

NAZIS CLAIM TWO RUSS CENTRES TAKEN

Russ Declare Five Consecutive Attacks Smashed GAIN ELSEWHERE

LONDON, Feb. 28 (AP)—The German High Command claimed the recapture today of the important Russian rail centres of Lozovaya and Kramatorsk South of Khar'kov, and the Red Army reported "serious counter-attacks" in this area where the Soviets seek to drive South to the Sea of Azov and trap huge Nazi armies in the Donets Basin.

Thus the powerful Russian winter offensive appeared to have met a definite check after 100 brilliant days of advance, both because of firm resistance and quagmires resulting from thaws.

The Russians did not admit the German claims but the Sunday midnight Moscow communique, as recorded by the Soviet Monitor, used the word "serious" for the first time in telling how the Germans were "hastily bringing up fresh troops and throwing them into action on the march" five consecutive Nazi attacks were declared to have been smashed.

The Germans asserted 14,000 Russian soldiers were killed and thousands captured in the two sectors in six days of fighting ending Friday. Kramatorsk is about 110 miles Southeast of Khar'kov, and Lozovaya, 75 miles South of Khar'kov, lies 60 miles West of Kramatorsk.

The Russians also said that in another sector, which may be the Lozovaya area, the fighting continued throughout Sunday "for positions in front of one inhabited locality which changed hands several times."

"By the end of the day Soviet troops had firmly established themselves in the inhabited locality."

The mid-day Russian communique also had located the battle area as "Southeast of Kramatorsk," but tonight's regular mid-night bulletin said merely "in the Kramatorsk area," a further indication that the Germans had gained on this strategic sector.

In the surge into the central Ukraine West of Khar'kov and Kurak, however, the Russians said their troops still were advancing. West of Khar'kov the Russian goals were Poltava and Konotop, rail junctions on the approaches to the Dnieper River.

West of Kurak one Soviet unit for three days has been fighting on the approaches "to a certain large populated place," the communique said. "More than two battalions of Hitlerites have been wiped out in this time, rich spoils captured, and prisoners taken."

The Russian Sunday midday communique said also that the Red Army had occupied a number of populated places West of Khar'kov, a large town West of Kurak and several places in the Kub region where the pocket around Novorossiisk had been contracted as swiftly as the mud would permit.

The Soviet air around Orel, hinge of the German central and Southern fronts North of Kurak, was reported by Pravda to be closing steadily. The German communique reported that Russian attacks were repulsed North of Novorossiisk, South of Lake Ilmen below Leningrad, Southwest of Kurak and in the Orel sector. The Germans claimed continued success in the Izyum area Southeast of Khar'kov.

It was apparent from both Russian and German reports that the Nazis were throwing increasing numbers of planes into the Russian battle in a supreme effort to regain the initiative which they lost Nov. 19.

Japs Advance in Yunnan

CHUNGKING, Feb. 28 (AP)—Japanese advances in Western Yunnan Province were reported by the Chinese today in a High Command communique.

The communique said enemy troops in the vicinity of Mitkwan, in Yunnan, continued to advance Northward in the direction of Tachupa against bitter opposition.

The Chinese added that in Southern Yunnan a unit of more than 1000 Japanese troops advanced Eastward from Kunming Feb. 24 and attacked Mengting, Southwest of Chengkang. In Southern Kwangtung, Japanese troops recaptured Suiki Feb. 22 and took two other towns.

Fengchow, in Central Hupeh Province, was captured by the Japanese Feb. 21.

In Southern Shantung, more than 10,000 Japanese troops supported by planes were reported to have advanced from Chianyu and other bases against Chinese positions.

R.A.F. Blasts Jap Targets in Burma Villages

NEW DELHI, Feb. 28 (CP)—Fighter-escorted Blenheim bombers attacked Japanese targets Saturday at Myingthung and Rathedung, Burma, and "increased the already extensive damage caused to those enemy-occupied villages by previous raids," a British communique said today.

R.A.F. fighter patrols were reported to have ranged a 400-mile course for two days to inflict considerable damage on Japanese transport from Mawlu, in North western Burma, to Ramtee Island, off the Arakan Coast.

In the course of these operations, the bulletin said, "our aircraft have shot up railway stations, engines, trucks, steamers, launches and a variety of river craft."

GRAVELY ILL

Most Rev. Arthur Cardinal Hinsley, Archbishop of Westminster and Primate of the Roman Catholic Church in Great Britain, who is gravely ill.

JAPS TAKE UP "POSITION IN READINESS"

Steadily Reinforcing Islands North of Australia—M'Arthur EXPLAIN RAIDS

ALLIED HEADQUARTERS IN AUSTRALIA, Monday, March 1 (AP)—Gen. MacArthur's command announced today that the Japanese were constantly reinforcing their troops in a 2,000-mile island perimeter "enveloping the upper half of Australia" indicating the enemy is taking up a position in readiness.

The "readiness" involving the largest forces ever gathered in this area North of Australia, could be either for an offensive against Australia, or a defensive fight, a spokesman said.

The communique said: "Australia: Our air reconnaissance over the past weeks report a constant and growing reinforcement in all categories of enemy strength in the island perimeter enveloping the upper half of Australia.

"The enemy seems to be concentrating his main effort in preparation on this front. Such an assemblage of major force indicates he is taking up a position in readiness. The concentration in all categories—meaning troops, ships, and of planes—also includes the New Guinea area where Gen. MacArthur's forces smashed the enemy in the Buna-Gona sector of Papua and now are driving close to Salamau in the Northeast.

This statement on Japanese reinforcements in recent weeks explains the heavy bombing of both Japanese land positions and shipping at sea over a wide area of the Southwest Pacific, including Rabaul in New Britain, and the Buin-Faisi areas of the Solomons.

These allied aerial assaults, designed to smash Jap forces assembled in the jungles and hills of tropical islands extending from the Solomons in the East to Dutch Timor in the West, were continued yesterday with blows at Koa-ping in Timor, Toal in the Kai Islands, and Finschhafen and Lae in New Guinea.

The aerial struggle and the statement on Japanese reinforcements overshadowed the disclosure that Japanese ground troops now had been driven from the Wapaining-Waipali area between Wau and Mubo in New Guinea.

The Japanese in this area now have been hurled back 30 miles from the scene of a recent defeat at Wau, which is only 35 miles below the big enemy base at Salamau, the communique said, and 70 enemy dead were counted in one locality.

In the attack on Penfoel airbase in the Kupang area of Timor yesterday the Allies employed the largest number of long-range Australian Beaufighters ever used in the Northwestern sector, swooping in at ground level just after dawn Sunday, and surprising the enemy. A spokesman said the greatest damage ever accomplished without the use of bombs also was done.

Eighteen thousand rounds of cannon and heavy machine gun fire were poured into enemy aircraft caught on the field, completely destroying four bombers and nine fighters, and seriously damaging and probably destroying an additional bomber and eight fighters.

"Anti-aircraft and machine gun positions were silenced and fires started in the building area. Ground forces in the Wau-Mubo area drove the enemy from the Wapaining-Waipali area. Seventy Jap dead were counted in one locality but many uncounted dead remained in the brush. Sunday's communique told of renewed ground fighting on the approaches to Salamau, New Guinea, where the Japanese have retreated farther in the vicinity of Wau and Mubo.

ALLIES HURL BACK AXIS ASSAULTS

R. A. F. Batters Steadily for 72 Hours at Huns

By LEO BRANHAM
Associated Press Staff Writer
LONDON, Feb. 28 (AP)—R.A.F. bombers soared over the continent to complete a 72-hour cycle of continuous Allied night and day attacks, and close out February as the war's month of most devastating and intensified bombing of Nazi-occupied Europe.

R.A.F. Whirlwinds attacked the Nazi-held airfield at Maupertus, near Cherbourg, in France, and Mosquito bombers hit at factories in Hengelo, Holland, and near Liege in Belgium.

These daylight raids followed a smash at Western Germany last night by R.A.F. bombers, and completed a cycle of sustained night and day attacks by British and U.S. planes that began with the heavy raid Thursday on Nuremberg.

None of the British planes was lost in today's daylight operations, and escorting Spitfires destroyed an enemy plane.

There was no indication that last night's raid was on large scale and specific targets were not disclosed. One bomber was reported lost. Mine-laying activities occupied the Allied air forces today and an R.C.A.F. communique said one machine of its force was missing.

20,000 TONS OF BOMBS
While there were no official reports on the weight of bombs hurled at Hitler's Europe in February's raids, well-placed observers speculated that the tonnage possibly topped 20,000 tons. Through last year the R.A.F. was officially reported to have dropped an average of more than 4,000 tons a month.

The ceaseless attacks went on all through Saturday's daylight with R.A.F. medium bombers hitting Dunkerque and American heavy bombers smashing the German naval base at Brest on the French Coast.

R.C.A.F. Spitfires supplied the fighter cover for the lethal waves of bombers which hit Dunkerque, and the Canadians were credited with destroying two enemy fighters. At least two Canadian squadrons were engaged and they came through numerous dogfights over the Channel and France with the loss of only one machine.

Fo. Fred Cameron of Roland, Man., and Winnipeg, celebrated his 21st birthday by sending a Focke-Wulf 100 to its final during one of the actions. The other Canadian victory went to Fo. Ed Gimbel of Chicago, who was credited with one probable and one damaged in Saturday's forays.

Wilhelmshaven, which R.A.F., R.C.A.F. and U.S. bombers struck three times last week, is another U-boat building centre and haven. Cologne also builds submarine engines and parts.

With the Lorient and St. Nazaire U-boat bases largely out of commission from day and night attacks by the Allied bomber fleets stationed in Britain, the Germans now probably are using Brest—the third big base in France—to capacity, one British observer said.

Saturday's attack was seen by some as a possible opening round of a series of blows on Brest. It was the 11th attack there since the start of the war.

Many bomb bursts and fires in the Brest target area were reported by the Americans returning from the "uneventful" raid, which not only cost them no bombers but no losses in personnel either.

Much credit for this unscathed return was given to the efficient fighter cover.

The R.A.F. daylight attacking force on Dunkerque was composed of more than 200 fighters and fighter-bombers.

Four fighters were reported missing from the day's two major operations carried out in favorable weather.

An Air Ministry communique said bursts were seen on the quays and shipping at Dunkerque. Other R.A.F. medium bombers attacked an enemy air field at Maupertus, France.

Britain-based Allied bombers made 21 raids during February at a cost of 171 aircraft, a relatively low price, an authoritative source said.

AXIS ASSAULTS FOILED

In an effort to keep the Allies busy while Rommel continues his retreat, Col-Gen. Jurgen von Arnim launched attacks over a 65-mile front in Northern Tunisia over the weekend, only to have his forces thrown back with heavy losses in men and equipment. The Mateur Valley, see map, and the Northern coast saw heavy fighting.

Rumor Brauchitsch "Removed" Says Moscow Radio

LONDON, Monday, March 1 (AP)—The Moscow radio, quoting Geneva reports, said today that Field Marshal General Walter von Brauchitsch, former Commander-in-Chief of the German army, has disappeared.

"Brauchitsch on the advice of his physician left for a tour of Southern Germany at the end of January," said the broadcast. "He has not returned, and relatives have made inquiries without result. It is rumored that he has been 'removed' by the Gestapo."

B. C. Liquor Restrictions Effective Today

VANCOUVER, Feb. 28 (CP)—British Columbia liquor permits will be restricted to 40 ounces of spirits and one gallon of wine a month, and two dozen pints of beer a week, effective tomorrow, it was learned here tonight.

Permit holders will be restricted to one purchase of wine and spirits each month. The total beer each week does not have to be purchased at one time.

Liquor vendors throughout the Province have received instructions from the Liquor Control Board officials at Victoria to put the new restrictions into effect tomorrow.

"Eminent State Builder" Dies in Russia

LONDON, March 1 (Monday) (CP)—Death of Judoah Akhunbabaev, Deputy Chairman of the Supreme Soviet of the U.S.S.R. and Chairman of the Supreme Soviet of Uzbek Republic, was announced today in a Moscow broadcast.

Akhunbabaev was described as "one of the most eminent builders of the Soviet State."

Governor-General Appeals for Red Cross Financial Aid

OTTAWA, March 1—An appeal to the people of the Dominion to support the Canadian Red Cross national campaign for \$16,000,000 which opened today was made by His Excellency, the Governor General, who is President of the Society.

"We must remember also that many of the comforts for the men in our armed forces are supplied by the Red Cross, and the provision of hospital supplies is a constant drain on our resources.

850 Prisoners Taken in Tunisian Battles

Von Arnim Attacks Designed to Relieve Rommel; 11 Axis Planes Shot Down; Continue Pursuit of Rommel Columns

LONDON, March 1 (Monday) (CP)—The Daily Express said today that the British 8th Army has launched its offensive against the Marash Line in Southern Tunisia held by Field Marshal Rommel's troops.

By WES GALLAGHER
Associated Press Staff Writer
ALLIED HEADQUARTERS IN NORTH AFRICA, Feb. 28 (AP)—Axis attacks exploded over a 65-mile front extending from Cape Serrat to Djebel Mansour in Northern Tunisia yesterday, but a communique announced today that Allied troops had beaten off assaults in six sectors and captured more than 850 prisoners in two days.

At the same time the air forces of the Middle East Command sapped Axis air strength by shooting down 11 German planes in Southern Tunisia.

In the Central Sector, where allied combat teams captured Kasserine and drove on to the Southwest the German withdrawal was reported continuing.

A new attack developed along the Northern coast line in the area of Cape Serrat, where the Italians attempted to push Westward along the Mediterranean. They were thrown back by French troops.

In attacks in the Bouja-Mateur valley, South of Cape Serrat the Germans made some progress at infiltration of the Allied lines, but lost seven tanks in the fighting in this area, where the new 40-ton British Churchill tanks were operating yesterday.

Near Medjez-el-Bab a German attack was brought to a standstill, Allied spokesmen said. Farther South near Goubellat some German tanks reached the road between Medjez-el-Bab and Aroussa but withdrew when they failed to overcome allied strong points.

A French communique said that French troops took 150 prisoners in lively activity near Medjez-el-Bab, while a counter attack by the French Air Force Free Corps, in the coastal region netted 350 prisoners, including officers.

"In lively encounters which all resulted in our favor in the Ousseilia plain numerous enemy patrols were wiped out," the communique said. "During a raid by our bombers on Tazerou several tons of bombs were dropped."

At Bou Arada and at nearby Djebel Mansour, where the Germans launched diversionary drives two days ago, the fighting still was going on but Col-Gen. Jurgen von Arnim's Axis troops had made no progress.

Von Arnim's attacks were designed to keep the British and American forces occupied in the North while Marshal Erwin Rommel regrouped his forces in the South to meet the British 8th Army now menacing the Marash Line.

Bad weather limited activity in the South where air forces under Air Vice-Marshal Sir Arthur Coningham operating in support of Gen. Sir Bernard Montgomery's 8th Army dealt the Germans a heavy blow by downing 11 planes while losing only two of their own.

The allied pursuit of Rommel's severely mauled columns continued West of Kasserine Pass, field dispatches reported Saturday. The Germans were reported demolishing installations at the Thelapete Airport, 42 miles Northwest of Gafsa, preparatory to evacuation.

The air field lies only seven miles Northwest of Feriana, one of the towns the allies lost near the Algerian frontier before Rommel had first captured the Kasserine Pass, which he could not hold.

The initial German thrust with two battalions of about 1600 troops momentarily had threatened the road between Medjez-el-Bab and Goubellat but field dispatches said the British pulverized this quickly.

Besides the prisoners, the Germans were said to have lost heavily in casualties and equipment. Dispatches from the front said it was clear that Von Arnim's initial failures definitely had removed any immediate danger by him.

Allied bombers raided not only Von Arnim's rear but attacked Cagliari in Sardinia and Bizerte, Docks, rail yards, an airfield and industrial building, were hit at Cagliari.

R.A.F. headquarters on the island of Malta said three attacks on Sicily by fighter-bombers that scored hits on a seaplane base and railway yards at Syracuse Saturday, attacked defence positions and small craft Saturday night and raided Catania airbase this morning.

Fasting Gandhi Improves

POONA, India, Feb. 28 (AP)—Fasting Mohandas K. Gandhi has improved and he is "alert and in good spirits," a Government bulletin said today.

The 73-year-old Indian Nationalist Leader now is in the 16th day of a 31-day fast undertaken in an effort to force his release from imprisonment.

Gandhi nearly died a week ago today and yesterday his condition caused concern. But today, after five to six hours of disturbed sleep, he seemed less tired and less apathetic, observers said.

His pulse continues feeble because of his weakened condition. However, doctors said his heart is standing the strain.

Luftwaffe to Strike Again Says Goerinn in Order

NEW YORK, Feb. 28 (AP)—The Berlin Radio today broadcast an order of the day by Reichsmarschall Herman Goerring declaring the German Air Force would strike again at an "opportune moment" and would "destroy the enemy wherever we meet him."

Goerring's order, issued for the 10th anniversary of the Luftwaffe (air force) tomorrow, asserted: "The Luftwaffe has been paving the way for gigantic victories. It has been hardened in the severest Winter battles. What, however, did not make us topple over was our will to struggle."

"Thus we shall, at the opportune moment, strike again with fresh strength and destroy the enemy wherever we meet him."

"My comrades, victory must and will be ours."

Big Rush to Buy Car Licences

VICTORIA, Feb. 28 (CP)—British Columbia motorists are crowding provincial police motor licence offices and standing in long lines for their 1943 plates. Provincial Police said yesterday.

Total of 7021 No. 2 Ration Books for Nelson and Vicinity

No. 2 ration books distributed in Nelson and vicinity number 7021. This was the final total in the distribution drive of Feb. 19 to 27. All books were issued by lady volunteers without cost to the Government.

A second request for additional books was received Friday from Shoreacres, and 10 extra were taken to Kaslo Saturday.

Comparatively few district points have reported their final standing as far as it is expected reports from the 56 distributing centres will come with a rush this week.

FEW WAIT TILL LAST
Distribution of No. 2 books at Nelson Saturday demonstrated that few district residents waited till the last day to apply for only 897 books were issued, the smallest day's total during the entire campaign.

The distributing office was open from 10 a.m. to 9 p.m., with 10 ladies working in the morning, eight in the afternoon and seven at night. Except for brief periods they were not rushed.

"The ladies, from start to finish, have done a fine job," stated Mrs. N. C. Stibbs, Convener of the Price Board Advisory Sub-Committee, in charge of organizing the distribution. Mrs. A. T. Horswill, Mrs. H. E. Thain and Miss Eileen Cross, Secretary of the Sub-Committee, were her assistants.

The distributing office has been closed and supplies are being returned, with complete reports on the number of books issued and with cards from the No. 1 books, to City Clerk W. A. Gordon, Secretary of the Local Ration Board. Mr. Gordon's office is now the only one at which persons who missed the general distribution can obtain No. 2 books.

He will have them for only a short time, for at the end of the week he plans to check all returns and send them on to rationing headquarters.

Urnsula Parrott Acquired on Loyalty Charge
MIAMI, Fla., Feb. 28 (AP)—A Federal Court jury today acquitted novelist Urnsula Parrott of charges of impairing the loyalty and discipline of the armed forces and aiding and concealing a deserter by driving a good-looking private out of an Army stockade concealed in the rear of her automobile.

The all-male jury was out of the courtroom only 12 minutes.

New Device to Save Pilots
LONDON, Feb. 28 (CP)—British aircraft are being fitted with a new device which may save the lives of wounded or temporarily incapacitated pilots.

For obvious reasons, precise details may not be given, but it consists of an ingenious type of automatic pilot which, by actuating the flying control surfaces of the machine, prevents it from crashing and brings it to a level keel, pulling it out of a dive or rectifying any other violent manoeuvre.

The normal automatic pilot (George) functions only when the aircraft is flying straight and level. The new device works equally well in what altitude the aircraft is flying.

It consists of a series of hydraulic servo-motors, and can be switched on or off by means of a ring attached to the control column. While the pilot is holding the stick the automatic pilot remains in the "off" position, but when his hands are removed it is switched on and brings the aircraft into a level position.

LEES OF TRAIL ALSO TAKES PARACHUTE JUMP
TRAIL, B.C., Feb. 28 — Two Trail armen have joined the famous Caterpillar Club. Sgt. Gordon Lees, son of Rev. and Mrs. M. W. Lees of this city, along with Sgt. Robert Bule, was a member of the crew which bailed out of its aircraft to earn the double distinction of being first members of their squadron and the first members of the new R.C.A.F. bomber group to qualify for admission into the mythical club.

A Canadian Press story last Thursday said Sgt. Lees was a Toronto man.

Shortage of Beer Starts Large Volume of Protests
OTTAWA, Feb. 28 (CP) — A Government official said today that shortage of beer in taverns and Breweries' retail stores across Canada has started a large volume of protests against the restrictions responsible for the scarcity. He added that these protests doubtless were being given careful consideration by the Cabinet.

So far, no announcement has come from the Cabinet as to any decision having been reached but this spokesman said indications were the restrictions would not be relaxed to any great extent, if at all.

VICHY PLANS TO RETURN SPANISH NATIONALS
BERNE, Feb. 28 (AP)—A dispatch to the Tribune de Geneve from Pau, France, not far from the Spanish frontier, said Saturday that Vichy French authorities probably will return to Spain approximately 100,000 Spanish refugees who fled to France during and after the Spanish Civil War. A number already have been sent to Germany to work, it was said.

Parliament to Have Only 238 Members

OTTAWA, Feb. 28 (CP) — After the next Federal election, Parliament will have only 238 members instead of 245 as a result of redistribution of seats which will cut Manitoba's representation by three members and Saskatchewan's by four.

These figures were made public some time ago on the basis of incomplete returns from the 1941 decennial census. Today the Dominion Bureau of Statistics confirmed them.

"The representation in the next House of Commons will be determined on the basis of the census of 1941," the Bureau said. Its intricate calculations from the final census figures show that the Provinces and Yukon territory will be entitled to the following representation in Parliament:

Prince Edward Island, four; Nova Scotia, 12; New Brunswick, 10; Quebec, 66; Ontario, 82; Manitoba, 14; Saskatchewan, 17; Alberta, 17; British Columbia, 16; Yukon Territory, 1. Total, 238.

The only required changes from the present Parliament are for Manitoba, represented in the present Parliament by 17 members; and Saskatchewan, represented by 21.

Buxton, Webb Win Way to Overseas Finals

BY ALLAN NICKLESON
Canadian Press Staff Writer
LONDON, Feb. 28 (CP Cable) —Blond Billy Buxton and dark Danny Webb count on their adherence to the doctrine that a punch in time saves nine to get them into the finals next month of the British Army Boxing Championships. By beating their opponents to the punch Buxton and Webb added to their boxing laurels Saturday.

Buxton, a Princess Patricia's Canadian Light Infantry Private from Victoria who fights as a lightweight was the only 1942 Canadian army champion to retain his title in Saturday night's Canadian finals fought in the Queensbury All-Service club. Webb, a 7th Reconnaissance Trooper from Montreal, wrestled the featherweight crown from the curly head of Toronto's Bobby Docherty, 48th Highland Private who was the only other champion of last year competing in the two-day tournament.

Here are the other 1943 champions:
Heavyweight—L. Cpl. Tommy Falls, Liverpool, N. S.
Light heavyweight—Sgt. Joe Trudeau, Edmonton.
Middleweight—L. Cpl. Rod MacDonald, Edmonton.
Welterweight—Pte. Frank Garnier, Halifax.
Bantamweight—Tr. Larry Siabodion, Montreal.

All are expected to compete for the British Army crown at Blackpool from March 16 to 18 inclusive. Buxton and Webb entered the finals by knocking out their opponents in both the quarter and semi final rounds.

3,400,000 Fall Prey to Nazis

LONDON, Feb. 28 (CP)—Nearly 3,400,000 persons had been executed or had died in prison in nine Nazi-occupied countries by the end of 1942, the Inter-Allied Information Committee of the United Nations said in a statement Saturday.

The statement said the figure was based mainly on German announcements. Suggesting that the real total is higher, the statement said the Germans frequently concealed executions and Gestapo-caused deaths were never revealed.

Poland, where 1,000,000 Jews were said to have been killed or permitted to die in concentration camps, had the highest figure for all the occupied countries with an announced total of 2,500,000 deaths.

Other totals include: Yugoslavia 744,000; France 24,000; Greece 18,000; Czechoslovakia 2483; Netherlands 2200; Belgium 193; Norway 146 and Luxembourg 128.

The figures do not include victims of towns such as Lidice, Czechoslovakia, and others in Yugoslavia and Greece which were wiped out in reprisal for sabotage or resistance.

British Welcome Welles Speech
LONDON, Feb. 28 (CP)—British quarters were authoritatively reported today to have welcomed the speech of Sumner Welles, United States Under-Secretary of State, in Toronto yesterday, in which Welles said the United States "intends at once" to open preliminary talks with its Allies on post-war aims of the United Nations.

Bell Scores Ninth Shutout of Season
BUFFALO, Feb. 28 (AP)—Buffalo Bisons blanked Cleveland Barons 3-0 tonight before 7127 spectators at Gordon Bell, 17-year-old goalie, scored six shutouts of the American Hockey League season.

ROSS-LARE HARBOR, Fire (CP) —Two lighthouse keepers, isolated 76 days in Tuskar Rock lighthouse off the South West coast, were rescued by a relief boat which battled through heavy seas and took them off.

First Three Butter Coupons Expire April, Not June, 30

OTTAWA, Feb. 28 (CP) — The first three butter coupons in the new ration books expire April 30—not June 30, as previously announced—a spokesman for the Prices Board said today.

Heretofore, butter coupons have expired 14 days after they became good, but the first three coupons in the new books will be good for butter purchases from March 10, March 20 and March 27, respectively, until the end of April.

Negro Runner Wins Mile to Feature Meel

BY HAROLD CLAASSEN
Associated Press Sport Writer
NEW YORK, Feb. 28 (AP)—One of the superlatives in the track world was that no Negro could become a great miler. But that was before the appearance of Frank Dixon of New York University.

Dixon, 21, is the new National Amateur Athletic Union indoor champion at the distance. He won that distinction Saturday night by striking clock in defending Gil Dadds of Boston during the first half of the race—clocked in 2:00.8 for what probably is the fastest 800 yards travelled in major mile running—and then going ahead on the final lap. Dixon's time was 4:09.8.

For years trainers, coaches and some doctors have argued that the same muscle construction in a Negro's leg that makes him an outstanding dancer, sprinter or jumper works against him in long-distance running.

Dixon's victory was the feature of a meet in which the New York University team became the first college aggregation to take the indoor title—ending an 11-year reign of the New York A.C.—and in which Cornelius Warmerdam exceeded 15 feet in the vault for the 28th time and J. Gregory Rice annexed his 60th consecutive triumph.

Warmerdam reached 15 feet 3/4 inches for a meet record and Rice cleared three miles with little opposition in 13:53.5. Herb Thompson of the Jersey City Department of Education opened the program by travelling 60 yards in 6.1 seconds to equal the world mark.

Panther Javes Eliminate F.A.C.

Panther Juveniles won the Juvenile Hockey Cup elimination series Saturday night when they took F.A.C. Juveniles in the third game of the series, 7-3. Previous games were 4-4 and 3-0. The Panthers will now meet the M.R.K. League winners, in the best-of-three Cup series.

The game was rough in the extremes, and the nine penalties the referees dished out could easily have been many more in number.

First period—1, Panthers, Jarbeau (Whitfield); 2, Panthers, Jarbeau (Whitfield, MacDonald).
Second period—Panthers, MacDonald (Jarbeau); 4, Panthers, MacDonald (Wallace).
Third—5, F.A.C. Doyle; 6, Panthers, MacDonald; 7, Panthers, MacDonald; 8, Panthers, Whitfield (Jarbeau); 9, F.A.C. Norris (Doyle).
Penalties—Panthers: MacDonald, Benwell; 2, Wallace, Whitfield (5 minutes); F.A.C.: Jarvis; 2, Doyle, 2, Norris.

Teams:
Panthers—A. Townsend, F. Whitefield, W. Benwell, J. Jarbeau, H. Wallace, G. MacIntyre, J. Stead, B. Arneson.
F.A.C.—J. Morris, M. Morris, W. Jarvis, J. Gallienne, F. Doyle, J. Milne.
Referees, Red Warwick, Jack Whitehead; Scorekeeper and Timekeeper, Fred Boyer.

Patrick James Daly Funeral Will Be Held at Edgewood
Body of Patrick James Daly, who died in his sleep at Brilliant Friday, is being forwarded by the Thompson Funeral Home to Edgewood today. Burial will take place at Edgewood Wednesday.

Mr. Daly's mother, who came to Nelson Friday, will return to Edgewood today.

HASKINS RESIGNS AS AGRICULTURE SEC.
TORONTO, Feb. 28 (CP)—H. H. Haskins, President of the Canadian Federation of Agriculture, announced today that Walter E. Haskins had resigned as Secretary.

Mrs. V. Lewis, Secretary to Mr. Haskins, will be in charge of the Federations Ottawa office until an assistant is appointed.

Hockey Schedule
The schedule of the Nelson Amateur Hockey Association is as follows:
Monday:
4:30-5:30 p.m.—M.R.K. vs F.A.C. Bantams, Cup playoff.
5:30-6:30—Panther vs M.R.K. Midgets, Cup elimination.
6:30-7:00—M.R.K. Juvenile practice.
Tuesday:
7-8:30 p.m.—Ritchies vs Neustons, Commercial cup elimination.
8:45-10—Panther vs M.R.K. Juveniles, Cup playoff.
Wednesday:
8-7 p.m.—Continuation of Midget cup playdowns.
Thursday:
4:30-5:30 p.m.—Bantam Pool.
9-10:15 p.m.—Continuation of Commercial playdowns.

German Envoy to Vatican Goes to Berlin

By THOMAS F. HAWKINS
Associated Press Staff Writer
BERNE, Feb. 28 (AP)—The German Ambassador to Vatican City, Diego von Bergen, departed unexpectedly for Berlin Saturday night and Count Galeazzo Ciano's presentation of credentials as Italian Ambassador to the Holy See was postponed until Monday.

Well-informed Vatican observers were quick to see in these moves a further indication of the wide scope of negotiations under way since the arrival of Archbishop Francis J. Spellman of New York for consultation with Pope Pius.

Yet all that came from Vatican City was a declaration that "one continues to retain the greatest reserve."
Count Ciano now is expected to appear tomorrow to hand over his papers to the Papal centre of international diplomacy.

Foreign diplomatic observers were convinced the delay in his appearance and the departure of the German envoy were connected with an address on peace hopes and aims Ciano had planned to deliver before the Pope.

The best judgment among Vatican observers was that Archbishop Spellman's visit somehow was connected with the peace hopes of some factions in Italy and Balkan nations Allied to the Axis.

Extend Hog Slaughter Restrictions

OTTAWA, Feb. 28 (CP)—Extension of restrictions on hog slaughter for the domestic market to slaughterers not now licensed by the Bacon Board was announced by the Board today.

Under the new order, effective on and after March 1, 1943, the number of hogs that may be slaughtered in certain designated areas in Canada by those holding temporary permits under the Prices Board will be subject to further restriction.

This action has been taken for the purpose of securing the necessary quantities of bacon and other pork products for export to the United Kingdom, the Bacon Board said.

Persons already licensed to slaughter under previous orders of the Bacon Board will continue to operate without any change in their present status, which is a restriction of 50 per cent of the weekly average of 1940 for distribution or sale in the domestic market.

All persons in certain prescribed areas holding slaughter permits from the Prices Board, but not formerly licensed under the Bacon Board, now will come under restriction. On and after March 1, the number of hogs slaughtered for sale or further processing in the domestic market, shall not exceed 75 per cent of the average weekly number slaughtered by and for him in 1941.

Marriage Wins Rich Race

NEW ORLEANS, La., Feb. 28 (AP)—Marriage, one of racing's underdogs, stepped up from a selling plater to a stake runner, ran a fast field of nine other horses in the \$25,000-added New Orleans handicap, the winter season's richest race, before 12,000 spectators at the Fairgrounds today.

The 7-year-old gelding, owned by R. A. Coward and C. L. Dupuy, beat the Valdina farm Rounders to the wire by a length and a half to equal the track record for the mile and sixteenth. Marriage returned \$78 for \$2 to win in the mutuels, and traversed the mile and sixteenth in 1:43.4-5.

This equaled the mark set February 12 by Valdina Orphan, the favorite with Rounders, which finished fifth today. Behind Rounders in third place came the Helmac stable's Moscow II. C. S. Howard's Midland was fourth.

Christ Jesus Theme of Lesson-Sermon

WASHINGTON, Feb. 28 (AP)—President Roosevelt, ill of an intestinal disturbance since Wednesday, was reported today to be "much improved and almost back to normal." He spent a "very restful day" and has "gotten a good rest," the White House reported.

Roosevelt "Almost Back to Normal"
WASHINGTON, Feb. 28 (AP)—President Roosevelt, ill of an intestinal disturbance since Wednesday, was reported today to be "much improved and almost back to normal." He spent a "very restful day" and has "gotten a good rest," the White House reported.

Patrick James Daly Funeral Will Be Held at Edgewood
Body of Patrick James Daly, who died in his sleep at Brilliant Friday, is being forwarded by the Thompson Funeral Home to Edgewood today. Burial will take place at Edgewood Wednesday.

Mr. Daly's mother, who came to Nelson Friday, will return to Edgewood today.

HASKINS RESIGNS AS AGRICULTURE SEC.
TORONTO, Feb. 28 (CP)—H. H. Haskins, President of the Canadian Federation of Agriculture, announced today that Walter E. Haskins had resigned as Secretary.

Mrs. V. Lewis, Secretary to Mr. Haskins, will be in charge of the Federations Ottawa office until an assistant is appointed.

Hockey Schedule
The schedule of the Nelson Amateur Hockey Association is as follows:
Monday:
4:30-5:30 p.m.—M.R.K. vs F.A.C. Bantams, Cup playoff.
5:30-6:30—Panther vs M.R.K. Midgets, Cup elimination.
6:30-7:00—M.R.K. Juvenile practice.
Tuesday:
7-8:30 p.m.—Ritchies vs Neustons, Commercial cup elimination.
8:45-10—Panther vs M.R.K. Juveniles, Cup playoff.
Wednesday:
8-7 p.m.—Continuation of Midget cup playdowns.
Thursday:
4:30-5:30 p.m.—Bantam Pool.
9-10:15 p.m.—Continuation of Commercial playdowns.

St. Paul's Work Is Reviewed By Pastor
The subject of the sermon at St. Paul's United Church Sunday afternoon was "Religion at Work." The sort of Christian whom Jesus approves is the one who undergoes the discipline of obedience, and who translates his creed into his life," observed the Pastor.

Extend Hog Slaughter Restrictions
OTTAWA, Feb. 28 (CP)—Extension of restrictions on hog slaughter for the domestic market to slaughterers not now licensed by the Bacon Board was announced by the Board today.

Hints U. S. Navy Ready to Strike
WASHINGTON, Feb. 28 (AP)—An indication America's naval might in the Pacific is about ready to undertake a drive for positions from which Japanese industrial centres can be brought under direct and devastating attack came today from Admiral Chester W. Nimitz, Commander in Chief of the Pacific fleet.

Churchill Condition "Satisfactory"
LONDON, Feb. 28 (CP)—A bulletin from No. 10 Downing Street, yesterday said Prime Minister Churchill's condition "continues to be satisfactory" and that no further communique would be issued until Monday. Mr. Churchill is recuperating from an attack of pneumonia.

Marriage Wins Rich Race
NEW ORLEANS, La., Feb. 28 (AP)—Marriage, one of racing's underdogs, stepped up from a selling plater to a stake runner, ran a fast field of nine other horses in the \$25,000-added New Orleans handicap, the winter season's richest race, before 12,000 spectators at the Fairgrounds today.

"Earliest and Best" TOMATO
Introduced by an annual year ago and by sheer merit it has outdone all other varieties among both home and commercial growers each season, in every part of Canada. Outstandingly early in "Earliest and Best" is still better than we claim. Produces large, beautiful, solid, perfect shipping tomatoes, earlier than any other variety. High crown type without stem, and large beautiful red with finest flavor. No rotting, no cracking, no splitting, no uneven ripening, and often ten fruits in a cluster. Amazing yielder. (Per 150) (see 750) (in 150) needed.

Round the Clock Raids Over Germany Continue

BY ALAN RANDAL
Canadian Press Staff Writer

LONDON, Feb. 28 (CP Cable)—Hundreds of R.A.F. bombers, including a force from the R.C.A.F. Bomber Group, attacked the Rhineland city of Cologne Friday night. It was not known immediately how many squadrons from the Canadian group took part but the R.C.A.F. communique indicated there were at least two and said "good results were seen" from this "very heavy attack."

Of the 10 planes lost in the raid, three were Canadian and seven R.A.F.

It was the greatest raid on Cologne since the 1000-plane assault last May, and maintained a savage round-the-clock pounding of Axis targets from the air.

Three R.C.A.F. bombers are missing. Other R.A.F. formations bombed Axis targets along the French coast this afternoon. Observers at Folkestone said the rumble of explosions persisted for some time.

The assault squadrons, flying home at 25,000 feet, crossed paths with other Allied units headed toward the Continent.

The German High Command, in a communique broadcast from Berlin, claimed Cologne had been subjected to "a terror raid" in which "eight hospitals were destroyed" and the population suffered casualties. It asserted 35 Allied aircraft were des-

stroyed through Friday over the Continent and off the Channel coast.

The Cologne raid in the Allied offensive, to which the United States Air Force's heavy bombers contributed a powerful attack upon the U-boat base of Wilhelmshaven by daylight yesterday, was officially described as "very heavy."

Ten bombers were lost in the attack upon the Nazi centre, the 700,000 population and vast war output of which have thrunk considerably under aerial assault.

This was the 113th raid of the war upon Cologne. Since the 1000-bomber attack there last May Germany is reported to have given first priority to repairs and rehabilitation of that capital of the Rhineland. London sources said a Cologne evacuation program had reduced the population to about 500,000.

A German broadcast said the British blow was on Western Germany. The raiders dropped high explosives and incendiaries and caused damage to "several hospitals" and losses to the civilian population, the broadcast said.

In their steady shuffling over Axis territory British light bombers, with Canadian and Allied fighter support, struck three times at Nazi-held Dunkerque while the Americans were returning from Wilhelmshaven.

The latest blow at Germany itself followed by less than 24 hours a shattering 20-minute raid on the Nazi industrial centre of Nuremberg which cost the R.A.F. nine planes.

"You Could Light Cigaretts on Tracers Going By," Is Lancaster Gunner's Description of Anti-Aircraft Fire

OTTAWA, Feb. 28 (CP)—"You could light cigarette on the tracers going by."

That is the way Fo. George A. (Happy) Holmes of Regina described the anti-aircraft fire over a German city during one of the 30-odd raids in which he flew as rear gunner.

Back in Canada on completion of his tour of operations, Holmes is the first gunner of a Lancaster crew to return to this country. He wears the Distinguished Flying Cross and said today the gunner's job, particularly on night operations, is not the hazardous one it once was.

"The job is one of continuous watching and searching," he said, "it is no longer the most risky job in the aircrew. It is the fighter you don't see who gets you, not the one you do see."

In addition to 25 trips to the Ruhr Valley, Holmes flew to Danzig, and participated in the hunt for the German battleships Scharnhorst and Gneisenau.

The Danzig raid, one of the longest trips made by the R.A.F. to the Eastward, might have been a suicide jump but the fliers were fortunate in that they had clouds practically all the way, said Holmes. He also took part in all the 1000-plane raids but considers the blasting job the R.A.F. did on Lubek the most successful in his experience. He said he had never seen such a concentration of fires anywhere else.

Anywhere in the Ruhr, he said, raiding aircraft run into intense searchlight pokes around the skies

and, when it picks up a bomber, from 50 to 100 white lights concentrate on that spot. The bomber crew is blinded while behind, somewhere out of the glare of lights is likely to be an enemy night fighter. The "flak" comes up.

"The only way to beat the searchlights is to dive out of them," said Holmes.

At a press conference, Fo. Holmes described life in a bomber squadron and stressed the importance of mutual confidence and good relations between the aircrew and the ground crew.

When all got to know and like one another, it was not a question of a commander giving orders but of one good fellow doing something for another good fellow. When such relations prevailed the ground crew boys were glad to put in extra time, when needed, to make sure an aircraft was in tip-top shape.

Ordinarily members of a bomber squadron turn out in the morning for a daily inspection of their planes and equipment, he said. In the evening, there is a night-flying check-up in the air, when all parts of the aircraft are given a flying inspection.

The worst time in a bomber crew's experience was several minutes before the takeoff, he said, because they have time to think.

Once they get in the air they have other things to do and don't think much about what might happen as they speed over the coast, over the sea, into enemy territory and over the target.

U. S. Keeps George Washington's Pledge to Indians

ONEIDA, Wis. Feb. 28 (AP)—The United States Saturday kept a pledge made by George Washington and for the 49th consecutive year paid members of the Oneida Indian tribe \$1000 "in consideration of the peace and friendship" of these Indians.

Living up to the spirit and letter of the Canadiana Treaty of Nov. 11, 1794, between the United States Government and the Six Nations of the Iroquois, Peru Farver, Oneida Indian agent, handed over to the General Council 51-cent checks for each of the 2434 Oneida tribesmen.

Predic de Gaulle and Giraud Will Be Working Together Soon

BY WEB GALLAGHER
Associated Press Staff Writer

ALGIERS, Feb. 28 (AP)—Informal political sources predicted today the stagnated negotiations between Gen. Charles de Gaulle, head of the French National Committee in London, and Gen. Henri Giraud, High Commissioner of French Africa, soon would be broken with the likelihood of complete amalgamation of the two forces. That's far beyond the original expectations. These sources also went so far as

Ceiling Price to Be Placed on U. S. Soft Wheat

WASHINGTON, Feb. 28 (AP)—The United States Office of Price Administration today granted a 60 cent per barrel increase in prices of soft wheat flour and announced a forthcoming ceiling on the price of soft wheat. Soft wheat flour is used largely for crackers, biscuits and pastry.

The ceiling on soft wheat, the first on any type of wheat, has been requested by James F. Byrnes, Director of Economic Stabilization and will be set, the O.P.A. said, "approximately at market levels which prevailed in the middle of the week and are slightly higher than parity."

In predict that Generals Giraud and De Gaulle may become military chiefs of the combined French forces while a third political figure, not yet on the scene, will take over the political duties.

It is understood the original De Gaulle-Giraud plan for military and economic "liaison" is not satisfactory to the British and American Governments, who believe the French must present a united front for the day when the Allies invade France.

Gen. Georges Catroux, liaison officer between De Gaulle and Giraud, now is cleaning up his affairs in Syria and is due shortly to return to Algeria. He is pointed to as the man who will speed negotiations toward a more complete understanding.

Gen. De Gaulle has been one of the chief stumbling blocks toward amalgamation, but it is pointed out the Fighting French, who are comparatively few in number, would be dwarfed by the huge French military organization being formed in Africa when the time comes for an invasion and to survive as a potent factor De Gaulle would be forced to join.

Former Arrowhead Man Mentioned in Algiers Dispatches

REVELSTOCK, B.C., Feb. 28 (CP)—Fred Roberts, mentioned recently in dispatches from North Africa as having given invaluable assistance to Americans landing at Algiers, is remembered by old-timers here from the days when he lived here or practiced business in other B.C. towns.

Roberts once lived in Revelstoke and was manager of the G. B. Hume and Company Ltd., store at Arrowhead before going overseas in the First Great War. After returning he ran a hardware store in Salmon Arm prior to 1926, when he went to Algiers as an implement dealer.

Canadians Saw Fires From 80 Mile Distance

By SCOTT YOUNG
Canadian Press Staff Writer

LONDON, Feb. 28 (CP Cable)—Canadian air crews returning from Friday night's big-scale raid on Cologne said they saw many small fires and one large one from a distance of 80 miles. R.C.A.F. crews and Canadian members of the R.A.F. took part in the attack, flying two and four-motored bombers.

Sgt. A. W. Cochrane of Regina, Captain of a Halifax bomber in an R.C.A.F. squadron commanded by Wing Cmdr. Tiny Ferris of Edmonton, saw flames and a 1000-foot column of smoke jet up from the spot where his bombs struck. It "looked like an oil tank to me," he said.

Sgt. Al (Red) Cross, a farmer from Holland, Man., had been on 28 operations but commented that "I never saw anything like the searchlights near the targets—they were stationary, just daring somebody to come in."

Other R.C.A.F. men in the raid included Flt. Sgt. B. D. Boynton, Abbotsford, B.C.

AIR CASUALTIES

OTTAWA, Feb. 28 (CP)—The R. C. A. F. in its 510th casualty list of the war Saturday reported one man killed on active Service Overseas, two missing and believed killed after air operations overseas, and one missing after overseas air operations.

Following is the latest list of casualties:
Overseas:
Killed on active service—Caldwell, Carleton Ernest, Sgt., Ottawa.

Missing, believed killed after air operations—Hutchinson, Gordon James, Flt. Sgt., St. James, Man.; McDermott, Edward, Flt. Sgt., London, Ont.

Missing after air operations—Carroll, Michael, Brian Withers, P.O., Victoria.

Previously reported missing, now reported prisoner of war—Wilson, Glenn Patrick, P.O., Ann Arbor, Mich.

Previously reported missing, now for official purposes presumed dead—Urquhart, Ronald Neil, Sgt., New York, N.Y.; Whytock, Robert William Rowland, Sgt., Montreal, Canada.

Killed in automobile accident—Mann, Harold Joseph, Ac., London Eng.

Died from natural causes: Pagan, Leslie Norman, Lac., Daymar, Australia.

Newsman Missing After Raid on Wilhelmshaven

LONDON, Feb. 28 (AP)—Robert P. Post, 32, New York Times war correspondent, is missing with one of the bombers lost in yesterday's American Air Force raid on Wilhelmshaven, U.S. Army Headquarters announced yesterday.

The announcement said two men had been seen to parachute from the disabled plane in which Post was riding as an observer.

Army officers were not without hope that Post had landed safely.

Price Board Official to Speak in Nelson

C. W. Brazier of Vancouver, enforcement counsel for the Wartime Prices and Trade Board, will address a joint meeting of the Nelson Board of Trade and the Nelson Retail Merchants Association at the City Hall Wednesday evening, states Alex Ballantyne, local representative of the Board.

Mr. Brazier will speak in Cranbrook on Tuesday.

Nazis Claim Japan Working to Exchange Nationals

LONDON, Feb. 28 (CP)—The Nazi-controlled Vichy radio broadcast yesterday a dispatch from Tokyo, reporting that the Japanese Government had entered into negotiations with the United States Government through the Red Cross for a further exchange of nationals.

Name Crew Killed in Fundy Crash

YARMOUTH, N.S., Feb. 28 (CP)—Names of the crew members of an R.C.A.F. plane that crashed in flames into the Bay of Fundy Friday were issued by the Commanding Officer of the plane's home base here. Two of the fliers were killed and their bodies have been recovered, while the others are listed as missing, believed killed.

Killed were: P. James Lorne Kenneth Daley, Montreal, and Sgt. George Beverley, Winnipeg. Listed as missing, believed killed were: P. John Basil Bond, whose next-of-kin is his mother, Mrs. C. H. Bond, Kelowna, B.C., and P. John Nathan Treadwell, Ottawa,

Set Ceiling Price on Potatoes

OTTAWA, Feb. 28 (CP)—The Prices Board Saturday announced maximum wholesale prices which may be charged for potatoes in Northwestern Ontario, Manitoba, Saskatchewan, Alberta and British Columbia, effective March 1.

Following are the prices:
British Columbia, except the Northwest section containing the Peace River Block—maximum wholesale prices (including storage allowances to March 7) basis Vancouver, \$2.95 per 100-pound bag of British Columbia Interior and Alberta Canada Fancy Netted Gems; \$2.75 for British Columbia Interior and Alberta Canada No. 1 Netted Gem; \$2.55 for British Columbia Interior and Alberta Canada No. 2 Netted Gems and for Coast and Alberta Canada No. 1 Whites; \$2.35 for Coast and Alberta Canada No. 2 Whites; \$2.05 for any other variety or grade.

Province of Alberta and that part of the Province of British Columbia lying North of the 55th Parallel of Latitude and East of the 125th Degree of Longitude maximum wholesale prices (including storage allowances to March 7) at any point in the area, \$2.85 per 100-pound bag of Canada fancy grade \$2.85 for Canada No. 1 Grade, \$2.45 for Canada No. 2 Grade Alberta Netted Gem potatoes. For all other varieties in this area the maximum wholesale prices are \$2.35 per 100-pound bag of Canada No. 1 Grade and \$1.95 for Canada No. 2 Grade.

Ontario prices West of Fort William and Armstrong and the Provinces of Manitoba and Saskatchewan, maximum wholesale prices (including storage allowances to March 7) for Alberta Netted Gems at any point in that marketing area, \$2.65 per 100-pound bag of Canada Fancy Grade; 1.35 for Canada No. 1 and \$2.15 for Canada No. 2 Grade; maximum prices for other varieties not affected.

No changes are made in the maximum prices set last December for the marketing area of Eastern Canada, which includes the Maritime Provinces, Quebec and all that part of Ontario East of and including Fort William on the Canadian Pacific Railway, with Montreal as the principal market.

Alberta and British Columbia formerly made up one price zone, under the provisions of a Board Order effected Dec. 17 last. The new Order divides them into two separate marketing areas.

The new Order also makes provision for maximum export prices for potatoes as announced by the Board last Saturday and applicable in all parts of Canada.

The new Order makes no change in the established schedules of storage allowances to cover loss from waste and shrinkage for the rest of the season, except insofar as these schedules are affected by the establishment, announced by the Board last week, of minimum and maximum spreads between carload lots which the wholesaler buys and the smaller lots which the wholesaler sells, the Board said.

OTTAWA, Feb. 28 (CP)—Prices Board officials said today no increase is contemplated in the ceiling price of soft wheat or pastry flour in Canada.

Stories of Gestapo Barbarities in Norway Make Bygone Torture Methods Pale in Comparison

BY FOSTER BARCLAY
Canadian Press Staff Writer

LONDON, Feb. 28 (CP Cable)—A grisly picture of torture that makes the methods used during the Spanish Inquisition mere child's play has been sketched by the Royal Norwegian Government in a 38-page dossier naming for the first time Axis criminals in Norway who will be brought to book after the war.

The publication branded as murderers at least a dozen torturers, headed by Police General Redless, Chief of the Gestapo in Norway. He was the man who ordered the mass execution of 35 Norwegians at Trondheim last year.

But shooting was an easy road to death compared with the suffering endured by hundreds in the Gestapo "horror chamber" at Oslo. There Norwegians had their toes, fingers and ankles broken, finger nails ripped out and they were brutally kicked and beaten with truncheons. Those who survived often were tossed into dungeons to die painful, lingering deaths.

The book described how a business man suspected of having gathered information for a "foreign power" was arrested and turned over to the Gestapo.

"He said he was taken down into the basement after having denied that he had been engaged in espionage," the investigators were told. "Here he was burned with a soldering iron on a couple of less sensitive points on the inside of the hand. Afterwards it was explained to him how much more painful it would be to be burned in a more sensitive place."

"As he still refused to confess he was first burned on the inside of one of his wrists, which made a wound about the size of a florin, and then burned with the same iron on the other side of the artery. Finally a line was burned between those two wounds right across the artery."

A witness gave the following details: "I talked with him (the prisoner) in his cell on the morning after he had been questioned and he told me that the interrogation had lasted throughout the night. The policemen had broken four of his fingers, three one one hand and one on the other and had pulled out the nails from two of them."

"Afterwards they had hit him with sticks wrapped with cloth until he collapsed. They turned him on his back and jumped on his stomach, whereupon blood came from his mouth. . . I myself saw that four fingers had been broken and were bent backwards and that both his hands were very swollen. I also noticed that two nails were missing."

First Thaw Starts Ukraine Floods but Does Not Halt Russ Offensive

By EDDY GILMORE
Associated Press Staff Writer

WITH THE RED ARMY IN THE UKRAINE (Delayed) (CP)—A great thaw is flooding the vast undulating lands of the Ukraine and slowing up military operations, but it is in no way halting the Soviet's Winter offensives.

In the first visit of foreigners to the reconquered area of the Ukraine, I am here with the Red Army moving up for further blows at German forces which are mixing withdrawals with counter-attacks.

Back behind us in many villages, cities and towns, the people are restoring order and trying to pick up their lives where they left off. There are big places like Kharkov,

however, which were all but ruined by the Germans, who set the torch as they fled.

The thaw has brought deep slush which is particularly hard on automobile transport. It does not, however, mean the end of Winter.

"This is the first thaw," said Maj. Gen. Georg Zaitsev, whose troops were the first to enter Kharkov, "but there are frosts coming."

The grey-haired, cleft-chinned general is confident that the slush of Spring will not bring the Russian drives to a halt this time. He was interviewed in a town where the Germans smashed the lighting system as well as the water supply.

We asked him why he thought the Soviets would continue to beat the Germans and continue to drive them

Churchill Words Quoted in Argument Against India Independence

BY DEWITT MACKENZIE
Associated Press Staff Writer

Does Great Britain really desire a settlement of the Indian crisis or is she playing the factions against each other in the hope of postponing the granting of independence and thereby retaining her hold on this vast subcontinent?

India maintains that Prime Minister Churchill himself gave the reply in a speech at the Lord Mayor's banquet in London last November when he declared:

"I have not become the King's first Minister in order to preside over liquidation of the British Empire."

It has become one of the most quoted statements in current history. But when you make it apply specifically to India you are trying to read Mr. Churchill's mind, for he didn't mention India.

I have examined a lot of well-informed witnesses in the Government camp and the position was this when I left India just before Mohandas Gandhi began his 21-day fast:

The Government of India had no intention of reopening the question of Indian independence during the

war. The grounds given for this stand include these:

1. The various Indian political factions were so embroiled among themselves that there was no responsible body to which power could be entrusted.

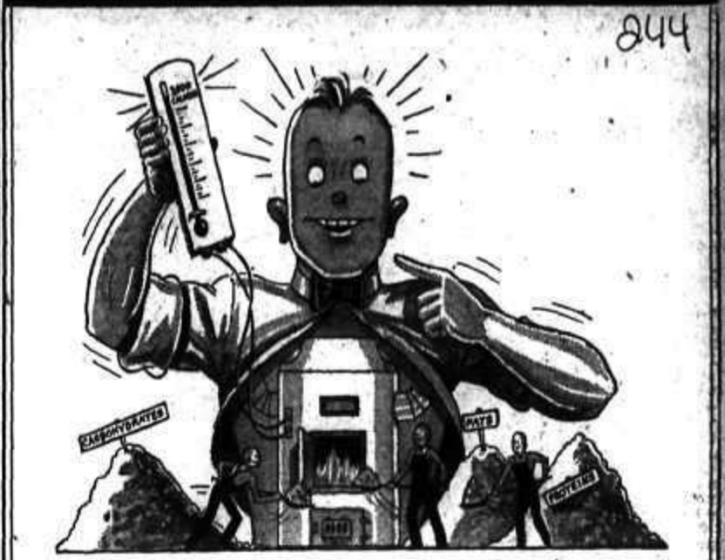

2. The country was being plagued by destruction of property and bloodshed, which the Government attributed to the influence of Indian leaders, then in prison.

3. Some Indian leaders had been demanding immediate control of agencies vital to the direction of the war, despite their total inexperience in such things.

4. It would be dangerous to the Allied war effort to attempt to transfer power under such circumstances.

Despite the All India Congress' invitation to Britain to quit India in the heat of last Summer's political battle, most Indians with whom I talked would consider it a disaster if Britain withdrew her support and guidance before a new constitution had been drawn up and a national Government was functioning properly. Some think it would take 10 years to reach that point.

So the indications are that John Bull intends to carry on until he has completed his task in India,

O. K., BOYS . . . That's Enough for Today

"Lean on your shovels for a while. I've got enough steam up to last me 24 hours."

That "steam" is Food Energy, without which he could not work or play—or even think. Food-energy is generated by the Carbohydrates, Fats and Proteins he eats. It is measured in "Calories". To be healthy he must keep his calorie intake equal to his energy needs. An excessive amount goes into fat! An insufficient amount leaves him listless.

We all need a daily supply of Calories—the amount varying according to our age and the type of work we do. A growing child needs more than an adult in proportion to his weight. A bricklayer needs more than an office worker.

But we don't need to be particular about counting our calories. If we're getting enough Milk and Dairy Products, Meat and Eggs, Vitamin B Bread and Whole Grain Cereals, Fruits and Vegetables, we'll be getting enough calories. For checking purposes—here's a chart that might be useful:

Daily Caloric Requirements

Individual	Age in Years	Average Total Calories for 24 Hours
Man, very active	—	4,000
Man, moderately active	—	3,000
Boy	16-20	3,800
Woman, moderately active	—	2,500
Girl	16-20	2,400
Boy	13-15	3,200
Girl	13-15	2,800
Boy or Girl	10-12	2,500
Child	7-9	2,000
Child	4-6	1,600
Child	1-3	1,200

VICTORIA BEER PARLORS CLOSED
VICTORIA, Feb. 28 (CP)—Beer parlors of greater Victoria have been closed since Wednesday and will not reopen until Tuesday at 2 p. m.

The Liquor Control Board is unable to deliver its March quotas until Monday but by Dominion Government order beer may be delivered to beer parlors three days a week. Monday is not one of the three days, so no deliveries can be made until Tuesday morning.

Veterans' clubs are not so badly off. They are rationing daily sales and when the day's quota runs out they close up as early as 8 p. m.

Winnipeg Suffers Flu Epidemic
WINNIPEG, Feb. 28 (CP)—All Winnipeg hospitals were filled as the influenza epidemic, prevalent for more than a week, continued.

Hundreds of Winnipeg citizens were confined to their homes, many unable to gain admittance to hospital.

Let Gandhi Fast If He So Wishes

Mahatma Gandhi, in his "non-violence" campaign just before he was last arrested and while the Japanese via Burma were pounding at the gates of India, approved of internal disruption and violence. He said he realized that violence was an inevitable result of his "non-violence" campaign.

In that "non-violence" campaign he declared that if the Japanese invaded India he and his followers would do nothing to stop them. They would merely reason with the ravagers in a friendly way.

No matter what the consequences to himself may be in his theatrical fasting display, they are, as Prime Minister Churchill says, entirely his own affair.

The British Government has an inescapable duty to India, and to the cause of the United Nations, and to give way to Gandhi and silly sentimentalism would be a crime against the cause for which we are fighting.

Kaslo Is Not Repudiating

Legislative authority to the City of Kaslo to reduce to 4 per cent the 6 per cent interest on its 1930 light and power debentures is being given only after a majority—in valuation—of the owners of the bonds have consented in writing to the lower rate.

No repudiation is involved. The bondholders have agreed to accept a reduced rate of interest because of Kaslo's financial necessities and because they feel that from their own viewpoint it is good business to cooperate in Kaslo's financial rehabilitation.

Provision is made in the Act for raising by special rate the amounts necessary for interest and sinking funds. Until the debentures are redeemed no capital assets of the city may be disposed of without the approval of the Minister of Municipalities, and annual estimates must be submitted to the Minister. No indemnity may be paid to any member of the City Council.

Exterminate Them

James Mowat, M.L.A. for Alberni, is among those to advocate an increased bounty on cougars and wolves in British Columbia. With wolves he no doubt includes coyotes.

British Columbia's policy on cougars, coyotes and wolves should be directed toward extermination. Nothing else will be anything but palliative.

These predatory animals serve no good purpose; they destroy poultry, sheep, other domestic animals. They are a constant menace to our meat animal production. They cost the farmer a lot of money, sometimes they force him to abandon the raising of meat animals.

It might be that if we get rid of cougars and coyotes in British Columbia the number of deer will show a rapid increase, but that will be a problem that can easily be solved.

Today's Horoscope

If your birthday is today you are honest and possess the gift of perseverance in effort which should bring you success. Foster the self-confidence within yourself. Your genial temperament and sincere affection augur happiness in love. Early on the morning of your birthday over-optimism about winning the sweepstakes or "cleaning up" in a lottery because of seeing a mystic symbol in a dream may lead to loss and regret. Keep a appointment this morning, even if you don't like it. Don't procrastinate in the evening finish one job and then begin another. The hour may be late, but you will make an excellent start on a new project.

War—25 Years Ago

By The Canadian Press
March 1, 1918—Armed merchant cruiser Calgarian torpedoed and sunk off the North coast of Ireland, German destroyer and two minesweepers sunk in minefield off Netherlands coast. American troops repulsed German raid North of Ypres on the Lorraine front.

ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions will not be answered by mail except when there is obvious necessity for privacy.

J. S. M. CanalFlats—Have read Dr. Logan Clendinning's column in January 28th issue. Where does one obtain the book on mental illness which he mentions? I would like to know just what types of mental illness it deals with.

The book entitled "Mental Illness: a Guide for the Family," by Edith M. Stern and Dr. Samuel W. Hamilton, can be obtained from The Commonwealth Fund, 41 East 57th Street, New York, N. Y., or ordered at a book store.

Reader, Nelson—Could you please tell me who wrote "The Gelaha Girl"?
Sydney Jones.

Soldier's Wife, Nelson—How much allowance should a soldier's wife with five children under 15 years of age receive?

Higher pay for soldiers and increased allowances and bonus to their dependents were announced at Ottawa, December 15. The cost of living bonus to wives went into effect January 1, and the increase in assigned pay was announced to go into effect February 1. The change has been made in the cost of living bonus, but the assigned pay has not yet been put into effect in many cases. Under the new allowances a soldier's wife with five children should receive \$35 plus \$2.00 bonus for herself; \$25 assigned pay and \$12 each for the first two children, \$10 for the third and \$8 each for the fourth and fifth child, making a total of \$110.00. The bonus is subject to change as the cost of living index fluctuates.

P. L. S., Canadian Army Overseas—Could you please tell me where "Miss Canada," who appeared in your paper about November 13, 1942, is from, and what her name is? As I want to settle an argument on the subject, I hope you will be able to tell me. We are sorry that we are unable to give you the name of the "Miss Canada" whose picture appeared in the Daily News issue of November 10, 1942. We have referred your letter to the National Film Board, and there may be a possibility that they will be able to give you the information.

A Cheer for the Steer

"Vegetarian" writes in to applaud Meatless Tuesdays and to remind us meat eaters that we take a mean advantage of the so-called lower animals, when we compel them to do a considerable part of our eating for us, observes the New York Times. The steer, for instance, dedicates his life to storing up rib roasts and steaks and packing away concentrated proteins and fats, of which we rob him in due course.

It's true, indeed. A grateful cheer for the dutiful steer! Only for him and his fellow-creatures of the stockyard we might have to resort to salads, like "Vegetarian" and George Bernard Shaw and Nebochadnezzar, and perhaps pend all our waking hours at it in order to accumulate strength to survive. There wouldn't be time for attending football games or marching in political parades, or anything else much. How many tons of grass and sorghum and corn the steer consumes to produce a pound of sirloin steak our correspondent does not say. Maybe he will write again.

Looking Backward

TEN YEARS AGO
From Daily News, March 1, 1933

T. W. Bingham, Vice-President in charge of finance, of the C. M. & S. Co. at Trail, is understood to be leaving for a three months' trip to Europe in the immediate future. He will be accompanied by his daughter.

England has won the coveted "Aaker", emblematic of cricket supremacy of the world, but the versatile Don Bradman has left Australia not shorn of honor by retaining his title as the finest batsman of the day.

President-Elect Franklin D. Roosevelt broke precedent tonight with the selection for the first time of a woman for the Cabinet. He named Miss Frances Perkins, New York Commissioner of Labor, to be Secretary of Labor.

Defending the acts of his Government against charges and criticisms of the Opposition Leader, Premier S. F. Tolmie, speaking in the debate in reply to the Speech from the Throne in the B. C. Legislature, characterized the allegations of T. D. Pattullo, Liberal leader, yesterday as "empty vaporing."

25 YEARS AGO
From Daily News, March 1, 1918

Hope that the P.G.E. would be constructed to Williams Lake or even 12 miles farther to Soda Creek this year was expressed by A. F. Proctor, Provincial Government Engineer, before he left for Victoria, and if it is found possible to finish construction as far as Soda Creek, rail and water transportation will be opened between Vancouver and Fort George.

Although the November and December financial report of the Standard Silver Lead Mining Company shows profits of \$10,917.83 and \$24,174.90 respectively, no dividends were declared, pending the war tax in British Columbia and the United States.

Standard war bread will be on sale in Nelson for the first time today. It will sell at the same cost per 100 ounces as the ordinary bread. But the size of the loaf will be larger, from 18 to 19 ounces instead of from 15 to 18 ounces, and the price will be 10 loaves instead of 12 loaves for \$1.

Etiquette Hints

When rising from a dining table it is considered better form to allow the chair to rest where it is, rather than to push it back into place.

U. S. Exports
Factories

A wholesale plant export program, in which entire factories are being lifted up and shipped from the United States, is being carried on by Washington agencies, which plan to accelerate shipments soon, Newsweek points out.

Latest evidence of this came when the Office of War Information announced that the Douglas Oil Refinery, near Los Angeles, would be shipped to Russia and is expected to be making 87-octane gas there within a year. It will be transferred under lend-lease. This follows other such purchases for Russia, including Ford's tire plant. There are to be shipped soon.

Shipments already made to the Soviet included a considerable amount of oil pipe line and pumping equipment and some locomotives and freight cars sent to the Iran-Iraq region for Russia's supply lines. Part of an aluminum mill has also been exported, with the rest to follow, and under consideration now are a power plant and another tire-making factory.

Latin America has been getting whole textile mills about six of which have already been shipped. Factories making refrigerators, shoes, paper, paint and varnish, fire brick and cement are listed in a confidential draft of 300-odd plants for possible South American export which government agencies have just drawn up.

Press Comment

AGREEMENT ESSENTIAL ON CANADIAN AIMS

Canadians, now united in the objective of winning the war, have shown that they can achieve marvels of production and full employment for their skills and energies.

Canadians unite on peacetime objectives! They must if the full benefits of peace and of the nation's greatly increased productive capacity are to be enjoyed.

Graham F. Towers, Governor of the Bank of Canada, emphasizes this in his annual statement when he refers to "the unity of national purpose which has produced such remarkable economic results over the past four years." He said:

"After the war is over the present driving stimulus to maximum employment and production will be removed. If we are to maintain full employment in peacetime we must substitute other objectives for the current will to win the war.

"Broadly speaking, our goals should be to provide a rising standard of living and to contribute to the establishment of a world economy which will remove the threat of war....

"Proper financial and economic policies can play an important part in the attainment of such peacetime objectives. But if we are to achieve success, I feel that we must have the same broad measure of public support behind those objectives that is now back of efforts to win the war."

The great danger ahead is not that our economic system cannot do the job of providing full employment and an improving standard of living.

The danger against which we must strive is that as a nation we may lack the essential unity, agreement on basic general principles. An irreconcilable split between die-hard rightists and leftists would stall us completely—like two horses pulling in opposite directions and the wagon getting nowhere.

It was a split of that kind which was wrecking France in 1938; which contributed to the French disaster.

As one of Canada's best informed business thinkers recently said: "If we can achieve this basic unity of purpose and method, I have sufficient faith in Canada to believe that so far as production, national income, social security, profit-making possibilities, etc. are concerned, we haven't seen anything yet."—Financial Post.

APOSTROPHE TO WASHINGTON

Octavius Roy Cohen, the short and long story writer, has just returned from Washington somewhat more perplexed than any of the characters he has created. When he went down, he was still convinced that Winston Churchill's apostrophe to the R.A.F. was about as fine a bit of rhetoric as he had ever heard: "Never have so many owed so much to so few." But during his sojourn in Washington he got quite as much mixed up as a great number of the people he talked to there. Thinking of Washington, of course, and not of the R.A.F. Mr. Cohen now goes about murmuring to himself: "Never was so little done by so many for so much."—Colliers.

CANADA PROVIDES EXAMPLE

Since Canada has been considerably more successful than the United States to date in stabilizing living costs, and since the judicious use of subsidies has played an important part in the Dominion's stabilization program, the use of subsidies to implement the American stabilization effort should be reconsidered with an open mind.—Journal of Commerce, New York.

Test Yourself

1. What is the Alcan?
2. Must a member of the U. S. House of Representatives be a resident of the district which he represents?
3. Do members of the U. S. Congress receive extra compensation for work on committees.

TEST ANSWERS

1. The Alaskan-Canadian Military Highway is sometimes so designated.
2. He must be a member of the State in which he is chosen, but need not be a resident within the district.
3. No.

Words of Wisdom

A good word is an easy obligation; but not to speak ill requires only our silence, which costs us nothing.—Tillotson.

B. C. and Prairie Provinces Lumber
Production to Be Used Within Area

OTTAWA, Feb. 28 (CP)—Lumber production in the three Prairie Provinces and part of British Columbia is being directed as far as possible for use entirely within the area, Timber Controller Alan Williamson said today.

The arrangement for direction of 1943 lumber production in Western Canada has been made in cooperation with the United States War Production Board and does not constitute an embargo, the Controller said.

"In order to provide minimum essential military requirements for Canadian and United States Army Engineers and about one-half the minimum requirements for essential industries and civilian use in the three Prairie Provinces and part of British Columbia the 1943 production is being directed as far as possible entirely in the area," Mr. Williamson said.

"Even on this basis it is expected to fall about 100,000,000 feet short." "The arrangement has been made in cooperation with the War Production Board of the United States and does not represent an embargo but rather is designed to use the lumber for essential purposes in the area in which it is produced, instead of continuing to ship substantial quantities to the United States which would mean reshipping from the United States very substantial quantities for the needs of United States Army Engineers on the Alaska Highway. This would mean a wasteful use of transportation and increased costs," Mr. Williamson said.

Police Defraud
Appeal to Be
Heard Tuesday

VANCOUVER, Feb. 28 (CP)—British Columbia Court of Appeal will open hearing of 36 appeals, all but three of them criminal cases, at sessions here next Tuesday. The cases include the appeals of three Victoria merchants and a former quartermaster of Provincial Police from convictions on charges of conspiring to defraud the Government in connection with police stores.

Only the
RED CROSS
Can Pass
With Food and Comforts
for
Our Prisoners of War!

BARBED WIRE and enemy guards "do not a prison make" for Canadian soldiers captured by the enemy. Their thoughts, winging across the sea, meet Red Cross parcels on their way to them.

Last year, the enemy said "pass" to 2,000,000 such parcels. They were packed with 22,000,000 pounds of food and comforts welcomed by men to whom the barest necessities have become luxuries.

But, most of all, to each prisoner every Red Cross parcel is a message from home—a definite assurance that he is not forgotten, a reminder that no captured Canadian soldier is ever marked "off strength" by the Red Cross.

Thirty percent of the money you gave to the Red Cross last year was used to provide parcels for prisoners of war. The money you give now will help to keep up and increase this flow of good cheer and hope to these lonely men.

Consult your heart—Obey its dictates—Give liberally

RED CROSS SHOP — BAKER STREET

How Your Money Will Be Spent

	Amount	Percent
Food parcels for British and Canadian Prisoners of War in Europe	\$5,000,000

NELSON SOCIAL

By MRS. M. J. VIGNEUX

Mr. and Mrs. J. W. Henrickson, 406 Victoria Street, announce the engagement of their daughter, Eva, to Cpl. Donald Geoffrey Jordan, R.A.F., eldest son of Mr. and Mrs. S. A. Jordan, Gloucester, England, the wedding to take place April 3.

Mrs. L. Hanna, Cedar Street, returned Saturday morning from Calgary where she has spent the past 10 weeks at the home of her son-in-law and daughter, Loe. R. Bain Oliver and Mrs. Oliver.

Mr. and Mrs. T. W. Smith of the Alpine mine were in town during the weekend.

Mrs. O. Bird visited friends in Trail at the weekend.

Mrs. E. J. Boyes, Johnstone Block, has returned from Greenwood where she spent a week visiting her parents, Mr. and Mrs. Price.

Mrs. A. E. Dalgas of Crescent Valley visited Nelson during the weekend.

Oscar H. Burden was in town from Crawford Bay Saturday.

Shoppers in the city Saturday included Henry Hayes of Crescent Bay.

Mr. and Mrs. Walley McPhail and their children of Corra Linn spent Saturday in Nelson.

Mrs. Charles Healy of Willow Point and her son were city shoppers Saturday.

LEAVES FOR COAST

Miss Eva Johnson left yesterday to reside in Vancouver.

Miss Donella Dingwall spent the weekend with friends in Trail.

Mrs. Oermale, who has spent the past five weeks at the home of her son-in-law and daughter, Mr. and Mrs. I. Smelt, Victoria Street, has returned to Medicine Hat.

Pie. Charles Shrieves who spent his furlough at the home of his parents, has returned to Port Alberni.

Mrs. N. Shikwarok of Procter visited Nelson Saturday.

VISITOR FROM COAST

Mrs. H. J. Hewitt of Vancouver is a guest of her son-in-law and daughter, Mr. and Mrs. Jack McDonald, Nelson Avenue.

Miss Betty Shrieves has arrived from Uclulet, V.I., and is at the home of her mother, Mrs. A. Shrieves, Cedar Street.

Pte. Emily Leeming of Trail visited her parents, Mr. and Mrs. J. Leeming, Nelson Avenue, at the weekend.

Mrs. Guy Brownell was in town from Kaslo during the weekend.

Shoppers in the city included Mrs. F. H. Russell of South Slokan.

Mrs. A. Barnes of Willow Point spent Saturday in town.

Visitors in Nelson Saturday included Mrs. Samuel Bonacci of Procter, who visited her daughter-in-law, Mrs. Louis Bonacci, in Koot-

enay Lake General Hospital.

Miss Ruby Jarbeau spent the weekend with friends in Trail.

HESE FROM COAST

Stanley Montgomery of Vancouver arrived in town Friday night enroute to the crew. He will be accompanied home by Mrs. Montgomery and baby daughter, Stansie Ann, who are spending a few weeks visiting relatives in Nelson.

Dr. Anne Norrington of Crescent Bay spent Saturday in Nelson.

A. Shrieves was in town from Bonnington Friday visiting his family on Cedar Street.

Mr. and Mrs. J. Black and daughter Jacqueline of Sheep Creek shopped in Nelson Saturday.

Mrs. C. Ferraro of Fife arrived Friday to spend a few days with her daughter, Frances, 414 Houston Street.

Mrs. O. W. Humphry of South Slokan was a city visitor Saturday.

Young Soldier . . . Wants to Decide Between 2 Girls

By BEATRICE FAIRFAX

Dear Miss Fairfax:

There are two girls in my life. One of them is 21 and has a good job in government work, and almost insists that I come to see her every day I'm out on furlough. (I'm in the army). I met her only about a year ago, and don't seem to care much for her, although she tells me she loves me.

The other girl is a very dear friend whom I've known for years; in fact we went partly through high school together (she moved into our neighborhood when I was in third year high). She is 19 and has every quality that would make a wonderful wife. I've asked her to marry me after the war is over, but she says she doesn't love me and can't give me an answer now. I love her dearly and would like her to promise that she will wait for me.

I'm 24 years old and know I could give her a happy home, as I will have my position waiting for me when I return.

SOLDIER.

Hints for Housewives

By BETSY NEWMAN

and cottage cheese and serve on shredded or chopped greens with French or cooked salad dressing.

MOLASSES PEANUT GEMS
3 tablespoons margarine, 2 tablespoons sugar, 1 egg well beaten, 1/2 teaspoon salt, 1/4 teaspoon soda, 2 teaspoons baking powder, 1/2 cup milk, 1/4 cup flour, 1 teaspoon cinnamon, 1/2 teaspoon ginger, 1/2 cup molasses, 1 cup chopped peanuts.

Cream margarine, add sugar and cream well, add egg and blend all together. Sift flour, measure and add alternately with milk and molasses blended together. Stir in the muffin mix in moderate oven (350 degrees F.) for 25 minutes. Makes 24 small or 18 large gems.

COTTAGE CHEESE SALAD

1 cup cottage cheese, lettuce, cabbage or celery cabbage, 1 green onion top, French salad dressing.

Cut green onion tops fine and mix well with salt and pepper or paprika

Leonard Stewart Promoted to Rank of Flying Officer

—Photo by Vogue.

Word of the promotion of their son, Pilot Officer Leonard J. Stewart, to rank of Flying Officer was received in Nelson last week, by Mr. and Mrs. W. G. Stewart.

Mr. Stewart is serving with the R.C.A.F. overseas. He enlisted in the Air Force in May, 1941, and at his graduation from No. 3 S.F.T.S. at Calgary, in December, 1941, he was awarded the gold engraved identification bracelet for highest honors in his class.

Before his enlistment he was attending University of British Columbia.

ROSSLAND CHILD FULLY RECOVERED

ROSSLAND, B.C., Feb. 28 (CP)—The three-month-old daughter of Mr. and Mrs. William Terman was taken back to her parents' home today, fully recovered from a combination of pneumonia and whooping cough which might have been fatal but for a saving serum rushed here by plane and car from the University of Minnesota at Minneapolis.

The child was near death four weeks ago when a physician at nearby Trail, B.C., recalled the serum was available at the university, where he recently had completed a post-graduate course. Less than 24 hours after he telephoned Minneapolis the serum was in Rossland, having been flown to Spokane and then brought North by automobile.

Boswell Hospital Auxiliary Seeks New Funds

BOSWELL, B.C.—The Boswell Women's Auxiliary to Creston Valley Hospital was held at the home of Mrs. A. Mackie.

Membership fees were raised to \$1 a year. In addition, each member is asked to raise something towards the funds during the year, in order to ease the burden of the committee.

The Auxiliary will again pay three days hospitalization for any member. Last year, three members were hospitalized. Besides this, the Auxiliary paid \$36.50 to the Creston Hospital and still has a balance in hand.

Mrs. A. Mackie is re-elected President, with Mrs. Eric Bainbridge as Secretary-Treasurer. Mrs. Edwin Bainbridge, who was unable to be present, will be asked to serve as Vice President again.

BALFOUR

BALFOUR, B.C.—Mr. and Mrs. Earl Cook of Pincher Creek were weekend guests of Mr. and Mrs. S. S. Fraser.

Mr. and Mrs. Ralph Puschel and Barbara were Nelson shoppers. Miss Elmira Ebbin visited her home here.

Mrs. E. Young, of Longbeach, Calif., visited Mr. and Mrs. Fraser and Mrs. E. J. Boyes enroute to her home.

Mrs. Anderson and Mrs. Hoskin were Queen's Bay visitors.

H. Hudson has returned from Trail.

Misses Dorothy and Kaye Cooper were weekend guests of Miss Vivian Wiberg of Nelson.

Mrs. A. Cooper spent a couple of days in Nelson.

Women's Services Need 30,000 More Recruits

OTTAWA, Feb. 28 (CP)—Some 50,000 Canadian women will be wearing the King's uniform by the end of 1943 if Canada's three armed services reach the objective they have set for themselves.

That means just about 30,000 new recruits for the Canadian Women's Army Corps, the Women's Division of the R.C.A.F. and the Royal Canadian Women's Naval Service.

Between them the three services now have about 20,000 women in service, around 10,000 in the Air Force, 8,000 in the Army and 1,000 in the Navy.

It is understood the aim is to bring the Army women up to about 25,000, the Air women to about 20,000 and the Naval women to 5,000 during 1943.

Signs . . . Nails May Show General Health

By LOGAN CLENDENING, M.D.

The fingernails and toenails are often an index to the general state of the body.

But as a matter of fact many of the diseases of the nails are entirely local. The breaking and scaling of nails and the general shaggy appearance which they occasionally take on is either due to ringworm infection of the nail bed or to a pus infection by staphylococcus germs of the nail bed.

These infections produce a very unsightly appearance in the nails, but they can be corrected with considerable certainty by the use of the ordinary methods that are used for ringworm infection and pus infection elsewhere.

RIDGES ON NAILS

Ridges on the nails trouble a great many people. In most cases they do not mean anything. A transverse ridge from side to side on all the nails of the fingers means that at one period in nail growth there was bad nutrition.

Longitude ridges in the nails, that run up and down do not mean anything. They are simply an indication of an irregularity in the root of the nail or nail bed and this is an anatomical condition which is laid down at birth.

CHANGE OF COLOR

Color changes in the nails are usually of no significance. The white spots, leuconychia, have no meaning at all.

Now last, to name the nail conditions which indicate a general constitutional disease, we find the nails which go with clubbed fingers—enlargement of the hands and fingers with nails that are gently dome-shaped, of an egg-shell consistency and are indications of an infection of the lungs or of congenital heart disease. I have seen a diagnostician take a patient with clubbed fingers and curving nails and make a diagnosis of an old, neglected undrained abscess in the lung on the ground that they indicated constitutional disease.

QUESTIONS AND ANSWERS

D.P.: I have been in bed five weeks with rheumatic fever. Does one have to have absolute bed rest? Does this fever come right back again if one is exposed to cold or gets chilled?

Answer—It is wise to enjoy a long period of bed rest in rheumatic fever in order to protect the heart. Although it is true that rheumatic fever tends to recur, there is no rule or regularity about its recurrence.

BALFOUR CHILDREN STAGE PARTY

BALFOUR, B.C.—The mothers and friends of the Balfour children were entertained at the school at a party. Tea was served by Miss Sutherland. Program participants were Kenneth Cooper, Phyllis Franklin, Teddy Cooper, Patay Boyes, Joe Philpot and David Cooper.

Refreshments were sponsored by the Women's Institute.

Violations of Ceiling Prices Not Wilful

"I am satisfied that there has been carelessness, not wilful attempt," said Magistrate William Brown in City Police Court Saturday, when he imposed a penalty of \$200 on McDonald Jam Company Ltd., convicted Thursday of the charge of violating ceiling prices laid by the Wartime Prices and Trade Board. "The infractions are small compared to the volume of business done," he said.

W. W. Ferguson was Crown Counsel, and C. B. Garland, Counsel for the defence.

EDYTHE THOMSON TRANSFERRED TO NEW YORK

Word has been received here that Airwoman Edythe Thomson, R.C.A.F. (W.D.) was transferred to the British Air Commission at New York. Miss Thomson, former Secretary of the Chamber of Mines in Nelson, has been stationed at Mountain View, Ont. She planned to leave for New York on Sunday.

Practically all the coal found in South America is within the borders of Chile.

Harmful Effects . . . Anxiety May Lead to Pampering

By Garry Cleveland Myers, Ph.D.

As we observe some parents who pamper a child or express anxiety over him, we may not be aware of the cause back of it. While the harm to the child may be no less serious when we know the cause of the parents' attitude, our knowing the cause should make us more charitable toward this anxious parent. Also for the parent to be led to look at the cause objectively might help him or her to strive more effectively to change for the better.

The death of the first child may cause parents to pamper and be more anxious about the health and safety of the second, especially if the second is the only one left or was born after the death of the first.

OTHER REASONS FOR PAMPERING

Then there is the mother who pampers her child because she constantly recalls the excessive strictness of her own parents or the struggles she went through in her childhood or girlhood. Too, there is the mother who lets the child have his way for want of moral courage to say No when she should. In this direction, all of us parents err at times.

BOLVING PARENT PROBLEMS

Q. My little boy, three, seems to be very bright. After he hears a story or poem read a few times he can give it word for word. My friends marvel at what he says, knows and does. What advice have you for his best home education?

A. Avoid talking of his achievements, even in his absence. Never nit toward him as if you supposed he were unusual. Induce your close friends to cooperate. What he needs most to learn is proper humility, lest he grow up a prig. Keep on reading to him. Encourage him to color, draw, and make things alone and with other children his age and to engage in the rough-and-tumble of the neighborhood playground, settling his own quarrels and fighting his own battles.

ASHCROFT, England (CP)—A Christmas parcel was sent by this Kent town, to the sailor with the deepest blue eyes, in H.M.S. Albion, the town's adopted ship. The townspeople don't know yet who got it.

YOU WOMEN WHO SUFFER FROM HOT FLASHES

Luncheon: Cottage Cheese Salad, Bran Muffins, Baked Apples, Milk

Dinner: Pot Roast, Carrots, Onions, Potatoes, Mixed Green Salad, Molasses Peanut Gems

COTTAGE CHEESE SALAD

1 cup cottage cheese, lettuce, cabbage or celery cabbage, 1 green onion top, French salad dressing.

Cut green onion tops fine and mix well with salt and pepper or paprika

Economical Meat Casserole

This week, Miss Logan gives a useful recipe for using economy cuts

CASSEROLE FOR 4

Cooking time 1 1/4 hours

1 1/2 lb. chuck steak
4 potatoes
Salt, pepper, Silverleaf lard
1 onion
1 cup tomatoes

Car in serving pieces and brown steak in hot lard; season. Place in casserole or baking pan. Cover with sliced peeled onion and potatoes. Season. Add tomatoes. Cover. Bake in moderate oven (350°) about 1 hr. Uncover; bake 15 minutes, till the savory liquid is absorbed by the potatoes.

Adaptability is the secret of successful "wartime housekeeping."

I mean the kind of housekeeping every patriotic Canadian woman takes a pride in these days . . . the kind in which proper nutrition and avoidance of waste are paramount considerations.

Take the economical meat casserole we illustrate this week. It helps you use the thifty but equally nutritious cuts of beef, lamb or veal. And that's what I mean by adaptability—the readiness and ability to use a great variety of valuable foods which we might not think about in peacetime. In the actual recipe, we suggest chuck steak; but you could use a variety of other similar less-sought-after cuts with equally appetizing results. Consult your own butcher as to

Valuable Nourishment for HARD WORKERS

IN every serving of "Grape-Nuts" Flakes you get important minerals . . . iron and phosphorus . . . and vital proteins . . . and carbohydrates.

When you give your family "Grape-Nuts" Flakes, you can be sure you're giving them valuable nourishment, as well as a treat that's tops in flavor!

Made from two grains—wheat and malted barley—and twice cooked, "Grape-Nuts" Flakes is the tastiest, most delicious cereal you've ever tried. Order some from your grocer tomorrow—in the regular size or the giant economy package.

A "DOGGY" CHAIR SET

A floppy-eared cocker spaniel poses with grave dignity on the back piece of this unusual chair set. The arm sections show pretty flowering branches. What a delightful way to safeguard furniture against wear—and beautify it at the same time! Pattern 552 contains charts and directions for chair set; stitches; list of materials needed.

Send twenty cents for this pattern to The Nelson Daily News, Needlecraft Dept., Nelson. Write plainly pattern number, your name and address. Pattern will be mailed to your home within 10 days.

Marion Martin

WELL-FITTING SLIP

Your Spring dresses and suits are slimmer, straighter this year—and a well-fitting slip like Pattern 9111 by Marion Martin is a real necessity. The front panel and the high waist seams at either side give smooth lines; the soft bodice sections are in-one with the straps.

Pattern 9111 may be ordered only in women's sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 36 requires 39-inch fabric.

Send twenty cents for this pattern to The Nelson Daily News, Needlecraft Dept., Nelson. Write plainly pattern number, your name and address. Pattern will be mailed to your home within 10 days.

AUNT HET

By ROBERT QUILLEN

"Jim hasn't amounted to much, so he brags about his ancestors; Henry is a big shot, so he likes to brag about his humble start!"

Contract... By Shepard Barclay

USE YOUR HONOR FIRST
WHEN YOUR partner's suit is already partly set up, and continuance of it seems to be the best defense against a hostile No Trump game, your assignment is twofold. First, you are to help him clear the suit as soon as possible, by doing whatever you can to knock out the declarer's stoppers in it. Second, you are to protect his entry or re-entries, to see that the declarer does not remove his chance to gain the lead after his suit is established.

♣ 10 8 6 4

(Dealer: West. Neither side vulnerable.)

West Pass North East South
Pass Pass Pass 1 NT
Pass 2 NT Pass 3 NT

South let the diamond Q hold the opening trick and won the diamond 10 with the dummy's K. With eight tricks sure in spades, hearts and diamonds, he had to get at least one in clubs to make his game, and so led the 5 from dummy. This was to tempt East—one of those who acts largely by rule—to play "second hand low." If he had led the Q from dummy, he could have felt sure that East

would "cover an honor with an honor."
Sure enough, East did play low, and the 10 went to the A. West's hand was dealer than a doornail now, but he nevertheless led his diamond 10 to the A. Now South sent a second club out, which East won with the K. Having no more diamonds, he returned the heart 3. Consequently South scored three tricks in clubs, two in diamonds, three in hearts and three in spades, making two extra tricks.

Following basic principles of defense, East should have put his K on the first club lead and fired back his last diamond. That would have knocked out South's last stopper. When South then led clubs a second time, West would have won after his diamonds were set up, and could have cashed the two tricks which would have beaten the declarer by one.

Tomorrow's Problem

Bomber Team Wins Overseas Title

LONDON, Feb. 28 (CP Cable)—The hockey championship of the R. C. A. F. overseas was won today by the Bomber team from a squadron commanded by Wing Cmdr. Henry Cascales of Hamilton, Ont.

The Bombers beat a combined Army cooperation and night fighter squadron 4-1 in the second game of a two-games total-goals series, after winning the first 7-1.

The Bombers crack forward line of Cpl. Woodrow (Porky) Dumart—formerly of Boston Bruins of the National Hockey League—Sgt. Lloyd Wilson and Sgt. Gordon Duffield counted five goals, Wilson getting three, and dealt heavy opening blows from which the Wallpapers did not recover.

Aircraftman Bill Legg of the Bombers was another individual star with two goals.

Two hundred branches of Australian banks have been closed to release manpower, and 300 more are to follow.

Market Trends . . .

NEW YORK, Feb. 28 (AP)—The stock market stepped out of one of the best and liveliest weeks and months for more than a year with its feet on fairly solid ground despite further conversion of paper profits into cash.

Low-price rails and motors accounted for much of the two-hour turnover, coming out in blocks of as much as 15,000 shares after a spotty opening without getting anywhere in particular. Prime industrial, however, were not neglected and advances running to a point were well distributed in the closing hour.

Canadian stocks were strong.

TORONTO—The stock market displayed general strength in the final session of the month but trading continued on a moderate scale.

KOOTENAY LAKE GENERAL HOSPITAL SOCIETY NOTICE OF ANNUAL MEETING Annual General Meeting of The Kootenay Lake General Hospital Society will be held at the City Hall on March 9, 1943, at 8 p.m. All members of the Society are requested to attend.

IN MEMORIAM In loving memory of Eloi Domeij: In his innocence and beauty, With his soul as pure as snow, He is nestled on the bosom Of the God we love and know. Beside his grave we often stand, With hearts both crushed and sore, Yet through the gloom the sweet words come, "Not lost, but gone before." Mother, Dad, Sisters, Brothers. THOMPSON FUNERAL HOME W. L. THOMPSON, Prop. Day and Night Service. 34 Hour Ambulance Service 515 Kootenay St. Phone 361

Burmese Village Shot Up in Wild West Style

BY FRANK MARTIN Associated Press Staff Writer SOMEWHERE IN BURMA, Feb. 28 (Delayed) (AP)—In the first raid of its kind in the Burma war theatre, a British water-borne force armed to the teeth landed by moonlight Feb. 27, 38 miles southeast of Akyab behind the Japanese stronghold and shot up the Burmese village of Mysesom in wild West style.

Five thousand of the local inhabitants fled into the hills as the raiders shot all the Japanese in sight, blew up or burned the courthouses, postoffice and other buildings before returning to their ships and raked the village with heavy gunfire. They departed in the light of a hundred fires.

Over 40 Years in Lumbering in East Kootenay, E. S. Home of Cranbrook Will Refire; Will Reside in Nelson

Completing over 40 years of continuous association with the lumber business in East Kootenay, E. S. Home of Cranbrook, Manager of the C.P.R. Tie and Timber Branch, is to retire. The company has granted him six months leave of absence, with superannuation to follow Sept. 1.

Mr. and Mrs. Home will take up residence in Nelson and during the Summer will spend most of their time at their beautiful Summer home on Kootenay Lake.

Severing his connection with the East Kootenay Lumber Co., he went to Calgary for a short time as Manager of the Mountain Pine

Raid Starts Big Fires on Munda

WASHINGTON, Feb. 28 (AP)—American dive bombers started "many fires" in a heavy raid on the Japanese air base at Munda in the Central Solomons, the United States Navy announced yesterday.

King and Queen Watch Big League Games

By SCOTT YOUNG Canadian Press Staff Writer LONDON, Feb. 28 (CP Cable)—A record wartime football crowd of 75,000 including the King and Queen and a host of United Nations notables Saturday watched England defeat Wales 5-3 at Wembley in the feature soccer match of one of the most important sports days of the season.

Wales failed to recover from England's early attack before the huge throng which was entertained during half time by the release of pigeons of the armed services, including the famous Beachcomber who was one of the wing emissaries used by Maj.-Gen. J. H. Roberts, Canadian Commander, during the Dieppe raid.

Business Fair on Farmers' Mart.

Although there were no price changes or new arrivals on the Farmer's Public Market Saturday, business was steady.

Table with 2 columns: Item and Price. Includes Vegetables (Artichokes, Leeks, Carrots, etc.), Fruits (Northern Spy apples, Ontario apples, etc.), Dairy Produce (Head cheese, Cottage cheese, etc.), Eggs (Grade A large, etc.), Meats (Beef, Veal, Lamb, etc.), and Ice Schedule (Monday-Tuesday, Wednesday, Thursday, Friday, Saturday, Sunday).

Interpreting The War News

By JOHN M. HIGHTOWER Associated Press War Analyst Slowing down of the Russian offensive in the last few days should cause little alarm or concern. No army can advance at top speed continually, and the Russians seem to have been impeded as much by thawing weather and lengthening supply lines as by Nazi resistance.
