WOMAN PIRATE CAPTURED AFTER GUN BATTLE BETWEEN POLICE, CREW

HONG KONG, May 5 (AP)—A young Chinese woman pirate was wounded and captured today in a pitched battle between Hong Kong Police and her machinegun-armed comrades at nearby Tiger Hill.

It was one of the biggest pirate hunts in a long time. A flying boat and Indian emergency troops in motor vans came to the aid of a police launch after it was overmatched by the pirates' junk.

Authorities said they seized some Japanese machinegun ammunition and may have wounded three pirates in a fight that still was in progress tonight after 24 hours.

War Not Inevitable Declare Attlee, Eden

Will Only Come if 'Someone' Takes Too Much Risk; Wide Agreement on St. Laurent Plan for Security Circle

By JAMES McCOOK
Canadian Press Staff Writer

LONDON, May 5 (CP)—Prime Minister Attlee and Anthony Eden, both front-line war veterans, today told the House of Commons of their horror at talk of a third world war and agreed that it is not inevitable.

Concluding a two-day debate on foreign affairs, held in the shadow of anxiety over Communist expansion in Europe, Attlee said:

"It is utterly wrong and dangerous to talk of war as being inevitable. I do not believe it. . . .

"If there is a drift to war, and if war does arrive, it will be because someone 'changed his arm' (took a chance) too far."

Eden, Deputy Leader of the Conservative Opposition, said: "I do regard the present international situation as very dangerous but I do not regard it as desperate."

Government and Opposition spokesmen came together on another subject — that the British Commonwealth must be part of the new pattern of regional collective security agreements such as suggested by Rt. Hon. Louis St. Laurent, Canada's External Affairs Minister, in a speech in the Canadian House of Commons last week and commended by Foreign Secretary Bevin in opening the debate yesterday.

URGES CONFERENCE

Eden recommended an early conference of Commonwealth statesmen on world questions. Attlee replied that the Commonwealth had been informed of steps leading to the five-power Western union and be believed that its leaders approved. Britain, France, Holland, Belgium and Luxembourg at Brussels signed a 50-year defence, economic, social and cultural treaty March 17 and now are working out common military defence plans.

The Prime Minister said Britain planned to have a Commonwealth conference as soon as possible.

Herridge to Return to CCF!

H. W. HERRIDGE, M.P.
For Kootenay West

VANCOUVER, May 5 (CP) — The Vancouver Sun said today that Federal political circles in Ottawa are buzzing with rumors that H. W. Herridge, Independent-C.C.F. Member for East Kootenay, may return to the C.C.F. fold.

The Sun said that the report could not be confirmed, but that Colin Cameron, Provincial C.C.F. Secretary, said in Vancouver that a move to bring Mr. Herridge into orthodox C.C.F. ranks must come from his own constituency.

"There is, of course, a good possibility of such a move," Mr. Cameron added.

14 Ohio Seats Go To Taft, 9 To Stassen

WASHINGTON, May 5 (AP) — Latest returns Wednesday indicate Senator Taft of Ohio will win 14 and Harold E. Stassen nine of Ohio's 23 contested Republican presidential convention seats. Thirty went to the Ohio senator unopposed.

The results fell below pre-primary claims of both Stassen and Taft. Taft interpreted the outcome as a "victory for me and a defeat for Mr. Stassen."

Stassen said his showing was "one of the most significant developments of the entire national campaign."

A Stassen man who had trailed overtook a Taft candidate late Wednesday in the Akron District. This gave the Minnesotan the lead in three races with six certain. Taft, on the basis of nearly complete returns, won 11 delegates with three candidates leading.

Governor Thomas E. Dewey of New York still leads the field with 125, but this is nowhere near the 548 majority required for the nomination. Dewey and Stassen are the only candidates having publicly pledged delegates in more than one state. Dewey's are spread over five states and so are Stassen's. Should Stassen win nine in Ohio he will have 68 all told.

TOP PRIORITY FOR ROCKET TESTING

SYDNEY, Australia, May 5 (CP) —Australia is giving top priority in its stepped-up defence program to the rocket-testing range at Mount Ebo in the Central Australian Desert, where construction work has fallen behind schedule.

With the Government seeking to lure workers to the isolated site, the super-secret project holds a higher priority for building materials than even civilian housing.

Construction of the range is a major item in the $800,000,000 budgeted for defence preparations in the next five years. Military sources estimate a first-class testing ground will take five or six years to complete.

QUICKIES . . . By Ken Reynolds

"According to this barometer we got with a News Want Ad—it's raining!"

30 AIRCRAFT TO SEARCH FOR MISSING PLANE

HALIFAX, May 5 (CP) — A search force of 30 aircraft is being assembled in Newfoundland, Greenland, Iceland and the United Kingdom to hunt for a plane carrying two men missing over the North Atlantic, R.C.A.F. reported here today.

The DC-3 aircraft took off from Gander, Nfld., last night, and was due in Shannon, Eire, at 6:15 a.m. today.

U.S. DROPS SALES TAX FROM CUSTOM CHARGE

OTTAWA, May 5 (CP) — The United States Government has eliminated the Canadian eight-per-cent sales tax in its customs calculations, a high Revenue Department official disclosed tonight.

This will mean a scaling down in the price the American importer must pay for Canadian goods and was seen by Canadian banking, revenue and finance officials as an encouragement to the export of goods to the United States and the flow of American dollars to Canada.

$1.25 a Pound for Coast Tomatoes Flown to Winnipeg

WINNIPEG, May 5 (CP)—Tomatoes grown in Vancouver are selling here today for $1.25 a pound.

Tomato - starved Winnipeggers were reported eager to buy the tomatoes, which arrived from the West Coast by plane Monday.

In Vancouver, the tomatoes are selling for 90 cents a pound.

No Decision on Case of Guarda

REGINA, May 5 (CP)—President Al Pickard of the Canadian Amateur Hockey Association said today no decision had yet been made on the case of Alf Guarda of Barrie Flyers, who struck Referee Vic Lindquist during the final game of the Memorial Cup series last Saturday.

Pickard said he was awaiting further information from the East before making a decision.

WASHINGTON, May 5 (AP) — Government efforts to end the 51-day U.S. meat workers' strike broke off today without any sign of progress.

The Federal Mediation and Conciliation Service ended a series of negotiating sessions with the "big four" packing companies and the striking C.I.O. packing house workers. Apparently there were no hopes in sight for a settlement of the dispute.

HEBREW STATE TO PROCLAIM INDEPENDENCE

Jewish National Treasury Appears On Revenue Stamps

SARONA CAPITAL

By JAMES M. LONG

SARONA, Palestine, May 5 (AP) —The new Hebrew State will proclaim its independence 10 days hence at this one-time German Templar town that will be the provisional capital.

The State has an army, but neithe the name of the provisional govment will be housed in buildings where once Adolf Hitler's pictures hung on the walls.

The independence proclamation, addressed by David Ben-Gurion in the name of the provisional Government of which he is Chairman, will be sent to the United Nations at Lake Success. It will request international recognition.

The State would be one of the world's smallest, but its army of upward of 50,000 men is ready to fight for its sovereignty.

Sarona was founded in the last century as a Templar colony. Now it is a residential suburb of old mansions, a 10-minute drive from mid-town Tel Aviv, the all-Jewish city built 30 years ago on a sandbar North of Jaffa.

(Templars are members of a small body founded in Wuerttemburg, Germany, about 1861. The organization was variously called the Temple Society, Friends of the Temple and Hoffmannites, for its President, the Rev. Christopher Hoffmann.

(The organization's principle purpose in the beginning was the "gathering of the people of God in Palestine." Later the emphasis shifted to economic aspects, and the Templars supported German interests in the Middle East.)

Sarona colonists were taken to detention camps during the war. A half dozen of the finest old homes, whose walls once were decorated with Hitler's pictures, now are being fitted hastily with switchboards and office equipment to house the Government of the Jewish State. The capital will be ready in a week, just under the May 16 deadline at which the Actions Council of the World Zionist Organizations voted a month ago that a new State would be proclaimed.

Evidences of Statehood are emerging fast. Cigarette and other tax and revenue stamps appeared this week. They contained the words, "Jewish National Treasury," surcharged on former mandate stamps.

Senate Upholds Margarine Ban

By GEORGE RONALD
Canadian Press Staff Writer

OTTAWA, May 5 (CP)—The Senate voted 35 to 21 today against lifting the ban on margarine.

It was the third defeat in three years for a bill sponsored by Senator W. D. Euler (L-Ontario) to end the 62-year-old prohibition on importation, manufacture and sale of the butter substitute.

The same bill was rejected by 43 votes to 30 in 1946 and 38 to 22 in 1947. Identical legislation, introduced in the Commons by James Sinclair (L-Vancouver North) may be put to a vote on second reading in two or three weeks.

In a 55-minute speech immediately before the division, Senator Euler said:

"I believe the Senate of Canada is in a measure on trial today, not because of margarine but because of the principle of a democratic right—the right to free choice, free enterprise, free competition . . .

40 CENTS A POUND

Canadian agriculture could produce all the margarine Canada needs, he said, and it would cost no more than 40 cents a pound.

The ban on margarine is contained in the Dairy Industry Act, passed in 1886. Except for a six-year period at the end of the First World War, the prohibition has been maintained. It was relaxed at that time because of a serious butter shortage.

WASHINGTON, May 5 (AP) — Strongly organized oleo backers scored an upset victory today in the first round of their Senate fight to repeal Federal taxes on margarine. Some of them immediately predicted that final victory now is in sight.

By a vote of 47 to 30, the Senate sent the tax repeal bill to its Finance Committee, which is expected to give the measure early approval.

To Take Part in Penticton Ceremony

VICTORIA, May 5 (CP) — Mines and Municipal Affairs Minister R. C. MacDonald will go to Penticton May 10 to participate in ceremonies marking its change to city status.

The Act incorporating Penticton as a city was passed at the Spring session of the Legislature.

Lieutenant-Governor Charles A. Banks may also take part in the ceremonies.

CHANG CHUN TO RESIGN

NANKING, May 5 (AP)—Premier Chang Chun announced today that he and the Chinese Cabinet would resign collectively prior to the May 8 inauguration of Chiang Kai-Shek as China's first constitutional President.

Chang had indicated previously he planned to retire from Government service. He said Chiang had asked him to continue—as the first Premier under the new constitution—but that he had refused.

Ends 12-Year Sleep

WHITE PINE, Tenn., May 5 (AP) —A 12-year "sleep" has ended for 52-year-old Mrs. Clara Runnels.

Dr. Jarret Williams reported yesterday that Mrs. Runnels, suffering with what he called a mild form of encephalitis, had been unable from all accounts to recognize anyone until recently.

Her sister-in-law, Mrs. Alfred Sartain, following a daily custom of long standing, went to Mrs. Runnels' room and asked: "How are you this morning?"

"I am just fine," the patient said, opening her eyes. "How are you?"

That brief conversation, Mrs. Sartain said, almost scared her out of her wits.

Nowadays, Mrs. Runnels is up and about the house.

C.P.R. WELCOMES FREIGHT RATE INVESTIGATION

Willing to Implement 7-Cent-an-Hour Recommendation

NEW EQUIPMENT

MONTREAL, May 5 (CP) — W. A. Mather, President of the Canadian Pacific Railway Company, told the annual general meeting of shareholders today that the company "welcomes" the investigation into Canada's general freight-rate structure to be undertaken by the Transport Board.

"Twenty years have elapsed since this structure was last reviewed," he said. "Your company welcomes the investigation of this complex problem which is under way."

Mr. Mather declared the company's willingness to implement the majority report of a Conciliation Board which last month recommended an increase of seven cents an hour for Canada's rail employees.

He estimated the original demands of the rail employees for a 35 cents-an-hour increase would represent an increase in expenses to the C.P.R. of $13,470,000 annually.

The President asked shareholders to approve new capital expenditures of $79,670,871, of which $54,244,072 is to provide for new rolling stock. Of this total, $36,390,854 had been approved by directors "in anticipation of your confirmation."

The recent inflationary increases in costs result in the usual depreciation accruals falling short of requirements for replacement," Mr. Mather said.

ADEQUATE EARNINGS VITAL

"At current prices, it is calculated that the replacement of the company's rolling stock inventory would cost approximately $800,000,000. This is $413,000,000 more than the actual cost of the rolling stock now in service.

Higher costs and enlarged demands on the company's service "points to the necessity for adequate railway earnings."

"If railways are impoverished as a result of an unremunerative rate level they will neither have surplus funds of their own nor the ability to borrow the capital required for these purposes."

He noted that gross earnings were $6,210,268 greater than in the same period of 1947 but that "expenses rose as rapidly as earnings and a net of $1,335,485 for this quarter was virtually the same as a year ago, which was a 53-year low.

WORLD'S LOWEST

Referring to the freight rate increases recently allowed by the Board of Transport Commissioners, Mr. Mather said, "Even with the new rates in effect, the level of freight charges in Canada remains lower than in any other country in the world.

"The 21 per cent increase in Canadian rates is not applicable to grain and grain products within Western Canada whether for domestic consumption or for export. If this very important class of traffic is taken into account, the increase is only 16 per cent. The wage rates and material prices paid by your company have, however, increased approximately 46 per cent since 1939. These facts should help to destroy any belief that rates charged by the railways have been increased to anything like the same extent as the prices U.S. railways pay for goods and services required in their operations."

D. C. Coleman, C.M.G., of Montreal; Hon. Charles A. Dunning, P.C., of Montreal; John W. Hobbs, of Toronto; R. S. McLaughlin, of Oshawa and Sir Edward Peacock, G.C.V.O., of London, Eng., were elected directors for a term of four years.

TRUCE EFFORT UNAVAILING

By CARTER L. DAVIDSON

JERUSALEM, May 5 (AP)—Violence broke out briefly in Jerusalem tonight as efforts to engineer an Arab-Jewish truce in the Holy City apparently bogged down.

Authoritative sources said a United Nations three-man Truce Commission returned tonight from Jericho without having effected truce in Jerusalem.

Auto Workers Get Wage Increases

VANCOUVER, B. C., May 5 (AP) —A varying percentage wage increase to 1000 auto mechanics and other workers employed by 15 Vancouver automobile dealers was announced today. The boost brings wages to $1.25 an hour.

CREATE ARCTIC COLD IN OTTAWA FOR TESTINGS

Laboratories to Save Expeditions For Defence Tests

SPEED TRAINING

By DOUGLAS HOW
Canadian Press Staff Writer

OTTAWA, May 5 (CP) — Men were complaining of the heat today only a few feet away from 76 degrees below zero.

They were grouped around three huge, silver-grey boxes that out-Arctic the Arctic. They were seeing Canada's latest addition to her instruments for conquest of the North.

The box-like structures were the National Research Council's new low-temperature laboratories which, the man who built them said, will allow 75 per cent of all defence tests now being carried on in the North to be done equally well in Ottawa.

But J. L. Orr, the engineering physicist in charge of the laboratories, added to his audience of defence officers, scientists and reporters: "The final proving of any equipment will, of course, have to be done in the field. This will enable us to remove most of the 'bugs' in advance."

Capable of temperatures of 80 degrees below zero, Fahrenheit, the laboratories can produce any combination of temperature, wind and chill, at any time, and for any length of time. Their advantages over the vagaries of weather are obvious. They overcome the serious transportation problems of the North and they lend themselves to easy experimental set-ups.

They were three years in building, largely because of material shortages, and they cost roughly $500,000.

WIDE BENEFITS

Their benefits are expected to fall chiefly on the armed forces and on aviation firms. They will enable studies of cold-weather starting and running of engines, vehicles and gas turbines; heating systems for aircraft cabins, vehicles and shelters; hydraulic and pneumatic control systems at high altitudes; shattering of plastic canopies on aircraft at sub-zero temperatures; development of Arctic clothing; human exposure problems and insulation of buildings.

Any thought that the laboratories will mean an end of such places as the joint services Winter experimental station at Churchill, Man., were scotched by Maj.-Gen. Church Mann, Acting Chief of the General Staff.

He said Churchill — with its meagre chills of 45 to 50 below zero—will be needed to train men in numbers with equipment that was first tested there and at the new laboratories. The N.R.C. development would probably speed up what the forces were trying to do in the North.

Ship in Danger

SYDNEY, N. S., May 5 (CP)—The collier Cheswick was reported today to be drifting perilously close to the shoals off Cape Percy, the Eastern tip of Cape Breton Island.

At the same time, the motorship Balsam Lake was reported out of danger. The tug Grenadier had left here at dawn to investigate a report that the Balsam Lake was in distress in drift ice 20 miles North of this Cape Breton port.

The Cheswick radioed that she was having difficulty maneuvering in the heavy ice that has lodged around the Cape Breton coast for weeks. She was headed for Louisburg, about 30 miles from Cape Percy.

Meanwhile, the 500-ton freighter Keltic and the collier Louisburg reached Sydney after squeezing their way through the belt.

U.N. Recognition For Partition

LAKE SUCCESS, N.Y., May 5 (CP)—The United Nations answer to the Palestine problem appeared tonight to be temporary recognition in effect of the division of the Holy Land into Jewish and Arab states.

Comments from delegates attending the closed sessions today of a 12-member sub-committee indicated, however, that the U.N. Assembly would be asked to recommend that no U.N. member formally recognize any country set up in Palestine.

C.M.& S. Workers Accept Wage Offer

12½-Cent Hour Raise for Tadanac, Warfield and Kimberley Staffs Reported; 7000 Involved in Vote

TRAIL, B.C., May 5 (CP)—British Columbia's first 1948 labor agreement in a major industry may be signed next week following acceptance of a new wage offer by 7000 employees of Consolidated Mining and Smelting Co., it was reported tonight.

Company officials and representatives of the International Union of Mine, Mill and Smelter Workers (C.I.O.-C.C.L.) declined to comment on details of the agreement, accepted by employees in a vote Monday and Tuesday.

It was learned, however, that the contract will include a 12½-cent hourly wage increase across the board for employees at Tadanac, Warfield and Kimberley plants.

Confusion Minimum High, Little Sport At Chinese Meet

SHANGHAI, May 5 (AP)—China's seventh national athletic meet today opened with minimum confusion for things Chinese—

First, a six-hour traffic jam delayed the opening.

Then an unruly mob burst into the stadium, packed with 90,000, just as the national anthem was being played—and all the cops were standing at attention. The mob was beaten off by police clubs with a few cracked heads.

Three thousand trained pigeons took off—in fright—and in all directions—when Chinese Air Force planes zoomed low over the stadium.

Then 2233 athletes from throughout Asia paraded.

P. S.—In the only athletic event of the day, a Chekiang Province soccer team beat Manila 6-3.

ROBINSON REFUSED APPEAL FOR DISCHARGE

TORONTO, May 5 (CP)—Frustrated in every attempt to avoid deportation from Canada, Reid Robinson today was returned to the United States under escort of an Immigration Department official.

TORONTO, May 5 (CP)—Reid Robinson's appeal for discharge from custody was refused today.

An Ontario Supreme Court judgment on a habeas corpus action heard April 30 in which Robinson sought release from Don Jail here was read by Chief Justice J. C. McRuer.

Robinson came to Canada last Fall to direct union organization work in Northern Ontario goldfields.

Robinson, Eastern President of the Mine, Mill and Smelter Workers' Union (C.I.O.), has been in jail since his appeal against a deportation order was thrown out two weeks ago.

Floods Depend on Weather in B.C.

VICTORIA, May 5 (CP) — R. C. Farrow, Comptroller of Water Rights for the Provincial Government reported today that almost every stream in the Province was a potential flood menace if the weather should turn suddenly warm.

A notable exception is the Okanagan Valley.

Snow in the hills elsewhere in the Province increased in April, which is unusual. No sign of the snow beginning to move has yet been noted.

Whether or not the floods become seriously depends entirely on the weather.

BID FOR NEW FREIGHT RATE INCREASE SEEN

OTTAWA, May 5 (CP) — A new railway application this year for further freight-rate increases is a distinct probability, authoritative sources said today.

However, it was emphasized that the railways, which received a 21-per-cent general increase last month, likely will not take this move until Autumn.

The one thing that could halt such an application would be Federal subsidization of railway losses, as asked last week by premiers of seven provinces.

NORTH VANCOUVER, May 5 (CP).—Noah S. Mesdell said today his hens recently laid two giant eggs—one 8¾ by 6½ inches, the other 8½ by 6½ inches. It was reported last week that Burnaby chickens lay the biggest eggs. "So does North Vancouver," he said.

MACHETE-WAVING GIRL BRAVES BOGOTA DANGERS TO SAVE DOG, COAT

TORONTO, May 5 (CP)—Protected by a large machete-type knife, Florence Best, formerly of Toronto, ran through 20 blocks in the midst of the recent revolution at Bogota, Colombia to rescue her dog and fur coat.

Miss Best, who has been working in Bogota for the last three years, wrote the details of her experiences to her mother, Mrs. A. Best of Toronto.

Advised to leave the office building in which she worked, she and another girl made their way to a friend's apartment. They safely made the expedition to rescue the dog and bring back the fur coat. Most of that night was spent on the office roof but next day they were able to return to the apartment.

Vancouver-to-London Tricycle Trek Ends When Police Catch Up to Tots

VANCOUVER, May 5 (CP)—English-born, homesick Geoff Bouchard and his friend, Bert Myers, started from their homes here for London, England.

Five hours, and six miles later, they were back after an all-out search by parents and police.

It all happened Tuesday night when the two, Geoff, four years-old and Bert three, started a tricycle trek to London town. A taxi driver found them six miles from home.

"Geoff's war bride mother, Mrs. Anthony Bouchard, came to Canada to join her veteran husband 18 months ago.

"Since we arrived, Geoff has always had one idea—to return to London," she said.

Expect Gypsum Mine at Windermere To Begin Operation Soon; Plans For Road Building Set in Motion

T. H. Palmer of Lewiston, Idaho, who will be in charge of operations for the Columbia Gypsum Products Inc., at the gypsum mine near Windermere, is in Nelson. He is purchasing machinery and making preparations to have a road surveyed at the mine site.

The mine is located in the Tegart Pass area, near the Canadian Pacific Railway.

Mr. Palmer said Wednesday that he estimated it would take about two weeks to open the road. Once this is achieved, production will start, with six or seven men employed at the quarrie. He said the operation would be carried out largely by bulldozers, shovels, drills, trucks and so on.

Contracts will be let for truck hauling at first, but later the Company will buy its own trucks. It wil be a 6½-mile haul to the railway.

Raw gypsum will be shipped to some Canadian industries, and the balance will go to the United States for further processing.

An office has been opened in the Zeigler Building at Spokane. Sarkis Terzian of Nelson and E. C. Phillips of Windermere are Canadian Directors. Four Bremerton, Wash., business men are other officers of the Company.

UNCOVER BIG DEPOSITS

The mine was discovered 20 years ago by Ernest Bryan of Windermere. Several deposits are reported to have been located, the largest uncovered being 1260 feet across, 300 feet long and believed to be several times larger. It has been described as the third largest gypsum mine on the continent.

Vast amounts of gypsum products are used in Washington, Northern Idaho and Northern Oregon. Mr. Palmer has had 23 years experience with the U. S. Gypsum Company and the American Refining Company, and has managed plants for production of gypsum products.

The open pit quarrying method is to be used. Products to be manufactured in the United States will be principally wall boards, gypsum lath and fertilizer.

Contend Debt Reduction, Not Tax Cutting, Best Use for Surplus

Governments Not Setting Example for Anti-Inflation Fight; Real Estate Decline Seen by Finance Association

TORONTO, May 5 (CP) — The need for increased saving should be urged upon all sections of the community, it is stated in the annual report of the Dominion Mortgage and Investments Association, presented at today's annual meeting.

"Any exhortations to save more and spend less in order to check inflation are likely to fall on deaf ears if Canadians follow the example of their national, provincial and municipal governments.

"Estimates of expenditures now before Parliament indicate that the Dominion Government will budget for an expenditure as large as last year. Provincial and municipal budgets are substantially higher. There is no hope of easement of the inflationary pressure caused by the high level of government spending.

Despite a reduction in income tax rates, the Dominion Government will report for the 1947-48 fiscal year an even larger surplus than in 1946-47. Prospects are that there will be surplus of $750,000,000 or more. A surplus of this size is very commendable indeed. To the extent that the Dominion is able to achieve a surplus by draining off excess purchasing power of the public and to use this surplus to reduce Government debt the effect is anti-inflationary . . .

"As might be expected, the surplus is being used as an argument for lower taxes. A reduction in taxation is desirable but it would be better if this was made possible by a further cut in expenditures. A surplus of $750,000,000 is not out of the way in view of the large increase in debt during the war years. If we are ever to reduce debt, now is the time to do it, and a reduction in debt is in everyone's interest . . .

"Furthermore, it should not be overlooked that this surplus is before making provision for credits to the United Kingdom and other countries, through which a large volume of our exports is being financed. Technically, these credits are loans and not expenditures, but few expect them to be wholly repaid.

PROVINCIAL DEBTS HIGHER

"Provincial finance presents a marked contrast to Dominion Government finance. Dominion Government debt, direct and guaranteed, was reduced by $620,000,000 in 1947, but provincial debt increased by $45,000,000. This is the first increase in provincial debt since 1940. Some increase was to be expected as many necessary works were postponed during the war years . . .

"Provincial budgets for 1948-49 contemplate expenditures about $55,000,000 higher than in 1947-48 and almost $200,000,000 higher than in 1944-45. As compared with 1939, the provinces are planning to spend almost twice as much."

REAL ESTATE DECLINE SEEN

On the subject of mortgages, both the report and the address of the President, R. H. Reid, cautioned that easy mortgage credit now may result in ultimate heavy losses to home buyers. Mr. Reid, commenting that ultimately there would be a substantial decline in the real estate market, said:

"All too little consideration is being given by Government authorities to the repercussions which will follow when slender equities disappear and indebtedness exceed the market value of the home owners' property. Under these circumstances, foreclosures on a broad scale become almost inevitable."

MINNEDOSA FLOOD WATERS RECEDE

WINNIPEG, May 5 (CP)—Residents of the flooded town of Minnedosa, 120 miles West of here, today began to clear up the aftermath of a deluge which followed the collapse last night of a dam holding back the raging Minnedosa River, one mile to the North.

The flood waters receded almost nine feet overnight. They covered the heart of the town's business section and the Eastern and Northern residential areas, leaving more than 100 families homeless. They are staying in private homes and hotels which have been thrown open to them.

Damage in the Minnedosa area is expected to run into thousands of dollars.

18 CHARGES AGAINST MAN HELD BY YARD

VANCOUVER, May 5 (CP) — Eighteen fraud charges involving $38,220 have been laid against Alfred P. Hemingway, the man who will cost Vancouver $3000 to prosecute.

Hemingway, a 44-year-old real estate agent, is being held for Vancouver police by Scotland Yard in London. He first was arrested on six charges but police today listed 18.

A Seattle woman, a Vernon, B.C., man and several Vancouver families have pressed complaints. All offences allegedly were committed before Hemingway flew to Britain in February.

It will cost $3000 to return him to Vancouver. Police Commission here has yet to decide on the matter.

Floods Hinder Coal Mining

DRUMHELLER, Alta., May 5 (CP)—Conditions were returning to normal throughout the flood stricken Drumheller Valley District today but a number of coal mines in the area were working with reduced shifts.

The Big Western Crown Mine at East Coulee, Alta., about 12 miles Southeast of here was almost at a standstill as miners awaited the replacement of a washed out bridge before being able to return to work. The bridge across the Red Deer River from East Coulee to the mine was washed out last month cutting off more than 300 miners from their work.

A cable line has been thrown over the river to carry food across to a few miners living beside the mine, but it is expected that at least another two weeks may elapse before the mine again is working at full production.

Most mines in the district were working on reduced shifts as a large number of miners remained away from work to clear debris from their homes as flood waters subsided. At the height of the floods close to 3000 persons were forced to evacuate their homes in the valley.

OTTAWA, May 5 (CP)—Canada's gold production in February totalled 262,203 fine ounces compared with 273,366 in January and 223,017 in February, 1947, the Bureau of Statistics reported today.

February production by provinces, with bracketed totals for the same month last year: Nova Scotia, nil (290) fine ounces; Quebec, 58,718 (37,221); Ontario 155,295 (153,837); Manitoba and Saskatchewan 14,992 (13,749); British Columbia 26,162 (14,124); Yukon 528 (nil); Northwest Territories 6511 (3796).

Retires After 35 Years . . .

T. W. Brewer In Varied Work Before Joining B.C. Forest Service

Thomas W. Brewer, who has ended 35 years with the B.C. Forest Service, had a colorful career in various parts of Canada and the United States before joining the service.

THOMAS W. BREWER

First, he entered the logging industry, after a boyhood spent on a farm in Ontario, and worked in logging camps on the Ottawa River.

He felt the urge to go West, however, and engaged in woods work and a little prospecting, for a number of years in Montana, Washington, British Columbia, Alaska and the Yukon.

For a time he held a mail contract in North Central British Columbia, transporting mail by Indian canoe in Summer and dog team in Winter. He also undertook the supply contract for the cabins of the Government telegraph line from Hazelton to Telegraph Creek.

A FOREST RANGER

Following three years with the Public Works Department, Mr. Brewer joined the newly-formed Forest Service in 1913 as Forest Ranger at Burns Lake, in the Hazelton District, when forest fires were fought by crews usually recruited from local ranchers who were asked to bring their own shovels and mattocks, and transportation was by horse and buggy or on foot.

Three months after the outbreak of the First World War, Mr. Brewer joined the Prince Rupert Light Infantry and saw front line action in France, where he won the Military Medal and rose from the rank of Private to that of Captain. Later he transferred to the Forestry Corps and was stationed in England.

After four and a half years overseas, he resumed his duties with the Forest Service, and in 1929 was transferred to Nelson with the rank of Supervisor, a position he held until retirement.

Mr. Brewer was honored for his years of service at a gathering at the home of Mr. and Mrs. Percy Young. An account of his life's work was given by R. E. Allen, retired District Forester of the Nelson Forest District, who also presented Mr. Brewer with an illuminated address on behalf of his friends in the Forest Service throughout this Province.

These included Dr. C. D. Orchard, Deputy Minister of Forests, and George P. Melrose, Deputy Minister of Lands, of Victoria, both former residents of Nelson.

Decision Likely in Liquor Sale Trial Today; Court Waits Final Arguments

Decision in the trial of Linus Morrison of Nelson on a bootlegging charge is expected Thursday. Three witnesses were heard for the Crown and two for the defence in City Police Court Wednesday, and while both attorneys had presented their cases by late afternoon, the trial was adjourned, when A. G. Cameron of Trail, defence counsel, asked that final argument be heard today. L. S. Gansner is acting for the Crown.

A separate charge of intimidation against Mr. Morrison was adjourned to Wednesday, May 12.

At one stage of the trial, Magistrate William Brown told Mr. Cameron that "this case is not going to be fought on side issues." The statement was made during testimony given by L. Bonderud, who told the Court of measuring the distance between two parked cars on Baker and Falls Streets. Mr. Bonderud got confused with his directions and had to be guided through the questioning by the Magistrate.

Previously Constable G. M. Fisher of the City Police gave evidence for the Crown relating to the night of April 11, the date of the alleged offence.

"At 8:30, April 11," he testified, "accompanied by Constable J. McKill and John Boldt, I took the serial number of a ten dollar bill and wrote it in a notebook and then handed the $10 to John Boldt. John Boldt and McKill proceeded downtown in a police car. I went to the Occidental Hotel and waited their arrival.

"At approximately 9:05, Linus Morrison and John Boldt pulled up in front of the Occidental Hotel in a taxi cab. The car stopped and John Boldt got out of the car. I walked to the car at the same time. As I passed I saw the neck of a bottle of whiskey sticking out of the collar of a leather jacket worn by Boldt. I entered the car and asked Linus Morrison for the $10. He said that he didn't have it. Constable McKill had arrived at this time and had opened the front door on the driver's side. Constable McKill asked for the $10 bill. Linus said, 'I will show you my money.'

"He then handed Constable a roll of bills. McKill looked through the roll and picked out the marked bill."

The witness told the Court that after the bottle was taken into possession by the police from John Boldt, Linus Morrison was driven to the Police office. The bottle was labelled and tested for its contents by an analyst and found to be whiskey.

Robert Harshaw, Chief of Police, and Constable R. J. MacAskell, were called to substantiate the evidence given by Constable Fisher.

J. F. Crosby, witness for the defence, told Magistrate Brown that while in the Star Taxi stand on the night of April 11 with Linus Morrison, he had heard a man whom he now knew to be John Boldt approach the accused and ask, "Hey, mac, have you got a bottle?" Mr. Crosby said that Mr. Morrison had answered, "No, I haven't, but I might possibly be able to get you one."

"After that Linus and the man went outside," Mr. Crosby said.

At an earlier session, adjourned April 16, contention had arisen out of the evidence given by Constable McKill relating to the transfer of the bottle to Mr. Boldt at the Savoy Hotel. Mr. Cameron had contested Constable McKill's ability to see a bottle at the distance given during the evidence.

The fifth witness, L. Bonderud, the distance between two cars told the Court that he had measured parked as they were said to be during the alleged offence and found it to be 63 feet.

Alternative To Victory Route Outlined

TRAIL, B.C., May 5—Delegates from Trail and Rossland Boards of Trade attended a meeting of the Northport Chamber of Commerce, at which an alternate route for the proposed Victory Highway was outlined.

The route would pass through Northport and run between three to five miles South of the proposed Victory Highway, serving the rich farming country in the Flat Creek and Kelly Hill sectors.

It was felt that the same road would serve also as a low-level route between Rossland and Laurier eliminating the Cascade Highway travel.

Trail and Rossland Boards will be asked to visit the site of the proposed new route shortly.

Speakers at the meeting spoke favorably of recommendations that the River road between Trail and Northport, by way of Waneta, should be developed. There was a need for easier communication with Trail, it was felt.

Big Bend Lumber Starts Operation; Mills Extensively Improved

NAKUSP, B.C., May 5—The Big Bend Lumber Company commenced operations May 4 with some 45 men at work after the Winter's shutdown. Operation is expected to continue until at least February of 1949.

Extensive repairs at the mill have been completed. The foundations have been strengthened by using a car load of cement. Wooden pullies have been replaced with steel.

The planer mill also has had extensive improvements. The saw has been moved to face the player and new timber foundations installed. A feed platform has been constructed to expedite feeding lumber to the planer.

A new filing room has been built overhead in the planer mill and will be operated by electricity.

A new planer engine has also been installed with heavy belting, pullies and countershafts.

Lumber camps are in operation. Fifty carloads of lumber are on order and the management expects a good year.

Egg Merchant Put Behind Bars

NEW WESTMINSTER, B. C., May 5 (CP)—A 57-year-old egg merchant was put behind bars to "cool off" here yesterday after he verbally denounced local police over a $1 parking ticket. He complained he was "broke", but police relieved him of $900 when he went to the cell.

Reaction to Some Rash Act Greatest Danger to Set World Aflame Again

By DEWITT MacKENZIE
Associated Press News Analyst

This column yesterday tried to analyze President Truman's view that the current year "may well determine the world's future," and pointed out that the No. 1 issue of the period is whether the cold war will develop into a shooting war or whether it can be kept within bounds.

Britain's outspoken Foreign Secretary Bevin now enters the discussion with the statement that "the chaotic separation of the Western (European) powers, if allowed to continue, would leave them open as a prey." A prey to what? Well, very obviously to Communist aggression, which almost inevitably would turn the cold war into a hot one.

RASHNESS OR STUPIDITY

The greatest danger of war isn't that any power would deliberately precipitate it. Rather it lies in the chance that some country, or group, might inadvertently do something, through rashness or stupidity, which would set the world aflame again.

Unfortunately Europe is so tense that it might react much more quickly to some stupid act than it would under normal conditions. There have been plenty of flashes of fire between the Russians and the Western Allies in Germany and Austria recently, but caution on both sides has prevented difficult situations from getting out of hand.

One big threat of trouble lies in the fact that the present relative calm in Europe is merely a lull in the Communist world revolution.

NOT YET ABANDONED

However, there isn't the slightest indication that the Muscovites have abandoned their effort to absorb Western Europe. Communism often works by stealth and indirection. It attempts a coup only when it has carefully prepared the ground, or when chance has done the job for it. But we may be sure that the Bolshevists will reach for more territory if and when the time seems ripe.

Circumstances will pick the next victim—if there is another—though quick consolidation of Western Europe might block the Red advance. Indeed it might halt it permanently, taken in conjunction with the Marshall Plan for rehabilitation.

Travelling Clinic From Children's Hospital To Visit Nelson May 13

The Children's Hospital Travelling Clinic, consultation centre for improvement of child health in this Province, will visit Nelson next week.

The Clinic will be held in Kootenay Lake General Hospital May 13 from 9 a.m. until noon. New patients, referred by local doctors, will be examined and check ups of patients in Nelson district made.

In charge will be two specialists, an orthopedist and pediatrician from the Children's Hospital staff in Vancouver.

Besides visiting Nelson, the Clinic will stop at two other Kootenay cities. St. Eugene Hospital at Cranbrook will be visited May 11 and Trail-Tadanac Hospital at Trail May 14.

During April Kamloops, Vernon, Kelowna and Penticton children were examined by the travelling Clinic, which made its first visit to key points in the Interior last September.

Officials feel that the mobile clinics will bring the Children's Hospital to every corner of British Columbia, and therefore gradually widen its sohere of activity.

MANY ADVANTAGES

They point out that the Children's Hospital had a capacity of 100 beds available for the treatment of sick and crippled children throughout the Province, covering every aspect of children's disabilities, whether acute or chronic, medical or surgical.

Over 200 towns in B.C. have had patients admitted to the institution. Complete hospital services are available to each and every child, irrespective of financial status of the parents.

A large out patients department holds three clinics every week. Over 600 names are listed on the active files.

A travelling clinic offers a consultation point in B.C. communities, for the betterment and safety of the health of children. For those already under active treatment, it offers more frequent check ups, without the parent and patient making a journey from their own homes.

Coast Hot House Vegetables Being Distributed Here

Tomatoes, green onions, radishes and cauliflower grown at Coast greenhouses are beginning to flow to Nelson wholesale houses in fair volume, it was reported Wednesday. During the week four part cars of early vegetables were received at one firm, and it is expected that the supplies will continue until local growers have produce ready for the market.

Besides the hot house products, one car of bananas, one of oranges and one car of California cabbage were checked in.

Meat supplies here are good. The customary two-car shipment was received in the early part of the week, and cuts of all varieties of meats were plentiful. Butter, however, was in lower supply than usual, but dealers stated that "no one is going short."

Grain dealers checked in two cars of flour and feed and one of straw.

PLAYS HOOKEY VIA AIRPLANE

CHICAGO, May 5 (AP)—Eleven-year-old Janet Jones played hookey via airplane. In a single day's absence from school she went 1448 miles to New York and back.

Janet left home—ostensibly for school—Monday. When she did not return Monday afternoon, her parents, Mr. and Mrs. Benjamin A. Jones, notified police.

Around 9 p.m. their telephone rang. It was a New York airline official who was suspicious because no one met the girl. Janet was with him.

The airline sent Janet (who said she had taken $75 of family funds) straight home—by plane.

Good Eating for the Lunch Boxes!
and so easy to mix!

ALL-BRAN RAISIN BREAD

1 egg	1 cup Kellogg's All-Bran
¼ cup sugar	2½ cups sifted flour
¼ cup molasses	2 teaspoons baking powder
1 cup sour milk or buttermilk	1½ teaspoons salt
2 tablespoons melted shortening	½ teaspoon soda
	½ cup chopped raisins

Beat egg well. Add sugar, molasses, milk, shortening (melted and cooled) and All-Bran; mix well, let stand until most of moisture is taken up. Sift flour, baking powder, salt and soda together; add to first mixture with raisins; stir only until flour disappears. Bake in greased loaf pan lined with waxed paper in moderate oven (350°F.) about 1 hour.

Extra good and so different! This rich brown loaf has that delicious nut-like flavour only Kellogg's All-Bran can give . . . and that marvelously soft, light All-Bran texture. Perfect for the lunch boxes because it's packed with nourishment and keeps fresh. Clip the recipe now.

District Sawlog Scale Soars Over 1947; Almost Double March Total

Log scale for the Nelson Forest District in April, 16,601,068 feet board measure, was almost double the figure in March and the total cut for the first four months of the year was nearly a third higher from the corresponding period in 1947. Accumulated cut to the end of April this year was 71,934,658 f.b.m. or 24,177,293 f.b.m. above the 1947 total.

While almost every variety of sawlogs was up in scale, greatest increases were in cuts of fir, cedar, spruce and larch. In April, 1947, the fir scale was 2,747,677 f.b.m., but this year the figure had soared to 5,383,988 to f.b.m. Similarly the cedar scale was up from 307,258 f.b.m. to 1,011,507, spruce from 1,684,369 to 3,131,507 and larch from 2,984,349 to 4,359,745 f.b.m.

Scale particulars were:

Sawlogs:	1947 f.b.m.	1948 f.b.m.
Fir	2,747,677	5,383,988
Cedar	307,258	1,011,507

Advantages of Southern Highway Told To Kin

Advantages of a Trans-Canada highway on a Southern route were pointed out to the Nelson Kinsmen Club Tuesday evening by H. D. Harrison, representing the Board of Trade.

Object of the "On To Nelson" caravan of cars which will converge on Nelson May 27, 28 and 29, the Southern route would cross the Dominion near the American border This way, Mr. Harrison pointed out, access into the United States would be assured "in case of emergency."

Opposition to the Southern route was being entered by cities in the Saskatoon-Edmonton-Kamloops area, which were campaigning for a Northern route, he said.

Kamloops, however, was the only British Columbia centre which would benefit directly from a Northern highway, "likely to be closed five months a year."

"Our brief is that money should be spent on existing roads and our strength is that the Southern route is already laid and needs only improvement."

The caravan, which will bring 1000 or more Board of Trade and Chamber of Commerce delegates to Nelson, will "try to bring home to citizens the idea that we have a road in existence . . . all we need in improvements. We know it is the direct route."

Originator of the idea was E. McFarland, President of the Lethbridge Chamber of Commerce, Mr. Harrison told the club. The Lethbridge organization and Nelson Board were taking major parts in laying plans for the caravan, coming upon Nelson from as far East as Brandon, Man., and as far West as Victoria.

To illustrate his points, Mr. Harrison showed a map of the two routes.

The City of Quebec was founded by Champlain in 1608.

VISUAL CARE
Is Important

SENDING the whole child to school is of far greater importance than many parents think. There are many symptoms that indicate urgent need for a thorough Optometric examination. Head tilting, squinting, holding a book too close, poor reading, poor distant vision, continual lack of interest in study, nervousness, irritability, frowning, scowling, listlessness, crossed eyes, and other noticeable defects are found among otherwise normal boys and girls. School children tested in first grade show that about three in every class need visual attention. This will increase to 11 in a class of 35 by the time the children reach 10 years of age. Regular eye examinations are the known road to sending the whole child to school.

BRITISH COLUMBIA OPTOMETRIC ASSOCIATION

Dallas, Texas, one of the largest cities of the Lone Star State, originated in 1841, from one log hut.

Every second of the year, $23 worth of pulp and paper rolls from Canadian mills.

Four Nelsonites To Attend Church Convention

Four Nelsonites will be leaving for the Coast within the next few days to attend the annual convention of United Churches in this Province at Victoria.

Mrs. J. M. Armstrong of St. Paul's Church and Mrs. Gordon Allan of Trinity Church will be lay delegates attending. Mrs. Armstrong was to leave Thursday.

The ministers of the two churches, Rev. A. L. Anderson and Rev. G. G. McL. Boothroyd, will leave Monday.

The laymen will confer May 11 and both ministers and laymen from throughout B.C. will hold talks from May 12 to 18. They will meet in First Church, Victoria.

ALBERNIE, B.C., May 5 (CP) — The five-member Indian family of George Gus today is homeless after fire last night razed their two-story home on the reserve here. The blaze raced through the dwelling while Indians at the reserve were attending a baseball game.

Marshall Opposes U.N. Shakeup Without Russ

WASHINGTON, May 5 (AP)—State Secretary Marshall said today Russian leaders must be convinced the Soviet Union can "live side by side in peace" with the Western powers in the United Nations.

He made that argument in opposing any drastic shake-up of the U. N. without Russian agreement. Such a step, Marshall said, probably would destroy the organization and mean setting up rival military alliances.

Marshall appeared before the House of Representatives Foreign Affairs Committee which is considering proposals for reorganizing the U.N. with or without Russian cooperation.

He said that what the world needs today is not new structures for peace but better use of the organization which already exists.

His testimony amounted to a plea to the United States Congress not to express its impatience with the present U. N. and its objections to Russian conduct. Legislators have complained especially about Russia's frequent use of the big power veto.

The Committee also planned to call Warren Austin, United States delegate to the U. N., for his views on revamping the peace league.

In advance of the hearing, Representative Mike Mansfield (Dem-Mont.) said Latin America will go along on any move to curb the big power veto in the U. N. Mansfield attended the Inter-American Conference at Bogota as an observer for the Committee.

Marshall told the committee "the problems today presented to those who desire peace are not questions of structure.

"Nor are they problems solvable by new forms of organization. They require performance of obligations already undertaken, fidelity to pledges already given. Basic human frailties cannot be overcome by charter provisions alone, for they exist in the behavior of men and governments.

He recalled that the U. N. was founded originally on the theory that the great powers would co-operate to preserve peace once it was created. The requirement for the success of the U. N. had not been realized.

As a result, the United States Government had sought to create the necessary conditions for peace in cooperation with the countries which are willing to help.

As problems between the Western Nations and Russia developed, it became clear "that "serious misconceptions prevail in the minds of the leaders of the Soviet Union concerning Western civilization and the possibilities for developing stabilized working relations between the Soviet Union and the other members of the community nations.

"It is a misconception to suppose that differing systems cannot live side by side in peace under the basic rules of international conduct prescribed by the charter of the United Nations. These rules are obligatory upon all members.

Urges Canada to Arm to Maintain Influence in Preserving Peace

By GEORGE KITCHEN
Canadian Press Staff Writer

OTTAWA, May 5 (CP) — The faltering foreign affairs debate petered out in the Commons last night on a militaristic note.

As the four-day debate ended, two Progressive Conservative Members urged that Canada arm as a means of making sure her voice is heard in the councils of the United Nations and ensuring that peace supplant these troubled times.

W. Garfield Case (P. C., Grey North) suggested the Dominion build a "sizable and substantial" air force to back up Canada's obligations and commitments under the United Nations charter.

"Guard our country," he warned the Chamber. "That is the first law of survival."

Douglas Harkness (P. C., Calgary West), a Lieutenant-Colonel overseas during the war, said Canada will have to increase her military forces if she is to have any influence in preserving peace.

"Otherwise," he said, "our words will be merely idle boasting."

As a sidebar issue, a note of domestic discord crept into the debate with Social Credit and Progressive Conservative speakers contending Socialism and Communism are the same "destructive" force and C.C.F. Members denying the two are linked, either in fact or ideology.

In the hour set aside for private Members' business, a Bill by Stanley Knowles (C.C.F., Winnipeg N. Centre) came up for second reading but failed to make headway. It would protect the pension rights of workers in the event of strikes.

The Senate resumed debate on a Bill to legalize margarine and heard three Eastern Senators—two Liberals and one Conservative—say they favored lifting the ban on it. A fourth, Senator S. S. McKeen (L., British Columbia), was against it.

LALLEMAND'S

Boeings Seek Strike Damages

SEATTLE, May 5 (AP)—The Boeing Airplane Company filed suit in Federal District Court today against the striking Aeronautical Mechanics Union, asking $2,250,000 in strike damages.

Also named as defendent was the International Association of Machinists, parent body of the Independent Aero-Mechanics Union, Local 751.

The action accused the Union with "causing and sanctioning" a strike of more than 14,500 members in Boeing's Seattle plants while a contract having a non-strike clause was in effect.

Girl Admits Killing Father

WHEATON, Ill., May 5 (AP)—Alan Myers, Chief Investigator for the State Attorney's Office, said 16-year-old Francea Korbelick related today she slew her father after he raped her.

Myers said an oral statement was made by Miss Korbelick, pretty, dark-haired high school student. The body of her father, William, 42, a C.I.O. Union official, was found Monday. He had been missing almost four months.

TWO DISTRICT GIRLS GAIN NURSING AWARDS

Two District girls, Miss Ruth E. MacDonald of Fernie and Miss Alice Marie Wheatley of Trail, were among those who received awards at graduation exercises of Vancouver General Hospital's 1948 School of Nursing.

Miss MacDonald won the Alison Cumming award for highest standing in medical nursing, and Miss Wheatley, the Dr. Lavell H. Leeson award for highest standing in diseases of the ear, nose and throat.

E.R.P. Plans Big Canada Purchase

To Buy $33,500,000 in Food in U. S. Funds for Shipment to Great Britain

WASHINGTON, May 5 (CP)—A $33,500,000 shipment of wheat, flour and bacon to Britain under the European Recovery Program will be purchased in Canada with United States funds, it was disclosed today.

The shipment, was authorized today by Paul G. Hoffman, Economic Co-Operation Administrator.

The food for Britain will be bought in Canada under a provision of the $5,300,000,000 Recovery Act permitting purchases in countries other than the United States. That is intended to save American supplies and to help maintain normal world trade relations.

The allotment to Britain brought the total assistance authorized for Western Europe to $107,770,000.

The allotment to Britain under the Recovery Plan was the first to that country and the largest single allocation to date.

Hoffman acted immediately after Britain filed a "letter of intent" qualifying her for aid under the Recovery Plan.

The shipment will be made up of 246,000 long tons of wheat worth $17,000,000, 61,000 long tons of wheat flour worth $5,500,000 and 13,640 long-tons of bacon valued at $11,000,000.

Hoffman also announced that three other European countries — Belgium, Iceland and Ireland — as well as China have filed the "letters of intent."

PART OF CONTRACT

OTTAWA, May 5 (CP) — The $33,500,000 E.R.P. shipment of Canadian wheat, flour and bacon to Britain that was announced today in Washington will go as part of the 1948 Canadian food contracts with the United Kingdom, a Government official said today.

Postpones Wedding

NEW YORK, May 5 (AP) — The wedding of movie actress Arline Judge and George Ross Jr., scheduled for today, has been postponed indefinitely. Ross confirmed that the wedding was off indefinitely, but said "there isn't any trouble" between him and the oft-married actress. Neither would comment on the reason.

Deserted Cabin Above Fairview Burns To Ground

A deserted cabin, situated by Anderson Creek above the Great Northern Railway track in Fairview, burned to the ground Tuesday afternoon. Origin of the blaze is unknown.

It had been uninhabited for some time, and is believed to have been owned by Robert Harrod of New Denver.

B.C. Forest Service was notified of the fire after A. S. Klein, working at Mount St. Francis, chanced to see smoke pouring from where the cabin was located, about a mile distant, around 2:30 p.m.

The Service responded with a truck and pump, but by 3 o'clock the shack was in ashes. Nelson Fire Department was also called, but turned back after finding it outside City limits and beyond the reach of fire trucks.

The incident was serious, an official of the Service stated. Had the weather been warmer and the woods dryer, the entire Nelson watershed might have been endangered.

The cabin was known to hunters and hikers who frequent the area, because of its position at the junction of two trails—one which continues from Fairview up Anderson Creek and another which forks to the Silver Leaf Mine. It stood directly opposite the old Fairview reservoir.

Until a few years ago it was occupied, and was fronted by a small garden. A woodshed on its West side collapsed some Winters ago.

TO MOTHER
with Love

Kootenay Carriers To Sponsor Banquet Meeting

Kootenay Carrier Association will be host Monday night at Nelson Golf and Country Club house at a banquet meeting—first of its kind to be sponsored by the Association.

About 50 will attend, including wholesalers, shippers, civic officials, members of the Public Utilities Commission, Public Works Department and B.C. Highway Patrol.

Guest speaker will be Gene Buckman of Vancouver, President of the Automotive Transport Association of B.C.

Nelson, Kaslo and Nakusp districts are represented in the Kootenay Carrier Association.

According to Irish biographers, St. Patrick founded 365 churches and baptized 12,000 persons with his own hand.

$2388 Donated So Far To Cancer Drive

Nelson and district has almost reached the half-way mark in its $5000 goal in the Conquer Cancer Campaign.

To date $2388 has been collected, it was reported Wednesday.

Campaign officials, in announcing the new total, pointed out that 75 per cent of canvassers have not yet sent in returns. This was slowing campaign progress, they stated.

It was also emphasized that donations to the drive would go toward helping cancer victims in this Province, and possibly in the Nelson district.

Kellogg's CORN FLAKES CONTEST

$1,000.00 GRAND PRIZE for all Canada

MAY 1-15, '48

Our blades flash and sparkle!
Our skill is supreme!
The nation acclaims us
The all-winning team!

"WHO ARE WE"? Write your answer on entry form below and mail with 2 Kellogg's Corn Flakes box tops before midnight, May 15, 1948.

Western First Prize	$300.00
Western Second Prize	100.00
Western Third Prize	50.00
32 Consolation Prizes	5.00

This contest from May 1st to 15th

HURRY! Hurry! You still have a week to get in the first period of Kellogg's big cash contest! Give yourself more chances to win the $1,000.00 GRAND PRIZE! Mail in several entries before May 15th. It's easy, it's fun! Here's all you do: Solve the riddle in the jingle at left. Send in as many entries as you like, but with *each* entry give a 6-word or less answer to the question: "WHY DO 4 OUT OF 5 CANADIANS PREFER KELLOGG'S CORN FLAKES?" Enclose 2 box tops from Kellogg's Corn Flakes with *each* entry.

This contest is in 3 separate periods—one every two weeks. There are big cash prizes *every two weeks!* To make it easier to win these prizes, you compete only against people in your own part of Canada: Ontario, Western Canada, Eastern Canada.

When the 3 contests are over, winner of the Grand Prize for all Canada will be chosen from the 315 prize winners in the contests, on the basis of the best answer to the question "WHY DO 4 OUT OF 5 CANADIANS PREFER KELLOGG'S CORN FLAKES?"

The more entries you send in, the better your chance. Use the entry blank below. Get several extra blanks from your grocer. Send in your first entry TODAY!

KEEP THESE RULES

Enter as often as you like, but be sure to enclose 2 box tops from packages of Kellogg's Corn Flakes with each entry.

1. For the purpose of this contest there are 3 regions: The West (Manitoba to the Pacific), Ontario, and The East (Quebec and the Maritimes).
2. Each contest will last two weeks, and will be judged separately. For each contest, from the correct solutions to the "Who Are We" jingles the judges will draw the 35 prize winners in each region. When the three contests are completed, the winner of the Grand Prize for all Canada will be selected from the 315 prize winners, on the basis of the best answer to the question . . . WHY DO 4 OUT OF 5 CANADIANS PREFER KELLOGG'S CORN FLAKES?
3. The closing dates for each contest are midnight, May 15, midnight May 29, and midnight June 12. To qualify for each contest, entries must be postmarked on or before these dates.
4. The contest is open to all residents of Canada, other than employees of the Kellogg Company, or its advertising agencies or their families. All entries become the property of Kellogg Company of Canada Ltd.
5. Each entry must be qualified by enclosing two box tops from packages of Kellogg's Corn Flakes. Entries are to be sent to the Kellogg Company of Canada Ltd., Kellogg's Corn Flakes Contest, London, Ontario, Canada.
6. The name and address of the grocer from whom you buy your Kellogg's Corn Flakes must be included with each entry.
7. The decision of the judges, who are H. O. Kimber, Past President, Canadian Daily Newspapers Association, E. M. Philpott, President, Advertising and Sales Club of Toronto, Inc., J. F. Graydon, President, Canadian Facts Limited, is final and legally binding. Results will be published in this paper. In the case of a tie, the entry bearing the earliest postmark will be declared the winner.

1007 LIFE MEMBERSHIPS IN CHURCH AUXILIARY

TORONTO, May 5 (CP) — Life membership of the Women's Auxiliary, Church of England, totals 1007 across Canada, it was announced at the 62nd annual meeting here. These members contributed $1475 to Auxiliary activities during 1947.

Special guest at the meeting was Dr. Florence Haslam, home on furlough from Kangra, India. She reported that the Maple Leaf Hospital in Kangra had more than doubled its work in the last six years. The eye clinic which Dr. Haslam started in 1946 had 800 patients last year and 200 operations were performed.

Prairie Racing Assured Ample Supply of Horses

WINNIPEG, May 5 (CP) — The opening of the Prairie racing season at Calgary May 22 is assured of close to 500 horses, Charles F. Roe, operating manager of Calgary and Winnipeg race tracks, said here today.

After an extensive trip to California and Mexico to book horses for the Prairie circuit, Mr. Roe said several shipments soon will arrive in Calgary from the Hipodromo de Tijuana in Mexico and Bay Meadows track in San Francisco.

He expressed satisfaction there would be ample supply of thoroughbreds throughout the 79 days of racing on the Prairies. According to reservations made, the number of horses for the Winnipeg meet at Polo Park, opening June 18, should exceed the 600 mark.

The Dominion Department of Agriculture conducts an experimental fur farm to study breeding silver fox and other fur-bearing animals to help fur farmers obtain high quality pelts.

Nelson Social

By Mrs. M. J. Vigneux

● The spacious living rooms of Mr. and Mrs. Percy Young's home were tastefully decorated throughout with bouquets of Spring flowers when they were host and hostess at an informal gathering at their home Friday evening, to members of the Forest Service staff and their wives, the occasion being the retirement of T. W. Brewer, after 35 years of service with the B. C. Forest Service. The highlight of the evening came when R. E. Allen, former District Forester at Nelson, presented Mr. Brewer with a parting gift from his friends in the Forest Service. Mrs. Brewer was the recipient of a gorgeous bouquet of rosebuds presented to her on behalf of the staff by Mrs. H. B. Forse. A most enjoyable evening was climaxed with the serving of a delightful buffet supper to 55 guests, with Mrs. H. B. Forse and Mrs. L. S. Hope presiding at the coffee urns.

● Dr. R. McKenna and Rt. Rev. Msgr. W. A. McCann who have spent the past few weeks at the Rectory of the Cathedral of Mary Immaculate returned Tuesday to their home in Toronto. While on their Western visit they also visited Seattle.

● Mrs. H. H. Currie, Baker Street, has returned from Victoria where she went on account of the sudden death of her brother, Sidney J. McDonald, April 22.

● Mr. and Mrs. R. R. Brown, Baker Street, have had as guests Mrs. Brown's sister and niece, Mrs. C. A. Larson and Marie of Calgary, ex-residents of Nelson, who were enroute home from four months spent in California with Mrs. Larsons' parents, Mr. and Mrs. O'Neil.

● George Hennessey, Fairview, returned from Penticton where he visited his brother-in-law Tom McAstocker.

● Mrs. W. O. Rose has as house guests while here attending the Kootenay Deanery meeting, Rev. M. C. T. Percivall of Procter and Rev. Mr. Pickett of Grand Forks.

● B. S. Wespbury and daughter Patience visited Nelson en route to Crawford Bay and Gray Creek from England. Mr. Wespbury and his family lived for many years in Crawford Bay prior to leaving for England nearly 20 years ago.

Death of Fernie Man Ends Career Of Aiding Youth

FERNIE, B. C., May 5 — William Thompson, active figure in Fernie Community life, died after a lingering illness at the age of 73.

Mr. Thompson was President of the West Fernie Athletic Club since it was first organized in 1932. To this association he gave untiring support and whole hearted enthusiasm to enable the younger generation to enjoy recreation facilities.

He was employed as carpenter foreman at the Coal Creek Colliery until his retirement at the age of 70.

Besides his wife he leaves a daughter, Tina and three sons, Bill, Alex and Jim, all of Fernie.

Services were conducted by Rev. Allen at the United Church. Interment was in St. Margaret's Cemetery.

FOR A *Velvet Blend*... USE Carnation

... you'll say "magic"

Creamy-smooth Carnation is *wonderful* for cooking. It velvet-blends perfectly with other foods, in *all* milk-rich dishes. It *whips* ... it *freezes* ... it's flavorful ... it's *economical* and *convenient*. So easy to use — if the recipe calls for milk, use half Carnation and half water: if it calls for *cream*, use Carnation *undiluted*, as it pours from the can.

Remember that Carnation is just good, whole milk, evaporated to double-richness, heat-treated and homogenized for smoothness and safety, irradiated for *extra* vitamin D — 400 units to every pint.

FOR BABY ask your doctor about a formula prepared with safe, nourishing, digestible Carnation Milk — universally approved for babies and children.

Britain's Air Power

Amidst the billion-dollar clamor for air defense heard in Washington, little has been forthcoming these days from that once supreme stronghold of air power, Great Britain. This does not mean that Britain has been shutting her eyes to potential danger. Quite the contrary. But beset as she is with financial difficulties, supply shortages and other problems, she has been following a policy of expediency. While the United States, for example, has gone on developing "interim" types of military aircraft, Britain, in the interests of economy as much as anything else, has been attempting to skip over an expensive transitional period.

This is the policy to be found behind the recent decision to scrap out-of-date battleships. But while that particular move aroused less than expected criticism from the Opposition, Government Air Defense plans have been under heavy fire in the British House. Many feel that a moment of weakness, favorable as might be the prospects of greater strength at an early date, could prove fatal.

Mr. Arthur Henderson, Secretary of State for Air, recently told Commons that Britain is now "building a third Royal Air Force." Demobilization from wartime strength continues apace, but at the same time extensive recruiting is planned. In the laboratories and workshops scientists are going ahead at top speed to provide "jet bombers of exceptional performance" for the RAF. Mr. Henderson stated that the Government felt "it would be unwise to go into expensive large-scale production of types which would soon be out of date." Unlike the United States, which has brought out about a dozen heavy bomber types of advanced design, some of which have gone into production, the RAF will continue to rely on the Avro Lincoln as the standard heavy bomber, until jet machines are ready in quantity. The Lincoln, produced toward the end of the war, is the successor to the world-famous Avro Lancaster.

To the Opposition, this is not satisfactory. Not only do its spokesmen feel that the Lincoln is inadequate for modern needs, but that as a result of too stringent economy, Britain has been left without a striking force of any real weight. Squadron Leader Max Aitken, a Conservative Member, charged recently that "the striking force had been frittered away." He estimated that Britain did not have more than 100 bombers ready for service. Quintin Hogg, also of the Opposition, was of the opinion that there were only 25 heavy bombers in service.

Offsetting this not too encouraging picture is the fighter situation. The Royal Air Force Fighter Command, with three outstanding jet types in quantity production, and two or three others on the way, is admitted even by the critics to be in good shape. This situation, in fact, would probably have been regarded with some satisfaction before the recent war. What has chiefly aroused Opposition criticism is the fact that official peacetime strategy has emphasized a shift from defensive to offensive air power. The bomber weakness, tempered though it is by growing naval air-striking power, is regarded as incompatible with the world situation.

Cupid in the Schools

Each year boards of education have to find replacements for teachers who leave. And the majority of women who leave this profession, in normal times, do so to get married.

While educational authorities regret the loss of experienced teachers, there is nothing they can do about it. Even were they able to offer another $100 or so in salary, this would not be sufficient lure to offset the wiles of Cupid.

Many women make of school teaching a career, and it is a good one, both for them individually and for the nation. Others enter the profession possibly with an expectation of a long career, but get sidetracked by love. Still others only use it as a suitable mode of employment until the right man comes along.

School teachers usually make good wives and mothers. They have experience with children (and sometimes even husbands act like children). Educated themselves, they want to see their offspring obtain the best education possible. And, of course, a knowledge of arithmetic helps with the budget. In these days of the high cost of living, even algebraic computations can be useful.

The Answer, Quick!

1. In the division of India, is Pakistan the realm of the Hindus or the Moslems?
2. What is unusual about the ancient Egyptian representation of the human eye?
3. From whom did New York get its name?
4. What is the function of "semi-lunar" canals?
5. What aviator son of a former United States president was killed in World War I?

HOW'D YOU MAKE OUT?

1. The Moslems.
2. In their profile drawings the eye is represented as in a full face.
3. From the Duke of York, in 1664.
4. They maintain our sense of equilibrium.
5. Quentin Roosevelt, son of Theodore Roosevelt.

Looking Backward

40 YEARS AGO

From The Daily News of May 6, 1908

The renewal of the cement sidewalk, destroyed last Fall by frost, in front of the Bank of Commerce, has been completed by W. Shackleton.

An organization meeting of the Scandinavians of the city was held in the Fraternity Hall, at which the Valkyrie Lodge of Scandinavian Aid and Fellowship Society was formed. The President is P. Larson; Vice-President, J. Johnson; Finance Secretary, P. Nelson; Cashier, H. Thelin. The organizer was C. Erickson of Rossland.

Secretary Roy C. Brock of the Fruit Growers' Association says that he has secured no less than eight new members.

25 YEARS AGO

From The Daily News of May 6, 1923

At the annual meeting of the shareholders of the Nakusp Light and Power Company, the election of officers took place as follows: President, Lewis J. Edwards; Vice-President, L. H. Rawlings; Secretary-Treasurer, W. F. H. Waterfield; Manager, George P. Horsley.

At Cranbrook the Fernie baseball team, 1922 East Kootenay League champions, got away on the right road for the 1922 pennant when they defeated the Cranbrook nine on the local diamond. The score was 6 to 1 for Fernie.

At Wycliffe, Kimberley won by a score of 9 to 5 the opening feature of the East Kootenay Baseball League.

Thinks Moscow Should Thank the "Bawlers"

To the Editor:

Sir—After reading the recent speeches of our leading "political bawlers", one would be inclined to believe Communism as a topic for debate and denunciation on this continent has become obsessional, indeed pathological. Everything from a revolutionary outbreak in Bogota to a missing monkey wrench in a factory, from a request to the Government for lower prices to an outbreak of measles, is put down to "Red agents of Moscow."

Members of Parliament who should know better denounce civil liberties associations as Communistic, on no evidence at all. Newspapers that do not wish to know better, vilify as the weak-headed dupes of Moscow, citizens who hope that world catastrophe may yet be averted by inducing the Soviet even at this late hour to see reason in international affairs.

Anyone who goes on strike, no matter what justification, automatically becomes a "Bolshevik", bent on overthrowing our constitution.

To apply a bucket of cold water to this propaganda, let it be mentioned that there is more method than madness. It is a cloak, a subterfuge, a smoke-screen put up by reactionaries, the opponents of political and economic reforms, as their only way of defeating them.

Daub an organization with the red paint of Communism and of course all "decent people" must get out at once. They must not wait and throw the Communists out. By no means. They are worse defiled by red paint than by black pitch.

No doubt it would astonish those "anguished bawlers" if they realized that they are the best friends the "Reds" have got. Instead of ignoring the "Reds" they advertise them. Instead of helping to create the conditions that would nullify Communism, they perpetuate the conditions in which it flourishes. Instead of keeping their heads and realizing the Communist is not our only enemy to be watched, they magnify their machinations and achievements.

If Moscow was capable of gratitude, it should offer such folks its heartiest thanks.

S. C.
Creston, B.C.

It Happened Today

In 1840 th first postage stamp was issued on May 6. It was the famous "penny black" of Victorian England. Rabindranach Tagore, Indian poet and philosopher, was born in 1861 on this day of May.

F. A., Harrop—Would you please tell me how to address a letter to Don McNeil's Breakfast Club?

Write to Breakfast Club, c/o Don McNeil, American Broadcasting Corporation, Chicago.

T. S., Nelson—Where was Syl Apps born, and in what years did he win the Outstanding Rookie and Lady Byng Trophies?

Sylvanus Apps was born in Paris, Ont., Jan. 18, 1915. In the 1936-37 season with the Toronto Maple Leafs he won the Outstanding Rookie award, and with the same club in 1941-42, he won the Lady Byng Trophy.

Mrs. P. S., Shoreacres—Please print a recipe on how to make a chicken salad.

Two cups diced chicken, one cup diced celery, mayonnaise, lettuce, garnish of celery tops, beets cut into dice, capers, egg yolks, etc. Left-over chicken makes a very good salad. To prepare a chicken especially for salad, rub well with salt and pepper, place one small onion and one bay-leaf inside, wrap with a napkin, tie securely and steam for three hours, or until a fork can be easily turned around in the meat. When the chicken is cold, cut the meat into pieces of convenient size for eating. The most carefully made salads contain only white meat, but the dark meat has a juiciness and flavor not possessed by the breast. If dark meat is used, cut it into smaller cubes than the white meat, and the white will predominate in appearance. Marinate the cut-up chicken and let it stand. Make a mayonnaise dressing, stir part of it into the celery, place the celery on a thin layer of lettuce or arrange it directly upon the salad dish and garnish the edge with the tips of celery. Heap the chicken mixture in the centre, pour over it the remainder of the mayonnaise, and garnish with white celery tops, boiled beets cut in dice, capers, cold hard-cooked egg yolks that have been pressed through a colander, or any other garnish that you wish.

A. R. G., South Slocan—Is there a place in British Columbia where you can have your old woolens made into blankets? If not, is there some place closer than Winnipeg?

We do not know of any place in British Columbia. The address of Fairfields is Fairfield and Sons, Limited, 797 Notre Dame Avenue, Winnipeg, Man.

Letter From Britain

By ELIZABETH RICHMOND

A few miles off the coast of Pembrokeshire, most Westerly county of Wales, lies a small island called Grassholm, whose chief inhabitants are large white sea-birds called ganets or solan geese. It has been estimated that there are between six and seven thousand pairs of gannets on the island, which has recently been acquired by Britain's Royal Society for the Protection of Birds.

The entire upper cliff of one corner of the island is often covered with these birds. There are, on this cliff, three nests to one square yard, and the dazzling white colony makes an amazing sight. There are other birds nesting on the island, although these are in the minority; among them are puffins, guillemots, razorbills, kittiwakes, cormorants and stormy petrels.

Near Grassholm are two other little islands, the names of which, Skomer and Skokholm, have a Viking flavor. To these two islands (and to Grassholm, although it is not easy to land there), the adventurous can make sailing expeditions.

In the distance may be seen the outlines of the Pembrokeshire coast, with its 150 miles of magnificent scenery. One of the favorite resorts on this Pembrokeshire coast is Tenby, famous for the marvellous colors of its sea water. Sometimes this is deep blue and at other times pale green.

Another of Tenby's attractions is a fuchsia hedge hundreds of feet long growing by the side of one of the roads in the district. It is so old that no one knows when it was planted. Many fine fuchsias and hydrangeas, indeed, grow in the open air on the Pembrokeshire coast.

The county is sometimes known as "Little England Beyond Wales" because a large part of it is inhabited by persons of English and not Welsh descent. Their names, indeed, proclaim their English origin.

One of the most important places in Pembrokeshire is the town of Pembroke, where centuries ago a large fortress was built on a rock. It has been rebuilt in recent years. The visitor who is shown over it will be reminded that here was born Henry Tudor, who later, by right of battle, became Henry VII, and established the House of Tudor on the English throne.

Your Future

Inner security will come to you through your family, and the vibrations favor intellectual activities. If you take ordinary care of your health and your business the ensuing months should be productive of unexpected good fortune and beneficial changes. Older people will be helpful in some instances; in others they may hinder, so be circumspect and depend largely upon your own judgment.

Modern Manners

When a young couple breaks an engagement, each should return to the other all gifts and letters received during the betrothal.

It's Been Said

The stroke of the tongue breaketh the bones. Many have fallen by the sword; but not as many as have fallen by the tongue.—Ecclesiastes 28:17, 18.

BARCLAY ON BRIDGE

By Shepard Barclay

"The Authority on Authorities"

EARLY DOUBLE SQUEEZE

EVERY type of play that can be made at the absolute end of a hand can also be employed, with slight variations, a bit earlier in the play. That is true of each type of throw-in, squeeze and coup, even the double squeeze, which ordinarily is considered a device to employ on the eleventh trick. On rare occasions it can be worked on the tenth when the outstanding cards held by the defenders are so placed that an eleventh trick double squeeze would not work.

	♠ J 8 4 3 ♥ A 5 ♦ K 9 2 ♣ A K 8 4

1 ♣	Pass	1 ♥	Pass
2 NT	Pass	3 ♦	Pass
4 NT	Pass	5 ♥	Pass
5 NT	Pass	6 ♦	Pass
7 ♦	Pass	7 ♥	

In the North was a confirmed over-bidder and South one of the greatest experts who knew all about his partner's tendencies. So he underbid with just 1-Heart instead of 2-Hearts on the first round. North then, instead of just 1-Spade, overbid with his jump in No Trumps. South underbid again with a semi-psychic tentative minimum diamond call, whereat the overbidder rared into the Blackwood. When South finally found himself stuck in a grand slam on his three-card diamond suit, he naturally took out into hearts. And it was a good thing he did.

Winning the spade K with the A, he drew trumps with the heart K and A, discarded two spades on the club tops, ruffed a club, then ran the hearts. He retained his three diamonds when he played the final heart, and in the dummy the spade J, diamond K-2 and club 8. West, discarding on the heart, had to hold the spade Q to guard against the J, so threw off one of his three diamonds. Dummy shed the spade J, then East was up against it.

Holding the club Q was necessary as protection against the dummy's 8, so he tossed off a diamond. Then the diamond 5 to the K, 2 to the A and the 8 won the last three tricks. Notice that no matter what either defender discarded, neither could take a trick.

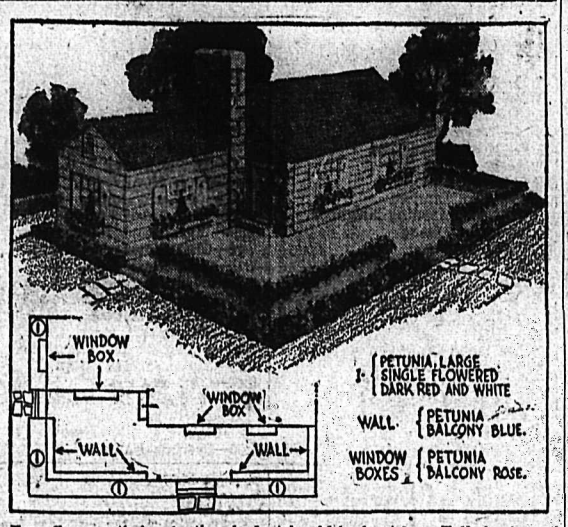
Tomorrow's Problem

	♠ A ♥ 9 8 ♦ 10 9 8 6 5 4 3 ♣ 10 7 5	
♠ Q 10 5 3 2 ♥ K 6 5 2 ♦ None ♣ 9 8 4 2	N W E S	♠ J 9 8 7 4 ♥ 7 4 3 ♦ K 7 ♣ Q J 6
	♠ K 6 ♥ A Q J 10 ♦ A Q J 2 ♣ A K 3	

(Dealer: North. Both sides vulnerable.)

In a pair tournament, what should South do after North's opener of 3-Diamonds?



Few flowers thrive in the shade; and sunshine is also good for you. Modern houses are designed for sunny surroundings, with terraces open to the sky replacing roofed porches, and flower borders growing where formerly shrubs would shade the house and make it impossible for flowers to live.

In the home grounds, as on the beach, shade can be provided by the garden umbrella, or by awnings, when it is needed. And when sunshine is desired, one need not go to the country to enjoy it, if the landscape planting is designed to allow the sun full access to the house and garden.

Modern houses do not require shrubbery planting close to them. With few exceptions they are set low, with the main floor close to ground level. Planting in front should be kept low. Tall shrubs and evergreens near the house have the effect of making low houses seem lower.

A sun-drenched terrace surrounded by flowers makes an ideal frame for a one-story house, as shown in the illustration. A low wall topped by flower boxes rising a foot or more, but never higher than the window level, can easily be constructed. At the base of this wall a border of flowers can be grown from seed sown directly in the ground. Flower boxes at the windows complete a decoration, which will make any house a show place.

Such a planting adds to the apparent size of the house, and presents a picture which will be enjoyed as much by the house occupants as by passersby.

For best effect care should be taken in the choice of colors. These should harmonize with the color of the house and its trim. The suggested planting uses all petunias, red and white at the base of the wall, balcony blue on top of the wall, and rose in the window boxes. Other flowers which would serve well in such a planting are marigolds, nasturtiums, lobelias, annual pinks, white and violet aslyssum, salvia, and lilliput zinnias.

28 Certificates Of Work Filed Here in April

During April 28 certificates of work were issued and two new claims were filed at the Mining Recorder's office at the Nelson Court House.

Of the 28 certificates of work, 23 were received by D. P. McComb of Nelson, two were from the Nelson District and three from the Creston Valley.

Mineral claims were registered by W. A. Muir of Creston on the Valley I and G. E. Benney of Creston on the Lord High.

Certificates of work were issued to:

D. P. McComb of Nelson for work on the Euphrates and Euphrates Fr'l, Rosa, California, Tigris, Minto, Minto Fr'l, Blue Bell, Lost Cabin Fr'l, Queen Mary, Queen Mary Fr'l, Ell Fee, Lost Cabin, Grand Pass, Hazel, Patricia, Dianne, Nickel Plate 1, 2, 3, and 4, Mount Hood and Ruth.

W. Belger of Kitchener for work on The Empire State.

F. O'Genski for work on The Lucky Frank.

E. H. McDaniel of Nelson for work on the Tanger.

Mary Karpowich of Creston for work on the Santa Isa Bella and the Roska.

BRANDON, Man. (CP) — The Chamber of Commerce here is trying to get Brandon airport designated as a customs port of entry. Winnipeg now is the only point of entry for aircraft in Manitoba.

NO POWER FOR BOARDS TO DISMISS UNSUITABLE TEACHERS

VANCOUVER, May 5 (CP)—The Provincial Government will not amend the Public Schools Act to permit school boards to dismiss "unsuitable" teachers.

Education Minister Straith said present regulations regarding dismissal of teachers were adopted to protect teachers from possible unfair action by some school boards.

The B.C. School Trustees Association had requested such power.

SPORTS

lyers Lace Senators -3; Need One More

By KEN METHERAL
Canadian Press Staff Writer

CALGARY, May 5 (CP)—Edmonton Flyers, exploiting breaks and owing superior finish around the nets, tonight took a strangle-old on the Canadian amateur hockey championship by whipping ttawa Senators 5-3. Victory in the fourth game of the best-of-seven lan Cup final series left Flyers holding a 3-1 lead in games. They n capture the coveted mug by repeating tonight's performance in e fifth game here Saturday.

Senators, who hadn't a break all night, were shorthanded when dmonton moved into the lead with a four-goal outburst in the second riod that took the heart out of the Eastern champions. But poor ay around the nets, rather than penalties spelled defeat for Sen-ors. They held a slight edge in play elsewhere but found Goalie Al ollins too much for them.

coring was well distributed dur-the night with Alex Pringle and ey Rimstad pacing the winners two goals, a goal and an assist, ectively. Other Flyer marks-were Bud MacPherson and Bill ler with singletons. Ottawa s were tallied by Stu Smith, y Regan and Frank Mathers.

O 28 SHOTS

enators had a decided edge on itorial play except in the first od when Flyers blasted 10 shots Fraser, against the eight saves lins was called on to make. wa clicked on only three of 40 s on the Edmonton net. Flyers 28 shots at Fraser.

The Eastern champions' main pe of overcoming their two-me deficit appeared to rest on o replacements expected to be wn from Ottawa Friday. The placements — defenceman Ray ainor and left-winger Alec mart — were unable to leave ork in Ottawa for the four aning games.

enators also were without wing-Jackie McLean tonight. He ered a severe charley horse at onton and may be out for the es. His place was taken by 19-r-old Harry Watson, who jump-from Ottawa's junior circuit at beginning of the season.

ineups:

ttawa—Fraser; Stahan, Mathers; lin; Irvine, Check; Subs—Copp, ene, Regan, Smith, Watson, enais, Emberg.

dmonton—Rollins; Young, Watt; ller; Pringle, Smitten. Subs — her, MacPhersons, Black, Clove-k, Anderson, Rimstad, Merluk.

ummary:

irst period—1, Ottawa, Smith ahan) 19:07.

enalties—Young, Stahan, Mac-erson, Mathers.

econd period — 2, Edmonton, Rimstad 2:07; 3, Edmonton, MacPherson 2:46; 4, Edmonton, Maher (Rimstad) 9:42; 5, Edmonton, Pringle (Smitten, Watt) 12:22.

Penalties — Irvine, MacPherson, Copp (2), Young, Black (2), Kreller, Check, Tudin.

Third period — 6, Edmonton, Pringle (Kreller) :36; 7, Ottawa, Regan (Greene, Emberg) 5:08; 8, Ottawa, Mathers 17:47.

Penalties — Black (2), Watson, Young.

Kinsmen Divide On Dropping of Title Track Meet

Announcement that the annual Kootenay track meet had been abolished from the Nelson Day program Tuesday night brought strong opposition from Kinsmen *Club members favoring the event.*

The fact that the Kootenay championship meet had been struck off the schedule by the *July 1 Committee was announced* by Chairman R. C. Welton when he presented the holiday program to the dinner meeting in the Hume.

Mr. Welton stressed that the meet was a money-losing proposition and that the Club had a $4000 commitment toward the Aquatic Centre Fund. In its place, a league baseball game had been arranged for the afternoon of July 1 between Nelson and Trail.

A DUTY

Pointing out that the Club had sponsored a track meet for three consecutive years, J. B. Stark stated it was doing a service to the Kootenay. "I feel we have a duty to perform in allowing athletes to compete for Kootenay championship titles." The event had become increasingly popular each year, he said, and improved with growth.

His statements were backed by H. A. D. Greenwood, who emphasized that Kinsmen was essentially a service club and a track meet "is one of the biggest services we can do our youth."

Both men felt that a committee could be formed within the club to handle arrangements, track preparation and event scheduling.

On the other hand, Alderman G. C. Wallach, who last year took charge of the meet, gave an outline o fthe work involved, of the difficulty of securing entries and of the expense of getting high school athletes here. All fares have been paid by the club each year, he said.

"We all know that there is only one track meet in the Kootenay and that is the one in Nelson on July 1," he said. "But we need some one to manage it and to prepare the youngsters."

Pros and cons were put forward by members, one suggesting that it be shelved for one year and resumed in 1949.

On the whole, however, the club was of the opinion that costs were too high and they voted to accept the decision of the July 1 Committee.

Further discussion will take place at a meeting of the committee.

Trail No.1 Takes Ladies Bowling Title

No. 1 squad from Trail is number one team in West Kootenay ladies bowling circles.

Bowling a neat 2964 Wednesday, they outscored 35 teams from four District centres in the West Kootenay Ladies Inter-City Bowling Association tournament. The five-pin alley queens were presented with their crowns at the annual banquet winding up the gala event Wednesday night.

Second was Trail No. 4 with 2913 points and third was the Nelson Arcadians with 2907.

Trail No. 1 team members were H. Rothery, M. Goldberg, M. Martinelli, O. Watson and M. Cronie, while C. Bradbury, J. Ferro, A. Ferro, T. Blunden and M. Richardson comprised Trail No. 4. P. Schumaker, N. Wood, C. Fornelli, R. Ross and G. Macrone were the third winning team.

M. Goldberg of Trail, crashing the pins for an aggregate of 721, was presented with the High Aggregate trophy by Jessie Gentles, President of the Association and Mistress of Ceremonies at the banquet. Runnersup were Norma Wood of Nelson with a tally of 703 and J. Ferro of Trail with a pin total of 684.

Top performer in the individual bracket was L. Johnson, of South Slocan No. 5, who garnered 291 points in a single game. Clara Stewart of Nelson No. 3, came in a close second with 286. A third award was captured by May Richardson of Trail.

Tough luck awards went to M. McKenzie of Rossland, I. Ruggles of Nelson and Norma Simpson.

Organization preparatory to the 1949 tournament in Rossland was accomplished at a meeting following the banquet. Helen Ling of Rossland will head the Association, with all-Rossland Executive of Evelyn Harris, Vice-President, Rita Wilson, Secretary and Kaye Laface, Treasurer.

A program of entertainment, featuring local talent, topped off the day of fun.

Tournament teams and scores were:

Lowly-Rated Bucs Jump Into National Lead

By STEVE ROBERTSON
Canadian Press Staff Writer

Pittsburgh Pirates — the team everybody forgot in the pre-season betting — are away and winging in the National League.

Everyone said the Bucs consisted of Ralph Kiner, a bunch of veterans on the downgrade and one or two promising youngsters who might come through to lift the club to fifth place or so. Wednesday the Pirates tacked a fifth game onto their current winning streak and took over sole possession of first place, a game ahead of the New York Giants.

Elmer Riddle and Kirby Higbe, both unwanted by other National League clubs, shared the pitching chore. Two more castoffs — Ed Stevens and Danny Murtaugh — singled the tying and winning runs across in the ninth as the Pirates edged Boston Braves 3-2.

Meanwhile the Giants were dropping a 5-2 decision in Cincinnati where 22-year-old southpaw Kent Peterson held them to five hits in his first start of the season. With catcher Walker Cooper and first baseman Johnny Mize sidelined by injuries, the Giants lacked their customary punch, with homers by Johnny McCarthy and Bobby Thomson accounting for their only tallies.

McCarthy's homer atoned for a two-run error that started the Reds off in the first inning.

ROWE INJURED

Philadelphia Phillies outslugged the Chicago Cubs 13-9, but lost Schoolboy Rowe for a month when the 38-year-old pitching ace suffered a fractured thumb on a line drive by Peanuts Lowrey. Andy Seminick had a three-run homer and Del Ennis and Bert Haas collected two doubles and a single apiece. Four Cub hurlers helped out by issuing 13 walks.

Junior Stephens clouted an 11th-inning four-bagger to give Boston Red Sox a 4-3 victory over Detroit Tigers after Ted Williams kept the Sox in the game with a magnificent double-play throw to the plate in the 10th to retire the side with the bases loaded.

Williams hauled down Walt Evers' drive on the run in left centre and rifled a one-bounce throw to nail Johnny Lipon at the plate.

LOW SCORES

BRADFORD, England (May 5 (Reuters)—After dismissing Yorkshire for a mere 71 runs here today the Australian touring cricketers themselves lost four wickets for only 38.

CAN'T CUT PARCEL RATE

OTTAWA, May 5 (CP)—Postmaster-General Bertrand told the Commons today that the Government cannot reduce the postage rate on food parcels mailed overseas.

VARIED BILL FOR CELEBRATING YMIR ON MAY 24

YMIR, B.C., May 5 — Races, field events and crowning of a May Queen will be featured events of the big May 24 celebrations planned for Ymir. An annual event in the town, the holiday will see visitors from all over the District.

Rock drilling will be a major point of interest among the field events, while a men's fastball tournament will keep bat enthusiasts busy.

A fireworks display, log sawing and a tug-of-war will keep the young and old entertained, with a Grand Dance planned to complete the day.

BOTVINNIK WINS PAIR

MOSCOW, May 5 (CP)—Mikhail Botvinnik of Russia increased his lead in the world championship chess tournament today by racking up two victories—both adjourned matches.

First he defeated Samuel Reshevsky in a match adjourned from the 19th round. After besting the United States titleholder, the Russian maste went on to defeat his fellow countryman, Paul Keres, in a match adjourned from the 20th round which started yesterday.

VERNON, B.C., May 5 (CP) — The Okanagan "Show Window," the second annual Vernon Industrial Exposition opened today for a four-day exhibition of commercial business and industrial displays.

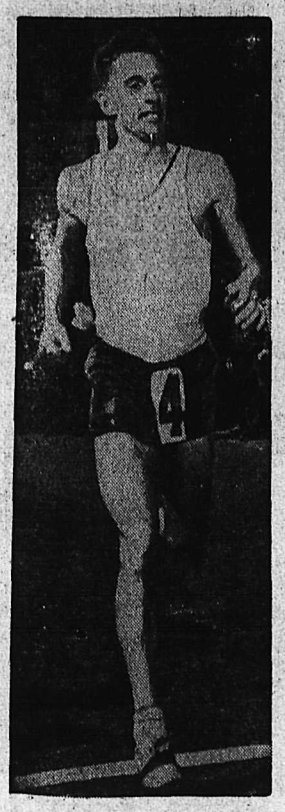
A feature attraction is the Vernon and District Fish, Game and Forest Protective Association.

The Association building has been transformed into a forest scene complete with waterfall.

At the door, a deer, tamed in Armstrong, holds attention, while behind wire is an exhibit of a coyote, cougar and white pelican.

OTTAWA, May 5 (CP)—External Affairs Minister St. Laurent told the Commons today that Canada has not asked to participate in drafting a temporary plan for the reestablishment of Germany.

TODAY'S News Pictures



For the fourth time in his career as a distance runner, Gerard Cote, St. Hyacinthe, P. Q., romped home a winner in the annual Boston Athletic Association 26 mile marathon from Hopkinson, Mass., to Boston. It was the 52nd annual race held by the Association, and the third and final test for aspirants to the Olympic team. He ran the race in 2 hours, 31 minutes, 2 seconds.

Canadian Model at London Exhibit

This model, on display at the St. John Exhibition and Fair, opened by Queen Elizabeth at St. James' Palace in London Monday, represents a typical Canadian Winter scene with first aid post in conjunction with Winter sports, particularly with ski trails. After being brought in from the hills by ambulance men the patient has been given treatment at the first aid post and is now being taken to the main highway for transportation to the city in an ambulance. The scene might be any one of many Provinces as this type of public duty has become a major activity of the St. John Ambulance, and is being carried out extensively across the Dominion. The artist, Mrs. T. W. Gilmour, makes a check of the model.

Parthia Completes Maiden Voyage

The new 13,350-ton Parthia is shown as it nosed into Pier 90, North River, at the completion of its maiden voyage from Liverpool. Its hull glistening in the sun, and flags flying, the Parthia was an attractive addition to the New York waterfront.

Up and Over

Shortstop Christman of the Washington Senators appears to be getting a free ride as second baseman Stirnweiss of the New York Yankees charges under him during a recent encounter between the two clubs played at Washington, D. C. Christman covered second base on Menrich's drive into a double play, Haefner to Christman to Vernon. The Yanks lost, 6-3.

Will Not Change Nanaimo Mill Rate

NANAIMO, May 4 (CP) — This City's 1948 budget of $413,000 will not change the mill rate, Finance Committee told City Council yesterday. The statement added, however, that $75,000 would have been needed had the Committee decided to carry out all essential work.

A quack, a term used for an unlicensed medical practitioner, is a short form of the world "quacksalver."

LOSES HAND TO SAW

VICTORIA, May 5 (CP) — Bram Singh, 2118 Douglas Street, a middle-aged Hindu, had his right hand sheared off by a saw while at work at the Dalziel Box Co. Ltd. 2800 Bridge Street, this morning. He was rushed to hospital by City Police.

Found Dead in Room

VANCOUVER, May 5 (CP) — Rooming house proprietor John O'Mara, 54, was found dead in his gas-filled kitchen early today by two roomers. A Fire Department inhalator squad vainly tried to revive him.

Taylor Conviction To Higher Courts

By BEN PRICE

BIRMINGHAM, Ala., May 5 (AP) —Conviction of Senator Glen Taylor (Dem.-Idaho) for disorderly conduct here last night is headed for higher courts as a test of Alabama's racial segregation laws.

The Vice-Presidential candidate of Henry Wallace's third party was condemned by Police Judge Oliver Hall as a publicity-seeker, then fined $50 and costs and given 180 days in jail.

Hall, however, stayed the sentence and placed Taylor on six months' probation. The defence immediately filed notice of appeal.

PUBLIC NOTICES

AUCTION SALE

TIMBER SALE X39734

There will be offered for sale at Public Auction, at 12 o'clock noon, Tuesday, the 11th of May, 1948, in the office of the District Forester at Nelson, the Licence X39734, to cut 3,690,000 f.b.m. of Cedar, Hemlock, Spruce, Balsam, Fir, and White Pine, on an area comprising parts of Sub-lot 3 and 7 of Lot 1241, L.R.O. Plan X58, on Clear Creek, 10 miles from Nelson, Kootenay Land District.

Five years will be allowed for removal of timber.

"Provided anyone unable to attend the auction in person may submit tender to be opened at the hour of auction and treated as one bid."

Further particulars may be obtained from the Deputy Minister of Forests, B.C., or the District Forester at Nelson, B.C.

Market Trends

TORONTO, May 5 (CP)—All sections retreated in a dull session, with industrials holding up best, while metals, Western oils and golds were in quiet retreat.

MONTREAL, May 5 (CP) — Selected industrials moved into lower ground during active trading.

NEW YORK, May 5 (AP)—Rails led the stock market lower. Carriers were under selling pressure at times because of a threatened strike next Tuesday, and were joined by a number of pivotal industrials. Despite favorable response of individual stocks to special situations, the general direction was downward most of the day.

LONDON, May 5 (Reuters)—British Government securities benefited from small investment buying. Gains of ⅛ per cent were widespread, with the long-dated issues in particular demand.

WINNIPEG, May 5 (CP)—Coarse grain futures prices showed a firm trend on moderate buying by export interests and minor shipper demand. Occasional malting demand also came into barley trade. Offerings were moderate during a fairly active session.

CHICAGO, May 5 (AP) — May grain contracts displayed relative steadiness. Price changes were not large. At times deferred futures slipped under the previous close. Dealings were light.
