Says Yugoslavia Filed Complaint Against U.S.—Page 8.

Adopt Signatories To Italian Treaty

Bevin and Dominion Delegates Support Big 4 Separate Meets

PARIS, Aug. 23 (AP)—The peace conference today accomplished its first actual work on a draft peace document. Nearly four weeks after the conference opened, it adopted the first paragraph of the preamble of the Italian treaty.

This paragraph names the members of the conference who will be signatories.

Its option was facilitated by the withdrawal of a Yugoslav amendment which presumably intended to ask that Albania be included. The paragraph, as accepted, names all conference members, except Norway, as signatories to the Italian treaty.

Progress bogged down on the second paragraph in a debate over the meaning of the words "declared," "undertook" and "unleashed."

By ROSS MUNRO

PARIS, Aug. 23 (CP Cable) — A Canadian proposal that the Big Four Foreign Ministers meet concurrently while plenary sessions of the peace conference are in progress received full support today from Foreign Secretary Bevin and delegates from the Dominions.

The proposal, designed to give greater momentum to the conference, which is making slower progress than expected because of disagreement at sessions of the 21 powers, was advanced formally by Prime Minister Mackenzie King two weeks ago in a plenary session speech.

Under the existing plan of the conference, the Big Four ministers would meet separately only after the conference ends to consider recommendations arising from the conference.

At a meeting presided over by Mr Bevin, Mr. King's proposal was backed unanimously by delegates of the Dominions, it was learned, and it is expected that the idea now will be more vigorously promoted.

A conference spokesman told The Canadian Press:

"Mr King put forward his idea again of a Big Four meeting as a suggestion to speed up the work of the conference, obtain agreement of the nations as soon as possible, and to get treaties prepared which are acceptable to all represented countries."

The Dominions made two reservations—they don't want the Big Four consultations to be construed as taking the place of the 21-power conference and they don't want such talks to be used as a Big Four device for escaping peace-making commitments.

The meeting was held in one of Mr. Bevin's rooms in the King George V Hotel where the British delegation is staying. Attending with Mr King were Prime Minister Smuts of South Africa, Dr H. V. Evatt, Australian Minister of External Affairs, W. J. Jordan, New Zealand delegate, and senior advisers.

Health Minister Claxton, Norman Robertson, Undersecretary of State for External Affairs, and Dana Wilgress, Canadian Ambassador to Russia, were other Canadians present.

An official spokesman said "advantage was taken" of the presence in Paris of the Canadian and South African Prime Ministers, along with other Dominions representatives, to "go over some questions of Commonwealth policy and those of the peace conference."

Mr. Bevin also gave the Dominions representatives "inside information" on British policy regarding the Yugoslav dispute with the United States, on Russia's Dardanelles demands, and other major European issues.

Castlegar Man Died

Two views of the car in which George Koochin of Castlegar was killed August 16 while en route to Trail are shown above. The 1928 sedan was badly smashed in its plunge over the bank at Genelle Bluffs after colliding with a light delivery truck. Two girls are still in hospital as a result of the accident. Two adults and six children in the truck escaped injury.

BRING FIRE AT CAMPBELL RIVER UNDER CONTROL

Conditions Still Hazardous; Elk's Crew Fighting

EXPECT NO RAIN

VANCOUVER, Aug. 23 (CP) — Forest Service officials at Vancouver reported today the big fire on the Elk River Logging Company operations near Campbell River has been brought under partial control, and 5,000,000 feet of felled timber—threatened by the blaze last night—has been saved.

Back fires set by the 300 weary firefighters yesterday have checked the blaze at least temporarily from reaching valuable timber. However, conditions are extremely hazardous in the Vancouver Island area and forest officials said a West wind would probably send the blaze into valuable standing timber.

The fire is reported to be burning high up on the mountain on the Southeast shore of Quinsam Lake, above the 2000 foot level.

The Elk River Company's full crew is fighting the fire. Crews of other logging companies nearby have been standing by, but have not been called in to assist in the battle.

Thirty-five fires are reported to be burning in the Chilliwack area, the largest of these being on the Silver-Skagit Logging Company operations where 300 company employees have been fighting the blaze since early in the week. Forest Service officials said this fire is being held in check but that it is not entirely under control.

At Victoria today the chief forester issued a warning that improved higher humidities, experienced during the last few days in the Vancouver Forestry District, are not expected to continue.

He reported that if lower humidity conditions developed—as forecast—a serious fire hazard is to be expected, and that a closure of logging operations and travel in the woods may become necessary.

Tito Refuses to Accept Ultimatum as Fliers Already Freed

But Complies With Two Demands; No Official Comment on Puzzling Statement of Belgrade Radio

BELGRADE, Aug. 23 (Reuters)—Belgrade radio said today that as the United States airmen forced down in Yugoslavia now have been released, Marshal Tito "refused to accept the American ultimatum."

The broadcast injected another enigmatic element into the international tug-of-war which started with the shooting down of two American transport planes. It was believed previously that Premier Marshal Tito's action in releasing seven interned Americans and in giving his air force "the strictest orders" not to fire on foreign planes constituted compliance with the American ultimatum, which was to have expired tonight.

There was no official comment immediately on the puzzling, unelaborated statement by the Belgrade radio that the ultimatum would be rejected.

Last night Marshal Tito said he had given his air force "the strictest orders" not to fire on foreign planes again, even if they happen to fly over Yugoslavia without clearance.

Tito also assured United States Ambassador Richard C. Patterson that permission would be given American representatives to inspect both United States Transports shot down by Yugoslav pilots, the second demand in the ultimatum.

"The Yugoslav government has promised to give satisfaction," American Embassy officials said after Mr. Patterson's two-hour conference at Bled yesterday with Tito concerning the ultimatum, which required satisfaction within 48 hours with the alternative of arraigning Yugoslavia before the United Nations.

An American diplomatic searching party said Friday that all five crew members of the second U.S. Army transport plane shot down by Yugoslav fighter planes last Monday apparently were killed, as Premier Marshal Tito handed another note to the American Ambassador terming the incident "a regrettable accident" but offering no apologies.

At a news conference in Washington, Dean Acheson, Acting Secretary of State, intimated that on the basis of information then available, the United States Government did not consider that Yugoslavia had complied with the 48-hour ultimatum, which will expire sometime tomorrow.

Acheson brought out that there was still a possibility the United States would take its case against Yugoslavia before the United Nations Security Council. Acheson's press conference was held prior to the Belgrade radio announcement.

YUGOSLAVIA FILES APPEAL

In New York U.N. and Yugoslav officials said Yugoslavia had filed an appeal with the Economic and Social Council Aug. 13 for return of 167 vessels held on the upper Danube in the American Occupation Zone. This note did not mention the United States specifically.

Earlier, a Moscow radio broadcast had said the Yugoslav Government had complained to the Security Council over impounding of their Danube River craft by the Americans. The Yugoslav representative in New York said, however, that "this is not a matter for the Security Council.

U.S Ambassador Richard C. Patterson made his statement regarding the probable death of all crew members in the second Army transport after he and his aides had visited the scene of the crash near Bled. A Yugoslav militiaman, who said he was a member of the burial party for the American, said "at least five bodies" were found in the plane wreckage and were buried with Catholic rites in the village of Koprivinik.

MAY PROTECT FLIGHTS

WASHINGTON, Aug. 23 (AP) — The United State was reported preparing tonight to order early resumption of Army Air Force flights around Yugoslavia but diplomatic authorities speculated that this time the planes will be given armed protection.

HOLD TURKISH OFFICER

PARIS, Aug. 24 (AP)—An official Yugoslav spokesman said today the Turkish officer-passenger on the United States transport shot down Aug. 9 is being held because his "flight over Yugoslavia was not accidental."

Sava Konsanovic, the Yugoslav Ambassador to the United States and a member of his country's peace delegation here, said in a statement:

"As has been announced 24 hours befoer the American note was handed (to the Yugoslav Government) the passengers and the members of the United States Transport have been released with the exception of a Turkish officer, whose flight over Yugoslavia—as the investigation has shown—was not accidental."

FERNIE FOLK TO RAISE FUND FOR BLUE BABY

FERNIE, B.C., Aug. 23 (CP)—Citizens have opened a fund here to raise $2000 to finance special surgical treatment for three-year-old Faye Fleming, a blue baby.

Doctors have advised Mr. and Mrs. William Fleming, the child's parents, that only an operation by Dr. Alfred Blalock of Johns Hopkins Hospital at Baltimore, Md., can save her life.

Arrangements have been made for Faye to enter the hospital in October provided the funds are raised.

REPORTS CHIANG BACKS "LAST CHANCE" PLAN

Reds Hesitant; Charge Gov't Planned Gas Use

TO PROTEST

NANKING, Aug. 23 (AP)—Generalissimo Chiang Kai-shek reportedly approved today a "last chance" compromise plan to put all disputed areas in China under full American trusteeship pending a final settlement with the Communists.

Sources which in the past have proved reliable said the plan had been advanced by Chinese Government quarters, but a Communist spokesman said it had yet to be handed to his group.

The spokesman gave as his personal view that the Communist command would hesitate to accept on the ground the Government might decide all Communist occupied areas were disputed.

The Government source said, however, that the trusteeship proposal would extend only to areas not clearly Communist or Government-held, such as parts of Shunting, Jehol and Chahar Provinces in the North and in North Kiangsu, currently the scene of bitter fighting.

This source described the plan as "the last chance" short of civil war. He said the Americans would be authorized to run the areas without restriction, while ultimately free elections should determine whether the Government or the Communists *would take over.*

This development came as the war of words went on unabated. Communist Gen. Chou En-lai told American envoy George C. Marshall he had "most reliable information" that Government troops were planning to use poison gas in future civil war offensives.

He asked Marshall to present his strong protests against such "inhuman warfare" to Generalissimo Chiang Kai-shek. Marshall is leaving today for the Summer capital at Kuling to confer with Chiang after ineffectual talks here with the chief Communist negotiator.

A Communist spokesman said General Chou considered his information sufficiently reliable to protest also to the Government's representative on the Committee of Three at truce headquarters.

Development Alaska Highway "Under Study"

By DOUGLAS HOW
Canadian Press Staff Writer

OTTAWA, Aug. 23 (CP) — Development of the Alaska Highway as a tourist and commercial venture that might pay off under any future martial stress was urged today in the Commons by Opposition members and drew from the Government the rejoinder that it was "under study."

Lt.-Col. Hugues Lapointe, Parliamentary assistant to Defence Minister Abbott, thew no penetrating light upon any plans the Government may be preparing for its all-embracing Northwest highway system.

A flood of questions and answers dotted the renewed consideration of the Army estimates with Progressive Conservative members complaining there will be a plethora of officers in the Permanent Army, with E. B. McKay (CCF-Weyburn) *warning that the future of Canada* and world peace rested in an international Government, and with Col Lapointe saying the Permanent Force would use the war-tested battledress.

Mr. Abbott said during the morning session that no consideration was being given at the present time to joint operation of weather stations in Northern Canada by Canada and the United States.

Debate on the future of the Alaska Highway, turned over to Canada by the United States in April, arose during consideration of an estimate calling for expenditure of $5,026,736 on the Northwest highway system during the present fiscal year.

The sum covered pay and salaries, transportation, freight, transport and its operation and $240,600 for "armaments, machine-guns, etc."

John Blackmore (SC - Lethbridge), said the highway could become of "exceedingly great importance" to business and tourist traffic." If its true value were to be realized Ottawa should confer with the four Western Provinces on the construction of subsidiary roads to connect with and to put the country in readiness for any emergency.

The feeder roads might link it with Winnipeg, Saskatoon and some points in British Columbia. Natural resources along the route should be developed by collaboration with the provinces.

It would also maintain the road at pitch of quality that "the United States would be justified in expecting" and which would be in the interests of Canada.

Club Receives No Word of Expected Tiger Moth

Although the District Aero Club received a wire stating that the Tiger Moth purchased for the Club's use was to leave Vancouver Thursday it had not arrived at Salmo Friday night.

No other word had been received by the organization and there was no indication of the plane's whereabouts. There is a possibility that weather conditions had grounded the plane at Vancouver.

Infant Dies Suddenly; Inquest Into Cause

An inquest into the cause of death of Vivian Joyce Wilcox, 18-month-old daughter of Mr and Mrs George C Wilcox, Nelson, who died suddenly Thursday evening, at Balfour, is to be held. There is believed to be a possibility that the child may have picked up and swallowed some poisonous substance.

The inquest is not likely to take place for several days, during which time an analysis could be made of the contents of the stomach.

The child was staying with Mr and Mrs Verner Hoskin at Balfour during the absence of her mother who has been a patient in Kootenay Lake General Hospital *since Aug 13 Her father is working* at the Coast.

The tot was born at Quatsino Sound.

Besides her mother and father, she is survived by two sisters, Marion and Doreen, and two brothers, Patrick and Bernard.

Stewart, C.P.R. Division Engineer Here, To Succeed Carruthers at Revelstoke; Series of Changes

WINNIPEG, Man., — With the resignation of V. H. Carruthers, Division Engineer, Canadian Pacific Railway at Revelstoke, to become District Engineer for the Board of Transport, Calgary, changes in the Railway's operating department from Winnipeg to Revelstoke are announced by George H. Baillie, General Manager of the Company's Western Lines.

A. E. Stewart, Division Engineer, Nelson, will succeed Mr. Carruthers at Revelstoke; C. K. Holden, Engineer of Water Service, Winnipeg terminals and Division Engineer, Winnipeg, goes to Nelson succeeding Mr. Stewart. Roadmaster *F. A. Felstead, Irricana, Alta.,* is promoted to the post relinquished by Mr. Holden and P. Chrypko, relieving roadmaster of the Calgary Division, is made roadmaster at Irricana.

The changes are effective on August 25.

Mr Carruthers joined the Canadian Pacific on construction at Saskatoon in April 1919 working later as road man and transit at Kenora, Ont. and Russell, Man., until 1922 when he continued his *engineering course at Virden, Man.*, in 1925 and held successive positions at Fort William, Ont., on the Kettle Valley Railway, and at Weyburn, until his promotion as Division Engineer, Portage Division with headquarters at Winnipeg in December 1930 He moved later to Weyburn, Lanigan and Saskatoon and in 1938 returned to Winnipeg as Division Engineer He moved to Edmonton in a similar post in 1939 and to Revelstoke this year.

AT CRANBROOK IN 1929

Mr Stewart entered the Railway service on construction at Weyburn in 1909 and worked on mountain projects at Spences Bridge and Hope, returning to Saskatchewan to fill positions at Moose Jaw, Swift Current, Indian Head and as time he was on construction at the Connaught Tunnel. In 1920 he went to keeper at Moose Jaw in 1915, Revelstoke as transit man. Promotion as road master at Lethbridge came in 1923 and in 1929 he was made Acting Division Engineer at Cranbrook. He also served as Division Engineer Winnipeg terminals and as Acting Division Engineer at Regina and Nelson before his promotion as Division Engineer at Nelson in 1941.

Producer Gets One Year for "Hit-Run" Death

SAN DIEGO, Calif., Aug. 23 (AP) —George White, 52, producer of the girl show, "Scandals," was sentenced here today to one year in the County industrial road camp and fined $600 for the "hit-run" highway deaths of a newlywed pair near here July 20.

The former wealthy Broadway theatre man, who said he now had little money, was given 48 hours in which to arrange his affairs before starting the County Jail term.

Judge Joe L. Shell said, in passing sentence, that was White's "failure to tell the truth" that decided the court against his plea for probation.

"I just can't believe," Judge Shell said, "that he didn't know he hit anyone."

Accused Burning Wife To Run Away With 16-Year-Old

NASHVILLE, Tenn., Aug. 23 — (AP) — A 62-year-old grandfather was jailed today on a murder charge accusing him of fatally burning his wife, 61, so that he could run away with a 16-year-old blond with whom he had been carrying on a tourist-cottage tryst and exchanging love notes, Attorney General J. C Loser reported.

The accused man was Dwight Owen Carman, whose wife of 40 years, Mrs Melissa Carman, was cremated when flames swept their modest frame house there Thursday Carman was taken into custody after he had spent the morning arranging for his wife's funeral.

The Attorney General identified the girl as Bobbie Ann Keith, petite sixth-grader who lived with her parents in McMinnville' until she came to make her home with the Carmans here several months ago. Mr Loser said Bobbie Ann and her 19-year-old sister, Jessie, accompanied Carman to Florida last Winter.

"I don't care anything for him (Carman) now," Bobbie Ann told a reporter "I've cared for him in the past but only as a friend. All I want to do is go back home and go to school. I'll be in the sixth grade—qou know I've been out three years. I was married, you know."

She said she had been married in Georgia when she was 13 but that the marriage later was annulled at the instance of her parents. Loser said no charge was contemplated against the girl.

Turkey Rejects Russ Demands

ANKARA, Aug. 24 (Saturday) (AP) — Turkey flatly rejected late tonight Russia's demands for joint defence of the strategic Dardanelles and for narrowing control of that vital waterway to Black Sea powers only.

A lengthy note in reply to Soviet demands regarding control of the Straits said Russia should seek her Black Sea security by *restoring friendly relations* with a strong Turkey rather than by searching for a privileged position on the Dardanelles.

QUADRUPLETS DOING WELL

PORTLAND, Ore., Aug 23 (AP)—The quadruplets born to a Negro couple here entered their second day of life today howling lustily and showing every sign of good health, hospital attendants reported.

The mother, Mrs L D Tigner, was reported "fine" and the father, unemployed for the last three months, said he was looking for work and was "pretty sure" he'd find it.

HARVEY FREED

LONDON, Aug. 23 (CP Cable) — Sgt John Hugh Harvey of the Royal Army Medical Corps tonight prepared to resume his Army career—a free man wih his honor vindicated.

Nine convictions against the 34-year-old Londoner by a British Army court-martial sitting in Winnipeg several months ago, were quashed tonight by War Secretary Jack Lawson.

Sgt. Harvey, a one-time prisoner of the Japanese, was convicted of charges of striking fellow prisoners in a Japanese camp, and of consuming more than his share of Red Cross parcels.

But tonight Sgt Harvey learned that he had been vindicated—just 10 months after he was arrested aboard the Ile de France at Halifax on 30 charges, including one of murder of a Canadian soldier, John Ungar Frieson.

A War Office official said: "Mr Lawson looked through all of the documents relating to the convictions, decided they could not stand and ordered them to be quashed."

WARRANTS OUT FOR TEXTILE UNIONS OFFICERS

QUEBEC, Aug. 23 (CP) — Premier Maurice Duplessis announced today that warrants have been issued for the arrest of Kent Rowley, Canadian director of the United Textile Workers of America (AFL) and Azelus Beaucage, Valleyfield organizer of the Union.

The Premier did not list the exact charges against the Textile Union officials but said they came under the headings of sedition, illegal assembly: conspiracy, damage to roperty, obstructing Provincial Police in the performance of their duty, and rioting.

Charge Woman Captain With Theft of Heirlooms

FRANKFURT, Aug 23 (AP) — A new theft of priceless heirlooms from Kronberg Castle was charged by the United States Army today as the prosecution opened its case against Capt. Kathleen B Nash Durant of the United States Women's Army Corps in connection with the $1,500,000 Hesse crown jewel theft. The prosecution alleged Capt Durant ordered a German employee of the House of Hesse to empty a safe in Kronberg Castle and hand over its contents.

NAIL SUPPLY FROZEN

VANCOUVER, Aug. 23 (CP) — Officials of the Reconstruction Department's priorities branch reported today that Canada's nail supply has been frozen, and that nails can no longer be obtained in any quantity except on special priority.

They reported that the priority order reserves nail stocks for the packing of fruit and other perishable foods, and for veterans' homes.

Branch officials said the move was necessary because of the steel strike in Eastern Canada forcing closure of the Morrison Steel and Wire Company Limited, plant in Vancouver, sole manufacturers of nails in British Columbia. The company has so far failed in efforts to obtain steel rods, for nail fabrication, from the United States.

Polio Suspect At Coast

VANCOUVER, Aug 23 (CP) — A polio suspect, a 28-year-old woman has been brought to the Vancouver General Hospital's infectious diseases ward from a Fraser Valley town, it was reported by the Vancouver Health Department. The woman returned August 18 from a visit to the Prairies where poliomyelitis (infantile paralysis) has been prevalent.

15 AT SPOKANE

SPOKANE, Aug 23 (AP)—Poliomyelitis cases under treatment here reached 15 today, with another person placed under quarantine at St. Luke's Hospital.

EDMONTON, Aug 23 (CP) — A statement issued by the Alberta Board of Health today concerning the closing of schools and other public meetings due to the outbreak of infantile paralysis in the Province said that "in the opinion of the Board the present situation in the cities of Edmonton and Calgary does not call for any restriction."

Approve Contract for Housing Project Here

VICTORIA, Aug 23 (CP) — A *contract between the City of Nelson* and Wartime Housing Ltd., for the erection of approximately 50 dwellings in the City on land to be acquired from the Crown was approved by the Provincial Government today.

No, He Isn't Coming Home Till After Copenhagen Meet

LONDON, Aug 24 (CP Cable) —Yes, said J G Gardiner over the telephone, he planned to leave London by air for New York on Friday.

That sounded strange to the CP reporter phoning Canada's Agriculture Minister at the Dorchester Hotel yesterday Mr Gardiner had been expected to attend the World Food Conference at Copenhagen, Sept 2.

This was Mr Gardiner?

Yes, was the reply, and the hurried return home was due to personal reasons. That ended the questions.

In Ottawa the Minister's staff became alarmed when they head yesterday's Canadian Press Story saying Mr Gardiner was due home Saturday. It just couldn't be, they said.

A check by cable sent the reporter back to the phone. This time the operator put him through to the right Mr Gardiner. No, he wasn't going home until after attending the Copenhagen Conference, the purpose of his trip overseas.

The other Mr Gardiner already had left the hotel for the airfield.

The operator was sorry. She hadn't realized there were two J G Gardiners at the hotel.

MILK MAY RISE TO 15 CENTS A QUART

VICTORIA, Aug. 23 (CP)—Possibility that within the next six weeks, housewives may be putting out 15 cents every morning for their quart of milk instead of the present 14 cents, was seen today by a creamery representative following announcement the Federal Government subsidy to producers would be withdrawn Sept. 30.

***If Such action is take nit will* represent a four cent jump in the price of a quart since June 1.**

"Government move in cancelling the subsidy merely means that instead of paying the money in taxes, the consumer pays for it directly on his milk bill," the the creamery representative said.

Steady to Stronger Prices in West

OTTAWA, Aug. 23 (CP) — The *Dominion Agriculture Department* said today in its weekly livestock report that moderate cattle runs were taken on Western markets at steady to strong prices while Eastern markets showed little change from the previous week.

Undetermined Explosion Kills 2

NITRO, W. Va., Aug 23 (AP)—Two workers died yesterday and nine were injured when an explosion of undetermined origin shattered the Apex Ohio, Incorporated, plant here and touched off an intense fire. The plant makes chemical plasticizers.

Thief Uses New Technique

VANCOUVER, Aug. 23 (CP) — A thief exhibited a new "technique" when he raided the room of Jack McMullen in an apartment in downtown Vancouver.

McMullen said he was lying on his bed when the man entered, tossed a newspaper over his face, snatched a wallet containing $50 from the dresser, and fled.

It was done so swiftly that McMullen was unable to obtain a description of the thief.

With New Incubator Baby Has 50-50 Chance of Survival

VICTORIA, Aug 23 (CP) — Possibility that Margaret Joyce Smathers, *Ganges one-pound-nine-ounce baby*, may spend the next three months of her young life in the latest thing in incubators, was seen by Dr George Meyer, resident doctor at Lady Minto Hospital, today.

This morning Margaret Joyce was "doing very well."

"With the new incubator she has a 50-50 chance for survival," said Dr Meyer "She is an unusually small baby to have lived this long. We have her on a formula of glucose and milk now and she is still fed every 1½ hours by means of an eye-dropper. She cries lustily."

Margaret Joyce, who measures just 12 inches long, comes by her size almost naturally on her maternal side, since Mrs Henry Smathers stands 4 feet 11. Mr Smathers, however, who works on a farm on North Pender Island, is 6 feet 1½ inches.

Commons to Discuss Farm Strike Threat

OTTAWA, Aug 23 (CP) — The threat of a delivery strike made today by the Board of Directors of the Alberta Farmers' Union probably will come up for discussion in the Commons.

QUICKIES . . . By Ken Reynolds

"There must be some good jobs offered in today's News Want Ads —Johnson just handed in his resignation!"

Excavation Work Continuing on Nelson Entrance Improvement; To Lay 500 Feet of New Pavement

It will take about 20,000 cubic yards of excavation to finish the construction work at the Western entrance to Nelson, City Engineer H D Dawson said Friday. The road will be widened to double its width, making an entrance of smooth pavement 40 feet wide. About 500 feet of 20-foot pavement will be laid.

Working from the Associated Growers to the Gas Works the crew has started cutting out the South bank 20 feet. Mr Dawson said that approximately 20,000 cubic yards of dirt will be shoveled out. Some of the excavated material will be used for a spur track for the W W Powell and Company's new mill. Some dirt has already been used to fill a big gulch near the playground on the corner of Richard and Delbruck Streets. The rest will be used at the garbage dump.

Some of the work is being carried out over an historic Nelson site. Remains of the track that once served the former pioneer Hall Mines Smelter will be removed.

There is a likelihood that the work will not be completed this year as the road building equipment may be moved to the Wartime Housing project scene.

McNabb, Pioneer of Rail Surveying From Air, To Retire as N.B. Super

VANCOUVER, B.C., Aug. 23 — T. C. McNabb, a veteran railroader who was the first to use an aeroplane for plotting the course the rails would follow, will retire from the Canadian Pacific Railway on Sept. 1, it was announced at Toronto today by N. R. Cump, General Manager of Eastern Lines. Mr. McNabb, who has been General Superintendent of the New Brunswick District of the Canadian Pacific since 1934, retires after some 47 years of distinguished service, during which he was a part of the Canadian Pacific great expansion in the West.

As Division Superintendent at Revelstoke, from 1917 until 1926, he coped with the problems of railway operation and maintenance in the most difficult part of the Canadian Rockies. Development of a pocket stereoscope, by which both vertical and oblique aerial photos could be combined to give a three-dimensional reproduction of the territory, enabled Mr. McNabb to make the first photographic aerial reconnaissance ever undertaken by a railway.

ON P.G.E. STUDY

This reconnaissance showed the path a projected railway should take through mountainous territory, eliminating extensive preliminary land surveys. The system was expanded and used through the Northwest Territories and in Northern British Columbia, and led to the adaption of similar methods by other companies. Last year, Mr. McNabb sat on the Committee on Railways and Resources which studied British Columbia's Pacific Great Eastern Railway. He was largely responsible for the report which was submitted by the Committee to the British Government as well as to the managements of Canada's two Transcontinental railways.

He will be succeeded by S. W. Crabbe, formerly Assistant Superintendent, New Brunswick District, C.P.R.

Funeral for Henry Harding, City Merchant

Last rites were conducted at St. Saviour's Pro-Cathedral Friday for Henry Harding, well-known Nelson merchant. Very Rev. F. P. Clark led the services.

Hymns sung were "O Love That Will Not Let Me Go," "Unto The Hills Around" and "Breathe On Me Breath of God." The Nunc Dimittis was sung at the close of the services. The Choir was in attendance with F. E. Wheeler at the organ.

Pallbearers were Hugh Armstrong, R. D. Barnes, G. E. Grizzelle, Robert Joy, E. C. McLean, and H. A. Nicholson. Interment was in the Church of England Section of the Nelson Memorial Park.

File Strike Notices Against 4 Packing Co.

CHICAGO, Aug. 23 (AP)—Ralph Helstein, President of the United Packinghouse Workers of America (C.I.O.), said today that 30-day strike notices have been filed by the union against the Swift, Armour, Wilson and Cudahy Packing Companies.

"We are still hopeful that a satisfactory disposition of our differences can be arrived at and that a strike can be avoided," Mr. Helstein said, adding that a "full round of negotiations with each of the Big Four packers now has been completed," and that "no progress can be reported at this time."

"We will continue to engage in collective bargaining for the purpose of reaching an understanding," he said.

To Stop Sale of War Savings Stamps, Certificates

The sale of War Savings Stamps and Certificates to the general public through Post Offices, Banks and other selling agencies will be discontinued Sept. 30, states the weekly Post Office Bulletin.

TOAST-and-TEA

BY J. A. M'ARTHUR

Here is a passage from the Last Will and Testament of Charles Dickens: "I emphatically direct that I be buried in an inexpensive, unostentatious and strictly private manner; that no public announcement be made of the time or place of my burial; that at the utmost not more than three plain-mourning coaches be employed, and that those who attend my funeral wear no scarf, cloak, black bow, long hatband or other such revolting absurdity. I direct that my name be inscribed in plain English letters on my tomb, without the addition of Mr. or Esquire. I conjure my friends on no account to make me the subject of any monument, memorial or testimonial whatever. I rest my claims to the remembrance of my country upon my published works, and to the remembrance of my friends upon their experience of me in addition thereto. I commit my soul to the mercy of God through our Lord and Saviour Jesus Christ, and I exhort my dear children humbly to try and guide themselves by the teaching of the New Testament in its broad spirit, and to put no faith in any man's narrow construction of its letter here or there."

TRAIL KIWANIANS TO SPONSOR PROGRAM HERE

Trail Kiwanis Club, sponsors of the newly-formed Nelson Kiwanis Club, will handle the program at the Kiwanian dinner in the Golden Gate Cafe here at 7:30 Monday night. Nelson Kiwanians are busy arranging for their Charter Night which will be held Oct. 5.

President Ronald Burns, Vice-President A. G. Cameron and Secretary-Treasurer William Evans will represent Trail.

Asks Assistance In Keeping Law At Steel Strike

HAMILTON, Ont., Aug. 23 (CP) — By a vote of 2-1, the Hamilton Board of Police Commissioners tonight decided to appeal to the Ontario Attorney-General for aid in maintaining law and order in the tense situation that has arisen on picket lines at the strike-bound Steel Company of Canada plant here.

HAMILTON, Aug. 24 (CP)—Chief Constable Joseph Crocker today asked a special meeting of the Hamilton Board of Police Commissioners for assistance to maintain law and order in Hamilton in the wages-hours strike called July 15 against the Steel Company of Canada and other basic steel plants in Sault Ste. Marie, Ont., and Sydney, N. S.

After it heard the request, the commission adjourned its meeting until tonight.

The chief told the board his department was helpless to maintain law and order and added that the wishes of the board could not be carried out without "extensive reinforcements."

Judge Ernest Lazier asked the chief if an effort had been made to get trucks into the partly-strike-bound plant.

"Indeed we did," the Chief replied. "The police made a valiant effort to maintain law and order. We cannot cope with the situation unless we get help. Attempts to run steel out of the plant are like waving a red flag in front of a bull."

The chief's request arose from a new explosive situation which developed yesterday on the picket line outside Stelco's Hamilton works. Police tried vainly to escort trucks through massed strikers.

Chief Crocker said he expected no trouble if no attempts were made to force trucks through the line. C. R. W. Bowlby, K. C., who represented the Steel Company at the meeting, said no company trucks would try to enter or leave the plant today.

Mineral Output Climbs

OTTAWA, Aug. 23 (CP) — Canada's mineral production is expanding to supply the country's peacetime needs with 11 out of 16 leading Canadian minerals having a higher output during the first half of this year than in the same period of 1945, the Dominion Bureau of Statistics reported today.

Production of the 16 minerals for the first six months of 1946, with figures for the corresponding period last year in brackets, follows: asbestos 250,217 tons (241,659); cement 5,185,690 barrels (3,168,266); clay products $5,088,744 (3,347,206); coal 9,050,339 tons (8,462,577); Copper 185,829,288 pounds (258,715,286); feldspar 14,637 tons (12,744); gold 1,428,245 fine ounces (1,327,704); gypsum 499,150 tons (214,581); lead 187,675,556 pounds (164,275,342); lime 428,759 tons (418,127); natural gas 26,798,704 thousand cubic feet (27,217,885); nickel 90,352,579 pounds (135,799,517); petroleum 3,870,411 barrels (4,521,811); commercial salt 156,253 tons (153,894); silver 6,680,213 fine ounces (6,523,556); zinc 246,237,098 pounds (274,006,199).

Boat Day For Kiddies

These Johnson's Landing babies were down to meet the Moyle when it called at Johnson's Landing in the Lardeau recently. They are, left to right, Bruce Douglas, 10-months-old son of Mr. and Mrs. Jack MacNicol, and Irene Rae and Leonard Ray, twin daughter and son of Mr. and Mrs. Raymond Raper. They are 14 months old.

Mrs. Green Dies After 40 years Carrolls Landing

BONNINGTON, B.C., Aug. 23 — Funeral services were held in Burton Anglican Church by Rev. F. M. Gilbert for Mrs. H. Green, who died at Nakusp Hospital in her 81st year.

Mrs. Green was born in Leicester, England. Coming to Canada she settled at Carroll's Landing on the Arrow Lakes where she lived for 40 years.

Surviving are her two sons, Ernest at home and Harold in Vancouver; a daughter, Mrs. A. Hardy at Carroll's Landing; 10 grandchildren, 10 great grandchildren; one brother at Vancouver; and a sister, Mrs. Robert Jerome at the City Power Plant, Bonnington.

H.M.C.S. Warrior Runs Aground

MONTREAL, Aug. 23 (CP)—H.M.C.S. Warrior, 18,000-ton Canadian aircraft carrier, ran aground today on a mud bank at Pointe St. Antoine, 30 miles upstream from Quebec, Naval authorities here reported.

The recently-launched addition to the Canadian Navy sailed from Quebec for Montreal at 8 A.M. today. The grounding was the result of a breakdown in the ship's steering apparatus, Naval authorities said.

Officials reported that a preliminary examination of the hull revealed no damage. They said tugs were being sent from Quebec to help free the vessel from the mud bank.

It was reported here that the aircraft carrier, after being refloated, might return to Quebec for a thorough examination.

Decorated from stem to stern with flags and pennants, the vessel docked at Wolfe's Cove in Quebec last night amid the shrill of whistles from other vessels and pleasure yachts moored in Quebec Harbor.

The flat-top was scheduled to remain in Montreal for four days, returning to Quebec August 29.

The Weather

Synopsis

Clear skies and warm weather were again general over most regions of B.C. Some cloudiness and a few widely scattered showers have developed in a few isolated areas of the Kootenays. Weekend outlook is for generally warm weather.

Vancouver and vicinity:

Clear Saturday. Sunday outlook clear. Fog patches in low areas about daybreak clearing rapidly. Light winds. Little change in temperature. Maximum Saturday at Vancouver airport 72, Abbotsford airport 84.

Okanagan:

Clear Saturday except variable cloudiness over the mountains during the afternoon. A few isolated thunderstorms over the mountains. Sunday outlook clear. Light winds. Little change in temperature. Maximum on Saturday at Penticton 85, Lytton 94, Kamloops 92.

Kootenay:

Variable cloudiness Saturday except cloudy over the mountains in afternoon. Sunday outlook increasing cloudiness in the afternoon. Isolated thundershowers over the mountains Saturday afternoon and evening. Light winds. Cooler on Saturday. Maximum at Cranbrook 45-87, Crescent Valley 50-91.

SENIORS BATTLE FOR R.L. McBRIDE CUP THIS WEEKEND

Seniors of the Nelson Golf and Country Club will compete for the R. L. McBride Cup here this weekend. All members of 45 years and over may enter. It will be played on three-fourths of the difference of the handicaps of the opposing players.

Competition always runs high in this popular event and the usual number of close games is expected this year.

Scouts Complete Columbia River Journey

TRAIL, B.C., Aug. 23 — Ten Calgary Boy Scouts were luncheon guests of the Consolidated Mining and Smelting Company of Canada, Ltd., following a tour of the Tadanac operations.

The boys, under the supervision of Scout master Bob Talbot of Calgary, just completed a long canoe trip from Revelstoke to Castlegar, taking part in the Scout Jamboree at Castlegar.

The boys reported smooth sailing, except for a windy session off Nakusp, when one of their canoes foundered and some supplies were lost.

Ten local Scouts accompanied the visiting boys on the tour which this afternoon took them through the Warfield plants.

Two Scouts came to Calgary from Montreal in order that they might take the canoe trip.

The boys left for home Thursday night.

On the trip the Scouts were hard at work passing tests for their explorer's badge and also undergoing tests for their campers, cook, canoeman and swimmers' badges.

The Scouts owned their own canoes and despite their lack of years, (their ages range from 12 to 15) accomplished a notable feat in tackling the long water trip down the Columbia River.

C.N.R. Employees' Wages Raised

OTTAWA, Aug. 23 (CP)—Labor Minister Mitchell announced today in the Commons that negotiations for wage changes for some 115,000 employees of the Canadian National Railways and subsidiaries had been successful.

He interrupted consideration of army estimates to announce that the C.N.R. had approved an agreement calling for an eight-cents-an-hour increase for maintenance of way employees and 10 cents-an-hour for all others. Both are effective retroactively to June 1.

The only group remaining outside the agreement was the Brotherhood of Railway Trainmen but separate negotiations should bring an agreement "soon."

The Minister said the reason for the difference in the increases was that the maintenance of way men had already received a two cents jump in April.

An application for sanction of the increases will be made on behalf of both employer and employees to the National War Labor Board, Mr. Mitchell said.

Retain Drill Hall At Prince Rupert

OTTAWA, Aug. 23 (CP) — A Defence Department drill hall at Prince Rupert, B.C., has been retained by the Department and now is being used by Sea Cadets. It may later be used for a naval reserve unit, Defence Minister Abbott announced today in the Commons.

Dismiss Dangerous Driving Charge

A charge of driving in a manner dangerous to the public against Paul Lincoln was dismissed by Magistrate William Brown in City Police Court Friday. Mr. Lincoln told the Court that he was not speeding on Aug. 12 when his car was in collision with a truck and that he had not seen the truck driver signal when pulling out from the curb.

Howard Thomas Cole, driver of the other vehicle, testified that he had signalled before turning into the traffic lane and that he had seen no cars approaching.

Sergeant R. R. House prosecuted.

Front end of the Cole truck was damaged in the collision.

CAR CRASHES INTO SUB

MIAMI, Fla., Aug. 24 (AP)—Police didn't believe it when a woman reported an automobile collided with a submarine here. They investigated and found an automobile had jumped a retaining wall and crashed into a First Great War submarine moored in the Miami River.

BLOC ORGANIZED TO FIGHT FOR ITALY PEACE

Should Receive Greater Credit For Aiding Allies

NO OTHER MEET

By ROBERT HEWETT

PARIS, Aug. 23 (AP)—A well-informed Peace Conference delegate reported today that a bloc of countries—including Canada, Australia, France, and China—had organized to fight for a softer peace for Italy.

The new bloc is expected to state its stand formally at a meeting today of the Italian political and territorial commission. No other Peace Conference agencies are scheduled to meet today.

The delegate said the powers favoring an easing of the proposed Italian peace treaty, drafted by the Big Four, would maintain that Italy should receive greater credit for aid given to Allies after the overthrow of Mussolini.

He disclosed that several representatives met in a secret session yesterday to draft their pro-Italian campaign, and added there was a possibility the bloc would ask for an easing of Italian reparations.

Dr. Herbert C. Evatt, Australia's Minister of External Affairs, told newspapermen that he favored an easing of Italy's reparations, and said he had prepared amendments to the proposed treaty designed to limit reparations to the amount Italy could pay without crippling her economy.

Canada, which already has waived claims for reparations against Italy, was reported lining up with the Australian "ability to pay" stand.

The treaty draft approved by the Big Four Foreign Ministers proposed reparations of $100,000,000 for Russia, and leaves up to the Peace Conference the matter of making recommendations on claims put forward by France, Yugoslavia, Greece, Albania, Ethiopia, Egypt and any other powers.

Nelson Teacher Dies At Rossland

ROSSLAND, B.C., Aug. 23 —Mrs. Annie Kitty Birkbeck, 44, well-known Nelson teacher, died Friday at the Mater Misericordiae Hospital in Rossland where she had been a patient for three months. Mrs. Birkbeck was the widow of the late James Douglas Birkbeck of Salmo.

She was born on March 11, 1902, at the Athabaska Mine, Nelson. She received her education in Nelson and taught school for over 20 years. For the past 11 years she has been on the teaching staff of the Central School, Nelson. Mrs. Birkbeck taught there until April, when she took ill. She was a member of the B.C. Teachers' Federation and the Nelson Women's Benefit Association.

Mrs. Birkbeck is survived by one daughter, Patricia Ann, now living in Rossland; three brothers, Emil George Fletcher at Trail, Nelson Fletcher of Coppermine, B.C., and Fred Fletcher of Rossland.

Municipalities Meet Here Today

Municipal representatives from Trail, Rossland, Kimberley, aKslo, Tadanac, and probably New Denver, Cranbrook, Slocan City and other Kootenay communities will meet in the City Council Chambers at 2:30 Saturday afternoon.

This conference of the Association of Kootenay Municipalities will be held to discuss resolutions to be presented at the Union of British Columbia Municipalities Convention in late September.

HEADS UNIVERSITY WOMEN

WINNIPEG, Aug. 23 (CP)—Mrs. Richard Crummy of Vancouver was elected President of the Canadian Federation of University Women here today as the Federation's 10th triennial convention drew to a close. She succeeds Dr. Ursilla Macdonnell of Kingston, Ont.

WASHINGTON, Aug. 23 (AP) — The Agriculture Department announced tonight that millers in the United States will not be required to make 80 per cent extraction "dark" flour after Sept. 1.

Costs, Shortages Cause Shelving Of Hospital Site

Present high costs and shortages of materials and labor were responsible for the dropping for the time being of plans for the purchase of a site for a proposed new hospital at a meeting of the Kootenay Lake General Hospital Board this week. However, plans for the new hospital are being sought for study purposes.

Opening of a home for aged men in Nelson shortly is expected to relieve some of the strain on the capacity of the present hospital.

Syringa Creek Pioneer Dies

G. N. Payne, one of Syringa Creek's earliest settlers, died in the Trail - Tadanac Hospital Friday. Coming to B.C. in 1901 he had resided at Syringa Creek ever since. His wife predeceased him four years ago.

He is survived by his stepdaughter, Mrs. J. R. Marton of Robson.

The funeral will be at Rossland.

Occidental Goes Beyond Billion Dollar Mark

Occidental Life Insurance Company's insurance in force has passed the billion dollar mark, with an all-time high at the end of 1945 of $1,030,287,987, of which $688,521,470 was ordinary insurance and $361,766,517 group life, stated E. Gordon Elgood of Vancouver, Provincial Manager, who was in Nelson Friday with Frank A. Stuart, Nelson agent.

New business written and paid for broke the previous high record with a total of $163,314,806. Of this, $132,416,952 was Ordinary and $30,897,854 Group. Ordinary sales were 19.14 per cent greater than in 1944.

Individual Accident and Sickness insurance involved premiums for 1945 of $1,535,984, and Group $3,053,649.

At the end of 1945 the Company had 259,907 policies of Life insurance outstanding, exclusive of Group certificates. The latter exceed 489,000, and Accident and Sickness policies total 37,729. Over 785,000 persons were covered by some form of Occidental Life protection on December 31, 1945.

Occidental paid policyholders, beneficiaries and annuitants $13,684,878, at the same time increasing the reserves on policies in the amount of $17,080,963. Thus funds were paid out or credited to policyholders' accounts at the rate of over $100,000 for each business day. Since its inception in 1906 the Company has disbursed $119,567,114 in fulfilment of the terms of its contracts, Life Annuity or Accident and Sickness.

SPORTS

2-1 Victories Keep Bums, Cards Tied in Drive for Pennant

By STEVE ROBERTSON
Canadian Press Staff Writer

Brooklyn fans breathed a long sigh of relief Friday night. Their stumbling bums had managed to eke out a 2-1 decision over Cincinnati Reds yesterday and that was enough to keep them still atop the National League—but still tied for that leadership with St. Louis' fast-rising Cardinals.

Last night it was Terry Moore who pulled the Cards out of the depths as his pinch hit single with two out in the ninth was responsible for the Redbirds' 2-1 victory over Philadelphia Phils. That single scored Whitey Kurowski and prevented the Missouri team from slipping one whole game back in the feverish race for the pennant.

Battling all the way around in the seventh, Pittsburgh Pirates broke a tie with a four-run spree to defeat New York Giants, 7-3.

Johny Sain pitched a two-hitter against Chicago Cubs but lost it as Boston Braves suffered a 3-1 setback. The Cubs mixed both hits—an infield safety by Phil Cavarretta and Eddie Waitkus' pinch single—with two walks and Nanny Fernandez's error for all three of their runs in the seventh innings.

ON WIN PATH

Dizzy Trout's six-hit pitching snapped a five-game losing streak for Detroit as the Tigers and Washington split a twilight-night American League double-header. Trout beat the Senators, 5-0, after Washington won the opener, 3-2.

New York Yankees won their fifth straight when Ernie Bonham held St. Louis Browns to six hits in pitching the New Yorkers to a 4-1 triumph.

10th HOMER

Joe Gordon treated the 32,571 onlookers with his 10th home run in the third inning. The Yankees now trail the pacesetting Boston Red Sox by 12 games.

Jess Flores pitched Philadelphia Athletics to a 1-0 shutout over Cleveland Indians for the A's fourth straight. With two out and the bases loaded in the ninth, Catcher Gene Desautels singled, scoring Pete Suder with the only run of the game.

Flores held the Indians to three hits. He walked none and struck out six.

Redmen Open Semis With Close Win Over Fighting Nelson Leafs; 15-12

ROSSLAND, B. C., Aug. 23—After battling on even terms for the first three periods, Nelson Maple Leafs were edged 15-12 by the Rossland Redmen in the opening semi-final game here Friday night. The fighting Leafs were only down one goal at half time, despite being short-handed by what some of the less hot-blooded Rossland citizens considered was a questionable decision by the Judge of Play Al Simm.

The game was featured by the superb net minding by both Cookson, the Leaf goalie, and Al Laface, who replaced Rubisic at the half way mark. After Jim Scott opened ed the scoring in the first period at 2:15, the Leafs rushed through the Redmen defence to counter twice on goals by Doug Griffin and Jackie Gallicano. Rossland evened the score at 10:58. Kuhn put the Leafs ahead again two minutes later and Archie Scott tallied the equalizer.

Setting the scoring pace for the Leafs with five points apiece were Joe Gallicano with two goals and three assists and Doug Griffin with four goals and one assist. Kuhn followed closely with two and two Mayo had two goals. Jack Gallicano one and one, Wassick one goal and Graves one assist.

oFr the Redmen Jim Scott was tops with goals and two assists. Jack Laface was next with three and one. Archie Scott had two and one, Pie Laface and Cox one and one. McGuire had two goals, Saundry and Joe Laface had one counter apiece. Ray Scott had an assist.

GALLIE FLATTENED

Shortly before the stanza ended Joe Gallicano was laid flat after receiving the ball square on his adam's apple, but after resting for a minute he gamely returned to the fray.

At 2:24 Baldy Mayo on a pass from Kuhn brought the Leafs even with the Redmen. But scores by Jim Scott and Pie Laface put the Redment ahead 12-10 at the end of the third quarter. In this period again Nelson sent more men to the penalty box than the Rossland team, getting two to one for the Redmen. In the fourth quarter, Rossland scored three times to the two shots Joe Gallicano slipped past Al Laface. Joe was given a penalty. Rossland was given three penalties in this period.

Play was rough with Nelson getting three minors and a five minute major to Griffin while only two Redmen were sent to the penalty box.

GRIFFIN GETS THREE

The see-saw scrap continued in the second period with Griffin scoring three times, twice on solo efforts to match three goals by the Redmen by the five minute mark.

Red Wassick put the Leafs ahead one minute later with a pass from Joe Gallicano. Jim Scott evened the match at 6:27. Two more goals by the Redmen to one by Kuhn put the Redmen ahead 9-8. Jim Scott was given a goal by Referee Leo Atwell after a goal judge had disallowed his shot at 12:39. Baldy Mayo cut the lead to one 30 seconds later. Score at half time was 10-9 for the Redmen. Hill and Page were both given five minute penalties for fighting in this period. The Leafs had three mipor penalties to the Redmen's two.

Jacks Gain Ball Finals

CRANBROOK, B.C., Aug. 23 — Sash and Door Lumber Jacks earned the final playoff spot Friday night to play league champion Sawmills when they won the rubber semi game 5-1 from Ekwipment.

Ekwips scored first in the third inning. Jacks evened up on Archie Reekie's third homer. Charley Bell homered in the fifth for Jacks first lead, which they fattened by three more on a double and three Ekwip infield errors in the venth followed by two scoreless innings.

The finals will be a best-of-five series.

Ekwips — Webb Hughes, Bert Erickson, Elmer Conroy, Red Stevely, Don McNab, Bob Knight, Bob Mitchell, jr., Bob Mitchell, sr., Allie Hughes.

Jacks — Archie Harrison, Stan Young, Ed Erickson, Ross Leyden, Dave Reekie, Roy Webb, Hilton Bacon, Charley Bell, Archie Reekie.

Umpires — C. Tiller, C. T. Spence, Bud Browell.

Aussie Grabs £350 First, Burton Second

BRIGHTON, Sussex, Eng., Aug. 23 (CP)—Little Norman von Nida of Australia shot a 73 today to win the London News Chronicle £1500 ($6000) golf tournament with a 72-hole score of 283.

Jack Burton finished second, a stroke behind, and Dai Rees and William Branch tied for third with 285. The £350 first prize was von Nida's first in major competition since he arrived in England five months ago.

Reg Whitcombe, who shot a record 66 in the first round, wound up far to the rear with a 78 for the last 18 holes.

French Glamour Hits The Beach

These two charming mannequins, who work for Carven, one of France's top-drawer designers, are wearing the latest and most glamorous numbers in bathing suits. The gal at the left is decked in white panties and bra, which are trimmed with eyelet ruffles. The gal at right wears lace bra and overskirt. No, we don't know what would happen to these creations if you went swimming in them. The scene, incidentally, is at Deauville, French watering place.

Sun-Kissed Title-Seekers

Relaxing gracefully on the greensward during a rest period in their practicing are Jerry Jackson, left, of San Diego, Calif., and Nancy Chaffee, of Ventura, Calif., both of whom are 17 years old and candidates for honors in the girls' U.S. national junior tennis championships.

Oliver Spills Nelson From P.G.A.; To Face McSpaden in Semi Today

PORTLAND, Ore., Aug. 23 (AP)—Defending title holder Byron Nelson was tumbled out of the National Professional Golfers Association championship today when he lost to Ed (Porky) Oliver of Wilmington, Del., 1 down in the 36-hole quarter finals.

Oliver, 207-pound shotmaker, pulled the tournament's biggest upset on the final hole in a thrilling battle that saw him 4 up at the 18th and Nelson 1 up at the 27th.

The last hole, witnessed by thousands of spectators, was a dramatic climax in which Nelson, the greatest golfer of many years, cracked to take six strokes, one over par.

He hooked his second shot into trees and played his third from under low hanging branches. The weak out left him in the rough and his pitch was on the green but short by some 25 feet. He went for the hole in bold fashion but was off line.

Oliver drove into the rough, hit his second onto the fairway and his third over the pin by some 18 feet. He rolled his fourth to within eight inches of the cup and Nelson conceded defeat with a handshake.

McSPADEN TO BE OPPONENT

Veteran Harold McSpaden of Sanford, Me., outclassed Charles Congdon, Tacoma, Wash., to win 5 and 3 and will face Oliver in tomorrow's 36-hole semi-finals.

In the lower bracket, Jimmy Demaret of Houston, Tex., trounced Jim Turnesa, Mamaroneck, N. Y., 8 and 5.

Demart tomorrow will meet little Ben Hogan, Hershey, Pa., star, now the leading money winner of the year. Hogan advanced with a 5 and 4 win over Frank Moore, Overland, Mo. Moore hit the Portland par 72 course for a nifty 67 in the first 18, Hogan carding 68.

Cricket Scores

LONDON, Aug. 23 (Reuters)—Yorkshire is virtually assured of the English County cricket championship following its win over Gloucestershire this week.

Tonight Yorkshire had 200 points and the only hope remaining for Lancashire or Middlesex is that they can win all their remaining matches while Yorkshire loses its three. But Yorkshire should have no difficulty as their opponents, Sussex, Hampshire and Nottinghamshire, are all in the lower half of the standing.

Results today:

Glamorganshire vs Surrey: Glamorgan won by nine wickets. First innings: Glamorgan 305, Surrey 111; second innings: Glamorgan two for one wicket, Surrey 195.

Lancashire vs Somreset: Lancashire won by annings and 25 runs. First innings: Lancashire 342 for eight wickets declared, Somerset 150; second innings, Somerset 167.

Hampshire vs Leicestershire: Hampshire won by nine wickets. First innings: Hampshire 206, Leicester 120, second innings: Hampshire 36 for one wicket, Leicester 121.

Worcestershire vs Middlesex: Middlesex won by five wickets. First innings: Middlesex 332, Worcester 128, second innings: Middlesex 33 for five wickets, Worcester 236.

Sussex vs Northamptonshire: Draw. First innings: Northampton 186, Sussex 121, second innings: Northampton 263 for seven wickets declared, Sussex 172 for two wickets.

Britons Dominate Championships

OSLO, Norway, Aug. 23 (AP)—Two British athletes—a sprinter and a veteran distance runner—dominated the second day's program of the four-day European track and field championships today as another capacity crowd of 30,000 filled Bislet Stadium in warm, sunny weather.

Sydney Wooderson, one-time holder of the world mile record who had announced that this was his final competitive appearance, had little difficulty finishing first in the 5000-metre run. His time was 14.08.6.

Willem F. Slykhuis of Holland trailed the British runner by 30 yards in second place and Byberg of Sweden was third. Veljo Heino of Finland, who was an easy winner in the 10,000-metre final yesterday, wound up fourth after leading more than half the distance.

Britain's John Archer was out in front in both his preliminary heats in the 100-metre dash and then won the final in 10.6 seconds, a faster time than any of the eliminations.

Rossland, Nelson Open Ball Playoffs Sunday

Rossland and the Nelson Fairview Athletic Club's Junior baseball teams will tangle at the Civic Grounds Sunday afternoon in the first of the West Kootenay semi-final series.

Nelson and Rossland are competing in one section of the playdowns while the Trail Colombos and the Trail Centre or East Trail squads compete in the other section. The Nelson-Rossland series will be a two out of three and the Trail series probably the same, with the winners in each bracket meeting in the final playoffs for the West Kootenay Junior Championships.

The Nelson lineup for Sunday's game will be back to full strength. Coach Roy Anderson will likely start Alec Clark on the mound with Ron Cathcart on the receiving end. Herb Pitts will be in his accustomed spot at first, Bill Postlethwaite will be on second, with Bob Koehle at short and Bob McNabb on the hot corner at third. Jimmy Todd will be back in left field, Bob Hallbauer in right and Walt Malahoff in centre field. Utility players will be Fred Koehle, Denney Colman and Bob Pitts.

CANADIAN CHESS ACE MOVES UP WITH WIN

GRONINGEN, Holland, Aug. 23 (AP)—Abe Yanofsky of Winnipeg defeated C. Kylos Guimard of Argentina today in the International Chess tournament to run his point total after nine rounds to four.

Mikhail Botwinnik of Russia strengthened his lead when he beat Dr. Ossip Bernstein of France in 43 moves. Botwinnik now has 8½ out of a possible nine points, 1½ better than the second-place Dr. Maxe Euwe of the Netherlands, former world champion.

Royals to Rossland Sunday

Taking on their second game in the Kootenay League for the girls' fastball title Nelson Royals will play in Rossland Sunday. The team has chartered a bus and will be accompanied by a group of supporters.

Royals came out on top in the first game of the best-of-three series in the League's semi-finals played here last Sunday.

There is the possibility of a double-header being played Sunday, it being planed to wind up the series this weekend. The second game will be played should Rossland square the account. Winner of the series will meet with Trail Rep team for the District crown.

Billy Fox Loses "Lucky Trunks"

PHILADELPHIA, Aug. 23 (AP)—Light heavyweight Billy Fox lost his "lucky trunks" today.

The Negro battler said they were stolen from his automobile along with a punching bag and two pairs of boxing gloves while he trained in a gymnasium.

The trunks had carried Bill through 39 fights.

20,000 Farmers Will Strike if Demands Not Met Immediately

EDMONTON, Aug. 23 (CP) — The Board of Directors of the Alberta Farmers' Union today announced that a delivery strike affecting all farm produce will be conducted by the Union's membership of more than 20,000 farmers unless their demands, which include establishment of a fact-finding board to set parity prices, are met immediately.

The directors said a strike ballot conducted recently among Union members had resulted in an overwhelming mandate to take strike action if necessary.

Union officials said a delegation would leave this weekend for Ottawa to submit a brief outlining the A.F.U. demands to the Federal Cabinet. The delegation expects to meet the cabinet Aug. 28th.

Strong support for the Alberta farmers from the 82,000 members of the Saskatchewan branch of the United Farmers of Canada was indicated here by the announcement that the brief to the Federal Cabinet would be presented jointly by the A.F.U. and the U.F.C.

The delegation will consist of three members of the A.F.U. and two representatives of the U.F.C., the statement said. The A.F.U. will send President Carl Stimpfle, A. R. Hadland from the Northern British Columbia bloc near Fort St. John and C. D. Fuhr, Stony Plain President.

Mr. Stimpfle said today that "All farm produce, including dairy products, will be withheld from the market by Union members if our demands are not met and a strike is put into effect." However, he said arrangements would be made to ensure that milk was delivered to hospitals, homes for the aged and to children.

"A statement will be issued by the directors later on the milk situation," he said.

Although the strike if called will affect thousands of Western Canadian farmers, grain officials in Edmonton said yesterday that farmers were doing "very little talking about the strike." They seemed agreed that the A.F.U. would not receive very much support from the remaining 77,0000 farm families in Alberta.

The impending strike was first talked about during the formation of the A.F.U. in early 1940 when a delivery strike threat was one of the main planks in the Union's program.

The strike threat was shelved during the war years as the farmers joined the rest of Canada in an amazing all-out production program that won the admiration of the world.

Now the farmers, angered by rising living costs and worried about future prices for farm products have turned to serious consideration of strike action again.

Should the strike take place it will be the second time a group of Alberta farmers have resorted to non-delivery action to try and enforce their demands.

In 1934 a small group of farmers at Myrnam, Alta., about 90 miles East of Edmonton, banded together and refused to delivery farm produce—mainly grain.

Although the farmers were not organized, the strike spread rapidly throughout the Northeastern section of the province. Farmers picketed the roads to prevent non-strikers getting loads of grain to the elevators. Conciliation grain boards were quickly formed and the strike petered out.

Edmonon grain dealers believe that the A.F.U. will receive its strongest support in this same section should a strike take place again. The official of one large Edmonton grain company said that in the St. Paul, Alta., and Willingdon, Alta., areas non-union farmers would probably give strong support to a strike.

A.F.U. officials feel that with some 60 active locals throughout the province and strong support indicated from Saskatchewan and Northern British Columbia farmers, they will have a real chance of making a new strike effective.

Swift Filly Heads 12 for Derby

CHICAGO, Aug. 23 (AP)—Twelve of the United States' finest three-year-olds, headed by Honey Moon, magnificent filly owned by Louis B. Mayer, Hollywood movie magnate, were named to start in the 36th running of the American Derby at Washington Park tomorrow.

If all go to the post, the race will have a gross value of $102,250, richest in its history.

India on Road To Independence

NEW DELHI, Aug. 23 (CP) — An interim government intended to place India on the road to independence, after nearly 2½ centuries of British rule, is expected to be announced tomorrow.

A slate of officers of the new government has been submitted by Congress Party President, Jawaharlal Nehru. The Viceroy, Viscount Wavell, is expected to announce the names tomorrow.

Urged to Cut Scene Where Shirley Takes a Drink

CHICAGO, Aug. 23 (AP) — Mrs. D. Leigh Colvin, President of the Woman's Christian Temperance Union, today urged R.K.O. Radio Pictures, Inc., to cut a scene in the unreleased motion picture "The Bachelor and the Bobby Soxer" showing Shirley Temple taking a drink.

"The scene, announced generally by columnists, would be a disservice to American youth," Mrs. Colvin said in a statement. "Shirley is idolized by youngsters generally and unthinking teen agers are certain to be caused to protest, 'If Shirley Temple drinks, why can't I?'"

Research in B.C. Industries

Within a few weeks the British Columbia Research Council will be moving into its own research laboratories and administrative offices on the campus of the University of British Columbia. Though the assistance of the University three large army huts have been secured and converted into laboratories and office space. These new zation and efficient coordination of the buildings will bring about a centrall-Council's operations which, during the past three years, have been scattered among various laboratories situated in different buildings of the University.

In the new building, provision has been made for: an electronics laboratory equipped with the latest electronic and photo-electric equipment for carrying out tests on the optical and electrical characteristics of materials, and dynamic measurements of stress; metallographic and petrographic laboratories with complete equipment for cutting, mounting, grinding, polishing, thin-section preparation, and examination; a photographic dark room; a chemical laboratory for metallurgical and routine analyses; an X-ray diffraction laboratory equipped with a multiple-purpose unit complete with cameras for different types of crystal analyses and an automatic recording apparatus for the rapid determination of the properties and nature of known crystalline materials. The X-ray equipment will have a wide variety of valuable applications in the fields of metallurgy and refractories.

In addition, the Council's laboratories will contain microscopic equipment; tensile, impact and hardness testing machines; precision potentiometers for making accurate electrical measurements; instruments for the study of surface films and surface tension which are required for solving problems on the removal of water from solids and flotation tests; an assembly of furnaces for investigations on heat treating, reduction metallurgy and ceramics; and complete facilities for mineral dressing experimentation. Major items of equipment such as the physical testing and impact testing machines, the metallurgical apparatus, X-ray diffraction unit and the electronic accessories are already on order so that there will be the minimum of delay in equipping the laboratories once the buildings are ready for occupancy.

In the new buildings there will also be a technical library which will contain a nucleus of standard references and books on a variety of fields in industrial research. In addition, subscriptions to over 60 technical and scientific journals in the fields of physics, chemistry, metallurgical, engineering, Mining, Forestry, and Agriculture have been commenced.

While the main operations of the Council will be carried out in its central laboratories, a number of projects will be continued in laboratories situated in the buildings of the University. In particular, the Mastitis investigation, the analysis of food values of British Columbia apples, the project on the impregnation of British Columbia soft woods will be carried out in University laboratories. Similarly the work on fish net preservatives will be continued at the Pacific Fisheries Experimental Station of the Fisheries Research Board of Canada. Through the cooperation of various Departments in the University of British Columbia and other institutions, the Council will also have access to research equipment which it has not been possible to secure for the Council's laboratories.

A Thief Does Not Become Owner of What He Steals

Russian action last week in withholding oil from the Great Zistersdorf fields in the Russian zone in Austria from the Austrian zones occupied by the Western Allies was in accordance with Moscow's established policy in former enemy-occupied areas.

The Russian contention was that in territory once occupied by the Germans the assets were taken over by the Germans, and that in seizing them Moscow was not grabbing Austrian, or Rumanian or Hungarian, but German assets.

On this principle, the Western Allies would seize most of the assets of Belgium and Holland.

Or, in everyday life, the policeman who caught a thief in whose home were the proceeds of a bank robbery would grab the loot for himself; he would not return it to the owner from whom it had been stolen.

Austria's Eastern oilfields and their output belong to Austria, and did not become German simply because the Nazis took them over after the invasion of 1938, any more than the historic paintings which the Germans took over from French and Dutch owners became German, paintings which the Western Allies are returning to Holland and France.

Evidently Russia realized the principle involved, hence its prompt reversal of position and release of the oil.

Give the Public a Chance to Buy Surplus War Assets

The Parliamentary Committee at Ottawa which has been investigating activities of the War Assets Corporation does not appear too pleased with some of the evidence that it has heard.

It evidently found that some of the complaints of waste through destruction of materiel for which the public might have found good use were justified.

Most important of the recommendations of the Committee are those which call for speeding up the disposal of war assets, for getting into the hands of consumers war surplus goods for which there is a ready demand.

The Committee urges that there be provision for more sales on the sites at which surplus goods are located, selection for immediate sale of goods which are in most short supply, making building material immediately available, and greater publicity by War Assets Corporation in respect of the sale and disposal of all war surpluses.

The final recommendation is especially important. Too few of the public have known that this, that or the other type of war surplus goods was for sale until after the sale had taken place. In Kootenay, for example, there have been very few public announcements of what the War Assets Corporation has had to offer.

Looking Backward

10 YEARS AGO

From the Daily News of August 24, 1936

A British inspectional tour party told their Nelson Board of Trade hosts that when they got back home they would boost this country and seek to fill up its open spaces.

Sir Edward Beatty, President of the C.P.R., saw and lauded Nelson's $250,000 Civic Centre Sunday morning.

The stables of the West Transfer Co. were enriched Saturday by the arrival of a handsome team of Percheron horses, purchased by Mrs. Motion in Spokane.

25 YEARS AGO

From the Daily News of August 24, 1921

Nelson sweet peas were distinctly in the winnings at Vancouver, R. V. Ramsden coming second for the challenge cup in the sweet pea section of the Flower Show.

James Marina, Sirdar fruit rancher, is a city visitor.

"Grow the late varieties of cherries, such as we produce to perfection, and grow them in carload lots," urged A. D. Emory, city merchant and Willow Point fruit grower, in a general discussion on Kootenay orcharding yesterday.

40 YEARS AGO

From the Daily News of August 24, 1906

A lively and humorous discussion has been taking place in Grand Forks recently as to the precise whereabouts of Franklin Camp in relation to districts into which the Province is divided.

The delightful American play, "The Convict's Daughter," will be given by a strong company at the local theatre next Monday.

The last but one of the 20,000 Club's successful weekly dances at Tramway Park Pavilion came off last night most delightfully.

Words of Wisdom

Prudence is the necessary ingredient in all the virtues, without which they degenerate into folly and excess.—Jeremy Collier.

Etiquette Hints

If a friend of yours declines a drink don't urge him and make him conspicuous by insisting that he join the rest. It is very bad manners and poor taste to do so. Respect his wishes.

?? Questions ?? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions WILL NOT BE ANSWERED BY MAIL, except when there is obvious necessity for privacy.

W. A., Nelson—If a family leaving England has intentions of colonizing in Canada, how long does it take to become a resident of this country and become eligible for the family allowance? Would this be in any way affected if the husband of this family remained in England and continued his employment there while his wife located the property they wished to buy?

We suggest that you write to: W. R. Bone, Administrator, Family Allowance Division, Weiler Building, Victoria.

M. S., Kimberley—Was there any Canadian silver money minted in 1935?

Yes.

H. M., Fruitvale—I am a married marr with three children, receiving $19 a month family allowance. How much tax would I pay on $254 for the month of July?

Tax on the $19 family allowance is $17.10. Tax on the $254 is $18.60 per month. The total tax, therefore, is $35.70. This is assuming that the family allowance is not included in the $254.

J. H., Nelson—Can you give me a recipe for pickling gherkins?

Pickled gherkins—To each quart of vinegar allow one quarter ounce of allspice, quarter ounce black peppercorns, four cloves and two blades of mace. Cover the gherkins with salt and water, and let them remain in the brine for three days. At the end of the time drain them well, dry with a cloth, and pack them in a jar of suitable size. Boil sufficient vinegar to cover them, with peppercorn and spices in the above proportions, for 10 minutes, and pour the liquid over the vinegar, simmer very gently for 10 minutes longer, and when quite cold pour into small bottles. Seal and store in a cool, dry place.

Press Comment

CANADIAN PULCHRITUDE

If "a pretty girl is like a melody," then Canada is full of music, because Canada is full of pretty girls. It matters not what city comes "fustest with the mostest"—Winnipeg, Toronto, Montreal or Kitchener. What matters is that Canadian feminine pulchritude can stand up to any nation in the world in its quality of wholesome, attractive, personable young women.

Finest proof of this happy condition is the fact that photographers—from the newest amateur to the Government-controlled National Film Board—select their feminine subjects from stores and offices, factories and farms, just any time and any place. No need to import American models or even seek out professional Canadian models for commercial work.

From the Maritimes to the blue waters of the Pacific, Canadian girls are always willing to pose for pictures. Their photographic loveliness, captured in black and white, is a morale-builder at any time, and certainly has contributed its share to reinforcing servicemen's morale in two wars.

According to news and commercial photographers who spend most of their waking hours clicking shutters, the typical Canadian outdoor type of girl is most popular—"healthy, beaming with vitality, and natural from head to toe." —Kitchener Daily Record.

ODD INCENTIVE

The projected search for oil in the waters of the Atlantic, with a diving sphere and radar as tools, becomes all the more remarkable when it is remembered that it will be done to help John Doe get out into the Sunday crowds.—New York Sun.

Today's Horoscope

You are honest and just, generous and affectionate, farsighted, and have good judgment. You love music and have considerable talent for it. You are an amusing and interesting talker, you are humorous and good company. You love your home and are solicitous for the happiness of your family and loved ones. The moon enters Leo at 7:39 A. M. today. Don't waste the vivid products of your imagination: write, think, analyze, be creative. A surge of memories may stimulate you to visit old friends; do so if you can arrange it. Don't expect opportunity to knock at your door now. If you want something you will have to go after it. Have a date this evening that will give you pleasure, relaxation, and add to your cup of happiness.

HOROSCOPE FOR SUNDAY

If today is your natal day, you have the characteristics of a leader. You are affable, diplomatic, careful of appearance, and seldom show any agitation on the surface. You are sincere and demonstrative in your love and bitter in your hatreds. Choose a congenial mate and you will be very happy. The will to win dominates you, so get what you desire. Speed of activity predominates today's events. An inspiring sermon may release pent-up emotions. Gather the family or your friends together for a congenial afternoon of mutual pleasure. Plans and wishes long concealed may suddenly be gratified later in the day, or fulfilled through a little help. Close the Sabbath with evening prayers.

Test Yourself

TEST ANSWERS

1. Greenland
2. Australia
3. Los Angeles, California

Rossland Social ..

By MRS. F. G. BRAY

ROSSLAND, B.C.—Stately gladioli, asters and sweet peas were artistically arranged on the altar of St. George's Anglican Church August 19, when Rev. C. F. Orman united in holy bonds of matrimony, Marjorie Laurena, third daughter of R. H. Warr of this city and the late Mrs. Warr, and Melaine Joseph, eldest son of Mrs. M. Lesergent also of this city and the late Mr. Lesergent. The youthful bride, who was given in marriage by Harry Barr, made a charming picture in her formal bridal gown, as she approached the altar to the strains of Lohengrin's Bridal March played by Mrs. S. Simcock. Her gown was fashioned from white silk net and featured short puffed sleeves, sweetheart neckline and torso length fitted bodice from which the long full skirt fell in graceful folds to the floor. The lovely embroidered finger-tip veil fell gracefully from a coronet headdress. Silver slippers completed her costume. She carried a bridal bouquet of deep red roses tied with bridal tulle. Her only ornaments were a gold pendant and a floral clip. The bride's attendants were Miss Frances Warr, sister of the bride as matron of honor while Miss Ellen Finlay and Miss Marjorie Cristman were bridesmaids. The groom was attended by his brother Marcel Lesergent of West Summerland. During the signing of the register Miss Doreen Gresley-Jones sang "O Promise Me." The happy couple and their attendants left the church to the March of Mendelssohn. All nuptial music was played by Mrs. Simcock. A reception was held at 7 o'clock in the Annex of the Empire Cafe. The room and table were attractively decorated with Summer blossoms. The prettily decorated three tiered wedding cake, which was topped by a miniature bride and groom was placed on the bride's table. After the first cut was made jointly by the bridal couple, the cake was cut by the bride's sister. Miss Frances Warr. George Smart proposed the toast to the bride with the groom responding.

Mr. and Mrs. Frank Lefevre and son Donald and baby daughter Carol of Kimberley are visiting their parents, Mr. and Mrs. Lefevre and Mrs. Anthony Smith. They were also accompanied by Mr. Lefevre's sister, Mrs. T. E. Davies and children of Rossland, who had been their guests at Kimberley.

Hollywood Gossip

Cecil B. de Mille Rides Again! Making $4,000,000 "Unconquered"

By BOB THOMAS

HOLLYWOOD, Aug. 23 (AP)—Cecil B. De Mille rides again!

The screen's most famous director is back at his old Paramount stand after a three-year absence, and is making a $4,000,000 quickie called "Unconquered."

As I tried to track him down, my faithful guide led me through studio streets, following pointing signs marked "Cecil B. de Mille—'Unconquered.'" We were to see a typical de Mille landscape—a colonial American fair with 300 milling extras, dozens of animals, acrobats, sideshow freaks and assistant directors. But when we got there the set was deserted.

"They went thataway," declared a studio hand. "Stage 16."

Arriving there, we found a reproducttion of a colonial meeting house. Several quaintly dressed actors were about, including those identified to me as Gary Cooper, George Washington at an early age and two line-drawing men named Mason and Dixon. As I admired the set, a shiny-domed man walked up and said: "How do you do. I'm Mr. de Mille. You can see a set better by looking at it, not in it."

He returned to his work by squinting at the set through a "finder," a device that simulates the camera eye.

He was surrounded by his legendary covey of assistants to whom he uttered suggestions which were carried out immediately.

"Move that chair three inches to the left," he commanded, still gazing through the finder. I left him in that position. Deadlines arrive for columns, if not for $4,000,000 movies.

In the film palaces . . . "Holiday in Mexico" can best be classified as a typical MGM musical. Containing such pleasant people as Walter Pidgeon, Jose Iturbi, Ilona Massey, Xavier Cugat and particularly Roddy McDowall and Jane Powell, it is a slick, dazzling job. But the story—ho hum.

NAKUSP

NAKUSP, B. C.—Mrs. O. Sutherland and young daughter Carol Ann, who have been the guests of Mr. and Mrs. Howell Jordan have gone to Revelstoke to meet Miss Kathleen Sutherland, nurse-in-training at the Jubilee Hospital, Victoria. On their return they will stay at their home in Robson for a few days.

A wedding of interest at the home of Mr. and Mrs. Robert McFee, Vancouver, when Miss Marjorie Kirk, daughter of the late Mr. and Mrs. Fletcher Kirk of Nakusp, was wed to William Gibbs, son of Mr. and Mrs. Joseph Gibbs of Vancouver. The bride looked charming in a travelling suit of navy blue wool with white accessories and corsage of white gardenias. She was attended by her sister Miss Mary Kirk. Walter Denholm gave the bride away. The ceremony was performed by Rev. H. McGill of St. Stephens Church, Vancouver. Miss Isabel Denholm played the wedding march and also accompanied her brother Walter Denholm Jr., with violin selections. Following the ceremony close friends and relatives were entertained at a wedding breakfast. Mr. and Mrs. Gibbs are spending their honeymoon in Nakusp. They will make their future home in Vancouver.

Mrs. A. J. Grigg is in Victoria visiting her sisters, the Misses Alice and Marie Chandler.

Mr. and Mrs. G. Waterstreet of Salmo who has visited Mrs. Waterstreet's brother-in-law and sister, Mr. and Mrs. W. Shiell have returned to their home in Salmo.

Mr. and Mrs. Albert Woodhouse and son Teddy of Vernon who were the guests of Mrs. R. Patterson, returned to their home.

Miss Betty Kirkpatrick, Vancouver, is the guest of Miss Mary Kirk, Glenbank.

Mr. and Mrs. Eric Wales and two children who have been the guests of Mr. and Mrs. E. W. Bell of Glenbank returned to their home in Calgary.

E. J. Oxenham is spending his vacation at the Coast.

Miss M. Rider of Vancouver who was the guest of Mr. and Mrs. H. Kershaw has returned to the General Hospital where she is in training.

Mrs. P. Wiley and daughter Sharon have joined Mr. Wiley in Vancouver where he is employed.

Mrs. R. H. Isarel and two children Beth and Jerry are spending a holiday in Vancouver.

Miss Helen Cameron who was the guest of her parents returned to Seattle.

Mr. and Mrs. N. Sinclair and baby daughter are the guests of Mr. Sinclair's parents, Mr. and Mrs. C. S. Sinclair. Mrs. Sinclair is one of Nakusp's recent war brides.

Miss Betty White arrived home from a holiday spent at Prince Rupert, Vancouver and Banff.

Miss June Graham of Slocan City was the guest of Mr. and Mrs. M. A. Barrow.

Mr. and Mrs. R. N. Shortt of Tacoma, Wash., and their daughter and son-in-law, Mr. and Mrs. Harry Larsen, are guests of Mr. and Mrs. J. Olson.

Mr. and Mrs. A. M. Barrow were delightful hostesses when some 30 young people were invited for their daughter Charlott's 21st birthday. Bingo was played and dancing enjoyed until midnight when delicious refreshments were served. A birthday cake was brought in while the guests sang "Happy Birthday." It was also Mr. Barrow's birthday at midnight. Many beautiful gifts were received by the guest of honor.

LONDON (CP)—A two-day conference on exports will be held in November under auspices of the Federation of British Industries.

HOLD LAST RITES FOR CAMP LISTER WOMAN

CAMP LISTER, B.C., Aug. 22—Mrs. Olga Sommerfeld died at the Spokane Hospital. She was born in Poland in 1900 and married Ludwig Sommerfeld in Latvia in 1921.

Mr. and Mrs. Sommerfeld and family arrived in Canada in 1929 to live in Nelson for 18 months, before moving to Camp Lister in 1938.

Funeral services were held on Tuesday afternoon with Rev. T. Holkman officiating. Interment was in the Lutheran Cemetery at Camp Lister.

She is survived by her husband and three sons, Hugo, Harry and Arthur (Ikey) all of Camp Lister.

Pall bearers were E. Siebert, C. Kriese, Otto Kockett, E. Betker. The floral tributes were many and beautiful.

Nakusp Pythians Farewell Member

NAKUSP, B. C., Aug. 24—The members of Myrtle Temple entertained in honor of Mrs. J. Millar who is leaving shortly to reside in Lumby. The evening was spent in playing Court Whist. High score was held by Mrs. C. Shiell and consolation by Mrs. L. Mayoh.

During supper Past Chief Shiell presented Mrs. Millar with a beautiful framed picture of Nakusp on behalf of the members of Myrtle Temple.

Asks if Monty's Diet To Be Followed To Prevent Crisis

OTTAWA, Aug. 22 (CP)—Jean Francois Pouliot (L., Temiscouata) noted in the Commons today that Field Marshal Viscount Montgomery had sailed for Canada in sealed quarters. He said he understood the Field Marthal followed a very strict diet.

"I wonder if the Canadian government has got in touch with the Imperial government so that General Montgomery may follow strictly the same diet in Canada that he follows elsewhere, in order to avoid an intra-imperial crisis?" he asked.

"In reply I would say it would be a good thing if some members in the house were in sealed quarters," Veterins Minster MacKenzie government house leader, responded.

King Letter on "Bernard Clare" Didn't Mean Much

OTTAWA, Aug. 22 (CP)—Officials of the Revenue Department, which is charged with regulating the importation of books into Canada, said today that reports Prime Minister King had written John Farrel that his objection to the banning of his book "Bernard Clare" had been brought to the attention of Revenue Minister McCann, "didn't mean much."

Ever since the book which uses many four-letter words no longer considered polite in English, was baned a publicity campaign for the novel has brought "letters from people all over the United States to the Prime Minister" asking if Canada is going back on the principle of freedom of speech, the officials said.

David Sim, Deputy Revenue Minister, over whose signature book import regulations are issued, told the Canadian Press, "the ruling still stands and further than that I don't care to comment on the affair."

Lack of Clocks Keeps Routine From Indian Lives

NAKUSP, B.C.—Miss Mary Kershaw was the guest speaker at the August meeting of the Woman's Missionary Society, her subject being "Amongst the Indians at Bella Bella Hospital." Miss Kershaw spoke of the Indians marriage and burial customs and feasts both of the past and the present day and of the everyday life of the Canadian Indian. The Indian has not lived an unchanged life in a rapidly changing world. The women, Miss Kershaw said, are modest and industrious. The limited equipment in their homes makes housekeeping a simple affair and their entire freedom from clocks makes it difficult to follow routine. Their washings, Miss Kershaw said, were the "whitest" she had ever seen.

A letter was read from the general offices, Toronto, in regard to the new war brides arriving daily telling of the part the church should take in welcoming these women, future women of the Canadian church.

LONDON (CP)—To make milk even more attractive to children the Ministry of Food is to distribute it to schools in solid squares attractively flavored.

The solidified milk squares will be in nine flavors, including raspberry and orange, and the Ministry is considering issuing them on the last day of the term so that the children will have a supply during their holidays.

Nakusp Party Travels Through Snow Over Mount

NAKUSP, B.C. — Mr. and Mrs. Richard Fowler, Fred Fowler and Jimmy Brian returned from a trip by pack and saddle horse from Pingston Creek over the Big Ledge Mountain, a distance of over 40 miles to Sugar Lake and Paradise Valley. About Aug. 6 they came into a snow storm when some three inches of snow fell. Fishing and prospecting for 10 days afforded great enjoyment. They had excellent fly fishing at Peters Lake, Bear Lake and Frazer's Lake, near Lumby. Mrs. Fowler said the scenery could not be surpassed anywhere.

NAKUSP BOARD OF TRADE TO ASK FOR ROAD LOAN

Nakusp, B. C., Aug. 22 - C. S. Leary, President of the Nakusp Board of Trade, reported at a meeting that he had contacted Hon. E.C. Carson, Minister of Public Works, asking him to visit Nakusp and to speak at a Board dinner.

Some attention had been given to the streets, Mr. Leary said, but the department did not propose a major program until next Summer.

Members decided to petition the government to float a loan in this Province, similar to the Victory Loan, to be known as the Road Loan. All Associated Board of Trade would be asked to support it.

LECTURES ON LONGEVITY

NAKUSP, B.C.—In the absence of Rev. W. E. G. Dovey, the United Church service was conducted by Prof. Frank Allen, L.D.D., of Winnipeg. Dr. Allen read from the 5th chapter of Genesis and said it was the most uninteresting chapter of the whole Bible and dealt with the genealogy of the Patriarchs. His lecture dealt with the longevity of the Patriarchs up to the present day period. Dr. Allan had previously worked his subject out by chart which he said had never been done by anyone before.

Tom Reid of Trail accompanied at the organ by Miss R. Hamer sang "That Stranger of Galilee."

Former Major Owns Women's Shop

MONTREAL, Aug 24 (CP)—Cathleen Welch, a former major in the Canadian Women's Army Corps, today is the proud proprietor of a de-luxe Women's Shop at nearby Hudson Heights, Que., thanks to her re-establishment credit.

Back in 1942, while still a private in the C. W. A. C., Miss Welch, a former youth training organizer, laid plans for eventually owning a business of her own. As soon as her discharge came through, she bought a loom and started weaving original patterns in a dinner set and fancy goods, industriously building up a stock of merchandise.

Now she employs six women full time on fancy table sets and lingerie.

NELSON SOCIAL

By MRS. M. J. VIGNEUX

● A very pleasant evening was spent Tuesday at the home of Mrs. J. R. Ford, 1321 Hall Street, when the invited guests included Mrs. G. McCulloch, Mrs. J. Niven Sr., Mrs. William Shukin, Mrs. K. Gibbon, Mrs. J. R. Niven and Mrs. Ernest E. Collinson.

● Mrs. W. J. Read, who has spent the past few weeks in town, has returned to her home in Calgary.

● Mr. and Mrs. L. L. Boomer, Baker Street, have had as house guest Miss Isobel Gray of Honan, China, who has left for the Coast.

● Mrs. T. W. Birrell, who visited her parents, Mr. and Mrs. Dave Wade, at their Summer place, Lockport Lodge, Crescent Bay, returned Thursday to her home in Kimberley. She was accompanied by her daughter Bonnie, who has spent several weeks with her grandparents.

● Members of the Circle of the Cathedral of Mary Immaculate met Thursday night at the Kinahan home, when Mrs. F. Boyd and Miss W. Kinahan were joint hostesses. Those attending included Miss Albertine Choquette, Mrs. D. McPherson, Mrs. M. J. Varseveld, Mrs. Phil Rahal, Mrs. Edith Edgar, Mrs. Ann Aduddell, Mrs. L. H. Choquette, Mrs. Louis Coletti, Mrs. A. G. Gelinas, Mrs. G. F. Stevens, Mrs. J. P. Herron, Mrs. W. E. Kopecki, Mrs. J. Muraro, Mrs. J. N. Hunt, Mrs. Tony Bell, Mrs. A. T. Noxon, Mrs. Vito Romano, Mrs. Albert Kinahan, Mrs. C. F. McDougall, Mrs. Norbert O. Choquette, Mrs. George A. Tapp, Mrs. J. Morrison, Mrs. M. DeGirolamo, Mrs. D. McInnes, Mrs. Louis Alexander, Mrs. D. Aurelio, Mrs. Johnny Aurelio, Mrs. W. G. Fullerton and Mrs. M. J. Vigneux.

● Mrs. O'Genski of Apex is a patient in the Kootenay Lake General Hospital.

● Mr. and Mrs. Monypenny had as guests Mr. and Mrs. Robert Dockerill of Trail.

● Mr. and Mrs. G. B. Russell, Vernon Street, have returned from holidaying at their Summer place at Six-Mile.

● Mrs. George Greenwood, Hoover Street, has been guest of Miss Winnie Chandler in Kaslo.

● Mr. and Mrs. G. G. Cuthbert, Medical Arts Apartments, have as guests Mr. Cuthbert's parents, Mr. and Mrs. C. G. Cuthbert of Vancouver, who returned from the Coast with them a few days ago. They were accompanied on the trip by Miss Jean Anderson.

● George W. Steele, Silica Street, has had as guests A. J. Watson and Oscar H. Burden of Crawford Bay.

● Mrs. J. P. Cavill, Carbonate Street, and her family, Margaret, Lynn and Douglas, left Thursday for the Coast to join her husband.

● Dr. and Mrs. G. R. Barrett and family are holidaying at the Coast.

● Mr and Mrs. Gordon Fraser and family of Lloydminster, Alta., returned Wednesday night to their home after spending a week with Mr. Fraser's sister, Miss Jessie Fraser, at Lakeside Auto Camp.

● Mrs. Arthur Olson of Shaver's Bench, Trail, is holidaying in Nelson.

Adequate Supply of Labor; Harvest Picture Looks Better

By The Canadian Press

Canada this Autumn has an adequate labor supply for harvesting what looks like a good yield of grain and root crops, a Canadian Press survey showed Thursday. In the West, the harvest picture generally looks better than last year, and Ontario has good yields of high quality. But in Quebec and the Maritimes production is smaller than a year ago.

MOVE LABORERS WEST

Railways, still hampered by equipment shortage resulting from the war effort, are not running the old-time harvest specials to Western Canada this Fall. But between 5000 and 6000 farm laborers are going from Ontario and Quebec for the Western harvests under direction of the National Employment Service, and indications are that this will meet the need.

Reports from all Provinces are that the farm help situation is satisfactory, except for a few spots in Ontario.

And while farm wages are about the same as last year on the Prairies, they're higher in Eastern Canada and British Columbia.

Across the broad grainlands of the West the general rate is $5 a day for stookers and $6 a day for threshers.

As for the crop prospects, Manitoba expects bigger production than last year. Saskatchewan yields are good to fair in the Eastern and West-Central sectors, fair to poor in other parts. Alberta's crop outlook is described as "very good." British Columbia's yield is better than last year.

QUALITY HIGH

Ontario, where the harvest now is nearing completion, has good crops on the average and the quality is high.

No accurate estimate was possible of the size of the land army garnering the various crops in the different provinces. But Manitoba now has about 2185 working on the farms and needs another 500 from the East. Saskatchewan expects between 1500 and 1700 from the East and Alberta needs between 1500 and 2000. British Columbia, like all the other provinces, estimated the supply would be adequate.

Of the 4000 men expected to go to the West from Ontario 500 have already left and the service has more applications than it can comfortably handle.

Manitoba has asked for 800 farm helpers from the East. Rains have held up harvesting in the last few days but the crop is expected to exceed last year's. Many men are reported to have returned to the farms from the armed services and outside help therefore is not as vital to Manitoba as in the war years.

Saskatchewan likewise will not need as many helpers from the East as it did in the last few years. While 1700 are expected, the total last year was 2500. Good progress is being made with the harvest with 20 to 40 per cent of the wheat cut in some districts.

Alberta reports the crop outlook is very good, and while labor requirements are higher than last year the need is offset somewhat by the number of returned men. There are few in the fields in Alberta as yet; combines are used extensively in the South where the harvest has started.

The main push in Alberta will start about the middle of next week and Alberta has asked for between 1500 and 2000 from the East. Several hundred Albertans now on holiday will be back to help. Men will be moved from the Southeast and the Peace River District, where the crops finish earlier, to the Central and Edmonton regions as they are required.

In British Columbia there are some 16,00 workers on the land now and no more are expected to be required. Two hundred women were brought from the Prairies to help with bean picking.

B.C. FRUIT PROMISES RECORD

British Columbia's Okanagan fruit crop promises to be a record one despite the hail storm of three weeks ago. There's more fruit per acre, and more acres because of the increased labor supply. Altogether the Pacific Coast Province crops are good in quantity and quality.

Hanged for Murder

MONTREAL, Aug 23 (CP)—Edsel Harris, 19, was hanged in Montreal jail early today for the fatal baseball-bat bludgeoning here last November of his sweetheart's grandfather.

The blond curly-haired lad, who had refused to testify against his co-accused 17-year-old girl friend, walked without assistance from the death cell to the trap after telling guards: "I would rather hang than spend the rest of my life in a penitentiary."

Evidence at the trial showed Harris and the girl conspired to assault and rob Alderic Brodeur, her 83-year-old grandfather. The girl was sentenced to three years imprisonment for her part in the murder.

Did Everything He Could to Speed Delivery of Checks

OTTAWA, Aug 24 (CP)—Trade Minister MacKinnon said today in the Commons he had advised the Canadian Wheat Board to increase its staff and its quarters, if necessary, to speed the distribution of wheat participation certificates cheques for 1943.

Replying to John Diefenbaker (PC-Lake Centre), Mr. MacKinnon said he had done everything in his power to see that the cheques were sent out as soon as possible and he was confident they would be on their way in a few days.

COMPLETES 12 PER CENT OF ROAD CONSTRUCTION

WASHINGTON, Aug 24 (AP)—The forest service has completed about 12 per cent of planned construction of access roads into remote government timber lands, to boost lumber output for veterans housing, Wilson W. Wyatt, housing expediter, announced Thursday night.

On the basis of Aug. 1 reports, Wyatt estimated that the road construction would increase lumber production nearly 173,000,000 board feet this year. Enough for about 17,000 houses. Another 1,000,000,000 feet will be obtained next year.

Oregon will provide the greatest amount of lumber from the program, an estimated 15,000,000 feet this year, 193,000,000 feet in 1947 and 203,000,000 in 1948. Some 93½ miles of access roads are being built or improved there.

Capital Closeups . . .

Could Pinpoint Enemy Targets, But Not Good Enough for Civil Licence

By JACK BRAYLEY
Canadian Press Staff Writer

OTTAWA, Aug 24 (CP) — The Commons is filled with defenders and advocates of the farmer, the fisherman, the worker, the business man and certainly the taxpayer, but Larry Skey is especially the friend of the airman.

Former wing commander and first Toronto flier to win the Distinguished Flying Cross in the war, the tall, dark, friendly and 35-year-old Progressive Conservative represents the Trinity Riding.

And the other day he was on his feet espousing the cause of veteran R.C.A.F. men and quoting from his experience to illustrate a point he said should "startle" Reconstruction Minister Howe.

In advocating that trained flying personnel should get dual and equal recognition from civilian and service regulatory authorities, Larry disclosed that he knew of a former Pathfinder pilot who used to pinpoint targets in the night raids on Germany and then came back to Canada to be refused a night commercial licence.

Another airman of Larry's acquaintance who had a tough time with the licensing authority was an engineer who serviced a whole station overseas and had 40 squadrons under his control.

Mr. Howe said it was simply a matter of routine of warfare not being the routine of transport work.

Cuff cleaning: The stout little birch growing out of the Parliament Library fancy roof brickwork was saved from destruction this week by the intervention of an unidentified member who said it was a curio and should be left alone. . . . Briefs submitted to the busy Commons Industrial Relations Committee weighed a total of four pounds 10 ounces.

Social notes around the Commons this week include: The wedding of Agriculture Minister Gardiner, the engagement of Rene Jutras (—Provencher) to Miss Madeleine Roussel, his attractive Parliamentary secretary, and announcement of the arrival of twins—a boy and girl—to the daughter of Victor Quelch (SC—Acadia).

Vocal visitors: An American woman, gesturing toward the Gothic East block of the Parliament Buildings — "What's that, George — a church?" . . . Another American stopping a reporter in a Parliamentary corridor—"Could you show me the way to the House of Lords?"

Sinatra Believed To Be at Banff

CALGARY, Aug 23 (CP)—Frank Sinatra, the Hollywood swoon-king, is believed to have been in Banff last week, but he kept his identity quiet. He was believed to be with his wife. He motored to Lake Louise Sunday for the day. He was not seen in public, and had all his meals taken to his rooms.

Warns to "Peel and Scrub" All Raw Fruits

TORONTO, Aug. 24 (CP)— Renewed warnings to "peel or scrub" all raw fruits as given today by the Ontario Department of Health as the first of "six simple precautions" against infantile paralysis.

In quarter-page newspaper advertisements the department stressed the six "common snse precautions":

1. Peel or scrub all (the word "all" was underscored) raw fruit and vegetables before serving.
2. Protect all food from flies.
3. Teach your children to avoid crowded beaches and swimming pools and swimming in dirty water.
4. Avoid over-fatigue and if possibel have your children rest for two hours each afternoon.
5. Prevent your children from suffering sudden ills or exposing themselves to too much sun.
6. Make your children wash their hands before eating.

The Canadian Press in a story Aug. 9 erroneously quoted a report issued by the Canadian Medical Association a swarning against raw fruit contaminated by virus-bearing flies. The report actually said the danger lay in raw fruit when unwashed or unpeeled.

This distinction was elaborated today by Dr. D. S. Puffer, Ontario's Chief Medical Officer of Health, who said peeling or scrubbing was a precaution in all communicable diseases.

"It's not the fruit or vegetable itself that is dangerous," said Dr. Puffer. "It is the contamination which might be placed on the outside by some flying insect and which can be eliminated by peeling or scrubbing."

COLUMBIA READY FOR WINTER RUN

NAKUSP, B.C. — The S.S. Columbia, which has been under repair in the C.P.R. yards here, was taken to Robson Monday in readiness for the usual Fall and Winter runs Robson to Needles. Capt. Robert Manning piloted the boat down the Lake.

QUEEN ELIZABETH ALL DOLLED UP

By JOHN DAUPHINEE

SOUTHAMPTON, Aug. 24 (CP-Cable)—The world's largest ship—the 84,000-ton liner Queen Elizabeth—today is getting all dolled up in her party clothes for what is to be her "maiden" peacetime voyage to New York.

Soon after she goes into her regular run her captain, 63-year-old Sir James Bisset, Commodore of the Cunard-White Star Fleet, will try for a North Atlantic record.

Thousands of Canadian troops and service wives who have travelled across the Atlantic on the 1031-foot Queen of the Seas would not recognize her in her new costume except for her obvious size.

Black and red paint replaces the drab, wartime grey which still is worn by her sister ship, the Queen Mary, present holder of the Blue Ribbon for the Atlantic run.

Fares are moer than 50 per cent higher than pre-war rates aboard the Queen Mary. The cheapest first-class passage is £91 ($364), cabin class £56 and tourist class £41. Children from three to 12 are half-rate, one to three are quarter-fare and infants are free.

The speed of the Elizabeth has not been estimated by Cunard officials but they termed published reports that she would be able to do 40 knots were "obviously ridiculous."

President Remains To Spend Vacation In Burmuda

HAMILTON, Bermuda, Aug. 24 (AP)—President Truman arrived in this semi-tropical island Thursday liked what he saw, and decided to spend the remainder of his vacation here.

"This is what we have been looking for," his press secretary Charles G. Ross, beaming happily, told reporters.

The presidential yacht Williamsburg anchored in the American Naval operating base.

Ross scoffed at questions as to whether the President might meet high American or Foreign Officials here.

"There is no political significance whatsoever to the President's being in Bermuda," Ross said.

PAYS FOR BARS HE COULDN'T AFFORD WHEN HE WAS A BOY

JOLIET ILL., Aug. 24 (AP)—A youth entered a candy store yesterday and paid for 100 candy bars he couldn't afford as a boy. Handing the clerk $5 the youth said: "As a kid I used to swipe candy from your store. This ought to take care of it." He walked out without giving his name.

Negotiations for Packers' Dispute Fall Again

TORONTO, Aug. 23 (CP)—Mr. Justice S. E. Richards of Winnipeg, Government Commissioner in the packinghouse labor dispute, said late last night that negotiations between the companies and the United Packinghouse workers of America (C.I.O.) again "have broken down for the time being."

The Union, seeking a $33.60 minimum weekly wage for a guaranteed work week of 37½ hours, has been conducting a strike vote among its 9000 members in plants of Canada Packers, Burns and Company and Swift-Canadian Company.

Talks have been held under Mr. Justice Richards here for some days. A previous "break-down" in negotiations with two of the companies—Canada Packers and Burns—had led to the call for a strike ballot last weekend and the Union has announced various votes across the country have been overwhelmingly in favor of a strike.

TAX AGREEMENT MUST COME BEFORE SOCIAL PROPOSAL

OTTAWA, Aug. 23 (CP)—Acting Prime Minister St. Laurent, in a letter made public today, said the Federal Government would be ready to explore the possibility of arrangements with the provinces on its public investment and social security proposals but made it clear that "a sufficiently general acceptance of new tax agreements" must come first.

The letter, dated yesterday, went to Mayor G. R. Inglis of Niagara Falls, Ont., who a week ago wired Ottawa that "the annual conference of Ontario mayors and reeves meeting in Fort William unanimously urge the reconvening of the Dominion-Provincial Conference in the interest and welfare of Canada."

The wire added that municipal development depends "on a redefining of tax responsibility."

Mr. St. Laurent's letter said the exploration of "the possibility of working out mutually satisfactory arrangements in regard to the whole or any part of the proposals of the Federal Government" could take place "in a general conference or otherwise."

In the preliminary tax negotiations the Dominion had been working out agreements with "certain provinces" which it "is hoped can be completed at an early date."

"Informal clarifying discussions have also been held with certain other provinces."

STEEL SHIPMENT RELIEVED FRUIT BASKET SHORTAGE

HAMILTON, Aug. 24 (CP)— A prominent fruit basket manufacturer said today the threatened fruit basket shortage had not materialized because the Steel Company of Canada had been able to make deliveries of steel wire despite the current steel strike.

Hitler Never Paid Bill for Treatment Of His Dog

By TOM REEDY

MUNICH, Aug. 23 (AP)—Hitler stood in the big, reception room of his chalet at Obersalzburg. There were tears in his eyes.

"If you save my dog," he said, "you can have anything you want."

Dr. Alphons Dopfer, Munich veterinarian, said he would try. The ailing dog got well. But the Fuehrer never paid the bill.

Now 53, Dopfer would just as soon forget the 6000 marks he says Hitler owed him. In the first place, he says, it was forced labor, and his experience on the Russian front dismayed his dog lover's soul.

One day in March 1943 he got a telephone call from one of the Fuehrer's staff. In a short while S.S. men came for him and whisked him off to Obersalzburg.

There he was told that the Feuhrers' great dane, Blondie, was ill.

"He told me that his dog was more important to him because he was 'so lonely.'"

Dopfer examined the dane, found a trace of pneumonia, concluded that what really was wrong was the Fuehrer's own vegetarian diet.

Great danes need meat, the veterinarian told the Fuehrer, who grudgingly consented to include it in Blondie's diet.

In November, Hitler put in a hurried call to Dopfer from the Russian front. Blondie had a skin disease this time. A special plane flew the doctor to Hitler's headquarters.

When his work was done, Hitler's staff told Dopfer to submit a bill. He thought his double success was worth 6000 marks. But Dopfer never heard another word from the Fuehrer.

Gather at Site of New Arts Building

BANFF, Alta., Aug. 23 (CP)—More than 500 students, staff and honored guests gathered last night on the site of what is to be the new Banff School of Fine Arts comprising some 30 buildings to be erected in units at a cost of $1,150,000. The first two buildings are to be built in time for the 1947 classes, according to present expectations.

It Stays Put If It's
THE REAL THING

Don't be "taken in" by a toupee-type asphalt roof that won't stay put. Insist upon a Genuine Durold Roof . . . that's STILL made with a base of the best rag-felt, in spite of acute material shortages. It will stay put for an exceptionally long time.

The demand for Genuine Durold Roofs is tremendous. So even though more Durold Roofs are being made NOW than ever before, there may be temporary shortages. That does not mean you must take second best. But simply, that you may have to wait a little longer for the Real Thing, a Genuine Durold Roof.

The way to tell if you're getting a Genuine Durold Roof is by the Sidney Seal of Quality stamped on every bundle. Look for it!

VERY NICE NEW HOUSE FOR sale. S. P. Pond, Nelson.

FOR SALE—7-ROOM HOUSE, close in. Box 896, Daily News.

Market Trends

LONDON—Any early benefits likely to have been derived on the London stock market from more conciliatory relations between the United States and Yugoslavia were largely offset by the sharp overnight decline on Wall Street.

As the session progressed, however, the political news was largely forgotten and towards the close there was fairly wide-spread improvement over a broad list though there were no indications of any wide expansion in business end.

WINNIPEG—Rye futures prices continued their upward trend, showing closing advances of from 7¼ to 6½ cents. Trading was moderately active, and good buying support kept prices up.

NEW YORK—Selected stocks negotiated a half-hearted recovery although many leaders were notably indifferent.

VANCOUVER—Trading was quiet in mines with three down and three up. Oils were quiet but one industrial was down.

TORONTO—Louvicourt Gold led the Louvicourt Township group of issues in a substantial advance on the Toronto exchange. The general not improved and there were more gains than losses over the board at the close.

MONTREAL—Turnover was light with scattered gains pointing to a firmer trend.

DOLLAR UNCHANGED

NEW YORK, Aug. 23 (CP)—The Canadian dollar was unchanged at a discount of 2¾ per cent in terms of United States funds. The pound sterling was unchanged at $4.03½.

Will Live in Trail

Mr. and Mrs. William Smith, who were married in St. John's Lutheran Church here recently, plan to make their home in East Trail. The wedding group consisted of, pictured left to right: Alec Hessler, Dave Smith, Ann Hancock, the bride and groom, Barbara Serres, Lillian Smith and Joan Hancock. —Vogue photo.

Would Part Maritimes and Canada

CANNING, N.S., Aug. 23 (CP)—William Rand, retired land surveyor and ardent anti-Confederationist, has returned from a Winter vacation in Virginia to resume his campaign for releasing his native province from what he calls "Canadian brigandage."

Known to Nova Scotian newspaper readers for his attacks on Confederation in letters to the editor and his activity in town affairs, Rand had a chance after his return to proclaim over the air the existence of a "Free Maritime League" which he described as an underground movement "that intends to make itself heard."

Speaking for the first time over the air in the program "King's Forum," broadcast from a Halifax radio station (CJCH), the octogenarian, who is erect for his years, outlined one of the chief aims of the organization of which he said he was secretary-treasurer.

Rand said it was "prepared to reinforce any government of Nova Scotia which will proclaim and carry into effect a bill of rights for the protection of the citizens of Nova Scotia."

Later at his home in this Annapolis Valley town, close to his birthplace — the homestead which has belonged to his family since the 1700s—Rand declined to name the other officers of his "League." Asked about its membership, he said "one quarter of the population of Nova Scotia" belonged to the League.

Rand indicated he was considering requests from Newfoundland that he write a series of articles "warning Newfoundlanders of the danger of entering Confederation."

The old surveyor who still does the odd surveying job, described himself as "a loyal Nova Scotian and a Britisher"—not a Canadian.

Still spry for a man of more than 80 years—he tends four acres of raspberry patches and pear trees—Rand's answer to those who ask his exact age is "—old enough to vote." He was a boy when this town, beside the red-clay banks of the Habitant River, was the birthplace of many a tall wind-jammer.

TYPES HIS LETTERS

In letters to the editor, which he pecks out himself on a typewriter, he still casts a nostalgic eye back to the days when "in Nova Scotia the shores were fringed with shipyards, the ring of the caulking tool never ceased and our ships were officered and manned by Nova Scotians."

Most articulate of the remaining anti-Confederationists in Nova Scotia, Rand's most frequently used phrase has been: "Where in history did a maritime people submit to the domination of an inland horde?"

Whether the number sharing Rand's belief that Nova Scotia was "sold" into Confederation is appreciable or negligible no one has ever been able to say with authority.

In the radio forum, Rand claimed that "right of Nova Scotia to an open sea and to trade and commerce with the world, subject only to the laws of Nova Scotia." Another point was that no income of inheritance taxes should be paid to "Canada from citizens of Nova Scotia." He also said his bill would enable the province to embargo any goods coming from Canada when . . . it is being sold below the market price for the purpose of destroying or embarassing any N.S. industry."

Rand declared that if the demands were refused, the government of Nova Scotia should negotiate with New Brunswick, Prince Edward Island and Newfoundland, "for the formation of a separate confederacy, apart from Canada."

Bard of Wales

Wearing the traditional emerald green robe and hood of a novitiate, Princess Elizabeth, Britain's future Queen, is pictured after she had been admitted to the exclusive circle of the Bards of Wales at the National Eisteddfod in the South Wales mining town of Mountain Ash. The Princess was given the Welsh title of Elizabeth of Windsor. Twenty-five thousand persons witnessed the initiation, and welcomed the Princess with Welsh songs and tumultuous applause.

30 FARM WORKERS LEAVE FOR WEST

WOODSTOCK, Ont., Aug. 23 (CP)—Thirty Oxford County farm workers left by train last night for Kipling, Sask., as the first half of the district's quota of labor to help with the Western harvest. The remainder will leave tonight.

Freed Prisoners Cautioned Not to Reveal Questions

By JOHN P. McKNIGHT

TRIESTE, Aug. 23 (AP)—Seven Americans and two Europeans freed yesterday after being detained in Yugoslavia for nearly two weeks when their transport plane was forced down by Yugoslav fighters August 9 were quoted today as saying they had been questioned continuously "on all subjects" during their internment but had received "excellent" treatment.

The men, whose release from custody today had been demanded in a blunt United States ultimatum, arrived at an outpost of the United States 88th Division on the Morgan Line last night after a 37-mile truck ride from Ljubljana, where they had been held in a hotel.

A Division spokesman who talked with the nine men last night quoted them as saying that their baggage had been thoroughly searched, but that everything had been returned. The specific nature of the questions to which they were subjected was not disclosed, he said, since the Yugoslavs cautioned members of the group not to reveal the questions asked them.

One officer who spoke to them said they appeared in excellent physical condition, and quoted one of the group as saying the Yugoslavs "leaned over backward to treat us well. We were told to ask for anything in the world except our freedom."

An Army spokesman said they told him that Yugoslav troops armed with tommy guns surrounded the plane as soon as it touched the ground after being forced down in the vicinity of Kranj, near Ljubljana.

The pilot of the transport said today he failed to understand the signals of two Yugoslav fighter planes which forced him down with gunfire.

"The fighter planes flew around us a couple of times," said Captain William Crombie of East Longmeadow, Mass. "One rocked its wings. I was told after I landed that this was the international signal to land, but in the American and British Air Forces that means assembly.

"I did not know what they meant. They kept diving at us and pulling away."

Captain Crombie calculated previously he was over Austria. When he recognized the markings on the fighter planes "I knew I was over Yugoslav territory."

Protest Conditions Aboard Falcon

SYDNEY, Australia, Aug. 23 (CP)—With a large calico sign—"S.S. Floating Flophouse"—draped over her side, the United States Army Transport Marine Falcon sailed into Sydney today after a Pacific crossing which brought complaint after complaint from her 538 passengers when the vessel berthed.

The sign was hung out by some of the passengers as an expression of their feelings about conditions aboard. They told Sydney newspaper reporters that during the voyage the dormitories were sometimes in a filthy condition, that crewmen behaved badly and that medical attention was poor.

One passenger declared that conditions on the Falcon "merit Congressional investigation."

The master of the vessel, Capt. Robert A. Eastman, said in reply that the Falcon was "troopship from the keel up" and that on his daily inspections he failed to find any unsanitary conditions."

NORTHAMPTON, England (CP)—A 24-year-old German naval rating escaped from a prisoner-of-war camp after making a suit of clothes from his blue-grey uniform and dyeing it blue.

IT'S New— ENGINEERED AND MADE BY Chrysler!

CHRYCO Super BRAKE FLUID
SPECIFIED AS THE ONLY BRAKE FLUID FOR ALL NEW CHRYSLER VEHICLES
Specified by Chrysler engineers as the only brake fluid for all their new vehicles, this NEW CHRYCO SUPER BRAKE FLUID is now available for ALL hydraulic brake systems. Actual tests prove it remains in its fluid state over a wider temperature range . . . from 340 degrees Fahrenheit to 80 degrees below zero! There has never been a better safeguard for your brakes against wear and corrosion! Specify CHRYCO SUPER BRAKE FLUID and be sure!
Come in and see us today!
WHAT CHRYCO MEANS
CHRYCO is a trade name coined from "Chrysler Corporation." Parts and accessories bearing this trademark are guaranteed by the men who design Chrysler, Plymouth, Dodge and DeSoto cars, Fargo and Dodge trucks and Chrysler Industrial Engines.
