

FRENCH TROOPS STILL HOLD CHANNEL PORT

Terrific Conflict Is Raging in 5 Land Actions and in Air

Bombing and Fighting Planes of Both Sides Strike at Depots, Troops; Infantry Digs in From the Somme to the Sea

LONDON, May 24 (CP)—Violent conflict raged along the shifting battle front today as British, Belgian and French troops fought in five separate land actions—and innumerable actions in the skies—to safeguard Britain from invasion and to reestablish defence lines across France and Belgium.

Engagements important enough strategically, if not in numbers of men engaged, to be called battles were reported as:

1. A fight along the coast for channel ports with the Germans pressing along the coast road to Boulogne itself.

2. A gathering French drive Northward from positions along the Somme from Amiens Eastward. This is emphasized by the fact the French announce they have established strong positions probably for jumping off on a general advance.

3. Rapier-like thrusts South toward Bapaume by British mechanized troops and infantry. These had the same object as the French movements—establishing an Allied line that would slice Germany's Western salient off at its base.

4. A defensive fight by the British Expeditionary Force's crack troops and Belgian battalions in the region of the Escaut River running through Cambrai in France and Tournai in Belgium, where infantrymen seek to stem a German attack which forced a break through yesterday at Audenarde—a breach sealed by Belgian troops after fierce fighting.

5. The German "expanding" operations South of Sedan, in France, the point in the Republic's lesser fortifications, West of the great Meuse River, at which the Nazi first broke through. The German operations are aimed at opening a further breach in the French defences to give scope for a wheeling movement to strike at the rear of the Maginot Line.

These battles employed every weapon in the modern war arsenal. Bombers and pursuit ships of each side struck depots, troop concentrations and moving columns. Heavy artillery—long the pride of France—boomed from the South to match Germany's artillery of the air. From the Somme to the sea infantry dug in to bear the brunt of the fighting.

British fighter squadrons announced they had shot down 20 German fighters yesterday and damaged 25 more with loss of only eight British craft.

Bombing sorties were made during the night on German communications lines in Northeast France, Southern Belgium and the Rhineland. In Northeast France military objectives were hit by Bvay and Hiron and a railway junction at Lacapelle.

400 CHILDREN BURN

EFFIGY OF HITLER

LLOYDMINSTER, Sask., May 24 (CP).—Four hundred children burned an effigy of Hitler last night in an enthusiastic pre-Victoria Day celebration.

Many of the marching children carried banners on which were inscriptions "Smash Hitler", "Down With Hitler".

A group of adult citizens joined the parade and a Great War veteran reportedly touched the march to the bonfire.

FORMER SPY IS HELD

LONDON, May 24 (AP)—Captain

Franz von Rintelen, noted for German espionage activities during the last war and in recent years a resident of England, was detained today in Britain's drive against fifth column activities.

Esling Urges Establishment of

Recruit Stations, Southeast B.C.

Urges Dependents' Allowance Be Retroactive

OTTAWA, May 24 (AP)—A plea for the establishment of recruiting stations in Southeastern British Columbia to take care of enlistments in the units of the prospective Third Division was made in the House of Commons today by West Kootenay's member, W. K. Esling. He stated that "we had the departmental medical officers in Rossland, Trail, and Nelson," and that there were hundreds of young men anxious to enlist.

In referring to the fact that recruits had been compelled to undergo a local medical examination, travel to and from Vancouver at their own expense and then be told that they would be notified when wanted, justified the conclusion that if the Government had concentrated upon a plan to discourage voluntary enlistment, it could not have

Canada to Send Planes at Once

OTTAWA, May 24 (CP)—Responding to a request from the British Government for certain airplanes, the Canadian Government has informed London "that these airplanes would be available and would be forwarded at once." The Air Minister, Hon. C. G. Power, told the Commons today.

Asked by Joseph Harris (Con. Toronto-Danforth) if Canadian fighter planes were being sent to Britain, Mr. Power said:

"Some 10 days ago the Government offered to place at the disposal of the Government of Great Britain all the equipment in the way of airplanes which it might require and which were in Canada. The Government of Great Britain is fully aware of the supplies and equipment which we have here and some days ago it requested a certain number of different types of airplanes, the particulars of which I do not think I should give to the House."

"This was received on Tuesday last, and on Tuesday evening a reply was sent to the effect that these airplanes would be available and would be forwarded at once."

Nazis Will Be Beaten Says Odium

VANCOUVER, May 24 (CP)—Major-General Victor W. Odium, Commander of Canada's Second Overseas Division, arrived here today and said he is confident the German onslaught in France will be beaten back.

"The situation is grave, but I have every confidence that the tide will be turned," Major-General Odium said, declaring that the present situation called for "work not talk."

"My work is just beginning now and there is no time to be lost," he said. "On my return East I shall stop over at the principal cities, picking up the contingents of the Second Division and putting it together."

TWO CAPITAL SHIPS HIT, CRUISER, 7 DESTROYERS, FOUR SUBMARINES SUNK

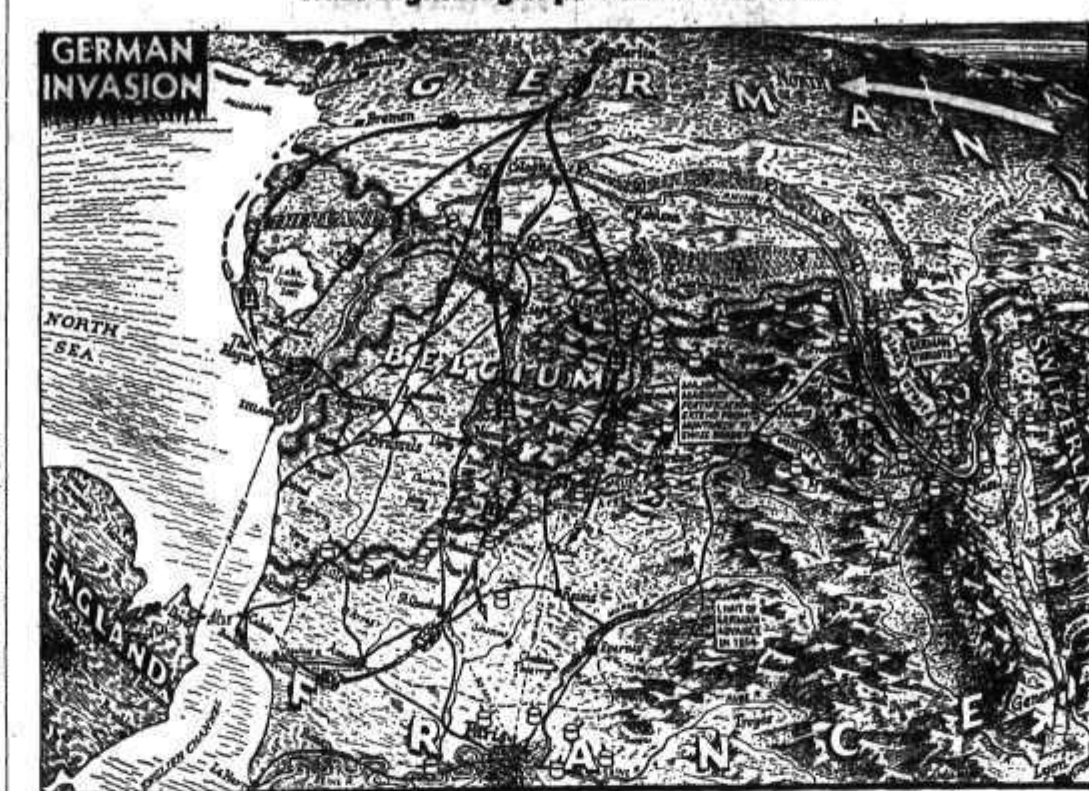

LONDON, May 24 (CP)—British naval losses since April 9 were two capital ships slightly damaged, one cruiser which struck an uncharted rock and seven destroyers and four submarines sunk, naval sources said today.

The \$550-ton cruiser, Ettingham, was announced as lost after running on to a rock off the Norwegian coast last Monday.

German claims that 15 capital ships, three aircraft carriers, 46 cruisers, 44 destroyers and 29 submarines were sunk or damaged were scoffed at as "fantastic."

Mr. Esling also pointed out the injustice to which widowed mothers of enlisted sons had been subjected in the matter of dependents' allowances. He said that, unfortunately, recruiting officers gave them to understand that a dependent widowed mother would receive the same allowance as a wife, but she received nothing at all until the pay and allowance regulations were amended nearly four months after the outbreak of war, and then only an amount in the discretion of the Dependents' Allowance Board dated from January 1, when the regulations were amended. Mr. Esling stated that the allowance be made retroactive to the date of enlistment.

Nazi Lightning Rips Toward London

Like greased lightning, Germany's military machine struck the Lowlands without a warning May 10. In six days it conquered Holland; in eight it overran Belgium; in 14 its vanguards were within 55 miles of Paris and on the shores of the English Channel, across which William of Normandy journeyed to conquer England in 1066—the last time Britain was successfully invaded.

This map shows the general directions of the many-forked attack. The Germans broke into France through the Maginot line extension, most of which was built since last September, when the French realized

ed defenses were probably inadequate. Clouds of bombers heralded the Nazi lightning. They smashed at Allied assembly points and lines of travel. Then tanks crashed through hastily assembled Allied forces and armored cars and infantry-carrying trucks drove through the holes.

Hard put to slow up the German drive in the North, the Allies have to worry also about a possible German drive in the South, through Switzerland, and an Italian offensive in the same neighborhood seems imminent.

Britain Ready for Invaders

Whitehall Sprouts Machine Guns and Armed Guards; Channel Defences Prepared With Greatest of Secrecy

LONDON, May 24 (CP)—Britain set up barricades of modern war equipment in ancient Channel ports to the Irish Sea while on the continent her troops continued to hold firm against an enemy attempting to drive to within artillery range of her coast.

The narrow old roads from the Channel's high chalk cliffs inland, which have not felt the stamp of an invader's boots for nearly 10 centuries, were guarded closely, behind a secret massing of heavy naval, air and land forces in strategic spots.

Road barricades stood ready at vital spots and motorists in the pastoral green of rural England were stopped and made to show identity cards.

The heart of Governmental London—Whitehall—sprouted machine guns and armed guards. One gun stood at the head of Downing Street where Prime Minister Churchill lives. Another was planted near the Foreign Office. Army guards at public buildings were increased.

Strengthening of the Channel defences, begun months ago, proceeded with the greatest possible concealment because of both the "Fifth Column" danger and because the coast-line is being scouted daily by German planes, to the sharp accompaniment of anti-aircraft guns.

As for internal dangers on the East coast, spokesmen said they believed the "Fifth Column" round-up and the imposition of a curfew and other restrictions on aliens had put matters well in hand.

It is known that the Government has been exchanging information with Eire on the subject and today, in the Northern Irish counties of Ulster, part of the United Kingdom, the Royal Irish Constabulary rounded up 78 members of the banned Irish Republican Army and interned them for the duration.

Britain is considering constructing airbases in Ulster, Parliament was told today.

That there still was work to do in the "Fifth Column" roundup, which began Thursday with the arrest of Sir Oswald and his colleagues in the British Union, was demonstrated early.

Subversive posters appeared telling of "a new British broadcasting station." Officials said they actually were intended to call attention to German broadcasts.

A special mission to neutral Spain was announced, to be handled by Sir Samuel Hoare, veteran Cabinet Minister, as Ambassador to Madrid.

Must Follow Britain Says Herridge as He Assails Blackmore

OTTAWA, May 24 (CP)—The Canadian Parliament "must take the self-same action" as the British Parliament in passing legislation concerning human and material resources, Hon. W. D. Herridge, founder of the New Democracy movement, said today in a letter to John Blackmore, leader of the New Democracy group in the Commons.

"It is your duty to rise in the House and say so," the letter said. "For we are fools to think we can play our part in any other way."

"You believed in national service when the war began. Your group declared for it. In the House of Commons last September you urged universal conscription of finance, industry and manpower. You did it. I hoped to make a band of heroes of you. But you let me down. You went back on national service."

Mr. Blackmore said in his reply: "As our men think your 'communist' is somewhat of a coercive nature, it has been referred to our executive for consideration."

Armstrong Again Retains Title as Wallops Zannelli

BOSTON, May 24 (AP)—Hammering Henry Armstrong successfully defended his world welterweight title tonight for the 11th time with a fifth-round technical knockout over Ralph (Ripper) Zannelli of Providence, R.I., in a scheduled 15-round bout at the Boston Garden. Zannelli was knocked down four times.

The Negro titlist weighed 140½ five pounds less than his rival. Zannelli dropped for the first time under a heavy barrage of hooks to the head in the second round. He found the canvas again in the third and dropped twice in the fifth session before Referee Johnny Martin stopped it.

Brief Rainfall on Victoria Day, but Day Is Mostly Fine

While heavy, threatening clouds and a brief rainstorm in the early afternoon brought a promise of disappointing weather for Victoria Day, the sky over Nelson cleared later and the temperature climbed again to 35 degrees, to equal the year's high to date. The day opened clear and bright, but clouds started gathering in the late morning and about 1:00 p.m. a brief, heavy rainfall occurred. The precipitation measured .09 inch. The day's minimum temperature was 49 degrees.

CANADIAN DIVE BOMBER TURNED DOWN BY R.A.F.

OTTAWA, May 24 (CP)—Royal Canadian Air Force officials had tested the Canadian-built dive bombers Gregor FB1 in May, 1939, and had rejected it as unsuitable for the air force's purposes, the Air Minister, Hon. C. G. Power, told Parliament today in replying to a question.

Joseph Harris (Con. Toronto-Danforth) cited a newspaper item about the aircraft having dived at a speed of 572 miles an hour recently, and saying the plane was en route to Mexico and South America for demonstration.

249 Dead, Thousands Lose Homes in Peru Earthquake

LIMA, Peru, May 24 (AP).—A series of violent earthquakes rocked Peru today causing a heavy death toll and leaving thousands homeless.

Crippled communications obscured the full extent of the disaster but reports trickling in tonight placed the dead at 249 and the injured at more than 3000.

Seventy dead were counted in Lima alone and it was feared additional victims were buried under debris of scores of wrecked buildings.

Callao, Lima's seaport six miles away, was the hardest hit. The death toll there was put at 180 with 1100 injured.

WOMEN, CHILDREN DIE AS NAZIS RAZE CITY

LONDON, May 24 (CP)—The French port and industrial city of Abbeville, seized by a German motorized column speeding to the English Channel, was "razed" and its "shattered streets strewn with dead and dying women and children," a Red Cross worker, Alan S. Rogers, said today.

Rogers said the Germans bombed Abbeville "relentlessly and apparently without any thought of military objectives." The Germans dropped high explosive and incendiary bombs, he said, as well as incendiary darts "which shoot about like jumping crackers."

Spring Assizes to Resume Today

Three cases are on the docket for the resumption of the Spring Assizes at Nelson today.

In one of them Cecil Ketter of Rossland is suing Hon. Capt. C. S. Leary, Minister of Public Works, claiming the balance of a judgment obtained in 1934, or alternatively the total of monthly payments, he said were unpaid.

One of the suits is a damage action, Mr. and Mrs. Frank G. Smith of Trail suing the Rossland Avenue Meat Market, Bruno Tognotti and Antonio Borsari, claiming damages for injuries allegedly suffered by Mrs. Smith.

The third action is a divorce suit, brought by Mrs. Mary Reynolds of Winnipeg against Clifford H. Reynolds of Trail.

Mr. Justice Murphy returned Friday from the East Kootenay to preside.

MENZIES PLANS TO MEET OTHER PREMIERS

OTTAWA, May 24 (CP)—Prime Minister R. B. Menzies of Australia plans to meet premiers of the states of the Commonwealth at regular intervals to consult on matters relating to the war program. It was learned today from the office of Sir William Glasgow, Australian High Commissioner to Canada.

This new plan was outlined in a cable received by Sir William, giving details of Mr. Menzies' war speech in the Australian Parliament yesterday.

YOUTH DROWNS IN POND

CARON, Sask., May 24 (CP)—Eldon Stephen McBride, 20, drowned today in a three-foot deep pond near the family farm home. It is believed he suffered a fainting spell and fell into the pond while getting a barrel of water.

Boulogne Held in Fierce Showdown; Battling at Calais

Heavy Artillery Attempts to Cut German Line by Crossfire; Masses of Infantry Try to Cut Nazi Spearhead

By HENRY C. CASSIDY—Associated Press Staff Writer

PARIS, May 24 (AP)—French troops, standing doggedly at the Northwest rim of the Republic in a great and bloody showdown, were declared officially tonight to be holding the English Channel port of Boulogne against the Nazi rush to the sea.

Just to the Northeast, in the equally vital region of Calais, other Allied forces closed desperately with German light units.

The last Allied word on Boulogne tonight was by a French War Ministry spokesman, who announced French troops still were holding the city against German armored columns. Earlier in the day a London announcement assumed the city had fallen.

The critical struggle tonight was to bar the Germans from footholds necessary to attempt to spring across the channel at England.

While fighting raged within sight of the Strait of Dover, the main Allied forces—separated by a corridor 30 miles wide through which the German mechanized forces pushed toward the sea—brought out heavy artillery in an effort to cut the long but thin German line by crossfire.

In the Valenciennes-Cambrai sector the Battle of Flanders raged on with the results far from decided. Great masses of Allied Infantry pressed with all their weight South from Flanders Field and North from the Scheldt River in a pincer movement to back on the main German line at the West.

The fighting was bitter but apparently indecisive as yet.

The French communiqué said the battle for the Channel ports extended to the region of Boulogne and St. Omer, just East of Calais—but gave few details of the action.

The situation had "not permitted reestablishment up to the present of the continuity of our lines," the communiqué went on, indicating a belief that a junction between the forces separated by the German salient would eventually be made.

In the fighting along the Somme, the Germans were reported using new machines—bombs which, when exploding, set off sirens, and parachute torpedoes.

On the home front, an official note put "French and foreign public opinion" on guard against wild rumors said to have been distributed by German agents of internal disorders in France.

915 CONTRACTS GIVEN TO CANADIAN FIRMS

OTTAWA, May 24 (CP)—A total of 915 contracts, with total value of \$6,261,455, was awarded Canadian firms last week, the Department of Munitions and Supply announced today.

Total orders placed to date by the Department and Purchasing Boards which preceded its formation now amount to approximately \$289,000,000, of which about \$73,000,000 was for British account.

11 BRITISH FIGHTERS DOWN 11 NAZI PLANES

LONDON, May 24 (CP)—The Air Ministry announced tonight that 11 British fighter planes had shot down 11 Messerschmitts, German fighters, and seriously damaged three others without loss to themselves while on patrol over the French coast this afternoon.

Late Flashes

LONDON, May 25 (Saturday) (AP)—The Government announced today that eight civilians were injured in a German air raid on North Yorkshire last night. Three of the wounded were taken to a hospital. Bombs fell in rural areas in East Anglia, where there were no casualties.

LONDON, May 24 (AP)—An explosion tonight damaged a hall at Bellshill, Lanarkshire County, Scotland, used as a meeting place by members of the local Communist Party. There were no casualties.

Police began an immediate investigation.

TRENTON, Ont., May 24 (CP)—Flight-Lieutenant H. R. McBurney, 23, Saskatoon, was killed and Sergeant-Pilot Al Cheesman of Fort Arthur, famed "Flying Alderman," suffered minor injuries tonight when the Royal Canadian Air Force plane in which they were about to land took a sudden nosedive and ploughed into the ground.

PARIS, May 24 (AP)—The French army of the North was reported today to have advanced 10 miles in its drive to narrow the 30-mile corridor North of the Somme through which Germany's mechanized troops have been hammering at Channel ports.

FELLER PITCHES INDIANS TO WIN

ST. LOUIS, May 24 (AP)—Bobby Feller pitched and batted Cleveland Indians to a 3-2 victory over St. Louis Browns tonight in St. Louis' first Major League night game.

Besides striking out nine, the young Cleveland right-hander hit a home run—the first in his Major League career—with none on in the third inning, tying the score.

St. Louis 2 1 0
Cleveland 3 1 0
Feller and Hemaley; Auker and Swilt.

CHICAGO, May 24 (AP)—John Duncan Rigney set Detroit Tigers down with three hits today for a 3-1 victory, running the Chicago White Sox winning streak to five straight.

Detroit 1 1 1
Chicago 3 1 0
Bridges, Gorsica and Tebbetts; Rigney and Tresh.

Navy May Be In Action in Channel

LONDON, May 25 (Saturday) (CP).—Vibrations from explosions in the Boulogne area against flames shooting skyward across the English Channel led to the belief early today that the Royal Navy had gone into action.

The red glare of the flames cast an eerie glow on the surface of the sea.

An Air Ministry communiqué told of repeated bombing attacks in the Boulogne area against German positions pushing Northward toward Calais. It was believed these accounted for some of the vibrations but others were of such force as to lead to the belief they were caused by naval guns.

Electrical Storm Is Local; No Reports of Fires Due to Lightning

An electrical storm over Nelson Friday, featured by lightning and thunder apparently fairly close to the city, seemed to be fairly localized, said Forest Branch officials who were on guard for reports of fires started by lightning. Heavy showers accompanied the storm.

Up to 9:30 p.m. the Forest Branch had no reports of lightning strikes causing fires.

BELGIANS ORDERED TO REPORT TO CONSULATES

LONDON, May 24 (CP)—The Belgian embassy tonight ordered all Belgian subjects between the ages of 16 and 35 and army veterans under 46 to report to their nearest consulates. The announcement said they were "liable to be called up for service."

Florence Nixon and Douglas Davis Lead South Slokan to Win in Meel

36-Point Margin Wins Cup; Bonnington Second

SOUTH SLOKAN, B. C., May 24.—Florence Nixon with seven points and Douglas Davis with nine were aggregate cup winners as they led their South Slokan school mates to a 36-point total and victory in the Empire Day track and field meet at South Slokan school today. Bonnington school was second with 20 points and Crescent Valley was close behind with 19.

The two aggregate winners will receive cups posted by W. J. Tindale.

By amassing the 36 points—36 over its nearest rival—South Slokan became the possessor of the Nelson Daily News School Aggregate cup. This cup was won three years in succession by Bonnington and a new one will be presented for South Slokan.

RELAY CUP TO SOUTH SLOKAN

Besides the three aggregate cups South Slokan took home the South Slokan Football Club cup for the relay for mixed teams 15 years and under after the Bonnington team was disqualified. Each of the team members was given a small individual cup, posted by the Sports Association.

The team consisted of Florence Nixon, Douglas Davis, both aggregate winners, May Bowkett and Mike Kotyk runner-up for the aggregate. One of the Bonnington runners stepped outside the course and his team was disqualified. Otherwise it would have won the relay.

The Nelson Football Club cup, won last by South Slokan several years ago before the Nelson Club disbanded, and other individual cups won by athletes in other years, were on display.

Besides the children from the three schools in the meet, children from Glade, Tarrys, Shoreacres and Fruitvale also took part, but their results did not count in the aggregate. Three points were awarded for first, two for second, and one for third.

Students of Nelson High School and Junior High School resident in the valley district, also took part, but neither did their entries count in the aggregate.

FLAT RACES

Girls 6 and 7—Maggie Mahovitch, South Slokan, first; Olga Abramovich, Crescent Valley, second; Margaret Cavill, Bonnington, third.

Boys 8 and 9—Charley Glick, Bonnington, first; Edith Clark, South Slokan, second; Zane Summers, Fruitvale, third.

Girls 8 and 9—Dixie Kennedy, South Slokan, first; Jo-Anne Platt, Bonnington, second; Betty Gray, Crescent Valley, third.

Boys 8 and 9—Bill Woykin, Crescent Valley, first; Matthew Dumas, South Slokan, second; Jack Glicker, Bonnington, third.

Girls 10 and 11—Margaret Nixon, South Slokan, first; Lilian Lequeux, South Slokan, second; Lorraine Glicker, Bonnington, third.

Boys 10 and 11—John Savinkoff, Tarrys, first; Andrew Savinkoff, Crescent Valley, second; Fred Tarasoff, Crescent Valley, third.

Girls 12 and 13—Florence Nixon, South Slokan, first; Florence Larson, Crescent Valley, second; Nellie Popoff, South Slokan, third.

Boys 12 and 13—Mike Gwattok, Glade, first; Bill Shalkoff, Shoreacres, second; Mike Kotyk, South Slokan, third.

Girls 14 and under—Florence Nixon, South Slokan, first; Bertha Ridge Bonnington, second; Florence Larson, Crescent Valley, third.

MINISTERS TO GIVE FIRMS WORK ORDERS

LONDON, May 24 (CP). — The Government disclosed today that ministers of departments using war supplies will be given "power to prescribe the war work which firms must carry out, the hours they are to work, the labor they are to employ and the price of goods."

DUBLIN POLICE HUNT PARACHUTE "MYSTERY MAN"

DUBLIN, May 24 (CP). — Soldiers and police tonight started a hunt for a German "mystery man" who they believed dropped into Dublin by parachute, and held an Irishman alleged to have sheltered a guard.

A guard was set to prevent arms and ammunition in fire falling into unwieldy hands.

An order was issued to compel surrender of possession of all arms in Irish ports or territorial waters. Airborne and coastal guards were strengthened.

The search for the parachutist, police testified in criminal court, started when they found an open parachute of unusual type, a radio transmitter and documents of military character in the home of a defense in a raid on the home of Stephen Held, a naturalized Irishman.

They also reported finding \$20,000 in United States money, a military cap and a modern German air force badge in the house.

Held was taken back to jail under military regulations.

Despite this hunt, authorities said they were "not inclined" to admit the existence of any wide-spread "fifth column" plot involving German residents.

Seven Centres Represented at Pentecost Meel

A hundred Nelson and District Pentecost followers, 46 of whom were from outside centres, gathered in the Nelson Bethel Tabernacle for a Victoria Day fellowship meeting. Kimberley, Cranbrook, Salmon, Grand Forks, Trail and Fruitvale, as well as Nelson, were represented at the meeting.

TWO SERMONS

Rev. George Hutchinson of Kimberley and Rev. J. W. Wilderman, Evangelist at Cranbrook, were the principal speakers. Mr. Hutchinson spoke on the subject, "I Ought, I Can, I Will, I Have" in the evening, while Mr. Wilderman's afternoon sermon was on "Having the Mind of Christ."

In the afternoon service Rev. John Wood of Trail led the song service, Rev. W. T. Collins of Grand Forks, the prayers and Mrs. J. W. Wilderman of Cranbrook, the choruses.

Testimonies were taken by Miss Mildred Johnson of Salmon. Also on the afternoon program were vocal quartet rendition of "I Need Jesus" by Rev. C. A. Story, Frank Dyck, Miss Elsie Riddick, and Mrs. A. Wilbur; a cornet duet, "Constantly Abiding," by Frank Lang and Stirling Manual; a Church orchestra presentation, "Since the Fullness of His Love Came In"; and a choir number, "For God So Loved the World."

A street meeting conducted by the Tabernacle Orchestra, under conductor Frank Lang opened the evening participation in the fellowship meeting. Rev. W. R. Collins of Grand Forks led the evening song service, and H. C. Robinson of Cranbrook the prayer service. The musical program embodied a choral number, "Drifting Away From God," by Thomas Bishop and Frank Lang; a vocal sextet, "It Is Well," by Miss E. Riddick, Miss Edith Lang, Mrs. A. Wilbur, Thomas Bishop, Frank Dyck and Rev. C. A. Story and an orchestration, "Never Give Up."

Over 75 sat down to a fine supper served preceding the evening service.

Wider Representation of Canadian Units May Be in Third Division

OTTAWA, May 24 (CP). — A wider representation of Canadian regimental units may be found in the proposed 3rd Division if suggestions now under consideration are adopted, Defence Minister Norman Rogers told the House of Commons today.

The Government is giving thought to forming the 3rd Division by recruiting from each unit in a military district, possibly by taking one company from each, rather than by taking a complete battalion to represent a district.

This being Victoria Day Prime Minister Mackenzie King announced at six o'clock that, by agreement between the party whip, it had been decided not to sit in the evening and the House adjourned until Monday afternoon.

Mr. Rogers, replying to questions and suggestions, said the Government would consider keeping university officers' training corps in operation during the Summer months, and might authorize recruiting non-permanent units, not required for the 3rd Division, up to something more closely approaching full strength.

Howard Green (Con., Vancouver South) urged that all non-permanent units be recruited to full strength and given as much Summer training as possible.

Murphy, Chester Win Log Sawing at Kaslo; Slokan City Takes Baseball; Kaslo Somball in 24th Celebration

KASLO, B. C., May 24.—In a gala day of children's sports, baseball, softball, and dancing, Kaslo celebrated Victoria Day with its annual program, drawing holiday makers from every nearby centre. Fine weather favored the holiday-makers and from the opening kiddies sports to the monster veterans' dance in the evening the day was a grand success.

The sports program alone was not the only attraction for the visitors, and throughout the day the lake fronting the Cherry City could be seen dotted with fishing craft as the District Isak Waltons made the most of the holiday.

Slokan City defeated Kaslo's baseball team 10-6 in the feature game of the afternoon program; while in the girls' softball, the Kasloites carried off a win to even their score by defeating the Nakusp girls, 35-17.

Mac Murphy and Chester Speers of Kaslo won the log sawing contest besting three other teams by going through their log in 32 seconds. The runners up were Fred Speers and Cecil Pagburn of Kaslo, 35 seconds.

Meeting all-comers in the tug-of-war Kaslo's team carried off this event by defeating three other teams. The opponents were made up of pickup teams from out-of-town centres.

Fruitvale Gala Scene for Victoria Day Celebration; Service Club Has Aid 109th Ladies and the Institute

FRUITVALE, B. C., May 24.—Although the sky was clouded and provided comfortable weather for children's sports in the morning, the sun shone forth in its full brilliance in the afternoon to add to the success of the Victoria Day celebration at Fruitvale. It was sponsored by the Fruitvale Service Club, assisted by the Ladies' Auxiliary to the 109th Field Battery, R.C.A., and the Fruitvale Women's Institute.

The hub of the community looked its smartest Friday with the sports field nicely surfaced and the gravel main street dotted. Dr. C. A. Klum, announcer for the day's program, stated that the oil was accumulated from car crank cases, and was laid by Special equipment "rigged up" by Jack Vitlas.

Trail Motorcyclists Produce Thrills for Crowd at Fruitvale

FRUITVALE, B. C., May 24.—Turning out in full force and sporting attractive blue satin shirts, the Trail Motorcycle Club highlighted events at the May 24 celebration Friday at Fruitvale.

Stan Wells thrilled over 3000 people as he crashed through a board wall at a speed of 60 miles an hour. Wells, Palmer Rutledge and Carlo Smith performed jumps, while John Ponak rode a surf board behind Don Hill.

The crowd landed stunt-riding by Don Hill and Palmer Rutledge and cheered the drill team when eight men formed a pyramid on Don Hill's machine and rode across the field. Riding with him were "Speed" Ponak, Al Thompson, Hugh Lunn, Lou Malott, Wilfred Pitt, Jimmy Glanville and Bill Smith.

CONSTIPATION GAS CAN MAKE YOU FEEL AS IF YOU'D EXPLODE!

Can you help relieve the pressure of gas due to waste in the intestines? You! Take Bechams Pills. They act two ways to help relieve temporary constipation. First, this purely vegetable compound induces a gentle, thorough bowel movement with no unpleasant after-effects. Next, it quickly relaxes and refreshes you by relieving the distress of constipation gas. Take Bechams Pills tonight. Feel different tomorrow. At your druggist's, 104, 254, 504.

Warning to the Sleepless Who Use Dangerous Drugs

Physicians report a marked increase of insomnia cases and warn against the danger of using narcotic and hypnotic drugs to induce sleep.

"Sales of sleeping tablets are enormous," says Dr. Rising of the University of Chicago. "Millions are spent for the purchase of these drugs," says Dr. Weiss of Harvard. Business men, stenographers, debauchees and housewives are among those who seek relief from nerve-racking sleeplessness.

"More than 75% of patients in our hospitals had been taking large doses of these dangerous drugs before coming to us," says Dr. Robinson of Kansas City.

When habit-forming opiates, such as morphine and cocaine cannot be obtained, other drugs are used. Some of these drugs are destructive to the nervous system, causing mental disturbances, sexual disorders, and even death.

Sleeplessness is a persistent symptom of nervous exhaustion. The natural tendency is for the condition to grow worse and worse unless effort is made to restore richness to the blood and vigor to the nervous system.

For this purpose, Dr. Chase's Nerve Food is indicated, because it supplies the accessory foods, mineral substances and Vitamin B₁, from which Nature builds up red blood corpuscles and the vital nerve force which controls the various organs of the body.

Very many people report that they have been relieved entirely of sleeplessness by the use of Dr. Chase's Nerve Food. It is not a narcotic or hypnotic. It does not act as a sedative. But it does help to remove the cause of sleeplessness by improving the quality of the blood and thereby nourishing the starved nerves.

Since Vitamin B₁ has been added to the formula of Dr. Chase's Nerve Food, wider benefits may be expected from this treatment. Among other symptoms to be relieved may be mentioned nervous indigestion, chronic lack of appetite, anemia, irritability, restlessness, chronic fatigue and general run-down condition of the body.

Instead of deadening the nerves, Dr. Chase's Nerve Food helps to tone up and invigorate the nervous system, and thereby gives new pep and energy to body and mind. It not only makes you feel and look better, but also builds up a reserve of nerve force to help you fight the battle of life.

Nelson Gets Ball Win for 50 Cents

For the seemingly trifling sum of 50 cents, Nelson Seniors won their opening game in the West Kootenay Baseball League a week ago, Manager Con Cummins revealed Friday.

Explaining his deduction, Cummins said it all happened in the first of the fourth when the score was even at 1-1. Two men were out and Catcher "Mush" Anselmo was resting on first. Cliff Bogstie, south-paw veteran pitching ace of the Trail Cardinals, ambled up to the plate and looked over a couple of Coach Ray Humble's slants before slamming one out into right field.

Anselmo was on his way around the base path and Bogstie striding along not far behind as Steve Smith, Nelson outfielder, started to run to his right and back for the hard drive. Just as it seemed the ball was going well over his head, Smith in one straining effort thrust up his gloved right hand and brought it down. It saved one run and possibly two.

While the fans went wild, Smith was more concerned over something else of more immediate consequence for his pants had burst open at the seams, and it required a tailoring job which resulted in the matter of the 50 cents.

Nelson pushed over the winning run of a 2-1 score in the following inning, the last of the scoring.

By MRS. M. J. VIGNEUX

Thursday afternoon Mrs. F. Gansner entertained at her home on Government Road, honoring her daughter-in-law, Mrs. Leo S. Gansner, when she was assisted by Mrs. W. O. Rose, who presided at the ten table beautifully centred with forget-me-nots. Living rooms were adorned with quantities of white and purple lilacs, mingled with varicolored early Summer blooms. Others assisting included Mrs. E. Dill, Mrs. Foster Hilliard and Mrs. Maurice Berco.

Miss Joyce Ruelle of Trail visited Nelson friends yesterday.

Rt. Rev. Monsignor A. K. MacIntyre of the Sacred Heart Church, Roseland, visited Nelson yesterday, when he officiated at the Solemn Requiem Mass sung for Rev. Sister Mary Alphonsus yesterday at the Cathedral of Mary Immaculate.

Mrs. Frank Eberle and baby daughter have left Kootenay Lake General Hospital for their home at 1216 McQuarrie Avenue, Rosemont.

Mr. and Mrs. J. DeVito and their children, Vera and Leonard, of Trail, are visiting friends in the city.

Rev. Sister Theodora Marie of the Mater Misericordiae Hospital, Roseland, was in the city yesterday for the funeral of Rev. Sister Mary Alphonsus.

Mrs. J. Carlson, Rosemont, entertained at her home Thursday evening in honor of Mrs. Arthur Larson on her birthday. Cards were enjoyed, first prize being won by Mrs. D. J. Trickett; second, Mrs. Ralph Anderson, and consolation, Mrs. A. Reid. A delightful lunch was served. The rooms were decorated with Spring blossoms and the table was flanked with an eucalyptus cloth centred with a two-tiered birthday cake. Mrs. Larson was presented with gifts, while the guests sang "Happy Birthday To You". Those invited were Evelyn Carlson, Charlotte Gref, Ragna Berg, Mrs. R. St Denis, Mrs. William Kurts, Mrs. R. Anderson, Mrs. C. Jorganson, Mrs. A. C. Virtue, Mrs. F. Thompson, Mrs. A. Reid, Mrs. E. Fredricks, Mrs. Lee Bates, Mrs. D. Kline, Mrs. Pete Santor, Mrs. R. VICTORIA DAY AT YMIR

Ed Emilson, holding the drill at this stage, and Andrew Burgess, swinging the hammer, again triumphed in the featured rock drilling. They drilled a hole 4 1/4 inches deep in 14 minutes.

Leading another real man's test was Ed Emilson, who won the log chopping by cutting through the log on which he stands in three minutes, 1 1/2 seconds.

Miss Evelyn Emilson, Victoria Day Queen for Ymir's celebration, arrives at the ground with her escort, L. F. Sparring, Secretary of the Celebration Committee.—Daily News Photos.

CHICAGO RACING SEASON ON TODAY

CHICAGO, May 24 (AP).—Twenty-five days late, Chicago's 1946 turf season of 114 days opens tomorrow with a 25-day meeting at Lincoln Fields. Failure of Aurora, to take up its dates caused the delayed opening.

From tomorrow on, there will be continuous racing in this area at least until Oct. 5 with a total purse distribution of \$1,500,000 at the four major tracks. Fashionable Arlington Park, with its rich stake program, will follow Lincoln Fields. Washington Park and Hawthorne come next in order. The season may be extended to Oct. 31, provided the Illinois Racing Commission grants dates to Sportsman's Park.

Trail Softball Teams Take Two Games Fruitvale

FRUITVALE, B.C. May 24.—Three thousand people cheered the home team on to win when the Fruitvale girls were leading 15-3 in the fourth inning over Trail Centre, but the visitors came from behind to win, 36-24, the ladies' exhibition softball game at the Fruitvale Service Club Empire Day celebration Friday.

Nellie Minton, pitcher of the Trail crew, pounded out four home runs. The teams were:

Fruitvale—Edna Knowles, Beate Walgren, Frances Thompson, Mary Yonker, Freda H. H. a. x. Jean Greene, Bernice Sandler, Mildred Sims and Beth Grieve.

Trail Centre — E. Peire, Tillie How, V. Little, Jeanette Lepage, Pat Loblick, Nellie Minton, Tina Blunden, Margaret Lechuita, Mabel Cruickshank and Eva Yonker.

TRAIL JUNIORS WIN

Trail Blue Devils beat the Fruitvale Juniors 9-3 in another softball game. It was a keen contest until the fifth inning, when the Fruitvale Juniors led 1-0. After that inning the Trail boys batted three, one and four runs in subsequent innings to romp through to victory.

INDIANS VICTORS

With a loaned battery of Tel Parkhurst, pitcher, and Jim Burrows, catcher, members of the team they opposed, Fruitvale Indians beat the Trail Technocrats 6-2 in a senior men's softball game in the evening. One Basco pitched five innings and "Baker" Merlo the remainder for the Technocrats.

TUG OF WAR

Trail Seikies beat Fruitvale in two of three pulls in a tug-of-war. Teams were:

St. Andrews Win Coast Soccer 4-3

VANCOUVER, May 24 (CP).—Vancouver St. Andrew's scored a narrow 4-3 victory over Victoria in a Pacific Coast League soccer game here today.

The Saints win over Victoria in their final league meeting leaves North Shore needing only one more victory in their two remaining games to nose out Victoria for the league championship.

The Victoria eleven held the edge in play but were weak around the goal—a weakness that cost them the game. In late rallies they drove down on the Saints' net but failed to put over the tying counter.

THE KOOTENAY IS WAITING FOR ITS UNIT

"Let's go! What are we waiting for?" That is the spirit of the Kootenay young men who are waiting for the recruiting call.

Presumably the Third Division, which the Government announced to Parliament would be raised, will be, like its elders, representative of all Canada, and in that case there should be either a Kootenay battalion or a Kootenay brigade of artillery.

Whichever type is allotted to this loyal territory, the allotment will be quickly filled, whenever recruiting starts. The Nelson Army has been maintained during the entire Winter and Spring, in readiness for use again.

In Trail the Market Building is ready at any time for armory purposes.

Cranbrook has the new Armory built when the 24th Field Brigade was formed, and Kimberley's McDougall Hall is waiting to serve again.

The war has shown that, as Winston Churchill predicted last Fall, the infantry still has an indispensable part to play, and if an infantry unit should be the next allotted to this territory, the choice would be very popular.

IRELAND SEES SOMETHING COMING

Recent news from Dublin, that the Irish Free State is increasing its armed forces and preparing defences, suggests that the De Valera Government is by no means sure now that its declaration of neutrality at the start of the war will protect it from German invasion.

Recent history would indicate, to say the least, that its fears are well founded.

In hard fact, Ireland is inseparable from Great Britain. If the latter should be attacked, this was what George Bernard Shaw assured the world before the war broke out, and it is what everyone admits today.

While Ireland is not so accessible to the French, Belgian or Dutch ports as the Island of Great Britain, or to the German air bases further away if the German armies should be prevented from actually establishing bases on the English Channel, if the Germans should mean their attempted invasion seriously it would be of advantage to them to first seize Ireland.

If that looks absurd, consider what has already happened, and consider also the statement, from neutral experts, that it would be perfectly feasible for Germany to land a force of 50,000 men in Britain from the air.

While both Eire and North Ireland are taking all the precautions their military establishments allow, would they be able to deal with a force of that character, especially as it would be constantly supplemented? An Ireland in German hands could be built up by air into a formidable base against Great Britain.

From London, however, comes the announcement that the British and Eire Governments are in constant consultation, and if there is an invasion of Ireland by air, undoubtedly there will be a joint defence by Eire, North Ireland, and Britain.

That Germany, even in defeat, will want to strike at Britain, seems a certainty, and it seems highly probable that Eire, like other original neutrals, will find itself by force of circumstances in the Allies' circle.

ABVIYEE AND HON. ERNEST LAPWA

As long as the British and Canadian radio announcers give us Paris by the time-honored English pronunciation, sounding the "a", there is no good reason why they should try to give up the French version of other French and Belgian points that turn up in the daily news budget from the war front.

We are getting "Combray," "San Contan", and "Amya", for the well known Cambrai, St. Quentin, and Amiens, though it is safe to say no English-speaking child in the British Empire or in the United States learns in the public schools anything but the English version of those names.

The worst yet is "Abviyee," the British announcer's version of Abbeville.

And now some of the C.B.C. announcers are getting the infection, and we hear of a statement by Hon. Ernest "Lapwa", Minister of Justice. We suppose the next will be a reference to Prime Minister "Maconzie Kang."

If this continues, we are going to demand that they be at least consistent, and give us the dispatches from "Paree."

TODAY'S HOROSCOPE

If your birthday is today, you will during the next year, profit in different ways, particularly through strangers and following your own intuitions. The child born today will be shrewd, far-seeing, but somewhat over-materialistic and conventional. His or her organizing ability will, however, insure success in a commercial occupation.

HINTS ON ETIQUETTE

If you are going to spend a lot of time at a beach this Summer,

HOROSCOPE FOR SUNDAY

According to astrology it will be an eventful 12 months with promotion and advancement promised. You are warned to avoid disputes, however, or you may find yourself entangled in litigation which will bring some losses. Moods of pessimism are the one thing watchful parents should be on their guard against in the child born today. Otherwise the child will be clever, and original, refined and artistic, social and humane. Success in the literary field is predicted.

Remaking Leggy Tomato Plants

By DEAN HALLIDAY

Remaking leggy tomato plants

If properly planted a leggy tomato plant may prove to be the Cinderella of the vegetable garden.

In the first place, leggy tomato plants should be deep-planted, with a part of the stem placed underground as shown in today's Garden-Graph. Secondly, such plants must also be staked, as illustrated, to prevent their becoming stooped-shouldered. When planted in this manner leggy seedlings can be practically remade for new roots will quickly form along the portion of the stem which has been planted underground. The nourishment supplied by these additional roots will soon transform the spindly plant into a sturdy, upstanding specimen.

It should also be remembered that fertilizers used on tomato plants should be properly balanced, for application of too much nitrogen will produce excessive leaf growth in place of fruit.

Bluebells in England

By Anne Dolphin

Tis the month of May in England, and away I go back on the wings of memory to Rokeby, a little country village in the North of Yorkshire, to nurse a cottager's wife with her third baby. What a charming, beautiful memory.

The friendly neighbors, all offering help and the glorious English Spring, the substantial happiness and peace of English country life, with its village green where the children played, its duck pond and pump, and footpaths everywhere, footpaths worn by tired feet coming home, footpaths worn by children going to school, little footpaths cutting corners everywhere, and the broadest footpath of all leading to the village church, standing so strong and friendly in its Churchyard filled with hallowed graves, standing with its square tower almost covered with ivy, and its open door looking for all the world as if it had grown there.

The days there were so happily full, just with simple living and faith and to see the duties of each day carried on through to its close and the beauty of departing day on the English countryside is a valuable experience.

The cottages being built of stone, are cool, and the pictures they present are delightful.

The picture I have in mind is of a living room with its whitened hearth, and stone floor, hand produced hearthrug, the geraniums in the deep windows, and the spotless curtains.

It is evening and Da Da is sitting in his wing chair by the hearth just resting and smoking his pipe, no conversation is needed, all the day's happenings have been told during supper.

In the far corner is a little organ, around which the two children in their nightgowns with their nurse are singing their evening hymn, "Jesus, Tender Shepherd, Hear Me."

Then off to bed, and nurse goes out for a stroll along the banks of the "Greta" where carpets of pale yellow primroses spread thick and soft as down, and, further, up the hillside, rippling and bending with their own weight, an azure sea of blue bells.

Such beauty can never be forgotten, even the perfume steals over the years and lives on, in the little hollow in the hillside, where Sir Walter Scott wrote his poem on "Rokeby" for Greta's words are fresh and fair.

It is with a jolt that one comes back to the present day, and with a shudder one realizes what an enemy bomb can do to all that beauty. But the shudder passes, and the knowledge of life comes to the rescue, and we know that those who have trusted God shall not be forsaken.

Nature will heal the gaping wounds which the machinery of destruction and hate can inflict, and the scattered bluebells will grow in other places, for life and beauty cannot be destroyed. The machinery can only destroy itself over its mauling ruins, the primroses and the bluebells will take root and grow again.

The children will still sing their hymns at bedtime, when hate has worn itself out, and the sorrowing remnants of our race will be at peace, and glad to rest.

Asks Safe Cars for Crawford Bay Meet

To the Editor of The Daily News:

Sir—The annual track meet of the six lake schools from Sirdar through to Crawford Bay, is being held at Crawford Bay on June 7. Transportation to Crawford Bay of the children from the other schools, is now being arranged. May I point out that the road from Gray Creek to Crawford Bay is exceedingly dangerous and narrow, and for this reason, may I urge upon these in charge of the track meet, the importance of hiring only those cars and trucks, known to be in perfect mechanical condition, and those drivers known to be 100 per cent perfect?

Cars and drivers in this district have not yet taken the government test, and every effort should be made to see that only the safest are used. The fact that certain cars and drivers may be cheaper is a poor excuse against the risk of a child's life or permanent injury. May I urge those drivers who are hired or who donate their cars and services, to make sure of the condition of their machines, and that they are 100 per cent perfect drivers, before contracting to transport such precious freight?

I realize that funds are scarce, and great credit is due the teachers

H. M. Creston—When were wedding rings first used?

The origin of the wedding ring is unknown. The Egyptians were probably the first to use rings and in their hieroglyphics a circle represents eternity. The Romans used a plain iron ring when they placed upon the finger of the bride by the bridegroom. Among the Anglo-Saxons the groom gave a pledge to wed to the bride at the betrothal and this pledge was a ring placed on the right hand until the wedding when it was changed to the other. It is recorded that the wedding ring was used by Christians as early as 800 A.D.

A. T. Robson—Why is it considered beneficial to grow plants in an aquarium?

They add beauty and help to purify the water. They give off oxygen which the fish need and take up some of the waste products as carbon dioxide.

F. M. Nelson—Was the book "The Citadel" by A. J. Cronin awarded a literary prize?

Yes, this book won National Book Awards' Bookellers Favorite Fiction prize in 1938.

D. S. Cranbrook—How old is President Roosevelt?

President Roosevelt was 58 years of age January 30, 1940.

R. M. Trill—What is the name of the Burman ambassador to the United States?

U Nu.

B. C. Grand Forks—What is the altitude of each of the Great Lakes?

The approximate altitude of the Great Lakes is as follows: Lake Superior, 602 feet; Lake Michigan, 578 feet; Lake Huron, 578 feet; Lake Erie, 572 feet; Lake Ontario, 230 feet.

MINE WAS CLOSE IN LONDON (CP)—The steward of a British ship told his captain he'd "better come on deck." They were in harbor, and between the boat and the quay was an unexploded mine. Naval men were summoned, they towed the mine to sea and exploded it in target practice.

Battle Royal Between Eagles and Hawks Gives Thrills at Sirdar

SIRDAR, B.C.—A few people had the thrill of watching a battle royal between a bald headed eagle and two hawks, later joined by another hawk and eagle at Sirdar. The screams of the hawks drew attention to the battle which was then going on about 400 feet above the highway and about 200 feet above the onlookers.

The hawks were evidently intent on driving the eagle away from their nest. One of the hawks kept circling round the eagle but did not close while the other kept attacking from behind and above. At one time the hawk made a direct hit and succeeded in plucking a considerable bunch of feathers from the wing of the eagle. These fell close by the onlookers.

The evolutions going on would have delighted any of the pilots of fighting planes. The actions of the eagle in avoiding the attacks were timed accurately and the strategy of the eagle seemed to be to gain height while that of the hawks was to get the eagle away. When the second eagle arrived followed by the third hawk, the hawks had much the best of it and the second eagle soon turned tail and flew toward Summit Creek.

During the battle which lasted about half an hour the hawks kept up an incessant screaming and at the end of this time the battle was still going on but at a greater altitude with the same tactics being pursued.

10 Important Reasons for that NEW FORD COMFORT-RIDE

1 MORE FREEDOM OF SPRING ACTION. Longer front springs with vertically mounted shackles.

2 INCREASED FLEXIBILITY. Front and rear springs are now softer and more flexible.

3 CONTROLLED SIDESWAY, IMPROVED STEERING. New Torsion bar side stabilizer for greater stability on curves and in cross winds.

4 CONTROLLED UP and DOWN MOVEMENTS. New heavy-duty hydraulic, double-acting shock absorbers have 25% greater capacity.

5 CONSTANT EASY ACTION, QUIETER OPERATION. Internally lubricated springs. De Luxe cars have metal spring covers.

6 MORE COMFORTABLE ON LONG TRIPS. New "Floating Edge" seat cushion design makes entire cushion gently yielding.

7 RESTFUL SUPPORT, SOFT and COMFORTABLE. New design front seat backs have extra resiliency.

8 EASY CENTRE-POISE RIDE. Correct weight distribution—passengers are cradled between the springs.

Barbed Wire Guards London as Nazis Near Calais

Cabled from London this photo shows an armed sentry on duty outside the British Admiralty, which is protected by a mass of barbed wire—a strange sight in London, with the success of Nazi parachute troops in Holland and Belgium in mind, British powers-that-be are taking extraordinary precautions to safeguard key positions throughout the country. A corps of anti-parachutists marksmen already has been organized with a strength of 250,000 men who will do duty at points where enemy parachute troops might attempt an invasion. Note "Big Ben" in the background.

The war is over for them, a French woman and her babe, innocent victims of Nazi savagery. Their bodies rest beside the road in Northern France where they died during a Nazi air raid in which, fleeing refugees were mercilessly bombed and machine gunned by German warplanes.

Stark evidence of the ruthlessness of Germany's aerial attack on Belgium, the ruined street shown here is on the outskirts of Louvain, the Belgian city East of Brussels from which Nazi troops were driven by the British. Later the British troops were ordered to withdraw to unprepared positions and Louvain is now in German hands.

British Force Not in Jeopardy Says British Paper in Review

LONDON, May 24 (CP Cable) — The Daily Telegraph said in an editorial today after a review of the fighting in Northern France that "on the cool estimate of the worst possibilities, the British Force is not in jeopardy."

Like other morning papers it did not attempt in news columns or editorials to gloss over the seriousness of the situation.

Asserting "there is no reason for dismay" the Telegraph said that whatever may result from the fighting at Boulogne, the Allies would still have other lines of supply through Calais, Dunkerque, Ostend and Zeebrugge.

Bombing of these ports may be expected but we need not anticipate any near danger of the failure of supplies," the Telegraph declared.

The Times editorial drew two implications from Prime Minister Churchill's reference to the "implications of a serious character" arising from the attack on the channel ports.

It said that this threat may be withstood at all costs and that measures under way in Britain to prevent any surprise and disorganization by raiding forces should be completed without a moment's delay.

The newspaper pointed out that local defence volunteers were not, as is generally believed, intended to be the main means of resistance against attempted air landings. The parliamentary correspondent of the Times said there were special forces in existence designed and capable to deal with the enemy. The writer mentioned the growing British Army plus the considerable body of Dominion troops.

Commemorating Empire Day the Times in another editorial said: "Empire Day this year finds the nations of the British Empire facing the gravest crisis in their history. In Canada and Australia and other parts of the Empire it is now realized that the slow movement of mobilization will not bring the Allies the help they need in time to be effective. It is too late for them to contribute to the effort of the moment to stem the mechanized rush to the channel ports with all the danger that these threaten to the Allied cause, but they are grimly determined to do everything in their power to increase the force of the counter-stroke when the Allies are in a position to deliver it."

The Daily Express thanked Mr. Churchill "for telling us the news straight and square." It added that "the British people can look upon it as a great but not appalling."

Noting Hitler's "Empire Day" as being March 15, the day his troops went into Czechoslovakia and began building his "Empire of sets," the Express said:

"Today is our Empire Day. And from our distant Dominions soldiers and airmen pour into this country. All free men and all volunteers. Sooner or later Germany will be conquered by forces in an Empire and Island founded on freedom."

Advertising Sells Million Boxes of Canadian Apples

By expending \$100,000 on an advertising campaign and organizing effective sales displays in retail stores, the Dominion Department of Agriculture persuaded Canadian consumers to buy nearly three times as many apples as they have been accustomed to buying, says Farmer's Magazine. Over 1,000,000 barrels that normally are exported to Great Britain were sold in this country over and above the usual consumption.

Rosland Schools Have Notable Field Day Under Local Bodies; Page Out in Front in Open Mile

OSLAND, B. C., May 24.—Rosland school field day, sponsored by the Rosland Parent-Teacher Association, with the cooperation of Junior Section, Rosland Board of Trade, proved a great day for the kids, Thursday.

The weather was perfect, and the kids were efficiently organized, carried out without any mishap. The race track, which had been constructed for the purpose, was in perfect condition, especially at the side of the park, where the kids of the races were run. Sixty and novelty races, and various other contests were carried on throughout the entire spread of the field.

Two outstanding events highlighted the day, first being the challenge race between teachers and pupils, by a split second. Officials were Alexander Pollock, G. L. Christie, A. Markle, Robert Saare, Mrs. Saare and Victor Falselt. Teachers were E. E. Perkins, P. Peechey, H. E. Smith, Miss Margaret Forbes, Miss Helen Paton, and Miss Elsie McRae.

The second event was the mile race, won by Mrs. Page. The course was a five circuit run on the track of the park. The mile race was won by Mrs. Page, who pulled away well at the second lap, and who led without any competition, finishing with a splendid race, splashing Norman Galtie was second, and Allison Martin, third, out 20 boys started, several dropping out after the second lap. Apart from minor cuts and scratches, no injuries occurred to any of the day. The complete race program, which started at 9 a.m. and over by 4:15 p.m.

Trail Indians Play Ball in Nelson in League Game

Vic Howard Nelson's Choice for Hurling for Sunday

In their first appearance in Nelson in three seasons, the Trail Indians will play the Nelson Seniors at 2:30 Sunday afternoon at the Recreation Grounds in a West Kootenay Baseball League game, second of the schedule for both squads.

LEAGUE STANDING

	W	L	Pct.
Nelson	1	0	1.000
Cardinals	1	1	.500
Indians	0	1	.000

These Indians, the old Cardinals who three years ago played in an international semi-professional league and played two exhibition games in Nelson, were outwitted when they tried to regain admission to the Kootenay League. However, two or three of them got back into action with the Rosland Miners last year and Cliff Boggie rejoined Louis Demore's 1939 edition of Cardinals in time for the playoffs. Boggie is now with Demore's team again this season, but the Indian lineup is otherwise practically intact.

Their mound staff consists of two tried veterans and a newcomer to district ball circles. Red Tullock and Carl Lohbeck both have had plenty of experience playing ball around Trail and Rosland, and rounding out the pitching available is Les Christiansen, better known for his hockey playing with the Smoke Eaters. The pudgy Christiansen gave an impressive performance against the Cards in a relief role two weeks ago in the league opener.

PETRUNIA MANAGER

Behind the log is George Petrunia, the Indians' Manager, and the infield will consist of Casey Jones at first, Johnny Cameron at second, Rico Martin at third, and Dick Hall at short. The outfield comprises Shorty Bailey, Bill Fisher and an idle pitcher.

Opposing this hard-hitting gang on the Nelson mound will be Vic Howard, talented Nelson southpaw, but if he needs any assistance Coach Ray Humble, Steve Smith, Jack Brown and Steve Scott will be available. The infield, "Doc" Chodoroff at first, Roy Anderson at second, Carl Locantelli at third, and Tommy McInnes at short, will be intact and the starting outfield will consist of Jack Fisher, Humble and Ernie Beland. Utility strength will be drawn from Don Porteous, Jesse Seaby and Art Scribner. The reliable Gordon (Fai) Richardson will catch for Howard.

VANCOUVER CHOOSES TENNIS REPRESENTATIVES

VANCOUVER, May 24 (CP).—Eleanor Young, Canada's top ranking woman tennis player, will represent Vancouver in the Canadian championships in Quebec in July. Announcement of this was made today by officials of the British Columbia Tennis Association, which will pay part of the players' travelling expenses.

Lawn Bowling Is Opened at Nelson

With W. J. McLean, Superintendent of the Nelson C.P.R. division, conducting official opening ceremonies, Nelson lawn bowling enthusiasts opened their season Friday afternoon on the six C.P.R. bowling gre.

There was a fine turnout for the afternoon's play, which was open to the public.

N. J. Lowes, President of the C.P.R. Lawn Bowling Club, extended a welcome to the participants, and said that the greens would be open every night and Sundays at 2:30 p.m. till June 1. Then the season's tournaments would start.

The ladies of the club served welcome tea and refreshments to the players and spectators. "It looks like a very promising season," Mr. Lowes stated.

Second Division Teams Have Edge in English Soccer

LONDON, May 24 (CP Cable).—Measured by their pre-war status in English soccer, second division teams have the edge in the Football League's war cup competition which reaches the fourth round tomorrow. Only three major leagues arrive in the tournament against five second division representatives.

Elimination of Arsenal, Huddersfield Town and Stoke City in the third round depleted the ranks of the favorites. Everton is regarded as a probable finalist in many quarters.

West Bromwich Albion, West Ham United and Blackpool are playing consistently, each challenging strongly for group leadership.

With the exception of West Ham and Fulham, London clubs, the teams left in the running hail from the Midlands and the North.

Two of tomorrow's games will be played in London. West Ham is favored to defeat Birmingham but the battle between Fulham and Everton will produce a tight struggle.

Blackburn Rovers are at home to West Bromwich Albion and in another Lantashire match Blackpool oppose Newcastle United. Blackpool is expected to oust Newcastle United who defeated Bristol Rovers with a goal in the last minute of play a week ago.

English regional schedules are rapidly being completed and only a few games remain to be played in the two Scottish groups.

Kimberley Wins Ball Tournament

CRANBROOK, B. C., May 24 (CP).—The Kimberley baseball team won a three-way tournament here today, defeating Fernie 8-0, in the first game, and Cranbrook 11-4, in the second.

In the first inning of the Kimberley-Fernie game, the winners completed a double play, Gelling to Thomas to Lomas, that started them along the victory trail.

Kimberley chalked up six runs in the first two innings of the second game, before Young, Cranbrook pitcher, got into his stride and pitched no-hit ball for five consecutive innings.

Rajala, Sullivan Get Catch Fish, Kingsgate

KINGSFATE, B. C. — Jack Rajala, who has been boasting for a long time about the fine fishing in Twin Lakes, is able to prove his words, bringing home a fine halibut the other evening. Jim Sullivan has also been devoting some time to fishing and on Sunday caught a 16-inch, the first really big one of this season.

Doris Fletcher, Bernice Shaw, Dan McQuarrie and Bill Chandler Title Winners in Kaslo Track and Field

KASLO, B. C., May 24 — Doris Fletcher of Ainsworth and Dan McQuarrie of Kaslo, won the junior championships; and Bernice Shaw and Bill Chandler, both of Kaslo, in the High School championships in the track and field events which were among features of Kaslo's Victoria Day celebration.

Taking five firsts and a second, and sharing in two other seconds, Doris Fletcher was the top scorer of the day on the basis of three points for first, two for second and one for third, her total being 21.

HOLIDAY WEEKEND GOLF TOURNEYS OPEN IN NELSON FRIDAY MORNING

Fine weather Friday morning gave the Nelson Golf and Country Club golfers a great start in their annual Victoria Day tournament, with a total of 100 per cent, with not a default being recorded in the entire day.

These tournaments in the Spring are handicap affairs in which all golfers are "made equal" by means of handicaps. Consequently no one can predict a winner in any match.

In most cases Friday matches were closely contested, with some matches going to extra holes. By advanced in the semifinal and final stages in the men's and women's C. I. L. Cup championship and consolation flights and in the ladies' Noxon Cup and consolation. One men's game is scheduled for this afternoon and three ladies' matches. The competitions will be concluded Sunday.

Text of King's Speech . . .

The Issue Is Life or Death for Us All; Defeat Means End of Our World

LONDON, May 25 (AP)—The text of the King's Empire Day address follows:

On Empire Day last year I spoke to you the people of the Empire from Winnipeg in the heart of Canada. We were at peace.

On that Empire Day I spoke of the ideals of freedom, justice and peace upon which our commonwealth of free peoples is founded. Clouds were gathering, but I held fast to the hope that those ideals might yet achieve fuller and richer development without suffering the grievous onslaught of war.

But it was not to be. The evil which we strove unceasingly and with all honesty of purpose to avert fell upon us. In this our conscience is clear. For there is now revealed without possibility of mistake a long-planned scheme to subjugate by force the nations of the world against which all our efforts for peace were doomed to break.

The decisive struggle is now upon us. I am going to speak plainly to you, for in this hour of trial I know that you would not have me do otherwise.

Let no one be mistaken; it is no mere territorial conquest that our enemies are seeking. It is the overthrow, complete and final, of this Empire and of everything for which it stands, and after that the conquest of the world. And if their will prevails they will bring to its accomplishment all the hatred and cruelty which they have already displayed. It was not easy for us to believe that designs so evil could find a place in the human mind.

But the time for doubt is long past. To all of us in this Empire, to all men of vision and goodwill throughout the world, the issue is now plain: It is life or death for us all. Defeat will not mean some brief eclipse from which we shall emerge with strength renewed—it will mean destruction of our world as we have known it and the descent of darkness upon its ruins.

I speak to you today with a new vision of this Empire before my eyes. Now that it has come into conflict and sharp contrast with the evil system which is attempting its destruction, its full significance appears in a brighter and more certain light.

There is a word which our enemies use against us—imperialism—by it they mean the spirit of domination and the lust of conquest. We free peoples of the Empire cast that word back in their teeth. It is they who have the evil aspirations.

Our one object has always been peace. Peace in which our institutions may be developed, the condition of our peoples improved, and the problems of government solved in the spirit of goodwill. This peace they have taken from us and they are seeking to destroy all that we have striven to maintain. Against our honesty is set dishonesty, against our faithfulness is set treachery, against our justice brute force.

There is clear and unmistakable opposition to the forces that now confront one another. The great uprising of the peoples throughout the Empire shows without doubt which will prevail. They have risen in just wrath against a thing which they detest and despise. Nothing can shake their resolution. In perfect unity of purpose they will defend their lives and all that makes life worth living.

Let no one think that my con-

KING GEORGE

fidence is dimmed when I tell you how perilous is the ordeal which we are facing. On the contrary it shines in my heart as brightly as it shines in yours. But confidence alone is not enough. It must be armed with courage and resolution, with endurance and self-sacrifice.

These are the high qualities that the men of the homeland and the men from overseas in an unending stream are bringing to the struggle on land and sea and in the air.

At this moment our thoughts turn to our fighting men and to those who love them, mothers, wives and sweethearts at home. Beside them stand soldiers of our old ally, France, and with them Poland and Norway, Belgium and Holland, peoples upon whose peaceful lands has fallen all the horror of treacherous and unprovoked aggression.

At this fateful hour we turn, as our fathers before us have turned in all times of trial, to God the most high. Here in the Old Country I have asked that Sunday next shall be observed as a day of national prayer. It may be possible for our brethren across the seas to join their prayers with ours. Let us with one heart and soul humbly but confidently commit our cause to God and ask his aid that we may valiantly defend the right as it is given to us to see it.

So now, peoples of the Empire, men and women in all quarters of the globe, I say to you: Put into your task, whatever it may be, all the courage and purpose of which you are capable. Keep your hearts proud and your resolve unshaken. Let us go forward to that task as one man, a smile on our lips and our heads held high, and with God's help we shall not fail.

KIMBERLEY YOUNG PEOPLE TAKE OVER MORNING SERVICE

KIMBERLEY, B. C.—The Young Peoples Society of the United Church took charge of the service Sunday morning in the absence of Rev. Galbraith. A dialogue of the Book of Esther was given by Miss Marjorie McLeod, Miss Leona Wells, Miss Marion Gidd, Miss Lilian Johnson, Miss Olla Bentley, Fred McIntyre, Dave Williams and Ralph Westgate. The scriptures were read by Miss Annie Johnson while Miss Agnes Aikman rendered the prayers. A solo by Miss Myrtle Wiley and a duet by Miss Wiley and Miss Betty Mathie, which selections were taken from the contents of the book of Esther were rendered during the service. Also singing with the service was the high school orchestra under the leadership of Ken Clements.

The scientific reason why paper sometimes curls annoyingly, it is due to differential expansion of the two sides of a sheet when atmospheric conditions change.

Fake Advertising Schemes Costly

Advertising managers are easy marks for the fast shuff that comes right off the grille with such great regularity. Charles C. Parlin, dean of research men and former director of research of Curtis Publishing Company, told Chicago's Federated Advertising Club. "New gads are thus permitted to take the place of the sound and fundamental advertising ideas on which solid advertising successes are built," he added.

Veteran Flyers of the North Instruct Canada's Young Airmen

By LORNE BRUCE
(Canadian Press Staff Writer).

EDMONTON, May 24 (CP).—As Canada's vast organization for training out skilled airmen for the Allied cause against Germany awings into stride, many men who pioneered the uncharted air trails of the Northwest Territories are finding their niche in the scheme.

But even before they actually took active assignments with the Royal Canadian Air Force and the British Commonwealth Air Training Plan these men had made a contribution to the Dominion's effectiveness in the air. By their exploits they instilled in Canadian youth a desire to fly.

To many of them it was routine business to fly mail and supplies or make a mercy trip into the hinterland through bad weather. Sky-riding around the rim of the Arctic they gathered experience and knowledge they could get nowhere else but nevertheless of great value in any service.

Today some of these Northern airmen are engaged imparting flying knowledge to youngsters enrolling in the R. C. A. F. Others are on coastal patrol work and still others, remaining civilians, are contributing their share as instructors.

Among those who have abandoned the bush lanes for the war effort are such veterans as Con Farrell, Stan McMillan, Harry Winny, Archie Van Hoo, Tom Mahone, Jack Harriet and Wilt Cameron. North of the provinces those names are synonymous with service. They are of the breed that helped roll back the frontiers by taking into Canada's far reaches the necessities needed by on-the-ground pioneers.

MODERN FLYING

One civilian bush pilot of some renown is Captain W. R. (Wop) May, Alberta Superintendent of Canadian Airways Limited. He flew in the First Great War, and as an official of the Edmonton and Northern Alberta Air Club, is bringing along a new crop of war birds. His main concern is that youngsters should equip themselves with sufficient education for the now-complex job of flying. Since he learned to fly the business has become more technical and intricate.

"Flying today is a complicated business and a man has to have plenty of education to understand it," Captain May told The Canadian Press.

Since last September the Edmonton Club, under an agreement with the Dominion Government, has been giving preliminary training to 10 men and seven have been transferred to Eastern Canada for more advanced instruction. This service is typical of the contributions of flying clubs across the country.

Back in 1928 Con Farrell started his Northern flying. By the outbreak of the Second Great War he was chief pilot for Canadian Airways and he enlisted in the R.C.A.F. Borden, Ont. In 1941, a former member of the R.C.A.F. left his post with Mackenzie Air Service when war broke out and re-enlisted with the Air Force to serve as an instructor at Camp Borden.

In Edmonton, instructing at the Aero Club, are Maurice Burbridge and A. D. Kennedy and Captain James Bell, Manager of the Edmonton Airport which is now under jurisdiction of the Dominion Government. Still other Northern fliers who are with R.C.A.F. service now, before the war they joined Trans-Canada Air Lines and in that essential service they are not available for war duty.

B. C. Game Branch Plays Leading Role in Life Story of Finest Rainbow Trout in North America

Fish traps at Gerrard, South end of Trout Lake. Here the big ones are caught in pens, lifted out by dip nets, spawned, and returned to the fast water to carry on a challenge to fishermen of the Pacific Northwest. Unlike salmon, they do

not die after spawning. The artificial spawning takes place in the cool dark of the tent. Standing to the right is the hatchery crew—Gordon Haskell of Greenwood, "Bud" Thompson of Nelson and Capt. Maitland Harrison of Howse.

Inspector C. F. Kearns and Supervisor C. H. Robinson examine fertile eggs, in baskets suspended in running water in the troughs of the Gerrard

Hatchery. Here they develop to the eyed egg stage, when they can be transported to Kaslo or Nelson for hatching.

The hatchery building, in which are 1,300,000 eggs. Inspector Kearns, Mr. Thompson, Supervisor

Robinson and Captain Maitland are watching live whitefish and char in the ponds in front of the building.

An hour later the pool pictured above was drained. The fish above, the whitefish in the mass and three char in front, were taken out of the drained pool to be removed to Kaslo for refrigeration, and later to become food for growing rainbow trout in district rearing ponds. It's poetic justice, for

these fish are voracious consumers of rainbow trout eggs, following immediately behind the trout spawning in the river and eating the eggs deposited in the river bed by the trout. These fish were caught by Captain Harrison in his spare time.—Photos by A. R. Joy.

PRISON BARS A POET MAKE OF CORPORAL

By SAM ROBERTSON (Canadian Press Staff Writer) ALDERSHOT (CP)—The cold and unyielding hardships of a night behind prison bars has mothered a poet of promise in the ranks of the 1st Canadian Division.

He wrote his verified tale around the night he languished in Hampshire gaol (old England still spells it that way though pronouncing it jail) for what the police blotter called "disorderly conduct and destruction of public property."

The poet is a lance-corporal. Until such time as greatness bends the knee at his army billet, the circumstances make it necessary to cloak him in anonymity.

On leave in London, he spent an evening at a fashionable home in one of the city's hotly-touted districts. His host and hostess produced champagne.

The lance-corporal would have liked to explain he never touched the stuff, but feared that might seem ungrateful. So he downed the bubbly. Through the evening the process continued.

Ultimately he left. Picking his way unaided through the black-out, he saw at a street corner a bright orange ball atop a metal pole. He shimmied up the pole and pried the ball from its moorings.

Then down the street he went, kicking the ball, running after it, and kicking it again. It rolled under a parked car. He shimmied up another pole and collected a shiny new one.

But the law intervened. Complete with bail—it was a Belisha Beacon to mark safe street-crossing for pedestrians—he went to jail.

Nickel Production Is Greatest in History

The quantity of nickel produced from Canadian ores during 1939 was the greatest in the history of the industry, amounting to 226,108,385 pounds valued at \$50,820,305 compared with 210,872,738 pounds worth \$53,914,404 in 1938. Almost the entire production in 1939 originated in the nickel-copper ores of the Sudbury district, Ont., and represented the recovery of metal in the refined state, in oxides and salts and in matte exported. In addition to the nickel obtained from the Sudbury ores, there is a relatively small quantity of the metal recovered annually in the treatment of silver-cobalt ores from the Cobalt district of Northern Ontario.

Confused News of War Front Is Aid to Allies

By The Canadian Press An Allied pincer movement, aimed at cutting off the German corridor recently hammered through France to the English Channel is in progress. Heavy attacks are being launched on the corridor from both the North and South.

The nature of the present battle, particularly the tactics used by the Germans, makes for confusion. Fast moving mechanized detachments range over great distances, striking where defenses are weakest. There are no settled lines as during the greater part of the first war.

Thus the commanders themselves are often short of accurate information on the true position of affairs at any given moment.

For the public, following the reports of the fighting, the confusion is the greater due to a deliberate policy of keeping secret the movements of the Allied forces, the names of towns and cities lost and captured.

This policy is sound because the German command cannot maintain constant touch with all its advance detachments.

By telling the full story of the battle the Allied High Command would be furnishing the enemy with information which would enable him to direct his forces to better advantage.

Man Proves Bit of Gossip Could Aid Nazi Cause

LONDON, May 24 (CP)—How chance remarks can help the enemy has been proved by one man who decided to play at being a spy. The amateur sleuth who wanted to see how much information he could glean was Michael Hamilton and he told about his venture in a letter in the Daily Telegraph.

The story has been publicized by the anti-gossip department of the Ministry of Information as part of its campaign to keep Britons on their guard against loose talk.

Hamilton said he heard two strange women talking in a store. One said: "My brother Dick's lot are off Saturday—India—" then they parted. He went up to the second woman and asked if her companion was a Mrs. P.

"No, her name is Mrs. J—," he was told.

Hamilton exclaimed "how extraordinary," adding she was exactly like Mrs. P., pausing and then asking "was her maiden name Miss Leslie?"

"No, she was a Miss Blank," said the woman.

Fernie to Show Its Major Industry to Boards of Trade Delegates

FERNIE, B.C.—All is in readiness for the annual meetings of the Associated Boards of Trades of Eastern British Columbia here on Monday and Tuesday, May 27 and 28. On Monday the convention proper will open in the City Council Chambers when City Commissioner J. V. Fisher will extend the city's welcome to the visiting delegates. General business sessions are scheduled for Monday morning and afternoon and on Tuesday morning. On Monday evening the annual banquet will be held. On Tuesday afternoon the delegates will visit the Michel collieries where arrangements for a tour of the surface plant have been completed. Here delegates will have an opportunity to see a modern tiple and coke ovens in operation.

Important visitors expected are S. G. Haylock, President of Consolidated Mining and Smelting Company at Trail, William Lindsay of the C. M. & C. Co. at Kimberley, Charles A. Cotterell of Vancouver, Western manager of the C.P.R., Lorne A. Campbell, President of the West Kootenay Power Company and W. J. McLean, superintendent of the Crown Nest division of the C.P.R.

New York Trade Calmer; Mixed Prices at Close

NEW YORK, May 24 (AP).—Stock market traders generally viewed the war more calmly today but most showed little inclination to give leaders a buying rush.

The result was a see-saw trend in the slowest session in two weeks. Closing prices were well mixed, with price signs in the majority.

The Associated Press average of 50 issues was off 2 points at 37.8, or just 1 above the lowest since June, 1938. Transfers were the smallest since May 8, aggregating 871,390 shares. On the day 820 individual stocks changed hands. Of these, 366 were up, 254 were down and 220 unchanged.

Conflicting claims of the Nazis and Allies continued to keep many commission house customers on the fence.

The move of Congress to speed up the huge domestic rearmament program remained a sustaining influence for stock prices, brokers said.

Shares started out with a selective advance of fractions to 2 points. They skidded later and from then on quotations were ragged.

Losses running to around 2 points were suffered by Chrysler, Dow Chemical, Du Pont, Allied Chemical, Eastman Kodak, Boeing, Glenn Martin and Standard Oil of N. J.

Modest advances were retained by Bethlehem Steel, U. S. Rubber, Douglas Aircraft, Sperry, American Telephone, Southern Railway, Loft, Caterpillar Tractor, Montgomery Ward, Anaconda and Kennecott.

Fruit Developing Normally in B.C.

WINNIPEG, Man., May 24—Western farmers hastened seeding operations in the main fine weather of the past week, says the Canadian Pacific Railway's crop report today.

As a result today saw practically all Manitoba's wheat in the ground. Saskatchewan 80 per cent finished and Alberta 72. Peace River is 65 per cent complete, with some early wheat showing well.

Seeding of coarse grains is progressing well.

Manitoba got the heaviest precipitation of the week, along with Eastern and Northwestern Saskatchewan, with scattered showers and light rains in Alberta and elsewhere.

In British Columbia the weather has been mostly warm by day with cool nights. Moisture conditions are favorable on the whole, although Vernon district reports the need of more rain.

Stone fruits with the exception of cherries and apricots in some areas appear to have set normally. Apple tree blossom has now fallen in most sections. Small fruits, vegetables and grain crops are developing satisfactorily and early season potatoes are well up. Livestock is in good shape with ample pasturage.

BUTTER TO BE LABELED "NATIONAL" IN BRITAIN LONDON, May 24 (CP-Cable)—The Food Ministry announced today that after July 1 all butter sold in Britain whether domestic or imported will be labelled "national butter."

The Ministry said the wrappers must not give any indication of the quality or place of origin of the butter.

Maximum retail price of butter remains unchanged, at one shilling sevenpence (about 32 cents).

Reason for the move was not explained by the Ministry.

Giants Pound Out Win Over Bees in First Nighter

NEW YORK, May 24 (AP)—Ending their long holdout against night baseball with a merry-go-round ride at the expense of Boston Bees, New York Giants hammered out an 8-1 National League victory tonight behind the five-hit pitching of Harry Gumbert.

Joe Moore, Bill Jurges and Albie Glossop, hit homers for Giants. A crowd of 22,280 "first nighters" came to view Manhattan's initial night baseball game and before the show was half over many of the spectators had started home. The night was chilly and damp with a wet fog blowing into the park.

Cold cancelled the Brooklyn-Philadelphia game and rain the Chicago-Pittsburgh fixture.

South Slokan Has Gala Celebration Victoria Day; First Meet Held on New Field; Softball Games Are Spill

Sports Association
and Institute
in Charge

SOUTH SLOKAN, B. C., May 24 — It was South Slokan's day all round today as folk of the valley gathered to watch South Slokan School compile a 35-point margin over Bonington and Crescent Valley in the Empire Day track meet. It was a gala day.

Staged jointly by the South Slokan Sports Association and the South Slokan Women's Institute, the long list of events, both for the young and older folk, was run off "without a hitch."

Early in the morning, in cars, on foot and on dozens of bicycles, many of them decorated in Empire colors, residents of the Valley were seen streaming on every road and path to the big sport field. The Sports Association marked the day as a success in more ways than one, for it was the first meet held on the field since it was purchased last year, at the low price of \$500 from Malcolm Downie. The 14-acre field was ideal for the day, with plenty of space for football games, races, novelty events, and picnic lunches under shade trees.

BRIGHT DAY
Old Sol beamed his brightest light from the start when W. J. Tindale officially opened the day's festivities as the Union Jack went up and children of the three competing schools in three groups, with others, sang "O Canada." Around noon black clouds, with thunder rumblings, flashes of lightning and a spattering of rain passed overhead, but the skies cleared again quickly. The rain was not enough to dampen the dust.

It was the first Victoria Day celebration since 1938, last years being postponed owing to the prevalence of scarlet fever in the district. To start things off, tickets were given out to all the small kiddies for free ice cream and there was a grand rush to the ice cream and soft drink tent. Besides a central community tent, there were first aid tent, ice cream and soft drink tent, refreshment tents and three booths for games.

CASUALTIES LIGHT
One or two headaches, a couple of sprained muscles and a few minor cuts were all the casualties reported to the first aid tent. Great quantities of picnic day "hot dogs," tea, coffee and salad were sold at the refreshment tent, while workers in the ice cream and soft drink tent were "rushed off their feet."

Winding up the day in glorious style was a large dance in the South Slokan Community Hall, with special prizes to winners. While children's sports were the main order of the day, football interest ran high, and three games were played. All of them were of the pick-up variety, with South Slokan boys beating Thrums 32-19; Nelson boys beating South Slokan 17-12; and Crestova men beating South Slokan, 10-5.

Harold Metzgar, one of the hard working committee members, eliminated 18 players to win the horse-shoe pitching singles, and teamed with David Marshall, downing five teams, to win the doubles. Besides the competitors, others kept the horseshoe pitches busy all day.

A case of beverage was split among the winners and losers in a pickup tag-of-war that wrote a grand finale to one of the most successful sports days in the history of the Association.

COMMITTEES
John Cavill, President of the Sports Association, and Mrs. J. D. Yeatman, President of the Women's Institute, were general conveners. Mr. Cavill's committee in charge of the sports was Mrs. F. H. Russell, Secretary; John Laurie, Assistant Secretary; John Laurie, Harold Metzgar, and Alex Dunsmore. Helpers in preparing the field were Harry Clark, John Laurie, Harold Metzgar, William Twells, Alex Dunsmore, Mr. Cavill, George Biddlecombe, A. Betty, Richard Mulloy, D. Smud, A. MacCabe, A. Mitchell, Harold Hiltz, and Boy Scouts of South Slokan.

Women's Institute committees were:
First aid—Mrs. John Murray, Mrs. Stanley Dawson and Mrs. Malcolm Downie.
Ice cream and soft drinks—Mrs. W. C. Mulloy, Conner; Mrs. W. H. Humphrey, Mrs. E. J. McGregor, Mrs. W. A. MacCabe and Mrs. D. J. Davis, assisted by R. G. Sweet.
Refreshments—Mrs. W. T. Jones, Conner; Mrs. E. Olson, Mrs. Eric Anderson and Mrs. Nick Dangler.
Dance—Jock Hawkins.
Gate—F. H. Russell.
Fish pond—Mrs. Harry Clark, Conner.

PROCLAMATION!
TO THE CITIZENS OF NELSON:

Sunday, May 26, has been declared a National Day of Prayer.

On Friday, Victoria Day, the world heard His Majesty, King George VI, call on the peoples of the British Empire to fight this war with Courage and Resolution, with Endurance and Self-Sacrifice. To survive, the Allies must be victorious. We heard His Majesty say:

"Let us with one heart and soul humbly but confidently commit our cause to God and ask his aid, that we may valiantly defend the right as it is given to us to see it."

It is the earnest desire of your Mayor and City Council that all Citizens of Nelson should join Sunday in the National Day of Prayer, and that as Canadians proud to be part of the great British Commonwealth, we should individually "commit our cause to God, and ask His aid."

N. C. STIBBS, MAYOR

Craig Wood Smashes All Records, but Has Only Slight Lead

BLOOMFIELD, N.J., May 24 (AP)—Craig Wood smashed every record in sight to lead the field through the first round on the Metropolitan open golf championship.

Wood smashed six strokes off par for the Forest Hill Field Club course, where he once was pro, with a round of 31-31-64, a stroke below the competitive course record and the best round ever made in a "met" tournament.

Despite this remarkable round, Wood held only a two-stroke edge on his closest pursuer, Ben Hogan and amateur Ray Billows of Poughkeepsie, N. Y.

Marathon Run Is Won by Rankine in Record Time

TORONTO, May 24 (CP)—A wee Scot from Preston, Ont., Bob Rankine retained his Canadian marathon championship and smashed his own record today, plodding the 26 miles, 385 yards, through a driving rain in two hours, 33 minutes, 27 seconds.

The 30-year-old mite, member of the Canadian Olympic team in 1928 and 1936, finished 125 yards ahead of Gerard Cole of St. Hyacinthe, Que. Cole won the recent Boston marathon, blue-ribbon classic of distance running on this continent, while Rankine finished seventh.

Previous record for the Dominion marathon, made here last year by Rankine, was 2:36:11. Cole also broke the previous record by eight seconds today.

Fifteen men started the tortuous grind in a downpour of rain at Oakville, midway between Hamilton and Toronto, and finished in a drizzle in downtown Toronto while a slim crowd cheered. Last to finish, 52-year-old Bob (Pop) Whorwood of Hamilton, who placed 11th, plodded the last nine miles in his bare feet. He said he could run no further in his canvas shoes which shrink in the rain, and he discarded them in the rain, and he discarded them on the highway.

McDonald, Bill Malkoff, Umpire—Mike Ostrickoff. Teams for the tug-of-war were:
