Students Boost Ex Attendance

7000 See Show in First Two Days; Navy Band to Give Concerts Today

West Kootenay Exhibition was jammed by 4000 people Friday, second day of the big three-day show. Children's Day boosted the total considerably.

This brings attendance so far to 7000.

Students queued up for rides and crowded booths after a half-holiday was declared by the city's four public schools. From 1 to 5 P.M. the youngsters were admitted free of charge.

The Exhibition floor show with its star performers, the Montynes, Dwight Moore's Mongrel Revue, Tola the clown and Willie Whitehouse, master of ceremonies, drew a packed house at its night performance.

Laugh-provoking Tola was in Nelson as a youngster with his father in 1934 when the Nelson fair, predecessor of the West Kootenay Exhibition, was held in the old skating rink on Mines Road. His father was also here early in the century.

NEW CONDUCTOR

Nelson High School band made its first appearance under its new conductor, E. Iles, instrumental music insturctor from Creston, and played before afternoon and night floor shows.

Mr. Iles was introduced to the audience at the afternoon show by Ald. Joseph Kary, a past president of the West Kootenay Exhibition Association and chairman of midway and concessions this year.

Today with the famed Royal Canadian Naval Band from H.M.C.S. Naden in Esquimalt will be heard in three concerts and will lead parades.

Exhibition attendance is expected to be high today, with usual out-of-town visitors to Nelson taken into consideration. In previous Exhibitions attendance has soared on Saturday.

Meanwhile Friday crowds milled around exhibits, both non-competitive, and rides at Gayland Shows of Calgary midway in Civic Recreation Grounds were kept busy.

Aggregate winners in the competitive classes have not yet been figured out. C. B. Mutchler, secretary-manager, said Friday they would be determined shortly.

DISPLAY WINNER

In industrial and commercial displays in the curling rink, McDonald Jam Company, Ltd. of Nelson won first place. The firm's attractively-arranged exhibit consiste dof its products such as pop and jam, stacked in neat array.

More than 30 Nelson district businesses and industrial firms have entered displays in the section. They are:

Consolidated Mining and Smelting Company of Canada, Queen City Motors, Coventry Flower Shop, Wood, Vallance Hardware Company, National Fruit Company, Imperial Oil Company, Central Truck and Equipment Company, McLeod Typewriters, Nelson Daily News.

General Paint Corporation of Canada, Bowladrome, Mc and Mc, Columbia Bottling Works, Hudson's Bay Company, Sinnerud Truck and Tractor, McDonald Jam Company, Mac's Flower Shop, Peebles Motors, Beacon Motors.

Nelson Business Machines, Bennett's Machine Shop, Elilson Milling and Elevator Company, Nelson Farmers' Supply, Nelson Machinery Company, Nelson Sales and Service, McKay and Stretton, Freman Furniture, Nelson Electric Company, Electric Company, Burns Lumber Company, Hipperson Hardware Company, Nelson Sash and Door, Robertson, Hilliard and Cattell Realty Company, and Selkirk's Equipment and Supply Company.

Judges for competitive sections of the Exhibition were:

J. E. Swales and E. C. Hunt, fruit, vegetables and field produce; F. H. W. Chanter and M. T. Roberts, flowers and pot plants; V. K. Scharev, honey and dairy products; Miss M. Hegler and Mrs. Jack Teague, home canning and cooking; Miss M. Campion, Mrs. W. Rollerson, Mrs. Ed. Quirk, Mrs. A. Ruzicka, Women's Institute, and Tom Neale, poultry.

Company Store Retail Business Purchased by Hudson's Bay

TRAIL, B. C., Sept. 14 — The Consolidated Mining & Smelting Company announced today that the Hudson's Bay Company has purchased its retail business in Trail and will take over the Company Store as from November 1.

The Company also announced that the stenographers' residence over the store will continue to be operated by Cominco on the same basis as at present.

The Hudson's Bay Company's British Columbia operations comprise large department stores at Vancouver and Victoria and junior department stores at Nelson, Vernon, Prince George, Kamloops and Penticton. The junior department stores, associated in the Interior stores division of the Hudson's Bay Company total 20 and extend across Canada from coast to coast.

This most recent expansion of operations in the Kootenays indicates the Hudson's Bay Company's confidence in the continuing development of the Kootenays.

Forecast 579,338,000 Bushels of 1951 Wheat

OTTAWA, Sept. 14 (CP) — Canada's 1951 wheat crop likely will reach a record 579,338,000 bushels, slightly lower than the preliminary estimate of 581,700,000 bushels, the Bureau of Statistics reported today in a revised forecast of principal field-crop production.

The second estimate, based on a survey conducted Aug. 31, places the wheat harvest at more than 100,000,000 bushels greater than last year's output of 461,664,000 and about 12,000,000 bushels higher than the previous record output of 567,000,000 in 1928.

Total oats output is expected to reach 502,114,000 bushels, higher than the previous estimate of 497,000,000 and more than 80,000,000 bushels greater than last year's 419,930,000.

Barley production is estimated at 257,051,000 bushels, up from the previous forecast of 251,000,000 and sharply higher than last year's 171,393,000.

The second estimate of rye production was down more than 1,000,000 bushels to 18,841,000 from 20,000,000, but 7,000,000 bushels up from 13,330,000 last year.

The Bureau estimates that the harvest of mixed grains, principally in Eastern Canada, will yield a record 81,400,000 bushels, up from last year's 74,190,000.

Output of dry peas is placed at 831,000 bushels, compared with last year's 812,000; dry beans at 1,181,000 compared with 1,350,000; shelled corn at 15,100,000 bushels, against 13,800,000.

The potato crop is expected to be sharply down to 70,900,000 bushels, a 26,000,000-bushel drop from last year's 97,000,000.

Other crop figures with last year's output in brackets:

Field roots, 19,500,000 hundredweight (23,093,000); hay and clover, 17,902,000 tons (12,913,000); alfalfa, 3,949,000 tons (3,233,000); fodder corn 4,793,000 tons (6,421,000); sugar beets, 1,036,970 tons (1,128,000).

RED TROOPS ENTER TIBETAN CAPITAL

TOKYO, Sept. 15 (Saturday) (Reuters)—The Peiping Radio said today that advance units of the Chinese Communist Army had entered the Tibetan capital of Lhasa.

The Communist radio said the first units of Chinese Communist troops received a big welcome from the Tibetans when they reached Lhasa Sept. 10.

Local Government officials and church dignitaries were said to have joined in the welcome, "presenting Communist troop commanders with flowers and other gifts in gratitude for their liberation."

The 17-year-old Dalai Lama, spiritual and temporal ruler of the land of the lost horizon, is reported to have returned there after recent completion of a China-dictated treaty with Tibet.

100 Refuse Work Overtime

VANCOUVER, Sept. 14 (CP) — At least 1,000 loggers have refused to work overtime in five Vancouver Island logging camps.

Ed Linder, secretary of Local 1-80, International Woodworkers of America (C.C.L.-C.I.O.) said today that despite the operators request and union sanction the men have refused to work overtime.

Operators want the men to work overtime to prevent a serious slump in the province's first industry this Winter.

Linder said overtime work had been rejected at North West Bay, Comox Logging and Railway near Ladysmith, Victoria Logging and Copper Canyon, Shawnigan Lake, and Camps 3 and 6 at Youbou.

Loggers have also refused to work overtime at Englewood, British Columbia's largest camp.

West Powers to Go Ahead With German Treaty

By JOHN SCALI

WASHINGTON, Sept. 14 (AP)—The Western big three powers agreed today to go ahead "as rapidly as possible" with a separate peace contract with Western Germany aimed at bringing it into the anti-Communist defence lineup.

At the same time, the three — Britain, United States and France—sought to reassure the Russian bloc this and other moves are "purely defensive" and not aggressive in character.

The three Governments were represented by State Secretary Dean Acheson of the United States, Foreign Secretary Herbert Morrison of Britain and Foreign Minister Schuman of France, along with nearly 100 aides.

Two joint communiques issued afterward kept the door open for new talks with the Russians to settle present East-West tensions.

The forthcoming November United Nations Assembly sessions in Paris, they said, significantly will offer "a real opportunity for contacts and exchanges of views."

Reliable informants said the big three also agreed informally to issue a joint declaration of their intention to renounce armament restrictions in the 1947 Italian Peace Treaty.

Officials said the declaration will be made public after talks with Italian Prime Minister De Gasperi in Ottawa next week. Other Western powers will be approached through regular diplomatic channels for their support.

In offering the West German republic a limited partnership deal, the three ministers stressed Allied troops will remain in the divided country "until a peace settlement with a unified Germany becomes possible."

The U. S., British and French High Commissioners were instructed to start negotiations with the Bonn Government "as rapidly as possible" to work out details of the new arrangement which is to be in the form of a series of contracts.

Tom Neal's Blows Send Franchot Tone To Hospital

HOLLYWOOD, Sept. 14 (AP) — Franchot Tone, out on the town last night with a bride-to-be, ran into the flying fists of the groom-to-be. He wound up in the hospital today with a brain concussion and a smashed face.

The beating — one of Hollywood's thumpingest in several seasons — was administered by actor Tom Neal, who was waiting for Tone when he came home with blonde Barbara Payton.

While Barbara screamed, 35-year-old Neal knocked Tone out so cold it took several hours to restore consciousness. The veteran actor, 46, was operated on later for multiple facial fractures, including a broken nose and left cheekbone.

Tone was unconscious for some time, all witnesses to the early-morning scrap agreed. Tone's physician, Dr. Lee E. Siegel, said the actor will be in California hospital two weeks.

Broken, along with Tone's nose, was the impending marriage of Miss Payton, a 23-year-old blonde, and Neal.

Neal gave this version of the big bust-up:

"This thing's been brewing for a long time. First, Barbara was going to marry Tone, then she was going to marry me. We had already taken our blood tests and were to have had the ceremony performed in San Francisco tomorrow.

"The first thing I knew of any change in plans was when Barbara went out yesterday afternoon with Tone. Last night she went out with him again and they didn't get back until about 1:15 a.m. I was waiting at Barbara's place with my friend Jimmy Cross, and some other people.

"Tone ordered me out of the house. He then invited me out on the lawn. I told him 'I'm a younger man than you, and I don't want to get into a fight with you. Furthermore, you're very foolish to get into trouble when you have your child custody case coming up.'

"Tone replied, 'Well, that's the way with life. When you get bad publicity you just have to take it.'

"Whereupon he swung on me. I ducked the punch and then hit him very hard, knocking him about 10 feet. Then I hit him three or four more times. He went out cold."

Tone recently has been involved in a legal battle with his former wife Jean Wallace over custody of their two sons.

Arrow Lakes Timber Pleases Cellulose Heads

VANCOUVER, Sept. 14 (CP) — The Vancouver Sun in a newspage story today said that Columbia Cellulose Company survey parties are delighted with good stands of hemlock, spruce and cedar in the Arrow Lakes area.

The surveyors are cruising the lake inspecting timber that will be used for the proposed $75,000,000 pulp and newsprint plant at Castlegar.

One thing they fear, says the Sun, is that much of the timber is at wate rlevel and the American power authority (Bonneville) wants to raise the lake level to provide storage for Grand Coulee and other dams.

They said up to one billion feet of timber would be lost with the raising of the lake. However, if the project went ahead rapidly, the low-lying trees could be cut before the lake level was raised.

East Kootenay Centres In Latest Census Release

OTTAWA, Sept. 14 (CP) — The Bureau of Statistics today issued the second of a preliminary series of population figures based on the 1951 census.

The reports are issued from time to time as full figures for a number of centres become available.

NATO Members in Ottawa; Meet Today

BY DOUGLAS HOW

OTTAWA, Sept. 14 (CP) — The Canadian Government, on the eve of the North Atlantic Council meetings, said today its aim is to project existing Western defence cooperation into a real federation of North Atlantic powers.

And now, said External Affairs Minister Pearson, is the time to lay the solid foundations. His statement, envisaging something approaching full organic union, to that extent went beyond Canada's usual general championing of "a North Atlantic community."

Ultimate attainment of union may still be a somewhat remote goal, Mr. Pearson said, but it should remain an important objective.

Mr. Pearson also told Canadians "further sacrifices will be required" to meet the more short-range need to give the West the strength to deter an attack from Communism.

His statement emerged amid reports that the North Atlantic Treaty Organization wants more Canadian fighter squadrons in Europe, wants them faster, wants more troops and that further Canadian economic aid for Europe is likely.

It came in the form of a Press release on the eve of the seventh meeting of N.A.T.O.'s supreme body, due to open at 12:30 p.m., EDT tomorrow in the Commons chamber of the guarded centre block of Parliament.

Today, probably for the first time since Confederation, the building came under control of the military, acting on behalf of N.A.T.O. The protective staffs of the Commons and Senate yielded their responsibilities to soldiers and airmen. Even Senators and M.P.s could only enter with special passes.

As big-name Cabinet ministers, military and civilian advisers from 11 foreign countries continued to arrive, the main preliminary to the big meeting started in the Commons railway committee room.

This was the meeting of the Council's deputiesincluding Canada's Dana Wilgress—to take a last look at an important report that will go to the Council tomorrow and act as a main basis for discussion during the next six days.

The deputies, main permanent body of N.A.T.O., are believed to be reporting on the relationship between rearmament and inflation, on how the burden of rearming is being shared and what more might be done in view of the need for more rearmament.

Mr. Pearson's statement about further sacrifices removed any doubt that Canada intends to stand pat with her present European commitments of $361,000,000 in arms aid and training, a brigade of army troops this Fall, and an 11-squadron air division by 1954.

N.A.T.O. is understood to be pressing Canada and the other nations for more help right across the board, including air and ground strength, production and financial aid. Government officials here are already studying what can be done.

The question will be discussed here and decisions will be reached a month or so later when the council meets in Rome.

Running Trades Want Rail Work Restricted With Daylight Cut

Rail work in West Kootenay must be restricted to conform with shorter hours of daylight.

A resolution calling for this has been adopted by joint locals of the running trades in their fight for protection against possible rail blastings by Sons of Freedom, radical Doukhobor sect.

Dissatisfaction with what was termed a "lack of action" by authorities in dealing with the threat was expressed at a well-attended meeting of members.

If no action is taken immediately, the men will take stronger measures to bring about safer working conditions.

The locals are of Brotherhood of Railroad Trainmen, Brotherhood of Locomotive Firemen and Enginemen and Brotherhood of Locomotive Engineers.

City Firemen Refuse To Work Under Chief

Council Asked to Replace McDonald Or Accept Resignations of 10 Men

Members of the Nelson fire department will resign if Chief G. A. McDonald is retained.

City Council was given the choice of replacing the present 10-man department or replacing the Chief following a lengthy discussion with three representatives of the firemen's union Thursday evening.

Hugh Bird of Vancouver, representing the International Association of Firefighters, told Council the men no longer had confidence in Chief McDonald and that he had become "vindictive" and uncooperative. As a result, the men had lost all sense of security in their jobs.

This insecurity had been brought about by the Chief's dismissal of Capt. W. C. McDonald last June and increased by the decision to further cut full-time staff and operate on a partial volunteer system, it was pointed out.

Capt. McDonald's dismissal had reduced the staff originally calling for 13 men to 10. As a result of the partial volunteer system, two others had been given their notices.

Both Councillors and union representatives appeared willing to compromise. Much of the discussion was centred on the possibility of retaining both the Chief and the full staff, including the reinstatement of Capt. McDonald.

ASK REINSTATEMENT

The delegation asked that Capt. McDonald be reinstated, the decision to cut staff further be abandoned and the men be given assurance of their jobs as well as "fair treatment" from the Chief.

Ald. Arthur Foster asked if the men would be willing to work under a new Chief if the partial volunteer idea was carried out while Ald. Spencer Newell wanted to know if the men would continue under Chief McDonald if the full staff of 13 was restored and the present system maintained.

Speaking personally, Mr. Bird thought the men would be willing in both instances, but added that Chief McDonald's attitude would have to change if harmony and security were to be restored.

Mr. Bird thought there was "no reason" why the Chief and the men could not work together in harmony but insisted that the firemen be "treated decently as men."

Mayor N. C. Stibbs told the delegation that Council, since it changed every year, could not offer the men any "continuous assurance" of their jobs.

Frank Jones, acting union local president, said the men could not put their finger on the actual source of trouble, but were convinced that the chief was the source of "90 percent of the unrest" in the department.

Asked why the firemen had not acted sooner in airing their grievances, Jones said they had followed grievance procedure "to the letter" last February in presenting them to the Chief.

He charged that Chief McDonald "blew his top" at that time and threatened to "break the union even if it means bringing in volunteers."

In reply to the request for protection from the Chief, Mayor Stibbs asked if the men could assure Council that they would not work to get rid of the Chief.

Ald. Alex Sutherland expressed the opinion that under the partial volunteer system, the Chief could "weed out" further regulars. He suggested that the Nelson fire department was "one of the best in the province", willing to do more than it was paid for. He pointed to savings in fire hall building repairs which had been carried out by members of the department and said he did not think the Chief "appreciated" their services or cooperated with them.

Ald. R. J. Riesterer, thought that brigade rules and regulations could be so binding as to prevent "loopholes" and injustices in handling the men. Ald. Newell suggested a drill manual was essential for the harmonious operation of the department.

BIG TURNOVER

Mr. Bird told Council that a turnover of nine men in the last six years in the Nelson department was "phenomenal," representing a 100 percent turnover since Chief McDonald was appointed. Only one man now remained who was on staff before McDonald's tenure.

He said he was "positive" the turnover at the 600-man Vancouver fire department was less than that for the same period. Such a high rate in Nelson could only be traced to the administration, in this case the Chief.

Asked if they would consider the compromise which would retain both the men and the Chief, the delegation retired from the Council chamber for a brief conference.

Returning a few minutes later, spokesman Bird said the men "feel they can no longer work with the Chief and the resignations are yours if you want them."

Resignations were produced from each of the 10 firemen, containing the condition that they could not continue under the present situation calling for a partial volunteer system under Chief McDonald. They are dated Aug. 11.

Mayor Stibbs asked that the resignations be forwarded to the City Clerk for consideration at the next regular Council meeting.

Third man in the union delegation was ex-Capt. W. C. McDonald. All Councillors were present with the exception of Ald. Joseph Kary.

Relocation Only Hope for Sons

VANCOUVER, Sept. 14. (CP)—Relocation of the radical Sons of Freedom within British Columbia offers the only hope for solution of the long-standing Doukhobor problem, Geoffrey Andrew said here tonight.

Mr. Andrew is vice-chairman of the consultative committee on Doukhobor problems, University of British Columbia.

Emigration to another country has been found impossible — 10 countries have refused their admittance—and dispersion of the strange religious sect across Canada as individual families is not feasible.

The committee has recommended the Doukhobors be relocated, moved from their Kootenay homes, to an isolated district where they could be self-supporting.

The Adams Lake area, 100 miles North of Kamloops—60 miles by road and 38 by water up Adams Lake—meets the requirements of reasonable isolation and self-support, said Mr. Andrew in a radio broadcast over a Western network on the CBC.

Citizens of the Kamloops district have protested relocation, but Mr. Andrew said:

"It is basic to the committee's way of thinking that no matter where the Sons of Freedom are relocated, the responsibility for supervising and developing the area should remain the responsibility of the provincial government together with the Sons of Freedom, and should not be allowed to devolve upon local authorities."

"The Sons of Freedom themselves, a 2000-member minority group of Doukhobors, generally are willing and eager to find ways and means of improving their relationships with government and the Canadian community, he said. They will do this if there is no violation of basic Doukhobor beliefs.

"The committee found, however, that a small minority is attempting to frustrate the efforts of the Doukhobor leaders.

"Our committee believes the desire of the majority for rehabilitation to be sincere and does not wish to see them defeated by a minority who have in the past resorted to violence in the name of non-violence.

"In order to carry out the rehabilitation of the sect, the majority of them know that they themselves will have to assume more responsibility for the acts of all their members or else deny to wrongdoers the right to call themselves Doukhobors."

33 TO 4554 OPPOSED

KAMLOOPS, B.C., Sept. 14 (CP)—Citizens of Kamloops continue to protest relocation of the Sons of Freedom Doukhobors in the Adams Lake District, 100 miles North of here.

A voluntary plebiscite today showed 4554 opposed to the relocation plan and 33 not opposed to bringing the Doukhobors from the West Kootenays.

The figures represent an estimated 65 per cent of the registered voters in the district.

Final result of the plebiscite will be forwarded to the Provincial Government's Consultative Committee on the Doukhobor problem.

River Dragged For Missing Boy

REMAC, B. C., Sept. 14—R.C.M.P. started dragging operations Friday in search of two-year-old Raymond Castleburns, missing from his home since Wednesday noon.

By late Friday night no successful results had been reported.

"Bobby", famous police dog, was flown in from Cloverdale Thursday to aid in the search. The dog traced the child's movements several times directly to the Pend d'Oreille River's edge.

The swiftness of the river at this point is making dragging operations extremely difficult.

Czechs Protest Airline Blockade

LONDON, Sept. 14 (AP)—Communist Czechoslovakia tonight bitterly protested to Britain, the United States and France the West's new blockade of Czech airlines.

The Prague Radio heard here said the Czech Government was sending formal notes to the three Western powers complaining of "open discrimination against the Czechoslovak republic."

The Prague Radio said the Western Allies' banning of Czech airlines from flying over West Germany, and into France and Britain, was a violation of the Potsdam Agreement.

The air blockade was followed today by an Italian order closing down Czechoslovakia's important Milan Consulate — where the Czechs do a lot of their Western trade.

Allied officials have disclosed unofficially that the measures are part of an agreed "get-tough" policy in reprisal for the Prague "spy" trial and imprisonment of Associated Press correspondent William N. Oatis. Oatis was sentenced to 10 years in prison.

The Prague broadcast said the protest notes were being delivered to the U. S., British and French authorities in Western Germany and a separate note was going to the French Government in Paris.

Wage Drive Urged

HALIFAX, Sept. 14 (CP) — A new wage drive aimed at beating the rising cost of living was urged by the Trades and Labor Congress of Canada today for all its union affiliates representing 500,000 workers.

Housing and taxation played a prominent part in the T.L.C. deliberations today, and it called for reduced taxation and for Government action to make low-cost housing available.

And in This Corner . . .

DIJON, France, Sept. 14 (Reuters) — In the last week more than 1,000 citizens of the nearby Burgundy wine-growing village of Nuits St. George fell off the water wagon — probably for good.

They had mild attacks of fever, dysentery, and nightmares after drinking polluted water instead of their own native produce. No hospital cases were reported.

Civic officials blamed the epidemic on repairs to the village's waterworks.

One wine-grower commented today:

"That should teach people never to touch the stuff. It is a sin to drink water when we have such wonderful wine right here."

SYDNEY, Australia, Sept. 14 (Reuters) —Animal keepers at Sydney's Taronga Park Zoo are claiming a shilling-an-hour "danger" money.

Supporting their claim they listed these recent happenings:

A keeper caught an unknown infection, apparently from an American bear.

A monkey bit a keeper.

Fourteen dingoes died from pneumonia, which their keeper contracted.

A puma slashed a keeper on the cheek.

An elephant stepped on and crushed his keeper's foot.

Mum Wrong, Says Bridesville-Bound Wife; Kidnapping Charge Folds

A chase which started September 11 in Winnipeg, ended on the Kootenay Lake Ferry M.V. Anscomb late Thursday night, when R.C.M.P. questioned Mr. and Mrs. Malcom DeWitte, who were on their way to their home in Bridesville.

Mrs. DeWitte was reported missing by her mother, Mrs. Grace Carlson, who, it is alleged, told police that her daughter had been kidnapped. The woman, leader of the Children of Light sect, gave a description of the man who allegedly kidnapped her daughter and grandson from their Winnipeg home.

Earlier this year, the Children of Light sect, with 14 members led by Mrs. Carlson, left Keremeos for Winnipeg. Mr. DeWitte left his wife with the group and started for his home in Bridesville.

When he went to Winnipeg to get his wife, Mrs. Carlson is said to have refused to let him see her. He and his wife later got into his car and drove off, heading for B. C. Mrs. Carlson, according to police, started after them, notifying police along the way that her daughter had been kidnapped.

When R.C.M.P. questioned Mrs. DeWitte on the ferry, Thursday night, she is reported to have told officers she was completely unaware of any excitement and that the complaint was without foundation. They were allowed to proceed to their home in Bridesville.

Mrs. Carlson, following the couple across-country, is believed to be in Cranbrook.

Two Cranbrook Lads Missing Two Days

CRANBROOK, B.C., Sept. 14 — "Bobby" is a busy dog. From a search for a tot at Remac, the R.C.M.P. dog went to the Bald Hill district where Wesley, 9, and Walter 11, have been missing from their home since noon Wednesday.

The lads are not presumed lost in the woods. It is believed they decided to leave home and may possibly have hitch-hiked. One blodne, and one a red-head, they were lightly clad, wearing jeans and shirts.

R.C.M.P. have sent out a call to motorists who may have seen the boys or given them a ride to contact their headquarters.

Cominco Quiz Has All the Answers at Ex

If you want to know what percentage of Canada's cadmium is produced by the Consolidated Mining and Smelting Company of Canada, Ltd., a display at West Kootenay Exhibition answers your question in a novel way.

You just press a button on a question stand at the firm's booth in Civic Centre curling rink, and a button lights up on an answers board at the rear of the display.

Another of the quizzes asks the public: "If all of Cominco's incoming and outgoing freight last year were to be loaded into one string of box cars, how many miles long would the train be?" In case you haven't tested the machine, the machine, the answer is 360.

Crowds operate the control board all day long at the Exhibition.

Cominco has also display products using its lead, zinc, tin, bismuth, cadmium, antimonial lead, and silver.

Its fertilizers for instance, go into the production of foodstuffs; bismuth into cosmetics, antimonial lead into lacquers and silver into sterling and plate dishes and photographic film.

EGG PRICES DROP AT COAST BUT HOLD UP HERE

There is no immediate indication of a drop in egg prices in the West Kootenay despite falling prices at the Coast.

A West Kootenay Poultry Cooperative spokesman said Friday the heavy Trail demand was helping to maintain prices at the same level of the past six weeks.

Current wholesale prices quoted in the West Kootenay are as follows: Grade A large 78 cents; A medium 76 cents; A pullet 69 cents; peewees 35 cents.

Vancouver prices have dropped to as low as 64 cents for A medium and 51 cents for pullets. Higher seasonal egg production is cited for the drop.

TIGERS FACE COMBINED SLOCAN VALLEY 9 SUNDAY

Nelson Tigers swing back into action Sunday after two weeks' inactivity when they journey to New Denver.

There the locals will face a combined New Denver, Winlaw and Slocan City outfit in an exhibition tilt which promises lots of interest and excitement.

Tigers will be at full strength with the exception of pitcher Johnny Misuraca.

Daughter of Nelson Couple Passes

Word has been received of the death of Mrs. Glen Allen, Jr., at her home in Pontiac, Michigan, at the age of 38. Mrs. Allen is survived by her mother, Mrs. R. H. Ellison, who is seriously ill in Kootenay Lake General Hospital, her father, R. H. Ellison, Nelson, and her husband and infant daughter in Pontiac.

Lardeau Men Fined For H.I.S. Defaults

KASLO, B. C., Sept. 14 — Two Lardeau men have paid fines here for failing to pay their hospital insurance premiums.

Alex Gripich and John Jeffery were each fined $5 and $5.70 and costs when they pleaded guilty to the charge in Provincial Court here. No order was made as the pair paid their arrears before court opened.

Pleads Guilty To Fraudulently Obtaining Money

VANCOUVER, Sept. 14 (CP) — A 30-year-old seaman today pleaded guilty to seven charges of fraudulently obtaining money on non-existent fishboats.

Ronald McMullen of Coquitlam was remanded until next Friday for sentence.

McMullen obtained a total of $3500 in sums ranging from $150 to $1200 from finance companies here, Prosecutor Gordon Scott said.

THREE CHARGED WITH HOLDUP REMANDED

VANCOUVER, Sept. 14 (CP) — Three men, charged with the $2000 holdup of the Imperial Bank of Canada here in August, appeared in police court today and were remanded till next Friday.

Raymond Todd, James Roxburgh, and Charles Stuart, all 21, pleaded innocent. Date for the preliminary hearing will be set next week.

REV. W. J. McDONALD

Rev. W. J. McDonald will address the First Baptist congregation in Nelson Sunday evening. Former director of Home Missions for the conventions of Ontario and Quebec, Mr. McDonald has accepted the invitation of the Baptist Union of Western Canada and has become its General Secretary.

Motoring from Cranbrook accompanied by Mrs. McDonald, he is covering his first portion of a get-acquainted tour over his territory which is comprised of the four Western Provinces.

A reception will follow the service at the church, under the convenership of Mrs. H. T. Miard.

Mr. and Mrs. McDonald will leave Monday for Penticton and Vancouver.

INTERNATIONAL GOLF MATCH HERE SUNDAY

Pend d'Oreille golfers from Metaline Falls, Rivercrest and Newport will invade Nelson Sunday to complete the international inter-club match started last Sunday in Washington.

An 18-man Nelson team holds a 28-26 lead after the first 18 holes, played over the Metaline course, and will be out to win the first international event for this region since the war. A trophy to be known as the Border Trophy has been posted by a member of the Nelson club and the competition is now planned as an annual event.

Members of the Nelson Golf and Country club will entertain the American party, expected to number 40, with a dinner and refreshments following the matches.

THREE-YEAR-OLD HIT BY CAR

Three-year-old Leslie Rogers, son of Mr. and Mrs. Walter Rogers, 512 Fell Street, was injured when struck by a car while playing on Nelson Avenue, Friday afternoon.

The youngster was hit by a car coming from the ferry at 4:00 P.M.

He received injuries to his head and face, but the extent of injuries has not yet been determined. It was reported that the driver of the car stopped, but that he did not identify himself.

Strong Livestock Prices Reported

OTTAWA, Sept. 14 (CP)—Strong prices prevailed on the principal livestock markets this week, with the heaviest arrivals for any week since last December, the Agriculture Department reported today in its weekly livestock review.

Calves and lambs were firm, but hog prices met one of the sharpest declines in recent years.

Stung 477 Times, Baby Boy Recovers

VANCOUVER, Sept. 14 (CP) — A baby boy, stung 477 times when he fell into a wasp nest, had made what doctors describe as a "miracle recovery."

Mark Bennet, 17 months old, toddled into a wasp's nest in his backyard and remained there paralyzed for 10 minutes.

His body was swollen to about twice normal size, his eyes were bulging and his hearing was gone. He had lost 50 per cent of his blood.

The baby was in a coma 48 hours and all hope seemed gone.

He was treated with acth, penicillin and various anti-histimines and today was pronounced "completely recovered."

Kimberley P.-T.A. Greets New Teachers

KIMBERLEY, B.C., Sept. 14 — New teachers were introduced at the first meeting of the season of Kimberley Parent-Teacher Association in A. A. Watkins elementary school.

Activity room was decorated with flowers for the occasion, and teachers were presented with corsages and boutonnieres on arrival.

Mrs. R. F. Aikins, president, welcomed the guests, and new teachers were introduced by R. D. Young and J. Lukas, supervising principals of Junior-Senior High School and the elementary school.

L. T. Nimsick, M.L.A. for Cranbrook, and I. Jeffery, school inspector, spoke briefly.

The Weather

The flow of warm dry air from the interior brought near record temperatures to the Southern coastal section of the province. Hope with a high of 91 degrees and Abbotsford with 90 reported the highest temperatures in the province while on Vancouver Island Victoria recorded 86 degrees just three degrees cooler than the September record for the city.

Temperatures in other sections of the province were close to the seasonal normals.

The warm clear weather is expected to continue over the weekend in all sections of British Columbia.

Grain for Rubber in Anglo-Soviet Terms

LONDON, Sept. 14 (AP)— Government officials disclosed today Russia has kept the right to halt grain shipments to Britain unless she can buy Commonwealth rubber.

This reservation was written into a new Anglo-Soviet contract for the delivery of 1,000,000 tons of coarse grains to this country in the next 12 months. The deal was announced Thursday.

The Russians clearly have been upset by the West's embargo on the export of strategic goods and materials to Communist nations. Under United States pressure Britain stopped her colonials selling any rubber at all to Communist China last April.

In general, Britain has maintained a rigid embargo on the export of war-potential goods to Iron Curtain nations.

The British Government announcement of the new Anglo-Soviet grain deal did not mention that Russia had reserved the right to tear up the contract if rubber supplies are blocked.

A Food Ministry spokesman said today, in answer to a reporter's question, that "there is a clause which entitled the Russians to decrease or suspend deliveries of grain if they are unable to buy rubber with the sterling earned by selling their grain to Britain."

Russia wrote the same reservation into a $42,000,000 timber contract with Britain last month.

British officials expressed the view privately that the Soviets were fully justified so to protect themselves.

More than once Britain has cancelled contracts with Communist nations without warning because security considerations suddenly cropped up.

Three Forest Fires Burning in Kootenays

Forest fire picture in Nelson District is in sharp contrast to what it was a month ago.

There are only three fires burning and the hazard is considered low to moderate.

Fire total of 320, up 19 from the same date last year, was boosted by fires which raged in every sector of the district during August.

L. Friedman Heads Nakusp District Teachers

NAKUSP, B.C., Sept. 14 — The first Teachers Institute meeting for 1951-52 was held at the elementary school when all teachers of the district were present.

J. J. McKenzie, District School Inspector from Trail, in opening the meeting introduced President W. J. Claridge and C. H. Horrey, secretary-treasurer of the School Board, also the new teachers of the district. Mr. McKenzie spoke on various phases of the work and teachers duties and responsibities and "civil defence."

Miss M. Kirk spoke on reading readiness and Miss S. Steuart spoke on arithmetic. Suggestions were given and a discussion followed.

A local teachers meeting of the organization followed with election of officers. Results were:

Lloyd Friedman, Nakusp, President; Mr. Logan, Arrow Park, Vice-President; Secretary, Mrs. Viola Doerksen, Nakusp; district representative, H. Leonard, Nakusp; Salary Committee, H. Bolstad, H. Leonard, Nakusp, Mr. Logan, Arrow Park.

Dinner at the Leland Hotel was sponsored by the School Board when teachers, Board members and their wives and visitors were entertained.

A School Board meeting followed.

Kimberley Arts, Crafts Enrolment Hits Peak

CRANBROOK, B.C., Sept. 14 — Multiplied membership to an all-time peak was reported at the annual meeting of Cranbrook Arts and Crafts Association which drew up plans for its Fall season. The organization affilate most artistic and handicraft activities in the area.

The large jump in membership was attributed to the square dancing group started last Fall by Mrs. William Hinchey, which drew a capacity membership and attendance at its weekly senior and junior sessions which continued until late Spring.

The parent organization sponsored outstanding Canadian artist presentations during the year, and also the University Players Club production in late Spring. The painting and sketching group was among the most active continuing their weekly classes through the year and sponsored travelling art displays as well as showing of local work. Handicrafts were also active. Returns from events more than covered expenditures during the year.

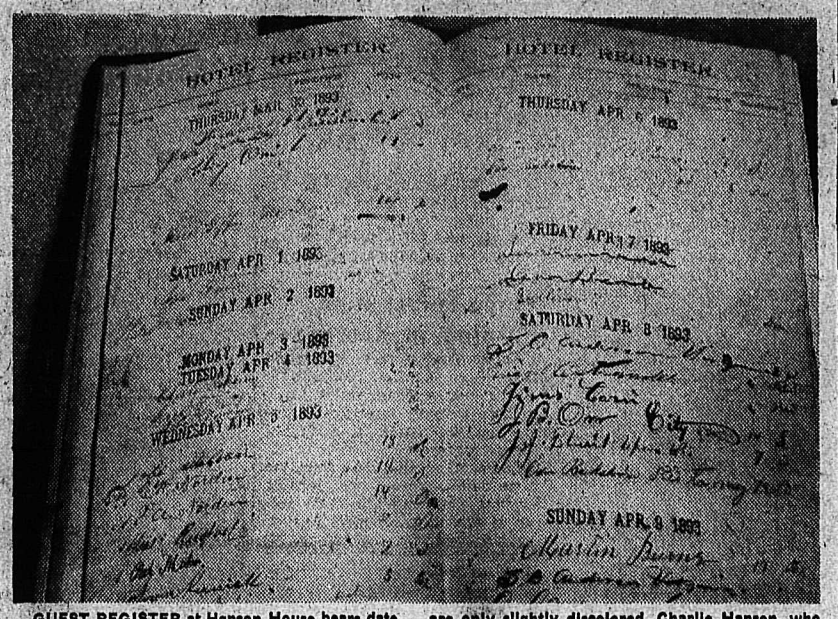
The meeting elected Mrs. Hinchey as its new persident, Mrs. Eric MacKinnon vice-president, Mrs. H. M. Nelly, treasurer, Mrs. William Templeton secretary and W. A. Burton public relations officer.

Good attendance enrolled at the university extension course sponsored in the Spring offering instruction in home decoration and furnishings, and in sewing.

Executive is composed of a representative from each of the affiliated art or craft groups with Mrs. Hinchey for square dancing, Mrs. Harry Dorris for international folk dancing, Mrs. A. B. MacKenzie for painting and sketching, Mrs. Kurt Becker for metal work, Mrs. A. A. Coburn for leatherwork, Mrs. James Johntson for interior decorating, and Mrs. Templeton for pottery. Place was left on the executive for a member for music and drama to be appointed later.

Buy, Sell, Trade the Classified Way

A CURIOSITY for visitors to the Lardeau country is historic Hanson House at Poplar Creek, where the barroom today is the same as it was years ago. Built in the early 1890s by a Norwegian, the late Charles Hanson, proprietor, business man, hunter, violinist and "all-roud Westerner", the hotel did a roaring business when gold was discovered at Poplar Creek. The community had a population of from 500 to 600 around the turn of the century; by 1920 only a handful of people were left. Now Hanson House is crowded out by the wilderness



GUEST REGISTER at Hanson House bears date stamps of 1892 and 1893, and signatures of men of Scandinavian origin or descent. Owing to darkness of the room in which the book lies, pages are only slightly discolored. Charlie Hanson, who built the house, later operated a cigar store in what is now the 500 block of Josephine Street in Nelson.—A. Stevens photo.

LISTER YOUTHS TAKE PART IN FRUITVALE FAIR

LISTER, B.C., Sept. 14 — Mr. and Mrs. John Bird and four of Lister Young Farmers were visitors to Fruitvale for the Labour Day fair.

The young farmers were Misses Anita Reihl, Louis Forner, Elizabeth Millner and Alfred Wellspring. They won first and second prizes in judging competitions.

Victoria Man In Hospital in Kimberley Accidents

KIMBERLEY, B.C., Sept. 14 — Two weekend car accidents were recorded by local R.C.M.P. with one man going to hospital and heavy damages being done to two cars.

Jeffery George Ayres of Victoria is in McDougall Hospital with back injuries suffered when his car overturned one mile South of Marysville on Sunday morning. Ayres, who was alone in the car, fell asleep at the wheel.

Damage totalling $600 was done to a 1949 car owned by George Smith of McDougall Townsite when a horse walked out in front of the car two miles South of Marysville. Mr. Smith was uninjured.

Also on Saturday evening a car owned by E. Sherrein of Wasa burst into flames on the road two miles North of Marysville, the motor of the car being completely destroyed.

Kimberley I.O.D.E. Plans Activities

KIMBERLEY, B. C., Sept. 14 — Plans for Fall activities were made by executive of Sullivan Mine chapter, I.O.D.E., at a meeting at the home of Mrs. B. H. Bentley, regent.

The chapter will again sponsor a $100 scholarship for a Grade XII student and applications for the 1954 scholarship will be received from Grade XI students.

Associated Boards, Nelson B. of T. May Change to Chamber of Commerce

A meeting to consider reorganization of the Associated Boards of B. C. and a change of name to the B. C. Chamber of Commerce will be held in Vancouver Nov. 23 and 24.

Under the present set-up, the provincial body is made up of a council representing six regional boards' associations, which in turn represent member boards. If the suggested change is approved, the B. C. Chamber would comprise individual representation from each of the 127 boards and chambers in the province.

Associated Boards Secretary J. A. Bracken, tabling the proposal at the Nelson Board meeting Thursday, suggested it would provide more conclusive decisions on voting matters. He said that in one Council meeting last year, 167 delegates attended but only five had voting power. The vote ended in deadlock when one delegate abstained.

The matter was referred to the executive for consideration.

Also to be studied is a recommendation from the national affairs committee to change the name of the Nelson Board of Trade to Chamber of Commerce. Reasons for the suggestion are to be outlined in pamphlets distributed to all members. A vote is expected at the next meeting.

The national affairs committee also recommended the carrying out of the St. Lawrence Seaway project by the Canadian Government and backed Regina Chamber of Commerce proposals on the taxation of cooperatives.

BOSWELL CLUB GIVES TO HALL

BOSWELL, B.C., Sept. 14 — Another donation to the memorial hall was given by Boswell and District Women's Club at its monthly meeting at the home of Mrs. H. Bell.

Arrangements were made for a visit to Porcupine Club at Gray Creek.

Mrs. C. Schaub thanked members for their assistance in buying a ladder for the hall.

Children's Contest Held at Robson

ROBSON, B. C., Sept. 14—The annual children's garden contest, sponsored by the Robson Women's Institute, was held in the Robson Hall recently.

A display of vegetables and flowers was entered by the contestants. Prizes went to:

Junior group—Mary Evodokimoff, Paul Ledgebokoff, Harry Dowkes.

Senor group—Dawn Waldie, Diane Markin and Ann Sutherland, tied for second.

Also on display were articles made by the Robson Evening Group and plaques made by Gloria Dowkes.

Refreshments were served by the Women's Institute.

Judges were Mrs. Sutherland, Mrs. Campbell, Ross Oborne and John Webster.

Kaslo Notes

KASLO, B.C.—Mr. and Mrs. E. E. Tinkess of Moyie Springs, Ida., are guests at the home of the former's brother and sister-in-law, Mr. and Mrs. Russell Tinkess.

Mr. and Mrs. H. C. Giegerich and two sons of Trail visited the former's sister, Miss Elizabeth Giegerich.

Mrs. M. L. Alexander, enroute to her home at Cooper Creek, from a month's visit in Vancouver and Victoria, spent a few days in Kaslo with her daughters, Mrs. C. Pangburn and Mrs. J. Jardine.

Mr. and Mrs. W. L. Billings, accompanied by their daughter, Mrs. J. R. Tinkess and grandson, William, returned from Port Hope where they attended the wedding of James Tinkess and Miss R. Peters.

WOMAN MISSES TREMONT HOTEL

A Coleman, Alta., woman made an unsuccessful search in Nelson recently for the Tremont Hotel.

The Tremont, long out of existence, was one of Nelson's leading hotels when Mrs. M. J. McGrath was here. She left Nelson 43 years ago and was astounded at the changes which have taken place since then.

Mrs. McGrath visited her neice, Mrs. E. J. Driver, 87 High Street.

Start New Roof on Queen's Bay Church

QUEEN'S BAY, B. C., Sept. 14—A meeting was called at the home of Mrs. Hirst to discuss the reroofing of the church. Rev. Mr. Snowden of Kaslo presided at the meeting, and there was a good attendance.

It was decided to have asphalt shingles, and the contract was given to Mr. Bate of Kaslo, who has already started work on it. Refreshments were served by Mrs. Hirst and her daughters, Miss Joyce Hirst and Mrs. E. F. Phillips.

Cranbrook Baby Dies

CRANBROOK, B.C., Sept. 14 — John Clarence Ryde, infant son of Mr. and Mrs. Ernest Ryde died suddenly at his home Wednesday. He had achieved local prominence during his three months life as Cranbrook's smallest baby to survive. He was two pounds, two ounces when he was born June 9, and he grew to four pounds under special hospital incubator supervision before he was allowed to go home a short time ago.

Surviving are his parents, grandparents, Mr. and Mrs. Clarence Ryde of Cranbrook and Mr. and Mrs. Waseiwicz of Fernie.

Kamloops Protest on Sons Relocation Due to Ignorance of Situation—Affleck

Following is the text of a report by Boyd C. Affleck, Chairman of the Special Committee on Doukhobors for Nelson, made to the Nelson Board of Trade Thursday:

Up to the present the operations of the Consultative Committee on Doukhobors have been on a very confidential basis, and only generalities have been released to the general public. While much of the work of the Consultative Committee has been of a confidential nature which might suffer if given complete and premature publicity, yet other aspects of the investigations should, I believe, have been deliberately given quite wide publicity. In my opinion about 90 per cent of the opposition being voiced in the Kamloops area to the proposed relocation of the Sons of Freedom on the Upper Adams River is due to ignorance of the circumstances which, in the opinion of the Consultative Committee, make such relocation mandatory. And this ignorance is shared by the vast majority of our citizens in British Columbia, and by very many right here in the West Kootenay and Boundary districts, for the simple but sufficient reason that hardly any information on this subject has been publicized.

VANCOUVER MEET

The recent meeting of the Consultative Committee in Vancouver was solely for the purpose of arriving at a decision as to the site of the Sons of Freedom relocation and of making a recommendation to the Attorney General embodying such decision and containing a proposed scheme for carrying it out. All other Doukhobor problems, and there are many, were by common consent left in abeyance until the urgent and critical problem of Sons of Freedom relocation was settled. Local Boards of Trade were represented by Dr. Wright of Trail and myself, of Nelson. Mr. Manly of Grand Forks and Mr. Waldie of Castlegar were unable to be present. The Sons of Freedom had about 25 representatives, including Mr. Stephen Sorokin, their new spiritual leader, and Anton Kolesnikoff, his right-hand man. The Community had about 10 representatives, led by Johnny Verigin; the Independents a half dozen or so; and the Hillier colony on Vancouver Island had at least one. Not all of these had voting privileges. I now believe it is a wise and just policy to have these men meet with us, exchange points of view and come to mutually satisfactory decisions, based on mutual confidence and mutual good will. It is simply out of the question to try to herd them around like sheep, and no one on the Committee has any such wish.

ADAMS LAKE SITE

About 50 sites for Sons of Freedom relocation have been suggested, about 20 of these have been studied, and six have been visited by representatives of the Sons, some sites having received two visits. The final choice of the Sons is the Upper Adams River, Northerly from the head of Adams Lake, with a supplementary request for a reserve on the whole or a part of the area lying between this site and the head of Seymour Arm of Shuswap Lake, which is practically contiguous.

The Adams River site is entirely uninhabited, and, although rather limited in arable area, has considerable timber available. Climatic and soil conditions are suitable for the Sons' needs. Transportation is by boat only, at present, 30 miles from Squaam Bay or 40 miles from Adams Lake post office at the foot of Adams Lake. There are a number of road extension possibilities, from Louis Creek, Vavenby or Barriere on the North Thompson River, but no roads connect at present. The nearest point of the area is about 100 miles from Kamloops, and the distance to the nearest existing settlement at Vavenby is about 20 miles over the mountain range that separates the Adams River valley from the North Thompson valley.

KAMLOOPS PROTESTS

Since the tentative choice of the Sons of Freedom had been made public, a delegation of six Kamloops representatives attended the meeting by invitation, and were given voting privileges. They included Messrs. Fulton and Smith, the Federal and Provincial representatives of Kamloops; Alderman Mrs. Millward of the Kamloops City Council, and three from the Junior and Senior Boards of Trade. They had all been instructed to vote against the relocation of the Sons of Freedom anywhere in the Kamloops area, which apparently, in their view, is somewhat larger than we had thought.

LACK KNOWLEDGE

Messrs. Fulton and Smith addressed the meeting at great length, but with what appeared to me lamentable lack of knowledge of the situation. They appeared to think that the proposal was to eradicate all the Doukhobors from Kootenay and Boundary and to transplant them bodily tot Kamloops. The only alternative they proposed was to distribute them by single families throughout the whole of Canada; but of course they offered no suggestion as to how this might be done.

After about a day and a half of debate on the Adams River site, the resolution to recommend it to the Provincial Government was carried with only two opposing votes. Four of the Kamloops delegation were still in attendance, the two political representatives having had to leave for Kamloops before the vote was taken. Alderman Millward spoke briefly and well just before the end of the debate. She said that they had definite instructions to oppose the relocation, but that from what she had learned during the meetings she now believed that these instructions were based on ignorance of the situaton and that with more complete knowledge the opposition would be much modified.

SUGGESTS FORCE

It is to be regretted that in spite of a great deal of public and private explanations of the problem to Kamloops citizens at Kamloops by Dr. Andrew, Mr. Gulley and others of the Committee, both before and after this meeting, Mr. Smith, M.L.A., is reported recently as advocating the use of force, if necessary, to oppose relocation of the Sons of Freedom within the sacred but unspecified boundaries of the Kamloops sphere of influence.

The plain facts are, of course, that the Sons of Freedom are living in rural slums that cannot possibly be made to support them tolerably; that they are on justifiably bad terms with their neighbor Doukhobors; that they have some real and many fancied grievances against the people and the Government of British Columbia; and that the only hope of a peaceful and permanent solution of the trouble lies in a mass migration to a new settlement where they can make a new start.

We of the Committee have been trying to think for British Columbia and for Canada, and we hope that the Government of our Province will take the same attitude. It was interesting to hear one of the Hilliers branch of the Sons of Freedom tell of the bitter opposition at first to their settlement on Vancouver Island and how it had quite died away.

KIMBERLEY, B.C., Sept. 14 — Kimberley Board of Trade on Friday bade farewell to Harry Nicholson, a Kimberley resident for the past 25 years and an ardent worker in all community efforts.

The party was held in the Oasis and was attended by City and C. M. & S. officials, friends, business associates and fellow workers of a man who has done a great deal for Kimberley.

Speakers included Mayor C. Swan Leo Nimsick, M.L.A., H. R. Banks and J. R. Glegerich. Presentation of a wallet was made by E. D. Taylor, Immediate Past President of the Kimberley Board of Trade. R. B. McLeod was chairman for the evening.

At the time of his departure Mr. Nicholson was a member of the City Council, President of the Kimberley Rotary Club and a member of the Hospital Board. During his years here he has worked hard on behalf of labor.

Mr. and Mrs. Nicholson were for many years active and devoted workers for All Saint's Anglican Church. They will be greatly missed in Kimberley.

Start Compost Pile Now, Ready After Winter for Spring Use

Around every private home and most garden areas are waste materials that can be valuable for gardens if made into compost. Gardeners start their compost piles now for next year's gardens and flower gardens.

Composting is a very old practice, and while done by many gardeners, it is not as common as it should be.

Leaves, excess grass clippings, weeds, vegetable trimmings, bean and pea pods, all kitchen scraps, except bones, tea and coffee grounds—in fact, any organic matter—can be composed and the resultant material used on the garden to supply the very best form of humus and fertilizer. The materials have to be disposed of in some manner anywhy, so why not cash in on their real value?

In spite of all that has been said and written about making compost, there is no mystery to transforming organic waste materials into first class compost. There is much argument regarding the relative merits of natural or artificial manures and chemical fertilizers, but in most instances the two sources of plant food can be used advantageously as complements to each other.

For ideal composting some form of animal manure is desirable, yet good results can be obtained by using all available organic materials with small amounts of dry-powdered manures available at seed stores and treating with proper quantities of pulverized limestone and finely ground rock phosphate.

SPACE GENERALLY AVAILABLE

The size of the compost pile should be commensurate with the extent of garden operations. There are few gardens where space is not available for making compost. Preferably the compost pile should be in a shady place. For the average home garden a pile four feet square or with a four by six feet base should be sufficient.

Dig a shallow pit four to six inches deep and save the soil for later use on the pile. In making the compost pile, organic wastes of various kinds should be placed on the given area in a layer eight to 12 inches deep. Then, if manure is available, put on a two or three inch layer, otherwise use a thin covering of pulverized dry manure. Follow this with a one to two-inch layer of soil and spread on a handful or two each of ground limestone and rock phosphate.

Wet the pile well and repeat the operation until three or four unit layers have been made, then cover with about three inches of soil. It is well to have a concave surface on top to catch rain water, but be sure the pile does not become dry. After about eight weeks if the pile is shovelled over and well mixed decay will be hastened and the quality of compost improved.

Let it stand over Winter, and spread one to two inches over the garden surface before Spring spading or working. Excellent results may be obtained by putting a layer of compost in the bottom of rows opened for planting. The additional humus and fertility will be beneficial to any vegetable or flower garden and make profitable use of waste materials.

British Quakers Blame Russ for World Tension

LONDON, Sept. 14 (AP)—Seven British Quakers who visited Russia in July reported today "there is no question of the eagerness of the ordinary Russian for an assured international peace." They said they found a "more conciliatory temper toward the West."

The seven were members of an official delegation sent to Russia by the British Society of Friends.

The group said it found faults on both sides in the East-West cold war, although they asserted:

"We may judge that responsibility for the development of tension between 'East' and 'West' over recent years rests largely with the Soviet Union and its associates."

The Russians are guilty of tendentious reporting and raising barriers between their people and foreigners, they said, but "similar extravagances about the Soviet Union are not infrequent in Western newspapers and similar and increasing barriers are being established here."

They said the immense needs for rebuilding and new construction in Russia gave the Russians great reason to avoid a war.

London Next Meeting Place for Anglicans

VICTORIA, Sept. 14 (CP)—Selection of London, Ont., as the meeting place for the next Anglican general synod was announced here today by the executive council, with dates set tentatively from Sept. 4 to 12.

Preliminary meetings will be held by the House of Bishops Sept. 2 and 3.

Earlier the executive council replied to the Pope's appeal for Christian unity by endorsing a resolution stating that cooperation among all Christian communions is possible through the World Council of Churches "which the Roman Catholic Church has refused to join."

The Pope's appeal was made in an encyclical letter dated Sept. 8. It urged all Christians "to unite under one flag" to face a common enemy.

N. S. Steelworkers Stage Walkout

SYDNEY, N. S., Sept. 14 (CP)—Some 1500 Dominion Steel and Coal Corporation steelworkers, angered by a wage increase they insist is insufficient, staged a wildcat strike today.

The strike by the mechanical department workers was the most serious in a series of slowdowns and stoppages which began in mid-July over wages. There were indications that it might lead to a walkout by the entire 4700-man working force.

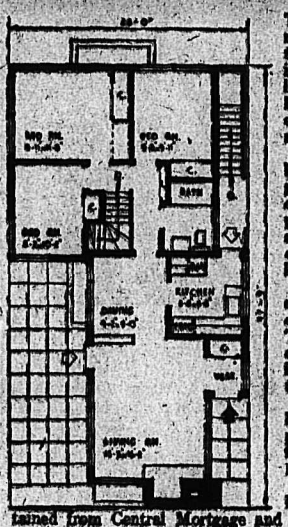
The strike will hurt production, but a complete shutdown is unlikely as long as coke oven crews remain on the job.

Coast Man Heads Bar Association

TORONTO, Sept. 14 (CP) — A Vancouver man, John Arthur Clark, 65, was elected President of the Canadian Bar Association at the annual meeting here today.

Andre Taschereau, K.C., of Montreal was named Vice President, and W. S. Owen, K.C., of Vancouver, Registrar. L. E. Galipeault, K.C., of Quebec City, was elected Honorary Secretary, and D. Park Jamieson, K.C., of Sarnia, Ont., Honorary Treasurer.

The Modern Home



This popular bungalow design has many features to attract a prospective house-builder who is interested in modern comfort, sleek lines and luxury touches in a three-bedroom house. It would be suitable in either a suburban setting or a narrow residential lot in the city.

The most interesting points of the living room are the large stone fireplace and the wide expanse of window overlooking the surrounding patio. The dining room and kitchen are well-planned and aimed towards convenience and efficiency in housekeeping.

Bedrooms are all equipped with sufficient closet space and located conveniently near the bathroom. The basement may be reached either directly from the back door, which is adjacent to the kitchen, or from the center of the house.

This comfortable home is 28 feet by 47 feet 9 inches and for estimating purposes has an area of 984 square feet. Cubic contents measure 19,735 cubic feet.

Working drawings for this plan, known as Design 50-14, may be obtained from Central Mortgage and Housing Corporation at minimum cost.

Construction Contract Awards at New High

The all-time record established last year for the month of August was easily upset by the figure of $187,612,600 for the month this year. This was up $43,101,500 from the $144,511,100 registered last year. Cumulative figures for eight months of 1951 has now reached $1,692,741,300, presaging the first two-billion-dollar year for construction contract awards. Last year the cumulative total at this date was $881,624,500.

At the same time that overall totals are scaling new heights in the contract records of MacLean Building Reports Limited, residential building has continued to slump, dropping in August from $48,532,400 to $35,177,600, or 27.5 per cent. This is considerably less than the 40.9 per cent drop registered in July, but the percentage is on a smaller volume. In addition, since the residential building material index moved up by 16 per cent in the year ending in June, and other costs are up proportionately, an equal value figure this year represents fewer dwelling units than previously, so that the absolute drop is greater than shown by the difference in the value figures. For the first time in many months not one single residential building project valued at more than a million dollars was in initiated.

DEFENCE CONTRACTS

Public and institutional building summed up in one category with commercial construction carried the group to a better than five-million increase over last year. Comparative figures are (August, 1950, in brackets): $52,324,600 ($47,101,100), up $5.2 million. The figure for the current month includes over $20,000,000 worth of direct defence contracts, to reckon only the defence jobs individually worth over a million dollars.

With few large jobs in the industrial building category, this type of building registered only a small gain. Comparative figures are (August, 1950, in brackets): $15,583,600 ($14,012,000), up $1,541,600. Largest jobs were a rolling mill expansion in Selkirk, Man., and a chemical plant in New Toronto, Ont., each valued at a million dollars; a plywood plant at Victoria, at $2,000,000, and a petrochemical plant in Montreal valued at $4,000,000.

Striking gains continued to be made in engineering construction during the month of August. This category alone showed an increase of $49,691,200, rising from $24,866,600 last year to $84,554,800. Solid basis of this increase was found in three large jobs, a $30,000,000 power plant and dam at Waneta, B. C.; another refinery at Sarnia valued at $10,000,000, and a C.N.R. rail line in Manitoba now getting under way and estimated at a value of $14,500,000.

WEST GAINS

Sharp differences were shown in the regional distribution of the total work. Quebec, largely on the basis of defence contracts, showed a gain of $8.2 millions. A tremendous gain in the West of $50.3 millions resulted from the large engineering jobs.

Ontario and the Maritimes both showed overall decreases. Drop in the Maritimes was slight, amounting to $1.3 millions, but that in Ontario was more serious at $14.1 million. In previous months this year drops in one category have been balanced by gains in others. The August figures for Ontario are the first example this year for any region in the country of decreases in every category of construction.

The August contract award figures are also remarkable for the fact that no large schools were contracted for in the month. In fact, apart from defence, engineering, and industrial work, the only large building undertakings were two hospitals, one in Penticton, B. C., and one in the Jonqurier-Chicoutimi region of Quebec.

Fire Insurance Rate Cut For Tadanac

TADANAC, B.C., Sept. 14 — A reduction in fire insurance rates on dwellings in Tadanac has been secured after representation to the insurance companies by the Tadanac municipal council.

Previously Tadanac's fire insurance rate on dwellings was higher than Trail. The reduction brings it below the city rate.

New rates for Tadanac, which are retroactive to Aug. 1 on units of $100 for three years with the old rate in brackets:

Frame, wooden shingles .56 (.69).

Frame, patent shingles .50 (.61).

The rate for contents is 10 cents added to the house rate.

At present Trail has two fire insurance rates on dwellings, one for East Trail and one for that part of the city West of the river. Rate on the city side of the river is the same as the former rate in Tadanac but on the East side the rate for a wooden shingle home is .77 and for a patent shingle dwelling is .63.

Gangsterism Rife In Johannesburg

JOHANNESBURG, Sept. 14 — (Reuters) — Driven to action by increasing gangsterism, violence and terror, law-abiding Negro residents of Johannesburg's outlying African Townships are seeking official permission to set up Vigilante groups.

Already a Vigilance Committee meets weekly in one group of townships a few miles West of here. Four-man African patrols appointed by this Committee nightly walk the streets until dawn.

They search suspicious-looking Africans for weapons and call at illicit drinking dens to see that no drink is sold to young persons.

Welfare workers, African and white, see the breakdown of African family life as the main cause of the terrifying crime wave among city Africans.

In their own rural environment, African children are rigidly disciplined. But in the towns it is usual for both parents to work, and thousands of children thus run wild in the appalling slums.

They form bands of "tsotsis", a word once associated with youth and high spirits, but today denoting criminal associations.

THREE MONTHS FOR THEFT OF $45

James B. Fredricks, 24, of Creston, pleaded guilty to two charges of breaking, entering and theft, before His Honor, Judge Eric P. Dawson in County Court here Thursday.

Fredricks was arrested on Aug. 31, following three thefts that netted $45 and a watch. He appeared before Stipendiary Magistrate Guy Constable in Creston Provincial Court August 31 and was sentenced to three months in jail on the first charge.

Cpl. E. Rosberg testified that the accused had been in Creston for only six weeks, having come there from Flin Flon, Manitoba, with his wife and month-old child. He also said that Fredricks had led his wife to believe he was employed in a nearby mine.

When asked by the Judge why he stole the money, Fredricks gave no excuse.

He was sentenced to 60 days to run consecutively, on each of the two charges, this to run concurrently with the previous sentence.

C. B. Garland, K.C., appeared for the crown.

Modernization of Heating Plant Pays Winter Dividends

The smart home owner plans ahead of time to "weather his nest" for Winter. A warm house starts with the heating system, and if you are planning to repair or replace your heating system this year, now is the time to get started on it.

Neglecting to keep the equipment in proper condition has been one of the big reasons why two out of every five heating systems in a recent survey have been found inadequate for modern standards of comfort and efficiency.

Cleaning the furnace — a messy job that might best be left to a service man — is only the first step towards a warm Winter. Providing the furnace with automatic controls, according to engineers, is the most important step in modernizing a home heating system. Whether you are burning coal, oil or gas, there are automatic thermostatic features that will help you "set it and forget it".

For hand-fired furnaces, there's an electric janitor that eliminates those to trips to the cellar to adjust the dampers, and at the same time provides thermostatic control upstairs.

Electric clock thermostats for oil and gas heating distribute the heat evenly through the room, reducing stratification of air and chilly floors. In addition this control automatically turns the heat down at night and up again before you rise in the morning.

And if you have a radiant panel heating system that seemed slow in reacting to temperature changes last Winter, install a three-way electronic control system that literally "anticipates" changes in the weather to give you real indoor comfort. All these controls are inexpensive and easily installed—and they'll pay large dividends next Winter in extra comfort and reduced fuel bills.

Amazed Britons Have Meat Glut

LONDON, Sept. 14 (Reuters)—British butchers faced with the unique problem of having too much meat today asked the Government to suspend rationing for the next few weeks.

Consumers currently are entitled to spend two shillings a week on fresh meat. Next week the ration goes up another twopence.

Butchers say many families cannot afford to take their full ration. Those who can afford to buy more than the ration are not allowed to. Butchers say they are left each weekend with large stocks of unsold meat.

Their representatives today urged the Food Ministry to let them sell any surplus meat to all comers without marking their ration books.

Until this Spring the ration was a mere tenpence worth a week, or enough to buy a small chop. Recent killings have created a surplus.

Cranbrook Pair Wed In Alberta

CRANBROOK, B. C., Sept. 14 — Well known Cranbrook residents, Gordon Allen Pascuzzo, son of Mr. and Mrs. Ross Pascuzzo of Cranbrook and Irene Kearns, daughter of Mrs. T. L. Kearns of Maple Creek, Sask., and the late Mr. Kearns, were married at St. Patrick's Church, Medicine Hat, Monseigneur McCoy officiating.

Given in marriage by her brother-in-law, Mr. Alan McGillivray of Maple Creek, the bride wore a grey check tailored suit and carried a white prayer book mounted with red roses.

The groom's sister, Mrs. E. H. Delamont of Cranbrook, was matron of honor, wearing a tangerine suit with yellow accessories, and Mr. William Herringer of Lethbridge was groomsman. Parents of the bride and groom assisted the couple in receiving at the Cosmopolitan Hotel.

The couple travelled to Banff and Lake Louise on their wedding trip and will make their home in Cranbrook.

The bride has been music instructor at Central School in Cranbrook for the past three years. The groom was born and grew up in Cranbrook and is a veteran of service in the R.C.A.F.

Coast Man Weds Cranbrook Nurse

CRANBROOK, B.C., Sept. 14 — One of the year's loveliest brides was the former Louise Larsen, daughter of Mr. Charles Larsen of Cranbrook and the late Mrs. Larsen, who became the bride of Neil Robert Stromdahl of North Vancouver, son of Mrs. Gus Stromdahl and the late Mr. Stromdahl of Prince Rupert.

The ceremony was performed at Knox Church here by Rev. D. G. M. Herron.

The bride's gown was white nylon marquisette over blush bridal satin, with a seed pearl pillbox hat fastening her fingertip veil, and she carried yellow and rust talisman roses.

Maid of honor, Miss Anna Pederson, wore leaf green nylon marquisette over taffeta with a full skirt and ruffled collar, and bridesmaids were Miss Eleanor and Miss Bernice Larsen in bronze and gold shot taffeta with halos of bronze and gold chrysanthemums. Carol Larsen was flower girl in yellow taffeta.

VANCOUVER HOME

Groomsman was Mr. Peter Petersen of Prince Rupert, and soloist, Mr. E. T. Girling. A reception at the home of the bride's father followed. The couple will make their home in North Vancouver.

The bride was born and grew up here, graduated from St. Eugene hospital and has been practising nursing in Honolulu and at the Coast for the past two years.

Choir Sings At Rites in Fruitvale

FRUITVALE, B.C., Sept. 14—The former Vera Grace Jamieson, daughter of Mr. and Mrs. Alex Jamieson of Beaver Falls, and Anthony Ewasiuk, son of Mrs. Mary Ewasiuk of White Beach, Sask., exchanged marriage vows in St. Paul's United Church here Tuesday before Rev. D. W. More.

An afternoon dress of pink nylon over satin with a high neckline, short sleeves, a pink three-quarter length net veil held in place by a coronet and a bouquet of gladioli were chosen by the bride.

Her twin sister, Miss Verna Jamieson, was in an afternoon dress of blue nylon over satin with a round neckline and short sleeves. A coronet held her three-quarter length veil and she carried a bouquet of gladioli.

Mr. Michael Ewasiuk supported his brother, and Mr. William Ewasiuk, another brother, and Mr. Orville Jamieson, the bride's brother, performed ushering duties. Mr. Jamieson gave his daughter in marriage.

St. Paul's junior choir sang for the ceremony, and Mrs. Melvin Campbell was organist.

Twenty-two guests were served dinner at a reception at the home of Mr. and Mrs. M. Ewasiuk at Beaver Falls. A three-tiered wedding cake topped by a bride and groom figurine centred the bride's table.

The bride's mother wore an apple blossom crepe dress with a rose corsage for her daughter's wedding.

Before leaving on a wedding trip to Spokane, the bride changed to a turquoise gabardine suit with white accessories and a corsage.

Mr. and Mrs. Ewasiuk will live in Beaver Falls.

Revision in Sidewalk Policy Welcome

Laying of new cement sidewalks on Davies Street indicates a welcomed change in Nelson City Public Works Department policy. The cement walks are vastly superior in appearance and utility to the blacktop walks with which the City began its 1951 sidewalks construction program. It is earnestly to be hoped this revision in policy is to be permanent.

The Fairview project indicates another sensible move. The forms are being laid to provide sidewalk and curb in one unit. This replaces the former sidewalk-boulevard-curb pattern, and means that the space formerly occupied by boulevard is now in effect added to householders' property, providing added inducement for them to beautify the strip in keeping with the appearance of their own lawns and gardens. This is in step with the most modern outlook on street development.

Broader Defence Instrument Required

New York Times observer Anne O'Hare McCormick wrote of the recent Japan peace treaty conference:

"At no previous international conference has the Soviet bloc been so isolated and outnumbered. Never was it so clear that all the power they possess is in force and conspiracy. Certainly it is not in the councils of nations. They have no international influence outside their own sphere."

The United States State Department did not bring this about, nor the British Foreign Office. The Russians did it themselves. It is, declares the Toronto Globe and Mail, the accumulated result of all the wrongs and blunders they have committed during the last six years; wrongs and blunders which have made them universally disliked and distrusted. It represents, as Mrs. McCormick says, the failure of Russian policy, diplomacy and strategy.

This is excellent news. But it does not mean that Russia has been defeated. Her policies have failed, but her objectives have not been surrendered. If, as Mrs. McCormick says, the Russians find themselves isolated and outnumbered, that makes the danger of some desperate action on their part, some outburst of blind fury, greater than ever before. The bear is at his most dangerous when cornered.

What happens when a nation finds that it has aroused the world's opposition and revulsion? The history of prewar Germany suggests to the Globe and Mail an ominous parallel with that of postwar Russia. Having gained so much by bloodless conquest, and having learned that no more was to be obtained in that way, Hitler launched an insensate attack on Poland which set the whole world aflame. It may well be that Stalin is approaching the same state of mind as Hitler reached in 1939.

Under these circumstances, it is important to recall the warning given by Mr. Anthony Eden in Chicago last month. Mr. Eden rightly pointed out that the North Atlantic Treaty is not enough, it itself, to assure world peace. It offers protection only in one small segment of the Soviet perimeter. Some broader instrument is required; some organization which will stand guard not just in Western Europe, but in Asia, in the Middle East—at any point where a desperate Russia might try to break through.

Verse

Heedlessness

Onward and thoughtless go pulsating feet in this world,
Taking slim heed when a life could be fully sublime.
Life is one drive to a credulous goal we know not,
Yet we would waste of the wisest instruction in time.

Weak turns the natural fountain of youth down within;
Soon will the strain of excitement reduce all our vim.
Knowledge thus seems ineffective when will power's void,
Causing ourselves to be downwardly drifting within.

Strongly our will we must use and our health never cheat,
Lest that our God-given bones will forever soon sleep.

—DAWSON TURNBULL.

Things We Could Do Without

The peoples of the free world in the past few weeks have been treated to some of the most unsavory examples of conspicuous consumption recorded since the era of champagne baths and bathtub gin.

In Venice, a monocled character named Don Carlos de Beistegui threw a little party the other day to which some 3000 of Europe's untitled rich and unregistered royalty were invited. Only 600 free loaders turned up for the shindig, which was held in his palace on the Grand Canal, a reconverted shack into which Con Carlos is reported to have sunk a cool $6,750,000, or enough to make a sizeable inroad into Italy's national debt.

The party, which was held to celebrate the opening of Don Carlos' new home, cost him $200,000 and required the services of about 1000 Carabinieri and riot squad police to hold off the mobs who gathered at the invitation of the millionaire to see the sights. Don Carlos, a really democratic fellow, posted signs around Venice inviting, and we quote, "the lower classes" to drop around for free wine and cakes. When the lower classes got too numerous, Don Carlos discarded his plans for a free feed and decided instead to let the mob entertain him. So the undernourished Venetians were permitted to shinny up a greased pole for grand prizes of salami and dried codfish. With admirable restraint, the lower classes refrained from tearing the joint apart.

In other parts of Italy, the still un-Communized Italians were being taunted with more examples of regal largesse. King Farouk of Egypt was showing them how to spend $3000 a day on a honeymoon that has thus far lasted three months.

Farouk for three days running ordered a huge meal for 20 people at a Venetian inn; no one arrived. Hotelkeepers all over Italy lost regular clients in this way. In Switzerland, Farouk got bored with his entourage of 60 and ordered a wall built around his suite at a hotel; before it was finished he had a tiff with officials about photographers and left in a huff.

Don Carlos apparently got his money from the poor Mexican peasants before the revolution; Farouk gets his from the Egyptian fellahin. Not only are the exhibitions of these two in the poorest taste, but they are the surest and fastest methods of driving poor and hungry people to Communism that we can imagine. Their exploits will undoubtedly become basic studies in capitalist decline for the Russians. For us, they are feats we could well do without in very large doses.

?Questions? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions WILL NOT BE ANSWERED BY MAIL except where there is obvious necessity for privacy.

K. L., Nelson—How does one keep home-made paste from turning sour?

Add teaspoon of powdered alum to mixture of boiled flour and water.

Housewife, Creston—We are much bothered by mildew in some of the clothes closets. Is there any way to prevent this?

Put down in the closets a deep plate, or bowl, full of quicklime. This will sweeten and disinfect the place and also keep away bugs or mice. Put fresh quicklime down as soon as the first lot becomes slaked. If you have a compost heap, throw it there.

Reader, Nelson—To settle an argument, what were the pen-names under which the Bronte sisters wrote?

Acton Bell, Anne Bronte; Currer Bell, Charlotte Bronte; Ellis Bell, Emily Bronte.

Mrs. J. J., Trail—What is the best diet for a parrot?

Sunflower seeds and canary seeds, oats, peanuts, and any other kind of cracked nut, but not dried walnuts. Ripe, sweet fruit is an essential article of a parrot's diet. Avoid meat and give only plain water to drink. A little cake or biscuit is much appreciated, and a small piece of toast with scraping of butter is gobbled up, but be careful of fats. Give fair amount of green food. A gentle spray-bath is often enjoyed. As well as feeding a parrot correctly, remember to keep the bird out of the sun and away from draughts.

Press Comment

CONSCRIPTION

Can Canada build up her military defences without conscription of manpower? The Vancouver Province is doubtful. "Other democracies have the same problem, and they are meeting it realistically. They already have, or are introducing, compulsory military training for their young men. They are guaranteeing themselves a continuing reservoir of trained young men, men who can carry on in civilian life after their training but who are ready to fight in a sudden emergency. If Mr. Claxton really means that Canada must remain strong for years, perhaps a generation, he should explain how we are going to do it: He has posed a big problem, but has not hinted at the answer."

Parliamentary Cafe Open to N.A.T.O.

OTTAWA, Sept. 14 (CP) — Delegates to the meeting of the North Atlantic Treaty organization will eat meals in one of Ottawa's choice spots—the Parliamentary restaurant.

The restaurant, normally closed when Parliament is not in session, will be opened during the N.A.T.O. sessions starting Saturday.

W. Jennings, manager of the restaurant, said its use will be limited to delegates. Newspaper men covering the meetings and non-delegates will be barred, but they can use the Parliamentary cafeteria.

Mr. Jennings said no special menu is planned for the delegates. The meals will be similar to those provided for Members of Parliament during the session. They will include such things as roast beef, Gaspe salmon, salads, cold cuts and a variety of desserts.

But the prices will be increased. Normally a member of Parliament pays $1 in the restaurant. The price is being boosted to $1.50 for the N.A.T.O. meetings. The cafeteria price is being increased to 75 cents from 65 cents.

All those who will work in the restaurant and cafeteria have been screened for security purposes along with all other employees in the Centre Block where the meetings will be held.

Walker's Estate for Jennifer's Children

LOS ANGELES, Sept. 14 (AP)—Actor Robert Walker's entire estate—worth several hundred thousand dollars—will go to his two children by Jennifer Jones. His will was filed for probate Thursday. Walker, who died Aug. 28 after doctors had given him a sedative, wrote his will in 1944, when he was still married to Miss Jones, but separated from her.

Grouse Season Starts Today in W. Kootenay

Grouse hunting begins today in West Kootenay.

The season on blue, Franklin's and ruffed or willow grouse will last until October 15. Daily bag limit is six of any one species or eight of all species and the season limit is 24.

In the portion of Nelson-Creston electoral district East of Kootenay Lake blue, Franklin's and ruffed grouse are vulnerable from October 1 to October 31, and bag limit regulations are the same as in West Kootenay.

In the Fernie, Columbia and Cranbrook electoral districts the season is also from October 1 to October 31 on blues, Franklin's and ruffed grouse but the daily bag limit is three grouse other than blues or six altogether, and 24 is the season limit.

Prairie chicken or sharp-tailed grouse season in Cranbrook, Columbia and Fernie electoral districts as from October 1 to October 31, and the bag limit is two in a day, 12 in the season.

Ptarmigan season in the Cranbrook, Columbia and Fernie electoral districts is from October 1 to October 31 and the bag limit is four a day, 24 in a season.

There is no open season on pheasant in the entire district (East or West Kootenay) as the result of a survey being conducted on the pheasant population.

Duck, coot and geese hunting (with the exception of wood and elder ducks) opens today in the Cranbrook, Fernie and Columbia electoral districts and will go on until November 12.

Daily bag limit on ducks is eight, the season's 100; on coot, 25 for a day and 150 in the season, and on geese, five in a day and 25 in a season. You can't have more than 16 ducks or 10 geese with you at any time.

The season in Grand Forks-Greenwood, Nelson-Creston, Kaslo-Slocan and Rossland-Trail electoral districts is from October 1 to November 29. Bag limit is the same as above except in the Nelson-Creston district where the daily limit is three and the season limit is 18.

Migratory game birds can be hunted only between one-half hour before sunrise and one-half hour after sunset, except in the Grand Forks-Greenwood district where hour before sunrise until 6 P.M. hour before sunrise until P.M. from October 1 to 14, 5:25 P.M. from October 15 to 31, 5 P.M. from November 1 to 14, and 4:55 P.M. from November 15 to 29.

Wilson's snipe season in Columbia, Fernie and Cranbrook districts extends from today until October 15; in Grand Forks-Greenwood, Nelson-Creston, Kaslo-Slocan and Rossland-Trail districts from October 1 to October 31. Bag limit is eight a day, 50 in the season.

TAKES OVER LEAD FROM AGA KHAN'S FRAISE DU BOIS

DONCASTER, Yorkshire, England, Sept. 14 (Reuters) — The Aga Khan's Fraise du Bois, which had been favorite for tomorrow's St. Leger fell back to 8 to 1 at the final callover tonight.

Lord Millford's Sybil's Nephew, second in the Epsom Derby, was installed favorite at 6 to 1. Zuccero closed as joint second favorite with Fraise du Bois at 8 to 1.

Eighteen thoroughbreds, the largest field in 90 years, are entered for the final classic of England's flat racing season to be run over 1¾ miles here. The race, for three-year-olds, is the only classic in the North of England and annually attracts 500,000 fans. It has been run every year since 1776.

SASKATCHEWAN ROUGHRIDERS are now without speedy services of Wilf Tremblay on their backfield for the remainder of the Western Canada football season due to injuries. The veteran player from Ottawa broke the ankle and knee of his right leg when tackled after scooping up and running back a Blue Bomber fumble in recent game, which Winnipeg won 24-22 in Regina. Ironically the play was called back and the ball ruled dead before Tremblay recovered it.—Central Press Canadian.

Smokies at Home To Nelson 9, Rossland Sunday

Nelson Peerless-9 will journey to Trail Sunday to take on the provincial champion Smoke Eaters in the first half of a twin-bill.

The Smokies take on Rossland Cubs in the afterpiece.

Trail has had considerable success against both visiting clubs in previous games this season. Nelson has beaten them only once in four meetings, that an important win in the Fruitvale tournament. The Smokies, on the other hand, have twice trounced the Peerless-9 by 15-1 margins. The Cubs have not beaten Trail this year in two meetings.

I.B.C. Fined $5000 For "Padding" Ringside Rows

NEW YORK, Sept. 14 (AP)—The State Athletic Commission today fined the International Boxing Club $5000 for "padding" ringside rows for last Wednesday night's Randy Turpin-Ray Robinson middleweight title bout at the Polo Grounds.

The penalty was the maximum permitted by law, short of suspension or loss of licence, and was the heaviest ever assessed by the Commission.

Chairman Eddie Eagan said the I.B.C. violated the rules of the Commission by both lettering and numbering four rows of ringside seats.

Commission rules say the rows must be numbered and not lettered. The I.B.C. listed one row as 4 and followed it with 4A. The same thing was done for rows 6, 8 and 10. Thus a ticket-holder with a seat listed for row 11 actually wound up in the 15th row.

Harry Markson, managing director of the I.B.C., said the additional four rows totalled about 1000 seats. At $30 a ticket, that amounted to $30,000.

ROYAL COUPLE TO SEE LACROSSE IN VANCOUVER

VANCOUVER, Sept. 14 (CP) — Princess Elizabeth and Prince Philip will see a lacrosse game here Oct. 15 on the night of their one-day stay in Vancouver on their royal tour, City Hall announced today.

All-star teams from Vancouver and New Westminster will play in the special game. The Dominion finals will be over by that time.

Gagliardi, Maxwell In U. S. Golf Final

BY WILL GRIMSLEY

BETHLEHEM, Pa., Sept. 14 (AP)—Joe Gagliardi, giant-killing barrister from Mamaroneck, N.Y., and Billy Maxwell, a grim little collegian from Texas, will clash tomorrow for the amateur golf championship of the United States.

Each a 200-1 shot when the 51st annual tournament began Monday, this pair of dark horses eliminated two gallery favorites in today's double-round semi-finals, started in blustery winds and finished in a drenching rain.

Gagliardi, 39, moved down 18-year-old Billy Jacobs, Jr., the high school truant from Montebello, Calif., 6 and 5, winning on his mastery around the greens.

Maxwell, 22-year-old captain of the North Texas State College golf team, made short work of Jack Benson, the 40-year-old real estate developer from Pittsburgh, 10 and 9.

Gagliardi and Maxwell will tee off in the 36-hole final tomorrow to determine a successor to Sam Urzetta of Rochester, N. Y., who was one of the mass of favorites chopped down during this rocky week over the 6979-yard, par 71 Saucon Valley Country Club course.

This is the fourth national amateur for the Gagliardi, who never before got past the second round.

Tax Collector Awaits Turpin

LONDON, Sept. 14 (AP) — The pounding Randy Turpin took from Sugar Ray Robinson in New York Wednesday night is nothing to the shellacking he'll get from the local income tax collector.

Maybe he doesn't know it yet, but young Randy put his gleaming new middleweight crown on the line for not much more than peanuts.

By the time the Commissioners of Inland Revenue — "Mr. Bloodsucker" to rueful Britons — have applied their tight formula on him, Randy's cut of $207,076 probably will have shrunk to a little more than $37,000.

The surtax in Britain starts at the £2000 level and rises steeply from an extra 10 per cent to a slashing 50 per cent above the basic rate for everybody getting over £20,000.

Turpin got £10,000 for winning the title from Robinson in July, so most of his purse for losing it again comes in the highest bracket.

ELKS BOWLERS ORGANIZE IN KIMBERLEY

KIMBERLEY, B.C., Sept. 14 — In preparation for what is expected to be a very active season, the Elks Bowling Club has organised.

The following officers were elected—Mrs. B. McLellan, president; E. Lindsay, vice-president; Dr. B. Krasnoff, secretary-treasurer; Lois Davis, Anne Luchauski, Ken Elkerton, Lorraine Paulhus, Norman Paulhus, Jessie Kemp, Sue Langlands, Barbara Luchanski, Lois Maurice and Helen Smith formed the executive.

Balmy Beach Beats Sarnia 19-17

TORONTO, Sept. 14 (CP)—Toronto Balmy Beach, taking advantage of every Sarnia Imperials' fumble, handed the visitors a slim 19-17 defeat in an Ontario rugby football game played under the lights tonight.

Toronto scored three touchdowns but four singles, all kicked by heavy-footed Howie French gave them a narrow margin of victory. George Watson, French and Ralph Pulley scored Toronto's majors.

PROBABLY the one man hurt most by the scandal which has rocked the U.S. Military Academy at West Point, N.Y., is Col. Carl (Red) Blaik, athletic director and coach of the academy, seen with his son, Bob, right, quarterback of the Army football team. For many cadets dismissed because of cheating during exams are star gridmen who have won 25 of last 27 games played. Blaik, who has guided the "Black Knights" through five undefeated seasons in 10 years, is reported planning to resign because he is "disgusted" over the scandal. —Central Press Canadian.

Roland Miles May Be Best Break for Esks

By LORNE BRUCE
Canadian Press Staff Writer

EDMONTON, Sept. 14 (CP) — Long before the football season got under way, Coach Annis Stukus of Edmonton Eskimos was on record several times as saying "This is our year."

And Stukus has turned out to be a first-rate "crystal-ball" man.

Besides leading the Western conference as the halfway mark nears, Eskimos are getting the breaks.

What may prove to be the best stroke of luck was the acquisition of Roland Miles, a 23-year-old Negro.

Miles, who weighs 175 pounds and is five feet, 10½ inches tall, was playing baseball this Summer for Regina Caps in the Western Canada semi-pro league.

An all-American colored star last year with St. Augustine's College ning to try for a spot with Regina's at Raleigh, N.C., Miles was plan-Saskatchewan Roughriders of the Western Football Conference.

"But I was too busy with baseball," said Miles. "Then I came to Edmonton for a baseball tournament. While here, arrangements were made for me to try out with Eskimos."

He reminds Western fans of the fabulous Fritzie Hanson who ran wild with Winnipeg Blue Bombers. Miles appears to be as fast as Hanson. Opposition tacklers are finding the speedy Negro halfback just as elusive.

His wife, 27-month-old daughter and one-year-old son are living in New York and Miles hopes to get a job in Edmonton and bring his family to the Alberta capital.

WALLIE ROETTGER DIES

CHAMPAIGN, Ill., Sept. 14 (AP) —Walter H. (Wallie) Roettger, 49, former major baseball player and for the past 14 years baseball coach at the University of Illinois, died today of self-inflicted wounds.

A coroner's inquest ruled Roettger committed suicide by slashing his throat and wrists with a razor.

Dr. V. Thomas Austin, Roettger's physician, testified that Roettger had been suffering from high blood pressure that had recently become malignant. The physician said Roettger was progressively losing his eyesight, and had been despondent.

CHICOUTIMI, Que., Sept. 14 (CP) — Gerard Cabana, starry centre with the Quebec Senior Hockey League's Chicoutimi Sagueneens, announced today he is under contract to New Westminster of the Pacific Coast loop.

Meanwhile, Manager Roland Hebert announced that Ray Frederick, former Edmonton goalie, will turn out with the Sagueneens this year. Hebert said he is still looking for a left-winger and a centre.

BUD POILE, former National League star, is reported to have accepted contract to coach Glace Bay Miners in the Cape Breton Hockey League The most traded player in the N.H.L. during his career, having played with five of six big league clubs, Montreal excluded, and last season with Tulsa, Poile is said to have been offered a very attractive contract by the Nova Scotia club. — Central Press Canadian.

British Capture Tuna Tournament

WEDGEPORT, N.S., Sept. 14 (CP) —Sparked by a London stockbroker, whose skill at killing bluefins is a tradition in these waters, the British Empire team today won their first post-war World Big Game Fishing Tournament with a tuna that was the smallest and most docile.

When Maj. Cyril Frisby, a First World War V.C., landed a 269-pounder in 20 minutes in today's final session of the three day 8th International Tuna Cup Match he made the British total three, the best record of the tournament.

His own total of two fish was also the best individual mark among the 25 competitors representing five international teams.

It was a dramatic battle for second place between the United States and Scandinavia which finally decided in favor of the Americans, who got two fish today—one with only half an hour to go—after two scoreless opening days, the poundage just topped their rivals. The Scandinavians had led until today. Chile was fourth and Cuba last.

Melchiorre Alone To Face Trial in Basketball Scandal

PEORIA, Ill., Sept. 14 (AP) — A Grand Jury decided today that All-America basketball star Gene (Squeaky) Melchiorre alone should face trial for the players' part in Bradley University's basketball scandal.

The Grand Jury indicted Melchiorre and six alleged fixers but did not indict three other former Bradley basketball players.

Melchiorre was indicted for failure to report a bribe for helping rig the Dec. 7, 1950, game in Peoria with Oregon State which Bradley won 77-74.

Melchiorre, also under indictment on a similar charge in New York, faces, if convicted, 30 days to a year imprisonment and a fine of $100 to $1,000.

TRABERT IN SEMI-FINALS

LOS ANGELES, Sept. 14 (AP) — Young Tony Trabert of Cincinnati turned back the challenge of veteran Ted Schroeder of La Crescenta, Calif., in th semi-finals of the Pacific Northwest Tennis Tournament today, 6-4, 6-4, 6-3.

He will go into the finals Sunday against the winner of the match tomorrow between Frank Sedgman, Australia's No. 1 player, and Herb Flam of Los Angeles.

NEW YORK, Sept. 14 (AP) — Eugene (Silent) Hairston knocked out Jackie Keough of Cleveland with a right to the jaw in 1:29 of the ninth round tonight before a crowd of about 1,500 — one of the smallest Madison Square Garden turnouts in many years. Both weighed 159.

Yanks Down Tigers, Gain on Tribe

BY THE ASSOCIATED PRESS

Big Vic Raschi and little Yogi Berra teamed up Friday and guided New York Yankees to within one percentage point of the pace-setting Cleveland Indians.

Raschi pitched one-hit ball for seven innings and Berra clouted a grand-slam home run to escort the Bombers to a 5-2 victory over Detroit Tigers.

The triumph snapped a three-game Yankee losing streak. The Indians' night game with the Senators in Washington was rained out. The Tribe meets the Senators in a doubleheader Saturday while the Yanks again take on Detroit.

Boston's third-place Red Sox climbed to within three games of the Indians by humbling St. Louis Browns 9-6. Rookie Bob Nelman homered on his first two trips to the plate as a major leaguer for the Browns but home runs by Ted Williams, Walt Dropo and Dom Dimaggio turned the tide for Boston.

Raschi pitched no-hit ball for 5 and two-thirds innings and had allowed only one hit when he was forced to retire because of a tight shoulder in the Yankee half of the seventh. Bob Kuzava took over and yielded two hits the rest of the way.

Lefty Bob Cain, usually extremely effective against the Yanks, was bombed out in the first inning.

Nelman, up from Oklahoma City of the Texas League, homered in the second and third inning off Lefty Mickey McDermott in the game at Boston.

However, Nelman's feat was wasted as the Red Sox scored all their runs in the first three innings. Dropo climaxed a five-run first inning with a three-run homer. Williams socked his 29th with one on in the second and Dimaggio homered with one aboard in the third.

Rubber armed Ellis Kinder gained credit for the victory, his 11th compared to two defeats. Kinder took over in the seventh inning and allowed only one hit.

GIANTS BEAT CUBS 6

New York Giants defeated Chicago Cubs 7-2 in the only National League day game. Five Chicago errors helped the Giants to win.

Jim Hearn started and gained his 15th victory. He was relieved by George Spencer in the ninth with the bases loaded and one out. Spencer nailed the next two Cubs on pop-ups to end the game.

ROE WINS 20TH

Preacher Roe hurled his 20th victory of the season and Andy Pafko hit his 24th home run as Brooklyn Dodgers, National League leaders, defeated Pittsburgh Pirates 3-1 in a night game at Pitsburgh.

Pafko's circuit clout scored Jackie Robinson ahead of him in the fifth inning.

Roe stilled the Pirate bats with six hits. The Pirate run came in the eighth inning when Dick Smith's single bounced off Robinson's chest, scoring Jack Merson who doubled.

The win kept Brooklyn six games ahead of New York Giants, who won a day game.

Southpaw Bobby Shantz shut out Chicago 3-0 tonight for Philadelphia Athletics, to chalk up his 16th victory against nine losses in an American League night game. It was Shantz' third shutout of the year.

PHILLIES WIN 10-4

Philadelphia Phillies, aided by four errors, defeated Chincinnati Reds 10-4. The Phils rapped out 17 hits and scored four unearned runs in the fourth inning to insure Bubba Church's 14th win.

Boston Braves claimed a 7-4 triumph over St. Louis Cardinals after waiting more than a month to receive credit for the game in the National League records.

one out as the Cardinals were at

The game, suspended Aug. 2 with bat in the ninth inning, was completed prior to a regularly-scheduled night game between the Cards and Braves.

The game had been suspended to allow the Braves to catch a train. Cardinal runners were on first and third with Bob Chipman on the mound at that time. The Braves were leading 7-3.

Chet Nichols took over for Chipman tonight however. Nichols fanned Enos Slaughter but Red Schoendienst singled Solly Hemus across the plate before Billy Johnson was retired to end the game.

Climaxing a perfect night at the plate, Earl Torgeson knocked out a tie-breaking double in the eighth inning to drive Sam Jethroe across the plate and give the Boston Braves a 6-5 victory over St. Louis Cardinals. The triumph brought the Braves within one game of the third-place Cardinals in the National League.

JIGGS

LOST THREE DAYS. . . Although 20-year-old Edith Bishop has always been interested in following a medical career, she decided to abandon this dream after her recent narrow escape with death. The pretty Brantford, Ont., girl's heart stopped beating for four minutes when she was undergoing an appendicitis operation recently. Quick action on the part of Dr. R. W. Knight, her physician, who massaged life into her heart, brought the "dead" girl back to life. She cannot remember one detail of three days that followed her brush with death.—Central Press Canadian.

A GROUP OF U.S. BOY SCOUTS who swapped their Scout uniforms for these Scottish kilts with Scouts from Scotland during the World Scout Jamboree went into Scottish-jig routine when their ship docked at New York. The "laddies" returned recently from the Seventh World Jamboree at Bad Ischl, Austria.—Central Press Canadian.

U.N. NAVY FLIERS raided this bridge in East Korea, which has been object of their attack in previous sorties, and succeeded in knocking out more of the original span, and sections of the repaired bridge. Red supply train operations have been reduced to a trickle of short-haul traffic since last January, as a result of U.N. bombing of the East Korean coast railway system.—Central Press Canadian.

AT A HISTORIC LUNCHEON in Tokyo, Premier Shigeru Yoshida, who left shortly after for the San Francisco peace treaty conference, told the Japan-American Society that his country was indebted to the U.S. for a "fair and magnanimous" pact. In the group of guests (left to right) are Supreme Commander Gen. Matthew B. Ridgway, Governor Earl Warren of California; Premier Yoshida and U.S. Ambassador William J. Sebald.—Central Press Canadian.

Market Trends

NEW YORK, Sept. 14 (AP) — Losses were not large, with $2 the practical limit. On the other hand there were more leading issues with gains than losses of that amount.

Canadian issues were dull, with only two gains. International Nickel dropped ¼; Dome Mines and Canadian Pacific were down ¼. McIntyre, Hiram Walker and Distillers Seagrams were unchanged. On the curb, Lake Shore and Giant Yellowknife each gained ⅛. Royalite Oil was unchanged.

TORONTO (CP) — Industrials continued to climb steadily. The Exchange's index of 20 selected issues gained more than two points to reach 359.57.

Trading was again active, but volume decreased slightly from yesterday's mark to 4,500,000 shares.

MONTREAL (CP) — Securities advanced strongly.

Gains ranged from small fractions, with the odd issue dropping a point or so.

Trading was active.

LONDON (Reuters)—Dullness in domestic stocks and firmness in overseas issues gave irregularity in small end-week trading today.

Canadian dollar stocks continued their recent advance, and there were gains in Japanese and German bonds.

VANCOUVER, Sept. 14 (CP) — Trading was fairly active with oils making the best showing.

Calgary Livestock

CALGARY, Sept. 14 (CP) — The Calgary Livestock Market was closing steady on light receipts today. Only 265 cattle and calves were available.

Butcher steers and heifers were fully steady. Cows were in good demand at steady prices. Stocker and feeder steers were steady at the week's advance of 50 cents or more. Veal calves were steady to strong.

Hogs dropped $3.50 Tuesday to close at $33.50. Sows were steady at $18.50. Good lambs closed at $29, good ewes at $17 to $18.50.

Good to near-choice butcher steers, $36 to $36.50; common to medium, $27 to $32.50.

Good butcher heifers, $31.50 to $33; common to medium, $26 to $31.

Good cows, $26 to $27.50; common to medium, $23 to $25.50; canners and cutters, $18 to $22.50.

Good bulls, $26.50 to $27.50; common to medium, $24.50 to $26.

Good stocker and feeder steers, $33 to $34.50; common to medium, $26 to $32.50.

Good to choice veal calves, $34 to $37; common to medium, $26 to $33.

Gas Essential to Copper Operations?

BILLINGS, Mont., Sept. 14 (CP)—The question of whether gas is essential to operations of the Anaconda Copper Mining Company was stressed today at a United States Federal Power Commission hearing.

The Commission is hearing a Montana power company application to import Alberta natural gas to ensure a safe supply for Anaconda.

Two Plead Guilty To Armed Robbery

SASKATOON, Sept. 14 (CP) — Two Vancouver men who pleaded guilty to armed bank robbery will be sentenced tomorrow.

In police court today, magistrate B. M. Wakeling remanded them to tomorrow for sentence after a plea for leniency was made on behalf of Pete Melnyk, 37, alias Carl Berrick, and John F. Hunter, 30, by their counsel.

Melnyk and Hunter pleaded guilty to robbing a Saskatoon branch of the Royal Bank of Canada of $10,731 a week ago and stealing an automobile owned by Marion Graham, a Saskatoon school teacher.

Remac Shows 1000 Foot Vertical Range

Reeves-MacDonald Mines, Ltd., now has its orebody sufficiently developed to show "remarkable uniformity" through a vertical range of nearly 1000 feet, according to a new report by the British Columbia Department of Mines.

The department said there was "little detecable difference" in outline of character of ore between serveral of the uppermost 50-foot levels. Average length of the main orebody is approximately 350 feet, the report indicated, with widths of 70 feet and a thickness of 40 feet. The body terminates in a wedge to the east, and in two tails on the west.

According to the report, the tails are as much as 20 feet thick, and are lower in grade than the main body. Full extent of the tails is not known, but one stronger hanging-wall tail has been traced for 250 feet.

The mine is located just above the International border near Nelway. According to reports last week, the mine attained a record monthly tonnage of 29,000 tons during August.

100 Years Ago Banks Had Trouble Changing $5 Bill

By FORBES RHUDE
Canadian Press Business Editor

If you walked into a bank today and asked it to change $5, you would be rather surprised if the bank said:

"Sorry, we are out of change."

Yet, 100 years ago or so, such a reply would not have been surprising.

For one of the problems of the time, for banks or businesses, was to get hold of enough bills and coins to carry on day-to-day transactions. All sorts of strange coins, including doubloons and Spanish dollars, crossed the counters in an attempt to meet the shortage. Banks, while sharing the problem, could at least alleviate it by providing a common place for valuation and exchange.

This situation is recalled in the current Monthly Review of the Bank of Nova Scotia, which tells about the beginnings of the institution in 1832, as a sort of foreword to the opening in Toronto Sept. 25 of the bank's new 25-storey executive office building.

One of the problems of getting started at all, even though the necessary capital had been subscribed, was to get enough notes and specie; though they were obtained in time from New York. And, in the early years, the agent at Pictou wrote to the head office at Halifax, 100 miles distant, to say:

"Gather all the sterling money you can for me and I will make some person going down with a sled call for it as soon as sleighing is good. Change is so scarce I find you have never sent enough of it here, for which you have suffered more severely than you are aware."

The Review comments:

"The problem, of course, was that of all young and expanding colonies—the heavy import needs which tended to drain off cash as rapidly as it was earned—but it was complicated in Nova Scotia by the bewildering array of gold and silver coins of various weights, fineness, and degree of baseness."

The bank remained within the Maritimes until the 1880s, when a branch was opened in Winnipeg in response to the lure of the "Northwest". But, from the first, due to farflung Maritime shipping enterprises, letters and advices flowed in from New York, Boston, London, Liverpool, Jamaica, Barbados, Martinique, Bahia, Pernambuco, "Demerary", Leghorn and Naples.

And, despite Canada-wide expansion, the Review says:

"Still, in a very real sense, Halifax is its 'home-town', just as the home towns of many of its officers, though they may be stationed as far away as Vancouver, San Juan, London or New York, are the cities, towns and country areas of the Maritimes."

Fined $250 on Manslaughter Charge

VANCOUVER, Sept. 14 (CP) — John Joseph Dillane, 52, today was fined $250 after his conviction on a charge of manslaughter.

The charge arose from the July 15 street-corner death of Stanley Deren, 53. The crown said a blow from Dillane's fist knocked Deren to the sidewalk.

The jury added a strong recommendation for "leniency and mercy." Dillane claimed he hit Deren in self-defence after Deren had swung at him.
