HURL LUFTWAFFE INTO AACHEN

GUARDING THE BANKS OF THE RUBICON: British infantrymen are seen guarding the banks of the river Rubicon at Bellaria, Italy, near a blown-up railway bridge as comrades of the Eighth Army advance on the Italian front by crossing the famous river.

Japs Claim 1000 Planes Hit Formosa

U.S. Navy Announces Attack on Main Philippine Island of Luzon

PEARL HARBOR, Oct. 12 (AP)—American planes, 1,000 of them, attacked Formosa, just North of the Philippines, concentrating on the island's three most important towns, the Tokyo Radio announced today. The report was not confirmed by the Navy here.

This would be the greatest air armada ever sent against the Japanese in a single operation in the Pacific.

"It appears that some units of the China-based American Air Force also participated in this raid," the Japanese Radio reported.

Takao, Tainan and Taichu, the three most important towns on Formosa, took the brunt of the American attack, the Tokyo broadcast recorded by the Federal Communications Commission, said.

The three towns are on the railway which runs the length of the island. Tainan and Takao are also ports on the Southwestern shore.

An imperial communique reported "enemy aircraft" launched the attack at 7 a.m. today (Tokyo time) "in strength" and that the air "battle was continuing" eight hours later. The Japanese claimed 100 American planes had been downed and that the "enemy continued to carry out his persistent attack—with a total of 1000 planes.

WASHINGTON, Oct. 12 (AP)—A large scale attack by carrier-based planes on the island of Luzon in the Philippines was announced by the Navy tonight.

Details of the damage done during the attack, made afternoon of Oct. 10 were not immediately available, the Navy said. Air bases and other military installations were bombed.

Meanwhile elements of the 1st Marine Division continued to eliminate Japanese hidden in caves on Bloody Nose Ridge on Peleliu Island in the Palaus.

Remaining Japanese troops on Angaur Island have been bottled into an area 150 yards square by the mopping-up activities of troops of the 81st Infantry Division.

On Oct. 11 the Marines on Peleliu captured a commanding height which overlooks the small area now held by the defending Japanese, the Navy said.

PEARL HARBOR, Oct. 12 (AP)—A large force of carrier-based planes struck Luzon, the main island in the Philippines, Tuesday afternoon, blasting air bases and military installations, Admiral Chester W. Nimitz announced tonight in a communique.

The Admiral maintained silence concerning Japanese reports of a powerful air smash at Formosa.

Negro Maid Insists Baby Is Hers

DETROIT, Oct. 12 (AP)—Mrs. Eleanor Smith, 33-year-old Negro nursemaid held in connection with the kidnapping of four-months-old Bobby King, denied today that she made what Prosecutor William E. Dowling said was a "full confession" and insisted that the baby belonged to her. The baby was taken from Clarence King's home Sept. 30 and was returned Wednesday.

Church Notes Divorce Increase

LONDON, Oct. 12 (CP Reuter) A congregation of leading Anglican bishops today passed a resolution impressing on the local clergy the importance and necessity for a careful preparation of those about to marry." Figures were produced showing the yearly average of divorces before the First Great War was 950. Last year there were 2250 and cases awaiting trial at the beginning of this year totalled 3396.

MOSCOW RADIO ATTACKS POLISH GOV'T IN LONDON

LONDON, Oct. 13 (Friday)—(CP)—The Moscow radio aired a fresh denunciation of the Polish government in London today as Prime Minister Stanislaw Mikolajczyk, leader of the London group, began discussions in Moscow in the dispute with the Soviet-sponsored Polish National Committee of Liberation.

The latest attack came in the form of a Moscow report of a mass meeting of Polish youth in Lublin a few days ago at which a captain of the Lublin Committee's Security Corps charged the capitulation of Warsaw by Lt.-Gen. Tadeusz (Bor) Komorowski's Home Army was "premeditated treachery."

German Prisoners Harvest Apples

SEATTLE, Oct. 12 (AP)—Hundreds of German prisoners of war who a comparatively few months ago were fighting against the Allies in Africa and Sicily are being used to help save the record breaking Washington apple crop.

BOMBERS TRY TO BLAST PATH FOR HALTED 5TH

Canadians Near the Adriatic Make Surprise Advance

ROME, Oct. 12 (CP) — United States heavy bombers in their greatest blow yet in the Italian campaign delivered a "Cassino-type" assault on Germans in the Bologna area today attempting to blast a path for the halted 5th Army, while Canadian and British troops on the Adriatic front made advances as the Germans fell back to new defence lines.

The largest armada of Italy-based U. S. bombers—even greater than the one which left Cassino in ruins last Spring—cast a loan of fragmentation and demolition bombs on German installations supporting the Nazi death stand in the Appenine mountains before the Po Valley.

As air might loosened up the Allied 5th Army sector, front reports said Canadian forces near the Adriatic coast made a surprise advance of more than three miles across the Lombardy tableland where the Germans were pulling back to new defence lines.

Headquarters said that gains by the 8th Army in recent days had outflanked German positions North of the Giumicino River and had compelled the enemy to withdraw to a line running Northeast and Southwest through Gambettola.

Consider Appeals From Americans of Jap Ancestry

WASHINGTON, Oct. 12 (AP)—The Supreme Court took to its conference room today for decision one of the most complicated legal problems faced by the Government since the United States entered the war—the constitutionality of evacuating and confining American citizens of Japanese ancestry. It involves appeals of a young man born in Oakland, Calif., and a young woman born in Sacramento.

The man, Fred T. Korematsu, asked the Court to rule on validity of evacuation orders which resulted in his being placed in a war relocation authority centre at Topaz, Utah. The woman, Miss Mitsue Endo, demands freedom from the same centre and a court declaration that she has the right to go wherever she pleases.

The Court was told that there is no question of the loyalty of either to the United States, and that there was no evidence involving any Japanese-American citizen in espionage or sabotage on the West Coast.

The cases arose from a proclamation by Lt.-Gen. J. L. DeWitt excluding persons of Japanese ancestry from certain West Coast areas.

CANUCKS FIGHT TO OPEN ANTWERP PORT

Big Squeeze Play on Both Sides of Schelde Is on

MAN AGAINST MAN

By ROSS MUNRO
Canadian Press War Correspondent

ANTWERP, Oct. 12 (CPCable)—From the Normandy beachhead to Holland, the coast-hopping Canadians have been driving the Germans from port to port and now they are fighting for the greatest prize of all—the opening of this port of Antwerp which will be of incalculable value to the Allied armies as it would solve the supply problem.

A month ago British armored columns took the city. A week ago Canadians cleared the port area. But Antwerp is an inland port 40 miles up the winding River Schelde and a force of nearly 40,000 Germans has been left behind on the Schelde Coast to delay its opening as long as possible. Big coastal batteries on the river coast prevent ships passing up the Estuary.

The Canadians have taken the ports of Caen, Rouen, Dieppe, Boulogne, Calais, Zeebrugge and Ostend in their march across Northern France and Belgium to the Dutch frontier. Then these veteran port liberators were given the order "clear the Schelde and open Antwerp."

They rapidly developed the three-pronged operation aimed at German positions on both sides of the Schelde that is now in full swing.

With Antwerp going full blast, six Allied armies supplied to capacity all the time could probably roll forward for weeks. And with good flying weather to aid the ground advance, the war might soon be finished.

So the Canadians struck first on the Leopold Canal in Belgium. The German 64th Division was drawn into battle and although the Canadian bridgehead was not expanded it proved valuable as a killing ground. Fifteen hundred Germans of the 5,000 in the Schelde pocket have been wiped out.

This pocket, South of the Estuary, now is being slowly folded up and the Germans, seeing disaster ahead, are believed to have begun evacuation.

North of Antwerp, the Canadians swung along the other side of the Schelde and probed the causeway leading to South Beveland Island on the North side of the Estuary. Beveland will have to be cleared of its 4,000 Germans and then there will be Walcheren Island on the North of the river mouth, just West of Beveland. There are 11,000 Germans on Walcheren, the lowlands of which are rapidly being inundated as the dikes are blown out by R.A.F. Bomber Command.

The big squeeze play on both sides of the Schelde is on.

It is a battle of canals, of dike crossings, of advances through flooded areas and over dead flat land where there is no ground for artillery observation. Tanks cannot be used. It comes down to company against company, platoon against platoon, man against man.

SIGNS OF PANIC MOUNT AS RUSS NEAR BUDAPEST

Report Hungary Has Already Asked for Armistice Terms

LONDON, Oct. 12 (AP)— Signs of panic multiplied in Germany tonight as the Red Army's advanced units neared Budapest and the prospect of Hungarian collapse opened visions of a grand assault on Austria, the back door of the Reich.

Turkish sources said Berlin had launched a "last appeal" to the Hungarians to hold fast and not abandon Germany but the Nazis themselves appeared to have little faith that Hungary would or could hold. They were busy urging Austrians to dig for their lives in frontier defence spadework near Vienna.

All able-bodied men and women in the Vienna region were at or on their way to the diggings after a mass call-up of age groups between 16 and 65.

The Ankara radio quoted Stockholm advices tonight reviewing reports that Hungary definitely had asked for armistice terms.

In London, Czechoslovakia's President Eduard Benes received Count Michael Karolyi, who was president of the short-lived Hungarian republic established after the first Great War, for a discussion of future Czechoslovak-Hungarian relations—a hint that Dr. Benes expects important developments.

The Nazis warned Austrians living away from the frontier against spreading rumors. One rumor specifically denounced and denied was to the effect that Archduke Otto of Hapsburg, pretender to the Austrian throne, had married Premier Stalin's daughter "and Austria would be spared."

Princess Joan Hits Dynamite Laden Freighter

VANCOUVER, Oct. 12 (CP) — A dynamite-laden ship sunk off Point Grey early today after being rammed by the Canadian Pacific Steamships passenger boat Princess Joan. The freighter, the Squid, carrying 400 cases of dynamite, was badly holed by the impact in the light fog and went down in 10 minutes. Her five-man crew escaped to the Princess Joan.

The Princess Joan proceeded to Victoria immediately after the collision and many of the approximately 450 passengers sleeping when the crash occurred did not learn of the accident until disembarking at Victoria.

The explosive remained inactive when the ships collided. One report was that the Princess Joan just missed striking part of the dynamite.

The accident occurred in the Gulf of Georgia somewhere off Point Grey which is about three miles from Vancouver Harbor.

The Squid was operated by Frank Waterhouse and Company of Vancouver, and was valued at between $12,000 and $15,000.

SAFE AT THE BOTTOM

VANCOUVER, Oct. 12 (CP)—All dynamite aboard the freighter Squib which was rammed and sunk by a Canadian Pacific Steamships passenger vessel, the S.S. Princess Joan, five miles off the mouth of the Fraser River today, is safe and harmless at the bottom of the Gulf of Georgia, Cmdr. J. M. Smith of the Naval Control Office said tonight.

There was no danger of any of the boxes of dynamite floating onto city beaches or into the flanks of other boats, Cmdr. Smith said.

Promises Veterans to Get Preference

OTTAWA, Oct. 12 (CP)—The Dominion Command of the Canadian Legion said in a statement issued today it had received assurance from Prime Minister Mackenzie King that fullest protection would be given the preference for veterans in the civil service.

Defeat Motion to Abolish City of London Seat

LONDON, Oct. 12 (CP-Reuter)—Moves to deprive the City of London, the square-mile at the heart of the world's biggest city, and British Universities of their representation in the House of Commons were defeated in the House today. The proposal to abolish the City of London seat was rejected by 163 votes to 38 and the other motion was defeated 153 to 16.

Quick Action Needed to Place Aircraft Workers Says Union Chief

VANCOUVER, Oct. 12 (CP) — Tom Parkin, business agent for the Aeronautical Mechanics' Lodge, No. 756, said last night that his union favors a national conference between the Federal Government, managements and unions to plan the reconversion of war industries for peacetime production.

The situation is becoming "more serious all the time," and quick action is needed, Mr. Parkin said, commenting on reports some 3000 British Columbia aircraft workers would be laid off before the end of October.

Meanwhile officials of Selective Service, Boeings and the Aeronautical Mechanics' Lodge grappled with the problem of finding employment for the 3000 expected to be laid off.

Mr. Parkin said that management and union had agreed to interpret seniority clauses in the union's agreement with Boeing's so that:

1. Veterans of this war are given top seniority and will be permitted "to stay to the end."

2 Married women whose husbands are working or who are known to have another independent an adequate income are being approached by union representatives and asked to leave, regardless of the time of their seniority, to make way for family men in greater need of the work.

3. Married women with husbands on active service are not being so approached.

It was learned that first Boeing employees earmarked for release under the 65-a-day plan are those who have been with the company less than three months.

Many of these were hired by the firm when the B-29 contract was first announced, before there was any intimation of a sudden cutback in Catalina work.

Selective Service officials, compiling lists of employees to be laid off are hoping to employ bulk of those whose layoff represents monthly earnings of half a million dollars. Monthly earnings of B. C. aircraft workers before the break came early in October was estimated at $1,250,000.

"As soon as those laid off register," said Horace Keetch, manager of the local Employment Office, "we will try to send them to other jobs."

Essentials jobs, open for men, 8000 of them, include logging, hospital building and dairying. Essential jobs open for women totalling 2000, include laundering and hospital employment.

Union officials, pointing to little likelihood that aircraft workers will be physically adept for heavy work in the labor-short vocations, fear that many of those laid-off will have to accept employment in lighter work as semi-skilled workers, at lower wages.

William Horrobin, Regional Employment Office, said that a "careful adjudication" of every case will be made.

Industrial mobilization survey officials have records of the past records and skills of every worker involved and will be able to direct persons to employment on that basis.

"But," he warned, "it will be a month before results of the work can be assessed."

The shipyards, Mr. Horrobin said, would be able to absorb all the tinsmiths and electricians they can get.

Position of women laid-off is obscure. Union officials in a survey a month ago found that 50 per cent of women employees wanted to stay in war industry if laid off now.

Moscow Reports Bulgarians Leave Greece

LONDON, Oct. 13 (Friday) (CP)—The Moscow Radio carried a Bulgarian announcement early today that Bulgaria's troops and administrative officials have been withdrawn from Greek territory in compliance with Allied demands established as a preliminary to armistice negotiations.

While there was no specific mention of evacuation of Yugoslav territory—another Allied stipulation—the broadcast said Premier Simon Georgiev of Bulgaria had agreed to all the conditions set forth by the Allies.

Dewey Favors Free Palestine

NEW YORK, Oct. 12 (AP)—Gov. Thomas E. Dewey reviewed 50,000 marchers in New York's annual Columbus Day parade today and later, after a conference with a Zionist leader, declared himself in favor of "the re-constitution of Palestine as a free and democratic state."

MORE AIRCRAFT BUT NO GASOLINE

WASHINGTON, Oct. 12 (AP) — The Luftwaffe now has more aircraft than when Hitler sent it against Poland in 1939, Gen. H. H. Arnold said today, but it is grounded for lack of gasoline and oil.

Huns Fight Desperately to Hold Flaming City

Division Beats Against U. S. Lines Without Success All Through the Day

By HOWARD COWAN
Associated Press Staff Writer

LONDON, Oct. 12 (AP)—The German High Command tonight hurled 150 fighter planes into the defence of flaming Aachen as American infantry wrested a Northeastern factory suburb from the stand-and-die garrison and massed for the final assault on this ancient invasion gateway to Germany.

Eighty-five per cent of Aachen—subjected to a greater ordeal by fire than any part of Germany had undergone before—lay in smoking ruins, pilots reported after 500 tons of bombs were rained during the day on this historic city of German kings.

The swarm of Messerschmitts and Focke-Wulfs droned over, apparently bent on attacking the siege lines, just as the last American bombs were crashing down, and some United States fighter-bombers turned to attack with a ton of bombs still attached to their wings.

In the aerial melee, 12 German planes and four American fighters were shot down.

Out of the smoking, rain-drenched ruin that was Aachen straggled a few soldiers and civilians, unwilling to stand longer with the 1500 of the garrison who since 1 p.m. yesterday have been plastered with tons of shells and bombs from artillery massed near the outskirts and clouds of planes roaring over in endless procession.

All day long a German division with 20 to 25 tanks beat without success against American lines North of Aachen, trying to relieve the doomed garrison through a mile-wide corridor between the siege positions.

The assault waves broke in a terrible barrage from American artillery, including 250-mm. and eight-inch guns, which girdle the corridor.

Meanwhile, action flared in Holland, where the Germans were reported to have blown up more than 10 miles of quays and docks in that country's second largest city to Rotterdam.

Roads South and East of Rotterdam were clogged with German transport, a front dispatch said, indicating the Germans were preparing to pull out of Northwestern Holland or were shifting the bulk of their estimated 150,000 garrison Southward to meet the Canadian and British forces.

In favor of the theory that they were being called home for the final battles inside Germany was the discovery by the British 2nd Army that the Germans had abandoned abruptly a bridgehead 12 miles wide on the South bank of the Neder Rhine between Arnhem and Rotterdam.

Canadian forces keeping up the pressure on this German force from the South, poured reinforcements into their widening beachhead on the South side of the Schelde Estuary West of Antwerp and to the East fought within two miles of the enemy base of Bergen op Zoom, 19 miles North of Antwerp.

From their beachhead they were closing on Breskens, five miles West of their landings near the village of Hoofdplaat. Breskens lies across the Estuary from Vlissingen (Flushing), where German defences blocking the use of the port of Antwerp are concentrated.

A high ranking officer of the United States 1st Army said nothing had come through the narrow corridor Northeast of Aachen "in any size in any direction." He added: "Certainly the Germans have not and are not evacuating Aachen."

The German radio, still pledging resistance to the death, described the Aachen action as "the greatest battle ever fought on the Western Front."

An Associated Press correspondent, William S. White, reported from outside Aachen that infantry with rifles and grenades cleared the Germans from the factory suburb of Schlachthof on the Northeast and were harassed only by the sporadic fire of snipers.

But American commanders held their troops back from the big assault on the main section of this city at the frontier of Germany while for the second day the big guns ringing Aachen poured in cascades of steel and big bombers struck in waves at 15-minute intervals.

The enemy garrison, under Hitler's orders to stand and die, cowered with from 5,000 to 10,000 civilians in the ancient caves, basements and sewers of this city which Charlemagne made the seat of Empire.

The German military commentator, Capt. Ludwig Sertorius, speculated tonight that the British 2nd Army soon would join the American 1st in the Eastward push into Germany, and that Gen. Eisenhower might uncork a new invasion "either from the air or sea."

Gen. Eisenhower renewed a warning two days ago that all North Sea shipping would be subjected to air attack to prevent German reinforcements from leaving Norway.

Sertorius declared that the British Army was waiting only for the 1st Canadian on the West flank to pull up into Holland along a line stretching from Breda Eastward through Tilburg and Hertogenbosch.

The Germans in the islands of Walcheren and South Beveland in the Schelde Estuary to the North virtually were cut off by land by the Canadian Army force driving on Bergen op Zoom, and fresh R.A.F. bombings of the dikes left the island of Walcheren two-thirds flooded.

The British 2nd Army attacked sharply on the Southern flank of its front facing the German frontier along the Maas (Meuse) River in Eastern Holland, driving the enemy back a mile on a front of a little more than a mile near Overloon before the surprised foe brought up mortars and artillery.

The United States 3rd Army in Northern France slugged it out with counter-attacking Germans North of Nancy and at Maizieres-les-Metz, six miles North of Metz, where the enemy had converted basements into anti-tank nests.

The U.S. 7th Army on the Southern end of the 460-mile front repulsed conter-blows around Le Thillot, 15 miles North of Belfort, and made limited advances through the foothills of the Vosges Mountains North of that strategic doorway to the Southern Rhineland.

Most significant was the capture of the village of Sapois, 13 miles West of the Schlucht Pass, one of four main gaps through the Vosges. Schlucht Pass is 28 miles North of the gap at Belfort.

Roosevelt Says Italians Will Be Free to Work Out Own Destiny

WASHINGTON, Oct. 12 (AP) — President Roosevelt said tonight that when the Allies complete military operations in Italy, the Italians "will be free to work out their own destiny, under a government of their own choosing."

In an address broadcast from the White House, Mr. Roosevelt said the United States Army entered Italy "not a conquerors, but as liberators. Their objective is military, not political."

The President's address was directed to the meeting of the Italian-American labor council in New York in acceptance of the council's four freedoms award granted to the President.

"Of course, the people of Italy have suffered terribly and it will not be humanly possible to take wholly adequate measures to relieve all suffering until Germany has been finally and decisively defeated," Mr. Roosevelt said. "But the United Nations are determined that every possible measure be taken to aid the Italian people directly, and to give them an opportunity to help themselves."

He said Prime Minister Churchill agreed fully with his position.

In New York, Attorney General Francis M. Biddle presented the Four Freedoms award with the declaration that President Roosevelt maintained "his faith in the Italian soul" even when Italy under "captivity by the lackey Fascist" was brought into war against the United States.

"Long, long after Mussolini is only a half-forgotten nightmare," Mr. Biddle declared, "American and Italian scholars will be discussing their two great common heritages—the principles of Columbus-navigator; and of Roosevelt-liberator."

Biddle said it was the President's "settled determination to bring the provisions of the Atlantic Charter to bear upon Italy's problems."

Mr. Roosevelt's address was his second of the day in which he spoke in warm terms of Italy.

At 4 o'clock he received chiefs of diplomatic missions from the other American republics on the occasion of Columbus Day. Addressing them and an all-network radio audience, Mr. Roosevelt recalled the millions of Italians who have followed Columbus to the Western world.

"This is one of the many reasons why the forces of liberation have been welcomed so cordially by the Italian people after 22 years of Fascism," he said.

The President emphasized that aviation has narrowed the margin between the old world and the new.

"This means, he said, "that if we do not now take effective measures to prevent another world war and if there were to be a third world war, the lands of the Western Hemisphere would be as vulnerable to attack from Europe and Asia as were the islands of Crete and the Philippine Islands five years ago."

Huns Concentrate Barges at Breskens

LONDON, Oct. 12 (CP-Aneta)—The Germans are concentrating barges near the town of Breskens, on the Schelde Estuary opposite Vlissingen (Flushing), possibly to evacuate their troops which are being pressed back against the Estuary by the advance Northward of 1st Canadian Army troops, Radio Orange reported tonight. The German positions around Breskens are under heavy artillery fire.

Kootenays' Victory Loan Quotas Increased by $200,000; Asked to Invest $2,850,000 Total

Citizens of the Kootenays are being asked to contribute $200,000 more in the Seventh Victory Loan drive than they did in the Sixth Loan, quotas announced Wednesday show. East Kootenay's and Trail's quotas are increased by $75,000 each and Nelson's by $50,000.

Trail unit heads the list with $1,025,000; East Kootenay is next with $1,000,000 and Nelson third with $825,000, a total of $2,850,000.

Nelson unit's quotas follow:

Salmo	$ 20,000
Kaslo	40,000
Nakusp	55,000
New Denver	80,000
Nelson	630,000
Total	$825,000

Nakusp has been asked to increase its subscription by $2550, New Denver by $3250, Salmo by $1400 over that raised in the Sixth loan and Nelson by $26,000. Kaslo remains the same.

All District sub-units exceeded their quotas in the last loan and H. A. Matthews and Brigadier J. B. Stephenson, Organizers, have found in visits to District points enthusiasm and confidence that quotas will again be exceeded in the coming drive. These districts have set a proud record in every campaign.

Famous Pianist, 'Cellist Perform Here Tonight

Joint recital of the Cherniavsky brothers, Jan and Mischel, famous pianist and 'cellist, will be heard in Nelson tonight when they appear in a solo and joint recital at Trinity United Church.

Well known in England, United States and Canada, these two artists have made nine tours through Australia and New Zealand, as well as numerous tours of Europe, South America, India and South Africa. Building up a total of over 2,000,000 miles of travel, it is with good reason they have been called the globe-trotting Cherniavskys."

Jan Cherniavsky, brilliant pianist and artist of great individual achievement, has also appeared as a soloist with many major symphony orchestras both on this continent and abroad.

Mischel Cherniavsky, distinguished 'cellist, has been prominent in musical life of Great Britain, giving freely of his time and services to the Red Cross, Mrs. Winston Churchill's Aid to Russia Fund, and so on. Brilliant as a soloist in recital as well as with orchestra, he has appeared under such eminent conductors as Sir Thomas Beecham, Sir Henry Wood and Sir Hamilton Harty.

Mother to Stand Trial for Murder

VICTORIA, Oct. 12 (CP) — Mrs. Edith May Cruickshank at the conclusion of a three-hour preliminary hearing before Magistrate H. C. Hall in Police Court today was committed for trial on a charge of murdering her seven-year-old daughter, Patricia Margaret in the water off Dallas Road Sept. 25.

When formally charged Sept. 25 with the murder, Mrs. Cruickshank said: "May the Lord forgive me. He drove me to it," Detective Henry F. Jarvis testified today. "He added she had told him, "my husband drove me to it."

Prog. Conservatives Stand Square Against Socialism

MONTREAL, Oct. 12 (CP)—The Progressive Conservative party stands "foursquare" against Socialism and for freedom of the individual and will not compromise with elements disruptive of the unity of this country, C. P. McTague, national chairman of the Progressive Conservative party, said tonight in an address prepared for delivery before a mass meeting of the St. Antoine-Westmount Progressive Conservative Association.

"On the much debated question of family allowances, this party has always been in favor of them in principle as part of a general social security program. We do not believe it was wise statesmanship to introduce them as a separate fiscal measure of the Dominion Government, though it may have been astute pre-election politics."

Scores "Glib Talk" on Post-War Jobs

GALT, Ont., Oct. 12 (CP)—Graham Towers, Governor of the Bank of Canada and National Chairman of the forthcoming Seventh Victory Loan, tonight scored what he termed "glib talk" about post-war employment at a loan rally here.

In an address prepared for delivery at Galt Armories, Mr. Towers characterized as "dangerous oversimplification" the argument that because war brought jobs peace shold do the same.

No Inquest Into Mahoney Death

CRANBROOK, B. C., Oct. 12 (CP) —No inquest will be held into the death of Frank T. Mahoney, 58, well known district man who was found dead in his hotel room here yesterday. Mr. Mahoney came to this District as a young man from Sheffield.

TOAST and TEA

BY J. V. McARE

There is something quotable on almost every second page of G. K. Chesterton's autobiography, and we choose this which shows the difference in eating habits between Victorian servants and their masters: "A lady of my family went to live in a friend's house in the friend's absence. The lady had got it fixed in her head that the servant cooked her own meals separately, whereas the servant was equally fixed on the policy of eating what was left over from the lady's meal. The servant sent up for breakfast say, five rashers of bacon; which was more than the lady wanted. But the lady had another fixed freak of conscience common in the ladies of the period. She thought nothing should be wasted; and could not see that even a thing consumed is wasted if it is not wanted. She ate the five rashers and the servant consequently sent up seven rashers. The lady paied a little but followed the path of duty and ate them all. The servant, feeling that she too would like a little breakfast, sent up nine or ten rashers. The lady, rallying all her powers, charged at them with her head down, and swept them from the field. And so I suppose it went on, owing to the polite silence between the two social classes. I dare not think how it ended."

KISS YOUR TIRED FEELING GOODBYE!

Pepless Many Suffer Low Blood Count—And Don't Know It.

The baffling thing about low blood count is that you can weigh about as much as you ever did—even look healthy and strong, yet—you can feel as if you had lead in your legs, dopey, tired and pepless.

Low blood count means you haven't got enough red blood corpuscles. It is their vital job to carry life-giving oxygen from your lungs throughout your body. And just as it takes oxygen to explode gasoline in your car and make the power to turn the wheels, so you must have plenty of oxygen to explode the energy in your body and give you going power.

Get Dr. Williams Pink Pills today. They are world-noted for the help they give in increasing the number and strength of red corpuscles. Then with your blood count up, you'll feel like bounding up the stairs as if you were floating on air. Ask your druggist for Dr. Williams Pink Pills today.

81 POLIO CASES IN ALTA. THIS YEAR

EDMONTON, Oct. 12 (CP) — Infantile paralysis cases in the province start of the year reached 81 today when a "polio" case was reported to Provincial Health Authorities here from Duchess, in Southern Alberta. The victim is a 12-year-old girl.

Rossland, Trail Servicemen Are Casualties

TRAIL, B. C., Oct. 12 — Word was received in Trail recently that Flying Officer John Ritchie Symons of Trail has been presumed dead and Regimental Sergeant Major Harry Stinson of Rossland is missing, believed to be a prisoner of war.

Fo. Symons, employee of the C. M. & S. pay office for a short time in 1940, has been in the R.C.A.F. since October, 1940. His parents live in Vancouver. The late Bruce Ritchie, Superintendent of the Sullivan mine for the C. M. & S., was an uncle.

R.S.M. Stinson, whose wife lives in Rossland, went overseas with the 109th Battery as a bombardier. He has been serving in Italy and was with the artillery until two months ago, when he was transferred to the Infantry. Besides his wife, the former Dorothy Keating; a son, Allan; his mother, Mrs. L. I. Stinson, and a brother, Milton, live in Rossland.

Two other brothers are in the services. Sub.-Lt. Clarence is with the Navy, now in England, and Sgt. Keith Stinson. A fourth brother, Bertram, lives in Texas and a sister, Mrs. G. G. Service, in Trail.

CROWN WITNESS THREATENS TO PUNCH COUNSEL

WINNIPEG, Oct. 12 (CP) — Tom Romanek, crown witness in the trial of three men charged with murder of a bank accountant, today in court threatened C. N. Kushner, a defence counsel, with a "punch in th enose."

Charged with the shotgun murder of S. W. Caughey, 48-year-old bank accountant, in an attempted bank robbery here last June 2, are: Arthur F. Evans of Toronto, Frank Shura and William Dacko.

Romanek jumped up in the witness stand when asked by Mr. Kushner if he had attended several meetings with the accused men with the idea of giving information to the police and yelled: "Look, do you want a smack in the nose? You'll get it!"

When order was restored, Romanek denied he had any intention of revealing anything to the authorities.

On the stand today for the second successive day, Leonard L. Paterson, Chief Crown Witness, testified he, at least, had been "fully aware" murder was a possible consequence of carrying guns into the bank.

Godbout Disgusted With Drew Remarks

QUEBEC, Oct. 12 (CP)—Former Premier Godbout said today in a press interview that he was "disgusted with the injurious statements recently made by Ontario Premier Drew about the Quebec people regarding the question of family allowances."

He added that he was "astonished that Premier Duplessis had not yet publicly protested against Col. Drew's uncalled for remarks."

Mr. Godbout is Opposition Leader in the Quebec legislative assembly.

(Premier Drew said that while Ontario would contribute more money for family allowances Quebec with its large families would benefit more from them).

Mr. Godbout added:

"Never before has a public man taken upon himself to insult in such a way the whole population of a Canadian province. It is inconceivable that the civil head of the Quebec province has not yet raised his voice to avenge his own people."

Tito Reported on Way to Moscow

LONDON, Oct. 12 (CP)—Marshal Tito, Commander of Yugoslavia's fighting forces, has left his country for Moscow to participate in the conferences between Prime Minister Churchill and Premier Stalin, the Marseille radio reported today.

LINES BETWEEN BERLIN AND STOCKHOLM CUT

NEW YORK, Oct. 12 — Telephone connections between Berlin and Stockholm again were cut this evening, the B.B.C. said tonight in a broadcast heard by N.B.C. Only a few official calls were permitted to reach Stockholm, B.B.C. said, quoting its Stockholm correspondent.

350 Parcels Mailed for Overseas by Auxiliary to Date; Hundreds of Addresses Not Supplied Yet

"To date the Women's Auxiliary to the Active Forces has mailed exactly 350 parcels to Nelson's young people at the fighting fronts, and is confident it will get all parcels for overseas away within the various deadlines, provided the relatives and friends of our boys keep us supplied with the necessary revised addresses," stated Mrs. H. H. Currie, President of the Nelson W.A.A.F. Thursday night.

"Actually, we are out of Army addresses right now, all but some four of the 350 parcels already on the way overseas being addressed to those in the Army.

"At the moment, this does not hold up the work, as the parcels for the Air Force will be taken up next, and the packing of these parcels will start Friday night. Then will follow Navy parcels. We work to better advantage by keeping the three forces separate, as the knitted wear for each force is distinctive.

"But in a few days we shall be around to Army parcels again, and it will be nothing less than a tragedy if large numbers of our boys overseas miss their remembrances from Nelson on account of neglect of families and friends to provide addresses."

MANY NEWLY OVERSEAS

"Our final figures for last year's campaign were 504 parcels for overseas and 359 for Canada, for all the services. Except for the portion of the Navy based on Canadian ports, and the portion of the air force on Canadian duty, the overwhelming proportion of those who were in training at home last year must at the present time be overseas. It is therefore clear that we are hundreds short of overseas addresses still.

"We appeal to relatives and friends to attend to this matter at once. No one should be overlooked. We would also request that those sending in addresses take an extra minute and compare what they have written, with the original, to avoid ommissions. They should also give their own names, for sometimes the Base Post Office at Halifax writes asking for further particulars. Addresses should be sent to Mrs. Spencer Colman, Baker Street."

Donations of coffee tins and tobacco cans have just kept ahead of the cake mixing so far, but some hundreds more cans will be needed, it is stated.

Convoy Military Weapons, Vehicles to Be Seen in Kootenay-Boundary

Some of the efficient weapons and vehicles that Canadian fighters man on the battle fronts of the world will be seen by Kootenay-Boundary citizens this weekend and in the next two weeks.

Military convoy of equipment may be seen at Grand Forks, Rossland and Trail Saturday. Sunday it will be at Trail and Castlegar, and at Nelson Sunday night and Monday forenoon.

The East Kootenay will be visited Oct. 18-24. Cranbrook residents will thrice have the opportunity of viewing the equipment that Victory Bond dollars buy. Wednesday East Kootenay folk at Creston, Yahk and Cranbrook will watch the convoy. It may be seen at Fernie Thursday, at Natal and again at Cranbrook Friday, at Marysville and Kimberley Oct. 21, at Canal Flats and Invermere Oct. 22 and a third time at Cranbrook Oct. 24.

Displays and parades of the equipment will be held in Cranbrook and Nelson. Officer in charge and N.C.O.'s will demonstrate and explain the weapons where opportunity offers.

Watchers in the Castlegar to Fraser's Landing area may see the cavalcade at the following approximate times:

Sunday—Robson at ferry 4:15 p.m., Brilliant 5:10 p.m., South Slocan 6:30 p.m., Bonnington 6:45 p.m., Nelson 8 p.m. and Monday forenoon.

Monday — North Shore 1 p.m., Willow Point 1:45 p.m., Longbeach 2:45 p.m., and Fraser's Landing 4 p.m.

Full program of the convoy's visit to Nelson is being lined up and will be announced Saturday.

Trail Unit Victory Loan Quota Boosted to $1,025,000

TRAIL, B.C., Oct. 12—General quota for Trail unit has been set at $1,025,000 for the Seventh Victory Loan, an increase of $75,000 over the last loan. The Sixth Loan quota was $950,000.

Trail city had the largest increase in its quota for the coming loan with an increase of $47,000 from $658,000 to $705,000. In the last loan Trail city subscribed $769,450 so that the present quota is still under the actual amount raised in the last loan but of the amount raised last time $100,000 was subscribed from the Trail-Tadanac Hospital building fund.

Quotas for the various divisions in Trail District follow:

Trail City, $705,000.
Rossland, $160,000.
Grand Forks, $75,000.
Greenwood-Boundary, $35,000.
Castlegar, $25,000.
Fruitvale, $25,000.

With respect to the internal canvasses in the C.M. & S. Co. plants, the West Kootenay Power and Light Co., Ltd., and Tadanac Municipality these quotas have not yet been announced, but it was understood that they would all be higher this year because of the fact quotas will be worked out on a basis of 15 per cent of the six-months payroll instead of 12½ per cent as in previous loans.

It was also understood that a major change in the C. M. & S. internal canvass was in prospect in the hope that such a change would help the internal canvass which had failed to achieve its quota in the last loan.

An increase of 2½ per cent in the internal canvass quotas would give the C. M. & S. canvass an increase of $90,000 while the West Kootenay Power canvass would be boosted by over $5,000 and the Tadanac municipal canvass by almost the same amount.

In the last loan the C. M. & S. internal canvass fell short of its objective by over $37,000 while the West Kootenay Power employees reached $6,000 over their objective and the Tadanac municipal employees failed by $4,000 to reach their quota.

Judge Sargent Sworn in

VANCOUVER, Oct. 12 (CP) — Judge R. A. Sargent was sworn in today as judge of the county court in a ceremony in Mr. Justice A. W. Harper's Chambers here. CHURCHILL SENDS MESSAGE TO MRS. WILLKIE

NEW YORK, Oct. 12 (AP) — A cable from Prime Minister Churchill to Mrs. Wendell Willkie, in which Mr. Churchill said her husband's support of Great Britain "will always be remembered by those who had the privilege of meeting him," was made public today by the British Information Services.

Indian Awarded V.C. Posthumously

LONDON, Oct. 12 (CP Cable) — The Victoria Cross has been awarded posthumously to Jemadar (Acating Subadar) Netrabahadur Thapa of the 5th Royal Gurkha Rifles Frontier Force for a heroic action in Burma, it was announced tonight.

It was the 103rd award of the Empire's highest decoration for gallantry during the war and the 13th to a member of the Indian Army. Six Canadians have won the Victoria Cross since the war began.

The citation said Thapa took over an isolated bluff on a hillside commanding the Bishenpur base in Burma last June 12 and fought against overwhelming odds for eight hours before he was killed by a grenade.

His body was found with his khukri (sharp knife) in his hand and a dead Japanese with a cleft skull beside him.

1700 Miners End Strike But Threat Remains

BARNSLEY, Yorkshire, England, Oct. 12 (CP Cable)—A strike of 1700 men at Barnborough colliery ended tonight but the threat of a strike involving 150,000 men and boys throughout the Yorkshire coal field still remained.

Work stoppages in the Durham coal fields apparently are ending but a strike of more than 1100 men in West Scotland, is continuing.

R.C.A.F. (W.D.) Senior Staff Officer Resigns

OTTAWA, Oct. 12 (CP) — Resignation of Wing Officer Willa Walker of Montreal, Senior Staff Officer of the R.C.A.F. Women's Division, was announced tonight by air force headquarters. She will be succeeded by Sqdn. Officer Winnifred M. Taylor, of Toronto.

Temperatures

Indian Summer is holding steady in Nelson, with little variation from day to day. Both Wednesday and Thursday the high mark for the 24 hours ending at 5 p.m. was 65.8 degrees. Wednesday's low was 38.9 degrees, and Thursday's, 37.2 degrees. Heavy fog covered Nelson and the West Arm both mornings, but in each case dispersed before 10 a.m., under the sun's spell.

CAPE TOWN (CP)—The Cape Town City Council has adopted a motion stating that in future preference will be given to ex-service men and women in the engagement of employees.

POLISH DISPUTE MAY END BEFORE CHURCHILL GOES

Report Tito on Way to Moscow to Join Conference

By DANIEL DE LUCE
Associated Press Staff Writer

MOSCOW, Oct. 12 (AP) — Representatives of the Polish Government in London flew here today by invitation to negotiate with the rival Soviet-sponsored Polish committee of National Liberation, and there was general belief tonight that the Polish question would be settled one way or another before Prime Minister Churchill and Premier Stalin wind up their conferences.

Premier Stanislaw Mikolajczyk, with a political and military staff of the London regime, flew to the Soviet capital. Members of the liberation committee had arrived earlier from Lublin.

Asked about the outlook for the reconciliation a member of the London said: "We are hopeful."

(Both the Algiers and Marseille radios reported that Marshall Tito, leader of the Yugoslav Partisans, also was on his way to Moscow to join in a review of Europe's diplomatic problems. London raised the possibility that formation of a Balkan-Polish federation might be under consideration.)

The Russian-sponsored Poles were said to be firm in demanding that the President of Poland be shorn of his powers, the 1935 constitution abandoned and that the Lublin commander-in-Chief, Col. Gen. Rola Zymierski be made head of the Polish armed forces.

If unity between the factions is achieved, it is believed that Mikolajczyk, in order to become Premier of the coalition, would have to agree to drop many members of his present government in London.

SYDNEY WITHOUT PAPER FOR NEARLY A WEEK

SYDNEY, Australia, Oct. 12 (CP Cable)—Sydney, starved of regular daily newspapers for nearly a week, may have them back in circulation next week.

Since last Saturday this greatest city in Australia has seen none of its regular morning and afternoon newspapers because of what was described as a "minor dispute" between the printers and publisher of the Sydney Sun.

But it developed into something serious.

COAST PACKERS THREATEN STRIKE

VANCOUVER, Oct. 12 (CP) — Possibility of a strike this weekend in Canada Packers, Swift Canadian and Burns packing plants here loomed today when a proposed meeting of International Packing House Workers (C.I.O.) and managements failed to materialize in Toronto.

The union is seeking a master agreement across Canada.

"The locals are not going to put up with any more stalling on the part of the companies," said James Robertson, special representative of the union. "There is every possibility that action will be taken in Vancouver within a week.

Mayer's Check Still Tops

WASHINGTON, Oct. 12 (AP) — The pay-check of L. B. Mayer, the movie magnate, still is tops.

Mayer moved back into his customary first place position today as the Treasury released a supplementary list of 140 persons who received from corporations compensation in excess of $75,000 for personal services in the calendar year 1942 or fiscal year ending in 1943.

Loew's Incorporated paid $1,138,992.47. Of this $104,500 was for salary, the remaining $1,034,492.47 as commission.

Second place in today's list went to Producer Walter F. Wanger who received $710,372.03 from Universal Pictures Company, Inc. Nicholas M. Schenck received $512,291.33 from Loew's Incorporated to rank third.

The movie industry figured largely in the supplementary list.

Columbia Pictures listed, among others, the following: Brian Aherne, $144,958; Fred Astaire, $75,635; Joel McCrea, $118,458; Edward G. Robinson, $129,166; Loretta Young, $85,000.

Among those receiving big paychecks from Loew's were: Edward Arnold, $99,583; Wallace Beery, $150,000; Joan Crawford, $194,615; Brian Donlevy, $141,250; Tommy Dorsey $165,817; Irene Dunne, $200,000; Greer Garson, $159,083; Katherine Hepburn, $110,333; Harry James, $128,559; William Powell, $251,250; Robert Taylor, $176,983; Spencer Tracy, $219,871; Robert Young, $108,500.

Budd Abbott and Lou Costello jointly received $789,628 from Universal Pictures. Other compensation reported by that company included: Charles Boyer, $80,000; Edna Mae (Deanne) Durbin, $282,250; Ole Oleson and Chic Johnson, $151,795; Randolph Scott, $132,187; Franchot Tone, $101,372.

The cavalcade includes the 52-piece Canadian Women's Army Corps military band. Parades are scheduled at Creston next Tuesday, Fernie Thursday, October 19, Michel-Natal the following day, Kimberley on Saturday, Invermere Sunday and Cranbrook Tuesday, October 24, while brief stops to allow inspection of the cavalcade will be made at Yahk, wardner, Elko, Marysville, Canal Flats, Invermere and Cranbrook.

Prog. Cons. Organizer Arrives in Trail

TRAIL, B. C., Oct. 12—Possibility of a Progressive Conservative nominating convention for Kootenay West in the near future was seen today with the arrival in Trail of Tom Applegath, provincial organizer of the party. Mr. Applegath will stay here for several days conferring with local officials of the party.

Two candidates have already been nominated for Kootenay West. H. W. Herridge, M. L. A., has been named by the C. C. F. and James Drapper by the Liberals. Suggestions that a Social Credit candidate would also be sought in all B. C. ridings has been made by Solon Low, Dominion leader of the party.

Eisenhower Confident . . .

"Hard Job Ahead, but Victory Certain"

By EDWARD KENNEDY
Associated Press War Correspondent

ALLIED SUPREME HEADQUARTERS, Oct. 12 (AP) — Gen. Eisenhower declared today that "we have a hard job ahead but victory is certain."

The Supreme Commander said he would permit no fraternizing with the Germans as his invasion armies move deeper into the Reich.

He is resolved on one thing; that the fight will continue unabated through Winter, if necessary, and as much longer as it may take to crush the enemy. There may be pauses in the Allied advances due to the ferocity of German resistance and Allied supply problems, but there will be no letup in aggressive action on the part of the Allies.

Discussing recent operations, the general praised the gallant fight of the British 1st airborne division at Arnhem in Holland. Only about 2000 of 8000 men returned from the attempt to hold the Arnhem bridgehead.

"I feel myself that not enough credit has been given to the tremendous advantages that accrued to us through operations of the first Allied airborne army," he said, "the first British airborne division not only gave all the Allied forces one of the most gallant examples of bravery, fortitude and courage in all this war, but by drawing upon themselves the fury of the German counterattack, they enabled us to hold important bridges.

"It was a valiant manoeuvre and it does not detract in the slightest degree from the excellent work and courage of the 82nd and 101st. U.S. airborne divisions which came behind them. They did beautiful work and I am proud of them all."

The present destruction of Aachen by the U. S. 1st Army following the refusal of the German commander to surrender to spare the town is a matter of field tactics, rather than general policy toward German cities, he said. Field Commanders, it was made clear, can use their own methods as long as they observe the rules of war.

While the General regards a sudden German collapse as always a possibility, he sees no reason to rely on its coming at any given time. The threat of the Red Army in the East and the Allied Army on German soil in the West can have no effect on the leaders who face the loss of everything, once they admit defeat, in Eisenhower's opinion.

He told correspondents today:

"I have every confidence in the peoples of the United States, Britain, France and all the United Nations to see this war through to final victory, and as long as they will see it through, I know that the soldiers and sailors and airmen possess the indomitable will to win. We have a hard job ahead but victory is certain."

"In Germany, there will be no fraternization," the Commander said "we go in as conquerors. We shall treat them justly in conformity with civilized standards as exemplified by our governments. We will have nothing else to do with them except in necessary official relationships."

Butter Supply Picture Gloomy

By JAMES MCCOOK
Canadian Press Staff Writer

OTTAWA, Oct. 11 (CP) — The butter supply picture darkened a little more today following a Dominion Bureau of Statistics statement that a tendency to reduce cow holdings has been in evidence during the last few months, with a decline of five per cent in total numbers shown in August compared with the same month last year.

After successive years of difficulty with the Winter butter supply authorities said the 1944 situation was no better than 1943. The butter ration of eight ounces a person a week already has been temporarily reduced three times this year by the cancellation of butter ration coupons. An additional temporary reduction will be made shortly by the cancellation of two more coupons for an estimated saving of 5,000,000 pounds of butter. At the root of most dairy supply problems has been the vastly increased consumption of fluid milk.

In August, milk production was down 2.4 per cent. Fluid sales absorbed 17 per cent of the total milk out put in comparison with 16 per cent in July.

Labor shortages on dairy farms also have been a factor in limiting milk production, authorities said. Manitoba dairy correspondents said there was a tendency to permit calves to run with cows rather than take the milk for sale.

"Anyone can have milk for delicious new dishes!"

SAYS ELSIE: "Don't let lack of milk keep you from enjoying new mealtime treats! Use KLIM Powdered Milk. Just mix with water to get creamy milk for making tasty biscuits, custards, soups and creamed sauces for vegetables and fish. Good for tea or coffee, too. Made, as needed, this milk is always fresh."

Good reasons why you'll like KLIM:

1. KLIM is pasteurized whole milk—*powdered*. Only the natural moisture has been removed. All the cream is left in.
2. KLIM keeps fresh indefinitely in its vacuum-sealed container. Even after opening, KLIM keeps fresh and sweet for a long time. (Note: Be sure to replace lid tightly.)
3. KLIM is light, easy to carry. Saves space. Ready for immediate use. Just follow the simple directions printed on the can.

KLIM is a vital product required in large quantities for our fighting forces everywhere. Naturally the amount for civilian use is restricted. However—for infant feeding—if you have difficulty in getting a sufficient supply have your dealer get in touch with us.

Even Sinatra Got Weary of the Uproar

NEW YORK, Oct. 12 (AP) — Heavy police reinforcements were dispatched to Times Square today as a police-estimated crowd of 25,000 teen-age Frank Sinatra fans stormed the Paramount Theatre where the singer is appearing on the stage.

The shrieking, shouting crowd rushed police lines about the theatre's ticket booth. Several persons fainted on the street.

Police said the Columbus Day holiday was responsible for the extra-large crowds of school-age boys and girls.

In the theatre—where there were an additional 5000—the outbursts were too much even for Sinatra, who several times asked for quiet and threatened to forget about the show unless the uproad subsided.

The Simplon railroad tunnel which connects Switzerland and Italy is more than 12 miles long.

The neckerchiefs worn by sailors of the Royal Navy were changed to black in 1805, to commemorate the death of Lord Nelson.

Lieut. Saunders of Trail Weds at Coast

CLOVERDALE, B. C.—At an impressive double ring ceremony in Cloverdale United Church, Oct. 2, Mildrid Alice Rife, R.N., daughter of Mrs. J. H. Rife and the late J. H. Rife, was united in marriage to Lieut. Robert Henry Saunders, R.C.A., only son of Mr. and Mrs. W. H. Saunders of Trail, B. C. The ceremony was performed by Rev. D. Donaldson, assisted by Rev. T. D. Barnett. Preceding the bridal party into the Church the United Church Junior Choir beautifully rendered "The Voice That Breathed O'er Eden.

The bride, who was given in marriage by her uncle, E. L. Milton, had chosen white brocaded heirloom satin for her gown, entrain, with long sleeves and high neckline. Her attendants were Miss Jessie Bagnall, R.N., who chose pale rose sheer for her own, and Miss Ellen Saunders who wore pale blue sheer. The groom was attended by Ken Chandler. During the signing of the register, Mrs. E. L. Milton sang "O Promise Me". The choir led the wedding procession from the church singing "O Perfect Love".

A reception was held at the home of Mr. and Mrs. E. L. Milton.

The bride chose for going away a two piece frock in old gold with brown accessories and a corsage of Ophelia roses.

The bride is the granddaughter of Mrs. Albert Milton and the late Albert Milton, and great granddaughter of the late Mr. and Mrs. George Campbell, all pioneer residents of Cloverdale. The groom has been four and a half years overseas with the R.C.A. and lately with the British Mediterranean forces.

After a brief honeymoon the happy couple will reside in Vancouver.

Kaslo W.I. Discuss Jam Shipment

KASLO, B.C.—The Kaslo branch of the Red Cross Society met in the City Hall on Tuesday afternoon. In the absence of Mrs. Gibson, Pres., Mrs. H. J. Armtage took the chair. Mrs. J. Paterson, acting secretary, gave the financial report as follows:

Shutty Bench ladies tea and contest	$30.00
Tickets sold on Red Cross blanket	$35.00
Balance in bank	$21.00

Reports were given by Mrs. Browell, work room convenor, Mrs. Helme, knitting committee and Mrs. Webster in charge of quilt making. The Kaslo ladies have made for shipment 1008 pounds of jam for men overseas and arrangements are being made to get it away. Business arose re the paper drive and the Red Cross winter bridge parties.

The early attempts of Europeans to settle on the Solomon Islands were balked by the cannibalism of the natives.

Nelson Music Lovers Plan Forming of Club

A well attended meeting of Nelson music lovers was held in the City Hall Wednesday evening to discuss the formation of a music club. Ven. Archdeacon F. H. Graham occupied the chair while K. F. Alexander acted as secretary.

The chairman gave an interesting discourse on the place music had held in Nelson and elsewhere, contributing largely to the morale of the nation. He also spoke on the relation it held to the other arts all of which contributed so much to culture.

An open discussion following in which many views were expressed favoring the formation of a club, also favoring the inclusion of other arts in affiliation.

Many questions were put forward in regard to details as to the policies to be followed but these matters, though discussed at some length, were left till the association was formed with the membership deciding the procedure.

A motion was adopted asking that a provisional committee be appointed to call a future meeting at a suitable date to which will be invited representatives of other arts. The committee was named and includes Mrs. Lawrence A. MacPhail as convener, Mrs. Gladys Webb Foster, Mrs. T. J. S. Ferguson, Ross Fleming, K. F. Alexander, C. C. Halleran and G. A. Butling was named to carry out the purpose of the motion.

A representative of the Parent-Teacher Association conveyed good wishes and offered cooperation.

After adjournment of the general meeting the committee met to devise means of contacting representatives of other arts and to secure information from other cities where similar organizations may be found.

An estimated 50,000,000 acres of land East of the plains in the United States have been abandoned as farm land.

TODAY'S MENU

Veal Stew.
Tossed Vegetable Salad.
Jelly Roll with Lemon Filling.
Coffee.

VEAL STEW

1½ pounds veal shoulder or neck, salt and pepper, flour, ¼ cup fat, 2 cups water, 6 potatoes, medium, 6 carrots, 6 onions, seasoning.

Cut meat into serving pieces (about 6), season, roll in flour and brown in hot lard. Add about 2 cups water, cover and cook slowly about 1 hour. Pare potatoes and carrots. Peel onions and add all to veal. Add more water to prevent burning and to keep 2 cups of stock. Cover and cook another hour. Serve veal in centre of platter and serve vegetables around meat. Serve with slightly thickened gravy. Serves 6.

JELLY ROLL

¾ cup cake flour, 1½ teaspoons baking powder, ¼ teaspoon salt, ¾ cup sugar, 4 eggs, separated, ½ teaspoon lemon extract.

Sift flour, measure and resift with baking powder and salt. Beat egg white until stiff, gradually add ½ cup sugar and beat after each addition. Beat egg yolks, add remaining sugar and lemon extract and beat well. Fold yolk mixture into whites until completely blended, then fold in dry ingredients lightly, and spread mixture in shallow pan that has been lined with waxed paper, and bake at 375 degrees F. for 12 to 15 minutes, or until cake springs back when lightly pressed with finger tips. Loosen edges, turn out on towel sprinkled with confectioner's sugar, immediately remove paper, cut off crisp edges and roll length of cake in towel. Let cool on cake rack.

LEMON FILLING

¾ cup sugar, ¼ cup flour, 1 cup water, ¼ teaspoon grated lemon rind, dash of salt, 2 egg yolks, 1-3 cup lemon juice, 1 tablespoon butter.

Mix sugar and flour, add water and cook over direct heat until boiling and thick, add lemon rind and salt. Beat egg yolks, add small amount of hot mixture, return to pan and cook another 2 minutes; add lemon juice and butter, stir well. Let cool and spread on cake.

Life Prison Term for Manslaughter

HAMILTON, Oct. 12 (CP) — Douglas Dunsmoor, found guilty of manslaughter by a Supreme Court jury, today was sentenced to life imprisonment.

Dunsmoor was charged with manslaughter in connection with the Moose Hall fire here on May 23, when 10 persons lost their lives.

Sentence was passed by Mr. Justice J. A. Hope.

The Moose Hall fire started on the second floor of the building during a dance held by the Royal Oak Dairy employees.

Dunsmoor's sentence was on a charge of manslaughter in the death of Mrs. Dorothy Martin, 33, one of the victims in the fire.

A statement which police said Dunsmoor had given them was admitted as evidence during the trial. In the statement Dunsmoor confessed to setting five fires in Hamilton. The statement also said he had set fire to a piece of burlap in the cloakroom off the downstairs entrance to the hall while more men 70 employees of the Dairy where he worked enjoyed a staff dance.

Rossland Turned Down on Part Time Office

ROSSLAND, B.C., Oct. 12—Rossland's proposal for the opening of a part-time office here for the National Selective Service, in order to avoid the loss of time to Rossland residents involved in going to Trail to transact business with the office there, has not met with the approval of the authorities.

In replying to the City Council's petition for a part-time office here, the Unemployment Insurance Commission, stated that after investigating the request, and the amount of work passing through the Trail office, from Rossland, it felt that there was not enough business in sight to justify opening such an office at Rossland as was asked.

The City Council heard the answer read Tuesday night, and ordered it filed.

W. E. Stevens, who is taking over from the City the stock pile of cordwood, told the City Fathers the value of the cordwood was $82.60, instead of the $101.60 in the invoice made out by City Clerk J. A. McLeod, since an allowance of $19 ought to be made for shrinkage to the extent of two cords.

The Council gave instructions for a new invoice to be made out, at Mr. Stevens' figure.

A proposal from the Canadian National Institute for the Blind, respecting medical examination and medical attention for a resident with impaired eyesight, was referred to the Finance Committee.

Eastern Star Rites Accorded Mrs. Robertson

While sister members accorded the last rites of the Order of the Eastern Star, the body of Mrs. Helen Robertson was laid to its final rest at the Masonic section, Nelson Memorial Park, Thursday afternoon.

Services at St. Paul's United Church were taken by Rev. H. Stewart Forbes at the Church, where members of Rose City Chapter No. 28, O.E.S., attended in a body, and again at the graveside. Matron Mrs. B. Lowery led officers and members of the Lodge in the funeral office.

"Unto the Hills Around" and "Rock of Ages" were the hymns chosen, Mrs. T. J. S. Ferguson being organist.

Pallbearers were L. W. Humphrey, J. W. Kay, F. Dalrymple, J. Eliason, J. A. McDonald and G. B. Russell.

Mrs. Robertson, wife of James F. Robertson, was a resident of Grand Forks from 1910 until coming to Nelson in August, 1936. She died Sunday morning at the family home, Victoria Street.

Salmo Ready to Meet New Loan Quota of $20,000

Enthusiastic canvassers are ready and awaiting the opening whistle for the 7th Victory Loan at Salmo.

Preparations for the forthcoming drive were laid at a meeting of committee members at Salmo Wednesday night, under the chairmanship of Gordon Moir. Mrs. E. J. Avery is Secretary for the sub-unit committee.

Salmo's objective is $20,000 as compared to $17,000 in the last loan. A feeling of confidence pervaded the meeting that the challenge of the increased quota would be successfully met.

Large employers of labor were represented at the meeting and their cooperation was offered.

Miss L. McDonald, Former Nelsonite, Given Membership in American College of Hospital Administrators

Miss Lillian McDonald, Superintendent of Salem, Ore., General Hospital, daughter of Mr. and Mrs. J. A. McDonald of Nelson, has been advanced to membership in the American College of Hospital Administrators, one of 125 Canadian and U. S. hospital administrators to be advanced at the annual meeting of the College in Cleveland, Oct. 1.

Miss McDonald is expected in Nelson next week to visit her parents and has been visiting her sister, Mrs. DeRoche at Ottawa. She left Salem for Cleveland to receive the honor during the convocation ceremony at which Dr. R. H. Bishop, President of American College of Hospital Administrators, presided. All 125 had been administrators for five years or more and qualified by intensive oral and written examinations on hospital administration and operation.

Miss McDonald is a graduate of St. Luke's Hospital of Spokane, where she was an honor student in her junior and senior years. She was a staff member of the hospital until she went to Lakeside Hospital, Western Reserve University, Cleveland, for her post-graduate work in 1930. She returned to St. Luke's where she was assistant superintendent of nurses, and later acted in the capacity of superintendent of nurses for one year.

In February 1934 she became superintendent of Salem General Hospital, serving in that capacity since that time. She has been active in nursing and hospital affairs in Oregon associations and was most active in all programs connected with civilian defence, being nurse deputy for Marion County. She is also an active member of Zonta International.

FO. J. McDonnell of Rossland Wins D.F.C.

ROSSLAND, B. C., Oct. 12—D. J. McDonnell received a cable on Tuesday from her son, Flying Officer Joseph L. McDonnell, informing her he had been awarded the Distingulshed Flying Cross.

Joseph McDonnell received his education in Rossland, working in the electric shop for the C. M. & S. before enlisting in the Air Force in 1941. He trained at Edmonton and MacDonald, going overseas in April 1943. He has now completed his tour of operations and is instructing in England.

Nelson Little Theatre Plans Busy Season

At the first meeting of the Nelson Little Theatre Association held recently in the Canadian Legion Hall plans were laid for the coming season. It is expected that several plays will be produced and a new and advanced study course on play acting and production will be embarked on. The first lesson on the new course will commence at the next regular meeting.

Mrs. L. A. McPhail, president for the 1943-44 season, in her report told that the Association had had eight play readings, and nine papers or demonstrations given by guests and members of the Association, in addition to covering the Junior and Senior Courses in Acting, under the direction of Mrs. H. Lakes and Mrs. R. A. Custer. The Association had also had two successful public presentations by the Senior members, one at Robson and the other on Boxing Day at Nelson. The Juniors also appeared successfully on June 1.

The new play "Tomorrow's Children" was reviewed by Mrs. Mona Meagher which was followed by a short discussion on "Play-building" by Mrs. W. A. Bennett.

Officers this season, elected last June, are Mrs. Percy Young, President; Mrs. H. Lakes, Vice-President; Mrs. G. W. Davis, Secretary; Harold Hinitt, Treasurer; George Horstead, Business Manager; L. A. McPhail, Stage Manager; and H. Lupton, Publicity.

The Nelson branch of the Navy League of Canada has received 40 ditty bags to be filled for Canadian sailors. These bags may be received by any citizens wishing to fill them at the City Hall. A number of citizens have already received a bag and as these have to be turned in by the end of October, it is hoped the rest will soon be taken out. A list of items needed to fill these bags will be supplied when the bag is given

The Navy League of Canada has undertaken the task of filling 120,000 ditty bags for the sailors.

Creston Plans Bylaw on Town Planning

CRESTON, B. C., Oct. 12 — Two commissioners, James Cook and Harold Langston, authorized the Secretary, Miss Effie Arrowsmith to write Minister of Public Works H. Anscombe to secure "permission by order in council to submit a bylaw to impose a special rate to raise $5000 for town planning purposes," at the Council meeting here.

The Council read a letter from E. H. Bridgman, Deputy Minister of Municipalities, who suggested levying of a three-mill special taxation on Creston's present assessment, a bylaw covering three years, 1945, 46 and 47, realizing approximately $4000 at the end of the third year. This money would be set aside in a special account designated by law to be used for hiring of an engineer to make a preliminary survey in connection with town planning.

Magnesium is so weak in its pure state that a small boy could bend a half-inch bar, yet it is so tough as an alloy that it will stand the shock of landing a 30-ton warplane.

Our Money Must Support Our Victorious Troops

We are entering our seventh Victory Loan campaign and no basically new arguments are needed for its support.

More money is required than in the Spring campaign for the obvious reason that the victorious invasion of France, Belgium, Holland and Germany has enormously increased costs of military operation. The bills for the titanic quantities of armament and munitions must be paid. We can pay them in one of two ways, by lending the money to the Canadian Government treasury as an interest-bearing investment, or we can pay them in increased taxes. There is no other alternative.

Canadians pay approximately half the national budget during wartime through taxes, half through loans from the people to the Government. Fortunately, Canada's credit is so strong and its national finances have been so capably handled that interest charges on the national debt are on a much lower percentage than when the war began. Consequently the heavy increases in debt will not represent an overpowering burden in the future.

Plenty of money is available in the control of the general public to provide the $54.6 millions which represent British Columbia's quota for this loan, as distinct from the quota for the larger corporations. British Columbians have oversubscribed every Victory Loan, yet savings bank deposits continue to mount. More money is available than last Spring when the non-corporation category of Victory Loan subscribers raised $57.3 millions, $5.6 millions above the Spring quota. Total quota for this province is $130 millions. Corporations and large individual subscribers are looked to for the difference between $54.6 millions and the total quota.

It is an immense job that the committees and salesmen have on hand in contacting the hundreds of thousands of people from whom the $54.6 million has to be raised, but they have never failed in past loans and it is certain that they will succeed on this occasion. But they can only succeed if they are backed by the good will and cooperation of everyone. Few who earn money or who have savings accounts are unable to subscribe. Again it will be sound policy for the individual as well as a most necessary expression of patriotism to subscribe for the largest possible amount in cash and in addition the largest possible amount on the installment plan.

A Fatal Mistake for Small Business to Hogtie Itself With Laws

When control of wholesale and remeasure, the Government at Ottawa tail trade became necessary as a war had to decide between two schools of thought.

One school argued that in the battle against inflation, and faced with the strongest necessity for conserving labor, the wise course would be to reduce the number of retail and wholesale outlets and concentrate distribution in the hands of a few. It was argued that if one great concern could serve a community it would be wasteful to allow three or four to continue to compete for the business.

The rival school of thought contended that we should not, in order to meet a temoprary condition of war emergency, establish totalitarian methods of commerce, that we should as far as humanly possible provide for the exercise of a maximum degree of individual enterprise, so that when victory had been won the public would continue to be benefitted by the progress that comes from competitive enterprise in services, in prices and in quality.

Fortunately for Canada, the latter school of thought prevailed. Small business was enabled to carry on. Free enterprise, within the boundaries of war necessities, was preserved. Totalitarian methods were adopted only to an extent necessitated by the country's danger from an outside enemy, and only as a temporary war measure, with the idea that they would be abandoned at the earliest possible moment after victory.

Controls created many difficulties for business, some of them so great that many small concerns would have been bankrupted if they had not been given counter advantages in the way of restrictions of services, simplification of methods, restrictions in the giving of credit, and so forth. Businessmen have found these cost-cutting restrictions, imposed to meet a war emer strictions, imposed to meet a war emergency and to offset unavoidable higher costs in other directions, advantageous to them. Of a similar nature was the provision that on short orders cafes could charge 10 cents for tea or coffee, and hoist by 5 cents the prices of table d'hote meals that included beverages.

There is a danger to smaller business in Canada that some groups might think it wise to attempt to have such apparent advantages made permanent. It might look like a good idea to cafes, for example, to ask a government to provide statutory control of prices of meals, or to another group to have governed by law, and with a sort of gestapo to enforce it, the amount of down payment necessary to purchase of goods on the installment plan.

If such efforts succeeded they would later be bitterly regretted by those who urged governments thus to enchain them with penal laws against using their own good judgment as business men as to prices they should charge, credit terms they should extend, and all the rest of it.

Nothing is more detrimental to the growth of small and medium-size businesses than laws which restrict the freedom of enterprise, the freedom to exercise their own good business judgment, or the freedom of initiative of the men who run them. All through the ages, laws which hogtie a man in how he shall run his own business have injured the small business and tended to build up monopolies, to the detriment of small business and to the expense of the public in quality, service and price.

Some wartime controls may look attractive now, but they would be one long "morning after" if continued beyond their wartime necessity.

Today's Horoscope

If you have a birthday today, you have the qualities of a great leader. You can grasp any situation quickly and accurately, and your judgment is good. You have an excellent memory, learn readily and can command the attention and respect of others. You require a strong love and like attention. Your next year should be productive of unexpected gains and much happiness. Beware of doubtful financial propositions, however. Be satisfied with good, steady progress. This period favors courtship and marriage. The child born today will be helped and hindered by elderly relatives. He or she will be highly strung, and liable to unexpected reversals through law and unwise speculation.

Gems of Thought

"Among the source of those innumerable calamities which from age to age have overwhelmed mankind, may be reckoned as one of the principal, the abuse of words"—George Horne.

"Without knowing the force of words, it is impossible to know men"—Confucius.

"Whatever weighs in the eternal scale of equity and mercy tips the beam on the right side, where the immortal words and deeds of men alone can settle all questions amicably and satisfactorily"—Mary Baker Eddy.

"Words, like fine flowers, have their colors too"—Ernest Rhys.

Words of Wisdom

Despise not any man, and do not spurn anything, for there is no man that hath not his hour, nor is there anything that hath not its place.—Rabbi Ben Azai.

H. J. Hogg of Kingsgate has written the following letter to this column:

I notice that in your question and answer box of Sept. 23 you have a question from S. W. S., Nelson, asking if "The Rye" in Burns' famous song is a river or a field of grain, and you answer that it refers to the fording of the River Rye. I would be glad to know the authority for that. To begin with "Coming Through the Rye" is a very old, old song which Burns took and burnished up from its rough state into the gem it is today (as he did so many others of the beautiful songs attributed to his name). It has always been understood to belong to the district in Ayrshire where he lived and there is no river or stream or even burn of that name in the district. Then if one reads any of the old or new editions of Burns it will be found that the word 'rye' is always spelt with a small initial letter. Had it been a proper name a capital letter would have been used and lastly if one reads the second stanza carefully:

"Gin a body meet a body
Comin' through the rye,
Gin a body kiss a body
Need a body cry?"

The version generally sung goes on—

"Ilka lassie has her laddie
Nane they say hae I,
But a' the lads they smile at me
When coming through the rye."

But the old original version says,

"O, Jenny's a' wat puir body;
Jenny's seldom dry
She dragl't a' her pettiecoatie
Coming through the rye."

The usually sung version, it is Jenny speaking and in the other, someone else speaking about Jenny. I do not pose to be a real authority of Burns or his works but all the evidence points to Jenny being a lass of many lovers who chose the secluded headrigs of a rye field as a trysting place.

Even admitting the pleasantness of this osculatory pastime, the middle of a river is hardly the place one would pick to indulge. However as the old saying goes, "You pays your money and you takes your choice."

A "Trail Scot" also writes:

Your answer to S. W. S., Nelson, re: the song "Comin' Tho' the Rye" is a way out The chorus says:

"She draiglet a' her petticoate,
Comin' thro' the Rye."

This can only mean she was wading through a field of rye or more likely rye grass.

Our authority for our answer is a chapter entitled "Music," in a book of general information by Frederick J. Haskin, an American writer. He says: "It refers to the fording of the little River Rye. Custom established a toll of kisses to be exacted from lassies who were met in crossing the stream on the stepping stones."

Applying this interpretation to the old original version quoted by Mr. Hogg that "Jenny's seldom dry, she dragl't a' her petticoatie" etc., one might easily take it that Jenny got her skirts wet hopping over the stones. A complete collection of Burns at Nelson Municipal Library gives only a footnote under the poem, noting that dragl't means "soiled," but no mention is made as to what "rye" is referring to. However, there seems, so far, to be no universal agreement as to the meaning and this information is offered only as further explanation.

Victory Loan Flourishes on Battlefront

WITH THE 1ST CANADIAN ARMY IN HOLLAND, Oct. 12 (CP Cable)—Canada's 7th Victory Loan campaign has opened on the 1st Canadian Army front, and they are selling bonds right on the battleline. The campaign continues here until Oct. 26 with $3,500,000 as the target.

In a message to the troops the Canadian Army Commander said that in the past the overseas army has been an inspiration and challenge to Canadians in Canada by the way it has subscribed to successive loans.

Hundreds of signs boosting the loan have been erected by the Provost Corps. Some of them read: "This is no gamble—it's a natural—Canada's Victory Bond sale." Or "The Bond Wagon—Find It—Get on It—Stay on It."

Even in the forward battalions the campaign is going on with specially delegated officers drumming up sales.

Settle Jap Problem Now League Urges

SEATTLE, Oct. 12 (AP)—Dillon S. Myer, War Relocation Authority Director, listened to a first-hand account of anti-Japanese feeling in the Puyallup and White River Valley today from a prominent member of the Remember Pearl Harbor League, a newly-organized group opposing the return of Japanese and Japanese-Americans to the area after the war.

Myer met with C. (Nifty) Garrett, Sumner publisher and member of the executive board.

"The Remember Pearl Harbor League does not have the intention of inciting to bloodshed and riot," Garrett said, "but there is blood in the eyes of the people of these valleys."

"And there will be blood in the eyes of boys who come back to find that we're fighting the war over here," Myer replied. "They're going to be particular about what liberties are taken with our constitution."

Garrett continued:

"What we want is to save fighting the Japanese later. We feel we should dispense with the Japanese now, while the problem is in its infancy."

"That is the point of view of people who refuse to accept the constitution of the United States, which guarantees equal rights to all colors and creeds," Myer said. "I understand your organization advocates taking their citizenship away from these people. When they do that, they are monkeying with your citizenship and mine, and I don't care for that."

"I'm not afraid of rejecting their citizenship," Garrett replied.

Myer said he believed the source of friction was largely economic, and that competition offered by the Japanese was feared. He said some people "forget we have some 12,000 Japanese-Americans fighting with our armies and that in one relocation centre recently we had 49 gold star mothers whose sons had been killed in action."

Bob Hope and Crosby Rival in France

NEW YORK, Oct. 12 (AP)—Bob Hope, Bing Crosby said ruefully today is the favorite entertainer of the GI in France, but the singer claimed his share of glory for entering — for two minutes — a German occupied town still in Nazi hands.

Ten pounds slimmer after an entertainment tour of the French front, Crosby said he and an army lieutenant became lost and drove into the town, looked around and "got out fast."

Speaking of one stop in France, he told a press conference:

"I have a bit of ham in me and I wanted to be recognized by the French peasants. But they didn't recognize me until I had sung several songs, and they would have to remember 'Love in Bloom'."

EDINBURGH (CP)—The King and Queen, during a recent trip through parts of Scotland, visited the Canadian Legion Club, and also the King George and Queen Elizabeth Club for Allied officers. They spoke to several Canadians.

East Kootenay Victory Loan Quota Boosted to Even $1,000,000

CRANBROOK, B. C., Oct. 11—The Seventh Victory Loan quota for East Kootenay has been set at $1,000,000. The quota was $925,000 in the Sixth Victory Loan when subscriptions actually amounted to $1,079,200. Quotas in the six sub-units follow:

Cranbrook $230,000.
Creston $175,000.
Fernie $220,000.
Kimberley $250,000.
Michel-Natal $72,000.
Windermere $53,000.

The new quotas meant increases of $15,000 for Cranbrook; $30,000 for Creston; $10,000 each for Fernie and Kimberley; $2000 for Michel-Natal and $8000 for Windermere.

Subscriptions of these sub-units far exceeded their quotas, however. Cranbrook subscribed $270,500; Fernie $218,750; Creston $188,050; Kimberley $225,200; Michel-Natal and Windermere each $70,150.

Nelson Serviceman Wins Race to Haystack Over Huns

Keeping company with German paratroopers in a haystack in Italy isn't exactly fun, Sgt. L. (Brick) Mawer of Nelson found, according to "Shell Bursts", a column in the Maple Leaf, published in Italy for the Canadian armed forces. The story follows:

"Caught between our fire and the enemy's fire and an air raid at the same time, right after he was forced to evacuate his tank, Sgt. L. (Brick) Mawer of Nelson, B. C., figured he's had just about all the tough luck one person could run into at once. Diving under a haystack for cover, his heart dropped about a foot on seeing a German officer and some paratroopers behind him heading for the same haystack.

"Brick was sure his luck had really run out when he discovered he had left his revolved in the tank. But just as he began to vision his mail being addressed to 'Stalag III', Dame Fortune smiled on him at last. An extra heavy bit of 'arty' fire proved a bit too much for the paratroopers. They never got to the haystack."

Sgt. Mawer is well known in Nelson, his wife and son David residing at their home on Innes Street.

Kamloops Chinese Awarded for Support of Loan

KAMLOOPS, B. C., Oct. 12 (CP)—For their outstanding support of the Sixth Victory Loan a plaque was presented to the Chinese of Kamloops and district on the occasion of the commemoration of the 30th anniversary of the Chinese republic.

In the last loan Chinese here purchased $35,950 in Victory bonds.

Creston Soldier Crawls Through Battle Seeking Lost Aerial

WITH THE CANADIAN CORPS ON THE ADRIATIC, Oct. 12 (CP)—Short shots on the Princess Patricia's Canadian Light Infantry's campaign from the Metauro River, through the Foglia River and the Gothic line, to the Adriatic coast:

Without firing a shot, a platoon commanded by Lieut. Alan D. Fairburn, Winnipeg, on one occasion took 22 prisoners, all paratroopers.

When his platoon came under sniper and machine gun fire, Sgt. Harry Bain, Winnipeg, calmly crawled onto the back of a nearby Churchill tank, successfully directing its fire on the position.

Cpl. Richard Parker, Harrison Mills, B. C., and Cpl. John "Bulldog" Drummond, West Winnipeg, saw a group of 15 soldiers approach them one evening at dusk, noticed the resemblance of their helmets to German issue, yet wondered whether they mightn't be Canadian armored Corps walking back from a "brew in range it was obvious they were up." When the group was well with Germans. The corporal opened up, each accounting for one, the rest fell to the ground. As Germans got up again, Drummond let loose with another bullet, killing a third. At that, a dozen pairs of hands shot into the air as the Nazis surrendered.

When a company was ambushed by two German sections supported by three Panther tanks, things were brisk. The aerial fell away from the company wireless set, and Pte. G. J. Knezacek, Creston, B. C., after trying to rig up a temporary ground aerial by scraping some German wire, decided the only thing to do was to try to find the lost one. Getting down on hands and knees, he went through the battle, retracing the last 50 yards of his path in an effort to retrieve it—only to find it in pieces.

Water Level

Controlled level of the West Arm at Nelson was 5.78 feet above the low water mark or zero at the 1 p.m. readings by the Dominion Public Works gauge both Wednesday and Thursday. This was a drop of .03 foot from Tuesday's reading.

Segura, Talbert Reach Finals

MEXICO CITY, Oct. 12 (AP) — Pancho Segura of Guayaquil, Ecuador, and William Talbert of Indianapolis, Ind., won their way to the Pan-American tennis finals for the third consecutive time as each defeated one of Mexico's Vega brothers today.

In mixed doubles, semi-finals, Armando Vega and Mary Arnold of Los Angeles, who won a tournament at Palm Springs, Calif., in 1941, upset the Pan American champions, Segura and Pauline Betz of Los Angeles, 5-7, 6-4, 8-6.

Also advancing to the finals were the U. S. champions, Talbert and Margaret Osborne of San Francisco, who eliminated Ignacio de la Borbolla, Mexico and Louise Brough of Beverly Hills, Calif., 7-5, 6-0.

Egan Again Turns Out With Bruins

BOSTON, Oct. 12 (AP) — Manager Art Ross of Boston Bruins and players Jack Crawford and Norm Calladine tonight entrained for that National Hockey League Club's preseason training camp at Quebec City. The first workout will be held there Saturday.

Ross expects to rebuild his club about such veterans as Crawford, Dit Clapper, Pat Egan, Jack Shewchuk, all defencemen, and forwards Bill Cowley, Art Jackson, Herb Cain and Buzz Boll.

The Sahara Desert has an area of more than 2,000,000 square miles.

Patrick Pleased With Outlook

WINNIPEG, Oct. 12 (CP)—New York Rangers of the N. H. L. opened pre-season training today with Manager Lester Patrick more than pleased with the outlook for the season. The Blueshirts open the 1944-45 season in Toronto Oct. 26.

Nineteen seasoned professionals ran through scrimmage directed by Coach Frank Boucher.

Working out at defence was Ott Heller who is starting his 13th season with the club. Other veterans back with the club are Bryan Hextall, ace rightwinger; Grant Warwick, who missed part of last season with a fractured skull; Kilby MacDonald and Hank Goldup, both recently discharged from the army, Bucko McDonald and Goalkeeper Ken McAuley.

Buck Nearly Gets Best of Former Nelsonite

Former Staff Sergeant at Nelson for the Provincial Police, A. T. Stephenson recently had an uncomfortable encounter with a buck near Nanaimo, where he now resides. The encounter is described in a Coast paper as follows:

NANAIMO, B. C. — A "vicious" four-pronged buck is roaming the the woods near Departure Bay with a charge of birdshot in him; Bert Stephenson, at one time chief of Provincial Police here, now retired, is home nursing an injured arm, and his springer spaniel, if he could talk, would admit he is not a deer dog, anyway. Mr. Stephenson was in the thick brush near his home at Departure Bay with his shotgun after grouse, when he heard his dog barking savagely a few yards ahead of him.

As he came onto the scene, the spaniel was on top of a stump and a big buck deer was stamping the ground and attempting to reach the dog with his antlers.

When the deer saw the hunter, he charged, knocking Stephenson down and injuring his elbow, also making him drop his gun as he fell. Recovering it, Mr. Stephenson fired two shots at the fleeing deer, which although wounded, escaped.

4 Smoke Eaters Join Moose Jaw Canucks

MOOSE JAW, Sask., Oct. 12 — (CP)—Moose Jaw Canucks of the Southern Junior Hockey League announced today they had acquired four members of Trail Smoke Eaters, last year's Western Canada junior champions and runners up to Oshawa Generals for Dominion honors.

The four are Goaltender Bev Bentley and Forwards Dick Butler, Clarence Marquess and Jackie Miller.

Roy Bentley, former Drumheller senior coach and father of Bev Bentley, has been appointed coach, succeeding Clay Bolteau, former Moose Jaw senior star.

TWILIGHT TEAR HAS EASY TRIUMPH

LAUREL, Md., Oct. 12 (AP)—Calumet farm's Twilight Tear, filly queen of the American turf, led at every stride today for the easiest kind of triumph in the $10,000-added Queen Isabella Handicap, feature of the Laurel Park Columbus Day card.

An estimated 10,000 fans watched the Calumet star collect $7725 for her winning effort today, boosting her 1944 winnings to $141,805. Her all-time earnings were raised to $176,415, placing her second only to Top Flight among fillies on the American turf.

TODAY'S News Pictures

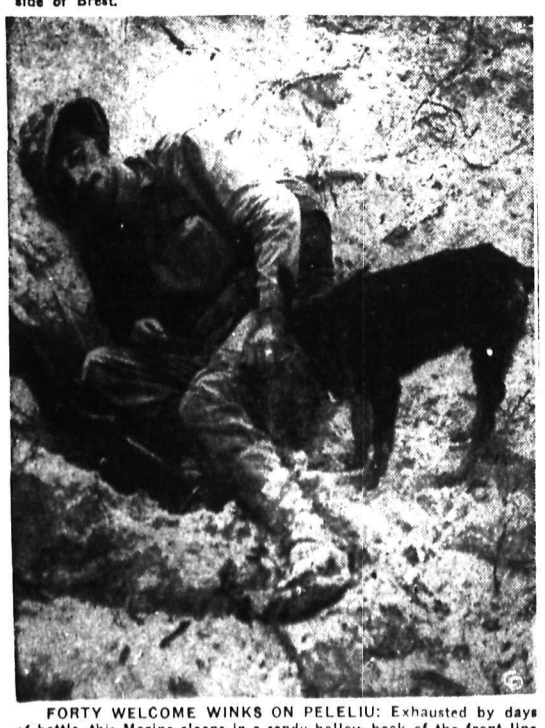
PRINCESS ELIZABETH VISITS WOUNDED SOLDIERS: Princess Elizabeth talking to a wounded soldier during her visit to the Aberdeen Royal Infirmary in Scotland. She accompanied the Queen on a round of visits in Aberdeen.

McNAUGHTON WITH OLD COMRADES: General McNaughton addressed the 2nd Battalion Club, Governor-General's Foot Guards at Ottawa and told members that the record of Canada's fighting men in this war is something their "fathers can be proud of." He is seen here at the club chatting with Capt. C. W. Graham, Ottawa, Royal Canadian Mounted Police, who served under him in the present war.

COLLAR AND TIE: A British soldier wearing the new khaki shirt with collar attached, and tie, which have been decreed for enlisted men while off duty. Battle dress may be worn also, but only over the new regulation shirt, collar and tie.

FRENCH HOSPITALITY IN REVERSE: They say the way to a man's heart is through his stomach, but Pte. Lloyd Lane of Morocco, Indiana, seems to be reversing that saying to test its effect on girls. He's feeding this pretty French mademoiselle from his helmet, full of doughnuts. She was one of the thousands to greet the Yanks outside of Brest.

ON TRIAL: Mrs. Frances Andrews at Salinas, as the third week of her trial starts—she is being tried for the murder of young Jay Lovett.



FORTY WELCOME WINKS ON PELELIU: Exhausted by days of battle, this Marine sleeps in a sandy hollow back of the front line on Peleliu Island, in the Palau group. Standing guard over the Yank's sandy bed is a black dog which "came over" from the Japs soon after the U.S. invaders hit the beach.

TITO'S SON: Zakua Broz, son of Marshal Tito, wearing the Order of the Red Star, as he was seen on the liberated island of Vis. He lost his right arm in the defence of Moscow and is shown wearing an artificial limb.

QUICK-TO-DO CROCHET: These doilies, mainly in knot-stitch, are no knotty problem but quick, easy crochet. The petal-stitch edging sets them off.

A square doily and an oblong, crocheted in knot-stitch, have many uses. Pattern 501 has directions for doilies; stitches; list of materials.

Send 20 cents for this pattern to The Nelson Daily News, Needlecraft Dept., Nelson. Write plainly pattern number, your name and address. Patterns will be mailed to your home in about 15 days. There may be some further delay in delivery because of the large increase in orders during the present season.

South Slocan W.I. Plan Improvements to Lower Hall

SOUTH SLOCAN, B. C.—A largely-attended meeting of the Bonnington and South Slocan Women's Institute was held in the Community Hall with Mrs. J. D. Yeatman, President, in the chair.

Mrs. W. Walkley, convener, reported on the returns from the military whist. It was planned to make considerable improvements to the lower hall, to be used as a sewing room for the Red Cross work party.

A donation of $20 was voted to be sent to the Salvation Army drive of the Red Shield Front.

A motion that the Provincial Institutes be asked to put on a "march of dimes for the cancer fund" was discussed at length.

Committees were arranged for a "penny social" as follows: Mrs. W. I. Jones, convener for hot dogs and coffee; games and entertainment, Mrs. W. Walkley, Mrs. W. C. Motley, Mrs. W. A. McCabe, Mrs. W. P. Rogers and Mrs. C. G. Fenwick.

Mrs. G. Toplisa, who attended the Institute rally in Nelson, gave an interesting report of the proceedings.

The social part of the program was a competition of transposing words, arranged by Mrs. Murray and won by Mrs. Motley.

Mrs. Walkley was hostess for tea.

Market Trends . . .

LONDON, Oct. 12 (CP-Reuter) — Textile machinery shares were stimulated as a result of an increased allocation of iron and steel for machinery manufacture.

Some prominent shares met good support. Selective provincial inquiry developed for Textiles, while Radios were again requested, partly reflecting post-war television prospects. Steady investment inquiry appeared for British funds, while British railways were stimulated by fresh investment support.

German bonds again met speculative support and some other Europeans hardened in sympathy.

MONTREAL—Gains and losses were about evenly divided.

Hudson Bay posted a gain and Noranda and Nickel were lower in Metals.

TORONTO—Only the Western Oil group posted a preponderance of gains. The mining groups were down narrowly and the Industrials took a loss of close to a half-point in the index.

Mild weakness dominated the gold list. Lake Dufault stood out with a drop of 12 cents to 1.70.

Hudson Bay and Noranda added insignificant fractions while weakness was displayed by other Base Metal issues.

VANCOUVER—Both Mines and Oils held firm.

WINNIPEG—Traders reported the purchase of 250,000 bushels of No. 2 Northern wheat by a French possession. Inquiry for Canadian wheat by Rhodesia also was indicated.

Lumber Official Falls Six Floors

KANSAS CITY, Oct. 13 (AP) — Raymond T. Demsey, 64, vice-president of the Long-Bell Lumber Company, was injured today in a fall from the Board of Directors' room of a downtown office building, Fred O. Wilson, police detective, said.

The lumber company executive fell six floors and crashed on a wire mesh over the skylight on the ground floor of the building. It was said his condition was probably serious.

THE NEED FOR *Running Water in* your home and farm buildings was never greater than it is *now!*

Let's Face the Facts

INCREASED production of farm products is vitally important, and the shortage of farm help makes necessary the use of labor-saving devices to achieve that result.

The Government has recognized this fact by authorizing increased production of farm machinery and equipment.

NEW DURO PUMPS

are available in greater quantities this year, but still Duro cannot fill all orders as the demand is so great. If you are one who has been disappointed, don't blame your Duro Dealer as the greater part of Duro's production is War Goods for the Armed Forces. Duro is also handicapped by shortage of materials and skilled labor.

Your Duro Dealer will do his best to take care of your needs.

Eisenhower Decrees "Signs of Enslavement"

LONDON, Oct. 12 (CP) — The German Press appealed today to the people of Allied-occupied zones in Germany to resist the decrees of Gen. Eisenhower, which Nazi editors called "signs of enslavement."

A Berlin broadcast told of the appeal.

At the same time, Propaganda Minister Goebbels, writing in Das Reich, asserted:

"We will fight without compromise and not ask how long the war will last. We will struggle until it is convenient to our enemy to make peace."

Acknowledging that "our country is gravely endangered," Goebbels asserted "they will never be able to dictate a peace to us."

SENTENCED 5 YEARS FOR HOUSEBREAKING

VICTORIA, Oct. 12 (CP) —James Alexander Whatley was sentenced to five years in prison when convicted today by Magistrate H. C. Hall on two charges of housebreaking.

Bacon Markets Assured for Years Even If War Ends

OTTAWA, Oct. 12 (CP) — The United Kingdom will require more bacon from Canada than the Dominion is likely to be able to deliver in the years 1945 and 1946, even if large hog production is maintained, J. G. Taggart, Chairman of the Canadian Meat Board, said in an interview today.

The Meat Board has observed "with concern" reports indicating a decline in hog productions in prospect next year.

Even optimistic estimates indicate the Danish hog population is no more than 60 per cent of pre-war.

This means a country which formerly supplied major quantities of bacon to the United Kingdom cannot hope to regain its old export position for at least a year to 18 months after feed supplies are imported following the war. When shipping and other transport will be available for such feed shipments after the peace cannot be forecast but it may be a considerable time.

Under agreement with the United Kingdom, Canada plans to supply 500,000,000 pounds in both 1944 and 1945, a total of 1,000,000,000 pounds as a minimum.

Canada would like to be in a position to assure the United Kingdom that at least 9,000,000 pounds a week could be shipped, representing 75,000 hogs. This would require the hog population to be kept near its present level.

Planes Rain Destruction on Nazi Plants

LONDON, Oct. 12 (CP)—A fleet of more than 100 R.C.A.F. heavy bombers, part of a force of nearly 5000 Allied planes attacking widely separated Axis targets, today, rained down explosives on the synthetic oil plant at Wanne-Eickel in the Ruhr northeast of Essen. One bomber failed to return.

Meanwhile 750 American heavyweights hammered an aircraft and motor transport factory at Bremen and hundreds of British and American dive-bombers heaped fresh destruction on burning Aachen.

A force of R.A.F. Lancasters ripped German gun installations at Breskens, at the mouth of the Schelde estuary dominating the sea approaches to Antwerp. A large number of Germans are trapped by Canadian forces in this area. One fighter was lost in this operation.

"Urgent Need" for Paper Salvage

OTTAWA, Oct. 12 (CP)—The War Services Department has requested voluntary salvage committees to continue their work, especially in the drive for waste paper, for which there is an "urgent" need.

The request was included in a statement Tuesday in which War Services Minister LaFleche announced Charles LaFerle of Toronto, Salvage Director, was returning to private business, and said that future needs for scrap metals, rubber, fats, rags and bottles could be looked after by normal trade channels.

He said, however, there was still "much useful work" to be done by the voluntary committees, who were requested to continue their activities.

Still Plenty of Land Near Railways—Cooper

VANCOUVER, Oct. 12 (CP) — There is still plenty of land near railway transportation and near markets which should be developed before Canada follows the lead of the U.S.S.R. in pushing the agriculture frontier Northward, Sir Patrick Ashley Cooper, Governor of the Hudson's Bay Co., said in an interview today.

"I don't think we should open up new areas where the operation of unprofitable railways might be involved," Sir Patrick said. "Canada is already well railwayed. We have 3800 miles of steel for a population of 11,000,000."

"Other Cities May Expect Aachen Fate"

WASHINGTON, Oct. 12 (CP) — Other German cities may expect to suffer the fate now being dealt out to explosive-blasted Aachen if the Nazi High Command incorporates them into the battle line, War Secretary Stimson said today.

Mr. Stimson said "no German cities may expect to have immunity from destruction so long as they are maintained as a part of the enemy's battle line. As General Hodges of the American 1st Army has stated, there is no middle course. Either surrender or destruction must be chosen by the Nazis. German civilians will necessarily have to bear the burden of any decision imposed upon them by their military leaders which makes their city a part of the defence line."

Mr. Stimson described the offensive in the Aachen sector as designed "to give us elbow room within the Siegfried Line after testing and overcoming some of its formidable obstacles."

Enemy artillery fire has been strong and enemy troops willing to fight desperately, he said, adding:

"Again I should point out that the German line is cohesive and the discipline of the German troops good. The mobilization effort of the Nazis reaching into every last source of German manpower is producing recruits, even if their training and quality are not all the German commanders would desire."

JOHANNESBURG (CP) — A composition by a native musician, Henry Mokone, was broadcast from Johannesburg recently. This is the second work by Mokone to be put on the air by the South African Broadcasting Corporation.

Plan for Huge Air Network Sent to Gov't

LONDON, Oct. 12 (CP) —Plans for a huge air transportation network throughout Britain and Europe have been drawn up by the British Railways and set to the government, it was announced today in the House of Lords.

The railways propose to operate 19 routes within the British Isles, debate on civil aviation brought out.

They contemplate 20,000,000 miles annually at the outset and progressively increasing that figure. The services would call for upwards of 100 airplanes to carry 25 passengers each, probably the DC3 type at first.

Lord Londonderry sharply criticized what he called Britain's lack of air-mindedness in the debate and said the air activities of America were progressing on a prodigious scale.

Lord Beaverbrook, who intervened to make a statement on government policy, referred to the recent appointment of Lord Swinton as Minister of Civil Aviation and said the Government created machinery likely to give satisfactory results.

The future of civil aviation, Beaverbrook said, will be determined not in Whitehall but in the factories and on the air routes of the world.

Dr. Sydney Smith Will Be Toronto University Head

TORONTO, Oct. 12 (CP) — The Senate of the University of Toronto today accepted the resignation of Dr. H. J. Cody as President, effective June 30, 1945, and named Dr. Sidney Smith, formerly President of the University of Manitoba, to succeed him. Dr. Smith's appointment will take effect July 1, 1945.

IMPERIAL BANK OFFICIALS NAMED

TORONTO, Oct. 12 (CP)—L. S. Mackersby has been appointed assistant general manager and B. E. Howard general supervisor of the Imperial Bank of Canada, it was announced here today.

Morrison Won't Divulge Names of "Right Club"

LONDON, Oct. 12 (CP) — Home Secretary Herbert Morrison declined in the House of Commons today to name members of "the right club" organized in 1939 by Capt. A. M. Ramsay with its announced purpose "to save Britain from the Jews."

Capt. Ramsay, Conservative member for Peebles, was released recently after a four-year detention and said his association with the Club was partly responsible for that detention. He added that certain members of both House of parliament also had been connected with the secret society.

Mr. Morrison said it would not be in the public interest to publish the list, but that all suspected individuals were being watched. The Home Secretary also refused to answer a question as to whether "Lord Haw Haw",—William Joyce, former British Fascist, who broadcasts over the German radio—and Tyler Kent, former United States Embassy Attache now imprisoned, were members of "The Right Club."

William Gallacher, Communist member, asked:

"It is not the case that all or some of those who were members of "The Right Club" were accessories to the theft of documents and espionage carried on by Tyler Kent and Anna Wolkoff?"

Mr. Morrison also declined to answer that question, saying Mr. Gallacher "is getting into rather deep water."

The Home Secretary disclosed 114 British subjects still were being held under defence regulations—the one under which Ramsay was detained.

Interpreting The War News

By KIRKE L. SIMPSON
Associated Press War Analyst

Japanese reports of a massive United States carrier-based plane raid along the West coast of Formosa, within a scant 100 miles of the Chinese mainland coast, touched off Tokyo predictions of follow-up landing operations although they went unconfirmed from any American source.

There seemed no reason to doubt that Formosa, capstone of the Nipponese China Sea conquest arch, had been brought under fire for the first time by American bomber fleets, whether the enemy estimate of 1000 planes involved is accurate or not.

It is a fair deduction that whatever else the bombing of the whole sweep of the Ryuku Island chain, stretching from the Southern tip of Japan proper to Formosa, and then Formosa itself was designed to accomplish, hope of locating the main Japanese fleet and bringing it to decisive action went far to inspire the move. If any substantial part of enemy naval strength has been sighted or its hide-outs located, there has been no word of it in American official reports or press advices from the Pacific.

In view of authoritative disclosure that the Pacific offensive has outpaced most optimistic Allied hopes by many weeks or months, it is doubtful that the far-ranging operations in the East China Sea imply any immediate move to follow through with landings. Distances are still too great for that.
