PREMIER KING MAY RUN IN EAST

Great Fires Set in Japan Centres

By LEIF ERICKSON

GUAM, June 20 (Wednesday)—(AP)—Great fires — the enemy admitted some raged for four hours—were set today in a triple strike by about 450 Superfortresses at two "backyard" industrial centres on Honshu island and one on Kyushu in the enemy homeland.

The Superforts hit Shizuoka and Toyohashi on Honshu and Fukuoka on Kyushu, raising to 13 the homeland cities scorched by 25 such mass incendiary raids.

Tokyo radio said fires broke out in a "number of places" in Fukuoka; the big bombers worked it over for two hours—and "most" fires were extinguished two hours after the raiders departed.

The enemy broadcast did not comment immediately on the other two targets hit but said 10 B-29s laid mines in the Kanmon Strait between Kyushu and Honshu.

Leopold Strives to Form Cabinet When Resigned Premier Refuses

By PUGH MOORE

BRUSSELS, June 19 (AP)—Belgium's resigned Premier, Achille van Acker, said tonight he had refused to form a new government for King Leopold and that the King now was trying to organize a Cabinet through two emissaries at present in Brussels.

M. van Acker told a Press Conference the King had agreed not to return to his throne until he had selected a Cabinet.

As for himself, M. van Acker said: "My role as Premier ended last Saturday." At that time, his government announced its decision to resign in view of Leopold's plan to return to Belgium from Austria.

The Brussels radio said the Parliamentary left wing had adopted a resolution approving the resignation of M. van Acker's government, asserting that "only the abdication of King Leopold can forestall grave disorders."

The Parliamentary right wing in a separate resolution, the broadcast said, had condemned the resignation asserting that it was "contrary to all legal tradition."

Although M. van Acker's statement and replies to questions indicated that King Leopold had been granted his constitutional power to form a Cabinet while still abroad, M. van Acker made it clear that he doubted the King could form a government, or that it would last.

Japs Abandoning 2 More Ports

BY SPENCER MOOSA

CHUNGKING, June 19 (AP) — Chinese troops have rolled within 19 miles of the South China airbase and rail city of Liuchow, the Chinese Command said today, while the Japanese were reported preparing to abandon the Southeast coast ports of Amoy and Swatow, 430 miles Northeast of the Philippines.

The three-pronged Chinese drive on Liuchow, 400 miles Southeast of Chungking, gained up to seven miles after three Japanese counter-attacks were broken up by Chinese veterans, a communique disclosed.

Amoy and Swatow, two of the deepest seaports on China's invasion vulnerable East coast, lie 290 and 170 miles Northeast of Hong Kong.

FEAR RUSSIANS

The Chinese reoccupation of Wenchow was minimized by observers as a Chinese victory and was considered part of an immense Japanese re-deployment. This re-deployment, some quarters believed, was actuated less by Japanese fear of an Allied invasion of China's coast than by apprehension of a possible Russian entry into the war.

Some 130 to 160 miles Northeast of Canton, Chinese forces in Kiangsi Province attacked Japanese troops who have been conducting operations designed to strengthen South China's anti-invasion defences and bolster the East flank of the Hankow-Canton corridor.

The Japanese were attacked West of the highway centre of Anyuan, and Chinese Headquarters asserted the invaders were retreating toward Lungnan, 34 miles to the West, with the Chinese in "hot pursuit."

American fighters and fighter-bombers again gave close support to Chinese ground forces.

FRANCE TO SEEK TREATY WITH BRITAIN

PARIS, June 19 (AP)—France's Consultative Assembly and Gen. De Gaulle himself extended the olive branch to Britain on the Syrian dispute today in a surprising finale to an acrimonious debate between French leader and Pierre Cot, a former French Cabinet Minister.

In a speech to the Assembly Gen. De Gaulle, head of the French Provisional Government, proposed that France and Britain settle the Levantine problem between themselves, and said a solution could be "found without difficulty."

The Assembly then adopted a resolution calling upon government to redouble its efforts toward conclusion of a Franco-British treaty along the lines of France's treaty with Russia.

It was the first step France had taken to ease the tension that arose three weeks ago when British troops were sent into Syria with orders to halt forcibly the violence that had developed between French forces and Syrians.

Service Vote Adds 2 to C.C.F.; Cuts P.C.'s 1

OTTAWA, June 19 (CP)—Development on the Canadian political front were awaited tonight as Government and party officials pondered the result of votes cast by service personnel in the June 11 Federal election, returns which brought personal defeat to Prime Minister Mackenzie King, but which left his party in power with 119 seats, the same number as it won on the basis of civilian votes.

The Cabinet met during the day but there was no hint as to what was discussed.

Meantime, two seats—one in Nova Scotia and the other in Ontario—changed hands today but the switch made no change in party standings as one of the seats was lost by the Liberals to the Progressive Conservatives and the other by the Progressive Conservatives to the Liberals.

The closely-voted Nova Scotia riding of Colchester-Hants, which previously had been in the Liberal column, swung to the Progressive Conservatives on the basis of the complete official figures. This increases Progressive Conservative representation in Nova Scotia to two against nine Liberals and one C.C.F. member.

The other shift was in the Ontario riding of Wellington North, which moved over to the Liberals from the Progressive Conservatives when late revised figures issued by the Returning Officer showed the Liberal candidate with a narrow lead. With Wellington North, the Liberals now hold 35 seats in Ontario against 47 for the Progressive Conservatives.

LIBERALS 119, P.C.'S 65, C.C.F. 28

The service vote, with 35 per cent of it going to the Liberals, 32 per cent to the C.C.F., 26 to the Progressive Conservatives and seven per cent to others, engendered only four constituency changes when combined with the civilian vote. The Liberal seat total remained unchanged with two gains and two losses. The Progressive Conservatives lost a seat and the C.C.F. gained one. Another seat—North Battleford—previously doubtful, went to the C.C.F.

Standing of the three leading parties, with the civilian-vote standing bracketed: Liberal, 119 (119); Progressive Conservative 65 (66); C.C.F. 28 (26). In addition there were 13 Social Credit, seven Independent Liberals, eight Independents and five others, including two Bloc Populaire and one Labor Progressive.

The seven Independent Liberals, three Independents and possibly the Labor Progressive were expected to give general support to the Liberals, allowing the Government to count on a possible total of 130 in the 245-member house.

RECOUNTS POSSIBLE

Although the way appeared clear for Mr. King to go ahead with Cabinet re-organization, recounts appeared possible in at least seven of the 243 constituencies before the strength of the parties would be finally decided.

Successful candidates had a margin of less than 100 votes over their nearest opponent in the constituencies of Wellington North and Toronto Trinity in Ontario, Argenteuil and Montreal St. Antoine-Westmount in Quebec; Charlotte in New Brunswick; Prince in Prince Edward Island and Colchester-Hants in Nova Scotia.

Jules Castonguay, Chief Electoral Officer, said service ballots probably will not be available for starting a recount in any of the constituencies before the second or third week in July.

In announcing that the Liberal candidate, Arnold Darroch, had been elected in Wellington North, Levi Flewelling, Returning Officer, said today that revised figures for the civilian vote together with the service vote gave Mr. Darroch a plurality of three votes. Previously, Lewis Mensry, Progressive Conservative, had been given a margin of 14 votes in the three-man contest in combing civilian and service votes.

14-VOTE MARGIN

In Colchester-Hants, the latest revised figures gave Frank Stanfield, Progressive Conservative, a margin of 14 votes over G. T. Purdy, his Liberal opponent and member of the last House. On election night, the Returning Officer reported Mr. Purdy had a 10-vote lead on the basis of civilian balloting but a recount later gave Mr. Stanfield a 36-vote lead. When the service results were announced today, Mr. Purdy took the lead again by 96 votes before the final check disclosed Mr. Stanfield's heavier civilian margin.

VICTORIA CHANGES OVER

These changes, coupled with the loss of Mr. King's seat to the C.C.F. and with the Liberal gain of the British Columbia riding of Victoria from the Progressive Conservatives, completed the constituency changes that followed compilation of the service vote which totalled 342,863, less than half of the 750,000 service personnel estimated eligible to vote.

5,155,345 VOTES

The total change-over was small in view of the many close races indicated by the civilian vote. A Canadian Press compilation showed 65 seats in which the candidate leading in the civilian vote had a margin of not more than seven per cent. Service voters in most constituencies were estimated at seven to 10 per cent of the total voters.

The civilian-plus-service vote total stands at 5,155,345 based on 31,535 of 32,320 polls. This was a new record compared with the previous high of 4,620,260 in 1940.

Liberals polled 2,028,724 votes of the combined total and Progressive Conservatives 1,422,269, maintaining the same percentages of 39 and 28, respectively, as for the civilian total. The C.C.F. raised its percentage from 15 to 16 on a combined vote of 805,778.

AUSSIES DRIVE ON OIL FIELDS IN BORNEO

MANILA, June 10 (Wednesday) (CP)—Combat patrols of the Australian 9th Division pushed four miles Southwest of Tutong on Borneo's Western coast in their drive toward the Seria oil fields while other units fanned out in all directions, a Southwest Pacific Allied communique reported today.

The communique said also that despite strong Japanese opposition American troops crossed the Cagayan River in Northern Luzon in the Philippines Monday and gained 13 miles in their Northward drive up the Cagayan Valley, liberating the town of Naguilian.

Aussies who landed several days ago at Weston, on the Eastern shore of Brunei Bay, penetrated two miles inland along the Jesselton railroad. They reached the village of Linghungan.

Australian amphibious patrols, searching the tidal rivers, landed without opposition 10 miles Southeast of Brunei Town in another move designed to mop up quickly the invaded area.

JAPS LOSE HEAVILY

Heavy bombers blasted the East coast oil and ship building centres at Balikpapan and Samarinda with more than 100 tons of explosives. The communique said widespread damage was caused to military targets. Other bombers sank a river steamer and set warehouses afire at Bandjermasin, to the South.

The advance by the Americans, who crossed the Cagayan River in assault boats under cover of an artillery barrage, placed them within three miles of Tuguegarao, city of 30,000 and capital of Isabella Province.

Japanese casualties continued heavy.

SOCIALISTS NOT SATISFIED BY ITALIAN GOV'T

ROME, June 19 (AP) — Ferruccio Parri, new Italian Premier, has completed a government after two days of consultations, it was announced tonight, but his cabinet immediately came under attack from the Socialist party.

Parri named as one of two vice-premiers Pietro Nenni, Socialist leader who recently was arrested by Allied military authorities for making an unauthorized political chose Socialists for the ministries speech in Northern Italy and also of labor and public works.

However, Sandro Pertini, Socialist Party Secretary for Northern Italy, asserted "the solution of the crisis cannot satisfy us Socialists. We accept it only out of love for harmony and so that the Italian people may finally have a government—we Socialists will continue to struggle so that the working class will assume in political leadership of the country the place it deserves."

WASHINGTON, June 19 (AP)—Meat—and why Canada seems to have enough of it while New England faces an extreme shortage—was discussed today by Senator Theodore Green (Dem-R. I.) with War Food Agency and State Department officials. W.F.A. officials told Senator Green that the meat situation in Canada is not so acute as in the United States because the greater proportion of Canada's population raises its own food.

SLEEPING CARS WITHDRAWN COAST-PENTICTON

VANCOUVER, June 18 (CP) — Effective tomorrow sleeping cars between Vancouver and Penticton have been temporarily withdrawn in accordance with instructions of the Transport Controller, Canadian Pacific Railway officials announced today.

Officials said persons who have already paid for sleeping-car reservations may have their money refunded.

Begin Inquiry Into Charges by Jolliffe

TORONTO, June 19 (CP)—Aftermather of Ontario's bitter election campaign, a Royal Commission inquiry opens tomorrow into charges by CCF Leader E. B. Jolliffe that Premier Drew maintained a "political Gestapo" to keep himself in power.

The public hearings are expected to draw before Commissioner Mr. Justice A. M. LeBell all principals connected with the charges, including the Premier, Attorney-General Leslie Blackwell, Mr. Jolliffe and his chief witness. Constable J. Alvin Rowe of the Provincial Police.

The Commission was appointed May 29, five days after Mr. Jolliffe issued his charges in a radio address and six days before the June 4 vote in which the Premier's Progressive Conservatives won 67 of Ontario's 90 seats compared with seven for the CCF.

Warship at Coast to Prepare for Pacific

VANCOUVER, June 18 (CP) — H.M.C.S. Waskesiu, first Royal Canadian Navy warship to come to the West Coast from the North Atlantic for "tropicalization" and refitting prior to going into the Japanese war, now is in Vancouver, RCN Public Relations officials announced today. The ship arrived a short while ago at Esquimalt near Victoria after a 7000-mile trip from Halifax through the Panama and up the Pacific coast. The voyage last 21 days. The ship will be refitted at Victoria.

Commanding Officer of the Waskesiu, built at Yarrows in Victoria in 1943 is Lt.-Cmdr. L. D. Quick, RCNVR, of Bridgewater, N.S. First Lieutenant is Lieut. Rowland Taylor, RCNVR, of Victoria and formerly of Winnipeg. The ship's Navigator is Lieut. Don Thompson, RCNVR, of Vancouver.

Fifty per cent of the men on board the Waskesiu, the first Canadian-built frigate of the RCN, have volunteered for war service in the Pacific. The Pacific volunteers will receive an additional 30 days leave in addition to the annual leave being given to all men.

The Waskesiu participated in several actions in the Atlantic during the war with Germany. She was credited with sinking one submarine in February, 1944, and also has one "probable."

Six Claim Soldier Under Influence or Smelled of Alcohol

VANCOUVER, June 19 (CP)—Six crown witnesses testified in Supreme Court here today that William Hainen was under the influence of liquor or smelled of alcohol May 2. A seventh denied that Hainen was drunk or smelled of alcohol.

Hainen, 29, Vancouver soldier, is on trial on a murder charge in connection with the death of Olga Hawryluk, 22, waitress. Miss Hawryluk was fatally beaten May 2 and her body thrown into the surf at a Vancouver beach.

HOLIDAYS FOR 15,000 SHIPYARDS WORKERS

VANCOUVER, June 19 (CP)—Vacations for 15,000 employees of four Vancouver shipyards will be provided by closing each yard for a week in rotation next month, it was announced today.

In emergencies—where vital naval and other ship repairs are concerned—men will be called back from their vacations but no such jobs are in sight now.

ANOTHER GERMAN TREASURE CACHE LOCATED

By AUSTIN BEALMEAR

PARIS, June 19 (AP) — American troops of the 12th Corps have found securities, gold and jewelry valued at more than $5,000,000,000 hidden by the Germans at Regensburg, Communications zone headquarters announced today.

Included in the capture in hidden vaults of the Regensburg Reichsbank, was the national wealth of Bavaria and Austria. The cache was more valuable than that found on April 7 in the Merken Salt Mine, which included 200 tons of gold.

The treasure was in gold bullion, stolen jewelry and security. Some was known to have been taken from victims of Nazi death camps.

Lieut. John J. Stack, Jr., of San Francisco, fiscal officer of the 12th Corps, led the party which seized the treasure.

The same corps made the original discovery in the same general area of Central Germany in the last days before the unconditional surrender of the enemy.

Would Bar Enemy From World League

By C. R. BLACKBURN
Canadian Press Staff Writer

SAN FRANCISCO, June 19 (CP)—Great Britain, the United States, Russia, China and France, the Big Five of the United Nations Conference on World Security, accepted today the idea of barring their enemies in this war from a new world league and from access to its peace-enforcing mechanism.

Some headway was made by Big Five delegation leaders as they held a long meeting to try to straighten out the last kinks of a United Nations charter.

The Big Five were reported near agreement also on the last major problem of the conference — the scope of debate to be allowed a 50-nation World Assembly.

ACCEPT PRINCIPLE OF DRAFT

Andrei Gromyko, heading the Russian delegation, was reported to have proposed to Great Britain, the United States, China and France, a change in wording of a compromise suggestion made on the part of small nations by H. V. Evatt, Australian Minister of External Affairs.

M. Gromyko, acting on instructions from Moscow, was said to have told other Big Five chairmen his government was willing to accept the principle laid down in Mr. Evatt's proposal.

The Evatt draft would permit the general assembly to discuss "any matters covered by the purposes and principles of the charter or within the sphere of action of the United Nations" and make recommendations to the League members, or to a World Security Council, on such questions.

While draft experts labored today on the final chapters of the world organization charter, some delegates, with special arguments to air, threatened to initiate open commission debates which may delay its completion.

Army Chief Testifies . . .

Polish Home Army Organized Against Russian Threat to Independence

By EDDY GILMORE

MOSCOW, June 19 (AP)—The Commander of the Polish Home Army, Maj.-Gen. L. Bronislaw Okulicki, testified at his "sabotage" trial today that the Supreme Polish Commander in London told him Russia intended to absorb Poland, and ordered him to take his army underground to help preserve Poland's independence.

Okulicki is the principal defendent among 16 Polish underground leaders arrested by the Russians and being tried for subversive activities behind Soviet lines.

ADMITS RESPONSIBILITY

Earlier a parade of Polish witnesses related how they fired on Soviet vehicles, killed Russian soldiers and wrecked trains and bridges. Okulicki admitted moral responsibility, as Home Army Commander, for any such activities, but denied he had any first-hand knowledge of terroristic acts.

Okulicki said he reached Warsaw in June, 1944, serving as assistant commander of the Home Army until he was made Commander on an "appointment coming from London."

The Polish Government in London, he told the court, sent instructions to him and to Jan S. Jankowski, leader of the Polish underground government, on how to create their organizations.

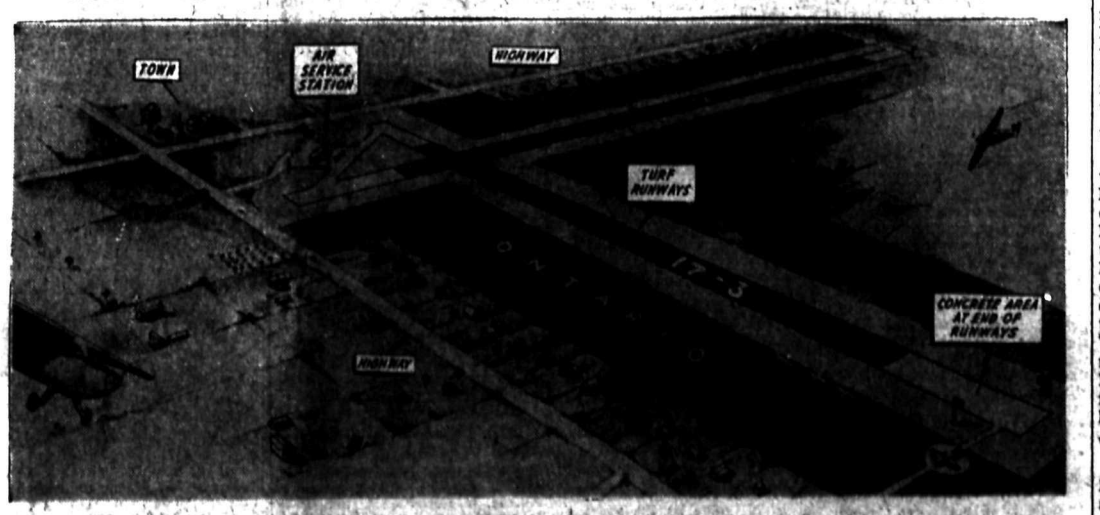
(The Polish Government in London in a statement asserted that "the whole Polish underground movement" was on trial in these Moscow proceedings.

("The authorities who had been set up and recognized by the Polish people themselves and who had formed an integral part of the lawful government of the Polish republic have been tricked into disclosing their identity, and are now being tried by a foreign tribunal for patriotic activities in their own country," the statement said).

ORGANIZERS PROGRESS

In Moscow, three groups of Poles were meeting to reorganize the Polish provisional Government, and were reported to have made "definite progress."

HIGHWAYS DEPARTMENT PLANS LANDING FIELDS FOR PRIVATE PLANES



The minimum of privately-owned airplanes in Canada by 1950, is placed at 15,000. To meet the coming demand for landing fields for these private and feeder line planes, the Ontario Department of Highways has prepared sketches of L-shaped airstrips along two of the main highways. Above is shown air and road service station at the crossroads.

Japs Leap From Okinawa Cliffs

By LEIF ERICKSON

GUAM, June 20 (Wednesday)—(AP)—Japanese troops leaped into the surf from Okinawa cliffs yesterday as two United States Marine regiments drove through weakening resistance to the Southern tip of the island.

The Marines' push split the Japanese remnants into two disorganized but still fanatically resisting pockets and brought from Fleet Admiral Chester W. Nimitz the triumphant announcement in a communique: "The enemy's defences were in the process of collapsing" by nightfall yesterday.

"Numerous enemy personnel were reported to be jumping off cliffs near the coast South of Udo town," today's communique added.

However, the Japanese still were fighting stubbornly on the South Eastern coast and several thousands remained to be eliminated before Okinawa could be reported militarily secure.

Despite the confusion and complete disorganization of the Japanese, except for small units, American troops continued to meet moderate to heavy fire from automatic weapons, machine-guns and small arms. In one sector, Okinawan civilians joined the battle, hurling hand grenades among advancing Americans.

Rossland Honors Primary Teacher Retiring After 37 Years Service

ROSSLAND, B. C., June 19 —Miss Georgina Martin, who has been the primary teacher at MacLean School, Rossland, for 37 years, and who plans to retire at the end of this term, was the guest of honor Friday evening when her fellow teachers entertained at a reception and musicale, in the High School auditorium. Around 200 fellow workers, parents, ex-pupils, and friends gathered to pay her tribute. The auditorium was attractively decorated with seasonal flowers.

Principal E.E. Perkins of MacLean School, Chairman, said that in the 17 years he had been associated wth Miss Martin, she had always been cheerful and helpful, an dthat he cheerful and helpful, and that he ness with her pupils, who all loved her dearly . . . He also spoke of her kind and helpful assistance she gave to the new and inexperienced teachers, always being ready to help. It was with a feeling of great loss that he thought of the next term without Miss Martin on the staff. On behalf of her fellow workers, he hoped she would enjoy many happy, healthful, and restful years of retirement and that she would look back on many pleasant memories of her association at the MacLean School.

EVERY HOME HAD CONTACT

Mayor J. E. Gordon, on behalf of the Citizens of Rossland, said there was hardly a home in Rossland that had not at some time had affiliation with Miss Martin and that she had guided through the moulding period children of all walks of life. He dwelt on the importance of a primary teacher, as it is through her kindness and love that the child was able to obtain its first real experience of the outside world. He was sure Miss Martin's kindly manner had helped many over this difficult stage. On behalf of all citizens he wished Miss Martin healthful and happy future.

Arthur Turner, Chairman of the School Board, spoke on behalf of all the Rossland School Boards, present and past, saying that while watching Miss Martin in the class rooms he marvelled at how quietly, methodically the pupils worked, and that Miss Martin had been a great influence over her classes. It was with deep regret that the Board was losing Miss Martin's services but wished her a happy retirement.

Inspector English in his tribute to Miss Martin said she had done so much for so many, and he wished her happiness, good health and rest for many years.

MANY MESSAGES

Letters and telegrams of good wishes and felicitations were read from Robert Allison, member of the School Board, who was unable to attend; T. W. Hall, Registrar of the Department of Education, who said Miss Martin had been on the MacLean staff since 1907-1908 continuously and had seven inspectors report excellently on her work year by year; Leslie J. Bruce, Miss Martin's first Principal; Mr. and Mrs. Miles Tyson, with whom Miss Martin had worked; T. G. Carter, Inspector of Schools; Mr. and Mrs. J. Freeney, former members of the High School; E. J. Daniels, Inspector of Schools; Wesley McKenzie, former principal of the High School, Mrs. Florence Fraser Davis, a former member of MacLean Staff, Miss Lillian Barton, a former member of the staff; and Hon. H.G.T. Perry, Minister of Education.

Mrs. Thurlow Fraser, who had been in relations with Miss Martin, as a pupil, a member of the staff, and later as a parent, had asked to speak, but, unable to attend, sent a written message, which was read by Miss Dawson.

Musical numbers on the program were selections by a string quartette composed of Miss K. Dupuis, Shirley Johnston, Patricia Turner and Joyce Sutherland, violins, and Miss Marion Postill, a piano solo by Pamela Topliff; and two vocal solos by Mrs. G. Small, a former member of the MacLean staff, who was accompanied by Miss C. Wright of Trail. Humorous readings were given by Eveline Bourchier; a piano solo by Miss Carol Wright; a violin solo by Miss K. Dupuis, and a vocal solo, "The End of a Perfect Day," by J. B. Carr, accompanied by Mrs. S. Simcox.

In his closing remarks, Mr. Perkins thanked the committee, Miss Varcoe, who had charge of the program, Mrs. L. A. Read and the Parent-Teacher Association, who had charge of the refreshments; Mrs. H. Davidson and H. Lefevre, who looked after the invitations; and Principal D. G. Chamberlain and his High School staff for their assistance. Mr. Perkins himself was general convener.

TWIN TRAVELLING SET

On behalf of the citizens of Rossland, Mr. Perkins and H. Lefevre presented Miss Martin with a lovely twin travelling set, with a card that all present signed.

A social hour followed, members of the Parent-Teacher Association served refreshments in the Home Economics Room. The tea table was covered with a lovely lace cloth and centred with a crystal bowl of mauve and white lilacs and other Spring flowers. Mrs. E. E. Perkins presided at the tea urns.

Mrs. D. G. Bisset, Mrs. O. Westhaver and Mrs. Small, Trail, former associates of Miss Martin on MacLean staff, were in attendance. Other out-of-town guests were Mrs. F. Morrish, Miss Wright and Mrs. G. Small, also of Trail, and Inspector English.

Mrs. McPhail gave a short report on the Nelson Music Teachers' Association. The members expressed themselves as willing to cooperate in the project.

The meeting closed after which the "Back to Battle" film was shown by Mrs. M. Harrop.

Honor Nakusp School Graduates

NAKUSP, B.C. — A graduation banquet was held in the Parish Hall to honor the High School Matriculation class of 1945. A large crowd of guests included the guests of honor, the graduates, parents of the graduates, School Board, teachers, and student body of Nakusp High School.

The Grade 12 class, in whose honor the banquet was held comprises Jean Elder, Ruby Berard, Dorothy Wahlstrom, Olive Johnson, Eileen Evans, Orren Hoy, and Robert Dolman.

The guests of the evening's festivities voted the evening a huge success. Among the parents of the graduates present were Mr. and Mrs. G. Elder, D. Berard, Mr. and Mrs. F. Wahlstrom, Mrs. G. Johnson, Mrs. Evans and Mrs. M. Hoy. The Nakusp School Board were represented by F. Rushton, E. Hanson, G. Elder and J. Bailey. Guests of the evening included Mrs. F. Tracy, Mrs. F. Rushton and Mrs. E. Hanson.

Rev. Dovey of Nakusp United Church was Toastmaster of the evening, after a sumptuous supper, prepared by student committees of the High School, and served by students of the Elementary School. F. Tracy introduced the graduates to the assembled guests. After the toast to the teachers which was reposed a toast to Our Benefactors, the School Trustees, which was responded to by Mr. Rushton, Mr. the High School, and erved by stutoast to the King, Mr. Tracy pro-Rushton, after conveying Mr. Islip's regrets at not being able to be present at the occasion, wished the graduates every success, each in his chosen profession on leaving High School. Miss Jean Elder proposed a toast to the teachers and was responded to by Miss B. White, Principal of the Elementary School. Mr. Dovey proposed a toast to the graduating class, which was responded to by Orren Hoy, President of the Students' Council.

The graduation banquet was the first celebration of its kind held in Nakusp, and many of the guests expressed the hope that the custom would be carried on in the future.

Hospitalization Exchange Receives O.K.

Proposals for taking over of the Kootenay Lake General Hospitalization contract by the Blue Cross received full approval of the Associated Hospital Services of B. C. Board, the Nelson Hospital Board learned Tuesday night.

A wire received from W. G. Welsford of the Blue Cross stated that the proposals as outlined at a recent Nelson meeting attended by Mr. Welsford met approval of the Coast Board. It also said that 50 per cent of the cost of maternity benefits would be borne by the Coast Board for contract holders who are at present eligible for the benefits.

Further action will await arrival of a letter from Mr. Welsford.

In preparation for the time when the contract change will be made, the Contract Committee will draft a letter to be sent to present contract holders outlining benefits they will enjoy under the Blue Cross plan. There would be no lapse of contract or waiting period, it was explained, and the new plan covered services received in any hospital in Canada or the United States.

A Coast official is expected to come to Nelson in July to make arrangements.

Rod, Gun Clubs Fought for Shore Sites Policy

Announcement that the B.C. Government is not going to allow private owners to buy up all the shore sites on the scenic likes of the province, reported Monday by the Vancouver Sun, was welcome news to members of the West Kootenay Rod and Gun Clubs Association.

The Association is believed to be the first organization to take up the battle to have such a policy put into effect and for about eight years has urged the Government at Victoria to take some action. In 1938 a brief was presented to Victoria on the subject.

Lands Minister Kenney was quoted by the Sun as saying he has established a policy whereby reservations for public enjoyment will be made where there are crown-held lands beside lakes in provincial territory that are popular for bathing, boating and swimming purposes.

NIGHT BALL

CINCINNATI, June 19 (AP)—A 13th-inning single by Catcher Al Unser scored Al Lieke to give Cincinnati Reds a 1-0 victory over St. Louis Cardinals tonight after Red Barrett and Joe Bowman battled on the pitchers' mound throughout the evening.

Until then, Barrett, who came to St. Louis from Boston in the Merton Cooper deal, had the edge, retiring 26 Redlegs in order from the first to ninth inning.

One Man Does What Seven Had to Do

LOS ANGELES, June 19 (AP)— A 150-pound Coast Guardsman yesterday earned the respect of Los Angeles police by subduing John Agobian, 160-pound former circus strong man, a feat whose duplication later required seven officers. The Coast Guardsman, Joe Willis, 29, clamped a hammerlock on Agobian and held it 20 minutes after the latter, officers said, threw a passerby, June Lancaster, 24, into a park lake, and asked: "Do you want me to pull you out?" Taken into custody Agobian tried to escape and it took seven officers to quell him.

More Interested in Winning War Than Elections

OTTAWA, June 19 (CP)—Prime Minister Mackenzie King, in a message of thanks to Liberal party workers in Prince Albert Riding, tonight expressed regret that his election defeat there severed his 19-year association with the constituency but did not indicate where he might now seek a seat in the Commons.

The message, addressed to the President of the Prince Albert Federal Liberal Association, noted that because of the war he had been unable to spend much time in the riding and commented that the CCF party had given much of its time to political organization.

Mr. King said he regretted he could not be in Prince Albert at the moment, but promised to take the earliest opportunity "to return to Prince Albert to extend my thanks in person to all who have worked so hard throughout the campaign" in which he was defeated by CCF Candidate E. L. Bowerman.

"As I said in my broadcast from Ottawa June 8, I was not seeking to win elections at a time when I regarded the winning of the war as the first duty of every citizen, myself most of all," the message said. "This made it impossible for me to be in the constituency on more than one or two occasions in the course of the past five years. . . .

"The near approach to victory in Prince Albert is the more remarkable in the light of what has taken place in the Province of Saskatchewan. It is apparent that the CCF movement, which, in the last Provincial election, placed the present CCF Government in power in the Province, while losing most of its support in other parts of Canada, has continued to hold its strength in Saskatchewan.

"It is, I believe, fair comment to say that the CCF sweep in Saskatchewan goes far to disclose how much of the time the CCF party has given to party political organization and to the winning of elections, while the Government and its followers were mainly concerned with making Canada's war effort as effective as possible, and with meeting the problems of government arising out of the war."

Gyros Stage Supper, Dance

Nelson Gyro Club members made merry at the Canadian Legion Tuesday night when they entertained Gyrettes and guests at a potluck supper meeting and dance.

Only serious note of the evening was the installation by E. A. Mann of two new members, J. A. McLellan and Charles Cook, two newcomers to Nelson.

About 75 took part, the gathering enjoyed a sing song and Bingo games. A fun highlight was the paper race in which Gyrettes toe'd their way over a paper track laid by their male partners. Fleetest of foot was Mrs. K. McRory whose partner was W. J. Hicks. A dance wound up the program.

In charge were E. E. Hopwood, Chairman, K. McRory, S. A. Maddocks and S. Haydon.

ENEMY MAY WITHDRAW FROM SINGAPORE

LONDON, June 19 (Reuters) — Possibility of a Japanese withdrawal from the Singapore area before the enemy is cut off by British troops from Burma and Chinese from the Northeast was suggested by reports of unusually heavy railway traffic Northward from Singapore toward Bangkok, Michael MacDonagh, Reuters correspondent in Burma, reported today.

Another serious threat to Japanese possessions in the Pacific was the recent heavy attack on Truk, enemy Central Pacific stronghold, by British Pacific Fleet carrier planes and ships.

TOAST and TEA

BY E. A. McNEIL

No belligerent country has fared better than Canada in the matter of comfortable living during the war, despite rationing and shortages now and then of one or more commodities. England has pulled her belt almost to the last notch and yet we are informed that the general standard of health is better than it has ever been. But there are hundreds of thousands of English children who have never seen an orange or a banana; have never tasted grape-fruit, simply because the shipping space that would have taken them to England was commandeered for more important cargoes. We think a joke in Punch tells in the fewest words some of the hardships in the matter of food supplies that the adults have suffered. A woman is posting up her diary and she turns to her husband with the question: "What did we do yesterday John, apart from having an egg for breakfast?"

6 Million New Yorkers Hurrah Gen. Eisenhower

NEW YORK, June 19 (AP)—General of the Army Dwight D. Eisenhower, flushed and breathless from the greatest welcome New York ever has accorded a returning hero, told a vast crowd that overflowed City Hall Park today:—

"If we are going to live the years of peace, we must be strong and we must be ready to cooperate in spirit of true tolerance and forebearance."

Police estimated that 2,000,000 persons were jammed into the bunting-draped park and surrounding streets. Four million others, by far the largest crowd in the city's history, were said officially to have cheered the General earlier on his tour of the city.

Receiving a special city medal and accepting honorary citizenship in New York City, the Allied Supreme Commander told the throng before City Hall:—

"It isn't enough that we devise every kind of international machinery to keep the peace. We must also be strong ourselves. Weakness cannot co-operate with anything. Only strength can co-operate."

The millions that greeted Gen. Eisenhower lined curbs, leaned from windows and hung from fences to catch a glimpse of him.

Chief Police Inspector John J. persons greeted the Supreme Allied persons greted the Supreme Allied Commander in the two hours between his arrival and his appearance at City Hall.

A 17-gun salute boomed out at LaGuardia Field after the Supreme Allied Commander's silver C-54 transport, bringing him from Washington, swooped out of the overcast sky.

Smiling Broadly, Gen. Eisenhower greeted Mayor LaGuardia and high army officers as a service band played.

"The admiration of 7,500,000 people is extended to you, Gen. Eisenhower," Mr. LaGuardia said. Gen. Eisenhower leaned over slightly to shake hands and replied, "Thank you very much."

Coming 15 years to the day after Admiral Richard E. Byrd's triumphal return from the Antarctic, today's demonstration promised to overshadow New York's traditionally tumultuous welcomes to trans-Atlantic fliers, foreign dignitaries and other celebrities.

A tremendous roar greeted the General as he arrived at city hall, completing the first lap of his tour, shortly after noon.

A dammed-up snowstorm of ticker tape descended on the motorcade as it passed through "Heroes' Canyon"—lower Broadway, skyscraper lined centre of the financial district. Police said the crowd in that section was the largest in history.

Congestion on the narrow streets was so great that at times it surged through police lines.

The Indians Must Work Out Their Own Constitution

Progress toward self-government for India is necessarily slow, but the British Government takes the only practical position when it declares that the working out of India's constitutional system is a task which can only be carried out by the Indian people themselves.

British administration has protected the Moslems against the wealth and political cunning of the Caste Hindus, and the Caste Hindus against the aggressive fighting qualities of the Moslems; it has at least to some extent ameliorated the condition of the 80,000,000 non-Caste or "untouchable" Hindus, who are treated as worse than dogs by their fellow Caste Hindus; it has kept peace through its agreements with the Princes, some of whom have given their subjects the most enlightened government, and others of whom are much less to be commended.

Numerically and through wealth, industrial power and education the Caste Hindus are the strongest single group of the many millions in India, but without a workable constitution that would protect all the groups they could be destroyed by the Moslems in an internal war. Nor can the Indian standard of living be raised and good government by Indians be established unless there is provision of justice for the non-Caste Hindus.

A Great Colonial Administrator

The death of Lord Lugard at the age of 87 is a reminder of how very recently Africa was still the Dark Continent.

As Captain Lugard he first went to East Africa in 1888, to lead an expedition in Nyassaland against the Arab slave trade which the British Government had pledged to suppress. At that time the interior of East Africa was still almost entirely unmapped. The only British settlements there were small trading stations or lonely missionary outposts. The first British consul in Nyassaland had taken up residence at Blantyre only five years before, and it was not until 1893 that the Protectorate was established. Slave-raids were not finally suppressed until well after the turn of the century in Northern Rhodesia, and there the British Government took over administration only in 1924. In the same year that Lugard led his first expedition against the Arab slave-raiders the British East Africa Company received its charter, and the East Africa Protectorate—now called Kenya—was established just 50 years ago, in 1895.

Lord Lugard's pioneering efforts in East Africa were concentrated on the suppression of slavery and inter-tribal warfare, the establishment of peaceful conditions for trade and missionary enterprise, and the protection of British interests.

In the course of his lifetime, Lord Lugard has seen slavery rooted out and peaceful administration established. He has seen road and railway systems open up the country so that its produce could go out to the markets of the world and bring in revenues to the local exchequers; and from these revenues he has seen welfare services for the African peoples reaching further and further into the villages. The fear of raids and tribal vengeance has been removed, famine banished, and a concerted attack made with all the weapons of modern science on poverty, ignorance and disease.

And he has seen Britain's sense of responsibility grow to the point of counting the solution of social, economic and political problems in the Colonies as her obligation as much as the solution of her own domestic problems; and to accepting the idea not merely of trusteeship for these territories but of active partnership in their progress. He has seen his own doctsine of the "dual mandate" became the touchstone of Colonial Policy not merely in the eyes of Britain but in the eyes of the whole world.

It was in West Africa, even more than in East Africa, that Lord Lugard had the opportunity of working out this conception of the "dual mandate". In his books, "Political Memoranda" (1918) and "The Dual Mandate in British Tropical Africa" (1929), he has recorded in detail the implications and possibilities of the system of government which he launched when, in 1900, he was appointed High Commissioner for Nigeria. "On the one hand", he wrote, "the abounding wealth of the tropical regions of the earth must be developed and used for the benefit of mankind; on the other hand, an obligation rests on the controlling power, not only to safeguard the material rights of the natives, but to promote their moral and educational progress".

As the first step towards realizing this purpose Lugard hit upon the theory of "indirect rule" and immediately proceeded to apply it. He had already in 1893 outlined a system for Uganda under which its internal control should be carried on through existing chiefs. In Nigeria he found circumstances specially favorable to the adoption of this system, and he developed it steadily through the years of his administration.

It is based on the principle that native institutions are in themselves valuable agencies of government, and that Euroean politicial institutions are not by any means necessarily suitable for African communities. It holds out the belief that a development deliberately based on African institutions may lead to some new type of self-governing organization that will be essentially African, while guaranteeing those individual rights on which British political institutions are based.

Lord Lugard was not merely a pioneer in exploration; he was also a pioneer in political theory and Colonial policy.

Press Comment

MUNICIPAL HEADACHE

Two matters of news interest, involving this municipality in a very significant way, appeared to come to a head here within the last few days.

One involved the visit of the Hon. E. T. Kenney, B. C. Minister of Lands, with whom the irrigation issue was probed vigorously by the Council and a delegation of fruit growers. The other takes the form of the announcement made in this issue by the West Kootenay Power & Light Company, telling of substantial reductions in rates to rural users.

We need not emphasize how it is that these two matters impinge on each other, within municipal boundaries. For many years, annual losses on irrigation have been more or less offset by a form of indirect taxation leading to a municipal profit on sales of electricity.

Reeve R. J. McDougall, on behalf of the growers and the municipality as a whole, prepared a strong brief for Mr. Kenney's meeting which is reported in this issue, and which we feel deserves the close study of every Pentictonite. We think it sets forth the details of the irrigation situation excellently and is best summed up in his declaration that the Provincial Government apparently asks the taxpayers of Penticton, three-quarters of them urban dwellers, to assume the same role to their neighboring irrigationists as the government has, in past actions, assumed towards irrigationists elsewhere. This has cost the municipality a lot of money, which has been paid at the expense of vitally needed local work. The profits from electrical sales, which filled the irrigation gap, should at least have gone into keeping that electrical system up, for it too can all too quickly fall away from its revenue producing status.

Though the door has certainly not been closed, Mr. Kenney did not seem too reassuring in responding to a request for irrigation aid. That was bad enough. But now look at the situation looming up before Penticton as the West Kootenay cuts its rate to rural, users, outside the municipality. Outsiders, it seems, will get a cent per k.w. hour domestic rate, with nominal usage, while Penticton pays an average of 1 1-3 cents from the wholesaling company in the first place. Outside commercial rate users are also to get reductions from the previous schedule. This will surely lead to pressure upon the municipal authorities here to scale down their local rates. Then what? If irrigation losses are still on our door-step and the electrical profits removed, the prospect before the taxpayer is rather ominous.

Some would retain more money if electricity costs were lowered. But those savings would be at the expense of inevitably higher taxes on the unhappy person who owns any property, and who must continue to be taxed by the municipality on that basis, regardless of his income.—Penticton Herald.

N. E., Procter—Will you please tell me how to get rid of toadstools in a garden?

Toadstools usually indicate that the soil is too acid. They sometimes appear after a very rainy season and disappear again as soon as dry weather comes. The most effective remedy is liming the soil.

D. L., Trail—Are castor beans poisonous?

The castor oil plant is not known to be poisonous, and although the leaves are not relished by farm animals they are said to be used as fodder for cattle in India. Castor beans, however, contain a poisonous principle, and though harmless when handled, may cause serious if not fatal effects when eaten, especially in the case of small children.

T. A., Kaslo—How can one judge the power of a telescope?

To determine the power of a telescope, focus it on a brick wall. With a little practice one can keep both eyes open in which one sees the wall directly with one eye, and sees the wall through the instrument with the other. If the magnified brick is as large as ten unmagnified, the power of the telescope is ten. The telescope should be at least 100 feet from the wall.

GOVERNMENT

Government is a trust, and the officers of the government are trustees; and both the trust and the trustees are created for the benefit of the people.—Henry Clay.

The office of government is not to confer happiness, but to give men opportunity to work out happiness for themselves.—William Ellery Channing.

Human law is right only as it patterns the divine. Consolation and peace are based on the enlightened sense of God's government.—Mary Baker Eddy.

The elimination of selfish interests is essential to good government. In other words, the ideal can only be obtained when God rules in the affairs of men.—Sir Wilfred Grenfell.

That government is the strongest of which every man feels himself a part.—Thomas Jefferson.

Popular Vote Party by Party

By The Canadian Press

Compilation of the service vote today showed that in the Dominion general election the Liberal party polled 35 per cent of votes cast by servicemen and women at home and abroad while the C.C.F. took 32 per cent, the Progressive Conservatives 26 per cent and other candidates 7 per cent.

These figures compared with 39 per cent of the civilian-plus-service vote for the Liberals, 28 per cent for the Progressive Conservatives, 16 per cent for the C.C.F. and 17 per cent for others.

Total civilian-plus-service vote was 5,155,345 based on 31,535 of 32,320 polls. This was a new record and compared with the previous high of 4,620,260 in 1940.

Of some 750,000 service personnel eligible to vote 342,863 cast ballots. Servicemen from all provinces voted in great numbers, proportionately, for the C.C.F. than did civilian personnel. In Saskatchewan, for instance, the C.C.F. gained 44 per cent of the civilian-plus-service vote but gained 60 per cent of all service votes. In all provinces the percentage of the soldier vote cast for the Liberals and Progressive Conservatives fell a little behind that of the civilian-plus-service vote.

Total service vote, by parties was: Liberals 118,537, Progressive Conservatives 87,530, C.C.F. 109,679 and other, 27,117.

Popular vote by parties, the civilian-plus-service: Liberals 2,028,724, Progressive Conservatives 1,422,269, C.C.F. 805,778, and others 898,574.

BURY ST. EDMUNDS, England (CP)—West Suffolk war agricultural executive committee has engaged a master craftsman to give lessons in thatching to save the art from dying out in the country. He is Harry Linnett of Bury St. Edmunds whose family has been thatching for more than 150 years.

Operation of Last Chance Is Possibility

SANDON, B. C.—Matthew Reese, Consulting Mining Engineer of Seattle, Wash., arrived in Sandon and has put a small crew of men to work on the Last Chance mine, putting the workings in shape so the property can be examined and a program outlined with a view to the mine being put into operation.

R. A. Grimes of Nelson, was in town during the week, and spent several days at the Silver Ridge mining company.

E. Doney of New Denver has the Victor mine under lease.

Would Build Tennis Courts in Ball Park

Construction of two tennis courts at the West end of the Recreation Grounds to be used to help revive interest in tennis in Nelson, was suggested to the City Council Monday night in a letter from Ed Kelter, writing on behalf of the Civic Centre Commission.

The suggestion was referred to the Parks Committee for a survey of possibilities of tennis court sites. It was felt by Council members that tennis should be revived and that Mr. Kelter should be assisted in helping to reestablish the game.

"We — your grocer and Borden's — wish we could supply you with all the Borden's Eagle Brand Condensed Milk you want.

"But the Allied nations require vast quantities of the vital sugar and dairy products which are used in making Eagle Brand. Thus we still are limited to making only the same quantity of this product as we made in 1941.

"However, Borden's is doing everything possible to distribute available supplies of Eagle Brand equitably to grocers from coast to coast.

"Knowing how Eagle Brand is valued, grocers too, are trying to see that each customer gets a fair share."

Highlights of Service Vote

(By The Canadian Press)

press their views on four Generals, Gen. A. G. L. McNaughton, Defence Minister and former Commander of the Canadian Army overseas, ran last on the service vote in the three-sided Qu'Appelle contest, while the civilian-vote leader, Mrs. Gladys Strum of the C.C.F., increased her margin over Progressive Conservative E. E. Perley. Maj.-Gen G. R. Pearkes, V.C., former Chief of the Pacific Command, ran second to C.C.F. candidate J. M. Thomas in Nanaimo but held the constituency for the Progressive Conservatives by virtue of his substantial lead on civilian votes.

Gens. E. W. Sansom and C. B. Price, who went overseas as Brigadiers with Gen. McNaughton in 1939, topped the service polls in York-Sunbury and Montreal St. Antoine-Westmount respectively, but failed to catch their Liberal opponents. Both ran as Progressive Conservatives.

Party Leaders John Bracken of the Progressive Conservatives and M. J. Coldwell of the C.C.F. both lengthened their leads on the service vote. In the three-man Neepawa contest, Mr. Bracken increased his margin by 30 over Liberal F. D. Mackenzie, while in Rosetown-Biggar Mr. Coldwell added 719 votes to the lead he held over his Liberal opponent.

The closest contest of the whole election appeared to have been caused by the service vote in the Quebec constituency of Argenteuil, where Independent Conservative G. H. Heon lost 121 to Liberal C. W. McGibbon but retained an edge of nine votes, 5,230 to 5,221, on the overall total.

Wilfred (Bucko) McDonald, former National Hockey League rearguard, defended his right to a Liberal seat in the Commons by picking up 21 votes on his Progressive Conservative rival. Bucko boosted his lead from 354 to 375.

J. W. Noseworthy, C.C.F. victor over Rt. Hon. Arthur Meighen in the 1942 York South by-election, led the soldier poll in that riding by nearly 400 votes but failed to overcome the 3,455 civilian-vote lead piled up by Lt. Col. Cockeram, Progressive Conservative.

Service ballots probably will not be available for starting a recount in any of the Dominion constituencies before the second or third week in July, Jules Castonguay, Chief Electoral Officer said today.

Because of the close vote in a number of constituencies candidates in those ridings are expected to appeal to the courts for recount.

180 PER CENT INCREASE

M. J. Coldwell, C.C.F. leader said today support given his party in the service vote "is an effective answer to much of the misrepresentation circulated against us during the recent campaign.

"With 28 members of the C.C.F. representation in the new Parliament will be a 180 per cent increase compared with its strength at dissolution.

"The Government failed to elect enough official Liberals to obtain a clear majority, but with Independent Liberals, Independents and one Labor Progressive (Communist) to support it, it will have no excuse when it fails to provide the promised jobs for Canadians. It will, of course, too, receive the unqualified support of the Progressive Conservatives and Labour Progressives and Social Credit members in its pledge to maintain the economic system which caused unemployment, foreclosures and misery before the war."

On the Air

British Columbia's best known newlyweds are Bill Tandy and his wife, the former Ann Carson, who are heard in the popular noon-hour serial, The Carsons, broadcast daily from the Vancouver studios of the CBC over Radio Station CKLN and stations of the Trans-Canada network. Their "wedding" was a recent feature of the serial, which is presented as the dramatic part of the B. C. Farm Broadcast. The ceremony took place in the mythical town of Bridgefield, B. C. After the reception at Willowbrook Farm, the happy couple went to Vancouver Island for their honeymoon. In real life, Ann and Bill are the well known CBC actors, Cathy Johnston and Juan Root. Next month the Carson family will mark their 1000th appearance on the Farm Broadcast. In this connection the CBC is distributing a picture of the family and their friends. Creston Tightens Up on Building Restrictions; Sets Gas Hours

CRESTON, B. C. — Creston Village Council toughened up on building restrictions, endorsed the idea of local gasoline vendors on the hours of sale, and gave a land purchasing bylaw its first reading, at the postponed Council meeting last Thursday night in the village hall.

The Council ruled that they could not okay a further building permit for Mr. Beck, notified Mr. Kilback that he commenced building without permit and Sunday construction work must cease, also the sidewalk must be cleared of dirt put there during bulldozer work.

A delegation of A. W. Dickinson, W. McL. Cooper, C. Messinger on behalf of the four garages operating gasoline pumps submitted a proposed bylaw which read that gasoline vending would be done from 7 a.m. to 7 p.m. on week nights; 7:00 a.m. to 8:00 p.m. Saturdays, and be closed all Sundays and statutory holidays. The Council will have same put into legislation shortly and it is understood that the vendors will keep the above mentioned hours, through local agreement until the bylaw is passed.

A letter from the Council to the C.P.R. asking them to make arrangements with oil companies to have oil tanks removed to eliminate a fire hazard was given consideration by the C.P.R. officials who replied that the town would have to bear the expense of moving the oil tank equipment and would have to site a new location for them. The Council will reply that the town cannot assume the responsibility of cost or moving the companies concerned.

A letter will be sent the Provincial Fire Marshal, stating the school auditorium is being used as a public hall and local authorities want action on an auditorium exit. It was pointed out that the School Board are willing to have same done, but want the approval of the Fire Marshal as to measurements and fixtures etc. of fire doors.

A letter from the Creston Board of Trade asking the town to take the initiative with the Government in having the main street widened 10 feet on each side, was given consideration by Commissioner Cook. One application for domestic water supply was granted, the other will go under consideration.

CEMETERY

The bylaw authorizing the purchase of land for cemetery purposes was given first reading. The cost of the land will be $3500, down payment of $500 and balance in annual payments covering nine years. The The Council will look at the new site and the Reeve will stake out the levels of the new reservoir, so that same may be bulldozed in the near future.

The Council will consider the cost of laying some 525 feet of board sidewalk as against the proposition from O. Plumb and Vincent Phillips, who as a delegation for the citizens of their street, will contribute the labor for the laying of a concrete sidewalk four feet wide, if the town will supply the material. Mr. Plumb estimated that the cost of concrete would be $75.00 per 100 lineal feet.

W. McL. Cooper on behalf of the School Board appealed for funds for the school library, showing the cost and maintenance in operating same for the benefit of the district.

Commissioner Cook opposed the plea stating that the citizens are now paying their proportionate share of the library upkeep in taxes and it is not fair for rCeston ictizens to pay more taxes as outside citizens use the library also.

Water accounts totalled $524.53 and general accounts $704.

Following a discussion it was decided that trees near street lamps would be examined.

Nakusp Unable Obtain Dentist

NAKUSP, B.C. — The monthly meeting of the Parent Teachers Association was held on Friday evening. Mr. J. Parent, Jr., occupied the chair, with Mrs. C. Horrey, Secretary and Mr. L. Ward, Treasurer.

Others present were Miss M. Kirk, Miss B. White, Miss M. Clark, Mrs. G. Elder, Mrs. O. Harper, Mrs. P. R. Henke, Mrs. J. Parent, Sr., Mrs. George Baird, Mrs. C. Hamlin, Jr., Mrs. A. B. S. Stanley, Miss M. Staniforth, Mrs. L. Embree, Mrs. E. J. Oxenham, Mrs. C. Jensen, Mrs. W. Henke, Mrs E. C. Johnson, Mrs. K. Pakula, and Messers G. Elder, J. W. Bailey and C. Hamlin. Congratulations were received from Mrs. R. Bradshaw, Secretary of the Nelson Parent Teachers Association, on Nakusp membership. Also a letter was read from Mrs. Bradshaw about an art exhibition to be held in Nelson.

Miss M. Staniforth, P.H.N., reported regarding school lunch supplies the Department would be willing to pay fifty per cent for the equipment. Miss Staniforth also stated that a dentist for Nakusp could not be obtained at present. Miss M. Kirk reported for the library department, stating several good books on child care were on hand.

Mrs. George Baird was appointed to attend to films, etc. It was also reported that schools had the priority on radio sets when sales were released.

Mrs. Graham Elder will loan her home for an afternoon tea. Also a pot luck supper will be served at the reopening of the Parent-teachers business meeting.

Mrs. C. Harper and Mrs. G. E. Elder read very informative papers re family allowances under the program of Topics of the Day, and Mrs. E. J. Oxenham gave a reading, Youth Is Tough.

LONDON (CP) — Sir Edward Bailey, 63, Director of the geological survey of Great Britain, has retired. During the siege of Malta he flew there to locate extra water supplies.

LONDON (CP) — The Henley Royal Regatta, the world's leading river carnival, will be resumed next year, although even then it will not be possible to stage a full regatta since most promising young oarsmen will still be in the services.

Former Lumberman of Cranbrook Dies

CRANBROOK, B.C. — A lumber worker of the Interior for over 25 years, George L. Faulkner, age 55, died in an Okanagan hospital from injuries sustained in the Okanagan Valley where he has been working for the past several years.

He came to this district about 1915 and worked as millwright for many years at the B.C. Spruce Mills operation at Lumberton until the mill closed about 1940. He continued this type of work in the Okanagan, and was engaged in it at the time of the accident.

Funeral services were at Vancouver with interment here. Mrs. Faulkner died suddenly here 12 years ago. Surviving are two sons in the services, George in the Army in Nova Scotia, and Wilfrid in the R.C.A.F. in Vancouver, and two daughters, Mrs. William Taylor and Mabel Faulkner in Vancouver.

LONDON—London has said farewell to the "Bun Specials", the canteen trains which have been carrying refreshments to subway shelters every night for five years. To many Londoners who have lived in the Tubes for four and five years the closing of these shelters was a sad occasion. Once the army of men, women and children who called these underground dormitories home numbered 170,000.

Dieppe Prisoner Returns to Kimberley

KIMBERLEY, B. C.—Warrant Officer L. Henry Wik of the RCAF arrived in the city recently. A pilot with an RAF fighter squadron, he was one of the first Canadian prisoners taken in the Dieppe raid and was confined to Stalag 8B Ober Silesia. He was shackled for 13 months of his confinement. He was repatriated to England in April following his release. Enroute home he visited in Ottawa at the home of his sister, Mrs. H. Walton.

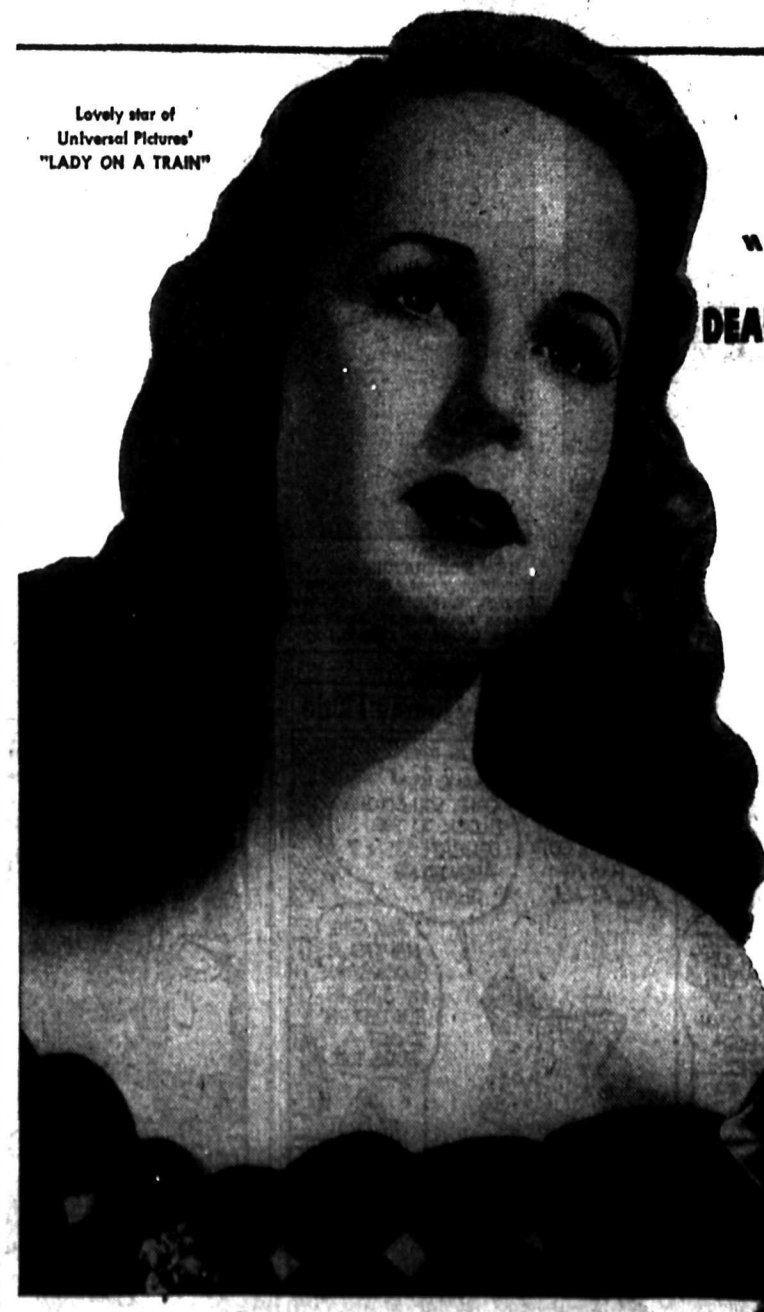
IS THIS THE WORLD'S LOVELIEST ROMANCE COMPLEXION?

Lovely star of Universal Pictures' "LADY ON A TRAIN"



"YES!" say DEANNA DURBIN'S fans

"Goodness, no!" says this lovely young star modestly. But her enthusiastic admirers insist her smooth, exquisite complexion is the most romantic in the world.

To guard its million-dollar beauty, the lovely Deanna Durbin depends on whipped cream lather facials. "Lux Soap care really makes skin lovelier!" she says. "I cover my face generously with the creamy lather, work it in thoroughly. Then I rinse with warm water, a dash of cold. Pat gently with a soft towel to dry." You try this gentle care.

RECENT TESTS of Lux Toilet Soap facials actually prove that most complexions become Romance Complexions in a short time.

A LEVER PRODUCT

This Beauty Care really makes skin lovelier... no wonder 9 out of 10 screen stars use it!

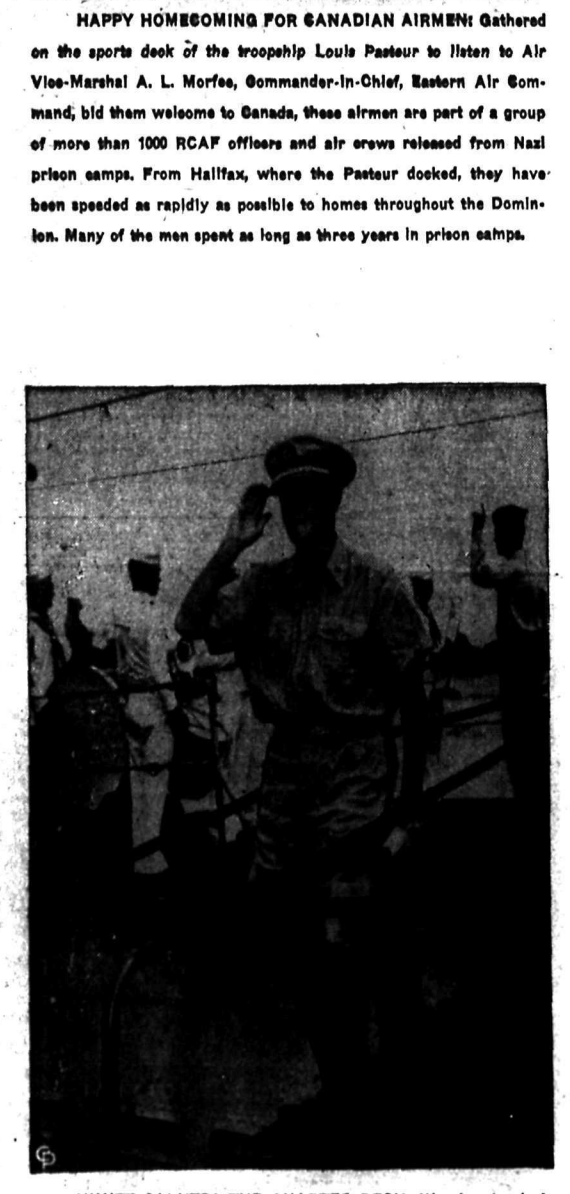
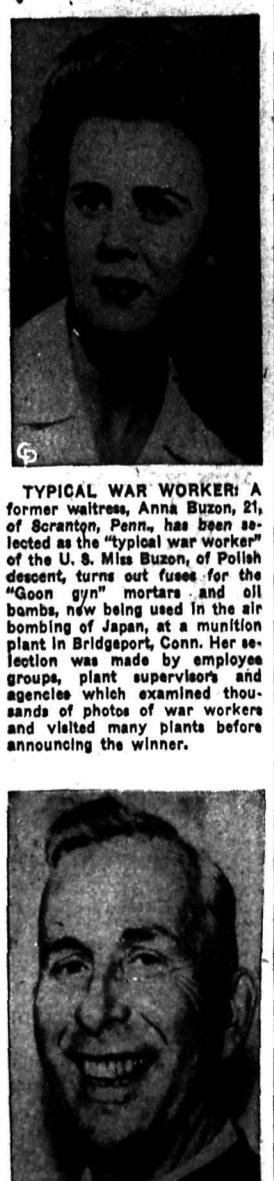
HAPPY HOMECOMING FOR CANADIAN AIRMEN: Gathered on the sports deck of the troopship Louis Pasteur to listen to Air Vice-Marshal A. L. Morfee, Commander-in-Chief, Eastern Air Command, bid them welcome to Canada, these airmen are part of a group of more than 1000 RCAF officers and air crews released from Nazi prison camps. From Halifax, where the Pasteur docked, they have been speeded as rapidly as possible to homes throughout the Dominion. Many of the men spent as long as three years in prison camps.

IN ESPIONAGE CASE: Lieut. Andrew Roth USNR, who has been arrested by the U. S. Federal Bureau of Investigation on charges of conspiracy to violate statutes covering espionage, is shown as he arrived at U. S. Commissioner Turnage's office in Washington, D. C. The lieutenant was formerly assigned to Office of Naval Intelligence. Two employees of the U. S. State Department, two New York magazine editors and a writer were also arrested in connection with the case which involved theft of highly confidential papers, classified as "restricted" and "top secret".



NIMITZ SALUTES THE QUARTER DECK: Wearing tropical shorts, Admiral Chester W. Nimitz, Commander-in-Chief of the U. S. Pacific Fleet, salutes the quarter deck as he boards a U. S. submarine at a submariners' rest camp in the Pacific. The officers and men of U. S. submarines relax for two weeks here after each cruise in enemy waters. The Admiral decorated several submariners during his visit.



TYPICAL WAR WORKER: A former waitress, Anna Buzon, 21, of Scranton, Penn., has been selected as the "typical war worker" of the U. S. Miss Buzon, of Polish descent, turns out fuses for the "Goon gun" mortars and oil bombs, now being used in the air bombing of Japan, at a munition plant in Bridgeport, Conn. Her selection was made by employee groups, plant supervisors and agencies which examined thousands of photos of war workers and visited many plants before announcing the winner.

NEW MODERATOR: Rev. J. M. Macgillivray of St. Andrew's Church, Sarnia, Ont., has been chosen moderator of the Presbyterian Church of Canada.

Tell Council Vernon Street Barricade Business Detriment

Representatives of the Nelson Auto Wrecking & Garage and Wells Radio Service Shop in the 600 Block on Vernon Street, told the City Council Monday night that the present barricade on the sidewalk and road between their business places and the Public Market was causing loss of business for them.

Prospective customers had to cross the street and there was congestion of cars on the road. They asked that something be done to relieve the situation if possible.

The Council referred the request to the Public Works Committee for a report and with power to act in event a way was found of moving the barricade further away from the businesses. The barricade was placed around a portion of the road and sidewalk that was showing signs of caving in.

Record Season for Grain Shipments Indicated

FORT WILLIAM, June 19 (CP)—With grain shipments from the Lakehead soaring to surpass the 150,000,000 mark for wheat and coarse grains, conditions tend to indicate a record season. Wheat shipments to date have reached the 100,000,000 bushels mark while last year up to June 14 wheat shipments were 85,217,845.

Market Trends . . .

NEW YORK, June 19 (AP).—Metals led a fast and selective rally today although recently buoyant rails turned spotty and many industrials continued to linger in the rear ranks.

The Stock Exchange and other markets recessed from 11 a.m. to 1 p.m. in honor of Gen. Eisenhower's visit.

TORONTO—The soft tone persisted in the gold group and other groups showed little net change. Trading was dull through the greater part of the sessions and aggregate turnover was under a million shares.

MONTREAL—Industrials in spots gave a rising display in transfers and the group went to a new eight-year high in the indices. Among other key sections, trends were narrowly irregular.

LONDON—Quiet conditions characterized the stock market but slightly more interest was seen among industrials towards the close. The undertone, however, remained firm.

VANCOUVER — Total turnover amounted to 43,280 shares. Trading in the mines was fairly active while oils were inclined to be lower.

CHICAGO—Rye advanced to a 20-year high in grain futures trading, being up as much as 3¾ at one time in a nervous trade. There was little rye for sale at the opening and the July contract was up 1¾ cents before offerings appeared. Wheat advanced to early high points and was up sharply from the day's low on the strength of the trade in rye combined with mill buying on the dips. At the close wheat was 1¼ to 2⅜ lower, corn was unchanged to ¼ lower, oats were ⅛ to 1¼ lower, rye was 2⅝ higher to ⅜ lower, barley was ¼ to 1¾ lower.

WINNIPEG—Export business in Canadian wheat included sale of about 600,000 bushels of wheat for relief shipment to Europe. It was also reported that the Netherlands had bought Canadian oats, with 500,000 bushels mentioned as taken in initial purchases. Several other European countries also inquired for oats. Rye prices again made new seasonal highs in an active session. American houses were on both the buying and selling side of the market with locals giving support.

Ribbentrop Was a Logger in B.C. Before World War I

VANCOUVER, June 19 (CP)—J. Caljouw of Vancouver, a former logger, said today that in 1913 he worked in a logging camp at Deep Bay on Vancouver Island with Joachim Ribbentrop who later became Germany's Foreign Minister. Ribbentrop was working as timekeeper.

Mr. Caljouw said Ribbentrop was "just a frail sort of kid . . . He was kind of aloof and kept to himself."

Two Oldtimers of Cranbrook Die

CRANBROOK, B.C.—Chris Smith, age 68, and Albert Edward Playfair, age 75, both familiar to most of the people of Cranbrook where each spent half his life, died in the hospital here. Though they were well known, few details are available about their early lives.

Chris Smith was a lumber camp cook in the district from 1905 until the late 1920's when his health began to fail. Since then he has been cook in the city jail, and has lived in the police station. He was born at Woldingham, England.

Mr. Playfair was born at Dunsford, Ont., and came to the Cranbrook district of East Kootenay in 1914, and has remained here ever since.

Neither has any surviving relatives.

Plans Modern Mill Here

Plans for a modern mill that is expected to be completed in the next two years as labor and materials become available, are in the hands of his company, R. A. Paterson, who operates a planer mill and sawmill in Fairview, told the City Council in a letter Monday night.

Mr. Paterson was making application for an additional transformer. He said that the company did not contemplate making any large increase in load at the planing mill for some time, but that a transformer having a margin of at least 50 horsepower over the present connected load of 361½ h.p. was needed.

The letter was laid on the table for further consideration and the Electrical Superintendent, E. H. Simpson, will be asked for a report showing net cost of installation.

The proposed new mill would require close to 900 h.p. Mr. Paterson stated. Any alternations made at present should, he suggested, be made for a final capacity of 900 h.p

TO SEEK GARBAGE COLLECTION FOR ROBSON

ROBSON B.C.—Monthly meeting of the Robson Women's Institute was held at the residence of Mrs. S. Humphries about seventeen members attending.

Mrs. Campbell, President, reported that 15 residents on the townsite were in favor of obtaining garbage collection service and it was moved that a notice be put on the bulletin board to the effect that any other person wishing to avail themselves of this convenience may send in their names to Mrs. Campbell. It was also decided that the committee interview the garbage collector at Castlegar and ascertain if it can be arranged to have garbage collected in Robson.

In response to a letter from the High School the Education Committee agreed to assist the students at their forthcoming graduation banquet and dance. Miss Ruth McDiarmid gave the Red Cross report, in the absence of Mrs. O. B. Ballard, convener. The following articles have been sent in:—

2 girls dresses; 6 women's skirts; 6 singlets; 6 pr. boys' shorts; 5 Balaclava Helmets; 9 pr. men's socks; 1 Navy turtleneck sweater; 1 pr. child's socks.

Donations:— 1 large quilt; 4 pair child's socks, 1 child's dressing gown.

Each member was asked to make one quilt block of nine four inch squares before the next meeting.

The institute decided to make Jam for Britain again this summer and a committee consisting of the following members, Mrs. Harold Knight, and Mrs. J. R. Martin, with Mrs. R. T. Waldie as convener, was formed to carry out this work.

The Women's Institute will cooperate with the Farmer's Institute in order to put on a Cherry Festival in July. The date being unsettled it was left to the Executive to arrange this with the Farmer's Institute and to form a committee.

The sum of $4.50 was voted to be sent to the Trail Rangers for the rent of the hall for the rest of the season.

Mrs. R. T. Waldie asked all who were interested in work for the young people in the district to attend the meeting in the Robson Hall on Thursday to hear Rev. R. Morris who will speak about the Koolaree Camp and other matters in connection with activities for young people.

Mrs. Edgar Webster gave a demonstration on the Jamaican method of preparing chicken.

Tea was served at the end of the meeting by the hostess, Mrs. Humphries assisted by Mrs. A. Smecher.

GLASGOW, (CP) — Sufficient briar to make 250,000 pipes has arrived here from the South of France. It was the first shipment to Britain since the war began.

To Face Charges on Oil Violations at Cranbrook

CRANBROOK, B.C.— Two members of a party of six who have been soliciting magazine subscriptions in the city for the past week have been apprehended on charges of Oil Order violations.

Wilfrid James Viney was remanded on $200 bail until Wednesday when he will appear in city police court on a charge of obtaining gasoline without coupons, while Bernice Ida Robold will also appear Wednesday charged with possession of an invalid AA gasoline ration book on which the licence of her car has not been entered.

Magistrate C. R. Ward will preside at the hearing, with Alan Graham defence lawyer and D. M. Mitchell of Fernie prosecuting the charge.

Set Up Pool to Take Advantage of Shipping

NIJMEGEN, Holland, June 19 — (CP)—A pool of 30,000 all ranks, organized into Canada drafts, will be established in England to make full use of shipping allotments already promised and to take advantage of extra facilities which may open from time to time.

This pool will be maintained by a regular flow of repatriates, Pacific volunteers and normal transfers from England and the continent.

Individual drafts will be organized after the same pattern as the first Canada draft, at present on the way home from Northwest Europe. They will comprise about 285 all ranks whose destination will be the same district headquarters in Canada.

Drafts are called out of units according to this scale and according to final destinations across Canada by a complex administrative organization at general headquarters, 2nd echelon. Selection is being determined by answers to a recent questionnaire to the troops asking them to express preference for service in the Pacific, the German occupation force, or for return to Canada for discharge if eligible.

This procedure is taking care of long service personnel and Pacific volunteers. Units overseas will be further depleted by transfer from them of volunteers for occupational service who will shortly begin taking their places in Maj.-Gen. Chris Vokes' 3rd Division.

As the time approaches for the repatriation of regiments, to begin in ferred from their formations to short-service soldiers will be transferred fro mtheir formations to other units whose priority for return tallies approximately with their own.

Kimberley Group Backs Air Service Resolution

KIMBERLEY, B.C.—Acting on a report of the chairman, Rev. S. T. Galbraith and Secretary M. McIntosh, who attended a gathering of Rehabilitation officials at Cranbrook last week, the Kimberley Rehabilitation Council filled out several data forms of suggested businesses for Kimberley in the post-war period. The Council has prepared a comprehensive brief, which has been forwarded to the Provincial body.

A resolution on feeder line service to connect with the T.C.A. main routes was adopted by the Council and forwarded to the Air Transport Board at Ottawa.

To Ask Gas Dealers Arrange Night Service

A bylaw dealing with closing of gasoline service stations in Nelson during night hours was referred back to City Solicitor C B. Garland by the City Council Monday night, when it was found two clauses required clarification.

The first point arose when it was found that the petition of the Nelson gasoline retailers asked closing of service stations only, while the bylaw referred to closing of garages.

Immediate objection was raised by Council members to the second point stated that City policemen would be responsible for requests for gasoline after closing hours. The Police Commission also objected to this point, Council was told. Such responsibility should not be placed on the police force, the Council agreed.

Some objection was also voiced over complete closedown which, it was stated, would be a detriment to the tourist business and would probably leave stranded motorists who ran out of gas at a time when they wished to continue their journeys.

To meet this objection, it was suggested that the Nelson dealer arrange a "rotation" system, similar to the one carried on by drug stores, in which one station would remain open each night.

It was finally decided, however, to propose to the gasoline dealers that they arrange that a gasoline station at a Fairview tourist camp be allowed to serve gas during the night hours. The camp, it was pointed out, was on a 24-hour basis, and someone would always be available to serve gas.

Tigers Step Out Two Games

DETROIT, June 19 (AP) — Detroit Tigers moved two games out front in the American League by defeating Cleveland Indians 4-3 in a twilight game tonight before 20,351 fans. Frank (Stubby) Overmire, third Detroit pitcher took over in the ninth to save the decision for starter Zeb Eaton.

SHUTS OUT YANKS

BOSTON, June 19 (AP) — Little Clem Haussmann turned in his second straight 1-0 American League shutout for Boston Red Sox while making New York Yankees victims of his fourth straight performance tonight before a 10,579 twilight game crowd.

Hausmann, who turned in a four-hitter against the Athletics in his last start, never was in danger, thanks to a pair of lightning plays by Eddie Lake and Cat Metkovich.

The Red Sox, who collected all six of their hits against starter Hank Borowy, combined two of them with a pair of passes for their big winning run in the first inning.

Increase Licenses in Cranbrook

CRANBROOK, B.C.—City by-laws passed in June cover requirement of licenses for amusement vending machines, an increase in service charges for light in Slaterville, which will cover cost of their street lighting, a one dollar increase in dog tax for the rest of the year, and setting of minimum values on houses which can be built on a newly opened residential block on Lumsden Avenue.

The works department reports six aircraft arrivals and seven departures at the city airport, and completion of grading of the centre landing strip.

Twenty-two building permits issued during the past month for an estimated total value of $12,593 sets a new high in many years in building plans. Social assistance costs rose from $615.50 the previous month to $640.50 last month for 31 individuals, city's cost share $128.10.

A net gain of ten active city electric services for the year so far was reported, though there was a loss of six services last month. At 159,840 kilowatt hours consumption of city electricity continued its 18 months climb, compared with 155,920 the previous month. Electricity efficiency was 83.14 per cent.

Good Crowd at Rotary Carnival at Kimberley

KIMBERLEY, B. C. — A record crowd patronized the Annual Rotary Carnival sponsored by the Kimberley Rotarians here in aid of the children's playground. Games of chance drew large crowds of both adults and children, eager to test skill and luck. The bingo table proved a popular spot. Win or lose, a devil-may-care spirit pervaded the building, all agreeing the proceeds would be used for a good cause. Contest winners were: T. Embley, Charlene Gover and Mrs. Ethel Ruffi. The door prizes were won by Jimmy Hotchkiss, Mrs. Gordon Russell, Mrs. Jack Kelly and Miss Higginson.

Khaki College Expected to Open In August

By ROSS MUNRO
Canadian Press War Correspondent

LONDON, June 19 (CP Cable)—Brig. G. E. (Ted) Beament of Ottawa, a lawyer, is to be commandant of the Canadan Khaki College which will be set up in a camp near Camberley, Surrey, 40 miles Southwest of London, it was learned today. Brig. Beatment served throughout the West Front campaign as a senior officer on Gen. Crerar's 1st Canadian Army Headquarters staff.

It is hoped to admit the first students early in August. Primary purposes of the college, plans for which were announced some weeks ago, will be to give elements of university training to selected army personnel while they are awaiting repatriation, it was stated.

Brig. Beament is expected to assume his new duties shortly. The Registrar is Lt.-Col. G. M. Churchill of Dauphin, Man., former principal of Dauphin Collegiate Institute.

The college is expected to have an initial capacity of about 800 students, together with the necessary instructional and administrative staff.

WILL RECEIVE CREDITS

The college will not itself grant any degrees but arrangements have been worked out with Canadian universities under which examinations will be set and marked under the auspices of members of the faculty of the University of London. Successful students then will receive the appropriate credits in various Canadian universities or colleges.

Selection of candidates will be rigid and the necessary organization for this is being established.

GRAY CREEK STUDENTS GO TO DENTIST

GRAY CREEK, B.C.—The monthly meeting of the Porcupine Club was held at the home of Mrs. Norman Anderson. Those present were: Mrs. John Wolfhard, (Secretary-treasurer), Mrs. Lymbery, Mrs. Grant, Mrs. George Oliver, Mrs. Burge, Mrs. Jim Burge, Mrs. Peters, Mrs. Anderson and Mrs. Clark.

Mrs. Wolfhard reported that the school children had been taken to the Creston dentist by Mr. Clark and that the bill for the work had not yet been received.

A gift of cigarettes was given to Mr. Clark in recognition of this service.

It was decided to invite the Crawford Bay Women's Institute to hold their September meeting in Gray Creek. Work was turned in for the Fall Red Cross Sale and more material was given out to be made up. It was decided to combine the sale with an evening of games and contests to be held on Hallowe'en.

Tea was served by the hostess, Mrs. Anderson.

Herridge Favored in Mock Election

ROBSON, B.C.—At the High School on Monday a mock election was held which was as the results show, almost indicative of the election in the West Kootenay riding. The returning officer was Pat Reilly, and Barbara Marshall was the polling clerk. For Mr. Herridge, Howard Carins; for Mr. Draper, Gordon Sutherland; for Mr. Tracy, Glenys Mansell; and for Mr. McDiarmid, W. Saunders. Mrs. Smith, the teacher, attempting to vote was promptly challenged as she was not on the "voter's list." However, she obtained two sponsors to vouch for her and she was finally allowed to cast her ballot. The results were as follows: Herridg 29, Draper 12, McDiarmid six and Tracy two.

David Rees, Chief Wireless Officer, on Furlough Here

David Rees, a chief wireless officer in the Canadian Merchant Marine, is spending a short furlough with his parents, Mr. and Mrs. G. S. Rees of Nelson. His last voyage has taken him to ports in North and South America, South and West Africa, the West Indies and Panama. He considers Vancouver one of the world's finest harbors, and to come through the Narrows in a Summer sunrise after a six months voyage is a satisfying experience.

Weather during his time at sea, Mr. Rees states, was generally favorable, though fierce storms were encountered in Cape of Good Hope regions. "We received urgent S.O.S. signals at that time, which faded away into silence, and learned shortly afterwards that the ship sending them—a sizeable South African motor vessel—had foundered with heavy loss of life," he said.

"The heat and humidity in Equatorial zones, especially along Gold Coast of West Africa when we loaded palm kernels, etc., was terrific, and one would need to have a darker skin than mine to appreciate it! It cannot be enjoyed but simply has to be endured, and one does not take any liberties in exposure to the sun! We unfortunately had to leave one of our wireless operators ashore there in hospital on account of illness, and this of course made long working shifts for rest of the voyage.

"We joyfully welcomed news of Germany's defeat, shortly after leaving Trinidad, B.W.I., it came over London's B.B.C., with which we were in touch all the time."

David Rees is hoping his next assignment will take him again to Australia, or failing that, to India.

Braves Win 9-2

NEW YORK, June 19 (AP) —The presence of Gen. Eisenhower failed to the Braves for Catcher Clyde treat tday, as Mel Ott's skidding Athletics lost a 9-2 National League decision to Boston Braves.

The Braves saluted the General with 13 hits, including a pair of home run salvos by Dick Culler and Pitcher Jim Tobin.

Joe Medwick, traded last Friday to the Braves for Catcher Clyde Kluttz, made three singles against his former mates and scored once.

Tobin softballed the Giants with eight hits, home runs accounting for both New York runs. Johnny Rucker hit an inside-the-park homer to start the sixth frame, and George Hausmann followed with a drive into the upper left field stands.

Alberta Signs Farm Labor Deal

EDMONTON, June 19 (CP) — Agriculture Minister D. B. McMillan said today the draft Dominion-Provincial Farm Labor Agreement for 1945 has been signed by Alberta. It provides for a maximum contribution by the Province of $60,000 on a dollar-for-dollar basis with the Dominion.

The scheme calls for 1500 workers from the Prairie Provinces being moved to Ontario for a period of from six weeks to two months. Alberta's quota of this Eastern movement is 200.

Favorites Advance in Western Open

By JERRY LISKA

INDIANAPOLIS, June 19 (AP)— All of the favorites, paced by defending champion Babe Didrikson Zaharias of Los Angeles, successfully slammed through the opening round of match play today in the 16th annual Women's Western Golf Tournament over the Highland Country Club course.

Mrs. Zaharias, humming nonchalantly to herself, banked an easy 6 and 5 victory over Mrs. Elizabeth Dunn of Indianapolis, and—playing through 18 holes—matched women's par with 37-38—76.

However, the most decisive victory in the 16-match inaugural round went to 115-pound Carol (Babe) Freese, of Portland, Ore., who trounced Ann Lewis of Bloomington, Ill., 7 and 5, and made the nine-hole turn with the day's best, a one-under par 36.

Nearest to an upset came in the nip-and-tuck scrap between poker-faced Louise Suggs of Atlanta, Ga., who yesterday fired a qualifying 75 to deadlock Mrs. Zaharias for medal honors, and veteran Marjorie Row of Anniston, Ala. Miss Suggs overcame a two-hole deficit at the 11th to triumph 2 and 1.

Co-medalist Suggs will figure tomorrow in the top second-round match as she collides with homely Dorothy Germain of Philadelphia, 1944 runner-up and Western Amateur champion the past two years. Miss Germain, who qualified with unimpressive 83, today measured Virginia Bartock, Park Ridge, Ill., 6 and 4.

Jeep Wins

NEW YORK, June 19 (AP)—Col. C. V. Whitney's Jeep, making his first start since failing to run to expectations in the Kentucky Derby, tuned up for Saturday's $50,000 Belmont Stakes today by easily defeating seven other three-year- olds in the Peter Pan handicap at Belmont Park with Eddie Arcaro up.

Carrying top weight of 122 pounds the Whitney colt was clocked in 1:51 1-5 for the 1⅛ miles. The time was three seconds off the track record but Jeep's performance stamped him as the horse to beat when the distance stretches out to 1½ miles in the Belmont Stakes.
