WEATHER FORECAST

Kootenay: Cloudy Monday morning, clearing during afternoon. Wind light. Cold. High at Cranbrook and Crescent Valley 48.

Chinese Reds Devour Mukden

China's Greatest Arsenal Said Collapsed Into Communist Hands; Fall Means Loss of Manchuria

PEIPING (Monday) (AP)—The Chinese Communist radio Monday announced that Red attackers had broken through defence lines into Mukden and street fighting died out in the Manchurian city.

(High officials in Nanking previously conceded that the fight for the city was over and that Mukden silently awaited the arrival of the conquerors.)

Rumors circulated in Chinese press circles that the 53rd Government Army in Mukden revolted and went over to the Communists. There was no official confirmation.

It was freely predicted here that the Communists would capture all Manchuria within three weeks.

As the Reds closed in on Mukden at their pleasure, radio communication with Nanking continued until 5:30 p.m. Sunday. The latest message told of the gradual fading of the sounds of battle from the outskirts, followed by "death-like silence."

It said the majority of the stricken city's 2,000,000 residents stayed indoors, fearful of street violence which had not materialized.

The broadcast broke off suddenly with: "Goodbye."

NANKING — Generalissimo Chiang Kai-shek's Government is facing its most disastrous defeat in its three-year war with the Communists. The Chinese Communists were gobbling up the great Manchurian city of Mukden . . . the site of China's greatest arsenal.

Government sources in Peiping insisted Sunday that the battle for Mukden was still raging. But reliable sources in the Chinese capital at Peiping said Saturday that Mukden had collapsed into Communist hands.

Mukden has been under siege for months by the Communists. Its fall would mean that Chiang's Government had lost all Manchuria . . . which is the richest region in East Asia. Moreover Mukden's loss would increase the Communist threat to North China.

In Washington, meanwhile, United States officials were showing deep concern over military, political and economic reports from embattled China. They no longer appeared as confident as they once were that Chiang's Government can revive its powers of leadership and put an end to the disastrous civil war. It was feared by some that the Communists within a year or so may extend their mastery over all China . . . thus handing the United States its first major reverse of the cold war.

By HAROLD K. MILKS

NANKING (AP) — Communist troops swooped on Mukden Saturday and either wrested that greatest Manchurian city from the Chinese Government or were prepared to do so at their leisure.

Usually reliable sources said the Reds had won control of the city. Other equally believable sources late Saturday night said they had closely ringed the city but had not completed its occupation.

"GREATEST CONFUSION"

They said no authority whatever remained in Mukden and the entire city was in "the greatest confusion."

Whereabouts of the garrison commander, Gen. Wei Li-huang, were unknown here.

His troops last were reported trying to fight their way Southward from the city. It was believed they were trying to reach one of two evacuation ports in Manchuria — Yingkow and Hulutao, 100 miles South of Mukden.

FEAR 150,000 LOST

Sources here considered it unlikely that many of the 150,000 Nationalist troops managed to escape Chinhsien, 125 miles South of Muk-Red forces who held the corridor to den.

Large forces on both sides have been engaged in a see-saw battle during the last 72 hours in the Mukden area. More than 400,000 men were reported committed to battle.

The National Government has been plagued with large-scale desertions of troops in recent months. It was considered likely some of those in 12 divisions the Communists said they captured near Mukden earlier this week deserted.

Generalissimo Chiang Kai-shek himself flew here late in the day from his field headquarters at Peiping, where he had been directing the North operations since Oct. 15.

His arrival was considered by observers to mean drastic developments had brought him back.

Official military sources have not confirmed the fall of Mukden. Its loss, immediately upon the heels of the loss of Tsinan, Chefoo and Changchun, would hit the Chiang regime hard.

There are still thousands of Chiang's troops under arms defending Peiping and Tientsin, Hankow, and the Nanking-Shanghai areas. But it is doubted here that the man who led the Government for a score of years and longer will be able really to rally them against the Reds.

Campaign Thunder Dies With Dewey Win General View

Most Spectacular Campaigns of U.S. Elections Wind Up; Rain, Small Turnout Forecast for Tuesday Voting; Wallace, Thurmond Could Upset Outcome

By CLYDE BLACKBURN
Canadian Press Staff Writer

NEW YORK (CP) — President Truman today rested in his Missouri home after a final defiant claim to victory over what he called efforts of "character assassins" to ruin his standing with the people.

His Republican opponent, Governor Thomas E. Dewey of New York, was at his Quaker Hill farm near Pawling after telling a monster mass meeting here that he was on "the eve of victory."

One of these two candidates is virtually certain to be President for the next four years. The alternative is that the voters in Tuesday's election will fail to give either a clear electoral college majority.

General opinion seems to be that Dewey will win at least 300 electoral college votes. He needs only 266 to win the presidency.

Those who are confident of a Republican victory claim the worst thing that can happen to the Party is to lose control of the Senate.

In that chamber a Democratic gain of only four seats would put control back in the hands of the Democrats who lost it in the 1946 Congressional election. Many concede there is a fair chance that this will happen.

Both candidates have conducted the most spectacular campaigns in the history of the 40 presidential elections to date.

Truman travelled by special train, plane and motor car through 36 states and made 272 speeches. Dewey was close behind him most of the time but made fewer speeches.

But through all the oratory there was little the candidates to talk about except their opinions of each other and of each other's parties.

DIFFERENCES SMALL

As the New York Times commented today: "Where their lines of argument did cross they were not always in direct conflict. Truman's terms were specific and Dewey's were general.

"It was frequently difficult to tell where their differences lay."

The two leading candidates will make radio appeals tomorrow night —the traditional 11th hour plea for the people to get out and vote.

Dopesters predict that little more than half the eligible voters will turn out—about 50,000,000 perhaps—and the Weather Bureau forecasts rain in most of the country for Tuesday.

The Democrats predict that a big vote will clinch victory for President Truman and are disappointed over the low figure of voting registrations in some of the larger population centres such as New York.

UPSETS POSSIBLE

While the race is really between Truman and Dewey, the Progressive Party of Henry Wallace and the States' Rights Democrats of the Southern States under Governor Strom Thurmond of South Carolina could vitally affect the outcome.

Wallace, winding up a most intensive campaign with almost hourly speeches in this area, told a Philadelphia audience that a large vote for him would "send a thrill of hope around the world."

Thurmond wound up his campaign in the deep South where his States' Rights Party—a breakaway of traditional Democrats in protest against Truman's and the national committee's stand for equal treatment of Negroes—is virtually certain of taking at least 38 electoral votes at the expense of Truman.

ST. LOUIS—There was plenty of noise in St. Louise Saturday night when President Truman made the last big speech of his campaign. The President sounded the keynote of the whole evening when he threw away a prepared speech and spoke instead from a sketchy draft he had written just before his train rolled into the city.

In between the lusty shouts, the President managed to say a few things. He declared that Governor Dewey was conducting a "fake" campaign. "Of all the fake campaigns," said the President, "This is tops as far as the Republican candidate is concerned." The President accused Dewey of following him around the country and making speeches about "home, mother, unity and efficiency," and at the same time avoiding the issues.

After the St. Louis speech, the President started out on his last train trip before Tuesday's election. The train is rolling toward his hometown, Independence, Miss., where Mr. Truman will stay until Thursday two days after election day.

NEW YORK — Governor Dewey wound up his campaign with a bang Saturday night. Dewey fired his big guns before an audience that jammed into New York City's Madison Square Garden and even spilled into the streets outside.

The stage setting for the Dewey finale was dramatic. There were huge spotlighted pictures of the Republican candidate and his running mate, Governor Earl Warren, over the speakers' platform. Hollywood and Broadway were there to provide entertainment. Lanny Ross and James Melton sang. Jinx Falkenberg batted autographed tennis balls to the crowd. Guy Kibbee cracked jokes. Gloria Swanson and Fay Bainter declared themselves for Dewey.

When Dewey mounted the stand he, like President Truman at St. Louis, got a thunderous ovation. When things quieted down, Dewey solemnly promised that if he is elected President he will dedicate his administration—above all other causes—to winning the peace.

That was the grand finale for Dewey as it was for President Truman. After the speech in New York, Dewey drove to his farm at Pawling, New York. Monday he will return to New York City to vote Tuesday and await election returns.

There is one political candidate in the U. S. who will keep right on swinging through election eve. The Progressive Party candidate, Henry Wallace, will campaign Monday in the Bronx and Harlem. He and his running mate, Senator Glen Taylor —will wind up their campaigns with radio speeches in the evening.

BERLIN—The Soviet Army newspaper in Berlin predicts a victory for what it calls "reaction" in the American election Tuesday. The paper said it based its prediction on its belief that Henry Wallace was not going to be elected.

The newspaper asserts that Wallace would win if there were enough so-called "progressive and discriminating" people in the U. S.

Acid-Filled Fog Kills 20 in U.S. Mill Town

Zinc Works Ordered Closed When 18 Elderly Men, 2 Women Die, Gasping For Breath as Smog Covers City

DONORA, Penn.—A fog has lifted after apparently carrying acid fumes over the city of Donora. Health officials said Sunday it caused the deaths of 20 elderly persons.

Since Thursday night 18 men all over fifty and two elderly women gasped for breath and strained their hearts to the point of failure.

Cause of the mass tragedy was not known. Although this mill town of 12,000 is heavily industrialized, Burgess August Z. Chambon said: "There is nothing to indicate the fumes came from any plant."

A member of the Donora Board of Health, Rudolph Schwerha, said all the victims he knew had been under a physician's care. He said persons who died apparently suffered from cardiac or asthmatic conditions, and that there was no doubt that the smog caused their death.

The Donora Zinc Works of the American Steel and Wire Company has ordered its smelter closed until further notice. The firm is a subsidiary of the United States Steel Corporation and is one of Donora's largest industries. The smelter, in which zinc is manufactured, contributes a large part of the smoke that customarily hangs over the town.

200 STRICKEN

About 200 persons have been stricken, and a health official says at least 400 persons have felt some effects.

Hospitals reported no new admissions since late Saturday night, and no new fatalities.

Officials, at the emergency hospital also said the deaths were caused by acid fumes contained in the fog.

The deadly fog contains nothing that a wind cannot cure.

That was the opinion of James Lau, administrator of the Charleroi-Monessen Hospital, who has directed hospital treatment of scores of persons seriously stricken in a five-day smothering smog.

Major John Elco, Chairman of the American Legion Emergency Committee, concurred, and said:

"If industrial smoke is a contributory factor, a wind would end our troubles."

The smog belt enveloping this industrial town is almost physical. It is noticeable by sights and smells. A cigarette gives a sweetish taste, and visibility is limited to about 100 feet in daylight.

PROBE PROMISED

Governor James H. Duff of Pennsylvania has promised an immediate investigation of the tragedy.

The Governor got the full story at his Summer home Sunday morning.

"We will make an immediate investigation by the Department of Health to ascertain if what happened was the result of any preventable cause," he said.

Dr. I. Hope Alexander, Pittsburgh Health Director who made a personal investigation of the smog, said he now feared a resultant epidemic of pneumonia in the area.

"I know from long experience in Pittsburgh that whenever we have a continuous dense fog, we always had a number of acute respiratory infections," the Health Director said. "I hope I'm wrong but I have every reason to believe that will be the case."

Dr. Alexander said most of the Donora deaths had occurred within two or three blocks of the zinc smelter plant of the American Steel & Wire Co. The plant emitted acid fumes.

"The gas is a very toxic variety and had been escaping for years," Dr. Alexander explained, "but because smog had not tied it down, it didn't cause any illness."

Rain began falling in the community late Sunday, helping clear the air.

Several hundred asthma and cardiac sufferers remaining in the town were reported being evacuated.

Charles Stacey, Chairman of the Board of Health, said:

"We're up in arms about it. The whole community's irate and something is going to be done. We're going to appeal to state health authorities for help."

"PLAIN MURDER"

Dr. William Rongann, member of the Philadelphia Board of Health, called the deaths "plain murder" at an open meeting of the group today.

"There is just something here in the air over Donora—whether from the zinc mill or other mills—that is causing this and and it's not right," he declared, adding:

"It's plain murder."

DONORA, Penn.—Fire Department officials used improvised oxygen tents to save many of the persons threatened by the Donora, Penn., fog. Firement went to nearly a dozen homes in Donora to help elderly persons who were unable to get to emergency aid stations.

Fire Captain Dolin Flint said in reporting to the Donora Board of Health:

"The people couldn't breathe. They just lay there and gasped. But oxygen made them feel better right away." Then he added: "We used old sheets around the house to improvise oxygen tents and they worked fine. We didn't have a single fatality among the people we gave oxygen."

"NUISANCE" BANS MAY BE MODIFIED

Restrictions on U. S. Purchases May Be Eased by Year's End

STUDY UNDER WAY

OTTAWA (CP)—Informed sources said Saturday the Government is examining all remaining "austerity" regulations with the view to removing or modifying some of the "nuisance" bans towards the end of the year.

They said the Government might ease the restrictions forbidding Canadians from bringing in goods purchased in the United States, either by personal purchase or mail order. A boost may be made in the limit of $150 in American funds allowed Canadians travelling below the border.

The dollar-saving restrictions came into effect last November. Since then, the Government has removed the special excise taxes and relaxed the prohibition and quotas placed on the importation of certain fresh fruits and vegetables.

A number of other prohibitions still remain.

WYNNDEL HALL DESTROYED IN EARLY FIRE

Volunteers Fight To Save Other Buildings

CAUSE UNKNOWN

WYNNDEL, B.C.—Fire totally destroyed Wynndel's Community Hall early Sunday morning, and authorities plan an investigation into its cause.

The fire began at 5:30 a.m., and by 7 a.m., only smouldering ruins remained. Volunteer fire fighters from Creston, the Forest Service, and residents pitched in to keep the flames from spreading to surrounding buildings.

Value of the building could not immediately be learned, but some insurance was carried. The hall was built in 1928. A dance took place in the hall Saturday night.

The loss will greatly interfere with recreational activities of Wynndel residents.

Police Reinforcements Join in Creston Manhunt; Weapon Missing

CRESTON, B.C. — Additional members of the B.C. Police over the weekend joined in the search for William Francis Swanson, wanted in connection with the bludgeon slaying of his wife Oct. 23.

Swanson disappeared after the beating of his wife, Julia Agnes Swanson. He is believed to be armed. The murder weapon also is missing.

Meanwhile, a coroner's jury has found "from the evidence that Mrs. Swanson came to her death . . . from blows inflicted by a blunt instrument in the hands of William Francis Swanson, causing death by injury to the brain, haemorrhage and multiple wounds of the head, trunk and limbs."

Corporal R. Whittaker of the Royal Canadian Mounted Police Friday testified that at 6:45 a.m. Oct. 23 he was told by two Indians, Johnny Pierre and Nicholas Francis, that Mrs. Swanson had been killed in the early hours of the same morning at the home of her father-in-law, Thomas Swanson, on the Lower Kootenay Indian Reserve.

The Corporal said he notified the B.C. Police and a patrol was made to the home of Thomas Swanson where they found the nude body of the woman covered in blankets in a double bed. Her forehead, eyes and face generally bore marks of violence.

Mrs. Isobel White, Indian and resident on the Mission, told of William Swanson coming to her door at 4:40 a.m. the fatal morning with a rifle in his hand. She stated he told her that early on Oct. 22 his wife was cutting wood and he was filing a mower knife, and that an argument ensued during which he hit her on the head, knocking her to the ground, according to the story Mrs. White said he recounted.

Mrs. Swanson complained that he had hurt her and went into the house, Mrs. White quoted Swanson as saying, and that she later said she was sleepy and went to bed. Afterwards he went to bed and had her arm over his shoulder. Hours later he woke up and asked her to move over and when she failed to respond, examined her and found she was dead.

Swanson then told of washing and cleaning his wife and of starting for the Indian mission, Mrs. White continued. She then went with him to Sam Luke's house, where Swanson asked Luke to go to John Pierre's place and "tell him that I killed my wife and my wife is dead." From there they went to Nick Francis' home where Swanson told the same story. Shortly after Swanson left Francis', Mrs. White said, and she returned to her home to find that her sister Anastasia, 18, was gone.

(Police have been informed that Swanson was seen in a Camp Lister store the morning of Oct. 23 accompanied by an 18-year-old Indian girl.)

The father-in-law of the slain woman, Thomas Swanson declared there was no violence when he returned to his home at 1 a.m. Oct. 23 but heard a girl groan and saw the girl cover up her husband. He slept in the barn and the next morning found blood in the kitchen of his home.

Several other persons testified during the two-day inquest.

To Oppose Drew

OTTAWA (CP) — James Sidey, who describes himself as a "Labor Tory," said Saturday he will oppose George Drew, Progressive Conservative leader, when a byelection is called in Carleton Constituency.

Russell Boucher, Progressive Conservative member for the riding, has announced that he will resign to permit Mr. Drew to seek a seat in the Commons. Mr. Drew will confer Monday with Acting Prime Minister St. Laurent on the date of a byelection. Dec. 20 has been mentioned.

Mr. Sidey has tried twice to win a seat in the Ontario Legislature, failing in both Ottawa East and Ottawa South as an Independent candidate.

RAIL TIE-UP GOES ON

ST. JOHN'S, Nfld. (CP) — Newfoundland remained in the grip of an island-wide railway strike after a weekend flurry of settlement proposals resulted in stalemate.

QUICKIES . . . By Ken Reynolds

"I got so many answers yesterday to my News Want Ad to loan money—I'm broke!"

Federal Election In October Next Year Forecast

OTTAWA — Observers are predicting that the next general election will be held in October of 1949. This, despite some predictions that the Government will play out its full string into the Summer of 1950.

At the moment, the question is still in the realm of pure speculation, since the cabinet hasn't even discussed it yet. But the political weathervane in the capital right now points to next Fall.

It will depend on Rt. Hon. Louis St. Laurent, who will be taking over in November as Prime Minister, plus such factors as byelection tests and reaction to the Government's expected tax-cutting budget of next Spring.

BLAME FAG BUTT FOR FOUNDRY FIRE

BRIDGETOWN, Barbados (CP)—One man was believed dead Sunday following a $250,000 fire that destroyed a foundry and damaged two Government buildings in this island capital Saturday.

A live cigaret butt thrown near some oil drums was believed responsible for the blaze from which a dozen employees on the top floor of the three-story foundry escaped by leaping to the roof of an adjoining building.

James Quinn, Trail Union Steward, C. C. F. Candidate In Byelection

TRAIL, B.C.—James Quinn, Shop Steward of the Mineworkers' Union local has been elected C.C.F. candidate for the Nov. 29 by-election in the Rossland-Trail Riding.

The by-election will name a successor to the late James L. Webster, Coalition Member of the B.C. Legislature for the Riding.

Mr. Quinn defeated three opponents Saturday night in the third ballot of 70 delegates from Rossland-Trail C.C.F. Clubs. Others whose names went before the meeting were J. E. Gordon, former Mayor of Rossland, B.C., William Cunningham, Rossland Alderman, and Albert Godtfredsen, President of the West Kootenay Poultry Cooperative Association.

H. W. Herridge, C.C.F. Member of Parliament for West Kootenay, was Chairman of the convention.

Mr. Quinn has long been a member of the Party and an active labor movement worker.

In introducing the nominees, Mr. Herridge said the C.C.F. was completely democratic, believes in "the good life for all," and said that the Encyclopedia Brittannica states that "the ethics of socialism are directly akin to Christianity." Mr. Herridge stressed the importance of the coming byelection and said the C.C.F. should base its campaign policy and not on personalities.

Randolph Harding, M.L.A. for Kaslo-Slocan, told of the success of the C.C.F. Government in Saskatchewan in providing security for all in that province.

The support of all the C.C.F. members present was pledged to Mr. Quinn for election to the B.C. Legislature from Trail-Rossland. Mr. Herridge will assist Mr. Quinn throughout his campaign.

CLOSEDOWN THREAT ENDS AT AUTO PLANTS

ST. CATHARINES, Ont. (CP) — The 15-weeks-old wages strike involving 2650 employees at McKinnon Industries, Limited, ended Sunday.

Striking members of the United Auto Workers (C.I.O.-C.C.L.) accepted 12-15 cent hourly wage boosts to end the dispute which threatened to shut down Windsor and Oshawa plants of the parent General Motors Corporation.

FORECASTS CROWD TO HEAR RED DEAN

VANCOUVER (CP)—Rt. Rev. Sir Francis Heathcote, Bishop of New Westminster, said Saturday Very Rev. Dr. Hewlett Johnson would draw capacity crowds if the "Red Dean" of Canterbury is permitted to speak here.

Sir Francis said "This is a free country—let him speak. I am interested to know how he can reconcile the salve doctrine of Communism with the principles of freedom and dignity of man."

Church-Going, Street Play Goes On Despite Donora Death Smog

DONORA, Pa. (AP)—The "death in the smog" epidemic which hit this small industrial city, killing 20 persons and making 400 others ill, was no respecter of ages.

A doctor who asked that his name be not used said Sunday he had treated a baby of 4½ months and a woman of 85 years. He said, however, all the deaths were among elderly people.

He said when the first case was reported late Friday afternoon, doctors did not consider it unusual. In the past, he said, when a smog settled over this Monongahela Valley doctors usually were called to treat a half dozen or so cases of respiratory ailments.

CASES FEWER

Friday night, however, the condition became general. The eight active doctors in the town treated at least 400 cases during the weekend. The number fell off considerably Sunday.

The doctor said three methods of treatment were generally used. They were injection, use of oxygen tents and doses of anti-hitiminic. The last is a drug used for asthma.

He said those stricken found themselves breathing with difficulty and complained of pains in the chest. All the victims died of heart failure, brought on by an overworked heart, due to lack of oxygen. The deaths, the doctor said, were relatively painless.

Meanwhile, the citizenry of this mill town remained apparently unruffled.

There was much activity in the hospitals and homes where doctors fought to save many cardiac and asthma sufferers affected by the fatal fog.

But on the streets it was just another Sunday. The youngsters continued their games of touch football and rode their bikes. Older folks, and children, too, went to church as usual.

Filling stations and drugstores were kept open for trade. There was no talk of quarantining or of closing public meeting places.

Telephone service to and from Donora was at a virtual standstill and three operators had more calls than they could possibly handle. Delay on calls ranged as high as five hours.

Meanwhile, those who had any fear of the smog's persistence put moistened handkerchief over their faces and headed for their homes.

Thirty miles upriver from Pittsburgh, Donora's industrial life is dominated by the big sprawling plant of the Donora Steel and Wire Works, a subsidiary of the U.S. Steel Corp., and by the plant of the Donora Zinc Works. Both are located on the river banks. Other heavy industries are located in the adjacent cities of Charleroi, Monessen and Monongahela.

The Donora Steel and Wire Works employs about 4200 and the zinc plant accounts for another 1000 workers. The town has a population of approximately 12,000.

ATHLETES' HOME

Donora gained some renown this Fall for the prominence of its home-grown athletes. They include Stan Musial of the St. Louis Cardinals; Lee Sala, the middleweight boxer; Arnold Galiffa, the Army football star and several others.

Musial's parents, Mr. and Mrs. Stanley Musial, were among the stricken. Both were reported to be in good condition after their removal from their home near the zinc works.

$19,000 Raised for Canon Turner Fund

WINNIPEG—The Canon John H. Turner Fund will be closed Nov. 30. That's the word from Trustee H. M. Speechly who says the fund for the widow of the Church of England missionary now stands at more than $19,000. Canon Turner died in Winnipeg last year following a shooting accident at Moffet Inlet on the rim of the Arctic Circle.

KILL DOE BY CAR LIGHTS, FINED $500

CAMPBELL RIVER—Two residents of Willow Point, near Campbell River, B. C. on Vancouver Island, were fined $500 each on charges of pitlamping.

William McGimpsey and Richard Robin were caught using automobile headlights and a flashlight to hunt deer. Police said they had a freshly-killed doe in their possession.

5 DIE IN FLAMING BUS

LAMBTON, Que. (CP)—Five persons were killed and 12 others were taken to hospital Saturday night when an autobus left the highway, overturned and brust into flames near this Eastern Townships village, 25 miles Southeast of Thetford Mines.

ARREST MAN AFTER SHOTGUN SLAYING

TORY HILL, Ont. (CP)—Herman Woodcock, 33, was arrested Sunday by Provincial Police following the Saturday night Main Street slaying of Ronald Gill, 20, fatally injured by a blast from a shotgun.

Inspector E. V. McNeill of the Ontario Provincial Police at nearby Peterborough said Woodcock will be charged with murder when he appears in court Monday at Lindsay, Ont.

Eye-witnesses claimed to have seen Woodcock and Gill in a heated argument on the street in this village 60 miles North of Peterborough and said Woodcock was carrying a shotgun. They heard the gun blast and saw Gill fall to the ground. Gill was removed to hospital at Haliburton where he died two hours later.

MOUNTIES NAB JAIL BREAKERS

PRINCE ALBERT, Sask. (CP)—Two of the four prisoners who escaped the Prince Albert Jail last Thursday were recaptured late Sunday by Royal Canadian Mounted Police about one mile North of Red Deer Hill, 14 miles South of here.

The two, Henry Deschamps and William Bielek, told police the escapees had split into two parties Saturday night and headed South from Prince Albert. They had been hiding out in the bush immediately surrounding the city since they left the jail through a coal chute about Thursday night.

SCANDINAVIA WARMING TOWARD ALLIANCE

By LASSE LEMKOW

COPENHAGEN (AP) — Popular sentiment is increasing in Scandinavia for joining a Western alliance. Neither Sweden, Norway nor Denmark, however, is ready to turn its back definitely on the East.

Sweden's policy-makers are sticking to their traditional stand of strict neutrality which kept Sweden out of the Second World War.

PARIS (AP)—The Slav bloc injected into United Nations debate Prime Minister Stalins' charges that the Western powers are laying the foundations for a new war.

Western delegates said they believed this marked the start of a new and furious propaganda drive timed to coincide with the windup of the United States presidential campaign.

To Face Manslaughter Charge in Father's Death

WILLIAMS LAKE, B.C. (CP) — A 16-year-old California hunter will face a charge of manslaughter Nov. 6 as a result of the death of his father on a hunting trip Oct. 19.

Richard Chapman Scott of Pasadena, Calif., was arraigned on the charge yesterday, and was remanded on $4000 bail.

The charge followed an inquest verdict that Olaf Nelson Scott, 69, also known as Robert Scott, died in nearby Yohatta Valley from a shot fired by his son.

Williams Lake is about 350 miles Northeast of Vancouver.

Jail Term on Kidnap Charge

MOOSE JAW, Sask. (CP) — George Szautner of Muenster, Sask., convicted on two charges of kidnapping, was sentenced in city police court Saturday to 18 months in Regina jail on each charge, the sentences to run concurrently.

Earlier in the week, the 22-year-old youth had pleaded guilty to kidnapping a former girl friend, who refused to marry him, Monday night from the city hospital where she was in training for a nurse. But he had pleaded not guilty to a similar charge laid by Gerald Harry Miller, 22, who alleged Szautner had forced him at gun point to drive first to the city hospital and then at high speed for a town 45 miles South of Moose Jaw.

The gun later was proven a realistic toy when police captured Szautner as he walked near the abandoned car about 4 a. m. Monday.

Testimony by Nurse Bernadette Webber indicated she had known Szautner all her life but that she had rejected several marriage offers. She said he had talked several times of wishing they both might die while Miller said Szautner told him death looked like the only way out for he and the girl.

Szautner could have received a maximum sentence on the charges of 25 years each.

Miller had said that after he met Szautner, unknown to him before, he was told to drive to Miss Webber's hospital where they waited two hours. She was seized about one a. m. as she came out with a companion and a wild ride ended after Szautner lost his way. Miller was told to take a walk and phoned the police from a farm house. The girl is said to have escaped from Szauther when she asked for fresh air.

WORST HOPPER PLAGUE IN DECADE FORESEEN

WINNIPEG (CP) — The worst grasshopper plague in 10 years has been predicted for Manitoba in 1949, with Saskatchewan and Alberta also expected to experience hordes of the crop-eating insects.

A warning was issued by the Manitoba Grasshopper Control Committee.

All true—all thrilling—the story of a good woman's strange romantic obsession that drove her to murder for a man not fit to live on the same earth with her!

Propose New High School at Castlegar; Extensions Needed

KINNAIRD, B.C. — The annual school meeting for Kinnaird and Blueberry held in the new Kinnaird School, brought many interesting questions and answers on school problems in School District No. 9, with special interest being shown in the new high school being planned.

The report of the Board of Trustees read by C. H. King, Secretary of the Board, stated that all teaching vacancies had been filled in the district in spite of a big teacher shortage in the Province, but that the Board is faced with the problem of obtaining more teachers since the resignation of three of the present teaching staff will become effective Dec. 31.

Two new schools had been constructed in the district and were being used while a third school would shortly be completed. This had overcome the problem created by the loss of two schools by five.

OVER 940 STUDENTS

The number of pupils attending schools had risen from 875 last year to 940 on September 30 with more children having been enrolled since then.

NEW BUS

A new 55-passenger school bus had been ordered and was expected to arrive soon. This would enable the Board to arrange a better time schedule for transporting children.

A Public Health Nurse had been appointed for the district and she was busy with school health work and clinics in the district.

Mr. Quiding of Blueberry was elected by Blueberry residents attending the meeting to serve as their representative on the School Board. Srutineers for the election were Mrs. K. L. Robertson and S. C. Watson.

During the ensuing question period Mr. Humphries, chairman of the Board of Trustees, R. H. White, Kinnaird representative, and Mr. Clay, Inspector of School District No. 9, answered many questions regarding the proposed new High School. It will be built in Castlegar and it was hoped that it will be possible to commence construction in the Spring. It was expected to consist of six class rooms, with a science room ,home economics room, commercial room, library-study, assembly hall and a gym. The plan would allow for additions to be made. Mr. Clay stressed the desirability of building soundly, but of building in materials that enable alterations to be made to comply with changing ideas in education. Brick and concrete, though sturdy and long lasting, lacked the flexibility for alteration in the future. Basements were being eliminated as much as possible. Not only were they very expensive to build but in case of overcrowding in a school, class rooms were two often constructed in them.

EXTENSION

Apart from the proposed High School it was expected that an additional three rooms would have to be built at the Kinnaird School shortly, and a probable addition would have to be made at the Castlegar Elementary School.

S. C. Watson tendered a motion of thanks to the School Trustees from the meeting. Mrs. W. Jacobson served as Chairwoman.

Inspector Clay showed two films used in visual education in schools in the Province. One using live actors and also cartoons, dealt interestingly with T.B. germs, how they invaded the system and how the body endeavored to overcome them. The second film showed Jasper National Park with its magnificent scenery and its animal life

R. Y. Laidlaw Dies From Burns; Daughter at Nelson

PINCHER CREEK, Alta., Oct. 31 (CP)—Robert Y. Laidlaw, grain elevator agent at Pincher Station, Alta., died in hospital tonight from injuries suffered Thursday in a freak gasoline explosion and fire. A companion, Alex Wihnan, 26, died Friday.

The two men were travelling in Mr. Laidlaw's automobile with a can of gasoline for Mr. Wihnan's truck when they struck a cow. The collision caused the gasoline to ignite and both men were badly burned.

Mrs. C. W. Ramsden of Nelson is a daughter of Mr. Laidlaw, who is well known in Nelson, having taken part in several Summer Bonspiels.

Mrs. Ramsden, with her husband and son, left by car Friday for Pincher Creek.

Rouse Leads Flyers 5-3 Over Dynamiters

SPOKANE (AP)—Cy Rouse scored two goals and assisted on another tonight to give Spokane a 5-3 victory over Kimberley Dynamiters before 2400 Western International Hockey League fans, the largest crowd of the season.

A stout defence by the League leading Flyers in the third period stopped a Kimberley rally. Spokane played with only five men through much of the final period. Lineups:

Spokane—Pickell; Blackett, Bentley; Rouse; Snider, McBride. Subs—Nadeau, Barchyn, Scott, Curilly, Petrucci, Rypien, Thomas, Luke.

Kimberley—Nash; Yost, Johnston; Calles; Kavanagh, Wilson. Subs—Jones, Hebbington, Sullivan, Mellor, Coombs, Hryciuk, Tarnow, Trudell, Booth.

SUMMARY

First period—1. Spokane, Snider (Rouse) 2:33; 2. Kimberley, Coombs 3:30; 3. Spokane, Thomas 13:12; 4. Spokane, Rouse (Snider, McBride) 19:05.

Penalties—Nadeau, Yost.

Second period—5. Spokane, Rouse (McBride, Snider) 2:10; 6. Kimberley, Calles (Wilson, Kavanagh) 14:59; 7. Spokane, Barchyn (Rypien) 15:22.

Penalties—Nadeau, Mellor, Hryciuk.

Third period—8. Kimberley, Tarnow (Sullivan) 7:48.

Penalties—Rouse, Yost, Nadeau.

Leading Wings, Lowly Hawks, Rangers Victors

DETROIT (AP) — Ted Lindsay slapped in his fifth goal of the season and three other Detroiters caged their first as the Red Wings defeated Montreal 4-1 here Sunday night before 13,712 fans to stay in front of the National Hockey League.

It was Detroit's fifth victory in seven starts and Canadiens' second defeat of the season.

SUMMARY

First period—1. Detroit, Howe (Lindsay) 3:09; 2. Detroit, McFadden (Poile, Couture) 14:36.

Penalties—Stewart, Lindsay, Chamberlain, Richard.

Second period—3. Detroit, Lindsay (Morrison) 4:36; 4. Montreal, Bouchard (Mosdell) 15:15.

Penalties—Reardon (misconduct).

Third period—5. Detroit, Gee (Abel) :55.

Penalty—Horeck.

FIRST TRIUMPH

CHICAGO (CP) — Chicago Black Hawks struck for a goal with only 11 seconds of play remaining here Sunday night to upset Toronto Maple Leafs 2-1 before 16,000 fans in Chicago Stadium for their first victory of the National Hockey League season.

First period—1. Toronto, Costello (Mackell, Kennedy) 11:11.

Penalty—Guidolin.

Second period—2. Chicago, Goldham 14:49.

Penalties—Mosienko, Meeker.

Third period—3. Chicago, D. Bentley (Mosienko, McCaig) 19:49.

Penalties—None.

BLANK BRUINS

NEW YORK (CP)—The underdog New York Rangers broke into the National Hockey League victory column Sunday night by whitewashing the baffled Boston Bruins, 2-0, before 14,768 fans in Madison Square Garden.

The rejuvenated Rangers, still missing high-scoring Buddy O'Connor, remained in the league's next-to-the-cellar spot but the upset dumped the Bruins into second place.

SUMMARY

First period—Scoring—None.

Penalties—Henderson, Leswick.

Second period—1. New York, Mickoski (Fisher, Kaleta) 7:24.

Penalty—Pierson.

Third period—2. New York, Albright (Lund, Colville) 13:40.

Penalties—Leswick (2), Schmidt, Henderson, Egan.

BRITISH SOCCER

LONDON (Reuters)—Results of soccer games played Saturday in the United Kingdom:

FIRST DIVISION

Birmingham City 0, Derby County 1.
Burnley 2, Sheffield United 0.
Charlton Athletic 4, Sunderland 0.

West Bromwich Albion 2, Cardiff City 0.
West Ham United 0, Luton Town 1.

THIRD DIVISION NORTHERN

Accrington Stanley 3, Southport 1.
Barrow 0, Carlisle United 0.
Bradford City 0, Darlington 2.
Doncaster Rovers 1, Rochdale 0.
Halifax Town 2, Hartlepools United 0.
Hull City 4, New Brighton 1.
Mansfield Town 4, Stockport County 0.
Oldham Athletic 3, Crewe Alexandra 2.
Rotherham United 2, Chester 1.
Tranmere Rovers 0, York City 0.
Wrexham 1, Gateshead 4.

THIRD DIVISION SOUTHERN

Bournemouth and Boscombe Athletic 2, Port Vale 0.
Bristol Rovers 1, Northampton Town 0.
Crystal Palace 1, Swindon Town 1.
Ipswich Town 1, Millwall 0.
Newport County 4, Norwich City 3.
Notts County 2, Aldershot 0.
Reading 2, Bristol City 1.
Swansea Town 6, Exeter City 0.
Torquay United 0, Southend United 3.
Walsall 0, Brighton and Hove Albion 0.
Watford 2, Leyton Orient 1.

SCOTTISH LEAGUE DIVISION A

Clyde 3, Hearts 3.
Hibernian 1, Celtic 2.
Morton 2, Queen of the South 1.
Motherwell 0, Falkirk 3.
Partick Thistle 1, Third Lanark 3.

SCOTTISH LEAGUE DIVISION B

Arbroath 1, Ayr United 0.
Cowdenbeath 2, Dundee United 3.
Dumbarton 2, East Sterlingshire 2.
Kilmarnock 1, Dunfermline Athletic 2.
Stenhousemuir 1, Queen's Park 3.
St. Johnstone 2, Stirling Albion 1.

SCOTTISH LEAGUE CUP QUARTER FINALS

Dundee 1, Alloa Athletic 1.
Hamilton Academicals 1, Airdrieonians 1.
Raith Rovers 5, East Fife 3.
Rangers 1, St. Mirren 0.

(The Scottish League Division A and B schedules were rearraanged because of the League Cup Quarter final playoffs. In Division A Third Lanark played Partick Thistle instead of St. Mirren. Three scheduled games—Dundee vs. Partick Thistle; East Fife vs. Albion Rovers, and Rangers vs. Aberdeen—were postponed. In Division B, Dumbarton played East Stirlingshire instead of Alloa Athletic. Two games—Airdrieonians vs. Raith Rovers and East Stirlingshire vs. Hamilton Academicals—were cancelled.)

IRISH LEAGUE CITY CUP

Bangor 4, Ballymena United 3.
Belfast Celtic 2, Linfield 1.
Cliftonville 1, Glentoran 3.
Coleraine 2, Glenavon 2.
Distillery 3, Derry City 1.
Portadown 2, Ards 1.

The first Europeans coming to America found the Indians using crude oil as a medicine.

For quick comforting help for Backache, Rheumatic Pains, Getting Up Nights, strong cloudy urine, irritating passages, Leg Pains, and loss of energy due to Kidney and Bladder troubles, try Cystex. Quick, complete satisfaction or money back. Don't suffer another day without asking your druggist for Cystex.

To Rebuild Spokane Park

SPOKANE (AP)— The ill-fated Spokane Indians' home baseball park, destroyed in a spectacular fire Friday night, will be rebuilt of concrete and steel, co-owner J. Lamar Butler said Sunday.

"Spokane will have baseball in 1949," Butler said in a telephone interview from Los Angeles.

The fire left Spokane without a major sports arena. Gonzaga University's stadium has been condemned and a measure to approve a new sports arena-civic building was defeated at a recent election.

SEEK INJUNCTION AGAINST NEW OFFICERS OF W.I.U.

VANCOUVER—An injunction to restrain nine newly-elected officers of the Woodworkers Industrial Union of Canada from dealing with union property or funds will be sought in British Columbia Supreme Court in Vancouver Monday.

The nine defendants were elected in Duncan, B. C., on Oct. 24.

The plaintiffs—members of the International Woodworkers of America—contend that the meeting at which the men were elected was not a regularly-constituted one, and that

DESIREAU, MARR BRING IN FINE LAKE CATCH

Leo Desireau and William (Scotty) Marr on Sunday bagged three Kamloops and a char on the main Kootenay Lake. The largest of the salmon weighed 12 pounds, and the char six pounds, eight ounces. The other Rainbow were six pounds and five pounds.

Many Lardeau People at Tillen Rites

KASLO, B.C. — A large number of Lardeau Valley residents came here Saturday to attend funeral services for Clarence Harold Tillen, who died at his home at Lardeau last Thursday, aged 62. Services were conducted at St. Andrew's United Church by Rev. C. O. Richmond.

The hymn, "Rock of Ages," was sung, Mrs. S. H. Green presiding at the organ. There were many flowers.

Pallbearers were G. D. Bowker, H. Abey, E. H. Morphet, A. H. McKinley, G. S. Baker and A. Gripich. Interment was in the City Cemetery.

Mr. Tillen had been in the logging business for the past four years.

Survivors are his wife, Mrs. Violet M. Tillen and son John Murray, both of Lardo; a daughter, Mrs. Phyllis Eileen Reed of Trout Lake, B.C.; four sisters, Mrs. Jessie Bruce of Kelowna, Mrs. Laura Ninnons of Merritt, B.C.; Mrs. Lila Leyland of London, Ont., and Mrs. Ella Pollard of Calgary; a brother, John M. Tillen of Detroit, and four grandchildren.

Trail Curling

TRAIL, B.C.—Semi-finals of the Primary event of the Trail Curling Club's Pre-Season Bonspiel will be curled at 5 o'clock Monday. Finals will be played at 7 p.m. Tuesday, along with the finals of the secondary event.

Sixteen of the tertiary will be completed at 9 p.m. Monday, the eights at 5 Tuesday, the semi-finals at 7 and the finals at 9.

Applications for membership in the club close Monday at 11 p.m.

Semi-finals at 5 p.m. will match A. J. Burwash vs M. Gordon, D. MacDonald vs W. P. Robertson, H. T. Beckett vs R. Stewart and J. LePage vs R. McGhie.

New Wheat Crop High in Grade

WINNIPEG (CP)—Western Canada's new wheat crop is high in grade and bushel weight, and very satisfactory in general baking quality, the Board of Grain Commissioners said following laboratory tests.

Average protein content is estimated to be 13.6 per cent, the same figure as the long-time average. Over 80 per cent of the crop is grading One and Two Northern, and little tough and damp wheat is reported.

With a carryover of 76,000,000 bushels, the Board announcement said, and an estimated production of 358,000,000 bushels, about 435,000,000 bushels of Western wheat will be available for domestic use and for export in 1948-49.

Compared with last year's wheat, the new crop is described on the average as distintly higher in bushel weight and flour yield, slightly lower in protein content, fully equal if not superior in all-round baking quality, higher in absorption, about the same in gassing power and higher in pigment content.

The Weather

Synopsis—Clear skies over the Southern Coast and most of the Interior allowed temperatures to drop considerable. Ground frosts were expected at coastal points with ten to 15 degrees of frost in the Interior.

Another storm centre has moved into the Gulf of Alaska and was expected to give deteriorating weather conditions along the North. Over the South Coast and Interior Monday the weather will be bright and sunny with maximum temperatures in the forties or low fifties.

Mrs. Jane Biggs, Oldtimer of Fernie, Passes

FERNIE, B.C. — A Fernie resident for 44 years, Mrs. Jane Biggs died at Fernie Hospital at the age of 78 years. She was ill for several months.

During her residence she was an active workers in the Canadian Legion Women's Auxillary and a past President. She was born at Tredegar, Wales, and came to Fernie in 1904 with her husband who predeceased her.

A son, Thomas, and two daughters, Mrs. A. Chivers and Mrs. A. Lawry all at Fernie, survive her in addition to 12 grandchildren and seven great-grandchildren.

Toronto Call for Trail Minister

TRAIL, B.C.—Rev. James H. A. Warr, Minister of Knox United Church, has received a call to go to Glen Mount United in Toronto.

The call follows close on Mr. Warr's return from the World Council of Churches in Amsterdam, a month or so ago.

Born in England, Mr. Warr has lived in Western Canada since a boy and was raised in Victoria. He was educated at Union Theological College in Vancouver, served as Associate Minister at Metropolitan United Church in Victoria after ordination in 1931, and later went to Cloverdale United and then to Grace United in Vancouver. He succeeded Dr. M. W. Lees at Knox United in 1943.

P. C.s To Choose Drew Successor At April Meet

TORONTO (CP) — Delegate members of the Progressive Conservative Association today chose April 25-27 inclusive as the date for a convention to name a Provincial leader, it was learned authoritatively.

The decision was reached at a closed meeting of delegate members who came here to select a date for the convention which will choose a successor to George Drew, who resigned after his election to the party's national leadership.

The April dates will probably follow the 1949 session of the Legislature which will be headed by 70-year-old Premier Kennedy, who has made it clear he will not seek the party leadership.

An official statement will be issued to the press at the conclusion of the meeting.

Premier King On Way Home

ABOARD THE QUEEN ELIZABETH—Prime Minister Mackenzie King is on the high seas heading for home. The elderly statesman is aboard the liner Queen Elizabeth that pulled out from the docks at Southampton, England Sunday morning.

The Prime Minister's staff said he is in good spirits after a comfortable night's sleep aboard the Queen Elizabeth.

The Canadian High Commissioner in London—Norman Robertson — accompanied the 73-year-old statesman to Southampton to see him off.

On arrival in New York, the Prime Minister will go to Ottawa by train as soon as possible.

To Hang for Death of Girl

MELVILLE, Sask. (CP)—Frank Catlack Saturday heard a Court of King's Bench jury declared him guilty of the Aug. 16 murder of Florence Brabant in his Balcarres, Sask., district adobe shack. He was sentenced to be hanged Jan. 19, 1949.

A 16-hour jury deliberation preceded sentence of the farmer who said he and the former waitress were "too jealous of each other."

PUNISHMENT SUBJECT OF LESSON-SERMON

"Everlasting punishment" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday.

The Golden Text was: "Be not deceived; God is not mocked: for whatsoever a man soweth, that shall he also reap." Galatians 6: 7.

The Lesson-Sermon included the following passage from the Bible: "And Moses with the elders of Israel commanded the people, saying, Keep all the commandments which I command you this day."

Deuteronomy 27: 1

Among the selections from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, was the following: "Truth, Life and Love are the only legitimate and eternal demands on man, and they are spiritual lawgivers, enforcing obedience through divine statutes."

Darling May Marry Girl Gov't Decides

OTTAWA (CP)—The Government has decided to allow Kenneth David Darling, British merchant seaman, to enter Canada to marry his Edmonton sweetheart.

Permission to settle in the Dominion paved the way for the probable Christmas marriage of Darling and his boyhood sweetheart.

Darling previously had been barred from making his home in Canada because he suffered from tuberculosis.

He deserted his ship at New York this month to get into Canada to marry Eileen Newnham, 20, a British immigrant girl now living in Edmonton. He has been held by Immigration officials at Emerson, Man.

The announcement said Resources Minister MacKinnon granted Darling's appeal against the order barring him from staying in Canada because the results of a new medical examination had been satisfactory.

Earlier X-rays, taken in England, had resulted in a diagnosis of "pulmonary trouble" and Immigration authorities had advised him to remain under medical care, the announcement said.

Instead, he came to Canada via the United States without a medical certificate, it continued, and he was ordered to leave the country.

Mr. MacKinnon said he had authorized the reexamination of Darling at Winnipeg to avoid the hardships involved in returning him to Britain.

The order authorizing Darling to stay in Canada was signed today.

Miss H. Hickey Dies at Seattle

The death occurred at Seattle Saturday of Miss Helen Hickey, sister of Mrs. C. D. Pearson of Nelson. She was in her forties. Miss Hickey was born in Grand Forks and received her schooling there.

Mrs. Pearson has been in Seattle for the past ten days, and her daughter, Mrs. S. G. Smillie of Trail, left for the Coast city Sunday.

YOU WOMEN WHO SUFFER HOT FLASHES" then FEEL CHILLY-

Here's Good News!

Are you between the ages of 38 and 52 and going through that trying functional 'middle-age' period peculiar to women? Does this make you suffer from hot flashes, feel clammy, so nervous, irritable, weak? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! It's famous for this!

Many wise 'middle-age' women take Pinkham's Compound regularly to help build up resistance against this distress.

Pinkham's Compound contains no opiates—no habit-forming drugs.

It *helps nature* (you know what we mean!). This great medicine also has what Doctors call a stomachic tonic effect.

NOTE: Or you may prefer LYDIA E. PINKHAM'S TABLETS with added iron

Puck-Pourri—

By CLIVE FLEMING

With a 5-0 whitewashing over the once World Champion Trail Smoke Eaters, Nelson Maple Leafs vacated the cellar of the Western International Hockey League, forcing the Smelter City into the bottom. They were only on the last rung for only two days, and they have no intention of taking over that quarter again, Leafs assert.

Johnny Fargher had a big night, scoring two goals and assisting once for a present total of six points. That puts him in eighth place in a five way tie in the scoring. Jim Heuston was a proud man last night. He was the first goalkeeper to make a shutout this season. He turned away 31 shots, but many of the stops were from weak dribblers which had been partly blocked by the defence.

Len Bicknell made his first home appearance and surprised almost everyone with the work he performed along the blue line. On the way down to the dressing room, Bicknell said to Archie Birse, manager of the Nelson Civic Centre, that if he created any laughs, he wanted a cut from the amusement tax.

Roy Allen, speedy Leaf winger has a lot of credit due for his job as penalty killer. Whenever the Leafs were shorthanded the spunky forward was put on the ice to help stop the oppositions attacks. As well as his good job at ragging the puck, he played back with the two defencemen to help protect Heuston's shutout, and did a good job.

Fred Nelson and Spence Tatchell showed up well to the crowd with several rushes, as well as excellent work in disorganizing the Smokies' attacks. Bill Haldane can't be overlooked as he scored a goal which I doubt the goalie saw. He tried about three or four times previously, but it wasn't till his last effort that he scored.

ROOKIE STOPS THEM

Bill Margoreeth, rookie goalie up from Moose Jaw Maple Leafs, a junior squad, foiled Nelson time after time, and without him, the score could have easily been 10-0. Frank Turik probably has his name on the fans black list for the accident when he got Bill Toschack between the eyes with his stick, drawing blood, but he was outstanding with his frequent rushes. Jimmy Anderson, Trail rearguard looked good with rushes when his forwards couldn't get anywhere.

In the game there was lots of highsticking which passed, but two terms were served by Smoke Eaters on that charge. One was a five minute major when blood was drawn.

In the Leaf dressing room after the game, Fred Hergert said if the Leafs played like they did then, they'll beat any team in the league.

The Trail club were missing Dave Nicol, their highest scorer, who has the flu.

GOAL DISALLOWED

In a report from Eric Bishop, W.I.H.L. statistician, the final goal of the second Nelson game at Kimberley has been disallowed. As it stands in the official records, the final score was 7-4. The marker appeared on the score sheet Kavanagh from Wilson, so their point standings will be reversed. The goal was scored just after the final whistle, and there was no face-off afterwards. The Leafs were up in arms about calling it a goal. Also in the report, there will be a complication in scoring statistics. Since Spokane has a scoring advantage by playing more games than any other club, their points will be multiplied by seven ninths, to make the scoring statistics fair. An example is Roy McBride. He has been credited with four goals and 10 assists, and his total would ordinarily be 14 points, but when multiplied by seven over nine, his total becomes 11, so don't think the Daily News is wrong every time the points seem wrong.

Next home game for the Leafs will be Thursday when Spokane Flyers make their first appearance in Nelson.

Soccer Standing

LONDON (AP) — Standings of the top five teams in the Football League:

	W	T	L	F	A	Pt.

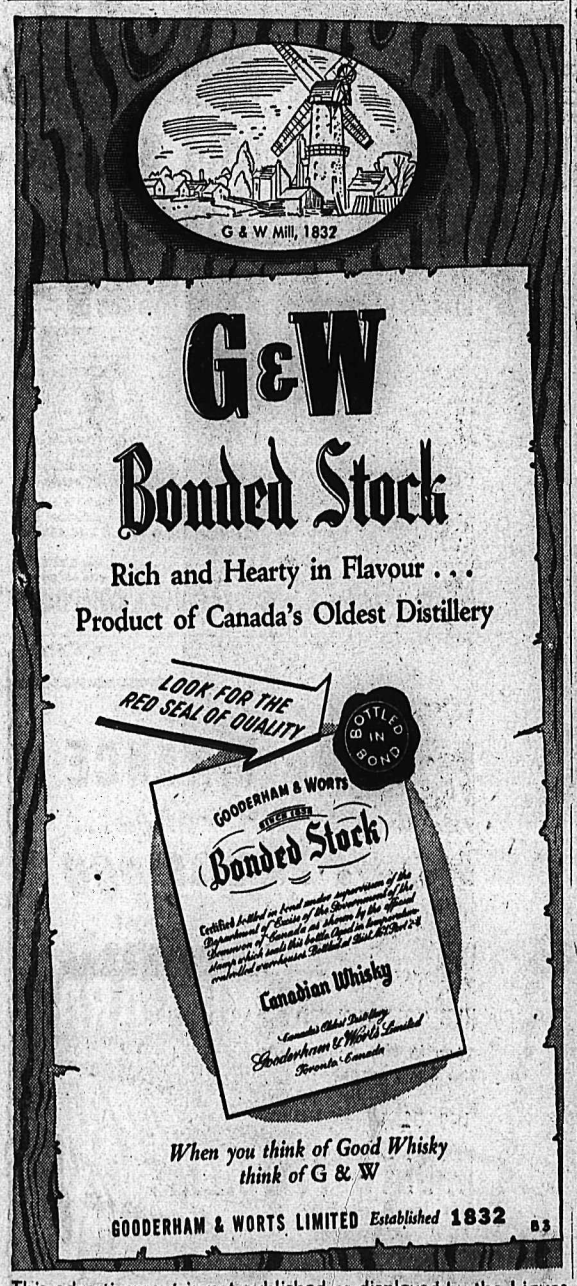
Deadline for Ice Fees Extended

Deadline for kid hockey players ice fees and also for team affiliation fees has been extended from today to Thursday. M. N. (Slim) Porter, Secretary-Treasurer of the Nelson Amateur Hockey Association, said Sunday the N.A.H.A. executive some time ago set the deadline for the 1st, but so far only one club had paid its affiliation fees along with its ice fees for its bantam club.

Kid hockey teams will get additional time this Friday, with that being a school holiday. The original 8 to 9 hour Saturday morning slated for the Dodger Bantams had been switched over to the Panther Bantams. Revised schedule follows:

Friday — 9:00 to 10:00, Panther Midgets; 10:00 to 11:00, Panther Bantams; 11:00 to 12:00, Bantam Pool; 12:00 to 1:30, F.A.C. Midgets.

Saturday—7 to 8, Lion Midgets, 8 to 9, Panther Bantams; 11 to 12, Bantam Pool.



This advertisement is not published or displayed by the Liquor Control Board or by the Government of British Columbia.

McBride, Calles Top Scorers In WIHL Play

Roy McBride of Spokane Flyers and Sammy Calles of Kimberley Dynamiters head the Western International Hockey League scoring parade, figures issued from Trail by League Statistician Eric Bishop reveal. They do not include weekend games.

Because Flyers play more games, their points are being multiplied by seven-ninths to give a truer scoring picture.

The two leaders collected 11 points apiece, and are closely trailed by Gordie Wilson of Kimberley with 10 points. Bill Snider of Spokane and Bill Vickers are tied with nine points apiece.

League bad man so far is Jack Yost of Kimberley with 20 minutes in penalties.

Standings of players with three or more points follow:

	Gp	G	A	Pe	P
McBride, S.	5	4	10	8	11
Calles, K.	5	3	8	0	11
Wilson, K.	5	6	4	0	10
Snider, S.	5	6	6	2	9

Regina Caps Take Over First Place

EDMONTON—The Regina Caps defeated Edmonton Flyers 4-3 to take over sole possession of first place in the Western Canada Senior Hockey League Saturday night. It was the first defeat in five starts this season for the Allan Cup champions. Regina scorers were Sweeney Schriner with two, Red Tilson and Bill Kyle. Edmonton marksmen were Bernie Bathgate, Colin Kilburn and Andy Clovechok. The star of the game was young Bev Bentley in the Regina net.

CANTERBURY, England (CP)—The Buffs (Royal East Kent Regiment) have presented Canterbury with a plaque to mark "150 years' friendship."

Heuston Cops 1st Shutout Of Season

By CLIVE FLEMING

Standings:

	Gp	W	L	Pct	Gf	Ga
Kimberley	5	4	1	.800	28	18
Spokane	5	4	1	.800	31	22
Nelson	7	2	5	.242	28	36
Trail	5	1	4	.200	17	28

Thirty-one shots came Jimmy Heuston's way in Nelson's second home game at the Civic Arena Saturday night, but the blond Nelson net-minder racked up the first shut-out of this W.I.H.L. season as the Maple Leafs took Trail Smoke Eaters 5-0. Heuston was backed by a strong defence, as most of the shots, when they reached him were weak and harmless. Fred Nelson was the main figure on the Nelson defence, stopping rushes continually, and started many attacks for the Leafs.

Speedster Bill Haldane was continually breaking through the Trail defence and scored one of the prettiest goals yet this season. Several times he fired high shots at rookie Bill Margoreeth, but the brilliant Trail net-minder held all but the last drive out. At the 10:37 mark in the third period he sailed in along the left wing, and let go a snap shot which sizzled to catch the upper corner of the net. The drive had so much speed that Margoreeth had no time to even make a move to stop it.

Nelson's first counter came when Trail was short-handed with Louis Corrado serving a two-minute term for high sticking. The Trail goalie had no chance on the shot, which Fargher let go from 10 feet. The shot was low, going through about four pairs of legs, with Roy Allen and Jack Kilpatrick garnering assists on the play.

Fans howled when three penalties were doled out by the referees within 30 seconds, two to the Leafs.

Kilpatrick put Nelson two up at the 1:59 mark after Margoreeth had made saves from Allen and Fargher. When Johnny Ircandia was given the gate for interference, Nelson applied the heat, and had the puck in the Trail zone for about 45 seconds. Leafs barely missed scoring on several occasions.

Smokie Frank Turik was dangerous on several occasions with his frequent rushes.

Smokies pressed hard towards the end of the sandwich session, but weren't good enough to beat Heuston. Bill Toschack gave the ice some red coloring when Turik's stick met the Nelson forward between the eyes. Turik was given a major penalty.

Fred Nelson almost put Leafs ahead 3-0 with a partially screened shot from the blue line, but Fargher was Johnny-on-the-spot to slap the rebound into the Trail citadel when Margoreeth was partly down.

LUBECK NABS ONE

Nelson went ahead 4-0 at the 7:12 mark of the third stanza when shifty Jerry Lubeck took Hergert's pass and put it behind the Trail netminder. Hergert did most of the work for the goal as he carried the disc into the zone, but was molested by two Smoke Eater defencemen and knocked the puck to Lubeck, who fired the rubber into the far corner two feet off the ice.

Trail continued to try to spoil Heuston's shut-out by carrying the play to Nelson, only to have it stolen from them. Then McClenaghen and Haldane broke up the ice lanes and Haldane rifled the puck a mile-a-minute into the top corner of Margoreeth's net.

To protect the possible whitewashing by the Leafs, Hergert instructed one of the forwards to stay back with the two defencemen for added defensive power. Minutes seemed to tick off slowly, but at length the final horn was blown, and the Nelson Maple Leafs swarmed all over the blond Nelson goalkeeper.

MOVE UP NOTCH

With that victory, Nelson moved out of last place making Trail Smoke Eaters the "doormats of the four team W.I.H.L." The Leafs also expressed their feelings that they weren't going to be league "doormats" as they were referred to in the report of the game in Trail.

The three stars of the game as picked by CKLN's sportscaster Tom Mableson were Johnny Fargher for his two goals and one assist, Jim Heuston, for his shut-out, the first of the year, and Bill Margoreeth, "sensational rookie goalie" who held Nelson down to five goals. Had it not been for his remarkable work, the score could have been much higher.

Stops by goalies:

Margoreeth	11	10	11—31
Heuston	11	12	8—31

Lineups:

Trail: Margoreeth; J. Anderson, Christensen, D. Anderson; Turik, Secco, Sutherland, Corrado, Love; Chmiel, Cavanaugh, Cronie; Sissons, Palmer and Casey.

Nelson—Heuston; Nelson, Tatchell, Bicknell, Wassick, Kilpatrick; Allen, Fargher, Vickers, Haldane, McClenaghen, Hergert, Toshack, Lubeck.

Referees: Al Euerby and Buddy Hammond; timekeeper, D. Tye; scorer, J. M. Morley, penalty timekeper, L. McEachern; announcer, B. Sutherland, goal judges, B. McDonald, B. Wicken.

Summary:

First period: 1, Nelson, Fargher (Allen, Kilpatrick) 7:45.

Penalties: Sutherland, Corrado, Sissons, Nelson, McClenaghen, Hergert.

Second period: 2, Nelson, Kilpatrick (Allen, Fargher) 1:59.

Penalties: Palmer, Ircandia Toshack, Turik (5 mins.)

Third period: 3, Nelson, Fargher (Nelson) 2:03; 4, Nelson, Lubeck, (Herbert) 7:12; 5, Nelson, Haldane (McClenaghen), 10:37.

Penalties: McClenaghen, J. Anderson.

Kennedy Gives Leafs Win; Boston Ties Canadiens To Maintain Record

TORONTO — Teeter Kennedy scored both Leaf goals as Toronto Maple Leafs handed the first place Detroit Red Wings a 2-1 defeat Saturday night. The loss was Detroit's first of the season.

After a scoreless first period Kennedy opened the scoring at 10:38 of the second period on a play with Max Bentley and Vic Lynn. The Wings tied it up two minutes later on a goal by Ted Lindsay and the teams battled on even terms until well into the third period.

At 11:34 of the final period Kennedy combined with Lynn and Mortson for the tie-breaking goal.

First period: Scoring, none.

Penalties: McNab, Horek, MacKell.

Second period: 1, Toronto, Kennedy, (Bentley, Lynn) 10:38; 2, Detroit, Lindsay (Quackenbush) 12:48.

Penalties: Ezinicki, Reise, Stewart, MacKell, Bentley, Mortson, Howe.

Third period: 3, Toronto, Kennedy (Mortson, Lynn) 11:34.

Penalty: Ezinicki.

MONTREAL — The rampaging *Boston Bruins kept their undefeated* string intact in the young National Hockey League season Saturday night by earning a 3-3 draw with Montreal Canadiens.

Grant Warwick, rugged right winger for the Bruins, was the hero of the piece with two goals and a last minute assist that sent Pete Babando in for the tying marker.

The accent was on speed from start to finish and there were only five enatlies handed out. The result was always in doubt and Canadiens were putting on a desperate drive at the finish.

Both goalies — Frank Brimsek and Bill Durnan—turned in remarkable performances before a crowd of more than 11,000 rabid home town spectators.

First period: 1, Montreal, Mosdell (Reardon) 10:15.

Penatlies: Egan, Harmon.

Second period: 2, Boston, Warwick (Sandford, Babando) 15:26; 3, Montreal, Harmon (Reay, Harvey) 17:58.

Penalties: Egan, Lach, Richard.

Third period 4, Boston, Warwick (Egan) 4:27; 5, Montreal, Reay (Carveth, Harmon) 15:27; 6, Boston, Babando (Warwick) 18:53.

Penalties: None.

Better Golf

By SAM SNEAD

Ever see a golfer finish his swing in the position shown? This finish is about as bad as it could be and yet it's seen so often by high handicap golfers who are never going to get anywhere with a golf club that I think we should discuss it. The perpendicular dotted line shows here the player's body was in the address position. If he had swung correctly he would have pivoted around this dotted line. Instead he moved his whole body forward a foot thereby losing all rhythm, all control of the shot. One glaring flaw is the horizontal pivot of this player's shoulders. Instead of holding his head still in the address position and pivoting the shoulders in a fairly perpendicular plane, as he should have done, he has swung his shoulders in the horizontal plane in the baseball manner. And at the same time rotated his head with his shoulders. Apart from it being impossible to put away a smooth shot with such a swing, he also wasted the power stored up in the backswing. Obviously he could only sweep the ball away instead of pouring power into it with the rhythmic unleashing of the muscles coiled up in the backswing. A sweep will never get the results of a nit.

(Editor's Note:) Send for the printed diagram showing the approximate Relation of Feet to Ball for all normal wood and iron shots. Just enclose a 4c stamped, self-addressed envelope for reply. Plus 4c for cost of handling.

Derby County Has Undisputed Soccer Lead

LONDON (Reuters)—Fifty thousand soccer fans went to Birmingham Saturday and saw unbeaten Derby County do it again with a 1-0 victory that sent them into undisputed leadership of the classic First Division.

Even as W. Steel was scoring the game-winning goal for the high-flying County team, Portsmouth was playing to a scoreless draw at home against Bolton Wanderers, winding up a point behind Derby in the standings.

Newcastle United thrilled 60,000 home fans with a 1-0 victory over Liverpool to take third position, but the First Division thriller of the day actually was at Stamford Bridge. There Arsenal, which has not won a Stamford Bridge game for 13 years, managed a 1-0 victory over Chelsea to take fourth place, a point back of Newcastle.

Up-and-coming Charlton whipped Sunderland 4-0 before 45,000 at Sunderland's grounds.

West Bromwich Albion and Tottenham Hotspurs continued a neck-and-neck race for Second Division leadership. West Bromwich defeated Cardiff City 2-0 before 40,000 at home, and 48,000 saw Hotspur whip Bradford City 5-1 in one of the day's highest-scoring matches.

Southampton split points with a scoreless draw against Brentford to stay in second place, but there was some juggling for third, where Fulham, Barnsley and Bury were joined in the tie. Barnsley tied Leicester City 1-1, and Bury ended in a scoreless draw with Queen's Park Rangers, but Fulham defeated Sheffield Wednesday 2-1 to move up.

Swansea Town blanked Exeter City 6-0 and Bournemouth beat Port Vale 2-0 to stay tied for the Third Division's Southern Section leadership. Bristol Rovers moved into second place with a 1-0 verdict over Northampton Town and draws by Brighton and Swindon Town left them tied for third spot.

HOLD LEAD

Rotherham United hung on to the lead in the Third Division's Northern Section with a 2-1 victory over Chester. Hull City stayed three points behind after a 4-1 triumph over New Brighton and Doncaster Rovers maintained their third-place pace with a 1-0 decision over Rochdale.

Hibernians took a 2-1 beating from Celtic but still had enough points to hold their leadership of the Scottish League A Division.

In the Scottish League B Division, Dunfermline Athletic moved into top spot, edging Kilmarnock 2-1, while Stirling Albion lost to St. Johnstone 2-1, and Raith Rovers engaged in a Cup game against East Fife, winning 5-3.

May Share Ice Show Project

CRANBROOK, B. C. — Laying plans for the top Winter annual entertainment Ice Frolics at Cranbrook and Kimberley, the Cranbrook Gyros and Kimberley Rotarians are coordinating their program plans for consecutive performances, with Creston and Fernie service clubs considering sharing in the same plans.

Purpose of grouping the shows in the four centres for consecutive dates is to secure top figure skating amateurs from clubs from Winnipeg to the Coast following the Western Canadian Amateur Figure Skating championships in Trail in mid-January. The clubs hope to secure skating services of the various entrants before they continue to Eastern Canada in February for the national championships.

This indicates performances in the four centres the last week in January. All centres but Kimberley will rely on natural ice with fair prospects for this in January.

Let Us Drink Honestly

Liquor—a subject that has been skulking too long in the dark, is at last to be brought to light. The liquor bottle is going to be brought out from under the table, dusted off and set upon the clean white cloth and put on trial, not upon its merits or demerits, but upon the manner of its drinking. Whether it is put on top of the table or put back under the table depends upon the citizens of British Columbia. No matter where it is put, the fact remains that it is there. The majority of British Columbians like to drink. The majority of British Columbians are going to drink.

Recently a brochure was put out by the B. C. Cabaret Owners' Association, favoring the issuing of licences to cabarets and night clubs. So far, so good, but they do not go far enough. British Columbia could well take a leaf out of Ontario's book and licence cocktail bars, cocktail lounges and hotel dining rooms. The result of Ontario's revision of liquor laws has shown:

1. No increase in drunkenness.
2. Decrease in liquor consumption.

The liquor bottle under the table in the dust and corruption of a night club floor and concealed in the folds of the enveloping tablecloth is symbolic of the whole liquor setup. It symbolizes the degradation that comes with clandestine activities—the hotel bedroom drinking, the surreptitious gulping in a parked car, and the "quick one before we go in" partaken of among the uninspiring garbage cans of some back alley.

It will be a definite sign of civilized advancement when we in British Columbia can go into a cabaret or hotel dining room, order a properly mixed drink in a glass, and consume it in pleasant surroundings like decent, moderate people.

Tiring of Shortages

Although there is evidence on every hand that nature has endowed this country with great riches, the Canadian people are continually finding themselves confronted with shortages in essentials.

The country has been facing an impending butter shortage, partially relieved by imports from Australia, New Zealand and little Denmark.

Now there is a renewal of the steel shortage, including nails, because of the curtailment of U. S. steel for export to Canada.

Last Winter Central Canada narrowly avoided a squeeze in petroleum supplies owing to the severity of the weather in the United States, and our dependence on that country for oil.

These shortages and threatened shortages are a reminder that we Canadians are still a "have not" people in quite a number of things which we ought to be producing ourselves, but which we are not producing because we have been too prone to depend on the other fellow; particularly the nation South of the border.

The leader and the Party who can get Canada to the point of self-sufficiency in those things which are indigenous to the country ought to be popular. We think the people are getting tired of shortages in what, naturally, is a land of plenty.

Looking Backward

25 YEARS AGO

From The Daily News of Nov. 1, 1923

The Kootenay's woman prospector, Katherine McEvoy, who owns the Taft Group near Erie, is in Nelson for a short visit. She has been prospecting since 1891, and has done all the assessment work on these claims herself this year.

Final games in the bowling tournament were played last night on the Recreation alleys. R. Brown's team, consisting of himself, A. J. Dill and H. Blundell, won the tournament without losing a game.

Misses Irene and Grace Laughton have returned from a visit with their mother in Spokane.

A Hallowe'en dance was given Friday evening by the Kaslo students for their parents and friends. Winners of the guessing contest were Louise Billings and Gilbert Mervyn.

40 YEARS AGO

From The Daily News of Nov. 1, 1908

Snow fell to the depth of 15 feet at Maple Creek, in Ontario, and has caused considerable damage on the Western lines of the C.P.R.

The biggest opera attraction that has ever visited Nelson will be the San Francisco Opera Company, which will be here next Thursday night.

W. M. Doull, President of the West Kootenay Power and Light Company, is expected to arrive in the city from Spokane tomorrow.

Among those taking part in the Presbyterian musical soiree which will be held here Tuesday are Mrs. Percy Thompson, Miss Richardson, Miss Bealby, Miss T. Hipperson, G. A. Brown, R. A. Brown, C. Smith, O. C. Watkin, and Mr. Ferguson.

?Questions? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions WILL NOT BE ANSWERED BY MAIL except when there is obvious necessity for privacy.

Mrs. J. C., Nelson—Could you please give me a method of waterproofing a coat?

Mix isinglass, alum and soap in equal parts with sufficient water in which to dampen the cloth that is to be used for waterproofing the coat. Dissolve each separately and then mix the solutions and imbue the cloth on the wrong side with the solution. Dry and brush the coat well, first with a dry brush and afterward lightly with a brush dipped in water. We suggest you try it out on a small piece of the material first before subjecting the whole coat.

Local dry cleaners will also waterproof your coat for you.

M. F., Nelson—Please print a recipe for making Hallowe'en cakes.

Cover the bottoms of individual cake tins with any good plain cake batter, place a prepared emblem in the centre of each and cover with batter, filling tins not more than two-thirds full. Bake in an oven registering 375 degrees F. till browned and firm to the touch. Remove from tins, and, when almost cold, cover with a boiled frosting. Let threads of frosting fall irregularly over the top to suggest cobwebs. While the frosting is still soft, stick a tiny orange-colored candle in the top and press a black-cat cutout against one side.

To prepare emblem: Sterilize small rings, thimbles, coins, buttons or other suggestive things in boiling water. Dry and wrap closely in paraffined paper.

Housewife, Taghum—Is there a recipe for making grape butter? If so, please print one.

Grape butter—Four pounds of grapes and one pound of sugar. Wash and stem the grapes. Cook in a small amount of water until the skins are soft. Press the pulp through a strainer, to remove seeds and skins. Add the sugar and cook until thick and clear. Pour into hot, clean glasses and seal.

ON THE SIDE

By E. V. DURLING

We saw and woo'd each other's eyes,
My soul contracted then with thine,
And both burnt in one sacrifice
By which our marriage grew divine.
—Habington.

Worked out two miles and a furlong around the Central Park reservoir this morning and pulled up full of walk. I strolled from there down to the 58th Street entrance, frowning with displeasure as I passed a sign reading "No Dogs Allowed in the Zoo Area." I guess it is a good ruling. But I have always wanted to take my dog to see a giraffe. Our pup has a wide variety of expressions to register his feelings. I would like to see the expression on his face the first time he sees a giraffe.

MOST DANGEROUS

The League of Nations Narcotics Committee regards marijuana as the most dangerous drug in the world. It inspires an irresponsibility that leads its users to commit horrible crimes. In England its use by 'teen-agers has become a major problem in the effort to decrease juvenile delinquency. Marijuana is also known as loco weed, love weed, giggle weed, bambalcha and Indian hay. In both England and this country there are many marijuana users among dance band musicians. There is, in fact, a "jive" band dance tune, entitled "The Funny Reefer Man".

STREAMLINING

The reason so many women are overweight is simple. They eat too much. Shortly to be available is a safe and sane pill that will destroy appetite. This will provide a certain way of streamlining for the plump females. To be streamlined by loss of appetite certainly seems doing it the hard way. Furthermore, a woman with little appetite for good food usually makes a poor companion for a healthy man. Many husbands would rather have their wives plump than see them pecking at tiny portions of food at dinner time. Speaking of pills, there is now available an absolutely safe, non-habit-forming sleeping pill which has Government approval.

ASIDES

Now I have a reader in Weatherford, Texas. Believe Weatherford is the home town of that intriguing musical comedy chanteuse, Mary (My Heart Belongs to Daddy) Martin . . . Ever read "The Madonna of the Sleeping Cars," by Maurice Dekobra? This book has sold over 3,000,000 copies. Dekobra, a French writer, has written 35 books which have been translated into 29 languages.

ESCORT

Noted a limousine with motorcycle escort of one officer passing down 57th Street, Manhattan. Just some little big-shot. The more important the man, the more cops in the escort. The New York City motorcycle escort for the President of the United States is 56 machines.

CURIOSITY

Queries from clients: Q. As to the data in your Horses & Women files dealing with the handling of red-haired women. Can this confirm the claim that a red-haired woman should be kissed on the first date or the chances of a second date will be lessened? A. You are apparently the victim of erroneous information. It is not only unwise but dangerous to kiss a red-haired woman the first time out. That's all right with a brown-eyed honey blonde or a blue-eyed brunette, but with a strawberry blonde it is better to wait for the second date. However, don't delay too long in demonstrating your affection with any type of female. As has been wisely said: "The lips he briskly must invade that would possess the heart."

PASSING BY

Reggie McNamara. Erstwhile professional bicyclist. Was on the winning team of the six-day race in New York four times. During McNamara's heyday one of his great rivals was a French cyclist named Egg. This quaintly named sports figure was on two winning six-day race teams at Madison Square Garden, Manhattan. The last time I saw Paris Egg, whose first name is Oscar, was running a bike shop on Avenue Grand Armee near the Arc de Triomphe. . . . Joanne Dru, cinema cutie from Logan, W. Va., has accomplished considerable in her young life. She is a featured film actress, has acquired a handsome, talented, high-salaried husband (Dick Haymes), and is the mother of two lovely children. And she is only 21 years old.

Air Patrols Crack Down on Illicit Fishing

VANCOUVER, B. C. (CP) — All up and down British Columbia's West coast "the bogey man is coming."

He rides in an airplane, and brings fines and prison terms to fishermen who operate outside the law and take their catch from protected river-mouth areas.

For weeks hawk-eyed airborne patrols have been raiding illicit seiner activities, and the local magistrates have been backing them up with stiff fines.

When a Government-owned or chartered plane appears, radio telephones on the water get busy, and the warning "The bogey man is coming" warns fishermen to pull in their nets.

A. J. Whitmore, Chief Supervisor of the Department of Fisheries, said the current high price of salmon is likely the motive. Although there is some illegal fishing every year, he said, the activity was more marked than usual this year.

"It is very gratifying to see the local Magistrate hitting them so hard," he said. "If our conservation efforts are being threatened, that is the only way to stop the threat."

The crews of three boats drew fines totalling $1875. Fines ranging from $8 to $150 were levied in 14 other cases.

Most of the men caught were natives, but some white boat operators were involved.

River-mouth waters are protected for ultimate breeding purposes, Mr. Whitmore said.

Indians who have permits to fish for food purposes in these waters are selling their catch to commercial dealers.

Inspection operations are more efficient than they have been since the war's start, with more planes available.

10 Month's Nelson Building Is Worth $236,587

Issuing of 10 permits, authorizing building to the value of $5065, brought the value of 10 month's building in Nelson to $236,587.

Last year at the end of October, the year's building was valued at approximately $182,841.

D. English was issued the largest of the 10 okayed by the City Engineer's office in taking out a $4000 permit to construct a house.

Minor repairs and construction brought the two week total to $5065 and the month's to $8088.

Permits were issued to:

Roy McKenzie, 1018 Stanley Street, $150, to renovate a bedroom.

T. Sales, 909 Stanley Street, $90, to reshingle a roof.

F. Pennoyer, 1401 Front Street, $300, to erect a double garage.

G. H. Gill, Fifth Street, $30, to build a back porch.

M. N. Sawyer, Vernon Street, $75, to build a chimney.

Clarence and Alice Mason, 820 Mill Street, $200, to construct a cement basement and put a room in the basement.

Mrs. Josephine Freno, 712 Falls Street, $70, to reshingle a house.

Mrs. E. Bradshaw, 217 Chatham Street, $50, to stucco a house.

M. N. Porter, 715 Kokanee Avenue, $200, to shingle a roof.

D. English, Sixth Street, $4000, to construct a home.

Thring President N. Denver Community Club

NEW DENVER, B.C.—At the annual meeting of the New Denver Community Club in the Bosun Hall, a financial statement showed revenue for the year totalled $528.50 as against expenditure of $169.58.

Cash in the bank at May 31 was $1329.92, against $991 in 1947.

Revenue included hall rental and proceeds from May 24 celebrations, while expenditures were for hall repairs, cups and saucers, fire insurance, taxes, and so on.

The following officers were elected:

President, Walter G. Thring; Vice-President, C. R. Tippie; Secretary (re-elected), Mrs. Ruth Teir; Treasurer (re-elected), James W. Butlin; Executive, John Taylor, A. D. Trickett, Neil Tattrie Sr., George W. Teir, all re-elected and Mrs. May Crellin in place of Mrs. George Burkett who through illness could not act on the Executive. The community recently re-decorated the large Bosun Hall inside. It was decided that the Community Club will sponsor a dance, the money raised to be used to purchase warm-up jackets for the Senior Baseball Club. John Taylor is in charge of the dance.

Marshall New Fernie Magistrate

Appointment of James Henry Marshall of Fernie as Police Magistrate for the City of Fernie succeeding the late J. V. Rewers, is announced in the current issue of the B.C. Gazette.

SUGGESTS GRANTS TO AID MINERS' PAY

SYDNEY, N.S. (CP) — President Freeman Jenkins of United Mine Workers (C.C.L.) District 26 suggested that, if necessary, subventions be used indirectly to meet wage increases for Nova Scotia's 13,000 coal miners.

Mr. Jenkins in a Sunday broadcast said miners could not again be asked to subsidize Canada's fuel bill.

OUNCE ATOM SHIPMENT WEIGHS 50 TONS WITH PROTECTIVE COVERING

OAK RIDGE, Tenn. (AP)—About one ounce is the total weight of all the radioactive atoms shipped from here in one year by the Atomic Energy Commission.

That single ounce supplies 16 foreign countries and more than 300 important laboratories of medicine, biology, chemistry, agriculture and industry in the United States.

The ounce is the weight if each shipment was nothing but the atoms. They usually are mixed with a small solution or a little powder. This brings the total annual weight to 10 pounds, plus protective wrappings amounting to more than 50 tons annually.

The selling price of the ounce totals around $300,000. This represents no profit, and includes free radioactive atoms for medical uses.

Literally these atoms are the smallest product in the world, yet the most precious by almost any standard of values.

The atoms are shipped from the Oak Ridge National Laboratory, operated for the Commission by the Carbide and Carbon Chemicals Corporation. The Commission's isotopes division directs the distribution, which is restricted.

Dr. Paul C. Aebersold, division chief, says one gram of radioactive iodine atoms would be enough to treat 10,000,000 persons for hyperthyroidism. The treatment is drinking water with a little "hot" iodine added.

Radioactive gold, made here, is powerful stuff. A single shipment, in pure form, would be an almost invisible speck. This gold is used for cancer, because gold tends to stay in the body tissue into which it is injected. Whether the gold will be useful is not known. This gold is also used to search for the still unknown cause of rheumatoid arthritis.

BRITAIN TO DROP HER PRICES WHEN "SOAKING" HALTED

VANCOUVER— A drop in the price of English goods is not due for a while yet.

Peter S. Young—new British Trade Commissioner in Vancouver—says the drop will come only when Britain "ceases to be soaked on her imports."

He said Britain is paying "tremendous prices for her imported raw materials." He added that this has not affected production in Britain.

FOUR KILLED IN TRAIN COLLISION

Unable to Explain Accident; Despite Automatic Signals

HIT HEAD-ON

MONTREAL (CP)—Four men, the engineers and firemen of two Montreal-bound passenger trains, were killed early Saturday in a head-on collision near Newbury, Vermont, 175 miles South of here.

Dead are: Engineer J. E. Blair and Fireman F. M. Rexford, both of Newport, Vt., Engineer M. L. Cove, 56, of Wentworth, N. H., and Victor Tromba of St. Johnsbury, Vt.

Blair and Rexford were employed by the C.P.R. while the other two victims were Boston and Maine railway employees.

Several passengers and five mail clerks were hurt in the accident.

The accident occurred in an isolated area where trains operate on a single track with automatic block signals.

A Boston and Maine railroad spokesman was unable to explain how the trains collided despite the automatic signals.

The trains were at the halfway point in their opposite runs between Boston and Montreal.

The Southbound train, en route to Boston, was operated by the C.P.R. The North Bound train was operated by the Boston and Maine.

CARS DERAILED

Both engines, and mail, baggage and milk cars of one train were derailed.

Injured were listed as:

United States mail clerks Joseph A. O'Sullivan of Newport, Vt.; C. H. Clinton of Brattleboro, Vt.; Donald W. Vantine, T. S. Rowe, and E. C. Erickson, all of Springfield, Mass.

The injuries were not severe.

About 250 passengers in the two trains were shaken up by the crash, but only a few needed medical attention.

Railroad men said that trains normally travel at a low speed through the area. If the trains had been moving at high speed, the casualties would have been greater, they added.

The cars of the Southbound train were hauled back to Wells River, Vt., and switched over to another route to Boston.

The Northbound travellers were taken by bus to Wells River where a special train was made up to take them to Montreal.

Former Nelsonite, Dr. H. C. Horward, Dies at Coast

VANCOUVER (CP)—Dr. H. Clare Horwood, 42, of Toronto died Saturday in hospital here.

A well-known geologist, Dr. Horwood was attached to the Ontario Department of Mines and earlier had served with the Dominion Department of Mines.

He became ill while on a visit to Victoria, where Mrs. Horwood's parents live. Later, he was brought to hospital here.

After early schooling at Nelson, B. C., he worked his way through the University of British Columbia as a member of topographical and geological surveys.

Dr. Horwood is survived by his widow, a son and a daughter; his stepfather Dr. E. L. Bruce of Queen's University, Kingston, and a sister, Mrs. H. T. Davis of Kingston, Ont.

Bells of London To Ring for Princess' Child

LONDON (Reuters) — The bells of London will ring out next month to herald the birth of a child to Princess Elizabeth, Heiress-Presumptive to the British Throne.

In the belfries of Saint Paul's Cathedral, Westminster Abbey, St. Martin-in-the-Fields and a dozen other famous churches, the "College Youths"—members of a 311-year-old Society of Bellringers—will set the chimes echoing over the city.

The Ancient Society of College Youths, with 40,000 members today, was formed in the days of King Charles I from a group of his courtiers who used to acquire a healthy thirst before drinking bouts by exercising on the bells.

Today membership of the Society is handed down from father to son.

This is the first time the bells will peal for a Royal birth since June 23, 1894, when the present Duke of Windsor was born.

But the bells are rung every Sunday and for Christmas, the New Year, and accession of the Lord Mayor.

At the Tower of London a 41-gun salute will be fired.

ISRAEL ORDERS CEASE FIRE ON NORTH FRONT

Say Galilee Fallen to Jews; Lebanons Agree

LEAFLETS DROPPED

By CARTER L. DAVIDSON

TEL AVIV, Israel (AP)—Israel troops drove Arab forces out of Northern Palestine Sunday and were reported by United Nations observers to have continued their advance across the border into Lebanon.

An Israeli communique said all Arab resistance had been cleared from the entire Galilee area in a smashing climax to the Jews' two-day-old offensive.

Simultaneously, the Israeli Government notified U.N. truce headquarters in Haifa that it had ordered Jewish soldiers on the Northern front to cease firing at 8 a.m. GMT (2 a.m. EST).

PARIS—Israel has informed the United Nations truce headquarters that it has ordered its forces on the Northern Palestine front to stop firing.

The Israeli announcement came after the Jews said that all of Galilee had fallen into their hands and that Arab regulars have been driven into Lebanon.

The Lebanese had previously agreed to accept the original truce order Saturday, on condition that the Jews would carry out the United Nations order.

"TO LIBERATE ALL PALESTINE"

PARIS (AP)—The United Nations has ordered Israeli and Arab troops to cease firing in the Northern front of the Holy Land where fighting had blazed up.

U. N. spokesmen in Haifa reported an attack by Israeli forces in the North, preceded by aerial bombardment. The U. N. staff said Jewish planes dropped leaflets proclaiming this to be an attack "to liberate all Palestine."

Brig.-Gen. William Riley, head of the U. N. Truce observers, set the truce time for noon Saturday, but the U. N. here said both Israelis and Arabs demanded guarantees that the other side would observe such an order before either would accept.

Hallowe'en Damage Light at Vancouver

VANCOUVER — Hallowe'en is over for another year and early reports indicate there was little damage done by vandals and few accidents.

Although Vancouver police were kept busy answering calls placed by irate property-owners, there was no indication of widespread vandalism.

The Vancouver Fire Department reported a quiet evening and although 13 fire calls were answered, none were believed the work of pranksters.

Two children were admitted to hospital for burns caused by firecrackers.

Collision Sends 4 to Hospital

DARTMOUTH — Four persons were taken to Halifax Hospital following the collision of two cars Sunday on the Windmill Road hill near Park School in Dartmouth.

The injured drivers of the two cars were Thomas Allan Lisson of Dartmouth and Royal Canadian Navy Lieutenant Noel Cogdon. The names of the other two parties have not been learned.

The four were taken to hospital but their conditions were not reported as serious.

Looking Ahead In Ottawa . . .

Liberals To Meet on Improving Party Organization in Quebec

By The Ottawa Staff Of The Canadian Press

OTTAWA, Oct. 31 (CP) — Liberal members of Parliament from Quebec will get together at a caucus here Tuesday to discuss plans for improving party organization in Quebec.

The caucus will be held in camera under the chairmanship of Solicitor General Jean, who recently was named Federal Liberal organizer.

Mr. Jean has said that the caucus was called "for general organization" purposes, but he has declined to go into detail.

Prime Minister Mackenzie King has told the party on several occasions that it could not hope to win the next election on the basis of present organization.

ELECTION

Acting Prime Minister St. Laurent, who represents Quebec East in the Commons, is expected to attend. Some believe that he may drop some hint as to when the next general election will be held.

The life of Parliament does not expire until 1950, but Agriculture Minister Gardiner said in Regina Thursday that the next Federal election might be "much sooner" than anyone expects.

The Government will be able to test its strength in Quebec within the next few months, Mr. St. Laurent announced Friday that a byelection will be held in the constituency of Laval-Two Mountains in time for that riding to be represented at the next session.

The seat was held until last July by Liguori Lacombe, an independent who was appointed a Quebec magistrate. The seat is due to disappear at the next Federal election under the provisions of the Redistribution Act which changed the boundaries of many existing constituencies.

The recent byelection victories in the Ontario constituency of Algoma East and in the Saskatchewan constituency of Rosthern proved encouraging for the Government. They were followed by the announcement that a byelection will be held Dec. 13 in Digby-Annapolis-Royal, the seat held by Rt. Hon. James Ilsley, former Justice Minister.

UNITED NATIONS

Political sources looked for an early return to Canada of Transport Minister Chevrier, now in Paris.

Mr. Chevrier has been heading the Canadian delegation to the United Nations meeting since mid-September. However, External Affairs Minister Pearson flew to Paris during the weekend to take over that leadership and it is felt here Mr. Chevrier might well return.

With Mr. Chevrier's return, Trade Minister Howe will surrender the title of Acting Minister of Transport which he has held since Mr. Chevrier left Ottawa.

New Appeal To Halt French Coal Trains

PARIS — The Communist-led General Confederation of Labor in France has made a new appeal to railway workers to halt trains carrying coal into France in an attempt to bolster the waning enthusiasm of striking coal miners.

The railway union proclaimed a strike against traffic of all foreign coal Thursday night, but the railway workers have not yet heeded the strike call. The Government termed the step "sabotage."

A railway strike probably would do more to cripple industry than has been accomplished by the coal strike.

VIOLENCE SUBSIDING

PARIS (AP)—The Interior Ministry said Saturday 301 French police and soldiers have been wounded to date battling Communist-led strikers in the coal fields, where violence appeared to be subsiding.

French miners were reported returning to work in increasing numbers under police and military protection as Government forces drove pickets from 20 more strike-bound pits.

The Interior Ministry report said three strikers have been killed during the disorders and "many more" demonstrators hurt.

FINDS BLOCKADE "IS NO MYTH"

BERLIN—The Deputy American delegate to the United Nations, Doctor Philip Jessup, has arrived in Berlin for a first-hand look at the airlift with the American commander, General Lucius Clay. Jessup said that he had just come over on the Berlin airbridge and that the blockade certainly "is no myth."

Jessup also said he felt it was possible that Russia's Prime Minister Stalin has been "misinformed" about what happened among the four powers in the dispute over the blockade. He said he felt "We should not be too concerned" about factual errors in the dispute which he thinks can be corrected.

Makes Amends for Boyish Pranks

REGINA (CP)—Conscience trouble has smitten a former North Battleford, Sask., youth now living in Vancouver.

He wants to make amends for a few of his boyish pranks.

In a letter tto the Saskatchewan Power Commission, he said he at one time had broken several powerline insulators, plus the odd street light.

"I was rather young at the time," the letter read, "but now, seeing my error, I wish to straighten things out.

"So if you will kindly send me a bill . . . I will be glad to settle things up."

Enclosed was a pamphlet distributed by a religious organization.

France Spends 5 Billion . On Recovery

PARIS—France announced Sunday that $5,350,000,000 has been spent on her post-war recovery.

She has spent $1,589,000,000 of her gold reserves and liquidated $417,000,000 of her holdings abroad.

Additionally, she has received $3,344,000,000 "in loans or gifts."

This breakdown was given by the Government to the Organization of European Economic Cooperation in a report on how France hopes to get along without American aid in 1952.

The report repeated previously announced aims of stepping up agriculture output 25 per cent and industrial production by 40 per cent.

SADDLER FIRST WORLD CHAMPION TURNED OUT BY NEW YORK COPS

NEW YORK (AP)—Sandy Benjamin Saddler, a long, bony, Negro youth with ambitions to be a disc jockey, is the new featherweight champion of the world.

And because Sandy dethroned Willie Pep with a four round kayo in Madison Square Garden last night, New York's police are looking for a big rush at their P.A.L. Clubs today.

P.A.L. stands for Police Athletic League. The men in blue who patrol the big city's streets started this project some years ago.

The P.A.L., with public contributions, set up clubs in the teeming districts of the city. The Bobbies told the kids to come in and play. Settle your fights in the ring, the kids were told by the bluecoats; and we'll help you fight better, too.

It caught on big. It should go better now. Sandy is the cops' first world champion. They're hoping for more.

Sandy started out as an 85-pounder and gradually moved up in weight and class, graduating into the Golden Gloves. He was just a nipper when the late Jimmy Johnston and his brother Charlie spotted him. Charlie is his manager today.

Sandy is 22 years old, stands five feet eight, and weighs 124 pounds. Pep was his 94th opponent and his 64th knockout victim. He has lost six fights since he turned pro in 1944.

LEN CUTLER

Merchandise for the 1948 Kinauctions of the Air is coming in well, especially from district points, Kinsman Len Cutler reports. First of the series of programs scheduled for the next four weeks will be aired Tuesday night. Proceeds will again go to the Nelson Aquatic Centre Fund.

Gas Plate Fires House, Baby Burned

TORONTO—A one-year-old baby girl was in the Hospital for Sick Children in Toronto Sunday suffering second-degree burns about the face and hands caused by a fire in her home in West Toronto early Sunday.

The baby's condition was reported as satisfactory.

The fire started on the second floor of a rooming house and a woman and two children had to be rescued from the third storey.

Firemen said the fire resulted from an over-heated gas plate in one of the rooms.

The injured baby is Margaret Young—daughter of Mr. and Mrs. John Young. Damage to the house is estimated at $300.

CRUSHED BY TRACTOR

RED DEER, Alta. (CP) — Peter Mackowichuk, 64-year-old Red Deer resident, was killed Saturday night when the tractor he was driving rolled over an embankment, pinning him beneath it.

Acquitted on Charge Of Manslaughter

NANAIMO, B.C. (CP) — Ewald Naubauer, 24-year-old Duncan, B.C. logger, was acquitted on a charge of manslaughter in the death last June of Donald Lowery, 17, of Duncan.

Lowery died after Naubauer's truck crashed into a telephone pole on the island highway South of Duncan.

Naubauer told the court Lowery pleaded for a ride home from Cobble Hill after a dance. He said his wheel struck loose gravel, and the vehicle smashed into the pole.

Ice-Breaker Home From Arctic Journey

MONTREAL—The ice-breaker N. B. McLean completed a 9000-mile voyage Saturday when it docked in Montreal. The stubby, steel ship returned from its annual trip to the Arctic where she serves as grocer, postman and medical adviser to the staffs of six or seven Government posts.

The McLean has been at sea since early July. Crew members say the Arctic Summer was mild and the voyage one of the most satisfactory yet made.

300,000 TONS OF WHEAT FOR INDIA

VANCOUVER—The first shipment of wheat for India under a 300,000-ton contract will be loaded in Vancouver aboard the M. S. Hoegh Silvermoon, which arrived Thursday. The ship will load 7000 tons. The contract, recently negotiated by the Canadian Wheat Board, will be completed by July.

CALGARY (CP) — Harry Brosseau, Vancouver, is $70 poorer because he is a sound sleeper.

Brosseau told police Friday that he had come from Vancouver and taken a room at an East End hotel. When he retired he put his pants under his pillow. When he awoke he found the pants on the floor with the contents of the pockets strewn on the floor and $70 missing. In addition, his suitcase had been ransacked.

REPORT TO MOTHERS

274 mothers out of 306 88% use Heinz Baby Foods exclusively

Recently, an independent research bureau mailed questionnaires to a group of mothers with babies over three months' old. Of the 306 mothers who replied, 274 or 88 per cent stated they fed their babies *only* Heinz Baby Foods.

Many said Heinz Baby Foods were recommended by their doctors. A high percentage based their choice on quality, flavour, nutritive value, and the famous Heinz reputation for fine foods.

Mother after mother mentioned her baby's steady gain in weight. And no wonder babies thrive on Heinz Baby Foods. All 25 varieties are selected from the choicest, freshest foods and scientifically cooked to retain vitamins and minerals in high degree.

Heinz
Baby and Junior Foods

57

Early in the 1930's Heinz scientists started experimenting in the Heinz laboratories. Their object — to produce convenient canned baby foods of uniform high quality. Heinz workers ... and washed. To keep mineral and vitamin losses to a minimum, no water is added and all ingredients are

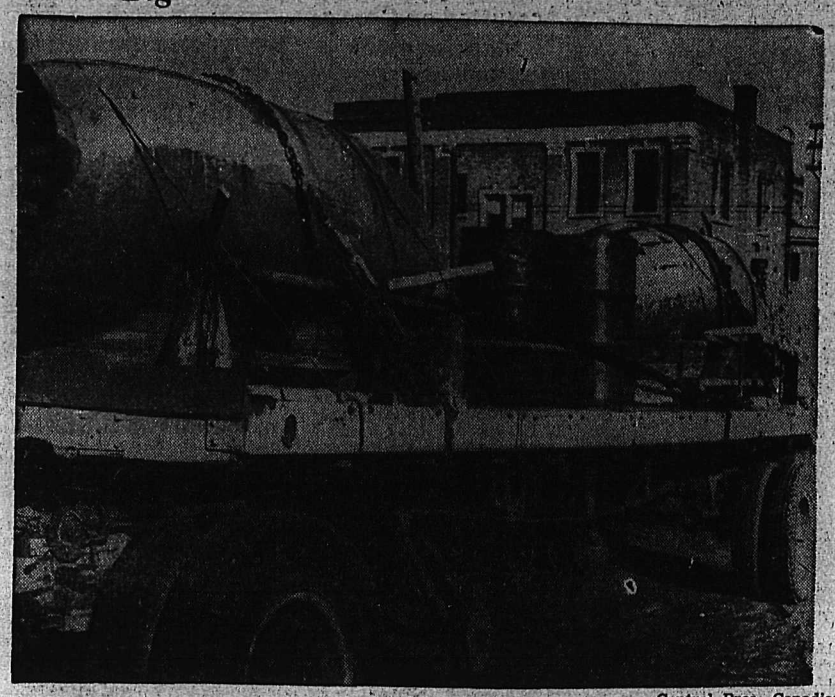
Big Bombs En Route To Alaska Frontier



—Central Press Canadian

These big bombs are part of a consignment destined for the U. S. Air Force in Alaska. They were photographed as they passed through Edmonton, Alta. The bombs are not yet filled with their explosive charges, nor have they been fitted with fins. Their ultimate destination is Ladd Field, Alaska. It is estimated that these two are 11,000-pounders.

Berliners Smuggle Food

Travellers on Berlin's elevated train system go down steps to a train, carrying bags and "rucksacks" filled with potatoes and wood bought and collected mostly in the Russian sector of Berlin. This movement of foodstuffs and wood from the Russian Zone into Berlin's Western sectors occurs despite Soviet orders to German police in their sector to prevent it. —AP Wirephoto.

In Poison Death Case

Mrs. Dannie Sue Hughett, pictured above, charged with first degree murder for poisoning a Texas soldier she said she planned to marry, is shown during questioning at Great Falls, Mont. Prosecutor Truman Bradford said she told of poisoning coffee in hope of getting him into hospital instead of the guardhouse for intoxication. —AP Wirephoto.

"Man Without Country"

—Central Press Canadian

Just off a Turkish freighter which arrived in Baltimore, Dimitri Karagheuzov, former Bulgarian Consul-General in Istanbul, Turkey, who fled the Communist regime in his country, admits that his flight makes him a man without a country. Upon arrival on U. S. shores, the former diplomat was taken to Washington by U. S. Army Intelligence agents. "I am not a Communist and so I resigned," he explained. He scoffed at reports that he carried secret files and codes.

Berlin Air Lift Has New Boss

—Central Press Canadian

Major-General William A. Tunner, U. S. Air Force, who has taken over as commander of the combined United States-British air lift supplying Berlin.

Zinc is often found with Lead and the two minerals are sometimes mined together.

THE ANSWER, QUICK!

1. What French explorer, seeking a Northwest Passage in 1634, was the first to see the territory now known as the state of Wisconsin?
2. What man who was noted for his dollar watches died recently?
3. What is a martingale?

HOW'D YOU MAKE OUT?

1. Jean Nicolet.
2. Charles Henry Ingersoll.
3. A strap in a horse's harness, a system for covering betting losses, or a rope or chain used to secure a sail boom.

IT'S BEEN SAID

The best teachers of humanity are the lives of great men.—Fowler.

IT HAPPENED TODAY

On Nov. 1, 1765, a meeting was held in New York City to oppose England's Stamp Act. In World War II, this date, 1943, Moscow pledged three-power unity to win war and world organization to maintain peace. This is the date of the Feast of All Saints, which, from the seventh century has commemorated the lesser saints who could not have a feast specially set apart for them.

YOUR FUTURE

The solar eclipse in your sign today suggests that you be not hasty regarding important matters. In the next year do not squander your substance on excessive pleasure and doubtful friends, or financial trouble may arise. It will be best to conserve your resources. The day's influences give an inborn love of pleasure by arousing a sense of responsibility and ambition.

MODERN MANNERS

If you must use a toothpick, do so in private. Never use one conspicuously in public. It is very bad taste.

Queen Victoria did not know that she one day would be ruler of Great Britain until she was 12 years old when she heard it during a history lesson.

Named Passenger Traffic Manager For Great Northern

SEATTLE — Appointment of Percy G. Holmes of St. Paul as passenger traffic manager for the Great Northern Railway, effective Nov. 1, is announced by C. E. Finley, vice president in charge of traffic.

Holmes, who joined the railway in 1911, has been assistant to the passenger traffic manager since Jan. 1. His successor in this capacity is C. M. Cornelius, who affiliated with Great Northern in 1916 and has been general agent, passenger department in Minneapolis since 1931.

Succeeding Cornelius in Minneapolis is Kent C. Van Wyck, city passenger agent at Seattle since 1947. Van Wyck joined the Great Northern in 1936.

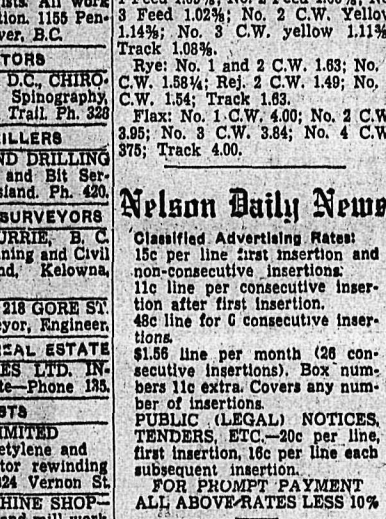
Saturday's Answer



DAILY CRYPTOQUOTE—Here's how to work it:
A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram quotation

G VYHZ GN, EMX LAY RAEVV XEQZ NY OAGXZ TZ IYQ VYHGMC NAEN YVX EQT-OAEGQ?—OYYB.

Saturday's Cryptoquote: WHOSOEVER HAS DESPISED DEATH HAS ESCAPED IT; IT FOLLOWS ANY ARRANT COWARD—CURTIUS.

North Businessmen Would Build Own Highway

FORT ST. JOHN (CP)—If the Provincial Government does not build a road link from the Peace River District to the Alaska Highway, Northern business men may do it themselves.

A group of Fort St. John business men who made a trek through the North Peace River territory said today it is "easy country" for a permanent road.

With two jeeps and a power wagon, the party blazed a trail from the Alaska Highway to the head of steel at Hines Creek, Alta. A plea based on their findings will be submitted.

The proposed route would cut 50 between here and Edmonton, and miles from the highway line be- would provide a direct route to the Grimshaw - Yellowknife Highway and the Mackenzie River Basin.

On The 10-Pin Alleys

R. Brown's Legion bowlers rolled up a total of 905, S. Newell 822, in Christmas Tournament play, with R. Brown chalking up high single of 157 and high aggregate of 300 to lead his team to victory.

Scores were:

S. NEWELL—
B. Smith 207; low score 150; Mrs. O. Anderson 229; S. Newell 236.—Total 822.

R. BROWN—
Miss J. Thomas 150; T. Parkinson 209; low score 182; R. Brown 300; handicap 64.—Total 905.

St. Andrews Move Up in Coast Soccer

VANCOUVER—A goal by George Steele six minutes into the second half gave St. Andrews a 1-0 victory over New Westminster in a Pacific Coast League soccer match Saturday.

The win moved the Scots into a tie with the vanquished Royals for third place, four points behind the leading North Shore Reds who were downed 4-3 by Victoria United in Victoria. The Vancouver Island team holds second place in the league.

Take Calgarians

CALGARY — Vancouver Blue Bombers, displaying power in every position, swept into the Western Canada junior football finals at Calgary Saturday by overwhelming Calgary Tornadoes 29-12 in a sudden-death Western semi-final tilt before more than 3000 fans.

Victory gave last year's Dominion champions the Alberta-British Columbia title. They now meet the winner of the Manitoba-Saskatchewan series between Saskatoon Hilltops and Winnipeg Rods.

Saskatchewan Riders Gain West Finals

WINNIPEG (CP) — Saskatchewan Roughriders earned the right to enter the Western Canada senior football final against Calgary Stampeders when defeating Winnipeg Blue Bombers 16-7 in the final League game of the season Saturday.

Idaho College Takes Thunderbirds

VANCOUVER — Husky halfback Tom Winbigler led his College of Idaho teammates to a 40-6 victory over UBC in a Pacific Northwest Conference football fixture here Saturday.

Winbigler—a candidate for little All-American honors — personally scored three of the six Idaho majors and helped to set up two more.

Ill-Fated Leicester Goes To Scrap Heap

By AL COLLETTI
Canadian Press Staff Writer

NEW YORK (CP)—Crippled and battered by two hurricanes, and once given up for lost after a 10-day North Atlantic storm, the ill-fated British freighter Leicester was on her last trip today—to the scrap heap.

The 7266-ton "ghost ship," said to be worth $1,000,000 in salvage, was being towed to Cape Henry, Va., by the Kevin Moran, an ocean-going tug owned by the Moran Tug and Transportation Company of New York.

But even on this last trip the Leicester was unable to escape the ill luck that has dogged her since Sept. 15, when she was struck by the first of two hurricanes which ripped her hull apart.

The hull had been patched at Bermuda, where she had been previously towed to safety. The patch-up job was in preparation for a trip to New York towed by the Kevin Moran.

After a three-day storm with winds up to 50 miles an hour, the Leicester's hull once again began to leak. The engine was flooded and there was water up to eight feet forward and 18 feet aft.

It was decided to change course for Cape Henry, and last reports placed the tug and ship 160 miles from there.

The Leicester's ill-fated story started when seven of her 46-man crew were lost in the first hurricane. The following day two rescue ships picked up 39 survivors. The freighter was abandoned.

But two Canadian tugs, the Foundation Josephine and the Foundation Lillian, set out from Halifax in hopes of nabbing the salvage prize.

They searched for 10 days on the stormy Atlantic before locating the abandoned Leicester. Then the Josephine started towing her to Bermuda. Both vessels arrived in Bermuda Oct. 7, only to be hit by the second hurricane. Both were sent on the rocks.

The Moran Company, which jointly owns the Josephine with the Foundation Maritime Ltd., sent out the Kevin, which pulled the Leicester free, then came back for the Josephine and towed her to drydock for repairs.

The Provincial President of the Legion will broadcast an address on Legion work over CKLN Wednesday, Nov. 3rd., 6:15 p.m. and over CJAT Friday Nov. 5th, 6:15 p.m.

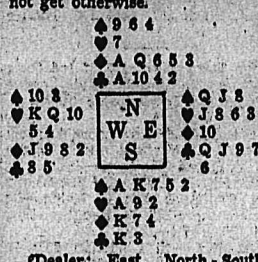
BARCLAY ON BRIDGE

By Shepard Barclay

"The Authority on Authorities"

CHIEFLY A SUIT ASSET

HAVING a singleton in your hand, opposite a partner who has bid both No Trumps and a major suit which you support adequately, you may think you have a difficult problem, but you have not. In practically all such cases, you should put the game contract into the major suit. If you think that is because your singleton is a liability at No Trumps, you are wrong. The chief reason is that the singleton is an asset in suit play, affording your partner a chance to pick up by ruffing one or more tricks which he could not get otherwise.



(Dealer: East. North-South vulnerable.)

East	South	West	North
Pass	1 ♠	Pass	2 ♦
Pass	2 NT	Pass	3 ♣
Pass	3 ♠	Pass	3 NT

North was plenty sorry about his last bid, after he saw what happened to that contract. West led the heart K, and South could score only eight tricks before losing the lead, since the diamonds broke badly, and the defenders then set him with hearts.

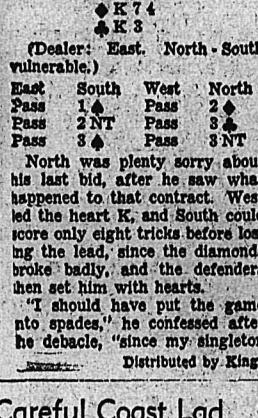
"I should have put the game into spades," he confessed after the debacle, "since my singleton was a danger sign against a No Trump contract. I tried No Trumps because I felt that we might get a better match point score in the tournament if you could score the same number of tricks at either contract."

South pointed out then that the singleton did not cause the trouble at all, that the damage was due to the fact that South had only one stopper in hearts and the diamonds wouldn't break 3-2. The reason for preference of the suit contract was that the singleton would then be an asset, a very valuable asset.

Where the deal was played in spades, South took all but one trick, lost to the spade Q. Two hearts were ruffed by the dummy's trumps, leaving South's hand composed entirely of winners except for the single trick in trumps. It was an ideal illustration of the fact that a singleton is valuable at suit play, but valueless at No Trumps.

* * *

Tomorrow's Problem



(Dealer: East. Both sides vulnerable.)

How should the bidding of this deal go after East extends himself to bid 2-Spades?

Distributed by King Features Syndicate, Inc.

Careful Coast Lad Loses Out in the End

VANCOUVER—Tony is a canny Vancouver lad.

With his carefully-hoarded $2 he bought a stock of firecrackers to last him through Hallowe'en—if he was careful.

Every day at noon he went home and reached into the cardboard box and took two firecrackers—no more, no less.

Saturday, eleven-year-old Tony fired his usual quota. Then there was a great bang behind him.

He surveyed the damage. No injuries, no firecrackers—and no britches.

He had dropped a lighted match into the box.

In the 16th century superstitious persons believed comets to be heralds of evil, portending flood, famine, earthquake, war and pestilence.

Hallowe'en Party for Wynndel Students

WYNNDEL, B. C.—On Oct. 27 the Wynndel Elementary School held a Hallowe'en party, under the supervision of Miss Thelma Sutherland and Robert Picco. The highlights of the evening were the Grand March, and picking out the best costumes. First prize was won by M. Jones and Anthony Spencer, dressed as a horse. Prizes were also given for games. Lunch was served, and then followed by a musical program, which consisted of piano solos, by Sheila Andestad and Doreen Spence. Top dancing by Y. Johnson and C. McDonald. Billy Mather, Donny Taylor and Grant Shaw recited a Hallowe'en poem. The program ended by Mr. Picco playing the Spanish Waltz on the accordian.

New Denver

NEW DENVER, B.C. — Mr. and Mrs. James Draper and Andrew Jacobson attended the funeral services held on Saturday at Revelstoke for the late Capt. James Fitzsimmons.

Mrs. M. Miyahara of New Denver is a patient in the Slocan Community Hospital.

Mrs. Joseph Depretto and Mrs. F. Leo Beggs were Silverton visitors of Mr. and Mrs. S. Clough.

Mr. and Mrs. F. Leo Beggs were South Slocan visitors to meet Mrs. Beggs' cousin, Mrs. G. A. Phillips of North Bend, who visited them for a few days before returning home.

Mr. and Mrs. A. A. Steenhoff and their daughter, Mrs. Olga Ellison, and daughter Marlyn, of Nakusp, were guests of their son and daughter-in-law, Mr. and Mrs. Thomas Steenhoff and daughter, Beverly.

Mr. and Mrs. J. Marki and daughter, Mrs. S. Paterson and infant son of Slocan City were visitors of Mr. and Mrs. T. R. Flint.

Mrs. T. Ono of New Denver is a patient in the Slocan Community Hospital.

Mr. and Mrs. W. Knicknicki and Mrs. Swanson of Sandon visited Mrs. Knicknicki's brother and sister-in-law, Mr. and Mrs. T. R. Flint.

HALL-NORRIS

● Grace Frances Margaret Norris, daughter of Frank Norris of Nelson, was united in marriage to Stanley Hall, son of Mr. and Mrs. Thomas Hall, at a lovely candlelight ceremony Wednesday evening in Mission Covenant Church, Vancouver. Rev. H. A. Gustafson, assisted by Captain R. Frewing, officiated. Stanley Ballard was best man, and ushers were Leslie Miller and Eric Sauer. Miss Ida Busk and Miss Helen Ward were bridesmaids. The bride, wore a princess style gown of ivory tufted moire. Lace edged the sweetheart neckline and lily-point sleeves, and the skirt extended to a lengthy train. A coronet of white plume 'mums held her embroidered veil and she carried American Beauty roses. Rev. Chester Ansley acted as master of ceremonies at the reception for 150 guests in the Alhambra. The toast to the bride was proposed by Arthur Rempel. For the wedding trip to Seattle, Spokane and Nelson, the bride went away in a turquoise wool jersey dress with Windsor rose topcoat and matching accessories. Roses were in her corsage. The couple will reside in South Vancouver.

● Mr. and Mrs. J. W. Smith, Stanley Street, have left by motor to spend their vacation in Vancouver, their former home. They were accompanied by Mrs. Smith's sister, Mrs. W. G. Fullerton.

● Mr. and Mrs J. J. McEwen, 202 Union Street, have returned from a fortnight spent visiting relatives in Kelowna and Salmon Arm.

● Mrs. George Horstead, who has spent some time at her North Shore home, plans on leaving shortly for Penticton where she will spend an indefinite visit with her son-in-law and daughter, Mr. and Mrs. Murray.

● Mrs. C. V. Gagnon, Johnstone Apartments, has had as guest Mrs. Alfred Spencer of Wynndel, who also visited Mr. and Mrs. Jimmy Spencer, Victoria Street.

● Mrs. A. W. Idiens, Carbonate Street, has returned from Victoria, where her husband is convalescing from an operation.

● Mrs. Hugh Hamilton of Vancouver, who has visited her son-in-law and daughter, Mr. and Mrs. G. Mackenzie, for a few days, has left for a visit to Seattle.

● Mrs. M. J. Terry, 405 Elwyn Street, had as weekend guest her son-in-law and daughter, Mr. and Mrs. A. Pagura of Needles, and Mrs. C. Rollins of Nakusp.

● J. C. Chambers, Victoria Street, of the Post Office staff, is in Vancouver to attend the funeral of his brother-in-law, R. F. Fleming.

● Mrs. George Conrad, who spent several days at her Balfour home, has returned.

● Mr. and Mrs. James Gamble, 312 Carbonate Street, have as guests their son-in-law and daughter, Mr. and Mrs. E. A. Campbell, and two children Kerry and Vance, of Kelowna, B. C.

● Wilfred Young of Winnipeg, who visited Mr. and Mrs. Cecil H. Burgess, 917 Fifth Street, for the past week, has returned to his home in Winnipeg.

Columbia May Be New Name for B. C. Pearkes Tells P. C. Policy Meet

VANCOUVER (CP)—British Columbians may awake some day and find they belong to the Province of Columbia, was the warning the Progressive Conservative Party Provincial Association heard Saturday from its President, Maj.-Gen. G. R. Pearkes, V. C.

He urged about 100 delegates to the party's one-day meeting here to be aware of the possibility.

His remarks, endorsed by both Acting Premier Herbert Anscomb of B. C., and Howard C. Green, member of Parliament for Vancouver-South, were in reply to the reported comment by Acting Prime Minister St. Laurent in Ottawa: "It doesn't make much difference whether we have the word 'British' (in the designation of the Commonwealth) or whether we don't."

The convention, meeting later in committee to draft specific policies and resolutions, was urged by Mr. Green to demand:

1. A condemnation of Acting Prime Minister St. Laurent's comment on the delegation of "British" from the Commonwealth relationships.
2. An immediate restoration of imperial trade preferences.
3. A steel plant in B. C.
4. Federal legislation to abolish the mountain freight rate differential.

REORGANIZE PARTY

Sparked by what Gen. Pearkes, member of Parliament for Nanaimo, called the "dynamic, far-reaching, clear-cut policy" established at the recent Progressive - Conservative party national convention in Ottawa, today's meeting set out to re-organize the B. C. party for the next Federal election.

"It may be within six months, and most certainly within the year," Mr. Green told the delegates.

President Pearkes in his annual report urged the B. C. Association to "organize every city, town and hamlet" to strengthen the party in this province.

Citing five principal platform planks adopted by the national party, he called for:

1. Reaffirmed loyalty and determination "to strengthen British ties."
2. Confirmed reiteration of the party's belief in "free competitive enterprise."
3. A purge of Communism, which he called a "godless dictatorship ruled and directed by a foreign country."
4. Revitalization of the fight against Socialism, "the stepping stone to Communism" and the adoption of a policy which will "allow people who want to help themselves."
5. Reduced taxation.

Speaking on the B. C. Coalition Government, party leader Anscomb said "there is on fog in the Coalition."

"The Progressive Conservative element in the Government is distinct, definite and positive—and will remain so as long as I am its leader."

He warned the delegates, however to be a party member was not enough.

"The apathy of the people towards the national threat of Communism and Socialism," he said, "is positively desperate."

Mr. Anscomb called for immediate action towards establishing a Trans-Canada Highway.

"George Drew stands for a Trans-Canada Highway," he said.

"So do I—but I want him to pay for it."

He said B. C. wants three Trans-Canada highways, one along the South from Vancouver, a center route through Big Bend and a Northern route beginning in Prince George.

One route, he said, must be financed by the Federal Government, but it should be constructed by the Provincial Works Departments, who know best "the local conditions in each province."

Defending B. C.'s recently-legislated three per cent social-security sales tax, the Acting Premier said it was necessary to provide pensions and security for more than 30,000 mothers and old people.

"This party will not allow the B. C. Government to let "these pensions be placed in jeopardy because of a little tax."

He charged however, the whole social security scheme was a Federal matter and ought to be handled from Ottawa.

"I want the Dominion Government to say what is a sufficient support to bind it" to its 1945 Dominion-Provincial agreement.

Seven of the nine provinces accepted the modified agreements, he said.

"If that is not sufficient support, the Federal Government must say what will be," he said. Newfoundland may soon add its weight to the two already dissenting provinces.

Aid Holds Hallowe'en Bazaar At New Denver

NEW DENVER, B.C. — Knox Presbyterian Church Ladies' Aid, New Denver held their annual Hallowe'en Bazaar and Tea in the Canadian Legion Hall. The Hall was decorated in Hallowe'en colors and tea tables were centred with small vases of various Fall flowers. The following committees were in charge:

Kitchen—Mrs. Harry T. Butler, Mrs. William H. Clever and Mrs. Herman Clever.

Serviteurs—Miss Patricia Greer and Miss Velma George.

Work table—Mrs. K. Hansen and Mrs. F. Leo Beggs.

Home cooking and bake table—Miss Dora M. Clever and Mrs. Belle Pendry.

Touch and take and candy table—Mrs. Adam Johnston and Mrs. William J. Balbirnie.

The Bazaar proved very successful.

Large Crowd Attends Wynndel Bake Sale

WYNNDEL, B.C.—On Tuesday Oct. 26, the Women's Guild held a tea in the High School, with a large crowd attending. The bake and sale table was soon sold out.

Mrs. Andestad won the bean contest, and Laurence Colonel won the raffle on an end table. The ladies served a dainty lunch and tea.

In the middle of the 18th century, more books had been printed in Chinese than in all other languages put together.

Honorary Doctor Of Laws Degree Given Diamond

KINGSTON, Ont. (CP) — R. W. Diamond of Trail, B. C. and A. C. Monteith of Pittsburgh, Pa., Saturday received honorary doctor of laws degrees at a Queen's University convocation ceremony honoring a graduating science class.

The degrees were presented by Dr. R. C. Wallace, principal and Vice-Chancellor of the University. Mr. Diamond is Vice-President and General Manager of Consolidated Mining and Smelting Co., and Mr. Monteith, a graduate of Queen's in 1923, is Vice-President of Westinghouse Electric Corporation of America.

Mr. Diamond told the graduates they were men of applied science and of "special breed."

"Basically you are all builders. Canada needs you and industry needs you today as never before ... remember when you go forth into life in the Canadian scene that you are one of the Canadian community. As you will not hesitate to place your training at the disposal of your future employers, so do not hesitate to offer it to your community."

3 Firms Cut Yule Trees In Windermere

INVERMERE, B. C.—Activity in the Christmas tree industry in the Windermere District is off to a good start, with three companies in the field. J. Hofert Co., Ltd., of Canada, G. H. Kirk and Mount Baker Forest Products are all well known in this area.

L. A. Kelly of Windermere is in charge for Hofert for the Windermere District, and Ernest Boker, Edgewater, is Manager for G. H. Kirk.

Leslie Evans, of Mount Baker Forest Products, a Canadian company with headquarters at Moose Jaw, has engaged Percy Lake, Invermere, as district representative.

Cutting has begun on the higher levels, and trees are being hauled to the yards behind Lake Windermere station.

The town of Montpelier, Idaho, is in the heart of one of the greatest phosphate rock areas in the United states.
