Plumbing, Hardware Lack Stalls Building

Don't loan that bathtub. . . it's an item that can't be bought.

All plumbing materials, wiring and builders' hardware are in shorter supply than they have ever been. Nelson retailers reported Monday that although the odd piece was coming in, supplies were far behind the demand and they had no stock in some lines of material.

Plumbers stated that they had not received a bathtub on legs for months. Recessed ones had been coming in small numbers but they were used to fill the standing orders, while complete bathroom sets were not available.

Wiring jobs have been held up for lack of material and cement is practically impossible to get.

RECORD DEMAND

Shortages have not been entirely due to low production. Record high public demands have drained stocks and left long waiting lists. One hardware retailer stated that the store was actually receiving larger supplies but the demand was greater and, as result, stocks low.

Tools, door sets, metal ware and paint have been almost exhausted. Dealers said that the reason for the scarcity of paint was that raw materials have not been available.

Supplies of doors, lumber, millwork and veneer have been held up because of strikes and retailers reported that they had received no word of delivery.

Flooring has been next to nonexistent. Companies have not received shipments for over two months and stated that they were not expecting any.

Press Search For Missing Slocan Man

SLOCAN CITY, B.C.—The Provincial Police have been conducting a search of Slocan Lake for Joseph L. Biuish, who has been missing since June 4. Mr. Biuish left Silverton on the morning of the 4th in a small boat equipped with an outboard motor bound for Slocan City. He has not been seen since.

FIND BOAT

On Friday the police found the boat on the West side of the lake about opposite New Denver. It was amongst some drift-wood and was about two thirds full of water. Some of the missing man's belongings were stil lin the boat.

There was considerable wind the day Mr. Biuish left Silverton.

Mr. Biuish, a native son of Slocan, had been living with his mother here. Several sisters reside at the Coast.

Bidault Likely French President

PARIS, June 10 (AP)—Le Populaire Mouvement Republican Party—one of whose leaders is Foreign Minister Georges Bideault — indicated today its willingness to take the Presidency of the new interim government.

M. Bideault told a meeting of party chiefs that the M.R.P. had decided to take all the responsibilities conferred on it by the people, who in the elections a week ago made it the country's largest party, and by consequence would "claim the power."

The M.R.P. decision followed the Socialist Party's decision yesterday to refuse to head the government. President Felix Gouin is a Socialist.

The M.R.P. action raised M. Bidault into the front ranks of the candidates for the Presidency, depending upon Communist willingness to participate in an M.R.P.-headed Cabinet.

Careful Not to Get Baby's, Skunk's Formulas Mixed

CHICAGO, June 10 (AP)—When Mrs. George Witt prepares a formula for her six-months-old daughter, Diane, she must be careful not to confuse it with another mixture she feeds to six baby skunks. The skunks were adopted by Mrs. Witt after their mother, Perfume, died during a de-odorizing operation.

Vets May Choose Own Doctors

VANCOUVER, June 10 (CP)—The Department of Veterans Affairs has announced that veterans requiring medical treatment may go to the doctor of their own choice in future, provided their service makes them eligible.

The DVA may authorize treatment by the veteran's own physician for any condition if he qualifies for treatment under departmental regulations.

One Youth Dead, Three Missing

PORT TOWNSEND, Wash., June 10 (AP)—One youth died and three persons are missing today after a boating trip Sunday when a small craft carrying five persons swamped and capsized near here.

Charles Bader, 17, was found on the overturned hull by rescuers.

His brother, Ernie, 16, his mother, Mrs. Charles H. Bader, 40, of Port Townsend and their friend, Donald Crowell, 16, son of Mr. and Mrs. James E. Crowell of Brinnon, still are missing from the craft.

USE HELICOPTER IN PROSPECTING

TORONTO, June 10 (CP)—A prospecting group of 10 men left here yesterday for Sudbury and other Northern points planning to use a helicopter in search of new mineral finds. The helicopter is equipped with magnetic and electric aerial exploration devices.

Mention British, U.S. Officers in Mihailovic Charge

By WILLIAM B. KING

BELGRADE, June 10 (AP)—The Yugoslav Government's indictment of Gen. Draja Mihailovic charged today that the Chetnik leader was told by a British officer in 1943 to "liquidate the Communists" in Yugoslavia, and that in 1944 an ferences between Mihailovic and American officer took part in con a German commander. (See also Page 9).

Referring to another British message, purported to have been sent from the British command in Cairo in 1941 and relayed by a British liaison officer, the indictment said Mihailovic was told "that Yugoslavs are to fight for Yugoslavia and not transform the fight into a rebellion of Communists on behalf of Soviet Russia."

The indictment was read at the opening of Mihailovic's trial on charges of treason and collaboration, in a floodlighted courtroom packed with more than 1000 spectators.

Restrict Home Coal Delivery

OTTAWA, June 10 (CP) — Reconstruction Minister Howe announced today in the Commons a new coal conservation measure restricting the amount of coal a consumer may have delivered to his home before next Nov. 1.

Later a Reconstruction Department spokesman salad the measure would be effective in Ontario, Quebec and the Maritimes.

Terming the fuel situation as "grave," Mr. Howe said that under the new measure no dealer may deliver before Nov. 1 more than 60 per cent of a consumer's normal requirements of class "A" fuel. The consumer may take another 20 per cent in lower grade fuels, giving him 80 per cent of his normal supply before that date.

The Minister said it may be necessary to take "more severe" measures if the coal supply position does not improve.

ARCHBISHOP CALLS ON B.C. LABOR TO PURGE REDS

VANCOUVER, June 10 (CP) — Archbishop W. M. Duke, of the Roman Catholic Diocese of Vancouver, has called upon the Labor movement in British Columbia to "stand on its own feet and remove 'Reds' from leadership."

He charged that the present strike of 35,000 men in the lumber industry has "a Communistic leadership," and said:

"The leaders are well-known Communists. Their records here and elsewhere open to investigation have been clearly and plainly written."

Speaking at a service in Holy Rosary Cathedral Sunday, the Archbishop declared:

"The Catholic Church always has been the friend of the working man."

He approved "the rights of labor to strike," but said "Canadian capital and labor under Red leadership cannot mix. Communism is a real danger in British Columbia."

Lone Demand Blocks End To Lake Strike

Agree on Shorter Week; Bargaining Rights Still Sought

4-POINT PLAN

By JACK WILLIAMS

TORONTO, June 10 (CP) — The Dominion Marine Association said tonight settlement of the Lake Seamen's strike was blocked only by insistence of the Canadian Seamen's Union on obtaining bargaining rights for all lake ships.

The Association, said the eight-hour day in place of a 12-hour day was no longer an issue. Representatives of the operators and Union had agreed to a formula for introducing the shorter work day.

Prosposals which had been put before the Union officials "for the immediate settlement of the strike" were made up of four points:

1. The owners agreed to employ all former crews who were on ships prior to the strike "except those implicated in acts of violence."

2. "The Union will cease interfering with owners manning ships and their operation and agree with the owners to the appointment of a commissioner by the Government. This commissioner to recommend terms of agreements with parties who have been cerified by the Department of Labor after a vote of employees is taken subsequent to Aug. 1, 1946."

3. "All interference with ships whose owners have had no contracts with the Canadian Seamen's Union will come to an end immediately."

4. "The Union and companies with whom agreements have been in effect will join in the application which was made to the National War Labor Board by those companies May 21, 1946, for permission to inaugurate the eight-hour day and if approved those conditions will be maintained in effect until the findings of the commissioner are arrived at."

Even When You're Minding Your Own Business

WHITBY, Ont., June 10 (CP) — Roy Rice of Toronto was driving along minding his own business last night when a duck crashed through the windshield, dropped dead on his lap. Rice, his wife and son were showered with glass but unhurt as Rice retained control of the automobile and brought it to a halt.

Phone Call Brings Dramatic Sequel

LOS ANGELES, June 10 (AP)—James D. Sullivan, 52, let a stranger use his telephone Sunday morning, heard him tell police he had found a woman's nude and battered body in front of an iron works down the street, and then went with the stranger to the scene.

One glimpse, and Sullivan gasped: "That's my wife."

Sheriff's Capt. Gordon Bowers today said he found evidence of a struggle back of the iron works.

Polish Soldiers Sail for Home

ROME, June 10 (AP)—A dispatch from Naples today said 1300 Polish soldiers, last of the members of Lt.-Gen. Wladislaw Anders' Polish Corps who chose to return home, sailed from that port for Poland. Others of the Corps which—numbering just over 100,000 men—fought with the British 8th Army during the Italian Campaign will go to Britain for demobilization.

ARMED JEW... RAIDERS FIRE THREE PALESTINE TRA...S; TRAVELLERS SAFE

JERUSALEM, June 10 (CP)—The Palestine Government said tonight that armed Jewish bands had stopped three passenger trains, blowing up the engines and firing the coaches after allowing the passengers and crews to alight.

Two Arabs were wounded by gunfire and a third was beaten severely. The holdups occurred as Arab leaders met in Bludan, Syria, to organize Arab opposition to further Jewish immigration to Palestine.

The Lydda-Tel Aviv train, a Haifa line train and a train on the Jerusalem line were attacked.

It was reported unofficially that five Jews had been arrested.

DRAFT OF TREATY MILITARY ANNEX GOES TO ITALY

LONDON, June 10 (Reuters) — Britain's draft of the annex to the revised Italian armistice was handed to the Italian Government last week, a foreign office spokesman said today. The annex is to arrange for the re-deployment in Italy of Allied troops guarding lines of communication with Austria after the armistice terms have come into force.

The signature of the revised armistice, agreed upon in Paris last month by the Big Four Foreign Ministers, has been held up in the meanwhile for the drafting of this military annex. It is expected the revised armistice will be signed as soon as the British, United States and Italian Governments have reached agreement on the terms of the draft treaty.

Province Sets Return Deadline

WINNIPEG, June 10 (CP)—A joint statement issued here today by publishers of the Winnipeg Free Press and Winnipeg Tribune said that "there was only one reason for the failure to reach a settlement of the Winnipeg dispute and that was the steady and persistent refusal of the International Typographical Union to accept arbitration."

By The Canadian Press

As the 11th day of the news strike passed without indication that any settlement was near, some affected newspapers moved toward hiring new staffs.

The Vancouver Prince yesterday gave its printers and mailers a "limited period" to return to work or lose their jobs. Saturday the Edmonton Journal and Edmonton Bulletin served dismissal notices on their printers. Earlier the Ottawa Citizen had set June 8 as the deadline for return of striking employees.

O. Leigh-Spencer, publisher of the Province, said "The time is approaching when the Province management will declare the positions vacant, sever all relationship with the unions, and take whatever means may seem desirable and proper at the time for re-manning the departments for full production."

All the papers except the Province published yesterday.

Dietitians' Meet Opens in Toronto

TORONTO, June 10 (CP)—Dieticians from all parts of Canada and the United States have arrived for the four-day Canadian Dietician Association Convention which opened here today.

Speakers at the various sessions will include: Ethel M. Pipes, Vancouver General Hospital; Dr. Grace Hood, University of Manitoba, Winnipeg; and Mabel Patrick, Director School of Household Economics University of Alberta, Edmonton.

WEDDING BETWEEN BOUTS BRINGS BAN FROM CHURCH

TORONTO, June 10 (CP) — The General Assemby of the Presbyterian Church in Canada today instructed all its Presbyteries to require ministers not to solemnize marriages in places, or under circumstances, that detract from the sanctity of the ceremony.

This action followed criticism last Thursday of Rev. R. S. Burton of St. Ahdrew's Presbyterian Church at Calgary for performing a marriage ceremony May 22 in a boxing ring between bouts. The principals were Johnny Ames, a boxer, and Edna Anderson. Rev. J. B. Skeane of Vancouver was the chief critic of the boxing ring ceremony and he described the setting as "unseemly."

Rev. S. J. Lookman of Brandon, Man., suggested to the General Assembly that the Presbyterian Church "get out" of the missionaries of Manitoba Indian Reserves and "give them over to the Roman Catholic Church" if nothing can be done for unordained men serving the Presbyterian missions there.

POST PANS CANADA DEPORTATION PLAN

WASHINGTON, June 10 (CP)—The Washington Post in an editorial today declared that Canada's proposal to deport Japanese-Canadians would be "an odious manifestation of racialism."

WINNIPEG OFFERED 300 EMERGENCY HOMES

WINNIPEG, June 10 (CP) — Wartime Housing Limited has offered Winnipeg 300 emergency houses for this year, Alderman H. B. Scott, chairman of the city's Special Committee on Housing, said here today. Winnipeg's original application was for 800 emergency dwellings.

Being Urged to Stay

KING HUMBERT II OF ITALY

By GEORGE BRIA

ROME, June 10 (AP) — An under-secretary in Premier Alcide night that a clique around King de Gasperi's Cabinet declared to-Humbert was "urging him to stay" in Italy despite the Supreme Court's announcement of the Republic's victory in last week's plebiscite.

Giuseppe Spartaro, a Christian Democrat and Under-Secretary of the Interior, said the monarch was willing to accept the High Court's announcement and leave the country but that persons around him were "arguing that it is historic duty" to remain.

Spartaro said the King was meeting with his counsellors. The Cabinet would await word of the King's final decision before taking action itself.

TO POSTPONE EXILE

Giuseppe Romita, Minister of the Interior, emerged from a Cabinet session and told newspapermen "everything is up in the air."

A short time earlier, Italy's highest court announced a victory for the Republic in last week's plebiscite, but Humbert's aide, Gen. Adolfo Infante, said the King would postpone his exile because wording of the decision left the outcome of the vote "indefinite."

His statement was contradicted by Vice Premier Pietro Neni, who told a press conference the King would leave tomorrow "for Portugal."

The heaviest police and military forces employed since the war were on guard against outbreaks.

Crux of the difficulty was that Chief Justice Giuseppe Pagano's announcement that the Republic's margin was 1,983,871 votes was qualified by a statement that the Supreme Court of Cassatin still had to pass the validity of Monarchist protests of electoral irregularities.

FIRE RAGING UNCONTROLLED

SAFFORD, Ariz., June 10 (AP)—A fire which has already burned some 500 acres of the Apache National Forest in addition to 1500 acres of forest land in the San Carlos Indian Reservation was raging uncontrolled today.

More than 100 forest service rangers and volunteers are battling the flames which started Friday on the Indian Reservation in an isolated and heavily timbered region.

Little Black Bag Just a Bellhop's Dream

BANFF, Alta., June 10—Porters and bellboys at the Banff Springs Hotel where the 77th annual meeting of the Canadian Medical Association began today no longer think of a doctor as a man carrying a small black satchel. Over 2000 pieces of personal luggage were brought by the 750 delegates, along with more than 1000 boxes of equipment for displays and demonstrations ranging from delicate instruments weighing three to four pounds to large machines just as delicate weighing 1600 pounds have been carried into the hotel.

Freckles Chosen Best of Breed In Sporting Dogs

WINNIPEG, June 10 (CP) — An English setter, Freckles of Julna, owned by Dr. W. J. Sturdy of Vancouver, was chosen best of breed best in the sporting group and best in show at the Greater Winnipeg Kennel Club's Show which ended this weekend. Freckles was handled by Vic Williams of Vancouver.

Monty Ayr of Trecadar, a boxer owned by Grant Mahood of Vancouver and handled by Williams was judged best in the working group.

Snyder Becomes Secretary Of the Treasury

WASHINGTON, June 10 (AP)—The Senate Finance Committee today approved President Truman's nomination of John W. Snyder to be Secretary of the Treasury.

Mr. Snyder succeeds Fred M. Vinson, who has been nominated for Chief Justice of the United States.

MANHEIM, Pa., June 10 (AP)—A single red rose, the annual payment for ground rent to Zion Lutheran Church here, was presented yesterday to W. J. Hughes, Westfield, N. J., a descendant of William Henry Baron Steigel who deeded the ground to the church in 1772. The rose ceremony has been held annually since 1891.

Warns There May Be No Survivors to Give Report on Bikini Tests

World's Climate May Be Changed; Expert Sees Danger of Cracking of Earth's Shell, Creating Giant Wave

By HOWARD W. BLAKESLEE
Associated Press Science Reporter

SAN FRANCISCO, June 11 (AP)—The last ships for the United States Navy's atom bomb tests at Bikini Atoll sail from here this week with a warning from Anatol J. Shneiderov, seismologist, that he fears there may be no survivors to report the explosion, and that the world's climate may be changed for decades.

The ships are the Panamint, carrying congressional, United Nations and scientific representatives; the Blue Ridge with military observers; and the Appalachian, with press, radio and magazine writers. They are due in Bikini a day or two before July 1, date set for exploding the first bomb high above the target ships. The second bomb is set for July 20, and under water, in the lagoon.

This second underwater bomb is the cause of Dr. Shneiderov's warning. He writes his predictions in Science, official journal of American scientists.

SEES DANGER OF CRACKING EARTH SHELL

Dr. Shneiderov computes the force necessary to crack the earth's outer shell, about 40 miles deep, into halves, three metres apart. The force is a fantastic figure, in work units (ergs) where one is followed by 28 zeros. But he says the force of the atomic bomb is an almost equally fantastic figure, only two zeros shorter. And the bomb on which he makes this estimate is the Hiroshima type, which is, officially, supposed to be only about half as energetic as those to be used at Bikini Atoll.

He declares that the nuclear fission, or atom bomb, energies are approaching the critical figure that would crack the earth's outer shell in halves.

"If a rupture in the ocean bed caused by the test is sufficiently deep and therefore hot, the flow of water into the crack and the steam formed therein will deepen and broaden the rupture," he writes. "The bulge of steam may produce a seismic tidal wave which may sweep away all ships —the targets and non-targets."

Battles Answer Chiang Order For Truce

Communist Leader to Meet Marshall and Talk Peace Terms

FIGHTING FIERCE

NANKING, June 10 (AP)—Field dispatches today reportrd fierce fighting broke out in Manchuria and in North Central China within a few hours after Generalissimo Chiang Kai-shek ordered a 15-day truce.

Meantime, Government and Communist leaders were to meet separately wi h Gen. Marshall, special United States envoy, to discuss terms for permanent peace in this country, torn by civil strife for 18 years.

(Associated Press Correspondent Tom Masterson radioed from Peiping it was likely the Red troops were without radio communication and were not informed of the truce, news of which was broadcast a day in advance.

(Chinese newspaper dispatches in Peiping said that both Chinese Communist and Government forces claimed to have taken the strategic port of Yingkow, Manchuria, 100 miles Southwest of Mukden, and the steel city of Anshan, 55 miles below Mukden, at the moment the truce was to have "frozen" them in their positions).

Chinese Communist negotiator Chou En-Lai, scheduled to meet Gen. Marshall to state his party's terms for peace, said he came "prepared to negotiate" all three demands of the government.

1. An exact formula for permanent cessation of hos'ilities.

2. A detailed schedule for restoration of communications.

3. A specific plan for agreed-upon reorganization of Communist and Government troops into nationalized army.

Brothers Meet After 20 Years

TOLEDO, O., June 16 (AP) — A stranger George Buerher casually met in a Flat Rock, Mich., restaurant because they closely resembled one another turned out to be his brother yesterday, 20 years after the twins were separated.

Magnet Extracts Nail From Lad's Stomach

AUCKLAND, N. Z., June 10—(Reuters)—In a race against time to save his young son's life after swallowing a large nail, J. E. Openshaw,a Royal New Zealand Air Force Radio technician, worked two days making an electro magnet small enough to pass down the gullet.

Doctors passed the magnet down the boy's throat and successfully extracted the nail from his stomach.

Prairie Farmers To Help With Haying, Ontario

WINNIPEG, June 10 (CP)—Farm workers from the three Prairie Provinces will be recruited to help with haying and early harvesting in Ontario, F. J. White, Regional Superintendent of the Unemployment Insurance Commission, announced here Saturday.

Ontario farmers will in turn come out to the prairies to help with harvesting the wheat crop. Mr. White said that approximately 2500 men are needed. They will be given free transportation to the place of employment and may obtain a return fare for $5.

Refuses Rule on Second Try to Electrocute Negro

WASHINGTON, June 10 (AP)—The United States Supreme Court today refused to rule whether Willie Francis, 18-year-old Louisiana Negro, should be sent to the electric chair a second time.

Under Supreme Court rules, a re-hearing of today's refusal to review the case can be asked.

CUPID SUFFERING

DENVER, June 10 (AP) — In these days of shortages, even cupid is suffering. The City Licence Bureau has only 23 marriage blanks left. And, said Mrs. Jane Svikhart, licence clerk, there is no assurance that a Denver book binding company can deliver a new pad today. Mrs. Svikhart has been issuing 30 to 50 licences daily.

United Church For Union With The Anglicans

WINNIPEG, June 10 (CP) — Lieutenant-Governor R. F. McWilliams of Manitoba said he was opposed to a "step by step" approach to amalgamation of the United and Anglican Churches. He advocated prompt and decisive strides to bring about the union quickly.

The Lieutenant-Governor spoke to the 22nd annual Manitoba Conference of the United Church of Canada.

Dr. W. C. Graham, Chairman of the Inter-Church Committee dealing with the proposed amalgamation told the delegates that one of the main difficulties lay in the Churches' two distinct conceptions of the ministry.

It was proposed that ministers be incorporated in each Church so that they could serve in the pulpits of either denomination. With the Ministry of each serving both, the usability of the two ministries would be greatly enhanced, Dr. Graham said. The joint validity of both ministries would be taken as a matter of course.

His report, which dealt with the activities of the union committee during the year, was adopted unanimously.

Loss of $30,000 Caused by Fire

ST. BONIFACE, Man., June 10 (CP)—Loss estimated at $30,000 was caused yesterday when fire of undetermined origin destroyed a house, barn and piggery on the Machtelink dairy farm on the outskirts of St. Boniface. The flames were fanned by a 35-mile wind. A riding horse, three calves and a "number" of pigs were burned.

Greece Congratulates Mackenzie King

ATHENS, June 10 (Reuters) — Constantin Tsaldaris, Greek Premier, today sent a message of congratulations to W. L. Mackenzie King, who today begins his 20th year as Prrime Minister of Canada.

Tonight Athens radio will broadcast a special program in honor of Canada and her Prime Minister.

BRAZIL'S "LOST ARMY OF THE AMAZON" BECOME BURNING POLITICAL QUESTION

RIO DE JANEIRO, June 11 (Reuters)—Brazil's "lost army of the Amazon" — recruited and transported during the war in thousands to upper reaches and tributaries of the great river—has become a burning political question.

The situation could have repercussions also on relations with the United States, which sponsored and financed the campaign to extract rubber from millions of rubber trees which grow wild in the untamed, fever-ridden jungle.

All that the Brazilian Government has been able or willing to disclose about the fate of the lost army is a Labor Ministry announcement that more than 50,000 men were recruited for the rubber army and that fewer than 3000 so far have returned to their homes.

Those who returned were broken by starvation and disease, Cafe Filho, a representative in the constituent assembly said recently.

"The men who did not lose their lives in the inhospitable jungle are having to beg their way home," he asserted. "In the battle for rubber, the North of Brazil suffered heavier casualties than the entire nation (Brazil) on the Italian battle-front."

To Punish Severely Offenders of The Highway Code

MOSCOW, June 10 (Reuters)—Because accidents have increased with the appearance of more automobiles on Moscow's streets, the magistrates have decided to punish severely offenders of the city's highway code.

Two motorists were given five years' jail sentences—one for a hit-and-run offence and the other for knocking down two persons while driving while he was drunk.

OUTBREAK OF DYSENTRY AMONG INFANTS COULD RESULT IN EPIDEMIC

VANCOUVER, B. C., June 10 — The current outbreak of dysentry among city infants could result in an epidemic should carriers become exposed to the unchlorinated water supply, Dr. Claude E. Dolman, head of the Department of Bacteriology and Preventative Medicine at the University of British Columbia, said last night.

"There is absolutely no proof that the present outbreak is due to a lack of chlorine in our water," stressed Mr. Dolman.

"The fact that our water supply is unchlorinated does expose us to the danger of an epidemic."

Dr. Stewart Murray, City Health Officer, however, discounts the theory that the outbreak is the result of unchlorinated water, adding that "water-borne diseases are generally more widespread."

Uses B. C. Berries To Influence Cabinet Ministers

OTTAWA, June 10 (CP)—George Cruikshank, sharp-tongued Liberal Member of the Commons for Fraser Valley, today sent some of yesterday's pick of giant British Columbia strawberries to three Cabinet Ministers.

Mr. Cruickshank has been leading a campaign in the Commons to have the Dominion Government do something about the British Columbia berry and fruit crop which he says will rot in the ground unless more containers are furnished.

The luscious berries were picked yesterday at Mission, B. C., and flown to Ottawa voernight.

In a note accompanying the boxes to the three Ministers, Mr. Cruickshank said "please return the hallocks. We need them badly in British Columbia."

Soviet Scientific Expedition Studies Kurile Islands

MOSCOW, June 10 (Reuters) — A large Soviet scientific expedition will spend three months studying the volcanoes of Kamchatka, in far Eastern Siberia, and those in the North Pacific Kurile Islands—the only active volcanoes in Soviet territories. Headed by Prof. A. V. Gaveman, the expedition will leave in July. Aerial photography will be used to check the hypothesis that the Kamchatka volcanoes are on the line of a supposed break in the earth's crust.

Villages to Be Swallowed by Sea

By JOHN DAUPHINEE
Canadian Press Staff Writer

Along the East Coast and in Wales, the people talk of "vanishing Britain"—vanishing into the sea.

Erosion is a growing problem, accentuated by six years of war that saw sea-walls crumble from want of repair and deep gashes cut by the waves in areas where protection could not be provided for want of labor and materials.

Pleasant coastal villages are waiting to be swallowed up, gradually.

At Caister, North of Yarmouth, pillboxes built for defence during the war have been toppled over. In 1942 the sea advanced 100 yards in six months. It still is advancing 10 feet a year.

HOTEL TOPPLES

A massive concrete sea-wall at Lowestoft, built some years ago, fell recently to East Coast storms and now is undermined and useless. At Mundesley, Norfolk, a new cliff fall tumbled hotel outbuildings to the sands, and at Overstrand, near Cromer, houses and a hotel soon will disappear.

In the West, erosion is most serious in Wales, with most damage at Rhyl, Colwyn Bay and between Llanelly and Kidwelly River.

Record year: Belfast shipyards are out to set a record. With eight launchings totalling more than 100,000 tons so far, they expect an all-time high in shipbuilding.

At present 10 new ships of almost 150,000 tons are fitting out and another 50,000 tons are undergoing conversion work and repairs.

Gift to nation: Leith Hall near Kennethmont in Aberdeenshire is the latest of a series of country mansions to be presented to the national trust for Scotland under the "Country House Scheme."

"Let go of it, dear—you can get more tackle with a News Want Ad!"

Mining Must Be Given Opportunity To Forge Ahead New Minister Says; Great Need of Cooperation

HON. R. C. MACDONALD

In this year of reconstruction and rehabilitation, the mining industry will play such an important part of British Columbia, that it must be given every consideration and encouragement, not only to get back into its normal stride but to forge ahead.

Thus Hon. R. C. MacDonald, Minister of Mines and Municipal Affairs, summed up his feelings towards the mining industry in a speech presented to some 65 mining and business men at a banquet given in his honor at St. Paul's Church Hall Monday night.

The Minister drew applause when he also touched on the subject of roads, stating that he planned on his return to Victoria to call attention to the need for road improvement in the interior. He was sure, however, that the Provincial Government was doing the best it could and fully realized its responsibility on the road question.

He fully intended to tackle his job as Mines Minister in a business-like way, he said, and would endeavor to see that all obstacles to mining progress were removed.

He complimented the City of Nelson on its splendid financial position and said he knew that as Municipal Affairs Minister that he would have no worry about the City in this respect. He was greatly interested in the City's plans to attract tourists.

The Minister was roundly applauded when he gave assurance that the prospector would be his first consideration as far as mining was concerned.

What mining meant to this district, not only to the Province but to all of Canada, was shown by the Nelson and Trail Creek Mining Divisions which had produced $95,000,000 in gold and silver and $27,000,000 in copper, lead and zinc since 1900. The Slocan had produced silver, lead and zinc to the value of over $52,000,000. The Fort Steele Mining Division in which the Sullivan Mine is situated had produced more than $556,000,000 in silver, lead and zinc.

AFFECTS ALL CANADA

This wealth had meant work and wages for people in all walks of life in Canada. It had provided millions of dollars of foreign exchange whereby Canada had been able to meet the commitments on the borrowing made to develop the nation and also to purchase goods and materials and the products of other countries that could not be produced or made economically in Canada.

Mining must be given a chance not only to live but to grow. It was an industry that could easily be crippled because most of its products were sold in world markets; an industry in which Government, management and labor must work together.

Conditions varied in every mining camp and what was possible in one camp might not be possible in another. There could not be such things as arbitrary wage scales and working conditions laid down by either management or men in this Province. There had to be flexibility if the maximum amount of employment and the greatest benefit to all were to be achieved.

There must be good will between labor and management and on the part of the Government there must be every encouragement through taxation adjustments to stimulate exploration and development work.

The success of any mining operation depended upon whether or not the income from sale of its products was greater or less than the cost of producing those products. In the case of many things sold in the domestic market it might be possible to increase the price when costs of production rose, but in the case of products sold in world markets at competitive prices, the costs of production must leave a margin of profit or there could be no production.

MARGIN NECESSARY

In mining there had to be a sufficient margin of profit to induce a mining company to spend large sums on exploration and development work in the hope of finding new mines. This was where mining differed from any other business. It was not possible to estimate the amount of ore in the ground or the cost of mining and treating the ore until a great deal of money had been spent in finding the ore and in determining the quality and grade of the ore.

If there was to be a healthy mining industry, taxation should not bear too heavily on the industry. Provision should be made whereby the industry would be encouraged to spend money on exploration and development.

This year should be a good one for mining but it all depended on the people being reasonable in their desires, on good will between management and labor, and the realization that most of B.C.'s products are sold in competitive world markets where the prices "are set not by us but by others." Prosperity of British Columbia depended so much on the mining industry that it might well be said, "as the mining industry prospers so do the people of British Columbia."

TOAST and TEA

In his Life, a Study of Self, W. B. Maxwell argued that it is a fallacy, embalmed in all the old literature and religions, that life is short. "On the contrary," he says, "it is immensely long, almost limitless if you measure it by its possibilities. Only empty lives are short. The more you fill a life, the longer it stretches out. But the vast majority of people are too timid really to live their lives. They are absurdly apprehensive of breaking down the delicate framework of mind and body if they give it much to carry or much to do. They ignore the evidence that constantly proves how use tends to increase power rather than to deplete it. Time is not truly scarce; it is ours in rich abundance. We need not fear. As with spiritual energy, we possess infinitely more of it than we ever use. If we ceased to waste time we should come into a large fortune of it each day of our lives."

Plane Converted Into Flying Barn

TETERBORO, N. J., June 10 (AP) —A twin-engined transport plane was converted into a flying barn today for a 24-hour flight to Bogota, Colombia, with 10 purebred Guernsey calves.

A former cowpuncher was hired to take care of the calves on the trip, said to be the first long distance mass shipment of cattle by air.

Presbyterians Deny Ordination To Missionaries

TORONTO, June 10 (CP)—General assembly of the Presbyterian Church in Canada today approved aplications from five Ministers for acceptance as ordained Ministers of the Presbyterian Church.

They were' Rev. James Baillie, Minister of the Church of Scotland and a Canadian Army chaplain; Rev. C. J. Beckley, United Church of Canada; Rev. James F. Donald, Presbyterian Church in the United States and a United States Army chaplain; Rev. Charles E. Bray and Rev. Robert Peck, who have completed courses of study.

The application of the Presbytery of Brandon, Man., for ordination of W. H. Gibson, who is doing home mission work in Lenore, Man., was rejected on the recommendation of the Board of Education. Rev. Lloyd Henderson, Portage la Prairie, Man., made a plea on Mr. Gibson's behalf. The assembly also rejected the application of Peace River Presbytery on behalf of Elmer Fay Iddins.

"If we can do nothing for these men (workers in Indian missions) let us close our Indian fields. My advice to the Presbyterian Church is to get out of these fields, do not bother with the Indians, and give them over to the Roman Catholic Church," Rev. S. J. Lookman, Brandon, Man., told the assembly when they discussed the case of J. Y. Garrett, Waywayseecoppo Reserve, Rossburn, Man.

The assembly decided to give Mr. Garrett a special course of study under the senate of Knox College.

Redmen Play Trail Tonight

ROSSLAND, B.C., June 10—Trail Golden Bears, riding high on the crest of a string of victories, meet Rossland Redmen here Tuesday night. The Bears have taken thorough hold of the League leadership and are romping away in the goal chase.

Horswill Heads Legion Council

A. S. Horswill was elected President of the West Kootenay Zone Council of the Canadian Legion at a meeting at Nelson Sunday. Next meeting will be held at Nakusp in October.

A. T. Horswill of Castlegar was elected Vice-President and W. Williams of Nelson Secretary.

Under discussion was the annual Legion picnic at Castlegar, a Legion publicity program for the Kootenays, and movement of the Sons of Freedom sect from Krestova to other West Kootenay centres.

New Siamese King Born in U. S.

BANGKOK, June 10 (AP) — Prince Phumiophon Aduldet, 18, was named King of Siam today while this shocked country mourned the death of his brother, 20-year-old King Ananda Mahidol, who was found in the royal palace yesterday with a bullet wound between the eyes.

The new king, who will become the ruler of 18,000,000 subjects, was unanimously selected by an extraordinary session of the legislature, meeting 12 hours after his brother's death.

The Siamese police director general told the legislature that King Ananda's death was accidental.

Prince Phumiophon Aduldet, the almost constant companion of his older brother, was born in Boston, Mass., while his father, the late Prince Mahidol of Songhla, was studying at Harvard. Prince Ananda ophon Aduldet and King Ananda attended school together in Switzerland.

Only sketchy details were disclosed on the shooting of King Ananda, a bespectacled, diffident youth often described as a reluctant monarch, who had become extremely popular since his return from Switzerland last December.

The young ruler had been ill for two days and arose at 6 a.m. yesterday to take some medicine. Nothing was known of his actions after that time, official sources said, and his body was discovered several hours later in the bedroom of the palace.

King Ananda was a fancier of firearms and often practised firing in the palace grounds.

SEES DECISIONS OF COLLEAGUE DANGER TO BENCH

NUERNBERG, Germany, June 10 (AP)—In an unprecedented attack on a colleague of the United States Supreme Court, Justice Robert H. Jackson charged tonight that Justice Hugo Black had participated in decisions affecting a former law partner, and that the practice, if continued, would bring America's highest court into "disrepute."

Jackson, now on leave from the Supereme Court to serve as chief American prosecutor at the war crimes trial here, said in a written statement that a "feud" of long-standing existed between Black and him.

The feud, he said in the statement which was cabled to the House and Senate Judicial Committee, "has been so long publicized that Congress has a right to know the facts and issues involved."

Declaring that Black had threatened him with "war" unless he "covered up facts" in a case in which Black's law partner was involved, Jackson said:

"There may be those who think it quite harmless to encourage employment of justices' ex-law partners to argue close cases by smothering objections which the bar makes to this practice.

"But in my view such an attitude soon would bring the court into disrepute. However, innocent a coincidence these two victories at successive terms by Justice Black's former law partner, I wanted that practice stopped."

"RUBBER STAMPS"

Jackson declined to elaborate on his "feud" with Black except to tell reporters that the feuding existed among justices appointed by President Roosevelt.

"And they called us rubber stamps," he added bitterly.

Laski Slaps Canada For Irritating Russ

Urges Moscow to Experiment in Friendship Instead of Distrust; Defends Gov't Foreign Policy

BOURNEMOUTH, Hants, England, June 10 (CP)—An appeal to Russia "to experiment in friendship" and an attack on the conduct of espionage cases in Canada were made today by Prof. Harold J. Laski, Chairman of the British Labor party's Exexcutive Committee, in an address to the opening session of the party's annual conference.

Referring to the policy of atomic power secrecy as having responsibility for Russian suspicions, he commented:

EXAMINE CANADIAN GOV'T CONDUCT

"If any member of this conference wants to know the evils of a policy of secrecy, let him examine in detail the conduct of the Canadian Government over the alleged Russian espionage, with secret orders-in-council, arrested persons held incommunicado, and judges of the Supreme Court of Canada announcing the guilt of arrested persons before ever they have been tried."

In his appeal to Russia, Prof. Laski asked the rulers of that country, "having experimented with distrust, to experiment in friendship."

"They cannot imagine that now, when their devotion and self-sacrifice, so magnificently demonstrated in this war, have given them a power and authority so overwhelming, that we, the greatest working-class party in Western Europe, would lend our support, directly or indirectly, to any government which sought to threaten Russian security. . . ."

Of the Labor Governments' conduct of foreign policy, which is expected to provide one of the hottest debates of the conference when it is considered Wednesday, Prof. Laski asked that "both swiftly and straightforwardly, the Government make it possible for that tragic remnant of 100,000 displaced Jews in Europe to be given access to Palestine" in accordance with the recommendation of the Anglo-American Commission.

British Socialists, he said, regard as a "tragedy" the continuance of the Franco regime in Spain and would regard the return of King George of the Hellenes to Greece "as a sorry end to the brave struggle of a nation which first taught the world the significance of freedom."

Research Council Earns $4,360,997; Plan New Setup

By GEORGE KITCHEN

OTTAWA, June 10 (CP) — The National Research Council earned $4,360,997 during the six years ended April 1 as payment for its services to private industry and other enterprises, Reconstruction Minister Howe reported to the Commons today.

Mr. Howe gave a statement of the Council's independent earning power in moving second reading of a bill to amend the Research Council Act to strengthen the "top structure" of the Council to enable it to carry out enlarged responsibilities arising from its development during the war.

In addition to the $4,360,997 earned independently, the Council received $6,632,122 voted by Parliament, Mr. Howe said. Another payment for development work carried out on radio and this sum was turned back to the Consolidated Revenue Fund.

Approval for the general principles of the Bill was expressed by opposing groups, although the Progressive Conservative Party indicated dissatisfaction with a section enabling the Council to establish Crown companies to handle patents arising from wartime discoveries by Council scientists.

Mr. Howe said the Council had been established primarily for applied science rather than for research work on pure science.

Howard Green (PC-Vancouver South) said research was vital to Canada, which had reached a position out of porportion with the size of its population and needed to make the best use of brains available if she was to maintain that position.

New Efforts To End Strike

VANCOUVER, June 10 (CP — Another surprise visit to Victoria by leaders of the International Woodworkers of America (CIO-CCL), whose 35,000 members are on strike, demanding higher wages and shorter hours, tonight indicated renewed efforts to bring about settlement of the 26-day-old dispute.

Harold Pritchett, IWA District President, and Karley Larsen, International office representative, flew to Victoria where they conferred with Labor Minister George S. Pearson.

PLAN UNACCEPTABLE

OTTAWA, June 10 (CP)—A union proposal for a three weeks' truce in the cooperage and box factory sections of the British Columbia lumber strike has been found unacceptable by the Federal Labor Department, George Cruickshank, Liberal Member of Parliament for Fraser Valley, told The Canadian Press tonight.

LONDON (CP) — The British Medical Association Committee has welcomed the recommendation that 75 per cent of doctors aged 40 to 50 should get £1000 ($4500) a year net under the State scheme.

Printing Presses Used for Forged Ration Cards Seized

HAMBURG, June 10 (Reuters) —Police flying squads have seized a number of printing presses used to produce forged ration cards and distilling apparatus used to make gin, it was announced here today. Police said the illicit gin had caused some deaths, blindness and illness among troops and civilians.

Two C.C.F. Meetings Here Ready Program

Nelson was host to two C.C.F. meetings Sunday when West Kootenay Federal Council met in the afternoon, followed in the evening by a zone convention of members from both the East and West Kootenay Federal ridings.

The Council meeting, under Randolph Harding, M.L.A., Kaslo-Slocan, was chiefly concerned with organizational activities and a program for the Summer months.

The evening convention brought together 25 members with 10 from Kimberley, Creston and other East Kootenay points.

With Mrs. F. Ruppel in the chair, Grant MacNeil, Provincial Organizer, gave a short address on the C.C.F. program. He urged members to become absolutely familiar with the C.C.F. program and use their knowledge to awaken people to understanding of the tremendous issues at stake today.

The rest of the evening was devoted to the main work of the convention, namely discussion of ways and means of linking and strengthening the C.C.F. work in the East and West Kootenay.

Trevor Evans and Harold M. Baker of Kimberley were appointed zone chairman and secretary, respectively, to act temporarily until a further convention was called in September. T. M. Anderson of Kimberley will act as part time organizer until September, when it is hoped that plans will be far enough advanced for the appointment of a full time organizer.

It was proposed to send one delegate to the National Convention at Regina, and by pooling resources to have at least one of the six provincial ridings concerned represented at each of the Provincial Council meetings.

After a brisk question period when Mr. McNeil cleared up various points on the national policy, the convention adjourned and coffee was served by the ladies of the Nelson Club.

Saskatchewan Oil Production Soars

REGINA, June 10 (CP)—Wells in the Lloydminster oil field broke all previous production records for the district during the first four months of this year with production of 22,409 barrels, nearly 6000 more than were raised during all of 1945, Natural Resources Minister J. L. Phelps said today.

Four new wells are in production since the beginning of 1946, making a total of 10, and others are planned.

VOKES TO GO TO CENTRAL COMMAND; PENHALE TO PRAIRIE COMMAND

OTTAWA, June 10 (CP) — The Defence Department today announced the appointment of Maj.-Gen. Chris Vokes, 42, C.B., C.B.E., D.S.O., as officer commanding the Central Command at Toronto and Brig. M. H. S. Penhale, 51, C.B.E., as officer commanding the Prairie Command at Winnipeg.

Gen. Vokes, wartime commander of the 1st Canadian Division and later of Canadian forces in the Netherlands, succeeds Maj.-Gen. A. E. Potts, C.B.E., who is retiring from active service.

Brig. Penhale, present deputy chief of the General Staff at Canadian Military Headquarters in London, will take over at Winnipeg Aug. 15. He succeeds Maj.-Gen. H. O. N. Brownfield, 52, C.B.E., M.C., recently named head of the Canadian Military Staff at Washington.

Brig. R. O. G. Morton, C.B.E., district officer commanding Military District No. 10, is serving as temporary commander of the Prairie Command taking in Northwestern Ontario, and Military Districts No. 10 and 12 in Manitoba and Saskatchewan.

Gen. Potts in civil life was a member of the University of Saskatchewan faculty.

Brig. Penhale went overseas in 1939 as a staff officer at C.M.H.Q., returning to command Petawawa artillery training camp. During the Sicilian campaign, he led an infantry brigade and later returned to Canada as deputy chief of the General Staff. Last November he took a similar appointment at C.M.H.Q.

BADEN-POWELL AUXILIARY SALE TO AID CAMP

Baden-Powell Auxiliary, at their monthly meeting in the home of Mrs. W. D. Goodman, completed the arrangements for a bake sale. Proceeds of the sale will be used to aid the Summer Camp. A library for the Guides was started through the donation of $15.

Changing the name of the auxiliary was discussed as some of the members felt that the designation Baden-Powell conveyed nothing to most people, however, the majority of those present decided that anyone who was interested in the work did understand its connection with Lord Baden-Powell and that the name itself was both simple and adequate.

COAST GIRL PILOT ENDS 3,000 MILE TRIP ACROSS THE DOMINION

VANCOUVER, June 10 (CP) — Globe-trotting Helen Harrison touched down at the Civic Airport here today to end a 3000 mile trip across the Dominion.

The young city-born pilot received her commercial pilot's license in England in 1936, and since then has trained other pilots in all parts of the world.

In Canada, she flew as a test pilot, and trained pilots for the R. C. A. F. until the formation of the Empire Air Training plan. After that she went to England to fly wih the Air Transport Auxiliary.

With the A. T. A. she ferried Spitfires, Hurricanes, Bostons and Mosquitos direct from the factory to the fighting squadrons of the Allied Nations. Later, she instructed fledging pilots in South Africa.

After the war, Miss Harrison went to work for the English firm, Percival Aircraft Ltd., as a pilot-saleswoman.

She intends to stay in Vancouver a week before flying her way back to Toronto.

Says Hitler Doublecrossed Him After Annexing Austria to Germany

NUERNBERG, June 10 (AP)—Arthur Seyss-Inquart, tall manipulator of the Australian anschluss, testified before the International Military Tribunal today that Hitler doublecrossed him after annexing Austria to Germany.

Opening his defence against accusations that he "sold out" his native Austria and then participated in outrages against the Netherlands, Seyss-Inquart said Hitler failed to keep promises he made in a conference at Berchtesgaden in February, 1938.

The defendant said he told Hitler at that time that Austrian ideals must be maintained as requisite to a peaceful union with Germany. The Fuehrer agreed to this, Seyss-Inquart testified.

But after the German armies once were solidly entrenched within Austria, the defendant continued, Hitler took an opposite tack and relegated Seyys-Inquart to a subordiante position.

"I told Hitler I would not offer myself as a Trojan horse leader."

Germans allotted To Work in Sugar Beet Industry

OTTAWA, June 10 (CP)—Labor Minister Mitchell announced today in the Commons an additional 400 German prisoners of war have been allotted for work in the sugar beet industry in Ontario and Manitoba.

Replying to questions asked last week, Mr. Mitchell said 200 of the prisoners would go to the industry in Ontario and 200 to Manitoba.

Mr. Mitchell said he understood the additional prisoners already were on their way to the sugar beet fields. Their transfer to that work had been arranged between the Dominion and Provincial governments.

He added that with these additions the number of prisoners in Ontario, Manitoba and Alberta now would be 1222, 1660 and 1449, respectively.

Former Arlington Manager Here After World Travel

Former Manager of the Relief Arlington Gold Mines at Erie, S. M. Manning is in the District after travels that took him around the world, and attended the banquet for Mines Minister MacDonald at Nelson Monday night.

Mr. Manning went to British Guiana for Cuyuni Gold Mines and was also with the King Solomon Mines in Saudi Arabia. He came here recently on behalf of Eastern

Maritime Strike Picture is Grim

By MAX HILL

WASHINGTON, June 10 (AP3—Chairman Augustine B. Kelley of the House of Representatives labor subcommittee said today he is going ahead with plans to work out a Congressional solution of the Maritime dispute now that *other Federal mediation attempts* appear deadlocked.

WASHINGTON, June 10 (AP)—Union preparations for a country-wide maritime strike June 15 went into high gear today after the C.I.O. National Maritime Union turned down a proposal to give seamen shore leave with pay.

This suggestion first was put forward by United States Labor Department conciliators as a possible way to break the deadlock over the length of the work-week at sea.

The idea was to give one day of shore leave for every 14 days at sea, and keep the present 56-hour week—*eight hours a day, seven* days a week.

Eastern ship operators accepted the suggestion Sunday night and formally offered it as a proposal in a negotiating session which lasted after midnight.

But the union, which is demanding a 44-hour week, rejected the idea as "impractical," and then "proposed exploration of other ways of meeting its demands," according to a Labor Department announcement.

Thus the country-wide strike planned by the Committee for Maritime Unity (C.M.U.), composed of seven unions and headed by Harry Bridges and Joseph Curran, moved a grim step closer.

If the walkout comes, each seaport will feel its paralyzing effect when 12:01 Saturday rolls around in the time zone where the port is located.

The National Maritime Union served notice yesterday in a "strike policy" statement that unless ship operators offer a shorter work week the strike can't be avoided.

Then the 40-man National Council of the union, which unanimously approved the statement here, scattered to their ports and began setting up soup kitchens and taking other strike measures.

INDIAN PRINCES APPROVE PLAN

BOMBAY, June 10 (CP) — The standing committee of the Chamber of Princes gave approval today to the British Cabinet mission's plan for Indian independence and set up machinery for the princely states to participate in the future government.

The committee called upon the nearly 600 princely states to institute the necessary internal reforms to enable them to participate, if they have not already done so.

Trapped Guests Scream Terribly

DUBUQUE, Ia., June 10 (AP) — The death toll in a tragic fire at the Canfield Hotel went to 16 today as an investigation was started in an effort to determine the cause of the blaze which swept through the 200-room structure shortly after midnight yesterday.

The 16th fatal victim of the fire was Mrs. William Canfield, 73, wife of the hotel owner. Her husband was taken dead from the ruins yesterday. She died in hospital of third degree burns.

Three of the dead remained unidentified and 23 persons still were reported missing by the Red Cross. Fifteen more were in the hospital.

Firemen said the screams they heard from flaming hotel windows of trapped inmates begging for help *as firemen arrived were terrible.* Fire Capt. Harold Cosgrove said he would never forget the sounds of those screams if he "lived to be a hundred."

Faced Tortures Rather Than Talk

Canadian Prisoners of War Receive Decorations; Freeing Fellow Men

OTAWA, June 10 (CP)—Canadian prisoners of war who risked their lives and survived torture in acts of sabotage, in freeing fellow *prisoners and in supplying information* to Allied intelligence were among the 80 army men receiving decorations in a special list announced today.

A Dieppe prisoner—Sgt. Laurent Klass Pals of Winnipeg—won the Distinguished Conduct Medal for his work in freeing Allied prisoners through a tunnel at Lamsdorf, Germany, prisoner-of-war camp. His citation says "under his wing, approximately 25 per cent of the successful escapes from Germany were made from this camp."

RISKED HIS LIFE

He lined up contacts outside the camp and risked his life in returning to the camp to give the information and arrange for additional escapes. He was finally picked up at Kaiserlautern and returned to Lansdorf as a prisoner but he trained others to contmue his work.

D.C.M. winners included Sgt. Ronald John Routledge of Brandon, Man, who made contact with British *intelligence agents outside a* Japanese prison camp after his capture at Hong Kong. He was finally detected and tortured brutally in an attempt to make him divulge the names of the officers involved in the intelligence service both inside and outside the camp.

His citation includes a tribute from a British officer of the Lincolnshire Regiment who wrote: "Sgt. Routledge was subjected to very severe beating and physical torture, including the notorious Japanese form of water torture with the object of forcing him to give away the names and details of *the personnel involved with him in* the secret liaison maintained between the POW camps at Hong Kong and the British military intelligence authorities at Waichow.

"Despite the severity of the ordeal, he resolutely declined to mention any officers' names."

Britain Wants to Know Why France Let Grande Mufti Leave

JERUSALEM, June 10 (AP)—The Grand Mufti of Jerusalem, banished in 1937 for anti-British activities, was reported back in the Middle East today, apparently preparing to take a hand in the Arab struggle against Jewish immigration to Palestine.

Dr. Hussein El Khalidi, a leader of one of the five parties composing the Arab higher front, said he had been advised that the Grand Mufti had arrived at Bludan, Syria, and would attend the extraordinary meeting of the Arab League Council now in session.

The Council has been discussing the report of the Anglo-American Committee of Inquiry on Palestine, which recently recommended the immediate admittance of 100,000 European Jews to Palestine.

The Grand Mufti spiritual leader of Palestine's 800,000 Moslems, for years led the Arab fight against establishment of a national home for Jews in Palestine. After his banishment by Britain during bitter Arab-Jewish disorders he sought refuge in Syria until 1942, when he fled to Italy and was warmly welcomed by Mussolini.

He made at least one trip to Berlin, where he was received by Hitler and Von Ribbentrop.

After the defeat of Germany he fell into the hands of the French and had been reported under close surveillance in Paris. He recently issued a statement from Paris appealing to the Arab world to "stand firm" in opposition to Zionism. Arabs have been clamoring for his return to Palestine.

In London the government is inquiring into circumstances under which the Grand Mufti left France to return to the Middle East said a foreign office spokesman.

The French Government, he added, was aware of Britain's desire the Mufti should not return to the Middle East.

Reaction Against Regimentation by The Government

LAUDS VITAMINS

LAKE LOUISE, Alta., June 10, (CP)—Preventive Medicine as exemplified by nutrition—"The Very Basis for Health"—appeared to have lost some of the ground gained during the war, Dr Robert S. Goodhart, *Scientific Director of the National* Vitamin Foundation Incorporated, said today.

He told the 39th Annual Convention of the American Pharmaceutical Manufacturers' Association that this was due partly to the natural reaction of the people to regimentation and interference with one of their most important sources of daily pleasure and satisfaction — *food.*

More immediately, however, it was due in part to the reaction of those small sections of the United States' population which influenced government policy in such matters and "in any event enjoy anticipating such reactions."

Food had been a major factor in determining the outcome of the Second Great War and the science of nutrition had influenced the food production, distribution and consumption policies of the United Kingdom, United States and Canada to an extent never before approached.

The National Vitamin Foundation established to stimulate and aid research on nutrition, was in a position to make "important contributions to the nutritional welfare of the world and to the vitamin and food industries."

BRIGHTON, England (CP)—Maj Gen E C Miles, commanding the South-Eastern district, said recently that only 200 men were available to clear mines from 30,000 acres of the South Downs. And half the job was done.

India's Ruling Princes Heading For a Tremendous Shake-Up

By DEWITT MACKENZIE

India's 600 ruling Princes—comprising at a guess, the vast majority of the world's supply of such bejeweled anachronisms—are heading for a tremendous shake-up under the program for Indian independence and it won't be surprising if five-sixths of them don't survive the ordeal.

Pandit Nehru, President-elect of the all-India Congress and next to Mahatma Gandhi the most powerful figure in the country, called during the weekend in no uncertain terms for democratization of the native states within the Federal Government which is projected. That is Nehru demands that the rule of the principalities be transferred from the autocratic princes to the people.

A NOMINAL RULER

This apparently doesn't preclude the retention of a prince as head of state if his people want him. However, he will be merely a nominal ruler instead of having the power of life and death over his subjects, as many of these petty sovereigns have. Moreover—and this is the real catch—hundreds of the principalities are so small that they are hardly worthy of the designation, and these may be amalgamated into provinces which will pension off the princes and thus end their rule.

Its an interesting commentary on the change which has come over India, that Nehru should challenge the princes. *He himself is a Brahmin*—an aristocrat of aristocrats among the Hindus.

Of course one can name Maharajahs who have been real benefactors to their people. For the most part, however, the princes through the centuries have lived Arabian nights existences by exacting terrible taxation from their people.

Scores of these potentates have squandered vast fortunes on heaps of jewels and other follies while their subjects literally went hungry.

United Nations Seek Curbs For A-Energy

Use of Peaceful Means Only Is Hope of Council

TO HIT VIOLATORS

By LARRY HAUCK

NEW YORK, June 10 (AP)—The United Nations today plunged into a week of heavy work with discussions of atomic energy and Franco Spain highlighting the crowded calendar.

Aside from these complicated political questions, the economic and social council speeded efforts to reconcile differences between Britain, the United States and Russia on several important issues. The council hopes to meet a June 20 adjournment deadline.

The Security Council has been tentatively called to meet tomorrow to debate on a sub-committee's report on the Franco regime. A compromise plan was reported in sight.

The sub-committee report recommended that if Generalissimo Franco remains in power in September the General Assembly, comprising 51 countries, should call upon the entire membership to break relations with the Spanish Government.

The compromise plan was reported to call for:

Adoption of the report with modifications, removal of a time limit on the suggested break, with any decision as to date being left up to the Assembly; and minor revisions tending to make recommendations to the Assembly more flexible.

Russia could be expected to oppose such a compromise on the basis of an earlier statement by a Russian spokesman that the sub-committee's report did not go far enough.

The atom bomb goes before the U. N. Friday with convening of the 12-country commission for control of atomic energy. The 11 countries represented on the Security Council and Canada have seats.

The commission will draft specific proposals for:

1. Extending between all countries the exchange of basic scientific information for peaceful ends.

2. Control of atomic energy to the *extent necessary* to ensure its use only for peaceful means.

3. The eliminations from national armaments of atomic weapons and of all major weapons adaptable to mass destruction.

4. Effective safeguards by way of inspection and other means to protect complying states against the hazards of violation and evasions.

Million Australians Celebrate V-Day But Feel Peace "Uneasy"

By WILLIAM STEWART
Canadian Press Staff Writer

SYDNEY, Australia, June 10 (CP-Cable)—Australia today celebrated Victory Day with a National Holiday and up to 1,000,000 crowded sidewalks in state capitals to watch parades of servicemen.

In Sydney, 400,000 persons watched 20,000 veterans march.

There were services of thanksgiving preceding the marches through flagdraped streets and wreaths were placed on memorials for those who died in the Second Great War. Earlier thousands listened to broadcasts from London peace describing victory celebrations there.

Australia celebrated in bright winter weather though it was cold in Canberra where C. M. Croft, Acting High Commissioner, represented Canada.

Prime Minister Chifley, addressing a victory gathering in Canberra said:

"We have entered upon an uneasy peace.

"It will require from the peoples of the world—and from Australia—every effort to see that peace is preserved."

Sir Thomas Blamey, retired Commander-in-Chief of the Australian forces, said in a statement that returned servicemen found victory had not brought "peace and prosperity" which could be achieved only through the united determination of the people.

SHOT BY GUNMAN

BOSTON, June 10 (AP)—William A. Whitcomb, President of the Great Northern Paper Company, was shot to death today in his office in the heart of the downtown Boston business district by a well-dressed, brief-case-carrying gunman.

One employee said the slayer identified himself as "Treasury Department Agent" and said he wanted to talk to Mr. Whitcomb thereby gaining admission to his private office.

No Job Is Too Small or Too Big For

WILLIAMS
PHONE 1106

THE RCAF HAS OPENINGS FOR

... RADAR AND RADIO MEN

THE JOB: "Signals and communications"—the nerve-system of the Air Force. Training courses cover the latest developments in radar, radio, wireless and telephony, producing expert operators and mechanics in each field. Service or civil experience in any branch of communications can mean immediate advancement in "trade grouping" and hence in pay. Applicants should normally possess junior matriculation or its equivalent in technical school or a recognized school of commerce.

Previous trade experience is not essential. Individual trades include wireless operator, wireless mechanic, radar mechanic, radio mechanic, radio operator (ground) and six telephone trades: cable, combination, construction, switchboard, teletype and toll. There are openings also in many other ground trades.

THE PAY: Basic pay plus living allowances for non-commissioned ranks runs from $95 monthly for Aircraftman Class 2 to $188 for Warrant Officer Class 1, extra pay for trade proficiency and increased pay after three years in any rank; marriage allowance of $20 a month; free uniform clothing and medical and dental service.

THE PENSION: A lifetime income on discharge after 20 years' or more service; pensions or gratuities in the event of prior discharge on medical grounds, and pensions or gratuities to widows or children in the event of death while on service.

VETERANS' PREFERENCE: As among applicants, war veterans applying for reappointment will receive preference, and if accepted will be reappointed to the ranks they held at the time of their discharge, or to the nearest ranks which establishment permits; and their prior service will be a factor in promotion and pension.

TERMS OF SERVICE: Applicants without previous service must be over 18 and under 26. Good conduct, satisfactory medical category and educational qualifications will enable applicants to enlist in Regular Air Force for five years and re-engage thereafter for further five-year terms.

WHERE TO APPLY: Applications should be made to Western Air Command, RCAF, Joint Services Headquarters, 4th Avenue West, Vancouver, B.C.

Rossland High Graduates Honored At Gay Banquet and Dance

ROSSLAND, B. C. June 10 — "Graduate's Day in Rossland," was marked here when members of the Grade XII class of the Rossland High School were entertained at a banquet and dance.

The graduates, their parents, the members of the High School staff and honored guests met in the banquet room of the Odd Fellow's Hall.

The Hall was attractively decorated with purple and gold, the High School colors.

There was a wealth of early summer blooms artistically arranged around the room.

Girl graduates and their mothers each received a lovely corsage while boys and fathers received gay bouteners of purple and yellow pansies.

Mrs. G. Donnelly, teacher of Home Economics, had charge of banquet preparations. The members of the Rossland Parent Teacher Association, under the convenership of Mrs. R. W. Haggen, had charge of the decorations and serving of the banquet and also made the corsages and bouteners. While the girls of the Grade XI Home Economics class acted as serviteurs.

Arthur Turner said the Grace, E. Hayes, Grade XII teacher, was toastmaster. Mr. Hayes thanked the ladies, who were responsible for the banquet, also the girls of Grade XII. He went on to recall the year's work and activities, saying the class had shown wonderful spirit, co-operation and sportmanship throughout the year and that the class had a high standard of talent.

In jovial manner he introduced each graduate and each was heartily applauded.

The following toasts were made:

"To the King" proposed by John Gordon, Jr. "The Graduating Class" proposed by G. Bishop.

Miss Audrey Bacon gave the response and thanked the teachers for their kind guidance and expressed the feeling that a true daily friendship was about to be severed and missed.

She also paid tribute to the teachers for their understanding guidance and the hours of their free time they so willingly had given to assist the students during the year.

David Smith proposed the toast, "To the School Board" with L. Crowe of Trail, Chairman of the School Board for District Eleven, responding. He expressed the wish that the pleasant door of opportunity would open the portals of success for the graduates.

INTRODUCED CRESTS

Hugh Urquhart, Class President, proposed the toast to "The School." He told of the activities of Grade XII during the year Principal D. G. Chamberlain responded and complimented the Grade XII's on their achievements, saying they were the first class to have a mottoe and a crest. He also thought that the school colors were very appropriate, purple for surrounding hills and gold for precious metal that had been taken from the hill here. He wished the class continued success and progress.

Miss Betty Petrie proposed the toast to "The Staff." She ably thanked them for their consideration, kindness, helpfulness, and instructions, also their forebearance throughout the years. J. Albo responded suitably and said he thought that by the training and activities received, the graduates were well equipped to take their place in a democratic world.

Miss Florence Nixon proposed the toast to "The Parents" and thanked them for their guidance and patience and helping them over the difficulties of life. J. C. Urquhart, on behalf of the parents responded. When he started to give the response, he startled his audience by displaying reams of paper which he said was a 26 page speech. Out of consideration for the students he discarded it. He told the graduates how pleased the parents were of achievements they had made during the year and also how proud they were to be their parents.

The toast "To the City of Rossland" was made by Miss Margaret Kalhovd with Mayor J. Corner responding. Mr. Corner said the City of Rossland as a whole would watch with interest the graduates' progress in life. He admonished them to live a clean life, go forward with every confidence and give their best to their God, their country, their city and theirselves.

The toast to "The Parent Teacher Association" was proposed by David Keffer, who thanked the P. T. A. for its interest in schools and students.

Mrs. R. W. Haggen, President of the P. T. A. responded, and said the Association would watch with interest their progress.

"Wishes to the Graduates" were given by Arhur Turner, Chairman of former Rossland School Board, who wished the graduates every success. Miss Orma Bray made the response.

Mr. Lucas, Inspector of Schools, on behalf of the Department of Education, wished the graduates continued success and said they had the necessary educational requirements and for them to make the best use of them, as what they did always reflects on their school and city.

Miss Margaret Haggen responded to the toast and reminded Mr. Lucas that at least six of the graduates planned to follow the teaching profession.

A very interesting and entertaining paper on "The School Prophecy" was read by E. Hayes.

The singing of "God Save the King" brought the banquet to a close.

Members of the 1946 Graduating Class were:

Ronald Aiken, Audrey Bacon, Orma Bray, John Gordon, Margaret Haggen, Peggy Johnson, Margaret Kalhovd, Dave Keffer, Margaret Leduc, Dick Marcuzzi, Pat McCandless, Isobel McNab, Florence Nixon, Bert Pepin, Betty Petrie, Dave Smith, Lorraine Swift and Hugh Urquhart.

At nine o'clock the graduates were guests at an Invitational Dance held in the Auditorium of the High School.

"SWEET GIRL GRADUATES"

The girl graduates in their pretty white formal dresses were true pictures of the "Sweet Girl Graduate" and made a striking contrast to the other students in their colorful formals.

At ten o'clock the Grand March was held with two graduates, David Smith and Miss Peggy Johnson, leading. They were followed by the other graduates and their partners, then other dancers.

After the Grand March, Hugh Urquhart on behalf of the Grade XII's presented E. Hayes, the room teacher with a gift. Mr. Hayes, surprised, replied with a friendly "Thanks a Lot, Kids."

During the evening "The Anniversary Waltz" was played as a spot waltz for the graduates. Miss Florence Nixon and her partner Dick Marcuzzi, who were nearest the Wishing Well were awarded the prize.

The graduates and their partners after midnight, adjourned to the home of Mr. and Mrs. J. C. Uruquhart, where a lovely buffet supper was enjoyed. The students also enjoyed reminiscing on their 12 years of school.

FLYING STOVEPIPE HITS 1500-M.P.H.

WASHINGTON (AP)—A 1500-mile-an-hour airplane engine — dubbed the "flying stovepipe"—has been successfully flown, the United States Navy revealed.

Originally planned to power guided missiles (pilotless flying bombs), the revolutionary ram jet engine has no moving parts, weighs only 70 pounds and looks like a long piece of pipe. But it develops between 2000 and 3000 horsepower—as much as a conventional big bomber engine.

The ram jet engine has been flown only in pilotless experiments and has not yet been installed in an airplane.

The tests have been conducted with the "stovepipe" hurtling through the air on its own, after being boosted to working speed by rockets. Flight speeds, characteristics and technical data were radioed back from the engine in flight to the researchers conducting the experiments through a complicated electronic "telemetering" method.

The engine scoops up air which is compressed by the speed of the jet, mixed with fuel and ignited.

Because it takes oxygen from the air, unlike the V-2 robot bomb engine which has to carry its own, it could pack a heavier explosive punch or have a longer range, the Navy explained.

Main disadvantage of the "Stovepipe" is that it works at high speeds only. Catapults or auxiliary rockets are used to boost it up to its efficient operating speed.

INCORPORATE SOCIETY FOR JAZZ PROMOTION

A society to "promote interest in, study, and appreciation of the jazz masterworks of the world," the British Columbia Society for Jazz Promotion, was incorporated under the "Companies Act" May 8, it reported in the June 6th edition of the B.C. Gazette.

JOHANNESBURG (CP)—A 20-foot python which had been responsible for the loss of much poultry in the Vryheid district in the Orange Free State was killed by a native who attacked it with a staff. The reptile fought back for 10 minutes before it was overcome.

Ice cubes tinkling against the glass in a pitcher of delicious iced tea make a sound that most folks like to hear on a warm day. It's a signal for welcome refreshment. Served hot or iced, tea is a year-round favorite . . . a beverage with a lift, a compliment to the food on your table. Be sure to keep a supply of your favorite kind of tea on hand. Get it at a money-saving price at your Safeway store.

3 cooling beverages for warm days

If you're seeking ways to reduce the temperature these days, then look to our refreshing notes on iced tea drinks. They're guaranteed to make the warmest days seem fair and cooler.

ICED TEA—For truly delicious, full-flavored iced tea, always make it fresh and in double strength. Allow 1½ to 2 teaspoons tea for each standard measuring cup of boiling water. Pour the water, freshly boiling, over tea in heated earthenware, china, pottery, or glass container, cover and steep 5 minutes. Strain immediately and pour over cracked ice or ice cubes.

SP-ICED TEA—Pour 4 cups freshly boiling water over 8 teaspoons tea in heated container. Add 2 or 3 mint leaves and ½ teaspoon allspice. Cover and steep 5 minutes. Strain immediately and add 1 cup orange juice and ¼ cup lemon juice. Pour over ice and sweeten to taste with honey or sugar. Serves 6 generously.

FRUITED TEA PUNCH FOR THE CROWD

4 qts. freshly boiling water	4 cups grapefruit juice
1 cup tea	4 cups orange juice
4 cups sugar	1 cup lemon juice
4 cups pineapple juice	About 15 lbs. ice

Pour boiling water over tea in heated container; cover and steep 5 minutes; pour tea from leaves at once. Add sugar immediately and stir until dissolved; chill. Add fruit juices and pour over ice or ice cubes. Garnish with thinly sliced oranges. Serves 40 to 50.

● Miss Celina Foisy, 507 Carbonate Street, has had as guest Mrs. W. Belway of Crambrook, who spent several days in the city.

● Miss Mary McDougall of the C.P.R. Telegraphs, Trail, spent yesterday in town, guest of her parents, Mr. and Mrs. C. F. McDougall, Robson Street.

● Mrs. F. G. Madden, native daughter of Nelson, who has spent a fortnight visiting relatives in the city after a few months in Vancouver with her mother and brother, Mrs. Henrietta Madden and Thomas Madden, respectively, left on the Eastbound train Sunday for Halifax, where she will join her husband.

● G. F. Cloakey, who spent a few days in town, has returned to his home in Calgary.

● Joseph Longden, Mill Street, returned last night from Vancouver, where he spent a week.

● Mr. and Mrs. Archie Renwick, Silica Street, have as guest Mrs. Renwick's parents, Mr. and Mrs. Lidberg of Nakusp.

● James Ryley, formerly of Nelson, now of Creston, visited at the home of his mother, Mrs. Bert Ryley, Silica Street, over the week-end.

● Mrs. John McCuaig, Silica Street, is visiting at the home of her grandmother, Mrs. Balding, at Blewett.

● Mr. and Mrs. Jack Love of Grand Forks were city visitors over the weekend to visit Mr. Love's mother, Mrs. T. A. Love, who is a patient in Kootenay Lake General Hospital.

● Thursday evening a delightful miscellaneous shower was given by Mrs. Albert Shrieves at her home, 1017 Falls Street, with Mrs. H. H. Currie as co-hostess, in honor of Miss Mima Sutherland, a popular bride-elect. The spacious rooms were gaily decorated with Summer blooms. Winners of the various guessing competitions and contests were Miss Kay Sutherland, Miss B. Holt, Miss Mima Sutherland, Miss Peggy Shrieves, and Mrs. C. Lupien. During the evening Mrs. Shrieves presented the honoree with a gaily decorated treasure box of beautiful gifts. Assisting the hostesses in serving dainty refreshments were Mrs. R. Keffer, Mrs. D. Maddocks, Mrs. D. McGinn, Mrs. L. Somers, Miss M. Irvine, Mrs. C. Strachan, Mrs. G. Sutherland, Miss K. Sutherland, Mrs. F. Thompson, Miss J. Denny, Miss M. Larmonth, Miss B. Holt, Miss P. Shrieves, Mrs. C. Lupien, Mrs. F. E. Wheeler, Mrs. A. R. Moore, and the guest of honor, Miss M. Sutherland.

Damage by Vandals Repaired by K. of P.

"Taking advantage of Daylight Saving Time," last Friday, eight members of the Knights of Pythias Lodge visited the Four-Way K. P. Playground on Hall Mines Road. Finding the water system, the slides and the roof of the woodshed damaged by vandals, they set to work to repair them. As soon as they had finished children, aged three to 14, were able to play again.

Bonnington

BONNINGTON, B. C. —The home of Mr. and Mrs. G. Noel Brown at Corra Linn was the scene of a delightful children's garden party, when the Browns entertained at a party for their great-grandson, Gerald Noel Holliday in celebration of his second birthday on May 20.

The tea table which was set under the shady walnut trees was lovely in its appointments. Two penquins stood amongst forget-me-nots and blue periwinkles on a mirrored surface making an attractive centre piece, with vases of forget-me-nots and valley lilies at each end of the table. The beautiful iced birthday cake, surmounted with two candles was cut by Master Noel, with the help of his grandmother, Mrs. M. K. Harrison. The youthful guests were Leon Penny, Darrel and Denis Penny, Ronnie and baby Marshall, Lynn and Donald Parker, Stewart Wallach, Baby Sweet, Joy and Jack McPhail of Corra Linn, Joe, Brian and Neil Jerome, Margaret Anne, Barbara Joan and Robin McFadden, David Motley, Leslie Hammond and Marjorie Wood of Bonnington.

Major M. K. Harrison, Veterans Guard, has returned to Winnipeg after being the guest of Mr. and Mrs. G. Noel Brown at Corra Linn.

SLOCAN CITY

SLOCAN CITY, B. C. — Howard Hufty of Seattle, Wash., has been the guest of his brother and sister-in-law, Mr. and Mrs. F. M. Hufty.

Mrs. G. L. Merry and Mrs. D. B. Merry and daughter Patty of Annable were guests of Mr. and Mrs. A. Merry and family.

Mr. and Mrs. Morley Johnson and Mrs. Johnson's sister, Miss Maud Paterson of Victoria are guests of Mrs. Johnson's brother, Alf Paterson.

Kenneth Jensen of Nelson is visiting his parents, Mr. and Mrs. B. Jensen.

Mr. and Mrs. K. Popoff, who spent the past two weeks holidaying at the Coast, have returned home.

KIMBERLEY

KIMBERLEY, B. C. — At the invitation of Mrs. J. F. Conroy and Mrs. L. V. Cond, 30 guests were present at a delightful shower at the home of Mrs. J. Morrison, honoring Mrs. A. Streich, Jr., and Mrs. J. Morrison, Jr. Bridge, court whist and crib were played. Prize winners were: bridge first, Mrs. English, consolation, Miss B. Anderson; court whist, first, Mrs. Molander; and consolation, Mrs. Streich, Sr.; crib winners were: first, Mrs. R. Jordon, consolation, Mrs. Streich, Jr. The guests of honor were presented with a pair of boudoir lamps and a gift of china by Misses Bernadine Conroy and Doris Cond. Following the serving of refreshments by the hostesses, Mrs. Streich, Sr. was presented with the cup prize and Mrs. Gilleray with a chair prize.

KASLO

KASLO, B. C. — Mr. and Mrs. P. Gilker were in Nelson to attend the funeral of the late C. G. Barber.

F. T. Abey and F. E. Archer returned after a short holiday spent at the Coast.

Mrs. T. Glaholm and daughter Jackie-Marie left for Nanaimo for a month's holiday.

SANDON

SANDON, B. C. — Vincent Davis of Kellog, Ida., has been visiting Eugene Petersen.

Slocan City Lady Presented With Farewell Gift

SLOCAN CITY, B. C. — The monthly meeting of the United Church Ladies' Aid was held at the home of Mr. and Mrs. D. Ewing. Mrs. R. G. Warner, President, occupied the chair.

Other members present were Mrs. Walter Clough, Mrs. T. Cooper, Mrs. A. L. Merry, Mrs. J. Boudier, Mrs. R. E. McMillan, Mrs. G. A. Forbes, Mrs. W. Davies, visitors were Mrs. A. E. Palmquist, Mrs. L. Fife, Mrs. F. Storgard, Mrs. A. Y. Rae, and Miss Georgina Anderson of Vancouver.

A dainty luncheon was served by the hostess Mrs. Ewing during which time, the President, on behalf of the members, presented Mrs. Ewing on the eve of her leaving here with her family to join her husband in Trail where they will make their home, with a gift.

FUNDS TO AID SALMON FISHERIES

WASHINGTON, June 10 (AP)—Senator Mitchell (D-Wash.) introduced a measure which he said would increase State and Federal cooperation in building up the Columbia River salmon runs.

Under it, states adjacent to the river's spawning grounds would provides services to maintain improvements designed to increase spawning in streams not now usable. Federal funds would aid in this work.

SLOCAN CITY

SLOCAN CITY, B. C. — Mr. and Mrs. Morley Johnson and Mrs. Johnson's sister, Miss Maud Paterson returned to their home in Victoria.

20 Meet Violent Deaths, Weekend

By The Canadian Press

Topped by two slayings — one each in Toronto and Montreal—and two multiple drownings — three boys at Hawkesbury, Ont., and a possible four men at Rondeau Park, Lake Erie—Eastern Canada's weekend fatalities swelled to 20 today.

Included in the total were five traffic deaths, four drownings and four possible drownings, one asphyxiation, an accidental shooting and a death in a street fight.

Most of the deaths were in Ontario and nine of them were in the Toronto area.

Police said murder was indicated in the finding of a new-born baby's battered body in Toronto Bay bound with wire and with the head crushed in. A hammer had been used to weight the body down and police said this may have been the murder instrument. At Montreal Max Barshaw, grocer, believed to have been shot by an intruder, died in hospital Sunday.

Bride-Elect of Slocan City Is Honored

SLOCAN CITY, B. C. — Mrs. H. Parker entertained a number of friends in honor of Miss Helen Merry, whose marriage takes place in a few weeks. Miss Merry is the daughter of Mr. and Mrs. A. L. Merry and a native daughter of Slocan City.

The afternoon was pleasantly spent with music. Mrs. Parker was assisted in serving by her daughter-in-law, Mrs. H. M. Parker.

Nelson Lions Undecided on Rep. to Seattle

SEATTLE, June 10 (AP)—About 1200 delegates from 116 clubs will attend the district Lions Club convention here June 27-29 convention headquarters announced today. They will come from all parts of Washington, Oregon and British Columbia. Don Wike, Walla Walla district governor, will preside.

Nelson members were undecided Sunday night whether they would sent a delegate to the Seattle convention.

Trail Building Business Incorporated

H. Wade & Co. Ltd., Trail, was incorporated under the Companies Act May 28, to carry on the business of builders and general contractors of works of all kinds, it announced in the latest edition of B.C. Gazette.

The company has an authorized capital of $25,00, divided into 1500 preference shares of $10 each and 10,000 ordinary shares of one dollar each.

Few Picnickers Arrive on First Holiday Special

Few holidayers boarded the "Picnic Special" from Trail Sunday afternoon, and of those who did, most of them got off at the Nelson station instead of going to the park.

This was the first picnic train of the year, and C.P.R. officials said that holiday passengers were generally scarce on the early season trains, increasing as the weather grew warmer.

23 Believed Dead in Crash

PANAMA, Panama, June 10 (AP)—All 23 persons aboard a C-54 Army transport plane were believed to have been killed today when the plane crashed into a mountainside on Taboga Island, off the entrance to the Panama Canal.

The plane crashed about 125 feet from the summit of Taboga Island's highest promontory — about 1100 feet—during a frontal thunderstorm. It exploded as it struck the mountain.

Lumber Strike Worries Undertakers

VANCOUVER, June 10 (CP) — Strike in the British Columbia lumber industry has funeral directors worried.

Supply of cedar wood for casket manufacture is nearing its end, with only sufficient for another two or three weeks.

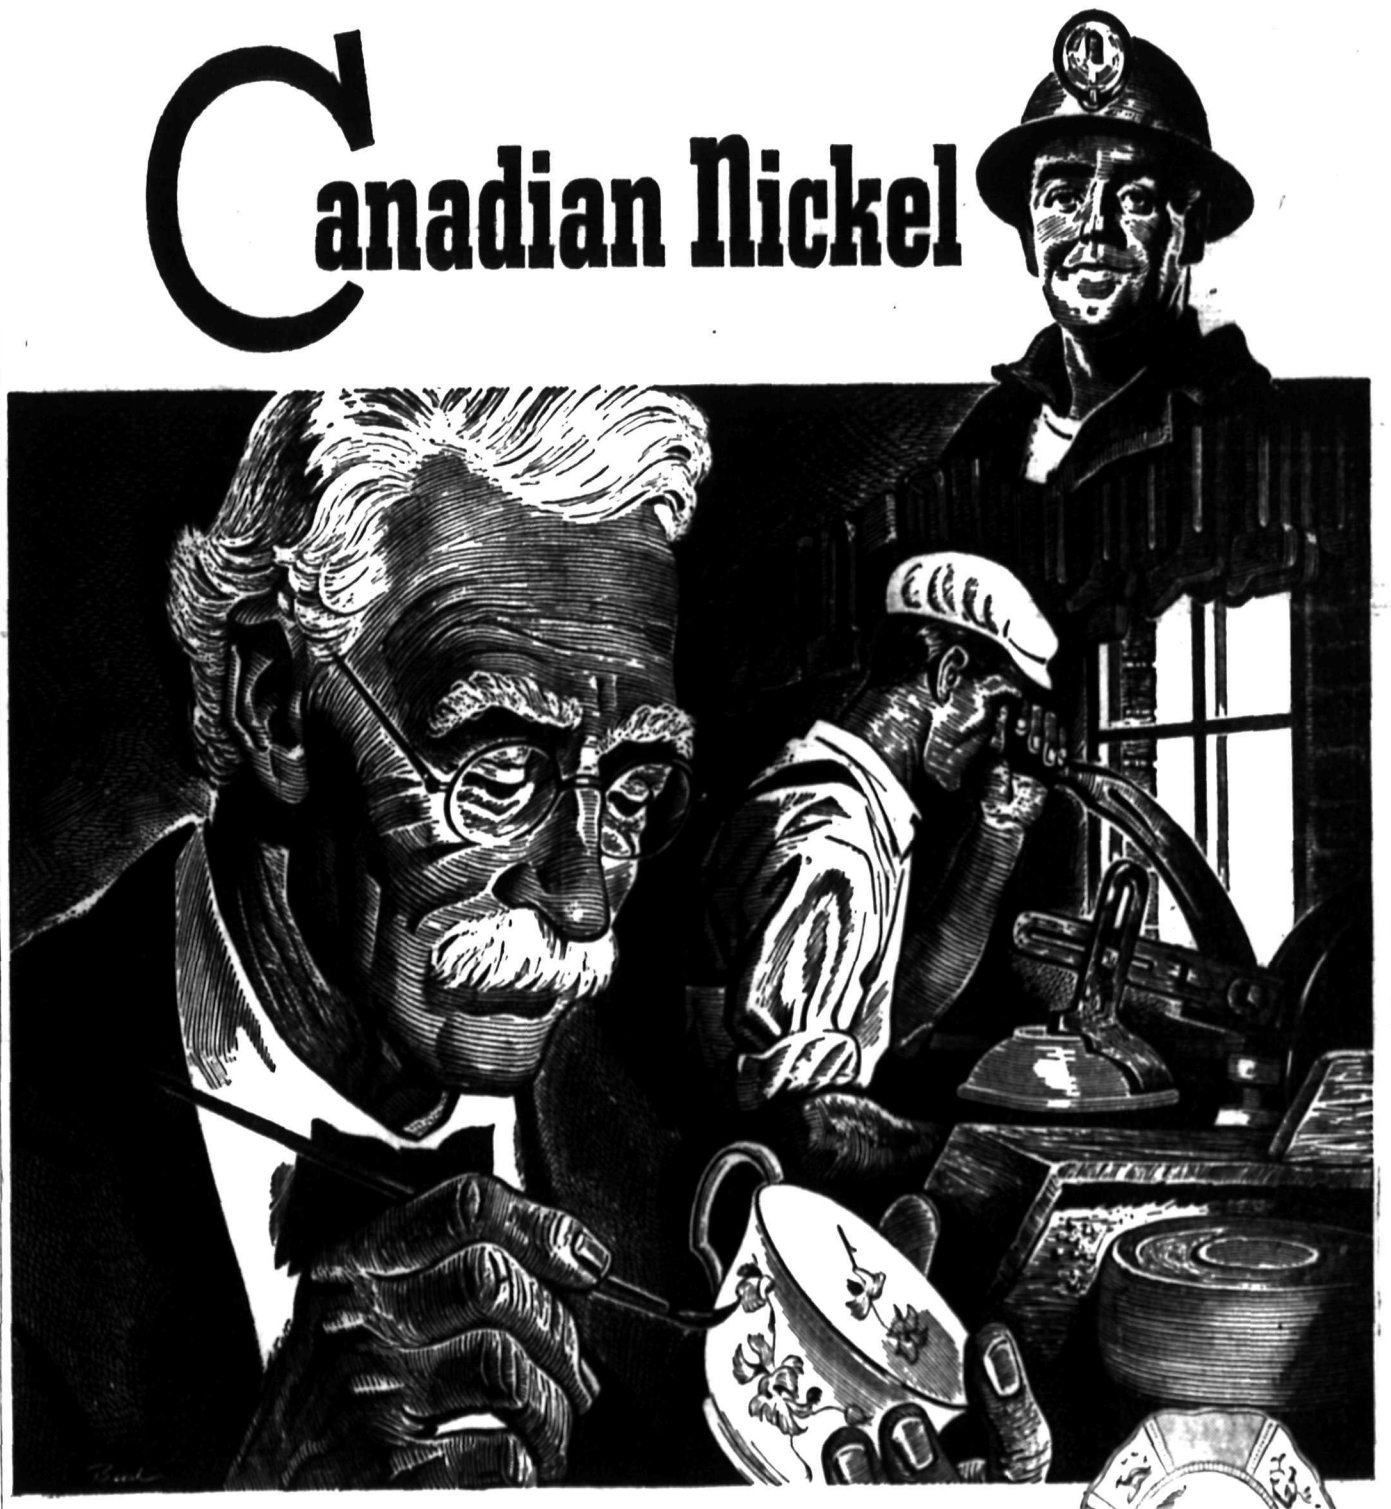
Canadian Nickel



brings you English china

THOUSANDS OF PEOPLE earn their living in the manufacture of fine china which is concentrated in a small industrial area in north Staffordshire in England. From more than fifty factories in this area, English china is exported to all parts of the world.

Thousands of Canadians in the Sudbury and Port Colborne areas earn their living producing Canadian Nickel. Other thousands all over Canada find employment in the production of lumber, power, steel, machinery and supplies purchased by the Canadian Nickel industry.

Less than three per cent of the Nickel produced in Canada is consumed in Canada. The rest is exported, and the money received helps to pay for English china and other products necessary to good living in Canada.

Canada cannot keep on importing from other lands unless Canadian goods are exported.

By constantly seeking to expand the use of Nickel at home and abroad, the Canadian Nickel industry brings additional benefits to Canada and Canadians.

"The Romance of Nickel" a 48 page book (with illustrations) will be sent free on request to anyone interested.

The Position of the Indian Princes

Under the Constitution proposed by the British Cabinet delegation a Union of India, comprising an all-India Government and all-India Parliament, will deal exclusively with foreign affairs, defence and communications for the whole of India. A central authority for these three fundamental functions is essential. So far as the Indian States are concerned, they are the three functions which under existing treaties and established usage devolve upon the British Crown as the paramount power. The provinces of the Indian States are thus not asked under the Cabinet delegation's scheme to surrender any part of their existing sovereignty.

In all other matters of Government, the Indian States, according to the Cabinet Delegation's proposals, will continue to be autonomous and will retain all the powers which they now possess.

The Indian States will be represented by a maximum of 93 out of a total of 385 representatives in the proposed Constituent Assembly, which is to decide the new constitutional structure of India.

The Cabinet Delegation made it clear that the Indian States will be free not to enter the proposed union of India by a federal relationship. But in that case it will be necessary for the Indian States to make separate political arrangements with the new Indian Government to regulate those questions of common concern which it is proposed should be dealt with by the Union Government.

In either case, the abolition of paramountcy will leave a void which must be filled. Paramountcy represents the exchange of mutual obligations between the British Crown and the Rulers of the Indian States. Thereby the paramount power undertakes to maintain the territorial integrity of the Indian States and the sovereignty of their dynastic rulers in all their internal affairs. Only in the event of gross misgovernment is the paramount power's right of interference explicitly or tacitly reserved. In return for the guarantee of domestic independence the Rulers accept the suzerainty of the British Crown, agree to surrender to the paramount power all control of their foreign relations, including relations with other Indian States, and undertake to provide military forces if required for the defence of India and to cooperate in the extension of communications and other matters affecting India as a whole.

The 562 Indian States cover some two-thirds of the total area of India. Some are only a few square miles in area, but others have several million inhabitants each, the largest being Hyderabad, with a population of 15,000,000.

In this mosaic of States some amalgamation of the smaller with the larger for administrative purposes would, it is generally admitted, be advantageous. It would strengthen the position of the Indian States in the task of constitution making and facilitate their inclusion, if they so elect, in the future constitutional structure. The Cabinet delegation accordingly, in its memorandum recommended such an agglomerative reshaping of the States. It expressed the hope that the States will do everything possible to "ensure that their administrations conform to the highest standard." This advice is timely since among the 562 States there are varieties in cultural advancement just as there are differences in size. But the main point is that the Indian States have an important part to play in the new India, and that they have evinced their readiness to assume it.

Too Slow a Growth

In 45 years since the death of Queen Victoria, Canada's population has grown at an average rate of less than 150,000 a year, and a notable change has taken place in its distribution as between rural and urban areas.

Two problems are posed. Our population is not growing rapidly enough, partly because of the damming of the flow of immigration which contributed so much to Canada's growth during the first 10 years of this century, and partly because of the loss of Canadians to the United States. The other problem lies in the question as to how we can develop our country with maximum rapidity if too small a part of our population is devoted to the development of our basic natural resources, which largely are outside of cities.

There were 5,371,315 people in Canada in 1901, 11,506,655 in 1941, and the present population is estimated at 12,119,000. The distribution as between rural and urban parts is available in the census returns for 1901 and 1941, and the figures are as follows:

	Rural	Urban	Total
1901	3,357,093	2,014,222	5,371,315
1941	5,254,239	6,252,416	11,506,655

Thus a country which was predominantly rural in 1901 had become predominantly urban by 1941. In fact, the urban predominance is greater than these figures indicate, for so-called "rural" districts adjoining large cities are to all intents and purposes urban, although unincorporated.

Today's Horoscope

If this is your birthday, you are an omnivorous reader, intellectual, and a sparkling conversationalist. Your judgment is good, and you never act in haste. You have great personal pride, like to dress well, and have a sincere devotion for your family. You form and keep friendships easily, and will lead a very happy life. If you are not voluble today, you are likely to prevent an argument or noisy quarrel. Subconscious wishes may rise to the surface of your mind, but should not be expressed.

MONDAY'S HOROSCOPE

You are ambitious and venturesome, and quite apt to rush into things. You may be led with better results than if you are driven. You are conscientious and sincere in everything, and you are capable of a strong and lasting love. The moon enters Scorpio at 2:06 a.m. today. Do not make changes in the day's schedule if you can avoid it. Finish the day's chores and retire early.

Test Yourself

1. In what state is the Northernmost point in the United States?
2. Which is the only state to have a unicameral legislature?
3. On the soil of what state was the United States born?

TEST ANSWERS

1. Minnesota
2. Nebraska, which has only one legislative house.
3. Pennsylvania

Etiquette Hints

It is better to speak to a person you think you know, even if you find you are mistaken and must make an explanation, than to snub someone you know just because you are not quite sure of the identity.

Words of Wisdom

When I find a great deal of gratitude in a poor man, I take it for granted there would be as much generosity if he were rich.—Pope.

Press Comment

POULIOT AND THATCHER OPPOSE BRITISH LOAN

M. Jean Francois Pouliot talked out the bill authorizing the $1,250,000,000 loan to Britain on Tuesday. M. Pouliot, who is activated wholly by prejudices, and who scores results in column inches of news reports, will be pleased with his display. To M. Pouliot that will make Jean Francois a very big and important fellow. There were times during the war when the exhibitionism of this member seemed an extravagance which the nation could ill afford. But in peace it has to be reckoned among the nuisances which every democratic state must suffer as part of the cost of responsible Government.

The little revolt which Mr. Ross Thatcher (Moose Jaw) staged on the C.C.F. benches was of a piece. Mr. Thatcher is a young man who, fortunate in the selection of his parents, has been able to indulge a flare for exhibitionism more lavishly than most. But if he lacks experience and lacks maturity, he does not lack knowledge. He has had educational opportunities well above average, and served a business apprenticeship, however indifferently, under a very competent tutor.

It must, therefore, be as much of a shock to the clear-headed farming communities from which he comes, as it was to his C.C.F. colleagues, that he was unable to grasp the elementary facts of the loan to Britain. His constituents will see, if he cannot, that the loan, before all else, is a guarantee of continuity of markets for the produce which they raise, and without which all the irrigation systems man might devise for the parched prairie would not be worth the cost of a single dam. The spanking which Mr. Coldwell gave his young maverick was probably mild to that which awaits him on his return home. —Toronto Globe and Mail.

PRICES WILL BECOME FACTOR

Two of the big car manufacturers plan to put out cheap, light models in '47, as it is expected that by then an occasional customer will have begin to ask: "What's the price of that?"—Detroit News.

Curious, Kimberley—What is a carpet-bagger?

Carpet-bagger is a political slang term for a person who stands as a candidate for election in a locality in which he is a stranger. It is particularly used of such a candidate sent down by the central party organization. The term was first used in the Western states of America of speculative bankers who were said to have started business with no other property than what they could carry in a carpet-bag, and absconded when they failed. The term came into general use in American politics in the reconstruction period after the Civil War as a term of contempt for the Northern political adventurers in the South who, by the help of the Negro vote, gained control of the administration.

Mrs. L.K., Kaslo—Will you please tell me when the Russian poet Bryusov died?

Bryusov, Valery Yakovlovich (1873-1924), Russian poet, was born in Moscow, December 13, 1873, and died in the same city on October 9, 1924. His early verses were decadent in style, but they brought him a certain notoriety. The influence of Balmont is seen in his earlier work, and of Verhaeren in his poems of the town and in his revolt against social evils, e.g., "The Stone-Mason." His later poems, however, are more scholarly and rhetorical in subject and style. He also wrote prose, his most interesting work being the historical novel, "The Flaming Angel" (1909), and was a great student of Pushkin. After the October revolution in 1917 he joined the Communist Party, his poetical works include: "Tertia Vigilia" (1901); "Ubri et Orbi" (1903); "Stephanos" (1905).

Student, *Nelson*—Will you please tell me the area and population of British Columbia?

The area of British Columbia is 355,855 square miles, and its population by the census of 1941 was 817,861. In 1931 it was 694,263.

Press Comment

DROPPING THE HYPHEN

Some members of the House of Commons are waging war against what they call "hyphenated Canadianism." This, they say, is "an evil which does not fit into the world conception of Canadian citizenship or unity." Speaking during debate on the Government bill to define Canadian citizenship, Donald Fleming, Progressive Conservative Member for Toronto Eglington, said: "Canadians need more pride in Canada and a greater sense of achievement on the part of our country and our people. They are not conscious of being Canadians. . . . Those who exalt race above Canadian unity or Canadian citizenship do a great disservice to Canada."

He made a telling point when he reminded the House that: "We know perfectly well that so far as the great races of this country are concerned, racial purity is a biological myth." He added that *as a matter of fact*, and historically, those who first had the title "Canadians" were those persons born in the country of French descent. David Croll, Liberal Member of Toronto Spadina, declared: "Surely, after all these years, we are no longer English, Irish or French or German or Hebrew or Ukrainian Canadians. . . . From the time that this bill is proclaimed there should no longer be new or old Canadians—we all belong."

General G. R. Pearkes, V.C., Progressive Conservative Member for Nanaimo, B.C., stated that when he came to this country in 1906 and settled in Alberta, he simply bought himself a Stetson hat and a pair of chaps and presto! he was "one of the boys." However, he felt he had not become a Canadian until he had fought at Vimy Ridge—and with a Quebec unit. Being a Canadian, he asserted, was not incompatible with being a British subject.

Figures from the 1941 census show that our total population of 11,506,655 includes 5,715,000 Canadian-born citizens of British descent; there are 3,683,000 of French-Canadian birth; there are 2,500,000 new Canadians. Among these new Canadians are many who are handicapped by lack of knowledge and use of the English language, and by foreign-sounding names. Yet these new Canadians bring us great virtues—ambition, unremitting labor, arts and crafts and special skills, culture and ideas. All of which when fused in the melting pot will enrich this nation materially and spiritually.

Canada has so much to offer and is held in such high esteem by every nation today that we should all be grateful for residency within its borders. Canadian is an appellation of which we have every right to be proud, and no hyphen can add to its worth or distinction. —London Free Press.

BRITAIN WAS FAR AHEAD

The statement of Sir Charles Goodeve, the Manitoba-born head of British Admiralty research during the late war, to the effect that Britain was far ahead of her enemies in radar and other secret war devices, arouses further consideration of the technical contributions made by Britain in the cause of victory. A recapitulation of events and discoveries in the past decade, more particularly in the war years, reveals that British science, often in collaboration with Canadian research, produced a long and proud list of inventions, all of them in some way essential to the ultimate and victorious outcome.—Toronto Globe and Mail.

STALIN EXPECTS WAR

Russia expects war. Josef Stalin has said as much. Russia plainly hopes U.N.O. will serve to stave off the event, but expects war because Marxian doctrine holds that capitalistic nations are driven by economic forces to make war. So Russia is pushing every advantage, even at some risk to U.N.O., to assure security around her borders. A realistic American diplomacy would be based on that probably true explanation of Russian actions. It would seek to reassure Russian fear of inevitable war in the only way possible, which would be by demanding universal disarmament. There was no intimation of such a policy in the Byrnes speech.—Detroit News.

DAVID FLEMMING DECIDES TO EAT

BELFAST, June 10—David Flemming, the 27-year-old Irish Republican army prisoner, has ended a hunger strike after its 81st day.

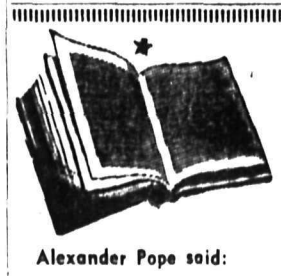
Prison doctors immediately prescribed a diet of brandy, milk and glucose for the emaciated Irishman who had abstained from eating for 77 out of 81 days.

DEPLORE IMMORAL READING MATTER

REGINA, June 10 (CP)—A resolution deploring the sale of literature of an immoral and obscene character was passed at the 38th session of the Synod of the Anglican Diocese of Qu'Appelle.

REFUSE OFFER

VANCOUVER, June 10 (CP)—The Advisory Committee of the Street Railwaymen's Union has rejected the B.C. Electric Railway Company's eight-point proposal for wage increases and shorter hours.



Alexander Pope said:

"Words are like leaves; and where they most abound,
Much fruit of sense beneath is rarely found."

OUR PRINTING EXPERT SAYS:

"There are a hundred uses for SHIPPING TAGS but as Pope said "Words are like leaves" so we will be very brief and just give you three examples:

FARMERS need them for their produce.

BUSINESSMEN need them for their merchandise.

MANUFACTURERS need them for shipping their goods.

We carry a complete stock of Tags in all sizes.

Kimberley Couple Exchange Vows

KIMBERLEY, B. C., June 10 — Decorated with a profusion of early summer flowers, All Saints' Anglican Church was the scene of a pretty wedding Saturday afternoon when Frances Claire, elder daughter of Mr. and Mrs. Walter Telling of Kimberley exchanged marriage vows with William Muir, son of Mr. and Mrs. W. Muir, also of Kimberley. Rev. Archdeacon B. A. Resker officiated.

Entering the church on the arm of her father, the bride was charming in her wedding dress which was designed in heavy white satin and net, her embroidered veil falling in graceful folds from a halo headdress of satin, and a bouquet of red roses, created a striking colorful contrast as all other accessories were in white, and her only ornament was a necklace of pearls, gift of the groom.

Attendants were: bridesmaid, Miss Joyce Gelling, sister of the bride, and Miss Dorothy Parks. The groomsman was Alex Bell.

Following the ceremony a reception was held at the home of the bride's parent's where the main table covered with a beautiful lace cloth, was centred with a three tiered wedding cake, flanked by tall tapers of pink and white, and white lilacs in crystal vases. The toast to the bride was given by William Telling, uncle of the bride.

For her wedding trip to Banff, Mrs. Muir wore a green with black trimmed dress-maker suit, and black plastic hat and accessories. Out of town guests included Mrs. Nellie Goldsbury, grandmother of the bride, Mrs. Roy Tipping and Mrs. Eddie Conroy, aunt and cousin of the bride, all of Robson.

RIOTING FLARES IN ALEXANDRIA

ALEXANDRIA, June 10 — Nine persons were wounded by hand grenades as Anti-British rioting flared in Alexandria last night for the second time in 24 hours. This brought the casualty toll to one dead and nineteen wounded.

The demonstration — a protest against the delay in evacuating British troops—coincided with London's Victory Day celebration.

The Premier of Egypt had acted yesterday to prevent a general strike which had been called for today.

TO CUT PAPER

VANCOUVER, June 10 (CP) — The Vancouver Sun announced last night that due to an "acute newsprint shortage, further accentuated by the continuing British Columbia lumber strike," the Sun may be forced within the next few days to reduce further the number of its pages.

NO IMMINENT CHANGE IN PARTY LEADER—EDEN

HALIFAX, June 10 (CP)—Rt. Hon. Anthony Eden, Foreign Secretary in Winston Churchill's wartime Government, told 5000 Canadian troops in a shipboard address today that "Canada has grown immeasurably in stature in this war."

"Unquestionably, and before all the world," Mr. Eden said, "Canada now stands as a land of hope and freedom, of courage and of enterprise. You are going home, your duty done; home to a land of brilliant record and unrivalled opportunity."

Mr. Eden, a member of a British delegation headed by Supply Minister John Wilmot, arrived here aboard the Aquitania on his way to the Empire Parliamentary Association Conference in Bermuda.

"We live in uncertain times," Mr. Eden said. "The victory is won, but there is as yet no assured peace . . . . The most farsighted men admit that they cannot see far ahead . . .

"In such conditions, there is a temptation to lose faith, to become cynical. That is a temptation against which we should at all costs give battle to counter it. We should assert our faith the more strongly. We should cradle them in stone, set steel to defend."

Later, in an interview, Mr. Eden was asked if there were imminent changes in the leadership of Britain's Conservative Party, headed now by Mr. Churchill. He replied: "Not that I know of."

Ship Hatching Eggs to Czechs

PRAGUE, June 10 (AP)—Six thousand hatching eggs arrived here by plane, a gift from the Illinois Poultry Improvement Association to Czechoslovakia.

Streptomycin, a new drug reputed to surpass penicillin, will be discussed. The general medical profession knows little about this derivative of fungus growth, and reports of various experiments will be placed before the meeting.

The sharp increase in venereal disease cases in Canada and the need for lifting of the "taboo" against social diseases will also come before the meeting.

The Annual General Meeting of the C. M. A. will be held June 12, when the retiring President, Dr. Leon Gerin-Lajoie of Montreal will hand over his badge of office to Dr. Wallace Wilson of Vancouver.

Intercept 400 Jewish Immigrants

JERUSALEM, June 10 (CP)—The 100-ton motor vessel Haviva Reik, with more than 400 illegal Jewish immigrants on board, is en route to Haifa under escort of a British warship after being intercepted Southeast of Ascalon.

A communique said the passengers were to be transferred to Athlit Staging Camp, where they may be later released and charged against future Palestine immigration quotas. A similar policy was adopted when another ship with nearly 1800 illegal immigrants was intercepted last month.

No more pressing down when you switch to PAL HOLLOW GROUND shaves! New Pal's marvelous *flexible* edge flicks delicately over your face—whisks off whiskers with a *feather touch*. New Pals are *rust-resistant*—rinse and shake to dry. Get a pack today. Ask by name for new PAL HOLLOW GROUND BLADES. 4 for 10c, 10 for 25c, 50 for $1.

A WARNING about your NEXT WINTER'S FUEL

NEXT WINTER'S FUEL SUPPLY depends upon your action today. Coal must be kept moving from the mines to household bins in order to employ skilled Western Canadian miners through the summer. One sure way to do this is to place your order today and accept delivery as soon as your coal dealer is able to make it.

It's up to you and your neighbours to get behind this effort for the common good of all. The present situation is critical, and *mines must be kept operating, but it can be solved* if everyone takes action now. Order your coal at once and assure yourself of comfort next winter.

FILL YOUR COAL BIN NOW!

DEPARTMENT OF RECONSTRUCTION & SUPPLY

ox Have Chance of Cracking ime Record for Wins

By JOE REICHLER
ssociated Press Sport Writer

e onrushing Boston Red Sox, a sudden collapse, have n outside chance of break- e coveted standards: Win- most games in one season, the pennant by the largest and clinching the flag at est date.

g already pocketed 39 of rst 48 games for a remark- average following Sun- eep of their doubleheader troit Tigers, the Red Sox tter the Chicago Cubs 1906 116 victories by winning ir remaining 106 contests. g an eight-game lead over their nearest rivals with more than 100 games to be played, Manager Joe Cronin's pace-setters may improve on the 1936 New York Yankees' record of wrapping up the flag by 19½ games. That same year, the Yankees clinched the championship Sept. 9—the earliest ever since the 154-game schedule was inaugurated in 1900.

The twin triumph over the world champion Tigers—by 7-1 and 11-6 scores—extended the Red Hose's latest winning streak to 10 games. With homers number 11 and 12 for Ted Williams, Southpaw Mickey Harris and Righthander Dave (Boo) Ferriss registered their ninth and 10th victories respectively.

Schwengers Cup Event Features Kootenay Open

As well as competing for the amateur golf championship of the Kootenay next weekend at the Nelson Golf and Country Club golfers of the West Kootenay will also be playing for the Schwengers Cup.

This is a team event based on the medal score of the four members of each club nominated to participate by their respective clubs. The scores are based on the qualifying scores turned in by the members of teams who will represent Trail, Rossland, Kaslo, New Denver, and Nelson. The event was won last year by the Trail team headed by Roy Stone who eventually copped the championship.

Trail is again favored to win with such sharpshooters as Roy and Harry Donaldson on the roster but Nelson will also field a strong team with Walter Duckworth, Gordon Allan, Gordon MacKay and Leigh McBride carrying the honors for the Queen city. Qualifying rounds are to be played on the Nelson course and the players will leave the first tee in threesomes commencing at 9 a.m. on Saturday of L. M. McBride, Royal Bank JJune 15. Entries are in the hands Building, Nelson. Nelson players may enter on the entry sheet posted at the clubhouse.

Dodgers Hammer Cards in Closer

Dodgers hammered out a 17-8 win over the Cards in the last league game in the bantam loop, Saturday forenoon. Both teams used two chuckers Scott and Leschuk chucked for the Dodgers, and Misuraca and Irwin did the mound work for the Cards. The Cards blew an 8-0 lead going into the last of the fourth as the Dodgers found their batting eye and knocked Misuraca out of the box.

Bachynski, Twelles and Lee Hyssop paced the Dodgers each scoring three runs, Leschuk and Scott scored twice each, while Zaitsoff, Ludlow, Christenson and Kennedy scored one run each. Benedetti led the Cards with two runs, while Stringer, Dozzi, Lee Hyssop, Vecchio, Irwin and McInnes got one each.

Batteries were: Dodgers, Scott, Leschuk and Bachynski. Cards, Misuraca, Irwin and Stringer.

18 Rotarians to Attend Senior Hockey Club Meet

The Rotary Club, at their meeting Monday in the Hume Hotel, nominated eighteen members to attend the Senior Hockey Club meeting which is to be held Wednesday night. Men nominated were: B Whimster, J. A. Ferguson, Dr N E. Morrison, H Peacock, L Peerless, W G. Harold, J Erb, C. House, B Thompson, H Harrison, Dr N Jennejohn, E Bodart, Mayor N C Stibbs, C. Fisher, P. G. Marrey, W Motion, W J. Hipperson and H A Doak

Visitors and Cranbrook Nines Share Honors

CRANBROOK, B. C. June 10 — Cranbrook High School eked out a 5-4 win over Cranbrook Sawmills in a Sunday inter-town doubleheader here.

Teen towners led 3-1 to the fourth inning when school hit seven signals for four runs in the lower fourth, after which they hit only once. Teen towners started the ninth with a run and had a man on base before the final put out. Globe Trotters, Summer Time Dynamiters, pulled up to 4-4 tie in the upper sixth and two subsequent homers and smart singles did the rest.

Lineups were:

Teen Towners — Miscisco, CF Pascuzzi 2B, Pierce 1B, Hale RF, Kusner SS, Carolie 3B, J. Marasco LF, Caravetta C, Smith P, V .Marasco and Hockley Subs.

School—MacKenzie Anglin Olafson Jones, Carston Ferguson, Allen, Riggs, Price ,Handley. Umpires Palmiere and Eberlin.

Globe Trotters—Kilburn C, Johnson P, Forsey CF, Moore SS, Harry Brown 1B, Sanerson 2B, Pegan 3B, Bob Brown LF, Bim Barker RF.

Sawmills—Wheaton 2B, J. Downey CF, Bell RF, Whitehead P, Jacobson 1B, Erickson C, Umpires Browell and Brooks.

Jack Johnson, Once Champ, Dies

RALEIGH, N.C., June 10 (AP)—Jack Johnson, former heavyweight champion of the world, died in hospital here of injuries he suffered in an automobile accident near Fracklinton, N.C., today.

The 68-year-old Negro died from internal injuries and shock.

Johnson won the heavyweight championship in 1908 at Sidney, Australia, when he scored a technical knockout over Tommy Burns of Hanover, Ont., in the 14th round. The Galveston, Tex., native, christened John Arthur Johnson, thus became the first negro heavyweight champion in history.

After holding the title for seven years, during which he defended his crown against many challengers including ex-champion Jim Jeffries, Johnson was defeated by Jess Willard in Havana, April 5, 1915.

Duck Conservation Necessary — Day

WASHINGTON, June 10 (AP) — Albert M. Day, Director of the United States Fish and Wildlife Service, today told the House of Representatives Conservation Committee today that a shorter duck-shooting season, a reduced bag limit or both might be necessary to halt an alarming decline in wild duck population.

MEXICAN, CANUCK TEAMS DRILL FOR ZONE MATCHES

MONTREAL, June 10 (CP) — "All set," was the comment today of both Laird Watt and Daniel Hernandez, playing captains of the Canadian and Mexican Davis Cup teams, on Thursday's opening matches in their North American Zone tie.

Both teams ran through a brisk two-hour practice session at the Mount Royal Tennis Club, where the tie will be played June 13, 14 and 15.

Cards Even With Bant Cubs

Cards evened their series in the best-of-three semi-final Bantam playoff games with the Cubs, when they won the second game 7-6 at the Civic grounds Monday afternoon. The Cubs took the first game last Saturday with a 13-12 win. The teams meet again in the deciding game next Saturday afternoon.

In Monday's game the fielding was good on both sides, and it took an extra inning to decide the winner. Both chuckers pitched steady ball, Misuraca of the Cards and Brown of the Cubs. Misuraca struck out 11 batters, walked 10 and hit one, but allowed only seven scattered hits. Brown for the Cubs struck out nine, walked two, and gave up 11 hits.

Irwin of the Cards and Shunter of the Cubs hit a double each for the only big hits. Benedetti, Misuraca, and Irwin scored two runs each and Dozzi one. MacLean paced the Cubs with two runs, and Koehle, Shunter, Dyke and MacDonald scored once each.

Batteries:

Cards, Misuraca and Dozzi; Cubs, Brown and Shunter.

Umpires—Bob McNabb and Herb Pitts; Scorer, Scotty Mitchell.

Charges Pirates Fighting Guild With Company Union

PITTSBURGH, June 10 (AP) — Robert Murphy, labor relations director of the American Baseball Guild, declared today the Pittsburgh Pirates' management had, in effect, formed a company union in attempts to break his guild.

The husky baseball unionist filed a petition before the National Labor Relations Board here, charging the club had:

1. "Urged employees to deal with management through a players' committee instead of through the Guild."

2. "By oral statements attempted to persuade employees to cease their membership in and activities in behalf of the Guild."

ONLY 5 MORE WORKOUTS FOR JOE

POMPTON LAKES, N.J., June 10 (AP)—Settling all arguments as to just how far along he believes he has come in his training, Joe Louis made it clear today he will work out only five more times before meeting Billy Conn in Yankee Stadium June 19.

"I'm in good shape and by the time the fight comes around, I'll be ready for the full 15 rounds," Joe explained as he took the day off from drilling which has sliced his poundage to 212.

"I may not have to go the full route, because I'll take advantage of the first chance to end it that comes along."

There is no doubt, watching him in his workouts here, that Joe has come a long way. The experts admit he is approaching top form.

He has lost considerable of the speed he had before the war, and his defensive reflexes don't click any too well, but he won't be short in his conditioning.

TO TRY OUTBOXING CHAMP
By GAYLE TALBOT

GREENWOOD LAKE, N.J., June 10 (AP)—Billy Conn sat relaxed at his training camp today and told exactly how he intends to win the heavyweight crown from Joe Louis June 19.

The Pittsburgh scrapper has a great deal of respect for the big negro who knocked him out in their last meeting. He simply has it figured out to his own satisfaction that he can win this time.

"I won't be trying for any knockout," he said. "I tried that the last time, and Joe fixed me good. This time you can bet I won't try anything like that unless I've seen Joe bounce off the canvas."

Billy paused to laugh a little grimly at his own joke.

"Joe's a good boxer, too," he continued. "The only way to beat him is to box him, and I mean to keep going from side to side—not just in and out."

"He didn't hurt me once until that 13th round, and he hit me quite a few before that. Some people seem to think if Joe Louis hits you you're dead. Shucks, I got hit harder than he hit me by a middleweight named Rankings out in Chicago."

The fighter he recalled so vividly was Oscar Rankins, whom Conn finally beat on a decision in 10 rounds after having been dumped on the canvas in the second heat.

Conn weighed 182 when he climbed out of bed today, or only two pounds above what he wants to scale on the day of the fight.

Red Sox Stretch Win Streak to 18, Climbing Cubs Stopped

By STEVE ROBERTSON
Canadian Press Staff Writer

Again it has been shown that adversity can't keep a good team down as the Detroit Tigers trounced New York Yankees 11-3 at New York yesterday, to score their first victory in five American League meetings with the Yanks.

At Boston the Red Sox increased their string of undefeated starts against Western opposition to 18 by taking a 6-3 decision over Cleveland Indians. The pennant-rushing Sox also lengthened their American League lead to nine games.

END CUBS' RUSH

In the National League day games, Philadelphia Phillies cracked Chicago Cubs' seven-game winning streak with a 9-8 victory; Boston Braves cooled off the Pirates' fifth-place aspirations by slugging out a 10-5 decision and a superb relief job by righthander Bob Malloy enabled Cincinnati Reds to wrest a 7-5 victory from New York Giants.

Informal Dinner Opens Druggists' 5-Day Program

British Columbia druggists, fresh from a caravan visit to Trail, capped the day with an informal dinner at the Golden Gate Cafe Monday evening. Fifty-three were served.

E. A. Mann, Chairman of the Nelson Convention Committee, presided at the dinner and welcomed the visitors.

Druggists from all corners of B.C. Sunday night completed a tour of the Okanagan Valley en route to Nelson for the 55th annual convention of the Pharmaceutical Association of British Columbia. They have an extensive program scheduled for their five day stay in Nelson.

While in Trail they made a tour o fthe Consolidated Mining & of the Consolidated Mining & luncheon arranged by the Trail druggists. Speakers there were R W. Diamond, Vice-President and General Manager of the Consolidated, J. W. Crooks, President of the Association, Dean E. L. Woods, Dr. Allen White and J. H. Fullerton, Editor of the Official Journal. Chairman was E. W. Hazlewood of Trail.

Sportsman's Map Is Off the Press

A sportsman's map of West Kootenay has been published by the West Kootenay Rod and Gun Clubs' Association. With the International Boundary as its southern limit, the chart pictures an area 135 x 105 miles, reaching as far north as Arrowhead and running East-West from Kingsgate to Grand Forks. Although it is scaled at five miles to the inch, the map is conveniently folded into pocket size for the fisherman and hunter.

Showing the districts where all types of big game and the various members of the trout family may be found it points out tourist resorts, main and secondary highways and shelters for boats. The back of the folder is covered with advertising of interest to the travelling sportsman and includes an explanation on seasons, licences and regulations. The maps will be obtainable from the advertisers.

Trail Rod and Gun Club is now distributing the map.

Deaths

VICTORIA—One of Victoria's leading sports figures and most popular school teachers, R. H. "Bob" McInnes, 59.

MONTREAL — Arthur Trevor Tremaine, 60, manager of the Safety Deposit Department of the Royal Bank of Canada.

The comprehensive coverage of daily newspapers was illustrated recently when an advertisement featuring an all-steel swimming pool drew 1000 inquiries within a month after insertion.

WINS INQUIRER

PHILADELPHIA, June 10 (AP) —Herman Barron, the White Plains, N.Y., veteran, won first prize of $2500 in the Philadelphia Inquirer Golf Tournament today, edging out youthful Lew Worsham, Bethesda, Md., by three strokes in their 18-hole playoff. Barron carded a par 70; Worsham had 73.

Gyros Hear of Depth Charges

Derek Tye, Navy veteran, gave the Gyro Club at the Hume Monday night, a brief outline of the use of depth charges in World War II.

Resembling an ash can, the depth charge, he related, was kept in two places on the ship, the deck storage and the magazine, which was specially prepared for it. The type of explosive varied with the type of charge and it was fairly harmless until given "the sting." Depth was regulated by a disk on top of the pistol and the charge could be shot into shallow water and not explode.

Certain charges were more potent and were set according to the depth of the sub, and they also allowed for sinking time, as the average sub could not travel very fast.

C.M. & S. Declares $1.25 Dividend, 75 Cent Bonus

MONTREAL, Que., June 10 — Dividend of $1.25 and a bonus of 75 cents per share for the six months ending June 30 was declared today, payable July 15 to shareholders of record June 18, by the Consolidated Mining and Smelting Co. of Canada Ltd.

SINGLES FINALS TODAY

PARIS, June 10 (AP) — Yugoslavia's Davis Cup team fought back into the running in the European Zone semi-finals today by taking a bitterly-fought five set doubles match from France, 8-10, 8-6, 6-3, 5-7, 10-8.

France won the first two singles matches Sunday, each going five sets. The deciding singles are scheduled for tomorrow.

Face Obligations Forbes Counsels Nelson Rotarians

Rev. Stewart Forbes told Rotarians Monday at the Rotary Club meeting in the Hume Hotel, that their chief responsibility was to live a good life all the time and face difficulties when met. Rotary was first, of all service clubs, and as Leslie D. Weatherhead stated in his book "The Quest of the Kingdom," thousands joined the Rotary Club to do good by stealth, and be religious without being found out.

Their obligations were to do their part when called upon, take their duties seriously as citizens of the world, and not content themselves with trifles. They had power to do things and need not depreciate their ability, he asserted. They could go to the roots of matters and bend their attention to what was radical. "As goes the Chinese proverb, that in the wide world it is only the heart of a man that is evil."

Mr. Forbes went on to say that he liked especially to stress the international aspect of Rotary. As one who had spent most of his life have superior men, you will not abroad, this aspect of Rotary appealed to him. "Unless you ascend the lofty mountain, you will not see the great plain; and unless you recognize the mean men."

A Rotarian's obligation to do his part was not confined merely to eating a good dinner, and being a good companion, but also to living a real life at all times. The Chinese had many proverbs concerning their priests, and many of them were far from being complimentary: "On that day which he acts as a priest on that day he strikes the bell; When he is not acting as a priest, he will not lift a finger."

To bring it up to date, Mr. Forbes related, on Monday "he is a good Rotarian, on other days he does nothing." There might be difficulties, but Rotarians had to face them.

C.P.R. Declares Dividend

MONTREAL, Que., June 10—At a meeting of the Board of Directors of the Canadian Pacific Railway Company today a dividend of two per cent on the preference stock in respect of the year 1946 was declared payable on August 1 to stockholders of record July 1, 1946.

Sir Francis Drake was the first Englishman to circumnavigate the earth.

Mines Chamber Promised Minister's Aid

Every consideration would be given their requests, Hon. R. C. MacDonald, Minister of Mines, told about 20 mining men who met the Minister at the Chamber of Mines office at Nelson Monday afternoon.

The group urged that the old Mining Act remain in force, with the exception of minor changes, instead of having the proposed new Act put into effect. Mr. MacDonald promised to study the matter and said there would be no change with the approval of mining men as a whole in the Province. He would also study their request for return of resident mining engineers.

He advised the Chamber to hold annual conferences at which they could draw up resolutions to be laid before the House. He pointed out that the Municipalities Union was one of the healthiest organizations in the Province for the reason that they met annually, their resolutions being generally acted upon in the House.

One of the topmost subjects was that of the prospector grubstake, also replacing of grants for prospectors in this District, and the Minister promised careful consideration of this.

Succeeds Blaylock on C.P.R. Board

MONTREAL, June 10—Louis la Course Lang of Galt, Ont., President of Lang Tanning Company of Kitchener, Ont., and of Mutual Life Assurance Company of Waterloo, Ont., today was appointed a director of Canadian Pacific Railway Company at a meeting of the Board. He succeeds the late S. G. Blaylock of Trail, B.C.

George W. Spinney, CMG, President of the Bank of Montreal and a director of the Canadian Pacific since February of 1944, was appointed a member of the Executive Committee of the Canadian Pacific Board of Directors to replace the late Morris W. Wilson, CMG.

The new director, Mr. Lang, is a former president and one of the founders of Canadian Finance Corporation which has done much to encourage the agricultural industry in the Prairie Provinces. A former president of the Canadian Manufacturers Association he is a director of numerous industrial and financial institutions. He is a member of the Dominion Executive of the Boy Scouts Association.

"What the world needs is more good neighbours."

"Yes, Frank, there's a whole tangle of troubles to be straightened out all over the world. Makes your head swim to think of it."

"And yet, Jim, most of it springs from one cause . . . suspicion. You and I wouldn't be very good neighbours if we suspected each other of all sorts of skullduggery. Actually, what the world needs is more good neighbours."

"Yes, the life insurance business is a good example. British life insurance companies have had offices in Canada since 1833 and several of our Canadian companies are well known throughout the United Kingdom."

"What about American companies?"

"We found it good business to be good neighbours with the American life insurance companies. We welcome them here. They carry almost one-third of all the life insurance in force in Canada. And our Canadian companies are well liked in the U.S.A. where they do a large and increasing business. As a matter of fact, they are well and favourably known throughout the world. Nearly half the business of the Canadian companies is outside Canada."

. . . . . .

Life insurance is truly an international business—a neighbourly business. At home Canadians buy their life insurance as they choose from British or United States or Canadian companies. And our Canadian life insurance companies abroad! Who can assess the value to Canada of the confidence in the Dominion which they have built up over the years in their dealings with tens of thousands of foreign clients and of their services in establishing Canada's reputation for financial integrity and security throughout the world?

A message from the Life Insurance Companies in Canada and their agents.

NAVAL CUSTOMS AND TRADITIONS No. 4

NIGHT ROUNDS: Although the great Nelson officially died at the battle of Trafalgar, many customs of today's Navy teach Jack Tar that Nelson's spirit lives on. "Night Rounds" are still being made with a huge brass candle lantern containing a single lonesome candle. For practical purposes, a powerful electric torch is also carried — but the Navy continues to cherish the glow of tradition which radiates from this 18th-Century lantern!

Holiday Closes Stock Markets

OTTAWA, June 10 (CP) — The King's birthday, a statutory holiday in Canada today, apparently is not being widely observed except by Government offices, banks and financial institutions.

None of the Provinces proclaimed it as a holiday, most newspapers published as usual and even Parliament was scheduled to sit in Ottawa.

The King's birthday actually falls on Dec. 14, but due to its nearness to Christmas, June 10 was proclaimed a Dominion statutory holiday for the celebration. Government offices and banks are obliged to observe statutory holidays and the lack of banking facilities resulted in closing of the Toronto and Montreal Stock Exchanges, the Winnipeg Grain and many insurance and other financial houses.

NEW YORK, June 10 (AP)—Selected stocks did fairly well in the market, while many leaders still had to contend with light profit cashing.

No Bread, No Meat, But Salami

WASHINGTON, June 10 (AP)—A woodworker clad in work clothes appeared before a sedate Congressional committee today, flourished a loaf of bread and complained he'd spent two hours and searched five bakeries to find it.

The unscheduled witness, F. L. Frillman of Washington, had a double tale of woe to relate to the Senate's Small Business Committee, which is trying to find out the reasons for the bread shortage.

On top of the bread scarcity, Mr. Frillman lamented, it's getting so you can't find meat—"nothing but Salami."

"And the only way to eat Salami," he said, "is in a sandwich and the only way to have a sandwich is with bread, and you can't get bread now."

August Is No Time for Hockey Hopefuls

TORONTO, June 10 (CP)—August is the time for swimming and baseball, but not for 200 hockey hopefuls who will try out for places on eight Scottish Hockey League teams during the first three days in August.

Keith Kewley, the loop's chief coach, will be assisted by a staff of eight in making the selections.

Successful contenders will sail for Scotland in September where they will be welcomed by 20 teammates — Canadian ex-servicemen who married Scottish girls.

SHARPSHOOTERS DEFEND CHAMPIONSHIP

MONTREAL, June 10 (CP) — Sharpshooters of the Calgary Rifle Club successfully defended their Dominion Championship against 134 of the country's leading gun clubs in a nationwide sporting rifle tournament, the Dominion Marksmen Organization announced today.

Montreal Captain Wins French Award

OTTAWA, June 10 (CP)—Defence Headquarters today announced award of the French Croix de Guerre avec Palme to Capt. Lionel G. D'Artois, D.S.O., of Montreal, for outstanding service with the French forces of the interior prior to the Allied invasion of the continent.

MONTGOMERY ARRIVES AT CAIRO

CAIRO, June 10 (Reuters)—Field Marshal Viscount Montgomery, who is to visit British troops in the Eastern Mediterranean before taking up his duties as chief of the Imperial General Staff, arrived here this afternoon.

He left Britain Sunday and stopped at Malta en route.

Ottawa Citizen Gets Out Larger Strike Edition

OTTAWA, June 10 (CP)—The Ottawa Citizen today expanded its "strike edition" to eight pages as differences between the management and 45 composing room employees, members of the International Typographical Union (AFL) appeared no nearer settlement.

The typographers left work May 30 in answer to a call by I.T.U. officials who are seeking a master agreement with newspapers of the Southam Company, Ltd., and subsequently Citizen stereotypers and pressmen declined to "executive struck work."

Last week the Citizen published single four-page editions daily. Today's edition, like the earlier ones, was made up partly of photo-engraving of typewritten copy and was distributed without charge.

The dispute, which originated from a work stoppage by typographers of the Winnipeg Tribune and Winnipeg Free Press last Winter, also affects Southam Newspapers in Edmonton, Vancouver and Hamilton.

Following an "informal chat" with union representatives of the typographers, pressmen and stereotypers last week, H. S. Southam, publisher of the Citizen, issued a 1000-word "open letter" to them in which he suggested that Harry Finch, International I.T.U. representative, "should now back up before it is too late and call off these sympathetic strikes."

Mr. Southam said that Mr. Finch had made an "error" in the Winnipeg work stoppage and "he now seems to us to have made a similar error only on a large scale in calling a sympathy strike to a lost cause. . ."

He said that the Union should realize that its "suggestion" that the Winnipeg Tribune take back the I.T.U. members, formerly employed in its composing room "is now impossible of acceptance." The Tribune had taken "months of strenuous work" to replace them with "loyal" staff members.

A continued strike "undoubtedly" would "force the publishers of other Southam newspapers into the same position which was thrust on the Winnipeg publishers."

Prairie Labor Demand Heavy

WINNIPEG, June 10 (CP)— Demand for both male and female workers in Alberta, Saskatchewan and Manitoba has shown a marked increase.

In the five week period ending May 16, 11,143 male workers were sought compared with 8,805 in the previous month and jobs registered for females rose from 4732 to 5380.

A total of 14,630 male and 5434 female applicants were placed.

Brigadier Spoke Without Orders

OTTAWA, June 10 (CP)—Defence Minister Abbott said today in the Commons that a statement attributed to Brig. R. A. E. Morton, Camp Borden Commander, that troops under his command were prepared to help the civil authorities in quelling strike disorders, should not have been made without reference to Defence Headquarters.

M. J. Coldwell, C. C. F. leader, said that the Morton statement might be construed as an attempt to inimidate workers.

Mr. Abbott said Brig. Morton had spoken on his own authority. He said it was well known that all military commanders had to be prepared to assume responsibility for maintaining order if called upon to do so by provincial attorneys' general.

He said no special arrangements had been made at Camp Borden and no leaves had been stopped.

Pauley Says He Will Do Anything President Wants

WASHINGTON, June 10 (CP)—The White House today termed "purely speculative" a published report that Reparations Ambassador Edwin W. Pauley will visit Moscow in July, possibly to make contact with Premier Stalin on President Truman's behalf.

In sequel, Mr. Pauley told newspapermen: "I don't know a thing about it. There has been no discussion or communication along that line. However, I'll do anything the President wants."

LABOR ADMITS ARGENTINE DELEGATE

SEATTLE, Wash., June 10 (AP)—The workers' group of the International Labor Organization Maritime Conference today voted to seat the Argentine worker delegate and his advisors "pending any formal protests to the credentials committee." It accepted the statement of the delegate, Capt. Leonard Amado Fazie, secretary of the Association of Sea Captains, that his union was "true trade union, not political, and absolutely independent of the government."

PRISONERS FLEE

TIMMINS, Ont., June 10 (CP)—Nine German prisoners of war escaped Saturday from a lumber camp of the Abitibi Power and Paper Company at Smooth Rock Falls, Royal Canadian Mounted Police said today.

CALCUTTA, June 10 (Reuters)—A police and a fire brigade were called out here last night when a crowd set a military truck on fire and stoned other vehicles. The disturbance arose after the truck had killed one pedestrian and injured another at the city's principal crossing.

Mihailovic on Trial for Life

Tommy-Gun Soldiers Guard Accused Officers in Serbia Treason Trial

BELGRADE, June 10 (AP)—Grizzled Draja Mihailovic today went on trial for his life.

Former King Peter's War Minister sat in the dock with 23 co-defendants accused by Marshal Tito's Government of treasonable relations with the Germans. Also on trial in absentia were 10 others.

Mihailovic, dressed in a plain brown uniform and heavy army shoes, came into court with quiet dignity. He was unguided, despite reports that his near-sightedness had grown to near-blindness in recent months.

In preliminary questioning the chief defendant spoke out loudly and answered "general of the army" when asked his occupation.

COURTROOM PACKED

The floodlighted courtroom, an auditorium in an infantry school in a Belgrade suburb, was packed with 1100 spectators, including about 100 foreign and Yugoslav journalists and newspaper photographers.

The defendants sat on hard, straight benches facing a high, green-draped bench occupied by three military judges. Behind each defendant was a soldier with a Tommy-gun. Court President Mihailo Djordjevic, President of Serbia's Supreme Court, opened the proceedings with the proclamation, "Today begins the trial of the accused Draja Mihailovic."

The President read the list of lawyers for the defence, explaining that the court required some to carry out the duty although the chosen lawyers had declared they did not want the task.

CHARGE COLLABORATION

"The accused who are absent are defended by lawyers appointed by the court," the President continued.

The prosecution will attempt to show that a close link existed among the forces under Gen. Mihailovic, former War Minister in King Peter's Government-in-exile; other leaders in Peter's Government; and the Yugoslav Government headed by Premier Field Marshal Milan Medic during the German occupation.

Reports That Premier Hart May Resign; Rumors That He May Get B. C. Vacancy in the Senate

OTTAWA, June 10 (CP)—Reports that Premier John Hart may resign as British Columbia's Liberal leader some time in the near future led some of the Members of Parliament from that Province to speculate today that one of their number, James Sinclair (L—Vancouver North), might succeed him.

There is interest here in this week's convention of the British Columbia Progressive Conservatives which will see a new leader chosen and which also probably will see decision made as to whether to continue the Liberal-Conservative coalition which now rules the Province.

From that convention may come the cue as to the course of Provincial politics for some time, one member said.

The speculation about Premier Hart arises from his age—67—and rumors that he may get the British Columbia vacancy in the Senate. It is attached, too, to the knowledge that Mr. Sinclair would like to return to the Provincial political field.

Now 38, he is a former Rhodes Scholar, and served overseas with the R.C.A.F. in the Second Great War.

Conservative members explain the slim representation at Vancouver by the long time absence involved from the budget debate. There have been reports, however, that it is connected with disappointment at the failure of one of their number, Howard Green (PC—Vancouver South), to obtain the post of Attorney-General in the British Columbia Government some time ago.

Shipowners Appeal to Union Heads To Put End to "Gangster Methods"

By THE CANADIAN PRESS

The strike of Lake Seamen today entered its third week with ship operators scheduled to meet in Toronto to consider a settlement plan advanced by The Canadian Seamen's Union and described as a "final offer." While immediate acceptance of the plan was considered unlikely the attitude adopted by the operators might, it was thought, indicate possibility of an early agreement.

Basis of the Union's plan was a reduction of the present 12-hour day to eight hours, a change which already has been accepted in principle by the operators, but coupled with that was a demand for recognition of the union as sole bargaining agency on the lakes and withdrawal of charges against seamen for strike activities.

Oil tankers on which crews already have an eight-hour day became increasingly involved as the C.S.U. members took action in an effort to have the companies sign agreements with the union. The Imperial Oil Company tied up five ships at Sarnia, Ont., with the explanation that the crews might be injured and property damaged if they continued to operate.

At Port Colborne, Ont., the British-American Oil Company tanker Britamoil was stranded when pickets boarded the ship and induced the crew to leave.

Steamship Line was shifting non-union crews from one ship to another off-shore to prevent interference by pickets.

C. S. U. President J. A. (Pat) Sullivan in a statement complaining of "gangster methods" used by strikebearers said he proposed enlisting the cooperation of the Trades and Labor Congress and Canadian Congress of Labor—Canada's two largest labor groups—to halt such practices.

A meagre bright spot appeared in a union announcement that an agreement had been reached with the Northern Paper Co., Hearst, Ont. As a result, one of the approximately 100 ships tied up along the Lakes—the Norco at Sault Ste. Marie—will move again.

Grange Has Optimistic View of Baseball

By CHARLES DUNKLEY

CHICAGO, June 10 (AP)—Football's immortal "Galloping Ghost"—now a thick-set insurance broker of 43 envisioned a second lush post-war era for the game.

Harold (Red) Grange, whose legpattern across the gridiron at the University of Illinois 20 years ago still has his heart fixed on the spot that once showered him with cash and glory.

By CHARLES DUNKLEY

"They talk of de-emphasizing college football and professional leagues killing each other off," declared Grange, "but the big stadium is here to stay and fans will always be crowding to fill it."

The glass or plastic-enclosed stadium will eliminate weather hazards from football and make every playing date a financial success, says Grange, who now weighs 208 pounds compared with 173 at the height of his collegiate career.

Drunken Driver— But on Horse

TIMMINS, Ont., June 10 (CP)—A 27-year-old man appeared in court here Saturday on a new charge—drunkenness while riding a horse.

The man was seen in an allegedly intoxicated condition and trying to master his prancing steed in an impromptu rodeo exhibition in a downtown residential area.

COMMONERS SING "GOD SAVE THE KING"

OTTAWA, June 10 (CP) — The Commons today unanimously adopted a motion expressing to His Majesty the King "loyal greetings and bers on this the day when the King's bers on this the ay when the King's birthday is celebrated in Canada.

The motion was moved by Acting Prime Minister Ilsley. Gordon Graydon (PC-Peel), Acting Leader of the Opposition, suggested members sing "God Save the King." This was done with those in galleries joining in.

KILLED ON HIGHWAY

WINNIPEG, June 10 (CP)—Clifford Parrier, 20, of Ile des Chenes, Man., died in hospital from injuries received a week earlier when a light truck turned over on a highway.

JAP DISGUISED AMONG CHINESE

TORONTO, June 10 (CP)—Inokichi Kojima, 46, alias Mitsua Yoshioda, sought for deportation to Japan, was arrested Saturday night in the kitchen of a downtown Chinese restaurant, where he had been employed as a dishwasher.

SHEEP CREEK GOLD MINES LIMITED
(Non-Personal Liability)

May Ferry Figures Up Considerably

All district ferries showed a great increase in traffic during May, compared to that of figures the same month last year.

Nelson Ferry reported the greatest increase in all traffic with over 5000 more passenger autos and 2600 more passengers. Castlegar ferry showed the greatest increase in passengers carried with 7600 more than the previous year.

Reports on three of the ferries are:

Nelson Ferry	1945	1946
Round Trips	1578	1977
Passenger Autos	5230	11,713
Passengers	19,581	46,039
Freight (tons)	660	898
Horses	3	6
Cattle	3	3
Motor cycles	1	12
Trucks	1596	3074
Castlegar Ferry		
Round trips	3138	2910
Passenger Autos	7729	10.538
Passengers	28,602	36,287
Freight (tons)	2053	2313
Horses	18	23
Cattle	44	17
Trucks	3709	4778
Rigs	53	46
S.S. Nasookin		
Round trips	62	63
Passenger autos	544	1075
Passengers	1519	3530
Freight (tons)	133	765
Horses	9	6
Cattle	1	5
Trucks	217	342
Rigs	3	4
Motor cycles	1	3

Mexico Wants To Get Into World Series

MEXICO CITY, June 10 (AP) — A "real" World Series between the winner of the American-National League Series in the United States, and the champion of the Mexican Baseball League will be proposed formally to A. B. (Happy) Chandler tomorrow by Mexican League President Jorge Pasquel.

Pasquel told reporters tonight that the playoff between the American and National Leagues was not a true World Series.

Cubs One Up In Card Playoff

Cubs took the first of their two out of three semi-final games against the Cards in Saturday afternoon's opener at the Civic grounds by a 13-12. They meet the Cards again Monday afternoon in the second game. Two homers, one by Lorne Dyke of the Cubs and one by Syl Benedetti of the Cards featured a game replete with plenty of hitting by both sides. Norm Hyssop drove out a triple, Irwin and MacDonald doubles. Brown on the winning Cubs mound whiffed nine batters via the strikeout route, walked one and gave up nine hits. Misuraca struck out five, walked nine, hit one and allowed nine hits. Dyke and MacDonald paced the Cubs with three runs each, Bone two, Koehle, Brown, Shunter, Burgoyne and MacLean one run each. For the Cards, Benedetti and Irwin scored three each, Misuraca and Hyssop two each, McInnes and Dozzi one each.

Batteries were: Cubs, Brown and Shunter; Cards, Misuraca and Stringer. Umpires, Slim Porter and Jack Harry. Scorer, Scotty Mitchell.

Yanks Nose Out Dodgers, Opener

Yanks nosed out the Dodgers 14-13 in the first of two out of three games in their round of the semi-final bantam baseball playoffs at the Civic grounds Saturday afternoon.

The Yanks had tough luck during the games with injuries taking out their two catchers and their shortstop. Gordy Pickering returned after being patched up in time to replace Al Hood who received a hard hit ball in the face. Tinker Young got a foul tip in the adams apple and was shifted out to third base with Peter Home going in to finish the catching chores. Todd drove out a double for the only big hit for the Yanks. Scott hit two triples, Bachynski, two doubles, and Zaitsoff a double for the big hits of the Dodgers. Jimmy Todd, chucking for the Yanks, was in difficulty most of the game without a good catcher. He struck out six, walked five and allowed 11 hits. Charlie Christenson on the Dodger mound struck out nine, walked six, hit one and yielded 10 hits. MacLean led the winners with three runs, Todd, Hood, Carmichael, Macleod, and Sturgeon got two runs each, and Pickering one. For the Dodgers, Scott and Kennedy scored three each, Zaitsoff tow, and Bachynski, Christenson, Leschuk, Lee Hyssop, and Posnikoff one each.

Batteries were: Yanks, Todd, Pickering, Young and Home; Dodgers, Christenson and Bachynski. Umpire, Jack Harry; Scorer, Scotty Mitchell.

Tigers Nose Out Bantam A's

Tigers further entrenched themselves in second place in the Peewee Baseball League when they nosed out the bottom place Athletice 16-15, in another game at the Civic grounds Saturday afternoon. It was nip and tuck most of the way between these teams, with the Tigers scoring the winning run in their last time at bat in the seventh.

Both squads used two chuckers Koehle and Jim Reid shared the mound work for the winners, and Posnikoff and Langstaff were on the hill for the A's. Jim McNabb led the Tigers with three runs, Hunter, Ludlow, Jordan, Stenson, Reid and Fleming scored two runs each, and Seminoff one. The A's were paced by Langstaff with five runs, Richardson and Posnikoff got three each, Woodall, Scott, Pickering and Duck one run each.

Batteries were: Tigers, Koehle, Reid and Ludlow; Athletics, Posnikoff, Langstaff and Burns. Umpire, Slim Porter and Denny Kraft; Scorer, Scotty Mitchell.

Kid Baseball Schedule

Kid baseball schedule for the coming week will see a continuance of the semi-final playoffs in the Bantam League, and more league games for the Peewees as follows:

Monday—4:00 o'clock—Cubs vs Cards, second game in semi-finals.

Tuesday — 5:00 o'clock — Athletics vs Giant Peewees.

Thursday — 5:00 — Yanks vs Dodgers, second game in semi-finals.

Friday — 5:00 — Giants vs the Tigers, Peewees.

Juniors Go To Castlegar Wed

Fairview Athletic Club's junior baseball team will hold a light work out Monday evening at the Civic grounds in preparation for their game this Wednesday at Castlegar against the Castlegar Intermediates. Last Wednesday the Castlegar team gained a hard earned victory over the Juniors on the Nelson diamond. Players for this evening's workout will include, Ron Cathcart, Bob Koehle, Herb Pitts, Fred Koehle, Stan Fisher, Bob McNabb, Jim Todd, Bob Hallbauer, Alec Clark, Bob Pitts, Charlie Christenson, Johnny Irvine and Coach Roy Anderson.

Better Golf

By SAM SNEAD

Golf is a scientific game as well as a lot of fun and half the thrill comes from studying the problem each shot offers. When you step up to a ball you must determine the distance you want it to travel, the direction it is to go and what you want it to do after it hits the ground. By that I mean, do you want it to stop dead, roll some distance or roll just a short distance? There are about fourteen clubs in a tournament bag, each club designed for a different purpose. Each club calling for variation in stance. Only the player who has really studied golf and preferably with a good pro, is competent to point out flaws in your swing. For most players it is nearly impossible to develop a good swing without some kind instruction. Since you can't see yourself swing you're apt to merely practice your errors instead of practicing correct technique. Unconsciously you may be swinging down outside in across the direction line, or moving your head either in the horizontal or vertical plane. And that's why good instruction helps.

(Editor's Note: Send for the printed diagram showing the ball in relation to stance for all normal wood and iron shots. Just enclose a 3c stamped, self-addressed envelope for reply.)

Triples—Edwards, Cleveland, 7.

Home runs—Keller, New York, 13.

Stolen bases — Stirnweiss, New York, and Case, Cleveland, 10.

Pitching — Ferris, Boston, 10-0, 1.000.

Plans Break Draft Deadlock

WASHINGTON, June 10—Representative John Sparkman of Alabama has come forward with a compromise that may break the deadlock between the United States House and Senate over extension of the draft.

The House voted overwhelmingly to exempt teen-agers from selective service, and limit inductions to the 20-through-29 age group.

The Senate voted as decisively to continue the draft on the present basis, from 18 to 44.

Sparkman's idea is to allow the induction of 18-years old, but prohibit their use for service Overseas unless they volunteer.

Australian Apples On Way to Montreal

TORONTO, June 10 (CP)—Believed first cargo of its kind ever landed in a Canadian port, a shipment of 88,000 cases of Australian apples is on its way to Montreal. The shipment is being brought here for distribution in Eastern Canada.

Beaver Poaching Behind Murder!

DALTON MILLS, Ont., June 10 (CP)—In police custody, Emile Bouchard, 24, was on his way to this lonely Algoma District sawmill settlement in the bush country 44 miles Northwest of Chapleau, to face questioning about the mysterious disappearance of Dan Tessier, 34-year-old trapper and sawmill worker, missing from his home here since last Tuesday.

Investigators were working on the theory that Tessier was shot from ambush near his trapping camp on Shikawamka Lake eight miles from here and thrown into the lake. Bush land rumors link the alleged shooting affray with Tessier's part in helping to stamp out beaver poaching in the Dalton Mills area.

Tessier was to have been the Crown's chief witness Friday at the hearing in Chapleau of charges against Bouchard of breaking and entering the Jackpine River cabin and against Maurice Bouchard, Emile's younger brother, of stealing a boat. The charges were laid by Tessier and by his trapping partner, Alfred Bougie, 41, who accused Maurice Bouchard of stealing the boat.

Also booked for a court appearance Friday was Aurele Bouchard, a third brother, charged with illegally carrying a gun in the Chapleau game preserve and with having muskrat pelts.

Deaths

TORONTO, (CP) — William B. Pollard, 65, for many years active in the leather business, from 1939 to 1946 President of the Canadian Lawn Bowling Club.

ST. THOMAS, Ont., (CP)—John Charles Ponsford, St. Thomas, retired warden of Kingston Penitentiary.

WARMINSTER, Wilts., England, (CP)—Thomas Henry Thynne, 83, fifth Marquess of Bath, a former Parliamentary under-Secretary of State for India.

SEATTLE, (AP)—Frederick Karl Struve, 74, pioneer, Washington and Seattle capitalist. Born in Vancouver, Wash., the son of Judge and Mrs. Henry G. Struve.

Castlegar Legion Welcomes Members

CASTLEGAR, B. C. — At the Castlegar-Robson branch of the Canadian Legion. A welcome was extended by President Humphries to W. Toogood, who has recently returned from Whiterock. In reply, Mr. Toogood gave an account of the activities of the Canadian Legion branch there.

The meeting also welcomed R. Couch, who is to return to Shaughnessy Hospital for more treatment. Vice-President Stan Horswill is also at Shaughnessy undergoing treatment.

The condition of the picnic grounds was discussed. Although at present, a regatta would be more fitting, the committee in charge assured that the annual picnic would be held.

A vote of thanks was unanimously passed to the committee in charge of last weeks entertainment. *Members present gave amusing accounts of their experiences overseas.*

Ladies to Try Again in Ten Pin Replay

Presidents have challenged Vice-Presidents to a re-match in the Legion Alleys next Tuesday at 7:30 after losing by only 29 pins last week in a ten pin contest. Those who will be playing for the Presidents are Skip Mrs. J. Edwards, Mrs. A. Kraft, Mrs. J. Chapman, Mrs. C. DeFerro and Mrs. S. Newell; for the Vice-Presidents Skip J. Hamson, A. Ritchie, R. Olsen, R. Riley and S. Newell.

Alexander Leaves on Return Flight to Canada

LONDON, June 10 (CP-Cable)—Viscount Alexander, Governor-General of Canada, will leave from London tonight on his return flight to Canada. He arrived here June 6 for Saturday's Victory Parade.

He will be accompanied by Maj.-Gen. Chris Vokes, Commander of the Canadian occupation force in Germany.

Trail—A. W. MacDonald, G. W. Wheatley, League President; E. Benson, President of the Trail Hockey Club; J. Buckna, League Secretary; K. Wilson and H. Irvine.

Rossland—Rene Morin.

Spokane—Warren Throop.

Nelson—W. A. Duckworth, President of the Nelson Hockey Club; A. S. Aitken, B.C.A.H.A. Secretary-Treasurer; H. Peacock, L. Atwell, T. R. Wilson, Dr. N. E. Morrison and H. M. Whimster.

Canada, U. S. Must "Lead Way to Peace"

ATLANTIC CITY, Me., June 10, —Honourable Lionel Chevrier, Canada's Minister of Transport, today told the Kiwanis International in session here, that the economically favored countries of the world, such as Canada and the United States bear a heavy moral and economic responsibility. "It is we who must assume the lead in guiding the world along the highways of peace and prosperity." He urged that the New World must meet the challenge of peace as it met the challenge of war. "Let us lead the way, so that in the days to come, the American and Canadian people will, for their own safety and for the good of all, walk together, side by side, in majesty, in justice and in peace."

Kimberley Apron Sales Does a Rushing Business

KIMBERLEY, B. C., June 10 — Held in the Toyland Department of Mark Creek store, the Tea and Apron Sale of the Ladies' Aid of Kimberley Presbyterian Church was a great success Saturday afternoon.

On the apron stall was a fine assortment of aprons, made up in various styles, and a rushing business was done which kept busy Mrs. E. Coulter, Mrs. A. Archibald, and Mrs. C. Swan. All the tables were well patronized and were cared for by Mrs. Hagen, Mrs. Brenton, Mrs. Vickers and Mrs. Howe.

Move of Russians From Danube Has Been Completed

PRAGUE, June 10 (AP)—Transfer of Russian troops from the South Danube across Czechoslovakia has been completed. The troops, bound for Germany, began moving across the country in May in connection with "the reorganization of Russian occupation forces in Germany."
