ALLIES SPEED AHEAD IN ITALY

Russians Pound Through 80 More Villages

By JUDSON O'QUINN
Associated Press Staff Writer

LONDON, Oct. 29 (AP)—Red Army troops of the Nogaisk Steppe converged on the Lower Dnieper River stronghold of Nokopol tonight after shattering a German defence line 25 miles to the Southeast and also pounded a demoralized enemy back to the approaches of the imperilled Crimea, Moscow announced.

Paced by Cossack cavalrymen who slashed the enemy far in the rear of every improvised German rearguard stand, the Russians swept through 80 more villages in smashing 15-mile gains which put them within 30 miles of the Sivash salt marshes bordering the Northeastern gateway to the Crimea, and within 50 miles of the Perekop bottleneck at the Northwestern corner of the peninsula.

Inside the Dnieper Bend another Red Army under Gen. Rodion Y. Malinovsky, striking 30 miles South of Dnepropetrovsk, gained six miles to capture Alexandrovka, only 42 miles North of Nikopol.

This two-way threat to Nikopol by the Steppe Army under Gen. Feodor Tolbukhin and the units under Gen. Malinovsky was expanded into a three-way strike by other Russians making a new crossing of the Dnieper just South of Zaporozhe, a Berlin broadcast said.

Zaporozhe is 40 miles Northeast of Nikopol, and the Russians were silent about this new outpouring of men and materials. Moscow's silence is habitual until offensives are well under way.

The communique's midnight supplement said the Russians under Tolbukhin cracked a German line of trenches, minefields, and barbed wire, erected in the Balki-Malaya-Byelozerka sector, and went on to take Bolshoi-Byelozerka, within 25 miles of the river crossing leading to the West bank Manganese centre of Nikopol.

At besieged Rog, iron centre 50 miles West of Nikopol the Russians beat off heavy enemy tank and infantry attacks in their effort to capture that city and seal off all the Germans caught in the triangle between there, Nikopol and Dnepropetrovsk.

TANK BATTLE RAGES

The Germans reported a huge tank battle raging for the second day at Krivoi Rog as Axis troops fought savagely to hold open an escape route between that city and Nikopol.

The Russian communique said Tolbukhin's army had captured Torgayevka, 50 miles Northeast of Perekop, in its swift drive to close off that Nazi escape hatch from the Crimea. Ivanovka, 14 miles Southeast of Torgayevka, also was overrun, and other Russians smashing down the Melitopol railway took Bolshoi-Utlyug, only 45 miles from the Sivash salt marshes at the Northeastern entry into the Crimea.

The Soviet column moving from Torgayevka toward Perekop, was speeding to cut the Perekop-Kherson railway, while another column striking Westward was believed to be within 40 miles of Kakhovka, another lower-Dnieper crossing between Kherson and Nikopol.

Six hundred miles to the North, the Russian communique said, the Red Army's latest offensive strike toward Vitebsk tapered off into "engagements of local importance," but several more villages were seized.

Germans Order Death to 519 Czech Patriots

LONDON, Oct. 29 (CP) — A new blood bath for Czechoslovakia, recalling the horror of Lidice has been ordered by the ruthless Nazi rulers, the Czechoslovak Information Bureau said today, and other conquered countries also reported a tightening of the Germans' stern grip.

Death sentences were meted out to 519 Czech patriots at Olomouec (Olmuetz) in Moravia for what the drumhead Nazi courts charged were "acts of terror and sabotage" and apparently indicated a general uprising in the important rail centre.

It was the largest mass death sentence yet imposed at one place in Czechoslovakia, where 50,000 patriots have been executed according to Czech records in London. The infamous trial of Lidice resulted in the execution of 483 adult males following the slaying of the Nazi "Hangman" Reinhardt Heydrich.

UNREST SPREADS

From other sources came additional reports that the Germans have abandoned efforts to sell the "new order" to the conquered peoples of Europe as unrest everywhere increases.

A state of emergency has again been imposed on once-placid Copenhagen, the Danish capital.

Spreading uprisings in France had caused Berlin to admit openly that a shakeup in the Laval government is imminent. A new problem also has arisen in the Baltic states where a food shortage is developing and refugees have been crowding into Estonia, Latvia and Lithuania to escape the battle zone as Russian troops advance closer.

Payments Will Assist Prairie Farmers

OTTAWA, Oct. 29 (CP)—Agriculture Minister Gardiner announced today that payments totalling about $6,000,000 will be made to assist farmers in crop-failure or near crop-failure areas in Saskatchewan and Alberta under the Prairie Farm Assistance Act.

Farmers pay into a fund one per cent of the amount received on grain sales every year, and this fund is drawn upon when a crop failure occurs, with assistance from the Federal Government when necessary.

Complete or near crop failure exists in at least 880 Alberta and Saskatchewan townships this year due to drought conditions.

THREE POWERS AGREE ON COLLABORATION

Moscow Conference Tremendous Success—Roosevelt

"HAPPY SHIP"

By J. F. SANDERSON
Canadian Press Staff Writer

WASHINGTON, Oct. 29 (CP)—Russian, Britain and the United States have agreed on the broad principle of post-war collaboration to maintain the peace, it was strongly hinted today.

While the United States Secretary of State, Cordell Hull, British Foreign Secretary Anthony Eden and Russian Foreign Commissar Molotov continued their political and military talks in Moscow, the developments threw light on the nature and scope of the conference:

1. President Roosevelt, terming the Moscow conference a tremendous success, said its over-all objective is peace in the world and end to aggression.

2. In Moscow, American spokesmen repeated to a Press conference the substance of an address delivered Sept. 12 by Hull and declared, "It can still be said this goes." Hull on that occasion said, "The nations that stand for peace and security must now make up their minds and act together—or there will be neither peace nor security."

President Roosevelt told his Press conference today the Kremlin talks have been a great success, not only in the definite agreements reached but in the spirit—it has been, to use a nautical term, a happy ship.

From what he said, it was inferred that, to all intents and purposes, the conference now is over except for the formal signing of documents. He was unable to add anything definite about a tri-partite meeting among himself, Prime Minister Churchill and Premier Stalin.

Meanwhile, the Senate debated for another day the Connally resolution which, despite its vagueness and ambiguity, seems to carry the President's endorsement as the best method of stating American foreign policy at this stage of the fighting. It would place the Senate, the final arbiter on foreign policy, on record as favoring "international authority with power to prevent aggression."

Mr. Roosevelt said that he was very much in favor of the Senate declaration that, to avoid war in the future, this country will co-operate with others. But he did not care to say that the Connally resolution under discussion in the Senate was adequate.

Regarding the Senate's foreign proposal, Mr. Roosevelt said he thought some general language would emerge and he remarked that too specific terms might have to be changed at some later time.

He said he thought it would be a very fine thing for the Senate to say that this country would co-operate with others to avoid future wars.

The Senate, the President said, has every right to talk about the issue as long as it wants to.

Germany Pledges to Respect Pope

LONDON, Oct. 29 (AP)—Germany has given a special pledge to respect the Pope and his official family as well as all the activities of the Vatican, it was announced tonight.

The assurances were given by the German Ambassador at the Holy See, Baron Ernst von Weizsacker, and were published in the Vatican City newspaper Osservatore Romano and announced in German both by the Berlin Radio and the Vatican Radio in broadcasts.

Berlin Radio quoted the German agency D.N.B. as saying "Germany will, as in the past and so also in the future, respect the dignitaries and activity of the Holy See as well as the sovereignty and integrity of the Vatican."

A group of Rome civilians, with the reported approval of Pope Pius, had suggested declaring the Italian capital as a neutral "Holy City" under the supervision of an 11-man non-political commission and a neutral Swiss delegation, the Swiss Telegraph Agency said in a Rome dispatch today.

The reported plan is based on the Lateran Pact recognizing the Vatican as neutral and inviolate, and would extend that neutrality to include Rome.

The Swiss Government was said to have been asked to appoint a delegation to assure the removal of military installations from the proposed territory.

TRAINING TOUGH AT VERNON: Canada's chief battle school at Vernon, B. C., hardens her men for actual combat by simulating war conditions. Here a pineapple welcome awaits the enemy, through this small opening. With his left hand, the soldier holds a sandbag which he uses over hole to guard against blast. Trainees learn to drop from a truck moving at 25 miles an hour. They turn a complete somersault and land on their feet running. (See more training views in Today's News Pictures).

10 Enemy Ships Sunk in Pacific; Revise Atlantic Strategy

WASHINGTON, Oct. 29 (AP)—American submarines cruising the Pacific, have sunk 10 enemy vessels and damaged four others.

The figures contained in a communique issued at Navy Secretary Frank Knox's press conference, brought to 474 the number of Japanese ships sunk, probably sunk or damaged.

Knox also announced that improvement in the submarine situation in the Atlantic has made it possible to discontinue plans for construction of 427 vessels which would have been used in anti-submarine work and to use the construction facilities thus released to build vessels for amphibious operations.

The vessels on which plans for construction were cancelled included 305 destroyer escorts; 60 180-foot escort vessels originally designed as mine sweepers; 50 173-foot patrol craft and 12 110-foot submarine chasers.

30,000 Italian Soldiers Attack in North

LONDON, Oct. 29 (AP) — An Italian army of 30,000 trained fighters has been established in Northern Italy and, with the aid of arms supplied through Yugoslav Partisans, already has engaged German troops, a Swiss dispatch reported tonight.

This significant widening of the Germans' long Northern Adriatic defensive front was reported soon after Yugoslav armies announced they had cut Yugoslavia's main railway both above and below the capital of Belgrade.

A dispatch dated at the Italian frontier printed in the Basel, Switzerland newspaper Nachrichten said the trained Italian army had been formed in Venezia province, the Northeastern part of Italy bordering on Yugoslavia and Austria.

The new army already has fought a 24-hour battle with German troops at Verona, this report said, resulting in many being killed and wounded on both sides. The battle was said to have ended when the Germans rushed in reinforcements from Turin, Milan and Venice, the Italian withdrawing into the mountains.

The Basler Nachrichten said that German communications throughout this region are being cut constantly, and the Nazi transport intercepted.

Kesselring Relieved of Command

LONDON, Oct. 29 (CP)— An Axis source confirmed today that Field Marshal Albert Kesselring had been relieved of his command in Southern Italy and General Heinrich von Wittinghoff has succeeded him. The Nazi-controlled Vichy radio made the announcement.

Von Wittinghoff, 50, and a tank expert, has been second in command to Kesselring in Southern Italy.

President Ready to Take Action Against Miners

WASHINGTON, Oct. 29 (AP)—President Roosevelt wrote the United States War Labor Board tonight that if the coal miners do not accept the Board's wage increase proposals "I shall take decisive action to see that coal is mined."

In a letter to Board Chairman William H. Davis in reply to the Board's certification to him of the unauthorized soft coal strikes, the President said he would take no action until after the United Mine Workers Policy Committee meets Monday. He added:

"I am loathe to believe that the miners, after careful consideration, will reject the proposal which the Board has indicated it would approve and which goes very far toward meeting the demands of the miners."

"Certainly in war time," Mr. Roosevelt added, "the miners will not take the position that they will sign no contract other than one dictated by their leaders. We are at war, and all of us must make sacrifices for our common good and common safety."

Mr. Roosevelt, in order that there may be no misunderstanding among the miners, the Board should consider "the wisdom of an announcement that it has no objection to the insertion of a clause in the contract that in case shall a miner receive for a day's work less than he would have received for his productive work at the straight time hourly rate under the old contract."

The strike, meantime, spread rapidly. A mid-afternoon survey showed more than 80,000 miners idle.

Name 24 Men on Missing Plane

OTTAWA, Oct. 29 (CP)— The R.C.A.F. late today issued the names of the 24 Air Force personnel who are "officially reported missing somewhere in Canada" following disappearance Oct. 19 in the Gulf of St. Lawrence area of a four-motored Liberator bomber.

Crew members: Poirier, J. A. R., Flt. Lt., Kenora, Ont.; Sanderson, S. A., Fo., London, Ont.; Silverstein, J., Wo. 2, Windsor, Ont.; Barabanoff, J. A. Wo. 2, Vancouver; MacDonald, R. W. Wo. 2, Woodstock, N. B.; McNaughton, W. G. Sgt., Montreal.

Passengers: Fisher, Robert F., Flt. Lt., Armstrong, B. C.; Johnson, John, Fo., Sarnia, Ont.; Jenkins, S. E., Wo. 2, Millview P. E I; Lamont, J., Wo. 2, Vancouver; Finn, E. M., Sgt., Toronto; Ware, R. F., Sgt., Vancouver; Howlett, W., Wo. 1, Galahad, Alta.; Elliot, F. H., Sgt., Halifax; Beattie, H. D., Cpl., Nash Creek, N. B.; Wood, S. A., Sgt., Palgrave, Ont.; Johnston, A. C., Cpl., Toronto; Patterson, G. R., Lac., Cornwall, Ont.; Vieileux, J. A. J. R., Lac., Thetford Mines, Que.; Hambly, H. K., Cpl., Woodstock, Ont.; Marr, R. V., Cpl., Ketepec, N. B.; Read, E. W., Lac., Rochester, N. Y.; Radcliffe, A. J., Lac., Rivers, Man.; Dynes, C. L., Ac, Oakville, Ont.

PACIFIC AIR TROOPS LAND ON NEW ISLAND

Choiseul, Where Japs Fled From Solomons, Attacked

NO OPPOSITION

ALLIED HEADQUARTERS IN SOUTHWEST PACIFIC, Oct. 30 (Saturday) — (AP) — Allied paratroops have landed on Choiseul Island, in the Northern Solomons on the right flank of Japan's last big base of Bougainville.

The landings, accelerating an offensive to drive the Japanese out of all the Solomons, were achieved Thursday at Voza, Allied headquarters announced today.

This move speedily followed American and New Zealand landings Wednesday at dawn on the Treasury Islands 30 miles South of Bougainville. The Japanese on the main island of Mono in that group now have been pushed to its Northern end.

The landings on Choiseul occurred near the Japanese barge staging area. It was to Choiseul that many remnants of the Japanese troops driven out of the central Solomons were evacuated, with Bougainville their ultimate destination.

Choiseul is separated by Bougainville Strait from Bougainville and its investment would control water by which both Southern Bougainville and the nearby Shortland Islands are supplied.

Southern Bougainville's air bases already have been knocked out by Allied bombings and today's communique reported smashes at the Buka air base in the Northern Bougainville sector.

KILL 200 JAPS

There a fierce bombardment killed 200 Japanese workers on a runway. Seven Japanese planes were destroyed.

The parachute troops which landed at Choiseul were unopposed in their landing on that island's Southwest coast.

"The enemy is withdrawing to the North," headquarters reported on that operation.

The forces which landed Wednesday in the Treasury group with naval and air support continued to receive the aid of bombing and strafing planes in the campaign on those two tiny islands.

Fighter-escorted medium bombers struck the smashing blow at Buka, raiding at treetop height. The bombers also sank an auxiliary vessel and damaged four enemy planes in addition to the seven destroyed on the ground.

The unopposed destruction of airfields in the South Bougainville area continued.

Bombers of all categories, escorted by fighters, struck anew at Kahili, left all of its runways unserviceable and knocked out anti-aircraft positions.

The inoperative airfield of Ballale in the Shortlands was strafed by fighters.

Charge Airman With Murder

NEW YORK, Oct. 29 (AP)—In six action-packed hours, Wayne Lonergan was paraded in police lineup today, arraigned in homicide court, and then indicted on a first degree murder charge in the slaying of his wife, Patricia Burton Lonergan, 22-year-old heiress to millions.

Shortly after the Grand Jury acted, the prisoner informed general sessions Judge Jonah J. Goldstein that he was destitute and signed the equivalent of pauper's oath to clear the way for the court to assign him an attorney. The jurist fixed next Thursday to hear a plea to the indictment.

Police said Lonergan told them his wife had left him out of her will and that he knew it four months ago.

Coincident with the indictment, police disclosed that three hours after Mrs. Lonergan was slain Sunday in her home in the fashionable Beekman Hill section, the 26-year-old Royal Canadian Air Force aircraftman returned to the building and left a toy elephant in the hallway as a gift for his 18-months-old son.

Lonergan already had related in a confession according to the police, that he slew his wife in a rage over her refusal to permit him to see his son again.

ATTLEE AGAIN LEADS LABOR PARTY

LONDON, Oct. 29 (CP)— Clement Attlee, Deputy Prime Minister, was reelected leader of the Labor Party without opposition last night and Arthur Greenwood was renamed Chairman of the Administrative Committee.

Crash Mountain Defences; Canucks Take 3 Towns

ALGIERS, Oct. 29 (AP)—Anglo-American troops of the 5th Army, struggling up 1,600-foot slopes against a powerful cut-off play against the mountain fortress into which the enemy has converted Massico Ridge on the Southwestern end of the Italian front.

Gains were made all along the front. The British 8th Army advanced both in the Apennine Mountain region, where the Canadian 1st Division on the left wing is seeing heavy fighting, and nearer the Adriatic Coast.

Canadian troops in two days took Molise and two other towns as they pushed on presumably towards Isernia in the upper Volturno valley, while British troops 15 miles from the Adriatic won Montefalcone after a five-mile advance from Castelmauro.

(William Stewart, Canadian Press War Correspondent with the Canadian forces reported that the Hastings and Prince Edward Regiment on Wednesday captured Molise, while the 48th Highlanders of Canada the same day had taken another town just to the right, possibly Torella Del Sannio. Stewart added that the Royal Canadian regiment on Tuesday had captured still another town from which the 48th's advance to its objective could be watched.)

Today's advices to Allied Headquarters said Gen. Sir Bernard Montgomery's veterans near the Adriatic were clashing bitterly with the enemy near the town of San Slavo, two miles North of the Trigno River and three miles inland.

Lt.-Gen. Mark W. Clark's American Infantry of the 5th Army smashed three miles beyond Sparanise and official reports from the front said they were threatening the road junction of Teano, from which a highway passes Northward of Massico ridge toward Rome.

Five miles South of Teano other 5th Army units had seized Francolise on a main highway that also stabs through the mountains just North of the Massico fortress. These two forces, by converging and pushing through the available pass, would isolate German troops on Massico, anchor of the Rommel defence line.

NAVY POUNDS SHORE

The Allied Navy applied pressure on the seaward side of the German line. An American cruiser and destroyers stood off in the darkness Wednesday night and poured shells into the enemy's line of communications along the ancient Appian Way in the Minturno area, some 12 miles North of the front.

The 5th Army's coastal flank of British divisions still was held by elaborate German defences along the Regia Canal, only four miles North of the Volturno. Some British troops which landed from the sea had, however, crossed this barrier.

The 48th Highlanders of Canada were given the honor of an official announcement that they are engaged in the battle for Italy.

The announcement from Allied headquarters was regarded as recognition of the highly-efficient role the Toronto battalion has taken in recent fighting.

Both Allied fighters and bombers braved the unsettled weather across the front to attack enemy gun and troop positions, road junctions, airdromes, trains and bridges. Two Nazi planes were shot down, while the Allies did not lose a single aircraft.

Stalin Given Full Details of Military Position

MOSCOW, Oct. 29 (AP) — Premier Marshal Joseph Stalin had before him today the full details of the British Military position as the tripartite conference entered its 10th day.

It was learned that a report was given Stalin by Foreign Secretary Eden and Lt.-Gen. Hastings Ismay, Deputy Secretary to the War Cabinet for Military Affairs, when they saw Stalin at the Kremlin Wednesday night. The report was promised Stalin by Prime Minister Churchill last year in Moscow.

1,200,086 GERMAN CIVILIANS KILLED OR MISSING

LONDON, Oct. 29 (AP)—A total of 1,200,086 German civilians have been killed, or reported missing and believed killed, in air raids from the beginning of the war to Oct. 1, Swiss dispatches, quoting official German Government statistics, said today.

VICTORY LOAN DRIVES PAST $700,000,000

Subscriptions Well Over 1,000,000; Daily Average Slips

SALES 59 MILLION

OTTAWA, Oct. 29 (CP)— More than 1,000,000 subscriptions have been received for Canada's Fifth Victory Loan, which now has a cumulative total of $703,297,150 against a $1,200,000,000 minimum objective, it was reported tonight by National Headquarters.

For Thursday—10th day of the 18-day campaign—157,203 subscriptions were reported, bringing the grand total to 1,087,236, compared with 783,246 at the same stage of the fourth drive.

The dollar-total for Thursday's canvass was $59,840,100, pulling down the average daily receipts to a little more than $70,300,000. Officials said that unless today's business exceeds that of Thursday, the loan should reach the neighborhood of $760,000,000 when overnight wires are totalled tomorrow.

The R.C.A.F. now has raised $10,468,350, 120.5 per cent of its objective. The Army has reached $10,570,980, 106 per cent, while the Navy has $3,079,000, with many subscriptions unreported owing to ships being at sea.

Lethbridge, Alta., with subscriptions totalling $1,141,500, is the second Canadian city to top its general canvass and payroll savings quota. Sorel, Que., won first place several days ago. Lethbridge's overall subscriptions came to $1,612,500, 110 per cent of quota.

"The 10th day's yield was lower than average and lower than had been expected," said today's press statement, reporting that the corresponding totals in last Spring's $1,100,000,000 fourth Victory Loan were $66,737,100 and $630,843,600.

"General sales to the public have been rather low during the past three days. They have not fallen materially below the corresponding days of the fourth Victory Loan, but in the fifth Loan the aim is to increase the number of subscribers and also to increase the dollar amount considerably so that the objective of $525,000,000 from the public may be realized."

Cities having more than 55 per cent of objective with 55 per cent of the canvassing time gone include Vancouver 65.7. Other standings: Edmonton 54.6; Saskatoon 50.5; Moose Jaw 50; Victoria 46.02; Regina 43.1; Calgary 38; and Medicine Hat 7.17, with 73.88 of total objective.

Trail Chinaman Found Stabbed

TRAIL, B. C., Oct. 29—Joe Hing, a Chinaman, is in a serious condition in hospital here today with a knife wound in his stomach. He was found in the basement of the Bluebird Cafe last night about 9 o'clock.

City police are investigating the case while doctors report that Hing's condition is uncertain mainly due to shock.

Army Gives Up Oranges for Infants, Invalids

VANCOUVER, Oct. 29 (CP) — The Canadian Army has come to the rescue of infants and invalids who would otherwise suffer during the tightening orange supply situation by cancelling its orange ration until Dec. 1 when the 1943 crop is expected to arrive, Prices Board officials announced today.

Military and civil hospitals now will have first call on dwindling stocks as a result of the decision made by the military authorities.

Constable Lindsay on Stand as Richardson Trial on Charge of Intoxication Gets Under Way

Trial of David Richardson of Rosemont on a charge of being intoxicated in public, delayed since early August while Mr. Richardson has been recuperating from a broken ankle suffered at the time, opened in Provincial Police Court Friday afternoon. With only one witness heard during the afternoon session, and most of the time taken up with a gruelling cross-examination, the trial was adjourned at the close of the day until Nov. 6. It will probably be adjourned further at that time owing to expected absence of court officials.

Stipendiary Magistrate William Irvine is hearing the case. C. B. Garland of Nelson is acting as prosecutor and Donald Mac Donald of Trail is acting for Mr. Richardson.

CONSTABLE ON STAND

Constable Hugh Lindsay of the B.C. Police, who arrested Mr. Richardson August 7, was on the stand during the whole of Friday afternoon's long session, with one unbroken session in the witness box of over two hours. When adjournment was taken Mr. MacDonald reserved the right to ask additional questions which might be indicated by examination of his notes; and Mr. Garland indicated he would probably ask more questions in re-direct examination.

The hearing was marked by verbal duelling between Mr. Garland and Mr. MacDonald, much of it humorous as Mr. Garland objected to commenting questions and Mr. MacDonald insisted his questions were correct. Mr. Garland repeatedly accused Mr. MacDonald of using "864 words", and Mr. MacDonald quipped back in asides.

Mr. Richardson, in hospital or at home since he suffered a broken ankle while being arrested, had crutches in court and was assisted into and out of the building.

Direct examination of Constable Lindsay was short, but cross-examination was exacting and lengthy.

CALLED TO DISTURBANCE

The Constable stated he was called to a disturbance at a home in Rosemont about 11 p.m. the night of Aug. 7. He dressed hurriedly, putting on police shirt and slacks, and a civilian coat.

Nearing his destination he saw Mr. Richardson on the road, staggering, and when he stopped the car to ask his name he smelled liquor on him, he stated. Mr. Richardson refused to give his name and the Constable said he was going to arrest him.

The witness stated he told Mr. Richardson he was a B. C. Police officer.

TWICE OUT OF CAR

Constable Lindsay testified Mr. Richardson swung on him, hitting his shoulder, and that he then got behind him and shook him. Mr. Richardson "became very violent". Finally, he said, he got him into the car. After he had turned and was headed back toward town Mr. Richardson twice jumped on his back, and as he stopped the car, got out. The second time, after he got out, the Constable found him sitting on the roadside.

Daniel McGinn, living nearby was called, and Mr. Richardson complained of his ankle hurting. Mr. McGinn examined it and then helped the Constable take Mr. Richardson to the Provincial Jail.

Constable Lindsay testified that when he was putting Mr. Richardson into the car the second time he was kicked in the ribs, and later found he had a fractured rib. He stated Mr. Richardson obtained a bloody nose by coming in contact with the door of the car, either through Mr. Richardson pulling on the door or through the door swinging as a result of the angle at which the car was parked.

"Any time he was loose he charged me," Constable Lindsay stated.

DENIES HIT RICHARDSON

Under cross-examination he denied that he had hit Mr. Richardson at any time; but said he had pushed him, using the heel of his hand. He was not wearing his police cap in the car, he told Mr. MacDonald.

Mr. Richardson asked, when he spoke to him, "Where's your card," but Constable Lindsay claimed that the fact that he was partly in uniform and that he had declared himself was sufficient. He denied that he came angry while handling Mr. Richardson. He didn't know the man's dental plate had been broken, but was told later.

The Constable stated he had been on duty at Balfour during the day preceding, helping search for a body in Kootenay Lake. He was not "overly tired" nor excited when he answered the call to Rosemont, he said.

It was not unusual for police officers, when encountering a drunk man, to take him home, he said in reply to questions by Mr. MacDonald, but at the time he made the arrest he did not know who Mr. Richardson was, nor that his home was nearby.

Arrest Organizers in Connection With Quebec Strike

SHAWINIGAN FALLS, Que., Oct. 29 (CP)—Philip Cutler and Jean Jodoin, organizers for the American Federation of Labor, today were arrested on charges of impeding the war effort in connection with a partial strike of Aluminum Company of Canada employees in two plants here.

Both men were remanded until Nov. 3 without bail, after pleading not guilty to the charges. They appeared in court in nearby Three Rivers a short time after their arrest here.

Urge Ministry on Reconstruction in Federal Gov't

SEIGNIORY CLUB, Que., Oct. 29 (CP)—The 16th annual meeting of the Canadian Chamber of Commerce was brought to a close today after business leaders had considered pre-victory and early postwar economic problems.

The establishment of a special ministry on reconstruction in the Federal Government was called for in the long-term policy statement adopted at the winding-up session.

The Chamber recommended that all elected governmental bodies and all citizens aim to conserve national unity in months and years to come and help develop objectives of confederation by all means in their power.

Clarification of the position of Federal and Provincial Governments on taxation questions was also asked for by the Chamber which called for a clear enunciation of national policy on labor relations in a single code. It formulated the wish that the Federal Government refrain from competing with free enterprise except in those activities which properly appertain to public administration."

Boswell Ladies Ship Parcels to Overseas Men

BOSWELL, B. C. — Community gift parcels from Boswellites to the boys overseas have been mailed. Gifts for those serving in Canada will also be sent. The task of collecting funds and packing and mailing the parcels was done by Mrs. A. Hepher, Mrs. H. Johnstone, Mrs. A. Mackie, and Miss E. Holiday-Smith.

The same four ladies also made large batches of cookies to be included in the parcels. Contents of each package consisted of razor blades, shaving soap, toilet soap, gum, candies, chocolates, raisins, shortbread, cookies and a Christmas card.

Directory Shows Population 7165 in Nelson

VANCOUVER, Oct. 29 (CP)—A general population advance in almost every town in the Province is reported in the 1943 British Columbia directory just issued.

Greater Victoria's present population is listed as 86,000 compared with the 1942 figure of 78,106.

Greater Vancouver's 1943 total is 407,634.

One of the largest increases is shown for Dawson Creek which shot from 842 in 1942 to 6572 in 1943.

Other present populations with 1942 figures in brackets follow: Prince Rupert 12,660 (9656); Trail 12,771 (9096); Nelson 7165 (5758); Kelowna 8945 (5047).

To Strengthen Indians' Union

VANCOUVER, Oct. 29 (CP) — Andy Paull, head of the Native Brotherhood, British Columbia Indian organization, said today that approximately 4000 Indian fishermen in B. C. will probably join the United Fishermen's Federal Union by the end of this year.

This will make the U.F.F.U. one of the strongest basic industry unions in the Province.

Paull said the question of affiliation for the Indians is on the agenda of their annual potlatch, to be held Dec. 1 at Cape Mudge.

OSLO (CP)—One of Norway's underground newspapers, "V Posten", recently celebrated publication of its 100th edition and the start of its third year. The mimeographed journal has a circulation of more than 25,000.

Kootenay-Boundary More Than Half Way Toward Victory Loan Goal

KOOTENAY-BOUNDARY VICTORY LOAN STANDING

General canvass:

	Friday	To date	Per.
East Kootenay	$ 36,100	$328,700	56.8
Nelson Unit	71,450	393,650	80.8
Trail Unit	54,700	378,700	86.5
Totals	$161,250	$1,498,050	54.6
Special names (unchanged)		$9,307,000	

With "Replace the St. Croix" as its theme, Kootenay-Boundary enters on the final drive of the Fifth Victory Loan campaign with less than half of its objective to obtain. On Friday official figures gave total of $1,498,050 in the general canvass, representing 54.6 per cent of the $2,735,000 combined objective of East Kootenay, Nelson Unit and Trail Unit.

East Kootenay stayed fractionally ahead of Trail Unit for percentage leadership, gained on Thursday, after Trail had led for several days. Nelson Unit, with $26,000 in payroll savings subscriptions added to general subscriptions Friday, provided the biggest total of the day and passed its own 80 per cent mark.

PAYROLL SAVINGS PUSH NELSON OVER HALF WAY

With $25,000 in payroll savings subscriptions added, along with substantial district and city reports, the Nelson District total in the Fifth Victory Loan campaign reached $393,650, or 80.8 per cent of the $775,000 objective, on Friday.

To reach this goal and play its full part in the "Replace the St. Croix" campaign now opening throughout the Southern interior, Nelson Unit needs $333,350.

Nelson City reached $338,600, which was 84.6 per cent of the $600,000 objective. To attain it will require $271,400.

The figures follow:

Nelson unit:

	Friday	To date
Kaslo	$ 200	$ 13,000
Nakusp	1,850	15,100
Nelson	26,450	326,600
New Denver	9,850	30,650
Salmo	1,300	8,300
Totals	$71,450	$393,650
Special names (unchanged)		$157,000

GREENWOOD LEADS DRIVE IN TRAIL UNIT

TRAIL, B. C., Oct. 29 — Trail District's total general sales for the Fifth Victory Loan exceeded 56 per cent of the minimum required according to official figures released today. At the same time it was unofficially reported that Greenwood had achieved sales of something over $34,000 and was still climbing. Delay in getting official figures from that area still held Greenwood to $29,050 in the official report.

Figures for the various units with quotas in brackets were as follows:

TRAIL—	
City	$163,000
C. M. & S.	227,150
W. K. P. & L.	5,505
Tadanac	19,200
Total ($707,000)	$414,400
ROSSLAND—	
City	41,550
C. M. & S.	40,500
W. K. P. & L.	900
Tadanac	1,350
Total ($160,000)	84,300
CASTLEGAR—	
Town	8,750
C. M. & S.	8,900
Tadanac	450
Total ($22,500)	18,100
FRUITVALE—	
Town	2,150
C. M. & S.	8,500
Tadanac	1,200
Total ($22,500)	11,850
GRAND FORKS—	
Town	22,750
W. K. P. & L.	250
Total ($65,000)	23,000
GREENWOOD—	
Total General Canvass— (quota $1,625,000)	$578,700
Special Names	$9,055,000
INTERNAL CANVASS—	
C. M. & S. (quota $463,500) total	$363,060
W. K. P. & L., Trail District	6,200
W. K. P. & L., Outside District	5,800
Total W.K.P. & L. (quota $26,300)	12,000
Tadanac Municipality quota ($38,950)	22,200
Total Internal Canvass	$319,250

EAST KOOTENAY IS ON HOME STRETCH

CRANBROOK, B. C., Oct. 29—East Kootenay began its hustle down the stretch in the Fifth Victory Loan as it passed 56.8 per cent today.

Cranbrook added a big chunk to its sales today to reach 76.7 per cent of its quota. Kimberley stayed out in front with 78 per cent and an overwhelming lead in subscribers.

Creston sales showed a big improvement though a big day was just enough to put the sub-unit over the one-fourth mark. Windermere reported for several days and showed 57 per cent of its quota subscribed. Fernie sales were fair and brought the sub-unit up to 38 per cent.

The Kimberley office reported a heavy transaction at Marysville when one of the salesmen signed up a 2½-year-old subscriber who sells papers to relatives and immediate neighbors. The salesman, William Angove, said the payment was in cash, all in change ranging from pennies to half dollars, except for three small bills. The same subscriber bought a bond with quarters last year.

The day's figures follow:

	Friday	To date
Cranbrook	$14,120	$161,130
Creston	7,330	29,300
Fernie	3,990	77,400
Kimberley	6,450	166,650
Michel-Natal	—	33,150
Windermere	3,000	26,050
Total	$36,100	$525,700

Naval Officer Speaks in Nelson Tonight

Lieutenant Eric Johnson of the Royal Canadian Naval Volunteer Reserve, a veteran of sea war, will speak at the Capitol Theatre tonight.

He is due to arrive in Nelson on the train from the Coast, and will go immediately to the theatre. Sunday he goes to Trail and Rossland.

Lieutenant Johnson early in the war was loaned to the Royal Navy and saw service in minesweepers and on convoy duty to Gibraltar and on the Atlantic.

Charles Lochnert, Here 32 Years, Passes at 85

The death occurred at Kootenay Lake General Hospital Friday night of Charles Lochnert, aged 85; resident of Nelson for the past 32 years.

Mr. Lochnert was born in Germany, in 1858, and first went to Virginia, U.S.A., in 1880, where he homesteaded for 16 years.

He then came to Canada in 1908, and settled in Saskatchewan, finally moving to Nelson in 1911 where he has resided ever since.

He has spent the whole of his time farming, and was well-known in the city and district, where a number of years ago he operated a dairy. He has been retired for the past 10 years.

He is survived, besides his wife, by two sons—Albert in Colorado, and Charles of Vancouver; and by two grandchildren.

Children's Clothing Supply May Be Increased

OTTAWA, Oct. 29 (CP) — A Prices Board order increasing the supply of children's clothing for the retail trade is expected to be announced in the near future, it was learned today. The order probably will help overcome a "tight" supply situation in some centres.

Restrictions on styles for women's clothes will be continued since no extra material is available.

SMASH JAP OFFENSIVE

CHUNGKING, Oct. 29 (AP) —The Chinese announced today the smashing of the Japanese October offensive within the triangle of Shanghai, Nanking and Hangchow in Eastern China with the recapture of Liaofeng. More than 1200 Japanese were killed and remnants were forced to retreat.

At the same time the hard-slugging American Air Force of Maj.-Gen. Claire L. Chennault put the punch of its four-engined bombers behind the Chinese counter-offensive against 20,000 Japanese troops who tried to forestall a Burma Road drive in far Western Yunnan Province.

A communique from Lt.-Gen. Joseph L. Stilwell's Headquarters said the heavy bombers plastered Lungling, Japan's Burma Road base, with explosions and fires and shot down at least eight Zeros out of 16 which attacked. Two more probably were destroyed and two more damaged.

PROCTER

PROCTER, B.C. — Mrs. Helen Low of Vancouver, who has been visiting relatives in Calgary and Creston, is spending a few days here with Capt. and Mrs. M. MacKinnon.

Colin Major was a visitor to Nelson during the week.

Mr. and Mrs. A. MacPhee motored to Nelson Thursday. They were accompanied by Mrs. J. Rensie and Miss Beryl Bennett.

Mrs. N. Shkwarok spent a recent guest of her daughter, Mrs. P. Bachynski at Castlegar.

LAC. Mitta Mikaire and LAC. Percy Jones of the Royal New Zealand Air Force, No. 2 Wireless School at Calgary, Alta., are guests of Capt. and Mrs. M. MacKinnon.

Mrs. J. MacLeod was a Nelson visitor Thursday.

Miss E. Aylwin and Miss G. Grisdell, teachers of the Procter Superior School, spent the week-end in Nelson. While there, they attended the Teachers' Convention.

FIND PLANE WRECKAGE

OTTAWA, Oct. 29 (CP)—The remains of two bodies beside it, the wreckage of what is believed to be a Harvard training plane, which disappeared from nearby Uplands airport a year ago, has been found approximately 40 miles North of here, the R.C.A.F. announced late tonight.

COCKERMOUTH, England (CP) — Doreen Thompson, 11-year-old piano-accordionist of this Cumberland town, said she was "wedded to music" when she turned down four proposals of matrimony.

Aussie Government Concerned Over Nimitz Speech

CANBERRA, Australia, Oct. 29 (AP)—The Australian Government is "concerned" over Adm. Chester M. Nimitz' Navy Day address at Honolulu predicting a new drive against the Japanese, it was stated authoritatively today.

The official view here was that no statements should be made about

Albertans Will Get More Liquor for Holiday Season

EDMONTON, Oct. 29 (CP) —Albertans will receive an extra 13 ounces of liquor in both November and December, J. A. King, Alberta Liquor Control Board Chairman, announced today. The beer and wine rations—one dozen pints of beer and a 26-ounce bottle of wine—are unchanged.

The boost in liquor from 13 ounces to 26 ounces "is a gesture for the holiday season," Mr. King said.

"The assortment of liquor will be good with every variety of bonded stock available," he added.

forthcoming operations. A Government spokesman said operations should be "carried out first and talked about afterwards."

(Nimitz, Commander-in-Chief of the United States Pacific fleet, said adequate bases close to the Japanese homeland would be taken by the Allies and Japan soon would be subjected to a merciless and steady bombardment.)

Report Jap Diet Member Suicides

CHUNGKING, Oct. 29 (AP) — A Japanese Domei News Agency broadcast from Tokyo reported the death by suicide of Seigo Nakano, ultra-Fascist member of the Japanese Diet after a speech by Premier Tojo before the Diet Wednesday, Chinese monitors said today.

Chinese newspapers attributed Nakano's reported suicide to his conviction that Japan faced ultimate defeat in the present war.

Nakano, characterized as perhaps the most ardent advocate of aggression against the United States and Britain, was believed here to have taken his life after something he heard during Wednesday's session of the Diet convicted him Japan was doomed.

In the first quarter of 1943 the total output of completed aircraft in Britain was 55 per cent more than in the same quarter in 1942.

Vancouver Navy Officers Meet In Action

A MEDITERRANEAN PORT, Oct. 29 (CP)—That "long arm of coincidence" you read about in story books is following around three Vancouver lads who went to school together and then joined the Navy—coincidentally, unbeknown to one another.

The boys are Lieutenants C. Burke, T. E. Ladner and J. D. Maitland, members of the Royal Canadian Naval volunteer reserve.

The Navy said today in an overseas Press release that they first learned they all were in the Navy when, after being commissioned and made commanding officers of coastal forces craft, they found themselves operating in the same flotilla in Britain.

The next spot of coincidence came in the Mediterranean, where they turned up operating in another flotilla together. During the Sicilian campaign, they shot down four aircraft between them—one and a third each. The extra "third" apiece came when they all opened up on the same plane and it crashed.

They worked together during that campaign, bombarding shore targets and covering 14 operations in 18 days.

A son of the president of Boeing Aircraft Company of Canada at Vancouver, Burke came overseas in 1940 with the first "yachtsmen's" draft, leaving a job as stock broker in Vancouver.

A lawyer in peacetime, Ladner came overseas with the fifth draft of Canadian officers in 1940. He has been mentioned in despatches twice, once for "gallantry" in attack on an escort tanker and once for "bravery" in an attack on the enemy.

A partner in a marine insurance firm in Vancouver before the war, Maitland came overseas with the second draft of Canadian officers in 1940. His wife, the former Jeannie Ellis, resides in Vancouver.

Soft coal heats about 50 per cent of American homes.

Price Ceiling on Vegetables Coming Up

TORONTO, Oct. 29 (CP)—Controller Robert Saunders, who sent a telegram to the Prices Board at Ottawa urging ceiling prices be placed on fruits and vegetables, today received a telegram from Donald Gordon, Chairman of the Prices Board, saying "an order now before the Board and likely to be issued within a day or two will place price ceilings on beets, carrots, parsnips, turnips and cabbage."

VETERANS PLEASED WITH LAND GRANT

VICTORIA, Oct. 29 (CP)—Army veterans in Canada, B. C. Provincial Command, have told Premier Hart how pleased they are at the Province's gift of 1,000,000 acres for land settlement of returned soldiers.

H. E. Warburton, Secretary of the branch, wrote from Vancouver:

"I can assure you that such efforts are appreciated and we shall be pleased to co-operate with you at any time, should our assistance be needed."

Coast Women Molesters Increase

VANCOUVER, Oct. 29 (CP) — Within the last two weeks police have received 18 reports of women being molested on Vancouver streets, police reported today.

Mrs. Pearl Morton, who fought off a would-be purse snatcher Monday night, discovered today that her leg is broken in five places as a result of the struggle.

She told police that as she neared her home Monday a man tried to snatch her purse. She fought with him but in the scuffle she was thrown to the ground. He escaped with $2.60 in change from Mrs. Morton's pocket.

Airmen Posted to Canada Come Prepared

By JOHN DAUPHINEE
Canadian Press Staff Writer

OTTAWA, Oct. 29. (CP) — The R.A.F. man posted to Canada for training doesn't come unprepared for the changed conditions he'll meet. Somewhere in his belongings is a little blue booklet called "Service overseas" which is distributed by British authorities to put the boys right in advance.

"Service Overseas" is a revised version of the pamphlet "When you go to Canada," published by the British Air Ministry.

The picture presented is certainly favorable. The "pace of life", and even the manner of speech are more brisk, says the booklet—"Action is the keynote."

"Forget that 'we don't do it like that.' Who cares if we don't? Certainly not the Canadians or the people of the United States. Possibly we might do it 'like that' with profit," says the booklet.

WEATHER NOTES

The Canadian Winter apparently bothered the anonymous author. He acknowledges that frostbite is a real danger.

"Go by the thermometer," is the warning to the R.A.F., "when it tells you that it is really cold out of doors just believe it . . . in Winter if you get frost-bite do not neglect it. Probably some passer-by will see the signs before you feel the effects, and will stop to massage the affected part (most often the ears) with snow, to get circulation going.

"Don't regard this as an affront. It is a kindly service."

For the record, here are a few Canadian sidelights from "Overseas Service." "The standard of domestic comfort is high," "engine whistles are not our shrill piercing signals; they are deep-toned, massive things;" "Railway passengers talk to each other without formal introduction and nobody minds; "eggs and bacon mean just that—a very good dish;" and shoe-shine parlors provide a "staggeringly bright polish" for "10 or even 15 cents."

Kootenay Men Win Pilot's Wings

MACLEOD, Alta., Oct. 29 (CP) —Alberta and British Columbia airmen predominated a class of student pilots who graduated yesterday at No. 7 Service Flying Training School, R.C.A.F., here, it was announced today. Other students came from the United Kingdom, Australia and the United States.

Graduates included:

British Columbia—W. R. Legg, South Kootenay; Raymond Lidgren, Trail.

DEATHS

CHICAGO, Oct. 29 (AP)—G. F. Swift, 62, Vice Chairman of the Board of Swift and Co., and member of the meat packing family, died last night of a cerebral embolism at his home. He had been suffering from a heart ailment in recent weeks.

ST. FRANCOIS DU LAC, Que.—Lt.-Col. Pierre Edouard Blondin, Conservative Senator for Champlain,

Beef Subsidies to Be Suspended

OTTAWA, Oct. 29 (CP) — The Prices Board announced today that payment of subsidies to cover part of the cost of shipments of dressed beef from Western Canada production areas to areas of heavy consumption in Eastern Canada, will be suspended Oct. 31.

When the subsidy arrangement was initiated last February Board officials said it would be cancelled or modified when the beef supply position and market conditions warranted.

Today's announcement said it now was felt there was no further need to continue the subsidies.

The assistance has been given in the case of shipments moving at carlot freight rates from the Prairie Provinces to points in Eastern Canada. The subsidy paid represented the difference between maximum wholesale beef prices in the zone of origin and those in the zone of destination. Payment of the subsidy was made through the prices stability corporation.

400 LOYAL JAPS HELP OUT IN HARVEST CRISIS

SAN FRANCISCO, Oct. 29 (AP) —Close to 400 Japanese from other relocation centres were en route today to the Tule Lake segregation centre to harvest root crops which disloyal Japanese had refused to gather.

War relocation authorities said about 300 loyal Japanese are moving in at Tule Lake now and harvesting of potatoes, carrots, beets and other crops, is expected to be under way by Monday.

The Japanese who are being brought in to harvest the crops are volunteers. Most of the vegetables will be shipped to other Japanese relocation centres.

A strong guard is being maintained over the 14,000 Japs in the segregation centre. War officials said, however, there had been no violence and none was expected.

Soy beans have been used as food for centuries in the Far East.

Demand Reasons for Coast Chlorination

VANCOUVER, Oct. 29 (CP) — Demand that an explanation be given "of the specific reasons for chlorinating Vancouver water" is made in a letter sent today to Health Minister MacKenzie by a special Vancouver Labor Council Committee named to investigate the entire chlorination scheme.

"We have been given," the letter said, "explanations of military health and international regulations relating to seaports.

"If that is correct, why were the same considerations not applicable to Vernon basic training camp; and why is it found unnecessary to chlorinate the water in Victoria?"

The letter advised the Health Minister the Labor Council has gone on record as endorsing an "emphatic" protest, on behalf of Vancouver trade unionists against the "unwarranted imposition of chlorination."

Germans Loot Rome

ALGIERS, Oct. 29 (AP) — The Germans are systematically looting Rome, according to a person who was there just five days ago.

Radio stations and electric power plants are being dismantled and shipped to Germany. Plans are underway to destroy the street car system and move out buses as was done in Naples.

Announce Name Airman in Crash

TORONTO, Oct. 29 (CP) — Word was received here last night that Lac. Malcolm Alexander, 19, attached to the R.C.A.F. elementary flying school at Regina, was killed in a collision between two planes two miles West of Regina yesterday. He was the only son of Mr. and Mrs. Gordon Alexander of Kincardine, Ont.

JEAN DESLAURIERS

Jean Deslauriers, at 35, is recognized as one of the leading orchestra leaders in Canada.

MISS BIRCKHEAD

Miss Birckhead has been acclaimed as one of the outstanding sopranos heard in this country.

"Lipton Tea Musicale"

Every Sunday From 3:0 to 3:30 p.m.

Muriel Birckhead, outstanding young soprano is the singing star of the "Lipton Tea Musicale" which is in its seventh season over Canadian radio. This year the programme is presented every Sunday from 3 to 3:30 p.m. P.D.T.

Miss Birckhead is accompanied by a 25-piece orchestra directed by Jean Deslauriers, well-known to C.B.C. listeners throughout the country. A male choir of 12 outstanding singers from Eastern Canada also takes part in the programme and contributes towards making "The Lipton Tea Musicale" the favorite Sunday afternoon programme throughout Canada. This year for the first time the programme is broadcast over an all national network, including CKLN.

Play . . .

Using Leisure Time to Best Advantage

By IDA JEAN KAIN

It's easier to get through your work efficiently than to use your leisure to the best advantage. Your work is planned for you. Unless you are the exception, you tend to get into a groove and don't do anything very different off the job than on. Gradually, this will get you down.

If you get action on your job, you don't have to romp through your recreation. You can go to the movies. What you want is something that will divert your mind from your work and let you go back with a fresh viewpoint and new enthusiasm.

But in most work, you don't get much activity. You have to concentrate on what you are doing, but the chances are you sit or stand in about the same position all day long.

Now that cooler weather is on the way, it is a good time to get into the habit of regular play. You might take up bowling. The fellows who set up the pins can spot a beginner by the elaborate pains he takes with shoes and ball. And here's another point in its favor: You almost never see a lady bowler who does not have a trim figure.

Bowling may not be your game. Then try archery, badminton, softball, or go roller skating. It doesn't matter what sport you choose, so long as it gives you a change from you job and gets you out with congenial people. You can't live too much alone. The less you go with people, the less apt you are to make the effort to go with them. First thing you know, you'll turn into an introvert!

Helen Parrish, attractive movie actress, likes bowling to relax from studio strain. Every hard-working girl would benefit from some sport that affords good company along with exercise to balance her job.

INVERMERE

INVERMERE, B. C. — Trinity United Church was the scene of a pretty wedding Saturday when Rose Margaret, eldest daughter of Mr. and Mrs. F. Traschel, Windermere became the bride of Hugo William Olson, son of Mr. and Mrs. S. Olson, Invermere. Rev. F. R. Ennals officiated.

The bride, given in marriage by her father, was lovely in a blue crepe frock, afternoon length, trimmed with white, and complemented by a black hat with shoulder length veil. Her bouquet was of scarlet and white flowers. Her attendants were Mrs. Violet Smith, matron of honor whose frock was rust crepe with matching accessories. Miss Margaret Traschel, younger sister of the bride, wore a navy blue dress trimmed with white and carried a bouquet of yellow and white flowers. John Kroepfl, Athalmer, supported the groom. Following the ceremony a reception was held at the home of the bride's parents, where some 60 guests assembled. The toast to the bride was proposed by Simon Roncher with a response from the groom. In the evening a dance was held at the Windermere Hall where a large gathering of friends from all parts of the valley attended.

Mrs. C. Holt, Cranbrook, was a visitor to the Valley Tuesday.

Dr. M. E. Shore, Calgary, visited the Lady Elizabeth Bruce Memorial Hospital, Friday.

Ac.3 Corbin Mitchell is on leave visiting his parents, Mr. and Mrs. A. Mitchell.

Pte. Edna Olsen of the C.W.A.C. is on leave, visiting her parents, Mr. and Mrs. S. Olson, Invermere.

Pte. James Frater spent leave in Invermere over the weekend.

Po. Ralph Johnston left Saturday to return to Souris, Man., after two weeks furlough in Invermere with his parents, Mr. and Mrs. J. S. Johnston.

LONDON (CP)—Home headquarters of an Essex army unit has received word from soldiers overseas that Matilda, a hen which travelled from Egypt to Tunisia on a tank, laid an egg daily, even in the heaviest engagements. The hen's nest was under the driver's seat.

Creston Lions to Support Milk for Britain Fund

CRESTON, B. C.—Highlights of the Creston Lions Club at their semi monthly dinner meeting in the Legion Hall was the moving by the club that representation of the Creston Board of Trade to the Town Planning Committee be granted. Dr. W. N. Fraser was in the chair with 20 Lions present, and one guest Father E. A. Frank.

Secretary Marchbank read briefs on the activities of other Lions Clubs and the local club will write Bonners Ferry congratulating them on the progress of their club.

Ernest Mann reported that the meeting of the Lions Town Planning Committee with the council had been postponed but felt "that all organizations and the public should back the Town Planning movement and make their voices known."

In connection with this S. J. Graham felt that a public meeting be held so that citizens of Creston will have an idea of what would happen in the near future.

In support of the Kinsmen's Club of Nelson, the local Lions will throw their support into the milk for Britain fund. The objective of the National Kinsmen's Club is one million quarts of milk for Britain. The local school are behind this effort.

The President read a letter from the Federal Finance Minister asking the Club for its support in the present Victory Loan.

Vigilance . . .

Inoculate Early Against the Diphtheria Germ

By LOGAN CLENDENING

There are few principles in medical science as well and firmly established as that diphtheria can be prevented by inoculation. The inoculation should be made first when the child is nine months old, and repeated by a stimulating dose at five and six years.

I presume more human beings are protected against diphtheria today than against smallpox.

The result has been to wipe diphtheria practically off the continent of North America. In fact, this result has been so completely accomplished that it constitutes a brake on the continued use of the preventive measures. A whole generation has grown up who do not realize what the horrors of diphtheria are.

Where infectious diseases hide when they are no longer epidemic, I don't know and nobody does. But we know they do and if it were not for our vigilance against typhoid fever, smallpox and diphtheria, they would again creep out of their minute hiding places and begin again their devastation. History can be summoned to prove that over and over again.

Eternal vigilance is the price of peace, and you must have your nine-months hopeful inoculated against diphtheria. It will do him no harm, not even cause a flutter.

I believe the responsibility in this matter rests on the parents. This should be checked in the course of time by the school authorities. Some parents are heedless, are inclined to take the advantages under which we live for granted, and besides there is always the subtle voice of "mañana." Tomorrow—today we are going to have a picnic, tonight we were going to the movies. We don't want to have the boy feel bad. Tomorrow! So the tomorrows accumulate. But there is no tomorrow for the diphtheria bacillus. That most vicious of children killers may strike any time.

QUESTIONS AND ANSWERS

J. S: What causes coughing up of blood.

Answer: In 99 per cent of cases it is a serious sign. Don't waste time writing a columnist in a newspaper, but go to a doctor and get a thorough examination. And hurry!

Military Wedding at Invermere

INVERMERE, B. C.— The first military wedding to be solemnized in the Windermere District during this war took place at Trinity United Church on Wednesday. The principals were Pte. Alice Emily Jones, only daughter of Mr. and Mrs. F. Jones, Invermere, and A. Gestur Palmason, R.C.A.F., elder son of Mr. and Mrs. Palmerson, Athalmer. Pte. Anne Graham, Kimberley, was the bride's only attendant and Norman Palmason was his brother's groomsman. Rev. R. F. Ennals officiated. Entering on the arm of her father, the bride wore her C.W.A.C. uniform and a corsage bouquet of a mauve orchid and two red roses.

Her bridesmaid, also in uniform, wore a corsage of pink carnations and fern. The church was attractively decorated with bronze and pink mums. Mrs. A. J. Dobbie presided at the organ. Following the ceremony a reception was held at Hotel Invermere where Mrs. Jones and Mrs. Palmason assisted the bridal couple in receiving guests, the former in a becoming frock of grey-blue crepe with pleated bodice and tucked waistband, with navy blue accessories and the latter smart in a navy blue sheer dress with wine accessories.

Mr. and Mrs. Palmason spent a brief honeymoon in Invermere, before returning Saturday to their respective units, the bride to Prince Rupert where she has been stationed for some months and the groom to Pierce, Alta.

Hints for Housewives

By BETSY NEWMAN

TODAY'S MENU
Roast Chicken
Baked Sweet Potatoes
Stuffed Carrots
Onions or Tomatoes
Grapefruit Salad
Ice Cream or Sherbet
Cake or Wafers Coffee

STUFFED CARROTS

Choose large carrots. Clean and boil and when tender cut off tips and scoop out center to form a cup. Fill with peas and serve garnished with parsley.

STUFFED TOMATOES

6 good sized tomatoes, 2 tablespoons bread crumbs, ½ scooped out tomato, 1 tablespoon butter, ½ teaspoon sugar, 1 teaspoon salt, ¼ teaspoon pepper.

Cut off stem end, slice off top of tomato and scoop out inside; fill with the above ingredients mixed together, heaping the top. Bake ½ hour in moderate oven. Put butter on top when nearly done.

BAKED ONIONS

One of the simplest ways to bake onions is to wash, place in pan without peeling and bake in a moderate oven until tender; then strip off outer skin and serve with melted butter.

In Wartime . . .

Advises Parents to Strive for Improvement

By Garry Cleveland Myers, Ph.D.

Mothers' Clubs whose members seriously meet and study together regularly with a view to becoming better parents do more good than they realize. Their purpose always worthy, should be more so during wartime.

Unfortunately some of these clubs especially the PTA's are tempted to spread out their interests and activities so widely as to neglect their major purpose — improvement of parenthood.

The other interests and activities are also as a rule, very good, especially when related to some war need. But right now, concerted efforts by parents to understand their children better in happy family atmosphere to the end that more of our children might be good citizens now in the home and community seems to me to be, next to religion, the most useful endeavors of any organization. You see, misdemeanors by children in the neighborhood and juvenile delinquency are increasing just now when our country most needs good citizens.

If the church is to do most good and get furthest as an effective organization it will exalt the family and emphasize wise guidance of children at home. Looked at merely from the angle of developing a large, active congregation, there is strong argument for emphasis on parent education among church parents. As you see, those parents who learn to guide their children well, win their genuine affection and esteem.

SOLVING PARENT PROBLEMS

Q.—What should I do when my nine-year-old daughter talks back to me?

A.—Be too grown-up to talk back to her.

Hurry up that better world

....for him...for yourself!

IT ISN'T LONG BETWEEN ECSTATIC BABYHOOD and eager, striving, hope-filled manhood.

You know yourself how often you've said: "It seems only yesterday he was a tiny wee chap. Look at him now. He's grown up!"

Yes, all the tens of thousands of cute little fellows kicking joyfully in their baby beds now will be grown people in the twinkling of an eye.

Grown to live in what sort of a world? Just how far can we build from war's desolation to a happy, brilliant world in that short span?

Probably a long way!

But the "How far?" has a companion question: "How soon?"

How soon will Victory come? What day, what hour, will the flaming news leap round the world that the enemy surrenders unconditionally?

Pursue that question right down to its very end and you'll get the answer. It depends on how earnestly each one of us works and saves and lends. In the final analysis it depends on all of us — on our willingness to stretch to the utmost our abilities to buy Victory Bonds.

So buy again—and again—for our future and for the future of the little fellows who will be men in the twinkling of an eye. Make sure it *will* be unconditional surrender—that we will win the peace as well as the war—that life in the future will be life in security, freedom and abundance.

Speed the Victory

Buy VICTORY BONDS

HOW TO BUY. Give your order to the Victory Loan salesman who calls on you or place it with any branch bank or trust company. You can also buy Bonds through your employer for cash or on the Payroll Savings Plan. Or send your order to your local Victory Loan Headquarters. Any one of these agencies will be glad to give you every assistance in completing your application. Bonds may be bought in denominations of $50, $100, $500, $1,000 and larger.

Vice-Admiral Brodeur, Premier Hart, Governor Send Stirring Messages Approving V-Loan St. Croix Campaign

Stirring messages of approval of the Kootenay-Boundary Victory Loan campaign to raise $2,775,000 to pay for a destroyer to replace the St. Croix were received by Mayor N. C. Stibbs, yesterday from Rear Admiral V. G. Brodeur, Pacific Coast Commanding Officer; Hon. John Hart, Premier; and Col. W. C. Woodward, Lieutenant-Governor.

From Vice-Admiral Brodeur:

"All officers and ratings of the Royal Canadian Navy are inspired and stirred by the decision of the united people of the Kootenays to dedicate the final week of their Fifth Victory Loan Campaign to "replacing the St. Croix" the destruction of this gallant Canadian destroyer with the loss of 146 lives was a grim reminder that enemy submarines have returned to the sea lanes with renewed intensity. We can beat them but we need ships and weapons to do it. The fifteen British Columbia men who died with the St. Croix including Able Seaman William Donald Barwis of Nelson typified the thousands of Canadians now battling the Axis at sea wherever it can be engaged. Good luck to your magnificent project and may your drive go over the top "at the double."

"V. G. BRODEUR,
"Rear Admiral RCN Commanding Officer Pacific Coast."

From Premier Hart:

"The goal set by the people of the Kootenays to replace the St. Croix during the Fifth Victory Loan campaign is very commendable effort. I am sure the citizens of that District will respond to the appeal to invest their funds in Canada's war effort in the same spirit as the men manned their stations aboard the St. Croix when they went into their final battle. Please accept my very sincere wishes for a succesful campaign.

"JOHN HART."

And from Lieutenant-Governor Woodward:

"I want to congratulate you and your people of Nelson in commemorating our naval heroes who lost their lives on the HMCS St. Croix. It is a wonderful gesture to dedicate the last week of the Victory Loan campaign "to replace the St. Croix". We cannot bring back our men who lost their lives for us but we can perpetuate their memories. Best success to you and your fellow citizens.

"COL. W. C. WOODWARD,
"Lieutenant Governor of B.C."

Public Responds Well to Mail Early Appeal

Publicity emphasizing that parcels for the armed forces overseas must be mailed by Nov. 1 if they were to be assured of reaching their destination by Christmas has had favorable public response throughout Kootenay, states F. H. Middlemiss, of Vancouver, Superintendent of the Investigations Department of the Postal Service, who was in Nelson yesterday.

"I would like to add my commendations, to those already expressed by the postmasters in the district, to the public for having cooperated so well in mailing their Christmas parcels early for the military forces. We believe that the result will be very satisfactory delivery service at the various destinations" said Mr. Middlemiss.

With the deadline at hand, Mr. Middlemiss urges any who have delayed to mail parcels to do so today.

SANDON

SANDON, B. C.—Jack McLeod, ex-resident of Sandon, and now of Rosebery, was a visitor here.

Jack Black of Nelson is spending a few days in town.

Mrs. P. Shanton and son James arrived recently from the East, and will make their home with Mr. Shanton at the Reco Mountain mine at Cody.

Creston Hospital to Get New Refrigerator

CRESTON, B. C.—James Cook, Chairman of the buildings and grounds of the Creston Valley Hospital told the Board at its monthly meeting that it was not feasible to have a dumb waiter run from the basement to the top floor because of structural difficulties and stated opposition to a walk-in refrigerator in the basement. In lieu of this Mr. Cook recommended the purchase of a refrigerator for the main and top floors of the hospital. President Mrs. Charles Murrell was in the chair.

The Moard accepted the resignation of Miss L. Russell, R.N. effective Nov. 15th. Mrs. H. Langston who reported for the Erickson Hospital Auxiliary advised the Board that the Auxiliary would buy a new case room bed paying $75.00 now and the balance later. She also mentioned buying linoleum for the Erickson Auxiliary ward in the Hospital. The meeting concluded with the report of the Secretary who was local representative at the B.C. Hospital Convention.

SALMO

SALMO, B. C.—A miscellaneous shower was held in the Community Hall Tuesday when 60 guests were present in honor of Mrs. Clarence Anderson (nee Miss Shirley Donaldson) a recent bride. Tea was poured by Mrs. Carl Anderson, mother of the groom, Mrs. G. G. Fair and Mrs. H. Johns. Servitsurs were Mrs. R. Gibbons, Mrs. Louis Anderson, Mrs. Chester Bush, and Miss Kay Hearn. Many gifts were presented to the bride in a decorated basket.

mer Miss Wilma Campion of Nelson was a weekend guest of her brother-in-law and sister, Mr. and Mrs. Chris Hanson.

Mr. and Mrs. L. Clubine spent a couple of days in Nelson.

Mr. and Mrs. Emil Lund spent the weekend in Trail.

Miss Mildred Ross and Miss Evelyn Woods of Nelson spent the weekend at the home of the former's brother-in-law and sister, Mr. and Mrs. S. E. Tannas.

Mrs. I. Butcher was a Nelson visitor.

Pte. Eddie Heron of Vernon is spending a furlough at the home of his parents.

Britain has supplied the United States with two of her newest inventions, the radiolocator and the autograph.

Nelson Will Shell Out to Milk for Britain to Hallowe'en Callers

A Dominion-wide sigh of relief may be heard tomorrow. And if it is it will be because the Kinsmen Clubs of Canada's Hallowe'en "shell out" scheme was a grand success.

Damaging pranks are out for the duration. Materials are too scarce for use in unnecessary repair. High prices and short supplies make the distribution of fruits and candies in wartime an extravagance. But the Kinsmen have supplied the answer in providing fun and treat for the kiddies.

While the ghosts and goblins, black cats and witches from the shadow world parade, the costumed youngster will make the rounds tonight as usual—when Hallowe'en will be observed—Instead of the usual "Hallowe'en Apples" and "treat or tricks", the cry will be "shell out for the Milk for Britain Fund."

Nelson kiddies began their patriotic effort last week selling "shell out" tickets to citizens. Tonight as the knockers bang and doorbells ring, householders will "shell out" the tickets to the callers, instead of the customary treats. Every ten tickets represent a quart of milk that will be sent to needy children in Britain.

Prizes will be awarded to the children turning in the most tickets; and next week the Kin will entertain all who turned in tickets at a free movie.

The "shell out" plan is organized on a national basis this year.

BOSWELL

BOSWELL, B. C.—B. H. Smith has returned from Vancouver, where he had been a patient in St. Paul's Hospital.

S. R. Sberman was a recent visitor to Nelson.

H. Boyd was home for the weekend from Creston. Mrs. Boyd and son Elmer accompanied him to Creston, returning the same day.

Ac.2 Ken Schaub, who is stationed at Calgary, was home on a short visit to his parents, Mr. and Mrs. C. Schaub.

Mrs. Van Koughnett and family have left Lockhart Beach to spend the Winter in Nelson.

MOYIE

MOYIE, B. C.—Mr. and Mrs. John Ellis of Chapman Camp, who visited Moyie recently, returned to their home, accompanied by Mrs. A. Guindon.

Mrs. R. A. Smith visited Cranbrook.
brook Friday.

Mr. and Mrs. G. Thompson of Cranbrook, Mr. and Mrs. O. Benson, and Margaret and Bill from Kootenay Orchard, visited Mr. and Mrs. Algot Johnson, Sunnyside Ranch, this week.

William Rudrum of Layton is spending leave with his family.

Mrs. A. Guindon returned home Tuesday.

Miss Bettie Stanton visited Cranbrook recently.

C. King of Brilliant was in Moyie over the weekend.

SATURDAY, OCT. 30, 1943

Let Us Make Nelson's Milk Supply Safe

We can periodically make Nelson's milk supply safe for human consumption, but we cannot keep it that way without pasteurization.

From time to time tests are made. Sometimes the results are favorable. Sometimes they are unfavorable. Dairies which are producing dirty milk are told, and warned, and then for a time everything seems to be all right. But it is not long before more samples show the presence of B. Coli.

We can clean up our milk situation, but we can't keep it clean without pasteurization.

Health authorities know this, and that is why they recommend that the health of the public be protected by insistence upon pasteurization. The issue is not one of personal preference or personal taste, it is a matter affecting very seriously the health of our people.

Only recently Nelson was suffering from a virtual epidemic of stomach trouble in various forms. Nothing would be much more likely to cause stomach and intestinal disorders than the consumption of milk containing animal excrement.

And of 10 samples tested early this month seven contained Bacillus Coli.

Our Medical Health Officer, Dr. R. B. Brummitt, has recommended that the City Council make pasteurization of all Nelson's milk supply compulsory. The Medical Health Officer bases his recommendation not only upon the local situation but upon the frequently expressed opinion of our own British Columbia Department of Health, and that of the highest health authorities elsewhere.

To take the risks involved in refraining from accepting Dr. Brummitt's recommendation for protection of Nelson's milk supply would be to accept a very grave responsibility.

So That B.C. May Get More Export Business

British Columbia Departments of Mines and of Trade and Industry have contributed $12,500 to the University of British Columbia, and private industry is collaborating, in establishing a council to direct research work into the possibilities of the natural resources of the Province. The idea is to continue the work which has been done by the War Metals Research Board in British Columbia and to assist in solution of industrial processing problems.

The idea, upon which Hon. E. C. Carson, Minister of Mines, has been working for some time, is to develop uses for resources which are now latent, work out more economical means of production, and find uses for new materials.

This is an important forward step in the scientific examination of the potentialities of British Columbia, and a starting point for the greater financial expenditure and more elaborate set-up that will be required. The present plan is a foundation for the research work which should be done in this Province.

The University is the logical place for the work. It already has some notable discoveries that have been beneficial to industry to its credit. Some years ago, for example, U.B.C. research department worked out a method of treatment of halibut, which solved problems involved in its carriage by steamer down the Coast from Prince Rupert.

Some of the largest industries maintain research departments, smaller ones are unable to carry out scientific inquiries. Private research workers and those at the U.B.C. can pool their knowledge and the results of their experiments and pass them on for the benefit of British Columbia industries as a whole.

In some industries this Province has little difficulty in competing in world markets; in others our costs make further industrial development difficult. Steel is an example. We do not yet know if we can make steel cheaply enough in British Columbia, though we very definitely do know that not even British Columbians will buy locally produced steel unless it can meet prices on steel shipped from the East. We have made marvellous progress in the manufacture of plywood, and can probably look for big export markets for various forms of that product, but we are by no means sure of our cost position with the more complex plastics. Our canned salmon has a a world-wide reputation for quality but if research can cut a cent a can off manufacturing costs there will be that much more to go to our British Columbia fishermen. We may not be able to reduce materially the cost of logging, sawing or transporting lumber, but if we can save for byproducts manufacture a substantial portion of what is now wasted our position in the world market would be correspondingly improved.

It is in these directions that Government research can do most for building up postwar industry and employment in the Province.

The Soldiers' Vote in U.S. Presidential Elections

In the event of a close contest in the 1944 Presidential election in the United States the votes of American armed forces overseas might well prove the deciding factor.

It is estimated that the overseas soldiers' vote in 1944 might run between 4 and 5 million. The United States will then have a total armed force of 11½ million, of which nearly half are expected to be outside the country.

Mr. Roosevelt's popular pluralities have been as follows: 1932, 7,060,016; 1936, 10,797,090 and 1940, 4,938,711.

Plurality figures are not conclusive, as results are by majority in each State, but they are indicative of the high importance of the armed forces' vote in next year's American elections.

Press Comment

NO BAN ON CHINESE

Riverside Council is properly turning a deaf ear to criticisms of its action in selling a municipally-owned lot to a Chinese citizen who is building a home thereon. Canada should have no room for this sort of racial intolerance. One finds it difficult, in fact, to understand the mental processes of those who are protesting.

It would be a strange condition indeed if we were to impose restrictions on the Chinese during a war which is being fought largely to destroy the hateful theory of racial superiority. Above all this, the Chinese are our allies. They have gained the honor and admiration of the whole world for their years of gallant fighting against an oppressor. Certainly there can be no justification for the view that they are not good enough to live side by side with Canadians.—Windsor Star.

CAPITALISM WILL LAST

"I still see capitalism 50 years from now," Aaron Velleman, veteran American Federation of Labor organizer stated in Toronto this week. "Capital and labor will continue but there will be closer cooperation and better understanding between them. It is impossible for labor to win success without cooperating with employers. Working men cannot live without a job."

In those few sentences Mr. Velleman preached a sound sermon, and one that needs the greatest emphasis during these times of much talking and little thinking.

Labor and capital are vital and definitely connected parts of the same great production machine. Alone they are useless. Working together they have accomplished miracles and will continue to do so in the days to come. Labor makes the goods, capital supplies the tools, and raw materials and develops the markets. It is a natural partnership and as Mr. Velleman states, it will last.—Financial Post.

Today's Horoscope

You who have a birthday today have an alert, shrewd mind and a dominating manner which influences others. You are self-confident and very capable. You are stubborn and accustomed to having your own way. Marry young and choose an amiable, loving mate. You may be able to help a neighbor during the early hours of the day. This evening do not ridicule a person of eccentric habit. Such criticism may reflect on your manners.

HOROSCOPE FOR SUNDAY

A birthday today means that you are gentle, sensitive and affectionate. You have ability and are keen-witted, but you must learn to assert yourself. You are too modest, too reserved. You have many friends. You seek peace and harmony. Give your mind a chance to develop an inspired idea, prompted by psychic perception, in the small hours of the morning. At 9:17 a.m. don't be so hasty to judge a new philosophy that you place yourself in an awkward position with its sponsors.

War—25 Years Ago

Oct. 30, 1918. — Capitulation of Turkish armies signed at Mudros and armistice granted to Turkey to take effect the following day. Czecho-Slovak state proclaimed at Prague. Independence of Croatia and all Southern Slav territories also proclaimed.

?? Questions ?? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions will not be answered by mail except when there is obvious necessity for privacy.

L. G. W., Nelson—Will you please tell me what to do to take care of my canna plants for the Winter?

Cut the tops off three inches from the cone. Dig the roots up with all the earth around them and put them in the cellar where the air circulates well around them. Keep in a temperature no higher than 40 degrees. It would appears dust the plants with powdered sulphur.

F. H., Nakusp—Could you give me any information on the drying of gourds preparatory to using them for decorative purposes?

There is no special process for drying gourds. Simply hang them up in a room where the temperature is dry, until they are hard enough to work on.

N. F. G., Rossland—Who was Mother Shipton, the woman who is supposed to have prophesied the present war?

Mother Shipton was a reputed witch and prophetess who is supposed to have lived in early Tudor times in England. There is no really trustworthy evidence, but tradition has it that her maiden name was Ursula Southill, Sowthiel, or Southiel, and her parents were peasants, living near the Dropping Well Kaneesborough, Yorkshire, and that she was born about 1486-1488. Her mother was a reputed witch and Ursula herself was phenomenally ugly, and regarded by the neighbors as "the devil's child". When about 24 she married a builder of York, Tobias Shipton. Her most sensational prophecies had to do with Cardinal Wolsey, the Duke of Suffolk, Lord Percy and other prominent men at the court of Henry VIII. She is said to have died at Clifton, Yorkshire, in 1561, and was buried there or at Shipton. Her whole history rests on the flimsiest authority, but her alleged prophecies had an extraordinary hold on the popular imagination.

F. K., Makinson—Could you please tell me where I must apply for my mother's birth certificate? She was born in North Wales.

Write Somerset House, London, England.

Y. S., Slocan City—Would you please, through your Question and Answer Column tell me where I can obtain a booklet on hockey rules, and also where I can obtain a booklet of the names of hockey players in the six hockey teams of the National Hockey League?

Teams already in organized hockey will receive the 1944 Rules through the usual distribution channels of the Canadian Amateur Hockey Association. Proposed sponsors of new teams not in touch with these channels can obtain a copy by sending six cents postage to the Sports Department, Nelson Daily News.

The Imperial Oil Company usually issues a booklet on N.H.A. teams after the season opens. Listen to the first Toronto hockey broadcast for particulars.

Looking Backward

10 YEARS AGO
(From Daily News, Oct. 30, 1933)

Nelson and Willow Point lost a very oldtimer by the death of Mrs. Olive West, widow of C. W. West.

Mayor S. H. Smythe decided to call off the community Hallowe'en celebration due to the small turnout of citizens to the organizing meeting.

The Graduate Nurses Association of Nelson entertained Saturday afternoon in the Nurses Home at a charming "at home", the decorations and refreshments being under the supervision of Miss Sybil Keeler and Mrs. T. Homersham.

25 YEARS AGO
(From Daily News, Oct. 30, 1918)

The first purchaser of a Victory Bond in Nelson was little Brian Horstead, three years of age, who handed his first installment to H. C. McDonald, accountant at the Imperial Bank.

The epidemic of influenza appears to be on the downward grade in the city, Monday holds the record for the largest number of cases in a day.

Nelson has already subscribed half of its Victory Loan quota of $300,000, with 18 days more to go in the campaign.

40 YEARS AGO
(From Daily News, Oct. 30, 1903)

At a public meeting last night John Houston, M.L.A., for Nelson, stated his position to his constituents, thus: "If the Legislature meets and I get a vote, I will cast my vote for the Conservative party, but by the living gods I will down the men who gave me dirt at Victoria."

The lake is still two feet above its normal level for this time of year.

It is a fortunate thing for the householders of the city that coal is available for the fuel here as the firewood coming here is about the worst possible.

Test Yourself

1. How well do you know your Bible? Who was the first child born on earth?
2. What was the name of Solomon's son who was David's bosom friend?
3. Why did Herod have John the Baptist imprisoned?

TEST ANSWERS

1. Cain.
2. Jonathan.
3. Herod had married Herodias, wife of his brother Philip, and John had denounced their action.

A well bred person never looks down on anyone, but is interested in other people whatever their position in life, and is friendly to them.

TRIPLE PLAY —Courtesy of Le Nouvelliste, Trois Rivieres, Que.

$593 Spent on Kimberley Christmas Parcels

KIMBERLEY, B. C.—At the recent monthly meeting of the Kimberley and District Patriotic Society it was reported that 151 Christmas parcels had already been sent to local men of the armed forces overseas. This cost the society $603, each parcel having a value of $2.57. The parcels contain chicken, fruit cake, cheese, oatcakes, pork and beans, meat spread, peanuts, two bars toilet soap, one stick of shaving soap, razor blades, Klick, soup mix.

Another Christmas matter dealt with was that of a special number of the News Letter. Editor W. E. Leaman attended the meeting and received several suggestions from members. The Christmas number will have a colored frontpiece which the High School students will be asked to color. The Board will send Christmas greetings from the community.

It was felt that there were not sufficient funds available to send a gift to all those in the armed forces in Canada, but a special greeting will be sent to them.

Pending a decision from Ottawa regarding the gift of smokes to men in the active navy, it was decided to send to all those who are at sea an equivalent sum of money so that they might buy their own.

A hearty vote of thanks was tendered W. E. Leaman and his associate editors of the News Letter for the splendid work they are doing each month.

The total receipts for the month are around $1150 and were distributed as usual, $300 to the Red Cross and $250 to the Rehabilitation Trust Fund. There were no special appeals to be answered so the balance was kept intact to meet future appeals.

The sum of $1000 of the Trust Fund was ordered to be invested in the Fifth Victory Loan.

CRANBROOK

CRANBROOK, B. C.—Dr. G.E.L. MacKinnon, M.P., who has been supplying as medical practitioner at Invermere pending arrival of a permanent practitioner, is spending a few days at the Coast prior to returning to his home here.

V. Z. Manning of Vancouver arrived here Monday to attend the funeral of his late uncle, John Manning.

Aer.1 Gordon Willis left Tuesday morning for Montreal to continue his training with the R.C.A.F. after spending a leave with his parents, Mr. and Mrs. G. B. Willis.

Alec Steele and Donald Smith left Tuesday to report at their Navy post after spending leave at their respective homes here.

Mr. and Mrs. A. Raworth have returned to Cranbrook after their wedding trip to Toronto, Montreal and Quebec City and are making their home in an apartment on Baker Street.

Mrs. T. J. Sullivan and daughter Lou are spending a fortnight at Calgary visiting Mrs. Sullivan's parents, Mr. and Mrs. Rennie.

Mrs. Frank Jenson and daughter Marilyn and Karen have transferred their residence to Banff.

Word was received here by friends of the death at Vancouver of Mrs. Thomas Drummond, whose daughter, Mrs. J. S. Schell made her home here until last year. Mrs. Drummond was a pioneer resident of this city.

Mrs. H. A. McKowan is spending a week at Calgary visiting her son-in-law and daughter, Mr. and Mrs. Ross Leyden, and granddaughter, Judith Eva Leyden.

$356 Creston Total for Chinese Relief

CRESTON, B. C.—Final results of two canvasses which concluded last week show that total collections for the local Chinese Relief Fund amounted to $356, the quota set by the Chinese Committee for the District being $600.

In the recent sale of war stamps by the druggists of British Columbia, the firm of Currie's Pharmacy reported a stamp sale of $106.

In the recent stmp sale report issued by the elementary schools of the District, shows the sale of $1100 worth of stamps by public school students to date including the Summer months.

CASTLEGAR

CASTLEGAR, B. C.—Mrs. R. Shields was a Trail visitor.

Mr. and Mrs. Green were recent Trail visitors.

Miss Eva Peterson visited Trail recently.

Mrs. R. Wadey was a weekend visitor to Trail.

Mrs. J. Townsend was hostess to the Refugee Knitting Club, Group No. 1. Mrs. J. Taylor assisted the hostess in serving refreshments. Others present were Mrs. J. Morrison, Mrs. B. King, Mrs. R. West, Mrs. W. Rigby, Mrs. J. Dyck, Mrs. N. Oswald, Mrs. C. Paynore, Mrs. G. Wanless, and Mrs. B. Fletcher.

Mrs. S. Marsocco and children were weekend visitors to Trail.

Mrs. W. Dams was a visitor to Trail.

Mr. and Mrs. Etter and son Jimmy have left to reside in Nelson.

Mrs. E. C. Larmour and son Donald have returned after spending a few days as guests of Mr. and Mrs. J. Rondeau of Trail.

Mrs. M. McPherson was a weekend visitor to Trail.

Mrs. A. Creighton was hostess to the Kinnaird Knitting Club. The members worked on quilts. Those present were Mrs. R. White, Mrs. C. Bell, Mrs. J. Thatcher, Mrs. G. Bird, Mrs. L. Pratt, Mrs. A. McWhinnie, Mrs. H. Mayled, Mrs. K. Robertson, Mrs. W. Evans, Mrs. Basam, Mrs. A. Fry and Mrs. Milne.

Mr. and Mrs. Littlejohn of Rossland were guests of Mr. and Mrs. J. Rutland.

Mr. and Mrs. W. Elston were Trail visitors.

Miss Jean Sommers was a Nelson visitor.

Mrs. S. Wilson visited Trail.

Mr. and Mrs. G. Larson were Trail shoppers.

Mrs. A. Hopland visited Nelson.

Mrs. R. McDonald was a Trail visitor Monday.

Roy Nelems visited Trail Sunday.

John Waldie spent the weekend with his family in Nelson.

Miss Yvonne Parent visited her brother Philip, who is a patient in Trail-Tadanac Hospital.

Mrs. D. Wallace visited Trail.

Mrs. N. Bystrom and children Lorraine and Ray visited the former's parents, Mr. and Mrs. J. Harvath, in Nelson.

Mr. and Mrs. A. E. Lampard entertained at two tables of bridge. High scores were won by Mr. and Mrs. Isaac Peterson. A dainty lunch was served. Guests were Mr. and Mrs. N. Bystrom, Mr. and Mrs. E. Howard, Mr. and Mrs. Isaac Peterson, J. Hafstead and J. McKinnon.

Mrs. J. McEwen of Kimberley is visiting her brother-in-law and sister, Mr. and Mrs. N. Oswald.

Mrs. M. McPherson was a visitor to Trail.

Mrs. G. Larson visited Trail at the weekend.

Miss Catherine De Poe is spending a two-week vacation at Vancouver.

C. R. Moore and daughter Marlene of Trail were visitors to Castlegar.

Mr. and Mrs. V. Nelson and son Bobby of Waneta were weekend visitors to Castlegar.

Nels Bystrom visited Mr. and Mrs Harvath of Nelson Sunday.

Mr. and Mrs. Isaac Peterson were Sunday visitors to Trail.

Rene Broadmann has returned from Trail-Tadahac Hospital.

LONDON (CP)—The Ministry of Agriculture has urged the eating of squirrel pie as a means of reducing the number of squirrels. They have become pests in some parts of Britain because of the inroads they make on food supplies.

48th Highlanders Listed in Battle for Italy

ALGIERS, Oct. 29 (CP Cable)—A highly efficient role in recent fighting on the British Eighth Army front has earned for the 48th Highlanders of Canada an official announcement that they are engaged in the battle for Italy.

The announcement from Allied headquarters today gave no details of actions in which the Toronto battalion, part of the Canadian 1st Division, participated, but disclosures of this kind are ordinarily reserved for units which have distinguished themselves in combat.

William Stewart, Canadian Press war correspondent in Italy reported in a delayed dispatch that the 48th had taken an unnamed town (possibly Torella Del Sannio) on Wednesday after heavy fighting with the Germans.

Silverton Institute Country Fair Aids Services Fund

SILVERTON, B. C.—A pleasant and profitable afternoon was enjoyed when the Silverton Women's Institute sponsored a Country Fair in the Municipal Hall.

Prizes for the best general display were awarded to Mrs. E. Mathews, Mrs. E. Cox and Mrs. W. Nelson. The sale of produce was brisk, and afternoon tea was enjoyed by the many visitors.

Proceeds from the afternoon, that was convened by Mrs. M. Hunter, assisted by the members, will be used for the purchase of Christmas cheer for the local men in the services.

Launches New Attack on Print Evidence

By E. V. W. JONES
Associated Press Staff Writer

NASSAU, Bahamas, Oct. 29 (AP)—Chief Defence Counsel Godfrey S. Higgs launched today a new attack on the fingerprint evidence against Alfred de Marigny, questioning whether the impression on exhibit could have been lifted from a bedscreen in the room where Sir Harry Oakes was slain.

Resuming his cross-examination of Miami police Capt. James O. Barker, Higgs asked whether grooves or irregularities would be shown when a fingerprint is lifted onto adhesive rubber or Scotch tape for photographing and identification.

Barker, who testified he found the impression of De Marigny, Sir Harry's accused son-in-law, on the screen, replied that the investigator could show surface marks as well as the fingerprint if he wished to do so.

At Higgs' request, jury foreman James Sands touched the screen and Barker lifted his fingerprint onto Scotch tape. A groove which formed part of the screens decoration plainly was shown. Barker said it is easy to pick up irregularities.

Higgs, resuming his cross-examination of Barker when court opened this morning, and attempted to suggest by implication that singed and curled hairs reported found on De Marigny after the slaying may have been caused by sunburn.

Kootenay Gives New Impetus to Loan Drive

VANCOUVER, Oct. 29 (CP) — Victory Loan Headquarters here said tonight the Fifth Loan drive in British Columbia and the Yukon will be given a definite impetus during the final week by the decision of Nelson, Trail and the East Kootenays to combine their general public quotas and put the combined quota over the top to replace the sunken Canadian destroyer St. Croix.

"The St. Croix will sail again," is the cry in the Kootenays. The destroyer was torpedoed in the North Atlantic last month with the loss of 146 of her complement of 147.

The combined public quota of the Kootenays—$3,725,000 — is approximately the cost of a new destroyer.

A weather-beaten ensign from the St. Croix will be displayed during the campaign through the courtesy of Dr. H. A. DesBrisay of Vancouver, whose son, Signlm. Gordon DesBrisay brought the ensign home a few weeks before he was lost aboard the destroyer.

Headquarters said great enthusiasm had been aroused over the proposal in Nelson, Trail, Rossland, Kimberley, Cranbrook and smaller towns nearby which wil lbe in on the drive.

LONDON (CP)—To overcome a shortage of wedding rings, 500,000 rings of a utility pattern are to be manufactured in the next 12 months. The utility ring sells for $6.50.

Canada Member Combined Food Board

OTTAWA, Oct. 29 (CP)— Canada has become a member of the combined Food Board, set up 15 months ago by Prime Minister Churchill and President Roosevelt to plan the best use of the food resources of the United Nations and will be represented by Agriculture Minister Gardiner, it was announced today by the External Affairs Department.

Board members now will be Hon. Marvin Jones, United States War Food Administrator; Hon. R. H. Brand, representing the United Kingdom Food Minister, Lord Woolton; and Mr. Gardiner. Claude Wickard, United States Secretary of Agriculture, will act as Chairman.

The London Food Committee, established at the same time as the combined Food Board to perform complementary duties is being constituted as the London Food Council under the chairmanship of the British Food Minister.

Former Slocan Mining Man Dies at Coast

Hans Otto Jansurd, who worked in and around Sandon and Kaslo as a miping timber man and mill worker until about 10 years ago, died at Mount St. Marys' Hospital at Victoria, Thursday at the age of 57.

Born in Norway, March 30, 1886, Mr. Jansrud came to Canada in 1914 and to British Columbia 24 years ago. During the last 10 years he lived at New Denver and Nelson and had been in failing health for the last 15 years.

Besides his wife, he leaves two daughters, Sonja, at Nelson and Mrs. L. G. Irwin of New Denver; four brothers and one sister in Norway.

Every coast town of Norway is on a fjord.

Interpreting The War News

By KIRKE L. SIMPSON
Associated Press War Analyst

The sweep of events in the global war points up for what is left of the dismembered Nazi-Fascist Nipponese triple Axis grisly spectres of approaching doom.

In Russia the spirits of an army of German and satellite dead, left behind in a Nazi retreat to the Dnieper and beyond, must haunt the dreams of surviving comrades and of relatives at home with questioning as to why their blood was so ruthlessly and futilely shed. It calls out for German vengeance on Hitler, for his elimination from Germany as Mussolini was swept into the discard by the war-sick Italian people.

PACIFIC SHAPES UP

The Axis debacle in Europe began a year ago in Africa and at Stalingrad. And now it is certainly beginning for Japan in the Pacific. While destruction of German power still stands first on the strategy books, there is every indication that in the Pacific events are shaping toward early fulfillment of the prophesy many months ago of Prime Minister Churchill that the "supreme challenge" of sea power will confront Japan.

Just when, where or how the next blows will fall against the island outposts of Japan that dot the Far Pacific is closely guarded military information. But openly expressed is the hope of the experts who have planned the campaign that it will bring the main Nipponese fleet to action.

The challenge of the wide-spread Allied assault against the Southeast sector of the Japanese insular defence ring has gone ignored by the Tokyo High Command. Step by step it has given ground rather than risk a major sea fight until Rabaul anchor of the line on New Britain has been exposed to final amphibious attack to convert it into an Allied advance base.

There has been no effort to conceal preparations for a synchronized advance Eastward in the centre of the long Pacific line.

At which of the many Japanese-held island outposts its first surges will be aimed, can only be conjectured; but it is coming.

There is still another factor for Tokyo's contemplation in viewing the tightening Allied encirclement ring. That is Northward.

Japan and Russia still are at peace but it is a peace born only of Russian involvements in the West and Japanese over extension in the South. It is a feeble security reed for Japanese hopes to lean upon in view of Russian victories in the West and the closer integration of war effort obviously sought in the Moscow tripartite conversations.

That Washington and London now know what to expect of Russia in the Asiatic theatre, and when, is wholly probable. There can be no comfort for Tokyo in that.

Wheeler Leary of Connally Resolution

WASHINGTON, Oct. 29 (AP) — Sharply critical of moves to commit the United States now on postwar policies, Senator Wheeler (Dem., Mont) told the Senate today passage of the Connally Peace Resolution will be interpreted by Russia as backing her "demands for a large slice of Poland, the Bosphorus, the Balkans and the Baltic States."

Quoting a portion of the resolution which would pledge the United States to join with other nations in international authority with power to prevent aggression, Wheeler said this commitment would increase the likelihood of confusion and national embarrassment from all sides at the war's end."

"Are we now prepared to guarantee a peace which gives to Russia a far larger share of Poland than Hitler had demanded for Germany?" Wheeler asked.

"This resolution could and will be interpreted by some to mean just that."

The Montanan said Marshal Stalin and Prime Minister Churchill had made no postwar policy promises, and the United States hence should not determine its course finally at this time.

"I am not criticizing Mr. Stalin," Wheeler said. "He is doing what he believes is best for Russia. Nor am I criticizing Mr. Churchill. He is doing what he believes is best for England. What I want to know is what do we propose to do? What is the best for the United States?"

CALCUTTA (CP) — Ramanand Chatterjee, 79-year-old editor of "Modern Review," one of India's oldest monthly publications, is dead. He was the senior leading journalist and publisher in India and was associated for many years with social, political and educational movements.

Rossland Social . .

By MRS. HARVEY FLEURY

ROSSLAND, B. C.—At 6 o'clock Sunday evening, in a home ceremony, Miss Viola Margaret Smith, second daughter of Mr. and Mrs. A. A. Smith, of Rossland, became the bride of Pilot Officer George Wilfred Riley, youngest son of Mr. and Mrs. A. S. Riley of Trail. Rev. W. Murray Cameron officiated. The bride chose a becoming two piece frock in turquoise blue, her corsage was of pink and white carnations, and in her hair she wore a coronet fashioned from orange blossoms. Miss Cleo Nyman, as bridesmaid, chose an attractive beige dress made torso style, pink and white carnations formed her corsage, and she wore a coronet of bridal flowers. The best man was Pilot Officer Vergil Riley, brother of the groom. Mrs. Smith, the bride's mother, wore an attractive navy blue dress with accessories en tone. Mrs. Riley, mother of the groom, was dressed in black. Both wore corsages of carnations. A reception was held immediately following the ceremony for immediate friends and relatives of the bride and groom at the home of the bride's parents, which was decorated with Autumn flowers. An ecru lace cloth covered the bride's table, which was centred by the beautifully decorated wedding cake featuring the world with an airplane on top; this was flanked by rose-buds and tapers, both in silver holders. The toast to the bride was given by Mr. Cameron, and responded to by the groom. Out of town guests included Mr. and Mrs. H. Adams of Kaslo, Mr. and Mrs. A. Riley, Kaslo, Mrs. V. Riley, Castlegar, Sgt. Pilot Irvin Conroy of Halifax, Monday Pilot Officer and Mrs. Riley left for Truro, N. S., where the groom is stationed. The bride's travelling attire was a tailored pin striped navy blue suit, with which she wore British tan accessories.

Consider Forest Research Institute in B.C.

VICTORIA, Oct. 29 (CP) — A Forest Research Institute for B. C. as a joint establishment of the Dominion, the Province and the lumber industry is being considered, Premier Hart and Lands Minister Gray said today following a cabinet meeting.

Such an institute would be part of a postwar reconstruction program, the Ministers said, and would be designed to service B. C. needs in an adequate and continuing manner.

"It has been suggested that a building to house the institute and erected at UBC may be included in the Federal Government's postwar program and the present forest products laboratory should be absorbed in the new organization," a joint statement said.

Weekend Deadline For Overseas Christmas Mailing

If it's to be a Merry Christmas with the usual parcels and gifts from loved ones for the men and women of Canadian services overseas, parcels should go into the mails this weekend if possible. Nov. 1 is the last date of mailing for which the authorities guarantee delivery for Christmas.

Christmas gifts, overseas boxes and wrappings have been on display in shops for some weeks past in anticipation of the early shopping season.

BRISTOL, England (CP) — A scheme for building up to 2,000 houses in Bristol after the war was approved by the city's Housing Committee.

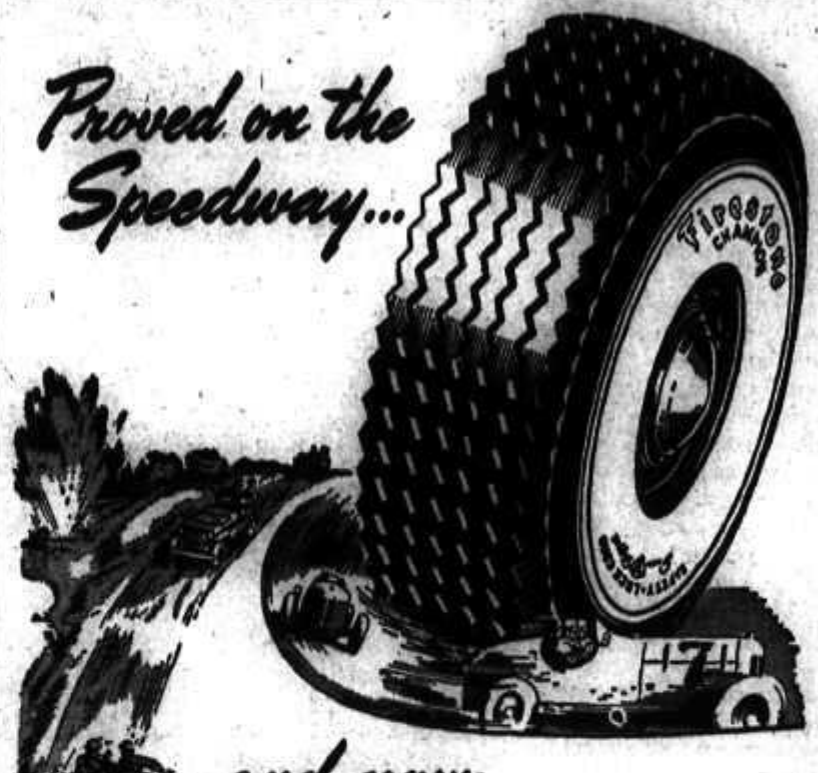
MEN'S WEAR

Proved on the Speedway...



...and now on the Battlefield

Remember back in the pre-war days when, year after year, Firestone tires used to sweep aside all the records for sustained high speeds!

In these stern times there are no more speedway classics. But Firestone tires still continue to demonstrate that they have no equal for strength, stamina and dependability—on the world's battlefields. From the sub-zero Arctic to the scorching tropics, Firestone tires are carrying our boys to Victory.

Just as better tires came from Firestone's experience on the speedway, you can depend that in building war tires, Firestone engineers still continue to lead in tire engineering and design . . . that this experience and knowledge is being accumulated to give you even better Firestone tires in the days to come. In the meantime, *redouble* your efforts to make tires last—no matter what make they may be, put them in the care of your nearby Firestone Dealer *now*.

That's an important question, Johnny. And if we speak for most Canadian homes today the answer is "plenty".

Food rationing notwithstanding, Canadians are eating better and growing stronger now than before the war. This we have learned: that food in plenty is not enough. Without a knowledge of food laws no nation can be properly nourished.

"What's cooking" in Canadian kitchens today are the balanced nutritional foods of a healthy nation. They are a tribute to the women of Canada who study and select them.

TODAY'S News Pictures

World's Toughest Battle Course at Vernon

Night training as well as day is carried out with live ammunition at Vernon battle school. Here a soldier ducks as live tracer bullets pass over his head. So, tempered by the fire and sound of live ammunition, the Canadian soldier knows the real thing long before he meets the enemy in combat.

Every kind of obstacle is met and overcome. Here the soldiers have succeeded in floating their 5-ton Bren gun carrier with logs and ford the river as though in an amphibious craft.

Commando tactics are part of the battle drill. This is the final action in stalking and killing an enemy sentry. In a flash, he claps a hand over the sentry's mouth to prevent outcry and with Commando dagger neatly flicks jugular vein.

Crawling through a creek and under live fire from Bren guns, the soldier must learn to protect his gun and keep it in firing order at all times.

SALLY'S SALLIES

DAFFODIL FILET

Make this beautiful cloth in filet crochet with daffodil centre to add to the charm of your home and to cherish in years to come. This pattern makes either an oblong or square cloth as you can see by the sketches. Send for it today. Pattern 708 contains charts and directions for cloth in various sizes; stitches; list of materials.

Send 20 cents for this pattern to The Nelson Daily News, Needlecraft Dept., Nelson. Write plainly pattern number, your name and address. Patterns will be mailed to your home in about 15 days. There may be some further delay in delivery because of the large increase in orders during the present season.

Marion Martin

FLATTERING STYLE

A deep, round yoke, with buttoned-back revers points up a soft, pleasing bodice treatment. Pattern 9435 is a becoming style in either cotton or rayon. It suits almost any career, be it centered in home or office. A bit of fabric from your scrap bag makes contrast revers.

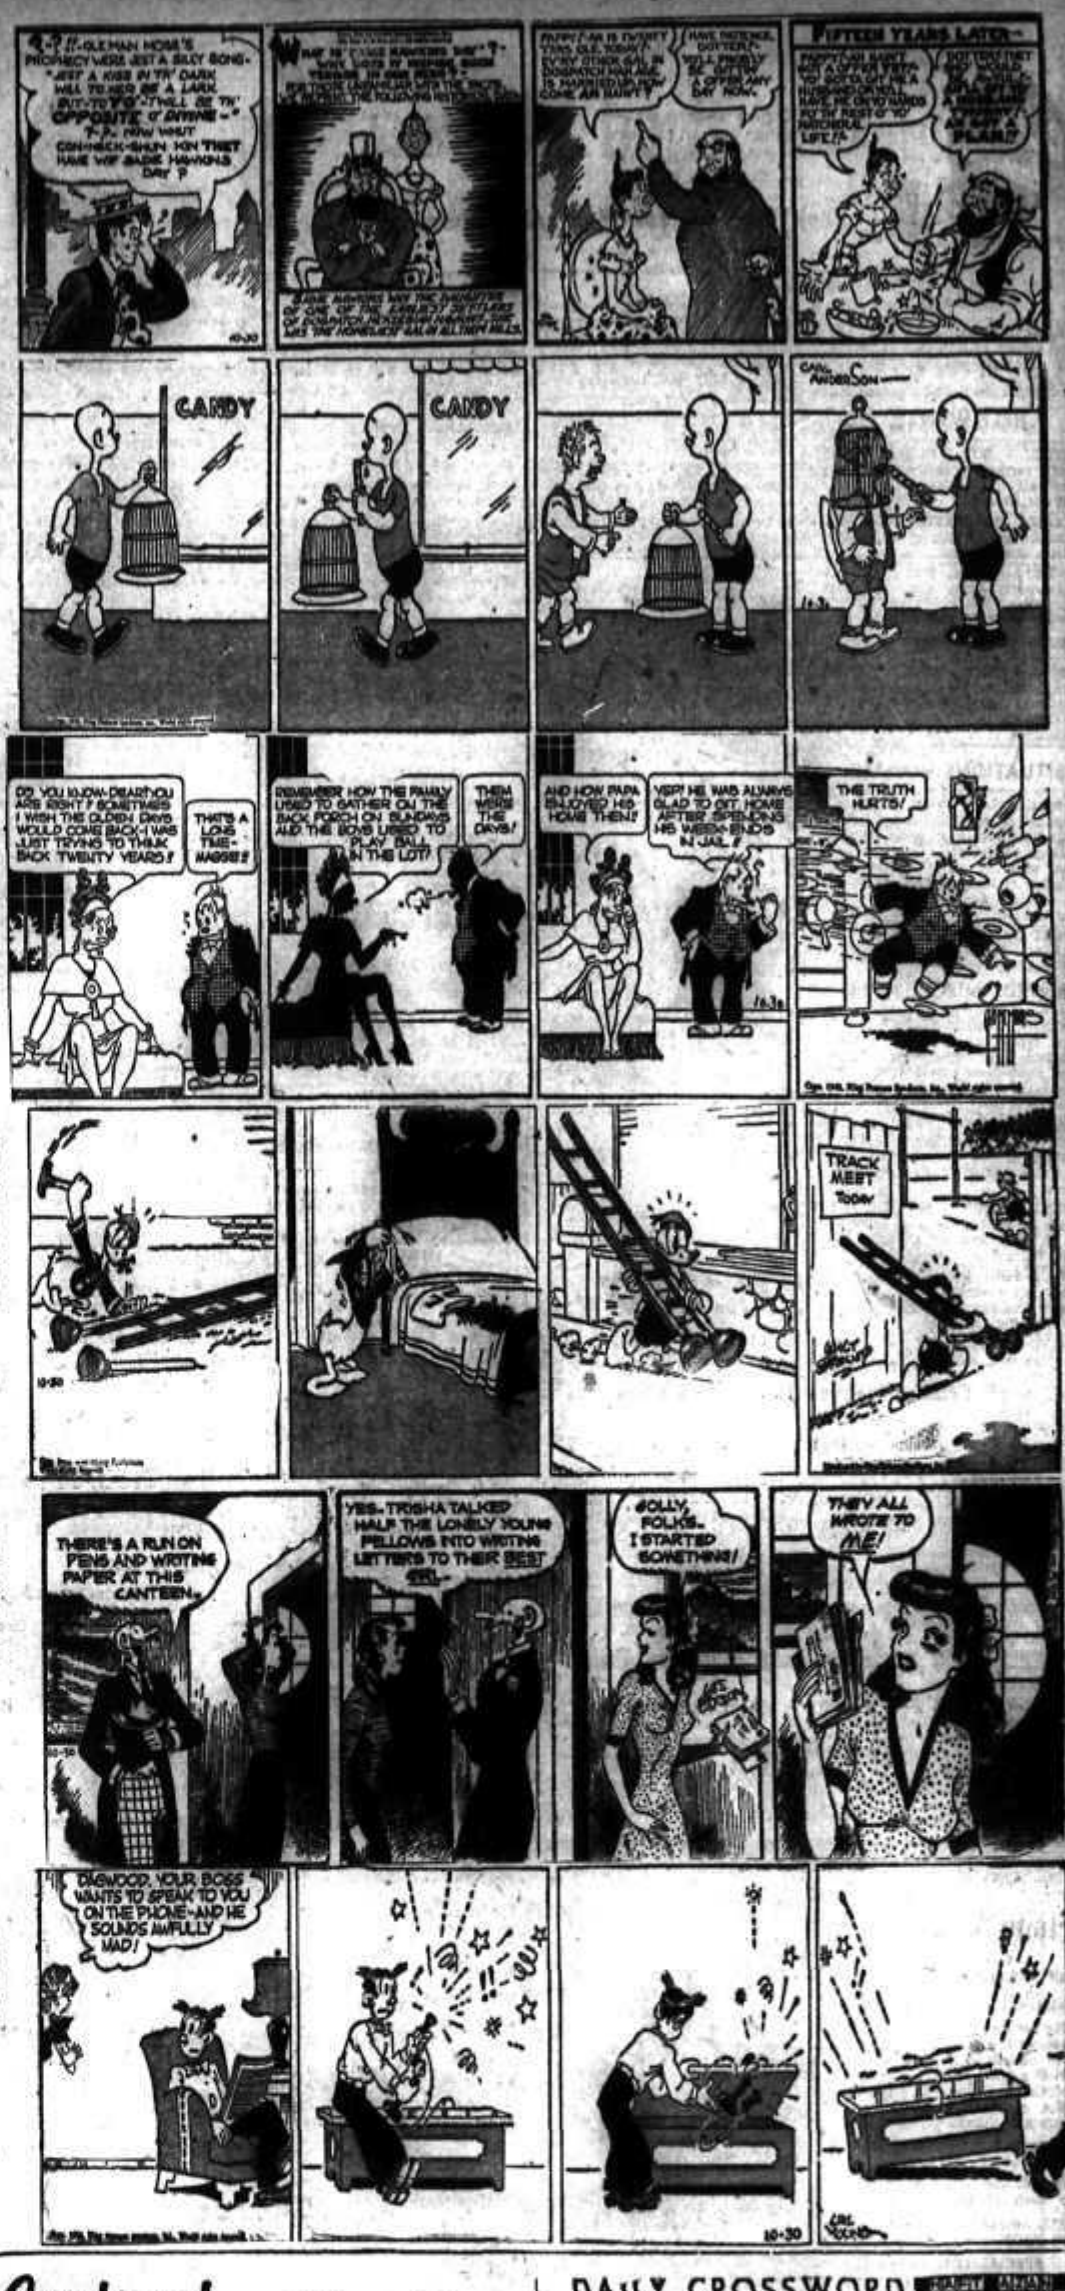
Pattern 9435 comes in misses' and women's sizes 14, 16, 18, 20; 32, 34, 36, 38, 40 and 42. Size 16 requires 3 1-8 yards 35-inch.

Send 20 cents for this pattern to The Nelson Daily News, Needlecraft Dept., Nelson. Write plainly pattern number, your name and address. Patterns will be mailed to your home in about 15 days. There may be some further delay in delivery because of the large increase in orders during the present season.

AUNT HET

By ROBERT QUILLEN

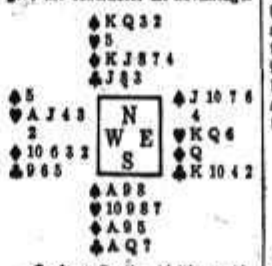
"Emily always says she hates to bother you, and she acts like she meant it, but she don't hate it enough to not do it."



Contract... By Shepard Barclay

GAIN OFFSETS DANGER

STUDIOUS bidders frequently are afraid to open the auction with the call of a suit which lacks high cards. The danger they fear is that their partners may be induced to lead such a suit in case the opponents buy the contract, and that the lead may give the declarer a trick or two which otherwise would not be made. In letting this fear predominate, they overlook the fact that, in a great majority of cases, the opening bidder's side, becomes the declarer, in which case avoidance of that suit by the opening leader may give the contractor an advantage.



(Dealer: South. Neither side vulnerable.)

South	West	North	East
1. 1 ♥	Pass	1 ♠	Pass
1 NT	Pass	2 NT	Pass
3 NT			
2. 1 ♠	Pass	1 ♦	Pass
1 NT	Pass	2 NT	Pass
3 NT			

Actual bidding on this deal, in a rubber game, was as given in the first sequence above. West's normal lead would have been a heart, but he was steered away from it by South's original bid of the suit. He wanted the hearts led to him instead of by him. So he picked his singleton spade, reckoning that this must be his partner's suit, and therefore the best chance to get East into the lead. South, of course, won and ran nine tricks, refusing to take a chance with the club finesse for an extra trick, as loss of that finesse would have caused him to be set at once, probably down two.

In the second table is given the bidding which a kibitzer would have recommended. It was by one of those chaps who almost never opens with a four-card major, and who also does not understand that the bid of a topless suit creates an advantage as well as a disadvantage, from the standpoint of its influence on the opening lead. His bidding would have got himself set, with five immediate heart tricks by the defenders.

* * *

Tomorrow's Problem

(Dealer: West. Neither side vulnerable.)

In a contract of 6-Spades, what is the correct way for South to play his trump suit after West, who had opened the bidding with 1-Heart, leads the K and then switches to the club 4?

Toronto Stock Quotations

LONDON, Oct. 29-(AP)-The Stock market closed irregularly today in quiet trading.

Industrials finished lower with oils mainly steady. Kaffirs development shares moved ahead. Dividend payers were easier. Diamond issues were lower on the day. Tea stocks were dull. Home rails were in demand. International securities held steady.

British Funds met investment support while European Bonds eased.

NEW YORK — Further profit cashing cut down recent stock market climbers fractions to 4 points today but lack of urgent selling inspired enough late bidding to reduce extreme losses in the majority of cases and add modest gains to selected issues.

Canadian issues were steady to low and Canadian Pacific and Hiram Walker yielded fractions while Dome mines and Lake Shore were unchanged.

CHICAGO-Selling came into the Wheat Pit after prices had advanced more than a cent today, with all deliveries touching new seasonal highs, and part of the upturn was lost. Good support from milling and distilling interests, however, prevented any sustained retreat.

At the close wheat was ¾-1 cent higher, December $1.56 ¾-¾. May $1.53 ¾-½. Rye was ¼-⅜ lower, December $1.13 ⅞-$1.14. Oats were unchanged to ⅜ lower and Barley was down ¾-⅞.

MONTREAL-Trading was of slim proportions up to the final hour today.

C.P.R. eased.

International Nickel improved and Hudson Bay backed up. Imperial and International Petroleum sagged and Royalite was slanted up.

TORONTO-Stocks sold down today. Astoria Gold sold 50,000 shares in one block.

Steep Rock came up a few cents. Smelters, Falconbridge, Normetal and Sherritt recorded minor declines.

WINNIPEG-Initial gains in Rye Futures were turned into losses today when coarse grains on the Chicago Market sagged as much as two cents.

Closing premiums were ¼-⅝ cents below the previous close with October finishing at $1.11⅝.

Support in the Pit was offered by Local Commission Houses and outside buyers.

VANCOUVER-Trading was steady on the Vancouver Exchange today with a total turnover of 1,450 shares.

American Bowler Rolls New High

CHICAGO, Oct. 29 (AP) — American bowlers had a new high series mark to shoot at today—a 794 posted last night by Harry Kaad, veteran Chicago kegler, who rolled a perfect game in his second game in league play.

Kaad's mark topped the 776 series by Joe Aubert of Chicago, the season's previous high. He started off with a 257, then rolled a perfect game and finished with a 237.

Trail, Rossland Nimrods Get Moose, Elk 4 Deer

"A grand trip" was the way a quartet of Trailites and a Rosslander described a week-long hunting trip in the Canal Flats region when they passed through Nelson Friday en route home. And their trailer loads bore them out. Their bag—two trailer loads,—included an elk, a moose and four deer.

The successful huntsmen were H. J. Crockett, Frank Versue, Bud Edwards and W. H. Woods of Trail and Gordon Harper of Rossland.

American Hunters Make Nice Bags in Windermere

INVERMERE, B. C.—A trophy of a 56-inch elk head was bagged by Mrs. Ghert of Indianapolis, Indiana. Mr. and Mrs. Ghert were accompanied on their trip by Guide Walter Nixon.

Howard L. Gentry of Jackson, Mich., had a successful trip also, bagging two goat, two mule deer, an elk, a sheep, a grizzly bear and Spring for another grizzly. Gordon Mackay was his guide.

Capt. J. R. Ogilvy-Wills of Fairmont has returned from guiding three American Naval Officers from Idaho. They are Lieut. Commander E. Hoedmaker, Lieut. Cmdr. I. V. Christierson, and Dr. McLemore. Some splendid specimens were obtained consisting of three elk, three goat one a Billy with 11-inch horns, a black bear and a grizzly.

Big Fish Caught Near Boswell

BOSWELL, B.C.—Fishing has been good here lately. Within the last few days, Mr. and Mrs. Chaub, Ralph Shell and Ray Cummings have landed fish weighing 15 pounds 14 pounds and 16¾ pounds, respectively.

LONDON (CP) — An official of the Royal Photographic Society, predicted that colored snapshots taken with ordinary cameras on roll films will be common in Britain after the war. They will cost little more than ordinary films.

R. Powell, Gyro Park Caretaker, Dies at 73; Held High Posts in England; Co-Founder Boy Scouts

Rowland Powell, known to thousands of Nelsonites as Caretaker of Gyro Park, but a man who had held important posts in England in his day, died Friday night in Kootenay Lake General Hospital, aged 73 years. He had been in failing health for a month.

Born in London, England, he was a sailor for three years, between Australia, San Francisco and London, and then went into the Army. From the Army he went into the Metropolitan Police Force of London, and rose to an inspectorship, having 400 men under him, and being chief inspector during the period of the First Great War.

Retiring from the Police in 1919, he was an accountant at Somerset House, London, which is the British national registry office, until 1925, when he emigrated to Canada.

COUSIN OF BADEN-POWELL

He was a cousin of Lord Baden-Powell, and was active with him and a member of the group that founded the Boy Scout Movement.

In Canada, Mr. Powell settled at Perry Siding, in the Slocan Valley. After a year on the ranch, he took employment at South Slocan with the West Kootenay Power & Light Company as a caretaker, his family still residing on the ranch. He moved his home to Nelson in 1927, but continued for several more years with the West Kootenay Company. For a short period he was proof reader on The Daily News.

IN CHARGE OF PARK 10 YEARS

About 10 years ago he became Caretaker of Gyro Park, under the City of Nelson, and personally planted all the flower beds and set out the trees and shrubbery that have been set out, as well as supervising the children using the Gyro Pool, this Summer employment alternating with other work for the City.

Mr. Powell was twice married, his first wife dying in England, and his second predeceasing him here about eight years. His home was at 504 Richards Street.

He is survived by one daughter and two sons, all of Nelson—Mrs. Jack Mackill, Edwin Powell, and Norman Powell, and by a brother, F. J. Powell, of Perry Siding.

Natal-Michel Sports Club Reorganizes

NATAL, B.C. — The Natal—Michel Football Club held a final meeting in the Kootenay Hall recently it was decided to change the club to the Natal—Michel Sports Club with the same officers holding office for the winter term. A three-member committee was elected to interview the Michel mine management regarding the necessary lumber to repair the rink. It is expected that at least a four team basketball league could be formed for the winter. The bank balance of one hundred dollars would be used to operate both the skating rink and the basketball ball. The officers that will take charge of the Sports Club for the 1943-44 winter season are: President, J. Thomson, Natal; Vice-President, L. Krall, Natal; Secretary, Paul J. Chala, Natal and Treasurer, D. Romano, Michel. Walter Weaver of Natal will look after skating activities while J. Thomson will look after the basketball affairs.

SHOWERS HONOR NATAL BRIDE

NATAL, B. C. — During the past week two surprise showers were held at Natal, the first for Mrs. Ralph Baily (nee Marie Jenkins). The guest of honor was the recipient of many useful presents.

The second shower was held in honor of Miss Ernesta Montemuro of Natal, October bride-elect. The evening was spent playing whist and bingo. The guest of honor was the recipient of many beautiful gifts.

In peacetime British trains there were 700 dining cars. There are now 70.

Boswell Soldier Returns From Scotland

BOSWELL, B. C.—Mrs. Eric Bainbridge has received word that her husband, Pte. Bainbridge, who has been with the Canadian Forestry Corps, in Scotland for two years, is now in Vancouver, and expects to receive his discharge from the Army shortly.

Mrs. Bainbridge was at her home in Boswell when she received the message, having come here from Trail for a couple of weks.

Mrs. Fox Seriously Ill at Rossland

ROSSLAND, B. C., Oct. 29— Mrs. R. E. Fox, Victoria Avenue, is seriously ill in Mater Misericordiae Hospital. Her son, Harold, who recently moved to Vancouver, and her daughter, Mrs. Emma Johnson, of Butte, Mont., have been sent for.

Lose Baby Daughter

The infant daughter of Mr. and Mrs. William Thompson, Silica Street, died at Kootenay Lake General Hospital Friday morning.

LONDON (CP) — Taxi owners predict a cab famine for London this Winter. There are only 4500 taxis left in the Metropolitan area, about half the prewar number, and the demand has increased 80 per cent.

NEW NELSON SANITARY REFUSE COLLECTOR GOES INTO SERVICE: Latest addition to the modern equipment serving Nelson, the new "refuse getter" has arrived here and goes into service next week. The sanitary collector will be a main cog in the City's new sanitation service.

Introduction of a free garbage collection for Nelson was proposed by the City Council almost a year ago. Difficulties in obtaining priorities for purchase of the truck and refuse getter, and in obtaining containers, lids and handles, held up the plan. Containers and lids will be distributed later.

The equipment comprises a 3-ton truck chassis mounted with an enclosed dump body and automatic hoist. Painted all white, it bears the letters "Nelson, a cleaner city" and "sanitary garbage collector". The machine greatly reduces the amount of labor involved, and increases the efficiency and cleanliness of the collection service.

Lower picture shows the dump body in action with the automatic conveyor raised.

A Real Challenge to Kootenay Boundary

On October 1 Canada learned of the loss of the Destroyer St. Croix, torpedoed while defending a convoy from a Nazi submarine wolf pack in mid-Atlantic. Part of her crew was picked up by the British Frigate Itchen, and within a short time this ship also was torpedoed. Only one man of the 147 comprising the crew of the St. Croix survived—Stoker W. A. Fisher of Black Diamond, Alta.

The loss of life in the sinking of the St. Croix was the heaviest suffered by the Canadian Navy in this war.

Among the men who gave their lives was Able Seaman William Donald Barwis, formerly of Nelson, a member of the crew of the St. Croix of whom Rear Admiral Brodeur says, "He typified the thousands of Canadians battling the Axis at sea wherever it can be engaged."

The men of the St. Croix have given their lives—their past, present and future—that freedom and Democracy might survive; that their brothers on the fighting fronts might have the equipment and ammunition and food vital for their ascendant struggle against a ruthless, unprincipled foe.

Their sacrifice cannot, must not, shall not go unheeded. Civilians of the Kootenay-Boundary who point with pride to their support of men and women of the Services see in that sacrifice a challenge and an opportunity. They have accepted, voluntarily as they have accepted other war tasks, the challenge to replace the St. Croix.

In this Fifth Victory Loan Campaign the combined objective of the Kootenay-Boundary is $2,725,000. This will replace the St. Croix.

The challenge is that this District shall not fail in its task; that each shall bear his share; that all shall help. Nelson Unit h as an objective of $775,000; East Kootenay of $925,000; and Trail Unit of $1,025,000. To fail to meet and beat these quotas is to fail to meet the challenge of those who died with the St. Croix:

"To you from failing hands
We throw the Torch;
Be yours to hold it high."

The challenge ic lear; the response equally clear—to

THE CHALLENGE IS—
REPLACE THE ST. CROIX

TO MEET THIS CHALLENGE NELSON STILL REQUIRES $271,400
WE HAVE ONLY SIX DAYS TO GO — WE DARE NOT FAIL

Subscribe through the salesman when he calls, through the Banks, or call at the Victory Loan Office, 503 Ward St.
