

# New Tax Deduction Scale Will Hit This Week's Paychecks

New scale of Income Tax deductions came into effect with the first payday in April. Those paid weekly will notice the full difference on their paychecks tomorrow.

There is no increase in the rates but there is an increase in payroll deductions because 95 per cent instead of 90 per cent is now to be deducted at the source and in 1942 there was a credit for National Defence Tax which was paid in the first part of the year and then abolished, or replaced by the "normal" tax of 7 per cent which is now treated as part of the Income Tax.

In the table below are illustrated differences between the present scale of deductions and those which will apply from the first payday in April. Examples given cover single persons without dependents, married without dependents and married with two dependents. For each additional dependent there is an extra allowance of \$108 a year, made up of \$28 from "normal" tax and \$80 from Income Tax, though the difference in payroll deductions will not be exactly this figure because only 95 per cent of tax due is being collected at the source.

In the following table the first line for each payroll bracket is the present tax deduction, the second line, in bold face, is the new rate.

Actual tax deducted will generally be somewhere between the figure given for "total tax" and that figure less "savings" portion. Allowance is made up to the limit of the "savings" portion for payments on life insurance, mortgages, etc., as at present.

Weekly Pay	Single No dependents		Married No dependents		Married Two dependents	
	Total Tax	Savings	Total Tax	Savings	Total Tax	Savings
\$15	1.07	.78	—	—	—	—
	<b>1.45</b>	<b>.75</b>	—	—	—	—
\$20	2.57	1.44	—	—	—	—
	<b>3.40</b>	<b>1.50</b>	—	—	—	—
\$25	3.80	1.80	.90	.87	.29	.29
	<b>5.25</b>	<b>1.90</b>	<b>1.20</b>	<b>.60</b>	<b>.60</b>	<b>.30</b>
\$30	5.37	2.16	3.18	2.09	.43	.43
	<b>7.15</b>	<b>2.30</b>	<b>4.40</b>	<b>2.20</b>	<b>.95</b>	<b>.47</b>
\$35	7.36	2.52	4.92	3.04	1.69	1.17
	<b>9.50</b>	<b>2.65</b>	<b>6.40</b>	<b>3.20</b>	<b>2.50</b>	<b>1.25</b>

## HANSON URGES FORGIVENESS OF '42 TAXES

Ilsey to Consider Arguments on Interest Penalty SOME CHANGES

OTTAWA, April 8 (CP)—Hon. R. B. Hanson (Prog. Con York-Sunbury) delivered the budget of criticism directed at income tax budget resolutions in the House of Commons today and urged complete forgiveness of 1942 taxes.

He also attacked the proposed change of interest on amounts by which taxpayers may underestimate their incomes for the current year. Finance Minister Ilsey said, as he said Wednesday, that to forgive the entire 1942 tax, instead of the 95 per cent proposed in the budget, would involve considerable refunds to those who have already paid more than 95 per cent of last year's taxes, and completely upset the budget estimates.

With regard to the interest penalty for those who underestimate their 1942 incomes, the Minister said he would take into consideration the arguments presented today when the necessary clause is placed in the amending bill after the resolutions are passed.

Mr. Ilsey announced that he would have some amendments to the resolutions. One of these, he said, would place small firms nearer to the position of corporations instead of treating them as individuals.

He also repeated his assurance of yesterday that there would be consideration of an amendment which would meet the objection to treating annuities or benefits paid from capital as income.

When the second section of the resolution was taken up, having to do with 1942 investment income, Mr. Ilsey offered an amendment which would provide that the tax remaining for payment on death of the recipient might be prepared in a lump sum on or before April 30, 1944, discounted at two per cent on the life expectancy of the recipient.

Mr. Hanson was vehement in his condemnation of what he described as a "penalty" for those who estimated their 1942 income at less than it actually came to be. It was impossible for any person with investments or in a profession accurately to estimate what they would receive until the year was ended, he said.

Mr. Ilsey said all the income tax form warned that "interest is payable in respect of late or insufficient payments."

Unless there was such a provision some taxpayers might estimate their incomes at a very low level or at nothing in order to avoid pay-as-we-earn deductions.

## Failure to Deliver Full Order of Coal Brings Penalty

VANCOUVER, April 8 (CP)—W. McKinnon was fined \$50 or a month in jail by Police Magistrate H. S. Wood today on a charge of obtaining money on false pretences from Mrs. George Herring for coal he did not deliver. Mrs. Herring ordered and paid for two tons of coal but a checkup showed the delivery to be 1300 pounds short.

## 77-Year-Old Man Fatally Beaten by Mental Patient

ST. CATHARINES, Ont., April 8 (CP)—James Albert George, 77-year-old bachelor, was fatally beaten today in an attack by a youth who escaped from a detention room in the St. Catharines General Hospital where he was awaiting removal to a mental institution.

Police and hospital authorities said the attacker was William McLelland, 18, of nearby Grantham Township. After the attack he was taken into custody by police and later taken to the institution.

## Two German Seamen Escape

SHERBROOKE, Que., April 8 (CP)—Officials of a nearby prisoner-of-war camp reported tonight the escape of two German seamen believed to have fled the encampment shortly after dark.

The missing men were identified as Wilhelm Gratch, 31, five feet 10 1/2 inches tall, weight, 164 pounds, fair complexion, light brown hair, green eyes, scar on chest, tattoos on both arms.

Erich Gross, 23, five feet four inches, 117 pounds, fair complexion, dark brown hair, grey eyes, gold fillings in teeth.

Word of the escape was flashed throughout the Eastern townships and detachments of Royal Canadian Mounted Police and the Provost Corps blockaded roads leading to Montreal and the United States border. A special guard was placed at railway lines.

## To Try Australian on Gold Smuggling Charge

AUCKLAND, N.Z., April 8 (CP Cable)—Leo Edward Morland, a 42-year-old Australian metallurgist, was committed for trial today on two charges of stealing a total of 3600 ounces of gold belonging to the Ararua Gold Dredging Company of Westland, N.Z., which he allegedly took to Canada, attempting to smuggle some into the United States.

Morland pleaded not guilty after Cpl. Moxted of the Royal Canadian Mounted Police had given evidence of his investigation of the accused in February, 1941, one day following his arrest by United States Customs Officers at Blaine, Wash., on a charge of attempting to smuggle bars of gold across the Canadian border.

## Loan to B.C. Extended One Year

OTTAWA, April 8 (CP)—A loan of \$1,938,881 due to the Dominion Government from the Province of British Columbia at April 30, 1941, has been extended for one year under authority of an Order-in-Council tabled today in the House of Commons by Finance Minister Ilsey.

## 11 DIED IN QUAKE

SANTIAGO, Chile, April 8 (AP)—The Government announced today that 11 persons were killed in the earthquake that rocked nearly 2000 miles of the 2005-mile Chilean Coast Tuesday. The death toll previously had been estimated at 18 or 20. All the fatalities were in the Ovalle area.

# 8th ARMY NEARING 2nd JUNCTION

## Gov't to Inquire Into Labor Relations, Wages

OTTAWA, April 8 (CP)—Plans for an immediate public inquiry into "matters affecting labor relations and wage conditions in Canada" were announced tonight by the National War Labor Board.

Aim of the inquiry will be to formulate a report "with constructive recommendations for a co-ordinated program on labor relations and wage matters."

"The situation prevailing in Canada today in respect to labor matters generally, and having particular regard to the existing war emergency, makes it appear necessary and advisable than an inquiry of this kind should be instituted at once," the Board said in a statement.

Preliminary public sessions will be held in Ottawa on April 15 and 16, to make a general canvass of the methods and program to be adopted in the inquiry.

It was understood that decision as to whether later hearings will be held outside Ottawa would not be taken until after the preliminary hearings had been held.

The Board said it was anxious to make clear that it welcomed "the widest possible discussion" of all matters falling within its scope and relating to labor relations and wage conditions in Canada.

It suggested four topics for inquiry:

1. A review of existing provisions of the Government's wage-stabilization policy, "having regard to the general principles underlying the same and the achievement of utmost production for war needs."
2. Functions and operation of the National and Regional War Labor Boards and their relationship to each other.
3. A review of the Government's labor relations policy, as outlined in order-in-council P.C. 2695, "and the means which will be adopted to achieve better application thereof with a view to the securing of improved relations between labor and industry."
4. "Any other matters relevant to the above, specific or general, related to the complete and effective organization of industry and labor for the furtherance of the war effort."

In order-in-council P. C. 2695, passed June 19, 1940, the Government set forth a number of general principles aimed at avoidance of labor unrest during the war.

The order declares that employees should be free to organize in trade unions without interference by employers or their agents, and through their trade union officers or other chosen representatives, to negotiate with employers or representatives of Employers' Associations, with the view to the conclusion of a collective agreement.

It also declares that workers in the exercise of their right to organize should not use coercion or intimidation to influence any person to join their organization and that wartime suspension of established labor conditions should be brought about only by agreement.

It declared that there should be no stoppage of work in wartime due to strikes or lockouts and that where any difference cannot be settled by negotiation, assistance should be sought from the Government Conciliation Service.

The order says that there should be recognition of fair and reasonable standards of wages with bonus payments, where necessary, to meet temporary war conditions. There should be no undue increases in working hours.

The Board's statement said that authority for the holding of an inquiry like the one planned is contained in order-in-council P.C. 1141, passed when the Board was recently reconstituted in its present form.

Chairman of the new three-man National War Labor Board is Mr. Justice C. P. McTague of Toronto. The other two members are Senator J. J. Bech of St. Catharines, Ont., and J. L. Cohen, K.C., of Toronto.

In conducting the inquiry, the Board said, it will "conduct public hearings which will afford an opportunity to all public bodies and to individuals, whether representing industry, labor or other interested sections of the community, a full opportunity to present their views and proposals on these matters upon which the Board might formulate a report with constructive recommendations for a co-ordinated program on labor relations and wage matters."

LONDON, April 8 (CP)—The United States Embassy announced that former Governor Herbert H. Lehman of New York, United States Director of Foreign Relief and Rehabilitation, arrived in London tonight.

## PUTS CEILING PRICES ON ALL U.S. GOODS

To Prevent Switches in Jobs to Obtain Higher Pay

### SOME EXCEPTIONS

WASHINGTON, April 8 (AP)—In a drastic tightening of all wage and price controls President Roosevelt tonight took steps to combat inflation by placing ceiling prices on all commodities affecting cost of living in the United States, except where some adjustments may be necessary. He also directed, on the same conditions, that there be no further increases in wages or salaries.

The President also directed Paul V. McNutt, War Manpower Commission Chairman, to prevent switches in jobs to obtain higher pay unless such shifts would aid in the effective prosecution of the war.

### HOLD-THE-LINE ORDER

The President said in an accompanying statement that this was a "hold-the-line" order under which "all items affecting the cost of living are to be brought under control."

"No further price increases," he said, "are to be sanctioned unless imperatively required by law. Adjustments in the price relationships between different commodities will be permitted if such adjustments can be made without increasing the general cost of living."

"But any further inducements to maintain or increase production must not be allowed to disturb the present price level; such further inducements whether they take the form of support prices or subsidies must not be allowed to increase prices to consumers. Of course, the extent to which subsidies and other payments may be used to help keep down the cost of living will depend on Congressional authorization."

On the wage front, he declared: "There is to be no further increase in wage rates or salary scales beyond the 'Little Steel' formula except where clearly necessary to correct substantial deficiencies of living. Reclassifications and promotions must not be permitted to affect the general level of production costs or to justify price increases or to forestall price reductions."

One provision of the order directed attention of all Federal, State and municipal authorities concerned with rates of common carriers or other public utilities to the stabilization program "so that rate increases will be disapproved and rate reductions effected" consistently with the Stabilization Act and other applicable Federal, State or municipal law so as to keep down the cost of living and effectuate purposes of the stabilization program.

"To hold the line," Mr. Roosevelt said in his explanatory statement, "we cannot tolerate further increases in prices affecting the cost of living or further increases in general wage or salary rates except where clearly necessary to correct such standard living conditions. The only way to hold the line is to stop trying to find justifications for not holding it here or not holding it there."

"While no one straw may break a camel's back," the President declared, "there always is a last straw."

"We cannot afford to take further chances in relaxing the line," he said, "We already have taken too many."

## Say Allies Dropping Paratroops to Aid Balkan Fighters

LONDON, April 8 (CP)—The German radio claimed today that Allied paratroops "dropped by planes from Alexandria or Moscow" are helping guerrillas fight in Bosnia and assisting them in "forming a Balkan vanguard for an Allied invasion."

As a result German mopping-up operations in the Yugoslav Province are "being carried out by a considerable force."

## Urges Easier Tax Measures Against Farmers

OTTAWA, April 8 (CP)—Farmer members from all groups in the House of Commons united tonight in an appeal to the Government to be more generous in the charges farmers may make against their income for tax purposes, particularly in respect to the work performed by the farm wife and children.

Robert Fair (N. D. Battle River) went further and urged that the income tax on farmers be abolished altogether since less than 1500 out of an estimated 750,000 farmers paid income tax last year.

## DISPUTES CAUSE LOSS OF 78,000 WORK DAYS

LONDON, April 8 (CP)—Ernest Bevin, Minister of Labor and National Service, told the House of Commons today that about 78,000 working days had been lost in January and February through work stoppages due to industrial disputes.

## Australian Bombers Strafe Jap Ships for Full Hour

ALLIED HEADQUARTERS IN AUSTRALIA, April 8 (Friday)—(AP)—Australian flown Hudsons bombed and strafed nearly a score of small Japanese ships in the area between Australia and Netherlands New Guinea Thursday while to the Northeast heavy bombers attacked scattered points in New Ireland, New Britain and New Guinea, the High Command announced today.

For a full hour, one Hudson bombed and strafed a flotilla of a dozen enemy supply barges East of Kaukasau, Netherlands New Guinea. A motor patrol boat escorting the flotilla and three barges were set afire and the rest seriously damaged.

## SWEDEN SEIZES MAPS FROM GERMAN TRAIN

Showed Vital Details of Norway and Sweden; Plan Inquiry

### TAKE CAR GOODS

STOCKHOLM, April 8 (AP)—The Swedish Foreign Office announced tonight that maps of Sweden and Norway, which it described "as extraordinarily detailed," had been confiscated from a freight car bound across Sweden from Finland to Germany.

All goods in the car were removed by Swedish authorities, the announcement said, and a complete investigation has been ordered by the Foreign Office.

Discovery of the maps came on the anniversary of the German invasion of Norway three years ago and in the midst of a controversy over shipments of German goods and soldiers through Sweden between Germany, Norway and Finland.

Swedish customs and military officials discovered the maps when inspected goods were being transferred from one car to another at Haparanda in Northern Sweden. What steps Swedish authorities will take will depend on the results of a full inquiry, the Foreign Office reported.

The confiscated maps, it was announced, had rail, telephone and communication lines all marked.

Discovery of the maps recalled the protests made when a German plane, forced down in Sweden early in March, was found to be carrying dismounted machine guns.

Under a transit agreement between Germany and Sweden, courier planes across Sweden to the occupied countries may not be of a military nature, must have civilian crews and must be unarmed.

The agreement also grants German troops permission to cross Sweden if going on or returning from leave.

## Say 500-Ton Steel Mill May Be Started at Coast

VANCOUVER, April 8 (CP)—The Province said today that George E. Murphy, Portland, Ore., industrialist who seeks approval of the United States War Production Board for establishment of a steel mill at Everett, Wash., has obtained options on iron deposits on Texada Island and at Zeballos, on the West coast of Vancouver Island.

The paper said Ald. Jack Price, Chairman of the Civic Steel Committee, has been advised British Columbia is included in Murphy's development plans. Mr. Price has received a letter from Henry J. Landahl, Secretary of the Pacific American Steel Corporation "indicating that a 500-ton mill may be started in this Province by the same interests as are represented by Murphy."

## LaGuardia More Useful in Job

WASHINGTON, April 8 (AP)—Secretary of War Henry L. Stimson said today that Mayor La Guardia of New York had offered his services to the armed forces but that "it would be very difficult to find any place in the Army" where he could be as helpful as in his present job.

## NEW FLOOD THREAT AT RED DEER

RED DEER, Alta., April 8 (CP)—A second flood was threatened here tonight, with nearby Waskasoo Creek overflowing onto Gates Avenue and covering about three or four city blocks. Firms began moving their goods as the new flood threatened and Nararone College was surrounded by water.

# Drives 15 Miles in Pursuit of Rommel Forces

Expects to Meet Second U.S. Column Between Mezzouna and Graiba; 1st Army Smashes Ahead Toward Tunis

By EDWARD KENNEDY Associated Press Staff Writer

ALLIED HEADQUARTERS IN NORTH AFRICA, April 8 (AP)—The British 8th Army, gaining 15 miles in the coastal pursuit of Marshal Rommel's forces, was reported tonight only 25 miles from a junction with a second American column, which was driving toward the sea in the Maknassy-Mezzouna sector of Central Tunisia.

In the North Gen. K. A. N. Anderson's British 1st Army, striking out Northeastward in the Medjez-El-Bab region, reached a point within 27 air-line miles of the Axis stronghold of Tunis.

Field dispatches said all Southern Tunisia now is in Allied hands after the British 8th Army shattered the Wadi Akarit lines and made its first junction with the Americans on the Gafsa-Gabes road.

The next juncture of the British forces with an American column is expected in the area between Mezzouna and Graiba; more than 50 miles up the coast from Gabes.

There were indications that advance 8th Army troops already had swept beyond Gekhira (La Skhirra), a coastal settlement within 50 miles of Bfaj.

Twenty-five miles to the Northwest United States troops under Lt. Gen. George S. Patton were battling German armored columns near Mezzouna in an effort to break through to the sea and cut off Rommel's retreat.

The swift 8th Army pursuit also indicated that Rommel would be unable to make another defensive stand in Gekhira sector between the sea and the Sebket Salt Marsh.

The Americans fighting near Mezzouna are less than 25 miles from Graiba on the coastal road along which Rommel now is retreating.

Military observers pointed out that steady pressure on Rommel may force him to run clear up the coast to the mountains North of Soussa, 120 air-line miles North of the broken Akarit line.

Relentless Allied air hammering was speeding the enemy's flight.

British and American troops were mopping up isolated pockets of resistance in the area between El Guejar and the coast, burying Axis dead, sending the enemy wounded to hospitals, and methodically rounding up surrendering Italians.

French troops sweeping across the big Djerdj 1st march South of the Gafsa-Gabes road knocked out remaining enemy positions, taking numerous prisoners and war material, a communique said tonight.

## BIG AERIAL JOB

The loss of every Axis piece of equipment made Rommel's situation all the more critical because Allied bombers also are doing a tremendous job against Axis supply lines between Tunisia and Sicily.

In the last week these airmen hit 43 ships, nine of which sank immediately. Many of the others were left ablaze or in a sinking condition.

Not only was Rommel's flank menaced by the American column near Mezzouna, but another United States group is operating in the North-Central sector between Fondouk and Kairouan. The latter is 35 miles Southwest of Soussa, where Rommel is expected to hole up eventually with Col. Gen. Jürgen von Arnim's forces which are under pressure in the North.

## SURPRISE BLOW

The 1st Army's surprise blow at a new point on the long Axis defense line gained four or five miles yesterday over country so difficult that mules largely were relied upon to move supplies. Anderson sent his troops forward at dawn, and by noon the first objective and 150 prisoners were taken.

It was disclosed that the Germans, after being hurried from the Wadi el Akarit position at dawn Tuesday, launched several determined counter-attacks that the 8th Army repulsed only after heavy fighting.

When these counter-attacks failed, Rommel apparently realized his big armored forces in front of the Americans along the Gafsa-Gabes road were in danger of being trapped and began withdrawing them Tuesday night. The American infantry and armor immediately sprang forward after the retreating Germans and Italians to reach a point 42 miles from Gabes, and it was there that they met advanced patrols of the British 8th Army yesterday.

## CALL OFF WALKOUT

PRINCE RUPEST, B.C., April 8 (CP)—A walkout threatened by local shipyard workers through the Allied Trades Council in protest against eating conditions at the yard has been obtained by the agreement of Wartime Housing Limited to install a dietician.

# 80 HUN PLANES DOWNED IN TWO BIG RAIDS

## R.A.F. Resumes Day and Night Attacks on Nazis

# RUHR BATTERED

LONDON, April 8 (Friday). (CP)—R.A.F. bombers raided the industrial Ruhr Valley of Germany Thursday night, it was disclosed today.

LONDON, April 8 (CP)—Carrying the aerial war back to the continent after a lull, the R.A.F. damaged a radio station near Ubbant at the top of the Brittany Peninsula in widespread daylight fighter sweeps over France today and fighter-bombers pounded a German airfield at Tréqueville near La Havre in an evening raid.

Typhoons and Spitfires escorted the swift bombers on the late day attacks. Two fighters were lost in the operations.

Eighty German planes, including many from Reichsmarschal Goering's elite yellow-nose Focke-Wulf fighter squadrons, were destroyed in running dogfights incidental to the American heavy bomber attacks on the Renault Works near Paris last Sunday and the Eria Aero Engine Factories at Antwerp on Monday, an official tally showed.

Forty-seven German planes were shot down in the Renault raid, most of them Focke-Wulf fighters, the 8th U.S. Army Air Force Headquarters said.

The following day, attacking the Eria Works at Antwerp, the American bombers destroyed 23 German fighters.

# TWO KIMBERLEY AIRWOMEN COMPLETE COURSE

Two Kimberley members of the Royal Canadian Air Force, Women's Division, have completed general clerks' courses and have been graduated from No. 2 Composite Training School at Toronto. They are Aw2 Nan Sutherland and Aw2 Corraine M. Aldridge.

# Mrs. J. J. McEwen in Hospital

Mrs. J. J. McEwen, 202 Union Street, went to Kootenay Lake General Hospital Thursday morning, with an attack of flu.

# Allied Coast Ships Sink 10 Enemy Vessels in Month

LONDON, April 8 (CP)—Allied light coastal ships have sunk 10 enemy vessels and have severely damaged six others, including several E-boats, in hard-hitting raids on Axis shipping in the English Channel and along the continental coast in the last month, the Admiralty announced tonight.

# Post Offices and Banks Sell \$3387 War Stamps

Nelson banks and post offices sold War Savings Stamps and Certificates to the value of \$3387.50 in March, reported Mrs. G. S. McIntosh of the I.O.D.E. committee in charge.

Sales in March brought the total sold by these agencies to \$12,209 in the first three months of this year, and to \$175,731.25 since War Savings Stamps and Certificates were placed on the market. Bank sales were \$2059; post office, \$1170.75; and sub-post office, \$127.75. Sales by five schools amounted to \$473.25 in March, made up as follows:

Hume	\$130.00
Central	145.50
Junior High	142.25
High	41.50
St. Joseph's	14.00
Total	\$473.25

# Winnipeg Juniors Beat Quakers for West Crown

Saskatoon, April 8 (CP)—Winnipeg Juniors, Manitoba Champions, won the Western Canada Junior Championship here tonight as they defeated Saskatoon Quakers, Saskatchewan representatives, 3-2 in the fourth game of their best-of-five series.

Rangers won the first two games at Winnipeg last week by 12-8 and 7-3 and Quakers the third game 12-4 here Tuesday night. The winners will meet the winners of the Ottawa, General-Montreal Canadiens series for the Dominion championship.

Eddie Coleman scored Rangers' winning goal early in the third period.

Bill Vickers scored the Rangers' first period goal off a pass from Joe Peterson and Church Russell passed to Ritchie McDonald for their second period marker.

Gerry Couture figured in both Saskatoon goals, scoring the first unassisted and passing to Eddy Kobussen for the second.

# C.M. & S. to Operate International Tunastent Mines

TORONTO, April 8 (CP)—International Tunastent Mines has entered into an agreement with Consolidated Mining & Smelting Company under which the latter will take over the operation of the former's mine at Great Slave Lake, contingent upon the results of an examination of the property by smelters. Purpose will be to place the mine on a production basis in excess of that which it previously operated. Consolidated Smelters estimates the sum of \$325,000 would be required for this purpose.

A meeting of shareholders of International Tunastent Mines will be held April 15 in Toronto for the purpose of discussing the agreement.

# RED RIVER FOLK MOVE ARTICLES FROM CELLARS

Seine, Assiniboine Rivers Also Threaten Lands

RISE STEADILY

Winnipeg, April 8 (CP)—Residents along the Red River began moving articles from basements today as ice and water rose into back yards.

Officials of the city engineer's department reported, however, that there was an overnight drop of 1.3 feet in the Red River but this did not mean that the flood threat had vanished.

Reason for the drop, it was stated was the fact that ice began to move faster.

Officials warned that water of the South and West had not yet reached Winnipeg from North Dakota, where hundreds of acres had been inundated and more than 200 families driven from their homes.

Citizens living on the East side of the Seine River, a tributary of the Red, about eight miles South of Winnipeg, were in imminent danger of being flooded out as the river overflowed the Crescent Road and was reported rising steadily.

Water in the Assiniboine was rising steadily in Winnipeg and guards were posted at bridges to relieve possible ice jams.

At Brandon, the Assiniboine began to flow over some low-lying banks West of the City and officials were watching the situation. The river was rising about one inch an hour.

At Lockport, 17 miles North of Winnipeg, location of St. Andrew's Locks, water in the Red River was more than 20 feet above winter ice level.

Reports from Emerson, Man., just North of the international border, families living along the river were removing articles from basements as flood threats persisted. The Joe River, East of the town, overflowed today compelling country residents to make long detours to reach town.

High water of the South Saskatchewan River near Saskatoon was reported receding today and the flood danger had passed. Several residents who had evacuated are returning to their homes.

# Bombers Strike Again at Naples

CAIRO, April 8 (AP)—Allied heavy bombers blasted the battered Italian port of Naples and the Sicilian ferry terminus at Messina Tuesday night, a Middle East air communiqué said today.

Fires were again started in the harbor, which has been the objective of a series of devastating blows by Allied bombers. All planes returned safely from Tuesday night's attack.

In the attack on Messina, bomb bursts were seen North of the harbor.

A United States communiqué said American bombers attacked Palermo harbor by daylight yesterday with hits observed along the quay and in the vicinity of a seaplane station. Fighters attacked the bombers but all returned safely.

# Think Japs Have Reached Limit

AN ADVANCED ALLIED BASE IN THE SOUTH PACIFIC, (Delayed)—(AP)—Walter Nash, New Zealand's Minister to Washington, believes Japan has reached its limit of conquest in the Pacific. "Nothing is sure in war," he said here, "but it appears the Japanese expansion is stopped."

# Aberhart Says He Didn't Know About Alaska Study

EDMONTON, April 8 (CP)—Premier Aberhart said today that Alberta has not been invited to attend a conference in Victoria next week to study possibilities of economic development of Northern British Columbia and Alberta, Alaska and the Yukon.

The Premier also said he was unaware of the intention of Russell K. Odell, of the Mines and Resources Department, Ottawa, to come to Edmonton after the Victoria conference to discuss the study with Alberta officials.

A report from Ottawa Wednesday announcing the conference, said Mr. Odell would come to Edmonton.

# R. E. Gardner of Trail New Kaslo City Clerk

KASLO B. C.—The Kaslo City Council met in the City Hall on Monday evening when an application for the post of City Clerk was received from R. E. Gardner, late of Trail, was accepted at a salary of \$150 per month.

After some discussion it was decided to have 100 copies of the 1942 Financial Statement printed for publication.

G. Lambert and E. McCraith of Nelson waited on the Council for the purpose of leasing the Buchanan mill site for the erection of a saw mill. Lambert Lumber Ltd. will erect the mill and the logs will be supplied by Mr. McCraith. The lease is to commence from April 1.

Mayor E. Latham and Alderman G. W. Tinkens were named a committee to arrange for the cutting of from 300 to 500 cords of wood for Kaslo fuel for next winter's use.

# Plan Orderly Development of Alaska Route

WASHINGTON, April 8 (CP)—Canada and the United States are combining to insure orderly development along the 1671-mile route of the Canadian-Alaskan highway. It was announced today by Interior Secretary Harold L. Ickes.

The National Park Service is co-operating with the War Department in a study of the Alaska portion of the road, particularly the protection of the scenic and scientific features and the selection of natural areas for park and recreational purposes.

Canadian and American officials will collaborate in developing a joint policy for the protection and development of the lands flanking the strategic highway. Canada already has reserved an area of 10,190 square miles on the Canadian side of the Alaskan border. It also has been suggested by Canadian authorities, Ickes said, that an international park be established on both sides of the boundary in the region of the St. Elias Mountains.

Ickes said the highway is destined ultimately to become an important travel artery through the Northwest one that will be of recreational importance and will serve settlers who will follow when the road is opened to public travel after the war.

The Interior Department, he said, is conducting a larger and more comprehensive study through its committee on Alaska to determine the industrial and commercial opportunities opened by the road which may affect the whole economic structure of the continent.

# Bladworth Has Broken Ribs

G. A. Bladworth, while doing paint work in his boathouse Wednesday, fell into the boathouse well and broke two ribs. He was around as usual Thursday.

# OLD ISLAND CHURCH DAMAGED BY FIRE

VICTORIA, April 8 (CP)—One of the oldest churches of Victoria, the Salvation Army Citadel on Broad Street, suffered damage estimated at \$10,000 in an early morning fire today. Cause of the blaze, which broke out in the attic of the church, was given by Fire Department authorities as defective wiring.

# KASLO

KASLO, B. C.—Mr. and Mrs. Chris Jensen spent several days in Nelson.

Pt. George Palmer has left for Medicine Hat, after spending his leave with his family in Kaslo.

J. Tonkin of Salmo is visiting Kaslo.

Mrs. Guy Brownell has a guest Mrs. J. B. Curran of Grand Forks.

Mrs. A. Pearson is a patient in Victorian Hospital.

Mrs. C. Moore and Mrs. A. Brown visited Nelson recently.

PLYMOUTH, (CP)—Miss J. M. Woolcombe, serving with the W. B. N. S. since the outbreak of the war as Superintendent of Personnel, has been named Deputy Director of the W.B.N.S. in charge of manning.

Donkeys, which used to take children for rides on the sands at one of Britain's prewar seaside holiday resorts, are now doing war work. They are led round the town every day carrying sacks in which housewives place their salvage.

# CHERRIER PLANT MEN VOTE TO RETURN TO WORK

Favor Closed Shop at Montreal Munitions Factory

PLAN MEETINGS

MONTREAL, April 8 (CP)—Striking munitions workers were reported tonight by Union officials to have voted by a "substantial" majority in today's secret ballot to return to their jobs in the huge Cherrier munitions plant near here.

The ballots, distributed to the strikers at a meeting in the Maisonneuve Market, called for two replies—whether they wished to return to work and whether they were in favor of a closed shop at the plant, about 30 miles North of here.

Figures on the result of the vote were not announced but officials of the Cherrier Munitions Workers' Union (A. F. of L.) said that a "substantial" majority voted to return to work. They added that the second question was given an affirmative reply by "nearly everyone."

The Union officials announced that demands for reclassification—calling for the shifting of "several thousand" workers into higher wage brackets—would be placed in the hands of the Union Auditor who, in turn, would meet Company delegate, the two to select a Chairman. Their decisions will be submitted to the Federal Labor Department and the Allied War Supplies Corporation, which operates the plant.

The Union's demand for a new wage-bracket for 600-odd men and women working on "dangerous" jobs will be submitted to the National War Labor Board.

Officials expressed belief the plant would be in full operation again tomorrow.

The walk-out, which at no time spread to include all the workers, started yesterday when 800 employees failed to report for work, before the passing of an 8 p.m. deadline, set by the Cherrier Munitions Workers' Union (A.F.L.) for a reply from the Regional War Labor Board to demands for wage increases.

Walk-out of the 800 was described as unauthorized by Union officials, who also disclaimed responsibility for spread of the strike to many other workers last night. Before conducting a vote on a return-to-work question this afternoon, Union officials warned the workers that their case could not be taken to the National War Labor Board until they were back at their jobs.

John Cowling, Executive Assistant of Allied War Supplies Corporation, which operates the plant said "Union officials did all they could to keep the people at work. They have all the machinery set up to deal with the questions of wages and classifications."

# ABSENTEEISM IS THREAT TO B.C. WAR INDUSTRY

VANCOUVER, April 8 (CP)—Absenteeism, which threatens to become a major problem in British Columbia war industry, will be combated by the joint efforts of labor and management. It was decided at a meeting of labor organizations and the War Industries' Coordinating Committee last night.

"Absenteeism is a question of morale," said Gerald Heller, Personnel Manager at Dominion Bridge Company and Chairman of the meeting. "If the worker likes his job, he will make a real effort to get to the shop under any circumstances."

The labor and management groups decided to make further independent studies of the problem and submit them at another meeting later this month.

# CAMP LISTER

CAMP LISTER, B. C.—Nellie Huscroft spent a week in Creston at the home of Mr. and Mrs. Charles Perry.

Col. F. Lister returned from Kelowna where he attended the Tree Fruit Board meeting.

Mrs. J. Stinson of Huscroft left on Saturday for Kimberley where she will be a guest of her brother-in-law and sister, Mr. and Mrs. Harold Edgar.

# Wheat Futures Go Into Spectacular Slump

WINNIPEG, April 8 (CP)—In the most spectacular decline since September, 1940, Winnipeg wheat futures prices today slumped more than five cents below the previous close before recovering in late trade.

The May price slumped 5 1/2 to 5 3/4 cents in a wave of selling that closed 3 1/2 cents down from Tuesday final figure at 96 1/2 cents a bushel. July closed 2 1/4 to 3 1/4 cents lower at 96 1/2 and October was down three cents at 98 1/2.

# Present Plan for Development of Water Projects

OTTAWA, April 8 (AP)—A plan for the development of irrigation and other water conservation projects in the Prairie Provinces calling for a total expenditure of \$111,308,000 was presented to the House of Commons Post-War Reconstruction and Re-Establishment Committee today by George Spence, Director of Operations of the Prairie Farm Rehabilitation Act.

In his brief on the future possibilities of large water development in the Prairie Provinces, Mr. Spence said there is a group of eight irrigation projects costing approximately \$18,000,000 which could be constructed at once. These included the St. Mary and Milk River Development in Alberta, which had already been recommended to the Committee, and the Swift Current, Sask., Irrigation Project now under construction.

He said the second group of six irrigation projects, costing approximately \$1,422,000, was practically ready for construction. Surveys had been completed but some additional information was still required and with adequate staff these could be ready in a year.

Preliminary surveys for another group of 12 irrigation projects at a rough cost of \$48,011,000 had been made. Investigation still required to be made in greater detail but sufficient information was available to indicate that they were all quite feasible and desirable.

Mr. Spence said still another group of six irrigation projects—yet unsurveyed—was known from reconnaissance to be possible. The total cost of these had been estimated, by a comparison with other projects, to be about \$15,200,000.

The total estimated expenditure of \$91,415,000 would provide irrigation for about 2,234,000 acres which in addition to the area now irrigated, would make a total of 3,000,000 acres, he said.

# French Puzzled at Statement by Eisenhower

LONDON, April 8 (CP)—Fighting French quarters apparently were puzzled today by dispatches from Algiers quoting Gen. Dwight D. Eisenhower as expressing "surprise" over a French National Committee statement that he had asked Gen. Charles de Gaulle to postpone his visit to North Africa.

Declaring that he saw no occasion for Gen. Eisenhower's surprise, a Fighting French spokesman said the National Committee merely had issued its statement in explanation of the Fighting French leader's failure to depart as expected for conferences with Gen. Henri Giraud on the unification of French forces fighting the Axis.

"De Gaulle had been expecting to go since shortly after the first of the year," the spokesman said, "and the reason for the delay in open negotiations with Giraud otherwise could not be understood."

Dispatches from Algiers said the comment issued from Eisenhower's headquarters did not deny the Allied Commander-in-Chief had asked De Gaulle not to make the trip, but declared cryptically that, since the Fighting French statement was issued in London, Eisenhower "had no doubt that a full statement of the circumstances" will be made there.

Fighting French sources, however, said the National Committee did not plan a further statement at the moment, adding that "the text of Eisenhower's letter will not be made public because it will add nothing to the case."

# Mrs. Mara Heads Catholic Women

ROSSLAND, B. C., April 8—Mrs. Mara was re-elected President of the Catholic Women's League, at its annual meeting Tuesday evening; Mrs. P. Lalonde, Mrs. T. Knight, and Mrs. E. Kambick were elected First, Second and Third Vice-Presidents, respectively. Mrs. B. Lawrie was named Secretary, Mrs. J. Mitchell, Treasurer, and Mrs. P. Lalonde, Parish Work Convener. Mrs. Russel Jones, Treasurer, and Mrs. Jack Mitchell, Finance Convener, gave their reports for last year.

Votes of thanks were extended to the President, Mrs. Mara, and to Mrs. Mitchell, who convened the St. Patrick's Tea; also to the Executive and members for their co-operation during the past year.

Mrs. R. E. Irwin was the guest speaker, and her topic, "The Housewives' League." She explained that the Housewives' League was non-political and non-sectarian. Members asked many questions, which the speaker answered.

# Armies of Occupied Countries Train in Britain for Day of Invasion

By ROSS MUNRO Canadian Press War Correspondent

WITH EUROPEAN FORCES IN BRITAIN, April 8 (CP)—You see them on London streets, in Scotland and in the placid English countryside.

They are the soldiers of Fighting France, Poland, the Netherlands, Belgium, Czechoslovakia and Norway, each wearing a shoulder flash bearing his country's name.

When invasion comes these men will have a part. Perhaps some of them will be with the Canadian, British or American Forces. They are part of a mighty army being rallied and prepared in the United Kingdom for the biggest task probably in all military history—the attack on the Continent.

French troops have been training with the Canadians here. There are Fighting French squadrons in the Canadian Armored Division. Canadians on manoeuvres come into contact, too, with Poles and Czechs, particularly during Commando training in Scotland.

Fighting French Commando troops have been with the Canadians on one operation—Dieppe—and they are likely to be along on the big show. Many have been sent to the Middle East, North Africa and other theatres of war where French forces are engaged.

A Netherlands force in Britain has been preparing for a long time for operations. The Royal Netherlands Brigade "Princess Irene" is a crack formation which includes many Netherlands who came from Holland in 1940 or have escaped since. There is also a Netherlands Army contingent in Canada which trains troops for formations here.

Czechoslovak soldiers evacuated to Britain when France fell now constitute a self-contained, independent brigade. It receives recruits from all over the world, including some Czechs who came to Britain with the Canadian Army.

A Belgian Army is stationed in Britain as well. Many of the men crossed the Channel in 1940. They guard a sector of the British Coast and are ready to jump to the Continent when the order is given. Polish forces will be included in

# Stubborn Rheumatic Pain Watch Out for ARTHRITIS

Whether you are feeling first twinges or have suffered from those insistent aches and pains for some time, you owe it to yourself to find out just what ALLENRU, that great formula for relieving the pains of Rheumatism, Neuritis, Lumbago and Neuritis, will do for you. ALLENRU acts fast—contains no opiates. Must relieve nagging pain and suffering or money back. You can get ALLENRU at Mann, Rutherford Co., and all druggists.

# Complete Anglo-U. S. Agreement on Future French Policy

LONDON, April 8 (CP).—Foreign Secretary Anthony Eden, discussing his recent conferences in Washington before the House of Commons, disclosed today he had invited Atata Secretary Cordell Hull to visit London and said he was satisfied there is "complete agreement" between Britain and the United States on the "future policy toward France."

The Foreign Secretary said of his visit to Ottawa that "Canada's war effort is truly amazing." The remark was greeted with cheers. He described his conversations in

Washington as similar to those he has more than a year ago in Moscow with Premier Stalin and Foreign Commissar Molotov.

He also reported that he and United States authorities "found a very close similarity of outlook" on post-war problems.

He said an agreement on policy toward Spain, Portugal, Turkey and other European neutrals was reached and plans had been made for an improved exchange of information on enemy and enemy-occupied territories.

Eden said the invitation was ex-

pected to null with the approval of Prime Minister Churchill, but he did not state whether Hull had accepted.

He said his discussions in Washington fell mainly under three headings: First, "operational matters—immediate questions concerned with the conduct of the war"; second, "political cooperation between us in connection with actual military operations that have taken place or will take place"; and, third, questions arising out of the war.

Eden said he thought "the Prime Minister was satisfied with the progress that was made" in the discussion of questions concerning the conduct of the war.

"I came back," Eden said, "greatly encouraged by the large measure of general agreement which we found and I am certain that will be of great value to us in future exchanges we shall have, both with the United States and other Governments who are our Allies."

This was the first reference he made which seemed to apply to Russia.

"Our conversations constitute a beginning," Eden said. "A start has been made in the best conditions. I claim no more for them than that they will be followed up."

Eden concluded with the statement that his trip had been fundamentally the most worthwhile of his career.

"My closing impression of America," he said, "was one of a young and vigorous people, wholehearted in the struggle and determined to work together with the other United Nations in war and in peace."

"I have come back with, I say frankly, a different view of the sentiments of the United States toward both this struggle and the post-war period. I believe the opportunities that are opened to us, great though the difficulties are, are wider in scope than I thought possible."

Eden disclosed nothing of any military matters which may have been discussed.

While a "close similarity of outlook" was found on the maintenance of future peace by the United Nations, the Foreign Secretary emphasized that the exchanges were "entirely exploratory," committing no one.

Advocating that relations between the United States and Britain be "based on common interest in the maintenance of world peace" and not on sentiment, he stated that the American people recognized the need for "some authority to ensure by force" that the Axis powers keep the peace.

In emphasizing that there should be a close coordination in the political sphere as in the military, the Foreign Secretary said that "if we have a close understanding at least we are better able to stand the strain and stresses that will inevitably arise as military campaigns progress."

He took as an example the question of North Africa and said there no doubt had been so misunderstanding in Britain of the purpose of the U.S. administration in maintaining relations with Vichy.

Then he said: "I can assure the House that they (the U.S. administration) thought, and we agreed with them, that by maintaining relations with Vichy it was possible to keep open a useful window in Europe which must otherwise be shut and I have no doubt that we were right and they were right."

"It was only through maintenance of those relations that the American Government were able to place a considerable number of agents in North Africa who were quite valuable in opening the way for Allied troops."

WASHINGTON, April 8 (AP).—Secretary of State Hull said today that the British Government's invitation to him to visit London was much appreciated, but that he had not formulated any plans in this connection.

## General Grant Tank Stands Up Under Direct Hits

CAIRO, April 8 (AP).—Four direct hits from a German 105 millimetre gun failed to knock out a General Grant tank in recent savage fighting in a forward area, Cpl. Harold Clarkfield, of Bexhill-on-Sea, England, said today.

## Report Von Arnim and Rommel Now Under Messe

NEW YORK, April 8 (CP).—A London broadcast recorded today by CBS said that General Giovanni Messe, an Italian, was the new Commander in Chief in Tunisia.

"A Berlin military spokesman says that Rommel and Von Arnim are now both under General Messe's command," it quoted the broadcast as saying.

### 3-in-1 Milk

IRRADIATED Carnation Milk—undiluted, use it like cream for coffee, cereals, whipping; chilled and diluted with an equal amount of cold water, for drinking—and diluted as required, for cooking.

Carnation is good, whole milk, evaporated to double richness, homogenized, sterilized, and irradiated for extra "sunshine" vitamin D. Write for free Cook Book. Carnation Co. Limited, 470 Granville St., Vancouver.

### Former Canadian Clerk Has 3 Planes to Credit

WITH THE RAF IN NORTH AFRICA, April 8 (CP).—Paul Park, 22-year-old clerk from Sim-

coe, Ont., raised his "tab" to three enemy aircraft destroyed on two fronts this Winter by shooting down a bomber which attempted to make a night attack on Tripoli.

He shot his victim into the sea, with the assistance of his English flight-sergeant with whom he has shared all his triumphs to date.

"One burst from dead astern was enough for this one," the chunky Canadian reported afterwards. "His starboard engine immediately burst into flames and after he had lost about 1000 feet of height the fire must have reached his bomb load, for he blew up in the air and fell into the sea."

"We cruised around over the area for a half an hour, in case any of his pals showed up, and he was still burning. Our English squadron leader got one that did show up."

Earlier, on the Tunisian front, Park intercepted two German bombers and destroyed both of them within three minutes.

### Tokyo Jittery Over Possible U. S. Raid

NEW YORK, April 8 (AP).—Japan had a fresh attack of "bomb jitters" today as the Tokyo radio for the second time in 24 hours warned the Japanese people that a new American bombing assault might come at any time "either from the China continent, the Aleutians or from aircraft carriers."

The U.S. Office of War Information said Tokyo broadcasts recalled that it was just short of a year ago that Maj.-Gen. James H. Donliffe's bombers made their first sweeping raid on Japanese mainland cities.

### May Ration Beer

TORONTO, April 8 (CP).—Beer rationing may become effective in Ontario May 1, Hon. A. St. Clair Gordon, Chairman of the Ontario Liquor Control Board, today told the Ontario Legislature's Public Accounts Committee.

The present beer situation is leading to absenteeism in industry, he said, adding that hours of sale in hotel beverage rooms may also be reduced.

"There isn't the beer available for people who want it," said Mr. Gordon. "The reduction in the supply of whisky and wine has resulted in more people wanting beer."

In critical company "Raz-REV" when you say it means Rizev, Russia.

### Costs So Little . . . Protects So Much!

The cost is really modest. 2% of a fair valuation covers storage in our modern Cold Air Vaults. 3% of a fair valuation allows for storage and all-year-round protection against fire, theft or loss.

**Tobacco Barter**

The Australian Army has asked the Food Distribution Administration to send over 20 to 30 tons a month of a particular kind of dark twist tobacco, which has long been chewed by natives of New Guinea, the Solomon Islands and New Britain and also used for money. The "Aussies" want the tobacco to bargain with South Sea Islanders.

Picture, asks the New York Times, an Australian aviator, his plane shot from under him, parachuting down through the steaming New Guinea air to land among fussy-haired, suspicious, heavily armed Boongs. If he has a few sticks of twist he may buy mangoes and obtain a guide who will lead him through the jungle back to his base. Unlike the conventional loop of home choppers, the tobacco is twisted like rope and cut in seven-inch lengths which are pressure-flattened into sticks one-fourth of an inch thick and one-half an inch wide.

The request was rated "finished war material." That placed it above "essential material for civilians" in priority for cargo space.

**Situation of Sweden**

Growing concern is evident in Britain over the situation in Sweden. That nominally neutral country is being used too freely as a highway for German troops, and matters have come to a head with the landing of a Nazi plane carrying soldiers and arms. This, however, is but one incident in a long series which adds up to a grave international situation.

The time seems to be rapidly approaching when Sweden will have to abandon her incongruous position. She is situated in a strategic location which makes it a serious matter for her to trifle with neutrality laws. Norway is the possible locale of one of our drives into Europe, and it is not a comforting thought that such a convenient corridor for the transportation of enemy reinforcements exists.

Many of our gravest difficulties since the war began have been consequent on our scrupulous regard for the neutrality of small nations. We have suffered, as we were bound to suffer in a contest with the Axis, from our gentlemanly instincts. There is a limit to forbearance, however, and it is being stretched by some of the Swedish moves, though of course, they are made under duress. The fate of the world is at stake.

**Today's Horoscope**

Your outstanding trait is a deep love for your family and friends. You are diligent in your work, self-dependent and very practical. Friends often seek advice from you and your counsel is usually advantageous to those who take it. During the quiet hours of the night think of the most suitable way to combine business and pleasure, with gainful results. Make out an efficient plan for the next few days, so as to advance in your career. Success should follow the right combination of theory and management skill.

**War—25 Years Ago**

April 9, 1918—Germans renewed offensive on the Western Front and the Battle of Lys began; enemy penetrated the Allied centre near Neuve Chapelle, but drive near Amiens failed. New military Service Bill calling men up to 50 years of age introduced in British Commons.

**Etiquette Hints**

The person at the bridge table who analyzes every hand played and tells his or her partner just where they failed in play, is a bore and will soon have no more invitations to play cards with friends.

**Test Yourself**

1. For what is milkweed used as a substitute in the war effort?
2. What new coin will probably make its appearance soon in the United States?
3. What phobia do you have if you fear crows?

**TEST ANSWERS**  
 1. Its fibra is used in place of kapok in life preservers.  
 2. A three-cent piece.  
 3. Oculophobia.

**ANSWERS**

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions will not be answered by mail except when there is obvious necessity for privacy.

**F. A. H. Castlegar**—I understand that the Federal Government has put forth a new housing scheme under which a person may build in a congested area. Could you tell me whether this is really so and how I could get more information on this subject?

**Suggest you write B. C. Construction Control Advisory Committee, 248 West Pender Street, Vancouver.**

**E. I. H. Sheep Creek**—Can a parcel of used clothing be sent to needy relatives in the U. S. without the sender or recipient having to pay duty, or where should I write to find out?

**Such goods would be dutiable.**

**C. P.**—I am under the impression that a tenant cannot be asked to move without three months' notice and then is only compelled to move if the owner wishes to reside in the house himself. I have always kept my rent paid up. Last Summer the owner asked me to move saying that he was going to move into the house himself but did not arrive. I have kept living in the house paying rent same as usual but now the owner (who does not live here) says he is giving me final notice to move. Will you please tell me if I have to move?

If the owner purchased the house prior to December 31, 1942, three months' notice to vacate is required. No notice to vacate can be given to vacate except for specific reasons—such as default of rent, tenant making a nuisance or using house for immoral purposes, failing to take reasonable care of the property and allowing it to deteriorate. If the landlord wishes to use the residence he must state in writing in the notice that he intends to occupy the premises for 12 months, at least. Suggest you write to the Wartime Prices and Trade Board, Nelson, for further information.

**M. W. Trull**—Could rubber, one eighth inch thick be stuck on an iron plate to be used in a warm solution?

**Rubber will solidify if used on a hot plate.**

**Reader, Nelson**—Could you please give me a good formula for waterproofing a small canvas tent and a mining suit?

The following process is recommended for waterproofing tents: Soft soap is dissolved in hot water and a solution of iron sulphate added. The sulphuric acid combines with the potash of the soap, and the iron oxide is precipitated with the fatty acid as insoluble iron soap. This is washed and dried and mixed with linseed oil. The soap prevents the oil from getting hard and cracking, and at the same time water has no effect on it.

Waterproofing for coat or suit: Equal parts of isinglass, alum, soap; dissolve each separately in water. Mix the solutions and apply to the inside of the garment. Dry, then brush well, first with a dry brush, and after (lightly) with a brush dipped in water.

**Looking Backward**

30 YEARS AGO  
 (From Daily News, April 9, 1913)

The Red Bull, powerful little speed plane painted entirely red, broke the world's seaplane speed record today with Francesco Agello at the controls. For five laps over Lake Garda, Agello made an average of 436.5 miles an hour.

Three great nations had said "yes" last night to the dispatch of their outstanding figures to parley with President Roosevelt on alleviating the world economic ills, even as Secretary of State Cordell Hull jotted down wheat and silver problems, as among the matters to be discussed. Canada was lined up with France and Great Britain as definite word reached the capital that Prime Minister R. B. Bennett would journey to the American capital to talk over possible contributions the two neighbor nations may make to world recovery.

A Chinese counter-attack was reported turning a triumphant advance of a Manchurian army in Chinwangtao area into a rout yesterday.

Rabbi Maurice Eisendrath today defended "troubled Germany" and her people in an address before the Toronto Canadian Club. Describing the German people as puppets in the hands of a "dapper Austrian quack," the Rabbi earnestly predicted misery, suffering and warfare for the entire world if Hitler were allowed to remain in power.

25 YEARS AGO  
 (From Daily News, April 9, 1918)

David Lloyd George, the British Prime Minister yesterday made the boldest stroke of his career by coupling home rule for Ireland with the conscription of Irishmen.

Sir Robert Borden intimated last night that Canada's Daylight Saving Bill will go into effect on Monday, April 13.

The Mankin Lumber Company will start operating its mill at Hall today. C. Mankin stated at the Strathcona last evening. About 100 men will be employed at the Mill and the Camps.

40 YEARS AGO  
 (From Daily News, April 9, 1903)

J. I. Coles of Greenwood has taken into partnership W. M. Britt, well known as assistant to his brother K. C. B. Britt, Greenwood postmaster.

J. F. Musselman, Manager of the Calumet and B. C. Gold Mines, Ltd., who returned on Friday night from Camboorne, states the snow along the road between that point and Comapla is still from three to four feet deep. The machinery for the Eva Mill has been partly hauled in to the mine, but it will take some days yet to get in the balance as the roads are extremely bad.

Jay P. Graves of the Granby Company is in Boston on business in connection with the listing of the Granby stock on the Boston Stock Exchange.

**"Freedom From Want" Calls for Justice to Farmers, Urges Harris**

Letters may be published over a nom de plume, but the actual name of the writer must be given to the Editor as evidence of good faith. Anonymous letters go in the waste paper basket.

**To the Editor:**

Humanity has always owed an enormous debt to its sufferings and misfortunes; indeed the circumstances about which we complain most are usually the very means that Providence is using to drive into us that minimum of decency and regard for the rights of others that preserves humanity from destruction.

Rationing of food is most disagreeable and disconcerting to the folk on this continent. Fancy not being able to go to a store and order any quantity of wonderfully prepared food in most convenient packages, delivered right to our doors, at remarkably low cost. Long before Hitler had even begun to stir up trouble, this condition of affairs was established and goods and services from the farms and mines and fisheries and forests flowed to the ever-growing cities and little dribbles of goods and services returned to the primary producers.

Among the wild animals we see certain species that seem designed to be the natural prey of the stronger and fiercer varieties; such are the humble rabbit, field mice and gophers who simply trust to their tremendous reproductive qualities to preserve them from annihilation. More especially it has been the farmers on this continent who have been the rabbits of society. The great cities, with their, more or less, useful inhabitants have grown amazingly; they could always rely on a plentiful supply of poor, simple farmers to provide their sustenance and keep vast numbers in luxury. Suddenly the farmer has found a means of escape. He could join the armed forces and very many did so. Of course you might be shot dead or horribly mutilated, but for the present you had freedom from debt and worry, companionship, change, fairly regular hours and good food, glory and excitement, also admiration. Instead of humiliation and drudgery. Or there were the munition industries where you get real money, paid promptly, lots of it and far more easily earned, short hours and easy, if monotonous work, with all sorts of amusements. No wonder the young farmers quit, also the hired help.

No wonder that our smart city folk are feeling aggrieved and our statesmen are feeling nearly frantic, imploring the farmers to return and even commanding them to do so. The very idea of treating our farming population half decently and paying hayseeds at least as well as financial imposters and the sleek perverters of the truth who frequent our cities seems to these eloquent gentlemen utterly impossible.

This brings us to the consideration of our "Four Freedoms" of which we probably shall agree that "Freedom from Want" is the most fundamental. Those who had the good sense to listen in to the Farm Forum program last Monday heard four leading authorities from Britain, the U.S.A. and Canada discuss the world food situation. The present total population is enormous and increasing, the total of available arable soil tends to decrease as faulty methods of farming and cultivation and the destruction of forest areas allow vast areas to be swilled away.

The problem is tremendous. It can be solved by thorough cooperation among all the nations and within each nation. Old methods and many of our old customs will have to go, so that humanity may work together in harmony. This implies treating even the farmers properly—helping them to live and do their work—not living on them and snaking away their produce by fair means or foul, as in times past. Only when in return for the great streams of produce that flow to our cities from the farms and fisheries, mines and forests, equal streams of valuable goods and services return to repay the primary producers, you city folk may get plenty of butter, milk, vegetables, etc., and what is far more important eat these good things with clear consciences.

J. C. HARRIS,  
 New Denver, B. C., April 3.

**Verse**

THE RED CROSS CAMPAIGN

The Campaign is over, the canvassers through,  
 The reports they turned in were very good too.  
 The weather was cold and sickness was rife  
 But others came forward and gave it new life.

The Chairman too had to hunt him a den  
 Where he could talk to the ladies and the men,  
 He finally settled in very good quarters  
 Thanks to the Shop and the Red Cross Daughters.

The ladies, "God bless 'em," were right on the dot,  
 And very soon they had brought in quite a lot.

The men were much slower and pattered about,  
 But after much prompting they too got out.

From proper to brilliant the country was run  
 By ladies and gentls who were after your "mon".

You seemed not in mind, for the answer is true—  
 We beat our own quota, which you help to do.

We may have our jokes, we may our fun,  
 But look at the good that everyone's done!  
 The Red Cross can thank you, and no doubt it will  
 By sending mere prisoners parcels still.

L. W. BELLS  
 Nelson, B. C.

**Words of Wisdom**

There never was any heart truly great and generous that was not also tender and compassionate.—South.

**P.E.I. Premier Resigns Portfolios**

CHARLOTTETOWN, April 8 (CP)—Premier Thane A. Campbell today resigned the Portfolios of Minister of Public Works and Highways, and Attorney and Advocate-General, but retained the Premiership of Prince Edward Island. No reason for his resignation of the portfolios was given.

Several other Cabinet changes were announced at the same time. Hon. Mark H. MacGuigan resigned as Minister of Public Welfare, while Hon. Harry H. Cox resigned as Minister in charge of air raid precautions and civilian defence.

Mr. MacGuigan was appointed as Attorney and Advocate General, while Mr. Cox assumed the portfolio of Public Works and Highways.

A new minister entered the Cabinet as Hon. J. Walter Jones was appointed Minister of Public Welfare, A.R.P. and Civilian Defence.

**Explains Delay in De Gaulle Visit to Africa**

WASHINGTON, April 8 (AP)—War Secretary Henry Stimson indicated today that postponement of the scheduled meeting between Gen. Charles de Gaulle and Gen. Henri Giraud in North Africa was decided upon by Allied military and civilian leaders because of the immediate military operations in Tunisia.

Asked at his Press conference if he could shed any light on why Gen. Dwight Eisenhower, Allied Commander in North Africa, should express "surprise" at De Gaulle's announcement in London that the meeting was postponed, Stimson replied: "I believe that Gen. Eisenhower's surprise was occasioned by the failure of this French political group to realize that the meeting was impracticable at the height of battle."

"At the moment of this incident," Stimson said, "I happen to know that Gen. Eisenhower was not even at his headquarters in Algiers, but out on the front, visiting and consulting with the various commanders."

"I believe it is evident to all of us that until the issue is decided in Tunisia, the undivided strength of the Allies, including the French of all factions, should be concentrated on military aims. To interject political conferences would be most unwise."

Stimson added that Eisenhower's message to De Gaulle postponing the meeting was preceded by an explanation of the situation and the statement that Eisenhower had no wish to place any impediment in the way of a conference that might settle French differences.

**Urges People to Take Out War Insurance Policies**

VICTORIA, April 8 (CP)—Attorney-General Malland today urged all British Columbians to take out the Dominion Government's War Risk Insurance Policies, reminding them that ordinary insurance policies do not cover damage caused by enemy action.

"I'm very much concerned by the lack of interest in war damage insurance," the Attorney-General said, "because I fear it may be due to misunderstanding. A lot of people seem to think war damage is covered by ordinary policies. That is not so."

Ottawa's war damage insurance, Mr. Malland said, "is a very cheap and reasonable form of coverage."

Most insurance policies say invasion is not covered. However, in this war a single enemy plane could destroy houses and a person with an ordinary policy could try to collect, pointing out that one plane dropping bombs did not comprise an invasion.

**Everett Choice for Big New Steel Plant**

WASHINGTON, April 8 (AP)—Everett, Wash., has been selected as the site of a \$24,000,000 steel plant, subject to approval of the development by the United States War Production Board.

George E. Murphy, Portland, Ore., industrialist, told reporters he had taken options on a 400-acre site for the plant and expressed hope that W.P.B. would approve the undertaking.

**ABBOTSFORD AIRPORT TO BE NEW AIR TRAINING SCHOOL**

ABBOTSFORD, B. C., April 8 (CP)—Abbotsford airport is to be used for an elementary flying training school, officials here were advised today by George Cruickshank, Liberal member of Parliament for Fraser Valley.

**Vancouver's Black Market Prices**

VANCOUVER, April 8 (CP)—Declaring "the Black Market has established itself in Vancouver," the Sun today published a price list which is said to prevail for the rationed commodities sold by the underworld.

It included butter, \$1 a pound (legal price 41 cents); tins, up to \$80 apiece (legal price \$21 to \$25); sugar \$10 per 100 pounds, \$3 more than the legal retail price; tea and coffee, each about \$1 a pound, nearly double the legal price, and gasoline 50 cents a gallon or an increase of 21 cents.

The Sun said the Black Market retailers "will not sell to strangers" and "police have little chance to nab them red-handed." It said the commodities came from various sources. Much was stolen "but it is hinted strongly that some restaurants are not averse to making a little extra profit out of extra butter, sugar, tea or coffee."

**Canada War Effort Amazing Says Eden**

By ALAN RANDAL  
 Canadian Press Staff Writer  
 LONDON, April 8 (CP Cable)—Foreign Secretary Eden today told a cheering House of Commons that "Canada's war effort is truly amazing," and "we should pay tribute to Canada's record achievement."

Reporting to the House on his recent visit to the United States, the Foreign Secretary said: "New I want to travel to Canada where I spent three days at Ottawa at the invitation of the Prime Minister."

"They were very crowded days. I had an opportunity of meeting those responsible for Canada's truly amazing war effort."

"I had two meetings with the War Committee which corresponds roughly to our War Cabinet here at home. I told them of my talks in Washington and we exchanged views on many matters of common interest between us."

"Then I addressed a joint session of the Canadian Parliament and there I regret I have to report that unwittingly I committed a gross breach of censorship."

"I informed the Canadian Parliament that we (the British House of Commons) now are meeting in another place (the House of Lords) but I did go on to assure them that we are doing so in excellent spirits despite action of the enemy and the august nature of our new surroundings."

"I came away with the impression of a great people, steadfast and loyal in the struggle, proud to be a member of the British Commonwealth of Nations, and proud too of its splendid loyalty in our darkest hour."

He said he was the bearer of a message of good will from the Canadian Parliament, and then read the concluding words of Prime Minister Mackenzie King's speech to the joint session asking the Foreign Secretary, to return with "most loyal greetings and expressions of devotion" to their Majesties as well.

as to tell the British people that Canada is "heart and soul" with them in the struggle.

Soroptimists to Hold Tag Day

On Saturday, April 10, Soroptimist will hold their fourth annual tag day. Small sums contributed to the boxes of the taggers make up worthwhile sums that can be applied to worthy welfare projects far and near.

A classified club for business and professional women, chartered seven years ago this month, the Soroptimist Club of Nelson looks back over seven years of welfare work in this community. The first and outstanding project of the Club is the Children's Ward of the Kootenay Lake General Hospital. All furniture and equipment has been provided by the Soroptimist Club at a cost of \$600.

With the advent of war Nelson Soroptimists worked with other Canadian Soroptimists to purchase an ambulance for use in Britain. Then it was thought that such could be done for air raid victims by the Soroptimist Liaison Officer in England if this Club provided the means. Accordingly members gave a personal donation every month for wool and materials that were made up into small garments and sent overseas. These parcels, together with sums of money, have been gratefully acknowledged. Difficulties in mailing forced discontinuance of parcels directly but membership donations amounting to \$200, together with the proceeds from a soft drink sale and two art exhibits made this a most worthwhile effort.

As a club as well as individually, Soroptimists have given generous support to the Red Cross. Personal donations of the members amounting to \$150 during the last 15 months have been used for the purchase of wool and yard goods that have been made up and donated to the local Red Cross. A unit of the Red Cross Blood Bank was purchased by the Soroptimist Club of Nelson. For the past two Summers the Club has assisted in the purchase of sugar for the Red Cross jam making project.

The Aid to Russia Fund was generously supported by this Club. Magazines for the Husher House at New Westminster and purchases of cigarettes for a soldier overseas as well as a donation to the Women's Auxiliary to the Armed Services of this District have brought grateful thanks. Provision for small items that might otherwise have been overlooked such as books, glasses, boots and clothing for needy families; cod-liver oil for underprivileged school children, equipment for a local A.R.P. Post, donations to the Christmas Cheer Fund and help to older people have all formed part of the Soroptimist welfare projects. Remembering that "the gift without the giver is bare," Club members have delivered personally or sent with a personal note many of their small donations. So seven years of Soroptimism in Nelson have quickly passed but not without leaving tangible evidence of their progress on this community.

NELSON SOCIAL

By MRS. M. J. VIGNEUX

Wednesday evening Mrs. Frank Beresford Jr. and Mrs. J. A. Maber were co-hostesses at the home of the latter, 718 Park Street, at a smart farewell party honoring Miss Marjorie Maber, who leaves tomorrow for Toronto, where her marriage to Mr. Cunningham takes place April 17. From the guests, a presentation by Mrs. Robert Finlay of Victoria of a mauve bedspread and an address read by Miss Connie Hanson were received by the honoree, who has been the incentive for a number of social affairs. The prizes for which were won by Mrs. J. Cunningham and Mrs. A. Brown. Invited guests included Mrs. Cunningham, Mrs. R. H. Maber, Mrs. McDonald, Mrs. J. B. Maglio, Mrs. T. Williams, Mrs. A. Walton, Mrs. Frank Beresford Sr., Mrs. Eric Ambrose, Mrs. George Robinson, Mrs. Finlay, Mrs. A. Brown, Mrs. S. Eddy, Miss Jessie Byers, Mrs. E. Halliwell, Miss Agnes Elliott, Miss Vera Matheson, Miss Anne Holmings, Miss Mary McDonald, Miss Ellen McDonald and Miss Hanson.

Mrs. R. C. Bush was in the city from Salmo yesterday. HOME ON LEAVE Loe J. Read of the R.C.A.F. Edmonton, is spending leave at his home in Nelson. Mrs. R. P. Davies has taken up residence in the Kerr Apartments. Mrs. J. H. Clark of Ymir spent yesterday in the city. W. T. Wickham, merchant of Robson, visited Nelson yesterday. Mr. and Mrs. R. Jones have taken up residence in the Kerr Apartments. Mrs. J. F. Donaldson was in the city from Salmo yesterday.

HOME FROM CALIFORNIA Mr. and Mrs. George Hennessey, Hoover and Cedar Street, have returned from Riverside, California, where they spent several months at the home of Mrs. Hennessey's sister, Mrs. Blanche Pedley. Mr. and Mrs. George Paley of New Denver were city visitors yesterday.

Rotter Lumber Employees Make 100% Showing

Employees of Rotter Lumber Co. of Salmo subscribed one hundred per cent to the Red Cross Campaign states L. W. Bell, Campaign Manager for Nelson and District. The list of subscribers to this patriotic effort showed that about 85 per cent were Doukhobors.

LONDON (CP)—P. J. H. Stent, senior regional officer of the London district, predicted Hitler may launch a big commando raid with the object of crippling Britain's war effort when things become desperate for him. Four years of hard labor was imposed in Stockholm on S. T. Mueller, a conscript corporal on his conviction of espionage and burglary.

Girl Guides Elect Officers

Representatives from South Slokan, Willow Point and Robson attended the annual meeting of the Nelson Association of the Girl Guides held recently in Memorial Hall. Interesting reports were presented from all the Guide Companies and Brownie Packs of the District. Mrs. W. A. MacCabe, the Divisional Commissioner, who presided, gave a full report of the work of the Division during the past year. Mrs. W. C. Motley, District Commissioner, was present.

Officers elected for the coming year were: Hon. President, Mrs. N. C. Stibbe; President, Mrs. F. Paddon; Vice-President, Mrs. G. S. Ross; Secretary, Mrs. J. E. Holt; Treasurer, Miss Harriette Keating; I.O.D.E. Representative, Mrs. H. Reed; South Slokan Representative, Mrs. H. Sames; Willow Point Representative, Mrs. J. Laarmonth and Mrs. E. Gaskell; Robson Representative, Mrs. W. Waidie.

All the Guides and Brownies, together with the Nelson Association members are contributing to the Lord Baden-Powell Memorial Fund. This money, which is being collected either in cash or war savings stamps, is being forwarded to Headquarters to be converted into War Savings Certificates. Ultimately these certificates will be redeemed and a fitting memorial arranged. There's plenty of buzzing in Bismarck, North Africa but the bees are comparatively quiet—it's "Bee-ZART".

FREEMAN FURNITURE CO. The House of Furniture Values Phone 114 TRADE IN YOUR Old Furniture on NEW LONDON (CP)—Provost-Sergeant Dolg of Shoreham-by-Sea, has made more than 200 models of ships of all types, using only a 10-cent saw and a pair of pliers as tools, and by this means he has raised \$780,000 for war charities.

Quality counts most—for that rich, satisfying flavour which only a fine quality tea yields, use.. "SALADA" TEA

Saturday Night Store Closing Does Not Work Well

NEW WESTMINSTER, B. C. April 8—Proposals that retail stores in New Westminster should close each Saturday evening on account of shortages of gas and other difficulties, have not worked out satisfactorily. Retail merchants through their Association entered into an agreement to close. There was considerable unfavorable public reaction and last Saturday a large number of local stores reopened. Seattle tried a similar plan of closing every night in the week. Public reaction was such that all stores are now remaining open at least one night a week, and some of them several nights, in order to serve the public.

Windermere Gives \$1000 to Red Cross

INVERMERE, B. C.—The Windermere District has surpassed all previous records by subscribing the sum of \$1000 to the National Red Cross Campaign. Quota set for the District was \$700. Dr. C. A. Harding, Invermere, was Chairman of the Campaign. Col. E. MacFarlane, Windermere, was Secretary, assisted by W. H. Cleland, Invermere. Canvassers representing every community in the Valley assisted in the Campaign. Two \$50 subscriptions swelled the funds considerably, one from the Windermere District Farmers' Institute and one a private donation.

BUILD HIM UP ...but DON'T WORRY about VITAMINS and MINERALS You know authorities say the difference between husky youngsters and those who are poor eaters, underweight, and nervous is often simply a matter of an adequate supply of vitamins and minerals. But don't worry about them! Youngsters who eat 3 average good meals including fruit juice, and drink 2 glasses of Ovaltine each day are getting all the extra vitamins and minerals they need. In addition to its well-balanced food values, the New Improved Ovaltine adds significant amounts of Vitamins A, B, and D and the minerals Calcium, Phosphorus and Iron. So, if your child is not developing normally, remember this rule: 3 good meals plus 2 glasses of New Improved Ovaltine will give him all the extra Vitamins and Minerals he needs.

Hints for Housewives BY BETSY NEWMAN ORANGE CHIFFON PIE 1 baked 9-inch pie shell, 3 egg yolks, 1/2 cup sugar, 1 teaspoon grated orange rind, 3 tablespoons orange juice, 1 tablespoon lemon juice, 1/2 teaspoon salt, 1/4 teaspoon lemon-flavored gelatin, 1/4 cup hot orange juice, 3 egg whites, 1/4 teaspoon cream tartar. Beat egg yolks in top part of double boiler, stir in half sugar, salt, rind and fruit juices. Cook over hot water until mixture thickens slightly and costs the spoon about 10 minutes. Stir hot fruit juice into flavored gelatin then beat until firm. Beat egg whites stiff with cream of tartar, beat in rest of sugar a little at a time, and fold into cooled custard mixture. Turn into prepared shell and chill until firm. You can use a crumb crust in place of the baked shell if you wish. A ginger snap crust is nice. Roll 2 cups ginger snap crumbs fine, blend in 6 tablespoons melted butter. Press into pie pan and let stand until firm.

Lifebuoy's husky lather works fast—yet is wonderfully mild. Nothing like Lifebuoy for dirty hands! Even greasy, grimy work-hands come clean—really clean. That's because Lifebuoy's deep-cleansing lather gets dirt out as well as off! Yet Lifebuoy is mild and gentle—soothing to the skin! For cleaner, better-looking hands—you need Lifebuoy Soap! And remember, because of its special purifying ingredient, Lifebuoy stops "B.O." Get plenty of Lifebuoy today, for both the bath and the wash-basin! NO "B.O." FOR ME THANKS TO LIFEBOUY! AND IT'S ALSO GRAND FOR THE SKIN—MUCH Milder than ORDINARY SOAP. Wash away GREASE • GRIME • GERMS with LIFEBOUY

### DOUBLE VALUE STYLE

Active youngsters need plenty of changes! Here's a double-purpose Marion Martin style, Pattern 9368. First use it to make a sun-frock. Then turn it into a little jumper to wear with the blouse included in the pattern. There's a back buttoning and perky side-front skirt pleats.

Pattern 9368 may be ordered only in children's sizes 2, 4, 6, 8 and 10. Size 6, sun-frock, requires 1 1/4 yards 38-inch and 1/4 yard ruffling.

Send 20 cents for this pattern to The Nelson Daily News, Needlecraft Dept., Nelson. Write plainly pattern number, your name and address. Patterns will be mailed to your home in about 15 days. There may be some further delay in delivery because of the large increase in orders during the present season.

## Contract... By Shepard Barclay

**ALL THE MORE REASON**

SOLID HIGH-CARD winners in the side suits, when combined with a very sketchy trump suit, cause the less skillful declarer to avoid leading trumps. To the more able cardman, that situation furnishes all the more reason for getting the trumps out as soon as possible, for fear that the opponents may ruff some of his high cards. If he takes his unavoidable trump losers as early as possible, he reduces the hand quickly to what amounts to a No Trump, with no chance to have his good honors of other suits trumped.

♠ J 8 5 4  
♥ 9 8 2  
♦ J 5 6  
♣ A 7

♠ Q 10 3  
♥ Q J 7 5  
♦ 9 4 3 2  
♣ 5 3

(Dealer: South. East-West vulnerable.)

South	West	North	East
1 ♠	1 ♥	Pass	Pass
2 ♣	2 ♥	Pass	Pass
3 ♠	Pass	3 ♠	Pass
4 ♠			

Only through the grace of luck did South reach that game contract. Better bidding by him might have been a double when the 1-Heart came around, and perhaps a repeated double if West then bid 2-Hearts. But he reached his game anyway, and should have made it, but didn't.

After ruffing the second heart lead, he was afraid to go after such a weak trump suit, with three honors against him, so tried three rounds of diamonds. West ruffed the third and fired back a third heart for South to trump. Three very silly leads of clubs followed. East ruffing the third one and making South ruff another heart. The club Q was ruffed by the 8 and over-ruffed by the 10, then the diamond 2 ruffed by the A, setting the contract two.

South's job was really simple. If, as soon as he ruffed the second heart, he had gone to dummy with the club J and led a trump to finesse the 3-his best chance—later had laid down the spade K and then run his side suits until East ruffed with his Q, he would have lost only two tricks in trumps and one in hearts.

**Tomorrow's Problem**

♠ 9 8 3  
♥ 10 9 3

♠ K Q 10 6  
♥ 8 4  
♦ 7 3  
♣ Q J 8 2

(Dealer: South. East-West vulnerable.)

If South bids hearts and spades, North diamonds, and South winds up in 4-Hearts, how should he play for his contract after West leads the spade J?

### Market Trends . . .

LONDON, April 8 (CP)—Protruding kept into some sections of today's stock market and the close was irregular with activity quiet. Industrials were irregular. Oils and coppers advanced.

NEW YORK—The stock market, on a selective basis, regained its equilibrium and a wide assortment of favorites edged into new high ground for the year or longer. Low-priced issues again were the speediest movers.

TORONTO—Gold stocks chalked up new high prices for the year. Base metals lost ground. Better prices ruled for the steel, food and building stocks.

MONTREAL—Metals and golds were stronger spots. Consolidated Smelters and Noranda moved up fractionally to new

peak levels in metals and Hollinger and Bulova were at new highs in golds.

VANCOUVER—Mines were active. Oils remained quiet but firm.

WINNIPEG—May wheat dipped more than five cents in late trading before fresh buying developed and part of the drop was recovered. The decline was caused by local liquidation.

The May future finally closed at 96 1/2 cents a bushel, 3 1/2 cents below the previous close. July was 3 1/2-3 3/4 cents lower at 96 1/2-97 1/4 and October three cents lower at 96 1/2.

CHICAGO—A selling wave hit the wheat pit just before the close today, reflecting a sudden break of over 5 cents a bushel at Winnipeg, and prices dropped more than a cent before buying power was uncovered.

## Victoria Army Beats 'Peg Bombers 4-3

WINNIPEG, April 8 (CP)—Victoria Army defeated Winnipeg R.C.A.F. Bombers 4-3 here tonight in the third game of a best-of-five Western Canada Senior Hockey final. The win gave Victoria a 2-1 lead in the series, both teams having scored a win prior to tonight's game.

Pte. Bill Case was injured in a pileup at the Bomber baseline in the second period and was taken off the ice. It was announced later that he had suffered torn shoulder ligaments and probably would be out for the remainder of the season. Pte. Nick Metz, a forward, was re-converted to a defenceman as a result, and turned in a brilliant exhibition on the blue line spot.

Winnipeg scored the first goal at 3:48 of the second period when A.C. Roy McBride netted on a pass from A.C. 3 Wally Stanowski. Victoria tied it up less than a minute later when Pte. Mel Lunde bested Pte. Harry Moroz on a pass from Pte. Sam Kennedy.

A.C. Sam Lavitt put Bombers into the lead again at 8:30 on a pass from Lee Paul Platz but Victoria scored right back again and de-iced the count. Pte. Jeff Desales scoring after a combination play with Nick Metz. Pte. Julian Sawchuk made it 3-2 for Army after a double pass from Lunde and Kennedy.

The third period goals were widely separated, Winnipeg's tying counter coming at 3:03 on an individual effort by A.C. Bill McGregor and Army's winning counter by Kennedy on a play with Pte. Pinky Melnyk and Lunde.

### 15,000 to 16,000 Nelson District Residents Ask Canning Sugar; Average 40 to 50 Pounds Per Person

Canning sugar applications for between 15,000 and 16,000 Nelson District residents—approximately two-thirds of the number to whom sugar ration books were issued—have been received by the Local Ration Board at Nelson and are now being sorted. The final date for receiving applications for canning sugar is April 15.

The applications are being separated into alphabetical classifications for ease in handling later. So far the Ration Board is concerned only with receiving the applications and sorting them.

While no accurate checkup has been made, quick scanning of the applications indicates that in this district housewives are asking an average of 40 to 50 pounds of canning sugar for each member of their household. This would mean, roughly 600,000 to 800,000 pounds of

sugar for this district on the basis of applications to date.

Reports persist elsewhere that the allowance for canning will be 15 pounds per person for city dwellers, and 25 pounds per person for each farming family.

L. B. Unwin, Administrator of Consumer Rationing for the Prices Board, stated in Montreal Wednesday that the amount for each person had not been decided. The Vancouver Province of Tuesday reported it had confirmed the 15 and 25 pound allowances by telephoning "a Board chief" at Ottawa.

### Most Tax Returns Are Due on June 30

Under the 1943 Budget taxpayers other than corporations or sole proprietors will now make their income tax returns by June 30, 1943 on 1942 income. At this time such adjustments as may be necessary will be made. Some taxpayers will have credits on account of salary deductions. Those who still owe something on their taxes will pay one-third by June 30 and the balance by Dec. 31.

Corporations will make their returns six months from the end of their fiscal period. "Sole Proprietors," that is to say those owning their own businesses, and also taxpayers whose income from sources other than salary and wages exceeds 25 per cent of their total income, pay their 1943 taxes as follows: 20 per cent by 31st of March, 25 per cent by 30th of June next, 25 per cent by 30th of September next and 30 per cent by Dec. 31.

Farmers will pay their 1943 income tax in two installments. Two-thirds on or before December 31st next and remaining one-third by March 31, 1944.

### Granby Conditions Satisfactory Reports President

VANCOUVER, April 8 (CP)—Because of war conditions, result of Granby Consolidated operations in British Columbia copper production was not as favorable last year as in 1941. However in his report President Julian Beatty says general conditions are satisfactory.

After deducting operating charges, and provisions for depreciation, depletion and taxes, there remained a net profit of \$300,504 against \$354,224 in 1941. This is equivalent to 87 cents a share compared with \$1.23 in 1941.

Decline in profits was caused by labor shortage, increased wages, increase in cost of materials.

### Eisenhower Says Allies Ready to Oust Enemy

ALLIED HEADQUARTERS IN NORTH AFRICA, April 8 (AP)—Gen. Dwight Eisenhower, in a message of congratulations to Gen. Sir Harold Alexander, his deputy in charge of land operations, said the Army, Navy and Air Force "are now in a position to exact the full price from the enemy confronting us in Africa."

His message follows: "I hope that you and all ranks serving under you will accept my personal congratulations and those of the entire Allied headquarters on your recent successful operations which joined up the victorious 8th Army with the British, American and French forces that have been carrying on for four months a magnificent fight in central Tunisia under the most unfavorable conditions."

"While everyone of us fully appreciates that great difficulties and bitter fighting still lie ahead of you and that beyond this campaign lie still greater hardships and sacrifices, still you and your 8th Army group, the Navy and the Air Force are now in a position to exact the full price from the enemy confronting us in Africa. "You may be sure that the whole democratic world is applauding your success against the forces that have outraged our concepts of freedom and human rights. Good luck!"

### Nelson Red Cross Ships Car of Salvaged Paper

Carload of salvaged paper, shipped by the Salvage Committee of the Nelson Red Cross, was scheduled to leave Castlegar Thursday enroute to Victoria.

Partly made up in Nelson, the car was completed at Brilliant by loading with paper cement sacks from the Kootenay Engineering Company. The cement sacks comprise a trial shipment, and if it should prove successful, it is expected a great many more will be shipped.

Material loaded at Nelson included newspapers and magazines in bundles, cartons and brown paper. J. H. Aylwin, Committee Chairman, stated Thursday a Spring cleanup of salvage materials would be staged. It is planned for later this month.

### Mrs. Astor Seeks Reno Divorce

NEW YORK, April 8 (AP)—Mrs. John Jacob Astor, 3rd, the former Ellen Tuck French, established residence in Reno, Nev., today preparatory to obtaining a divorce, Astor's New York office announced.

Charles Gilbert, Astor's Secretary, said that in a recent agreement Astor settled \$1,000,000 outright on Mrs. Astor, who relinquished all claim to any of Astor's other property, including several farms, two of which are in Canada. Each will have custody of their child, B. H. T. 7, six months of each year, under terms of the agreement.

## Japs Lose 37 Planes in Attack on U.S. Ships Off Guadalcanal

WASHINGTON, April 8 (AP)—American fighters plans destroyed 37 Japanese aircraft in a sky battle over the Southeastern Solomon Islands Wednesday, the U.S. Navy announced today, when the enemy struck at American shipping off Guadalcanal with an armada of 98 planes.

Seven American fighters were lost but one pilot was rescued. The battle, one of the greatest ever fought in the air of that area, climaxed a two-day period of aerial activity during which American planes made six forays against enemy installations throughout the Solomon Archipelago.

Whether the Japanese, whose force included 30 bombers and 46 Zeros, were successful, in reaching American ships at Guadalcanal was not reported.

The destruction of the enemy planes during the actions on Wednesday raised to 943 the total number of Jap aircraft reported in the United States Navy communiqués as having been destroyed in the Solomons to date. These are actual combat losses and do not include operational losses.

### B.C. War Finance Committee Heads to Visit Nelson on Monday

Victory Loan campaigning will begin in Nelson Monday when George Kidd, of Vancouver, Chairman of the War Finance Committee for British Columbia, and the Yukon, and Murray Brink, Vice-Chairman, visit Nelson.

Their chief purpose will be to contact local Chairmen and Executive members. Representatives of each sub-division in the Nelson Unit—Nakusp, New Denver, Kaslo and Salmon—are being asked to attend.

The Executive of the Nelson War Finance Committee, meeting Thursday

afternoon at the Victory Loan Office, 347 Baker Street, made arrangements for the visit of Mr. Kidd and Mr. Brink.

It was indicated the visitors would stress the great responsibility placed upon all executive members in the forthcoming campaign, and the urgent necessity of each community doing its full part.

It was announced the Royal Canadian Navy Band from Esquimalt would be in Nelson during the week of May 9 to 16. The Band has twice visited Nelson during Victory Loan campaigns, and has won a large following.

## BRITISH PUSH JAPS BACK IN INDIA AREA

NEW DELHI, India, April 8 (AP)—British artillery has pounced back a Japanese attempt to advance during the continuing fight in the India area of Burma, a British communiqué said today.

It said the Japanese withdrew after suffering heavy casualties. There has been no change in the last 24 hours in fighting in the Arakan area.

Allied aircraft hit an enemy airfield at Shwebo, in Central Burma, attacked the railway station at Wuntho, and strafed Pinlebu and another enemy village West of Katha yesterday.

Fighter patrols raked the Japanese forces in the Mayu Peninsula during the day.

Two Japanese motor launches were damaged and one probably sunk in a brush with a British light coast craft on the Mayu River Tuesday night.

### Nelson Surveyor of 50 Years Ago Comes Back

Charles Moore of Creston, who first came to Nelson in 1892 and who in those early days surveyed mines and townships in this District, is again in Nelson, and again in connection with surveying. He is with the Public Works Department party which, under T. E. Clarke, is engaged in making a topography survey of the Nelson-Taghum road, the North Shore road and adjacent land.

Mr. Moore was with Perry, Gray & Davys, Mining Engineers and Land Surveyors, when he first came to Nelson. They surveyed mines and laid down townships, including Nakusp, New Denver, Silverton and another which never developed—Bonanza City at the head of Slocan Lake.

Later Mr. Moore went to the Orient, where he spent eight years. He returned to Canada in 1908 and took up residence at Creston, his home since. He had an office, as an architect and land surveyor, in the Griffin Block at Nelson up to the time this block was destroyed by fire in 1935.

YUGOSLAVS KILL 300 LONDON, April 8 (CP)—Yugoslav patriots killed about 300 Axis troops in a clash near the town of Stolac and killed 50 more near Kila, a Moscow radio broadcast said today.

They also seized a great deal of Axis war material in their raids, the Russians said.

Amboina, that Dutch East Indies island in the war news these days is properly pronounced "AM-BOY-na."

### Eddie Leeming Now Overseas

Mr. and Mrs. John Leeming, 111 Nelson Avenue, received a cable Wednesday from their son, Eddie, a private in the Royal Canadian Army Service Corps, announcing his arrival in Britain. He enlisted about a year ago. In this picture, taken at Red Deer, Alta., he is an acting corporal.

Sergt. Emily Leeming, who is in the C.W.A.C. and is in charge of recruiting for that arm in Trail and Nelson, is Eddie's sister.

### Seek New Marching Song

A Canada-wide competition for a "World War Two" song is being held under the auspices of the Allied Arts War Service Council of Vancouver which hopes to uncover a present-day marching lyric.

The best lyric submitted will be chosen by a group of competent judges and then a second competition will be opened to composers to write music for the words. If a song is found and judged to be worthy it will be published.

The Allied Arts War Service Council is a group of artists, writers, actors and newspapermen and women who hope to pool talents and ideas to help in the war effort.

Entries for the competition, which will be in the hands of the judges by April 30, may be obtained from the Secretary, Allied Arts War Service Council, 4667 Belmont Avenue, Vancouver.

### 5.4 Inches Snow; 1.99 of Rain Here in March

March at Nelson saw the best, between Winter and Spring weather. There were only two days with snowfall, and seven days with rain. The remainder were dry, the temperatures crept upward, and at times it was even bright and sunny.

Precipitation totalled 2.33 inches. 1.99 inches of this total being rainfall and .34 the precipitation from snow. The heaviest snowfall in a single day was 3.1 inches on March 15 which followed a 2.2 inch fall on the 13th. March 30 saw the heaviest rainfall for any one day, .50 inch.

On three days the mercury was up to 50 or better, reaching a maximum at 96.2 degrees on March 23. On 11 days in the latter part of the month the thermometer never registered below freezing point. Lowest temperature was 8.2 degrees recorded on March 5.

As to Rabaul, in New Britain, South Pacific, you say it Rah-BAH-ool.
