PEACE RIOTS IN BERLIN, MUNICH

Hell of Fire and Blood at Gates of Capital

Conquer Central Philippines

MANILA, April 21 (Saturday) (AP) — A communique today announced conquest of the Central Philippines has been completed with extermination of all but a few remnants of the Japanese garrison on Cebu.

It said the Cebu victory, in which 5000 enemy bodies were counted on the field Thursday, gave American forces control of 33,000 square miles of the Central and Southern Philippines, liberated 6,400,000 civilians and reduced Japanese strong-points in the entire Philippines to two—Davao on Mindanao and Baguio, the Summer capital on Luzon. Troops are approaching both of these, which have been weakened by aerial bombardment.

The communique also announced three Filipino collaborationist leaders had escaped to Formosa in a Japanese plane. It named them as Jose P. Laurel, Benigno Aquino and Osias.

Three members of the cabinet and a number of other prominent members of the Filipino collaborationist government were captured near Baguio.

Heavy and medium bombers, ranging from the Netherlands East Indies to the China Coast, sank or damaged 13 freighters, three coastal vessels, three barges, and a transport plane. They also attacked ground installations on Formosa and the East Indies.

The Americans have tightened their squeeze on Borneo and have made rapid gains toward Davao.

R.A.F. Sinks Last Pocket Battleship

LONDON, April 20 (CP)—The German Navy, reeling under Allied knockout blows, has lost its last pocket battleship, the Luetzow, the Air Ministry announced tonight, and authoritative reports were received of other crippling naval losses.

These reports said the Russians were believed to have seized the 26,000-ton battleship Gniesenau and the 10,000-ton heavy cruiser Seydlitz at unidentified Baltic ports, while Stockholm dispatches said that what was left of the German Navy had fled to refuge at Copenhagen.

The Air Ministry said the Luetzow is out of action, lying on the bottom in shallow water at Swinemuende on the Baltic Coast, her under-water plating buckled by an R.A.F. bomb.

COPENHAGEN IS BASE

As remnants of her once sizeable fleet Germany now has only the eight-inch gun cruiser Prinz Eugen and the light cruiser Nuernberg.

The Stockholm dispatches said the Prinz Eugen, six destroyers, a number of submarines and at least 26 other fleet units had just reached Copenhagen, and that this port would become the base for what is left of the Germans' Baltic fleet.

The Luetzow is the fourth of seven German capital ships knocked out of action by the R.A.F. alone. In this case, the Air Ministry said, a bomb burst 60 feet from the ship, the violent under-water explosion smashing her plates.

In recent R.A.F. attacks the pocket battleship Admiral Scheer was sunk at Kiel, and the 6000-ton cruiser Koeln was sunk at Wilhelmshaven.

The cruisers Admiral Hipper and Emden were believed by the Air Ministry to have been severely damaged in the Kiel attack which sent the Admiral Scheer to the bottom.

British airmen also were responsible for sinking of the German battleship Tirpitz in November, 1944, and they damaged the battleship Gneisenau so severely she was taken to the Baltic port where the Russians are reported to have captured her.

The Royal Navy accounted for destruction of the other German capital ships, the Bismarck, the Scharnhorst and Graf Spee.

BERLIN RAKED BY DAY AND NIGHT RAIDERS

By DOUGLAS CHAMBERLAIN

LONDON, April 20 (AP)—R.A.F. bombers raided flaming Berlin tonight, following up daylight attacks by American heavy bombers on the defence arc of the capital and machine-gunning of and savage machine-gunning of its barricaded downtown district by hundreds of roof-skimming Russian Stormoviks.

Instead of the usual announcement that Berlin had been hit by Mosquito bombers, the Air Ministry said the city was attacked tonight by aircraft of the Bomber Command, indicating that heavy bombers as well as Mosquitos had made the mission.

During the day more than 600 American heavies slammed 1600 tons of bombs on seven key outposts in the defence perimeter attack, in direct supoprt of American and Russian armies engulfing the capital.

HIT RAIL YARDS

Nearly 1000 fighter-bombers of the United States 9th Air Force combed a 300-mile area from Ludwigslust, 85 miles Northwest of Berlin, to Pilsen, 182 miles South. With a loss of seven planes, they attacked 11 rail yards, and 10 airfields, destroying 71 parked aircraft and shooting down five more in combat. They also shot up 1087 locomotives and railroad cars.

A fuel depot at Annabug, 50 miles South of the capital, and railway yards near Nuernberg were attacked by 80 medium bombers without loss.

All told, the fighter-bombers flew 1285 sorties.

Lieut. William Kelley of West Monroe, La., who flew his heavy bomber at low level to "see the sights," said:

"Germany seemed to be a scene of complete destruction. We flew low over what formerly was one of the Reich's greatest centres of industry. A few weeks ago the sky would have been filled with flak. But the cities near Berlin are just heaps of rubble now. I couldn't see a sign of life."

Elizabeth 19 Today

LONDON, April 20 (CP)—Princess Elizabeth, heir presumptive to the throne, will celebrate her 19th birthday tomorrow in the country with her father, mother and sister. Messages of congratulations poured into Buckingham Palace today from the British Commonwealth and the United States.

C.P.A. Prohibited From Flying Northern Air Route

EDMONTON, April 20 (CP) Aviation Committee of the Edmonton Chamber of Commerce is making representation to the Dominion Government on "the delay in establishment of the operation of the Whitehorse-Fairbanks air route," President James Walker said today.

"If action is not taken immediately to authorize flying of the route, the central route may be by-passed by operators who have been granted permission to use less favorable routes," he said.

Only authorized operation between Fairbanks and Whitehorse now is undertaken by Pan-American Air Lines, flying from Seattle.

The former operators on the route, Canadian Pacific Airlines, were prohibited from flying the route because of government regulations.

Yard-by-Yard Battle Rages 7 Miles From Berlin

Russians Shatter Spree Defence Line; Union With Americans 58 Miles Away

By ROMNEY WHEELER

LONDON, April 20 (AP)—Moscow announced tonight that Russian tanks had broken 38 miles across Berlin's Southern escape corridor within 18 miles of Dresden and 58 miles of American troops while the Germans said the Red Army had breached Berlin's inner defences ring and was only seven miles from the blazing German capital.

The Russians were at the "very gates" of Berlin, one German report said, and a Wilhelmstrasse spokesman declared the yard-by-yard Russian advance "in a hell of fire, steel and blood" was deciding the war. Peace riots were reported in the capital.

Moscow's communique said Russian forces, advancing on Berlin and Dresden on a 100-mile front, had seized eight major strongholds while wave after wave of Russian armor lapped at a dozen other fortified towns and villages within Berlin's shattered defence ring East of the city.

HISTORY'S GREATEST BATTLE

Before the capital's Eastern approaches, the German defenders of the bombed city still were fighting after 150 hours without sleep.

The Germans said masses of Russian tanks, infantry and big guns still were pouring into the battle, possibly the greatest in history, claimed that 1300 Red Army tanks had been destroyed and disclosed that the Red Army was 29 miles West of the Oder River after five days of fighting.

"The decision of the war is being fought in an inferno of flames, searchlights and the most hellish noise ever heard," said a statement issued in the Wilhelmstrasse. Ahead of the attacking Russians 600 American bombers pounded key junctions in the Berlin area.

Moscow announced that Marshal Gregory K. Zhukov's 1st White Army had captured the strongholds of Bad Freienwalde and Wriezen, 23 and 24 miles Northeast of Berlin, and had driven 10 miles West of the Oder, capturing the road junction of Seelow, 26 miles East of the city.

7 MILES FROM CAPITAL

While Lebus on the Oder, five miles North of embattled Frankfurt, also fell, the Germans said the Russians were bursting towards Berlin's suburbs on a 32-mile arc and had reached the town of Nagelsberg and the area of Strausberg—seven and 10 miles East and Northeast of the capital—after breaking the city's perimeter defences.

South of Berlin, Marshal Ivan S. Konev's 1st Ukranian Army scored a massive break-through from the Neisse River at Muskau, in a double drive aimed at a junction with American forces and encircling Berlin.

From Muskau, the Russians burst Westward 15 miles and seized Spremberg on Berlin's River Spree. At the same time, other spearheads surged across the Spree and captured Hoyerswerda, 31 miles Northeast of Dresden.

54 MILES FROM UNION

The Germans said the Russians had driven another 15 miles West, shoving a wedge into Senftenberg, only 54 miles from the American 1st Army on the Mulde River at Wurzen, East of Liepzig.

In their closest official approach to the Americans, Konev's troops raced 38 miles West from Rothenburg on the Oder, through Niesky and Kletschen, and reached Kamentz, 18 miles Northeast of Dresden.

The advance carried the Russians 20 miles West of the Germans' shattered Spree River line, at the South-ern end of which Konev's troops also reached Bautzen, 27 miles by super-highway to the Saxon capital Berlin reported fighting in Bautzen's barracks area.

This unchecked Soviet sweep bypassed Foerlitz and Lobau, key Dresden outguards on the railroad North of the Sudeten Mountains and the Russians were well inside the province of Saxony.

At American Headquarters, an official statement denied that Russian and American patrols already had linked in the giant Allied squeeze on the dwindling corridor South of Berlin which would cut Hitler's Greater Reich.

STETTIN AFLAME

Max Krull, a Berlin commentator said battles near Stettin "still are in their initial stage," and that the Russians were trying to extend bridgeheads across the Oder that would sever Berlin's communications with the great Baltic naval base. Stettin was reported in flames.

A Nazi military spokesman said the Russians had broken into "Berlin's main defence zone" and said Russian tanks were battling to overcome tank traps, anti-tank commandos and German reserves.

Inside the capital itself, Stockholm said 500,000 Wehrmacht, S.S. and Volkssturm (Home Guards) troops were ready to sell the city block-by-block in repetition of the eight-weeks' siege which still is being fought at Breslau.

Seek Dog Hangman at Vancouver

VANCOUVER, April 20 (CP) — Mrs. C. J. DeVoss Van Steenwyck, President of the Vancouver Branch of the Society for the Prevention of Cruelty to Animals, said bodies of five dogs were found today by school students who scoured South Vancouver bushland.

Police, students and C.P.C.A. officials searched the area today after a girl reported seeing a man beating a dog hanging from a tree. It was in the same area that police have found two dogs hanging to trees.

The searchers today reported they found evidences of a dog having been hanged to a tree.

It was not known how the five dogs found today came to their deaths.

S.P.C.A. officials have posted a $75 reward for information leading to the conviction of the person responsible for hanging the two dogs found previously.

Grim Birthday . . .

HITLER SILENT AS REICH TORN BY CIVIL STRIFE

By RICHARD KASISCHKE

LONDON, April 20 (AP)—Adolf Hitler remained silent on this, his 56th and darkest birthday, as Allied broadcasts declared his Reich was torn by civil war, with "gigantic peace demonstrations" in Berlin and Munich. Even some of his henchmen admitted a great crisis was at hand.

The Luxembourg radio said the people of Berlin shouted for peace and waved red flags as the Russian stormed the Eastern gates but Hitler himself kept silent in an atmosphere that left the world to wonder where he is.

IN HIDEOUT

The best guess in London was that Hitler had fled—if still alive—to the Bavarian Alps.

The U.S. flag floated over Nuernberg where before massed and heiling Nazis used to shout challenges to the world that made all Europe tremble.

The Luxembourg radio said that by Swedish reports, "Berlin is burning with unrest. Civil war is rife. On all buildings in the workers' district red flags have appeared."

Luxembourg radio said Hitler had telephoned from Torgau and fired the gauletier of the American-captured city of Halle.

Torgau is 70 miles South of Berlin, and if Hitler were there he might have a hot time getting through the narrowing corridor to his retreat, for the road lies through Dresden and the Russians are only 18 miles away.

NO CONGRATULATIONS

Eloquent testimony that Hitler no longer counts as the head of the German State was the lack of congratulatory telegrams from neutral countries, which even last year felt that protocol required some kind of greeting or other.

His ally, Japan, congratulated Hitler in a left-handed manner. Toky radio quoted a Japanese general by the name of Sabada as extending greetings to Hitler, but apparently the Emperor and Premier Suzuki did not bother.

With the Russians attacking at the Eastern gates of Berlin and a junction of American and Russian troops expected in a few days, the Luxembourg radio continued:

"WE WANT PEACE"

"In Munich police and Gestapo detachments have been sent urgently to quell the gigantic peace demonstrations. Church flags, ikons and crucifixes are paraded through the towns in odd processions of scores of thousands of peoples. The slogan, 'We Want Peace', is shouted by these crowds and echoed all over the town. Disorganization is complete."

A young German actress recently told American troops that 5,000 civilians whom the Nazis had tried to impress in the Army, revolted and were captured and killed in Berlin.

Stockholm reports several days ago also told of rioting in imperilled Stuttgart.

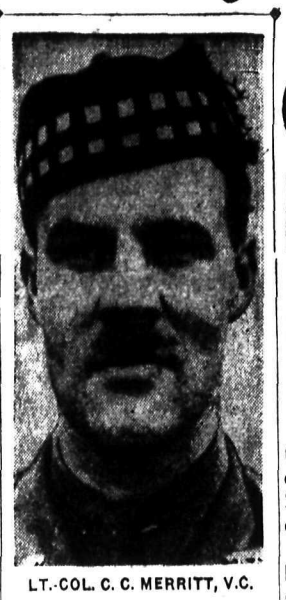
CHAPLIN TO ASK NEW TRIAL

LOS ANGELES, April 20 (AP)—Charlie Chaplin's lawyers intend to ask for a new trial of Joan Berry's paternity suit, in which the comedian was named as the father of her 18-months-old daughter, Carol Ann, and if denied, will appeal to have the jury's verdict set aside, it was announced today.

Frozen Florida Dew, No Doubt

POMONA, Fla., April 20 (AP)—Residents of Pomona reported they were pelted for 20 minutes Thursday by hail stones ranging from the size of a hen's egg to that of a man's fist.

The freak storm left huge stones scattered over the area which could be picked up an hour after they fell. Unprotected windows were broken and trees sheared of their leaves.



LT.-COL. C. C. MERRITT, V.C.

BELLEVILLE, Ont., April 20 (CP)—Lt.-Col. Cecil Merritt, Canada's first Victoria Cross winner of this war, has arrived at Prestwick, Scotland, after being released from a German prisoner of War camp, his wife said here today.

Mrs. Merritt said she received the news in a telephone message from the International Red Cross office at Montreal. The message said not to worry if she didn't hear from her husband for a week or so and she said to an interviewer: "I'm so happy I don't care if I don't hear anything more for two weeks now that I know Cecil is safe."

She said her husband was freed from Oflag 4C, a prison camp overrun by United States troops, and an R.C.A.F. officer named Jerry Wood from Vancouver and an officer named Rolfe from Toronto arrived at Prestwick with Col. Merritt. The Colonel and Wood are long-time friends.

Released prisoners are being flown to Prestwick by the Americans, Mrs. Merritt said.

Her husband was taken prisoner at Dieppe in August, 1942, where he won the V.C. for his heroism. While in prison camp he was nominated as Progressive-Conservative candidate in the Federal Riding of Vancouver-Burrard.

Col. Merritt led the South Saskatchewan Regiment into the attack on the French Coast town and remained behind, a wounded prisoner-of-war.

FORESEE DOOM OR FLIGHT FOR NAZIS IN ITALY

ROME, April 20 (CP) — Fifth Army troops broke out into the Po Valley Northwest of Bologna late today after a spectacular seven-mile advance and fought into the outskirts of Casalecchio, three miles Southwest of the big industrial city and communications centre.

An advance column of one of the two divisions which burst out of the Apennine Mountains on the fifth day of the all-out Allied offensive in Italy cut the main Bologna-Modena Highway No. 9 at a point about nine miles Northwest of Bologna.

This was one of the main escape routes for German forces which have put up a tenacious defence before Bologna for the past six months.

With tanks and tank-destroyers streaming out onto the rolling Po Plain tonight there was a surge of optimism among Allied commanders that the German armies in Northern Italy might soon be destroyed or driven over the Alps.

Fifth Army troops fighting toward Bologna from the South battled into the highway village of Pianoro, seven miles South of the city.

West of the Bologna-Pistoia highway Americans captured Mount Sanichele, about 8½ miles Southwest of Bologna.

WOULD LIKE AMENDMENTS TO DUMBARTON OAKS

MONTREAL, April 20 (CP) — Prime Minister Peter Fraser of New Zealand, who arrived in Montreal by aid today enroute to the San Francisco Conference, said in a press conference, "There are certain points all countries would like to see amended in the Dumbarton Oaks proposals such as the place of the small nations in a world organization and the right of veto of the big nations."

Mr. Fraser arrived from Britain with a number of other prominent delegates including Lord Cranborne, British Dominions Secretary and Government Leader in the House of Lords, accompanied by Lady Cranborne. Sir A. [illegible] of the Indian delegation, arrived a short time later.

Germans in West Near Defeat; Nuernberg Taken

By AUSTIN BEALMEAR

PARIS, April 20 (AP)—Gen. Eisenhower declared tonight that German armies of the West were "tottering on the threshold of defeat" and, as three Allied armies struck 23 miles South toward Hitler's last stand in the Alps, giant peace demonstrations were reported in Berlin and Munich.

The Nazi Party city of Nuernberg fell on Hitler's 56th and blackest birthday, the French were 30 miles from Lake Constance — Western bulwark of Hitler's Alpine retreat — and 12th Army Group Headquarters reported American lines were 58 miles from the Russians.

GAP CLOSING

From Supreme Headquarters went a broadcast to Russian and Polish slave laborers in Germany to stay where they were for "in a few days the gap between the armies of liberation from the West and from the East will be closed."

A battle dispatch declared the Germans no longer manned a cohesive Western Front, that the enemy was broken into pockets for the victory assault and the last stand in the North also was under attack.

The British 2nd Army battled a mile from the suburbs of Germany's second city and greatest port of Hamburg, and sheared it off from Bremen with a 20-mile outflanking sweep against the latter river port. Canadians to the West in Holland were fighting into the Germans' Grebbe defence line.

The report of peace demonstrations came from the Allied-controlled Luxembourg radio, which said without confirmation elsewhere that Red flags waved in the ruined capital of the Reich.

Gen. Eisenhower's statement that the Germans were at the brink of defeat in the West came in an order of the day in which he called the great Allied victory in the Ruhr a fitting prelude to the final drive to crush what is left of the German Army, once the terror of all Europe.

The British 2nd Army, drawing up on the 9th West flank, now held 15 miles of the Elbe's West bank from positions 15 miles Southeast of Hamburg.

1ST CLOSES ON PORTS

In Northwest Germany, the 1st Canadian Army's drive on the ports of Emden and Wilhelmshaven was gaining momentum after Polish units forced a crossing of the Ems River.

Farther Southwest, the Canadians backing into the Grebbe Line were less than two miles from the bastion of Amersfoort. Behind this line, parts of the Netherlands cities of Amsterdam, Rotterdam, The Hague and Utrecht were reported flooded by the Germans.

For the Germans, the most imminent peril was in the South, where Allied Western forces were closer to Munich and the last German defence positions in the South than were the Russians hammering up West of Vienna.

The French 1st Army, driving 23 miles South from last reported positions, reached Rottweil, 65 miles from the Austrian frontier and 120 miles from the Northern border of Italy. Here they were closest to Lake Constance, near whose shores Propaganda Minister Goebbels was reported to have taken refuge. They also were but 14 miles from the headquarters of the Danube.

The U.S. 7th Army smashed all organized resistance in the Nazi shrine city of Nuernberg on Hitler's 56th birthday.

Without waiting for the city of 431,000 to fall, armored columns of the 7th joined the French in the encirclement of the big communications city of Stuttgart.

BORDEAUX OPEN

The French battle to clear the river approaches to Bordeaux and open the great Atlantic port for shipping was virtually at an end. A special French communique announced that Pointe de Grave had been finally cleared except for isolated pockets and Bordeaux now is open. The Tricolor was hoisted at 1 p.m. today on a lighthouse at the tip of the peninsula jutting into the Gironde estuary.

Meanwhile medium bombers began plastering another besieged port, Dunkerque on the English Channel, with 500-pound bombs.

On another long forgotten front, the Maritime Alps, French troops at the Italian frontier occupied Briel, 10 miles from the sea and thereby cut the highway linking the Italian manufacturing city of Turin with the Gulf of Genoa.

YANKS WRESTLE FOR SMALL GAINS, OKINAWA

GUAM, April 21 (Saturday)—(AP)—U. S. Fleet Headquarters announced today the loss of 15 naval craft between March 18 and April 18 in the Battle of Okinawa and associated operations, and said during the same period 100 enemy ships, besides many small craft, were sunk and 2569 enemy aircraft destroyed.

Against furious enemy opposition, American amphibious forces, continuing their all-out push against strong Japanese lines on Southern Okinawa, ground out gains of 1000 to 1400 yards yesterday. The assault was started Thursday, breaking a 13-day deadlock on the front.

GAIN ON IE

The Fleet communique said the 15 ships constituted all those of the American Navy to be sunk in the Okinawa and related operations within the 32-day period. It made no mention of damaged ships but previously announced that "several" units of the Fleet had been hit.

Strong Japanese resistance continued on Ie Island, West of Okinawa, but the Americans there continued to gain.

The American ship losses included five destroyers, two minecraft, one destroyer-transport, one gunboat, four landing craft and two ammunition ships.

Japanese losses listed included the 45,000-ton super-battleship Yamato, two light cruisers, five destroyers, five destroyer escorts and numerous cargo ships and small craft.

As was the case Thursday, smashing artillery fire from Navy, Marine and Army heavy guns, and carrier planes flying cover, supported the Okinawa ground operations Friday.

JAPS DIE AS BRITISH ADVANCE IN S. BURMA

CALCUTTA, April 20 (CP) — A British 14th Army advance column killed 3500 Japanese and lunged 70 miles South from Meiktila to within 214 miles of Rangoon in the opening 12-day phase of a campaign to recapture Southern Burma, it was announced tonight.

British troops met the enemy in the first major engagement at Pyawbwe, a railway town 26 miles South of Meiktila. At Pyawbwe three columns of British Gurkhas, Punjabis and Sikhs assaulted Japanese headquarters positions from the North, Northwest and Northeast, killing 2000 in three days.

NAZI CRUISER LEFT AFLAME

AN R.C.A.F. AIRFIELD IN GERMANY, April 20 (CP Cable) Six direct hits and three near misses left a German light cruiser burning off Wilhelmshafen in the second attack within 24 hours against the enemy warship by Tactical Air Force fighter-bombers, it was permitted to disclose tonight.

One section of the City of Montreal Squadron, led by Sqdn. Ldr. Jack Beirnes, D.F.C., of Tofield, Alta., made two direct hits on the stern.

NAZIS RETURN TO THEIR SIEGFRIED LINE—AND HOW!: Back to their once vaunted Siegfried Line which they thought would hold off the Allied armies, comes another group of German prisoners, hands clasped behind their heads. They wend their way through the "Dragon's Teeth" en route to a prisoner enclosure. They surrendered in the Schwein sector.

CAVIAR, VODKA FOR FRISCO PARLEY

SAN FRANCISCO, April 20 (AP) —Russia has sent to San Francisco an entertainment ship well loaded with a cargo of caviar, vodka and other makings of many gay Soviet parties during the United Nations conference, apparently planning to set the entertainment pace for the parley, which opens next Wednesday, April 25.

TOAST and TEA

BY J.V. McARTE

Probably it will be the same after this war, as after the last, when one day a group of men who had served overseas met in a bar-room and began to discuss a battle. One who said he had been a lieutenant, gave one version, only to be corrected by another man who had been a captain. He, in turn, had to yield to the authority of a third man who was supposed to have been a major. A fourth man who had been listening then spoke up: "Gentlemen, I happened to be in that engagement and I think I can remember a few things that will straighten out the argument." So he went ahead and the others agreed that he had told the story accurately. He turned to leave and said to the bartender: "How much do I owe you?" "What rank were you, sir?" asked the bartender in his turn. "I was a private," said the other. "You don't owe me a cent," said the bartender heartily, "you are the first private I ever met."

Two Fined for Contravention Gas Regulations

Fred S. Popoff of Slocan Park and Tony S. Kabatoff of Winlaw received fines for contraventions of the Oil Controller's Regulations Friday when they appeared before Stipendiary Magistrate William Irvine in Provincial Police Court.

The men were found guilty separately of using "gasoline, other than graded gasoline obtained in exchange for valid coupons in respect to such motor vehicles" and each fined $15 and costs. Kabatoff was also fined $25 and costs for carrying loose commercial type gas coupons intended for a truck, while driving a sedan car. Both pleaded guilty on all counts.

Constable Frank Slater, who prosecuted, told the Court that on March 26, when he checked Popoff, who was driving a coupe, near South Slocan, he siphoned a quart of gasoline from his car and found it to be marked gas.

On the same day, also near South Slocan, he checked Kabatoff's AA ration book and two loose commercial coupons fell out of the book. Gas siphoned from the car was found to be marked gas.

4,000 ROBOT BOMBS LAUNCHED AT ANTWERP

ALLIED SUPREME HEADQUARTERS, April 20 (Reuters)—The Germans launched nearly 4000 robot bombs against the port of Antwerp between Oct. 23 and March 28, killing 1000 Belgian civilians and 628 American soldiers, it was disclosed today.

RESEARCH TWINS RETIRE TO ENLARGE SCHOOLS

LONDON, April 20 (CP)—Charles and Richard Hinde, 71-year-old twins, have retired after serving in two wars as research experts. In the first Great War they worked together to discover a special anti-submarine device which helped break the near-fatal 1917 North Atlantic blockade. In this war they combined again to develop the distant-reading gyro-magnetic compass which has been called the "wonder instrument of the R.A.F."

First War Bride Reaches Rossland

ROSSLAND, B. C., April 20—Mrs. Margaret Sdao and baby daughter, Mary Patricia arrived in the city on Monday from overseas. They are guests of Mrs. Sdao's sister-in-law, Mrs. Rose Profill. Mrs. Sdao is the first war bride to take up residence here.

She is favorably impressed with Canada and remarked that the marvellous hospitality of the Canadians across Canada was unequalled, especially the Red Cross which assisted in every way to make their journey pleasant and one to be remembered.

Mrs. Sdao was married to Cfn. Arthur Sdao, son of Frank Sdao of Rossland and the late Mrs. Sdao, July, 1942, and they have a daughter, aged 15 months. Mrs. Sdao nursed for 10 years in England, of which five years were spent at Godstone District Hospital, Letchingley, Surrey.

Cfn. Sdao was employed at Salmo prior to enlisting in September, 1940. Through the courtesy of the local Red Cross Mrs. Sdao was met at Trail by Mrs. Profill.

SOLDIERS MAKE CIVILIANS SEE ATROCITY FILMS

LONDON, April 21 (Saturday)—(CP)—The Daily Mirror reported today that movie-goers, unable to stomach atrocity newsreels, tried to leave a Leicester Square theatre but were turned back by Allied soldiers who told them to return and see what other people had to endure.

"People walked out from cinemas all over the country," the Mirror said, "and in many places there were soldiers to tell them to go back and face it."

"'It's the only way to break the namby-pamby attitude toward Germans,'" the paper quoted a soldier as saying. "'Many people don't believe such things could be. These films are proof. It is everybody's duty to know.'"

The Daily Express announced that it would display atrocity pictures in its reading rooms throughout Britain and declared:

"The duty is imposed on citizens everywhere to investigate for themselves the overwhelming mass of evidence that has been accumulated with the advance of Allied armies."

Margaret Robertson Program Supervisor Ontario Farm Camps

TORONTO, April 20 (CP) — Mrs. Margaret R. Robertson of Vancouver today was appointed Program Supervisor for Ontario Farm Service Force camps. A graduate of Margaret Eaton School and the Vancouver School of Social Work, she taught health education in New Westminster, B.C., before going to Australia where she married.

She will supervise the more than 50 Farm Service Force camps in the Province. The appointment was made by the National Council of the Young Women's Christian Association.

WELL KNOWN IN NELSON

Mrs. Robertson is well known in Nelson, having spent one Summer as Director at Camp Koolaree. She has also visited Nelson on many occasions as guest of her sister, Mrs. A. W. Gibbon, 709 Fourth Street.

TO STEP UP B-29 OUTPUT

VANCOUVER, April 20 (CP)—Output of B-29 Superfortresses at the Boeing Aircraft of Canada plant here and in all other plants will be accelerated, despite announcements of curtailment of production of various types of military aircraft with the approaching fall of Germany, Col. H. S. Jones, Regional and Plant Representative, U.S. Army Air Force, said today after a visit to Vancouver.

"From the start the B-29 has been earmarked for Pacific war and with the shift of the war from Europe to Orient greater need will be felt for weapons designed for that theatre of war."

Canada, Russia Extend Mutual Aid Agreement

OTTAWA, April 20 (CP)—The United Kingdom, the United States and Canada have renewed Lend-Lease agreements with Russia, it was announced tonight by the Department of External Affairs.

The announcement said the fourth of a series of Lend-Lease agreements, and the second to which Canada has been a signatory, was signed here April 17 by representatives of Britain, the United States, Canada and Russia to cover the period between July 1, 1944, and June 30, 1945. Much of the war goods promised in the agreement have already been delivered.

"Canada's contribution can be measured by the fact that between April 30, 1944, and the end of the year Canada sent the Soviet Union 450,000 tons of munitions, strategic materials and food to a total value of $187,000,000," said the Department.

"Shipments included 1188 tanks, 842 armored cars, 2,568 trucks, 827,000 shells, 34,800,000 cartridges, 5,000 tons of gunpowder, 36,300 tons of aluminum, 9,100 tons of lead, 23,500 tons of copper, 6,700 tons of zinc, 1,324 tons of nickel, 13,300 tons of rails and 208,600 tons of wheat and flour."

RUSSIA TO SUPPLY RAW MATERIALS

The renewed agreement, the first to be signed in Ottawa, was signed by Ray Atherton, United States Ambassador to Canada, Rt. Hon. Malcolm MacDonald, United Kingdom High Commissioner, G. B. Zarubin, Soviet Ambassador, and Prime Minister Mackenzie King and Finance Minister Ilsley.

The first protocol was signed in Moscow Oct. 1, 1941, the second in Washington in October, 1942, and the third in London Oct. 19, 1943.

The agreements were drawn up for the purpose of providing Russia with supplies of all kinds needed for the prosecution of the war, the Department said. Russia agreed to furnish the United Kingdom, the United States and Canada with such "raw materials, other supplies and services required for war use as can be made available."

The third protocol, the first to be signed by Canada, was signed at the Foreign Office in London, said the Department.

International Farm Federation Prospects Brighten

WASHINGTON, April 20 (AP)—Prospects of forming an International Federation of Farm Organizations appeared considerably brighter today following a banquet sponsored by American farm leaders for visiting British and Canadian delegations.

An international meeting in London this Fall to draw up the charter for the proposed organization was tentatively planned after representatives of five American farm groups endorsed the idea, already favored by the Presidents of the British and Canadian organizations.

The proposed London meeting would be open to delegates of all countries with national farm organizations.

Britain Has Third Week of Freedom From Enemy Bombs

LONDON, April 20 (CP) —Britain today completed her third week of freedom from enemy air or V-weapon attack. The German V-war fell flat after Allied air attacks cut railways into Holland and 1st Canadian Army troops since then have overrun one launching site after another.

Believes Son Safe With Merritt

VANCOUVER, April 20 (CP)—Mrs. Roland W. Wood said tonight she believes that the officer named Jerry Wood from Vancouver who has arrived in Prestwick, Scotland, in company with Lt.-Col. Cecil Merritt, V.C., of Vancouver, Canada's first Victoria Cross winner, is her son, Lieut. John Edward Wood, who was captured at Dieppe in August, 1942, with Col. Merritt.

Lieut. Wood, who went overseas with the Royal Canadian Engineers, was a close personal friend of Col. Merritt and the two spent four days at large after their escape from an internment camp in 1943 before being recaptured.

Lieut. Wood was a well-known mining man in Vancouver.

TANKS AND SUB BATTLE

WITH THE BRITISH 2ND ARMY, April 20 (AP) —The Elbe front took on the flavor of naval warfare for awhile today. When British tanks drove up to the Elbe, a German submarine in the river opened fire.

OAKLEYS FOR VETS

LOS ANGELES, April 20 (AP)—The Pacific Coast Baseball League issued an invitation today to all disabled veterans of the present war to be its guests at its ball parks.

Clarence Rowland, President of the League, said hospitals should contact local club offices to arrange for seats for groups of their patients.

"Especially will the returned service men be welcome on V-E day," Rowland said. "We want them to help us celebrate the occasion."

SALMON ARM, B. C., April 20—(CP)—Ratepayers of Salmon Arm will vote on a bylaw to raise $46,000 to cover the city's share of enlarging the elementary and high schools as soon as the bylaw is approved by the inspector of municipalities at Victoria. City Council has decided

JET-PROPELLED BOATS TO RACE IN FLORIDA

ST. PETERSBURGH, Fla., April 20 (AP) — Jet-propelled racing boats, designed to smash all previous records by their phenomenal speeds, are on the blueprints at the St. Petersburgh Yacht Club.

The Club plans to sponsor a jet-propelled race for the St. Petersburg trophy as soon as racing is permitted and the boats are ready.

J. D. (Pop) McIntyre, holder of the 91-cubic inch powerboat title before the war, has plans to build a jet-propelled boat as soon as he can get suitable steel. Because of the intense heat, ordinary steel would melt, he said.

British Fleet Hits Jap Ports

ALLIED SOUTHEAST ASIA COMMAND HEADQUARTERS, April 20 (Reuters)—British ships of the East Indies Fleet, including a French battleship, have carried out an offensive sweep off the East coast of Sumatra and strikes against Japanese-occupied ports during the last week.

The port of Sabang was bombarded by battleships and cruisers. One destroyer sank six small supply vessels between the outlying islands and the mainland.

A raid on Sabang, on We Island off the Northwestern tip of Sumatra, was reported by Domei Japanese Agency, April 11.

It was said to have been made by "a small enemy task force," including a British battleship of the Queen Elizabeth type and to have included the French battleship Richelieu and two converted carriers.

INDIVIDUAL SUBSCRIPTIONS TO BE SOUGHT

OTTAWA, April 20 (CP) — Increased emphasis will be placed upon the sale of bonds to individuals when Canada's Eighth Victory Loan campaign, with a minimum over-all objective of $1,350,000,000, opens Monday, officials of the National War Finance Committee announced tonight.

The objective of $675,000,000 for subscriptions by individuals represents an increase of $75,000,000 over the quota in last Autumn's Seventh Victory Loan. Bond sales in the Seventh Loan totalled $1,517,642,700, and individuals subscribed for $766,000,000 on a quota of $600,000,000.

CP to Help Make Canadians Better Acquainted

TRURO, N. S., April 20 (CP)—Post-war objectives of The Canadian Press were outlined here today by Senator W. A. Buchanan, President of the co-operative news gathering organization.

Addressing a luncheon meeting tendered members of the Canadian Press and newspaper editors attending the annual Maritime divisional meeting, Senator Buchanan said the Canadian Press "wants to make Canadians better acquainted with one another."

Senator Buchanan said he was hopeful this would contribute to greater unity and understanding between the different sections of Canada.

More news stories and features were planned also to let Canadians know what people in other parts of the Empire were thinking.

SUPERFORTS BOMB JAP AIRFIELDS

GUAM, April 21 (Saturday) (AP)—A very large force of Superfortresses, estimated between 200 and 300, visually bombed nine Kyushu airfields this morning in their third bombing strike in five days to neutralize bases from which the Japanese have been attacking American forces at Okinawa.

Apparently they have achieved neutralization, because no strong Japanese raids have been made on Okinawa since April 16.

HAPPY LUCKNER

LONDON, April 19 (CP) —Stars and Stripes, U. S. Army newspaper, in a dispatch dated Monday in Halle, Germany, said Count Felix Von Luckner, famous German sea raider of the First Great War, had surrendered to American forces, explaining:

"I haven't been so happy since I ran the British blockade in 1916."

The Stars and Stripes staff writer, G. K. Hoddenfield, said Von Luckner drove into American territory in a Red Cross automobile with his aide.

SALMON ARM, B. C., April 20—(CP)—Between 50 and 60 cases of septic throat have been reported to medical authorities in this central British Columbia city in the last three weeks, it was reported tonight.

DRUG COUNT BRINGS 6 MONTHS, $200 FINE

VANCOUVER, April 20 (CP)—George Alfred Eldridge was sentenced to six months imprisonment and fined $200 by Judge C. J. Lennox, in County Court today after he pleaded guilty to a charge of being in possession of morphine.

The sentence is to run concurrently with one he is now serving for breaking and entering.

DIRECTOR DIES

HAMILTON, Ont., April 20 (CP) —Paul J. Myler, 76, Director and former Chairman of the Canadian Westinghouse Co., died in hospital today after a brief illness. A native of Pittsburgh, he had been associated with the firm in Hamilton since 1896.

Interest Mounts In Nelson Queen Contest

With the first annual May Queen contest being staged by the Kinette Club in connection with their monster May Day Dance, turning into the home stretch, interest in the contest for the Queenship is growing daily.

The four contestants for the honor of May Queen are Miss Jean Hooker, Miss Joan Carew, Miss Jean Anderson and Miss Joyce Colman.

The lucky young lady who wins the contest will be crowned May Queen by Mayor N. C. Stibbs, in a beautiful ceremony at the Kinette May Day Dance in the Civic Centre May 1. The three runners-up will act as Maids of Honor to the Queen. The merchants of Nelson have donated gifts for the Queen and her attendants.

The Kinette Club, composed of wives of the members of the Kinsmen Club, act as an auxiliary and every cent of the proceeds from the affair will go to the Kinsmen Milk for Britain Fund.

The standing of the Queens at present is: Miss Anderson, first; Miss Colman, second; Miss Hooker, third; and Miss Carew, fourth.

An attraction for the contest will be the staging this afternoon of a parade, with the Queen contestants, bands, Cubs, Brownies, etc., on Baker Street at 3:45 p.m. A feature of the parade will be "Jenny" under the tender care of a group of well-dressed Kinsmen.

WORLD WAR I KEPT ATHLONE FROM CANADA

OTTAWA, April 20 (CP)—In what was probably one of his last appearances at a veterans' gathering in the capital, the Governor General, the Earl of Athlone, tonight said he had been nominated for the post in 1914 but the First Great War had intervened and he had gone to France instead.

The Governor-General, recalling his association with Canadian troops in the last war, said he had ben slated to succeed the late Duke of Connaught as Governor-General of Canada "but I got a call to France instead."

Rocket Bomb Can Rip Through 20 Feet of Concrete

LONDON, April 20 (CP)—Secret work by British scientists and United States Air Force engineers has developed a new type of high-powered rocket bomb, conceived by the Royal Navy, for use against German submarine and E-boat pens, it was disclosed today.

The new weapon — hurled from bombers at a speed faster than sound and able to penetrate thick layers of concrete—was adapted for arial warfare by a special section of American engineers after being designed by Admiralty scientists who worked in cooperation with the Ministry of Supply under conditions of extreme danger and secrecy.

On Feb. 10 and March 14 these rocket-propelled bombs were used by American heavy bombers in attacks on the German E-boat pens at Ijbuiden, Holland. Concrete walls 20 feet thick were reported penetrated.

World Has Not Done Justice to Chamberlain—King

CHICAGO, April 20 (CP) — The world has not done justice to the late Neville Chamberlain, who preceded Winston Churchill as Prime Minister of Britain, Prime Minister Mackenzie King said in an interview today as he paused here en route to the United Nations Security Conference at San Francisco.

"I think he was unfortunate in having a National Government. One side neutralized the other, and nothing was done," he said. "Had Britain had a Conservative Government they would have armed for all they were worth. Had they a Liberal Government they would have followed conciliation for all they were worth.

"In Canada," he added, "there was no room for a National Government because the Conservative party which campaigned for that idea was defeated."

Roast Prisoners

THEKLA, Germany, April 20 — (AP)— The Gestapo, S.S. troops and 'Hitler Youths' showered 220 political prisoners with flaming acetone, roasting and shooting them to death in the concentration camp barracks just a few hours before American troops captured this Leipzig suburb.

The charred bodies still lay in the barracks ruins or caught on the sharp spikes of the barbed wire enclosing the camp, on which they had thrown themselves maddened with pain. Many of them had been shot thereby their German guards.

Years of Trouble in Germany . . .

Need Greater Occupation Army

BY WES GALLAGHER

MAGDEBURG, Germany, April 20 (AP)—A far greater Army of Occupation may be necessary in Germany than originally planned in view of the problems experienced to date. Even with the vast number of Allied troops now in Germany, the job of administering the territory already overrun is proving more difficult than anticipated.

Germany now is a festering sore in the heart of Europe, housing a mass of misery unheard of in modern history. Twelve years of Nazism and brutality are bearing a cancerous fruit which can mean nothing but years of trouble ahead.

No one knows this better than Hitler, and he has the organization ready to help make the trouble—the newly-formed Werewolves.

There are not nearly enough military government teams at hand. Civil law broke down in most towns when the Nazis departed, for they held all key jobs. The Germans left behind often try to solve the problem of law and order as did their predecessors—by force—unless Allied troops are at hand to keep them in hand.

Troops cannot be spared for this job. For instance, one combat division overran 150 small towns in one day. If it had left four men in each town to preserve order, a battalion of fighting men would have been tied up. Besides, few Allied frontline troops speak German, Russian or Polish—virtually a prerequisite if administration problems are to be handled intelligently.

Finding it impossible to do everything, the combat troops have done their best and moved on. It may be days later before military government teams arrive.

PLUNDER FOR FOOD

Much difficulty has been experienced because of the lack of sufficient machinery to deal effectively with the millions of released slave laborers and prisoners of war. There is widespread looting, not only by the slave laborers but also by Germans trying to get their hands on extra food and clothing for the dark days ahead.

The aim has been to try to keep these millions in camps until they can be dealt with properly. But there is not enough food to feed them. So they forage—and wander up and down the highways.

Life is worth nothing. People die on the road, in barns, in the fields, in jails, abandoned warehouses, everywhere. No one bothers to bury them. No one knows who they are.

Every type of disease, particularly typhus, is being carried by these nomads.

All wanderers by no means are men. There are thousands of women, mostly girls brought into Germany as workers. They usually form into gangs and plunder so they can eat.

MAY BE ABLE TO USE B.C. SANDS IN FOUNDRIES

VICTORIA, April 20 (CP) — While research is not yet complete, it now seems probable that marketable silica sand, for use in foundries, can be obtained economically by treatment of sands available in B. C., it was announced today by the B. C. War Metals Research Board which has been carrying on investigations of purifying B. C. sands for this purpose since 1940.

Kimberleyite, Prisoner of War Since '42, Free

CRANBROOK, B.C., April 20 — *Cpl. Lloyd McLellan of Kimberley*, a prisoner of war in Germany since the Dieppe raid of 1942, has been released from imprisonment according to official word received by his wife here today.

A member of the Calgary Highlanders, he was reported missing August, 1942, and prisoner of war two months later. He is in England and is well, though he suffered from mastoid trouble in prison.

Mrs. McLellan teaches at Central School in Cranbrook. His parents are Mr. and Mrs. J. McLellan of Kimberley. A brother, John, is overseas with the Canadian Army.

Major Sidenius Presumed Killed in Action

Major Geoffrey Reginald Sidenius of Vancouver, missing in action since last August, is now "presumed killed in action," his wife, Mrs. Sidenius, of Nelson, has been advised.

Major Sidenius, aged 33, well known in Cranbrook and Salmo, where he was employed before the war, was fighting in Normandy with the 28th Armored Regiment when he was listed as missing. He went overseas 2½ years ago.

Raised in Vancouver, he went to Cranbrook some years ago and was with the Canadian Bank of Commerce there for seven years. He then went to Salmo where he was employed by M. C. Donaldson for some time before returning to Vancouver.

A member of the Duke of Connaught's Own Rifles before war, he enlisted when war was declared, remaining with the D.C.O.R.'s, which became the 28th Armored Regiment. He completed two staff courses at Kingston before going overseas.

Mrs. Sidenius is at present residing with her parents, Mr. and Mrs. E. S. Home, 508 Fourth Street. With her are her daughter, Sherry, five, and son, Derek, four.

Blooper Pitcher Marks Up 100th

PITTSBURGH, April 20 (AP)—Rip Sewell, master of the famous blooper pitch, chalked up his 100th major league victory today as the Pirates outhit Chicago Cubs 14-9 for a 5-4 National League victory in chilly weather that held the Pittsburgh home opener crowd down to 9449.

The teams went into the second half of the eighth deadlocked 4-4. With two out Gustine doubled off the scoreboard and hot-footed home for the winning run on Al Lopez' single into centre.

TWO HOMERS

NEW YORK, April 20 (AP) — Phil Weintraub's two homers, each with a man on base, paced New York Giants' 13-hit attack on three Brooklyn pitchers today for a 10-6 National League victory before 12,840 fans at the Polo Ground opener.

Harry Feldman was lifted for a pinch hitter in the seventh inning with the Dodgers only one run behind but Ace Adams protected the home club's lead.

Starter Tom Seats was yanked in the third with the bases loaded and none out and Ernie Lombardi greeted reliefer Clyde King with a two-run single.

Feldman helped his own cause with a home run in the sixth after Mike Sandlock touched him for a round tripper in the second and Ed Stanky did the same in the sixth. Weintraub's damaging clouts came in the first and eighth.

Baker has been serving as a coach for the Sox.

Wanton Destruction for Dutch . . .

Canadians Face Suicide Stand

BY ROSS MUNRO
Canadian Press War Correspondent

WITH THE 1ST CANADIAN ARMY, April 20 (CP Cable)—The Canadian Army faces one of the most difficult operations of the war—to liberate the rest of Holland.

This enemy-held territory is threatened with catastrophe if the Germans continue to employ flood defences to retain their hold on fortress Holland.

Within the last few days the Germans have flooded or saturated hundreds of square miles of Dutch farmland. Eighty square miles North of Amsterdam and immediately South of the Zuider Zee causeway is under 12 feet of water which surged in like a tidal wave from the Zuider Zee when the enemy blew up 300 feet of dike.

Between Utrecht and Amsterdam about 30 square miles is under three feet of water, and between Amersfoort and the Zuider Zee miles of country have been flooded or saturated so that no attack could be made over it except in amphibious vehicles.

South of Utrecht along the Neder Rhine another area was beginning to be flooded.

This is only the start. By resorting to use of all the flood defence devices, the Germans can inundate practically all the Netherlands territory still in their hands. Twenty-five per cent of Rotterdam and Amsterdam may be made uninhabitable.

With wanton disregard for Holland—many sections of which they *have plundered as they have done* in few other European countries—the Germans may loose more flood waters. Scores of dikes, sluices and locks are prepared for demolition.

YEARS TO RECLAIM

If the flood policy is followed all the way in the enemy suicide stand in fortress Holland, it will take the Netherlanders several years to reclaim the areas flooded by fresh water from the Zuider Zee and the Neder Rhine and from five to 10 years for areas flooded by salt water from the North Sea.

The large-scale flooding would inevitably lead to epidemics in cities where sewage and water supply are cut off.

This situation with all its grim possibilities places the Canadian Army in a dilemma in continuing operations on the Netherlands front. If a fortress Holland assault or even a large-scale attack is made on the Grebbe Line screening the "fortress," the Germans may flood the entire country and bring even more misery to thousands of Netherlanders.

The attack on fortress Holland would be a series of amphibious operations from town to town and city to city in Buffaloes or landcraft— as intricate an undertaking as combined operations have known.

The Netherlanders intended to use the whole of the flood system in 1940 when they were invaded, but the Germans jumped them too rapidly. The Germans are not likely to be caught in the same position.

High-Tension Polish Question . . .

Small Nations Want Boundary Guarantee

By FLORA LEWIS

WASHINGTON, April 20 (AP) — A drive among smaller powers to write boundary guarantees into any peace-keeping organization today appeared to be taking form.

Such a recommendation will likely be made at San Francisco either by one of the Latin American countries—which secured similar assurances in the recent Act of Chapultepec—or by a British Dominion, probably New Zealand.

The demand for territorial guarantees would include a definition of aggression and go hand-in-hand with the expected U. S. proposal to empower the assembly of the projected peace agency to review treaties.

Adoption of the guarantees would change the proposed league's fundamental obligation. Instead of providing simply an international pledge to decide when sanctions should be imposed, the organization would be obligated to use the world armed might whenever it was decided that aggression existed.

The U. S. accepted the frontier-guarantee idea at Mexico City last month with the reservation that the Act of Chapultepec be made to fit into the proposed world peace system.

At the same time, several of the countries outside the four sponsored powers—Britain, the U. S., Russia, and China—have worked out formulas designed to secure a larger role in decisions of peace and war. A strong reaction has crystallized against the original Dumbarton Oaks formula which would give the League's Security Council power to bind all members to send their forces into action.

One ambassador, declining to permit use of his name, said he is ready to propose that a majority vote of the General Assembly be required before the Security Council could direct use of force.

Canadian spokesmen at the recent *Commonwealth conference in London* were reported to have suggested that a two-third assembly vote be required.

The Dumbarton Oaks proposals leave all decisions on sanctions exclusively to the Security Council—requiring a unanimous vote by the Big Five and at least two of the six non-permanent members of the Council.

Foreign Secretary Eden, Foreign Commissar Molotov and State Secretary Stettinius are slated to seek *agreement on these and other issues* this weekend, before they travel to the West Coast for the United Nations conference opening next Wednesday.

At the top of their agenda, however, is the high-tension Polish question. The U. S. and Britain were on one side and Russia on the other, after the State Department yesterday reaffirmed its rejection of twice presented Russian demands that the present provisional government in Warsaw be invited to San Francisco.

Efforts will centre on breaking the deadlock over formation of a more representative Polish government, a move agreed upon at Yalta but stalled after weeks of consultations in Moscow.

Russia's apparent determination to stick by its guns was seen in Moscow dispatches last night quoting the Army newspaper Red Star as saying that failure to invite the Provisional Government "has evoked the indignation of the Polish people."

"Only one government exists in Poland," Red Star said. "It is not right to compare a group of London politicians, who quarrel among themselves, to this single government of Polish people.

"Poland has a right to participate in the San Francisco conference. Poland has to be represented there by the Provisional Government of the Polish Republic. Such is the will of the people."

Plans For World Court

WASHINGTON, April 20 (AP)—Jurists of 44 United Nations today completed plans for a world court and prepared to present them to the San Francisco World Security Conference next week.

Working at top speed the last nine days, legal experts of all the United Nations except South Africa, India and Poland, have revised the organic law of the old permanent court of international justice which formerly met at The Hague in Holland. John E. Read, Legal adviser for the Department of External Affairs, was the Canadian representative.

This court still is technically in existence, as is its parent organizations, the League of Nations, but it has not sat since Holland was invaded.

Working over the old court's statute, the jurists had to wait for translations of each word and phrase and then agreed on proposed revisions. The new court would function along with a general assembly and a security council as part of the United Nations organizations to be set up at San Francisco.

Full details of the proposed court organization will not be revealed until the plan is presented at the United Nations meeting. However, it is understood that alternative proposals will be suggested regarding compulsory jurisdiction—whether a country must, in order to belong to the court, bind itself to submit court's authority on certain types of cases.

The meetings here were presided over by Green H. Hackworth, legal advisor to the State Department who will take the plan to San Francisco.

Says Servicemen Favor Return of Japs to Coast

SEATTLE, April 20 (AP) — John L. Fornier, Kent newspaper publisher, declared last night that of numerous letters received by him from servicemen the majority of those writing favor return of the Japanese to their West Coast homes and businesses.

Speaking at a mass meeting attended by an estimated 700 persons, Fornier asserted he was just as worried about the Jewish and Negro minority problems as that of businessmen would go down the the Japanese, saying that "Kent line on a program against the Jews faster than they would against the Japanese."

CIVIC OLDTIMERS STILL HAVE TRICKS UP THEIR SLEEVES

A whist drive sponsored by the Nelson Civic Employees Federation was thoroughly enjoyed by a number of Civic employees and their families in the Canadian Legion, Thursday evening.

Competition was especially keen between the oldtimers in showing the younger members they still had a trick or two up their sleeves.

Ken Highland, popular Master of Ceremonies, got a big hand when he gave his version of how to catch the old red rooster (Earl Reid).

Prizes were won by Mrs. T. Dodman and V. Civetta, the consolation going to Mrs. Ken Highland.

Refreshments were served by the ladies under the direction of George Boyes, who has established himself as the Federation coffee maker.

This will likely be the last social this season, but plans are being made for a Federation picnic as soon as the weather becomes suitable.

NEWSPAPER WORKERS GET HOLIDAY AND PAY

VANCOUVER, April 20 (CP) — Regional War Labor Board has awarded holidays with pay for mailers, stereotypers and pressmen employed by the Vancouver Daily Province and the Vancouver Sun.

All are members of A.F.L. affiliates, and the award was made upon joint application of employers and employees. The workers get one week holidays after one year's service.

In making the announcement Gordon Taylor, Secretary-Treasurer, Mailers Union, said that an application affecting the News Herald staff is before the Board.

A Help to Those Who Are Past Middle Age

When men and women get past middle age their energy and activity, in many instances, begin to decline, and their general vitality is on the wane.

Little ailments and sicknesses seem harder to shake off than formerly, and, here and there, evidences of a breakdown begin to appear.

Now is the time those wishing to help maintain their health and vigour should take a course of Milburn's Health and Nerve Pills.

They help tone up and invigorate the patient by their tonic action on the system.

Thin Girls . . .

Don't Spare Food for Hat

By IDA JEAN KAIN

The working girls are the ones who are most apt to cut corners on nutrition. This is especially true of the thin girls. Because of finicky appetites, they don't really crave food but all girls crave hats! So when they look the menu over they choose the dinner that costs the least, all the time scheming to eke another hat out of the budget.

One meal where nutrition can be improved with little additional expenditure of money, is breakfast. Breakfasts are fairly inexpensive, whether eaten out or at home. Cereals are low in cost, but high in nutrition and it's a good way to get more milk into the diet. Oranges and grapefruit are not cheap, but they are cheaper than scurvy! Eat a whole orange every morning or half a grapefruit, or the juice. The whole fruit contains more vitamins C at less cost.

When you dine in a restaurant and have a choice of a first course, salad or dessert, don't always choose dessert. Take a bowl of hot vegetable soup, or the crisp green salad. But ask first if it's just a wisp of lettuce and a dab of dressing—you won't get much nourishment from that! For the beverage, choose milk. Milk furnishes better nutrition for the money than almost any other food.

For dessert, occasionally take crackers and cheese. Or pick out one made with milk and eggs, or ice cream, or fruit with cream, rather than always going for a rich pastry. It's not only the calories that count, it's what foods they come in.

It's very important to have vegetables every day, although many girls blithely skip them. Have a green or yellow vegetable every day ,as well as potatoes. And of course have meat, fish or fowl, or a complete protein dish. Somewhere in the day's menu, get an egg. And have bread with every meal. I warn the reducers not to eat too much bread. But you thin girls should have two slices of bread or rolls with every meal.

LOVE LAUGHS AT WAR: Cupid not only laughs at locksmiths but at old man Mars as well, as witnesses Mrs. Donald Meese, pictured here as she appeared at Liverpool, Eng., awaiting completion of formalities which would permit her to rejoin her husband. Hurt Vanity . . .

Wants to Send Man Back

By BEATRICE FAIRFAX

Dear Miss Fairfax. I'm 26 years old and have made my living since I was 12. By hook or crook, I've managed to live, and being a girl that wasn't easy—I've just had to take it.

"Men have been my meal ticket most of the time. But I'm tired of all that. I want to break with a certain man I've been going with. I've never felt just this way before, even if the men were married. But this case is different.

"He has a nice little wife and a bunch of dear little kids who will suffer more than I think fair, if I don't stop him. I've told him many times to go home to his wife and children. At first I didn't know he was married. When I found out, I wasn't comfortable about taking the bread away from that little family.

"I've done everything I know to get rid of him. Not been in when he called, have hung up the receiver when he phoned. He walks up and down in front of my house waiting for me. He torments me with his attentions. He's mailed me money and I've mailed it back to his wife anonymously because she needs it more than I. I know I'm no good, but the man's family is nice, and I don't want his wife to lose faith in human nature as I have. I want to send him on his way. I want to get rid of him.

"Bad Luck."

The best way to get rid of a weak, irresponsible man such as you describe, is to hurt his vanity. Tell him he bores you and you find others more interesting. When the ego of such a man is bruised and treated with contempt, he's mighty apt to go back to the little woman and the kids from whom he is sure to receive the necessary salve for his bruised feelings.

You can of course, wear out his patience by continuing your absent treatment—hanging up the phone when he calls, refusing to open the door, etc. There are more drastic means such as reporting his annoyance, but it's not well to invoke them, if milder methods will work.

LONDON (CP)—Wing Cmdr. W. Dring, D.S.O., D.F.C., renowned rocket Typhoon pilot whose precision attacks on enemy armor in the Falaise gap helped break up a stiff German attack against Canadian positions, has been killed on the Western Front. Dring, 27, trained in Canada and was a navigator in a Pathfinder squadron.

Is Your Child Starved?

Malnutrition is common to school age children because at from ten to sixteen or eighteen years more nutrition is required than at any other time of life.

This is the growing and developing period when boys and girls are coming to manhood and womanhood. Their bodies cry out for more minerals and vitamins. They need a proper diet and plenty of rich nourishing food.

When they do not get enough nourishment there comes irritability, nervousness and tired feelings which interfere with their school work and rob them of success and happiness.

Young people respond quickly to the benefits obtained by the use of Dr. Chase's Nerve Food. A few weeks' use of this treatment during the trying school period may prove a lasting blessing. Ask your druggist for the new economy size bottle of Dr. Chase's Nerve Food.

Parents . . .

Stop Scolding Son

By Garry Cleveland Myers, Ph.D.

I have always believed that, so far as the conduct and character of our children are concerned, we parents are chiefly responsible. If we were wise enough and had the skill and character to use our best wisdom, we could expect our children to develop into self-reliant, likable persons and useful citizens.

None of us has all the wisdom about rearing children that we need, nor has any one of us the stuff of character to profit fully from the wisdom we do have. Yet few parents give nearly as much thought to the rearing of their children as to the raising of live stock, industry, business or other daily pursuits. Ever so many parents who have made it their heart's desire to be ideal parents and who, in spite of their failures, have really felt they have done the best they could, are sorrowfully disappointed with the way their children act and turn out.

These parents don't need scolding. They are already paying a terrific penalty for their mistakes. They need sympathetic help and understanding. Many other parents who have very young children might profit by observing thoughtfully the errors of these parents and consecrate their lives to a program which should help them avoid mistakes.

Therefore I present the following tragic case:

"Dear Dr. Myers: I have a brother who soon will be 24 years old. He recently became engaged and is planning his marriage for a year from now. Up to the present he has earned good money for a man without a trade, but says he hasn't saved any of it. He is irresponsible and stubborn and will not listen to our parents when they tell him he must prepare himself for a big responsibility such as marriage.

"He goes out of an evening and does not come home until 4 or 5 o'clock in the morning. When it is time to get up and go to work my parents must call and call, and he still does not get up and go. They gave him an alarm clock but he turns it off and goes back to sleep.

"My parents scold, argue and compare him with others, but it does no good.

"I truly believe my parents are very much to blame, because they did not want a boy in the first place. They nagged him all his life and I believe this is the cause of all his trouble. They tell the rest of us how bad he is right in front of him. They even do this before peopl ewho have no business to know.

"As children we were never given an allowance and because my brother took money and other things at different times, he was not allowed to get a job of any kind. He quit school in the third year of high school and then he had to get a job. He has had many jobs since but he does not seem able to hold them. Whenever he has not had money enough to buy cigarettes, etc., my parents have always helped him out. What can I do to help?"

My reply was about like this: You shouldn't hope to change your brother and your parents much. There is no use to dwell on their wrong ways. You might, however, through quiet lovely acts, persuade him to postpone the marriage for some months or years and prevail upon his parents to stop scolding him, shaming him and comparing him with others.

NAKUSP

NAKUSP, B.C.—A meeting was called on Monday evening at the Legion club room with the purpose of organizing a Woman's Auxiliary to the Nakusp Legion, which was well represented. The election of officers resulted as follows: Mrs. Laurence Ott, President; Mrs. Reuben Buerge, Vice-President; Miss Lorraine Sinclair, Secretary-Treasurer. Executive: Mesdames F. Mayoh, A. Middlemass, A. Dunn and F. Rushton.

Mr. and Mrs. J. Harris returned from Vancouver Saturday.

Rev. Father McSherry was a Nakusp visitor over the weekend from Nelson.

Mrs. Frank Yurick has left for the Coast to attend the graduation ceremony of nurses, Vancouver, where her daughter, Miss Mary Zurik, is in training.

The April meeting of the Woman's Missionary Society was held Tuesday afternoon at the home of Mrs. W. Vinall, with 16 members and visitors present, Miss A. A. Allen presiding. Mrs. C. C. Hamling lead the devotional period, after routine business. Mrs. E. C. Johnson, who was delegate to the W.M.S. branch meeting held in Vancouver, March 12, 13, 14, 15, gave a comprehensive report. Mrs. Johnson stated that a school for leaders was combined with the annual meeting, with guest speaker Miss Winnifred Thomas, Dominion Board General Secretary, Toronto; Dr. G. B. Switzer of Union College, and Prof. Basil Mathews (Oxon), noted author and lecturer, attending each afternoon and evening sessions. W.M.S. work in general was dealt with in relation to the church and world events, as well as education in its place of rehabilitation, Christianity, Christian citizenship and politics. A vote of thanks was extended to Mrs. Johnson for her report. Mrs. Vinall assisted by Miss Fawcett and Mrs. Karston served afternoon tea, after which a social hour was spent.

To honor Bobby Jackson, Seaforth Highlanders, who with his sister, Mrs. M. Walthers of Vancouver are visiting their old home town, the members of the Legion and Women's Auxiliary to the Legion, held a social affair in the club rooms on Tuesday evening. Singing and cards were the order of the evening. First prize card winners were Mrs. H. G. Gardner and A. E. Bennett, and consolation prize went to W. Herridge and Mrs. J. H. Cameron.

LONDON (CP) — A gift of $120,000 has just been made by the British War Relief Society of the United States for provision of a rehabilitation centre for industrial workers and for youth hostels.

Worry . . .

Treating Skin Diseases

By HERMAN N. BUNDESEN, M.D.

More and more in recent times there has come the realization that a number of disorders are produced by nervous or psychologic disturbances.

Seborrhea is a skin inflammation in which greasy scales form on the skin. In eczema there is much itching, redness of the skin and scaling.

The majority of persons with these disorders can be restored to health. As a rule the patients affected are oversensitive and easily upset. They often have some unsolved problem which creates worry, anxiety or fear.

In addition several measures of treatment would seem to be useful. For example quieting drugs such as phenobarbital may be given from phenobarbital may be given from one to three times a day. The injection or the giving by mouth of large amounts of vitamin B1 or thiamin also acts through nervous channels and is of great held in seborrhea and excessive sweating. Ultra-violet light treatments in small doses as well as physical exercise every day may be useful in the more chronic cases.

Make sure that the patients with skin disorders due to psychologic disturbances are doing the right type of work, because if not suited to their surroundings, the skin troubles will persist. X-Ray treatments have been used to a great extent for these skin troubles. However, great care must be taken to be sure that an overdose is not employed. The patient should know himself how many X-ray treatments he has had, so that if he should move and thus change physicians, further treatment will not be given because of lack of knowledge on the part of the physician as to what has been done before.

In the seborrheas, the giving of large amounts of alkalis, such as baking soda, has been found useful. An ointment containing salicylic acid and gentian violet has been employed for the severe eczema. In excessive sweating and redness of the feet a drug known as sodium hexametaphosphate, used either as a lotion or a dusting powder, has been found effective.

Of course, all these skin conditions should be treated under the constant guidance of the physician.

REGISTERING JAPS AT KASLO

KASLO, B. C., April 19—The Registration Detachment of the RCMP, under Cpl. R. A. Davidson, arrived in Kaslo this week, and are registering the Kaslo Japanese, giving them the choice of returning to Japan, or remaining here in Canada.

There are still about 550 Japanese left in Kaslo, and all adults are obliged to register. W. A. Roberts and F. Aydon, Placement Officers, are accompanying the Registration Detachment and they have a selection of positions to offer those electing to remain in Canada.

What every housewife should know . . . about SUGAR FOR CANNING

For tasty, nourishing and economical winter desserts, most Canadian housewives will again do some preserving this year . . . jams, jellies and all kinds of fresh fruits.

Sugar is still very scarce. We must continue to conserve our supplies.

This year, the allowance for home canning will be the same as in 1944—ten pounds per person. Be sure to use your ration sparingly.

HOW YOU GET SUGAR FOR CANNING

Instead of special home canning sugar coupons, twenty extra preserves coupons in Ration Book No. 5 are being made available for the purchase of sugar for canning.

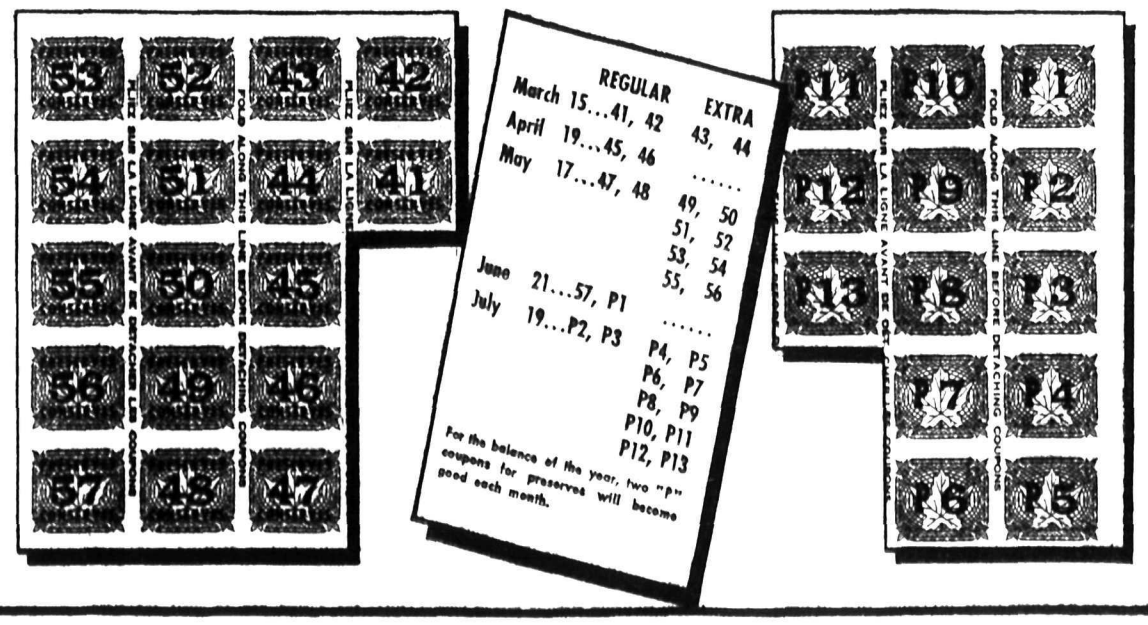
These coupons are good for half a pound of sugar each or the stated value in commercial preserves, for they are the same as any of your preserves coupons.

You may use any other valid preserves coupons to purchase sugar, also at half a pound each.

No exchange is necessary. Your grocer will accept any valid preserves coupons when you purchase sugar for canning.

There are now only two kinds of coupons for sugar. The regular sugar coupon, good for one pound of sugar; and the preserves coupon, worth half a pound of sugar.

SUGAR FOR CANNING COUPON CALENDAR



CLIP THIS CALENDAR FOR READY REFERENCE

USE ONLY AS REQUIRED

The twenty extra preserves coupons for sugar for canning will remain valid until declared invalid by the Ration Administration. You do not have to use them immediately. You will be given plenty of notice of their expiry date.

GUARD YOUR RATION BOOK

If you lose your ration book, the extra preserves coupons which have already been declared valid will not be replaced. It is up to each consumer to look after his or her ration book.

Trinity Musical Program Thrills Large Audience

Nelson music lovers again thrilled to the rich baritone voice of Arthur Stringer Thursday night, when he appeared on the Trinity United Church Choir musical program at Trinity United Church. Also on the program were Mrs. Verica Deerward, violinist and C. C. Halleran, organist and accompanist.

A large audience heard the program, which was followed by a social gathering in the Church basement to give friends an opportunity to renew acquaintance with Mr. Stringer. Many Kinsmen were present to hear and greet their former club member. Mr. Stringer, former Nelson resident, now lives at Victoria, where he has become well known for his singing ability.

At the conclusion of the program, The Star Spangled Banner was played, the audience standing as a tribute to the late Franklin D. Roosevelt. God Save the King followed.

The program:

Grand Chorus in March Form, Guilmant, and Largo from the New World Symphony, Dvorak, by C. C. Halleran; Sea Fever, Ireland, Trade Winds, Keel, and The Vagabond, Vaughan-Williams, by Arthur Stringer; Canzonetta from Concerto in D Major, Tschaikowsky, and The Bee, Schubert, by Verica Deerward; The Lord's Prayer, Mallote, I Heard a Forest Praying, de Rose, and Why Do the Nations, from the Messiah, Handel, by Arthur Stringer; Pale Moon, Logan, One Kiss and Stouthearted Men from The New Moon, Romberg, by C. C. Halleran; Love's Joy, Kriesler, Czardas, Monti and Fair Rosmarin, Kriesler, Verica Deerward; That's Why Darkies Were Born, Brown and Henderson, I Love Life, Mannazucca, and The Hills of Home, Fox, by Arthur Stringer.

Sam Fiskaa Dies; 20 Years in B. C.

Sam Fiskaa, who has lived in Nelson for the past five years, died late Friday afternoon at Kootenay Lake General Hospital, after a lengthy illness.

Mr. Fiskaa, who was 59, was born in Norway. He came to British Columbia 20 years ago, and has worked in various mines throughout the District.

Before his death, Mr. Fiskaa resided at the K.W.C. Block.

He is survived by one son in Norway, and one sister, Mrs. S. Seghte, who lives in New Jersey.

ROSSLAND, B. C., April 20—Mrs. F. Greenhalgh and her daughter, Miss Flora Greenhalgh of the MacLeah School staff, left Tuesday for Nanaimo, where they will visit Mrs. Greenhalgh's brother. Mrs. Greenhalgh received word on Saturday that her only son, Captain T. H. Greenhalgh had been killed in action.

Mr. and Mrs. L. A. Read and family visited Mrs. Read's parents, Mr. and Mrs. W. H. Toogood of Castlegar.

St. Anne's Circle of the Sacred Heart Catholic Church met Monday night at the home of Mrs. G. Zanussi. Red Cross knitting was done following which the hostess served dainty refreshments. She was assisted by Mrs. R. Blyth. Others present were Mrs. J. B. Page, Mrs. W. J. Turner, Mrs. J. D. Mitchell, Mrs. L. Brown and Mrs. W. Christian.

Robert Moffatt of Nelson has obtained a position at the Smelter and is staying with his brother-in-law and sister, Mr. and Mrs. Lorne Campbell, Victoria Avenue.

Dr. L. Wrinch, who has been at the Coast, arrived back in the city Sunday.

Mrs. W. G. Mara was the guest of Mrs. J. A. Cairns at Robson, when she attended the annual meeting of the Castlegar Catholic Women's League. Mrs. Mara, who is the convener of the Spiritual Program for the Diocese, addressed the meeting on this subject.

The members of the St. Mary's Circle of the Sacred Heart Catholic Church met at the home of Mrs. W. G. Mara. Red Cross knitting and sewing were done. Dainty refreshments were served by the hostess assisted by Mrs. L. Nicholson. Those present were Mrs. E. Leduc, Mrs. J. Milligan, Mrs. J. Cullinane, Mrs. H. Bailey, Mrs. B. W. Lawrie, Mrs. E. Kambic, Mrs. L. Nicholson, Miss F. McLean and Miss G. Prestley.

The Sewing Committee of the Pythian Sisters met at the home of Mrs. A. Hubner Tuesday night. The evening was spent in sewing and knitting. Dainty refreshments were served by the hostess. Those present were Mrs. W. K. Scatchard, Mrs. R. Turner, Mrs. J. Woodward, Mrs. Robert Mason, Mrs. H. Murdoch and the hostess.

Mr. and Mrs. L. P. Jacks have had as their guests this week Mrs. William Thompson and Mrs. Shaw Briggs of Cranbrook.

C. F. Daly returned from Calgary, where he attended a coal convention.

Allison Martin of Vancouver is visiting his parents, Mr. and Mrs. Kenneth Martin, LeRoi Avenue.

E. Jamieson and W. K. Scatchard were in New Denver Wednesday attending the funeral of Mr. Levy.

Pte. Gaskell of Willow Point Home From War

Pte. Harold D. Gaskell, son of Mr. and Mrs. James Gaskell of Willow Point, arrived home Tuesday night after five years service with the Canadian army overseas. He saw service on the Western Front and was wounded in Holland last November.

Coming to Willow Point with his parents in 1929 he had spent all his time there until his enlistment shortly after the outbreak of war.

LONDON (Reuters) — A relief fund has been started here to relieve widespread distress caused in Mauritius by two devastating cyclones which struck the island in January and February. Houses of the poorer classes suffered extensively and in many areas many were destroyed. Lady Kemsley is chairwoman of the fund.

The Mayor has proclaimed Monday, April 23rd, to be a civic holiday to enable everyone to take part in the

Eighth Victory Loan

If you are not one of those who, as volunteer salesmen, will be going from house to house canvassing for subscriptions to the loan, you are asked, as a patriotic duty, to stay at home and receive the salesman who will be calling on you. Have your mind made up and help him on his way as he has many calls to make. Remember, he too is doing this job for you. He gets nothing for it, except the satisfaction of knowing he is helping to hurry up the day when the boys will return.

Internees Fear Return to Germany

ANKARA, April 20 (AP) —Since mid-January when negotiations for repatriations started, about 400 interned members of the German embassy and consular staffs in Turkey have lived in growing nervousness facing a return to their country.

The Swedish repatriation ship Drottningholm now is in Istanbul waiting for these Germans who became enemy representatives and willingly or unwillingly must leave.

Some are said to be hoping they can obtain refuge in neutral Portugal, Spain or Sweden, possible patriation exchange points, rather than go back to the homeland.

Approximately 130 of the internees are in Ankara, leading a comfortable and luxurious life in the German and Austrian embassies and military attache offices. They are supported by German doles through the Swiss legation which now is charged with protection of their properties and interests.

Guarded by local policemen, they keep out of sight. Manicurists and hairdressers are provided for the women.

Among the internees is Frau Jenke, sister of Foreign Minister Von Ribbentrop, and the wife of Counsellor of Embassy Albert Jenke. It was said that Von Ribbentrop, afraid the severe life of Germany was uncomfortable for his sister, arranged that she and others of his friends should stay here.

There is a local story that Gen. Hans Rhode, a typical Prussian military attache, was unable to get along with the others and gathered his staff and family into separate quarters at the Austrian legation. There, the story runs, he lines his followers against the wall every evening, counts them with pistol in hand and threatens to shoot them, himself the day of Germany's defeat.

NAIROBI, Kenya (CP) — The Government has approved of the payment of a subsidy to the Salvation Army for the training of blinded ex-soldiers. A small school is already in existence here, and a site for a larger and permanent centre, for 100 pupils, has been chosen at Thika.

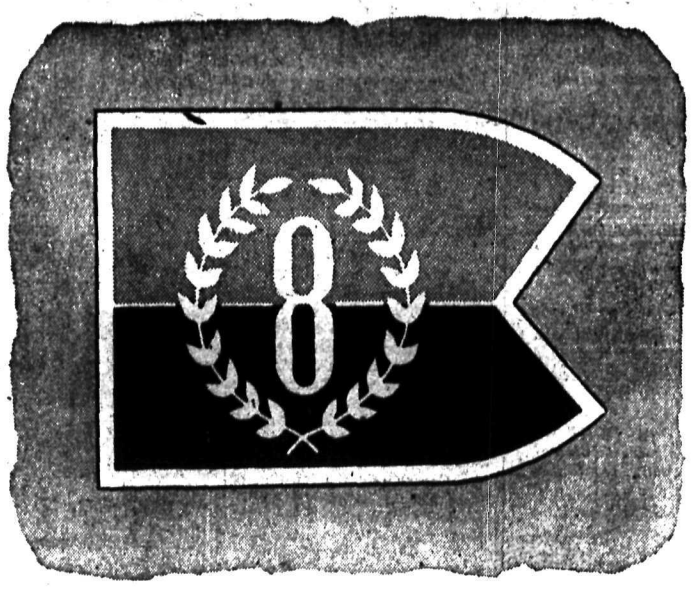
"INVEST IN 8 THE BEST"

BUY VICTORY BONDS

8th Victory Loan Opens Monday, April 23rd



This is the symbol of Canada's Eighth Victory Loan . . . the symbol of an opportunity and a challenge. Join the millions who will wear the investor's pin as a sign that they too have done *their* part to FINISH the job!

Is this Victory Loan different?

NO This Eighth Victory Loan which begins today is no different from each of the other seven before it.

The money millions of Canadians will lend becomes the tools and supplies of war—ammunition—armour—clothing—food—for our fighting men . . .

These dollars represent things we do without now in the cause of freedom—to assure the safety and sanctity of home—our *loan* to place beside their sacrifice!

Like the seven loans before it, this eighth is just a loan—not a gift—a loan backed by the soundest security in the world—an investment for the things they will need and we will want in the brighter tomorrow.

No, this Eighth Victory Loan is, in many ways, just like the seven before it in which Canadians have participated so fully.

YES In one way this loan is utterly different—different because it is infinitely more important than those other loans.

This time we are facing an enemy with his back to his last wall . . . an enemy who will stop at no frightfulness to damage us or to postpone his own defeat.

Therefore we must give our enemy no slightest chance to recover from the defeats being heaped upon him.

We must press on to FINAL Victory . . . backing our fighters to the very last . . . so there can be no doubt of the issue when we give the last great "heave."

But the essential point is a thing of the mind. Our effort must rise to a climax as our enemy's desperation rises . . . our support must match the fever pitch of the final battles. We here must *feel* it, as they over there know it! That is why this loan is different.

"Invest in the best" . . . . buy Victory Bonds!

Eighth Victory Loan Objective . . . $1,350,000,000

A Surgical Triumph

Possibly, somewhere, sometime, a surgeon performed a more difficult and more delicate operation than that which has just enabled a 15-year-old boy to eat solid food for the first time in his life. The operation was performed in the Toronto General Hospital. It might be called a miracle of surgery except that every move in it can be explained. Actually it was an achievement by the surgeon and his associates which can only be described as the ultimate in accuracy, delicacy and refinement. If each of these factors had not been present, the boy might either have died or he would still be unable to eat solids. There was a perfect balance between a slender thread of life and the use of extraordinary devices and manipulations. Even with this balance, the operation would have failed if the surgeon, his associates and the attending staff had not been inspired by the divine spirit of genius.

There was a solid, hard obstruction, making a complete blockade in the throat. The mere statement of the trouble shows how difficult was the work to be done. The surgeon experimented with a model made of hose, for the throat and moose hide for the obstruction. The lad had to undergo more than ten operations. The final and successful operation was the happy climax to a long stay in hospital. The boy came from Alberta last May. In desperation, his mother had written to the superintendent. The Hospital Board were interested. They have borne all expenses.

The culmination was the introduction, through the stomach, of a sharp needle pulling thread, into the throat from the bottom. When, by means so complex as to be almost incredible, the needle pierced the obstruction, it was pulled through from the top by a forceps. There was much more of this until the throat was clear. The boy weighed only 50 pounds. Now he is gaining weight rapidly. While all that was done for the boy was priceless, the doctors would be the first to say that the boy must have had within him a fierce and unquenchable desire to live.

It is well that now and then there are these heroic events in operating rooms. Only so may the high calling of surgeons and nurses and the great human services of hospitals receive their due and proper appreciation.

Improved Flying Techniques

In spite of improved German defences resulting from experience and a great increase in the number of planes engaged, ratio of losses of R.A.F. Bomber Command is steadily falling.

In January and February of this year losses were 1.1 per cent compared with 1.7 per cent in 1944, 3.7 per cent in 1943 and 4.1 per cent in 1942.

Improved navigation services, development in meteorological information and improvements in the general technique of handling planes in the air are responsible for the reduced losses of planes and personnel.

Flying every day is becoming safer, no matter how difficult conditions may be.

Etiquette Hints

When one has finished a meal, the knife and fork are laid a little to the right of the plate's center, the tines of the fork pointing up. The sharpe edge of the knife faces the center of the plate.

Words of Wisdom

Tact comes as much from goodness of heart as from fineness of taste. Endymion.

Municipal Library Notes

New Books—

"ENDURE NO LONGER"
by Martha Albrand.

The story of a girl who grew up in a Prussian Junker family—the time 1914 to 1932. A rich and moving novel that shows, through one passionate girl's clear-eyed comprehension, the meaning and menace of the Prussian spirit. It is at once an intimate portrait of a gallant woman, and a broad tapestry depicting an entire society.

"BEDFORD VILLAGE"
by Hervey Allen.

Another towering achievement by a novelist who is fashioning a great monument of American historical fiction. Bedford Village follows, in time and sequence, the Forest and the Fort. These are a series which, when completed, will consist of six books under the title of The Disinherited.

"ALL IN GOOD TIME"
by Marguerite Allis.

The richly textured story of a Connecticut Yankee clockmaker in the early 1800's. In it Miss Allis has achieved an engagingly humorous, immensely shrewd analysis of the New England charter. The warmly detailed portrait of a growing industry in a turbulent time.

"FROSSIA"
by Alma Almedingen.

A vivid description of the grim period which followed the Revolution, when New Russia had not yet found herself, and was still groping in the dark in a world of chaos that existed after the overthrow of the old regime. By the author of To-morrow Will Come.

"FAIR STOOD THE WIND FOR FRANCE"
by H. E. Bates.

This is likely to go down as one of the most exciting and moving stories of the war. Filled with suspense, written in a taut prose that fairly crackles, it is at once the tale of a wounded flyer's effort to escape capture by the Germans in France, and a fallen nation's effort to regain its soul.

"LEGIONS OF THE LOST"
by J. Creasey.

A novel of espionage and counter espionage, of the Allied secret service in action in Norway, Denmark and Germany.

"THE PROUD PEOPLE"
by K. Crichton.

Filled with the warmth and laughter engendered by a big closely knit family. The Proud People, in its story of the Esquivals of New Mexico is also a keen analysis of the racial minority problem in this country.

"THE CLERIC'S SECRET"
by W. Deeping.

Another story of a later period in Slade's life.

"WINGS OF FEAR"
By M. Eberhart.

A book for mystery fans.

"GREAT SON"
by E. Ferber.

For nearly a century the famous Melendy family of Seattle had plundered their country of gold, salmon and lumber—when Pearl Harbor came it was Mike Melendy's chance to pay America back.

"THE RED COCK CROWS"
by F. Gaither.

This novel of the Old South, while granting to a bygone society all the glamour and gaiety demanded by tradition, makes its appeal through a fast moving plot, and the provocative handling of the conflict between whites and negroes.

"THE BATTLE WITHIN"
by Philip Gibbs.

To the Haddon's quiet British family circle come a young American and a German pilot who deliberately crashed his Messerschmitt nearby. Pearl, the daughter, must choose between the American who loves her, and the German who was her fiance before the war.

"EARTH AND HIGH HEAVEN"
by Gwethalyn Graham.

A much discussed Canadian novel, dealing with the Jewish problem.

"THE TROUBLED MIDNIGHT"
by John Gunther.

A tense, modern novel of love and intrigue in Constantinople. It is the story of Leslie Corcoran, young American girl in Turkey, on business for the Lend-Lease Administration, and her adventures in the treacherous and mysterious ways of the fabulous Turkish metropolis.

"LIMIT OF DARKNESS"
by H. Hunt.

The story of twenty-four hours in the lives of a group of American fliers in the South Pacific.

"YOUNG BESS"
by Margaret Irwin.

A historical novel of Queen Elizabeth as a young girl, in the swift and dangerous waters of her passion for Tom Seymour, and the peril always surrounding her.

"COLCORTON"
by Edith Pope.

The beauty of the Florida coastline comes alive in Colcorton. Edith Pope makes you really see, hear, smell and feel the grandeur and loveliness of this region. She transmits without sentimentality, the love which Abby Clanghearne (a truly great character of fiction) has for this land, which has been her whole life, as wel las her livelihood.

"ROYAL STREET"
by W. Adolphe Roberts.

There could be no more perfect picture of New Orleans in 1840 than this one, if color, scene, character and action are concerned. It is like going there—it leaves the remembrance of place and people.

"FIREWEED"
by Naomi Royde-Smith.

The story of a painter, who, though successful as an artist, failed in every human relationship until, above the charred rubble of London he saw tall spikes of fireweed proclaiming another way of life that might flower out of the ruin he had made of his personal happiness. Set against a background of life in an English country house, an English public school, and studios in London and Paris. A novel of unusual solidity and depth, which is certain to stand high in the long list of this author's works.

"LISTENING VALLEY"
by D. E. Stevenson.

This Miss Stevenson's best novel and biggest potential seller since the "Buncle" books. With the gaiety and charm of a J. M. Barrie, she tells the story of a girl who ran away from life—until she met a group of fliers in a little Scottish town. A war story, but done with tenderness and truth.

"IMAGE OF JOSEPHINE"
by Booth Tarkington.

The story of a turbulent woman stars spoiled, lonely Josephine, who has just been jilted a second time, and who seizes upon a returned veteran, ordered to rest at the art museum Josephine controls, as the fiance she desperately needs—and grasps a boomerang.

"HARD FACTS"
by Howard Spring.

A book which is lit with lovely descriptions and warmed by the conflict and ambitions of vigorous people. By the author of Fame is the Spur.

R. R. G., Cranbrook—Could you please tell me if I have any income tax to pay? I made $3495.10, am married with no dependents; deducted at source $706.40, away home expenses $300 and Insurance premiums $221.50.

If the Government allowed all the travelling expenses you would be entitled to a refund of $60.61; however there is usually a limit to the expenses, depending on circumstances.

Reader, Canal Flats—Before we can answer your tax question, we require to know whether you are married or single and if married the number of dependents you have, if any. You do not say whether your expenses are in the form of voluntary savings, that is, insurance, etc.

Curious—I earned $1842 in 1944. Tax deductions at the source were $40.20. I am married with three dependents. How much income tax do I pay?

You are entitled to a refund of $7.20.

C. O., Silverton—How much tax do I have yet to pay? My income for 1944 was $3606.46, I am married and have two dependents. I have voluntary savings of $100. Tax deducted at source was $644.97.

You still owe $48.26 tax.

Looking Backward

10 YEARS AGO
(From Daily News, April 21, 1935)

Nearly 3000 people were killed and more than 11,000 injured in Formosa's most destructive earthquake of modern times.

Nelson yesterday held its annual community commemoration of the Second Battle of Ypres when ex-service men, service clubs, and others, honored the fallen before the soldiers' plot in the cemetery. Rev. W. G. Mawhinney opened the exercises with prayer.

25 YEARS AGO
(From Daily News, April 21, 1920)

A. L. McCulloch, hydraulic engineer, has been notified by the municipality of Coldstream, in the Okanagan, of his appointment as consulting engineer in connection with the water system there.

About 30 enthusiastic players and a large number of intermediates turned out to the baseball meeting held last night in the City Hall. All the boys were anxious to start practice.

Today's Horoscope

If you are celebrating a birthday today, you are a highly capable, self-confident and efficient person. You enjoy good literature, music and art. Since you are intellectually inclined, extreme caution should be employed in choosing a mate with similar attributes and interests. Ideas sometimes can grow as stale as the staples of groceries on your shelf, if not occasionally renewed—or at least revised. Be careful as you might tip your judgment to the wrong side of the scale while the disorganizing Mars influences prevail.

HOROSCOPE FOR SUNDAY

You are a positive individual, very aggressive, but fortunately you will wisely listen to offered counsel. Foster the talent for music that is in you. You have keen intuition and should be guided by your impressions. Your love life will be happy. Should tolerance be the theme of the sermon you hear in church today, heed the advice. Open-mindedness might bring its own reward, for there are inspiring rays from Neptune to sharpen your understanding of the whys and wherefores of existence.

War — 4 Years Ago

By The Canadian Press

April 21, 1941—The Greek government advised Britain its troops could fight no longer and requested that the British Expeditionary Force be withdrawn from Greece. The British prepared to withdraw from a line stretching from Thermopylae to Corinth Gulf.

April 22, 1941—Prime Minister Churchill refused a detailed statement of the Greek and African situations because of military secrecy. A New Zealand brigade was withdrawn South of Erythrai, Greece, to cover the withdrawal of the British main body to embarkation areas.

World-Wide Service Is AP's Major Job

NEW YORK, April 20 (AP) — World-wide extension of Associated Press service has become one of the AP's major undertakings as more and more areas of the Globe are being liberated from Axis domination, Kent Cooper, Executive Director, said today in his annual report.

"Dispatches credited 'By The Associated Press' reappeared in parts of the world where newspapers had not received objective news reports for nearly five years," Mr. Cooper said in discussing the activities of the United States cooperative, non-profit news association during 1944. "AP moved in with the troops as enemy territory was freed, ready to resume the direct availability of AP news and news pictures that was halted at the beginning of the war."

Mr. Cooper said the invasion of Europe and the increased tempo of the war in the East and West had caused cable and wireless transmissions to skyrocket beyond anything experienced before, with AP's London-New York traffic for the year "reaching the unprecedented figure of 6,500,000 words."

"Operation of portable wireless transmitting sets by commercial companies from the front lines, both in Europe and the Pacific, marked an epochal advance in wartime news communication," Mr. Cooper said.

Little Sweeper Home From Exploits at Sea

OTTAWA, April 20 (CP) — The crew of the little Canadian minesweeper H.M.C.S. Malpeque, have returned home for leave after a year of sweeping explosives from the sea and as a convoy unit on the Atlantic convoy run.

In announcing return of her crew, naval headquarters said today the little sweeper had operated with other Bangor-class vessels in the all-Canadian minesweeping flotilla in the Channel and in French coastal waters. Her captain, Lieut. Donald Davis, Victoria, received a mention in despatches for the constantly effective performance of his ship.

Malpeque was in all the big sweeps in the Channel around D-day and later, and in operations off Cherbourg, off Roscoff and off St. Malo. Early this year she was one of several Canadian Bangors taken off "sweepnig duties" as escorts on the Atlantic convoy route.

Among her officers is Lieut. Harry Stevens, Calgary.

NELSON CADETS TO RECEIVE TROPHY MAY 22

Location of a new High School in Nelson, recently proposed by L. V. Rogers, High School Principal, was discussed by the School Board Thursday night, when Mr. Rogers brought forward the question of a site.

The matter was referred to the Property Committee.

Mr. Rogers advised the Board that the 1945 Cadet Inspection would be held May 2, when Major Critchley would also present the Earl Grey Trophy to the High School Cadets, present holders of the Dominon trophy.

Prisoners in Buchenwald Prevent Massacre

PARIS, April 20 (CP) —Frenchmen liberated from the horror camp at Buchenwald said today that prisoners themselves prevented a massacre of 20,000 survivors of the rigors of the camp, gave this account:

As American armored forces approached the camp the commander there received an order to put all the remaining inmates to death.

The General was preparing to carry out orders when he received a note from a group of the prisoners which stated: "If you spare the lives of the prisoners of Buchenwald we will testify that you have been a model camp director."

The General flushed with pleasure slipped the note into his pocket and called off the plans for the massacre.

Athlones to Visit Kamloops in Western Tour

OTTAWA, April 20 (CP) — The Earl of Athlone and Princess Alice will leave Ottawa Sunday for a month-long tour of Western Canada, Government House announced today.

The brief announcement said the Vice-Regal party will visit Winnipeg, Edmonton, Jasper, Alta.; Victoria, Vancouver, Kamloops, B. C., and Regina.

They will return to Ottawa at the end of May.

It was considered possible this might be the Governor-General's last visit to Western Canada before he and Princess Alice leave the Dominion late this Summer at the end of the Earl's five-year term as Governor-General.

NICOSIA, Cyprus (CP) — Soapmaking has been developed to the point where the island is now completely independent of imports. Olive kernel oil, linseed oil and coconut oil are used, with caustic soda from the United Kingdom.

Art Exhibition Instructive; Much Interest in Faith Ritchie Study

By STAFF WRITER

Today is the last day on which Nelsonites may see the Exhibition of drawings on view at Central School. More than any previous Exhibition this is of value to art students who will find much that is instructive in the pictures.

P. V. Ustinow, known as B. C.'s outstanding portraitist, is represented by a study in which the good structure and modelling are impressive; a portrait, by Jean Cooper, of Faith Ritchie, who attended Nelson High School and is now herself studying art, should be studied for its control and freedom from overcrowding; and Sing Lim's "Portrait of a Little Girl" is also interesting.

But the collection contains many varied examples of what can be be done in pencil, ink, or charcoal. In the letter medium Marion Aird Morhan's study of a boy is full of rhythm and grace. Very different from the glamorized war pictures of our grandparents' days (with soldiers in nicely pressed uniforms, and horses freshly groomed) are the three war pictures shown here: Peter Aspell's memorable and poignant "In Hospital", restrained, excellent pencil-work; Lionel A. Thomas' "Ordnance Depot", conveying a suggestion of hurry and discipline in its austerity; and Jack Shadbolt's strong cartoon drawing, "Field Work," with its different types of men boldly and skillfully shown up against a landscape background. Finally, for the commercial student, there is R. W. Major's "Illustration for Western Fiction" to consider, dry-brush work, full of action, done with a practised hand.

Next month Nelson is to be privileged to see some drawings of the Alaska Road, made for the Government by A. Y. Jackson and Glyde, and like the earlier Exhibitions sent out by the B. C. Region, Canadian Federation of Artists.

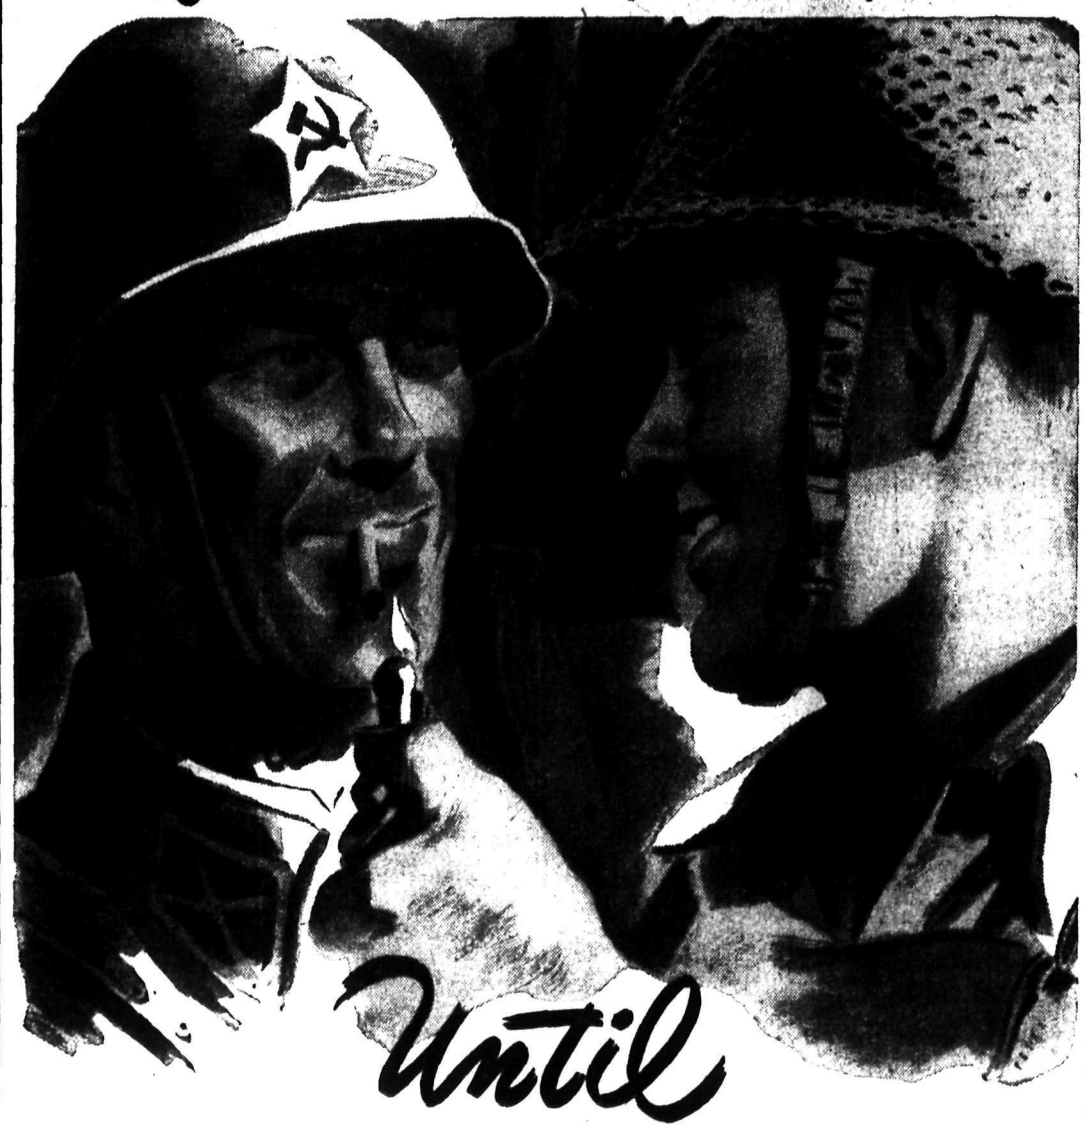
Victory Loan Campaign

Starts MONDAY, APRIL 23

Objective $925,000



Until

EAST MEETS WEST

Allied pincers have yet to close on German soil before the British, Canadian, American and Russian armies meet in a power drive for unconditional surrender.

That is why Canada's Eighth Victory Loan is more important than any loan yet. Even though the target is in sight, even though the Victory we've waited for through six embattled years is on the horizon, the way ahead still calls for the utmost effort of our fighting lads overseas and ourselves at home.

In the light of this, what one of us at home can ignore this opportunity to buy Victory Bonds . . . to buy them without stint . . . to buy them out of savings as well as income? Only in this way can we give our armies, in overpowering measure, the shells, the guns and the striking power to stage a mighty and crushing drive on Victory. All-out Victory demands all-out effort.

Baseball or Fastball— Nelson Problem

The fate of local Intermediate Baseball or Fastball was still an undetermined question at the close of a meeting held in the Civic Centre Thursday night. Only 13 attended including Chairman Ed Kelter.

The cause of baseball was backed almost solidly by those attending but it was felt because of the small attendance, a further meeting would be called for next Thursday at the same time.

In the meantime Ron Nash was delegated to interview the boys who were most anxious to play baseball. Van Linden was appointed to interview Con Cummins to find out what former Senior equipment was available, and Sam Brown promised to see what new equipment would be available from the Coast.

Mr. Kelter expressed the views of his department and promised to see if he could get support for baseball in lieu of fastball.

It was hoped to form a three-team league two teams being Intermediates, one Junior. It was felt it would be a good idea to hold a general practice Sunday at 10 a.m. at the Civic Recreation grounds and all interested in playing baseball are being asked to turn out. Slim Porter offered the use of Fairview Athletic Club equipment for the practice.

Those attending the meeting included Chairman Ed Kelter, Ron Nash, Allan DesChamps, Sam Brown, Frank Beresford, Bob MacDonald, Tom Crack, Walt Malahoff, Les Browett, Van Linden, Les Nash, Ernie Douglas and Slim Porter.

STRIKES and SPARES

Shorthouses, Palms, Jonellas and F.F.'s were the winners in four games of the Senior Ladies' 5-Pin League Tuesday, beating Bradleys, Brownies, High and Dry and Finks, respectively.

The game between Palms and Brownies was extremely close, Palms winning by only 10 points. Jonellas made the highest score of the evening with 1523 points.

V. Mathisen of the Jonellas held high aggregate score with 416 points, while high single was held by M. Ross of Brownies, with 250 points.

Staples Reviews Kootenay Flats Development

CRESTON, B.C.—A Trade Board committee named to interview the Canadian Legion about Camp Lister improvement, has reported that the Legion has a large scheme in which it is asking the government to clear and irrigate the whole of the Lister area. Legion members felt that this scheme was a worthwhile undertaking.

F. V. Staples, asked to express his views in connection with the project, declared all such undertakings were worthwhile. He felt, however, that it was never the way this country was developed.

He pointed out in connection with the reclamation of Kootenay Flats in 1890, an engineer named Bailey Grohman had a good sound scheme for total reclamation of all the flats between Bonners Ferry and Kootenay Landing which would mean 80,000 acres.

His scheme was to divert the Kootenay River at Canal Flats and deepen and widen the West Arm of Kootenay Lake. But the powers that be stepped in and stopped the work.

This would have meant total reclamation 50 years ago, Mr. Staples said, and doubted if there was a member of the Trade Board who could vision what this would have meant to the town of Creston in revenue, the population of the town, productivity, public services, effect it would have on the bench lands—40,000 acres under cultivation for the past 50 years?

In 1910-20 era the scheme then developed when a combination of Canadian and U.S.A. Federal Governments had the idea of deepening and widening the West Arm of Kootenay Lake. This wore along until some land owners in Bonners Ferry, in 1919, built a dyke and reclaimed their own farm. In 1921 the number one Bonners Ferry district was built and another district followed until all Idaho was completely reclaimed.

In 1923 the Provincial Government gave the Creston Board of Trade a grant of 10,000 acres if they could reclaim it. The members of the Board formed the Reclamation Company. It was 1924 before any dyking was done, because of the scarcity of contractors and the applications of the reclamation company to various government departments were held in abeyance.

In 1935 the reclamation company completed their first unit and were ready to commence their next unit in 1936-37. It is now 1945 and the company is still waiting for permission to go ahead with the second unit.

Mr. Staples pointed out other schemes presented, such as 1919, when the Lister area was purchased by the Provincial Government for land settlement and this Board knows what happened to this big scheme to settle this large block of land.

He said there had been other schemes which might be termed "all out" schemes, but none of them have been undertaken, and the development of Creston valley has been piece-meal.

He said "As this Board now knows, there was an application by private industry to undertake the clearing and settling of a few thousand acres at Lister, and that there is also another scheme being compiled by the good people of Creston to be presented to the government for the purpose of irrigating and clearing the total acreage, which would probably be around 8000 acres".

"This Board," he said, "will have to decide which project they are going to support and the only guide that they can have to influence their decision is past history."

ORONSAY, Isle of Lewis (CP)—There are 17 households in this Scottish island village. Seven are now fatherless. Seven men were drowned in a month—all the able-bodied men in the place except 56-year-old Angus Nicholson.

T. B. Survey Chairman Reports to Council, Tenders Thanks

R. B. Morris, General Chairman of the recently concluded chest survey in Nelson by the mobile van of the B. C. Tuberculosis Society, has sent the following letter to the City Council in connection with the survey:

Gentlemen:

Will you please convey to Mr. Gordon and his assistants, H. D. Dawson, Mr. Simpson and members of the Electric Light Department, Mr. Hickey and members of the Public Works Department and to Mr. Maber, our sincere thanks for their prompt and efficient help given during the recent T. B. survey of the citizens of Nelson. Each and everyone did all they could to make it a success.

As this was really a matter which comes within the scope of your Health Department, it seems that for record I should make a report to you at this time.

The T. B. Van operated in Nelson for 20 days and examined a total of 5263 citizens of school age and up, an average of 263 per day. Those in authority did not feel it was necessary to examine preschool children, so they were not asked to attend and it is estimated that there are 880 of this age in Nelson. There were also 160 pupils of the High School who were not called, as they had already been X-Rayed last Fall. By adding these figures together (5263, 880 and 160) we find we can account for 6303 of the people in Nelson and district, and this we believe is very gratifying.

It is fitting that I should mention those who worked so hard to complete this survey and two in particular must receive a special word of praise; Mrs. N. C. Stibbs, and Harry Harrison.

Mrs. Stibbs had charge of the Ladies Committee, who were on hand each day to keep the records and direct those who called. While many ladies served for a number of days Mrs. Stibbs was on duty each and every day and all day, making sure that sufficient workers were there and then supervising and directing these willing helpers and the citizens who presented themselves for examination.

Mr. Harrison was Chairman of the Zoning Committee and his work started long before the Van arrived and continued all through the days it was here. He was responsible for the preparation of cards for everyone and for the sending out of notices each day to make sure a sufficient number reported to keep the Van operating as near capacity as possible, and then sending final notices to those who did not respond to the first request.

In addition to Mrs. Stibbs, and Mr. Harrison and those mentioned in the beginning of this letter, the thanks of the citizens is due to the following:

The Rotary Club, Gyro Club and Kinsmen Club for help in preparing cards and working on various committees.

C. W. Tyler and members of Nelson Business College, for help in typing cards, sorting and indexing them.

The small army of ladies who assisted Mrs. Stibbs each day at the various Van stations.

The North American Life Assurance Co., Mr. Cummins, Mr. Hancock, and their staff . . . for allowing us office space and taking care of the numerous phone calls all through the drive from people who wanted more information or change of appointments.

Mr. Lister, the C.P.R. Superintendent and staff, for help in arranging and carrying through the survey of their company employees.

Nelson Transfer Co., Ltd., Mr. Ferguson and his staff, for use of their display room as a Van station and the help they gave.

The principals, teachers, school nurse and caretakers of the City Schools and St. Joseph's Academy, for help in arranging for and examining all school children.

Mrs. David Webster and Mrs. E. O. Hammer, for helping to sort the negatives and cards of all pictures taken when they were returned to us from the Provincial Health Department.

The Soroptimist Club for addressing the envelopes and mailing stubs of the cards returned to us.

The various advertisers who gave us their time on the air and their space in the newspaper to tell the citizens when and where to go.

In making this list I have probably omitted some who helped to carry the Survey through, but assure everyone who assisted in this community effort that their help was much appreciated.

This report would not be complete if I failed to make mention of the three technicians who came with the Van, Miss Mary Harrison, Miss Betty Campbell, and James Stevens, they were very efficient and did everything possible to assist the local committee. Their manner in dealing with those who visited the Van for examination also brought forth many favorable comments.

I am attaching an outline of all of the Committees we appointed and their duties which may be useful in future Surveys.

Nelson, B. C., April 14, 1945.

R. B. Morris,
General Chairman.

Farewell for Trail Minister

TRAIL, B. C., April 19 — Rev. L. A. C. Smith, Mrs. Smith and their son David, were honored by the congregation of St. Andrew's church on Wednesday night, prior to their departure to the East.

Mr. Smith introduced the new assistant Minister, Rev. J. L. Dalton, who was welcomed by the congregation.

Representatives of most of the other congregations in Trail attended the farewell entertainment, and E. S. Shannon presented Mr. and Mrs. Smith with a wallet containing a sum of money from the congregation.

Mr. Smith, who leaves Trail Friday, was President of the Trail Ministerial Association, and he took an active part in many other community activities.

His wife and son will remain in Trail until the end of the school term.

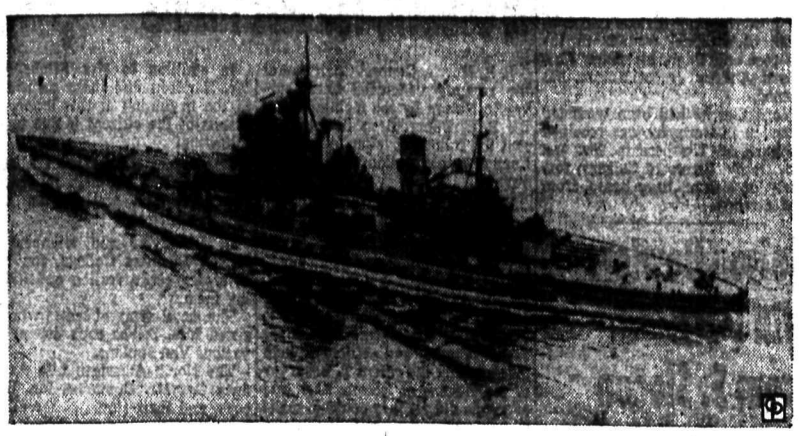
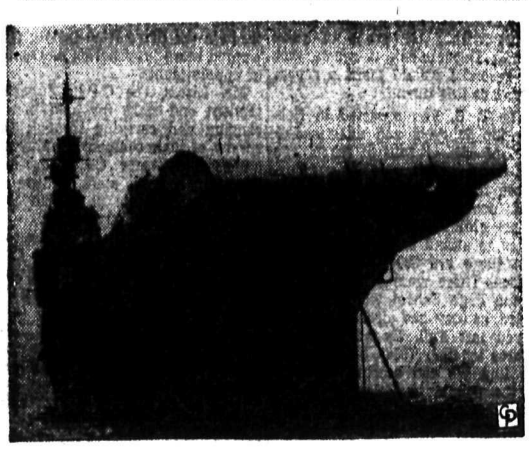
TODAY'S News Pictures





BRITISH SHIPS HELP POUND JAP ISLAND OF OKINAWA: The 35,000-ton British battleship H.M.S. King George V, upper photo and the 3,000-ton carrier H.M.S. Illustrious, pictured below, are two of the British ships that took part in the pounding of the island of Okinawa, 325 miles Southwest of Japan. It is said that besides the battleship King George V and the carrier Illustrious, some of the most powerful ships in the British fleet are taking part in the action.

OKINAWA INVADER: Maj.-Gen. Roy S. Geiger, in command of the U. S. Third Amphibious Marine Corps, which has invaded Okinawa in the strategic Ryukyu chain of Jap islands.

Under the command of Vice-Admiral Sir Bernard Rawlings (right) a British task force was with the American fleet battering the Ryukyu Islands. With the Vice-Admiral, whose flag flies from the H.M.S. King George, is Capt. T. Halsey of the same battleship whose guns helped sink the Nazis' Bismarck.

10th U. S. ARMY HEAD: Lieut.-Gen. Simon Bolivar Buckner, Jr., commanding the new 10th Army, now engaged on the Okinawa invasion.

OKINAWA CIVILIAN COMES OUT OF HIDING: Coaxed out of a hole in the beach on Okinawa in which she had been hiding, this civilian woman, her hair streaming across her face, strikes a pathetic pose.

FIRST AID IN OKINAWA: Shortly following the invasion landings on Okinawa in the Ryukyu group by American forces, first aid stations were set up where Jap youngsters, injured during the opening battle, were cared for by U. S. medical corpsmen.

TANKS LEADING THE WAY ON OKINAWA ISLAND: Tanks and infantrymen advance through cultivated fields toward ridges on Okinawa Island in the Ryukyu group. It was here that the men had to leave the protection of the tanks and inch their way up the ridge in the face of enemy fire. A group of Canadian officers are reported on Okinawa now.

Nelson Miner Fined $30 for Assault

Manfred Munson, miner of Nelson, was fined $15 on each of two charges of common assault, when he appeared before Magistrate William Brown at City Police Court Thursday.

The charges were laid by two other miners, Anders Ferdinand Johanson and Fritz Berk, on April 17. They each claimed that Munson assaulted them on the night of April 16.

Munson pleaded guilty to both charges.

"Got 'em on Run" Declares Adams

DETROIT, April 20 (AP) — Detroit Red Wings left for Toronto today with renewed hope of capturing hockey's prized Stanley Cup after chalking up their second straight victory over Toronto Maple Leafs, who still lead the final play-off series three games to two and need only one victory to clinch the cup.

The series' sixth game will be played in Maple Leaf Gardens tomorrow night. A seventh game, if necessary, will be here Sunday.

"We've got them on the run now," Detroit's Manager Jack Adams declared as the Red Wings boarded their train. "Toronto looks tired and we're skating much better."

Adams has visions of revenge for the 1942 play-offs when the Leafs dropped the first three games to Detroit and came back to win four straight and the championship.

Going back to Toronto the series' shutout shoe is on the other foot. Goalie Frank McCool of the Leafs blanked Detroit in the first three games before the Wings bounced back to beat him 5-3 last Saturday.

Now, with last night's 2-0 shutout to his credit, Rookie Goalie Harry Lumley of the Red Wings has recorded 89 minutes and 40 seconds of scoreless hockey.

Market Trends . . .

NEW YORK, April 0 (2AP) — Buying of rails touched off selected recoveries although many leaders failed to get far out in front and assorted losers were in evidence near the close.

TORONTO—The gold group had a sufficient number of gains to hold the index up despite weakness in the junior issues and the other groups finished the day with moderate index losses. Volume was a little heavier than on Thursday at about 2,250,000 shares.

MONTREAL—Pluses and losses were fairly evenly distributed in the list.

LONDON—Interest on the stock market again was centred chiefly in industrials but business generally was light.

VANCOUVER—Mines were inclined to be irregular while oils held steady. Volume amounted to 73,855 shares.

CHICAGO—May, July and September barley broke the 5-cent limit and other grain futures markets were heavy with losses ranging from fractions to more than a cent a bushel.

At the finish wheat was ⅝ higher to ⅛ lower, 1.72¼-⅜. Corn was up ⅛ to off ¾, oats were down ⅜ to ⅛, rye was off ⅞ to 1⅞ and barley was 4¾ to 5 lower.

WINNIPEG—Giving an erratic display in sympathy with Chicago, rye futures close 2-⅝ cent lower.

Advances of more than one cent early were later reduced when Chicago barley broke 5 cents.

May closed at $1.43⅞, July $1.41¾ ⅜ and October $1.25½ ⅝.

Baseball Honors Former No. 1 Fan; White Sox Record Third Win

WASHINGTON, April 20 (AP) — Washington baseball fans paid their respects to the late President Roosevelt today in the Washington American League baseball opening as New York Yankees defeated the Senators 6-3.

A hushed throng of 24,494 observed a minute of silent prayer in memory of the man who frequently befriended baseball.

Sam Rayburn, Speaker of the House of Representatives, stood in front of the Presidential box and threw out the first ball, caught by Santiago Ullrich, Rookie Washington pitcher from Cuba.

Yankee bats began speaking with authority in a three-run assault in the fourth inning, and they made it 5-0 in the fifth before Floyd Bevans grew wild. With the score standing 5-3 for the Yankees in the sixth, Al Gettel, freshman from Norfolk of the Piedmont League, came in for the Yankees and blanked Washington for the rest of the war.

LOPAT HOMERS

CHICAGO, April 20 (AP) — Chicago White Sox triumphed over St. Louis Browns 3-2 in 10 innings today for their third consecutive American League victory.

A chilled crowd of 3,649 saw Ed Lopat, winning White Sox pitcher, clout a home run in the third inning with Ellis Clary, Brown's third baseman, also connecting with a homer in the fifth. Both came with the bases empty.

Leroy Schalk's right field double in the 10th, scoring Hockey, who had singled and reached second on Dickshot's sacrifice, broke up the game.

RED SOX DROP FOURTH

BOSTON, April 20 (AP) — Boston Red Sox dropped their fourth straight American League game today when Philadelphia Athletics opened the Fenway Park season with a 5-3 victory before a chilled and skimpy 3,489 crowd.

Athletics collected nine hits off three Boston pitchers and got off the mark fast when Frankie Hayes homered with Bobby Estalella on base in the first inning. Starter Joe Bowman was clubbed for two more runs in the second on singles by Irvin Hall, George Kell and Bob Garrison.

Righthander Don Black gave the Red Sox nine hits.

Boston	3	9	1

Black and Hayes; Bowman, O'Neill, Barrett and Holm.

INDIANS WIN

DETROIT, April 20 (AP) — Steve Gromek, 25-year-old righthander, yielded only six hits today as Cleveland Indians whipped Detroit Tigers 4-1 in Detroit's home American League baseball opener before 28,357 fans.

Indians, recording their first win of the American League season, knocked out Lefthander Frank Overmire in the third inning when Myril Hoag and Ed Carnett doubled and Pat Seerey singled for Cleveland's last two runs.

Cleveland counted once in the first on two hits and once in the second on a walk, two singles and an infield out.

Walter Wilson, Detroit rookie pitcher who succeeded Overmire, pitched shutout ball for 6 2-3 innings.

Cleveland	4	10	1
Detroit	1	6	3

Gromek and Ruszkowski; Overmire, Wilson and Richards.

Rossland Victory Loan Planners Aim at Quota in First 10 Days

ROSSLAND, B.C., April 20—Rossland Victory Loan canvassers are all set to make a concerted drive in the raising of the $165,000 minimum quota, within the first 10 days of the Eighth Victory Loan campaign, their plan being to blitz the city from one end to the other within the short period of time in order to gain sufficient time to raise the over-subscription of 10 per cent in the few remaining days.

Next week will see quite a program of entertainment and special attractions.

NAVY BAND FEATURE

At 6:15 p.m. Wednesday the Navy Band will lead the opening ceremony parade from MacLean School grounds to the Cenotaph, where services will be held. So far the R.M.R.'s, Canadian Legion, and High School Cadets have announced their willingness to take part. During the Cenotaph services, H.M.C.S. Tecumseh Navy Band will play a few selections and if the Committee's plans go through, will be heard again at the break-away march to be held immediately following the National Anthem. At 9:30 the same evening the swing section of the Band will play for a gala dance to be held in the Armories.

Thursday night the Navy Band will be in attendance at the Capitol Theatre, which has been rented by the Loan Committee, and the regular showing of pictures will be dispensed with in favor of a band concert. The Committee has arranged to keep unaccompanied children back until adults are seated. Children accompanied by parents will be required to sit on their parents' laps. If at the time the concert begins, there is still available room unaccompanied children may be admitted.

To wind up the week, motion pictures have been secured for a showing in the Capitol Theatre Sunday evening after churches are out, music to be furnished by the High School Orchestra.

Cost Columbia Basin Irrigation $85 Acre

SPOKANE, April 20 (AP) — Construction costs necessary for irrigating land in the Columbia Basin would average about $85 an acre, James O'Sullivan, Irrigation Assistant of the Columbia Basin Commission, said today.

Outlining government repayment contract provisions to be voted on by landowners in an election July 21, O'Sullivan said construction is planned to cover a period of 20 to 25 years.

"I'm Not Such an Old Cowhand"

VANCOUVER, April 20 (CP) — Mayor J. W. Cornett of Vancouver is puzzled over a letter he received today from a Captain in the Royal Artillery in London, England.

The letter was addressed to "The Mayor, Vancouver Town, British Columbia."

While inquiring for information on Vancouver where he hopes to settle, the Captain said in his letter: "I'm fond of the out-of-doors and have excelled at most games played in England, but how I should face up on horseback on rough trails I can't say."

COAL COMMISSION TO VISIT FIELDS

REGINA, April 20 (CP) — The Carroll Commission on Coal today completed the hearing of 14 briefs which mainly dealt with problems of the Saskatchewan Lignite Coal industry, and then left for Estevan, Sask., to visit shaft and strip mining operations in the centre of the lignite field.

The briefs, presented by mine operators, dealers and unions, indicated anxiety over post war markets, the competition of higher grade Alberta coal and the preservation of the lignite coal market area in Saskatchewan and Manitoba where a geographical advantage now is enjoyed.

GASOLINE SALES DOWN

VICTORIA, April 20 (CP) — Gasoline sales in B.C. in February decreased 139,822 from January to 4,487,428 gallons which is 397,845 gallons higher than the corresponding month of 1944.

Commercial cars throughout the province used 89,825 gallons more in February than in January. Marine sales were down 25,772 to 186,149 gallons.

Gasoline sold to passenger cars dropped 255,426 to 3,002,073 gallons behind January consumption.

Trail Officer Married Aboard Ship

TRAIL, B. C., April 20 — The following account of the wedding in March of Lieut. Arthur St. Clare Lewis of Trail appeared in a St. Johns, N. B., newspaper.

The marriage of Miss Sonja Adelade Aasen, daughter of Mrs. Karen Aasen, Vancouver, and Lieut. E. Arthur St. Clare Lewis, R.C.N.V.R., son of Mr. and Mrs. Arthur William Lewis, Trail, B. C., was quietly solemnized here in the presence of a few close friends, on the quarter-deck of one of H.M.C. ships in port by Capt. J. S. Sherren, R.C.N., chaplain attached to Captor II (Base). White snapdragons were used for decoration. The bride was attended by Miss Lois Lodge, and Sub-Lt. Donald B. Nichol, R.C.N.V.R., was the groomsman. Given in marriage by her brother, LS. Lief Aasen, R. C.N., the bride wore a floor-length gown having a satin bodice and all-over lace skirt, appliqued with satin. Her veil of bridal illusion was floor length, and she carried a cascade bouquet of American beauty roses. Miss Lodge wore a slipper-length gown of mauve point d'esprit, with bandeau of matching material, held in place at the sides by miniature nosegays of white snapdragons. Her bouquet was also of white snapdragons. A reception in the officers' wardroom aboard H. M.C. ship, followed the ceremony. White snapdragons formed the decorations of the bride's table. Following a short wedding trip, Lt. and Mrs. Lewis will reside at Jersey Ferns, Digby, N. S.

PENICILLIN UNKNOWN IN GERMAN ARMY

WITH THE 1ST CANADIAN ARMY, April 20 (CP Cable) — Twelve Canadians were among 44 wounded Allied prisoners liberated the night of April 13-14 when Canadian troops in Holland were approaching Apeldoorn, on the West side of the Ijssel River and nine miles West of Deventer.

The Canadians, whose names were withheld pending notification of next of kin, included: Cpl. W. J. Gordon, St. James, Man.

These, prisoners were in a wing of a 780-bed hospital and the Germans, faced with the impossibility of evacuating 616 of their own wounded together with Canadian, British, American and Netherlands patients, decided to leave the hospital complete with personnel.

The Canadians did not complain of German treatment. Ample medical supplies were available except for plaster casts and fresh blood. They had access to the German equivalent of sulpha preparations but penicillin still is unknown in the German army.

Cpl. Gordon told of the meals of black bread, a beverage called variously tea and coffee but actually an ersatz liquid brewed from some weed.

Sufficient jam was issued for one sliced of bread at breakfast. Watery potato soup appeared once daily and the food was prepared without salt, apparently scarce in Germany.

'FRISCO MAY HEAR WITNESSES' ATROCITY REPORTS

LONDON, April 20 (CP) — The possibility arose today that eyewitness reports by British Parliament Members and United States representatives on conditions in German concentration camps might be presented directly to the World Security Conference at San Francisco to emphasize the need for a strong peace.

A House of Commons delegation left here today to inspect the tragic sites by invitation of Gen. Eisenhower. It was expected that he would extend a similar invitation to the American Legislators.

Diplomatic quarters in London, noting the wave of revulsion which followed the publication of details of the concentration camps, maintained that a joint report to the conference would provide a powerful argument for the need for unity to prevent recurrences.

Maj.-Gen. Sir Edward Spears, until recently British Minister to Syria, suggested today that all perpetrators of atrocities be confined on a desert island for the rest of their lives with sufficient "but no excessive" rations.

He urged also in a speech that the rations of German prisoners of war be reduced to "subsistence level."

Premier Hart Takes $6,000,000 in Bonds for B.C.

VANCOUVER, April 20 (CP) — The Vancouver Daily Province by a special dispatch from Victoria today said that Premier John Hart purchased $6,000,000 in Victory Bonds on behalf of British Columbia Provincial holdings in current bond issues now total $57,600,000. The purchase today is made up of $1,500,000 in Workmen's Compensation Board funds and $4,500,000 from sinking fund and trust fund accounts.

To Turn on Famous Light Over Big Ben

LONDON, April 20 (Reuters) — The famous light in the clock tower over Big Ben in position once was a night time signal that parliament was sitting, was switched on again at dusk last Tuesday. The light was last seen Aug. 31, 1939, three days before war broke out.

Contend Exemption to Some Mutuals Is State Subsidy

OTTAWA, April 20 (CP) — Joint stock insurance companies in a submission made today to the Royal Commission on Co-Operatives said they had no objection to exemption from income and excess prof[its] [tax]. J. A. Mann of Montreal, counsel, [for] its taxes for true mutual insurance and was supported in evidence by companies [not] considered exempt. Leslie Ham, Montreal Manager of [the] now enjoyed by a number [of] the Canadian Underwriters' Associ[ation] "so-called mutuals" was in effect a state subsidy.

Mr. Mann said there was no desire [on] the part of the joint stock insur[ance] companies engaged in fire, [casualty] and [other] companies to eliminate com[petition] in [the] field [of] insurance, but in so far as farmers mu[tuals] placed before the Commission by joint stock insurance companies were concerned it was felt that they fulfilled the requirements of a mutual organization and so were properly exempt.

Public interest could only be served if the costs of Government were fairly distributed and it was unfair that some companies operating as mutuals but not actually mutuals should enjoy exemption.

PYLE AGAIN GAINS CLAPPER AWARD

CHICAGO, April 20 (AP) — Ernie Pyle, the war reporter killed on Ie Shima Tuesday, had been designated for the second successive year to receive the Raymond Clapper Memorial Award for war correspondence, national headquarters of Sigma Delta Chi, professional journalistic fraternity, announced today.

Ordinarily this and six other awards made annually in various fields of journalism by the fraternity are announced and presented in May. The others will be announced as usual.

John S. Knight, publisher of the Knight newspapers, speaking for the Committee of Awards said the Claper Award went to Pyle "for human interest, down-to-earth reporting of the war. More than any other reporter, Pyle had the gift of bringing the horrors and realities of war close to home. His articles have been magnificent."

— 1095 REXALL DRUG STORES IN CANADA 1095 —

Why We Offer You This Opportunity

29 years ago, a young Canadian druggist who believed that actual use of a good product offered the most convincing proof of its merits, suggested to the United Drug Company, the parent house of Rexall Drug Stores that instead of advertising, they inaugurate the Rexall 1c Sale. Since that time, this unusual sale has been offered twice a year to REXALL Stores throughout Canada.

Through this sale, money that would otherwise go into press and radio advertising is used to your direct advantage. For the price of one, plus one cent, you receive two regular full size packages of high quality REXALL merchandise.

In other words—YOU save money—WE gain friends.

Why You Can Depend on Rexall Quality

When you buy ANY Rexall product you can be sure:
1. That its formula is the result of the most advanced medical knowledge and research available.
2. That its ingredients are absolutely pure and of the highest quality.
3. That during its production rigid tests are constantly maintained.
4. That it is offered to you at the lowest possible price.

You can rely completely on the REXALL sign. A REXALL store is the only place authorized to sell GENUINE products of United Drug Company Ltd.

(We reserve the right to limit the quantities purchased by any customer)

We Ask Your Indulgence

Because the war has created a scarcity of various ingredients essential to the manufacture of certain Rexall products, you will find some of the familiar names omitted from this spring's REXALL ONE CENT SALE.

Nor were we able to procure unlimited quantities of all advertised items; and, for this reason, delay in supplying, and, in some cases, reduction of orders may be necessary.

You may be sure, however, that the list we offer is as complete as possible, and that all products on it symbolize the high quality and value for which REXALL is famous.
