Findings Blaze New Trail in Labor, Management Relations

Mr. Justice Rand Holds All Ford Workers Must Pay Dues, Provides Company Security

By JACK WILLIAMS
Canadian Press Staff Writer

TORONTO, Jan. 29 (CP)—A 61-year-old justice of the Supreme Court of Canada with a wide legal background — but hitherto almost unknown in labor relations—today gave Canadian employers and labor union leaders something new to think about.

As the basis of ending a drawn out dispute between the Ford Motor Co. of Canada at Windsor, Ont., and the United Automobile Workers' Union (CIO), Mr. Justice Ivan C. Rand held—in a decision which both parties had previously agreed to accept as binding—that all Ford employees should pay union dues, whether they were members or not.

That principle, new in Canadian labor circles at least, was directed at meeting the demand of the UAWA for a union shop requiring all employees to join the Union and so support its efforts on behalf of the plant employees as a whole.

GIVES JOINT SECURITY

In return for an assured income of $1 a month for each employee—about $9000 under present conditions—the union was definitely given the responsibility of keeping the plant in operation and avoiding work stoppages. Heavy penalties on the union through loss of collection of its dues by the company and fines with loss of seniority to individual employees who engaged in non-union strikes formed the basis of company security.

Reaction to the Rand formula was limited and cautious.

In Ottawa A. R. Mosher, President of the Canadian Congress of Labor which has been active in seeking clear-cut union security legislation, suggested the Rand plan might be acceptable to employees who had opposed union shops. On the other hand he opposed the idea of having all employees on an equal basis when the union took a strike vote.

Mr. Rand outlined his report to company and union representatives in a downtown hotel today before it was made public. A well known jurist, his legal experience included private practice in his hometown of Moncton, N. B., and in Regina and Medicine Hat, Alta., but his previous labor contacts had been largely with railway unions when he was counsel for the Canadian National Railways prior to his Supreme Court appointment in 1943.

SPECIALLY FOR MASS PRODUCTION PLANT

The Ford plant was a mass production plant employing large numbers of semi-skilled workers and the plan was intended to meet their problems, not as a panacea for labor-management difficulties in general.

He put it this way:

"I do not for a moment suggest that this is a device of general applicability. Its object is primarily to enable the union to function properly. In other cases it might defeat that object by lessening the necessity for self-development. In dealing with each labor situation we must pay regard to its special features and circumstances."

HARRY L. HOPKINS, CONFIDANT OF ROOSEVELT, DIES

HARRY L. HOPKINS

NEW YORK, Jan. 28 (AP) — Harry L. Hopkins, 55, former special assistant to the late President Roosevelt, died at 1:35 a.m. EST today at Memorial Hospital here.

Mr. Hopkins entered hospital last November. He had been in ill health for several years and resigned his White House post last July 3, saying "I must take a rest."

A hospital attache said the nature of Mr. Hopkins' illness had not been determined.

Since leaving Washington, Mr. Hopkins had been impartial chairman of New York Citys' cloak and suit industry. He succeeded former Mayor James J. Walker. His salary was reported to be about $25,000 yearly.

Born in Sioux City, Iowa, he became Federal Relief Administrator during the depression years of the 1930s and later became President Roosevelt's closest confidant.

HELPED SHAPE WAR, PEACE POLICIES

As special assistant to the President, he attended several historic war conference with Allied leaders and helped to shape policies of war and peace.

During the war he also was chairman of the Munitions Assignment Board and member of the War Mobilization Committee. He lived at the White House for 3½ years.

Mr. Hopkins was married three times. His first marriage to Ethel Gross ended in a divorce after 17 years. He then married Barbara Duncan in 1929.

The second Mrs. Hopkins died in 1937 and five years later he married Mrs. Louis Gill Macy, New York fashion designer, in a ceremony performed at the White House.

A son by his first marriage, Marine Pte. Stephen Hopkins, was killed in 1944 in the Marshall Islands. He had three other children by that marriage. He had one child, Diana, by his second marriage.

"PUBLIC BENEFACTOR"

OTTAWA, Jan. 29 (CP) — Prime Minister Mackenzie King, leaving the Dominion-Provincial Conference today, was momentarily stunned when told of the death of Harry L. Hopkins, former United States Presidential assistant.

Mr. King had been a close personal friend of Mr. Hopkins and had exchange correspondence with him just a week ago.

The Prime Minister said:

"This is a great shock. Mr. Hopkins was a great public benefactor, one of the world's benefactors. This is a great loss."

CHAMPION OF WEAK

MIAMI BEACH, Fla., Jan. 29 — (AP) — Winston Churchill tonight expressed "profound grief" at the death of Harry Hopkins, wartime advisor to the late President Roosevelt, and declared "a great American is gone from us."

"A strong, bright, fierce flame has burned out a frail body," added Britain's war leader.

"Few know better than I the services he rendered to the world cause. President Roosevelt had the gift of choosing generous and noble spirits to help him in peace and war. . . .

"He was a true leader of men, and alike in ardor and in wisdom in time of crisis, he has rarely been excelled.

"His love for the causes of the weak and the poor was matched by his passion against tyranny especially when tyranny was for the time triumphant. . . .

"We do well to salute his memory; we shall not see his like again."

G-M, WORKERS TO RESUME NEGOTIATIONS

Farmers Propose Strike as Protest Against Strikes

SNYDER OPTIMISTIC

NEW YORK, Jan. 29 (AP) — Agreement by the General Motors Corporation and the United Auto Workers (C.I.O.) to resume negotiations in their 70 day old wage dispute brightened the United States labor-management picture today. In contrast however was a United States Steel Corporation statement that it would need "very much more" than $4 a ton to grant striking C.I.O. steelworkers even the 15-cents-an-hour wage boost already offered.

Meanwhile continuing strikes kept some 1,390,000 workers idle throughout the country.

High optimism was expressed by Reconversion Director John W. Snyder over prospects for settling the steel, General Motors and other strikes.

Mr. Synder said in Washington, however, his hopes were based on recent trends toward "free collective bargaining" settlements and commented: "When you see the customers of steel—Ford and Chrysler, for instance—getting ready to do business, that's a hopeful sign."

James F. Dewey, specially assigned Federal labor conciliator, disclosed that General Motors and representatives of its 175,000 striking production workers would resume negotiations in Detroit — probably Wednesday.

FARMERS PROPOSE PROTEST

Meanwhile, a country-wide farmers' "strike against strikes" was proposed by farmers in Clay County, Nebraska.

John J. Brady, Iowa director of the Midwest Truck Operators Association, announced settlement of a 70-day Midwest truck drivers' strike. A two-year contract was signed granting A.F.L. truck drivers a pay boost of about 15 to 18 per cent.

The truck strike settlement brought only a momentary fluctuation on the strike graph, however, as 8000 C.I.O. United Farm Equipment Workers went on strike at the huge Caterpillar Tractor Company plant in Peoria, Ill., forcing 17,500 production and office workers into idleness.

The union said it was asking a 30-per-cent wage increase and settlement of 66 grievances.

'QUAKE SHAKES TOKYO

TOKYO, Jan. 30 (Wednesday) (AP)—An earthquake of 12 seconds duration shook Tokyo at 3:40 a.m. today (10:40 a.m., P.S.T., Tuesday) but no damage was reported. The tremor was the first recorded since the American occupation.

Martin Warns Council Against Overpromising

Sees Coordinating of Policies for Good of All as a Duty

BY ROSS MUNRO
Canadian Press Staff Writer

LONDON, Jan. 29 (CP Cable)—State Secretary Paul Martin of Canada today told the United Nations Economic and Social Council: "It is essential that we should from the beginning keep a sense of proportion and not promise ourselves or others more than we are able to perform."

At the same time he stressed that there are few tasks confronting the United Nations of more vital importance than those to be undertaken by the Council.

NO EXCUSE FOR INACTION

At the second meeting of the 18-power body on which Mr. Martin represents Canada he said primary responsibility for the pursuit of policies designed to accomplish the purposes of the Council—promotion of higher standards of living, full employment and economic and social progress—rests for the time being on the national governments.

"No government can divest itself of this responsibility or use the existence of this body as an excuse for inaction," he continued.

Mr. Martin said the danger lies in the likelihood that countries will be so intent on accomplishing their purpose that they will adopt national policies without regard to the effect of these policies on other people.

"It will be our task, and it is by no means an easy one, to attempt to harmonize the progressive policies of various member countries and to ensure that prosperity and well being in one are not achieved at the cost of depression and poverty in another . . . ."

BACKS NAMING OF SENIOR OFFICIALS

Regarding appointments to the various commissions to be set up by the Council, Mr. Martin urged in most cases that the majority of members of a commission be senior governmental officials "who are capable of exerting certain influences on national policy and who will bring to the commission a sense of what is in fact practical.

"We also agree that it would be unreasonable to nominate for such purposes a particular official who was unacceptable to his own government. But it seems to us that most of these commissions should function as expert bodies and not bodies of government representatives."

He said he doubted if the Council really was equipped at present to make the best selections.

HOTEL INVADERS WILL DEFY ARMY ORDER TO VACATE

VANCOUVER, Jan. 29 (CP) — The executive of the Citizens' Rehabilitation Council of Vancouver tonight agreed to operate the old Vancouver Hotel as a veterans' hostel under a Federal government guarantee to meet any deficit.

Council officials, at a special meeting, said the owners of the hotel, Canadian Pacific Railway, had been contacted and negotiation for a new lease are expected to be concluded tomorrow.

VANCOUVER, Jan. 29 (CP)—Leaders of veterans who occupied the old Hotel Vancouver in protest against failure to obtain housing accommodation said today they will defy an Army order to vacate the big downtown building by Friday.

They said the 250 veterans now occupying the 535-room structure, vacant since the Army moved out recently, will refuse to leave until they are certain a lease has been signed between the Canadian Pacific Railway, the owners, and the Vancouver Citizens Rehabilitation Council which has agreed to operate the building as a hostel.

TO CUT OFF SERVICES

Army officials told a committee representing the veterans, the leaders reported, that they will turn off heat, light and water at midnight Thursday and they want the veterans to leave so that when the hotel reverts to the CP.R. at midnight Friday, it will be "completely vacant."

Matt McEwen, Executive member of the New Veterans Branch of the Canadian Legion, said "They can't pull any wool over our eyes," adding the Regional Offices of the Federal Department of Veterans' Affairs will remain in the building and facilities must be continued for the Department offices.

British Trade May Reach 1938 Volume by 1946

By STUART UNDERHILL
Canadian Press Staff Writer

LONDON, Jan. 29 (CP Cable) — British industry is getting back on its peacetime feet to an extent not yet reflected in export figures, Sir Stafford Cripps, president of the Board of Trade, told a press conference today.

He said it is hoped to reach the 1938 volume of exports before the end of 1946.

The primary purpose of today's press conference was to announce the names of men appointed regional export officers in the United Kingdom, the latest step taken by the Labor government in encouraging export trade.

These officers, in 12 zones, will have the task of stimulating exports by interesting manufacturers formerly limiting their production to the domestic market to ship abroad; helping those already exporting to expand their markets; easing any bottlenecks in the export setup; and providing general advice and assistance.

Sir Stafford forecast a country-wide campaign to stimulate exports further once the volume of exportable goods reaches suitable proportions. He said at present all available goods are being exported and that British manufacturers were "overwhelmed" by orders from foreign buyers who complained they could not get supplies.

Sir Stafford said at present shipping space was "rather satisfactory" although normal routes had not yet been resumed to any great extent.

United Kingdom exports in 1938 totalled £471,000,000 which declined to £233,000,000 in 1943.

Norway Foreign Minister Nominated Secretary-General

Compromise Candidate Selected After 5-Power Meet; Soviet Opposed Canadian

LONDON, Jan. 29 (CP) — The United Nations Security Council by secret ballot tonight nominated Trygve Lie, 49-year-old lawyer-diplomat and Norway's Foreign Minister, for the post of Secretary-General of the United Nations Organization.

The Security Council met secretly but American officials who attended the gathering of the 11-power body, said Mr. Lie's name was placed before the Council by Edward R. Stettinius, American member of the Council.

The Council was in session only 30 minutes and the selection was said to be unanimous.

The stocky, 56-year-old lawyer-diplomat was selected as a compromise candidate for the $20,000-a-year post after a session of the five principal power representatives in the hotel room of Edward R. Stettinius, United States delegate last night.

Previously the Americans had backed L. B Pearson, Canadian Ambassador in Washington, while Russia had been supporting Lie.

The General Assembly now must act upon the nomination but Mr. Lie's election is regarded as a formality.

L. B. Pearsan, Canadian Ambassador in Washington, previously had been supported by Great Britain and the United States but Russia had opposed Mr. Pearson. The Russians were understood to feel that the Canadian diplomat had the necessary personal qualifications but they opposed a North American for the post because the site of the organization is to be in the United States.

SITE SELECTION REMAINS

The nomination of Mr. Lie (pronounced Lee) left only one major organization problem to be decided by the United Nations Assembly—selection of a site in the United States for the permanent home of the world peace agency.

The United Nations Charter provides that the five powers must be unanimous on a Secretary-General and that he must be nominated by a secret ballot in secret session.

The Council then reports to the General Assembly.

After tonight's meeting the Council, said its President, Norman Makin of Australia, was "communicating urgently" with Mr. Lie in order to discover whether he would be prepared to accept this nomination.

DECISION SATISFIES

Pamela Matthews, a Reuters diplomatic correspondent, said the decision caused genuine satisfaction among observers and delegates to the General Assembly meeting.

The General Assembly meeting in plenary session during the day approved Committee recommendations for establishing immediately five Commissions under the Economic and Social Council—a Commission on Human Rights, an Economic and Employment Commission, a Statistical Commission, a Temporary Social Commission, and a Commission on Narcotic Drugs.

The Assembly also approved a recommendation to establish if possible at this session three other commissions under the Economic and Social Council — a Demographic Commission to study population problems, a Temporary Transport and Communications Commission, and a Fiscal Commission.

TO RESTORE GEN. MORGAN AS UNRRA CHIEF

WASHINGTON, Jan. 29 (AP)—Herbert H. Lehman, Director General of the United Nations Relief and Rehabilitation Administration, announced today he had decided to restore Lt.-Gen. Sir Frederick Morgan to duty as chief of U.N.R.R.A. operations in Germany.

The relief agency had called for Gen. Morgan's resignation after he expressed belief at a press conference Jan. 2 that a secret Jewish organization was promoting an exodus of thousands of Jews from Poland to the United States zone in Germany. The request for the resignation later was suspended.

"In view of all circumstances, I have concluded that I am justified in continuing to place confidence in him," Mr. Lehman said.

Dispatch Says Federal Offer Boosted to $15

TORONTO, Jan. 30 (Wednesday) (CP)—The Globe and Mail today said in a dispatch from Ottawa that the Federal government has offered to the provinces now gathered in the Dominion-provincial meeting to revise the per capita grant upwards from $12 to $15.

The dispatch said the "new offer" switches the basic year for caculating the irreducible minimum of $12 from 1941, when gross national production was about $700 per capita, to 1942, when it reached more than $900 per capita. "The actual amount will be slightly more than $15 a head," the dispatch added.

It estimated the over-all effect of the proposal would be to increase the minimum amount paid by the Dominion, "by approximately $50,000,000 a year." Prince Edward Island and British Columbia, however, would not come under the new rate, having been singled out for special treatment, the story said.

Icebergs Seen in Passage, Mine Fired

SEATTLE, Jan. 29 (AP) — The Coast Guard said tonight "large icebergs" have been noted in the Stephens Passage area between Point Hugh and Midway Islands on the Alaska route.

The report said also a drifting mine was sighted at the entrance to Prince William Sound and sunk by gunfire.

POST WAR PLANS DELAY THOUGHT PREMIER THEME

By D'ARCY O'DONNELL
Canadian Press Staff Writer

OTTAWA, Jan. 29 (CP) — The coordinating committee of the Dominion-provincial conference today was understood to have discussed delay in reconversion programs due to lack of agreement on the division of taxation rights between the Dominion and the provinces.

While no official statement was issued when the meeting adjourned until tomorrow, it was understood some of the provinces, pointing to the unemployment situation, said they were hesitating to undertake public works projects until the outcome of the conference became more clear.

The Federal government in its proposals last August offered to give financial and other assistance to public works projects that would give employment at times when private industry failed to do so.

Prime Minister Mackenzie King, chairman of the committee meetings, declined to disclose what had been discussed at the meetings which began yesterday.

CLARIFY SUGGESTIONS

From other sources, however, it was learned that much of the time so far has been devoted to clarification of the Dominion proposals and provincial counter-proposals. One delegate said much of the work done at the economic committee meetings earlier this month was being duplicated.

Provincial premiers generally remained confident the committee will be able to find at least some common ground for discussion before the meetings adjourn, probably at the end of this week.

The main question appeared to be what compromise could be reached between the Dominion and Ontario proposals. The Federal government wants exclusive rights in the personal income, corporation and inheritance tax fields. In return it would pay a per capita subsidy of $12 and assist the provinces in carrying out a wide social security program and help in the execution of public works.

Ontario, however, wants a share of the income and corporation tax fields and also exclusive rights on succession duties and a number of other taxes.

Another point that is understood to be proving a stickler, is the request of Premier Angus Macdonald of Nova Scotia that the Dominion state flatly that it will not invade other fields of direct taxation if given income, corporaion and inheritance taxes.

It was recalled that during the last session of parliament, Finance Minister Ilsley stated the difference between what the provinces wanted and what the Dominion had offered might range between $100,000,000 and $300,000,000.

"They'll Work or Starve" Say Farmers

EDGAR, Neb., Jan. 29 (AP) — A country-wide farmers' "strike against strikes" is the object of Clay County farmers who voted to withhold their products from market until industrial disputes are settled, a spokesman said today.

"That's what we're working for," said V. Hubert Johnson, Edgar farmer who helped organize a meeting at which 271 farmers of this diary and livestock farming area voted the action.

"'You might say we've got our Irish up," the 48-year-old farmer declared. "We need farm tools and machinery, bathtubs and refrigerators. Why, you can't even buy a pair of overalls out here.

"We're going to have another meeting soon. After that we figure we'll make it statewide, then national."

Responsibility for fixing the date for the Clay County farm strike was placed in a committee headed by Mr. Johnson, who said "We've been talking about Feb. 1 or 15."

"NOT TAKING SIDES"

Although a resolution adopted at the meeting said "We are not taking sides in the industrial battles," Mr. Johnson said today that most farmers here blame labor rather than management for industrial disputes.

He added that "our sons coming back from service feel pretty strongly about it."

"When we shut off sources of food, strikers will work or starve."

Similar action was taken Saturday at Chickasha, Okla., where farmers voted to continue producing but not to market anything until all strikes are settled.

DISSENTERS GRAB PART OF PROVINCE

CHUNGKING, Jan. 30 (Wednesday (AP) — Fragmentary but trustworthy reports from Sinkiang indicated today that by steady infiltration dissident unorganized elements, including nomadic tribesmen of Mongol-Turk origin, have obtained control of one third of that Chinese hinterland province. Sinkiang's total area is estimated at 400,000 to 600,000 square miles.

Draft Action to Obtain Minimum Wage

TORONTO, Jan. 29 (CP)—Plans for United action by all Canadian iron and steel workers for standard wage agreements providing a minimum weekly wage of $33.60 will be drafted at an emergency conference of the United Steelworkers of America (CIO) in Hamilton on Saturday, C. H. Millard, Canadian director of the Union, said today.

Representatives of the Canadian Congress of Labor, United Automobile Workers (CIO), United Packinghouse Workers (CIO), Mine, Mill and Smelter Workers (CIO) and United Rubber Workers (CIO) have been invited to attend so that action by the steelworkers on wages may be coordinated with that of other unions.

Participant in Nazi Putsch Dies

LONDON, Jan. 29 (CP)—Dr. Anton Rintelen, who served part of a life term in connection with the abortive 1934 Nazi putsch in Austria, at the age of 74, the Salzburg Dolfuss was murdered, died Monday in a village near Grazn, Austraia, at the age of 74, the Salzburg radio reported today.

Believed to have been slated for the Chancellorship, had the putsch been successful, Rintelen served only four years of his sentence for treason before he was released by the eventually successful Nazis in 1938.

Jungle King a Babe on Ice

Helpless in a great big way, "Bambino", king of the jungle, finds the antics of mortals very trying. Making an appearance at the figure skating rink, Stockholm, Sweden, for the first time, "Bambino" was sure he would take to skating as easily as Tarzan takes to trees—but finds he's learning the hard way. Here "Bambino" is admonished by little Brigitte Zalla.

Hotel Seizure "All to the Good" Bracken Feels

VANCOUVER, Jan. 29 (CP) — John Bracken, National Progressive-Conservative leader, in a statement today declared the results arising from seizure of the old Hotel Vancouver by war veterans were "all to the good."

Mr. Bracken said, just before leaving on his return trip to Ottawa that "one can not condone illegal acts, but apparently something of this nature was necessary to get action.

"It is now several months since Howard Green, M.P., and Lt.-Col. Cecil Merritt, V.C., M.P., sought to have the housing situation tackled vigorously, but nothing has been done.

"It amounted to what was a public scandal in Canada—namely, the inadequate government program to provide suitable accommodation for the returned men."

COAST VETERINARIAN, SCHEDULED FOR ADDRESS, FOUND DEAD

DUNCAN, B.C., Jan. 29 (CP)—Dr. J. T. M. Hughes, 66, veterinarian of Duncan and Vancouver, who was scheduled to address the Cowichan Agricultural Society's annual meeting, was found dead in his hotel room here.

A native of Tenby, Wales, Dr. Hughes came to Canada 35 years ago, and to B.C. 25 years ago. He was veterinary adviser to the Provincial Department of Agriculture, and practiced at Kamloops. At Duncan four months, his work with the veterinary club resulted in a marked improvement in diseases control and success with artificial insemination.

Housewife Gains Fame By Hobby

By KATHLEEN REX
Canadian Press Staff Writer

WOODSTOCK, Ont., Jan. 29 (CP) —Listening to her favorite radio program Mrs. Edna Davey of Woodstock sits before the family cardtable working over delicate shell ear-rings and brooches which are bringing her fame throughout Ontario.

From as far West as Vancouver and as far South as Los Angeles her friends are setting the fashion with these dainty trinkets. A year ago a nurse at Bataan took time out from war duties to send a note asking Mrs. Davey if she would make her another set of ear-rings to go with a new off-duty costume.

But shell work is just a hobby with this artistic young woman. Like the average Canadian housewife she has a home, a husband, and three young children to look after. She can allow herself only an hour or so a day with her jewelry and often not even that much. Acquaintances who have seen the gaily-decorated flowers, brooches and bracelets which Mrs. Davey is turning out claim she is too modest about her work. They feel sure if she went at it commercially soon most of Canada's fashion-conscious women would be begging for shells to match their ensembles.

It may have been her early training as an artist which developed Mrs. Davey's innate sense of color combination. Even the smallest ear-ring which she designs is as pleasing to the eye as a good floral painting.

SHELLS FROM FLORIDA

It was several years ago, during a trip to Florida, that Mrs. Davey first realized the possibilities in the tiny multi-colored shells she saw there. Eventually two years ago a relative began sending them to her.

With her shells, some light glue and lacquer, Mrs. Davey has turned out everything from ear-rings to pictures, brooches to bracelets and even ash-trays. The shells are of different sizes from the larger "cup" variety which she makes into the petals of her miniature water lilies to the tiny "baby conch" used as the stamens of her flowers. Occasionally she takes them in their natural colors. More often she tints them with the oils she has on hand.

Where does she get her designs? Well, they come mostly from flower magazines and needlepoint patterns but "quite often I just make them up out of my head."

At the present time Mrs. Davey is thinking of turning out something really new in the jewelry line—flowers made of fish scales.

"The scales are harder to work with for they have to be moulded," she said. For two years in every kind of weather she has worn a rose boutonniere which she made entirely from scales. "And would you believe it," she said, "people have actually come up and sniffed at it—thinking it was real."

The Weather

Temperatures — Min. 24.3, Max. 34.4; Snow—¼ of an inch.

Forecast: Kootenay: Light winds, fair with not much change in temperatures.

QUICKIES . . . By Ken Reynolds

"I just opened the Daily News to the Want Ad page—and there she was!"

Castlegar Board to Call Meeting on Incorporation; Backs Highway Proposal; Herridge Tells of Session

CASTLEGAR, B.C., Jan. 29—The Castlegar Board of Trade tonight was addressed by H. W. Herridge, M.P. for Kootenay-West.

A motion was passed to have a ratepayers meeting on or before May 15 to study the incorporation of Castlegar as a village.

Correspondence dealing with the closing of the Brilliant C.P.R. station was read and a committee was appointed to study the matter further.

Nelson Board of Trade resolution to Prime Minister Mackenzie King asking that the Southern branch of the Trans-Provincial Highway from Medicine Hat, Alta., to Hope, B.C., be put into operation year round was supported.

POSITION FAVORABLE FOR AIRPORT

An excerpt of a letter written by Inspector Lawson, inspector of airways, showed that Castlegar was in a fine position for an airport. A survey has been made and results of it will be sent to the Land Settlement Board. Members have been asked to circulate information among people that the proposed airport will serve the whole area and not Castlegar only as some rumors were said to indicate.

J. Dalziel outlined the Boys Scout Troop and Wolf Cub Pack movement. The organization in early stages had a large membership, but due to the weather and mainly lack of a meeting place, this dropped considerably, he said. K. K. Sammons was appointed chairman to look into the situation.

EXPLAINS COLUMBIA SURVEYS

H. W. Herridge gave an outline of his heavy schedule in Ottawa. He had the opportunity of hearing the widowed wife of Major General Wingate, commander of commando forces in Burma talk on the Palestine-Arabian question and other important affairs. Many members were moved by her wonderful speeches and Mr. Herridge urged that if she came to this district, the members make every endeavor to attend her meetings.

During the last session, many agreements of great significance were ratified and signed. One of the reasons why the Social Credit members did not support the Bretton Woods plan, he said, was because they thought the United States would dominate the system. The member stated that success of it depended on the political situation and cooperation of the U.N.O. The food and agricultural agreement of the U.N.O. was the first in the world's history in which surplus commodities would be sent to needy countries.

He explained that the Columbia River project surveys were carried out under the Department of External Affairs by the Joint Board of Canadian Engineers, a fact finding body, and with the U.S. Army Engineers. Information will be presented to the Joint International Commission. This body would hold sittings in all parts of the area before organizations to review these facts before any decision was made.

He asked all organizations to bring their problems to him. He would try to see that proper action was taken, he assured.

A. T. Horswill spoke on behalf of Mr. Herridge's splendid efforts and cooperation, thanking him wholeheartedly for his address.

TOAST and TEA

BY J. V. McARTE

In a Treasury of Satire, Edgar Johnson says: "It is not true . . . that satire is all censure, sadness and misanthropy. The very satirists who most vehemently and solemnly claim it as an instrument of castigation often have a lot of gaiety in their satire. But there are others who say it is the satirist's business to laugh away the absurdities of mankind by blowing them into annihilation on a gust of ridicule, and who don't observe that some of their own most valuable satire is disillusioned to the verge of tragic horror. Such satire may contain the form of derision but retain no more of the soul of laughter than the Fool's bitter and forbidding jokes in King Lear. It is laughter from the teeth out, really a bitter snarl, the mere grimace of amusement when the mirth is gone, like the Cheshire Cat's grin remaining after the Cat has faded away. And in the depths of tragic satire there may be no longer the tone of even the wryest jesting, but the voice of Isaiah or Job, the agony of Swift's despair."

RING OF CAMERAS TO RECORD ATOM TEST

NEW YORK, Jan. 29 (AP)—Cameras on top of 100-foot steel towers, arranged in a ring around the warships in Bikini Atoll, will photograph the Navy's atomic bomb tests this Summer.

The cameras will be automatic, operated by remote control by radio on a distant ship. Other cameras will take pictures from airplanes flying at safe distances. In addition, several planes operated by remote control, pilotless, will carry cameras closer than the manned planes.

Modern Arctic War Fleet Visits Ancient Fort

By ALAN HARVEY
Canadian Press Staff Writer

CHURCHILL, Man., Jan. 29 (CP) In a sombre sub-Arctic setting, modern and medieval methods of warfare stood in bizarre contrast today as a fleet of snowmobiles carried a delegation representing seven foreign governments to Fort Prince of Wales, oldest stone fort in Western Canada.

Representing the latest technique in Winter travel, the Canadian-developed snowmobiles drew to a halt before the massive structure which juts into Hudson Bay on a peninsula about nine miles from the Muskox base camp near here.

As the party of visiting military attaches conducted by Maj. H. P. Emond of Ottawa climbed out of the tank-like vehicles and entered the fort, a seven-man guard of honor under Sgt. Maj. Ed McCarthy of Winnipeg, standing at attention on the embrasured 20-foot-high walls, presented arms.

It was believed the first time a guard has been mounted at the 213-year-old fort since Governor Samuel Hearne returned in 1783 after surrendering the star-shaped fortress the year before to a force of Frenchmen under Jean Francois Galoup, Comte de la Perouse, who landed his men in three sailing vessels.

When the visiting delegates from the governments of Belgium, Chile, France, Norway, Peru, Russia and the United States entered the fort, a 24-pounder cannon was fired by Robert Urquhart, Hudson's Bay Company factor in Churchill who came here from Aberdeen 25 years ago.

Urquhart said he "improvised" a shell for the antique cannon by stuffing powder in a two-inch pipe and plugging the ends with wood.

After the delegates inspected the ruins of the old fort, built from 1733 to 1771, they gathered in a circle around skeleton remains of brick walls within the citadel, partially destroyed by the French who captured the structure in 1782 without firing a shot.

SEES FORT AT SYMBOL

Lt.-Col. P. R. Baird of Montreal, talking first in English and then in French, told the visiting delegation which included several officials from Defence Headquarters in Ottawa he hopes the fort "with its obsolete weapons will be a symbol for us—that we can now go forward together in friendship to the peaceful development of our countries."

It is one of the main purposes of exercise Muskox to contribute toward the development of the huge empty Northlands of Canada which stretch from here to the top of the world. Col. Baird then led the party in singing "God Save the King".

Report Belief Americans Backing Exploration

QUEBEC, Jan. 29 (CP)—Le Soleil, in a newspage story today, said that in Quebec "well-informed people believe that British and American businessmen have Allied themselves with Ontario financiers" in the Hollinger Exploration Co., to which the Quebec Government last week granted a 20-year contract for development of the natural resources of Ungava, known also as New Quebec.

(Premier Duplessis' announcement last Friday indicated cost of development at $100,000,000. Awarding of the contract was authorized in legislation passed last year. Mines Minister Robinson announced recently in Montreal that a railroad line will be built next Spring into New Quebec. The Government reserves the right to modify the contract at will).

Le Soleil recalled research work conducted by Quebec engineers several years ago for "a big American Company." Iron production was dropping in Montana, and some mines were found in Ungava but were never exploited "for unknown reasons."

The story in Le Soleil said also that planes flying over Ungava during the war met with navigation difficulties because of magnetic disturbances.

British Radio Listeners Howl at Licence Boost

LONDON, Jan. 29 (CP)—A storm of protest gathered around the heads of Britain's Labor Government tonight over last week's announcement hiking the cost of listening to the British Broadcasting Company from 10 shillings ($2.25) to a pound ($4.50) a year.

As a dozen members of Parliament demanded detailed reasons for the boost in the annual wireless licence, Herbert Morrison, Lord President of the Council, explained:

"If we are to get the institution (BBC) to pay its way and if there is to be room for development, it cannot be done on 10 shillings a year."

LONDON, (CP) — Britain will receive 48,000,000 pounds of tomatoes from the Channel Island of Guernsey during next June and July.

CHRONIC BRONCHITIS
Does a stubborn bronchial cough, (either phlegmy or dry and hacking) make you choke, gasp, wheeze, keep you awake nights? Relieve it—now! Do as thousands have done—get Templeton's RAZ-MAH—and stop that cough! RAZ-MAH has helped others—let it help you. 50c, $1—at druggists everywhere. R-14

British Coal Bill Brings Opposition Blast

LONDON, Jan. 29 (CP) — Whitehall and Westminster buzzed with activity today as the House of Commons opened a two-day debate on second reading of the controversial coal nationalization bill.

While the Opposition levelled its heaviest guns at the measure, Prime Minister Attlee told the House of Commons that the question of demobilization was under review and hinted at a speed-up in repatriation following recent RAF protest strikes in the Middle and Far East.

The Government coal bill debate opened in a flurry of debating pyrotechnics between Fuel Minister Shinwell and the acting Opposition Leader, Anthony Eden.

The Conservative Opposition gave notice some time ago that it intended to fight the measure as much as its limited House strength permitted.

Mr. Shinwell spoke first for the Government. He said the British coal industry under private enterprise was inefficient and neglected and declared that the nationalization measure would provide for modernization and development of the pits and processing of coal which could not be handled satisfactorily by private enterprise.

The industry would not be taken over by the civil service or by politicians but would be administered by a National Board which would see that production, lagging badly in recent months, was maintained and that consumers and miners alike were protected.

Mr. Eden, who took over the Conservative leadership upon Winston Churchill's departure for a rest in the United States, stated the Opposition case.

DEPLORES POLICY LACK

His argument against the nationalization bill was that it failed to suggest a course of action to halt the decline in coal production, had no policy for the recruitment of workers and afforded no protection to the general public as consumers or taxpayers.

Juniors Topple Legion 5-2

Legion Intermediates, hitherto invincible, met their first defeat of the Juvenile-Intermediate Hockey League Tuesday night when the Juniors, hitherto without a victory, humbled the Veterans 3-2.

Johnny Lang, on Bill Hooper's assist, and Richey Wassick, on Bill Ludlow's assist, tallied for Juniors in the opening stanza, while Bob Noakes got the ex-servicemen's only tally of that period.

Buss MacDonald, from Lang, and Paul Hielscher unassisted, found the net in the second canto to boost the Juniors' lead, and in the last period Noakes, for the Legion, and Hielscher, for the Juniors, chalked up the final markers.

Haines, Legion and Waters, Junior, received the only penalties.

Teams were:

Juniors—Malahoff, goal; Waters, Bone, R. MacDonald, G. MacDonald, Hooper, Ludlow, Lang, Irvin, Hielscher.

Legion—Ferg, goal; Holland, Matheson, Haines, Noakes, Garner, Nash, Armstrong, Riesterer.

Referee, Jack Morgan; Scorekeeper and Timekeeper, Lloyd Rideneur.

SAYS HOWE TO LOOK INTO FUTURE OF COAST BOEING PLANT

VANCOUVER, Jan. 29 (CP)—The Vancouver Sun in a newspage story today said that Reconstruction Minister Howe told its Ottawa Bureau that he will come to Vancouver as soon as possible to look into the future of the Boeing aircraft plant at suburban Sea Island.

The Sun said the minister's announcement gives "hopes to Vancouver labor and official sources that Boeing's plant may be reopened to a prefabricated housing industry and the airport be re-established and developed to meet increasing air travel demands."

DREDGE BRINGS UP HUMAN BONES

TACOMA, Jan. 29 (AP) — A skull and sufficient number of other bones to identify them as a portion of a human skeleton were discovered in dredging operations in the city waterway late today.

Workmen were surprised to find dumped on a scow from the dredge's bucket the remains of what had once been either a man or a woman. Positive identification was out of the question, according to Deputy Coroner George Hoffner, who said the bones had probably been on the bottom of the bay for at least 20 years. Enough of the remains showed that the person had been an adult when the waters of the Sound closed over him or her in the distant past.

Burial of the bones will be made, as is customary with unidentified bodies, Hoffner said.

Devises Refrigerator in Reverse

CHURCHILL, Man., Jan. 29 (CP) — A portable "refrigerator in reverse" that locks cold out and keeps heat in has been devised by Capt. R. R. M. Crome of Fort Frances, Ont., to carry freezable medical supplies on the 3200-mile Muskox expedition.

Constructed by Spr. Pete Thompson of Brandon, Man., to Capt. Croome's specifications, the box-like container has a double thickness of plywood, insulated with wea-ther stripping and wool. Perforations allow air to circulate between each shelf of supplies.

Chemical pads furnish enough heat to preserve such supplies as sulfathiazol, novocaine, morphine, sterile water and sodium citrate.

Capt. Croome will be the only doctor to accompany the mobile force on its semi-circular sweep through the Northern two-thirds of Canada.

SUGGEST BONUS FOR TREE PLANTING

REGINA, Jan. 29 (CP)—T. A. Torgeson, director of an Estevan nursery farm (Prairie Nurseries Limited) suggested to the Saskatchewan Forestry Commission today the government might stimulate interest in tree planting in the province by granting a subsidy or bonus to farmers who planted trees.

The subsidy could take the form of a cancellation of taxes, Mr. Torgeson said in testimony to the commission set up by the government last Fall to gather facts regarding reforestation of the province.

Parliamentary Gov't Is Aim P.C. School Told

MOOSE JAW, Sask., Jan. 29 (CP) —J. G. Diefenbaker, Progressive Conservative member of parliament for Lake Centre, Sask., told a meeting here today the Progressive Conservatives have stood throughout the war and since for the restoration of parliamentary government.

Addressing the two-day Progressive Conservative school, he said the party stood against dictatorship originating from "either left or right, from reactionary or state planner."

"It stands against the principle of the cabinet not being responsible to parliament—a doctrine enunciated by Hon. J. L. Ilsley. It stands for the right of recourse to the courts denied by many orders-in-council passed at Ottawa."

The Saskatchewan government had followed in the footsteps of the Federal, he charged, when it took over a Prince Albert box factory and denied the owner the right to appeal to the courts.

Mr. Diefenbaker said the Progressive Conservative party stood for a business-like government which would reduce expenditures.

"Is the Federal government now endeavoring to take over provincial sources of taxation under the Dominion proposals to the Dominion-provincial conference because it cannot otherwise meet the post-war civil expenditures? Is it because the C.C.F. realizes the need for centralization of government if it is ever to carry its policy of socialism into effect that its Saskatchewan government is prepared to give up most of its taxation powers?" he asked.

Britain Aims at Fifth of Trade of Entire World

MONTREAL, Jan. 29 (CP)—Keith Jopson, British Trade Commissioner, said in an address here today Britain's aim to increase her exports by 75 per cent over pre-war volume already has succeeded to the extent that her export laborers have been increased by 50 per cent over last year.

Mr. Jopson, addressing the Canadian section of the International Chamber of Commerce, said: "Our aim is to secure additional markets equal to no less than one fifth of the whole trade of the world."

Mr. Jopson said this policy did not spring from a desire to beggar Britain's neighbors but rather to benefit, with others, from a greatly augmented world trade.

Officers elected to the section include: G. S. Mathieson, president of the Winnipeg Grain Exchange, and S. S. McKeen, Vancouver.

Ald. Hinitt Tells of Housing Program in Calgary

Information on a new type of street cleaner which tackles snow, leaves, etc., was presented to the City Council Monday night by Alderman H. H. Hinitt, who saw the equipment during a visit to Calgary, when he saw a number of City officials on various matters.

Ald. Hinitt passed around pictures of the equipment which were referred to the Public Works Committee.

He also described housing activity in Calgary. He saw many National Housing Act homes going up and there were rows of Wartime Housing Ltd., houses, all without basements, also. There was a definite lack of material for completion of the houses, he reported.

ONE CANADIAN AT LEAST LIKELY TO OBSERVE TESTS

OTTAWA, Jan. 29 (CP)—A Government source here said today "it is highly likely" that at least one Canadian observer will be present to witness the United States atomic bomb tests on warships in the Pacific in May.

STRIKERS RETURN TO RUBBER PLANT

ST. JEROME, Que., Jan. 29 (CP) —Part of the 1300 striking workers at the Dominion Rubber Company plant here returned to work today, ending a week-long strike which resulted from a dispute between four employees and the company over working conditions. It is expected that about half the workers will be back on normal schedules tomorrow and that full work will be in effect Thursday.

BUCK HITS AT KING FOR HOUSING LACK

TORONTO, Jan. 29 (CP) — Tim Buck, National Leader of the Labor-Progressive Party, tonight criticized Prime Minister Mackenzie King for what he described as failure to provide adequate housing in Canada.

Speaking at a Lenin Memorial mass meeting in Massey Hall, he said that, instead of jobs for all, Canada had 186,000 persons registered as unemployed. If the homes Canada needed were built, construction work would provide jobs for 300,000 people for 10 years, he stated.

He urged labor to unite in a drive for higher wages and against abolition of price controls.

Could Block $10 Million B.C. Industry

VICTORIA, Jan. 28 (CP) — The Provincial Cabinet today backed up action taken Monday by Hon. E. C. Carson, Minister of Trade and Industry, in an effort to have the Dominion Government review its decision to turn over the Boeing aircraft plant on Sea Island to the Canadian Army for storage purposes and workshops.

Figures made available today indicate that blocking of the project of Murphy Associates of Portland, Ore., may mean a loss to British Columbia of a new industry of $10,000,000 annual volume, distributed to labor, materials and supplies, taxes and dividends.

According to estimates prepared by G. E. Murphy of Portland, the industry would create direct employment for 1000 men and women, and through sub-contracts, employment for another 5000. The industry would be capable of manufacturing 3600 low cost housing units and 12,900,000 feet of plywood annually for domestic market.

Estimated direct revenue to the Dominion Government from the new industry amounts to $1,250,000, made up as follows:

$350,000 from income tax on annual payroll of $1,750,00;

$100,000 from log stumpage tax on estimated 65,000,000 feet;

$500,000 from net corporation income tax; and $100,000 from carrying charges and other items.

It was stated that, believing the acquisition of the Sea Island plant to be "cut and dried", the Murphy organization had done an immense amount of work preparatory to establishing the industry, and that arrangements had been completed to finance the industry, purchase the timber limits, and acquire necessary equipment.

With Stane and Besom

Nelson Curling Club games in the Plugs and Colts competition. Played Tuesday night resulted as follows:

J. Milne 7, H. Carne 11.
A. G. Ritchie 14, R. E. Horton 8.
C. Irvine 11, W. Gold 10.
A. Sutherland 7, J. C. Muir 9.
J. J. McEwen 8, T. H. Bourque 10.

UNIFORMED MEN BARRED FROM "INVADED" HOTEL

VANCOUVER, Jan. 29 (CP) — Four army veterans, who arrived here yesterday from overseas, discovered because they were wearing uniforms, they could not get accommodation in the "occupied" old Hotel Vancouver.

At present the hotel is being used for housing by veterans in protest against failure to bet accommodation.

The soldiers were stopped by military police who told them no one in uniform was allowed in the building. They were advised to go to the Seaforth Armory but protested they wished to get away from army barracks for a change.

One of the soldiers declared: "Why, it's not like this overseas. In Holland or Belgium the people will give you their own bed."

Mat McEwen, a member of the old Hotel Vancouver occupying force, said: "As far as we're concerned the doors are wide open to soldiers, but it's a matter for the army when the men are still in uniform."

The soldiers finally found room in a small hotel.

AWARDS $5,000 DAMAGES TO SOLDIER WHOSE HOME LIFE "WRECKED"

VANCOUVER, B.C. (CP) — Mr. Justice A. M. Manson in Supreme Court here today ordered Harry Stewart of Vancouver to pay $5000 damages to Lawrence Johnson, once a prisoner of war in Germany. Stewart had been named co-respondent in a successful divorce action by Johnson.

Johnson, a member of the South Saskatchewan Regiment, was taken prisoner at Dieppe. He testified that when he returned home a few months ago he found his wife had two children of whom he was not the father.

In awarding the damages, Mr. Justice Manson said Stewart "has wrecked this home and done a wrong to this man and these children. I award $5000 damages against him and it is a very, very small amount for the almost irreparable damage this man has done."

Johnson obtained a divorce from Alice Johnson whom he married in Swift Current, Sask., in 1931.

IRAN PREMIER ASKS BRITISH AID

LONDON, Jan. 29 (CP) — The new Iranian premier, Ahmed Qavam Es Sultaneh, tonight assured Prime Minister Attlee he would "use all of my efforts towards a close co-operation" with Britain and asked British aid toward "helping the Iranian people to achieve its just and legitimate ambitions."

Ahmed Qavam in his message to the prime minister did not say what he meant by "just and legitimate ambitions."

Under Premier Hakimi, who resigned last week, Iran complained to the United Nations Security Council against what Iran termed "interference" in the Northern Iranian province of Azerbaijan.

Canada on Committee to Increase UNRRA Participation

LONDON, Jan. 29 (CP Cable)—Canada, with the Big Five, and four other countries, today was placed on a special United Nations Committee set up to persuade members of the United Nations who do not belong to the United Nations Relief and Rehabilitation Administration to join in the work.

Board of Trade Asks Federal Aid for Improving Southern Highway

A letter to Prime Minister Mackenzie King requesting Federal aid in improvement of the highway between Medicine Hat and Hope and recognition of the highway as the Southern route of the Trans-Canada Highway is being circulated by the Nelson Board of Trade, endorsement of Boards of Trade, other organizations and interested residents being sought.

The Board asks that endorsements be sent to members representing the various ridings and that the members be asked to cooperate with other members in placing full details before the Prime Minister.

In requesting improvements, the Board gives as reasons the fact that the route is open the year round and that it serves an area populated by 10 times more residents than there are in the area contiguous to the Big Bend Highway.

MORE DEVELOPMENT

The Southern route, it says, traverses a territory more developed industrially than that adjacent to the Big Bend in mining, smelting, power, lumbering and agricultural activities.

It tells of the construction now under way of the 40-car ferry for the Kootenay Lake crossing, that access is provided to some of the outstanding scenic beauties of Southern Alberta and British Columbia and that the highway is approximately parallel to and within a short distance of the United States boundary, having many connections with the U. S. highway system.

Criticizes "Hard Bargain"

OXFORD, England, Jan. 29 (Reuters)—Sir Hubert Henderson, eminent economist who was economic adviser during the war to the Treasury, today strongly criticized terms of the Anglo-American loan agreement.

Sir Hubert said the average American regards the terms as most generous and it is doubtful whether Congress will ratify them. But the average Briton regarded the agreement as a hard bargain.

Trail Prepares Insurance Facts

TRAIL, B.C., Jan. 29—Municipal fire insurance came up for discussion at the Council meeting when City Clerk E. F. Tregoning reported that at the request of J. Hodgson, Chairman of the Municipal Fire Insurance Committee of the Canadian Federation of Mayors and Municipalities, he had compiled a report showing premiums paid on municipally-owned buildings and on losses claimed.

The Federation of Mayors and Municipalities felt that municipalities were paying fire insurance rates far out of proportion to risks involved—so disproportionate as to lead to the conclusion that profit, derived from municipal risks were used to pay losses on commercial risks.

A complete report of facts and figures from many cities across the Dominion will be presented at the 1946 conference and it was believed that, given concerted action, underwriters associations will cut present rates materially.

Mr. Tregoning told the City Council that during the 15-year period from 1931 to 1945 the City of Trail had paid fire insurance on municipal buildings amounting to $15,425, or an average of $1028 per year, during which time claims had totalled only $200.

Monarchs Win 5-3

VANCOUVER, Jan. 29 (CP)—The Los Angeles Monarchs defeated the Vancouver Canucks 5-3 in an inter-division Pacific Coast Hockey League game here tonight. It was the first win by a team from the Southern Division over a Northern club in 15 games.

Clem Harnedy, Los Angeles goalie, played an outstanding game, stopping 33 direct drives on goal compared to 19 stops by Ed McAneely, Vancouver netminder.

Toby Brown scored two goals for Los Angeles and Harry Black and Alf Kunkel for the others. Lyall Swaney, Ab McDougall and Chuck Millman counted for Vancouver.

Must Remain Fully Ready for War—Crerar

VANCOUVER, Jan. 29 (CP) — Until a higher plane of world civilization is reached, peace-loving nations of the world must remain fully-prepared for war, Gen. H. D. G. Crerar, former commander of the First Canadian Army, said here tonight.

MEMBER URGES STUDY BY ALL OF CITIZENSHIP BILL

VANCOUVER, Jan. 29 (CP) — Canada is considering adoption not only of a distinctive flag, but a distinctive citizenship, and Bill 20, which provides for the latter, should be carefully studied by every Canadian, Tom Reid, veteran Liberal member of Parliament for New Westminster, said here today.

At present there was no such thing as Canadian citizenship, Mr. Reid told members of a service club. So-called Canadians were British subjects, domiciled in Canada. In this a foreign immigrant had the advantage over persons born in the Dominion, because he could apply for and obtain naturalization as a full Canadian citizen.

But danger which Mr. Reid saw in Bill 20 was the fact that it might recognize dual citizenship. He pointed to the example of Japanese in this country who owed allegiance to Japan, "but had made no move to offer allegiance to this country."

Referring to plans for a distinctive flag, Mr. Reid said the committee set up by the Government to study the subject—of which he is a member—had so far received more than 900 suggested designs.

"It is too soon to say what design will be chosen, but I can say this—no flag shall be adopted that does not have on it somewhere, the Union Jack."

Wants British-India Alliance to Meet American Competition

LONDON, Jan. 29 (Reuters) — A trade alliance between Britain and India to meet American competition was urged today by Dr. K. A. Hamied, Leader of the Indian chemical delegation, on his return here from a six weeks' tour of the United States.

AIR-SEA SEARCH FOR COUPLE FAILS

VICTORIA, Jan. 29 (CP) — Continued search for Mr. and Mrs. Joe Calderone of Victoria, missing off the Northern shore of Vancouver Island in their 32-foot trawler Nancy L. since Jan. 19 failed to reveal any traces of the couple.

Provincial Game Department launch No. 1, all fishing vessels and an airplane stationed at Alert Bay kept a two-day patrol ranging from Knight Inlet to Cape Caution.

VICTORIA, Jan. 29 (CP)—Judgment was reserved by the Court of Appeal here today in the appeal of Anthony Capello, 34, of Vancouver against a seven-year sentence. Capello was found guilty by Judge C. J. Lennox of attempting to break and enter.

U.S.A., Canada Co-Operation Logical Outcome

Experience Joint Defence Board for Zonal Security Plans

By STUART UNDERHILL
Canadian Press Staff Writer

LONDON, Jan. 29 (CP Cable)—Further development of Canadian-American military cooperation, which became so close in the war, seems the logical outcome of the plan of the United Nations Security Council for policing the world.

BIG FIVE TO MEET SOON

The Big Five chiefs of staff are scheduled to meet here within a few days in the first conference of the Council's Military Staff Committee. It is too early to predict how their plans for guarding the peace will materialize, but there is talk of developing regional systems of control.

Washington is mentioned as the logical headquarters of the Western Hemisphere group. If countries in each region were made responsible for zonal security, Canada and the United States would find themselves in the happy position of having experienced cooperation through the present permanent Joint Defence Board.

TO DISCUSS COORDINATION

The Military Staff Committee is expected to begin discussions Feb. 1 dependent on arrival of the Russian representative. Some of the first problems the Committee must decide will be:

1. The size of the international force for maintaining security.
2. Where the force will be distributed.
3. Its tactical employment and command.
4. Location of bases.
5. Allocation of supplies and supply services.
6. Coordination of methods of the various forces to operate under a common organization.

The Allied Chiefs of Staff Committee will have to thresh out the question of contributions required from each country. Having decided that, it will be for the Council to approve the plans and call upon United Nations members for forces and supplies.

The forces, as finally constituted, are likely to include a big air force for striking quick blows which could be followed up by divisional troops summoned by the zone commander.

CANADA MARKED FOR AIR FORCE

Canada's fine record in the air marks for her a sizeable role in a world air force if one is created. A further factor is strategic geographical position on world air routes. The United States with her Alaskan territory shares interest in the North Pole shortcut.

Owed Life to Bernadotte and Red Cross . . .

Norwegian Lawyer Testifies Nuernberg Trial

By JOSEPH E. DYNAN

NUERNBERG, Germany, Jan. 29 (AP)—A Norwegian survivor told the International Military Tribunal today of a ride of death across Germany in which bodies of 1447 concentration camp captives were kicked off open railway cars at the last station.

Hans Cappelen, witness against the 22 ranking Nazis on trial for war crimes, testified.

ACTED LIKE DRUNKS

"The S.S. guards acted like drunks as they hurried us from the Gross Rosen camp in Silesia to a train to Dachau because of the approach of the Red Army in February of last year. Four or five persons too feeble to walk fast had their heads bashed in with guns.

"We had five days without food or water on open cars in sub-zero weather. The man beside me died. *About half the train load was dead* by the last day."

The thin, sensitive face of the blond Oslo lawyer hardened as he answered a question by the French prosecutor, Charles Dubost, as to whether the German people had known of the concentration camp horrors. He said:

"In Munich, 100 of us prisoners from Dachau, all looking like dead persons, were marched through the streets to dig in bomb ruins. The people could see us. There was no sympathy."

OWED LIFE TO BERNADOTTE

He said Gestapo agents in Norway burned his feet with a lamp but "it didn't hurt so much because I was so feeble I didn't care." He was confined and tortured in Oslo for 25 months before he finally was sent to a concentration camp. He said he owed his life to Swedish Count Bernadotte, an International Red Cross official, who arranged with Heinrich Himmler last Spring to rescue Scandinavian nationals.

Cappelen said he was beaten so severely he was partly paralyzed for many months. Hair was torn from his head during his first two interrogations, he said.

ROARED LIKE ANIMALS

"The Germans were absolutely mad," he testified. "They roared at me like animals, asking questions I could not answer. They put a screw device on my leg and tore flesh from my bones. I fainted. They brought me to my senses and put the screw on my neck, tearing my flesh."

Later, he said, pins were jabbed under his fingernails.

SPANISH VETERAN WITNESS

Youthful Francoix Boix, Loyalist veteran of the Spanish Civil War and a Frenchman, testified that only 30 of the first 2000 Russian prisoners sent to the Mauthausen concentration camp in 1941 survived three months of Nazi concentration methods.

On one occasion, he testified under questioning of Russian Prosecutor Lt.-Gen. R. A. Rudenko, the Germans gave Russian prisoners "special treatment"—good clothing, plenty of food and cigarets until they were fat enough to take a good picture. After the pictures were taken they were sent to the gas chamber and executed, Boix said.

Malcolm Macdonald Appointed Gov.-Gen Malaya

By JAMES McCOOK
Canadian Press Staff Writer

LONDON, Jan. 29 (CP Cable)—Rt. Hon. Malcolm Macdonald, who has been given top-flight jobs by successive British Governments in emergencies, will go from the United Kingdom High Commissioner's office in Ottawa to be Governor-General of Malaya under a Government proposal made known today.

The 45-year-old Scot is a son of the late Prime Minister J. Ramsay Macdonald and before his Canadian appointment was Health Minister for the United Kingdom. His appointment as high commissioner was indicative of the importance placed by the British Government on the Canadian contribution to the war.

As Governor-General of Malaya he would be the key figure in an important experiment in colonial administration.

Under a new plan, the Straits settlements and the Malay States will regroup into two administrations—the Colony of Singapore and the Malayan Union. Mr. Macdonald will be Governor-General of both.

The Malayan Union will have nine states and the settlements of Penang and Malacca. Fresh agreements have been made with the local rulers granting full jurisdiction in each state to the crown but each local ruler will preside over the Advisory Council and be a member of the Central Advisory Council of Malay rulers.

The Central Councill probably will be under the chairmanship of Mr. Macdonald. Malayan Union citizenship will be acquired by all born in Malaya and during the phase between the end of military administration and the inauguration of a new constitution, the Governor-General will legislate with the advice of the Advisory Council and will seek to establish the various Councils on a full representative basis.

A. Creech Jones, State Secretary for Colonies, made the announcement of the Government plan to send Mr. Macdonald to Malaya in the House of Commons today.

Salmo Fire Dept. Incorporated Under Societies Act

Salmo Volunteer Fire Department has been incorporated as a Society under the Societies Act, according to the current issue of the "B.C. Gazette."

Object of the Society is the protection of persons and property from destruction by fire. The locality in which the operations of the Society will be carried on is within *a radius of 12 miles of Salmo.*

Labor Unions Call Strike Singapore

SINGAPORE, Jan. 29 (Reuters)—Thousands of workers quit their jobs here and in the nearby states of Johore today in a general strike *protesting the arrest of labor union* officials.

Shopkeepers, transport workers, municipal laborers, hospital and domestic staffs, and hotel servants were involved in the work stoppage which paralyzed normal activities in Singapore.

Labor unions called the strike after the imprisonment of Soong Kwong, former Secretary-General of the Selangor Anti-Japanese Union.

Several strikes have taken place here during the past four months, but this was the first time that the domestic staffs of private houses, *military and civilian messes, cafes* and hotels stopped work.

No limit has been set on the stoppage and there was no immediate prospect of settlement.

CLEANS BREATH AS IT CLEANS TEETH

By VAUGHN BRYANT

SANTIAGO, Jan. 29 (AP) — The Chilean Cabinet was reshuffled today as the Government prepared for a showdown with labor by imposing strict censorship and a 60-day state of siege following the bloody riot yesterday between police and labor demonstrators in which five persons were killed and 77 injured.

Two changes were made in the Cabinet, giving military men new posts of authority, and some quarters predicted other appointments would be forthcoming.

PROTEST POLICE ACTION

During the rioting, which took place in the heart of this city, Benardo Ibanez, General Secretary of the Chilean Workers Federation, *grasped a microphone and announced* that a general country-wide strike will be called immediately to protest the action of the police.

One of those killed was a woman. Six women and five policemen were known to be among those wounded. The condition of 25 of the wounded was reported serious.

Some estimates placed the number of dead at 12, but only five deaths could be confirmed.

DIP BANNERS IN BLOOD

After the fighting the demonstrators, members of the Workers Federation, paraded through the streets with banners dipped in blood.

While ambulances were picking up the dead and wounded, members of the crowd soaked union banners, shirts and newspapers in pools of blood on the pavement and hoisted the dripping emblems aloft on poles.

Beaver at Work on Crest Again

MONTREAL, Jan. 29—A famous old Canadian crest reappeared today when D. C. Coleman, the Chairman and President of the Canadian Pacific Railway Company announced that the style of the Company's crest would be changed to embody again the beaver symbol of the Dominion which Canada's pioneer transcontinental road has served for so long. In the new trade mark a beaver at work will crown a shield bearing the hand-lettered legend "Canadian Pacific" above a replica of the globe which carries the slogan "Spans the World."

Edmonton Asks Alta. Relief Basis of B.C.

EDMONTON, Jan. 29 (CP)—City Council last night passed a resolution urging the Alberta Government "to accept its responsibility and take its part in looking after the welfare of the people, and assume its rightful share of the expense of unemployment relief on the same basis as British Columbia—80 per cent of the cost—and to direct its efforts immediately in accepting and recognizing its responsibility in this regard."

The resolution was forwarded to Council by the Finance Committee after consideration of a similar resolution passed by the Calgary Council.

Council said unemployment may become a serious problem, and most of those who will seek unemployment relief may be people who established residence in Alberta during war years.

French Troops Capture Dalat

SAIGON, Jan. 29 (AP)—French forces have broken the back of Annamite resistance in Southern Annam and have captured the important city of Dalat, 150 miles Northeastt of Saigon and 50 miles inland from the China Sea, a French communique announced today.

Carrying out the greatest offensive operation they have thus far undertaken against the Annamite forces, the French employed airborne troops to capture Dalat.

TO DEAL WITH PROBLEMS ON UNION-NEWSPAPER NEGOTIATIONS TODAY

OTTAWA, Jan. 29 (CP)—Dr. Arthur MacNamara, Deputy Minister of Labor said today a meeting will be held here tomorrow to deal with problems arising out of negotiations between the Southam Company, Ltd., publishers of the Southam string of newspapers, and the International Typographical Union.

TWO STREET CARS COLLIDE, CALGARY

CALGARY, Jan. 29 (CP) — Six persons were sent to hospital and a dozen more received a severe shaking-up in a collision which wrecked two Calgary street cars at 17th Ave. and 14th St. W. today. None of the six, which included the operators of the two cars, was seriously injured. *A No. 7 car got out* of control on the steep 14th St. hill and ran into a No. 5 car.

Hold Two for Questioning, Degnan Case

CHICAGO, Jan. 29 (AP)—Police said today that two young men are being held on open charges after several hours of questioning in connection with the kidnap-killing Jan. 7 of Suzanne Degnan.

The youths, whom police identified as Theodore Campbell, 22, and Vincent Costello, 18, were quoted by police as saying they had made calls to the Degnan home the morning of Jan. 7, after Suzanne had been kidnapped. The two were to be questioned further today and police sought to trace the movements of the youths on Jan. 6 and 7.

"The information that we had was the cause for Campbell and Costello being picked up for questioning," a police official said. He did not amplify his statement.

Police did not further identify either of the youths other than to state that Costello had been on parole from a training school.

Police also announced a search was being made for a third youth wanted for questioning.

For the last three weeks, police have been engaged in one of the most intensive manhunts in Chicago's history in an effort to capture the kidnap-killer and solve one of the city's most brutal crimes.

While dozens of persons have been picked up for questioning, no charges had been placed against them and after questioning, nearly all of them were released. In addition to Costello and Campbell, police today held two other men for questioning in the case.

Two New Fascist Movements Found

ROME, Jan. 29 (AP)—The Italian News Agency Ansa today reported that two new New-Fascist movements have been uncovered in Milan by the arrest of eight persons, including a 19-year-old youth who aspired to set up a new government with himself as premier

CUT DOWN ON TAKING LAXATIVES THIS WAY

See How Regular You Can Be Every Morning

Try taking Carter's Pills this way: Start with 3 *and set a definite time every* morning. When you get regular every morning cut down to 2. After a few days, try 1.

Then try taking Carter's *every other day.* You may even find you can keep regular without any laxative.

You see, Carter's are so tiny you can cut down the dose—from 3 to 1—to fit the needs of your individual system. Without disappointment.

Carter's help clean out your intestinal tract not halfway, but thoroughly. They are doubly effective because made with two vegetable herbs compounded properly for thorough, easy action.

Thousands can cut down on laxative dosing this Carter way. Ask for Carter's Pills by name to get the genuine at any druggstore—25¢. Start the *Carter graduated dose method tonight, and jump* out of bed tomorrow rarin' to go.

Truman Approves Proposal Nations Witness A-Tests

WASHINGTON, Jan. 29 (AP) — Secretary of States Byrnes said today President Truman has approved his proposal to invite the United Nations Atomic Energy Commission to witness the tests of the atom bomb against naval ships.

Byrnes emphasized that even with the President's approval, however, his proposal should not yet be construed as the final Government policy on the subject.

He explained that it was his understanding that War Secretary Patterson and Navy Secretary Forrestal are still discussing the question of witnesses with General Dwight D. Eisenhower, Admiral Chester Nimitz and their staffs.

If the Byrnes recommendation is finally adopted, it would mean that *officials from Russia, Britain, China,* France, Australia, Poland, Yugoslavia, Brazil, the Netherlands, Egypt and Canada would be on hand for the experiment.

The Navy and the Army expect to try out the bomb against warships this Spring off the mid-Pacific Marshall Islands.

British Not Involved Greek Raid

LONDON, Jan. 29 (Reuters)—British troops were not involved in the disorders following the recent raid by a Greek monarchist organization on the port of Kalamata, in the Peloponnese, State Minister Philip Noel-Baker told the House of Comons yesterday.

"They would, of course, have given help had it been required to restore order," he added.

No Evidence Jap Broadcast

WASHINGTON, Jan. 29 (AP)—The Pearl Harbor committee received today a report that Gen. Douglas MacArthur's investigators could not find any evidence that the Japanese broadcast a "Winds" message to signal war with the U.S.

The report to the senate-house inquiry group said pertinent records had been burned in Tokyo Aug 14, 1945. It added that no Japanese had been found who would testify that a pre-arranged signal, indicating hostilities, had been radioed prior to the Dec. 7, 1941, attack on Pearl Harbor.

Tokyo had arranged to insert the words "east wind rain" in its noon news broadcast to warn its diplomatic representatives that war with this country was at hand.

Records of the federal communications commission's monitoring stations, also placed before the committee, showed no interception of such a message.

Set Aside $3,000 Award to Schoolboy

VICTORIA, Jan. 29 (CP)—City of Duncan Board of School Trustees today won their appeal against a Supreme Court decision awarding 11-year-old Gordon Peter Gard $3000.

Gard, a pupil at school, was awarded $3000 by Mr. Justice A. D. MacFarlane for injuries suffered in a grass hockey game on the Duncan School grounds. The boy's eye was hit by a hockey stick in the hands of another pupil. He claimed the accident had impaired the sight of that eye.

Mr. Justice C. H. O'Halloran dissented in the Court of Appeal judgment today setting aside the Supreme Court judgment.

Human Ear Mailed to Parents of Kidnap Victim

CHICAGO, Jan. 29 (AP)—Another gruesome phase of the case of Suzanne Degnan, six, kidnapped, killed and dismembered Jan. 7, developed today when a human ear was received by mail at the home of her parents, Mr. and Mrs. James E. Degnan.

Lieut. Philip Breitzke, head of the police homicide squad, said the head of little Suzanne, which with other parts of the body was found in sewer catch basins, had both ears and therefore the police were dismissing today's weird exhibit from the investigation and turning it over to postoffice inspectors.

Lieut. Breitzke said the ear was wrapped in tissue paper in a three-by-three-inch box done up in brown wrapping paper with no markings on it other than the address. It was mailed in Chicago. He said policemen on duty at the Degnan home opened it and brought it to police *headquarters.*

Meantime Detective Chief Walter Storms said he and other officials were questioning two young men about telephone calls made to the Degnan home after 9 a.m. Jan. 7. Her father discovered she was missing at 7:30 p.m.

Chief Storms, identifying the youths as Vincent Costello, 18, and Theodore Campbell, 22, said they told him they telephoned the Degnan residence that morning. He said they made no statements connecting them with the crime itself. There were no charges made against them.

Japanese Election Set for March 31

TOKYO, Jan. 29 (AP)—The Japanese Cabinet today set Japan's first general election under occupation scrutiny for March 31. It will be the first time men under 25 and *women have been permited to vote.*

The elections, originally scheduled for January, were postponed after General MacArthur's Jan. 4 political purge directive which forced the resignations of scores of ultranationalistic government officials.

Candidates' eligibility must be *certified by the home ministry,* which tomorrow will publish qualifications established by the government.

On the economic front, MacArthur ordered the government to halt smuggling of food and other merchandise into Japan from Korea. Headquarters officials said they had received reports that considerable rice was being smuggled into Kyushu and Western Honshu. They ordered confication of all smuggled goods.

Australian Gov't Quiet on Speech

Press Unanimous for Inquiry

By WILLIAM STEWART
Canadian Press Staff Writer

SYDNEY, Australia, Jan. 29 (CP Cable)—Australian newspapers today continued to keep before the eyes of the public recent demands for an inquiry into the ill-fated Malayan campaign of 1942, in which the Australian 8th Division was decimated by the Japanese.

Although it is presumed an inquiry could only be undertaken by Britain, a constant stream of editorials and reports on the campaign are appearing in Sydney newspapers. There is little indication as yet, however, that the Australian Government will request any investigation, although Prime Minister Chifley is known to have read the newspaper reports on the publication in the United States of the secret speech Winston Churchill, then Prime Minister, made to the House of Commons in 1942.

The speech, which analyzed the Malayan campaign and the battle for Singapore unfavorably to Australian troops and British commanders, has aroused great interest here.

The latest editorial demand for an investigation was made by the Sydney Sun which said: "We in Australia are deeply concerned at discovering the truth. Not only because of the conflicting tales and rumors which have circulated around the world, but because one of our divisions—which was one of the best-trained units of the defence *forces in the Malayan Peninsula*—was lost in the surrender."

Other newspapers also carried reports from New York that Mr. Churchill, now vacationing in Florida, received $50,000 for making the secret speech available to Life magazine. The speech also analyzed the existing war situation in many fields besides Malaya.

All Saved on Crown Reefer

SEATTLE, Jan. 29 (AP)—All officers and the crew have been taken off the 5100-ton refrigerator ship Crown Reefer, aground in heavy Wintry seas on Amchitka Island in the Aleutians, by a Navy rescue *tug, the Navy operating base at* Adak radioed the 13th Naval District today.

The vessel's engine room was flooded, with water within two feet of the top of the engines, and the double bottom was apparently torn open, a message said. The Crown Reefer, which sailed from here Jan. 1 with a cargo of perishables for Kodiak Island and other Aleutian bases, ran aground Sunday night in a heavy storm.

The ship's pilot, Edward Martin Stornich, and 21 crew members were safe ashore with army troops at Amchitka and the Navy tug was standing by awaiting arrival of two Navy net-tenders bringing all salvage personnel and equipment available in the area.

Floating of the ship will depend on the weather and a tow will be necessary if it is pulled off the rocks. Navy divers will make a *complete under-water examination,* the Navy base radioed.

The Coastwise Pacific Far East Line here, agent for the ship, said it had a crew of "about 40" but no passengers aboard when it left Seattle. It touched later at Kodiak.

LONDON (CP) — Sir Maurice Holmes, formerly permanent secretary to the Ministry of Education, has been appointed secretary to the Standing Commission on Museums and Galleries.

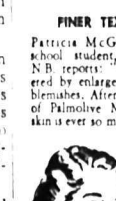
LONDON (CP) — R. F. Church, Deputy Director of the Ministry of Information News Division, will succeed J. H. Brebner as director. Mr. Brebner now is Public Relations Officer of the London Passenger Transport Board. Mr. Church formerly was editor-in-chief of the Central News Agency.

TRY PALMOLIVE'S 14-DAY BEAUTY PLAN

Get these complexion benefits

FINER TEXTURE

Patricia McGuire, high school student, St. John, N.B. reports: "I was bothered by enlarged pores and blemishes. *After just 14 days* of Palmolive Massage, my skin is ever so much clearer."



LESS OILINESS

"Palmolive Massage made my skin far less oily; improved its colour—*in just 14 days!*" reports Laddie Dennis, Toronto Model. "Any girl looking for a natural loveliness should try the Palmolive Plan."

LESS DRYNESS

Mrs. C. W. Charles, Vancouver, reports: "Most soaps made my skin dry. From my 14-day test I found that Palmolive did not make my skin dry or flaky. I recommend Palmolive to everyone."

HERE'S ALL YOU DO!

Wash your face 3 times a day with Palmolive Soap and, *each time,* with a face cloth massage Palmolive's lather into your skin—*for an extra 60 seconds.* If your skin is extra-sensitive, use just your fingertips to massage in Palmolive's beautifying lather. Rinse well—first with warm water, then cool—and pat dry.

Manchuria Calls Rev. H. K. Johnston Back; St. Andrew's United Church in Rossland Regrets Loss of Pastor

ROSSLAND, B.C., Jan. 28—Impending retirement of Rev. H. K. Johnston as Pastor, in order to carry out orders to return to the mission field in Manchuria, his war furlough being over, was announced at the annual congregational meeting of St. Andrew's United Church in Rossland.

It was with regret the congregation learned that Mr. Johnston had been notified by the Presbyterian Church of Ireland not to make any new commitments, and to be ready to resume his work in Manchuria, where he was a missionary until taken prisoner by the Japanese.

Mr. Johnston expressed regret at leaving Rossland where he had spent two most happy years; but as he was on furlough and must report when asked to, he would have to leave on June 30.

His notice of retirement was accepted with deep regret, and a vote of appreciation was tendered Rev. and Mrs. Johnston for the good work they had done while here.

The Secretary was instructed to notify the Presbytery of the retirement of Mr. Johnston, and the Official Board was empowered to take the necessary steps in appointing a successor subject to the final approvement of the congregation.

$3000 RAISED BY CHURCH

The financial report showed annual receipts of $3005.96, and disbursements of $2827.67, leaving a credit balance of $280.22.

Dinner was served by the Women's Association under the convenership of Mrs. R. Richardson, who was assisted by Mrs. H. Pepin, Mrs. S. Martin, Mrs. G. A. Bray, Mrs. G. Boisjoli, Mrs. E. A. Morris, Mrs. H. Babcock, Mrs. P. Bateman, Mrs. Hyacinthe, and Mrs. Bosworth.

Rev. H. K. Johnston, Pastor, presided over the annual meeting, and James Urquhart, who returned from overseas, was welcomed.

F. J. Beinder, Session Secretary, reported 18 were received into the church on profession of faith, six by re-profession of faith, and 15 by certificate; and that 13 had been removed by death or transfer. There was a total membership of 309, of whom 78 were non-residents. During the year 23 children and one adult received the baptismal service. Thirteen weddings were performed and 10 funerals conducted. Four Communion services held with an aggregate attendance of 500. Thanksgiving services were held on VJ-day and VE-daly, and on Jubilee Sunday, May 27, the anniversary of the church. The congregation heard Basil Matthews and Rev. H. E. D. Axford. A welcome home social was given 30 of the returned men in the Fall.

The Session appealed for more general attendance at the Church Services.

ELECTIONS

H. J. Lowes was elected as a member of the Session, other members being W. Blackwell, F. J. Beinder, O. Bisson, C. F. Daly, R. W. Dunn, E. Jamieson and R. D. Mitchell.

W. S. Hewgill was elected to Board of Stewards to serve one year along with Mrs. W. Buick, R. F. Mitchell, E. Jamieson and Messers. Dodds and Watson.

Those elected to serve two years on the Board of Stewards were J. C. Urquhart, R. T. Fraser, C. F. Daly, F. M. Ethridge, Don Martin, J. B. Carr, G. Somerville, and R. Munn. Mrs. G. A. Benzies, President of the W.A. and Mrs. W. Woodhouse, Envelope Secretary, are ipso facto members.

Edgar Jamieson read the report of the Board of Stewards, which held 10 meetings with an average attendance of nine. R. M. McHallam and W. Woodhouse had been appointed Treasurer and Secretary to fill the vacancies caused by the departure of E. Hedley and Mr. Dunn. The W.A. had the Church and Annex rewired. The Parks Board had assisted in landscaping the lot by the Church, which added greatly to its appearance. St. Andrew's Jubilee Club had been formed in the Fall, and the Board commended it on its progress, and also Rev. H. K. Johnston on the hard work done by him

CHURCH FUNDS

During 1945, The Treasurer reported $44.40 was contributed to the Protestant Churches of Europe Fund.

The Jubilee Fund receipts amounted to $2839.94 and after all disbursements there was a bank balance of $18.37.

Mrs. Woodhouse, Envelope Secretary, reported 96 families used the envelopes at the beginning of the year, but 12 had moved away, leaving only 84; that $1559.56 had been received for the current expenses account, and $267.15 for the missionary account, a total of $1826.71.

R. D. Mitchell reported receipts of $516.17 for the Missionary and Maintenance Fund. Headquarters at Toronto asked for an increase of 10 per cent of former donations, and St. Andrew's donation had been increased by 20 per cent, and he had forwarded $500.

WORK OF W.A.

Mrs. G. Benzies gave a report on the work of the W.A., which had cooperated with the Board of Stewards. The W.A. had rewired the Church and Annex, subscribed to the Jubilee Fund, and affiliated with the Women's Missionary Society.

Commenting on this the Pastor told of the numerous times the W.A. had come forward, serving dinners, teas, and buying blinds for the Sunday School rooms, helping with the gowns for the choir, etc. Hearty applause was given the W.A.

Mrs. Edgar Jamieson read the W.A. Treasurer's report, which showed total receipts of $980.46, and disbursements of $861.94, leaving a balance of $116.52.

C. F. Daly, Superintendent of the Sunday School, Mrs. R. F. Mitchell, Treasurer, and J. C. Meek reported on the activities of that Department. Mr. Meek reported an initial balance of $14.97. Collections came to $497.69, and donations, $50, making total receipts $562.66, while the disbursements amounted to $571.84, leaving a deficit of $9.18. Mr. Meek reported that there were 294 students on the roll, with around 180 to 210 attending, and there was a staff of 15 regular teachers.

C. F. Daly said the Sunday School was endeavoring to give the boys and girls a good training to be good citizens, as they would be the men and women of tomorrow. The room had been finished in the basement and was being used for the beginners. He paid tribute to the officers and teachers.

OTHER ORGANIZATIONS

Mrs. M. Scammel reported on the work of the C.G.I.T. Groups.

Mrs. H. K. Johnston read the report of the Women's Missionary Society, which met 11 times, with average attendance of 10. Two active members were lost in the passing of Mrs. C. H. Daly and Mrs. G. Mauchline. During the past season they had made a study of the book "West of the Date Line." Two special meetings were held — a birthday meeting, when Mrs. Radcliffe of Trail was the guest speaker, and a Thank Offering service, with Miss Ida McKenzie as the guest speaker. Receipts for the year were $130.97, and disbursements, $125.64, leaving a balance of $5.33.

Mrs. F. Blackwell reported the Choir had 27 members with an average attendance of 17. In March the Choir held a rummage sale, and with the proceeds purchased new hymnaries, and in November the East Trail Choir gave an enjoyable Fireside Hour after the church service. An appeal was made for new members.

Miss M. Wilkie, conductor of the Junior Choir, reported an average attendance of 18, and that the girls were quite faithful in their attendance.

W. S. Hewgill read the report of the St. Andrew's Jubilee Club, which was organized in October. This club had a four-point program—devotional, educational, recreational and social. At Christmas time it put on a Christmas Pageant. Badminton and table tennis were also enjoyed by the members.

SUMMER SCHOOL

The pastor reported a number of boys and girls had attended the camps held at Camp Koolaree, and that a Summer School had been held for the boys and girls not able to leave the City, around 70 being in attendance. He felt this project was well worth while.

He also paid high tribute to all the men who had faithfully given freely of their time in assisting in the work of renovating the church, and several business men had loaned their trucks and shovels.

W. Dunn, a former resident here, and now residing at Vancouver, was appointed delegate to attend the United Church Conference to be held in Vancouver in May. The appointment of a second delegate was left to the official board.

R. D. Mitchell was appointed delegate to the District Presbytery meeting to be held in Trail in February. The Woman's Association was asked to appoint a second delegate.

J. C. Urquhart, chairman of the Jubilee Committee, reported on the good work done in 1945 in remodelling the church and annex, and gave an outline of the work it was planned to do this year. The committee especially wanted to tear off the coal bin and build a new one under the building, finish the Sunday School rooms, and paint or stucco the outside of the buildings.

The meeting went on record as giving the Board of Stewards power to go ahead with the repairs and maintenance to put the church in good appearance as soon as funds were available.

The Official Board recommended that the Board of Stewards increase the Minister's salary to $2000 per year commencing January 1, 1946. This recommendation was approved.

PASTOR SUMS UP

In closing the meeting, the Pastor spoke with appreciation of the friendship and help he had received, and that there was only one thing that worried him, the lack of regular attendance at the Sunday services and communion. The church was well organized and full of activity, but worship was neglected. He felt there was a tendency to a spiritual awakening, that the five years of combat had taught the people in Rossland, as well as the world, the need of the spiritual life. He appealed to the members to consecrate themselves to the great task of quickening of spiritual life by being regular at worship, and at the sacrament of the Lord's Supper.

He said the church was in a healthy state, as the encouraging reports of all departments showed.

A fine mist of water and oil is sprayed on cotton during ginning to prevent the development of static electricity which seriously clogs machinery.

NAVY WEDDING: Mr. and Mrs. Jack Dawson, pictured following their marriage in Nelson, Jan. 7. The groom was Chief Engineer on the destroyer Algonquin, receiving his discharge last November after three years Navy service. The bride, the former Miss Freda Avery of Valleyfield, Que., is awaiting her discharge from Navy service. At left of the groom is Wilbur Anderson and at extreme right is Miss Joan Dawson, sister of the groom.

The marriage took place at the Church of the Redeemer, Rev. W. J. Silverwood officiating. They will reside in Nelson. The groom is the son of Mr. and Mrs. James Dawson, Sixth Street, and the bride the daughter of Mrs. H. Avery, of Valleyfield, —Vogue Photo.

Overeating, Overweight

By HERMAN N. BUNDESEN, M. D.

When a child is much overweight, as a rule the parents are pretty well convinced that it is due to some glandular trouble. As a matter of fact, over 95 per cent of the children who are too fat are that way because they have eaten too much, particularly of foods that are too fattening, such as sweets, cereals, and fats.

Studies have revealed that many of these youngsters are the only child or the youngest child in their respective families. Food has taken on an exaggerated importance to them. Then, to, home relationships may be unhappy and, according to some doctors, food may become a substitute for love, security and other forms of satisfaction.

OVERWEIGHT CHILDREN

The overweight children will usually be found to be average or slightly over average height. They are of normal intelligence and, in fact, many of them are in the top third of their classes at school. The amount of excess weight varies to some extent. Some are only moderately plump, while others are extremely fat. Most of the excess fat is distributed in the region of the breasts, hips and lower part of the abdomen.

Certain glandular disturbances may account for overweight in some children. For example, there may be present a condition known as Frohlich's syndrome, due to some difficulty with the pituitary gland which is located at the base of the brain. There is a disorder, also, in which there is low blood sugar, which tends to induce over-eating. However, this condition is rather rare in children. Lack of thyroid secretion may account for overweight in some few instances.

DIET RESTRICTION

Once it is decided that a child is overweight, the physician will direct as to whether the diet should be restricted in order to bring about a weight loss, or just cut down to the point where no further gain in weight will occur for some time. The best way of bringing about a loss of weight is by cutting down on the amount of food eaten, at the same time keeping the diet well-balanced.

Children who are fat because they overeat need follow only a few simple rules, such as eating no candy, cakes, cookies, jams or sugar and no desserts to which these foods or flour have been added in any considerable amount; eating not more than one-half piece of bread at a meal or its equivalent in rice, macaroni, spaghetti, potatoes or other starchy foods; drinking two or three glasses of skim milk a day, in place of regular milk, making up the diet for the most part of lean meat, fish, fresh vegetables and fruits, and eating just three equally-sized meals a day.

Such a plan often may bring about a satisfactory weight loss.

Hollywood Gossip

Ann Sheridan Back; Heddy Lamarr and Loder Talk Reconciliation; Garfield and Levant in Humoresque

BY BOB THOMAS

HOLLYWOOD, Jan. 29 (AP) — Ann Sheridan is back at Warners after a considerable absence, and she still has plenty of that oldtime comph.

Ann calculates she has been gone close to two years, having left Warners in a huff in May, 1944. I asked if she achieved her contractual demands.

"Certainly," she said. "Otherwise I would not have come back." She declined to discuss the new terms, however.

Bob Hope's vacation didn't last. He appeared in the Phoenix open golf tournament and also came back for more scenes on "Monsieur Beaucaire" . . . Ty Power and Annabella are expected back from New York and Montreal Feb. 8 when he starts getting ready for the filming of Somerset Maughan's "The Razor's Edge" . . . Judy Garland has her nursery all done up in pink for the March arrival. But supposing it's a boy — — . . . 20th-Century-Fox' successor to "House on 92nd Street" —"32 Rue Madaleine"—will all be filmed away from the Studio—in New York, Washington and Quebec City . . . Hedy Lamarr and husband John Loder are talking a reconciliation.

Clark Gable received a four-foot crate from one of his fans in Chicago. Enclosed was a tremendous collection of stories and pictures that had appeared about the actor. A letter explained: "I won't have any more use for these—I'm getting married." Clark sent an autographed picture as a wedding present.

The current run on classical music in pictures will reach a peak in "Humoresque" with selections from composers Bizet, Brahms, Debussy, Liszt, Tschaikowsky and Wagner. John Garfield will play them on the fiddle and Oscar Levant on the piano.

CAMP LISTER

CAMP LISTER, B.C.—After visiting for the past three weeks at Trail with their son and daughter-in-law, Mr and Mrs. E. Stevens, Mr. and Mrs. R. Stevens returned to their home here.

Mr .and Mrs. J. D'zvigola and son John were weekend visitors to Cranbrook.

Lac. .Waddy Huscroft arrived on Tuesday from overseas, where he had been for the past two years. He saw service in Holland and Germany.

Mr. and Mrs. Wilbur Gorril left on Monday to visit with relatives in Vancouver.

After visiting for the past three weeks at Stockholm, Sask., James Sikora returned to his home in Huscroft.

Gorry Hurry of Huscroft left on Monday for Kimberley where he is employed.

Mr and Mrs. H.. Potoff left for Seattle and Vancouver. They were the guests of the latter's brother-in-law and sister, Mr. and Mrs. W. J. Skerik, for the past two weeks.

The Women's Institute and the Deer Lodge Club sponsored a court whist drive in the Deer Lodge Hall with eleven tables in play. First prizes went to Mrs. E. Kreese and William Mahan; consolations, Mary Sinclair and Lorne Hobden. Supper was served. Mrs. H. Powers, Mrs. E. Staite and Mrs. Charles Huscroft were the committee for the evening.

Albert Wocknitz, who was employed at the Bayonne Mine is visiting his home here.

Mr. and Mrs. Hugo Sommerfeld were weekend visitors to Canyon at the home of Mr. and Mrs. Roy Browell.

In 1526, probably at Worms, William Tyndale issued the first complete printed New Testaments in English. They were smuggled into England in bales, barrels, and boxes of merchandise.

Interruptions Home Problem

By Garry Cleveland Myers, Ph.D.

Recently, I expressed concern about the classroom where children, though not behaving maliciously, fail to exercise consideration for other persons there. I reported some classrooms are highly stimulated with interesting things to do but not exercised enough in self-control "to come to attention" with reasonable promptness when the teacher or another pupil is about to impart some information all the class should hear. I deplored the frequency with which children in the classroom vied to talk, several simultaneously, the same problem appearing in many homes.

Clearly these problems reveal a lack of self-control and regard for the rights and feelings of others—rudeness to a very high degree. Yet the child who errs in this direction may not have any of the other traits we usually associate with bad behavior. He may not destroy property and may be honest and truthful.

SELF-RELIANT AND HELPFUL

He may even be self-reliant, helpful about the home and studious. He may, indeed, be considered, acording to the usual standards, as a model child. Nevertheless, he is wanting in likableness and good citizenship.

We parents and teachers should be sensitive to these problems and try harder to prevent or resolve them. At home, let us begin with the baby and train him to learn to wait and, later, not to butt in and interrupt while we are talking face to face or on the telephone to another person.

Suppose you are talking to a friend who has dropped in and your tot, three, not in any desperate need at the time, seeks your immediate attention and, not getting it at once, shouts at you or hits you. He often had done likewise when you were speaking to your husband or wife. Then's the time to work on it. Making sure you never interrupt him in like manner, tell him just once he must wait when you are talking to each other or to anybody else.

CHAIR PUNISHMENT

Then, for each offense, when he does not respond to a mere signal, spank him soundly or assign him to sit in a chair for twenty minutes. If he is older, let the sentence be correspondingly longer. If he interrupts habitually while you telephone, set aside a few hours when you will talk to an imaginary person on the phone, so you can stop and discipline the youngster, in the aforesaid manner.

If your child, eight, wants to do all the talking at the dinner table, put down a clock. Let him talk uninterruptedly for the first three minutes giving him your undivided attention. After that, require him to wait till all the rest have had an equal time to talk, sending him from the table to finish his meal if he violates this rule, ending this discipline plan once he has learned to let others talk.

Teachers should discipline the child at school for "talking out of turn," and not by mere warning but by assigning the offender to sit doing nothing for a good long while in the back of the room.

Arrowcreek Youth Leaves $1675

James Allan Danielson of Arrowcreek, who was accidentally drowned near Blake on Aug. 5, at the age of 20, left an estate worth $1675.26. Letters of administration for the estate were issued to Elizabeth Jane Brett, Administrator, by Judge W. A. Nisbet in Chambers on Jan. 15. E. P. Dawson was plaintiff's solicitor.

The estate was made up of cash and life insurance. Beneficiaries were Elizabeth Jane Brett, grandmother of Arrowcreek, who receives $1002.58 and Mary Magdelene Hadler, mother, of Boswell, $531.43.

CASTLEGAR

CASTLEGAR, B. C. — Miss Luella Wigg returned home Saturday from a visit to Vancouver.

Louie Fitzsimmons was a business visitor to Trail Friday.

Mrs. V. Jones is a patient in Trail-Tadanac Hospital.

Barbara Jean Wilson of Trail is visiting her grandparents, Mr. and Mrs. John Hanson of Castlegar.

R. A. Larson is spending the weekend in Nelson.

Mrs. Louie Priorie and two sons visited friends in Trail over the weekend.

Mrs. A. Hostetter has returned home from Trail-Tadanac Hospital.

John Saxon was a recent visitor to Trail.

H. Mulhern was a visitor to Nelson.

Lac. Nels Hanson has returned home after receiving his discharge from the RCAF.

Mrs. Jack Payne is a patient in Kootenay Lake General Hospital Nelson.

Mr. and Mrs. G. Fowler were weekend guests of Const. and Mrs. Don Pye of Salmo.

Gnr. Peter Letkamen has returned to his home after serving overseas.

Miss Kay Zuk of Trail was a weekend guest at the home of her parents, Mr. and Mrs. J. Zuk.

Mrs. Pete Savencoff and her sister-in-law, Miss Fannie Savenacoff, visited friends in Kinnaird.

Ronnie Mayled of Kinnaird was a Castlegar visitor.

Mr. and Mrs. J. P. Gregson and son Bobby visited in Trail.

Mr. and Mrs. Pat Clayton of Trail visited friends in Castlegar.

CASTLEGAR, B.C. — Clarence Cornwell of Silverton was a recent visitor here, called due to the death of his brother, Larry.

Mrs. L. Davis of Wynndel is visiting relatives in Castlegar. She was called due to the death of her grandson, Larry Cornwell.

T. Temple and D. McGregor of Nelson were visitors to Castlegar recently.

Among those attending the funeral in Trail for Larry Cornwell were Mr. and Mrs. J. Pederson and Ovi, F. Woodrow, G. Osachoff, Mrs. S. Dams, P. Toogood, Mr. and Mrs. A. E. Davis, Mr. and Mrs. J. R Killough.

Olaf Ostenson is home from the Army on six months industrial leave.

A. H. Boss Leaves Estate to Wife and Daughter

Letters probate to the state of Abner Holmes Boss of Nelson, were granted to Sadie Mary Boss, executrix by Judge H. W. Colgan in Chambers, Jan. 7. E. P. Dawson was plaintiff's solicitor.

Gross value of the estate was $3770.11. Beneficiaries were his daughter, Edna Leona Boss, of Nelson, who received a sixth of the interest on the real estate or $312.50, and his wife, Sadie Mary Boss who received the same share plus $5785.16, the balance of the estate.

Men Wear Best Silks, Cottons

By DENISE DALTROFF
Canadian Press Staff Writer

LONDON, Jan. 29 (CP)—In the rich surroundings of Norman Hartnell's London showrooms the Incorporated Society of London Fashion Designers described to reporters some of their plans for a drive for overseas markets.

Ten of London's leading designers, including Bianca Mosca, Worth, and Digby Morton will show their collections of 20 to 30 models each to buyers and agents from stores in Canada, the United States, Egypt, Switzerland, Scandinavia and other countries.

The Incorporated Society of London Fashion Designers was started at the beginning of the war when the trade felt that something should be done to increase the export of British fashions.

Designers have found that some of the best silk and cotton is worn by men in their ties and shirts and the collection includes models in the type of rayon used for men's ties, and poplin which has been processed to make it crease resisting. Other models will be of printed materials designed by Hartnell, satins of vivid colors and handpainted nylons.

Austerity in these models is a thing of the past and the Society hopes that restrictions on designs for the home market will soon be lifted. Except, they say, for bulk production, the restrictions imposed during the war result in no saving of time or labor.

Michel Girl Breaks Wrist

NATAL, B. C.While returning to her home on her skates youthful Delma Cividin, youngest daughter of Mr. and Mrs. T. Cividin of Michel slipped and fell, sustaining a broken left wrist. She was immediately taken to the hospital where the break was mended and is now able to go about with the aid of a cast on her wrist. The accident occurred after she had been skating nearby and was endeavoring to go home while still on her skates.

S. A. Spiers Leaves Estate to Parents

Letters probate to the estate of Stuart Alan Spiers of Nelson, who died in an accidental mine explosion on March 15 1945, while overseas with the Royal Canadian Engineers, were granted to James Daniel Spiers, Executor of Ymir, by Judge W. A. Nisbet in Chambers, Jan. 17.

Beneficiaries are his mother and father, Bertha Hananh Spiers and James Daniel Spiers of Ymir.

W. W. Ferguson was plaintiff's solicitor.

He Went With Her Just to Prove a Bet

By PERSONAL ADVISER

Dear Adviser:

Last Spring, while I was a senior in High School, I went with a boy in my class and fell in love with him. He made me think he was in love with me, but I found out that he was going with me just to prove a bet.

I was terribly hurt and wrote him a letter than I knew about the bet and didn't care to see him any more. I'm sorry now that I wrote that letter because I can't get interested in anybody else.

He's very conceited, is very good-looking, and likes to talk about all the money he has. Do you think it would be O.K. for me to write him again?

H. S. G.

If you really love this young man as you insist, though it's hard to believe that such a cad would get the affection of a nice girl, I think it's up to you to give him a course of gentlemanly behavior.

Gentlemen don't brag about their money. And they don't make bets about nice girls. You couldn't do a better thing for his development than to put him in his place, and the first step is to cut out the letter-writing.

WINNIPEG BABY RECOVERING FROM RARE OPERATION

ST. BONIFACE, Man., Jan. 29 (CP)—Thirteen-day-old Pamela Gail Hall is recovering in St. Boniface Hospital today from an operation unique in Manitoba's medical history.

The operation, performed when she was only four days old, was to close an opening between the food and air passages — the oesophagus and the trachea. It had never before been done in this province and babies flown to Montreal, Boston or New York usually had died.

The surgeon was a St. Boniface doctor whose name has not been disclosed and the baby was on the operating table for nearly two hours. Three ribs had to be removed because the opening was located almost past the heart—but it was reached and closed.

The baby's nurse, Carmen Fredrickson of Regina, at first fed her every hour, orginally through a tube then by eye dropper and finally by bottle.

The parents, Mr. and Mrs. William Hall of this Winnipeg suburb, expect to have Pamela Gail home by this weekend.

BRILLIANT

BRILLIANT, B. C. — Mrs. C. Woodford visited in Nelson.

Dr. and Mrs. V. Goresky of Castlegar spent Tuesday evening at the home of Mr. and Mrs. T. Mansell.

Mrs. N. MacLeod of Nelson visited Mr. and Mrs. G. H. Grummett last week.

Visitors in Trail included Mr. and Mrs. G. H. Chapman.

Jack Brodie of Nelson was the weekend guest of Eddie Hilton.

Mrs. W. Nixon is a patient in the KLGH in Nelson.

Mr. and Mrs. C. Ramsay, Joan and Bill were Nelson visitors.

Mrs. J. Grummett, of Nelson, spent a few days this week at the home of her son and daughter-in-law, Mr. and Mrs. G. H. Grummett.

Hints for Housewives

By BETSY NEWMAN

Is anything better when it comes to eating than hot coffee cake, especially when it is homemade? I'm giving you some recipes that you may like to file and then you can serve these cakes for suppers and Sunday breakfasts.

TODAY'S MENU

Baked Beans or Meat Pie
Brussels Sprouts
Green Salad with French Dressing
Hot Coffee Cake
Coffee

FRENCH COFFEE CAKE

Three cups flour, ½ cup sugar, 6 teaspoons baking powder, 1 teaspoon salt, ½ cup shortening, grated rind of 1 orange, ½ cup orange juice, 2 eggs, 1-3 cup scalded milk, 1 cup orange marmalade.

Sift dry ingredients together; add shortening, mixing in with a fork. Soak orange rind in juice for a few minutes. Beat 1 egg and 1 egg yolk slightly, add oragne juice and rind, then add milk. Add to dry mixture; mix well. Put into 1 very large or 2 smaller greased shallow pans to thickness of about 1 inch. Spread top with remaining egg white beaten into marmalade. Bake in hot oven at 450 degrees F. for 25 minutes. When done, break into squares and serve warm. Makes 12 squares.

SPICE-FILLED COFFEE CAKE

Three cups flour, 4 tablespoons baking powder, 1 teaspoon salt, ¼ teaspoon each nutmeg and cinnamon, ¾ cup sugar, ¼ cup shortening, 2 eggs, beaten; 1 cup milk, 1 cup cream, whipped and sweetened.

Sift together first 5 ingredients. Mix in shortening, using a fork; add eggs and milk slowly to make a soft dough. Place in greased, deep, round cake pan and cover with the following top mixture. Bake in moderate oven (400 degrees F.) about 45 minutes. Cool, split in half to make 2 layers; put together with whipped cream. Serve in pie-shaped pieces.

TOP MIXTURE

Two tablespoons butter, 2-3 cup brown sugar, 3 tablespoons flour, ⅛ teaspoon salt, ½ teaspoon cinnamon, ¾ cup chopped almonds.

Cream butter, add sugar, flour, cinnamon and salt. Mix well. Spread over top of cake, sprinkle with almonds. This makes 1 10-inch cake.

Last Rites Held for John Triggs at Rossland

ROSSLAND, B. C., Jan. 29—A large crowd of friends gathered at the Masonic Hall Saturday afternoon to pay final respects to John Triggs, who passed away suddenly on Tuesday evening in his 70th year. Rev. H. K. Johnston was the officiating minister. The hymns sung were "Nearer My God to Thee", and "Jesus Lover of My Soul". R. Hawkes of Trail sang the solo, "Remember Now Thy Creator". Mrs. E. Jamieson presided at the organ. There was a profusion of beautiful floral tributes.

The pallbearers were George Nixon Jr., George Best, J. R. Corner, E. Jamieson, W. Darby and C. E. Fenton, while honorary pallbearers were W. Treverton, J. Petrie, H. Colenso, A. Endersby, J. Roscorla and F. S. Peters.

Interment was in Mountain View Cemetery.

Natal-Michel Boys Arrive Home

NATAL, B.C.—The latest Natal-Michel repats to come home after serving overseas and in Canada are Gnr. A. Wojtula of the 4th Anti-Tank Corps, who has returned to Natal. He joined the service in November, 1942 and after training at Camrose, Alta., and at Shilo, Man. he was sent overseas in July of the following year. After a short stay in England he went into action in Italy where he stayed for nearly a year before going into France, Belgium and finally Holland where he was stationed when the war ended. He arrived back aboard the Ile de France. He was one of three brothers in uniform during the war, the two others, Gnr. M. Wojtula and Corp. E. Wojtula, having also returned to Canada. At present they are employed in the Crow's Nest Pass.

Pte. Ken Galla, eldest son of Mr. and Mrs. M. Galla of Michel also returned home after serving some 3½ years with the Seaforths of Canada. He went into the Army in August, 1942 and trained some three years in Canada before going overseas. While in Canada he was stationed at Victoria and Prince Rupert in B.C. and at Halifax. He arrived overseas in January, 1945 and saw action in Belgium and in Holland when the final push was on, being in on the grand finale when Germany surrendered. He came back to Canada aboard the troopship Ile de France. After a short leave at home he went back into training at the Coast where he was stationed for a few months until getting his final discharge.

Tpr. G. "Bonzo" Truant of the Calgary Highlanders also returned to Natal after serving a short period in the Army. He served for some two years in Canada before finally joining up in November of 1945. Before going overseas he trained in Canada at the West Coast and at Petawawa ,Ont. He landed overseas in July, 1944, but failed to see much action in the European theatre of war, so he immediately volunteered for Pacific duty before the Japs surrendered.

Before getting his discharge he was stationed at Nanaimo, B.C. until only recently. He arrived from overseas aboard the Nieuw Amsterdam. His mother lives at Michel.

Four Trades Licences Granted

Four trades licences were granted by the City Council Monday night to:

Arthur James Reid, who has purchased the Nelson Upholstery business.

K. W. Jensen, 501 Victoria Street, building contractor.

James Bereau, 604 Sixth Street, for radiator repair shop at 417 Hall Street.

G. S. Cooper, who has purchased the Fairview Service from F. C. Stewart.

Wed in Lancashire

Cfn. Harold Allan Stainton of Nelson and his bride, the former Miss Doris Lavis of Lancashire, who were married in Nelson, Lancashire, England, Nov. 10, Rev. A. F. Ward officiating. The bride is the eldest daughter of Mr. and Mrs. James Lavis and the groom is the eldest son of Mrs. H. Stainton, Rosemont, and the late H. Stainton.

Given away by her father, the bride was attired in ivory satin beaute with feathered headdress and embroidered veil. Bridesmaids were Miss B. Dickinson and Miss J. Lavis; W. Lavis, brother of the bride, was best man, and her uncle, R. Mason was groomsman. The couple spent their honeymoon in London, the bride travelling in a camel coat over a brown costume.

Craftsman Stainton has returned to Canada after 3½ years overseas, seeing active service in Italy, Belgium and Holland. He is a native son of Nelson, having attended Central, Junior High and High Schools.

Mr. and Mrs. R. Strachan won from Mrs. R. Mills and J. West.

KIMBERLEY PATRIOTIC PLEDGES $1000 MONTHLY

KIMBERLEY, B. C. — The future course of the Kimberley and District Patriotic Society will be settled at the general annual meeting March 18, the Board of Directors decided at their January meeting. In the interval members, who contribute a pledged $1000 a month, will be balloted on whether they wish to continue as a chartered organization to administer all district war charities, or to relinquish their charter and become a Community Chest fund organization.

The records show that the Society has listed about 600 local service personnel, and some 410 of these are now back in Kimberley with 110 still serving overseas and the rest on service in Canada.

The Board is directing efforts at securing completed ballots of at least 60 per cent of the district's service people as to their wishes for disposition of the rehabilitation trust fund, mounting each month since it was started in October, 1939, and standing now at about $12,000.

December contributions totalled over $1000, the treasurer reported. The regular contribution of $500 was authorized for the Canadian Red Cross, $250 to the United Allies Relief Fund, and consignment of gift cigarets to 110 overseas personnel, while grants were made for the Welcome-Home party and for taxi fare to Kimberley from Cranbrook for returning service men and women.

JOHNSON'S LANDING

JOHNSON'S LANDING, B.C. — Alvin Lake returned home recently from Vancouver, having received his discharge from the Army. He also visited relatives in the States before returning to the Landing.

Jack Raper was down from his trap line up Fry Creek, having a fine catch of marten.

Mrs. Pagett left on Saturday's boat to visit friends and relatives in the East.

George Sawczuk of Argenta has been staying a few days with Jim McNicol.

Mrs. McNicol went out on Saturday's boat to visit Nelson and Kaslo.

Mrs. Raymond Raper and twins returned on Saturday, having spent a week in Kaslo.

Miss Nellie Stenberg returned to Mirror Lake on Saturday, having spent the week with her parents.

WYNNDEL

WYNNDEL, B.C.—S. Spence is a patient in Creston Valley Hospital.

Mrs. L. A. Davis is visiting relatives at Castlegar. She was called there due to the death of her grandson, Larry Cornwell.

Miss Hazel Davis spent last weekend with her brother-in-law and sister, Mr. and Mrs. J. C. McFarland at Erickson.

Miss M. Mazook of Erickson was a recent visitor here, guest of Miss Hazel Davis.

Mrs. A. Joy and Miss A. Lawrence have returned from Vancouver where the former received medical treatment.

Miss D. Huscroft, who is employed at Creston spent the weekend with her parents, Mr. and Mrs. G. Huscroft, here.

L. McInnis, who is employed at Destiny Bay, was a recent visitor with his parents here.

Miss B. Price of Creston was a recent visitor with her grandparents, Mr. and Mrs. M. Hagen here.

Mr. and Mrs. Ogilvie returned home where they attended the Ice Carnival.

Allan Cooper of the R.C.A. arrived home from Overseas on Monday.

Mr. and Mrs. E. W. Davis of Canyon and Mr. and Mrs. J. C. McFarland of Erickson, were Tuesday night visitors at the home of Mr. and Mrs. L. A. Davis.

Mr. and Mrs. J. Thompson entertained at their home on the evening of January 16th, in honor of their daughter, Shirley, who celebrated her 16th birthday. Several invited guests attended and games, singing, refreshments and dancing were enjoyed by all.

Treeless Iceland is planning a large-scale planting of spruces from Alaska which have been found suitable to the climate.

Harry Adaskin to Play Here

Nelson music-lovers can be prepared for a treat when Harry Adaskin, well-known Canadian violinist, visits the city on Feb. 13. He is to give a recital at Trinity United Church under the auspices of the Parent-Teacher Association and the Nelson Music Teachers.

His playing has been described in glowing terms by many authorities on the subject. The Toronto Evening Telegram describes one of his performances in Toronto as beautifully polished, thoughtful and integrated.

Also speaking of one of his programs the Toronto Globe and Mail says, "Mr. Adaskin, who unites with a beautiful tone and technical authority, rare analytic intelligence, gave a rendering marked by personal enthusiasm and poetic understanding."

Mr. Adaskin is also a radio commentator and has given talks on music appreciation.

Continue Bridge Tourney Across Ocean and Continent

HALIFAX, N.S., Jan. 30—A transcontinental and transatlantic bridge club is the quartet of four avid British Columbia Regiment card players and about a even dozen kibitzers. Playing bridge as the Ile De France docked here Saturday night and still playing as a Canadian Pacific special train carries their battalion across this continent to their homes, were these disciples of Culbertson: Lt. J. B. Kirkpatrick of Vancouver, Capt. J. N. Bell of Vancouver, Lt. R. D. Benmore of Kelowna, and Capt. R. H. Coepel of Vancouver. The group started their competition at Nijmegan, Holland, while awaiting repatriation.

South Slocan Boy Now at Sea

Stanley Johnson of South Slocan has joined the merchant navy and is now at sea. His Mother, Mrs. Annie M. Johnson, is at present a patient in the Kootenay Lake General Hospital.

The Situation in China Improves

The prospects for a peaceful unification of long-suffering China appear to be markedly better.

The improvement dates from President Truman's public statement of an American policy toward China hinging on its unification and the simultaneous dispatch of Gen. Marshall to Chungking.

Gen. Marshall's mission is succeeding beyond all expectation. He has cut through the deadlock, whereby Chungking insisted disarmament of the Communists should precede and the latter contended it should follow agreement between the factions.

The all-party conference found a basis for compromise, and while the situation still contains difficulties, a peaceful settlement with reeestablishment of law and order seems near.

This is the solution that, according to the State Department, was the American policy all along for averting the civil war that only weeks ago looked to be inevitable. If so, it apparently was true that the policy was misunderstood by the former ambassador, Maj.-Gen. Hurley, a misunderstanding accordingly shared by the Chungking government.

The First Case for U.N.O. Court of Justice

London commentators call attention to the double significance of the United Kingdom Government's suggestion to the Guatemalan Government that the 87-year-old British Honduras boundary dispute should be submitted to the adjudication of the International Court of Justice which is to be set up as the principal judicial organ of U.N.O.

In its narrower aspect the United Kingdom Government's proposal holds out the prospect of a friendly and equitable solution of the question upon which Guatemalan sensitiveness has grown into a sort of national tradton. The United Kingdom Government hopes that such a solution may be found as soon as possible "in order that all obstacles to the strengthening of the friendly relations between the two countries may finally be removed."

In its broader aspect the United Kingdom Government's move is a tangible act of faith in U.N.O., which Mr. Attlee has declared "must become an overriding factor in foreign policy."

It rests with the Guatemalan Government to adopt the British suggestion, and as claimant in the dispute to take the initiative in laying its case before the International Court of Justice. In that event the interpretation of the Anglo-Guatemalan treaty of 1859 relating to the boundaries of British Honduras will stand first on the cause list of the International Court of Justice. The formation of the Court ranks high on the agenda of the first session of U.N.O. Its 15 judges are chosen jointly by the Security Council and the general assembly. Its statutes are based on those of the Permanent Court of International Justice established under the League covenant.

The history of the Anglo-Guatemalan Treaty dispute is a picturesque story. The first English settlement in the neighborhood of Belize River, on which stands the Belize capital of the Crown Colony of British Honduras, dates back to about 1638. The name Belize is traced to a Spanish corruption of Wallace. Lieut. Peter Wallace, a famous buccaneer, was the first Englishman to settle on Belize River. The Crown Colony of British Honduras grew partly out of the settlement of British colonists, many of them buccaneers, in defiance of Spanish sovereignty over Central America, and partly out of trading concessions granted by Spain to British settlers.

Amid the maze of wars waged and treaties concluded between England and Spain from 1779 to 1814, it is not easy to define the precise moment at which British sovereignty over the colony became juridically effective. Anyway, the British colony was in existence long before Guatemala came into being as a result of her declaration of independence in 1821.

In 1859 the Anglo-Guatemalan Treaty was concluded and ratified, delimiting the frontier between Guatemala and British Honduras. Under Article 7 of that Treaty the two parties undertook jointly to construct a means of communication between the capital of Guatemala and the fittest point on the Atlantic coast near Belize. This Article has never been implemented despite persistent efforts by the United Kingdom Government, which offered to fulfil its share of mutual obligations thereunder. Again and again the United Kingdom Government offered to pay £50,000 towards the construction of a road or railway, but these offers were one and all rejected by the Guatemalan Government, as it rejected in 1940 the two British proposals to refer the dispute to arbitration.

For these reasons the United Kingdom Government denies that it is solely or even mainly to blame for the failure to implement Article 7, or in any case that the failure to implement Article 7 would render the Treaty of 1859 null and void. Nor does the United Kingdom Government consider that even if the Treaty were void there would be any reason why any part of the territory of British Honduras should belong to Guatemala.

Nevertheless the United Kingdom Government declares in a note to the Guatemalan Government dated Jan. 15 its willingness to submit the dispute to the International Court of Justice, and to abide by the court's decision.

F. M. MacPherson Made No Kimberley Contact

To the Editor:

Sir—You have a news item in today's paper headed "Kimberley, Cranbrook Interview F. M. MacPherson."

What actually happened was this:

Several public bodies in Kimberley have been anxious for some time to contact Mr. MacPherson with regard to the matter of railroad crossings. They decided to wait until such time as he was in the District and then interview him. Some few weeks ago we saw in the Press that he was at the Coast and was going to come to the Kootenays and would visit Nelson, Trail, Cranbrook, etc.

We rather naturally assumed that we would be advised in advance of the date of his coming but when we heard nothing officially the Rotary Club decided to contact him by wire, primarily with a view to speaking at the Club luncheon. Wire was sent to him, care-of C.P.R. (as we were under the impression he was enroute by train). This was "undelivered." A long-distance call was left for him at Cranbrook. This was never answered.

On Thursday morning we were surprised to learn that Mr. MacPherson had been to Kimberley the day before, made a private visit and had gone back to Cranbrook without contacting either Board of Trade, City Council, or any other public body. By the time we learned this he had left Cranbrook for the East.

It seems to the writer that the least Mr. MacPherson could have done, even as a private citizen, would have been to see if there was anything that he could do, officially, for the people who, after all is said and done, were instrumental in putting him where he is.

STANLEY NORTON.

Kimberley, B.C., Jan. 25, 1946.

Kimberley Board Also Corrects Re Interview

To the Editor:

Sir—Attached please find clipping out of your paper of Jan. 25. We would like to state that Mr. MacPherson did not interview our Board of Trade and did not contact any of us here; although we wired asking him to meet us.

KIMBERLEY BOARD OF TRADE,
E. S. Whistlecroft, Sec'ty.

Kimberley, B. C., Jan. 28, 1946.

Bloomer Sees False Statements in Mercury Smear on Brotherhoods

To the Editor:

Sir—Under the heading, "Labor Is Big Business", the Readers Digest for February has the following extract from the American Mercury, written by the Labor editor of the *New York Post, Victor Riesel*:

"A few years ago the Brotherhood of Locomotive Firemen and Engineers found itself in a violent wage controversy with John L. Lewis, who had unionized the coal diggers in mines owned by the Brotherhood."

There is not any Brotherhood of that name, though there is the Brotherhood of Locomotive Firemen and Enginemen, who have never owned any coal mines, so that much of the article is false, and if the rest of it is no more correct than the portion quoted, the organizations referred to should take up the matter with writer of it.

Mr. Riesel also says: "the Brotherhood" has $39,000,000 of assets, and the Brotherhood of Railroad Trainmen $41,000,000, piled up, and observes, "No mean source of power in the drive for wage increases." This again shows how little he knows of the workings of such organizations. If he had gone to the headquarters of these Brotherhoods he would have found that these resources were for the purpose of meeting the calls for payment of insurances when due, and could be used for no other purpose.

The B. L. F. & E., for the month of November, 1945, paid out $79,729, to the heirs of deceased members entitled to same, so, like other insurance companies, the reesrve has to be kept up.

It would take more space than one can reasonaly expect to explain fully all the workings of such Brotherhoods, but the article quoted looks like an attempt to smear their usefulness and breed distrust of them, and as a member for over 50 years in the B.L.F. & E. I resent it.

T. L. BLOOMER

Reader, Blewett—Is there any record of the age attained by grape vines?

One of the Royal grape vines at Hampton Court, near London, was planted in 1768, during the reign of George III, and is still yielding a fine crop each year. The girth of this ancient vine at the ground level is 81 inches, the largest of any vine ever known. Its main branch is 114 feet long. This sturdy old vine is located near the Thomas River and its roots are believed to have descended onto the bed of the river. The celebrated vine at San Gabriel Mission in California is three years younger and has a circumference of 72 inches.

G. M., Nelson—Please tell me in which State the famous American Military College, West Point, is situated?

on the West bank of the Hudson River in the State of New York.

Curious, Kimberley—Some time ago you printed the life story of Frank Sinatra, the radio star. I wonder if you would please repeat it?

Italian American, son of a Hoboken fireman, born there 27 years ago. Graduated from the Demarest High School. Slated for college education in engineering by his father, turned down chance; went to work on Jersey newspaper, first as delivery boy, then copy boy, finally sports reporter. After hearing Bing Crosby, decided he would become a singer, and advanced from roadhouse entertainer to soloist with Harry James, to soloist with Tommy Dorsey, to his own radio program.

Interested, Nelson—Is the D.S.O. only awarded to Army officers? Could you please tell me for what reason the D.S.O. is awarded and if it is only open to Army officers?

The Distinguished Service Order (D.S.O.) is a naval and military order of distinction, instituted by Queen Victoria, September 6, 1886, as a means of rewarding individual instances of meritorious or distinguished service in war. It is for commissioned men only.

Looking Backward

10 YEARS AGO

A friendly badminton tournament between Nakusp and New Denver was staged in Nakusp Saturday. The final score was 140-119 in favor of Nakusp.

A smart and successful benefit tea was held yesterday at the home of Mrs. William Waldie under auspices of Kokanee Chapter, I.O.D.E. in aid of the milk fund.

25 YEARS AGO

(From Daily News, January 30, 1921)

The Dominion Public Works office at Nelson is to be retained, the Dominion Government announced. It was at first slated for closing but the Government was convinced in representation that administration from the Coast was impracticable.

Robert Thompson, Wanderers star, received a bad cut over his left eye while playing hockey at Rossland Saturday.

A large meeting at Greenwood Thursday night decided to form a Board of Trade.

Today's Horoscope

If you are celebrating a birthday today, you are capable of exerting a great deal of influence over those with whom you come in contact, and should be very careful in using it. Develop your mind to the extent of its capabilities. You are not naturally demonstrative, but can and will love with a true, strong passion. Today overcome a tendency toward pride and scorn of others.

Words of Wisdom

Contact with a high-minded woman is good for the life of any man—Henry Vincent.

Etiquette Hints

Never force a business person to talk shop if he or she wishes to relax and forget business.

Test Yourself

1. What is the status of the former republics of Lithuania, Estonia and Latvia since the start of World War II?
2. Who now rules over Ethiopia?
3. What type of government does Haiti have?

TEST ANSWERS

1. All three countries have been incorporated into the Soviet Union.
2. Its Emperor, Haile Selassie.
3. It is a republic.

Franco Agrees Free Press in Moderation

By DEWITT MacKENZIE

MADRID, Jan. 29 (AP) — The question of freedom of the Press was raised in my interview with Generalissimo Franco.

World peace depends on real acquaintance among the peoples of all nations. This acquaintance calls for the free exchange of news—not only reports of great events but the story of every-day life. I asked the Generalissimo if he shares this point of view.

"Only in part," he replied. "This is a problem of morality and education, as it is among individuals. Good morality and painstaking education make living together easy, but when these do not exist or are forgotten, living together is impossible. If it is really desired to take the road toward peace, it is necessary to return to the forms of good morality and courtesy damaged by the war."

Franco said the Government is seeking to cultivate these ideas through the Spanish Press and he continued:

"The Spanish Government at the end of the war decreed freedom of information for foreign correspondents. Spain desires not to conceal its truth from the world, and during the last 70 years it has been devoting its attention to preventing the irritation of its relations with other countries by excesses of its press or its radio, and has required a moderation of opinion which does not deprive them of the noble defence of that which affects us or of the serene and dispassionate criticism of great international events.

"I can assure you that this moderation has favored peace and good relations with the United Nations, and when any newspaper has slipped in criticism, the ambassadors of foreign nations themselves have presented verbal notes asking for that moderation which has been the habit of the Spanish Press and which, unfortunately, has not been matched elsewhere."

3rd U.S. Army Reports Jewish Movement Organized in Poland

Majority Hope to Go to Palestine Only Few Consider Bavaria

By MICHAEL GOLDSMITH

BAD TOELZ, Germany, Jan. 29 (AP)—A United States 3rd Army intelligence report on the infiltration of Polish Jews into the American occupation zone of Germany said today the movement was financed and organized by Zionist groups within Poland.

ESTABLISHED IN BAVARIA?

The report, which I have seen, but which has not been made public officially, said the majority of Polish Jews were determined to reach Palestine, but that the Jews infiltrating into the United States zone had had a firm belief that "if Palestine is inaccessible to them, a Jewish state will be established in Bavaria."

(Lt.-Gen. Sir Frederick E. Morgan, Chief of the United Nations Relief and Rehabilitation Administration of Germany, said Jan. 2 that thousands of Jews with plenty of money were entering the United States zone from the East with a "well-organized, positive plan to get out of Europe." He said a secret Jewish organization was behind the movement.

(The World Jewish Congress, the World Zionist Organization, the American World Jewish Congress and the American Zionist Emergency Council immediately voiced protests, calling Sir Frederick's report false.

(U.N.R.R.A. headquarters in Washington called for the British general's resignation, which he refused to tender. Sir Frederick now is in the United States conferring with Herbert Lehman, head of the relief agency, who suspended the request for the resignation pending the conference.)

JUDGE MAKES STATEMENT

In Frankfurt, Judge Simon H. Rifkind, adviser on Jewish affairs to Gen. Joseph T. McNarney, made this comment on the 3rd Army report

"It is not true to say these people want to settle in Bavaria. Except for perhaps a handful of German Jews of advanced years who may wish to return to their homes, the Jews do not want to live in Germany or any part of it."

The 3rd Army Intelligence report said it had been revealed that the Jews were organized in Poland by "Kibutzes" — groups established in that country to prepare the Jews for life in Palestine.

The report continued:

"All the Zionist 'Committees' have this much in common: They all render assistance to prospective infiltrees by giving them advice on what routes to follow, where to go, how to cross the border, and who to see along the routes for further help. Where necessary, they provide material aid in the form of money and clothing."

Gouin Hopes Alliance With Britain

PRESIDENT FELIX GOUIN OF FRANCE

PARIS, Jan. 29 (AP)—President Felix Gouin told the constituent assembly today he favored an alliance with England "which could some day become part of a broad tripartite agreement among Russia, Great Britain and France."

The newly elected Socialist Chief of State for a vast, expanded program of nationalization, including electricity and gas, "certain large business banks, certain insurance and mining companies, river and canal transportation" and part of the merchant navy.

He promised immediately "massive reductions in civil and military expenses, salary freezing and measures to arrest price increases." He promised severe penalties against black market operators.

Gouin said his new government would press for "internationalization of the Ruhr" and against "reconstitution of a centralized Germany."

The President bluntly told the French people that until the next harvest it would be necessary to maintain the present bread ration. He said the wine ration must be reduced immediately, that the meat supply could not be expected to increase soon and that there was no relief in sight for the potato shortage.

He said France's financial situation is "serious." Gouin said government expenses in 1945 were 532,000,000,000 francs, of which only 1,968,400,000 was covered by normal resources. He said note circulation increased until in December it reached 580,000,000,000 francs.

Senator Wagner Joins Catholics

NEW YORK, Jan. 29 (AP)—Sen. Robert F. Wagner (Dem-NY), 68-year-old veteran legislator and author of the Social Security Act, has been received into the Roman Catholic Church, Francis J. Quillinan, his law partner said last night.

Quillinan, a son-in-law of the late former Governor Alfred E. Smith, said Wagner was baptized Thursday by Msgr. Robert F. Kegan, pastor of Blessed Sacrament Church, at Lennox Hill Hospital where he is recovering from influenza.

Quillinan added that the ceremony was witnessed by Wagner's son, Robert F. Wagner, Jr., the latter's wife, and the Senator's secretary.

Wagner, a native of Germany, was reared in a Lutheran family but later became a Methodist. He was married in a Catholic rectory in Brooklyn, however, and his son was brought up a Catholic, Quillinan said.

THE LINER, SHE'S A LADY . . .

MONTREAL, Que., Jan. 28—A highly personalized history of more than six years of war has been left for posterity on the teakwood deck rails of the Canadian Pacific's Empress of Scotland, now sailing in the repatriation service of British Empire troops.

10,000 NAMES

Ten thousand names or initials of servicemen and women have been carved into the "Scotland's" half-mile of hand rails, it was estimated in a story reaching here as the liner sailed from Britain for South Africa on another trooping run. At that, it means that only one of every 22 military passengers which the vesel has carried over the Seven Seas, since entering Admiralty Service on Dec 22, 1939, has felt the urge to leave a permanent record of his or her passage.

Now starting her seventh year of "trooping", the "Scotland" has carried 223,543 passengers to and from every part of the world. Her wartime log of 505,353 miles, equal to 22 times around the earth, makes the vessel one of the farthest travelled of the Admiralty's merchant ships.

The question of what to do about the rails has developed two schools of thought. One is for putting in new ones, while the other holds that the rails should be left as they are "prettied up" perhaps but with the war record the names constitute to be preserved.

Before the war the "Scotland", a 26,000 ton vessel, was the speed queen of the Pacific, ruling those waters as the fastest and finest liner in the service, from her debut in 1930 after a maiden voyage to Quebec. She returned to Quebec in September of 1945 to bring more than 4000 Canadian veterans.

Evacuation Depends on Transport . . .

German P.O.W Go to Britain

Ottawa Responsible, Movements May Cover Several Months

OTTAWA, Jan. 29 (CP)—The External Affairs Department announced today that all German prisoners of war in Canada will be evacuated to the United Kingdom, with the movement probably starting next month.

The announcement said an agreement on the evacuation recently was reached between the British and Canadian Governments.

34,000 IN CANADA

The total of German prisoners in Canada is approximately 34,000. Of those, approximately 13,000 have been employed on works projects, the majority working in lumber camps.

The announcement said:

"As the process of evacuation will depend on transportation facilities and will therefore cover several months, the prisoners of war so employed will be available in this country until the end of the Winter lumbering season."

The Defence Department will be responsible for the movement of the prisoners to Britain.

The announcement did not say when the prisoners would move from Britain to their conquered homeland, but there have been reports this movement would be deferred because of the acute shortage of housing and food in Germany.

The External Affairs announcement came after several weeks of speculation among the public and in the Press as to when the movement of the prisoners to Europe would begin.

BEEN PERMITTED TO WORK

Government sources answered all queries with the statement that the matter still was in the discussion stage in London. Those overseas negotiations presumably led to today's announcement.

Prisoners who wished to do so have been permitted to work, receiving compensation established by scales under international convention governing treatment of prisoners of war.

Last Summer, 3496 Germans were employed in agriculture, 1650 working in Alberta, 1130 in Ontario and 716 in Manitoba.

Others were engaged in logging operations and food and material productions operations. The bulk of the prisoners were held in Alberta which housed 20,000 in camps there. Some of the Nazis have been in the Dominion more than five years. They are the "originals," the first group of captives to arrive in Canada in 1940. Later, other and larger groups arrived.

Lethbridge, Alta., reports recently said at least 60 per cent of the Germans held in Alberta wanted to stay in the Dominion, but a return tabled in the Commons at the last session showed that only 75 of the 35,000 held had asked formal permission to remain. Their requests were ignored.

ONLY 100 "REAL ESCAPES"

In all, nearly 500 escaped from their camps, but officials said only about 100 could be termed "real escapes" as the total included prisoners who broke out of camps and were captured within a few minutes or a few hours.

Only one of the nine prisoners still at large and unaccounted for escaped from internment camps. The others fled from labor projects.

Records show two mass escapes—one at Peninsula, Ont., in 1941, when 28 prisoners tunnelled their way out of a camp. And another at Riding Mountain National Park in Manitoba in 1943. Two of the Peninsula prisoners were shot and killed in recapture while two others were wounded. The remainder were rounded up within a week. Those who fled in Manitoba also were captured hurriedly.

Spirit Forbearance Still in Canada

Mrs. Amery Believes Native Land "Great in Spiritual Prospects"

By NORMAN CRIBBENS
Canadian Press Staff Writer

LONDON, Jan. 29 (CP) — Mrs. Leopold Amery, recently invested by the King with the insignia of the Imperial Order of the Crown of India, looks back to her native Canada as a country "great in material and spiritual prospects."

"Canada proved her worth in the war and she will have an even greater share in the era of peace," said this frail, white-haired woman who lived in Whitby, Ont., until she married Rt. Hon. L. S. Amery, former Secretary of State for India, in 1910.

Mrs. Amery, whose son, John, was executed Dec. 19 for treason, said Canada was too far removed from the war to be infected by the "vengeful spirit that is abroad in Europe today."

"Vengeance is negative and no good ever comes of it," she said. "The spirit of forebearance is what is most needed in the world now. I am looking anxiously for a ray of mercy to illuminate this grim, post-war gloom."

In a brief reference to the commutation of the death sentence of Maj.-Gen. Kurt Meyer, convicted of responsibility in the killing of Canadian prisoners-of-war, Mrs. Amery said "It seems to me that Canada and her representatives in Europe have retained something of the spirit of forebearance."

Resting quietly in her dark-curtained drawing room, Mrs. Amery was reluctant to discuss her work as Chairman, since 1940, of the Indian Comforts Fund—hard, unselfish, organizing work that won her the jewelled insignia of the Crown of India.

Unexpectedly, just before Christmas, she was called to Buckingham Palace and there given a special audience with the King. The Imperial Order is seldom bestowed upon a woman and, so far as is known, no other Canadian-born woman has received it.

"I was naturally very surprised," she said. "I did what I could to help Indian servicemen over here and in prison camps, chiefly because I thought it was worth doing, partly because the work was complementary to my husband's position as Secretary of State for India."

C.P.R. GETS FIRST LOCOMOTIVE WITH ALL WELDED BOILER

MONTREAL, Que., Jan. 30—The first Canadian locomotive to be equipped with an all welded boiler instead of the standard rivetted construction was delivered to the Canadian Pacific Railway Monday by the Montreal Locomotive Works. The new locomotive will go into operation on the companies Western lines upon the completion of trials.

The first public demonstration of the telegraph by Samuel F. B. Morse was made in 1863.

the pivot

In many estates liquidity is the pivot on which their successful administration turns today. Dominion and Provincial Succession Duties are heavy and must be arranged for within six months. This is why the skilful utilization of your life insurance and other cash assets is vital to the protection of your estate and in the long-term interest of your beneficiaries. We invite you to consult this Corporation on practical ways of making the best use of your liquid resources in setting up a sound plan for your estate.

NELSON, B. C.

Natal-Michel Rod and Gun Club

NATAL, B.C.—The Natal-Michel Rod and Gun Club held its annual meeting in the Legion Hall at Michel recently during which time the election of officers for the 1946 term took place and the prizes to members weighing in the heaviest species of fish during the 1945 fishing season were awarded. All the members who were awarded the fish prizes, which totalled $42, donated the prizes back to the Rod and Gun Club, towards the Grave Lake Bridge Fund.

This bridge was only built last year by voluntary labor through the untiring efforts of the officers and membership, which boasted a record membership last year of 216 members, at a low cost of only $750.00. It has been stated that this swinging bridge would have cost at least $5000 had it been built without the voluntary labor when over 3000 man-hours were put in during the building.

The bridge is situated some 15 miles West of Natal, up the Elk Valley. A road to Grave Lake will be put through this Spring.

OFFICERS ELECTED

The officers elected for the new term were as follows: Honorary President, Tom Wilson of Fernie; Honorary Vice-President, Bill Wilson, Natal; President, Harry Hughes, Natal, who was reelected for the second year; Vice-President, James Davey, Michel, who was reelected for the second year; Secretary, John Letasy, Natal, replacing Doughall Mitchell who resigned due to leaving to make his home at Fernie, while for Treasurer Stanley Kotek of Michel was also reelected.

The following executive committee were also elected, Jack Jenkins, Milley, Qualtieri, Mike Galla, Andy Davey and Earle Payne. The auditing-committee chosen consisted of two members, Joe Gergel and Andy Davey. The retiring officers, especially Mr. Frank Fairclough who left Michel to take up residence with his family at Cadomin, Alta. were given a vote of thanks for the *splendid work achieved last year*, especially in the building of the Grave Lake swinging bridge and the record membership obtained for the Natal-Michel Rod and Gun Club which is still leading all other clubs in the East Kootenay for both membership and activity.

A total of 216 members were obtained in 1945 throughout Natal-Michel and district, including many from the Crow's Nest Pass from Alberta, whose sportsmen journey to fish in the rivers and lakes situated up the Elk Valley, West of Natal, and who are granted the same privileges as the members from Natal-Michel, especially in the annual trout derby prizes.

The winners of the fish prizes for 1945 announced were as follows: Cut-throat, first prize went to Joe Kozler of Natal with a weight of 2 lbs. 14 oz. Second prize went to A. Biason of Michel with a weight of 2 lbs. 5 oz. Kamloops trout, first prize went to Jim Davey of Michel with a weight of 10 lbs. 14 oz. Second prize went to Steve Jacko of Natal with a weight of 10 lbs. 8 oz. Eastern Brook trout, first prize went to Hugo Peters of Michel with a weight of 3 lbs. 1 oz.

The largest Bull trout was caught by J. A. Mitchell of Michel with a weight of 7 lbs. 8 oz.

The heaviest Grayling was caught by Joe Kozler, Michel, weight 2 lbs. 14 oz.

LEAFS SIGN ALTA. JUNIOR

EDMONTON, Jan. 29 (CP)—Believed to be one of the first Edmonton junior hockey players to tryout with the Toronto Maple Leafs, James "Bud" MacPherson, 19, a leading scorer in the junior hockey *circuit here has been signed by the* Leafs, it was announced today.

The 200-pound left winger who has been a standout with the Edmonton Maple Leaf Club here for the last two seasons, will report to the Toronto club next Fall.

New West. Royals Beat Los Angeles

NEW WESTMINSTER, B. C., Jan. 29 (CP) New Westminster Royals came from behind a 3-1 first period deficit to defeat the Los Angeles Monarchs 8-5 in an inter-division Pacific Coast Hockey League game here tonight.

Bob Koch led the Royals with four goals, three of them scored in less than three minutes of the last period. Freddie Smitten, Reb Bentley, Dutch Evers and Jack Tomson got the others. Harry Allen, Toby Brown, Harry Black, John Polich and Alf Kunkel netted for Los Angeles.

HAWKS PLEAD INNOCENT OF ASSAULT CHARGE

BOSTON, Jan. 29 (AP)—Three Chicago Black Hawks hockey players and their trainer pleaded innocent in municipal court today to charges of assault and battery brought by Evo Somentes of Quincy a spectator, after a game in Boston Jan. 12.

A hearing on the charges against John Mariucci, Reginald Hamilton *and Joseph Cooper, defencemen*, and Edward Froelich, trainer, was set for April 16 when, the court was informed, four witnesses from Chicago and 13 others to be summoned by Somentes would be present.

The alleged assault followed an argument between Somentes and the players.

Suspend Pratt for Alleged Betting on Games

By FRASER MacDOUGALL
Canadian Press Staff Writer

TOONTO, Jan. 29 (CP) — The National Hockey League career of towering Walter (Babe) Pratt, one of modern hockey's great defencemen, was terminated at least temporarily today with the announcement by N.H.L. President Mervyn (Red) Dutton that he has been expelled from the League "for conduct prejudicial to the welfare of hockey."

The news was broken by the Toronto Maple Leaf Hockey Club which said it understood "it was for gambling on the results of National Hockey League games and for failing to report an unsuccessful effort to bribe him to throw a game." The statement added that as far as the Toronto club is aware there is no evidence that Pratt bet against the Maple Leafs.

Pratt declined any comment on the N.H.L. announcement. It was understood he had been notified officially of the expulsion before the announcement was made.

The 30-year-old defenceman, now in his 11th N.H.L. year, has the right to appeal and Frank Selke of the Toronto Club told sports writers Pratt may appear before the League Governors in New York next Feb. 15.

Selke announced that Rookie Doug Baldwin from Winnipeg will take Pratt's place on the Toronto defence and he emphasized that Pratt is not practising with the team.

Natal-Michel Hockey Game

NATAL, B.C.—The first hockey game of the 1945-46 season took place at the Michel open-air rink on Jan. 27 before a large crowd who braved the cold weather to see the Natal-Michel Devils (an intermediate team consisting of no less than six juniors) defeat the more rugged and more experienced Fernie Beer Barons 5-4 in a closely contested game. The visitors took an early one goal lead on Skillings goal shortly after the faceoff only to have young McVeigh tie it up on a smartly executed play with Katrichak and Tombosso. The first period ended with Fernie leading 3-1 on goals by Hughes and Kasmar. Natal-Michel scored the only goals in the second period on goals by Fowler and Lafrancois to tie the game at 3-3. In the third period the visitors took the lead once more on Highes' second goal of the game only to have Turyk tie the game up on a goal during a scramble in front of the visitors nets. With less than five minutes to go McVeigh of the kid forward line scored the winning goal for Natal-Michel, his second of the game, on a passing play with teammate Katrichak, who assisted on both goals. The game was refereed by J. Thomson of Michel who called a total of eight penalties during the game, four on each team. The return game will take place at Fernie the following weekend.

The lineups:

Natal-Michel Devils—Goal, Desjardin; defence, Caruso, Bonin, Boulstridge, Fowler; forwards, Weaver, Lafrancois, Turyk, Tombosso, McVeigh, Katrichak, DePoali, Fabro, Bevelaqua.

Fernie Brewery—Goal, Verkirk; defence, Smolik, Peterson, Lowey, Graham; forwards, Johnson, Hughes, Skilling, Kasmar, Littler, Smith, Hamer.

Summary:

First period—1, Fernie, Skilling (Hughes); 2, Natal-Michel, McVeigh (Katrichak, Tombosso); 3, Fernie, Hughes (Johnson); 4, Fernie, Kasmar (Smith).

Penalties—None.

Second period—5, Natal-Michel, Lafrancois (Fabro); 6, Natal-Michel, Fowler.

Penalties—Weaver, Fowler, Lowey, Katrichak.

Third period—7, Fernie, Hughes (Johnson); 8, Natal-Michel, Turyk (Lafrancois); 9, Natal-Michel, McVeigh (Katrichak).

Penalties—Hughes, Smolek, Fowler, Graham.

LONDON (CP)—"British brandy" was sold in London recently for 37s. 6d. a bottle. "Very useful for cooking," said the salesman. "British brandy—never heard of it," said an expert.

Turk Broda Wants to Goaltend Again

By ALAN RANDAL
Canadian Press Staff Writer

Inasmuch as the far off fields look different at close range it is not surprising that Gunner Turk Broda, late of His Majesty's Forces Overseas, manifests some enthusiasm for a bit of National Hockey League goaltending again now that he's back in Toronto.

This after his recent overseas remark that he was through with hockey. But the departure of some teeth during a goaling job for the Army in jolly old Brighton, Eng., may have influenced Broda's viewpoint at that time.

Turk's return means reinforce*ment for Leafs in the N.H.L. play*offs—should they make them—but just how his return is going to affect Frank McCool, Leafs' current goalie, is another thing.

McCool's job to date has been most *satisfactory.*

If Broda really wants to goaltend, Coach Happy Day of Leafs says he'll offer him a contract and he can try out for the job.

Time does march on and hockey *players don't.*

That is only another way of saying that the old Calgary Dutchman, Sweeney Schriner, and his linemate Lorne Carr have been playing hockey for a long time as hockey *players go. Now they've been on the* bench for a couple of games, watching younger men at their posts.

First place in the League standing comes up for tomorrow night when Chicago, one point in the lead, *takes on second-place Boston Bruins* in the only mid-week game. On Saturday Detroit plays the third-place Canadiens and Toronto entertains Boston.

Favorites Fall as Sunshine Valley Bonspiel Reaches Fours in Big Events

GRAND FORKS, Jan. 29 — Second day's play in the Sunshine Valley Bonspiel held here saw several of the favorites take a beating. With five draws taking place each day, play is now down to the fours in the three main events. The Consolation competition will commence on the 9 o'clock draw Wednesday morning. Finals in all competitions will be played Wednesday night.

Today's results are as follows:

BARNES COMPETITION

Round 2—

W. J. Pearson, Grand Forks, 13, Leo Mills, Grand Forks, 4.

J. Wright, Rossland, 10, C. J. McMynn, Midway, 6.

Round 3—

H. Henderson, Grand Forks, 10, W. R. Dunwoody, 12.

Pat Fraser, Osoyoos, 12, C. W. Clark, Grand Forks, 4.

W. Liddicoat, Grand Forks, 8, J. McLaren, Trail, 10.

W. J. Pearson, Grand Forks, 10, J. Wright, Rossland, 11.

MERCHANTS COMPETITION

Round 2—

J. McLaren, Trail, 7, C. Clark, Grand Forks, 6.

W. J. Pearson, Grand Forks, 8, H. Henderson, Grand Forks, 7.

W. Tapping, Osoyoos, 10, R. Allen, Osoyoos, 12.

L. Mills, Grand Forks, 12, J. B. McDonald, Grand Forks, 10.

A. Downie, Grand Forks, 8, C. A. S. Atwood, Grand Forks, 11.

W. Liddicoat, Grand Forks, 6, T. Williamson, Grand Forks, 7.

Pat Fraser, Osoyoos, 7, P. Scott, Grand Forks, 6.

O. Pennoyer, Grand Forks, 4, H. C. Clark, Grand Forks, 11.

Round 3—

R. Allen, Osoyoos, 8, L. Mills, Grand Forks, 10.

C. A. S. Atwood, Grand Forks, 8, T. Williamson, Grand Forks, 9.

Pat Fraser, Osoyoos, 5, H. C. Clark, Grand Forks, 9.

GRAND FORKS CUP

Round 2—

J. C. McCaig, Grand Forks, 6, J. B. McDonald, 10.

C. G. McMynn, 9, J. McLaren, Trail, 13.

Round 3—

L. Mills, Grand Forks, 7, J. Wright, Rossland, 5.

A. Downie, Grand Forks, 8, P. Scott, Grand Forks, 11.

W. R. Dunwoody, Nelson, 5, Pat Fraser, Osoyoos, 9.

Round 3—

J. B. McDonald, Grand Forks, 6, J. McLaren, Trail, 9.

CONSOLATION

Round 1—

A. Topping, Osoyoos, 10, O. Pennoyer, Grand Forks, 6.

With Lady Curlers

In Ladies' Curling Club games played for the Collinson Cup, Monday and Tuesday, results were:

Monday—

Mrs. E. Mannings defeated Mrs. T. E. Homersham.

Mrs. B. B. Stallwood defeated Mrs. T. A. Wallace.

Mrs. W. Simpson defeated Mrs. R. T. Tiffin.

Mrs. T. S. Jemson defeated Mrs. T. Bishop.

Tuesday—

Mrs. B. B. Stallwood defeated Mrs. C. Norris.

Mrs. J. H. Argyle defeated Mrs. A. H. Whitehead.

Mrs. T. A. Wallace defeated Mrs. R. T. Tiffin, in an extra end game.

19 CHALLENGES FOR TENNIS CUP

MELBOURNE, Jan. 29 (CP) — Australia has received 19 challenges for the Davis Cup. Entries will close at midnight Jan. 31.

Challenging countries to date are Great Britain, Canada, Eire, France, Yugoslavia, Sweden, Switzerland, Netherlands, Monaco, Spain, Denmark, Czechoslovakia, Belgium, *Egypt, Turkey, United States, Mex*ico, New Zealand and the Philippines.

The draw for play in the various world zones will be made by the chief justice of Australia, Sir John Latham, at Melbourne town hall Feb. 2. The ceremony will be broadcast by short wave to the United States, Britain and Canada.

Ducks Unlimited Convention April 9

OTTAWA, Jan. 29 (CP)—The annual convention of Ducks Unlimited, will be held in Ottawa next April 9 and 10, it was announced here tonight by Stewart Christie, President of the Ottawa Fish and Game Association.

Mr. Christie told a meeting of the Association that more than 300 members of the international organization, formed by sportsmen in 1934 to save the North American duck population, were expected to attehd the meetings.

PULLMAN, Wash., Jan. 29 (AP)— Clicking around their new star Gale Bishop for their second victory in seven games, the Washington State College Cougars tonight downed Oregon State 49 to 34 and dropped the Beavers into a second-place tie with Idaho in Northern Division Pacific Coast Conference basketball standings.

STRIKES and SPARES

U.I.C.'s, Tillicums and Falcons were visitors in Junior Ladies Bowling League games played on the Gelinas alleys, Monday night. Helen Duclos of U.I.C. was the star bowler of the evening with a high aggregate score of 393, and a high single of 225.

Teams and scorers were:

AGREE ON U.S., BRITISH FLYWEIGHT WORLD TITLE BOUT

WASHINGTON, Jan. 29 (AP) — Flyweights will lead the way back to international championship bouts in the fight game's post-war revival on a worldwide basis.

Abe J. Greene, National Boxing Association President, announced today that an agreement with Britain has been reached for staging a 112-pound world title match in the *United States early next Summer.*

Before this, Jackie Patterson, Britain's world title holder, must defend his crown, probably against Joe Curran, leading contender.

The winner will come to the United States for the world championship bout. At this time, Dado Marino, Hawaii-born Filipino, shapes up as the likely foe of the British champion.

Junior Rod, Gun Line Up Busy Year

Plans for winter and summer activities were thoroughly discussed by the Nelson Junior Rod and Gun Club at the Armory Monday night. While decision to go ahead with a busy program was unanimous, it was also agreed that assistance of members of the Senior Club and of business men in helping the Club to obtain equipment was needed.

Indoor skeet shooting will be launched at the Armory, .22 calibre shells to be used, with outdoor shoots to begin later.

Other activities will include tying of flies for fishing, and archery. Trips similar to the one to Gerrard last year will be arranged. Plaques for sweaters are to be obtained as a promotion measure.

The Club members are now shooting at the Armory in the Dominion marksmanship competition on Monday nights.

Old Time Puck Men Plan Games

The hockey players of former years in Trail and Nelson are again casting speculative eyes at their rusting skates and turning out the attic trunks for padding. Hank Lauriente of Trail is sounding out Nelson "old timers" on the possibility of a couple of games and the chances look pretty good.

It is hoped to arrange a game in Nelson by Tuesday night and a return game in Trail around Feb. 5. The home team in each case would provide the supper.

Those showing interest or being bullied into submission in Nelson include Walter Walt, Buddy Hammond, Frank Ogenski, John DeVoin, and Thomas Bishop. The pressure is being put on in other cases with resistance melting rapidly and the balance of the Ogenski clan is also being approached.

Max Bently Still Top N.H.L. Scores

Adds 5 Points During Week, Now 15 Ahead of Doug, Second Place

MONTREAL, Jan. 29 (CP)—Max Bentley of Chicago Black Hawks continues to hold his lone position high at the top of the National Hockey League scoring statistics. Max added five points during the week, and now with 48 points—27 goals and 21 assists—he is 15 ahead of his brother, Doug, in second place.

The official statistics released today showed that the Chicago club still has its stranglehold in the upper positions. Besides the Bentley brothers, Bill Mosienko and Alex Kaleta are other Black Hawks crowding the upper rungs.

Doug Bentley has 15 goals and 18 assists for second place with 33 points, Mosienko has 12 and 20 for 32, in a tie for third place with Kaleta who has 15 goals and 17 assists.

Gaye Stewart of Toronto Maple Leafs has 24 goals and seven assists for 31 points, giving him a tie in fifth place with Clint Smith of Chicago who has 16 goals and 15 assists. Max Bentley's 27 goals is best in that column, while Elmer Lach of Montreal Canadiens leads in assists with 23.

Bill Durnan of Montreal Canadiens still leads in shutouts with three, and still heads the goalkeepers' list, although he has missed the last eight games due to an injured hand. Durnan has had 61 goals scored on him in 24 games, an average of 2.542, while Harry Lumley of Detroit has allowed 89 goals in 30 games, an average of 2.966. Paul Bibeault, who has had 24 games with Boston Bruins and Montreal, has an average of 3.000.

Chicago Black Hawks, in addition to topping the league in goals—they have scored 142 this season—also lead in time in the penalty box with 221 minutes, including one misconduct, in minors and majors. A large part of this total has been contributed by Johnny Mariucci who with Jack Stewart of Detroit is tied for the title of bad-man, with 45 minutes in the box.

FITS YOUR DOUBLE-EDGE RAZOR

Greyhound Racing Big Business

LONDON (CP) — Greyhound racing—20 years ago an idea in the mind of a Canadian promoter—now is in the $100,000,000 industry class.

Calgary-born Brig.-Gen. A. C. Critchley, with a bank loan of £14,000 ($63,000) and the knowledge that an attempt to draw customers to watch greyhounds chase a mechanically-propelled "hare" had failed dismally in 1876, decided to "shoot the works" in Manchester.

He had hoped for a crowd of 10,000. The first night 2100 turned out. The second night attendance dropped to 1500. Then the boom began. For the next 33 meetings gate figures averaged 11,000.

A year later Gen. Critchley extended his enterprise to London. Now 150 tracks throughout the country attract more than 30,000,000 spectators annually while tote machines took in £70,452,961 ($317,038,325) last year and hundreds of thousands of unrecorded pounds changed hands through bookmakers.

Huge stadiums, devoted entirely to greyhound racing, have mushroomed across the country.

BRING BIG PRICES

Prices of dogs soared with the war. The hound which would once have been worth no more than £5 ($22.50) now costs about £50. Wellbred puppies are worth £100 to £250, potential champions £1,000 and proved champions have topped the £2,000 mark. Stud fees have gone as high as £100, compared with the pre-war price of £15 to £20.

Long-term planning plays a big part with owners and trainers. It is not unusual for an entire litter of promising pups to be entered at birth in an important race two years ahead. Disappointments are weeded out and their entries cancelled, but one survivor may bring glory to his family and something more solid to his owner.

Greyhound racing, governed under an act of Parliament passed in 1934, was restricted to daylight Saturday meetings during the war. But the day after Germany surrendered the order was rescinded under terms of the act and now each rtack is permitted to hold up to 108 meetings a year on 104 specified days, an average of two meetings a week.

Gen. Critchley gave up his post as managing director and chairman of the Greyhound Racing Association in 1944. He became director-general of British Overseas Airways Corporation, but resigned from the post recently.

TODAY'S News Pictures

NEVER LIKE THIS ON REYKJAVIK: Asto Loa Olafsson hails from the somewhat bleak winterbound island of Iceland (the city of Reykjavik), and the matter of gathering an armful of white roses in the middle of Winter instead of snowballs is quite a thrilling matter to her. She is now a student at Southern College, near Lakeland, Fla.

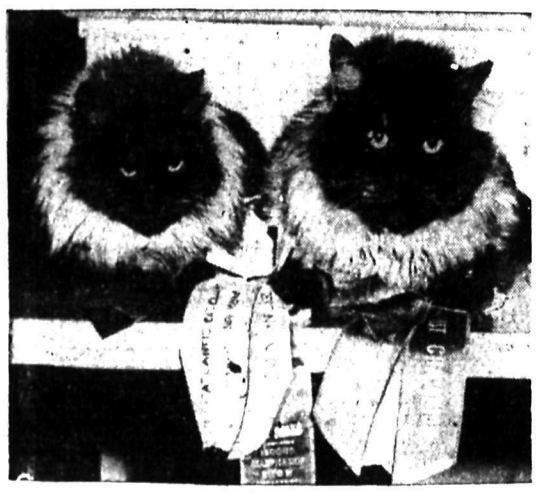
DE MARIGNYS ARE SEPARATED: Alfred de Marigny and his wife, the former Nancy Oakes, heiress of a $26,000,000 fortune made in Canada's gold mines, who have definitely separated. Nancy may seek a divorce from the man she persistently defended in the Oakes murder trial at Nassau.

MAGNA CHARTA IS GOING HOME: Deposited in the library of the U. S. Congress in Washington, D. C., for safe keeping throughout the war, the Magna Charta, the "Birth Certificate of Democracy", is packed for return to Britain. Left to right at the packing ceremony are Robert Wertz, carpenter of the Library of Congress; Louis L. Cogan, assistant superintendent of library buildings and grounds; Dr. Luther Evans, librarian of Congress; John Balfour, representing British Ambassador Lord Halifax; Major J. G. Lockhart, private secretary to Lord Halifax; Charles Beach, metal worker of the library. The precious document was placed in a special zinc-lined case for the trip home.

Mr. and Mrs. Marwood F. J. Yeatman pictured at the time of their marriage in England. They are now residing at Castlegar where they have purchased a home. Mr. Yeatman who was an employee of the Consolidated Mining & Smelting Co. of Trail before joining the army, has been reinstated. He went overseas with the British Canadian Dragoons in 1941 *and for over two years was* an instructor on tanks. From D-Day he served with the Ambulance Corps.

Sgt. Yeatman returned on the troopship Cameronia which docked in Quebec on Sept. 10. His wife, a war bride whose home was in London, Eng., preceded him to Canada, arriving in July.

The young couple received a great ovation at South Slocan when over a hundred neighbors and friends gave them a welcome home at a receptions and shower in the Community Hall.



YOU ALMOST SEE 'EM YAWNING: *Slightly bored and sultry* about it all, two winners of the Atlantic Cat Club's 44th annual championship show in a New York hotel accept ribbons and pose for their public. They're Sunny Knoll Dianamo, left, and Inverness Lochinvar, tops in the Smoke male and female classes—owned by Mrs. N. M. Andrews of East Meadow, N. Y.

FOREIGN EXCHANGE

NEW YORK, Jan. 29 (CP)—The Canadian dollar was up 1-16th at a discount of 9¼ per cent in terms of United States funds in closing foreign exchange dealings today. (Ottawa Foreign Exchange Board rates 9 09-9.91 pc. dis.) The pound sterling was unchanged at $4.03½.

WHEAT STOCKS AT 171 MILLION BUSHELS

OTTAWA, Jan. 29 (CP)—Stocks of Canadian wheat in store or in transit in North America at midnight Jan. 24 totalled 171,661,954 bushels, including 145,958,502 bushels in Canadian positions and 25,703,452 in United States positions, the Dominion Bureau of Statistics reported today. On the corresponding date last year stocks totalled 372,893,760 bushels.

Farmers in Western Canada delivered 2,416,864 bushels of wheat from farms during the week ended Jan. 24, compared with 4,178,327 the previous week.

Enough uranium to make 10,000,000 bombs the size of the one that fell on Hiroshima is owned by Belgium, Canada, Czechoslovakia and the United States.

3,820,685 SQUARES OF SHINGLES TURNED OUT

OTTAWA, Jan. 29 (CP)—The Dominion Bureau of Statistics reported today that production of asphalt roofing by reporting firms during 1945 included 3,820,685 squares of shingles, siding and roofing and 43,091 tons of felts and sheating. In 1944 production was 3,868,910 squares and 36,470 tons.

WORKINGTON, England (CP)—While inspecting a new pit shaft near Workington, Cumberland, Andrew Templeman, a London geologist, and John McCabe, of Seaton near here, were overcome by gas fumes and died. Templeman fell from a ladder 60 feet to the bottom of the shaft and McCabe died in going to his rescue.

Market Trends . . .

NEW YORK, Jan. 29 (AP)—The sprinting bull stock market faltered at intervals under light profit cashing but a late rally in Steels and assorted Industrials lifted the average to another high since 1931 on relatively heavy volume.

Irregularity ruled until the final hour and the pace frequently slowed. There was a speed-up on the come-back. Gains of fractions to three points or so predominated near the close although losers were plentiful. Transfers were around 2,700,000 shares.

CHICAGO—Active contracts in grain futures developed strength during the closing hours of trading today.

May rye, the active rye contract, was nervous during the greater part of the session and responded scarily to offerings. Off more than two cents at one time, short covering pushed the prices up more than four cents toward the finish.

After a slow start, Oats were off as much as a cent at times but recovered most of the day's losses.

All deliveries of wheat, corn and barley were bid at ceiling prices. The three deferred deliveries of rye were at the $1.44½ ceiling throughout the trading.

Strength of stocks and advances at Winnipeg were contributing influences.

Profit-taking in rye toward the finish held the May contract advance to 3¾ cents for the day.

At the closing bell, wheat was unchanged at ceiling.

MONTREAL — Selected provincials were featured in transfers.

MONTREAL—Utilities, Industrials and Golds went to new highs in the indices in trading up to the final hour on the stock market exchange and curb market.

TORONTO— General price tone turned a bit soft on the Toronto exchange but heavy trading in selected Gold stocks at higher prices gave the market a strong appearance nevertheless. Industrials were well up although midday gains were trimmed moderately and Western Oils showed a margin of losses. Turnover was around 3,000,000 shares.

VANCOUVER — Stocks showed upwards trends on Vancouver stock exchange in a moderately busy session. Sales were 104,385 shares.

WINNIPEG—Rye futures prices on the Winnipeg grain exchange today gave a most irregular display, fluctuating widely, with flurries of buying and selling which found the market thin at times.

Prices at the close were 1½ to 3½ cents higher with May at $2.25, July $2.17⅛ asked to $2.17⅛, Oct. $1.82½ to $1.83.

Trading was moderately active and somewhat nervous.

Oil Lands Rush On In Alberta

EDMONTON, Jan. 29 (CP) — Greatest race for oil lands in Alberta's history is underway as major firms file on reservations stretching as far as North of Peace River, Lands Department officials said today. Applications for oil reservations for January already are in excess of 1,000,000 acres.

While oil concerns maintain secrecy as to the motive for the exceptional activity, it is believed by government officials that the reason is the discovery of a new process for extracting gasoline from dry gas of which there is an abundance in Northern Alberta. This has been confirmed by drilling operations East and West of Edmonton.

Mother of Deputy Minister Dies

VICTORIA, Jan. 29 (CP) — Mrs. Elizabeth Melbourne Rowebottom, 78, mother of E. G. Rowebottom, deputy minister of trade and industry for the B.C. government, died here today.

Born in Kankakee, Ill., Mrs. Rowbottom came West with her parents in one of those treks which made history. She traveled by ox-cart in a 16-wagon caravan across the plains and mountain ranges. Her parents settled first in Denver and later in San Francisco.

Educated in Portland and Seattle during pauses in their trip North, Mrs. Rowebottom arrived in Victoria with her family in July, 1883.

Mrs. Rowebottom married George W. Rowebottom in Victoria in 1888. He died 11 years ago.

FINED FOR HARMING BROTHER

VICTORIA, Jan. 29 (CP) — Milo Marchmont Case was fined $100 by Magistrate R. C. Weld in Provincial Police Court at Parksville last week when he pleaded guilty to a charge of assaulting his brother and partner, Percy Case, and occasioning him actual bodily harm.

TAX CHANGES AFFECTING PRIVATE COMPANIES

In the amendments to the Income War Tax Act certain changes were made affecting private companies. We have included these changes in our January Investment booklet in the form in which they were passed by the House of Commons on December 13, 1945.

We have given extensive consideration to these changes and to the problems involved in working out for companies such new arrangements as they wish to make pursuant to these new provisions of the Income War Tax Act.

If you wish to have a personal copy of this up-to-date information we shall be glad to send you one.

"PROVE IT" SAYS EDITOR ON WOLF EATS HUMAN CLAIM BY TRAPPER

SAULT STE. MARIE, Ont., Jan. 29 (CP)—Before Harry McLeod, veteran trapper from The Pas, can collect the $100 reward offered by J. W. Curran, editor of the Sault Daily Star, to anyone who can prove wolves attacked and killed a human, he must surmount the hurdles of lack of proof and the distance from Algoma District, Mr. Curran said today.

McLeod stated a pack of wolves attacked and killed an Eskimo woman and carried off her child at Lac du Borochet, Man., North, of Reindeer Lake, 50 years ago.

"How will we move The Pas into Algoma and how is Mr. McLeod going to prove a 50-year-old story?" Mr. Curan queried.

"It may be that in Northern Manitoba the wolves get hungrier than they do around here. There's plenty to eat in this vicinity, so lupus keeps his distance from humanity.

"But we've always understood there were plenty of deer, moose and elk in the Manitoba region, all with much juicier meat than a wolf would get from us ordinary humans.

"Even though The Pas is too far away for us to investigate—if a 50-year-old story could be investigated—we cannot help doubting Mr. McLeod's claim."

Mr. Curran added that when the offer of the $100 reward was made in 1925 it was confined to the Algoma District of Northern Ontario as it would not be convenient for him to travel outside Algoma to investigate claims.

Urges Training of War Pilots for Bush Flying

WINNIPEG, Jan. 29 (CP) — If the same "top training" were given to the many ex-servicemen seeking jobs in civil aviation as provided under the Commonwealth Air Training Plan during the war, Canada would be kept in the foreground of world aviation, J. R. Morgan, Brandon-Virden Flying Club, told delegates to the Royal Canadian Flying Clubs convention here today.

A gap exists between training in the Air Force and that required for bush flying, he said, and this gap has to be filled or paid for in lives.

Discussion at the opening session of the convention centred on ways of speeding the growth of civil aviation by easing regulations governing separation of pilot instructors into categories and the opening of schools by the Department of Veterans Affairs for training veterans with flying experience.

The suggestion that schools be established was contained in a brief presented to the Government by Mr. Morgan and today approved by the delegates.

Mr. Morgan stated that for the approximate sum of $1800 which the Government spends to rehabilitate each veteran they could train as bush pilots men who had flown in the war.

"Old bush pilots are drying up," he said. "Bush flying will suffer unless younger men are trained to carry on."

SUGGESTS SCHOOLS IN WEST

Explaining the gap between service and bush flying, he said the average veteran had trained on land equipment, flying from fixed bases. *They have no knowledge of* costs or operation, experience on floats or amphibious equipment, flying over unmapped territory or how to look after themselves in the bush if forced down. Also there were few who could tell the condition of water on which they might have to land.

Mr. Morgan's brief suggested that the schools should be established in Western Canada where all the natural facilities of the North were "at our doorstep."

Exception was taken at the convention to Department of Transport regulations which require pilot instructors to be placed in categories by the R.C.A.F. Chief objection to the arrangement was that in many cases it was necessary for the Club instructor to travel as much as 450 miles to take the test.

They were also required to provide their own plane and if unable to do this they were forced under present regulations to rent one from the Air Force.

As an alternative it was suggested in resolution that pilots now holding "A" category licences be permitted to say which club members should be instructors.

Hold Lots for Possible School Extension

Five recommendations by the Finance Committee as to disposal or otherwise of City lots were approved by the City Council Monday night.

Hugh Horswill, who had offered $250 for lots 9 to 12, block 52, on the Southwest corner of Hoover and Hall Streets, *will be asked if he* will consider purchasing the lots behind the residence of Roy Sharp in the 700 block on Hoover Street, owing to the fact that the lots he sought are being held for possible school extension.

Application of J. R. Fletcher, 1204 Front Street, to buy at $150 lot 5, next to his place, was accepted.

Offer of Mrs. Louise J. Harrison of $1000 for purchase of lots 8, 9 and 10, block 91, on the South side of the 100 block on Baker Street, was rejected. The lots are being held for the assessed value.

K. Naess, 1821 Falls Street, who offered $105 for lots 13 to 19 adjoining his property, will be advised the lots are being held for the assessed value.

Sam Bentley, 616 Fifth Street, will be advised that lot 9 block 29, situated on the South side of the 600 *block on Fifth Street, is not in itself* suitable for a building lot.

The council went into committee of the whole at 9:15.

Canada has supplied 113,000,000 of canned meats to UNRRA, military relief and liberated areas.

Military Chiefs Knew of Pledge to Back Russ Claim

WASHINGTON, Jan. 29 (AP) — State Secretary Byrnes said today that United States military chiefs were fully aware of a secret Yalta agreement for Anglo-American support of Russia's claim to the Japanese Kurile Islands.

Under the Rossevelt-Churchill-Stalin agreement, he said, the United States and Britain agreed to support Russia's claim to Southern Sakahlin, big island North of Japan, as well as the Kurile chain, which the Japanese used as a springboard early in the war for their assault on the Aleutians.

So secret was the document that Mr. Byrnes acknowledged at his press conference that neither he nor President Truman knew of its existence until after Japan's collapse in August—nearly seven months after it was drafted.

But he emphasized that the initial secrecy was imposed for sound reasons, saying its disclosure would have provided a tip-off to Japan that Russia was planning to enter the Pacific war.

In response to other questions, Mr. Byrnes said that, under international law, the question of Russia's permanent possession of the Kuriles and Southern Sakhalin would have to be legalized *in a peace treaty.*

Russia controlled the Northern half of Sakhalin before outbreak of the Pacific war.

Castlegar Boy Dies Suddenly

CASTLEGAR, B.C., Jan. 29 — Laurence (Larry) Reginald Cornwell died suddenly on Tuesday, Jan. 22, at Trail-Tadanac Hospital after a lengthy illness. He was in his sixteenth year. Larry was born at Kaslo September 20, 1930. Later the family moved to Rossland where he attended school, before coming to Castlegar. He is survived by his mother, Mrs. Grace Cornwell of Castlegar, father R. E. Cornwell of Silverton, a brother, Clarence of Silverton, also grandparents Mr. and Mrs. E. A. Davis of Wynndel. An elder brother, Milton Leslie predeceased him in December, 1938.

Funeral services were held on Friday from Clark's Funeral Chapel, Trail, F. Smith of Trail officiating. Hymns sung were "The Lord Is My Shepherd" and "Safe in the Arms of Jesus." Interment took place in Mountain View Cemetery. Pall bearers were A. Davis, F. Woodrow, G. Osachoff, J. Pederson, P. Toogood of Castlegar and G. McIntyre of Rossland. Floral offerings were many and beautiful.

Trail Anglicans Urged to Extend Parish Halls

TRAIL, B.C., Jan. 29 — Plans for the extension of parish halls in Trail centre, East Trail and Warfield, were mentoned by Rev. Jack Rogers, Rector, at the annual meeting of St. Andrew's Anglican Church, held in the Parish Hall. He expressed the hope that work would be begun on the plans this year. He also spoke of the Anglican advance appeal which the General Synod had launched, and he said there were hopes of arranging a deanery camp for the boys and girls this Summer.

E. S. Shannon, Treasurer, gave a financial statement pointing out that receipts during the year amounted to $6457.91. The balance at the start of the year was $226.58, and the balance at the end of the year was $83.32. The report of the extension fund showed total receipts for this of $8526.79. An organ which had cost $1028 had been purchased from these funds.

W. A. Curran of the church extension fund, reported that a firm of architects had been commissioned for the drawing of plans for the new church.

R. J. G. Richards, C. G. Rennison and H. C. Caldicott were elected lay delegates to the Synod, Mr. Caldicott also being appointed Rector's Warden. A. S. Mawdsley was re-elected People's Warden and G. Thoms was named Auditor.

Those named to the Church Committee were E. A. G. Colls, Percy Halliwell, R. M. Hoyland, E. G. Randall, A. T. Rowe, Jack Harrison, W. A. Curran, C. C. Selby and B. Crissall.

Robson Pays Last Tribules Dr. McDiarmid

ROBSON, B.C., Jan. 29—Funeral services for Dr. A. P. McDiarmid, founder of Brandon College, who died at his home here after a brief illness, were held in the Robson Church Monday.

The service was conducted by Rev. J. T. S. Ferguson of Nelson and Dr. W. C. Smaley of Edmonton, a student under Professor McDiarmid at Brandon College in 1905. Dr. McDiarmid was the oldest living graduate of the University of Toronto where he obtained his BA and MA in 1875 and 1876.

Dr. Stanley read several messages of sympathy from the various organizations associated with Dr. McDiarmid, all stressing the great life he had lived, the honors he had received, and the many great responsibilities thrust upon him.

Pallbearers were S. Humpheries, G. Millar, R. Waldie; O. Ballard, K. E. Margeson and C. E. Tutt. Hymns sung were "The Sands of Time Are Sinking" and "Abide With Me." The church was filled with many old friends, and there was a profusion of floral tributes.

Interment was in Mountain View Cemetery.

OXFORD, England (CP)—A woman in an Oxfordshire village who went to feed her 24 chickens discovered that they had been stolen and in the run found a wallet containing £120 ($450) in notes, which had apparently dropped from the thief's pocket.

T. S. Dawson Again Heads Trail Legion

TRAIL, B.C., Jan. 29—With membership at an all-time high, the Canadian Legion held its election of officers Monday night. T. Stanley Dawson was reelected president for his second consecutive term while Jack Hill, veteran of the Second Great War, was named first vice-president and F. E. (Buddy) Devito, another new veteran, was named second vice-president.

Other officers elected included A. M. Sutherland, sergeant-at-arms, A. T. Smith and Tom Hinton trustees, the Rev. Father W. Brazeau padre and the members of the Trail Ministerial association as associate padres.

Gordon Hugill, Charles Middleton, O. J. Wilson, John Wood, Jack Buchanan, R. D. Curtis and Sidney Wade were elected to the executive committee.

Herb Jackson, chairman of the Legion's cheer fund since its inception, was honored by election as honorary president of the branch.

It was reported to the meeting that applications for membership in January totalled 84 and that there had been 66 initiations during the month.

Council Seeks Income Tax Office for Interior

Establishment of a Dominion Income Tax Office in Nelson to serve Southeastern British Columbia will be sought by the City Council.

Mayor N. C. Stibbs said Monday night that the office being opened in Kelowna would hardly serve the Kootenays because of the lengthy time it took to reach Kelowna. Twenty years ago there had been one in Nelson and he felt there should be one now. The Council decided to press for opening of such an office.

SEEK VETERINARIAN

The Mayor also said he had written Agriculture Minister Putnam to see if he could use his influence in setting up a veterinary surgeon in the Kootenays. There was one in the Okanagan, but he would not be able to serve this District.
