U. S. ENVOY TO FRANCE CALLED HOME FOR TALKS

Darlan New Head of All Armed Forces of France

SIMPLE ROLE GIVEN PETAIN

By TAYLOR HENRY
Associated Press Staff Writer

VICHY, April 17 (AP)—Admiral William D. Leahy, United States Ambassador to unoccupied France since Nov. 23, 1940, was called home for consultation tonight as pro-German Pierre Laval rounded out a new cabinet to replace the Government which resigned en masse to Marshal Petain.

Unoccupied France has, in the interim, two leaders—the aged marshal as Chief of the State who was forced to bow before German demands for increased collaboration, and Admiral Jean Darlan, designated as Petain's successor and Commander in Chief of all the armed forces.

The remainder of the government is being planned by Laval, who is expected to assume the position of "civil leader" of the French Nation on a basis of out-and-out collaboration with the Axis.

(From Bern, the course of France's new leaders was forecast thus: Laval: he will, as head of the government, seek to achieve internal calm while carrying on negotiations with Germany.

(Darlan: In control of the armed forces, it will be he who will have the final say if France is brought to the point of battle again, as the result either of an Allied offensive in Europe or of military developments in Africa.

(Petain: The old marshal, who always has hoped to retain amicable relations with the United States, will take a simpler role as Chief of State, one similar to that of the President of the old France, wielding his influence in that position through indirect participation in political affairs. His strongest weapon will be that he may request the Cabinet to resign at any time.)

Admiral Leahy's absence, at least temporarily, was ordered by the State Department in Washington and announced without comment by the Vichy Government. A communique emphasized that the United States, while Leahy is away, would be represented by three secretaries.

Petain Being Urged to Prepare to Escape to Morocco

LONDON, April 17 (CP)—A Daily Mail dispatch from the French frontier today said powerful friends of Marshal Petain have urged him to be ready to fly to Morocco and establish a government there where he would be free from German pressure.

"With Pierre Laval again in power these friends of Petain form an opposition that may come into open conflict with the collaborationists," the Daily Mail article said.

"Laval may keep details of his policy from Petain. Should a showdown be necessary he will try to break Petain's will, or depose him."

Workers Who Returned to Farm to Gain New Rules to Be Disappointed

OTTAWA, April 17 (CP)—Workers who left industry and returned to farms in the hope of benefitting from new compulsory service regulations for farmers are doomed to disappointment, Hon. J. T. Thomson, National War Services Minister, said at a Press conference today.

Considerable misunderstanding exists concerning the amended regulations under which persons wholly or mainly employed in agriculture on March 23 are eligible for indefinite postponement of military training said Mr. Thomson, whose department is responsible for training call-ups.

"After the regulations were announced (March 24) quite a number of industrial plants thinking they would come under the regulations if they returned to the farm," the

Netherlands Premier Will Be Tried by Hun Officials

LONDON, April 17 (CP)—Dr. Dirk De Geer, Premier of the Netherlands at the time of the German invasion, will be placed on trial by the German occupation authorities in Holland, the German news agency D.N.B. said today, according to the Netherlands news agency, Aneta.

De Geer will be charged with mistreating Netherlands Nazis in May, 1940, on the eve of the invasion, and with "provoking" Japan, said Aneta.

8000 YOUTHS WILL SPEND WEEK AT R. C. A. F. CAMPS

To Assist in Work and Take Up Courses

OTTAWA, April 17 (CP)—More than 7500 Canadian boys will spend one week with the Royal Canadian Air Force this summer, assisting in the work of air stations and taking comprehensive courses, it was revealed today.

George B. Foster, President of the Air Cadet League of Canada, said Summer training camps for air cadets and their officers and instructors will be established in all four R.C.A.F. training commands.

Mr. Foster said adult civilians serving as officers of air cadet squadrons will take a two-week course in the latter part of June and will write examinations to qualify them for the positions they hold with their units.

Instructors of cadet squadrons will go to R.C.A.F. camps for the same period to take additional training in teaching the 14 courses of the cadet program.

"In most commands their period will come in the first part of July," he said, in reference to the cadets. They will be given training similar to that in the initial training schools of the R.C.A.F., specializing in subjects in which they have lacked instruction.

"All three groups will take their courses at air stations within their own R.C.A.F. command and, where possible, close to their home community. They will be guests of the R.C.A.F."

Officials said it is anticipated only the senior cadets—15 to 18 years old—will go.

At the air stations they will be expected to help in cleaning and moving of aircraft in addition to taking their courses.

"When they are at the stations they will be considered part of the R.C.A.F. personnel and all will wear the cadet uniform, made of cloth the same as that used in R.C.A.F. uniforms."

Water Level

Rise of the lake at Nelson was of small dimensions Friday, possibly reflecting cooler weather in the Eastern and Southern part of the Kootenay watershed. The level at noon was 43 foot above the low water mark, a gain of 33 foot for the 24 hours.

BRITISH WRECK BURMA WELLS AS JAPS DRIVE ON

Koylis Fight Superb Delaying Action as Wells Are Fired

SITUATION GRAVE

By H. R. STIMSON
Associated Press Staff Writer

NEW DELHI, India, April 17 (AP)—British troops burned and blasted 8000 V'ait Burma oil wells today while a gallant battalion of the King's Own Yorkshire Light Infantry fought yet another superb delaying action against the Japanese until the wells were ablaze.

Then the vastly outnumbered Yorkshiremen withdrew and rejoined the main British forces after inflicting severe casualties.

A communique placed the position "North of Magwe," indicating the fighting men were even now amid the ruined wells. Magwe is the Southern gateway to the field centring around "Yenangyaung," 20 miles North.

The communique said the Yorkshire force "distinguished itself in this gallant action with great determination and bravery and suffered very little loss."

Destruction of the Yenangyaung wells cut off an important source of oil for China.

The British command announced that the situation was grave, with their forces depleted by two months of hard fighting, and the Japanese newly reinforced to a total of about 75,000 men.

British forces in the Tungkang area, together with units were protecting the right flank of the Chinese expeditionary force.

The Chinese high command communique covering developments up to Wednesday, said the Chinese had inflicted more than 1000 casualties on the Japanese in increasingly heavy fighting on the Sittang front, roughly 30 miles North of Tungkang.

Speedy Fighters on West Coast

A WEST COAST CANADIAN PORT, April 17 (CP)—Canada's West Coast today boasts a new high-speed fighter squadron of the Royal Canadian Air Force, a veritable hornet's nest which bodes no good for any enemy venturing near this Coast.

Personnel of the new squadron just established in the network of fighter stations on the Pacific Coast, includes decorated veterans of the Battle of Britain and a sprinkling of untried but eager youngsters.

Leader of the new squadron is Sqdn. Ldr. Dal Russell, 25-year-old "veteran" of the Battle of Britain. He won the D.F.C. in that battle at the same time as his immediate superior officer, Wing Cmdr. Ernest McNeil, who commands the sprawling network of fighter stations on this Coast.

To Keep in Touch With Men Released by Courts

VICTORIA, April 17 (CP)—E. R. Stevens, formerly on the staff of New Haven, Borial type home for young offenders in Burnaby, has been appointed follow-up officer, to keep in touch with young men released by the Courts on suspended sentence. Attorney-General R. L. Maitland said today.

New Haven was closed some months ago in the interests of economy, but its follow-up work is going on.

"Thumbs Up" Army Train Greeting

SICAMOUS, B. C., April 17 (CP)—Personnel aboard the Canadian Army train travelling across Canada to give Canadians some idea of the mechanized equipment of the Canadian Army are being greeted with the "thumbs up" salute by crowds at Interior Railway Stations as they pass through. Cpl. C. F. Rutherford, Nelson, is one of the B. C. soldiers aboard the train.

CANADIAN ARMY TO CUT DOWN ON DRILL PROGRAM

Amount of Time Spent on Drill Will Be Shortened

OTTAWA, April 17 (CP)—Simplified marching and arms drill for the Canadian army was announced tonight by the army branch of the National Defence Department as a means of accelerating training of men for military service.

The announcement said the perfect execution of relatively few movements is aimed at, rather than the whole manual in the short time available but drill poorly.

Emphasis is to be placed on drill more as a means of teaching and maintaining discipline than as an end in itself, the statement said. The standard of perfection demanded for the relatively few movements left in the syllabus will be higher than ever before, but the amount of time to be given to this part of a soldier's training is to be shortened.

"In future," it was announced, "bodies of men on the march will change direction by wheeling, not by forming. The march in slow time and the turn in slow time, are likewise out for the duration, while diagonal marching will be taught but not unnecessarily practiced."

"In arms drill, when rifles are to be grounded or bayonets fixed, these movements will be executed by the men in their own time and not as a formation. Bayonets will no longer be fixed on parades, ceremonies or drills. They may be fixed for security purposes by the men but, again, in their own time."

Fresh Salmon Price to Be Kept Down

OTTAWA, April 17 (CP)—The Wartime Prices and Trade Board announced tonight on behalf of A. Neil McLean, Fish Products Administrator, that although fresh salmon is a seasonal product and supplies of it vary from time to time, the price will not be allowed to increase over that of 1941.

The order stipulates that no processor, wholesaler or retailer will be allowed to sell any fresh caught salmon at a price greater than that obtained by him in the corresponding month of 1941 for the same kind, brand, grade or quality of product.

Unemployment at New Low Level in Britain

LONDON, April 17 (CP)—Unemployment reached a new low level in Britain in March when only 103,000 men, women and children were out of jobs, the British Broadcasting Corporation reported tonight.

The march figure was down 24,000 compared with the previous month.

AUSSIES DEFEAT JAPS IN AERIAL WAR OVER PORT

At Least Four Downed or Damaged by Fighters

CANBERRA, Australia, April 18 (Saturday) (AP)—Australian bombers again attacked Kepong on Dutch Timor last night, dropping heavy bombs and incendiaries on Japanese positions.

MELBOURNE, April 17 (AAP)—Royal Australian Air Force fighter planes met a squadron of 10 Japanese raiders over Port Moresby today and landed on-sea to report destruction or damage to at least four of the enemy.

The raiders—five bombers covered by five fighters—dropped some 45 bombs from 22,000 feet, causing no damage of consequence to the Allied outpost on New Guinea Island, North of the Australian mainland.

Before the Japanese could get away the R.A.A.F. was on them. A communique gave these details of the ensuing dogfight.

"One of our fighters attacked a Zero machine on the tail of an R.A.A.F. fighter, driving it off. The R.A.A.F. machine fired a long burst from dead astern. Shortly afterwards black smoke emerged from the opponent's machine.

"The Zero machine stalled and went into a steep dive."

"Another pilot fired two bursts at one of the raiders."

"A third pilot fired one long burst into an enemy plane afterwards seeing a parachute descend."

"Yet another pilot, after seeing his bullets entering the cowling of one Zero plane, saw the enemy aircraft climb steeply, out of control."

RUSSIANS DRIVE ON TO SMOLENSK IN HARD BATTLE

Encirclement Might Be Russian Plan

HEAVY FIGHTING NEAR LENINGRAD

LONDON, April 17 (CP)—The Red Army was driving ahead against fierce German resistance tonight and capturing "one great fortress after another" in the area of Smolensk, 40 miles Northwest of Moscow, the Moscow Radio reported.

RUSSIANS DRIVE ON TO SMOLENSK IN HARD BATTLE

Encirclement Might Be Russian Plan

HEAVY FIGHTING NEAR LENINGRAD

Stockholm dispatches said advanced Russian units had reached the approaches of Smolensk itself and that the Germans were fortifying every house of that already strongly-battled city.

There was no information to indicate whether the Russians were threatening Smolensk with sufficient force to attempt an assault directly upon that key point, but Stockholm dispatches said raiding columns of White Russia, West of the city, were handicapping German efforts to rush up reinforcements.

This agreed with the Russian report of assaults around Demidov, strengthening an impression the Russians might be starting an encircling manoeuvre.

Heavy fighting also was reported between Lakes Ilnen, Ladoga and Onega as the Russians sought to erase the menace to Leningrad before the thaws convert roads into bogs and streams into torrents.

The Moscow communique tonight said the Russians pressed forward on several sectors of the front today "and improved their positions."

On the Kalinin front it listed 800 Germans killed and quantities of booty captured. Fifteen German planes were reported downed yesterday to five Soviet planes.

Nazi Night Raiders Blast at Britain

LONDON, April 17 (CP)—German night raiders, retaliating for the British daylight raids on the continent, tonight crossed the South and Southeast coast of England. Others were reported in West England. Anti-aircraft fire was heard in the Midlands.

Declare Schools And Hospitals Are Bombers' Targets

Claim "Enemy Planes" Repulsed by Heavy Barrage From Defence Guns, Failed to Damage Military Points

TOKYO, April 18 (Saturday) (AP)—The Tokyo region was raided by enemy planes this afternoon, a Japanese official announcement said today. The raiders came from several directions.

Three planes were declared to have been shot down in the raids, the first of the war on Japan's imperial homelands.

"It is confirmed that three enemy aircraft were shot down when hostile planes attacked the Tokyo-Tosame region this afternoon for the first time since the war (started)," said a communique issued by Imperial Headquarters.

"The enemy planes approached from several directions."

SAN FRANCISCO, April 17 (AP)—The Tokyo Radio announced tonight that "enemy bombers" attacked Tokyo, the CBS listening station reported.

The Tokyo broadcast said:

"Enemy bombers appeared over Tokyo for the first time in the current war, inflicting damage on schools and hospitals. The raid occurred shortly past noon on Saturday (Tokyo time)."

"Invading planes failed to cause any damage on military establishments, although casualties in the schools and hospitals are as yet unknown."

"This inhuman attack on these cultural establishments and on residential districts is causing widespread indignation among the populace."

CBS said the first announcement of the bombing was in an English language broadcast. The announcement was repeated a few minutes later in the Japanese language broadcast which injected a new angle (that the "enemy planes did not attempt to hit military establishments."

"The Japanese language broadcast said: 'Just after noon on the 18th the first enemy planes appeared over the city of Tokyo. A number of bombs were dropped. The enemy planes did not attempt to hit military establishments and only inflicted damage on grammar schools, hospitals and cultural establishments. These planes were repulsed by a heavy barrage from our defence guns. The previous training of the Tokyo populace for air raid defence was put into immediate practice. I wish to reveal that our losses were exceedingly light.'

Yugoslav Forces Hit Axis Troops

BERNE, April 17 (AP)—Budapest dispatches said today Yugoslav patriot forces heavily attacked Axis occupation troops in Northern Yugoslavia yesterday while smaller bands of free fighters fought sharp engagements in several other areas. These reports, which gave no figures on Axis losses, claimed the Yugoslavs lost 106 killed, 15 weapons of grain and a herd of cattle in fighting near Patratz.

Twenty-two patriots were reported court-martialed and shot after being taken prisoner in a clash in Serbia in which 75 Yugoslavs were killed. Fighting is continuing in Czechoslovakia and Slovenia, the Budapest account said.

Jailed for Failure to Report

VANCOUVER, April 17 (CP)—John Thomas, 21, was sentenced to six months in jail by Police Magistrate Mackenzie Matheson for failing to report for military service when ordered to.

Radio Reports France to Be at War With Britain, U. S. Very Soon

LONDON, April 18 (Saturday) (CP)—An extremely roundabout radio report early today said France would be in a state of war "in the very near future" with the United States and Britain.

This report was broadcast by the Moscow radio in a Tass dispatch quoting the Berlin correspondent of the Stockholm newspaper Afton Tidningen.

Berlin expects the French fleet and bases in French colonies to be put at the disposal of the Axis Powers, this account went on.

It asserted Berlin looks for an Anglo-American military expedition against occupied France following intensified bombing of Paris and other industrial centres.

An Allied attack also is possible, the report said, along the coast of unoccupied France, "which is badly fortified" because Marshal Petain had only 100,000 soldiers at his disposal. The report said Germany would take upon herself the defence of the unoccupied zone.

LONDON, April 17 (CP)—The Moscow radio said tonight that "already 40 French warships have changed the tri-color for the Nazi swastika."

"Is this the writing on the wall?" the broadcaster asked in an English news commentary.

News Keglers Win Bowling Club Cup in Playoff Match

Taking three of the four points possible in their playoff match with Cherry Pickers at the Gelfins Alleys Friday night, Daily News won the club trophy of the Nelson Bowling Club. Already winners of the first half, the News ended in a tie with the Cherry Pickers in the second half. Friday night's victory gave them top places in both halves and eliminated the necessity of a cup series.

This is the third successive year the News bowlers have taken the title.

W. Gallicano of the News led the individual scores with 190, while Ted Romano of the Cherry Pickers had top aggregate, 500.

Scores were:

No Extended Leave for Teachers to Take Up Courses

While the war continues and difficulty is encountered in obtaining qualified teachers, Nelson School Board will frown upon granting a leave of absence to any teacher except those going on war service. This ruling was made Friday night when the Board was asked what its policy would be in the case of a teacher asking for a year's leave in order to attend university.

It was pointed out that qualified teachers were becoming more and more scarce, and that war demands would probably make the situation increasingly acute.

Mass Meeting on Tuesday to Boost Plebiscite Vote

Sixteen representatives of various public and political organizations were present Friday night at a conference called by the C. C. F. Club, to arrange for a public meeting at which the issues involved in the man power plebiscite of April 27 will be put before the voters by local and district speakers, as part of the campaign to roll up an affirmative vote.

It was decided to hold a mass meeting Tuesday night, with Mayor N. C. Stibbs to take the chair, and it is hoped to have the standard-bearers of the three political parties in the late provincial election, or their representatives, present to speak, as well as representatives of other bodies.

John Riddock was in the chair.

Soroptimists of Nelson Celebrate 6th Anniversary

The sixth anniversary of the Soroptimists Club of Nelson was celebrated at the Hume Hotel Silver Room Friday night with a party, cake, and all. The six candidates also honored the Club's six Presidents, Miss Carolyn De Wolfe, Mrs. C. W. Tyler, Past President as well as present leader, Miss Emily Hanson, Miss Jean Gilker, Miss Nancy Dunn and Mrs. L. A. McPhail.

The Club was addressed by A. B. Gilker, who told of the history of hats and their make-up.

Miss Barbara Lang reported on the regional conference at Edmonton April 4 and 5, and said that the next conference will be held in Nelson next Spring. Work of the Nelson Club was highly commended and reported.

East Indies Air Force to Reorganize in U.S.

MELBOURNE, April 17 (CP)—Netherlands leaders announced today the Netherlands East Indies Air Force would be reorganized in the United States under the leadership of Maj.-Gen. Rudolph van Oyen.

The Netherlands Government also is selling to Australia without profit large supplies of planes, tanks, machine-guns, rifles and ammunition ordered from the United States and paid for but not delivered in time for use in the East Indies.

City Police Asked to Probe Breaking of School Windows

City Police will be asked to investigate breaking of windows at the High and Junior High schools. Rocks were found in three rooms in which windows were broken. Small boys were believed to be responsible.

One window was broken at the High school and two at the Junior High.

At Central School the breaking again of a window that has been hit frequently by softballs led to the suggestion that a screen should be put up.

Nelson Gardeners Hear About Rock Plants; See Cacti

Rock plants in rock gardens, and native rock plants as found in the mountains around Nelson, were described for the Nelson Garden Club Friday night by George A. Brown, Secretary. The Club met at Mr. Brown's home, and a feature of additional interest to the gardeners was Mrs. Brown's fine collection of cacti.

W. B. Melencuk added to the entertainment by showing color films of favorite spots in the C.P.R. garden and his own garden.

Tentative arrangements were made by the Club to visit various Nelson gardens during the late Spring and Summer.

Officers emphasized that in this year's garden competition only the gardens entered would be judged.

All United Nations in Agreement on MacArthur Command

U. S. ARMY HEADQUARTERS IN AUSTRALIA, April 18 (Saturday) (AP)—All Governments of the United Nations now are "in complete agreement" on the question of General Douglas MacArthur's supreme command, a spokesman for the United States said today.

"All Governments now are in complete agreement," he stated.

"It can be anticipated that formal organization of the Southwest Pacific area will take place in the immediate future."

Nelson Children to See Army Train When It Comes Here

Arrangements for pupils of Nelson schools to visit the army train when it comes to Nelson next week were left in the hands of the principals of the four schools. It was intimated a number of the classes might leave school early, in order to permit the children to see the train without interfering too greatly with adults after school hours.

AP Foreign Staff Is Praised
 NEW YORK, April 17 (AP)—Kent Cooper, general manager of the Associated Press, said today in his annual report to the board of directors that the AP foreign staff "continued to acquit itself brilliantly, often in the face of great personal danger, and always in the midst of serious obstacles."

He said the constantly-spreading world conflagration set the tempo in 1941 for every department of the Associated Press, a cooperative news gathering association of 1400 newspapers.

Japanese Bushfighters Reach Australia
 MELBOURNE, April 17 (CP)—A detachment of short, wiry, savage-looking Japanese bushfighters expected to prove an important cog in the United Nations fighting machine, arrived tonight in small boats after slipping through the Japanese naval blockade.

Although Netherlands officers directed their movement, the force was led by a short, jovial brown-skinned Japanese, Capt. Edward Van Muys, who said they had been mistaken as Japanese and fired upon as they approached Australia.

Say Soviet Attack Is Repulsed
 BERLIN, (from German broadcast), April 17 (AP)—The German High Command today reported a powerful Russian attack on the central sector of the Eastern front, but claimed it had been repulsed.

"Other local enemy attacks in the Northern and central sectors were unsuccessful," the High Command said.

Russian forces were said to have lost planes and railway material through German air attacks.

United Nations to Plan Air Training Expansion, Canada

WASHINGTON, April 17 (CP).—Enlargement of the Commonwealth Air Training Plan operations in Canada and inclusion within its scope of all United Nations with air training underway on the North American continent will be planned at a conference to be held in Ottawa early in May.

Arrangements for the conference were made by Prime Minister Mackenzie King and President Roosevelt during their conversations while Mr. King was a guest at the White House Wednesday and Thursday.

Mr. King told The Canadian Press this morning, when the official announcement was made from the White House, that it would be "one of the most important conferences of the war" and that chief delegates of the interested countries would be of ministerial rank.

America's delegates to the conference have not been named but Mr. King said he was quite sure President Roosevelt would be unable to attend in person.

"But I have not yet given up hope that Mr. Roosevelt will come to Ottawa soon and possibly before the present session of Parliament is over," Mr. King said.

Co-ordinating rather than integration of the air training operations on this continent would be the objective, Mr. King said, and he instanced Norway and China as two of the United Nations with air training operations now established in North America which would be included in the enlarged plan, along with the United States and the British Commonwealth.

The way will be open for any others of the United Nations which might contemplate air schools on this continent to become a part of the co-ordinated effort.

Since the establishment of the Commonwealth Air Training Plan in December, 1939, Canada has been a central figure in the Allied war effort in the air, Mr. King said.

When this proposed enlargement of the scheme and of its scope is completed, Canada will become "more and more of central importance to the general united effort to defeat aggression," he said.

It was the opinion of himself and many with whom he conferred here that once the Axis powers are defeated the United Nations will have the responsibility of policing the world and that policing would be done largely by air, Mr. King said.

That fact gave an added significance to the work which has been centralized in Canada for the British Commonwealth for the past two years and which now will be enlarged.

He stressed that the Commonwealth Air Training Plan would not lose its identity in the proposed program of co-ordination.

Air operations have been a deciding factor in many important phases of the war and, without detracting in any way from the importance of the Army and the Navy, it had been obvious from the start that air power might well rule the outcome.

That had been the basis upon which the Commonwealth plan had proceeded and would continue to be.

Mr. King said the proposal had been discussed with the British Government before he came to

Washington and he expected Sir Archibald Sinclair, Secretary for Air, would go to Ottawa to head the British delegation at the conference.

Efficiency in training and economy of operations under a co-ordinated scheme would be the objective at the conference and there might be some discussions of air strategy, the Prime Minister said.

Mr. King issued the invitation for the conference through the White House. He said he and the President discussed the proposal throughout Wednesday evening and part of Thursday morning.

The President at once approved the original idea of co-ordinating American training with the Commonwealth plan and it was he who

LONDON, April 17 (CP).—More than 1,500,000 German soldiers and civilians are "fully engaged in defence against the British air offensive conducted by the bomber and fighter commands," the Air Ministry News Service said today.

"Anti-aircraft guns are in their thousands," the News Service added. "Between them the guns and searchlights keep upwards of 600,000 troops busy in the West. At least 20,000 men are needed for the observers corps, 15,000 for air raid communications, and 60,000 for headquarters and administrative staffs."

Besides this diversion of German strength, the News Service said, R. A. F. fighter sweeps over Northern France and the Low Countries "are responsible for keeping half of the fighter strength of the German Air Force away from the Russian front."

A searchlight belt 200 miles long and 20 miles deep in places, with batteries of 10 to 20 searchlights every five miles, was said to be stretched across Northwestern Germany. In addition every large German city has its own searchlights.

Trail District to Have Christian Education Convention on April 29

TRAIL, B. C., April 16.—Trail Ministerial Association at its monthly meeting Tuesday took action on a Department of Education letter that stressed calling the attention to the new subject of Religious Instruction in the High Schools, as begun last Autumn. During the next few weeks an effort is to be made to interest all students in this important elective subject. Dr. M. W. Laga and Rev. I. A. C. Smith have been teaching the subject the past months, and were elected a committee to contact the High School, J. E. Barrett and Rev. E. Larsen were appointed a committee to further the public interest in this matter.

The Association will sponsor a Christian Education advance convention to be held in Trail April 29.

AIM TO UNITE PROTESTANTISM

As planned now, there will be a session for the ministers of Trail and vicinity in the morning, a mass meeting of women in the afternoon, and a meeting of keyworkers in the evening. Rev. H. C. Burkholder, Vancouver, is the B. C. Organizer, and will be present, as will also Rev. T. B. McDermand of the Baptist Union of Western Canada. The aim of this convention is to unite Protestantism to reach every person, with Christian teaching, in the home, in the church, and in the community.

A meeting of the Trail branch of the British and Foreign Bible Society is planned for May 12, when Rev. Nelson A. Harkness, British Columbia Secretary, will give a lantern lecture.

A meeting will also be held the previous Sunday evening in East Trail United Church with Mr. Harkness as the speaker.

Rev. L. A. C. Smith and Rev. Eric Larsen were named a committee to arrange for Sunday services for the Veterans' Guard. Rev. J. E. Barrett was appointed ministerial representative on the Scout Executive in place of Rev. E. Wood, who resigned.

Kaslo Red Cross Discusses Salvage

KASLO, B. C. The April meeting of the Red Cross was held in the Red Cross Rooms. Mrs. Murphy, the President, being in Vancouver, Mrs. John Keen, Vice-President presided.

Among the letters was one from the citizens of Lardeau, signed by Mr. Leveque, presenting to the Kaslo Red Cross, the four dozen cups and saucers and forty teaspoons, which will no longer be needed at Lardeau for social events there. A vote of thanks was given for this gift.

There was a discussion about "salvage," as to just what was needed and how to handle anything that should be gathered. It was decided that Mr. MacPhee, who came to the meeting at the request of Mrs. Keen, should bring the matter up at the next Kaslo Board of Trade meeting, and, if possible, get the Board to sponsor the collecting and shipping of salvage. Mr. MacPhee said that he would also get in touch with the Nelson Board of Trade and find out what the Nelson people were doing.

It was decided to have the regular monthly whist party on the fourth Friday of the month.

Mrs. Robertson, Workroom Convenor, spoke of the arrival of considerable quantity of new material to be made into garments, and asked that all who can sew be urged to help in the cutting out and making of these garments.

Count Calories Cul Desserts to Trim Waist

By IDA JEAN KAIN

Just like Adam, a man will eat more than his share of the apple pie his Eve bakes and then will point out that she put temptation in his way.

There is something to be said for this point of view. Wives are mostly to blame when their husbands get fat—proof is that practically all men take on weight after they are married.

To keep it from seeming like an unfinished meal, serve such low-calorie desserts as half a grapefruit, fresh strawberries—leave the stems on and arrange in a circle about a small mound of sugar, a slice of pineapple, sliced oranges, fruit ice, grapes and cheese, or, occasionally, crackers and cheese.

Hardy Chives Easy to Treat

By DEAN HALLIDAY

Chives are among the very hardiest of the perennial herbs. Another feature in their favor is that they are so easy to grow. These small onion-like plants have dark green, grasslike foliage and grow about eight inches high. They can be grown from seed or by division of the bulbs. The bulb is three-quarters of an inch long and has many rootlets. Any friend or neighbor who has chives will be glad to share a few of the bulbs.

Discipline Over Six Proff From Punishment

By GARRY C. MYERS, Ph.D.

I have, in this column, entreated parents to try to limit punishment of the child under four or five, to the few things he must never do, and to try to make pleasant the many other things he may do and must do.

In the child under four or five, punishment is rarely, if ever, necessary or desirable. If this too refuses to go to bed, in spite of your best persuasive powers, just pick him up and take him there. Don't punish him to make him go.

From about six to 12, the average child is old enough to profit from punishment.

Say your child is 10. Tell him just once in the morning or afternoon, that from now on till the end of the school year, or even till he is 14, he shall make a bee-line to the house, if out of doors, when the lights appear. If he fails to obey this rule just one, tell him exactly what the penalty will always be after each offense. Then keep your word.

As illustrated in the Garden-Graph, clumps of chives should be dug up every second or third year and divided.

Chives can be grown all Summer in the garden and all Winter, indoors, in a box or flower pot. Before the ground freezes in the fall, dig up a plant or two and pot. They will keep right on growing until Spring, when placed in a sunny window.

Women in Forces to Get Benefits

OTTAWA, April 17 (CP)—Government action to place women members of the armed forces and Canadian members of all Empire forces under provisions of an order providing out-of-work benefits and grants to discharged service men was announced today by Pension Minister Mackenzie.

Under the order provision is made for out-of-work benefits for those capable of and available for work but unable to obtain suitable employment, grants to enable those discharged to pursue vocational or technical training, grants to enable them to start agricultural or other enterprises on their own account, grants to those who are temporarily incapacitated from accepting work or from taking training, and grants to those resuming interrupted education.

Red Cross Orders in Year \$4,867,817

OTTAWA, April 17 (CP)—Orders totalling \$4,867,817 were placed during 1941 by the national purchasing committee of the Canadian Red Cross, Willis McLachlan of Toronto, committee chairman, said in a report at the annual meeting of the central council of the society.

On such items as special foods, tobacco and general comforts for use in hospitals overseas \$2,392,000 was spent. Working materials, such as yarn, flannelette, cotton and woolen coat \$2,465,817.

Purchase of prisoners of war parcels cost \$1,810,713.

During 1941 \$6000 was spent on surgical equipment for blood donor clinics and \$6000 on emergency equipment for hospitals and mobile units in Canada and Newfoundland.

At the request of the Greek Red Cross surgical supplies and equipment costing \$63,235 was provided and delivered in addition to 10 ambulances. Medical supplies totalling about \$40,900 were sent to Russia.

No Refuge From Love

SERIAL STORY By JERRY BRONDFIELD

CHAPTER TWENTY-EIGHT (Continued)

An hour passed and still no Tay. "Well, guess we ought to call out the national guard, the police and the Boy Scouts. Maybe he dropped bread crumbs behind for a trail," Helene ventured.

Ted Holland looked at Molla closely. "There's no use looking for him, of course. Tay can take care of himself."

"Of course," Molla said coolly. "Well, it's after one," Helene said. "We might as well leave."

They said goodby to the Abbots. "Don't tell me Tay hasn't shown up yet!" Walter Abbott said sharply.

"Nope," Bob said. "And do you know what?" He leaned forward, held up his hand and stage whispered. "We suspect saboteurs."

They all laughed, but Molla found that her's was forced.

"I wouldn't worry too much," Vivian told Molla as they undressed. "He'll be showing up soon."

"Vivian!" Molla started out the window as she spoke. "Vivian, when all of you laughed tonight—you remember—were you laughing at me, too? You know what I mean."

"No—no, I'm sure none of us was laughing at you. If we were laughing at anyone it was Tay."

She tossed a stocking aside with a little gesture of displeasure. He's such a likable dope, but a dope none the less. And he's the luckiest man in the world to be getting a girl like you."

Jack Curtiss woke with a start. He looked at his watch. It was 3:30. The door opened and Tay Whitworth walked into the room quite unsteadily and soaked from head to foot.

"Well, by the great horned toad, what happened to you?"

Tay grinned weakly. "Guess I'm a little wet. Yep, little wet."

"A little drunk, too, I'm thinking," Jack said.

Tay went over and sat down on his bed, unmindful of his wet clothes.

"Oooh, it was awful," he said, holding his head.

"Okay, I'm listening if you want to talk."

"That Anthony gal—you know? Well, we had a couple of drinks. And then a couple more. And then a couple more. And then—"

"Yeah, I know . . . that goes on for quite some time, but take up where that leaves off," Jack interrupted.

"She wanted to go for a boat ride."

"A what?"

"Boat ride. Around the inlets. So we hired a boat and fell into the water."

"Oh, lord. Who fished you out?"

"The police. Isn't it terrible?" Tay mumbled.

"And that isn't all," Tay continued. "We were marooned on one of those artificial islands. Clarice took off her dress and hoisted it on a tree for a distress signal. She wanted to play shipwreck."

Jack turned over and covered his face with his pillow. "Lord deliver us," he groaned. "Then what?"

Tay spread his hands. "They took our names and brought us home. That's all."

"That's all, hey? Well, Mister Whitworth, I suggest you get yourself a lot of sleep, because maybe you'll have some explaining to do in the morning. Yours the guy that's engaged to that beautiful Norwegian blonde, remember?"

"Sure, I remember," Tay sighed. "This was just a little harmless fun. Nobody got hurt. Molla will understand that."

Moyle Girl Scouts Send Work

MOYLE, B. C.—The Moyle Girl Scouts and Big Sisters turned in to the Canadian Daughters, Cranbrook, 15 blocks for making one quilt, seven pairs of socks, one sweater and \$6 of a stamps collection donated to the Moyle Big Sister and Girl Scouts by R. C. Lancaster.

Walls Have Ears Don't Ask Army Friends to Talk

A pretty little blonde with shoulder-length bob was putting the naval officer through a thirty-third degree of masonry, though she didn't know it.

The scene was a young people's dinner party in Washington, given in honor of the young lieutenant who had been at Pear Harbor, who knew MacArthur. The girl with the blonde bob was his dinner partner. She wanted to know everything.

At last he pulled himself together, saying, "What difference does it make how I get there, or where I'm sent? All I'm interested in is how we make out."

The blonde popped up with: "You're acting exactly as if I were a Quisling or a Fifth Columnist."

The lieutenant countered: "If I told you the little bit I know, I'd be a Quisling."

Said her hostess: "My dear, haven't you heard that loose lips lose ships?"

Moral: Please don't ask a man questions if he's wearing a uniform. If he's a good soldier, sailor or airman he'll have to snub you by not answering.

SOLVING PARENT PROBLEMS

Q. Is a separate room, except for sleeping, more important to the child of five or the one of fifteen?

A. To the one of fifteen.

Q. What is a good way for parents of the same faith to win their son or daughter to their faith?

A. By proving in their home life hour by hour and day by day that their religion makes them lovely to live with.

Childhood Ills Measles Effects on Adults Severe

By LOGAN CLENDENING, M. D.

Measles is a great Spring disease. It is probably the most universal disease in the world. There are some physicians and public health officials who run around like chickens with their heads off and try to prevent measles.

In the first place you might as well try to prevent rain, snow and sun, and in the second place, I think it is a good thing for a child to have measles and get it over.

The serious complications of measles is a broncho-pneumonia which apparently comes from the installation of cough droplets and sputum from other measles patients.

The reason that I believe that all children might just as well have measles to begin with is that when it affects adults, it is very serious. The treatment of measles is still

QUESTIONS AND ANSWERS

G. L. K.: Will digitalis taken over a period of ten months, one capsule a day, prove injurious to the heart, and other organs of the body?

Answer—You do not tell how much is in the capsules. A great many people need to take digitalis daily. However digitalis is the kind of drug, the administration of which should be supervised by a doctor.

CELEBRATE GOLDEN WEDDING ANNIVERSARY

By A. D. POCHIN
CANYON, B. C., April 17—Mr. and Mrs. T. Hickey of Canyon, Creston area, today celebrate their golden wedding anniversary.

Married at North Bay, Ont., on April 18, 1892, their first home was at Cache Bay, where they lived until 1898, when they came West. Mr. Hickey was engaged in construction work on the row's Nest Pass Railway for the next two years. At the end of this time they made their home at Mayne, Mr. Hickey working at the St. Eugene mine.

From Mayne they moved to Marysville where a smelter was under construction. Mr. Hickey was employed at the smelter, and later engaged in logging in the Marysville district until 1906, when he moved to the Creston Valley, taking up land in the Hucroft Section. The Watts Lumber Company was logging there at that time and Mr. Hickey was a contractor for this company until the Canyon City Lumber Company started sawmill operations, when he went to work for this firm as woods foreman.

Mrs. Hickey was one of the first to take up land in the new Sub-

Rossland Social . . .

By MRS. LORNE V. McLEOD

ROSSLAND, B. C., April 18.—Before a flower-banked altar in St. Andrew's United Church Wednesday afternoon, Rev. W. M. Cameron united in marriage Irene Lisa, second daughter of Mr. and Mrs. John Hermans of Rossland, and Gunner Frederick Hugh Harris, second son of Mr. and Mrs. Fred Smith of Trail. Mrs. S. Simcock, Sr., presided at the organ. For her wedding the bride wore a powder blue crepe afternoon attire, complemented by an off-the-face style hat with veil in similar shade, and accessories in matching shade of blue. A corsage of Johanna Hill roses completed her ensemble. Her only attendant, Miss Beth Bulck chose dusty rose afternoon attire in crepe, beige hat in the popular halo style, and beige accessories. White carnations constituted her corsage. William Smith of Trail supported his brother as groomsmen. A reception for some 60 guests was held at the home of the bride's parents. Mrs. Hermans received in a becoming afternoon frock of black lace, black straw sailor hat edged in white, and accessories to match. Her corsage was of white carnations. The groom's mother elected to wear afternoon attire in pebble blue, sailor hat in black felt, matching accessories, and a corsage of white carnations. The decorative theme in the rooms was of pink and white streamers and tastefully arranged silver baskets of carnations, daffodils, narcissi and sweet peas. The bride's table, covered with a white outdoor cloth, was centred by a three-tier wedding cake embedded in tulle. Atop the cake were miniature figures of a bride and groom standing beneath an arch of silver bells. Flanking the cake were silver tapers arranged in silver holders, and a basket of sweet peas. Mrs. Albert Malnarich of Trail, sister of the bride, presided at the urns and Miss Martha Smith, the groom's sister, cut the ties. Servitors were Miss Katie Thompson and Miss Freda Hermans. For going away the bride changed to afternoon attire of dusty rose crepe. With this she wore a sports model hat in beige, and a beige polo coat, box style, completed by a corsage of red roses. After a honeymoon spent in Nelson, Gunner and Mrs. Smith will return to Rossland, and Gunner Smith will then rejoin his unit at Petawawa, Ont., where he is with the Royal Canadian Artillery.

Miss Katie Thompson and Miss Beth Bulck entertained at the latter's home Monday evening in honor of Miss Irene Hermans, whose marriage took place this week. Guests and games were enjoyed at the shower and gifts were presented later to the honoree in an attractive pink and white basket. Refreshments were served by the hostesses. Invited guests included Mrs. Henry Wright, Mrs. Wilfred Griffiths, Mrs. Albert Malnarich of Trail, and the Malares Ivy Scott, Margaret Bulck, Freda Hermans, Doreen Davis, Gertrude Beatty, Gladys Scott, Lily Smith, Martha Smith, Mary Lavoisite, Freda and Ruth Clare, and Cleo Nyman.

Miss Doreen Jamieson was guest speaker and delivered an informative address on experiences in nursing at the Pioneer Circle meeting Monday evening. Routine business was discussed and further Red Cross work was also accomplished. Mrs. E. Jamieson was hostess.

Present were Mrs. J. Shearer, Mrs. R. Munn, Miss Mabel Wilkie, Mrs. D. B. Jones, Miss Ethel Jamieson, Mrs. John E. Gordon, Mrs. T. S. C. Bradshaw, Miss Doreen Jamieson and Mrs. George Bishop.

Union Avenue Circle met Wednesday evening at the home of Mrs. H. Lindquist when an interesting talk entitled "The Founding, growth and Benefits of Kindergarten" was given by Mr. C. Spilker, and this was followed by a sing-song. Two visitors and 12 members were present.

St. George's Women's Auxiliary enjoyed a social afternoon Wednesday at the home of Mrs. M. Storie. There was also a discussion of price ceiling information received from the Wartime Prices and Trade Board. Present were Mrs. T. Tongis, Mrs. Jewell, Mrs. J. H. Beley, Mrs. R. Fulton, Mrs. S. E. Thomas, Mrs.

Miss Horner Is Bride at Kaslo

KASLO, B. C.—A quiet wedding was solemnized at the home of Mr. and Mrs. T. H. Horner, of Kaslo, Wednesday afternoon, April 15 when Rev. H. J. Armitage united in marriage their eldest daughter, Eleanor Kathleen to Hubert South, youngest son of Benjamin South, of Sarrey, England. James Tinkens acted as best man, and the bride chose her sister, Mrs. Frank Hill, to be her matron of honor. The bride was given in marriage by her father.

The popular young bride chose for her wedding dress a sheer in Queen's blue, floor-length, with matching bolero. Her bouquet was of deep rose, shading to pink and white carnations. Her matron of honor wore a floor-length gown of pretty pink taffeta, and carried a bouquet of snap dragons and narcissi. The bride's mother wore a navy blue with a corsage of pink roses. For the reception at the home of the bride's parents, the rooms were artistically decorated with Spring flowers. The tea table, at which the bridal couple and their attendants sat, was centered by a three-tier wedding cake,

Three Natal Youths Go to Vernon

NATAL, B. C.—The week saw three more Natal boys leave their homes to commence compulsory military training at Vernon. The three latest recruits were Pete Zoratti, Joe Foster and John Makuk.

THREE INJURED AT NATAL

NATAL, B. C.—Two painful accidents occurred in the Michel mines recently. William Sewchuck of Natal sustained four broken bones in his foot while working in the B. Seam mine. John Garvaluk of Michel sustained painful bruises while working in the same mine. Both were miners.

Ben Drew of Natal broke his shoulder bone in an accident near the by-product plant.

All three patients are reported to be improving steadily.

Anna Neagles Arrives in Canada

BY THE CANADIAN PRESS
 Anna Neagle, the film actress, has arrived in Canada from Britain, along with a large number of Canadian soldiers, Royal Air Force men and wives of British service men stationed in the Dominion.

Fellow passengers said Miss Neagle had been with them on the Atlantic crossing, but she received special permission to make an early departure for Ottawa and had already left when newspapermen met the group.

Most of the R. A. F. men were on their way to Commonwealth Air-Training Schools to learn how to fly. The Canadian soldiers included men invalided home and instructors.

CASTLEGAR

CASTLEGAR, B. C.—Alec Saapo is a patient in Kootenay Lake General Hospital at Nelson.

Mrs. Herbert Olson and young son Buddy were guests of Mr. and Mrs. Elmer Wallner.

Mr. and Mrs. Wallner had as their guest Mrs. Andrew Wallner of Fernie.

Miss Louise Casey of Nelson was a holiday guest of Miss Donna Wallner.

Mrs. W. Houston was a Nelson visitor Monday.

Monday, Mr. and Mrs. A. Richards of Rossland accompanied her home. Mr. and Mrs. J. Garnier and daughter Lucien have returned from Vancouver.

Gus Larson is a patient in Trail-Tednac Hospital.

Open to any reader. Names of persons asking questions will not be published.

J. J. Calgary—To whom would I write to apply for a position with the C.P.R. Investigation Department?
 Apply in writing to Inspector W. J. Stevens, Investigation Department, Canadian Pacific Railway, Calgary, giving age, height, weight, education received, and previous employment. All must be British subjects.

Applicants in B. C. should apply to Inspector W. J. Wallace, Department of Investigation, Canadian Pacific Railway, Vancouver, B. C.

D. N. Passmore—At times we are troubled with a sooty substance in the hot water supply which settles on sinks. Water is supplied from a shallow well with an motorized pump. Can you suggest a remedy?
 Check the possibility of the seepage of grease into the water from some part of the pump. If new piping and tank were installed, grease and oil on the pipe threads may be carried into the hot water line; this condition will disappear shortly.

F. F. Nelson—Is the cost of living in Canada higher or lower than last November?
 Cost of living in March was four-tenths of 1 per cent lower than in November, 1941.

H. R. Trail—How long has the United States had a Navy Department?
 The first "Navy Department" was the Marine Committee appointed by the Continental Congress Nov. 2, 1775.

What is the oldest U.S.A. Navy Yard?
 Portsmouth, N. H. Navy Yard was acquired in April 30, 1790; is the oldest.

J. J. Nelson—How can I remove a stain caused by spilling water on a table?
 Rub with camphorated oil. If this does not help, rub lightly with uniform pressure, in the direction of the grain, with finely powdered pumice stone and a little light oil, using your fingertip. Fine scratchless scouring powder can be used in place of pumice.

Some asked how pearls did grow and where. Then I asked my girl to part her lips and showed them there. The quality of pearl.
 —Robert Herrick.

(What can be questioned in above is that Mr. Herrick had to ask his girl to show her beautiful teeth. A girl with beautiful teeth does not have to be persuaded to show them. She spends 90 per cent of her time breaking out in "toothy" smiles. The female of the species is always adept in exploiting her best natural feature, whether it be beautiful teeth, good looking limbs or soulful eyes or something else. Not that this department blames them. But many trusting males think a girl with beautiful teeth smiles so much because she is good-natured.)

As to the claim that if a woman is "madly" in love with her husband the first children will be boys, a young matron of California writes: "I am not madly in love with my husband and we have two sons. I have three intimate friends who are not in love with their husbands and they all are the mothers of two or more sons and no daughters." Very interesting. But I am inclined to forget the original argument and start worrying about all these husbands whose wives don't love them. A sad state of affairs. It has been stated 8 per cent of wives do not really love their husbands, but this communication would indicate the percentage is higher. How are you doing at your house, sir?

And a young woman of Boston named Peggy says when the wedding ring is worn on the right hand it reveals the wearer is a Norwegian. If you see a woman with her wedding ring on her right hand ask her about it so we can get this query off our books.—A subscriber says the best hair cut he ever had was in Brooklyn, and the remarkable thing about it was that it was accomplished in five minutes entirely with the use of clippers.  Queries from clients Q. My boy friend says you are all wet about Alsb winning the Kentucky Derby. He says With Regards will win in a common center. How about it? A. With Regards is a noble animal and won at Hot Springs at a mile and a furlong in 1:50, which is excellent time, but what did he beat? Alsb will win the Kentucky Derby by two lengths. Q. What do you think of a husband who cannot hear well with one ear and at night lies on his good ear so he won't have to hear our newly-born baby crying? A. Well, it would seem this husband is a slacker. But then, perhaps, he needs his sleep so he will be in good shape to bring home the family bacon and new shoes for baby, etc. Q. Our parents want us to have a church wedding, but my boy friend and I want to elope. Where around Boston can we get married in a hurry? A. Am not familiar with the elopement situation around Boston. But, anyhow, take my advice and get married in a church. People married in a church stay married longer.

Make Kootenay-Boundary Answer Overwhelming

Leaving it to George to do is the habit of about 40 per cent of the eligible voters of Canada, the history of our elections shows. These indifferent voters have no convictions, or none worth talking about.

But the man-power plebiscite due nine days hence should do something to cut this percentage.

We know there are people in Canada, and in this district, who are indifferent to Canada's stake in the war, such people, for instance, who have not accepted assimilation.

But it is hard to believe that an overwhelming majority of the people of this territory, and of the people of Canada, do not wish for a crushing victory over the aggressors, and are not ready to do something about it.

One of the things to do about it is to vote to give the Government free choice as to how it will use the country's man-power.

Every man or woman placed on the voters list in the enumeration now being made should make sure that his or her vote will count in the country's composite answer to the Government's question, a serious question, asked of a serious and supposedly responsible and responsive electorate.

It would be nothing less than a deep disgrace if the plebiscite figures should show that two of five of the Canadian people were too indifferent to vote on a question affecting the country's immediate future.

Make the Kootenay-Boundary's response an overwhelming affirmative for a free hand on man-power.

WEAK-KNEED
 "We don't like the Dominion Government agricultural bonus scheme. We don't like the 90-cent price of wheat. We don't like the freight charges to Port William. We don't like the soldier rehabilitation program. We don't like the Dominion Government on any count whatever. Therefore we can't suggest that the voters of Alberta should vote 'yes' on the April 27 plebiscite."

That's what Social Crediters in caucus in Edmonton said last week. They didn't tell the people to vote no, but on the other hand they certainly didn't give a lead to entice the people to vote yes.

Alberta Social Crediters who have boys and girls in the armed forces will remember this weak-kneed support of the war effort.—Lethbridge Herald.

CANADIAN GUERRILLAS

The establishment of guerrilla bands on the Pacific Coast, as announced by the Minister of National Defence, is a useful step and should give the people of that area more confidence in our ability to fight off any Japanese landing attempts in sparsely settled areas. It would not be difficult, given the nature of our Pacific coastline, for Japanese units to land, and the vast extent of territory open to them makes it virtually impossible, at this stage of our military organization, to defend every potential landing place with trained troops.

What is contemplated, apparently, is to have every man through the whole area so trained as to be able to cope with invaders, delay them long enough for troops to get into position to deal with them, then assist the troops as Russian guerrillas are assisting their armies. The Russians have given us an effective lesson in this respect; their older men—and women—have harassed the Nazis behind the lines. There is no reason why Canadians should not be equally effective.

By far the majority of the men in the Pacific Coast area know how to handle weapons—shot-guns or rifles, most of them are skilled in woodcraft and can take care of themselves in the woods. They should give a good account of themselves if the Japanese attempt a landing.—Montreal Star.

Today's Horoscope

Today's birthday people are fond of ease and comfort, but they do not avoid hard work, and are capable of unusual effort and accomplishment. They are blessed with happy, optimistic natures. In the next 12 months they will gain in somewhat unusual circumstances and sometimes unexpectedly. They may travel an ideal advantageously with agents and the military. The year is good for marriage. The child born on this date will be a profound thinker, and will delve far into many of life's mysteries. He or she will be most successful as an author or journalist.

HOROSCOPE FOR SUNDAY

High ideals and strong ambitions rule the existence of those people who have birthdays today. They have artistic temperaments, they enjoy literature, music and travel, and with careful application could be successful in an artistic career. During the next year they must be careful not to let their love of pleasure and the good things of life, or extravagance mar the good fortune which is otherwise portended for them. They also should not trust their friends overmuch. Born on this date a child will be pleasure-loving, fond of conversation and display. Friends will need to be chosen with care. His or her ambitions should be aroused early.

Etiquette Hints

There are girls (and boys) who can "get away" with a date by talking all the time about themselves and their woes. Better not try it, however, as nobody likes a "sour puss" to look at often, or enjoys other people's troubles indefinitely.

ROBBERY VICTIM

Police at first were inclined to scold her for her loss—until Miss Jones produced 14 bank books showing that she possessed a nest fortune of almost \$50,000.

Two-Headed Trout Is Among Freaks In Nelson Hatchery Troughs; Nine Albino Kamloops Trout on Display

Call in Robert Ripley if he visits the B.C. Game Branch fish hatchery, at Nelson he'll have four new "believe it or not" items. Ernest Hunter, Hatchery Supervisor, is adding to his collection of freak fish and now has 12 prize specimens, all living, and all of considerable interest. Nine of the specimens are albino Kamloops trout. In fact, they look more like pale goldfish than trout. They will be a year old in July, and the largest is about 3 1/2 to four inches in length. All are healthy hatched from eggs obtained last year from Lloyd's Creek, in the Kamloops area, and Mr. Hunter hopes to raise them to the spawning stage so that he can see whether the offspring of the albinos will also be albinos. He expects, if he is able to follow through, that the offspring may be largely of normal color but that there may be some albinos among them. In the same tank with the albinos are an Eastern brook trout with queer, fan-like gills, and a normal color Kamloops trout which started life with two heads but now has only one, the other apparently having been absorbed. Latest addition to his collection is a tiny Eastern brook trout, about an inch in length, with two heads, both apparently well developed. This trout appears to have made growth comparative to that of normal Eastern brook trout hatched at the same time and now in the hatchery troughs.

Meakin Bowlers Win Two of Three From South Slocoan

Pastor Gets Up From Floor to Outpoint Bivins

CLEVELAND, April 17 (AP)—Bob Pastor of New York got up from the floor twice in the first round tonight, and wearing his men down with jolting blows, carried out a firm 10-round decision over Jimmie Bivins. The victor scaled 183, the Cleveland 179 1/2. The Cleveland Negro tossed his heaviest dynamite in the first round, flooring the heavyweight contender for a count of two with a left-right-left to the face, and again a half minute later with two jarring lefts for a count of three. But just when the 12,748 customers got the scent of a potential upset, the Saratoga Springs, N.Y., battler came back to save himself the prospect of a third shot at Joe Louis' heavyweight crown. It was the 12th triumph in a row for Tricky Robert, although the official verdict was not unanimous. Referee Joe Sedley's ballot being needed to break a deadlock between the judges. The victor started to rally in the third, catching Jimmy in a corner and punelling him on the ropes for a full 10 seconds. Concentrating constantly on the Cleveland's mid-section, Pastor forced the fight most of the way in the last five stanzas.

Dominoes Win Right to Play Winnipeg Team

SASKATOON, April 17 (CP)—Victoria's Dominoes advanced another step along the basketball playoff trail when they defeated Saskatoon Royal Canadian Air Force Flyers 42-36 in the second game of a best-of-three Western Canada Senior semi-final series here tonight. Dominoes won the first game here last night 47-46. The British Columbia champions will leave here early tomorrow for Winnipeg where they meet Winnipeg St. Andrew's in the Western Canada final. More than 2,000 spectators watched the game which saw the winners step off the floor at half-time with a 19-12 lead.

Under an order of the Wartime Prices and Trade Board, no passenger automobiles may be used and operated as a taxicab unless such a vehicle was so used and operated during the year 1941, excepting by permit from the Administrator. Shorter Schedules, Smaller Teams, New Economies Senior Hockey Plans

TORONTO, April 17 (CP)—The days of the hockey "tourist" are numbered if the Canadian Amateur Hockey Association adopts the suggestion advanced by its President, George Dudley. In his Presidential address at the opening of the annual meeting today, the Midland lawyer said the practice of men "doing nothing else but play hockey" can no longer be condoned. "This association cannot countenance clubs composed of men who play hockey only for a living," Mr. Dudley added. "Young men capable of playing hockey are capable of either being in the armed services or in necessary industries." Referring to the increasing demands for manpower for the war effort the President said that "perhaps this is one of the most crucial times" for negotiating with the National Hockey League. The pros, he continued, will be restricted in their selection of players to those under 21, married men under 30 and those over 30. Because of this, Mr. Dudley said he believed some revision would be necessary in the payments made to the Association by the NHL for amateur players signed. Such players, he said, may be drafted before the NHL club could use them and the club would have no return for the money expended. Turning to the effect war had had on hockey, Mr. Dudley said the Government desired the Association to carry on so as to provide recreation for the men in the services and to stimulate public morale. However in all cases it was to be subsidiary to the war effort. He then made his remarks concerning those players who travel from club to club each year seeking the highest remuneration for their services. "If necessary the senior series may have to be revamped; long schedules curtailed and groupings arranged so as not to have an adverse effect on men in war work." Mr. Dudley suggested that perhaps it may be necessary to reduce the number of men on a team from the present 18 to 10-12 goals, three defencemen and six forwards. This will enable economies in club operations—economies that will be necessary because of the anticipated drop in revenues. W. A. Hewitt Toronto, in his Treasurer's report, said that at the end of the fiscal year, Dec. 31, 1941, the Association's assets were \$64,000 of which \$48,400 is a trust fund and the balance cash in the bank. From the trust fund a grant of \$10,000 was given to the Government to apply to the war effort and another \$8000 was used in the purchase of Dominion of Canada bonds. The net surplus from the 1941 playdowns was \$46,664, less \$2,000 in bonuses to the competing clubs in the finals.

All-Star Victor to Meet Team From Services

NEW YORK, April 17 (AP)—Baseball went to bat for the Army and Navy today by setting aside one regular game in each Major League Park, and in every minor League possible, for the Service charities in addition to arranging for a Major League All-Star team to play an All-Service squad. Commissioner Kenesaw M. Landis, after meeting baseball leaders and representatives of the Army and Navy, announced that the winner of the first All-Star clash between players of the National and American League at the Polo Grounds in New York the night of July 8 would meet a team picked from the Army, Navy and Marines the following night in Cleveland's Municipal Stadium. Landis followed this disclosure with an announcement that the Advisory Council would recommend to all Major League clubs that the entire receipts of one game in each park be turned over in equal shares to the Naval Relief Society and the Army Emergency Relief Fund. The plan will be carried down through all the minor leagues with as many clubs as are financially able participating. In earmarking baseball's charities, Landis also announced that any receipts above \$100,000 from the two All-Star games also would go to the Army and Navy.

Madagascar Possible Jap Raiding Base

NEW YORK, April 17 (AP)—Madagascar, once the haunt of pirates who laid a heavy toll on rich cargoes sailing between England and the East Indies, again may serve as a raiding base should the Japanese seize the island. A Japanese mission was reported to be on the island more than a month ago negotiating for naval and air bases. London sources at that time remarked that since the fall of Singapore the importance of Madagascar, fourth largest island in the world, had doubled. Japanese control would make it comparatively easy to cut the supply lines which run past the Cape of Good Hope and the strategic Mozambique Channel, which separates the island from the African mainland to the West.

NO SALES TALKS ON AIR ON SUNDAY URGED BY ALLIANCE

OTTAWA, April 17 (CP)—Steps to eliminate all "spot" advertising and sales talks from radio programs broadcast over Canadian stations on Sundays was urged by a Lord's Day Alliance of Canada delegation which met the Canadian Broadcasting Corporation Board of Governors today. The Governors told the delegation the whole matter of commercial advertising on week-days as well as Sundays was being reviewed and the Alliance's suggestions would receive sympathetic consideration. Gymnastic Show Staged by South Slocoan Institute

SOUTH SLOCOAN, B.C.—The Playroom Hall was the scene of a talented display of gymnastics by the Recreation and Gym Club, followed by a presentation of musical numbers, under the auspices of the Bonnington and South Slocoan Women's Institute. The spacious hall was packed. A. B. Macrone was the chairman. The gym display was directed by Constable L. I. Cutler, who had trained the young people. Mr. Cutler was assisted by J. H. Street and Claud Looker. The exhibit included marching, running, calisthenics, junior tumbling, advanced tumbling, combinations, three to hand balancing, pyramids, hand high, leaping fawn, high arch and squish pyramids. A program of music followed, several of the artists coming from Nelson. Jack Hawkins of Bonnington had arranged the concert part of the program and gave the humorous touch with the opening and closing numbers. C. C. Hallett was the pianist. Soloists were Mrs. James Johnson, Arthur Stringer, A. A. Pagdin and Miss Amelia Hanna. Miss Mona Scott gave a humorous recitation. The executive of the Women's Institute, Mrs. Yeatman, Mrs. Olson, Miss Jones and M. A. Walkley, took tickets and acted as ushers. Mrs. Lena Dawes, Secretary of the Gym Club, was active in the arrangements. The proceeds are for patriotic purposes.

CALGARY MAN HEADS SQUADRON

LONDON, April 17 (CP Cable)—Seasoned by three months' operational experience on the Russo-German front, Flt-Lt. Ramsay returned to Britain at the beginning of March after aiding Soviet airmen and Red Army troops beat back the German threat to Murmansk, Soviet Arctic supply port.

Canada Supplies Committed U. S. and Britain Only

WASHINGTON, D. C., April 17 (CP)—Canada has made no definite commitments to any part of the allied war effort apart from the long-standing and long-range commitments of supplies to Britain and the United States, Prime Minister Mackenzie King told the Canadian Press here today. But it was quite possible Canadian resources would go to Australia as part of the allocation now being attempted by the United Nations in consultation, he said. There would be no independent action by Canada to aid any one particular country. Only about 10 per cent of Canada's war output is kept to equip and maintain Canada's own fighting forces and the Canadians abroad, Mr. King said. The remainder of the great output of Canadian munitions are committed "for months ahead" to Britain and the United States. But, as it has been previously revealed, these munitions may go to whatever front the combined Chiefs of Staff Committee in Washington, and the Munitions Assignments Boards in London and Washington may decide. Canadian armed vehicles and motorized equipment have long played a part in the Libyan campaign and Canadian-made munitions have been used on widely scattered fronts in the East and West.

U. S. Army Ready for Offensive Says Stimson

WASHINGTON, April 17 (AP)—War Secretary Henry Stimson said today that "so far as the army is concerned we are getting pretty near to the stage of being ready for an offensive, however difficult it may be." In a review of American military progress since Pearl Harbor, given in general terms at his press conference, Stimson said: "Things are beginning to move in the right direction." He stressed, however, that preparations for offensive warfare in a conflict which involved the entire globe was a long and difficult process.

MORALE SUPERB

"Before we can lead this nation into a long and sustained offensive we must be as sure as possible that certain key points in our armor are as safe as possible," the War Secretary said. "We must make sure that our resources and manufacturing are protected against any interruption which would hold up or damage our offense." "And when it is a world war with powerful enemies attacking us all around the globe, our key points of defense run far out into distant quarters of the world where some friendly nation is holding a post that is vital to us. That is what we have been trying to do during these difficult months and the task is not yet finished." Stimson described the morale of the American fighting forces as "superb."

PROPOSE NO SUBSIDY TO HELP PRICES

OTTAWA, April 17 (CP)—Indication that the Wartime Prices and Trade Board does not propose the payment of a subsidy to help keep beef prices below the price ceiling were seen today in the statement of an official that the beef problem has been referred to the Government by the Board.

40 NAZIS MISS THEIR IRON CROSSES

MOSCOW, April 17 (AP)—Forty German soldiers assembled in their headquarters at Staraya Russa, South of Lake Imen, to receive Iron Crosses were reported by the Moscow radio to have been killed by guerrillas who blew up the building. Another guerrilla exploit was reported by the Soviet Information Bureau in its mid-day communiqué which said several detachments in the Leningrad region joined forces and made a surprise attack on a large garrison, killing 683 Germans, one of them a colonel. Three German ammunition dumps and two fuel dumps were blown up, it added, and four tanks were destroyed. DUROCHER FINED \$100 NEW YORK, April 17 (AP)—Commissioner K. M. Cryptoguides are quotations of famous persons written either a substitute character has replaced the original letter. For instance, an "R" may substitute for the original "E" throughout the entire cryptoguide, or a "BB" may replace an "LL". Find the key and follow through to the solution.

R.A.F. Sweeps Keep 1,500,000 Nazis Away From Other Fronts

LONDON, April 17 (CP)—Clearing weather unleashed wave upon wave of R.A.F. planes today for their virtually ceaseless offensive against the German-dominated continent, and Nazi bombers struck back savagely at a South coast town which they said was Southampton.

The first strong German attack on a British city in some time came on the first anniversary of the most wanton of the attacks on London, a raid in which 1000 civilians were killed. A few R.C.A.F. planes took part in today's hammer blows across the channel but they saw little activity. 300 DYING IN DISEASE RIDDEN JAP CAMP MELBOURNE, April 17 (CP)—Aneta, Netherlands News Service, reported today that two Netherlands women who reached here from the East Indies said 300 Europeans were dying amid appalling conditions of dysentery and fever in a concentration camp on Japanese-captured island of Ambon, site of a destroyed Netherlands naval base.

Raiders Driven Off Port Moresby

MELBOURNE, April 17 (CP)—Five Japanese bombers, escorted by fighter planes, dropped about 45 bombs on Port Moresby, New Guinea, in a raid this morning from 22,000 feet, an Australian communique said today.

It reported that allied fighter planes beat off part of the attack and pursued the raiders damaging several, shooting down one, and possibly two, Japanese planes. "All of our aircraft returned safely," the communique said.

ATHLONE INSPECTS FIGHTERS

VANCOUVER, April 17 (CP)—The Governor-General today inspected a Royal Canadian Air Force fighter station near here and talked with the men who pilot and condition the fighting craft as he continued a program of inspections of the armed services and their installations begun last week on Vancouver Island.

COMMITTEE REFUSES TO SUSPEND BILL

WASHINGTON, April 17 (AP)—The House of Representatives Naval Committee refused by a nine to nine vote today to suspend action for a month on legislation to limit war profits and regulate labor in war industries.

Axis Transport Sunk; British Merchantman Lost

LONDON, April 17 (CP)—A British submarine has torpedoed and sunk a large Italian transport from a convoy in the Mediterranean, the Admiralty announced today.

The Admiralty said the ship was one of two Italian transports which were protected by "escort vessels." Two torpedo hits sank the vessel in seven minutes.

WASHINGTON, April 17 (AP)—

The United States Navy announced today that a medium-sized British merchant vessel had been torpedoed in the Atlantic off the West Indies. Survivors have been landed at a port on the Gulf of Mexico.

Says Rosland A.R.P. Body Far From Being Idle

ROSSLAND, B. C., April 16—Herman Reimann, A.R.P. Chief Warden here, today made the following comment on Ald. J. R. Corner's proposal to Mayor John E. Gordon Monday night for an investigation A.R.P. committee to determine whether it was functioning regularly and whether it would be capable of handling the situation arising out of an emergency:

"There is no cause for alarm. The organization has not been idle the last 16 weeks. By no means."

"Approximately 70 per cent have been attending first aid classes to gain their first aid certificates. Senior first aid teams have been meeting and practising regularly."

OUTDOOR PRACTICEES WITHHELD

"Other branches of the organization have been more or less active, but nothing has been done regarding out of door practice tests. Road conditions have been all against this. Personally I would not accept responsibility for accidents or damage to private motor vehicles running around the city during the winter, and particularly during the thaw, nor the possibility of sickness (pneumonia) to the 'created casualties' through exposure to cold, lying around waiting for the ambulance to arrive, and I think, in fact I'm sure, the right stand has been taken in postponing practice tests until snow and mud has cleared up."

"Had the last strenuous test on January 16 not been satisfactory, we might have been forced to do something. But, commencing next week, I have called for a 10 or 12 weeks' intensive training, and the whole personnel will participate. If the public generally, as well as the A.R.P. personnel, will respond, I guarantee they will be well trained."

McNaughton to Become General

OTTAWA, April 17 (CP)—Promotion of Lt.-Gen. A. G. L. McNaughton to the rank of full General is considered a certainty now his command overseas is being raised from the status of an army corps to that of an army.

The overseas commander will then be the first Canadian soldier ever to hold the rank of General while commanding a Canadian force in the field, although he will actually be the fifth Canadian to attain the title, according to available records.

The rank of General goes with the command of an army which consists of more than two corps, just as the rank of Lieutenant-General goes with the command of a corps which consists of two or more divisions and that of Major-General goes with command of a division.

The German soldier gets his tomatoes, cheese, jam and applesauce in powdered form.

Many Japs Die in Burma Thrust

CHUNGKING, April 17, (AP)—Many Japanese dead were left on the field of battle April 1 when Chinese troops halted one of the enemy thrusts in Burma 16 miles south of Loikaw, capital of Keresent tribal state, the Chinese High command announced tonight.

This thrust is following the valley of the Salween River from Kawchik. A second column pressing toward Loikaw across country from Toungyo was still being held in the Yado sector about 40 miles South-west of Loikaw.

In the Yado sector of the Salween River front severe fighting raged throughout April 15, it was said, turning fiercer at nightfall with Chinese troops "fighting most desperately and gallantly," having inflicted more than 1000 casualties.

Interpreting The War News

By KIRKE L. SIMPSON
Associated Press War Analyst

The extent to which Washington-Vichy tension has been eased is only conjecturable. Darlan's formal promotion as successor designate to supreme power, backed by his control of the army, navy and air force, makes him for the moment at least more important a figure than Laval in American and British eyes.

Hostile as he has been toward Britain, Darlan stands committed not to yield to the Axis. There is every argument of personal political ambition to urge his retention of the French fleet in his own control and under his own selected crews and commanders. Its surrender to Germany at an early date seems wholly improbable. That fleet is the admiral's political anchor to windward. Without it he would fade from the political scene in Vichy and cease to be a factor in the war.

What Hitler actually hopes to gain out of forcing Laval back into so limited a degree of power at Vichy must remain a mystery until Laval shows his hand. It seems obvious however, that Hitler had to accept Darlan's veto power to attain some other end—possibly a greater French industrial cooperation with the Nazi war effort or recruitment of the French skilled labor.

Tires on three Doukhobor motor vehicles at Castlegar were slashed during early morning hours a week ago by persons as yet unidentified. It is believed this is a reflection of indignation which has flared recently in the Castlegar area as a result of gas rationing.

The vehicles, which include cars and trucks, are the property of Paul M. Ziatoff, George Samsonoff and Fred F. Hlokkoff, all of Castlegar. Four tires were cut on Ziatoff's light delivery, four on Samsonoff's sedan, and two on Hlokkoff's vehicle.

Protests have recently been made to Federal oil controlling officials by Castlegar residents and the Nelson Board of Trade that a number of Doukhobors obtained categories to which they were not entitled by describing themselves as farmers and their vehicles as farm trucks, when actually the applicants were employed in industry and had home garden plots rather than farms.

The slashing of the tires damaged them considerably, in at least one case the inner tubes as well as the tires being cut, but most of the damaged tires can be repaired by vulcanizing, it is understood. The slashing was done in the early morning hours. There was nothing to indicate whether knives, razors or other sharp instruments were used.

Tires on Three Doukhobor Cars and Trucks at Castlegar Are Slashed; May Be Reflection of Gas Rationing

YAHK-KINGSGATE Wants Guerillas

KINGSGATE, B. C.—Proposing to form a guerilla band, residents of the Yahk-Kingsgate area have forwarded to Major Taylor of Victoria, head of the new venture, the name of W. R. Baskerville as their proposed officer commanding.

This action followed receipt of information on organizing by C. V. Dale-Johnston of Yahk. At a meeting held at Yahk, the prospective guerilla group included loggers, lumberjacks, prospectors, miners, school teacher, merchants, customs and immigration officers, hotel owner, rancher, garage owner, constable and road foreman.

Among these men were a former Royal Flying Corps officer, a former Roy Scots private, a former Canadian soldier, a former sailor, a former French Army N.C.O. and a former Swedish Navy officer who served for some time with the British Fleet.

Nakusp Hears Talks on Temperance

NAKUSP, B. C.—Miss Edna Grant, Dominion Secretary of the Women's Christian Temperance Union, was the guest speaker at a special meeting held in the Nakusp United Church on Tuesday evening. Miss Grant spoke on the temperance issue, dealing in particular with the manner in which the sale of liquor is curtailing the maximum war effort.

A vocal duet was rendered by Rev. and Mrs. O. Grundahl, and Miss Grant also favored with a recitation. While in Nakusp, Miss Grant visited the public high schools of the district, speaking to the students on the temperance question.

"Kinetite Club" to Hold an "Air Raid Tea"

The Kinetite Club, a new service club in Nelson, has been formed in conjunction with the Kinmen Club. Its initial meeting was held Wednesday at the home of Mrs. T. S. Spoorhouse, and officers elected were Mrs. T. S. Spoorhouse, President, Mrs. E. T. Stromstead, Treasurer, and Mrs. L. G. Bartlett, Secretary.

The ladies have gone into action immediately in arranging for an "Air Raid Tea" for May 2, the proceeds to be donated in aid of the Milk for Britain Fund.

The conveners named for the committee were Mrs. J. B. Stark, Publicity, Mrs. Ray Shaw, Decorations, and Mrs. P. C. Richards, Refreshments.

Nelson Office of Wartime Prices, Trade Board Open

Nelson sub-regional office of the Wartime Prices and Trade Board is swinging into action. The office is at 493 Baker Street, with J. A. Ballantyne as Local Representative of the Board and Gordon Allan as Inspector. The Nelson office serves the area from Grand Forks on the West to Fernie on the East.

Similar sub-regional offices have been opened at Victoria, Vernon and Prince Rupert. All report to the head regional office at Vancouver, where W. R. Dorey, Prices and Supply Representative for British Columbia, has headquarters.

Mr. Ballantyne, for three years a resident of Nelson, was formerly Branch Manager here for the Canadian Acceptance Corporation, with whom he had served several years. Previously he was experienced in the wholesale textile trade and retail electrical appliances business, as well as in accounting and auditing work.

Mr. Allan, who to serve as inspector, is well known throughout the district as a traveller for the Maple Leaf Milling Company.

The Nelson office is now fully prepared to handle complaints regarding prices and to assist in interpreting the various orders of the Board. Routine investigations will be handled from this office.

Object of sub-regional offices is to decentralize administration problems as far as possible and thus give the public prompt service. Persons living in the area from Grand Forks to Fernie should deal with the Nelson office in the first instance.

EDMONTON WOODEN TIRE BEING TESTED

EDMONTON, April 17 (CP)—A wooden tire, designed and manufactured in Edmonton, is currently being tested on the wheels of a dairy wagon, the Western Cabinet Manufacturing company said today. MacArthur Is In Complete Charge

WASHINGTON, April 17 (AP)—War Secretary Stimson said today that Gen. Douglas MacArthur was in complete charge of the "strategic direction" of the United Nations' war effort in the Southwest Pacific and the "practical coordination" of the campaign in that area to defeat the Japanese invaders.

The War Secretary told his press conference that Gen. MacArthur's authority had been fully agreed to by the Australians and the Netherlands and the agreement embodied in a formal directive signed April 3.

Stimson said he was "frankly surprised" at statements credited to MacArthur's spokesman in Australia that MacArthur's authority had not been fully defined.

Stimson said whether New Zealand was included in MacArthur's command was a "military secret."

GUERRILLAS HAVE STATUS OF AN ARMED FORCE

OTTAWA, April 17 (CP)—Members of the Militia Rangers, the guerilla force being organized for local defence on the West coast will have the protection afforded soldiers under International Law should they be engaged with an invading enemy, it was learned at the Department of National Defence today.

While the men will not wear uniforms they will wear armbands and will be issued with steel helmets. This, in the opinion of legal authorities, will constitute compliance with the international laws governing warfare which requires that belligerents be identified as such and prohibit the participation of unidentified civilians in hostilities.

Careful consideration was given to the status of the rangers before their organization was decided upon and the Department secured an opinion from a competent legal authority.

Civilians who attack invading troops may, under international law, be treated as franc-tireurs and shot if captured.

DIES ON FREIGHTER

VICTORIA, April 17 (CP)—Confirmation of the death of her father, Charles John Tremlett, who was a passenger on the Danish freighter Doornaal enroute to Victoria from Australia when that vessel was sunk in an Axis submarine attack off Hawaii, has been received by Mrs. John Hamilton Baynes here.

35 Hostages Are Shot in France

VICHY, April 17 (AP)—The German authorities announced today that 35 hostages had been shot in occupied France in reprisal for attacks against German occupying troops.

A first group of 15 was shot April 14, according to a German announcement published in the newspaper Courrier Du Pas De Calais, published at Calais. This followed attacks on railroad lines the night of March 25.

A second group of 20 was shot the same day in reprisal for attacks on German soldiers at Bruay, Mericourt and near Lens, the announcement said.

Island Attack Said Unsuccessful

ROME, (from Italian broadcast), April 17 (AP)—The Italian High Command claimed today that "an attempt of the enemy to make a landing on one of our islands South of Crete was unsuccessful."

No further details were given. (Presumably such an attempt would be made by British sea-borne forces, but no word of any such action has come from British sources.)
