# U.S. Forces Agree On Merger Under A Defence Council

WASHINGTON, Jan. 16 (AP) — President Truman announced tonight that the Secretaries of War and Navy have reached a "full and complete agreement on the merger of the armed forces."

The White House announcement was made after receipt of a joint letter from War Secretary Patterson and Navy Secretary Forrestal. They offeed to support Legislation setting up a Council of National Defence.

Under the plan, which Mr. Truman said would have his hearty support, the armed forces would be organized under a Secretary of National Defence, "so as to place the Army, the Navy (to include the Marine Corps and Naval Aviation), and the Air Force, each under a military chief, under the Departments of the Army, the Navy, and the Air Force respectively."

Each would be under a secretary, and under the overall direction o fthe Secretary of National Defence, "shall be administered as an individual unit."

Under the agreement the Secretary of any of the three departments would be able, at any time, to present to the President any report or recommendation relating to his department which he may desire, provided he first informed the Secretary of National Defence.

## Baby Strong Man

He stands in the air with the greatest of ease does little six-month-old Ronnie Udkoff, shown standing on the hand of his dad at their home in Chicago, Ill. This part of baby's routine started two months ago, and he seems to be having the time of his life.

## MOTHER OF 12 OFFERS TO SELL EYE TO HIGHEST BIDDER TO FEED FAMILY

EDINBORO, Pa., Jan. 16 (AP) —Mrs. Marie Didion, impoverished 51-year-old mother of 12 children, hopefully offered today to sell one of her eyes "to the highest bidder" so she could give her youngsters "proper food and a good home."

To complete the bargain, said Mrs. Didion, she would give the "buyer" her other eye at her death, "in return for future security."

She explained she is concerned over her younger children, four of whom are between seven and 15. The others are grown, but since they also have large families they were unable to assist her.

Mrs. Didion's husband, William, a carpenter, suffers from asthma and bronchitis and cannot work steadily. She said her only other income is an allotment from a son in the navy, following a recent operation.

WANTS CHILDREN TO AMOUNT TO SOMETHING

"There is nothing else for me to do," she said determinedly. "I want to keep my children with me. I want them to amount to something, to have good, normal lives.

"I want my girls to go on with their studies. One girl wants to be a nurse and another a newspaper reporter. I can't even give them the kind of clothing they need.

"I would like to sell my eye to someone who would give us a small farm somewhere, with perhaps cows an dsome farm machinery so we could earn our own living."

Mrs. Didion doesn't regret having a big family.

"When you marry young (she was 17), your fortune is in your family," she said. "What I do regret is that my children have had to do without so much."

## BLOCK ARNALL FROM ENTRY INTO OFFICE

### Talmadge Claims Complete Charge of Executive Offices

### MAKES STATEMENT

ATLANTA, Jan. 16 (AP)—Herman Talmage commandeered the office of Ellis Arnall today to bolster his claims for the Governorship of Georgia and a spokesman sail Arnall would not be permitted "to enter".

Later Arnall's entry to the office was blocked by Benton Odom, Secretary to Talmage. Arnall set up temporary offices in the rotunda of the State Capitol building and at the downtown Candler building. Earlier a Talmadge spokesman indicated Arnall would be carried out *bodily if he appeared* at the executive offices where the two claimants shared facilities yesterday.

Young Talmadge, elected by the Legislature after his father, Eugene Talmadge, died 23 days before inauguration, said "as Governor of Georgia I have taken complete *charge of the executive offices* at the State Capitol."

As Arnall arrived in the anteroom which opens into his executive offices at the Capitol, he was met by Odum and during a brief exchange of words at the door Arnall continued to pound upon it de*manding admittance.*

From within the room guards stationed at the door refused to open and called repeatedly for "Colonel." Finally the door was opened and Arnall forced his way in.

Arnall strode across the floor to a door leading into the executive's *private office where he was met* by an aide of Talmadge who told him to have a seat when he said he desired to see Talmadge.

In a blunt question directed at Odum, Arnall said dramatically:

"Are you denying me the right to enter my office?"

Odum insisted each time that he was not denying Arnall entrance to "your office" but that he would not permit him "to enter the office of Mr. Talmadge who is now the legal Governor of the State of Georgia."

After continued futile demands to gain entrance, Arnall turned to the room which was crowded with photographers, newspapermen and Talmadge supporters and said:

"Gentlemen of the press, it is quite obvious that I am denied access to my office. It is quite obvious that Mr. Talmadge is afraid to see me face to face.

"Last night a perfect panzer movement was executed which resulted in the removal of the locks from these doors by a military force from the Talmadge organization . . . a suit has been instituted in the courts of Georgia to sustain my position . . .

"I hereby place on order all department heads . . . and notify them that henceforth they act at their peril unless expressly under direction from Ellis Arnall."

Arnall said the Attorney General had ruled that he should remain in office until his successor is duly qualified and ready to assume office. Arnall repeatedly referred to Talmadge as "that pretender," and added that "I propose to continue to act as Governor of Georgia until Lieutenant Governor M. E. Thompson is sworn in and can take over."

"The issues now involved transcent personalities and involve themselves into the question of whether the people of Georgia shall rule and democracy prevail or whether the state will give way to rule by force and barbarism."

Talmadge in taking over the office said it would be "ridiculous to have two Governors *sitting* in the Capitol" and said flatly there "would be but one."

Later when Arnall went to the executive mansion for lunch, he was met by four State Patrolmen, who blocked his entry.

"This completes, it seems to me, *the capture of the State Government* as far as physical properties are concerned," Arnall told newspapermen who accompanied him to the mansion.

"It has been done by gradual military infiltration, so that at the moment storm troopers are in control . . . You have seen a military coup d'etat seize the Government's mansion, private office and automobile."

Shortly after Arnall made his statement and left the mansion, the troopers admitted Mrs. Herman Talmadge and her two children to the residence.

Talmadge took over Arnall's inner office promptly at 9 a.m. after aides had ordered the locks changed during the night. Uniformed State Police stood at the entrance of the private office and only news photographers and close political friends were allowed to enter.

Attorney General Eugene Cook yesterday filed a petition with Fulton Superior Court Judge Walter C Hendrix asking for a declaratory judgment to settle the governorship.

# Yugoslavia Demands Slice of Austria

### Foreign Ministers Preparing Place Petition Before Deputy Recommendations for Treaties

LONDON, Jan. 16 (AP)—Yugoslavia submitted demands today to the Big Four Deputy Foreign Ministers for 1000 square miles of Austrian territory, including Klagenfurt and Villach which rank eighth and ninth in population among Austrian cities of Austria.

The deputies, who will draw up recommendations for the treaties with Germany and Austria to be submitted to the Foreign Ministers Council in Moscow in March, agreed to invite Austria to make suggestions on the treaty which will re-establish that country *as an independent nation.*

It was a foregone conclusion that Austria would oppose the Yugoslav request presented in a memorandum. The Austrians claim that the region, predominantly agricultural, is vital to the future of their country.

WOULD LIMIT SMALL POWERS

Soviet Deputy Feodor T. Gousev refused to agree to an Australian proposal to give the smaller Allied powers the right to sit at the conference with full negotiating powers. It appeared they will be able to present their views, but not to participate in the conference either as negotiators or listeners.

(In Ottawa, it was announced that Canada has lodged a strongly-worded protest against the type of invitation it received to participate in the drafting of the German and Austrian peace treaties. It was protested that the invitation meant that Canada's contribution would be limited to a written statement supplemented by oral comment.)

Yugoslavia's demand for Austrian territory were submitted while the deputies were arguing over the Australian proposal. In addition to the territory the Yugoslavs asked autonomy for an "island" of 70,000 Croats living in Burgenland, Eastern Austria, near the Hungarian frontier, or else the exchange of the Croats for Austrians in Yugoslavia.

## AURIOL ELECTED PRESIDENT OF FRANCE

### Sentiment Grows For Forming of Coalition Cabinet

### BLUM RESIGNS

PARIS, Jan. 26 (AP) — Vincent Auriol was elected President of France today.

The veteran Socialist leader was elected President of the Fourth French Republic at Versailles Palace when an unofficial count gave him 452 votes with 242 going to the Mouvement Republican Populaire candidate, Auguste Champetier de Ribes. Jules Gasser of the Radical Socialists won 122 votes and Michel Clemenceau, son of the old Tiger of France, representing the P.R.L., 60.

The Communists did not advance a candidate, but supported Auriol.

It was the second honor in two days for Auriol, 62, long known as a peacemaker in French politics. He was chosen Tuesday as President of the National Assembly.

The Left and Centre applauded when Jacques Duclos, Vice Presi*dent of the Assembly, announced the* choice of Auriol as the first popularly-chosen and regularly-elected President of France since 1940.

Auriol's first task was to accept the resignation of Premier Leon Blum, interim President for a month and long Auriol's colleague in the Socialist Party.

Sentiment was reported growing to form a Coalition Cabinet. Blum's chances of being elected Premier were believed strengthened by his agreement with Prime Minister Attlee to negotiate an Anglo-French alliance to forestall German aggression.

## McGEER PLEDGES CRIME CLEAN-UP; SHAKE-UP LIKELY

### To Call on Chief for Explanation Why Orders Not Obeyed

### TO HOSPITAL

VANCOUVER, Jan. 16 (CP) — Mayor G. G. McGeer today promised "a greater improvement" in Vancouver's crime situation as a *Police Department* "shakeup" appeared imminent.

Mayor McGeer returned from Victoria, where he conferred with Attorney-General Wismer, to find that his orders to the Criminal Investigation Bureau, had not been carried out by Police Chief A. G. *McNeil. The Chief had deferred* making changes until the next meeting of the Police Commission.

It was indicated today the Mayor will ask the Chief for an explanation and will not call a meeting of the commission.

"I thought the changes would *have been made," commented* Mr. McGeer.

"We have a good police force. I understand there has been an improvement in the crime situation . . . there will be still greater improvement."

GAMBLING IS TARGET

In his election campaign last month, Mr. McGeer promised an all-out drive against crime, especially gambling.

Several officers, now serving on vice squads, may face transfer to uniform constables' beats if reorganization plans are carried out, it was reported.

Mayor McGeer will enter hospital for a check-up tomorrow night and until his return to office next week the status quo is expected to be maintained in the Police Department.

## Taxation Talks Aimed at All Provinces

OTTAWA, Jan. 16 (CP)—Current Dominion-Provincial taxation discussions are aimed not only at satisfying New Brunswick, Saskatchewan and Manitoba, but also any other Province which may later enter into tax negotiations with Federal authorities, it was learned today.

A source in close touch with the discussions said that the objective of agreements with all nine Provinces now was being kept in mind in efforts to equalize the $15 per capita subsidies offered New Brunswick, Saskatchewan and Manitoba with the $21 per capita subsidies offered British Columbia and Prince Edward Island.

The source said an equalization formula was under study now, but that details of it likely would not be disclosed until the termination of current talks, possibly Friday.

Premier Douglas of Saskatchewan left for Regina yesterday and placed Hon. Clarence Fines, his Provincial Treasurer, in charge of further discussions. However, it was stressed that there was nothing "sinister" in Mr. Douglas' move. The Saskatchewan Legislature opens in two weeks' time, and he had to return to take up work connected with it.

## VET MAY BE NEW CROWN WITNESS IN DICK CASE

HAMILTON, Jan. 16 (CP)—Reports circulated tonight that a new Crown witness in the John Dick torso-murder case will be a young Hamilton war veteran who was working on a farm within 200 yards of the spot where the Hamilton streetcar driver was slain last March.

Nothing official has been revealed *of the new witness but it was un*derstood that he is Frank Boehler, 24-year-old Canadian Army veteran, and the Crown was believed to consider his testimony the most important since the torso case first broke.

## No Price Cut for Canadian Fords

WINDSOR, Ont., Jan. 16 (CP)—No immediate reduction in the price of Canadian-built Ford cars is contemplated by the Ford Motor Company of Canada, Ltd., Vice-President Rhys M. Sale said today. He added that the "economic circumstances" which led to price decreases in the United States were not duplicated in Canada.

## OKAY FARMERS STRIKE WHEN WARRANTED

CALGARY, Jan. 16 (CP) — By what the chairman called an "overwhelming' 'vote and by what appeared to be a majority of about three or four to one, delegates to the United Farmers of Alberta convention voted today in favor of nondelivery strike action under certain conditions.

The motion read: "Whereas we recognize the right of Canadian farmers to hold their produce from the market if and when circumstances warrant such action, be it resolved that no direct strike action be taken unless a vote of the entire membership of the U.F.A. is favorable by a three-quarters majority, and be it further resolved that no step be taken towards strike action until after full consultation with the Canadian Federation of Agriculture."

Most outspoken opponent of the resolution was Mrs. Winnifred Ross of Millet, Past President of the U.F.W.A. "Most other speakers have said 'I am not in favor of strike action but . . .'," she said. "I am *opposed to strike action. Labor and* everyone else has got to find a better way of expressing themselves than causing all the destruction that goes with strikes. Ernest Bevin has said food is the only basis of permanent peace, and I am sure we women all want permanent peace."

## Liquor Amendments May Provide Cocktail Bars for Coast

VANCOUVER, Jan. 16 (CP) — The Vancouver Province in a newspage story today said "amendments to the Liquor Act now being framed for the coming session of (British Columbia) Legislature" will include provisions for a limited number of cocktail bars in Vancouver and Victoria, B.C.

"Officials make it clear that the amendments have not yet been approved but there is now some certainty as to their general tenor."

SILVER PRICE LOWER

NEW YORK, Jan. 16 (AP)— The official price of foreign silver was lowered 1¾ cents an ounce to 78¾, Handy & Harman, Bullion dealers, announced today. This marks the third cut this week.

## REDRAFT OF FINANCE PLAN COMPLETE TODAY

### N.S. Premier in Capital, but Plans No Part in Talks

### BEFORE CABINET?

By D'ARCY O'DONNELL
Canadian Press Staff Writer

OTTAWA, Jan. 16 (CP) — The long process of redrafting taxation agreements with New Brunswick, Saskatchewan and Manitoba continued in camera today amid indications that the work will be completed by tomorrow.

While the redrafting continued, Finance Minister Abbott took time out from *the discussions to outline* to Premier Macdonald of Nova Scotia the new offers made to equate the subsidies offered various provinces which have already negotiated agreements.

Mr. Macdonald later told The Canadian Press he would not be sit*ting in on the current discussions.* He wanted time to think over the new offers and to discuss them with his Government.

On the decision reached in the discussions with the Cabinet would hinge the next move in his taxation negotiations with the Dominion.

BEFORE CABINET

REGINA, Jan. 16 (CP)—Premier Douglas of Saskatchewan said tonight that he believed a new tax formula discussed by Premiers of three provinces and the Federal Government was submitted for consideration to the Federal Cabinet today and would come before the Saskatchewan Cabinet tomorrow.

Mr. Douglas, who returned from Ottawa today, said the new tax transfer agreement was of an exploratory nature and sought to make a more equitable arrangement between the provinces concerned. It would be open to all provinces.

## Vancouver Baby, Aged 3 Weeks, Shows Tooth for Photogs

VANCOUVER, Jan. 16 (CP) — Dorothy Marie Molloy of Vancouver is only three weeks old but she smiled for photographers today and showed her one tooth.

She was born with a tooth ready and waiting for the first bite and now is expecting two more.

"She seems rather proud of herself," said her mother, Mrs. J. L. Molloy.

Dorothy Marie has a rival in the tooth derby, seven-weeks-old Jennifer Lynn of Chicago who was born with two teeth.

## Sun News Editor Awarded Scholarship

TORONTO, Jan. 16 (CP) — Ray Gardner, 27-year-old news editor of the Vancouver Sun, today was awarded the first Canadian Kemsley Scholarship in Journalism. He will spend a year in Britain gaining experience in the various offices of the Kemsley chain of newspapers.

Announcement of the award was made by W. A. Craick, Honorary Secretary, Canadian section, Empire Press Union. Competition for the award was under the Union's auspices. Object of the annual scholarship, also given in Australia, New Zealand and South Africa, is to encourage an exchange of ideas and experience between British and Dominion journalists and to strengthen the ties among members of the Commonwealth.

CAN PRODUCE MILLION TONS MORE PAPER

NEW YORK, Jan. 16 (AP)—American magazine publishers were assured today by both domestic and *Canadian paper industries that* paper production, already at an all-time high, can be boosted by an additional 1,000,000 tons in 1947, "if demand justifies it."

## Freak Wind Storm Kills Four Negroes

JACKSON, Tenn., Jan. 16 (AP)— A freak wind storm, described as a "spot cyclone," killed four Negroes in Pinson, Tenn., near here yesterday and razed the homes of six families. The four persons killed were occupants of a farmhouse blown away by the storm.

## THEY'RE "QUITE FRIENDLY"

By JACK SMITH

LONDON, Jan. 16 (AP)—One of Britain's best-informed officials broke down today and admitted without qualification that Princess Elizabeth and Prince Philip of Greece are "quite friendly."

It was the first official admission that Philip and the Princess have much more than a nodding acquaintance.

The official—he wouldn't permit use of his name—imparted his information with a sly smile and a faint emphasis on "quite."

When and if things reach the right stage, he said, the Cabinet could be expected to take its own soundings of public opinion by setting up a full-dress debate on the subject in the House of Commons.

## SUMMONSES FOR 2 MORE IN RATION COUPON CASE

OTTAWA, Jan. 16 (CP) — Royal Canadian Mounted Police today announced the summoning to court of two more persons to answer charges in connection with a ration coupon ring alleged to have trafficked in ration coupons lifted from the destroying vats of a paper plant at nearby Hull, Que. Previously 16 others had received summonses.

Police said summonses were issued for the appearance in police court here Jan. 23 of Clifford Howard, labor foreman at the E. B. Eddy Company plant at Hull, and Fernand Cote, an Ottawa retail grocer.

The summonses charge Howard with unlawfully obtaining ration documents and retaining and transferring them and Cote with unlawfully obtaining ration documents and unlawfully acquiring rationed foods.

## Farmers Protest Removal of Price Ceilings

WINNIPEG, Jan. 16 (CP)—Removal of price ceilings on goods and services required by the farmer without giving the farmer a substantial adjustment in market prices was protested today by the North-West Line Elevators Association. The Association, in a telegram to Prime Minister King, urged that the matter be taken under consideration as well as "the matter of making a retroactive adjustment to the farmer on wheat being sold to Great Britain under market values."

## Take No Orders For Oil-Burners

TORONTO, Jan. 16 (CP)—Terming the present furnace-oil supply situation "critical," a spokesman here said last night that major Canadian oil companies would accept no more orders for oil-burners and no new contracts for furnace-oil for the present.

Shortage of furnace fuel oil has been reported from various centres in the last few days. The demand is estimated at twice that of this time last year, while oil companies were hampered by material shortages in providing for increased shipments. The oil companies furthermore have made much greater supplies available in recent months to meet demands arising from coal shortages.

Most refineries in Canada were said to be operating at full capacity and still unable to supply the increased demand.

## Lady Alexander To Broadcast Talk on Nursing

A speech by Viscountess Alexander on nursing will be broadcast over CKLN Nelson at 11:15 A.M., *Friday, Jan. 24.*

## Coast Man Found Dead

VANCOUVER, B. C., Jan. 16 (CP) —The body of John Crawford was found lying across the Canadian National Railway tracks here today.

Examination showed there were no injuries to suggest he had been hit or knocked down by a train. Police believe a bruise on his face may have resulted when the man fell.

William Crawford, a brother, lives on Salt Spring Island, B. C.

## Talk Possibility Of Car Price Cut By Other Companies

DETROIT, Jan. 16 (AP) — The Ford Motor Company reduced automobile prices yesterday and touched off immediate speculation in trade circles as to whether the action would be followed by its competitors in the low-priced field.

The competitors—General Motors for Chevrolet and Chrysler for Plymouth—withheld comment.

The cuts, ranging from $15 to $50 on the company's Ford models only, were the first to be announced by any automobile manufacturer since the war. They were made in the face of repeated statements elsewhere in the industry that prices would go *still higher before they could be re*duced. The Ford announcement said the company hoped to reduce prices further.

GOVERNMENT HAIL SACTION

WASHINGTON, Jan. 16 (AP) — United States Government officials today hailed yesterday's cut in Ford automobile prices as an "encouraging" start toward the general price reductions which President Truman has asked of all industry in the country.

## Smoking May Give Cold Feet, and Scotch Warms 'Em

KANSAS CITY, Jan. 16 (AP) — Smoking may give you cold feet.

And, says Dr. Grace M. Roth, a physiologist, that may lead to permanent foot trouble.

In a lecture at the University of Kansas, Dr. Roth also said that a drink of bourbon or Scotch might be beneficial by sending your temperature up all the way down to your toes. The same goes for a *good meal.*

Her research, she said, showed that smoking constricts blood vessels and that two cigarets might run down your foot temperature as much as 10 degrees in 12 to 15 minutes.

"About that drink," she added, "remember I said one drink."

## MAYON ERUPTS AGAIN

MANILA, Jan. 17 (Friday) (AP) — The steamer Fairland radioed today that Mayon vulcano again was in "violent eruption" and hurling lava and rock thousands of feet into the air.

The Fairland, anchored at Legaspi, eight miles from the huge volcano, said a giant smoke column extended miles above the peak and gusts of gas and smoke issued from the summit every few seconds.

The steamer's message reported the flying rock and lava "are plainly visible with the naked eye from our berth."

## Probe Fatal Crash

EDMONTON, Jan. 16 (CP) — Senior R. C. A. F. officials opened tonight an investigation into a Northland plane crash that took the lives of six persons including the commanding officer of the air force's station at Whitehorse, Y.T.

(See also story on page 2.)

## KOOTENAY EAST MEMBER ON SPEAKING TOUR

FERNIE, B. C., Jan. 16 — Rev. J. H. Matthews, M.P. for Kootenay East has recently conducted public meetings at Fernie, Invermere and Edgewater.

Mr. and Mrs. Mathews expect to leave for Vancouver on Tuesday. After a short stay at the Coast they will return to Ottawa in time for the Federal House opening. While in Calgary they hope to visit their daughter, Miss Audrey, for a short time.

## Highly Modern Nursery for Coast Hospital

VANCOUVER, B. C., Jan. 16 (CP) —A four-unit, super-heated nurse for premature babies, claimed as the first of its kind in Canada, has been opened in St. Paul's Hospital here. The use of incubators will be completely eliminated.

Each cubicle of the nursery has its own oxygen unit with a central supply unit supplying all four. Thermostatically controlled steam heat keeps each cubicle at constant temperature with an overall average of 90 degrees and a minimum of 85 degrees.

All *mechanical, electrical* and steam controls are operated from a panel in the hospital corridor.

FREE CLIPPINGS FOR U.B.C. STUDENTS

VANCOUVER, Jan. 16 (CP)—Increased haircut prices won't take any hair off the heads of University of British Columbia students.

Department of Veterans' Affairs opened a tonsorial school in a converted army hut under its vocational training scheme, and pleaded for a chance to give trainees practical experience.

The 12-chair barber shop will clip its customers for free.

## Student Veterans Not to Press for Higher Living Grants

Student veteran members of the University of British Columbia *branch of the Canadian Legion* have voted almost unanimously not to press proposals to the Government for an increase in their monthly living grants.

The defeated motion asked for an increase in grants proportional to the cost of living. Members rejected the proposal in order to assist the Government in its anti-inflation measures, and because they felt others were in far greater need of Government assistance.

## Woman Flies Pacific

BURBANK, Calif., Jan. 16 (AP)— Miss Lola Perkins, 27, landed today after 16-hour flight from Hilo, Hawaii, as co-pilot of a United States Army plane being delivered for conversion.

Aviation reporters here believe Miss Perkins is the first woman to fly the Pacific since the late Amelia Earhart in 1937.

# Cavalcade, Stage Shows, Contests, Bands Planned for Jubilee Week; List Program Committee Members

With plans progressing for Nelson's Golden Jubilee celebrations, Program Chairman J. B. Stark listed Thursday some of the entertainment contemplated for Nelsonites and the hundreds of visitors expected for the event.

A cavalcade depicting the history of Nelson and District from 1897-1947 is proposed along with first class stage shows. Committees are *already in touch with booking* agencies in Vancouver, Spokane and Calgary.

Also under discussion are rock drilling and log sawing contests, bannock baking competitions, baseball and golf tournaments, a cricket match, street dances, a grand carnival, *torch processions along the* West Arm, a giant barbecue and fireworks displays.

It is hoped that a city band will be formed prior to celebration week, augmented by two or three outside bands to participate in the monster parade which will open festivities.

Revised Program Committee consists of J. B. Stark, Chairman; W. G. Harold, Secretary; E. E. Hopwood, R. B. Morris, A. B. Gilker, W. G. Valin, W. Hendricks, H. A. D. Greenwood, L. M. McBride, R. G. Joy, N. C. Stibbs and A. S. Aitken.

Sub-committees will be formed to arrange the various events as they are included in the program.

## Republicans Determine To Cut Down U.S. Expenses; Up $200,000,000

By CLYDE BLACKBURN
Canadian Press Staff Writer

WASHINGTON, Jan. (CP)— Money is the main pre-occupation of the new Republican Congress.

President Truman has estimated that proposed expenditures of $37,500,000,000 will be exceeded by $200,000,000 in revenue.

Republican Congressmen are determined to cut down expenditures, reduce the national debt substantially, and still take less money from taxpayers.

They can cut taxes if determined to do so but reduction of expenditures will be more difficult. At the moment it seems that any sizeable reduction in spending will be through reduction of public employment.

The Administration points out that it has reduced the public payroll of 2,300,000 persons from the wartime high of 3,770,00.

But the axe-wielding Congressional economists retort that the public service still employs about twice the number it did before the war.

They are aiming to reduce taxation by about $3,500,000,000 a year. About $2,000,000,000 of that could be regained by putting the public service back where it was in 1941.

MAY SEE "MOONSHINERS" AGAIN

Unless Congress heeds the President's plea to extend wartime taxes the excise on liquor will drop from $9 a gallon to $6 next July 1. Advocates of the reduction are raising the possibility that to continue the tax would be to invite a return of large scale moonshining and bootlegging.

American departmental heads could read with envy the Ottawa announcement that Canadian deputy ministers would be paid up to $17,500 a year. Ministers of the Government here are called secretaries and their salary is $15,000 top. Their deputy ministers, (assistant secretaries,) are paid $10,000.

# CHARGES MAY GAVE SAMPLE OF NEW ATOM EXPLOSIVE TO RUSSIA

LONDON, Jan. 16 (AP) — The Daily Express said today that United States scientists producing a new secret atomic explosive — uranium 233 — from thorium and asserted that samples of the new substance had been turned over to Russia by Dr. Alan Nunn May.

Dr. May, a British scientist, was sentenced last May 1 to 10 years in prison for giving atom secrets to unidentified persons.

The story by Chapman Pincher, scientific writer of The Express, said Uranium 233 was bringing the cost of the atomic bomb "far below" that of the bombs used on Japan and in the Bikini tests.

Pincher's story on the front page of the newspaper said:

"It can now be revealed that Dr. Alan Nunn May, the atomic scientist convicted of official secrets offences last year, gave a sample of this top secret material to Russian agents in Canada.

"It was probably, therefore, to Uranium 233 that Sir Hartley Shawcross, the Attorney General, referred at the Old Bailey when he said that Dr. May's statement contained symbols so highly secret that they could not be read in (the British) court.

OBTAINED IN CANADA

"According to official Canadian documents, Dr. May got his sample of the explosive from the Canadian Atomic Research Station near Montreal where he worked during the war.

The Russian agents considered it so important that they flew the sample to Moscow at once.

Pincher said no bombs yet have been made from Uranium 233 but that "full manufacturing details have been worked out in America as a defence measure."

According to the story in The Express, Uranium 233 is not made from uranium ores like Uranium 235 and plutonium but from thorium ores — now used to strengthen incandescent lamp mantles.

The British Directorate of Atomic Energy, Pincher said, at present is carrying out research on Uranium 233 for power production.

TOAST and TEA

BY J.A. McARE

There is a rather cruel story of a farmer whose wife was addicted to fits. Working in his fields one day, half a mile from home, he was summoned by a neighbor who told him his wife was having a fit. The farmer rushed home. But by the time he arrived his wife had recovered and was cooking his dinner. A week later he was again summoned, and ran home to find that his wife was herself again. Not long afterward he answered a third summons to find his wife stretched out on the floor motionless. He felt her pulse and her heart, then placed a glass before her lips, but it showed no moisture. "Well," said the farmer, "this is more like it."

# Mrs. L. Dunk President Of Daughters

Daughters of England installed officers for 1947 at a regular meeting of Princess Alice Lodge No. 5 held in the Canadian Legion Monday evening. The following officers were installed by installing officer Mrs. J. T. Brown:

Past President, Mrs. A. Cuthbert; President, Mrs. L. Dunk; Vice President, Mrs. A. Manson; Secretary-Treasurer, Mrs. R. Vyse; Chaplain, Mrs. J. Ball; First Guide, Mrs. A. Whitehead; Second Guide, Mrs. A. Moore. A social evening followed.

# School Board Names Committes

Nelson District School Board No. 7 Thursday night named its committees for 1947. Those chosen were:

Management — Trustees C. E. Bradshaw, C. I. Ward, W. E. Wasson and V. C. Owen.

Finance—Trustees W. E. Wasson, V. C. Owen and R. Liversidge.

Property—Trustees C. E. Sewell, F. T. Griffiths and A. W. Morris.

Health—C. I. Ward, C. E. Bradshaw.

Transportation—F. T. Griffiths, A. W. Morris and R. Liversidge.

# Placements Down At Nelson N.E.S.

Persons placed into employment by the Nelson branch of the National Employment Service numbered less than in the last two years. Figures for 1946 indicate that 4479 persons were installed into employment, while in 1945 the total was 4904 and in 1944 some 5161.

In addition to allocation of labor approximately 1700 claims for unemployment insurance were filed.

The placements include:

| | Men | Women |
|---|---|---|
| Agriculture | 41 | — |
| Lumbering | 1106 | 21 |
| Mining | 1003 | 5 |
| Construction | 680 | 7 |
| Miscellaneous | 572 | 582 |
| C.P.R. and transportation | 455 | 7 |

## M.R.K.'s DEFEAT DODGER MIDGETS

M.R.K. Midgets added another win in the local Midget League Wednesday afternoon when they defeated the Dodger Midgets 6-2. The win put the M.R.K.'s back on even terms with the F.A.C. for leadership.

The winners outclassed the Dodgers in the first period driving in four goals, but in the second and third sessions the Dodgers skated on even terms with each Club scoring a goal apiece in each period.

Pickering playing up on the front line was a big factor in the M.R.K. win as he led them with three goals as well as chalking up an assist. Christenson scored twice and also gave an assist, while Irwin notched the other winners goal besides giving two assists. Bachynski done the scoring for the Dodgers getting both of their goals with Welbourn and Hyssop aiding him. Pickering drew the only penalty meted out by referee Slim Porter.

KISS YOUR TIRED FEELING GOODBYE!

Pepless Many Suffer Low Blood Count—And Don't Know It.

The baffling thing about low blood count is that you can weigh about as much as you ever did—even look healthy and strong, yet you can feel as if you had lead in your legs, dopey, tired and pepless.

Low blood count means you haven't got enough red blood corpuscles. It is their vital job to carry life-giving oxygen from your lungs throughout your body. And just as it takes oxygen to explode gasoline in your car and make the power to turn the wheels, so you must have plenty of oxygen to explode the energy in your body and give you going power.

Get Dr. Williams Pink Pills today. They are world-noted for the help they give in increasing the number and strength of red corpuscles. Then with your blood count up, you'll feel like bounding up the stairs as if you were floating on air. Ask your druggist for Dr. Williams Pink Pills today.

## Border Airways Of Grand Forks Is Registered

VICTORIA, Jan. 16 (CP)—Twenty-five new companies were registered during the week at the Parliament Buildings under the Companies Act.

Firms registered include:

Border Airways Ltd., $10,000, of Grand Forks.

# Trail School Musician May Tour Province

TRAIL, B.C., Jan. 16 (CP) — J. Lloyd Crowe, Chairman of the Trail District School Board, announced today that the Board was giving favorable consideration to a suggestion that the Trail High School band and orchestra make a province-wide concert tour.

The announcement followed a meeting between Mr. Crowe and representatives of the Trail-Tadanac Junior-Senior High School.

Mr. Crowe said that the move came as a result of the growing reputation of the school's musical education system throughout the province, and might aid in formation or improvement of musical education in other B.C. schools.

The proposed tour would take the group to Nelson and other Kootenay points, through the Okanagan and on to Vancouver and Victoria.

# Herridge Stresses Price Curbs Need

TRAIL, B.C., Jan. 16 CP)—At a public meeting here, arranged by the International Union of Mine, Mill and Smelter Workers, Local 480, H. W. Herridge, C.C.F. member for Kootenay West, stressed the need for the continuance of price control.

Mr. Herridge supported a suggestion that meetings be held between organized labor, organized farmers, Government agencies and industry. Such meetings plus modifications of exemptions for income tax in lower income groups would result in a better standard of living, he said at the meeting last night.

## Announce Names of Victims of Plane Crash in Whitehorse

EDMONTON, Jan. 16 (CP)—R.C.A.F. officials announced today the names of six men killed when an Air Force plane crashed yesterday on Marsh Lake near Whitehorse, N.W.T.

The victims were five R.C.A.F. personnel, including the commanding officer of the station at Whitehorse, and a civilian employee.

Officials of Northwest Air Command at Edmonto said the only information they have is that the crash occurred while the plane was returning to Whitehorse from Teslin, Y. T., where the R.C.A.F. officials had been investigating a fire.

Teslin is about 105 miles by road Southeast of Whitehorse. Marsh Lake is about 45 miles South of Whitehorse and near the Alaska Highway.

Killed were:

Flt. Lt. Robert L. Curtin, pilot attached to No. 6 Communications Flight at Whitehorse.

F.O. Alfred Henry Hartlvikson, Works and Buildings Officer stationed at Whitehorse.

Flt. Sgt. Joe Milner, N.C.O. in charge of fire fighter section stationed at Whitehorse.

(Wives of these four men are living at Whitehorse.)

Lac. Charlie Curtis Brooking, aero-engine mechanic at Whitehorse, flying as crewman; mother, Mrs. Sid Brooking, Trehern, Man.

Ray Othen Porter, electrician, R.C.A.F. civilian employee at Whitehorse; mother, Mrs. Harriett Porter, Edmonton.

# Deaths

SEATTLE, (AP)—John C. Norris, 75, who as a logging contractor cleared out the wilderness of trees in what is now part of the city's busy North end. Owned orchards in Wenatchee and Omak before returning here six years ago.

LONDON (AP)—Hon Frances M. Drummond, 99, who for 30 years was Maid of Honor to Queen Victoria.

NEW YORK (AP) — William J. Callahan, 63, for 26 years unofficial champion theatre-goer of Broadway —sometimes she visited 20 or 30 plays in one evening.

SEATTLE (AP) — Carl Strout, purser of the steamship Portland which brought the first Yukon gold here, precipitating the famous "rush" to the Northland.

## Fire Trucks Called To Chimney Fire

Answering a call to 317 Anderson Street Nelson Fire Department extinguished without damage a chimney fire at the house of William Wicker Thursday afternoon.

The alarm was sent in at 4.18 p.m.

END ONTARIO BEER, WINE RATIONING

TORONTO, Jan. 16 (CP)—Rationing of Canadian beer and of Ontario wines will be discontinued in Ontario Feb. 1, the Liquor Control Board of Ontario announced today. The present system of beer quotas for licensed premises also ends on that date.

LONDON (CP)—Workers in all Admiralty industrial establishments have had their hours cut from 47 to 44 weekly.

# Trail Board of Trade Draws Up Slate of Officers; 200 Attend

TRAIL, B.C., Jan. 16—The Trail Board of Trade installed a new slate of officers for the year 1947 tonight at its 47th annual meeting held in the Knights of Pythias Hall. Some 200 members and guests attended the function. Representatives from Nelson, Salmo, Rossland and Castlegar were present, as well as many local and visiting dignataries.

Thirty - eight - year - old Retiring President Stuart Mitchel presented the annual report, reviewing the work of the Board for the past year.

Elected for the new term were: R. E. Walton, President; H. Radcliff, First Vice-President; K. M. Spence, Second Vice-President; and J. H. Hargrave, H. R. Lauriente, J. V. Rogers, J. D. Hartley, J. R. Elliott, C. E. Marlatt, G. A. V. Sanderson, and H. Marshal, Councillors. Mr. Marshal won on the toss of the coin, after the returning officer J. L. Crowe announced that J. H. Salter and Mr. Marshal had received the same number of votes. R. M. Hoyland was returned to the position of Secretary-Treasurer.

Lorne A. Campbell, President of the West Kootenay Power and Light, accepted the position of Honorary President.

Dr. C. A. H. Wright introduced guest speaker Mr. F. Lassere, Professor of Architecture at U.B.C., who spoke on town planning and pre-fabrication.

Rex McMeekin, President of the junior section of the Trail Board of Trade also spoke, and presented the annual report of the Junior section.

## Waterton Claims World Speed Record

LONDON, Jan. 16 (AP) — A former R.A.F. Squadron Leader, W. A. Waterton, claimed a world speed record of 618.4 miles an hour in a flight today from Paris to London. His elapsed time was 20 minutes, 11 seconds for the 208 statute miles.

Piloting the R.A.F. Gloster Meteor which made the previous world record of 616 miles an hour last September, he flew at *about 10,000 feet.*

Waterton now is a test pilot for the Gloster Aircraft Company.

Waterton, a native of Edmonton, joined the R.A.F. before the war after attending the University of Alberta here. His father, for many years police chief at Camrose, Alta., now lives in Vancouver.

# Funeral Mass for Rossland Woman

ROSSLAND, B.C., Jan. 16—Requiem High Mass was celebrated at the Sacred Heart Catholic Church, Rossland, at 9 o'clock Thursday morning by the Right Rev. Monseignor A. K. MacIntyre, for Miss Florence Couture, who died Sunday at Tranquille Sanitorium.

The Senior Choir was in attendance with Mrs. J. Mitchel at the organ. There were very many floral tributes and spiritual offerings. Interment was in Mountain View Cemetery.

The pallbearers were King Comesotti, Wilfred Dorey, J. Shutek, D. Calder, E. Ruelle and A. Ruelle.

Funeral was held on Miss Couture's 39th birthday.

## Tree Disease Loss Equals That From Fires, Insects

VICTORIA, Jan. 16 (CP)—Dr. D. C. Buckland, forest pathologist, told the Victoria Natural History Society here that loss caused by disease to trees in Canada approximately equalled that caused by fire or by insects.

In British Columbia alone the annual loss from decay in mature forests is close to 500,000,000 board feet, he said.

Dr. Buckland outlined work done by the Dominion Forest Pathology Service and discussed in detail diseases such as white pine blister rust, root rot of young Douglas fir and decay in mature forests.

## ADVISE CHANGE IN CROPS FOR BIG SASKATCHEWAN AREAS

REGINA, Jan. 16 (CP)—A change from wheat growing to other agricultural production in large areas of Saskatchewan was recommended in a brief submitted today to members of the Provincial cabinet by the United Farmers of Canada, Saskatchewan section.

The brief urged that the province plan for "material expenditures" to enable farmers to make the change from wheat growing.

"Small cash returns and Prairie Farm Assistance will never allow them to make the change from an operational method that has been geared for wheat production," the brief said.

Presented by George Bickerton Acting Secretary of the U. F. C., which claims a membership of more than 100,000 and is confined to Saskatchewan, the brief said that in 1945 in Saskatchewan, of 13,610,000 acres seeded to wheat, 7,140,000 acres produced only 12 bushels per acre or less and in 1946 out of 14,843,000 acres seeded, 5,997,000 acres yielded 12 bushels or less per acre.

## Blame It on Gerry

VANCOUVER, Jan. 16 (CP)—The weatherman blames the current severe snowstorms on "cold fronts" off the ocean—citizens, however, blame it on the mayor.

In December, 1934, G. G. (Gerry) McGeer took office as Mayor of Vancouver, and one month later, the city was blanketted by the worst snowfall in its history.

In December, 1946, G.G., now Senator McGeer, again took office as mayor and again, one month later, the city was buried under the worst snowfall since the last time he was in office.

EXPECT WIDER BAN

SPOKANE, Jan. 16 (AP)—John D. Meyer, Secretary of the Washington State High School Athletic Association, said today he expected the group to follow the lead of the National High School Athletic Association and ban all-star and out-of-season contests.

# Over $120,000 Damages in Alberta Fires

LEGAL, Alta., Jan. 16 (CP) — Fire of undetermined origin caused damage unofficially estimated at between $80,000 and $100,000 here last night, destroying the Roman Catholic Church, two stores and a house.

Also razed were A. Boisvert's general store and house and W. Boisvert's implement shop.

The blaze which broke out in the implement shop raged for three hours, spreading to the general store and house and across the street to the church which had a seating capacity of about 900 persons.

ROCKY MOUNTAIN HOUSE, Alta., Jan. 16 (CP) — Damage estimated at $40,000 was caused when fire believed started in a chimney destroyed three business buildings here yesterday and damaged two other plants.

Destroyed were the Independent Order of Oddfellows' Hall, F. Strause's plumbing shop, J. Yeatman's barber shop and poolroom and M. Wolkove's fur warehouse.

Rocky Mountain House is about 115 miles Southwest of Edmonton.

Damaged were the Mountaineer newspaper plant and Rusnak's cleaning plant.

Flames broke out at midnight in the I.O.O.F. lodge rooms above the plumbing shop. A member of the lodge, Frank Schlebnig suffered injuries in an attempt to save records of the lodge. Firemen worked in 30 below zero weather.

## Question "Suspect In Kidnap Slaying"

DETROIT, Jan. 16 (AP)— The Federal Bureau of Investigation here reported today it had released a man after questioning him "as a suspect in the kidnap slaying" 10 years ago of Charles Matson in Tacoma.

The F.B.I. spokesman would say nothing beyond his confirmation of a report from Windsor, Ont., yesterday that the man had been arrested for questioning.

# The Weather

Synopsis: A flow of moist Pacific air from the Southwest is replacing the cold Polar air mass which has been dominating the Southern part of B.C. during the last few days. At the same time the extreme Northern and Northeastern sections of the Province are still under the influence of cold air from the McKenzie Basin. However it is not expected that this cold air mass will be able to cross the Continental Divide in the next few days.

Kootenay: Cloudy Friday *except overcast in the valleys until* midday. Widely scattered snow flurries in morning. Southerly winds 20, becoming light. Little change in temperature. High on Friday at Cranbrook 25, Crescent Valley 20.

Vancouver: Becoming overcast early Friday. Intermittent drizzle Light winds. Little change in temperature. High at Vancouver 36, at Abbotsford 35.

Okanagan: Cloudy in morning, Northern section becoming overcast with snow flurries by evening. Light winds becoming Southerly 15 Friday afternoon. Milder. High temperature at Penticton 23, at Kamloops 20, at Lytton 25.

# Blame Ceiling, Non-Essential Building for Lumber Shortage

By SHANE MACKAY
Canadian Press Staff Writer

OTTAWA, Jan. 16 (CP)—Price ceilings and "vertical control" by many large corporations were cited today as major reasons for the shortage of lumber in independent Canadian yards.

On one point lumbermen and government officials agree:—lumber output is not being hammered through normal peacetime outlets in sufficient quantity—despite an estimated production of 5,000,000,000 board feet, highest since 1914.

Must lumbermen advocate decontrol as the only measure for what they describe as a worsening situation. Officials blame shortages partly on "wide open" non-essential building now in the hands of municipalities, and partly on improper distribution.

Many companies, officials said, produce and market their produce in large quantities. They sell to contractors who will take large orders rather than to minor builders who construct the bulk of Canada's houses.

Lumbermen retort that this is their only alternative under price control regulations. They cannot afford to sell to small retailers and builders whose orders are not worth the narrow margin of profit —or loss—involved.

Manufacturers of treated woods for some time have taken a "considerable" loss on hardwood and have attempted to offset this with larger sales of softwood and sidelines such as sashes, doors, tiles, millwork and paints.

Reduction of exports would not materially increase the domestic supply, lumbermen say. Producers who depend for profit on what they make on their exports would be forced to reduce their total output. There still remained the problem of obtaining a sufficient price to encourage producers to sell through normal peacetime outlets.

"Canadian lumber price control is made possible only by the great premiums obtainable from 1945," said V. J. LeClair, Secretary-Manager of the Canadian Lumbermen's Association.

## GRANDFATHER, FATHER, SON ALL HAVE TOLLED BELL OF STOLEN CHURCH

INVERMERE, B. C., Jan. 16 — When the bell of St. Peter's Church at Windermere ushered in the New Year it was tolled by 14-year-old Jerry Kimpton, the third generation of Kimptons to ring in the New Year with the bell in this historic "Stolen Church."

The ceremony was instituted by his grandfather, the late Rufus A. Kimpton some 50 years ago. It was Rufus Kimpton who was instrumental in "spiriting" the church from Donald its former home, to Windermere.

When "Rufe" Kimpton was no longer able to ring out the old year, ring in the new, his son Vaughan Kimpton took over the ceremony and this year his grandson officiated for the first time.

*As a family tradition it is probably unique in Western Canada.*

## OFF AGAIN, ON AGAIN IN CHINESE STRIKE

SHANGHAI, Jan. 16 (AP)—Chinese Typographical employees of the American-owned Shanghai Evening Post and Mercury struck today, returned 92 minutes later to reopen negotiations—then struck again after Editor Randall Gould termed their demands exorbitant.

The employees demanded seven days off in the Lunar New Year holidays late this month or double wages for each day worked, plus the loan of 300,000 Chinese dollars (about $100) each for the 80 workers involved.

Gould previously had given the staff one month's pay as a New Year's bonus and yesterday paid them half a month's wages. He promised them one day off, Chinese New Year's, Jan. 22.

He appealed to Mayor K. C. Wu to intervene to avert a shutdown.

# New Title for King May Come From India's Decision on Status

By JAMES McCOOK
Canadian Press Staff Writer

*LONDON, Jan. 16 (CP)*—Parliament soon must give attention to revision of the King's title. Even if India decides to remain with the Commonwealth and Empire the present term "Emperor of India" is unlikely to satisfy Indian opinion.

The change must be decided by Parliament through introduction of a government bill. By Act of Parliament, 1927, the title of King George V was declared to be "George V, by the Grace of God, of Great Britain, Ireland and the British Dominions beyond the seas King, Defender of the Faith, Emperor of India."

This terminology, agreed upon after the status of the Dominions and other parts of the empire had been studied at the 1926 imperial conference, is as much a part of British law as the King's legal title to the throne which rests upon a statute basing the succession of the Princess Sophia of Hanover and the "heirs of her body being Protestants." George I, the first of the House of Hanover on the throne, became King in 1714.

**NEW TITLE POSSIBLE**

If India decided to be a Dominion the change would be simple, "Emperor of India" could be dropped and "the Dominions beyond the Seas" would cover India as it does Canada. But if India decides on some new form of association with the Commonwealth and Empire then a new royal title might be necessary.

If India decides to be completely independent the "Emperor of India" will be dropped but this cannot be done without discussion in Parliament and debates which would recall the glory and color of 70 years when, at the first of the colorful durbars for British rulers, Queen Victoria was proclaimed Empress of India.

Titles and other honors granted by the King long were coveted by Indians, but the major political parties recently agreed that with a few exceptions no further recommendations in favor of Indians should be made to the King from British India.

The exceptions provide for awards for gallantry and good service being continued for members of the armed forces. The policemen and firemen will continue.

## Youngster Without Stomach Thrives on Herrings and Beer

WASHINGTON, Jan. 16 (AP) — Peggy Ann Elkerson, eight, has virtually no stomach.

But stomach or no stomach, she thrives.

Instead of eating three meals a day, she nibbles and sips almost constantly — peanuts, salt herring and beer.

Physicians discovered Peggy Ann's condition when she was two months old. They kept her in hospital nearly a year. After she returned home a doctor called.

"I found Peggy Ann sipping from a bottle of beer," the physician related. "Her mother said the baby refused milk, but loved beer."

Physicians said Peggy Ann has a tiny tube-like stomach, but it never developed. Digestion is performed by the intestines.

# Canadian Navy Air Force Finish Recruiting

### Specially Qualified Men Still Sought While Army Continues Drive To Reach 75 Per Cent Mark Planned

OTTAWA, Jan. 16 (CP) — Defence Minister Claxton told a press conference today that Canada's three permanent defence forces were 42,905 strong at the end of 1946 and announcd that "it is not intended to recruit personnel to an extent greater than 75 per cent of the numbers set for planning purposes a year ago." This, he said, means that the Navy and Air Force have finished recruiting except for men with special qualifications.

He gave Navy strength as 8481 as compared with an objective of 10,000; army strength as 21,475 compared with 25,000 and R. C. A. F. strength as 12,949 compared with 16,100.

In his first meeting with the press since he left the Health Ministry a month ago, Mr. Claxton said the reduction in manpower targets could be attributed to a variety of causes.

**TO DEVELOP ON SOUND BASIS IN '46**

"The international situation, the proposals made at the recent session of the United Nations, the rapid changes in types of weapons, these and other considerations make it undesirable at this time to settle finally the composition or character of the future armed forces of Canada," he said. "The year 1947 should be regarded as a period during which we will establish the defence forces of Canada on a sound administrative basis, capable of being adapted or developed to meet all possible changing circumstances.

"For these reasons it is not intended to recruit personnel to an extent greater than 75 per cent of the numbers set for planning purposes a year ago. The Navy and the Air Force have approximately reached 75 per cent of these figures and consequently they are not taking on additional personnel except those with special qualifications. The army not having reached its figure is accepting recruits for the time being."

Mr. Claxton also said:

1. Repatriation and demobilization "were completed much more rapidly than had been anticipated."

2. There will be a "substantial reduction" in defence estimates this year.

3. There are less than 9000 veterans yet to be released from the forces.

4 It is intended to amalgamate civil service personnel for the three services into one staff at defence headquarters.

5. Consolidation of several directorates of the three services is under consideration.

6. There is practically no Canadian war material left in Europe.

7. The forces are postponing all new construction "not absolutely essential."

He described 1947 as "the year for reorganization, during which practicable peacetime establishments will be set up and the machinery for technical development placed on a sound operating basis."

**EXPENDITURES DECLINE**

He disclosed that the Navy's peak strength of 92,880 had been slimmed by 84,399; the army's peak of 481,500 by 460,027; and the R.C.A.F.'s top of 206,350 by 193,401.

Similarly, expenditures had declined.

The Navy had spent $241,000,000 in the fiscal year 1945-46, $67,000,000 for 1946-47, an approximate reduction of $174,000,000. The Army had dropped from $848,000,000 to $283,000,000, a cut of $565,000,000. The R.C.A.F. had gone down from $524,000,000 to $90,000,000, a drop of $434,000,000. The grand totals were $1,613,000,000 for 1945-46 and $440,000,000 for the current fiscal year a cut of $1,173,000,000.

**New estimates were being prepared. Of the 9000 men still to be released "the majority will be out of the forces by March 31 and all by Sept. 30 of this year."**

**CO-ORDINATE WORK**

He added:

"During the period of repatriation and demobilization, the government was faced with the task of establishing the post-war forces of Canada. A month ago, it was decided the department of National Defence would be brought under a single minister to co-ordinate the work of the post-war Navy, Army and Air Force at all possible levels. The object is to achieve the greatest possible economy and efficiency in the services, so that Canada will have armed forces which will meet the defence needs of the country and maintain the high standards set in war.

**"A further step was the appointment of one Deputy Minister, W. G. Mills, C.M.G., and two Associate Deputy Ministers, Alex Ross, C.M.G., and Col. Paul Mathieu, D.S.O.**

"Consideration is being given to the consolidation of several directorates of the three services, including medical, legal, dental, hospital, medical stores, welfare, education, communications, and public relations. A third set of services in respect to which there will likely be a high degree of consolidation, will be those having to do with supply, food transportation, transport, clothing, accommodation, depots, etc.

He said that "pay for equivalent rank in Navy, Army and Air Force is now the same, and plans are under way to provide for similar treatment with regard to food and clothing other than uniforms."

# Canada Complains Against Invite to Drafting Treaty

OTTAWA, Jan. 16 (CP) — The Canadian Government has lodged a strongly-worded protest against the type of invitation it received to participate in the drafing of peace treaties with Germany and Austria, it was announced today by External Affairs Minister St. Laurent.

The protest was made because the invitation was interpreted as meaning that Canada's contribution to the drafting of the treaties would be limited to a written statement supplemented by oral comment.

A statement containing the protest was presented by Norman Robertson, Canadian High Commissioner to London, to the meeting in London of the Special Deputies of the Council of Foreign Ministers.

The invitation to present its views before the meeting was received in Ottawa a little more than a week before the Deputies began meeting in London.

"The Canadian Government," Mr. St. Laurent said, "does not regard the invitation in its present form as affording Canada an opportunity for participating in the peace settlement in the way which would be appropriate for a country which contributed substantially to the war against Germany."

"The terms of the invitation suggest that the Canadian Government would place before the Special Deputies of the Council of Foreign Ministers a written statement of its views on the German peace settlement, and supplement this statement with any oral comment it might feel to be desirable.

**NO INDICATION OF DISCUSSION**

"There is no indication whether there would be opportunity for the Canadian representative to discuss with the special deputies, either the substance of the peace treaties with Germany and Austria, or the procedure by which those treaties will be drafted. It may have been intended that discussion should take place, but the invitation does not make this point clear."

**OTHERS LODGE SIMILAR PROTESTS**

It was learned that protests similar to Canada's have been lodged by South Africa, The Netherlands, and Australia.

In its statement to the Special Deputies, Canada suggested that the Dominion and other interested Allies, with advantage, might work with the Deputies, and take a full part in discussions both on questions of procedure and of substance relation to the German treaty.

"If this principle were accepted, it should be applied in a manner to allow the various Allied countries to assist in drafting those sections of the settlement in which they are most directly concerned. Collaboration of this nature at an early stage would have the advantage of acquainting all the Allies in an intimate way with the problems which might arise during the preparation of the treaty.

**FACED SAME SITUATION BEFORE**

"This procedure would also prevent the recurrence of the situation at the Paris conference, where the smaller powers were faced with previously drafted treaties, the details of which were unfamiliar to them, and which were difficult to change

"It would be possible also by clarifying in a satisfactory manner the procedure for drawing up this settlement to avoid differences of opinion on procedural matters at a later time, such as those which took up so many sessions of the Paris conference."

"The adoption of proposals of this nature would place the Canadian Government in a position to participate in the German settlement in an appropriate manner. If a procedure were devised which would make it possible for representatives of the smaller powers to be associated in the actual drafting of the treaty through work on the committees, and if the treaty so drafted were accepted without major changes when it was referred to the Council of Foreign Ministers, it might then be possible to provide for the final acceptance of the treaty in a brief and formal conference, thus avoiding the necessity for a prolonged conference such as that in Paris, at which the Italian and other treaties were reviewed."

Canada was interested in the political, territorial and economic provisions of the German settlement, and hoped to be able to present its views on those matters later."

No reply has yet been received to the Canadian protest. A Government official said the Government might change its views if the Special Deputies discuss the protest with Mr. Robertson and indicate that Canada placed the wrong interpretation on the invitation.

# Strike at Lynn Lake Rivals Sudbury One

By ALAN VICKERY
Canadian Press Staff Writer

WINNIPEG, Jan. 16 (CP) — A hitherto little-publicized nickel strike at Lynn Lake, nearly 400 miles North of Winnipeg, has raised visions of a Northern Manitoba industry rivalling the world-famous one at Sudbury, Ont.

The strike first was made known by Eldon L. Brown, mining engineer and President of Sherritt-Gordon Mines, in a report to the Manitoba Chamber of Mines. Chamber officials say he is an engineer of 20 years standing in this province and "his reports would be accepted by mining authorities throughout Canada."

During the past year exploration work was carried on continuously with four drills completing almost 70,000 feet of drilling. Three separate ore bodies were outlined and a depth of aproximately 1000 feet was reached. These three bodies contained about 5,000,000 tons of ore averaging 1.18 per cent nickel and .6 per cent copper.

Mr. Brown said as all three bodies were "still going strong" at 1000 feet, it was reasonable to assume they would give substantial additional tonnage below that horizon.

This Lynn Lake deposit already is reported to be the third largest base metal deposit in the Province and it is the first nickel deposit on the continent, outside of the Sudbury area, to give promise of being competitive with mines of that area.

# Tree Planting Program To Begin Soon

VICTORIA, Jan. 16 (CP)—Provincial government workers early next week, if the weather is favorable will start planting a crop which will not be ready for harvest for about 100 years.

B. C. Forest Service hopes this year to plant somewhere around 3,500,000 trees in the neighborhood of Horne Lake and Campbell River. The service is not sure exactly how many trees will be available for planting because this year four-year-old trees, which normally would have been planted in 1945, are to be used. With no labor available in 1945 the trees have been saved at nurseries, many of them in the meantime have become unsuitable for planting.

All planting this year will be conducted on Vancouver Island and seedlings used will be Douglas Fir and Western Red Cedar. B. C. Forest Service officers have been in touch with the National Employment Service to determine what workers will be available to assist in the reforestation program. The prospect of securing as many workers as the government requires are not good.

Next year at this time the B. C. Forest Service will be preparing for its largest planting program in history with 20,000,000 trees expected to be available. Largely responsible for the increase is the new nursery at Duncan which will produce several million young trees for planting.

## Health Units for All B.C.

VANCOUVER, Jan. 16 (CP)—Dr. G. F. Amyot, Deputy Minister of Health, announced yesterday that British Columbia's entire population will be served by public health units within two years. He said a health unit gives greater effectiveness to the new provincial health code, which provides semi-yearly inspection for all premises handling food or drink.

# CHINESE GOV'T TO RESUME TALK WITH REDS

### Depends on Reaction of Leaders In Nanking

### OFFER NOT GIVEN

NANKING, Jan. 16 (AP)—The National Government announced officially today "it is going to resume negotiations with the Communists," and selected Gen. Chih-chung, Governor of Sinkiang Province, to present its proposals to Communist headquarters at Yenan.

United States Ambassador Stuart, who is keeping in close touch with both factions, relayed the Government's decision to the Communist representative here. Success of the plan to send an emissary to Yenan will depend upon the reaction of Communist leaders there.

The Minister of information gave no indication what the Government is prepared to offer.

# Wheat Farmers Live in Town But Still Grow Grain

By NORMAN ALTSTEDTER
Canadian Press Staff Writer

REGINA, Jan. 16 (CP) — Wheat farmers may be moving to cities and towns by the thousands but they are still growing the grain.

While statistics are not available, authorities say that during the last six years there has been an increasing mass movement of Saskatchewan farmers from the wheat plains to urban centres. Many have left farming altogether but the majority use the town or city as a base of operations.

The shift in recent years has been even more pronounced, a condition some observers ascribe to calls of industry, especially during the war, coupled with a desire among farmers and their families for the conveniences of modern civilization. Since the 1941 census, when a population of 896,000 was reported, it is estimated that Saskatchewan has lost approximately 50,000 citizens. But many are returning.

It's the wheat farmer who is turning the trick of living in town and doing a good farming job at the same time. Those on mixed farms just can't do it with livestock demanding attention.

The grain grower can drive out to his land in his automobile or rubber-tired tractor—Municipal Affairs Minister J. H. Brockelbank says it is the latter that has spurred the movement as much as any single factor—do his plowing or harvesting and return to the city at night. Others make temporary quarters on their land during the working seasons while maintaining their permanent homes in town.

E. L. Gray, Director of Water Conservation for the Prairie Farm Rehabilitation Administration says that i nthe last 18 months, 2258 more families have left Saskatchewan than have entered the Province. He ascribes the move largely to lack of irrigation facilities.

## War Surplus Receivers Soon Available to Hams

OTTAWA, Jan. 15 (CP) — War Assets had some good news for Canada's radio amateurs tonight—they'll soon be able to get several hundred unusued war surplus radio receivers.

The corporation said these sets, ultra high frequency receivers designed for radar operation by the U.S. Army at anti-aircraft batteries to receive identification signals from Allied planes, would be released to the trade across Canada.

## Crippled Freighter "Holding Own"

VANCOUVER, Jan. 16 (CP) — The Tecumseh Park, crippled Vancouver freighter with a crew of 41 aboard, was reported some 400 miles from port in the North Atlantic today as the raging week-long storm diminished in ferocity.

Reports received here said the freighter appears to be "holding her own," and making about five knots, with all crew members reported safe.

# London Transport Workers End Strike

### To Start Back to Work Saturday; Vote to Return Almost Unanimous; Believe Striker's Demands Granted

LONDON, Jan. 16 (CP) — A meeting of delegates, representing striking London truck drivers whose walkout involves more than 50,000 men, broke up after 40 minutes today and the first strikers to emerge from the the hall announced "we are going back to work Saturday morning."

Later, heads of the Transport and General Workers Union announced that the 11-day-old strike had ended and the strikers would return to work Saturday.

Unofficially, it was understood that the strikers' demands for a 44-hour week, eight-hour day and payment of overtime for shifts exceeding eight hours had been granted by the Road Haulage Association, representing the employers.

The vote to return to work was almost unanimous, informed sources reported.

**From time to time during the closed meeting, bursts of applause could be heard.**

**Some delegates ran down the stairs shouting "it's back to work" to strikers assembled in the street.**

More than 100 ships were tied up in the Port of London by the strike of 20,000 dockers and stevedores who walked out in a protest against use of troops to move food supplies from markets.

All along the Thames ships lay at anchor with their cargoes half unloaded.

Because the strike is "unofficial" the labor ministry has specified that settlement of the wages and hours dispute cannot be undertaken until the drivers returned to work.

Troops, first employed last Monday to move food to shops drained during the then eight-day old strike delivered about 700 tons of meat from Smithfield Market yesterday.

"By Saturday," a spokesman for the Meat Transport Organization said, "the whole week's ration should be with the retailers."

The first large supplies to reach Covent Garden, the city's big vegetable market, arrived today and troops were on hand to deliver them.

The situation was critical at Liverpool where more than 1,000,000 persons were expected to get less than half their meat ration because of a sympathy strike at the Liverpool cattle market.

Meanwhile, members of Parliament felt the pinch of the strike as hash and cottage cheese replaced the customary roast beef or lamb in the House of Commons restaurant.

Although Parliament still is in Christmas recess, so many members are busy preparing bills that the catering staff is kept busy preparing 500 meals a day.

# Prepared to Investigate Priority System

VICTORIA, Jan. 16 (CP)—In a crossfire of questions and charges against the workings of the priorities system for building supplies, E. A. Leslie, Vancouver representative of the priorities officer, told a meeting of Victoria builders Wednesday that he was prepared to investigate and rectify any abuse of the priorities system which was reported to him in writing.

The meeting was called and sponsored by the City Council, and Alderman R. A. C. Dewar, Chairman of the Lands, Zoning and Housing Committee, presided.

The Victoria builders, led by Victor Leigh and Leslie Scott, charged that the priorities system had worked so badly that they were liable to stop the building of any more veterans' homes because they could not get enough priority materials such as nails, lumber, wiring and plumbing.

Mr. Leslie suggested that builders and suppliers should form themselves into a joint council such as had been done in New Westminster, Calgary and Edmonton for the purpose of cooperating to channel building supplies to veterans' housing, in addition to the priorities system.

"It works very well there," he commented, "and in New Westminster, because of this cooperation we have been able to finish 186 veterans' houses within a short period."

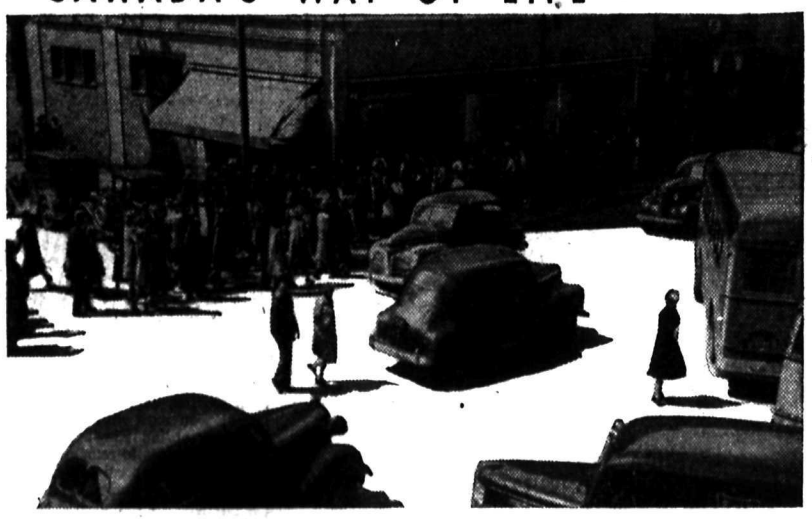
CANADA'S WAY OF LIFE -



200,000 Canadian Retailers Compete for Business

NOTHING, in normal times, lies out of reach of Canadian consumers by aid of Canada's retail shops. From the great department stores in the cities down to the general store at the cross-roads, Canada's retailers are serving the Canadian public well.

Individual initiative . . . free enterprise . . . personal responsibility . . . the spirit of competition in service rendered the public—these are the qualities which have made Canada's retail stores what they are.

Imperial Bank of Canada carries the names of thousands of retailers on its books. To serve the Canadian public many young men will seize opportunities where need for retail services to growing communities will develop. They may look to this bank for friendly consideration of their problems.

# Secret Submarine Canoe Helped Allies Against Enemy Shipping

By MICHAEL O'MARA
Canadian Press Staff Writer

LONDON, Jan. 16 (CP)—A 13-foot submersible canoe—cross between an Eskimo Kayak and a Buck Rogers crash boat—was used "successfully" against enemy vessels from 1943 until the war's end, but the Admiralty will not reveal details of the canoe's triumphs.

Pictures of the smallest underwater craft in the world, and the only one-man vessel of its type capable of resurfacing once it is submerged, has been permitted to appear in publications but security still covers many aspects of the craft and its work.

H. Q. A. Reeves, former British Army Infantry officer, who perfected the craft and acted as chief test pilot, was permitted to reveal these facts:

The motorized submersible canoe is fully decked, fitted with two electric motors operating a single screw. It is 12 feet, eight inches long with a beam of 27 inches. Fitted with ballast tanks, the vessel can partially be submerged to travel with only the operator's head above water or it can be totally submerged.

The vessel's cruising range is 40 nautical miles at a speed of 3½ knots.

**CAN DO UNDERWATER LOOP**

The pilot wears a heavy rubber suit fitted with an oxygen mask permitting submersion of 90 minutes. Underwater, the vessel travels at a normal depth of 30 feet but can dive lower and at 50 feet can loop the loop.

Reeves said the canoes were standard equipment on many British submarines— more than 300 were used during the war—and without amplification added that they also had been used by the Americans.

In the actions which he termed "successful" the submarine would surface releasing the canoe through a torpedo vent. The canoe would approach enemy vessels—frequently in port—place an explosive of an undisclosed nature on the hulls and withdraw before the explosion. Reeves said the canoes carried explosives capable of sinking a vessel up to 8000 tons.

# NELSON SOCIAL

By MRS. M. J. VIGNEUX

● Mr. and Mrs. Gerald S. Rees, Robson Street, have as guest, Mrs. Rees' sister, Mrs. W. Hudson of Victoria, who arrived Tuesday evening on a short stay.

● Mr. and Mrs. Lawrence Ott have returned from a few weeks spent at the Coast.

● Gilbert Choquette, son of Mr. and Mrs. Norbert O. Choquette, Mill Street, is a patient in the Kootenay Lake General Hospital.

● Mrs. Thea A. Gibson, Kerr Apartments, who has been in Trail, has returned home.

● Mrs. John Lundie, who has been a patient in the Kootenay Lake General Hospital, has returned to her home in the Kerr Apartments.

# Penal System Antiquated Says Matthews

INVERMERE, B. C., Jan. 16—Reverend J. H. Matthews, M. P. for Kootenay East, was guest speaker at the monthly meeting of the Windermere District Branch of the Canadian Legion, held at Invermere.

Mr. Matthews gave a report on the proceedings of the last session of Parliament. The speaker stated that he believed the Government wished to see the returned man get his rights, but, in many cases, difficulties encountered by individuals were caused by the way minor officials interpreted regulations.

He would be glad to do anything he could to be of assistance.

Prison reform, a subject which Mr. Matthews has devoted considerable time and study, both in Canada and in Britain, was long overdue. The inmates of the penitentiaries were the "forgotten men," he said. "The penal system was antiquated and inhuman and dual control of prisons, Federal and Provincial, did not help matters any." He lauded the Borstal system as used in Great Britain.

A Parliamentary Committee has been appointed to revise the Indian Act, but although the speaker had been an Indian missionary for 12 years and has some knowledge of the problems, he was not included in the committee.

*In conclusion Mr. Matthews said:* "Stay with your Legion." "A time may come when you will need it more than you do now." He urged all young veterans to become members.

## NAKUSP

NAKUSP, B. C., Jan. 15—Miss Ruby Berard was guest of honor at a surprise farewell shower prior to her departure to enter St. Eugene School of Nursing at Cranbrook. Miss Mavis Barlow and Miss Dodie Munn were hostesses at the home of Mr. and Mrs. Ed Munn. An umbrella of many lovely handkerchiefs was showered upon Miss Berard, who thanked her many friends for the lovely party and gifts. Cards were the order of the evening, with Mrs. G. Hampton and Mrs. Hill prize-winners. Invited guests included Miss Berard and her mother, Mrs. D. Berard, Mrs. R. Barlow, Mrs. M. Slattery, Mrs. Hampton, Mrs. E. Munn, Mrs. F. Coates, Mrs. H. Jordan, Miss Bernice Jordan, Miss Hazel Herridge, Misses Laura Robson, Yvonne Bedard, Doreen Parent, Dorothy Coates, Dorothy Evans, Edith Roberts, Marguerite Olson and Clara Hill.

Mr. and Mrs. M. Marshall and family of Rose Prairie, Peace River, who have visited Mr. Marshall's brother and sister-in-law, Mr. and Mrs. Hawthorn Marshall, left for their home Saturday.

Peter Thorn, C.P.R. master mechanic, was in the Nakusp yards Monday for inspection, leaving for Nelson Tuesday.

**DOG SOAP SOLVES SHORTAGE PROBLEM**

Supplies of ordinary domestic and toilet soaps are almost impossible to obtain but there are fair supplies of dog soap which is said to be as good as a medium-priced toilet soap. Women are rapidly buying up all available supplies of dog soap at 1s. (20 cents) a cake. They believe the dog soap is less injurious to the skin than ordinary soap. They also are buying shaving sticks with which to do domestic laundry.

# Kimberley Couple Wed

KIMBERLEY, B. C., Jan. 16—The United Church Manse, Cranbrook, was the scene of a pretty 5 o'clock wedding, Jan. 11, when the Rev. R. E. Cribb united in marriage Lillian Florence, daughter of Mrs. Florence Hynes of Kimberley and the late David Hynes of Brisco, B. C., and Robert James Willox of Kimberley, son of Mrs. Elizabeth Willox of Winnipeg, Man.

The bride was charming in her dressmaker suit of natural wool with brown pinstripe and brown accessories. Her corsage was of red roses.

Miss Eleanor Swan attended the bride and Michael Petrosky was groomsman.

Following the ceremony a wedding supper was served.

For her honeymoon trip to Spokane the bride chose a two-piece blue wool dress topped by a grey-blue coat with tuxedo fur front.

Mr. and Mrs. Willox will make their home in Kimberley.

STOCKHOLM (CP) — Dr. Sixten Kallner, of the Carolinian Hospital in Stockholm, reports successful treatment of asthma patients during the last six years with sulfa drugs, and, more recently, penicillin, which some people find more agreeable to take. His record to date is 92 per cent cured cases.

## Mrs. Dobbie Reelected Head of Invermere Aid

INVERMERE, B.C., Jan. 16 — Mrs. A. J. Dobbie was re-elected President of the Ladies Aid to Trinity United Church, Invermere, at the annual meeting. Mrs. A. R. Blake is Honorary President.

Mrs. Marvin Tunnacliffe was re-elected Secretary-Treasurer and Mrs. W. H. Cleland Vice-President.

The organization reported a successful year. Events during the year included a St. Patrick's Day tea, assistance with the refreshment concession at the Fall Fair, June tea at Manse and pre-Christmas bazaar and tea.

# Sisters at Tracadie Still Care for Lepers

By JOHN MOSHER
Canadian Press Staff Writer

TRACADIE, N. B., Jan. 16 (CP)—Contraction of leprosy in this part of the world is a scourge of the dim past, but Tracadie has a century-old history of caring for lepers and this work continues in a building near the Hotel Dieu Hospital, overlooking the thriving village, the Bay of Tracadie and the Gulf of St. Lawrence.

The new, two-storey 12-room Lazaretto now accommodated seven patients—three women and four men, including three Russians and a Chinese sent to the institution from the Western Provinces, a Pole and one patient from Ontario. They are attended by seven Sisters. The Lazaretto has a kitchen, parlor, office, bathrooms and a chapel.

When the Sisters of St. Joseph assumed care of the lepers in 1868 the colony had 20 patients. Between then and 1937 the total number of lepers here was 315 while 295 deaths occurred during the period.

**DESTROYED IN 1943**

The previous Lazaretto, completed in 1896, was destroyed by fire on Jan. 6, 1943.

History of the disease of this Gloucester County area dates back to 1757, about 40 years after Bretons Basques and Normans settled along the Miramichi River. In that year the French vessel L'Indienne was wrecked near Baie Du Vin. Some of her crew apparently had contracted leprosy in the Orient. They settled among the inhabitants, who had little resistance to disease after a Winter of famine and illness.

Tracadie, 52 miles from Chatham and then the largest settlement in the area, was hardest hit by the plague.

In 1844 a medical commission was unanimous in declaring the disease deprosy, although two members claimed it was heriditary and not contagious while the other contended it was contagious. Officials put Sheldrake Island into use as a Lazaretto but the 52 patients revolted against poor conditions and maltreatment, and a series of escapes followed.

Finally 18 months later, in 1845, the main building was set afire. After four more years a new Lazaretto was built here, but this, in turn, was levelled by fire in 1852. Another was erected the following year. Then, in 1868, six Sisters of Charity came from Montreal to take charge of the Leper Colony.

---

LONDON (CP) — Stansted airfield, near Bishop's Stortford, a United States Army bomber base during the war, is to become London's first freight airport, capable of handling the biggest freighter aircraft.

# New Officers At New Denver Hospital Aid

NEW DENVER, B. C., Jan. 14—The monthly meeting of the Hospital Aid was held at the home of Mrs. Julia Jones, Friday, with 10 members present. The President, Mrs. C. W. Nelson, presided and routine business was dealt with.

Mrs. William Rowe reported for hospital show case work, having been done by Mrs. Jones. The report from Hospital Board was presented by Mrs. George Burkett. Buying Committee report was given by Mrs. James A. Greer. Needs having been attended to Mrs. E. F. Angrignon gave report for Sewing Committee.

Mrs. William Clever was elected Vice-President and Mrs. F. Leo Beggs and Mrs. William Clever, representatives to the Community Club.

Arrangements were made for the annual Valentine dance and committees appointed were: Decoration, Mrs. A. D. Trickett, Mrs. William Rowe, Mrs. John Teir and Mrs. James Latto; Kitchen, Mrs. James A. Greer; Cakes and Sandwiches, Mrs. William Clever; Coffee and Tea, Reception Committee, Mrs. C. W. Nelson, Mrs. George Burkett and Mrs. A. D. Trickett.

Final arrangements will be made at a later date.

Refrshments were served by the hostess, assisted by Mrs. E. F. Angrignon.

Members present were: Mrs. C. W. Nelson, Mrs. James A. Greer, Mrs. William Rowe, Mrs. William Clever, Mrs. F. Leo Beggs, Mrs. E. F. Angrignon, Mrs. Julia Joens, Mrs. George Burkett, Miss D. Hamilton and Miss M. H. Butlin.

# Movie Gossip

## Montreal's Dancer Shares Role With Spike Jones in New Picture

By HELEN BANNERMAN
Canadian Press Staff Writer

Montreal's dancing Johnny Coy, whom a lot of people think is a sure bet to step into Fred Astaire's vacated shoes, is sharing with Spike Jones all the critics' praise for the new picture "Ladies' Man" starring Eddie Bracken.

The New York critics have been doleful about the film which fails to give Bracken or its other players a chance. But they all have had nice things to say about Coy.

Johnny's main place in the film is beating out expert rhythms in two tap numbers while he is theoretically a bell-boy delivering a message in a hotel lobby. Spike Jones and the City Slickers tear into "Holiday for Strings" and other numbers in a crowded subway train.

**CHILDREN'S SPECIALS**

In the United States a good many children go to the movies regularly on Saturdays, just as they do in Canada, and parents, teachers and others with the youngsters' welfare at heart have been justifiably alarmed at the unsuitable programs they often see.

Until recently exhibitors seldom took their child audiences into consideration except perhaps to add a Western serial or cartoon to the regular program.

To remedy this the Motion Picture Association headed by Eric Johnston, has arranged with 10 major producers to make available prints of the best children's pictures of the last 20 years. Already 28 features, all approved by reviewing troups as ideal for children, have been made available in United States film exchanges.

These films include favorites like "Adventures of Huckleberry Finn," "Alice in Wonderland," "Anne of Green Gables," "Anne of Windy Poplars," "Mrs. Wiggs of the Cabbage Patch," and "Poor Little Rich Girl."

**INVASION**

They say Hollywood's established ladies are having fits about the invasion of British actresses . . . Phyllis Calbert gets Robert Hutton in "Time Out of Mind;" Ann Todd gets Gregory Peck in "The Paradine Case," and Deborah Kerr gets Clark Gable for "The Hucksters."

# Scenery, Homes, Stores of New Home Delight Newly-Arrived Briton

LONGBEACH, B. C., Jan. 16—Recent arrivals from England are Mr. and Mrs. K. K. Eaton and their two children, Judith, aged 5½ and Peter, aged 3½.

Mr. Eaton is no stranger to the Kootenays, having lived in Longbeach 16 years ago, when he was for a time with Mr. and Mrs. F. H. Chanter.

Since then he has operated a farm in England for some years, and saw service during the war as an RAF pilot.

Mrs. Eaton and the children have never been in Canada before, and some of the things which have most impressed Mrs. Eaton so far are the immense size of the country, the well-stocked stores — particularly with goods made in England, yet not available over there; quantity and variety of food, the cheerfulness and friendliness of the people, and the glorious scenery of the Kootenays coming as a pleasant surprise after the dreariness of the Prairies, and finally, the well-built, comfortable looking houses in B. C. which she considers superior in every way to the vast majority of homes she saw on the overland journey from New York.

The Eatons are at present staying with Mr. and Mrs. D. G. R. Sargent in Longbeach, and they plan to live permanently in the district.

**EVENTFUL FLIGHT**

Their trip from England was eventful, for on the flight to New York they experienced four days of delays and detours due to bad flying weather. After an initial delay in Shannon, Eire, they took off for Gander, Newfoundland, only to be diverted to Santa Maria, Portuguese Azores.

After two hours there they flew to Gander where they were grounded for two days. Then, on taking off for New York, they were again diverted to Moncton, N. B., where they remained 12 hours before finally taking off and safely reaching New York. Thus, a journey which normally takes 17½ hours took five days.

Their journey from New York was overland and uneventful, except that they disembarked from the train at Harrop in a heavy storm to find the roads deep in snow and the plows busy at work clearing them.

# Mallandaine Creston Reeve For 9th Term

CRESTON, B.C., Jan. 16 — Col. E. Mallandaine was elected Reeve of the Corporation of the Village of Creston for the ninth consecutive year at the first meeting of the new 1947 Council, which brought out delegations and taxpayers of the village.

The Reeve welcomed the new Councillor and the Ratepayer's Association delegation and stated that during 1947 the commissioners proposed to spend over $100,000 in Creston, made up of $50,000 for sewage, would borrow $10,000 to improve the water reservoir and approximately $50,000 would be spent on the widening of the bottleneck on Canyon Street. He pointed out that the first two projects would be presented as a money bylaw to the taxpayers for approval or disapproval but that the latter project would be mainly concerned with the Provincial Public Works Department.

In conclusion he lauded Commissioner Frank Staples for his untiring and progressive work during the past year and also spoke of the work of retiring Councillor Langston.

As to the new appraisal of the village properties he pointed out that Creston in past years was under-assessed and the new assessment was largely brought about through the recommendation of the past Provincial Assessor. He felt that Creston was on the borderline of a city, but that the time was not yet ripe for city incorporation.

Congraulations were given the Council following the reading of the unofficial village financial statement by the Ratepayer's Association. The report showed that the village resources were sound financially and that a supply of construction materials was being brought in for future civic work.

Ratepayers present asked for the cooperation of the Council in having a road blocked off for sleighriding children and the matter will be further investigated.

---

DULVERTON, Somerset, England (CP) — A 15-year-old girl who kept a diary of her offences in code admitted in juvenile court she was responsible for fires which caused more than $80,000 damage.

## INVERMERE

INVERMERE, B.C. — Mr. and Mrs. H. R. Wannop and family have returned to Windermere after spending the past few weeks at the Coast.

Rev. A. E. Weaver returned to Invermere after visiting his wife at Victoria.

Miss Jessie Lim is on holiday from Victoria where she is a student nurse at the Jubilee Hospital. She is visiting her parents, Mr. and Mrs. Lim Man You at Athalmer.

Mr. and Mrs. W. H. Cleland and Miss Allison Cleland went to Vancouver from where they will go South to San Diego for a month.

Mr. and Mrs. Charles Wolfe of Athalmer are Calgary visitors.

Mrs Leigh Nixon and baby daughter have returned to their home at Wilmer from the Lady Elizabeth Bruce' Memorial Hospital.

Alec Gilmour has returned to Invermere from Cranbrook where he visited Mr. and Mrs. A. Ritchie.

Ms. Chalker has returned to the Windermere from the hospital at Invermere.

Mrs. James Stone and infant son have returned to their home at Brisco from the hospital at Invermere.

Mrs. Karl Osterman and son, Georgie, returned to Invermere from Fort William, where they have spent the past few weeks with the former's parents, Mr. and Mrs. George Kellough.

Frank Stockdale of Invermere was re-admitted to the Lady Elizabeth Bruce Memorial Hospital, after being at his home for a few days.

S. H. Barker of Edgewater is a patient in the hospital at Invermere.

Miss Josie Guey has returned to Calgary after spending several months at home with her parents, Mr. and Mrs. Chong Guey at Athalmer.

P. W. Russell of Toronto and A. E. Grange of Edmonton, Inspectors for the Imperial Bank, were in Invermere.

## Canada and the Privy Council

The Privy Council has decided that Canada if it pleases may abolish appeals to the Privy Council and make the Supreme Court of Canada the final Court of Appeal for this Dominion. There could hardly have been any other decision, in the light of the Statute of Westminster.

From a practical viewpoint this decision affects civil action only. Appeals to the Privy Council in criminal cases in Canada were abolished some time ago.

The fact that the Privy Council has decided that Canada has the right to abolish appeals to Privy Council establishes that principle but it does not necessarily mean that it would be wise for us to abolish the right to appeal to the highest court in the Empire in so far as civil cases are concerned and particularly in cases which involve constitutional questions.

It is no reflection on the Canadian judiciary to state that this Dominion has benefited through the right of its people to carry appeals to the Privy Council, a judicial which has the highest prestige of all courts devoted to the interpretation and administration of British law. Repeatedly cases have been decided in one way by a Provincial Court of Appeal, in another way by the Supreme Court of Canada and it has been necessary to go to the Privy Council for a conclusive decision.

Under our Canadian system it is vitally important that proper and constitutional balance should be maintained between the rights of the Dominion and the rights of the Provinces. The Privy Council has settled such arguments.

But the value of Privy Council decisions has not been confined to purely constitutional cases. Its decisions have protected the liberties and civil rights of the individual as against encroachment by bureaucracy. We have had a recent notable example in income tax cases.

The strength of the Canadian legal system is based upon British precedents. No court in the British Empire is as competent in doubtful cases to apply those precedents as the Privy Council.

Five of the nine Provinces in Canada are in favor of the retention of the right of appeal in civil cases to the Privy Council. It is said in Ottawa that if a bill to abolish appeals to Privy Council were introduced in the House of Commons it would pass without much difficulty. That might be so but to pass such a bill against the clearly expressed wishes of five of our nine Provinces might well prove to be a most unwise course.

## Bighorn Sheep in Kootenay Recovering From Epidemic

Two men have each been fined $200 and costs for the illegal killing of a Rocky Mountain (Bighorn) sheep near the Jasper-Edmonton Highway.

The largest flock of Bighorn sheep on the North American continent, about 3000 head, is contained in Jasper National Park. They range in bands over much of its rocky terrain, feeding and breeding among its crags and canyons. In Summer they are to be found high on its alpine meadows, and in Winter, down in its sheltered valley. While ordinarily the Big horn sheep is a very elusive animal, nevertheless, visitors to Jasper Park are frequently rewarded with good views of this expert mountaineer, and many a snapshot album has been adorned with photographs of wild sheep in their native habitat.

Bighorn sheep are common throughout the national parks in the Canadian Rockies. Banff National Park has about 500 of them and they are present in Kootenay and Waterton Lakes National Parks in smaller numbers. In 1941, epidemic disease decimated the Bighorn sheep in Kootenay and Waterton Lakes National Parks, but the latest reports indicate that flocks in these parks are gradually recovering from this disaster. The health of wild sheep in all the mountain parks is reported to be good at the present time.

The range of Bighorn sheep extends from Northern Alaska to Lower California and there are several geographical forms scattered throughout this vast area. The rams are distinguished by their huge curling horns, which were noted by the earliest visitors to the regions inhabited by wild sheep. By contrast the ewes have small, short, erect horns, much flatter than those of the rams. The head of a Bighorn ram has always been a coveted trophy of sportsmen.

Wild sheep can traverse, with comparative ease, mountain terrain that would test the skill of the greatest climber, and can move through difficult country about ten times as fast as a hunter on foot. Yet their innate curiosity, which impels them to stop after running a short distance, and survey the intruder from a nearby mountain crag, makes them particularly vulnerable to the high-powered rifle. Also their habit of visiting certain watering places and salt licks often resulted in mass slaughter in the days before protective laws were inacted for their preservation.

Within the boundaries of the national parks it is illegal to hunt or kill any wild bird or mammal. Wildlife is an essential part ofthe natural features of these parks and provides one of their greatest attractions for visitors.

## ? Questions ? ANSWERS

**Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions WILL NOT BE ANSWERED BY MAIL except when there is obvious necessity for privacy.**

J. A., Trail—Could you please give me the name and address of schools that teach criminology in Canada or the United States?

We understand there are no Canadian schools giving such a course. Criminology is taught in one of the large California universities, but we are unable to say whether it is University of Southern California or University of California, Los Angeles. For further information on your query write to: Luke S. May, Criminologist, Seattle, Wash., or to the Federal Bureau of Investigation, Washington, D. C.

D. H. C., Nakusp—Could you inform we as to where the nearest Army recruiting office is located?

The nearest Army recruiting office is at Vancouver. The address is: Headquarters, Military District No. 11, Vancouver, B. C.

L. S., Nelson—What do the words "skip" and "bonspiel" mean in connection with curling?

The skip is the player who heads a rink or side and under whose direction the ice is swept. Bonspiel is the name for curling matches with picked players.

## Looking Backward

### 10 YEARS AGO

From The Daily News of Jan. 17, 1937

The Kimberley Dynamiters, who are now touring Europe, will represent Canada at the world's hockey tourney in Great Britain. The Canadian Allan Cup champions have won every game on the European Continent except one that was left drawn.

Many cases of spreading 'flu are reported in Natal and Michel. The school children are the most affected, as the attendance at school has shown a noticeable decrease. Three teachers were forced to stay home through the sickness.

### 25 YEARS AGO

From The Daily News of Jan. 17, 1922

The Nelson Rovers defeated the C.P.R. puck team 3-2. Fred Grant's usual rallies pulled the Rovers ahead.

Alex Leith, by two wins, and Dr. E. G. Smyth, by one win, at the curling rink today retained their undisputed supremacy in the A and D section of the City Tournament.

Rt. Hon. Lord Aylmer has been elected President of the Queen's Bay Fruit Growers. The ranchers are planning to erect a packing house at the wharf.

### 40 YEARS AGO

From The Daily News of Jan. 17, 1907

With the worst cold snap, the severest in 19 years, the thermometer hovering continually around zero, many mills have closed down. Coal is almost impossible to obtain, and only half-ton orders are allowed.

At the annual meeting of the Mountain Lumbermen's Association, P. Lund was appointed President, the retiring President being J. W. Jones of London.

## Today's Horoscope

Through perseverance and adapting yourself, you will gain success. You are fair-minded, just and affectionate. You also have a good deal of executive ability. Your deepest happiness will be found in a deep and trusting love. Today's aspects are adverse, yet for many it will probably be a day of fulfilled hopes, gainful events, or pleasant surprises. Take advantage of it.

## Words of Wisdom

Many children, many cares; no children, no felicity.—Bovée.

## Letters to the Editor

**Letters may be published over a nom de plume, but the actual name of the writer must be given to the Editor as evidence of good faith. Anonymous letters go in the waste paper basket.**

To the Editor:

Sir—Some time ago Senator McGeer, speaking over the radio, was deploring old age pensions. Now he is again Mayor of Vancouver, and according to an item in The Nelson News, it looks as if one of his first moves will be to raise the salaries of the Mayor and Aldermen.

When one compares the salaries these gentlemen get with the pittance allowed the aged, it makes Mayor McGeer's speech on old age pensions seem kind of flat.

It is to be hoped that his intentions to help the aged are only waiting until he returns to Ottawa, where there are a lot more members, and one of these, the only lady member, will campaign with him in trying to convince the Prime Minister that old age pensions should be a Federal and not a Provincial responsibility.

Age comes to all, no matter where they live. So let's see what Jerry will do for us at Ottawa.

Boswell, B. C.

## Test Yourself

1. To whose reign was the term, "England's Golden Age," applied?
2. What four important documents were signed by Benjamin Franklin?
3. Who was Egypt's last Queen?

TEST ANSWERS

1. Queen Elizabeth's.
2. The Declaration of Independence, the United States Constitution, the Treaty of Alliance with France and the Treaty of Peace with England, the four most important documents in early American history.
3. Cleopatra.

## Press Comment

### BRITAIN'S POLITICAL PATTERN

The results of the borough elections in England signify two things. One is that, despite certain shortcomings in the domestic program of the Socialists, the bulk of the British electorate is still inclined to go along for the present with the Labor Party. The other is that the political genius of the British people is still sound: it prefers a two-party system to run the country, and, following a period of confusion which has lasted since the First World War, is instinctively finding its way back to that system. To illustrate this trend, the voters of England practically wiped out the numerous independents and the scattering of Liberals in the local government field. The Communists had no chance. Labor made great gains, bringing its strength on the municipal boards about to the level of its Parliament majority. The Conservatives held their own. Thus, for the time at least, the British seem to have decided that they need only two political parties to represent the essential variations in public policy.

Experience has shown that the Parliamentary system of government can work efficiently, and, above all, democratically, in no other way. Multiplicity of parties, as in France and Germany—to cite two examples—usually leads to political chaos. The single party system—as in Russia and Germany and Italy under Hitler and Mussolini—means only dictatorship and repression.

No doubt in Britain, as in all British countries including Canada, a great change has come over the patterns of political belief. Politics as a whole has shifted to the Left. The Conservative Party of Britain is in many respects farther to the Left today than the Liberal Party of a generation ago. In that respect it has become in effect the new Liberal Party. The old Liberal Party of Britain has fumbled its chances by trying to ape the Socialist—and seems heading for oblivion.

Canadian Liberals take note.—Vancouver Sun.

### CANADA, GREAT BRITAIN AND THE SLAVE TRADE

An interesting comment on the morality of present-day government is provided by two dispatches, emanating from Ottawa, and dealing with the 4000 German prisoners of war who are still being used as slave labor in Canada.

The first dispatch, sent by The Canadian Press, said in part: "The last of the German prisoners is scheduled to leave Canada in December . . . Lt.-Col. R. H. Davidson, director of the prisoners of war projects of the Department of Labor, said today that more than 1000 employers have asked to have certain prisoners remain, but Government orders are that every last one is to be sent home."

Interested in the closing words of this dispatch, this newspaper asked its bureau in Ottawa to find out precisely what was meant by the word "home". The reply came back: "As far as Canada is concerned, the Germans are being sent to the United Kingdom, and what happens to them after that is strictly up to the British Government."

That makes the matter clear. There is absolutely no doubt that the British Government will put these men to work in that country. There are already several hundred thousand German prisoners working in Great Britain, and the ones sent from Canada will be just that many more.

*This is the new slave traffic*—only the slaves are white instead of black. It is carried on by a Liberal Government in Canada and by a Socialist Government in Great Britain. It is a complete denial of the principles both countries have always proclaimed—and which they proclaimed in particular during the war against Hitler and Hitlerism.—Calgary Herald.

### ONLY 105 PER CENT?

They're saying now that 105 per cent of the registered voters went to the polls in Greece, which in the old controlled precincts of Kansas City would have been regarded as public apathy.—Detroit News.

## Etiquette Hints

**Well-bred people avoid showy dress, but are always immaculate and tastefully clothed.**

## Father Brings Girl Across Treacherous Ice to Hospital

BURNS LAKE, B. C., Jan. 16 (CP) — The tale of a father's heroism is being told today in this little Northern B. C. town, where a young girl is recovering in hospital fro ma fractured leg.

Geoge Hanke, with his seven-year-old daughter wrapped in a blanket and placed on a tiny sled, crossed the treacherous ice of Francois Lake Wednesday to bring her safely to medical attention. The temperature was 10 degrees below zero, and the only light the father had was a flashlight.

At times, he was forced to take both the sled and the girl in his arms and leap large cracks in the ice. Francois Lake is 40 miles from here.

## Eager Beaver

TIMMINS, Ont., Jan. 16 (CP) — Phil Fraser and George McLeod, bushmen who operate 30 miles from here, claim they have a four-legged partner who knows as much about the business as they do.

He's a big, grey horse named King, who they say, wants only to do his share of the work, and without the bother of reins or bit.

King is released from the stable at dawn and gallops off to the job by himself. He waits until his partners arrive and then is hooked to a log to begin his day's work. Without bit or rein he responds to the customary "gee" and "haws" but most of the time they aren't needed as he has an interest in getting the work finished.

## MOYIE

MOYIE, B. C. — Mr. and Mrs. T. V. Hogarth had as their guests, Mr. and Mrs. E. Hogarth of Cranbrook.

Mrs. Walker and children arrived in Moyie to take charge of the Nicholson rest home extension. The new home will soon be open.

Mrs. Rose McDonald has returned from the St. Eugene Hospital at Cranbrook with her baby son.

Miss Lois Andrews of Kimberley spent the weekend with her parents, Mr. and Mrs. W. E. Andrews.

Nap Gosselin returned from a trip to Bonnyville, Alta., where he visited his sister, Mrs. Martineau and his aunt, Mrs. Alice Guindon. He left on the evening bus for his home at Kimberley.

Mr. and Mrs. Stanley Gardener, newly-weds, arrived in Moyie to make their home. The young couple was married at Creston Jan. 7 by Rev. Ennals. The bride is the fifth daughter of Mr. and Mrs. W. Hook, the groom the eldest son of Mr. and Mrs. J. E. Gardener of Canyon. The wedding supper was served at the bride's home, a reception following in the Community Hall. Out of town guests at the wedding were Mr. and Mrs. M. Shubert of Moyie.

Miss Margaret Whitehead of Vancouver was married to Morris McIntye of Whidley Island, Wash., on Dec. 27 at the Holy Rosary Cathedral. Rev. Father Clinton officiated. The bride is the daughter of the late J. Whitehead and Mrs. Jessie Whitehead of Vancouver, formerly of Moyie. The groom is in the American navy and stationed at Adac, Alaska.

FOR YOUR SAFETY...

THE RAILWAYS leave nothing to chance. Signals must not fail. The automatic and sure protection at grade crossings is but one example of the deep concern shown for your safety.

Behind the eternal vigilance of these signals stands the sure and certain performance of Exide Storage Batteries. The railways' exacting specifications demand the best. The fact that they use Exides is proof of the trustworthiness of these batteries.

In your car an Exide will be just as dependable—ready to start your car instantly in any weather — with ample capacity to operate the other electrical equipment on your car.

And — you will find the Exide Dealers ready to serve your needs. They have the necessary experience and modern testing equipment to give you full satisfaction.

## MONARCHS PLAY TRAIL JAN. 22

VANCOUVER, B. C., Jan. 16—(CP)—Pat Lyons, Manager of the Winnipeg Monarchs, announced last night that last year's Memorial Cup winners would add another game to their British Columbia schedule by playing an exhibition game against Trail Juniors in Trail Jan. 22.

## Greco To Face "The Upsetter"

MONTREAL, Jan. 16 (CP) — Champion Johnny Greco, who needs a victory to boost him back into the boxing spotlight, returns to his home ring Monday to tackle tough Freddie Archer of Newark, known in fight circles as "the ring upsetter."

Monday's fight will be Greco's first appearance here since last Summer when he lifted the Canadian welterweight crown from ageing Tony Pellone in his last New York outing and a victory over Archer would take some of the sting out of that defeat.

Archer has beaten some of the top men in the game, including Beau Jack, Ike Williams, Fritzie Zivic and Bobby Ruffin.

Another fight Monday will take place in Toronto between featherweights Joey Bagnato and Lil' Arthur King.

## WITH STANE AND BESOM

Results of games played Thursday night in the Collinson Cup draw by the Nelson Curling Club were:

L. S. Bradley 10, J. P. McLaren 6.

A. Waters 11, F. D. Cummins 4.
A. B. Gilker 11, W. Kline 7.
A. R. Moore 8, A. H. Whitehead 7.

A. G. Harvey 14, K. McRory 8.
D. Laughton 8, N. J. Witchell 12.
J. Haydon 11, A. S. Horswill 8.
E. W. Kopecki 5, T. Swendson 8.
J. S. Thom by default from W. Laishley.
H. M. Whimster 7, G. S. Godfrey 11.

## Boxing Champ Has Injured Back

HARTFORD, Conn., Jan. 16 (AP) —A spokesman at Hartford Hospital said last night that featherweight boxing champion Willie Pep, injured in a plane crash Jan. 5, has two split and chipped vertabrae and that his back has been put in a cast.

The hospital spokesman said Pep's back injuries were "neither serious nor uncommon" and expressed the belief that they will not interfere with his ring career.

## Two P.C.H.L. Teams Regain Second Place

By the Canadian Press

Teams in both the Southern and Northern Division regained sole possession of second place in their respective sections as a result of Pacific Coast Hockey League victories Wednesday night.

In the Northern Division, Seattle Ironmen had the runner-up slot to themselves by virtue of a 5-4 win over New Westminster Royals. Had the Royals won—they were leading 4-1 at the end of the first period—they would have joined Seattle and Vancouver Canucks in a three-way tie for second place.

San Diego Skyhawks regained possession of a second place in the Southern Division by blanking Tacoma Rockets 4-0 in San Diego. The victory gave the former Saskatoon goalie, Ronnie Pickell, his seventh shutout of the season.

Hollywood Wolves continued their winning ways with a former Moose Jaw miller, Harold Brayshaw, leading the way with four goals as the Wolves handed San Francisco Shamrocks a 7-2 lacing.

## On the 10-Pin Alleys

Compiling a 1162 total, R. Olsen's pinbusters won over J. Drummond's squad by a slim 15 points on the Legion 10-pin alleys Tuesday night.

Top bowler of the evening was J. Drummond, who rolled a high individual score of 159 and a high aggregate of 287.

## Famed Shortstop Loses Leg

ORLANDO, Fla., Jan. 16 (AP)—Joe Tinker today lost the left leg which helped make him one of baseball's greatest shortstops.

The leg was removed just above the knee to stop a gangrenous condition which set in last October. Doctors said the former Chicago Cub player was doing "very nicely."

Barring complications, the member of the renowned double play combination of Tinker-to-Evers-to-Chance should be able to leave hospital in "10 days or so," authorities said.

## U.S. SKATER WINS AT ST. MORITZ

ST. MORITZ, Switzerland, Jan. 16 (AP) — Gretchen Merrill, United States figure skating champion, won the international figure skating contest today, defeating British and Australian competitors.

The victory made the 21-year-old Boston girl a bidder for the world championship in Stockholm Feb. 15. Ottawa's Barbara Ann Scott, Canadian and North American champion, will also compete in the world championships.

## Sentence Tilden To Nine Months

LOS ANGELES, Jan. 16 (AP)—William T. (Big Bill) Tilden, former world tennis champion today was sentenced to nine months in the County Jail after pleading guilty of contributing to the delinquency of a 14-year-old junior school boy.

Ordering Tilden to see a psychiatrist after his release, Judge A. A. Scott denied Tilden's plea for immediate probation and stay of execution.

"It comes as a great shock to all, particularly sport fans, that you should admit to such practices," Judge Scott said.

After serving his time, the court ruled, Tilden will be on probation for five years and "must never be in the company of either male or female juveniles unaccompanied by their parents."

The tennis pro was arrested last November in his automobile in company with the youngster.

"You have been an idol to thousands of youngsters and admired by millions of adults throughout the world because of your prowess as a tennis player," Judge Scott said.

"Your admitted practice is a thing we do not expect from great athletes. Also let this be an object lesson to parents so they might more closely supervise their growing children."

Tilden will be 53 years old next Feb. 10.

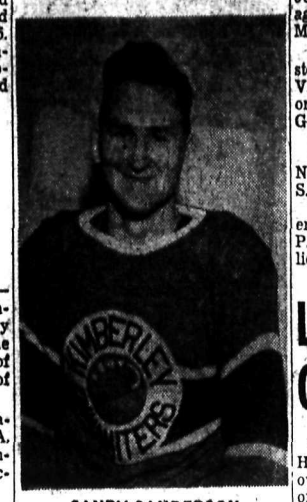
## Dynamiters To Trail Tonight; May Knot League



SANDY SANDERSON

The high-stepping Kimberley Dynamiters are challenging the Smoke Eaters tonight on Trail ice. Making the West Kootenay run, the Dynamiters will be here Saturday night.

The Smokies, if they defeat the Dynamiters, stand to return to second place, but will have to make room for both their opponents and the Leafs. A three-way tie would knot up the Western International Hockey League standings.

The Smokies, however, Tuesday night were still a fast-slipping team and hadn't regained the stride they lost early in December.

Sandy Sanderson, Kimberley forward, is second among W.I.H.L.'s *big 10, with 42 points. His teammate,* Sullivan, is first with 49.

Spokane plays at Los Angeles Saturday and Sunday.

League standing:

| | W | L | D | F | A | Pct. |
|---|---|---|---|---|---|---|
| Los Angeles | 22 | 10 | 0 | 122 | 106 | .688 |
| Kimberley | 11 | 10 | 0 | 109 | 77 | .524 |
| Nelson | 11 | 11 | 1 | 86 | 81 | .500 |
| Trail | 10 | 11 | 1 | 107 | 97 | .472 |
| Spokane | 6 | 18 | 0 | 81 | 146 | .250 |

## ROUGH PLAY ALARMING IN FOOTBALL

By JACK SULLIVAN
Canadian Press Staff Writer

LONDON, Jan. 16 (CP) — This first full-blown football season since 1939 has heard one sour note in what otherwise is a high-pitched chorus of enthusiasm. Sports writers and club officials complain that rough play has appeared to an alarming degree.

The Football Association, always on the alert to guard the honor of the game, has "nothing to say" about the allegation of win-at-any-cost soccer. The players' union also has no comment.

Such phrases as "unpardonable brutality — athletic anarchy— cold-blooded fouls — greensward gangsterdom," have appeared in a few papers. Arsenal of the first division and Tottenham Hotspurs of the second, have written about rough play in their program notes.

The Arsenal writer said he found "one fact which flashes ugly everywhere. The boy who tries to play good football is too often kicked out of the game."

He added that the rules are clear and asked: "Is it too much to ask that the referee use his authority to the full and come down on the hothead and the crafty hand with the severity they deserve?"

John Thompson, writing in the London Daily Mirror, said the "indignation" of club directors and managers into "sickening exhibitions of malice and brutality" by some players may result "in the most thorough disinfection soccer has known, the cleansing forever of an evil minority." He said unfair tactics are so vicious young players are seriously injured "before their talent can flower."

One other trend of thought on the alleged rough play is advanced by Dr. Kevin O'Flanagan, Arsenal's brilliant forward. "On the whole there are no complaints. There ought to be a distinction between vigorous play (of which he is an exponent) and dirty tackling and fouling."

## Hockey's Big 7

By The Canadian Press

Bobby Bauer, Boston Bruins forward, earned a goal and an assist in one of last night's three National Hockey League games to take over fifth spot in the scoring race.

| The leaders: | G | A | Pt. |
|---|---|---|---|
| Richard, Montreal | 23 | 17 | 40 |
| Kennedy, Toronto | 17 | 18 | 35 |
| Schmidt, Boston | 14 | 19 | 33 |
| Taylor, Detroit | 10 | 22 | 32 |
| Bauer, Boston | 17 | 14 | 31 |
| Abel, Detroit | 14 | 16 | 30 |
| M. Bentley, Chicago | 12 | 18 | 30 |

## N. H. L. Leaders

By The Canadian Press

Standing—Toronto, won 23, tied 4, lost 8, points 50

Points — Richard, Montreal, 23 goals, 17 assists, 40 points

Goals—Richard, Montreal, 23

Assists—Taylor, Detroit, 22

Penalties—Egan, Boston, Mariucci, Chicago 73

Shutouts—Broda, Toronto, Rayner, New York, 3

## SPARTANS FLOOR VIKING HOOPSTERS

Spartans overwhelmed the Vikings 10-6 in a rough and tough basketball game in the Nelson Junior High gym Thursday.

The first half of the game was played with the Spartans' Jim and Johnny Misuraca heading the battle against the Vikings, who had Allan MacDonald as leader.

Early in the second half the score stood at 10-4 for the Spartans. The Vikings were only able to score once in the fourth quarter when Gordon Pickering made the basket.

Lineups:

Spartans—J. Todd, D. Ludlow, G. Nutter, J. Burgoyne, L. L. Lythgoe, S. Grill, J. Misuraca, P. Zaitsoff.

Vikings—A. MacDonald, G. Pickering, J. Leschuck, G. Welbourne, P. Renwick, R. Bennedetti, C. Maglio, R. Burgess.

## Legion Up Two Over Weekend

The Nelson Legion Intermediates Hockey Club journeyed to Nakusp over the weekend and returned full of praise for the Nakusp hospitality.

The boys played Nakusp Saturday night, emerging victors 10-1. Attributing to the lopsided score was the splendid exhibition of goal tending by Joe (Buck) Stedile in the Legion nets. Time and again the hard fighting Nakusp club was robbed of almost sure goals.

Following the game the Nelsonites were treated to refreshments after which the boys were escorted to their billets.

Sunday afternoon New Denver came to Nakusp to take their turn at the Nelson club. The ensuing game resulted in a 10-4 win for Nelson.

Arrangements are now under way for return matches at Nelson. The Nelson lineup constituted H. Haines, J. Bengert, W. Holland, B. Whitfield, R. Nash, F. Koehle, J. Gallicano, J. Jarbeau, B. McDonald, B. Stedile, B. Noakes, D. Porteous and F. Koehle, Sr.

## Monarchs Draw With Whitespots

VANCOUVER, Jan. 16 (CP) — Winnipeg Monarchs, Memorial Cup champions last season, were forced to come from behind to hold the under-rated Vancouver Whitespots to a 2-2 draw in an exhibition hockey game before a crowd of 4500 fans here last night.

Sparked by some brilliant goaltending on the part of Roy Worrall, the Spots played good hockey in holding the Winnipeg six to a draw.

The Vancouver Club started with a hard drive and before the period was seven minutes old had scored both their goals.

Cam Millar put the Winnipeg six back in the fight with a bouncing long shot in the second minute of the middle session. The Monarch's Tom Johnson and Vancouver's Gordie Mirtle, were both serving penalties at the time.

Monarchs tied it up on a smart goal by Gordy Scott midway through the last period.

The action speeded up to a killing pace in the last few minutes, and although both teams had several chances, neither scored.

SUMMARY

FIRST PERIOD

1—Vancouver, Varga (Wright) 4:56;

2—Vancouver, Berry (Andrew) 6:45;

Penalties—Buchan, Simpson, T. Johnson.

SECOND PERIOD

3—Winnipeg, Millar 1:50;

Penalty—Mirtle.

THIRD PERIOD

4—Winnipeg, Gordie Scott 9:23;

Penalty—Reeves.

## Launch Hunters Insurance Scheme

VANCOUVER, Jan. 16 (CP) — Fish and Game Associations on Vancouver Island are inaugurating a hunter's insurance scheme costing only 50 cents a year. The scheme provides hunters and fishermen with a coverage of from $5000-$10,000 for public liability and $1000 for property damage.

The plan was reported to the Truck Loggers Association today by Rex Hayes, Island Game Warden.

## Leafs, Canucks Draw 1-1 in Rugged Tussle

MONTREAL, Jan. 16 (CP) — Toronto Maple Leafs and Montreal Canadiens battled to a 1-1 stalemate here tonight in a rough house fixture that saw referee Frank (King) Clancy hand out 20 minor penalties as a capacity throng of 12,066 customers were kept in an uproar throughout.

The top two teams in the National Hockey League race fought tooth and nail as they threw body checks about with abandon. It was the second meeting between the arch rivals in two nights and the draw left the second-place Habitants still nine points behind the League's leading Leafs.

SUMMARY

First period — 1. Toronto, Poile (Thomson) 2:30.

Penalties — Chamberlain, Reay (2), Bouchard, Meeker (2), Mortson, Thomson, Lach, N. Metz.

Second period — Scoring—None.

Penalties—Peters, Meeker, Reardon, Thomson, Richard, Harmon, Stanowski.

Third period—2. Montreal, Fillon 6:37.

Penalties — Lach, Meeker, Bouchard.

## Plane Crash Victim Famed Flier, Rugby Star

VANCOUVER, Jan. 16 (CP) — Sqdn.-Ldr. Robert A. (Bobby) Buckham, Commanding officer of the RCAF station at Whitehorse, Y. T., killed in the crash of an air force plane in the Northern wilderness, was a former rugby star here and one of Vancouver's most famed wartime flyers.

He was the holder of both the British and United States Distinguished Flying Crosses, winning fame as a member of Wolf Fighter Squadron, and before going overseas in 1941 was a star with the Vancouver Meraloma rugby squad.

His widow and child live in Whitehorse, and his mother and two sisters here. His father, the late John A. Buckham, was a speaker of the British Columbia Legislature.

## Smokies Add Juniors to Lineup

TRAIL, B.C., Jan. 16—The Trail Smoke Eaters will ice two outstanding Juniors here Friday night in their game against the Kimberley Dynamiters.

Rail birds who watched the two juniors, Cook and Secco, work out tonight in a practice session without Cronie between them, predicted a pleasant surprise for hockey fans.

Coach Jimmy Morris will use Ron Gardner, Dave Nicol and Ken Stanton on the other line, N. Shearer, fast skating defenceman, who was injured during a work-out will also make his first appearance. DePaolis, Anderson and Christenson, will fill the other defence positions. Benched for Friday's game are Kwasney, Marshal, Robertson and Crowder. Zeke Clements is still out with a back injury.

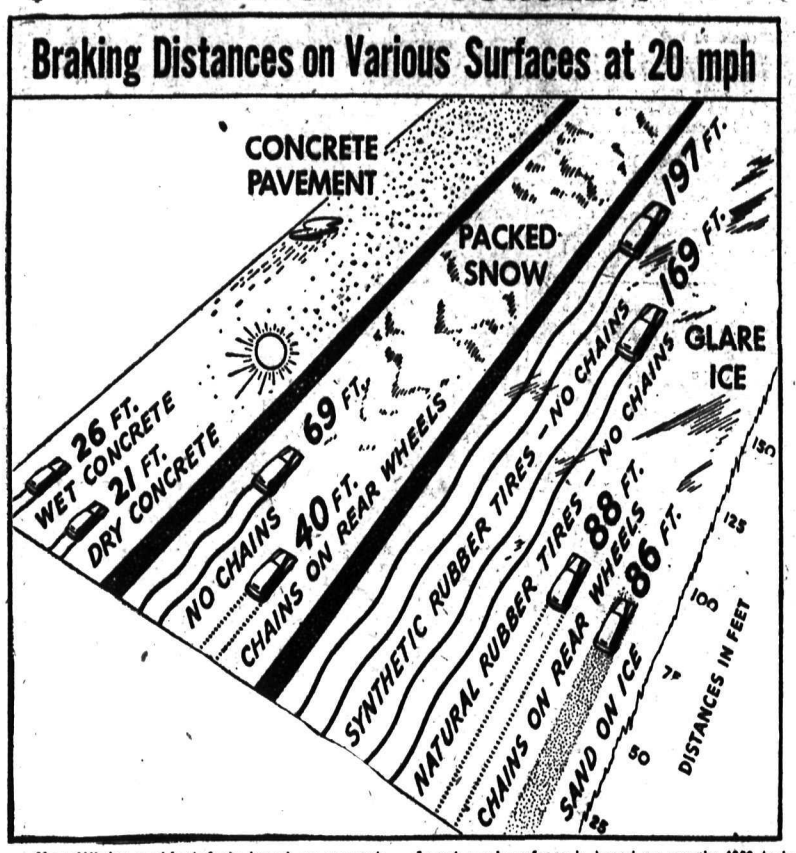
## DON'T SKID YOURSELF!



New Winter accident facts based on research and tests reveals alarming increase of skidding and poor visibility crashes during snowy, icy weather. Authorities urge Canadians to use tire chains, equalized brakes, windshield wipers, defrosters, good lights and lower speeds to minimize added hazards—inadequate stop-and-go traction on snow or ice and reduced visibility. The above guide on average braking distances for automobiles on different road surfaces is based on nearly 4000 tests made by the Committee on Winter Driving Hazards of the National Safety Council. (Total stopping distances are 22 feet more than each of the average braking distances shown in above chart because it takes the average motorist three-quarters of a second to react and apply brakes after seeing reason to stop, and this means 22 feet at 20 miles per hour.)

## *Montreal's Hard Hitting Defencemen*

KENNY REARDON

Two of the hardest hitting defencemen in the National Hockey League this season are Emile Bouchard and Kenny Reardon, shown in graceful flight above. Both rugged individuals, they carry out their defence duties with Montreal Canadiens in formidable style and make it pretty hot for anyone in their way. Bouchard, one of Canadiens' outstanding pucksters, is also an all-star player.

| Rails | 48.13 | up | .60 |
| Utilities | 35.77 | down | .07 |

## Market Trends

NEW YORK—Rails and selected industrial stocks negotiated modest recoveries following an early fast selloff, although many leaders continued to seek losing territory.

LONDON—The stock exchange continued its upward movement, closing firm with few exceptions.

MONTREAL— Fractional losses were in a majority. Papers as a group were slightly lower. Trading continued light.

TORONTO—The downward trend continued. Volume for the day was 1,075,000 shares.

### Calgary Livestock

CALGARY, Jan. 16 (CP)—Cattle market active at steady prices.

Wednesday's receipts: 421 cattle 143 hogs. This morning: 78 cattle, 73 hogs, 79 sheep.

Hogs sold Wednesday at $20.00 for A's at yards and plants. Sows $14.50 live weight.

Good choice butcher steers 12.25-13.00; common to medium 10.00-12.00. Good to choice butcher heifers 11.25-12.00; common to medium 9.00-11.00.

Good cows 9.25-9.75; common to medium 7.50-9.00. Canners and cutters 5.00-7.00.

Good bulls 9.25-10.00; common to medium 8.00-9.00. Good stocker and feeder steers 10.25-11.50; common to medium 9.00-10.00.

### Victoria Gasoline Stations Seek Hours Bylaw Change

VICTORIA, Jan. 16 (CP)—Repeal of the present bylaws governing the hours during which gasoline service stations may remain open was requested of the City Council in a petition signed by 53.8 per cent of the licensed operators in the city, and the matter will come before Monday's City Council meeting.

BRIDGETOWN, Barbados (CP)—Proposals amending constitutional practices in Barbados, wherein the Governor has the whole responsibility of government but no power, while the House assembly possesses power but no responsibility, has been put forward by the Governor for consideration by the House.

# British Women Seek Wage Equalization

By JAMES McCOOK
Canadian Press Staff Writer

**LONDON (CP) — Miss Ann George, young and smart, told the Trades Union Congress at Brighton that she is private secretary to a cabinet minister, and complained that if a man could get her job he would get 20 per cent more pay.**

**Miss George's protest that women have labored too long under unfair conditions in all forms of employment stirs concern in high places in the Labor movement, dependent through its history on the support of women workers. Miss George is secretary to George Tomlinson, Minister of Works, and other ministers in the Labor Government probably have women secretaries who hold similar views.**

The equal - pay - for - equal - work school has its enemies in those who say the average man has to maintain not only himself but a wife and family while many working women have not the same responsibility. The T.U.C., however, carried unanimously a resolution declaring dissatisfaction with "discrimatory practices pursued by employers of labor against their female staffs."

As a major employers of female labor, the Government hopes its answer to the demand for equal pay for men and women doing similar work will be made easier by the report of a Royal Commission on the question which has been sitting at length but is expected to report shortly.

The Commission was established by the Churchill Coalition Government as a result of the defeat by one vote on an education bill amendment dealing with equal pay for women teachers.

Mrs. Thelma Cazelet-Kerr, then a Conservative back-bencher, was responsible for this defeat. Later she became Under-Secretary for Education but lost her seat at the 1945 general election.

The Commission was asked to advise the Government on the social and industrial implications of equal pay and what would be involved if it were adopted as a matter of national policy. The Commission is not required to say whether it believes equal pay is desirable.

### Child Centre Facing Eviction Seeks Homes

MONTREAL (CP) — Faced with eviction from their premises on East-end Ontario Street, directors of the Children's Receiving Centre have issued a plea requesting foster parents to accept one or more of the 24 children remaining in the home.

Board will be paid for each child accepted until it can return to its parents or be taken into a new building directors hope to find shortly.

The 10-year-old centre, an affiliate of Welfare Federation, acts as a clearing house for youngsters to be adopted or placed in foster homes.

Designed to hold the centre's work together until new - premises are found, a system whereby foster homes will be subsidized is being worked out.

This will include payment of a $50 monthly retainer fee to private families on the understanding they will accept the care of one or more children when their home is needed. An additional $24 monthly board will be paid for each child as long as it remains.

### South African Unions Seek Industry Probe

JOHANNESBURG (Reuters) — The South African Gold Miners' Union Joint Committee has decided to ask the Government to appoint a commissioner with "the widest possible terms of reference" to investigate the capacity of the mining industry to meet the high cost of production and legitimate demands of the workers.

The committee suggested that the commission should probe:

1. Possibility of expansion of the industry with or without state aid.
2. Possible Government subsidies for low grade mines to enable them to provide employment on reasonable conditions.
3. Advisability of nationalization of the mines.

It was decided to defere other demands, such as an increase in the price of gold, subject to a commission being appointed to report by June 30, 1947.

The miners will press immediately, however, for an adequate pension scheme on the same lines as that for mine officials.

### AUSSIES USE PLANE IN CRIME DETECTION

SYRNEY, Australia (CP) — The New South Wales Police Department is using an airplane to speed up its work in the 300,000 square miles of state territory over which it has jurisdiction. Within a few years the department hopes to have a squadron of planes.

The new police plane is used to fly detectives and dogs to the scene of crimes in country areas, to take aerial photographs of districts where crimes have occurred and to spot outbreaks of fire.

It has a chew of three, all former members of the Royal Australian Air Force, who work in shifts, and carries four detectives. The plane has a compartment for police dogs and a portable selection of crime detection equipment.

The plane is equipped with two-way radio which keeps it in touch with headquarters in Sydney and permits it to tune in to the police frequencies of the neighboring states of Queensland and Victoria.

The speedy transport which the plane permits enables police to reach a country area within hours of a call compared with days of car and train travel.
