10 HOURS SILENCE AFTER CRY FOR HELP FROM STRICKEN ISLANDERS

MANILA, Sept. 10 (Friday) (AP) — Deadly gases spewed from Hibokhibok Volcano today, imperilling the last 15,000 Filipinos still on tiny Camiguin Island.

Ten hours had passed without word of their fate.

The last message from the South Philippines Island, where the volcano has been in eruption for 10 days, was an urgent appeal for all ships in the area to come to the rescue.

That word came from Arutor Alcaraz, Philippines Government volcano expert. Nothing has been heard from him since.

Both Alcaraz and the Manila Daily Bulletin's correspondent reported the creation of a new crater on the volcano. It is the second crater formed since the eruption began Sept. 1.

Favor Doubling Poll Tax; Fight Forseen

Municipalities Convention Approves Vote for Chinese-Canadians; Trail Licensing Resolution Rejected

By ALBERT HUNTER
Canadian Press Staff Writer

HARRISON HOT SPRINGS, B.C., Sept. 8 (CP)—*British* Columbia's municipalities today favored extension of the civic franchise to Canadian-born or naturalized Chinese citizens.

The final session of the three-day convention of the Union of B.C. Municipalities here heard representation from Denis Murphy of Vancouver, solicitor for the Chinese Benevolent Association, and Foon Sien, Association President.

Mr. Murphy asked that section four of the Municipalities *Elections Act be amended to read:* No Chinese, *other than* those born or naturalized in Canada, shall vote. At present the act withholds the franchise from both Chinese and Japanese. Last year, East Indians were given the right to vote.

"The Provincial and Federal Governments have seen fit to remove restrictions, based solely on racial discrimination," said Mr. Murphy.

PRINCIPLES UNLIMITED

"If you refuse to extend deomocracy to your own citizens, you can well imagine the propaganda that will be circulated from Czechoslovakia to Vladivostok, that we do not appreciate democracy."

"Chinese pay tax on land and business and still we allow them no franchise."

"The eyes of the world and of all nations are on you at this moment," Mr. Murphy said. "We must show that we will not allow limitations on democratic principles."

Foon Sien, head of a two-man Chinese delegation, said the Chinese "always try to be law-abiding, pay taxes and donate to charity. They should have the vote."

The second Chinese delegate, Richard Mar of Vancouver, was the first Chinese-Canadian to land in France during the Normandy invasion.

The only voiced objection to extension of the franchise came from West Vancouver Councillor J. W. Fletcher.

"We're playing with dynamite," he said. "Such a thing will affect the entire future of the white man in B.C."

"Extension of the franchise will lower the bar and allow all Orientals to move here by the millions."

A resolution from Trail, B.C., concerning refusal of licences was *rejected by the convention.* The Smelter City had asked that the Municipal Act be amended to allow councils, in any particular case, to refuse licences without stating reasons to the applicants. Trail also asked that such council action should not be open to question or review by any court.

Provision is made for refusal of licences in particular cases in both the Vancouver Incorporation Act and the Ontario Municipal Act.

Actin Mayor George C. Miller of Vancouver told the Union the measure had been used "only once or twice" since its inception in Vancouver.

"The care and discretion we used saved us from having the measure removed from the Incorporation Act."

"It is dangerous if not used properly," he said, "but it can be useful."

Delegates, opposing the resolution, termed the measure "both dictatorial and undemocratic."

The Kootenay City of Rossland *met with approval on its resolution to have the poll tax increased from $5 to $10 for employed persons over 18 years of age and not paying property tax.*

The Rossland delegation felt that "if poll tax is a nuisance, then let's make it a proper nuisance."

Ald. J. D. Cornett of Vancouver predicted an "attack" on the measure.

"This tax is fast becoming a sore spot with lots of people."

Social services entered into discussion for the second day. A Langley resolution, asking that the Provincial and Federal Governments assume all costs of old age pension social service, was endorsed. Earlier, the convention had adopted a three-point social service program which dealt with Government payment of the entire cost of tuberculosis and cancer treatment; indigent funerals; and Government provision of social investigation and supervision.

STANDARD ASSESSMENTS

Five resolutions from Prince Rupert were considered by the 141 delegates.

The convention endorsed motions asking that the gasoline tax be remitted on all gasoline used in municipally-owned vehicles. And that the Provincial Government be asked to establish a Provincial view to standardizing assessments Assessment Commission with a throughout the province.

A resolution dealing with the Trans-Canada Highway was referred to the Union Executive for consideration. The Association of Kootenay Municipalities asked that the Dominion Government be petitioned to give immediate consideration to establishment of a Tans-Canada Highway system. The Kootenay group also requested immediate establishment of a high commission to deal with the question.

Another Kootenay resolution asked *that the Dominion Government* bear the responsibility of subdivisions for the purpose of low-rental housing schemes, sponsored by the Dominion Government.

The convention went on record as favoring limitation of the number of individual motor vehicles which may operate within a municipality as taxi cabs. Delegates endorsed a New Westminster resolution to this effect and proposed an amendment to the Municipal Act specifically empowering municipal councils to limit the number of such vehicles.

VICTORIA FAVORED

Victoria was chosen as the site for the 1949 convention. Nelson had submitted a request that the meeting be held there, but a show of hands vote accepted Victoria.

TAX DE[illegible] GEARED TO SNATCH EVADERS

Series of Prosecutions to Net $1,000,000

18 CASES

By H. DENT HODGSON
Canadian Press Staff Writer

OTTAWA, Sept. 9 (CP)—The National Revenue Department's intelligence branch is gearing itself for a series of prosecutions, which will probably net the Government—and indirectly, the people of Canada—more than $1,000,000.

The branch has 18 court cases pending in which it will place charges involving $930,000 in evaded taxes. Other cases, not yet before the courts, are being investigated.

The intelligence branch, organized in 1945 and now staffed by about 80 investigators at the various larger offices across Canada, already has turned up about $2,924,000 in evaded taxes, on which $627,000 in fines were paid by the evaders.

The Department finds it hard to determine how many "voluntary" disclosures were made because of the prosecutions, but they amount to at least another $250,000.

Most of the temptation which caused the evasions came during the war, when companies faced with excess profits taxes found that after a certain level of profits, the tax was 100 per cent. Majority of the evasions came either through setting up systems of "double books," in which sales were suppressed, through fictitious purchases, or both.

The 18 cases pending range from Atlantic to Pacific, and the largest—still a departmental secret — involves $235,000.

Would Set Deadline for Wage Awards

HARRISON HOT SPRINGS, B.C., Sept. 9 (CP) — A special committee, under the chairmanship of Mayor Percy George of Victoria, today submitted a report to the Union of British Columbia Municipalities' convention on the address Tuesday by Municipal Affairs Minister MacDonald.

The committee concurred with the minister's suggestion that any awards affecting the salaries of civic employees shall not be effective in any calendar year unless made prior to a definite date in that year. Mr. MacDonald had suggested in his address that such awards do not take effect until Jan. 1 of the succeeding year.

The report, endorsed by the 141 delegates, also approved the desirability of a municipal council keeping within the anticipated revenue originally budgeted for.

The committee asked the delegates to give consideration to the careful presentation of municipal matters by the Municipal Affairs Minister.

EYES OF DEAD WOMAN MAY AID PATIENT

LOWELL, Mass., Sept. 9 (CP)—The eyes of a woman who died at Memorial Hospital in Worcester may give new sight to another middle-aged woman who has been suffering from failing eyesight for the last 10 years.

A surgeon at St. John's Hospital here yesterday replaced the cloudy cornea of the right eye of a 54-year-old woman with the clear cornea from the eye of the dead woman. The eyes had been willed to the Boston Eye Bank of the Massachusetts Eye and Ear Infirmary.

Greeks Kill Slav Invaders

ATHENS, Sept. 9 (AP) — War Minister George Stratos said tonight Yugoslav troops invaded Greece yesterday and that Greek troops killed nine of the Yugoslavs.

The Minister appealed to the Western allies and United Nations to intervene before Greek soldiers lose their tempers over what he described as provocations by Albania, Yugoslavia and Bulgaria, and set off a general conflagration.

Stratos said Greece will consider accepting an international military force to seal off 500 miles of borders of the neighboring countries, which he accused of continuing to did the Communist guerrillas of Markos Vafiades.

A communique said the attackers launched their drive from inside Yugoslavia and took a peak in the Kaimatchalan area. The army took it back in a counter-attack, the communique added.

Banner-Waving Salmo Students Quit School

SALMO, B.C., Sept. 9—School classrooms were empty in this center today as all students left in protest at school conditions, then paraded through the town in shouting groups, waving slogan-carrying banners.

A "majority" of parents and guardians of the 250 school children agreed today to keep their children out of school until "proper facilities are available for all the children in the Salmo District."

A petition to this effect was signed by the parents.

Most of the banners read, "We're on strike, we want a new school!" One said, "Why go to a chicken coop for a school like we have in Salmo?", another, "Only suckers go to schools like we have in Salmo!"

The parades continued Thursday night.

Classrooms were filled Thursday morning, but at noon it was decided to "strike." Wednesday, 48 pupils had been dismissed from Grades V and VI when their basement classroom was condemned because of dampness and danger to health.

Meanwhile, officials of Nelson **School District No. 7, which includes Salmo, were "exhausting every effort" to find suitable accommodation for the Salmo children and overcome the serious overcrowding problem.**

Henry John, Chairman of the Board of Village Commissioners, was keeping in close touch with Department of Education heads, and today wired Hon. W. T. Straith, Minister of Education, in connection with the situation. He had received a wire Wednesday promising immediate action.

School Board officials said they had been unable to obtain the Knights of Pythias Hall for classrooms as had been hoped, but that other negotiations were continuing.

Rumors in Nelson Thursday that Harrop pupils had "walked out" proved groundless. It was explained there had been a "misunderstanding" over a teacher appointment. However, school was expected to start Friday, with Mrs. A. E. Dalgas appointed as teacher. Mrs. Dalgas taught at Harrop last term.

PENTICTON TO EXTEND POWER SYSTEM

VICTORIA, Sept. 9 (CP) — Penticton plans on borrowing $125,000 to extend and renew sections of its light and power distribution system.

The Provincial Government by order-in-council has approved the sale of debentures on the serial plan, maturing fully in 20 years, to raise the amount.

Quebec Agrees To Health Plan

OTTAWA, Sept. 9 (CP)—Quebec has agreed to take part in the Federal Government's $30,000,000-a-year national health plan, Health Minister Martin said tonight.

He told the 19th Congress of the *Association of French-language Doctors* in Canada this meant that all nine provinces have agreed to co-operate.

"I am happy to report," he said, "that yesterday the Premier (Duplessis) of Quebec informed me by telephone that his Government would take advantage of the plan."

TO BACK BORROWING

VICTORIA, Sept. 9 (CP) — The Provincial Government will guarantee the principal and interest in respect of $131,000 debentures authorized by by-law for work on the waterworks system of the Village of Campbell River. Guarantee was given in an order-in-council released at the Legislative Buildings today.

Farmers' Income Still Climbing

OTTAWA, Sept. 9 (CP)—Farmers' cash income from the sale of their produce advanced steadily to a total of $974,212,000 in the first half of 1948 from $732,704,000 in the corresponding period last year and $620,193,000 in 1946, the Bureau of Statistics reported today.

Adding in the supplementary cash payments under the Prairie Farm Assistance Act, the Wheat Acreage Reduction Act and the Prairie Farm Income Act, the total cash receipts for the first half of this year were $989,572,000 against $742,626,000 in 1947 and $636,244,000 in 1946.

A large share of the increase was attributed to substantial sums paid out in Western Canada by the Canadian Wheat Board in connection with adjusting, participation and final equalization payments on wheat, flaxseed and oats.

Cash income from the sale of farm products for the first six month of this year by provinces, with totals for the same period of 1947 in brackets includes: Manitoba, $72,638,000 ($54,669,000); Saskatchewan, $167,289,000 ($115,368,000); Alberta, $163,147,000 ($120,784,000); British Columbia, $42,167,000 ($32,779,000).

LONDON, Sept. 9 (Reuters)— A British DeHavilland Research plane is believed to have exceeded the speed of sound—about 720 miles an hour—in recent high-speed development trials, the Ministry of Supply announced tonight.

ONE KILLED, 22 HURT IN BLOODY BERLIN CLASH

Street Battles After Protest of Drive for Power

SOLDIERS STONED

BERLIN, Sept. 9 (CP)—One person was killed and 22 were injured by *bullets* and *stones* during a bloody street clash tonight between Berlin civilians and Russian troops, supported by Eastern Berlin police, official reports said.

The clashes occurred near Brandenburg Gate after 200,000 Germans demonstrated in a nearby square against the Communist drive for power over the blockaded city.

It was a meeting which dwarfed all previous rallies in post-war Berlin. The Communist-sponsored Socialist Unity Party tonight called upon "the workers of Berlin" to mass for a big counter-demonstration Sunday.

TOMMYGUNS FIRED

Part of the home-going throng stoned three Russian soldiers in a jeep. They tossed rocks at the massive memorial the Red Army erected to the conquest of Berlin. One demonstrator climbed atop the memorial and tore down a Russian flag.

Soviet troops that rushed to the scene fired their Tommyguns.

Russia-controlled German police fired pistols on demonstrators on the Soviet side of the granite gate *which is the dividing line* between the Russian and British sectors of Berlin. Russian military police drove a jeep through the gate into the British sector and fired Tommyguns into the air until British-controlled police and soldiers persuaded the crowd to disperse.

British sector police said Fritz Scheurmann, a 16-year-old German boy, died from gunfire wounds in the stomach while en route to hospital. The Soviet-licensed German News Agency said two Communist policemen were wounded by gunfire and claimed "one is presumed to have been injured fatally."

May Ask Britain To Develop Uranium Deposits

REGINA, Sept. 9 (CP) — Should the Dominion Government decline to undertake development of radioactive minerals in Saskatchewan, the British Government may be asked to do so, Premier T. C. Douglas said today.

He intends to discuss this possibility with the Atlee administration when he visits London late this month. The Premier, who will leave Montreal by air Sept. 22, will represent Saskatchewan at the first post-war Parliamentary conference of the Empire Parliamentary Association which opens at London Oct. 19.

SIGN TRADE PACT

SOFIA, Sept. 9 (AP) — Bulgaria and Hungary signed a trade agreement yesterday. It provides for an exchange of Hungarian machinery, railway equipment, metals, electrical materials and chemicals for Bulgarian agricultural products, tobacco, furs and vegetable seeds.

Feted Car Caravan Sweeps Into Nelson

80 Prairie, B.C. Delegates Arrive in 40-Car Line; Trans-Canada Highway A "National Asset" States Blackmore

The last lap of its journey across the three Western Provinces ended ,the 40-car main contingent of the Eastern section of the On-to-Nelson Caravan surged into Nelson Thursday evening, its enthusiasm for the Southern Trans-Canada Highway movement stronger than ever.

Some 80 Prairie and British Columbia delegates, including prominent figures in Parliamentary and Government spheres, arrived from the East. It was not known how many came from the West, but Vancouver, Grand Forks and other points East of Princeton were to be well represented.

First cars from the vast Eastern section of the motorcade reached Nelson shortly after 6 p.m. They had filed along the North Shore highway with B.C. Police escort, and at Nelson ferry landing were greeted by the *Trail Kiltie Band.* A parade took the visitors to Nelson Board of Trade Rooms for registration.

A number of Board of Trade members, their wives, and Kaslo Board of Trade members went to Kootenay Bay on the M.V. Anscomb to informally welcome the visitors, first of whom were expected for the 4:05 run from Kootenay Bay.

In the first group to draw to a halt at the ferry landing were D. Leydon, Assistant Secretary of the Calgary Board of Trade, V. A. Newhall, City Commissioner for Calgary, and W. Earle Robertson, member of the Board of Directors of the Calgary Board of Trade, Dr. F. W. Green, M.L.A. for Cranbrook, and Mrs. Green, Paul Storey, M. L. McFarlane and Ray Lynch of Cranbrook, a Fernie Board of Trade delegation, Ted Thurman of Regina, Sask., W. Begin of Cadillac, Sask., and Mr. and Mrs. C. H. North, part of the Moose Jaw representation, who were on their honeymoon.

There was John Blackmore, Social Credit Member of Parliament for Lethbridge, who had praise for Caravan promoters and their objective. Completion of the Southern Trans-Canada Highway was "highly desireable," he said. It was a "national asset" from a number of angles, principal among which was the stepping up of commerce between British Columbia and the Prairies.

Commenting on the timing of the Caravan, Mr. Blackmore said he believed it had lost some of its impetus through postponement because of the Spring floods. "A warmed up dish is never the same as a fresh plate," he termed it.

"However, it's not the Caravan itself that counts so much. It's *the support it has of the hundreds* of thousands along the route and those dependent on the route."

DELAYED BY DUST

Scheduled to leave Kootenay Bay at 4:05, the Anscomb waited a few minutes for the arrival of the main part of the Caravan, which was delayed through dust on the Creston-Kootenay Bay Highway. The stream of autos rolled into sight at 4:15 under police escort.

It brought with it delegates of the various Boards of Trade and the Chambers of Commerce in Saskatchewan, Alberta, the Crow's Nest and East Kootenay. In the front was E. R. McFarland, President of the Lethbridge Chamber of Commerce and instigator of the highway movement.

Mr. McFarland said the Caravan showing was "excellent," despite the facts that it had been postponed, that the Prairies were in the midst of harvesting, and that many of the Prairie's business men that had intended to make the trek had already had their holidays.

Extending handshakes and words of welcome to the delegates at Kootenay Bay and on the ferry were John Learmonth, President of the Nelson Board of Trade, Walter Hendricks, Vice-President and Caravan General Chairman; Mayor G. S. Baker of Kaslo, A. Logan MacPhee, President of Kaslo Board of Trade, and others. They wore ribbons bearing the word "host."

Fruit, maps of the district, and the program for the next two days, were distributed from a booth erected close to the ferry landing. It was managed by Mrs. E. T. Bodard and Mrs. T. H. Johnstone, *wives of Nelson Board of* Trade members.

On board the delegates chatted with members of the Reception Committee, and were pointed out scenic and historic points of interest along Kootenay Lake. The weather was ideal.

In the Prairie delegations were Hon. Charles C. Williams, Saskatchewan Minister of Labor, who will speak for Saskatchewan at the Caravan banquet Friday night; J. A. Jardine, Mayor of Lethbridge; G. R. Davis, Mayor of Macleod, Alta., Ald. G. A. Ferguson of Moose Jaw, W. M. Rae, Mayor of Medicine Hat, Alta., W. Cooper, Mayor of Cardston, Alta., A. Aitken, Secretary-Manager of the Regina Chamber of Commerce, who organized the Saskatchewan representations, and S. R. Lamb of Lethbridge, Superintendent, Southern Alberta, Canadian Pacific Railway.

Thomas Uphill, M.L.A. for Fernie, joined the Caravan on its trek through the East Kootenay, as did Hon. Frank Putnam, British Columbia Minister of Agriculture, whose home is at Erickson. Mr. Putnam's car was one of several that added to the Caravan's strength at Creston.

At Balfour the cars lined up and proceeded along the North Shore, waved on by waypoint residents. The length of the procession was recorded by Associated Newsreel camera man Ross Beasley, who stationed his camera above the highway at Longbeach.

At least three cars carried Press representatives, including a Time magazine agent, Canadian Press staff writer, and Lethbridge and Calgary reporters. Photographers were also on hand.

Upon reaching Lakeside Park, where the Trail Kiltie Band piped a medley of march tunes, the cars *assembled for the parade uptown.* Nelson ferry made continuous trips to transport the lengthy chain of cars across the Arm.

A Trail Maple Leafs Band concert at Lakeside Park entertained the visitors, as well as hundreds of Nelsonites, in the evening, prelude to two busy days of caravan meetings and banquets Friday and tours at Trail and Rossland Saturday.

Kootenay Welcomes On-to-Nelson Caravan Delegates

Cannonballing toward the M.V. Anscomb landing at Kootenay Bay, this chain of On-to-Nelson caravan cars was part of the main group of 40 from the Prairie Provinces and Eastern British Columbia. Only 12 are in the picture. In the window of the front auto is the pennant of a delegation from Macleod, Alta. A B.C. *Police Highway Patrol car* escorted the motorcade.

Three prominent figures in the caravan arrivals from points East were Hon. Frank Putnam, British Columbia Minister of Agriculture, Thomas Uphill, M.L.A. for Fernie, and John Blackmore, Social Credit *Member of Parliament for Lethbridge, above.*

Caravan delegates received a warm welcome from members of the Nelson and Kaslo Boards of Trade, shown above, with wives of Nelson Board of Trade members, who distributed fruit, maps and caravan programs from the conspicuous information booth at Kootenay Bay. From left, Walter Hendricks of Nelson, General Caravan Chairman; H. E. Thain of Nelson, A. L. MacPhee, President of Kaslo Board of Trade, C. H. Stark, E. T. Bodard, Mrs. Bodard, Mrs. T. H. Johnstone, T. D. Rosling, G. W. Sterling, H. W. Robertson, *all of Nelson,* Mayor G. S. Baker of Kaslo and T. H. Johnstone of Nelson.

Call for New French Elections

By ROBERT WILSON

PARIS, Sept. 9 (AP) — An official spokesman for Gen. Charles De Gaulle called tonight for new French national elections.

This was the first time De Gaulle has intervened during a Cabinet crisis.

Jacques Soustelle, Secretary-General of De Gaulle's Rassemblement Dup Peuple Francais, made a statement to the Press at a moment when:

1. The veteran Radical-Socialist Henri Queuille had accepted formally the nomination for Premier of France.

2. Labor unrest flared throughout France and her colonies.

On the outskirts of Paris, workers of the Renault automobile factory quit their jobs and began a march toward the centre of the city.

A large police contingent met them along the route. They attacked the police with paving stones and overturned a police car. Before the group was dispersed, a dozen workers and 20 policemen were injured.

"After last October's municipal elections (in which the De Gaullist forces won about 40 per cent of the vote) Gen. De Gaulle declared it necessary to give the nation its voice as soon as possible.

"Today it is even more necessary to harmonize national representation with the popular will. Certainly the voting laws must be overhauled. But it is inadmissable that, under the pretext of doing this, an election should be delayed.

"The Rassemblement Du Peuple Francais holds there is no other democratic solution than to hold general elections as soon as possible."

$17 MILLION BILL FOR FLOOD REHABILITATION

VICTORIA, Sept. 9 (CP)—Traders garage and service station operators who had their premises damaged by the Fraser Valley floods last Spring, may have their buildings restored to their pre-flood condition.

This has been made possible by changes in the regulations of the Fraser Valley Rehabilitation Authority, Premier Byron I. Johnson announced today.

Traders include such establishments as grocers, drygoods merchants, but does not include manufacturing enterprises. In no case do the benefits include replacement of fixtures or equipment.

Fruit growers who lost their plants in the flood and who may not wish to return to the same line of business may use their credits for starting off on some other form of agricultural produce.

The Premier emphasized, however, that no cash payments would be made.

Hop growers and nurserymen, previously excluded from benefits will be placed in the agricultural category which will entitle them to new seed or plants, fertilizer and restoration of buildings and fences.

NO CROP LOSS PAYMENTS

The Government remains adamant that no compensation is to be paid for actual crop losses or the fact that some classes of farmers, mainly fruit farmers, may have no cash crop for two or three years.

With a total flood relief and rehabilitation bill estimated at more than $17,000,000 the Government thinks it has done about as much as it can. Meanwhile it is contended there is plenty of work at good wages in the rehabilitation program.

The authority is following a policy of employing all the local labor available before going outside.

TRUTH, JUSTICE, PEACE THEIR CONCERN POPE TELLS LEGISLATORS

CASTEL GANDOLFO, Italy, Sept. 9 (AP)—Pope Pius today told an international gathering of legislators that "truth, justice and peace" should be their great concerns, members of the audience said.

The Pontiff spoke to delegates to the 37th conference of the International Parliamentary Union, meeting in Rome.

Talking to a group of the 16-man United States delegation after the general audience, the Pope expressed "sincere appreciation for what the United States has done for humanity and the world," hearers said.

Trail Bands Make Big Hit at Nelson

Hundreds of Nelson citizens, their ranks swelled by On-to-Nelson Caravan delegates and their families, swarmed into Lakeside Park Thursday night to hear the captivating music of Trail Maple Leaf Band.

The large lawn area fronting the flagpole was packed with spectators, all benches even into the picnic grounds were filled, and the entire parking area surrounding the Park was jammed to capacity with cars as citizens, hungry for seldom-heard band music, turned out for the concert. On every porch in the nearby neighborhood, residents sat to hear the amplified music.

Swinging marches, a variety of classical selections and popular tunes all combined to make a sparkling program hugely enjoyed by the audience.

The Trail aggregation was seated on a section of lawn immediately in front of the flagpole, with floodlights overhead. William Di Pasquale was conductor. The flagpole base was used as a speaker's platform, with E. T. Bodard, Caravan Entertainment Committee Chairman, announcing over the public address system.

Scintillating accordion selections by soloist Louis Semonetti also delighted the crowd.

KILTIES ENTERTAIN

It was a busy day for another Trail group in the Trail Kiltie Band. The Kilties met the Caravan travellers at the ferry at 6 p.m., led them to town in a parade of nearly 50 cars, and serenaded them in front of the Hume later in the evening.

Mrs. C. G. Chanter Laid at Rest

Funeral services for Mrs. Charlotte Gertrude Wolferstan Chanter, who was visiting from England with her son, F. H. Chanter of Willow Point, when she died at Kootenay Lake General Hospital Monday, were held from St. Saviour's Pro-Cathedral Thursday afternoon. Rev. T. L. Leadbeater officiated.

Hymns sung were "Jesus, the Very Thought of Thee" and "Abide With Me."

Pallbearers were H. C. Carne, K. Eaton, Paul Lincoln, George Scott, D. G. R. Sargent and Commander B. A. Smith.

Interment was in the Anglican Church Plot of Nelson Memorial Park.

Mrs. Chanter was born in England in 1872. Her home was in Bristol, where she was an active hospital and church worker.

HE BROUGHT HOME THE BACON . . .

Some fishermen bring home fish.

Some fishermen bring home tall tales.

But fisherman D. H. Butler of Nelson brought home bacon—in the form of two small pigs.

Mr. Butler landed the pigs in the middle of Kootenay Lake, near Kaslo.

His story was:

He had hooked a "goodsized" Rainbow, but after a man-versus-fish battle, he lost the fish, and his tackle.

But he did succeed in boating two pigs, swimming near his boat.

On his return to Kaslo, where he was visiting his parents, Mr. and Mrs. Patrick Butler, he turned them loose for a day. He then brought them to Nelson.

Why the animals were swimming about so far from either shore could not be immediately explained.

Governorship Tussle Ends in Talmadge Win

ATLANTA, Sept. 9 (AP) — Gov. M. E. Thompson conceded the Governorship of Georgia to 35-year-old Herman Talmadge today, ending a struggle for power that began 20 months ago.

He conceded on the basis of unofficial returns in a Democratic primary that gave Talmadge a popular lead of 271,515 to 241,005 and a county unit vote margin of 316 to 86. This was from 1399 of the state's 1763 precincts.

Talmadge, meanwhile, was ready for a special legislative session to install him in office early in November, immediately after the general election.

"The people give, the people taketh away," Thompson added. "Blessed be the name of the people."

Staking his campaign on a fight against President Truman's civil rights program, Talmadge led from the beginning of the count in yesterday's primary.

His father, Eugene Talmadge, was four times elected Governor of Georgia.

BIG CHORES AHEAD FOR P-C DELEGATES

By D'ARCY O'DONNELL
Canadian Press Staff Writer

OTTAWA, Sept. 9 (CP) — A tentative program has been drawn up for the Progressive Conservative Party's National Convention here Sept. 30, Oct. 1-2.

The highlight will be the selection Oct. 2 of a successor to John Bracken, who at 65 is retiring as party leader because of age and ill-health.

But before the leadership voting takes place a good deal of work will be done. A 193-man Resolutions Committee will meet in camera on the two days immediately preceding the convention. The committee, which will be broken down into sub committees on External Affairs, agriculture, labor, natural resources, social security, veterans affairs, and trade and taxation, will deal with resolutions from party organizations across the country.

The committee's report in printed form is expected to be placed in the hands of delegates the second day, most of which will be spent discussing the resolutions to be inserted as new planks in the party platform.

FAREWELL SPEECH

Formal opening of the convention is set for 9 a. m. Sept. 30. J. M. Macdonnell, President of the Progressive Conservative Association of Canada, will call the convention to order. Addresses of welcome will follow and Mr. Bracken will deliver his farewell speech as leader.

Ironing out of procedure and the appointment of various committees will take up most of the afternoon session on the opening day.

Reports of committees, including the Resolutions Committee, will be discussed the second day. At the evening session, the delegates will hear addresses of candidates for the leadership post. Each candidate will be allowed to speak 20 minutes, his mover 10 minutes and his seconder five minutes.

Deadline for leadership nominations, which must be filed in writing has been set for 6 p. m. Oct. 1.

On the third day—Oct. 2—delegates will devote the morning to consideration of the Resolutions Committee's report. After the luncheon adjournment they will start voting for a leader.

The convention will end with the speech of acceptance by the new leader.

Trail Takes Finals Opener

TRAIL, B.C., Sept. 9—Trail Golden Bears Thursday night defeated the Spokane Dynamos 14-6 to take the first game of a best-of-five final series.

Following up from an opening Trail score by Bobby Kendall, the Bears led through the entire game, cornering period scores of 3-2, 5-4, 9-4 and 14-6.

Half-way through the final quarter Trail came up with three fast goals—McLeod from Bilesky and two by Moon. Moon's last was assisted by goaltender Merlo.

Lineups:

Trail—Merlo; N. Turik, Casey, Robertson, Moon, Kendall, Exner, Barnes, Bruce, Featherson, McLeod, J. Bilesky, A. Bilesky, Roberts.

Spokane—Al Laface; Graves, Martin, A. Laface, Wassick, Joe Laface, Jack Laface, Griffin, Smith, Mayo, Robertson, Gallicano, Babe Laface.

Four Nelson Lady Golfers To Trail Tourney

Four Nelson lady golfers will travel to Trail to participate there Saturday and Sunday in the West Kootenay ladies' golf tournament, postponed in the Spring owing to flood conditions.

They are Mrs. Harold Lakes, Mrs. Margaret Harrop and Miss Jessie Gentles of Nelson and Mrs. B. Townshend of Willow Point.

They will vie with other golfers from Kaslo, New Denver, Trail and Rossland for the Hazelwood Cup and other prizes.

MAYOR RETURNS

Mayor T. H. Waters, newly elected Vice-President of the Union of B.C. Municipalities, returned from Harrison Hot Springs Thursday night, where he attended the Union convention.

Mayor Waters will officiate today at the On to Nelson Caravan sessions, welcoming delegates at the morning business session and speaking again at the banquet.

He said he found more interest in the Southern Trans-Canada Highway Association project than he had anticipated and there was much interest in the leaflets and pamphlets on the subject distributed at the Pacific National Exhibition by Mayor Waters and J. M. Ferris, Canadian Pacific Airlines representative at Nelson.

The Mayor was accompanied home by Mrs. Waters and his sister, Mrs. A. E. Blackwell. They left Harrison Wednesday night.

Truman Sounds Keynote for Election Drive of Bitterness, Demagoguery

By CLYDE BLACKBURN
Canadian Press Staff Writer

WASHINGTON, Sept. 9 (CP)—President Truman has sounded the keynote for an election campaign that starts out with bitterness and demagoguery not usually associated with contests for the highest office in the land.

Without a carefully prepared speech Truman can do a good job of talking on something important with which he is familiar and which does not arouse his ire.

But on his initial appearance on the hustings in his quick swing through Michigan, many of those who accompanied him or heard him on the radio have expressed the fear that he may be something less than impressive.

OLD ARGUMENTS

He used many of the old arguments and attempted to arouse old fears, such as warning that a Republican victory may mean a depression and idleness for those who voted for the party.

He accused the Republicans of "bribery" in connection with reports that the party had circulated its supporters asking them to share with the party treasury some of their savings resulting from Republican tax decreases.

Yet in his acceptance speech at the convention in Philadelphia, Truman bluntly told the farmers and the workers that the high returns they were getting for their efforts were due to a democratic administration and that both farmers and workers would be "ungrateful" if they did not support him at the polls.

Then Harold Stassen came along and added to the serious nature of these charges in high places by telling a Detroit audience the day after Truman addressed 500,000 at a Labor rally there, that the President's audience was present by coercion.

THREATS AND FINES

Stassen, opening the campaign for Republican candidate Thomas E. Dewey, Governor of New York, said the Truman audience turned out under threats of $3 fines, made to union members by Labor bosses, if they did not attend.

Truman has also been assailed on his arguments against the Taft-Hartley Labor Law which he promises to repeal and which he claims enslaves labor.

Against Truman's continued and somewhat vague blasts against the Taft-Hartley Act and its "enslavement" of the Labor man, strikes are proceeding on both coasts and labor is in better shape than ever before.

"PESSIMISTIC" FORECASTER SEES READJUSTMENT, NOT BUST

By The Canadian Press

Typical of comment on business prospects are two from American sources, as quoted by the Wall Street Journal. They are on United States conditions, but are representative of what is being said about the North American economy generally.

Distributors Group, Inc.: "When the fact that 'cold war' expenditures (including both the European recovery program and national defence) will grow in the next year or two is borne in mind, and that the present shortage in many lines, particularly in heavy industry, shows little sign of abating, real spendable income seems likely to increase, not decrease.

"It is against this background rather than one of vague feas and groundless rumor, that current business volume and earnings should be considered.

W. E. Burnet and Co., New York stock brokers, think along a somewhat different immediate line, though hopeful in the long range. They say:

"Our long and great business boom becomes more and more vulnerable . . .

"A change has been long predicted, long expected. Its delay should not lull us into a belief that we won't descend from our present business boom plateau.

"The readjustment will not be of long duration—a year at most. It will cause a drop in national income of not over 25 per cent, in commodity prices of not over 20 per cent, in common stocks to not under 140 in the industrial averages."

It is of interest that the more "pessimistic" forecasts, if they may be called such, refer to a "readjustment" rather than to anything in the nature of a crash. In the view of many, a "readjustment" would be constructive and set affairs on a more solid basis for a further advance based upon the many new products which promise to come into production.

IS BACKACHE CAUSED BY BOTH Kidneys and Liver?

When your back aches so you hate to straighten up—and short sharp twinges stab you at every sudden move—your backache may have several causes that *heighten* pain! That's why Dr. Chase's Kidney & Liver Pills brings such quick, effective relief to many who suffer with backache! For this time-proven remedy treats two conditions at once—contains special remedial ingredients for both kidneys and liver.

So if you feel tired, headachy—with painful joints and aching back—look to both kidneys and liver! Then look to Dr. Chase's Kidney-Liver Pills—for a reliable product used by Canadians for over half a century. The name "Dr. Chase" is your assurance.

Exchange Experts Ignored In Marketing Problem Says President

WINNIPEG, Sept. 9 (CP) — Farm leaders, civil servants and politicians of Canada—"have been attempting to solve Canada's most important problem, that of marketing the products of agriculture, without the cooperation and advice of . . . men who have spent their lives buying, selling and handling grain," Stanley N. Jones, President of the Winnipeg Grain Exchange, said today.

The Federal Government, through the Canadian Wheat Board, is in complete control of the marketing of wheat, "with power over the daily lives of farmers never dreamed of by anyone in the grain business since the days of Joseph of Egypt," Mr. Jones said at the annual meeting of the Exchange.

SHOULD GET TOP PRICE

The Exchange contends Canadian farmers have been the losers under Government marketing policy. Many growers have been "bewildered" when they have compared the price they have received at the country elevator with the price American farmers have been getting.

Members of the exchange have never said that the open market could guarantee any price at any time, "but they have always said that the producer will always get the full market price, whatever it may be."

"They have always said that the farmer should get the top price while it is obtainable, for neither Boards, agreements nor governments can do anything to stop the price going down if the world-wide conditions of supply and demand warrant such a decline."

Fiery, Itching Toes and Feet

Here is a clean, stainless antiseptic oil that will do more to help you get rid of your trouble than anything you've ever used.

Its action is so powerfully penetrating that the itching is quickly stopped; and, in a short time you are rid of that aggravating, fiery torture. The same is true of Barber's Itch, Salt Rheum, Eczema — other irritating unsightly skin troubles.

You can obtain Moone's Emerald Oil in the original bottle at Mann's Drug Store or any modern drug store. It is safe to use—and failure in any of these ailments is rare indeed.

Greater Artist Series To Appear At Trail

This year the Greater Artists Series, a Hilker Attractions presentation, will bring four outstanding musical treats to the footlights of the Trail High School Auditorium.

Booked for an appearance Nov. 3rd is the original Don Cossack chorus and dancers with Serge Jaroff conductor. This great organ of human voices has spellbound audiences where ever the Don Cossacks have appeared in the last 27 years.

Claudia Pinza, who is the daughter of the renowned Metropolitan Opera basso Ezio Pinza, will be heard in her soprano works Dec. 1. Miss Pinza made her debut in Washington's Constitution Hall in January, 1947, but her acid test came later that year when she appeared in a hit performance with her famous father before a capacity house.

In February Sylvia Zaremba, Polish-American piano prodigy will be featured. At the age of 11 she awed a Cleveland audience of 5000 with her performance of the Mozart D. Minor Concerto in a manner that "rekindled faith in miracles," declared the Cleveland Plain Dealer. Miss Zaremba has also played for the President at the White House.

Last of the series will bring Lawrence Winters, a Negro baritone. Mr. Winters appeared in a world premiere in the opera "Ounga" in 1941 and since then has been hailed as one of the most prized musical finds of the times. He is classed as a second Paul Robeson by critics.

Minor Fined for Entering Beer Parlor

Roy McKimmie of Trail in City Police Court Tuesday was fined $25 for entering a local beer parlor while under the lawful age of 21. He pleaded guilty before Magistrate William Brown.

John Bringall, bartender, was convicted for serving liquor to the minor, but sentence was deferred until Wednesday, Sept. 15.

Rossland Graduation Exercises Today

ROSSLAND, B.C., Sept. 9.— The 1948 Rossland Senior High School graduation exercises will be held in the high school auditorium Friday morning. The guest speaker will be J. C. Ransom of the C.M.&S. Co. The program will include presentation of graduation diplomas, senior scholarship awards and musical items.

Publicity Bureau To Be Studied At Rossland Meet

Formation of a publicity bureau to further the aims of District Boards of Trade will be recommended before the annual convention of the Associated Boards of Trade at Rossland in February, it was disclosed by T. D. Rosling during a Board of Trade Council luncheon at the Hume Thursday.

The move originated at a Associated Boards of Trade confab at Nelson Aug. 13, when the publicity bureau was suggested for consideration during the annual meeting at Rossland. Mr. Rosling has been named as Chairman of a committee to prepare a tentative campaign to be heard at the convention.

Circular letters informing other Board of Trade of the plan will be mailed out.

Hendricks, Rosling Named Delegates to Caravan Talks

W. A. Hendricks and T. D. Rosling were named voting delegates to the On-to-Nelson Caravan business session during a brief meeting of the Nelson Board of Trade Council at the Hume Thursday. Business was limited mainly to last minute preparations for the Caravan.

Immediately after the meeting many members left for the Kootenay Lake ferry Anscomb where they met the motorcade from the Prairie points.

City Minister Takes Part in Church Opening

Rev. T. J. S. Ferguson returned to Nelson recently from Didsbury, Alta., where he had been invited to participate in the opening of a new church in that district.

In 1901, Mr. Ferguson was instrumental in building three new churches on his mission field, which extended 50 miles North and South from East to West as far as the Alberta and British Columbia boundaries.

One of these churches, at Westcott, Alta., was recently burned to the ground. In its place has been erected a substantial new edifice at a cost of $6500 in cash, the labor being contributed by the whole community. On Aug. 29, the new building was formally opened completely free of debt, with 350 people in attendance at each of two services. A community picnic was also part of the celebration and a local choir of 28 voices contributed to the occasion.

The new church is entirely modern, Mr. Ferguson said, and well equipped to serve as a centre of cultural and religious growth throughout a wide area.

Greetings from Edmonton and Calgary were received, while beautiful floral decorations in memory of the "old timers" were presented from a friend in Kelowna, B.C.

Mr. Ferguson delivered three addresses, taking occasion to congratulate the people who for 47 years "have so splendidly maintained their rich spiritual heritage. The high calibre of citizenship in the community itself and the leadership it had produced throughout the years was a direct result of the various activities which had centered around the church."

While in Didsbury, Mr. Ferguson also visited his 90-year-old sister, who is slowly recovering from illness in the Didsbury hospital.

Stephen Hillyard, Former Nelsonite, Dies at Winnipeg

Word has been received here that Stephen Hillyard, 75 an old timer of Nelson, died at Winnipeg, September 7.

Mr. Hillyard was a resident of Nelson from 1907 to 1946. He was predeceased by his wife at Nelson in July 1932. He is survived by two daughters, Mrs. C. McLaughlin of Spokane, and Mrs. Otto Muth of Winnipeg; two sons, Stephen Hillyard of Trail, Charles of Calgary and several grandchildren.

Burial will be in the family plot at Nelson.

Red Fish Run Starts in District Streams

Run of Red Fish has started in District streams and Fisheries officials are making hay while the sun shines to collect a harvest of two and a half million eggs which will be hatched into fry during the Winter.

The run has just begun in most waters and only 30,000 of the quota has been received at the Nelson Hatchery. It is expected that stripping will reach a peak sometime at the end of this month at Meadow Creek in the Lardeau, where R. A. McRae of Kaslo and a crew of three are carrying out the operations.

In other years stripping was carried out at numerous streams, but for the past two years Meadow Creek has provided all the eggs that the Nelson Hatchery can handle.

Immunization Clinic Starts Next Week

Commencing next Tuesday, infant and pre-school clinics again will be held monthly at the Memorial Hall, Miss Jean McVicar, Health Nurse, stated Friday. Immunizations for school children will commence in October.

Emphasizing the importance of immunization, Miss McVicar pointed out that as is often the case following war, with the return of veterans from disease stricken areas, there have been sporadic outbreaks of diphtheria and smallpox in the past few years.

This "reminds us that these diseases are not extinct and protection by immunization is as essential as ever."

Garson Warns Runaway Inflation A Growing Danger

WINNIPEG, Sept. 9 (CP)—If resolute control measures are not taken immediately, inflation in Canada will become even more "dangerous and unpleasant" than it now is, Premier Garson of Manitoba said today.

In an address to the Women's Canadian Club of Winnipeg Mr. Garson said:

"If we do not face up to the dangers of inflation, the price of our failure to cure it could ultimately be as costly to us as the drastic Russian 90 per cent devaluation."

Grande Prairie Ex-Mayor Passes

EDMONTON, Sept. 9 (CP) — Percy J. Tooley, 63, colorful former mayor of Grande Prairie, died Monday in hospital here, it was learned today.

Mr. Tooley was one of the best-known pioneers of the Northwest. He prospected in the Yukon in 1906 and pioneered in the Grande Prairie area.

Vice-Provincial Of Franciscan Order Visits Nelson

Recently elected as Vice-Provincial of the Order of Friars Minor (Franciscan Fathers), Very Rev. Alphonsus LaBossiere, O.F.M., the Commissary Provincial of the English-speaking Franciscan Fathers for Western Canada was a visitor to Nelson as the guest of Most Rev. Martin M. John, D.D., Catholic Bishop of Nelson.

After serving as an army chaplain during World War II Father Alphonsus was stationed in Edmonton; his new home—the seat of the Franciscan Commissary is in Regina. Arriving in Nelson by car with Father Wilfrid, O.F.M., Pastor of St. Anthony's Church, Trail, they returned to Trail Monday afternoon.

Father Alphonsus is making his first official visitation to the Franciscan houses in Western Canada. After a short visit with the Franciscan Fathers in Trail, Father Alphonsus and Brother Claver, O.F.M., will motor to Vancouver to visit the new Franciscan Novitiate house which is being started there under the rectorship of the new superior Rev. Father Cuthbert, O.F.M.

RESERVES JUDGMENT ON ST. LAWRENCE PROJECT

GRAND RAPIDS, Mich., Sept. 9 (AP)—Senator Arthur Vandenberg (Rep.—Mich.) today reserved his "final judgment" on the merits of immediate development of the St. Lawrence River's power.

The Senator made public his correspondence with Lt.-Gen. R. A. Wheeler, Chief of the United States Rivers and Harbors Engineers, with respect to the issue.

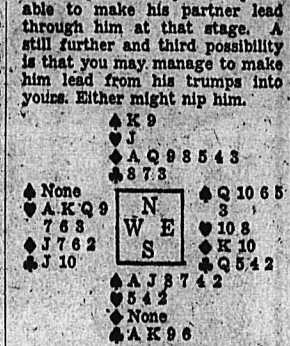
BARCLAY ON BRIDGE

By Shepard Barclay

"The Authority on Authorities"

THREE WAYS TO NIP HIM

YOU MAY NOT have enough trumps in the dummy to lead through the defender who has some honor or honors in tenace position. In that situation, you may not necessarily face an extremity. Perhaps toward the close of the hand you may lead some other suit from the dummy, at a time when he will have to ruff before you. Or you may be able to make his partner lead through him at that stage. A still further and third possibility is that you may manage to make him lead from his trumps into yours. Either might nip him.



(Dealer: East. Neither side vulnerable.)

East	South	West	North
Pass	1♠	2♥	3♦
Pass	3♠	Pass	4♠
Dbl.			

One of the most adroit declarers in national championship company, Sidney Silidor of Philadelphia, brought that contract home by astute planning and action.

At the outset he decided to play East for every one of the five outstanding trumps. So, after ruffing the second heart in dummy, he discarded his last heart on the diamond A and then began to shorten his own trumps by ruffing the diamond 3 with the spade 4. He went to dummy with the spade 2 to the K and led the diamond 4. East ruffed with the spade 5 and was overruffed by the 7. The club A and K were scored and the 6 led to East's Q.

To get out of his hand this time, East led the club 5 to the 9. With East holding the spade Q-10-6 and South the A-J-8, Mr. Silidor now led the 8. East had to use his 10 to win this. Now he had no option but to give up the last two tricks with a lead from the Q-6 into the A-J.

By this means Mr. Silidor managed to make his doubled game contract, losing only one trick each in hearts, clubs and spades.

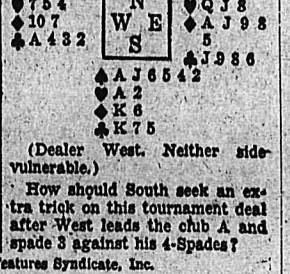
Tomorrow's Problem



(Dealer West. Neither side vulnerable.)

How should South seek an extra trick on this tournament deal after West leads the club A and spade 3 against his 4-Spades?

Farewell to Dancing for Eleanor; Hopes Top 22-Years With London Show

By GENE HANSAKER

HOLLYWOOD, Sept. 9 (AP)—Eleanor Powell, whose talented tapping toes earn her $5000 a week, says she's quitting her dancing career for good.

"I'd love to have another child," the shapely wife of actor Glenn Ford explained. "I'd be ashamed to tell you how many more I want. I love children. No, I'm not expecting one now."

An imminent 10-week night club tour—her third across country in the last three years—will be her last, Eleanor said. She may do one more movie dance, a part just offered her, "to see how I look in color," and possibly a show at London's Palladium next Spring, then retirement.

After 22 years, Eleanor thinks "it's about time I quit dancing." She started at 13, at $75 for three nights a week in an Atlantic City hotel. "I was on Broadway. I was in Ziegfeld's last show. I've had my own radio program. If I play London I'll realize my dreams and there won't be many things left to conquer."

NOT GLENN'S IDEA

Was her total retirement Glenn's idea? He filled a pipe, shoved his hat back and said, "I haven't said anything one way or the other. I don't believe in that."

Eleanor says: "There's so much competition when you're a dancer. You have to keep in trim. Stay off the boards and you're sunk."

For three months she and a pianist have been rehearsing eight hours daily in a rented hall for her farewell tour.

Tasty Recipes

By ALICE DENHOFF

It really is as "easy as pie" to make pie these days, what with all the mixes, short-cuts and those favorite bran and cracker crumb pastry shells. Good work, for it makes it possible to concentrate on luscious fillings, so that pie gets the eye as it comes to the table, cool and beautiful.

Pies may have started their careers as plain meat, game or vegetable "pasties" in England, but now we have given them glamour and glitter. Try a Georgia peach pie with pecans. Try a lemon pie in the style of old Virginia. Try a rhubarb pie, available almost any time of year now that we have quick-frozen pieplant.

BRAN PASTRY SHELL

And, if you haven't done so before, try a bran pastry shell. It's nutritious and delicious. First the crust then the fillings.

Roll ¼ c. all-bran until fine; combine with 1½ c. flour and ½ tsp. salt. Add about 5 tbsp. cold water, a little at a time, until dough is moist enough to hold together. Roll out on lightly floured board to about ⅛ inch in thickness. Place rolled pastry loosely in pan. Trim edge, leaving about ½ inch of pastry beyond rim of pan. Fold extended edge under and flute. Prick pastry shell with a fork; bake at 450 F. 10 to 15 min. Yield: one 2-crust pie or 2 8-inch pastry shells.

For the pecan pie, prepare bran shell, brushing unbaked shell with small portion of slightly beaten egg white, taken from eggs used in filling. Beat remainder of 3 eggs until light. Combine tbsp. flour and 2 tbsp. sugar; add to eggs and mix well. Add 2 c. light corn syrup, tsp. vanilla extract and ¼ tsp. salt. Sprinkle one c. whole pecan nut meats in unbaked pastry shell; add filling. Bake in 375 F. oven about 45 min.

LUSCIOUS LEMON PIE

For the luscious lemon pie, sift together ¾ c. sugar, 3 tbsp. cornmeal and ⅛ tsp. salt; add tsp. lemon 3 eggs, beat yolks well and add with rind and ¼ c. lemon juice. Separate 1-3 c. melted table fat to first mixture. Beat 3 egg whites until stiff; fold in last. Pour into bran pastry shell which has been baked for 10 min. at 450 F. Bake at 375 F. for 30 min.

For the rhubarb pie, line 8-inch pie pan with bran pastry. Cut 4 c. rhubarb in ½ inch lengths; scald. Drain and arrange in unbaked pastry shell. Beat 1 egg until light. Mix one c. sugar, 2 tbsp. flour and ½ tsp. salt together; add gradually to egg, beating well. Pour over rhubarb. Put strips of pastry across top. Bake in moderately hot oven (425 F.) 10 min., then reduce heat to 375 F. and bake about 40 min. longer.

Beauty Hints

Many Women Find After Summer Is Over They Have Additional Weight to Lose

Many a woman is vexed to find the cleaner has shrunk that good dark dress she had counted on to start the Fall season. It fitted perfectly when it was sent to the cleaners at the end of Spring. Now it isn't fit to wear. The very idea . . . she will just have to get something new.

"What size, please?" the salesgirl inquires, surreptitiously measuring her with a praticed eye . . . "An 18?"

"Size 16," indignantly. (She's taken a 16 for years.)

Struggling into one dress after another, our customer is puzzled, then alarmed to find all of them a tight squeeze around the waist and across the hips, and inquires if the dresses are marked wrong, or if they are skimping on material.

The sales person, who is confronted with this situation several times a day, perhaps answers softly that these 16's do seem to run a trifle small, and she will see what else they have.

The dresses she brings in the second time all slip on smoothly and our customer is highly pleased until she looks at the size on the tag—18!

"Why this is ridiculous!" she fumes. (She has never taken anything larger than a 16 in her life!)

But finally she is forced to face the fact that she cannot blame the cleaner, or the designers. And she thinks back to all those picnic suppers and cooling beverages. Although she has gained only six or so pounds, she drifted through the lazy Summer days without taking any exercise and the result is flabby muscles. Since flabby muscles are bulky they take up more space, and soft muscles plus the added pounds account for the difference in measurements.

Generally it's the waist that pinches. There is a two-inch difference at the waistline from one size to the next. The accepted standard of the dress industry in misses sizes goes like this: 25 inches for size 12, 26½ inches for size 14, 28 inches for size 16, 30 inches for size 18 . . . let's stop there.

As our customer stands there in her pink slip and a dilemma, wondering if she should take the 16, let out, or break down and take size 18, she is weighing her future in the balance. If she's smart, she will not take either. She will go home and get down to proper size before buying anything. If she takes the size 16, altered, she is fooling herself that she can still wear her same size. If she settles for an 18, there is room to grow—bigger.

Key for New Canal Flats School Presented

CANAL FLATS, B.C., Sept. 9—A large crowd attended the official opening of the new Canal Flats School Sunday afternoon, many coming from outside points. In the Senior room which was tastefully decorated with flowers, V. Kimpton, Chairman of the School Board, called the assembly to order by introducing Rev. Canon Proctor of Invermere, who gave a short talk followed by Rev. C. Leahy, S.A., of Canal Flats, who expressed his appreciation of the new school.

T. King, M.P. of Golden, spoke briefly. Owing to the inability of the Minister of Education to attend the opening, School Inspector Levir of Cranbrook expressed the appreciation of the Department of Education on the completion of the modern school.

School Inspector Taylor of Kimberley gave a short talk on the school in general.

Trustee Erskine of Canal Flats, supervised the construction of the building.

Mr. Kimpton then explained the manner in which the building was financed at an approximate cost of $13,745, also explaining that the addition to the taxes would not amount to over one mill. He then presented Miss E. Martin, Principal of the school with the beribboned key of the front door.

The members of the Board of School District No. 4 are Mr. Kimpton, Mrs. Weir, Mr. Laird, Mr. Ferguson, Mr. Erskine and Secretary Wannop.

Spillimacheen Entrant Carries Off E. Kootenay Fair Grand Aggregate

INVERMERE, B.C., Sept. 9 — The grand aggregate prize for adults in the East Kootenay Fair exhibits competitions was won by Mrs. S. Yadernuk of Spillimacheen. As donor of the prize Mrs. Yadernuk requested that it be divided among those taking second and third place. These were Ernest Ede, Windermere, and Joanne Watt, Invermere.

The grand aggregate prizes for juniors were won by:

Boys—1, E. Strauss, Newgate; 2, tie, E. Rasmussen, Edgewater and B. Charlesworth, Newgate.

Girls—1, June Young, Invermere; 2, tie, Marion Pietrosky, Invermere and Lynn Tunnacliffe, Invermere.

The South Country Boys' Potato Club carried off the honors at the East Kootenay Agricultural Exhibition winning the handsome trophy presented by the Cranbrook Board of Trade. Presentation was made by Howard King of the Cranbrook Farmers' Co-Op.

Representatives of the winning club were Ernie Strauss and Brader Charlesworth of Newgate.

Two other junior groups competed, the Edgewater Club taking second place through representatives Greta Timm and Kenneth Lautrop.

Windermere District Club was represented by Bill Dubois of Windermere and Walter Pietrosky of Invermere.

Winners in Class 122 for commercial potatoes were Ernest Strauss, Newgate; Brader Charlesworth, Newgate; F. Schneider, Edgewater.

Class 122A, seed potato class for juniors—1, Ernest Strauss; 2, F. Schneider; 3, Brader Charlesworth.

The Cranbrook Board of Trade trophy will be up for annual competition. Engraved certificates were awarded to individual team winners.

Hugh Crockard, Inspector for Dominion seed potato certification, said the Boys' and Girls' Potato Club exhibits were equal to any in the province and would make excellent showing at Toronto Royal Exhibition.

Leaders of the Junior Potato Clubs are A. Munro for the South Country Club; G. J. Ferguson and E. Johnson for the Edgewater group and K. M. Marples for the Windermere District Club.

CONFERENCE PLANS OKAYED BY EDGEWOOD W.I.

EDGEWOOD, Sept. 9 — The Edgewood Inonoaklin W. I. met at the Valley home of Mrs. L. J. deGans, and appointed the President and Secretary to meet representatives from Fauquier and Needles at the noon hour Saturday to settle the matter of the T. B. Clinic and Dark Room facilities for Dr. Massey.

Final arrangements for the conference to be held Sept. 11 in Egloffs Hall were adopted.

In remembrance of a late member Mrs. Emily Oldo, a minute's silence was observed.

Hostesses for the social hour, Mrs. L. J. de Gans and Mrs. V. Craig were assisted in serving by Mrs. J. Ewings and Mrs. R. Bateman and others.

Three visitors attended. They were Mrs. George Jones of Edgewood, B. C., Mrs. P. Gibbs of Vancouver, B. C. and Mrs. W. Gordon Millar of Natal, B. C.

SURVEY OF LOWER ARROW LAKES IS UNDER WAY

EDGEWOOD, B. C., Sept. 9—Under the supervision of J. H. Kihl of the Dominion Department of Mines and Resources, a survey of the Lower Arrow Lakes is in progress. The survey will be used for plans in International Water Control for prevention of floods. This survey will be available also for dams and power development in this region. Three men are camped at the crossroads.

Another camp is situated at Deer Park. The Deer Park surveyors work North while the Edgewood surveyors work South. The surveyors were working from the main street in Edgewood.

Public Health Nurse For Windermere

INVERMERE, B.C., Sept. 9—Miss Kay Reid arrived in Windermere to take up her duties as first public health nurse for the area covered by the Golden and Windermere School Districts. Miss Reid is formerly of Fort St. John in the Peace River District where she has had considerable experience in public health service.

She will organize the new district East Kootenay health unit with which may in time be added to the headquarters at Cranbrook.

Invermere will be headquarters for the newly organized district with an office in the C.V.I. building.

Fire in Athalmer Hotel Quelled

INVERMERE, B.C., Sept. 9 — A fire, which might have had serious consequences, broke out early Labor Day morning at the Coronation Hotel at Athalmer. An appeal for help to the local Forest Service was promptly responded to by Joe Johnson, Forest Ranger, and the fire was brought under control.

The outbreak, for which no cause has been ascertained, took place in the ice house and a storeroom, both of which are attached to the main hotel building.

Increase Noted In Attendance At St. Joseph's

The church bell rang before the school bell for the Catholic students of Nelson, for a solemn high Mass marked the opening of another school-year at St. Joseph's Academy. This solemn high Mass was sung in the Cathedral of Mary Immaculate by the Rector, Very Rev. W. J. Harrison, assisted by Rev. E. A. Frank, deacon and Rev. R. D. Anderson as subdeacon. The St. Joseph's girls' choir under the direction of Sister Pancratius sang the choral parts of the Mass.

Immediately after the Mass the pupils of both the elementary and high school grades assembled in the school for the annual registration. This registration showed that newcomers to St. Joseph's School were admitted in all the classes and four new teachers were introduced to their pupils.

Eighteen boys and girls entered the first Grade this year.

The classrooms were renovated and redecorated during the Summer. A new wire fence erected during the Summer has done much to enhance the appearance of the school-yard.

Sister M. Lelia, C.S.J. Principal of St. Joseph's Academy stated that there is an increased attendance at the school this year. The total enrollment is 181 pupils, comprising 50 high school students and 131 children in the grade school classes.

D-Ps AID IN MOYIE SOCIAL

MOYIE, B.C., Sept. 9 — A public meeting was held at Moyie to elect officers for an entertainment committee. Chosen were F. Williams, President, J. Volk, Secretary Treasurer, Mrs. A. Threatful, Mrs. F. Williams, Mrs. C. Anderson, Mrs. V. Patterson.

A dance at the school house netted funds for a Christmas tree for the childen. Music was donated by the displaced persons employed by the C.P.R.

Camp Lister . . .

CAMP LISTER, B. C.—Miss Doris Lindhorst left for her home in Creston. She had been visiting in Huscroft, guest of her grandparents, Mr. and Mrs. W. Lindhorst.

After visiting with her parents, Mr. and Mrs. R. T. Millner and family, Miss Dorothy Millner returned to Trail.

Mr. and Mrs. James Handley and son Alan of Kimberley were weekend visitors of relatives in Lister and Huscroft.

Miss Violet McKee was a weekend visitor with relatives in Kimberley.

Douglas Steib of Copper Mountain formerly of Camp Lister, was a weekend visitor at the home of Joe Wocknitz.

Wilbur Gorrill of Cranbrook was a visitor at the home of his parents, Mr. and Mrs. Garfield Gorrill.

Mr. and Mrs. R. P. McKee and two children of Kingsgate were visitors of their parents, Mr. and Mrs. D. J. McKee. They were en route home from Spokane.

Mr. and Mrs. W. Skerik of Creston were visitors of their parents, Mr. and Mrs. W. J. Skerik.

Mr. and Mrs. Pat Holland and daughter Marie and Joyce Larsen, all of Kimberley, were visitors with relatives in Lister and Huscroft.

Miss Nellie Huscroft, nurse in training at the St. Eugene Hospital, Cranbrook, was guest of her parents, Mr. and Mrs. Charles Huscroft.

George and Doris Gorrill left for their home in Cranbrook after spending the Summer holidays with relatives in Lister.

Mr. and Mrs. Vance Adamski of Aberfieldie were the guests of their mother, Mrs. R. E. Beard and family.

Lotteries were a common practice by which colleges financed themselves during the 18th and 19th centuries.

Use the "Classified" and save.

Edgewood . . .

EDGEWOOD, B. C.—Mr. and Mrs. W. Gordon Millar of Natal visited the mid-week with Mrs. Millar's mother, Mrs. A. Slater and Mr. Slater of Edgewood.

CAKES ARE BETTER MADE WITH CAKE FLOUR FROM SPECIALISTS

FOR over 50 years, women have been learning that you practically *can't* go wrong in cake-baking if you use the *one* cake flour brought to you by cake flour specialists! *Cake flour* is our business. For over two generations, Swans Down people have been *trained* in the selecting of fine, soft wheat, in "Controlled Milling", in silk-sifting, in cake-baking and cake-testing.

Beginner or expert — you can't *help* getting better results with Swans Down. And you play safe — you protect your other cake ingredients — when you use this flour made by exclusive makers of cake flour, expressly for cakes.

SPICY PRUNE CAKE*

2½ cups sifted Swans Down Cake Flour
¾ teaspoon Calumet Baking Powder
1 teaspoon baking soda
¼ teaspoon salt
1 teaspoon (each) cloves, allspice and cinnamon
½ cup butter or other shortening
1½ cups sugar
2 eggs, well beaten
1 cup cooked prunes, seeded and coarsely cut
1 cup sour milk or buttermilk

Sift flour once, measure, add baking powder, soda, salt and spices; sift three times. Cream butter thoroughly, add sugar gradually; cream until light. Add eggs and prune pulp. Add flour, alternately with milk, a small amount at a time; beat well after each addition. Bake in two greased 9-inch layer pans in moderate oven (375° F.) 25 to 30 minutes. Grand filled and covered with a tart lemon frosting, and garnished with border of chopped walnuts. Or use the Orange Mist Frosting on page 76 of "Learn to Bake — You'll Love It" . . . see book offer on the right.

*There are tested recipes for *eight* wonderful cakes on the Swans Down package—you'll want to try them all.

Welcome Caravaners

Today is C-Day.

Remember D-Day—the day of our attack against forces which threatened to destroy our democratic way of life? Well, today is C-Day in Nelson—Caravan Day. While the issue is by no means as great as that at stake upon the famous D-Day, still there is a comparison between the two.

Both are days of attack, both are campaigns. D-Day was a fight for freedom, C-Day is only possible because we have that freedom.

Yes, today is the day of the attack. It is not a bloody attack, but rather like a football tackle—the kind of challenge that keeps our Government and ourselves vigorous and healthy in economic matters.

A Southern Trans-Canada Highway is necessary to the four Western Provinces, and the delegates from those Provinces are here today to see that they get it! "Never say die," delegates! Welcome, and best of luck in your campaign.

The Modern Britain

Some think Britain is a bit old-fashioned and behind the times. There are frequent evidences, however, that in certain ways she is still to the fore.

One of these is arrangements made by the British Ministry of Food to charter 15 aircraft to fly 50,000 gallons of milk daily from Belfast. This service began Sept. 1, and in full operation means 120 additional aircraft movements daily at Nutt's Corner, the Belfast airport.

Use of aircraft on a milk route is proof the British have not lost initiative.

Vacation is Anything You Make it

Now we come to the peak season of the open road—the road that leads everywhere on concrete slabs, steel rails or unmarked trails of the skies. It is a wonderful, adventurous, chigger-bitten, frazzled season, loaded with anticipation and dreams.

No one can define a Summer vacation. It is as various as the peculiarities—and financial means—of men: But the urge to visit places, to leave for a brief time the boss' stony gaze, the coldly calculating time clock or the piled desk—that is an almost universal urge. And the open road calls the multitude.

A vacation is the outdoor man's escape to the trout stream in the wilderness three miles from the modern cottage and grocery stores and a full 100 yards from the nearest paved road. It is a hearty man's life that leaves the disconsolate wife reading in mountain air and waiting for the rustic night-club sociability after dark.

A vacation is a tour of quaint towns with the quaintest antique shops and prices that turn out to be a little higher than in the familiar and unromantic shops in Kansas City, St. Joseph or Topeka. This is the reverse of the trout stream adventure. The sturdy male sits in the car glowering at watch and road map.

A vacation is a dreamer's paradise that starts with the month of poring over road maps and accumulating a vast store of information on the strange ways of people and sights to be seen. It is an expedition to a distant land beyond the purple haze.

A vacation is a trip back to the farm, a real rest, a bit hot, but plenty of good, rich cream. Hayfields, cornfields and a visit with the friends of youth who have grown surprisingly middle-aged.

A vacation is anything that the fancy of men can make it, and this is the wonderful day of it.—From a Kansas City Times editorial.

Looking Backward

25 YEARS AGO

From The Daily News of Sept. 10, 1923

Jack Morris, who has been spending a vacation in Calgary and Edmonton, returned yesterday.

Nelson defeated Trail in one of the best ball games of the season with a score of 6-5.

Mr. and Mrs. J. P. Pitner left for a vacation in Spokane, Seattle, Portland and Vancouver.

The flower show given by the Women's Institute in New Denver was a great success. Mrs. William Rutherford of Nelson acted as judge. The show was concluded with a dance in the evening.

40 YEARS AGO

From The Daily News of Sept. 10, 1908

Creston and Grand Forks have entered for the District Exhibit Championship Cup at the Kaslo Fruit Fair which is being held Sept. 17 and 18.

John P. Vroom, customs officer at Waneta, and Miss Vroom are in Nelson for a holiday.

Fifteen new settlers have taken up residence at Queen's Bay during the last three months.

J. M. Doyle, Assistant Superintendent of the S. F. & N. Railway of Spokane, is in town for a few days.

Plans are being made for a new rink to be built in Nelson for the convenience of curlers and hockey players. A team will be gathered which will be able to compete with other teams in Canada.

?Questions? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions WILL NOT BE ANSWERED BY MAIL except when there is obvious necessity for privacy.

N. G., Creston—Would you please tell me where to write to obtain displaced persons for farm work?

National Employment Office, Nelson, B. C.

Interested, Nelson—Please print the horoscope for Sept. 6.

Your Future—An excellent time to concentrate on practical matters, to be active and to see pals. Elderly relatives and friends should render you valuable aid if you need it during the year just beginning. Go ahead confidently with all your projects and be content with steady progress.

Mrs. S. P., South Slocan—Could you give me recipes for both peach marmalade and Peach and Pear Marmalade?

Peach marmalade—12 peaches, 6 cups of sugar and 3 oranges. Put peaches and oranges through food chopper and add sugar. Boil until thick. Makes about 5 or 6 glasses.

Peach and pear marmalade—Six pears, 3 oranges, 6 peaches, sugar. Cut fruit up fine or put through meat grinder. Cook the fruit and add one-third less sugar than fruit pulp. Boil to the consistency of marmalade. Makes 3 pints.

Urges Technocrats To Support Caravan

To the Editor:

Sir—"So many men so many minds, each in his own way" wrote Terence. Canada's most independently edited newspaper of its times, for three generations of publication, used that broad viewpoint as its "slogan," while "Puck" a British magazine for almost as long a time used the briefer caption "What Fools We Mortals Be."

"Monad" is simply a built up nom de plume of "Mother Nature Devotee" and not to be misconstrued as any infringement upon the emblem of Technocracy Inc. or to indicate any grudge, grievance or grumbling over any political disappointments through associations or cooperations with Technocrats for whose leaders of today, in the continental plans, profound respect is so strong that whenever an approaching opportunity with its forelock may be visualized "Monad" does not hesitate to throw out a hint or to toss the play "across the room" to Technocrats as has been done with a hope that the older and financially-competent of them may grasp that forelock and place their "Motorcade" phase of demonstrational social services into the Southern Trans-Canada Highway movement just as whole-souledly as they did during the flood problems, so much to their credit and so effectively showing that a physical approach to any type of social need is their basic idea instead of theoretical, political or spiritual vagaries.

All human needs of life are physical. The other ideas have been tried repeatedly for ages beyond contemplation and failed to bring about the Brotherhood of Man while "One Touch of Nature Makes All Mankind Kin." Ease of intercommunications is a common need.

The example set by that great photographic mind of Howard Scott, combined with his organizing ability, certainly should be sold to our politicians with an emphasis upon the fact of the highly-reputed writer of socialistic literature, Vebben, becoming a convert and whole-hearted associate instantaeously after reading Scott's thesis upon Sociology, while that wizard of electrical research, Steinmitz, was giving away his earnings to help youthful users of electric motivation progress successfully to such an extent an investigation by his employing corporation brought about a revised set-up between them whereby his salary became whatever he might write upon his drafts upon them. The reputation of his employer was enhanced as well as their sales enlarged through the new arrangement.

Mass psychology is an art proven by results. For example, Columbia Operation climaxed with an unequalled demonstration in Vancouver about a year ago, thanks to the Motorcade phase of "teaching more by example than precept."

Canada has a "Southern Highway" problem as well as Northern routes.

Politicians heed only numbers of electors behind any agitation for improved methods of serving the public's request; hence an indicated well-organized demand for a Southern Trans-Canada Highway is now close at hand with its forelock flowing in the wind for Technocrats to grasp and demonstrate their consciousness of the psychological effect they may aid in registering imperishably upon public opinion by throwing their Motorcade into effective action immediately.

When the late Mr. Aberhart of Social Credit fame, too, became another favorably-placed convert of Scott's, and was "left in the laps" of Technocrats of that Province, opportunity's forelock was not grasped, and, no tail existing, the politicians have had another party added to the Dominion list without a compensating social progress, as the recent impasse over "New Liberty's" publication is demonstration. But possibly Alberta Technocrats may "take a tumble to themselves," as the saying goes, and get behind the Northern Trans-Canada Highway, and aid in that route being given a priority with Ottawa, where an Edmontonian has considerable influence and ability to "sell" that route to Ottawa and kill the Southern. Such a result will not enhance prestige of Technocrats in the South.

Both routes are needed and justified, but we of the Southern Trans-Canada Route must keep in step with and not be outdone by the promoters of the Northern route. "A word to the wise is sufficient."

Technocrats! Do not fail to be alive to the occasion- Grasp opportunity's forelock now as you did last year. Those of you who are benefitting from the philanthropy of the late Mr. Glendon surely see the point emphasized by that outstanding exponent, Mr. Milligan, when he says "it's up to you and me" and not the politicians.

"MONAD."

30 UNDER PROOF REMAINS FOR TIPPLERS

VICTORIA, Sept. 9 (CP) — After lengthy discussions on the matter, Canada's Provincial Liquor Commissioners today came up with the news that Canadians will have to keep on buying 30 under proof liquor, for a while yet, at least.

The reasons for this, is shortage of supply, it was reported today at the last day of the convention of the Canadian Association of Provincial Liquor Commissioners.

The official report that considerable investigation into the supply situation has shown it is still impossible to buy sufficient aged spirits to permit a return to 25 under proof liquor.

This applies to rum as well as any of the other spirits. "There is a very definite shortage of aged spirits," one official said.

The reason given for the shortage is the three-year gap in spirit beverage production during the war when spirits produced by distilleries were used almost exclusively for war purposes.

The shortage will have to be made up before consideration can be given to putting up the strength again. Even then, the final decision to increase strength will be up to the individual Liquor Control Boards across the Dominion.

TO END AIR SERVICE

MONTREAL, Sept. 9 (CP)—An application to the Air Transport Board for permission to discontinue the Trans-Canada Air Lines service between Fort William, Fort Arthur and Duluth, Minn., because of lack of traffic has been approved and the service will be suspended Sept. 30, A. C. McKim, Traffice Vice-President, announced today.

Fear 44 Lost With Circus Ship

12 Survivors Picked Up From Lifeboat; Believe Caribbean Storms Swamped Tiny Motorship

By BEN F. MEYER

HAVANA, Sept. 9 (AP) — A tiny circus ship was swallowed by the hurricane-swept Caribbean in the dark morning of Sept. 1 and 44 of the persons aboard and 59 trained animals are missing and feared lost.

The Norwegian motor vessel Caribe radioed yesterday that she had picked up 12 survivors in a lifeboat 770 miles South of Miami. The Naval Commander of the Caribbean Sea Frontier in Panama ordered an immediate search for others of the 56 believed aboard. The Caribe report said: "Fate of remainder of passengers and crew unknown but fear the worst."

Naval experts in Havan, piecing together bits of information radioed in by the Caribe, said they thought the circus ship, the 140-foot Honduran motor vessel, Euzkera, probably capsized in heavy seas because she was overloaded.

The reports placed the scene of the sinking 130 miles off the Colombian Coast, 200 miles from Panama about 30 hours from port. The Euzkera was carrying the Razzore Circus from Cuba to Cartagena, Colombia.

According to the best reports here, there were 56 persons aboard, 46 of them passengers—circus officials, performers and laborers, with wives and families. There also were 59 animals—trained lions, tigers, monkeys, horses and dogs.

Blast Toll 11

CHICAGO, Sept. 9 (AP)—Deaths of seven more victims has raised to 11 the toll in the explosion and fire at the E. J. Brach and Sons candy factory early Tuesday.

Four employees were killed in the fire which swept the huge Westside plant. Seven others died in hospitals yesterday and early today. About 20 persons suffered burns and injuries in the blaze.

An inquest into the deaths is to open tomorrow. The fire department investigated to determine the cause of the explosion.

HELENA, Mont., Sept. 9 (AP) — Four men were killed late today in the collision of a Great Northern Railway engine and a rail work car 20 miles North of here.

Sheriff E. R. Munger said three men were killed instantly.

They were Juan Aranda, 50, Minneapolis, Minn.; Willie Holland, 50, Butte, Mont.; Joseph Peace, 44, Salt Lake City.

A fourth man, Frank Colins, died at a local hospital shortly after the accident, his address was not available.

Railway officials said four other men are in serious condition in Helena hospitals.

Twenty-one other men received minor hurts.

Munger said the 29-man extra gang was riding the engine-driven work car near Sieben when the car and train hit head-on on a curve.

DE GAULLISTS WANT REVISED CONSTITUTION

Insist on Early Election in Support Bargaining

OPPOSITION

By LOUIS NEVIN

PARIS, Sept. 9 (Reuters)—Henri Queuille, 64-year-old Radical Socialist (Conservative), told President Vincent Auriol tonight he will form a Government.

He will present himself before the French Assembly tomorrow or Saturday.

The Socialist Party has decided to support him.

PARIS, Sept. 9 (AP)—De Gaullists today demanded a revision of the French Constitution as their price for support of a Cabinet the Conservative Henri Queuille hopes to form.

The followers of Gen. Charles de Gaulle, wartime Free French leader and first provisional President after the Germans were chased out, are Rightists. Paul Giacobbi, head of the De Gaullists in the National Assembly, said he insisted on elections next month to the Council of the Republic, the Second French Chamber,

He and other De Gaullists talked with Queuille last night. He gave no detail of the exact changes De Gaullists went in the Charter, but the General has said often the Chief Executive must have more power.

Queuille is trying to form the 14th French Cabinet since the war. Robert Schuman's Government resigned Tuesday after 64 hours in office.

SOCIALISTS BALK

Queuille immediately ran into Socialist opposition when he informed them of De Gaullist demands. He has said he cannot form a Cabinet without Socialist support.

Queuille, a 64-year-old doctor from Brittany, is a Radical Socialist (Conservative). He has held several Cabinet posts since the war, and was Minister of Public Works and Transport in the Schuman Government which fell Tuesday night.

Ulcer Slows Attlee

By JAMES McCOOK
Canadian Press Staff Writer

LONDON, Sept. 9 (CP)—Medical advice to Prime Minister Attlee to restrict his outside engagements to assist treatment of a nearly duodenal ulcer is an unexpected blow to the Labor Government's big three.

Attlee's chief lieutenants, Herbert Morrison, 60, and Ernest Bevin, 67, have required medical care for varying periods since they assumed the heavy harness of senior cabinet posts in 1945. But wiry Attlee simply took over their work as well as his own when they were indisposed, and seemed no more than tired despite his endless labors.

But 10 Downing Street announced last night that the Prime Minister has an early duodenal ulcer "which will require dietetic treatment for some weeks."

The necessity for the three senior cabinet members to guard their health is taken in political circles to mean increased responsibility for Sir Stafford Cripps, 59. Sir Stafford a vigorous vegetarian, now is often spoken of as Labor's next Prime Minister.

RANKS WEAKENED

Sickness and death have shaken the old guard of the Labor party elected in 1945 from which Attlee chose his most important ministers. Miss Ellen Wilkinson, fiery veteran of Labor's early campaign and Minister of Education, is dead. So is Joe Westwood, former Secretary of State for Scotland.

Arthur Greenwood is gone from the office of Lord Privy Seal and other senior cabinet duties. Jack Lawson, former War Secretary, has retired to private member status and Viscount Stansgate has laid down the portfolio of Air Secretary.

Hugh Dalton, 61, blooming with health, was counted in 1945 with Attlee, Morrison and Bevin to make up the Big Four of the party. But he resigned last year as Chancellor of the Exchequer after telling the House he had given some budget information to a reporter before reading it to Parliament. This indiscretion is taken by political observers to bar him from highest cabinet offices for some time, although he now is among the inner circle of counsellors as Chancellor of the Duchy of Lancaster.

SAYS INDIA POLICY LEADING TO BLOODBATH

NEW DELHI, Sept. 9 (CP) — Moslem Pakistan's Foreign Minister charged today that India's policy in the Hyderabad dispute will lead to a "communal bloodbath" which could engulf the subcontinent.

The Foreign Minister, Sir Mohammed Zafrarullah, made this statement to reporters in Karachi. In New Delhi, it was announced that aerial evacuation of Canadians, Britons and Americans from Hyderabad will begin in a few days "in view of the latest developments."

Open warfare threatens over the big princely state, which is ruled by the Moslem Nizam. Hindu India has demanded that Hyderabad become part of the Indian Dominion because its population is largely Hindu.

Pulled Around Shaft

BUFFALO, Sept. 9 (AP) — Kenneth J. Kreitler, 36, an electric welder, was killed yesterday when he became entangled in his welding cable and was twisted around a revolving shaft at the National Aniline Division of the Allied Chemical and Dye Corporation here.

Snuff Out Leduc Oil Well Blaze

Six Month Battle Seems Won as 60-Hour Fire Drowned; Must Seal Off Mile-Deep Zone; May Up Production

EDMONTON, Sept. 9 (CP)—Fire at Atlantic No. 3 oil well went but today and Alberta Conservation Board officials commented injection of water into the producing zone had choked off the crude oil and natural gas.

At 6 a.m. MST today the well was brought under control, the 60-hour raging holocaust of oil and gas was out and the six-month-old battle to control the unchecked production appeared won.

I. N. McKinnon of Edmonton, Conservation Board Chairman, said that injection of water down a relief well "definitely affected' 'the rogue well and added it is planned to keep pumping water into the formation.

The fire, possibly touched off by a spark from the fallen derrick, suddenly disappeared at 2:40 a.m. Flames broke out again three times. But by 6 a.m. everthing was under control. The fire was out and for the first time since March 8 there was no uncontrolled eruptions.

The wild well, one of 100 in the 18th-month-old Leduc sector of the Edmonton oil field, has been out of control for six months. Crude oil breaking through the weak ground formation at times reached a maximum of about 14,000 barrels a day. Natural gas lost was estimated at 50,000,000 cubic feet a day.

900 BARRELS AN HOUR

Two relief wells, drilled on a slant to spear into No. 3's producing zone 5300 feet under the surface, were started several months ago after other efforts to control the well failed.

The West relief well was pumping water into the formation at the rate of 900 barrels an hour yesterday. The South hole was not expected to be ready for use until sometime next week.

UGLY SIGHT

Eyewitnesses at the well, about 15 airmiles Southwest of Edmonton, said it was an ugly sight today. The fight of terrific underground gas pressures to reach the surface had built up a 50-foot volcano-type crater wall around the wellhead.

In the crater's bubbly mixture of water and oil, wreckage of the $100,000 derrick floated. The derrick had toppled over early Monday morning, about 18 hours before the well caught fire with a windy swoosh but no reverbrating blast.

Outside the crater a few small gas fires flamed feebly today fed by gas trapped in the upper sands after the water injections took hold a mile down in the oil-and-gas-bearing zone.

Grimy and tired workers made no effort to put out these small flames, having found during the night that when disturbed they burned more lustily. The small fires are expected to burn themselves out within a day.

OIL SALVAGED

The entire 40-acre well site is crusted with lava-like charred soil from which the raging inferno had burned out the oil soaked up since the well went wild six months ago. Until fire broke out Monday night, most of the wildly-gushing oil had been skimmed off the ground and pumped by pipeline to the railhead at Nisku, Alta.

Major problem facing emergency control experts is to seal off the producing zone one mile below the well-head.

Most likely solution is that the entire D3 zone, 5331 feet down, will be cemented through the West relief well which drowned the mighty fire that had been burning $50,000 of crude oil alone each 24 hours.

If possible, the D2 zone immediately above, also be blocked off by cement.

D3 and D2 are the names used by oil men to denote the strata from which a well is drawing oil.

It is possible new production quotas may be announced tomorrow by the Conservation Board. There have been restrictions on the amount of oil each well may produce to ensure the maximum life of the field.

These quotas were cut down after Atlantic No. 3 ran wild because pipeline facilities were needed to carry off oil from the berserk well. With production at Atlantic No. 3 now stopped, the pipeline is available to resume normal pumping from other wells.

MILLIONS IN MINUTES FROM STOCK BOOM

Investors Harvest Set Off by Transport Nationalization

BIDS JUMP

LONDON, Sept. 9 (AP) — Investors collectivly made millions in minutes on London Stock Exchange today in a rampaging boom in truck and bus line shares touched off by a Government nationalization move.

Thomas Tilling, Ltd., one of Britain's oldest road transportation firms, announced overnight the Government had agreed to pay £24,800,000 ($99,200,000) for its rolling stock and other assets.

The takeover figure, higher than had been expected, brought opening bids of 117 shillings sixpence ($23.50) for Tillings ordinary shares.

This was 16 shillings sixpence higher than last night's close and raised the market value of the 4,120,000 ordinary shares by around £3,000,000. The price eased later to 113 shillings sixpence.

Pledges to Labor, Fulfilled—Wismer

VICTORIA, Sept. 9 (CP)—British Columbia's Government has made no promises to organized labor that have not ben fulfilled, Labor Minister Gordon S. Wismer said today.

He was replying to charges made at the B.C. Federatio nof Labor convention at Vancouver that he had "broken solemn pledges made to gold miners."

"I made no pledge to the gold mine unic," he stated.

The charges at the Federation parley are looked upon by Mr. Wismer as "additional evidence of the political character of the attacks of the labor leaders in the gold mining industry."

"The statements made at the convention were made out of whole cloth and consist purely of a political attack without any foundation," the Minister said.

"It is typical of the labor leaders in the miners' unions who are more concerned with the political repercussions than the settling of labor problems," he added.

Contest Keen Among Tiny Tot "Royalty"

KIMBERLEY, B.C., Sept. 9—Competition is keen in the Lions Club-sponsored Tiny Tot King and Queen contest, with seven boys vieing for the honor of being king, and six girls in the race for queen. Leading competitors were Bill Shaw, Gerald Rinaldi, Lonnie Leinweber, Teddy Rimes, Ronnie Loraas, David Dodds and Harry Allan Balcom; Valerie McIntyre, Janie Hill, Julia Evans, Bonnie Eileen Halliday, Penny Westgate, Sylvia Joan Muraro. Winners will be crowned Sept. 11.

HE WAS ANGRY

SHANGHAI, Sept. 9 (AP) — It made Liu Dzi-yung a bit angry when his cousin refused to lend him money.

Turned down on a $40 touch, Liu threw a hand grenade at his cousin and wife, stabbed his aunt to death, attacked his uncle, scalped a child, stabbed his grandmother to death and cut his grandfather.

Attracted by the explosion of the grenade, neighbors and police hurried to the house. However, the police remained outside, guarding the entrances, until the massacre was over. Then they took Liu into custody.

Lay Gas Rationing Plans, But Hope for Settlement Brighter

SAN FRANCISCO, Sept. 9 (AP) —Programs for rationing gasoline in the West were mapped today, while a cautious note of optimism seeped out of meetings aimed at ending the California refinery strike.

Six major companies, chief source of gasoline for the Western States, were struck Sept. 4 by 15,000 C.I.O. oil workers demanding wage increases. Another 6800 Standard Oil employees, members of an independent Union, have respected the C.I.O. picket lines.

Shell Oil, first of the struck companies to reopen negotiations, held another meeting with Union representatives yesterday, and another session was arranged for today.

Glenn Bowers, State Conciliation Supervisor, said the "tenor of yesterday's meeting was cooperative. The parties made a serious effort to conclude their arguments as soon as possible."

Cash for Veterans With Most Picturesque Lots

LONDON, Ont., Sept. 9 (CP) — A preliminary inspection of all homes on subdivisions administered under the Veterans Land Act will be made this Fall as part of the Dominion-wide contest to find the owner who has done the best job of beautifying his property.

Die in Burning Craft

DECORAH, Ia., Sept. 9 (AP) — Robert Sattre ,14, Iowa's youngest flying instructor, and three students crashed to their deaths last night when a kit of landing flares apparently ignited, turning their plane into a flaming torch. The four-place plane burst into flames several hundred feet in the air as it was about to land after a night training flight.

ARAB LEADER MEETS TRUCE OBSERVERS

AMMAN, Sept. 9 (Reuters)—Tariq Bey Afriki, Commander of Arab irregulars in the Jerusalem area, met United Nations truce observers here today and was understood to have discussed Arab withdrawal from the Mount Zion and Abu Tor sectors of Jerusalem.

U.S. FIRM IN BERLIN RIGHTS STAND—TRUMAN

Danish Island Jittery as Soviet Planes, Ships Seen

TALKS FAILING?

WASHINGTON, Sept. 9 (AP) — President Truman said today the United States is standing up for its rights in Berlin while continuing efforts to settle differences with Russia.

The President thus confirmed State Secretary Marshall's announced policy of firm resistance to Communist disorders in Berlin.

Although negotiations still are going on, the President said the United States will not negotiate under duress.

Asked if the Russian blockade is not duress, he described it rather as attempted duress.

CONCERN GROWS

Diplomatic authorities here have indicated growing concern over possible early collapse of the East-West talks for a Berlin agreement.

There were increasing signs that the Western Powers look for the Kremlin to flash a red light on further parleys on the blockade dispute.

Diplomats here speculated that Moscow may use the Communist-inspired disorders in the beleaguered German Capital as an excuse for such a stop order.

The current disturbances, plus other Russian unity-hampering tactics, have deepened suspicion among diplomatic authorities here that the Kremlin has decided to wind up with a loud "No" the negotiations over uniform currency and the Berlin siege.

This, in effect, would serve as fresh notice that Russia is as determined as ever to force Britain, the United States and France out of the German Capital.

If direct negotiations end in failure, the Western Powers then can appeal to the United Nations to deal with the Berlin crisis as a threat to world peace.

BERLIN, Sept. 9 (AP)—A flight of about 12 Russian Yak fighter planes soared over Berlin today, leaving vapor trails across the sky.

American officials said the flight apparently was part of air maneuvers the Russians previously had announced they would be holding over Berlin and their surrounding occupation zone.

OVER DANISH ISLAND

COPENHAGEN, Sept. 9 (CP)—Danish Naval authorities said some 50 Russian planes violated Danish territory in flights about Bornholm Island and Russian Naval units were seen today North of the island near Denmark's territorial waters.

The authorities said Soviet destroyers and a few heavy cruisers were easily recognizable as they neared Danish waters. They said they believed these movements were part of Naval maneuvers.

The population of the island was reported jittery over the incidents.

Liquor Bosses Study Stubby Bottle

VICTORIA, Sept. 9 (CP)—Called Canada's "Liquor Czars," the men who administer the Dominion's liquor laws, today learned of British Columbia's new alcohol study plan, and discussed the possibility of introducing the stubby beer bottle to Canadian beverage rooms.

They are the Provincial Liquor Commissioners and their deputies from all Provinces meeting in annual convention to seek uniformity in administration and the problems of supply and demand.

The stubby bottle, common in United States taverns and bars, was displayed to the Commissioners. It is a half-pint bottle, and would probably sell for 15 cents.

What the Commissioners thought was not made known. They met behind closed doors, with brief press statements issued after each session.

The new program of alcohol education was explained by Harold L. Campbell, Assistant Superintendent of Education for British Columbia.

It will be launched at the present term for students in the secondary schools under the guidance of 90 teachers who took special Summer studies in the new course.

ACCUSED OF WHIPPING

LONDON, Sept. 9 (AP) — A wealthy importer was accused today of horsewhipping Kenneth Coates, who admitted intimacies with the importer's actress daughter, Jacqueline Caro, 20.

Coates, a former R. A. F. officer, told the court Horace Caro "lashed out with a whip and hit my back, arms, legs and face." On cross-examination, he said he was the father of Miss Caro's unborn child and that they had been intimate on several occasions.

Stamps Sign Traillie

CALGARY, Sept. 9 (CP) — The Calgary Stampeder Senior Hockey Club today announced the signing of 10 players for the 1948-49 Western Canada Senior Hockey League season.

The list includes eight holdovers from the squad which finished on top of the circuit the last three years as well as two newcomers.

The new faces on this year's Stampeder squad will be Archie Scott, 21-year-old player from Trail, and Mike Yaschuk, 24-year-old former Winnipeg Flyer puckman. The others are Russ Dertell, Dunc Grant, Ken Hunter, Archie Wilder, Bud Emery, Stan Devico, Don Culley and Butch McDonald.

Better Golf

By SAM SNEAD

We know from the position in which our pictured player is that he has laid that club-face on the ball correctly with full power. Notice his shoulders are rotating in an almost perpendicular plane and he has given that clubhead plenty of follow-through. His head is just turning to look after the ball because he has received the signal that it is now safe to look from his right shoulder passing under his chin. This player has put power and rhythm into the shot and by keeping his head in the address position clear up to this point, he has provided himself a base or an anchor around which his weight and power revolves. This enables him to put everything into the shot with smoothness and rhythm. If this player had permitted his head to move forward as he came down he would have lost power for there would be less fulcrum to lever against. Remember that your golf swing is anchored by your feet and your head.

Falkenburg Has Chance To Sweep Two Titles

By GAYLE TALBOT

FOREST HILLS, N.Y., Sept. 9 (AP)—Bob Falkenburg, the skinny, *stoop-shouldered* young beanpole from the Pacific Coast, will have a chance to show his critics a thing or two in the United States tennis championships starting tomorrow.

Bob won the big Wimbledon title this Summer, beating Jack Bromwich of Australia in a five-set final. Yet he wasn't even named to the American Davis Cup team which walloped the Aussies 5-0 in the challenge round here last weekend.

The tip-off on Falkenburg's chances to sweep the world's two biggest championships probably will come on the third round here, where he figures to meet Budge Patty, the *Los Angeles stylist. If he slams* Patty around, then all the lads may well look out.

Canada is represented in the men's division by Brendan Macken and Henri Rochon. In the women's division are Elaine Fildes and Patricia Macken, sister of Brendan. All are Montrealers.

N. Denver Girls Down Kaslo Nine

KASLO, B.C., Sept. 9—The Kaslo softball girls went down to defeat 13-3 at the hands of the snappy girls team from New Denver, in a six-inning game played on the Kaslo diamond in Vimy Park on Labor Day.

The visitors showed fine team-work throughout the game. While the local team showed lack of practice they put across some good plays.

New Denver lineup was:

New Denver—Pitcher, M. Thring; catcher, N. Edmonson; first base, C. Hill; second base, L. Edwardson; third base, V. Detta; shortstop, N. Harris; right field, H. Nelson; centre field, D. Nordbye; left field, J. Avison and A. Tier.

19 NAMED FOR ALL-STAR TEAM

TORONTO, Sept. 9 (CP) — The Ontario Lacrosse Association today named 19 players to a junior all-star team that will play St. Catharines Juniors in the Niagara Peninsula city next Saturday. Four or five of the all-stars will be added to the Ontario champion Athletic Juniors for their trip West in quest of the Dominion championship.

The Ontario winners are scheduled to play in Winnipeg next Wednesday, starting a best of three series. The winner will go to Vancouver to compete for the Minto Cup late this month.

Following are those chosen: Mimico—Gord Johnson, Bruce Webster, Bill Needham, Charles Edge; Brampton — Blake Eatough, Fred Grossi, Gwlyn Evans, Bo Sutherland, Red Howell, Clarke Lyons; Weston — Don Chard, George Ellis, Tom Bennett; Dundas — Keith Dunnett; Midland—W. Lewis, E. Stacey, B. McTaggart, E. Gibson and Ed Bolan.

Ducks, Ammunition Plentiful For Canadian Sportsmen

By The Canadian Press

Duck hunters are preparing for their annual Fall invasion of the marshlands, and almost everywhere in Canada the prospects for a good season are bright.

A Canadian Press cross-country survey today showed that, except in some parts of Ontario, birds are more plentiful than in other years. Ammunition is available, but prices are up.

In parts of Northern Manitoba hunting already is under way. But in most other sections of Canada, the season opens either later this month or in October.

The numbers of ducks and other game birds increased in the Maritime Provinces during the war years when hunters were few and ammunition scarce. Now they are fairly plentiful in Nova Scotia, New Brunswick and Prince Edward Island.

A shortened season in Quebec last year enabled game birds to hold their own. This year more hunters than ever before are expected to be out.

Improved observance of game regulations is credited with a good supply of ducks in the Windsor area of Western Ontario. In other parts of Ontario the situation is reported better this year than last but birds still will be scarce this Fall.

B. C. HUNTERS WORRIED

Manitoba reports ducks more plentiful this year. Wildlife men say the birds had a good nesting season last Spring.

The number of ducks also is up this Fall in Alberta. The most common seen in the Edmonton area are Mallard and Pintail which feed on grain.

British Columbia sportsmen are worried over the influx of hunters by air. They believe the flying nimrods will make heavy inroads on this year's plentiful supply of Pintail, Mallard, Baldpate and Green-Wing Teal.

Barney Pitches No-Hit, No-Run for Dodger Win

By STEVE ROBERTSON
Canadian Press Staff Writer

By scoring eight runs in the third inning and beating New York Yankees 9-4, Boston Red Sox yesterday stretched their American League winning streak to nine games.

The victory also boosted the Bostonians' first-place margin over the runner-up Yanks to 3½ games. It was the 24th win for the Red Sox in their last 27 games.

Ellis Kinder went all the way for his eighth victory. Bob Porterfield, starting Yankee pitcher, went to pieces in the third and was replaced by Tommy Byrne, who later gave way to Ed Lopat.

In another American League fixture, St. Louis Browns made their first doubleheader sweep of the season. They scored three runs in the ninth inning of the second game for a 4-2 victory after beating Chicago White Sox 5-2, in the opener.

Pittsburgh Pirates kept in the running for the National League pennant by beating Cincinnati, 6-1, in a game in which Bucky Walters, new Reds manager, took himself off the mound after a spell of wildness.

For five innings, Pittsburgh was held to one hit. But in the sixth the Pirates scored three unearned runs when the Cincinnati defence collapsed.

Meanwhile, Rex Barney of the Brooklyn Dodgers pitched the first no-hit, no-run game of the 1948 National League season. His feat enabled his team-mates to score a 2-0 victory over the New York Giants.

Barney struck out four. Only four Giants reached base against him, two via walks and two on errors. Seven balls were hit to the outfield.

Barney's mound masterpiece is the first by a Dodger hurler since Ed Head blanked the Boston Braves without a hit April 2, 1946. It also is the second in the majors this season. Bob Lemon of Cleveland hurled a hitless and scoreless game against the Detroit Tigers June 30.

The last time the Giants were held hitless was 33 years ago when Jimmy Lavender of the Chicago Cubs shut them out 2-0 in the first game of a doubleheader Aug. 31, 1915.

The last National League no-hitter was turned in by Ewell Blackwell of the Cincinnati Reds against the Braves June 18, 1947.

Stan Musial and Harry Brecheen put life back into the St. Louis Cardinals as they defeated the Chicago Cubs 4-0.

Musial hit safely four out of four trips, including a triple. He batted in two of the St. Louis runs and scored the other two himself.

Brecheen fanned 10 Cubs while limiting them to six hits for his sixth shutout of the season.

Eddie Robinson singled in the 13th inning tonight to drive in a Cleveland Indians' run that beat the Detroit Tigers 3-2, in an American League game.

For the second night in a row, Sam Zoldak earned an extra-inning victory by fine relief hurling for the Tribe.

PEP BACK INTO RING TONIGHT

By JACK HAND

NEW YORK, Sept. 9 (AP)—Big time boxing—or at least a big time boxer—returns to Madison Square Garden tomorrow night after a series of mediocre Summer shows when featherweight champion Willie Pep of Hartford takes on Paddy Demarco, promising Brooklyn lightweight in a non-title 10 rounder.

Pep, one of the greatest featherweight champs in history, brings his gaudy record into the Garden ring for the first time in two years. In 133 bouts, he has lost only once. One other was a draw. Currently he is working on a string of 41 staight victories.

Willie has gone through 70 fights without a loss since his streak of 62 successive wins was snapped by Sammy (The Clutch) Angott way back in 1943. A 1945 Baltimore draw *with Jimmy McAllister is the other* blot.

This will be Pep's first showing in the Eighth Avenue Arena since he was severely injured in a plane crash almost two years ago.

Pep is a 5 to 13 favorite to hand Demarco, the 20-year-old Flatbush battler, the same treatment. However, Paddy hasn't lost in 21 starts and has been beaten only twice early in his career of 34 pro fights.

Young Demarco, an aggressive workman, catapulted into the front ranks of the lightweight division by two stunning decisions over Terry Young. The first time he fought Terry he was only 19 and the fight was limited by state law to eight rounds. Now he can go 10, but he'll have to wait until he's 21 before he can travel the full 15-round championship route.

The bout, launching the Fall Garden season after a series of Thursday shows, is expected to draw 10,000 people and about $35,000.

Impatient Cerdan Boxes 4 Rounds, Zale Ends Training

LOCH SHELLDRAKE, N.Y., Sept. 9 (AP)—Although he wasn't scheduled to box more than two rounds, an impatient and fit Marcel Cerdan boxed four rounds today in his program to deprive Tony Zale of his middleweight title in Jersey City Sept. 21.

He went four alternate rounds with Rocky Caffarello and Cocoa Kid.

NEW YORK, Sept. 9 (AP)—Tony Zale, middleweight champion, arrived today to conclude training for his title defence against Marcel Cerdan of France at Jersey City's Roosevelt Stadium Sept. 21.

Art Winch, his co-manager, said Zale weighed 150½ after 60 rounds of boxing.

30 Canucks Fly to Scottish Rinks

TORONTO, Sept. 9 (CP) — In hockey's first mass flight abroad, 30 young Canadians headed by air for Prestwick, Scotland, today to play with teams in the Scottish League. Twenty-four players left Malton airport and the balance will be added at Montreal.

Originally 32 were scheduled to make the flight but Claude Kewley, the league's Canadian representative, couldn't locate the Casey brothers of Prince Albert, Sask.—Philip and Pat. Claude feared some other league may have "grabbed off" the Caseys.

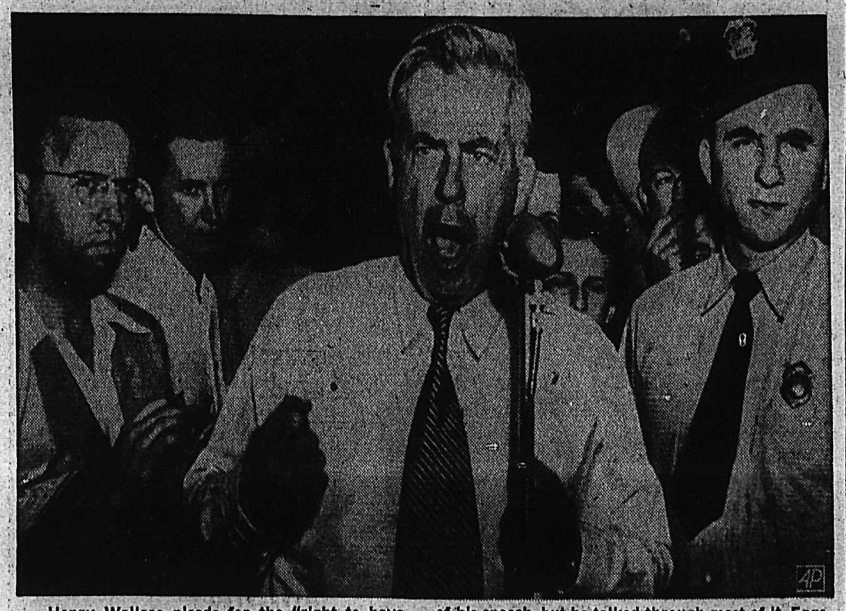
Beauty

Ramona Hussey, 19, beauty contest winner from Pakistan, pauses to pose at LaGuardia Field, New York City, after arriving from India aboard a Pan-American World Airways plane. She is en route to San Diego, Calif., for a six-month visit with the parents of Dick Cardwell, ex-G.I. she met at Karachi in 1944. The girl said Mrs. Cardwell paid the expenses for the trip.—AP Wirephoto.

Twins Born Two Days Apart

Mrs. Dorothy Walker, 20, of Wollongong, holds her twins, Garry (left) and Gail (right), in a Sydney, Australia, hospital after they were born in different towns two days apart. Garry was born in Wollongong Aug. 22. The mother was taken to Sydney, 65 miles away, and Gail was born Aug. 24. All three are doing well. Sydney doctors say such cases are rare. —AP Wirephoto.

Wallace Pleads For "Right" To Speak



Henry Wallace pleads for the "right to have my say" in a speech before a large crowd at Charlotte, N. C. Boos and heckling drowned out most of his speech, but he talked through most of it. Eggs and tomatoes were thrown again, but missed their mark. —AP Wirephoto.

Former Queen Greets Cheering Crowd

Wilhelmina (left), who has abdicated The Netherlands throne, waved as she appeared on the Palace balcony in Amsterdam with members of Holland's Royal Family to receive plaudits of a cheering crowd jammed into Dam Square for celebration of her 68th birthday and golden jubilee on the throne. Left to right: Wilhelmina, Prince Bernhard, Queen Juliana, who succeeded her mother to the throne, holding her daughter, Princess Maryke, and her daughters, Princesses Beatrix and Irene. —AP Wirephoto via radio from London.

IT'S BEEN SAID

Fame is no sure test of merit, but only a probability of such; it is an accident, not a property of man.—Carlyle.

YOUR FUTURE

Better take this time to finish up work that has recently been neglected. You will experience some improvement in your finances in the year just beginning. You should, however, be watchful against possible losses through friends.

MODERN MANNERS

Do not open or shut a window in a room without first consulting the others in the room to see if they want it open or closed.

IT HAPPENED TODAY

On Sept. 10, 1943, in World War I, It heeGrm an

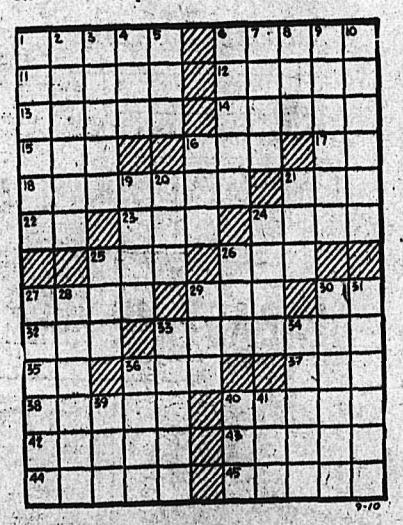
Yesterday's Answer



DAILY CRYPTOQUOTE—Here's how to work it:
A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apos- trophes, the length and formation of the words are all hints. Each day the code letters are different.

NELSON DAILY NEWS, FRIDAY, SEPT. 10, 1948 — 11

BECOMES REAR ADMIRAL

OTTAWA, Sept. 9 (CP)— Com- modore Henry G. DeWolf, 45, of New Bedford, N. S., has been pro- moted to the rank of Rear-Admiral.

The promotion became effective yesterday, when the Rear-Admiral became flag officer, Pacific Coast. He succeeds Rear-Admiral E. Rollo Mainguy of Duncan, B. C., who will transfer to the R.C.N.'s Eastern Command Oct. 1 to become flag of- ficer, Atlantic coast.

TOO MUCH FUSS ABOUT CHILDBIRTH SAYS OBSTETRICIAN

VANCOUVER, Sept. 9 (CP)—Dr. Alice Woodhead, an obstetrician who has moved to Vancouver after practicing for 15 years in England, says she believes there is too much pampering of expectant mothers.

"Expectant mothers nowadays think they are invalids. Why, childbirth is as normal as having breakfast."

However, she believes in sensible pre-natal care, but does not approve of anesthetics in childbirth.

Dr. Woodhead is herself the mother of an eight-year-old boy.

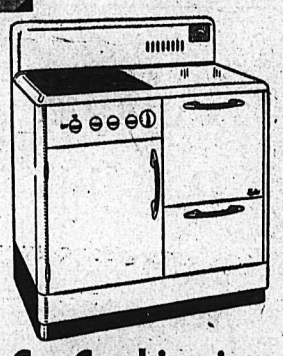
A Coal & Wood Range of Electric Range Beauty

The "Condor" brings a new era of kitchen comfort. It takes a woman only one glance to see that it is much more than just a new coal and wood stove—that it represents a new perfection in household comfort and convenience. The wonderful improvement in appearance supplied by modern streamlining, is matched by an equal improvement in cooking precision and ease of operation.

The large efficient firebox means lower fuel bills—its fast even heating oven means better baking. All its extra convenience means that you have more time for the things you have always wanted to do.

$235.00



For those who desire the speed and convenience of gas we present Findlays Buffet gas range with fully automatic oven and Minute Minder.
