Kootenay To Join In Aid to Manitoba Flood Sufferers

Order women and children from danger . . . . 40,000 flee twin cities . . . first refugees seek haven in West . . . flood wave rolls against stricken cities . . . since late in April the tragedy of flood-riven Southern Manitoba has filled the headlines of newspapers and the hearts of Kootenaians. District people well remember their own flood sufferings of 1948.

Already Kootenay homes have been opened to shelter evacuees from flooded cities, Winnipeg, St. Boniface, Morris and others. Now Kootenay folks are joining in a nation-wide effort to contribute monetary help to the sufferers.

A Manitoba Flood Relief Fund has been established under a committee of prominent Manitobans.

In answer to a telegraphed appeal from the committee, the Nelson Daily News has agreed to accept money contributions for the fund. Contributions are deductible from income tax up to statute limits and will be acknowledged by interim receipts here, and then by official receipts from the Fund.

Other newspapers across Canada are similarly assisting in the appeal.

Already $50,000 has been forwarded to Manitoba from the B. C. Flood Emergency Fund, just as earlier a $20,000 gift had gone to fire-ravaged Rimouski, Quebec.

The fund was organized with Hon. R. F. McWilliams, Lieutenant-Governor of Manitoba, as honorary chairman and H. W. Manning, managing director of the Great West Life Assurance Company as chairman.

Creston Man Dies Under Train Wheels

CRESTON, B.C., May 14—William Anthony, a part time carpenter and laborer of this district, was killed Friday night when apparently attempting to cross between two railway cars.

Mr. Anthony in order to reach his home had to cross over the Canadian Pacific Railway tracks here at roughly, 11:30 p.m. a freight train was spotting cars on the clearing track of the CPR right-of-way. It was assumed by police that Anthony tried to pass between two cars just as the train began to move. It was believed that his leg was cut off at this time and he was dragged about 40 yards along the track.

The first indication of the accident was when the crew of a passing train saw the severed limb on the right-of-way. B. C. Provincial Police werecalled.

French Coal, Steel Management Proposal Changes European Picture

By PRESTON GROVER

PARIS, May 14 (CP)—France's proposal to put her own coal and steel under a joint management with West Germany's has changed the political and economic picture in Europe radically—and evidently for the better.

West Germany's chancellor, Konrad Adenauer, pledged in a political speech at Dortmund Saturday night that the Germans will cooperate "with all our strength and as fast as possible." He said French and German technicians will meet soon to discuss technical details of the proposal.

It has eased the disputes between France and West Germany over the Saar coal basin. Now they join in asking that neither Britain nor the United States get in the way of an arrangement the sponsors regard as rich with promise.

For both West Germany and France, it offers mutual aid in solving unemployment and reconstruction problems.

If the plan works as France hopes, both West Germany and France will be seeking a larger share of world markets, aided by lower prices. France hopes Britain and other countries will come into the program.

(Reuters News Agency said unofficial talks with Russian representatives have taken place in Paris on the French coal-steel pooling plan. It was learned that the Russian reaction was not flatly hostile.

(The authors of the plan estimate the united coal resources for a European pool at 514,000,000 tons, against 440,000,000 for the United States and 260,000,000 tons for Russia.

(The implied suggestion is that the proposed pool might overlap the frontiers of the Iron Curtain and of the Atlantic Union countries.)

$60,000 Water Bylaw Discussed At Castlegar

CASTLEGAR, B.C., May 14 — A large gathering of Castlegar residents discussed a $60,000 water bylaw and proposed changes in streets and avenue names at a open forum here.

Village clerk A. T. Horswill read the bylaw to the meeting outlining the need for the water system and announced details of the proposed system which would require installation of new pumps and eight-inch water main with a six-inch main to the high school. A policy of supplying the maximum amount of water to maximum users would be followed, he said.

A general discussion period with suggestions of modifications in the plans was held.

The plan was to service the outlying areas as they were sub-divided, the commissioners pointed out. Otto Walker backed the plan saying that no municipality could afford to put out mains into no-man's land without fair assurance of some return.

Another questioner was reminded that if lines were set out to the village limits, the commission had the right to assess land which the lines passed.

Commissioner J. Dunlop spoke on the street name problem defending the number system as instituted in 1948. Arthur Anderson, Board of Trade representative felt that streets should be named and avenues numbered.

Federal Gov't to Aid in Rebuilding Of Rimouski

RIMOUSKI, Que., May 14 (CP) —Leopold Langlois, Liberal Member of Parliament for Gaspe, today told a meeting of Rimouski citizens that the Federal Government was ready to cooperate with the Provincial Government in the reconstruction of this Lower St. Lawrence River town devastated by fire last weekend.

East Kootenay Streams Rise

CRANBROOK, B.C., May 14—Overdue two to three weeks, rise in East Kootenay streams was apparent today after three consecutive days of sunny 70's and frost-free nights. Mark Creek rose from a trickle to a hum on its way through Kimberley to the St. Mary's River, and the St. Mary's River speeded and dirtied in its course to the Kootenay at Fort Steele.

The network of small creeks in Cranbrook valley were all swelling in their course to the St. Mary's at the St. Eugene Mission.

Long-time residents are showing little apprehension of floods in spite of the heavy snowcovered regions at altitudes above 4000 feet. The 1949 flood was mainly precipitated by a freak warm day-long rain May 24.

People are hoping this season that it is not repeated, and nights being cool as they are at present, they don't expect an repetition of that disaster.

...tion Attempt Fails

...ETT
Ca... ...ff Writer
EDMO... 14 (CP)—An operation t... ...e Siamese twins Brenda and L... ...ey Townsend today ended in th... death of both children.

The babies, joined at the abdomen in front, were separated by surgeons of a 12-man team of specialists, but survived only a few minutes. They would have been six months old on Wednesday.

Announcement of the outcome of the three-hour operation was made by Dr. Eardley S. Allin, who headed the team attempting the rare and delicate feat.

Among reasons he gave for failure of the attempt was the "extremely difficult" separation of the children's livers. They were fused at the area of greatest diameter.

Another was the position of the children's hearts. Both were enclosed in the same pericardial sac. This was divided by surgeons but the hearts still protruded about two and a half inches making it impossible to close the chest wall.

X-rays had indicated the liver condition but there was no advance indication in X-ray or fluoroscopic examination of the condition of the hearts.

Beverley died at 10:45 a.m., MST, Brenda at noon.

The children were born last Nov. 17 to Mrs. E. A. (Bud) Townsend in the little municipal hospital at Tofield, Alta., 42 miles southeast of Edmonton.

They were brought to the Royal Alexandra Hospital here two weeks ago for complete examinations, and the separation attempt got under way at 9 a.m.

The children had been given a general anaesthetic.

The join extended from the level of the third rib to the navel and was three inches wide and seven deep. The abdominal section was opened first.

Dr. Allin compared the size of the livers at the junction point to the size of his forearm. When the division was made it caused "considerable shock and moderate bleeding." He said both babies nearly died at this stage, but revived and the operation was delayed 10 minutes to let them rest.

There was no inter-connection of the intestines and the gastro-intestinal tracts and bile ducts of both children were normal, Dr. Allin said.

The chests were then opened by cutting vertically through the fusion of the breast bone and cartilages extending from the ends of the ribs. It was discovered that both hearts lay in the same pericardial sac—a membrane which surrounds the heart. While they functioned separately, Dr. Allin said it was likely that while the children lived the heart of one child had beaten partly in the chest of the other.

The membrane was divided and remaining cartilage, muscle and skin was cut to separate the babies and permit them to lie on their backs for the first time.

Up to this point, the operation was done on twin tables standing side by side. They were constructed specially for the operation. The tables were then separated and the surgical team divided.

The heart of each baby projected from the chest cavity about two and one half inches, but both were beating well.

"It now became apparent," Dr. Allin said, "that while the abdomen closure could be done fairly easily, the chest walls could not be brought together because there was, in each case, insufficient room for the heart."

It was decided to bring skin and tissue only over the hearts.

While this was being considered, the heart of Beverley stopped beating. Efforts were made for 45 minutes to restore the beat, using novocain, adrenalin and cardiac massage. They failed.

Brenda, who was described as a "mild form of blue baby" as a result of a congenital heart condition, did better for a time, the surgeon said.

However her breathing stopped at 11 a.m. and she was kept alive by artificial respiration.

Her heart beat was regular until about 11:30 a.m. when it became irregular, then stopped in about 10 minutes. Efforts of a thoracic surgeon, Dr. W. Carlton Whiteside, restored a slow, unsteady beat for a few minutes, but the child died at noon.

ATTEMPT JUSTIFIED

Dr. Allin said that it was agreed by the doctors who took part in the operation and those who witnessed it, that the separation attempt was justified.

"There appeared to be a reasonable hope of success," he said. "Life for the children in their original condition offered no hope of anything approaching a normal existance.

Throughout the operation the father of the twins, E. A. (Bud) Townsend, 22, sat in a nearby emergency ward. Doctors thought additional skin might be needed to close the opening in each child after the operation, and the father was prepared to supply it. His wife, 20-year-old Betty Townsend, remained with relatives here.

They were notified of the operation's result by Dr. William Freebury, the family physician who delivered the babies—Mrs. Townsend's first. He was among the doctors observing the operation. It was recorded for medical purposes in still and motion pictures.

Boundary Railway Span Dynamited

GRAND FORKS, B.C., May 14—An explosion that could be heard in a five-mile area ripped up the tracks on the East end of the Canadian Pacific Railway bridge over the Kettle River about midnight tonight.

Damage was extensive, police reported. It was believed traffic might be held up for "some days."

The steel span, about 150 feet in length, is about a mile East of the City center.

GRAND FORKS, B.C., May 14—Police jumped first today and 40 Sons of Freedom Doukhobors were arrested at nearby Gilpin before they could set fire to any buildings — or get all their clothes off.

Police said the Sons will be charged with nudism when they appear in police court here tomorrow. They were lodged in a converted curling rink in this West Kootenays town some 250 miles East of Vancouver.

Police were expecting trouble today and arrived at the tiny settlement before dawn. At the first signs of attempted burnings or disrobing they moved in fast.

The arrests brought the total to more than 200 since the Freedomites started their most recent chain of fire-raids April 14.

The fanatical sect burned a house in Gilpin 10 days ago.

Mueller Arrested

FRANKFURT, Germany, May 14 (AP)—The Communist East German government solved the mystery of the disappearance of Kurt Mueller, long the No. 2 Communist in West Germany, by announcing Saturday that he has been arrested.

High American officials expressed belief the arrest signalled a sweeping new purge of "Titoists" in the West German party. They said they had information that 31,000 members of the party have deserted or been expelled since June, 1949, cutting the roll to 185,000.

Creeks Swell, Lake Rises Over Weekend

Persistent warm weather which gripped the district over the weekend has caused the West Arm of the Kootenay Lake and the creeks and streams flowing into the lake to rise considerably during a two-day period.

Runoff from swelled creeks lifted the lake level from 1.45 feet Friday to 1.85 feet Saturday, while another noticeable increase was anticipated for Sunday. Readings for the 1948 flood year were higher, the recording on May 14, 1948, being 4.45 feet.

Snday extremes uuuuu

Sunday temperature extremes at Nelson were 76 and 41 degrees, on Saturday 79 and 44 degrees.

Water Levels

Saturday (1948 readings in brackets):

Nelson—1.85 (4.45).
Trail—15.95 (19.31).
Revelstoke—9.9 (10.23).

Union, Cominco Negotiations End, Workers To Vote

TRAIL, B.C., May 14 — Harvey Murphy, B.C. regional director of the International Union of Mine, Mill and Smelter Workers, stated Saturday that bargaining between the Consolidated Mining and Smelting Company and the Trail and Kimberley locals of the International Union of Mine, Mill and Smelter Workers, had been concluded.

He declined to release details of proposals until after they had been discussed and ratified by membership meetings at Trail and Kimberley which are scheduled to be held at Kimberley Sunday night and at Trail Monday.

Negotiations for the new agreement have been going on since April 30, Mr. Murphy said.

Report Turkish Gov't Swept Out Of Power in Voting

ISTANBUL, Turkey, May 15 (Monday) (AP)—Mounting reports today indicated a landslide of votes swept President Ismet Inonu's Government out of power in yesterday's general elections.

There was still nothing official to back up these reports, but virtually all morning newspapers here said it appeared that Celal Bayar's five-year-old Democratic Party had won a majority of the new Grand National Assembly's 487 seats.

Brenda and Beverley shown with their parents Mr. and Mrs. E. A. (Bud) Townsend of Tofield, Alta.—Central Press Canadian.

Order Women, Tots From Flood Dangers

Receive Poor Response to Evacuation Of St. Boniface, Norwood Areas; Warns Threat to Stay Over Week

By ROBERT CLARKE

WINNIPEG, May 14 (CP)—Flood-soaked Greater Winnipeg heard today from two experts that the Red River is levelling off at last—and sober warnings that the threat of disaster will remain for more than a week.

Within a few hours the danger was re-emphasized. Flood-control headquarters announced all women with children would be evacuated from St. Boniface, Man., and its Norwood suburb.

The move was termed merely precautionary. Concern was felt about the holding ability of a giant seven-mile dyke around the city. Officials said if it went out the area would be inundated in two hours.

Red Cross officials said poor response to the order to evacuate St. Boniface, Man., and its Norwood suburb has resulted in the cancellation of one special train.

Two trains were spotted at sidings on either side of Marion Street and about 600 evacuees were expected for each.

The Red Cross said the train scheduled to leave for Roblin, Man., was cancelled when only 40 residents turned up. About 350 boarded the other train, destined for Portage la Prairie, Man.

The Red Cross said the 40 would be sent to Portage on the second train.

Meanwhile, flood-control headquarters said an unofficial estimate placed at 600 the number of vehicles which had crossed the repaired Provencher bridge. The span was open only to evacuees.

Unofficial estimates put at about 5000 the number of persons affected in this new exodus—one of a long string of flood-forced evacuations from the Greater Winnipeg area. About 39,000 persons live in the St. Boniface-Norwood area, but about 10,000 already have moved out.

D. M. Stephens, Manitoba's deputy resources minister, said the Red's flood crest will probably reach the twin cities of Winnipeg and St. Boniface "within the next 48 hours," which would be Tuesday noon.

W. D. Hurst, the city engineer, said the river likely will not reach the 31-foot level he predicted earlier.

As they spoke the flood-crazy river's depth was stationary. The level stood at 30.1 feet at 9:00 p.m. tonight. The level had dropped .1 feet since 8:00 p.m., after standing steady for 23 hours. It was the first drop since the waters started rising after a drop April 27.

But neither Mr. Stephens nor Brig. R. E. A. Morton, the army flood commander who has directed Red River control measures since last weekend, let the good news arouse over-optimism in the threatened cities of 350,000 total population.

"Weather and optimism are the two most dangerous elements in the picture right now," said the deputy minister.

"Given good weather we discount the possibility of any sudden rise.

"Sudden storms or prolonged rain and we're in for serious trouble."

Brig. Morton's warning was even more emphatic.

He called for an "absolutely full effort" to strengthen the cities' river defences. Heavy rainfall during the next 10 days might bring a tremendous increase in the river level. So might a sudden increase in the run-off of Red tributaries.

Last Tuesday Brig. Morton asked every "non-combatant" in the flood fighting—women, children, invalids and old folks—to leave the danger area at once. Between 70,000 and 75,000, by unofficial estimates, had left by Sunday night. Some 13,000 quit the twin cities Saturday.

The pace of voluntary evacuation nas not been fast enough, Brig. Morton said.

He repeated earlier warnings that plans have been prepared for general evacuation of the city if the river took a jump. He inferred strongly that there still is plenty of danger the plans may be needed.

Premier Douglas L. Campbell also stressed the need for more Winnipeggers to evacuate of their free will to cut the risk if general evacuation under military direction is required.

The plans to which Brig. Morton referred are known as the "IF" plans at flood headquarters in the white-stone Legislative Buildings. They would probably be put in effect only if the Red unexpectedly should rise to 32.5 feet—some 27½ inches above the 2 p.m. mark.

That would put muddy water through the main business district, dry so far except for basement floodings, and cause further serious inundation of many suburbs. Power and water supplies would almost certainly go out. Life in almost all of Greater Winnipeg would be impossible.

Emergency housing and feeding would have to be arranged on the dry outskirts of those who had not left the metropolitan area in response to Brig. Morton's request.

Already hundreds of thousands of loaves of bread are in "cold storage" to keep fresh for an emergency. Eggs and other vital supplies are being held off the local market for the same reason. Priority cards and ration coupons have been printed. Trainloads of food will be brought to safe points just outside the city, providing emergency food for several days, until more can be brought in.

There was some belief military law might be necessary before such a widespread emergency scheme could be carried out.

Responsible for the planning has been a military-civilian committee under Brig. R. S. (Dick) Malone, a newspaper (Free Press) executive in civic life.

There were two encouraging signs on the flood front. City officials said the battle to keep power supplies safe has been won, at least for the present, and the Provencher bridge was reopened to give flood fighters more communication with the East bank of the river.

TO KEEP TROOPS IN GERMANY

Big Three to Refuse To Write Treaty With Russ Policy

By WES GALLAGHER

LONDON, May 14 (AP) — The United States, Britain and France will keep their troops in Germany and refuse to write a peace treaty as long as Russian policy divides defeated Germany, the three Western foreign ministers announced tonight.

Nevertheless, Western Germany will be fully integrated into Western Europe, and gradually freed of controls to the maximum possible under the occupation regime.

These were the main lines of a declaration on Germany prepared by State Secretary Dean Acheson of the United States, Foreign Secretary Bevin of Britain and Foreign Minister Robert Schuman of France during three days of conferences which ended Saturday. Their statement on Germany was made public 24 hours later.

For the first time since the war the role of American, British and French forces in Germany was stressed as a means of defence against Russia, not as a police force to hold down Germany.

The three Western powers officially referred to themselves as "The Allies," and to Western Germany as "Germany."

The three Allies do not recognize the East German Communist Government.

MAY ENLARGE PACT

The stress on the defence mission of allied troops in Western Germany may be particularly significant in view of the fact that foreign ministers of the 12 country Atlantic Pact open a session here Monday.

There have been reports that consideration may be given to enlarging the pact into a Western defence and economic organization to include not only Germany but Sweden, Turkey and other countries as well.

The transition from the present Atlantic Pact set-up to a new one would be in stages, with only preliminary decisions taken at this conference, it was reported. Germany would be included only on an economic basis, not as a military partner.

In a communique issued Saturday at the close of their sessions, the Big Three Foreign Ministers expressed determination to fight "Communist imperialism" in Southeast Asia with firm encouragement and support for new independent states there.

The communique, which said "the ministers agreed upon the main lines of their policy in all parts of the world," covered various other points.

The ministers decided to set up a committee of experts to consult with other interested governments, particularly Germany and Italy, on increasing migration from overcrowded Europe.

They declared themselves basically in agreement on the importance of the "political development of the peoples of Africa" and the improvement of their economic and social conditions.

And finally, the three diplomatic chiefs agreed to meet again in New York before the next meeting of the United Nations in September.

Columbia River Rises Foot a Day

SEATTLE, May 14 (AP)—Snow melt on the Cascade and Rocky Mountain Foothills sent the Columbia and its tributary rivers rising a foot a day during the weekend. The Weather Bureau's river forecaster believed the mid-Summer freshet had started toward the flood levels predicted earlier for late May.

Between 7 a.m. Saturday and the same hour Sunday; The Columbia went up 1.2 feet at Umatilla; the Snake 1.4 feet at Lewiston and the Willamette 1.1 feet at Salem and Corvallis.

At Vancouver, Wash., in the Lower Columbia, the river stood at 8.9 feet Sunday morning, up one foot from the previous day's reading. Flood stage there is 15 feet and the river crest for the Summer freshet is expected to be 23 to 24 feet.

The Columbia is expected to rise a foot a day for at least four more days.

While the Army Corps of Engineers lists the freshet crests to be of major flood classification, nothing as disastrous as the 1948 inundation is anticipated in the Columbia Basin.

The Portland - Vancouver-Longview areas are prepared, however, for evacuation of any threatened sectors along the river.

And in This Corner —

MONTGOMERY, Ala., May 14 (AP) — This Jessie MacGuire, a Presbyterian minister's daughter, was somewhat shaken when she stepped on the scales and got this advice from the mechanical fortune-teller:

"You would be much better off if you attended night clubs less often and church more regularly."

VANCOUVER, May 14 (CP)—This bit of propaganda fizzled.

Two automobiles collided last night at a suburban intersection and pamphlets were scattered by the impact. "Drive carefully," they read.

Allan M. MacPherson, driver of one of the cars, was taking the handbills to a meeting of the Vancouver Safety Council.

LONDON, May 14 (AP)—A bird that looked like an owl power-dived out of the blue today and snatched the spectacles right off the nose of C. J. Orme in suburban Ealing.

A moment later a bird zoomed down on William Kysow, and away went another pair of spectacles. Last Monday Eric Dowton was subjected to a similar attack, but the bird's aim was poor. Dowton came out of the affair with scratches on the back of his neck.

The Royal Society for the Prevention of Cruelty to Animals—and owls—went right into action. It set an owl trap baited with a pocket mirror.

A couple of hours later, Arthur Williams, an inspector for the society, reported that he'd got the bird. It was a barn owl and it was angry.

The spectacles haven't yet been found.

NEW YORK, May 14 (AP)—Here's a new twist to the cold war:

The Associated Fur Manufacturers of New York disclosed today it made a deal with Soviet Russia for the exchange of 12 live United States mink for 12 live Russian sables. The animals were to be used for breeding purposes.

The trade was completed. But the New York furriers said they now have discovered the Russian sables were sterilized before shipment.

DE SMET, S.D., May 14 (AP)—An old stove with $3062 in it carried the luck of the Irish today.

The stove belonged to an elderly bachelor, Pat Lavelle. When he died a year ago, all the property that could be found was auctioned — about $12,000 worth. But Pat's stove wasn't counted worth selling. As a stove, it wasn't much.

Somebody tossed it in an old shed. It was still there when a neighbor, Peter Palmlund, bought Lavelle's place. Palmlund came upon a plush-covered box containing the $3062 in bills and coin.

The Irish angle? Heirs to Lavelle's estate at 19 cousins, most of them living in Ireland.

Need Only Passport to Mount St. Francis, Soroptimists Told

E. A. Mann spoke about Mount St. Francis infirmary and its role in Kootenay life to Soroptimists from Trail, Cranbrook and Nelson at their annual joint meeting on Friday.

"The building which will house 98 people, owing to rising costs and wages has cost far in excess of the original estimate so now we cannot operate until we can furnish; my plea to you is to go back to your districts and spread the news of what is being done."

NEED IS ONLY PASSPORT

"We have heard that there will be no rooms for women, that only Catholics would be admitted, that the fee would be $75 a month. None of these things are true. The only passport to Mount St. Francis is need and application should be made to the Department of Welfare. There will be people with means who are unable to live by themselves, their needs will also be considered and they will be charged a reasonable fee."

"My invitation to you is to come with me and see for yourself what is being done. The women and men who will live in Mount St. Francis are the people who trod and slashed the trails which are now the roads we drive our cars on, the men and women who at the turn of the century suffered hardships that would make us shudder; the men who staked and prospected the mines which give so many people a living today. These are the people who will be living in Mount St. Francis.

"Come with me and see where these people to whom we owe so much will be able to spend the evenings of their lives."

The Soroptimists visited the home, viewing the bright and cheerful surroundings, the living rooms with their lovely bay window and open fireplaces, and the pleasant bedrooms with built in dressers and cupboards.

Trail Jaycees Elect A. Marcolin

TRAIL, B.C., May 14—The Trail Junior Chamber of Commerce elected A. V. Marcolin as head of their new slate of officers for the coming year. Mr. Marcolin succeeds F. J. L. Miller, last year's president.

Mayor E. G. Fletcher accepted the position of honorary president succeeding J. L. Crowe.

Other officers included L. J. Filippelli, first vice-president; D. J. Brown, second vice-president; I. B. Kenny, secretary; W. G. Holmes, treasurer, and W. G. Herr, C. E. T. White and D. Proscente, directors.

3 Escape as Big Slide Comes Down

Three men narrowly escaped injury or death when a huge slide passed through the Burns Lumber Company property at Passmore in the Slocan Valley.

Bill Koski and Ross Sanders of Nelson and F. DeLorne of Renata had a close call. The slide was about three miles long, 200 feet wide and about 75 feet in height.

Mary Louise Hutt, Infant, Dies

Mary Louise Hutt, infant daughter of Mr. and Mrs. W. W. Hutt, died at the Kootenay Lake General Hospital Saturday evening. She was born May 8.

Besides her parents she is survived by one brother, Clifford, and grandparents Mr. and Mrs. W. H. Cox of Nelson and Mr. and Mrs. R. W. Hutt of Centerville, Nova Scotia.

Legion, Board of Trade Members Attend Thomas Johnstone Rites

Members of the Nelson Branch of the Canadian Legion, members of the Nelson Board of Trade and a large gathering of friends and associates gathered in the Thompson Funeral Home Saturday evening to pay final tribute to Thomas Holmes Johnstone, a well known Nelson business man, Board of Trade member and Air Force veteran, who died May 9.

There was a profusion of floral tributes.

Rev. Dr. Thomas Murphy of the First Presbyterian Church officiated at the service.

"Onward Christian Soldiers" was the hymn sung by the congregation. The organist was Mrs. W. A. Manson.

Cremation followed the service.

THOMAS HOLMES JOHNSTONE

Time Has Come For Technocracy Says at Nelson

"All major economic trends on this continent lead toward Technocracy," according to Donald Bruce of Vancouver, editor of the Technocracy Digest. He made the statement at a well attended public lecture in the Canadian Legion Hall Saturday night in the course of a B. C. tour to publicize Technocracy.

"Neither the CCF nor the Social Crediters have the solution to our dilemma," the speaker stated. He said he mentioned these two politably be hearing more of them from abl ybe hearing more of them from now on." When asked why he refrained from mentioning the two "old line" parties, Mr. Bruce stated "they have already consistently proved they are incapable of dealing with our economic problems."

The present flood threat in B. C. and the Red River disaster received considerable attention from Mr. Bruce who said "the boast alone of the politicians concerning the Fraser dykes will not diminish the flood threat there."

"Floods are a result of weather conditions. They are a physical problem which cannot be met by any price system. Proof of this is found in the report in the Saturday issue of the Nelson Daily News which quotes authorities as stating the control of the Red River was not economically feasible.

"The solution of this continent's physical problems is beyond the ability of the price system to meet. Only Technocracy has the answer to these problems."

Referring to Technocracy as "the idea whose time has come," Mr. Bruce repeated facts which he claimed were pointing toward the need for Technocracy. Among these were the disemployment of orchard workers in the Okanagan who, he said, were being replaced at thinning time by the process of chemical thinning which kill blossoms before they mature. Less than 15 per cent of the graduating class at the University of B.C. this year would have jobs to go to, he declared.

"We are having our pockets picked from both sides by the Government's price support program." Mr. Bruce stated. "We need a new design for social operation since abundance and price are incompatible."

Asked what Technocracy would do about the Doukhobor problem, Mr. Bruce laughed and said,

"We would build them houses they couldn't burn down."

Mr. Bruce, who was sponsored by Nelson Unit A, R.D.11749, Sunday morning left for the East Kootenay to carry on organizational activities.

The Weather

Synopsis: The weather was sunny over most of the province with only a few cloudy areas along the North Coast and some of the Interior valleys. Cool winds off the ocean kept temperatures to a high of 59 at both Vancouver and Victoria. Highest readings in the Interior came from Penticton, Nelson and Revelstoke all with 74. The fine weather will continue with temperatures reaching a few degrees higher in all regions.

Expect Record Steel Quarterly Output

CLEVELAND, May 14 (AF).—Despite shipping difficulties caused by the firemen's strike on four major United States railroads, Steel magazine predicts today a record quarterly output in the second quarter, topping even the peak of 24,100,000 tons in the first quarter of 1949.

Steelmaking held last week at 100.5 per cent of rated capacity. It was the fourth consecutive week of capacity or better production in the United States.

Anscomb Plans Two Weeks Tour of B. C.

VICTORIA, B.C., May 14 (CP)—Finance Minister Herbert Anscomb, provincial Progressive Conservative leader, will leave soon on a two-weeks tour of British Columbia, it was announced today.

Sickle or Cross? Communism Target of Film

"The power of God's word . . . The ruthlessness of Communism . . . The struggle between might and right . . . The strength of simple Christ-centred faith . . . This was the drama of "The Sickle or the Cross" a religious motion picture attacking Communism shown at the Capitol Theatre Sunday evening.

This film produced by the Lutheran Layman's League depicted the story of a Communist agent who passed a missionary and went to the United States with the purpose of sowing the seeds of Communism. This agent succeeds in fooling an entire church into believing he was a missionary. He planned to discredit Christianity until one day he was face to face wth the firm faith of a Christian boy.

The climax of the film came when the agent tore up a carefully prepared pro-Communist speech, and publically professed the merits of the Christian religion.

$235 Realized at Hospital Tag Day

Proceeds of $235 were realized from the Kootenay Lake General Hospital Women's Auxiliary's tag day on Saturday.

Taggers and workers were: Mrs. N. C. Stibbs, Mrs. W. R. Jeffs, Mrs. Robert Todd, Mrs. J. L. Smith Mrs. A T Richards, Mrs. E. Quirk, Mrs. R. Kelley, Mrs. R. Scott, Mrs. J. A. Wilson, Miss E. Spain, Frank Anderson, George Anderson, Dorothy Anderson, Pat Parker, Dawn Parker, Mary Swanson, Donna Reynolds, Hazel Young, Carol Coventry, Harvey Bell, Malcolm Williams, Carol Tickner, Margaret Logan, Margaret McLean, Alga Henrikson, Ronald Graham, Terry Elmes, Fred McClelland, Audrey May Elmes, Mary Louise Elmes, Maureen Paterson, Verna MacMurphy, Sylvia Butling, Lillie Anderson, Shirley Lewis, Barbara Hyndman, Bobby Lee Brown, Mona Loomer, Barbara Brown, Ronnie Benedetti, Shirley May Smith, Bernice Swanson, Rachel Johnson and Connie Romano.

A booster prize was won by Mrs. J. A. Wilson at the Hospital Auxiliary meeting Friday. Tea was served by Mrs. N. C. Stibbs.

Rev. Harris To Give Lecture

"Wonders of Fulfilled Prophecy" will be a popular lecture given at Nelson Tuesday night by Rev. J. E. Harris, Principal of Vancouver School.

Applying the principles of mathematical probability used in determining insurance risk figures, the lecture also considers some fulfilled prophecies of the Bible.

The results provide a remarkable demonstration of the divine origin and authority of Holy Scripture, it is said.

Joan Kelter Hurt at Coast

VICTORIA, B.C., May 14 (CP)—Even watching some sports can be dangerous. Joan Kelter, a spectator, suffered head injuries yesterday. She was struck by a 14-pound shotput stone while watching a high-school competition.

Joan Kelter is the daughter of Mr. and Mrs. Ed Kelter, former well-known residents of Nelson, where Mr. Kelter was for some years secretary-manager of the Civic Centre and Pro Rec instructor.

Infant Son of Nelson Couple Dies

Nelson James Carpenter, infant son of Mr. and Mrs. John C. Carpenter, who was born in Kootenay Lake General Hospital May 10, died in hospital Sunday.

Besides his parents, the infant is survived by his grandparents, Mrs. O. Herreitt of Prince Rupert and Mrs. A. N. Winlaw of Nelson.

Kinsmen Meet at Cranbrook Plans Increased Clubs

CRANBROOK, B.C., May 14 — Thirty five delegates from Kinsmen clubs at Rossland, Trail, Nelson and Kimberley were guests of the Cranbrook Kinsmen at a week-end conference here presided over by Jim Armstrong of Trail. He is chairman of the district expansion committee and main topic of the meeting was increasing the number of Kootenay clubs, with Kimberley and Creston scheduled for new clubs, and increasing membership in individual clubs.

Also in attendance was Deputy District Governor for the Kootenays Percy Landucci of Trail.

Archie Brydon as Cranbrook club president welcomed the conference and Fred Martens was conference secretary.

Other matters discussed were the proposed constitutions and bylaws.

Saturday's party of the conference was informal social activity, with business session and lunch Sunday at the Cranbrook Hotel.

Winnipeg Flood Victim Arrives At Erickson

One of the first evacuees from the severe Winnipeg flood to this district is Mrs. John Bryant of Winnipeg who came to the District two days ago. Mrs. Bryant is staying with her parents, Mr. and Mrs. W. H. Kemp of Erickson.

Last Rites for S. P. Bostock

Last rites were held for Stanley Percy Bostock attended by many friends who filled Saint Saviour's Pro-Cathedral Saturday afternoon.

Members of the 54th Battalion and members of the Canadian Legion attended the service in a body and formed open ranks from the church to the hearse through which the casket was borne by pallbearers A. H. Allan, A. L. Creech, F. Irvine, E. Marsden, R. L. McBride and H. Murphy.

Very Rev. T. L. Leadbeater and Ven. Archdeacon F. H. Graham officiated.

Hymns sung were "Praise My Soul, The King of Heaven" and "The Strife Is O'er, The Battle Done."

Cremation followed the service.

Good news! Send twenty-five cents more coins for our Laura Wheeler Needlecraft catalogue. Illustrates 104 available needlework patterns. Free pattern is printed in the book!

Arrow Lakes and Slocan Farming Lands Impress Minister on Visit Here; Land Clearing Pushed

Close to 25,000 acres of farmland have been cleared since British Columbia's land clearing scheme was put into effect late in 1946, Hon. Harry Bowman, Minister of Agriculture, said in an interview at Nelson Sunday night.

The Minister is in the midst of a tour of the Kootenays, where he has many speaking engagements. During the weekend, he was conducted on a tour of the Arrow Lakes and Slocan Districts by E. C. Hunt, Supervising Horticulturist, and H. R. Anderson, District Agriculturist, both of Nelson. He arrived from the Coast by plane Friday.

One of the land clearing units is operating in the Arrow Lakes District, Mr. Bowman said. About 700 acres of land have been cleared. Operations began last Tuesday. Last Fall clearing was conducted in the Edgewood and Burton areas.

USE BULLDOZER

Mr. Bowman urged farmers to make application for use of the machinery before it leaves the District. In charge of the operation is H. R. Anderson, District Agriculturist at Nelson. A bulldozer with scarifying teeth under the blade and three caterpillars compose the unit.

His Department is going ahead with plans aimed at wiping out of bovine tuberculosis, Mr. Bowman said. Practically all necessary petitions from cattlemen were in. With establishment of the Province as a tuberculosis-free area, the Dominion Government would be responsible for testing of cattle.

Work for improvement of field crops was continuing, and some tillage experiments were being conducted in certain areas with a view to forestalling soil erosion, already experienced in some parts of the Province.

"I was well impressed with the farming possibilities in the Arrow Lakes and the Slocan Valley," the Minister went on. He could see room for a "great many more settlers" than were already established on the good agricultural land there.

His Department was emphasizing farm management, rather than production; the cutting down of production costs to widen the margin of profit. With costs levelling off, Department extension workers were devoting much attention to this subject. More suitable varieties of produce were being recommended as were more economical methods of fertilizing, thinning and spraying.

Mr. Bowman was impressed with the exceptional attendances he had noted at Institute meetings. There were more than 80 at the District Women's Institute meeting at Arrow Park. Mr. Bowman, Randolph Harding, M.L.A. for Kaslo-Slocan, and Mrs. Stella E. Gummow, Superintendent of Women's Institutes, were speakers. There were also more than 80 at the Farmers' Institute meeting at Burton.

Mr. Bowman, who became Minister last July, represents the Fort George Riding. He met an old friend from the North in Sgt. W. H. Davidson of the B.C. Provincial Police at Nelson, and drove with him Sunday to Krestova.

British Closing Prague Offices

PRAGUE, May 14 (Reuters). — The British Information Service and the British Council closed their offices in Prague at noon Saturday in accordance with the demand of the Czechoslovak Government — which denounced the Anglo-Czech cultural agreement.

Hundreds of Czechoslovaks of all ages jammed the Information Service offices in one of Prague's main streets to get English reading matter before they closed.

Author Wills All To Chinese Reds

TOKYO, May 14 (AP).—The late American author Agnes Smedley willed all her possession to Gen. Chu Teh, commander of Red China's armies, the Peiping radio said Saturday. A broadcast heard here said she had asked that her ashes be sent to Peiping, the Communist capital. She died May 6 at Oxford, England. A U.S. Army report from Tokyo in February, 1949 named Miss Smedley as "a spy and agent of the Soviet Government." She vigorously denied it, and later the Army said it had no proof to back up the charge.

Los Angeles Has Slight Tremor

LOS ANGELES, May 14 (AP)—A slight earth tremor was felt Saturday in the Southwest section of the city in the vicinity of the International Airport.

Apparently there was no damage. The Weather Bureau reported the tremor at 7:43½ a.m., Pacific Daylight Time, and called it "very slight."

Fernieites Give $3000 to National Organizations

FERNIE, B.C., May 14—Fernie people contributed nearly $3000 in two recent canvasses for funds for purposes of national organizations.

Fernie Boy Scouts distributed the Conquer Cancer leaflets through the city prior to the house-to-house calls by members of the Rebekah Lodge who collected donations amounting to $992 for the Cancer Fund. Treasurer for this campaign was Bert Walton of the Bank of Commerce.

Fernie Branch of the Red Cross was able to remit $1960.19 to headquarters as the result of its part in the Spring drive for funds for operations of the Canadian Red Cross this year. Canvassers for this drive were branch members and volunteers from service clubs, with Mrs. H. E. Miard as branch president in charge.

Seven Awards To District Men

Seven long-service awards were made at a banquet in Hume Hotel which wound up a day-long meeting Friday of East and West Kootenay dealers and agents for Shell Oil Company of Canada. Twenty-six attended.

The plaques and pins went to E. E. Hopwood, Nelson agent, for 20 years; Donald Cameron, Balfour dealer, for 20 years, and C. H. Messinger, Creston dealer, for 15 years.

Unable to attend the ceremony but receiving plaques and pins were O. C. Thomas, Balfour dealer, for 10 years; W. S. Jones, Winlaw dealer, for 10 years; H. C. Coleman of Deer Park, for 10 years, and G. J. Gillespie, Cranbrook dealer, for 15 years.

The presentations were made by J. E. Kingston of Vancouver, retail merchandising supervisor. Also attending from Vancouver was E. S. Meldrum, lubrication supervisor.

Chairman was A. J. MacDonald of Nelson, district manager for West and East Kootenay.

Chinese Release U. S. Freighter

SAN FRANCISCO, May 14 (AP).—The Chinese Communists have released the United States freighter California Bear, which they had held since it collided with and sunk a small Chinese ship in the Yellow Sea April 20.

The owners, Pacific Far East Lines, reported Friday that Capt. William Murray, the skipper, remained behind at Tientsin on his own volition for an inquiry into the collision.

The Communists held the freighter responsible for the accident and demanded compensation. The Chinese ship, the Hsinan, sank with the loss of an estimated 70 lives.

Cabinet Mins. on First Post-War Defence Committee

OTTAWA, May 14 (CP) — Two Cabinet ministers were named Saturday among the 25 members who will comprise the Commons first Defence Committee since the war.

The committee is not, however, one to consider defence matters in general as advocated by the Progressive Conservatives and refused by the Government.

It will study a bulky bill to streamline and consolidate legislation pertaining to the Defence Department and to effect a single code of discipline for all three forces. The bill was approved by the Senate last year and introduced in the Commons this year.

The members of the committee include Defence Minister Claxton and Solicitor General Lapointe, both veterans. The large majority of the members are veterans, including Maj.-Gen. G. R. Pearkes V.C. (PC—Nanaimo).

CANADIAN DOLLARS AID BRITISH REAL ESTATE

LIVERPOOL, England, May 14 (CP)—Canadian City and Town Properties, a British Company specializing in Canadian real estate, is buying up its first and second debentures with money realized in the sale of a two-storey building it owned in Regina.

An announcement said directors decided to use the money in reducing debenture commitments rather than reinvest it in Canada or in securities in Britain.

Scenery Hits Colorado Mining Students

Thirty-seven seniors in mining engineering and four faculty members from Colorado School of Mines, Golden, Colorado, were in Nelson over the weekend.

They were en route to Cranbrook as part of a tour of inspection of mines, mills and smelters in Utah, Idaho, Montana, Oregon, Washington, British Columbia, Wyoming and Colorado.

"We're very impressed with the scenery in this district," said Prof. C. W. Livingston, head of the school's mining department, who is in charge of the party.

The visitors, graduating class and post-graduate students, arrived late Saturday night from Metaline Falls, Wash., and left for the East Kootenay Sunday morning. After touring the Sullivan mine at Kimberley they will proceed to Coeur d'Alene, Idaho.

L. M. Flesberg, East Kootenay Sportsman, Retires

CRANBROOK, B.C., May 14 — Well-known East Kootenay sportsman and lumber grader for the Crow's Nest Pass Lumber Company at its Wardner sawmill for 39 years, Leonard M. Flesberg recently reached superannuation at the lumber company, and will continue to make his home at Wardner.

His services as grader at Wardner began in 1911 when he settled there after coming from Melville, Sask. Except for two years' army service during the First World War, he has served in this capacity ever since.

He has been an immediate supporter of Wardner district sports and community activity, and is also an executive member of the Cranbrook District Rod and Gun Club.

MORTALS, IMMORTALS LESSON-SERMON SUBJECT

"Mortals and Immortals" was the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday.

The Golden Text was: "They that are after the flesh do mind the things of the flesh; but they that are after the Spirit, the things of the Spirit." Romans 8: 5.

The lesson-sermon included the following passage from the Bible: 'I am the Lord, your Holy One, the creator of Israel, your King. This people have I formed for myself; they shall shew forth my praise." Isaiah 54: 15, 21.

Among the selections from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, was the following: "God is the Principle of man, and man is the idea of God. Mortals are not fallen children of God. They never had a perfect state of being, which may subsequently be regained. They were, from the beginning of mortal history, conceived in sin and brought forth in iniquity.'"

Scholarship for Kimberleyite

Expect Sudden Rise In Slocan Lake Water Level

SLOCAN CITY, May 14 — The water in Slocan Lake has risen from 1.70 feet on April 1 to 2.50 feet April 30, and Saturday was 3.14 feet. Last year on April 1 it was 1.62 feet, and 7:54 feet May 17.

The lake water is much lower than a year ago. However, if warm weather continues it is expected that the rise will take place all at once. Old-timers believe that within another month the water will rise over the Slocan Lake waterfront.

Urges Anglicans to Pray for Sufferers

TORONTO, May 14 (CP)—Anglicans were urged today by the Canadian head of their church to pray for victims of the Manitoba floods and the Rimouski and Cabano fires. Most Rev. G. F. Kingston, Archbishop of Nova Scotia and Anglican Primate of all Canada, in a statement called upon his church members to remember the disaster sufferers "both in corporate and private prayer."

Seedlings in Abundance at Farmers Mart

Nelson Farmer's Public Market took on appearances of a greenhouse Saturday.

Flower and vegetable seedlings massed themselves in boxes the length of the market.

Stock, zinnia, portulaca, verbena, snapdragon, aster and carnation plants sold for 35 cents a dozen; marigold, lobelia, and petunia plants for 25 cents a dozen; salvias for 50 cents a dozen, and double petunias for 60 cents a dozen.

In the vegetable plant line, celery seedlings were 25 cents a dozen; tomato plants, 40, 50 and 60 cents a dozen, and asparagus plants, $1 for 10. Early lettuce fetched 25 cents a dozen, and seed potatoes were five cents a pound.

Early shoppers snapped up tulips at $1 a dozen or three for 25 cents, and narcissi at 50 cents a dozen; pansies and violas brought 35 cents for three or $1 for a dozen.

Spring onions were 15 cents for two bunches, and rhubarb, 10 cents a bunch.

Walnut trees were selling at $2.50 each, and pear, cherry, apricot and apple trees at $2 each. Grape bushes were 75 cents each, and rhododendrons, $5 each.

One Rosemont grower sold shelled walnuts at $1.10 a pound, and unshelled for 55 cents a pound.

Eggs were 50 cents a dozen for grade A large, 48 cents for mediums, and 45 cents for pullets.

Island Yacht Club Opens With Parade

VICTORIA, B. C., May 14 (CP)—That brand of enthusiasm which is peculiar to the yachting clan was in evidence to a large degree Saturday as the 1950 season of the Royal Victoria Yacht Club was officially opened.

Always one of the early Summer highlights, the sail-past by more than 40 craft was as colorful as ever, in spite of the fact many owners have been held up in getting their boats in the water because of unfavorable weather.

Taking the salute was Dr. R. J. Wride, Club Commodore, abpard his trim, white-hulled auxiliary cruiser Cherie.

Leading the parade of flag-bedecked boats was Honorary Commodore A. D. Crease, senior member of the Club. He was followed by the flag officers in order of seniority. Next came the sailing craft in order of size, and the power boats.

FLAGSTONE MAN FATALLY INJURED IN FALL OFF TRUCK

FERNIE, B.C., May 14—Tumbling off the back of a truck on which he was riding, Terry McCoy of Flagstone was fatally injured and died Tuesday while being taken to the hospital. He had just completed a shift at the Letcher sawmill where he had been employed for the past few years.

Born at Flagstone 24 years ago, he attended the Kootenay Indian School before joining employ of the sawmill. He is survived by his parents, Mr. and Mrs. Michael McCoy and three brothers, Jerome, Isaac and Basil at Flagstone.

Requiem Mass was celebrated by Rev. John Sullivan of the Kootenay school at Flagstone Catholic Church with burial in Flagstone cemetery.

Cranbrook To Open New Memorial Civic Centre in May 24 Celebrations

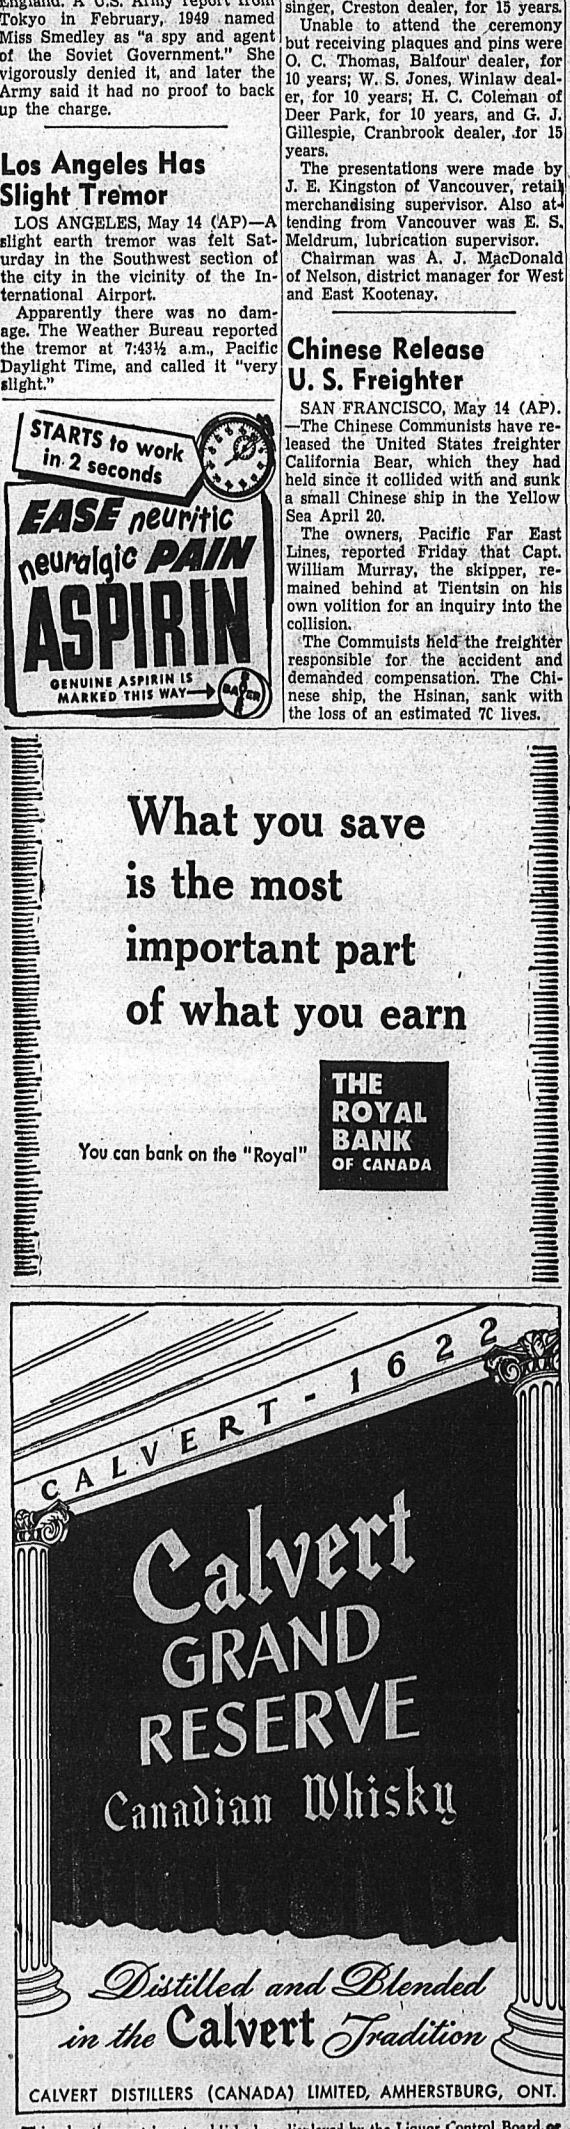
CRANBROOK, B.C., May 14 — This city's traditional Empire Day celebration when it plays host to other East Kootenay centers will be built this year around opening of the new $65,000 Memorial Civic Centre and the rink building now being completed.

Most of the uses of the center will be given practical demonstration in the program arranged by Peter Edwards, committee chairman, and W. A. Burton, Secretary and their conveners of the entertainment for the day.

Mayor Sang will declare the center open in outdoor ceremonies May 24 in the gravel parking apron fronting the building. Events scheduled are a stage presentation of the Keith D. Crowe variety show in the afternoon and evening, demonstrating theatrical facilities, and a dance that evening with a Vancouver band which will show uses of the portable floor.

Demonstration of rink facilities will have to wait until next Winter, since an artificial ice unit is not among initial installations. The building has been constructed to accommodate this without alterations when funds are available for the plant. The center has been built from funds raised by the Gyro and Rotary Clubs, and municipal bylaw funds authorized for this use.

Other program items for the day include a morning parade sponsored by the Rotary Club children's sports at Baker Park, a Cranbrook-Kimberley-Creston baseball tournament at Moir Park and a visiting midway by Royal Canadian Shows.



This advertisement is not published or displayed by the Liquor Control Board or by the Government of British Columbia.

Norwegian Capital Impresses Visitor

PRINCE ALBERT, Sask. (CP),—Mrs. Euguen Terrel of Prince Albert, who recently returned from an extended visit to her native Norway, says "being in Oslo, Norway is almost like being in any North Amercian city."

Mrs. Terrel was impressed with the modern appearance of Oslo, with its population of 430,000 and its area of 174 square miles.

Buses were crowded as in Canada and the people dressed the same as Canadians and Americans, she says.

Mrs. Terrel reports "there are no slums in Oslo." New buildings have no back yards and apartments are placed apart to allow rows of trees between. Each apartment has a balcony. The language is the only difference between the city and those here.

When she arrived in Southern Norway in mid-December, it was raining, but green grass and tulips in bloom could be seen through the downpour.

Mrs. Terrel also remembers the grassy shoreline of the fjords which led from the pine and spruce-clad slopes to the snow-capped mountains.

NOTED SPORTS RESORT

She also was a visitor at Holmenkollen, the famous Norwegian Summer and Winter sports resort situated behind the city among the hills and forest. It is centred by a hilltop lake.

More than 100,000 persons gathered at the famous Holmenkollen ski jump on Holmenkollen Day and they represented many nations, Mrs. Terrel recalled.

"The people of Norway seemed happy, but the war has left its toll," she says. Some food and clothing is still rationed, but the ration is liberal. There is no shortage of necessities, other than coffee.

Social services, such as state medicine, hospital care, children's allowance and old age pensions are enjoyed by the Norwegians. Children get a school breakfast consisting of milk, green vegetables, health bread and cheese.

Schools are equipped with baths and swimming pools. Cooking, knitting, sewing and pottery work are taught in the schools. However, school taxes are "very high," says Mrs. Terrel, a concert singer prior leaving Norway some 25 years ago.

When your BACK ACHES...
Backache is often caused by lazy kidney action. When kidneys get out of order excess acids and poisons remain in the system. Then backache, headache, rheumatic pain, disturbed rest or that 'tired out' feeling may soon follow. To help keep your kidneys working properly—use Dodd's Kidney Pills. Time-tested, popular, safe, non-habit-forming. Demand Dodd's Kidney Pills, in the blue box with the red band. Sold everywhere. 135

Fruitvale P. T. A. Hears Report on Convention

FRUITVALE, B. C., May 14—At the meeting of the Parent-Teacher Association, Mrs. Walter Veitch read a portion from the last P.-T. News, entitled "What—No Corporal Punishment?" written by J. F. K. English (Municipal Inspector of the Greater Victoria School Board, and "Is Corporal Punishment Necessary?" written by Mariom M. Sherman, M.D., of Victoria. Corporal punishment as a means of disciplinary action in the school has been declining for a number of years, due to modern ideas and methods of teaching. In the Public School Act, it states that, in effect, it should be exercised in the same way as a firm, kind and judicious parent in the family, the teacher having the right to resort to it if in his judgment it was necessary.

Marium Sherman in her article states that until recently the majority of adults held that corporal punishment was essential if children were to become law-abiding citizens. In recent decades the study of child psychology has brought fuller understanding as to how the child's mental attitudes are formed. The realization is growing that children can be led to be cooperative by understanding love, and not by fear of punishment."

During intermission, Miss Downie's room won the parent attendance prize.

Mrs. Rozella Webster gave a report on the B. C. Parent-Teacher Federation convention held at Point Grey Junior High School, Vancouver, which she attended as representative of Fruitvale P.-T.A.

The theme of the convention, she said, was: "Education Means More Than Classrooms." All speeches and resolutions were toward that end. The convention passed as amended a resolution leaving it to the discretion of the School Board and the Department of Education to shorten school terms in those districts where students are needed to help on the farm. Another resolution to approach the Department of Education for pamphlets summarizing for the purpose of adult education the aims and caterial of the course on alcohol education in schools. J. R. Meredith, Senior Research Assistant, Department of Education, spoke on this resolution and gave a very informative talk on the work being done regarding alcohol education.

Dr. A. T. Doucette, Director of Calgary Branch of the University of Alberta, spoke on sex education in the school. He believes it is the natural thing in public schools, but must be of the proper type.

Another resolution dealt favorably was the resolution making parents legally liable for wilful acts of damage done by their children.

Hon. W. T. Straith, Minister of Education, reported on the work of the Department during the last year. He especially mentioned the help given a talented young Indian artist, Judith Morgan, the purchase of six of her paintings.

Mrs. McDonald, a former Editor of the B.C. P.-T. News, gave the assembled members tips on how to conduct a study group.

The film, "The Brotherhood of Man", was shown by Mr. Boroughs, of the Extension Department of U. B.C. and was followed by a discussion on the good contributions to society from all the different races.

Miss Marjorie Smith, supervisor of workshops, is expecting to tour the Province shortly, and will help the Association with this work.

Dr. W. P. Percival, National President of Home and School, expressed his deep appreciation to the B.C. P.-T. Federation, and hoped that more young members can be lured into offices.

Another interesting speaker, Mrs. Webster said, was Dr. W. G. Hall of the Department of Health, who expressed deep concern over the condition of children's teeth. With the aid of dentists, the Department of Health has formulated a dental program to have dental mobile clinics operating within the Province.

The final address of the convention was given by Dr. Black, a former B.C. P.-T.F. President, and he spoke on citizenship. He felt that citizenship training should start at an early age and be carried on throughout life.

Attending the convention were 609 delegates, representing 700 Associations, with a membership of 29,000 in B.C. Victoria would be the setting for the 1951 convention.

CARE Convener reported that three $10 parcels and two $6 ones had been sent, replies being received from three. Mrs. T. Moon, Library Convener, reported that another book had been added to the P.-T.A. Library.

The Hospitality Committee served coffee and cookies.

New Denver

NEW DENVER, B. C.—Mrs. E. McDonald of Slocan City is a patient in Slocan Community Hospital.

Mrs. Joseph Kancher has been discharged from the Slocan Community Hospital.

Miss Betty Kurita is spending her holidays at Nakusp, guest of her uncle and aunt, Mr. and Mrs. T. Kurita.

Mrs. Harry Bodier of Zincton is a patient in Slocan Community Hospital.

Miss Maureen Mack, Slocan City, has been discharged from Slocan Community Hospital.

Mrs. Fred H. Angrignon and her sister, Miss Monica V. Butlin, visited friends in Nelson.

M. Moriwaki is a patient in Slocan Community Hospital.

W. Kinoshita has been discharged from Slocan Community Hospital.

Mr. and Mrs. J. A. Roberts returned from Trail and Castlegar where they visited friends.

Edward Tingle is a patient in Slocan Community Hospital.

Ronnie Mack, Slocan City, has been discharged from Slocan Community Hospital.

Fred B. Tessman and J. L. Canty accompanied by Howard Parker of Slocan City, attended a school meeting in Nelson.

Ned O'Neail of Silverton is a patient in Slocan Community Hospital.

Mr. and Mrs. James Draper were Nakusp visitors and while there visited friends in the Arrow Lakes Hospital.

To Educate, Prevent Blindness, Aid Sightless, Successful C.N.I.B. Job

"Not only is it the aim of the Canadian National Institute for the Blind to educate the blind, but also to educate the public; some don't even know what a white cane represents," J. C. Hembling, field secretary for British Columbia, told the enthused Nelson branch of the CNIB at their meeting in the Hume dining room Friday night.

Mr. Hembling was introduced by chairman John Erb to the committee.

Mr. Hembling's job is to help the blind to adjust themselves; to endeavor to get a blind person to carry a white cane; to help to acquire employment for the blind, and to teach the public to accept a blind person as any other individual.

"It isn't only the Institute for the Blind, but it is the radio, the service clubs, the welfare, the women's clubs, the taggers, the Press and numerous other people who aid the blind; even youngsters are doing a great job for us," he said.

"We have men's clubs, bowling teams, fishing and swimming for the blind. Typing is being taught to old and young alike on ordinary typewriters. At Kamloops a club has built a three-room cabin for blind men. We get wonderful cooperation from the Social Welfare workers," Mr. Hembling stated.

"Income is going down and the blind are increasing. We need even a greater effort than is being exerted now."

KNOW THEM BETTER

Dr. W. B. Steed, well-known Nelsonite, declared: "I hardly know what I can say as I have so much to say about the CNIB which has always been ready to give service to me and which I am sure would give service to anyone else afflicted with blindness.

"I have received a talking machine and am always receiving books and records from Vancouver. A list of books sent to me the other day was very varied. There are books for every type," he stated.

His closing words were: "I have great respect for the Institute for the Blind and I only hope the public will get to know the blind and the almost-blind better."

In Winnipeg, a modern residence adjoining a CNIB service centre has been built. Similar structure are also in Saskatoon, Edmonton and Calgary, said Percy Ogilvy, executive officer for B.C. Now New Westminster has enough funds to erect a service centre and residence. Vancouver has one which will accommodate 80 persons.

"Now we have residences in the cities we must give greater attention to all those in urban parts and form branches and committees in all centres."

"We don't only help the blind, we also try to prevent blindness and we are prepared to send anyone who is in need of help to Rochester, New York, and other places to save their sight."

J. W. Smith gave the financial report and thanked all who had helped to make the tagging a success.

Visitors from the Trail committee were Mrs. J. W. Dougan and Mrs. W. D. Burgess. The Trail committee said they felt they were indebted to Miss Jeanne Levesque, who visits the sightless and does many other jobs.

Queen's Bay . . .

QUEEN'S BAY, B. C. — Mrs. F. M. Hughes has returned after being away since last November. Her brother, Bland Harrison, motored from Calgary with her, and will stay for a week before returning. Mrs. Hughes spent the Winter visiting relatives and friends in Trail, Vancouver, Victoria and Calgary.

Albert Merz spent a week in Kootenay Lake General Hospital recovering from an accident when the truck he was driving went over the bank near his home.

George Merz, late of the R.C.A.F., is staying at Balfour with his brother-in-law and sister, Mr. and Mrs. John Erickson.

Mr. and Mrs. Roy Fisher have returned to their home after spending the Winter in California.

RUMMAGE SALE BRINGS $70

Service Club of the Church of the Redeemer netted $70 from a rummage sale at Nelson Farmers' Market Saturday.

Convener was Mrs. N. H. Collett, assisted by Mrs. Reeve Harper, Mrs. J. P. Horswill, Mrs. B. B. Stallwood, Mrs. Verne Irwin and Mrs. R. Newcombe.

The world's population is estimated to increase at the rate of 20,000,000 a year.

Kaslo...

KASLO, B.C.—Mr. and Mrs. W. J. Roberts have as guest their daughter, Miss Flora Roberts of Golden.

Leonard Smith has returned from a visit in Penticton.

Mrs. Charles Hanson ,who has been a patient in Victorian Hospital for some weeks, has returned to her home.

A. C. Norberg who has been a patient in Victorian Hospital, has left for his home.

Harrop W.I. Adds To Fund for Mt. St. Francis

HARROP, B.C., May 14.—Harrop and District Women's Institute held its regular May meeting at Mrs. Keiran's home, Longbeach. In response to a letter from E. A. Mann, a donation of $10 was given to Mount St. Francis Infirmary.

Woollens that had been collected were to be prepared for shipping to be made into blankets. Arrangements were also discussed to have Mrs. Boyce attend the arts and crafts display in Nelson, bringing her rabbits, spinning wheel, wool and finished articles for display.

A community bonfire picnic was arranged for.

Mrs. Eaton won the cancer prize donated by Mrs. Keiran.

Julie meeting is to be at Mrs. Boyce's home. Tea was served by Mrs. Keiran and Mrs. Hobson.

W.I. To Canvass Willow Point for Salvation Army

WILLOW POINT, B.C., May 14.—Twenty-two members attended the May meeting of the Women's Institute when a letter of acknowledgement for baby gift was read.

Ways and Means report showed a balance of $29, proceeds of bridges and donations.

On an appeal from the Salvation Army members agreed to canvas the district.

Mrs. B. Townshend reported a new Red Cross total, $141.

Two gift parcels of food have been sent to two separate English Institutes.

Arrangements were made for the June card party, proceeds in aid of Mount St. Francis.

Mrs. C. G. Duff announced the Guides would stage a May 24 celebration at the school.

The June meeting was postponed a week to enable the delegate to the Provincial Conference at Vancouver, June 6, 7, 8, to return and present a report.

Mrs. T. G. Ludgate and Mrs. C. Shannon were in charge of a sale of plants and miscellaneous items.

Mrs. C. Olson and Mrs. W. L. Bailey were the tea hostesses.

Dies at New Denver

NEW DENVER, B. C., May 14—J. Fugiwara of New Denver passed away in Slocan Community Hospital May 10.

DENVER W. A. DONATES TO MOUNT ST. FRANCIS, TRAINING SCHOOL

NEW DENVER B. C., May 14—Turner Memorial United Church Women's Association at their meeting held at the home of Mrs. G. H. Croy, heard the visiting committee report given by Mrs. E. F. Angrignon and Mrs. James Draper. The new visiting committee consists of Mrs. Les R. Campbell and Mrs. J. A. Roberts.

Secretary Mrs. James Forsythe read a letter of thanks from the Andrew Davison Christmas Card Industry, Morpeth, Northumberland, from the Secretary, Miss Joyce Eggleston, for the used Christmas cards.

A donation of $5 will be sent to Mount St. Francis Furnishing Fund through the Slocan Board of Trade and also $5 to the Naramata Leadership Training School.

Mrs. John Taylor was given the loan of the dishes from the church for National Hospital Day at Slocan Community Hospital.

Hostess served delicious refreshments assisted by her mother, Mrs. S. J. Crookshanks, and son Carl.

FIVE NELSON WOMEN TO ORANGE MEET

Five delegates from Ladies' Orange Lodge No. 1116 at Nelson will attend Grand Lodge sessions in Victoria Tuesday, Wednesday and Thursday.

They will be Mrs. G. Sinclair, Mrs. G. Graham, Mrs. W. Goodman, Mrs. C. Usherwood and Mrs. P. Backman.

The first assembly for Lower Canada met in Quebec on December 17, 1792.

SOCIAL EVENING ENJOYED BY DENVER W. I. AFTER MONTHLY MEETING

NEW DENVER B. C., May 14—The Women's Institute at their monthly meeting welcomed two new members, Mrs. M. T. C. Percival and Mrs. Anthony Thomas, and two visitors, Mrs. W. G. McLauchlin and Miss Mary Kada. One minute silence was noted in respect to the memory of Mrs. George Burkett who acted as President for two years and who will be greatly missed in the many local activities of New Denver.

Visiting report was given by Mrs. E. M. Kirkwood. New visiting committee is Mrs. May Crellin and Mrs. R. E. Crellin. Community Club report was given by Mrs. W. Gould.

Mrs. J. A. Greer in her cemetery and beach report said the float at Bigelow Bay had broken loose. The Institute with the help of friends and the young men of Teen Town, will estimate cost of repairs. The local Boy Scouts, under direction of Joseph Burman, raised the money for the float and since that time the Institute has been responsible for its upkeep.

Mrs. T. W. Clarke reported for agricultural and Mrs. John Taylor reported for home economics.

Mrs. Hermann Clever will act as Secretary for six months while Mrs. M. H. Butlin is on a visit in England.

The Institute will donate $15 to the Mount St. Francis Furnishing Fund through the Slocan Board of Trade.

An invitation was accepted to attend a social evening as guests of Nakusp Women's Institute June 27, also one from Slocan City Institute to attend the West Kootenay Rally May 16.

Final plans for the Rally at East Arrow Park were discussed. Mrs. Fred B. Tessman was named official delegate. The Superintendent Mrs. S. Gummow of B. C. Women's Institutes, was to be present, accompanied by Mrs. A. Shaw, Provincial Board. They will meet New Denver and Silverton ladies at a special meeting here Monday.

Miss Florence A. Moss will attend the Provincial Conference to be held at U.B.C. June 6, 7 and 8, as delegate.

Under convenership of Mrs. T. R. Buckham of the entertainment committee a program was enjoyed by everyone. Mrs. R. E. Crellin acted as Chairman with Miss Florence A .Moss at the piano.

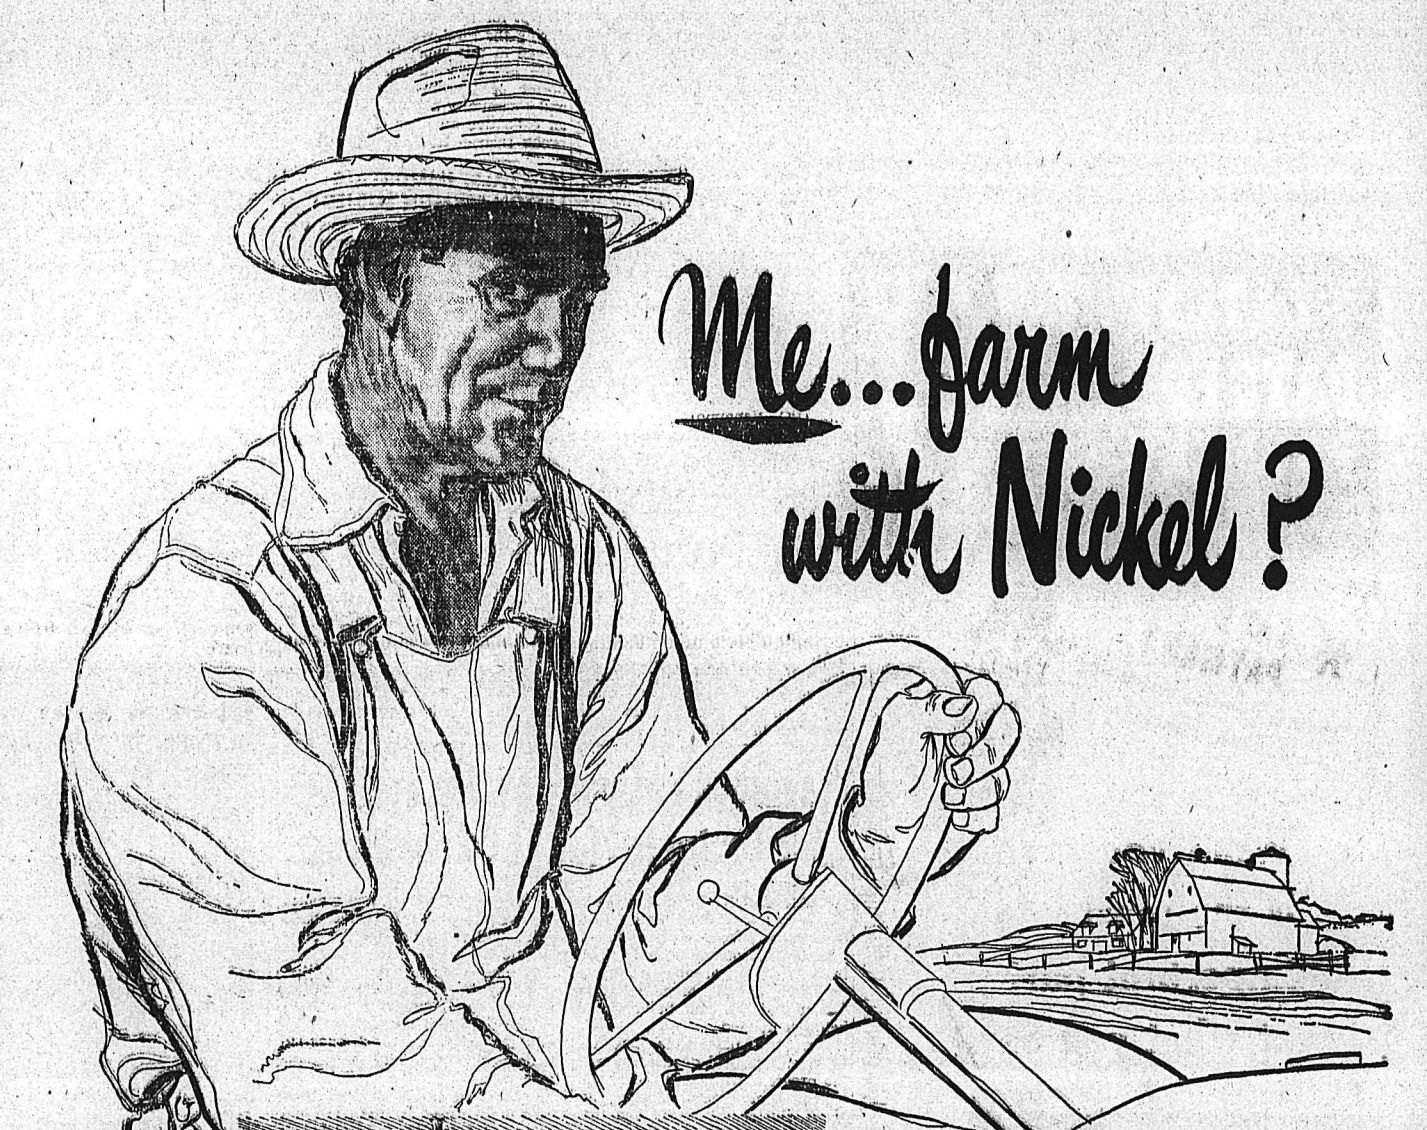
A reading was given by Mrs. H. Clever, a song by Mrs. T. R. Buckham and Miss F. Moss with Mrs. T. W. Clarke at the piano.

Contest songs with Mrs. A. L. Harris at the piano, were won by Mrs. H. Clever and Miss Dora M. Clever. Miss Kada in costume, tap danced to a song sung by Mrs. Buckham and Miss Moss.

Contests at supper drawn by Mrs. G. W. McLauchlin were won by Mrs. T. R. Buckham, Mrs. G. W. McLauchlin and Miss Dora M. Clever.

Refreshments were served, the tables covered with a beautiful cut work linen cloth and prettily decorated with vases of cut Spring flowers.

Hostesses for the evening were Miss Dora M. Clever, Mrs. E. M. Kirkwood and Mrs. E. F. Angrignon.



The gears of that combine, for instance, are made of tough, long-lasting Nickel Alloy Steel because of the terrific strains they have to bear.

Think of the punishment tractor parts have to take! That's why axles, gears and other critical parts are made of Nickel Steel. It gives greater strength, longer wear.

There's a lot of Nickel in that truck—in its gears, steering knuckles, and numerous other parts.

Forty-three years of research have uncovered hundreds of uses for Nickel in the United States and other countries. Now Nickel exports bring in millions of U.S. dollars yearly. These dollars help pay the wages of the 14,000 Nickel employees in Canada and also help pay Canadian railwaymen, lumbermen, iron and steel workers and other men and women making supplies for the Nickel mines, smelters and refineries.

"The Romance of Nickel" a 40-page book fully illustrated, will be sent free on request to anyone interested.

Presentation of A. C. T. Checks Opens Arthritis, Rheumatism Society Campaign

As the annual Canadian Arthritis and Rheumatism Society, (Nelson Branch) drive for funds gets under way today, a fine start is given the campaign as proceeds of the Associated Canadian Travellers 1949 efforts are turned over to the committee in charge. Pictured above, Mrs. A. G. Cook, President of the A.C.T. Auxiliary, presents a check to Harry B. Gorge, Campaign Manager, while Jack North, President of A.C.T., presents a check to George Gray, President of C.A. and R.S., Nelson branch. Onlookers are William Burns of A.C.T. and Walter Hendricks, M.L.A. for Nelson-Creston.—Vogue photo.

SUNNINGDALE W.A. NAME MRS. PARKER NEW PRESIDENT

TRAIL, B.C., May 14—The Sunningdale Women's Auxiliary named Mrs. S. Parker as their President for 1950-51 at a meeting held at the home of Mrs. H. Vanderburg.

Other officers elected were Mrs. H. Jacobs, Secretary-Treasurer and Mrs. H. Vanderburg, press representative.

Following the business meeting, a social hour was enjoyed with Mrs. J. Cormack assisting the hostess in serving refreshments.

Nelson Social

Phone social notes to **144**

● James Liness, a member of the Young Peoples Fellowship of the Baptist Church, was honored on the occasion of his 16th birthday by friends who met in the home of Mr. and Mrs. H. R. Anderson. A gaily decorated cake with refreshments was enjoyed. Mrs. W. Harry led in a helpful devotional message. Games and friendly fellowship provided enjoyment during the evening.

● Mrs. R. G. Fourneaux Hamlyn, 610 Behnsen Street, is a patient in Kootenay Lake General Hospital.

● Mrs. Charles Bland has left Kootenay Lake General Hospital for her home at South Slocan.

● Mrs. J. Ferguson of Sunshine Bay and Mrs. B. Dunham and daughter Jane visited Mrs. W. G. Leslie Saturday.

● Mr. and Mrs. F. H. Smith, 711 Cottonwood Street returned by plane Saturday evening after attending the graduation ceremonies of their daughter Dolores, from the General Hospital in Vancouver.

● Mr. and Mrs. Gordon Ferguson and family motored to Spokane Sunday.

● Mr. and Mrs. W. G. Leslie motored to Spokane Sunday.

● Miss Lois Brown arrived from Medicine Hat Sunday to spend two weeks vacation with relatives at Salmo.

● Arthur Larson, 1324 McQuarrie Avenue, who has been receiving treatment in Vancouver for a shoulder injury, returned today following a week's visit to his home.

● Mrs. Roger Van Ruyskensvelde, Ymir Road, has returned home from Vancouver where she was a patient in St. Paul's Hospital.

With an area of 386,000 square miles, Egypt had a population of 19,528,000 in 1948.

Ellis-Kootnikoff Nuptials Performed at St. Paul's

Spokane, Seattle and Vancouver are on the honeymoon itinerary of Lloyd James Ellis and his bride, the former Elsie Kootnikoff, who were married in St. Paul's United Church Friday evening. Rev. A. L. Anderson officiated.

The bride is the daughter of Mr. and Mrs. W. W. Kootnikoff, 224 Gore Street.

Given in marriage by her father, the bride chose a white satin gown topped with a flowered pattern. A veil cascaded from her matching headdress, and she carried a bouquet of red roses.

Mrs. Michael Kootnikoff, her sister-in-law, was matron of honor and wore a blue gown and matching headpiece and held a bouquet of pink carnations.

Bridesmaid was Miss Beverley Selby.

Doug Campbell was best man, and Tom Wiginton ushered the guests.

About 50 guests attended the reception at the home of the bride, where toasts were proposed by Mike Kootnikoff and Mr. Campbell.

For going away, the bride donned a blue and grey suit with navy accessories and a corsage of white and pink carnations.

The newlyweds will make their home in Nelson upon returning from their honeymoon.

Nelson Pythian Sisters Celebrate 43rd Birthday With Gala Banquet

The Nelson Pythian Sisters of Nelson Temple recalled many a memory of years gone by Thursday, when they gathered to celebrate their 43rd birthday in Nelson.

Present officers of the order include Mrs. J. Chess, Past Most Excellent Chief; Mrs. A. H. Whitehead, Most Excellent Chief; Mrs. Elsie Morgan, Senior Guide; Mrs. R. Rowe, Junior Guide; Mrs. A. Fletcher, Manager; Mrs. L. Bond, Secretary; Mrs. O. Olson, Financial Secretary and Recorder; Mrs. Bureau, Protector and Mrs. Pauline Beckman, Outer Guard.

Members sat down to a delightful banquet prepared by the Pythian Sisters. The tables were exquisitely decorated with daffodils and tulips providing a colorful atmosphere.

Before sitting down to the repast, the Doxology was heartily sung by all. Accompanying at the piano was Mrs. M. Traves.

A pleasing feature was a birthday cake decorated with pink and white icing blended in a neat design with 43 candles on it. Mrs. David Laughton, Past Supreme Lodge representative and a Past Most Excellent Chief of the Temple informed those present that the birthday of the temple was the eve of her own.

Another feature was the presentation of a lifelike model of a fawn. It is the practice of the Pythian Sisters to choose one of its members annually as mother of the Temple because of the nearness of the birthday to Mother's Day. This year's presentation was to Mrs. Madeline Swanson. Mrs. Swanson told of an experience of her childhood. While sitting up with her father, awaiting the return of her mother from the Pythian Sisters Lodge, she noticed Dad was a little testy. She remembered his telling her that he had read an article that lodges were not good for wives and agreed with the utterance. But he changed his views in later years because mother enjoyed the Pythian Sisters so much.

"I also changed my first impressions since hearing dad complain, Mrs. Swanson said. "I am still a member and enjoy the good work."

Mrs. W. J. Hipperson, Past Most Excellent Chief, also responded by saying that she had been a member for 17 years, and was enthusiastic as ever.

Mrs. R. Rowe was also presented an anniversary gift in recognition of "unselfish efforts for the good of the temple.'

Many Knights were present including David Laughton, one time secretary of the Nelson Lodge for 30 years, Past Grand Chancellor and Supreme Lodge representative W. Irvine accompanied by his daughter, Miss M. Irvine.

Mr. Irvine gave a brief address while W. Spooner of Willow Point, W. Walmsley and several Sisters praised the work being done in visiting the sick.

Frank Goucher, Secretary of the Nelson Lodge No. 25 had received a suggestion from Salmo Lodge that the various K.P. lodges in the district form a committee with the idea of making a joint donation to Mount St. Francis Infirmary. T. Stenson also spoke on behalf of Nelson Lodge. Mr. Walmsley praised the Sisters in their catering and friendlyness. Mr. Spooner of Trail Lodge complimented the Nelson Sisters for their good work.

"One cannot help being thankful to be priviliged to live in this wonderful Kootenay which is indeed blessed," Mr. Spooner said.

TO PENTICTON

Mrs. F. Goucher, Past Supreme representative of the Pythian Sisters also addressed the gathering. She and Mrs. C. Heddle will represent the Nelson Temple at the convention to be held in Penticton on May 18.

Following the banquet a whist drive was enjoyed by the gathering. First prize was taken by Mrs. Josephine Johnson and second went to Mrs. M. Spencer. Men's first prize was captured by J. Ness while second was won by D. Laughton. Spot chair prize was won by Mrs. W. Davis.

SHIELDS—Funeral services for the late Reuben Nelson Shields will be held Wednesday May 17 at 2 p.m. from the K. of P. Hall Trail. Rev. William P. Irving will officiate. Interment will be in the Columbia Riverview Cemetery (K. of P.). Clark's Funeral Chapel in charge of arrangements.

FUNERAL NOTICE
WATKINSON—Funeral services for the late Thomas David Watkinson, infant son of Mr. and Mrs. E. S. Watkinson will be held Tuesday at 2 p.m. May 16, from St. George's Anglican Church, Rossland. Rev. W. F. Bushe will officiate and interment will be Mountain View Cemetery. Clark's Funeral Chapel in charge.

CLAN McLEARY ATTENDS ANNUAL KIRK SERVICE

Members of the Clan McLeary No. 1, Canadian Order of Scottish Clans, paraded to the First Presbyterian Church Sunday evening. The Kootenay Kiltie Pipe Band was also in attendance.

Dr. Thomas Murphy gave a special annual kirk service address.

Churches Honor Mothers And Grandmothers

Nelson churches were filled Sunday as families attended special Mother's Day services honoring mothers and grandmothers.

In some churches grandmothers were presented with floral corsages. Special messages for families were given.

In Memoriam

Perpetuating the memory of friends has always been a most laudable custom. In recent years memorials have become more utilitarian. We have memorial halls, libraries, churches, institutions and scholarships. These useful memorials not only perpetuate the memory of friends and relatives—they enhance and enshrine the service and deeds of the dead. They testify nobly to the fact that the good which men do never dies.

In our own Kootenay-Boundary we have an excellent opportunity to perpetuate the names and happy memories of our pioneers and old timers. In Mount St. Francis Infirmary there will be 62 single rooms and nine ward-rooms, each of which may be dedicated to the memory of some old timer, benefactor, friend or relative. On each door there will be a bronze plate at a readable level. These will be suitably inscribed. As such they will enshrine both name and memory in an atmosphere of charity, fellowship and devotion. To the infirm aged and chronically ill who will occupy these rooms, and to the countless visitors down through the years, these bronze plates will perpetually tell of men and women whose deeds and memories are too sacred to be forgotten.

Pledged to Disorder

Those nine men who sought to address the House of Commons from the galleries on behalf of the "unemployed" have been identified as Communists.

They identified themselves. For no sane Canadian trades union leader, and no normal Canadian working man, could ever be so crazy as to imagine that he could help the unemployed by conduct as senseless as was revealed by the behavior of these men.

And the truth, of course, says The Ottawa Journal, is that these would-be orators from Parliament's galleries weren't trying to help the unemployed, or thinking of them at all. They were merely practising an old Communist technique; the technique of disorder, of unrest, of chaos and confusion for their own sakes. It is the Communist way; the thing every Communist pledges himself to do when he becomes a Communist.

And in this line of unrest, of disorder, the Communist will yield himself to any intellectual dishonesty, shirking no mental crookedness. Thus in Winnipeg representatives of Communist organizations turned up to protest a proposal to establish voluntary cadet corps in junior and senior high schools. They did this while undoubtedly knowing that in Soviet Russia the training of cadets begins at the age of 8, and that the course averages from seven to nine years.

An awesome thing, truly, what Communism does to men's minds and souls.

Anger Spurred "Homeward Borne"

By W. G. ROGERS

NEW YORK (AP)—"To write a novel," says Ruth Chatterton, "I need a theme that makes me angry."

The stage and screen star hit on such a theme, or the theme hit her, a couple of years ago, and she did her first novel, "Homeward Borne", published by Simon & Schuster.

How did she write it? At a typewriter, writing and rewriting. It isn't the only thing which, starting from scratch, she has learned by doing. For instance, she started from less than scratch to study French. As she explains it, her sole equipment was: "I adored France." She also had a good ear. Out of that came, eventually, with the aid of a dictionary, the translations of three plays.

But some things still foil her, among them spelling . . . "You should talk to my editor about my spelling," she says with a whoop of laughter.

A friend, overhearing an interviewer ask her about hobbies, jokingly suggested that one of hers was conversation. But she is not a chatter-chatter-Chatterton; she talks about her novel as professionally as if she had been at this kind of work all her life.

She is not the sort of person usually interviewed by this arts reporter, whose beat tends to be cluttered with flat-heeled, stringy-haired woman authors who chew pencils. Miss Chatterton has dark, wavy hair, a quick smile, and an air that belongs to the stage rather than the study.

A MATURE BOOK

Yet her novel is not what might be expected from theatre people. Recent examples of troupers' books have been flighty pieces loaded for laughs. "Homeward Borne" is serious, mature and worthwhile, and the idea of it will anger you as much as it angered the author.

The idea came out of her wartime work for a free Palestine. The story concerns a Vermont woman who adopts an 11-year-old refugee. The child is believed to be a Jew, and the badgered woman runs into difficulties with her family, her friends, and the ill-used, wretched boy himself. Miss Chatterton intended originally to make it a play. When she told the story to a novelist friend, he said there was too much for a play, and that it should be a novel.

"How do you write a novel?" she asked, and he answered: "Just the way you told it."

She has appeared in many plays, among them "The Rainbow", "Daddy Long Legs", and "The Little Minister". The last of her movies done in this country was "Dodsworth", in 1936.

People are dickering to turn the novel into a film. Miss Chatterton declares she will not have any flutter-eyed blonde in the role of Pax Lyttleton, who adopts the child; and instead of some slick Hollywood youngster for the boy, she wants a bewildered, conniving, suspicious refugee, a real one.

Verse

Truth

Go to, with all your macabre dances in the nude.
Those obese bodies are repulsive to our jaded eyes.
Troglodyte forms belong in rocky caverns, there
To lurk and shamble in their pagan rites.
Go, hide your nakedness behind your shanty doors.
If we must look at nudes, let us see beauty,
Lithe and slender-limbed and sleek, bold
With assurance, lambent-eyed with youth,
In some dim basement cabaret. Show us no more.
Instead, we'll study Dali—a molten clock
Suspended dripping from a pole, a rock-strewn plain
With naked bodies running to and fro in search
Of nothing, and grey sombre twilight.

MORAL

We mold the bricks and mortar up the walls
Of our own ghettos. Expose your doubt to reason,
Logic, call it what you will, and you will find
It truth that cancels contradiction.

—GLADYS I. PAST.

Your Horoscope

One of the majors extending through the best part of today, makes this day "a honey," favoring mechanical ingenuity, writing, debating. The Saturnian trine adds steadiness. You should make hay while the sun shines in your next year. New ventures are favored. Fortunate in business and love should be the child born today.

Curious, Nelson—Can you please tell me who wrote the following quotation?

"Life's race well run,
Life's work well done,
Life's victory won,
Now cometh rest."

The quotation was written by Edward Hazen Parker as a funeral ode to James A. Garfield.

A. P., Creston—What is the origin of the Nobel Prizes?

Alfred B. Nobel, Swedish scientist, inventor of dynamite, on his death (Dec. 10, 1896) bequeathed $9,000,000, the interest of which is distributed yearly to those who had most contributed to the benefit of mankind during the preceding year.

M. M., Nakusp—To settle an argument, could you please tell me what type of accidents take the greatest toll of deaths?

According to statistics, motor vehicle accidents take the greatest toll.

F. G., Nelson—When was the greatest snowfall for New York City recorded, and what was the measurement?

The greatest snowfall was recorded in 1947-48, when 29 inches fell. It was the highest fall since 1924, when 26.2 inches fell.

Looking Backwards

10 YEARS AGO

From The Daily News of May 15, 1940

Some 10 fish have been entered in the Kootenay Lake Salmon Derby to date, sponsored by the Nelson Gyro Club. Nine of the catches were entered over the weekend. The largest catch to date was a 17-pounder by Dr. Ray C. Shaw while the second, hooked by William Harkness, tipped the scales at 16 pounds.

Mr. and Mrs. R. D. Wallace, Latimer Street have as their guest their son James Wallace of Trail.

25 YEARS AGO

From the Daily News of May 15, 1925

Seldon Doney had unusual luck with his gun while coming in from Beaton, near Trout Lake, Monday. During his journey on horseback, he shot a young grizzley and brought it in to town, while on Tuesday he brought down a black bear about two or three years old.

Mr. and Mrs. H. E. Appleyard and their family who made the voyage to Canada from England on the Montrose, arrived in Nelson a few days ago. They have taken up residence in their newly completed home on Hoover Street.

40 YEARS AGO

From the Daily News of May 15, 1910

Captain W. N. Duncan Smilie of Procter has just completed a large building near his residence which will be a fruit canning factory. The machinery will be ready for work shortly.

The water in the lake at Nelson rose 2½ inches for the 24 hours ending last night when the water guage at Lindsay's boat house showed the level to be 13 feet four inches above low water mark.

Drinking by Juveniles

In Toronto Police Court three youths, one 17 and two of them 19, who provided beer, whiskey and rum for a Sunday-morning drinking party attended by some 30 other minors, were fined each $100 and costs, the alternative being 30 days in jail.

It is a just punishment, but even more satisfying would be the conviction of those adults who enabled these three juveniles to provide liquor for a large party of juveniles. It is not possible for those under 21 to procure liquor of any sort legally in Ontario, and juveniles do not break the law unwittingly. But they cannot get it without the cooperation of adults, and adults guilty of this offence deserve no sympathy when they are detected.—Toronto Globe.

It's Been Said

Be sure you are right, then go ahead.—Davy Crockett.

Today's Bible Thought

Some imagine that faith and credulity are one and the same. Unless we act in accordance with our faith it yields no benefit here or hereafter. By works was faith made perfect.—Ja. 2:22.

U.S. Orders Mass Ouster of Czechs

By JOHN M. HIGHTOWER

WASHINGTON, May 14 (AP).—A mass ouster of 22 of the 33 Czech diplomatic corps employees in the United States was ordered by the American Government Saturday. The action was taken in retaliation for the ejection of about 40 Americans from Communist Czechoslovakia.

In addition, the United States ordered the Czechs to close their consulates in Cleveland and Pittsburgh.

The Czech Embassy in Washington and the Consulate in New York will continue to operate but obviously with reduced staffs.

The American note—delivered in Prague and to the Czech Ambassador here—amounted to an order but was couched in the usual diplomatic language of a request.

The State Department did not release the text of the formal note. It did issue a statement in which it reviewed Czech attacks of a political or propaganda nature on the United States during the last six weeks. It suggested that these are part of a pattern for all Sovietized Eastern Europe, aimed at isolating the Eastern European peoples from the Western world.

Dom. Drama Governor Ask Permanent Festival Home

CALGARY, May 14 (CP).—The Court of Governors of the Dominion Drama Festival, started in 1932, yesterday passed a motion calling for the setting up of a permanent home for the festival and establishment of a small permanent staff. The festival was becoming too large an enterprise to be solely handled by part-time workers.

Governors also reelected Rt. Hon. Vincent Massey and D. Park Jamieson of Sarnia, Ont., as President and Chairman, respectively.

All officers this year are honorary in anticipation of the change. It was learned that permanent headquarters will probably be in Toronto.

The governors also resolved to try to introduce a monthly bulletin of information on drama activities across the country. Rev. Emile Legault of Montreal was named to head a committee to investigate and set up this wing of the organization.

The Festival Committee awarded the prize for the best Canadian play presented in a regional drama to John Coulter, Toronto, for his play, "Drums Are Out." It was performed at the Central Ontario Festival. The award is $100.

TO REMAIN COMPETITIVE

Also awarded was the Sir Barry Jackson Challenge Trophy for the best presentation during a regional festival of a play written by a Canadian. The Junior Theatre of the Ottawa Drama League won it for "Rumpelstiltskin," dramatized by Marion Taylor and presented in the Eastern Ontario Drama Festival.

The question of whether the Dominion Drama Festival should be a competitive affair or a pure festival was brought up by Vancouver and Montreal representatives. It was decided that the competition was needed, to keep the festival alive.

Next year, it was announced, festival officials would need $30,000 to cover expenses.

It was becoming necessary to have a permanent financial body. This year some $23,000 had been spent on competitions across the country.

Rations Self to One 'Quake Yearly

LOS ANGELES, May 14 (AP)—Instead of producing earthquakes in bunches, Mother Earth is settling down to a regular budget of one large one a year, says Dr. Hugo Benioff, Seismologist at the California Institute of Technology.

Addressing a group of geophysicists Friday, Dr. Benioff said that some gigantic global force has been responsible in the past for alternating periods of earthquake activity and quiet. This force, like a huge key, alternately locks and unlocks earthquake faults throughout the globe.

"We have been able to determine that there is a general strain in the entire crust of the earth," he said.

"Now, the earth seems to have entered a different phase," said Benioff, "in which the strain is being released at the same rate with which it is being generated. Mother Earth's production of energy seems to be in balance with her release of the energy in earthquakes. This means that as long as this normal regularity lasts, one earthquake should occur each year on this planet."

Demand for Used Autos Weakens

CALGARY, May 14 (CP)— The demand for second-hand cars and trucks has continued to weaken in all parts of Canada, particularly on the West coast, S. S. Rafuse, of Bridgewater, N. S., President of the National Federation of Automobile Dealers Associations of Canada, told more than 70 Southern Alberta car dealers here Friday.

However Mr. Rafuse noted that the average age of cars on the road today was 2.7 years older than the average age of cars in 1939. The average age of trucks was 2.4 years older. This showed a large demand for replacements and he predicted that 1950 would be a "very profitable" year for car dealers.

They'll Do It Every Time — Registered U. S. Patent Office — By Jimmy Hatlo

Aunt Het

Jim thinks he's broadminded; but when he says women have a right to do this and that, he means all except his own women.

The first newspaper to be established in Upper Canada was the Gazette, which made its appearance at Newark (Niagara-on-the-Lake) in 1793.

SPORTS

A Wild Pitch, and Juniors Win Ball Game

By CLIVE FLEMING

A wild pitch in the bottom of the seventh inning broke up a fine pitchers battle as the Nelson Juniors trotted home with a 3-2 win over the Intermediates in a seven inning tilt here Sunday afternoon. Jack Whitehead and Denny Kraft, who handled the mound chores for the Intermeds limited the Juniors to a scant two hits, Bachynski tagging Whitehead in the first inning, and McNabb beating out a bunt off Kraft.

Ron Brown, who hurled the last three innings for the Juniors, receiving credit for the win, whiffed eight batsmen, and caught a high fly for the only other put-out, as he was only nicked for an infield hit by Denny Kraft. Lefty Stan Grill and Ken Coskey handed the other pitching chores for the Juniors, allowing one and three hits respectively.

2-0 LEAD

After the Juniors were held scoreless in the first inning, leaving three base runners stranded, they capitalized on a pair of errors, and scored Al McDonald and Stan Grill to take a commanding 2-0 lead.

In the top of the fourth inning after Ken Coskey who relieved Grill in the third, had retired four consecutive batters, the Intermediates got his range and nicked him for three hits, netting two runs to knot the score 2-2.

There was no more scoring till the seventh inning, as Ron Brown was handcuffing the Intermediates with his blazing fast ball, while Denny Kraft was returning the compliments to the Juniors. Bachynski opened the inning with a free pass, the second issued by Kraft, and then clean up batter Ken White drilled the ball through the second baseman to send Bachynski down to third base. Then came Kraft's wild pitch, and the game was over as Bachynski trotted in to the plate.

Lineups:

Intermediates — Hamakawa ss, Malcolm 1b, Madden c, Collings, cf, Hyssop 3b, Whitehead p, lf, Wassick lf, Kraft, p, Heighton, rf, Galloway rf.

Juniors — Irwin rf, McNabb 3b, Bachynski 2b, K. White cf, Dozzi ss, McInnes c, McDonald lf, T. White lf, Masi 1b, Grill, p, Coskey p, Brown p.

Intermediates	000	200	0—2 5 5
Juniors	020	000	1—3 2 1

Whitehead, Kraft (4) and Madden; Grill, Coskey (3), Brown (5) and McInnes.

18-Pound Trout Heads List of Weekend Catches

Clear skies, calm waters and a beautiful atmosphere attracted many a fisherman from the district as well as from across the border to the waters of famed Kootenay Lake over the weekend.

Many returned home with triumphant smiles of success to show off their prize catches.

Chet Wilson, Bonners Ferry angler, boasted the largest catch of the weekend. He hooked an 18-pound eight-ounce Rainbow trout as the leading fish on his list. Next came 10-pound and a six-pound Rainbows and a 16-pound Dolly Varden.

Fighting fish were also brought in by Spurge Langill of Trail, who boated a 16-pound eight-ounce Dolly Varden and about 40 pounds of smaller char.

Char were also the catch of the day for H. W. Hulbert of Lewiston, Idaho, who netted two nine- and 10-pound beauties.

All the fish were caught off Kaslo.

3 Planes Carry Oregon Fishers To Kootenay

A party of six men arrived by plane from Oregon, U.S.A., early Saturday evening to try their luck at fishing in the Kootenay.

Two small crafts carrying two passengers each landed at the Nelson air strip while the third went on to the Castlegar airfield. One passenger was quoted as saying 'it was handy to have an airstrip in Nelson, close to the good fishing areas.'

The party will stay for a few days at a Balfour resort.

Baseball Schedule

The schedule for the coming week of the Nelson Bantam Baseball League follows:

Monday—Blackhawks vs. FAC.
Thursday—FAC vs. Red Sox.
Saturday—FAC vs. Blackhawks.

This advertisement is not published or displayed by the Liquor Control Board or by the Government of British Columbia.

TED WILLIAMS MAKES APOLOGY TO FANS

BOSTON, May 14 (AP) — Ted Williams, Boston Red Sox slugging left-fielder, publicly apologized Friday for certain gestures he directed toward booing fans Thursday after two errors in the double header which the Sox dropped to Detroit.

Williams was fined $50 by President Will Harridge of the American League last year for flinging his bat 75 feet in the air after striking out in Fenway Park in a game against the Tigers.

Thursday his errors were followed by cat calls which in turn brought a two-handed gesture from Williams which some of the fans construed as insulting.

Newhouser Loses Mound Debut

By STEVE ROBERTSON
Canadian Press Staff Writer

Detroit's Hal Newhouser finally made his 1950 mound debut yesterday. And it was a losing one.

The gangling southpaw who tossed 18 victories while losing 11 last season, came up with a sore shoulder during Spring training. His return was heralded as bringing the rampaging Tigers up to full strength.

But the St. Louis Browns made sure his return would be a losing one by greeting him with a four-run outburst in the first half of the first inning, and then went on to win 7-3. Outfielder Roy Sievers, hitherto regarded as a weak hitter, was mainly responsible for the blond hurler's downfall. Sievers poled a grand-slam homer in the initial frame for four runs and then singled in another run in the third.

Newhouser lasted only three innings and was trailing 5-0 when lifted for a pinch hitter. He gave up four hits, four walks and hit one batter. Reliefer Dizzy Trout gave up the other two Brownie runs in the fourth on Sherman Lollar's fourth homer. Cliff Fannin, St. Louis pitcher, was on base at the time.

Five consecutive singles highlighted a seven-run fifth-inning rally that helped Philadelphia Athletics overcome a six-run deficit and beat New York Yankees 9-8. The win snapped a four game Philadelphia losing streak and a five-game Yankee winning skein.

Over at Cleveland Mike Garcia handcuffed Chicago White Sox with four-hit pitching as the Indians won the second game of a doubleheader. The Sox took the opener 3-2 on Mickey Haefner's six-hit hurling and a three-run uprising in the fifth inning.

Washington's unpredictable Senators, meanwhile, cut loose with a 19-hit attack in the nightcap to divide a twin bill with Boston Red Sox with a 10-5 victory. The Sockers won the opener for lefty Mel Parnell by an 8-1 margin. Rookie first-baseman Walt Dropo homered in both contests for the Bostonians as did Eddie Yost for the Senators.

New York Giants finally snapped the National League first-place Philadelphia Phillies' six-game winning streak by taking a 4-3 decision in the first game of a doubleheader. The Giants then saw a 6-1 lead evaporate as the young Phils rallied to take a 9-7 lead in the second game that was suspended at the end of the eighth inning because of a Sunday curfew law. The umpires announced the game will be completed the next time the Giants visit Philadelphia.

Rookie Clarence Podbielan hung up his third victory of the season but needed help in the late innings from Jack Banta as Brooklyn Dodgers beat Boston Braves 6-4. The win ended a three-game losing streak for the Brooks. Jim Russell of the Dodgers homered in the fifth for Brooklyn's final run. Warren Spahn was the loser.

Two Cincinnati rallies overcame a St. Louis lead of seven runs, but the Cardinals finally squeezed past the Reds with an 8-7 victory. Stan Musial led the St. Louis attack with a single, double and triple. Red Munger and Al Brazle gave up 11 safeties while twirling for the winners. Ken Raffensberger allowed 10 hits in four innings before he went out for a pinch hitter. It was his fifth loss in six games.

Pittsburgh Pirates grabbed both ends of their doubleheader from Chicago Cubs, taking the first game 6-5 and the nightcap by a top-heavy 16-9 score. The Bucs pounded out 21 hits in the finale off a parade of five Chicago pitchers. In the opener they managed 13 off four Cub hurlers.

Saturday's National circuit action saw Philadelphia drub New York 7-1, Boston beat Brooklyn 12-2, Chicago edge Pittsburgh 4-3 and St. Louis whip Cincinnati 6-3.

In American League games New York beat Philadelphia 8-3, Cleveland took a 6-2 win from Chicago, Boston edged Washington 5-4 and Detroit squeeze out a 1-0 decision over St. Louis in 11 innings.

Kimberley Baseballers Collect Top Money as Blossom Festival Closes

CRESTON, B.C., May 14 — Two doubleheader baseball programs which thrilled a capacity crowd here wound up the most colorful event of the year in Creston over the weekend, the Creston Valley Blossom Festival.

Four teams from Kimberley, Creston, Fernie and Cranbrook clashed to give the spectators the best show of the year.

Kimberley's hard hitters walked off with the grand $125 prize while the Creston runners-up took the second prize and $75. The third prize of $50 went to the Fernie team and fourth prize to the Cranbrook players.

In Saturday's tournament, Creston defeated Fernie and Kimberley defeated Cranbrook while in Sunday's finals Fernie downed Cranbrook and Kimberley won over Creston.

Sport Snapshots

By PHIL ADLER
Canadian Press Staff Writer

MONTREAL, May 14 (CP) — Newspaper men grasped little of the real spirit of "improving the breed" when they paid a recent visit to the Luxiana Ranch of Russ Gural at nearby Vercheres.

Under the budding trees, in the warm Spring sunlight, with the colts kicking up their heels and racing madly about, they found a different atmosphere from that of the race-track.

"It's at such moments as this you catch the real sporting atmosphere of raising thoroughbred horses, an atmosphere you never get around a race-track," writes Elmer (Montreal Herald) Ferguson. "Around the race-tracks it's all figures of the past performances, the tips and the rush for the mutuel windows."

"Hardly anybody at a track ever gives a thought to the horse himself as a fine and beautiful animal. He becomes just a medium for betting, praised briefly but impersonally when he wins, cursed as a cheap hide when he loses."

FINE CREATURES

In the great barns of Luxiana Ranch, people love horses as fine creatures, not just something on which they might win a bet, Fergie writes.

The breeding of fine stock so that Quebec can again match its thoroughbreds with those of other provinces is part of a progressive plan.

"The Luxiana Ranch represents an investment of more than $1,000,000 from the day when Cmdr. J. K. L. Ross, then one of the continent's leading owners, conceived the idea of building a great breeding-farm for the production of Quebec-breds," Fergie continued.

Cmdr. Ross passed from the picture, others took over, then came the war and the big place fell into a certain degree of neglect. Then Russ Graut, who loves horses for themselves, took it over and revitalized the entire undertaking."

Coast 18-Year-Old Junior Golf Champ

VANCOUVER, May 14 (CP) — Dave Edgell, 18-year-old Marine Drive Golf Club member, today is the Vancouver city junior champion.

He turned in two almost perfect medal rounds on Friday of 73-72—145 to beat unheralded Lyle Crawford of Windermere, 77-74—151.

Italian Car Wins

SILVERSTONE, Northampton, England, May 14 (AP)—Guiseppe Farina, a speed-loving Italian doctor, Saturday drove his bright red Alfa Romeo automobile to victory in the 11th Grand Prix of Europe. Farina averaged 90.95 miles an hour for the 210-mile test.

Musical Festival Committees to Meet After Events

Committees from Trail and Nelson will meet immediately after future Kootenay Musical Festivals to discuss festival business. Arrangements were made at a recent meeting of festival officials when regulations were brought up to date. There were seven representatives from each city at the meeting.

Nelson Musical Festival Association will be held at the City Hall Tuesday night to hear reports and elect a board of directors. A resolution calling for amendment of the constitution will be presented. Under the amendment, up to 20 directors would be elected, and quorums of meetings reduced.

150 Expected To Attend Institute Parley

As many as 150 delegates are expected to attend the annual West Kootenay district conference of Women's Institutes in Slocan City Tuesday.

Twenty-five Women's Institutes will be represented.

Principal speakers will be Hon. Harry Bowman, Provincial Minister of Agriculture, and Mrs. Stella E. Gummow of Victoria, superintendent of B.C. Women's Institutes.

Election of officers will be amongst business, and a banquet will be held.

Mrs. R. A. Custer of Nelson is president of the West Kootenay organization.

A chartered bus will leave Nelson at 8 a.m. daylight saving time, pick up delegates at way points, and return in the evening.

Would Settle U. K. Sterling Balances

MONTREAL, May 14 (CP) — Settling the problem of Britain's wartime sterling balances to speed return of multilateral trade, and provision of incentives for private traders in Britain and Canada are advocated in resolutions made public today by the Canadian Chamber of Commerce.

The resolutions, approved by the Chamber's Executive Committee, are the results of study of the problem of arresting deterioration in Anglo-Canadian trade.

The Chamber backed formation a year ago of the Anglo-Canadian Trade Committe, composed of British and Canadian business men. After a series of meetings, the Canadian section of the committee has come up with two resolutions designed to get at the root of economic difficulties between the two countries.

Both are contained in a booklet, "an approach to the Anglo-Canadian trade problem," released today.

The booklet takes note of the inconvertibility of the sterling and the dollar. It also recalls that Britain piled up huge debts in other sterling countries during the war. As a result, the creditor countries are drawing on their credits in Britain by taking British goods but not dollar goods.

At the same time the availability of these balances in Britain tends to inflate purchasing power in the creditor countries and thus discourages the British exporter from selling in the dollar market.

In its second resolution, the Chamber points out that a British firm selling Canada or the United States receives sterling in payment, instead of dollars. It suggests the British firm be allowed to retain a portion of the dollars received from its sales to Canada as a means of stimulating Canadian sales to Britain.

Campaign for Funds Opens Today . . .

Establishment of Mobile Clinic Aim of Arthritis, Rheumatism Branch

Today marks the opening of one of Canada's most important drives for funds . . . the Canadian Arthritis and Rheumatism Society's campaign.

The appeal for funds will be carried throughout the district contributing toward a first nation-wide objective of $850,000.

Thousands of dollars are needed yearly by the society to carry out their work for research in all the diseases' phases, providing short courses for practising physicians and surgeons, establishing or extending clinics and mobile units, and experimental projects in rehabilitation, for public education and for operation of volunteer projects.

Arthritis and other rheumatic diseases are second only to mental illness as human cripplers. Thousands of Canadians suffer from the diseases which confine 15,000 Canadians to bed or wheel chair and totally or partially disable 100,000 more.

Letters have been sent to the various Nelson service clubs by the Nelson branch of the society asking their support in the campaign, while canvassers visit the homes throughout the city. Key persons have been contacted in district centres.

It is hoped that a mobile clinic can be provided for the Nelson area in the near future so that trained physiotherapists can take modern treatment into the homes of those unable to walk. Donations will thus be used to the benefit of this district.

The campaign will cover Kaslo, Nakusp, Edgewood, Brilliant, Salmo, Nelson, Procter and Balfour.

Profits Drop For Manufacturers

WASHINGTON, May 14 (AP) — Profits after taxes of manufacturing corporations slumped 2,500,000,000 during 1949, a Federal Government report said yesterday.

The sharp decline in manufacturers' net income reflected a corresponding drop of $10,700,000,000 in sales.

The return on stockholders' equity for all manufacturing corporations was estimated at 11.6 per cent last year the 1948 figure was 16 per cent.

Flood Victim Says, "This Is Fun . . ."

REGINA, May 14 (CP) — Two carloads of crippled children, evacuated from Winnipeg's new Shriners' Hospital, pulled into Regina Friday to swell the total of flood victims in the Saskatchewan capital.

The 34 little boys and girls were all smiles. Fifteen nurses and attendants accompanied the tots on the trip.

Their twisted limbs were forgotten in the excitement of the moment. And the tragedy of Manitoba's floods was farthest from their minds as they waited expectantly to see their new home in Regina.

Holding a gaily-colored balloon, blonde-haired Eva, 7, summed it all up: "This has been fun."

The children were taken to Regina General Hospital.

Wordsworth's poems are included in text books used in all schools in India where English is taught.

To Sing United Nations Song In Program Here

"The United Nations Song" will be sung by Paul Hielscher in a program to take place Wednesday night, when Professor Geoffrey Davies, member of the Department of International Studies at University of British Columbia, speaks in Nelson "The United Nations at Work."

The new High School Band also will be in attendance.

Professor Davies, speaking in Kimberley, Cranbrook and Trail while in the Kootenays, will also address Junior High School students in the afternoon.

His appearance at the Capitol is being sponsored jointly by the Nelson Teachers Association and the Parent-Teacher Association. He is to arrive by car Tuesday from Cranbrook.

"Many people regard the work of the United Nations with extreme scepticism," says Professor Davies. "But economically at least the United Nations has been a remarkable success. Politically it has failed to give nations the security they are seeking, mostly because member nations refuse to abide by the terms of the charter." He intends to discuss the possibility of removing basic difficulties at present hampering the United Nations' efficiency.

Rimouski Worse Than War-Bombed Cities

To Be Lady Vet

Joan Tallyour, above, is one of a trio of pretty R.C.A.F. veterans who plan an invasion into the hitherto masculine profession of veterinary science. The three girls, all from the West, are now writing examinations at the Ontario Veterinary College, Guelph, Ont. Joan is entering the public health field. She is the first woman graduate of the college to be accepted in the new post-graduate course in public health for veterinarians, to be held at Toronto.—Central Press Canadian.

The 30-hour fire at Rimouski, Que., left no hospital, no jail, few stores, no lumber mill at which the majority of the population was employed. Army men patrol the streets to prevent looting and to assist the homeless. Red Cross tents shelter many of the 2500 left homeless. This air view shows part of the area devastated by the wind-fanned blaze.—Central Press Canadian.

My, What Nice Teeth You Have

The photographer who snapped this mountain lion near Tucson, Arizona, was close enough to feel the animal's breath, but instead of attacking the cameraman, the big cat treated him to this display of dentures and disappeared. The lion, nearly eight feet in length, would attack if cornered.—Central Press Canadian.

Most of Rimouski's dwellings were of frame construction. Few had basements. This street shows how completely the fire destroyed the residential area, leaving little trace of the small homes. Very little was salvaged by the populace for their personal needs.—Central Press Canadian.

Red Cross Requests Halt To Supplies

WASHINGTON, May 14 (AP)—The Canadian Red Cross has asked individuals and organizations in the United States not to send food, clothing or other supplies into the flood area of Winnipeg because supplies are adequate.

Watch the 100th

VANCOUVER (CP) — "Ninety-nine out of 100 bears will run away," says yodelling Hardy Trefzger, "the 100th will get you."

It did, and the veteran, 68-year-old Alaskan guide told about it while here for a speaking engagement.

The bear in this case was a riled mother Alaska brown. So riled, in fact, that she sent him to hospital with half his scalp in strands, a partially-severed right wrist, and a piece bitten out of his thigh.

But, for $750 for three weeks, Trefzger will still guide through his haunts North of Anchorage in search of brown bears, grizzlies or mountain goats.

For Trefzger says he would rather die with his boots on in the Alaska bear country than in a city bed.

Resort Operators Set Up Boundaries

RAINY RIVER, Ont. (CP)—Resort owners in surrounding districts have set up boundaries in line with an amendment to the constitution of the Northern Ontario Outfitters Association.

At the association's recent convention at Kenora an amendment was passed calling for the chartering of local organizations and setting up of boundaries for the groups.

The boundaries were set by the Northwestern Ontario Camp Owners Association at a Fort Frances meeting. They were subject to approval by the NOOA.

There are about 60 camp operators and outfitters in the Rainy River district.

PRINCE RUPERT, B.C. (CP) — Personnel of two airlines and a flying club have formed an air-sea rescue unit.

Employees of Canadian Pacific Airlines, Queen Charlotte Airlines and the Prince Rupert Aero Club will hold themselves ready for any emergency. They are formed into five-man units.

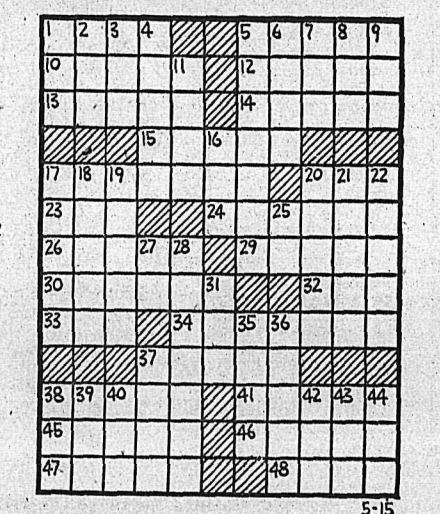
Saturday's Answer



DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

W E W V U H K C P B K J V K N G T A W L
U B D O K Y H W L K, W J W O C G K J P
N U J W K B J J V P G X V J — B K M J P B.

Remac, Salmo Mines Big Zinc Shippers to Trail

TRAIL, B.C., May 14—Top custom shipper to the metallurgical plants of the Consolidated Mining and Smelting Company of Canada, Ltd., for the week ending April 22, was W. R. Grace and Co., who shipped 2558 wet tons of lead ore from Chile. Second high lead shipper was Reeves MacDonald, Remac, B.C., with 272 wet tons of lead concentrates, followed by New Calumet, Campbell's Bay, Que., with 224 wet tons of lead concentrates.

High zinc shipper was Reeves MacDonald, Remac, B.C., shipping 787 wet tons of zinc concentrates. Second high zinc shipper was Canadian Exploration, Salmo, B.C., with 443 wet tons of zinc concentrates, followed by Philipp Bros., Mexico, with 277 wet tons of zinc concentrates.

One new lead ore shipper this week was Laura M, Ainsworth, B.C., shipping seven wet tons.

Lead shipments totalled 3702 wet tons as compared to 4278 wet tons for last week and the 1948 weekly average of 373 wet tons.

Zinc shipments totalled 2081 wet tons as against last week's 3130 wet tons and the 1948 weekly average of 775 wet tons.

Total combined shipment was 5783 wet tons as compared to 7408 wet tons for last week and the 1948 weekly average of 1149 wet tons.

Details of the shipments, in wet tons, follow:

For treatment at the lead smelter:
Anacon, Garneau, Que., concentrates, 59.
Bosun (Santiago), New Denver, B.C., ore, 7.
Canadian Exploration, Salmo, B.C., concentrates, 71.
Derby & Co., Australia, ore, 100.
W. R. Grace & Co., Antofogasta, Chile, ore, 1494.
W. R. Grace & Co., Arica, Chile, ore, 1064.
Highland Bell, Beaverdell, B.C., ore, 150.
Kenville, Nelson, B.C., ore, 120.
Laura M, Ainsworth, B.C., ore, 7.
New Calumet, Campbell's Bay, Que., concentrates, 224.
Nugget, Salmo, B.C., ore, 7.
Reeves MacDonald, Remac, B.C., concentrates, 272.
Violamac, Sandon, B.C., ore, 88.
Western Exploration, Silverton, B.C., concentrates, 39.

For treatment at the zinc plant:
Britannia, Britannia Beach, B.C., concentrates, 128.
Canadian Exploration, Salmo, B.C., concentrates, 443.
W. R. Grace & Co., Callao, Peru, concentrates, 65.
Philipp Bros., Mexico, concentrates, 227.
Reeves MacDonald, Remac, B.C., concentrates, 787.
Sheep Creek Zincton, Zincton, B.C., concentrates, 175.
Talisman, Laurier, Wash., concentrates, 23.
Western Exploration, Silverton, B.C., concentrates, 183.

Average quotations for same period:
Silver, New York—71.75c per oz.
Lead, New York—10.625c per lb.
Zinc, St. Louis—10.75c per lb.
U.S. exchange premium—10%.

Urges Fruitvale Poultrymen To Open Egg Grading Station

FRUITVALE, B.C., May 14—Many poultrymen of the district met with egg inspector Mr. Hamilton at a meeting called by President Nells Moller of the West Kootenay Poultrymen's Association in the Parish Hall Friday to protest the opening of an egg grading station here. Attending also were Frank Campbell of East Trail, Lorne and Bill Forrest of Trail Locker, and J. Erhart of Trail.

The chairman, Mr. Moller, introduced Mr. Hamilton, who has been on an egg inspection tour through Trail and district and who termed "false" the rumor that he was trying to "railroad" the egg producers to send their eggs to an egg grading station.

Mr. Hamilton stated that there was definitely going to be an egg grading station built here. Whether it would be privately owned or on a cooperative basis largely rested with the local egg men. He was giving them first chance to put one in themselves.

In reply to his question, "Do you want to put in your grading station?" only one replied in the affirmative; rest present voted No. Mr. Hamilton said that he had already two applications, one from the Trail Meat Market and the other a Vancouver firm. "No one would be compelled to sell to the grading station, but circumstances might be such as to force him to do so," he said.

In the discussion that followed, many expressed the feeling that the starting of a grading station would force many out of business as seven cents added to the already high cost of 40 cents would make it impossible for them to continue. In reply to a question as to whether an egg-grading station is compulsory in B.C., Mr. Hamilton said "No," but if a man wishing to go into that type of business, he would be given permission to do so. If an egg producer wished to continue selling "on his own" he would have to come up to standard on his grading and handling of eggs.

Mr. Lancaster of the Sunnyside Poultry Farm spoke and cleared up the misunderstanding over his enquiries of an egg grading station. It had been his idea of a small size, primarily for distant producers, but when he learned that he needed refrigeration, he had abandoned the idea. However, in response to a request of Mr. Wilson, chief egg inspector, he had sought cost of such a station, secured the attitude of the merchants, and had secured sufficient backing to erect either a privately owned or cooperative one, on his property.

Mr. Godferdson, former president of the West Kootenay Poultrymen's Association, spoke of the results of the efforts made in '46 to get a cooperative station which out of nearly 400 signers only 170 had fulfilled their promise. He said he was in favor of grading station but not for Trail as felt it wasn't needed; eggs here not kept any longer than a week.

Doug Knowler, secretary and manager of Farmer's Institute, spoke as a producer, a jobber and as a feed dealer. He said many egg producers were very uncooperative and in spite of repeated warnings were not careful.

Mr. Hamilton, in reply to a question, said that the only redress a producer had when dissatisfied with his grading, was to send them to a grading station or direct to Vancouver. He then outlined what was a Grade A egg, the regulations being derived from many suggestions, opinions and idea of poultrymen, jobbers, merchants and consumers across Canada.

A change is being made in the regulations governing egg standards on an international basis, as neither England's nor United States' regulations come up to ours. It will mean that greater protection would be given both consumer and producer as all eggs, either on display or sale, will be under refrigeration.

In closing, Mr. Hamilton spoke on the recent Marketing Act which had been rejected by poultrymen at the Coast. Later they had reconsidered and were pressing for its enforcement. According to latest word he had had, it was going to be enforced and would mean that there would be only one selling agent, the local grading station. Any out of the province eggs would have to first come through the Marketing Board and then sent to where need was greatest. He repeated that "it would be for our own benefit, if we went into the egg grading business ourselves." There was only one class of Grade A eggs.

Rumors of New Wheat Contract

By JUNE BAINBRIDGE

LONDON, May 14 (Reuters). — Reports that Canada hopes to negotiate a new wheat contract with Britain, "not dissimilar" from the present one, has received no official comment in London.

But, informally, officials have said that in their private opinions this would be "a very reasonable process." Private traders and circles close to the International Wheat Council also have given the idea their informal blessing.

If a price were agreed upon, it would have to be somewhere within the maximum and minimum levels of the international agreement. In the present state of the grain market, it would probably have to be at or near the maximum of $1.80 a bushel. But Canada would not be able to sell quota wheat to Britain or anyone else above that price. At present Britain is paying Canada $2 a bushel for her wheat, under the Anglo-Canadian wheat contract, due to expire July 31.

Under the international pact no importing country is bound to buy quota wheat except at the minimum price, and no exporting country is bound to sell, except at the maximum price.

But it is thought here in most quarters concerned that it would be much more satisfactory to arrive at some definite understanding with Canada's Trade Minister, C. D. Howe when he comes to London next week.

Market Trends

NEW YORK (AP)—A short-lived burst of buying Saturday sent radio-television stocks scurrying ahead.

The balance of the list was on firm price ground. Gains were restricted to fractions, however, and many leaders remained unchanged. Canadian issues were mixed. Dome Mines was up ⅛, Distillers Seagrams up ¼, while Hiram Walker was down ¼. Canadian Pacific was unchanged.

On the curb, Royalite Oil was up ⅜, Giant Yellowknife up ⅛, and Lake Shore unchanged.

TORONTO (CP) — Prices were mixed in brisk trading in Saturday's short session.

Industrial stocks tended fractionally lower as mild selling pressure continued for a fourth successive session.

Several higher-priced stocks moved against the trend. Utilities were down fractions with Winnipeg Electric, Bell Telephone weakening. Refining oils slipped and a few papers weakened.

MONTREAL (CP) — Industrials displayed a mixed trend in Saturday's half-session. Trading was slow.

Mines were active with a few low-priced issues attracting most of the attention.

Winnipeg Grain

WINNIPEG, May 14 (CP)—Winnipeg grain cash prices:

Oats—No. 1 feed 1.06⅞.
Barley—No. 1 feed 1.39½.

Lead Demand Quiet; Zinc Strong as Ever

NEW YORK, May 14 (AP)—Demand for lead quieted somewhat after two price advances last week, but a mark-up on zinc left that market strong as ever.

Copper held unchanged in the face of unabated buying pressure and an exceptionally tight statistical position.

Lead went to 12 cents a pound, New York, climbing one-quarter cent Wednesday and one-half cent Thursday.

Mid-week lead buying was brisk as users sought to cover their needs before the anticipated second rise. After the advance, however, demand turned spotty.

Zinc rose a half-cent a pound to 12 cents, East St. Louis, Tuesday—the seventh boost since mid-March for a total gain of 2¼ cents.

Unlike lead, zinc is in extremely short supply. Most producers are reported sold out through next month.

Major non-ferrous metals prices:
Copper—19.50 cents a pound, Connecticut Valley.
Lead—12 cents a pound, New York; 11.80 cents, St. Louis. Foreign, nominal, 11.50 cents, Gulf of Mexico ports.
Aluminum—17 cents a pound, ingots, shipping point. Pigs, 16 cents, shipping point.
Nickel—40 cents a pound, electrolytic cathodes, Port Colborne, Ont.; 42.97 cents, New York.
Silver—72.75 cents an ounce, New York; 63.5 pence, London.

FIND PATIENT LOCKED IN LOFT OVER PIGSTY

LEAMINGTON, Ont., May 14 (CP). — Reeve John Eltherington and Deputy Reeve Grace Burk said Saturday that, during an inspection tour of the Essex County Home for the Aged Friday, they found a 51-year-old man locked in a loft over a pigsty.

Officials of the home said that the man has since been moved and is to be committed to an institution. He has been in the home 10 years. During the last few months, he has deteriorated mentally, the officials said.

Reeve Eltherington and Deputy Reeve Burk said that when they found the man, the only door on the loft was fastened from the outside with a hasp. They said the man could have crawled out of the pigsty by using an opening by which pigs reached the barnyard.

Freak Accident to Horse and Rider

YAKIMA, Wash., May 14 (AP).—A 16-year-old rider was pinned beneath his horse for 40 minutes after the animal toppled backward down a fruit cellar stairway in a freak farm accident. Horse and rider, wedged in the narrow passageway, remained calm while rescuers freed them. The rider, Billy Lee Clark, was not severely injured.

Clark had been putting his mare through some parade manoeuvres in the yard of his farm home when the horse tripped on the outside cellar stairs and fell backward.

Cameron Heads West Kootenay P-Cs; Youth Movement Advocated

A. G. Cameron of Trail was elected president of the West Kootenay Progressive Conservative Association at its annual meeting in Hume Hotel Saturday. He succeeds James Curtis of Trail.

Boyd C. Affleck of Nelson is first vice-president, and Howard M. Parker of Slocan City, second vice-president. A secretary-treasurer has yet to be appointed.

Executive members are J. O. Dolphin and R. B. Allan of Nelson; I. P. Patton, F. H. B. (Peter) Dewdney, R. Forbes, Edward Scott, H. W. Waite and J. Huntley Gordon and Mrs. George Williscroft of Trail; Stanley Perkinson of Slocan City, and M. C. Donaldson and Mrs. Cliff of Salmo. More may be added.

Mr. Dewdney and Mrs. J. W. Dougan of Trail were chosen as delegates to the B.C. executive.

A challenge to the association to form a Young Progressive Conservative Association was issued by two men active in Dominion and provincial spheres of this work.

The organization needed the "energy and enthusiasm of youth combined with the wisdom of its senior members," Donald Hueston of Ottawa, national executive secretary of the Young Progressive Conservatives, said.

DEWDNEY PRAISED

He noted the number of young people among the 100 who attended the meeting, and paid tribute to the efforts of Mr. Dewdney, who is vice-president of Young Progressive Conservative Association of B.C.

"Each four years 1,000,000 young people reach the voting age in Canada, A. L. Bewley of Vancouver, president of Provincial Young Progressive Conservative Association, said. "We cannot afford to neglect them."

"Give them responsibility and autonomy," he added, "and they will work for the good of the whole party."

Progressive Conservatives, he said, had a "historic opportunity" to form the next government of the province in the next few years.

"Elections are not won two weeks before election time.

"We must go to the people and show them, not by words but by deeds, that our party is everybody's party and one that can be trusted."

FORMATION HOPED

Formation of a West Kootenay Young Progressive Conservative Association was hoped for, Mr. Curtis said in his annual report.

He saw also the need for maintenance of a good membership in the West Kootenay Progressive Conservative Association.

A resolution expressing confidence in George Drew, national leader of the Progressive Conservative party, and in Hon. Herbert Anscomb, provincial leader, was passed.

A minute's silence was observed in memory of the late Capt. P. J. Hartridge of Balfour and T. H. Johnstone of Nelson.

Veteran Edmonton Pilot Wins Top Aviation Award

OTTAWA, May 14 (CP)—Dennis K. Yorath, veteran pilot and Edmonton businessman, today was winner of the McKee trophy for 1949, Canada's highest aviation award.

The trophy, awarded annually since 1927, is presented for outstanding service in the advancement of Canadian aviation.

The citation covering the award to the past president of the Royal Canadian Flying Clubs Association said Mr. Yorath had served the association "as one of its most able and energetic chief executives."

During his term as president from 1947 to 1949, he was responsible for reviving the Webster trophy competitions and the National Flying Club Week, the organization and establishment of the model Aeronautics Association of Canada and institution of the safe flying campaign among RCFCA member clubs.

The handsome silver trophy was donated by the late Dalzell McKee, wealthy Pittsburgh, Pa., aviation enthusiast who made the first trans-Canada flight by sea-plane in 1926. The trophy was given in recognition of the courtesy and assistance given him by Canadian flying men on a number of flights into Canada.

Resists Evacuation, Patients Sing "Old Oaken Bucket"

WINNIPEG, May 14 (CP)— The stubborn proprietress of Glendale Sanitorium Saturday held off the Army for 90 minutes before she and her 47 patients were evacuated from the flooding Fort Rouge area of Winnipeg.

Mrs. Ruby Couch, formerly of Saskatoon, was plucked from the doorway of her institution by two constables. She had barricaded herself and her charges, mostly elderly persons after broadcasting cars cruised through ordering the area be cleared.

It was the only resistance in the evacuation.

Mrs. Couch was removed in a City Police patrol wagon after she made a bolt from the constables' grasp.

"Don't take me," she yelled. "Just get my patients out of here."

Struggling at the rear of the wagon she screamed: "I want bail."

Besides the patients, many of them stretcher cases, there were 12 nurses in the home. Investigating constables found a sump pump running in one basement room; in another a group was gathered around a piano singing "The Old Oaken bucket."

Passes Second Week Without Any Fires

VICTORIA, May 14 (CP).—The Vancouver Forest District which includes Vancouver Island has got through another week free from fires.

The Provincial Forest Service reported Saturday, however, there were 20 forest fires in various other parts of the province in the week ending today.

There were 13 in the previous week. Eight were extinguished. Nineteen were extinguished this week leaving six still burning.

The 33 fires to date have cost $299. At least this time last year 128 fires had cost $4802.

Of the 33 fires, 10 have been in the Nelson District; nine in the Fort George area; eight in the Kamloops area and six in the Prince Rupert District.

Request Survey for Salt Spring Ferry

DUNCAN, B. C., May 14 (CP)—A request that survey be made of the possibility of establishing a ferry connection between the Cowichan District and Salt Spring Island has been sent to Andrew Whisker, M.L.A., by the Duncan Post of the Native Sons of B. C. M. Calvin, Secretary of the Provost Post No. 10 here, also has informed Mrs. Gavin C. Wowat at Ganges, and the Duncan Chamber of Commerce.

HORNBY PRESENTS PETITION

COURTENAY, B. C., May 14 (CP)—Hornby Island residents will seek establishment of a Government-operated automobile ferry service between Hornby and Denman Islands. A petition drawn up by the Hornby Island Farmers' Institute and signed by all taxpayers on the island will be forwarded to Hon. E. C. Carson, Minister of Public Works. Courtenay-Comox Chamber of Commerce is supporting the petition.

PETITION FOR RIGHT TO CHANGE NAME OF SEBASTODES ALUTUS

ASTORIA, Ore., May 14 (AP)—Pacific Northwest fishermen are hoping for a big new fish market, if they can just rechristen "Sebastodes Alutus" with a simpler name.

Fishing interests are petitioning the pure food and drug administration for the right to call "Sebastodes Alutus" Pacific Perch.

Processors figure that, with that name, they can break into the 50,000,000 pound East coast market.

"Sebastodes Alutus" is a fish very similar to the popular Ocean Perch of the Atlantic coast. Marketed now with rockfish, it might—as perch—command a much bigger market.

Packers said the Government probably would not let them call this fish "Ocean Perch," a name in use for the Eastern species, but that "Pacific Perch" might be approved.

Prisoner Hides Mike In Warden's Office

CEDAR RAPIDS, Ia., May 14 (AP)—An Iowa prisoner planted a microphone in the warden's conference room and made wire recordings of closed sessions of the State Board of Parole.

He also built a powerful radio transmitter within the walls of the State Men's Reformatory at Anamosa. Before he was able to broadcast his whole setup was discovered.

Before the scheme was squelched, however, the prisoner managed to smuggle some spools of his wire recordings out of the institution.

This story was disclosed Friday by Jim Bormann, News Director of Radio Station WMT, Cedar Rapids, in a copyrighted broadcast.

Bormann said he came into possession of the recordings by keeping an appointment at the Chicago airport with an intermediary of the prisoner. Bormann said he identified himself "by a prearranged set of words" to get the spools.

The prisoner who indulged in the electric eavesdropping, Bormann said, was Pete Hellyer, 47, of Waterloo, Ia. He said Hellyer was sentenced 19 years ago for a sex crime.

Bormann related that Hellyer had help from other prisoners and that one of them planted the microphone which picked up the Parole Board's interviews with prisoners seeking clemency.

Hellyer was in charge of the Reformatory's radio shop, which handles the public-address system feeding standard broadcasts to all parts of the prison.

The clandestine transmitter, Bormann said, had an effective range of 80 miles.

Bormann said Hellyer had been making the recordings for months. He said the wire spools were hidden in hand-tooled leather bags which Hellyer made in prison and mailed to persons outside.

At Anamosa, Warden Foss Davis was unavailable for comment.

Grim Humor Mixes With Tragedy in 'Peg Floods

By BERT HOOPER

WINNIPEG, May 14 (CP)— I'm so tired I can hardly talk.

I just came in from radio station CKRC's transmitter.

My two assistants and I were marooned out there for nine days by the Red River flood. We'd been trying to protect the transmitter and the building but the flood was too much for us.

The whole area is desolated. Many of the people are mink or fox farmers. Most of them were wiped out.

Their barns and houses were up to the eaves. They lived in lofts, trying to keep their animals. Most of them ended by shooting them. When they ran out of ammunition they strangled the animals with handling hooks.

We saw all kinds of things that were tragic, but some were almost funny.

NOT SO FUNNY

Yesterday, just before we left on the nine-mile boat trip to Winnipeg, we saw a whole string of boats coming down St. Mary's Avenue. It looked like a canoe race. There were women, children, dogs, and chickens in the boats.

Behind was an old fellow in a horse trough, paddling it with a shovel. I laughed like it was a big joke, but I guess it wasn't funny to him.

Our own place is a mess. We built a dyke around it and the transmitter, but there's water behind it now. We pulled all the switches, then let the water into the basement and ran like hell.

The nine-foot basement filled in a couple of minutes.

We loaded about 3000 pounds of radio equipment and ourselves into a boat with an outboard and started for town. We towed a kayak that a Japanese gave us.

Outhouses, parts of bridges, dead mink and dead mice floated all around us.

We saw cows and horses in barns with just their heads above water. Dogs on dry places were howling their heads off. That's an awful noise to listen to for eight nights.

I never saw such desolation.

We passed some lovely big houses. Through the big front-room windows you could see living-room furniture — good stuff — floating around.

We floated right up to bedroom windows, on the top floors, and saw beds all made up, just like everyone was still home. There wasn't a soul for miles. We got one dog out of an upstairs window.

Some houses were right off their foundations, toppled over.

I think the worst thing, though, was an old man near the station. He was living in his loft — no stock, no nothing. But he wasn't leaving.

He said: "This is all I've got." I guess he's too old to start over.

Penticton Lady Found Drowned

PENTICTON, B. C., May 14 (CP)—Mrs. Barbara B. McCall, 52, drowned Friday in Penticton.

An attempt to save her was made by Alex A. Davis who dived in to pull her from the water. Attempts to revive her failed.

The deceased had lived 16 years in Penticton. Only living relative is one sister in California. Witnesses testifying at the hearing testified they saw the woman walking in the vicinity of the wharf shortly before the mishap.

CLRB CERTIFIES GUILD AGENT FOR PRESS NEWS

OTTAWA, May 14 (CP).—The Canada Labor Relations Board announced today it has certified the American Newspaper Guild (C.I.O.) as bargaining agent for editorial employees of Press News, Ltd.

The company, which provides news for radio stations, is the subsidiary of the Canadian Press, Canada's national news cooperative.

The unit found appropriate for collective bargaining by the Board consists of all editorial employees within Canada, including office boys, but excluding the manager, the manager's secretary and news editors.

Eight Days in Boat, No Food or Water

MAHE, Seychelles Islands, May 14 (Reuters)—Eight Indian seamen, after eight days in a lifeboat without food or water, have reached Platte Island, 60 miles South of Mahe, main Seychelles Island.

Exhausted by their ordeal in the Indian Ocean their boat piled up on the reef because they had no strength to bring her in.

Two of the crew managed to wade ashore to get assistance and first-aid from the 25 inhabitants of the 125-acre island. The Indian seamen took to the lifeboat when their 250-ton ship, Sikander, sank in mid-ocean because of bad weather.

They were on their way from India to Tanganyika with a cargo of tiles.

The seamen now are awaiting repatriation.

GRANT CERTIFICATE TO FIRST WOMAN MEMBER

VANCOUVER, May 14 (CP) — Miss A. B. Paradis Friday becomes the first woman here ever granted a first certified general accountants certificate. It will be presented at the Vancouver Branch Convention of the General Accountants Association.

Toronto Players Win Drama Award

CALGARY, May 14 (CP) — The Bessborough trophy, awarded for the best presentation in the Dominion Drama Festival, has gone to a group of Toronto players for the third time in the 11 years of festival competition.

Adjudicator Michael Saint Denis awarded the top prize in Canada's premier drama competition to the Belmont Group Theatre Saturday night for its presentation of Clifford Odets' "Awake and Sing."

The last Toronto group to win this trophy—gift of a former governor-general of Canada, the Earl of Bessborough—was the Toronto Masquers who also received the award from Mr. Saint Denis. The Masquers won out in 1937 when the French-born director of the Old Vic Theatre Centre in London adjudicated the festival for the first time.

The two top individual acting honors in the week-long festival went to players from Regina.

Bill Walker, 27-year-old production manager of radio station CKRM, won the Henry Osborn trophy for the best performance of a man in the festival. Walker, who also won the best-actor prize in the 1947 festival at London, Ont., played the lead role of Garry Essendine in Noel Coward's "Present Laughter."

Jeanne Morphy, who played the part of Monica Reed in the same play, won the Nella Jefferis trophy for the best performance by an actress.

Both Mrs. Morphy and Mr. Walker won similar acting awards in regional eliminations this year.

The festival plaque for the best French play was awarded to Le Cercle Moliere, of St. Boniface, Man., for its presentation of Moliere's "L'avare." Mr. Saint Denis said the staging in this play was excellent "and the whole show was in the spirit of Molière."

The best play, "Awake and Sing," was further honored when its director, Ben Lennick, won the Louis Jouvet trophy for the best production job in the festival.

In his adjudication of the play—full length, like all others in the festival this year for the first time—Mr. Saint Denis said the Toronto players "were integrated characters. . . . They produced more than a superficial copy of life but characters of realistic details."

The Martha Allan trophy for the best visual production (design, scenery, costumes and lighting) was won by the London Little Theatre for its production of "Thunder Rock."

Some 1400 theatre-goers attended the last night of the 1950 festival. They were entertained by the Canadian Legion Players from Regina in "Present Laughter."

Theatre-goers were told by D. Park Jamieson of Sarnia, Ont., festival chairman, that the 11th festival was "the most outstanding in history . . . and the box office take was the largest in the history of the festival."

Another Rat Seen On Edmonton Tracks

EDMONTON, May 13 (CP)— A rat was reported sighted in Edmonton early today, serving as a reminder to citizens that the predicted wholesale invasion of the province by the rodents is close at hand.

William J. Bowling said he saw the rat on railway tracks behind a brewery. "I saw lots of them while I was in the Navy—I'd never mistake one."

The last rat seen here was killed in March.

Coast Zoot Suiters Jailed in Cariboo

WILLIAMS LAKE, B. C., May 13 (CP)—The long-haired, zoot-suited hoodlums of Vancouver are raising hob in the Cariboo cattle land, police reported Saturday.

Six teen-agers, identified by police as members of Vancouver's "Alma Duke" gang, were sentenced to two days in jail here for destroying property.

The group, who arrived a week ago with a railway construction gang, will receive "one-way tickets back to the Coast" when released.

Police said the youths smashed several railway coach windows. The reason: The cook refused to serve them breakfast after they overslept several hours.

leisure begins with DAKS

LONDON TAILORED

Superb comfort with supreme good-looks. Self-supporting—no belt or pressure round the waist. Rubber pads concealed in the waist-band to hold down the shirt. In a wide variety of fine English fabrics. $18.50 to $25.00
