Complies With Ultimatum . . .

Yugoslavia Charges Territory Violation by Planes

Claim Western Allies Striving to Discredit Country at Peace Table; Military Honors for U. S. Airmen

By GEORGE PALMER

BELGRADE, Aug. 25 (AP)—The Yugoslav Ministry of Information today hurled new charges against Britain and the United States of territorial violations by aircraft of those countries even as government authorities agreed to accord highest military honors to three Americans killed when an unarmed transport was shot down by Yugoslav fighters Aug. 19.

While Belgrade's press decried what it termed a campaign of calumny abroad against Yugoslavia, the Ministry of Information charged that 110 violations of Yugoslav territory were made between Aug. 10 and Aug. 20 by "Anglo-American military planes."

The statement said these violations all occrured after the Aug. 9 incident, in which an American transport was forced down under machine-gun fire.

The honors to the three dead American fliers will be accorded by the Yugoslav 4th Army, in which command area their unarmed plane was shot down in flames by Yugoslav fighters Aug. 19, the United States Embassy announced.

CLAIM DISCREDITING ATTEMPT

Meanwhile official and semi-official newspapers of Belgrade chorused a denunciation of the Western powers for what the press called a planned campaign to use the plane incidents as a mears of discrediting Yugoslavia at the Paris Peace Conference.

Top ranking Yugoslav officers will accompany the funeral procession to the Village of Koprivnik. The airmen will be taken from their common grave and in a flag-draped funeral vehicle they will be brought to Ljubljana.

A squadron of Yugoslav fighter planes will escort the private plane of American Ambassador Richard Patterson from Ljubljana to Belgrade. The guard of honor will make the entire return trip and an honor guard will remain with the three coffins at Ljubljana until they are placed aboard Ambassador Patterson's plane. When the plane takes off, possibly Tuesday, the Yugoslav fighter squadron will circle the area, then escort the embassy group to Belgrade.

These arrangements for highest military honors were part of the American State Department's angry 48-hour ultimatum, which brought the release last week of seven other airmen and two Hungarians forced down August 9. A State Department spokesman at Bled said the Yugoslav compliance thus has proved "most satisfactory."

Still a mystery, however, is the whereabouts of the two other crewmen missing since the second attack.

WASHINGTON, Aug. 25 — The State Department announced last night that Yugoslavia has complied with the ultimatum over the shooting down of American planes. The announcement added, however, that it remains to be seen what efforts Yugoslavia will make, as the State Department put it, "to right the wrong done."

The Department announcement thus left unanswered the question whether the firing on American planes by Yugoslav fighters would be taken before the United Nations Security Council.

The announcement included a report from Ambassador Richard C. Patterson at Belgrade on his interview with Yugoslav Marshal Tito on Thursday, a report from Patterson on his visit to the scene of the American transport plane shot down August 19 in which five persons were killed and a letter from Tito to Patterson on August 23.

The Tito letter informed Patterson that none of the occupants of the August 19 plane had been found (as of that date) and defended the Yugoslav position that the planes when fired upon were well over Yugoslav territory.

(The bodies of the five victims were later located in the mountains near Bled, Yugoslavia.)

The Tito letter stated that as of the time the letter was written the occupants of the August 19 plane were free to move out of the country and if any persons survived from the August 19 crash the Yugoslav Government "will be only too glad to permit American representatives to communicate with them."

Since the preemptory demand of the ultimatum was for prompt communication with survivors of the two planes and their immediate release, Tito's letter presumably supplied the technical basis fior the State Department's statement that "the demands" have been complied with."

Reporting on his conference with Tito on Thursday, Patterson said:

"Tito emphasized he is extremely sorry for what happened; promised written confirmation; promised to *answer other issues raised. In later* conferences he agreed to meet demands in our note."

Tito protested, however, Patterson said, that unauthorized flights over the Yugoslav territory "numbered in thousands and were deliberate flaunging of Yugoslav sovereignty and attempt to impress Yugoslavs with Allied strength."

DEPLORED DEATHS

"Nevertheless," Patterson said, "he deplored loss of lives and is now giving orders that no foreign planes are to be shot at under any circumstances. Incidents will not be repeated, Marshal Tito said Yugoslavia will always accept planes forced off course by weather trouble loss of direction or mechanical difficulties in reasonable numbers and suggested means for signalling by such planes be worked out."

TO TACKLE CASE AGAINST GREECE SOON

Ukrainia Complains Greece Sabotaging Peace PERSECUTION

NEW YORK, Aug. 25 — The Ukrainian case against Greece went on the U. N. Security Council agenda today—slated for early action.

It meant that the Soviet charges of British interference would open the United Nations examination of the tense Balkan situation.

The case is scheduled for a hearing Wednesday, immediately after the Council's consideration of the membership Committee report on new applicants. The Committee report, however, is a lengthy one, and may delay the consideration of the Ukranian charges until late into the week.

The move by Ukrainian Foreign Minister Dmitri Manuilsky took United Nations circles by surprise. He announced yesterday at the Paris Peace Conference that he had filed a formal complaint against the British-supported Greek Government with U. N. Secretary-General Trygve Lie.

It charged that Greece was responsible for sabotaging the peace of the Balkans, that it has provoked numerous Albanian border incidents and that the Greeks have persecuted national minorities in Macedonia, Thrace and Epirus.

The Ukranian Foreign Minister declared in his formal complaint that the referendum set for September 1 on the return of the monarchy, violates the right of nations to choose their own government freely, since it will be held while British troops are in the country.

The Council in February had decided after heated debate that the case was closed and there was no need for action. The Greek Government informed the Council that British forces were in Greece at its own invitation. The Soviet Ukranian charges, while aimed at British influence in Greece, also complicate the membership question. Albania, backed by Russia and Yugoslavia, is *one of the nine nations up for ad*mission into the world family of nations. The British have indicated support of Greek territorial claims against Albania and the United States hasn't declared its position on the bid because Albania has not recognized pre-war treaties with this country.

Eire, Siam, Trans-Jordan, Portugal and Outer Mongolia also face opposition from one or another of the major powers.

Afghanistan, Iceland and Sweden so far have encountered no opposition to their applications.

BELIEVE THIEVES STARTED COAST FIRE

VANCOUVER, Aug. 25 (CP) — Vandals who broke into the converted garage home of Thomas H. Paul, a wounded veteran, and robbed the premises of jewelry and furs, are believed to have caused the fire in one room of the building.

Fire Warden Archie King stated Saturday, upon noting that the lock had been forced before firemen arrived on the scene, that it was "clearly a case of fire following theft."

Kimberley Cleaning Plant, Two Apartments Destroyed by Fire

KIMBERLEY, B.C., Aug. 25.—Fire completely destroyed the Deluxe Cleaners on the main street of the business sction here shortly before 5 o'clock Saturday afternoon. Only the prompt action of the Fire Department and the fact that there was no wind kept the blaze from sweeping through the entire block. The building was owned by Charles Morrison.

Operator of the Deluxe Cleaners, Al Plume, was able to save the clothing of the customers but lost all his equipment and personal effects, on which he had no insurance. The cause of the outbreak was believed due to a defective chimney.

Two apartments at the back of the structure were described as being a complete loss. Living in the upper suite, Mr. and Mrs. Edward Robertson were unable to salvage anything but their cat. Mr. and Mrs. John Griffeon and their six children, tenants of the lower apartment, are now homeless.

None was injured.

The Globe Hotel on one side and a home on the other were both damaged, but not beyond repair, by the water and the flames which gave them a severe scorching.

Both City and C. M. & S. fire trucks were on the job. The fire was extinguished in an hour.

QUICKIES . . . By Ken Reynolds

"Is the grass seed we got yesterday with a News Want Ad—growing?"

Guard in Haifa's Streets

British troops guard the barbed-wired streets of Haifa, Palestine, during the outbreak which followed when immigrants from Europe, seeking entrance into Palestine, were transferred to British ships and transported to the island of Cyprus and detention camps.

TWO-DAY SEA-AIR HUNT . . .

Staged Disappearance of Himself, Sons to Aid Search for Wife

MILFORD, Pa., Aug. 25 (AP) — Abraham Kohn, Stamford, Conn., auditor, today disclosed he had planned "for two weeks" the disappearance of himself and his four sons which had launched a two-day sea-air hunt for them on the waters of Long Island Sound.

Kohn, together with his boys aged six to 14 and a three-year-old Chinese boy, were taken into custody here Saturday night by Pennsylvania State Police. They had disappeared Friday, leaving as the *only clue to their whereabouts* a rowboat found drifting in Long Island Sound near Mamaroneck, N.Y.

He was arrested on an open charge pending further word from the Stamford Police.

"It was the only way I had to attract attention so I could try and find my wife," Kohn told The Associated Press. "I had planned it for two weeks actually — spent a week getting the details down.

Kohn said that "when my wife disappeared a little over three weeks ago, I started putting paid advertisements in newspapers asking her to return" but the advertising had been of no avail.

Kohn said it had all "worked out perfectly," the drifting rowboat and the phonograph record expressing his grief that police found at his home.

He "just bundled the kids" into an automobile and drove to Mamaroneck, Kohn said, where he borrowed a rowboat and "pushed it out into the water." He then drove directly to a hotel here.

New Interim Gov't Named for India

LONDON, Aug. 25 (CP)—Jawaharlal Nehru, President of the All-India Congress Party, was named Saturday to head a new interim Government for India, to take office September 2.

The King appointed the interim Government, designed to be the first step in giving India her independence, but it is under fire al*ready from the powerful Moslem* League, which refused to participate. The Moslems' "direct action" campaign threatens to make it virtually impossible for the Government to function.

The proposed constitution must be written by an assembly without the help of the Moslem League, which has said it would boycott the sessions. Whether the Princely States will join in support of the interim Government also is in question.

Bombard Jews With Appeals to Resist; Armed Cars on Patrol

TEL AVIV, Palestin, Aug. 25 — The Jewish underground was at work today in tense Tel Aviv, Palestine, with leaflets, banners and radio broadcasts. British armored cars are on patrol.

The underground bombarded Jews with leaflets urging them to passive resistance against the British. The underground raised banners calling for volunteers to the so-called liberation army. And a new clandestine radio, the Voice of Tel Aviv, gave detailed instructions on how to thwart any possible new British military moves or curfew in Tel Aviv. The radio identified itself as the project of Hagana, the principal Jewish underground movement.

British police tried to take the liberation army banners down along Tel Aviv's main business throughfare, Allenby Road. As soon as the police tore down the first batch, other banners appeared on power lines in the middle of the street.

---

25 JEWS ESCAPE FROM DETENTION NEAR HAIFA

ESCAPE ORGANIZED

Says Arab Leaders Have No Hope in Partition Talks

JERUSALEM, Aug. 25 (CP)—The Government announced Saturday that 25 Jews escaped Thursday night from Athlit detention camp near Haifa and police said the flight apparently was made possible by a "perfectly conducted Hagana operation."

The escape was not discovered until Friday noon. The camp housed 3703 illegal immigrants awaiting release under the permitted monthly immigration quotas. Those escaping were among the last sent to the camp prior to activation of the Cyprus deportation policy.

Jamal Bey Husseini, the Deputy Chairman of the Arab executive, said in an interview Saturday that Palestine's Arab leaders "have no hope" of success in forthcoming Palestine partition talks with the British in London, and their only purpose in engaging in such talks was to perfect a legal case for presentation to the United Nations General Assembly.

Explaining that the U. N. charter "requires there be a conflict of interests" before a case is submitted, Jamal said "in London we hope only to reach an insoluble conflict between Great Britain and the Arab states who are members of the United Nations."

No Opinion on Triple Wages

OTTAWA, Aug. 25 (CP) —Justice Minister St. Laurent said Saturday no opinion has been sought from the Government on the legality of the Steel Company of Canada, Hamilton, Ont., paying its employees triple wages for working during the steel strike.

The question was introduced in the Commons by Stanley Knowles (CCF—Winnipeg North Centre).

"No opinion has been sought and none has been given," Mr. St. Laurent said.

"Well, does the Government regard it as illegal?" Mr. Knowles asked.

"It doesn't regard it as all," the Minister replied. "It has not been brought to the attention of the Government."

SEAL HERD 3,386,008

WASHINGTON, Aug. 25 (AP) — The Alaska seal herd, once on the high road to extinction, now has 3,386,008 animals.

This represents an increase of 7.31 per cent over the 1945 census of 3,155,268.

Sick Man Refuses Rescue Offered By Plane, Blimp

NEW YORK, Aug. 25—A tense drama of the high seas has been related by the American Coast Guard Search and Rescue Division in New York.

The Coast Guard said that a critically-ill member of the crew of a ship 200 miles off the middle Atlantic coast prefered to remain aboard the vessel rather than be hoisted to a navy blimp or transferred to a Coast Guard rescue plane. The two aircraft had gone to the sick man's aid after an emergency radio call from the Joseph C. Lincoln. The Coast Guard said the plane had made a hazardous landing against the initial wishes of the pilot.

Noted Jurist, New Deal Critic, Dies

WASHINGTON, Aug. 25 (AP) — James Clark McReynolds, implacable judicial critic of the new deal up to his retirement from the United States Supreme Court in 1941, died Saturday night at 84 after a year's illness.

He had suffered a year from an "acute exacerbation (breakdown) of a chronic gastro-intestinal condition."

The brusque but kind-hearted jurist quit the Bench after 26 years' service Feb. 1, 1941, and rarely visited the Supreme Court Building because, friends said, he did not feel at home among the Roosevelt appointees.

Justice McReynolds was regarded by Roosevelt administration supporters the arch Conservative of the Court.

Justice McReynolds ruled against the constitutionality of all major Roosevelt administration measures and most of the minor ones that reached the Supreme Court.

Temperamental, outwardly gruff and caustic, Justice McReynolds sometimes made no attempt on the Supreme Court Bench to conceal his violent disagreement with New Deal politics.

A bachelor, he let it be known that he thoroughly disliked "lady lawyers of both sexes."

Despite his fiery manner, many knew Justice McReynolds off the Bench as a gentle and loyal friend who would go the limit in time of need.

Tiger Bites Boy

MILWAUKEE, Aug. 25—A visit to the Wisconsin State Fair Saturday ended up in a Milwaukee hospital for a 12-year-old Chicago boy. The boy, John Pisarski was bitten severely by a tiger appearing in an animal act at the fair. Police say the boy slipped into a small opening atop the animal's cage and was bitten before he could be pulled out of the cage.

New Battle Rages In Manchuria as Reds Strike Again

Smash at Railway; Gov't Rushes Forces to Beseiged Garrison

PIEPING, Aug. 25 — Long-quiet Manchuria erupted today as Chinese Communist forces struck suddenly at the Mukden-Changchun Railway. Independent dispatches told of the surprise attack on the Nationalist feed line into the Manchurian capital.

On the Western flank of the Manchurian battleground, new clashes broke out in Eastern Johol Province.

The surprise blow came near Tiehling, 45 miles Northeast of Mukden. Ten miles outside the city the Government garrison was surrounded and choked off by the Communist forces. National reinforcements were said to be rushing North out of Mukden and South from Changchun to the rescue of the besieged garrison.

Meantime, Press dispatches to the Chiang Kai-shek Government newspapers predicted the civil war soon would sweep over Manchuria from the Northern Chinese provinces. Military observers in Peiping foresaw a major clash on the Southern section of the vital Changchun rail line. They said Communist forces are lining up along the railway which supplies the Government-held South and links it with the Communist-held North.

The Government's new First Army was reported en route to Changchun, with the Nationalist Sixth swinging West into Jehol Province.

However, Nationalist and independent dispatches differed regarding battle progress around the rail and coal centre of Tatung. Government sources asserted that the Communists were beating against Tatung, 150 miles West of Peiping, for the 22nd consecutive day. They described the attackers as having lost heavily despite constant reinforcements.

NANKING, Aug. 25 (AP)—Communist headquarters charged today that the Chinese Government was negotiating secretly with the United States for the purchase of $500,000,000 worth of surplus U. S. war material at Okinawa, Iwo Jima and in Japan.

Headquarters issued a statement asserting the negotiations covered arms, munitions and trucks, jeeps and communications supplies, adding:

"The United States Government's decision to pipeline another half billion dollars worth of supplies, to the Nanking Government would only encourage the war aspirations of the Chinese Fascist clique."

MEMBER OF NEW INDIA GOV'T STABBED

More Rioting in New Delhi; Curfew Ordered PATROL CITY

NEW DELHI, Aug. 25—A Moslem member of India's new interim Government was stabbed last night only five hours after his appointment was disclosed. The attack occurred at Simla and high officials there said today that the attack was obviously political.

The knife wielder inflicted wounds in the head, neck and chest of Sir Shafa'at Ahmad Khan. His condition was described as serious but not dangerous. The Moslem leader resigned from the Moslem League a few days ago. The resignation was attributed to his refusal to drop his title in accordance with League policy.

Meanwhile, there was new rioting last night in the old portion of New Delhi. Two persons were killed and 30 were injured in the fighting. Today a dusk-to-dawn curfew was ordered for the old sections of the city. Armed police were patrolling the area.

Formation of the new interim Government headed by Pandit Jawaharlal Nehru, Congress Party President, was announced yesterday. The announcement was made by Viceroy Lord Wavell. He urged the dissident Moslem League to back the new Government. The Cabinet list included the names of three Moslems. Wavell promised the League if it submitted the names of five candidates the Government could be reformed tomorrow.

Today at dawn, the leading Moslem League newspaper, declared that if Wavell were truly in earnest, he would satisfy League President M. A. Jinnah with specific assurances on points in dispute.

Prepare for Denationalizing If Party Wins

By JAMES McCOOK
Canadian Press Staff Writer

LONDON, Aug. 25 (CP Cable) — "Denationalization" Committees which would have plans ready for undoing part of the Labor Government's nationalization program if the Conservative Party wins the next election are being advocated by some prominent Conservative industrialists, the Canadian Press learned today.

This does not indicate that the Conservatives necessarily expect or would be able to turn back the nationalized coal mines to private owners if they were to replace Labor in office in four years. This was made clear in a recent speech by Lord Balfour of Inchyrye, a leading Conservative spokesman for British industry.

A substantial group of Conservatives is understood to hold the view that even if that party had been elected in 1945 it would have been necessary to intervene in the coal industry and bring it to increased efficiency.

But the Conservatives are united in opposition to interference with the iron and steel industry until the industrialists themselves have been afforded opportunity to modernize their plants and show their potentialities in competing with other world producers.

Burmese Demonstrate For Independence

RANGOON, Aug. 25 (Reuters) — Processions of Burmese carrying Red Communist flags delayed traffic for hours Saturday in demonstrations organized by the Anti-Fascist League against what it termed the Government's "repressive measures." The demonstrators should "we want complete independence" and other Nationalist slogans.

WORRY ABOUT POSSIBLE CROP SURPLUSES

WASHINGTON, Aug. 25 (AP) — Famine is expected to continue to stalk the world during the coming year, but food producers and controllers in the United States are beginning to worry about possible surpluses.

The Department of Agriculture is looking for ways to keep farmers within Federal production controls, lest Congressionally ordered "support" prices for farm products prove a bounty leading to production that might become an excessive burden on American taxpayers.

---

12 Fires Started by Lightning; 65 Men Fight Blaze Near St. Leon

Lightning storms started 12 fires in the district early Sunday morning and crews were being sent out by the B. C. Forest Service. A total of 51 fires were burning in the District Sunday night, 13 of them in the Creston area.

Electrical storms swept through the Kootenay Boundary Sunday and they were accompanied by only scattered showers. Salmo, however, had a heavy local downpour.

Causing considerable trouble was a fire near St. Leon in the Nakusp district where 65 men were sent.

By districts the fires were as follows:

Arrowhead, 4; Edgewood, 5; Nakusp, 3; Nelson, 3; Fernie 1; Cranbrook 7, Canal Flats, 1; New Denver, 2; Invermere, 2; Creston, 13; Kaslo, 8.

CANADIANS JOINT FIGHT

SEATTLE, Aug. 25 (AP) — Fire fighters from both sides of the Canadian-United States border fought a roaring, 800-acre forest blaze today in the Silesia Creek area of the Mt. Baker National Forest, a region which has been plague by 50 lightning-set blazes during the past week.

Silescia Creek flows from the U. S. Forest across the line to join the Fraser River in Canada.

H. A. Ritter, fire dispatcher at the Forester's office in Bellingham, Wash., said some 20 small fires still were burning and that a 200-acre blaze on Goodel Creek had been checked by a crew of 200 men, including 75 sailors from the U.S.S. Mobile.

Two fires in the Snoqualmie forest East of here were under control. One had blackened 200 acres of logged-off land. Cloudy skies and increased humidity aided the fire crews.

A blaze between Seattle and Tacoma on Maury Island, which had threatened 26 homes, still burned today but was under control.

UNDER CONTROL

CRANBROOK, B. C. Aug. 25—Of the rash of small fires which broke out in the forest of the Cranbrook district after Tuesday's thunderstorm only a half dozen were burning Saturday and all were controlled. The fire spotting plane which is operating from Salmo for the Forest Branch this Summer under contract visited the district and helped locate the spot fires to which immediate attention stopped further spread. Humidity also improved with scattered showers.

About 80 men were engaged on the half dozen fires. The big outbreak on the mountain above Kimberley which threatened that city's watershed was controlled and about 30 men were left to patrol it in case of wind.

Most serious at the weekend was on the West fork of the Upper St. Mary's where merchantable timber owned by eGorge McInnes as threatened. A crew of 25 men was working on this. A five-man crew was on a second outbreak in the St. Mary's River district on Dewar Creek.

On the Upper Moyie near McNeil Creek a crew of 11 had controlled a large outbreak, while a few men had also controlled a small fire on the North face of the same mountain high above the abandoned Lumberton townsite.

The final fire being fought was in the mountain area near Yahk where merchantable timber was threatened by an outbreak at a high altitude. No report on progress had been received Saturday.

FLOOD TIDE FORCES END TO CHANNEL SWIM ATTEMPT HALF MILE FROM DOVER

DOVER, Kent, England, Aug. 25—N(AP)—Chilean Jorge Berroeta tonight abandoned his attempt to swim the English Channel from France to England a half mile short of Dover's Shakespeare Beach.

Berroeta had been in the water 15 hours and 46 minutes when a strong flood tide forced him to give up the attempt.

TO TRY AGAIN

"I'm going to try it again as soon as I can," Berroeta panted to a reporter who had appealed to him in Spanish from an accompanying launch to give up. He was within half a mile of what would have been the 26th successful crossing of the Channel.

The attempt began at 5.04 a.m. GMT from Cap Gris Nez on the French Coast in what was at first planned to be only a practice swim. When Berroeta saw he was going well he decided to attempt the crossing.

His trainer, E. E. Temme, the only man to swim the Channel in both directions, told him to continue but finally had to plead with him to abandon his effort after Berroeta had made no progress during the last hour off Dover.

After resisting the order to quit for five minutes, Berroeta agreed that the current was too tough and was hoisted aboard the launch, the Early Morn at 8.50 p.m. GMT. He kept asking why he had not been allowed to continue.

Suspect Halts as Coast Police Shoot; Find $500 in Goods

NEW WESTMINSTER, Aug. 25— A burglary suspect who broke from police in New Westminster as they took him from his home, halted when three warning shots were fired at him. Police report the recovery of goods worth over $500 from the suspect's home. The goods were stolen in burglaries last Spring.

SEEK MISSING MAN

CROOKSTON, Minn., Aug. 25 (CP) — Police of this District were today attempting to locate J. O. Kelley of Winhipeg, Manager of the Howard Smith Paper Company, who has been missing from Crookston since Aug. 24.

He had come here with George Booker and Mr. Jergenson, both of Winnipeg.

The three had gone to a nearby alfalfa dehydrating plant but Mr. Kelley had remained outside while the other two went into the building. when they returned Kelley had disappeared.

CALL FOR LABOR SHOW

SEATTLE, Aug. 25 (AP) — A mass turnout by labor on Seattle's streets Labor Day has been called for by the United Labor Day Parade Committee.

Flash of Kilts Colors Castlegar Scene as District Veterans Picnic

Gay kilties and hundreds of Canadian Legion members with their families and friends gathered at the Castlegar grounds Sunday for a round of fun at the annual Legion Zone picnic. Members from Nelson, Trail, Castlegar and Nakusp swelled the number of merrymakers to over 300.

In spite of threatening weather, the Trail Kiltie band played and scores of youngsters ran races ate free ice-cream to make it one of the biggest picnics of the District organization.

Under the direction of A E Cooper, Nelson, Chairman of Sports, the day was officially under way when Stan Horswill, Vice-President of the Castlegar Branch, welcomed the visitors

COLORFUL DANCES

The first and biggest event on the program was the performance of the Trail Kiltie Band. Highland lassies added flashing color with their intricate dancing. The girls, Maizie Campbell, Sheila Downey, Jessie Gallmore, Heather Shaw, Margaret and Mary Cookshank and Isabelle Glover, all of Trail, were directed by Mrs. Katie Shaw. Members of the Trail band present were W. McLeary, Robert Byers, John McCab, Charles Anderson, James Forbes and William Gallamore.

Everybody from the tiniest tots to the oldest veterans, took part in the sports. Straight running and novelty races livened interests while Judges Alex Allan, Trail; T. H. Frantzen, Nelson and Marwood Yeatman of Castlegar handed out prizes. G Wallach, Nelson, was official starter.

After Bill Houston of Castlegar, who was named responsible for the zone picnics of the past two years, spoke, the picnic was wound up by a parade of all the holidaymakers led by the skirling kilties.

Boys:

Eight and under — Richard Martini, first; Billie Balmore, second; Bill Potnikoff, third

Ten and under — Niel Merrick, first; Walter Chevedave, second, Kenneth Grinerud, third

Twelve and under — Patrick Moone, first; Neil Merrick, second; Walter Chevedave, third

Thirteen and under — Pete Plotnikoff, first; Pat Moon, second; Lawrence Markin, third

Sixteen and under — Pete Plotnikoff, first; Pat Moon, second; Neal Merrick, third.

Sack race, 16 and under — Pat Moon, first; Harvey Show, second; Richard Martini, third.

Cracker race, 16 and under — Pat Moon, first; Louis Halaboff, second.

Young veterans — Rushton, first; Jack Saloway, second.

Veterans over 40 — J. E. Thatcher first; J. A. Thatcher, second.

Tiny boys race — William Gilimore, first; Bob Plotnikow, second.

Girls:

Eight and under — Katherine Tabadoff, first; Joan Fulthorpe, second.

Ten and under — Anne Gallmore, first; Hazel Moffett, second; Olga Kobadoff, third.

Twelve and under — Heather Forbes, first; Jessie Gallamore, second; Isabel Glover, third.

Fourteen and under — Heather Forbes, first; Jessie Gallamore, second; Isabelle Glover, third.

Sixteen and under — Heather Forbes, first; Jessie Gallamore, second; Isabelle Glover, third.

Sack race, 16 and under — Margaret Thalman, first; Lorraine Martini, second; Jessie Gallamore, third.

Egg and spoon — Isabelle Glover, first; Bernedette Atchison, second; Heather Forbes, third.

Cracker race, 16 and under—Pat Moon, first; Louise Halaboff, second; Jessie Gallamore and Gay Wallnar, third.

Young ladies — Mollie Barrie, first; Phyllis Thompson, second.

Ladies, 40 and over — Mrs. E. A. McDonald, first; Mrs. Moon, second.

Tiny girls — Margaret Tombing, line Girard, third

Mixed:

first; Lennie Moray, second; Made-Needle and thread race — Lawrence Girard and Isabelle Glover, first; Pat Moon and Heather Forbes, second.

Shoe race — Pat Moon, first; Heather Forbes, second; Jessie Gallamore, third.

Egg and spoon — Mrs. Ellen Woodall and A. McCawley.

Wheelbarrow — Mr. and Mrs. Santano, first; Mr. and Mrs. C. R. Barry, second; Mr. and Mrs. Killough, third.

Horseshoe contest — J. T. Webster, and Jim Thorndale, first; Edgar Webster and W. Sommers, second.

TOAST-TEA

BY J. V. McARTHUR

John Stahl, in defence of his own weekly salary of $4,000, said "Hollywood's large salaries are unnecessary except for one thing That is respect If you don't earn a king's ransom in the movie business, nobody respects you. And if they don't respect you, you can't get work So you've got to demand a tremendously stiff fee for your services or you don't make movies. Then you give back most of the money to the government and you worry about your financial affairs and you'd be better off if you earned only a fraction of your weekly cheque. So would the industry." His idea is that an artist benefits little from any salary in excess of $500 a week.

Trail Bon Tons Take Aces in Errorless Ball

TRAIL, B.C., Aug. 25 — In the first playoff game here of the Trail Softball League, the Bon Tons played errorless ball to take the fighting Lucas Aces with a typical playoff score of 2-1.

Bon Tons capitalized on a hit by Nick Turik in the seventh, a walk and a couple of low pitches by Bill Mann that got away from catcher Jimmie Burrows. They scored twice, thereby taking the lead away from Lucas' who had scored on McGidney's homer over the short right field fence in the fourth canto.

Lineups:

Bon Tons — C. Baldassi, F. Pagnan, M. Wolfe, L. Tognotti, N. Turik, C. Ermacora, L. DePaolis, DeBiasio, C. Buna.

Lucas Aces — J. Burrows, E. Crowder, Buzz McGidney, W. Mann, Ben Jacklin, D. Brown, J. Wolfe, N. Roscoe and Hitwell.

Umpire — Don McIntyre; base umpire, Wish Milburn.

Gov't Objects to Senate Changes For Tax Bill

By R. K. CARNEGIE
Canadian Press Staff Writer

OTTAWA, Aug. 25 (CP) — The Senate Banking Committee will give further consideration to the Government bill amending the income Tax Act when it reconvenes on Tuesday after already amending it in two important particulars. Reports here over the weekend were that the Government was objecting to these amendments.

One amendment would make tax-free the yearly grant of $2000 which Senators receive to cover expenses in connection with their Senatorial duties.

Reports are that the Government is definitely opposed to allowing the $2000 expense payment to Senators to be free of income tax and as a result the Committee will reconsider the matter Tuesday in the knowledge of that opposition.

This will raise the question of how much jurisdiction the Senate has to change money bills, particularly bills that bring into effect provisions of the budget. The Government may question it although legal experts in the Senate state it has the power to make any changes it so desires.

3 Killed in Brawls in Italy

ROME, Aug 25 (AP) — At least three persons, including a British Tommy and a United States soldier, were reported killed and several wounded last night in brawls over women at Livorno (Leghorn) and at Mestre near Venice.

A dispatch to Rome's Il Messaggero said the denuding of an Italian girl by Italians who objected to her Allied escort caused a riot at Mestre which was quelled only after British armored cars intervened

The driver of one of the cars was killed when it crashed into a church and a woman was run over by the vehicle and killed, the dispatch said.

Allied headquarters reported an American negro soldier was killed and three other soldiers and four Italian civilians injured in a gun battle at Livorno which started with an argument over a girl

The Italian News Agency Ansa said four negro soldiers were killed in the fighting

19 Air Cadets Glider Graduates

VICTORIA, Aug. 25 (CP)—Nineteen Air Cadets graduated as Class "B" glider instructors and 12 received certificates as Class "A" pilots at Patricia Bay Saturday

They were successful candidates in a class of 38 cadets which began a glider training program early this month under sponsorship of the B.C. branch of the Air Cadet League of Canada.

TORONTO ATHLETES 4TH AT CLEVELAND

CLEVELAND, Aug. 25 (AP) — Youthful track stars from Cincinnati outran, out-jumped and out-threw contestants from 11 other cities in the United States and Canada Saturday to capture the First National Junior Olympics championship and the outstanding athlete award Toronto finished in fourth place.

Survey Vancouver As Possible British Hollywood

LONDON, Aug 25 (CP Cable) — The Sunday Dispatch said today that the British National Film Company of Elstree was negotiating with Hollywood interests to "found a British Hollywood at Vancouver."

The newspaper added: "The plan is to buy the large Boeing Aircraft factory at aVncouver from the Canadian War Assets Corporation and equip it as a first class modern studio"

The dispatch said under the scheme the British ocmpany would guarantee half the cost, adding that David Siegel, Canadian-born Hollywood film importer, already was making a survey of Vancouver.

Anglers Still Resort to Primitive Methods

By FED KERNER

TORONTO, Aug. 24 (CP) — History records the fact that the first fish was caught with bare hands — not with line and hook as modern regulations require. Since that early day when men discovered fish were palatable, the means of trapping these elusive creatures have been many and varied.

But in this day and age of equipment unequalled in perfection, anglers still resort to primitive methods to make their catch despite the fact these are frowned upon—not to the point of incarceration—by officials of the Games and Fisheries Department.

The fruitful fisherman — and his "no-luck" partner — have always had an abundant stock of tall stories and this year has proved no exception. At Gananoque, Ont. some days ago, a Maskinonge was caught in a slipknot loop by a couple of men who were preparing to go for a sail in their dinghy.

WOMEN HAVE UNUSUAL APPROACH

A few days previously, two Toronto women — probably the type who are afraid of live bait and can't cast a fly — developed an even more unusual approach.

An innocent 25-pound muskie was peacefully sleeping in some comfortable weeds near Midland, Ont., when these two women chanced to spy him Next thing the fish knew he was being attacked with —of all things — ice tongs. Then the women beat him into submission with a small anchor — who wouldn't submit?

SCOOPS THEM WITH SHOVEL

That went one batter than the fisherman who last year clouted a Muskie over the head with a shovel After the spade-work was done, the catch was a cinch The pseudo-fisherman shoveled his quarry out of the water.

You probably prefer the more orthodox methods of fishing and get a hearty nod of approval from the man with the silver badge who quotes from the rule book a simple "Thou-Shalt-Not": "No one shall fish by any means other than angling or trolling."

Then again you may try some of the more "disapproved" methods—like getting a hand grenade from War Assets Corporation, throwing it in the water after releasing the pin and then scooping out the stunned fish

Tow Helpless Jap Vessel to Shore

TOKYO, Aug 25 (AP) — The United States cruiser Chicago radioed Saturday it was en route to the Yokosuka naval base towing a 150-ton Japanese fishing vessel which had drifted helpless for 12 days in typhoon-tossed seas. The Japanese crew had been without food for eight days, the warship reported.

HAY FEVER Relief

—has been won—quickly, safely—by thousands who once suffered from sore, streaming, irritated eyes, itchy ears, and who sneezed and wheezed, coughed, choked, sputtered every year. Now they sleep, work, feel normal—thanks to Templeton's RAZ-MAH. You needn't suffer Hay Fever misery. Take RAZ-MAH and get the relief you long for. 30c, $1 at druggists. R-19

AMBLE IN WINS LONGACRES MILE.

SEATTLE, Aug. 25 (AP)—Amble In, an outsider in the betting but as "right" as a Summer breeze, won the $20,000 Longacres mile today in the record time of 1:35, leading the field to the wire by six lengths and gaining with every stride.

Given a brilliant ride by Jockey Noel Richardson, the three-year-old Amble In began to roll after the horses hit the stretch with Mafosta, the Irish-bred favorite, setting the pace. The time was two-fifths of a second better than the track mark hung up in 1944 by Okana.

The victory was worth $18,150 to owner Irving Levine.

Overlooked in the wagering, Amble In paid $30, $14.10 and $8.40 in the mutuels, Cume Laude, finishing second, paid $22.80 and $10.20 and Super Valley, third, returned $6.20.

Lowly Legion Tramples Cubs In Semi Opener

CASTLEGAR, B. C., Aug. 25 — The tables were turned on the bookies today as Trail Legion fastballers came out of the depths of the Trail Men's Fastball League basement to give the highly favoured Cubs a sound 9-2 trouncing. The win gave Legion a one game lead in the semi-finals.

Johny Fulthorpe, pitching high class ball, shutout the Cubs for seven inings meanwhile the Trailites built up a safe lead in the early stages of the game two runs in the first by Duke Scodellaro and Tommy Dunn and two more in the next by McAulay and Garth Barnes were enough to win any ball game.

SHOWY CATCH

They added another when Scodelalro crossed the plate once more in the fourth. Bill Waddell walloped a chink hit that would have gone for a double if it were not for a spectacular running catch by Andy Klimovich.

I nthe bottom half Gerry Wanless hit a highfly to left field which landed amongst three fielders however Waddell wasted no time in retrieving the ball to Barnes who caught Wanless in trying to stretch it for a double.

The Legionaires had an excellent opportunity for a run when Waddell opened the seventh with a triple. The next batters were retired on infield hits.

Castlegar finally got two runs in the eighth off two hits with Johnny Klimovich and Fred Zibin scoring.

This threat was soon wiped out when the Legion team went on a scoring splurge when Tommy Dunn Al McAulay, Waddell and Jackie McLeod scored.

Fullhope gave up five hits, struck out seven and walked one.

Cliff Wanless was walloped for 14 hits. He struck out four and issued a pass. Bill Waddell smashed out four hits in his five trips to the plate.

Lineups were:

Legion: Scodellaro cf, Dunn, rf, MacAulay 3b, Waddell, lf, McLeod, ss, Doig, 1b, Fullhorpe, p, Marshall, c, Barnes, 2b.

Castlegar: Klimovich, 2b Zibin ss, G. Wanless, c, C. Wanless, p, Turick, cf, A. Klimobich, lf, Fomeno, rf, Obetko, 3b, Kambick, 1b.

Umpires: Al Hall, plate; George Woods, bases; Scorekeeper, George Landis.

Shriners Warned Against Subversive Element

WINNIPEG, Aug. 25 (CP) — Imperial Potentate George H. Rowe of Buffalo, N.Y. today urged the 500,000 Shriners in North America to combat "those subversive elements in our midst who would sacrifice democracy to some vague and experimental scheme which its own advocates have never quite defined."

He was speaking at a banquet tendered him by Winnipeg Shriners as a three-day international cavalcade of members of the ancient Arabic Order of Nobles of the Mystic Shrine drew to a close

Earlier, 50,000 watched about 3000 Shriners from Minnesota, South and North Dakota and Iowa parade through downtown streets to the site of a new Shriners' Hospital for children where the first sod was turned.

TO RESUME WHEAT FUTURES TRADING

CHICAGO, Aug. 25 (AP) — At long last the war will be over for grain dealers Monday when trading in wheat futures is resumed on the Chicago Board of Trade

That will bring free and unrestricted transactions in the three major American grains — wheat, corn and oats — back to the world's largest grain exchange The Board also is trading in barley contracts

Byrnes-Bevin Meet

PARIS, Aug 25 (AP)—American Secretary of States Byrnes conferred for more than an hour Saturday with Foreign Secretary Bevin at United States delegation headquarters, but spokesmen declined to make public any details of the meeting.

This was the second meeting between the two ministers since Mr Bevin arrived in Paris from London last week

Soon after the talk, Mr. Bevin flew to London to confer with Prime Minister Attlee He did not expect to return to Paris until the middle of next week

SWEDES WIN 6 TITLES

OSLO, Aug 25 (AP) — Sweden's team of crack athletes almost monopolized the final day of the European Track and Field meet at Bislet Stadium today by winning six championships to bring their total to 11 in four days No world's records fell during the entire meet

IDENTIFY UNKNOWN SOLDIER

WASHINGTON, Aug 25 (AP) — The long buried body of an unknown soldier has been positively identified in the Philippines as that of Capt Colin P Kelly, jr., outstanding American air hero of the opening days of World War II

MANY CONGRESS VETS TOPPLE IN U.S. PRIMARIES

Dewey If Wins Likely Nomination to Be Presidency Contender

SOLDIERS POPULAR

By CLYDE BLACKBURN
Canadian Press Staff Writer

WASHINGTON, Aug. 25 (CP) — Primaries and nominating conventions in 44 states already have toppled 25 aspirants for re-election, many of them veterans of 20 years or more in Congress.

With 25 forced out of the picture and 32 veterans retiring by their own choice it now is certain that the 80th Congress will be composed of at least 10 per cent newcomers.

Veterans of the Second Great War have made a good showing with 54 already nominated.

ISOLATIONIST OUT

Among the Congressional old-timers who lost nominations are Burton K. Wheeler (Dem.-Mont.), Henry Shipstead (Rep.-Minn.), and Robert Lafollette (Prog.-Wis.), all with more than 20 years in Congress.

Interests attaches to the New York nominations which will be completed next month The state has already nominated for 45 House seats but has to select candidates for the governorship, Senate and a number of state offices.

Governor Thomas E. Dewey is expected to win the Republican nomination for re-election and if he wins he will be contender for the Presidential nomination in 1948.

He was the unsuccessful candidate in 1944 when he ran against the late President Roosevelt but many of his friends think he is stronger now than then.

Flames Sweep Maury Island

SEATTLE, Aug 25 (AP)—Flames swept along by a breeze burned on a mile-wide front early Saturday on Maury Island in Puget Sound and desperately battling volunteers— including Boy Scouts, saved many buildings.

Passengers reaching Seattle by air during the night said it appeared that "the whole island was on fire."

Eleven cabins at Racoma Beach were saved when the fighters bulldozed a bare lane between the advancing flames and the buildings.

The fire swept so close to some residents there were reports the homes had burned, but Deputy Sheriff Robert van Kirk reported three had been saved after being surrounded by fire He said no houses had been destroyed

As this blaze coursed through brush, timber and grassland on the island between Tacoma and Seattle, other fires burned in forest growth in the mountains.

Four blazes raged in Mt Baker National Forest and Forest Service officials sought to recruit 150 men in Seattle to aid the hundreds on the fireline. One blaze, on Silesia Creek, was said to cover 400 acres

A 300-acre blaze was reported nearly under control West of Bumping Lake in the Naches area of Snoqualmie National Forest There were dozens of smaller fires scattered in the State's timberlands.

DEATHS

Aero Club Plane Reaches Salmo

Forced to turn back three times, the Tiger Moth plane purchased by the District Aero Club finally completed its flight from Vancouver to Salmo on Sunday The plane arrived at noon piloted by Dennis Pierce

Capt Loughheed, at present stationed at Salmo, flew Mr Pierce back to Penticton, where he caught the train to Vancouver

LAKE STRIKE MAY CAUSE IRON SHORTAGE

CLEVELAND, Aug 25 (AP) — Maximum operation of the Great Lakes fleet, hampered by a CIO-National Maritime Union strike, will be necessary for the remainder of the shipping season to assure adequate stocks of ore to supply the steel industry until next Spring, the magazine Steel said today

"A serious interruption of ore shipments due to the Maritime Union's strike could result in an iron ore shortage," said the magazine

UPSET U. S. CUP PLANS

BROOKLINE, Mass Aug 25 (AP) — A pair of tennis war veterans, Don McNeil and Frank Guernsey, from Orange and East Orange, N.J. threw a monkey wrench into the United States Davis Cup team's well-advanced plans by routing highly regarded Jack Kramer of Los Angeles and Ted Schroeder of Glendale Calif 7-5, 6-3, 6-2 in a Men's National Doubles semi-final today at Longwood

SHATTERS 24 OF 25

VANDALIA, O Aug 25 (CP) — Frank Bennett, an airlines pilot who qualified from the wrong position, won the highest prize in trap-shooting — the Grand American Handicap championship—by breaking 24 of 25 targets in a three-way shoot-off Saturday John J McHale of London, Ont., placed second

RECORD TIRE OUTPUT

NEW YORK, Aug 25 (AP) — A record passenger car tire production of 30,737,117 units in the first six months of 1946 was reported today by the Rubber Manufacturers Association

Mind Subject of Lesson Sermon

Mind was the subject of the Lesson Sermon in all Churches of Christ, Scientist, on Sunday.

The Lesson Sermon included the following passage from the Bible: "Whence then cometh wisdom? and where is the place of understanding? God understandeth the way thereof, and he knoweth the place thereof." Job 28: 20, 23.

Among the selections from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy was the following: "All substance, intelligence, wisdom, being, immortality, cause, and effect belong to God No wisdom is wise but His wisdom; no truth is true, no love is lovely, no life is Life but the Divine; no good is, but the good God bestows."

TURKS TELL RUSS U.N. ABLE KEEP STRAITS SECURE

Ready for Revision Of Control, Hopes U. S. Will Take Hand

SUPPORTS CHARTER

By EDWIN B. GREENWALD

ANKARA, Aug. 25 (AP) — Turkey, rejecting Soviet proposals to establish joint Russian-Turkish defence of the Dardanelles and to limit control of the waterway, told its powerful neighbor that the United Nations would be sufficient guarantee of the Straits' security.

It expressed hope the United States would attend any revision of the Montreux Convention of 1936 governing the Dardanelles, and said Russia should seek Black Sea security by strengthening friendly relations with Turkey rather than seeking "a privileged strategical position" on the Straits.

Russia, besides asking joint defence, had proposed narrowing control of the Dardanelles to only the Black Sea powers. The Turkish note rejected Soviet charges that Turkey had permitted wartime passage through the Straits of vessels of Axis powers, but admitted some may have slipped through.

WON'T UNDERMINE U.N.

The reply to the Soviet note of Aug. 7 was made public here Friday night and followed a line similar to those of the United States, British and French notes rejecting the Soviet proposals. It expressed a willingness for an international conference for revision of the Montreux Convention governing control of the Straits.

Turkey said that to suggest changing the present form of defence of the Straits now would be "to deny the existence and aims of the United Nations Charter" and show the United Nations a distrust which "the Turkish Government does not understand."

It said if Russia feared aggression from the Straits, "it can refer to the efficacy of the United Nations, to which Turkey remains firmly attached."

Fire Damages Michel Plant

NATAL, B.C., Aug. 25 — Fire damaged the coke-bin and crusher at the By Product Plant at Michel early Saturday morning. Speedy help from the company employees who offered their services helped check the fire and save the plant from further damage. The cause of the fire is at present unknown while the extent of the damage is expected to reach a few thousand dollars at least. The total damage will be known shortly. Included in the loss were also a few rubber belts.

All coke produced at the By Product Plant at the Michel Colliery was loaded through this coke-bin into coke-cars. Work on building a new coke-loading building is expected to commence immediately

The last serious fire at the Michel Plant was in the Fall of 1937 when the entire wooden tipple burned down. The plant is still continuing to work three shifts.

The Weather

Synopsis:

Skies have been clear over the Northern Coast, throughout most of the Interior of B.C., but low cloud and fog banks are still general along the West Coast Variable cloudiness is expected to develop overnight in the Southern Coastal area, but clear conditions are expected by noon Monday over most of the Province.

Vancouver and vicinity:

Becoming overcast about daybreak but clearing again by noon. Light winds Little change in temperature Maximum expected at Vancouver airport 70, at Abbotsford airport 72

Okanagan:

Variable cloudiness in morning becoming cloudy in afternoon and evening Widely scattered rain showers afternoon and early evening Light winds except variable 20 miles per hour vicinity thunderstorms. Little change in temperature. Maximum expected at Penticton airport 81.

Kootenay:

Variable cloudiness in morning becoming cloudy in afternoon and evening. Widely scattered thunderstorms during afternoon and evening. Light winds except variable 20 miles per hour vicinity thunderstorms. Little change in temperature. Maximum expected at Cranbrook 80-80, at Cresedmt Valley 80-83.

Rossland Man Dies After Lengthy Illness

ROSSLAND, B.C., Aug. 25 — Joseph Emory Dupperon, 52, a resident of Rossland for 19 years, died Saturday morning at the Mater Misercordiae Hospital. He was employed by the C.M. & S. Co. until he took ill in April.

Mr. Dupperon was born at Cornwall, Ont., on December 20, 1894 and lived with his parents in Saskatchewan. He was married to Miss Minnie Pollock at Central Butte, Sask. He came to Rossland in the Fall of 1927.

He was predeceased by his wife nine and a half years ago and is survived by two daughters and one son, Mrs. Dante Leschuitta of Trail, Mrs. John Kennedy and William (Buddy) Dupperon of Rossland; two grandchildren; his father, Paul Dupperon of Rossland; and six brothers and one sister in Saskatchewan.

Black Market Speculators Sell B.C. Lumber

VANCOUVER, Aug. 25 (CP) — British Columbia lumber—millions of feet of it needed for vital building construction—is being handled by black market speculators, it was reported here Friday.

Prices Board officials have started investigations, four now are underway, and in Ottawa Board Chairman Donald Gordon appealed for public help to "put us on the track" of black marketeers to halt the bootlegging in lumber.

Spokesman for retail yards here said that they were being squeezed between the black market operators and failure of Government officials to answer appeals for aid. The dealers seek higher price ceilings.

In the interior, operators reported heavy shipments to the Prairies were making it difficult for them to operate. Prices are higher on the Prairies.

D. Stein, assistant manager, Abbotsford Lumber Company, said truckers from Vancouver were buying lumber from small mills and taking it to the coast where they could get black market prices.

"The mills obtain retail prices of $35 a 1000-feet from truckers who are reported selling loads for from $50 to $60 a 1000-feet."

Maurice Dix, secretary-treasurer, Retail Lumber Survey, a Vancouver organization representing dealers, has appealed to the Prices Board to allow the same retail price here as prevails in Winnipeg.

"This, without freight costs, would add $15 a 1000 feet to the local price," he said.

DENIED BY BOARD

Prices Board officials in Vancouver denied the existence of a black market in lumber. They also denied that their department has started an investigation into the alleged bootlegging of lumber.

Board Representative John Gibb in Vancouver said he has no information on the subject. He discounted the report of the Prices Board as probably invention.

SETS STRIKEOUT MARK

ROCKY MOUNT, N.C., Aug. 25 (AP) — Bill Kennedy, angular southpaw, set a strikeout record for organized baseball here Saturday night by fanning 12 batters of Kinston's Class D Coastal Plains League Club and thereby bringing his season's total to 429.

Royals Hurdle Rossland Girls To Gain Ball Finals; Win and Lose

ROSSLAND, B.C., Aug. 25 — Batting their way to a 17-15 victory over Rossland in the third and last game of the semis, Nelson Royals Sunday stepped into the finals of the Kootenay Ladies' Fastball League. They next will face Trail Rep in a best-of-seven series for the District title.

Fans witnessed a doubleheader at Rossland when the Rep team squared the score with a 10-5 win in the first game. They got seven of their scores in the first inning, but were held scoreless for six. Three more points in the third and fifth.

Nelsonites, facing Freda Clare, got their scores in smaller numbers, bringing home one in the first inning, two in the fourth; one in the fifth and one in the sixth. Point-getters for the Royals were Chursinow, Wallace, Stangherlin, Procter and Crosby, all chalking up one apiece.

EVERY PLAYER SCORES

In the second game every member of both teams crossed the home plate at least once. Royals chalked up seven in the first inning to take and hold the lead for the entire game while Rossland gained most of their runs in the fifth when seven players scored.

McMullin took over the mound from Wyberg in the last half of the game, narrowing the opponents scoring down to one in the eighth and one in the ninth. Nelson took one in the second; one in the third; three in the fifth and three in the eighth. Only first half of the ninth inning was played.

For Nelson, Procter got three; Chursinow two; McMullin one; Barrett two; Wallace one; Stangherlin two; Kukin one; DeLucrezio two; Wyberg one; Wassick one; Crosby one.

F. Clare brought in two; Christensen two; Ruth Clare one; Densky one; LaFace three; Kootnikoff one; Ling one; Haw two; Buick two for the Reps.

Lineups for both games were:

Nelson — Procter, Chursinow, McMullin, Barrett, Wallace, Stangherlin, Kubin, DeLucrezio, Wyberg, Wassick and Crosby.

Rossland — F. Clare, Christensen, R. Clare, Densky, LaFace, Kootnikoff, Ling, Haw and Buick.

Cards, Dodgers Halve Twin Bill; Red Sox Take Indians 2-1, 13-6

By STEVE ROBERTSON
Canadian Press Staff Writer

Brooklyn Dodgers and St. Louis Cardinals remained in a first place tie in the National League pennant race today by splitting a double-header before a near capacity crowd of 33,634 paid at Sportsman's Park Sunday. The Cards cut short two late Brooklyn rallies to take the darkness-shortened nightcap 14-8 in eight innings after Brooklyn won the opener 3-2.

Musial, leading National League batsman in almost every offensive department except home runs, got four blows, including a double. He also contributed a homer, his 12th of the year, in the opener.

Boston continued its mastery over Pittsburgh Pirates, taking both ends of a twin bill by scores of 7-5 and 10-5.

Boston has now won 12 out of 15 games with the Buccos this year.

Philadelphia and Cincinnati split a twin bill, the Reds winning the opened 7-0, as Joe Beggs turned in a four-hitter for his eighth win and the Phils taking the nightcap, 4-1, with a four-run outburst in the eighth.

BOROWY WINS

Hank Borowy pitched and batted the Cubs to a 3-2 victory over New York Giants, allowing seven hits and topping off the performance with a ninth inning triple which produced the winning run.

The game was Borowy's 22nd start, but his eighth victory and sixth complete game.

Continuing their relentless drive toward the American League pennant, Boston Red Sox took both ends of a doubleheader from Cleveland Indians, 2-1 and 13-6, for their 12th double-barrelled victory in 24 twin bills this season.

Bobby Doerr clouted two home runs into the left field screen to provide Delta Dave Ferriss his 23rd victory of the year in the opener.

Hal Newhouser and Hank Greenberg spoiled New York Yankees' celebration of the first "two-million day" in baseball history as they collaborated to give Detroit Tigers a 7-2 victory at Yankee Stadium.

Newhouser, besides smashing a home run and a two-run single, hurled a five-hitter and struck out 10 in achieving his 22nd mound triumph while Greenberg socked his 27th four-bagger, a double, and a single before a crowd of 42,908, which sent the Yankees' home attendance to an unprecedented 2,027,087. The former major league record was 1,485,166 held by the 1029 Chicago Cubs.

After winning the opening game of a double header 4-2, Chicago White Sox bowed to Philadelphia Athletics 6-5, in the nightcap.

Ed Lopat scattered nine Athletic hits in the initial meeting to gain his 10th win of the season against 10 losses.

The second game was decided in the last half of the seventh when Pete Suder doubled to right with two out adn Elmer Valo on first base to break a 5-5 tie and send the winning tally over the plate.

Little Ben Adds P.G.A. Cash To Bankroll; Takes Oliver 6 and 4

By RUSS NEWLAND

PORTLAND, Ore., Aug. 25 (AP) —Ben Hogan, Hershey, Pa., won the 1946 National Professional Golfer Association championship today with a 6 and 4 win over Ed (Porky) Oliver, Wilmington, Del., in the 36-hole finals.

Lightweight Hogan, leading money winner of the year but never a serious challenger for this title before, proved that a good little man can beat a good big man in golf. Oliver, 207 pounds, never had a chance after the 19th hole.

Oliver's opponent fired a five under-par 30 at him in the third nine, in winning four holes in a row to wipe out a morning round lead.

PUTTING ON

The winner shot the 14 holes played in the afternoon in eight under par. His putts, which failed to drop in the morning, ran into the cup as if magnetized.

Oliver, whose two under job in the Portland Country Club course in the first round had given him a three up lead, on contrast, played badly in the afternoon.

He continually pushed his drives or second shots to the right and missed putts that most average players could make. Hogan's wobbly morning round had left him with a one-over par 73.

Hogan, with $3500 first money slipping away, turned on the steam as they teed off for the final round.

When they teed off for the championship, Hogan was a 3 to 1 favorite. At the 18th, two down, he looked like a bad even money bet. The roly-poly man from Delaware seemed headed for another big upset, just as when he eliminated defending champion Byron Nelson, one up, in the quarter-finals.

Hogan merely gritted his teeth and began the tough uphill climb. This was the first time he had got past the quarter-finals in the P.G.A. event.

As the runner-up Oliver picked up $1500.

Top Lacrosse Loop

BRAMPTON, Ont., Aug. 25 (CP) — The St. Catharines Athletics clinched first place in the Senior Ontario Lacrosse League Saturday night by defeating Brampton Excelsiors 21-14 here in the closing league game of the season. St. Kitts now meet Hamilton Tigers at St. Catharines Monday night in the opener of a best-of-five quarter-final series.

CRACKS SWIM RECORD

THE HAGUE, Aug. 25 (Reuters) — Nel Van Vliet, Dutch swimmer, broke the world record for the 200-yard breast stroke for women during a gala meet here tonight with a time of two-minutes, 35.6 seconds. The previous record held by the Dutch Olympic swimmer, Jopie Waalberg, was in two minutes, 40.3 seconds.

Nel Van Vliet recently set up world's record times for the 100 and 200-metre breaststroke.

VICTORIA BOXER ADDS NATIONAL CROWN TO CHAMP

PORTLAND, Ore., Aug. 25 (CP) —Vic Murdoch of Victoria, B.C., has added the national crown to his Canadian flyweight championship.

He decisioned Jay Beaumont of Vancouver, Wash., for the 112-pound title at the National Amateur Athletic Union junior boxing championships at Portland Friday night.

Murdoch sent Beaumont to the canvas in the first for a six-count, and was in turn felled briefly in the second frame. The Canadian came back strongly in the third for an easy nod.

Stanley Almond, 22, Vancouver, B.C., won the 118-pound title from his 18-year-old brother, Frank, in a fast bout unslowed by family feeling. Stanley's longer experience and wicked right drew him the nod.

Grand Forks Ball Team Loses to Trail

TRAIL, B.C., Aug. 25 — The Grand Forks baseball team came to town Sunday and held the Trail aggregation to two hits at Butler Park while hitting six themselves but finishing on the short end of a 5-2 score.

Trail, limbering up for their big Labor Day tournament, lacked the hustle that they are capable of and, but for a couple of close calls at second base, the score could have been different. They committed six errors to Grand Forks' four and had but one earned run. Trail scored two runs in the second inning and three in the third while Grand Forks made theirs in the ninth on hits by Talarico and Cadden and two pass balls.

Lineups:

Grand Forks — R. McKernan, B. Kidd, J. Lusk, J. Mathers, C. Woolfan, J. Carolitz, D. McDonald, A. Talarico, L. Cadden.

Trail — K. Stanton, J. Bilesky, B. Dimock, W. Dimock, J. Morris, D. Robinson, J. Lauriente, A. Bilesky, C. McNeil, L. Christensen, J. Monaldi, J. Mondin, J. Marossco, M. Anselmo.

Umpire — W. Molyskey; base umpire J. Cameron.

Rossland Juniors Win First Ball Playoff After Overtime Tussle Here

Rossland Junior baseball team were forced to extend themselves to a full 11 innings to get their win in the first of a best of three West Kootenay Junior semi - baseball playdowns at Nelson Sunday. The final score when it was all over was 11 to 9.

A fairly large crowd was on hand to witness a free hitting game that had lots of excitement and several heated arguments between the Coaches and Umpires.

TIE SCORE IN 9TH

Nelson spotted the Rosslanders six runs in the first two innings, but from there on the game was exceedingly close. The locals were down 8-3 going into their last time at bat in the ninth inning but they went on a hitting spree and tied it all up to force the game to the tenth inning. In the tenth the visitors added one more run and Nelson again came back with a run to force it into the eleventh. Rossland added two more runs and held the home team scoreless.

The game was featured by no less than four two-baggers, three triples and a homer. Corado hit the homer for Rossland, while Conci, Art and Gerry Walters hit a triple each. For the Nelsonites Colman, Hallbauer, Bob Koehle and McNabb hit doubles. The visitors pulled off the only double play of the game a Willie Scott to Conci to Ham combination.

Both teams were forced to use two hurlers. For Rossland it was a brother affair with Art Walters hurling the first nine and a half innings and the kid brother Gerry finishing it up. Clark went the first one and a half innings for the locals with Postlethwaite handling things from then on. Art Walters was nicked for 10 hits, struck out 10 batters and gave four free passes to first. Gerry Walters yielded two hits, struck out four and walked two. Clark for the home team gave up six hits, walked one and hit one batter and struck out two. Postlethwaite whiffed nine batters, yielded eight hits and gave two free passes to first. Willie Scott and Corado paced the winning Rosslanders with three runs each, while Archie Scott, Conci, Art Walters, Uquhart and Davis scored one run each. For the home team McNabb, Hallbauer and Pitts led with two runs each while Bob Koehle, Postlethwaite and Colman scored one run each.

Batteries were:

Rossland — Art Walters, Gerry Walters and Corado.

Nelson — Clark, Postlethwaite and Cathcart.

Umpires — White, Nelson and Martin, Rossland.

Scorer — Van Linden.

LIKES UMPIRING

Fairview Athletic Club's Nelson junior baseballers will hold a workout at the Civic Grounds Tuesday evening, likely in the form of a pick up game with the fast-stepping Nelson Intermediates. The Juniors are slated to travel to Rossland this Sunday to meet the Rosslanders in the second of the best of three semi-final playoffs. Commenting on Sunday's loss Manager Slim Porter said he was pleased with the fine showing the boys made after the poor start in the first two innings. It was the Juniors' first game since July 28 in Trail. Porter stated that Lefty White "was the best arbiter we have had behind the plate this year."

Cops Derby Award With 31-Pounder

PORT TOWNSEND, Wash., Aug 25 (AP) — Joe Smerer's 31 pound 6 ounce salmon, which he caught Saturday, won him the $1500 automobile awarded today as first prize in the annual Port Townsend Salmon Derby. Smerer is from Port Townsend.

Forty salmon were weighed in during the two days of the finals by 337 persons. Twelve of the fish weighed more than 20 pounds each.

I.T.U. VOTES FOR DEFENCE FUND

MIAMI BEACH, Fla., Aug. 25 (AP). — The International Typographical Union voted in convention Friday to establish a defence fund which would not be allowed to contain less than $500,000.

The proposal, to be voted upon by the entire membership before it becomes effective, provides for assessment of one-half of one per cent of members' salaries.

It provides also for increased strike benefits, giving married strikers 40 per cent of their salaries and single men 25 per cent; the publication of the I.T.U. newspapers in cities where strikes occur or where I.T.U. members are threatened through mergers of existing newspapers, and an educational campaign seeking public support and sympathy in strike areas.

Consider Soccer Union Demands

LONDON, Aug. 25 (CP) — The English Professional Football (soccer) League's answer to the Players' Union demands of a maximum wage of £12 ($48) a week during the season will be announced in "due course," the League's management committee said.

The committee held a secret meeting in Manchester to consider the players' demand of a £12-a-week maximum during the season and £10 a week during off months. A minimum of £7 a week during the compaign and £5 in the Winter months is included in the demands.

Players have indicated they will strike if terms are not met. The English professional season starts next weekend.

CHAIN LETTER FAD REACHES JAPAN

TOKYO, Aug. 25 (AP) — The chain letter fad, which swept Canada and United States a few years ago, has appeared in Japan but police take a dim view of the situation and promise jail sentences or fines to the writers. The letters don't promise money but say that "good fortune will smile upon you." Writers use a postcard and ask relay to nine other persons. Police say they consider "spreading this kind of a letter a disturbance of tranquility of the people's daily life."

C.P.R. Earnings Off

MONTREAL, Aug. 25 (CP).—Canadian Pacific Railway Company reported earnings of $3,598,000 for the week ended August 21 against $5,664,000 in the corresponding period of 1945, a decrease of $66,000 or 1.2 per cent.

Moscow Claims S.S. Men Enjoying A Real Holiday

LONDON, Aug 25 (Reuters) — Moscow Radio claimed Saturday that former S.S. men interned by British authorities in Germany are enjoying "a real rest cure." "They greet one another with 'Heil Hitler' and follow other Nazi practices," said the broadcast, adding that S.S. men were better fed than the German working population.

Greek Plebiscite Won't Be Free Says Opposition

ATHENS, Greece, Aug. 25—The opposition parties are unanimous in their charges that the plebiscite Sept. 1 will not be a free and genuine vote. Political observers interpret this as a concession that the opposition expects King George the Second to be returned from his exile in London.

The extreme left, dominated by the Communists, and the centre Republicans have followed a common line in attacks on the validity of the registration lists for the Greek plebiscite. The two parties claim that the freedom of the vote is being curtailed by intimidation tactics of rightist terrorists without interference from the Royalist Government police.

In the first 22 days of August there were 162 political killings and 73 kidnapings, including the abduction of four Greek mayors and two other officials. The Government charges that rightists were responsible for 19 of the killings, and the leftists were blamed for the remainder.

Left wing bands are still said to be making raids on villages and police stations in Northern Greece and the Sally regions. The raids continued despite the fact that more than a score of formal executions have been ordered.

W. Brownlie, Long Resident Of Yahk, Dies

CRANBROOK, B.C., Aug. 25 — William Brownlie, longtime resident of Yahk, died in St. Eugene Hospital after a few days illness following a long period of failing health.

He came to Canada from his native Scotland in 1904 and lived in Eastern Canada until 1919. In that year, accompanied by his sister, he moved to Yahk where he remained until 1943. He transferred to Trail until early this year when his health began to fail and he returned to Yahk.

He is survived by his sister, Miss Nettie Brownlie of Yahk, a brother and sister in Australia, and two brothers and two sisters in Hamilton, Scotland.

CHARGES DROPPED ON NATIONAL REGISTRATION

VANCOUVER, Aug 25 (CP) — Charges against 14 men of failing to report under National Selective Service Mobilization Regulations within the time limit, and in accordance with the terms of military training order, have been withdrawn in Vancouver Police Court.

The action was a result of the order-in-council, passed on August 14, stopping the prosecution of all delinquents under the national mobilization regulations.

Mother's Care Saved Four Stricken by Polio

KANSAS CITY, Aug. 25 (AP) — Infantile paralysis struck swiftly in the N. A. Fromholtz family, but Saturday the 43-year-old mother who nursed four stricken daughters at once had time to smile.

Joyce, Rita, Margie and Janice were all recovering—and they had their mother to thank, for their family physician said she gave them all the care and treatment at home that they could have received at a hospital.

Six-year-old Joyce became ill first on Aug. 11, and within a week Rita, 16, Margie, 14 and then 3-year-old Janice were stricken. Hot packs, passive exercise and massage were employed.

LITVINOFF NO LONGER RUSS MINISTER

Seen as Blow to Russ Cooperation With U.S., Britain

NEW INCIDENTS

MOSCOW, Aug. 25 (AP)—Maxim M. Litvinoff, former Soviet Foreign Commissar and ambassador to the United States, has been released from his duties as a deputy foreign minister, it was announced officially Saturday.

The Council of Ministers simultaneously appointed two new deputy foreign ministers — Fyodor Gusev, Soviet ambassador to Britain and Yakov Alexandrovitch Malik.

The second vacancy had resulted from the releasing of Solomon Abramovich Lozovsky as a deputy foreign minister last month. Lozovsky was appointed chief of the Soviet Information Bureau.

At Washington the "release" of Litvinov was interperted by American diplomates today as a blow at Russian cooperation with Britain and the United States.

Simultaneously there came to light even more specific instances of a vast movement by the Stalin regime to strengthen its hold over the Russian people and exclude Western powers from knowledge of what is going on in the Soviet Union.

WITHDRAW U.S. ATTACHES

The United States is directly concerned with this because at the request of the Russian Government, it was learned, American naval attaches have been withdrawn from the ports of Archangel and Vladivostok.

The restrictions on United States representatives in Russia leaves only the attache in Odessa, the embassy in Moscow and a consulate in Vladivostok. Authorities disclosed the Russians thus far have turned a deaf ear to requests to open American consulates in various other Russian cities. They will not even answer inquiries on the subject, it was stated.

The result is that Washington authorities are seriously considering slapping a "get out order" on some Russian consulates in United States but no decision has been made yet.

WASHINGTON, Aug. 25 — The ousting of Maxim Litvinoff as Soviet Deputy Foreign Minister comes as a dramatic climax to the widening breach between Russia and the Western powers.

It was Litvinoff who in the early days of Nazi aggression pleaded for Allied cooperation against the Axis. As Russia's Ambassador to the United States, he was generally regarded as favoring close ties between Moscow and the West.

Diplomatic officials interpret this latest Russian move as a long step backward to isolationism on Stalin's part.

However, the Litvinoff announcement was not unexpected. It came on top of conflicts over Turkey, Iran, Poland and the Balkans and in the midst of the Yugoslav dispute. And officials disclose that weeks ago Litvinoff's name failed to appear on the published list of the directing committee of the Moscow Foreign Office—the tip-off that he was on the way out.

Less important, but equally significant, was Moscow's suppression of a Leningrad literary magazine last week. The publication was banned allegedly for reflecting the Western viewpoint on artistic matters—in other words, art for art's sake instead of for the sake of the state.

Burns Employees Cancel Strike Vote

WINNIPEG, Aug. 25 (CP). — George Stapleton, organizer for the United Packinghouse Workers of America (C.I.O.), said Saturday that arrangements had been cancelled for taking a strike vote among the approximately 2500 employees of Burns & Co. and Canada Packers Limited in the Winnipeg area.

He said the cancellation followed advice from Union officials that the Companies were offering a five cents an hour increase to production workers. The employees instead would vote on acceptance or rejection of the offer.

Reid Opposes Bill on CBC Expansion

OTTAWA, Aug 25 (CP)—Thomas Reid (L-New Westminster) joined Opposition members in criticizing the powers being given to the CBC and said he would vote against a bill that would make more money available for expansion in the Commons Saturday.

Mr. Reid said he felt so strongly against the usurption of powers by boards that he was going to oppose the bill with al lthe power at his command.

When the CBC was established in 1932 it had been visualized as a corporation that would operate in a field where there was room for competition by private enterprise. Since that time the CBC had grown into a board that was above the heads of he people. There was no appeal against CBC board decisions.

He said that the bill was a "subtle way" of increasing radio licence fees by 50 cents. The bill provided that the CBC would not be charged with the cost of collecting the licence fees. This meant that the taxpayers generally would have to pay some $500,000 annually into the consolidated revenue fund to cover the collection costs. They would have to pay whether they owned a radio or not.

He spoke during continued debate on second reading to the bill that has been opposed by Progressive Conservative and Social Credit members. C.C.F. members are in favor of the legislation.

Mr. Reid said that care should be taken about the granting or radio station licences to newspapers. He felt that no one should be given the power to refuse space both in a newspaper and on a radio station.

He urged that at the next session the Radio Committee recommend that station licences not be granted to newspapers.

Names Canadian Delegation to U.N. Conference

PARIS, Aug 25 (CP Cable) —The Canadian delegation for a meeting of the United Nations General Assembly scheduled for Sept. 23 was announced Saturday by Prime Minister Mackenzie King, who said he may go to New York once or twice himself during the session.

The delegation will be headed by Justice Minister St. Laurent. Other members include State Secretary Paul Martin, Norman Robertson, Under-Secretary of State for External Affairs; John Bracken, National Progressive Conservative leader; M. J. Coldwell, National C.C.F. leader, and George McIlraith, Liberal Member of Parliament for Ottawa West.

Hume Wrong of the External Affairs Department and H. L. Keenleyside, Canadian Ambassador to Mexico, will top representatives from the External Affairs Department.

Raise $48,000 for Bolton Disaster Fund At Manchester

LONDON, Aug 25 (CP Cable)— Threatened with a 2-1 defeat in an exhibition soccer match against an English team, Scotland's representatives salvaged a 2-2 draw at Manchester Saturday when Thornton of Glasgow Rangers scored in the last five minutes of play. Scotland had been expected to win handily.

The crowd was held to 70,000, about 10,000 below Stadium capacity, as a reminder of the disaster last season when part of the bleachers collapsed at Bolton. Today's match, which does not count in revived international championship play, raised £12,000 ($48,000) for the Bolton Disaster Relief Fund.

Reveal How Britain Was Fed During Wartime

By JOHN DAUPHINEE

LONDON, Aug. 24 (CP)—Canada's proportion of wheat and flour shipments to the United Kingdom was doubled dduring the war, Food Ministry statistics reveal, and by 1944 she was supplying more than four-fifths of total imports.

The way Canada adjusted her export program to meet British needs when submarines were sinking up to 9 per cent of imported food and enemy advances cut off normal sources of supply is told in "How Britain Was Fed in Wartime."

These are some other facts culled from the 66-page story of Food Ministry operations since 1939:

1. Civilians in 1944 (and the situation is little changed today) were eating one-fifth more bread, one-quarter more milk and three-fifths more potatoes than before the war; but butter consumption was down one-fifth, sugar one-third, meat one-seventh and fruit one-quarter.

2. Losses of food by enemy sea action reached a peak of 9.3 per cent of imports during January, February and March, 1943. The worst full year for losses was 1941 with 5.1 per cent from January through December.

3. The Food Ministry became the sole importer of all the chief foodstuffs.

4. Food prices increased slightly more than 20 per cent during the Second Great War, compared with 130 per cent from 1914 to 1919.

5. Some food found its way into black market transactions, but never enough "to affect the national supplies materially."

6. "It is still too early to assess finally the effects of the wartime diet."

Before the war, Canada shipped 39 per cent of Britain's wheat and flour, the booklet reported. By 1944 total imports had dropped to two-thirds— but Canada's contribution had doubled—to 83 per cent.

The same thing happened to meat shipments. Canada, sending limited quantities before 1939, was supplying 21 per cent of all British meat requirements by 1944.

Despite all possible purchases abroad, however, British food imports were cut in half during the war.

Drop Daily Fine Of Strikers

OTTAWA, Aug. 25—Labor Minister Mitchell said Saturday in the Commons the regulations making striking steel workers subject to a daily fine have been repealed. Previously, provisions in an order-in-council called for a fine of $20 for each day absent from work.

The order-in-council was passed on the appointment of a controller to take over the steel plants before the strike began in Hamilton, Sault Ste. Marie and Sydney.

In announcing the change, Mr. Mitchell said "Honorable members will appreciate that the effect of the amendment is to remove the requirement that men remain at work and also the penalties which might be imposed upon men who remain away."

TREATS HOUSE ON BANDIT MONEY

CHICAGO, Aug 25 (AP) — Plunking two fistfuls of coins on the bar, the stranger announced, "This is bandit money," and ordered drinks for the house. A customer slipped into a telephone booth and called police. When the officers arrived, the stranger explained "I meant one-armed bandits—slot machines. I hit the nickel, dime and quarter jackpots."

No City Can Thrive Without Fighting for Its Progress

At this distance we would not at first thought see New York as a city which felt that unless it advertised and promoted itself would risk losing its preeminent position. But New York does not see it that way. New Yorkers are finding that they cannot coast on the city's reputation, that other and more active great communities in the United States are taking business away from Manhattan.

The New York Sun thus tells the story and what New York proposes to do about it:

"A committee from the Mayor's Business Advisory Committee, headed by Nelson A. Rockefeller, has submitted to Mayor O'Dwyer a proposal to spend in the next two years $2,097,780 in a general promotion campaign. It would have the city contribute $611,390 of this sum to be matched by an equal contribution by business and labor. It would have business groups add another $300,000 for the publication and distribution of a book on the city and its resources. The remaining $575,000 would be drawn in special contributions from outside sources. The funds would be used to finance a bureau on development, which would make studies of the city's industrial and business possibilities; a bureau of commerce, which would furnish information and service to business, labor and industry, and a bureau of promotion, which would extol New York as a place to do business, to visit and in which to live.

"There are those who will ask whether $2,000,000 is not a lot to spend. They may argue that such is the prestige of New York that it can coast along without spending money to sing its own praises. It probably is true that as long as this continues to be the nation's largest and richest city, its chief port of entry from the East, it will always attract visitors and trade. But ours is still a country in which competition is keen. The city, like the individual, which counts solely on prestige to carry things along may one day find that it no longer is out in front. In proportion to what other communities are spending on promotion, the Committee says that the amount it suggests for boosting New York is decidedly modest. Certainly the sum sought is not so large as to prevent the proposal from receiving serious attention."

What is happening to New York is a lesson to other cities. No city, any more than an individual, can live and thrive on its past successes; it must unremittingly keep on fighting to keep its place in the parade.

Law and Order or Anarchy

Canada has not descended to the depths of lawlessness which have marked some of the labor disputes in the United States, but we have fallen low enough in recent months to cause the public not only to be fed up with men who presume to place themselves above the law, but to have fears as to what may be the consequences if lawbreakers are not taught the lesson that no man or group may presume to flout the law of the land.

From Windsor during the Ford strike dispatches told of the erection of barriers against those who had a lawful right to enter the Ford plant, and of assaults upon those who attempted to pass the barriers.

From the Great Lakes have come dispatches telling of seamen being dragged off ships, of others being the target for stones and other missiles.

In Vancouver, men were assaulted, vehicles overturned, and when an injunction against such criminal actions was issued we heard loud attacks upon the court which had done its duty according to the laws of Canada.

Dozens of cases could be cited in which individuals and leaders of organizations have taken the position that the laws of Canada should not be allowed to interfere with their purposes.

Magistrate Pritchard of Toronto put the issue between law and order on the one hand and anarchy on the other clearly in his decision in the recent Anaconda Brass illegal picketing case in which he fined two men $100 each. Said Magistrate Pritchard:

"Judicial opinions sometimes differ as to the interpretation to be given to certain sections of the law, but where the law is well established by a long succession of leading authorities, as in this case, then it becomes the duty of the court, no matter what its jurisdiction may be, to apply that law without fear or favor and without regard to the effect that such application may have upon any individual or group of individuals.

"If, however, the law ceases to meet the requirements of the times, or ceases to contribute to the greatest good of the greatest number, then under our democratic system it may be amended or repealed by the duly elected representatives of the people in Parliament.

"Until the law is so altered or repealed it must be obeyed, and it is the duty of the court to enforce it. Our British system of jurisprudence has never recognized the right to accomplish a lawful purpose by unlawful means. Failure to recognize and obey that principle leads to lawlessness which if not restrained produces anarchy."

Letters to the Editor

Letters may be published over a nom de plume, but the actual name of the writer must be given to the Editor as evidence of good faith. Anonymous letters go in the waste paper basket.

Nations Urged to Stop, Look, Listen

To the Editor:

Sir—If you find space, please publish my view of the world recovery from the upheaval and turmoil of warfare "for a place in the sun" between responsible governments and the irresponsible factions which were responsible only for their flareups of iniquities of disorder and desolation which will tax the genius and tact of our best minds for years to come to rectify, and to resume in stride again the progress made heretofore.

However, the peace conference with its Security Council as the deciding factor, perchance is an extremely delicate and complicated affair, it would seem to the observer.

The great drawback appears to be from representatives of countries incapable of self government who are given or are taking their places with a voice even more commanding than those of the trained and experienced "diplomats" of Great Britain and the United States. Until such a time as they can prove themselves worthy to the cause, they should stop, look and listen instead of argumentation without the responsibility and security which is an essential factor in the present struggle for the welfare of mankind, as it were.

Brains, tact, genius, natural and acquired intelligence, all rolled into one, capable of self-determination minus false impressions, are at this juncture necessary to pilot of Ship of State back to its moral and rightful stride for the security aand safety of mankind as the first fundamental for life and liberty.

JOHN H. McDONALD

Cranbrook, B. C., August 22, 1946.

Looking Backward

10 YEARS AGO

From the Daily News of August 26, 1936

Honoring Mr. and Mrs. Robert Wilcox of Fruitvale whose marriage took place there recently, a miscellaneous shower and dance took place in the Community Hall.

Officers and executive members charged with the successful operation of the eighth annual Edgewood and Inonoaklin Valley Fair are deep in preparations for the big event.

P. B. Stratton, acting Superintendent of Fish Hatcheries in this district, has put in three fences in the mouths of Kokanee Creek, to facilitate redfish spawning.

25 YEARS AGO

From the Daily News of August 26, 1921

Having travelled 700 miles from salt water, the first sea salmon has made its appearance in the big pool at South Slocan.

Small mining operations are in progress in many parts of the Sandon camp.

Such a satisfactory report of the affairs of the Nelson Curling Rink was presented to the shareholders last night that a special vote of congratulations was extended to the Board of Directors.

40 YEARS AGO

From the Daily News of August 26, 1906

Three deliberate attempts to commit suicide were made aboard the Kuskanook yesterday, and it took the united efforts of six men to control the would-be suicide and convey him to the Provincial Jail.

H. S. Wallace, ex-Mayor of Rossland, is a guest at the Strathcona.

Gems of Thought

FIRMNESS

Firmness of purpose is one of the most necessary sinews of character and one of the best instruments of success.—Chesterfield.

?? Questions ?? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions WILL NOT BE ANSWERED BY MAIL except when there is obvious necessity for privacy.

M. M., Rossland—I put Sani-Flush in my bath and it stained it very much. What can I do to get it off, or can I do it over with a good enamel?

As Sani-Flush does not stain porcelain, your bath must be made of tin. If this is not the case, there is not much that can be done to remove the stains, unless you apply a paint remover over the whole bath and coat it with a bath enamel. This can be bought at most hardware stores.

Mrs. R. B., Rossland—As I have mislaid the recipe for sauerkraut that was in a recent issue of the Daily News, will you please print this again?

Sauerkraut—Cut the cabbage into shreds, do not chop. Put a layer into a tank or vessel, one with straight sides is preferable. Crockery ware, cypress or white pine are good for this purpose. Sprinkle over the first layer of shredded cabbage the best dairy salt. The proper proportion is two and one-half pounds salt for each 100 pounds of cabbage. Repeat this until the cask is full and heaped up. Have a cover fitted to the inside of the cask. Put this over the cabbage and weight it down with rocks. In ordinary temperature the sauerkraut will cure in from 16 to 18 days.

Inquirer, Trail—How much should a person pay for having their children cared for in the evening or afternoon?

The generally accepted rate in Nelson is 35 cents an hour before midnight, and 50 cents an hour after that time.

L. H., Oliver—May a person send parcels to German citizens in the British zone of Germany?

No. Parcels can be sent only to members of the Armed Forces.

Press Comment

WHERE HAS HOSPITALITY GONE?

I am sometimes asked by American visitors to the interior of British Columbia, what has become of our "Western Hospitality."

"I can explain why our roads are bad by pointing to our mountainous topography and our small population. I can explain why some of our highways lack the correct or sufficient road signs, but I can find no excuse or explanation for cases of lack of courtesy and sometimes actual rudeness toward patrons by employees of hotels and cafes."

The above remarks were reported to have been made by B. W. Buecking, a member of the Vancouver Board of Trade, on the occasion of a recent visit to Nelson. It was most fortunate that they were made in Nelson and we hope the management of at least one hotel in that city reads them and tumbles to itself in the future in matters of courtesy to patrons, Canadian or those from other countries.

We think perhaps that we can answer the question of Mr. Buecking as to what has become of our hospitality. Those in business have not had to extend it during the war years (a very short sighted policy)—in fact, hotel proprietors and other caterers to the travelling public have not been able to meet the demand, resulting in an independent, yes, an indifferent attitude on their part. Such period is over, however, and the shoe will soon be on the other foot. The travelling public will not readily forget the discourtesy they have had to put up with. We know for certain that Federal Government officials along the Boundary Line are warned to be most courteous in their dealings with tourists, and from personal observation we believe they are making a good job of it, but any cordial reception thus extended can be very easily offset by rude and discourteous employees of hotels and cafes, and by businessmen.—Creston Review.

Test Yourself

1. What are the first two books of the Old Testament and what is the last?
2. What are the first and last Commandments?
3. Who wrote the Acts of the Apostles?

TEST ANSWERS

1. Genesis and Exodus; Malachi.
2. "Thou shalt have no other gods before Me," is the first; "Thou shalt not covet thy neighbor's house, etc.," the last.
3. St. Luke.

Etiquette Hints

"Neither a borrower nor a lender be," said one of Shakespeare's characters, giving advice to his son. Few follow his advice, and rightly so. Lending is one way to help friends and neighbors, and even if we occasionally suffer by our generosity, it is worth while.

Today's Horoscope

You are literary and artistic, versatile and rather headstrong. You are admired by your friends for your dependability, coolness and reserve. You take nothing for granted, and will (or have) have a happy home and marriage. Progress in business and the arts is possible today. Tongues are loose under present influences, so don't believe all you hear. The moon enters Virgo at 10:57 A.M. As restrictions are likely to be lifted now, act as optimistic as you possibly can. Don't grumble about your job today. Get it done. A person to whom you have been introduced may have some selfish motives, so analyze everything carefully.

Words of Wisdom

Exercise, temperance, fresh air, and needful rest are the best of all physicians.

Hollywood Gossip

Cary Grant Is Back to His Light Comedies; Devine 21 Years on Lot

By BOB THOMAS

HOLLYWOOD, Aug. 25 (AP)—Making with the funny business on the screen is serious work, as Cary Grant can well attest.

After a stretch of love films and biographies, the fodgety actor is back at his forte, light comedy. I dropped in on the "Bachelor and the Bobbysoxer" set for a few laughs. I could have found more at an embalmers' social.

Actors Grant and Ray Collins and Director Irving Reis were faced with the problem of wringing a laugh from a few lines. The scene will take less than 30 seconds on the screen, but several hours were required to transfer it to celluloid. The deathless words:

Collins: "Where are you going?"
Grant: "To Africa."
Collins: "That's a long way off."
Grant: "Not when you're in Arabia, and that's where I'm going."

All the principals on the set went into a gag conference which possessed all the levity of a U. N. Security Council meeting. With tense, drawn faces they discussed the comic possibilities of the lines and got nowhere. The conference broke up for coffee and Cary came over and sighed: "Making comedies isn't easy. It sure is hard to find out what people think is funny."

In the film palaces . . . "Monsieur Beaucaire" is topflight Bob Hope fare, and who could ask for anything more? This time Droopsnoot gags his way through the courts of 18th century France and Spain, and the results are generally hilarious.

While many Universal executives are getting the boot, Andy Devine is calmly celebrating his 21st year on the lot.

OPPOSE EXPANSION OF C.B.C.

OTTAWA, Aug. 25 (CP)—Government plans for the expansion of the publicly-owned C.B.C. struck opposition in the Commons Friday from Progressive Conservative and Social Credit benches, but drew support from C.C.F. members.

The Progressive Conservative and Social Credit members argued that through the C.B.C. the Government was attempting to kill private radio stations. The C.C.F. argued that the C.B.C., as a public organization, was better suited to satisfy the public.

University Women Close Convention

WINNIPEG, Aug. 25 (CP) — Approximately 300 women—graduates of almost every university in Canada—left Friday as the 10th Triennial Convention of the Canadian Federation of University Women drew to a close.

Mrs. Richard Crummy of Vancouver was elected President of the Federation, and Jennie Elliott, Calgary, one of the Vice Presidents.

In the report of the Education Committee, Miss Eliott called on Canadians to cease asking, "Can we afford improved educational facilities?" and declare, "We cannot afford to be without them."

Delegates voted to select Brandon, Man., as the site of a new reading study program.

The Federation will make special annual grants of $50 to the Brandon Municipal Library over a three-year period.

Delegates protested against "discrimination" in the employment of married women, and asked that applications for positions on school boards, social welfare agencies and similar organizations be considered on their individual merits.

Woman Detective Has Unique Job

NEW YORK, (AP)—Grace Sullivan Lagay, a house detective at the Commodore Hotel and, as far as anyone knows, the only woman house detective New York ever has had, was a suburban housewife in New Jersey until three years ago when she took up jiu-jitsu, psychology and ballistics, and became a policewoman.

"Some families run to lawyers and some to doctors," she says, "but with the Sullivan clan it's cops."

Her mother is Mary Sullivan, director of the women's bureau of the New York police department until she retired last spring. Her mother's sister was in the shoplifting squad, two uncles were in Scotland Yard; three more are retired members of New York's finest, three cousins are still on the force.

As a lady "dick," Mrs. Lagay's job is to prevent things from happening. Spectacular "pinches" are all right on street corners, she says, but not in hotels. She prefers "verbal persuasion." When suspected deadbeats, confidence men or prostitutes blow into Mrs. Lagay's bailiwick, she watches until they light and then dusts them out with a quiet word.

"You can handle them smoother," she comments, "with verbal persuasive powers than by knocking your brains out. I never know what I'm going to say until the time comes but usually I'll just ask 'Don't you want to powder your nose?' or 'Haven't you an appointment somewhere?'" Her cardinal rule is "never put your hands on a suspect."

On her eight-hours-a-day job, the police woman "gum shoes" the public rooms and the back of the house. She checks servants to make sure they don't depart with anything they didn't bring with them. Her estimate of them is quite high but she cracked, "It's too bad we can't watch the guests" one time when the linen supply was dwindling.

Mrs. Lagay has had her present job only four months but says: "My powers of observation have become keener since I'm being paid for them. When I used to have to wait for anyone in a hotel lobby I got bored to death. Now I hear everything that's being said. My ears wiggle."

A tall, broad-shouldered, blue-eyed brunette, Mrs. Lagay "dresses like a customer." There is a family joke about one night when she was on duty at Pennsylvania Station guarding the departure of the Duke and Duchess of Windsor for Miami. The ducal couple waited for the train in their automobile and the detective dressed for a party she was going to later, paced the platform with a fur coat slung over her shoulders.

When the duke got out, he stopped to speak to her and evidently told the duchess who she was because the duchess called over her and complimented "My dear, your disguise is perfect today." An old guard on duty overheard and commented: "Why didn't you tell her you took this good every day?"

TREDEGAR, Wales (CP) — When offered a flag captured in Burma, the British Legion rejected it because "the Japanese were not worthy foes."

CANADA MAY LOSE U.S. TOURISTS

VANCOUVER, B. C., Aug. 25—(CP) — Don Short of New York, travel writer for several American newspapers, said here Friday night that Canada may well miss her share of the 90,000,000 United States tourists that will take to the open road next year. He said drastic changes were needed in Canadian travel facilities and he cited poor highways, obsolete liquor laws, and lack of accommodation.

Haven for Refugees Depends Upon Long Term Policy

GENEVA PARK, Lake Couchiching, Ont., Aug. 25 (CP)—Canada's policy on providing a haven for refugees will be dependent to some extent on her long-term immigration policy, Dr. R. G. Riddell of the Dominion Government's External Affairs Department said Saturday.

In an address prepared for delivery to the Canadian Institute of Public Affairs, Dr. Riddell discussed the problem of war-displaced persons and their relations to Canada. The international refugee organization had set its initial budget at $260,000,000, of which Canada was assessed for $10,000,000.

The other responsibility of participation in arrangements for resettlement of the refugees was even more difficult and led directly to a consideration of the Canadian immigration policy.

"I do not see how any considerable number of people could be admitted to this country within the next few years unless a decision to that effect was taken in terms of considered judgments about the long-term migration policy," he said.

". . . It may be that the Canadian people will decide that the admission of selected groups of immigrants, chosen because of qualities which will enable them to contribute to the economic and social life of this country, will prove a wise investment."

COAST WOMAN PILOT RECEIVES INSTRUCTORS' CERTIFICATE

VANCOUVER, Aug. 25 (CP) — Mrs. Rolie Barrett who has a log of more than 300 flying-hours, has fulfilled a post-war dream—she now is Vancouver's first woman pilot to receive a flying instructors' certificate.

Mrs. Barrett has flown for 11 years and in that time she has married, had a child, obtained a private pilot's licence, won several trophies, developed into one of the finest local aerobatic pilots, and qualified as a pilot of seaplanes.

A graduate of the Vancouver Art School, she earned the money for her first flight-training making meteorological charts and doping aircraft.

Mrs. Barrett won the Moore Air Trophy for four successive years, and it was her mother, Mrs. E. H. Moore, who donated it for women flyers.

She received her private licence in 1935 and is a member of the "Flying Seven," the original women pilots of Vancouver.

CHALFONT, England (CP)—The "Sweetest Old Lady" over 60 will be chosen during the Bank Holiday fete in this Buckinghamshire village.

No Indication Of Easing Labor Situation

By JACK WILLIAMS

OTTAWA, Aug. 25 (CP)—Complexities of Canada's turbulent labor situation increased Saturday, with no indication of an easing of the situation which has left 50,000 workers—many of them in key industries — idle for more than a month.

Major development came in wages—the basic issue in the strikes and threatened strikes.

It was announced by Labor Minister Mitchell Friday in the Commons that 115,000 employees of the Canadian National and Ontario Northland Railways had agreed to accept increases of eight and 10 cents an hour. That gave support to the Government's apparent policy of drawing the line on wage increases at 10 cents.

But at the same time Hon. Charles Daley, Ontario Labor Minister, stepped into the picture with the remark that no arbitrary figure could be set on wage increases. Mr. Daley took the position that while increases of 15 cents would probably be justified in some industries, the limit in other industries might only be eight cents.

Behind the discussion over wages were strikes in steel, rubber, electrical plants, textiles and chemicals.

The responsibility for settling the disputes appeared to rest with the Government, rather than with Parliament as a whole, after the Commons action Thursday of adopting the report of the Commons Industrial Relations Committee.

Major threat among workers still on the job was in packinghouses. Justice S. E. Richards of Winnipeg, acting as a Commissioner, was trying to effect new agreements among packinghouse groups and the United Packinghouse Workers of America (C.I.O.).

UNION LEADERS REFUSED BAIL

MONTREAL, Aug. 25 (CP) — R. Kent Rowley, Canadian director of the United Textile Workers of America (A.F.L.), and Anzelus Beaucage, Valleyfield organizer of the union, were refused bail when arraigned in court Saturday on charges in connection with the 12-week-old strike at the Valleyfield plant of Montreal Cottons, Ltd.

The two were remanded in custody of Provincial Police for preliminary hearing Aug. 29.

No plea was taken Saturday.

Rowley and Beaucage were taken into custody at Valleyfield early Saturday morning by Capt. Norman Labbe and driven to Provincial Police headquarters at Montreal.

Their arrest was forecast late Friday by Premier Duplessis at a press conference in Quebec. The Premier at the same time told newspapermen that Communism and Bolshevism would not be allowed in the province of Quebec.

Give Further Debate on Senate Tax Exemption

OTTAWA, Aug. 25 (CP)—Further consideration will be given by the Senate Banking Committee to a proposal that Senators enjoy tax exemption on their $2000 expense allowance, it was indicated Friday.

The amendment, which would place Senators on the same basis as members of the Commons with regard to their tax exemption, was approved by a 16-6 vote at a meeting of the committee yesterday.

Takes a Lot to Stump Diminutive Nora Henderson

HAMILTON, Aug. 25 (CP) — It takes a lot to stump diminutive Nora Frances Henderson, champion of law and order and only woman City Controller in Canada.

And, armed with the courage of her convictions, she has made news in this industrial storm centre these last few weeks by walking through striking steel workers' picket lines about the Steel Company of Canada plant to prove the right of "free passage" for private citizens.

She has held every position on the Hamilton Board of Control except that of Mayor, but claims she has no ambitions in that direction. Further, she says her efforts in connection with the steel strike are not in the nature of any "pre-election stunt."

In urging that the law—the right of free passage — be enforced in Hamilton, "I merely did my duty to my oath of office as Controller," she said.

Nor was Miss Henderson fazed by the pushing mob of men and women which met her at the close of a recent Council meeting where she advocated that Provincial Police be brought in to break the picket line.

"A woman pulled my hair and a man kicked me," she said afterward, a little breathlessly. ". . . the behavior of the mob proves every point I made—that there is utter lawlessness in Hamilton."

In 1918 she served as a cub reporter on the old Hamilton Herald. A few years later she became women's editor and wrote articles urging women to hold public office, and in 1931 Hamilton took her at her word, made her an alderman. Four years later she was elected a controller.

Montgomery Pays Tribute to Ladies

HALIFAX, Aug. 25 (CP) — Field Marshal Viscount Montgomery Saturday made a gracious bow to the ladies.

He called a reporter to his room and said he had heard of reports that he had something to do with the barring of women from some of the social activities in connection with his trip.

"I am horrified at this suggestion," he said, and then with a broad grin, added:

"I like to see the ladies."

● Gavan and Fred Anderson are visiting Ross and Dennis Burnham, formerly of Nelson, at Kamloops.

● P. H. Bush has returned from a visit to Halcyon Hot Springs.

New Medical Aid Plan Developed For Trail Workers

TRAIL, B. C., Aug. 25 (CP) — George Webb, Chairman of the Consolidated Mining and Smelting Companys Employees Medical Committee, said Saturday that a proposed new medical aid plan, based on services rendered by doctors and hospitals, has been developed.

The announcement followed three months of intensive study of health proposals which commenced when two proposed plans were turned down by employees on June 10.

Following rejection of the two proposals, the C. S. Williams Clinic gave notice of termination, effective Sept. 30, 1946. This meant that if no new agreement was reached between doctors of the Clinic, employees and employer, some 5000 Company employees would be without a medical contract.

While the new proposed plan is slightly higher in cost and not quite so all-inclusive as the previous plan submitted, Mr. Webb said, it has the added advantage of free choice of doctor, and in cases of emergency illness, accident, or attending physicians recommendation, the privilege of entering any hospital.

After examination of other schemes and plans the Committee felt that, considering higher cost, the amount of the C. M. & S. subsidy and unsuitability of other plans that their new proposal is the best and most clean cut that they can possibly submit.

Should the proposed scheme be voted down, the Committee, considering that they have done their best would immediately call for election of a new medical committee, but would remain in office until the new committee could take over.

All dues and contributions will be paid into one central fund from which doctors, hospitals, specialists and transportation bills will be paid for services rendered.

VANCOUVER MAN KILLED IN PLANE CRASH AT VERNON

VERNON, B. C., Aug. 25 (CP) — Robert Filtness, a well-known Vancouver flier and veteran of the R.A.F. Ferry Command, was burned to death when his Fleet Finch plane landed short of the runway at the airport here and crashed in flames Friday night.

The crash also caused the death of a Mr. Lloyd of Vernon. He apparently died from shock when he went to investigate the crash which he witnessed while fishing near the airport.

Filtness had applied for a charter service for a flying school, operating from Vernon airport. He was planning, meanwhile, to spray fruit trees from the air and was demonstrating aerial spraying equipment when he crashed.

Transport Department officials and Provincial Police are investigating the crash.

SOCIAL INSURANCE TO MEET AT GENEVA

MONTREAL, Aug. 25 (CP) — The Executive Committee of the International Social Insurance Conference will meet September 2-6 at Geneva for the first time since before the war, it was announced at International Labor Office headquarters here Saturday.

The conference was established in 1927 for the purpose of coordinating and stimulating support for social insurance. Its membership comprises the central Social Insurance institutions of more than a dozen countries.

STAFF WRITER VISITS NEW U.N. HEADQUARTERS

By CLYDE BLACKBURN

NEW YORK, Aug. 25 (CP) — Trygve Lie and I went out to see the new United Nations headquarters at Lake Success, Long Island, but we did not go together.

The jolly-faced, rotund Norwegian Secretary General of the U.N. drove out in a new, luxurious sedan, and I went the hard way.

He travelled the way delegates and high dignitaries of the organization will go, and I used the methods open to the carless staff, most of the correspondents and the hoi-polloi!

Lake Success is about 20 miles from mid-town Manhattan. It probably took Mr. Lie 35 minutes of comfortable driving. It took me more than an hour each way, and that is what it will be like for those without automobiles to reach the former Sperry Gyroscope plant, where the U.N. is spending upward of $2,000,000 to create a temporary home.

The plant sprawls over acres of a meadow about two miles from Great Neck. It is owned by the United States Government and will be the headquarters of the U.N. until and if they erect a new Geneva upstate in the Greenwich area of the New York-Connecticut border.

Busiest person in the plant was Miss Jackie Herzog, an attractive brunette human encyclopedia at the reception desk. I asked her how I could get back to town.

There might be a special bus later in the day, she said, or if I walked up the road a few hundred yards to a crossing I might get a bus to Great Neck Station.

Otherwise a taxi was the best bet and she called one for me. It came in 15 minutes. The driver quoted $8 to Rockefeller Plaza. "That's what we're all charging," he said.

I asked him to take me to the nearest subway station—about five miles away, in Jamaica. That cost $3 plus tip. The ride into Manhattan was five cents and no tip.

Trygve Lie came out just as I entered the taxi. I was sorry he had not appeared earlier, because I had wanted to ask him why the U.N. had chosen such an outlandish spot. Probably he knew the answer, but I doubt if he would tell me.

RECRUIT FROGMEN

LONDON, Aug. 25 (Reuters) — "Frogmen," underwater explorers, are being recruited by Admiralty salvage officials in a big drive to reclaim as many as possible of the 2500 British merchant ships sunk during the war.

With the "frogmen" and the help of a French secret submarine camera which records how a ship is lying, how badly damaged it is, and how best it can be saved, now being negotiated for, the Admiralty expert believe they will be able to salvage millions of tons of shipping and scores of millions of dollars' worth of cargo.

Sask. Professor Named Dean of Man. Agriculture

WINNIPEG, Aug. 25 (CP) — President A. W. Truman of the University of Manitoba announced Saturday the oppointment of Prof. Grant MacEwan, now head of the University of Saskatchewan's Department of Animal Husbandry, as Dean of Agriculture and Home Economics at Manitoba.

Prof. MacEwan, who will be in charge of the University's farm as well as Dean, was born near Brandon, Man. He has been at the University of Saskatchewan for the last 10 years.

Big Kimberley Crowds Enjoy Carnival; Boxing Feature

KIMBERLEY, B.C., Aug. 25 — Kimberley citizens turned out in full force Friday for the first night of the monster carnival sponsored by the Canadian Legion to swell the artificial ice funds.

All the old and some new games were kept busy all evening. Especially appreciated was the children's 5-cent section with a prize for every participant.

The evening's entertainment was in the hands of Herb Stanton, local Pro Rec instructor, who presented an excellent card of exhibition boxing, opening with a ring full of blindfolded youngsters that nearly brought down the house. Mr. Stanton presented the following bouts:

Laurie Benson and Mervyn Henderson, 70 lbs.; Dave McGowan and Alastair Morrison, 85 lbs.; Peter McMahon and Darwin Sutherland, 90 lbs.; Larry Brown and Lorne Loraas, 115 lbs.; Terryn Bates and Dutch Sutherland, 140 lbs.; Ed Lafortune and Jim Hodgeson, 150 lbs.; Baldy Balderson and Bill Popostich, Nick Osofeet and Jim Chadwick, 168 lbs.; Early Green, amateur champ. of Kootenays, 1943, and Frank Glover, Canadian and British army champ., 1943, heavyweights.

Two or three of these boys are expected to appear on a card promoted by Murdo Morrison and to be held in Trail about Sept. 9. The City Band was heard in several selections during the evening. The Ladies' Auxiliary to the Legion was kept busy selling coffee and hot dogs, netting a nice sum.

Saturday night attractions enjoyed were Mrs. Margaret Stout and her group of girls in highland dancing numbers and a display of tumbling by Pro Rec girls.

Victory Day last year stirred Evangelidi's imagination. He created a special Victory gown.

Hansell Applies Powers of C.B.C. To the Press

OTTAWA, Aug. 25 (CP)—Rev. E. G. Hansell (SC—Macleod) said Friday night in the Commons the Government might some day decide to expand from the field of radio to the field of newspaper publication and thus destroy the freedom of the press.

Referring to the powers granted to the C.B.C., Mr. Hansell said he did not know of any Government enterprise, outside of a totalitarian country, that had as much power as the C.B.C.

And the powers granted the C.B.C. might be extended, he said.

"Just for the sake of illustration let us suppose that the Government should decide to bring into existence another corporation known as the Canadian Daily Newspapers Corporation," said Mr. Hansell.

He continued: "I wonder what the people would say if that happens? I think they would life their eyebrows in some alarm, and say, 'What is the idea? I thought we believed in the freedom of the press.' And the Government would say, 'Oh, yes, we are not going to interfere with the press. The presses will operate just the same. The only difference is that we are going to have a Government owned Daily Newspaper Corporation. We are going to have a Board of Governors to govern it. We are going to have our sub-boards, our committees, our departments, our specialists. And we are going to have vested in that Daily Newspaper Corporation regulatory authority which will regulate all other daily newspapers in Canada.'

"What would you say to that? That is exactly what happens in the field of radio in Canada today. And let us suppose further that the Government said, 'We will also vest in the Canadian Daily Newspaper Corporation the right to control all national advertising. We will be the agents for all the national advertising, and the other dailies must carry only such national advertising as we see fit. They can refuse it if they want to, but they cannot get any other if they do not take ours.'

"That sort of thing could happen, and it does happen in totalitarian countries. Supposing that this Daily Newspaper Corporation should have an editorial board and editorial writers. They might have a dozen writers, or even 40; it would not make any difference. They might say to that editorial board, 'We want you to write daily or weekly editorials and we are going to insist that all the daily newspapers affiliated with us accept those editorials.' What would you say to that? That is exactly what is happening today in the field of radio."

Women Who Smoke Cause of World's Troubles

PARIS, Aug. 25 (Reuters)—An unidentified correspondent from Kent, England — one of tens of thousands of letter writers sending mail to the peace conference—today gave the peacemakers this advice on the root of the world's troubles:

"Women who smoke—there you have the cause of it all."

JOHANNESBURG (CP) — The grace of thesilver tree, the dignity of the protea, the greenery of the Cape Peninsula have caught the imagination of the dress designer, Yanni Evangelidi, of Athens. Inspired by shapes and coloring, Evangelidi who came to South Africa with the Greek royal family, has designed his own materials and made some lovely clothes.

Agreement Brings Lake Strike Near Solution

DETROIT, Aug. 23 (AP) — The nine-day-old Great Lakes shipping strike moved in the direction of a solution today following an agreement between the National Maritime Union (C.I.O.) and two carriers.

N.M.U. members in 18 ports ratified an agreement with the Standard Oil Company of Indiana calling for a work week of 48 hours at sea and 44 hours in port. Seamen were directed to return to their posts aboard the company's five tankers.

A similar offer from Bethlehem Transportation Company of New York, which operates 12 bulk freighters, was accepted tentatively and top N.M.U. leaders recommended its ratification by the 2500 striking seamen.

WASHINGTON, Aug. 23 (AP) — The United States Wage Stabilization Board rejected two A.F.L. seamen's wage increases tonight in a decision which dissenting Board Labor members said may stir up new trouble in the Maritime industry.

The Board majority declined to go higher than the $17.50 monthly wage increase it approved last June for able-bodied seamen who are members of the C.I.O. National Maritime Union.

Altogether, 43,000 seagoing men were affected by the Board's decisions tonight.

September Coupon Calendar

VANCOUVER, B. C., Aug. 25—Ration Book No. 6 comes into use September 19. Dates on which coupons become valid follow:

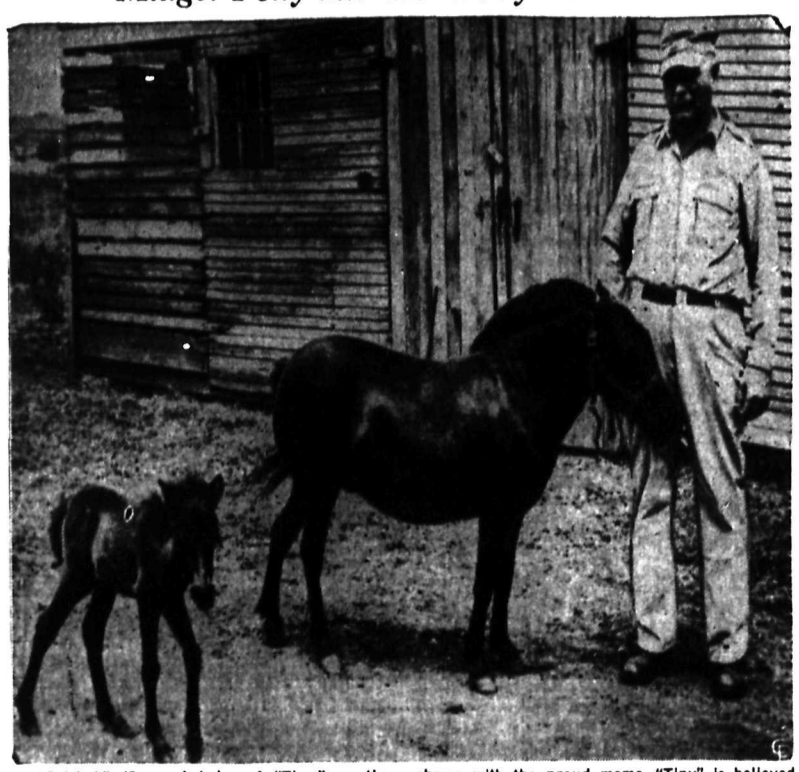
Midget Pony and Her Baby "Cricket"



"Cricket," 15-pound baby of "Tiny," mostly long legs and fuzz, makes his debut before the camera at the farm of Homer House, Dayton, Ohio, shown with the proud mama. "Tiny" is believed to be one of the smallest ponies in the world. She is seven years old and weighs 210 pounds.

Quack-Yak Diplomatic Language

At left here is New Zealand Paris peace conference delegate W. J. Jordan, who appealed to the conference orators to cease the "Quack, quack, quack," and get down to the business of mapping peace. At right is U. S. Senator Tom Connolly, who shook his leonine head as he was about to take off for the parley and remarked: "All you do is sit all day, going yah, yah, yah."

Job Denied Yet

Floyd Gerrard, former Crystal Beach, Ont., Chief of Police, was denied reinstatement in his job following discharge from the Canadian Army. Two councilmen resigned when the majority refused to reinstate Gerrard.

Bulgaria Asks Big Four for Part of Greece

This new photograph was made during a recent parade and patriotic demonstration in the Bulgarian capital. In the centre, standing before a huge portrait of himself, is Georgi Dimitrov, Communist leader of Bulgaria. On the right is Kimon Georgiev, Premier of Bulgaria. During the parade, marchers carried photos of Stalin as well as of their own leaders, an incident that now takes on significance in view of the fact that the Soviet Union is backing Bulgaria's demand before the Big Four for a territorial slice of Greece. Bulgaria, during the war, was an Axis satellite, while Greece fought strongly against Germany and Italy. Bone of contention is a strip of land called Western Thrace.

STERLING J. TRUSTWORTHY, NOTED BANKER, FOUND HANGING, NEARLY DEAD, IN OPERA BOX

When intermission lights went on last night at the Metropolitan Opera House, opera-goers gasped at the sight of Sterling J. Trustworthy hanging from a noose in his own private box. Attendants cut the noted banker down in the nick of time.

Mr. Trustworthy insisted he had been attacked by a maniac, and violently denied he had attempted suicide because his bank is in a shaky financial condition. Needless to say, the 'attack' story was not believed, and panicky depositors withdrew savings all day, until the bank collapsed.

LATE NEWS FLASH!!

Wall Street was amazed to find his bank had been in sound financial condition -- as he had claimed all along.

Former depositors sent a large floral horse-shoe to his

WANTED—A GAS HEATER SUITable for fire place. Phone 620-R.

Lady Montgomery Seriously Ill

BELFAST, Aug. 25—Lady Montgomery, mother of Field Marshal Viscount Montgomery, is seriously ill. She is at New Park, in Iseland's County Donegall. Her famous son now is touring Canada.

Lady Montgomery celebrated her 84th birthday Friday, and Saturday, Field Marshal Montgomery landed in Canada. Members of the family were informed that her condition, following a stroke, was grave.

One Killed, Second Injured as Shots Pour From Big Car

NEW YORK, Aug. 25 — One man has been killed and another seriously wounded in a New York shooting reminiscent of the gang warfare of prohibition days.

The two victims were walking along East Broadway early today in New York when a big black sedan roared down the street. As it slowed down momentarily, a series of shots burst from the car and felled both men. Vito Greco, 30, died from four bullet wounds in an ambulance on way to the hospital. His companion, Amico Rosario, 27, was wounded in the chest and abdomen by three slugs.

Police said the shooting was over so quickly that patrons of a cafe on the opposite side of the street knew nothing of what occurred.

Girl Under Water 7 Minutes Is Saved by Lifeguard

VANCOUVER, Aug. 25—The efforts of Lifeguard Gerry Thomas are credited with saving the life of Irene Newcombe, 21, when she sank in the waters of English Bay as she attempted to climb onto a diving raft last night.

Police reports state the young woman was under the raft for seven minutes before Thomas located her and brought her to the surface. He applied artificial respiration until the arrival of a Fire Department inhalator squad.

Miss Newcombe was revived and taken to General Hospital where her condition was reported today as good.

Woman Shot in Street at Coast; U.S. Sailor Held

VANCOUVER, Aug. 25— Police in Vancouver are holding an American sailor for investigation in connection with the shooting last night of Olive Negrich, 23, near the West-End rooming house where she lived.

Attendants at St. Paul's Hospital reported she was suffering from three bullet wounds, and that her condition is "just fair."

The shooting occurred on Pendrell Street, near Jarvis and the sailor was arrested by police a short time later in his downtown hotel room.

One man who lived across the street from the shooting scene said he heard several people shouting, followed by what he though sounded like three fire crackers. He looked out his window and saw a girl lying on the ground, calling for help.

Miss Negrich was taken to hospital in a private automobile. She was found to be suffering from wounds in the chest, arm and back.

Four Missing After Ship Collision

NEW YORK, Aug. 25 — The United States Coast Guard said today that four men are missing in the collision of two ships three miles off Fire Island. The ships are the Midland Victory, a merchant ship bound from Antwerp to New York—and a U.S. Army supply ship.

SAYS VETS OF SECOND WAR SHOULD TAKE PART IN LEGION LEADERSHIP

BELLINGHAM, Aug. 25 (AP) Veterans of the Second World War are majority stockholders in the American Legion and should be taken into the organization leadership, H. Dudley Swim of Twin Falls, Idaho, Idaho Legion Commander told the Washington State convention Friday.

The annual parade, with Gen. Jonathan M. Wainwright and Governor Mon C. Wallgreen at its head and several hundred Canadian veterans in the ranks, was viewed by 25,000 people along crowded streets. Seven Legion drum corps units took part and there were three bagpipe bands. Troops from Fort Lewis and sailors from the U.S.S. Hollandia were among the marchers.

Pickeers Await Police

HAMILTON, Aug. 25—The Ontario Government has agreed to send Provincial Police to Hamilton and today both strikers and company officials were waiting for word as to just when the Provincials will reach Hamilton. The strikers have increased their picket lines around the big steel plant, and workers in two smaller steel plants have walked out in protest against the action of the Hamilton Police Commission in asking for outside reinforcements.

The provincial secretary, Roland Michener, said Saturday the Ontario Government is complying with the request of the Hamilton Police Commission immediately.

As soon as the Hamilton Police Commission asked for Provincial Police, the Union increased its picket lines.

OTTAWA, Aug. 25 (CP)—Acting Prime Minister St. Laurent told the Commons yesterday that the Dominion and Ontario Governments had agreed that such assistance as they could give in helping maintain law and order in Hamilton, Ont., "should be given."

PARTNER GIVES LOUIS SHINER

POMPTON LAKES, N.J., Aug. 25—Heavyweight Champion Joe Louis was given a shiner by one of his new sparring partners, Teddy Randolph, but in turn Randolph got belted around some by the champ, Saturday.

Randolph landed a right to the champion's left eye. It angered Louis so much he piled into the New Yorker and only a quick bell saved the sparmate from being kayoed. Soon afterward, Louis cooled off to make friends with Randolph again and then wound up his workout against another sparmate.

Meanwhile at Neptune, N.J., challenger Tami Mauriello, who meets Louis for the title Sept. 18th, staged his best workout since he started training. The New Yorker went two rounds each with veterans Cleo Everett and Buddy Moore.

Ask More Money for Veterans' Affairs

OTTAWA, Aug. 25 (CP)—Veterans Minister Mackenzie said Saturday in the Commons that his department was asking for an additional $45,762,229 in the supplementary estimates because the monthly demobilization rate had been estimated at 38,500 and had actually been about 63,000.

The amount was in addition to the $621,518,932 already voted for the Veterans Affairs Department in the regular estimates. Mr. Mackenzie said some of the additional amount also was needed to carry out provisions of veterans legislation passed in the demobilization or service personnel. However, the peak in veterans expenditures likely would not be reached until next March.

Replying to Hugh Castleden (CCF-Yorkton), Mr. Mackenzie said he believed there were about 12,000 members of the forces still to be returned from overseas.

Bracken Says Bread Sold Above Ceiling

OTTAWA, Aug. 25 (CP). — John Bracken, Progressive-Conservative leader, asked Saturday in the Commons if the Prices Board was aware that bread was being sold above the ceiling price in some parts of Canada. Robert Mahew, parliamentary assistant to Finance Minister Ilsley, said that if Mr. Bracken would give him details the Board would investigate.

Beaverdell to Carry Fish to Hamburg

MONTREAL, Aug. 25—Beaverdell, Canadian Pacific Steamships cargo liner which loaded in Montreal, will be the first vessel to carry the Company's red and white checkerboard House flag into a German port since before the war, when she docks at Hamburg on this Eastward passage She left Montreal Sunday morning.

The Beaverdell's cargo for Hamburg will be 2276 tons of frozen fish.

Treetop Police Guard Churchills

BURSINEL, Switzerland, Aug. 25 (Reuters) — Treetop police are guarding Winston Churchill, his wife, his daughters Mary and Diana and his son-in-law Duncan Sandys, all here for a holiday.

Two policemen are stationed in lookout posts on top of the highest fir tree in a park surrounding the lakeside "Villa Choisi," where the Churchill family is staying.

A Swiss Army launch cruises on the lake to keep out "invaders."

No Room in Front Yard for Takeoff

PHILADELPHIA, Aug. 25 (AP) —Philip Brown, 28-year-old airline pilot, bought a surplus Army trainer plane which he dismantled and took home to paint. Then he assembled it but found he didn't have enough room to take off from his front yard. So he summoned police who halted traffic on an adjacent highway to permit him to take off.

Buys War Surplus Buildings

OTTAWA, Aug. 25 (CP)—Housing Enterprises Ltd. of Ottawa has bought a number of war surplus buildings to make material for housing purposes, War Assets Corporation announced Saturday. The purchases include 17 buildings at Nanaimo Army camp, Nanaimo, B.C.

Shoots Off Fingers To Evade Draft

CAMDEN, N.J., Aug. 25 (AP)— Franklin B. Brooks, 28, of Riverside, N.J., told United States District Court Judge Thomas M. Madden he shot off two fingers of his left hand so he wouldn't be drafted during the war. Judge Madden set Sept. 6 for sentence.

Peace Delegates Walk Out

PARIS, Aug. 25 — The Russian and Ukrainian peace conference delegates staged a walkout today at the second anniversary celebration of Paris' liberation.

There was no immediate explanation of why Soviet Foreign Minister Molotov and Ukrainian Foreign Minister Dmitri Manuilsky walked out, but it is possible that they left because they were displeased with the seating arrangements. The United States, British, Chinese and French delegations were placed in the front row, and the Soviet and Ukrainian delegates on the second row benches.

Molotov and Manuilsky left the ceremony immediately after President George Bidault arrived and the band played the French national anthem. They did not wait for Bidault's address, but stalked out with newsmen and photographers at their heels. They offered no comment.

The liberation celebrations came on Prime Minister Mackenzie King's last day at the peace conference.

Rough Treatment for "Good Samaritan"

VANCOUVER, Aug. 26—The two men that Donald Cameron befriended in Vancouver last night did not show much appreciation of his kindness in furnishing them with a place to sleep.

Cameron told police today that he met the men last night and offered to share his room when they told him they had no place to go. He said he awoke shortly after midnight to find that both his newfound "friends" and his money had disappeared.

New Issue

We anticipate bringing out a new industrial stock issue in the immediate future. Full details are not available. However, from what we have before us we have concluded two things. The issue will be rapidly oversubscribed. Secondly it is one of the best issues we have ever had the pleasure of offering. The attached coupon will send you full particulars when available. Or what would be better, reserve stock on the understanding that when details are available you may, if you wish, cancel.

Say Veteran With Back in Brace Forced to Take Watchman Job

OTTAWA, Aug. 25 (CP) — John Blackmore (SC-Lethbridge) asked a series of 31 questions in the Commons Saturday about medical treatment and allowances given former Lac. Lowell T. Campbell of the R.C.A.F. who lives in the Alberta constituency of Macleod.

Veterans Minister Mackenzie promised consideration of the case and said the questions would be answered when possible.

Mr. Blackmore said he had been pursuing the case for some months but his questions Saturday arose from a letter received last night from W. H. Kirchner, Vancouver Secretary of the Canadian Combat Veterans Association in British Columbia Incorporated.

The letter said Campbell had been discharged from Shaughnessy Hospital, Vancouver, Aug 6 with a check for $20 "to cover the needs of himself and dependents until such time as the Pension Commission settle his pension status." Campbell's wife was said to be dead and his five children were living with relatives.

The letter said Campbell had left hospital "with his back in an iron brace to support the injured spine and in this condition he has been forced by the (Veterans) Department to take a job as a watchman in order to maintain his family." Financial stress forced him to take the job "when every movement of his body is difficult and when he is in need of constant rest."

Mr. Blackmore's questions asked whether Campbell's condition had not been aggravated by failure of service doctors to appreciate his ailment.

CHARGES BLUNDERS

Mr. Blackmore also said apparently some of the staff of Shaughnessy Hospital "have been guilty either of culpable ignorance or culpable dereliction of duty." They had "operated on him (Campbell) several times, making serious blunders" although they had not known "even how to diagnose the case."

Mr. Mackenzie said he was "absolutely satisfied that we have as able a staff in Shaughnessy Hospital as there is in any hospital in Canada."

Cement Shortage Despite Record Coast Production

VANCOUVER Aug. 25 (CP) — Construction work on dozens of new homes and other buildings in Vancouver is said to be held up because of a shortage of cement, and officials of British Columbia Cement Company report the shortage is likely to continue until November or December.

Officials of one building supplies company in Vancouver said that cement requirements are greater now than ever before in the Province's building history.

They reported that contractors who need from 70 to 80 sacks of cement to pour foundations of new homes are able to get only five or six at a time. Retail distributors who normally handle 100 or more sacks a day have been cut to five or 10 sacks daily.

G. K. Verley, Secretary-Treasurer of the B.C. Cement Company, blamed the shortage on last Winter's coal shortage which prevented the Company from producing and storing surpluses. He said his Company is now turning out a record of more than 300,000 sacks of cement a month.

GERMAN NEWS AGENCY REPLACES SOVIET'S

BERLIN Aug. 25 (Reuters) — A new "German News Agency" shortly will replace the Soviet News Agency in Germany, it was reported Saturday. It will have its headquarters in Berlin and an all German staff whose rates of pay will be more than three times that of editorial staffs in the British zone.

NORWAY WINS FIRST TITLE

OSLO, Aug. 25—Norway won its first title in the European track and field championships Saturday as a 27-year-old Norwegian lawyer, Thor Holmvang, took the decathlon event. So. Kusnetzov of Russia was second. Swedish athletes won the broad jump and the 800 meter run.

The world's record holder for the discus, Adolfo Consolini of Italy, won his pet event with ease before 30,000 fans. Consolini spun the platter 53 and 23/100 meters (174 feet, eight and two-thirds inches) to just miss his own world's record.

Sweden had two winners when Rune Gustavsson won the 800 meter run in one minute and 51 seconds, and Olle Laessker won the broad jump with a leap of 24 feet, four and one eigth inches. Russia's Karakulov won the 200 meter run while Finland's Storskrubb won the 400 meter hurdles.

Sweden paced the winning list with five championships, Finland had four, and Britain two.

Chiropractics Well Into the Realm of Scientific Research

VANCOUVER, Aug. 25 (CP)—Dr. J. S. Clubine, Dean of the Canadian Chiropractic College at Toronto, told members of a two-day B.C. chiropractic conference in Vancouver that the profession is now "well into the realm of scientific research."

He said that the present trend is for "medicine to turn to chiropractic."

"Chiropractic," said Dr. Clubine, "has passed the stage of bombastic claims, based upon superficial results and observations. Chiropractic is well into the realm of scientific investigation. If we are to succeed from this day on, we must prove that we are doing scientific research."

The profession is spreading quickly through Canada. All the provinces except Quebec and the Maritimes, he said, have had improved chiropractic legislation. He foresaw that Quebec would have similar legislation within the year.

18 Attend Municipalities Meeting Here

Representatives of the Municipalities of Rossland, Trail, Kimberley, Kaslo, New Denver, and Tadanac were welcomed by Mayor Stibbs to a conference of the Association of Kootenay Municipalities Convention in the City Council chambers Saturday afternoon.

Attending the conference were:

Trail—Mayor H. Clark and Alderman W. Thompson.

Rossland — Mayor J. R. Corner, Ald. W. A. Darby, Ald. W. Cunningham, Ald. Robert Allison, Ald C. Bacon and Clerk J. A. McLeod

Kimberley—Mayor Cliff Swan.

Kaslo—Mayor George S. Baker

New Denver — Chairman James Draper and Commissioner T. W. Clarke.

Tadanac—Clerk P. C. Stewart.

Nelson was represented by Mayor N. C. Stibbs, Engineer H. D. Dawson, Clerk W. A. Gordon, Secretary of the Association W. E. B. Monypenny and W. E. Wasson.

After the meeting adjourned, a banquet was held for the visitors in the Golden Gate.

Reopen Inquiry Into Prewar Pearl Harbor Construction

WASHINGTON, Aug. 25 (AP)—The Senate War Investigating Committee moved Saturday to re-open a dormant inquiry into pre-war construction work at Pearl Harbor.

Senator Harley Kilgore (Dem.-W. Va.), said a sub-committee he heads wants to know whether the Government bought and rented at excessive prices machinery which turned out to be unsuitable for use on overseas building projects.

Committee aides disclosed tips had been received that machinery unfitted for the intended use was shipped abroad by contractors and permitted to lie on docks for months while the Government went on paying rent for it.

Shake Up Ukraine Central Committee

LONDON, Aug. 25 (CP) — The Moscow newspaper Pravda reported today a shakeup in the Ukraine Central Committee of the Communist Party after discovery of attempts to "revive bourgeois-nationalist conceptions."

Pravda's article, as broadcast from Moscow, said:

"There are many shortcomings in our daily work.

"In some areas there is taking place a totally impermissible merging of the Party apparatus with the state and business apparatus. Business executives reward Party workers, illegally supplying them with foodstuffs and industrial goods. This leads to Party workers losing their independence and self-reliance and hinders their control of the activities of business organs."

DEATHS

WASHINGTON—Courtenay Savage, 56, of Chicago, writer and dramatist. Mr. Savage had recently gone to Europe as correspondent for the N.C.W.C. News Service and also was gathering material concerning overseas activities of the war relief services of the organization.

Municipalities Ask Air Service, That More Gas Stations Remain Open, Increase in Welfare Grants

Establishment of a feeder airline scheduled service from Vancouver to Lethbridge or Calgary with intermediate stops was resolved at a meeting of the Association of Kootenay Municipalities in the Nelson City Council Chambers Saturday afternoon. Purpose of the meeting was to consider resolutions to be presented to the Union of B. C. Municipalities Convention next week.

Considerable discussion evolved around the findings of the Air Transport Board on its decision to turn down the applications of three companies for a franchise to operate feeder airlines through the Kootenay District.

City Clerk P. C. Stewart of Tadanac maintained that the statistics which the Board used in compiling its report were incorrect and that the airlines should be given a chance to operate.

Mayor N. C. Stibbs pointed out that a small airline could not operate at a profit here and, consequently, any such line would have to be heavily subsidized. One of the companies, he said, was granted the franchise but the Federal Government refused to meet the high subsidy demands of that company. Mr. Stibbs then made the motion that was adopted by the Association.

Another Nelson resolution approved by the group was that the value of all liquor seized by municipal authorities should be received by the municipality instead of by the Province.

A committee was appointed of the Clerks to examine the wage structure and to study the possibilities of a universal wage rate for certain types of labor in the Kootenay District.

Taking over of full responsibility for the maintenance of illegitimate and neglected children by the Provincial Government, was requested. At present such children are frequently placed with various Children's Aid Societies and become the responsibilities of the different municipalities.

An increase of 30 per cent over the present 50 per cent by the Provincial Government in grants for Social Assistance, Mothers' Allowance and Old Age Pension cases was sought.

A resolution was passed after some contention asked that as many auto service stations that the Council deemed necessary to accommodate the public shall remain continuously open, after the hour of closing, on such days and for such hours as the Council shall determine. The service stations required to remain open will be nominated by not less than three-quarters of the number of service stations in that community.

Clerk Stewart said that the resolution showed "compulsion and dictatorship." He maintained that the stations could be told when they were to close but not when they were to be open.

Endorsement was made of a resolution urging the Provincial Government to establish homes for the aged and the infirm in the Interior which would assist these citizens and relieve part of the hospital congestion.

Imposition of whipping was approved both for juvenile delinquents and for adults convicted of committing an act likely to make a juvenile a delinquent.

Treaty Should Say Hungary First To Join Axis Czechoslovakia Says

By ROBERT C. WILSON

PARIS, Aug. 25 (AP)—Czechoslovakia told the Peace Conference Saturday that the draft treaty for Hungary did not go far enough in stating Hungary's "complicity" in the war.

The Czech delegate told the Hungarian Political and Territorial Committee it was "absolutely essential" the treaty state that Hungary "was the first of the satellites to voluntarily join the Axis."

The committee was debating the treaty's preamble. The Romanian Political and Territorial Committee was also discussing the preamble of its treaty.

The Czechoslovak speaker was Vladimir Clementis.

American Delegate Lt.-Gen. Walter Bedell-Smith suggested that since the Czechs had not formally proposed an amendment, the committee get on with its work. He said the treaty preamble stated Hungary had "become an ally of Hitlerite Germany" 'and this was "odium enough."

The Romanian committee struck a snag when delegates protested they had not received copies of a minor Australian amendment and an equally minor Romanian suggestion for changing the date at which Romania was considered to have joined the Allies.

Chairman Dimitri Manuilsky of the Ukraine observed that "if we go on this way the Peace Conference will last until 1955." The committee finally decided, however, not to try to take any definitive action today, but to enter into only a preliminary discussion of the preamble.

Czechoslovakia agreed to withdraw her amendment to the Hungarian treaty when the Yugoslav delegate Avdo Humo said he was convinced "there are really democratic elements in present-day Hungary" which should be encouraged, and joined Gen. Smith in urging that the amendment not be pressed.

Espionage Commission Work May Come Under Fire

WINNIPEG, Aug. 25 (CP) — The activities of Canada's Royal Commission on espionage may come under fire at the Canadian Bar Association's annual meeting here next week, it was learned Saturday from a reliable source.

He said it was understood that some of the defence counsel for persons named in the commission's report were prepared to question the actions of members of the Association who took part in the investigation or defended in principle the way the probe was carried out.

One authority told The Canadian Press that the matter will probably come up when the report of the Association's Civil Liberties Committee is made next Friday during the third and final session of the conference.

Other sources, however, were inclined to discount the importance of the rumor, and pointed out that the civil liberties report is only one of 12 reports to be dealt with at the Friday session. The real theme of the conference, they said, will be international law and related problems.

It is known that an extensive report on international organization and the maintenance of peace has been prepared for the consideration of the Canadian Bar, and that a proposed International Bar Association will be discussed.

The presence of the President of the American Bar Association, Hon. Willis Smith of Raleigh, N.C., has led to speculation that the Canadian and American Associations will attempt to lead the way in the formation of such an international body. A brief on proposed codification of international law has been prepared for submission to the United Nations.

Hon. John E. Read, Canadian judge on the International Court of Justice, will also attend the meetings here.

Accept Wage Offer

WINNIPEG, Aug. 25 (CP)—Officials of the One Big Union announced today that workers in the Winnipeg Electric Company's street railway, gas and electric utilities divisions had voted 1236-169 to accept a company offer of a 10-cent hourly wage increase.

Tall Shirt Order Being Taken

Shirtmakers Gus Weinberg and Harold Stern were up against it when Henry Hite, Chicago giant, appearing at Milwaukee's Centurama, called to order a dozen shirts. The five-foot tape measure was too short to get the wingspread of 7-foot, 5-inch Hite, but they settled for a 17¾-inch collar, 41½-inch sleeve. The cost—$124!

Yugoslavia Isn't The Old One We Used to Know

By DEWITT MACKENZIE

The Yugoslavia we have been seeing these last few days isn't the Yugoslavia we used to know—the gallant little friend beside whom we fought in two great wars.

Of course the Yugoslavs always have been two-fisted fellows in defending their rights, but it's against their nature to break the bond of friendship once given.

One cannot believe that the loyal and friendly nature of the average Yugoslav has been changed overnight.

However, the country is in the grip of a totalitarian dictatorship which has proclaimed a new political code of regimentation. Under that code the individual acts as the government decrees. He isn't supposed to think, but only to obey.

The dictatorship ordered hostile demonstrations against unarmed American transport planes. Some Americans likely are dead in order that these demonstrations might be made.

In discussing the possible reasons for Marshal Tito's hostility, our column previously pointed out that Yugoslavia is very much in Moscow's pocket. It struck me that at least one reason for the Yugoslav chief's action was to impress on the United States and other Western Allies that outside interference was not welcomed in the great Slavic bloc of which Yugoslavia is an important unit.

We can take that thought a step further. No matter what may be the final word regarding the assault on the United States, and the American ultimatum to Tito, this much we can say now:

Marshal Tito has painted with the flaming red of danger the line of demarcation between the Russian-dominated bloc of Eastern Europe and the Western democracies. Close observers knew, of course, that this division existed—that two definite divisions had grown out of the great post-war realignment of power—but a lot of folk have been living in the wishful thought that the barrier might be lowered.

Now Tito has made it plain that such hope is vain—at least at this time.

Sign in Window "Call Police—Dead"

POTTSVILLE, Pa., Aug. 25 (AP).—George Allen, a Minersville milkman, noticed a sign in the window of Morris Shangold's house which read "Call police—dead." Allen did and the police found Shangold, 88, dead and all the gas jets turned on. Coroner G. Ryland Lord issued a verdict of suicide.

Pound of Uranium Produced Gas Drives Train 4 Days

BUFFALO, N.Y., Aug. 25 (AP)—Development of an inexpensive method of making use of atomic energy which eventually is expected to power a locomotive from coast-to-coast at a cost of less than one dollar, was announced Saturday by the Buffalo Machinery Company.

R. Alden Miller, vice-president, said the company had developed a rectifier which produces a combustible gas from a commercial type of atomic "C" uranium.

Acknowledging that the present costs are high, Mr. Miller said "the best advices we can get indicate that atomic 'C' eventually can be bought for between 50 cents and a dollar a pound."

"It would take only about one pound to operate a locomotive for four days—long enough to travel from coast to coast."

Availability of the material, said Mr. Miller, "depends upon the Government control plan." He said the present device had been "producing gas successfully for six months."

Canadian Fights Best When Given Freedom —Montgomery

HALIFAX, Aug. 25 (CP).—Canada's fighting man will be interested in what Field Marshal Viscount Montgomery has to say about him.

In accepting an honorary degree at Dalhousie University the famous field commander gave this appreciation:

"He is definitely a very brave fighting man. But he is not alone in this: the soldiers of other nations are also brave.

"I would say that the Canadian soldier's hall-marks are: His independence, his enterprising versatility and his robust mentality.

"He is inclined to be impatient if the structure of the battle imposes on him an undue measure of restraint or control. He accepts the need for a framework of control, but within that framework he is at his best if he can have liberty and freedom to crack about and get on with the job.

"If you give him the maximum scope and freedom, he will pay a tremendous dividend. He is a grand soldier."

181,000 Students For Sask. This Fall

REGINA, Aug. 25 (CP)—Classrooms in Saskatchewan this Fall will contain nearly 181,000 students, ranging from primary school pupils to university students. About 145,000 pupils will be enrolled in the public and separate schools, and some 31,000 students are expected to attend high schools. Possible enrollment at the University of Saskatchewan has been set at 5000 and 800 normal school students are expected.

Four Houses Damaged by Fire

WINNIPEG, Aug. 25 (CP) — Four houses were damaged, three badly, and 33 persons made homeless in a two-alarm fire which broke out in North Winnipeg early Saturday. No one was injured.

Monty Arrives

By JACK BRAYLEY

HALIFAX, Aug. 25 (CP)—Wearing his familiar black beret and battle dress, Field Marshal Viscount Montgomery stepped ashore Saturday to inspect a guard of honor at the beginning of his 17-day tour of Canada.

A burst of cheers greeted him as he walked down the gangplank but there was also some booing that seemed to come from some of the Canadian troops on the ship. Later, one of the group of soldiers lining the ship's rails said it was all in fun. "We always booed the brass hats," he said, "and we wouldn't except even old Monty."

The troops were some of the 500 returning veterans who accompanied Monty across the Atlantic on the liner Mauretania. His fellow-passengers also included 800 dependents of Canadian servicemen.

A distinguished fellow passenger was Most Rev. Geoffrey Francis Fisher, Archbishop of Canterbury, bound for Winnipeg to attend the General Synod of the Church of England in Canada.

The Archbishop landed about half an hour before the Field Marshal left the ship.

After inspecting the guard, Monty was driven through the flag-decked streets to be received at Old Province House. Little knots of people on the street corners cheered him as his staff car passed.

"Monty," looking perky and refreshed after his ocean voyage, took a keen interest in the docking routine. He also listened to the beautiful choral singing of a bevy of Dutch war brides, who carried on an impromptu program of their native songs.

Meanwhile, on the dock, a military band played a lively serenade that included British patriotic airs.

Members of the crew leaving the ship said Monty had been a good sailor, had not missed any meals, and had eaten regularly in the main dining salon.

They said that apart from that he was seen little on the ship, confining himself to his quarters working over a mass of "office work."

Throughout the voyage he wore his beret and turtleneck sweater, and a baggy pair of slacks.

Granted Charter For Air Service From Regina

OTTAWA, Aug. 25 (CP)—An application by the Canadian Pacific Air Lines to operate a non-scheduled charter commercial air service from a base at Regina has been approved by the Air Transport Board, Reconstruction Minister Howe announced Saturday.

The Board prohibited the carriage of freight and passengers between any points on a scheduled route except those licensed by Canadian Pacific Air Lines.
