

# \$2,500,000 Damage in 11 Maritime Fires

By The Canadian Press

Fires played no favorites in Canada's Eastern seaboard provinces during the weekend as they attacked office buildings, homes, a power switchboard, railway baggage car, army mess, freighter, and, up in desolate Labrador, an airport.

A \$75,000 blaze at New Glasgow, N.S., Sunday topped a rash of almost a dozen major outbreaks. Starting in a garage owned by Graham and Fred Townsend, the fire destroyed the building, 10 new automobiles and an adjoining wood-working plant and completely damaged the Bluebonnet Curling Rink, recently renovated at a cost of \$25,000.

Total damage in the weekend fires was estimated at more than \$2,500,000, some \$2,000,000 of this figure was the result of a maintenance hangar fire at Goose Bay, Labrador, which consumed two C-54 Skymasters and a B-17 Flying Fortress.

The fire causing the least damage but the most widespread effect occurred at Charlottetown early Saturday when a short circuit on the power station's switchboard plunged the Prince Edward Island capital into blackness. At the same time the mercury plummeted to 10 degrees below zero.

Many of the 16,000 citizens who rely on electric power for stoves and furnaces shivered in their overcoats as they sat down to cold breakfasts Saturday. However, by noon all civic and rural circuits had been restored with the exception of the city's street lights.

More than 750 hogs were burned to death Saturday in a \$40,500 fire

at Colpitts Settlement, South of Moncton, N.B., which destroyed one of the largest piggeries in Eastern Canada. Faulty wiring was believed to have caused the fire.

There were seven other large fires in the Maritimes and one of them, at Hartland, N.B., 70 miles up the St. John River from Fredericton, sent two persons to hospital with severe burns. The blaze started when a blind woman, Mrs. Zilba Orser, dropped an oil container while filling the tank of the kitchen stove. She was led safely from her blazing home but Evelyn Orser and David Green were trapped in an upstairs room. Miss Orser dropped the Green boy from a window into a snowbank and then jumped herself. Both were taken to hospital at nearby Woodstock.

Most destructive outbreak was at Truro, N.S., late Friday when some \$500,000 damage was done as flames swept a three-storey building on Prince Street and housing the Robert Simpson Eastern Limited store and then ate their way into the adjoining Royal Bank building. A Bank of Nova Scotia building at Windsor, N.S., suffered damage estimated at \$15,000 in a blaze early Saturday.

## LIVING COST GROWING, BUT NOT AT SPEED OF OTHER COUNTRIES

OTTAWA, Jan. 12 (CP) — Admittedly the cost-of-living has risen substantially in Canada during the last year, but it is nothing compared to the rise in other countries, particularly the United States.

In his general statement on the lifting of some price controls, Finance Minister Abbott today gave these significant figures comparing rising costs in the two countries:

Canada's cost-of-living index rose from a level of about 20 per cent over the pre-war average on Dec. 1, 1946 to one of 27 per cent over that average on Dec. 1, 1946.

In the United States the cost-of-living rose from a level of about 29 per cent above the pre-war average on Nov. 15, 1945 to one of 52 per cent above that average on Nov. 15, 1946.

"In other words," the Minister said, "while the Canadian cost-of-living rose seven points, the American rose no less than 23."

## SHAVE AND A HAIRCUT—\$1 AT VANCOUVER

VANCOUVER, B.C., Jan. 12 (CP)—It is now \$1 for a haircut and a shave in Vancouver. This announcement was made tonight by the Secretary of the Barbers' Union in Vancouver, C. E. Heret, following a meeting of the Downtown Barbers' Association. The haircut alone will cost sixty-five cents and a shave thirty-five cents. The price for children's haircuts is 40 cents. The new prices are effective Monday morning.

## May Decide Mrs. Dick Appeal Today

By ALAN RANDAL  
Canadian Press Staff Writer  
TORONTO, Jan. 12 (CP)—A decision by late Monday appeared possible in the appeal of Mrs. Evelyn Dick from conviction as the torso-killer of her husband, John Dick, in Hamilton last March 6. Near the end of the second day of the hearing of her appeal her counsel asked flatly for a new trial, declared that on any one of nine points of alleged error or non-direction during her trial there was basis for a new trial of the 26-year-old widow. The court, which resumes Monday morning, did not sit Saturday. Monday may see the Crown put forward its case at conclusion of the appellant's plea, put forward by John J. Robinette of Toronto.

## MEAT RATIONING TO REMAIN FOR PRESENT

Stocks 8 Million Pounds Below Same Time a Year Ago

## BLAMES REPORTS

OTTAWA, Jan. 12 (CP) — Announcement by Donald Gordon, Prices Board Chairman, that the Government had no intention of abandoning meat rationing for the present, was underscored tonight with figures released by the Bureau of Statistics. Stocks in cold storage and packing plants across the Dominion during December declined more than 3,000,000 pounds, the Bureau reported, and the total Jan. 1—79,242,709 pounds—was nearly 8,000,000 less than on the same date a year ago. Mr. Gordon told a press conference Saturday, the scarcity of beef in certain parts of the country was temporary. The shortage had been aggravated by press reports and would disappear shortly. "I think statements are being made, particularly in Toronto, which are intended to blow this thing up and create the impression that there is a black market."

## FARMERS HOLD MEAT

Other Prices Board spokesmen blamed the shortage on the heavy December demand for Christmas and New Year's turkey. Farmers, fearing a consequent fall in prices of other meats, had in many cases withheld beef, lamb and pork from the market.

Stocks of pork, the statistics bureau reported, moved up to 39,264,326 pounds from 33,072,490 a year ago and 33,007,923 Dec. 1. Beef holdings were reduced from 40,841,723 pounds a year ago and 36,009,159 Dec. 1 to 29,740,454 at the first of this month. Stocks of veal and mutton and lamb were also lighter on Jan. 1. Veal holdings were 3,374,499 pounds compared with 4,976,663 on Dec. 1 and 5,348,415 on Jan. 1 last year. Mutton and lamb totalled 6,863,430 pounds compared with 7,719,360 Dec. 1 and 7,778,237 a year ago.

## CLAIMS BARUCH THREATENING TAKE U.S. FROM U.N.

MOSCOW, Jan. 12 (AP)—One Soviet newspaper foresaw today no change in United States foreign policy, through the appointment of Gen. George C. Marshall as Secretary of State. Another charged Bernard M. Baruch was threatening the United Nations with withdrawal of American support unless his atomic energy control plan was adopted.

## Ceilings Hold on Vital Goods

Guard Price on Essential "Big Four" in Continued Anti-Inflation Drive; Free Wide Variety Goods, Services

By GEORGE KITCHEN  
Canadian Press Staff Writer

OTTAWA, Jan. 12 (CP)—Lifting of price ceilings on a wide variety of goods and services with the retention of these controls on foods, fuels, textiles and rents—the all-important "big four" of the anti-inflation fight—was announced today in a relaxation of the Government's price stabilization policy. The announcement, another step in the post-war decontrol program which extensively slims the list of goods and services still under control by removing those in good supply, was made in a 1500-word statement issued by Finance Minister Abbott.

In brief, the main points of the new program, effective today, follow:

1. Ceilings are being removed on some types of household equipment and supplies, including furniture, small appliances, radios, pianos and clocks, tools and garden equipment, handbags and leather luggage, paints and varnishes, ice, fresh fruits and vegetables except apples, most kinds of fish and a number of building supplies.

2. There will be no change in prices on rents, most of the basic foods, practically all articles of clothing, major household appliances, motor cars, tires and gasoline, household laundry services, restaurant prices and freight rates, and a variety of basic materials such as steel, copper, rubber, lumber and pulp, and farm machinery.

3. Certain imported foods, such as tapioca, fruit juices and peanuts, are being decontrolled as well as canned fruits and vegetables other than the large staple items.

4. Among the textiles, carpets and linoleum are being made decontrolled.

5. Of the services, there no longer will be controls on barbering, hairdressing and motion picture admissions.

6. Consumer credit regulations are being revoked because their continuance now seems less necessary and their effective administration would constitute a heavy burden.

7. The government has no intention of removing eviction control during the present "acute" housing shortage.

8. For the majority of items being decontrolled, the government does not expect "significant" price increases but where these do occur it is emphasized that they could not be avoided even if controls had been maintained.

Accompanying Mr. Abbott's statement was a 2000-word list of the goods and services still under control, including many basic goods, clothing and certain basic materials which he said would increase "very substantially" in price if all controls were lifted.

There was no complete list of the goods and services being freed from control but Prices Board officials said the individual items numbered in the thousands.

Mr. Abbott stressed that the items being decontrolled were in good supply or, while not fully plentiful showed signs of improving further. On some items, it was necessary to maintain control over exports to ensure sufficient stocks for the domestic market.

Of the intention to retain eviction controls, Mr. Abbott explained:

"The outlook for a better balance between supply and demand is therefore beginning to brighten," said Mr. Abbott. "The menace of soaring prices is beginning to recede in some directions. Nevertheless, it is only too evident that the time is not yet ripe to remove all price controls."

"The government is well aware of the vital importance to the tenant of security of tenure while the present emergency continues and no changes are contemplated in the special protection now being contained in the regulations for the tenant of housing accommodation."

Prices Board Officials said the list of goods and services still controlled would be published in all Canadian newspapers Monday and suggested consumers retain it.

This latest relaxation is the fourth major decontrol step in the stabilization program since the war ended and follows close on the removal last December of control on wages and salaries.

It also was regarded as a prelude to the government's program of legislation which it will present to Parliament at the session opening Jan. 30 to give statutory form to controls which it believes should be continued. In effect, the current steps clear away dying controls in preparation for the legislative bills.

The minister said the burden, expense and complexity of administration, when viewed against the lessening risk of serious price advances, threw the balance towards decontrol in some fields.

## RENT BOOSTS IN '47 UNDESIRABLE SAYS ABBOTT

Intensive Study Given to Rentals Question  
NO STATEMENT

OTTAWA, Jan. 12 (CP)—Finance Minister Abbott today held a press conference to announce that he would be "most undesirable" for the government to remove rent controls in 1947.

Mr. Abbott indicated there would be no immediate increases granted in rent ceilings but declined to state flatly that there would be no increases allowed in the future.

"Rents have been under constant study and discussion," he said "alternatives have been put up and discussed."

Pressed for an indication when some changes might be made, Mr. Abbott said he was not "prepared to make any statement as to when I will be ready to announce changes in rent control."

He did say he had no intention of issuing a statement within the week increasing rents effective May 1.

"We know rents controls will come off some time," he added, "but we don't know when."

Donald Gordon, Prices Board Chairman who accompanied Mr. Abbott to the conference, said the board now was in the process of studying representations for increases in rental ceilings but just when he would be able to make an announcement he could not say.

There was a mass of evidence to be studied.

## 3 DEAD IN SASKATCHEWAN TRAGEDIES

Railwayman Charged After Son Finds Dead Body of Mother  
PROBE OTHERS

REGINA, Jan. 12 (CP) — Three people are dead and one man has been charged with murder following two separate tragedies in Saskatchewan over the weekend.

John McLaughlin, 63-year-old railway conductor, was charged with the murder of his wife, Mary, whose axe-scarred body was found early Saturday at their home near Radville, 80 miles south of here.

Royal Canadian Mounted Police announced today that they were investigating two other deaths, those of David Ashworth and his wife, Florence, both 65, whose bodies were discovered last night in their farm home near Rocanville, about 120 miles east of here.

McLaughlin's son, Robert, 18, discovered the body of his mother when he returned from Radville with a physician after seeking care for head wounds.

Since then he has been flown by ambulance plane to hospital at Weyburn.

The bodies of Mr. and Mrs. Ashworth were discovered by their son, Clifford, and daughter, Vera, when they returned from Rocanville to their nearby farm home.

A blood-stained axe and a butcher knife were lying beside the bodies. Police said they believe Mrs. Ashworth died of axe blows and that her husband died of wounds to the throat inflicted by the butcher knife.

## Series of Accidents; 36 Rescued From S. China Sea; Six Safe in Antarctic Three Giant Airliners Go Down in

By The Canadian Press  
At least 35 persons lost their lives on what was presumed dead in a series of plane crashes during the weekend as wather played havoc with worl dir routes, causing three big airliners to crash in widely-separated areas on land and sea. Only heroic rescue work kept the loss of life down.

A British Member of Parliament was seriously injured in one of the crashes.

But one commercial transport, which was reported missing Sunday night in a raging storm over the English Channel, was reported early Monday to have landed safely near Cherbourg, France. The plane, carrying 11 persons, was en route from Southampton to Guernsey, one of the Channel Islands in the English Channel.

It had lost radio communication with the mainland late Sunday while flying over the Isle of Wight.

ONE OF 18 SURVIVES  
The weekend's major air disaster occurred early Sunday in hillside country 10 miles East of Galax, Va., when an Eastern Airlines transport crashed and burned in a driving rainstorm, killing 18 persons. Only one man survived the crash of the airliner which had taken off from Detroit for Miami. Lawrence Mays, a timber cutter, and Ted Delt, a sawmill operator, living near the crash scene, saw and heard the disaster. They ripped out a seat from the plane's burning fuselage and dragged William Ellis Keves, Jr., Florida businessman, to safety. He suffered burns, shock and lacerations.

Six persons died and T. L. Horabin, labor member for Cornwall, North, suffered a fractured leg, in the crash of a British Overseas Airways plane on an isolated hill in Kent downs, about 50 miles South-east of London, Saturday.

Thick fog caused the crash when the plane, carrying 11 passengers and crew members—all Britons—plowed into a hillside near Stowting, Kent.

Three passengers and two members of the crew were killed outright when the plane hit and a third crew member, Radio Officer R. D. Salford, died in a hospital today.

The plane had tried for seven hours to land after it took off from London to Bordeaux, France, on the first leg of a flight to Lagos, West Africa.

Five persons still were missing and presumed lost when a Far East transport plane, "Miss Luzon," crashed in the South China Sea off Northern Luzon Saturday. Only heroic efforts by a search plane which spotted survivors led a ship to the area resulting in the rescue of 38 survivors who had spent nearly 24 hours in choppy waters in rubber life boats.

The plane, bound from Shanghai to Hong Kong, crashed while trying to reach the Philippines after bad weather closed the Hong Kong field.

Four persons were killed and one critically injured when two small planes collided Sunday over the Miami Aviation Centre Airport at Miami, Fla. The collision occurred when the pilots of the aircraft attempted to land on opposite runways, police reported.

A two-seated private plane crashed Sunday near suburban Van Dyke, outside Detroit, taking the lives of two Detroit fliers.

Meanwhile in the South Polar regions, six United States Navy airmen survived a plane crash and two weeks of exposure in the icy Antarctic wastes and were brought back to the safety of their mother ship—the seaplane tender *Phoenix Island*.

Three of their companions were dead after the plane—on a photographic survey flight over Ellsworth Land—crashed Dec. 30 into an ice barrier.

PRIVATE PLANE FALLS INTO BAY  
A private plane piloted by Thomas M. Ryan, son of Thomas Fortune Ryan III, crashed into San Francisco Bay Saturday after the member of the wealthy New York family became lost in a heavy fog. The body has not been recovered.

Boosted by 118 applications received Saturday, Nelson has topped the Red Cross Blood Donor Campaign by five registrations, with a number of outlying centres yet to report. The application total stands at 305.

"Nelson has kept its reputation and is again leading the province in this effort which is a totally new departure," said H. D. Dawson, head of the Blood Donors Committee, Sunday. The program, he added, is not completed. There is still the work of recording donors and blood types and finding replacements for those volunteers who "drop out."

Although several travelling clinics will be visiting Nelson throughout the year, he stated, donors will not be called upon more than twice in 1947.

## Evacuate Two Towns Under Volcano

MANILA, Jan. 12 (AP) — Two towns at the foot of Mayon volcano in the Philippine Island of Luzon were evacuated as lava streamed down the slope of the rumbling giant. According to a radio message from an American freighter anchored in Legaspi harbor near the volcano, the mountain is shooting up big clouds of smoke every half hour. You can see it boiling at night, with fire halfway down the mountain.

In the event this turns out to be a violent eruption, Philippine government agencies and the Red Cross are ready to go to work.

## SNOW CAUSES POWER FAILURE AT TRAIL; ROAD CLOSED SOUTH OF NELSON

TRAIL, B.C., Jan. 12 — A heavy snowfall over Saturday night and Sunday was the cause of a West Kootenay Power & Light Company failure here at 7:10 p.m. Sunday. The latest message on Mount Mayon has been radioed by an American freighter anchored in nearby Legaspi harbor. The radio operator of the freighter, the SS. Fairland, reports:

"The mountain is shooting up big clouds of smoke about every half hour. You can see it boiling at night, with fire halfway down the mountain."

Streams of persons moved along the highways, their household goods piled on top of excars.

Temperatures on Sunday were slightly lower than on the previous day. They dropped from a maximum of 35 and minimum of 20.5 Saturday to 33 and 27.9 Sunday.

## "Marooned" Islander Is Caretaker

By ROSS TRUEMAN

GODBOUT, Que., Jan. 12 (CP)—Half the population of this village of 250 miles below Quebec City turned out Friday night to greet the 120-ton freighter North Voyager which brought the community its first supplies in five weeks.

Godbout is one of 16 North Shore villages which went without Christmas supplies due to the North Voyager's inability to break through the ice barrier that blocked harbors.

## CARETAKER SAFE

PENETANGUISHENE, Ont., Jan. 12 (CP) — Three men who made a hazardous trip by snowmobile returned tonight from Giant's Tomb Island, three miles from here in Winter-bound Georgian Bay, with word that 63-year-old George Desrochers was safe and sound on the islet.

Fears had been expressed for Desrochers' safety and plans had been made for the Canada Steamship Lines icebreaker Bayport to buck its way to the islet, until Provincial Police reported last night that they had discovered Desrochers was on the island for the winter, having been hired as Winter caretaker.

## Alzamora Is Peru Premier

LIMA, Jan. 12 — A naval captain, Jose R. Alzamora, is the new Premier in Peru. Alzamora takes over as head of a Cabinet which was named last night to replace the one which resigned en masse on Thursday. The old Cabinet, headed by Premier Ernesto Portugal, quit shortly after the assassination of a newspaper editor who was critical of the Government.

## L. A. Campbell, West Kootenay Power Head, Wins Kennedy Medal

MONTREAL, Jan. 12 — Announcement was made today from headquarters of the Engineering Institute of Canada in Montreal of the award of the Sir John Kennedy Medal to Lorne Argyle Campbell, M.E.I.C., President and Managing Director of the West Kootenay Power and Light Co., Trail, British Columbia.

The medal is awarded in recognition of outstanding merit in the profession, of noteworthy contributions to the science of engineering, or to the benefit of the Institute, and is the senior award of 25 presented annually to members of the Engineering Institute and students for services of distinction. Established in 1927, the custom provides a great service rendered to the development of Canada, to engineering science and to the profession, by the late Sir John Kennedy, past president of the Institute.

Mr. Campbell was born at Perth, Ontario, on March 5th, 1871, the son of John G. and Helen Gray (Murdoch) Campbell. Educated in the public schools and Collegiate Institute of Perth, he joined the engineering staff of the Edison General Electric Company in Toronto in 1889, becoming chief engineer of its successor, the Canadian General Electric Co., in 1891, at the age of 22.

Moving West in 1898, to Rossland, B.C., he became general manager of the newly formed West Kootenay Power and Light Co. Ltd., organized by Sir Charles Ross to develop power on the Kootenay River for the mines in that area. Later he became vice-president of the company and in 1913 was elected to the B.C. Legislature for the Rossland constituency.

In 1916 he was appointed to the cabinet of the Conservative Provincial Government as Minister of Mines.

Now President and Managing Director of West Kootenay Power and Light Co., he is also President of the McGillivray Creek Coal and Coke Company and a Director of the Consolidated Mining and Smelting Co. Ltd. Mr. Campbell is also a member of the Trail Board of Trade and Rotary Club, and in 1942 was Vice-President of the Associated Boards of Trade of Eastern B.C.

He married Mary Spahr Hooper of Jamestown, Ohio, in 1903, and has one son and one daughter. He continues to make his home in Rossland, where he has lived for 48 years, and takes an active interest in local community welfare, particularly hospitals.

Police said the man was probably a stranger to the district and hinted he might have been victim of gang warfare.

# U.K. Calls Troops To Haul Food

## 20,000 Truck Drivers Reject Appeal To Stop Strike; Union Head Asks End

LONDON, Jan. 12 — The British Labor Government today called on troops to haul food in London after defiant truck drivers had rejected an appeal by Union leaders to end a one-week-old strike.

The Ministry of Transport disclosed the calling of the troops. A Ministry statement declared that certain emergency measures which have been arranged provisionally will be put into force tomorrow morning. It added that these will necessitate the use of service vehicles and personnel. The statement added that these will be supplied by the Navy, Army and Air force.

The British Ministry of Labor announced that what it calls alternate service labor will start distribution tomorrow of food supplies to London shops. These shops have been without deliveries since last Monday because of London's spreading truck drivers' strike.

Although the ministry did not name the "alternate" drivers, soldiers, sailors and airmen are standing by to carry food to London's millions.

The government statement came on the heels of a strikers' vote to continue their work stoppage. **VOTE AGAINST END TO WALKOUT**

Two thousand of London's striking truck drivers jammed into a meeting hall in East London today to vote on whether to continue their walkout. Twenty thousand drivers are striking for higher pay and shorter hours.

# Deaths, Beatings, Damage as Polish Pre-Election Violence Rages

By LARRY ALLEN

WARSAW, Jan. 12 (AP) — Pre-election violence mounted today in Poland, flaring in the heart of Warsaw itself as roving gangs smashed stores operated by supporters of the Opposition Polish Peasant Party and attacked party members distributing campaign leaflets.

Organizers for pro-Communist parties in the Government bloc, apparently bent on clinching victory in next Sunday's elections, held employees in factories to vote a straight blue ticket or face loss of their jobs.

**SAY 600 SLAIN**  
Underground gangs were stepping up their activities, attacking many district and local election commissions and killing members belonging to the bloc parties. Security Police who reported they arrested 4000 underground members in the last 90 days said 600 persons had been slain by the underground in that period.

Premier Edward Osobka-Morawski predicted victory for the bloc parties and asserted that the Government has "done everything possible to stamp out terrorism and assure peaceful and unfettered elections."

Stanislaw Mikolajczyk, vice premier and head of the Polish Peasant Party, has issued reports which place the total number of party member arrests in recent weeks at approximately 50,000, many of whom have been released and re-arrested.

He said the Government, which contends his party members are arrested only because they are suspected of crimes with underground connections, has tricked tens of thousands of names of Polish Peasant Party voters from registration lists.

# Make Changes in Vancouver Police Department

VANCOUVER, B. C., Jan. 12 (CP) — Sweeping changes were reported today in the Vancouver Police Department, with the appointment of Walter Mulligan, Superintendent of the Criminal Investigation Branch, to take over the supervision and direction of the Gambling, Liquor and Morality squads.

It was reported the order had been issued by Police Chief A. H. McNeill on instructions from Mayor G. G. McGeer. Chief McNeill declined to make any comment.

# TOAST-TEA

In his Aspects of the Novel, E. M. Forster says that human intercourse, as soon as we look at it for its own sake, and not as a social adjunct, is seen to be haunted by a spectre. We cannot understand each other, except in a rough and ready way. We cannot reveal ourselves even when we want to; what we call intimacy is only a makeshift; perfect knowledge is an illusion. But in the novel we can know people perfectly, and apart from the general pleasure of reading, we can find here a compensation for their dimness in life. In this, fiction is truer than history, because it goes beyond the evidence, and each of us knows from his own experience that there is something beyond the evidence, and even if the novelist has not got it correctly, well—he has tried.

# "Doc" Postill, Former Mechanic Dies in Rossland

ROSSLAND, B.C., Jan. 12—Leonard (Doc) Postill, 50, died Saturday at the Mater Misericordiae Hospital, Rossland, where he had been a patient since Jan. 2.

Mr. Postill was born in Kelowna, his parents being early settlers in the Okanagan. When he was seven years old, the family moved to New Westminster.

In 1918 Mr. Postill came to Trail and worked as a mechanic with the Consolidated Mining and Smelting Company until 1924, when he opened a photography studio in Trail. In 1940 he resumed working for the C. M. & S. until ill health forced him to retire in 1945.

Besides his wife, Mr. Postill is survived by one daughter, Marion, and one son, Bud, in Rossland, his mother in Vancouver, a brother, Alfred in Cloverdale, and four sisters, Mrs. P. L. Birrell and Mrs. R. G. Gainer, both of Vancouver, Mrs. J. W. Barnes of Toronto and Mrs. G. E. Johnson of Prince Rupert.

Funeral services will be held Tuesday at Rossland.

# Music Festival To Be Held May 1, 2 and 3

Dates for the West Kootenay Music Festival, to be held in Trail, have been set for May 1, 2 and 3. The announcement was made over the weekend in a letter received from the Trail Festival Committee by Secretary of the Nelson branch, Frank Pennoyer.

Adjudicators for the festival category will be Ken Robert, vocal and choral works; Kenneth Ross, instrumental; and Ethel Ferguson, elocution. All three adjudicators are from Vancouver.

The syllabus is expected to be drawn up by the end of January.

# A. S. Homersham Again President Nelson Postmen

Nelson postmen, holding their annual meeting at the Legion Saturday night, elected the following officers of the branch for 1947: A. S. Homersham, President; Fred T. Thompson, Vice-President; G. S. Massey, Secretary-Treasurer; J. C. Chambers, Auditor.

In his remarks to the meeting, Mr. Homersham stressed the necessity for continued cooperation and goodwill for all carriers, not only among themselves, but in the course of their duties to the public. "The year just closed has been a very successful one for this national organization which has branches extending from Coast to Coast," he said.

The evening, which opened with a banquet, ended with a bowling contest on the Legion alleys.

# B. C. Takes Over Price Control

OTTAWA, Jan. 12 (CP)—Government control comes off all credit buying in Canada Jan. 13—but Canadians may never again see a return to the old pre-war days of \$1 down and a year to pay.

In his general announcement on lifting of many price controls today, Finance Minister Abbott said while consumer credit regulations had "served a useful purpose," their continuance now appeared less necessary and since their effective administration would constitute a heavy burden, the government did not feel justified in retaining them.

But the credit controls the government clamped on in 1941 as part of its wartime control policy have found favor with various retail organizations across the Dominion. Most merchants found in the regulations requiring one-third down with only so long to pay, a measure of protection of their accounts.

Now British Columbia and Saskatchewan already have consumer credit legislation by which they could take up the controls to be dropped by the Federal Government. Possibly other provinces may take similar action.

# Discover Rich Deposit of Liquid Bitumen

OTTAWA, Jan. 12 (CP) — Negotiations for return by the government of the mining rights and titles of Athabasca Oil Limited in Northern Alberta are proceeding, it was learned Saturday, simultaneously with disclosure that recent drillings in their holdings near the Athabasca River have discovered a rich deposit of liquid bitumen tentatively considered to contain between 400,000,000 and 500,000,000 barrels.

# FIRST CROW OF YEAR AT NELSON

Nelson's first crow of the year has been reported. It was seen flying over Kootenay Lake General Hospital Friday by William Bennett, engineer at the hospital, who also heard it cawing. When going home later in the day, he saw it again, as well as another one.

This is just about the earliest record for a crow here, although last February a raven was seen and heard on the waterfront a number of times, its croak distinguishing it from its smaller relative.

At least one flock of robins, about 30 strong, is wintering in Nelson. They have been seen feeding on apples, choke cherries and Virginia Creeper berries.

# \$30 Million in New Buildings For Universities

TORONTO, Jan. 12 (CP)—To keep in step with the times as well as to provide greater facilities and accommodation for increasing numbers of students, Canadian universities plan to spend \$30,000,000 on new buildings in the next 10 years.

Blueprints already drawn could build \$50,000,000 worth in the same period, a coast-to-coast check revealed, but the extra \$20,000,000 is still lacking.

Emphasis everywhere is on the sciences. Extensions to science faculties and whole new buildings, highlighted by McGill's proposed cyclotron and radiation laboratory, reflect a countryside desire to remain abreast of latest developments in their fields.

McGill in Montreal has a \$21,200,000 program on the books, of which \$5,741,150 already is under way.

University of Toronto, whose long-range plans envisage creation of a city within the city, with 11 new buildings projected, comes second with a budget of \$7,700,000.

McMaster University in Hamilton, Ont., and the University of Alberta in Edmonton each plan outlays of \$5,000,000, while the Government of British Columbia has voted a similar amount for new construction at the University of B.C.

# Lions Collect 3000 Bottles; Seeking More

Nelson Lions Club, busy collecting empty bottles to be sold in aid of the Club's cancer and charity fund, has to date packed 100 dozen liquor bottles, 100 dozen beer bottles and about 50 dozen pop bottles. The Club is still appealing for more bottles.

About 12 members go out at a time to carry out the collection, then sorting and packing has to be done.

At first the bottles were to be sent to the Coast to a salvage bottling works, but two local concerns have asked for the bottles. Thus the Club will be able to save transportation charges with the result more money will be available for the fund.

# OFFICERS NAMED FOR KASLO LEGION W.A.

KASLO, B.C., Jan. 12 — Following reports on the highlights of the Club's activities during 1946, Mrs. M. Whittaker was elected President of the Canadian Legion Auxiliary No. 74.

Other elections were Mrs. J. Tonkin, First Vice-President; Mrs. F. S. Chandler, Second Vice-President; Mrs. L. Horner, Treasurer; Mrs. Meers, Sergeant-at-Arms; Mrs. Stephenson, Comfort Secretary; and Mrs. J. Matthews, Press Reporter.

A standing vote was tendered the retiring officers for their service during their term in office. Plans were formed by the Auxiliary to hold a St. Valentine's Day Tea.

# 2 Sask. Men to Make Nahanni Trip

TORONTO, Jan. 12 (CP) — Determined to "get the jump" on three expeditions preparing to explore "Headless Valley" on the South Nahanni River in the Northwest Territories, Bill Heshka and Tony Buzinsky of Yorkton, Sask., have arrived in Toronto to look for backers for a trip to the area.

If they find support, they will start at once and be in the mystery area in a month. If they can't obtain assistance, they will try to make the trip on their own this Summer.

"We know there's gold there and if we live through the ordeal, we have hopes of striking rich claims," Heshka said in an interview.

"We have no definite plans for the trip. We'll have to wait until we get back to Edmonton to get our equipment together."

# Los Angeles Couple to Run Resort Here

Coming to Nelson from Los Angeles in May to operate a Summer resort are Mr. and Mrs. Roy Fisher, according to the "Kinney-Gram," house organ of the Kinney Aluminum Company at Los Angeles.

Mr. and Mrs. Fisher were in Nelson last Summer. Unable to obtain authority to tour the Alaska Highway, they stayed on the West Arm and liked the City and District so much, they decided they would make their home here.

The Kinney-Gram article follows: "In the limelight this month is our Chief of Police Roy Fisher who took over the Plant Police protection here in April 1944 when we were in war production.

"Mr. Fisher has had quite a bit of interesting experience in Police work, having been a private detective, a deputy, and during the war was on Police patrol in Los Angeles.

"He was commissioned by the L. A. Board in 1943, and is an expert shot with the revolver.

"While on a private investigation, he uncovered evidence that led to the arrest of 'Jimmy' James, the man who robbed the Florence Post Office. James is now doing time in prison.

"Roy and his wife, Ollie, who operates the public scales here, have bought a resort in Nelson, British Columbia, and are leaving us in May to go North.

"They hope to see their many friends from here next Summer, and want them all to come up for a vacation.

"We all join in wishing Roy every success in his new venture."

**Nelson Man's Talk at U.B.C. Wins Praise**

Roy Wesley Mann, President of the Pharmaceutical Society at the University of British Columbia, recently spoke for members of the pharmacy class at a banquet, according to the current issue of the Western Druggist. "His timely message and manner of delivery won for him and his classmates an enthusiastic round of applause and more than one pharmacist attending the banquet later commented on his fine after-dinner speech," the article states.

Illustrating that Roy belongs to a family of druggists, the paper adds that his cousin, Arthur Rutherford Mann, son of A. R. Mann of Mann's Drug Store at Duncan, also attends the College of Pharmacy. His wife, the former Sheila Dunwoody of Nelson, graduated as a pharmaceutical chemist at the recent B.C.P.A. examinations. Roy is the son of E. A. Mann, Nelson druggist.

VICTORIA, Jan. 12 (CP) — Regulations which were to come into effect Jan. 1, banning hoist-way gates on freight elevators have been deferred to July 1, by provincial order-in-council.

## Leafs, Smokies Drop Games

**KIMBERLEY, B. C. Jan. 12** — Showing more polish and better staying power Kimberley Dynamiters last night defeated Trail Smoke Eaters 6-1 to make it seven wins in a row on home ice without defeat. There was no gainsaying on the display the locals were the superior club and fully deserved their win over a fighting Trail club that never quit trying.

Ab Cronie was moved back on defense for the Trail Club and did good work, but only when he moved down the ice was the Smoke attack potent. He paved the way for Trail's only goal and set up many others that his mates could not complete. The Kimberley checking was again hard all the way. Swaney despite a sore knee did a fine job and Brown and Johnston played fine hockey with Brownie turning in his best game of the season.

The Dynamiters scored once in each of the first and second periods, Kavanagh and Sullivan being the marksmen and then turned on the heat in the final stanza to count four times on goals by Kavanagh; Sanderson, Wilson and Brown. Trail scored their lone counter on a brilliant run by Cronie that finished nicely. Trail tried a five-man blue line defense for part of the game and it slowed things up some but couldn't stop the determined Dynamiters attack. It was a pleasing contest and fairly clean.

Johnny MacDonald, old time Kimberley fan, picked Harry Brown, Ab Cronie and Buck Kavanagh as his three stars.

**Lineups:**  
Trail—Waddell; Christensen, Depolis, Anderson and Cronie; Stinson, Gardner, Nicol, Kwaney, Marshall, Robertson, Dunn and Clements.  
Kimberley—Nash, Swaney, Jones Brown and Johnston; Sullivan, Sanderson, Forsey, Clements, Dalzell, Calles, Kavanagh, Redisky and Wilson.

**Officials—Kemp and Young.**  
First Period—1, Kimberley, Kavanagh (Wilson) 12:17.  
Penalties—Swaney.

## Brother of Nelsonite in Final Of Top Event at Nipawin

**NIPAWIN, Sask., Jan. 12 (CP)** — Finalists in two events of Nipawin's \$12,000 Bonspiel had been determined, and three of four places in the semi-finals of the third and 13 of the 12 berths in the round-robin playoffs had been determined when curling ended Saturday night.

Norm Fawcett of Wartime, Sask., and Cliff Manahan of Edmonton, a former Canadian champion, advanced to the final bracket in the No. 1 event while Walter Polski of Virginia, Minn., lone United States entry, and Howard Wood of Winnipeg, another former Dominion king, qualified for the final of the No. 2. Manahan is a brother of R. M. Manahan, Nelson postmaster.

Don Sinclair of Nipawin, Ab Marlett of Swan River, Man., and Aubrey Cochran of Shaunavon, Sask., are in the fourth of the No. 3. The other berth will be taken by the winner of the match between Dal Henderson of Saskatoon and J. McCook of Flin Flon, Man.

Skips certain of a place in the two-group, round-robin series for the four 1947 automobiles, feature prize of thespiel, are George Furringer of Prince Albert, Sask., Norm Fawcett, Bill Dunbar of Kinley, Sask., Manahan, George Simmers of Vancouver, Polski, George Edworthy of Arbroff, Sask., Wood, Sinclair, Marlett and Cochran. Either Henderson or McCook will be the 12th.

The round-robin draw will be made on Monday and the first matches played later in the day.

## Plans Underway for Kootenay, Okanagan Mixed Bowling Tourney

Evelyn Burrows, Secretary of the Trail Mixed Bowling Club, hinted that plans were under way for an annual mixed bowling tournament that would include teams from Nelson, South Slokan and Trail. These three teams have been represented in West Kootenay girls five-pin championships during the past few years.

Invitations would also be sent to Cranbrook, Kimberley, Vernon, Penticton and Kelowna.

Trail would play host to the first tournament, but whether a yearly changeover would be practiced was not decided. The Smelter City is in search of a trophy.

## STRIKES and SPARES

Bombers, high-scoring mixed bowling team that at the end of the first half of the bowling season held top place, Thursday night added another match to their score. Six teams were bowled and the Bombers topped them all with a 2579 grand total.

## Feller Sets Goal At 30 Victories

**KANSAS CITY, Jan. 12 (AP)** — Fireballer Bobby Feller of the Cleveland Indians has set his goal for the 1947 baseball season at "30 victories."

Feller, who won 26 for a weak Cleveland club last season, stopped over here to visit co-owner Tom Baird of Kansas City Monarchs.

## Spartans Repeat Win Over Normans

In an exhibition game Friday afternoon, the Spartans repeated their winning spurt of the previous day when they whipped the Normans 8-4.

George Butler, John Miuraca, Jack Burgoyne and Jim Todd were chiefly responsible for the Spartan win, while Lorne Irwin and Ken Coskey scored for the losers.

**Lineups were:**  
Spartans—J. Todd, G. Butler, J. Burgoyne, P. Zaitloff, J. Miuraca, G. Corbett, L. Lythgoe, D. Ludlow and G. Nutter.  
Normans—L. Irwin, K. Coskey, B. MacLean, R. Johnson, J. Brummitt and W. Stringer.

## Trail Juniors Win

**TRAIL, B.C., Jan. 12**—The Trail Juniors, who are not likely to be displaced from the top rung of the Trail Smelter Hockey League, came from behind in the third period of the league game here Sunday afternoon to beat the Warfield Aces 7-3.

Cook, first string right-winger, figured in all of the Juniors' goals. Machine Shops strengthened their hold on second place by downing their nearest rivals the Carpenters 6-3.

## Trail Bants, Nelson Midgets Puck Victors

**TRAIL, B.C., Jan. 12**—The Trail Bantams downed the Nelson aggregation in the 13 and under class in an exhibition hockey game here Saturday night 4-2. J. Hughes with two goals and H. Jones and D. Demore with one apiece were the scorers for Trail. L. Reid gave out two assists. K. Coskey and P. Renwick got Nelson's two goals. W. Carmichael assisted on Coskey's goal.

The Bantams' older brothers—the Midgets—also played here Saturday. Nelson Midgets, who defeated the Trail boys handily in Nelson recently with an 11-1 score, had their work cut out for them and had to go full-out to gain a 3-2 victory. J. Todd, A. Hood, N. Hyssop, R. Pitts and F. Smith were the point makers for the Nelson team.

Buchanan assisted by Flynn and J. Weir unassisted were the Trail marksmen.

**Bantam lineups were:**  
Nelson—G. Koehle, R. Burns, J. White, K. Coskey, P. Renwick, W. Carmichael, L. Delpuque, J. Woodall, B. Langridge, P. Poulin, L. Ludlow, J. Postnikoff, F. Anderson, S. Bennedetti, D. Ackert, B. Mayer, L. Dyke.  
Trail—A. Zanier, L. Reid, R. Rossi, D. Demore, H. Jones, J. Hughes, A. Reid, G. Penner, R. Petrie, R. Malanko, J. Poloni, H. Jordan, G. Babcock, V. Zanier.

**Midget lineups were:**  
Nelson—J. Dozzi, C. Maglio, F. Smith, J. Todd, R. Pitts, A. Hood, N. Hyssop, J. Bachynski, L. Irwin, J. O'Genski, O. Maglio, G. Welbourn, G. Pickering.  
Trail—A. Ius, D. Deslreau, L. Soligo, L. Mailey, J. McIntyre, D. Radcliffe, K. Buchanan, L. Ferd, G. Brownlee, R. Flynn, M. McCullough, A. Pisapio.

**STEEL PRICES CLIMBING**  
**CLEVELAND, Jan. 12 (AP)** — Steel prices now are undergoing their first widespread increases in 10 years, the magazine Steel reported today.

The publication for the metal-working industry said "the cycle of price changes started early last month and should now be nearing completion."

While consumers are facing stiff increases in some lines, it added, "most of them recognize the need for adjustment, especially in view of mounting mill costs over recent years."

## RECORD BUILDING YEAR

**NEW YORK, Jan. 12 (AP)** — Total construction expenditure of \$20,200,000,000 in 1947, an increase of 26 per cent over 1946 and indicating the biggest year in United States history, is forecast by the Architectural Forum, magazine of building.

## Brother of Nelsonite in Final Of Top Event at Nipawin

**NIPAWIN, Sask., Jan. 12 (CP)** — Finalists in two events of Nipawin's \$12,000 Bonspiel had been determined, and three of four places in the semi-finals of the third and 13 of the 12 berths in the round-robin playoffs had been determined when curling ended Saturday night.

Norm Fawcett of Wartime, Sask., and Cliff Manahan of Edmonton, a former Canadian champion, advanced to the final bracket in the No. 1 event while Walter Polski of Virginia, Minn., lone United States entry, and Howard Wood of Winnipeg, another former Dominion king, qualified for the final of the No. 2. Manahan is a brother of R. M. Manahan, Nelson postmaster.

Don Sinclair of Nipawin, Ab Marlett of Swan River, Man., and Aubrey Cochran of Shaunavon, Sask., are in the fourth of the No. 3. The other berth will be taken by the winner of the match between Dal Henderson of Saskatoon and J. McCook of Flin Flon, Man.

Skips certain of a place in the two-group, round-robin series for the four 1947 automobiles, feature prize of thespiel, are George Furringer of Prince Albert, Sask., Norm Fawcett, Bill Dunbar of Kinley, Sask., Manahan, George Simmers of Vancouver, Polski, George Edworthy of Arbroff, Sask., Wood, Sinclair, Marlett and Cochran. Either Henderson or McCook will be the 12th.

The round-robin draw will be made on Monday and the first matches played later in the day.

**FORMER CHAMP OUSTED**  
Main surprise of Saturday's play

Invitations would also be sent to Cranbrook, Kimberley, Vernon, Penticton and Kelowna.

Trail would play host to the first tournament, but whether a yearly changeover would be practiced was not decided. The Smelter City is in search of a trophy.

## N.B.A. Suggests Fritzie's Sun Has Set

**WASHINGTON, Jan. 12 (AP)** — The National Boxing Association issued reports on leading fighters tonight and suggested that Fritzie Zivic should hang up his gloves.

Ab J. Greene, N.B.A. President, said in a statement that Zivic retired once, "conceding his best days were passed."

But now, Greene continued the former world's welterweight champion has returned to the ring and is trying to cash in on his "good name in boxing."

"Zivic has long since passed his peak," said Greene, "and is working serious harm on the sport by his unsatisfactory performances."

The ratings, for a three-month period ending Jan. 3, had no particular surprises.

Billy Conn, who has said he doesn't expect to fight again, was taken at his word. He was dropped from the list.

That left heavyweight Joe Louis without a logical contender for his title.

Ten British Empire boxers were listed. No Canadians were mentioned.

**BRITON RECOGNIZED**  
Jackie Paterson, England, was recognized as flyweight champion.

Among the big men listed as outstanding boxers are Bruce Woodcock, Empire heavyweight champion, and Freddie Mills, who rated among the light-heavyweights.

Marcel Cerdan, the Casablanca clouter who made his North American debut last month by outpointing clever George Abrams in New York, ranked as logical contender for world middleweight honors.

The N.B.A. wrote "none" in the space for "logical heavyweight contenders" and promoted Elmer "Violent" Ray to the top of the list of outstanding heavyweights. Ray got up there because he had defeated Jersey Joe Walcott.

## DODGER BANTS DEFEAT F.A.C.

Dodger Bantam hockey squad nosed out the F.A.C. 3-1 in a League game at the Civic Arena Friday evening. Both teams whose several members had just previously gone through a Bantam Rep practice, played ragged hockey that lacked the zip shown in the former league meetings. It was the first time that the Dodgers have been able to defeat the F.A.C's.

Ludlow and Woodall scored in the first period for the Dodgers with assists on Ludlow's goal going to Mayer and Woodall. The F.A.C.'s goal was scored by Langridge with Johnston getting an assist. Neither team was able to score in the middle session but in the third Mayer scored the important goal on a play from Kennedy.

In penalties Postnikoff was benched for the Dodgers while Johnston, Langridge and Dyke were penalized for the losers.

**Teams were:**  
Dodgers—DesChamps, Ludlow, Mayer, Woodall, Postnikoff, Mason, Slott, Sherwood, J. Culley, H. Culley, Brown, Kennedy and DelPuque.  
F.A.C.—Koehle, White, Dyke, Carmichael, Cooper, O'Genski, Fleming, Johnston, Langridge, Longden, Sjoberg, McNabb, Horswill.

Referee was Gilbert Choquette; Scorer, Don Jarrett; Timekeeper, Mark Burgess.

A Practical Step

There undoubtedly will be those who will read into the amnesty granted by General Joseph T. McNarney to approximately 800,000 "little Nazis," a weakening of American determination to make the least of those tainted by war guilt pay for their crimes.

As a matter of fact, American officials are doing only what already has been done by one means or another in other zones.

Almost a year ago German communists opened party membership to penitent "little Nazis," and criticized as "unfair" election held last January in the American zone because former Nazis were then barred from voting.

The New Chinese Constitution

China's National Assembly, after more than a month of deliberations during which it sometimes appeared that no real progress was being made, has presented the country with a new Constitution.

One of its authors advanced the argument that since no one party or group which had a hand in drafting the document was satisfied with it, it should be acceptable to all.

## Majority Say Princess Should Wed Prince Philip 'If They Are in Love'

LONDON, Jan. 12 (AP) — The Sunday Pictorial Saturday announced 68 per cent of the readers who voted in the newspaper's "Royal romance poll" favor a marriage between Princess Elizabeth and Prince Philip of Greece and Denmark — "if the Princess and Prince are in love."

Forty per cent voted against the Royal marriage, the newspaper said, adding:

"The remaining 32 per cent of those who expressed an opinion declared that no political obstacles should be placed in the way if the Princess and the Prince desire to wed, but that Princess Elizabeth should, in this event, renounce her right to the throne."

The Pictorial, which has a circulation of more than 3,000,000, invited readers last Sunday to give their views on the desirability of an Elizabeth-Philip marriage despite denials from Buckingham Palace and 10 Downing Street that a marriage was in prospect.

Many thousands of letters — the newspaper did not say exactly how many — were received.

"Women form the overwhelming majority of those who favor a marriage — provided the young people are in love — the newspaper said.

"Such phrases as 'the right to live their own lives,' 'a purely private matter,' and 'no interference in the dictates of Princess Elizabeth's heart,' recur in letter after letter."

"On the whole," the newspaper said, "the letters opposing the marriage come from politically-minded people, men just outnumbering women. About one letter in six was from a soldier or an ex-serviceman who has fought overseas ...

"The soldiers tend to say: 'Let's have no more foreigners in England.'"

### Chips Rafferty, Australian Cowboy Star Works at Whatever Comes Handiest

By HELEN BANNERMAN  
Canadian Press Staff Writer

Chips Rafferty, the lanky six-foot-six Australian cowboy star of "The Overlanders," whose real name is John William Coffage, seated himself in a dainty chair in his suite at one of New York's luxury hotels, rolled himself a cigarette, and said of acting, his 42nd job:

"I was always broke, so I worked at whatever came handiest." He was a carpenter when "a magician whose tricks were getting shabby" asked him to freshen them up. "I reddid them for him. When it was all over I knew all his tricks; I started out as his stooge."

Of his favorite job as a drover (Australian cowboy):

"I don't suppose there's anything in the world that equals the pure exhilaration of getting on a horse in the early dawn light—the horse bucks a bit because it's built that way—and galloping along. You can't help yourself; you screech out loud."

About Australia's West: "I should imagine our Western country now is very much like the American West, say 50 years ago, without all the shooting, and our West is bigger. There's a station (cattle ranch) in Northern Territories that has 32,000 square miles."

## CATTLE JUST LIKE WOMEN

What makes cattle stampede? "Cattle are like women. Anything will disturb them. Screeching cockatoos, a man coming on them too suddenly. One minute they are nice and peaceful, chewing their cud. Suddenly some noise will startle them and you have to race after them, find the leaders and turn them back, find out if you've lost any, and go back and look for them."

Rafferty now is on his way back to Australia, where he is happy with his present job with Britain's Ealing Studios because he works only in action pictures.

Kalina Paxinou, who hasn't had a good role in Hollywood since her Academy Award-winning performance as Pilar in "For Whom the Bell Tolls," has finally been signed to one worthy of her talents in "Mourning Becomes Electra." She will play Christine Mannon, opposite Raymond Massey, the role created on Broadway by the late Nazimova.

**About Relaxing**

"I used to think I was just naturally nervous and tense. But I found out that it was the caffeine in tea and coffee that kept me from relaxing."

People like that should try Postum. It's one grand drink—rich-flavored, hearty, with an appeal that's all its own.

What's more, you can drink Postum and relax like a kitten! Postum contains no caffeine, nor any other drug to keep up nerves or affect heart or digestion.

Postum is made instantly in the cup, just by adding boiling water or hot milk. Try it!

**We Plan To Spend \$35,000,000 in Five Years for Telephone Improvement and Expansion**

In a continuing effort to satisfy the greatest service demands in our history, we have budgeted to spend thirty-five million dollars for expansion and improvement during the next five years.

Here are some of the highlights:

1. The main objective is to give service to the thousands on the telephone waiting list.
2. We plan an expenditure of eight million dollars in 1947 alone.
3. Every exchange in the territory we serve will share in the program.
4. Expenditures will involve buildings, central office equipment, telephone instruments, local wire and cable plant, and long distance lines.

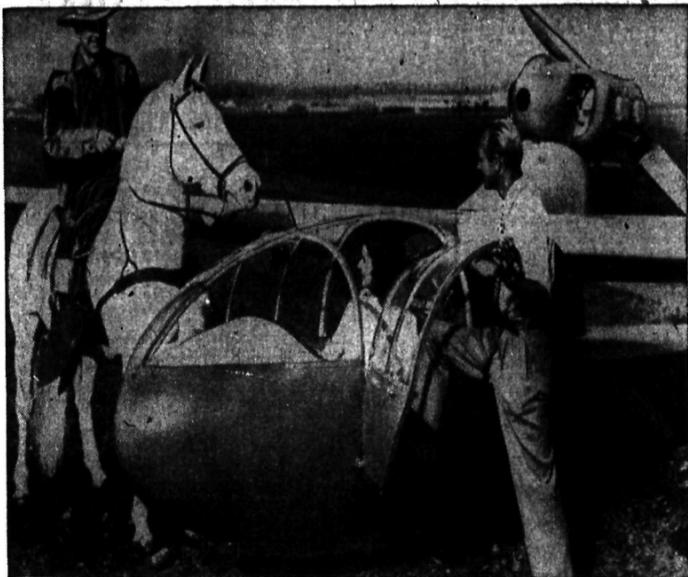

Ever since the war, with its strict curtailment of telephone development, it has been our aim to get our system back to normal as quickly as possible. Despite the handicap of general shortages, we had a growth of approximately 10,700 telephones in 1946, the largest increase in our history, and in the seven years from December 1, 1939, to December 1, 1946, our telephone total increased 44,784 or more than 35 per cent. However, there are still about 22,000 names on our waiting list.

This year, if we are able to get the equipment and supplies we have been promised, we hope to end with a telephone growth well in excess of the 1946 figure.

## Pilot Shows Cowboy How to Ride the Plains

While demonstrating how a new type, low cost, all-metal sports plane can land on, or take off from, rough Western terrain, Monica Malek, a test pilot, is greeted near Encino, Calif., by Jerry Jones, who knows a thing or two about hard riding on the plains. The air coupe, designed by Volmer Jensen, can move around in tough country because of a single landing wheel located under the fuselage.

## Elected as Germans Return to Ways of Democracy

Honor of being the first Minister President to be elected de-

mooratically by a German Parliamentary group since pre-Hitler days, went to Christian Stock, member of the Socialist Democratic Party. After the Allied victory Minister Presidents from the three zones of the American theatre of occupation were selected by military government authorities. Recently elections were held to permit Germans to choose their own leaders. At left Herr Stock is shown making his inaugural address to the Hesse Landtag (Assembly) after his election. At right, the ballot box is shown being passed among the Assemblymen during the vote which elected Stock. The historic meeting took place in the Wiesbaden Palace Building.

## MAYON STREAMS

**OUT A HAZE OF GREY-PINK SMOKE**

By JAMES HALBEMA

**ABOARD U. S. ARMY WEATHER PLANE OVER MAYON VOL-** cano, Jan. 12 (AP)—Mishly Mayon volcano looks ominous. A haze of grey-pink smoke streams out of her cone to cover a 100-mile section of Southeastern Luzon in the Philippines.

Mayon, a volcano that has erupted frequently in the last 100 years, boils with smoke and lava.

Only a trained volcanologist could predict whether Mayon is ready to blow her top this time, but the fact that her cone of boiling rock is still intact seems ominous to weather observers aboard this plane. It might go at any time.

Mayon burst into activity Wednesday night, sending a ball of fire hurtling skyward. Two navy fliers who preceded this flight said a small stream of lava is courting down toward Pinog, a fishing village of 5000, and might carry to the vicinity of the town.

Steam, smoke and clouds prevent all but a brief glimpse of Mayon's cone.

At intervals, when cumulus clouds covered the summit, black smoke and fine ash penetrates through them like heavy black smoke from an oil fire.

## Arnall Resigns as

Georgia Governor

ATLANTA, Ga., Jan. 12 (AP)—Gov. Ellis Arnall of Georgia resigned Saturday "effective immediately" after qualification of the Lieutenant-Governor, in a dramatic move preceding next week's legislative showdown on succession to the late Eugene Talmadge.

The letter came just 49 hours before the Georgia general assembly convenes to accept or reject claims of Herman Talmadge, only son of the late governor, elect, that the legislature elect him to his father's term. It appeared intended to spike Talmadge campaign argument that Arnall would repudiate verbal pledges and seek to hold office another four years.

## CYCLONE STRIKES S.A.

DURBAN, South Africa, Jan. 12 (Reuters)—A 100-mile-an-hour cyclone, lasting five minutes, which struck the coast of North Natal Friday, ripped roofs off four buildings, snapped off trees and tossed galvanized iron sheeting 80 feet into the air.

## Kimberley Couple E. Mann Heads Celebrate 50th Anniversary Creston Legion

CRESTON, B. C., Jan. 12—Ernest Mann, a former President of the Canadian Legion, Post 29, at Creston was elected its 1947 President at the annual meeting in the K.P. Hall. Retiring President Frank Fisher was in the chair. Other officers elected were:

W. M. Archibald, Honorary President; George Johnson, Hon. Frank Putnam, M.L.A., and Dr. W. N. Fraser, honorary Vice-President; Rev. B. Enns, padre; W. MacDonald, first Vice-President; E. J. Werre, second Vice-President; Col. E. Malandaine, Hilton Young, Trustee; W. Standen, Sergeant-at-Arms; and R. Robinson, Auditor.

A hearty vote of thanks was accorded the Women's Auxiliary for its splendid service to the Post last year. Compliments to Frank Baker for the success of his song, written in connection with the Legion, and to J. Veitch for his work on the Welfare Committee, were given.

## PREDICTION OF TEACHER SHORTAGE DESCRIBED AS OPTIMISTIC

EDMONTON, Jan. 12 (CP)—The Alberta Department of Education Saturday described Charles E. Phillips, Executive Secretary of the Canadian Education Association, as optimistic when he predicted in Toronto Friday that Canada will be short 7504 elementary school teachers by 1949 unless there is a new influx into the teaching profession.

Mr. Phillips in the break-down of a teacher-training conditions survey just completed, stated that Alberta's predicted shortage by 1949 would be 1299 teachers.

Dr. W. H. Swift, Deputy Minister of Education, when advised of this estimate said: "He's Conservative. Why, our actual shortage as of Dec. 31, 1946, was 1390 teachers."

## GOV'T FINANCES PURCHASE OF NEWSPRINT

CARACAS, Venezuela, Jan. 12 (AP)—The Government Saturday decreed a credit of 3,200,000 bolivars to finance the purchase of newspaper for eight leading newspapers which will pay back the loan on a monthly basis. (The bolivar is worth 32.67 cents at par). The Soviet Ambassador recently signed an agreement under which Russia is to provide 4000 tons of newspaper for the Venezuelan press.

## Remove Handicap for U. K. Immigrants

VANCOUVER, Jan. 12 (CP)—It was learned here Saturday that the Bank of England is making concessions removing one of the handicaps to immigrants from the United Kingdom. Hitherto the bank has permitted transfer of funds up to \$20,000 in four equal installments. Two men from Britain in Vancouver to start a manufacturing business have received permission to transfer from England \$20,000 apiece in lump sum.

## ANKARA, Jan. 12 (AP)—A

friendship pact was signed Saturday by Turkey and Trans-Jordan. Details were not announced.

## Agrees Butter Ration Cut Would Wreck Program

OTTAWA, Jan. 12 (CP)—Chairman Donald Gordon of the Prices Board said Saturday he agreed with London reports that a cut in the individual Canadian butter ration to four ounces weekly would wreck the whole Canadian rationing program.

Mr. Gordon told a press conference that such a cut, reducing the ration from the current six-ounce allotment, would become "unmanageable" because the Board would have to appoint so many enforcement officers to cope with under-cover dealings which would result from the reduction.

He was commenting on London reports which gave this possible collapse of the Canadian program as one reason for the British diversion of 12,000,000 pounds of New Zealand butter to the Dominion to maintain the Canadian ration.

Mr. Gordon said the diversion would not affect the British ration because it came at a time when the New Zealand butter would be short in Britain anyway.

The Canadian and British rations came to the same amount, although the British received three ounces of margarine and three ounces of butter weekly, while the Canadian allotment was a full six ounces of butter.

## Gardiner Pleads For United Western Europe

VICTORIA, Jan. 12 (CP) — A Commonwealth of Western Europe, based on unity with the North American nations, was advocated by J. G. Gardiner, Federal Minister of Agriculture, as a means of achieving world peace.

"Europe must be brought together in one world force by persuasion or someone else is going to utilize the powers of force to unite it under a totalitarian regime," Mr. Gardiner warned in an address made yesterday in conjunction with Victoria's Canadian Citizenship Week celebrations.

"We want emphasis placed on the things upon which we agree and not on the things in which we do not," the Minister declared. An international Government was the ideal organization and hope for its eventual formation "has been greatly stimulated by example of the British Commonwealth of Nations."

After the First World War, "the League of Nations failed because of haste, ignorance and isolationism. Now we have a second chance and only through cooperation will world peace be achieved."

## New Defiance Flung at France

PARIS, Jan. 12 (CP)—President Ho Chi Minh of the rebellious Viet Nam Republic flung new defiance at the French in embattled Indo-China Saturday, declaring in a broadcast that France had failed to win the war with the Viet Namese and would be "unable to win it in 20 years."

As the fighting in France's Far Eastern colony continued into its fourth week, an Associated Press dispatch from Saigon quoted the same broadcast as reporting that native Nationalist forces had cut the railroad between Saigon and Dalat, 150 miles to the Northeast.

Rupture of this vital communication link would mean that the Viet Namese effectively were halting the movement of French troops, supplies and food in Cochinchina, Southernmost Indo-Chinese state. Increasing Viet Namese activity in the Southern state has been noted in recent days.

(From Hanoi, Reuters News Agency reported that French troops had blown up parts of the city's sewer system to stop Viet Nam troops and agents from using the passages. (Viet Namese had been moving troops through the sewers, and used the manholes as vantage points from which to throw bombs and grenades.)

## Acquitted on Manslaughter Charge

VANCOUVER, B. C., Jan. 12 (CP)—An Assize Court jury Friday acquitted John H. Philpott of manslaughter in the traffic death of Thomas Drinkwater, night club doorman, on Sept. 21. Philpott was acquitted on a charge of reckless driving. Chief Justice Ferris said the facts did not support a charge of wilful negligence on Philpott's part.

# THE "5-DAY WEEK"

**NELSON DRUGGISTS ARE IN FAVOR OF REMAINING CLOSED ALL DAY WEDNESDAY**

During the war when merchandise was in scarce supply and many members of our staffs were in the Armed Forces, we closed our stores all day Wednesday, with little or no inconvenience to our customers, and with satisfying results to our staffs.

The majority of workers in industry and business are now working five days a week and Nelson Druggists feel that store employees should continue to benefit by the five-day week.

We realize that our out of town friends and customers find it more convenient to do their shopping on Saturdays than on Wednesdays and for their convenience we will keep our stores open until 8 P.M. on Saturdays.

For the benefit of our local customers we will arrange to have one Drug Store with a partial staff, remain open each Wednesday.
