Nelson Daily News

Vol. 49 — NELSON, B.C., CANADA—TUESDAY MORNING, FEBRUARY 20, 1951 — 5 Cents a Copy — No. 254

WEATHER FORECAST

Kootenay—Cloudy. Little change in temperature. Winds light. Low and high at Cranbrook and Crescent Valley, 25 and 35.

Today's Curling Program

9 a.m.—Fourth Draw.
2 p.m.—Fifth Draw
6 p.m.—Supper, tendered by Kinsmen Club at Canadian Legion.
8 p.m.—Sixth Draw.

Tuesday's draws in detail:

9 a.m.—Prince Edward Island vs Alberta; Nova Scotia vs Northern Ontario; Saskatchewan vs Manitoba; British Columbia vs Quebec; New Brunswick vs Ontario.

2 p.m.—Quebec vs Nova Scotia; Saskatchewan vs British Columbia; Ontario vs Alberta; New Brunswick vs Manitoba; Prince Edward Island vs Northern Ontario.

8 p.m.—Saskatchewan vs New Brunswick; Prince Edward Island vs Quebec; Northern Ontario vs British Columbia; Nova Scotia vs Ontario; Alberta vs Manitoba.

Western Rinks Take Early Lead

Saskatchewan, Alberta Only Unbeaten Rinks After 3 Rounds of Dominion Schools Championship; B.C. Wins 2-of-3

Saskatchewan and Alberta emerged as the only two unbeaten rinks following the first day of round robin play in the Dominion Schools Curling Championships in Nelson Monday.

Larry Thode's power-laden Saskatoon Tech quartet, defending the title won last year by a Regina Collegiate foursome, breezed through its opposition to rack up three lopsided victories.

The high-flying Saskatchewans trounced the Nova Scotia entry 14-4 in the first draw, came back in the afternoon to swamp Quebec 20-5, then closed off the day with a convincing 12-4 victory over Northwestern Ontario.

(For complete championship results see Sports Page.)

Alberta encountered little more difficulty against its morning and afternoon opponents, lacing New Brunswick 11-2 and Northwestern Ontario 13-7, but had a stiff battle before downing Eric Bisgrove's Kimberley rink 10-8 in the day's most crucial game.

The B.C. foursome had won both its earlier games by downing Prince Edward Island 10-3 in the morning and coming back for a tight 11-end 13-12 win over Ontario in the matinee performance.

The Alberta-British Columbia clash drew the day's biggest gallery and the crowd were treated to some fine curling.

Neither rink was missing many shots but the deadly knockout style of the Calgary foursome eventually turned the tide.

Biggest surprise of the opening day's play was the dismal start of the Manitoba entry, always regarded as one of the top contenders.

In their opening game the Manitobans scored a big five in the first end against Quebec, raised it to 6-0 in the second, and then blew sky-high when the plucky Quebeckers bounced back with an amazing seven-ender in the third end. Quebec went on to build up a commanding lead and coasted to a 14-11 upset.

A second surprise came in the afternoon when the Prince Edward Island quartet outplayed the Manitobans for a well-earned 10-6 win.

TRY, TRY—SUCCESS

The Gladstone, Man., rink was successful in its third start, however, beating Nova Scotia 14-9.

Today's draws promised one or two key clashes that may go a long way towards deciding the eventual winner. Saskatchewan's mettle is going to be strongly tested in clashes with both British Columbia and Manitoba. The latter will also have the opportunity of knocking the Alberta boys from their unbeaten perch.

SWEEPINGS . . Larry Thode of Saskatchewan probably boasts the keenest moral support at the championships, with both Papa Thode and Grandfather Thode giving keen vigilance to every shot he makes . . . William Thode, Larry's dad, has curled here in previous years at the Midsummer Bonspiel . . . Alberta and Saskatchewan, current leaders, do not meet until the last draw Wednesday . . .

First results have again dimmed the Eastern rinks' hopes of carrying off the Sifton Trophy, emblematic of student curling supremacy . . . Western rinks have won it all four years it's been up for competition, with Manitoba taking it the first two times and Saskatchewan on the last two occasions. . . . Six games have yet to be played, however, where anything can happen and frequently does . . .

STANDINGS
FIRST THREE ROUNDS

	W	L
Saskatchewan	3	0

84 Manslaughter Indictments Returned In Train Wreck

NEW BRUNSWICK, N. J., Feb. 19 (AP) — Eighty-four manslaughter indictments — one for each of the lives lost in the Woodbridge, N. J., commuter train wreck Feb. 6 — were returned today against the Pennsylvania railroad.

The indictments were handed down by the Middlesex County grand jury in the second week of investigating the United States' worst railroad wreck since 1918.

U. S. Census Lists 153,085,000 Names

WASHINGTON, Feb. 19 (AP)— The Census Bureau estimated today the population of the United States, including members of the armed forces overseas, totalled 153,085,000 at Jan. 1.

This is a gain of 1,953,000 in the nine months since the 1950 census made as of last April 1.

Hospital Insurance Greatest Woe to B.C. Legislature

By GEORGE FINLAY
Canadian Press Staff Writer

VICTORIA, B.C., Feb. 19 (CP)—A multi-million dollar problem faces the British Columbia Legislature, which opens its 1951 session tomorrow.

A new method of financing the compulsory hospital insurance scheme must be found.

After two years of operation deficits range between $7,000,000 and $8,000,000, and premium payments will have to be raised or a new system of financing approved by the Legislature.

One suggestion is a boost in the present three per cent sales tax, raising it to four per cent, the additional revenue, estimated at about $12,000,000, to be allocated to the hospital insurance scheme.

Finance Minister Anscomb, when he brings down his budget later in the month, will show general fund revenues high, but he will also have to provide for increased costs of government.

Revenue for the fiscal year 1950-51 is forecast at an all-time high, possibly exceeding $112,000,000.

The legislative program will also deal with:

Extension of the Pacific Great Eastern Railway from Squamish, B.C., to a terminus at North Vancouver, a distance of 40 miles;

Decision on the Federal Government's new pension plan to provide $40 a month to pensioners at 70 or over without a means test. At present the province pays $50 a month, which includes a $10 provincial "bonus." Bonus payments possibly would be continued under any new pension plan, but recipients would be subject to a means test;

Ratification of the government agreement with the Aluminum Company of Canada will be sought. The company plans a $500,000,000 aluminum industry about 400 miles North of Vancouver. The company has been granted waterpower rights, but certain features require approval of the Legislature.

Rent control, to be lifted under Federal Government order April 30, may come before the House. There have been demands from labor and other organizations that the province continue controls.

A possible plebiscite to provide changes in the Liquor Control Act may be discussed. Some factions have advocated cocktail bars and sale by the glass in restaurants and hotels. At present, only beer parlors and some private clubs are licenced.

FIND OPPOSITION

But hospital insurance appears to be the major problem.

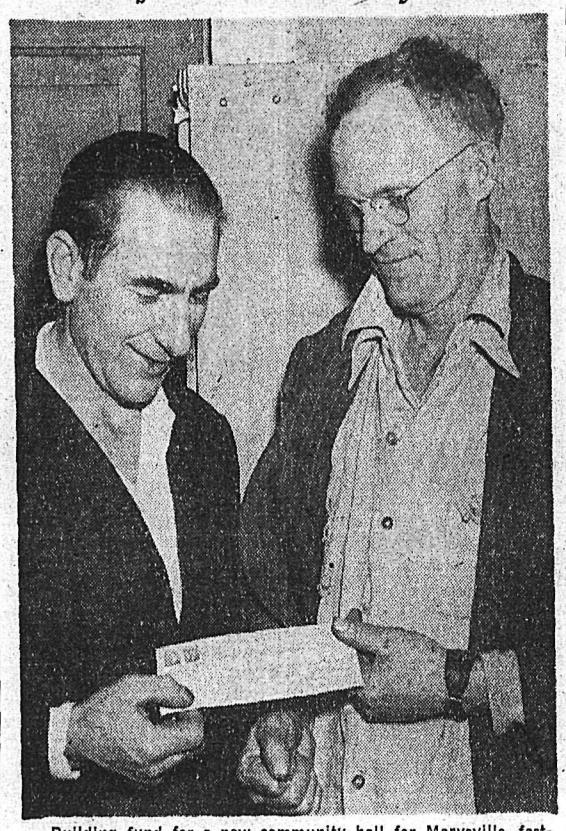
A report that premiums would be boosted to $40 a year brought immediate opposition and it is unlikely that this method will be followed. The present rates are $33 a year for married persons and $21 for single.

Traditional, colorful ceremony will mark the opening of the Legislature, the first for Lieutenant-Governor Clarence Wallace, appointed the King's representative last year.

Army and Navy forces will attend and for the first time the scarlet and gold uniforms of the R.C.M.P. will add color to the ceremony. The R.C.M.P., who took over from the old provincial force, now are the official police of B.C.

Following the afternoon ceremonies, the Lieutenant-Governor and Mrs. Wallace will be hosts at a state ball attended by 500 representatives of government, judicial, clerical, military, diplomatic and social circles.

$1000 Start Toward Marysville Community Hall



Building fund for a new community hall for Marysville, fast-growing East Kootenay village, was started on its way when the Social and Athletic Club turned over a $1000 check. Treasurer John Franz here presents the gift to Village Commissioner Helmer Neilson, right.

The amount included all donations made by citizens and merchants of Marysville, Cranbrook and Kimberley.

New Vote System In Store for B.C.?

VICTORIA, B. C., Feb. 19 (CP) —The single transferable vote may be incorporated into the British Columbia Elections Act at the session of the legislature opening tomorrow.

But the legislation calling for a change in the act will, it was forecast today, contain a provision that no change is to be made until it is agreed coalition should end.

The coalition of Progressive Conservatives and Liberals, now under the leadership of Premier Johnson, was formed in 1941. Its formation was a move to halt the C.C.F. in a bid for power.

The coalition now holds 38 seats in the 48 member house. The C.C.F., the official opposition under Harold E. Winch, has seven. Independent 1, and Labor one. One seat is vacant.

Premier Johnson, the Liberal leader, and Finance Minister Herbert Anscomb, the Progressive Conservative head, apparently have agreed a new vote system is necessary for future elections.

The amendments to the Election Act may call for a redistribution of Legislature seats. Multi-seat ridings would be divided into the single seat zones.

The changes could be introduced at the next provincial general elections if coalition ended then or in the event of its continuation they would not become law until proclaimed by the government of the day. Both party leaders have indicated there is little chance of coalition ending in the near future.

As early as last August, when a change in the Elections Act was first mooted, Mr. Anscomb said there was no intention of dissolving coalition.

Under the single transferable vote, electors mark their ballots with numerals in order of their preference. It would permit both Liberals and Progressive Conservatives to nominate candidates in each riding under their own affiliation. In previous elections, they did not oppose each other in constituencies where they had a member.

C. C. F. Leader Winch and his party members have voiced opposition to the alternative voting system, charging it would tend to favor the two old parties.

Order Boxcars Back From U. S.

OTTAWA, Feb. 19 (CP)—Transport Minister Chevrier announced today in the Commons that, starting tomorrow morning, all Canadian boxcars on United States lines must be returned empty to this country because of a shortage in various areas.

Mr. Chevrier said there usually is a shortage of boxcars at this time of the year, but the situation this year was aggravated by the recent strike of United States switchmen.

The Canadian Railway Association had been in touch with United States authorities on the question of speeding the return of Canadian boxcars.

Starting tomorrow morning, all Canadians cars on U.S. lines must be returned empty. This would mean quite a loss of revenue to the railways, but was indicative of their willingness to co-operate.

No stone would be left unturned in efforts to solve the problem, Mr. Chevrier said.

CANEA, Crete, Feb. 19 (AP) — Crete's modern Romeo, Costa Kephaloyannis, was convicted Saturday of carrying arms without a permit and sentenced to two years in jail.

The fiery Costa had been accused of forming an armed band to kidnap his Juliet, 19-year-old Tassoula Petracogeorgi, daughter of a Liberal member of parliament. The couple's families have been feuding for years.

Round Up Coast Arsenal Gangs

VANCOUVER, Feb. 19 (CP) — Last three of the five-member Vancouver "Arsenal Gang" which went on an 18-day, trigger-happy crime wave in British Columbia and two American states appeared in police court today.

The trio was brought here Saturday from Penticton, B.C., where they had been charged with illegally transporting offensive weapons into Canada.

James B. Dimary, 21, faced nine separate charges involving theft and break and entry and Allan Edgar Todd, 20, faced three similar charges. Oliver Bernice Savage, 18, was charged with conspiracy to steal a car.

None of the three entered pleas. They were remanded to Thursday.

Stanley Peterson, 21, pleaded guilty Saturday to three charges of armed robbery. Dolores Dimary, alias Brey, 20, was charged with vagrancy.

The couple was captured Friday in a swimming pool here. Both were in bathing suits.

Appeal Dismissed

VICTORIA, B. C., Feb. 19 (CP) —The British Columbia appeal court today dismissed the appeal of Joseph Arthur Ouilette, 23, sentenced to be hanged for the murder of a Chinese market gardener at Vernon, B. C., in 1949.

Mr. Justice C. H. O'Halloran dissented. He said he would have had the conviction reduced to manslaughter and Ouilette sentenced to seven years in prison.

Ouilette is scheduled to be hanged March 6.

Gov't to Provide New Salmo Tungsten Mill

Rebuys Emerald Ore Property for $328,000; Canadian Exploration To Build, Operate New Mill

VANCOUVER, Feb. 19 (CP)—A tungsten mine at Salmo in the Southern British Columbia Interior will be reopened to supply the vital metal for North American defence needs.

Officials of Placer Developments Ltd. said today the Federal Government has bought the tungsten ore property for $328,000 and will pay for a new mill at Salmo.

The mill will be installed and operated on a cost-plus basis by Canadian Exploration Ltd., owned by placer development. No date for the reopening was announced.

The Emerald Mine will be the first tungsten producer in Canada to reopen since the war and will be a major supplier for the United States, Britain and Canada. Tungsten is used in the hardening of steel.

War in Korea has cut off supplies from mines there and Red China has stopped shipments to the U. S., which has to import most of its tungsten.

Canada expropriated the Salmo property from a San Francisco firm in the early days of the last war. Canadian Exploration bought it and produced tungsten in 1947 and 1948.

Again Heads 'Forks Board

J. O. ACRES

. . . who has been re-elected president of the Grand Forks Board of Trade. The Board, reorganized in May last year, already has accomplished much. This year it will place more emphasis on the promotion of the tourist trade and carry on a continuing effort for the establishment of new industry in the Boundary.

U. N. Troops Gain 7 Miles

By ROBERT EUNSON

TOKYO, Feb. 20 (Tuesday) (AP) —Tank-led United Nations forces rolled forward seven miles in Central Korea's mountains Monday and held the gain by beating off weak Communist counter-attacks early today.

The Allied advance—North of the highway hub of Chechon — was in the face of Red buildups on the Central front. But in West-Central Korea mauled Chinese troops continued their retreat Northward.

A U.S. Eighth Army briefing officer said 30,000 Reds were massed in Hoengsong and 10,000 more Northeast of the vital road junction of Wonju, 10 miles South of Hpengsong and 21 Northwest of Chechon.

All along the Korean front the U.N. troops held the initiative. They moved aggressively, applying hunter-killer tactics designed to inflict the greatest destruction on Red troops and equipment.

The Eighth Army said Monday's Red casualties were 1523, bringing the total killed, wounded and captured through ground action to 113,957 since Jan. 25.

Aiding the Allied ground forces, the U.S. 5th Air Force flew 725 sorties Monday, knocking out 100 vehicles.

Guns of the British cruiser Belfast and the Australian destroyer Warramunga joined the U.N. naval armada off Wonsan on the East Korean coast and continued heavy bombardment of Red communication lines North of the 38th parallel.

Off the West coast, the heavy cruiser St. Paul continued her round-the-clock shelling of targets North of the Han River.

The Chinese continued their big pullback West of Chechon.

Lt.-Gen. Matthew B. Ridgway, Eighth Army commander, told correspondents that while the Chinese were checked, they still had enough strength to bar effective Allied crossings of the 38th parallel.

Monday, U.N. troops on the Western front moved up flush with the South bank of the Han and scouted North of that icy stream.

On the U.S. 9th Corps front, Southeast of Red-held Seoul, evidence was found everywhere of the enemy's rapid withdrawal.

CRUDE WEAPONS

In regular supply dumps abandoned by the Chinese, the Allies found about 20 spears with six-foot shafts tipped with eight-inch blades.

AP correspondent Tom Bradshaw said it was believed that about 20 per cent of the Chinese troops in that sector were armed with these crude weapons.

NO ARBITRARY CROSSING OF 38TH—MacARTHUR

ON THE CENTRAL FRONT, Korea, Feb. 20 (Tuesday) (AP)— Gen. MacArthur visited the Korean front today and ordered the "resumption of the initiative" by his troops.

The Allied Commander also said:

"I shall not arbitrarily execute" authority to recross the 38th parallel.

B. C. INDUSTRIAL OUTLOOK BRIGHT

Eyres Praises Movement of Industry Inland

VANCOUVER, Feb. 19 (CP)—A bright picture of British Columbia's industrial outlook was given tonight by Trade Minister Leslie Eyres.

In an address over a CBC Provincial network, Mr. Eyres said "never at any time was British Columbia's industrial outlook more promising, more encouraging, than it is today."

Commenting on the tendency of light industry to move from cities of the Lower Mainland to smaller interior centres, he said that this wider distribution would be beneficial.

"Outlying communities are now coming into their own. They can now point to better highways, better transportation facilities, more and cheaper electrical energy and adequate housing."

Most important, abundant raw materials for manufacture are close at hand.

He spoke of completion of the Hope-Princeton highway linking the Okanagan Valley with Vancouver and said the Hart highway from Prince George to Dawson Creek will give direct access to the Peace River district and the Alaska highway. Work on extension of the Pacific Great Eastern railway is being pushed to tap these immense Northern resources.

Building of the $30,000,000 cellulose plant in Prince Rupert will be of great benefit to that city and district, leading to further development and expansion of port and harbor facilities.

The proposed aluminum industry now being surveyed, favors Prince Rupert area as an operations base. "This is an enormous project, effects of which would be far-reaching indeed to the economy of the entire province."

The province's pulp and paper industry is growing rapidly. "At the moment it has actually in hand or being planned developments involving around $85,000,000.

Mild Weather May Increase Flu

By The Canadian Press

Unseasonably mild weather over most of Canada may mean an increase in influenza which has already stricken hundreds of thousands of persons in every section of the country.

The opinion was expressed Monday by Dr. G. M. Little, Medical officer of health in Edmonton, who said the mild spell will tend to increase the possibility of catching the disease.

Of the 10 provinces, Ontario has been hardest hit. The province's health minister, MacKinnon Phillips, said that in Ontario centres hit by the flu the average number of absentees in schools and industry ranges from 12 to 16 per cent.

Dr. Phillips said that although results of government tests are not yet available, government doctors are fairly certain that the outbreak has been caused by the same virus—prime A—that resulted in thousands of deaths in the United Kingdom.

The deaths in the U. K. were mainly in older age groups, Dr. Phillips said, and the same was true in Ontario. Of the six flu deaths reported in Ontario and the six so far this month all were older persons.

Across Canada many institutions have been closed or barred to visitors to prevent spread of the flu.

DEATH IN KELOWNA

KELOWNA, B. C., Feb. 19 (CP)— Dr. Helen Zeeman, Medical Health Officer, said today half the populace of this Okanagan Valley city and its surrounding area — some 20,000 persons—is ill with influenza.

One death was attributed to the outbreak, that of eight-month-old Edward Zerr.

"It seems the flu has reached its peak and a definite improvement should be noted in the next few days," Dr. Zeeman said.

More than 1000 school children in the district are away from classrooms.

Parliament At a Glance

Transport Minister Chevrier announced that railway boxcars on United States lines must be returned to Canada.

The Commons voted 98 to 42 against a private members' bill suggesting a parliamentary committee to study the cigarette problem.

Members expressed various views on expanding educational facilities.

Senator J. W. de B. Farris, said he opposed reform of the upper chamber.

TUESDAY

The Commons will consider government legislation. The Senate will sit.

Water Levels

Nelson—Saturday, 4.92.
Monday, 4.30.

And in This Corner —

ANN ARBOR, Mich., Feb. 19 (AP)—Are your employees happy while they work?

Gosh, let's hope not.

University of Michigan researchers reported today after a four-year survey at a large insurance firm in Newark, N.J., that "gripers usually are better workers than "whistlers."

"While this type (the griper) will often spend a lunch hour denouncing his job, the driving urge to succeed will send this same subject back to work fired with more productive energy," the researchers concluded.

A spokesman for the insurance firm said the final report may produce some startling news.

"On the basis of the study, it may be that instead of firing a man who threatened to punch his boss on the nose, we should have promoted him," he said.

PORTLAND, Me., Feb. 19 (AP)—A woman sorely tried the good nature of Portland police today.

She called headquarters to ask if they knew any place in town known as the Cambridge Apartments.

Courteous Capt. Francis Hinds spent nearly 30 minutes on the city directory which showed no Cambridge Apartments. He called her back.

"Oh, that's good," twittered the lady. "I wanted to open a rooming house and that sounded like a good name. But I wanted to make sure no one was using it."

NEW ALBANY, Ind., Feb. 19 (AP)—"Mama, we can't roller skate over there any more but we can shoot craps."

That's what a nine-year-old girl told her mother about a skating rink near New Albany.

Sunday, Sheriff Oda Pyle raided the place.

Today, seven men pleaded guilty to operating a gambling house and were fined.

ALBANY, N.Y., Feb. 19 (AP)—American girls can relax. They won't have to tell their age in order to vote—beginning in 1952.

It took a nine-page revision to amend the state election law so a prospective voter will be asked at the polls only whether he or she is over 21 years of age.

W.I.H.L. Playoffs Start Feb. 27 For All Teams

SPOKANE, Wash., Feb. 19 (AP)—The schedule for the 1951 Western International Hockey League playoffs was announced here today.

Captain Roy McBride of the Spokane Flyers, who sewed up their third consecutive W.I.H.L. title last night with a 3-2 win over Nelson, said it will be a three-out-of-five game series.

The first two of the games between Spokane and the runner-up Trail Smoke Eaters, McBride said, will be played here, with the opener scheduled for Feb. 27 and the second for March 1.

The next two will be played in Trail's big Cominco Arena March 3 and March 5.

A fifth game, if necessary, will be at Spokane.

The bottom of the league playoff, McBride said, will also open Feb. 27, with the cellar-dwelling Nelson Maple Leafs opposing third-place Kimberley at Kimberley in the first game.

The black and gray squirrels are more closely related than you'd imagine. Contrary to most beliefs they are not different species, but rather color phases of the same animal. Both colors may occur in the same family.

TO INTRODUCE MINE SAFETY COMPETITION AT KASLO JUNE 23

Tentative plans to post an annual trophy for a safety competition among the mines in the Nelson District, were laid by the West Kootenay Mines Safety Association executive meeting held in Nelson.

Awarding of the trophy will be based on the best safety record of any mine and for the least number of accidents occurring during working shifts.

Safety trophies for the province and the Dominion are already posted but can be competed for only by mines employing over a certain number of workers. Posting the award for mines in this district would give the smaller mines an opportunity to compete and to encourage workers in mine safety.

The date for the annual Association First Aid and Mine Rescue Competition was set for June 23 and will be held in Kaslo. Last year's competition was held at Salmo.

A new competition, in mine rescue work, will be included on the program this year. In previous competitions, demonstrations of mine rescue work had been held. However, this year, teams are being instructed in mine rescuing. The new executive headed by Mrs. R. N. Shillington of Kaslo took over their offices for the coming year.

Flyers Meet All-Stars Tonight

SPOKANE, Wash., Feb. 19 (AP)—Spokane's Flyers, three-time winners of the Western International League hockey title, will square off here tomorrow night against a team made up of players selected from the three other teams in the league.

It will be the second time the all-star game, sponsored by the Spokane Sportswriters and Broadcasters in cooperation with the W.I.H.L., has been played here.

Bobby Kirk of Trail's Smoke Eaters will coach the All-Stars. Playing under him will be five pucksters from Kimberley, four from Nelson and five from Trail.

The All-Stars, selected by the sWABS are: Johnny Sofiak, Bobby Kromm, John Rypien, Danny McDougald and Joe Palyga of Trail; Doug McDonald, Jerry Barre, Sammy Calles, Bill Hyrciuk and Dave Livingstone of Kimberley; and Johnny Harms, Don Haley, Ernie Gare and George Crothers of Nelson.

Ray McNiven of Kimberley and Billy Haldane, Red Koehle and George Barefoot of Nelson had originally been named to the All-Star lineup but were replaced when they reported they couldn't be here for the game.

Flyers won the first All-Star game 6-3 in 1949.

Schools Curling To Maritimes in '52 Championships

It will be the B.C. student curlers who make the cross-country hop next year when the setting for the 1952 Dominion Schools Curling Championships will be Moncton, N.B.

Venue for next year's event was decided at an annual meeting of the Dominion Schools Curling Association last night at the Civic Centre.

Bids for the 1953 Championships were also tabled by Honorary Secretary Charles Scrymgeour of Winnipeg. These came from Hamilton, Ontario and Saskatoon but were left in abeyance until the next annual meeting at Moncton.

PARKING METERS OUT OF SIGHT IN REVELSTOKE SNOW

REVELSTOKE, B. C., Feb. 19 (CP) — The snow is so high here that children can't see over the banks lining the streets and have to be shown the way home.

About the only indication you have of your neighbor's existence is a shovelful of snow being tossed over the bank beside his sidewalk.

Since November, 227 inches of snow have fallen on this Rockies city, four inches less than the all-time record set in 1948.

Parking meters haven't been in sight for weeks. Drifts higher than a person's head line both sides of the main street.

Visiting Curlers Feted at Dance

Rinks competing in the Canadian Schools Curling Championship in Nelson this week, were feted at a gala dance in Civic Centre recreation hall Monday night.

The boys were presented with plaques provided by Nelson High School students.

The dance was sponsored by the Nelson and District Teachers Association.

Ken Watson Interviewed on "Teen Time"

Ken Watson, chairman of the Dominion Schools Curling Association, was interviewed by teener Jim Carney on the program Teen Time over CKLN Monday evening. Mr. Watson answered questions regarding his book on curling.

He said that there was every evidence curling would continue and flourish. It was not only popular in Canada, but in England, Scotland, Norway, Switzerland and the United States.

Suffers Broken Leg In Traffic Mishap

Robert Bostock suffered a broken leg and a cut on the head in a motor cycle-car accident on the intersection of Ward and Victoria Streets Saturday evening about 6:30.

The car, driven by William Vickers, was proceeding North (downward) on Ward Street and when turning to go West on Victoria Street came into collision with the left side of Bostock's cycle proceeding South (upward) on Ward.

Mr. Bostock is in Kootenay Lake General Hospital.

The case is under investigation by Nelson City Police.

William Fisher Dies Suddenly At Sheep Creek

William Fisher, a esident of Sheep Creek for about 10 years, died suddenly at Sheep Creek Monday night shortly after coming off shift at one of the mines. He was about 65 years of age.

Born in Lemans, Iowa, Mr. Fisher came to Canada and to Alberta about 1920, living there for a time before coming to British Columbia. He resided in the Slocan and other parts of the district for a number of years before going to Sheep Creek. He followed mining and ranching, and for the past few years had worked in various mines in the Sheep Creek area.

Mr. Fisher is survived by his wife at Victoria, two sons, G. M. Fisher of Nelson, employed on the City Police staff, and William Fisher at Oasis; a daughter, Mrs. Victor Jenks at Castlegar and two daughters at the coast, and relatives in the United States.

Funeral services will likely be held in Nelson.

Scouts in All World Except In Red Lands

The work and activities of the executive of the Nelson and District Boy Scout Association in training Scouts and organizing new troops in the district, were described in a broadcast over CLKN Monday night by Dr. N. E. Jennejohn, President of the Association.

The talk was the first in a series to be given each evening during National Boy Scout Week which began Monday and will continue through to Saturday. The Association is appealing for financial assistance to help carry on the work of training leaders and Scouts and for other phases of their work.

Scouts troops had spread to nearly all parts of the world except in countries behind the Iron Curtain, he said.

There were five troops in the Nelson District at present, while others were being formed.

In order to obtain the best possible benefits for the boys, the activities of Scout groups must be coordinated. This could be done through the Nelson and District executive committee working in conjunction with District Commissioner Donald L. Ure and Assistant Commissioner B. B. Crawford.

The executive also had responsibilities to shoulder such as looking for more experienced and interesting leaders so that Scout training may be raised and benefits extended to all boys interested. The executive was also responsible for raising funds to help carry on the activities, improve and extend Scouting facilities and to meet expenses of Summer camps and leaders.

Tonight's speaker will be District Commissioner Ure.

B. C. RINK AT GYRO DINNER

The personnel of the B.C. entry in the Canadian Schools Curling Competition, Wilfred Bisgrove, John Shore, Alven Peterson and Donald Jarrett were guests at the Gyro Club dinner meeting Monday evening.

Other guests were Brother Leon, chaperon of the Quebec curling team and John Fleming from Ontario.

25,000 Canadian Students in Curling, Watson Tells Rotary

Young curlers from across the Dominion were given their second hearty welcome to Nelson and District Monday afternoon by the Nelson Rotary Club which played luncheon host to the visiting bonspielers.

Following the luncheon in the Hume, each rink from 10 provinces was introduced by Alderman Joseph Kary.

In extending a welcome to the boys, Harry D. Harrison, Rotary Governor of the District and President of the Board of Trade, expressed the hope their stay in Nelson would be one that would carry with it many pleasant memories. He stressed that youths of today would be the members of service clubs tomorrow.

T. A. Wallace, "the father of student curling in British Columbia," and Nelson's most ardent booster of local student sport, stated that curling was one way the boys could find sportsmanship and friendship. It was also a way to cope with juvenile delinquency. Assistance given by service clubs and individuals and hard work on the part of the curlers had shown what could be accomplished in staging such an event.

Ken Watson of Winnipeg, Chairman of the Dominion Curling Association in the high school playdowns, said that a month ago, the bonspiel had been only a dream, but that now, it was a reality.

Just a week ago the curling caravan started from Prince Edward Island. As it rolled Westward rinks from other provinces across the country boarded the caravan bound to Canada's most Western province and Nelson. All but the newest province of Newfoundland were represented but it was hoped that Newfoundland would be represented next year.

The rinks and boys did not come as individuals, he said. Rather they came as British Columbia, Ontario, Prince Edward Island and so on. 25,000 CURL.

Today there were around 25,000 high school boys following curling, 21,000 of whom were in the four Western provinces. "They try the sport, and once they are introduced to it you can't keep them from it," he said.

He spoke highly of Mr. Wallace who had done a tremendous job in striving for the day when the boys would come to B. C. for the Dominion championship. He urged service clubs and groups to back the boys in the sport.

Bill Good, nationally-known radio sports commentator, was also a guest at the luncheon.

2 Months Hard Labor for Theft

Malcolm R. MacLeod was sentenced to two months' hard labor on a theft charge in City Police Court Monday.

McLeod was arrested and charged with the theft of six bottles of lemon extract from a grocery store Saturday.

He pleaded guilty before Police Magistrate William Brown.

Weekend Camping Trip for Scouts

Fourteen Nelson Scouts earned their first class cooking badges over the weekend in an experimental overnight camping trip to Camp Busk.

The lads took equipment suitable to snow conditions. They also made a ski jaunt up the Kokanee Trail.

Three leaders went with the boys, Scout Masters, Larry Urquhart, Robert Percivall and John Clark.

PLAN FOR VISIT

The Gyro Club made plans for a mixed party March 2, when they would have as guests the Gyro District Commissioner Jim Jefferson and Roy Miller.

Plans were laid for the Gyro Men's Fashion Show to be staged early next month.

District Lions President Addresses Creston Club

CRESTON, B. C., Feb. 19—Over 120 Lions Club members representing Bonners Ferry and Coeur d'Alene, Idaho, Kimberley, Cranbrook and Creston, heard Lions International District Governor, Gordon Defoe, Coeur d'Alene, give an inspiring address on the fight being waged by 404,000 Lion members in 8414 clubs in 29 nations against Communism, which he termed was a "speedy method of socialism."

Present at the meeting were honored guests Joe Provenzano, Past President of the Kimberley Club, Ev Baily, President of the Coeur d'Alene Club, Harry Doras, Zone Chairman, Bob Willis, President of the Cranbrook Club, and Art Edmondson, Bonners Ferry Club.

Other guests were Dick Vernon, introduced by D. Aldrich, Eric Iles, introduced by M. Fisher and J. Goodwin and Tec Morten, introduced by Dr. W. N. Fraser and Jack Gege, introduced by J. Sloan.

President J. A. Mitchell, Creston Lions Club, presided.

The guest speaker was introduced by Harry Doras, who spoke in glowing terms of Mr. Defoe and his work in Lionism. The featured speaker complimented the Creston Club on winning the membership drive in the district, having 11 members installed and thus bringing the club up to full strength.

As to Lionism he felt members represented the largest organization of free thinkers the world has ever known. He told of the International President and Secretary, the former now in South America and the latter in Europe, using their influence in putting oil on troubled waters. He stated that Lions' policy was governed by a Board of Public Relations, the Board made up of a member from each of the 29 nations where clubs are chartered.

As a fitting ceremony Mr. Edmondson, Bonners Ferry, presented Dana White (transferee from Bonners Club to Creston) with a gift.

Present from Kimberley Club were G. Gillespie, F. "Sully" Sullivan, R. Langlands, B. Fisher and W. Copeland. From Coeur d'Alene J. Acuff, F. Runge, J. Gilmore, J. Somers, C. Evjen and G. Defoe. From Cranbrook, H. Doras, Bob Willis, L. Holmes and C. Cooper. From Bonners Ferry, R. Paice, E. Davidson, M. Kessel, J. MacDonald and D. White.

All visiting Presidents thanked the local club for its hospitality and the opportunity of visiting Creston.

Cranbrook Council Faces Mills Raise

CRANBROOK, B. C., Feb. 19 — The city council had a preliminary look at the Cranbrook District School Board 1951 budget at a special meeting Thursday and found it nearly 25 per cent higer at $265,819.24 compared with actual expenditures for the previous year of $214,245,11.

Teacher salary requirements have been hoisted $30,516.19 by the recently revised contract agreement between the school board and the B.C. Teachers' Federation, while addition of engineering and janitor services for the new Mount Baker Junior-Senior High School, which will be occupied in April, double cost of these services to $17,030 this year.

In the 1950 city tax rate of 54 mills, school requirements were 41 mills. Substantial increase in the 1951 tax rate appears inevitable under these terms.

City Council and school board meet on Monday to discuss the budget as it now stands with plans for striking of the school mill rate before the end of the month.

NEW DELHI (CP)—More than 70 ancient sites belonging to different periods of India's past have been unearthed in the dried-up bed of the Sarasvati River in Bikaner. The discovery represents the first step toward a systematic exploration of India's river valleys.

Boswell Soldier In Japan

PFC. DAVID G. TIMMONS

. . . son of Mr. and Mrs. E. G. Timmons of Boswell who is serving with the American forces in Japan. His wife and two children, are making their home at Erickson.

Pfc. Timmons, in the United States Army since last July, was formerly associated with his father in operation of the Lakeview Mine at Sanca. In 1941-42 he attended school in Nelson.

Instant Death For Michel Miner

MICHEL, B. C., Feb. 19— While working on the night shift in the East district in the Michel mines, Roger Berousco, age 24, youthful employee of Crow's Nest Pass Coal Company at Michel, met instant death when struck by a fall of rock from the roof. The fatal accident occurred early Feb. 16 on the graveyard shift.

Mr. Berousco came to Michel from Italy with an older brother less than two years ago and leaves to mourn his mother, a sister and an older brother in the old country, and three brothers residing at Natal.

He was the youngest of five boys.

It is expected that an inquest leading into the death of the youthful miner will be held next week.

CKLN Manager On Broadcasters' Defence Committee

British Columbia Association of Broadcasters has appointed Alan Ramsden, Manager of CKLN at Nelson, to a committee which will deal with matters arising from civilian defence.

The Association decided at its annual meeting to set up a standing committee of five, instructing it to cooperate with provincial authorities.

Other members of the committee are M. V. Chesnut, Victoria, Chairman; Jack Pilling, Chilliwack; Dorwin Baird, Vancouver; and Charles Pitt, Vernon.

Rotary Names Delegate to Summer Bonspiel Workers

D. H. T. Mollison of the Nelson Rotary Club has been named club representative on the Mid-Summer Bonspiel Committee. The event is to be held here in July.

Mr. Mollison's appointment was announced at the Club luncheon in the Hume Monday.

Kimberley Police "Play" Cabbies

KIMBERLEY, B. C., Feb. 19 — The third hockey game of the century was held last week when the local police department met the cabbies in their annual "brawl", with all proceeds going for community work. Sponsoring the tilt were the newly-formed Kimberley Kinsmen.

Some 1200 persons were on hand to see the "game" and support this very worthwhile cause.

FRUITVALE RESIDENTS HEAR FATHER DIED

FRUITVALE, B. C., Feb. 19 — Word has been received here of the death of Charles Alcock in North Battleford, Sask., by his daughter, Mrs. James Cullen. Another daughter, Mrs. Melvin Campbell and a son Charlie also reside here. Mr. Alcock has spent a couple of Winters in Fruitvale with his daughters. Another son, Joe, lives at the Coast, and there is a son and daughter in Saskatchewan. Mrs. Alcock died in 1943.

$200,000 Option Given on Trail Hospital

TRAIL, B. C., Feb. 19 — The first request for an option to purchase the Trail-Tadanac Hospital building for $200,000 has been received by the Hospital Board from a group of Trail residents. The board will advertise for further bids on the purchase of the building.

At a board meeting, Director Leo Levy felt that no action should be taken on the offer until others had been received.

The Trail group offered to pay $1000 for an option of six or eight months and when the option time expired, they would pay a further $50,800. The remainder of the $200,000 purchase price would be paid when the building was turned over. It was suggested that the deadline for vacating the building would be January, 1953.

The present building was expected to be vacated within two years with the completion of the new hospital on the beach overlooking East Trail.

L. M. DeLong, Board Chairman, felt that the board should not be tied down to a two-year delivery date. He pointed out that shortages of steel and other building materials might delay construction of the new building and the Board could not afford to take a chance on promising delivery of the present building in two years time.

Rossland Club To Receive Charter Tonight

Several Nelson Rotary Club members will journey to Rossland tonight to attend the Rossland club charter night.

Sponsored by the Trail Rotary Club, the newly formed group is one of the many new clubs formed in the district recently.

H. D. Harrison of Nelson, Rotary Governor of District 153, will present the charter.

Arthritis Centre For Cranbrook

CRANBROOK, B.C., Feb. 19 — The Provincial Department of Health has approved establishment of a treatment centre at Cranbrook for arthritis patients in East Kootenay, according to word received here recently by Dr. F. W. Green who headed the campaign in the area for the successful Rheumatism and Arthritis Society last year's drive for funds, with J. S. Dunlop campaign chairman.

At present Trail is the nearest treatment centre for victims of this disease in East Kootenay. Equipment for the centre here will be set up at St. Eugene Hospital.

REMOVES BAN ON SOME DOMESTIC COPPER USES

WASHINGTON, Feb. 19 (AP)—The U. S. Government today lifted its ban on the use of copper for domestic plumbing after March 1 but banned or limited the use of copper after April 1 in more than 50 other products—among them coffee makers, home and farm freezers, waffle irons and refrigeration and air-conditioning equipment.

The products affected are in addition to more than 200 announced previously by the National Production Authority.

PRESTWICK Scotland ((CP) — The Transport Ministry ordered the requisitioning of three roads here. Then it was discovered the roads had become part of Prestwick airport's main runway seven years ago.

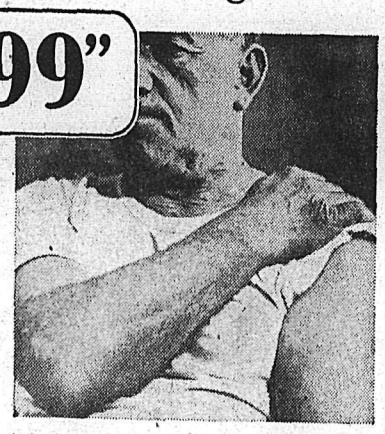
New Swiss Discovery
for Eczemas, Boils, Psoriasis, Leg Ulcers
F"99"

Authentic photograph of Mr. J. Biller on November 16th, suffering for 20 years from Eczema all over the body, before the F "99" Treatment.



Authentic photograph of Mr. J. Biller on February 11th. The Eczema was completely cleared up after 11 weeks of F "99" Treatment.

EMINENT Scientists have discovered that the lack of unsaturated fatty acids in human nutrition is one of the main causes of skin diseases, such as Eczemas, Boils, Leg Ulcers and Psoriasis. The modern diet, in which these essential substances are often completely lacking, have brought about a deficiency in a great number of individuals.

Remarkable Swiss Discovery
A Swiss chemist, Dr. W. Schmitz, succeeded after 10 years of research work in extracting from pure vegetable oils an unsaturated fatty acid in a concentration of 99% and therefore named F "99". Thanks to this hitherto unattained purity, F "99" is so readily absorbed into the blood stream, that it has a decisive biological activity in the treatment of skin diseases.

Natural way to clear up skin troubles
F "99" is not a synthetic drug but a concentrate of natural nutritive substances. It is so harmless that it may be given even to infants without any hesitation. Its remarkable efficiency in the treatment of Eczemas, Boils, Leg Ulcers and Psoriasis has astonished even Skin Specialists of international reputation. As its name suggests, the F "99" Two-Way Treatment acts internally as well as externally. While F "99" Capsules or Liquid give the body the power to suppress the cause and combat successfully skin disease, the F "99" Ointment treats its external, visible symptoms. To many thousands of skin sufferers all over the world, F "99" Two-Way Treatment has already proved its tremendous value and is being used with outstanding results even on cases where all ordinary treatments have failed.

Illustrated Booklet on F "99"
containing all the interesting facts concerning this remarkable new Swiss Discovery which will bring new health and happiness to innumerable skin sufferers, can be obtained free of charge from any good drug store or by sending your name and address to Diva Laboratories, Dept. 117 P.O. Box 116, Victoria, B. C.

Race to Harness Nuclear Power World-Wide

BY FRANK CAREY

WASHINGTON, Feb. 19 (AP) — The National Geographic Society, faithful chroniclers of what's taking place on the world's map, noted today that the mighty atom is sure getting around.

Rounding up published accounts of the location of atomic energy enterprises in various parts of the globe — and listing various speculations about what's doing in Russia —the Society said:

"The race to harness nuclear power goes on from the fir-timbered forest of the Pacific Northwest to mountain reaches 'somewhere in Siberia,' from the windswept Berkshire Downs in Britain to the New Mexico desert, from the Canadian North Woods to Bombay."

Here's the Society's check list:

1. United States — Nearly 1,300 government and privately-owned laboratories, industrial plants, colleges and research institutions engaged in atomic energy development. These include the Atomic Energy Commission's big plants at Oak Ridge, Tenn., for making Uranium-235; at Hanford, Wash., for making plutonium; at Los Alamos, New Mexico, which "puts the dread bomb together;" and at Arco, Idaho, for testing atomic reactors, or "furnaces."

2. Canada — The Dominion's "atomic city" is 96 miles Northwest of Ottawa at Chalk River, Ont. There are two nuclear reactors in operation there and a third was recently proposed.

3. Britain — That country has seven atomic centers. At Harwell, Berkshire, near Oxford, research reactors have been in operation for nearly three years. Uranium is processed at Springfields, Lancashire, and there is a centre for "nuclear engineering" at Warrington. Britain's plutonium plant is located in mountainous West Cumberland, near Sellafield.

4. France — The French began atomic experiments in 1948 at Fort de Chatillon near Paris. Since then a second atomic centre has been started.

5. Norway — A research "pile," or reactor, is under construction at Kjeller, a suburb of Oslo.

6. Sweden — That country's "Atomic Energy, Inc." has a reactor under construction; and cyclotrons, or "atom-smashing" machines for research, are already in operation in Stockholm and Uppsala.

7. Belgium — There's an atomic laboratory at Brussels University.

8. Switzerland — The Swiss have a research station on the 11,340-foot Jungfraujoch.

As for Russia, the Society said "the extent of Russia's atomic endeavor is hidden behind the iron curtain" but added:

"Soviet scientists are believed to be operating several major nuclear reactors and producing fissionable materials. It may be of some significance that a decade ago, laboratories in Leningrad and Moscow were building the most powerful cyclotrons in Europe."

Canada's Natural Resources Will Lead World in Event of Conflict

By FORBES RHUDE
Canadian Press Business Editor

In the next few years we shall have to learn to do many things which we now think can't be done.

At present we seem to be producing about all we can produce and using up about all the materials that are available.

So we wonder how we are going to do more, and sometimes we think we may have been better off in 1939 when there was production power and manpower to spare as we entered a war.

In such thinking we are overlooking how much we have learned about production, and how prepared we now are, if pushed, to produce more efficiently.

Recently Cyrus Eaton, Chairman of the Board of Steep Rock Iron Mines, Ltd., urged that Canada embark on a tremendous program of opening up its natural resources.

A reporter asked him if it would be possible to carry out such a program if there were, say, a general war.

Mr. Eaton replied, in effect, that the resources would be all the more needed if there were a war, and that we never know what we can do until we set out to do it.

There were lessons of this kind in the last war. Theoretically, with the shortage of men, farm production should have suffered. Instead, farms became increasingly mechanized and, with less manpower, produced more than ever.

Such things undoubtedly will happen again if stress forces them.

Sam Dawson of The Associated Press recently looked over what is happening in the United States, and commented:

"Tinless tin cans are on the way, just in case the Far East tin mines are lost. Aluminum rods and wires can be turned out in a jiffy for the aircraft industry by a new continuous, faster and cheaper method.

"More and higher-octane gasoline can be refined from crude oil for the use of war planes or the family car. Steel can be hardened in war-essential alloys by a new process using a non-metallic element (boron) which is abundant.

"Possibilities of war shortages are also giving impetus to such things as powering vehicles with liquified gas, instead of gasoline. The liquified gas, a combination of butane and propane, is a by-product of natural gas and petroleum."

Arctic explorations were begun by John Davis in 1587, two centuries before Antarctic expeditions.

Finer, tastier BREAD

Yours, with wonderful fast-rising DRY Yeast!

You're sure of tempting, delicious bread when you bake with Fleischmann's Royal Fast Rising Dry Yeast! This wonderful new yeast keeps its full-strength and fast-acting qualities without refrigeration! Buy a month's supply!

WHOLE WHEAT BREAD

● Combine 3 c. boiling water, ¼ c. granulated sugar, 4 tsps. salt and 1 tbs. shortening; stir until sugar and salt are dissolved and shortening melted; cool to lukewarm. Meanwhile, measure into a large bowl 1 c. lukewarm water, 1 tbs. granulated sugar; stir until sugar is dissolved. Sprinkle with 3 envelopes Fleischmann's Royal Fast Rising Dry Yeast. Let stand 10 minutes, THEN stir well.

Stir in cooled sugar-shortening mixture. Combine 5 c. once-sifted bread flour and 5 c. whole wheat or graham flour. Stir about half of the flours into yeast mixture; beat until smooth. Work in remaining flours and add additional bread flour, if necessary, to make a soft dough. Knead on lightly-floured board until smooth and elastic. Place in greased bowl and grease top of dough. Cover and set in a warm place, free from draught. Let rise until doubled in bulk. Punch down dough, grease top and again let rise until doubled in bulk. Punch down dough; turn out on lightly-floured board and divide into 4 equal portions; form into smooth balls. Cover lightly with cloth and let rest for 15 mins. Shape into loaves; place in greased loaf pans (4½" x 8½"). Grease tops, cover and let rise until doubled in bulk. Bake in hot oven, 400°, for 20 mins., then reduce oven heat to moderate, 350°, and bake about 20 minutes longer.

Hearings Start Today on Seaway Project

WASHINGTON, Feb. 19 (CP) — A congressional committee tomorrow will begin hearings on legislation to authorize the long-disputed St. Lawrence seaway and power project. Proponents hope they won't end up again on the merry-go-round.

If the estimated $1,000,000,000 project fails to win approval of Congress this time — Canada said "yes" 10 years ago — it probably will be years before seaway supporters can again match the momentum they have churned up now.

While some observers have hinted that the U.S. Government in past attempts to put the legislation across, had rendered only lip service, that scarcely is true today.

President Truman jumped into the fight this month, saying the seaway "is urgently" needed for defence — a view accepted by a former St. Lawrence opponent, Charles E. Wilson, now Director of Defence Mobilization. This view is receiving serious consideration in Congress.

The opposition is reported to be frankly concerned. This is a vast departure from the attitude of "amused tolerance" shown in other years.

Opponents have vehemently termed the seaway idea "fantastic." They say the estimated cost is only a starter and in the long run the project would cost three times as much — or around $3,000,000,000.

The coal industry, railroads and some utilities have fought the development.

But many big steel companies are all for it and hope the half-century-old battle will be won this year.

Fine Students, Order Apology

VANCOUVER, Feb. 19 (CP) — Two student leaders at University of B.C. have been fined and ordered to apologize publicly for the parts they played in the engineers' newspaper war, last week against U.B.C. Publications Board.

U.B.C. Student Council announced today it has levied fines of $5 each against Don Duguid, President of the engineers, and Ray Frost, editor-in-chief of the Ubyssey, for distributing unauthorized newspapers on the campus Friday.

Both students will be required to print apologies in Tuesday's Ubyssey, it was decided during a special 4½-hour Council meeting Saturday.

Engineers will also have to account directly to Council for other infractions that occurred during their two-day rampage, by filing a special report on their raid on the women's dormitories, and on an incident at a city print shop at which a Ubyssey editor alleges he was assaulted by a group of engineers.

Russians Meet Oil Setbacks

By RICHARD O'REGAN

VIENNA, Feb. 19 (AP) — Although pumping furiously, the Russians haven't been able to siphon all the oil they want from their Eastern and Central European captives.

Romania, the Soviet's largest foreign source of oil, has announced that the petroleum industry was a bit shy of its 1950 quota—its estimated 4,750,000 tons being 1.2 per cent off the beam.

Western observers in Bucharest believe Russia had hoped for a quicker recovery of the great Romanian oil-fields, destroyed partially by Allied bombing during the Second World War.

They see three factors contributing to the slow post-war comeback from the 1947 low of 3,810,000 tons. They list these as the loss of Western management and technicians, inadequate labor, and Russia's inability to supply replacement equipment.

Canadians to Attend Empire Sea Cadet Summer Camp in U.K.

VANCOUVER, Feb. 19 (CP)—At least 24 sea cadets and one officer will go to Britain in 1952 for the Empire Sea Cadet Summer Camp.

Decision to send the group was made Friday at a meeting of the Sea Cadet Committee here.

The boys will be selected for the trip on a merit basis and the chance to attend the camp is expected to assist a recruiting drive to be carried on this year which it is hoped will double the Cadet organization present strength of about 6500.

Six Cadets, including Cadet N. E. Kennedy of Vancouver, will leave on H.M.C.S. Ontario Feb. 26 for a cruise to Pearl Harbor, Pago-Pago, Fiji, New Zealand and Australia. They will be accompanied by Commander D. C. Elliott of Vancouver and Ottawa and will return June 7.

The Sea Cadet organization has offered its services to the Dominion Civil Defence authorities and these services have been accepted

Snow Sneaks Up On Coast Streets

VANCOUVER, Feb. 19 (CP)—A snow storm sneaked up on Vancouver and the surrounding Lower Mainland area today.

Weather forecasts predicted only rain for the area today, but it changed to snow during the morning and by noon as much as three inches covered the ground in some outlying areas.

Warm temperatures at ground level turned the snow to slush, while in the downtown area the snow melted as soon as it fell.

PERSISTENT ROGER DOESN'T GET AWAY

STE. HYACINTHE, Que., Feb. 19 (CP)—Persistent Roger Cloutier just about took the jail apart—but he didn't get away. He pleaded guilty Saturday to stealing $270 from a factory and was remanded to Friday.

Detective Paul Gagnon told what happened in the jail here:

Cloutier set fire to the bed sheets and blankets in his cell.

He was transferred to another cell in which there was only an iron bed. He took the bed apart and started smashing the cement floor.

He was moved to still another cell but he didn't discourage easily

With his comb, Cloutier began picking at the ancient bricks of his new, third-storey cell.

A brick gave way and Cloutier kept steadily at work until he had cleared away four layers of bricks and had a hole big enough for him to crawl through.

He squirmed through and climbed down a wall, only to find himself in the jail's chapel. The chapel door was locked.

EMPLOYEES STRIKE ON PARIS STOCK EXCHANGE

PARIS, Feb. 19 (AP)—Employees of Paris' Busy Bourse (stock exchange) struck briefly at the peak of the noon-time rush today in support of demands for a 15-per-cent salary increase.

Bourse directors have offered up to five per cent in increases, but the employees have threatened further walkouts if their bigger demands are not met.

The estimated mean annual flow of Niagara Falls is 212,200 cubic feet per second.

Alexander Praises Red Cross Fund

OTTAWA, Feb. 19 (CP)— Viscount Alexander yesterday praised the appointment of the Canadian Red Cross as the official agency for providing blood to the armed forces of Canada and called for generous support of the society's appeal for $5,000,000. The fund-raising campaign opens March 1.

Sir Hyde Parker, British admiral, was the man whom Nelson ignored by putting his blind eye to the telescope at Copenhagen.

HALIFAX, Feb. 19 (CP) — The New Glasgow Theatre Art Guild's production of G. P. Ringwood's production "Still Stands the House" won the best production award at the closing of the Nova Scotia regional drame festival Saturday night.

LEADERS IN FOOTFASHION
Established 1902

Kaslo . . .

KASLO, B.C. — Following the Board of Trade Annual Floor Show Feb. 14, Miss Doreen Giles of the Victorian Hospital nursing staff, entertained a number of friends at an impromptu party.

Mr. and Mrs. Brian McClay, who have resided here for the past four months, left for Vancouver Feb. 16. Mr. McClay, who has been bookkeeper for the Cork-Province Mine, has accepted a position at Mayo, Yukon. Mrs. McClay plans to visit her home in Montreal for a few months.

James Brashear and party of Baker, Ore., are spending a holiday here and incidentally getting in a little fishing.

Procter . . .

PROCTER, B.C. — The Procter P.-T.A. held a successful dance in the Procter Hall Feb. 16. It was in aid of the chairs and tables which are being bought for the use of the school and P.-T.A.

The Junior Red Cross of the Procter School are planning a Spring concert and dance.

Misses Rose Renzie and Kay Batchelor spent the weekend in Nelson at the home of Mr. and Mrs. G. Donaldson, Front Street.

Donald McLeod, who has been visiting his parents, has returned to Trail.

J. Gallo visited his parents, Mr. and Mrs. J. Gallo, over the weekend.

Mrs. G. Walton has as her guest her daughter-in-law, Mrs. Ted Walton.

The age group between 5 and 17 is most susceptible to poliomyelitis, but the disease may attack any age.

Hazel Scott Can't Resist Urge to "Swing" Classics

NEW YORK, Feb. 19 (AP)—Hazel Scott, that handsome singer with the sultry voice, admits that she gets a little embarrassed with herself as a musical authority when she starts "swinging" the classics, but she can't resist the temptation. Her audiences happily endorse her yielding mood.

Miss Scott, who varies her career between concert performances at Carnegie Hall and such Broadway appearances as when she sang "Franklin D. Roosevelt Jones" in the musical revue, "Swing Out the News," says she really doesn't like to "swing" the classics. But, she says, she can't help herself.

"During my early musical education I sang the classics as a phase of my training to be a singer in all fields of music," she said. "I studied so thoroughly that I almost determined to change my career to becoming a classical singer.

LOOP-HOLE

"However, in 1940 I was doing a 'long hair' concert at Carnegie Hall and the symphony orchestra was playing Franz Liszt's 'Second Hungarian Rhapsody' and I suddenly started 'swinging' it. That taught me a lesson because the 'long hair' audience loved it."

Her improvisations with the classics allow her a program of many facets which appeals to all types of musical tastes. In playing—she is a talented pianist — an orthodox classic in a serious manner, she may suddenly interpose a few bars from a song in a current Broadway musical hit.

Throwing a bit of Irving Berlin or Cole Porter into the middle phrase of one of the classical composers is one of her specialties. Her musical imagination is infinite.

"I change my programs according to the moods of my audiences," she said, "and I don't follow any specific rule except that I always do a classical number as my first encore.

"Recently I have been touring the veterans hospitals. When I first started they wanted me to play and sing at the head of each hospital ward just as if I were in a theatre playing from the stage. But I changed to a better idea. Now I move my piano from bed to bed and sing a special song for each individual boy, some song that he likes personally.

"In one hospital I was playing for one boy whose wound had left him paralyzed in the legs. He said he wanted to hear boogie-woogie, so I gave him boogie-woogie with everything I had. Suddenly the nurses started running over. That young man had started moving his toes in time to the boogie-woogie and was kicking his covers off his feet."

Kimberley Nurses' Head

MRS. R. A. CHISHOLM

. . . newly-elected president of Kimberley chapter of the British Columbia Registered Nurses' Association.

Nelson Social . . .

By MRS. M. J. VIGNEUX

● Bobby Bostock, son of Mrs. Stanley P. Bostock, Latimer Street, is a patient in Kootenay Lake General Hospital following an accident on his motorcycle.

● Members of St. Paul's, Fairview circle, met last week at the home of Mrs. J. Will, Kerr Apartments.

● Donald Kay, who teaches in Kaslo, spent the weekend at the North Shore home of his brother-in-law and sister, Mr. and Mrs. Leo Atwell.

● Dr. F. M. Auld, Nelson Avenue, Fairview, returned last night from attending a medical meeting in Vancouver.

● Mrs. Gene Tenant, 402 First Street, was hostess at a kitchen shower for Miss Esther Anderson, bride-elect of this month. Games and music were on the entertainment slate, and the bride-to-be received many kitchen gifts.

● Miss Kathleen Kane has returned to Calgary after visiting her parents, Mr. and Mrs. Alfred Kane, Mill Street.

Engagements

Mr. and Mrs. W. H. Phillifent, 16 View Street, wish to announce the engagement of their eldest daughter, Joan Talbot, to Staff Sergeant Jack Lee McIntire, eldest son of Mr. and Mrs. F. F. McIntire, Venice, California. The marriage to take place on Saturday, March 10th in St. Paul's United Church at 3 p.m.

Girls Tramp Europe For Next to Nothing

LONDON, Feb. 19 (CP) —Phoebe Craig of Saskatoon, Sask., and Noreen Sexton of Casino, New South Wales, are proving the strength of Commonwealth relations.

Arriving in London from widely-separated parts of the globe, with the same idea in mind, the 22-year-old tourists met at a youth hostel and decided to team up. Both wanted to see as much as possible of Britain and Europe on a limited bank balance.

Already they've worked in London, visited Ireland and Scotland and spent nine weeks touring France, Italy, Belgium, Holland, Switzerland, and Germany — their rucksacks sporting the flags of Canada and Australia. The girls saw the "Passion play" at Oberammergau, were given leaflets for a proposed Communist strike in Germany and spent a night in a dosshouse in Berne.

They arrived in Berne when the youth hostels had closed for the season and it was the dosshouse or an expensive hotel. They chose the dosshouse and their evening meal was a cup of cocoa and a dish of bread-and-butter pudding with raisins.

KEPT EXPENSES DOWN

For the nine-weeks' tour, Noreen and Phoebe allowed themselves £22 ($66) each and the outlay included souvenirs and postcards.

Now the girls are back in Britain, working and saving for another tour. This will take them to Spain, Portugal, Denmark, Sweden and Luxembourg. They will call at Malta, cross to Morocco, see Algiers and Tunisia and come back through Berlin. They are allowing themselves four to five months and £50 each.

On arrival from Canada, Phoebe had about $600. "And that's going pretty fast," she said. "When we come back next time, I'll really have to settle down and save my fare home."

Phoebe finds that living costs in Britain are as high as those at home and wages are less. Saving is much harder. However, she hopes to accompany Noreen to Australia. They plan to work in Australia and save enough for Noreen to accompany Phoebe to Canada."

SOUTH AFRICAN WOMAN'S POSTURE BELIES HER YEARS

KINGWILLIAMSTOWN, South Africa, Feb. 19 (CP) — Minny an African whose age is estimated at 107, remembers clearly incidents in the last Kaffir war in 1877.

The only indication of her great age is her wrinkled face. In most other respects she could be taken for a woman only half her age. Her carriage is erect, and she is in full possession of all her faculties.

She frequently does washing for people and scrubs out kitchens to augment her old-age pension, and at week-ends she walks miles out of town to visit her friends.

Movie Gossip—

Nothing So Good for Publicity Than Posing as a Shy Recluse

By BOB THOMAS

HOLLYWOOD, Feb. 19 (AP) — A guy named Smith celebrated his 20th year as a short maker the other day and he's "beginning to think that it might be a steady job."

Rather than toy with any tired jokes about wearing shorts, I'll explain that I am talking about Pete Smith, who makes short films for M. G. M. This fellow Smith has one of the most familiar voices and unfamiliar faces in Hollywood.

You know his voice. It has a flat, dry tone, and perfectly suited for making wry comments on film wound tracks.

But you doubtless wouldn't recognize him walking down the street Smith has a theory about that.

"It's an idea that I learned from Lon Chaney, Sr.," he remarked.

"He never permitted photos of himself as he really was; you always saw him in his fabulous makeups. He figured that was a big publicity value for himself. People created their own impression of how he looked.

"I worked the same angle with Greta Garbo. I was in charge of publicity at M.G.M. when she came here. At first we put her through the usual publicity mill—posing in shorts, etc. But then, because she was so different, I tried a different approach—shielding her from the public.

"She was naturally shy anyway, so it worked out well. Or until I got out of hand and she really became a recluse."

Smith is no Chaney or Garbo but says of the same technique: "I figure it adds publicity value if people try to figure what I look like. When I have requests for photos, I send out caricatures instead."

Smith turns out 10 shorts a year, shooting them in three days or less. None of his 250 films has shown a loss, and most of them return a 50 per cent profit.

Archdeacon Resker Reports Great Progress in Castlegar Missions

CASTLEGAR, B.C., Feb. 18 —The annual meeting of St. Alban's Church, Castlegar, was held last week, following a pot luck supper and film.

The Vicar, Archdeacon B. A. Resker, reported great progress in the work of the Fruitvale Mission. The number of places at which services had been held increased by three; Emerald Mill, Remac and Beaver Falls and Montrose. About 420 services (106 Communions) had been held in the 14 points covered, 42 baptisms were conducted and 9500 miles were travelled. New W.A.'s had been formed at Kinnaird and Fruitvale. Sunday schools had increased by 75% in numbers of pupils at the Anglican Schools at Castlegar and Fruitvale; community Sunday Schools were assisted at Robson, Kinnaird, Salmo Sheep Creek, Ymir and Erie. The Mission Sound projector had proved of great value and there had been about 110 showings to over 4000 people in the first 12 months, religious and educational films were shown in many places.

At Castlegar the W.A. and the Guild had done much work in reconditioning the Parish Hall and the church had been insulated and painted by the men. The Sunday School had now six teachers instead of three. The Choir was of great help in the worship and had been handed over by Mrs. R. West and Mrs. Hostettor to Mr. and Mrs. Joe Killough. Mr. Resker paid tribute to the splendid work of Messrs A. T. Horswill and S. T. Dawson as Lay Readers.

The following were elected to office: Vicar's Church warden, J. Kirby; People's Church warden, J. Taylor; Delegates to Synod, C. Petts and J. S. Roberts; Envelope secretary, W. H. Toogood; Parish Hall Secretary, Mrs. J. Kelly; Church Committee, A. T. Horswill, Mr. and Mrs. Joe Killough, James Killough, Mrs. J. Kelly, Mr. and Mrs. C. Petts, J. S. Roberts, Mrs. Westwood, and representatives of the W.A. and the Guild.

RIMSWELL, Yorkshire, England (CP) — Farmer E. Kirkwood lost more than 1000 eggs when thieves raided his poultry runs. Then he got a postcard saying: "If your hens continue to lay as well in the coming year you will be assured of a prosperous new year. Yours, thankfully. — Eggy the Yolk."

Women Go to Scaffold With Less Fear Than Men

LONDON, Feb. 19 (Reuters) — Tae it from a man in a position to know: Women go to the scaffold more bravely than men.

"I have never known a condemned woman to break down at the last moment," Britain's chief hangman told a government commission investigating capital punishment.

Albert Pierrepoint, 45, conducts executions as a part-time job. The rest of the time he runs a quiet Manchester pub called "Help the Poor Struggler".

Called to give his views on the death penalty, Pierrepoint, whose evidence was published in a government paper yesterday, said he believes hanging is "quick, certain and humane." He could not think of any improvement on the English method.

"I think it is the fastest and quickest in the world, bar nothing. It is quiker than shooting and cleaner."

Asked if there was anything particularly difficult or unpleasant in the execution of a woman he replied: "No. I think a woman is braver than a man and I have seen more executions than anybody living."

Officially Britain has no chief executioner. Responsibility for selecting a hangman when needed rests with local sheriffs. But Pierrepoint's fame has spread and invariably they choose him. He receives £10 (about $30) for every hanging plus his expenses.

UNHAPPY WOMEN HAVE TOO MUCH TIME TO SPARE

TORONTO, Feb. 19 (CP) — Too much leisure time is the reason so many women are unhappy, said Dr. Hedwig S. Kuhn, American woman physician, at an American Women's Club luncheon here.

There should be more of the home and children in a professional woman's life and more worthwhile work in a married woman's life, the Hammond, Ind., eye specialist told the meeting.

Mother of two sons, both studying medicine, Dr. Kuhn and her husband, Dr. Hugh A. Kuhn, conduct a 24-hour service eye, ear, nose and throat clinic in the heart of a highly industrial area.

A "complete" woman, said Dr. Kuhn, should have health, plus home, plus children, plus work. "A career woman's life is an empty shell unless she has home interests. Every woman cannot have children of her own, but she can adopt some," Dr. Kuhn said.

She states that many women think they have done everything when they join some civic group, but it is not enough to read and study about things—woman must do them.

Dress Up With Marian Martin

The National Income In Real Value

Due to an expanding economy, plus the forces of inflation, Canada's national income reached an all-time record of $14,164,000,000 in 1950, an 8 per cent increase, almost $1,000,000,000 more than that of 1949.

The gross national product, the sum total of all goods and services produced, went up to $17,708,000,000, an increase of $1,300,000,000.

For a country of 14,000,000 people, these figures are phenomenal. No other nation in the world, the United States excepted, points out The Windsor Daily Star, can match the productivity and prosperity they represent.

The $14,164,000,000 of 1950 compares with $5,390,000,000 of 1940, when the surge of war activity already was under way. Our national income has more than tripled since the $4,228,000,000 of 1938, the last full prewar year.

But it is not all, of course, just what it seems. This present national income is in terms of inflated dollars. If the existing dollar is about 60 cents of its prewar value, then our national income—in comparative values—would be about $8,500,000,000. This, a fairer yardstick, shows our national income, in real value, is almost exactly double that of the prewar. It suggests the increase in our productivity.

The Ottawa statistics certainly are buoyant. Tax experts will view the $14,164,000,000 with intimate interest. Even when the depreciated value of the dollar is considered, the new national income figure shows the source of wealth which can be tapped by taxes.

There are, however, a couple of pertinent points to be noted. One will surprise consumers, irked by the high costs of foodstuffs.

Alone of major industries, the net farm income actually dropped in 1950, down to $1,424,000,000 from the $1,513,000,000 of 1949, a decrease of almost $1,000,000,000. This was due to the lower initial price paid for wheat, and to the higher farm operating costs.

Also, personal savings showed a decline, down to $769,000,000 from the $802,000,000 of 1949. This reflects the squeeze put on individuals by inflation. Though most of them were making more money, they were able to save less. This explains the discontent at the high cost of living.

Leaders' Responsibility

Communism is, first of all, a state of mind which, in its purely economic aspects, may have a faintly discernible basis of kindliness toward "all God's chillun". But it is a state of mind, primarily, which makes it so easy to snare the foolish and the very clever.

The foolish, the frustrated, the unbalanced; all these are the obvious fodder for Communism. They carry placards and sign petitions, and thump the table when they talk of the proletarian who would be forced, come the revolution, to like strawberries and cream. There is no need to fear them.

It is, warns The Montreal Financial Times, the clever we have to fear, the men and women who worm themselves into every well meaning society; the men who never carry a card, the men who, in apparent stupidity, work to weaken our social structure by mistakes which even a child could recognize as such. Those who, under various scientific guises, snare our minds; and they who "are hidden away in countless segments of community and national life".

Against these it takes more than fulsome resolution. It takes more even than allocation of funds for defence. It takes more than pacts narrowly or widely conceived. It takes a great and passionate refusal to be misled and for the broad mass of the people who must look to others for leadership it takes men with enough insight to step up and reassure them.

Looking Backward

10 YEARS AGO

From The Daily News of Feb. 20, 1941

A capacity crowd packed the Civic Arena to see the Ice Review staged by the Nelson figure skaters last night. Dressed in colorful costumes, the bladesters drew rounds of applause from the onlookers. Among skaters taking part were Roy McKenzie, Isabel Young, Jean Nagle, Pat Gallaher, Betty Wigg, Pat Davis, Betty Rasmussen, A. B. Gilker, R. H. Dill, Margaret McLennan, and others.

25 YEARS AGO

From The Daily News of Feb. 20, 1926

W. H. Wilson was elected President of the Cranbrook Board of Trade for the 1926 term, at the Board's annual meeting held Friday night. W. R. Grubbe was named Vice President, M. Roberts and L. Patterson Auditors, and G. J. Sproull, T. R. Flett, J. P. Fink, M. A. Beale, Mr. Scott, W. S. Santo, C. J. Little and Mr. Graham, Executive members.

40 YEARS AGO

From The Daily News of Feb. 20, 1911

Mr. Stenwold, outstanding Phoenix skier, won the 1½-mile ski race for the Canadian championship title during the final day of Rossland's Winter carnival, which wound up yesterday. E. Engen, also of Phoenix, ended in second place in the race. Another Phoenix enthusiast, Mrs. Baake, walked off with the ladies' ski race, while Miss Eva Vand finished in second spot.

Business in The Change-Over

Industry, generally, is getting more and more anxious to know what to expect in the next few months. Material shortages are cropping up, and even the companies not so far affected are beginning to be concerned about the future.

A prolonged transition period from peacetime to wartime production, without prior knowledge and prior planning, apart from loss of time at a critical period, will work hardships on some companies and industries, particularly those which in peace time are engaged predominantly in the production of non-essential types of products.

While most industrialists realize that Canada's production must be integrated into the over-all planning and requirements of the North Atlantic Treaty Organization countries, this does not give very much immediate comfort to the company laying off skilled personnel due to material shortages.

Actually, in times like these, with particular reference to the months ahead, it will be obviously up to the individual companies, by their own initiative and aggressiveness, to protect their own interests by getting into production on items for which there are materials and for which there is a demand. This would, of course, include defence contracts when available. This may not seem like too helpful advice, but it is intended for companies who are sitting back waiting for Government or other agencies to hand them a contract that will replace curtailed production of their normal products.—Canadian Industrial Preparedness Association.

An able and yet humble man is a jewel worth a kingdom.—William Penn.

W. K. B., Nelson—Where can I obtain information on mink farming? Are there any mink farms in the district?

Write to Avis Brothers, Perry Siding; C. L. Bird, Nakusp; Gordon Hett, Robson. There are mink farms in all these centres.

Curious Housewife, Nelson—I have recently noticed my aluminum pots have a lot of tiny holes like pores in them. I have been told this might affect the food we eat. What causes these tiny pits, and what can one do to prevent them?

Acids might cause the pits to form. They are harmless, and there is no way of removing them. The same pits often appear on the gyrators of washing machines, caused by acids in some soaps. Your best plan would be to consult any of the local hardware stores that sell such ware.

D. B., Christina Lake—Please give me some information on tanning a deer skin, such as the cure, formula, and procedure.

The hides should be thoroughly soaked in order to soften them completely. For dry hides this requires a longer time than for salted, and a heavy hide needs longer soaking than a skin. After soaking the hide is fleshed clean and is now ready to go into the tanning liquor, which is made up as follows: One part alum, one part salt, quarter to half part japonica. These are dissolved in hot water in sufficient quantity to make a 35 per cent liquor. The hide, according to thickness, is left in the tan from five to 10 days; skins are finished in two or three days. The hide should be run on a drum for about two hours before going into the tan, and again after the process. Shaving is a main requisite for success, as it is impossible to get soft leather otherwise. After shaving, put back into the tan liquor again for a day or two and hang up to dry. When good and hard, shave again, lay away in moist sawdust and give a heavy coat of oil. When dry, apply solution of soft soap, roll up and lay away again in moist sawdust, then run hides on drum or wheel until thoroughly soft.

J. S., Winlaw—What is the address of the Waterman Pen Company? Where could I buy a tachometer for measuring speeds of shafts? How much money is allowed to be taken into the United States?

L. E. Waterman Company, Ltd., Montreal, P.Q. Write to Gordon Bennett, Bennetts' Machine Shop, 324 Vernon Street, Nelson. You are permitted to take $500 during the calendar year to the U.S., and must apply at any bank for necessary form. On short visits it is permissible to take $50 without applying at a bank. The bank will give you all further particulars.

W. R. T., Penticton—Can you tell me who wrote the following verse?

"In the silent silver evening,
When at last I'm left alone,
Then I open memory's box of gems
And count my treasured stones:
Your ruby smiles, your emerald eyes,
The diamond hours with you,
Are glistening through the evening while
An irresistant blue.
Then I know you're waiting somewhere,
And at times you think of me,
If not in time's brief hour,
At least in memory."

Can any other reader help us to trace this?

Your Horoscope

Being patient and practising the Golden Rule should bring you success and happiness. Born under these aspects, a child should develop into an energetic, enterprising individual, well able to take care of his own interests.

If You Think You Are Busy

By Silver

Listen—There are 365 days in a year, and of these you eat and sleep 2/3 of the time, leaving you 121 days to work.

There are 52 Sundays in each year, 52 half-days for Saturdays, one hour a day for lunch, and you get two weeks' holidays.

If you add these up, you have one day a year to work. This being Labor Day and a holiday, nobody works.

Increased Expenditure on P.G.E. Expected to Pay With Higher Traffic

VICTORIA, B. C., Feb. 19 (CP)—Construction of the Squamish-North Vancouver link in the P.G.E. expected to be announced by Premier Johnson in his policy speech to the legislature will increase the total cost of the railway in 31 years to something like $135,000,000.

A review of the finances of the government-owned line show that at March 31, last year the province had advanced $115,153,104, on its behalf.

It is estimated another $5,000,000 went o nthe books in the past year for the Northern QJuesnel-Prince George extension which will increase the total by like amount before it is completed.

And the estimated cost of the Southern extension bringing the terminal from Squamish to Vancouver, is between $8,000,000 and $10,000,000.

It is argued by Premier Johnson that the Southern extension will be the "salvation" of the railroad because of theincreased traffic it will bring.

The railway had been operating "in the red" up until September last year when a surplus of about $20,000 was shown. October, November and December each averaged an operating surplus of a cimilar amount which officials hope will continue in the coming months.

It is reported that Britannia is shipping larger volumes of concentrates to the Consolidated Smelter at Trail which the P.G.E. will handle. Also new business from Woodfibre is looked for as well as from other Howe Sound points.

The extension to North Vancouver also will allow the P.G.E. to compete with trucks, carrying high-priced freight, which are running to Williams Lake, itis argued.

Balfour Leaves For Spain Mar. 1

LONDON, Feb. 19 (Reuters)—Sir John Balfour, Britian's newly-appointed Ambassador to Spain, will leave London to take up his post March 1, a Foreign Office spokesman said today.

He will be the first British ambassador there since December, 1946, when the Government withdrew Sir Victor Mallet in compliance with a resolution of the United Nations General Assembly which called on all countries to withdraw ambassadors from Franco's regime.

Stanton Griffis, new U.S. ambassador, is en route to Madrid.

Canadian Indians Not Dying Group

OTTAWA, Feb. 19 (CP) — Indians are not a dying Canadian racial group, says the annual report of the Department of Immigration and Citizenship, tabled Saturday in the Commons by Immigration Minister Harris.

The last census of Indians, taken in 1949, showed a total Indian population of 136,407, an increase of 10,721 in five years.

There also was an increased trend toward higher education. In the 1949-50 fiscal year, 834 Indian students attended classes above grade eight compared with 661 the year before.

The report is for the fiscal year ended March 31, 1950.

Albertans to Gain in Gov'ts. Prosperity

EDMONTON, Feb. 19 (CP) —The Edmonton Journal says in a newspage story that the Alberta legislature is expected to hand a multi-million dollar bite out of the province's rich prosperity plum right back directly to the citizens at this year's session opening Thursday.

The newspaper says the expected $100,000,000 budget probably will give Albertans; new municipal grants to relieve the burden of the taxpayer; reduced motor vehicle licence fees for car owners; increased education and health grants; an increasedroad construction program; extension of self-liquidating projects fund, and further agricultural aids.

The Federal Bureau of Investigation which handles offences against U. S. federal laws was established in 1908.

REFUSE ULTIMATUM

WELLINGTON, N. Z., Feb. 19 (Monday) (Reuters) — Waterfront work came to a standstill throughout New Zealand today when workesr rejected the government's ultimatum to return to work.

A Key to Better Party Line 'Phone Service...

Courtesy . . . consideration for the "other fellow" . . . willingness to share the service—these things are essential if one is to get good results on party telephone lines.

Here are some of the important things to do:

(1) Keep calls reasonably brief.
(2) Space calls, instead of making one immediately after another.
(3) Give up the line promptly in an emergency.
(4) Hang up gently when the line is already in use.
(5) Answer your telephone promptly.

SPORTS

The Sports Eye

BY CLIVE FLEMING

Bad enough that it was "Galipeau ight" but Carl Cirullo's blueline ild drive had to hit the rigging in e corner of Nelson Maple Leafs' et with a mere two seconds re- aining in overtime. That gave lyers the Sunday game at Spo- ane 3-2.

We almost thought the Leafs ere good for a tie when Eddie ares, who has had his grievances ith Helen Galipeau's hubby, pul- d goalie Eddie Matwick for an xtra forward with 40 seconds re- aining. Bill Haldane tied the ame 10 seconds later.

Maybe it will be good for them get that "bad one (Saturday ight when the Leafs were tramp- d 11-2) out of their system." Leafs have been getting rid of a fair number of bad ones, so could be that they may also change come February 27 when Nelson plays the first playoff game in Kimberley in the semis.

Not that the Eye is trying to detract from Bill Haldane's commendable scoring efforts, (he netted 13 of Nelson's last 18 goals) but the unsung hero of that line is Johnny Harms, the ex-pro puckster who amassed a very good scoring records in his last five seasons with Kansas City. Bill hasn't been skating and backchecking like he used to, and Harms has been overloaded with defensive play. Mind you, though, somebody has to put the puck in the net, as long as the other line doesn't score more.

Lorne Nadeau, the hefty centreman who was almost headed for Nelson this year, is just one goal away from Cy Rouse's Flyer scoring record of 52 goals. The Flying Boxcar, who is as hard to tame as a runaway train when he boils down the ice with the puck scored four goals Saturday night to budge his goal total to 51—a unique record for a defenceman-turned-centreman. "Nade" didn't hit the score sheet Sunday night with a goal, but he still has three games in which to tie or better Rouse's record. Two of the games are against Kimberley, and the other against Nelson.

As far as Spokane was concerned, their weekend victories were very important, as they sewed up first place. A tie would not have erased Trail's mathematical chances.

There seems to be some confusion about the W.I.H.L. title playoff dates between the Flyers and Trail. The opening was set for February 27, running concurrently with the Nelson-Kimberley series, but down that way, they figure the series will not start till the first of March.

Flyer Manager Roy McBride thought the dates would be March 1, 3, 5, 6 and 7. However, the straight dope apparently is that both series will open Feb. 27.

Tonight the Flyers meet the all-stars from the other three W.I.H.L. clubs, but a few of the chosen Nelson pucksters will not be able to play. Defencemen Ernie Gare and George Barefoot made the first string defence, and forwards Bill Haldane, Johnny Harms and Red Koehle were selected, but of those five only Gare and Harms will be available.

Barefoot has been sidelined b a leg injury which he sustained in the Coast jaunt, and Haldane and Koehle cannot get off their jobs. In their places, George Crothers and Don Haley, with possibly another, will be in action.

After the weekend play, this scribbler can see Lorne Nadeau as a very good bet for the most valuable player award, won last year by Don Anderson of Trail. Previous winners were Fred Hergert of Nelson and Frank Sullivan of Kimberley, a perennial winner. Nadeau could be the first Spokane player to win the award.

Being named to the all-star defence also lifts Ernie Gare's chances for the rookie honors.

Dave McLay, netminder of the Kimberley Dynamiters who "retired" a while ago, set something of a record for brevity in retirements after Dynamiter goalies Sammy Quigley and Jakie Nash had a few goals scored on them in recent games.

Clippers Charge Referee Changed Decision Twice

NANAIMO, B.C., Feb. 19 (CP) — harges that a referee twice chang- d his decision in calling a penalty gainst defenceman Crusher Con- ay in a Mainline-Okanagan Hock- y League game at Kamloops Sat- rday were made today by Na- aimo Clippers.

The Nanaimo club said Conway as fouled in the third period and hat he was given a five-minute enalty by the referee after Har- ey Stein of Kamloops Elks called ut that the Nanaimo player had kicked me."

Clippers said the referee then hanged his decision and a mis- onduct penalty was announced.

Clippers' manager, Blair Cook, aid he learned 16 hours later that he referee's report had been alter- d, giving Conway a match penalty, utomatically suspending him from urther participation in league ames until his case is heard by erry Thompson of Trail, President f the B.C. Amateur Hockey Asso- iation.

Cook has sent a telegram to Dr. Mel Butler of Kelowna, League resident, asking that Ron Mont- omery be re-assigned to Clippers.

The request has been made on rounds that Kerrisdale failed to ulfill terms of release.

The Nanaimo team also is await- ng outcome of its appeal to Thomp- on against Dr. Butler's decision pholding a Kamloops protest over game won by Clippers 7-1 Feb. 6.

Points awarded Clippers for the ictory were taken away because ey used Busher Jackson, claimed o have been ineligible.

P.G.A. Fines Golfers Entered In Mexico Play

HOUSTON, Texas, Feb. 19 (AP) —Stiff fines were assessed against nine golfers who went to Mexico to play in the Mexican National Open in defiance of a Professional Golfers' Association order, Jimmie Demaret of Ojai, Calif., leader of the insurgent group, was assessed $500.

Vic Ghezzi of Long Island, N.Y., who still is in Mexico, was fined $350 and the others were fined $200 each.

Demaret and Ghezzi got the stiffest fines because they were the apparent leaders of the group.

Demaret, who says he will sue the P.G.A. and who refused to accept the notice from Howard Capps, P.G.A. tournament supervisor, arrived here today from Mexico City.

The P.G.A. Tournament Committee, meeting in San Antonio two weeks ago, warned the golfers that if they played in Mexico they would be subject to fine or suspension. The committee said the tournament conflicted with the Rio Grande Valley Open at Harlingen, a P.G.A.-co-sponsored event, that the Mexico City tournament was not a "major championship" and that that tournament was not co-sponsored by the P.G.A.

The fines will not prevent the golfers playing in the Houston Open but they must be paid before they can go off on the first tee.

Demaret claims the P.G.A. hasn't the power to force a golfer to play in any tournament and that he and the other eight violated no rules when they went to Mexico City.

Ironmen Trying Hard for Playoff Berth

VANCOUVER, Feb. 19 (CP) — With the Pacific Coast Hockey League coming down to the playoff wire, Seattle Ironmen seem to have it; Vancouver Canucks haven't.

With 12 games left to play, Seattle is just three points back of Portland Eagles and Tacoma Rockets and a playoff berth.

Vancouver is dragging at the bottom, four points behind Seattle.

Despite his team's two weekend victories, Seattle manager-coach Frank Dotten is a pretty worried man.

The League's leading scorer, Joe Bell of Seattle, crashed into the Vancouver goal Sunday night and was carried off on a stretcher. It's not yet known how long he will be out of action.

The 24-year-old left-winger last week took a four-point lead over Kenny Ullyot of New Westminster. Bell has 43 goals and 30 assists; Ullyot 33 goals and 36 assists.

Here Is 'Spiel Newscast

When line facilities which carry the CBC network programs to CKLN became disconnected Monday morning, Bill Good's sport news broadcast was cut off from the station for the first minute and a half. The trouble was entirely beyond the control of CKLN.

As the first part of the broadcast which is carried by the B. C. network, dealt with the Canadian schools curling championships being played at Nelson, it is reproduced here:

Good Morning Everybody!

This is Bill Good. This morning, instead of sitting in the fine warm studios in the Hotel Vancouver, we are located in the curling rink in the city of Nelson . . . where it's anything but warm. If you hear an echo—we're all alone here this a.m.

I shall be broadcasting from this curling rink most of this week because the CBC has transported its equipment to Nelson in order to keep Canada informed on the national high school curling championships which get under way in just about half an hour's time. These championships — with the best high school curlers from nine of our 10 provinces competing — finishing on Wednesday night.

Because first-round play does not begin for awhile yet, we have nothing special to report at the moment. The curlers from across the country arrived in Nelson early yesterday. They were guests at a big dinner after their arrival . . . and later the boys paraded to church.

At 8:45 this morning, they will parade to the rink, and most of Nelson is expected to line the streets to watch the colorful show. Two of the greatest boosters of junior curling in Canada . . . Art Wallace and Ken Watson . . . Wallace from Nelson, Watson from Winnipeg, will throw the first rocks to get the curling classic under way.

The next few missing words formed the introduction to the hockey news roundup. The broadcasts will continue to be aired from Nelson Tuesday and Wednesday mornings. On Wednesday evening, Bill Good will describe the bonspiel on the Trans-Canada network from 5:30 to 5:45.

The British Commonwealth, colonies a swell as dominions and Britain, has a total population of 597,600,000.

Place High in West Kootenay Schools Ski Meet at Red Mountain

KJELL BAKKE

Kjell Bakke of Leavenworth High School who led his team to victory in the 4th annual West Kootenay Inter-High Ski Meet held during the weekend at Rossland. Bakke gave the best three-way performance by virtue of a first in the jumping and a third in the cross country.

RUNNERS UP: Kimberley's McKim High School ski team made a strong bid for team honors at the 4th annual West Kootenay Inter-High Ski Meet at Rossland, but fell just short of the mark registered by the Leavenworth, Wash., team. They captured the cross country and combined cross country and jumping only to lose ground on the slalom.

Included in the picture are Jean Peterson, Helen Pelto, Joan Hallstrom, Norman Hellund, Bobbie Pearson, Gordie Sahlin, Don McVicar, Harry Aune and Pat Graham.

—J. Mervyn Rowlands photo.

NORM HELLUND

Norm Hellund of Kimberley was a close runner-up to Bakke for three-way honors, led the field in the cross country event, and finished third in the jumping at the West Kootenay meet.

J. Mervyn Rowlands photos.

Canadian Schools Championship Results

Quakers Down Flyers 5-2

EDMONTON, Feb. 19 (CP) —Saskatoon's red hot Quakers tonight outroughed Edmonton Flyers for a 5-2 victory which all but clinched them a playoff spot in the Western Canada Senior Hockey League.

Saskatoon goals were netted by Howie Milford, Bill Ramsden, Reg Bentley, Alex Kuzma and Al (Red) Staley. Edmonton's goals, both in the third period, were scored by Elmer Kreller and Steve Latoski.

Colin Kilburn, the league's top point-getter, who is second to Quakers' bruising Larry Zeidel in total penalties, was assessed a 10-minute misconduct penalty late in the third frame after he shot the puck at Referee Maurice Walsh in a fit of anger. Kilburn, irked at an offside whistle, then backed the other official Hank Wilson against the boards and had to be restrained by team mates from hitting Wilson.

Basketball Stars Questioned in Game-Fixing Scandal

NEW YORK, Feb. 19 (AP) — Three Long Island University basketball stars were called in for questioning late today in a spreading probe of a new game-fixing scandal.

District Attorney Frank S. Hogan called the trio to his office but emphasized that "no inferences" were to be drawn from this action.

The three are Sherman White, Elroy Smith and Adolph Bigos, big guns in an L.I.U. team that started the season like a house afire and then suddenly slumped.

Their questioning was the latest development in a fresh college cage scandal that shook American basketball fans and led to the arrest of six men—including three stars of city college of New York's national championship team.

Another of the six originally held is a former star of L.I.U., which is located in Brooklyn.

Earlier, the Brooklyn district attorney's office said it is looking into information on the game fixing mess that came to it independently of Hogan's probe. The nature of this was not disclosed.

Makes Sure He'll Play Somewhere . . .

SANFORD, Fla., Feb. 19 (AP) — Monte Irvin, whom many figure to be the key to the New York Giants' pennant chances this season, arrived at this preliminary Spring training base, sporting two new gloves—a small outfielder's "mitten" and a huge first baseman's "net."

"Heck," the tall, Negro clouter exclaimed, "I'm just making sure I play somewhere this year. It doesn't matter to me where it is—first base, the outfield—even catch. Just so I get to play every day."

Coast Swimmer Breaks Records

SPT—COAST SWIMMER—3

VANCOUVER, Feb. 19 (CP) — Genial Gerry McNamee, 16, Saturday knifed his way to two more Canadian swimming records here.

The smooth-stroking Vancouver swimmer broke the long-standing 200 and 220-yard freestyle records for 25-yard pools. His time in the 200 was 2.02:6; in the 220, 2.16:9.

The previous marks were set 13 years ago by C. Foderingham of Toronto. His times were 2.06:6 for the 200-yard event and 2.21:2 for the 220.

McNamee also holds the half mile record. He set that last September with a time of 10.57:5; 11.3 seconds faster than the former mark.

TO CONTEND FOR WELTERWEIGHT CROWN IN MARCH

CHICAGO, Feb. 19 (AP)—Charlie Fusari and Johnny Bratton, leading contenders for the world's welterweight crown, have been signed to fight in the Chicago Stadium March 14, the International Boxing Club announced today.

SOLD OUT FOR LOUIS BOUT

SAN FRANCISCO, Feb. 19 (AP) —The box-office appeal of the former heavyweight boxing champion, Joe Louis, was attested to today with announcement that the 16,000-plus seating cow palace was sold out for his 10-round fight Friday night with Andy Walker of San Francisco.

Promoters said gate receipts would gross approximately $90,000, with a top ticket price of $7.50.

Newcastle English Football Favorites

LONDON, Feb. 19 (CP) — First Division Newcastle United, at odds of 5-2, have replaced Blackpool as favorites to win the English football association cup. They got the nod from the bookies after drawing a home game for the sixth round on Feb. 24, against the only remaining Third Division club, Bristol Rovers.

Other cup survivors were quoted as follows: Blackpool 7-2, Sunderland 5-1, Manchester United 6-1, Wolverhampton Wanderers 7-1; Birmingham 10-1, Fulham 12-1 and Bristol Rovers 10-1.

Captures European Welterweight Title

CAR MARTHEN, Wales, Feb. 19 (AP) — Eddie Thomas, Welsh coal miner, won the European welterweight boxing title tonight by outpointing 39-year-old Michele (Kid Frattinni) Palermo of Naples in a dull 15-round bout. Thomas weighed 146, Palermo 147.

Pronovost Scores Tying Goal for Wings

DETROIT, Feb. 19 (AP) — Rookie Marcel Pronovost scored the first goal of his big-league career with 32 seconds left in the game to give Detroit Red Wings a 2-2 tie against Boston Bruins in a National Hockey League game tonight before 11,241 fans.

It was the second game for the 20-year-old Pronovost since he was brought back from the minors last week. Earlier in the campaign he had gone scoreless in 21 games at Detroit.

The tie boosted Detroit's N.H.L. lead to five points over idle second-place Toronto, and also enabled the Bruins to take sole possession of third place, one point ahead of idle New York.

First Period — Scoring, None.

Penalty — Sandford.

Second period — 1, Detroit, Peters (Gee) 2:42; 2, Boston, Ferguson (Ronty, Peirson) 6:08.

Penalties — Reise, Sandford, Peirson, Pronovost.

Third Period — 3, Boston, Dumart (Schmidt) 1:59; 4, Detroit, Pronovost (Abel, Howe) 19:18.

Penalties — None.

Happy

Carolyn Purcell, the little Atlanta, Ga., girl who was feared doomed to a life of blindness recently, admires a horse on the farm of Fred Cannon, whose Shrine Mounted Patrol financed Carolyn's trip to the Mayo Clinic. Her malady was diagnosed as an inflammation of the eyeballs, and not cancer. Cannon says she is "getting better every day."

Lesson in International Finance for Red Indian Squadron

Members of the R.C.A.F.'s Red Indian Squadron, now stationed at Odiham, in Southern England, ponder over the difference between dollar currency and English money, following their first pay parade overseas. Expressions of joyous anticipation and mild bewilderment enter this thinking session as exchange and equivalent value problems crop up. Left to right are: Leading Aircraftman Hap Belyea of St. John, N. B.; L.A.C. John Whitehead of Toronto; L.A.C. Jack Brenton of Fort Saskatchewan, Alta.; L.A.C. Bob Haglund of Norquay, Sask., and L.A.C. Ronnie Hupp of Ottawa.
—Central Press Canadian.

Acquitted on Manslaughter Charge

Almost three months ago 48-year-old socialite Mrs. Marion Sullivan of Toronto was charged with murder, which was later reduced to manslaughter, after the body of her husband, Chief Solicitor of Ontario Lands and Forests Department, was found in a bedroom of Chateau Laurier, in Ottawa, last Nov. 18, covered with numerous cuts and bruises. Today Mrs. Sullivan, seen with her son Frank, is a free woman following acquittal of the manslaughter charge by a 12-man jury in Ottawa. The ten-day trial saw 52 witnesses testify and 80 articles filed as evidence by the Crown.—Central Press Canadian.

"Frozen Stiff"

Mrs. Dorothy Mae Stevens, 23, who has since recovered, lies under heavy covers at Michael Reese Hospital at Chicago, after she was found in a gangway on the South Side in below-zero weather. The hospital reported that she was unconscious and "frozen hard". Her temperature, recorded on a special laboratory thermometer held by Dr. Aaron Gerber (right), registered 64 degrees. Late in the afternoon her temperature had risen to 77 degrees. Attending the woman are Dr. Mary Ann Silverman and Dr. Gerber.

DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

There will be offered for sale at Public Auction at 9:30 a.m., on Saturday, March 17th, 1951, in the office of the Forest Ranger at Golden, B.C., the Licence X51345, to cut 10,640,000 f.b.m. of Spruce, Fir, Balsam, Cedar, and White Pine on an area covering part of Section 35 and 36, Township 27, and Section 2, Township 28, all in Range 23, West of the 5th Meridian.

Three years will be allowed for removal of timber.

"Provided anyone unable to attend the auction in person may submit tender to be opened at the hour of auction and treated as one bid."

Further particulars may be obtained from the Deputy Minister of Forests, Victoria, B.C., or the District Forester, Nelson, B.C.

Market Trends

NEW YORK, Feb. 19 (AP) — Prices weakened materially in one of the slowest trading days in more than two months.

Losses went to more than $4 a share at the outside among the leaders but the bulk of the list managed to hold its decline within a $1 range.

Canadian issues fell with Distillers Seagrams losing 1⅝, McIntyre 1, Canadian Pacific ⅝, Dome Mines ¼ and International Nickel three-eighths.

TORONTO (CP)—Prices dropped sharply. Losses ranged from fractions to about $3 as a wide list of issues declined.

Although losses were great, there was no general rush to sell. Trading was fairly quiet and volume was about 1,950,000 shares.

Ford A led industrials downward with a drop of about $3 and Massey-Harris and Canada Cement were off about $2. Other big declines were recorded by Great Lakes Paper, Abitibi, Distillers Seagrams, Walkers, Dominion Bridge and C.P.R.

Consolidated Smelters was an extreme standout in base metals with a loss of more than $5. Other declines were fractional.

MONTREAL (CP) — Industrials dropped sharply in comparatively slow trading.

Consolidated Smelters featured the market and an otherwise fractionally lower senior metal list with a 5½-point drop to 145.

All sections moved lower in the industrial section. Ford "A" led the drop with a 3¾-point loss to 66.

Mines and Western oils moved lower with the industrial market, but the loss was narrow in comparison and there were no significant features. Losses ranged to around 25 cents in some cases.

LONDON (Reuters) — Rubber shares and British Government funds claimed most of the activity and interest.

Rubbers were strong and active with demand stimulated by good results and good dividends. Gains ranging from a few pence to 2s were recorded.

Government stocks encountered small selling and were dull. Theo new steel stock eased by ¼ at 98, others were around ½ point lower.

Calgary Livestock

CALGARY, Feb. 19 (CP)—Trade was faily active on the local livestock market this morning and early sales looked steady with last week's close. Butcher steers and heifers were steady though no strictly choice kinds were available. Cows were steady to weak, bulls steady to strong. Good heavy stock calves were strong to 50 cents higher. On offer were 350 cattle and calves.

Last week's sales were 2480 cattle, 438 calves, 1134 hogs, and 118 sheep, compared with 3778 cattle, 813 calves, 1414 hogs, and 150 sheep a year ago.

Hogs closed steady last week at $33.50; sows at $21.50. Sheep were unquoted.

Good to near-choice butcher steers 31.50 to 32.50, common to medium 27.50 to 31.00. Good to near-choice butcher heifers 30.00 to 31.50, common to medium 27.00 to 29.50. Good cows 25.00 to 26.00, common to medium 22.50 to 24.50. Canners and cutters 19.00 to 22.00. Good bulls 27.00 to 27.90, common to medium 24.00 to 26.50. Stockers and feeders unquoted. Good to choice veal calves 34.00 to 38.00, common to medium 27.00 to 33.00.

Kimberley's newly organized Kinsmen Club received its charter Saturday night. Installed as officers were Angus MacDougall, President; Art Christensen, Vice-President; George Steacy, Secretary, and Bill Gibney, Treasurer.—C. Wormington photos.

Extend Controls On Scarce Metals

NEW YORK, Feb. 19 (AP) — **The government extended scarce-metals controls last week to lead, antimony, manganese, tungsten and scrap zinc.**

But there were indications that stockpiling of copper and zinc was being slowed somewhat to ease the supply pinch on fabricators.

Briefly, the new control orders:

1. Limit inventories of lead, antimony and products made from them to 60-day supplies or "practical working" minimums, whichever is less.

2. Prohibit delivery of manganese ore without prior allocation from the Defence Materials Administration, except for deliveries ordered by the D.M.A. for stockpiling, those for resale only, and those involving ore of less than 35 per cent manganese on a dry basis.

3. Required suppliers of tungster concentrates to deliver specified amounts to particular consuming firms at the direction of the D.M.A.

4. Bar scrap zinc dealers from accumulating inventories greater than one-third of the tonnage they received in the first half of 1950. Dealers also must obtain approval from the national production authority to send their scrap out for conversion to other forms while retaining title to it. Producers of zinc dust — used in processing textiles and certain metals like cadmium — are barred from converting it to other forms of zinc to get a higher price.

All these orders are aimed one way or another at avoiding critical shortages in defence production and essential civilian products.

Major non-ferrous metals prices:

Copper — 24.50 cents a pound, Connecticut Valley. Foreign, 24.56 cents, New York.

Lead — 17 cents a pound, New York 16.80 cents, St. Louis. Foreign, 18.50-19 cents, nominal, Gulf of Mexico ports.

Zinc — 17.50 cents a pound, East St. Louis; 18.22 cents, New York. Foreign, 27 cents, nominal, Gulf of Mexico ports.

Aluminum — 19 cents a pound, ingots, shipping point. Pigs, 18 cents.

Antimony — 45.28 cents a pound, cased (less than carload lots), New York. 42 cents, bulk, Laredo, Texas; 50 cents, bulk, Cascade, Ida.

Manganese ore — Contracts, 79.8-81.8 cents a long ton unit (22.4 pounds, nominal) C.I.F. U.S. ports (duty for buyer's account), nearby arrival, 92-96 cents, nominal. Ferro-manganese — $185 a gross ton, shipping points.

Nickel — 50.5 cents a pound, electrolytic cathodes, Port Colbourne, Ont., U.S. duty included.

SASKATOON, Sask. (CP)—The Canadian Forestry Association here estimated that one out of every 10 residents of the prairies attended various forestry meetings during 1950.

Fire Sweeps H. B., Prince George

PRINCE GEORGE, B. C., Feb. 19 (CP) — Damage estimated at more than $15,000 was caused here early today when flames swept through part of the Hudson's Bay Company store, ruining a large quantity of merchandise and gutting the rear portion of the building.

The fire, thought to have been caused by a defective furnace or a short circuit in the wiring, broke out about midnight and defied efforts of firefighters to bring it under control for more than an hour as flames roared up inside the walls.

Burn Village in Punishment Order

SINGAPORE, Feb. 19 (Reuters) —Houses in the doomed village of Jendaram in Selangor State, Malaya, were stripped bare today before security forces burned it to the ground under a collective punishment order.

The Malayan Government announced last week that the village would be destroyed, under the emergency regulations because it was a "hot-bed of bandit helpers and sympathizers."

Its 1500 inhabitants had already been removed to detention camps.

Livestock and moveable goods have been auctioned and the houses broken up for their building materials.

Scores Turn in Red Party Cards

ROME, Feb. 19 (AP)—New scores of Communists today were reported turning in their party cards as the split in Italy's Red ranks widened across the country.

From Gravina, Apulia, Press reports said 220 Communists and pro-Red socialists handed their cards to the Christian Democrat (anti-Red Government) Party. The reports said all asked to join the Christian Democrats.

Nine members in Calabria, Southern Italy, said they "did not want to belong to organizations sponsoring the invasion of Italy by Soviet troops."

The rift in the party—biggest this side of the Iron Curtain—developed with the resignations on Jan. 26 of Communist deputies Valdo Magnani and Aldo Cucchi in Northern Italy. The two deputies quit because their fellow Communists would not declare opposition to invasion of Italian soil by Soviet Russia.

Seaman Charged With Armed Robbery

VICTORIA, B. C., Feb. 19 (CP)—Colin Chambers 18-year-old merchant seaman, Saturday was charged in city police court with armed robbery of the Victory Confectionery here.

He was remanded without plea until Monday in order to give him time to obtain defence counsel.

The youth was arrested by city police at about midnight in his home five hours after Mrs. Juanita Faulkner, confectionery clerk had been held up at gun point.

The arresting officers took custody of $43 cash in Chalmers' possession and a .44 calibre rifle.

Mrs. Faulkner came from the rear of the premises to wait on the customer. She said the young man she faced suddenly pulled a rifle from under his dark-colored coat and warned:

"This is a stickup—I wan your money."

Surprised and frightened, Mrs. Faulkner reached into the till and handed over what money there was. The hold-up man left immediately without another word.

Indian Fisherman To Appear in Court

PORT ALBERNI, B. C., Feb. 19 (CP) — Martin Saxey, 35-year-old Indian fisherman, is scheduled to appear in police court here tomorrow, charged with the murder of Lewis Oscar, Kyuquot Indian.

Saxey reached here Saturday from Zeballos under guard of Sgt. F. L. Jeeves of the R.C.M.P. The Indian had been held at Zeballos following his surrender to the postmaster of Kyuquot a week ago. He had been the object of a four-day hunt following discovery of the bullet riddled body of Lewis at the Vancouver Island West coast fishing village.

READ THE CLASSIFIED DAILY

Witness Demands Pay in Advance

VICTORIA, B.C., Feb. 19 (CP)—Because Arthur Radbourne, plaintiff in a $1200 civil suit, would not pay him his $4 witness fee, veteran Sergeant-Detective Henry Jarvis of the City Police refused today to testify in the Supreme Court trial before Mr. Justice A. M. Manson.

Radbourne said the detective was sitting outside the court but refused to testify because he had not paid him his witness fee.

Mr. Justice Manson said he could do little about the matter.

"I'm destitute," said Radbourne, "I have no means."

Radbourne then walked out of the courtroom to ask the detective again if he would testify on his behalf at the trial.

"Have you got the four dollars?" asked the detective.

"No," replied the plaintiff.

"Well, I'm not going in until you pay me," Detective Jarvis said.

Ukrainian Bishop Reaches Toronto

TORONTO, Feb. 19 (CP)—Bishop Platon, 59, regarded as the future leader of the Ukrainian Orthodox Church in Canada, reached here last night with a large number of Ukrainian immigrants.

The Bishop, who has shoulder-length iron-grey hair and a full bushy beard, fled from the Russians in his native Hungary in 1944. For the last seven years, he has been the representative of the Ukrainian Orthodox Church in exile, living in a displaced persons' camp at Ludwigsburg, Bavaria.

Rev. Peter Sametz and Rev. Dmytri Foty of St. Vladimir Church here told reporters that Bishop Platon will be appointed head of the Ukrainian Orthodox Church of Canada at a forthcoming convention.

Prospectors Open Lecture Courses

PRINCE ALBERT, Sask., Feb. 19 (CP) — Close to 70 men and women registered today for the 1951 prospectors' course here. They will learn what makes a Geiger counter tick and to tell the difference between gold, nickel, copper and other metals.

Provincial geological experts will lecture on uranium, geological mapping, prospecting equipment and the search for metals. City folk, trappers, students and housewives are taking the training along with prospectors for whom it is a refresher course.

Today's registration reflected increased interest in the Northern metal search. Last year only 40 attended the course.

ANDREWES, R.N., LEADS TASK FORCE

TOKYO, Feb. 19 (AP)— Vice-Admiral William G. Andrewes of the Royal Navy today was named Commander of United Nations' Task Force 95. He relieves Rear-Admiral Allan E. Smith of the United States.

Task Force 95, composed of ships of eight countries, is a blockading and escort force.

The force is drawn from the Navies of Canada, Australia, New Zealand, Netherlands, United Kingdom, Thailand, Korea and the United States.

Canada has three destroyers—the Nootka, Cayuga and Athabaskan—in Korean waters.

Unlikely to Close Quebec Paper Mills

MONTREAL, Feb. 19 (CP) — A spokesman for three major newsprint mills in Quebec's Saguenay district said today "there is little likelihood the mills will have to shutdown now" because of the box car shortage.

He said a flow of C.N.R. boxcars to the Lake St. John district in Northern Quebec during the weekend had been "encouraging."

MOSCOW, Feb. 19 (Reuters) — Almost 100,000,000 Russians put on their Sunday best today and went to the polls to "elect" representatives to the Supreme Soviets of 10 Union and 16 autonomous Soviet republics for four-year terms.

The result of the elections is a forgone conclusion. The Communist party allows no opponents.

40-Hour Week for T.C.A. Workers

MONTREAL, Feb. 19 (CP) — A 40-hour week will become effective April 16 for all trans-Canada Airlines ground employees, Company President G. R. McGregor announced today. The former T. C. A. work week was 44 hours.

Booklets Spread Anti-Red Attack

WASHINGTON, Feb. 19 (AP)—Innocent-seeming photographs and booklets are being used to circulate anti-Communist propaganda behind the Iron Curtain, a State Department report said Sunday.

The Department's Voice of America, in current overseas broadcasts is quoting from one such publication, an illustrated sports album that it says has been secretly circulated among Red Army occupation troops in Hungary.

As described by the Voice, the album bears the disarming title of "Sports in Hungary". The pictures show Hungarians engaged in a variety of Communist-sponsored sports activities, but the Russian-language text is said to contain plain spoken anti-Soviet attacks including:

"The object of every sports cell is preparation of victims for the war which the Kremlin leaders are preparing."

The publications represent a cold-war revival of a so-called "grey" propaganda device against Hitler familiar during the Second World War.

The Voice implied, without saying so directly, that the sports album was of Hungarian origin, but the possibility was left open that it had American or Western support.

Vote to Accept Six-Cent Raise

VANCOUVER, Feb. 19 (CP) —A company offer of a 40-hour week with same take-home pay plus a six-cent-an-hour wage increase today averted strike action in seven B.C. plants of Buckerfield's Ltd.

About 130 employees of the food company voted to accept the offer which will raise the basic wage to about $1.07 an hour.

The wage increase is retroactive to Oct. 20 for workers in the main Vancouver plant while it dates back to Dec. 1 for workers in branch plants at Victoria, Sidney, Abbotsford, Langley, Haney and Mission.

Meanwhile, about 125 workers of Brackman-Ker will take a strike ballot tomorrow following rejection of a three-cent conciliation board recommendation.

Reds Blast Thailand

SAN FRANCISCO, Feb. 19 (AP) —Communist China fired a furious propaganda broadside against little Thailand (Siam) for what the Reds called "large-scale persecution" of 3,000,000 Chinese in that country.

A series of broadcasts from Peiping, heard in San Francisco by the Associated Press, included irate editorials from a numbre of Chinese Red papers and blustering protests by an official spokesman of the Chinese Red Commission of Overseas Chinese Affairs.

Predicts Bigger House Shortage

MONTREAL, Feb. 19 (CP) — F. A. Mager, President of the National House Builders' Association said today that Canada's housing shortage will get worse in the coming year.

In his annual report to the Association convention, Mr. Mager said curtailment of the National Housing Act by eliminating the "additional one-sixth loan" is an "alarming move."

He said this will make down payments $1000 more than at present on five-room houses and $1500 more on six room houses.

Mr. Mager, who resides in Winnipeg, was reelected President.

Provincial vice presidents include Lanktree Thompson, Vancouver; R. B. Grady, Edmonton; Arnold Rogers, Saskatoon; Walter Bergman, Winnipeg.

Suicide Verdict In Xandry Case

VANCOUVER, Feb. 19 (CP)—A coroner's jury decided that 76-year-old Ramon Xandry committed suicide after he shot his landlady and tried to burn down her North Vancouver home.

Xandry died Wednesday after he slashed his throat. Mrs. Rose Casano, mother of four children, was severely injured by the bullet, but was reported in an "improved condition" tonight.

Firemen found the one-time fisherman in his smoke filled room when they rushed to the scene.

Evidence at the inquest indicated that Xandry was "worried over petty grievances" at the time of the shooting. Mrs. Casano said from her hospital bed that he had been moody for several days.

Fine Trainmen's Union $75,000

WASHINGTON, Feb. 19 (AP)—The Brotherhood of Railroad Trainmen pleaded guilty to contempt of court today in the recent "sick" strikes in railyards and was fined $75,000.

Federal Judge Edward Tamm ordered the fine in U. S. District Court here immediately after the surprise plea.

He said he was fining the Union $50,000 for criminal contempt as a "punitive" penalty for the strikes which occurred despite army operation of the railroads.

The other $25,000 for civil contempt was intended to compensate the Government for the cost of bringing the legal proceedings against the Union.

N.R.C. MAKES GRANTS FOR MEDICAL RESEARCH

OTTAWA, Feb. 19 (CP) — Grants totalling more than $437,000 for medical research in various universities and hospitals have been awarded this year by the National Research Council.

The Council said today the money will help support research in many different fields, including studies of central nervous system and special senses; properties of the blood and surgical conditions including shock.

Commodore Miles Dies, Esquimalt

VICTORIA, B.C., Feb. 19 (CP) — Commodore George R. (Gus) Miles, O.B.E., Commanding Officer of the Royal Canadian Naval barracks at Esquimalt died today at the commodore's residence. He was 49.

A native of Rothesay, N.B., he started his naval career at the Royal Naval College in 1916 and held many important posts before coming to the Esquimalt naval base a year ago.

During the Second World War, Commodore Miles commanded the destroyer Saguenay, and also the Athabaskan.

Both destroyers were damaged in enemy action and he was mentioned in dispatches for "courage and seamanship." He returned both of his damaged charges to allied ports.

Commodore Miles, who died of a heart attack, had also held administrative posts at Naval Headquarters in Ottawa and at Halifax, where he was Chief of Staff to the Commander-in-Chief, Northwest Atlantic Command. He also commanded the aircraft carrier Magnificent from 1948 until his position here in February, 1950.

Commodore Miles is survived by his widow and two daughters, now at Esquimalt, and his mother, father and two sisters in Rothesay.

Railway traffic between Scandinavia and the European continent goes mainly through Copenhagen.
