11th Hour C.M.U. Victory Averts U.S. Maritime Strike

WASHINGTON, June 14 (AP)—The Maritime labor dispute was settled tonight at almost the exact moment when a great country-wide shipping strike was o begin.

Granville Conway, war shipping administrator, told reporters the agreement "had been signed and sealed."

Harry Bridges and Joseph Curran, co-chairman of the Committee for maritime unity, a few minutes before had announced to reporters separately that their own unions had reached agreements, subject to ratification of the membership.

"UNPRECEDENTED VICTORY"

Philip Murray, C.I.O. President, appealed to the seven unions banded together in the C.M.U. to call off their strike and continue at their jobs.

Messrs. Bridges and Curran issued a statement at 11:20 p.m. E. S. T. claiming for the C.M.U. "an unprecedented victory for all maritime workers and for the labor people of America."

They declared that "the victory was made possible by the unity of the maritime workers expressed in the C.M.U. and by the broad support of our fight by workers here and throughout the world."

Messrs. Bridges and Curran said these were the terms won by the Unions allied in the C.M.U.:

1. For seamen—40-hour week in all ports; $17.50 monthly increase, retroactive to April 1; all work performed on Sunday at sea to be paid at the overtime rate which is raised to $1 an hour. Other collateral issues to be negotiated in the next 30 days and if no agreement reached, these issues will be submitted to arbitration.

2. For radio operators — A wage increase of $17.50 a month and arbitration of an "additional amount to preserve historic differentials;" overtime rate for all work performed at sea on Sunday (meaning overtime after a 48-hour week); arbitration of new overtime rate and additional radio operator on all cargo ships.

3. Engineers — provision for overtime for Sunday at sea, and a 40-hour week in port.

4. Longshoremen — increase of 22 cents an hour as recommended by a fact-finding board, retroactive to last October 1.

All the proposals are subject to ratification of the Unions involved.

MILLIONS IN BACK PAY

Bridges said operators had agreed to pay, by Oct. 30, $8,000,000 to $10,000,000 in retroactive pay increases to his longshoremen. The wage increase in the new agreement is retroactive to last Oct. 1.

The longshoremen's leader said he had insisted on the deadline for making this payment because operators still owe longshoremen members $6,000,000 to $8,000,000 in retroactive pay under a War Labor Board order of last August.

Trail City Employees Strike

TRAIL, B. C., June 14, (CP) — A strike vote of 44 outside employees of the city of Trail will be taken today in protest over the laying off of 18 men whose notice was given by the city June 7.

A committee of the outside city employees has announced that they believe urgent improvements and maintenance of city facilities could provide work for the men.

The city clerk, E. F. Tregoning, in a statement explained that the city's finance committee authorized the laying off of the men when it was found that funds for public works program in the city were running low.

ALL-INDIA PARTY REJECTS BRITISH PLAN

NEW DELHI, June 14 (Reuters) —After a day of intense negotiations the All-India Congress Party—numerically the largest in the country—tonight finally rejected in their present form the British Cabinet mission's plans for an interim Indian government and its long-term proposals for India's constitutional future.

In a letter to Viscount Wavell, the Viceroy, Congress President Dr. Maulana Azad, is understood to have based his rejection of the interim arrangements on the grounds that the Viceroy introduced into all discussions equality of representation either between Congress and the Moslem League or between caste Hindus and Moslems.

Dr. Azad added that Congress would also reject the long term proposals unless European members of the Bengal and Assam Legislative Assemblies were excluded from taking part in elections for the constituent assembly.

Big New Work At Sullivan Mine

MONTREAL, June 14 (CP)—R. E. Stavert, President of Consolidated Mining and Smelting Company of Canada Limited, today announced that approximately $3,000,000 is to be spent at the Sullivan Mine and Concentrator at Kimberley, B.C.

The Company is to construct a new four-mile haulage way from the centre of the Sullivan Mine to the concentrator, including two miles of rock tunnel, for a new underground crushing plant.

An addition will also be made to the concentrator for preliminary treatment of the ore by the "sink and float" process.

The waste material from the plant is to be returned underground for backfill in the lower levels after mixing with a certain amount of iron sulphide from the flotation plant.

Russia Makes Deal With Afghanistan

MOSCOW, June 14, (AP)— A new Russian-Afghanistan Treaty announced today allots to Russia the Kushkan area in the Northwestern border of Afghanistan bordering Iran.

Izvestia said the old treaty on incorporation of the area into Afghanistan had "lost power."

The new treaty was signed by Foreign Minister V. M. Molotov and Sultan Ahmed Khan, Afghan Ambassador, to revise the frontier in the wild region along the Amu Darya and Pyandzh Rivers.

Hope Mills to Run Ne...

Province to Pr... for Early Settlement; 2800 March, Victoria

VICTORIA, June 14 (CP)—Hope that the 35,000 striking loggers and sawmill workers would be back at work early next week was expressed here today following a meeting of the Cabinet with a delegation of I.W.A. officials.

Labor Minister Pearson after the delegation left said: "We are going to do all we possibly can to bring both parties together and keep them together until the matter is settled. It must be remembered, however, that the government cannot force them together.

"The machinery for arbitration is set and ready to function. In Chief Justice Sloan we have one of the best men we could get.

"We advised the workers' delegation to give fullest consideration to the Sloan recommendations and the advantages those recommendations offer before finally rejecting them. The dispute must be cleared up."

SUNDAY MEETING

A statement issued by the strikers' publicity representative, Fred Wilmot, read: "Our delegation had a very sympathetic hearing from the Cabinet and feel the way is open for progress. . . ."

Harold Pritchett, district president of the I.W.A., later announced that the executive of the I.W.A. would meet in Vancouver at 11 o'clock to review the entire situation.

Before the Cabinet hearing which lasted an hour, about 2800 men and women, with many banners, marched to the Parliament Buildings in orderly procession. The parade covered the entire four blocks surrounding the buildings. A light drizzle fell a bit. They doubled up and lined Menzies and Government Streets for half-an-hour, then dispersed.

Tonight a rally was held in the drill hall at MacAulay Point huts, headquarters of the group, where various speakers explained demands of the woodworkers.

Jews Massacred in Stettin

JERUSALEM, June 14 (CP) — A Jewish agency source today said Jewish migrants from Europe have reported a three-day pogrom in Polish-held Stettin and that a new wave of anti-Semitism has swept over Poland.

The informant said the pogrom was caused in part by the repatriation of more than 100,000 Jews from Russia, 20,000 of whom were sent into Stettin without food or work. The source said thousands in Stettin were hiding in cellars and stables in fear of new outbreaks. Many Jews were said to have been killed and wounded in other Polish towns.

CRACK HIJACKING RING

MONTREAL, June 14 (CP) — A $50,000 truck hijacking ring, believed in operation for 10 years and first uncovered May 17, is "broken for good," Detective Capt. J. A. Quenneville of the Provincial Police said today following the arrest of 10 men and three women, alleged members of the ring.

LEAVES $8,799,763

TORONTO, June 14 (CP) — The late Harry C. Hatch, President and Chairman of the Board of Directors of Hiram Walker-Gooderham and Worts, Ltd., and well-known race horse owner, left an estate valued at $8,799,763, it was revealed today when his will was filed for probate.

Bulk of the bequests go to his family and to old employees.

AZERBAIJAN HEAD STEPS OUT

TEHRAN, June 14 (CP)—Azerbaijan Premier Jafar Pishevari today offered his resignation following announcement of an agreement between his autonomous Government and the Central Iranian Government which ended six months of strife and disagreement.

The Presidential Committee of the Azerbaijan National Parliament, it is reported, accepted his decision, but asked him to carry on until election of the head of the Provincial Council, which under the agreement is to replace the present Azerbaijan Assembly.

Ice Moves Out at Hopeful Churchill

CHURCHILL, Man., June 14 (CP) —The ice in the Churchill River moved out today, a week earlier than last year but well past the record of May 28 set in 1928.

For the residents of this Hudson Bay port, idle for seven lean years, its departure heralded the approach of one of its busiest Summers. From shipping to tourist traffic the outlook is bright.

Five ships of the Dalgleish Line of Newcastle-on-Tyne are scheduled to call for the more than 1,870,000 bushels of wheat which have been lying in the Churchill elevator since early in the war.

An advance guard of 10 Canadian Army personnel already are here to prepare for a small Summer counterpart of Exercise Muskox. About 150 officers and men will test out various types of military equipment.

CLAIMS ROSE, BOYER TALKS NOT PREJUDICIAL

Objects to Queries On Allied Position Before Russians in CALL DR. WARD

MONTREAL, June 14 (CP)—The Defence announced tonight that with the possible exception of one further witness its evidence in the trial of Fred Rose, Labor-Progressive Member of Parliament for Montreal Cartier charged with conspiracy to furnish information to Russia, was concluded.

Defence evidence, started only today, was limited to nine witnesses.

One of the witnesses was Mrs. Dorise Nielsen, Independent Member of Parliament from 1940 to 1945, who said that at a secret session of Parliament she attended in 1944 there was no discussion of scientific matters and no decisions were taken, as had been suggested in Crown evidence.

By M. N. NEGRU
Canadian Press Staff Writer

MONTREAL, June 14, (CP)—The Defence, opening its case today in the conspiracy trial of Fred Rose, sought to show that conversations between Dr. Raymond Boyer and the Montreal Labor-Pregressive member of Parliament about the super-explosive RDX were not prejudicial to the interests of Canada.

Joseph Cohen, K. C., Chief Defence Counsel, declaring it was essential for him to establish "what general conditions were at the period of time when the conversations took place," called as his first witness Dr. Harry F. Ward, 72, Professor Emeritus of Christian Ethics at Union Theological Seminary, New York.

Oscar Gagnon K. C., Senior Crown Prosecutor, and F. Philippe Brais, K. C., special Federal Prosecutor, raised frequent objections as Mr. Cohen questioned Dr. Ward about the position of the Allies before Russia entered the war.

(Dr. Boyer, McGill University Chemistry Professor and former National Research Council employee, testified earlier in the trial he had discussed RDX with Rose. Dr. Boyer, as in the case of Rose, is charged with conspiring to communicate information to Russia).

Mr. Brais argued the court was dealing with "something which happened in Canada" and if opinions of any persons who had opinions were argued in court "we're going to be here forever." Mr. Cohen replied he was not questioning Dr. Ward on his ideology but on what the conditions of the war were in 1941.

On conclusion of the frequently interrupted questioning of Dr. Ward, who visited Russia four times between 1918 and 1932, Mr. Cohen called Capt. Duncan, McTavish, Ottawa barrister, who was secretary to the Canadian Mutual Aid Board on loan from the Navy, from 1943 to 1945.

Capt. McTavish read into the record extracts from reports of the Board listing military and other equipment supplied by Canada to Russia, including 15,000 tons of explosives, during the war. He did not know whether RDX was included in that figure.

HOSPITALS IN CANADA TO GET ATOM PRODUCTS

OTTAWA, June 14 (CP)—Canada plans to distribute atomic energy by-proucts for use in medical laboratories, Reconstruction Minister Howe today informed the Commons. Similar action was announced by the United States yesterday. Mr. Howe did not disclose details of the Government's plans.

U.S. Proposes All A-Bombs Destroyed And No More Made

HIGHLIGHTS OF U. S. ATOM BOMB PLAN

NEW YORK, June 14 (AP)—Highlights of the address today of Bernard M. Baruch United States representative to the Atomic Energy Commission of the United Nations, follow:

The United States proposes the creation of an international atomic development authority, to which should be entrusted all phases of the development and use of atomic energy . . .

When an adequate system for control of atomic energy, including renunciation of the bomb as a weapon, has been agreed upon and put into effective operation . . we propose that:

"1. Manufacture of atomic bombs shall stop,

"2. Existing bombs shall be disposed of pursuant to the terms of the treaty, and

"3. The authority shall be in possession of full information as to the know-how for the production of atomic energy."

There must be no veto to protect those who violate their solemn agreements not to develop or use atomic energy for destructive purposes.

Action of the Foreign Ministers of Britain, the United States and Russia in proposing formation of the Atomic Energy Commission was "animated" by a conference in Washington on November 15, 1945, when President Truman, Prime Minister Attlee and Prime Minister Mackenzie King "stated that international control of the whole field of atomic energy was immediately essential."

Peace can be made tranquil and secure only by understanding and agreement fortified by sanctions.

Public opinion supports a world movement toward security. If I read the signs aright, the peoples want a program not composed merely of pious thoughts but of enforceable sanctions—an international law with teeth in it.

I have submitted an outline for present discussion. Our consideration will be broadened by the criticism of the United States proposals and by the plans of the other nations, which, it is to be hoped, will be submitted at an early convenience.

By FRANCIS W. CARPENTER

NEW YORK, June 14 (AP)—The United States today proposed to the world the creation of an international atomic development authority to handle atomic energy and agreed to destroy its own store of atom bombs and cease manufacturing them if an adequate control system is set up.

The United States made it crystal clear there must be no veto power in any part of the framework it was proposing for the development and peaceful use of atomic energy.

It called for renunciation of the atom bomb as an instrument of warfare and for a world security program "not composed merely of pious thoughts but of enforceable sanctions — and international law with teeth in it."

Bernard M. Baruch, 75-year-old financier, laid the U. S. atomic cards on the table at the first meeting of the United Nations Atomic Energy Commission, on which he is the U. S. representative.

CANADA A MEMBER

The Commission is made up of the 11 countries on the Security Council, and Canada, a member because of her help in developing the bomb.

Mr. Baruch said the United States "proposes the creation of an international atomic development authority, to which should be entrusted all phases of the development and use of atomic energy . . ."

Mr. Baruch stated that the proposal for the formation of such an international body to control atomic energy came at a conference in Washington, November 15, 1945, when President Truman and Prime Ministers Attlee of Britain and Mackenzie King of Canada stated that international control of the whole field of atomic energy was immediately essential.

"They proposed the formation of this body," Mr. Baruch said.

"When an adequate system for control of atomic energy, including the renunciation of the bomb as a weapon, has been agreed upon and put into effective operation and condign (suitable) punishments set up for the violations of the rules of control which are to be stigmatized as international crimes," Mr. Baruch said, "we propose:

"1 Manufacture of atomic bombs shall stop.

"2. Existing bombs shall be disposed of pursuant to the terms of the treaty, and

"3. The authority shall be in possession of full information as to the know-how for the production of atomic energy."

"My country is ready to make its full contribution toward the end we seek, subject, of course, to our constitutional processes, and to an adequate system of control becoming fully effective, as we finally work it out," Baruch said.

Mr. Baruch said the matter of punishment "lies at the very heart of our present security system."

"It might as well be admitted," he continued, "here and now, that the subject (punishment of violators of the peace) goes straight to the veto power contained in the charter of tthe United Nations so far as it relates to the field of atomic energy.

"The charter permits penalization only by concurrence of each of the five great powers—Union of Soviet Socialist Republics, the United Kingdom, China, France and the United States.

"I want to make it very plain that I am concerned here with the veto power only as it affects this particular problem. There must be no veto to protect those who violate their solemn agreements not to develop or use atomic energy for destructive purposes."

other weapons of war and perhaps of war itself.

"If we succeed in finding a suitable way to control atomic weapons," he said, "it is reasonable to hope that we may also preclude the use of other weapons adaptable to mass destruction . . .

"Peace can be made tranquil and secure only by understanding and agreement fortified by sanctions."

Mr. Baruch, in proposing the international atomic development authority and starting with raw material it should have:

"1. Managerial control or ownership of all atomic energy activities potentially dangerous to world security.

"2. Power to control, inspect and licence all other atomic activities.

"3. The duty of fostering the beneficial uses of atomic energy.

"4. Research and development responsibilities of an affirmative character intended to put the authority in the forefront of atomic knowledge and thus to enable it to comprehend, and therefore to detect, misuse of atomic energy . . ."

The statesman told the Commission, "If I read the signs aright, the peoples want a program not composed merely of pious thoughts, but of enforceable sanctions—an international law with teeth in it."

As for violations of the proposed control framework, Mr. Baruch said penalties of as serious a nature as the countries may wish and as immediate and certain in their execution as possible should be fixed for:

"1. Illegal possession or use of an atomic bomb;

"2. Illegal possession, or separation, of atomic material suitable for use in an atomic bomb;

"3. Seizure of any plant or other property belonging to or licensed by the authority;

"4. Wilful interference with the activities of the authority;

"5. Creation of operation of dangerous projects in a manner contrary to or in the absence of a licence granted by the international control body."

Meanwhile, it was explained authoritatively that the procedure for setting up the authority, if the United States plan is adopted, would be for the Commission to recommend it to the Security Council and the Council to pass it on to the General Assembly. The General Assembly in turn would pass it on to the member powers in the form of treaties to be formally ratified.

Mr. Baruch envisioned control of by each country.

Mr. Baruch presented 14 points representing the fundamental features of a plan which would give effect to the conclusions he had drawn. These included giving the authority complete control of atomic energy, exclusive rights to conduct research in the field of atomic explosives, and the right of inspections by qualified representatives of the authority.

He said the authority should have personnel recruited "on a basis of proven competence but also so far as possible on an international basis."

PREPARED FOR DISCUSSIONS

On the matter of disclosing atomic secrets, Mr. Baruch said the United States is prepared to make available in discussions in the U. N. Atomic Energy Commission "the information essential to a reasonable understanding of the proposals it advocates."

"Further disclosure must be dependent," he said, "in the interests of all, upon the effective ratification of the treaty. When the authority is actually created the United States will join other nations in making available the further information essential to that organization for the performance of its functions . . .

Mr. Baruch invited criticism of the United States proposals and plans from other powers.

World Argues U.S. Dollar Value

LONDON, June 14 (Reuters) — The world seems divided into two camps whether the United States dollar is over or undervalued.

In Britain and the sterling area the dollar is regarded as currency to be carefully husbanded. But many other countries, including Latin America, Switzerland and Sweden, have more dollars than they can spend and some—significantly Sweden and Switzerland who know a lot about currency — are convinced the dollar is overvalued.

In Switzerland dollar notes are traded at 3.6 Swiss francs but quotations of United States securities on the Swiss bourses imply the dollar is worth 3.4 and four Swiss francs.

This contrasts with Paris where dollar and other international securities are generally quoted not below but appreciably above their parities at official exchange rates.

STERLING MAY TAKE OVER

The Swedish economist Per Jacobsson, economist of the Bank for International Settlements, seems to believe even sterling will become stronger than the dollar.

Jacobsson argues that United States wage rates—the really significant index for exchange purposes—will after current increases be about 50 per cent above pre-war. Britain has the further advantage of 14-per cent depreciation of sterling at the outbreak of war (17 per cent against the old dollar parity) while more strikingly, Jacobsson argues, all other countries have 10-per cent to 20-per cent margin in hand because of the dollar's pre-war overvaluation.

See Promise in U.S. Proposal

LONDON, June 15 (Saturday) (CP)—The British Press today reported the United States scrap-the-atomic-bomb proposal in glaring headlines, but in general reserved comment as did Government officials.

However, the Liberal News Chronicle said the "American initiative should start a wave of hope in every human heart" and urged "other nations to be quick to express official approval."

The Yorkshire Post said an "offer full of promise has been made and should be examined in the same generous spirit which prompted it."

The Communist Daily Worker, headlined the report: "Atom dictatorship: new us plan." The newspaper said the report was a "move to take veto power from United Nations" by placing "unlimited powers in the hands of a new international organization, where the veto of the five great powers would not operate."

Nylons $8000 a Pair

HIGH RIVER, Alta., June 14 (CP) —Nylons are selling for $8000 a pair in China—$8000 that is in Chinese money.

Miss Ruth Derr, serving with the United States Blood Bank in China, wrote an uncle here on China's "nightmarish" inflation in which one United States dollar is worth $3020 in Chinese national currency at the present rate of exchange.

SEES GOOD FROM RATIONING

BANFF, Alta., June 14 (CP)—Dr. Donald Paterson of London said today in an interview he thought continuation of rationing in Britain "indefinitely" would be a "blessing" to millions of persons whose education in food values had started during the war.

"With wartime rationing the housewife was told what she could buy She bought milk, butter, eggs and so on for the first time. The family ate food they had never known and general health improved.

LIQUOR BOTTLES GO UNHIDDEN IN PAPER-SHORT REGINA

REGINA, June 14 (CP)—Consumers in Saskatchewan today were leaving liquor board stores with unwrapped bottles of spirits following an order made necessary by a paper shortage. Liquor Board officials said beer also would be issued unwrapped if the present shortage of cartons continued.

OTTAWA, June 14 (CP) — The Dominion Bureau of Statistics reported today that April production of domestic-type electric refrigerators reached 5299 units compared with 4189 in March.

Anscomb Favorite In Race for Conservative Party Leadership

VANCOUVER, June 14 (CP) — Progressive-Conservatives from all sections of British Columbia assembled here today for the Provincial convention which will elect a new leader to succeed the late R. L. Maitland.

Finance Minister Herbert Anscomb still remained the favorite in the betting today, but supporters of W. A. C. Bennett, MLA-South Okanagan, claimed heavy rural support. There was also in evidence a mild boom for General G. R. Pearkes.

Delegates will consider a resolution from the Kamloops Association expressing fear "that the party is in process of being absorbed by the Liberal party."

The resolution urges that the new leader, when chosen, "restate aims and objects of the party and pledge himself to complete independence of action in any matter not in conformity with these aims and objects."

Vancouver centre has a resolution objecting to members of Parliament and Legislature voting themselves increased indemnity, and offers another resolution stating that if all persons of Japanese origin cannot be repatriated, the lower mainland and coastal regions be declared a defence area, with all Japanese barred from it for at least 20 years.

Hopeful of Using A-Energy for Heating

Green Sees Possession of Uranium Creating Defence Task; Howe Sure Canada Could Make Bomb if Needed

OTTAWA, June 14 (CP)—Reconstruction Minister Howe said today in the Commons the total capital outlay on the Chalk River, Ont., atomic development plant would be $20,000,000 but he could not say how much would be spent this year.

Resuming the task of fathering a bill to set up an atomic energy control board, Mr. Howe said the estimated annual operating expenses at Chalk River were $3,500,000.

The Crown-owned, uranium-producing Eldorado Mining and Refining project in the Northwest Territories was self supporting, he said.

T. L. Church (P.C. — Toronto Broadview) asked if there was any hope of ever using atomic energy to relieve the cold in Canada.

Mr. Howe said he was hopeful means would be found for using atomic energy to produce heat at a reasonable cost.

Mr. Howe said the Cabinet committee to which the board would report would include the Ministers of Reconstruction, Trade, Mines and Resources, Defence, Health, Finance, Agriculture and Labor.

DEPOSITS CREATE DEFENCE PROBLEM

Howard Green (P.C.—Vancouver South) suggested the Canadian board should have some sort of military liaison. He said the matter was a serious one and one on which the lives of the people of Canada might depend. The uranium deposits were in Canada and might have to be defended by the army.

Mr. Howe said Gen. McNaughton, a member of the United Nations Atomic Commission and joint Chairman of the Canada-United States Defence Board, would hardly close his eyes to matters of defence.

Lawrence Skey (P.C.—Toronto-Trinity) asked if adequate security and protection measures were taken around Canada's mines and plants connected with atomic development. Mr. Howe replied "Yes."

John Blackmore (S.C.—Lethbridge) asked if there were Canadians who knew the whole atomic process and if Canada had the necessary equipment to manufacture the bomb. He foresaw the possibility of another war in which a warring Canada, needing the bombs, would be faced with the American neutrality which existed from 1939 to 1941 in the Second Great War.

Mr. Howe said "nobody in Canada knows how the United States makes the bombs." Canada had not asked and if she had asked he presumed the United States would decline to give the information unless she thought Canada "needed" it.

He felt sure Canada could manufacture the bomb. It was "not particularly difficult" to do.

QUICKIES . . . By Ken Reynolds

"Well, I see you SAW our News Want Ad!"

Rumor Wage Control Revision Under Study . . .

Pattern of Workers' Future Taking Shape in Turmoil of Strikes

By JACK WILLIAMS
Canadian Press Staff Writer

OTTAWA, June 14 (CP) — Canada's immediate post-war pattern of wages and hours is expected to take form within the next three or four weeks and just how much industrial strife is going to accompany the birth is a matter of growing concern.

Measured by recent developments in the United States, where increases of 18½ cents-an-hour, have become an officially recognized pattern for industries, there is growing opinion that Canadian industrial wages may be increased from 10 to 15 cents as a result of the Union's drive. On the other hand the Canadian situation differs from the United States in a tighter price control policy.

Last night Alex McCauslane, Canadian Congress of Labor Vice-President, predicted likelihood of co-ordinated strike action by the larger C.C.L. unions should current negotiations fail. A. R. Mosher, C.C.L. President, and Pat Conroy, Secretary, promptly declared the Congress had no authority to take such action and had made no decision along those lines.

The fact remains that C.C.L. Unions with a combined membership of more than 200,000 are actively pushing negotiations for higher wages and shorter hours and there have been suggestions by some of strike action in early July should agreements not have been reached by that time. Some 40,000 Canadian workers are idle in current strikes.

In general the Unions seek introduction of a 40-hour week, wages increases of from 18 to 25 cents an hour to maintain present take-home pay and two weeks' vacation with pay. These targets are not exclusive to C.C.L. unions. Oragnizations affiliated with the Trades and Labor Congress are in numerous cases presently involved in negotiations about which little has been made public.

FINAL RESULT STILL NOT SEEN

The first skirmishes in what may prove to be Canada's largest scale industrial disturbance have made it clear that even presuming wage increases will result there is as yet no clear-cut answer to what the increase will be.

While the British Columbia lumber workers have turned down a settlement proposal which would give them 15 cents more an hour and a 44-hour week the International Nickel Mine, Mill and Smelter workers (C.I.O.) have signed an agreement with the International Nickel Co. of Canada for a 10-cent increase.

The 10-cent pattern has already been applied to two larger groups —construction workers and the pulp and paper industry—with Government approval.

Present indications are that the key to the situation rests with the efforts of the United Steelworkers of America (C.I.O.) to establish a minimum weekly wage of $33.60 and a 40-hour week in the steel industry. Justice W. D. Roach of the Ontario Appeal Court has been appointed a commissioner and will start work shortly in an effort to get the Union and management of Canada's three basic steel plants — with a total of some 18,000 employees—together.

While first attention is centering on the basic plants fabricating firms are also involved bringing altogether 60,000 workers into the steel dispute.

WAGE CONTROL CHANGE?

Against this background are reports the Government is studying possible revisions in the wage control order which might ease the present restrictions on increases.

Urges Boards of Trade, Lumbermen To Unite in Disapproval of McMillan Criticism of Sloan Report

United effort by Boards of Trade and Interior lumbermen to bring again to the Provincial Government's attention their joint disapproval of H. R. McMillan's criticism of the Slocan Report on Forestry as being against the interests of Interior timber conditions, was urged by E. S. Home to the Nelson Board of Trade at the Hume Friday.

Mr. Home made the suggestion in a letter to the Board in which he stated that on studying the pamphlet "Discussion of the Sloan Report on Forestry," sent to the Board by Mr. McMillan, he found it concerned Coast conditions, devoting only two paragraphs to the Interior. Mr. Home's letter was referred to the Board's Special Forestry Committee for report to the next Board of Trade Council meeting.

Mr. Home said the author of the pamphlet stated 1,084,000 foot board measure was destroyed annually out of the total mature timber estimated at 100,000,000,000 feet. It should be drawn to the Government's attention, Mr. Home said, that the profitable action to be taken from a Provincial standpoint was to reduce these depletions as far as profitably possible and promote growing of young trees which would ultimately be merchantable timber.

The proper logging regulations (selective cutting) could do much to decrease the present rate of logging depletion.

The pamphlet described the "working circles" recommended by the Sloan Report as impracticable and *not applicable to Coast timber.* On the other hand this was a beneficial recommendation as far as Interior lumber was concerned and should be drawn to the Government's attention when it again considers the Sloan Report for legislative purposes. Failure to do so would put Interior lumbering at a great disadvantage. The basis of the MacMillan report was to obtain an advantage for the Coast operators without any regard to Interior operators.

Pharmaceutical Association Grants $5000 for Proposed College

Joy and merriment reigned throughout the banquet and dance staged for the Pharmaceutical Association in their last social event after a full week of council meetings, golfing, and many other enjoyments and meetings.

Most inspiring event of the evening was the presentation to Dean E. L. Wood, Dominion chairman of the Canadian Foundation for Advancement of Pharmacy and newly appointed Dea nof Pharmacy at the University of B.C., of $5000 to add to the $25,000 gift of G. F. Cunningham for the proposed Pharmaceutical college at U.B.C. They also presented him with an additional $150 for a scholarship to be awarded to the best pharmaceutical student as he saw fit.

Major J. Sheldon Spurr, of Nanaimo ,was presented with the gavel, as the new president of the Pharmaceutical Association. The past president, J. W. Crooks, did the honors.

Two lovely singers entertained the banqueters with such beautiful songs as "My Own," "When I Grow Too Old to Dream," "L'amour Toujours" and others. Miss Frances Prestley and Mrs. M. McVicars of Port Alberni were the vocalists.

Mayor N. C Stibbs spoke an adieu to the visitors.

RECALLS PAST

W. Rutherford of New Denver, one of the oldest practised pharmacists, who 49 years ago became a druggist in Nelson, related little stories of happening during his time. Though he had left Nelson on the purpose of retiring, Mr. Rutherford had found that he was back into the business again.

In the toast to the pharmacists, given by J. H. Argyle, he spoke of Pharmacy as something to be proud of. Through the untiring work of the council it would eventually rank as one of the first of great professions. The new president, in replying to the toast, said that through many years of hard work pharmacy had developed to a point where something worthwhile was showing. B.C. was the last of Canadian provinces instituted in the profession and he was sure that under the leadership of Dean Woods, that B.C. would advance further still.

Dean E. L. Woods said that he was finding that he was adapting himself very well to life in B.C. He had enjoyed the convention and especially the cruise on the lake.

Gifts were presented to some of the guests with bridge prize winners being Mrs. W. McGill of Kelowna and Mrs. A. W. Scott of Vancouver. Mrs. B. Knowlton, Vancouver, won the golf prize, Mrs. R. Strachan, Nelson, the door prize, D. Large, a gift for driving, and Mrs. W. C. Clark, Victoria, and M. McVicar,s Port Alberni a lucky program award.

A toast to the ladies was given by F. Fullerton, Manager of the B.C. Pharmacist Association, Vancouver, and four of the ladies were presented with floral tributes, Mrs. J. Argyle, Mrs. E. A. Mann, Mrs. George Campion, and Mrs. H. Long for their entertaining the ladies of the Convention. Mr. Fullerton paid special tribute to the women for their long hour of self sacrifice while the men were working on the council and on the job. A special gift was given to Mrs. J. W. Crooks, a mofnento of Nelson and another for the "lending of her husband" to pharmacy last year. Miss Verna Enves, in responding to a toast, said that one of the finest things about the councillors was the fine things that they said about their wives.

A grant of appreciation was given to F. Fullerton and C. Wood for their wonderful work and success of securing the Pharmacists Act.

As Dean Woods was a newcomer to B.C. the druggists appointed him chief of their Indian tribe and named him Chief "You Teach Em."

Insect Control

To produce a healthy and profitable crop, use

DDT – DUST

Controls leaf hoppers, flea beetles, potato beetles, strawberry weevils, black army cutworms.

C I L – DERRIS DUST

Controls such insects as fleas, beetles, cabbage worms, ants and many others.

CORROSIVE SUBLIMATE

Controls Cutworms

CALOTAL DUST

Controls onion maggots, root maggot and carrot rust flies.

The Brackman-Ker Milling Company Limited

TOAST and TEA

BY ELEANOR FARJEON

This is from The English Way by Pierre Milland: "Beside their shining record in poetry, there is a minor but charming art in which the English have excelled, an art which deserves attention because it throws into relief one distinctive aspect of their imagination: the art of telling children's tales. Here is a province of thought where fancy rules absolutely, where it knows no other bounds than a certain relevance of the story to its own course and atmosphere, which is a very different thing from factual plausibility. It is the peculiar quality of the English imagination which prevents English art from being at its mightiest when it courts realism. I think English art is most original where both rise above reality, shun it, or, alternatively, take it with a grain of salt English humor is, above all, a mild revenge of individual escapism on daily reality."

Board of Trade Meetings Go on Holiday Basis

Details of the Chamber of Commerce Regional Conference and the 46th annual convention of the Associated Boards of Trade of Eastern B.C. were given in a lengthy report by Secretary W. G. C. Lanskail to the Board of Trade at the Hume Friday.

Appreciation of his excellent report was expressed by the Board.

July and August meetings of the Nelson Board will go on a holiday phasis, the Council meeting only in July and August. Ordinarily Council meeetings are held the first Friday of the month, the regular Board meeting the following Friday. President R. A. Peebles reminded the meeting that all members were welcome to attend Council meetings.

LONDON (CP) — Appreciative passengers have been presenting flowers almost daily to Elizabeth Williams, bus conductor. They call her "North London's most courteous clippie."

Tom Crack Heads Shutter-Bugs

The monthly print competition and annual election of officers were the highlights of the semi-monthly meeting of the Nelson Camera Club.

Subject for the competition was "Nature" and top awards in Class A went to Tom Crack's "Two of a Kind" and in Class B to Frances Jones' "Pals." Second and third awards in Class A were won by Tom Crack's "The One Rose" and E. G. Kidd's "Captured Clouds" while both second and third awards went to Betty Moran's "Alert" and "Whispering Shadows."

The Secretary was asked to write a letter of appreciation to C. R. D. Ferris, Official Photographer for the Provincial Government Travel Bureau, Victoria, for his donation of a framed picture taken at Lookout Point, Slocan Lake.

Tom Crack was elected President of the Club and Miss Margaret Thain, Vice-President. The new executive consists of E. G. Kidd, P. Robinson, Miss Bunty Paterson and Miss Irma Arlt.

Ross Fleming passed a vote of thanks to the retiring executive and wished the newly-elected officers success.

Woods operations at Passmore and Vallican which closed down in sympathy with the B.C. logging strike then reopened, closed again Thursday. Alan Dunn of the I.W.A. office at Nelson, said.

Burns Lumber & Coal Company is affected at Passmore and Cady Lumber and Pole Company at Vallican. Mr. Dunn said. Waldies Mill workers at Castlegar were also expected to resume their strike. Many of the workers in the Slocan were applying for membership in the International Woodworkers of America, he said.

Plans to Show Kootenay Lake Paintings Here

Offer to exhibit 25 to 30 paintings and pastels of Kootenay Lake was received by the Board of Trade at the Hume Friday, the offer being made by R. L. Harvey of Calgary.

Mr. Harvey, whose work has been shown in several Canadian cities, said the pictures were done last Summer when he and Mrs. Harvey spent six "wonderful weeks in your delightful country." Staying at Queen's Bay, they had travelled up and down the length of the lake, a collection of water colors, pastels and oil paintings resulting.

The couple plan to return this Summer and the exhibition would be set up in Nelson in August, Mr. Harvey expected. The Board's Publicity Committee will take up the matter of finding a hall for the exhibition.

The pictures will be exhibited at the Calgary Exhibition and Stampede, then brought to Nelson if arrangements are completed. Last year they were exhibited in the Vancouver Art Gallery. Mr. Harvey suggested the exhibition would be good advertising for Nelson and District and would give tourists some idea of the beauty spots on Kootenay Lake. He planned to return "because there is years of work in your vicinity."

Mr. Harvey's pictures have been shown in the National Gallery at Ottawa, the Canadian National Exhibition at Toronto, and before the Ontario Society of Artists and the Montreal Art Association. He is a member of the Manitoba Society of Artists and a charter member of the Alberta Society of Artists.

They Won't Take No-Many Seek Enter Bonspiel

Civic Centre Commission met on Friday night and found that they now have 60 entries too many for the Summer Bonspiel. Two telegrams had just been received—one from Rawson of Flin Flon who is one of 4Western Canada's best curlers—but both had to be turned down. Several of the disappointed sportsmen have refused to be declined and have persistently sent their cheques back.

Kinsmen have arranged for the Commission to take up the matter of improving the ballgrounds for the track and field meet to be held here July 1.

Reason for the Commission turning down the Victory Show's request for the use of the ballgrounds was disclosed. It had been felt that this show would interfere with the activities scheduled for the ball park.

Swimming classes will start on July 8, it was announced.

Construction of the lunch room in the Southeast corner of the Centre will begin shortly.

The Weather

Synopsis:

Extensive rainfall along the Lower Mainland and Vancouver Island region terminated for the time being the Summer weather. Precipitation at Vancouver Friday was over 1.31 inches which nears the months average for June of 1.54 inches. Victoria with 1.16 inches reported today tops its average of .87 inches for the month. Elsewhere in B.C. cloudy weather prevailed. Cloudy weather with showers Saturday with improving conditions over the coastal area Sunday.

Forecasts:

Vancouver and vicinity:

Overcast becoming cloudy afternoon. Rain showers becoming widely scattered afternoon. Variable cloud Sunday morning clearing by noon. Easterly wind 10 m.p.h. Vancouver region Southeast 15. Georgia Straits becoming Northwest 15, afternoon Saturday. Warmer Saturday. Max. Vancouver airport 64, Nanaimo 64.

Okanagan:

Cloudy with rain showers. Some clearing Sunday. Generally Southwest winds 15 m.p.h. becoming Northwest 10 late afternoon. Little change in temperature. Max Saturday Lytton 73, Kamloops 73, Williams Lake 74.

Kootenay:

Cloudy with rain showers. Widely scattered thundershowers. Cloudy Sunday. Southwest winds 15 m.p.h. Little change in temperature. Max. Cranbrook 40-66, Crescent Valley 44-69.

Lake level at Nelson: Friday, 8 a.m., 12.10 feet; 1 p.m., 12.06 feet, a decline for the 24 hours of .04 foot.

It is estimated that there are 14 to 18 square feet of skin on the average adult human body.

Charged With Theft At Three Forks

Charged in connection with breaking, entering and theft of $300 from the section house at Three Forks in the Slocan, R. G. Glennie is being held in Provincial jail at Nelson, pending trial. He was arrested in Nelson last Wednesday by Sgt. R. R. House.

Spurr Elected President of Pharmacists

J. Sheldon Spurr of Nanaimo was elected President of the British Columbia Pharmaceutical Association and E. W. Hazlewood of Trail as Vice-President at a Council meeting of the Association in the Hume Friday. C. N. Wood was re-elected to the offices of Registrar and Secretary, and F. H. Fullerton will take the position of Manager again.

Mr. Spurr and Mr. Hazlewood will represent B.C. on the Canadian Pharmaceutical Council and were chosen as the delegates to attend the Canadian Pharmaceutical Convention in Toronto. Dean E. L. Woods, from the University of B.C., was appointed B.C. representative for the Canadian Conference of Faculties of Pharmacy that will be held in Toronto in July.

V. E. Hessel, Toronto, outlined the development of the Canadian Foundation for the Advancement of Pharmacy. This organization has been responsible for the offering of scholarships and teaching fellowships, and loans for students.

Annual Tells Story of School Year

The story of a year at Nelson High School is recorded in the "Mountaineer" — a school annual that tells the story of sports, study and activity in the school.

Attractively bound, with an eye-catching cover designed by Rosalie Triggs, the book is jammed with individual photos of the students, camera-catches of them at play, and pictures of groups.

A memorial for students who died in war and civilian life took a prominent place while the dedication was *to the Major Award Winners of* Nelson High School. The hope that a new impetus to the growing demand for a new high school will be given through the formation of Nelson School District No. 7, was expressed in the Foreword by Principal L. V. Rogers. He also wrote that in the 25 years that he held the position of principal he has met "more than 2000 very fine Canadian youths."

Editor-in-Chief was June Fraser with Nancy Idiens as Assistant-Editor. Other members of the staff include Peggy Smith, Victoria Senych, Mike Bodnaruk, Shirley Hall, Kaye Cooper, Molly Sutcliffe, Katherine Phillips, Sonja Jansrud, Sheila Dawson, Molly Arneson, Elaine Hughes and Staff Sponsor D. Tye.

PERKINS—Passed away in the Mater Misercoadiae Hospital in Rossland, Patrick Ralph Perkins, aged 4 years. Funeral service will be held in Saint Andrew's United Church, Rossland, Sunday at 1:30 p.m., Rev. H. K. Johnston officiating. Clark's Funeral Chapel, Trail, in charge of arrangements.

IN MEMORIAM

BROWN—In loving memory of our dear son, Harold, who passed away, June 15th, 1940.
The dearest son the world could hold,
A cheery smile, a heart of gold.
Of those who knew him, all will know
How much we lost six years ago.
In memory we see him just the same,
As long as we live we will treasure his name.
Deep in our hearts he is living yet;
We loved him too dearly to ever forget.
Ever remembered by Mother and Dad.

Royals Swamp S. Slocan Girls

Nelson Royals, girls softball nine, completely outclassed the visiting South Slocan girls team Friday, administering a 25-3 defeat. The superior Nelson flinging, batting and fielding all figured in the one-sided score.

All Nelson's 25 runs were earned ones. Kubin smote a three-bagger, Stangherlin annexed a pair of two-baggers, and McMullin and Wyberg got one apiece. Of base hits, Wallace, Procter and Colman got four each, Crosby three, McMullin and Kubin two each, and McGinn one, every member of the Nelson team crossing the plate at least once.

The three South Slocan runs, respectively by McCrone, Garrett and Kennedy, were also all scored without benefit of an opposition error. The visitors had no hits for extra bases.

For Nelson, Colman, on the mound, fanned four batters and gave three bases on balls. Murray, the South Slocan flinger, walked six batters.

Teams were:

South Slocan—B. Garret, Jones, Trozzo, Mrs. Garrett, Kennedy, L. Powell, McCrone, Murray, S. Wells.

Nelson—D. Wallace, F. McMullin, M. McGinn, G. Procter, M. Stangherlin, F. Crosby, M. Kubin, D. Wyberg, D. Colman.

No Such Thing As "Free" Hospitalization

BANFF, Alta., June 14, (CP) — The Canadian Medical Association urged last night that the public be educated to the fact there could be no such thing as "free hospitalization" and that government financing of any health insurance plan meant ultimate payment by the taxpayer.

The Association said any plan involved "enormous cost" and heard Dr. Harvey Agnew of Toronto, expert on hospital construction, say the country's required new hospital building alone would cost $250,000,000.

After a three-hour discussion of the Health Insurance situation, the Association went on record as endorsing the following "basic requirements" for any such scheme:

1. Improved standards of living.
2. An adequate Public Health Preventative program.
3. Diagnostic services.
4. Hospital services.
5. Medical services for remote, thinly populated areas.
6. Complete services for blind persons, old-age groups and pensioners.

Education of the public to the full implication of a health insurance plan.

These "basic requirements" were contained in a report by a CMA Committee which has studied health insurance trends for several years. It is headed by Dr. Harris McPhedran of Toronto.

The medical economics meeting of the CMA heard reiteration of a contention that since health depends on a person's way of life, housing and general standards of living must be adequate to start.

Any such plan would also have to include satisfactory preventative measures, reduction of infectious diseases, adequate water supply, welfare, mental hygiene and vital statistics.

Diagnostic services would have to be expanded, providing laboratories for cancer, diphtheria and premarital test work. Hospital services would have to expand to include not only general hospitals but special institutions such as tuberculosis sanitaria, mental, children and convalescent hospitals.

The Association said if any health insurance plan was put forward the Canadian people should know "what is involved." The Association felt the cost could not be avoided.

There could be no such thing as "free" hospitalization. If the Government paid for any scheme, the people paid too.

British Gov't Thinks Deflation Maybe Worse than Inflation

BOURNEMOUTH, England, June 14 (CP)—The Labor party conference closed today, after a dramatic last-minute debate on colonial imperialism, with the sending of a good-will telegram to Lord Pethick-Lawrence, Secretary for India, which expressed the hope that the Cabinet Mission to India may result in India's independence.

Earlier the Chancellor of the Exchequer, Hugh Dalton, outlined the Government's financial policy and plans.

Mr. Dalton enumerated a number of cash benefits for Britons in the Autumn in the form of reduced taxes, increased social insurance benefits and repayment of post-war credits, to keep pace with increased production of consumer goods for the home market.

He said the Government would be guided by the desire to keep purchasing power in step with production of consumer goods, that it would continue to utilize to the full the cheap money policy and that it would not aim at balancing the budget in any particular year but over a period of years.

The colonial debate arose on a resolution by Professor George Catlin, just returned from India, calling for repudiation by the Government of Winston Churchill's earlier statement that the Atlantic Charter did not apply to people East of Suez.

The resolution was withdrawn after Arthur Greenwood, Lord Privy Seal, had made it clear that the party executive agreed with the substance of the resolution.

Mr. Dalton said the danger of inflation in Britain "has largely passed away" under the impact of increased production of goods for home consumption.

Mr. Dalton observed, however, that "deflation may alter or be a much greater risk than inflation."

Answering party criticisms that he had paid too much for the Bank of England — the first institution taken under public ownership—Mr. Dalton said the bank "is worth a great deal more than the price which has been paid."

He added the position of the Bank of England stocks as "gilt edged securities" made the bank a "very special case." Payment for other nationalized industries, he said, "will be different."

Mr. Dalton announced the Government will not accept a House of Lords amendment limiting to five years the Government's power to control investment of borrowed money. The bill has been passed by Parliament and now is back in the House of Commons for consideration of the House of Lords' change.

The bill, he added, "is a useful little measure which will fit into its place in the scheme of things."

Russians Can Inspect British Zone If They Will Open Own

BERLIN, June 14, (CP)—Gen. Sir Brian Robertson, Deputy Governor of the British zone of Germany, announced today that correspondents of every country except Russia may inspect Britain's progress in denazifying its zone. Russia can get the privilege if it will extend it reciprocally.

Sir Brian challenged other occupying authorities to prove they have matched Britain's record and likewise challenged them to allow free inspection of each zone by correspondents.

Outbreak of Foot And Mouth Disease

BROUGHTON, Norfolk, England, June 14, (CP-Cable)—An outbreak of foot and mouth disease here covers an area which includes the King's Sandringham estate in Norfolk.

Summer Complaint Causes 1 Death

SASKATOON, June 14 (CP) — One child has died and nine others are seriously ill at the children's shelter here as a result of an epidemic of Summer complaint. Out of 80 in the shelter, 20 were affected, but 10 of them have made complete recovery, it was announced here today.

Wants Murderer As Witness

LETHBRIDGE, Alta., June 14—(CP)—Application has been made to Chief Justice W. R. Howson of the Alberta Supreme Court for an order permitting appearance as a witness at a Medicine Hat prisoner-of-war murder trial of Sgt. Werner Schwalb Nazi prisoner, under sentence to hang in Lethbridge Jail June 26 for the murder of a fellow captive.

The application was made by L. S. Turcotte, Defence Counsel for three former Nazi Infantrymen blamed for the hanging murder of Pte. August Plaszek in the Medicine Hat prisoner-of-war camp July 22, 1943. Schwalb is wanted to testify during the trial of L.-Cpl. Johannes Wittinger, whose new trial is scheduled to be in Medicine Hat Monday.

Schwalb and Pte. Adolf Kratz were convicted of the murder of Plaszek in a trial last March and are condemned to hang the same day. Wittinger was granted a new trial when it was discovered that one of the jurors hearing his case was too young to qualify as a juryman.

Chief Justice W. R. Howson replied to application by pointing out the risks involved in taking a man from jail to Medicine Hat a few days before he is to hang. He urged the Defence Counsel to ascertain the specific day and hour he would want to place Schwalb on the witness stand. Meanwhile, His Lordship said he would study the application.

DEVELOPS CLOTH THAT WILL STOP A BULLET

WASHINGTON, June 14 (AP) —The Army has developed a protective cloth for soldiers that "will stop a bullet," General Jacob L. Devers said today. Other Army officials said it is a step beyond the metallic body armor used by airmen and that the details might be disclosed later.

No Happiness in the Home When Mother Is Sick

The tired, worn out mother cannot make a happy home if she is sick and worried by the never ending household duties.

She gets run down and becomes nervous and irritable, downhearted and discouraged, can't rest at night, and gets up in the morning feeling as tired as when she went to bed.

Women suffering in this way may find in Milburn's Health and Nerve Pills a remedy with which to help recuperate their health, build up the run down system, and assist them back to health—happiness again.

Price 50c a box, 65 pills, at all drug counters.

Look for our trade mark a "Red Heart" on the package.

The T. Milburn Co., Limited, Toronto, Ont.

CURARE POISON EXCELLENT AS ANAESTHETIC

Harmless to Patient If in Minute Quantities

CANCER RELIEF

By GEORGE RONALD
Canadian Press Staff Writer

BANFF, Alta., June 14 (CP)—Dr. Harold R. Griffith of Montreal today described at the Canadian Medical Association meeting the advances in recent years in the use of curare, a poison once used on arrowheads by South American Indians and now employed by the medical profession to relax patients during operations.

Dr. Griffith introduced curare about six years ago after finding that infinitesimal doses were practically harmless to humans if properly given. It paralyzes muscular tension and makes operations easier. The amount of other anaesthesia can be reduced when curare is introduced.

Dr. F. A. Turnbull of Vancouver described how the operation of cordotomy reduced unmanageable pain in cancer by severing the nerves of sensation which carry pain from the cancerous growth. It is an alternative to the undesirable extreme doping of a patient who suffers intractable pain, he said.

Dr. J. Ross Vant of Edmonton showed slides of X-rays taken of the female pelvis during pregnancy and said the practice could do much to warn before birth what complications could be expected. X-rays would show the existence of twins and allow the mother to be prepared in advance for the care of the two children.

Dr. R. H. Flocks of Iowa City, Iowa, told of an analysis of 540 patients suffering cancer of the bladder and said progress had been made in the treatment of a large proportion of persons suffering the disease.

Asserts Printers Refused Arbitrate

By The Canadian Press

The International Typographical Union (AFL) has at no time "offered or indicated its willingness to accept arbitration" in the dispute between the Southam Company and printers in four of its newspapers, Philip S. Fisher, Company President, said in a statement last night.

He was replying to a statement by Harry Finch, Canadian representative of the ITU, that the Union months ago had accepted arbitration of "the terms of an agreement in accordance with Dominion regulations." The Southam Company, he said, "refused to accept the proposal of the Department of Labor on this issue as a settlement of the Winnipeg dispute."

Mr. Fisher's statement said the record showed "that in connection with the Winnipeg dispute last November, the Winnipeg publishers offered all-inclusive arbitration, to be accepted as binding on both parties. This offer was refused by the union and that refusal persisted in for over seven weeks prior to the Winnipeg publishers terminating their relations with the Union.

"Mr. Finch's statement is completely without foundation, unless the meaning of the word 'arbitration' is to be interpreted as arbitration of everything except the so-called general laws of the International Typographical Union which, according to Mr. Finch, are above arbitration."

Sinks Teeth Into Attacker's Hand

EDMONTON, June 14 (CP)—Attacked by a man as she walked toward her home from a street car shortly after midnight last night a city woman sank her teeth into her assailant's hand, causing him to flee. City police in several prowler cars searched the neighborhood but did not apprehend the perpetrator of the attack.

AWARDED THE LEGION OF HONOR

QUEBEC, June 14 (CP) — Mrs. Andre Simard of Quebec, organizer of the Free French movement in North America following the fall of France in 1940, has been awarded the Legion of Honor by the French Government, it was announced today by Paul Pierre Lorrion, French consul in Quebec.

WINNIPEG, June 14, (CP)—Canada's $242,000,000 loan has done a lot to put France back on her feet, Bernard Lec Artier, Commercial Attache to the French Embassy in Ottawa, said in an interview here today.

"That loan made France Canada's secondest highest customer in the export field in 1946."

British Seek Long-Term Wheat Deal With Canada

MONTREAL, June 14. (CP)—L. J. Thompson and E. G. Harwood, members of a delegation of British experts coming to Canada to discuss with Dominion authorities the possibilities of a long-term wheat contract, arrived here by air today.

Ottawa Wants Secret Ballot Lumber Strikers!

VANCOUVER, B. C., June 14—(CP)—The Vancouver Sun in a newspage story today said that Federal Government spokesmen in Ottawa recommended unofficially "a supervised secret ballot among union members on the Sloan proposals" for settlement of the strike of 35,000 British Columbia woodworkers.

The artitcle continued: "The Ottawa officials said the Federal Government would help conduct the supervised vote only after a joint application from the logging operators and the union.

"They said they would not launch the proposal from Ottawa for fear 'of going over the heads of the union' in a direct appeal to the workers."

Seamen Accept Government Plan

By JACK WILLIAMS
Canadian Press Staff Writer

OTTAWA, June 14, (CP)—Lake shipping companies today pondered government proposals for settlement of the 19-day shipping strike in preparation for a meeting in Toronto Monday at which their decision will be given.

After the government proposals had been accepted yesterday by the Union and judgment had been reserved by the operators a second series of meetings fot under way quietly in labor department offices.

The government's formula was built around the eight-hour day which was the basis of the strike. It was proposed to introduce the three-watch system — instead of two watches—by having crew members work four hours and then have eight hours off.

On the question of having the union recognized as bargaining agent for employees of companies not now party to C. S. U. contract it was proposed that the companies agree to recognize the union if the labor department found a majority of the employees supported the union.

King Humbert Was Part of the "National Catastrophe" Cries Gasperi

By JOHN P. McKNIGHT

ROME, June 14 (AP)—Premier Alice de Gasperi appealed to Italians today to support the new republic, regardless of how they voted in last week's plebiscite.

The Premier addressed the country by radio in an atmosphere of tension created by an acrimonious exchange between his Government and King Humbert who reached Lisbon today for his exile.

A manifesto issued last night in Humbert's name charged that the cabinet had usurped the king's powers in a "revolutionary gesture" and added that he had left Italian soil only to avoid civil war.

A royal aide said Humbert would consider himself king pending a formal court ruling on the plebiscite.

De Gasperi, in a 10-minute broadcast, deplored "the tragedy of that man"—Humbert. De Gasperi said Humberto, "compromised with the dictatorship," had attempted in the last few months to regain his power.

"He is part of the national catastrophe," De Gasperi said, asserting an expiation was due from Humbert, even as "we all must expiate."

Chetnik Chief Admits Collaboration With Axis; "Intrigue" He Explains

BELGRADE, June 14, (AP)—Gen. Draja Mihailovic wearily agreed with his prosecutors today that a letter produced in his treason trial amounted to his personal collaboration with the enemy.

The Prosecutor produced a handwritten letter which Mihailovic admitted was genuine. It said "yesterday 22 (a code name for Italians) helped us well."

After reading it the Prosecutor asked "What do you call this?"

"Intrigue," Mihailovic answered.

Another letter which instructed his Chetnik units to receive arms from the Italian occupation forces, Mihailovic agreed, comprised his personal collaboration.

"Is that your collaboration?" the Prosecutor asked.

Previously, the bearded Chetnik chief told the Yugoslav Military Court that an American liaison officer had informed him in 1944:

"American youth is not fighting for Communism and does not want Communism in Yugoslavia."

The American officer Col. Robert McDowell, also told him Mihailovic said that "America would support me and my government and movement exclusively."

He added that Col. McDowell declared "when the Russians reach the frontier the Red Army will not enter Yugoslavia."

"Did he say whom he would help?"

"Me."

"Did he know that the (Tito) partisans carried out the fight against the Germans?"

"He said to me: 'I want to help you.'"

"Did he tell you that the Russians are practical politicians and they would see the situation?"

"Yes, he did."

Mihailovic said he took Col McDowell seriously "because he was authorized and he would negotiate with the Germans."

The Chetnik chief said his followers saved from 300 to 400 United States fliers forced down in Yugoslavia during the war.

Mihailovic also saved a group of R. C. A. F. airmen who sought unsuccessfully for permission to testify on his behalf.

CALLS ON YOUTH, FIGHT AGAINST INTOLERANCE

Hits Discrimination Against Any Race Creed Or Color

ATTACKS ABUSE

HAMILTON, June 14 (CP)—State Secretary Paul Martin today called on Canadian youth to fight against intolerance "in Canada or anywhere else" and combat discrimination "against any race, creed or color."

In a speech to the Ontario Convention of the Young Liberal Association, Mr. Martin referred to resolutions of the World Youth Conference in London last November as an example of principles for which young Canadians should fight.

The conference had called for assistance of youth in establishing of a just and lasting peace, demanded removal of racial, religious and political discrimination, accepted the responsibility of youth in post-war reconstruction and insisted on extension of opportunities for young people to participate in political activities as part of their education in the spirit of democracy.

He urged delegates to adopt a "progressive internationalism" and study all sides of questions with free discussion and by a joint program arrived at by democratic methods. Problems were not solved by "the mere calling of names."

Vets on Strike Do Not Qualify for Out of Work Benefits

VANCOUVER, B. C., June 14—(CP)—Veterans on strike with the woodworkers do not qualify for Department of Veterans' Affairs out-of-work benefits, E. W. Thomas, Regional Unemployment Insurance Commission Officer, stated today.

He explained that applications made by veterans in a mass registration Wednesday will be investigated thoroughly to determine if they are on strike, or if they are out of work because of the strike.

"Under our regulations we cannot grant unemployment insurance to men who are found to be on strike, and the Department of Veterans' Affairs is guided by our regulations in granting out-of-work benefits," Mr. Thomas said.

$1000 for Trap To Kill Fur-Bearers

VANCOUVER, June 14 (CP)—A prize of $1000 by the SPCA is waiting for the person who can invent a trap that will kill fur-bearing animals instantly.

Wide New Uses; May Treat Diseases . . .

Hospitals to Get Atomic Products

OAK RIDGE, Tenn., June 13 (AP)—The United States Government swung open the gate tonight to the use of atomic energy for benefitting man instead of killing him.

Radio-active substances produced in uranium ovens where the atomic bomb was born will be distributed for the first time to schools, hospitals and laboratories in the United States only, the Army's Manhattan project announced.

The new program opens the way for widespread use of substances which can be detected even though invisible and which therefore may:

1. Shed new light on processes of human life, normal and diseased;

2. Provide new information on animal and plant growth and on the way the body uses food and medicine;

3. Help mankind further in making certain products and in tapping the natural resources.

It also is possible, scientists said, that the substances may be used directly to threat disease.

A radio-active substance is one that emits atomic particles, or rays. Substances are made radio-active in the uranium ovens by being bombarded with atomic projectiles.

Relating a story of accomplishment rivalling the dreams of the ancient alchemists, the Manhattan project gave details on the production of approximately 100 different "radio-istopes"—radio-active forms of common and rare elements produced in the uranium chain-reacting "atom pile" at Oak Ridge.

It said that in the production of certain istopes, the uranium ovens could "far outdistance" the output of a cyclotron—the so-called "atom smasher" instrument used even before the war for making minute quantities of radio-active substances.

Manhattan officers said the istopes will require special handling because some are capable of producing 37,000,000,000 radiations a second, with each ray having energies up to 2,500,000 electron volts.

Radio-istopes will be used in two important ways: "First, as tracer atoms or "tracers" for following the course of atoms in chemical, biological and technical processes; and possibly, after considerable research, as therapeutic agents for the treatment of certain special diseases.

The Child Who Is a Posture Problem

By Garry Cleveland Myers, Ph.D.

Not nearly all posture problems are physical; some are psychological.

"Dear Dr. Meyers:—I am writing for advice again. My boy is *about sixteen years of age, very* tall and round-shouldered. We keep after him all the time about straightening up. He does straighten up for a minute, then it is the same thing all over again. I am just about sick over it, and tired of telling him about it. What shall I do?

"Another thing, he will not cut his fingernails, which get terribly long and dirty. When I tell him to cut them, he says he will but doesn't. Then when I yell at him he says it hurts to cut them.

"I am afraid he will have to learn the hard way. His best friends may embarass him, I even had the girl in the office tell him about his nails, but he just doesn't care."

About the same time I received a similar letter about bad posture in an adolescent girl.

I urged the mother in each instance to have a careful physical check of the child by the doctor. Certainly the child who tires easily is not inclined to sit, stand and walk erectly; and if he tires easily there must be some physical cause. In addition to physical causes, there also might be psychological ones, or the trouble might be wholly psychological.

It is easy to see how eager you are to help that lad cultivate good posture and to keep his nails neat and clean. But I am sure you will get nowhere in your present way, except to make these matters worse.

In the case of your boy, one *might suspect the chief cause to* be psychological, since he not only is nagged about his bad posture but also about his fingernails. (How much would some boys and girls give for long fingernails instead of short gnawed-to-the-quick ones.) Then to have the office girl shame him was adding insult to injury.

Don't overlook the fact that this boy is very tall, of which fact he must be self-conscious; that he must also have grown very rapidly. The chances are that you have grown so conscious of his drooping shoulders and untidy nails that you hardly can come into his presence without saying something about them, or at least feeling vexed at him and out-of-sorts in general.

It may be hard for you to feel at all relaxed or cheerful and hopeful in his presence. Your feelings must arouse like feelings in him. Any child tends to slouch when he feels generally out of sorts, discouraged and dejected, just as you and I do. Perhaps he rarely feels in high spirits while in your presence.

Therefore, you need to discipline yourself not only not to talk at all about his posture and nails but to have no angry feelings about them, no easy task, of course. Then you need to find positive ways to help this son feel more hopeful and worthwhile not only at home but at school and among his friends. The happier relationships you can have with him at home, the more you can help him enjoy successes everywhere.

Even though the cause of the drooping shoulders be found to be physical, removal of the harmful psychological factors should net some posture improvement. If that lad could be induced to visit a manicurist, or the stage be set by which a schoolmate would tidy up his nails for him, or, what is more likely to happen, if he grew interested in a particular girl, the fingernail problem would probably vanish. Even the posture problem might.

Hints for Housewives

By BETSY NEWMAN

To resume yesterday's theme on eggs, use them for desserts as well as more substantial dishes. Souffles must always be served hot, so the dessert must be baking while the main course of dinner is being eaten.

They must be served as soon as baked, too, so that they have no chance to fall, a calamity not to be considered.

TODAY'S MENU

Breakfast
Orange Juice Milk
Ready-to-eat Cereal
Toasted Bran Muffins
Honey or Jam Coffee

Luncheon
Scalloped Casserole of Cabbage
Radishes and Green Onions
Stewed Apricots Bread or Rolls
Milk Tea

Dinner
Fish in Tomato Sauce
Baked Potatoes
Peas and Carrots
Sliced Tomatoes
Chocolate Souffle *Coffee*

CASSEROLE OF CABBAGE

4 cups shredded cabbage, 2 tablespoons flour, 1 cup chopped cooked ham or cheese, 1½ cup hot milk.

Cook cabbage for 5 minutes in boiling, salted water, drain, and put half in greased casserole. Sprinkle with flour, add layer of ham and cover with *rest of cabbage*. Add hot milk and top with crumbs or corn flakes and sprinkle if you like with grated cheese.

Cheese may take the place of the ham if you prefer, or the cabbage may be scalloped without either, with a generous sprinkling of cheese on top of flakes or crumbs. Cover and bake at 350 degrees F., 25 minutes, then remove cover and brown for about 5 minutes. Serves 4.

CHOCOLATE SOUFFLE

1 cup milk, ½ cup sifted flour, 4 unbeaten egg yolks, 2 squares chocolate, melted, 4 egg whites, beaten stiff, ½ cup sugar.

Heat one-half milk to boiling, add flour mixed with remaining milk which has been stirred smooth, and stir over low heat until it thickens. Beat smooth, then add unbeaten egg yolks one at a time, beating well after each addition; stir in sugar and melted chocolate.

Last, stir in stiffly-beaten egg whites and spread mixture into a deep casserole which you have prepared by putting in softened shortening sprinkled with granulated sugar. Bake in a hot oven (425 *degree F.) about 20-25 minutes.* Serve immediately. Enough for 6 persons.

FISH IN TOMATO SAUCE

4 slices bacon, 1 pound fresh fish, 1 tablespoon flour, 1 teaspoon salt, 1 can tomato soup, 2 medium onions, peeled and sliced.

Pan-fry bacon to golden color, remove from pan and measure drippings. Return 3 tablespoons to skillet. Dredge fish in flour and salt and cook in fat until brown on both sides, add onions and tomato soup. Lower heat, cover and simmer for 10 to 15 minutes, turning once during cooking. Crumble and sprinkle bacon over top just before serving. Serves 4.

Says New Labor Laws Are Needed in Canada

VANCOUVER, June 14 (CP) — Ald. Charles E. Thompson, at a meeting here last night said that new labor laws are needed in Canada, but that it would be a tragedy if they were written "in defiance or anger."

He sees "tacit admission that we have not been fair to labor" behind the Government's failure to prosecut "illegal" strikes.

"Labor has come to the conclusion that the cost of living index is not a fair guide," Ald. Thompson said.

LONDON, (CP) — Once more judges at London's Old Bailey enter court carrying nosegays. The custom, introduced in the days of crowded, dirty jails, was abandoned during the war.

A Man Who Won't Take a Hint!

By JANE ATKINSON

Why must some people be practically hit over the head before they're willing to recognize the fact that some particular man or some individual girl doesn't want to take them seriously?

Few girls want to tell a man bluntly that he's not the Fairy Prince they're waiting for. And few men like to give a brusque brush-off to girls who seem over-eager to be dated by them. Yet sometimes blunt words and brusque brush-offs are all that will do the trick when more gentle measures fail to get the idea across.

Take the following letter, for instance, in which a man complains that he can't figure out what the girl he wants is trying to do.

"Dear Miss Atkinson:

"I've been going with a girl for a year now. She is a very nice girl, the kind of a girl a fellow dreams of settling down with. I love her very much, and she said she liked me, and that I was a swell fellow and that any girl would be glad to get me. She would always say that I would meet some nice girl, and *that would burn me up, when I only* wanted her.

"It seems she met a fellow a couple of years ago. He was in the armed forces and she liked him very much. Just before he came home, we had a tiff and broke up. It seemed to me that she just used that as an excuse so that she could be with this fellow. Well, when he came home they went around together, but things didn't work out and they broke up.

"So I called her up, with the idea of going out with her again, but she seems to keep stalling me off, so that I don't know what she is trying to do. I ask her if she wants to go out with me any more and she says yes, but she keeps putting it off. She keeps telling me what she did this night and where she went and what she intends to do the following night, but there seems to be no free night for me.

"As for me, I'm not much of a guy. I haven't got a car or a bank book. I have a steady job, but I did take a lot of time off, and she resents this bitterly as she is a very industrious person. I understand all this and try to do my best, but I can't seem to keep my mind on my work when things are not going right between us. I love her so much there isn't anything in this world I wouldn't do for her. I feel she is trying to break off with me and is trying to be gentle about it, but this way hurts me, for I feel I still have a chance with her.

"E.C."

If you feel as you say, that this girl is trying to break off with you, and is trying to do it in a nice way, why don't you accept that fact, and not worry her to the point where she may have to say some really harsh things before you will let her alone? It seems to me as though you were just kidding yourself along when you say you feel you still have a chance with her.

If there really is a chance for you, she won't leave you in doubt about it. She'll make it perfectly clear by accepting your invitations instead of continually declining them. And if she does keep on declining them, then, no matter what else she may say, you ought to take it as a purposeful hint that she would rather you didn't pursue her. It's a hard thing to do, when you're in love with a girl, but you ought to have too much masculine pride to do anything else.

Manitoba Crops Need Rain; B.C. Stone Fruits Developing

WINNIPEG, June 14 — While moisture conditions have improved in Saskatchewan and Alberta rain is urgently needed in many parts of Manitoba according to the weekly crop report issued today by the Agricultural Department of the Canadian Pacific Railway. With a few exceptions in South Central and South Western Saskatchewan, seeding of all grains in the three Prairie provinces is now completed.

In British Columbia, where the moisture situation is generally favorable, stone fruits are developing well and the picking of early varieties of cherries for processing had commenced in the Oliver and Summerland districts. Strawberries are coming on the market in increased quantities but growers are confronted with a scarcity of containers due to the lumber workers strike. Early potatoes are in full bloom. On the B.C. Lower Mainland strawberries are moving in volume and raspberries are developing favorably, with shipping expected to commence about June 25. Cutting of clover and hay crops is under way.

GIRLS BICYCLE 3700 MILES

HAMILTON, Ont., June 14, (CP)—Two Vancouver girls are vacationing here after completing a 3700 mile bicycle tour from the Pacific Coast via the United States. The two, Marjorie Camp, former Hamilton resident, and Phyllis Bentley, will visit here until August, then cycle to Montreal and New York and return to Vancouver by train.

LONDON, (CP) — Because they consider "scavenger" a degrading name, member of Staines district Council have decided to call their road cleaners "street orderlies."

Need Clinics to Prevent Crippling 600,000 Rheumatics

BANFF, Alta., June 13 (CP) — The Canadian Rheumatism Association at its annual meeting in conjunction with the Canadian Medical Association convention today stressed the need for a co-ordinated national effort to combat arthritis and allied conditions.

Adequately equipped clinics for early diagnosis and treatment of arthritis and the prevention of crippling among Canada's estimated 600,000 cases of rheumatism is a basic necessity the Association said. Loss of production due to rheumatism was estimated at $50,000,000 a year. Existing facilities should be extended and certain procedures standardized to provide the best possible treatment without undue delay.

Dr. Wallace Graham of Toronto was elected president. Other officers are Dr. R. Dandurand, Montreal and Dr. Dean Robinson, Banff. Vice-Presidents and Dr. W. S. Barnhart, Ottawa. Secretary-Treasurer. The retiring President is Dr J. D. Adamson of Winnipeg.

SAYS LOGGERS CUTTING OFF THEIR NOSE TO SPITE THEIR FACE

VANCOUVER, June 14 (CP) — W. L. Leclair, of Ottawa, Secretary-Manager of the Canadian Lumbermen's Association, said in an interview here late last night that British Columbia loggers are "cutting off their nose to spite their face."

"Canada's prosperity depends on our exports," he said "Great Britain and other Allies who need lumber and wood products desperately may offer reprisals for Canada's failure to furnish them by finding other markets for products needed in the Dominion.

"Through this strike," Mr. Leclair said, "Canada has lost glorious opportunity to do the right thing by humanity, and, in the long run, the strikers are endangering their own livelihood."

On the Road

There is a large army of outdoor men who have learned to depend on Dr. Chase's Kidney-Liver Pills. Riding on trains or trucks causes a jarring which is hard on the kidneys as is also the exposure to all kinds of wind and weather.

This medicine goes to stimulate the action of the kidneys and relieve the backaches which so often result.

For over half a century they have been popular with railway men, truckers and farmers.

Dr. Chase's Kidney-Liver Pills

NELSON SOCIAL

By MRS. M. J. VIGNEUX

Charge for engagement announcements on this page is $1.50

● Wednesday afternoon an interesting and quiet ceremony took place at St. Paul's Manse, with Rev. H. Stewart Forbes officiating, when Jemima Shearer Sutherland and Harvey Melville Prout were united in marriage at three o'clock. The bride wore a light gray two piece dressmaker suit with pink flower-veiled hat, was given in marriage by her father, George Sutherland, and was attended by *Miss Mabel Irvine* as bridesmaid. Harry Stevens was best man. About thirty guests attended the reception held at Armson's Cafe where Rev. Forbes proposed the toast to the bride which was ably responded to by the groom. The brides' parents were toasted by Joseph Longden. Following the reception the happy couple left on the East bound train to spend their honeymoon in Calgary and other points in Alberta.

● Mr. and Mrs. Thomas Johnstone, Johnstone Block, have as guest Mrs. Johnstone's cousin, Miss Katherine Marshall of Nashville, Tenn., and Medina, Wash., who is here on an *indefinite stay*.

● G. Rassmussen has been guest at the home of his sister, Mrs. Jesty, 502 Observatory Street.

● Mr. and Mrs. C. P. Richards, 614 Carbonate Street, have had as guest, Mrs. Douglas Chamberlain of Rossland.

● Mrs. D. E. Clark, formerly of Nelson, now of Vancouver, is a city visitor.

● Mr. and Mrs. W. C. Scott of Seattle, who have been guests of Mrs. Scott's brother-in-law and sister, Mr. and Mrs. Mathieson, Observatory Street, left yesterday for home.

● Wednesday evening a delightful miscellaneous shower was given by Mrs. C. Hessler at her home 815 Fell Street in honor of Miss Mary Christine Hessler, bride-elect of the month. A presentation of a daintily-arranged basket of lovely gifts was made to the honoree. Invited guests included Mrs. J. Gillis, Mrs. A. Cathers, Mrs. J. L. Dawson, Mrs. W. Bennett, Mrs J. Pederson, Mrs. W. Anderson, Mrs. H. Woods, Mrs. J. O'Donnell, J. Dawson, Mrs. A. Musfelt, Mrs. G. Trow, Mrs. F. L. Bonderud, Mrs. Frank Ogenski, Mrs. F. W. Cartwright, Mrs. W. F. Major, Mrs. W. Parker, Mrs. A. Kraft and Miss A. Figler.

● Mrs. J. Glen Grant, who spent several weeks in the Kootenay Lake General Hospital, has returned to her home on Silica Street. Her husband who is also a patient in that institution, is progressing favorably.

● Dr. H. G. Steed has left for Vancouver where he plans on spending a few days on business.

● Mr. and Mrs. Chris Jensen have returned from a week spent in Calgary where Mr. Jensen attended a convention.

● Mr. and Mrs. A. E. Mathieson, Observatory Street, have as guests Mrs. Mathieson's parents, Mr. and Mrs. J. Bryce of Duncan, V.I., who have been holidaying in Calgary.

● Rev. Father Joseph Barnes, editor and manager of the Prospector, returned Wednesday night from Trail where he addressed the C.Y.O.

● Mr. and Mrs. Frank Rushton of Nakusp were guests of Mr. and Mrs. J. H. Argyle, Observatory Street.

Engagements

Mr. and Mrs. Tony Lepitzki of Harrop, wish to announce the engagement of their only daughter, Anne Mary, to Albert F. Yoworski, son of Mr. and Mrs. Carl Yoworski, of Peterson, Sask. The wedding will take place June the 25th. Dance to follow in the evening at Procter Hall.

South Slocan

SOUTH SLOCAN, B. C., June 13 —R. Dempsey has returned from a motor trip to the Okanagan.

Mrs. Fred Buckley of Trail was the guest of her parents, Mr. and Mrs W. C. Motley.

Mr and Mrs. F. Becker of Vernon are guests of Mr. and Mrs. R. Dempsey.

Miss Doreen Packard and Miss E. Jerome of Nelson were guests of Mr. and Mrs. P. Dempsey.

Mrs. Blair Bodgener is a patient in the Kootenay Lake General Hospital.

Allen Muir of Weyburn, Sask., has arrived to join his wife here.

NAIL POLISH DRIES IN A FLASH WITH NEW LIQUID

No more precious minutes wasted waiting for polish to dry if you use NAIL-DRI, the miraculous new liquid that gives an immediate dry brilliant finish when applied to wet polish.

Effective on any shade or brand of polish, it prevents much of that annoying chipping, and makes your manicure last days longer. Good for your cuticle, too. So very economical, it gives you 50 or more manicures from a 50c bottle. Try it today—get NAIL-DRI from City Drug & Book Store.

Oldtimers Stage Comebacks; "Deep Are the Roots" Plays 283 Times

By MICHAEL O'MARA
Canadian Press Staff Writer

NEW YORK, June 15 (CP) — Closing the books on the 1945-46 theatrical season along Broadway.

There were 79 openings between June 1, 1945, and May 31, 1946—including 46 plays, 13 musicals, two revues, 11 revivals and seven miscellaneous items. In addition, 10 productions from previous seasons stayed open.

Of the plays, 11—eight of which are still running—entered the 100-performances or "hit" category, topped by "Deep Are the Roots" which has amassed 283 showings at the season's end.

"Are You With It?" led the five hit musicals with 230 performances. Neither revue had entered the hit class by May 31 but "Three to Make Ready" now has passed the 100 mark and "Call Me Mister" seems likely to.

Among revivals — success of many of which is one of the surprising features of the season—"The Red Mill," still running, was tops with 262, followed by the now-closed "Pygmalion" and the still-vigorous "Show Boat." Maurice Evans' "Hamlet" also entered the 100 club.

Statistics aside:

A feature of the semester was the number of propaganda plays which saw Broadway. At least 10 may be so classified with the bulk of them castigating anti-Negro tendencies in the Southern States. None of these attempts—however worthy their motive — had much dramatic worth.

THEY LIKE ETHEL

Musically, the year was undistinguished but for the late-arriving "Annie Get Your Gun," in which Ethel Merman and Irving Berlin combined to put across half-a-dozen million-dollar musical comedy ditties.

Several agencies take it upon themselves, at the end of each season, to pass around accolades for "best" performances. Of these, perhaps the most authoritative is the poll of New York theatrical critics conducted by the trade newspaper, Variety. Its judgment was that the best female performer in a musical was Ethel Merman in "Annie."

Hollywood Gossip

Alan Ladd Says Hollywood Amazing Large Contingent Heads for Fight

By BOB THOMAS

HOLLYWOOD, June 13 (AP)—Hollywood is an amazing place, says Alan Ladd, and he certainly deserves the Oscar for the understatement of the month.

Ladd expressed this thesis at Lucey's, where Hollywood's great pay outrageous prices to eat and be seen. "This is one of the richest industries in the world," he propounded, "and yet it's run entirely on instinct. There's no rhyme or reason to anything that goes on."

Of late, Alan's instincts have been telling him he would like to get slightly apart from the usual rough-tough type of picture.

"It gets to be vicious," he said. "Whenever they write a picture for me, they say 'This is an Alan Ladd picture so we'll have to have a lot of slugging matches.' As a result, I never play in anything but so-called Alan Ladd pictures."

(It could be that his instincts against the rugged kind of film are more than aesthetic. He never uses a stunt man.)

"The only non-violent picture I was in was 'And Now Tomorrow' when I played a doctor. But I was still Alan Ladd — punching with needles instead of fists."

A large Hollywood contingent is headed for the Louis-Conn fight, including Perry Como, Ty Power, Clark Gable, Gary Cooper, Phil Silvers, Peter Lawford and Frank Sinatra. . . . John Garfield wants to do a Western, of all things. . . . June Allyson another influenza victim. . . . Simon Simone decided to stay here instead of returning to Paris. . . . Mickey Rooney is bragging about his softball team which so far has triumphed over those of Andy Russell, Bob Hope, Frank Sinatra, Harry James and Dick Haymes.

U.S. REACHING BOTTOM OF WHEAT GRANARY

WASHINGTON, June 13 (AP)—The United States is scraping the bottoms of its "ever-normal" wheat granary — a granary which only four years ago bulged with the largest reserve in history.

That's why American housewives find themselves confronted with present bread and flour shortages.

Unprecedented demands for the grain since mid-1942 not only have taken all new wheat farmers could produce, but also virtually wiped out reserves accumulated during the late '30s and early '40s.

The "ever-normal" granary is a figurative term applied to price-supporting provisions of the Crop Adjustment Act of 1938. That Act directs the government to offer loans to farmers on principal crops —including wheat. The purpose of the loans is to help finance farmers who desire to hold their products off the market when not satisfied with the market price.

In theory — and in practice — wheat moved *into* the granary — that is, it was stored under government loans—in years of surpluses. In years of shortages, it moved out of the granary into consumption channels under the influence of increasing prices.

MANITOBA P-C's APPROVE WILLIS LEADERSHIP

WINNIPEG, June 13 (CP) — A motion of confidence in the leadership of Provincial Public Works Minister Errick Willis was passed by an overwhelming majority at the Manitoba convention of the Progressive Conservative Party today.

The motion was first put before the delegates at the morning session by Col. J. A. Ross, member of parliament for Souris, Man., but was deferred until the afternoon at the suggestion of John Haig of Winnipeg. Mr. Haig reminded the meeting there were rumors of Manitoba Premier Stuart Garson running in the forthcoming by-election at Portage La Prairie. If this was so, he said, the party might have to reconsider its commitment to a coalition government in Manitoba.

A resolution calling for the removal of price ceilings on exported farm products met considerable opposition at the afternoon session.

G. S. Thorvaldson, member of the provincial Legislature for Winnipeg, asked the convention to remember the party had already committed itself to a policy of removing the ceilings on all farm and ranch products. The resolution carried after long debate.

NEW DENVER

NEW DENVER, B.C.—Mrs. Le Roi Cote and daughter, Beverley and Mrs. E. Gordon and children Joanne and Raymond returned to Nelson after visiting their sister, Mrs. B. George.

Mrs. Webb of Zincton is a patient in the Slocan Community Hospital.

A surprise party was held in the Bosun Hall, Monday evening honoring Miss Norma Erickson, Secretary of New Denver Young People's Society who leaves shortly to be married. A pleasant evening was spent playing court whist, prizes for high score going to Miss N. Erickson and R. Christofferson. Delicious refreshments were served by members of N.D.Y.P.S. Mr. Angrignon presented Miss Erickson with a parting gift from her New Denver friends. Dancing brought to a close a pleasant evening music being supplied by Mr. and Mrs. T. Clark, Miss M. Campbell and F. Angignon.

Welcome Home Party at South Slocan

SOUTH SLOCAN, B. C., June 13 —No. 3 Plant Hall at South Slocan was the scene of one of the largest and happiest crowds of young and old that has gathered for many years, when local girls and boys, who had been in the active services and others who since demobilization have made their home here, were given a "Welcome Home" Party.

The party was sponsored by local Red Cross Auxiliary, with backing and financial support of the other larger organizations and the people of the community.

The hall presented a striking picture, with flags of all friendly nations being hung from the ceiling, while red, white and blue streamers decorated the light fixtures and windows. The "Roll of Honor" draped on either side by Scout and Guide flags, was featured at the top end of the hall. The head table carried out the red, white and blue theme with a gorgeous centre piece of American Beauty Roses flanked on either side by white and blue candles.

The guests were received by Mrs. J. Murray, President of the W. A., Mrs. J. S. Yeatman, President of the W. I., and Mrs. F. Scott, President of the Red Cross Auxiliary. Each guest of honor was given a red-white and blue favor.

The program, arranged by Mrs. R. Dempsey, was of a nature to suit both old and young. Dancing, old-time and modern, was enjoyed throughout the evening, with community singing and different amusing stunts and contests at intervals.

Two little girls, Ruby Johnson and Doloret Loewen, entertained the guests with a tap dance. Mrs. Harvey Stone delighted all with her rendering of "Lilli Marlene." Later Mrs. A. Muir and Mrs. F. Scott, in keeping with the occasion sang the duet "Dear Land of Home," by Sibelius followed by "Home Sweet Home," as an encore.

Supper was served at 10 p. m. under able convenorship of Mrs. H. MacDougal. While the company was all seated, Mrs. Frank Scott, on behalf of the Red Cross Auxiliary and other local organizations and the community as a whole, read the guests of honor a very warm welcome home. She told them the community was trying in a small way to convey to them their deep appreciation and warmest gratitude for services rendered by the girls and boys during the war. Mrs. Scott then introduced Rev. W. J. Silverwood of Nelson, guest speaker for the evening.

Mr. Silverwood first asked the company to rise and observe one minute's silence out of respect to those who had not returned home. In the course of a very inspiring and impressive talk, Mr. Silverwood said that the young men and women had returned full of hope because of great promises made to them. "Though we may not be politicians, it is up to each and every one of us in the community to learn to tend our garden—in this case the garden being South Slocan and Bonnington —to learn to co-operate, to live together in peace and friendliness, to work and play together and so to help keep these young folks from becoming cynical and pessimistic because of prevailing world conditions."

Each guest of honor was then presented with a gift. Mr. Silverwood doing the honors. There were eleven lockets—with monograms—for the girls and forty-three lifetime Parker Pens, with names engraved, for the boys.

Several from the services thanked those present for their kindness, and expressed in suitable terms their appreciation of the "Welcome Home" given to them. Miss Bette Bird, late of the R. C. A. F., spoke on behalf of the women. J. Ridge for the W. R. N. S., D. MacDonald for the Canadian Army, and Graeme Tindale for the Canadian Air Force.

Mrs. W. A. MacCabe, District Commissioner for the Girl Guides, then read out the names on the Roll of Honor—pointing out that the Honor Roll was draped with the Scout flag and Guide flag and that the majority of those on it had at one time been members of the Scouts of Guides. There are over 50 names on the Honor Roll.

Ivor Jones, who acted as M. C. for the evening, and who was largely responsible for the success of the gathering, read a telegram from Lt.-Commander Maurice E. Walker, extending good wishes and felicitations to the guests of honor.

Father Martin, the newly appointed Priest for this Parish, was introduced to the company and spoke appreciatively of the welcome given to him.

Guests of honor present were—Miss B. Bird, Miss G. Jones, Mrs. J. Holliday, Grant Tindale, Graeme Tindale, J. Dawe, D. James, R. Johnson, E. MacGregor, J. Street, R. Edwards, R. Wood, M. Yeatman, L. Strasser, N. Kelsey, S. Gordon, J. Ridge, D. MacDonald, W. Walkley, B. Bodgener, S. Lowenberg, G. Tutt. Other invited guests were unable to be present, as their homes and plants.

WESTERN CANADIAN
GREYHOUND

Refreshed for the day's work-

Luxuriously comfortable mattresses are no longer regarded as just another extravagance of the rich. They have increasingly become "a must" in the plans of those who realize that tired limbs and aching bodies must find compensation in periods of complete relaxation for women who have to do their own work.

Luxurious, but decidedly NOT a luxury. Simple arithmetic serves as a reminder of the proportion of our lives that is spent in bed . . . and plain common sense suggests that sound sleep and proper rest justify the investment in a PARKHILL Triple Cushion Mattress.

Expansion of Scientific Work to Develop Industry

The House of Commons has given general approval to the Government's proposal to expand the work of the National Research Council, which has been rendering exceptionally good service to the people of Canada.

Figures alone will not provide the full measure of its importance, but they do give some indication of the expansion which has taken place. In the last fiscal year before the war (1938-39), the Research Council's budget was increased slightly to $1,000,000. It employed a staff of fewer than 300. In the last year of the war the direct expenditures by the Council totalled nearly $7,000,000. Its staff numbered 1600, with 400 workers being supported indirectly by the Council.

It is most encouraging to learn that Government has decided that this level is the proper norm, and is prepared to support peacetime research on this basis. The estimates for the current year provide for an expenditure of $6,378,000, while the full-time staff of the Council presently numbers 1500. This is, of course, exclusive of the research being done on atomic energy. But the reach of the Council might be vastly extended as a result of coordination of its work with that of other agencies on a scale not possible during the war.

As a guide to the Canadian program it is interesting to note that a Government-appointed Scientific Manpower Committee in Great Britain has announced that the United Kingdom must double the present output of scientists (now 2500 a year) if national recovery, defence and industrial progress are to be maintained. The Committee recommended extension of the scope of university training and the creation of a completely new university, plus greater financial assistance by the Government for scientific education.

The British Committee's report estimates that by 1955 there will be available for all forms of scientific work about 64,000 trained persons, which is 16,000 short of the probable requirements. Whether or not all the recommendations of that Committee are accepted as made, continuously greater emphasis is being placed on research in the United Kingdom, with most of the stimulus coming from industry itself.

Having decided to hold our gains, it might be wise for Canada to do a bit of researching into her research equipment. The Government might well consider creating an investigation committee drawn from the various research agencies—the National Council, the universities, the Provincial organizations and private industry—to survey the combined research "plant," with the idea of improving the coordination of all the efforts and determining what, if any, fields are being neglected.

Such a committee could investigate also the relation between our output of scientists and the possible demand. It would be of little use, however, for Canada to plan an increase in the number of scientific workers for the purpose of exporting them to the United States or the United Kingdom, as has been the practice. What is more desirable is that we plan the best use of, and provide proper opportunities for, those scientists which we have and are training now.

The Missing Children

Search for children of Allied nations separated from their families during the war was intensified when two additional U.N.R.R.A. searching teams were organized in the United States zone, Germany.

Since July, 1945, 6000 such children have been located in this zone; the remainder are those who were placed in German homes and institutions during the war and must now be traced by searching teams.

After the children have been found the U.N.R.R.A. Central Tracing Bureau will attempt to locate their families.

Although the children are mostly Poles, there are also Czechoslovakian, Hungarian, Yugoslav and Ukrainian children to be found. Most of the children came to Germany between October, 1943, and January, 1945. Some were brought in as farm laborers, some to increase the German population, and some came as refugees escaping the battle lines. Most of the older children have now been identified, but the majority of the rest were too young when they came to Germany to remember their families, names, and, in some instances, even their nationality.

Several officials speaking the languages of the children are employed by U.N.R.R.A. on the two teams. Allied liaison officers determine the repatriation status of the children.

Children of doubtful nationality will probably be classified as stateless if it is proved that they are not Germans. Those who prove to be non-German are eligible for admission to one of the five children's centres at Kloster Indersdorf, Wartenberg, Struth, Woflrathaisen or Agalasterhausen. Owing to lack of records of the children's movements and the difficulty of knowing whether a child in a German family is a displaced person or not, the task of the searching parties is extremely difficult. However, the children themselves help to find others, since many of them came to Germany in large groups and often have clues to their friends' whereabouts.

The searching teams at the present consist of 10 persons working out of Regensburg, and reven out of Munich. The thousand children found by these two groups during the past two months give ample evidence of the scope of the operation, and plans are now under way for the expansion of this group to 125 persons, divided into four teams. Although the displaced children are being found all over Germany, the majority of them are in the Bavarian area, where many thousands of children were evacuated toward the close of the war.

Looking Backward

10 YEARS AGO

From Daily News, June 15, 1936

Walter Bishop, son of Mrs. Ada Bishop and the late E. W. Bishop, East Trail, has successfully passed his examinations on H.M.S. Warspsite, a training ship of the British Fleet.

Frank Putnam, M.P.P. is making an intensive study of the highways in his section, and has visited Sheep Creek, Second Relief and Yankee Girl roads, as well as those serving other old camps.

25 YEARS AGO

From Daily News, June 15, 1920

Members of the crew of the Kuskanook caught five large salmon among them over the weekend, according to Capt. L. McKinnon, who contributed two to the catch.

E. J. Boyce has left to attend the annual High Court meeting of the Canadian Order of Foresters, which is to be held at Niagara Falls June 21.

40 YEARS AGO

From Daily News, June 15, 1906

A most disastrous fire raged in Nakusp last night when the sawmill of the Yale-Columbia Lumber Company was totally destroyed. For several hours the entire waterfront was in danger of being destroyed and many families moved out to places of comparative safety until all danger was over.

Dr. W. O. Rose has purchased the lot at the corner of Cedar Street and Edgewood Avenue.

Today's Horoscope

You are quick-witted, intellectual, serious and diligent in all you do. You enjoy reading and have considerable critical ability. You have many friends and are popular with them. Your home is dear to you, and you will have a happy married life. The moon enters Capricorn at 3.38 a.m. today. You should feel released from burdens and responsibilities on this your birthday. The day however, promises little excitement.

HOROSCOPE FOR SUNDAY

Although changeable and restless, you do your task faithfully and to the best of your ability, even though it is irksome to you. You are led by your inward desires, rather than by outside influences. You are affectionate and sincere, and will not fall in love at first sight. Sometimes you are obstinate and like to have your own way. Emotional matters should be stabilized today. Do not be indiscreet, and attempt no problem-solving. Self-restraint is more advisable than strife, and you should also be prudent, as extravagance is in the air.

ABOLITION

Abolition of divorce courts is urged to end divorces. Perhaps the best way to end disease would be to shut down all the hospitals, and the best way to prevent fires would be to close fire stations.—Calgary Herald.

?? Questions ?? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions WILL NOT BE ANSWERED BY MAIL except when there is obvious necessity for privacy.

Sportswoman, Castlegar—Was Suzanne Lenglen of French or Belgian nationality?

French.

Stubborn, Willow Point—To settle an argument, who wrote the well-known Victory Fifth Symphony, Beethoven or Tchaikowsky?

Beethoven.

Inquisitive, Nelson—When is Father's Day?

Father's Day is Sunday, June 16.

Reader, Fernie—Is it true that Bing Crosby passed through Cranbrook recently? If so, why?

Bing Crosby spent a short time in Cranbrook on his way to Jasper, where, with Joan Fontaine and others from Hollywood, he is to make scenes for a film that is being made around the story of a famous Strauss waltz.

British, Nelson—Was the play Berkeley Square written by an Englishman or American? I say he was—or is—English, my friend says American.

Your friend is right. John Balderston was born in Philadelphia, son of Dr. Balderston of that city, and for several years was on the editorial staff of the Ledger. During the First Great War he was in London, on the U. S. staff at the British Ministry of Information, and when the war ended he remained in England, where Berkeley Square was written and produced in 1927. It was an immediate success, and later played for a long time in New York.

Worried Cook, Nelson—Is there any way to whip thinnish cream? I have heard that a few drops of pure glycerine help, but did not find this successful.

The best way is to add a mere pinch of baking soda and a few drops of lemon juice, then whip violently until the required consistency is obtained. This usually works, but of course there are always times in every kitchen when no suggestions are effective, especially in these days.

Verse

REMEMBER "POP"

When you're old and grey, my boy,
Will you remember Father's Day?
Remember the struggle for the toys
That Pop went through, that you might play?

Remember how he gave you life
That you'd grow up to carry on,
And take yourself a loving wife,
To find on earth where you belong.

Remember all the things he did
To correct and punish as he saw fit,
Yet always helping, when you slid
Near the brink of the evil pit.

Remember, we have but one Pop to give
The love which we so often hide,
Because we trip on selfish pride.
Perhaps too late to the cosmic scheme he'll slide.

So remember always the best of things,
That really we were happy beings
When all were home, and Pop was there,
Reclining in his easy chair.

—G. McKay

Etiquette Hints

The knife and fork should not be held in the same hand at a meal. When not being used one or both should rest entirely on your plate.

Words of Wisdom

A peace is of the nature of a conquest, for then both parties nobly are subdued, and neither party loser.—Shakespeare

Test Yourself

1. How many toes does a pig have per foot?
2. Do oysters lay eggs?
3. Who fell asleep in his teacup?

TEST ANSWERS

1. Four.
2. Yes.
3. The dormouse, in "Alice in Wonderland."

Press Comment

DESCENDING TO HITLER'S LEVEL

A vile philosophy cannot be fought with the very methods it advocates. Yet a recent order of the coordinating council of the Allied Military Government in Germany attempts to do just that, reviving in anti-Nazi guise the book-burning orders the Nazis themselves attempted to enforce 10 years ago.

The order bars all "textbooks, magazines, newspaper files and films containing Nazi 'racial' theories and other propaganda." All such material is to be "surrendered to military zone commanders for destruction." This applies only to public libraries and files at the moment, but A.M.G. officials are reported to be considering the destruction of objectionable books in private libraries, as well.

The new regulation will boomerang. It is easy to visualize fanatical little groups of Nazis gathering in dusty cellars to read "verboten"—and therefore prized—pieces of Nazi literature. It would take all the furtive joy out of the thing if there were heaps of the nasty stuff rotting in the public libraries.

Imagine dignifying the worn-out Nazi propaganda by making it illegal. Imagine turning Hitler's "Mein Kampf"—which has never been banned in this country—into a rare and valuable collector's item. The A.M.G. officials have made a serious error—one which has been condemned, and rightly condemned, by leading newspapers of the English-speaking world. The ruling should be rescinded.—Calgary Herald.

Many Factors Balk Coal Self-Sufficiency

By GEORGE KITCHEN
Canadian Press Staff Writer

OTTAWA, June 13 (CP)—Reconstruction Minister Howe today told the Commons it would not be practical from a short-range viewpoint for Canada to become self-sufficient in coal.

The longer-range policy, the Minister added, at present was under review by the Royal Commission which looked into Canada's coal industry last year.

Mr. Howe made the statement in response to requests by Opposition members that the government formulate a national coal policy which would make the Dominion independent of outside supplies.

The discussion arose after T. L. Church (PC-Toronto Broadview) moved that the House adjourn its regular business to discuss the situation arising as the result of what he said was a United States embargo on the carrying of coal by Great Lakes vessels.

Mr. Church later withdrew his motion, saying it had served its purpose.

$25 MILLION IN SUBSIDIES

Mr. Howe said Canada had had a national fuel policy since 1923 and from that year to 1944 had paid out approximately $25,000,000 in subsidies for movement of coal from Nova Scotia to Quebec and Ontario. Another $10,000,000 had been paid for assistance of movement of coal from Alberta and Eastern British Columbia.

He said: "I would point out that it is not practical from a short range viewpoint for Canada to become self sufficient as regards coal. The present estimated consumption of coal in Ontario and Quebec, practically all from the United States, is around 25,000,000 tons per year.

"Based upon our experience after the last war ended, considering the immense back-log of orders and requirements in this area will remain over 20,000,000 tons for some years.

"With a prospective heavy grain movement from Western Canada for some years, the present railway facilities will be pressed to the limit to move East 1,000,000 tons of coal and this requirement plus the extra coal needed by the railways in the West will take up practically all available output.

Streptomycin Soon Available

By GEORGE RONALD
Canadian Press Staff Writer

BANFF, Alta., June 13 (CP)—The Canadian Medical Association today completed the fourth day of its week-long 77th annual meeting and almost 1000 doctors took time out from a busy round of conferences and discussions to spend the afternoon enjoying the many tourist attractions of this famous mountain resort.

Dr. James A. Dauphinee of Toronto spoke briefly on streptomycin, a new discovery which attacks certain harmful bacteria not affected by pencillin and which will soon be available for general use. Dr. Dauphinee warned that some bacteria developed resistance to streptomycin more rapidly than to penicillin. The newer agent had already proved helpful in cases of pneumonia, meningitis and some forms of tuberculosis, among other diseases.

Dr. Roy Mustard of Vancouver, speaking at a round-table conference, said wartime lessons in care of ear injuries caused by violent explosions had a practicable application in peacetime. Men working where loud noises were unavoidable could be equipped with protective devices and at any sign of incipient deafness could be moved to other employment. Before the war many might have been allowed to continue at one phase of work until partially or completely deaf.

INFECTED SINUSES NOT ABSCESSES

Dr. Arthur W. Protez of St. Louis, Mo., said doctors should beware of treating nose disorders which interfere with the normal function of nose tissues. Investigation showed surgery which did not restore normal function was unsatisfactory. Infected sinuses should not be regarded as abscesses.

The Canadian Orthopedic Association at its second annual meeting, voted to apply to the government for incorporation and to seek to enlist in its membership all competent orthopedic surgeons in the Dominion.

It decided also to retain the existing organizing committee which includes President, Dr. J. A. Nutter, Montreal; First Vice-President, Dr. J. E. Sanson, Montreal; Second Vice-President, Dr. R. I. Harris, Toronto; Secretary-Treasurer, Dr. J. A. Leo Walker, Montreal.

The following regional members were also appointed: Dr. J. R. Nadeu, Vancouver; Dr. R. G. Huckell, Edmonton; Dr. H. J. Spooner, Regina; Dr. G. H. Ryan, Winnipeg, and Dr. T. B. Acker, Halifax.

TANNER HINTS HE'LL BIDE HIS TIME WHILE STRENGTH GROWS

BOURNEMOUTH, England, June 13 (CP Cable)—Gray-haired Jack Tanner, 57-year-old leader of the Amalgamated Engineering Union who argued with Lenin in 1920 and with the Labor Party convention Wednesday, said today he did not know what would be his next step in an effort to achieve affiliation of the British Communist Party with the Labor Party.

His resolution seeking this was defeated overwhelmingly.

Perhaps a clue to Mr. Tanner's next step is his reflective comment that the voting strength of his union in the Labor convention in a few years perhaps will be 500,000. This strength, plus the support of others favoring affiliation, might be enough to reopen the question.

The government of Afghanistan has made a free gift of 100 kharwars (about 500 tons) of wheat to India as a token of sympathy with her present food difficulties and of gratitude for Indian help in past years.

Très Chic, Mr. Cholmondeley, but...

(A SIMPLE TALE TO SHOW HOW BANK CREDIT WORKS)

Mr. C. has dreamed up this creation for the fall trade. He's counting on its being a sensational success. And it will be . . . but later.

In the meantime he's short of cash.

He's used up most of his working capital to buy materials. He needs money to keep his factory going, to pay his workmen, to meet other bills.

So he borrows from the Royal Bank and doesn't lose a day. And when his customers pay him, Cholmondeley pays off the bank.

It's as simple as that—a typical everyday transaction between this bank and one of its business customers.

WOULD A BANK LOAN HELP YOUR BUSINESS?

We are always looking for opportunities to lend money for productive purposes to enterprising large and small.

If bank credit would further the profitable operation of your business, have a talk with your Royal Bank Manager. He'd like to discuss it.

WORKING CAPITAL TO KEEP PEOPLE WORKING

THE ROYAL BANK OF CANADA

An Opportunity for Employers!

NOW is the time when an employer may secure the best type of young person to train on the job, to become one of his regular employees.

CANADIAN VOCATIONAL TRAINING — a joint program of the Dominion and Provincial Governments — arranges and supervises the placement of veterans, either men or women, for training on the job.

THE EMPLOYER pays the trainee what he earns during training, and where necessary the Dominion Government will add to this amount so that the veteran may have a living income while training.

THE DEPARTMENT OF VETERANS' AFFAIRS gives approval for training veterans on the job in any occupation which is suitable, and where the veteran will master a definite occupation, looking to his future employment.

IF YOU, as an employer, have any training vacancies in which veterans may be placed, contact the nearest representative of ***CANADIAN VOCATIONAL TRAINING.***

OR get in touch with the nearest office of the ***NATIONAL EMPLOYMENT SERVICE.***

This is a real opportunity for employers to secure trained, efficient personnel, while aiding rehabilitation.

fries Likes Bomber

RBANK, Calif., June 14 (AP) mer heavyweight champion J. Jeffries today picked on Joe Louis to beat Billy next Wednesday night in itle fight.

ways like a powerful hitter clever boxer," said Jeffries. I think Joe will stop Billy uch less time than the 13 it took him in their last

RE THEY BITING"

PTON LAKES, N.J., June 14 Joe Louis, training for his with Billy Conn Wednesnoozed placidly through a ay today, rousing to eat no fire if the fish were biting.

TO BOX ALL THE WAY

NWOOD LAKE, N.J., June P)—Some of the fellows were the way Bill Conn has been ing, and throwing haymakers it looked as though he were figuring on going out there and flattening Joe Louis Wednesday night. Billy just grinned about it.

"Now wouldn't that be smart?" he asked. "The last time, I had Joe beat for 12 rounds just on boxing, then I went out and slugged with him in the 13th and he put the lights out for me.

"Does it figure I'll be making the same mistake again? Nope—"

But at the moment, sweet William doesn't see how he can miss.

"I'm going to box him all the way," he outlined his strategy. "I'll box his ears off—and I'll be the champ."

That does not mean that Conn won't be willing to move right in on Joe and punch. He did that the last time without losing any limbs.

There is no doubt "junior" is a stiffer swatter now than he was five years ago. The eight to 10 pounds he's put on since then all have been added around the neck and shoulders, giving him more power.

The Greeks were the first to give each ship its own name—usually that of a woman.

XICANS REEL OFF FIVE STRAIGHT AINST CANADA'S NET STARS

By ROBERT CLARKE
nadian Press Staff Writer

NTREAL, June 14 (CP) — o pushed Canada to the Davis idelines today as the Vega rs, Armando and Rolano, dis- superb teamwork to defeat Watt and Brendan Macken ubles play 6-3, 6-4, 6-3. The also swept yesterday's openingles matches without the a set.

Mexicans now will meet the r of the United States' Philipround at Orange, N.J., startne 28.

e the Mexicans have clinched ries against Canada it's ex- that both teams will make changes for the final two matches tomorrow. Canada s to play Don McDiarmid t Armando Vega while Mexlikely to use Pancho Guerrero t Henri Rochon.

Mexicans appeared in diffiat only one stage of the today. The Canadians work- a 3-1 lead in the first set the Vegas caught the range. reeled off five straight games then, breaking through Canada's service on two occasions.

As part of today's program, McDiarmid engaged Guerrero in an exhibition match which the Mexican won 4-6, 6-3, 6-2.

YANKS TAKE LEAD

ST. LOUIS, June 14 (AP) — Frankie Parker, the mechanical tennis wizard from Los Angeles, put the United States out in front in its American Zone Davis Cup match with the Philippines today by defeating the top-ranking Filipino, Felicisimo Ampon 6-0, 6-0, and 6-0.

Billy Talbert of Cincinnati made it 2-0 for the United States by defeating Amado Sanchez, No. 2 Filipino, 6-1, 6-3 and 6-0 in the second singles duel.

SWEDES REACH FINALS

STOCKHOLM, June 14 (AP) — Torsten Johansson and Lennart Bergelin, Sweden's Davis Cup Tenis team, reached the final round of the European Zone eliminations today as they beat J. Peten and Philippe Washer of Belgium in singles for a 4-1 decision.

Johansson clinched the Swedish triumph when he beat Peten in the day's opening match, 6-3, 6-3, 6-0. That gave his team a 3-1 edge and assured it of the right to meet Yugoslavia in the Zone finals. Bergelin then turned back Washer 7-5 3-6, 6-3, 9-7.

Canuck Runners to Race Record-Seeking Assault Today

NEW YORK, June 14 (CP) — Windfields shoots at the moon tomorrow—and $2 will get you plenty if he finds the range.

The chunky son of Bunty Lawless, whose promise of racing greatness was blighted by leg trouble in his juvenile days steps out of allowance events for a shot at Mighty Assault, triple crown winner and outstanding horse-of-the-year candidate.

The last time Windfields met Assault—in the Wood Memorial last April—the Canadian-bred finished last, practically out of sight as Assault opened his string of three-year-olds triumphs which include the Kentucky Derby, Preaknes, Belmont Stakes and Experimental Handicap.

Even though Windfields has taken his last three races here for Toronto owner E. P. Taylor, the dark brown colt still will be a write-your-own-ticket outsider against Robert Kleberg's Assault and five other starters in Saturday's $50 000-added Dwyer stakes at Aqueduct Park.

Meanwhile Assault, assigned top weight of 126 pounds, will take dead aim on an all-time money-winning record for three-year-olds. With $299,000 already won, Bold Venture's Boy is only $9,000 back of Gallant Fox. Second place in the Dwyer, worth $10,000, would close the gap.

F.A.C.'s Smother Stampeders 17-3

Fairview Athletic Club's smooth working baseball team showed too much power at the plate and too tight an infield for the Stampeders in the second Commercial League baseball game at the Civic grounds Thursday evening, as they smothered Richardson's squad 17-3.

The F.A.C.'s veteran, Andy Anderson, took over the mound duties, and his slow ball proved too much for the Stamps. He allowed but six hits, walked seven batters and struck out seven. Anderson's infield backed him up pulling off two neat double plays by the Fred Koehle to Clark to Pitts combination. The Stampeders held the F.A.C.'s in check up to the fifth with a two-all tie, but after that the final winners began driving in runs without let-up.

Spence Tatchell started the game for the Stamps, but he lacked the form he showed Tuesday when he defeated the Pirates 3-1, and he was relieved by John Harry, at the start of the fourth. Tatchell allowed one hit, walked four batters and struck out two. Harry struck out four batters, walked one, but yielded 13 hits.

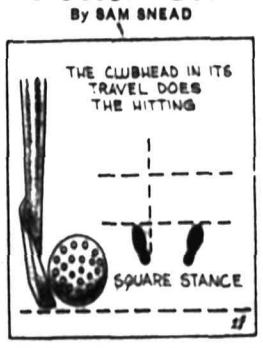
The only big hits of the game were by Tatchell, who drove two triples and a double for the Stamps. Anderson drove out a double for winners' only big one. Hallbauer, McNabb and Anderson paced the F.A.C.'s with three runs each, Todd and Herb Pitts scored two each, with Cathcart, Bob Koehle, Walt Malahoff and Clark one each. Nash, Collinson and Harry scored for the Stamps.

Batteries were: F.O.C., Anderson and Bob Koehle and Cathcart; Stamps, Tatchell, Harry and Nash.

Umpires, Slim Porter, Bob MacDonald and S. Deschamps; Scorer, Scotty Mitchell.

Better Golf

By SAM SNEAD



The "sweet" spot on the face of a golf club is the center lower part of the blade. We see it pictured here. Notice the loft of this club. It is a No. 4 or No. 5 loft. The loft of the club determines the flight the ball will take. The longer shafts are used with the straighter-faced clubs because you use a fuller swing and the fuller swing with a longer shaft and the straight-faced club, which means low flight ball, gives you the maximum distance. Some good golf teachers insist that you swing all clubs with the same amount of power. They say that you swing a No. 2 iron no harder than you'd swing a No. 7 and they believe that this is the route to rhythm. I think that's pretty sound advice. The reason that though you swing No. 7 with the same amount of power that you swing a No. 2 iron you get less distance with a No. 7 is because the backswing is shorter and the club face more lofted. You will do well if you think of swinging your club in this way.

(Editor's Note: Send for the printed diagram showing the approximate relation of feet to ball for all normal wood and iron shots. Just enclose a 3 cent stamped, self-addressed envelope for reply.)

When you step up to swing a golf club your problem is to keep your mind wandering away from that ball. If you let your mind drift to your playmates, to the dime you've got bet on this hole, to anything except concentration on that ball, you are not going to make a perfect swing. If you imagine your eyes are rivetted to the ball by a steel band, as pictured, it will help you enormously in making a technically sound swing. And you'll be far more likely to lay that clubface squarely on the ball. At the finish of your follow through your hands should bisect the distance between your left shoulder and your ear exactly as in the backswing your hands bisected the distance between your right shoulder and your ear. If you think of it that way it helps you to start and finish your swing properly. And if you start right and finish right what happens in between these two points is apt to be very good golf. Nothing in this life pays such big dividends as concentration. You know that from your job. When the mind wanders in golf or at your job you're doing poorer work than you're capable of. Once you assume the address position, concentrate on that ball.

EDINBURGH, (CP)—The annual synod of the Methodist Church in Scotland aproved by 72 votes to 25 admission of women to the Methodist ministry, but they must resign on marraige.

First 20 Pound Fish Caught by Spokane Angler

A 20 pound 12 ounce trout, caught by R. Reichert of Spokane now occupies top place in the Kootenay Trout Derby, breaking the lead which Russell Rogers, also of Spokane has held since May 24 with his 18 pound 15 ounce fish.

Latest entries were:

R. B. Reichert, Spokane, 20 pounds 12 ounces on Plug at Procter Lighthouse June 8, weighed in by O. Thomas, Balfour.

J. Bringsli, Nelson, 17 pounds 8 ounces on Spring-King No. 7 at the Outlet, June 9, weighed in by O. Thomas, Balfour.

J. C. Clarke, Kaslo, 15 pounds, 1 ounce on FST No. 4 opposite splt at Kaslo, May 29, weighed in by G. Armstrong, Kaslo.

A. Hill, Blewett, 14 pounds, 8 ounces, on FST No. 5 at Powder Bay June 7, weighed in by G. Armstrong.

G. Bowker, Kaslo, 14 pounds 5 ounces, on FST No. 4 at Kaslo, June 9, weighed in by B. Albrecht, Kaslo.

G. Trites, Nelson, 14 pounds, 4 ounces, on Gibbs No. 5 at Kaslo Bay, June 9, weighed in by G. Armstrong, Kaslo.

Mrs. L. Bicknell, Nelson, 13 pounds 14 ounces on Home-made lure at Coffee Creek, June 10, weighed in by O. Thomas, Balfour.

F. Landrews, Coeur d"Alene, 12 pounds, 7 ounces on Roy Self at Kaslo, June 3, weighed in by B. Albrecht, Kaslo.

D. Glaholm, Kaslo, 12 pounds 4 ounces on Gibbs Stewart No. 4 off Deer Creek, June 2, weighed in by G. Armstrong, Kaslo.

H. Bent, Los Angeles, 12 pounds 1 ounce on FST No. 3 at Kaslo Bay, June 9, weighed in by G. Armstrong, Kaslo.

F. Landrews, Coeur d'Alene, 11 pounds, 7 ounces on FST No. 4 at Kaslo, June 2, weighed in by B. Albrecht, Kaslo.

Senator E. Huntley, Colfax, Wash. 10 pounds 3 ounces on FST No. 4, weighed in by B. Albrecht, Kaslo.

Trail Centre To Meet F.A.C.

Second game in the West Kootenay Junior Baseball League gets under way at Nelson this Sunday with the Trail Centre team providing the opposition to the Fairview Athletic Club's Junior team.

Last Sunday several hundred fans watched the smooth fielding F.A.C. team nose out the Trail Colombos 6-5 in a top-notch game of ball that had everything in it including a homer. Since last Sunday's win the Fairview squad has defeated the Castlegar Intermediates at Castlegar on Wednesday and the Stampeders in the local Commerk League on Thursday evening.

The class of ball dished up by the Trail, Nelson and Rossland Juniors is practically of senior calibre and fans get their money's worth.

Just what the Trail Centre lineup will be is not known but they possess two Southpaw hurlers who are highly rated. The Nelson lineup will be is not known but they possess Ron Cathcart, Bill Postlethwaite, Herb Pitts, Fred Koehle, Stan Fisher, Alec Clark, Bob McNabb, Jim Todd, Walt Malahoff, Bob Hallbauer, John Irving, Bob Pitts and Charlie Christenson.

The game is slated for 1.45 p.m. to make room for two softball games which are slated to follow immediately after the finish of the baseball game.

Sportsman's Clearing House Backed by Greenwood Club

J. J. McEwen, President of the Kootenay Rod and Gun Clubs Association, has received a donation of $5 for the Sportsman's Clearing House from the Greenwood and District Rod and Gun Club. The Club said in a letter that it was felt the Clearing House was going to prove of real value and they hoped through an expected rise in membership, to be able to increase their donation.

Honorary President of their club is G. S. Walters. President, C. G. McMynn; Vice-President Howard Smith; Secretary, G. S. Walters, and Assistant Secretary Gordon Rowell. The Executive consists of G. S. Boug, Clyde Sherdahl, J. Ackland, Wes Wheeler, G. P. Harpur and F. Maletta.

Bounty of $5 on coyotes and $2 on gosshawks is being sought by the Club.

Page, Wagner and Osmond Classes Win Shields MacLean Sports

ROSSLAND, B.C., June 14—The annual Sports Day for the pupils of MacLean School was held Wednesday afternoon on the school grounds. Immediately after school was called in the afternoon the pupils marched around the grounds and were called to attention and sang "O Canada," after which the races were run. Members of the Rossland Parent Teacher Association sold light refreshments during the sports.

Those in charge were: Sports Day Committee—Mrs. R. Munn, Miss A. Storgard, Mr. J. Page; Starter, E. E. Perkins; heats, Miss K. Trainor; Judge, Mr. Johnson; high jump, Miss Osmond and Mrs. F. Graham; broad jump, Miss Armstrong and Miss Varty; Scorers, Mrs. H. Davidson and Miss H. Wagner; Grade 1 officials, Miss Redmond and Miss Henderson.

Mrs. James Stevens pinned the ribbons on the winners. J. Page had charge of the broadcasting.

Following were the results:

Redmen, Leafs Clash Here Tonight

Rossland Redmen will be over tonight to hammer it out with the Nelson Maple Leafs in the Civic Centre arena. The Leafs are still missing the weight of Joe Gallicano, who is in Vancouver's Shaughnessy Military Hospital, having an infected eye treated.

Rumour has it that Joe will pick up a couple of players on the Coast to bolster the flagging Leafs.

Lineups for tonight's West Kootenay Boxla League game will be:

Rossland—Al Laface, Page, Ray Scott, Joe Laface, Cox, Jim Scott, Jack Laface, Archie Scott, Ken McGuire, Anderson, Babe Laface, McDonald, Pie Laface, Davie.

Nelson—Griffin, Lapointe, Moore, Townsend, Bill Wassick, Jack Gallicano, Mayo, A. Choquette, Price, Art Hill, Leo Choquette, B. Thompson, A. Ball, Cooper.

TO WIND UP SEMIS SATURDAY

Cardinals and the Cubs will meet Saturday morning in their final game of their semi-final series of best of three games. The Cubs took the first game and the Cards tied it up by winning the second game. The winners of this series will open the final playoff series in the afternoon meeting the Yanks who last Thursday eliminated the Dodger bants two straight in their semi-final series. The final series will be a best of five games. Also scheduled for Saturday afternoon will be a Peewee game between the Tigers and the Athletic.

Money Men Take Over in Open

CLEVELAND, June 14 (AP) — Golf's veteran gold brigade took charge of the 46th United States open championship today as Ben Hogan and Vic Ghezzi fired subpar rounds to lead the field at the halfway stage of the 72-hole test and fellow veterans were close behind.

It seemed as if it would call for a collossal collapse of form by eight tournament veterans separated by four strokes for one of them not to win the first post-war championship in the gruelling 36-hole finale tomorrow when the winner will receive first prize money of $1500 and then be exposed to an additional $25,000 to $50,000 through exhibitions and endorsements.

Hogan blazed around the Canterbury Golf Club's 6926-yard, par 72 course in 68, tacking the score to his first round of 72 for a total of 140, four under par. Ghezzi, out in 33, three under par, missed a three-foot putt for a par four on the 18th and came up with a 69 for his total of 140.

Hogan and Ghezzi were one stroke in front of husky Lawson Little who shot a 69 for an aggregate of 141.

Two strokes off the pace were Byron Nelson, and Ed (Porky) Oliver. Both duplicated their opening round 71s, for totals of 142.

Yankees Oust Dodger Bantams

Yanks moved into the finals of the local Bantam baseball playoffs Thursday afternoon when they defeated the Dodgers 10-7. The Dodgers failed to show the aggressiveness of former games, lacking both fielding and hitting power.

The Yanks took a four run lead in the first, and were never headed, as they added two more in the second, one in the fourth, and three in the fifth. The Dodgers scored one run in the first, four in the fourth, one in the fifth and one in the sixth.

Jimmy Todd went the route for the winning Yanks, and gave up only five scattered hits, walked five batters, and struck out nine. Johnny Bachynski chucked steady ball on the Dodger mound, striking out 10 batters, giving four passes to first, and yielding eight hits, Bachynski also hit the only big hit of the game, a triple, in the fifth inning. Todd led the winners with three runs, Pickering and Rod Carmichael got two each, Hood, Young and MacLean one each. Scott paced the losers with two runs, Zaitsoff, Bachynski, Leschuk, Hyssop and Kennedy getting one run each.

Batteries, Yanks, Todd and Cooper; Dodgers, Bachynski and Christenson.

Umpires, Slim Porter and Ron Brown; Scorer, Scotty Mitchell.

District Golfers Tee Off In Kootenay Championship Here Today

Play will start in the Kootenay Amateur Golf Championship at the Nelson Golf and Country Club on Saturday at 9 a.m. With entries in from Trail, Rossland, Kaslo, Slocan, New Denver and Nelson, qualifying started on Friday afternoon. Several Nelson players qualified in order to clear the course for the Saturday morning play.

It had been planned originally to have a 36 hole final for the championship flight on Monday, but on Friday J. B. Stark, President and L. M. McBride, Secretary, announced that by playing three rounds on Sunday it would be possible to clean up the finals that night.

Late entries will be accepted up until 10:00 a.m. today.

Last year's champion Roy Stone will be on hand to defend his title as will Harry Donaldson, another former winner.

The visitors are to be entertained at a dance at the clubhouse Saturday night.

Draws for this morning's qualifying rounds follow:

9:00 a.m.—Jordon MacKay, Nelson, Bert Clark, Kaslo, S. Tatchell, Nelson.

9:10 a.m.—W. Kapak, Nelson, W. Penman, Nelson; A. B. Clark, Trail;

9:20 a.m.—Frank Broughton, New Denver; Robert Main, Nelson; G. K. Sutherland, Kaslo.

9:30 a.m.—Bill Vickers, Nelson; G. W. Wheatley ,Trail; C. R. Fahrni, Kaslo;

9:40 a.m.—A. H. Allan, Nelson; Roy Stone, Trail; C. Sutherland, Kaslo;

9:50 a.m.—John Fargher, Nelson; Art Donaldson, Trail; Bill Anderson, Nelson;

10:00 a.m.—Bill Dobbs, Trail; F. D. Rodway, Nelson; John Tier, New Denver;

10:10—Harry Donaldson, Trail; L. M. McBride, Nelson; Neil Tattrie, New Denver;

10:30 am.—Elgin Hill, Trail; Jim Green, New Denver; James Wright, Rossland;

10:40 a.m.—H. A. Doak, Nelson; Ted Clark, New Denver.

RENEW WEATHER-WORN ROOFS
Plasti-Seal

Here's new life for your old roof!—a protective weatherproof coating of PLASTI-SEAL! Simple to apply, and prepared for immediate use, PLASTI-SEAL is brushed on cold just as it comes out of the container. One easy application and every leak or crack in your roof is sealed weather-tight. PLASTI-SEAL resists Summer sun and withstands the coldest spells of Winter. For low-cost roof protection use PLASTI-SEAL, it makes weather-worn roofs like new.

TODAY'S News Pictures

TO GET SCREEN TEST: Beloved the first war bride of World War II to be given a screen test, Joyce Aldrich, 20-year-old English girl, is pictured following her arrival from San Francisco. She is the wife of Roy Schultz, of Oakland, Calif. The young lady, a redhead, will be given her opportunity by 20th Century-Fox studios.

The Duke of Rutland, whose engagement was announced recently, is shown with his fiancee, Miss Anne Cumming-Bell, in the grounds of the Duke's Belvoir Castle estate in Leicestershire, England. The Duke is 26 years old. He served with the famed Grenadier Guards during the war and was wounded in the drive on Germany. Miss Cumming-Bell also served in the British forces during the war. No date for their wedding has yet been announced.

OUTDOORS FAN: When lovely Kathryn Grayson is not busy at the studio with her picture assignments, she spends much of her time outdoors at her Bel Aire (Cal.) home.

During a meeting with her first husband, Lieut. James H. Cales, at Oakland, Calif., Mrs. Laurie Cales loosens their son's foot which had become entangled in his blanket. When Cales was reported killed in action, his wife wed Lieut. E. P. Bernstein. The latter obtained an annulment after it was disclosed that Cales was a prisoner of the Japs. Now that he has returned to the U. S., Cales is wooing his wife again, who can't choose between the two men she married.

FOR SALE—VERY FINE NEW house. S. P. Pond, Nelson.

FOR SALE — 7 ROOM HOUSE. Apply 924 Ward Street.

SIX ROOM HOUSE. APPLY 105 Morgan Street.

Market Trends

NEW YORK — Selected steels, rubbers and special issues attracted further buyers, while associated rails and recent industrial sprinters were intimidated by light profit-cashing.

LONDON — Despite several spasms where prices tended to ease both the day and the week saw the stock market closing firm.

TORONTO — Trading action in cheaper gold issues picked up smartly and there was sufficient strength in higher-priced golds to give the group a higher close. Base metal and industrial stocks closed up on lighter volume.

MONTREAL — Trends generally were mixed, with some leaders showing a little strength.

Calgary Livestock

CALGARY, June 14 (CP)—Cattle market steady for quality offered. Good cleanup for week.

Thursday's receipts — 568 cattle, 68 calves, 516 hogs, 25 sheep. This morning's receipts—125 cattle, pu hogs.

Hogs sold Thursday at $19 for As. Sows $14.

Good to choice butcher steers $13 to $14. Good to choice fed calves $12.50 to $13.50.

Good cows $9.50 to $10. Good bulls $10 to $10.50.

Good to choice veal calves $12 to $13. Good stocker and feeder steers $10 to $10.50.

Slayer of Crippled White Man Dead

MONTGOMERY, Ala., June 14, (AP)—L. J. Mincey, 30, negro slayer of a crippled white man, staved off electrocution for more than an hour early today by barricading himself in a death cell.

Denied an 11th-hour bid for clemency by Gov. Chauncey Sparks, Mincey looped bed-sheets around the lock of his cell so prison officials were unable to unlatch a bolt that would have opened the door.

An hour after he was scheduled to die, Mincey acceded to the pleas of patrolmen and walked from the cell to be strapped into the chair. He was pronounced dead at 1:07 a. m.

Kimberley High School Students Have Fashion Show

KIMBERLEY, B. C., June 14—Students of the Home Economics Department of the Kimberley High School modelled one hundred cotton and rayon dresses during a fashion show held in the flower bedecked auditorium yesterday afternoon.

The dresses made up in various styles and colors chosen by the pupils featured three piece short suits, afternoon dresses and school dresses and were the work of students under the supervision of Mrs. Carlisle, Home Economics teacher. Chairman of the show for the afternoon was Miss Melba Morrison, commentator Miss Lou Peterson.

Tea was served by students of grade seven with Miss Hendrickson in charge. The musical program arranged by Miss R. Soderholm, included "Early One Morning" by Grade Seven B, "Old Fashioned Garden", Grade Eight B. Vocal solo "Bells of St. Marys", Doreen Lundstrom and vocal duet "Beautiful Dreamer" by Helen Kindred and Roberta Murray, the affair included a display of the work of the Junior Red Cross members, a sale of children's cotton dresses, aprons and home cooking. Proceeds were earmarked for the "Save the Starving Children of Europe Fund".

Loved His Wife But Also A Chinese Girl

LOS ANGELES, June 14 (AP)—Leonard Clyde Slaton, UNRRA Administrator in China, loved his wife but also loved a Chinese girl he called "the most fabulous character I have ever met," Mrs. Dorothy Day Slaton, movie publicist testified yesterday in obtaining a divorce.

CONDEMN PROPOSAL OF VETS TO RUN SLATE OF EX-SERVICE PERSONNEL

VANCOUVER, June 14 (CP)—Proposals of veterans to run a slate of ex-service personnel in civic and other elections have been unanimously condemned by the University of British Columbia Command of the Canadian Legion.

The condemnatory motion held that the practice would be hazardous to goodwill and "not representative of the intention of all veterans."

DAVID FLEMING WILL LIVE

BELFAST, June 14 (Reuters)—Doctors said today 27-year-old David Fleming, who ended his record 77-day hunger strike last Saturday, will live. He is being fed on brandy, milk, and glucose. Fleming is serving a 12-year term for treason and felony and his hunger strike was a protest against not being treated as a political prisoner.

NO VETERANS LAND ACT AID FOR COOPERATIVES

OTTAWA, June 14, (CP)—The Veterans' Committee of the Commons received today a sub-committee's report rejecting extension of the Veterans' Land Act to cover co-operative farming efforts.

Urges Strong Organization For Farmers

MONKTON, Ont., June 14 (CP)—Agriculture Minister Kennedy today urged farmers to maintain "one strong, united organization of farmers, able to speak with a single voice for all the farmers . . . one strong, overall organization speaking for agriculture, if you hope to be able to persuade governments to accept your ideas and grant your requests."

Speaking at a Perth County Federation of Agriculture gathering, Col. Kennedy said much progress had been made in checking Bang's disease. In the last year, under the *supervision of the Ontario* Veterinary College, more than 48,000 individual cattle were tested, more than 7700 dairy herds were tested for export to the United States and 4226 herds came under the supervised calfhood vaccination plan.

"We are aiming at wiping out this disease which is causing so much loss and is in some respects affecting our sales of cattle in the United States," he added.

Honest Volunteer Searchers Turn In Lost Money

LIBERTYVILLE, Ill., June 14. (AP)—About $44,010 in crisp, new bills were scattered along a railroad right of way today when a mail sack was sliced open by *wheels of a train*, but two hours later all but about $275 had been turned in by some volunteer searchers.

Police who supervised gathering of the bills of $1 to $100, said "we never had a bit of trouble."

Percy Snow who had been cutting weeds nearby, grabbed a rake and used it to pile up the windswept bills like leaves.

His wife, who had been hanging up wash, dumped her clothes and collected a basketful of money. Then she took two pillow cases off the line and filled them.

The money had been consigned to a bank and the sack was dropped from the moving train and rolled under its wheels near this Chicago suburb.

Deaths

BEXHILL, Sussex, England, June 14 (CP)—John L. Baird, 58, known in England as the "father of television."

BALTIMORE, June 14 (AP)—Edward Boeteler Passano, 73, President of the Waverly Press, Inc., and of the Williams and Wilkins Company, internationally-known publishers of Medical Books and Periodicals.

RUMSON, N. J.— Maj. Edward Bowes, famed figure in the entertainment world for many years. He would have been 72 years old today.

MULBERRY HARBOR, WHICH SAVED COUNTLESS LIVES UP FOR SALE

LONDON, June 14 (Reuters)—Mulberry harbor, the artificial port which saved countless lives and endless delays by providing anchorage for ships off the coast during *the Normandy invasion, is being* broken up for sale, the British Government revealed last night.

Arthur Woodburn, Parliamentary Secretary to the Supply Ministry, announced the Netherlands had bought some of the port's huge concrete casings and will use them to repair war-damaged dykes. Pierhead sections have been sold to Iceland and South American engineers are interested in other parts of the structure which they think might be used for harbors in Venezuela.

Mr. Woodburn, in charge of disposal of surplus war stocks, so far has collected £90,000,000 ($400,000,000) from sales of stores ranging from watches and electric light bulbs to bombers and locomotives. The sales, at bargain prices, have mainly been to the British public, Allied countries and the United Nations Relief and Rehabilitation Administration.

Still awaiting buyers are 600 cranes, nearly 4000 locomotives and freighters, and 59,100 tons of bridging and trackway.

On the home market 60,000 vehicles, the majority of them trucks but including 14,000 motorcycles and a number of cars, have been sold in six months. A total of 174,000 pocket watches, almost unobtainable during the war, has been sold and now 30,000 wrist watches will be put on sale.

Expert Disappointed When Judge Yields on Subpoena Issue

By JACK BRAYLEY
Canadian Press Staff Writer

OTTAWA, June 15 (CP)— Possibility of a new and important Canadian Parliamentary precedent *being established was dispelled this* week when Montreal a trial judge bowed to the power of Parliament.

It started when defence counsel for Fred Rose, member of the Commons for Montreal-Cartier on trial for conspiracy sought representatives of all parties as character *witnesses.*

After it was found unsatisfactory to recruit the witnesses by the voluntary method, defence successfully sought subpoenas for a half dozen members and Dr. Arthur Beauchesne, who, as clerk of the Commons, is the foremost authority *on the rights and privileges of* Parliament.

COULD HAVE GOT HEAVE-HO

Dr. Beauchesne and several members are said to have exercized their right and refused to accept the subpoenas. As a matter of fact, the authoritative clerk is said to have counselled that the subpoena server was not even within his rights in entering the Parliament buildings and could have been thrown out by the sergeant-at-arms.

In refusing to accept his subpoena, Dr. Beauchesne is said to have written the Montreal trial *judge giving his reasons.* He later learned Mr. Justice Wilfrid Lazure would not press the point.

Dr. Beauchesne was disappointed, for while he had hundreds of British Parliamentary precedents to point to, the veteran rule expert was anxious to get a Canadian precedent on the books. And it is generally conceded that any test of Parliament's power in this respect would have resulted in a victory for the senior law makers.

Suffrage: A woman may be entitled to change her mind, but not under Canadian immigration laws, A. L. Jolliffe, Director of Immigration has said.

Appearing before the Commons External Affairs Committee, Mr. Jolliffe said the financee of a resident in Canada was entitled to come to Canada under the immigration law. If she came to Canada and then changed her mind about marrying she would be subject to deportation proceedings.

Coming Big Four Showdown Must Rank Most Important of All Meets

By DEWITT MACKENZIE

The world has seen many momentous international conferences during past decade of crises, but the forthcoming show-down in Paris among the Big Four must rank among the most important, for upon its success or failure hinge relations between Russia and the Western Allies.

Again the Foreign Ministers of Britain, the United States, Russia and France will meet to try to break the deadlock over the European peace treaties. The outcome will, in major degree, lie among the big three—Russia on the one hand and on the other Britain and the United States—for France has been playing the part of balance among the rest.

BYRNES ARRIVES

State Secretary Byrnes of the United States arrived in Paris this morning on President Truman's private plane "The Sacred Cow," accompanied by Senators Tom Connally and Arthur H. Vandenberg as advisers.

Sen. Connally, who is Chairman of the Senate Foreign Relations Committee, indicated the position of the United States in a statement in which he declared no veto by one Foreign Minister must be allowed to "upset the whole peace program."

He added unless the Paris conference achieves "a quick and definite agreement" it should adjourn and call a peace conference of the 21 powers interested in these treaties.

In Britain only the day before British Foreign Secretary Bevin had announce that if negotiations bogged down he would sign separate peace treaties with the defeated European powers. Previously he had characterized the Paris conference as "one last attempt" to gain Russian cooperation for peace.

PEACE CANNOT WAIT

Thus we find Britain and the United States agreed that peace cannot wait on the differences among the Big Four Foreign Ministers. As Mr. Bevin bluntly put it: "I don't know what steps we may take to get these treaties, but I say no one nation is going to keep me in a state of war forever with other countries."

All this is tantamount to saying that Washington and London are calling on Moscow to make concessions. The Western Allies maintain that thus far virtually all the concessions have come from them. Russia, being bent on her "security" program of realignment of her zones of influence, has maintained the *position of taker rather than giver.*

U. S. Ready to Train Million-Man Chinese Army if Congress Okays

By JOHN M. HIGHTOWER

WASHINGTON, June 14 (AP)—The United States is ready to help train a Chinese Army of possibly 1,000,000 men, provided Congress gives its okay.

The training would include both Central Government and Communist troops, in a ratio of five to one.

The exact number of men still is uncertain, but Gen. Marshall, special United States Envoy to China, has approved a program developed by the State, War and Navy Departments calling for an "effective small army" of 60 divisions.

Officials said the objective is three-fold.

1. To enable China to maintain her internal security.

2. To help preserve peace in Asia and,

3. To co-operate in whatever way is necessary with United Nations peace forces yet to be organized.

United States army forces in China now number only about 6000 men including both officer and non-commissioned personnel.

Long before the United States Army's Chinese theatre passed out of existence on March 1, plans had been made for the eventual assignment of a military group of land, sea and air advisers to the government of Chiang Kai-Shek.

Some of the officers still in China are reported to have been held there in anticipation of such an assignment.

Roman Catholic Church Counters Left-Wing Trend With Pluralities

By ROMNEY WHEELER

LONDON, June 14 (AP) — The militant influence of the Roman Catholic Church is countering Western Europe's post-war trend to the left, and four successive elections have won its adherents political plurality in democratic governments.

Belgium, Holland, France and Italy demonstrated, in rapid succession, the strength of the Catholic leadership. In each election, Catholic parties emerged as the strongest political unit. Catholic-sponsored parties also led in recent elections *in Austria, Southern Germany and* Luxembourg.

NO SECRET CAMPAIGN

It is no secret campaign. On the eve of the recent French and Italian elections, Pope Pius appealed for electors to vote "in the Christian way." When Roman Catholic candidates led the tickets, the Vatican newspaper, L'Osservatore Romano, expressed hope that the results would prove "an efficacious counsel to other countries."

In Belgium Feb. 24, the right wing Christian Socialist (Catholic) party captured 344 of 696 provincial council seats and rained a plurality in the Belgian Senate.

In their first election in six years, Netherlands voters gave the middle-of-the-road Catholic people's party 32 of 100 seats in the House of Representatives.

In France, the Centrist Mouvement Republicain Populaire (Catholic) won 160 assembly seats in the June elections, a net gain of 10.

Italy's election was won by centre and right wing candidates of the Christian Democratic party, which polled 7,876,874 votes to gain an easy plurality in the Assembly.

Queen Anne, who reigned over England from 1702-1714, gave birth to 17 children, not one of whom survived her.

Byrnes 1st to Arrive for Meet

PARIS, June 14 (AP)—Secretary of State Byrnes was the first of the Foreign Ministers to arrive from abroad today for the fateful four-power conference beginning tomorrow which is expected to decide whether Europe will be united or divided into Eastern and Western spheres.

V. M. Molotov was expected momentarily from Moscow and Ernest Bevin was to arrive during the day.

A member of the American delegation said Mr. Byrnes would stand firm on American policy on disputed points in European peace treaties and would maintain his position in the face of Russian opposition. The informant predicted a *short and fruitless session unless* Russia yielded.

Peace treaties must be drafted for Italy, Romania, Hungary, Bulgaria, Finland as well as Germany. Some agreement is contemplated for Austria, which the Allies treat as an independent country rather than as a part of Germany.

Kimberley I.O.O.F. Members Pay Tribute to Brothers

KIMBERLEY, B. C., June 14—The Sullivan Lodge No. 35 of the IOOF here assisted by the members of the Victory Lodge No. 61 of the Rebecca assembly gathered at the cemetery last night and paid tribute to nine of their deceased brothers interred there in observation of the annual decoration day of the Order. Noble Grand J. Eckersley, assisted by Chaplain Harry Bryant invoked the ritual prayers.

Dentist Killed

ASHCROFT, B. C., June 14 (CP)—Dr. F. A. Butler, dentist of Mission, B. C., was instantly killed when his motorcar was involved in an accident near here.

MASTERPIECE OF COURAGE

TORONTO, June 14, (CP)—Characterized by attendants as a masterpiece of courage, if not of art, a little pastel painting of a few houses, with a sunlit church spire behind them, hangs on the wall of the Red Cross Canteen at Christie St. Hospital here.

The man who painted the picture has lost the sight of his right eye and faces a year and more of torturing skin grafts with a light and cheerful air. He has very little of his right hand left—"but I'm lucky about that, for I'm left-handed."

The painter, William H. McLaughlin of Winnipeg, was in an armored car of the 12th Manitoba Dragoons at Falaise, France. A shell hit the armored car and it burst into flame. McLaughlin barely managed to get out.

That was two years ago. McLaughlin said today he was taking the "opportunity" to indulge in a long-dreamed-of penchant for painting.
