Hamilton Chief To Call for Aid From Outside

HAMILTON, Aug. 22 (CP)—Police Chief J. R. Crocker of Hamilton today told striking members of the United Steelworkers of America (C.I.O.) that he would send for outside help to keep order in the wages-hours strike which started July 15. He made the announcement afterthree unsuccessful attempts to get vehicles through picket lines outside the Steel Company of Canada plant.

Police squads previously tried unsuccessfully to escort a load of logs, a shipment of groceries and a load of sheet metal through the line, but the strikers pushed back the trucks.

At noon today 300 strikers forced back the first truck to try to enter the plant.

Earlier, two trucks and several automobiles turned away from the entrance after strikers confronted the drivers. Then a light delivery truck tried to go through the picket lines at the main gate, but was pushed back on to Burlington Street despite police efforts to clear unionists away from it.

Around the gate the crowd of strikers and sympathizers, which rose at times during the night to an estimated 3000, dropped to about 200 this morning. A cordon of police met resistance, jeers and threatening gestures as the officers tried to escort two workers into the plant. Pickets pushed the workers and police away from the entrance.

Hamilton Police Commission was expected to meet to receive a report from Police Chief Joseph R. Crocker on the explosive situation which developed yesterday and led to four picket line clashes.

Nine men arrested yesterday during the clashes were remanded today by Magistrate James McKay until tomorrow. Charges ranged from obstructing police to intimidation and wilful damage.

ATTEMPT TO SINK TROOPSHIP IN HAIFA BAY

British Troops Move Into Towns As Threat Grows

UNDER CURFEW

JERUSALEM, Aug. 22 (CP) — Swimming saboteurs using Limpet mines blew a hole eight feet long and three feet wide below the waterline of the British troopship Empire Rival in Haifa Bay shortly before midnight last night, but failed to sink her, the Government announced today.

The announcement came only a short time after British troops moved into the all-Jewish city of Tel Aviv and four other towns in Palestine in the wake of new Jewish underground threats of violence.

The military guard opened fire on them, "though apparently without effect," the announcement said, in describing the attempt to sink the trooper, just returned from transporting a load of illegal Jewish refugees to Cyprus.

"Approximately a half hour later two explosions took place and the after hold of the Empire Rival began to fill with water. The bulkheads which had been closed held, and the next hold remained clear of water."

After an investigation by divers, the 7045-ton vessel moved into shallow water under her own power. No immigrants were aboard at the time and no casualties were reported among crew members.

The Haifa Harbor area was under curfew from the early morning hours until 8 A.M. because of the imminent departure of another transport, the Empire Heywood, for Cyprus with a load of illegal immigrants. The Heywood was damaged slightly in a sabotage attempt last Saturday.

In Tel Aviv, strong forces of soldiers and police moved in shortly after midnight, and all roads leading into the city were described as being jammed with military traffic, but there was no immediate explanation of what was afoot. The towns of Peta Itqua, Ramatgan, Batian and Rishon le Zion were also reported cut off by troops.

Many Jews predicted the British would impose new curfews and institute additional searches, possibly leading to further arrests.

Muster Forces To Check Flood Threat of Nile

CAIRO, Aug. 22 (AP)—The Nile, Egypt's backbone and lifeline and for 60 centuries the source of her green riches, is threatening its worst flood in many years.

The Ministers of Public Works, Interior and National Defence are organizing their forces in an effort to stem the threat to villages and the farmlands of the Nile's fertile valley.

The Nile usually begins rising in August, with flood cresting early in September.

King Mena is credited with first using the annual Nile floods to refertilize and irrigate Egyptian land about 4000 B.C.

His system of guiding the overflowing river waters into storage basins is still the basic method used for irrigation in upper Egypt.

More than a century ago work was started on a series of dams along the length of the Nile to store the flood waters for year 'round irrigation.

The Minister of Public Works issued a warning that this year's flood is regarded as one of the most dangerous in decades.

The Minister of National Defence is assisting by posting units throughout the country, and promised that they would "camp in the fields until the danger finally has been eliminated."

EIGHT ACCIDENTS THIS YEAR ON GRANITE ROAD

Eight auto accidents have occurred on Granite Road to date this year, none more than three miles beyond the Nelson City limits. Last year there had been five in the same period.

Of the eight accidents, six were "reportable" to Police, it not being necessary to report unless damage of at least $25 has been incurred or serious injury suffered.

MORE NEW HOMES BEING BUILT THAN IN 1945

OTTAWA, Aug. 22 (CP) — The Dominion Bureau of Statistics said today that reports from 325 municipalities across Canada indicated that new homes ar being built at a slightly higher rate this year than in 1945.

With the completion of 2842 in June, a total of 11,468 new dwelling units were completed during the first half of this year compared with 22,343 units completed during the full year in 1945.

Fruit-Pinching Buyers Spoil 10th of Displays

TORONTO, Aug. 22 (CP)—Customers who "thump" melons, squeeze peaches and handle tomatoes, pears, plums and grapes spoil as much as 10 per cent of fruit on display in Toronto stores, a survey of dealers indicated today.

Women are the worst offenders, the dealers said, but part of the loss results from the "snitching" tactics of children. One fruit salesman said eight to 10 customers who serve themselves prefer "a baker's dozen" to the regulation 12.

Hundreds Battle B.C. Fires; Jumpers Tackle U.S. Blazes

54 Outbreaks in B. C.; High Hazard Brings Increased Precautions; 2000 Fight Spreading Flames in 3 States

VANCOUVER, Aug. 22 (CP)—Fires today threatened tinder-dry forests in British Columbia as hundreds of men battled to save valuable timber stands.

In widely separated areas, forest flames spread under a hot sun and low humidity, with the most serious blaze sweeping over 700 acres of timberlands in the Campbell River area on Vancouver Island.

Already it has destroyed some 2,000,000 board feet of felled and bucked timber, and during the day fast approached another 5,000,000 feet.

More than 300 men fought to stem the spread of flames, backfiring a wide area, and tonight reports from the fire scene were more hopeful.

Forestry officials here were hopeful that control might be gained during the night when the winds die down, and back-firing becomes effective.

54 FIRES

Fifty-four fires were reported throughout the Province during the day, but many were confined to small areas, and no heavy timber stands were endangered.

Fire in the Hope, B.C., district started earlier in the week by lightning, was under control, but crews of 300 men were still in the area on guard against further spread as flames still swept scrub timber. Before it was controlled it destroyed 500,000 board feet of felled logs.

Forestry men were also investigating a new fire at Port McNeil at the mouth of Knight Inlet, and lightning was blamed for 13 fires in the Cranbrook area.

Fires in the Victoria watershed, at the South end of Vancouver Island, were reported under control, and in the Qualicum District forest blazes were checked.

A report from the Campbell River fire area said a carelessly tossed cigaret had started the timber-destroying blaze, while another report said the backfiring of a logging machine, spewing flaming gasoline, was responsible.

200 FIRES IN 3 STATES

MISSOULA, Mont., Aug. 22 (AP) — Planes carrying parafighters and supplies droned over Northwest timberland today as more than 2000 men in ground crews battled the quick spread of flames in forest country of Washington, Montana and Northern Idaho. Lightning darting into dry timber had started 60 more fires bringing the total in the three states to 200.

Fire Dispatcher Fed Fite, of the U.S. Forest Service, said three bulldozers chugged away at fire lines in the Kannksu National Forest South of Priest River, Idaho, where 528 men fought a blaze believed to have been started by a tracer bullet.

Smokejumpers streamed out of airplane hatches to fight fires in remote areas, while other planes dropped diesel oil, supplies and equipment to ground workers.

A stubborn 160-acre fire crackled in the back country West of Avery, Idaho, and a blaze on lush, non-Federal timber near Kalispell, Mont., spread over 325 acres. Smaller fires in Western Montana's Lolo Forest, and North of Bonner's Ferry near the Idaho-Canadian border raced out of control.

Fite reported timber was explosively dry, and that high winds and hot weather increased fire hazards.

STEP UP PRECAUTIONS

VICTORIA, Aug. 22 (CP)—With forest fire hazards mounting alarmingly in many parts of the Province and weather forecasts offering no immediate prospects of relief, Forest Service headquarters here today broadcast a special warning to all rangers to tighten up precautionary measures.

Rangers were instructed to warn all logging operators to take particular care and to enforce fire prevention discipline in woods and camps.

Travel in closed areas; permitted on permits up to the present, is to be further restricted and special patrols will be employed in hazardous and heavily frequented areas.

Further lightning-caused fires between the Silver-Skagit logging operations and the Hope-Princeton road were reported today in an over-all picture of increasing danger.

Temperatures above 90 degrees were reported from many parts of the Province.

HOUSE CONCURS IN REPORT

OTTAWA, Aug. 22 (CP) — The Commons by a vote of 129-28 tonight voted concurrence in the report of the Committee on Industrial Relations.

Horrors of Nazi Camp Bring Nightmares

TORONTO, Aug. 22 (CP)—The nightmares she has and the number A-18-945 tattooed on her forearm keep alive for 26-year-old Pola Gordon, Polish refugee, memories of the three years she spent in Nazi internment camps.

"I still wake up screaming because I still dream of the horror of those three years," said Pola, who arrived here today enroute to New York and a new life. She saw her parents, three sisters and a brother, murdered and cremated by the Nazis.

The number on her left arm is an example of the Nazi method of branding slave laborers.

"My mother was taken to a cemetery, forced to dig her own grave, and then shot," she recalled. "My father was cremated and I saw my sister-in-law killed before my eyes and her son had his head hacked off by a drunken German soldier wielding an axe."

Tito Backs Down Before U.S. Ultimatum, Frees Airmen

Yugoslav Government Promises to Give Satisfaction for Shooting Down of Two U. S. Transports; Orders End to Firing on Foreign Aircraft; Ambassador and Marshal Meet

By GEORGE PALMER

BELGRADE, Aug. 22 (AP) — Premier Marshal Tito—faced with an angry United States ultimatum—tonight ordered his military forces not to fire on foreign aircraft shortly after Yugoslavia had released nine of the 10 occupants of the American Army transport forced down on Yugoslav soil Aug. 9.

The Yugoslav leader's announcement was given in answer to a note from two American newspaper correspondents. The note was presented to Tito while he was conferring at his Summer palace in Bled with Richard C. Patterson, United States Ambassador. At the same time Mr. Patterson made formal delivery of the American ultimatum.

An hour before the conference Tito's Government released seven Americans and two Europeans who were aboard the American C-47 transport forced down by Yugoslav fighters Aug. 9 near Ljubljana. The airmen had been held by the Yugoslavs for almost two weeks.

Subsequently the airmen crossed the Morgan Line, dividing British and American troops from Yugoslav forces in Venezia Giulia, and were billeted with United States troops.

PROMISES SATISFACTION

After a two-hour conference with Tito, American Embassy officials said they could give no immediate report of the meeting except to say that "the Yugoslav Government has promised to give satisfaction."

Tito also gave Mr. Patterson assurances that American representatives would be granted permission to both inspect the damaged C-47 army transport forced down Aug. 9 and the wreckage of the crashed army transport shot down by Yugoslav fighters Monday.

Two American graves registration representatives will proceed tomorrow to the scene of the crash of the second plane near Bled, close to the Austrian border, if the weather permits.

There were indications that none of the five Americans aboard the second transport survived the Monday crash. There was no official word of their fate.

The Belgrade radio said tonight that two had parachuted from the craft and could not be found.

The released men were described as being in perfect physical condition. They were held in a hotel at Ljubljana just under two weeks.

Members of the crew said they understood that frequent flights had ben made by both British and American planes over Yugoslav territory recently, as many as 20 a day.

The ultimatum had demanded the release of all the men from both planes and permission for American authorities to interview survivors. Unless this were done by the 48-hour time limit, the ultimatum said, the matter would be referred to the United Nations Security Council.

LONDON, Aug. 22 (CP)—London papers printed news of the United States ultimatum to Yugoslavia today under banner headlines reminiscent of the war years and the Evening News declared editorially that the outcome may have a profound effect "on the future of world politics for many years to come."

Declaring that "behind the unsubstantial Premier Tito stands the massive Stalin," the News said:

"Tito's provocations and insolence are merely symptoms of a much more serious clash between the regimes in Eastern and Western Europe."

The Conservative Daily Mail, in an editorial headed "Washington Bombshell," said the situation was "grave," and added:

"Yugoslavia is closely linked with Russia. If she were not she would hardly maintain such a defiant and intractable attitude both to America and to Britain.

NOT PLEASED WITH BRITISH-YUGOSLAV RELATIONS

PARIS, Aug. 22 (CP)—A British spokesman today denied a report published in London that Foreign Secretary Bevin expected to see Edvard Kardelj, head of the Yugoslav delegation, and Vice-Premier, and warn him that British-Yugoslav relations were deteriorating.

Mr. Bevin "has no appointment to see Mr. Kardelj and none is expected," the spokesman said.

Other British sources said they were not pleased with Yugoslav-British relations, but they took the view that the ultimatum to Marshal Tito was strictly an American matter.

Weary Commons Wails "Show Me the Way to Go Home"

OTTAWA, Aug. 22 (CP)—Members of the Commons, who frequently hold an informal singsong while they wait for members to get down to the House Chamber from their offices for a vote, today had a timely addition to their repertoire.

It came from C. E. Stephenson (PC-Durham) and it was sung by a group of his party colleagues while the House was waiting for a vote to be taken.

The song:

Show me the way to go home,
I'm tired and I want to go to bed.
I've listened to debates for days and days,
Until I'm nearly dead.
My family is weary and alone,
While, here I sit and groan;
So, now you hear me singing this song,
Show me the way to go home!

Show me the way to go home,
For the Government is almost dead,
So why sit here for weeks and weeks,
While they only swing the lead
The Prime Minister has decided to roam
O'er land—and sea—and foam,
So, let's all be of one accord,
Show me the way to go home!

Not Much Luck In Oil Prospecting

EDMONTON, Aug. 22 (CP) — Imperial Oil Limited is not "meeting with much luck" up to the present in exploration work for new oil sources in Alberta but the work is going steadily ahead. President H. H. Hewetson of Toronto said here today.

There have been no new finds of oil in the Alberta area this Summer to date, he said.

2 YEARS FOR RETAINING GOODS LOOTED FROM TOURISTS' CARS

VANCOUVER, Aug. 22 (CP) — Raoul G. Rose, 19, was sentenced in County Court here today by Judge R. A. Sargent to two years in the penitentiary.

Rose was convicted on a charge of retaining stolen property. All the goods involved were stolen from American tourists' cars.

Verdict of Jury Blames No One In Koochin Death

Attributes Lack of Markers, Narrowness of Road for Mishap

VERDICT UNSIGNED

TRAIL, B. C. — Enquiring into the death of George Koochin, 20, of Castlegar, car accident victim at Genelle Bluffs Aug. 16, a coroner's jury returned a verdict stating that Koochin was killed almost instantaneously when the car he was riding in plunged 50 feet over a bank after a minor collision with a light delivery truck driven by Nick Koftinow.

The verdict stated that the cause of the accident could be attributed to the narrowness of he road, the disracting effect of the headlights and the lack of markers on the road at this point. The verdict also said that no blame should be attached to anyone.

Coroner Dr. J. Stewart Daly has not signed the verdict and stated that he would seek advice from the Attorney-General's Department on a couple of points before endorsing it.

He dismissed the jury.

U. S. Vehicle Under Fire in Italy

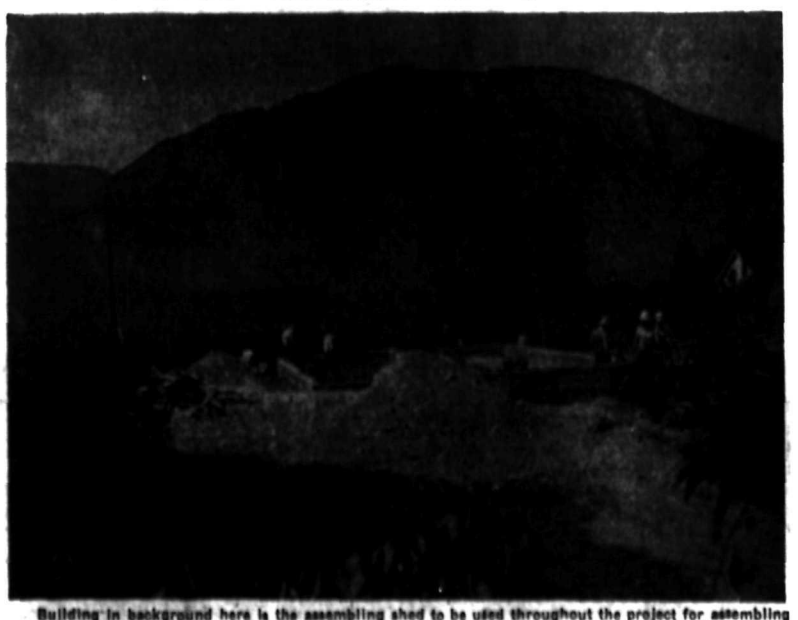
GORIZIA, Italy, Aug. 26 (AP)—Headquarters of the U. S. 88th Division announced late tonight that an American Army vehicle had been fired on near Ursina.

The vehicle was a mobile library truck of the Information and Education section of the division. After two shots had pierced the windshield, Pfc. Wade Tarngles, the driver, dismounted and from the ground fired four shots in the direction of his assailants.

By that time another American vehicle had driven up, and the assailants withdrew. A patrol searched the area but without results.

Veterans' Houses Site Active Scene

There are six houses in a row in this area of South Nelson, where the first of 50 Wartime Houses for Nelson are being constructed. Foundation workis well under way.



Building in background here is the assembling shed to be used throughout the project for assembling uniform parts which are then taken to the house locations. About 40 men are at work.—Daily News photos.

Time to Bring Pressure to Bear On Yugoslavia

LONDON, Aug. 22 (CP) — Moscow radio reported today the exchange of notes between the United States and Yugoslavia but made no comment other tha nto quote a "U.S. dispatch."

"The A.P. correspondent in Washington," said an English-language broadcast, "has classed the two American notes to Yugoslavia as the hottest the State Department has sent in recent times.

"High-placed diplomats believe, he writes, that the time has come for the Western Allies to bring strong economic pressure to bear on Yugoslavia."

Victoria Rejects Gov't Conducting Strike Votes

VICTORIA, Aug. 23 (CP)— The recommendation, now before the House of Commons, that strike votes of unions be conducted by the Government, was rejected by the Victoria and District Trades and Labor Council last night.

The Council also disapproved an alternative suggestion that strike votes of unions be conducted by the unions but under government supervision.

The council felt "a secret ballot is the sure way to ensure democratic procedure."

Madame's Tootsies to Be Warm This Winter; Closed Shoes Back

By DOROTHY ROE

NEW YORK, Aug 22 (AP) — Women this Winter won't need to wade through the snowdrifts in airy, open-toed shoes. This Winter their stiff, blue toes won't gather icicles. The war is over and closed-toe shoes are back.

Shoe designers have gone to town this season with new and elegant shoe styles which not only look pretty but also protect the feet, a footwear function practically forgotten for the last five years.

Back on the shoe scene are the flattering and ever-popular opera pump, the smart calf walking shoe, the suit pump in butter-smooth calf, the suede D'Orsay and the closed-toe-and-heel platform pump.

Designs are simple. There are few flashy ornaments, fewer beads and sequins. But there's a new dressmaker touch to the fine shoes — draped or tucked vamps, stitching, piping, quilting and scallops, discreet bows and tailored ornaments with a new look.

For those who prefer them, there are still open-toed, open-heeled models, suggested for dressy wear.

Platforms are important also, say officials of the Guild of Better Shoe Manufacturers, and to last year's amazing double decker has been added a triple decker.

QUICKIES . . . By Ken Reynolds

"I see you're reading the News Want Ads—you're FIRED!"

CANADIAN WOMEN IGNORE FEET

By KAY REX

Canadian Press Staff Writer

TORONTO, Aug. 22 (CP) — The dark, young shoemaker was patently disgusted as he tossed a high-heeled pump into a corner heap. He had been attempting to re-sole the shoe when he suddenly grimaced, spat the nails from his mouth and uttered an oath.

"Women," he said in explanation, "wash and paint their faces enough in the Summer-time, but they don't pay much attention to their feet."

Twenty-nine years old and unmarried, he could afford to speak bluntly. He jerked his head disdainfully toward the forsaken pumps and added:

"It costs only a couple of cents for a new pair of insoles but here they go sticking bare toes inside shoes that haven't had a new insoling job since they bought them — no wonder there are so many cases of athlete's foot all over the country. They'd rather spend money on a fudge sundae . . . They have their heels straightened here and the outside polished, but just take a look at the inside of their shoes—phooey!"

ALL VERY DISCOURAGING

He scanned the high strapless numbers this reporter was wearing and shook his head. "Whadja pay for them — $3.95?" he asked. "They're no support for your feet —how do you expect a pair of toeless and backless boats like those to do you any good."

"Sometimes this business is awfully discouraging," he sighed. "Canadian women just don't know from nothing when it comes to feet . . . They come in here without arch supports when they need them, or if they have them they're usually wrong . . ."

By the way, the only thing that took us into his shop was to get a new pair of insoles.

17 New Cases of Polio, Total 714

By The Canadian Press

Seventeen new cases of infantile paralysis were reported in Canada Thursday — one of the smallest daily totals since the polio outbreak assumed serious proportions early this month.

The Dominion's total this year is 714 cases, of which 48 have been fatal, a survey by The Canadian Press showed.

None of the new cases were reported in Montreal, where the incidence now is considered by health authorities as "epidemic." The city has recorded 28 polio deaths —10 cases originating in Montreal and 18 in outside communities.

Montreal reported two deaths and Caraquet, N.B., one.

Provincial totals, with deaths in brackets, are as follows:

Nova Scotia, 11 (1); New Brunswick, 21 (1); Prince Edward Island, 22 (4); Quebec, 466 (27); Ontario, 136 (9); Manitoba, 17; Saskatchewan 6; Alberta 32 (4); British Columbia, 3.

SAYS A-BOMB PARTICLES KILL MILES FROM EXPLOSION AND DAYS LATER

VANCOUVER, Aug. 22 (CP) — Maj. Hector Stewart who witnessed the atom bomb tests as an official Canadian representative said in an interview here today that news correspondents failed to emphasize the general effectiveness of the bomb because of their stress on the bomb's effect on ships.

Maj. Stewart, Director of Public Relations for the Canadian Army, said the weapon was "just another bomb" as far as blast and heat are concerned but invisible radio-active particles hurled thousands of feet in the air can kill many miles from the explosion scene and days after the blast.

Maj. Stewart is en route to Ottawa.

CRACKERS MAY REPLACE BREAD

PRINCE ALBERT, Sask., Aug. 22 (CP)—Crackers may be served as a substitute for bread in several local cafes as a result of the bread strike, now in its second day, Prince Albert cafe owners said today. Others said that if the bread shortage grew worse they would be forced to close.

Police Uncover Big Haul After Border Crossing

CRANBROOK, B.C., Aug. 22 — Two men of Belton, Mont., ran into trouble in this District when they crossed the international border at Roosville without reporting. The customs officer, James Sinclair, notified the Royal Canadian Mounted Police here immediately.

Corporal Harry Giles and Constable Don McRae of the CCranbrook R.C.M.P. detachment intercepted the car at the junction of the trans-provincial and Fort Steele roads a few hours later and searched it. They reported finding several pounds of American nickels and dimes, and a quantity of new merchandise, including rifles, cigarets, whisky, hunting knives and cigaret lighters.

Enquiry of the sheriff at Kalispell, Mont., showed a beer parlor and dance hall at Apgath, Mont., had been forcibly entered and money and punchboard prizes stolen early that morning. The pair police reported, admitted to the entry and theft, and were delivered by the R.C.M.P. to the sheriff at the border. The car, was returned after penalties for illegal entry and expenses were paid.

Kinsmen at Busk On Last Day Of Scout Camp

Kinsmen visited Camp Busk on the last evening of the Boy Scouts Camp session. Among other visitors at camp fire were W. A. Lowery, Honorary Member of the Alberta Provincial Council, and Mrs. Lowery, both of Turner Valley, Alta.

Mayor N. C. Stibbs gave a welcome speech on behalf of the Kinsmen while J. A. Wilson spoke for the Scout Executives and E. J. Avery for the Salmo Boy Scouts Association.

After "taps" when the visitors had departed, the Scouts enjoyed refreshments contributed by the Kinsmen and Mrs. Edgar.

TOAST-and-TEA
BY J. A. McARTHUR

"In my own poor trade of authorship," W. B. Maxwell has written in Life, A Study of Self, "it soon becomes painfully evident that we write best when we write for other people. On the face of it, perhaps, it would seem that we always do this, since we hope that other people will read our books, but what I mean is our work becomes better when we cease to strive for fame, for profit, or even for the recognition of the talented few, when we are not trying to be clever, but are resolutely saying the things that other people want to hear—rejecting, of course, all that we do not sincerely believe will not only please but help them and be good for them . . . At such times our pen becomes like a generous well-bred horse galloping with long, free strides, instead of being that sorry jade which required so much whip and spur."

GOODERHAM-WORTS

TORONTO, ONTARIO

WILLIAMS TO ATTEND REHAB MEET AT COAST

W. Williams, Employment and Claims Officer with the Department of Veterans' Affairs in the National Employment Service Office here, will leave Monday to attend the B.C. Citizens' Rehabilitation Convention at Harrison Hot Springs Aug. 27, 28 and 29.

Chief purposes of the conference will be to exchange views, formulate plans and develop general policies with regard to the rehabilitation of veterans.

King May Leave Parley Sunday

PARIS, Aug. 22 (CP Cable)—Prime Minister Mackenzie King probably will leave the Peace Conference here Sunday to return to London and catch the Queen Mary from Southampton Tuesday for Canada.

Mr. King returned to Paris late today after a 2½-day flying trip to Berlin and Nuernberg where he conferred with Allied Control Commission officials and visited the War Crimes Trial, respectively.

He has not yet made up his mind definitely to leave Sunday although during his German trip he came to the conclusion that he could pull out of the conference now that it is in committee state and leave the Canad dlenaiedelb
Canadian delegation leadership to Health Minister Claxton and other members.

An official announcement on the Prime Minister's decision may be made tomorrow or Saturday.

Mr. King returned to Paris with a new appreciation of the value of the Nuernberg trials and considerable inside information on economic, political and social questions plaguing Germany and the Allied Control Council. The Canadian leader feels that settlement of these problems is vital for the future. (See also story on page 4).

San Diego Mines Sign Agreement With I.U.M.M.S.W.

Agreement has been reached between San Diego Mines, New Denver, and Unit K of Local 480 (CIO) to abide by the present agreement on wages now existing between the Consolidated Mining & Smelting Company of Canada, Ltd., and the International Union of Mine, Mill and Smelter Workers.

The agreement was signed Wednesday, R. C. Billingsley, International Representative, I.U.M.M.S.W. of Trail said Thursday. It will be adopted and become effective Aug. 16. The agreement provides for checkoff of Union dues subject to the approval of the War Labor Board.

A similar agreement was recently signed with Alpine Gold Mines Ltd., near Nelson. Both mines will go into production immediately.

2 Bits Costs a Life

NEW YORK, Aug. 22 (AP)—A frail, unidentified girl about 14 years old dropped a package on to the tracks of the subway as she stood on a station platform today.

Clutching a quarter in a fist, she jumped to the track, tossed the package to the platform and tried to scramble up. A train shot out of the darkness. She tried again—and failed.

Police, jacking up the train to remove her body, found the quarter still tightly held in her fist. Had she dropped it, they said, she might have had better leverage to save herself.

To Discontinue Milk Subsidy

EDMONTON, Aug. 22 (CP)—Premier Ernest Manning of Alberta today condemned the Federal Government's decision to discontinue the subsidy on milk paid to producers at the end of September. He said that an increase in the price of such a universal item in the diet of both children and adults would result in "great hardship" for consumers, especially those in the low-income brackets.

The Premier said the action was not consistent with Ottawa's repeated statements that it desired to hold he line against uncontrollable inflation.

He also said the decision made Wednesday to drop the subsidy had ben acted upon without receipt of a reply from Ottawa to a letter sent some weeks ago from the Alberta Government urging a continuance of the subsidy.

R. H. M. Bailey, President of the Dairy Farmers of Canada, and manager of the Alberta Milk and Cream Producers, said today that from the producers' point of view "it is a question of getting a price which will permit him to continue production of milk to suplpy the demand."

The producers were interested in receiving just compensation for their labors and while they were in one sense consumers their position was not as acute as the consumer in cities and towns, he sa di

OTTAWA, Aug. 22 (CP) — The Federal Government has definitely decided to discontinue the producer subsidy on milk as from September 30, Acting Finance Minister Abbott said today in the Commons.

Mr. Abbott made the announcement in reply to a question of Mark Senn (PC—Haldimand), who asked if the Government definitely had decided to stick by its decision to discontinue the subsidy.

The subsidy amounts to 55 cents per 100 pounds of whole milk.

Earlier, Robert Mayhew, Parliamentary Assistant to the Finance Minister, told R. S. Moore (C.C.F.—Churchill) that no change was contemplated in the Government's milk subsidy policy announced last May.

At that time it was announced that the two cent per quart milk subsidy for consumers would be discontinued as from the end of September.

It was also announced that control of milk prices would be returned to the control of Provincial Milk Boards as from June 1.

Better Than an Alarm Clock

SPRINGFIELD, O., Aug. 22 — (AP)—Doris McKinster, 16, dropped off to sleep in her living room today. When she awoke a giant truck was in bed with her.

The truck, carrying 12 tons of aluminum, had wrecked the front of the two-story house at nearby New Moorefield.

Although the couch was damaged and Miss McKinster was showered with plaster, she received only a few scratches.

Before the truck could be removed, workmen had to prop up the house to keep it from falling down.

VANCOUVER EXPECTS TO SHIP 100,000,000 BUSHELS GRAIN THIS YEAR

VANCOUVER, Aug. 21 (CP)—D. A. Kane, Western representative of the Canadian Wheat Board, said in an interview here today that the board expects to ship 100,000,000 bushels of grain through the port of Vancouver in the 1946-47 crop year.

Many at Last Rites for "Duke" Harris

There were many present at last rites held in the Thompson Funeral Home Thursday for Wellington Samuel "Duke" Harris, well known prospector-promoter who died here Monday. Rev. A. Stewart of the First Presbyterian Church conducted the services.

Hymns sung were "The Lord's My Sheperd" and "Abide With Me". Mrs. J. A. Fraser was organist.

At the conclusion of chapel services the casket was forwarded to Vancouver where burial will be in the family plot of the Ocean View Burial Park.

The Weather

Synopsis:
Clear skies and warm weather have again been general over the Southern Coastal regions and the Interior of B.C. Conditions remain cloudy with intermittent rain over the Northern Coast but some improvement may be expected by Friday afternoon.

Vancouver and vicinity:
Clear. Local fog patches in the low areas about daybreak, clearing during the early morning. Light winds. Little change in temperature. Maximum at Vancouver airport 73, Abbotsford airport 85.

Okanagan:
Clear. Variable cloudiness over the mountains during afternoon. Light winds. Little change in temperatures. Maximum at Penticton 85, Kamloops 93, Lytton 95.

Kootenay:
Clear. Variable cloudiness over the mountains during the afternoon. Light winds. Little change in temperature. Maximum at Crescent Valley 52-95, Cranbrook 46-90.

MONEY GROWING ON BUSHES FOR ONTARIO MINERS; BLUEBERRIES JUST ANOTHER HEADACHE FOR MANAGERS

The slogan of Ontario miners has changed from "there's gold in them thar hills' to "there's money on them thar bushes."

With blueberries bringing $4 to $4.50 for an 11-quart basket retail in Toronto and other cities, and about as much in Northern towns, many mineworkers have been lured to leave their jobs and join in the rush to catch the record-high berry prices, the Northern Miner reports.

The crop requires no cultivation, the fruit grows wild for the pleasant taking and the industrious can make big money for a few weeks. The attraction of the berry fields has reduced crews at several mines in Northern Ontario and Quebec and has aided in bringing the labor situation at several producers to the worst experienced during the war, or post-war. The blueberry business is big, and well organized; trucks come right to the fields and carry away the fruit.

Fine Two $300 Each for Keeping Liquor

Charged with keeping liquor, two Nelson men were fined $300 each in City Police Court Thursday by Magistrate William Brown. The two men, James Beaton, laborer, and George Hnatiuk, hotelman, pleaded guilty. Charges were laid by Sergt. R. R. House.

VICTORIA, Aug. 22 (CP) — A coroner's jury found today Thomas George White, mechanic at the Naval dockyard and First Great War veteran, had met his death accidentally when he fell five flights in a stairwell in a downtown hotel.

The jury added the recommendation to its verdict that stairwells in hotels and public places should be so constructed or guarded that falls of this kind would be impossible.

Dangerous Driving Brings $25 Fine

Pleading guilty to a charge of driving a motor vehicle in a manner dangerous to the public, Alex A. Abrosimo of Nelson was fined $25 and costs in Provincial Police Court Thursday by Stipendiary Magistrate William Irvine.

The charge arose out of an accident on Granite Road, Aug. 4, when Mr. Abrosimo's car went off the road and travelled 200 feet over rocks to come to rest against a fence.

Hints for Housewives

By BETSY NEWMAN

For some reason or other, when I serve a fish meal, I want a light refreshing dessert. Salad, too, with a fish diet, should be on the tart side, in my estimation. For that reason I have added an additional touch of tartness to the Tartar Sauce, and the Grape Juice Whip is used for dessert. It's pretty, easy to make and delicious.

TODAY'S MENU

Fried Scallops Tartar Sauce
Sliced Tomatoes and Cucumber
French Dressing
Buttered Cabbage
Grape Juice Whip Coffee

FRIED SCALLOPS

1 qt scallops, 2 eggs, beaten in 4 tbsp. cold water, salt, cracker or fine bread crumbs, pepper, cooking oil, tartar sauce.

Immerse scallops for 3 mins in salted water, using 1 tbsp. salt to 1 cup cold water. Drain scallops and dust with pepper, then dip into beaten egg-water mixture and roll in crumbs. Scallops may be pan-fried but are best cooked in deep fat at about 380 deg. F. A single layer of scallops is placed in a well-oiled frying basket and cooked until deep brown. Serve with tartar sauce. Serves six.

TARTAR SAUCE

1 cup mayonnaise, 1 tbsp. minced sour pickles, 1 tbsp. minced parsley, 1 tbsp minced capers, 1 tbsp minced onion.

Mix ingredients thoroughly, taste and, if not tart enough, add a few drops of tarragon vinegar, and serve cold on hot fish.

GRAPE JUICE WHIP

¼ cup cornstarch, ¼ cup sugar, ¼ tsp. salt, 2 tbsp *orange* juice, 2 cups grape juice, 1 tsp lemon juice, ½ pt. heavy cream.

Combine cornstarch, sugar and salt in a saucepan. Mix well together the grape juice, orange and lemon juices, and add to dry ingredients. Boil for a minute or two, then let cool, really cold. Whip the heavy cream and fold it lightly into the grape juice sauce.

Fold the cream in very lightly so the mixture will be marbled. Pile into sherbet glasses and garnish with bananas, nuts or in any desired way. Serves six.

Put on a Slimming Suit

By IDA JEAN KAIN

Mother, may I go out to swim? Yes, my darling daughter.

The good news is that swim suits have changed for the better. If your figure isn't all it should be, it need not be an open secret. This season the designers have come to the rescue with suits that reveal our good points and conceal the bad ones, instead of the other way around.

There are many abbreviated affairs, but only the streamlined lassies should sally forth in a two-piece number— britches, bra, and naught between but suntan. These styles come in sizes 10 to 18, but few girls requiring an 18 should risk wearing one.

In large sizes there are cleverly cut dressmaker suits that are positively slimming. Some are made of jersey, princess style to diminish the waistline, with shirred bodice and an ample flowing skirt cut like a dress. They come in sizes up to 46, and are designed to slim away 20 excess pounds.

Hefty hips? Don't let that keep you out of the water. Choose a suit with a skirt that whooshes out in flattering flares. These nip in the waist, too. Some of these are made of cotton chambray, some in stripes converging at the waistline to belittle the waist.

The painfully thin girls used to be out of luck in a sad sack of a swim suit. Now they can look cute and cuddly in a little-girl bloomer suit that fits snugly through the midriff, with bloomer effect seamed to wheel out from the hips. And—sh-h-h—some of them even have gay deceivers in a built-in bra! Also there are beguiling ruffles and short full skirts over bloomers. A new feature is the cover-up high neckline.

But for the dimpled darlings there are plenty of decolletage, strapless affairs. And for the girls with super-figures there are brief lovely nothings, short on material but long on style. And of course there are wool knits for serious swimmers.

Look them over, and choose your suit with as much care as you would a evening gown. And get in the swim. Swimming will fix anything that is wrong with your figure, and fix it quickly.

Condition Caused By Tonsillitis

By HERMAN N. BUNDESEN, M. D.

Sometimes after a bout of tonsillitis an occasional patient may observe a swelling of the glands of the neck which seems to stay after all other effects of his illness are gone. He suffers no discomfort and yet this may be the beginning of a serious condition known as Hodgkin's Disease.

Widely scattered throughout the body are nodes or clumps of cells of a very specialized kind of tissue called lymphoid. It includes such structures as the tonsils in the throat and the spleen in the abdomen.

It is this lymphoid tissue that Hodgkin's Disease attacks. It works slowly as a rule, beginning usually with the glands in the neck and gradually moving from one lymph node group to another. Sometimes months and even years may pass before the deep internal glands are involved.

Symptoms are varied. They include loss of weight and strength, sometimes a slight fever, a skin rash with severe itching and other symptoms due to pressure of the enlarged glands on various body tissues. Since the cause of the condition is not known, there is no specific treatment.

According to Drs. Harry Jackson, Jr., and Frederic Parker, Jr., of Boston, there are, however, a number of measures which will prolong life and lessen the severity of the symptoms, often for a long period of time. They point out that the earlier the condition is diagnosed the more hopeful the outcome.

Fortunately, a diagnosis is not difficult to make, though in some cases it requires removal of a bit of one of the lymph glands for examination under the microscope. There should also be a thorough physical examination with X-ray of the chest. Once the diagnosis is sure, treatment should begin at once.

The most valuable measure in the treatment at present seems to be the use of the X-ray. However, the treatment must be suited to each individual case. It would seem that the best results are obtained when the X-ray treatments are given over every part of the body where enlarged glands are suspected to be present.

With this type of X-ray treatment, it has been found that the progress of the disease may be halted to a great extent in many of those affected with it.

Other measures of treatment which are helpful are injections of whole blood into a vein whenever needed to build up the patient's strength, general care and surgical removal of the enlarged glands in some cases.

C.P. Telegraphs Printer Supervisor Leaving for Coast

Roy Geldart, Printer Supervisor for Canadian Pacific Telegraphs since last October, with office at Nelson, has been transferred to Victoria. He leaves for the Coast Tuesday. Mr. Geldart came to Nelson from Princeton, where he was in charge of the repeater office. He has installed teletype systems throughout the Kootenays and in the Province.

Raft "Oomph"

No, sir, your eyes do not deceive you. It is the beauteous Ann Sheridan in the first bathing suit picture we've seen of her for six years. The Warner Bros. "oomph girl," one of the most pinned up of the war, is sunning herself at a private lake near New Milford on a between-picture vacation.

YAHK MAN LAID TO REST

YAHK, B.C., Aug. 22 — Funeral services were held at McPherson's Parlors for William Brownlie. Rev. R. E. Cribb officiated. William (Bill) Brownlie resided in Yahk for 23 years.

Coming from Hamilton, Scotland in 1904 he resided in the East and returned to Scotland in 1919 bringing his sister Nettie back with him. They settled in Yahk and have lived there continually with the exception of the past three years when they moved to Trail, only to return to Yahk about two weeks ago.

Mr. Brownlie had been in bad health for some time.

He leaves his sister, Nettie in Yahk, a brother and sister in Australia and two brothers and two sisters in Scotland.

The pallbearers were G. Warren, H. Peterson, H. Harper, A. Ford, S. J. McCartney and L. Murdock. There were many beautiful floral tributes and a large number of friends from Yahk and Cranbrook attended the funeral.

Sentenced 2 Months For Supplying Liquor to Indians

CRANBROOK, B.C., Aug. 212 — Edward Lawrence Zlotti, transient, most recently of Penticton, was sentenced to two months imprisonment when he pleaded guilty in City Police Court to supplying liquor to two Indians.

The two Indians, Mr. and Mrs. Moses Isaac Tennese of Shuswap Reserve, appeared at the same hearing and pleaded guilty to intoxication. The former paid $15 and costs and the latter $5 and costs.

Magistrate C. R. Ward heard the charges, which were prosecuted by Constable C. T. S. Quaite.

WAR BRIDE FROM GLASGOW REACHES NAKUSP

Mrs. Elizabeth Robertson Kershaw of Glasgow arrived in Nakusp Wednesday to join her husband, Cyril Kershaw. Mrs. Kershaw was among recent war dependents who crossed the Atlantic on the Aquitania.

Mr. Kershaw came to Nelson Tuesday expecting to meet his wife here, as he had been advised she would arrive here on that day. She failed to arrive either Tuesday or Wednesday, but Wednesday night Mr. Kershaw received a telephone call from his wife at Nakusp where she had arrived in the meantime. The call was arranged by the Nakusp Red Cross.

TO PROBE REPORTS OF MANUFACTURE OF WAR MATERIAL

LONDON, Aug. 22 (CP) — A Foreign Office spokesman said today "there is a great possibility" that Britain will ask for a four power probe into reports that war materiel is being manufactured in the Soviet zone of Germany.

(Reuters News Agency said in a Berlin dispatch yesterday that Russian and German technicians were manufacturing new V-weapons in a number of former German war plants. Reuters quoted "well-documented information reaching Berlin from the Soviet occupation zone".)

The Foreign Office informant also announced that British aircraft and radar equipment are being sent to Sweden. A reporter had asked whether Britain had been approached by the Stockholm Government in connection with the continuing appearance of rocket projectiles over Swedish territory.

Some of the moon's craters are more than 100 miles across and thousands of feet deep.

She Thinks He's Reformed

"Dear Miss Atkinson:

I am 16, and like a fellow of 17 very much. I am not in love with with him as yet, but the problem that stands between us is his reputation. He had a bad reputation but has been going straight for six months and I personally know he has changed. He also told me he would be good if he had a girl to settle down with. He talks very nice to me and never uses the wrong language in front of me.

My parents know about his reputation and they hold that against him. Would you advise me to see him, or take my parents' advice about this?

"Undecided."

Any boy or man who can't "go straight" on his own, but puts the responsibility for his "being good" on whether or not he has a girl to settle down with, is somebody of whom I would be a little leery. The fact that he makes such a statement indicates that he has no principles, no standards of his own, and thus would be a pretty unstable husband. Chances are that if he got a bit tired of whatever girl he settled down with, that would be an excuse for slipping back into his old habits.

On the other hand, perhaps you are right and he has decided to change his ways because he is convinced they're wrong. But I would wait a good length of time and see how real his reformation is before letting things get serious between you. If his change of heart lasts, say, *a year or two, no doubt your parents* would be willing to revise their opinion of him. But I think they're quite right in their feeling at present.

INVERMERE

INVERMERE, B.C., Aug. 22 — Mrs. G. West and two sons of Kimberley who spent a week visiting the former's sister and brother-in-law, Mr. and Mrs. A. Rauch at Wilmer, have returned to their home.

Mrs. G. R. Goggin and son, Johnnie have gone to Vancouver to make their home. Mrs. Goggin spent a month at Invermere with her parents, Mr. and Mrs. O. A. McGuinness, while Johnnie has been with his grandparents here for *the past three years.*

Mrs. H. Klassen and son, Joey, of Calgary, are visiting the former's parents, Mr. and Mrs. Joseph De Costa at Wilmer.

Mrs. M. Jansen of Strathmore, Alta., is the guest of Mr. and Mrs. John Durham at Wilmer.

Rev. Canon T. D. Proctor returned to Invermere after spending his holidays in the Peace River country, particularly at Dawson Creek, where he was a resident before coming to the Windermere District.

Mr. and Mrs. Thomas Gallagher of Invermere visited Calgary for a week.

Mrs. Charlotte Bowen of Los Angeles is in Invermere to visit her brother, F. C. Stockdale. This is Mrs. Bowen's first visit to this district. She has not seen her brother for 40 years. She plans to stay about a *month.*

Mrs. C. G. Osterman, who has been the guest of her son and daughter-in-law, Mr. and Mrs. Karl Osterman, at Invermere for several weeks, has returned to Vancouver.

Dr. and Mrs. J. D. Weir, who spent six weeks at Osterman's Invermere Resort, have gone to Calgary. They will go on to Saskatoon later, where Dr. Weir has been appointed Professor of Geology at the University of Saskatchewan. Dr. and Mrs. Weir have spent their holidays here for the past four years, and have many friends in the district.

Rev. and Mrs. W. N. Turner and family of Calgary, who have been holidaying at Osterman's Invermere Resort, have returned to their home. During the absence of Rev. Canon T. D. Proctor on holiday, Rev. Turner officiated at Sunday services at *Christ Church, Invermere.*

Mrs. Lloyd Tegart of Windermere motored to Calgary early this week to visit her son-in-law and daughter, Mr. and Mrs. Robert Woodall.

Mrs. Arthur Fuller and her five-month-old daughter, Lavinia Ellen, arrived in Invermere Friday. Mrs. Fuller is the fourth war bride to arrive here in recent months. She has joined her husband on Ajax Ranch, where they plan to reside. Before her marriage three years ago Mrs. Fuller was Miss Margaret Fleming of Possilpark, Scotland. Mr. Fuller arrived here last Spring from overseas service.

Rotarians from Kimberley, with their wives and families, selected Windermere Beach for their annual picnic this year, and were out in full force Sunday.

Swimming, races, tugs-of-war and *sunbathing* were the order of the day, culminating with a picnic supper before the return to Kimberley. There were approximately 40 in the party.

Mrs. F. E. Coy has returned after accompanying her sister, Miss Angela Wilson of Bakersfield, Calif., who is en route to the Coast, as far as Nelson.

Union of Churches To Be Discussed

TORONTO, Aug. 22 (CP) — Dr. Gordon A. Sisco, General Secretary of the United Church of Canada, announced today the question of union with the Church of England in Canada and the Evangelical Church of Western Ontario will be discussed at the forthcoming meeting of the *United Church's General Council* at Montreal September 11.

Invermere Minister

INVERMERE, B.C., Aug. 21 — Rev. A. E. Weaver of Victoria arrived in Invermere to take charge of Trinity United Church and other churches in the Windermere field. Rev. Weaver arrived in the valley later than was anticipated due to the illness of his wife at Victoria. Mrs. Weaver will follow her husband to Invermere when her health will permit.

Rev. Weaver succeeds Rev. B. S. S. Hartley who accepted a call to Greenwood earlier in the Summer.

A small horseshoe magnet is a handy sewing basket accessory to pick up pins and needles.

British Shipyards Face Busy Three Years, Turn Out Half World Tonnage

By JOHN DAUPHINEE
Canadian Press Staff Writer

LONDON, Aug. 23 (CP)—Britain's booming shipyards, switching from naval to merchant orders, are turning out more than half the world's new commercial tonnage.

Their pace is the fastest since 1942 with more than 1,765,000 tons on the ways, another quarter-million tons expected to be building by Dec. 31, and *3,000,000 tons the ultimate goal.*

Three million tons is undergoing or waiting for repairs and reconversion after war service. Even if they were released from transport ministry requisition, big ships could not be put immediately back in general service.

"The immediate prospects of the industry have seldom been so bright in years of peace as they are at present," said Labor Minister George Isaacs. Employment is 229,000 compared with 145,000 in 1939; tonnage is more than double that of 1938.

Shipyard managements say there will be plenty of business for at least three years, although doubled construction costs are a factor reducing orders for tramp vessels. Export business is plentiful. British yards are taking most of Norway's new construction program and orders have been received from many other countries.

One-seventh of the tonnage now being built is for delivery abroad.

Government statistics list Britain's merchant fleet at 12,825,000 tons, about 4,000,000 less than when the war began. However, many of the ships are government-owned "utility" craft not ideally suited for the specialized service on which Britain's peacetime merchant navy built its reputation. A lot may never see private service.

Accordingly, the merchant fleet is out of balance, with liners of medium tonnage and fast freight-carriers the greatest need.

It is such ships—planned to meet the unique conditions of specific routes—that form the backbone of today's building boom.

73 Million Pounds of Zinc From Lucky Jim in Five Years

From 1942 to May 31, 1946, Zincton Mines, subsidiary of Sheep Creek Gold Mines, Ltd., produced 73,522,081 pounds of zinc.

Net returns were $2,412,512.

Tonnage treated was 403,509, and concentrates graded from 55.40 to 57.61 per cent.

These points are brought out in the annual report of H. E. Doelle, Managing Director.

Greek Premier Proposes Award of S. Albania to Greece in Italian Treaty

PARIS, Aug. 23 (AP)— Greek Premier Constantin Tsaldaris sharply attacked Albania in a speech today before the peace conference and served notice that he would propose an amendment to the Italian treaty to award Northern Epirus (Southern Albania) to the Greeks.

Greek claims to the territory "go back several centuries," he declared, and added that a formal state of war still existed between Greece and Albania.

Albanian Premier Enver Hoxha, a close associate of Marshal Tito of Yugoslavia, tried "to create false impressions" in his speech before a conference committee yesterday, Tsaldaris declared.

Brazil asked the conference to prepare a "just peace" with Italy saying that otherwise "posterity will judge us with severity."

At the same time a proposed amendment to the Italian treaty preamble was made public which will be moved by China on behalf of Belgium, Brazil, Canada, China and the Netherlands.

The present draft refers to Italy's overthrow of the Fascists "under the pressure of military events." The amendment would change this to read "in consequence of the victories of the allied forces and with the assistance of the democratic elements of the Italian people."

Iraq, through her Minister Tahsin Kadry, asked to be admitted to the conference to give her views on the peace treaty with Italy.

Australia proposd that the conference appoint a special commission to investigate the Venezia Giula border dispute between Yugoslavia and Italy, declaring the factual basis for recommendations by the Foreign Ministers Council "has not been made clear."

Rejection of I. T. U. Embraces 128 Families

WINNIPEG, Aug. 22 (CP)—The request of the Winnipeg local of the International Typographical Union for restoration of lost mortuary benefits and pensions, rejected yesterday at the union's convention at Miami Beach, Fla., embraces about 128 men or their dependents.

The benefits and pensions were withdrawn because of the action of the Winnipeg local in withdrawing from the I.T.U. in 1933 and establishing an independent union. Those employed on the Winnipeg Tribune returned to the I.T.U. in the Fall of 1942 and the Free Press compositors the following year, but neither benefits nor pension rights have been restored.

LUMBER PRODUCTION OFF

PORTLAND, Ore., Aug. 22 (AP)—West coast lumber production dropped from a weekly average of 124,196,000 board feet in June to 93,080,000 in July in member mills, the West Coast Lumbermen's Association reported today.

The Association said employee vacations and annual repair schedules caused the drop.

8-Year-Old Girl, Bridegroom Drown

WILLIAMS LAKE, B. C., Aug. 23 (CP)—District waters claimed two lives yesterday with drowning of a bridegroom in Williams Lake and an enght-year-old girl in Horsefly River.

Dead are John Stannard, 23, and Elizabeth Webster.

Police are still searching for the body of Stannard, B. C. Power Commission employee, who perished in the lake despite efforts of his bride to save him.

The couple arrived here about two months ago from Victoria.

The body of the little girl, daughter of Mr. and Mrs. A. Webster of Horsefly, was recovered in 16 feet of river water by Fred Hooker, a neighbor, after she had waded beyond her depth.

Appoint Resident Mining Engineers For Districts

VICTORIA, Aug 21 (CP) — In conformity with his recently declared policy of decentralizing the Provincial Mines Department Advisory Service to prospectors and small operators, Mines Minister R C. MacDonald today announced appointments of resident mining engineers for the mining districts of the province.

At present concentrated in Vancouver, the mining engineers will henceforth be kept in the field, though in some areas their activities will be restricted to the Summer months.

Engineers appointed are: Prince Rupert, J. Black and C. Graham; (mining inspector) Nelson, J. A Mitchell; (inspector) Lillooet, J. W Peck; Cariboo, S. S Holland; Vancouver, J. M. Cummings; Fernie, R B. Bonner, (inspector) and J. C Newmarsh; Princeton, N. S. Hedley; Portland Canal, W. H White, West Atlin, M. Wilson; Bridge River, J. S. Stevenson, West Coast of Vancouver Island, H. C Hughes and W. J. Lynott.

ENGINEER KILLED

GARDNER CANAL, B. C., Aug 22 (CP) — Allan Maughan, 29, marine engineer, was fatally injured yesterday when drawn into the tail-shaft of the fish packer Quathiaski No 14 Gardner Canal is 100 miles South of Prince Rupert.

Maughan moved to Prince Rupert three years ago from Toronto. He is survived by his widow, employed by the Northern British Columbia Power Companay at Prince Rupert.

Diplomats Chat After Heated Verbal Battle at Parley

Apparently diplomats have the faculty of switching their tempers on and off like a light bulb. Here is Soviet Commissar Vyacheslav Molotov, right chatting gayly with Hector MacNeil, left, British Under-Secretary of Foreign Affairs, as they left a session of the peace conference after one of the most heated verbal battles of the parley. MacNeil supported U.S. Secretary of State James F. Byrnes in the latter's onslaught on Molotov for his "dictation" tactics at the parley.

Prime Minister Attends War Crimes Trial

By ROSS MUNRO

NUERNBERG, Aug 23 (CP-Cable)—Prime Minister Mackenzie King of Canada today attended the International War Crimes trial, sitting in the gallery overlooking the dock, listening to the dull account by a German Defence lawyer trying to prove from documentary evidence that the German S. S. organization was not a "criminal group."

It was the first time that Mr King had seen Goering, Ribbentrop and Von Neurath who are on trial as war criminals, or any other Nazi leaders since he visited Berlin in 1937 when Hitler was nearing the height of his power.

The highest ranking statesman who has visited the International Tribunal Mr King inched today with Tribunal Judges including Lord Justice Sir Geoffrey Lawrence presiding British Judge at the trials.

After sitting in the court for an hour and a half Mr King was shown through a private behind the courthouse.

In the cell block where the accused Nazi leaders are housed the Prime Minister first entered the cell of Arthur Seyssinquart, former commissioner for the Netherlands captured by the Canadians in Holland shortly before the war ended.

At the time all prisoners except Rudolf Heess were in the dock in the court-room but the Premier peering through a small opening in a cell door was able to see Hess who was away from the dock because of stomach trouble.

Wonderful Love Goes to Court

NEW YORK, Aug 22 (AP)—Wonderful Love, supported by some 150 other followers of Father Divine went into court today to press a disorderly conduct summons against a man who she said demanded to know why Father Divine married a white woman, Edna Rose Ritchings of Vancouver.

When the case was called before Magistrate Raphael Koenig the entire delegation stood, and Loving Willingheart, a white woman, and four other followers of Divine walked to the bench.

Wonderful Love, a Negro member of the cult, told the court John Wallace Negro superintendent of the building where she conducts a tailor shop, entered her store and repeatedly asked why Father Divine married a white woman.

Magistrate Koenig told Wallace "This marriage is perfectly legal and it's none of your business, and unless you stay away from this woman I will take a complaint against you."

He dismissed the case and the delegation went into the street, chanting, "Peace. It's Wonderful."

TO REOPEN STRIKE HEADQUARTERS IN TORONTO

TORONTO, Aug 22 (CP)—T. G. McManus, National Secretary of the Canadian Seamen's Union (T.L.C.) said today "I have come to Toronto to reopen strike headquarters."

The announcement came more than eight weeks after the C.S.U. Great Lakes strike in May and June ended with appointment of a Government Controller and Commissioner. The strike was for an eight-hour day.

Mr. McManus said last night in Ottawa that the Union had set a deadline for the completion of new agreements with lake shipping companies and that if the deadline was not met a strike would be called. Date of the hearing was not disclosed.

15-YEAR-OLD FOUND GUILTY OF SETTING FIRE TO WHARF RAMP

NANAIMO, B.C., Aug 22 (CP)—A fifteen-year-old Vancouver boy was convicted of setting fire to the C.P.R. wharf ramp here and today was committed to the Boys' Industrial School for an indefinite period by Juvenile Court Judge Lionel Beevor Potts. The youth was a former mess boy on the Princess Elaine.

Says Time U.S. Stopped Giving Away Vital Secrets

SAN FRANCISCO, Aug. 22 (AP)—General H. H. Arnold told the American Legion's California State Convention yesterday it is time the United States "quit kidding" itself and stopped giving vital secrets to nations with a "gimme, gimme" complex.

As an example of his "anti-give" attitude, Arnold mentioned a new experimental plane expected to exceed supersonic speeds.

"Should we," he asked, "after all the time and money and effort put into its development, give this thing away?"

"No, we should not give anything away on the spur of the moment just because we don't want to create ill feeling, or because we want to be good natured."

He deplored the misunderstandings and suspicions abroad today, declaring the whole world was in a state of confusion.

"We've got to watch our step," he said. "We've got to get our house in order."

Fruit Workers Break, Form Own Union

VERNON, B. C., Aug 22 (CP)—L. R. Stephens of Kelowna, Secretary of the Okanagan Federated Shippers announced yesterday that some 2000 fruit and vegetable workers in Interior British Columbia have broken away from the United Packinghouse Workers of America (C.C.L.) and formed their own union.

Mr. Stephens released what he said was a joint statement by workers and employers. The statement said the workers were repudiating external domination of their union.

W. H. Sands of Kelowna said an [illegible] was formed in Okanagan Valley and called the Federation of Fruit and Vegetable Workers with members from Oso[illegible] to Salmon Arm.

Mr. Stephens said the agreement with the new union provides for a compulsory check-off being granted by those firms where the union is recognized as bargaining agent.

The statement said previous wage rates will remain in effect and the new agreement provides for a nine-hour day during the six busy months of the year and an eight-hour day and 44 hour week during the remaining six months. Basic minimum wage rates would be 62 cents hourly for men and 51 cents for experienced women.

J. W. Bliff, President of the new union, said the decision to break from the UPWA was the result of an overwhelming majority on a secret ballot held in locals. He said a rough estimate of total membership in the new union would be 2000.

He said the new union was formed at a conference in Penticton Sunday attended by union executives from Oso[illegible] to Vernon.

Calls for Change In Settling Wage Disputes

OTTAWA, Aug. 23 (CP)—Stanley Knowles, (CCF-Winnipeg North Centre) moved in the Commons today that the report of its Industrial Relations Committee be rejected and the responsibility for Canada's present industrial unrest placed on the shoulders of the government.

His motion, an amendment to a motion for concurrence in the report, drew from house leader Ian MacKenzie the contention that it was "completely negative and therefore out of order." Mr. MacKenzie asked the speaker to consider his views during the noon recess.

The Knowles amendment, capping a C.C.F. assault on the report, called for a change in government policy for settling disputes to give satisfaction to demands for wage adjustments and union security and with a view to resumption of full industrial production.

The debate, in its third day, heard William Irvine (CCF-Cariboo) expand on the C.C.F. stand and listened to N. J. M. Lockhart (PC-Lincoln) and Frank Lennard (PC-Wentworth) support the report during the two-hour morning sitting.

Mr. Knowles contended that the committee failed to come to grips with its major problem, the wage issue in the steel strike although that strike had dominated its month-long sitting. In a platitudinous way, its report was helpful in some ways, but in others it was questionable.

Parliament must come to something more definite. It should protest the "failure of the committee to do its job." It should also place the responsibility "clearly where it now lies—on the shoulders of the government."

Canadians Receive Recognition Abroad

LONDON, Aug 22 (CP)—Ballet-dancing, mural painting and the mysteries of the atom are only a few of the fields being studied by Canadian ex-servicemen and women under auspices of the Department of Veterans' Affairs.

Men and women who a year ago were uniformed today are perfecting their training as architects, theatre and costume designers, theologues and canonists, teachers, doctors, lawyers and scientists. Even horsemanship and pottery are included in a chart of subjects.

Upward of 280 discharged personnel who already held university degrees or equivalent are continuing their studies "abroad" as part of their rehabilitation scheme. Helped now by the D.V.A. most plan embarking upon professional life in Canada later.

Many are already receiving recognition. Bill Moskalyk of Winnipeg a student at the Royal Academy of Music, has given two Royal command concerts.

D.V.A. students master portraiture painting and pottery in the United Kingdom; in France and Belgium, Economics are studied at Cambridge, Oxford, London School of Economics and Paris. Singing is studied in Britain, France, Belgium and Holland, while theatre decor and costume designing are followed in Paris and London.

Ballet has drawn two ex-servicemen. One, Norman Thompson, Vancouver, had his first rehearsal in battledress and rose to take the lead in the Sadlers' Wells Ballet before returning to Canada.

QUADS BORN IN PORTLAND

PORTLAND, Aug 22 (AP)—Quadruplets, two boys and two girls, were born here early today to a Negro couple, Mr. and Mrs. L. D. Tigner of Portland.

Multnomah County Hospital attendants reported the condition of the mother and children as "fine."

The hospital reported the multiple birth had been expected and said the quads were born about a month prematurely.

Mrs. Tigner has three other children.

Hospital records list the father as unemployed.

Speakman, formerly of Castlegar and now of Field, who graduated from University of Manitoba with the degree of M.D. with honors, ranking first in the 1946 graduation class. Dr. Speakman spent his early years at Castlegar, also attending school at the Christian Brothers' College at Vancouver and St. Pauls College at Winnipeg.

U. S. RAISES COST OF COAL AND ORANGES

Lower Meat Prices Effective September 9

RAISE FLOUR ALSO

WASHINGTON, Aug. 23 (AP) — The cost of coal and oranges in the United States is going up, but lower meat prices will go into effect Sept. 9.

Naming the date when retail meat ceilings are to apply again office of Price Administration Chief Paul Porter also pledged an all-out drive against black markets.

As this campaign developed, O.P.A. authorized a price boost of 30 cents a ton for hard coal and for coke, and an increase of 18 cents a ton for soft coal.

These retail prices hikes, effective tomorrow, are required by the new price control law, O. P. A. said.

On oranges, maximum prices in retail stores will climb about a half cent a pound as soon as grocers receive supplies at higher prices authorized for producers.

Mr. Porter reaffirmed at a press conference that the new meat ceilings which the price control board ordered restored will be at or near June 30 figures.

In ordering them back, the board said meat prices had climbed from 20 to 80 per cent after controls lapsed June 30.

Mr. Porter also announced a price increase of seven cents a 100 pounds for flour, effective Friday, to offset higher parity prices for wheat, which remains ceiling-free along with all other major grains.

Difference In B. C. E. R. Employees' Pay

VANCOUVER, B. C., Aug. 22—(CP)—Wages of transportation and maintenance employees of the British Columbia Electric Railway rose only 21 per cent between 1940 and 1944—a period during which wages of general administration and traffic employees rose 42 per cent—H. P. Melnikow, Street Railwaymen's Union counsel, argued yesterday before the Eades hearing.

He said the annual wages of transportation and maintenance workers, members of the union, rose from $1554 to $1894, while annual wages of office workers mounted from $1558 to $2224, according to the Dominion Bureau of Statistics survey on electric railways of Canada.

He termed this a "gross inequality."

Mr. Melnikow spoke Wednesday afternoon in rebuttal to Lawrence B. Jack, B.C.E.R. General Secretary, who argued that the Company cannot afford the 15-cent-an-hour raise and 40-hour week demanded by the union.

He said he cited the spread between office workers and transportation employees of the B.C.E.R. because Mr. Jack had denied the validity of a comparison between the wage rates of street car men and workers in other B. C. industries.

Russian Woman Spy Found in U.S. Zone

FRANKFURT, Germany, Aug 23 (AP)—The U. S. Army said today that a Russian police agent, Mrs. Lena Herz-Krupenko, had spent nearly a year spying in the American zone of occupation.

She was turned over to liaison officers of the Russian army in Frankfurt today.

The Russian woman posed as a German and a doctor in order to obtain an UNRRA job, the announcement said. She was said to have confessed to faking identity papers for others, presumably agents, and reporting regularly to her "NKVD superiors," on the political attitude of displaced persons in American camps.

Prof. Laski Arrives

MONTREAL, Aug. 23 (CP)—Professor Harold Laski, former Chairman of the British Labor Party, arrived by air today from the United Kingdom. Newspapermen were unable to reach Professor Laski, whose plans were unknown.

REVIEW SITUATION OF MATERIAL FOR VETERANS' HOMES

VANCOUVER, B. C., Aug. 22—(CP)—A "careful review" of the present material situation in order that a "just and equitable share" be made available to veterans building homes is asked of the Federal Government in a resolution to be submitted by the B. C. Provincial Command, Army and Navy Veterans of Canada, to the annual convention of the organization in Edmonton September 2 to 4.

Claiming that black markets and high export quotas work to the detriment of veterans, the motion contended a report on the present situation should be considered "the most vital clause in the Government's program of reconstruction and rehabilitation."

Sixteen other resolutions, dealing with veterans' affairs, are being submitted by the B. C. Command to the annual parley.

The group is asking that the Veterans' Act be changed so that ex-servicemen in the fishing industry can obtain $6000 for a boat and gear "in all cases where a boat constitutes a home." At present the act provides each man with $4800 for a home and $1200 for equipment.

To Take Clothing Off Britain's Ration List Soon

LONDON, Aug. 22 (CP)—Britain's wives and daughters received good news today: Clothing may come off the ration list soon.

Visions of that long-delayed new dress swept the feminine half of the country after John Belcher, parliamentary secretary to the Board of Trade, told a press conference:

"I hope that we shall very speedily reach the position where we can supply the home market without any (clothing) ration."

This meant more to the women than the simultaneous announcement that the value of Britain's exports reached $367,600,000 in July, the highest monthly total since the war ended and 20 per cent above the 1938 monthly average.

Women now have an average of 40 clothing coupons a year and practically everything wearable is rationed. Men get the same number of coupons but the man who can keep his wife from "borrowing" has not been discovered.

INABILITY OF I.T.U. PRESIDENT TO LEAVE STATES IMMEDIATELY CAUSED DELAY OF CONFERENCE

OTTAWA, Aug. 23 (CP)—Labor Minister Mitchell announced today he had received an interim report from Justice S. E. Richards, acting as conciliator in a dispute which led to a strike of members of the International Typographical Union (A.F.L.) of the Winnipeg Tribune, a Southam paper, and the Winnipeg Free Press, a Sifton paper, and subsequent sympathy strikes in other Southam newspapers.

The report said that due to the inability of Woodruff Randolph of Indianapolis, President of the I.T.U. to leave the United States at the moment, no joint conference of the newspaper heads and I.T.U. officials had been held.

"It appears from the report that early in August an effort was made to hold a conference of the newspaper heads with Harry Finch, Canadian representative of the I.T.U., and Mr. Randolph," said Mr. Mitchell. "However, due to the inability of Mr. Randolph to attend a conference until the end of August, no meeting has yet been held.

"Wesley McCurdy, Vice-President of the Southam Company and publisher of the Winnipeg Tribune, told Justice Richards that there now were no members of the I.T.U. in the employ of the Tribune, but that he was prepared to re-employ any of the printers who had gone on strike as vacancies became available. He reserved the right, however, not to re-engage any former employees who had been guilty of, what he termed, objectionable behaviour during the strike."

Sleeps on Boat While Visiting Coast

VICTORIA, Aug. 23 (CP) — A living testimony to the scarcity of tourist accommodation in Victoria is Mrs. Sadie Ballaban, of Palm Springs, Calif., whose sleeping accommodation for her last three days' visit to Victoria has been a berth on the C. P. R. night boat between here and Vancouver.

Mrs. Ballaban arrived in Victoria Monday for a week's visit and spent a fruitless day hunting accommodation. Desperate, she bought herself three berth reservations on the night boat to Vancouver.

She spent the night on the boat, reached Vancouver, turned around and boarded the day boat back to Victoria, arriving here late in the afternoon to spend a busy few hours visiting the city before going back to her sea-going night accommodation.

She met a Winnipeg visitor who told her of the Victoria Publicity Bureau which in a few minutes found her accommodation. As she left the bureau, she smiled happily, "I'm glad I've found a place. Now I can do some shopping."

Modern Incubator Leaves for Ganges

VANCOUVER, Aug. 23 (CP) — A modern incubator left Vancouver on a coastal vessel today for Ganges, B. C., where it will be used to improve the chances of survival for tiny Margaret Joyce Smathers.

The incubator was provided by Red Cross officials following an appeal from the little baby's grandfather—George Stewart.

The Smathers infant weighed only one pound, 14 ounces when born in the Lady Minto Hospital at Ganges Aug 11. It has been kept in an old, homemade incubator, which has no controls and an undergraduate nurse—Dorothy McDermott—reported yesterday that it was difficult to keep the temperature even.

However, Margart Joyce has been doing well, although her weight had dropped 5½ ounces by Monday.

FINE COAST WHITE LUNCH LIMITED

VANCOUVER, B. C., Aug. 22—(CP)—A fine of $100 and $5 costs was imposed on White Lunch Limited, by Magistrate W. W. B. McInnes, in Police Court yesterday on a charge of paying wages to an employee without first having received a directive from National War Labor Board outlining terms of employment for the classification. The firm pleaded guilty.

NELSON SOCIAL

By MRS. M. J. VIGNEUX

● Mr. and Mrs. A. E. Jukes and their daughter of Vancouver were in town yesterday en route to Sheep Creek, following a business trip to the Slocan district.

● Mrs. Michaud, Annable Block, has returned from an extended visit to relatives in Montreal, New Brunswick, and many American cities.

● Mr. and Mrs. Robert Hendricks, who have spent their honeymoon in Spokane, heve returned.

● Mrs. Stella Derkson of Los Angeles, Calif., formerly of Nelson, is spending a few days in town.

● Mr and Mrs. Charles Sewell, High Street, have as guest their daughter, Miss Noreen Sewell of Trail.

● Miss Eleanor Maglio, Latimer Street, spent a few days visiting friends at Castlegar.

● Mrs. Jack McDonald, Hoover Street, has returned from a few weeks visiting her mother in Vancouver.

● Mrs. P. Gansner, who recently disposed of her ranch on Granite Road, plans on leaving Friday for Portland, Ore., to visit her son-in-law and daughter, Mr. and Mrs. Jimmy Orr, after which she will proceed to Ocean Falls to be with another son-in-law and daughter, Mr. and Mrs. W. Locke.

● Mr. and Mrs. Silvio Muraro and their family, who have visited at the home of Mr. Muraro's mother, Mrs. J. Muraro, Granite Road, have returned to their home in Kimberley.

● Mr. and Mrs. W. H. Jones have as guests at Holiday Haven, on the North Shore, Mr. and Mrs. D. B. West of Boswell and Mr. and Mrs. Henderson of Trail.

● Rev. Father Clement of New Denver was a visitor at the Cathedral of Mary Immaculate recently.

● Mr. and Mrs. J. A. C. Laughton, Second Street, and their son Ivan have returned from Portland, Ore., where Mr. Laughton attended an optometrists' convention.

● Mr. and Mrs. Bryant, who visited relatives in the city, have returned to Kimberley.

● Mr. and Mrs. J. Glen Grant, Silica Street, have as guest their son-in-law, Charles Robson of Seattle, who will spend a few days in Nelson. He will be accompanied home by Mrs. Robson and son, who have spent several weeks here.

● Mr. and Mrs. G. M. Grant, who were guests at the home of the former's parents and sister, Mr. and Mrs. J. Glen Grant, and Mrs. J. W. Longworth, Silica Street, have returned to their home in Calgary.

● The Marchioness d'Autier de la Rochebriant of Vancouver has arrived in Nelson and is guest at Hotel Stirling.

● Mr. and Mrs. H. Vrooman of Edgewood are visiting Nelson for a few days.

● Mr. and Mrs. R. E. Allen, Third Street, returned Wednesday night from spending a month at Prince Rupert, Vancouver and other Coast cities.

Engagements

Mr. and Mrs. J. B. Horton of Maple Creek, Sask., wish to announce the engagement of their daughter Janet Myrtle to Mr. Floyd Waterer, youngest son of Mr. N. Waterer, Nelson, B. C., the wedding to take place at Nurses' Residence, Sept. 1, 1946.

● Mrs. H. O. Fowler of Burton, Manitoba, is visiting her sister-in-law, Mrs. McRory, and E. B. McRory, of Second Street.

PRIME MINISTER JUST MISSES SHRAPNEL BOMBARDMENT AT AIRPORT

By ROSS MUNRO
Canadian Press Staff Writer

BERLIN, Aug. 23 (CP-Cable) — Fifteen minutes before Prime Minister Mackenzie King arrived at Berlin's Gatow Airport for his flight to Nuernberg Wednesday, there was a series of explosions at the nearby Red Army training ground followed by the whistle of shrapnel and the fall of a five-inch chunk of shrapnel only 100 yards from the R.C.A.F. Dakota waiting on the Tarmac for the Premier.

It was an accident and R. A. F. officers at Gatow, which is on the border of the British and Russian sectors of Berlin, said the Red Army used an area just beyond the airport from bomb demolition, airfiring and bombing range for their planes.

For several weeks odd bits of shrapnel have fallen on the airfield at various times and this was just another incident of stray practice firing or demolition.

PICK UP 5-INCH CHUNK OF SHRAPNEL

I arrived at Gatow with Mr. King's party which had preceded the Premier himself to the airport and a few minutes after we stopped at the administration buildings there were six or seven loud bangs in a wood about one quarter of a mile away.

It sounded to me like a salvo of heavy mortar bombs exploding and then there was a shrill whistle as a couple of pieces of shrapnel flew by close overhead.

Someone cynically said "It sounds like war, doesn't it" and then everyone forgot about it.

A few minutes later an R. A. F. officer picked up the five-inch piece of still-hot shrapnel near the plane.

When Mr. King arrived, he was amused by the story and took off in his plane without further incident.

Estonia Refugees Unable to Land After Crossing Ocean in Sloop; Say No Choice Between Nazi, Russ Rule

MIAMI, Fla., Aug. 23 (AP) — Eighteen sea-going refugees from Estonia sailed into Miami's Harbor today after crossing the Atlantic in a 38-foot sloop only to be refused permission to land.

Eleven men, six wives and a five-year-old girl had been at sea for 30 days on the last leg of their voyage, from Spanish Maderia. They started from Sweden May 30.

With not one valid immigration permit in the lot, immigration director Francis J. H. Dever said he had no choice but to refuse them permission to land. It appeared they would have to move on after replenishing their supplies.

"We had hoped we could stay," said young Felix Tandre, Skipper and Navigator of the sloop Inarda.

"We lived under both German and Russian rule. I will tell you here in America what I have been afraid to say before—there is no choice between those two. Under both German and Russian rule our houses would be entered in the dead of night. Neighbors would disappear without a trace. Liberty has left Estonia.

"If we must go on, we will, even if we must travel all the way to Australia . . ."

Pick Up Members Of Supply Vessel

WINNIPEG, Aug. 22 (CP)—Royal Canadian Air Force officers here said today that a Canso flying boat from Ottawa had picked up 12 members of the R.C.A.F. marine supply vessel Beaver and was returning there with them.

The 175-foot vessel grounded off Cape Jones at the entrance to James Bay and about 600 miles Southeast of Churchill, Man. No casualties were reported.

A Hudson's Bay Company ship, the Fort Charles, attempted to take off the Beaver's crew but was unable to come close enough in the shallow water and the crew instead landed on a nearby island.

The remainder, another 11 or 12 men, were taken off the island by a mission ship from Fort George and were being brought there. A Canso is being sent from Churchill to fly them back to Ottawa as well.

DOLLAR UNCHANGED

NEW YORK, Aug. 22 (CP) — The Canadian dollar was unchanged at a discount of 2⅞ per cent in terms of United States funds. The pound sterling was unchanged at $4.03½.

The noted Australian conductor Bernard Heinze is coming to Canada in December at the invitation of the C.B.C. While here he will direct a series of symphonic broadcasts in Vancouver, Toronto and Montreal. His concert with the Vancouver Symphony Orchestra will take place when he is at the West coast early in the new year.

Bernard Heinze was dubbed "the youngest professor of music in the world" when he was appointed to the chair of music at Melbourne University at the age of 31. His renowned Young People's Concerts bring great orchestral music to more than 75,000 school children each year, and he is credited with having brought the average age of concert audiences in Australia down from 50 years to 30. The Canadian Broadcasting Corporation arranged his Canadian tour as a return visit following Sir Ernest McMillan's tour of Australia of a year ago.

Former Koolenay Man Dies at Coast

KIMBERLEY, B.C., Aug. 22 — Word has been received in Kimberley of the recent death at Vancouver of Oscar M. Jacobson in his 54th year.

Mr. Jacobson was well known in the district, having been employed at Fernie, Cranbrook, Lumberton and Kimberley in the past 20 years. Four years ago he moved to Vanderhoof, B.C., where he was in the hotel business.

Mr. Jacobson was a member of the B.P.O.E. and the Masonic Lodge. Surviving are his wife, one daughter, Mrs. J. McFarlane of Kimberley, one son, three brothers and two grandchildren.

WELL KNOWN KIMBERLEY FAMILIES UNITED

KIMBERLEY, B.C., Aug. 22—Two well known Kimberley families were united on Aug. 17 when Isobel, daughter of Hugh Bates and the late Mrs. Bates, became the bride of John Davidson, son of Mr. and Mrs. D. Leith.

The United Church was beautifully decorated for the service which was conducted by Rev. S. T. Galbraith, beneath an archway of flowers. Mrs. Hanstille played the wedding music.

The bride was beautiful in a gown of white net with inserts of lace, a pelum of the same and lace mitts. Her floor length veil was held in place by a tiara of seed pearls. Her bouquet was of red gladiolas and white heather with white satin streamers tied in lovers knot with heather.

Attending the bride, as matron of honor, was Mrs. Irene Thomson. Her sisters, Miss Gertrude Bates and Miss Flora Bates were bridesmaids. Percy Moody was groom and Bill Leith usher.

The wedding supper for 35 relatives and friends was held at the Crystal Room of the Home Inn, followed by a reception for 200 guests at the home of the grooms parents.

Following a honeymoon trip to Banff, Calgary and Sylvan Lake, Mr. and Mrs. Leith will reside at Kimberley where the groom is an employee of the Consolidated.

Deaths

MELITA— Dave Lamont, Mayor of this Southwestern Manitoba town for several years and prominent in Western Manitoba trade and social organizations. A native of Brussels, Ont., he was 71.

Advice on How to Spot Male Wolves

LONDON, Aug. 23 (CP)— Male wolves can be spotted, says the Daily Express, and gave its women readers some recognition pointers.

Stock phrases of the wolf, said the paper, include the following:

How enchanting! A sophisticated girl with old-fashioned ideas.

Don't let inhibitions spoil your life.

It's better for two people to be happy than four to be miserable.

Put your two little hands in my big one.

I like a girl whose head isn't turned by flattery.

Don't look at me like that "I can't concentrate."

I like to play with fire, but this time I'm getting my fingers burned.

You're made for Paris and the Spring.

It's so hard to be good sometimes.

I can't believe we only met an hour ago.

Be careful too, the Express warns, if he wears tan suede shoes, sun glasses with colored rims, fancy bathing trunks, a white wrist watch strap or gold identity bracelet and carries a cigaret case inscribed "To My Darling."

Tells Convention Education Claiming Place in Business

WINNIPEG, Aug. 23 (CP)—Education is claiming a place as big business, Miss Jennie Elliott of Calgary, convenor of the Education committee of the Canadian Federation of University women, told the Federation's Triennial Convention today.

Miss Elliott stressed that education must respect both the past achievements of man and his future development.

"Canadians must cease asking 'can we afford improved educational facilities?' and declare, "We cannot afford to be without them," she said.

PRAISES CITIZENSHIP ACT

Mrs. Cora T. Casselman, Edmonton convenor of the committee on the legal and economic status of women, told of decreasing discrimination between sexes, and praised the recent Canadian Citizenship Act as a "forward step."

"The married woman is no longer to be classed with minors, lunatics and idiots as a person under a disability. She now becomes independent in controlling her own naturalization."

In her report as convenor of the Libraries Committee, Miss M. Hope Jarvis described the Federation's efforts toward sponsoring travelling libraries for children. An attached statement prepared by Miss E. M. Morton, executive secretary of teh Canadian Library Association, recommended that the C.F.U.W. open its reading study program at Brandon, Man.

4060 MEMBERS

The membership committee reported that the Federation now has 54 clubs and 4060 members. Other reports today included scholarships, Dr. Cecilia Krieger, Toronto, International Relations, Margaret M. Cameron, Treasurer, Miss Elizabeth C. Monk, Montreal; Archives, Mrs. C. J. Woodsworth, Vancouver.

Last night, delegates heard an address by Dr. Margaret McWilliams, Winnipeg, organizer and first president of the Federation. She called on women citizens to do clear and decisive thinking about peace and the post war world.

Meanwhile Dean Margaret Corwin of Rutgers University, New Jersey, said in an interview that a growing demand for university educated women was being experienced in the United States and all over the world.

Dean Corwin is the representative of the International Federation of University women attending the meeting.

She said new professions and organizations have come to respect the work which university educated women can do.

CANVEY ISLAND, England (CP)—Thieves who stole a safe from the sub-post office one night hauled it two miles to find it contained pensions records and correspondence—no money.

Welcome

. . . . Little Strangers

During the past week there were 10 birth notices published.

To the 6 boys and 4 girls who entered our world this week we extend a hearty welcome.

For These Little Strangers May We Suggest

● Fluffy baby blankets ● hand-knitted goods ● crib covers ● carriage covers ● bootees ● bonnets and many other necessities for their comfort.

CHENILLE EVENT

Housecoats to size 16 years, crib and carriage covers, sunsuits, etc., all at very attractive prices.

Raincoats and capes, head squares, children's aprons, etc., of VINYL PLASTICS in transparent and assorted bright colors.

13 New Fires Reported Near Cranbrook

CRANBROOK, B.C., Aug. 22 — Score on the all out thunderstorm early Wednesday morning reached 13 new fires in the Cranbrook district this morning with the total of fire fighters almost doubled over the weekend.

The new fires still in the spot stage are located in four directions from Cranbrook. Three were reported in Gold Creek district, three in the Bull River district, one West of Kimberley airport, one on Cherry Creek, one at the head of the Moyie River, two on the West Fork of the Upper St. Mary River, one on the North Fork of the St. Mary and two North and West of Kimberley.

Spot crews have been sent out to all but several of the fires are in high and terrain country difficult to reach.

The big fire from last week visible near a mountain top back of Kimberley has a crew of 35 and has extended above 7000 feet altitude. Though it is burning only scrub forest it is threatening the Mark Creek watershed which supplies Kimberley's water.

Aason-Knipe Wed At Vancouver

KIMBERLEY, B.C., Aug. 22—Of interest to many in Kimberley is the account of the wedding at Vancouver of Nora Helen, elder daughter of Mrs. Knipe and the late Dr. George W. Knipe of Vancouver, to Henry Martin, son of Mr. and Mrs. Brynhjulf Aason of Kimberley.

The marriage took place Aug. 14th at West Point Grey United Church, followed by a reception at the home of the bride's mother.

Given in marriage by her brother, Dr. Roger Knipe, the bride wore a beige crepe afternoon frock, gold sequin hat and brown accessories.

Attendin gthe bride was Miss Marjorie Westman. Dr. Cyril Watson was best man and Bernard Knipe ushered.

Following a honeymoon on Vancouver Island, Mr. and Mrs. Aason will make their home in Kimberley where Mrs. Aason is public health nurse and Mr. Aason is an employee of the C. M. & S. Co.

DISCUSS WHEAT AND RYE FUTURES

CHICAGO, Aug. 23 (AP)—Directors of the Chicago Board of Trade today called a special meeting to discuss the possibility of resuming trading in wheat and rye futures. The meeting will be held after the market closes today.

TEDDINGTON, Middlesex, England (CP)—Thomas Morne, jeweler, has six sons—all jewelers in different towns.

Has Told Truth As He Knows It

TOKYO, Thursday, Aug. 23 (AP)—Russians have made no threats nor promises to sway his testimony, Henry Pu Yi, puppet emperor of Japanese-dominated Manchouko, said today from the witness box of the International War Crimes Court.

"I have told the truth as I know it," he replied sharply to a defence challenge.

The court ruled out any questions about whether Pu Yi expects to be tried later in China as a war criminal. It permitted questioning on whether attempts had been made to influence his testimony.

Pu Yi currently is in Russian custody.

The Vital Issue of Persian Oil

Iran (Persia) is in the news again. A little while ago interest centred upon Russia's claims to oil concessions in the north of that country. And now a dispatch suggests that Britain may intervene in Southern Iran.

There and in Iraq (Mesopotamia), the Anglo-Iranian Oil Company has huge concessions, and the British Foreign Office has issued a warning that the Iranian Government must ensure that conditions of security prevail. On the ground of recent disturbances in the South, the British are now moving new Indian troops to Basra, Iraq, just across the river frontier from Abadan, Iran, which is the centre of the Anglo-Iranian operation and the site of its huge refineries. British relations with Iran, Iraq and even with Palestine are tied up with oil, for a 600-mile pipeline from Kirsk in Iraq carries oil to Haifa in Palestine on the East coast of the Mediterranean.

The situation in that part of the world cannot be intelligently interpreted without allowance being made for the fact that oil is the stake for which the nations are playing. The Anglo-Iranian Oil Company is a business venture of such magnitude that its capital stock totals more than $131,000,000, and its payments to Iran have been that country's chief source of revenue. It is not only a British company, but a Britain-controlled company, for the British Government owns $45,000,000 worth of its stock, which carries a controlling interest. Winston Churchill negotiated the deal for Britain in 1914, as the oil was considered essential to Britain's Mediterranean lifeline."

In 1907, in the way that big nations had when dealing with little ones, Britain and Czarist Russia divided Persian oil rights between them. Britain to be supreme in the South, Russia in the North. Leninist Russia renounced her claim to the North, but did so conditionally. No other power was to be given the rights she was surrendering. It is said that she feared the draining of her own Batum oil fields via underground connections with Northern Iranian fields, if these were operated. The French Purfina Company and the Standard Oil Company both secured rights which would violate that provision, but Russian pressure at Teheran forced a cancellation.

Britain, with her Southern concessions, also encountered obstacles. In 1922 the Shah of Persia tore up the document which gave the Anglo-Iranian Company rights in all of Iran except the five Northern Provinces bordering upon Russia and the Caspian Sea. "You think you have an oil concession, but you haven't," said he. Britain moved warships with troops into the Persian Gulf, and the Shah agreed to negotiate a new agreement if it were more favorable to Persia than that which, he said, had given the oil company 20 per cent profit. The new agreement cut down the concession to about one-sixth of the country's area in Southwest territory adjoining Iraq and the Persian Gulf. The Persian Government became entitled to a royalty of about $1.40 per ton, payable in gold.

In 1940, the agreement was again rewritten - this time because the war had cut off shipping facilities and curtailed markets, so that production (and hence the Persian Government's revenue) was reduced. Persia was guaranteed royalties of $16,000,000 per year, regardless of production.

Prior to the present necessity that Britain take steps to enforce order in the neighborhood of her Iranian concessions, the latest development was an agreement reached between Iran and the Soviet Union whereby Russia holds the controlling interest in a Russo-Iranian oil partnership with development rights in Northern Iran. This agreement stipulates that Iran will be expected to maintain order—as the British are now demanding she do in the South.

Britain, Russia and the United States are all oil-hungry, and Iranian concessions are regarded as a particularly important prize because the Persian Gulf and East Mediterranean area may well be the centre of the world's greatest reservoir, one which may be producing long after other fields have been exhausted. American companies, including a Standard Oil subsidiary and a subsidiary of Socony, have secured concessions from the Lebanon Government and will operate in the Levant states on the East coast of the Mediterranean.

Honor a Writer of Songs That Are Remembered

A granite memorial was unveiled and flowery tributes paid at a Philadelphia function in July in honor of James A. Bland, the composer of the popular song, "Carry Me Back to Old Virginny," a man who died in poverty in 1911.

The public, which often fails to show due appreciation of its benefactors during their lifetimes, scarcely realizes that "Carry Me Back to Old Virginny" was written by a colored man, or, rather, by a man of mixed blood. James Bland had a spectacular career in America and abroad during which he wrote 500 songs. One of them is "Oh Dem Golden Slippers," which is the theme song of the Philadelphia Mummers Day parade every New Year's Day.

Bland's most famous song, which is the state song of Virginia, refers to "the state where I was born." But Bland was not a Virginian. He was born on Long Island. He met a great many Negroes from Virginia who manifested so much love for the state from which they had come that they inspired Bland to write "Virginny." Another of Bland's generally known songs, almost if not quite as popular, is "In the Evening by the Moonlight."

In his palmy days Bland toured the United States as a member of a group known as the Haverly European's Minstrels. He was not an illiterate man, having spent a period at Howard University. Lack of thrift caused him to lapse into reduced circumstances.

The International Lions' Service Club took a leading part in inducing the American public to commemorate the musical work of Mr. Bland. They arranged to have Governor Tuck of Virginia speak at the unveiling. The Governor took occasion to repudiate what he regarded as a malicious charge that "there is no mutuality of understanding, no tolerance, no co-operation between the members of the white and Negro races below the Mason and Dixon Line." He said, "We, in Virginia, have a centuries' old tradition of respectful association between the races."

Tourists Should Not Have to Wait for Liquor Permits

An irritation to visitors to British Columbia that should be removed as soon as possible is the fact that whereas residents of the Province may obtain a liquor permit immediately on application, tourists must wait until an application has been forwarded to Victoria and the permit has been returned.

As a consequence, the visitor is annoyed, because he feels that he is being discriminated against, and the illegal sale of liquor is encouraged.

There is also discrimination against the Interior of the Province. The tourist who applies to a Kootenay Liquor Store for a permit has to wait longer before he has the legal right to purchase liquor than has a tourist who applies in Victoria or at the Coast.

Today's Horoscope

You are robust and vigorous if today is the anniversary of your birth. You excel in all outdoor sports and are skillful in any athletic contest. You have a keenly alert and inquisitive mind, an abundance of energy, are resourceful, kind anad make close friends easily. You love your home dearly, and will be very happy in marriage. Do not begin new work or plans until this weekend is over, unless they are obligatory. Arrangements made now for social affairs or creative work are likely to be postponed. The sun enters Virgo at 1:27 P. M. Money schemes are liable to sound good this evening, but they will not work out. Think all things through clearly.

Etiquette Hints

It is good manners to be reasonable in conforming to the customs of the times, but not to lose your own personality in an effort to please everybody and do as they do, when you know it is unwise.

?? Questions ?? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions WILL NOT BE ANSWERED BY MAIL except when there is obvious necessity for privacy.

Cook, Nelson—Will you please give me a recipe for Boston Cream Pie?

The recipe is as follows: Sift ¾ cup sugar. Beat until soft, one-third cup butter. Add the sugar gradually. Blend these ingredients until they are very light and creamy. Beat in one at a time, two eggs. Add one teaspoon vanilla. Sift before measuring, 1½ cups cake flour. Resift with two teaspoons tartrate or phosphate baking powder and one-third teaspoon salt. Add the sifted ingredients in about three parts to the butter mixture, alternately with thirds of ½ cup milk. Beat the batter after each addition until it is smooth. Bake the cake in two greased 8-inch layer pans in a moderate oven (375 degrees) for about 25 minutes. Place between the layers a filling of whipped cream, fruit, or vanilla cream filling, which is as follows: One-third cup all-purpose flour; ¾ cup granulated sugar; ¼ teaspoon salt; 2 cups milk; 2 eggs, slightly beaten; 1 tablespoon butter; 1 teaspoon vanilla. Thoroughly mix the flour, ½ cup of the sugar and salt in top of a double boiler; gradually add the milk, stirring constantly until smooth and thick—about 10 minstantly untitl smooth and thick—about 10 minutes. Pour slowly, while beating constantly, over the eggs, which have been beaten with the remaining ¼ cup sugar. Return to double boiler and cook 2 minutes. Remove from the heat, stir in butter, and cool. Then add vanilla. Makes enough filling for three 8-inch cake layers.

O. H., Nelson—As I would like to find out the nearest source where volcanic ash is available, could you give me some information about this?

Volcanic ash deposits in British Columbia have been found at Ashcroft and Bridge River. There are possibly deposits in the Okanagan also.

Press Comment

CLOSED PLANTS PAY NO WAGES

From the heads of both major Labor organizations in America have come pronouncements that indicate more reasoned and constructive thinking than has, at times, guided the unions. Mr. William Green and Mr. Philip Murray have all but declared flatly against fair to everyone and will aid, rather than the strike as a weapon. They would substitute conferences of all interested parties, seeking a solution of the price-wage problem that is hinder, reconversion.

This does not indicate a weakening in Labor's determination to get its proper share of the profits of business and industry. Rather, it reflects a new and broader viewpoint, a growing realization of the fact that those actions which hinder production are, in the long run, injurious to everyone, including the workers.

This, of course, is obvious. Closed plants pay no wages, nor in any major strike of recent years have advantages been won which could ever make up for the losses. The thing to do is keep the men at work turning out goods, and simultaneously seek the solution which will bring properity to everyone. — Windsor Star.

1. In the Sahara Desert.
2. Shepherd.
3. British West Indies.

Words of Wisdom

He that is down needs fear no fall.—Bunyan

Gems of Thought

Steadfastness is a noble quality, but, unguided by knowledge or humility, it becomes rashness, or obstinacy.—Swartz.

Rossland Social . .

By MRS. F. G. GRAY

ROSSLAND, B. C. — E. E. Perkins, Principal of the MacLean School who has been attending the Summer School session of the UBC, has returned to the City.

Mr. and Mrs. Robert Kay and daughter, who have been visiting Mrs. Kay's parents at Lethbridge, have returned to their home here.

Miss Jean Buick, who has been in Vancouver for the past two months, has returned and is the guest of her parents, Mr. and Mrs. W. Buick.

Mrs. J. McEwan and son Allistaire who have been visiting Mrs. McEwan's son-in-law and daughter, Mr. and Mrs. Owen Proud, have returned to their home at Swift Current, Sask.

Mrs. Gordon Campbell, who has been on a two months holiday trip to Prairie points, returned to the city.

Miss Dorothy Warr of Regina, Sask., is the guest of her father, H. R. Warr.

The home of Mr. and Mrs. George Dyson, First Avenue, was the scene of a party when the members of the Birthday Club met to honor three of their members, Mrs. T. Fourt, Mrs. G. W. Mara and Mrs. J. T. Fox. The living rooms were artistically decorated with Summer flowers. A social evening was enjoyed and dainty refreshments were served, the tea table was centred with a lovely decorated birthday cake. Each of the honored guests were presented with a lovely gift from the members.

Those present were Mr. and Mrs. J. A. Williams, Mr. and Mrs. J. R. Bryan; Mr. and Mrs. J. Milligan, Mr. and Mrs. W. G. Mara, Mr. and Mrs. J. T. Fox, Mr. and Mrs. T. Fourt, and Mr. and Mrs. G. Dyson.

Miss Marie Bowen, who has been a patient in the Trail-Tadanac Hospital since Friday evening, was transferred to the Mater Misericordiae Hospital here on Tuesday. Miss Bowen was injured in a car accident near Genelle on the Trail-Castlegar highway.

Hollywood Gossip

Conover on Honeymoon in Hollywood "Oggles Women", Strictly Business

By BOB THOMAS

HOLLYWOOD, Aug. 23 (AP) — Note to California women: If a brown-haired man ogles you more than he should, don't holler "police" too soon; it might be Harry Conover.

The man whose model agency supplies beauties for magazine covers and elsewhere is in these precincts prowling for talent. This is a fine pastime for a man on his honeymoon, but it is strictly business for Harry.

"Turnabout is fair play," he explained while lolling beside the hotel pool with his model-bride, Candy Jones. "After all, Hollywood took girls like Anita Colby, Joan Caulfield, Jinx Falkenburg and Dusty Anderson from my agency. Maybe I can steal some beauties from Hollywood."

Conover arrived here from Dallas, where he signed up five girls in three days. "Then I returned to the hotel and found the girl behind the counter was more beautiful than any of them," he said.

It's no cinch to learn to be a model.

"It takes the three B's," said Mrs. Conover, "brains, beauty and breeding." Obviously she has 'em; that's why she's Mrs. Conover.

The little man who pays can expect to pay more for attending the neighborhood movie show. The price of raw film stock is rising and theatre admissions may follow. . . .Abbott and Costello leave Saturday on their tour to benefit Lou's Youth Foundation. They'll play at Winnipeg and leading American cities. . . .Sonny Tufts, recovering from his black widow spider bite, is having his entire house fumigated.

KIMBERLEY

KIMBERLEY, B.C. — A number of showers have been held honoring Miss Lucille Sgro, bride-elect. Mrs. McCullouch and Miss V. Mottle entertained at a miscellaneous shower. Bingo was enjoyed by the guests and prizes were distributed "fish-pond" style. Mrs. J. Byham, Miss V. Poutoni, Mrs. M. Robertson, Miss Z. Eskra, Mrs. A. Nemrava, Mrs. E. Zak and Mrs. R. Grubisic entertained 50 guests in the Catholic Church Club Rooms in Miss Sgro's honor. Court whist and bing were enjoyed. Miss Lorraine Loraas with Miss Frances Holland were prize winners. Mrs. Gordon Robertson won the lucky cup award. Following a delicious supper Miss Poutoni presented the guest of honor with a chest of silver and a pair of boudoir lamps.

ROY — BANKS

The Rectory of the Sacred Heart Church, Kimberley, was the scene of a pretty mid-day wedding Aug. 19 when Jacqueline Adele, only daughter of Mr. and Mrs. H. R. Banks of Chapman Camp, became the bride of Patrick Denson, second son of Mr. and Mrs. A. W. Roy of Lethbridge. Father F. Monaghan conducted the service. Given in marriage by her father, the bride was charming in her gown of blush satin featuring a tight bodice with net yolk and long pointed sleeves. The long skirt had insets of net frills in the front. She wore her mother's veil of tulle with Mary Queen of Scots headdress. Her bouquet was of white roses, white gladioli and gardenias with streamers of white ribbon carrying clusters of white rosebuds and maiden hair fern. Attending the bride were Miss Mary Lindsay and Miss Evelyn Roy, while the groom was supported by W. McNeil of Burnaby and John Banks, brother of the bride. Bert Banks, Jr., was usher. Following the ceremony a wedding luncheon was served to 24 guests at the home of the bride's parents. Later a reception was held on the spacious lawns, some 250 guests attending. Later in the evening the happy couple left for a honeymoon trip to Banff, Lake Louise and Jasper. Mrs. Roy travelling in a turquoise suit with blouse of white sheer and navy accessories. She wore a purple orchid. Mr. and Mrs. Roy will make their home at St. Adele, where the groom is with the T.C.A. Out-of-town guests included Mr. and Mrs. R. W. Diamond and Mr. and Mrs. E. W. Hazlewood of Trail, Miss Harvel of California, Mr. and Mrs. J. Fingland, Mrs. Oughtred, Bill Oughtred and Mr. and Mrs. Bill Ferguson all of Vancouver, Mr. and Mrs. A. W. Roy, Mr. and Mrs. L. Roy and Miss Evelyn, Laura and Kay Roy, and Mrs. E. Gow of Lethbridge, Mr. and Mrs. Charles Stemson, Miss Virginia Bill and Mrs. E. Staples of Premier Lake, Mrs. Hogarth of Cranbrook, G. Lawrence of Nelson and Brock Montgomery of Fernie.

DEATHS

OAKLAND, Calif. — Leonard "Doc" Mielke, trainer for the Hollywood stars of the Pacific Coast Baseball League.

Cravat was the name given by the French in the reign of Louis XIV to the scarf worn by Croatian soldiers.

FRUITVALE

FRUITVALE, B.C.—Mr. and Mrs. Jim Halpin and children, Patsy, Karen and Jimmie are spending a vacation with the former's parents near Spokane, Wash.

Mrs. Robert Davis has returned home from Prince Albert, Sask., where she was called by the death of her father.

Mrs. F. Kalusik was a visitor to Regina, Sask.

Mr. and Mrs. M. Cohoe were visitors here from Westlock, Alta.

Mr. and Mrs. C. McKenzie and children of Winnipeg have arrived here where they plan to reside.

K. Sorenson is holidaying at the Coast.

Mr. and Mrs. George Ewings and family are spending a vacation at Victoria.

Mr. and Mrs. Ernest Frey had as their guest, Mrs. T. Dinsmore of Grand Forks who has now returned home.

Mrs. Sam Cromarty is holidaying at Waiteville, Sask.

BATH, England (CP)— Black gowns for the women's choir at Box Village Church near here are being made from old blackout curtains.

YAHK

YAHK, B.C. — A Miaskowski is taking over the milk business of Mr. and Mrs. McInnis, starting Sept. 1.

Mrs. Hans Lindhorst and her daughter, Doris, returned home from Kellogg, Idaho, where they have been spending a holiday.

Mr. and Mrs. G. Bennet of Cardston, Alta., spent a week at the home of Mr. and Mrs. G. Bourne.

Mrs. W. Wallington and family returned to Trail after spending a holiday with Mrs. Wallington's parents, Mr. and Mrs. H. McInnis.

Elder Lowell Layton, Glenwood, and Elder Clifford Millar, MacGrath, were overnight guests of Mr. and Mrs. G. Bourne, prior to leaving for Cranbrook where they will remain for some time as L.D.S. missionaries.

Wasa Children to Attend School In Community Hall

KIMBERLEY, B.C., Aug. 22 — H. L. Abbott of the District School Board and C. Taylor Inspector of the Wasa School Division have completed arrangements to rent a portion of the Wasa Community Hall to accommodate the eight pupils isolated by the collapse of the Wasa bridge.

Cards Clamber Up Beside Dodgers As Reds Hit Bums 2-0

By STEVE ROBERTSON
Canadian Press Staff Writer

The National League leadership rested with two clubs Thursday, thanks to the efforts of Cincinnati's Johnny Vander Meer and a big three-run inning on the part of St. Louis Cardinals.

The Cardinals, playing the second half of a day-night twin bill at home against the pesky Philadelphia Phillies last night, edged right up into a tie with Brooklyn Dodgers as the Bums were downed 2-0 by Cincinnati Reds. At Cincinnati there was gloom in the Dodgers' dressing room after the Brooklynites went scoreless to be deprived of sole leadership of the League.

The Dodgers got only one runner to second base — Howie Schultz, who doubled in the fifth — as Vander Meer handcuffed them with three scattered hits. The veteran southpaw fanned five and issued three bases on balls as he marked up his ninth win.

The losing pitcher was Rube Melton, who in seven innings was touched for nine hits, one a home run by Lonnie Frey in the second inning. The Red scored their first run in the opening inning as Claude Corbitt doubled to left, was sacrificed to third and scored as Grady Hatton singel to right.

The Redbirds added a six-hit, three-run inning to a one-run lead for a 4-3 night victory.

MUSIAL HOMERS

Harry Brecheen was on his way to a shutout over the Phillies but in the eighth inning Emil Verban singled and two other hits produced three runs. Brecheen's mates already had scored three runs in their half of the sixth after Stan Musial doubled in the fourth and scored on Enos Slaughter's two-bagger.

Stan Musial was responsible for Cards afternoon victory as his 12th inning homer atop the right field pavilion won the game.

The decisive blow by Musial, leading National League hitter, broke a five-inning deadlock which resulted when the Phils staged a four-run uprising in the eighth inning featured by a two-run homer by Ron Northey and a two-run double by Andy Seminick.

WIN IN 10TH

New York Giants nosed out Pittsburgh Pirates, 10-9 in 10 innings as rookie southpaw Monte Kennedy outhurled Rip Sewell, Pittsburgh's veteran right-hander.

Pinch-hitter Jack Graham's long fly scored Sid Gordon from third base with the deciding marker in the overtime session. Gordon walked with one out and raced to third on a single by Goody Rosen to set the stage for Graham's pay-off blow.

Pitcher Warren Spahn of Boston Braves hurled a four-hitter to defeat Chicago Cubs 3-2 and bring the Braves within 2½ games of the third place Cubs.

It was his sixth win of the season and his third straight over the Cubs running the Braves straight wins over Chicago to six.

After losing eight in a row to Boston Red Sox at Fenway Park, the Chicago White Sox came from behind to beat the American League's pace setters, 4-3, in 11 innings for their first Boston victory of the season.

Pitcher Mace Brown, who relieved Tex Hughson in the ninth, was credited with the loss and 41-year-old Earl Caldwell, who pitched the last three innings in his 33rd relief role this season got credit for his 11th victory of the year.

Hughson held the Chisox to eight hits and no runs in eight and two-thirds innings but blew up in the ninth and gave way to Mace Brown.

Bob Feller failed in a relief role as Philadelphia Athletics scored three runs in the seventh to defeat Cleveland 8-6 for the A's third straight victory.

Feller came in to spell Joe Berry with the Indians ahead 6-5, two men on base and one out. Pete Suder, George McQuinn and Hank Majeski touched rapid Robert for three singles which sent three runs over the plate before Feller retired the side.

TWO FOR YANKS

Steady pitching by Floyd Bevens and Joe Page backed up by Johnny Lindell's slugging enabled New York Yankees to take both ends of a doubleheader from St. Louis Browns 4-3 and 8-2.

The twin victory, coupled with Boston's loss to Chicago, left the Yanks 12½ games back of the front-running Red Sox.

A scheduled night game between Detroit and Washington was postponed after the teams had played two innings. Rain interrupted the proceedings.

95,000 To Watch Rams, All-Stars Open Grid Term

By CHARLES DUNKLEY

CHICAGO, Aug. 22 (AP) — The 1946 football season, headed for the largest attendance in the sport's history, will get off to a spectacular start tomorrow night with the 13th annual contest between the professional champions—Los Angeles Rams, titleholders of the National Football League, and the Collegiate All-Stars.

The game will be played before a sellout crowd of 95,000 in newly floodlighted Soldier Field with the Rams, victorious in nine out of 10 championship battles last season, heavily favored to triumph.

For the Collegiate squad generally it will be a post-war come-back test of significance, since 55 members of the 68 man squad, coached by Alvin (Bo) McMillin of Indiana University, are headed for professional gridiron play this Fall. Thirty-nine have been signed by the newly organized All-America Conference; 16 by the National League.

Based on cold percentages and past performances, the Rams figure to win, principally because of their unity of play, probably a better line and certainly more experience. The Rams will start 11 veterans against the All-Stars. Most of them were regulars who last year swept through the professional season to the championship.

Cricket Scores

LONDON, Aug 22 (Reuters) — Yorkshire, English county cricket championship leaders, gained their 15th victory of the season today when they defeated Gloucestershire. Ellis Robinson's spin bowling for Yorkshire was irresistible. In 10 overs he took five wickets for 27 runs.

Results:

Kent vs Derbyshire: Kent won by eight wickets. First innings: Derbyshire 211, Kent 250; second innings: Derby 166, Kent 128 for two wickets.

Essex vs Warwickshire: Essex won by innings and 20 runs. First innings: Warwickshire 284, Essex 385; second innings: Warwickshire 81.

Yorkshire vs Gloucestershire: Yorkshire won by nine wickets. First innings: Gloucestershire 106, Yorkshire 188; second innings: Gloucester 89, Yorkshire eight for one wicket.

Hampshire vs Leicestershire: First innings: Leicester 120, Hampshire 206; second innings: Leicester 36 for two.

Glamorganshire vs Surrey: First innings: Glamorgan 305, Surrey 111; second innings: Surrey 139 for four.

Lancashire vs Somersetshire: First innings: Lancashire 342 for eight declared, Somerset 150; second innings: Somerset 32 for one.

Worcestershire vs Middlesex: 332; second innings: Worcester 199 for seven.

Sussex vs Northamptonshire: First innings: Northampton 186, Sussex 121; second innings: Northampton 263 for seven.

CARLISLE, Cumberland, England (CP)—Rev. Thomas Bloomer, Chaplain to the King, has been appointed Bishop of Carlisle—first Orangeman ever to be an Anglican Bishop.

Bowling Alleys To Cost $20,000 Being Built Here

A bowling alley, with a capacity to carry 16 simultaneous games, is being constructed at an estimated cost of $20,000 on the North side of Vernon Street, between Ward and Josephine Streets.

A. E. Mitchell, owner of the new structure, "hopes" he will have it completed by December but with the various shortages he feels it may be some time after 1946 before it will be finished.

The building, which has a 112½-foot frontage on Vernon Street, will have six alleys to start with, and a coffee shop on the main floor, and capacity for another 10 alleys in the basement.

Mr. Mitchell, previously operated a bowling alley in Taber, Alta, and has come to the Kootenays for his health.

Better Golf

By SAM SNEAD

Some of my readers have written about the trouble they have with slicing and also with being straight off-line to the left. These are faults of high-handicap golfers, and result most frequently from looping. "Looping" means swinging the club back correctly along one line, then swinging it down incorrectly to the ball, outside-in as pictured. The effect is to draw the club-face across the ball, imparting a right-to-left spin which results in a slice. Where a looper shoots straight to the left of the desired line of flight, it means his clubhead is even with the hands at impact, but his incorrect outside-in swing drives the ball left. If you are a looper, stress pulling your hands straight down toward your right pocket as you start the down-swing. Make sure that you withhold the uncocking of the wrists until your hands are hip-high. If you start to uncock the wrists at the top, you tend to throw the club out and around, producing the loop instead of retracing your backswing as the club goes down. Looping is also caused by starting to reverse the hip and shoulder pivot too soon in the downswing.

Today, we print a picture containing a world of golfing wisdom. The dotted line at the left pictures the wrong action of swinging the club out and around from the top. The dotted line and arrow to the right illustrates the correct action for the hands, which is, that you should pull them down from the top, toward the right hip, and never swing out and around. If you will pull your hands down from the top and sort of "gather" your hip and shoulder pivot from a slow start, instead of rushing the hip and shoulder pivot, you will come down smoothly, accurately, inside-out to the ball. Notice the grip of the two hands pictured at the top of the backswing. The important part to observe, is that the left hand is firmly closed, that the wrists are fully cocked, and all the golfer has to do from this top position with a grip like this is to start slowly, gathering momentum as he goes, swing his hands straight down, "gather" his hip and shoulder pivot slowly, and he'll find himself in the groove for a beautiful flight.

Editor's note: A new printed diagram—Applying Backspin—may be had on request. Enclose a 4-cent stamped, self-addressed envelope.

Trail Softball Set-up Cost $850

TRAIL, B. C., Aug. 22—Cost of operating the Trail Softball League for the regular 1946 schedule reached a total of $850, according to Mrs. "Pat" Loeblich, Secretary-Treasurer.

Gate receipts have reached $15 a game for the 56 games played, totalling $840.

League playoffs begin Sunday with the Canadian Legion going to Castlegar and the Bon Tons playing Lucas Aces here.

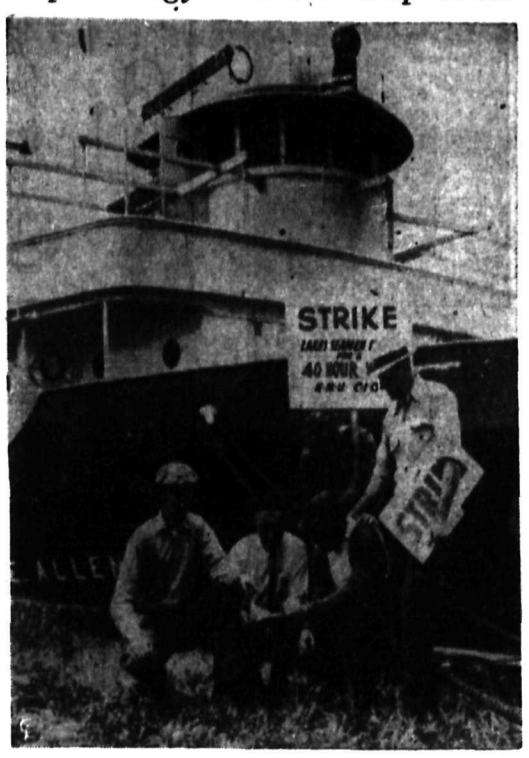
TO HONOR JUNIOR KING WITH FIELD DAY

KITCHENER, Ont., Aug. 22 (CP)—A special invitation field day in honor of Gerry Kesselring, 17-year-old Rockaway Golf Club member who won the Canadian junior championship at Edmonton recently, will be held at his home coruse here Sept. 14, it was learned today.

NEGRO ALL-AMERICAN MAY PLAY IN MONTREAL

MONTREAL, Aug. 22 (CP)—Herbert Trawick, 25-year-old guard who played for three years with the all-America negro All-Star team and for four with Kentucky State University, arrived here tonight to bring to three the number of American players expected to play with Montreal Alouettes of the Big Four Football circuit.

Map Strategy In Lakes' Ship Strike



Striking seamen from the oil tanker Martha E. Allen discuss strike strategy as their ship remains idle at the Shell Oil docks in Toledo, Ohio, fully loaded with 17,000 barrels of oil. Forty ships have been immobilized by the strike, called by the National Maritime Union. Joseph Curran, President of the N.M.U., predicts that the whole lakes fleet will be tied up in 10 days if the strike continues. Strike issue is a 40-hour week.

Mountaineers Certain of Quebec Lacrosse Title

TORONTO, Aug. 22 (CP)—Quebec Mountaineers, who have rolled up 17 straight victories since June 7, are certain of finishing on top of the Quebec Senior Lacrosse League which winds up Sunday. But the senior Ontario leadership still is a tossup between St. Catharines Athletics and Mimico Mountaineers.

The Ontario schedule winds up Saturday night, with playoffs starting next week, and in the season's feature match last night St. Catharines defeated Mimico 18-9 to break the first-place tie between the two teams. Both clubs have a game left to play.

This was today's senior Ontario standing:

Team	W.	L.	T.	Pts.
St. Catharines	23	5	1	47
Mimico	22	6	1	45
Hamilton	17	12	0	34
Owen Sound	17	12	0	34
Barrie	12	17	0	24
Brampton	7	22	0	14
Orillia	2	26	0	4

Peace Moves Back With Blue Bombers

WINNIPEG, Aug. 23 (CP)—The dove of peace moved back into its Winnipeg Blue Bombers roost today after a 48-hour lapse and all was harmony on the blue and gold team which takes the lid off the Western Canada Football season Aug. 30 and Sept. 2 with two exhibition games with Montreal Alouettes.

The 12 Bombers who had represented a written demand to the club executive of a joint $4500, $25 a week and doctors' fees in the event of injury which would prevent them from working at their regular jobs and another $1000 to be tossed into the pool if the team made the East-West finals, all attended the usual night practice.

At its conclusion—and fans said it was the best practice of the year—they met with club officials, agreed to withdraw their demands and accept the club's "salary schedule." The club on its part agreed to accept the clause covering injuries.

Other announcements following the practices:

Doug Gauthier, former Perdue star, is transferring to the University of Manitoba and will play for the Bombers;

No more players will be imported from United States;

Johnny Hammond, Bombers' prospect, is going to the University of Washington; (both Gauthier and Hammond are local products);

Coach Jack West will name his first and second teams Sept. 5, leaving unchosen players free to play elsewhere.

Sport Fallacies

By MARGERY MILLER

To the average hockey fan, the Stanley Cup is symbolic of hockey supremacy!

But it isn't!

Back in 1890 Lord Stanley of England paid the equivalent of $50 for it and donated it to the Ontario Amateur Hockey Association before the turn of the century. The cup went to the champion team of the league.

In the early 1900's most of the great amateur hockey teams turned professional. Eventually the Stanley Cup came to symbolize professional supremacy, as it had stood for amateur supremacy. Today the goal of every team in the National Hockey League is to win possession of the cup.

But the trophy doesn't go every year to the league-leading team at the close of the season. Or even to the team in second place. Or in third.

The winner of the cup is determined by the Stanley Cup playoffs in which the four top teams in the loop play a series for possession of it.

Thus the team to gain the Stanley Cup may not, as tested over a fairly long period, be the best in the country. In fact, it may even rank as low as fourth.

WIN FOR ADMIRAL

EDMONTON, Aug. 22 (CP) — Allied Admiral, three-year-old black colt owned by J. E. Gelinas of Calgary, today captured the $600 stockyards handicap, fifth and feature race on today's card the 11th of the 13-day Fall race meet.

Sales Outspeed Wall Street Ticker

NEW YORK, Aug. 22 (AP) — Stocks today suffered their sharpest dip and heaviest selling in a month following a tumble of more than $12 a share in American Telephone Common.

For a while heavy selling in steels, motors, rubbers, rails, utilities and industrials put the high speed ticker tape behind floor transactions. Dealings then slowed and enough support arrived to reduce substantially extreme losses of $1 to $8 a share.

Liquidation was attributed to pessimism over the foreign situation, growing labor rifts and the recent refusal of the market to reflect numerous increased dividends and other business news.

MINNEAPOLIS, Aug. 22 (AP)—Directors of the Minneapolis Chamber of Commerce, local grain trading pit, voted at a special meeting late Wednesday to permit trade in wheat futures for May, 1947, and subsequent deliveries and in corn and feed barley for December, 1946, and subsequent deliveries.

The action was based on the Price Decontrol Board's decision to lift controls in all categories of grain trade execpt flaxseed and soy beans.

WEATHER POSTPONES TRY AT CROSS-CHANNEL SWIM

LONDON, Aug. 22 (Reuters)—Jorge Berroeta, Chilean swimming champion who was to have made an attempt to cross the English Channel from Cap Griz Nez tonight, has postponed his try indefinitely because of bad weather.

HE SHOWS 'EM

KANSAS CITY, Aug. 22 (AP)—A mite-sized 12-year-old golfer showed the old timers today as word got around that he had shot a one under par 71 on one of the city's toughest courses.

When little Bobby Richards and his three young golfing companions came back to the clubhouse with Bobby's sensational score car, disbelieving members followed the young golfer around the first nine holes of Swope Park Golf course No. 1 to see if he could repeat the performance. Bobby obliged by finishing with a two over par 38 over "blowing up" on the first hole and taking a two over par six.

E. KOOTENAY COAL OUTPUT DOWN

VICTORIA, Aug. 22 (CP)—Coal output of mines in all districts of the Province decreased last month from July, 1945, monthly report of the Chief Inspector of Mines shows.

Total output last month was 104,796 tons, compared with 110,914 tons in July, 1945.

Vancouver Island mines produced 42,923 long tons, against 43,716 in 1945.

Output of the East Kootenay District coal mines was 59,916 tons last month, against 61,522 tons in 1945.

In the Nicola - Princeton District 1215 tons were produced last month. Northern District produced 742 tons.

BASEBALL TOWN CLAIMS 5 KIDS IN MINOR LEAGUE

NEW YORK, Aug. 22 (AP)—Peru, Illinois, which launched a boys baseball town in the United States ... five kids who came out of the Boys' League are playing Minor League ball this year, and two more have been signed for 1947 .... The No. 1 Peruvian is Pitcher Russ Meyer, optioned by the Cubs to Nashville.

LEADING JOCK BOOTS ANOTHER HOME

VANCOUVER, Aug. 22 (CP)—The Avondale Stock Farm's Eltorada showed sparkling form in winning the feature race at Hastings Park here today. Jockey Jimmy Sivewright, currently pacing the hardboots, brought the black six-year-old mare from far back to win going away.

LONDON (CP)—Eric Cossum, 19, was sent to a Borstal improvement home for three years for opening a mail box with a screw driver and stealing letters containing checks.

Leafs Battle Redmen in Playoff Opener

Nelson Maple Leafs open their best-of-three West Kootenay Boxla League semi-finals tonight with the Redmen at Rossland.

The Leafs will be almost at full strength when they take the floor in the open-air small-sized arena. Only player missing from the Leaf bench will be Glen Price who has been unable to play in the last few games because of business reasons.

Tony Merlo, Trail goalie, who was injured in the Bear-Redmen fray Monday, is expected to miss the opening game of the finals.

Nelson lineup will be Cookson, Kuhn, Graves, Morris, Lapointe, Art Choquette, Jackie Gallicanoo, Mayo, Red Wassick, Joe Gallicano, Thompson, Griffin, Hill, Townsend, Appel.

Nelson 9 Under Par for Day

PORTLAND, Ore., Aug. 22 (AP)—Big Byron Nelson, racking up sub-par golf again today, raced another lap in defence of his Professional Golfers' Association championship with a 3 and 2 victory over Herman Barron, White Plains, N. Y., in the third round of match play over 36 holes.

When Nelson closed out the contest on the 34th green, after halving the last five holes with his rival, he was nine under par for the day.

District Annual Of Rod and Gun Clubs Here Oct. 31

Plans are being made to hold the annual meeting of the West Kootenay Zone of the Rod and Gun Clubs Association here Oct. 31, President J. J. McEwen of the Association said Thursday. Game Commissioner of B.C., J. C. Cunningham, is expected to be in Nelson at that time, he added.

Duck hunters may have their season shortened this year. Instead of the Sept. 15 to Dec. 15 duck hunting period, it is expected that the season will start Oct. 1 and end Nov. 30.

EUROPE OPENS TRACK MEET

BERLIN, Aug. 22 (AP) — More than 300 German workmen swarmed over Berlin's 120,000-seat Olympic Stadium today, refurnishing it for the biggest international sports carnival here since pre-war days—the armed forces European theatre track and field championships to be held September 7 and 8.

Allied countries which have accepted invitations to compete in the meet, patterned after the last Olympics held here in 1936, are: Britain, the United States, Belgium, Czechoslovakia, Denmark, France, Luxembourg, Greece, Netherlands, Norway, Poland and Russia.

Seven Top Flight "Foreign" Golfers To Try U. S. Amateur

NEW YORK, Aug. 22 (AP)—At least seven golfers including three Canadians, who have gained fame outside the continental United States will try for the United States amateur golf title this year, a study of the entry list for the Sept. 9-14 tournament at Baltusrol, N. J., showed today.

The foreign list is topped by Robert Sweeny of London, who has made his links reputation in Britain. As winner of the 1937 British amateur crown, Sweeny is exempt from qualifying for the United States meet.

Five of the remaining six, however must win their way through the qualifying tests next week.

Henry Martell of Edmonton, new Canadian amateur champion, will try to make the grade at Minneapolis next Monday and Tuesday. John B. Nash and Colin M. Brown, a pair of London, Ont., linksmen, are assigned to the Detroit tests next Tuesday.

New Westminster Takes First Game Of Playoffs

NEW WESTMINSTER, B. C., Aug. 22 (CP)—The hometown Adanacs took the first game in the best-of-five semifinal playoff series when they trounced the Vancouver Burrards 14-9 in an Intercity Lacrosse League game here last night.

The win put the A's one up and boosts the odds against the Blue Bomber crew from even money to 5 to 1.

SALMON PACK WORST IN SIX SEASONS

VICTORIA, Aug. 22 (CP)—British Columbia's salmon pack this year is less than half the total pack at this time last year.

While the pack during the corresponding period of 1945 season was the best during the last six years, the pack so far this year is the smallest.

Only 434,657 cases have been packed so far. At this time last year 910,804 cases had been packed.

Poor runs of sockeye and pinks largely are to blame for the small pack but catches generally have been poor this year. Sockeye pack is 201,781 cases compared to 312,022 last year.

Professionalism Tiff May Cancel Olympics

By ALAN HARVEY
Canadian Press Staff Writer

NEW YORK, Aug. 22 (CP) — A centuries-old conflict over professionalism — something the early Greeks had a word for — cast uncertainty today over the projected 1948 renewal of the Olympic games.

Nobody was saying anything definite, but reports from Oslo, Norway, pointed up the possibility of a disagreement over payment to "amateur" athletics which might cause a rift between competing countries and perhaps lead to abandonment of the classic championships.

Current causes of discord on a topic that caused bitterness and even scandal among the Greeks and Romans in the early Olympiads came sharply into focus Wednesday when the Congress of the International Amateur Athletic Federation, meeting in Oslo, appointed a seven-man commission to tackle the problem of increased professionalism in sport.

Behind the appointment, it was reported, was the question of whether state-subsidized Russian athletes could be declared eligible to participate in the 1948 Olympic Games, scheduled for London.

Russia does not belong to the Federation, but it has been reported that she will apply for membership if the subsidization question is settled to her satisfaction.

In London, it was anticipated that Britain would break with the Federation if payments to athletes were authorized, with the United States likely to follow suit. Withdrawal of Britain would shift the scene of the '48 Games from London and if the United States took similar action the competitions conceivably might not be held at all.

Better Prices Bring Reopening Of Silver Mines

VICTORIA, Aug. 22 (CP)—First major development in the expected rush to reopen British Columbia's long dormant silver mines following the recently announced increase in the price of silver came today when it was authoritatively reported that operations are to be resumed at the Toric Mines on Alice Arm at the head of Portland Canal.

Mining Corporation of Canada, it was learned, intends to develop the old mines. The company will erect a 300-ton mill and is prepared to spend at least $800,000 in a plant.

Mines Minister R. C. MacDonald today described the move as one of the biggest developments in the Province for many years.

The company is asking the Provincial Government for assistance in constructing a road into the mine.

No Comment on Rule Changes for Amateurs

WINNIPEG, Aug. 22 (CP)—President Sydney Halter of the Amateur Athletic Union of Canada said here today he had no official comment to make on a report the International Amateur Athletic Federation had appointed a special commission to study changes in rules governing qualifications for entering amateur games.

(The appointment gave rise to reports in England that Britain may break away from the Federation if the body allows payments to "amateur" athletes and that British participation in the Olympic Games might cease.)

Mr. Halter said unofficially, however, that the situation in England, where the British branch of the I.A.A.F. is the governing body for track and field sports only, was different than in Canada, where the A.A.U. of C. represents the I.A.A.F. in a number of other sports as well.

If any revision in qualifications were recommended by the special committee and accepted by the I.A.A.F., it then would become a question for the International Olympic Committee to study.

The matter probably would be discussed at the A.A.U. of C. annual meeting in Montreal November 28-29, he said.

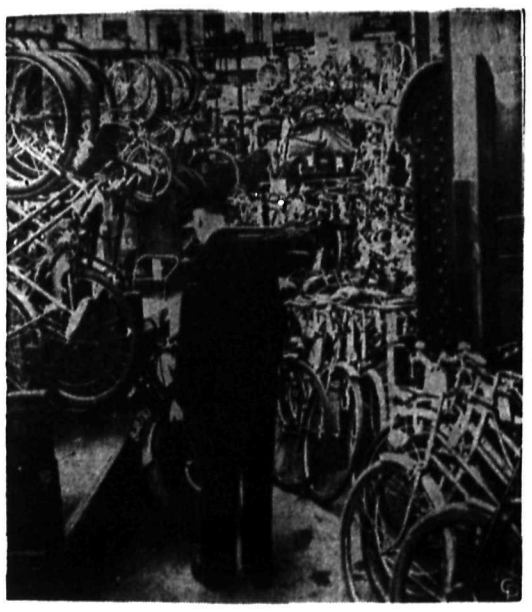
TODAY'S News Pictures

Bike Bug Bites France



In France, where automobiles are at a high premium, and where bicycle riding is the thing, we see a typical vacation scene at the Paris railroad station.

Miss New York

Eileen Henry, Brooklyn, N. Y., was selected to represent New York City in the "Miss America" finals at Atlantic City in September. Eileen, 21, a model who has studied dramatics, took the title of "Miss New York City" from 15 finalists.

To Reich for Job

Ralph K. Betz, 26, of Willoughby, Ohio, a veteran of 42 months, who is being detained in jail in Germany while awaiting deportation to the United States. The former soldier hitch-hiked back to Germany because he found jobs scarce and prices high in the U. S. He came into Germany without a passport. "When Europeans sneak into the American zone illegally, they set up a camp for them, but an American they throw in jail," Betz remarked wryly.

Special Pets to Invalid Boy

Accidentally shot in the spinal cord while playing with his brother, Nathan, right, Warren Hale, 16, Detroit, Mich., gamely accepts the possibility he may never walk again. His two pets—a toy bulldog and a parakeet—help keep him in good spirits

In Civil Service

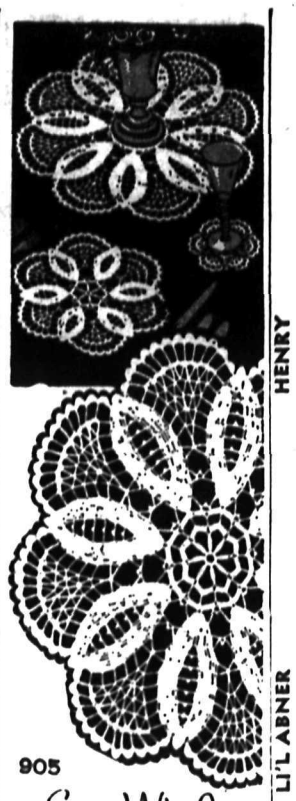
One of the first women to hold administrative rank in Britain's civil service, Miss Evelyn A. Sharp (shown at her desk) was recently appointed Deputy Secretary of the Ministry of Town and Country Planning, and so becomes the highest ranking woman in the British civil service. Her salary is $12,500 a year.

Rocket Chief

Capt. Steadman Teller, chief of U. S. Navy's guided missile section, reported Navy now has weapons "that would seem fantastic even to a highly-imaginative comic strip artist." Among them, on "immediate prospect list," are: Radio-controlled, jet-propelled rockets with speeds up to several thousand miles an hour; anti-submarine and anti-ship missiles that speed unerringly to fast-moving targets; radar-guided glide bombs with great striking power; rockets capable of carrying 500-pound loads up to 120 miles

Fall Arraignment

William Heirens, a thrice-confessed killer, described as having a "Jekyll-Hyde" personality, is apparently unconcerned by the seriousness of his present predicament as he smiles after learning that his arraignment for the kidnap-slaying of six-year-old Suzanne Degnan and that of ex-Wave Frances Brown had been continued until September 4. Chief Justice Ward, who granted the continuance, was told that Dr. William Haines, director of the Cook County Behavior Clinic, and Dr. Harry Hoffman, State Alienist, will conduct an examination of the 17-year-old University of Chicago student's mind.



IN THREE SIZES

The beauty of these doilies is plain to see . . . their usefulness is unlimited! Three sizes perfect for nests of tables or luncheon sets.

Their lacy airiness shows up beautifully crocheted in string. Measure 19, 12 and 6 inches. Pattern 905 has directions for 3 doilies.

Send TWENTY CENTS in coins (stamps cannot be accepted) for this pattern. Print plainly SIZE, NAME, ADDRESS, STYLE NUMBER.

Send your order to The Nelson Daily News Pattern Department, Nelson, B.C.

Sheep Creek Dividends Nearly Two and Three-Quarter Million

Sheep Creek Gold Mines Ltd., operating gold properties at Sheep Creek and the Lucky Jim zinc mine at Zincton, has paid in dividends from 1935 to May 31, 1946, $2,737,500. In taxes it has paid $1,185,548.

In the Company's annual report, A. E. Jukes, the President, refers to the fact that the Company's current assets, excluding value of mines, machinery and equipment, total $1,053,011; less $72,902 current liabilities, or net current assets of $980,108. *This is in excess of 52 cents per* share for the shares outstanding.

It is the Company's intention, states Mr. Jukes, "to follow a forward-looking policy of seeking new prospects of merit in order to ensure a long and prosperous life for the Company."

T.L.C. Charters Coast Union Formerly C.C.L.

VICTORIA, Aug. 23 (CP)—Victoria shipyard workers Federal Union 238, drawing 650 members from the Boilermakers and Iron Shipbuilders Local No. 2, chartered by the Shipyard General Workers Federation and affiliated with the Canadian Congress of Labor, has been chartered by Trades and Labor Congress of Canada, it was announced here today.

The Victoria Shipyard Workers Federal Union has applied for certification as bargaining agents for all boilermakers in Victoria shipyards.

Chartering of the boilermakers by the A.F.L. affiliated Trades and Labor Congress follows a break within the Boilermakers and Iron Shipbuilders Union, Local No. 2 which dates back to March 1945.

Complete Work On Transmitters

POWELL RIVER, B.C., Aug. 2 (CP)—Construction of installations for the first of a network of frequency modulation transmitters has been completed by the British Columbia Telephone Company at Powell River, B.C.

The Powell River installations include four broadcasting towers, a transmitter housing and ground installations. Broadcasting equipment is expected to be installed by the end of this month.

The station is part of the Company's development of a frequency modulation network to serve the *British Columbia coast,* and will include ship-to-shore service.

Recommends 5-Day Week Across Nation

VICTORIA, Aug. 23 (CP)—Institution of the five-day work week across the nation will be recommended to the annual convention of the Trades and Labor Congress of Canada by the Victoria and District Trades and Labor Council.

The council has placed this resolution on the list it is forwarding to the convention in Windsor, Ont., next month.

The resolution suggested the five-day work week was necessary so all workers would be able to enjoy a more normal living and better home life.

Says Weapons Worse Than Atomic Bomb Known to Nations

WINNIPEG, Aug. 23 (CP)— A third Great War, with deadly bacteriological warfare probably its keynote, might result in the total destruction of Canada, Dyson Carter of Winnipeg, author of a number of scientific and political books and pamphlets, told a youth rally-for-peace sponsored by the Labor Prog ressivvP et a gressive Party here last night. Weapons *much worse than the atomic* bomb now were known to a number of nations, he said.

Market Trends

TORONTO—Disturbing political development's evidently gave the stock market a scare and prices declined in both mining groups and industrials. Western Oils held steady in dull action.

NEW YORK—A drop of more than 12 points in American Telephone helped unsettle the stock market and leaders suffered one of their sharp at slumps of the year on the heavy selling in a month.

MONTREAL — Prices moved downward on increased volume. Losses ranged to more than three points, but most adjustments were fractional.

WINNIPEG—Rye future prices gave a strong display, all months advancing the 10-cent limit permitted for a single day's transactions on the basis of what was considered aggressive buying on United States demands.

VANCOUVER—Trading was quiet in mines with one up and one down. Oils remain quiet but industrials were down.

Calgary Livestock

CALGARY, Aug. 23 (CP)—Cattle market 25 cents stronger for the week. Trade active.

Wednesday's receipts: 923 cattle, 112 calves, 127 hogs, 140 sheep. Today's receipts: 100 cattle, 281 hogs, 69 sheep.

Hogs sold yesterday at $19.75 for A's. Sows $14.10.

Good to choice butcher steers 12.00-12.50. Good to choice butcher heifers 11.00-11.50.

Good cows 8.75-9.25. Good to choice veal calves 11.50-12.00.

Stocker and feeder steers 10.00-10.50. Canners and cutters 2.00-6.50. Lambs 12.75. Ewes 5.50.

Too Tired for Needed Milk

A very tired tot in a nursery school on the Isle de Sein, France, is oblivious to the gentle tapping of the nun who had to awaken him to get his cup of milk, brought for the island's undernourished children. Heavy rains over Brittany this Summer cut off the 1200 inhabitants of the barren little island, five miles off the shores of Western France, and they found themselves without food. Red Cross relief answered the emergency call and dispatched cartons of food and warm clothing to the island.

"Tramp of the Air" in Canada

One of the first British post-war civilian aircraft to be seen on this side of the Atlantic is this Bristol freighter, dubbed the "tramp ship of the air," it arrived in Toronto recently for the International Air Show, and aeronautical experts rallied around Britain's latest bid for air freight supremacy.

QUITS AS SIAM PREMIER

BANGKOK, Aug. 23 (AP)—Pridi Phanamyong resigned Wednesday as Premier of Siam with the explanation that "opposition intrigue is wasting my health and impairing the service of myself and my cabinet."

Phanamyong's resignation, which came as King Phumiphon Aduldet was en route to Switzerland for a vacation, was a surprise. His cabinet resigned with him.

Says Manchuria In for Full Scale Fighting

By GLENN BABB
Associated Press
Foreign News Analyst

A resumption of full scale warfare appears imminent in Manchuria, that unhappy cockpit of the Orient. Chinese Communists hold most of the country and appear determined to stay. The Nationalists, thus far held to the railways and cities of the Southern tip, show equal determination to regain this rich territory, withheld from them by a succession of invaders for the last 15 years. Manchuria is the prize most worth fighting for in Eastern Asia, despite the dismantling by the Russians of the best part of the great military industrial plant built up there by the Japanese.

Few parts of the world have seen more of war and its resultant misery for the civilian population than Manchuria since the beginning of the century. There the Russians fought the Japanese, Japanese fought Chinese, Chinese fought one another in a series of civil wars of which that now in progress promises to be the bitterest. More years of misery for the patient peasants who make up nearly all its 38,000,000 population are in prospect.

Unless some near miracle halts China's civil strife it is logical that Manchuria should be the main battlefield. The fortunes of war in the last days of Japan's imperialist adventure opened it to the communist armies, who came in from the West while the Russians from the North were scoring their one-week victory over the chumbling pride of Japan's war machine, the Kwantung Army. Whether they received Russian aid or not—a point in dispute—the fact remains that when the Red Army was withdrawn to Siberia circumstances were such that the communists remained in possession, in stronger force and with better arms and equipment than anywhere else in China.

Now, as proof of their determination to remain, the communists have announced from their present capital in Yenan the establishment of their own government of Manchuria—"the provisional supreme administration for democratic Manchuria," made up of 86 elected delegates from all sections and dedicated to founding "a peaceful, prosperous Manchuria by uniting all."

These Are The Most Identical Twins

There are identical twins—and identical twins, and according to the father of these handsome boys, Billie, left, and Barry Valentine, three-year-old, of Melbourne, Australia, they are the most identical twins anywhere in the world. So sure is he of his statement that Mr. Valentine has offered $25, to be donated to charity, if his boys do not stand out in any identical twin competition. So far the boys have 16 first prizes, two second and one third prize to their credit. Their mother says that even she has difficulty in telling them apart.

U. S. Mint, Short of Cash, Works Overtime to Make Up Lack

By CLYDE BLACKBURN
Canadian Press Staff Writer

WASHINGTON, Aug. 23 (CP) — There's nothing remarkable about an individual being short of money but when the United States Mint is in that predicament it's news.

That's how it is at the moment with the mints in Philadelphia and Denver working 24 hours a day for the first time since just after the First Great War.

It is the result of the July holiday of price control regulations—that period between the death of the office of price administration on June 30, and its revival by a substitute measure 26 days later, mint officials say.

The mints are making more money than they ever did but they are "making" less in the sense of profits they could be earning if things were normal.

EXPORTS MUST WAIT

In addition to supplying the domestic needs in half dollars, quarters, dimes, nickels and copper coins the mints make coins for a number of other countries, including Ethiopia, Ecuador and Saudi Arabia.

Now those countries have to make do with coins they have or take their business elsewhere until the United States Mints satisfy home needs.

Recently the mint had to get 224,000,000 ounces of silver in a hurry to make 3,200,000 dimes. The daily output is 50 tons of coins and still there's a shortage.

Harry Truman was resting comfortably and pleasantly in the quiet backwater of the Vice-Presidency on that tragic day in April 1945 when President Roosevelt's sudden death catapulted the dapper, happy politician from Missouri into the toughest job in the world. Since then he has learned a lot—particularly that the President of the United States these days can never have a real holiday.

Now, for the first time since that spring day when he felt that the moon and all the planets had fallen on him, he is attempting what is announced as a holiday—an 18 day cruise on the yacht Williamsburg. But he took a lot of his worries and his secretarial staff along with him and the radio telephone, airplanes and messengers will bring his troubles to him every day.

LONDON (CP)— Scotland Yard accident maps show Lewisham, in Southwest London, as the black spot for accidents to children.

B.C. EMPLOYMENT OUTLOOK BETTER

VANCOUVER, Aug. 23 (CP) — William Horsobin, Regional Employment Officer for the National Employment Service, said here last night that the present British Columbia employment outlook was brighter than it had been for some time.

He reported a drop of 1500 persons seeking employment and an increase of 731 jobs available over last week.

The most urgent call for workers is for heavy equipment operators for work on Pine Pass Highway in the Prince George area.

However, Mr. Horrobin pointed out that there is likely to be a dropping off of seasonal work in the Fall.

Car and Truck Collision Kills Two Near Calgary

CALGARY, Aug. 23 (CP)—Two persons were killed and two badly injured late Wednesday night when a car and truck collided on the Edmonton Highway 3½ miles North of Calgary. The dead:

George Butters, aged 39, Balzac, Alta., farmer, and his wife, aged 35.

The injured: Frank Butters, aged 7, and F. Edward Hulse, aged 70, of Balzac.

Mr. and Mrs. Butters, their son, and Mr. Hulse, a neighbor, were returning home from Calgary when their car came into collision with a truck driven by Edward Leason of Calgary. Leason said he was blinded by the lights of an approaching car which was immediately ahead of the Butters' car. The entire left side of the Butters' car was torn out.

Five other children in the Butters family were left at home.

DON O'WAR WINS RACE

SEATTLE, Aug. 21 (AP)—Don o' War won the feature six-furlong seventh race at Longacres tonight to pay $5.10 on a $2 mutuels ticket.

Jockey Willie Wyndle rode Don o' War for his second victory of the day and the 40th of his career to complete his apprenticeship. Time was 1:12 2-5.

Amy's Second finished just that way, and paid $3.60 and $3.80. Little Cartago finished third to pay $3.40
