

KOOTENAY'S VOLCANO PETERS OUT INTO ORDINARY MUD SLIDE

VICTORIA, Nov. 29 (CP)—British Columbia's "active volcano" in the Kootenays has turned out to be nothing more than an ordinary mud slide. Mr. C. Hughes, Mines Inspector for the B.C. Mines Department, said in a report to the Department today that he found no evidence of volcanic action in the region of Sheep Creek North of Cranbrook where a volcano was said to be erupting.

Seventeen miles from the mouth of the creek there was a huge slide of rock and gravel, originating three miles up in a dry gulch. This blocked Coyote Creek for 100 yards. The water from the creek mixing with the gravel formed a large mass of oozing mud which residents suspected was lava.

Says Official Brows Wrinkle Over Employment Picture

VANCOUVER, Nov. 29 (CP)—The Vancouver News-Herald published today a special dispatch from Ottawa saying:

"A black and heavy gloom about immediate employment conditions in Canada seems to have settled over Parliament Hill."

"In both the green-carpeted Commons and the red Senate Chamber honorable members are making pessimistic speeches."

"Behind the closed doors of the Dominion-Provincial Conference chamber provincial Premiers insisted that Ottawa do something about growing unemployment, right across the country."

"Premier Hart and Attorney-General McGeer, it is learned, have been anything but silent in this regard."

"Only the Dominion Government, it would seem, is not worried about unemployment. But then there is no unemployment in Ottawa."

"Members of the Opposition sought the Commons Thursday to obtain general outline of the program of public works the government plans to institute to relieve unemployment during the transition period it was told by Works Minister Turner he was unable to give them the desired information."

"Mr. Fournier said the estimates under review were prepared last October and January when the war was at its height."

"They contained no provision for postwar public projects."

"Furthermore, the projects to be carried out by his department were only a small part of the general reconstruction program to provide employment."

World Security Will Decide Size Canada's Occupational Force

By JACK BRAYLEY
Canadian Press Staff Writer

OTTAWA, Nov. 29 (CP)—Final size and nature of Canada's occupation forces will not be known until the Dominion's obligations under world or regional security arrangements are made clear, a reliable source said today.

There were two possibilities. One was that the occupation force as such might be succeeded by a numerically smaller permanent force of security police serving indefinitely or the present occupation might continue in its present form for some specified period—possibly three years.

The Canadian occupation force at present consists of 22,000 army and 10,000 air force personnel—most of whom were drafted, although some volunteered.

If the drafted men are eventually succeeded by interim or permanent force volunteers this would likely be part of a big active service program which would provide periods of foreign service as part of the general peacetime training scheme. Some army recruiters believe the possibility of foreign service would prove an attraction to prospective recruits.

British Complete Control of Soerabaja

BY VERN HAUGLAND

BATAVIA, Java, Nov. 29 (AP)—Indian forces have completely occupied Soerabaja after a bloody 19-day battle in the great naval base, and a local administration is operating under British control, the British command announced today. Action continued South of Soera-

BAJA and new fighting broke out in Batavia. In Bandung, Summer capital 75 miles Southwest of Batavia, where a British ultimatum had ordered all Indonesians out of the Northern half of the city by noon today, the situation remained tense.

ADMIT USE OF JAPS

Meanwhile an official British press statement said the British command had used Japanese troops and tanks in "defensive" action against the Indonesians in a factory area North of Bandung, and that the use of Japanese troops in Semarang earlier could be similarly classified.

In the Bandung action a mixed force of Gurkha riflemen, Japanese tanks and armored fighting vehicles attacked a factory, and British authorities admitted that it was a question of interpretation of the word "defensive."

Indians and Amboinese troops battled the Indonesians at Bandung in a day-and-night long exchange of sporadic gunfire, but British officers said in general the situation was quiet.

The Dutch News Agency Arenta quoted an Australian Headquarters officer in Batavia as saying that more than 83,000 Japanese have been rounded up and disarmed in the Eastern parts of the Netherlands East Indies.

"Don't worry, mister, the people we got him off with a news wire. Ad said he was quite harmless—except when he bites!"

INTERGOVERNMENT PLAN LOOMS

FORD WORKERS VOTE TO CONTINUE STRIKE

WINDSOR, Ont., Nov. 29 (CP)—The union security strike at the Ford Motor Company of Canada plant appeared tonight to be farther from settlement than ever. On the walkout's 80th day members of the striking Union—Local 200 of the United Automobile Workers (U.A.W.)—voted by a four per cent margin to reject a back-to-work plan which had the approval of union leaders.

The decision was reached at a mass meeting of Local 200 members in the Windsor Arena. The Union did not announce any figures on the voting, except that 62 per cent of those who cast secret ballots rejected the proposal and that 48 per cent favored it. There was no estimate of the number of the local's 8000 members who attended.

In the Senate chamber, Senator G. G. McGeer, in a despairing sort of voice said "I am very much disturbed about the tomorrow, because I cannot overlook what is being said today, and contrasting it with statements made in the past. I say that under the present distribution of revenues, as between Federal, provincial and municipal governments the cities cannot hope for a change in conditions."

"In the Commons, C.C.F. Clarence Gillis, the coal miner from Nova Scotia, who, of course isn't noted for looking on the sunny side of things, said the Ottawa government has done absolutely nothing to prepare for postwar conditions.

"He said unemployment in the Maritimes is worse than anywhere else in Canada."

"B.C. members though they didn't say anything, doubtless disagreed. Ottawa is apparently so emmeshed in red tape that nobody seems able to do much about unwinding the yards and yards of it which have piled up in Confederation Square these Winter days."

"The decision was reached at a mass meeting of Local 200 members in the Windsor Arena. The Union did not announce any figures on the voting, except that 62 per cent of those who cast secret ballots rejected the proposal and that 48 per cent favored it. Alberta Liberals Prepare to Offer for Government

EDMONTON, Nov. 29 (CP)—Alberta Liberals have expressed unanimous enthusiasm over the decision at Wednesday night's party meeting to separate from the Independent Party, formed in 1940 when they merged with Conservatives and the Unity movement.

Dissatisfaction had been expressed in Liberal ranks with the amalgamation when it was first undertaken in Calgary, and the action of the general council was severely criticized by many Liberals.

The break was encouraged in recent months and many members contended that the arrangement with the Independents ended with the 1944 Provincial election when the group was reduced to three members in the 57-seat Legislature. It previously had 18 seats.

SHOWN CCF NOT WANTED

Mr. Fisher, said that in a democracy there must be an alternative to the government in power. Alberta the only alternative to the Social Credit Government was the CCF and in two elections the people had shown conclusively they did not want the CCF.

Mr. Turcotte said the Liberals have the opportunity to offer a program of forward looking legislation. "I have nothing to say against the Independents," he stated. "We did our best to assist them, but they have failed and gone down the hill."

Meanwhile in Calgary the Progressive Conservatives, on hearing of the break, decided to call a Provincial convention early in 1946 to elect officers and determine the party's future policy with respect to Provincial politics. J. Percy Page, MLA House Leader of the Independent party, said at Edmonton that he would make a statement tomorrow with respect to the party's stand.

STALIN TO TAKE "GOOD LONG REST"

MOSCOW, Nov. 29 (AP)—Premier Stalin has decided to prolong his vacation and take what was described as a "good long rest" before returning to his duties in the capital, a well informed and highly reliable source said today.

This source said the Soviet leader still was enjoying good health. His "good, long rest" may mean, the source said, that Stalin might not return to Moscow before the first of the year. Stalin left Moscow Oct. 9 for the vacation spot near Sochi on the Black Sea.

U.S. Denies Moscow Reports

WASHINGTON, Nov. 29 (AP)—A State Department spokesman denied today reports published in Moscow that the United States was applying "pressure" on Iran and Iceland for rights to air bases in those countries.

He said the United States had a treaty with Iceland regarding the air bases in Iceland but the subject of post-war use had not been broached yet by either side. With regard to Iran, the spokesman referred to State Secretary Byrnes' recent announcement that the United States troops would withdraw completely from Iran by the first of the year as evidence that no pressure was being applied on that country. He said the United States was giving up the airfield there but might negotiate later for permission for commercial planes to use it.

HOFFMEISTER DENIES UNION CHARGE

VANCOUVER, Nov. 29 (CP)—Major Gen. Bert M. Hoffmeister tonight denied charges of United Steelworkers (CIO) that he was attempting "to set veteran against civilian."

The Union officials voiced the charges after Gen. Hoffmeister, now taking a leading part in efforts to solve the problem of finding jobs for veterans, had told a recent public meeting that "there are those fortunate enough to have stayed home... They are the ones who should be digging ditches (rather than veterans)."

Gen. Hoffmeister commenting on the Union charges said:

"It is entirely a misinterpretation of what I said."

"I have absolutely no intention of treating rift between labor and veterans. There is just one purpose in my mind—to render some service to a lot of men who did a lot for me and this country."

"All I am interested in is securing jobs for these boys. We are setting up an organization to canvass industry for jobs and have to secure the co-operation of labor unions in the effort to find jobs for veterans."

"My object is to secure that cooperation."

M.L.A.'s Expenses Not Deductible for Income Taxing

OTTAWA, Nov. 29 (CP)—Traveling and living expenses of a member of Provincial Legislature while attending sessions are not deductible from his income for purposes of taxation. Judge J. C. L. A. Cameron ruled today in a decision handed down by the Exchequer Court of Canada.

Had the decision gone the other way it would have enabled all members of the Senate, the House of Commons and the Provincial Legislatures to reduce their income tax payments considerably.

The appeal from a ruling by the Minister of National Revenue was brought by James C. Mahaffy, Calgary barrister and member of the Alberta Legislature for Calgary, in respect of his 1941 income. The Alberta sessional indemnity is \$2000 a year.

FORMER CHAMPION OARSMAN DIES

VANCOUVER, Nov. 29 (CP)—Funeral services will be held here tomorrow for Clement Counter Bradley, 70, former Winnipeg business man, who died in hospital Saturday.

Mr. Bradley was a well known oarsman in his youth and was a member of the Winnipeg Rowing Club which won the Canadian championship.

Brands Clause as Fostering Immorality

OTTAWA, Nov. 29 (CP)—Pierre Gauthier, Liberal member for the Quebec constituency of Portneuf, branded as encouraging immorality today a clause in proposed legislation which would make a defendant's benefit available to a veteran for an illegitimate child.

He contended the clause was "not fair to those who follow good morals."

Lt.-Col. David Croll (L-Toronto Spadina) said it was the father who was "illegitimate" not the child. The allowance was to care for the child. There was no reason why it should be penalized.

Over the doctor's objections, the Commons' Committee of Veterans Affairs passed the clause for insertion in an act that will be known as the Veterans Rehabilitation (Allowances) Act.

Its basis will be the post-discharge re-establishment order, a series of Orders-in-Council that have been in effect for as long as four years.

The Committee began today clause by clause study of its provisions, including university and vocational training, out-of-work benefits and awaiting returns benefits, among others.

In a second appearance before the Committee, Maj.-Gen. E. L. M. (Tommy) Burns, Director-General of Rehabilitation for the Veterans Department, said out-of-work benefits could be paid for a year up to 18 months after discharge to an unemployed employable veteran.

Among others, the local postmaster could certify the application of the veteran as being justified. Others included Legion officials, a mayor or reeve.

HIGHER THAN INSURANCE

Deputy Minister W. T. Woods said veterans unemployment benefits were higher than the rates for Unemployment Insurance. The Department had found the insurance rates too low to sustain the veterans and it had been necessary to "break away" from them.

Feels U.S. Guilty of Starting Atomic Armament Race

WASHINGTON, Nov. 29 (AP)—Harold C. Urey, famous chemist, recommended today that the atomic bomb be outlawed throughout the world and that all material from which it could be made be "dumped in the river" if that is what it takes to prevent military use.

The alternative, he said, is "dire disaster."

For an hour and a half the Nobel Prize winner from the University of Chicago chilled members of the Senate Atomic Energy Committee with a calm, soft-spoken appraisal of what an atomic war would mean. Then he told them:

"Atomic bombs must not be made in any country and they must not be stored in any place in the world if we are to have any feeling of security in this or any other country on this all too small planet."

"We are making bombs and storing them and are thus a threat to other countries and are guilty of beginning the atomic armament race. If continued it will lead to dire disaster."

Governor-General Receives Premier Hart

OTTAWA, Nov. 29 (CP)—The Governor General received Premier Hart of British Columbia at Government House this evening, an announcement said tonight but made no mention of the purpose of the visit. Premier Hart is in Ottawa attending the current sessions of the Dominion-Provincial Conference.

Rabochia Silver at Nelson Is Incorporated

VICTORIA, Nov. 29 (CP)—Bring the total to date this month to 91 new companies were registered this week under the Companies Act. The new firms included Rabochia Silver Mining & Lumbering Co., Ltd., \$150,000, Nelson.

EXPECT CLOSE WAR TRANSPORT OFFICES BY NEXT SPRING

HALIFAX, Nov. 29 (CP)—It was learned here today that Ministry of War Transport offices in Canadian ports are expected to be closed by the end of the year or the Spring of 1946.

The first group of war transport officials stationed here during the war left for the United Kingdom today on the Empress of Scotland. They will be followed shortly by others from Montreal and West Coast ports.

Inquest Adjourned

VICTORIA, Nov. 29 (CP)—Inquest into the death of 16-year-old Myfanwy Sanders was adjourned again today. Coroner E. C. Hart set Dec. 11 as the new date. The coroner said some expert witnesses misunderstood the date and adjourned without calling anyone.

Jury Foreman W. S. Tull told Coroner Hart the jury wanted to view the field where the girl's body was picked up Nov. 9, 23 days after she failed to arrive home after visiting a dentist's office, and only 900 yards from her home in Saanich.

Dr. J. H. Moore, who performed the autopsy, is reported to have told police authorities that death was due to asphyxia but no official announcement has been made by the police.

Officials of three unions—M. McLeod, boilermakers, Cecil Haggard and W. Bradshaw, firefighters, and S. Shannan, electrical workers joined in condemning use of proxies although generally conceding proxies authorized for single meetings and not in perpetuity might be considered in relation to union practice.

Dugald McAlpine, commission counsel, expressed the opinion proxies in perpetuity were not valid.

G-M TO DISCUSS STRIKE WITH GOVT

DETROIT, Nov. 29 (AP)—General Motors tonight accepted an invitation to discuss with the Government the strike which for nine days has kept \$225,000 G.M. workers idle throughout the United States.

The Corporation earlier today turned its back on further negotiations with the striking United Auto Workers (C.I.O.) until the union "modifies" its demands.

Edgar L. Warren, Chief of the Federal Conciliation Service, and Harry W. Anderson, G.M. President, will meet next Tuesday in Washington.

Mr. Warren said in Washington the purpose of his discussion with Mr. Anderson would be to try to get negotiations "resumed as soon as possible."

Trail Curling Results

TRAIL, B.C., Nov. 29—Results of games in the Trail Curling Club Crown Point Competition, follow:

R. McGhee 8, H. Miller 7.

R. Stone 11, W. Carrie 7.

D. Forrest 6, R. Somerville Sr., 8.

J. Bell 7, W. S. Ross 9.

A. C. Allison 7, G. G. Service 7.

A. W. McDonald 6, C. Strachan 8.

D. McLeod 5, G. S. Orter 4.

D. McDonald 5, E. Montpellier 4.

T. A. Rice 7, H. J. Leekin 6.

A. Cheyne 7, G. F. Reimann 5.

R. P. Dockerill 7, C. D. Stuart 4.

Friday's schedule:

9:00—W. Ferguson vs R. Somerville, Jr.; W. H. Baldwin vs R. Dunn;

H. T. Beckett vs S. Gray; A. B. Clark vs A. Crichton.

7:30—H. A. McLaren vs A. Robb;

RUSSIA TO DEFER WITHDRAWAL FROM MANCHURIA

LONDON, Nov. 29 (CP)—The Moscow radio said tonight that Russia had "consented" to a Chinese request that it defer "for some time" withdrawal of Soviet troops from Manchuria.

The broadcast, recorded here by the Soviet Monitor, said China had asked for the postponement because the Chinese government was encountering considerable difficulty in transferring troops to Manchuria owing to the presence of Chinese non-government troops in some places."

The Russians, according to the broadcast, had planned the withdrawal of troops by Dec. 12, in accordance with the Russian-Chinese treaty of Aug. 14 by which Russia recognized China's sovereignty in Manchuria.

The Russians, according to the broadcast, had planned the withdrawal of troops by Dec. 12, in accordance with the Russian-Chinese treaty of Aug. 14 by which Russia recognized China's sovereignty in Manchuria.

Pension Benefits for Canadians Serving With Other Forces

OTTAWA, Nov. 29 (CP)—The Veterans Committee of the Commons was told today by Veterans Minister Mackenzie that the Pensions Act would be extended to cover Canadians who served with Empire or Allied forces through an order-in-council that has been approved by the Cabinet.

It would provide that where such a veteran is receiving from a country other than Canada a pension which is below the Canadian rate, it would be brought up to the Canadian rate.

This is in line with policy in other veterans benefits.

NEED EDUCATION TO END DRUDGERY OF FARM WORK—MCKENZIE

VICTORIA, Nov. 29 (CP)—Education is necessary if young people are going to be encouraged to remain on the farms, Dr. Norman McKenzie, President of the University of B.C. today told delegates to the B.C. Federation of Agriculture.

"Education can relieve the drudgery of farm labor," he said.

He stressed the importance of developing the research end of farming as an outlet for increased production.

VANCOUVER MAN KILLED WHILE BOARDING STREET CAR

VANCOUVER, Nov. 29 (CP)—A speeding automobile struck and killed James McMurdo Maxwell, about 45, as he boarded a street car early today on his way to work.

Police searched every garage in Vancouver for the driver of the car who did not stop after hitting Mr. Maxwell but turned off his lights and sped on. Witnesses said they were unable to see the license number but described the vehicle as a dark-colored light-weight recent model sedan.

Mr. Maxwell's death increased to 33 the number of persons killed in traffic accidents here this year.

PROXY VOTES CONDEMNED

VANCOUVER, Nov. 29 (CP)—Use of proxy votes by blanket authority was condemned by witnesses appearing before the Grimmett Commission yesterday as a means by which one man or group can control meetings. The commission is investigating benefit societies in the province.

Officials of three unions—M. McLeod, boilermakers, Cecil Haggard and W. Bradshaw, firefighters, and S. Shannan, electrical workers joined in condemning use of proxies although generally conceding proxies authorized for single meetings and not in perpetuity might be considered in relation to union practice.

Dugald McAlpine, commission counsel, expressed the opinion proxies in perpetuity were not valid.

Claim Russians Threaten Trouble If Forces Move

LONDON, Nov. 29 (AP)—A spokesman of the Iranian Embassy declared today Russia had threatened to reinforce Red Army garrisons in Northern Iran if fresh Iranian troops moved into that troubled area, where insurgent activities are reported to have spread to a third province.

In Washington, Iranian Ambassador Hussain Ala quoted a Russian note to Iran as saying that bloodshed would result if more Iranian forces moved Northward, and that this would necessitate Russia's sending more Soviet forces into Iran.

Both Ala and the spokesman here said Russia had rejected Iran's request to send reinforcements Northward after disorders, blamed by the Iranian Government on "separatists," broke out last week in Azerbaijan, the Northwest Province of Iran bordering Russia.

Military Tribunal Delves Deep Into Austrian Betrayal

By WES GALLAGHER

The Austrian war plan, identified by the code name "Otto," was taken from files of the German High Command, said an assistant United States Prosecutor, Sidney S. Alderman. He then produced a directive from Marshal Werner von Blomberg in which he quoted the former War Secretary as saying "there might be special preparations for war against Austria."

The war plan was introduced over the objection of counsel for Col. Gen. Gustav Jodl, German Army Chief-of-Staff, who said the document showed only that the Wehrmacht was preparing "for all eventualities" including "war against Spain."

DIARY FOR EVIDENCE

The prosecution also produced as evidence Gen. Jodl's private diary which revealed that Field Marshal Wilhelm Keitel, High Command Chief-of-Staff and one of the defendants, and German Naval Chiefs had conducted fake military manoeuvres to frighten Austria in February, 1938—a month before Hitler moved into the country without resistance.

Reichsmarschall Goering grinned at evidence of another bit of Hitlerite fakery used to intimidate small European nations—an order from Keitel directing "spreading of false but quite creditable news" of Nazi military intentions toward Austria.

Goering's court conduct reached a new high when he shook his head and ponderously rocked from side to side in negation of the prosecutor's statement that the Nazis feared the result of a plebiscite called by Austrian Chancellor Kurt Schuschnigg to determine Austria's stand on independence.

The prosecutor maintained that Hitler forced Schuschnigg's resignation and then marched into Austria to prevent the plebiscite.

The prosecutor read from Jodl's

Protest Destruction of Jap Cyclotrons

MONTREAL, Nov. 29 (CP)—A protest against the wrecking of five Japanese cyclotrons on orders from Gen. MacArthur as "wanton destruction" of valuable scientific instruments which could be duplicated in Canada only at great cost in money and scientific effort.

"If so, it should be asked why the representative of our country which at present does not possess a single cyclotron and has only one in prospect of construction, should have assented to the destruction of instruments which can be duplicated here only at great cost in money and scientific effort."

"Many of our universities and research institutions . . . would have regarded them as acquisitions of great value."

Despatches from Toyko on Nov. 24 described destruction of the cyclotrons, on orders of Gen. MacArthur, as a blow at Japan's war-making potential. Army officers described them as already obsolete for experimental purposes in the United States.

"By running these cyclotrons continuously for 1,000,000 years, the Japanese might have been able to make enough plutonium for one bomb," the statement said.

Steel Union Polls Heavy Vote in Favor of Strike

PITTSBURGH, Nov. 29 (AP)—Officials of the CIO—United Steelworkers of America held in their hands today authority to call a nationwide strike to enforce their demand for a \$2-a-day pay raise.

The power was given by members of their Union who voted in National Labor Relations Board election yesterday, favoring a strike nearly 5 to 1.

342,128 VOTE FOR

Unofficial, incomplete returns to the N.L.R.B. from hundreds of polling places in 27 states showed the workers voting 342,125 for, and only 70,639 against a strike.

There was no indication strike would be called immediately or even in the near future.

Officials of the U.S.W.A. told their local leaders before the voting that a favorable ballot did not necessarily mean there would be a strike.

Workers were cautioned against any premature work stoppage and

were informed the authority for a strike rests with the National Wage Policy Committee and the Executive Board.

GREATEST N.L.R.B. VOTE TAKEN

The election was the greatest N.L.R.B. vote ever undertaken in the United States, involving 768 plants and some 650,000 workmen, many thousands of whom did not cast ballots.

The vote was called for by the Union after the steel companies said they could not grant a \$2-a-day pay boost without raise in steel prices, which the Office of Price Administration refused.

The story was the same in every State—an overwhelming majority for the strike authorization.

Complete returns from Pennsylvania, greatest steel producer in the United States with an annual ingot capacity of about 30,000,000 tons, voted 161,512 for, 36,817 against.

diary a reference to the proposed Austrian plebiscite which declared "the Fuehrer is determined not to tolerate it."

Rudolf Hess, whose plea to be excluded from trial on the grounds of amnesia is scheduled to be heard tomorrow, appeared in some distress from another attack of abdominal cramps but did not leave the courtroom.

A NEW WAY OF SEARCHING

BOSTON, Nov. 29 (AP)—A British soldier of Irish birth yesterday rang 2015 doorbells—with his own account—looking for his sister, Mary.

Then, he said, he decided to call upon the Leprechauns—those knowing little fairies of Irish mythology—to aid him in the search.

Gnr. Maurice Kennedy, recently released after 2½ years in a Japanese prison camp, is convinced they did.

He finally received a call from a woman who said she knew a Mary Kennedy who might be his sister. Would he whistle his sister's favorite tune over the telephone?

He did. It was: "Come Back to Erin." Mary recognized the way he piped it, Maurice said, and they were reunited.

Maurice had not seen Mary for 15 years. She came here intent on becoming an actress, but became a maid instead. He lost track of her after he entered the army and had not heard from her for four years.

Kennedy arrived in Vancouver, B.C., recently and obtained leave to hunt for his sister. He has been in the British Army since 1939. Their home was in Dingle, County Kerry, Eire.

PURITY FLOUR-PURITY OATS

Gen. Eisenhower Criticizes French Gov't

FRANKFURT, Germany, Nov. 29 (AP)—Gen. Eisenhower, retiring commander of United States forces in Europe, today criticized the French Government for hampering the Allied Control Council and urged early establishment of central German administrative machinery.

In a report summarizing the situation in Germany during October, before he left to become chief of staff of the United States Army, Gen. Eisenhower cited the "potential dangers of unrest and disease this winter."

He declared, however, there was no immediate emergency in the American and British zones as long as current rations can be maintained.

Praising the British delegation for going along in council matters for the sake of unanimity, Gen. Eisenhower asserted:

"There was no similar solution of the deadlock which prevents establishment of the central German administrative machinery provided for by the Potsdam Agreement as necessary for the treatment of Germany as a single economic unit. French authorities in October maintained their opposition to this principle. Only in November were there indications of progress . . ."

"On a number of other important matters, moreover, little progress was made during the month. A proposed law to authorize and encourage a federation of German trade unions on a national basis could not be adopted on account of French opposition."

Stating the United States had no intention of taking any active steps to raise Germany above the economic level required by humanitarianism, Gen. Eisenhower declared that German industry must be raised above the five to seven per cent of capacity at which it now is operating, and that food must be imported without thought of payment.

While restlessness has been noticed, Gen. Eisenhower said that "there is no indication of any organized resistance and the number of crimes of violence is, in the aggregate, very small."

The Commission's position on reserves is modified to some extent by a proposal that patronage dividends allocated to customers but not paid immediately may be allowed as a deduction if they are recoverable by the customer on "reasonable notice."

THE REVOLVING DOOR

One of the principles on which many cooperatives operate is known as the "revolving door." By this plan money earned for the customers is not paid out immediately but goes into a fund from which it is

doled out to those who need it.

Dr. H. Copinger, Superintendent of the General Hospital, said the long lists are not due to any epidemics but have gradually grown throughout the war years. Most of the cases, he said, are surgical.

E. Gagnon, Business Manager of St. Boniface Hospital, described the present hospital list as "larger than it has been for the past four years."

Smaller hospitals in the city also have lists waiting for admittance ranging from 10 at Victoria to 70 at Misericordia Hospitals.

WINNIPEG, Nov. 29 (CP)—Winnipeg hospitals have a list of more than 500 persons waiting for admittance, it was revealed in a survey here today.

The city's largest hospital, Winnipeg General Hospital, has a waiting list of almost 300 while St. Boniface Hospital has 100 names on its list.

Dr. H. Copinger, Superintendent of the General Hospital, said the long lists are not due to any epidemics but have gradually grown throughout the war years. Most of the cases, he said, are surgical.

E. Gagnon, Business Manager of St. Boniface Hospital, described the present hospital list as "larger than it has been for the past four years."

Rossland Can't Obtain New Street Lights

ROSSLAND, B.C., Nov. 28—Alderman Darby, Chairman of the Fire, Water and Light Committee, reported to the City Council Monday night that during the period from Nov. 1 to 15, 10 man-days had been spent by that department, as follows: 3 man-days repairing leak on Spokane Street; 4 on pipeline, ½ on water services, and 2½ on water service on Davis Street.

He reported that J. Ware's water service had been installed.

He also reported that nine replacements of street lights had been ordered, and only two complete sets received, and that the West Kootenay linemen were out of the district just now and the fixtures could not be installed at present. Alderman Darby reported progress on the other street light applications, but it seemed impossible to secure materials.

Mr. Nyman was in attendance and inquired of the Council as to what progress had been made in the installation of a street light near his residence. Alderman W. A. Darby informed him the light had been approved, but the necessary supplies were unobtainable. As soon as the material arrived, all approved street lights would be installed, but there was little hope of getting any this year.

Chinchilla, perhaps the most expensive of all furs, is not very durable.

NEW DENVER

NEW DENVER, B.C.—Mrs. George Bush, of Nelson, visited town.

Mr. and Mrs. Crowhurst of Zinc-ton were visitors to town.

Mr. and Mrs. W. Jupp of Nakusp were visitors here.

Mr. and Mrs. Rodgers of Zinc-ton were in town.

J. H. M. Greenwood of Nelson was a visitor to town.

Sister St. Crimea is a patient in the Solcan Community Hospital.

Joe Landreville is spending a few days in Nelson.

Mrs. B. Young of Zinc-ton was a visitor to town.

Mr. and Mrs. Verrier of Zinc-ton were in town recently.

Ted Klein of Zinc-ton was a visitor to town.

Visitors from Silverton during the week were Mrs. Elsmore, Mrs. Bergman, Mrs. Detta, Margaret Nelson, Verle Bergman, Doreen Detta, Mr. and Mrs. John Traynor and Mrs. P. Angrignon.

Mrs. Christain has returned after spending a few days in Nelson and Trail.

The Red Cross bee met in the Legion Hall with Mrs. G. Burkitt as hostess.

Rev. Dovey of Nakusp conducted service in the United Church.

Castlegar-Robson Legion Host to Rangers

CASLEGRAR, B.C.—Castlegar-Robson Legion, 170, held a social at the Parish Hall last night. M.C.'s were Messrs. J. Smith and A. Miller. The program included: Community singing; recitations by Mrs. J. Thatcher and Jack Smith; songs by Percy Owles, quartet of A. Miller, J. Webster, J. Thatcher and V. Sorenson; jest by W. Rigby; and games led by Messrs. Webster and Thatcher. Members of the Pacific Coast Militia Rangers were guests and Mr. Webster outlined the voluntary work they did in preparing for any possible attacks by the enemy.

Captain Humphries provided the data for Mr. Webster's speech. Lt. Creighton also spoke on behalf of the P.C.M.R.

Musics was supplied by C. Turner for the dance that followed the refreshments.

At the last meeting held by the Legion on Nov. 20th, seven new members were installed to raise the membership to approximately 170. New members were H. Latta, L. McIvor, J. Brown, M. Weatman, A. Klimovich, H. B. Adnaetha Klimovich, H. Bate and James Killough.

It was Mr. Cleeton's farewell meeting. The president left for his new position in Kamloops.

Nominations for officers will be held on Dec. 4.

YAHK

YAHK, B.C.—Mrs. Liebster and Sharon and Freddie motored to Cranbrook.

V. W. Hamilton who has been the guest of Mr. and Mrs. S. J. McCullough, left for his home in McGrath, Alta.

Bill Carlton visited in Cranbrook. Bill Hamilton, accompanied by R. M. Thomson, were recent Cranbrook visitors.

Mrs. George Bourne was a visitor to Spokane. While there she attended conference of the Church of Jesus Christ of Latter-Day Saints.

Aloha Bohmer of Cardston, Alta., was a guest at the Boume home.

Mrs. Cecil Larson is spending a holiday with relatives in Edmonton, Alta.

Mr. and Mrs. Emil Herman and Mrs. Chandler were Creston visitors.

Mrs. Weibe and son, Gerald, and baby daughter, Marsha, and Amy Warren spent a couple of days in Nelson.

A. H. Daily was a business visitor to Creston.

Mr. and Mrs. Robert Evans left for Creston where they plan to stay for awhile.

Jimmy Dickson of Cranbrook spent the weekend with his family here.

W. Tipper was in Cranbrook where he visited his wife who is a patient in St. Eugene Hospital.

Mr. and Mrs. Braaten and son, Dickie, of Prince George, who have been the guests of Mr. and Mrs. Edwin Ede at Windermere, have left for Vancouver.

Refreshments were served by the hostess.

INVERMERE

INVERMERE, B.C.—William Nell of Windermere has returned to his home from the hospital at Invermere.

Mr. and Mrs. H. C. Oliver of Radium left for Victoria where they will spend the next two months. Their nephew, Leslie Oliver, has received his call for the permanent navy and has left Radium to report for duty at the Coast.

W. Brock Danks of McMurdo has returned to his home from the hospital at Invermere.

Mrs. Simon Ronacher, who has been patient in the Lady Elizabeth Bruce Memorial Hospital, has returned to her home at Athalmer.

Mrs. Dean Powellson and son, Bobby, of Kimberley, have been the guests of the former's parents, Mr. and Mrs. W. P. Lake at Invermere.

Charles Wolfe of Athalmer was a Cranbrook visitor.

Miss Eileen Piper of Edgewater has returned to her home from the hospital at Invermere.

Valentine Schumi of Athalmer is a patient in the Lady Elizabeth Bruce Memorial Hospital.

Mrs. Anton Plivick and infant daughter have returned to their home at Wilmer from the hospital at Invermere.

The Department of Education has offered a fifty per cent grant toward the building, and if the facilities justified expansion of Cranbrook school district to include rural areas, annual departmental grants would also be substantially higher.

Cranbrook Plans New Junior-Senior School

CRANBROOK, B.C.—Estimates of cost of the proposed new junior-senior high school for Cranbrook are expected by the School Board, who have already received the detailed plans of the buildings from a firm of architects at Vancouver to whom specifications were submitted by the Board and administrative personnel of Cranbrook schools.

Land for the project, the former baseball field East of the city, was acquired in the Spring when a rate-payers plebiscite was taken. The building, if authorized by the rate-payers in a further plebiscite which will be taken early in the year, will be put up on this site to house Grades 7 to 13 inclusive, and to provide the special educational facilities schools now require.

When complete the buildings will relieve the overcrowding situation at Central School by taking over Grades 7 and 8 now housed there, to be centralized with Grade 9 as junior high school, and will also accommodate the entire senior high school.

The Department of Education has offered a fifty per cent grant toward the building, and if the facilities justified expansion of Cranbrook school district to include rural areas, annual departmental grants would also be substantially higher.

Mr. and Mrs. Howard Breeza and the latter's grandmother, Mrs. H. McEwan were Nelson visitors.

Miss Sylvia Brulotte who spent the past three weeks visiting relatives in Yakima, Washington, has returned. She was accompanied home by her cousin, Miss Lucille Thacker who will visit her uncle and aunt, Mr. and Mrs. E. J. Brulotte.

Miss Lois Browne of Nelson visited her home here.

E. Nystrom was a visitor to Nelson.

Mr. and Mrs. Ted Hallbauer of Sheep Creek were visitors in town to meet their son, Bobby, who attends High School in Nelson.

SALMO

SALMO, B.C.—Mr. and Mrs. J. Butcher and son, Maurice were visitors to Windlaw.

Mr. and Mrs. Fred Forch, son and daughter were Salmo visitors.

R. L. Street spent Friday in Nelson.

Mr. and Mrs. Sauter were visitors to Nelson.

Mr. and Mrs. Howard Breeza and the latter's grandmother, Mrs. H. McEwan were Nelson visitors.

Miss Sylvia Brulotte who spent the past three weeks visiting relatives in Yakima, Washington, has returned. She was accompanied home by her cousin, Miss Lucille Thacker who will visit her uncle and aunt, Mr. and Mrs. E. J. Brulotte.

Miss Lois Browne of Nelson visited her home here.

E. Nystrom was a visitor to Nelson.

Mr. and Mrs. Ted Hallbauer of Sheep Creek were visitors in town to meet their son, Bobby, who attends High School in Nelson.

Rosslan Goes on Winter Basis

ROSSLAND, B.C., Nov. 28—With Rossland now going on a Winter basis, the Board of Works had a large number of recommendations for the City Council Monday night.

The request of Cyril Evans that the road to his property be kept open this Winter was referred to the Board of Works for investigation.

LONDON (CP)—In the shipyards of Messrs. John Brown at Clydebank Britain, a 32,000-ton liner is being constructed with prefabricated sections built in various parts of the country. The new ship is being built for the Cunard White Star Line and is the first example of the application of the new and speeded-up method to British passenger liner construction.

Lieutenant Dewdney Visits Kimberley

KIMBERLEY, B.C.—Representatives of various organizations, including the Kimberley Rehabilitation Committee, gathered in the Legion Hall, Nov. 21st, to meet Lieutenant Dewdney of Vancouver, a member of the Naval Veterans Welfare Staff in that city.

He explained his purpose to interview returned naval personnel, and to aid and advise in their re-establishment into civil life, by explaining the various phases of re-establishment now offered to ex-service men and women, such as small holdings under the Veteran Land Act, fishery occupation, small businesses, veterans housing, vocational and university training, credits and so forth. He also considers the trip a fact finding tour. He contacts employers, unions, etc. to urge the public to accept responsibility of re-establishment, particularly naval men. Several ex-service men were afterwards interviewed by the Lieutenant.

While in Kimberley Lieutenant Dewdney was also the guest of the Rotary Club.

The birth rate in Puerto Rico is almost three times the death rate.

Rosslan Social . . .

By MRS. F. G. BRAY

ROSSLAND, B.C., Nov. 28—ERA Harry Donaldson, R.C.N.V.R., left Tuesday for Vancouver, where he will make application for his discharge.

Gnr. Leonard Turner, who recently returned from overseas and has been visiting at the coast, returned to Rossland Monday, and will visit the R.C.N.V.R. building.

The late Arthur Brisbane, a Hearst newspaper editor, gave the 20-year-old Marie Manning, then a Washington society girl, her first newspaper job. He assigned her to answer some letters which had been received by the old New York Journal asking advice on love problems. This led eventually to the widely-known daily column.

Besides her husband, Herman E. Gasch, a real estate man, Mrs. Gasch is survived by two sons.

Saturday morning at 8:30 Msgr. A. K. MacIntyre united in matrimony Mrs. Mary Rossi and George Hull, the ceremony taking place at the Rectory of Sacred Heart Catholic Church, Rossland. Mrs. Rossi was given in marriage by her son, Amadeo Rossi, and Mrs. Frances Beso was matron of honor. The happy couple left for a short honeymoon to be spent in Nelson.

Maple Leaf Temple No. 4, Pythian Sisters held a successful sale of work and afternoon tea Saturday in the Technocracy Hall, under the general convevence of Mrs. J. Woodward, chief Mrs. R. G. Turner, was Convenor of the fancy work table and was assisted by Mrs. A. Hubner and Mrs. H. Murdoch. The tea committee was composed of Mrs. P. G. Palmer, convenor, Mrs. E. Nord and Mrs. C. Therrien, with Mrs. Basil Little in charge of the culinary arrangements. The tea table was covered with a lovely lace cloth and was centred with a crystal bowl of vari-colored baby mums. Mrs. J. Woodward and Mrs. E. Nord presided at the tea urns. The servers were Mrs. L. Grindard, Mrs. J. Kennedy and Mrs. C. Therrien. Mrs. W. J. Evans was cashier. Mrs. E. Swanson and Miss Jennifer Henderson were in charge of the tickets for the pillow case, which were won by Mrs. G. R. Mason, Mrs. J. Bradley and Mrs. J. Gill were in charge of the fish pond. Mrs. F. G. Bray was in charge of the fruit cake draw, Mrs. A. Pollock drawing the ticket held by Mrs. Harvey Lynn. The door prize was won by Mrs. B. W. Little. Over \$200 was turned in to the Mistress of Finance. Mrs. H. Thompson had charge of the boxes of Christmas Cards.

Allan Hutton, who recently returned from overseas returned from Vancouver this week.

Mrs. W. Arrowsmith entertained Dorcas Circle of St. Andrew's United Church Tuesday evening, when routine business was transacted and articles for the Missionary Hospital at Burns Lake were turned in. The members had made toys and bedding for this project. Dainty refreshments were served by the hostess assisted by Mrs. H. Keffler and Mrs. W. F. Lane. Those present were Mrs. E. Secombe, Mrs. H. Hayden, Mrs. W. Cunningham, Mrs. W. F. Lane, Mrs. W. Blackwell, Mrs. M. A. Jensen, Mrs. D. D. Martin, Mrs. J. Roscara, Mrs. F. White, Mrs. H. Keffler and the hostess.

Annual roll call of Maple Leaf Temple No. 4, Pythian Sisters was held Tuesday night, when 22 members answered to their names and eight letters read from absent members. A social hour was spent, with the members of the K of P Lodge and their friends as guests. Whist was enjoyed, with Mrs. B. Little winning the ladies' first prize, and Mrs. J. Gill the consolation, while the prizes for the men were won by R. G. Turner and W. Sanderson. The contest prizes were awarded to Mrs. F. G. Bray and Mrs. E. Swanson, Mrs. J. Gill and Mr. Sanderson and Mrs. W. K. Scatford, consolation. A lovely banquet was served about 9 p.m. The tea table was centred by a lovely decorated cake, with "Maple Leaf Temple No. 4" inscribed.

5 More District Men Returned on Empress

Say Divorce Rate Shows Hasty Marriages Cracking

WINNIPEG, Nov. 29 (CP)—Court officials said today the record number of divorce petitions in Manitoba this year is ample evidence that many hasty war marriages are ending in separation.

So far this year 584 petitions have been filed, 115 more than the record number of 469 last year. Last Tuesday 21 of a record number of 27 cases on one list in Winnipeg were heard. All were uncontested and not one lasted more than 12 minutes.

First County Court Session Held at Trail

TRAIL, B. C., Nov. 29—For the first time in the history of Trail County Court was held in the city instead of in the Court House at Rossland this morning. His Honor, Judge H. W. Colgan of Fernie, County Court judge, presided at the session while local barristers appeared in their black robes for the first time in the city's history. The court was held in the City Hall.

County Court normally sits periodically in Rossland to hear cases arising throughout the Rossland-Trail district. Judge W. A. Nisbet of Nelson is County Court judge for the West Kootenay but during his illness Judge Colgan, East Kootenay County Court judge, has been holding court in both districts.

Routine applications and probates took up the court session this morning.

R. J. Clegg of the law firm, Clegg and Clegg, filed application for adoption on behalf of Mrs. Maria Campana, widow, Rossland. The child, David Joseph Remigia, has been in Mrs. Campana's custody since 1941. Application was approved, and the child will be known in future as Luigi Campana.

Application for release and discharge of W. T. Wickham, formerly of Robson, as executor for the estate of the late Peter Soukoff was presented by Mr. Clegg. Mr. Wickham has been released following a change in residence from Robson to Vancouver. Soukoff, a resident of Trail, died Jan. 29, 1939, and the estate will be administered by the Attorney General's office.

In the estate of the late Charlotte Armstrong, Mr. Clegg applied for the release, and remuneration of John A. McLeod of Rossland as executor. The executors accounts were paid. No new executor was named.

Mr. Clegg presented application for letters probate in the estate of Frank Naccarato, late of Rossland, who died on Oct. 25.

Executor is Pasquale Cozzetti of Trail.

Letters probate were also applied for by the lawyer in the estate of the late James Monaghan of Rossland who died Sept. 30. Sole executor in the deceased man's mother, Gladys Eileen Monaghan of Rossland.

One application for Canadian citizenship was approved by the judge. The applicant, Gennaro Faddi, Rossland, 24 years of age, was born in Italy but has lived in Canada for 18 years. He is a machinist for the C. M. & S.

Even Cows Won't Object to Rubber Mattresses

INDIANAPOLIS, Nov. 28 (AP)—The happy day when even cows can get a good night's sleep on sponge-rubber mattresses was foreseen today by E. B. Newton, director of technical service of the Goodrich Research Laboratories. He predicted in an address that the relief the manger mattresses would give to tired bovine bones would be reflected in increased milk production.

LONDON (CP)—Refugee diamond workers, some of whom have decided to stay here, have presented a diamond worth £800 (\$3600) to the Lord Mayor's state regalia.

CAMP SHILO, Man., Nov. 29 (CP)—Latest scientific fashions in winter clothing will be worn by the men participating in the Canadian Army's "Operation Muskox" as they travel across Canada's Northland in their 81-day, 3100-mile trek.

One of the principal pieces of clothing that will be worn is the "vest string," a net material designed for body-heat control. It was devised by the Norwegians and per-

• D. Taylor of Sunshine Bay visited town yesterday.

• Mrs. Leslie Crawford of Robson spent yesterday in Nelson.

• G. K. Sutherland of Kaslo was among shoppers in the city yesterday.

Veterans Want More Speed in Getting Brides Home

VANCOUVER, Nov. 29 (CP)—Officials of the New Veterans Branch of the Canadian Legion here announced today that servicemen whose wives are still in Europe will come from all parts of British Columbia to a mass meeting here Sunday to map a campaign designed to speed transportation home of their brides.

Officials said the meeting was organized after veterans' wives in English seaports reported three vessels left Liverpool for Canada recently with empty cabin space capable of accommodating 267 persons.

Officials said the meeting was organized after veterans' wives in English seaports reported three vessels left Liverpool for Canada recently with empty cabin space capable of accommodating 267 persons.

The following officers were elected for the 1946 season:

President, Mrs. G. Spilker; First Vice-President, Mrs. T. Nora; Second Vice-President, Mrs. George Bishop; Secretary-Treasurer, Mrs. George Nixon, Jr.

Classification Committee: Mrs. R. Donaldson, Mrs. R. Stephens and Mrs. R. C. Rose.

Buying Committee: Mrs. R. Donaldson and Mrs. W. Hicks.

Ice Committee: Mrs. R. Donaldson and Mrs. E. Lyndrup.

The members are in hopes of having ice soon and to start playing.

Doctors Baffled by Rare and Nameless Disease

'ALBANY, N.Y., Nov. 28 (AP)—Doctors expressed bafflement today over a rare and nameless disease which, they said, is slowly dissolving the bones of 17-year-old Herman Northrup of nearby Ravena.

Northrup unaware his physician regards his case as hopeless, lies in hospital and looks to the day when he can drive a car and go hunting in the hills, his mother said.

One physician said Northrup's disease is "extremely rare and unusual—so much so that we have no name for it, much less know just what causes it."

The boy's chest and neck bones, doctors said, are "being absorbed without being replaced." Healthy bones build up and absorb all the time, but this is something new."

Northrup's physician explained that the upper part of the youth's right chest collapsed after the supporting collar bone and top ribs had dissolved. The right arm is attached to the body only by flesh.

The boy's chest and neck bones, doctors said, are "being absorbed without being replaced." Healthy bones build up and absorb all the time, but this is something new."

Senior Hockey Again in Kootenay

In pre-war years Kootenay produced some of the best and fastest amateur and semi-professional hockey in Canada. Proof of the excellence of the game that was played in this part of British Columbia was in the Canada-wide fame that was won by Smoke Eaters and Dynamiters. The Kimberley and Trail teams climbed to the top, and Nelson which one year went into the Western playdowns, was close enough to them in the league to give the spectators plenty of excitement and suspense.

We are now on the eve of the revival of the Kootenay Hockey League. The first post-war game takes place Saturday.

What team will win the 1945-46 series is in the laps of the gods, and it does not really much matter. That each team will battle hard for victory is sure. To the spectators the game is the important thing. If good hockey is played, and the calibre of the teams suggests that it will be good, the spectators whose attendance will provide the finances for the league will get plenty of value for their money.

Sometimes a home team will win, sometimes it will lose. Spectators will enjoy a well fought game in a spirit of good sportsmanship that gets pleasure out of the game itself, irrespective of victory.

It is good to see first class hockey again under way in Kootenay. "The fastest game in the world" is one of Kootenay's major Winter entertainments.

Delayed Consideration for the Extradition Treaty

Hon. R. L. Maitland, British Columbia's Attorney-General, did well to urge upon the House of Commons Committee on External Affairs that the proposed Canada-United States extradition treaty be submitted to the Attorneys-General of the nine Provinces for their consideration.

As Mr. Maitland pointed out, the treaty gets away from the sound principle that an extraditable offence must be an offence in both countries concerned. The proposed treaty, as he says, is a radical departure from practice and principle that have ruled for a century or more in such treaties.

Prime Minister Mackenzie King evidently recognizes the force of the arguments which have been advanced against ratification of this treaty, as he has announced that the original intention of dealing with it at this year's session of Parliament has been abandoned. The treaty was signed several years ago by the diplomatic representatives of Canada and the United States, and ratified without much discussion by Congress, but its bad new features have caused ratification to be delayed in Canada.

Probably, if the matter is again brought before Congress, there will be as great a desire to remodel the draft as exists in Canada. The principles in the treaty, and the long added list of comparatively minor offences, make the treaty as bad from an American as from a Canadian viewpoint.

Hooliganism

The young rowdy and hooligan appears with startling frequency in the news from all quarters, abroad and at home—in the defeated countries as would be expected, but in the others as well.

In Moscow the commissariat of justice has decreed a drive to round up, exile and "deprive of freedom" chronic offenders among young gangs who roam the land disturbing the peace and destroying property.

Rioting in Honolulu involves servicemen and a hoodlum settlement near a Navy station.

London has a longer list of unsolved major crimes on its hands than at any time in memory.

In Boston a school committee man, striving to reason with high school

"strikers" was bounced around by a young mob.

The condition is not at all peculiar to the city slum. In the toniest suburbs a spirit of violence is in the air.

The backwash of war presses hard on the young, and particularly on the adolescent boy, passing through a phase which in the best of times is morally precarious. Too immature to be reflective, the destruction incident to a great war for a cause is, to him, hardly distinguishable now from vandalism for its own sake. And, though youth is thoroughly decent in the main, the delinquent among them can be moral typhoid carriers.

The tendency in later education to discount the authority of the elder in the interest of cultivating self-realization in youth is ill-adapted to the time we enter. Teachers who have lost the habit of command and parents who abdicate the older parental authority are ill-fitted for the roles this day demands. Somewhere along the line, lessons in citizenship were neglected or so weakly presented as to leave no impression.

The lifting of wartime controls, with a consequent loosening of restraints generally, is not entirely the answer. It had been on the way before war broke. We had begun to forget that building character is more than a matter of giving the personality free play. It is a process of precept and example and of wise authority, firmly and consistently exercised.

The place for this last is in the home, the school and church—not in police stations or courts, nor yet in newspapers.

Press Comment

ALBERTA'S CREDIT BOARS

Premier Manning of Alberta declares that Eastern investment interest in his Province is at an all time high. Financial and industrial circles in New York, especially, are reported attracted by the economic opportunities now presented for investment.

For this drastic change from only a few months ago, the Provincial Government's final settlement with its shareholders, is undoubtedly responsible. As the Edmonton Journal points out:

"The restoration of Alberta's credit undoubtedly is a major factor in again arousing the interest of those with money to invest in private enterprise in this Province."

It is to be hoped that Mr. Manning's optimistic number in the neighboring Province to the East takes heed of this development. Saskatchewan, too, has substantial undeveloped resources, the ultimate development of which will depend largely on outside capital—Financial Post.

A Hollywood secret marriage comes to light, and with it a strange relationship. As far as we can make out, Charley McCarthy now has a stepmother—Detroit News.

Looking Backward

10 YEARS AGO

(From Daily News, November 30, 1935)

Hon. Wells Gray, Minister of Municipal Affairs, of Victoria, opened Nelson's new Civic Centre yesterday when skating and curling officially began on the completed rinks. Among the many prominent people present at the ceremony were S. G. Blaylock and Frank Putnam, M.P.P., Nelson-Creston Riding. Much work has yet to be done on the auditorium, badminton courts, and gymnasium. A masquerade carnival took place during which much fine skating was exhibited by visiting professionals, including the Simpson Sisters of Banff, and well-known Nelson performers.

25 YEARS AGO

(From Daily News, November 30, 1920)

R. H. Ewart has left for San Francisco, where he will join Miss Ewart, and together they will sail for Honolulu. On their return from the Hawaiian Islands they will make their home in California.

40 YEARS AGO

(From Daily News, November 30, 1905)

A closely contested game of basketball was played in the Armory last night between teams representing the Rangers and the High School. The game finished 7-0 in favor of the High School.

Today's Horoscope

Humor, a vigorous, fund-raising nature, deep feelings and enthusiasm for doing everything well are the keynotes to your character. Your sound judgment induces others to confide in you. A serene married life is indicated. You should end the cycle of the past month on the note that you have accomplished much and look forward to tomorrow with the joy that comes when you meet a new friend. Finish all the business of the present month tonight. Begin December with a clean slate.

Mrs. A. G. Kinnaird—I read an article in your paper stating that photographs are being taken of the graves of the fighting men West of the Seine River. We were notified that my brother with the R.C.A.F. was buried at Dachauhausen, Germany. Would it be possible to get a picture and where could I get this information?

For full details on your question we would advise you to write to the Canadian War Graves Commission, Ottawa.

Reader, Creston — If a house is sold can the tenant be put out? (2) Can the rent be raised?

Answers: (1) No, the tenant can not be put out, providing he is paying his rent and obeying regulations. (2) The rent cannot be raised.

Wondering, Rossland—Would you please tell me what is the meaning of "Technocracy"? Are they just another leftist party?

The movement known as Technocracy originated in the United States in 1932, states the Encyclopedia Britannica. It sought to give expression to a group of principles which for many years had found place in the writings of a few engineers, economists and students of science. Its basic principles are: (a) Social phenomena are measurable and the laws of social control may be derived from these measurements. (b) The application of the machine to the production of goods and services has made it impossible to measure the value of the goods produced in terms of any single commodity (gold, for example) and thus the engineer had destroyed the price system. (c) The expansion of credit, sometimes termed the creation of debt, under the capitalistic system has disturbed the relative claims of capital and labor to the goods produced to such an extent that the capitalistic system has already collapsed. (d) The economics of the social order are too complicated to be understood and controlled by politicians. Control should be placed in the hands of engineers and scientists.

Gerhard Gesell, Committee Counsel, put into the record of the Senate-House Committee investigating the attack a dispatch sent to the attaches Dec. 4 by Admiral Harold R. Stark, then Chief of Naval Operations. Admiral Husband E. Kimmel, Commander in Chief of the Pacific Fleet at the time, was marked in for a copy.

The message instructed the attaches to "destroy this system" at their discretion and to report on their actions by replying with the

"NOT PREPARED TO MAKE STATEMENT ON POST-WAR WORKS BY HIS DEPT."

OTTAWA, Nov. 29 (CP)—Works Minister Fournier said today in the Commons that he was not prepared to make a statement on post-war works by his Department.

He was replying to A. M. Nicholson (C.C.F.-MacKenzie) when study of the estimates of the Public Works Department was started. Mr. Fournier said the estimates were really prepared for a war year and did not deal with post-war projects. In the next fiscal year the Department would need increased estimates to carry out such projects.

GOVT. BUILDINGS IN REPAIR NEED

Government buildings across the country were in need of repairs, because only essential repairs had been made during the war years. New buildings were needed at many points by various Government Departments.

Engineers of the Works Department now were making surveys on the work to be done. It was the Government's intention to put Public Works Buildings into good repairable condition.

John Diefenbaker (P.C.—Lake Centre) said he thought now that the war was over the Opposition was

entitled to a statement from the Minister on post-war Public Works. This was important because of the need for providing employment in the reconversion period.

Mr. Fournier said that all he could say at the moment was that the Government intended to keep existing Public Works in a better state of repair than during the war.

Mr. Diefenbaker said he could not accept the Minister's explanation. Men were returning from overseas and they wanted work now, not after next March 31, the end of the current fiscal year. This was especially true in his home Province of Saskatchewan, where unemployment would be particularly bad because of the lack of industries.

It was up to the Minister to give the House a statement on his Department's plans, Province by Province. Government men were making surveys of projects every day and yet Parliament could not learn what was in those surveys.

Mr. Fournier said he agreed with Mr. Diefenbaker to an extent and all such projects were kept in mind. However, the estimate for his Department was only \$16,000,000 and the welfare of Canada did not depend entirely on Public Works.

Minesweeping Authority...

Estimates Shipping 100 Per Cent Safe Anywhere in Two Years

By GORDON McKEAN
Canadian Press Staff Writer

LONDON, Nov. 29 (CP) — Less than two years from now ships will be able to sail anywhere without undue risk of mines, says an Admiralty minesweeping officer.

An October storm drove 138 mines—enemy and British—onto England's beaches and published reports declared 20 years might pass before danger to shipping ended. The Admiralty is more optimistic.

1947 ALL WILL BE CLEAR

"By the Summer of 1947 I think the seasways of the world will be considered reasonably clear of mines," the expert said, as he looked into navy files to find the statistics behind the minesweepers' war record—the story of 1464 little ships, 73 of them Canadian, and their 4205 officers and 52,850 men.

From the start of the war to the end of October, minesweepers cleared 23,543 mines, 21,788 of them laid by the enemy. Months of work are ahead to remove what remains of the 206,969 mines laid by the Royal Navy and Dominions and Allied fleets operating with the Royal Navy.

In addition, the R.A.F., Dominions and Allied Air Forces laid 53,552 mines. How many the enemy laid is not known.

300 BARGES OFFERED BY WAR ASSETS

MONTREAL, Nov. 28—Designed to carry supplies from ship to shore following an invasion, about 300 Minas Barges no longer required for that purpose are now offered for sale by tender through War Assets Corporation. The Minas have unusual features, being constructed of wood in six section to allow for convenient transport to the waters where they were to be employed.

An Army Board which investigated the disaster noted that a Dec. 7, 1941, alert order which Marshall telephoned to Gen. MacArthur in the Philippines was sent by Commanders in chief of naval and army commands in Hawaii. It was delivered three hours after the Japanese attacked.

They are flat-bottomed and of light draught even when laden so that they can be used in shallow waters.

The barges have no power of their own but are so constructed that they may be propelled by a gasoline or Diesel outboard motor.

It has been suggested that while originally designed for light freighters, these barges can be used for freighting on rivers and other inland waters.

YARMOUTH, England (CP) — Scottish herring boats have brought in catches worth £1000 (\$4500) a boat. Several crews have brought in more than 200,000 fish during one week's fishing.

"In home and Mediterranean waters we are sweeping 300 miles a week," the minesweeping officer said. "This may seem low, but every field must be swept thoroughly."

"I wish you would emphasize this: British mines which break from their moorings are designed to become safe and the safety mechanism works except in very exceptional cases. German mines are not as carefully designed and marine growth frequently nullifies the safety mechanism."

SENT HOME TO DIE

Two years ago, RCAF doctors and prominent medical men in Canada and the United States sent the well-known Calgary athlete home to die. His spine had been broken when his Spitfire plane crashed on an English beach following an operation over France. He was completely paralysed from the neck down and he was given little hope of recovery.

Today Bob is on the road to normal health. After being flat on his back for 21 months, he can now sit in a wheelchair, can manipulate his arms, and can move the upper part of his body. With time and perseverance, he hopes to regain normal health.

He was injured Dec. 20, 1943, when his engines failed while returning from an operation over France. Earlier in the day, he was credited with damaging a German Focke-Wulf 190 during a sweep over enemy occupied territory.

Bob gives credit to the continued loyalty of Calgary friends, the encouragement of Canadians in general, the work of his doctors, and the care given him by Marie for his progress to date.

On the other hand, France is willing to accept a comprehensive and prudent policy which would leave German officials in the lower brackets of public office to carry out Allied orders. The present partitioning of Germany presents anomalies which must be suppressed. For example, Russia closed all banks in her zone of occupation, whereas in all three zones, banks remained open. A unified system of occupation is imperative, but it may not be envisaged save under the absolute and permanent control of the Allies. Any weakening on this point, any ill-timed concessions, can only jeopardize the advantages which the Allies gained by their victory and shake the foundations of peace, even before it has been built.

Alex Allan
Clerk of Court
at Queen's

KINGSTON, Ont., Nov. 28—Alex Allan, 708 Hoover Street, Nelson, B.C., who is an Arts student at Queen's University, was recently appointed clerk of the court maintained by undergraduates of the Arts faculty. There are a 1000 veterans included in this year's record registration of 2300 in all faculties.

Trail Pays Final Tribute to H. F. Tiedje

TRAIL, B.C., Nov. 29—"A builder in the true sense, not only of many concrete memorials to his memory but of friendships and family," was the tribute paid the late Henry F. Tiedje by Rev. J. H. A. Warr at funeral services for the former C.M. & S. Co., superintendent of construction and maintenance held in Knox United Church Tuesday.

Mr. Tiedje, Consolidated's construction head for the past 20 years, died suddenly Saturday night after being taken ill at his office during the morning. He is survived by his wife and one daughter, Marian, in Trail; a son, John, at Sarnia and another daughter, Patricia, attending University in Vancouver. All three children were in Trail for the funeral yesterday.

Knox Church was filled to capacity for the services while floral tributes banked the altar and front of the church. Members of the C.M. & S. men's choir formed the choir for the services, while pallbearers were old friends and long-time fellow employees.

HONORARY PALLBEARERS were: W. S. Kirkpatrick, R. R. McNaughton, W. P. Dunbar, A. D. Turnbull, J. H. Salter, E. A. G. Colls, R. W. Diamond, Tony Lauriente, Dominic DaIloise, M. O'Brien of Vancouver and Dr. W. Leonard.

ACTIVE PALLBEARERS were: F. S. Willis, E. M. Stiles, A. J. McDonald, Herbert Clark, H. J. Palmer and W. A. Curran.

OWNERS, TRAINERS SUSPENDED

BALTIMORE, Nov. 29 (AP)—The owners and trainers of five stables were banned in Maryland by the State Racing Commission today, pending a hearing on commission charges that five horses were stabled at Pimlico.

Four of the horses named won Nov. 19, the other finishing fifth Nov. 17. The action, believed to be the most drastic in United States turf history, brought to eight the suspensions in Maryland's Fall racing season which ends tomorrow.

Two of the State's most prominent stables, those of W. L. Brann and S. W. Labrot, Pr., were affected today.

George P. Mahoney, Commission Chairman, said six of the season's suspensions followed a secret change in chemists employed to test saliva samples.

One Only, owned by E. D. Tallbert, Washington, and trained by R. F. Curran, was the only horse named which did not win. The other horses and owners and trainers are Pilate's Dream, owned and trained by V. S. McClintoc of Winchester, Va.; New Challenge, owned by Brann, trained by E. A. Christmas; Shako, owned by Labrot, trained by C. Sutphin, and Bully Gushee, owned by F. W. Page and trained by C. O. Ferguson.

Snowy Gridiron In Prospect for East-West Final

TORONTO, Nov. 29 (CP)—The definite prospect of a snow-covered anything-can-happen gridiron for Saturday's East-West classic put the outcome of the duel between Winnipeg Blue Bombers and the Toronto Argonauts back in the speculation stage today after experts and betting men had conceded pretty generally that the Eastern team would win in a walk.

The Bombers, who breezed into the city yesterday, have had two workouts. They are a husky looking club and impressed Toronto observers particularly with their great team spirit.

But the impression made by the Bombers hasn't been great enough to shift the betting odds back in their favor. Argos started off as eight-to-five choices and then went to four-to-one. Western supporters are demanding the short end of five-to-one odds. Whether this represents lack of confidence in their club or just a wily Western effort to trap unwary Eastern money is an open question.

Meanwhile, Coach Ted Morris of the Argonauts is driving his talented team as hard as if they were facing the best team in the West's history.

Meanwhile, Coach Ted Morris of the Argonauts is driving his talented team as hard as if they were facing the best team in the West's history.

STRIKES and SPARES

In spite of the high handicaps now built up against them, Aces stepped off in front as the Nelson senior boys' five pinners started a new handicap tournament on Gelinas alleys Tuesday night.

With Ollie Patterson showing the way with a pair of better-than-200 scores, Aces piled up 1630 pins in their match, as compared to 1507 for High 'n' Dry, the closest team, which was also playing with the benefit of a 214 spot.

The tournament is being run on a total pins basis, the team finishing the schedule with the most pins becoming the champion.

GEORGE WEIR
RESIGNS

VANCOUVER, Nov. 29 (CP) — Resignation of George M. Weir as head of the Department of Education at the University of B.C. has been approved by the board of governors.

No action has been taken by the board on naming a successor to Dr. Weir, who has assumed the post of Provincial Minister of Education, but it is understood unofficially at the university that Maxwell Cameron will be given the position.

Dr. Cameron, author of the provincial report on education, has been acting head of the department for some years.

Johnson and Stewart Given Jail Sentences on Warehouse Charges

TRAIL, B.C., Nov. 29 — Wesley Arthur Johnson was sentenced to 18 months hard labor on a charge of retaining stolen property and Harold Wesley Stewart was sentenced to eight months hard labor for breaking, entering and theft when the men pleaded guilty in County Court here this morning before Judge H. W. Colgan of Fernie. Judge Colgan held court in the City Police Court this morning for the first time that County Court has been held in the city. It normally sits in Rossland.

Both Johnson and Stewart were committed for trial Wednesday at a preliminary hearing before Stipendiary Magistrate W. A. Porteous. A charge of breaking, entering and theft against Johnson was dropped by the crown.

The charges arose out of theft from McCarthy's warehouse in An-

nable between June 1 and July 15 this year when goods valued at up to \$5,000 were found missing.

C. H. Clegg of Rossland appeared for the crown in both cases while the accused conducted their own defense in both cases. Johnson's sentence was to start after he had completed a jail term he was serving at the time he was brought to Trail on this charge.

Commenting on Johnson's record the judge said it was "awfully bad." Johnson had had 21 previous convictions, 11 of them when he was a juvenile. There had not been a year since 1930, the judge said, when Johnson had not been in court at least once. Johnson is 25 years of age.

In his own defense Johnson said that because of his record he felt he couldn't steal goods over to the police. Stewart told of working in Trail and Powell River, where he was apprehended, and said that the thief had preyed on his mind. He knew, he said, he would have to answer for it eventually.

Both cases came up before Judge Colgan after the men had elected speedy trial. They had a choice of immediate hearing before his honor or trial by jury at the Spring Assizes.

Scabies or itch is a skin disease caused by an animal parasite which burrows under the epidermis of any part of the body.
