Mayoralty and Aldermanic Contests Assured in Nelson

Mayoralty and aldermanic contests in Nelson are assured, with at least two candidates for mayor and at least six for alderman. Nomination papers must be filed at the City Hall before 2 p.m. today.

No contests are in prospect as yet for the School Board or Police Commission.

Mayor N. C. Stibbs has stated he will seek reelection for his ninth term as the City's Chief Magistrate. He will be opposed by Ald. T. H. Sters, whose aldermanic term has expired. It will be his second bid for the mayoralty.

Of the three retiring aldermen, only Ald. A. H. Allan has so far announced that he would stand for reelection. The third is Ald. J. E. McKenzie, and he has made no definite announcement. F. N. Emmott has resigned from the Police Commission after completing half of his two-year term and will enter the aldermanic field along with T. S. Shorthouse, whose term as Police Commissioner has expired. Others entering the field are Ross Fleming, former alderman; S. J. Newell and D. D. Rosling.

Other names are linked with aldermanic aspirations, but as yet no definite statements have been made. All three vacancies are for two-year terms.

Two retiring School Trustees, Dr. C. E. Bradshaw and C. H. Sewell have stated they would stand again, but a third Trustee, W. E. Coles, will stay on the sidelines after 16 consecutive years on the Board. A third contestant will be V. C. Owen, *who is offering for the first time.*

There are three vacancies, all for two-year terms.

With both Commissioners Shorthouse and Emmott in the aldermanic race, there are two Police Commission positions open, one for one year and the other for two years. *The Mayor as Chairman* will complete the Commission.

Up to late Sunday night, only Herbert Harrop had appeared to run as Commissioner. He said he would try for the one-year term.

Patton Seriously Hurt in Crash

MANNHEIM, Germany, Dec. 9 (AP) — Gen. George S. Patton, Commander of the United States 15th Army was seriously injured today when his automobile collided head-on with a half-ton Army truck on a super-highway near the outskirts of Mannheim. His condition was described officially as "serious."

The Army statement said Patton is suffering from spinal injuries.

Maj.-Gen. H. Gay, Chief of Staff of the 15th Army, the only other passenger, and the car's driver were taken up.

An ambulance made the 20-mile trip to hospital in Heidelberg in 25 minutes.

Gen. Patton did not lose consciousness.

Eyewitnesses said the accident occurred when two Army trucks came out suddenly from a side road into the autobahn, cutting in front of the Patton car.

GEN. GEORGE S. PATTON

WAS GOING HUNTING

The front end of Patton's machine was badly damaged and the back seat, where he was sitting, was covered with blood.

Hospital attaches said Gen. Patton himself gave orders to admit no reporters to the hospital.

Gens. Patton and Gay had left 5th Army Headquarters at Bad Nauheim early this morning to go pheasant hunting near Mannheim.

Gen. Patton, known to his men as "Old Blood and Guts", was 60 years old on Nov. 11 and has been unofficially reported planning retirement after a colorful 41 years in the Army climaxed by the spectacular 3rd Army dash through France and Germany in 1944 and 1945.

Gen. Patton, a swashbuckling, [illegible] figure, has been one of the most colorful, most controversial, figures in the United States Army.

His most outspokn critics agreed that he proved a superb field commander and a tank and armor expert who bowed to no peer, either Allied or enemy.

SAW LIKENESS

But he was removed from the command of his 3rd Army last October after he had made a press-conference statement on the de-Nazification program in his occupation zone. Gen. Patton was quoted as comparing "this Nazi thing" to the "Democratic and Republican fights back home," and adding "You always find the outs back home making charges against the ins."

On Oct. 2 Gen. Patton was relieved of his 3rd Army command and assigned to the 15th—a paper Army the current duty of which is to prepare reports on lessons of the war.

Regina Printers Hear Union Representative

REGINA, Dec. 9 (CP)—Printers employed by the Regina Leader-Post, about 90 of whom left their machines for 75 minutes Friday to attend a meeting called to discuss a breakdown in negotiations for a new contract with the newspaper, met Saturday for 90 minutes to hear Harry Finch of Windsor, Ont., representative of the International Typographical Union's Indianapolis office.

J. D. Davidson of Victoria, Western Representative of the I.T.U., said after the meeting the proceedings were confined to "general discussion," and that no motions were proposed or passed.

58 DISTRICT SERVICEMEN DUE AT COAST

When the troop trains carrying the 860 B. C. Army repats arrive in Vancouver they will bring home 54 Kootenay district servicemen. The Queen Elizabeth docked in New York Dec. 7 and the men are expected in Vancouver next Friday.

Also arriving on the Queen Elizabeth were four airmen. The ship carried 1320 Air Force personnel.

Air Force repats:

FO. S. Butte, Michel; Lac. O. P. Bourchiere, Rossland; Cpl. G. E. Hughes, Rossland; Lac. G. A. Stewart, 910 Silica Street, Nelson.

Army repats:

Sgt. R. Rehak, Kaslo; Cfn. H. G. Ahlgren, Michel; Spr. E. F. Blackwell, Trail; L.-Cpl. T. W. Bradford, Cranbrook; Cpl. G. W. Dill, Nelson; Cpl. A. F. Dunn, Nelson; Tpr. M. D. Dvernychuk, Cranbrook; Pte. A. W. Edmunds, Cranbrook; Pte. W. A. Emmery, Trail; Pte. P. Fetzko, Fernie; Rfn. L. Houdayer, Nakusp; Spr. M. Joy, Creston.

Cpl. J. M. Main, Trail; Spr. A. Wiens, Creston; Pte. H. D. Wilson, Nelson; L.-Cpl. L. J. Kalusk, Fruitvale; Gnr. C. R. Kanester, Creston; Spr. J. Markin, Castlegar; Gnr. L. Neil, Rossland; L-Cpl. J. O. Trinder, Kimberley; L.-Cpl. J. Woods, Trail.

Sgt. A. J. A. Conroy, Cranbrook; Sgt. A. B. C. Dodd, Salmo; L.-Sgt. H. C. Pitts, Nelson; Cpl. C. H. Adams, Slocan; Cfn. N. W. Anderson, Nelson; Cfn. D. A. Boyd, Nelson; Cpl. G. Cheyne, Trail; Tpr. C. E. Langridge, Canal Fats; Pte. P. Chomyshim, Nelson; Sgmn. A. F. Currier, Nelson; Pte. A. J. Fuller, Invermere; L.-Cpr. H. G. Gardner, Nakusp.

Sgmn. G. Stevely, Cranbrook; Sigmn. P. H. Wilde, Salmo; Sigmn. H. J. G. Wilkinson, Grand Forks; L.-Cpl. J. T. Brown, Nelson; Pte. L. C. Gilchrist, Cranbrook; Gnr. T. Haves, Trail; Gnr. D. Herrin, Gibson's Landing.

Sgt. G. Ure, Kimberley; Pte. W. J. Clarke, Trail; Cfn. E. B. Dockerill, Traill; Gnr. D. E. Wheaton, Cranbrook; Pte. H. W. Wichwire, Creston; Gnr. A. Milne, Trail.

Cpl. M. S. Haley, Cranbrook; Cfn. A. W. Hirst, Trail; A.-Cpl. J. F. Issel, Rossland; Pte. R. L. Matthews, Trail; Pte. J. A. Prince, Fernie; Sigmn. J. H. Reeve, Richel; Cfn. J. I. Shaw, Cranbrook; Sigmn. J. M. Skilling, Grand Forks.

$1,000,000 Damage in Quebec Storm

QUEBEC, Dec. 9 (CP)—Damage estimated at nearly $1,000,000 was caused by rain, wind and sleet in the Quebec City area during the weekend. All telephone and telegraphic communications with outside points were reported down at one period.

All districts of the city were deprived of electricity for more than 36 hours after a great number of broken trees and poles had fallen on electric wires. Streetcar and bus services were disorganized for a time.

No deaths were reported but officials of the Quebec Power Company and the Bell Telephone Company stated tonight that a number of their employees suffered slight injuries while doing repair work.

PUSH SEARCH FOR MISSING PLANES

PORTLAND, Ore., Dec. 9 (AP)—Army-Navy rescue units are still searching the Pacific Northwest for survivors or wreckage of four military aircraft missing with 31 servicemen aboard.

Efforts to locate six men missing in two other crashed planes have been halted, Capt. A. R. Lorts, Army Air Base Officer here, reported today.

Seven aircraft were involved in mishaps the last six weeks with 52 American servicemen and one civilian mail pilot in the Coastal and Cascade Mountain ranges between Northern California and Nome, Alaska.

PROPOSED UNITED NATIONS HEADQUARTERS
NAVY ISLAND AT NIAGARA FALLS
ON THE INTERNATIONAL BOUNDARY
BETWEEN CANADA AND THE UNITED STATES

NIAGARA FALLS: Ont., Dec. 10—Some 315 acres of uninhabited land situated in the middle of an international river a short distance above the world-renowned Falls of Niagara may become the centre of world attention. It is on that spot of ground, Navy Island, as it is called, that the United Nations Organization may erect its permanent headquarters.

That, at least, is what the folks in the American and Canadian communities along the Niagara River between Lake Erie and Lake Ontario are saying. Navy Island seems to meet all the known requirements of a world capital site and at the same time possesses certain unique features which may count heavily in its favor when the final selection is made by UNO.

It is three-tenths of a mile from the Canadian shore and slightly less distant from the Western border of the United States on Grand Island. It is owned by Canada.

Northwest Mining Declaration Urges Posting of Performance Bonds

SPOKANE, Wash., Dec. 9 (AP)—The Northwest Mining Association today adopted a "declaration of policy" declaring that labor "should be made equal before the law" with management and asserting that wartime wage increases in the mining industry "can not possibly be maintained without greater productivity on the part of labor."

Adopted on the final day of the association's 51st annual convention, the declaration urged that collective bargaining agreements provide "an appropriate guarantee, such as posting by each party of performance bonds."

The declaration also contended that:

Creation of a Columbia Valley *authority and similar authorities* throughout the nation would be "subversive of constitutional processes and lead to destruction of individual as well as state rights."

"Tariff policies must favor American production of ore if we are not to become dependent upon foreign sources for essential metals for national defense.

Indian Reservations should be created only by Congress, and the law conferring such authority on the Secretary of Interior should be repealed.

Water pollution, " a local problem, varying widely in nature and amount, and best dealt with by state and local authorities," should not be controlled by a Federal agency.

WANTS REIMBURSEMENT FOR GOLD OPERATORS

Gold mine owners and operators should be reimbursed "for capital losses and unreimbursed maintenance costs" resulting from the wartime closure of mines, and should receive adequate Federal loans to rehabilitate the properties.

A post-war tax system to "furnish incentive for investment and employment" should include further reduction in corporate taxes and individual surtax rates.

A highway should be constructed to Alaska West of the Rocky Mountains connecting Pacific Northwest highways with usuable portions of the Alcan Highway.

Financing of primary mining ventures "must not be subject to the whim and caprice of governmental agencies but must be freely permitted with checks only to prevent fraud."

The declaration said the mining industry "does not seek special *favors or demand bonuses or subsidies,*" but "does ask that the importance of the industry to the safety and economy of our people be fully recognized.

The association opposes, the declaration said, "any expansion of the government leading system to *cover public lands valuable for their* metal content, to exact royalties and to extend the bureaucratic control of the General Land Office over the free enterprise of prospectors and locators."

Columbia River Scheme to Go to Resources Dept.

Investigation of power development in the Columbia River is still in the hands of the Department of External Affairs but is expected next year to be transferred to Mines and Resources, stated Resources Minister Glenn in the House of Commons in reply to a question from H. W. Herridge, M.P. for Kootenay West. The report in Hansard says:

"Mr. Herridge: There is one question which I should like to ask. Since the Prime Minister tabled the terms of reference to the international joint committee in March, 1943, in connection with the investigation of the possibilities of the *Columbia River Basin for the development* of power, storage and conservation purposes, the people of my constituency of Kootenay West have been very much interested in this matter which is of vital concern to them because they realize the possibilities in the future. I should like to ask the Minister what work has been done and what progress has been made by the members of his staff in connection with the investigation into this question.

"Mr. Glen: At the moment that is in the hands of the Department of External Affairs, but next year I expect it will be transferred to the Department of Mines and Resources to be dealt with."

Passenger Rams Transcontinental

ARMSTRONG, Ont., Dec. 9 (CP) — Two persons were killed and 33 believed injured, seven of them seriously, when an eastbound Canadian National Railways passenger train ran into the rear of another passenger train at Jacobs, Ont., about 38 miles West of here early today during a blinding blizzard.

Dead are Arthur W. Hall, sleeping car conductor, and O. Mayes, porter, both believed to have lived in Toronto.

Those suffering more serious injuries are Mrs. Doris Greisboris, Toronto; R. W. Mullins, train conductor, Winnipeg; Phil Agnew, Durham, S.C.; Stanley Ball and V. Clark, both of Geraldton, Ont.; Margaret Bell, Victoria, B.C.; and Harry Wright, Quill Lake, Sask.

The accident occurred when train No. 2 ran into the rear of transcontinental train No. 4 during a heavy snowstorm when visibility was almost impossible. *Train No. 2 had stopped for water* and was slow getting underway due to the storm. No. 4 left Vancouver Thursday.

The injured were brought to hospital at Armstrong and Sioux Lookout, Ont. Seventeen passengers were injured and 16 C.N.R. employees.

Mayes was killed instantly while Hall died shortly after the crash.

The list of persons suffering minor injuries included Paul Gleddon, Outremont, Que.; Raymond Greenidge, sleeping car porter, Toronto; E. V. Coini and Franz Salo of Mairn Centre, Ont.; F. Webber, sleeping car porter, Toronto; P. J. Sproule, Sioux Lookout; and A. Syborchuk, chef; W. LaGuardia, dining car steward; N. Steinburg, newsboy; W. R. Demiux, porter; E. E. Williams; Mrs. J. C. Portnuff and Wendy Joy Portnuff, whose addresses were unavailable.

Jacobs is a small railway settlement on the main transcontinental C.N.R. line running North of the Great Lakes. It is about 325 miles East of Winnipeg and about 125 miles North of Port Arthur and Fort William.

Located West of Lake Nipigon, Jacobs can be reached only by rail through the rugged terrain in Northwestern Ontario.

A heavy snowstorm, accompanied by high winds, made visibility practically impossible when the accident occurred about 6 a.m. C.S.T.

RAMS THROUGH COACHES

The injured were attended by two Royal Navy nurses and Surgeon-Lieut. Ellis, Royal Navy, who were returning to England from Manila and Korea.

When No. 2 plowed into the tail end of No. 4 it rammed through several coaches.

Among passengers on No. 4 were a number of British soldiers and sailors returning home from Korea.

The Canadian National Railways announced there would be an investigation into the cause of the accident.

FOIL POSSIBLE SUICIDE TRY BY KURT MEYER

BY ROSS MUNRO

AURICH, Germany, Dec. 9 (CP Cable)—A possible suicide attempt by Maj.-Gen. Kurt Meyer was frustrated when half of a safety razor blade was discovered hidden under a badge of the uniform he will wear tomorrow at the opening of his trial on war crimes charges, Lt.-Col. Tommy Defaye of Saskatoon disclosed tonight.

Col. Defaye, Commander of the Royal Winnipeg Rifles, is in charge of Meyer, charged with direct and indirect responsibility for the murder of 48 Canadian prisoners of war in Normandy in the Summer of 1944.

The uniform was taken from Meyer, 33-year-old former S.S. Division Commander, when he was brought to Aurich from a British prison camp last Oct. 31. He was given black overalls to take its place. The uniform remained unexamined until a few days ago when the badges were removed in accordance with court rules so that Meyer could appear in it.

Underneath the Wehrmacht badge which S.S. troops wear on the left sleeve a small piece of razor blade was found neatly sewn in place.

Meyer will appear tomorrow minus the badges and minus the blade but wearing the insignia of a Major-General.

SOUTHERN ENGLAND'S FIRST SNOW FALLS

LONDON, Dec. 9 (CP)—Southern England's first snow of the Winter fell Saturday along the Dover Coast and the Straits were swept by frequent squalls.

MacArthur Ends Jap Feudal System With Land Redistribution Order

By MORRIE LANDSBERG

TOKYO, Dec. 10 (Monday (AP) —Gen. MacArthur today laid down a sweeping program of Agrarian reforms for Japan to "destroy the economic bondage which has enslaved the Japanese farmer for centuries of feudal oppression."

In a move calling for abolition of absentee land ownership and making provision for Japan's millions of small tenant farmers to buy their own farms on long terms at low rates, the supreme Allied commander ordered the Japanese Government to carry out the order by March 15.

The directive, which headquarters termed one of the most far-reaching of the occupation, contains basic economic reforms in conformity with the principles of the Potsdam Declaration. It cites these "pernicious ills" affecting Japan's farmers:

1. Intense overcrowding of the land: Almost half the farm households in Japan till less than 1½ acres each.

2. Conditions highly unfavorable to tenants: More than three-fourths of the farmers in Japan are tenants, *paying rentals amounting to half or* more of their annual crops.

3. A heavy burden of indebtedness: Less than half the total farm population is able to support itself on agricultural income.

4. Governmental discrimination against the farmer: Interest rates *and direct taxes are more oppressive* than in commerce and industry.

5. Authoritative governmental control over farmers: Arbitrary crop quotas often restrict farmers.

"The emancipation of farmers cannot begin," Gen. MacArthur said, "until such basic farm evils are uprooted and destroyed."

Last of Group Which Pried Into King Tut's Tomb Dies

CAIRO, Dec. 9 (AP) — Alfred Lucas, 79, the last principal survivor of the British archeological party that opened the tomb of King Tut-Ankh-Amen in 1922, died today after suffering a heart attack in a Luxor hospital.

SAFECRACKERS TIE WORKER, TAKE $4600

VANCOUVER, Dec. 9 (CP)—Two men escaped with nearly $4600 in negotiable securities and cash from the Robertson Bakeries, Limited, here early today.

Jack Whitehall, doughman, said two men surprised him at work. *One was tall and carried* a black pistol, the other was short and carried a pinch bar.

Whitehall said the tall man threatened him with the gun while the short man tied him to a post with electric wire, then kept guard while the tall man went to the bakery *office* and blew up the safe.

Duncan Cameron, bookkeeper, said the safe contained $1000 in Victory Bonds, *checks totalling* $765 and $3422 in cash.

The explosion blew the doors from the safe and left the office in shambles.

DOMINION DOESN'T WANT PART IN COAST HOTEL PLAN

VANCOUVER, Dec. 9 (CP)—City Council was notified today the Dominion Government will not participate in any scheme for joint operation of the Old Hotel Vancouver as a hostel for returned soldiers and their families.

SEEK MEMORIAL BUILDING AT VERNON

VERNON, B. C., Dec. 9 (CP)—A petition requesting that a memorial building be constructed here to honor the city's war dead has been placed before the Vernon School Board by the Student's Council of the Vernon High School.

Ilsley on Price of Silver

Exact terms of Hon. J. L. Ilsley's announcement in the House of Commons Dec. 1 of higher prices for silver produced by small mines and by gold producers in reply to a question by H. C. Green, M.P., were:

"Arrangements have been completed with the major silver refiners whereby approximately 50 per cent of the silver which will be refined by them in 1946 will be reserved for domestic consumers and sold in Canada at Canadian silver prices. This silver will be distributed in accordance with normal usage. At the same time arrangements have been made by which small *silver producers in the Cobalt area* whose silver is refined in Canada will receive the export price for *their production. The small pro*ducers in British Columbia whose silver is refined at Trail, British Columbia, will be treated in the same manner. The mint has agreed to pay gold producers shipping buillion to the mint the export price for one-half of the by-product silver recovered and the domestic price for the other half.

"Mr. Green: Does that mean the domestic price of silver is still to remain under the ceiling?

"Mr. Ilsley: Yes."

FRENCH SCIENTIST DIES

PARIS, Dec. 9 (AP)—Henry Joly, 79, French scientist credited with aiding in inventions leading to the development of motion pictures, died at his home in Paris Saturday night. He had corresponded frequently with Thomas A. Edison during the lifetime of the American inventor, and they had exchanged ideas about developments in motion picture making.

The Weather

Temperatures — Max. 32.7, Min. 25.1.

Saturday—Max. 34.2, Min. 27.2; *Snow—.02 of inch.*

Forecast, Kootenay: Cloudy morning and occasionally partly cloudy in afternoon with occasional light snow, slightly milder.

Hess Tells Why . . .

Secret Flight Was to Bring Peace

Rudolf Hess tells, in the following report his version of why he flew to Scotland in 1941. His story is the first direct communication from the former No. 3 Nazi to the press since he was imprisoned by the British Government in 1941.

By LOUIS P. LOCHNER AND WES GALLAGHER

NUERNBERG, Dec. 9 (AP) — Rudolf Hess declared today that he flew to Scotland in 1941 to try to halt the fight between two "noble races"—England and Germany—*and not to enlist* British aid in the attack on Russia, as widely believed.

Hess asserted he had planned the flight for nearly a year before the invasion of Russia, and *even had* taken off for England several times from June, 1940, onward, but each time was forced back by bad weather. The successful attempt came on May 10, 1941.

The former No. 3 Nazi, and self-confessed amnesia faker, made the *statements* in written answers to questions submitted to him in his Nuernberg jail cell.

LOYAL TO HITLER

He said he had expected to be called crazy by Hitler, ad professed undying loyalty to the man he helped to write "Mein Kampf."

The gaunt Nazi sub-chieftain considered the questions for three days before answering them. He indicated that he had no definite plans of operation, once he landed in *England, and carried only a letter* of introduction to the Duke of Hamilton from Professor Karl Haushofer, his spiritual mentor and exponent of geopolitics.

***One novel feature of Hess'* statement was his insistence that even Haushofen and Willy Messerschmitt, German aircraft builder, knew nothing of his proposed flight. It had been presumed that both of them knew his intentions.**

Asked what was the purpose of the flight to Scotland, Hess replied:

During the campaign in France I expressed my view to the Fuehrer, in June, 1940, that on conclusion of the peace with England (we then considered imminent), a demand should be made for the return of what had been taken from Germany by the Versailles Treaty. For instance: the equivalent of the German fleet.

The Fuehrer disagreed, saying: "You know that already in our talks during our imprisonment at Landsberg, in 1925, and ever since then, I have declared again and again that the basis of my policy upon seizing power must be an understanding with England. Even today I have not given up hope that this *understanding can be achieved* when a certain period of time has elapsed after this war.

WANTED LASTING PEACE

"If, however, one desires an understanding with a people, one must not make demands beforehand which are bound to engender bitterness. I don't want a Versailles Treaty which sooner or later will lead to a new war. I am striving for a peace which will last, bring *reconciliation between peoples, and* which will be enduring.

"I have to insist on two conditions. First, an exact delineation of the spheres of influence of both powers, and second, a return of some former German colonies. This demand for the return of German *property is a very modest one com*pared with the size of other colonial empires.

"I consider this war, in which for the second time within one *generation peoples of a noble race* are decimating each other and are destroying their very substance, as a terrible tragedy. *The sooner this* war is ended, the better it will be for humanity.

"In order to attain this end, however, everything must be avoided *that might wound British prestige."*

I said to myself at the time that most likely, reasons of prestige prevented England from entertaining the various proposals for *understanding made by the Fueh*rer.

Considering the military position then prevailing, England could negotiate without loss of prestige only if a reason visible to the whole world for entering into parleys with Germany could *be provided. I therefore decided* to supply this reason by going personally to England.

I left a letter for the Fuehrer at the moment of my departure, giving *my reason for the flight.* In it I argued: after contact with me, the British Government will be in a position to declare:

"We have become convinced in *talks with Herr Hess* that *proposals* of the Fuehrer looking toward an understanding had been made in earnest. Under these circumstances, England does not feel justified in assuming responsibility for prolonging the slaughter without having endeavored to bring the war to a conclusion acceptable to all parties. She therefore declares her willingness to enter upon negotiations *looking to this goal."*

What I wrote to the Fuehrer, I repeated to such personages in England as I met there. The attitude which motivated me is perhaps best expressed in what I said during a conversation in England:

"The decision concerning my flight was, without doubt, the hardest I ever made. It was rendered easier, however, when I visualized the endless rows of children's coffins in both Germany and England, *with mothers in dire distress* following behind and similar rows of mothers killed by bombs, with crying children following."

FLIGHT SECRET

I assume many people will interpret this as misplaced sentimentalism. At the same time, I am convinced that mothers on both sides of the Channel will understand me.

Q. Did Hitler or any other top-flight Nazi know of the flight beforehand?

A. Neither Adolf Hitler nor anybody else knew of my intention, except for an adjutant whom I took into my confidence.

Gulps Nickel, Gives Penny Back

CHICAGO, Dec. 9 (CP) — For most Canadians and Americans, 1945 will be remembered as a year of triumph and the end of history's greatest and most terrible war. Scientists may hail it as the birth of the atomic age.

For Stanley J. Bonner of Houston, Tex., it will always be recalled as the year he was shot by a duck.

For the National Safety Council's annual roundup of odd accidents showed Mr. Bonner was one of a handful of hapless citizens—and dogs—to whom things happened that shouldn't happen to man nor beast.

Bonner went hunting in his back yard for a couple of domestic ducks. He dropped the first one, as planned, with a shot from his automatic pistol. The second duck, having different ideas, banked into his gun *hand and the slug struck the hun*ter in the knee. The duck? Still alive and quacking.

LADY LUCK LAUGHS OUT LOUD

Fate was a shade more gentle with Mrs. Margaret Cook of Toledo, O. Her car blew a tire at a railroad crossing and careened down the tracks to greet an approaching freight. However, her car snagged a signal switch and threw a red block *against the train, automatically* stopping it.

Taxi driver Ethel Sheffield's car also crossed her up and then tried to right things. Her cab skidded into a lamp post in Regina, Sask., in 16-degree-below-zero weather last January. She was knocked unconscious by the impact, but the *crash* set off a fire alarm box on the post and firemen rescued her from possible death by freezing.

Jesse Spitzer of Denver got run over by a train the hard way and lived to tell about it. His automobile was involved in a collision that shot him through the roof of his car and onto the tracks in front of an approaching freight train. He lay quietly between the rails brooding over his broken leg and bruises while the train sped over him.

WRONG CHANGE

Seventeen-month-old Larry Lingle of Harrisburg, Pa., ended the year in the red. He swallowed a nickel and coughed up a penny.

QUICKIES . . . By Ken Reynolds

"I'm getting suspicious of my wife—I think she bought a Watch Dog with a News Want Ad!"

$5,226,850 Subscribed In General Kootenay Loan Canvass; Special Names Swell Total to $14,701,850

A total of $5,226,850 was raised by the Kootenays in the employees and general canvass of the Ninth Victory Loan, official figures reported by E. F. Campbell, Secretary, Provincial Public Relations Section, Vancouver, reveal.

In East Kootenay there were 4724 applications for a total subscription of $1,999,000; in Trail Unit 6500 applications for a total of $1,927,850, and in Nelson Unit 3369 applications for a total of $1,300,000.

Trail led in special names subscriptions with four applications for a total of $9,325,000; East Kootenay was second with one application for $100,000, and Nelson third with two applications for $50,000. These subscriptions brought the grand total to $14,701,850.

Results of the general canvass, follow:

	Totals	Percentages	Quotas
East Kootenay	$1,999,000	140	$1,425,000
Trail Unit	$1,927,850	135	$1,425,000
Nelson Unit	$1,300,000	123	$1,050,000

House Disposes of Agriculture Estimates in Sat. Night Sitting

BY GEORGE KITCHEN
Canadian Press Staff Writer

OTTAWA, Dec. 9 (CP)—Troubles of the hardy Canadian farmer were placed before the Commons Saturday as the House sat late into the evening studying agricultural estimates in the drive to clean up sessional business by next weekend.

It was the first Saturday night sitting of the session and, when the adjournment bells rang at 11 p.m., the agricultural estimates, of wide interest and notably the most difficult to get through committee, had been disposed of.

Before rising after hours of steady discussion, the members gave brief attention to estimates of the Trade and Commerce Department, which likely will engender considerable debate on post-war trade problems when they again come before the committee.

Before embarking on the agricultural discussion, the House passed 124-12 a resolution preliminary to a bill for ratification of the Bretton Woods monetary agreements and in pre-division sing-song emphasized their desire for prorogation with the seasonal "I'm Dreaming of a White Christmas."

The vote brought a brief interruption in a Social Credit "filibuster" against the Bretton Woods proposals, but when the House went into committee on the resolution the word-battle was resumed with Victor Quelch (SC—Acadia) continuing the party's denunciation of the agreements.

Social Crediters, who have monetary reform as one of the main planks of their platform, were expected to continue their filibustering tactics when the debate resumes tomorrow.

READINGS FOR BUDGET RESOLUTION BILLS

The House gave first reading to three bills based on budget resolutions. They were measures to amend the Income War Tax Act, the Excess Profits Tax Act, and Succession Duty Act and the Special War Revenue Act.

During a discussion on the prices of farm products, Mr. Gardiner told the House he knew of no boundary anywhere in the world that was "more completely closed against the international marketing of products than is the Canadian-American line against the marketing of farm products."

The boundary line had been closed to the flow of farm products during the war because of the necessity of retaining food in Canada either for domestic consumption or for export overseas.

If the line was reopened under present condition Canadian farm products would "just disappear" over the boundary and Canadians from one end of the country to the other would be "pleading" for food within a week. This was because American food prices were higher than Canadian.

This condition could not continue very long and it was obvious something would have to be done to stabilize values in the various countries "at some very early date."

M. J. Coldwell, C.C.F. Leader, urged a policy of water conservation for Western Canada and land reclamation for Eastern Canada during a discussion of the Prairie Farm Rehabilitation Act.

These projects would be for the good of all Canada. The Government should send engineers to survey the potential productivity of areas where water conservation and land reclamation projects might be carried out.

TOAST and TEA
BEAN MARKET

There was an old English family which at one time had intermarried with a Jew and the family name was Isaacs-Wilson. The family were members of the Church of England and for a long time had no Jewish connection except that suggested by the name Isaacs. So at one time, in order to remove a suggestion which was no longer warranted, the head of the family dropped the Isaacs and thereafter was known as Wilson. But the eldest son had been baptized as James Elliott. When he became head of the house he reinserted the Isaacs, for he pointed out that without this his own initials were more embarrasing to him than the frank Jewish surname.

● Here's what to do. Get a bottle of BUCKLEY'S MIXTURE. Take a few sips. Feel its instant effective action spread through throat, head and bronchial tubes. It starts at once to loosen up thick, choking phlegm, ease the cough, soothe the raw irritated membranes of throat and upper bronchial tract. Don't take chances—take BUCKLEY'S, Canada's largest selling cough and cold remedy. It's different—It's all medication—no syrup—acts faster—goes farther.

BUCKLEY'S MIXTURE

Charge Jap General With Permitting March

TOKYO, Dec. 9 (AP)—The United States today charged Japanese Lt.-Gen. Masharu Homma, conqueror of the Philippines, with permitting the death march of Bataan and other atrocities against Filipinos and Americans.

The indictment also named four other officers accused of sanctioning murder, brutalities and other crimes during the early months of the war in the Philippines.

Homma, 58, who is held at Omori prison camp outside Tokyo, will be taken to Manila for trial shortly, presumably before the same type of military commission which two days ago sentenced Lt.-Gen. Tomoyuki Yamashita to death.

CZECHS TO SHARE SUGAR

WASHINGTON, Dec. 9 (AP) — Director General Herbert H. Lehman today announced a "most welcome" contribution to the United Nations Relief and Rehabilitation Administration of 2000 tons of Czechoslovak sugar. "In spite of her own hardships," Mr. Lehman said, "she (Czechoslovakia) can still think of her unfortunate neighbors and make sacrifices to help them out."

Flood of Requests for Visas for Visitors to U.S.

VANCOUVER, Dec. 9 (CP) — Edwin F. Stanton, American Consul-General here, said tonight that offices here are being swamped with applications for visas for a stay of more than 29 days in the United States.

"Considerable" increase in travel to the States has made it impossible to issue immediately visitors' visas, he said. At least three weeks is required for the process.

Harrop Offers for Police Commission

With two vacancies on the Nelson Police Commission occurring, Herbert Harrop, Nelson business man for many years, said Sunday he would file nomination papers for the Commission Monday morning.

T. S. Shorthouse has just completed a two-year term on the Commission, while F. N. Emmott resigned at the end of the first year of his term to offer for alderman.

Mr. Harrop seeks election to the one-year term resulting from Mr. Emmott's resignation. In the auto business in 1929, he has actively participated in community life, holding memberships in the Board of Trade, Gyro Club and the Nelson Curling Club. He was also a member of the Associated Canadian Travellers.

Prior to starting an auto business, he had previously operated a bus line and was the first to run a bus from Nelson to Kaslo, in 1924. He subsequently sold his business to Greyhound Lines. He is also an apartment house owner.

Mr. Harrop received his schooling in Harrop and Nelson. Harrop was named after his father.

CANADIANS PUSH OVER SCRAPPY CLIPPERS 6-1

NANAIMO, B. C., Dec. 8 (CP)—Turning in perhaps their best performance in the three-game exhibition junior hockey series against Edmonton's starry Canadians, Nanaimo Clippers of the Pacific Coast League tonight held the powerful Prairie sextette to a one-goal lead until the four minute mark in the final period before bowing to a 6-1 loss before 2000 fans here tonight.

Canadians in previous games played here had hung up 4-1 and 6-1 scores. The Edmontonians left for home Sunday afternoon to resume play in the Alberta Junior League.

Swinging Span Suspends Tram Over False Creek

VANCOUVER, Dec. 9 (CP) — Thirty passengers had an anxious 10 minutes on a Vancouver street car Saturday when the tram in which they were riding was caught on the swing span of Granville Street bridge as it opened to allow the passage of two derricks through False Creek. A light delivery truck also was trapped.

Bridge officials said the street car was more than halfway across the span section at the time and its position threw delicate balancing devices out of order. Unable to close the bridge because of this, the tender had to call for aid from a city truck to pull the car back to the middle of the span so he could close it. The accident caused thousands of people to be late to work.

Alderman C. E. Thompson, Chairman of the Harbors and Utilities Committee, has ordered an investigation into the tieup.

ACCUSE MIKADO OF RESPONSIBILITY FOR PACIFIC WAR

TOKYO, Dec. 10 (Monday) (AP) —Minpo, Tokyo's newest newspaper, created a sensation today by editorially declaring that Emperor Hirohito was responsible for the war and advocating his removal from politics through abdication.

HITLER OF HUNGARY TO DIE

LONDON, Dec. 9 (AP)—The Berlin radio said today that Ferenc Szalisi, the "Hitler of Hungary," was sentenced to death by the Budapest People's Court. Szalisi, an Axis puppet, was a former Premier and Acting Regent of Hungary.

SHOOT NATIVES FOR MURDER

BATAVIA, Dec. 9 (AP) — The bodies of a British brigade major and a woman Red Cross worker missing a week from a Padang, Sumatra, swimming beach, were found buried at a village near Padang today. The British Army announced that several natives were shot and others arrested for the murders.

RAILWAY BUILDER DIES

ST. LOUIS, Dec. 9 (AP)—Frank Gilbert Jonah, chief engineer of the St. Louis-San Francisco Railway (Frisco Lines), and builder of the famous American light railways in France in the First Great War, died here Friday night. He was 81, a native of Albert County, N. B.

After 16 Years Coles Retires as School Trustee

W. E. COLES

After completing 16 consecutive years as a Nelson School Trustee, W. E. Coles has announced his intention to retire from the Board, and will not seek reelection this year.

Mr. Coles stated Sunday night that he believed that his service constituted a record for Nelson on either the City Council or School Board.

For 13 years he was Chairman of the Property Committee.

He has been resident of Nelson for close to 53 years, and for some time has held office in the Nelson and District Old Timers Association.

Hawks Claw Bruins 8-3

CHICAGO, Dec. 9 (AP)—Chicago Black Hawks, their defence the best this season, blasted Boston out of second place in the National Hockey League and climbed into a second place tie with the Detroit Red Wings tonight by defeating the Bruins 8-3 before 17,704 fans in Chicago Stadium.

Lineups:

Boston: Brimsek; Egan, Crawford; Schmidt; Dumart, McGill. Subs: Cain, Clapper, Reardon, Henderson, Shill, Cowley, Gallinger, Guidolin, Church.

Chicago: Karakas; Mariucci, Cooper; Max Bentley; Mosienko, Doug Bentley. Subs: Smith, Hamilton, Allen, Grosso, Hamill, Kaleta, Wares, Johnston, Horeck.

Referee: Bill Chadwick. Linesmen: Steve Meuris and Harold March.

Summary:

First period:

Scoring: None.

Penalties: D. Bentley, Cooper, Shill.

Second period:

1, Chicago, Kaleta (Johnson, Smith) 6:39; 2, Chicago, Johnston (Kaleta) 8:27; 3, Chicago, Mosienko (D. Bentley, Hamilton) 16:10; 4, Chicago, Smith (Kaleta) 18:02.

Penalty: Reardon.

Third period:

5, Boston, Cain 5:31; 6, Chicago, Smith (Johnston) 6:35; 7, Chicago, Kaleta (Johnston, Wares) 7:53; 8, Chicago, Mosienko (M. Bentley) 10:27; 9, Boston, Cain (Reardon) 12:36; 10, Boston, Cowley (Reardon) 17:39; 11, Chicago, Horeck (Hamill) 17:57.

Penalties: Egan 2, Hamilton.

GUNMEN SHOOT COAST MAN IN LEG, ESCAPE WITH $2800

TORONTO, Dec. 9 (CP)—Police tonight sought three masked men who invaded the home of Louis Raisberg, 51, in West Toronto early today, robbed him of $2800 in cash and checks, and shot him in the right leg.

The gunmen kept five occupants of the house under guard as they waited for Raisberg, general manager of the Dover Sport Shops in suburban Weston to come home with receipts from the store.

ROYAL FAMILY TO SPEND YULETIDE IN NORFOLK ESTATE

LONDON, Dec. 9 (Reuters)—The Royal family will spend Christmas at Sandringham, the King's estate in Norfolk, for the first time since before the war, it was learned Saturday. The King will make his Christmas broadcast from Sandringham. During the war, the Royal family spent Christmas at Windsor Castle near London.

BIG 3 HARMONY TO BE AIM

WASHINGTON, Dec. 9 (AP) — High diplomatic officials said today that the main problem of the Big Three foreign ministers conference at Moscow this week will be to put an end to "drift" in relations among the United Nations, Britain and Russia.

Lack of harmony among the three great powers has reached the point in recent weeks where these authorities say it threatens the effectivness of the United Nations virtually on the eve of that organization's coming into being.

FIRE RAZES SHIPYARD BUILDING

NORTH VANCOUVER, B.C., Dec. 9 (CP)—Fire of undetermined origin early today destroyed a storage building at the Burrard Shipyards here. Rivets, rigging and other material used for construction of ships was lost. No estimate of damage was available, but it was stated officially that loss would run into "many thousands of dollars."

CHURCH MUST MAKE FIGHT IN RUSSIA

TORONTO, Dec. 9 (CP) — The church must fight for the mind of man in Russia as that country has not only freedom of religion but also freedom of irreligion, Raymond Arthur Davies, Canadian writer and correspondent, tonight told the congregation of Bathurst Street United Church.

HINTS AT BOMBERS CAPABLE OF 16,000 MILES NON-STOP

NEW YORK, Dec. 9 (AP)—Gen. Henry H. Arnold Saturday night predicted development of super bombers capable of flying 16,000 miles non-stop.

The Commanding General of the United States Army Air Forces, in an address before the 47th annual dinner of the Pennsylvania Society, declared that "no military target seems too far away for tomorrow's super bombers."

Air Application of Brisbane Co. Withdrawn

VANCOUVER, Dec. 9 (CP) — Stanley A. Sharpe, President of Brisbane Aviation Co. Ltd. said today that his company had withdrawn its application to the Federal Air Transport Branch for a licence to operate an airline in interior British Columbia.

Mr. Sharpe said that his company had come to the conclusion that, without more adequate navigation aids, they would be unable to render a service on a sufficiently reliable schedule. He explained that, during Winter months fields such as Penticton and other interior points, generally have too low a ceiling.

"Without radar equipment on these fields we would not be able to run on a sufficiently reliable schedule," Mr. Sharpe said. "This I cannot foresee for about another five years."

Two other aviation companies have applied for a licence to operate an airline into Southeastern B.C. and these applications will be dealt with by the air transport board at a hearing in Vancouver Jan. 15. The two companies are the Okanagan Airways and the B.C. Central Airlines.

Objection to granting of a licence to the Brisbane Company for operation of an air service in the interior has been registered with the Air Transport Board at Ottawa by the Salmo Valley and District Board of Trade. The objection was made because the Brisbane Company did not propose to supply air service East of Trail.

Objection was also made in the case of the Okanagan Airways application because service would not be available to East Kootenay.

"Lynch Him" Crowd Shouts After Man Captured

SHELBURNE, Ont., Dec. 9 (CP)—Shouts of "Lynch him!" and "Hang him to the nearest post" came Saturday from a crowd of 500 residents and rural shoppers which formed around an escort taking 21-year-old Robert J. Jones of Simcoe to custody at Shelburne Fire Hall.

Jones later was transferred to nearby Orangeville where he was lodged in jail on a charge of car theft.

He was overpowered by a knot of residents near the Fire Hall after several skirmishes which followed reports that several young women had been waylaid in darkened areas of side streets by a man dressed in an Rrmy coat, dark trousers and rolled rubber boots.

Investigation showed two young girls were offered money by a man who volunteered to drive them to Owen Sound. When they refused the man leaped for one of the girls while the other ran screaming for help.

Officers said other young women were molested by the driver of the automobile, stolen from a line of parked vhicles in a business section here.

IRONMEN LICK WOLVES 6-3

SEATTLE, Dec. 9 (CP) — The last-place Seattle Ironmen trounced Hollywood Wolves 6-3 in an inter-Division Pacific Coast Hockey League game here tonight.

Johnny Ursaki and Jake Milford paced the winners, each with two goals. Eddie Dartnell and Bill Robinson got the others. Dede Klein, with two, and Joe Peterson netted for Hollywood.

CAPTAIN MISSING

NEW WESTMINSTER, B.C., Dec. 9 (CP)—Capt. Bert Larsen, 25, has disappeared from the tugboat Seatowing en route from Powell River to Vancouver, it was reported in a wireless message received today from the vessel. It is believed he has drowned.

BOMBER CROSSES CONTINENT IN 5 HOURS, 17 MINS.

WASHINGTON, Dec. 9 (AP)—An experimental bomber, the Douglas XB-42, flew across the continent in five hours, 17 minutes, 34 second Saturday, cutting 46 minutes off the previous West-to-East record.

The two-engined plane with pusher propellers averaged 432 miles an hour on the 2295 miles from Long Beach, Calif., to Bolling Field, Army Air Base in Southeast Washington.

The plane carried two Army pilots Lt.-Col. H. E. Warden, chief of the bombardment branch of the Air Technical Service Command at Wright Field, Ohio, and Capt. Glenn W. Edwards of the Wright Field Bomber Test Section. It had a gross weight of more than 34,000 pounds with approximately 1400 gallons of fuel.

GALES CAUSE MILL SHUTDOWN

NEW WESTMINSTER, B. C., Dec. 9 (CP) — Recent gales which have prevented the towing of logs down the British Columbia coast have caused the Mohawk Lumber Company, Limited, to shut down its main sawmill here.

About 70 employees are out of work until the mill resumes operations, probably in January.

Election Assured for Trail City Council; Mayor Clark Offers

An election for Trail's City Council was assured with the definite nomination of four men for the three vacancies while it was learned that Mayor Herbert Clark, 12 times Mayor of Trail, would seek re-election this year.

Newest entry into the City Council race is Alex V. Bryan, C. M. & S. machinist for the past 23 years, who has been an active member of the Consolidated Benevolent Society and the Junior Chamber of Commerce. This will be his first entry into civic politics.

The other Council candidates so far include two veterans, Aldermen J. R. Anderson with 14 years on the Council, and Ald. Wiliam Thomson whose service covers the past eight years, and G. W. (Curley) Wheatley, prominent District sportsman, President of the Trail Rod and Gun Club and an unsuccessful candidate for alderman last year.

Mr. Bryan has been active for the past six years in the Junior Chamber of Commerce and was Chairman of the, T.B. Survey committee which handled the mass X-ray survey throughout the District last Winter. Prior to that he was Chairman of the Chamber's Health Committee. A former Director of the Consolidated Benevolent Society, Mr. Bryan has been a Vice-President of that group.

The two other civic offices to be filled are one School Board member and one Police Commissioner. The retiring occupants of both these posts have signified that they will seek re-election.

School Board Chairman J. L. Crowe, a member of the Board for the past eight years, will be up for re-election as will Police Commissioner Thomas Meachem who has completed six years on the Commission.

Nominations for all civic offices close at 2 p.m. Monday.

C.C.F. Urges Action in World Affairs

Low-Cost Public Liability Auto Insurance Advocated

WINNIPEG, Dec. 9 (CP)—The restoration of self-government in Greece, renewed and more intensive negotiations to bring about the cessation of hostilities in Java, immediate consultation with Indian leaders with a view to establish home-rule in that Dominion, and the discharge without delay of the obligationundertaken by the British Labor Party to establish Palestine as national home of the Jewish people was urged yesterday in a resolution unanimously approved by the 10th annual convention of the C.C.F. Party in Manitoba.

The resolution added that the convention recognized "the Labor Government in the United Kingdom has inherited the sorry results of 35 years of reactionary foreign policy and that commitments made by the previous British Government with Allied powers cannot be abrogated at once."

Delegates to the three-day convention, which concluded here Saturday night, also approved a resolution that the Manitoba Government be asked to institute low-cost public liability insurance for all vehicles and that the C.C.F. Provincial Council be instructed to set up a committee to deal with problems of the serviceman.

The Resolutions Committee submitted a resolution urging "all C.C.F. members and supporters to cancel subscriptions to the Winnipeg Free Press and Winnipeg Tribune until the just and legitimate demands of Local 191, International Typographical Union, are met." It passed unanimously.

The convention urged that something be done about large-scale housing projects and the attainment of full employment.

Mrs. H. Mann of Portage La Prairie and Alistair Stewart, M.P. for Winnipeg, were elected members of the National Council.

A resolution submitted by the Brandon unit that regional offices be set up in Brandon and Dauphin as a means of furthering the work of the C.C.F. in Western and Northern Manitoba was rejected. More than 70 members of the party throughout the province attended the convention.

Trail Curling

TRAIL, B.C., Dec. 9—Draws for Monday night's curling in the Crown Point Competition follow:

6:00—J. Bell vs F. J. Glover; A. H. Woolf vs A. W. McDonald; W. S. Ross vs W. H. Sheppard; J. H. Leckie vs G. W. Weir.

7:30—J. DeVito vs H. T. Beckett; A. B. Ross vs R. P. Dockerill; R. McGhie vs A. M. Chesser; A. Cheyne vs W. Carrie.

9:00—H. Currie vs S. Gray; W. B. Hunter vs C. D. Stuart; W. P. Robertson vs A. Robb; A. E. Calvert vs R. Somerville jr.

SAYS FOUR FREEDOMS NON-EXISTENT IN RUSSIA

HAMILTON, Dec. 9 (CP)—Prof. Watson Kirkconnell of McMaster University said tonight in an address to the Christian Culture Lecture Association that the four freedoms are practically non-existent in Russia today.

Giant Air-Sea Search Continues

MIAMI, Fla., Dec. 9 (AP)—Darkness blacked out clues to the fate of possible survivors among 27 missing Naval airmen tonight, but after a day of feverish activity and exploded hopes the Navy announced that the vast air-sea search will continue.

More than 25,000 square miles of Atlantic wastes off Florida East coast have already been "pin-pointed" fruitlessly in the four-day hunt with hundreds of Army, Navy and Coast Guard planes and surface vessels. An Army coat, dark trousers and tically yard by yard.

WANTS $20,000,000 IN DAMS FOR SOUTH SASKATCHEWAN

OTTAWA, Dec. 9 (CP)—Jean R. MacNicol (PC-Toronto Davenport) speaking in the Commons Saturday urged Agriculture Minister Gardiner to provide $20,000,000 in his departmental estimates next year for the building of dams on the South Saskatchewan River to provide more water for Moose Jaw and Regina.

Makes Young Mothers Smile!

Modern Way Relieves Miseries of Colds Pleasantly—During Night

Today, the modern way most mothers use to relieve miseries of colds is to rub Vicks VapoRub on the throat, chest and back at bedtime. Results are so good because VapoRub . . .

Penetrates deep into cold-irritated bronchial tubes with its special, medicinal vapors.

Stimulates chest and back surfaces like a warming poultice.

Then For Hours VapoRub's special action keeps on working. Invites restful sleep. Often by morning most of the misery of the cold is gone!

Home-Proved by millions of users, VapoRub's special penetrating-stimulating action works just fine! So be sure you get the one and only VICKS VAPORUB.

Gov't Expected to Accept . . .

U.S. Proposal on World Trade

By R. K. CARNEGIE
Canadian Press Staff Writer

OTTAWA, Dec. 9 (CP) — The External Affairs Department is expected to issue a statement next week accepting a United States' proposal for a basic convention to guide world trade which will be submitted to a world trade conference to be called, probably next January, by the United Nations Organization.

The trade conference was announced Thursday in Washington in connection with the United Kingdom-United States monetary agreement and it is expected here the conference will attempt to lower trade barriers among the United Nations.

Trade Minister MacKinnon and Agriculture Minister Gardiner will leave for the United Kingdom early next year and Mr. MacKinnon likely will be equipped with a complete breakdown of the goods exported to Britain before the war, showing which items owed their share in the British market to Imperial preferences and which could hold their own if there were no preferences.

The view here is that Canada and Britain will be able to make considerable reductions in the preferences, but it is expected no definite action will be taken until it is known what the United Nation countries outside the British Empire are prepared to do in return. They probably will have to wait until the world trade conference meets for an answer.

Negotiations for a Canadian loan to Britain are not expected to present any serious difficulties. The Canadian attitude all along has been that Canada will advance Britain all the credit she requires to buy goods in Canada. Whether Britain will require $500,000,000 or more this year depends on what proposals are made by the British mission which will come to Ottawa early next year.

Java Sugar Stocks Dwindle During Indonesian Unrest

By HARRY HOOGENDOORN

BATAVIA, Java, Dec. 9 (AP) — East Indies sugar experts disclosed Saturday Java's sugar stocks were dwindling because of the current *Indonesian unrest*, and Netherlands East Indies authorities said other countries would be lucky to get any Java sugar at all.

BID FOR SHARES OF JAVA STOCKS

Britain, the United States and even the normally sweets-exporting Philippines are bidding for a share of the Java stocks, which the *Japanese* reported had totalled 1,500,000 tons at the end of the war.

The East Indies themselves, relying on Java production, consume 500,000 tons of sugar annually, authorities pointed out, and the situation is further complicated by the economic upheaval attendant on the Indonesian independence movement.

"I am afraid not much sugar will be available for export when the situation clears up," said Dr. P. J. Honig, Chief of Agricultural Affairs of the Netherlands East Indies Economic Department "We have found less than 4000 tons in the Batavia godowns (warehouses), 1500 at Semarang and only 30,000 tons at Soerabaya.

"The Island's sugar production is all in Central and East Java—areas presently beyond Allied control. Indirect reports from those areas tell of organized large-scale looting."

Honig said the 1942 crop, harvested and processed under the Japanese, was 1,300,000 tons, after which production dropped sharply. He added that probably only 7000 acres were planted at the present time, as compared with pre-war plantings of 250,000 acres.

A non-Dutch source said most of the stock was in Central and East Java mills, and was disappearing from some mills at the rate of 150 tons a day. This source said "apparently the looters hope to resell it after Indonesian independence, though in some cases it is being deliberately thrown away."

Says New International Peace Capital Should Be Established In United States

LONDON, Dec. 9 (CP) — The new international peace capital should be established in the United States "because it is a country that belongs more to the world than to its own people," Senator Claude Pepper (Dem.-Fla.) told a United Nations Sub-Committee here Saturday.

While the Sub-Committee resumed hearings on offers from United States cities for the United Nations home, a General Committee argued the main issue of whether the world capital should be in the United States or Europe.

Some surprise was caused Friday when Dana Wilgress, leader of the Canadian delegation to the United Nations Preparatory Commission, anounced that his group was in favor of establishing the home for U.N.O. in Europe rather than North America.

Several Canadian areas, including Quebec City and Vancouver Island, have been campaigning for the headquarters. In addition, a number of international areas along the Canada-United States border have been driving hard for the U.N.O. home.

The United States delegation to the Preparatory Commission is taking no official part in the debate on the site. Senator Pepper represented Miami, and other delegations appeared for Hyde Park, N.Y., the State of Indiana, and Navy Island, on the Ontario-New York border.

Senator Pepper devoted most of his argument to the advantages of the United States as the site for the capital.

"I urge those who are making the momentous decision on selecting a site for the United Nations home to try the new world this time," the Senator said. "The old world had its chance. If this organization fails, I see nothing but a cataclysm of destruction facing mankind."

Guest of Board City Settler Because of 'Spiel

A guest at the Nelson Board of Trade Council at the Hume Friday was Joseph Kary, formerly of Olds, Alta., and now in business here. He was in the grain business in Alberta.

Mr. Kary came to Nelson as a direct result of publicity Nelson received from the July Bonspiel. The enthusiasm of the Olds rinks on their return from the Bonspiel led to a visit by Mr. Kary, himself a curler. He eventually purchased the R & R Grocery operated by R. R. Horner.

On arrival at Nelson, Mr. Kary placed three official Olds entries in the 1946 July 'spiel. "The boys raved about it", Mr. Kary said after the Board Council meeting, "and anything to do with curling is right in my line."

Mr. Kary, his wife and two small daughters are residing in Fairview.

Judges' Stoker Arrested as Member of Nazi Party

NUERNBERG, Dec. 8 (Reuters)—Judges at the Nuernberg War Crimes Trial today found their quarters without hot water for shaving or breakfast. Their stoker was arrested last night as a former member of the Nazi party and the S.S.

CATS LIKE TO HOWL ALSO

SPOKANE, Wash., Dec. 9 (AP)—Residents of Spokane are investigating the yowling of cats in their backyards these days.

The reason? Police have shot two wildcats within a week in Spokane residential districts.

WAR TRIALS AT YOKOHAMA TO START DEC. 17

SEATTLE, Dec. 8 (AP) — En route back to Japan, a party of 991 Japanese nationals, 820 of them women or children under 12, boarded the liner Matsonia yesterday.

The Japanese came here from Crystal Springs, Tex. Immigration authorities said a few had been interned by South American countries during the war.

25 Clubs So Far Back Game Fund Boost

Approximately 25 organizations so far have acted in support of the resolution from the West Kootenay Rod and Gun Clubs Association, petitioning for a legislative appropriation for a real program of game and fish development, J. J McEwen, President of the organization, said Friday. Copies of the resolution were mailed out about Nov. 15, he said.

The resolution, which was drafted and sent out on authority of the West Kootenay Rod and Gun Clubs Association after its annual meeting, held at Nelson, is as follows:

"Whereas fish, game, wild life and outdoor sport are the main contributing factors in bringing tourists into British Columbia; and

"Whereas the tourist trade, coupled with the sporting and trapping activities of our citizens, has become the foremost industry in our province; and

"Whereas British Columba can expect in the very near future the biggest influx of tourists and holiday seekers in its history; and

"Whereas inroads into the population of game, fish and fur due to the added demand will necessitate greater protection and propagation; and

"Whereas the British Columbia Game Board is wholly responsible for the conservation and propagation of fish, game and fur; and

"Whereas the revenue collected by the Game Department is solely from sportsmen through the sales of licences, trophies, fur, etc., and derives no monies from sources other than the sportsmen, trappers, and guides, and is not sufficient to maintain the conservation and propagation: and

"Whereas the funds contributed by the above mentioned do not go to the Game Board, but into general revenue, and a percentage only is returned to the Game Board to maintain and develop our greatest industry; and

"Whereas every sportsman in this province realizes that unless the Game Board receives sufficient funds to establish the necessary protection and propagation required to perpetuate this industry, every citizen in British Columbia will definitely feel the result of its failure;

"Resolved that we, the sportsmen of British Columbia, petition the British Columbia Legislature to provide the Game Board with the funds necessary to conduct their activities to the best intrests of the citizens of British Columbia."

Chinese Communists Had to Buy Suit Secretly for Realist Chief

By SPENCER MOOSA

CHUNGKING, Dec. 9 (AP)—The second most important man in East Asia had a new suit surreptitiously tailored for him when he came to Chungking to see whether China could be unified without civil war. munist party thought the dull, illmunist party though the dull, illfitting, coarse gray suits which their chief, Maotse-Tung, was wearing hardly became a man of his prestige, engaged as he was in councils with the exhalted.

So, unknown to him, with his measurements not taken but guessed, a suit of the finest cloth available in Chungking was ordered for him. It was the best one he ever had. But he didn't like it, and wore it only because of the entreaties of his subordinates.

A REALIST

His indifference to what he wears is as natural to Maotse-Tung as is his acceptance of life in a cave home in Yanan, Shensi Province, without luxury or pretension or modern plumbing.

He is a realist with a purpose, and a man of consequence in this vast country second only to Generalissimo Chiang Kai-Shek.

Mao is about five feet 10 inches in height—tall for a Chinese. He is broad-shouldered and inclined to obesity. He has long, black hair, a lofty forehead and dreamy eyes. He is slightly deaf—a defect he tries to hide.

Mao never has forgotten he is the son of a poor peasant who considered him unfilial and lazy. He began work on his father's humble farm at the age of six. Ever since his early youth, Mao has been a voracious and intense reader. When he picks *up a newspaper he reads every* item, even the advertisements. He likes Chinese novels, and often in his cave home in Yenan he stays up reading by the light of a kerosene lamp.

Mao likes to work at night, and seldom goes to bed before two or three in the morning. He gets five or six hours sleep.

He is a good listener. His subordinates describe him as mild, good-natured, tolerant, but decisive. He is not accessible to everyone, but he gives a guest all his attention.

A correspondent once interviewed him for 13 hours on end, but Mao gave no hint of annoyance.

Mao speaks no language but Chinese. He has never been abroad. He took his first airplane ride when he came to Chungking in September.

Mao, who to all Chinese Communists is simply but respectfully "Chairman Mao," is an accomplished orator. He makes long speeches which he prepares very carefully.

He has a good sense of humor, is witty, laughs heartily.

Mao likes family life. He has been married three times. He has three sons from his second marriage and a daughter from the third.

BRITONS AFFECTED BY WARTIME DIET

LONDON (CP) —British doctors are worried by increasing symptoms of under-nourishment among their patients. Dr. Franklin Bicknell, an authority on diet, said most patients complained of "terrible tiredness," feeling blown out after lunch and hungry before tea.

"Every doctor knows these signs," he said, "and the next stage is usually one of complete collapse. There is no answer to this except food. For years past we have been getting only slightly more than half the meat and half the fats required for health."

Summer Hotels Will Re-Open Next June

MONTREAL, Que., Dec. 9—Closed since 1942 by the exigencies of war, Summer hotels of the Canadian Pacific Railway from the Atlantic Coast to the Rockies will reopen next June prepared to handle an all time high in tourist traffic it was announced Saturday by H F. Matthews, General Manager of Hotels for the C.P.R.

Affected by the announcement are Banff Springs Hotel, Chateau Lake Louise and Emerald Lake Chalet, all in the Rockies where for lodges, Lake O'Hara, Yoho Valley, Lake Wapta and Moraine Lake also will reopen, as well as the Algonquin Hotel and the Digby Pines in the Maritimes. All-expense tour in the Canadian Rockies will also begin operations again next Summer, the announcement said.

Assurance that next Summer would see the solution of the twin problems of availability of suitable staffs and the ability of Canadian and American transportation companies to handle the large volume of tourist traffic expected, made the decision to reopen possible.

The palatial Alpine resorts at Banff Springs, Lake Louise and at Emerald Lake will begin their season on June 15th. Moraine Lake Lodge will reopen the same day while other mountain lodges at Lake O'Hara, Yoho Valley and Lake Wapta will start service June 22. Canadian Pacific seaside hotels will receive their visitors on June 27th with the Algonquin at St. Andrews-by-the-Sea, N. B., opening then, one day before the Pines at Digby, N.S. Among the important restaffing problems was that of obtaining suitable cooks in which the new C P R. Cooking School will help towards solution.

Deaths

VANCOUVER—Jonathan Rogers, 81, pioneer contractor and builder.

STABS BABY TO DEATH WITH A NAIL FILE

PHILADELPHIA, Dec. 9 (AP) —Police said Saturday a 23-year-old woman admitted she stabbed her baby daughter to death with a nail file several hours after its birth because "it was crying and I was afraid my family would hear it."

The woman, Anna May London, is in hospital where officials said she was in critical condition following the child's birth Nov. 30 in her home. No formal charges had been made against her but a sanity test is planned if she recovers.

The woman's foster mother, Mrs. Hannah London, 47, said she found the body of the child in a bedroom closet.

Agreement Signed to Set Up Water Board for Prairies

WINNIPEG, Dec. 9 (CP) — The Governments of Manitoba, Saskatchewan and Alberta have signed a formal agreement to set up an advisory Water Board for the Prairie Provinces, it was announced here Saturday.

The purpose of the three-man Board is to help the three Provinces to use their water resources to the best advantage by advising on regulation and control of water common to all three or any two of them.

The agreement, following several years of negotiations, has been signed by Resources Ministers J. S. McDiarmid of Manitoba, and J. L. Phelps of Saskatchewan, and Agriculture Minister D. B. MacMillan of Alberta who is also in charge of water resources for the Province.

REPRESENTATIVES NOT NAMED

The Provinces have not yet named their representatives to the Board, but it is expected an announcement will be made shortly. The first organizational meeting will be held early in January.

The members of the Board will exchange information and undertake investigations on behalf of the three Provincial Governments. Such matters as irrigation and power projects on the Saskatchewan River probably will come under early discussions by the Board.

Poisonous Liquor Causes Death of Seven Soldiers

NAGOYA, Dec. 9 (AP)—Death of seven soldiers and severe illness of six others as result of drinking poisonous liquor was reported Saturday. An official said recovery of those in the hospital is doubtful. A drive under way to close establishments selling the poisonous liquor has resulted in arrest of 15 Japanese in the past three days.

VITAMINS TO BE ADDED TO WINES AND LIQUORS

BERKLEY, Calif., Dec. 9 (AP)—A scientific experiment has opened up the possibility that vitamins may be added to wines and liquors to help preserve health and offset some of the effects of alcoholism.

The experiment, reported Saturday by Dr. Agnes Fay Morgan, nutrition expert at the University of California, demonstrated that B vitamins, added to wine four years old, remained potent.

The alcohol in the wine tended to preserve some of the vitamins longer than their normal lifetime in other forms of food and drink, she added.

Although the experiment was confined to wine, there "apparently is no reason" why vitamins could not be aded with equal effectiveness to distilled liquors like whisky, brandy and gin, Dr. Morgan said.

21 YEARS IS A LONG TIME

BALTIMORE, Dec. 9 (AP) — It took John P. Gasson 21 years to give up hope that his wife "might try to get in touch with me again." That was Gasson's explanation for his delay in filing suit for divorce, made final by Judge Joseph Sherbow Friday. Gasson said his wife left him 21 years ago after one year of married life, and since 1930 he didn't even know where she lived.

Rosling Offers as Candidate for Alderman

T. D. ROSLING

Resident of the Nelson District for 25 years, T. D. Rosling Saturday announced his candidature for aldermanic office in the forthcoming Civic election.

This marks the first occasion on which Mr. Rossling has offered for civic office. He said in his announcement that he was vitally interested *in any matter contributing to Nel*son's progress, particularly from the tourist angle.

Mr. Rosling has been active in community affairs. A charter member of the Kinsmen Club, he was President in 1943 and at present is District Governor for District No. 5 which covers British Columbia.

He has taken much interest in badminton, acting at one time as President of the Nelson Club and also as treasurer.

Mr. Rosling came to Nelson from Winnipeg in 1920, residing with his parents on the North Shore. He attended Central School, High School and Business College here. From 1927 to 1932 he was with General Motors at Oshawa and Vancouver, and in 1932 started his present real estate and insurance business.

Married, he has one son attending school in Nelson.

Greenwood Community Club Names Officers

GREENWOOD, B.C.—The Greenwood Community Association at its annual meeting in the library, elected the following slate of officers: President, Miss E. Davidson; Vice-President, Rev. Father Matthias; Treasurer, Mr. E. Johnson; Secretary, G. F. Cockburn.

A report from the Theatre Committee was brought in by R. B. Walace.

The Theatre Committee has donated the theatre and facilities for a free show to be given for the children on Christmas Day. The schools were allowed to choose the type of picture, a Tarzan film.

TO HAVE PRO REC

A supply of wood for the Library and comforts for the Hospital were also donated by the Theatre Committee.

R. Taylor indicated that plans were under way to join with Grand Forks on the Athletic Committee and have athletics under Pro-Rec auspices.

The Young People's Club of Greenwood was invited to send a committee to the Community Association and share in community activities.

Library circulation was reported by the Librarian. The weekly circulation averaged 150 books. There were approximately 500 borrowers. *The stock of books on the shelves* was well over 1600.

MEDICINE HAT MAN FOUND DEAD

MEDICINE HAT, Alta., Dec. 8 (CP)—Henry Herman, 44, employee of the Alberta Clay Products, was found dead yesterday beside the machine he operated.

His body was badly mangled, and it was believed he had become caught in the driver belt.

Relief from NEURITIC Pain

HOTTEST SECRET OF THE WAR

By TOM REIDY

WASHINGTON, Dec. 8 (AP) — The hottest secret of the war—that the U.S. had cracked the Japanese code—was cocktail bar gossip in Washington and Tokyo never got wise.

Army officers spoke "carelessly" of it. One man employed as a code cracker tried to sell it. Fliers in the Pacific theatre deduced it.

Sitting on top of the powder keg was General George C. Marshall, *Chief of Staff, getting grayer by* the minute.

Marshall told Pearl Harbor investigators in Congress how one thing after another turned up to give him the military creeps.

It came out yesterday when he was explaining how he heard Governor Thomas E. Dewey knew the secret and feared it might become public during the presidential campaign. Dewey kept silent at Marshall's urgent plea.

The general said he didn't know how the information got to Dewey. But—

Reports came to Marshall that army officers were "talking carelessly", in hotels and clubs about it.

The original code cracking staff of several hundred had grown to 16,000—a lot of chances for leaks.

Talk drifted back from the Pacific after army fliers shot down Admiral Yamamoto (who once said he would dictate the peace in the *White House.) They had to be told* where to go and when, and could deduce that the Japanese communications were tapped.

This "whispering" about how *Yamaoto was caught was the most* "dangerous" of all, Marshall indicated. He got so concerned he asked FBI Director J. Edgar Hoover to trail some army officers "so we could make an example of them."

Hoover was "hesitant," Marshall said, contending it would make a "Gestapo" out of his force. So it wasn't done.

Marshall related how one of a group of 26 code-crackers working at an army station at Fort Washington, Va., was caught trying to "sell" the secret in Boston. The general didn't say what happened to that individual.

BLUE PRINTS ALMOST COMPLETE FOR SOVIET UNION'S FOURTH 5-YEAR PLAN

By ERIC DOWNTON

MOSCOW, Dec. 9 (Reuters) — Blue prints are almost complete for the Soviet Union's fourth five-year plan which includes development in Siberia and covers almost every aspect of Russian life—heavy and light industry, housing, education, *motor-car production, health*, railways and roads, canals, shipbuilding, agriculture, electric power. plan for the years 1946-50 still are plan for the years 1046-50 still are secret, and will probably remain so, but a colossal task is indicated. All Soviet Russia from Generalissimo Joseph Stalin to factory hands is discussing it.

Some of the highlights of the plan so far as it has been announced:

Railways—45,000 miles of track will be replaced with heavier rails. *New lines will be built to Siberia* and the Far East, to the Kuzbas and Karangada, to the Urals and Central Asia. Extensive electrification to be applied. Large quantities of new rolling stock scheduled for production.

Motor-car production—The Molotov Auto Plant at Gorky to achieve a production figure of 1000 cars and trucks a day. A number of new car factories to be established with their own housing settlements and recreational facilities in Siberia, the Ukraine, White Russia and in Georgia. Total car production will be increased about four times above the present figure (which is secret).

Agriculture

Sharp increase in field crop production and livestock raising in addition to making good wartime losses. Maximum mechanization through increased supplies of agricultural equipment. Electrification of the countryside to be pushed.

Aviation

Passenger and freight traffic on civil air lines to be increased at least five times above immediate pre-war figures. Many new airlines to be established.

Health

New hospitals and improved public health services in every city, town and village. Special drives against cancer, tuberculosis, malaria.

Roads

Work has already started on a number of new arterial highways. An extensive network of dozens of motor roads projected.

Heavy Industry

Donbas, Kuzbas and Urals to be further developed. New factories, foundries and mills to be set up in Siberia.

Housing

Some 5,000,000 new houses to replace those destroyed in the war and to relieve the existing acute overcrowding problem.

Electric Power

Total capacity of the Soviet Union's power stations to be doubled. New projects include a huge power station on the *Angara River*, in Irkutsk Province, to be 25 times more powerful than the famous Dnieper power station, before the war the biggest hydro power station in Europe.

The first newspaper to be printed daily in Canada was the Montreal Daily Advertiser in 1833. Today, ninety daily newspapers from coast to coast keep Canadians informed of up-to-the-minute developments in their own home towns and throughout the world.

Large Audience at St. Paul's Is Captivated by John Beadell's Inspired Singing

John Beadell, popular Canadian tenor was listened to with rapt attention by the large audience present in St. Paul's Church Auditorium, Friday night. It was Mr. Beadell's first recital in Nelson, but by the end of the evening the charming tenor had captivated all present by his inspiring singing and delightful personality.

A master of the art of song, Mr. Beadell's interpretations were always sensitive and convincing. Particularly beautiful were his renditions of "Angus Dei" by Bizet, which he sang in Latin as he thought it more beautiful in that language, and "The Song of The Open", by Frank La Forge.

He sang two sacred songs, "Comfort Ye", from "The Messiah," and "How Lovely Are Thy Dwellings", each time acompanied by Mrs. T. J. S. Ferguson at the organ. In lighter vein were "My Little Irish Girl" and "Have You Seen But a White Lily Grow", an old English 17th Century air, and "Sea Fever" by John Ireland, was rendered realistically and passionately.

Trail Instrumental Trio also gave a fine performance, and twice were called back to play encores. The trio consisted of Mrs. C. H. Wright, piano, Otto Niedermann, violin, and James Birch, 'cello. Mrs. Wright was also an able accompanist to Mr. Beadell's singing.

Other songs by Mr. Beadell were, "Where'er You Walk," from Semele, by Handel; "For Music", by Franz; "Love Sounds the Alarm", from "Acis and Galatea" by Handel; "E Lucevan Le Stelle", from "La Tosca" by Puccini; "Hark How Still", by Franz; "Impatience" by Schubert; "Think On Me", by Lady John Scott; "The Jasmine Door", by Alicia Scott; "There Is No Death" by O'Hara; "White Horses of the Sea", by Warren; "Old Mother Hubbard", to music by Handel; "For You Alone"; and "A Border Ballad".

The trio played the First Moevement of Mendelssohn Trio No. 2 in C Minor, Op. 66, "Romance" by Jean Sibelius, and "Extase" by L. Ganne They also played two numbers as encores.

WILLOW POINT W.I. AIDS CHURCH

WILLOW POINT, B.C — The monthly meeting of the Women's Auxiliary was held in the Institute House Thursday afternoon.

Mrs. J. Gilroy reported that the sale was very successful and donations of articles for sale were plentiful and varied, realizing over $40. Proceeds totalled $53.50.

All pledges, three Diocesan pledges and three Memorial funds, will be paid up. Ten dollars was voted to the Dorcas Fund and $35 to the Church.

Those attending were Mrs. H. Middleton, Mrs. B. Heddle, Mrs. Ludgate, Mrs. I. C. Campbell, Mrs. W. Spooner, Mrs. Gilroy, Miss C. F. Ross, Mrs. B. Townshend, Mrs. C. Shannon and the tea-hostess, Mrs. H. Hankin.

CASTLEGAR

CASTLEGAR, B.C.—Miss P. R. Crebbin visited Slocan Park for a few days.

Miss Norma Peterson visited Nelson Wednesday.

Nick Oswald was a visitor to Trail.

Mrs. Mike Evdocimoff visited her husband who is employed in Nelson.

John Waldie spent a few days in Nelson.

Albert Haywood of Trail visited Castlegar Thursday.

Pte. Stanley Dams is spending a furlough with his wife and family.

Nels Hanson of the R.C.A.F. is spending a leave with his wife and family.

William Ozeroff has returned home from a business trip to Vancouver.

R. A. D. West visited Trail Thursday.

Mrs. W. Horcoff of West Robson visited Castlegar Thursday.

Roy Nelms visited in Trail.

BOSWELL

BOSWELL, B.C. — Private Dan Johnstone, R.C.A.S.C., is spending a month's furlough with his mother, Mrs. Elizabeth Johnstone, after which he will proceed to Vancouver for discharge. Pte. Johnstone returned to Canada from England recently, after serving 3½ years overseas. He was in the Italian campaign and also served in Germany with the army of occupation.

Mrs. A. Mackie has returned home after visiting Mrs. W. Mackie and Mrs. J. Cook at Creston.

Hugh McDonnell of Saskatchewan is the guest of Mr. and Mrs. G. Hill.

Miss Muriel Wallace spent the weekend with her parents, Mr. and Mrs. K. Wallace.

Tony Kunst has returned to his home after serving six years with the army in Canada.

Mrs. Percy Mackie has left for Trail to visit her sister, Mrs. James Johnstone. Mrs. Mackie has spent several weeks in Boswell the guest of Mr. and Mrs. A. Mackie.

Mr. and Mrs. Paul L. Sullivan and son, Terry, spent a week's vacation in Spokane.

GRAY CREEK

GRAY CREEK, B.C. — A whist drive in aid of the Children's Christmas Tree was held in Gray Creek Community Hall under the auspices of the Porcupine Club. Court whist was played. The prizes went to Charles Jones and Miss Gwen Burge, firsts; Mr. and Mrs. George Oliver, consolation. A length of print was won by Mrs. Grant, a cushion went to Miss Joan Burge. A substantial sum was realized. Visitors from Crawford Bay attended. Tom Oliver acted as Master of Ceremonies. Mrs. George Oliver was in charge of the gate. The Misses Joan Burge, Beth Oliver and Margaret Clark were in charge of the supper.

The fortnightly meeting of the Nickel-Swindle Club took place in Gray Creek Hall and the evening was spent in bridge and card games.

J. D. Bacon left for a week's visit to Calgary.

Leading Wren Gwen Burge has returned from the Coast where she received her discharge.

Mrs. George Oliver and Mrs. Max Benthlen are visitors to Nelson.

The golden eagle is the boldest bird of prey in the world.

Gray Creek to Unveil Honor Roll

GRAY CREEK, B.C.—The Porcupine Club meeting at the home of Mrs. Grant was attended by Mrs. Grant, Mrs. Lymbery, Mrs. Anderson, Mrs. James Burge, Mrs. Clark, Miss Margaret Clark and Mrs. Wolfhard. Decorations as well as presents had been bought for the Christmas tree by Mrs. Grant and Mrs. Anderson, it was reported. A letter from the Secretary of the Crawford Bay Institute was discussed.

The unveiling of the tablet to the late Mrs. Watson of Kootenay Bay will be performed by Miss Walker of Crawford Bay. Gray Creek members were invited to attend at this the annual institute meeting. The refund on the cost of the school children's dental work have been received from Dr. Amyot, Provincial Health Officer. The plan will go on next year.

The Christmas party for the settlement was canvassed. Mrs. Lymbery reported that the honor roll for the Second World War was now inscribed and framed and it was decided to unveil it at the Christmas party.

Mrs. Anderson and Mrs. Grant will be in charge of decorating the Christmas table, the girls will trim the hall. Mrs. James Burge will accompany the carols.

Tea was served by the hostess, Mrs. Grant.

Advertising of moving pictures and other entertainment is among the best read in daily newspapers and during a recent newspaper strike in St. Louis, 69 per cent of telephone calls received at the newspaper office were inquiries about "what shows are on tonight."

MOYIE

MOYIE, B. C.—Mrs. A. H. Warren of Calgary was a guest at the home of Mr. and Mrs. R. A. Smith.

Mr. and Mrs. R. Sorbin and children have moved to Cranbrook.

Mark Nicholson and Charles Holm were visitors to Cranbrook.

W. G. Smith of Macleod, Alta., arrived in Moyie to spend the Winter months at the home of his brother and sister-in-law, Mr. and Mrs. R. A. Smith.

Mr. and Mrs. T. Hogarth and children accompanied by Mr. Hogarth's mother, Mrs. G. Hogarth and Mr Wilson motored to Moyie.

Mr. and Mrs. W. E. Andrews motored to Cranbrook.

Soldier Comes Home to Die

TACOMA, Wash., Dec. 9 (AP)—The last chapter in a desperate struggle to keep an invalided young Seattle officer alive long enough to see again his homeland closed today with funeral services for 2nd Lt. Robert James Hill, 23.

Lt. Hill, son of Mrs. Minnie Hill of Seattle, came home from the Pacific on the Canadian hospital ship Letitia last Wednesday. He was very ill when brought on board the ship at Manila and his condition became so critical during the 21-day voyage that the Letitia's commander messaged authorities in Seattle. In response to the message the officer's mother was taken on board at Port Angeles and accompanied her son for the remainder of the trip to Tacoma.

When the ship arrived here, welcoming crowds hushed as they saw the mother walk down the gangplank beside the soldier's stretcher. "We didn't think we could get him here," Col. E. E. Tieman, the ship's commander said. "It has been a desperate struggle."

"Everyone on board, passengers, crew and staff, volunteered transfusions, and only that, with the knowledge he was coming home, did it," the ship's regimental sergeant major said.

The mother went with her son to Madigan General Hospital. But the young officer's fight for life was doomed. He died within two hours of his arrival.

Red Cross Notes

The following articles were received at Nelson Red Cross headquarters during the past week:

Mrs. Emory's Group—25 quilts.

Procter Red Cross Aux.—2 baby bags, 6 girls panties, 8 girls tunics, 6 child's under vests, 25 diapers, 4 pair soakers.

Soroptomist Club — 17 infants gowns, 5 crib covers, 12 child's pyjamas, 3 child's knitted sweaters, 1 pair child's socks, 1 soaker. (Donated).

South Slocan Aux.—14 girls' panties, 24 infants gowns, 3 pair boys under pants, 12 diapers.

Willow Point Aux.—2 pair boys stockings, 7 civilian sweaters, 1 pair baby's leggins, 4 boy's shirts.

Miss Canada Girls Red Team Sells $23 in War Stamps

Under Captain Mary Davis, the Red Team of the Miss Canada Girls sold $23 in war savings stamps in their stamp canteen on Baker Street Saturday.

The girls selling were the Misses Mary Davis, Alice Koch, Pat Birkbeck, Dolores Smith, Peggy Smith and Margaret McCosham.

154,000 TURKEYS FOR VANCOUVER YULE

VANCOUVER, Dec. 9 (CP) — Wemyss Reid, Chairman of the Western Canada Produce Association, said today 154,000 turkeys will be available in Vancouver stores for Christmas and New Year's. Some 134,000 will be imported from Alberta and 20,000 brought in from Fraser Valley farms.

FORD GREEN, England (CP) — Ford Green residents are used to wet feet. During heavy Winter rains the low-lying Staffordshire village is flooded to such an extent only upstairs rooms are habitable.

Wool Gathering?

WELL... that's not surprising, if you've been counting sheep all night! Why can't you sleep? Can it be that you're bothered by the caffein in tea and coffee? Try Postum instead!

You'll love its wonderful depth of flavor – not like tea, not like coffee, just a grand heart-warming goodness all its own. And Postum contains *no* caffein, nor any other drug that might whip up heart or nerves, or upset digestion.

So easy to fix – right in the cup – just by adding hot milk or boiling water. Enjoy Postum with meals . . . between meals . . . at bedtime – anytime!

Ritchie Urges Plebiscite on City Manager

To the Editor:

Sir:—One of the requisites of an Alderman is to have in his vacabulary the word, "Yes."

It was passed in Council that the people residing on Carbonate Street, between Ward and Josephine, and on the South side of the street, would have a sidewalk. Patience, fellow-neighbors! Some day you will have your sidewalk, but in the time being, please walk gracefully on the street.

As an ex-Alderman, and one who never sat in favor with the majority of the members of the Council, I challenge the Mayor and would-be Mayors to put a plebiscite before the Nelson Citizens, "What do you want, a Mayor or Manager?"

If our citizens would only wake up to the fact of the inadequacies of the present set-up in the City Hall, and see that a Manager and three Trustees are appointed to handle the affairs of the City, then, and then only, could they be proud to say, I am a Citizen of Nelson, B.C.

A. G. Ritchie,
Ex-Alderman and would-be Mayor.

Nelson, B.C., Dec. 8, 1945.

74 Pass Trail First Aid Examinations

TRAIL, B.C.—Seventy-four passed the examinations in a series of firstaid classes held here between Sept. 17 and Nov. 15 by the St. John Ambulance Association at Trail. The lectures were conducted by Doctors M. R. Basted, W. Leonard, W. S. Huckvale and W. J. Endicott.

The examinations were under the direction of Dr. D. M. J. Crawford. Practical instruction was given by J. Williamson, S. A. Parker, A. J. Edlund and W. E. Dobbs. The classes were conducted jointly for men and women, the class secretarial work being handled by S. E. Angus.

Those passing the examinations were:

Certificates:

Women—Patricia Irene Anderson and Sylvia Luella Bryant.

Men—Alfred W. Baker, Robert Daniel Bisset, George Frederick Brandon, Armando Angelo Cavellin, Leonard G. Channing, Frederick Richard Cooper, Lawrence M. Dunne, James William Farrier, Joseph Garay, William Richard Gohn, Donald Francis Griffiths, Neil Sinclair Kerr, Glenn Eldridge Mason, Enzo Mondin, George Henry Morris, Peter Gale McCabe, Walter Popoff, Francis Strachan, Thomas James Sturgeon and Norman John Tough.

Vouchers:

Women—Marion Elaine Bryant, Mavis Kathleen Chittick and Lucy Osachoff.

Men—Henry L. Benoit, Norman Coleopy, Edmund Crowder, James DeBiasio, Andrew D'Hondt, Millard W. Donaldson, Thomas Clifford Foisy, James A. Gray, Bruce Frederick Harvey, Arlin Wade Nesmith, Louis Secco and John Ernest White.

Medallion:

Women — Hazel Margaret Brennan, Agnes Sarah Kathleen Byers, Alice Clair Groslin and Mable E. Johnson.

Men—Willard H. Blair, William Roy Bradley, Ray William Briggeman, Wilfred Donald Cake, Donald Conisby Evans, Gordon R. Inkpen, William James Melvin, Norman Edgar Mitchell, Malcolm Morrison, James O. Quinn and Arthur Gordon Wooding.

Label:

Women—Laura E. Anderson and Hazel F. Mear.

Men—John A. Anderson, Stanley E. Angus, James Leonard Ayre, John Dalziel, William E. Dobbs, Oliver Ford, Charles P. Gladu, Wilfrid Edward Heslop, Stanley Charles Hill, George Thomas Hughes, Murdo M. J. Morrison, John Pennie McCabe, Stevens A. Parker, Hugh Potter, Lester Wallace Ronald, Eric Smith, Fedir Stefoniuk, Charles L. Thorington, John Williamson and James Ward Wright.

God Only Cause Is Lesson Sermon Theme

"God the Only Cause and Creator" was the subject of the Lesson Sermon in all Churches of Christ, Scientist, on Sunday.

The Lesson Sermon included the following passage from the Bible: "Ye are my witnesses, saith the Lord, and my servant whom I have chosen: before me there was no God formed, neither shall there be after me."—Isaiah 43: 10.

Among the selections from the Christian Science textbook "Science and Health with Key to the Scriptures" was the following: "If what opposes God is real, there must be two powers, and God is not supreme and infinite. Can Diety be almighty, if another mighty and self-creative cause exists and sways mankind?"

SALMO

SALMO, B. C. — Sapper David John, recently arrived from four years overseas, to spend a leave with his parents, Mr. and Mrs. H. John and his brothers Allan, Edward and Peter.

Until she became a queen, Victoria never slept a night away from her mothers' room and was not allowed to converse with any grown-up person, friend, tutor or servant without her mother or governess being present.

● Shoppers in the city at the weekend included Mrs. J. Bird of Crescent Bay.

● Mr. and Mrs. Emilson of Ymir were visitors to town at the weekend.

● Jack Scott was in town from Ainsworth Saturday.

Briefs Oppose Civil Service Preference to Inactive Vets

By DOUGLAS HOW
Canadian Press Staff Writer

OTTAWA, Dec. 9 (CP)—Extension of preference in allocation of civil service positions to war veterans without overseas service has been opposed in briefs submitted to the Veterans Committee of the Commons by both the Civil Service Commission and the Canadian Legion.

The briefs were invited by the committee to assist members in answering what was termed by one "a flood" of queries and complaints from veterans who failed to get overseas for reasons for which they don't consider themselves responsible.

The commission—Canada's greatest employer—said "careful consideration" has been given to the suggestion by the Government's Advisory Committee on rehabilitation and reestablishment and by the Cabinet Committee of demobilization and reestablishment. Their opinions were that extension was "not desirable."

They felt it was the primary desire of the country "to express some measure of appreciation to those who actually risked their lives in defence of their country."

MANY VETERANS EMPLOYED

A secondary preference to volunteers who served only in Canada also was felt unwise because "it would virtually exclude a large number of other workers who through no fault of their own were not in the forces."

The present year has seen the greatest influx of veterans into the service, the commission noted. Figures for the war years: 1939—1833; 1940—2504; 1941—2804; 1942—3701; 1943—4119; 1944—4039; 1945 to Nov. 30—9200.

Of 1489 male appointments in November, 80 per cent were veterans who made the necessary 70 per cent or better in qualifying examinations —a barrier they all must face.

"The danger of trying to include everyone in the preference," the Legion submitted, "is that it will become unworkable and produce administrative chaos where a reasonably smooth procedure now exists."

The term "overseas" was recently broadened to include airmen who flew coastal patrols out of, say, Newfoundland, Navy gunners on merchant ships, and soldiers who served in the Aleutians. Army service in Newfoundland is not overseas service.

Preference goes to disabled veterans "who are disabled to such an extent they are unable to resume their pre-war avocation and have not otherwise been satisfactorily established." Widows of veterans get female preferences.

"Santa Claus" Presents Pawnshop With $20,000

MEXICO CITY, Dec. 9 (AP)—An anonymous woman "Santa Claus" presented the "Monte de Piedad," national pawnshop, with 100,000 pesos ($20,000) yesterday to reclaim clothing pawned for less than four pesos (80 cents.) Pawnshop officials said interest will be cancelled and the articles returned to needy owners before Christmas at all "Monte de Piedad" branches throughout the country.

LIBRARY READING DROPPED WHEN JAPS LEFT, HE SAYS

VANCOUVER, Dec. 9 (CP)—Number of boy and girl readers at Vancouver's main library has decreased by one half since the war began and the reason may be the exodus of Japanese children from the district. G. Stanley Miller, chairman of the Vancouver Library Association, said in an interview today.

INVERMERE

INVERMERE, B. C. — Mrs. Edwin Hogland and son, Norman were visitors to Cranbrook.

Mrs. Ernest Johnson has returned to Invermere after spending a week in Revelstoke.

William Durham of Drumheller is visiting his uncle accompanied by Douglas Power also from Alberta.

Mr. and Mrs. E. Frey and two daughters from Vancouver are guests of Mrs. Frey's mother, Mrs. W. Pye at Athalmer.

Bruce Elliott, who has just received his army discharge is visiting with his wife at the home of Mr. and Mrs. O. Lunn at Wilmer.

J. Keller of Edgewater has returned to his home from the hospital at Invermere.

C. E. P. Hilliard of Vancouver, and Glenn Warren of Cranbrook, were visitors to Invermere.

Mrs. W. Penner of Edgewater is a patient in the Lady Elizabeth Bruce Memorial Hospital at Invermere.

Alex Sinclair of Invermere is a hospital patient.

Mrs. Murkley of Wilmer has returned to her home from the hospital at Invermere.

H. V. Wormsbecher, who has spent the Summer and Autumn months with his son-in-law and daughter, Mr. and Mrs. K. M. Maples, has left for Vancouver.

The British in normal times export a larger percentage of their total steel production than U. S. steel makers.

POST OFFICE COMPLETED AT WYCLIFFE

CRANBROOK, B. C. — A new post office building has been completed and opened at Wycliffe and Mrs. Ernest Foster has been appointed postmistress. The office will provide direct mail service for the ranchers on St. Mary's Prairie who have had to get their mail through the Cranbrook post office for the past three years.

Wycliffe had a thriving post office during its many years of operation as a sawmill town, and the service contipued for the ranchers after the mill closed until 1943 when it was suspended.

Willow Point

WILLOW POINT, B.C. — J. J. Campbell has had as his guest his daughter, Mrs. H. Masters of Vancouver.

Mrs. E. Brinley has returned from a month's trip to Seattle.

Miss M. Campbell is spending a holiday with her mother, Miss I. C. Campbell The school in Northern B.C. where Miss Campbell was teaching has been closed.

FO. Malcolm MacPhee, who has been a patient in the Shaughnessy Hospital, Vancouver, spent a few days the guest of his brother-in-law and sister, Mr. and Mrs. Erle Shannon, en route to his home at Cranbrook.

Mr. and Mrs. J. H. Blunt arrived today from Swift Current to reside here permanently. Mr. Blunt, a C.P.R. trainman, has been superannuated

C. Burgess and friend Mr. Young of Winnipeg, were Willow Point visitors this week.

Death Claims James Harris at Age of 81

Death claimed the life of one of Nelson's old timers, James Harris, superannuated Nelson Water Superintendent, early Sunday morning. He was aged 81 years.

Mr. Harris, who was born in England, arrived in Canada in 1899, and came almost directly to Nelson to take a post about Christmas-time as head of the Nelson Water Department which he held until he was superannuated in 1933.

He was found dead in bed Sunday by J. T. Brown and W. E. Wasson, close friends for many years, and Chief of Police Robert Harshaw, Dr. F. M. Auld, District Coroner, was called, and stated death was due to natural causes.

Mr. Brown, who worked under Mr. Harris since 1909 and then took charge of the department in 1933 until his own superannuation in 1942, said he visited Mr. Harris almost every day to make sure that everthing "was going all right". Sunday morning, as was his habit, Mr. Brown went to Mr. Harris' home nearby at 724 Victoria Street at about 10:30, but he got no response to his knocking on the door.

He went back several times and looked through the window and saw Mr. Harris in bed but noticed that he wasn't changing his position. The light was on, and the milk bottle hadn't been taken in, so Mr. Brown sensed that something was wrong. He notified the Chief of Police and Mr. Wasson, and then they forced the door open.

Mr. Harris had been in good health, although he had complained the last few days of a cold, according to Mr. Brown.

He was a bachelor, and his only known survivor is a sister in Bridport, Dorsetshire, England. That was Mr. Harris' birth-place.

Mr. Harris' favorite hobby was gardening, and he took a great delight and pride in his flowers. He was seen down town Saturday afternoon by both Mr. Brown and Chief Harshaw.

Kimberley Scouts Entertain Cranbrook Troops

KIMBERLEY, B.C.—Kimberley Scouts were hosts to the Scouts and Scoutmaster Gordon Dezell from Cranbrook in a miniature Jamboree held in Oughtred Hall. The main item of interest was the showing of a Scout movie, a four reel film on the Holland Jamboree of 1937, an international meet attended by 25,000 Scouts, with each national group camping in their own particular way.

Scout mothers and friends supervised the serving of hot dogs, coffee, etc. The evening ended with a camp fire, music and other entertainment. Scoutmaster Resker expressed the hope that a Kimberley Scout might be sent to the first post-war Jamboree which is to be held at Paris, France, in the year 1947.

Vancouver Reaches New All Time High in Divorces

VANCOUVER, Dec. 8 (CP)—Vancouver reached a new all-time monthly high in divorces in November with 132 decrees granted in Supreme Court here. This is the first time the local courts have passed the hundred mark, last March being the closest with 99.

The November figure brings the 1945 Vancouver total to 769 marriages dissolved in 11 months. December promises almost as many divorces.

In 1944, 708 marriages were dissolved here in 12 months and in 1943, 652.

At Dec. 1, there had been 4188 marriage licences issued at the Vancouver Court House, compared with 3843 at the same date a year ago.

Marysville Miss Weds Kimberleyite

KIMBERLEY, B.C. — A pretty wedding was solemnized at the home of the bride's parents, Marysville, Dec. 3, when Edith, daughter of Mr. and Mrs. George Ellis, became the bride of Royce Jolie, son of Mr. and Mrs. J. Jolie, of Kimberley. Rev. S. T. Galbraith officiated.

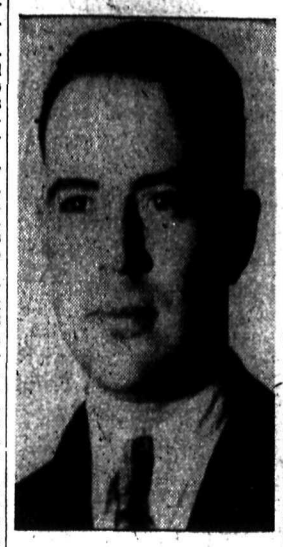
The bride was given in marriage by her father. The couple exchanged vows beneath an arch of evergreens and roses, topped by white wedding bells. The bride looked charming in a floor length gown of white satin, with full train veil held in place with a headdress of orange blossoms.

The attendants were Mrs. B. Markuson as matron of honor and Leslie Ordway was groomsman.

Following the ceremony a reception was held at the home of the bride's parents. For her wedding trip to Vancouver, the bride wore dark green with black accessories. They will reside in Kimberley.

LONDON (CP) — A building scheme to cost £2,000,000 ($8,860,000) is planned for Guy's Hospital. Damage through enemy action reduced the hospital to 300 beds. It is proposed to add another 700 beds. One of the oldest parts of the building is to be demolished and a new building constructed on the site.

T. S. Shorthouse Candidate for Alderman



T. S. SHORTHOUSE

T. S. Shorthouse, Police Commissioner for the past four years, stated Sunday he was offering for Alderman in the Civic election Dec. 13.

Mr. Shorthouse has been active in business and community activities since he came to Nelson in 1931 from Fernie to open a butcher store.

He has been particularly active in Kinsmen Club work and was the founder of the successful Kinauctions of the Air. He has since been Chairman of the Kinsmen War Services Committee on two occasions and was President of the Club in 1940. A consistent worker in Victory Loan campaigns, he has served as Chairman of the Victory Loan Program Committee.

Interested in most sports, he is a member of the Curling and Golf Clubs.

Married he has two sons and a daughter. Two of his children are attending school here.

Veterans Guests at Kimberley Anniversary Social

KIMBERLEY, B.C. — The Anniversary Social held in the United Church was a great success. Twenty-three returned service personnel who were the guests of the evening were welcomed by Rev. S. T. Galbraith.

The musical program arranged by Mrs. E. Stuart, included numbers by Mrs. Glanville, Mrs. Yuill, Miss Margaret Clements, Mr. McLafferty, Mr. Nesbitt, Mr. Watson, Mr. Davies, Mr. Kershaw and Gordon Clements. M. J. Thomas was master of ceremonies in the contests, quiz program and community singing, arranged by Mrs. F. Phillips.

In a pleasing ceremony Mrs. J. K. Walker, retiring president of the W.A., was presented with a gift by Mrs. B. H. Bentley, who paid tribute to Mrs. Walker for her long and effective leadership of the women's organization.

A delightful buffet lunch served by the W.A. brought the evening to a close.

Oysters grow on trees in regions where they attach themselves to mangrove tree roots and are exposed at low tide.

Says Deserting Seamen Add to Job Problem

VANCOUVER, Dec. 9 (CP)—The Vancouver Daily Province in a newspage story today said that deserting seamen of many nationalities are increasing British Columbia's unemployment problems by taking jobs on land that would be available for returned veterans.

The newspaper said an "unofficial shipping master's runner for ports of Vancouver points out a number of additional jobs would be available for returned veterans" if shopping companies would turn in the deserters' names.

The newspaper said "there are Greek, Scandinavia, Antipodean and British deserter seamen somewhere in British Columbia probably steadily employed who are illegally ashore," he declared.

16-Year-Old Blewett Boy Dies

Bill Samsonoff, son of Mr. and Mrs. W. Samsonoff of Blewett, B. C., died in Kootenay Lake General Hospital on Sunday at the age of 16. He is to be buried in Shoreacres.

LONDON, (CP)—Since its inauguration King George's Jubilee Trust has spent nearly £500,000 ($2,250,000) in directing grants for the benefit of youth, Lord Portal told a luncheon meeting.

The Long Road Back

During the war years the growth of the telephone systems of North America was restricted by Government order so that materials, labor and manufacturing facilities could be diverted to war purposes. This policy contributed greatly to the war effort but naturally resulted in thousands of people being unable to get telephone service. At the time of writing, there are over two million names on the waiting lists for telephone service in North America.

Now the factories are changing back to peacetime production, and the huge job of catching up with telephone demands has begun. The products of the factories are being apportioned among the telephone systems of the continent. We are getting our share of telephones, wire, cables, switchboards, automatic equipment, and so forth, but it will be many months before factory deliveries enable us to make telephone installations on a normal basis.

Drive Safely This Winter

Following a conference over the prediction of safety experts that the coming snow and ice season will cause the worst "traffic accident Winter in history," General D. C. Draper, Chief Constable of the Toronto Police Department and President of the International Association of Chiefs of Police, has issued a warning to all drivers to "prevent needless injuries, deaths and destruction of scarce motor vehicles caused by neglecting practical precautions to offset Winter driving hazards." Local police chiefs of both countries are cooperating, according to Lieut. Robert E. Raleigh, director of the I.A.C.P. Safety Division.

Their trouble prevention tips are excellent. They are:

1—Maintain visibility. You must see a hazard to avoid it. Check windshield defroster-wiper, headlights and keep windshield clean.

2—Reduce speeds according to snow and ice conditions. Remember, it takes 3 to 11 times normal distance to stop on snow or ice without tire chains.

3—Keep safe distance from vehicle ahead. When roads are slippery allow 3 to 6 car lengths for every 10 m.p.h. because snow and ice increase braking distances 3 to 11 times over those required on dry pavement. Slipperiness on ice varies, glare ice at near thawing temperatures being twice as slippery as dry ice about zero.

4—Put on anti-skid chains when snow or ice prevail. Tire chains reduce braking distance 40 to 50 per cent and provide needed "go" traction on snow or ice.

5—Practice "defensive driving". This means driving so that you are prepared for any emergency under prevailing conditions. Anticipate mistakes of pedestrians and other drivers.

6—Signal intentions clearly as possible. When turning or stopping remember others can't do likewise as quickly as normal on hard-packed snow or ice. Some may have neglected chains.

The Winter communique of General Draper and Lieut. Raleigh then pointed out new reasons why it is particularly vital this year to think first and stop accidents. The traffic accident rates for recent Winters were 24 to 53 per cent higher than the Summer rates, and the combination of more cars, gas and more "restraint weary" drivers causes public safety officials to fear this Winter will be the worst in history for traffic accidents, if precautions are not taken.

Other facts which the police chiefs of two nations believe drivers should consider are: "The war is over but transportation is vital to successful reconversion and civilian economy. Over 5000 cars are going off the road every day in Canada and the United States. Since January 1, 1942 more than 10,000,000 vehicles in the two countries have left the road for the junk-pile, and new ones won't be available 'til later than you think."

Airplane Service for Southeastern B.C.

Discussion in the House of Commons on proposed airplane service through Southern British Columbia brought out some interesting points. The matter was raised by Hon. Grote Stirling of Yale and the Government viewpoint was expressed by Hon. C. D[illegible]e, Minister of Reconstruction. [illegible]n follows:

Mr. Stirling: There are in Southern British Columbia at the present time a [illegible]ny air-minded people who [illegible]d with the idea of service [illegible]ven to those communities dot[illegible]g the North of the boundary [illegible]way between Lethbridge and [illegible]ver. Can the Minister give us [illegible]tion in regard to consid[illegible]n given to assisting [illegible]? I believe at the [illegible]r applications [illegible]and it may be [illegible]considered even [illegible]that [illegible]of course [illegible]y nearly through to Vancouver, and service cannot be given in that way. It is true that railway service exists, but it is by no means speedy; and for at least a month or two in the middle of Winter the highways are scarcely usable. Many people through the Kootenays, in the Okanagan and in these other settlements are looking forward to the day when there may be some air service supplementing T.C.A. Can the Minister give the committee any idea of the cost per passenger mile, for instance, in such a pick-up service, whether it be in that mountainous area or in the flatter land of the prairies?

Mr. Howe: As the Hon. member for Yale has indicated, there are three applications before the Board for a service between Vancouver and Lethbridge through the Crow's Nest Pass. The Air Transport Board has set down a hearing in Vancouver for January 15, when the three applications will be considered. In the meantime they are studying the merits of the three routes for which application has been made. The applications are not identical; each specifies different stops, and it will be the purpose of the Board to see that, whichever application is granted, the applicant will be required to give an adequate service to the citizens in that area.

This is considered an excellent airplane route. The rail transportation, as I think my Hon. friend will agree, is not the best, and weather conditions are such that from time to time the highways are blocked. Another fortunate feature is that the area is well supplied with airports, so that a well-equipped and well-financed company should be able to give an excellent service and should find it a profitable operation.

I am sorry I cannot give my Hon. friend an indication of the rate. Local services of that type require a higher rate than the Trans-Canada service, on which the rate is about 5½ cents a mile. This rate will be somewhat higher, but I think it will be desirable for those operating the route to set a rate that will attract patronage, and it will be the duty of the Air Transport Board to see that the rate is not excessive. Just what rate will be established is a matter between the operator and the Air Transport Board.

Mr. Stirling: Would the Minister hazard a guess that it might be twice not be as much as twice as high.

Mr. Howe: My guess is that it would not be as muhc as twice as high.

Early in January, as stated by H. W. Herridge, M.P., in a recent letter to the Salmo Board of Trade, the various applications for franchises in this territory will be discussed before the Government Board at Vancouver.

Looking Backward

10 YEARS AGO

(From Daily News, December 10, 1935)

Heavy wet snow fell in Trail yesterday but within the temperatures many degrees above freezing little remained on streets of the city's lower levels.

The Nelson seniors went through a stiff workout last night in preparation for meeting the Trail Smoke Eaters in the opening game of the West Kootenay Hockey League.

25 YEARS AGO

(From Daily News, December 10, 1920)

W. H. Thomlinson, mineralogist for the Dominion Department of Mines, has left for his home in New Denver.

S. S. Fowler, manager of the Bluebell Mine, Riondel, came into town yesterday for a few days.

Press Comment

JOBS AND SELECTED JOBS

The Dominion Department of Labor is advertising for 5,000 bushmen for saw logs and pulpwood.

Northern Ontario dispatch says that in one mining area alone there is a shortage of 2,000 workers.

A British Columbia news item tells of a shortage of both mining and lumber workers.

What this seems to mean is that when people talk about a current scarcity of jobs they mean scarcity of selected jobs. A scarcity of the sort of work people would like to get if they could get it.

Well, there never has been a time in the world's history when there was work for everybody at the sort of work everybody wanted, and there never will be. Indeed, in such a world economic and social life would break down; there would be nobody to do the hard, disagreeable work essential to existence.

We can't all choose the posts in life that we would like, even though we may think we could fill them better than those who have them; can't all crowd the far-away pastures that look green. Instead, in a world where most of us have to earn our living by the sweat of our brow we must be content with our appointed tasks, realizing that life is a procession of second-best choices, and realizing most of all that, duty to ourselves and our dependents being what it is, any work is better than none.

We hear much these days about "full employment". That (if it is attainable at all which we doubt) doesn't mean work for everybody at the jobs they like, or a home for everybody in the place they like. Full employment means that people must move to jobs, not jobs to people, and that there must be enough people willing to take all the sorts of jobs that are offered. In a collectivist state, towards which we seem to be moving, full employment may even mean that people must work at what they are told to work at, where they are told to work, and at what hours and wages.—Ottawa Journal.

?? Questions ?? ANSWERS

Open to any reader Names of persons asking questions will not be published. There is no charge for this service. Questions WILL NOT BE ANSWERED BY MAIL except when there is obvious necessity for privacy.

J. J. Ferale—During the war we were told the Government would give a grant to buy land. Do veterans get grants through the Farm Loan Board or through the Veterans Land Act, is that act functioning and if so where are the headquarters for East Kootenay?

Applications are made through the Soldiers Settlement and Veterans Land Act. Headquarters for the East and West Kootenay are in Nelson. To get in contact write to Regional Supervisor, Soldiers Settlement and Land Act, 373 Baker Street, Nelson, B.C.

Interested, Salmo—Can you give me the address of the manufacturers of prefabricated houses? Is there a priority on them or can they be purchased now?

They are made in B.C. and the representative in Nelson is T. D. Rosling, 568 Ward Street, Nelson. There is no priority on the houses and they can be purchased now.

J. W. M., Rossland—Who invented whisky?

It is not known who invented whiskey. It has been prepared for many centuries both in Ireland and in Scotland. The name is probably from the Celticuisgeveatha, which was contracted to usquebaugh, a liquor which was extensively used during the 17th and 18th centuries. It was not quite the same as modern whiskey.

Curious, Nelson—What is a cooperative bank?

A cooperative bank is a bank in which the depositors are not paid interest on their deposits, but are given, in lieu of interest, a share in the profits of the bank.

Letters to the Editor

Letters may be published over a nom de plume, but the actual name of the writer must be given to the Editor as evidence of good faith. Anonymous letters go in the waste paper basket.

What About a Few Hives of Bees? Asks Vancouverites

To the Editor:

Sir:—Bees can be set up in business almost anywhere near flowers, sunshine and decent weather. They do not require daily watching so one can go on holiday at any time. Due to swarms it is quite possible for an apiary to double in a season. No special training or intelligence is needed to operate a few hives. A boy or girl of 10 or 11 can get the required ideas in a few weeks.

The honey yield may total as much as 100 pounds a hive. One man can easily handle 100 hives and thus get a living. The material and equipment for one beehive costs about $3.00, and extras should always be on hand for swarms. An extractor costs about $10. It is needed to get the honey out of the combs.

The basis and mainstay of a hive is a good queen. A good hive is better than a dozen weak ones. It takes from two to five pounds of strong bees to stock a hive. There are from 3500 to 5,000 bees to a pound. Bees are imported in packages by express from the Southern States mostly. Package bees cost about $2.50 for two pounds, and with queen included. Prices get lower as summer days arrive.

The cells in which workers are produced are slightly smaller than drone cells. A queen bee can lay several thousand eggs a day.

A swarm may fly near or far and land on a bush or telegraph pole. It can be brushed into a paper bag or flour sack. Then it can be brushed into the opening of a hive or box, usually in about an hour of easy effort.

Bee eggs turn into white grubs or larvae, then pupa-cocoon then queens, drones or workers. There is only one queen in any hive. Bees travel six to eight miles away to gather honey and can move at from 15 to 25 miles per hour in still, warm air.

Bees are kept so that man can rob them of their honey, worker bees try to protect their colony and do so by the sting. The act of stinging kills the said bee so no female worker bee stings just to die but to protect. A veil should always be worn around hives. Swarming bees are not given to stinging as they are home hunting and happy and filled with plenty of honey to start.

About one-fifth of bees are lost in the wintering, mostly due to lack of food. About 50 pounds of honey should be left in the hive for Winter. If any is over in the Spring it can be taken out in the usual way. Freezing cold does not bother the bees but for zero weather of the Northern states the hives must be put indoors.

Bee hive troubles are American foul brood, European foul brood and sac brood. All three are quite distinct and different. The cure is to burn the whole hive, lock, stock and barrel. The bees may be shaken from the frames and then put into a new clean hive. Good clean, strong, active hives are not likely to get diseases.

There is no such thing as pure clover, pure orange, pure buckwheat or pure anything else kind of honey. All are mixtures with other nectars.

Several bee culture magazines are published. Very good information may be obtained from state and federal booklets which can be obtained by sending out a few postcards to Ottawa, Washington or other capital city.

D. P. McCALLUM,
1886 W.13, Vancouver, B.C.

Fleet Admiral Opposes Merger

BY WILLIAM R. SPEAR

WASHINGTON, Dec. 9 (AP) — Fleet Admiral Ernest J. King delivered a parting broadside Saturday night against proposals to merge the Navy and Army.

In his final report as Commander-in-Chief of the United States Fleet and Chief of Naval Operations, he also fired away at suggestions for separating naval aviation from the rest of the service and for scrapping battleships for carriers.

"Because of its mobility and the striking power and long range of its weapons," Admiral King said, "the aircraft carrier has proved itself a major and vital element of naval strength, whose only weakness—its vulnerability — demands the support of all other types, and thereby places an additional premium on the flexibility and balance of our fleet. The balanced fleet is the effective fleet.

"In a balanced fleet the several components must be welded together rather than simply coordinated."

As submarine officers must alternate periods of service on submarines with duty aboard other kinds of ships, he continued, so aviators should rotate in other duties—"Aviation is part of the ordinary daily life of the officer at sea."

The 61-page report, covering the last phases of the Pacific fighting and the first of occupation of Japan and demobilization, was shot through with arguments against a unified War and Navy Department.

Lions Seek to Revive Fair; to Sell Holly

News in harmony with the Yuletide season came to light at the semi-monthly banquet of the Lions Club held in the Club Seven Cafe Thursday night.

John Walkden announced that his committee had completed plans for the selling of holly during the week before Christmas. Proceeds are to be used for the Lions Cancer Fund. The Committee in charge is John Walkden, Chairman, Rex Easte, Walter Valin and Fred Carmichael.

Chairman Frank Frisby reported on steps his committee had taken for a revival of the Fall Fair in Nelson. Plans are now being made to hold this event next year. The fair would be held in aid of the Old Age Pensioners and the Blind of the Nelson District.

Scout Fathers to Begin Work on Camp in Spring

Mrs. R. R. Brown at the Baden-Powell Auxiliary meeting reported that the father and son banquet for which she was convener had been entirely satisfactory. She said that the Cubs and Scouts had presented their mothers with potted ferns in gratitude for their help in preparing the banquet. These ferns were bought with the funds of the Scouts and Cubs.

Mrs. G. Noden, who had been present at the Scouts meeting, said that the men were planning a trip to Camp Busk in the near future to see what work had to be done to prepare the grounds for the Summer sessions. They plan to begin work in the early Spring during low water.

In the absence of the President, Mrs. L. Browett, the Vice-President, Mrs. W. Goodman occupied the chair.

Refreshments were served by Mrs Browett, Mrs. J. Dolphin, and Mrs. T. Clem. Other members present were Mrs. W. Goodman, Mrs. W. Harkness, Mrs. J. Muir, Mrs. G. Stoll, Mrs. R. R. Brown and Mrs. J. E. Lewis.

Boswell Seeks More Information on Highway Meeting

Information on what was accomplished at meetings of the Surface the Highways delegation with Premier Hart and Works Minister Anscomb 'will be given to the Boswell and District Farmers' Institute by the Nelson Board of Trade.

The Institute said in a letter read by the Board Council at the Hume Friday that many of its members had asked what had happened at Victoria. What little appeared in the Daily News, the letter said, was not enough to make anyone feel much was accomplished.

Until the Southern Highway could be properly hard surfaced, it needed "very considerable surfacing material and then continual grading," the letter continued. The Nelson Board was urged to press for surfacing and more grading until the far surface could be added. A recognized bank of material was on the roadside West of Kuskanook, it was stated.

R.C.A.F. Occupation Formation Seeks Adoption

An R.C.A.F. formation now servicing an R.A.F. Group, in which are included the Canadian formation in the occupation force in Germany, is No. 406 Air Stores Park, commanded by S.-L. G. Doucette, Vancouver, B.C.

An Air Stores Park is virtually a wholesale establishment from which equipment and supplies are distributed to the various field units.

This particular Air Stores Park has been on the continent since June 10, 1944, following R.C.A.F. fighters through Normandy, France, Belgium, Holland and Germany. It is the only such R.C.A.F. formation now overseas.

A letter from overseas suggests that "some form of adoption be arranged as this unit has done an exceptionally fine job and it is considered such an adoption would be extremely good for the morale of the men now situated in rather unattractive surroundings in occupied territory."

SWISS WILL TAKE MILITARY HOLIDAY

BERNE (CP)—Military refresher courses will be dispensed with in Switzerland in 1946 and recruiting will be reduced about 50 per cent. as against 1945, the Swiss Government has announced. Normal military training will be resumed in 1947.

The National Defence Commission said "certain clouds have not yet disappeared from the horizon" and "we are interested in maintaining our military preparedness."

KETTERING, England (CP) — Shoes partly made of plastic material will be on sale in British shops early in 1946, it was announced at headquarters of the footwear controller.

LONDON (CP) — Pamela Phillips, 17, a pupil at the Mary Datchelor School, has been installed as Mayoress of Camberwell, North London.

Aussie Coal Tieup Effects Reach Into Everyday Home Life of People

SYDNEY, Australia, Dec. 9 (CP Cable)—*If the effects of the present Australian coal tieup which is spreading from New South Wales to the remainder of the Commonwealth were applied to Canada, the average Canadian citizen would be startled out of a couple of years' growth.*

To understand the completeness, Canadians must think of their own personal life and that of their community disrupted to the following extent:

Strike rationing rules out hot baths and home laundry with hot water also is banned. Home cooking is permitted only between the hours of 6:30 and 8:00 a.m. and 5:30 to 7:00 p.m.

People are allowed to heat water for a hot beverage between noon and 2:00 p.m., but there must be no cooking then. It is no use to go to a cafe for a hot drink outside those hours, unless there are some with equipment unaffected by the rationing.

These are just a few of the inconveniences. They are nothing compared to the plight of 200,000 workers who are out of jobs and 300,000 more who may be affected within a few days.

Rationing of electricity applies to 500,000 premises in New South Wales and gas supplies are restricted in 200,000 homes, factories and shops.

SEEK RELIEF

The States of Victoria and South Australia have announced rationing of power, lighting and heating in order to stretch the coal stocks that might last one month.

Workers in industries depending on coal who have been laid off already are starting to apply for unemployment relief at rates of about $4.50 a week for a single man and about $9 for a man with a wife and one child. The national unemployment bill will go sky-high if the strike continues. Not only heavy industry is coming to a standstill, but such factories as breweries, footwear and clothing plants and smaller enterprises such as laundries.

PURPOSEFUL BUYING

--- is better than wishful thinking. We can do something very definite about employment every time we make a purchase -- if we deliberately favor those products which are

"MADE IN B. C."

Let's not send our dollars too far away, unless we want to send our boys and girls away to find employment. IF WE LIKE TO LIVE HERE -- LET'S ASSURE A LIVING HERE!

Picard Takes Miami Open

MIAMI, Fla., Dec. 9 (AP)—The veteran 39-year-old Henry Picard of Cleveland, Ohio, shooting a sizzling seven-under par 63 to smash the course record, won the $10,000 Miami open golf tournament today.

He went out in 32 and came back in 31 for a 72-hole total of 267.

Harold (Jug) McSpaden wound up with a five-under 65 for a total of 272, but it was good enough only for second place. It was the 13th time this year the Sanford, Me., pro had finished in that spot.

In third place was amateur Frank Stranahan of Toledo, Ohio, who registered a 69 final round for a 277 total.

BOMBER TO BOX TONIGHT AT VICTORIA

VICTORIA, Dec. 9 (CP) — Joe Louis, world heavyweight boxing champion, will meet Bob Fraser in a three-round exhibition bout at the Bay Street Armories here tomorrow night. Louis signed for the fight over the weekend.

Fraser, former heavyweight champion of the United States Navy, has accompanied the "Brown Bomber" on a tour up the Pacific coast.

Louis won the world title from Jimmy Braddock, June 22, 1937 and since then has beaten all opponents, most of whom fell before his terrific punching power.

NEW YORK, Dec. 9 (AP) — An X-ray examination disclosed Saturday that Muzz Patrick, defenceman on the New York Rangers hockey team, broke the third metacarpal bone in his left hand in an exhibition game at St. Hyacinthe, Que., Thurday night.

Riggs Beats Budge

LOS ANGELES, Dec. 9 (AP) — Bobby Riggs of Los Angeles defeated Don Budge of Eagle Rock, Calif., today for the world's professional hard court tennis championship. The scores were 9-11, 6-3, 6-2, 6-0.

The match was decided early in the third set when Budge developed a severe cramp in his right forearm. He finished the set under difficulty and in the fourth set he merely went through the motions, hardly able to grip his racket.

Dynamiters Win Exhibition 6-5 From Lethbridge

KKIMBERLEY, B.C., Dec. 9 — A large crowd of eager hockey fans turned out Saturday night to witness Kimberley's first post-war hockey game as Kimberley Dynamiters nosed out Lethbridge 77's 6-5 in an exhibition game.

Frank (Sully) Sullivan, one of the Dynamiters' aces of former West Kootenay League years, showed his old-time form by scoring two goals and assisting once. Playing Coach Harry Brown exhibited his former crowd-pleasing rushing defenceman style, and he set up three of the Kimberley goals. Scotty Ness, Sammy Calles, Guffy Livingstone and Slugg netted the other Dynamiter markers.

Gibson scored twice for Lethbridge, and other goals were banged in by McGregor, McLean and Collison.

Jakie Nash and Cliff Kilburn shared the Kimberley netminding assignment.

Summary:

1, Kimbeley,

1. Kimberley, Slugg (Brown); 2, Kimberley, Livingstone (Holditch-Kavanaugh); 3, Lethbridge, McGregor; 4, Kimberley, Ness (Brown); 5, Kimberley, Sullivan (Johnston); 6, Lethbridge, Gibson (Wood); 7, Lethbridge, McLean; 8, Lethbridge, Collison (McLean); 9, Kimberley, Sullivan (Brown); 10, Lethbridge, Gibson; 11, Kimberley, Calles (Sullivan).

Lineups:

Lethbridge—Rodzinak, goal; Mcgregor, Murphy; Gibson, Wood and Stasink. Subs—Collison, Simpson, McLean, Negrello and McLean.

Kimberley — Nash and Kilburn, goal; Brown and Johnson; Sullivan, Calles, and Sanderson. Subs—Wilson, Slugg, Ness, Livingstone, Armstrong, Kavanaugh, Holditch and Zak.

No Wrinkles Takes Handicap

SAN MATEO, Calif., Dec. 9 (AP)—Streaking ahead in the stretch, No Wrinkles, ridden by Bob Summers of Toronto, won the 12th annual running of the $25,000 Added Bay Meadows Handicap Saturday before a jammed crowd of more than 20,000. Time for the 1⅛ miles on a heavy track was 2:00 4-5.

Wise Eagle ran second and Sammy Angott took third. Foreign Policy was fourth and the 4-to-5 favorite, Wheelabout, was beaten off badly after twice leading the field.

The victory earned No Wrinkle $20,930.

Lamoureux Goal Gives Canadiens Win Over Leafs

TORONTO, Dec. 9 (CP)—An unassisted third period goal by Defenceman Leo Lamoureux gave Montreal Canadiens a 1-0 National Hockey League victory over Toronto Maple Leafs Saturday night before 14,365 fans and enabled the Canadiens to lengthen their lead over the second place Boston Bruins to four points.

The big defenceman's first goal of the season settled the most sensational goaltending duel on Toronto ice this year in favor of Montreal's Bill Durnan over Frank McCool of Toronto. It was a hard drive from the blue line and was so thoroughly screened by a maze of players that McCool hardly had a chance to see it.

Lineups:

Montreal: Durnan, Lamoureux, Bouchard, Lach, Richard, Blake.

Toronto: McCool, Goldham, Stanowski, Apps, Hill, Stewart.

Montreal Subs: Reardon, Harmon, Hiller, O'Connor, Benoit, Chamberlain, Reay, Filion, Peters.

Toronto Subs: Dickens, Pratt, Taylor, Carr, Schriner, Bodnár, Kennedy, Davidson, Hamilton.

Referee—George Gravell. Linesmen—Jim Primeau, Eddie Mepham.

SUMMARY

First Period:

Scoring—None.

Penalties—Harmon (major), Kennedy, Pratt.

Second Period:

Scoring—None.

Penalties—Dickens, Lach, Goldham.

Third Period:

1 Montreal, Lamoureux 6:42.

Penalties—Lach, Bouchard, Peters.

Royals Shut Out Wolves 4-0

NEW WESTMINSTER, B. C., Dec. 9 (CP) — New Westminster Royals blanked Hollywood Wolves 4-0 in a Pacific Coast Hockey League game here last night to move into first place in the Northern Division of the League.

New Westminster scorers were Freddie Smitten, Reg Benfley, Bob Koch and Duth Evers.

SCORED OPENER: Johnny Arichuk, former Canmore, Alta., hockeyist, who scored the opening goal Saturday night when Nelson Maple Leafs defeated Trail Smoke Eaters. It was Arichuk's second goal of the season.

THUNDERBIRDS OVERCOME LEAD, UPSET HUSKIES

VANCOUVER, B. C., Dec. 8 (CP)—University of British Columbia Thunderbirds overcame a 13-point first quarter deficit to upset the highly-rated University of Washington Huskies, 58-51 in a rugged exhibition basketball game here Saturday night.

The win stopped Washington's undefeated win streak at six games. The previous night, the Huskies won 69-66.

Oaks Outpoint Shamrocks 2 to 1

SAN FRANCISCO, Calif., Dec. 9 (CP)—Scoring five goals in the second period, Oakland Oaks trounced the San Francisco Shamrocks 6-3 in a Southern Division Pacific Coast Hockey League game here last night.

Wings Edge Up on Canadiens; Rangers Humble Leafs

DETROIT, Dec. 9 (CP)—Detroit Red Wings inched closer to the pacesetting Montreal Canadiens by defeating the league leaders 2-1 in a National Hockey League game tonight.

Lineups:

Montreal: Durnan; Reardon, Harmon; Lach; Richard, Blake. Subs: Bouchard, Lamoureux, Hiller, O'Connor, Benoit, Chamberlain, Reay, Filion, Peters.

Detroit: Lumley; Quackenbush, Stewart; Carveth; E. Bruneteau, Liscombe. Subs: Jackson, Howe, M. Bruneteau, Gauthier, A. Brown, Lindsay, Seibert, J. Brown, Couture.

Officials:

Referee: George Gravel; Linesmen: Doug Young and Stan McCabe.

Summary:

First period:

Scoring: None.

Penalties: Seibert, Lach.

Second period:

Scoring: None.

Penalties: Bouchard (major), Stewart.

Third period:

1, Detroit, Carveth (Gauthier) 12:44; 2, Montreal, Hiller 13:45; 3, Detroit, A. Brown (M. Bruneteau) 16:52.

Penalties: Couture, Stewart.

LEAFS DOWN 1-2

NEW YORK, Dec. 9 (CP)—New York Rangers downed Toronto Maple Leafs 2-1 here tonight in a National Hockey League game and went into a last-place tie with the Leafs in the League standings.

Lineups:

Toronto: McCool; Goldham, Stanowski; Apps; Hill, Stewart. Subs: Pratt, Davidson, Taylor, Carr, Schriner, Metz, Kenendy, Bodnar, Hamilton Dickens.

New York: Rayner; Moe N. Colville; Laprade; M. Colville, Shibicky. Subs: Heller, Watson, Warwick, Patrick, Goldup, DeMarco, Pike, Leswick, Juzda.

Referee: Frank Clancy. Linesmen: Sam Babcock and Bill Scherr.

Summary:

First period:

1, New York, M. Colville 2:04; 2, New York, L. Patrick 16:55.

Penalties: Goldam, DeMarco, Pratt.

Second period:

3, Toronto, Carr 12:53.

Penalty: Moe.

Third period:

Scoring: None.

Penalties: Goldham, Patrick, Warwick.

"FORWARD WITH CANADA"

FREDERICTON

The Loyalist Capital

THE GREEN AT FREDERICTON 1847
(From a Bartlett Print)

Centre of a rich agricultural district, capital of New Brunswick, a province rich in tourist delights, Fredericton is a city of noble heritage, fruit of the faith and loyalty of those who gave up everything to remain true to their British principles—the United Empire Loyalists.

Today, those same principles of loyalty and brotherhood bind Fredericton and her province to Dominion and Commonwealth with ties of comradeliness and understanding. Today the descendants of those first settlers look back with pride upon the deeds of their ancestors, look ahead to an even greater future, as Fredericton goes "Forward with Canada."

Northern Electric takes pride in its growth with Canada from small beginnings to a *national electrical service* . . . takes pride in its opportunity to serve the further upbuilding of this glorious country.

Firsts by Northern Electric

THE FIRST INTERNATIONAL BROADCAST

In 1923, Northern Electric leadership in radio was already winning recognition. In that year, Northern Electric made radio history by participating in the first Canada-U.S.A., international broadcast between Montreal and New York. For the best in *all* electrical equipment, look for the name Northern Electric.

TODAY'S News Pictures

DAHLIA NAMED FOR JANIS PAIGE: A perfect lady and a perfect dahlia go hand-in-hand, so it is only fitting that this velvet red flower grown by George Southam of Los Angeles, should be named for Janis Paige, above, of movie fame. The prize posey measures 12 inches across and eight inches deep. Miss Paige's measurements aren't given, but they are probably perfect, too!

SOUTHEAST ASIA CHIEF: A recent portrait of Admiral Lord Louis Mountbatten, Supreme Allied Commander Southeast Asia.

PREPARES NOOSE FOR NAZIS: This hangman, preparing the noose for Nazi necks at Nuernberg, followed the same profession in civilian life. He has officiated at 92 hangings in Europe.

ATOMIC EXPERT: Maj.-Gen. Leslie Groves, head of the U. S. Army's atomic bomb project, as he told the U. S. Senate Atomic Committee in Washington that the effect of the one atomic bomb dropped on Hiroshima was equal to that of the full load of 2000 airplanes, carrying ordinary bombs. Groves said the Hiroshima blast resulted in 70,000 to 120,000 dead and missing in Hiroshima. He added that the only radio-active injury resulting was that which occurred at the time of the explosion and that he had been informed "death from radio-activity is rather pleasant."

LIEUT. IAN ED. FRAZER

LS. J. J. MAGGENIS

HERO SEAMEN AWARDED VICTORIA CROSS: For sinking the 9850-ton Jap cruiser Tkoa in Johor Straits, Singapore, the Victoria Cross, Britain's highest honor, has been awarded to Lieut. Ian Edward Frazer. He squeezed his midget sub under the cruiser in shallow water. Leading-Seaman James Joseph Maggenis was awarded the Victoria Cross for his contribution in the sinking. Maggenis wriggled out of a hatch that could not be fully opened because it was wedged against the target. He worked for 45 minutes in diving kit scraping seaweed and barnacles from the enemy hull to fasten the "Limpet" charges which sank the ship.

FACES COURT MARTIAL: Skipper of the cruiser Indianapolis when she was lost in the Philippine Sea last July, Captain Charles B. McVay, above, is standing trial by general court-martial in Washington. The Indianapolis was lost after she completed a voyage from San Francisco to Guam, on which she carried materials for the atomic bombs that were later dropped on Hiroshima and Nagasaki.

PUBLIC NOTICES

PUBLIC NOTICE

THE CORPORATION OF THE CITY OF NELSON

"MUNICIPAL ELECTIONS"

PUBLIC NOTICE is hereby given to the electors of the Municipality of the City of Nelson that I require the presence of the said electors at the City Hall, 501 Front Street, Nelson, B.C. on Monday, the 10th day of December, 1945, at 12 o'clock noon, Pacific Time, for the purpose of electing persons to represent them as Mayor, Aldermen and Police Commissioners for the City of Nelson, and School Trustees for the Nelson School District.

The mode of nomination of candidates shall be as follows: The candidate shall be nominated in writing; the writing shall be subscribed by two electors of the Municipality as proposer and seconder, and shall be delivered to the Returning Officer at any time between the date of the notice and two P.M. of the day of nomination; the said writing may be in the form numbered 3 in the Schedule of the "Municipal Elections Act", and shall state the names, residence, and occupation or description of each person proposed, in such manner as sufficiently to identify such candidate; and in the event of a poll being necessary, such poll shall be opened on the 13th day of December, 1945, between the hours of 8 o'clock A.M., and 8 o'clock P.M., in the Council Chamber of the City Hall at the corner of Ward and Front Streets, of which every person is hereby required to take notice and govern himself accordingly.

Given under my hand at the City Hall, Nelson, B.C., this 1st day of December, 1945.

W. A. GORDON,
Returning Officer.

Representatives to be elected:
Mayor.
3 Aldermen for two years.
3 School Trustees for two years.
1 Police Commissioner for two years.
1 Police Commissioner for one year.

Canadian Farmers Take $62,000,000 Reduction in Income

OTTAWA, Dec. 9 (CP)—Canadian farmers took a $62,000,000 reduction in income for the first six months of this year compared with the same period of 1944 and predictions were that farm income for the whole year would be "moderately below" that of last year's record $764,000,000.

The quarterly bulletin of agricultural statistics issued by the Dominion Bureau of Statistics today said cash income from the sale of farm products in Canada for the first six months of 1945 was $702,000,000 compared with approximately $764,000,000 in the same period last year. And except for a small amount in Nova Scotia, the three Prairie Provinces accounted for all the decrease.

The largest decrease in income was $51,000,000 in Saskatchewan, followed by a decrease of $25,000,000 in Alberta and $14,000,000 decrease in Manitoba compared with 1944 farm income figures.

Chesterfield Drops to 3rd in British Soccer

LONDON, Dec. 9 (CP Cable) — Chesterfield dropped from first to third place in the League North table Saturday as Blackpool and Sheffield Wednesday scored shutout wins in Saturday's British football schedule.

Blackpool won 3-0 from Chesterfield and Sheffield Wednesday scored a 2-0 win from Bury. They are tied on points with 24 each, one more than the former leader, but Blackpool was given the top of the standing because of a better goal average.

Everton still is fourth following a 6-1 win from Stoke City but Liverpool dropped to seventh behind Newcastle United and Manchester City when beaten by Huddersfield Town 3-1.

Charlton Athletic maintained its two point lead in League South by an easy 5-1 victory over Plymouth Argyle — the lowest club in the League with only five points since the season began. Thirty thousand fans watched Aston Villa hold second place with a 3-1 win from Nottingham Forest and Birmingham City won 4-0 from Southampton to stay third.

But it was not the top teams which drew the biggest crowd. The Chelsea-Brentford League South match drew 45,000 and this was unmatched elsewhere. Chelsea won 4-2.

Kimberley Enjoys St. Andrew's Night Program

KIMBERLEY, B.C.—One of the popular annual celebrations, St. Andrew's Night, was held in the K.P. Hall filled by a capacity crowd. Well known local artists contributed to the fine program of Scottish folk songs, songs of Harry Lauder, Scottish airs on violin, accordian and bagpipes, dances in Scotch dress. Following the concert program a dance led by Dick Banks' orchestra, and Bill Faulds as floor manager, brought the crowd onto the dance floor to take part in eightsome reels, Highland flings, Circassian circles, mazurkas and other oldtime dances interspersed with a few modern dances.

Former Kimberley Man Passes in Calgary, Aged 76

KIMBERLEY, B.C. — News was received here of the death of John McKenzie, age 76 years, who passed away in Calgary, Nov. 29, following a heart attack. Funeral services were held in Calgary Dec. 1.

Mr. McKenzie who had been employed by the Star Bakery here for two and a half years prior to his retirement in September had made a wide circle of friends in Kimberley.

Cranbrook Man Superannuated

CRANBROOK, B. C. — After 42 years service with the Canadian Pacific Railway in bridge and building, engine and train departments, A. R. MacDonald, who has made his home here during that period, was superannuated recently. For the past three years he has been with the crew of the industrial train at Kimberley.

He came West to Rossland in 1901 from his native Antigonish, and two years later began his service with the railway as a pile-driver engineer. He has been with various departments ever since, except for a six months interval.

Crews of the Kimberley Industrial service had a party and made a presentation to him here on the occasion of his retirement. He will continue to make his home here.

Market Trends . . .

NEW YORK—Buyers concentrated on Amusements, Assorted Rails and Industrials in Saturday's brief stock market, lifting favorites to 15-year peaks on gains of fractions to two points.

WINNIPEG—Only a small export business was reported in wheat Saturday on the grain exchange with 200,000 bushels taken by United Kingdom buyers.

In the coarse grains future market, rye prices gave a fairly strong display, extending advances to 2¾ to 3½ cents a bushel at the close. Buying was of moderate character and offerings were light. Strength at Chicago was a leading factor in the trade.

At the close December was quoted at $1.77½B; May $1.77½B, and July $1.66¾.

CHICAGO—Mill and commission house buying joined with somewhat extensive short covering to give grain futures prices a boost Saturday with rye climbing more than four cents a bushel at times.

Good shipping demand continued for oats and prices advanced around two cents at times.

Rye still was climbing at the close and finished unchanged to 4¾ cents higher, wheat was unchanged to ⅜ higher, corn was unchanged at $1.18½ ceilings, oats were ⅛ to 2 cents higher, and barley unchanged.

WINNIPEG GRAIN

WINNIPEG, Dec. 8 (CP)—Grain quotations:

	Open	High	Low	Close
Dec.	176⅛	177⅛	176⅛	177⅛
May	176⅛	177⅛	175⅛	177⅛
July	165⅛	166⅛	164¾	166¾

Oats: All futures at ceiling prices of 51⅛ cents.

CASH PRICES:

Oats: 2 C.W. 51⅛; ex 2 C.W. 51⅛; 3 C.W. 51⅛; ex 1 feed 51⅛; 1 feed 51⅛; 2 feed 50⅛; 3 feed 49; track 51⅛; screenings $12.00.

Rye: 2 C.W. 177⅛.

Arrange West Kootenay Power for Dentonia Program; to Start Immediate Work Enterprise Ground

Directors of Dentonia Mines, Ltd., returning to Vancouver, have just returned from the property at Greenwood, and report that the development and production program is well ahead of schedule and favorable diamond drill results to date warrants an immediate start of underground development by drifting on the vein and breaking ore from the South 400 foot level of the Enterprise workings to the South and North. The drift will be 100 feet down the dip of the vein from the No. 1 tunnel. Diamond drilling of the Jewel Vein has proven the extension of the ore body for over 200 feet in a Northerly direction from the stopes of the old Jewel workings. Diamond drilling from No. 1 tunnel, where a porphyry dyke has intruded and hidden the vein on this level, shows that the vein is intact a few feet below the tunnel, because the porphyry dyke is flatter than the vein.

Arrangements have been made with the West Kootenay Power & Light Company to supply power at the substation on Dentonia property at Jewel Lake, an a crew is now rehabilitating the power line from this substation to the mine workings. An electrically driven air-compressor has been purchased, and delivery is expected within six weeks. Equipment for underground development, such as drifters, air and water lines, etc., have already been shipped. New camp buildings have been completed, and a crew of 15 men are at present on the property.

Systematic sampling has proven the existence of a considerable tonnage of high grade ore in a subdrift on the Jewel vein in No. 1 tunnel and in the bottom of the stopes in the Anchor workings. Channel samples taken in the sub-drift in No. 1 tunnel gave the following assays: Across eight inches, $24.64; across 12 inches, $27.26; across 16 inches, $38.50; across 20 inches, $90.09 in gold per ton.

"Austerity Christmas" for Top Ranking Nazis

NUERNBERG, Dec. 9 (Reuters)—It will be an "austerity Christmas" for Hermann Goering, Joachim von Ribbentrop and 18 other top-ranking Nazis now on trial at Nuernberg for war crimes.

Col. B. B. C. Andrus, chief jailer of the accused, has announced "There will be no festivities — no turkeys—no cigars, no wine."

It has not yet been decided what their Christmas fare will be but a possible menu may be: breakfast — oatmeal bread; dinner — soup, fried fish, tomato sauce, beetroot salad, rice and coffee; supper—bean stew, bread and tea.

"Whatever extras there might be certainly won't give them indigestion."

The Nazis will have the opportunity of attending special Christmas religious services conducted by Roman Catholic and Protestant chaplains.

With Stane and Besom

Ladies' Curling Club Elects Officers, Kimberley

KIMBERLEY, B. C. — The first meeting of the season held by the Kimberley Ladies Curling Club in the Curling rink Nov. 28, with President Mrs. S. Maartman in the chair, resulted in the following officers being elected for the ensuing year: President, Mrs. S. Maartman; Vice-President, Mrs. Costain, Secretary-Treasurer Mrs. S. V. Shayler; Executive Committee: Mrs. McKay, Chairman; Mrs. A. Lilley, Mrs. Dub Mackie, Mrs. Griffiths and Mrs. J. Carney.

One in a Million

BALTIMORE, Dec. 9 (AP) — A minor operation for Conrad Furrows was a major matter for a hospital here. Furrows is seven feet, eight inches tall and the best the hospital can do for him after an extensive search is a seven-foot bed in which he will have to remain curled up until a gunshot wound, souvenir of a hunting accident, is attended to. Manufacturers of his custom-made shoes estimate they are size 30's.

FOREIGN EXCHANGE

NEW YORK, Dec. 9 (CP) — The *Canadian dollar* was unchanged at a discount of 9 3-16 per cent in terms of United States funds in closing Foreign Exchange dealings Saturday. (*Ottawa Foreign Exchange Board rates 9.09-9.51 per cent discount.*) The pound sterling was unchanged at $4.03½.

First Coulee Concrete Poured 10 Years Ago

COULEE DAM, Wash., Dec. 9 (AP)—Bureau of Reclamation officials recalled today that it was only 10 years ago that the first concrete was placed in Grand Coulee Dam—the greatest masonry structure ever conceived by man and keystone for the multi-million dollar Columbia Basin irrigation project.

On Dec. 6, 1935 former Governor Clarence D. Martin grasped the handle on a huge bucket which dumped the first of 10,280,000 cubic yards of concrete into place to form a 21-million-ton barrier across the nation's greatest power stream.

Since then, Bureau officials said, the great dam's huge power plants sent 15,713,683 kilowatt-hours of electricity to Northwest war industries, including the famed Hanford atomic bomb plant. That total was achieved between Dec. 7, 1941, when the nation went to war and V-J Day, Sept. 2, 1945.

In peace as in war, Bureau officials said, the great dam remains the Northwest's mightiest symbol of productive power.

Neily to Head Cranbrook Rod and Gun Club

CRANBROOK, B. C. — H. M. Neily was chosen new president of the Rod and Gun Club here at its recent annual meeting. John Ellis was chosen vice-president, and elected to the executive were Robert Petrie, Scotty Webster, William Whiting, George Haddad, Sam DeLuca, James Gordon, H. T. Spence, Roy Linnell, E. T. Cooper and W. B. Johnstone. They will select the secretary and treasurer from among the executive members at the first executive meeting.

Announcement was made at the meeting by E. T. Cooper of his retirement as district fish hatchery superintendent, a post he has held for many years.

Honorary executive members chosen were Dr. G. E. L. MacKinnon, President, Dr. F. W. Green, MLA, and Rev. J. H. Matthews, MP, Vice-Presidents.

Butter Output Down 13 Per Cent

OTTAWA, Dec. 9 (CP)—Creamery butter production in November was approximately 14,400,000 pounds compared with 16,500,000 pounds in the same month last year—a decline of about 13 per cent, the Dominion Bureau of Statistics reported tonight.

During the 11-month period of 1945, production amounted to 282,688,000 pounds against 285,891,000 in the same period in 1944. A shrinkage in milk production, due to Winter storms and sub-zero weather on the Prairies had an important bearing on this situation.

Cheddar cheese production dropped to 6,860,000 pounds in November, a reduction of 27 per cent in comparison with output in the same month last year of 9,369,000 pounds. Figures for the 11-month period showed 177,709,000 pounds compared with 173,872,000 in the same period of 1944.

Busher Claims Horse of Year Rating

NEW YORK, Dec. 9 (AP)—Busher, sensational three-year-old filly which won 10 of her 13 races in 1945 and ran her total money earnings to $334,035, has been unanimously voted "horse of the year" in the annual poll of 30 experts of Triangle Publications, Inc., publishers of racing papers.

This marked the second straight year that a filly had won top honors in the poll, Twilight Tear having gained the distinction in 1944. Busher's triumph this year was even more impressive, however, as she also was chosen the best three-year-old regardless of sex, top three-year-old filly and champion filly or mare in the handicap division.

Record Crops Yet Grains Short

By WILLARD ROBERTSON

CHICAGO, Dec. 9 (AP) — A strange paradox exists in the grain market: The country raised a record wheat crop and a near record corn harvest, yet both grains are quite scarce.

Demand for both grains is great, with the wheat shortage so acute that the government has been forced to release some of its stocks to millers. Very little corn is moving to market yet and anything that arrives in the open cash market gets the ceiling price.

The domestic visible wheat supply in terminal markets has been decreasing quite sharply week by week—it fell 6,107,000 bushels last week to 109,737,000 bushels. This means the supply is moving out—to mills and into export — much faster than it is moving in from the farm and the country elevator.

The acute boxcar shortage is one reason for the scanty movement of grain to market. However, farmers also are reluctant to sell now because they would rather await next year's lower income taxes, or stay out of a high bracket by increasing their income now.

Calgary Gains First-Place Tie by Whipping Caps

CALGARY, Alta., Dec. 8 (CP) — Calgary Stampeders moved into a two-way tie with Saskatoon Elks for leadership of the Western Canada Senior Hockey League by defeating Regina Caps 10-3 here tonight. Scoring almost at will, the powerful Calgary team commanded the majority of play throughout. Dunc Grant paced the winners with three goals.

Flick Top Batter

CHICAGO, Dec. 9 (AP)—Lewis Flick, Milwaukee outfielder, romped away with the American Association batting crown in the 1945 season, official league statistics disclosed Saturday.

Flick hammered association pitching at a .374 clip in 142 games. His nearest rivals were Byron (Ty) La Forest of Louisville, who batter .353 in 91 games, and Walter Nowak of Kansas City, with a .334 average in 116 games.

Redskins Clinch E. Division Title

WASHINGTON, Dec. 9 (AP) — Washington Redskins today clinched the Eastern Division title of the National Football League by beating New York's stubborn Giants, 17-0, before a capacity throng of 34,788. Washington will meet Cleveland's Rams Dec. 16 in Cleveland for the league championship.

Three Teams In City Hockey Still Unbeaten

Each of the three Nelson Hockey Leagues has had six or more games, and each has still one undefeated team.

In the Juvenile-Intermediate League, the Legion team has won all four of its starts. This League, which began with three teams, will have a fourth, based on Juniors, this week.

Dodger Midgets have won all their four starts in the Midget League, which Saturday opened the second time around among the four teams.

In the case of the Bantams, which were four teams strong at the start, and now number five teams in order to take care of the large number of boys who must move to Midget next season, the F.A.C. team won both of its games by large margins.

Following are the current standings, inclusive of all games played to date:

JUVENILE-INTERMEDIATE

	W	L	P
Legion	4	0	8
M.R.K.	1	3	2
F.A.C.	1	3	2
Junior (Yet to play)			

MIDGET LEAGUE

	W	L	P
Dodgers	4	0	8
F.A.C.	2	1	4
M.R.K.	1	3	2
Panthers	0	3	0

BANTAM LEAGUE

	W	L	P
F.A.C.	2	0	4
Dodgers	2	1	4
M.R.K.	2	1	4
Panthers	0	2	0
Bruins	0	2	0

RED-SUPPORTING LABOR LEADERS ARE SUSPENDED

MONTREAL, Dec. 9 (CP)—Four Montreal labor leaders, high-ranking officials of the Aircraft Lodge 712 of the International Association of Machinists (A.F.L.) were suspended from that organization Saturday for giving support to Communism and for conspiring to transfer the membership of Lodge 712 to the United Electrical Workers Union (C.I.O.).

The Union officials—Robert Haddow, organizer, Jean Pare, business agent, Irving Burman, financial secretary and A. Villeneuve, Grand Lodge representative—also were the leaders of a group of 40 delegates to the Montreal Trades and Labor Council suspended by the Council for one year for having given support to the Labor-Progressive Party during the last Federal election.

64 Curlers Open New Season at Kimberley Feed

KIMBERLEY, B.C. — Officially opening the curling season, 64 members of the Chapman Camp Curling Club enjoyed the Annual Bean Feed, prepared and served by James Pittao. Visitors from Cranbrook and Kimberley were also in attendance.

Arrangements for the evening were in the hands of J. P. Campbell, chairman of the entertainment committee and his assistants, Dick Honeyman, Art Franks and Sam Forteath. Chairman of the evening, Bill Leaman, called out a wealth of entertainment which included orchestral music, trumpet solos, vocal solos and community singing. Those taking part were Bob Leggett, Arthur Hay, George James, Sam Forteath, Dick Honeyman, Bill Redford, Harry Stone and Red McColl. Short talks were given by H. R. Banks, Ed Guille, Ted McVicar, Harold Andrews. Bob Barrett spoke on behalf of the new curlers. Eric McKinnon and Cris Nesbitt spoke for the visitors.

Dodger Bantams Defeat Bruins

Dodger Bantams defeated Bruins 7-1 in another Bantam League game at the Civic Arena Saturday morning. The newly-formed Bruins, playing their second league game, had a tough time in holding the more experienced players of the Dodgers in check. Laurence Ludlow starred for the Dodgers, collecting three goals and an assist on the morning's play. Sugene Nutter scored two and Delpuppo one. Mair got an assist on one of Nutter's goals. Arnold Sherwood scored for the losers, with Billy Richardson assisting him.

Teams were:

Dodgers—Grundy, goal; Johnson, Lythgoe, Nutter, Delpuppo, Stringer, B. Mair, Woodall, B. MacLean, Nicholscn, Posnikov.

Bruins—Johnston, goal; Dyke, G. Wellbourn, G. Johnson, J. Culley, Leschuk, J. McNabb, Home, B. Silverwood, Richardson, A. Sherwood.

Referees, Jim Ringrose, Bill Langridge; Scorer and timekeeprr, Slim Portr.

Dodger Midgets Wallop M.R.K. 8-1

Dodger Midgets entrenched their first place position in the Midget League when they walloped the M.R.K. Midgets 8-1 in another league game at the Civic Arena Saturday morning.

The winners packed most of their scoring punch in their Bachynski-Hyssop line, with Hyssop getting four goals, and Bachynski two goals and three assists. Lloyd Mair got the other two goals for the winners. Kennedy, Stainton, Carmen and Trickett also were given assists on the various goals.

For the M.R.K.'s, Robbins scored unassisted. In penalties, Mores was off three times and Stainton twice for the Dodgers. Wellbourn and Pickering were the offenders for the M.R.K.'s.

Tams were:

Dodgers—Stedile, goal; Stainton, Mores, Carman, Bachynski, Hyssop, Kennedy, Mair, Trickett.

M.R.K.—Scott, goal; Pickering, Anderson, Irwin, Pitts, Christenson, Loewen, Meagher, Robbins, Wellbourne, Mathews.

Referees, Jim Ringrose and John Leschuck; Timekeeper, Eugene Nutter; Scorekeeper, Jim Hood.

NELSON MUST HAVE A PROGRESSIVE PROGRAM OF
Power Plant Development and Improvement

This Is the Electric Age

The past few years have brought about many developments in the use of electricity for home benefits

To illustrate where ample power is available, see Spokesman Review of Nov. 11, 1945:

"Washington, Oregon and California will be major markets", Mr. Forsyth predicted. "In these areas ample power is available at low cost, making electric heating for homes economically possible."

"Bonneville has conducted experiments in electrical heating since 1939, at Longview, Wash., where 50 four to eight-room houses have been heated exclusively by electricity at costs ranging from $36 to $108 a year. Longview heating rate is about 8 mills for a kilowatt hour".

ACTIVE PROGRAM OF POWER DEVELOPMENT

To use my influence to carry out necessary improvements to existing equipment at the City Power Plant and installation of new unit in connection with this utility as authorized by you on Jan. 17, 1940. During the past three years I have from time to time urged (see extracts below from Minutes) that necessary initial steps be taken in order that as soon as materials were available this addition be carried out. I am convinced that with the additional power that will be available when this is completed that it will be possible for Nelson son residents to receive a greater benefit from this utility and that a revision of rates would encourage a greater consumption and additional revenue.

(Extract from Minutes of Nelson City Council, Feb. 12, 1945)

"Moved by Alderman Waters, seconded by Alderman Affleck, and RESOLVED:

"That steps be taken to secure information on the most suitable size of unit for the City Plant and the location of same with a view to installing a new unit at the earliest possible time."
