YANKS GAIN IN FIERCE FIGHTING

Canada, U.S. to Co-Ordinate Easing of Wartime Curbs

PRINCE ALBERT, Sask., May 21 (CP)—Relaxation of wartime controls in Canada and the United States is to be co-ordinated as closely as possible, Prime Minister Mackenzie King announced in a statement issued here tonight.

The plan for continued co-ordination also will cover priorities in the reconversion period from war to peace production. In effect the announcement continues into the immediate period the close tie-up between Canada and the United States industrial control which has been in effect during the earlier stages of the war.

At Hyde Park April 20, 1941, Prime Minister Mackenzie King and President Roosevelt agreed that in mobilizing the resources of the contirient "each country should provide the other with the defence articles which it is best able to produce . . . and that production programs should be co-ordinated to this end."

TO MINIMIZE DIFFICULTIES

"A primary purpose of the arrangement is to minimize for both countries the difficulties of the pressing problems inherent in the reconversion of industry to the utmost extent compatible with the vigorous prosecution of the war against Japan," said Mr. King.

"By the arrangement, priority ratings will be applied by the United States to Canadian reconversion requirements in that country on lines as closely parallel to those applied by the United States Government to United States domestic requirements as is parcticable.

"The Canadian controls on materials and supplies will be operated so as to give effect to the same principle in respect of United States requirements from Canada.

"An effort will be made to relax and revoke regulations now in force covering production and distribution in the two countries on parallel lines as far as possible, though it is recognized that differing conditions in the two countries make exact parallelism impracticable."

One of the problems on which there will be cooperation will be the disposal of surplus war stores.

Chinese Drive on Jap Lifeline

By SPENCER MOOSA

CHUNGKING, May 21 (AP) — Chinese troops, in preliminary counter-offensive blows against an estimated 2,000,000 Japanese troops in China and Manchuria, have launched a new drive in the South against Japan's vital lifeline to Indo-China, the High Command announced tonight.

The Chinese offensive 330 miles South of Chungking and 150 miles North of Indo-China has ripped out one major bastion in the Japanese supply corridor across China — the heavily fortified Kwangsi rail town of Hochim, a communique said.

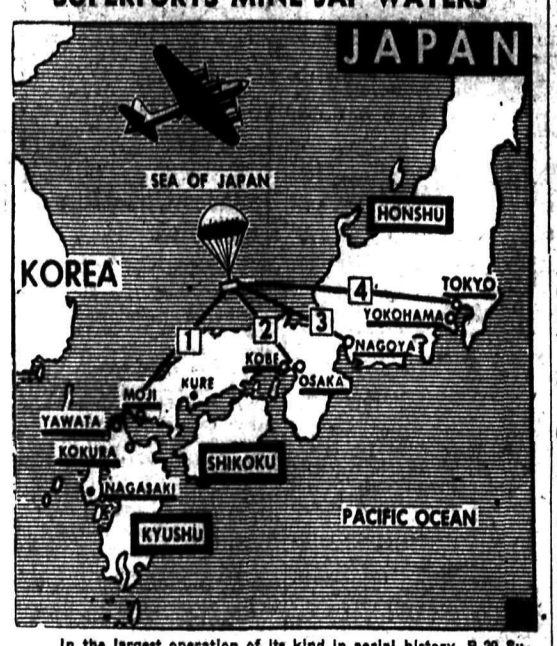
2,000,000 ENEMY

The new drive, supported by the United States 14th Air Force, coincided with a call by the National Koumintang Congress for a speedup of China's general offensive. In the highest estimate of Japanese forces ever made by Chinese sources, a Koumintang announcement said there were 2,000,000 enemy troops garrisoning China and Manchuria.

Chinese assault forces on the East China Coast captured the Min River estuary coastal town of Mamoi, nine miles East of Foochow, and also carried their banner 17 miles Northeast of Foochow to the outskirts of coastal Lienkong as they hotly pursued the enemy and all but eliminated the entire Japanese defence area around Foochow.

In Hunan Province Chinese troops and American bombers and fighters joined in to lessen the threat of a renewed Japanese drive toward the American air base at Chihkiang, 250 miles Southeast of Chunking.

SUPERFORTS MINE JAP WATERS



In the largest operation of its kind in aerial history, B-29 Superfortresses of the U. S. 21st Bomber Command have mined the home waters of Japan in the past six weeks. All the enemy's important harbors and much of the inland sea have been sown with mines parachuted from the Superforts. It is estimated that 75 per cent of the enemy's transportation system is ship-borne and that mining the waters of Japan will do much to cripple her productive power. Shimonoseki Strait (1) through which all shipping to Yawata, the Pittsburgh of Japan, must pass, has been given special attention. Kobe (2) and Nagoya harbors (3) have been filled with the mines as well as Tokyo harbor (4). All of the operations have been carried out at night.

Nearing Okinawa Citadel

MANILA, May 22 (Tuesday) (AP) — A large force of Japanese — some wearing American Marine uniforms and using captured American weapons—strongly attacked Marines in the Naha sector of Okinawa Sunday night but were repulsed with heavy losses.

Fierce action, some of the hottest of the long Southern Okinawa campaign on the island 325 miles Southeast of Japan, raged all along the Naha-Shuri-Yonabaru line but Fleet Admiral Nimitz said the U.S. 10th Army made advances on both flanks and in the centre.

Attacking before dawn, American infantry captured Taira Machi, North of Shuri, despite intensive small arms fire. These troops already were within a half-mile of Citadel Shuri's Northeast fringes. Fighting doggedly all day and throwing back enemy attempts to retake Taira, the Americans moved South of the town in the evening.

DOUGHBOYS MOVE ON

Infantry moved slowly South toward Yonabaru town on the East Coast although subjected to intense inter-locking machine-gun fire throughout Monday.

Elsewhere in the Pacific theatre these developments were reported:

United States troops swept 10 miles up Central Mindanao Island in the Philippines Sunday to within one mile of Malaybalay, capital of Bukidnon Province, reaching the edge of the main airfield. They were within 25 miles of a junction with other Americans moving South.

BOMB BORNEO

Australian 9th Division and Dutch patrols penetrated to within three miles of the North Coast of Tarakan Island, off Northeast Borneo, while bombers struck Borneo airdromes and harbors. The seaplane base at Balikpapan, Eastern Borneo, was set on fire.

Two Australian 6th Division forces on Northeastern New Guinea moved to within two miles of a junction near captured Wewak. The Western column cleared the Boiram airdrome.

In the stubbornly-held Davao sector of Mindanao the Americans moved two miles North of captured Panacan town and completed clearing the area around the big Sasa airdrome.

On Luzon Island the Americans drove the Japanese back into the Cagayan Valley along the mountainous Balete Pass, closely supported by bombers and fighters which dropped 238 tons of explosives.

JAPS STRIKE BACK

Philippine-based bombers ranged in strength over Formosa for the sixth straight day, concentrating on harbor installations at Keilung, rail yards and airdromes at Toyohapa and Taito, and scattered industrial targets on the big island.

Making their first attack in several days, 35 Japanese planes struck at American shipping off Okinawa Sunday evening. They damaged five light units, a communique said. Twenty-six attackers were shot down.

Russians Train New Czech Army

LONDON, May 21 (AP)—Czechoslovakia, turning to Soviet Russia for aid and guidance, will establish a new Soviet-trained and equipped army of undisclosed size, the Czech News Bureau announced tonight.

The announcement emphasized Russia's new Westward influence among the smaller nations once welded by France into the pre-war "Cordon Sanitaire." Plans for the army were disclosed on the heels of the return to Prague of President Benes who, with other members of the Government, had spent several weeks in Moscow

Before the war the Czech Army was trained by France. Now, a News Bureau spokesman said, new circumstances and Czechoslovakia's new mutual assistance agreement with Russia made it desirable to accept military aid and advice from the Soviet.

Basis for the new Czech army, whose size will remain a military secret, will be the Soviet-sponsored Czech Army Corps formed in Russia during the German occupation. Gen. Ludvig Svoboda is Commander-in-Chief and Gen. Josef Bocek is Chief of Staff. The pre-war Czech army numbered approximately 1,200,000 men and was armed with the latest French equipment.

Liberators Blast Jap Communications

ADVANCED HEADQUARTERS, BURMA, May 21 (Reuters) — R.A.F. Liberators made their heaviest attack yet upon the Japanese communications system leading from Southern Burma and Thailand into Malaya, when they raided Chumphon on the Kra Isthmus, yesterday.

The flight, the longest carried out in such strength by the R.A.F. in Southeast Asia, involved a round trip of 2500 miles.

Chumphon, which was left in flames, is the vital control point in the Isthmus.

In Burma, the Japanese trying to escape towards Thailand were also bombed. Remnants of the Japanese Burma army are using their old bunker tactics but have been unable to hold the Allies advancing East of Toungoo, a vital town Northwest of Rangoon.

SNIPERS TROUBLESOME

British 14th Army infantry and tanks are having a hard job to uproot them along the road running East from Toungoo across the Shan Hills to Mawchi. The terrain is suitable for defensive fighting and Japanese snipers scattered among the jungle trees are causing considerable trouble.

The Toungoo-Mawchi road, 95 miles long, has many hairpin bends and is blocked in places by landslides, while many wooden bridges have been destroyed by the Japs or have been swept away by early rains.

Many Would Like to See Walker as Mayor Again

By R. J. ANDERSON
Canadian Press Staff Writer

NEW YORK, May 21 (CP)—Political leaders were far from agreement today on candidates to succeed colorful Fiorello H. LaGuardia as New York City's mayor, but unofficial indications were that New Yorkers themselves would like to see debonair James J. Walker again in the powerful, $25,000-a-year post. Jimmy say he wouldn't consider it.

Deadline for filing nominations for the primary elections July 31, is June 6. The mayoralty election is Nov. 6.

With the 62-year-old "Little Flower" out of the picture this year after 12 years in office—Mr. La Guardia says he won't run or be drafted—the strength of the various parties is a matter of speculation. Democratic party leaders can't get together to discuss candidates. Republican chairman have declared the field wide open and American Labor party leaders have expressed no preference.

O'DWYER A POSSIBILITY

To the fore in speculation of possible candidates is William O'Dwyer, Brooklyn District Attorney.

But the nostalgic appeal of Mr. Walker, mayor in the rollicking 1930's, was demonstrated in a New York Daily News poll, completed today, which gave him 37.9 per cent of 15,654 ballots collected in the five boroughs. Mr. O'Dwyer ran second while Mr. La Guardia was favored for a fourth term by 25.3 per cent of those participating in the straw vote.

Among others talked of as possible candidates is Mrs. Franklin D. Roosevelt, who, despite her recent statement that she would not consider running for public office at this time, obtained 1.5 per cent of the votes cast in the News' poll.

Technically, however, she is not a legal resident of New York City and thus is ineligible.

$10 PACIFIC BONUS FOR AIRMEN

OTTAWA, May 21 (CP) — It was reliably learned tonight that the R.C.A.F. will announce within the next few days a Pacific camapign pay bonus of about $10 monthly for airmen, an amount similar to the bonus announced today for the 60-ship Canadian Pacific fleet and Saturday for the privates in the 30,000 Canadian Far East force.

Labor Delegates Turn Down Churchill Request

BY JOHN KIMCHE

BLACKPOOL, England, May 21 (Reuters) — Wildly-cheering delegates to the Labor Party conference today voted unanimously against Prime Minister Churchill's request for a continuation of the Coalition Government until Japan's defeat. They were endorsing the Labor Party Executive decision yesterday in turning down Mr. Churchill's proposals.

Miss Ellen Wilkinson, Parliamentary Secretary to the Ministry of Home Security and chairman of the conference, opened the sessions in an atmosphere of great tension.

The 1100 delegates who heard Miss Wilkinson throw down the gauntlet that "Labor is ready" knew that Mr. Churchill's challenge to the party to stay in the Government or face an early election had been accepted by the Labor leaders.

This fact today dominated the conference. The Labor Party leaders are insisting that they do not want a July election, that they would prefer to wait until some of the demobilized men and women had returned home.

Miss Wilkinson urged an election in the Autumn, condemning the attempt to force an early election for narrow party reasons. But if the alternative was to stay in, then Labor would accept the challenge.

MAY FORM NEW CABINET

LONDON, May 21 (Reuters) — Political circles speculated tonight that Prime Minister Churchill may form a new Cabinet at once because the Labor Party conference at Blackpool today rejected his proposal that the Coalition Government should continue until the end of the Japanese war.

It was believed that Mr. Churchill's most likely move was to ask the King to dissolve Parliament. Then Mr. Churchill, as head of the dominant party in the House of Commons, could form a "caretaker" Cabinet to carry on the essential business of the country pending a general election.

Internal Crisis Threatens France

By RELMAN MORIN

PARIS, May 21 (AP) — Rumors that French labor leaders are planning a national general strike circulated through financial and industrial circles today and the belief was expressed that the country is approaching a crisis in internal affairs.

Officials of the Central Committee of Labor Unions said important conferences were being held during the weekend but denied that general strikes were imminent.

Meanwhile, a survey of basic stocks and bonds showed that Paris Bourse quotations have slipped sharply within the last few weeks and particularly since the recent municipal elections.

These were dominated by Communists and Socialists in the original polling. Supplementary elections last week in communities where clear majorities hadn't been established confirmed the Leftist trend.

Financial experts said the election results and Government ordinances making it illegal to transfer stocks anonymously were factors directly affecting the decline in the market. General internal conditions also were exerting a depressing effect.

Conversely, the financial black market registered a steady rise in the price for both American and British money.

Industrial troubles appeared increasing with a general strike at Lyon and the Rhone region last week; a walkout among coal miners in the Pas de Calais and an explosion at the Gnome du Rhone factory, which was believed the result of sabotage.

Suggested Use of Tear Gas in Halifax

HALIFAX, May 21 (CP)—A 40-gallon barrel of brandy was broached, two civilians carried off two five-gallon kegs of 40-over proof rum, and two cases of whisky disappeared from the customs bond quarters when it was raided during the V-E Day riots, Eric T. Vyse, Comptroller of the Nova Scotia Liquor Commission today told the Kellock Riot Inquiry Commission investigating the disorders.

Mr. Vyse also testified he had informally mentioned the possibility of using tear gas to quell further disorders the morning of Tuesday, May 8, before the major riots started. He made the suggestion while talking with Lt.-Col Charles Clark, second in command of the Army Provost Corps here, and Lt.-Cmdr. R. W. Wood, staff officer for shore patrols.

He asked them "why is it not possible to use tear gas on any crowd that would congregate?" The officer thought it a good suggestion, and he believed Lt.-Col Clark brought the matter up at a meeting between service and civilian police officials later that day.

Mr. Vyse was one of six witnesses called to the stand today to give evidence on the riots. Prospects are that the hearings, under Mr. Justice Roy Kellock of Ottawa, will last several weeks.

R.C.M.P. officials have testified but still to be heard are Mayor Alan Butler and other City officials, representatives of the three Armed Services and many civilian eyewitnesses.

SEEK TO BETTER CONDITIONS IN COAL MINING

OTTAWA, May 21 (CP) — A special industrial disputes commission appointed to deal with wage demands of Nova Scotia and New Brunswick coal miners today heard representations from the United Mine Workers (CCL) for an extension of the present paid vacation plan from one to two weeks.

J. L. Cohen of Toronto, Union counsel, based his argument largely on a comparison with the conditions prevailing for Alberta and British Columbia miners where a two-weeks vacation plan is in effect.

The hearing will continue tomorrow when it is expected the Union will place before the Commission its demands for wage increases of $1 a day for workers on a day rate and 33 per cent for contract workers, raising the Maritime rates to those paid in Western mines. The wage application had been previously turned down by the National War Labor Board but was referred to a special commission after the miners voted strike action in protest.

90 ENLIST SINCE V-E DAY

VANCOUVER, May 21 (CP) — Approximately 90 civilians have joined the Army in Pacific Command and volunteered for duty in the war against Japan since V-E day, Army Public Relations disclosed today.

"All persons who came to volunteer for the Army now are asked if they will also volunteer for Pacific duty," an Army Public Relations officer said.

He revealed also that all troops within Pacific Command will soon be queried on their intentions as to whether or not they wish to serve against Japan.

Remove Quisling's Buttons to Stop Suicide Attempts

OSLO, Norway, May 20 (Delayed) —(AP)—Police have removed all buttons from Vidkun Quisling's clothes to eliminate the possibility of suicide, an officer at Moellergaten 19 prison said today.

The former puppet premier is dejected. It was felt that he might break the buttons and use their jagged edges to cut his wrists.

He paces his cell continually, muttering or shouting the defence which he is expected to present at his trial for treason.

The officer said the prisoner argues his case for hours at a time, declaring as if to a judge and jury that he, Quisling, saved Norway from a terrible fate by assuming control and pretending to cooperate with the Germans.

Such Treatment

ROSENHEIM, Germany, May 21—(AP) — Heinrich Hoffman, Hitler's personal photographer, was captured by the 7th Army a week ago. He registered a double complaint from his prison cell today: (1) He had had no champagne for a week, and (2) all his negatives were destroyed in the bombings of Berlin.

GERMAN FLEET TO SAIL IN JAPAN INVASION?

LONDON, May 21 (Reuters) — Domei, the Japanese Agency, claimed tonight that Tokyo naval observers believe Britain and the U. S. are planning to use the German fleet in the invasion of the Japanese mainland.

Quoting a naval correspondent of the Tokyo newspaper, Asahi Shimbun, the Agency said: "The American and British powers are scraping together what remains of the battlefleets of Germany, Italy and France and are hurriedly sending them to the Pacific to step up their invasion operations against Japan."

This Japanese report is without Allied confirmation.

TENSION OVER YUGOSLAV OCCUPATION OF TRIESTE EASES

BY ROMNEY WHEELER

LONDON, May 21 (AP)—Marshal Tito of Yugoslavia appeared tonight to have eased diplomatic and military tension over the occupation of Trieste and its surrounding area, possibly under Moscow prompting.

Diplomatic sources with contacts in the British Foreign Office described the situation as "definitely improved" and there was a disposition to regard the problem as ripe for an early solution.

Already, Tito was withdrawing his troops from Southern Austria, one of the points of dispute.

Yugoslav Occupation Headquarters had been withdrawn from Trieste, although the military situation there was unchanged with both British and Yugoslav troops occupying the Adriatic port.

While delegates purporting to speak for the citizens of Trieste sent a bellicose message of allegiance to Tito, progress was apparent on diplomatic levels.

Diplomatic channels said it had become quite clear in the last 24 hours that the Yugoslavs were prepared to seek a solution without armed force, and that Tito's government had indicated a willingness to discuss the question with the Allies.

(A similar view was taken by the Communist Daily Borba, published in the Yugoslav capital, which said in an editorial broadcast by the Belgrade radio that the Yugoslav Government had stressed these two points:

("First, that it does not intend to annex these territories unilaterally before a peace conference that will finally settle the question of Slovene coastline and Trieste, i.e., before the possibility of a direct agreement between Italy and Yugoslavia.

("Second, that for these reasons Yugoslavia is prepared to discuss the situation . . . so as to find, in agreement with the Allies, a solution that will satisfy both parties and will not be contrary to the interests of the population of these territories." The broadcast was recorded by the Federal Communications Commission.)

Tito's withdrawal of Yugoslav troops from Carinthia and Styria in Southern Austria suggested sincerity on the part of the Balkan leader in attempting to reach an amicable decision.

Canadians Shorthanded From Time of Sicily Landings, Chaplain Claims

WINNIPEG, May 21 (CP) — Maj. E. J. Bailey, C.C.F. candidate in Lisgar Federal Constituency and recently a Chaplain with the Loyal Edmonton Regiment overseas, said in a local broadcast tonight that "I am charging the Government with meditated failure to support the fighting troops over a long period."

Maj. Bailey said he was keeping a promise made to the men at the front to tell the people "the truth" about the reinforcement situation.

The first hint men overseas got of possible reinforcement difficulties was nearly three years ago, Chaplains had to deal with compassionate leave requests. Maj. Bailey said "we found it was almost impossible. We only found out in March, 1944, at a meeting with the General in Italy that the Government had laid it down as a policy that only business men with economic difficulties could get back.

"I only know two men who were well treated and one was a brigadier with prestige and the other was a captain with pull . . . why should it take prestige and pull to meet human need? . . .

"Canadian forces were short of manpower from the day of landing in Sicily in July, 1943. In the battle at Ortana in December, 1943, we were short of men going in and during the battle my regiment lost 80 per cent of its fighting strength.

"They sent us some reinforcements days late and these were the odds and ends of partly trained men who were scraped up around the reinforcement camp.

"I have the names and records, given to me by the men . . . who couldn't handle the weapons upon which their lives depended . . . these were the men they put in against crack German paratroopers . . . do you wonder that we burn with the injustice of it and that the Liberal party would like to forget about the whole thing?

". . . By the time a year had gone the situation was almost farcial and in the Gothic Line we used to say 'when we get up to half strength we'll put on an attack.'

ONLY HALF ENOUGH MEN

"At the Davaio River on Jan. 4, 1945, Sgt. Bennett of the Seaforths, who was shot through the chest and abdomen, told me . . . 'It wasn't fair sir, they sent us in with only half enough men in our company.'

"A field officer of a Western Infantry regiment fighting in France at the same time told me that in Holland it was the same with them . . ."

Maj. Bailey said the reason men couldn't get home after four and five years away from their families was "very simple—they hadn't the men to let them get away. And they knew that as far back as February, 1944, because I have a letter signed by Ralston (former Defence Minister Ralston) addressed to me saying this . . ."

GOES TO BERLIN: Brig. J. D. B. (Dos) Smith of Ottawa and London, Ont., who has been made commander of the Canadian brigade which will share in the occupation of Berlin.

Bloodstains on Wood, Uniform of Same Group

VANCOUVER, May 21 (CP) — A criminologist today was called into the preliminary hearing of William J. Hainan, charged with the murder of Olga Hawryluk.

Miss Hawryluk, 23-year-old waitress, was beaten to death on an English Bay beach early last May 1.

Inspector J.F.C.B. Vance of the Police Science Bureau testified sand particles in Hainan's hair were similar to those on two pieces of blood stained wood and on the beach where the girl's body was found.

Dr. H. H. Pitts, autopsist and analyst at Vancouver General Hospital, testified blood specimens taken from Miss Hawryluk body, and the bloodstains on the pieces of wood and on Hainan's uniform were of the same blood group.

Dr. K. D. Panton, City Physician, examined Hainan on the afternoon of May 2 and found his hands had been slightly injured.

FAILS TO OBTAIN DEAD MAN'S EYES

VANCOUVER, May 21 (CP) — An attempt to obtain the eyes of a man who leaped to his death from a Vancouver bridge Saturday afternoon was made by a doctor a few hours after the tragedy.

Dr. R. A. Seymour, first assistant superintendent, Vancouver General Hospital, said today that a doctor had made the attempt and was unsuccessful.

It was the doctor's intention, if the request had been granted, to use the dead man's cornea for "grafting" on to the eye of a blind person. The cornea would be "transplanted" to the living person's eye, restoring sight, if the operation were successful.

Dr. Seymour said one such operation had been performed successfully at the General Hospital last year.

Dr. Seymour explained that eyes are obtainable from a dead person only on permission of the latter's relatives.

Former Nazi Deputy to Denmark Arrested

COPENHAGEN, May 21 (AP) — The Allied Military Commission today arrested Werner Best, former German deputy for Denmark who since the German occupation has been held in custody by the Danish Freedom Fighters at his villa.

$481,404 TENDER FOR KOOTENAY ROAD SURFACING

VICTORIA, May 21 (CP) Tenders for road surfacing throughout the Province this Summer were opened today by Works Minister Herbert Anscomb. Ten firms tendered for the contracts for works in four sections of the Province.

1. Vancouver Island —Columbia Bitulithic, $35,155.50; Commonwealth Construction $46,740; E. R. Taylor $54,965 and General Construction $53,104.

2. Lower Mainland— Columbia Bitulithic $50,542; Commonwealth Construction $54,409.50 and Dawson, Wade $55,039.

3. Columbia, Kamloops, Lillooet, Revelstoke and Salmon Arm, electoral districts—Williams and Carrothers $30,067 and Dawson, Wade $34,939.

4. Cranbrook, Fernie, Grand Forks - Greenwood, North and South Okanagan and Similkameen electoral districts—Dawson, Wade $481,404 with an alternate bid of $80,804.

PREDICTS VAST RAIDS: Lt.-Gen. James H. Doolittle, who led the first air assault on Tokyo, predicts that 2000-plane raids will be made upon the Nipponese homeland. "The size of the American air force operating against Japan," he said, "will continue to be increased as airfields become available and supply routes and communication bases are established."

ANGLO-CANADIAN OIL PROFIT $130,831

MONTREAL, May 21 (CP)—Anglo-Canadian Oil Company Limited today reported net profit in 1944 of $130,831 or 6 cents per share against $276,419 or 12 cents a share in 1943.

After deductions earned surplus carried forward was $623,346 versus $638,425.

To Boost Summer Spiel Entry to 64; Flin Flon to Send Curlers

A scheme to accommodate 64 rinks instead of the original planned 50, is being considered by the Nelson Civic Centre Commission, forwarding plans for the novel Midsummer Bonspiel here in July.

So popular has been the idea to stage the unique 'Spiel that outside entries alone promise to reach the 50 rink entry originally planned. Provision will have to be made in addition for an entry of 14 or 15 Nelson rinks.

With entries from far and near the total to date now stands at 36. Cities that will be represented are Flin Flon and Winnipeg in Manitoba; Regina, Saskatoon, Moose Jaw, Imperial and Simpson in Saskatchewan; Leyland, Edmonton, Red Deer, Didsbury, Olds, Blairmore, Lacomb, Bellevue and Holden in Alberta, and Vancouver, Vernon, Grand Forks, Trail, Rossland, Kimberley, Dawson Creek and Salmo.

The refrigeration plant is being overhauled and will be in first class condition when the time comes for the making of ice on June 22.

Plans are still being negotiated to have the games broadcast over CKLN, and officials are trying to get a newsreel man to take pictures of some of the games.

Accommodations for the visiting curlers and their families are progressing and it is hoped that arrangements for billeting will go ahead more rapidly this coming week.

Draper Reports Successful Meet at Coast

James Draper, Liberal candidate for Kootenay West, returned over the weekend from a trip to Vancouver, where he attended Prime Minister Mackenzie King's opening campaign meeting.

Mr. Draper reported that the ballroom of the Hotel Vancouver was crowded to overflowing with enthusiastic supporters. Hundreds were turned away from the meeting, owing to lack of accommodation on the ballroom floor. A specially constructed speakers' platform banked with roses made a colorful setting. This platform was large enough to take care of about 20 representatives of the Liberal Party, from various parts of B. C. among whom was Mr. Draper.

All representatives on the platform were introduced to the large gathering by Thomas Braidwood, Vancouver Liberal Council Chairman, previous to the arrival of the Prime Minister and his party.

Thomas Reid, M. P., of New Westminster, piped the procession into the ballroom led by Mr. King, Air Marshal R. Collishaw, V.C., Hon. John Hart, Premier of B. C.; T. D. Pattullo, Hon. Ian Mackenzie, Senator J. W. Farris and Lt.-Col. Alan Chambers, V.C.

The skirl of the pipes was almost drowned out by the tremendous ovation as the special party entered the room.

Applause after applause greeted Mr. King throughout his address. Thirty minutes of the address, which lasted for approximately 50 minutes, were broadcast over the CBC.

At the conclusion of the meeting, a special reception in an adjoining room of the Hotel was held so that those unable to hear the address in the ballroom could meet the Prime Minister.

Air Minister Collishaw was Chairman of the meeting.

Mr. Draper reported that Prime Minister King was the picture of health and his old fighting spirit was higher than ever.

Mr. Draper took advantage of his presence in Vancouver to confer with many of the leaders of the British Columbia Liberal Association, and is now back in his own constituency to carry out a vigorous campaign, which commences Monday night with a meeting at South Slocan Community Hall. Howard Harman, of Vancouver, will be in Nelson for several days to support Mr. Draper, and they will be joined by Dr. G. M. Weir, in Nelson, on Wednesday morning to conduct meetings at Kaslo, Nakusp and other points in the District.

TOAST and TEA

BY E. A. SEARELL

There is at least one argument which will spring out of the war and be continued as long as the oldest soldier finds another old soldier who served in a different theatre. It is the argument as to where the toughest fighting took place. We have no intention of offering an opinion, except to say that it has been tough enough everywhere. In Burma, before the tide turned, the British soldiers were punished almost as severely by the weather as by the Jap planes. In one engagement the British were fighting the Japs while the rain fell in torrents. If the skies cleared for an instant, the Jap Zeros appeared. There came a brief interval in which neither the rain nor the bombs fell. Then suddenly there was a terrific uproar overhead and a Tommy sprang to his feet. He stared at the heavens for a moment and then exclaimed: "Thank God, it's only the Japs; I was afraid for a minute it was more rain."

309 to Contest Ontario Election

TORONTO, May 21 (CP)—A record total of 309 candidates appeared likely today to contest the June 4 Ontario general Provincial election. The number compares with 283 in the 1943 election and the previous record high of 93 in 1923 when there were 111 seats at stake. There now are 90 seats.

A compilation by The Canadian Press shows that the Progressive Conservative Government forces of Premier Drew, which had 38 seats in the last Legislature, have nominated 90 candidates, one in every riding.

The C.C.F., official Opposition in the last Legislature with 32 members, has 88 candidates in the field. The Liberals have 79 candidates but eight others have party support—five Liberal-Labor, two U.A.W. Labor and one Liberal-Progressive—bringing the total also to 88. Liberals had 16 members in the last House.

Further candidates may still enter the race by qualifying on official nomination day next Monday, May 28.

Barring an unexpected last minute surge of nominations for the Labor-Progressive party, which so far has 31 candidates nominated, the race will be generally a three-party contest.

There are six Independents in the field, four Labor, two Independent Liberal, and one each of the following: Socialist-Labor, Independent Progressive Conservative and Independent Soldier.

FOUR FRENCH DIVISIONS TO GO TO PACIFIC

NEW YORK, May 21 (CP)—The BBC said Sunday that the French Expeditionary Corps to be sent to the Pacific "already numbers four fully-equipped divisions."

Victorian, Who Once Rowed in Regatta Here, Dies

VICTORIA, May 21 (CP)—William Walken Wilson, 66, native Victorian and noted member of the James Bay Athletic Association, died here Sunday, it was disclosed tonight.

In 1901, during the May Day sports at the Gorge, he stroked the lapstreak crew, wining the B.C. championship, and in 1902, his crew was picked and trained to represent the J.B.A.A. in the P.N.W. Regatta at Nelson.

Rowing the first day in the Regatta as juniors and the second as seniors and winning both events, the time record made in the senior race has never been beaten.

Besides Mrs. Wilson he leaves a son, Brian Walken Wilson and a daughter, Mrs. Herbert A. Brown, here.

Recalls Coldwell Opposed Sending Soldiers Overseas

NEEPAWA, Man., May 1 (CP)—John Bracken, National Progressive Conservative leader, said tonight he was confident that if electors were fully aware of the extent to which those at the top of the C.C.F. party would interfere with individual freedom they would withdraw their support from that party.

In a speech prepared for delivery at a political rally here, principal town in the constituency, where Mr. Bracken is standing for election, he said that he did not question the sincerity of those who supported the C.C.F. party.

"During the dark thirties, when it appeared that the Government was unable to bring the people out of the depression, some turned to that which offered promise of escape from very dark days—even though it was a promise on paper only," said Mr. Bracken.

"I am confident that they are not fully aware of the extent to which those at the top of the C.C.F. would interfere with individual freedom."

Prime Minister Churchill had found occasion not long ago to tell the people of Great Britain that "wayside totalitarian systems; however innocently designed; whatever guise they assume; whatever liveries they wear; whatever slogans they mouth, are a fraud, which should be mercilessly exposed to the British public," said Mr. Bracken.

"The Canadian people are free people; they are temperamentally unsuited to dictatorship; no matter in what form it may be offered."

"The C.C.F. makes a great play of human values: They hold themselves up as the salvation of the little man and his family. Well, where did the C.C.F. stand when human values were at stake? Where did Mr. Coldwell (M. J. Coldwell, C.C.F. leader) stand when the freedom of the world was at stake?

"He is the gentleman who was opposed to sending Canadian troops overseas."

Mr. Bracken gave a general outline of his party's policies, and reiterated his party was in favor of Family Allowances.

Derby County Wins Football League

LONDON, May 21 (CP Cable) — Derby County today clinched the football championship of the League North by defeating Liverpool 1-0 before a Whitsuntide holiday crowd of 17,000 at Derby. Liverpool was Derby's closest rival in the standing.

Several other matches were played but none was of any importance, excepting the Liverpool Cup final, won by Everton in downing Tranmere Rovers 4-1.

Committees Serve at Auxiliary Tag

Assisting in the successful tag day of the Women's Auxiliary to the Active Forces on Saturday were refreshment and finance committees.

On the refreshment committee were Mrs. T. Cookson, Mrs. F. T. Rich, and Mrs. G. Sutherland.

On the finance committee were Mrs. A. Shrieves, Mrs. B. Ramsden and Mrs. R. Keffer.

Fire Guts Six Rooms In Club Hotel; Burns Roof of House

A loss estimated at $1600 was sustained in a fire which gutted six rooms at the Club Hotel, and burned off the shingles on the roof of a neighboring house only a few feet away, Monday night.

The blaze drove out several families residing in the East end of the Silica Street hotel, fire fighters holding the flames to that section with difficulty.

The hotel is owned by Mrs. Elizabeth Gibbons and a small amount of insurance only was carried. Considerable damage was done to the roof of the home owned by Mr. Smiley, most of the shingles being lost.

The fire started in the roof of the hotel, caused by a defective chimney. An alarm was turned in by telephone and through Box 26 at the corner of Silica and Stanley Streets, at 7:25 p.m. Firemen had the fire under control in short order, and by 8:15 the trucks returned to the Fire Department, although men remained at the hoses.

Tenants of the hotel carried out belongings, assisted by some spectators, and bedding was removed from the upstairs portion of the house next door.

A large crowd gathered along Silica Street and in the alley behind the hotel. The street car was held on Stanley Street for some time, blocked by hose lines.

The hotel was a popular one in pioneer days, much patronized by miners working in the Silver King and Athabaska mines.

Opposes One-Man Street Cars in Vancouver

VANCOUVER, May 21 (CP) — Veterans Affairs Minister Ian Mackenzie, now visiting in Vancouver, revealed today that he had sent a telegram to Premier John Hart at Victoria in which he opposed the introduction of more one-man street cars in Vancouver.

Members of the Street Railwaymen's Union (A.F.L.) in Vancouver have been opposing preparations of the British Columbia Electric Railway to put more one-man cars into operation. The Public Utilities Commission, after a public hearing had directed the company to purchase 20 PCC cars "and to operate such cars as one-man cars."

East Kootenay Purchases 130 Per Cent of Quota

CRANBROOK, B.C., May 21 — East Kootenay Victory Loan unit rose again on Monday's official returns to 130 per cent of the quota at $1,422,800 on 5174 applications.

Standings are: Cranbrook 150 per cent, on 940 applications; Creston, 140 per cent on 584 applications; Michel-Natal 130 per cent on 245 applications, Fernie 128 per cent on 718 applications; Windermere 118 per cent on 245 applications, and Kimberley 109 per cent on 2114 applications.

Censorship Shifts to Pacific

OTTAWA, May 21 (CP)—The Canadian Office of Censorship, which gave security guidance to the Dominion's news and radio editors through five long years of the European war, has shifted its attention almost exclusively to the Pacific.

It issued today a new combined press-radio censorship booklet, defining the Eastern war zone and replacing the scores of directives under which editors previously worked. The booklets lifted many of the former restrictions on news from the European theatre but re-issued some for the Pacific zones where Canadian forces eventually will see action.

"The surrender of Germany has made possible removal of a number of censorship restrictions which applied only to that phase of the war," the censors said in a foreword.

The directives in the booklet "embody restrictions which, so far as we can determihe at present, are vital to the prosecution of the war against Japan."

The revised restrictions, imposed strictly on a security basis, will apply to the Eastern war zone. This was defined as including the entire Pacific Ocean except the coastal waters of central and South America South of the Panama Canal zone and extending Westward to and including Aden, Capetown and the East coast of Africa.

While submission of stories on prisoners of war in Canada is still requested except those regarding individual cases of escapes or captures, censorship authorities said more stories now might be passed.

Canada's censorship regulations, dove-tailed closely with those of the United States, are based on the Defence of Canada Regulations. Their aim is to stop publictaion of information of value to the enemy and to prevent publication of material intended or likely to impair Canada's war effort or to prejudice Canada's relations with foreign powers.

Annual Cadet Inspection in Nelson Today

Hours of training by Nelson High and Junior High School Cadet Corps will culminate today in the annual inspection at the Recreation Ground.

The High School Corps, which last year captured the Earl Grey trophy, given annually to the most efficient cadet corps in Canada, will be inspected in the morning, beginning at 9:30. The Junior High Cadets will be inspected at 2:30 in the afternoon.

Major George Hoover, Officer Commanding the High School Corps, his officers and cadets have expressed determination to hold the trophy again this year. It will be presented to them at the end of the day's exercises. Lt.-Col. Don Longden commands the Junior High Corps.

The inspecting party will include Major W. B. Critchley of Vancouver Major S. Linton of Ottawa, Training Officer for Directorate; Capt. F. Fudge of Summerland, Area Cadet Officer; and Sgt. M. Adams of Nelson.

Ceremonial drill, specialized squads such as map reading, first aid, signals and battle drill, battalion drill and physical education work will be featured.

Lumberjacks Hold Unbeaten Record

CRANBROOK, B. C., May 21—Sash and Door Lumberjacks remained the only unbeaten team in the Softball League tonight but it took an extra inning for their 9-7 win over Cranbrook sawmills. Sawmills pulled into the lead in the fourth when Muirheads six foot bunt brought two runs in then in subsequent innings to the end of the regualtion seventh tied twice. Lumberjacks made their two margin runs on two singles and an error in the top of the extra, then Sawmills first three batters in their half were put out. Sawmills pulled double plays twice.

Lumberjacks: Harrison, Metcalf, Brown, Bell, Rushcall, Bacon, Reekie, Staples, Bakken.

Sawmills: Muirhead, McNab, Malcolm, Whitehead, Mitchell Sr., Mitchell Jr., Ukrainetz, Armstrong, Duggan, Scott, Downey.

Umpires: Gaspers and Hokerud.

Sawmills meet Bombers Wednesday and opening of the Bobby-Pin League has been postponed until June.

Former French Prisoners Protest Treatment

PARIS, May 21 (Reuters)—Several hundred discontented former prisoners of war and deportees today marched to the Ministry of Prisoners to protest against their treatment on returning to France.

Henry Frenay, the Minister, promised an improvement in their conditions, which are causing concern to many Frenchmen.

Prisoners get 5000 francs (about $100) on returning to France and ration cards that nominally enable them to purchase what they need. But when one prisoner went to buy a suit he was told it would cost 8000 francs ($160). Infuriated, the prisoner took the suit, refusing to pay for it, and ran away.

AUSSIES MINE CHINA COAST

MELBOURNE, May 21 (CP)—A few days after the Americans landed in the Philippines last October, Royal Australian Air Force Catalinas began to mine the China coast and have been at it ever since, Air Minister A. S. Drakeford said today.

"HOMESTEADERS" END LONG VIGIL AS HOUSING PRIORITIES ISSUED

LOS ANGELES, May 21 (AP)—It was hard to tell which was the busier today—Government Housing employees or the city street sweepers.

Both had their hands full when a weekend vigil ended for several hundred patient "homesteaders" seeking Federal Housing Administration priorities for low-cost homes. More than 400 were in the line outside when the F.H.A. opened at 8 a.m.

Many, or their proxy squatters, had been camping on the line since Friday, all eager to get in on the initial allotment of 1100 priority releases of a total of 6000 to be granted in this area during the next six months.

Some applicants represented contractors, who were permitted to apply for 25 units each, others were hardy individuals determined to build their own homes.

"We thought we'd cut off applications at 1100, but there'd be a riot if we did, so we decided to take them all—and let Washington figure out what to do," said H. A. Bell, F.H.A. official.

The scene was Americana at its best—and as the street sweepers decided, also at its messiest. The place was overripe for the scrap paper drive and a field day awaited garbage collectors, what with the supply of half-eaten fruit, cigaret butts and other rubbish.

Lacking official guidance, early squatters organized the lengthening line into squads, with leaders. Numbered cards kept chiselers from creeping in. Husbands and wives were allowed to relieve each other at stated intervals, permitting one or the other to rush home to freshen up.

Seating accommodations were varied. One man had an overstuffed chair from his wife's boudoir.

Schoerner Is Captured

PARIS, May 21 (AP) — Field Marshal Ferdinand Schoerner, Commander of hold-out Nazi troops who resisted the Red Army in Czechoslovakia many days after Germany's unconditional surrender, was a captive today—turned over to the U.S. 42nd Division by troops of a German Army Command post.

Schoerner, who deserted his troops and flew out of Czechoslovakia on May 8, was disguised in a Tyrolean native costume when he sought refuge with the German 1st Army group, only to be surrendered promptly to the Americans.

The manhunt for Gestapo Chief Heinrich Himmler continued. An armoured automobile identified as having belonged to him was found near Neunkirchen, close to the area where Arthur Grieser, former Nazi overlord of Posnan, was caught on May 17.

CASTILLOUX DECISIONS WALTON

SAINT JOHN, N. B., May 21 (CP) —Dave Castilloux, Montreal, successfully defended his Dominion lightweight boxing title tonight with a close, 10-round decision over Ralph Walton, Montreal negro. Castilloux weighed 134¼ and Walton 133¾.

One judge gave the champion only two points more than Walton. The other gave Castilloux four rounds, Walton two and called the rest even. Referee Joe Irvine termed it a draw.

Many fans thought Walton had won and others favored a draw.

Castilloux opened up but was unable to put Walton away and never had the colored boy groggy.

Close to 4000 fans, a record fight crowd for Saint John, saw the bout.

Cranbr'k Pioneer Railroader Dies

CRANBROOK, B.C., May 21—Joseph Ford Belanger, age 79, whose residence of 48 years is one year longer than the city's existence, died Sunday.

He came here in 1897 with construction work on the Crow's Nest Pass line of the C.P.R. and remained with the railway as switchman until his retirement in 1933 when he continued to make his home here.

He was born at Calabogie, Ont.

Surviving are his wife and a son, Malcolm, in Cranbrook; two daughters, Mrs. Nina Dickenson, Crow's Nest, and Mrs. Alfred Kershaw, Fort Steele, and seven grandchildren. A son, Joe, was accidentally killed here several years ago.

The funeral will be held Wednesday from St. Mary's Church.

60 Canadian Ships for Pacific . . .

13,500 Navy Men to Serve

OTTAWA, May 21 (CP)—Canada's 13,500 volunteer Navy men who will serve in a fleet of 60 ships against the Japanese will receive Pacific pay bonuses rated at about $10 a month for seamen, similar to the bonus already announced for Army Privates, Navy Minister Abbott announced today.

A Navy release said the campaign pay will go to "those actually serving in the Pacific theatre of operations" and the scale will run from 30 cents a day for seamen to $1 a day for Lieutenant-Commanders and above. The Army scale, announced Saturday, is similar for the equivalent ranks of Private and Major.

The release added:

"This follows the practice already established by the Royal Navy and brings Canadian rates more into line with those of the United States Navy."

The Army's Pacific rate of about $54 monthly compares with $60 monthly for United States Combat troops and $70 monthly for United States Combat Infantry.

Today's announcement leaves the R.C.A.F. as the only service which hasn't announced details of its Pacific policy. It is understood that finding sufficient bases for the great concentration of air power is holding up plans.

The Army's announcement included a Pacific rate for members of the C. W. C. A. C. and thus provided first official hint that women would be used in that theatre. However, the Navy release made no mention of a rate for the "Wrens," but it was learned they would see service with administrative and shore establishments, whose total strength would amount to about 42,000.

This number would be necessary to maintain administration, long lines of communication, dispersed shore establishments, training quotas and naval missions.

Mr. Abbott also gave details of the size and nature of the Navy's Pacific force which will serve with the British fleet and will likely be under command of Capt. Harry G. Dewolf, 42, Bedford, N.S., Assistant Chief of the Naval staff.

He referred to the fact the cruiser Uganda already was on the spot and disclosed for the first time that she had seen action. Without amplification he said:

"One cruiser, H. M. C. S. Uganda, has already seen action with units of the British Pacific fleet."

Mr. Abbott also gave the following details:

1. The Uganda will be joined by a sistership, the Ontario, already commissioned and taking her trials.

2. The 60-ship fleet also will include the anti-aircraft ship Prince Robert, which saw duty earlier in the war as an armed merchant cruiser and subsequently served in the Mediterranean and the Bay of Biscay.

3. Two new light fleet aircraft carriers are nearing completion and will be "the largest warships Canada has ever had." They will be manned by crews of 1,300 men including air personnel "which will be drawn as far as possible from the 800 Canadians now serving or training with the Royal Navy fleet air arm." Previously, the Canadian had provided sea-crews for two Royal Navy small escort carriers—Nabob and Puncher.

4. The destroyer fleet will include the tribals Haida, Huron and Iroquois; the "V" class ships Sioux and Algonquin; and the tribal class Micmac, first destroyer built in a Canadian yard. A second destroyer was laid down at Halifax but there was no mention of its disposition in the announcement.

5. Rounding out the fleet will be 36 of Canada's newest frigates which are not specifically mentioned by name.

LEAVE AS SOON AS POSSIBLE

It already had been announced that the Pacific re-volunteers would get 30 clear days leave before the switchover. Today's announcement said the leave will be given "as soon as operational requirements permit."

This might refer to the crew of the Uganda which was moved to the Pacific before the European war was over and therefore its crew were not canvassed on whether they wanted to volunteer for further duty.

This now is being done and it is assumed the men who re-volunteer will get their 30 days leave as soon as replacements can be sent to the Pacific.

In connection with the survey to see which men want to volunteer, Mr. Abbott said he had issued "definite instructions that no pressure of any kind was to be brought to bear on personnel to volunteer."

"It is expected that the number of volunteers will be well in excess of requirements," he said. "The number of sea-going personnel for the European war was approximately 50,000. In the Pacific some 13,500 will be required because only the larger and more modern ships will be used. Accordingly a process of careful selection from those who volunteer appears inevitable.

"The figure of 13,500, of course, does not include the personnel who will be required to serve ashore in Canada in order to support the fleet afloat, but as many as possible of those who volunteer will be given an opportunity to go to the Far East."

Cinderella of Leipzig

By DANIEL DE LUCE

DUESSELDORF, Germany, May 21 (AP) — An American officer who hunted through the bombed wastes of German cities for his long lost daughter told a stranger than fiction story today of the "Cinderella of Leipzig."

Maj. Arnold Wilson Samuels, 44, of Columbus, O., came overseas to fight Germany for a second time, and this time also to save his only child, whom he had not seen since 1928, when she was three years old, and was taken by his first wife to her maternal grandparents in Trier.

"I searched Trier which had been pretty badly hit," Samuels said. "Some of the townspeople said they thought the grandparents, Mr. and Mrs. Heinrich Schroeder, had moved to Leipzig with my daughter several years before."

The 94th rolled through Ludwigshafen, then turned North to help in reducing the big Ruhr pocket. Leipzig had been heavily pounded by the Allied air forces. As the 94th neared the end of its Ruhr task Leipzig fell.

Lieut. Anton Viditz-Ward accompanied Samuels to the city because he knew Leipzig from student days.

Within the ruins of Leipzig Maj. Samuels found an American military government office and reported. Viditz-Ward went alone to find if anything remained of an address on Steinstrasse, last known residence of the Schroeder family.

"Then Anton came back," said Samuels. "He had been gone only 45 minutes. With him was the sweetest young girl I had seen in my life. She took one look at me and was in my arms. I guess I was stunned with happiness."

Lieut. Viditz-Ward explained that the Schroeder house was the only one still standing in the neighborhood. The grandparents, both in their seventies, and their grandchildren had escaped injury in seven heavy air raids.

On the door of the house was a name plate "Elaine Samuels—American."

Lift Eighty Per Cent of War Time Controls

ORANGEVILLE, Ont., May 21 (CP) — Eighty per cent of wartime controls on Canadian business and industry will be removed within the next few weeks, Hon. C. D. Howe, Minister of Munitions and Reconstruction, told a Liberal party meeting here Saturday night.

The last government control to be removed will be price controls, he said, adding that these "will remain in effect for months, maybe years, because after the battles in Europe and Japan, we will still have the battle of inflation."

"Hardly a day passes without some controls being removed," he continued. "These controls were designed to concentrate the flow of materials into war production. As they become easier to supply, we will take controls off as rapidly as possible."

Justifying continuance of price controls legislation into peacetime, Mr. Howe said it was the responsibility of the government "to the people buying bonds that the dollar which was subscribed would have the same buying power at all times."

Strike Japs With Overwhelming Powers —Truman

WASHINGTON, May 21 (AP) — President Truman told Congress today that American forces were preparing to strike the Japanese with "overwhelming" power.

Speaking at ceremonies at which he awarded the Congressional Medal of Honor—the U. S. highest military decoration—to Tech. Sgt. Jake W. Lindsey of Lucedale, Miss., the President asserted:

"This is a proud and moving occasion for every American. It follows the complete victory of the Allied forces over a powerful enemy in Europe. It finds us striking devastating blows in the Pacific. We are preparing to strike them later in overwhelming force.

"Before the battle against Japan is won, we shall have other men to honor—men whose deeds, like those we celebrate today, will have brought closer our inevitable victory."

Scientific Flight Over the North Pole

LONDON, May 21 (CP) — The Lancaster "Aries," which flew over the geographical North Pole last week, crossed the magnetic North Pole Sunday.

The Air Ministry said the plane took off from Goose Bay, Labrador, Saturday afternoon, reached the Pole and returned to Montreal after noon Sunday.

The flights were to collect meteorological and Radar information and to study Polar region flying conditions.

"Aries" will attempt a non-stop flight from Yukon to the United Kingdom by way of the North Magnetic Pole next Friday, the Air Ministry said.

"The Aries will fly from Montreal to White Horse, Yukon, and is expected to return to its base at Shawbury, Shropshire, on Saturday after its non-stop flight.

MONTREAL, May 21 (CP) — A Lancaster crammed inside and outside with special navigational aids and devices with a handpicked crew of 11 was expected to leave Montreal today en route to the Yukon where she will take off on one of the greatest scientific flights of its kind in history—a 5400-mile jaunt to Britain via the North Pole.

The plane was in command of Wing Cmdr. D. C. McKinley, R.A.F., who has led numerous test navigation expeditions over the Arctic, Northern Canada and other areas. All previous flights, however, had been kept secret during the war years. Lone Canadian in the crew is Wing Cmdr. K. T. Maclure of Westmount, Que., who also has been engaged in navigational experimental flights over a long period.

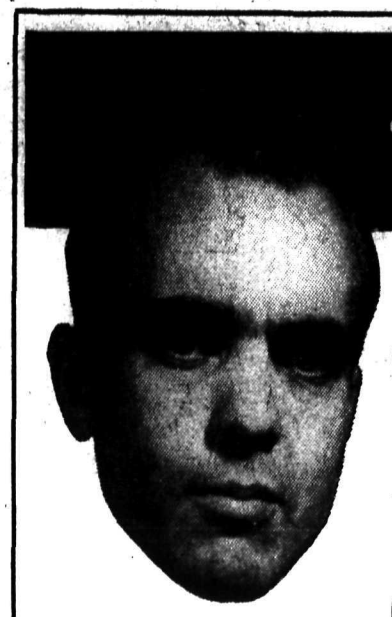
Before arriving here, the Aries had flown from Iceland to the geographical North Pole and back, a round trip of 4200 miles, and then from Goose Bay, Labrador, to the magnetic North Pole and on to Montreal, a distance of 4100 miles. She carried extra gas tanks.

LIVERPOOL, England (CP) — Rev. Samuel Turner House, known as the "Father of Methodism" has just celebrated his 100th birthday. He estimates he has preached nearly 4,000 sermons.

BLACKHEADS

Get two ounces of peroxine powder from your druggist. Sprinkle on a hot, wet cloth and apply to the face gently. Every blackhead will be dissolved. The one safe, sure and simple way to remove blackheads.

I'm for the CCF because I want



War Property SAVED ... not SACRIFICED!

Over three billion dollars' worth of war plants and supplies are now owned by the Canadian Government . . . paid for by our Victory Bonds and taxes. The Liberals and Conservatives are planning to turn these plants and supplies over to Big Business at fire sale prices—in fact, in some cases this has already been done.

THIS GRAB MUST BE STOPPED because Big Business has no intention of using these plants in peacetime. They will be closed or slowed down to avoid competition.

Let Us Use These Plants For Our Own Benefit

USE	electrical and arms plants	TO	produce radios, refrigerators and other household accessories.
USE	aircraft and chemical plants	TO	make housing materials, produce fertilizer, convert agricultural products to industrial uses.
USE	jeeps, buses, trucks, bulldozers, tractors, steamshovels	TO	expand cheap public transportation, aid farmers and municipalities.
USE	military sites, airfields, barracks	TO	build summer camping sites and recreational centres for youth.
USE	hospital supplies	TO	equip hospitals across Canada.
USE	kitchen and restaurant equipment	TO	install proper cafeterias for free lunches in all Canadian schools.

These are only a few examples of the constructive use which will be made of our war property by a CCF government.

Only the CCF Will Stop the War Property Grab!

Warning!

Prepare yourself for the wildest flood of smear propaganada ever unloosed on this long-suffering nation. Big business is the author of this smear. Through 'front' organizations, such as the Public Informational Association and General Relations Service, Limited, headed by B. A. Trestrail, and others . . . by means of radio, the press, and the mails . . . Big Business is spending fantastic sums on its smear-scare campaign . . ENTIRELY AGAINST THE CCF.

Why?—Big Business knows the CCF threatens its power, its monopolies, its strangle hold on the life of every farmer, every worker, every small businessman, every consumer—its power over YOU. Big Business and its Liberal-Tory partners have no program, and no answer to the CCF program. So they resort to the Hitler method of smear and falsehood.

The CCF asks for your reason, calm and good judgment.

Judge the CCF on its program, developed by and for the people themselves . . . judge it on the brilliant record of the CCF Government in Saskatchewan . . . JUDGE IT ON TRUTH.

To Relax S. S. Regulations for Men

VANCOUVER, B. C., May 21 (CP) The Vancouver Sun said in a newspage story today that "National Selective Service regulations for men will be relaxed for the first time within the next couple of days."

"It has been learned that Labor Department officials in Ottawa plan to ease regulations covering the compulsory direction of men to jobs," the paper said. It added that Selective Service officials in Vancouver have not yet received any instructions.

"Ottawa sources today also disclosed that plans are drafted for a further relaxation in controls for women," the Sun continued. "If last week's change, by which women can seek jobs without a permit, works out, this further removal of control will be in effect."

Plans are for the scrapping altogether of the permit system for women . . . and substituting a procedure by which employers and employees merely report jobs to N. S. S."

Czechs to Rebuild Lidice

PRAGUE, May 21 (Reuters) — Martyred Lidice, destroyed by Nazi hate in June, 1942, will be rebuilt by Czech authorities.

The weed-covered stretch of land 30 miles Northwest of this city is all that remains of what once was the mining village of Lidice, housing 200 families.

Because the villagers would not betray Allied parachutists, the village was pounded into the ground by dive-bombers, artillery and by tanks.

Every man found in the village was executed and women and children were thrown into concentration camps.

The Germans erased the name of Lidice from all maps and books.

Now, Czech authorities are searching for surviving women and children who were taken away while their husbands and brothers were massacred.

One Lidice man, a Prague policeman, escaped death. He was away from home when the Germans struck.

38 New Legion Members

During the past six months there has been a considerable increase in the membership of the Nelson Branch of the Canadian Legion. Of 38 ex-service men and women admitted to membership, 31 served in World War II, and seven in World War I. They include:

A. E. Garner and C. J. H. McDonald of Balfour; A. M. Major of Procter, J. B. Marr and R. A. Turner of Zincton, G. E. Carson of Calgary, J. G. McKay of Silverton, G. H. Price, A. Tedesco, G. Sanderson, M. C. Norris, J. E. Heslip, E. F. Langill, J. E. Robison, R. Canfield, M. H. VanRuyskenveld, H. L. Rees, R. W. Graham, R. B. Smith, F. W. Hooper, G. C. Wallach, D. Matthews, P. Leslie, Miss Louise Cox, J. B. Anderson, W. G. Leslie, C. W. Dunstall, G. F. Ford, Mrs Viola Harrop, A. J. Bradshaw, E. G. Bailey, B. Kalesnikoff, A. W. Crosby, I. W. Johnson, J. W. Dewar, W. Karchie, and T. W. Kail, all of Nelson.

There is every prospect that by the end of this year the Legion membership will be predominantly new veterans. The old veterans will of course retain their membership and will give the new veterans the benefit of their experience in the handling of veterans affairs.

Deaths

TORONTO—George S. Bale, 72, high school teacher in Ontario and New Brunswick for many years.

GLENMORE, B. C. — Isaac Kerr, resident of this district since 1913.

BANGOR, Wales (CP)—In future Sir Charles Michael Robert Vivian Duff Assheton-Smith, 37-year-old Welsh landowner, wants to be known merely as Sir Michael Duff. "With smaller incomes and smaller houses we ought to have smaller names, too," he says.

DOES THIS MEAN YOU?

Answer:
A "never-try" is a timid who has the habit of eating the same cereal every day and never gets a change of taste.

P.S.
Krumbles taste just as different as they look!

NOW you can enjoy shredded whole wheat in a NEW, EASY-TO-EAT form! Kellogg's Krumbles are shredded, curled, crisped—ready-to-eat instantly. Nothing to fuss with before you serve! Even the flavour is different! It's a heartening flavour that only Kellogg's can capture. And—there's MORE NOURISHMENT in every spoonful! Your grocer has Krumbles now. Get a couple of packages the next time you shop. Made in London, Canada.

...they are different!

Women's Institute Seeks Improved Bus Connections

NAKUSP, B.C. — Sixty-seven guests registered at the Women's Institute Rally held in Nakusp May 16. The President, Mrs. Rushton, was in the chair and Mrs. Greer of New Denver acted as Secretary-Treasurer.

Mrs. Horsley at the piano accompanied the assembly in singing "O Canada" after which a prayer was rendered by Mrs. F. Rushton.

Mrs. A. Stanley conducted the presentation of the flag and delegates stood at attention to sing "God Save the King."

The President's welcoming address was replied to by Miss Butlin, President of New Denver W.I.

The Club Woman's Creed read by Mrs. J. Lee of Arrow Park, was followed by a tribute to the late President Roosevelt.

A piano solo was beautifully rendered by Mrs. Horsley of Nakusp.

The President's address and report was followed by an interesting discourse by the guest speaker, Mrs. Popoff of Slocan City, member of the Provincial Board.

A piano solo by Mrs. Morrison of Needles was well received and a tribute was paid to departed members.

Delegates viewed an exhibit of many beautifully made articles of handicraft.

New Denver's contribution to the program was a playlet, "The Census Taker", presented by Mrs. Nelson and Mrs. Balbirnie.

The meeting adopted three resolutions:

1. That the bus to Nelson await the boat on Wednesday and Saturdays.
2. That the Edgewood bus await the boat on Wednesday and Saturday.
3. That the Greyhound Company be asked to provide suitable rest rooms along the route to Nelson.

The making of Red Cross jam as against having fruit shipped to a jam factory was discussed. It was decided to have this matter brought up at the various meetings and have their decisions reported to the Red Cross President.

Following a round table discussion, a solo "Sunshine of Your Smile" was rendered by Mrs. J. Lee of Arrow Park.

Officers elected were, President, Mrs. Rushton, Nakusp; Board members, Mrs. Lee, Arrow Park, Mrs. Robbins, East Arrow Park, Miss E. Evans, Burton and Mrs. A. Francis, New Denver.

An address by Miss Staniforth, D.H.N., on Public Health, was followed by the concluding number of the extensive program, a selection of national songs of the United Nations.

Sixty-one guests sat down to a bounteous banquet prepared by Mrs. Thexton, Mrs. Middlemass and Mrs. Menzies. Presentation of a bouquet to Mrs Popoff was made by Mrs. C. Marshal, while Mrs. Rushton presented a corsage to Mrs. G. H. Gardiner, who is credited with a membership in the W.I. of 35 years standing.

Censors . . .

Letters From Her Husband

By BEATRICE FAIRFAX

"Dear Miss Fairfax—I write to my husband in the services, twice a week and I dislike writing letters as much as anyone. Still I try hard to make these letters interesting; tell him things about the babies, our home, his folks, neighbors and everything I imagine he'd like to hear.

"And what does he write me in return? Scenery, sunsets, sunrise, the mighty ocean and the eats when he gets a good dinner. But never a word of how much he misses me, or any of the happy times we've had together. He'll say 'kiss the kids and tell them papa is thinking about them.' But never that he's thinking about me. The kids are 18 months and three years, so they don't worry much about him.

"I began to think he must have fallen for one of the native women till one of his buddies came home and described them, their huts and how they live, so I'm not jealous. But why do you think he never writes anything but about the climate, rainy season, and how the Army spray has done away with the mosquitoes?

"Sometimes I cry myself to sleep. Then I think I'll go out and have a good time like lots of Army wives do. And yet, I can't believe he no longer loves me. L.M.G."

Please summon every ounce of common sense you possess, and consider your husband's position. According to military regulations he can't tell you the name of his station in the Pacific, nor can he describe it in such a way so that you could guess its location. Letters are censored.

HELPS PREVENT PERSPIRATION SPOTS AND ODOR

WITHOUT IRRITATING THE SKIN

ARRID gives you double protection. It protects you from perspiration odor, and helps protect your clothes from perspiration spots. Arrid is an odorless deodorant, with the fine texture of a beauty cream. It vanishes instantly — giving immediate results. NAKUSP

NAKUSP, B.C.—J. Kandal was a Nakusp visitor from Glendevon.

Mrs. A. Johnson of Burton was a visitor in town.

Mr. Fuller of Burton was a recent visitor to Nakusp.

Mr. and Mrs. B. Sundstrom and family, residents here for several years, left Tuesday to make their home at Grand Forks.

Mr. and Mrs. W. Larsen have taken up residence in the house recently vacated by the Sundstrom family.

Cyril Mayoh was the guest of his parents, Mr. and Mrs. F. Mayoh.

Mr. and Mrs. DuMont were visitors from Hunter's Siding.

Mrs. E. Leveque of Rosebery was a visitor in town.

Mrs. G. M. Wilson was a visitor from East Arrow Park.

Mrs. J. Robins of East Arrow Park was a Nakusp visitor.

Mrs. A. Williams was an overnight visitor from Edgewood en route to Nelson.

Mrs. A. J. Kennedy was a visitor from Arrow Park.

J. Taylor of New Denver was a Nakusp visitor.

Mrs. A. James was a visitor from Arrow Park.

Mr. and Mrs. Morrison were visitors in Nakusp from Needles.

Robert Mayoh visited his parents, Mr. and Mrs. F. Mayoh recently.

Roy Thompson was a visitor from Bird's Landing.

The May meeting of the Women's Missionary Society of the United Church was held at the home of the President, Miss A. A. Allen. The theme of the devotional period was "The Crusade for Christ and His Kingdom," to which several members contributed items of interest. Refreshments were served by the hostess, assisted by Mrs. LaRue and Miss Mamer.

G. Begg was a visitor to Nakusp from Trail.

Mr. and Mrs. Greer of New Denver were visitors in town.

Jarrett Johnson was a vistor from Burton.

J. James was a visitor from Arrow Park.

J. Paterson of Arrow Park was a visitor in town.

W. Sweeting was a Nakusp visitor from Arrow Park.

A. James visited in Nakusp recently.

Miss L. Sinclair left recently for Nelson where she will be employed by the Nelson Daily News.

SALMO BOYS IN SERVICE

CPL. WILFRID HEARN

TPR. EDDIE HEARN

GNR. HARRY SMITH

Cpl. Wilfrid Hearn and Tpr. Eddie Hearn, sons of Mr. and Mrs. J. W. Hearn of Salmo and Gnr. Harry Smith, son of Mr. and Mrs. O. M. Smith of Salmo, is their cousin. Cpl. Hearn enlisted for active service in July 1941 and is now stationed in Saskatchewan. Tpr. Hearn enlisted in September, 1942 and has been serving overseas since October, 1944. Gnr. Smith enlisted in November, 1942, and has been overseas since November, 1944.

RED CROSS REAPS $30 FROM SHUTTY BENCH TEA, SOCIAL

KASLO, B.C.—The ladies of Shutty Bench held a most successful tea and social afternoon at the School house. Home cooking was sold.

Prize, donated by Miss Jesty, Mr. and Mrs. Taylor, Mrs. Allsebrook and Mrs. Furiak, were won by Mrs. Roy Green, Mrs. J. Surina, Miss Meers, Mrs. Taylor and Mrs. Edgar. Mrs. Bendis and Mrs. Basista served tea assisted by Mrs. J. Surina, Jr., Miss Robina Cowan and Miss Allson Cowan and Misses Annie and Helen Surina. Bingo was enjoyed by the young folks. The School was tastefully decorated by Mrs. Edgar and her pupils.

Procedes amounted to $30 which will be donated to the local Red Cross Society.

The ladies of this small community have by their efforts raised for war work about $650.

Wonder Diets . . .

Right Pattern for Eating

By IDA JEAN KAIN

The Nine Day Wonder Diets, the gruesome twosomes and the liquid lures, are in my opinion, largely responsible for the preponderance of overweight! That's a sweeping statement, but anyone who diets off a few pounds and turns around and gains them right back again just naturally concludes that she inherited her fat and that there isn't a thing to be done about it.

That's the trouble with dieting! A novel diet doesn't do a thing to change your food habits and in the long run it's the day by day choice of food that determines your weight. But many of you who read this column quite regularly don't believe you could reduce by following the right pattern of eating. You write and tell me so!

Actually there is only one good reducing diet, and it's not really a diet, it is just protective eating. The protective foods are the ones that keep you alive, and they can be included on 900 to 1,000 calories a day. You know about calories, your activity determines the number you can eat without storing any. Your reducing calorie allowance is based on your normal requirements. The sedentary worker can reduce on 1,000 calories a day; the home-maker on 1200; and the war worker on 1200 to 1500, depending on the amount of physical activity.

The fewer the calories, the more important it is that each food included be chosen to contribute its full share of protection. Here are the foods that give the most protection for the fewest calories, and this list is the basis of all scientifically planned reducing diets. Milk, eggs, cheese, 2 or 3 fresh fruits, 3 fresh vegetables, a serving of lean meat, fish, fowl or beans; a limited amount of whole grain bread and butter.

When the three meals are planned around these foods, the diet is adequate. When the meals are restricted to these foods the calories are low enough to allow a weight loss of two to three pounds a week.

Miss Muir, Boswell, Wins Tray Cloth

BOSWELL, B.C.—President Mrs. A. Mackie was hostess recently at a delightful tea in aid of the Boswell Auxiliary to Creston Hospital. A beautiful tatted tray cloth, made by Mrs. R. Shell, realized $9.50 and was won by Miss Muir. Tet proceeds amounted $4.25.

A strawberry tea is to be held next month with Mrs. C. Schaub and Mrs. R. Shell as hostesses.

Those present included Mrs. J. Hall, Mrs. Hill, Mrs. A. Kennedy, Mrs. Karnowich, Mrs. MacGregor, Mrs. J. McLaws, Mrs. P. L. Sullivan, Mrs. C. Schaub, Mrs. R. Shell and Mrs. K. Wallace.

SLOCAN CITY

SLOCAN CITY, B.C. — Mr. and Mrs. F. M. Hufty and Mrs. W. E. Graham were visitors to Nelson.

Mrs. W. Heslip was a recent visitor to Nelson.

G. Horsley of Nakusp was a visitor here.

Mrs. J. Law is a patient in the Slocan Community Hospital, New Denver. Mrs. Law was accompanied to New Denver by Mrs. Stephen Grant.

Mrs. A. E. Palmquist, who has spent the past two years at Blewett with her son, has returned to her home here.

SLOCAN CITY, B.C. — Mrs. S. Perkinson, official delegate, attended the District Rally of Arrow Lakes and Slocan Womens Institutes at Nakusp. Mrs. K. Popoff, who is a member of the Provincial Board of Directors, also attended. She reported a very instructive and successful meeting.

Pte. Ernest Cooper of Grand Forks was a recent visitor here, guest of his brother and family, Mr. and Mrs. Tracy Cooper.

George Palethorpe and Frank Hill of the B.C. Forestry Service were recent visitors here.

S. N. Ross, merchant at Bay Farm, and Mr. and Mrs. Malcolm Cameron spent Thursday in Nelson.

THE FABRIC HAT: The fabric hat, generally a bridge between felt and straw, has emerged as a major fashion this year, and so has made good on its own merits. Hattie Carnegie uses gleaming satin in delicate pale blue for a beautifully draped head-hugging turban. A pair of full blown pink roses gives a brilliant contrast and completes a hat that would add distinction and beauty to any afternoon or after-dark costume.

Esophagus . . .

Ailments of the Throat

By HERMAN N. BUNDESEN, M. D.

The esophagus is the connection between the mouth and the stomach.

There are many disorders which may affect the esophagus. One of them is cancer. Cancer of the esophagus is seventh on the list in order of frequency of cancer among male persons. It is important that this condition be detected early. A diagnosis can be made by the X-ray and by using an instrument known as an esophagoscope which is a tube with lights that can be passed into the esophagus, making it possible to look directly into it.

There is no cure for cancer of the esophagus other than operation. X-ray or radium will only partially destroy the growth. However, unless the disorder is diagnosed early with the esophogoscope and X-ray, operation cannot be successfully carried out.

There are other types of tumors which may occur in the esophagus, such as fatty tumors and those made up of scar tissue. In many instances these tumors may be present without causing any symptoms and no treatment is necessary for them.

However, if they become too large an operation for removal may be required.

Children, as well as adults, may accidentally swallow lye or some other corrosive substance. This will burn the lining of the esophagus and when healing, scar tissue forms which contracts and narrows the opening through the esophagus. This is called a stricture.

Most of these patients can be treated successfully by passing an instrument into the esophagus to stretch or dilate the stricture.

Doctor Edward Benedict of Boston suggests that one of the sulfonamide drugs be applied to the lining membrane to help overcome the inflammation which may be present. If it is known that a person has swallowed lye or similar substance, as soon as possible the dilating process should be carried out, in order to help keep a stricture from forming. Then the dilating treatment should be continued at intervals for several years. In a number of patients who were treated in this way, a stricture developed in only one person.

Another condition which may affect the esophagus is known as esophagitis. In this disorder, ulcers often form in the lower part of the esophagus which, when healed, produce scar tissue that narrows the opening through the esophagus. There is no special treatment which is available for this, other than that ordinarily used for peptic ulcer or ulcer affecting the first part of the intestine.

Persons may sometimes swallow fish bones or other materials which stick in the esophagus. These objects often can be removed through the opening in the esophagoscope. The esophogoscope and X-ray have made diagnosis of disorders affecting the esophogus relatively simple.

Mrs. Brett Reports P.T.A. Convention

SOUTH SLOCAN, B.C.—Mrs. C. Brett, guest speaker at the May meeting of the South Slocan and Bonnington P.T.A., gave a report on the B.C. Parent-Teacher's Annual Convention held in Vancouver early in April. The theme of the convention was "Our Youth, Tomorrow's Hope."

Among the educationalists addressing the convention were Dr. King, Department of Education; Dr. McKenzie, President of U.B.C.; Mrs. J. S. Stewart of the National Congress of Parents and Teachers, Washington; B. C. Gillie, President B.C. Teachers' Federation; D. Basil Matthews; Mrs. K. G. Kerns, President B.C. Parent-Teachers' Federation. The importance of home life and training was stressed by all speakers, Mrs. Brett stated.

A gift of $20,000 was presented by the Home Economics Endowment Fund Committee to U.B.C. for the Home Management House of the Department of Home Economics. Here practical training will be given, in a two month's course, in home management.

A joint meeting was held with the B.C. Teacher's Federation at which the importance of home life, adult education, spiritual training, the supplying of up-to-date equipment for children and of up-to-date personalities to teach them, the preparation of students for a variety of jobs rather than a single trade, were the outstanding topics discussed.

Among resolutions endorsed by the convention was one, "that the Municipal Act be revised to allow teachers to serve on municipal councils."

Other subjects discussed were the elimination of racial prejudice, the exchange of students from different parts of the province, training of sub-normal children.

SUPPLY EQUIPMENT

A special feature of the convention was a discussion on "Is Education Out of Date?" in which a student, a parent, a school inspector, an ex-service man, a professor and a business man took part.

At the business meeting the "Ways and Means Committee" reported that three swings and two horizontal ladders had been installed in Sounth Slocan School. A letter was read from the Principal, H. Loewen, expressing appreciation of this work, the equipment having been installed by a party of volunteer workers, directed by T. Roberts.

Plans were made for a social hour following the annual meeting in June.

Boswell Children Busy Training for School Sports

BOSWELL, B.C. — The school children in the district are busy preparing and practicing for the annual Inter-School sports to be held at Crawford Bay next month. Teachers in charge are Boswell, Miss Muir; Crawford Bay, Mr. Gladwell; La France, Mrs. W. L. Hepher, and Sirdar, Mrs. Arnold.

Rhubarb was brought to America approximately 150 years ago from Europe.

College . . .

Don't Skimp on Education

By GARRY C. MYERS, Ph.D.

Many girls should think about college. Though numerous girls with college minds and ample educational preparation will be lured by big paying jobs, they, if they are really smart, will go to college, if at all possible. Those earning now will economize and save their money to put themselves through college. We will need more educated persons in the post-war period. About the most patriotic thing a young man or woman can do now is to get as much education as possible. Moreover, he or she will probably be ahead in earning opportunities ten years hence.

Too bad that many parents are so stupid as to suppose a girl wastes her education if she marries and brings up a family. If you are sure your daughter will marry and never seek employment after graduation from college, you should encourage her to go to college, provided she has the preparations and aptitude. See how we might raise the cultural and civic level of our nation through millions of homemakers college-trained.

There are thousands of bright girls completing high school this year who would enter college next Fall if their parents would encourage them.

Consider the thousands of parents who are struggling on farms, in factories and business places in order to accumulate a comfortable legacy for their children. What will a material fortune profit their children, many of whom will squander it or fight over it? It would be much better to invest in their education, if they are willing to work hard o nbooks at college.

Practically all crude oils contain impurities, the most important of which is sulphur.

"BUILD B. C. PAYROLLS"

"MY FIRST GOOD ICING"

A cook who is known for her baking skill says she made her first good butter icing, on Friday, since Pacific Milk was rationed months ago. She says: "I did not realize how much I owe to Pacific Milk until it was taken away."

Hints for Housewives

By BETSY NEWMAN

TODAY'S MENU

Sliced Cold Meat
Mashed Brown Potatoes
Creamed Asparagus
Johnny Cake
Stewed or Fresh Fruit Cake
Coffee

HASHED BROWN POTATOES

Melt bacon fat or drippings in skillet, 1 tbsp. for each cup of potatoes. Put in hashed potatoes and cook, stirring occasionally, until nice and brown and heated through. One tbsp. chopped onion may be browned in fat before adding potato, if that flavor is liked.

JOHNNY CAKE

1 cup sifted enriched flour
2 tsp. baking powder
¼ cup sugar
2 eggs, well beaten
¾ cup milk
1 tsp. salt
1 cup yellow cornmeal
4 tbsps. melted shortening

Sift flour once, measure, add baking powder, salt, cornmeal and sugar. Combine beaten eggs, milk, and melted shortening and add to flour mixture, stirring only enough to dampen all the flour. Turn into a greased pan, about 9x9x2 inches and bake in hot oven (400 degrees F.) 30 minutes or until done.

CORN BREAD

1 cup cornmeal
¼ cup white flour
½ tsp. soda
1 tsp. baking powder
½ tsp. salt
1 tbsp. sugar
1 cup sour milk
1 egg
1 tbsp. melted butter.

Measure cornmeal and turn into mixing bowl. Sift flour and sift into cornmeal with soda, baking powder, salt and sugar, mixing all these dry ingredients lightly. Add sour milk to beaten egg, turn into dry ingredients and mix well, add melted butter last and turn into well-greased pan which has been both greased and heated. Bake at 425 degrees F., for 35 minutes, and serve piping hot. This makes a thin batter, and it is better to bake in a thin layer or small muffin pans in order to have plenty of crust.

If you need to BUILD UP RED BLOOD!

Because You Suffer from Simple Anemia

If you suffer from simple anemia so that you feel weak, "dragged out" this may be due to lack of iron in the blood so try Lydia E. Pinkham's Compound, nature's with added iron — one of the best iron tonics you can buy. Pinkham's Tablets are also very effective to help relieve symptoms of monthly functional disturbances. Buy today!

Americans No Longer Best Eaters

WASHINGTON, May 21 (AP) — War finally drove home to Americans today the fact that they are no longer the world's best eaters and to save others from starving they must go on a simple, unsavory diet. It isn't going to get any better for many months. There'll be enough to eat but the diet will be simple and unsavory.

That is the unvarnished picture for 1945, at least while the U. S. and its allies are still fighting Japan and helping to avert starvation in war-ravaged Europe.

The Associated Press surveyed the situation through local officials in the U. S., the Federal Agriculture Department and sources abroad, and found:

1. Only a few sections—in the Far West—have anything like normal meat supplies. Poultry is disappearing. Strain on the egg supply is being felt. Many places haven't even bologna or lunch meats. Stores are closing.

2. Germany faces possible famine next Winter; the French and Belgians are solving their problem well the Balkans are in dire straits; Holland, Finland and Italy must have help if they are going to eat; Spain, Egypt, Denmark, Sweden and Canada are eating well.

In the United States, says the Agriculture Department, the outlook for the next six months is:

Enough essential foods to maintain good, but plain, diets; reduced supplies of meats, fats and sugar will lower the energy value five to 10 per cent.

Of the three countries, United States, Canada and Britain, Canada alone has been able to maintain her pre-war level of consumption of oils and fats.

Canucks Stage Victory Parade In The Hague

By WILLIAM BOSS
Canadian Press War Correspondent

THE HAGUE, Holland, May 21—(CP Cable) — The 1st Canadian Army today held a victory parade saluting free Holland, when 12,000 troops marched past Prince Bernhardt, who was commander of the Netherlands underground forces, and Gen. Crerar, army commander.

In a drenching rain thousands of citizens lined the route of the march.

Gen. Crerar stood behind Prince Bernhardt, flanked by Lt.-Gen. Charles Foulkes, commander of the 1st Canadian Corps, and Lt.-Gen. Guy Simonds, commander of the 2nd Canadian Corps. In two long rows behind them stood Canadian divisional commanders, various chiefs of staff and officers of the Netherlands Military Government.

Troops participating included Canadian and British infantrymen, naval ratings and marines and 1000 Dutch resistance members from many parts of Holland.

Boeings to Close for the 24th

VANCOUVER, May 21 (CP) — Boeing Aircraft plant and Vancouve's three shipbuilding yards will shut down May 24 for a one-day holiday, Company officials announced here today.

Large department stores will be closed May 23 (Wednesday) as well as May 24. All beer parlors will be open for the holiday.

SARGENT—DICKINSON

● A wedding was solemnized at All Saints Anglican Church, Longbeach, Saturday, May 19, at 3:15, when Capt. D. Gordon R. Sargent, formerly of Longbeach, was married to Lillian Evelyn Dickinson, only daughter of Mr. and Mrs. F. S. Dickinson of Nelson. The ceremony was performed by Rev. J. G. Holmes. The bride, who looked charming in a floor-length gown of white crepe, with flowing veil of white tulle held in place by a coronet of orange blossoms, was given away by her father. Her bouquet was of pink roses and mauve sweet peas. The bridesmaid was Miss Muriel Weatherhead, who wore a dainty gown of powder blue sheer, and a head dress of blue net and flowers. She carried a bouquet. After the ceremony a reception was given at "Craigend", the home of Commander and Mrs. Burrard A. Smith. The guests were received by the mother and father of the bride. A buffet refreshment was served by the ladies of the Beta Sigma Phi sorority, assisted by Mrs. Eric Smith, recently arrived from England. The health of the bride and groom was proposed by Mr. Holmes. The couple left for a motor tour of the Okanagan Valley.

● F. W. Chanter of Longbeach left on Monday to attend the West Kootenay Central Farmers' Institute meeting at Nakusp.

● Mr. and Mrs. George Atkinson, Rosemont, have taken up residence at 1013 Carbonate Street.

● G Hunter Gardner and his daughter, Mrs. Stanley Williams of Nakusp, are guests of Mr. Gardner's son-in-law and daughter, Mr. and Mrs. B. H. Pearson, First Street, Fairview.

● Members of Circle No. 2 of Trinity United Church met at the home of Mrs. William Brown when those attending included Mrs. N. C. Stibbs, Mrs. W. A. Gordon, Mrs. H. Cecil Grizzelle, Mrs. Kennedy, Mrs. E. M. Gillott and Mrs. A. G. Lane.

● St. P. Aiken and Mr. Weddell, of Kelowna, were among the laymen attending the Anglican Executive of the Synod and the complimentary dinner banquet to Fred Irvine.

● Mrs. F. Bond of Cranbrook is visiting her son-in-law and daughter, Mr. and Mrs. John McLean, Fourth Street, Fairview.

● Miss Frances Elliott of Toronto is in the city, guest of her uncle, Charles R. Hanna, Carbonate Street. Miss Elliott is enroute to the Coast and the Cariboo District.

● In honor of Miss Betty LaRue, whose marriage takes place in Nakusp in early June, Mrs. Lionel Somers entertained at a miscellaneous shower at her home, 511 Hall Street, Friday night, when those attending were Mrs. E. Jorgenson, Mrs. E. W. Somers, Mrs. R. Somers, Mrs. J. McQuaig, Mrs. Harry Procter, Mrs. G. Sutherland, Miss Jemima Sutherland, and Miss Kay Sutherland.

● Mrs. Walley McPhail was a shopper from Corra Linn yesterday.

● Rudolph Olson and A. Kraft spent the weekend at Pilot Bay.

● Cpl. Jimmy Spencer has arrived from Calgary to spend a leave with his family on Victoria Street.

● Mrs. Garland of Whitewater visited Nelson yesterday.

● Mr. and Mrs. E. Olson and family have arrived from Trail to make their home in Nelson.

● Mrs. C. V. Gagnon, Johnstone Block, spent yesterday at the home of her son and daughter-in-law, Mr. and Mrs. James H. Gagnon.

● S. J. Ponfret has returned to Vancouver after a few days business visit to Nelson.

● Mrs. R. H. LaRue of Nakusp is spending a week in the city, guest of her daughter, Miss Betty LaRue, Vernon Street.

● Mrs. J. Sime of Riondel is guest of Mrs. Harry Bishop, High Street.

● Visitors in town during the weekend included Mrs. Johnston of Trail.

● Mr. and Mrs. Halbauer of Sheep Creek visited Nelson yesterday.

● Mrs. Ida Gray was in town from Salmo yesterday.

● F. Hawkins of Bonnington visited Nelson yesterday.

● O. W. Humphrey visited his son-in-law and daughter, Mr. and Mrs. H. Frizzel in Trail.

● Thomas Heise of Balfour was a recent visitor in Nelson.

● Mr. and Mrs. George Porteous of Queen's Bay and their daughter, Miss Peggy Porteous of the R.C.A.F., were recent shoppers in the city.

● Mrs. H. E. Stuart, Crossley Avenue, has returned from Vancouver where she was called by the death of her sister, Miss Mary E. Andrews.

● Joseph Bourque has arrived from the Prince George District to make his headquarters in Nelson.

● Mrs. C. D. N. Taylor of Ainsworth was among city shoppers yesterday.

● Mrs. H. Harris of Trail spent yesterday in town.

● Visitors in the city at the weekend included Mrs. Hill of Spokane, Wash.

QUESTION AUTHORSHIP OF PRAYER

LONDON, May 21 (CP Cable) — Question of the authorship of the noted poem "A Soldier: His Prayer," took a new turn toady when the London Sunday newspaper, The People, which first published it anonymously in November, 1942, stated it was written by Gerald Kersh, British author.

However, a dispatch from Sydney, Australia, said a Sydney woman, Mrs. Margaret Fergusson, a native of Feltham, Sussex, England, claimed to have written it and produced what she said was the original manuscript.

The poem has been widely published during the last couple of years and Field Marshal Montgomery quoted from it on the eve of D-Day.

The People said: "Gerald Kersh had not proposed to announce himself as the author but the claim by the Sydney woman forced him to do so."

It said Mr. Kersh, author of several novels, was inspired to write the poem while serving with the Coldstream Guards.

First verse of the poem, picked up by a soldier in the Western Desert after the battle of El Alamein, reads:

"Help me, O God, when death is near,
To mock the haggard face of fear,
That when I fall—if fall I must—
My soul shall triumph in the dust."

British Bank Holiday Brings Out the Crowds

LONDON, May 21 (Reuters) — Londoners queued today, not for fish, meat and bread, but for buses, trains, rowboats, swings, movies and all the carefree things of life.

Perhaps the biggest queues on this Whitsunday holiday were outside Lords, home of England's cricket, to see the game between England and Australia.

The sun, as well as the crowds, came out early, and stayed out for this first bank holiday since V-E Day.

Thousands of people came from the Provinces to London to see what the city looks like after its wartime ordeals.

Sign the Petition to Show Necessity for Air Connections for Nelson

Petitions to Ottawa, designed to express public demand for air service for Nelson and district, which are now being circulated, should be extensively signed.

Without commercial air services this city and district would in the future be sidetracked. Nelson is a natural transportation centre because of its geographical position. But for that position it would be no more than a village. To maintain and expand its position as a transportation and trading centre it must be connected with the networks of airlines which before long will cover all Canada, and connect with the United States and the trans-Atlantic and trans-Pacific airways.

It must have an airport and connection through feeder airlines in order to hold its position in the world of the future in which air travel and air transport will play an ever-increasing part.

Citizens will do themselves and their community good service if they, without waiting to be approached, take the trouble to go to one of the places at which petitions are available and affix their signatures.

A Good Citizen of Whom We Are Proud

When Fred Irvine was honored upon his Golden Jubilee of 50 years of service as Rector's Warden of St. Saviour's Church in Nelson, those who attended were naturally in the main adherents of the Anglican Church, but in spirit were present many hundreds of others who were less intimately associated with Mr. Irvine.

Mr. Irvine has given long and faithful service to his church, but as a good citizen he has given equally long and equally faithful service to Nelson, service for which the whole community proudly does him honor.

We have reason to be proud of good citizens like Fred Irvine. A man of high character, of sterling personal and spiritual integrity, he has contributed unostentatiously but largely to making Nelson the fine community that it is today.

No community, no matter how immense may grow its industries, no matter how substantial its prosperity, no matter how beautiful its surroundings, can approach its full stature of good citizenship without the influence of men who possess the qualities to which in Fred Irvine we pay tribute.

Canadian Manpower Policy in the War Against Japan

The Dominion Government's announced policy as to Canadian participation in the war against Japan, colored perhaps by the political influences of a general election, is confined to glittering generalities except on two points. We hear of "full participation" and "an all-out effort" and then are told that our army is to be 30,000 and that this army is to be composed of volunteers only.

The United States and Great Britain not only have declared for an all-out war on Japan, so as to bring victory and peace to the world at the earliest possible time, but it is quite evident from their actions and the military steps which they are taking that they mean it.

John Bracken, leader of the Progressive-Conservatives in Canada, is definite in his declaration on behalf of his party. It is to "send to the Pacific theatre of war all physically fit National Resources Mobilization Act troops and only veterans of the European war who volunteer to fight against Japan."

That is a clean-cut statement of policy that meets the practical needs of the situation. He would not conscript to fight in the Far East Canadian soldiers who have already served in Europe, but would send those veterans who volunteer. He would solve the draftee problem by sending those who are physically fit to support the British and American armies and our Canadian volunteers in forcing the Japanese to their knees.

Mr. Bracken would not leave the job to volunteers, with the inequities and unfairness of the volunteer system. He would not leave the Zombie army to profit from the unequal sacrifices of the volunteer system, either by remaining uselessly in camp at the taxpayers' expense at home, or to be released to get earlier opportunities for civilian reestablishment.

Mr. Bracken's policy will not be popular in the anti-conscription areas of Canada, but it should gain for his party strong support from Canadians who are disgusted with the vacillation and weakness and unfairness and international humiliation of the mismanagement of Canada's military manpower that have bedeviled us in the last five years.

Letters to the Editor

Letters may be published over a nom de plume, but the actual name of the writer must be given to the Editor as evidence of good faith. Anonymous letters go in the waste paper basket.

Silverwood Pans Race Discrimination; Need Japan as Ally

To the Editor:

Sir—Arising out of the recent meeting of the Nelson Board of Trade, that they endorse political leaders' requests that Japs leave B. C., I would like to pass on the following comments which are relative to this discussion.

First I quote from the powerful and influential Christian Century paper, April 11 (Note an American periodical): "About as rancid a combination of cheap politics and brutal racism as has ever come to light may be perceived behind the recently announced policy of Canada's British Columbia Security Commission for dealing with the Dominion's inhabitants of Japanese ancestry. The Security Commission corresponds to the American War Relocation Authority. What is the Security Commission trying to do? If it can manoeuvre the situation so that the C.C.F. protests against such treatment of the Nisei, the politicians of the old line parties think that will cost the C.C.F. thousands of voters. It's a pretty dirty game any way you look at it. But we still hope that its very dirtiness will cause a revulsion among the sort of Canadians who have a sense of fair play, and that the final outcome may be far different from that intended by those who framed the Security Commission's regulations."

The second observation I wish to pass on is that of British Societies who condemn race discrimination. The Conference of Missionary Societies in Great Britain has called upon the British People to eliminate race discrimination wherever it exists in the Empire. This influential association was not speaking in a vacuum of political unrealism. This conference strongly endorsed a statement of the Anglican Church in South Africa which affirmed that: "The effect of color prejudice is cruel, wasteful and dangerous." This courageous declaration from British leadership is particularly timely, coming as it does when the approaching demobilization of large contingents of colored troops is about to raise problems of great magnitude in their relations between races.

The third observation I wish to pass on is this: In the long game of power politics in Asia, Japan is too useful to be ignored. Japan was our ally against the Chinese in 1900, our instrument against Russia in 1904-1905, our ally in the first world war, our partner in the war to make Russia safe against democracy in 1918-1920. We may need her as our ally in the next war. Remember the Soviet Union now holds the balance of power in the far East, and there is no reason whatever to expect Marshal Stalin to assist us to establish our ascendancy in Japan—and thereby in the Far East—and again to utilize Japan as an instrument against Russia. Stalin has so far shown no signs of mental decline.

The fourth observation is this: Specific instructions have been given American airmen to avoid bombing the imperial palace at Tokyo, and the O.W.I.—Office of War Information—has consistently emphasized that the Japanese emperor should not be insulted and lampooned. The American State Department has issued releases mentioning the Japanese emperor as having emphatically worked for peace with us in 1941.

The fifth observation is this—(I am quoting the Christian Century again): "It is not true that the United States was attacked as an innocent bystander by a thug. It is now pretty generally admitted that we virtually declared war when we passed lend-lease. Winston Churchill told the British House of Commons that the President had assured him that America would go to war against Japan even if not attacked." John Flynn's book, "The Truth About Pearl Harbor", contains much food for thought.

Last but not least is the resolution of the Vancouver Branch of the League of Nations Society—released by the National Executive of the Society. The resolution in part is as follows: "The rights and prerogatives of Canadian citizenship must be jealously protected. When our Dominion has recognized persons of any racial origin as citizens, it should never deprive them of such status, nor of the liberties and prerogatives inherent in such citizenship, except in cases of proven disloyalty. To act otherwise is to betray our best British traditions, to weaken the fabric of Canadian citizenship, to cast doubt on the value of such citizenship, and to imperil the hope for Canadian unity."

My last observation, Mr. Editor, is this: We speak too glibly about democracy and British justice. Regarding the former I prefer the ancient academic definition: "Democracy—Government of the majority, with a respect for the minority, with liberty, justice and equal opportunity for all."

Concerning the latter, British Justice, would it not be far better for all supra-British nationals to set about the task of practising it in order that the rest of the world may take notice, that when we talk about British Justice we do mean what we say?

REV. W. J. SILVERWOOD.
Vicar, Church of the Redeemer.
Nelson, B. C., May 17, 1945.

Co-Operation Success Only on Large Profit Margin Says Kershaw

To the Editor:

Sir—In your issue of May 12, P. S. Beatt quotes "Coady on Co-operatives". In clause 6 of that quotation are these words: "That co-operation is a technique by which all the people can get into business, believing in the greatest good for the greatest number."

This has been demonstrated by 200 firms who during the whole of their business career irrespective of name: Have guaranteed safe investment and interest to investors; paid the high wages and given employers the highest standard of working conditions; eliminated waste in overhead; returned profit either to employees or consumers; and have not laid any employees off owing to depressed trade.

This was only possible because the consumer of those goods was willing to pay the price, and discounted any attempt at price cutting and dumping.

On the American continent, however, the policy of business is not co-operative trade—and this includes Canada—it is competitive trade, the law of elimination, and dumping on foreign markets.

What is the price? Thus cartels, lobbying for special privileges, organizing into specific groups to get these special privileges, governmental controls, have arisen. Just as in war people band themselves for self protection, so to safeguard their interest in trade, they band.

We of the British school of cooperation believe in the right of the individual to choose the business of his choice and respect his right in that field.

The retailer had a margin over cost of 33 1-3 per cent. It was from this margin he paid wages and conducted his business. If this is reduced to 10 per cent and even two per cent by competition, then automatically we are reducing their power to buy.

An dthus the whole story can be told of poverty amid plenty—the price level.

H. KERSHAW
Nelson, B. C., May 17, 1945.

?? Questions ?? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions WILL NOT BE ANSWERED BY MAIL except when there is obvious necessity for privacy.

X. Y., Nelson—Could you please give me a recipe for dandelion wine?

Take one gallon of dandelion blossoms and two or three roots and one gallon of water and boil together until the flowers are quite soft, about one half hour. Then strain and add enough water to make one gallon, and add four pounds of granulated sugar and six lemons and put in an earthenware crock. Dissolve one-half yeast cake in a little water and add to the other ingredients. Place the crock in a warm place until it works. Strain through cheese cloth and bottle. Do not cork tightly, and leave until ready for use.

Reader, Blueberry—If a person wants to move from B. C. to Alberta would it be possible for him to take a truck loaded with belongings over the border at Crow's Nest, or does he have to get a permit, and where can he obtain the same?

You would have to get a permit from your nearest Wartime Prices and Trade Board office.

Curious, Trail—Could you please give me the origin of the names "Uncle Sam" and "John Bull"?

The name Uncle Sam is an extension of the letters U. S. (United States), printed or stamped on the Government property. It was first used in Troy, N. Y., in 1812, when certain goods purchased for the Government and branded U. S., were officially inspected by Samuel Wilson, whose nickname was "Uncle Sam". The coincident of initials suggested the application of this nickname.

The original of John Bull, the popular name of the personification for the English nation, is obscure. Its first literary use appears to have been in Arbuthnot's famous "History of John Bull", written in ridicule of the Duke of Marlborough.

Looking Backward

10 YEARS AGO
(From Daily News, May 22, 1935)

Ven. Archdeacon Graham, A.S. Horswill, and W. R. Grubbe left yesterday for Penticton to attend the Synod of the Anglican Church.

H. L. Taylor, Provincial Inspector of Electric Energy, was in Nelson yesterday and during his stay visited the Municipal Power Plant at Bonnington.

25 YEARS AGO
(From Daily News, May 22, 1920)

Secretary E. F. Gigot, of the Nelson Branch Retail Merchants' Association, received a wire last night from the Secretary of the British Columbia Board informing him that City retail merchants must collect all luxury taxes themselves.

A. Logan MacPhee, one of the operators of the Ottawa Mine, arrived from Silverton last night.

War — 4 Years Ago

By The Canadian Press

May 22, 1941—The cruisers Gloucester and Fiji and the destroyers Juno, Kashmir, Kelly and Greyhound were sunk by German aircraft off Crete. British fighter aircraft were withdrawn from the island as German parachute troops captured the city of Heraclean.

This Army

"Da steak's too tough?—Dis aint no place for weaklings!"

Canucks and Quaint Towns

By DOUG HOW

The old churches and pubs of Guildford, the few miles between there and Godalming which the acetic William Cobbett called the most beautiful in all England, the centuries-old Crown Inn at Chiddingfold, the lonely moors of Thursley and beyond, the Devil's Punch Bowl of legend and fable.

These, and many more, were stretches of Surrey that Canadians in their five years in Britain came to know in the way that men know a place that has become a second home. In this county, as in Essex, there were few communities that did not have their quota, or more of men from the Dominion.

Guildford knew well the men who came from the camps around Milford and Witley and Thursley, knew those that came in over the hog's back, that long ridge of land that started over near Farnham and followed much the same course the Pilgrims took to worship at the graveside of Thomas Becket, the Martyr of 1170.

The Canadians came to know Guildford well, too, to know the sharp rise of its high street, the great clock that dominated it from the town hall, the red lion and her sister pubs, the Angel Hotel and the 17th Century clock in its hall, the River Wey which made Guildford a great commercial centre when wool was a great British industry, and had fallen over the decades into the ways of a lazy, listless stream.

And Godalming with the museum in the middle of the narrow sloping streets.

And Witley where the 5th Canadian Division of the First Great War was split up and spread out among the four divisions that made up the Canadian Corps.

And Thursley with the church the Lorne Scots built for the village and N.E.T.D., the depot where a man went last before going home.

They came to know villages like Hindhead which Cobbett, the horseback-riding chronicler of times long since gone, called the ugliest place in Britain; Chiddingfold with the Crown Inn, Churt where the late David Lloyd George had his farm.

They have heard tales of the Devil's Punch Bowl, that great cavern between Hindhead and Thursday where bandits used to seek cover after molesting a stage coach on its way to London or Portsmouth, and Gibbet Hill where the skeletons of the two who slew a sailor were left to hang long after they were put to death for a murder famous in England.

REVEAL SEA SAGA IN THE NORTH

A NEWFOUNDLAND PORT, May 21 (CP) The Sea Saga on a small Royal Navy trawler which drifted for six weeks off the coast of Greenland with its engines useless, wireless gone and the men aboard near death from starvation was revealed today after two years of security silence.

The trawler, the 700-ton H. M. S. Strathella, was finally found and towed to port by an American Coast Guard cutter. Her crew has long since gone back to Britain after recovering from their experience.

The Strathella was lost from a convoy when her motors broke down. Her wireless out of commisson, there was nothing she could do but drift. Finally, her starving crew sighted the coast of Greenland and were taken into Greenland by an American Coast Guard cutter, and put in hospital.

Mortality Discussed in Lesson-Sermon

"Motals and Immortals" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday.

The Golden Text was: "They that are after the flesh do mind the things of the flesh; but they that are after the Spirit the things of the Spirit" (Romans 8: 5).

The Lesson-Sermon included the following passage from the Bible: "And he said unto them, 'Ye are from beneath; I am from above: ye are of this world; I am not of this world'" (John 8: 23).

Among the selections from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy was the following: "The human mortal mind, by an inevitable perversion, makes all things start from the lowest instead of from the highest mortal thought."

P. E. Island Doesn't Want Japs

SUMMERSIDE, P.E.I., May 21 (CP) — Strong opposition to any proposal to use Japanese moved from B. C. as farm laborers in this province, was voiced last night by the executive of the Summerside branch of the Canadian Legion.

Arthur MacNamara, Director of National Selective Service, said his organization had "quite a number of Japanese" formerly resident in B. C., to dispose of on the labor market. Beyond that he had no comment to make on the Summerside report.

369,818 Japs Killed in Pacific

MANILA, May 21 (AP) — The seven months' Pacific Campaign has cost the Japanese 369,818 killed and captured, Gen. Douglas MacArthur, Allied Southwest Pacific Commander, announced today. Of these 14,408 were accounted for during the last fortnight, at the rate of 2000 a day.

Plan Presidential Election in Eire

By J. H. MURDOCH

DUBLIN, May 21 (CP) — Efforts to obtain an agreed candidate for the presidency of Eire and thus avoid an election, have failed, and the country is preparing to pick its new nominal leader from a field of four.

This first presidential election in Eire's history will take place June 14.

Three candidates have been named:

Fianna Fail (government) party—Sean T. O'Kelly, 63, Deputy Prime Minister.

Fine Gael (Chief opposition) party—Gen. Sean Maceoin, 51.

Independent—Dr. Patrick McCartan, supported by farmer and labor members in the Dail.

Dr. Douglas Hyle, whose seven years as President expire this month was the first to be elected under the constitution enacted in 1937. He was selected by leaders of the parliamentary parties without opposition.

The situation is much the same as if the people of Canada had a political contest for the appointment of a successor to the Earl of Athlone. The new president will have no say in the government, He will be the ceremonial head of the State.

The principle that this head is above politics is agreed upon by all political factions in Eire. It is just that they cannot agree on a suitable man.

Gen. Maceoin is a former Chief of Staff of the Army but before that he was a blacksmith in County Longford. Mr. O'Kelly is the son of a Dublin shoemaker.

Canucks Dive Into Ditch Only Prisoners on the Run

By DOUGLAS AMARON
Canadian Press War Correspondent

WITH THE CANADIAN ARMY IN GERMANY, May 21 (CP)—Battle Sidelights. The last day of fighting on the Canadian Army's German front provided Capt. Bob Evans, Winnipeg, with some of the most tense moments of his Army career.

Evans serves with the 66th Battery, 14th Field Regiment, Royal Canadian Artillery, and was attached to a company of the Stormont, Dundas and Glengarry Highlanders of the D-Day Third Division. Maj. Jake Forman, Kingston, Ont., commanded the company.

Forman's men were Southeast of Emden on this last fighting day, May 4, and were pressing forward into strong German positions. They captured 22 prisoners but came under machine gun fire from three directions and were subjected to heavy and accurate shellfire.

Evans went forward with a signaller to see if he could lend artillery support and as he mounted the rise of a small bridge he saw a group of Germans racing down the road towards him. It was an uneasy moment and Evans and his signaller jumped into a water-filled ditch.

"We thought we had had it," the Artillery Captain said.

The Germans kept coming and it was only after they passed the ditch that Evans noticed they were followed by two armed Glens. These were prisoners the Highlanders had taken and they were being marched at the double back to company headquarters. . .

Brg. J. M. Rockingham, Victoria, B. C. Commander of the Ninth Brigade, the Highland Brigade of the Third Division, was a disappointed man when he got to Emden. The Germans had removed all their submarines.

Submarines are just about the only mode of transport the Highlanders haven't used since they landed in Normandy on D-Day and the Brigader was determined to end the war with a flourish by sailing in a U-boat.

"I might even sail one to England on leave," he remarked hopefully a few days before Emden capitulated. However, the only shipping left at the naval base was small surface craft and Rockingham had to be content with officiating at its surrender.

Restrictions on Veneer Lifted

OTTAWA, May 21 (CP) — Munitions Minister Howe announced Sunday the lifting of all restrictions on the use and distribution of hardwood aircraft veneer logs and the disbandment of Veneer Log Supply Ltd., a Crown company, which is surrendering its charter.

The original hardwood aircraft veneer log restrictions, issued in September, 1942, gave Veneer Logs Supply, Ltd., the sole right to purchase any such logs produced East of the Manitoba border.

Unlike most other animal pests, the rat has not a single saving quality. Even as a scavenger, the filth it leaves behind may be more infective than the offal it may consume.

To delay urgent home repairs because you lack ready funds may prove costly later on.

When you are faced with such a problem, see The Royal Bank about a personal loan and get the job started right away.

Loans for such a purpose—or for any reasonable personal need—are available at any branch of The Royal Bank of Canada. They can be repaid over a period of six, twelve, or even eighteen months, by monthly, quarterly or other instalments to suit your convenience.

When you need a personal loan to meet some sudden or unexpected need, go to The Royal Bank of Canada. The manager will be glad to discuss a personal loan with you.

PERSONAL LOANS AVAILABLE
To pay doctor, dentist or hospital bills . . . to meet taxes . . . to consolidate debts . . . to buy fuel . . . to repair or improve the home . . . to meet educational expenses . . . to take advantage of bargains and business opportunities . . . to meet emergencies, etc. Endorsers not necessarily required.

Big Business Planning to Puncture Employment Schemes —Coldwell

By The Canadian Press Staff Writer

VICTORIA, May 21 (CP) — "Big business" is planning to shut down most of the giant war plants which have passed into its control, M. J. Coldwell, National Leader of the C.C.F., said here tonight.

At his first public meeting in the Federal election campaign, Mr. Coldwell declared that unless effective means are taken to prevent this ruinous policy, there will be a "short, feverish boom and then depression."

"While the present government builds employment castles in the air," the C.C.F. leaders said, "big business is quietly going ahead with plans to lay off tens of thousands of war workers."

Mr. Coldwell outlined a broad social and economic plan which he said the C.C.F. would inaugurate if chosen June 11 to form the next Canadian Government. The plan included:

1. Construction of 1,000,000 modern, low-cost homes over a 10-year period;

2. Efforts to provide 5,000,000 paying and useful jobs;

3. Measures to organize full production on the farms and "adequate diets in the towns and cities;"

4. "A vast extension" of public health services, medical training and research and construction of hospitals and clinics aimed at prevention of sickness and medical care for all regardless of ability to pay;

5. Provision of grants to assist in construction of modern educational facilities in town and country and to construct community centres for the arts, crafts, music, the drama, adult education and recreation;

6. A war memorial program in the form of national cultural and recreational buildings including a national library and national theatres.

SEEK TO END POVERTY, TYRANNY

"We seek to end the spectre of poverty and the tyranny of corporate and financial power," Mr. Coldwell asserted.

"Free enterprise condemns men and women to crowded tenements, rooming houses and unfair rents," Mr. Coldwell said, adding the C.C.F. policy would be to undertake a construction program with the energy and determination that have gone into the production of ships, tanks and aircraft during the war.

"The Liberal Party now is busily taking credit for what is an inevitable and inadequate post-war building boom, but such a boom cannot begin to meet the housing needs of our people," he said.

Coal Output Up Slightly

OTTAWA, May 1 (CP)—Production of coal in Canada during January and February was 3,179,441 tons, compared with 3,060,652 in the correspondig period of 1944, the Dominion Bureau of Statistics reported today.

Petroleum output in the two months increased to 1,660,649 barrels from 1,631,301; natural gas to 10,862,374,000 cubic feet from 10,777,804,000 and asbestos to 68,636 tons from 64,347. Nickel declined to 44,495,152 pounds from 45,927,539, while zinc rose to 94,026,765 pounds from 92,245,379.

Output of other leading minerals during the first two months was as follows, last year figures in brackets: cement, 366,389, (377,352) barrels; clay products $806,859 ($684,759); copper, 84,284,508 (95,241,714) pounds; feldspar, 3007 (4511) tons; gold, 445,561 (514,586) fine ounces; gypsum, 25,831 (35,724) tons; lead, 50,201,755 (62,464,628) pounds; lime, 127,417 (147,493) tons; commercial salt, 46,370 (58,656) tons; and silver, 1,971,815 (2,478,545) fine ounces.

Interpreting THE WAR NEWS

By KIRKE L. SIMPSON
Associated Press War Analyst

A widely-spaced triple Chinese threat to the Japanese communications corridor with Indo-China is taking shape although its full significance is yet to be disclosed.

There seems small doubt however, that enemy defences guarding that vital connection are being brought under pressure all the way from Southern Honan Province to Northern Kwangsi at the moment when Japanese expectation of Allied landings on the East China coast is most acute.

Reestablishment of the U. S. 14th Air Force advance base at Kweiyang in Kweichow Province lends color to the conclusion that a concerted Sino-American campaign to crack the China-Indo China corridor is afoot. Lt.-Gen. Wedemeyer, American Commander in China, announced the return to Kweiyang which had been abandoned when Japanese forces made a drive up the Liuchow-Kweichow railroad some weeks ago and were halted only 65 miles short of Kweiyang.

CAN SUPPORT CHINESE

From that base American planes are in a position to strike heavily in support of Chinese ground forces pushing the foe back down the railroad, as they struck from Chihkiang in the Western Hunan area.

There are factors which tend to make the Southern wing of the Chinese triple threat potentially the most significant. There have been recent reports that the best trained and equipped elements of Chiang Kai-shek's army have been shifted back into that theatre on completion of their mission of linking up in Burma with Admiral Mountbatten's Southeastern Asia Command troops. That flank of the Chinese armies deployed in Honan, Hunan, Kweichow and Kwangsi also is closer to the Indo-China supply line than any other.

Chinese capture not only of the river port of Foochow near the mouth of the Min estuary but of lesser towns to the North and the South renews speculation as to whether that coastal area might not be destined ultimately to see the first amphibious incursions into Eastern China. While there are no known Chinese forces East of the Japanese corridor with which an effective junction could be made via Foochow, the extended Chinese threat to the corridor from the West may be in fact closely linked with Chinese guerilla operations on the Coast.

The possibilities of a Chinese breakthrough are sufficiently good to cast doubt on reports from China that not only Foochow but other East coast sectors well fortified against landing attempts are being evacuated by the Japanese.

Any such pullout would leave bomb-battered Formosa as the only obstacle to such landings. Beachheads in China deep and wide enough for American mainland air bases would largely serve the same purpose as a ground linkup with Chiang Kai-shek's armies. Withdrawal of Japanese coastal garrisons would invite establishment of such bases by airborne rather than seaborne operations, a much quicker business.

Jap Students Mobilized

SAN FRANCISCO May 21 (AP)—"Critical developments in the war situation" today led Japan to mobilize its 20,000,000 students on a full wartime basis "actively to participate in the defence of the homeland," the Japanese Domei Agency said.

The dispatch, recorded by the Federal Communications Commission, said the mobilization order, effective tomorrow, would convert all students in educational institutions from the universities down into a "student corps".

The dispatch, garbled in spots, said a diploma would be granted for unfinished studies "in case of death."

TRY TO CHECK RUNAWAY PRICES IN CHINA

CHUNGKING, May 21 (AP) — Despite government efforts to check China's runaway prices, some commodities in Chungking today cost over 10,000 times the prewar level. The Chungking retail price index April 30 was, by government acknowledgement, 1250 times the level before war broke out in July, 1937.

Ainsworth Development Planned by Kootenay Hot Springs Company

Purchase of land in Ainsworth with the object of building hotels and cottages and development of the hot springs and mineral waters commercially are the intentions of the Kootenay Hot Springs Development Co., Ltd., incorporation of which is announced in the B. C. Gazette.

Authorized capital of the company is $100,000, divided into 200 shares of $500 each. Address of its registered office is Room 11, K.W.C. Block, Nelson.

The objects for which the Company is established are:

(a) To purchase, take on lease, or otherwise acquire lands or buildings in Ainsworth, B. C., or elsewhere; to erect on such lands as aforesaid, or any of them, an hotel or hotels, cottages, and any other necessary buildings and works, and to use, convert, adapt, and maintain all or any of such lands, buildings, and premises to and for the purposes of hotels and inns, with their usual and necessary adjuncts:

(b) To fit up and furnish same, and to carry on the business of hotel and inn keepers, operators and managers of sanatorium, health and pleasure resort and resorts:

(c) To develop and make use of hot springs and mineral waters in all and every medicinal and commercial manner, and in particular by means of baths, both in and outside hotels, buildings, and other erections:

(d) To carry on the business of restaurant, cafe, tavern, beer parlor, refreshment room, importers, manufacturers, bottlers, and purveyors of aerated, mineral and artificial waters and other drinks, caterers for public entertainments and amusements generally, including water sports and recreation, proprietors of boats and motor vehicles, garage keepers, baths, dressing rooms, libraries, grounds and places of amusement, recreation, sport, entertainment, and instruction of all kinds, tobacco and cigar merchants, live-stock owners, livery stable keepers, agents, carriers, and warehousemen, and any other business which can be conveniently carried on in connection therewith.

LORD HAW HAW'S BOSS CAPTURED

WITH THE 1ST CANADIAN ARMY, May 21 (CP Cable) — Eduard Dietze, former Chief of German anti Allied propaganda and Lord Haw-Haw's boss, has been captured by Canadian counter-intelligence personnel in Northwest Germany.

The dapper looking Dietz, 45 to 50 years old, has a German father and Scottish mother. Before the war he was a well known radio commentator who broadcast the Summer and Winter Olympic Games when they were held in Germany in 1936. On occasions he broadcast for the BBC.

Market Trends . . .

NEW YORK, May 21 (AP)—Most stock market customers inclined to cash in on the recent push, and, with scattered exceptions, leaders backed away fractions to a point or so.

The direction clouded after a rather steady opening. Dealings slowed as offerings appeared. Transfers were around 1,100,000 shares. Trends were irregularly lower near the close.

TORONTO — The Mining groups turned a bit heavy while the Industrials held moderate gains and the Western Oils finished the day about even. Trading was fairly active and the aggregate turnover for the day was close to 2,000,000 shares.

MONTREAL — Selected Papers and Industrials were stronger in trading. Junior Mines were fairly active and irregular.

VANCOUVER— Both Mines and Oils held firm. Total turnover amounted to 72,320 shares.

CHICAGO—May rye and May and September barley broke the five-cent limit during the last 15 minutes of grain futures trading. All other markets were weak and showing heavy losses.

At the finish wheat was ⅝-2⅝ lower, May $1.75⅞-1.76. Corn was unchanged to down 1, May $1.18½. Oats were off 1¼-3⅜, May 63⅝-¾. Rye was down 3½-5, May $1.39⅞. Barley was 4⅝-5 lower, May 1.01¾.

WINNIPEG—Erratic trading featured the rye futures market. Deferred options displayed considerable strength in early trading when they soared to new seasonal highs but dipped sharply near the close when hesitation brought out selling. Traders neglected the May during the session.

October hit a new peak of $1.43. December went to $1.39¾. Values at the close were down 2⅝ to 3⅛ cent from Saturday at $1.56, July $1.51¼, October $1.37½ and December $1.33⅞.

No export business was reported, but United States buyers took 100,000 bushels of domestic oats.

Oats futures were unchanged.

STEWART WILL REPORT PACIFIC WAR FOR CANADA

By The Canadian Press

As Allied might turns in full force from its victory in Europe to strike at the Pacific enemy, Britain is increasing her participation to an impressive scale in the operations in which U. S. forces long have predominated.

Australia is actively engaged in the forefront of operations off Borneo, and Canada will contribute air, land and naval strength.

To report the fortunes of these and other Allied fighting forces will go an army without weapons.

Ever since the Japanese lashed out at Britain and the U. S. in 1941, reporters have endured internment, illness and wounds to get out the news. More than one has died alongside the troops.

Canadian readers will receive coverage of the coming all-important battles through The Canadian Press which will carry the reports provided by one of its veteran war correspondents and by the Corps of war correspondents maintained in the Pacific by the two world news-gathering associations, the Associated Press and Reuters.

Specific Canadian developments will be reported by William Stewart, who followed the Canadians through Sicily, Italy and on the Western Front. The names of Fred Hampson and Leif Erickson of the AP and Astley Hawkins of Reuters are already familiar to Canadian readers in following the Pacific War.

BROTHER OF NELSON LADY SAFE IN ENGLAND

Trooper John Robb, who was with the 4th Armored Division, D.C.R.'s, and has been a prisoner of war at Stalag 7A, is now safe in England, his sister, Mrs. C. T. Armstrong of Nelson, has been advised.

Trooper Robb was reported missing in action on August 9, 1944, and later listed as believed killed, before being finally listed as a prisoner of war.

Vancouver Seeks Mayor's Conference for Diamond Jubilee

VANCOUVER, May 21 (CP) — Marking Vancouver's Diamond Jubilee anniversary next year, the Canadian Federation of Mayors and Municipalities will be asked to hold its 1946 conference here. This would be the first time it has ever been held on the Pacific Coast.

The Liberal Working Plan

for Full Post-War Employment . . .

For Veterans—$750,000,000 to get them started in good paying jobs in industry, on the land or in business for themselves as each of them chooses.

Housing—$400,000,000 to finance the biggest building scheme this country has ever known.

Family Allowances—$250,000,000 a year to lessen the burdens of parenthood and to equalize the opportunities of young Canadians for success and happiness.

Export Credits—We've got to have exports if we're going to have jobs. Your Liberal Government has arranged to finance war-wrecked countries who will be our good customers later on.

Industrial Development Bank—Your Liberal Government has set up machinery to help enterprising Canadians develop new business.

Farm Loans—One man in every three in Canada works on the farm. To help them get better equipment, your Liberal Government has arranged that they can borrow the money they need for better working and living conditions.

Floor Prices—The Liberal Government's policy is that when farmers and fishermen prosper, so do other Canadians. It has therefore taken action to put a floor under the prices of farm and fishery products.

Reduction of Taxes—Your Liberal Government believes in jobs first. To this end, taxes will come down to free spending power.

• • • •

These are just some of many *steps in your Liberal Government's Working Plan to ensure full employment after the war. In addition it has stimulated tremendous private savings in Victory Bonds and War Savings Certificates. It has put through Unemployment Insurance. It has set up a special Department of Reconstruction staffed by experts. In fact all its policies are directed to the same end—a "high and stable level of employment and income" —and each contributes to the success of the others. The Liberal Party offers you a complete and well co-ordinated working plan!*

JOBS! Jobs with bright futures for the young men and women coming out of the Armed Services with the best part of their lives before them! Jobs for all! Jobs with big prospects and good, reliable money that will keep its buying power! After all the hard work, sacrifice and self-discipline which has brought us through the war, the people of this country have earned a brighter future in a better, juster, grander Canada than we have ever known!

LOOK how much Canadians have accomplished, here on the home front, *even without* the energy and initiative of all the vigorous young people now in uniform, and their zest for daring! What is there Canada can't do with them back on the home team? Why, with their help, we Canadians are headed full speed for the greatest period in our history!

THE all-important question today is the civilian staff-work and leadership which we call "government." The Liberals have a working plan. It's big and bold! Parts of it are outlined for your judgment in the left-hand column. It has been designed with the aid of the keenest minds in every phase of industry, agriculture, labour and learning. The plan will work. In fact it is already bringing results. It will continue to do so! The Liberals can tell you this with confidence because they have had successful experience in operating nation-wide plans.

VOTE for your Liberal candidate. Make sure the team which made this plan for full employment shall see it through—and *win the peace!*

TODAY'S News Pictures

TORTURER EXECUTED: Josef Kramer, the S.S. Storm Group leader who was the commandant of the Belsen death camp, is shown under guard with chains on his ankles. British troops found 60,000 dead, dying and starving people, victims of unbelievable tortures by their Nazi captors. Kramer has been tried and executed according to report.

STOCK BRINGS $1100: Joseph W. Fraser, chairman of the Board of Graham Motor Corporation, is revealed to have run a $500 investment in a small Ohio war plant (Warren City Mfg. Co.) into $1,000,000 in a little more than a year. Fraser became chairman of the Board after Graham-Paige purchased his Warren city plant. The stock which Frazer bought for $1 a share brought the equivalent of nearly $1100 per share in six months.

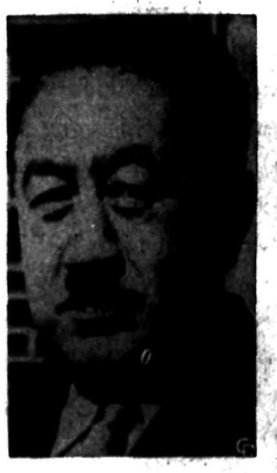
HAS GERMAN ACCENT: Rescued from a wrecked building in Wurzburg, Germany, this parrot named "Rangy" is learning the rudiments of Englishfro m Pfc. John Lambros of St. Paul, Minn., on whose helmet he is roosting. The bird has taken a fancy to Lambros and refused to leave him. The St. Paul warrior is attached to the U. S. 7th Army.

HELD IN HOLLAND: Arthur Seyes-Inquart, German Commissioner for the Netherlands who is being held by the Canadian 1st Army in Holland. He was arrested by Capt. Tom Fairley, a 25-year-old Canadian newspaperman.

HITCH-HIKING DOG: I did it for him—that seems to be "Joker's" reply to questions on why he stowed away on a Pacific-bound transport two weeks after the departure of his master, Capt. Stanley C. Raye, army dentist. The captain is home on furlough and—(keep it quiet)—Joker returned in a box.

CELEBRATE FREEDOM: After many months in a German prison camp these two Yanks celebrate their liberation with liquid refreshment — presumably champagne. Edward Garwood, Dayton, Ohio (left), was captured just before Christmas in Belgium. His pal, Joseph Bigley, was taken prisoner near Aachen, Germany, early in October.

Japan's new Premier, Baron Kataro Suzuki, said to head a government which might be inclined toward peace.



Gen. Kenji Doihara who is a member of Japan's supreme War Council, which advises the emperor on vital matters of military policy.

Foreign Minister Shigenori Togo of Japan, who might be the figure behind any peace negotiations with the Allies.

FUN TO EMBROIDER: The bride of today or of yester-year will welcome linens decorated with this old-fashioned girl—colorful and quick embroidery.

Dainty embroidery for linens, with simple crocheted edging. Pattern 724 has transfer of a 6¾x17¾ and two 5¾x15-in. motifs.

PUBLIC NOTICES

TENDERS FOR COAL

(Western Provnces)

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Coal for Western Provinces," will be received until 3 p.m. (E.D.S.T.), Wednesday, June 13, 1945, for the supply of coal for the Dominion Buildings and Experimental Farms and Stations throughout the Provinces of Manitoba, Saskatchewan, Alberta and British Columbia.

Forms of tender with specifications and conditions attached can be obtained from the Purchasing Agent, Department of Public Works, Ottawa; the District Resident Architect, Winnipeg, Man.; the District Resident Architect, Saskatoon, Sask.; the District Resident Architect, Calgary, Alta.; and the District Resident Architect, Victoria, B.C.

Tenders should be made on the forms supplied by the Department and in accordance with departmental specifications and conditions attached thereto. Coal dealers' licence numbers must be given when tendering.

The Department reserves the right to demand from any successful tenderer, before awarding the order, a security deposit in the form of a certified cheque on a chartered bank in Canada, made payable to the order of the Honourable the Minister of Public Works, equal to 10 per cent of the amount of the tender, or Bearer Bonds of the Dominion of Canada or of the Canadian National Railway Company and its constituent companies unconditionally guaranteed as to principle and interest by the Dominion of Canada, or the aforementioned bonds and a certified cheque, if required to make up an odd amount.

By order,
J. M. Somerville,
Secretary.
Department of Public Works,
Ottawa, May 17, 1945.

Says Canada's Armed Policy Is "Bribery"

SINTALUTA, Sask., May 21 (CP)—Canada's army policy for the Pacific is "bribery," said E. E. Perley, Progressive Conservative candidate for reelection in Qu'Appelle Federal constituency, in a week-end address here.

Mr. Perley said that Prime Minister Mackenzie King's announcement that troops who had seen service in Europe and who volunteered for service in the Pacific would be given 30 days' leave at home and increases in pay, amounted to "bribery."

Defence Minister McNaughton, who is seeking election as a Liberal in Qu'Appelle, had said he did not want to see Canadians fighting toe to toe with the Japanese in the jungle, equipped no better than the enemy, Mr. Perley said. He had been "surprised" at the Minister's statement.

"Say, our chaps could lick a Jap or a German anywhere," Mr. Perley said.

INTERMEDIATES ON DIAMOND HERE WEDNESDAY

Intermediate baseball players hope to get in a final practice Wednesday evening before launching their City League. So far the weather man has been a big prankster on the local ball artists and practices and anticipated games have been continually postponed. So far the older players have enjoyed only one game outside of pickups between themselves. That was last Sunday afternoon when a mixed team lost a close game to the Fairview Athletic Clubs Junior squad.

BALL SCORES

NATIONAL (Night)

St. Louis	4	9	1
Brooklyn	0	7	2

Donnelly and Rice; Seats, Davis, and Owen.

Drive for End of Frisco Meet

By C. R. BLACKBURN
Canadian Press Staff Writer

SAN FRANCISCO, May 21 (CP)—The United Nations Security Conference today went into what "big five" delegation leaders hope will be a high-geared drive toward completion in the next three weeks or so of an acceptable agreement on world organization for permanent peace.

This hope was based in part upon an agreement reached by the big five on the place of regional security agreements in the world scheme and upon the efforts of the sponsoring powers to gain the cooperation of other delegate heads in deleting from the conference agenda all extraneous subjects and concentrating on the one long range objective of building the framework of a collective security league.

Because the end of the war in Europe suddenly thrust to the forefront the delicate business of composing ,boundary, racial and civil administration differences, the work here has been complicated.

Those concerned with the immediate problems of Europe are in a large measure leading conversations and there is a tendency to mingle the two fields of responsibility.

However, there is reason to believe that the entirely unofficial but highly useful system of big five confefences on major differences, in consultation with key members of other delegations and group spokesmen, will result in shortening committee debates and hasten acceptance of compromises in the interests of early agreement.

NEWS OF THE DAY

ROOM AND BOARD FOR TWO, 1 block from carline. Ph. 337-R.

Uncover State Treasure of Hungary

PARIS, May 21 (AP)—The state treasure of Hungary, including the total gold reserve behind all Hungarian currency in circulation, was uncovered recently by the U. S. 80th Infantry Division on a rocky, pine-covered crag high in the Austrian Alps.

The treasure, included 4,000,000,000 pengos ($130,000,000 at the present rate of exchange), 29,000 kilograms of gold bullion worth $30,000,000, complete sets of Hungarian bank note plates for printing all Hungarian currency and other wealth representing most of the capital interest and individual deposits of Hungary brought from Budapest before the Russians captured that city.

The wealth in money, art and jewels was watched over by the prozanazi president of the Royal Bank of Hungary and some 500 financial experts, clerks, bookkeepers and other employees, guarded by 200 picked Hungarian gendarmes.

300 PRAIRIE WOMEN TO AID B.C. HARVEST

VANCOUVER, May 21 (CP) — More than 300 Alberta and Saskatchewan women will be brought to B. C. this year to assist in harvesting in the Fraser Valley, William MacGillivray, Director of Emergency Farm Labor Service here, announced today. Mr. MacGillivray has just returned from conferences with employment officials of the four Western provinces.

Mr. MacGillivray confirmed that farm workers on postponement for callup will continue to be "frozen" in their work.

Approximately 310 Prairie women assisted last year with B. C. harvesting. The number may be increased this year depending on how many women helpers are available in the Province.

CANADIANS SPREAD GOODWILL IN BELGIUM

SYDNEY, N. S., May 21 (CP) — Canada's "stock is high" in liberated Belgium and Holland because of the way Canadian troops acquitted themselves of the parts of those countries they freed, Charles Lynch, Reuters war correspondent, said on arrival here aboard a R.C.N. vessel.

The Canadians have a knack of getting along with people and learning their language, and became very friendly with the Netherlanders.

He said he believed the Canadians had the best press set-up overseas and excellent facilities were provided.

Lynch went to Europe in February, 1944, with Reuters and covered the Canadians in action as a representative of the combined British press.

After a month's leave at his home he will return to Amsterdam.

Dudes Hammer Dodgers 25-4

Dudes took their third win in the Kid Baseball League at the Civic grounds Monday evening as they hammered two Dodgers pitchers all over the field for 18 hits and 25 runs to 4.

A large number of errors by the Dodgers gave Dudes most of their runs, the Dodgers having 13 errors chalked up against them to the winners six.

Clark, Kennedy and Ivan Walgren each hit two baggers and Buzz Morgan a three bagger. Clark on the mound for the Dudes sent nine Dodgers batters to showers but allowed four walks and a hit batsman to first. He, however, gave but three hits. Ivan Walgren and Bachynski struck out two apiece, walked five and were touched for 18 hits.

"Little Jim" Todd was the big noise at the plate as he collected five hits in six trips to the plate. Hallbauer was next with four out of six.

Morgan, Elmore and Todd scored four runs each. E. Duffy, Hallbauer and S. Duffy came through with three apiece, Clark two and Maglio and Macintyre one each for the winners. For the Dodgers Leachuk, Kennedy, Stedile and Ivan Walgren scored.

Batteries were:
Dudes: Clark and Elmore.
Dodgers: I. Walgren, Bachynski and Stedile.

Umpires were: Walt Malahoff and Francis McMullin; scorer, Slim Porter.

A lesson from tactical bombing is being applied in warfare against diseases of plants, as fruit growers adopt the practice of cutting the supply lines of plant disease pests by spraying the ground as well as the trees.
