Nelson to enlist elsewhere, eligible for membership, it was explained.

As one means of contacting possible members it was decided to hold a picnic and tea at Lakeside Park, proceeds to be used for purchase of War Savings Certificates.

Another shipment of wool for knitting soldiers' socks, sweaters and so on was received and distribution to volunteer workers began immediately.

Gift of $2 for cigarettes by an anonymous donor and of cigarettes by J. Drummond, for recruits, were reported, and votes of thanks were extended.

A letter from 111th members at Camp Shilo, Man., expressing thanks for recent gifts of a pair of socks and package of cigarettes for each man, was received.

Plans were also made to hold a tag day to raise funds for additional wool.

In Rossland Hospital With a Sprained Knee

ROSSLAND, B.C., June 21 — Henry Fourt was admitted to Mater Misericordiae Hospital with a badly sprained knee Wednesday afternoon. He received the injury while playing with some companions.

Mike Caffaldo of Rossland is Stroke Victim

ROSSLAND, B.C., June 21 — Michael (Biggs da Mike) Caffaldo was found unconscious from a stroke Thursday afternoon, by Don Ventura. He was taken to the Mater Misericordiae Hospital, where his condition is reported as serious.

Mr. Caffaldo, who is 81 years of age, was feeling in fine spirits Wednesday evening, but when Mr. Ventura called about 2:30 the next afternoon he was unable to get in the house, and crawled through a window, to find Mr. Caffaldo suffering from a stroke.

A daughter, Mrs. Mary Ciriancioni, of Oakland, Calif., has been notified, and is expected to arrive by plane.

U.S. Army Unit Going to Alaska

SEATTLE, June 21 (AP) — An Alaska defence force of 700 men arrived today and began loading ammunition, guns and tons of supplies and equipment aboard the transport St. Mihiel for embarkation sometime tomorrow.

Streets leading to the wharf were lined with trucks bearing troops from all part of the Pacific Northwest and coaches, which brought troops and equipment from Fort Missoula, Mont., and Fort George Wright, Spokane, stood on rail sidings.

On surrounding wharfs were 75 and 35-millimetre guns, cases of ammunition, stacked rifles, barrack bags and other army equipment.

Not since First Great War days had there been such a veil of secrecy covering embarkation of troops here. Sergeants and lieutenants patrolled the piers, constantly warning the curious to stay away.

WATCH BOLIVIA BORDER BLOCK SMUGGLING OF JEWS

BUENOS AIRES, June 21 (AP).—The newspaper El Mundo's correspondent in Salta reported today that authorities in that Northern Province were reinforcing vigilance along the Bolivian border after discovering that an international ring had tried to smuggle 15,000 Jews into Argentina from Bolivia.

Cards, Indians to Play Sunday

The West Kootenay Baseball League front will hold forth at Trail Sunday afternoon when the Cardinals and the Indians, inter-city rivals, are scheduled to meet for the second time of the schedule. First time the Cards took a 3-0 victory, and if they repeat they will go in front by half a game. Red Tullock will take the mound for the Indians who are now in front of the Cards by half a game by virtue of last week's victory over Nelson, and Cliff or Maurice Duffy will handle the Redbirds' mound chores.

75 Car Drivers Will Be Examined at Kaslo in Tests Next Week

Driver's tests will be conducted at Kaslo by the Provincial Police next week. About 75 drivers will sit for examinations on vehicular regulations, and take eye and other tests.

The tests at Kaslo will be conducted at the Government Building.

Junior High Grads Have Final Dance

Grade IX students of the Nelson Junior High School bade a social farewell to their "Alma Mater" at a gay graduation dance in the school gymnasium Friday night. The gym was attractively decorated with the school colors of green, red and white in streamers, with bluebirds, and soft-toned lighting.

A sit-down supper was served in the study on the top floor, the tables being decorated with flowers.

The students were out of the school by 10:30.

Kidney Acids Rob Your Rest

Many people never seem to get a good night's rest. They turn and toss—lie awake and count sheep. Often they blame it on "nerves" when it may be their kidneys. Healthy kidneys filter poisons from the blood. If they are faulty and fail, poisons stay in the system and sleeplessness, headache, backache often follow. If you don't sleep well, try Dodd's Kidney Pills—for half a century the favorite remedy. 103

NEWS OF THE DAY

CARD OF THANKS

Mr. S. Benzies and family wish to thank their many friends for the kindness shown our loved one during her illness; also for the many floral offerings and expressions of sympathy during our sad bereavement.

Increased War Effort Work at Trail Means $1,500,000 Addition Payroll Blaylock Tells Patriotic Society

Urges Everyone Give Best Efforts to Aid Fight

TRAIL, B. C., June 21—That the Consolidated Mining & Smelting Company's offer to assist the Imperial Government in its war effort had been accepted and that it had made arrangements in addition to special work to build special plants was the announcement made by S. G. Blaylock, President and Managing Director, at a mass public meeting in the High School auditorium Friday night when the Trail District Patriotic Society was organized.

"All work will be done at cost," Mr. Blaylock said. "There will not be one cent of profit."

"Every atom of your effort will be a direct contribution to the war. When the rivetting guns start on the hill every one of them will be singing a dirge for enemies overseas."

He pointed out that the French and Norwegian plants had gone and that heavy toll would be taken of plants in Great Britain. He said a large part of the machinery had been ordered, yet word to proceed had been received only a week ago.

WATCH EFFORTS

"I appeal to you not only for you to do your utmost but to see to it that the fellow along side of you doesn't 'take five' too often. If he does prod him up. If you see him waste any material or tamper with any machine, look on him at once as your enemy".

He announced that soon the men at the Consolidated plants would be working from four to eight additional shifts a month, which would mean an increase of $1,500,000 a year in the Trail payroll.

"It would be a nice thing if a large portion of that increase could be turned over to the war effort," he said.

He said purchase of war savings certificates would provide a wonderful nest egg "for yourselves" and the Government would receive money when it needed it badly.

If people needed the money they could redeem the certificates within six months. However, he predicted that there would be hard times after the war as there were after the First Great War and tha was when people would need something on hand.

"Stop knocking, stop crabbing, stop criticizing," he urged. "Don't yap about mistakes made. Let's get behind this effort and see we don't make any mistakes.

"We have been sending metal to the front at the rate of a trainload a day. The boys in the smelter have been consistently breaking records and they have been keeping the metal flowing at the highest speed possible."

Trail Aiming at $125,000-$150,000 Year to Aid Canada's War Effort

Patriotic Society Is Given Backing of Public

TRAIL, B. C., June 21—The capacity crowd which filled the Trail-Tadanac High School Friday night, in response to the Trail District Patriotic Society's call to Trail citizens to rally in support of Canada's war effort, was in itself an indication that the people of Trail were anxious to do what they could to back it.

A. H. Raikes, Chairman, described the objects and aims of the Society and said that a huge canvassing campaign to be conducted by some 500 persons would commence on Tuesday.

Aims and objects follow:

1. To develop and organize the public determination to prosecute the war to final and early victory and study and promote means for furthering the community's contribution to this end.

2. To operate in caring for the interests of the dependents of local enlisted men.

3. To aid recruiting and assist in the promotion of adequate local defence.

4. To consider advisability of direct aid to the Dominion war effort; donation of a tank, airplane or ambulance, and so on.

5. Supervision and jurisdiction over all appeals to the public for local charities or war purposes for the duration of the war.

6. To finance the Trail-Tadanac War Chest. To finance Red Cross, Legion Services, Red Shield, K. C. Huts, I. O. D. E. and other efforts.

7. To promote and aid Trail District's participation in Dominion war financing.

MEETING BACKS SOCIETY

On a motion proposed by G. F. Reimann, President of Trail Branch No. 11, Canadian Legion, seconded by Oliver D'Andrea, President of the Colombo Lodge, the meeting gave unanimous sanction to organizing the Trail District Patriotic Society and authorized it to carry out the aims and objects already described.

Mayor Herbert Clark reviewed activities leading up to the mass meeting.

"As a splendid example of patriotism, he pointed to the little town of Lucerr. Alta., giving $1200 a month, which was three per cent of the town's wages.

Alderman William Thomson told the gathering that "We are members of the commonwealth of British nations and we must never forget it. We have a heritage too precious to forget and we must care for it by every sacrifice. I would like to think that from this meeting went out a roar to help the British lion and make a big noise that would be thrown back into the teeth of Hitler."

Lusty cheers went up from the audience when Rev. M. W. Lees, President of the Trail Ministerial Association, announced that the society had set an objective of $125,000 to $150,000 a year.

FINAL VICTORY COUNTS

"It's the last victory that counts" he averred, "and that victory will be ours if we put everything we have into it."

He predicted that the war "will be a fight to the bitter end in which we are not going to have too many breaks." He described Nazi aggression as a carefully-planned, devilish scheme of vengeance.

"Hitler will reap that vengeance if he can," he asserted. "Whether he can or not depends on ourselves. We must fight on to victory. Men and women, we must fight on and never cease until that victory is achieved. Go out and support the war effort 100 per cent and let not one of us squeal if we are hurt."

COAST PLANS TO STIR WAR CONSCIOUSNESS IN PARADES AND PROGRAMS

VANCOUVER, June 21 (CP). — Vancouver's downtown streets will ring to the blare of military bands and the bark of red-sashed recruiting sergeants if plans of a committee of businessmen meeting today are put into effect.

"We need the stimulation of stirring military bands to arouse Vancouver to war consciousness and to put over the recruiting program allotted to the city," said H. R. Cottingham, President of the Vancouver Board of Trade, a member of the committee.

NITROGEN GAS FROM B. C. STEVEVILLE WELL

CALGARY, June 21 (CP).—Mystery of the non-inflammable gas at the Standard of British Columbia's well on the Steveville structure, 100 miles East of Calgary, was solved today.

John Galloway, Manager of the Company at Calgary, stated that analysis of the gas had revealed it to be composed mainly of nitrogen, of no practical economic value.

It was thought for a time, in view of the peculiar properties of the gas, that it might contain helium, used principally for inflating airships.

Adanacs Beat Indians

VANCOUVER, June 21 (CP) — New Westminster Adanacs defeated North Shore Indians 19-18 in an Inter-City Box Lacrosse League game here tonight to move into a first-place tie with Richmond Farmers. Indians loss leaves them in fourth position.

Germans Suffer Heavy Losses as Driven Back in One Area

AT THE FRENCH-SWISS BORDER, June 21 (AP). — Franco's reorganized army of the Jura and the Alps, reinforced by many units which had retreated from the Maginot Line, today was reported not only to have held German motorized units South and East of Lyon but to have driven back advanced Nazi columns to the Northwest of Grenoble with heavy losses.

Long freight trains arrived at Geneva's Coravin Station tonight from Marseille. Trainmen said they had been routed around Lyon — now in German hands — by way of Chambery.

They said the railway lines had been cut by German motorized scouting units, but had been restored and again were guarded by French troops. Train service continued to function regularly between Geneva and Annecy and Geneva and Aix Les Bains.

Nazis Claim "Mopping Up" of Troops Continues; Take Three French Towns

BERLIN, June 21 (AP)—The text of the German communique follows:

"Movements of our troops occupying Normandy, Brittany and the region between the Loire Estuary and the Rhone Valley are proceeding on schedule. Fast troops pushing through Burgundy took Lyon after a fight.

"During the conquest of Nevoy near Glen, 700 brand new tanks fell into the hands of our troops. In Lorraine and Alsace the mopping up in parts of the Maginot Line of stoutly fighting enemy troops is in progress. Remainders of the French Army pressed together in Northern Lorraine have been split into several parts by our attack.

"Encircled enemy groups still are fighting in the Western part of the Vosges Mountain. Hartmannswellerskoff in the Vosges, strongly contested during the last war, is in our possession.

"The air force on June 20 continued raiding the opponents' roads of retreat.

SINK SHIPS

"Beyond the Palatinate Forest our dive bombers again incapacitated a number of fortresses in the Maginot Line, thus contributing to breaking the enemy's resistance there. During fights in Alsace which resulted in the capture of Strasbourg, Schlettstadt and Colmar as well as during the operation of forcing a way into Burgundy, troops were excellently supported by anti-aircraft units in a fight against ground targets.

"Fighting and dive-bombing units on June 20 attacked ships of La Rochelle and in the Gironde Estuary and sank a 10,000-ton transport vessel and a 4000-ton auxiliary ship.

"In the course of the night of June 20, British airplanes again made numerous flights over Northern and Western Germany to drop bombs on non-military targets.

"The material damage caused is insignificant but again several civilians were killed. Our opponents' total air losses yesterday were six planes of which four were bagged by anti-aircraft fire. Two of our own planes are missing.

(London advices said the R.A.F. carried out its usual nightly work in raiding military objectives in the Ruhr and the Rhineland. Two planes were lost in these operations.)

"Our submarines reported sinking four English merchant ships among which was one Royal mail steamer of 11,000 tons."

(No sinking of a royal mail ship was reported in London.)

PRESS SEES MORE HELP FOR ALLIES IN U. S. A. MOVES

LONDON, June 21 (CP)— British newspapers interpreted President Roosevelt's addition yesterday of two Republicans to his cabinet as creation of a coalition government and a sign that the United States would give the Allies more help.

The Daily Mail said the action "is a warning that the United States really does mean business."

Wilson Broadbent, the paper's political correspondent, declared that " successful creation of the first coalition government in the history of the United States is sure to have a tremendous effect in all parts of the world. Its significance is profound."

BRITISH PLACE ORDER ON 2000 PLANE ENGINES

NEW YORK, June 21 (AP).— The British Purchasing Commission has just placed an order for 2000 aircraft trainer engines to cost an estimated $6,500,000. The Wall Street Journal said the order was placed with the Jacobs Aircraft Engine Company, Pottstown, Pa., and that it was for engines of 330 horsepower to be used for the Canadian training program.

ANNABLE'S CONDITION IS STILL UNCHANGED

Condition of J. E. Annable, pioneer Nelson resident, was described at Kootenay Lake General Hospital Friday as "unchanged". Mr. Annable has been in hospital since June 8.

JUNIOR CHAMBER WOULD AID BOYS LEAVING SCHOOL

Formation of a committee charged with attempting to help Nelson school graduates in obtaining work —particularly apprenticeships and part time work for those wishing to go to university—was completed at a Junior Chamber of Commerce dinner meeting at the Hume Thursday. The committee, headed by Frank Becker, included Kenneth McRory, Elias Fisher and William Moffatt.

Cooperation of B. W. Dysart, Provincial Inspector and of James Dronsfield, Superintendent of the Dominion Employment Bureau at Nelson, had been pledged, Mr. Becker said. He had also found a warm welcome for the plan among contractors and City officials. He believed much valuable work might be done by the Board and that its efforts in this direction could be extended as time went on.

Revelstoke Requests Nelson to Send Cars to Big Bend Opening

Revelstoke residents were anxious that Nelson should be represented at the opening of the Big Bend Highway June 29, stated J. R. Hunter in a note from Victoria to the Nelson Board of Trade, received Thursday at luncheon. He had driven over 10 miles of the road and it was a wonderful country, Mr. Hunter stated.

Opening of a route through Nakusp or Arrowhead would mean a great deal to the Southern interior, he added.

Mr. Hunter attended an I.O.O.F. Grand Lodge meeting at Revelstoke, and went on to Victoria.

Pattullo Urges Jobs of Enlisted Men Be Safeguarded

VICTORIA, June 21 (CP)—Premier Pattullo entered the recruiting drive today with an appeal to employers to protect the jobs of men who enlist.

The Premier said employers can help enlistment considerably if they assure their employees that the positions of men enlisting would be waiting for them on their return.

He said the Government long ago adopted the policy of re-engaging men who enlist. Notice has been given that all appointments made to fill the places of enlisted men are only of a temporary character until demobilization.

Traffic Lights on Baker Suggested by Board Trade Council

At the suggestion of Ven Archdeacon Fred H. Graham, who said it had been tendered to him by visitors from larger cities, the Board of Trade Council decided Thursday to ask the City Council to consider the installation of traffic lights on Baker Street.

LONDON, June 21 (CP).—General Wladyslaw Sikorski, Polish Premier and Commander in Chief, arrived today with his staff by airplane from France.

THAT BLOWN-UP FEELING IS often CONSTIPATION GAS Very often it is the GAS formed by accumulated waste in the intestines that accounts for the bloating, griping and cramps in temporary constipation. Relief from such distress comes only from a laxative that, besides inducing a smooth, thorough bowel action, also relieves this gas. Beechams Pills do both these things, pleasantly and thoroughly. Try them tonight and see for yourself how helpful Beechams Pills can be. Buy at your druggist—10¢, 25¢, 50¢.

Sciatica . . .

ow Back Pain Usually Healed by Treatment

By LOGAN CLENDENING, M. D.

A patient writes: "I have been told that my sciatica is due to a protruded intervertebral disk. Will you please explain what this means?"

The backbone is composed of a series of superimposed separate bones. Between each one is a cartilaginous disk called the "intervertebral disk." Recent studies have indicated that in certain cases low back pain and sciatica may be due to dislocation of this cartilagenous disk. The condition is known as "protruded intervertebral disk."

A considerable difference of opinion has been expressed as to how often it occurs. Probably a very low percentage—not more than 2 per cent of all cases of low back pain. Such cases of sciatica or low back pain as are caused by this condition are always preceded by injury or accident. Reports say that surgical removal of the disk is followed by relief.

It certainly indicates that whoever made this diagnosis is an alert and up-to-date physician, but it is to be hoped that gossip on this subject will not spread too rapidly among nervous patients. Most cases of low back pain are relieved by manipulations and by heat, warmth, light treatment and diathermy.

What is the best solution to use for the prevention of athlete's foot in shower baths, by the sides of pools, and other such places.

A one- percent solution of sodium hypochlorite. Another solution used is calcium hypochlorite in a two per cent solution. This is generally cheaper than sodium hypochlorite but there have been no careful studies on the capacity of calcium hypochlorite to kill ringworm. It is also more irritating to tissues.

Sodium hypochlorite is conveniently purchased in metal chemical carboys in 20 per cent strength. This is diluted 20 to 1 for placing in footbaths and the solution should be changed every second or third day. The approximate cost a change should be about 10 or 15 cents, depending on the size of the footbath.

A diabetic person or a person who is overweight, who uses saccharin regularly, asks whether its continued use is accompanied by any harm.

No. This subject has been carefully investigated by a number of workers, and except in extremely large doses, no harmful effect has ever been proved from its use. The average amount of saccharin used is about a half a grain in a cup of coffee, making one and one-half grains a day the average dose. This can be continued for an indefinite period.

There are plenty of diabetic patients who have used saccharin for years and can testify to this.

Winnipeg Suggestion for Alien Control to Be Probed by Chamber

Resolution of the Junior Section of the Winnipeg Board of Trade urging investigation of all enemy aliens by specially appointed boards, and urging steps to guard against subversive activities, was referred to the executive by the Nelson Junior Chamber of Commerce Thursday night for investigation and study in detail.

Phone to Boundary at Nelway Is Urged by Board of Trade

Installation of a telephone to the International Boundary at Nelway should be undertaken by the Government without regard to the commercial possibilities of such a line, H. W. Robertson urged at a Board of Trade Council luncheon Thursday.

The Board decided to write to Ottawa setting forth that it would be useful not only in connection with passport regulations at the border, but also to provide rapid communication between the border and centres of population.

Glorious Health

Good health is the true basis of beauty, success and happiness. Many have won good health by the use of Dr. Chase's Nerve Food.

You may think of sleepless nights, of irritability and general failure of the digestive system to do its work and may say "Oh, that is too good to be true."

But it is true and many thousands of people will tell you that time and again they have been restored to health, vigor and happiness by using this restorative of the blood and the nerves.

At this season of the year nearly everybody needs tonic treatment to build up the quality of the blood, and tone up the nervous system. It is a grand time to put Dr. Chase's Nerve Food to the test.

Dr. Chase's Nerve Food
CONTAINS VITAMIN B1

Hints for Housewives

By BETSY NEWMAN

At least one hot dish should be served at every Summer meal, we are told. I am giving you two in this menu and you can use the cold roast meat from a previous meal or assorted cold meats in the platter.

TODAY'S MENU

Cold Meat Platter
Creamed Potatoes
Hot Cabbage Salad — Bar le Duc
Spiced Cup Cakes — Iced Tea

HOT CABBAGE SALAD

2 cups finely shredded cabbage, ½ cup hot vinegar, ⅓ cup water, 1 tablespoon sugar, 2 tablespoons of melted butter, 1 teaspoon salt, ⅛ teaspoon pepper, ½ teaspoon dry mustard.

Warm cabbage slightly and mix together other ingredients. While hot, pour over cabbage and serve hot.

BAR LE DUC

1 quart red currants, sugar, ½ cup nut meats, 1 cup raisins, rind, juice and pulp of 2 oranges, juice one lemon.

Mash currants, put orange, rind skin and pulp, and nuts through food grinder, add juice of lemon, add ¾ cup sugar to each cup of mixture and cook until it jells—about 15 minutes.

SPICE CUP CAKES

2 cups raisins, 2 cups water, ½ cup shortening, 1½ cups sugar, 2 eggs, 3¼ cups all-purpose flour, teaspoon nutmeg, ½ teaspoon ground cloves, 2 teaspoons cinnamon, 2½ teaspoons baking powder, 1 teaspoon salt, 1 cup chopped nuts.

Wash raisons well, cover with the water and simmer gently for about 15 minutes, drain and cool. Save liquid; there should be one cup. Cream shortening, add sugar and cream well, blend in well-beaten eggs. Sift flour before measuring, sift again with spices, baking powder and salt. Sprinkle 2 tablespoons flour over raisins, add remaining flour mixture to creamed mixture alternately with liquid drained from raisins. Then add nuts and raisins and pour into greased muffin tins. Bake from 25 to 30 minutes in 350 degree oven. This will make two dozen cup cakes.

SERIAL STORY . . . By Oren Arnold

HAPPINESS, C. O. D.

CHAPTER 19

When they weren't interrupted by spontaneous conversation and fun, rehearsals for "Maid to Measure" went forward steadily on Friday and Saturday. Bill and Gayle took turns at directing and acting.

"You can act some, but you can direct better," Bill told Gayle. "You will get by in the cast though."

She realized the truth of that. Bill was really talented at dramatics. He could change a carelessly written line or two in the comedy script and make it sparkle more than the author had. He could originate stage "business." Little movements for the actors to make, short asides, life-like exclamations and expressions.

Gayle, a natural leader, could help others develop themselves, but became a trifle stiff when in character herself. She had the lead feminine role, and Bill said she would improve before an audience.

That young man did a lot of rehearsing with her. The script called for him to kiss her perfunctorily twice, and very lovingly and lingeringly on another occasion. This latter he deemed worthy of much practice.

"Stop it, Bill Bailey!" Gayle said to him once, while everybody else laughed at them. "You are supposed to kiss me just once in this scene. You kissed me three times!"

He grinned, holding her in his arms there on the stage. "You kissed me back."

"I—well, it was before I thought. I do not allow boys to kiss me. I am quite serious about it. I intend to be an old maid, or enter a convent or something. Men are terrible." Her expression quite belied her words, but she tried to be severe.

"Terrible!" Bill echoed, chuckling. "Ought to be a law against 'em. Then another girl could take my part and kiss you—just like this . . . He stole another kiss and wisely fled.

Gayle threw a book at him—the only missile at hand— and gave chase. The others shrieked in laughter. Jeremy looked somewhat alarmed. Bill ran into the first row of empty chairs, fell and came up running laughing still. Gayle pushed a chair at him and backed him into a corner.

For a moment they wrestled there and across the great room Graham the butler came in, his middle-aged and dignified mouth forming an O. When he perceived that the bedlam did not entail any bloodshed, he withdrew. He went to Wallace the cook, for consolation about it.

"Trouble wit' you is, Graham, you try to buttle ever-body, see?" Wallace grinned at him. "Now me, I ain't so old as you and the old gent and that Weems, see. I ain't even 30. Let them kids play, see. Wasn't you ever a kid?"

Graham looked as if the thought was inconceivable, but he said no more. He went discreetly to another part of the mansion, where things were less irregular.

Immediately after noon on Friday Bill left The Oaks. He had also gone away on Thursday afternoon, offering no explanation. Gayle wondered a little about it, thinking that he should have stayed to supervise the rehearsals as only he could do. And on Saturday about 4:30 it evidently occurred to him that his absences ought to be explained.

"Listen, Gayle, have you heard anything at all from the police? Or from—your Maudie, or whatever her name is?"

"I talked to her again about the robbery last night, but she said there was absolutely nothing to go on. The detectives are watching the pawn shops and other places where a thief might sell a piece of jewelry. She has to have—what is it—for the courts?"

"Evidence, I know. It takes proof, and I think I know who's guilty myself, but—"

"Bill! You do?"

"I said I think. Think. I won't say until I'm sure. I've been doing some eliminating and I ought to know for certain tonight."

Gayle looked earnestly at him.

"You won't—tell me? . . . Not anything, Bill? After all, I—I—"

She paused, and he saw that her face showed deep concern. Then she resumed her sentence.

"—I was one of the seven girls who could have stolen the bracelet, Bill."

"Oh, for Pete's sake, Gayle!" Consternation was in his tone now. "Have you been worried—about me—us—suspecting you? You, Gayle?" He grabbed her by the elbows and shook her a little, quite unconsciously, "No, no, Gayle! You're not one of them. You're wonderful! I never dreamed you were worried about—"

"I am one of the seven girls employed here, Bill. And I am just as much a stranger to you as they are. We were hired at the same time, or within the same morning, remember. You know nothing about me, really."

"But I do! I know you are a fine somebody and that I—oh, lordy, Gayle!"

He couldn't say what he felt. He wanted to hold her close and kiss her and pour out the fact that he loved her. It was something that he had kept buried within him this week by sheer force. It was a fact that he must continue to keep bottled up within him, he knew. And he was entirely too penniless to make serious love to any girl.

He realized, looking at her there in this moment, that the best thing for Gayle Dixon to do was to build up the promised romance between her and Jeremy Tucker. Almost any year now Jeremy would be exceedingly wealthy. He had abundant money already, in fact. He was an honest sort, however shy. He was responding to Gayle's and Bill's subtle "drawing out" treatment, so that in a short time he would be socially at ease. On the whole, Bill could see nothing wrong with him, so that it was distinctly a break for Gayle to have such a young man attracted to her. And that Jeremy was definitely attracted to Gayle, Bill had already observed.

Bill dropped his hands from her arms all at once, and turned to go.

"There's nothing for you personally to be concerned about, Gayle," he said now, quietly. "If you stole that diamond bracelet, then I stole the city hall. But it's sort of our responsibility, I figure, and so I'm trying to get at the bottom of things. Police have a way of slipping up on these matters, history proves."

"Thank you, Bill. Do whatever you think is right. I trust you. Are you—going out on this matter now?"

"Yes. If it's okay."

"It is. I can keep rehearsals going for you. I want us to have a full dress rehearsal tonight. It's Saturday, and it's our last chance."

"Tonight? Say, Gayle, do that! I'll give me a chance to—look, keep the girls all here, for dinner and afterward. Set rehearsal for 9 p.m. I can get back by then."

Bill hastened away then. For his necessary trips to town and elsewhere he had taken to using one of the three Merrifield cars, a three-year-old, but still powerful, sedan, driving it himself. Bill often wondered why Mr. Merrifield kept three cars, but not even the chauffeur had been able to say.

He drove about six miles, parked and went into a small shop that made and sold keys. He purchased six assorted kinds of skeleton keys. He had already inspected the lock for which he wanted them, but he wasn't sure of the type needed, being quite inexperienced at these things.

Then he drove another two miles or so to the poorer section of town, parked again and went to a restaurant for a 40-cent dinner. He had to stall for about an hour until darkness had settled down, and when he came out he saw that street lights were on. He wanted to move while most people were at dinner in their homes, and walking up the street he saw that he had timed himself correctly.

Presently he turned quietly and entered an apartment house hall. The main door was not locked—this was hardly more than a tenement, with no doorman or other such luxury. Right and left of the hall were closed doors through which came the sound of people, of radios, the sundry noises of living. He went on, quietly, up two flights of stairs. He saw nobody.

On the third floor he paused before a room door to glance around. He was still quite alone. No light shone through the keyhole or cracks at this door.

Quietly he inserted one key, then another. The fourth opened the lock. He turned the knob and slipped into the darkness inside, closing the door behind him. Then he took a flashlight from his pocket and set to work.

His heart was thumping some. He wasn't used to this sort of thing.

(To be continued).

LACK OF PLEDGE CARDS HOLDS UP SAVINGS DRIVE

Initiation of the war savings certificates campaign planned by a community committee in Nelson had been delayed by non-arrival of pledge cards from Provincial headquarters at Victoria, explained E. A. Mann, Chairman of the Committee, at a Board of Trade Council meeting Thursday.

Other material, including posters, war stamp folders and so on, was on hand but the campaign could not be launched without the pledge cards, he said. A telegram urging immediately delivery had been forwarded to Vancouver.

Organization for the drive has been completed.

WILSON AT NELSON TO AWAIT ELECTION, TRIAL

Committed to trial on a charge of breaking and entering and theft from the Central Service Station at Cranbrook Edward (Red) Wilson was escorted to the Provincial Jail at Nelson Friday morning to await election. He was committed at Cranbrook by Police Magistrate John Leask. He was escorted by Constable Fred Slater.

Health Foundation . . .

Building Baby's Health Will Save Later Expenses

By Garry Cleveland Myers, Ph.D.

We read and hear so much about the importance of the child's health that we sometimes grow calloused and indifferent. Let us keep this in mind—when the school child is not strong and healthy, he is likely to miss many days at school and therefore lag in his studies, and he will find it hard to get on happily with other children. You see, he tends not to get into the rough and tumble of the playground.

Lagging in play skills and ability to take his own part in physical combats, he soon is afflicted with many fears. Out of these fears may develop all sorts of behavior problems at home and school, with the child a piteous sufferer.

Of course, when we do the very best possible for the child he may still have physical handicaps. Nevertheless these handicaps, in most instances, could have been prevented or could still be corrected.

We best lay good foundations for the child's health in his earliest months and years. The wise mother aims to have her infant examined by a carefully selected doctor, preferably a baby specialist (pediatrician). Not all can afford the cost. Many can, who think they cannot. They easily could afford to cut elsewhere in the family budget. Anyway, it is a better investment in terms of dollars and cents in the long run for it gives an opportunity to check ailments early in life to establish the foundation for later health, and possibly saves later expensive treatment.

When Youth Fades . .

Be Thankful for Small Mercies to Avoid Self-Pity

By CAROLINE CHATFIELD

Yesterday we spoke of the great temptation that the oldish woman has to pity herself when she realizes that youth is gone forever and she's surrounded by disappointments; when she's uneasy about holding her job, when she realizes she's not holding her husband, when the children scoff at her advice and make sport of her old-fogey notions, when the sons and daughters get married, leave home and relegate her to the background of their lives.

Of course resisting temptation, whatever it may be, is an inside job. We fall first in our minds or we stand up bravely in our minds. We recount our disappointments and sorrows, or we count our blessings. We look enviously at those about us who appear to be on the crest of the wave or we send up a prayer of thanks that things are not as bad as they could be with us. We grieve over the greying hair or we use the blueing to keep it from being yellow grey. We refuse to look in the mirror, or we look longer and work overtime to improve the reflection.

We let the mind mull on miseries or we crowd them out with interests of every sort. We tell our sorrows to the world or we seal our lips, maintain our dignity and make the best of the bad bargain. We become cynical because a friend has betrayed us or we redouble our efforts to keep the remaining friendships intact.

BE THANKFUL

We call parenthood a sell-out because our children marry and leave us after we have given our lives to them or we thank God that they have found happiness and are no longer dependent upon us, who, in the nature of the case, couldn't supply their needs for the length of their days.

We let our mental arteries atrophy to the point that a new idea can't circulate in our heads or we read and listen and learn what is going on in the world. We give ourselves up to a life of physical and moral inactivity or we keep the old muscles at it until the angels come for us.

Oldish women, would you avoid the well of self-pity and loneliness? Some do. It is first of all an inside job. Keep the mind active and don't let it dwell on gloomy subjects. It is also an outside job. Keep the eyes open, the ears cocked, the hands busy and instead of grieving and griping about who doesn't love you, find somebody to love, or if you can't find somebody, find some thing: cat, dog, e.nery.

Creston Italians Raise $35 for Red Cross by Dinner

CRESTON, B. C. — The ladies' section of the newly-organized Creston Valley Italian War Work Association had a successful spaghetti dinner at Holy Cross Church Parish Hall Wednesday evening, under the general direction of Mrs. Frank Celli. Almost $35 was realized. Several Italians from Sirdar and from other points were in attendance, and there was a fine turnout of village residents.

The money goes to the local branch of the Red Cross, and it is the intention of the ladies to make regular canvasses of the Italian citizens for regular Red Cross contributions.

Creston Institute Lawn Party Nets $20

CRESTON, B. C. — Creston and District Women's Institute realized almost $20 at the garden party at the home of Mrs. C. F. Hayes Wednesday afternoon. Tea was served on the spacious porch and on the lawn, and there was a sale of home cooking. The afternoon was brightened with a number of piano solos by Miss Mary Partington. The providing of shoes and clothing for needy families in order that the children might attend school is a feature of the Institute work. The garden party was in charge of the Institute Executive of Mrs. Charles Murrell, Mrs. Hayes, Mrs. J. G. Connell, Mrs. James Compton and Mrs. A. B. Ness, assisted by the membership generally.

Checked for Town

By PRUNELLA WOOD

The cotton tailleur, whittled from crisp gingham, is Summer's town stand-by. It looks citified, it doesn't show every speck of soot, and it keeps the wearer cool despite heat from tall buildings and rebellious pavements.

Quality of the gingham used in the suit sketched today is on the admirable side, even boasting crush-resistance. Colors are lively rather than dazzling: deep red with navy, green with navy, yellow with black. The longer jacket with two hip patch pockets button over a neat blouse of white rayon mesh. Being collarless, it takes the season's white costume pieces at the throat.

Luckily, this suit runs to size 42. It isn't too often that manufacturers remember to tailor cottons for the larger figure.

Beauty and the Sun . . .

Use Oils to Get Golden Glow Tan

By DONNA GRACE

Just before the hot wave came along, we had a talk with Madame Rubenstein, the beauty authority and will give you some of her convictions about the Summer complexions. "Certainly we must expect a change to the darker tones but the old-fashioned red sunburn is gone with the sun," she told us.

She thinks the old-fashioned suntanning ritual, with all the sticky sunburn oils, is ridiculous.

In her recent trip to South America, Madame Rubenstein said she was impressed with the rich coloring of these Latin beauties. Since Northern girls do not have this type of coloring, they should do the next best thing. That, she says, is to effect the tone without the ordeal of sunburn or drying of the delicate skin.

A gold shade, the hue of a tropical ceramic or the brunished sheen of fine metal, either light gold or deeper, is the favored shade of Summer complexions.

We are somewhat inspired, too, by the popularity of Mexican and South American art. The complexions of these lovely Latin beauties, as portrayed on the canvas, are so exquisite, every girl will want to look like a "Latin from Manhattan" or whatever her locale.

She will not go through the burning and peeling either as this old method was not only painful but one could never count on definite results. Those who expected a bronze shade, after much oil daubing, might blossom forth with a puny light ivory or possibly a deep lifeguard brown. Twas discouraging.

You can tan, and evenly too, says Madame Rubenstein, if you use the modern sunshine liquids. The newer sunshine liquids are not oily, and while they protect the skin they permit one to take on golden tan without the uneven blotches which follow the usual sunburn.

Girls who follow this advice will preserve their youthful skin texture and have the fun of tanning to correct shade.

This golden glow calls for glamorous makeup. The lipstick and rouge should be of the life-red tone or one of the orange-red shades without the blue-red blends for pale-skin days.

Blue or green will accent the eyes, so select these tones for exotic effects.

FEET ACHE?

• Don't suffer from tired, aching feet. Start this treatment now. Bathe your feet in hot water. Dry carefully. Then massage Zam-Buk into the ankles, instep, soles, and between the toes. You will be amazed by the instant relief. Do away with foot torture. Get a tin of Zam-Buk today and know the joy of perfect foot comfort.

Excellent for athlete's foot

THE GREAT BRITISH REMEDY

Use ZAM-BUK Nightly

Nazi Air Leader's Wife, Frau Goering Is Patron Saint of the German Fliers

NEW YORK, (CP),—Several of the most talked-of women in Europe are playing traditional women's roles in the Second Great War.

Cabled reports indicate only one seems to be touching affairs of state: Queen Wilhelmina, of the Netherlands, who has taken refuge in Buckingham Palace. There, a guest of King George and Queen Elizabeth, the Dutch queens is busy directing the government of her kingdom and aiding the subjects who have escaped to Great Britain.

Queen Elizabeth is "up to her eyes" in war work. She is commandant-in-chief of the women's auxiliary air force services, accompanies the King on inspection trips and takes an active interest in first aid and Red Cross work. She superintends knitting bees in the big Blue Room of the grey-walled old palace, where all the women of the household meet twice a week.

She is guiding the two young princess, Elizabeth and Margaret Rose, in war work too. They're knitting sweaters and gloves for poor children evacuated from Scotland's densely populated cities.

The Duchess of Windsor is making Paris and Versailles headquarters for her war work. Dressed in her khaki uniform she goes to Versailles to superintend the work of the Colis de Trianon, of which she is the honorary president, and which assembles comfort kits for soldiers.

On the other side of the conflict, Frau Emmy Sonnemann Goering, the Gretchen-type wife of Germany's commander of the air force, is a modern patron saint of German fliers. All officers of the Herman Goering regiment wear a medallion of her as an amulet, while hundreds of pilots have it mounted on the instrument boards of their planes.

Board Trade Voices Sympathy to Annable

Sympathy of the Board of Trade for J. E. Annable in his illness will be forwarded to Mr. Annable by letter. Mr. Annable was President of the Board in 1914.

McHardy Suggests Put Aliens and Prisoners War to Work on Roads

To discover what Government plans might be for enemy aliens and prisoners of war in the event that they were transferred to Canada from Britain, the Nelson Board of Trade will write to W. K. Ealing, M.P., at Ottawa. This decision was the outcome of a suggestion by C. F. McHardy that if they were brought to Canada they should be put to work on roads.

Dr. G. A. C. Walley suggested the danger of groups of prisoners all over the country should be considered at the same time.

1500 Weary Refugees Cross Channel; Escape Mines, Planes

By GODFREY ANDERSON
Associated Press Staff Writer

ABOARD AN UNNAMED SHIP AT A SOUTHERN ENGLISH PORT, June 21 (AP).—Nearly 1500 British and foreign refugees from invaded France, crammed on the narrow decks of a ship intended to accommodate only 180, raised a full-throated cheer as they sighted the green hills of Cornwall.

Before the ship arrived from France last night, food and water were running short. German bombers had attacked them and these refugees — including at least 500 women with young children—had slept for three nights on open decks as the rescue ship plowed its way under destroyer escort.

In every corner of the cabin accommodations, old and sick lay wrapped in rugs, coats and even mats off the floors. Passengers huddled in companionways, on stairs and every available square foot of the decks.

There were British families from Paris and the Riviera, students from Geneva, priests and nuns, French, Czechs and Polish and German Jews.

WEARY FROM FLIGHT

There were sailors, marines, army officers from units of the British Expeditionary Force, women ambulance drivers and Imperial Airways officials.

There also were the original passengers — settlers and Government officials from East Africa — who cheerfully surrendered their cabins to refugees, many of whom seemed half dead with weariness from their flight across France.

For 28 hours the ship waited near Bordeaux while refugees poured aboard. One tender was alongside when a German plane suddenly swooped from the sky and tried to rake the ship's crowded length with machine gun fire. No one was hit.

French fighters chased the plane away and a few minutes later it was seen falling in flames, hit by guns of a British cruiser which was embarking members of the British Embassy staff across the bay.

About 1 a.m. shrill whistles sounded the "alert" and the ship shuddered as her anti-aircraft gun began blazing away at a low-flying plane believed to be dropped magnetic mines in the sea around her.

A nearby jetty was bombed, and passengers who crowded to the rail saw a plume of jet-black smoke rise to the sky.

At dawn more refugees scrambled up the dangerously-swaying accommodation ladder. They included six wounded soldiers in care of a pretty, blonde nurse who cared for them unceasingly throughout the voyage.

A man in a fur-collared coat demanded at the top of the gangway: "Is this a one-class boat?"

"Decidedly," an officer replied, waving towards the hundreds already jammed on the decks.

The hungry were divided into 10 "sittings". Everyone had the same fare in two meals a day. They were served tea, bread and butter in the morning; meat, rice and potatoes at night.

Thousands Seek Safety, Children

LONDON, June 21 (CP.-Cable)—Police were called today to control crowds of thousands jamming a narrow street off Piccadilly where a Government office is lading out information on the evacuation of children to Canada and the other Dominions.

When the stream of applicants was so large that it clogged the machinery of the Children's Overseas Reception Board officials announced that no more personal interviews could be given. Parents will now apply by mail.

Though Geoffrey Shakespeare, Under-Secretary of State for the Dominion, announced that the first batch of children who will leave within the next three weeks might total 20,000, at least three times that number of applications have been made since the scheme was announced yesterday.

A majority of the applicants seek to send their children to Canada, an official said. Many volunteer doctors, nurses and escorts, including Canadians resident in England, are also putting "Canada please" on their application forms.

The Board have before them a suggestion that some hundred of refugee French children now here should be evacuated to French areas of Canada. But this part of the scheme must wait until the evacuation of English children is in full swing.

BULAWAYO (CP)—It is expected Great Britain will take practically all of Southern Rhodesia's record "Virginian" tobacco crop of 34,000,000 pounds in the present harvest.

Italians Say British Bases Bombed Severely; Planes, Tanks Destroyed

ROME, June 21 (AP). — Today's Italian communique:

"During the night of June 20 to 21 the naval and air bases in Bizerte and Malta again were severely and effectively bombed.

"Our Air Force carried out reconnaissance flights over naval and air bases in the Mediterranean.

"In Northern Africa operations on the Eastern frontier are continuing although there are only small encounters. The enemy lost more than 10 airplanes and at least 40 tanks.

(There were no announcements from British sources today on operations in the Mediterranean area.)

"During last night a violent bombardment was carried out on the air base at Marsa-Matruh, causing heavy damage and big fires.

"In Italian East Africa in an attempted incursion gainst Javello two British airplanes were brought down. Enemy air raids over Italian territory obviously have diminished. Only one bomb was dropped and that fell in the open sea."

(A dispatch from Aden today denied that that city had been bombed by the Italians, as claimed in yesterday's Italian war communique.)

Carol to Draft 'Party of Nation'

BUCHAREST, June 21 (AP). — A Royal Decree is being drafted to provide for complete reorganization of King Carol's National Renaissance Front to take in all opposition, including the pro-Nazi Iron Guard and the Peasant Party, it was learned tonight in Government circles.

The new party is to be known as "The Party of the Nation." The Iron Guard will play a big part in the new organization whose bases were announced as "Nationalistic, Christian and Racial."

This was interpreted as meaning that Carol is prepared to return to Anti-Semitism in an attempt to win favor with Germany.

Carol will make the first broadcast of his life — except for his annual holiday greetings — tomorrow night when he is expected to elaborate on the changes.

The German Minister in the past 24 hours has had several audiences at the Royal Palace.

Temperature Hits 91 at Cranbrook

CRANBROOK, B. C. — Maximum temperature during the past week was one degree short of the year's high at 91 degrees, marked up on Wednesday. The minimum temperature was 39 degrees both Friday and Saturday mornings. The mean temperature was six degrees higher than for the preceding week, 64.5 degrees.

Highest wind was on Thursday at 25 miles per hour from the Southwest. Passing thunderstorms Wednesday brought the total precipitation for the week up to .03 inches, bringing June's total slightly over one inch so far.

Ansaldo, Fiat Works Are Bombed in Italy

LONDON, June 21 (CP).—The Air Ministry disclosed today that two of the Royal Air Force's heavy bombers in the first 24 hours of Italy's participation in the war successfully attacked the Ansaldo works at Genoa and the Fiat factory at Turin. The attackers flew high across the Alps in a heavy snowstorm, the announcement said, and used oxygen masks because of the altitude.

GOPHER POISON FATAL

EDMONTON, June 21 (CP). — Poisoned in some undetermined manner by a mixture of gopher poison she had been setting out in her garden, Mary Thomas, 38, Indian on the Winterburn reserve West of here, died last night. Dr. E. A. Braithwate, Coroner, said death was purely accidental and no inquest would be held.

INDIAN HELD FOR MURDER

EXETER, Ont., June 21 (CP).—Samuel Dodge, 41-year-old Indian, was arrested early today and charged with murder in connection with the death of James Kilpatrick, 65-year-old unmarried carpenter. Police said an axe was used in the killing which allegedly took place at the Dodge home near here. Exeter is 30 miles North of London.

SEWER GAS EXPLOSIONS

LONDON, June 21 (CP). — Four explosions occurred in manholes in London's newspaper district this morning. Police said they believed the blasts were caused by sewer gas. No injuries were reported.

NELSON SOCIAL

By MRS. M. J. VIGNEUX

• Mrs. Christian Gansner, Granite Road, announces the engagement of her daughter, Elsie Meta, to James McPhail Orr, only son of Mrs. Orr of Victoria, formerly of Nelson, and the late Captain Forrest Lee Orr. The marriage will take place in St. Paul's United Church July 6.

• Frank Webster was in town from Robson yesterday.

• Mrs. R. Davis of Ymir spent yesterday in the city.

• George Biddlecombe of Bonnington visited Nelson yesterday.

• In honor of Miss Helen Garrick whose marriage to J. Rickett takes place shortly, Miss Elizabeth Leslie and Miss Margaret Meyer entertained at the home of the former, 910 Victoria Street, Wednesday at a miscellaneous shower. A bowl of rosebuds flanked by Maise tapers centred the lace-covered table. Guests included Miss Rose Norcross, Miss Mayme Delecor, Miss Julia Potosky, Miss A. Kahle, Miss M. Nedelec, Miss Jean Bell, Miss Ann Muraro, Miss Vera Holliday, Mrs. A. MacKay, Miss Pat Dodd, Miss Babs Carlisle, Miss Ethel Sutcliffe, Miss M. Hutton, Miss Martha Allan, Mrs. J. E. Riley of Bonnington, Miss Margaret Garrick, Mrs. George McPherson and Miss Agnes Jerome.

• Cyril Green was in the city from Trail Thursday.

• David H. Brown of Zebalios has arrived to visit his parents, Mr. and Mrs. George A. Brown, Silica Street.

• Miss Shirley Donaldson and Miss Peggy Donaldson of Salmo visited town yesterday.

• Mrs. C. A. H. Wright, Mrs. A. L. Johannson and Miss Phyllis Gray were in the city yesterday for the Nurses' banquet.

• Mr. and Mrs. Stimson and son of Vancouver, visited in town yesterday.

• Mr. and Mrs. A. D. Papazian and their daughter Satanig, Strathcona Hotel, who have been on a three-month visit to New York, have returned.

• Mrs. Walker was in town from Longbeach yesterday.

• Edward Winn of Appledale shopped in town yesterday.

• Mrs. F. Mainfroid and her daughter Mrs. Wolf of Edmonton are spending a few days in the city.

• Mr. and Mrs. J. F. Coates, Victoria Street, have as guest Miss Doris Crosby of Creston.

• Miss Vera B. Eidt and Miss Ethel Smith leave tomorrow morning for Calgary to attend the Nurses Dominion convention.

• Mrs. Kathleen Morris, Second Street, Fairview, returned Thursday from a 10-month visit in Vancouver, Victoria and Everett, where she visited relatives.

• Mrs. J. Marsund of South Slocan spent yesterday in town.

• Miss Esther Hamberg of Salmo visited town yesterday.

• Mrs. A. G. Gallup of Procter was in the city yesterday, returning in a few days en route to Spokane.

• Mr. and Mrs. A. J. Cornish, Kerr Apartments, and their son Roger, who is home on furlough from the Premier mine at Stewart, plan to spend the weekend at Queens Bay.

• Douglas Cummins, Terrace Apartments, has returned from Lethbridge, where he went as a delegate to the Gyro convention.

• Mr. and Mrs. F. H. W. Chanter of Longbeach, visited in town yesterday.

• Everett Brasch of Procter shopped in town yesterday.

• Mr. and Mrs. C. Jensen of the Reno mine have returned from holidaying in Fernie and Kimberley.

• Gordon Scott of Trail visited town Thursday.

• Mrs. Tonkin and her son William of Sheep Creek visited Nelson yesterday.

• Miss Margaret Arthur, Silica Street, has returned from spending her vacation in Toronto and other Ontario cities.

• Mrs. E. Olson of South Slocan visited Nelson Thursday.

• Mrs. J. F. Stevenson of Sunshine Bay was a shopper in town yesterday.

• Elmer Erickson of Trail visited town Thursday.

• B. B. McCannon of Odessa, Wash., is spending a few days in Nelson. He will return the first of the week with Mrs. McCannon and family.

• James Wallace has returned to Trail after a motor trip to the South.

• Mr. and Mrs. J. E. Larson and daughter of Marysville, B. C., are Nelson visitors this weekend.

• Mrs. Robert Stevenson of Sunshine Bay visited town yesterday.

• Mrs. Philip Long, Silica Street, returned yesterday from visiting in Wilkie, Sask.

• Mr. and Mrs. David Wade, Josephine Street, have as guests their son-in-law and daughter, Mr. and Mrs. T. D. Birrell of Sheep Creek.

• Fred Smith of Trail visited town Thursday.

• Jess Sanders was in the city from Crescent Bay yesterday.

• Mr. and Mrs. M. G. Jemson returned to Vancouver yesterday via Great Northern.

• S. A. Speers of Creston visited Nelson yesterday.

• Mrs. Gibson, who is holidaying at Balfour, visited in Nelson on Thursday.

• Frank Talbot of Salmo visited the city yesterday.

• Mr. and Mrs. B. L. Paulsen have returned from the Gyro convention in Lethbridge.

• Mrs. E. H. H. Applewhaite of Willow Point visited in Nelson yesterday.

• Mrs. Scovil of Perry Siding spent yesterday in the city.

• Mrs. Robert Quin, her daughter and grandson, Mrs. C. S. Price and Michael, of Procter, shopped in town yesterday.

• Mr. and Mrs. Harry Wassick Vernon Street, left yesterday to spend a few days in Spokane.

• Robert Finlay of Trail visited Nelson Thursday.

• Mrs. Walter Swetlishoff and infant son left Kootenay Lake General Hospital yesterday for their home at Crescent Valley.

League of Nations Hears of Refugee Work in Dominion

A report on refugee work in the past month across Canada was given by a Refugee Committee at a meeting of the Nelson Branch of the League of Nations Society at the home of Rev. and Mrs. Foster Hilliard Thursday night. The committee consisted of A. G. Thompson, President; Mrs. Hilliard and Mrs. Leo S. Gansner.

Dr. G. A. C. Walley and Fire Chief G. A. McDonald attended as delegates from the Nelson Board of Trade to inquire whether any arrangements had been made regarding accepting refugees in the district.

Rev. J. A. Donnell spoke on "Malthus' Doctrine of the Distribution of Population." Discussion followed. Mr. Thompson, Mrs. Hilliard and Mrs. Gansner told of having addressed several service clubs and other Nelson organizations recently on refugee work.

Mr. Thompson was in the chair.

Nazis Capture Two New French Ships?

BERLIN, June 21 (AP). — The newspaper Angriff claimed today that the Germans in occupying the seaport of Brest took possession of the Clemenceau and the Richelieu, French battleships under construction.

(The French have not indicated whether these ships were destroyed before Brest was surrendered. The Clemenceau and Richelieu are two of a group of four 35,000-ton battleships being built. The others, the Jean Hart and the Gascogne, are under construction elsewhere. The Richelieu was to be completed this year and the Clemenceau in 1942.)

Maconachie Reports on Kootenay Deposits

VICTORIA, June 21 (CP). — The Department of Mines today issued bulletins covering the latest reports of its engineers on phases of B. C. mineral exploration.

The Bedwell River area on the West coast of Vancouver Island is the subject of a report by H. Sargent. J. R. A. Maconachie has reported on lode gold deposits in the upper Lemon Creek area and the Lyke Creek-Whitewater Creek area of the Kootenays. Mercury deposits have been covered by John S. Stevenson with particular reference to the Pinchi Lake property now being developed by Consolidated Mining & Smelting Co.

Expansion of Private Shipyards Predicted

WASHINGTON, June 21 (AP). — Expansion of privately owned United States Pacific Coast shipyards with Government aid — if Congress approves a proposed $4,000,000,000 naval expansion program — was predicted today by Representative Havenner (Dem.-California).

After a talk with Rear Admiral Samuel M. Robinson, Chief of the navy's Engineering Bureau, Havenner said he had been informed that among yards to be enlarged was one at Los Angeles, the Bethlehem Ship Building Company's union plant at San Francisco, and the Todd plant at Seattle.

Crew Battles Island Blaze

NANAIMO, B. C., June 21 (CP).—A crew of 40 men headed by Forest Supervisor Robert Murray today was battling a fire in second growth timber South of Cowichan Lake, lower Vancouver Island, that has spread over 2000 acres and threatens green timber.

Another fire near Ladysmith, B. C., was reported to be under control, and a small bush fire on the Malahat Drive out of Victoria, caused by short circuit of a high tension line, was also brought under control.

CANADA READY TO RECEIVE EVACUEES

OTTAWA, June 21 (CP). — As soon as the British Government notifies Canada of the number of children to be evacuated to this country the machinery will be in readiness to look after them here, it was officially stated today.

"While we have no definite figures I am convinced applications have already been received to provide homes for 10,000 children from the United Kingdom in Canada, a spokesman for the Immigration Branch of the Resources Department said, commenting on the cable from London that thousands were seeking to send children to the Dominions.

New York Reporters Ordered Quit Germany

BERLIN, June 21 (AP).— The German Government today ordered Ralph Barnes and Russell Hill, representatives of the New York Herald Tribune, to leave Germany within 24 hours.

Authorities said the action was taken because Hill and Barnes disseminated stories capable of "disturning the friendly relations of Germany and other states."

Both men declined to comment on the order.

At the Herald Tribune offices in New York it was said a statement on the expulsion order might be made later.

Flier Is Prisoner

EDMONTON, June 21 (CP). — Originally listed as "missing" in an Air Ministry statement, Flying Officer Donald Foster, Edmonton member of the Royal Air Force, is a prisoner of war in Germany, according to word received here by his parents Mr. and Mrs. Duncan Foster, from the International Red Cross.

JAPAN WARNS AGAINST SHIPPING ARMS TO CHINA

HONG KONG, June 21 (AP).—The Japanese sent their third warning in eight days to French authorities today to prevent war supplies from reaching China through French Indo-China.

This action was taken despite an agreement with the French concluded earlier this week to permit Japanese inspectors in Indo-China to watch over the Yunnan Railway which the Japanese call the "blood transfusion route" of aid to the Chiang Kai-Shek regime.

Mercury Rises to 80 Friday in Nelson on Year's Longest Day

The longest day of the year, Friday saw the mercury in Nelson again climb into the 80's, although just reaching that figure. Clouds covered the sun for a good part of the day. The day's minimum was 47 degrees.

Junior High House Officers Elected for 1940-41 Term

Leaders for the three Nelson Junior High School Houses—Spartans, Vikings and Normans—for the 1940-41 term were elected at House meetings Friday afternoon.

Officers elected were:

Spartans—Robert Ahrens, President; Leslie Horlick, Vice-President; Joan Nagle, Secretary.

Vikings—Robins Day, President; Hazel Nelson, Vice-President; Margaret McLennan, Secretary.

Normans — Barbara McLennan, President; Sheila Gallaher, Vice-President; Lucille Carter, Secretary.

These nine officers will form the House Council next term, the three Presidents rotating as President of the Council.

National Unity Leader and 10 Members Interned

OTTAWA, June 21 (CP). — Justice Minister Lapointe in the Commons today announced the internment of Adrien Arcand of Montreal, leader of the National Unity Party, and 10 other members of the organization, including Maurice Scott of Montreal and Joseph C. Farr and John Lorimer, both of Toronto.

The 11 include men who were arrested and appeared for preliminary hearing at Montreal. Mr. Lapointe said the judge, on hearing the evidence offered, decided there was a plot against the safety of the State and reported to that effect to the Quebec Attorney-General. The latter in turn reported to Mr. Lapointe and submitted evidence showing the men in question had been in communication with enemies in Germany, Italy and elsewhere.

Gore Lakeside Park Lifeguard

Brian (Gubby) Gore has been appointed lifeguard at Lakeside Park for the second term. He is to begin his duties today and will continue until the end of August.

Miss Phyllis Guy and Miss Ruby Kline have been appointed check room girls. They will also begin work today. It is also Miss Guy's second year in the checkroom.

Miss Eidt Goes to Calgary as Delegate to Nurses' Meeting

Miss Vera B. Eidt, Superintendent of Kootenay Lake General Hospital, plans to leave tonight for Calgary as British Columbia representative to meeting of the Canadian Nurses' Association. She will be accompanied by Miss Ethel Smith, Assistant Superintendent and by delegates from other parts of the Province. The convention opens with special services Sunday and the sessions begin Monday, continuing until Saturday.

Score of 86 Wins Eagles Whist Drive

Miss Clara Donky, Mrs. William Smiley, Mrs. E. Gibbons and Miss Mary Pounder with a score of 86, won the military whist drive sponsored by Eagles at the Eagles Hall Thursday night. Gino Genero was Master of Ceremonies for the 10 tables of whist and Albert Smith had charge of the dancing that followed.

The committee in charge consisted of Miss Emily Eberley, Matt Potts, Philip Kuntz, Mac Saare, F. W. Johnson and Albert Smith.

Stimmell B. C. Mason Deputy Grand Master

NEW WESTMINSTER, B. C., June 21 (CP)— Free Masons of British Columbia elected W. R. Simpson, Steveston, B. C., Grand Master of the Grand Lodge here last night. He succeeds G. A. B. Hall of Nanaimo, B. C. Other officers named included B. A. Stimmell, Trail, B. C., Deputy Grand Master; W. P. Marchant, Victoria, Senior Grand Warden; H. H. Watson, Junior Grand Warden and Treasurer; Frank S. McKee, Vancouver, Secretary and Harry Hughes, Vancouver, Tyler.

TURNS OVER FINE FARM FOR REFUGEE CHILDREN

VICTORIA, June 21 (CP)—One of Vancouver Island's finest farms will be opened to the Dominion Government for the accommodation of refugee children from the United Kingdom.

Edward Hodgson, pioneer resident of Victoria said today he would turn over his 300-acre "Patricia Farm" at North Saanich, "rent free, without any strings, for the duration."

"I haven't a million dollars to give the Government, but I'm willing to give everything I can," Mr. Hodgson said.

PLEADS INNOCENT OF BREACH DEFENCE RULES

VICTORIA, June 21 (CP).—Garnet Wilfred Blackburn, 35-year-old Vancouver salesman, was charged in Provincial Police Court today with a breach of the defence of Canada regulations.

Blackburn was charged with making statements likely to prejudice efficient prosecution of the war.

He pleaded not guilty and was remanded until tomorrow to obtain counsel after which a day for trial will be set.

2 More Squadrons Canadian Fliers Land In England

OTTAWA, June 21 (CP)— Two more squadrons of Canadian fliers have safely arrived in the United Kingdom, Air Minister Power announced today Canada has now three Royal Canadian Air Force squadrons in addition to an all-Canadian squadron fighting with the Royal Air Force.

One army cooperation squadron has been at an advanced training station in England since Winter, and was recently joined overseas by a small advance party of one of the two squadrons which have now reached British shores.

The squadrons whose arrival was announced today are commanded by Squadron Leader W. F. Hanna of Winnipeg and Squadron Leader Ernest Archibald McNab, 34-year-old son of Hon. A. P. McNab, Lieutenant-Governor of Saskatchewan. Squadron Leader McNab's squadron is composed of Winnipeg and Montreal fliers, and most of the other squadrons also come from Winnipeg and Western points.

Air Minister Power inspected the fliers here before their departure.

The McNab squadron took with it a fierce fighting cock named "Goebbels" because, according to his guardians, he is always crowing. Goebbels went along securely confined in a crate.

Squadron Leader McNab was a member of the R.C.A.F. famous "Siskin Flight" which gave aerobatic and formation flying exhibitions across Canada at air pageants about 10 years ago.

Also in the Siskin Flight was Squadron Leader F. M. Goell, now serving with the R.A.F. as Officer commanding No. 242 Canadian Fighter Squadron, the all-Canadian unit made up of Canadians serving with the British Air Force.

Isaac Goodwin Buried at Kaslo

KASLO, B. C. — Many Kaslo oldtimers and friends attended funeral services for Isaac Goodwin June 15 from St. Andrew's United Church. Rev. J. Fielding Shaw conducted services. Interment took place in the City Cemetery. Pall bearers were Neil Macdonald, James Speirs, W. Hartley, John Patterson, Charles Cleave and A. L. MacPhee. There were many floral tributes.

Mr. Goodwin, who was in his eightieth year, was a native of Pilkington, Ont., and resided in Kaslo for many years prior to making his home in Salmo. He died in Vancouver. Surviving are two daughters, Mrs. F. N. Stevenson and Mrs. H. Matatall, both of Salmo, a son, Roger, of Regina, five grandchildren and a brother, Richard, of London, Ont. Mrs. Goodwin died in 1928, and the eldest son, George, died in 1921.

Science Foretells Longest Period of Drought in Years

SEATTLE, June 21 (AP). — Prediction that the worst droughts in 20 centuries are about to start was made to the American Association for the Adancement of Science today.

The evidence for them is in the strata of rocks, which are easily seen layers, one over the other, in what are called sedimentary rocks.

The report was made by Halbert P. Gillettee, Chicago, appearing before the Association's Geology section. These rock layers were once mud and sand, which in time were pressed into rock.

Each layer depended for its thickness, Mr. Gillette claims, on rainfall. Thick layers depict lush cycles, thin ones droughts.

Dry cycles, he says, now are about to super-impose. He added:

"This series of cycles probably will continue until about 1960. In many regions these droughts bid fair to be more severe than any long series in the past 20 centuries.

"It will therefore prove futile to continue the present policy of relief in the Dust-Bowl regions. Wholesale migrations from those regions seems advisable."

Killed in Action

KINGSTON, Ont., June 21 (CP) —Lieut. Angus Galloway, 26, former Royal Military College Cadet, was killed in action at Dunkerque according to word received here. He was serving with the Royal Engineers.

Born in India, Lieut. Galloway attended schools in Scotland, England and North Vancouver before coming to R.M.C. where he had a brilliant record, winning the Governor General's and Lieutenant-Governor's medals.

BUTLER AND SOVIET AMBASSADOR CONFER

LONDON, June 21 (CP).—Soviet Ambassador Ivan Maisky called at the Foreign Office this morning and conferred for half an hour with R. A. Butler, Under-Secretary for Foreign Affairs.

Boulevard Drive Will Be Made by Junior Chamber

Launching of an immediate drive to beautify boulevards along Nelson's two main avenues of tourist traffice—Nelson Avenue and Stanley Street—was indorsed by the Nelson Junior Chamber of Commerce at a dinner meeting at the Hume Thursday night.

Alex Leew, Chairman of the Civic Affairs Committee, outlined the plan developed by the Committee. It included sending circular letters to householders along these two streets, following up with house to house calls by Chamber members, and radio and press publicity. To demonstrate what could be done, the Committee proposed that a Junior Chamber working party should undertake to put a boulevard in front of a vacant lot into good condition.

The Committee aimed at city beautification, Mr. Leew explained. If the City Council was to undertake this work it would mean increased taxes, but if citizens were encouraged to do the work, much might be accomplished in making the City attractive without excessive cost, he said.

If a successful initial campaign could be carried out on Nelson Avenue and Stanley Street, the work could be broadened out next year.

Emergency Power Bill of Australia Gets Royal Assent

CANBERRA, June 21 (CP.-Reuters) — Lord Gowrie, Governor General of Australia, today gave royal assent to the Emergency Powers Bill empowering the Government to mobilize all national resources with the exception of conscription of manpower for Overseas service.

The Governor General acted after the Senate by a vote of 28 to 3 approved the measure. The House of Representatives passed the bill yesterday.

IS GERMAN TANK SUPPLY EXHAUSTED?

Wrecked tanks strew the path of the German armies wherever they have moved through France.

In the most Southern drive, the particular German army concerned, dispatches indicate, is practically tankless, and has to rely on the air arm to do the work of the tanks.

This would seem to indicate that the stupendous expenditure of material by the Germans has, in one classification at least, used up the reserves.

If France is exhausted, it would seem that Germany is coming to the end of its tether in some of the weapons of war, and we may conjecture that its lavish expenditures man-power and of aircraft likewise have made serious inroads on its offensive strength.

The ability of the German armies to advance has rested wholly in their mechanization.

Without their tanks, their armored lorries, and their specialized air attack, their armies have presented no problem to the troops facing them.

Ordinary German divisions have been mowed down by the score, and great numbers have been reduced to fragments of their original formations. There is nothing superman about the German soldier. He is an automaton, and he is used as an automaton.

While the Germans have been victorious in France, it has been at an enormous cost, which cost will become evident as the war progresses.

IS STALIN ON GUARD?

It is hard to keep pace with events in Europe, so fast do they follow on one another's heels.

Practically simultaneous with the change in the French Cabinet and the decision to seek a separate peace, was the new move of Soviet Russia, in taking armed possession of Lithuania, and strengthening its postition in Estonia and Latvia.

As a result of the new invasion, which was unopposed the Soviet Union has armies lined up on the boundary of East Prussia.

German armies are facing the Russians across the boundary.

Very recently The Daily News suggested the possibility that Stalin, who clearly was complacent toward the early German successes, might now wish the German successes to be limited within reason, as he has been credited with hoping to see the great powers exhaust themselves, so as to be meat for the Soviet later.

To this reason may now be added the further one that an overwhelming German victory might restore Hitler's original ambition to move toward the East, at the expense of the Soviet.

It is at least a reasonable interpretation of the new Soviet move, that Stalin proposes to stand guard along what he regards as the Slav border, against possible or probable German aggression.

FINGERLINGS BY THE MILLION

In the Kootenay we are trying to extend the practice of rearing ponds in order to give our artificially hatched Kamloops trout fry a better chance of reaching maturity, and of maintaining the stock of these fish, in both the rainbow trout and Kamloops trout stages, in Kootenay Lake and River, and Kootenay waters generally.

But no conceivable scale of rearing could achieve what Nature achieves in the Shuswap waters, in connection with the sockeye salmon, for which they are one of the nurseries.

Some idea of the tremendous number of young salmon which migrate up various British Columbia streams can be gained from a report by the Dominion Department of Fisheries, on the Shuswap Lake area of the Kamloops district. In this case a tremendous movement of sockeye fingerlings was observed ascending Little River from Little Shuswap Lake to Big Shuswap Lake. A continuous procession of fingerlings, a foot to two feet in width, from one end of the river to the other, a distance of over two miles, was observed. The majority of the fingerlings were two inches in length or over, and the movement continued for almost a complete month, with breaks of hours, and later in the month, of days.

Checking of the number of fingerlings passing a given point gave an estimate of 100 fingerlings to a square foot. Their speed of swimming was 40 feet a minute, which meant that 4000 fingerlings passed each minute, or 240,000 each hour. In all, during the period of about a month, allowing for the breaks in migration occurring late in the month, it was estimated from 20,000,000 to 25,000,000 fingerlings passed up this single stream.

To reach the fingerling stage, a baby fish, under natural conditions, passes many hazards, which take heavy toll of his tribe, and each represents a survival from a number of fry.

Here is where the rearing ponds come in, for in the rearing pond the baby fish have no enemies, and arrive at the fingerling stage with minimum losses.

Of course there are many hazards for the fingerlings to undergo as they graduate to parr, and then to grilse, and finally return from the sea as mature salmon, to perform the act of spawning. It is on the spawning trip that they are intercepted by the commercial fishermen, and are diverted to the canneries or to the fresh fish market.

When Kootenay Lake ceased, in a primordial age, to have ingress from the sea, the sockeye fingerlings of that period, or those that did not insist on going down falls, attained maturity in fresh water, and gave rise to a dwarfed sockeye. The Kokanee or kickaninny or Kennerly's trout, which we know as the silver trout, and its redfish spawning phase.

Some day, if new mountains should isolate Shuswap Lake, no doubt its young sockeye would give rise to a degenerate fresh-water breed, that would become Kokanees.

That the Kokanees of these waters, if liberated as fry, can develop into sea-going sockeyes, is accepted, on the proof secured by liberations of marked fry in the State of Washington. However, the one experiment yet made on this side of the line, with liberation in a Fraser River tributary of fry hatched from Kokanee eggs from the Nelson hatchery, failed to prove anything, as no run developed in the year when maturity should have been reached.

On The Air

Among weekend highlights listeners to CBC programmes will find the following of special interest:

An international commentary on world affairs, to be aired on Saturday at 3:45 p.m.

Frank Black Presents—the Columbia Symphony Orchestra in a half-hour of familiar music, Saturday at 5:30 p.m.

"Let's Go to the Music Hall", a CBC special, Saturday at 6:30 p.m.

Paul Carson, noted organist, in a half-hour broadcast Saturday night at 11 o'clock.

Sunday at 11:30 a.m., the Columbia Symphony under Howard Barlow will be heard in the weekly concert.

2:30 p.m. Sunday, a review of the week's news will be presented by Dr. G. S. Graham of Queen's University, Kingston. These weekly reviews are on the "must" list of every well-informed man and woman.

At 3 p.m. Sunday, Alexander Chuhaldin will have an unusual programme for the CBC Strings, followed at 3:30 by the Canadian Grenadier Guards' Band under J. J. Gagnier, tenth consecutive Summer season on the air.

Bob Benchley, newspaper columnist, stage and screen star, and Irving Krik, noted weather prophet, will be Charlie McCarthy's guests this week when he and Bergen get their popular programme under way at 4 p.m. Mr. Krik will endeavour to explain to Charlie "what makes the weather", while Bob Benchley will try to keep pace with Charlie's wit. Donald Dickson, young Metropolitan baritone, and Robert Armbruster and his orchestra, will supply the musical part of the programme.

The title of Sunday's episode from the ever-popular serial "One Man's Family"—"Clifford's Family and June's Family Meet Socially"—would seem to indicate that at last Clifford's marriage to June is being accepted by both families. The Barbours and the Warrens will meet for the first time on the NBC-CBC networks at 4:30 p.m. Sunday. By the way, Sunday will be the occasion for the second-last appearance this season of McCarthy, Bergen, et al, and "One Man's Family". Both programmes fade for a Summer lay-off on June 30.

Don't miss the programme "Carry On, Canada", aired each Sunday at 5 p.m. The CBC Features Department presents dramatic incidents in the story of Canada at war.

Mart Kenney and the Western Gentlemen present "Rocky Mountain Melody Time", a half hour of delightful harmony, from Banff Sunday at 7:30 p.m.

"Can We Agree?" will be aired as usual at 8:30 p.m., and again Paul Carson will present his "Bridge to Dreamland" at 10:30 p.m.

The usual news broadcasts—some eight or nine each day—round out a full schedule that will keep most ears near radios in spite of the widely entertained misconception that radio loses its appeal in warm weather.

LOOKING BACKWARD . . .

10 YEARS AGO

(From Daily News of June 22, 1930)

O. B. Ballard of Robson was elected President of the West Kootenay Central Farmers Institute, Major H. Turner Leg of Bonnington Vice-President, K. Wallace of Boswell Secretary-Treasurer, in convention at Nelson. . . . Mrs. J. Robertson of Grand Forks has left for Vancouver to attend the annual assembly of the Order of the Eastern Star.—C. J. Minton of Trail was elected President of the West Kootenay Soccer League, Albert Wallach of Nelson Vice-President and F. Webster of Trail Secretary.—Fernie has been granted a licence for an airport.

25 YEARS AGO

(From Daily News of June 22, 1915)

The Canadian Pacific tub Whatshan and barge service has been withdrawn between Nakusp and Arrowhead until business picks up again.—Born to Mr. and Mrs. D. A. Middlemas of Rock Island a son.—J. V. Mills of Balfour is visiting in Nelson.—W. Cutler has rented the store next to the Starland Theatre and will be open to furniture business next week.—J. A. Ferguson and Fred Grand have left on a canoe trip to Bonner's Ferry and will be gone for two weeks.

40 YEARS AGO

(From Daily Miner of June 22, 1900.)

Registrar Simpkins leaves this morning for Revelstoke to install and instruct the new Registrar of the Supreme Court, H. N. Coursier, in his official duties. — Thoburn Allan picked a strawberry 11¾ inches in circumference from his garden yesterday. — Harry Bradley will be floor manager for the dances under supervision of Mr. and Mrs. George Werner at the Lake Park dancing pavilion.—C. Niles of Sherbrooke, Que., passed through Nelson en route to Grand Forks, where he has a job in the Eastern Townships Bank.

Board Committee to Press for "Trailer" on the Nelson Ferry

Roads and Bridges Committee of the Nelson Board of Trade was instructed Thursday to press for the suggested "trailer" for the Nelson ferry, to provide increased accommodation for rush periods.

"And these are some coupons I had left over from the last war"
—Humorist

WHAT DO YOU THINK?

Letters may be published over a nom de plume, but the actual name of the writer must be given to the editor as evidence of good faith. Anonymous letters go in the waste paper basket.

Must Conscript All States Major Lee

To The Editor of
The Daily News:

Sir—It is very heartening in these times of stress to hear that 27 men from Nelson have been permitted to enlist in defence of their country, and doubtless the news will cause the Dictators to quake in their shoes.

What is the meaning of all this objection to Conscription?

In my mind, no nation has a right to expect to exist, that permits its citizens to decide for themselves whether they will, or will not, in case of necessity, give to the utmost of their capacity in or on behalf of their country. And further, no nation has any right to call on one of the meanest of its subjects to risk his life in its defence, until it has satisfied itself that none of his fellow subjects is going to make money out of his efforts.

No taxation for war purposes can be just without the imposition of a hundred per cent tax on surplus profits. To batten on the blood of your fellow countrymen may, from a material point of view, be an advantageous thing to do, but morally it is the accursed thing, and one of the main causes of war itself.

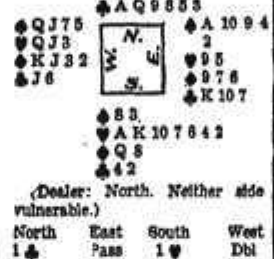
TURNER LEE.

Bonnington, B. C.,
June 20, 1940.

CONTRACT . . . By Shepard Barclay

FAVOR THE SURE THING

AS BETWEEN a sure thing and a risk, there is no argument. That is, unless there is something extra which might possibly be gained by means of the risk which could not be obtained by the sure thing. Otherwise the staking of a lucky chance as against a certainty is merely unsoundness, or what sporting men call "sucker stuff."



(Dealer: North. Neither side vulnerable.)

North	East	South	West
1 ♣	Pass	1 ♥	Dbl
2 ♣	1 ♠	3 ♥	3 ♠
4 ♠	Pass	4 ♥	Pass
Pass	Dbl		

West in this rubber game was one of those fellows who can't do the obvious thing if he is able to think of something else. His double on the first round he figured to be perfectly safe because he had four cards each in the two unbid suits. It never occurred to him that his informative double might cause his partner later to make a penalty double, counting on him for some real strength.

It happened, by the way, that the 3-Spades which West bid could be set a couple of tricks by perfect defense. But this time his lucky star was with him. He even botched up the defensive play and still got a few points for setting the heart contract, though he should have set it two tricks instead of one.

West led the spade Q to the K and A, then overtook the spade 10 with the J—for some reason or no reason. Deciding his partner might have the diamond Q, he made the fearful lead of the diamond 2. South won and thereafter lost only two more tricks, one in clubs and one in hearts, so was down one.

A safe lead to the third trick, with no such risky guess, would have been the trump Q, unless, of course, South had the club K. But would East have doubled on only the spade A and diamond Q? Wasn't he, a sound player, absolutely sure to have either the club K or a trump honor? In either case a guess in the diamond suit was an unnecessary hazard.

• • •

Your Week-End Lesson

What would you bid, as East, with each of the following hands, if South made a dealer's bid of 1-Diamond and the next two players passed? What if, after South's 1-Diamond, West passed and North bid 1-Heart?

1. ♠A K 7 4 ♥Q 5 3 ♦8 6 2 ♣9 5 2
2. ♠A 8 7 4 2 ♥8 ♦Q J 6 ♣K 9 6 3
3. ♠9 5 2 ♥A K 7 6 ♦Q 7 5 4 ♣9 6
4. ♠A 7 ♥Q 10 7 ♦Q J 10 9 6 5 ♣6 4
5. ♠6 5 ♥A K 4 ♦8 5 ♣Q 10 9 8 5 3
6. ♠5 ♥A K 6 2 ♦8 5 3 ♣Q 10 9 8 5

?? Questions ?? ANSWERS

Open to any reader. Names of persons asking questions will not be published.

CURIOUS, Nelson—Can members of the Canadian Active Service Force enter the United States if in civilian clothes and as ordinary travellers?

No. C. A. S. F. members are forbidden by U. S. neutrality laws from entering the United States, either in civilian clothes or in uniform and should they cross the border in uniform they expose themselves to sanctions under international law, even to internment in certain cases. The Canadian authorities recently issued an order forbidding C. A. S. F. members from crossing the border.

A. M., Bonnington—How may enamel be removed from an old article?

Place the article horizontally in a vessel containing a concentrated solution of alum and boil. The solution should just cover the article. In 25 minutes of boiling the enamel will crumble off as dust and the article may be polished with emery.

G. M., Nelson—What insect is believed to carry the disease of sleeping sickness?

Tsetse flies.

D. L., Trail—What nations lost their freedom entirely or in part in 1938 and 1939?

Austria, Czecho-Slovakia, Poland, Estonia, Latvia, Lithuania and Albania.

L.M.D.—I am five feet four inches in height, weigh 130 pounds, and am 30 years old. Am I overweight?

Yes. The average weight for such a person is around 144 pounds.

Trail Man to Serve 30 Days in Nelson Jail, Theft Charge

Sentenced at Trail to serve 30 days in jail for theft at Tadanac, Louis A. Rossi was escorted to the Provincial Jail at Nelson Thursday evening to begin serving his time. He was sentenced by Police Magistrate Parker Williams.

ASSURE MOISTURE FOR TRANSPLANTS

Bottle-fed plants

When transplanting plants late in the season with the possibility of a spell of dry weather setting in, special precautions should be taken to have ample moisture available for each plant's roots. Before attempting to set the plant in the new hole which has been dug for it, fill the hole with water and allow it to seep into the soil. If the ground seems particularly dry the hole should be filled with water two or three times to assure bottom moisture for the roots of the transplanted plant.

Another method of furnishing ample moisture for a newly-placed plant is to water it from a bottle, as shown in today's Garden-Graph. To do this, fill a quart milk bottle with water, turn it upside down and push it neck first into the loose soil close to the plant. The water will seep into the soil from the inverted bottle, slowly giving the plant needed moisture over a two-day period.

RED CROSS NOTES

Wynndel Red Cross Receives Donations

WYNNDEL, B. C. — A meeting of the Red Cross was held in the school Tuesday. Minutes and financial statements were read and adopted. Vote of thanks was given Mrs. Towson for donation of a doll to be sold and to Mrs. Keller for cash donation.

"I've got no more sense than a drunkard. I know Spring onions are goin' to make me sick as a dog, but I always let my appetite run away with my judgment.

VERSE

MOTHER SHIPTON'S PROPHECY
Written in England Many Years Ago

A Carriage without horse, will go
Disaster fill the world with woe;
In London Primrose Hill shall be;
Its centre hold a Bishop's See.
Around the world men's thoughts shall fly,
Quick as the twinkling of an eye.
And waters shall great wonders do—
How strange, and yet it shall come true.
Then upside down the world shall be,
Thro' tow'ring hills proud man shall ride,
No horse or ass move by his side.
Beneath the water men shall walk;
Shall ride, shall sleep, and even talk;
And in the air men shall be seen,
In white, in black, as well as green.
A great man then shall come and go,
For prophecy declares it so.
In water iron then shall float,
As easy as a wooden boat,
Gold shall be found in stream or stone,
In land that is as yet unknown.
Water and fire shall wonders do,
And England shall admit a Jew—
The Jew that once was held in scorn
Shall of a Christian then be born.
A house of glass shall come to pass
In England — but alas, alas!
A war will follow with the work,
Where dwells the Pagan and the Turk,
The States will lock in fiercest strife,
And seek to take each other's life;
When North shall thus divide the South
The Eagle builds in Lion's mouth.
Then tax and blood and cruel war
Shall come to every humble door.
Three times shall sunny, lovely France
Be led to play a bloody dance;
Before the people shall be free,
Three tyrant rulers shall she see;
Three rulers, in succession, be
Each spring from different dynasty.
Then when the fiercest fight is done,
England and France shall be as one.
The British olive then shall twine,
In marriage with the German vine.
Men walk beneath and over streams —
Fulfilled shall be our strangest dreams.
All England's sons that plow the land
Shall oft be seen with book in hand.
The poor shall now mort wisdom know
And water wind where corn doth grow;
Great houses stand in far-flung vale,
All covered o'er with snow and hail.
And now a word in uncouth rhyme,
Of what shall be in future time:
For in those wondrous far-off days
The women shall adopt a craze
To dress like men and trousers wear,
And cut off all their locks of hair.
They'll ride astride with brazen brow,
As witches do on broomsticks now,
Then love shall die and marriage cease,
And nations wane as babies decrease,
And wives shall fondle cats and dogs,
And men live much the same as hogs.
In nineteen hundred and twenty-six,
Build houses light of straw and sticks,
For then shall mighty wars be planned.
And fire and swords shall sweep the land.
But those who live the century through
In fear and trembling this will do,
Flee to the mountains and the dens,
To log and forest and wild fens —
For storms will rage and oceans roar,
When Gabriel stands on sea and shore,
And, as he blows his wondrous horn,
Old worlds shall die and new be born.

CUBS GARDENING

For a Summer gardening competition two potatoes each were given Wolf Cubs of 7th North Vancouver Scout Group, "to see who can grow the largest crop."

GOOD PLUMBING

Is the backbone of the home of today. Inspect a home with a happy interior and you will find a home with convenient plumbing. Whether you want complete new plumbing installed or just ordinary repairs you will find our service satisfactory from every standpoint.

Test Yourself

ONE-MINUTE TEST

1. Where is Abraham Lincoln buried?
2. People of what country founded the city of New York?
3. What is the significance of the state name of Pennsylvania?

WORDS OF WISDOM

The form of government is unimportant — the spirit everything. —Gen. Von Schmidt.

TODAY'S HOROSCOPE

Many obstacles and difficulties during the next twelve months will beset the path of those whose birthdays are today. They should be most careful to avoid quarrels, and use the utmost care in dealing with business correspondence. Born on this date a child will be energetic, active, enterprising, original, artistic, refined, sociable and humane. With these qualities success seems assured for this child, and it probably will come through literary ability.

HINTS ON ETIQUETTE

Many underscored words and exclamation points in a letter make the letter took amateurish and schoolgirlish.

HOROSCOPE ON SUNDAY

If your birthday is today, prepare yourself to face delays and obstacles during the year, particularly on the part of elders and those in authority. Be careful, too, to avoid litigation. Success through literary ability or politics is foreseen for the child born on this date. Such a child will have a marvelous personality. He or she will be faithful, loyal, prudent, highly intelligent, intuitional, and of an aspiring nature.

ONE-MINUTE TEST ANSWERS

1. At Springfield, Ill.
2. The Netherlands.
3. An English proper name and a Latin word—Penn's woods.

WAR—25 YEARS AGO TODAY

By The Canadian Press

JUNE 22, 1915—Third battle of Lemberg (Lwow) ended with Australians retaking the city from Russian forces. Longest-range artillery duel to date fought between Dunkerque, France, and Nieuport, Belgium, while hand-to-hand fighting proceeded further South around Arras.

JUNE 23, 1915 — Allied armies made an advance on the central front in Gallipoli against strongly fortified Turkish positions. Munitions Minister Lloyd George announced labor leaders had been given seven days to supply enough men to keep factories at capacity, threatening compulsory labor if his terms were not met. Belgian troops took Kissegnies in German East Africa.

Scouting

KENYA RACES IN SCOUTING

The annual meeting of the Council of the Boy Scout Association of Kenya was attended by leading representatives of the various races of the colony which have adopted Scouting—African, Asian, Arab and European. A resolution of good wishes and appreciation to the Chief Scout, Lord Baden-Powell, included the tribute: "In Kenya, where Scouting has been in progress during the last quarter of a century the movement has brought together all classes and races, African, Asian, Arab and European, in one common cause, thus demonstrating their unity in the great movement and its ideals of good citizenship and friendly comradeship."

MAINE AND N.B. SCOUTS CAMP

The Second Annual New Brunswick-Maine Boy Scout Border Jamboree will be held June 29-July 1 at Camp Waweig, between St. Stephen and St. Andrews. The International Scout camp last year assembled nearly 200 Scouts from Eastern Maine and Southwestern New Brunswick.

"Build B. C. Payrolls"

Ice Cream From a Glacier

One of Pacific Milk's oldest friends is a cook who last year fed a mining camp crew. He suggests that folks be reminded that Pacific Milk makes ice cream superior to fresh cream. He ought to know for he made it far in the mountains using glacier ice.

Metaline Falls Plays Baseball Here on Sunday

Mydansky and Ebright Will Do the Hurling

Still all even after three games of bangup baseball, Metaline Falls, Wash., and Nelson Seniors will play their fourth and last game of their 1940 exhibition series at the Recreation Grounds Sunday afternoon. Action starts at 2:30.

"Lefty" Mydansky and Galen Ebright are expected to do the mound chores for the Nelson and Metaline nines respectively. It will be Mydansky's first appearance of the season against the Americans, and the big lefthander will be shooting for his second successive victory in as many home starts. Two weeks ago he toppled the league champions, the Trail Cardinals, 8-2.

Ebright, a righthander, gained the edit for the first win for the Americans at Metaline in the first ame of the season. Then the two ams came to Nelson for a return ame and the contest ended in a lemate 5-5. Shortly after in one the season's choicest games, ach Ray Humble pitched Nelson a 3-1 three-hit victory at Metaline.

T FULL STRENGTH

Thus the stage is set for a real riller in Nelson tomorrow afternon. The Nelson team, dishing up illiant baseball this Summer, will at full strength with its revamped neup. Gordon Richardson's hand healed from a recent injury and will catch for Mydansky. Humble ll go to first base, Roy Anderson second, Tommy McInnes to third d Carl Locatelli to short. The tfield will be chosen from "Doc" odorcoff, Jesse Seaby, Jack Fish-, Al Euerby, Ernie Beland and ve Scott. Steve Smith will be ailable for relief pitching and for lity work in the outfield.

The rest of the Metaline lineup ll be Frank Steele c, Fred Frisbie Sinn Phillips 2b, Bob Weaver ss, rn Kinney 3b, George Anderson or p, Coach Earl Miller cf, Ralph lhoun rf, and Red Cobb, Dave derson and Con Stovick, spares. Bill Freno, ace arbiter, will be umpire behind the plate, and a taline man on the bases.

BROOKLYN, June 21 (AP) — ooklyn Dodgers announced toght they had claimed pitcher Lou tte, from Boston Bees for the iver price of $7500.

Vette has had arm trouble this ar and lost five games while ming none, but in 1937 he creatsomething of a sensation by ning out of the American Asciation to win 20 games for Bosn in the National League.

Junior C. Y. O. Girls Defeat Baptists in Church Softball Game

Junior C. Y. O. added another victory to their lengthy string in the girls' division of the Nelson Church Softball League by pounding out a 24-19 victory over the Baptist girls. The Catholics, running next to the Senior C. Y. O. nine in the standings, entered the scoring column in each of the six times they went to bat.

Score by innings:

Baptists	142 250 4—19
Catholics	516 264 x—24

Lineups with scorers follow:

Baptists — Coral Sahara 3, Helen Ball 1, Emma Ball, Carol Perdue 2, Dorothy Crerar 2, Laura Nelson 2, Evelyn Perdue 2, Geraldine Dodman 2, and Glennas Jones 4.

Junior C. Y. O. — Denise Romano 2, Rena DeLucrezio 3, Mercedes Lawless 3, Eva Bengert 2, Eleanor Maglio 3, Eleanore Vecchio 1, Dora Logus 3, Mary Ryan 2 and Frances Prestley 4.

Willow Point Pupils Win 166 Points, Longbeach, 80 at Track Meet

WILLOW POINT, B.C. — The Willow Point and Longbeach schools held their second annual track meet on the Willow Point schoolgrounds. The Willow Point pupils gained 166 points while Longbeach totalled 80 points.

Miss Houghton-Brown of Longbeach and Mrs. J. Applewhaite of Willow Point were in charge of the events, assisted by Robert Kuhn, Catherine Hamilton and Marjorie Yarmouth.

Events and winners were as follows:

BOYS' EVENTS

High Jump:

House D—1st, N. Siminoff, W.P.; 2nd, N. Green, W.P.; 3rd, B. Ferguson, L.

Potato Race:
House C—1st, G. Bing, W.P.; 2nd, Major, L.; 3rd, H. Kuhn, W.P.
House D—1st, B. Ferguson, L.; 2nd, Siminoff, W.P.; 3rd, D. Tucker, L.

Relay:
1st W.P. School; 2nd, L. School.

Three-Legged:
House A, B—1st, J. Hamilton and Bing; 2nd, H. Kuhn and J. Bing; B. Handley and T. Raymond.
Houses C, D—1st, G. Bing and B. Winston; 2nd, N. Siminoff and N. Green; 3rd, B. Major and B. Ferguson.

Wheel Barrow:
Houses A, B—1st, J. Hamilton and J. Bing; 2nd, B. Handley and A. Ward; 3rd, M. Worsfold and J. Bing.
Houses C, D—1st, G. Bing and D. Hamilton; 2nd, B. Johnston and B. Green; 3rd, B. Major and B. Ferguson.

GIRLS' EVENTS

High Jump.
House A—1st, Alice Heddle, W.P.; 2nd, Eva Bing, W.P.; 3rd, Edith Heddle, W.P.
House B—1st, Eva Bing, W.P.; 2nd, E. Heddle, W.P.; 3rd, H. Major, L.

Standing Broad:
House A—1st, Eva Bing, W.P.; 2nd, A. Heddle, W.P.; 3rd, Rose Ferguson, L.
House B—1st, M. Ward, L.; 2nd, E. Bing, W.P.; 3rd, R. Ferguson, L.

Running Broad:
House—A. B—1st, E. Bing, W.P.; 2nd, A. Heddle, W.P.; 3rd, R. Ferguson, L.
House C, D—1st, Mary Bing, W.P.; 2nd, Mary Wolken, L.; 3rd, Rita Gaskell, W.P.

Potato Race:
House C—1st, Marian Learmonth, W.P.; 2nd, Florence, L.; 3rd, R. Gaskell, W.P.
House D—1st, Darlene Ward, L.; 2nd, Mary Bing, W.P.; 3rd, Anne Krivak, L.

Skipping:
House A, B—1st, Eva, W.P.; 2nd, H. Major, L.; 3rd, R. Ferguson, L.
House C—1st, M. Learmonth, W.P.; 2nd, R. Gaskell, W.P.; 3rd, Mary Wolken, L.
House D—1st, J. Hamilton, L.; 2nd, Annie Krivak, L.; 3rd, Mary Bing, W.P.

Three-Legged:
House B—1st, E. Bing and E. Heddle, W.P.; 2nd, P. Argotoff and M. Wolken, L.; 3rd, R. Ferguson and Hazel Major, L.
House D—1st, J. Hamilton L.; and Norma Olson, L.; 2nd, Mary Bing and Eileen Tupper, W.P.; 3rd, Annie Krivak and D. Ward, L.
House C—1st, M. Wolken and P. Argotoff, L.; 2nd, F. Jukes and A. Krivak, L.; 3rd, M. Learmonth and R. Gaskell, W.P.

Dash:
House A, B—1st, E. Bing, W.P., 2nd, R. Ferguson, L.; 3rd, A. Heddle, W.P.
House C, D—1st, M. Wolken, L.; 2nd, M. Bing, W.P., 3rd, J. Hamilton, L.

Shoe Race:
1st, A. Heddle and J. Hamilton, W.P.; 2nd, R. Ferguson and A. Ward, L.; 3rd, E. Heddle and J. Bing, W.P.

Jim Hamilton of Willow Point won the cup for the highest points made by any boy, and Eva Bing, Willow Point, won the girls' cup. The winners in each house were as follows:

Boys' Houses:
House A—Jimmie Bing, W.P.
House B—Johnnie Bing, W.P.
House C—George Bing, W.P.
House D—Billy Ferguson, L.

Girls' Houses:
House A—Alice Heddle, W.P.
House B—Rose Ferguson, L.
House C—Mary Wolken, L.
House D—Jean Hamilton, L.

Infield Ace

TOMMY McINNES

Tommy McInnes, who hustled his way back to a rating with the top-flight infielders of the West Kootenay Baseball League this season, will be back at the hot corner Sunday afternoon when the Nelson Seniors entertain the crack Metaline Falls, Wash., nine.

Last week Tommy performed behind the log to fill in for the injured Gordon Richardson, but with the regular catcher ready to go again, McInnes will take his dynamic arm back to third base again.

Tommy is serving his fourth season here, coming here from Lethbridge, former home of "Lefty" Mydansky and Carl Locatelli, two other Nelson players.

Armstrong Gains Knockout Over Title Challenger

PORTLAND, Me., June 21 (AP)—Henry Armstrong of Los Angeles, Calif., successfully defended his world's welterweight boxing crown here tonight by scoring a third-round technical knockout over Paul Junior, veteran Lewiston challenger. Armstrong weighed 144 and Junior 142½.

A flurry of rights felled Junior four times in the third round, three of them for nine counts. On Junior's fourth trip to the canvas, Referee Johnny Martin stepped in and halted the massacre.

The fight, the second title scrap between the fighters in two months, was witnessed by 5397 fans who paid $6876. It was the first world's boxing championship within the state's borders.

Trinity Defeats St. Paul's 19-10

Trinity men virtually knocked St. Paul's out of the running for a playoff berth in the men's division of the Nelson Church Softball League when they handed St. Paul's a 19-10 beating at the Junior High Wednesday evening. With the victory Trinity climbed into a temporary tie for first place with Senior C.Y.O.

Thirteen runs in the last three innings were what decided things for the Trinity nine. Denis Ball hurled for St. Paul's and Ted Huyck for Trinity, each registering two strikeouts. Ball and Stan Edey banged out the only homers of the game, both for the losers.

Score by innings:

Trinity	120 201 641—19
St. Paul's	022 411 202—10

Lineups with scorers follow:

Trinity—Ted Huyck 1, B. MacDonald 1, Jack Argyle 2, Jack Clements 3, Percy Perdue, Doug Winlaw 4, Bill Taylor 4, Bud Emery 3 and Bob Noakes 1.

St. Paul's — Harvey Moir, J. Ritchie 2, Denis Ball 3, T. Mosses, Rev. Gerald Ward, Jimmy Eccles 1, Joe Hilliard 1, Stan Edey 2 and Joe Niven 1.

Phosphate and Ammonia Plants Split Leadership

ROSSLAND B. C., June 21—The first half of the Chemical Fertilizer Softball League closed Thursday night, when the Ammonia Plant beat the Storage Plant 8-1. The league standing rates the Phosphate and the Ammonia plants tied for first place with 2 losses each; the Storage plant second; and the SO2 plant third.

Play for the second half will commence on August 8.

Hamlin Rumored to Have Left Dodgers for His Spud Farm

NEW YORK, June 20 (AP)—If rumors flying around Brooklyn turn out to be the McCoy, the Dodgers had another big headache on their hands today.

The gossipers say right hander Luke Hamlin, the club's only 20-game winner last season, has jumped the club and gone back to his Michigan potato farm in a huff. Club officials wouldn't say yes or no.

Hamlin was reported considerably miffed when President Larry MacPhail popped off about Luke's "home run ball" which cost the Dodgers Tuesday's game with St. Louis.

The ten ranking amateur tennis players in the United States get about 30 new rackets a year without cost.

Yankees Produce Old Bat Power to Keep Tigers Down

Dodgers Beat Pirates 10-8 to Tighten League Lead

By The Canadian Press

The World Champion New York Yankees showed yesterday they still pack plenty of dynamite in their bats by firing a 17-hit bombardment against four Detroit pitchers and sinking the Tigers 12-7.

The victory ended a five-game losing streak for the Yanks and kept Detroit from advancing into second place in the American League just as the Tigers' loss to Philadelphia yesterday had kept them from taking the lead.

Red Rolfe got four singles and a double and Charley Keller three singles and his 12th home run of the season to lead the Yankee offensive.

(Beau) Bell produced a dramatic three-run homer in the clutch to give Cleveland a 7-4 come-back triumph over Boston and cement the Indians' hold on first place in the American League.

Bell's eighth-inning circuit blow broke up a 4-4 tie. Jimmy Foxx drove for the circuit in the eighth—his 17th homer of the year.

Chicago White Sox, fresh from three straight victories over New York Yankees were easy victims of Philadelphia Athletics, bowing 12-1 before Lee Ross' four-hit pitching.

The A's pounded out 11 hits including Bob Johnson's 12th and 13th home runs and a homer by Sam Chapman.

Sid Hudson, 24-year-old rookie, pitched the Washington Senators to a 1-0, one-hit victory over St. Louis in a night game, snapping the Browns' winning streak of six straight.

Brooklyn Dodgers plastered a 10-8 defeat on Pittsburgh Pirates and tightened their grip on the National League lead.

The Phillies chalked up their third straight victory, beating Chicago Cubs 6-5.

New York Giants came from behind to beat Cincinnati Reds 4-3 in a crucial contest that lifted the Giants to second place in the National League and dropped the champions to third.

Bud Ward Retains Pacific Golf Cup

By GAIL FOWLER
Associated Press Sports Writer

SEATTLE, June 21 (AP).—Bud Ward, the national amateur champion, from Spokane, scored the Sand Point Country Club fairways with rounds of 69 and 66 today to retain his Pacific Northwest open golf championship with a nine-under-par 72-hole total of 271 strokes.

Nearest to Ward were Emery Zimmerman, the Portland professional with a blazing 65—hottest round of the tournament—and Givan, who had 276.

Freddie Wood, the sandy-haired little professional from Vancouver, B. C., and blond Al Zimmerman, another Portland professional and a brother of Emery, were next at 280. Ken Tucker, dapper Everett pro, missed a four-inch putt and closed out at 281.

Tailors Top of Rossland League

ROSSLAND, B. C., June 21—The Modern Tailors are still leading the Rossland Softball League, with 5 wins and 1 loss; Woogman's come second with 4 wins and 2 losses; Roasters third, with 2 wins and 3 losses, Senators fourth with 2 wins and 4 losses; and Rangers fifth with 2 wins and 5 losses.

Wednesday night the Senators defeated the Rangers 27-15, at the Rossland Park. The lineups were:

Rangers—Stelliga, Best, Gooderich, Burrows, Stefonick, Groom, Black, Ward, Charters and Herbert Spencer.

Senators — Tongue, Ray Scott, Welykochy, Bielli, Zanussi, Harry Beaulieu, Hans Johnson, Bathie, Camozzi and Freney.

Bowman Cleared for Medwick "Beaning"

NEW YORK, June 21 (AP).—Ford Frick, President of the National League, today absolved Pitcher Bob Bowman of any blame in connection with the "beaning" of Joe Medwick, Brooklyn Dodger outfielder, Tuesday.

Medwick was discharged from the hospital last night, apparently well on his way toward recovery from concussion of the brain, suffered when he was hit in the head by one of Bowman's fast balls in a game between the Dodgers and St. Louis Cardinals.

Frick said his investigation revealed no evidence of intent to injure Medwick on the part of the young Cardinal pitcher and that the charges against Bowman therefore were dismissed.

The Brooklyn club, through President Larry MacPhail, had charged formally that Bowman "deliberately" and "with premeditation" beaned Medwick.

Another investigation, begun by William O'Dwyer, District Attorney of King's County, was closed yesterday when O'Dwyer said he could find no evidence of intent on Bowman's part.

Medwick, on his release from the hospital, said he felt so far recovered that he probably would be able to get back into the Dodger lineup on the weekend.

No City Softball Sunday Afternoon

No games are scheduled by the Nelson Softball Association Sunday, the game between C.Y.O. and Cycles previously scheduled for then having been played last Wednesday to make way for the Salmo-Nelson junior baseball game.

A postponed game between the High School Bombers and Savoy may be played Wednesday evening.

Fisher Beaten by Hume in His 1st Softball Start

Cycles made their best showing of the season Friday evening at the Recreation Grounds behind smart pitching by their new recruit, Jack Fisher, but they went down to defeat for the seventh successive time when Hume Hotel came from behind to bang out a 15-6 victory.

It was two innings, the fifth and the seventh, that spelt doom for Fisher, doing his first turn on the softball mound in three or four seasons. The former Winnipegger had started out sensationally, allowing three hits and two runs, all of which were in the second inning, in the first four frames. The first six outs were all registered on Fisher's strikeouts and he had 10 altogether.

Five runs in the fifth and eight in the seventh paved the Hume to march to within half a game of the second place Savoy team. Seaby, Ted and Tanny Romano and Phil Kuntz hammered out doubles for the winners before Fisher, who appears a cinch to grab a place on the Nelson rep team, retired for the ninth because of a tiring arm. Bill Brown finished up.

FISHER HITS TWO

Fisher was the big man with the bat for the Cycles, with two triples and a walk in four times up. He scored two runs and drove in another.

Lan Bicknell, Hume pitcher, set the Cycles down with six hits and struck out 11 batters, walking only one.

Score by innings:

Cycles	012 102 000—	6	6 5
Hume	000 050 80x—15	12	7

Lineups follow:

Cycles—Earl Selinger 2b, Barney Prestley c, Dooley Scott 1b, Corky Ball ss, Clarence Heighton 3b, Jack Fisher p, 2b, Denis George lf Al Brown rf, Bill Brown cf, p and John Worthington cf.

Hume—Tanny Romano cf, Al Euerby ss, Sam Pisacreta 3b, Len Bicknell p, Phil Kuntz 2b, Jesse Seaby c, Ty Culley 1b, Teddy Romano lf Bill, Freno rf and Lefty Mydansky rf.

Sports Roundup

By EDDIE BRIETZ

NEW YORK, June 21 (AP)—Louis goes to Atlantic City today to brush up his golf until Baer and Galento collide, July 2. Louis flung 34 "Joe Louis specials" in the seventh and eighth heats last night and every one of them hurt Billy Conn as much as they did Godoy, even if Conn was sitting in the fourth row.

Adios and toodle-oo.
Arturo Godoy was a willing old boy,
And he tried his best to stay;
But his jaw got bent and out he went
In the South American way.

TODAY'S GUEST STAR

Harold C. Burr, N.Y. Post: "The moccasin telegraph from the Indians' dugout has it Oscar Vitt is being permitted to finish out the season to save the club's face. . . . It's believed this was common knowledge among the disgruntled braves when they called off their demands to have Vitt burned at the stake."

The fellow who stepped off a transcontinental plane here yesterday was not Baron Gootfried von Cramm, the German tennis star, as the radios blared. It was Owen Anderson, California player who was carrying a racquet with the Baron's name prominently inscribed on the press. Von Cramm gave Anderson the racquet several years ago, before he got in Dutch with the Nazis.

PAGING RAY BLADES

Some sort of baseball history may be in the making in the Canadian-American League. . . . Cy Morgan has his Ottawa Club out in front, but what makes the news is that of the 40 gmes played to date, starting pitchers have finished 37 of them.

P.S.—The three who couldn't finish have been given the air.

Trail Softballers Play for Red Cross; Star Teams Chosen

TRAIL, B.C., June 21—The first of two games to be staged by the Trail Softball Association for the benefit of the Red Cross will be held at Victoria Park Sunday.

Leading players from the loop's five teams have been divided into two teams under the names of Reds and Whites.

The lineups follow:

Reds—Cliff Wanless, Cal Parkhurst and Steve Jankola, pitchers; Gerry Wanless and Tom Kjorsvik, catchers; Ab Cronie and Benedetti, first base; Steve Moore and Johnnie Cameron, second base; Minnow Angerilli, third base and coach; Joe Benoit and Alex Gripich, short stop; Roy Forsey, Johnnie Jarrett and Nello Angerilli, outfield.

Whites—Russ Graham, Bill Mann and Fred Woodall, pitchers; Frank Berger and Jimmie Burrows, catchers; Duke Scodellaro and Warobey, first base; Casey Jones coach, and Sam Martin, third base; Rico Martin and Tick Hall, short stop; Bill Waddell, Peterson and Eddie Crellin, outfield.

The Admiral Byrd Handicap at Hollywood Park July 5 will be broadcast by short wave to Little America.

Golden Bears Pile Up 16-6 Victory Over Maple Leafs

Take Early Lead and Then Hold it Throughout

Evil days have befallen Nelson's Maple Leafs.

The Lakesiders, starting out this season as champions three of the past four years and seeking their third title in a row, became mired deeper in the cellar of the West Kootenay Lacrosse League when they absorbed a 16-6 trimming at the hands of the league-leaders, Trail Golden Bears, here Friday night.

The Bears, firing the ball around with brilliant precision as they swept through the Leafs up to Dave Gibbons' citadel, at no stage allowed the final outcome to remain in doubt. They cut through a bewildered Nelson team for five successive goals before the first period had got far under way. Jack Bishop whipped home two for the Leafs before the teams left for the first intermission, but on resumption of play the visitors just continued the way they started.

LEAFS WILT

Each of the three years Jock Walmsley has had charge of the Leafs, he has had to do plenty of experimenting and rebuilding. But this year it seems that the bill is too large to fill. The fierce intensity of the Bruins' attack wilted the Nelsonites, and they were held well in control by Hughie Miller's club.

However it seemed that even Dame Fortune has given the Leafs the cold shoulder. The Leafs swarmed around Moro's cage for minutes at a time on several occasions, but the staunch goaltender always seemed to get in the road somehow. To come right to the point, the Leafs had no finish at all around the net, shots missing the net on setups time and again. It may be, though, that the Leafs are having a tough time to get into high gear or even out of low, and they may switch back on their customary victory trail before the season is out.

SMART COMBINATION

Backed by Moro's bangup work between the pipes, the confident Bruins stormed down the floor with passing attacks that were beautiful to watch. And they made few mistakes when they got through on Gibbons, who had to come through with some spectacular saves. On the defensive, they crumbled the Leafs' attacks with a close-knit system and with smart interceptions.

Jim Kendall and Booney Sammartino led the visiting goal-scorers with three each, and Baker Merlo, making his first appearance in Nelson of the season and Bill Turik, each picked up a goal and a quartet of assists.

Jack Bishop and Bing Miller were the best the Leafs had to offer. The former was late in getting into action this season, but last night it was apparent that it was a good thing for Nelson that he was back. He scored two goals, that were pretty efforts, and he vainly tried to save the Leafs from falling apart at the seams. Miller scored a nifty last period goal besides picking up an assist, and he worked like a Trojan.

Murray Clark, who helped start boxla in Nelson six years ago, made his debut in a Leafian uniform this season, the pudgy veteran holding down a defence berth.

Dave Proudfoot Sr. won the half-time sport quiz grand prize, and A. H. Whitehead and Art Graves won free tickets.

Brown Bomber Collects $50,000

$50,000 Attachment Papers Worry Godoy

By BID FEDER
(Associated Press Sports Writer)

NEW YORK, June 21 (AP)—Joe Louis, a successful young man rapidly nearing the $2,000,000 mark in earnings from his fists, pocketed a $53,569 check today for his latest chopping-block job and learned his next outing will be against either Two-Ton Tony Galento or Madcap Maxie Baer. Godoy received $33,620 for the beating he took.

Promoter Mike Jacobs announced the winner of the Galento-Baer brawl in Jersey City July 2 would be the next tasty dish served up to the heavyweight champion, probably in September.

Godoy visited a doctor early. Eight stitches were needed to sew up the tear on his left eye and three more were taken to fix the right. He will rest for 10 days and then have his tonsils taken out.

Attachment papers were served on Godoy claiming $50,000 on behalf of Mrs. Lou Bouey, widow of a Chilean countryman who once managed him.

REMEMBER WHEN?

By The Canadian Press

Remember when—

Joe Louis became the second negro to hold the world heavyweight boxing championship when he battered James J. Braddock off the throne three years ago today. Braddock held the 23-year-old challenger on even terms for five rounds, but was knocked out in the eighth. Only other negro to wear the heavyweight crown, Jack Johnson won it from James J. Jeffries at Reno, July 4, 1910, in 15 rounds and held it five years.

Salmo Will Play Junior Baseball in Nelson Sunday

The Nelson junior baseball team will make its season's debut before Nelson fans after the senior game between Metaline Falls, Wash., and Nelson Seniors Sunday afternoon when they meet the Salmo Juniors.

In fact it will be the first time in four seasons that Nelson has had an opportunity to see a junior baseball game. It was through the efforts of M. N. (Slim) Porter that baseball of junior classification was revived this Spring.

After getting together a squad of fair prospects, Porter succeeded in getting Ray Humble, Senior Coach, to take over the kids, and now they have rounded out into a nifty ball aggregation. They have played two games already this season, losing in Salmo and hitting the win column at Kaslo.

Either "Spud" Waterer or Mickey Prestley will take the mound for the Nelsonites. Two big righthanders, both have an opportunity of developing into fine senior material. Behind the plate will be Barney Prestley, and the rest of the lineup will be chosen from "Dooley" Scott, Ernie Colman, Jimmy Eccles, Frank Kennedy, Ernie Wilson, Don Coleman, Jack Whitehead, Allan Des-Champs, George Milne, Charlie Lindsay and Dick Horswill.

The Salmo players will be Arvid Hamberg, P. Wilde, A. Larsen, Eddie Hearn, Nicky John, Wilfred Hearn, H. Smith, J. Bush, E. Macdonald and E. Mulhearn.

Senior C.Y.O. Is Back in Lead of Church Softball

While Les Trainor pitched steady ball, Senior C.Y.O.'s marched back into sole possession of first place in the Nelson Men's Church Softball League at the Junior High Thursday evening when they hammered out a 17-5 victory over the Baptists.

The victory broke a tie with Trinity, and clinched a playoff berth for the Catholics.

Trainor fanned seven men and held the Baptists well in check. His mound opponent, Rev. Gerald Ward, had one strikeout to his credit. Two Maglio brothers, Louis and Tom, Trainor and Bill Kapak hit round-trippers for the Catholics.

Score by innings:

Baptists	01 001 012— 5
Senior C.Y.O.	084 300 07x—17

Lineups follow with scorers:

Baptists—Gordon Calbick 1, Rev. Gerald Ward 1, Frank eresford 1, Sid Ball 1, Harry Irvine, 4, Dick Wallace 1, Norm Beresford, Percye Perdue, and Elon Domeij.

Senior C.Y.O.—Eugene Maglio 2, Laurence Selinger 1, Bill Kapak 1, Andy Selinger 1, Pete Kuntz 1, Armando Maglio 3, Joe DeLucrezio 2, Louis Maglio 3, Les Trainor 1 and Tom Maglio 2.

Athlone Installed as Governor-General in Unprecedented Scene

Voices Confidence in Canada and for War Victory; Among First Official Acts Is to Give Assent to Mobilization Bill

OTTAWA, June 21 (CP)—Formal installation of the Earl of Athlone as Governor General of Canada, before a distinguished gathering in the Senate Chamber at noon today, brought expressions of confidence and hope from the new Vice-Regal representative and Prime Minister Mackenzie King.

"Wherever your journey may take you, you will find the Canadian people united in spirit and in purpose," the Prime Minister said in his welcoming address. "By its own free choice, in the defence of human freedom, Canada entered the grim conflict against violence, tyranny and aggression. In this hour, we are more determined than ever in our resolution to remain steadfast in the cause for which we took up arms."

In thanking the Prime Minister and praising the Dominion, the Earl of Athlone said: "Canada has, moreover, shown to the world that she possesses two of the greatest assets of an independent nation—vision and a sense of reality. She has realized that she lives and happiness of generations to come can only be secured by the practice in international as in private affairs of the Godly virtues of truth and honorable dealing.

"She also had the realism to understand that if the powers of savagery prevail in Europe, the Atlantic Ocean is but a slender barrier against their rapid and inevitable pie."

UNPRECEDENT SCENE

The tall, soldierly figure of the spread to the home of her own peo-Earl of Athlone dominated an unprecedented scene in the red chamber where for the first time in the Dominion's history a new Governor General was sworn in and given the Great Seal of Canada.

On all previous occasions Canada's governors general have been sworn in at the port where they first set foot on Canadian soil. Because of the war the successor to the late Lord Tweedsmuir came to Ottawa for the ceremony.

High dignitaries of the church, the state, the judiciary and the diplomatic corps of foreign countries were grouped about the red, canopied dais where a twin throne was set up for their Excellencies the Earl and his royal escort, the Princess Alice.

Immediately after the swearing-in and the exchange of addresses his Excellency performed his first official function by giving royal assent to bills passed by both Houses of the Canadian Parliament.

These included the Government's mobilization measure, passed yesterday, empowering the administration to mobilize all persons and property for war.

By coincidence, in Canberra today the Australian Governor-General, Lord Gowrie, gave royal assent to a somewhat similar mobilization bill.

Arriving at Union Station promptly at 11:30, after a leisurely train ride from Halifax, their Excellencies went directly to the Senate chamber in a procession of military and hig heivil authorities which was witnessed by thousands of people.

After alighting from the train and meeting the cabinet ministers of foreign powers and sister nations of the British Commonwealth, the Vice-Regal party set out on their first official procession, bound for the senate chamber of the Parliament buildings and the ceremonies of installation.

His Excellency wore morning clothes and a top hat and was a tall and stately figure as he stood on the platform for a moment.

The Princess Alice wore a dubonnet redingote, and a printed gray redingote dress with shoes to match. Her off-the-face has was gray felt, trimmed with dubonnet.

To the youngest of the three armed services, the air force, went the honor of providing a guard at the station. His Excellency inspected this guard after emerging from the station and just before stepping into the car which carried him to the Parliament buildings.

INSPECTS GUARD

The Princess Alice stood chatting with the Prime Minister while the Governor General inspected the guard.

The R.C.A.F. Band played "Land of Hope and Glory" during the inspection. Crowds cheered at the station entrance as the vice-regal couple stepped into a dark blue limousine with the Royal coat of arms and sped away through Confederation Square, up past the national war memorial to Parliament Hill.

On the journey to the Parliament buildings the couple was escorted by the Princess Louise Dragoon Guards, named after another Royal Princess who once occupied the post of Chatelaine at Rideau Hall.

In front of the Peace Tower at the main entrance to the buildings, the vice-Regal car halted and while the Princess awaited on the steps, the Earl inspected a guard of honor of the Governor General's footguards in battle dress and armed with rifles and fixed bayonets.

Inside the building senior officers of the navy, the army and the air force waited to form a procession to escort their excellencies to the Senate chamber after the fashion of the ceremonies at the opening of Parliament.

Chairs and desks had been removed from the Senate chamber and long benches lined the sides leaving a wide open space at the lower end where the House of Commons members stood, held back by crimson ropes. Dignitaries of the church, state and juciciary occupied the benches, along with representatives of other nations.

Immeriately before the throne, the Prime Minister and his Cabinet colleagues were grouped about the clerk's table, attended by A. D. P. Heeney, Clerk of the Privy Council, and Dr. E. H. Coleman, Under Secretary of State.

Senate members took their seats on benches among the distinguished guests.

The Earl and the Princess Alice entered the chamber, preceded by a uniformed guard of officers and aides representing all services. The party entered in two files, one passing up the right side of the chamber and the other on the left. Their Excellencies stood for a moment looking over the silent standing throng, then seated themselves on the crimson cushioned rais.

CEREMONIAL

Sir Shuldham Redfern, private secretary to the Governor-General, standing at the side of the throne, read the King's commission which he carried to the foot of the council table and presented to Dr. Coleman.

Justice O. S. Crocket of the Supreme Court of Canada accompanied by Mr. Heeney, then moved to the foot of the rais where they were met by His Excellency who stood while Justice Cricket read the oath. His Excellency kissed the bible and stepped smartly to the council table to sign.

Mr. Justice Crocket and his colleagues on the supreme court bench signed in witness of His Excellency's signature on the record of installation and then the Prime Minister signed.

Once the signing was completed, Mr. Casgrain advanced to the dais and presented to the Earl of Athlone the Great Seal of Canada, a heavy steel die which His Excellency held for a moment in his hand then returned to the custody of the minister.

Dr. Colemen then advanced to the dais with the illuminated formal Royal proclamation of the Earl's appointment as His Majesty's personal representative in Canada.

This formlity completed, the strains of the National Anthem, played by a military band outside the chamber, brought all to attention. The Prime Minister reading from a huge, be-ribboned scroll, stood facing Their Excellencies and voiced the welcome of the people and Government of Canada.

Sir Shuldham Redfern passed to His Excellency a typed copy of his speech in reply which the Governor-General read in a low, clear voice. He said it would be his duty and pleasure to convey to the King the warm greeting received from the Canadian people today.

Shortly before he left England he had been commended by the King to convey to the people of Canada His Majesty's greeting and good wishes for a successful outcome of the great task to which Canada had set itself.

Their Majesties had commanded him also to tell the people of Canada how much comfort and encouragement they drew from memories of their tour of Canada a year ago.

Canada had a world-wide reputation for kindliness and hospitality, the Gov ernor-General said. It would be his hope and pleasure to see as much of the Dominion as possible and particularly to go among those indirectly or directly engaged in the war effort.

His Excellency voiced a strong belief in ultimate victory for the Allies and restoration of peace in the world.

R.A.F. Fighters Drive Off Raider; Lose Two Planes in Raid on Germany

LONDON, June 21 (CP).—An air battle took place over a South coast town for 35 minutes this morning. Frequent bursts of machine-gun fire were heard.

A German bomber flew over the town, residents said, and fired bursts of machine-gun bullets.

British fighter planes went up and quickly drove off the raider. First reports said there were no casualties.

Ground defences were in action and townsmen took shelter in doorways. No air raid warnings were sounded.

No bombs were dropped. One machine-gun bullet pierced the roof of a fire station where four men were on duty. Most of the action took place above the clouds and watchers got only an occasional glimpse of the planes.

British air raiders carried out "their usual nightly work" over the Ruhr and Rhineland last night "with some success" but left two planes behind, British military sources reported.

RUMOR "IMPROBABLE"

The same sources identified an Italian General previously reported captured by the British on the Libyan-Egptian border as General Lastrucci, Chief Engineer of the Italian army in Libya and formerly Chief Engineer of the Italian Expeditionary Force which took part in the Spanish Civil War.

The military informants dismissed as "most improbable" a rumor that the German planes which flew over South Wales in Wednesday's air raids on Britain might have come from Ireland.

They said the planes' behavior indicated that they came from a greater distance and were unfamiliar with the territory.

That rumor is "Fifth Column stuff or something like that," the informants said.

Anti-aircraft fire encountered by the British airmen in their fourth night of raids over Germany was "very, very heavy indeed," it was reported.

It was announced that 17 German airmen were taken prisoner in raids over Britain Tuesday night and early Wednesday in which a number of German raiders were shot down.

Board Does Not Want to Limit Refugee Children for Canada

There should be no restriction as to numbers if refugee children and British children were to be sent from Great Britain to Canada, Nelson Board of Trade Council held Thursday. The Board will advise Federal authorities of its stand.

This opinion was expressed after Dr. G. A. C. Walley, Chairman of the Board's Health and Welfare Committee, said steps were apparently being taken to send children to Canada and announced a Committee meeting to discuss means of assisting in receiving them.

It was "ridiculous" to limit the number who would be accepted, Mayor N. C. Stibbs declared; and Ven. Archdeacon Fred H. Graham urged there should be no restriction to those of British nationality.

R.A.F. Damages Ethiopian Rail Stop; Down Plane

CAIRO, June 21 (CP).—The Royal Air Force announced tonight that its bomber had raide Diredawa, a stop on the Addis Ababa-Jibuti Railway in Italian Ethiopia, damaging the station and workshops and starting a fire at an airfield.

Although Italian planes tried to intercept the raiders, all the British planes were reported to have returned safely to their base. The attack was made yesterday.

An Italain three-engined bomber was brought down behind British lines in the Western desert and the crew of six captured.

dditional Thousands of Canadian Fighters and in Great Britain

cean Crossing Like Pleasure Cruise Despite Nazi Threat "These Will Not Arrive;" Nurses, Fliers, Troops Land

By SAM ROBERTSON
Canadian Press Staff Writer

A NORTHWEST PORT IN ENGLAND, June 21 (CP Cable).—Thousands of reinforcements for Canada's army and air forces in this island fortress have crossed the Atlantic safely despite a Nazi threat that the German navy would see that they did not complete the voyage.

They, disembarked yesterday smiling, confident, and full of the "let us at 'em" spirit. However, the news could not be made public until today when they had been dispersed to their various billets. Otherwise enemy air forces might have tried to punctuate with bombs the last chapter of their long trip to what has become the British front line.

URSES FIRST

Canadian nursing sisters, 120 long and as comely as they were efficient looking in their natty uniforms of indigo blue, were the first wn the gangplank when the leadg transport had edged away from escort of grim warships and nosinto the dock.

Then the giant luxury liners turned transports hiding their identity der coatings of dull grey paint, sgorged long lines of fighting men khaki and air force blue.

The number of the Canucks who me to swell the defence forces of embattled United Kingdom cannot be disclosed. However, it can be d that the units of airmen who rived with the bulk of their equipent—and that includes their airanes—were far and away the atest number to cross the Atlantic far.

That is also true of the ground ops. Numerically they were onger than any of the three waves t came from the Dominion six nths ago to form the 1st division.

The day the convoy and its esorting naval greyhounds left an Eastern Canadian port one of the roopships picked up a German roadcast threatening that "these Canadian reinforcements and urses will not arrive: The German navy will see to that." But he trip was entirely uneventful.

When the ships were somewhere Ireland a rumor spread like a rie fire that two Nazi submarwere reported in the vicinity. basking whale might have caused nternation but not even that was nted.

TERANS AMONG THEM

ll three branches of the service resented in the new arrivals inded young and not so young from ry, Prownee, Ribbons denoting vice in the last war colored the asts of hundreds of officers and n. Among the nurses was Sister Hearne from Winnipeg returning duty in her second war.

Matron Agnes Neill from Toronto, commandant of one group of ses, said her charges were "right on the bit."

s the Canadians marched along their fresh and competent appearance was a tonic for the old country folk now facing themselves against the full shock of totalitarian warfare. They lined the curbs that have echoed to the tread of British fighters in other wars and other generations, and set the old city athrob with their cheers and shouts of "God bless you, Canada."

The weather for the crossing was ideal, a full moon silvered the sea most nights—and the voyage was more like a pleasure cruise than an excursion to war.

The transports sailed soon after Mussolini shouldered himself into the conflict. The news of subsequent events in France was picked up by the ship's radios but these sombre events could not raise jitters among the purposeful Canucks.

WELL ENTERTAINED

The nurses, who average 26 years of age, organized concert parties. There was a regular chorus as well as singing and dancing acts. Sister Edith Kergin from Prince Rupert, B. C., who acted as mistress of ceremonies, was acclaimed the ace entertainer.

The sisters provided concerts for the officers and the officers staged a return show. The standout male performer was Captain Hanil Brown, Winnipeg doctor with the Medical Corps who once starred on Queen's University football teams. He blew the hottest of hot licks out of his mouth organ.

The only complaint heard was that the English beer available on board was a poor substitute for Canadian brews.

The most stalwart in the contingent fo stalwarts was a group of almost 100 miners from Kirkland Lake, Ont., who enlisted as engineers and pioneers. Among them were Milt O'Brien, Art Wilson and the brothers Vern and Bill Woods, looking for all the world like professional wrestlers.

70 AMERICANS

Corporal Frank Hallsworth, a beribboned veteran of the American forces of the last war, once of Rosedale, Long Island, estimated there were 70 "damn good Yankee scrappers" on board. One of them was Jimmy Johnson, a young colored giant from Arkansas who said "I'm shoh anxious to show dem Germans how us Joe Louises can fight."

Bob Rushbrook, Fredericton youth whose unit has been training in Nova Scotia, won a nod as the most foresighted man in the contingent. He landed with a three-foot-long highway arrow marked "to Aldershot". The Aldershot, of course, was the Nova Scotia namesake of the English military town.

The lines that started coming ashore soon after noon still tramped down the gangplank after dark. Women's voluntary services sent a score of members to the quays to dispense hot soup, beverages, sandwiches and cake.

The R.C.A.F. contingent comprised two new complete units. Most of the newcomers were in their early 20s.

eavy Alfalfa Crop Harvested at Sirdar

SIRDAR, B. C. — The alfalfa crop alle late is heavy and has almost been safely harvested. Rains evented cutting as early as usual. t the second crop is not expected be held back, there being plenty mo[illegible] in the ground to bring along quickly.

Calgary Oils Quiet

CALGARY, June 21 (CP). — It s another quiet session on Calry Stock Exchange with few price nges. Transfers totalled 2700 res.

Trestone dropped two cents to 3. is on C. & E. were two down, d Okalta one off from yesterday's se. A few shares of Royalite sold $19, unchanged.

Securities Down

LONDON, June 21 (AP).—Industrial securities dipped in the stock rket today. Selling was limited, wever, and declines moderate. itish Government bonds moved gularly with the long-dated issues. der pressure after recent brisk vances. Oils steadied after a heavy ening. Most rubbers were unanged and kaffirs improved in e trade after a shaky start. In e foreign bond list Brazilian loans se as much as 2 points.

Rails Lead Advance

NEW YORK, June 21 (AP)—Rails led a creeping advance in the bond market today. Gains running around a point were registered toward noon on the basis of meagre transactions.

U. S. Governments climbed as much as half a point on slim trading. French 7½s were offered 15 points off with no immediate takers and the rest of the foreign government list was irregular. German and Italian issues gained slightly.

LONDON CLOSE

LONDON, June 21 (AP).—British stock closings in sterling: Babcock & Wilcox 31s 3d; Cent Mining £10½; Consol Gold 26s 3d; Crown £13½; De Beers £2¾; East Geduld £9; Metal Box 65s; Mex Eagle 2s 9d; Mining Trust 1s 6d; Rand £0⅝; Springs 18s 9d.

Visit U.S. Prior to Passport Rule

SPOKANE, June 21—Many British Columbians are coming to Spokane at this time in order to get in ahead of the United States passport restrictions which become effective July 1.

At present admission to the United States is on the same basis as for many years past. After July 1, passport will be required.

Those who enter before July 1, may return to Canada after that date.

FIRST ALASKA-SEATTLE MAIL FLIGHT SCHEDULED

JUNEAU, Alaska, June 21 (AP).—The Alaska Clipper's inaugural airmail flight South to Seattle was scheduled for today after unfavorable weather marred the last lap of the Northern flight late yesterday. The service linked the States with the only territory not previously served by a regular air line.

Forest Fires Are Less Than Half in Same Period 1939

Sixty-three fires in the Nelson Forest District to date, reported at the Nelson office of the Forest Branch Friday, number just two less than half the total number of fires on the same date of 1939. Last year there were 128 fires at the same date.

Eighteen fires were reported during the week, some of them starting from a lightning storm which passed over the Upper Arrow Lake country and Kaslo Ranger District Wednesday. Two were reported near the Upper Arrow Lake and one in the Kaslo district. All were small, however. It was believed that nine fires still burning when reports were sent in Thursday would be out by the weekend.

Of the fires in the week, nine were in the East Kootenay, eight in West Kootenay, and one in the Boundary. Of those still burning Thursday, five were in East Kootenay, four in West Kootenay, and none in the Boundary. Of the season's total of 63 fires, 35 have been in East Kootenay, 23 in West Kootenay and five in the Boundary district.

Intensive Exploring for Oil on Alberta Plains Area Starts

CALGARY, June 21—An intensive exploration and development program on the Plains Area of Alberta is under way. War has speeded up work in old fields and many new ones. From the border, on the Alberta-Montana boundaries to the foothills area around Turner Valley, search is being made for new structures warranting development.

Five Dominion Geological Survey parties will be in the Alberta fields this Summer. Dr. G. S. Hume will head one of the parties and much is expected of the work of these groups.

A newcomer into the Alberta oil development, the McColl-Frontenac Oil Co., Ltd., has recently opened an exploration department under the guidance of E. H. Hunt. This company has commenced a survey of the Moose Dome area, 55 miles Southwest of Calgary. The Moose Oils have been taking production from a well in this region and there is little doubt but that McColl-Frontenac have become interested in the field to a large extent.

The Willshaw Flats, nine miles East of Coutts on the International boundary is being tested with diamond drilling in an endeavor to define a structure. Should this prove successful it is anticipated that drilling will commence immediately.

CIVIC CENTRE REVENUES FALL

Revenue of the Civic Centre Commission will be reduced this year as compared with last year. As a consequence of this, a budget which has been prepared by D. StDenis, Manager, indicates that the institution may not be able to pay its interest obligation for the second half of this year. The interest which was due in July amounting to $3375 was paid.

Reduction in revenue is most noticeable in the case of rink rentals, the amusement hall, box lacrosse and in estimates for the year's net revenue from hockey and skating.

Box lacrosse is attracting smaller gates than usually. In 1939 a revenue of $566 was realized from rentals of the rink apart from revenue from hockey, lacrosse etc., whereas this year no such revenue is in sight. Box lacrosse finals, no matter what team will be concerned, will this time be played at the Coast. On account of exceptionally good receipts from hockey games at the close of the last season gross revenue from hockey will be up but the indications are that there will be a reduction in net revenue. Revenues of the recreation hall have fallen off owing to the reduction of activities such as the Fireman's Ball. Mr. StDenis has notified the City Treasurer that the Civic Centre will probably be unable to pay the half year's interest which is due in December.

WEST IN STRONG POSITION TO AID, DEALERS ARE TOLD

TORONTO, June 21 (CP). — D. Bruce Shaw of Winnipeg told the Investment Dealers' Association of Canada today that the West now is in a much stronger position to lend effective aid to the nation's war effort than was the case at the start of the first Great War.

In a report prepared for delivery at the 24th annual convention, Mr. Shaw, Chairman of the Western District of the Association, said the past year saw a general strengthening of the economy of the Prairie Provinces which had one of the best wheat crops in years.

Petroleum production reached record levels and new natural gas fields were established. The number of industrial plants and the value of their production reflected steady growth.

Revenue improvement was shown in preliminary estimates of provincial treasurers. Manitoba's ordinary revenues advanced $400,000 and Saskatchewan's $2,500,000. No definite figure was available for Alberta. Relief costs fell in Saskatchewan because of relief in the drought situation but Manitoba and Alberta reported increased crops.

Weat Prices Hold

WINNIPEG, June 21 (CP).—Winnipeg Grain Exchange traders continued their waiting attitude and wheat futures prices rested on or near the fixed minimum lows during a dull session.

Final quotations were unchanged to ¼ lower, with the July contracts at 71⅛, the pegged price set by the Government. October and December positions were slightly above the fixed levels at 73¾ and 75, respectively.

Houses with export connections supplied slender buying power, but pessimistic holders released stocks to absorb the orders and prices made no headway.

Chicago prices were fractionally higher just before the close. Buenos Aires was unchanged.

Cash grain traders displayed interest in No. 3 and 4 Northern and Garnet wheat with price spreads.

Flax futures added nearly a cent tending slightly easier.

In coarse grains pit after losing more than 30 cents in operations earlier in the week. Oats, barley and rye came in for domestic support and held steady.

CALGARY LIVESTOCK

CALGARY, June 21 (CP).—Receipts: Cattle 126; calves 20; hogs 629; sheep 45.

Insufficient sales up to noon to establish quotations.

A few good lambs sold yesterday at 9.50—9.60.

Last bacons 7.25—7.35.

Dealings Slow as Await Nazi Terms

NEW YORK, June 21 (AP). — Stock market dealings almost came to a halt today, and prices shifted narrowly, as many traders remained inactive pending publication of the German-French armistice details.

Apathy, prevailing at the start, continued during the remainder of the session and transfers, for the five hours, approximated 300,000 shares, one of the smallest aggregates in nearly a year. Gains and losses of fractions were pretty evenly split at the close.

Steels were aided by another boost in the scrap metal. Motors, Douglas Aircraft, United Aircraft, Glenn Martin, Allied Chemical, Consolidated Edison, Johns-Manville, Eastman Kodak, Brooklyn-Manhattan Transit, Santa Fe and N. Y. Central.

Backward the greater part of the day were American Telephone, American Smelting, J. C. Penney, Montgomery Ward, Sears Roebuck, International Nickel and General Electric.

Rail loans were the best in a listless bond department. Major commodities were relatively steady.

Toronto Weakens

TORONTO, June 21 (CP).—In a drab market stocks weakened narrowly today on Toronto Exchange.

McColl pfd. declined 1½ to 83½. Imperial Oil lost ⅜ and smaller fractions were lost by International Petroleum and McColl common.

Losses of a point or more were netted by Goodyear Tire pfd., and Howard Smith Paper.

Lake Shore was sold at a loss of ½ to 16½. Losses appeared for Massa, Central Patricia, MacLeod-Cockshutt, Anglo-Huronian, Gunar and Broulan.

Smelters was down 1½ to 31 and Sherritt, Sudbury Basin and Coast Copper were off narrowly.

Home Oil recorded a gain of 11 to 1.50.

Big Pheasant Hatches Are Noted at Sirdar

SIRDAR, B. C. — Several hatches of young pheasants are noted at Albara at present and are estimated to average nine to each hen. While these hatches are late they are larger in number than earlier broods and may possibly arrive at maturity as soon as the early ones, having escaped the wet weather. Deer are very plentiful and are not coming into the ranches now as there is plenty of feed available. Crows have somewhat increased this past two weeks but their depredations seem to be confined to the lake shores.

EXCHANGE MARKETS

MONTREAL, June 21 (CP) — British and foreign exchange, nominal rates between banks only:

Argentina, peso, .2455
Japan, yen, .2605
Switzerland, franc, .2312
(Compiled by the Royal Bank of Canada).

NEW YORK, June 21 (CP)—The pound sterling jumped 5½ cents in relation to the United States dollar in the foreign exchange market today to close at $3.39½.

The advance more than cancelled Thursday's setback but still left the British currency around 10 cents lower on the week.

The Canadian dollar also showed fine recovery power with a rise of ⅜ cent to a discount of 19¼ cent. (Ottawa Foreign Exchange Control Board rate 9.09—8.91 pc dis.)

The Swiss franc bounded .15 cent to 22.63 cents—the best level since late 1940 last year. Short covering was believed the main influence behind the increase.

Wheat Prices Up

CHICAGO, June 21 (AP).—Wheat prices advanced fractionally in a quiet trade today as dealers awaited developments in Europe, for a cue to future market activity.

Less favorable crop reports, including receipt of wheat samples from Southeastern Indiana bearing heavy infestation of black stem rust, continued to attract attention.

Price gains were small and were wiped out frequently. Closing wheat futures were unchanged to ¼ higher compared with yesterday, July 78¼—½, September 78½—⅝; corn ⅛—⅜ up, July 62½—¾, September 60; oats unchanged to ¼ higher.

Slocan City Tunnel to Be Blown After Steamer Has Passed

The tunnel near Slocan City on the Slocan City-Nakusp Road will be blown out Monday after the Slocan Lake Steamer Minto has passed the site on its way to Slocan City. The Provincial Department of Public Works office at Nelson was notified Friday of this play by John Taylor of New Denver, Road Foreman in charge.

Firing of the tunnel has been held up several times as it took longer than expected to load it. The boat is expected to pass the site about 2:30 and the tunnel will be fired shortly afterward.

VANCOUVER DULL

VANCOUVER, June 21 (CP) — Trading remained dull on Vancouver Stock Exchange today. Golds and oils were both up slightly as transactions totalled 13,604 shares.

Cariboo Gold Quartz at 1.80 gained 10 from yesterday's closing bid. Kootenay Belle was up 3 at 25 and Premier firmed a cent at 76.

Home Oil advanced 6 to 1.51 and Calmont rose a cent to 19. Okalta firmed a cent over Thursday's bid at 58.

DIVIDENDS

Kootenay Belle, two cents.

The Classified Will Sell It!

Geological Maps of Kettle River Area Are Issued

Included in the recent publications of the Geological Survey, Department of Mines and Resources, Ottawa, is a set of three maps of the Western portion of the Kettle River area in Southern British Columbia.

Map 538A shows the geology and topography of the 3200 square mile region on a four mile to the inch scale, and is based on field investigations by C. E. Cairnes. On it are marginal notes descriptive of the physical features and general and structural geology. Roads, trails, schools, post offices, and other cultural features are also shown.

The second map, No. 341A, based on field studies by H. S. Bostock, shows in detail the geology of the Southwestern corner of the region and carries notes descriptive of mining activities and the geology of the area, while on the third are shown the mineral localities of the Western portion of Kettle river area. On this map also is an index to the mineral localities in which descriptive information is given of the types of deposits and other related features.

Kettle River area contains many scattered mines and prospects and a few productive camps, but the silver-rich lead-zinc ores of Beaverdell have been the most continuously productive and profitable. Elsewhere principal production has been in gold, partly from the placer deposits of Mission and Rock Creeks, and partly from the lode deposits of Camp McKinney, Osoyoos, Fairview, and Oro Fino Mountain camps and a few other isolated properties. Silver-bearing ores have been mined in relatively small amounts from properties in Similkameen river and Trout creek valleys. Copper and molybdenum have been produced from ores near Olalla, and copper especially is a common, and in places a commercial constituent of many of the gold and silver-bearing deposits in the area. No lead or zinc ores have as yet been mined for these metals only, though there are occurrences of some note.

Non-metallic deposits of consequence include the coal seams near White Lake and the magnesium salts of Spotted Lake. Some limestone has been quarried for local use and some quartz has been mined for fluxing purposes.

CUMBERLAND IS PRESIDENT OF INVESTMENT DEALERS

TORONTO, June 21 (CP). — E. C. Cumberland of Montreal was elected President of the Investment Dealers' Association of Canada at the annual meeting here today. He succeeds W. P. Scott of Toronto. Vice-Presidents included R. Murray Brink of Vancouver.

INVESTIGATE POSSIBLE INCENDIARISM, HOQUIAM

HOQUIAM, Wash., June 21 (AP).—Fire Chief Charles Crawford investigated today the possibility that a fire which caused an estimated $800,000 damage to the Polson Lumber and Shingle Mill "A" last night was of incendiary origin.

Crawford said he noticed a suspicious looking character loitering about the porperty when firemen were called to the shingle mill to extinguish a blaze at 4:30 p.m.

Salmo Organizes to Go Over Top in War Saving Drive

SALMO, B. C., June 21 — Every house in Ymir, Salmo, Sheep Creek, Erie and other district points will be canvassed in a campaign to sell War Savings Stamps and Certificates.

This was the decision of a meeting of district representatives Friday night at Salmo. They were called together by M. C. Donaldson, Salmo district representative on the Provincial War Savings Committee.

Determined that the district should make its mark in the Dominion-wide campaign, the Committee drafted plans to contact everyone and to "go over the top" with top-ranking subscriptions.

The Committee named to organize and carry through the drive follows: M. C. Donaldson, C. A. Cawley, R. C. Bush, Don C. Aldis, James Wallace, Smith Curwen, Mike O'Donnell, Vere McDowell, Henry Doelle, Albert Johnson, Joe Streit, A. W. Kent, "Brad" Watson, James McCutcheon, Reginald White, J. K. Trecartin, Mrs. Carl Lindow, Mrs. Louis Johnstone, Mrs. Don Aldis, Mrs. James Hearn, Mrs. Allan John, Mrs. Barran, Mrs. R. B. McKay and Mrs. Harry Larsen.

Rossland Teacher Resigns Position

ROSSLAND, B. C., June 21—The resignation of Miss Berna Donaldson from the teaching staff of the MacLean School has been accepted by the Rossland School Board. Miss Donaldson will be married to Lesier Brown, of Rossland, at Grand Forks in July.

Cooling Breeze Holds Mercury to 72, Trail

TRAIL, B. C., June 21—A cooling breeze Friday gave Trail citizens some respite from the sultry weather of the past few days. The maximum temperature was 72 degrees, 11 below the high of Thursday.

Dominion Day at Nelson Is Planned for the Children

Dominion Day in Nelson will be a children's sports day. The Nelson Bugle Band, which annually organizes July 1 sports in Nelson, has decided this year to dispense with open events and to bend every effort toward making it a memorable day for youngsters.

The Band wants to make it a flag day as well, and so that as many as available may be carried in the prade, has announced that extra ice crem cones in addition to the usual free distribution will be made to youngsters carrying flags.

Flat races and novelty events will make up the day's program. There will be no open events.

COMMITTEES

Committees in charge have been selected as follows:

Finance—Clarence Ward.

Collection—R. Crahan and Herbert Pitts.

Advertising—Herbert Pitts and R. Crahan.

Dance—Ernest Woolls and Herbert Brindle.

Properties—All Band members.

In each case committees will be increased as men become available to help in running the big program.

Women's Institute Plans for Rally; to Help Disaster

Final plans for its district rally at Lakeside Park on Tuesday were made by the Nelson Women's Institute Friday afternoon. It was decided to serve tea and coffee for the visiting delegates at the basket luncheon. About 30 are expected to attend from district Institues. The rally will be addressed by Mrs. V. F. McLachlan, Victoria, Superintendent of British Columbia Institutes.

A request to the members to purchase all the War Savings Stamps they possibly could was made by Mrs. F. E. Wheeler, President. She is a member of the Nelson Committee to handle the stamps.

The Institute went on record as unanimously backing any emergency work undertaken by the Red Cross Disaster Relief Committee, headed by H. D. Dawson. The members specified no special work that they would do, but said they were willing to help in any way possible.

Following a discussion on refugees, Mrs. Wheeler suggested that the members could help by making over and sewing clothing.

A demonstration by Mrs. Hector Mackenzie of cooking a supper dish which she called "Scotch Eggs", was enjoyed. The dish was sampled by the members.

Tea was served by a committee consisting of Mrs. H. B. Penney, Mrs. J. Fox and Mrs. W. E. Bell.

I.O.D.E. STARTS MILE OF NICKELS DRIVE AT TRAIL

TRAIL, B. C., June 21— Brand new nickels glittered in the bright sunlight Friday when Arthur Chapman Chapter, I.O.D.E. opened its "Mile of Nickels" drive.

In front of the post office taggers gathered to see Mayor Herbert Clark and R. R. Burns, M.L.A., open the drive.

Mrs. F. E. Dockerill, Regent, explained to those gathered that the money being raised would go toward payment for a bomber which the National chapter of Canada was contributing to the Dominion's war effort.

Each tagger carried yard sticks covered with "Scotch tape" to which the nickels adhered.

Getting down to the sidewalk, where yard stick was placed, Mayor Clark deposited a row of 20 nickels and turned over a two dollar bill to Mrs. Dockerill. Forty three nickels, or $2.15, filling out a yard. Other members of the City Council added to the nickel row.

Mr. Burns came fully prepared, producing a stick filled out with nickels.

The drive will continue Saturday and Monday.

Louis to Meet Winner of Galento-Baer Bout

NEW YORK, June 21 (AP).—Joe Louis' next defence of his world's heavyweight title bout will be in September against the winner of the Tony Galento-Max Baer bout, Promoter Mike Jacobs announced today.

Baer and Galento clash in Jersey City, July 2. If Galento wins, said Jacobs, he'll meet Louis in New York, but if Baer is the victor the fight will go to Chicago.
