Truman Urges Universal Training

Temporary Draft Law, Swift Action For European Recovery Necessary To Meet Critical European Situation

WASHINGTON, March 17 (AP)—President Truman told Congress today the situation in Europe is "critical" and asked a temporary draft law and universal military training.

The President also urged swift Congressional action on the Marshall program of economic help for Europe.

Truman went before a joint session of Congress in person to present a grim picture of world affairs and a major report on his foreign policy.

"The recent developments in Europe," he said, "present this nation with the fundamental issues of vital importance."

He pointed then to the just-completed five-power Western European pact for common defence against attack.

He said of it:

"This development deserves our full support. I am confident that the United States will, by appropriate means, extend to the free nations the support which the situation requires.

"I am sure that the determination of the free countries of Europe to protect themselves will be matched by an equal determination on our part to help them to do so."

BRANDS RUSSIA AS TROUBLE CAUSE, BLOCK TO PEACE

Then, plainly speaking of Russia, Truman said:

"The situation in the world today, is not primarily the result of the natural difficulties which follow a great war. It is chiefly due to the fact that a nation has not only refused to cooperate in the establishment of a just and honorable peace, but — even worse — has actively sought to prevent it."

The European pact Truman mentioned was announced officially less than an hour before he spoke. In it, Britain, France, Belgium, The Netherlands and Luxembourg pledged each other military aid if one should be attacked.

Truman said there are times when it is "far wiser to act than to hesitate—even though action always involves risk."

He said his recommendations at this time for action represent "the most urgent steps toward securing the peace and preventing the war."

The President stressed that the United States will continue to support the United Nations and will try every possible method of reaching international accord.

"At the same time, we must not be confused about the central issue which confronts the world today.

"The time has come when the free men and women of the world must face the threat to their liberty squarely and courageously."

And developments have reached the point, Truman said, at which America's position should be made unmistakeably clear.

TIME SHORT; NEED STRENGTH TO SUPPORT EUROPEANS

He then spoke of the high purposes of the United Nations Charter, and added:

"We cannot, however, close our eyes to the harsh fact that through obstruction and even defiance on the part of one nation, this great dream has not yet become a full reality."

Therefore, he said, supplementary measures are necessary for the United States—universal training, temporary revival of the draft, and swift action on the European recovery program.

"Time is now of critical importance," Truman said of the European aid plan.

The Senate has appoved European aid to be started with $5,300,000,000 for the first year. The House has not yet acted.

In urging universal training, the President said the United States must remain strong enough to support European countries threatened with Communist control and police state rule "so long as Communism threatens the very existence of democracy."

Universal training is the "only feasible means by which the civilian components of our armed forces can be built up to the strength required if we are to be prepared for emergencies."

The ability of the United States to mobilize trained men in large numbers in an emergency, he said, could head off future conflict and help restore world stability.

Adoption of universal training in the United States would supply "unmistakeable evidence to all the world of our determination to back the will to peace with the strength for peace."

Temporary use of the draft, the President said, is needed to keep the armed forces at their proper strength.

He said these forces now lack the necessary men and have been unable to get them through enlistments.

"We must be prepared to pay the price of peace," the President said, "or assuredly we shall pay the price of war."

SKIPS NICETIES; ENGULFMENT OF EUROPE RUSS AIM

Truman recited the course of events abroad before heading into his recommendations.

Skipping the usual niceties of diplomatic language, he rapped at Russia directly and by name.

He said agreements had been worked out in world conferences which would have permitted a just peace. But he said they have been "persistently ignored and violated by one nation."

One country, he said, has "persistently obstructed the work of the United Nations by constant abuse of the veto."

Then, he said:

"But that is not all. Since the close of hostilities, the Soviet Union and its agents have destroyed the independence and democratic character of a whole series of nations in Eastern and Central Europe.

"It is this ruthless course of action, and the clear design to extend it to the remaining free nations of Europe, that has brought about the critical situation in Europe today.

"The tragic death of the Republic of Czechoslovakia has sent a shock throughout the civilized world. Now pressure is being brought to bear on Finland, to the hazard of the entire Scandinavian peninsula.

"Greece is under direct military attack from rebels actively supported by her Communist-dominated neighbors. In Italy, a determined and aggressive effort is being made by a Communist minority to take control of that country.

"The methods vary, but the pattern is all too clear."

HIT ECONOMIC COMEBACK AS ENSLAVEMENT DEFENCE

In the economic field, Mr. Truman said that Russia and her satellites have declared violent hostility to the European recovery program and are "aggressively attempting to wreck it."

They regard it, he said, as a major obstacle to their subjugating Europe.

Truman said he is encouraged by plans for quick action on the European aid plan.

"I hope that no single day will be needlessly lost."

At the same time, Truman said that never in history has "unity among our people" at home been so vital.

"Unity of purpose, unity of effort and unity of spirit are essential to accomplish the task before us . . .

"The world situation is too critical, and the responsibilities of this country are too vast, to permit party struggles to weaken our influence for maintaining peace.

"The American people have the right to assume that political considerations will not affect our working together."

Even before Mr. Truman's address, Republican Party House leaders had pledged in effect that the United States would build up its military power, but had said nothing about revising the draft.

Speaker Joseph Martin (Rep.-Mass.), after a meeting of the Republican House Command, issued a statement last night saying:

"We must have the strongest navy on the seas. We must make ourselves absolutely supreme in the air and under the seas."

Martin said "the constant advance of the iron curtain across Europe has created a grave crisis in our international relations."

$2.75 FOR URANIUM ORE EXPECTED TO SPUR B.C. SEARCHES

VANCOUVER, March 17 (CP)—Prospectors tonight had a new interest in British Columbia mineral fields with the announcement from Ottawa that private prospecting and development of radio-active ore will be permitted.

Officials of the British Columbia and Yukon Chamber of Mines expect a widespread search for radio-active minerals now that the Federal Government plans to encourage prospecting.

The Government has guaranteed $2.75 a pound for ore of specified uranium content, and will buy and mill the ores.

Radio-active minerals have been found in the Province, but mines officials said that since 1943 there was no percentage for prospectors. It now is hoped geiger counters and other instruments sensitive to radio-active ore will be placed at the disposal of prospectors.

B.C. To Seek Parley

VICTORIA, March 17 (CP) — British Columbia will seek another Dominion - Provincial Conference as soon as the Legislature adjourns.

In his budget speech today, Finance Minister Anscomb said: "It will be pressed until we do receive what is our just and right return for the revenues we have handed the Federal Government."

VANCOUVER, March 17 (CP) — Liberal members of Vancouver-Centre Riding will hold a nomination convention March 24 to name a successor to Senator Ian Mackenzie, it was reliably learned.

WESTERN EUROPE COUNTRIES SIGN PACT

Agree to Economic Cooperation, Military Aid

REVEAL ARTICLES

BRUSSELS, March 17 (Reuters) —A 50-year treaty of economic cooperation and military aid was signed today by representatives of five Western European countries—Belgium, France, Luxembourg, The Netherlands and Britain. Other states may accede to it on agreed conditions.

Designed "to fortify and preserve the principles of democracy, personal freedom and political liberty, the rule of law and constitutional traditions," the treaty provides that if an armed attack in Europe should be made on any one party to the treaty, the others will, in accordance with article 51 of the United Nations Charter, afford all military and other aid and assistance.

All such measures shall be reported *immediately* to the Security Council and be terminated as soon as the Council has taken the necessary measures to maintain or restore international peace and security, the treaty emphasizes.

PERMANENT COUNCIL

A permanent consultative council will be set up and at the request of any party to the treaty shall be immediately called for consultation between the parties should Germany again adopt an aggressive policy; or with regard to any situation constituting a threat to peace in any area, or with regard to any danger to economic stability.

The first three of the treaty's 10 articles deal with economic and cultural matters. They provide that the work of other economic organizations to which the parties may belong shall not be prejudiced, but on the contrary aided.

Articles 4, 5, 6, 7, and 8 deal with collective self-defence within the framework of the U.N. Charter.

The article adds that the treaty does not prejudice the obligations of the parties under the Charter or in any way affect the authority and responsibility ofthe Security Council to take action to maintain or restore international peace and security.

FIND STRENGTH IN ADDRESS, PACT

LONDON, March 18 (Thursday) (AP) — Western Europe welcomed President Truman's call for rearming the United States and the Brussels five-power pact as twin bulwarks against Communist expansion.

"Communism has lost its bet on the ineptitude and unreadiness of Democracy," says the London Daily Telegraph.

The President's message, the Conservative paper adds, "may well rank among the greatest pronouncements in history."

High officials in Paris said Congressional approval of the President's request for the temporary draft and universal military training would leave no room for misunderstanding, either in the East or West.

In Rome, a spokesman for Premier Alcide de Gasperi said President Truman's speech contained good news for the democractic countries of Europe.

A Netherlands Foreign Office spokesman at The Hague said the President's speech "was the best blessing of the Western pact."

Prime Minister John Costello of Eire in a St. Patrick's Day message of greetings to the United States and Canada hailed the two North American countries as defenders against Communism, "that corrosive hersey of the modern world."

ROOF CAVES ON REVELLERS

CHICAGO, March 17 (AP) — One woman was reported killed tonight and 100 other persons injured, police estimated, when a section of a third floor dance hall caved in during a St. Patrick's Day fete.

An estimated 1200 revellers were in the hall.

FINNS TO SEEK MILITARY AID

HELSINKI, March 17 (Reuters) —Finland will seek a 10-year treaty of military assistance and friendship with Russia, including a clause that the Finns will be responsible for their own defence, it was learned reliably tonight.

Must Trim Buying Of Canadian Food

LONDON, March 17 (CP) — Britain's purchases from non-dollar countries must be increased and her present rate of spending on Canadian food cannot be continued, Food Minister John Strachey said today.

No complete cut-off in Canadian purchases was proposed as this would mean "disaster" to both countries, the Food Minister said.

SUPPLEMENTARY ESTIMATES

VICTORIA, March 17 (CP)—Supplementary estimates totalling $3,415,235, to cover expenditures during the past year not provided for in the 1947 budget, were tabled by Finance Minister Herbert Anscomb in the Legislature today.

Canada Leaders Take Stand Against Reds

Country a Strategic Plum Russia Aiming to Pick Maintains Bracken; No Red Infiltration Allowed—Coldwell

By D'ARCY O'DONNELL
Canadian Press Staff Writer

OTTAWA, March 17 (CP)—Leaders of Canada's four major political parties in the Commons today declared themselves solidly opposed to Communism.

Their declarations came as John Bracken, Progressive Conservative leader, bluntly warned that the peace of Canada is being menaced by Communist agents and Justice Minister Ilsley urged Canadians to become "alert" to the development of Communism in labor and see that it does not "spread any further."

"Canada is regarded by the Communists as of supreme strategic importance in the Communist bid for global domination," said Mr. Bracken. He offered full support to any Government effort aimed at suppressing Communism.

CANADA ENVIED

Prime Minister Mackenzie King, while not minimizing the threat of Communism to the world, said that in his opinion the Communists had their minds at the moment on the countries of Europe and Asia.

"Nevertheless I do believe that anyone who had regard to future world development would look upon Canada as perhaps one of the most enviable spots in the whole globe."

M. J. Coldwell, C.C.F. leader, said that the leftist Labor-Progressive Party now was trying to infiltrate into his party. As long as he was leader he would not permit Communist infiltration.

Solon Low, Social Credit leader, said his party would give the Government fullest support in combatting Communism. He warned that the Government's policies of centralization would put the country *in a dangerous position in event of* a Communist coup.

WOULD STRIP REDS OF CITIZENSHIP

A. L. Smith (PC-Calgary West) urged that Canadian citizenship be taken from avowed Communists in Canada. Such people could be found in labor ranks from one end of the country to the other.

The full-fledged debate on Communism was initiated when Mr. Bracken obtained acceptance of a motion that brought adjournment of regular business.

He moved it after Mr. King made a brief statement on the treaty of mutual guarantee signed at Brussels by representatives of the United Kingdom, France, Belgium, The Netherlands and Luxembourg.

WILL CARRY SHARE

Mr. King said the peoples of all free countries may be assured that Canada will play her full part in every movement to give substance to the conception of an effective system of collective security by the development of regional pacts under the charter of the United Nations.

As for Communist infiltration into labor ranks, Mr. King said:

"I do not believe that the extent to which the Communists have bored into labor organizations is as great as some people in this country think."

Labor leaders had promised to cooperate with the Government in helping to prevent Communism developing within their ranks.

"May I point out that in dealing with a problem such as Communism one does not always make the most effective way by publishing everything that is being done from the housetops," he said.

OUTLAWING DANGEROUS

Mr. Coldwell said the outlawing of political movements through history had shown their increase by suppression.

"I prefer to know where my opponent lies, rather than to have *him working underground," he said.*

He charged that the Liberal Government was guilty to some extent for the development of Communism in Canada because the Liberals had cooperated with the Communists in Canada during the war.

FIRED BUCKNA

LONDON, March 17 (CP) — Czechoslovakia, well-entrenched behind the Iron curtain, apparently can't take a beating in hockey. They have "fired" Mike Buckna, pre-war Trail, B.C., Smoke Eaters player and Coach of the Czech Olympic team which placed second behind Canada in the games at St. Moritz.

R.C.A.F. Flyers players on their arrival from Europe said Prague newspapers screamed for Buckna's "skin" after the highly-touted Czech team failed to add the Olympic title to the "world" championship won at Prague a year ago.

The players said that Mike was "relieved" of his job as Coach of the Lawn Tennis Club of Prague, Czechoslovakia's leading hockey team, and that they believed he had been "farmed" out to a provincial club in Bratislava.

"He wanted to return to Canada but it's doubtful if he'll be allowed out of the country as his wife is a Czech," they said.

FLYERS EVEN SERIES

CALGARY, March 17 (CP)—Edmonton Flyers gave Calgary a lesson in defensive hockey tonight as they chalked up a well-earned 3-2 victory over Stampeders in the second game of the best-of-seven series for the Western Canada Hockey League Championship.

Flyers' win tied the series at one game apiece with the third and fourth scheduled for Edmonton tomorrow night and Saturday.

Mory Rimstad, leading scorer in the League during the regular season, tallied the first Edmonton goal of the series and Bing Merluk and Billy Maher added the others. Bunny Dame and defenceman Bud Emery scored for Calgary.

UNDERDOGS SCORE

WINNIPEG, March 17 (CP) — Winnipeg Monarchs — underdogs in pre-series gossip — tonight captured the Manitoba Junior Hockey title by defeating Winnipeg Canadians 8-3 before 5000 fans in the sixth game of their best-of-seven series. Monarchs took the title 4-2 in games.

WIN FIRST TITLE

PORT ARTHUR, March 17 (CP) —Fort Frances Canadians trimmed Fort William Legion, 4-2, here tonight to win the Thunder Bay Senior Hockey Championship.

It was the first time in history the Western border town has won a district senior hockey title.

FLOOD RECEDES

TORONTO, March 17 (CP) — The "all clear" was given at suburban Long Branch tonight by Mayor Lawrence Iles as flood waters from the swirling Etobicoke Creek receded.

More than 50 families residing in the Summer cottage resort area were forced to flee Tuesday when a flash flood following a sudden thaw and heavy rains forced raging waters over the banks to a depth of 12 feet.

Dramatic and perilous rescue operations were carried out by workers who evacuated some 80 persons from water-surrounded homes.

Committee Okays Recovery Plan

WASHINGTON, March 17 (AP) —The House of Representatives Foreign Affairs Committee today approved a $5,300,000,000 European recovery program.

The committee directed that $1,000,000,000 of the total be in lending authority for the Export-Import Bank.

This means Congress would be asked to appropriate directly only $4,300,000,000 for the program.

The total amount is the same as has been approved by the Senate. It would be for one year of aid.

Chairman Charles Eaton (Rep.-N.J.) and Representative John Vorys (Rep.-Ohio) told a press conference decisions were deferred on other foreign aid proposals. These include $275,000,000 in military aid for Greece and Turkey and $570,000,000 in economic aid for China.

Would Increase Canadian Forces

OTTAWA, March 17 (CP)—Canadian reaction to President Truman's call for universal military training in the United States is likely to be toward a strengthening of the Canadian forces, now totaling 34,000.

This was the general opinion of many Members of Parliament after listening today to the broadcast of the President's sombre address to Congress.

But there was not the slightest suggestion that the Government or the Progressive Conservative Opposition would advocate compulsory military training in Canada. Cabinet Ministers adroitly ducked this question when asked for comment.

Senator William Duff (L., Nova Scotia) gave the most outspoken comment on President Truman's plan for compulsory military training, saying:

"Sure, that is good. We can't let those Russians get away with this."

A few minutes before Mr. Truman spoke, the Liberal caucus concluded 30 minutes ahead of the usual time, and Prime Minister Mackenzie King, most of his Cabinet and a score of Liberal private Members went to a lounge room in the centre block of the Parliament Buildings to hear the broadcast.

With grave faces they listened to the speech. It made a sharp impact on everyone present, and Opposition Members, listening in other parts of the building, also were *deeply impressed with the seriousness* of the European situation, as outlined by Mr. Truman.

Find Possible New Clues in Search

EVERGLADES, Fla., March 17 (AP) — The spotlight on the search for Calgary-born Jockey Al Snider and his two companions was turned today on a wild area around East Cape, 70 miles Southeast of Everglades in the Cape Sable vicinity.

A broken oar, several flashlight batteries, a gasoline can, and a number of bamboo fishing rods burned on the tips were found by private searchers yesterday. They are being flown here for possible identification.

Anscomb Announces Retail Sales Tax Act

MUNICIPALITIES MUST ALLOCATE TAX REVENUES

To Share in New Levy; Grants to Reach $15,400,000

GENEROUS AID

VICTORIA, March 17 (CP)—Provincial-Municipal affairs were dealt with at some length in the budget speech of Finance Minister Herbert Anscomb in the Legislature today.

Recalling that "bountiful relief" had been extended to municipalities through implementations of recommendations of M. Carl Goldenberg, Montreal specialist in municipal affairs and Dr. Max Cameron, of the UBC, who inquired into education costs, the Minister said:

"This Government readily admits that, *since implementing* the Goldenberg recomendations, the spiral of inflation has created new financial difficulties for municipalities and that once again additional aid will have to extended to them, but let us not forget that Commissioner Goldenberg took great pains to assess the problems and to suggest not palliatives, but long-term solutions for them.

"The Commissioner also stated that municipalities generally were in a satisfactory position financially; that many of the grievances, on which their claims for redress were based, no longer existed and that some of their claims for additional revenue were basically unsound."

SCHOOL COSTS UP AGAIN

Mr. Anscomb then told the House that additional financial aid to municipalities included $635,000 for education; $600,000 for health and welfare; $530,000 motor vehicle revenue grants and $42,000 in administration of justice.

"This, of course," he said, was over and above the $2,521,000 special aid under the Cameron award in 1946, or a total of $4,328,000 in two sessions of the Legislature. As soon as we gave relief after the Cameron Report, school costs rose again to more than the relief we provided. That condition was repeated *again as soon as the results* of the Goldenberg report were applied.

"The government proposes to pay over the municipalities one third of the net proceeds from the sales tax. It will be the responsibility of each of the municipalities to allocate its respective portion in that manner as will best meet its requirements. There will be no vestige of coercion as to where or how the money shall be spent. The amount of the tax is expected to grow in the volume from year to year, particularly if people as well as new capital, continue to come to B.C. at the present rate.

TIME TO MEET OWN RESPONSIBILITIES

"Commissioner Goldenberg in several instances, recommended important changes in municipal assessment, taxation and methods of administration which were equally a part of the solution of the municipal problem. The Province has provided whatever legal means were necessary and it is time for the municipalities to meet their own responsibilities."

Mr. Anscomb then gave figures showing direct grants to municipalities in 1941-42 were $2,525,821, while, in 1948-49 they will total $15,400,000.

With indirect aid, including unemployment relief, indigent relief, indigent medical services and hospitalization, local roads and keep and transport of prisoners the figures were $2,965,449 for 1941-42 and $17,988,000 for 1948-49.

"Surely, no better evidence of generosity could be submitted; in *addition to this direct aid, the Gov*ernment extends annually costly indirect aid by way of grants to hospitals, health and welfare services, and but a few months ago paid over to municipalities grants totalling $2,680,000 to either repay debts, re-establish sinking funds or for capital projects."

LOAN NECESSARY

Touching on the 50 per cent grant on new schools, Mr. Anscomb said that agreement by the Province led to all School Boards launching programs much greater in extent than they would have done had they been compelled to bear the proportion they formerly did.

"The Minister of Education has before him applications for schools in various parts of the Province to the extent of about $40,000,000, which, if we agree, will cost the Province $20,000,000. It must be quite obvious to everybody that a program of that sort cannot be financed by the Province as far as its share is concerned, out of current revenues, and while we propose to earmark $4,000,000 for the immediate present out of our revenue surplus account, it will have to be financed by Provincial loans."

Mr. Anscomb said it would be necessary to float a loan next session on that account.

HAMILTON, March 17 (CP) — Wilfrid J. Watson, 66, for many years Vice-President and Secretary of Southam Company Ltd., publishers of a group of Canadian newspapers, died this afternoon at his home at nearby Ancaster.

Third of Net Tax Revenue, About $4,000,000, for Municipalities; Rest to Social Security, Services

VICTORIA, March 17 (CP) — An all-time high revenue of $77,616,309 for the fiscal year ending March 31, 1949, was predicted today in the budget brought down in the British Columbia Legislature by Hon. Herbert Anscomb, Minister of Finance.

He announced that a Retail Sales Tax Act, providing for a three-per-cent levy on all retail sales but food for human consumption, would be introduced in the Legislature this session.

Mr. Anscomb looked for $12,000,000—the largest single increase in revenue—from the new tax.

The anticipated revenue for the next fiscal year is an increase of $18,716,300 from the current one.

The Finance Minister estimated *expenditures for 1948-49* would be $77,449,869 leaving a surplus of $160,440. Increases in estimated expenditure over the current year amounted to $18,668,534 and was $31,134,575 greater than the fiscal year ending March 31, 1947.

In addition to the new sales tax and a further $900,000 from increases in timber royalties, other sources of revenue were expected to yield nearly $6,000,000 more than their last estimated return.

Liquor profits were expected to increase by $1,900,000; motor vehicle revenue $1,400,000; land registry fees $50,000; Dominion tax agreement $1,350,000; gasoline tax $675,000; land sales $110,000 and timber sales $500,000.

The Government proposed municipalities would receive "for their *own purposes*" one-third of the net revenue from the retail sales tax. The municipalities share would be about $4,000,000. The remaining two-thirds would be placed in a special treasury fund to meet costs of social security, social services and health and welfare.

SERVICES MORE COSTLY; NEW LEVY A NECESSITY

While the sinking fund Dec. 31, 1947 was $3,223,550 greater at $24,296,472 than reported a year before, rising cost of government services was shown by increased expenditures in every department.

Appropriations for public debt interest increased $703,007 to $10,987,915; the Agriculture Department would receive an extra $107,220; administration of justice $193,000; special aid to rural schools $1,100,000; health and welfare $4,367,000; Labor Department administration $122,400; Lands Department $1,288,532; Mines Department $135,280; municipal affairs $34,057; grants to hospitals, mental hospitals and homes for the aged $727,578; roads, bridges, ferries, wharves $2,124,880.

It was the second budget speech for the 56-year-old Minister and in presenting an appraisal of B.C.'s economic conditions, he warned that British Columbia must face up to, and deal adequately with, current problems.

He said while some measures of increased revenue was available through higher timber royalty charges and from greater liquor profits, the gasoline tax and motor vehicle licence fees, the possible revenue was inadequate to meet soaring social service and education costs. The sales tax was the only source of revenue capable of yielding *sufficient funds still open to the* Province by constitutional right and by terms of the existing Dominion-Provincial tax agreement.

"It is my intention to recommend to the House that liberal exemptions be granted from the sales tax for food for human consumption," he said. "While this will seriously impair our revenue from the tax, it meets, in a large measure, the objection that the lower income group bears a disproportionate share of the burden."

THIRD PROVINCE IN FIELD; $13 MILLION FOR SCHOOLS

"The reason for the imposition of the tax is the requirement by a certain part of the population for social security and social service.

"The tax will act as a contributory device to afford this section of our population continued benefits from our highly developed social service program. I think it cannot be emphasized too strongly that such an extensive social program as that proposed cannot be instituted without funds to meet its ever-increasing costs."

At the present time there are 24 States and two Canadian Provinces —Saskatchewan and Quebec—in the sales tax field.

The 1948-49 estimates provide $10,987,915 for public debt charges, an increase of $364,689; $790,070 for agriculture, an increase of $95,770; education $12,981,537, an increase of $1,731,960; finance $7,797,890, an increase of $4,134,236; health and welfare $13,679,691, an increase of $2,611,226; lands and forests $5,425,565, an increase of $1,239,4999; provincial secretary $7,880,892, an increase of $727,578; public works $11,945,392, an increase of $1,104,007, and trade and industry $591,380, an increase of $52,395. Salary changes, not included in supplementaries, total $600,000.

$11 MILLION FOR POWER; RESTRAINT FOR WATCHWORD

Total expenditures on capital account for roads, highways and bridges will include $5,000,000 from surplus revenues and from borrowings under the Loan Acts of $4,900,000.

Additional buildings for the University of B.C. will cost $1,750,000 and the Works Department will spend $1,300,000 for provincial buildings.

Further borrowing for rolling stock, equipment and extraordinary maintenance for the Pacific Great Eastern Railway will be met by a Loan Act of $5,000,000, of which $800,000 will be spent during the next fiscal year.

Forest roads under the forest management scheme will call for a Loan Act of $2,500,000, repayable by the forest industry over a number of years and the British Columbia Power Commission expects to spend $11,000,000 during the coming year on power development and acquisition of existing plants for which ample borrowing authority already is available.

The expenditure for provincial account will aggregate $28,600,000 of which $5,000,000 will be derived from revenue surplus and $23,600,000 from capital borrowing.

Total assets of the Province at March 31, 1947 were $332,109,651 or $17,061,777 more than the year previous. Provincial liabilities totalled $257,059,092, or $9,889,297 more than that on the corresponding date the year before. Excess assets over liabilities rose from $67,8878,078 on March 31, 1946 to $75,050,558 on March 31, last.

Gross debt of the Province at Dec. 31, last was $165,702,659 with net debt of $122,406,186.

Mr. Anscomb in his economic review said that in a period of inflation, self-imposed restraint should be the watchword.

"We have the resources, we know that the needs of our customers are vast, we hope for political stability in the countries we trade with," he added. "Let us make sure that we do not lose the greatest trade potential we ever had. Let us, therefore, do all we can to check inflation and to increase individual productivity."

Just In Time To Help Pay More Income Taxes

OTTAWA, March 17 (CP).—Just in nice time to help pay more income taxes, a $93,700,000 deluge of cheques is on its way to Canadians.

The post offices have begun to redistribute that much to individuals and corporations as the refundable portion of their 1942 income taxes.

They will handle as many cheques as they can daily until the end of the month. Then it will all be over.

The amounts include $62,509,949 in cheques for 1,178,256 individuals and $31,200,000 for corporations. They range from one cent to hundreds of dollars.

The refundable portions of 1943 and 1944 taxes will go out in 1949 and 1950, respectively.

In the Commons yesterday, Revenue Minister McCann said interest paid on the refundable portion would be taxable as part of 1948 income but the portions themselves would not be.

Of the $62,509,949 going to individuals, $5,162,524 is interest.

Marshall Supports Military Strength Increase for U. S.

WASHINGTON, March 17 (AP) —State Secretary George Marshall told Congress members today that "diplomatic action without the backing of military strength in the present world can lead only to appeasement."

Marshall testified to the Senate Armed Services Committee in support of universal military training, *and temporary enactment of a se*lective service law.

The Committee opened hearings on these proposals only two hours *after President Truman had ap*pealed for them in a personally-delivered message to Congress.

Marshall said that in addition to *these manpower measures "a re*consideration of our air program is also necessary."

Doubt If Princess Expecting a Baby

LONDON, March 17 (AP)—Buckingham Palace sources said last night they did not know whether Princess Elizabeth is expecting a baby. Most doubt reports abroad that she is.

"If she is expecting a baby we are certain that no one outside the Royal Family has been told," one qualified informant said. "And we doubt that she is, because of the heavy series of engagements necessitating public appearances which have been made for the next three months ahead.

Following tradition, there will be no court announcement even if the Princess is expecting a baby. Sometime later this Spring there simply would be an announcement in the court circular that she was cancelling her engagements.

International Situation Never Worse Says Premier

OTTAWA, March 17 (CP)—Prime Minister Mackenzie King told a Liberal caucus today that the international situation had never been worse.

Without specifically mentioning the prospect of war, he said the crisis might well come to a head in weeks. The Italian elections next month were of the greatest importance.

There was some speculation in Parliamentary corridors that if the situation continued to darken it might mean postponement of the August convention of the Liberal Party to choose a successor to Mr. King.

Senior Groups Explained To Rossland Board

ROSSLAND, B.C., March 17—The Rossland Junior Board of Trade heard Reginald White of Trail, District Councillor for the Junior Chambers of Commerce, outline the functions of the National and Provincial organizations with which a local Board is affiliated.

Pointing out that a Junior Board of Trade was primarily interested in the community in which it functions, Mr. White indicated the value of the larger organization in exchanging and sharing ideas and experiences. Mr. White intimated that Hedly Fairbanks, Provincial Vice-Chairman, would be in the district in April and that he might visit the Rossland Board at that time.

Walter Johnson, Paul Thompson and Jim Duff were inducted as new members.

The sum of $10 was donated to the Canadian Appeal for Children.

Dan Irvine announced plans for a gigantic Junior Board rummage sale to be held towards the end of April while Hal Coverdale stated that the annual Junior Board dance would be held in May.

President F. E. Batt announced that Bill Baldry had taken over the duties of Entertainment Chairman and that Syd Potter had been appointed Publicity Chairman.

In Marysville 50 Years, Dies On Birthday

KIMBERLEY, B.C., March 17 — E. W. (Billy) Evans, a resident of Marysville, B.C., for 50 years, died in McDougall Hospital on March 15 on his 80th birthday. He had been in poor health for some time.

Mr. Evans came to B.C. from Huntsville, Ont., with his brother Charles, the two of them living together at Marysville until the brother's death a few years ago. They held mining property up the St. Mary's River.

Surviving relatives are a brother and nephew at Port Alberni, B.C., and a sister, in Toronto.

The annual United States death rate from tuberculosis has been reduced from 100 to 35 a year per 100,000, in the last 20 years.

FARRIS RAPS PAPER, CRITICIZED IN TURN

OTTAWA, March 17 (CP)—Senator J. W. deB. Farris (L--British Columbia) said in the Senate today a Toronto Globe and Mail editorial that criticized the findings of the Hong Kong Royal Commission as false was "the most terrible thing I've ever seen done in Canadian journalism."

He also flayed Premiers Drew of Ontario and Duplessis of Quebec for statements which, he felt, could only injure Canadian institutions and contribute to the advancement of "subversive elements."

His statements brought from Senator John T. Haig, Progressive Conservative Leader, the retort that newspapers had had "the right to criticize since time immemorial," that the editorial in question was "mild" in comparison with some carried in Winnipeg newspapers and that Senator Farris' remarks were "political" and geared to the prospects of elections in Ontario and Quebec. He was "very shocked" by them.

If You Indulge In Over Eating

A common fault in our present day civilization is over-eating. More persons than not over indulge in food.

Sourness of the stomach, biliousness, heartburn, headaches, belching or other temporary disturbances are often caused by over-indulgence. In such cases Burdock Blood Bitters should give quick relief.

Burdock Blood Bitters is a pure vegetable compound for minor disorders of the stomach, liver, skin and bowels. It stimulates the action of the stomach and digestive organs thus improving digestion, assimilation and elimination.

Give Up Czech Parliament Seats

PRAGUE, March 17 (CP) — The President of the Czechoslovak National Assembly announced to a full session today that Dr. Peter Zenkel, former Vice-Premier; Dr. Hubert Ripka, former Minister of Foreign Trade; and Dr. Propkop Drtina, former Minister of Justice, whose resignations from the Government led to the recent crisis, had given up their seats in Parliament.

REPORT ESCAPES

Meanwhile a Parliamentary Committee demanded that immunity be stripped from five legislators and it is expected that the arrest and trial for treason of the five will be asked.

Two of the five are reported to have fled the country.

The accused deputies include Vladimir Krajina, former General Secretary of the Czech National Socialist Party; Jan Ursiny, former Deputy Premier; Fedor Hodza, former Secretary-General of the Slovak Democratic Party, and Alois Cizek, accused of being Mrajina's aid in an alleged plot to spy on the security police. The name of the fifth person was not available.

There were unconfirmed reports that Votja Benes, brother of President Eduard Benes, had escaped over the border.

RECORD RECOVERY FOR FORMER NELSON DRUGGIST

After speedily recovering from a serious gall stone operation, 86-year-old William Rutherford of New Denver, former Nelson druggist, Wednesday was released from Trail-Tadanac Hospital. He had been in hospital 16 days, and made a record recovery.

St. Patrick's Day has taken on an unusul significance for Mr. Rutherford. Many years ago, when a guest of the late Dr. W. O. Rose of Nelson, then Cosservative member of the Legislature, he heard maiden speeches in the B.C. Legislature from two Irishmen, the late Mayor of Vancouver, Gerry McGeer and Mr. Thompson, a member from Grand Forks.

Former Winnipeg Woman Dies Here

A resident in Nelson only 16 months, 70-year-old Miss Ellen Brodie died Wednesday morning in Kootenay Lake General Hospital after a lengthy illness. Miss Brodie came to Nelson from Winnipeg where she had been employed as a private secretary in the Winnipeg Hydraulic Power & Light Co. for 42 years.

While here she lived with her brother, William James Brodie on High Street.

Surviving her, besides her brother are two sisters, Mrs. H. G. Young of Montreal and Mrs. Ida McGregor of Cartwright, Man.

Mrs. Vandergriff Laid at Rest

NEW DENVER, B.C., March 17—Funeral services were held on Sunday at 2 p.m. in the St. Stephen Anglican Church, New Denver, for Mrs. Sarah Florence Vandergrift, age 71, who died in the Slocan Community Hospital.

Hymns sung were "Breathe on Me Breath of God", "There Is a Green Hill Far Away", and "Oh, God Our Help in Ages Past".

Rt. Rev. Bishop Embling officiated.

Pallbearers were J. E. Kennett, C. W. Nelson, C. Kennett, W. E. Rowe, Lindsay Carter and Les R. Campbell.

Interment was in the local cemetery.

Mrs. Vandergrift was born in 1877 at Dorchester, New Brunswick, and came to Nelson, where she was married in 1905, and to New Denver in 1922. Here she has made her home ever since.

Surviving are her husband Ernest J. Vandergrift of New Denver, two sons and two daughters, Lorne Vandergrift of Trail, Cecil Vandergrift of Nelson, Mrs. Ruben McCandlish of Nelson and Miss Evelyn Vandergrift of Nelson; several grandchildren and one brother Elias Edgett of Little Shemogue, N.B., niece and nephew, Margaret and Charles Edgett at Sackville, N.B.

A brother, William Edgett predeceased her three years ago.

Students Hear Vocational Guidance Talks

Eight trades were covered Wednesday in the first vocational guidance program to be held in the Nelson High School. The program, sponsored by the Nelson Kiwanis Club with the approval of the Board of Trustees of Nelson School District No. 7, was attended by students from Grade 11 and Junior and Senior Matriculation.

Speakers were introduced by Principal Gerald Lee, while School Inspector J. Chell was in attendance.

Subjects and respective speakers were automobiles, Walter Hendricks, Kiwanis Club President; nursing, Miss Nancy Lee, Public Health Nurse; electrical, Charles Bland of the Kest Kootenay Power & Light Co. Ltd.; mining, William Hamilton; contracting, Colonel Strong of Vancouver, Department of Education Inspector of Industrial Arts; forestry, T. A. Clarke, home economics, Miss Thompson; and banking, J. R. McLennan.

Student chairmen of the various discussions were Ron Macintyre, Margaret Affleck, Melba Towriss, John Matsomoto, Robert Bland, Shirley Waterstreet and Ron Stuart.

Later in the afternoon a tea was held in the library for the speakers.

Aged Nelson Resident Passes

Mrs. Jean Arthur Harden, aged resident of Nelson, died at her 140 Baker Street home Wednesday afternoon. Mrs. Harden was 72 years old, and had lived here six years.

Once of Trail and Fernie, Mrs. Harden came to Canada from Scotland in 1908 to live at the East Kootenay centre until 1915 when she returned to the Old Country with her husband, Thomas Douglas Harden. Mr. Harden at the time was in the armed forces.

The couple came back to Canada in 1919, living in Calgary for two years and then in Fernie until 1924. From 1924 until 1942 she lived in Trail, coming to Nelson six years ago.

In Scotland Mrs. Harden was a life member of the Order of Eastern Star, Glasgow, and a member of the Orange Lodge in Nelson.

Besides her husband, she is survived by two sons, Robert and Hugh of Trail; two daughters, Mrs. Thomas Jones of Keremeos, and Mrs. Edward Hardy of Nelson; and four grandchildren.

Funeral services will be in Nelson.

Irishmen Celebrate

DUBLIN, March 17 (AP)—Thousands of shamrock-wearing soldiers jostled through Dublin's streets today in the biggest St. Patrick's Day celebration since before the war.

Detachments of all branches of Eire's services marched through the festive city as Irishmen paid tribute to the country's patron saint. Formations of fighter planes dipped in salute over College Green, when President Sean O'Kelly reviewed the parade.

Winlaw Girl Missing

Elizabeth (Elsie) Wishlow, missing from her Winlaw home for more than two weeks, is the object of an intensive search by her father and Provincial Police officers. She was last seen in Nelson March 1.

Miss Wishlow, age 20, has blonde hair, blue eyes, weighs between 135 and 140 pounds, and is about five feet, five inches in height. Identification mark is a crooked tooth on the left side of her mouth.

She is the daughter of Mr. and Mrs. Joseph Wishlow of Winlaw.

Her father believes she may be wearing a blue striped suit, with a light green boxed-style coat with a fur lapel and front, or a gray flannel suit.

Inquiries after the girl have been made in Cranbrook, Kimberley, Rossland, Trail, Grand Forks and Nelson, but to no avail. She has many relatives in the District, but none has been able to give any information.

Miss Wishlow has been engaged in hospital or cafe work, and has been employed in Keremeos, Penticton, Cranbrook and Creston.

Mr. Wishlow said the girl's mother was "ill and worried," and called upon anyone knowing of her whereabouts to contact them through the Winlaw Post Office or Provincial Police headquarters.

Like Their Spruce "Rocks" Best

LYNN LAKE, Man., March 17 (CP)—When Lynn Lake's Curling Club sends a rink to outside bonspiels, its "rocks" probably will draw a good deal of attention.

To avoid the cost of freighting granite rocks 120 airmiles from Sherridon, Man., curlers in this Northern Manitoba mining town manufactured their own.

The "rocks" were carefully sawn from heavy spruce logs and a heavy pike handle inserted. The curlers have become so used to these unique stones that they now prefer them to regulation rocks.

"They draw much better than ordinary stones. Three men sweep and they can really pull them in," one curler said.

6 Hospital Directors Elected at Annual Meeting, Turner President

N. C. Stibbs, Harry Burns, Alderman Alex Sutherland, C. H. Hamilton, George Turner and Dr. T. H. Bourque at the annual meeting of Kootenay Lake General Hospital Society Tuesday night were elected to the Board of Directors. For four of them—Mr. Burns, Mr. Hamilton, Dr. Bourque and Mr. Turner—it was reelection for a second consecutive two-year term.

Completing the Board of 12 are Vice-President J. A. McLennan, R. D. Barnes, R. L McBride, E. E. L. Dewdney, J. E. Baldock and W. Hendricks.

At a large meeting of the Directors, also held in the City Council Chambers, George Turner was named President, and Mr. McLennan and Mr. Burns reelected Vice-President and Treasurer, respectively.

"A SERIOUS BUSINESS"

In taking his new office, President Turner said that to him "hospital business is a serious business. I will try to make it run along as smoothly as it has in the past."

C. F. Hunter was named Auditor for the coming year.

Reports from the various committees, including Finance, and Directors, were handed in. Miss Mary N. Murray, R.N., Superintendent of the hospital, in giving her report, gave a complete resume of the number of patients taken care of in the past year. A total of 3487 patients were admitted, 3403 being released in the 12 months period.

Her report follows:

"This is my first anual report as Superintendent of the Kootenay Lake General Hospital, as you know I was appointed Superintendent of this Hospital just a year ago today We have had a most strenuous year and the bed situation and lack of nurses looked grim at times although with the assistance of Miss V. Hayden, Assistant Superintendent, Supervisors, Nurses, and all members of the Hospital staff, to whom I owe my most grateful thanks, we managed extremely well. It would not be fair if I did not mention and add my appreciation and thanks to the married nurses of this City who have done hourly nursing and have so generously given of their time.

"The success of any institution canot wholy be made by the administrative staff alone, and I wish to take this opportunity of thanking each member of the Board of Directors for the support he has given me. The task of managing a hospital would have been infinitely greater had it not been for the warm hearted understanding and guidance offered. I cannot fully express my gratitude to these gentlemen for their loyal support and their generous contribution of time and effort given willingly and freely whenever they were called upon to do so.

"I also wish to express my thanks to the Medical Staff for their support and advice and in helping to solve to everyone's satisfaction various problems that arise in the hospital—there may have been differences of opinion from time to tim, but these were short lived and a feeling of good fellowship always prevailed and I am sure will always remain. Criticism has always been most constructive.

"I join with the Board of Directors inthanking the Women's Hospital Auxiliary for their untiring efforts.

"To the citizens of Nelson and district we are grateful for the various donations to patients and nurses throughout the year, most especially for their great kindness at Christmas.

"The major equipment which has been installed during the past year is as follows:

"Operating room—Heidbrink Anaesthesia machine; X-ray department—pelvimeter; kitchen—steam table, dish washer; laundry—commercial laundry unit; from Women's Auxiliary—six bed side tables; ward floors—thermatic portable pump."

More than 300,0000,000 pounds of fish and shellfish are landed annually to east coast ports in the U. S., from Rhode Island to Virginia.

During the Second World War, 5000 Danish seamen manned Danish ships with a combined tonnage totalling 800,000 tons, carrying men and materials for the Allies.

A weekly shopping and information service for today's woman

MONTREAL, March 18th—I'm feeling pretty proud of my windows since I "perked them up" with those new Vinylite Plastic Cottage Sets... from my favourite department store! Wonderful! Their gay colours make windows pretty as pictures ...frame them in a variety of pastel shades—or cheery prints. Buy them ruffled or tailored-to-your-taste... the ruffles and newness will stay put! You see, they clean like magic with just a little soap-'n-water... simply rinse them and hang them on your windows to dry. And don't forget to look for that VINYLITE Plastics trade mark! It's your assurance of quality... means that your curtains have been tested and approved by "*The Better Fabrics Testing Bureau*".

Found: an easy new way to use deodorant, simply by spraying it on! Called Sno-Mist, it's the quickest thing I know! For it banishes underarm odor instantly... and clings like a fine face powder to give you day-long protection. Another advantage is that Sno-Mist is harmless to clothing, so you can safely use it after you're dressed. Some girls, and business men as well, say they always keep it handy in their office desks. For when you've had a hectic day... it's grand to be able to make a quick trip to the washroom and freshen up with Sno-Mist. Ask for it at your favourite drug counter... SNO-MIST Powder-Spray Deodorant.

While You're Reading This, our Government is busy sending out cheques to 1,329,139 Canadians—refunding their 1942 compulsory savings. If you—or friend husband—are of the lucky ones, your cheque will be in the mail before the month ends. Since this is money you've already saved toward future plans ...why spend it right away? I'm going to add this cheque to my other savings in the BANK OF MONTREAL—it'll give my account a welcome lift. If you haven't already opened an account with your B of M... you can so easily do this with your Government cheque. Let the B of M help you to plan and save for pleasant things to come!

Was Your Child Sick This Winter? Children with low vitality can catch almost anything this changeable March weather. Doctors usually advise building up run-down children with extra nourishment. Many mothers use Vi-Tone as a source of extra nutrition. Vi-Tone is an *energy food* containing minerals, vitamins and other essential food elements to help boost resistance — build stronger bones, sturdier bodies. Children love Vi-Tone's chocolaty flavor, hot or cold... plain, with milk... or fancy, in a Vi-Tone Egg Nogg. Try Vi-Tone yourself — write to me, Barbara Brent, Dept. M1, 1411 Crescent St., Montreal, P.Q., for a free trial tin. —enough for 6 delicious servings.

There's Color Magic for your Easter wardrobe in a package of Tintex! Your Sunday Suppers will be something for your family to look forward to if you top them off with a delicious dessert made with Baker's Chocolate! For choice cacao beans, roasted and ground to satin smoothness, then moulded in handy 1-ounce squares, give just the right, rich flavour to BAKER'S CHOCOLATE! Just try this simple dessert some quiet Sunday evening...

CHOCOLATE WALNUT PUDDING

3 squares Baker's Unsweetened Chocolate
3 cups milk
¾ cup sugar
6 tbspns. flour
¾ tspn. salt
1 tspn. vanilla
½ cup chopped walnuts

Add chocolate to milk; heat in double boiler. When chocolate melts, beat with rotary beater until blended. Combine sugar, flour, salt; add gradually to chocolate mixture and cook until thickened, stirring constantly. Continue cooking 10 minutes, stirring occasionally. Remove from heat, add vanilla and fold in walnuts. Stir frequently while cooling. Chill and serve with cream. 6 servings.

I Think you'll agree that a corn syrup that's delicious and flavour-right is just what you'd like to have around when you're baking! In this case, it's high time for CROWN BRAND to come into your life. It will perk up many a pastry dish with its out-of-this-world flavour! Then, too, it makes a delicious sandwich spread... and used as a milk-modifier for baby—it supplies quick food energy so important to his sturdy growth. There are, in fact, so many ways to cook deliciously with Crown Brand—you'll want to put it at the top of your shopping list right now!

Show Me the woman who doesn't like compliments on her good cooking! Sometimes it seems your best efforts are taken for granted... but here's one dish that will bring you more praise than you know what to do with! Serve HEINZ COOKED SPAGHETTI to your pleased public... then relax and listen to those words of praise! I know when I buy Heinz Spaghetti that I'm buying full flavour value for my money... guaranteed by that famous Heinz reputation for quality! I know too that I'm buying a meal-in-itself... heated-in-a-jiffy, easy to serve and always, always welcome!

Who's Afraid of the blustering winds of March and chilly Spring weather? Certainly not the family that makes "Cream of Wheat" a breakfast habit! For delicious 5 Minute "Cream of Wheat" is fairly brimming with "get-up-and-go" food-energy to help keep you warm. It also provides Iron, Calcium and Phosphorus for diets deficient in these elements. You'll like its creamy goodness—the happy way it has of "hitting the spot"—the wonderful way you feel when you start the day right with a good breakfast! That's why I urge you to make "Cream of Wheat" your No. 1 Springtime breakfast—for nourishment—and enjoyment, too!

Obviously, just standing and glaring at that "lazy" drain in your kitchen sink won't speed it up at all! The time has come to do something constructive about it... and here's the very thing! Ask your grocer to-morrow for a tin of Gillett's Drain Cleaner... follow the instructions on the tin and you'll be amazed at how fast-acting—how thorough this drain cleaner is. And, best of all, *just two tablespoons a week in your drains* will keep them clear and free from clogging sediment. That's why I urge you to make a habit of cleaning drains with GILLETT'S DRAIN CLEANER... save yourself time, trouble and plumber's bills!

Easter's Coming Your Way and it's time to think of something "special" in the way of an Easter Outfit! You'll never have anything you like more than the clothes you make for yourself... your very own version of the lovely, feminine fashions for Spring! You'll never have clothes that wear longer nor more beautifully than the clothes you sew with nylon thread by Corticelli! You see, Corticelli Nylon Thread is strong—more elastic than other types of sewing thread ...your nylon-sewn seams will "stay put" for the life of the fabric! That's why I urge you to ask for nylon thread by CORTICELLI... in fashion-wise Corticelli colours for Easter. *Sewing Tip: For Hand sewing, size 4 needle will make the nicest stitches. Size 5 may also be used.*

Sees Vital Role for P. T. A.; Projector Fund Aim of Nakusp Group

NAKUSP, B. C., March 17 — Annual general meeting of the Parent-Teacher Association of the Nakusp District was attended by between 40 and 50. Mrs. J. Parent Jr., occupied the chair.

Mrs. Peter Hurry spoke on the importance of a Parent-Teacher organization, explaining there was no better way to acquaint parents with school conditions or to arouse their interests in improvements than through a Parent-Teacher Association.

Discipline, the speaker said, usually came easy when a child realizes that father, mother and teacher not only understood each other but were working together. Mrs. Hurry also outlined work and methods that the North Vancouver Association used. She had been a member for four years there.

Parent-Teacher groups were organized in every town and hamlet in Canada and were proving that intelligent understanding by parents of the work and methods of the school usually helped to develop loyalty among the children and as a result the teachers' became more effective.

Other speakers felt that the association should be kept going for the benefit of the school pupils.

Election results were:

President, Mrs. Robert S. LaRue, Vice-President, Mrs. Peter Hurry, Secretary, Mrs. Bartholomew, Treasurer, Mrs. George Baird.

Ways and Means Committee—Mesdames P. Hurry, G. Elder, L. Embree.

The special object for funds to be raised will be the purchase of a film projector. It was reported that the Nakusp elementary school had raised $84 and a donation of $25 had been given by the Legion. The projector, Principal Miss White explained, would cost in the neighborhood of $500. The Government would pay half of costs.

Mrs. David E. Johnson was appointed delegate to attend the PTA convention at Vancouver March 31 and April 1 and 2.

The following program was given with Mrs. L. Embree as convener: Mrs. A. Bedard, piano selection; solo, Mrs. Martin Henke; reading, "According to the Book", Mrs. G. Elder, musical number, Mr. and Mrs. E. J. Porterlance; Mrs. Steve Heard, "whistling solo, accompanied by Mrs. S. Millward at the piano; solo, Mrs. Robert White, guitar, E. J. Porterlance.

Floor beauty is - as Johnson's does!

It's an old English expression—*beauty is, as beauty does!* And it's a grand old Canadian practice—to keep wood floors gleaming with rich, mellow beauty—through regular applications of Johnson's Wax! *Nothing*—in fact—gives floors and furniture *so rich* a lustre as familiar, tried-and-true Johnson's Wax. Nothing gives them—and a hundred other household objects—such sturdy protection against surface friction. That's why Johnson's Wax is used so consistently in Canada's loveliest homes.

ALWAYS READY FOR HER MEALS

SCIENCE has proved there are certain food elements everyone needs for health. If there aren't enough of them in a child's food, serious things can happen—such as loss of appetite, stunted growth, soft bones, poor teeth, faulty nerves, defective eyesight.

Ovaltine supplements the diet with elements frequently deficient in ordinary foods. Three servings of Ovaltine furnish a significant portion of a child's daily requirements of Vitamins A, B1, C, D, Riboflavin (B_2), and Niacin and Minerals Calcium, Phosphorus and Iron.

In addition it provides the basic food substances—complete proteins to build muscle, nerve and body cells —high-energy foods for vitality and endurance. *It thus acts as an insurance* against food deficiencies that retard normal growth.

So if your child eats poorly, is thin, underpar, perhaps nervous, why not try delicious Ovaltine for normal growth and better appetite.

A Curious Link

Recently the railways in the Argentine stopped for five minutes. The halt was to remind Argentineans that the formerly British-owned railways have been taken over by the Argentine Government and are henceforth a part of the state railway system.

The railway deal serves to recall two facts of apparently unrelated origin: the wide-gauge used by British railways in Argentina and the sale by Canada's War Assets Corporation of some 1600 flat cars, originally built for Russia but which the Soviet Union refused when the war ended.

Russian railways are broad-gauge—five feet, six inches between the rails compared with four feet, eight and a half inches standard gauge, used in most other countries of the world. During the Crimean War, which Britain and France fought against Russia, just about a century ago, Britain built several broad-gauge locomotives for its army to use on Russian rails. The war ended, however, before they got there, and they were sold to a group of Argentineans. This was the start of the 12,000 miles of broad-gauge track British-owned railways eventually operated in Argentina.

During World War II, when British nations were fighting with Russia against Germany, Canada undertook to build 3000 broad-gauge flat cars for the Soviet railways, under "mutual aid." At war's end, 1356 had been sent to Russia at a cost of $4200 each. Most of the remainder still can be seen rusting on the tracks around New Westminster and Vancouver, shipping point for Russia. When Canada stopped giving them away, the Soviet Union refused to buy them, although Russian railways still needed them.

War Assets Corporation had the job of selling them, but could find few railways that could use broad-gauge cars. Then Argentina came into the picture. She could use them and last September bought 1000 of them for $2,200,000, and the rest just recently for $1,100,000, American currency, with all rehabilitation work to be done in Canada. Altogether, the Canadian taxpayer will recover $4,000,000 out of what for a time looked like a $7,000,000 loss.

Thus are two wars separated by nearly 100 years, and three countries, tens of thousands of miles apart, curiously linked.

Railroad Changes

It is unfortunate that ill-health has compelled W. M. Neal to retire from the positions of Chairman and President of the Canadian Pacific Railway Company. One who had spent 45 years with the Company, Mr. Neal worked his way up to become this great transportation system's chief executive in February, 1947.

Presidency of such a corporation imposes a heavy burden. With trains crossing the continent, ships plying the oceans and airplanes travelling the airways, the entire organization is geared to a high degree of efficiency.

The railway enterprise is a fine training school as employees are promoted up and up, according to their capabilities. Thus, the Canadian Pacific has men well qualified to assume Mr. Neal's responsibilities. George A. Walker, K.C., of the Company's legal branch, has become Chairman, and W. A. Mather, Senior Vice President, has become President. They will carry on the traditions of service handed down to them by their predecessors.

Propaganda Answered

In the debate between the United States and the totalitarian countries, lynching has been held up as a glaring example of how hypocritical American democracy really is. It was so in the propaganda sent out by Nazi Germany. It is so now in the propaganda sent out from the Soviet Union.

One of the best replies to these charges is that which appeared recently in The Wall Street Journal. The Journal admitted without reservation that there could be no difference of opinion among decent Americans that lynching is a peculiarly horrible and revolting form of murder, for which there is absolutely no justification, and which should be put down by the sternest measures possible.

But it is suggested that not many of the foreign and domestic critics of the United States realize that there was only one lynching in the year 1947, and that the average incidence of this particular crime is three or four times a year.

On the other hand, slow death from overwork and starvation in the forced labor of concentration camps is an offence against the dignity of man comparable with lynching. One could only wish that the number of persons who suffer this fate in the Soviet Union, and in countries under its control, could be counted in single units and not in thousands.

But the number of the victims of the concentration camps is not likely to diminish until Russians can denounce slave labor as freely as Americans are able to denounce lynching.

Mention of Cruiser by Old Hoss Stirs Memories

To the Editor:

Dear Sir—In reading "Chemulpo Is Going to Vote," Starting Gate, March 9, I was very much interested in the account given by the British war correspondent Frederic William Unger.

Mention of the cruiser Variag recalls to mind memories of the long ago. As it so happens that during part of the Russo-Japanese War I was on a vessel carrying contraband to Kure, a naval stronghold in the Inland Sea of Japan, I distinctly remember passing the Variag at sea. She was under full pressure en route to Port Arthur.

This first class cruiser, four funnels, was in outward appearance rather similar to the British cruisers, H.M.S. Terrible and H.M.S. Powerful. If memory serves me right, it was the latter's 47 guns, mounted on makeshift carriages, that helped in raising the seige of Ladysmith in the South African War. Weeks later this self same Variag, much battle scarred, limped and wobbled up the river to Shanghai, to be interned for the war's duration. While this decision was being arrived at, a Japanese gun boat patrolled outside territorial coastal waters.

I still remember the surprise and amazement on board our ship on seeing this once formidable fighting unit at the wharf, a few hundred yards astern, superstructure wrecked, all four funnels riddled with holes, positive proof of the accurate Jap gunfire.

Years later a picture of this particular warship came into my possession, having originally come from an officer in the French Navy stationed in Far Eastern waters.

My reason for writing is this. According to the account as given in the Starting Gate, this cruiser was blown up at Chemulpo. Then what about the Russian vessel at Shanghai? Could it have been the ghost of the once valiant Variag? One wonders.

Would appreciate you publishing this letter, which I hope will catch the eye of Old Hoss.

The New Forest

By ELIZABETH RICHMOND

The New Forest Committee has published a report about the preservation of the untamed stretch of land in Southern England which they call "a miraculous survival of pre-Norman England with a natural history unique in Western Europe."

Stretching from Southampton Water in Hampshire to the Dorset border, the glories of the New Forest lie in its mighty beeches, sturdy oaks, holly and thorn. In Springtime it is a misty green; in Summer its tall, old trees make shady aisles and the glades are full of dappled sunlight; in the Autumn it blazes with copper and gold.

Once the home of innumerable deer, it was the hunting ground of English Kings. In the centre of the Forest a stone marks the place where King William Rufus, the second Norman monarch, was killed by an archer's arrow when he was hunting.

But today the deer have diminished, and in their places are herds of small, attractive wild ponies, about 12 hands high, which roam about the Forest. The Committee reports that since World War II these ponies have increased, but they do not wish to see them removed. Instead they suggest temporary enclosures for commoners' animals which the ponies cannot cross.

These enclosures would be fixed by the New Forest Verderers. The Verderers are the officials whose business it is to look after the New Forest, and they have existed since the 14th century.

They meet in the Verderers' Hall at Lyndhurst, one of the pretty villages in the New Forest. Seven roads of the Forest meet at Lyndhurst, described as the heart, from which the life of the Forest has pulsed for centuries. In the Verderers' Hall, with its panelled walls and old tiled floors, there hangs an ancient stirrup said to have been the one used by King William Rufus when he was killed. A mile or so Westward in the Forest is one of its most notable trees, called the Knightwood Oak. Its trunk measures over 21 feet in circumference. In a nearby beech plantation, called Mark Ash Wood, are some of the finest beeches in Europe.

In this part of the Forest, too, is Foxlease, an estate of nearly 70 acres. It was given to the Girl Guides by an American, and every year an international rally is held there.

Gypsies have long roamed the Forest, but the Committee suggests that an experimental camp for these wanderers, who now number nearly 500, shall be opened.

For many long years the interior of the New Forest was rarely penetrated, except by woodsmen. But the coming of the motorcar changed all that, and in modern times the Forest has been explored by thousands of holiday-makers.

Conserving your resources is good advice during the coming year, or you may lose through speculation and overgenerosity. Be moderate in all things.

Modern Manners

There is no reason why a girl should not give her boy friend a picture of herself when he goes away to college. It is better taste, however, not to write on the picture.

Shoving and pushing ahead of other people in line to board a train, bus or street car is very bad manners. Just as annoying is the person who doesn't have the ticket or fare ready and must fumble for it, causing delay to others.

If a godfather or godmother whom the child's parents particularly want is unable to be present at a christening, a proxy acts for him or her at the ceremony with the consent of the real godparent.

ams Set for Vital Third Game B.C. Finals at Kimberley Tonight

KIMBERLEY, B.C., March 17—l even in their best-of-five les, Kimberley Dynamiters and all Smoke Eaters are set here the third game of the provincial senior hockey finals, Thursday night.

Confidence of the outcome is being shown in both camps, with Dynamiters particularly on the optimistic side with the series winding up on their own ice. Both teams came out of the two games at Trail in good shape, although Dynamiters are bemoaning the 5-4 loss of the first game, which they claim they "should have won."

Gordie Wilson of Kimberley and Zeke Clements head the scoring lists to date with two goals apiece, but Bill Hryciuk has chalked up three points for Dynamiters with a goal and two assists. Frank Sullivan, the League's "most valuable," and Louis Secco of Trail have a goal and assist to their credit.

In the meantime, interest in the series is running high here, with seats at a premium in the new artificial ice rink.

West Kootenay 10-Pin Tourney Here Next Week

Teams from Trail, South Slocan and Nelson will participate in the West Kootenay men's 10-pin tournament here Good Friday, with Rossland also a likely entry.

It is hoped to have two teams from South Slocan, two from Trail and three from Nelson.

Tanny Romano and John Aurello of Nelson are in charge of preparations for the event.

NEW YORK, March 17 (AP)—Lee Savold of Paterson, N.J., was signed today to meet Italian heavyweight Gino Buonvino in a 10-round fight at Madison Square Garden Friday night.

Nelson Juves Eliminate Kimberley; Meet Vernon

Nelson Juveniles are just one step away from the provincial title. They knocked the Kimberley Elks out of the running here Wednesday night by blasting the Elks 9-7 in the second match of a two-game, total-goal series. Earlier in the month the Nelsonites took Trail out of a hotly-contested affair and will now continue their quest for provincial honors when Vernon moves to Nelson sometime next week.

The Elks were a much smoother club Wednesday night than in the opener Tuesday night, but lacked the polish around the goal to pull a win. Their front string of Gordon Mathews, Red Livingstone and Bob Port notched up four of the Kimberley goals and Ron Mackie in his utility role with the line scored once. Red Livingstone is a son of Dynamiter manager Jim Livingstone; Ron Mackie is following in his father's footsteps. Hugo Mackie was with the Allan Cup Dynamiters.

TWO APIECE

Norm Hyssop and Jim Todd scored two apiece for the locals while Earl Duffy, Ron McIntyre, Les Christensen, Johnny Bachynski and Al Hood picked up one goal each.

Gordon Mathews marked up two goals for the Elks. Remainder of the Kimberley counters were netted by Bob Port, Bill Livingstone, Joel Rochon, Ron Mackie and Jeff Edmonds.

Nelson emerged from a closely played first period by a one-goal lead, but was tied and passed up by the Elk's four goal comeback in the middle session. The game was tied when Bachynski banged in the equalizer at 1:19 in the third and counters by Todd and Norm Hyssop gave the encounter to the Nelsonites by a two-goal margin.

Lineups:

Kimberley — I. Brown, Ron Mackie, George Wanuk, Bill Beattie, Joel Rochan, Roger Stanton, Bill Livingstone, Johnny Wasilleiw, Bob Port, Gordon Mathews, Don Rollheisser.

Nelson—Bill Dozzi, Ron MacIntyre, Bob Hallbauer, Earl Duffy, Johnny Bachynski, Norm Hyssop, Lee Hyssop, Jim Todd, Al Hood, Bob Pitts, Charlie Christensen, Les Hufty, Gordon Pickering.

Referees—Jack Kilpatrick and George Sparrow.

SUMMARY

First period—1. Nelson, Duffy :54; 2. Nelson, Todd 11:48; 3. Kimberley, Edmonds 12:38; 4. Nelson, McIntyre 14:33; 5. Kimberley, Rochan (Beattie) 15:10; 6. Kimberley, Port 17:07; 7. Nelson, N. Hyssop (Pitts) 19:45.

Penalties—Hallbauer, McIntyre, Pitts, Wanuk.

Ball Career Stymied by Suspension

PORT COLBORNE, Ont., March 17 (CP)—Don Gallinger, suspended indefinitely by the National Hockey League for alleged gambling while playing with Boston Bruins, will have to forego his planned bid for a berth with Boston Braves of the National Baseball League.

Here at home where he idles his time away playing hockey with the town youngsters, Gallinger has his sights trained on Clarence Campbell, President of the N.H.L., in whose hands the future of his hockey career rests.

The 22-year-old youth, who has performed in the N.H.L. for four years, insists that he is innocent of gambling charges in connection with the expulsion of Billy (The Kid) Taylor of New York Rangers. He also denies placing jockey bets with James Tamer, Detroit ex-convict.

NOT WELCOME

He says he can't play hockey and the baseball door has been "slammed in my face." He had planned to join the Braves training camp in Florida at the end of the current hockey season.

"A Boston scout phoned me a couple of days ago and said the Braves had been following my case and didn't want to take a chance with me as long as I was under this cloud.

"If they would only make my suspension definite, I'd be in the clear for baseball, might even go to Florida right now for training," he said.

Don or "Gallie" as he is known to his pals here claims his forced retirement from hockey will cost him about "five or six hundred dollars" in salary.

"I hope it doesn't stop me from getting a play-off share. The players vote the shares for that, you know."

He is convinced that his teammates believe him innocent of any hockey gambling charges and will bear this out later this year when the prize money is divided among the players.

Late Call on Game Touches Off Protest

A late sounding of the horn to end the Kimberley-Nelson Juvenile playoff opener here Tuesday night brought on an exchange of heated words before the situation was explained.

Actually the time was up when the last faceoff was called. As it happened the whistle and the horn should have sounded simultaneously because the time was up on the call. The teams were just about to be faced off when it was realized that the time was up and hence the eprotest from the Kimberley camp.

Chris Sorenson, pilot of the Kimberley Elks, protested the call on grounds that time had remained to be played. However, all was reported to be quiet after the setup had been approached from both sides.

Heimdal was the Scandinavian God of Light and Dawn and the beginning of things.

BARCLAY ON BRIDGE

By Shepard Barclay

"The Authority on Authorities"

DISCARD WHERE IT AIDS

THERE are two principal ways in which a declarer can profitably employ an opportunity to discard something from his own hand on a winning card in the dummy. The most desirable, of course, is to get rid of a card which otherwise would be a loser. Next, and sometimes just as important, is the tossing off of a card which is a possible though not certain loser. To carelessly throw away a card which could not be a loser under any probable circumstances—that constitutes the waste of an opportunity.

	♠Q 5 ♥10 9 8 7 ♦A Q 10 7 3 ♣3 2	
♠J 10 ♥6 ♦K J 9 6 2 ♣A Q 9 8 6	N W E S	♠K 6 3 2 ♥5 3 2 ♦8 5 ♣10 7 5 4
	♠A 9 8 7 4 ♥A K Q J 4 ♦4 ♣K J	

(Dealer: East. Neither side vulnerable.)

East	South	West	North
Pass	1 ♠	2 ♦	Dbl
Pass	Pass	3 ♣	Pass
Pass	3 ♥	Pass	4 ♥

West led his spade J, which drew the Q, K and A. After taking trumps out in three rounds, South took the finesse of the diamond Q, which he considered pretty well marked by the bidding, and then laid down the diamond A. Looking for something small to put on it, he selected the spade 4. Then he led to the club K, which lost to the A, whereupon the spade 10 and club Q held the declarer to exactly game.

There was not too much at stake, only an extra trick. But it was so easy to get. South had no valid excuse for discarding the spade 4 on the diamond A. That card could not ever lose a trick anyway, since only the 10 could score in spades for the defense. South should have tossed the club J on the diamond top—or the K if he wanted to seem fancy. In either event, he would have made sure he would lose nothing except one trick in each black suit.

"But the king of clubs might have won a trick for me, if East had the ace," wailed South during the post mortem. Just how that could have helped him, however, he was unable to explain after the futility of seeking a club winner was clarified to him.

(Dealer: West. East-West vulnerable.)

After West takes three hearts and leads the club K, what should South do, seeking 3-No Trumps?

INTEREST ON REFUND TAXABLE

OTTAWA, March 17 (CP) — Interest paid on the refundable portion of 1942 income tax now being distributed will be taxable as part of 1948 income, Revenue Minister McCann said today in the Commons.

The refundable portion itself will not be taxable.

Market Trends

TORONTO, March 17 (CP).—All stock groups listed made good re- covery in a rebound from a sharp retreat. Golds and base metals re- covered substantial proportions while industrials and Western oils made only slightly less progress.

MONTREAL (CP). — Industrials displayed a mild improvement in moderately active trading. Mines were quiet and prices were slightly better.

NEW YORK, March 17 (AP). — Stocks climbed and held their gains fairly well after President Truman's statement to Congress on the foreign situation.

MONTREAL (CP).—Dominion of Canada 3s of '59 and '60 were shaded in quiet trading on the bond market. The balance of the Dominion list remained unchanged.

LONDON (CP).—Stock exchange operators were reluctant to deal while awaiting President Truman's speech in Washington on world af- fairs. Nevertheless idle markets pro- duced firmness in most sections.

CHICAGO (AP).—Grains churned about in nervous dealings. The ma- jor feature was a tendency for corn to show a stronger undertone than wheat or oats.

WINNIPEG (CP).—Oats and bar- ley prices reacted to lower levels on the Chicago grain market and Presi- dent Truman's St. Patrick Day pes- simistic address. Shipper demand was evident during early dull trade and prices hovered around previous closing levels while traders awaited the address, following which liberal selling came into the market, re- flecting declines at Chicago and prices closed near or at their low points.

Full-Scale Palestine Fight Not Expected Till British Withdraw

By JAMES M. LONG
(For Dewitt MacKenzie)

JERUSALEM, March 17 (AP) — The Arabs talk of victory in Palestine in a single, overwhelming onslaught. The Jews speak of a long-drawn, hard campaign to win the state the United Nations mapped.

But what they really mean is that the Arabs hope to win eventually by ceaseless guerrilla tactics which would block the Jewish state from ever coming into actual being—and the Jews hope to clinch victory in quick, decisive blows.

In weighing the chances both sides admit two common factors:

(1) That the full scale fight cannot begin until the British authorities pull out, presumably May 15; and (2) that developments yet unforeseen probably will keep the withdrawal from being clear-cut, leaving the British Army a still-unknown influence upon the outcome.

OTHER CONCLUSIONS

Several other conclusions seem warranted by the facts:

settaaaoooiiinnnssshhhrrrd

(1) When the fighting ends it probably will not be upon the frontiers mapped at Lake Success—the Jewish state either will take in virtually all Palestine or only a thin coastal enclave from Tel Aviv to Haifa.

(2) Neither side anticipates that an international U. N. enforcement army ever will be sent there.

(3) There still is room to believe that a solution by compromise may be found, after some fighting and bloodshed.

The Arab plan of campaign is:

ARAB PLANS

(1) To wipe out in a three-prong attack the several score strong Jewish settlements in the mixed Arab-Jew rich farmland country around the Sea of Galilee.

(2) To seal off the Jewish settlements of the South by cutting and standing astride the only two roads of communication, one through Gaza and the other through Beersheba.

(3) To split the Jewish state at its centre and thin weak point, along the Plain of Sharon near Nathania where the Arabs are massed in strong inland hills and the Jews hold a 10- to 15-mile-wide coastal flatland.

At its successful utmost, this plan of tactics would reduce the Jewish state to wedge-like coastal enclaves around Tel Aviv and Haifa, with perhaps one endangered road of coastal contact.

INVALIDATE PARTITION

Few Arabs actually expect ever to be able to reduce this coastal position, with its seaborne supply. But they believe that by squeezing the Jews down to a two-city state, itself under siege, they will have invalidated partition and forced a new, different solution.

Jewish military commanders plan to meet this strategy by attack of their own—since defence could not easily hold the Jewish position.

This is the attack which they hope will prove decisive:

Blows, if possible from three sides, against the Arabs' main concentration in the Nablus-Tulkarm-Jenin triangle.

Hagana's commanders expect that in this triangle Arab armies can be dealt the blows that would end the fight for Palestine—or at least break it down to sporadic guerrilla fighting.

Scramble for Senators Jobs

NEW YORK, March 17 (AP) — With only three positions set—first base, catcher and left field—one of the merriest scrambles for regular jobs is taking place at Washington Senators' training base here.

According to Manager Joe Kuhel, Mickey Vernon is a fixture at first, Al Evans has the first string catching job in the bag, and young Gil Coan has won the regular left field position, but "who will win the other five berths is anybody's guess."

Brooklyn Dodgers have changed signals on Ray Campanella, Montreal catcher. Instead of trying to develop him as an outfielder, they now are using the slugging negro catcher at third base.

Manager Charley Grimm has received good news from Pitcher Hank Borowy. The hurler, bought for $97,500 from New York Yankees in 1945, said his arm feels better now than it has in two or three years.

Eddie Stanky won't be allowed to get into a Boston Braves uniform until X-rays have been scanned by club officials.

Stanky is recovering from an illness variously described as lobar pneumonia and a virus infection. He was X-rayed yesterday.

WELL KNOWN KOOTENAIAN DIES

KIMBERLEY, B. C., March 17—Word was received here this week of the death at Victoria of Roland Gosse, well known in both the East and West Kootenays.

Born at Harbour Grace, Newfoundland, on Dec. 8, 1872, Mr. Gosse came West as a young man. In 1896 he commenced work with the Consolidated Mining and Smelting Co., in Rossland.

In 1928 he was transferred to Kimberley as Master Mechanic, working here until pensioned in 1938. Since then Mr. and Mrs. Gosse have made their home in Victoria. Surviving are his wife in Victoria and a nephew, Earl Kyle, of Kimberley.

Throughout the War oil from the Middle East was supplied in large quantities for the United Nations. All oil from British sources was provided under British reverse lend-lease.

Meat Prices, Supply the Same

No change in prices or supplies of meats reaching Nelson during the week were reported by a local packing firm Wednesday. Meats are generally in good supply, and sufficient eggs are being marketted locally to meet demands.

Receipts of oranges and bananas were reported by wholesalers.

Grain men unloaded three cars of feed and flour, one car of alfalfa hay and one car of straw.

Miss Bessie W. Snider, Case Work Supervisor of Provincial Welfare, was initiated as a member of the Nelson Soroptimist Club at a dinner meeting of the organization in Hume Hotel.

Miss Snider was presented with a corsage.
