Bidault Forms New Governmen

First French Cabinet Without Socialists Since Country's Liberation

PARIS, Feb. 7 (CP)—Prime Minister Georges Bidault today formed a new government, the first which has contained no Socialist Ministers since the liberation.

After three days of discussion, Bidault early this morning announced that nine new Cabinet members have been appointed to replace the Socialist Ministers who resigned Friday and caused a Cabinet crisis.

New ministers named today are:

Henri Queuille, Radical Socialist (Conservative) who was Vice-Premier in Bidault's last Government, Interior Minister. Queuille is a former Prime Minister.

Jean-Marie Louvel, Mouvement Republicain Populaire, Minister of Industry and Commerce.

Paul Bacon, M.R.P., Labor Minister.

Jacques Chastellain, Moderate, Minister of Transport and Public Works.

Charles Brune, Radical Socialist, Minister of Posts, Telegraphs and Telephones.

Andre Colin, M.R.P., Secretary of State for the Interior.

Names of the other new Ministers will be announced later today.

The first difficulty Bidault's new government will face will be the resumption of the second reading of the bill to restore free wage negotiation between unions and employers.

This bill has caused differences between the Radical Socialists on one side and the Socialists and the M.R.P. on the other. It caused the resignation of the Socialist Ministers.

Angry Miners Quit Work . . .

President Invokes Taft-Hartley Law

WASHINGTON, Feb. 6 (AP)—President Truman today invoked the Federal Taft-Hartley Labor Law in an effort to restore coal production.

He appointed a Board of Inquiry headed by David L. Cole, Paterson, N.J., lawyer, to look into the issues at dispute.

The other members are William W. Wirtz and John Dunlop.

In view of the emergency, the President instructed the Board to report "not later" than one week from today.

Mr. Truman's move sets in motion T-H Law procedures that could lead to a court order a week or 10 days from now for the miners to get back to work for 80 days.

Presidential Secretary Charles G. Ross said Mr. Truman's order covered only the soft coal industry.

He said the three board members had accepted the appointments and would meet in Washington tonight to begin work.

When the President acted, reports from the coal fields indicated at least 360,000 soft coal miners were idle.

Coal production was down to the merest trickle. Without ot, many industries will have to close soon, throwing thousands out of work. In many cities, coal supplies for home heating are short.

Mr. Truman's order creating the Board of Inquiry said the dispute between the United Mine Workers and the Soft Coal Idustry "has resulted in a strike or lockout affecting a substantial part of the Bituminous Coal Industry" and that the "strike or lockout, if permitted to occur or continue, will imperil the National health and safety."

...PITTSBURGH, Feb. 6 (AP)—The Soft Coal Strike burst itno a Nation wide walkout today with angry miners in nearly a score of states joining in an all out bid for a contract showdown.

As the number of idle miners skyrocketed from the 100,000 out last week in six states to at least 360,000, production of bituminous (soft coal) plummeted. Roeing pickets were active in some areas.

"Let's wait and see what happens now," declared a grizzled veteran of the Pennsylvania pits.

He reffered to reports President Truman had invoked the Taft Hartley Act against John L. Lewis and his United Mine Workers.

Surveys showed no Union diggers at work in Pennsylvania, West Virginia, Illinois, Utah and Tennessee. Other states said incomplete checks indicated a total work stoppage.

State-by-state reports give a picture; which included:

Pennsylvania—all 100,00 U.M.W. miners idle. About 80,000 anthracite (hard coal) diggers are still at work while contract negotiations continue.

West Virginia—practically all the 120,000 unionized mine workers are refusing to work. Pickets are reported roving some fields in auto caravans to make sure all pits are down.

Miners are "sick and tired of the way John L. Lewis has been humiliated by the operators, backed by the Federal Government," said President William F. Minton of U.M.W. District 28 (Virginia).

Minton said about 60 U.M.W. locals in Southwest Virginia voted unanimously to strike. He declared operators are "trying to break down the union by refusing to sign new contracts".

Canadians Being Held as Hostages By Trade Unions

OTTAWA, Feb. 6 (CP)—A former Canadian National Railways Director charged today that Canadian Trade Unions are holding the people of Canada as "hostages" in order to exact demands from the railways.

Edward J. Young of Toronto told the Royal Commission on Transportation that the unions are "too powerful".

"The unions are too strong to exist in a Democratic country", he said.

Mr. Young, Director of the C.N.R. from 1942 to 1949, urged that some of the power be stripped from the unions.

Like any other monoply, unions should come under the terms of the Combines Act, or some other law which would put a check on their power to get what they demand.

"There must be something wrong with laws and practices", said Mr. Young, "that enable one group of private citizens responsible to no one but themselves to hold the people of Canada as hostages for the performance of another group".

He referred to the demands of railway workers for wage increases in 1948. The workers had threatened to strike and thus put the whole Canadian economy in jeopardy. Finally the Government intervened and had to meet the demands of the workers for an increase of 17 an hour.

Parole Granted to One-Time Leader Of Silver Shirts

WASHINGTON, Feb. 6 (AP) — The U.S. Parole Board today granted parole to William Dudley Pelley, founder and one-time leader of the Silver Shirts of America, who was convicted of sedition during the Second World War.

The 60-year-old Pelley has been in penitentiary since late in 1942, serving a 15-year sentence imposed by the Federal District Court at Indianapolis. He will be freed Feb. 14.

Safety Lighting Program to Be Started in Vancouver

VANCOUVER, Feb. 6 (CP) — Vancouver this year will start a $200,000 program to provide major strets with modern safety lighting.

Aldermen today approved the transfer of the sum from a fund formerly allocated for fire alarm and police patrol systems.

VICTORIA, B.C., Feb. 6 (CP) — Appeal Court yesterday dismissed the appeal of Emlyn Morgan against conviction and two-year penitentiary sentence for retaining stolen goods after hearing that Morgan had filed an application to abandon his appeal.

Comes for Three Weeks, Stays For Eight Years

KITCHENER, Ont., Feb. 6 (CP) —The man who came to dinner and stayed was small time compared to Magistrate H. R. Polson, the Magistrate likes to remind his friends. He came here eight years ago Saturday as relieving magistrate for "two weeks." He has been here ever since.

Ice Carries Small Boats to Harbor

VANCOUVER, Feb. 6 (CP) — Fifteen small boats were carried into Vancouver harbor today when the ice broke up in Seymour Creek on the North shore.

The boats were carried into the harbor when floats at the mooring basin were ripped out by ice coming down the creek.

Efforts were being made to save another 20 boats at the Seymour boat moore threatened with a similar fate.

LOS ANGELES, Feb. 6 (AP) — Fred Stroble today was ordered to die in the State's gas chamber for the brutal sex slaying of six-year-old Linda Joyce Glucoff.

Judge Charles W. Fricke pronounced the sentence, abruptly ending the 68-year-old ex-baker's fight for a new sanity trial.

Chi... KS MEN TO PUT OFF PHONE STRIKE

Would Involve Over 300,000 Workers

WASHINGTON, Feb. 6 (AP)—Conciliation Director Cyrus S. Ching today asked the C.I.O. Communications Workers to put off any strike until Feb. 24.

He asked that they advise him by noon tomorrow whether they would cooperate.

DEPENDS ON UNION

NEW YORK, Feb. 6 (AP) — President Ernest Weaver of Division 6 of the C.I.O. Communications Workers said today the division will "no doubt comply" with a request for a telephone strike postponement if the union's international office so directs.

The strike would involve more than 300,000 workers in the Bell Telephone system. The installation division is a key unit, with 11,000 workers in 43 states.

"Peace Pact" Violated, Claim Sons

VANCOUVER, Feb. 6 (CP)—British Columbia authorities today were acused of breaking the recently concluded "Peace Pact" with the Sons of Freedom in the Kootenays.

In a letter to Inspecter R. S. Nelson of the B. C. Provincial Police, Nelson District, a group of Doukhobors warned:

"We cannot be responsible . . . for what ever may follow after, as there will appear to be more than what you are calculating."

Authorities believe the letter was prompted by a report published in the Nelson Daily News which said warrents for the arrest of a large number of Doukhobors were soon to be issued.

(The letter to Inspecter Nelson was signed by 12 members of the Sons of Freedom, and came from colony headquarters at Krestova, near Nelson. It said:

". . . you are violating the peace terms upon which we made our confessions and repentance. By arresting one of our brethren you are violating the peace terms of our agreement in the very time when we are on the threshold of leaving this country."

The Government has started prosecution of three Doukhobor leaders —Michael (The Archangel) Verigan of Hilliers; John Lebedoff, a leader of the radical Sons of Freedom, and Joseph Podovinikoff, secretary to Verigin.

Lebedoff said early last year that he planned to take his followers from Canada, either to Russia, from where the Doukhobors came 50 years ago, or to Turkey.

At a peace conference in December, The Sons of Freedom signed a pact with authorities to end strife and violence in the Kootenays, long the scene of fire-raids, dynamiting of schools and public buildings, and homes.

Inspector Nelson, now at Grand Forks, denied that he had reported more arrests were planned, but he refused comment on the letter.

Verigin, head of a colony at Hilliers, on Vancouver Island near Nanaimo, and the two others were arrested Feb. 2 on charges involving conspiracy and lawless behavior. They will appear in court at Nelson Feb. 9 for preliminary hearing.

PLANES SEARCH INTERIOR FOR MISSING PLANE

VANCOUVER, Feb. 6 (CP) — An airsweep of British Columbia's vast Interior for clues to the whereabouts of the missing C-54 began from here today despite poor visibility in the sparsely-populated search area.

Seven planes, one of which was forced to turn back by bad weather, took off from International airport in the hunt for the United States transport, which disappeared Jan. 26 with 44 persons aboard.

The planes, which will make a pattern search extending from the International Boundary to Fort Nelson in Northern, B.C., are part of the R.C.A.F.'s No. 12 group.

Reserve Judgment In Safeway Claim

VANCOUVER, Feb. 6 (CP)—Judgment was reserved today by Supreme Court on a claim of Safeway Stores, Ltd., to recover $141,000 in connection with the purchase of the Empress Manufacturing Company.

In the 31 days taken up by the hearing, there were more than 1900 pages of evidence, and 143 exhibits filed.

Safeway Stores sued the George W. Thompson Estate, together with William Ritchie Dowrey, Vancouver merchant, and John Lyman Trumbull, Vancouver importer.

The defendants are alleged to have been trustees for Safeway of 3062 shares of the Empress Company, which they purchased in 1936 for $175,000 and sold three years later to Safeway for more than $316,800.

The defendants are asked to account for the profit they made in the sale.

Nominations for U. K. Elections Opened

LONDON, Feb. 6 (CP) — Official nomination of more than 1800 candidates for the Feb. 23 election began today, with labor and Conservatives planning to contest nearly all 625 seats.

The closing day for nominations is Feb 13.

Liberals are likely to put forward more than 450 candidates and Communists intend to nominate 100. About 60 Independents will stand.

The nominees will include 120 women.

B.C. Leads in Canadian Power Installations

VICTORIA, B.C., Feb. 6 (CP) — Figures released by the British Columbia Government today showed the province led Canada in hydro-electric power installations for 1949.

B.C. added 228,300 horsepower — almost half the Canadian total of 479,000 horsepower.

The province now ranks third behind Ontario and Quebec in that order with just over a million horsepower capacity.

Canada's total is 11,622,668.

The greatest single addition in Canada was at Bridge River where the B.C. Electric added two 62,000 horsepower units bringing the total plant capacity to 186,000.

B.C. Electric also installed a third unit o 147,000 H.P. to its Ruskin plant at Stave Falls for operation in 1950.

On Vancouver Island, two 28,000 horsepower units were added to the John Hart development and the Ladore Falls storage dam was completed.

On the Kootenay River, the Consolidated Mining and Smelting Company added a third 37,000 horsepower turbine in its Brilliant plant.

Smaller installations during the year included: 6750 H.P. in the City of Nelson plant on the Kootenay River; 3650 by the B.C. Pulp and Paper Company at Woodfibre and 1200 H.P. in the company's plant at Port Alice, Vancouver Island, replacing a 300 H.P. unit.

Powerful New Rocket for U.S.

WASHINGTON, Feb. 6 (AP) — A powerful new aircraft rocket, nicknamed the "Mighty Mouse," has been developed by the United States Navy for air-to-air combat in any future war.

The Defence Department took the wraps off the secret project today with the announcement that the rocket has been successfully test-fired over the California desert.

The Department sketched this picture of the new weapon:

It has far greater speed and range than aircraft rockets developed during the Second World War.

It is small enough to be carried in quantity by its "mother" aircraft, yet fast and powerful enough to destroy any known plane with a direct hit.

It was built specifically for use in modern, high-speed planes against other aircraft.

"The new rockets may be fired singly or in salvo from the launcher, which is attached to the airplane's wings or its fuselage," the Department said. "They are aimed by aiming the aircraft (at the target)."

The Department called it the "first successful air-to-air rocket."

The "Mighty Mouse" was designed for use with a new type airplane rocket launcher now under development by the Navy.

To Know May'12 Which Canadian City To Get Empire Games

VANCOUVER, Feb. 6 (CP) — Which Canadian city will get the 1954 British Empire Games will hang undecided a little longer.

The answer, says Bob Osborne, President of the Amateur Athletic Union of Canada, will be known May 12.

Ingrid Bergman's Son Reported Weak

ROME, Feb. 6 (AP)—Ingrid Bergman's son, Roberto, is weak, and plans for the infant's baptism in the Roman Catholic faith have been postponed, a spokesman for Roberto Rossellini said tonight.

Miss Bergman was visited by a Roman Catholic priest this morning, and it was thought then she was arranging for the baptism. Rossellini is a Roman Catholic, Miss Bergman is not.

69 Men Pay Fines

VANCOUVER, Feb. 6 (CP) — Fines totalling $1570 were paid today in police court by 69 men, seven of them convicted as keepers of gaming houses and the others as inmates.

They were arrested in separate raids during January by the police gambling detail.

UNEMPLOYMENT IN U.S. HIGHER

Hits Highest Peak Since War; to Extend Canadian Insurance

WASHINGTON, Feb. 6 (AP) — Unemployment in the United States jumped 991,000 in January, sending the number of jobless to 4,480,000—highest since the war.

Commerce Secretary Charles Sawyer, announcing the development, blamed the rise in unemployment on bad weather, the holidays, and the normal "mid-Winter lull in trade and outdoor work."

"It is noteworthy," he said, "that industrial employment did not appear to be materially affected. A year ago, industrial layoffs were an important factor in the rise of unemployment".

A "sizeable increase" in unemployment was to be expected in December and January because of seasonal developments.

TORONTO, Feb. 6 (CP) — The Federal Government is considering extension of unemployment insurance coverage, Praime Minister St. Laurent has advised Toronto City Council.

The Prime Minister's letter was in reply to a resolution forwarded by Council asking that the Federal and Provincial Governments assume full responsibility for care and assistance of employable unemployed persons.

"The Federal Government is already making a substantial contribution through unemployment insurance", Mr. St. Laurent said. "In this connection I am advised that on Jan. 12, 64 per cent of persons registered for employment in the Toronto area were in receipt of unemployment insurance benefits or were waiting for their claims to be processed".

Mr. St. Laurent added that "the Federal Government is considering coverage extention, "but any such recommendation could not be implemented until Parliament has adopted the necessary legislation".

Scientists Saved By Ottawa Pilot, Six Still Remain

By DOUGLAS LIVERSIDGE

ON BOARD JOHN BISCOE, Antarctica, Feb. 6 (Reuters)—A rescue plane piloted by Peter Borden St. Louis of Ottawa today took off three more of the British scientists who have been marooned on Stonington Island in the Antarctic.

A week ago St. Louis flew out two other British scientists. Six more still remain of the 11 men marooned on Stonington Island for more than two years.

Bad weather had prevented the planes making another attempt since the first rescue.

During the week-end the frail rescue aircraft narrowly escaped destruction when ice floes five feet thick headed for the tiny cove in the Argentine Islands where it was anchored about 300 yards from the rescue expedition ship.

HEAVY PENALTIES FOR MONTREAL HOLD-UP MEN

MONTREAL, Feb. 6 (CP) — A criminal court judge, in an effort to halt the steadily increasing numbers of hold-ups in the Montreal area, today urged newspapers to publicize the heavy penalties in store for hold-up men.

The request came from Judge Gustave Marin, following his sentencing of three young men to five years in prison for stealing $15 from a taxi driver in an armed robbery.

The convicted men were Angel Hudama, 23, Andrew Caron, 21, and Marcel Bernier.

Their sentencing came in the wake of widespread weekend police raids on all-night drinking spots and pool halls during which scores of persons suspected of participating in minor vice and gambling operations were taken into custody.

Wants Industry for Laurentian Resort

MONT TREMBLANT, Que., Feb. 6 (CP) — The Laurentian resort village whose residents depend largely upon snow and skies for a livelihood is seeking a permanent industry which does not hang in balance with every Winter weather report.

Resort business this season has been the poorest in many years due to lack of snow. Losses in revenue are estimated to run about $3,500,000.

Rev. C. H. Deslauriers, the district parish priest who led mass prayer sessions for the "white cold" while food baskets were being passed out to needy families a few weeks back, said today "we cannot depend on tourist trade to keep our people going any longer."

He said he hoped to bring a hosiery mill to Mont Tremblant, one that would employ between 75 and 100 persons with a monthly payroll of between $10,000 and $12,000.

Snow Slide at Coast Traps 37 Passengers

Snowbound 7 Hours Before Freed; Train Traffic Hit Again as Thaw Brings Slide; Airlift Back in Force

VANCOUVER, Feb. 6 (CP) — Thirty-seven passengers were trapped for seven hours early today when slides in the Fraser Canyon partially buried a Canadian Pacific Railway passenger train.

Freed after frantic digging by work crews, the passengers were taken to the Fraser Canyon town of Yale. They will be returned to Vancouver.

Company officials said no one was injured when the snow cascaded down on the train, bottling up seven cars.

Balmy temperatures—the overnight minimum here was 37 above—have tumbled many slides in the canyon, 115 miles East of here, once again severing rail connections with the East.

Both Canadian National and Canadian Pacific Lines are blocked. Telegraph communications also are disrupted. No trains will leave or enter Vancouver today.

Telephone circuits were ripped out by slides around Boston Bar, in the canyon, cutting off Vancouver from Prince Rupert, Williams Lake, Quesnel, Prince George, Ashcroft and Lytton.

A minor storm moved across the coast during the night and brought snow to points East of Kamloops, in the Interior.

One C.P.R. train managed to thread through the Fraser Canyon last night. The second transcontinental train, however, was trapped in the slide-vulnerable area.

Warm air covered Prince George, 510 miles North and cold spot of the Province this Winter. Where 40 below temepratures were commonplace, the mercury read six above today.

Cranbrook, too, escaped the clutches of bitter cold. The minimum reading today at that interior city was 21 above.

A cold mass is hanging over Northern B.C., however. It extends to within 100 miles of Prince George.

The weatherman said there would be no break in the lower mainland's mild spell for at least 48 hours.

EDMONTON, Feb. 6 (CP)—Less than a week after its service returned to normal conditions, the Canadian National Railway today is again operating an emergency airlift between here and Vancouver.

About 60 passengers from points East were flown out yesterday, and 55 were "lifted" out today in a chartered North Star aircraft.

Arrested

A top British atomic scientist, Claus Fuchs (above), was arrested in London as the result of FBI digging into leaks of A-bomb secrets to Russia. London dispatches said Fuchs was charged with two violations of the Official Secrets Act in Bow Street Court. This photo of Fuchs was made available by FBI headquarters in Washington. Prov. Parliament To Open With Colorful Display

VICTORIA, B.C., Feb. 6 (CP) — There will be extra color at the opening of this year's session of the Provincial Legislature, a week Tuesday.

Two Indians in native costume, including feathered head dress, will appear before the lawmakers to give thanks to their "white brothers" for voting privileges they received at the last session.

Among their audience will be a "red brother," Frank Calder who is the first Indian to be elected to the Legislature. Member of the C.C.F. Opposition, he represents the Northern Area Constituency.

Malakoff Free On $5000 Bail

Peter Malakoff of Krestova, held on a general charge of participating in acts of violence in the District Monday was released from B. C. Provincial Police custody on bail of $5000.

Malakoff was the second to be released on bail within a week. John Lebedoff, a Krestova leader, was set free last Thursday on $50,000 bail.

Mr. Malakoff was released by Stipendiary Magistrate William Irvine until he appears for preliminary hearing. Four fellow Sons of Freedom put up the bail which set him free.

Bail has also been set for William Perepelkin, John Sherstibatoff and Peter Babakaiff held on similar charges. Bail for the four was set at $20,000.

Two others, Michael (Archangel) Verigin and Joe Podovinikoff of Hilliers are still held, bail having been set at $50,000 each.

TO STOP STEEL SHIPMENTS TO EAST GERMANY

BERLIN, Feb. 6 (AP)—The West German Government has decided to stop all steel shipments to Eastern Germany because the East zone has failed to fulfil a trade agreement American officials said today.

Simultaneously, British authorities declared the recent Russian slowdown of highway traffic to Berlin was a smoke screen to hide East Germany's economic plight.

Would Ban Fishing Outside Limits

VANCOUVER, Feb. 6 (CP)—Japanese and Russian floating canneries were described today as a threat to the Pacific Northwest Sockeye Salmon fishing industry.

Before a session of the International Pacific Fisheries Commission, Secretary Alvin Anderson said all sockeye fishing outside the three-mile limit off British Columbia and United States shores should be banned.

Mr. Anderson said techniques being developed in out-of-limit waters of Cape Cod and Cape Cape Flattery by American fishermen may eventually lead to Japanese and Russian opposition.

Frozen Rain Rattles on Nelson Roofs; Slides Block Road Briefly

Mild weather that pushed its way in to Nelson District over the week-end to break the long cold spell, continued to melt snow at a rapid pace Monday. A frozen rain fell in the early hours, tiny particles of ice bouncing off car, and roof tops and against metal signs. A similar fall was reported at Crescent Valley.

Rain fell throughout the day leaving slush and water covering Nelson streets and sidewalks. Ice on the West Arm began to break up for the first time in weeks.

The heavy, wet snow caused several slides over the Nelson-Kaslo highway between Coffee Creek and Ainsworth, but by Monday night the road was again open to traffic.

Provincial Public Works officials said Monday that all the main highways were open and that plows and crews were busy.

More slides were expected on the Nelson-Nelway highway and along Slocan Lake.

SLIDES HALT BUSES

Buses to and fro from district points encountered some difficulties and morning buses to Nelson from Kaslo were forced to turn back when slides blocked their path. The Cascade Highway was also closed for a short time Monday blocking bus runs, but it too was reopened later in the day. Trips to other points were being made close to schedule.

Canadian Pacific Railway trains bucked slides and a few storms as they ran several hours behind schedule. The Westbound passenger reached the Nelson station over two hours late while a local No. 12 made up at Penticton, arrived five hours and 30 minutes late. The last passenger train pulled out of Vancouver for Nelson Friday and officials could not tell when operations would resume.

A train attempted the run Saturday, but turned back to the coast when it encountered slides in the Frazer Canyon.

Canadian Pacific Airlines continued operation although Monday's flight came in to Castlegar over two late.

The thaw was a welcome relief for Kootenay residents. The warmer weather and rain quickly melted ice and snow on housetops and residents didn't have to keep taps running for fear of frozen pipes.

Temperature extremes for Nelson Monday were 38.7 degrees and 22.9 degrees. Precipitation measured .46 of an inch.

It was the first time since Jan. 22 that the thermometers have registered above the frost point.

Fire Department Saves Bossy in Well

PORTLAND, Ore., Feb. 6 (AP) —What to do when a cow falls in a well?

Call the fire department, advises Wesley Shepersky of nearby Jennings Lodge. That's what he did early today when he found his cow, Bossy, at the bottom of an 18-foot well.

The Oak Lodge Fire Department took it right in stride, too. They manned a hand pump and began sloshing out the 12 feet of water that had broken Bossy's fall.

Then volunteer fireman Hubert Kliendendorst went home for the power shovel he owns. Others slung hoses under Bossy's belly, and attached them to the shovel.

Out came Bossy with no more damage than a skinned tail.

And in This Corner —

LONDON, Feb. 6 (AP)—Amateur boxer Bert Smith showed up two pounds overweight for a flyweight (112-pound) fight.

His pals popped him into a baking oven.

"He's browning lovely," they reported as they watched through a glass door.

After 90 minutes they called him "done."

He made the weight exactly and won his fight.

SCRANTON, Pa., Feb. 6 (AP)—Judge T. Linus Hoban appeared startled as attaches dragged a key exhibit into County Court.

"What have we here?" he asked.

"It's a bear," he was told, "the corpus delicti."

"Looks a little cold," commented His Honor.

Mike Gladish, of Old Forge, Pa., explained that he shot the bear last December and thereupon was fined $200 for killing a bear cub.

Gladish appealed the fine and the bear was frozen to be presented as evidence at the hearing.

The State contended the bear was only 10 months old. A veterinarian testified, however, that his examination showed the bear was more than a year old.

Gladish said he didn't care about the fine, but wanted to uphold his reputation as a hunter.

Judge Hoban sustained his appeal and the bear was dragged out of court.

TORONTO, Feb. 6 (CP)—How about two pounds of Hemingway and 10 pound of the Encyclopedia Britannica? That's how a downtown bookstore attracted customers today. The sale price: 29 cents a pound—or five for a dollar.

DETROIT, Feb. 6 (AP)—Bob, an ancient pet parrot, won't be without his cracker after his master is gone.

George M. Blair, 63, a retired Pittsburgh policeman, said today he has willed all of his estate, currently valued at more than $40,000, to the bird.

"He's the only friend I have," Blair said. "He has the gift of gab and deserves every penny I'm giving him."

Bar Maid "Just a Novelty," Says Nelson Creator; Hopes to Sell Plan

"Just a novelty."

That is the way that Joseph Mermet described his automatic bar maid, on display for the last time today in a Baker Street store window. But it's an impressive example of workmanship and inventiveness, all the same.

Mr. Mermet, a cabinet maker by trade, put over $1640 in effort and materials to make the lovely automatic liquor cabinet, radio and record player combination, he said Monday night.

Eight months of work went into the finished article, five of intermittent work and three of steady work.

The bar, for dispensing drinks, operates automatically, as do the doors, by an electric motor.

Skilled craftmanship has made the cabinet a thing of beauty, with its polished Honduras Mahogany case, mirrors and radio and record player.

This is the second time that he has attempted such a project. The first, exactly the same except that it has no radio, is now in the possession of James Madden of Nelson.

Mr. Mermet would like to keep this cabinet, but it may be sold, he said. He has recieved an offer of $1000 from a coast buyer.

He does not plan to make any to sell commercially. In a small shop the price would be too high if it were to sold profitably, and the construction would take too much time.

PATENT SOUGHT

Mr. Mermet has applied for patents on the automatic bar maid, and automatic doors which swing open to allow the bar to slide into use.

His plans are to try to sell the idea to a radio company in order to give them a novelty radio. It could be manufactured on a large scale basis fairly cheaply, as well as provide a company with a new product.

Working as he did, with no blueprints, but just plain "headwork", Mr. Mermet says the combination took considerable longer to make than if it were made from drawn plans. He did all the work on the cabinet as well as the metal work needed on the project, himself.

Other adaptions, instead of the bar, he said, would be to have a radio, record player and sewing cabinet, or a desk along the same design.

Coast Boy Killed In Traffic Accident

VANCOUVER, Feb. 6 (CP)—The third traffic fatality for Vancouver's 1950 season was recorded late today when five-year-old Martin Levine was in collision with an automobile.

The child was helping a friend deliver invitaitions to the friend's birthday party.

Police haid the driver of the car was Leonard Bissky.

The boy, son of mechanic Julius Levine, was pronounced dead on arrival at hospital.

Slocan School District Ratepayers To Vote on $96,000 Bylaw Feb. 18

The Slocan School Board, meeting in New Denver, gave third reading to the secondary school by-law which is to be voted on Feb. 18.

This by-law if passed will authorize the borrowing of $96,000 for a school building program in Slocan District No. 8.

The rural area's share will be $91,000 while Slocan City's share will be $5000. In addition there will be a Government grant.

The money will be used to:

Construct a two-room high school in the South Slocan area to which older pupils from Vallican, Passmore, Slocan Park and Crescent Valley may be transported. These pupils at the present time have no chance to go to high school in their home area.

Construct a two-room high school in Slocan City to which students from Winlaw, Appledale and Perry Siding may be transported. At present 95 pupils attend the Slocan City High School which is desribed as an "unsatisfactory rented building.

Provide washrooms and central heating in Slocan Elementary School.

Construct four class rooms and an activity room to replace the Japanese Commission huts in New Denver, and to which pupils from Hill Sidings, Rosebery and Silverton may be transported.

Plans are made to hold public meetings to talk over the by-law with ratepayers before the voting day.

On the 10-Pin Alleys

J. McMillan led his team to victory over J. H. Allen's smashers in the Collinson Cup competition in the Legion bowling Monday night. The scores were McMillan, 1632 and Allen, 1561. High single was J. McMillan with 204 and 491.

J. ALLEN — H. Cross 299; W. Leslie 387; V. Graves 456; J. Allen 419; Spot 9. Total 1561.

J. McMILLAN—J. Brinley 343; J. Drummond 382; B. Vecchio 416; J. McMillan 491. Total 1632.

OKANAGAN LAKE BRIDGE SURVEY WINS APPROVAL

KELOWNA, B.C., Feb. 6 — The Executive Council of the Kelowna Board of Trade went on record as approving the press statement made by Hon. E. C. Carson, Minister of Public Works, that his department would thoroughly investigate the feasibility of constrcting a bridge across Okanagan Lake as a permanent solution to one of the highway transportation problems of the central interior. At the same time, the Trade Board Executive re-iterated its belief that should the bridge investigations prove futile the Naramata Road construction should be proceeded with at once.

The Kelowna Board of Trade has long been on record as urging the construction of the Naramata Road and just a few weeks ago presented a resolution to Victoria to this effect. That resolution has received considerable endorsation up and down the Valley from Vernon and Lumby to Osoyoos.

The Executive Council noted with interest and gratification that a bus and truck ferry would probably be constructed this Spring as a temporary expedient to relieve the ferry bottleneck. The Board had urged this action—as a temporary relief.

Faced 12 Convictions Throughout Province

VICTORIA, B.C., Feb. 6 (CP) — Appeal Court today straightened out the tangle of prison terms facing a Fraser Valley farm boy who broke loose after 11 years on the farm to plunge into a wild but short-lived life of crime.

The youth's lawyer, Eric Brown, told Appeal Court that William D. Lightbown, 23, had worked on the farm for 11 years to support his widowed mother before he was convicted in August, 1948, for breaking and entering a house while his mother was away in Eastern Canada.

Then within six months, Mr. Brown said, the youth was caught up in a crime spree that won him 12 convictions in police courts in Vancouver ,Hammond, Revelstoke, Kamloops and Burnaby. The list of convictions included breaking and entering, theft of a car, prowling cars, possession of housebreaking tools and two convictions for escaping from jail.

The long list of convictions, tried one after the other in courts all over the province, did not show whether or not his sentences were to run concurrently or consecutively

Mr. Brown argued the Appeal Court should rule that all sentences except the two for breaking jail should be concurrent sentences, reducing the time to be served to three years and three months.

The Court so ruled after Gordon Cameron, Crown counsel, agreed that where it was not otherwise stated on the record the sentences should run concurrently.

SHEEP CREEK GOLD PRODUCTION IN '49 VALUES $415,000

A notable step was taken by the Sheep Creek Gold Mines, Ltd., during 1949 and the production of gold for the year was valued at $415,000.

The mill operated during nine months of the year and it is likely it will operate continuously from now on, reports the Northern Miner. Despite the labor scarcity which curtailed production during recent years, the management continued development work and maintained the mine in excellent condition. This has enabled the mine to resume full scale production.

Burke Resigns Calgary Coach

CALGARY, Feb. 6 (CP)—Marty Burke, Coach of Calgary Stampeders of the Western Canada Senior Hockey League, resigned as the team's mentor tonight at a meeting of players and club officials.

Lloyd Turner, Manager of the Stampeder Club and also of Calgary's Victoria Arena, was named as Burke's successor.

The Stamps, leader of the four-team loop for a good stretch at the start of the season, now are in third place six points ahead of the last-place Regina Capitals. The clubs hasn't had a victory in the last five starts. Burke's handling of the club has come under considerable fire in the last few weeks and players were reported to have objected that he drove them too hard, particularly in extra practice sessions.

Power Load From City Plant Shows Increase Over '49

Total power output at the City of Nelson power platn during January reached 1,961,000 kilowatts, an increase of 3.7 per cent over last year's output for the same period. Peak load of 4200 k.w.h. was a five per cent increase over January, 1949, while the minimum load recorded was 1470 k.w.h. Power generated throughout the month through the substation reached 29,400 k.w.h.

A monthly report read to City Council Monday night follows:

	1950	1949	Inc. dec.
Total output	1,961,000	1,890,300	3.7
Average load	2,636	2,540	3.7
Peak load	4,200	4,000	5
Minimum load	1,470	1,320	11
Service Station	29,400	34,800	15

Explosion Shatters Mickey Cohen's Home

LOS ANGELES, Feb. 6 (AP)—An explosion which shattered windows a block away today blew up Mickey Cohen's house but police said the mobster was not believed home at the time.

Police said that the blast was heard within a three-mile radius and "did a pretty good job" of wrecking the $100,000 Cohen home.

A police business office spokesman said they had no report of injuries and believed that Cohen and his wife were not home at the time. Their bedroom was completely blown out, the spokesman added.

This was the second attempt in less than a year to assassinate Cohen, boss of Southern California's vice and rackets.

Last July, shotgun blasts met his party as it left a restaurant. In that gangland-style shooting, Cohen was injured and Neddie Herbert, one of his henchmen, later died.

It was Cohen who was the key figure in the Los Angeles vice probe which touched off a wholesale shake-up of the Los Angeles Police Department.

Kaslo Fire Brigade Voices Appreciation

The Kaslo Volunteer Fire Brigade in a letter to Nelson City Council read Monday night expressed appreciation for the assistance given by Fire Chief G. A. McDonald and firemen of the Nelson Department who helped fight a recent Kaslo fire.

On the morning of the fire, Jan. 17, the Department sent a pumper truck to Kaslo to help battle the fire that wiped out four business buildings.

Canadian Bowler Beaten in Games

AUCKLAND, N.Z., Feb. 7 (Reuters)—Dr. Weston Krupp of Woodstock, Ont., Canada's lone entry in lawn bowling at the British Empire Games, today was beaten 25-22 by J. Pirret, New Zealand, in a second-round singles match. It was his second consecutive defeat following a 26-21 loss to L. F. Garnett, Fiji.

WOLVES ATTACK YOUTH IN ONTARIO WOODS

TIMAGAMI, Ont., Feb. 6 (CP).—Theo Blake, 18, of Mattawa, Ont., said he was attacked by two wolves as he started work today at a lumber camp six miles South of here.

Blake said the wolves attacked from behind, knocked him down and tore his clothes to shreds. Several teamsters drove off the wolves after they heard his shouts.

Blake suffered scratches about his arms.

Timagami is 50 miles North of North Bay.

No Duty To Act On Pease Suggestion Council Is Told

"The Municipal Act casts no duty upon a Municipal Council to take proceedings to unseat an elected mayor or alderman upon the suggestion that such mayor or alderman was disqualified at the time of election."

This was the reply of City Solicitor C. B. Garland, K.C., to City Council, which, at a recent meeting, asked his opinion of the charge by G. W. Pease of Nelson that election of Mayor N. C. Stibbs was null and void.

Council Monday night decided to advise Mr. Pease of the contents of Mr. Garland's letter.

Mr. Garland said further:

"Provisions for trying the validity of elections by reason of a mayor or alderman being under some disqualification at the time of election are set out in the Municipal Elections Act, and any duly qualified voter may present a petition to the court praying that the election of any mayor or alderman may be avoided."

Mr. Pease had asked that the Council take action in connection with his stand. He claimed the Mayor's election was null and void because as Chairman of the Nelson Branch of the Navy League of Canada, which had a suit pending against the City at the time of the elections last December, he had an unsettled dispute against the City.

Mayor Stibbs vacated the chair during the discussion.

NO REPORT ON SUIT

After instructing City Clerk W. A. Gordon to send a copy of the City Solicitor's letter to Mr. Pease, the Council then asked for a report on progress of the settlement of the Navy League action.

Recently, Council approved acceptance of a settlement calling for payment of $1000 to the Navy League and signing of an agreement absolving the City of all further responsibility.

Mr. Gordon said he had received no further advice on the matter.

The matter had been settled, insisted Alderman T. S. Shorthouse, and it semed strange that this could not be reported to Council.

The Clerk said he had expected to receive a copy of the signed agreement to present to the Council, but it had not arrived.

Council will sit at Court of Revision Wednesday morning, and it is expected a report will be given then.

The Weather

Synopsis: Mild weather spread further North into the Interior and the temperature at Prince George rose to above freezing for the first time in two motnhs. Only the extreme Northern edge of the Province remains below zero. Moist air moving in from the Pacific will continue to bring cloudy skies with showers along the Southern coast and snowflurries around Prince Rupert and through the Interior.

J. P. Walgren to make alterations and lower the ceiling in the store at 351 Baker Street, $300.

K. Forbes, 108 Chatham Street, to repair fire damage, $250.

Housewife Trapped By Clothes Line

NEW WESTMINSTER, B.C., Feb. 6 (CP)—A young housewife was cut unconscious from a clothes line today after the strands twisted around her fingers and suspended her in mid-air.

Housewife Mrs. Margaret Jackson escaped with a cut finger. Her screams aroused neighbors who cut her down promptly after she fainted.

COMMISSIONERS DOWN ON NIGHT RACING

MEXICO CITY, Feb. 6 (AP)—A committee of horse racing officials reported unfavorably today on night racing, claiming that racing under light would tempt "many persons who cannot afford to gamble."

The committee reported to the National Association of State Racing Commissioners that night racing would give the sport a temporary shot in the arm. But it added that it would be "the most unwholesome thing that can happen to the sport and eventually can be its death knell."

Roy Patience of Crescent City, Fla., a member of the Florida Racing Commission, sent the report as Chairman of the Commissioners' Association. He was unable to appear personally at the Association's first foreign convention here.

VANCOUVER (CP) — Tourist visitors to Vancouver in 1950 are expected to reach the 1,250,000 total of 1949—a near-record year. Hedely Hipwel re-elected Joint President of the Vancouver Tourist Association and the British Columbia Automobile Association, said he expected 1,000,000 United States and 250,000 Canadian visitors.

BARTENDERS SEEK RENEWAL OF AGREEMENT

The International Beverage Dispensers Union, Local 707, Nelson, is opening negotiations with the Nelson Hotelmens Association members to renew an agreement on working conditions.

The agreement, to be considered Friday night, has been in effect for the past few years.

Blind Woman May See World With New Cornea

ATLANTA, Feb. 6 (AP)— A 33-year-old blind housewife today stands on the threshold of a world she has never seen.

In a long operation, the dull white film over the pupil of Mrs. Mary Ella Sams' left eye was replaced with a clear cornea from a stillborn baby.

More than 1000 doctors attending a Southeastern graduate assembly watched the operation on color television on a closed circuit. The doctors viewed the surgey in Grady Hospital from the Municipal Auditorium several blocks away.

(An operation was similarly televised in Saskatoon last year).

Operation details today were magnified five times Dr. R. L. Sanders of the University of Tennessee commented:

"You can see this operation by color television better than can anybody in the operating room except the surgeon."

Mrs. Sams has been almost totally blind since infancy. Doctors had made a country-wide search for a healthy cornea, but eye banks had none available. A few hours before the scheduled operation, a stillborn baby arrived at Grady and the parents consented to use of one of its undamaged corneas.

Surgeons say the success of the operation on Mrs. Sams may be known in two or three weeks.

Find Reported Crashed Plane Safely Landed

VANCOUVER, Feb. 6 (CP) — A report of an airplane crash brought on a one-plane search today and investigation by the Vancouver police boat before it proved inaccurate.

A woman reported seeing a seaplane hit the water at the mouth of False Creek. R.C.A.F. canso plane investigated along with the police boat. The plane sought was located 10 minutes later. It had made a routine landing.

Council Approves Rent Adjustment

A rent adjustment to $90 a year for property used by the Towler Fuel and Transfer in Government Road was approved at the City Council meeting Monday night.

The firm made an applicaton with the city to lease several lots sometime ago. Since they have taken over part of the Burns Lumber and Coal Co. facilities and did not require all the property previously applied for.

North Vancouver Backs Drive for P.G.E. Terminal

NORTH VANCOUVER, B. C., Feb. 6 (CP)—The North Vancouver Board of Trade is backing a drive to have the Pacific Great Eastern Railway extended to a terminal in North Vancouver.

A resolution urging the Provincial Government to complete the extension "at the earliest posible time", was approved by the Board today.

No mention was made of the contentious problem of the railway's right-of-way throught West Vancouver. Citizens in that municipality have protested against suggestions that the railway be extended from Squamish, contending that use of the old right-of-way would seriously affect property values in the fashionable residential area.

EXPECT RUSSIANS TO WALK OUT OF U.N.E.S.C.O. MEET

LAKE SUCCESS, N.Y., Feb. 6 (CP)—The United Nations Economic and Social Council is expected to be the 12th U.N. body to be boycotted by Russian-bloc countries in the growing crisis over the Chinese question.

ECOSOC's Winter session opens tomorrow, with P. C. Chang of Nationalist China among the 18 members scheduled to attend.

The Russians are keeping silent about their plans, so the question is whether they will attend the first meeting to protest against Nationalist China's presence and then walk out, or whether they will fail to show up at all.

Britain's Liberals May Face Fateful Election

By ALAN HARVEY
Canadian Press Staff Writer

LONDON, Feb. 6 (CP).—Britain's Liberal Party faces long odds in what may be the most fateful general election in its history.

To survive as an influential "third choice" in British politics the Party must win many more than the 10 seats it held in the last House of Commons.

Encouraged by the largest roll-call of candidates since 1929, Party leaders are privately betting that the Liberals will win at least 50 of the 625 seats at stake in the Feb. 23 election. If they do, the forces led by Clement Davies could hold the balance of power in the next Parliament.

To improve their status Liberals must overcome these handicaps:

1. Britain's system of a non-transferable vote in single-member constituencies creates strong pressure for a two-party system, thus stacking the electoral cards against smaller parties.

(In 1945 the Liberals polled 9 per cent of the total vote, but won only 2 per cent of the 640 seats then at stake. Labor's percentages, on the other hand, were 48 per cent and 62 per cent respectively.)

FUCHS RELEASED FROM CANADIAN P.O.W. CAMP

Took Part in Atom Research at Once

By DOUGLAS HOW
Canadian Press Staff Writer

OTTAWA, Feb. 6 (CP) — The Canadian Press learned today that Dr. Klaus Fuchs, now charged by Britain with atomic spying for Russia, was interned in Canada for some time during the Second World War.

It was from a Canadian camp that he was released to take part in the joint Allied effort that led to production of the first atomic bombs in the United States.

Fuchs, a 38-year-old native of Germany and resident of Britain, was one of scores of German people swept up by the British authorities in 1939 and 1940 and sent to Canada for safe-keeping. Many of them were released after their cases were studied.

Fuchs was one of them.

Atomic officials said they were satisfied that Fuchs never saw Canada's atomic effort.

"He never visited our Chalk River project," an official said. "We are satisfied of that."

MAY NOT BE ALONE

WASHINGTON, Feb. 6 (AP) — Senator Brien McMahon (Dem. Conn.) hinted today that others may be involved in the case of Klaus Fuchs, the British scientist accused of giving atomic secrets to Russia. He said investigations are going on in both the United States and Britain.

The top atomic man in Congress told reporters that "further ramifications of this matter are being worked on by the F.B.I. here and by the British Intelligence Service in Britain."

Asked if this meant others were involved, besides Fuchs, McMahon replied:

"Sometimes common sense dictates arrests not be made immediately."

He declined to say whether he thought new arrests are likely.

The Senator also said that F.B.I. reports show Fuchs had been "definitely sympathetic" to Communist ideas since he was a young man.

Staff Honors Retiring Store Manager

The staff of the Hudson's Bay Company honored the retirement of T. H. Glover, right, who for the past 15 years has been store Manager at the Company's Branch in Nelson, at a banquet at the Hume Hotel January 25.

Mr. Glover was presented with an electric blanket on behalf of the staff by Thomas Skidmore and Mrs. Glover received a bouquet of roses. Mr. Skidmore, left, since has transferred to the Jasper, Alta. branch as manager.

O. Funnell, Manager of the Interior Stores Division of the Company, was present for the occasion together with H. W. House, who succeeded Mr. Glover as Manager.

U. S. Aims to Develop Arms To End Aggression

By DEWITT MACKENZIE
Associated Press News Analyst

Rarely does a Government official resort to such sensationally-tough talk to a foreign power as was directed to Russia and Marshal Stalin the other night by Defence Secretary Louis Johnson during a speech in Washington.

"In all we are doing," said the United States Secretary, "we are seeking peace. There is only one nation in the whole world that would start a war. We seek to have a military establishment sufficient to deter that aggression and lick hell out of her if she doesn't stay deterred."

Johnson said the defence system of the United States is in better shape and stronger than at any time since 1945.

Of course statesmen sometimes under stress of emotion make statements stronger than were intended. However, the Secretary was speaking from pencilled notes and there is no indication that he wasn't talking with studied deliberation.

OPPORTUNE TIME

It's my guess that Secretary Johnson had two objects in view: One was to let the American public know that the U.S. is prepared for contingencies and isn't depending on any Maginot Line of defence. The other was to advise Moscow that the U.S. is prepared and means business.

OUR LESSON

The victory of the last war has taught us that it's a mistake to encourage the idea that a country won't fight in self-defence. It's a mistake for a government to lead its public into that belief, and it's a much greater mistake to let the outside world get any such notion.

So on the whole I think we may classify Secretary Johnson's speech along with the announcement that the U.S. is going ahead to create the new super-bomb. Both pronouncements were definitely intended as deterrents to war. But far from being appeasement, they tell the American public, and the world at large, that the United States is taking no nonsense.

Coast Chinese Celebrate New Republic

VANCOUVER, Feb. 6 (CP) — Chinese and Occidentals, 500 strong joined last night in a public celebration for the new Communist Republic in China.

Chairman of the "Victory Banquet" Mrs. Velma Chen, said the New People's Republic of China represented the victory of "the new forces of China over the forces of Feudalism, Fascism and reaction of the Kuomintang under Chiang Kai-shek."

Another speaker, Steve Endicott, hailed the victory of the Chinese Communists as "proof of the correctness of the Marxist-Leninist tactics for the liberation of the working peoples of the world."

Mr. Endicott is the son of the Rev. James Endicott who founded several "peace councils' 'in Canada.

Foo Kong, member of the Executive of the Vancouver Free Chinese Citizens' Committee, said the United States was "our true enemy while it continues to send munitions to slaughter peace-loving people of China."

Labor Directors Warn Miners Against Leaders

VANCOUVER, Feb. 6 (CP) — More than 50 resolutions were passed yesterday by delegates to the sixth annual British Columbia Federation of Labor Convention—one of them charging the Provincial hospital plan as subsidizing "inefficient" hospital operations.

At the same time, more than 8000 hard-rock miners were warned they will be "outside" trade union activity if they cling to their Left-ist Labor leaders.

William Mahoney ,Assistant National Director of the United Steel Workers of America (C.C.L.) told the convention the U.S.A. is prepared to take over jurisdiction of the Communist-led International Union of Mine, Mill and Smelter Workers Union now banished from the C.C.L.

INSURANCE CRITICISM

The hospitalization criticism was contained in a resolution submitted by the Joint Health Insurance Committee of the A.F.L. and C.C.L. Trades and Labor Council.

"In a number of cases," it said, "the hospital insurance scheme has become merely an instrument to insure inefficient hospitals against operating deficits, without improving service to citizens who are paying the premiums."

The resolution listed the recommendations for improving the scheme, including representation of organized labor on the plan's Advisory Board, basing of premiums on ability to pay, and collection of same at the source. A speed-up in hospital construction also was urged.

Herbert Gargrave, C.L. organizer and former C.C.F. M.L.A., said however, "we are not optimistic that the Government will place the plan (for alleged scheme faults) where it belongs."

Another joint resolution urged a Dominion-sponsored proper health plan.

Low rent housing program, continued rent control, by Federal or Provincial Governments, increased unemployment insurance payments, and abolition of the means test for old age pensions also were recommended in other resolutions.

U. S. Unemployment Highest Since War

WASHINGTON, Feb. 6 (AP) — Unemployment in the United States jumped 991,000 in January, sending the number of jobless to 4,480,000—highest since the war.

Secretary of Commerce Sawyer, announcing the development, issued a statement which said:

"A sizeable increase in unemployment is to be expected between December and January because of seasonal developments.

"It is noteworthy that industrial employment did not appear to be materially affected. A year ago, industrial layoffs were an important factor in the rise of unemployment."

The number with jobs—56,947,000 in January—dropped 1,609,000.

The full force of this decline did not show up in unemployment, however, because many of those losing jobs dropped out of the labor market, at least temporarily.

"Mock Shooting" Followed By Murder Charge

PETERBOROUGH, Ont., Feb. 6 (CP)—Joseph Byrnes, 25, today was charged with murder in the fatal shooting of Mrs. Helen Kendry, 26, one of his guests at a Saturday night party.

He was remanded by Magistrate Russell Philp to Feb. 9 with the understanding there would be another remand to Feb. 15.

Police said the death followed a "mock shooting" by Byrnes in an effort to scare away guests who did not want the party to end.

Duncan Citizens Clean Up Streets

DUNCAN, B. C., Feb. 6 (CP) — Duncan residents heeded a call by Mayor J. C. Wragg Sunday and spent their day of rest shovelling snow from downtown streets.

Many citizens worked from nine in the morning to six at night. By that time, practically all main thoroughfares were open to traffic.

On Saturday, Duncan was covered with 18 inches of snow and business was all but at a standstill.

Rain throughout the night aided clearing operations, but on open ground snow, old and new, measures close to three feet in depth.

Should there be a quick thaw and a fast runoff of snow from the hills around Lake Cowichan, Duncan may have to contend with serious flooding. If the thaw is gradual, however, only minor trouble is likely.

Maxwell Wray Still Asks Players To Speed Up, But Praises Company

REGINA, Feb. 6 (CP). — The combination of a Noel Coward comedy and a cast that "played it extremely well" Saturday night brought the three major awards of the Saskatchewan Regional Drama Festival to the Legion Players of Regina.

The Legion company, directed by Bill Reid, staged Coward's "Present Laughter." It was awarded the Cameron McIntosh Cup for the best full length play of the festival and a cash prize of $125 given by a radio station to the winning play.

HIGH PRAISE

Two members of the cast, Bill Walker and Mrs. Janne Morphy, both of Regina, won the awards for the best individual male and female performances.

Adjudicator Maxwell Wray of London had high praise for both the play and the company.

"Present Laughter' is a delightful comedy, he said, but not an easy piece to produce or act.

"What I had to decide," he said, "was how well they played it with the good start Coward gave them. I think they played it extremely well."

Mr. Wray said his chief criticisms of the production were that it had been played a little slowly and that a number of laughs were "stepped on."

"Don't speak too quickly after a laugh," he said. "A laugh is a actor's life-blood."

It is also important to give "punch" to key laugh lines, Mr. Wray said, and to get the right inflection in them.

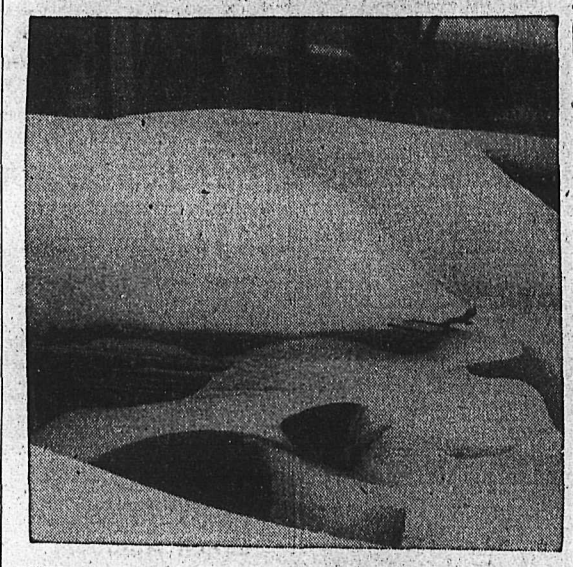
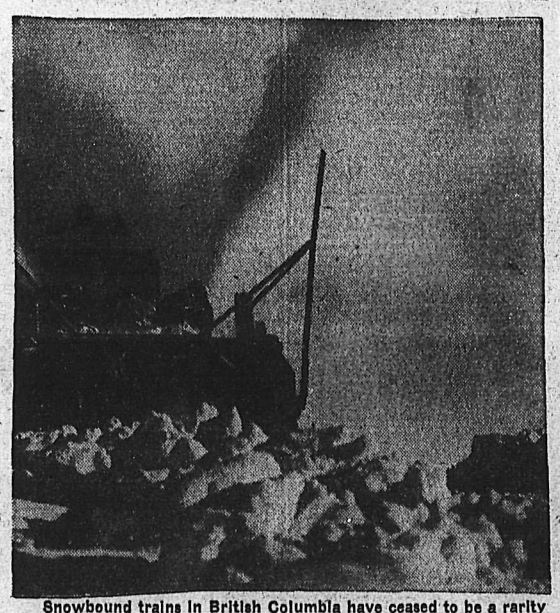
Weather Abnormal Everybody Hopes





Snowbound trains in British Columbia have ceased to be a rarity during this Winter of reverse temperatures. After four days, passengers aboard the C.N.R. train trapped in Fraser Canyon were taken by bus to Vancouver. In the Prairie Provinces the weather was described by the Weather Bureau as "deep-freeze", and the snow-covered auto in Winnipeg, centre, and the Alberta highway, above, tell why. But East of the Great Lakes records of the opposite kind were being broken daily—temperatures soared to almost Summer heights and golfers instead of skiers were enjoying their sport.—Central Press Canadian.

Socialite Marries Milford-Haven

WASHINGTON, Feb. 6 (AP). — Romaine Dahlgren Pierce Simpson, pretty Washington divorcee, Saturday became the bride of the Marquess of Milford Haven, second cousin of King George.

The 30-year-old Marquess and the socially-prominent 26-year-old Mrs. Simpson were married in a simple ceremony at the National Presbyterian Church, performed by Rev. Edward L. R. Elson.

The bride's first husband was William S. Simpson of Locust Valley, N.Y., whom she married in 1946. They were divorced last year and have a 22-month-old daughter.

Milford Haven is a great-great grandson of Queen Victoria and also is related to King Peter, former ruler of Yugoslavia.

SKIRTS, SLEEVES, WAISTLINES, GO BACK TO STYLES OF EARLY 1920S

PARIS, Feb. 6 (AP)— There's a definite 1920 flavor about most of the styles being shown by French designers this Spring but many of the feminine traits of present-day fashion have been retained.

The waistline still inclines to be hour-glass size.

Skirts are shorter, but they still cover the knees.

Bodices are sleeveless, but they are cut wide enough to give the silhouette a broad look at the shoulders. They are usually pouched at the back.

Skirts are mainly extremely narrow, but there are plenty of full skirts around too. Sunray pleating and accordion pleating are popular for them.

Sleeveless coats, looking like a wrap-a-round men's dressing gown, are plentiful.

Sleeves, when they exist, are set-in and often well padded. Some designers are showing huge, balloon-shaped affairs set well below the shoulder line.

NAVY BLUE LEADS

First color this Spring is navy blue. Second comes yellow and after that all the bright colors known. Pastel shades and white are widely seen, too, particularly for dresses embroidered with straw and raffia.

Shantung and chiffon are favorite materials. Chiffon coast, that veil dresses made of more substantial material, are the vogue this year.

Mannish fashions are prevalent too. Middy blouses and variations of the battle dress jacket are seen a lot. There's a general tendency for fullness to be belted a fraction below the waist.

The newest neckline is horseshoe shaped and dips to the waist. Modesty vests make them less censorable.

Veterans of South African War Plan Celebrations

TORONTO, Feb. 6 (CP) — There'll be country-wide celebration this year in the dwindling ranks of Canada's veterans of the South African war.

It will start Feb. 24, on the eve of the 50th anniversary of Canada's greatest triumph in that conflict, the battle of Paaroeburg.

Civic banquets will be held that night to honor the fewer than 1500 survivors of the first force to carry Canada's banners in a foreign land.

Many other "jubilee" events are planned for later in the year. A committee headed by Maj. E. L. McCormick of Toronto and appointed by the Toronto Association of South African Veterans, has been making preparations since last June.

Associate sponsors are the Canadian Red Cross Society, National Council of the Y.M.C.A., and South African Veterans' Associations throughout Canada.

The sponsors will seek to have Canadians recognize that the sending of volunteer units to South Africa marked the start of a new era of Canadian history.

It was the first time that Canadian units, as such, fought shoulder to shoulder with men of the Imperial Army and from other parts of the Empire.

Children Making Pals A Problem

BY GARRY CLEVELAND MYERS, Ph.D.

Many children beyond the third of fourth grade are much concerned with their problem of getting along well with other children. Over a number of years I met groups of school children in forums and ventured to talk with them about these matters. I was amazed, at first, at how eager these children were to discuss such; and they were, oh, so serious, as soon as they discovered that I treated them as real persons. A good many youths of high school write me about making friends among their fellow schoolmates. Some of them say they read this column alone or with one of their parents. Now here comes a letter from a boy nine years old.

"Dear Dr. Myers: I have a problem that my aunt said you could help me solve. I am a boy nine years old. I have a fear of meeting people among my age. I guess you will call me shy. I have entered the fifth grade. Will you please tell me some things as how to make friends among the other boys in my room and in the school also?"

I wrote him personally as follows:

A BIT YOUNGER

Dear Perry: I notice that you are a bit yonger than the average fifth grade boy. Unless you are taller and heavier and more skillful at games outdoors than the average boy of your grade you will find the competition difficult. Do your best at eating proper food and getting proper rest and sleep in order to develop a strong and healthy body. Regardless of your size and weight you can, with sufficient effort, gain at skills in outdoor fun with the other boys. There you will be alert, play fair and hard and be a good sport, never complaining or giving excuses or running away, when you lose or don't do so well, and never bragging when you excel. By all means never let the other boys see you cry no matter how much your body or feelings are hurt. Learn to be happy and enthusiastic over the excellence of play by any schoolmate.

I infer that you have done well at books. Some older and larger boys of your class who don't do so well may not feel comfortable when you can answer and do so well in class. Sometimes when one of these boys hesitates to answer a question or blunders over it you may feel tempted to raise your hand, even wave it so the teacher will call on you.

WON'T LIKE IT

Wait and be still. Your teacher will soon learn of your ability and call on you often enough.

Try to appear to be grown up. Don't do such childesh things as tattling. On the way to and from school try to act so that the other boys will like you. Be sure you don't throw sticks and stones and call boys by ugly names then. If any boy assails you use your fists well, if he is not much bigger than you are but don't attack. Gain some skills they will respect. Study the boys who easily win friends.

Kaslo Legion W.A. to Aid Fire Relief Fund

KASLO, B. C., Feb. 6— At the meeting of the Canadian Legion Auxiliary letters of gratitude and appreciation for food parcels sent to England were read, also a card of thanks for food parcel and other useful articles from a family, who lost everything in the recent Kaslo fire.

The Comfort Secretary, Mrs. Harbottle read grateful letters from sick members for cards and suitable gifts received from the Auxiliary during their illness.

SUGGESTS GIFT

Mrs. H. Singel, Chairman of the Auxiliary Fire Relief Committee in her report, suggested that a special gift be made to Mrs. E. South as an appreciation of her loyal support of the Auxiliary.

A letter was read on "Education Week" sponsored by the B. C. Federation of Teachers to be held from March 5th to 11th inclusive, in which the Auxiliary was requested to interview the Principal of the High Schools as to suitable subjects of study in each school.

The Secretary Mrs. T. Horner, was appointed to act for the Auxiliary.

It was decided to sponsor a raffle of a basket of roses, donated by Mrs. Bennett, the proceeds to be given to the Fire Relief Fund.

A letter from the Legion Provincial Secretary was read, asking that all branches of the Legion communicate with their Federal representatives, urging them to give their full support in the appointment of a Veteran's Affairs Parliamentary Committee in the Federal Government.

NAME COMMITTEE

Mrs. H. Singel and Mrs. T. Horner were appointed as membership committee and Mrs. W. Moody appointed to represent the local press.

It was decided to hold a card party early in March.

The President addressed members at the close of the meeting.

A booster prize was won by Mrs. Mawhinney.

Tea was served by Mrs. Mawhinney and Mrs. H. Singel.

Since 1938 the domestic consumption of gas in Great Britain has grown by 44 per cent.

Movie Gossip—

By BOB THOMAS

HOLLYWOOD, Feb. 6 (AP)—Bill (Hopalong Cassidy) Boyd is returning in triumph to the studio where he started at $30 a week 30 years ago.

"That's right," smiled Hopple, whose contract with Paramount is nearing the ink stage. "I started there 30 years ago under a five-year contract. My beginning salary was $30 and it was to rise to $75 at the end of the contract.

"But after three years they were paying me $60 and figured that was too much. So I got fired."

Boyd left the studio to score a hit in Cecil B. DeMille's "The Volga Boatman." Many years later, he returned to Paramount to begin the Hopalong Cassidy series. Then he and the studio had another falling out.

Few people realize how low Hoppie's fortunes ebbed in those days. "I had to quit making Hoppies in 1947, because I couldn't get financing," he recalled. And he hasn't made one since.

FORTUNE RETURNS

But along came television, bless its little iconoscope. Boyd, who had gained control of his films, began releasing them to the new medium.

Hopalong Cassidy has become the hottest character in the entertainment business today. The studios, which had considered Boyd a has-been, slowly realized how big he had grown and began dangling deals. Paramount won out.

"It was something I had prayed for—to go back to the studio where I got my start," said Bill.

You can bet that the deal is a sugary one. It will start with a co-starring opus with Bing Crosby.

"I'm trying to talk them into billing it 'Bing and Hoppie in Hi Pardner.' " Those are the two hottest personalities in the business today and everyone should know them by their first names," declared Boyd.

The deal also calls for some Hopalong Cassidy Westerns on a big scale. "I've done about all I can with Hoppie in the cheap pictures," he said. "Besides, you can't make them cheaply anymore. It's time to give the character more scope, more production values.

JAPANESE CITIZENS HOLD ANNUAL SOCIAL

Claims Canada Needs National Theatre

WINNIPEG, Feb. 6 (CP)—Maxwell Wray, noted English actor and director, said today that Canada urgently needs a National theatre to provide an opportunity for her amateur actors to develope their talents.

Mr. Wray is in Winnipeg to adjudicate the Dominion Drama Festival Manitoba Regional Competitions which open here tonight. He said in an interview the National Theatre he had in mind was not a "bricks and mortar affair—a building—but a National Company which would tour the country and bring the theatre to your people."

The standard of amateur work in Canada is every bit as good as it is in England, he said.

"Considering the lack of any professional theatre to give your actors guidance, their work is unusually good."

He said he thought it was unfortunate that Canada's amateurs were being denied the chance to go on to drama schools where their abilities would be fully developed.

For a beginning, such a company would have to import players scene designers and directors to get the quality desired but later it would take in Canadian students and eventually become a prominantly Canadian organization.

A theatre of this kind could be created very easily, Mr. Wray said. The many groups and individuals interested in the Dominion Drama Festival could form its basis.

Mr. Wray said he found intense interest in theatre throughout his tour of Western Canada. He has been adjudicating at Regional Festivals in British Columbia, Alberta adn Saskatchewan.

E. J. Leveque New President of Kaslo Board of Trade; Praise Fire Aid

KASLO, B. C., Feb. 6 — The annual meeting of the Kaslo Board of Trade accepted three new members.

Excellent reports were read by Chairmen of various committees, the Secretary was instructed to write letters of thanks to Mr. Lister, C.P.R. Superintendent, for complying with a request of the Board for passenger accommodation on the Nakusp-Kaslo train, and also to the various personel of the Provincial Public Works for the splendid work done in keeping the highways to Kaslo in such good condition during the present Winter.

Owing to the increase in subscribers a 24-hour service is to be requested of the B. C. Telephone Co. by the Board.

A committee was appointed to wait on the City Council to discuss the removal of debris left by the recent fire on Front Street, and ways and means of having the work done expeditiously and at the least possible expense, so that rebuilding may be started without delay. The committee will also request the council to reconsider the using of the fire siren as a nine o'clock curfew and return to the noonday test.

VOTE OF THANKS

A vote of thanks was tendered the Board of Trade Fire Relief Committee under Chairman G. Armstrong, for their prompt response in caring for the victims of the recent fire.

A. L. MacPhee and C. A. McNeish were appointed delegates to a meeting of the Associated Boards of Trade to be held in Kimberley. Resolutions were considered and instructions given to the appointed delegates.

It was decided to hold the annual birthday celebration of the Board of Trade on Feb. 14 in the form of a "miner's pamboree," with A. Jacobs as Chairman of the Committee in charge.

PASS DONATION

A donation was passed to the Crippled Children's Hospital.

Retiring President, F. Aydon, read a compressive report of the activities of the Board during the past year.

Secretary-Treasurer E. J. Leveque in his financial report, showed all outstanding accounts paid, leaving a substantial surplus.

Officers for the current year elected are: President, E. J. Leveque; Vice-President, G. Armstrong; Executive Council, A. Jacobs, A. L. MacPhee, C. R. Fahrni, G. M. Doan and F. Aydon.

The Secretary-Treasurer will be appointed by the Executive Council at a later date.

Immediately after the election, Mayor G. S. Baker administered the oath of office to the new President and Vice-President.

Aberdeen, Wash., Hopes for End Of Water Shortage

Bergman Sorry To Leave Canada

OTTAWA, Feb. 6 (CP)—Richard Bergmann is sorry to leave Canada.

One of two Czechoslovakians ordered out by the Government and alleged to be possibly the top man at the Czech legation, Bergmann drew back the iron curtain long enough today to tell a reporter "I leave tomorrow, I am sorry to say."

Hugo Bohounek, the other Czech expelled in retaliation for Czechoslovakia's ousting of two Canadians, is in Montreal.

ST. MARK'S REPORT, NAKUSP, SHOWS MUCH ADVANCEMENT

NAKUSP, B.C., Feb. 6—St. Mark's Church annual meeting was held at the Vicarage. The Vicar, Rev. T. Mitchell, gave a full report covering the whole Parish in which he showed that much advancement had been achieved and considerable improvements in Parish property had been done, and all committments for the year paid up. Mrs. T. Mitchell gave a report on the work of the Nakusp W. A. and Mrs. O. M. Armstrong presented a report on the Sunday School which showed considerable growth during the past year.

The financial statement was presented by A. J. Harrison, auditor, showing the Parish to be in a good healthy condition. Mr. Mitchell congratulated J. R. Humphris, the Treasurer, on the very efficient and neat way in which he keeps the books.

In view of many years of faithful service as a Churchwarden and member of the Church Committee the Vicar appointed Mr. Harrison as Honorary Warden; R. Islip, his teammate, being appointed to this office last year. I. F. Morehouse was reappointed Vicar's Warden and A. J. Butt People's Warden.

Delegates to Synod were A. J. Harrison and I. F. Morehouse. Church Committee is now, J. R. Humphris, Mrs. P. Hurry, Mrs. T. Mitchell, Mrs. O. M. Armstrong, Norman Raymond and Glenn Armstrong, together with the elected officers above mentioned. A. J. Harrison was again appointed auditor for 1950.

Mr. Mitchell also spoke very highly of the splendid work of A. J. Butt, a young man who has shown much aptitude and done good work as People's Warden during the past year. The two new members on the Committee are also young men and it is expected that they will also take a real live interest in their Church. Tea was served by the W. A. after the meeting.

Baking's Easier, Speedier
with Wonderful New Fast Rising Dry Yeast!

CINNAMON BUNS

Measure into large bowl, 1 c. lukewarm water, 2 tsps. granulated sugar; stir until sugar is dissolved. Sprinkle with 2 envelopes Fleischmann's Royal Fast Rising Dry Yeast. Let stand 10 min., THEN stir well. Scald 1 c. milk and stir in ½ c. granulated sugar, 1¼ tsps. salt, 6 tbs. shortening; cool to lukewarm. Add to yeast mixture and stir in 2 well-beaten eggs. Stir in 3 c. once-sifted bread flour; beat until smooth. Work in 3 c. more once-sifted bread flour. Knead until smooth and elastic; place in greased bowl; brush top with melted butter or shortening. Cover and set in warm place, free from draught. Let rise until doubled in bulk. While dough is rising, combine 1½ c. brown sugar (lightly pressed down), 3 tsps. ground cinnamon, 1 c. washed and dried seedless raisins. Punch down dough and divide into 2 equal portions; form into smooth balls. Roll each piece into an oblong ¼" thick and 16" long; loosen dough. Brush with melted butter or margarine. Sprinkle with raisin mixture. Beginning at a long edge, roll up each piece loosely, like a jelly roll. Cut into 1" slices. Place just touching each other, a cut-side up, in greased 7" round layer-cake pans (or other shallow pans). Grease tops. Cover and let rise until doubled in bulk. Bake in moderate oven, 350°, 20-25 minutes. Serve hot, or reheated.

● No more taking chances with perishable yeast cakes that have lost their leavening power! New Fleischmann's Fast DRY Yeast keeps full strength and active right till the moment you use it. Needs NO refrigeration — keeps safely in your cupboard. Try its marvellous results in your next baking.

I.O.D.E. Members Serve Their Country Well

Next Monday, Feb. 13, will be the fiftieth anniversary of the founding of the Imperial Order Daughters of the Empire by Mrs. J. Clark Murray of Montreal.

The I.O.D.E. is a voluntary, patriotic, non-sectarian, non-political, philanthropic organization, functioning since the dawn of the twentieth century under the motto, "One flag, one throne, one Empire." Its members can look back with the justifiable pride on 50 years of voluntary service to their country and to the British Commonwealth through three wars and the intervening peace.

Members began their service with the South African War in 1900, and at its end were instrumental in locating and marking the graves of Canadian soldiers who lost their lives on a distant soil and later in erecting a monument of Canadian granite in Bloemfontein.

During World War I and World War II, members expended over $11½ million dollars on war services. After each great conflict they established a war memorial of about a half million dollars to provide bursaries and scholarships for the sons and daughters of those who gave their lives in freedom's cause. In 1949 the first awards of bursaries after World War II were made.

I.O.D.E. Chapters exist in most Kootenay centres, carrying out the Order's program designed to "stimulate patriotism, foster a spirity of unity within the Commonwealth, cherish the memory of herioc deeds, forward good works for the betterment of their country and people, and develop high standards of citizenship." In all, there are 930 Chapters in Canada.

In the fields of education, child and family welfare, immigration and Canadianization, and toward the interests of ex-service personnel, the Order has made an outstanding contribution to Canadian life.

Kokanee Chapter, the Nelson branch of the Order, has always spent a large proportion of its funds in aiding Nelson District families who, for one reason or another, are in distress. Its members participate in all calls worthy of assistance.

All these works are the voluntary efforts of public spirited women pledged to true allegiance to the Crown. They serve their country faithfully and well. Truly, these 32,000 women can be said to be members of a great organization.

Interest on national debt of today is actually greater than the total budget 20 years ago. If a decline of revenue is accompanied by an increase in expenditure, it seems quite possible that the Canadian Government will be using one dollar in every three, not to pay its debts, but just to pay interest on its debts.

These facts are all the more worth while keeping in mind, because so little is ever said about them.—Montreal Gazette.

Verse

Alick G. Ritchie

A man it was a privilege to know,
A Scot, and a true pattern of his race.
To him a debt the Nelson citizens owe;
His civic record time cannot efface.

In him they recognized an honest man.
His interest was keen in their affairs.
Devotion to his duty was his plan;
His record his good sense and good will bears.

The Scottish Clan will feel his sudden going.
Past Chief, his heart and soul were in this sphere;
His place amongst them will be hard to fill;
His jovial wit and humor brought many a cheer.

No more will curlers see his happy smile,
No more at functions will he fill the chair;
But wherever curlers meet the name of Alick
Will bring a host of pleasant memories there.

Always ready to lend a helping hand
In many ways, wherever his interests lay;
Loved and respected by his fellow man,
God bless you, Alick, to you we tribute pay.

Money To Burn

By HAROLD MORRISON
Canadian Press Staff Writer

OTTAWA (CP)—You'd think the way prices are going these days, nobody would have money to burn—but, brother, you're wrong

In the big, square, white-stoned Bank of Canada they're burning $2,000,000 a day.

Five men do the burning. There's hardly any pleasure in it. They haul the money in sacks from a big steel vault to an incinerator, lift the big bags from a hand truck and dump the stuff into the incinerator mouth.

The way the bank does its roaring business goes all the way back to your washing machine, your fireplace and your odd habits of getting the folding stuff near fire or water.

Sometimes you throw clothes into the washer, forgetting there's a $10 bill in the back pocket. Sometimes the same clothes are hung up to dry, too close to the fire.

The result is you have a mutilated bill. You take it to your bank and get a new one. The only persons who probably are not happy about it are the ones in the Bank of Canada who do the burning.

Torn and worn-out bills accumulate in banks in every city and town in Canada. By the end of the year, bank officials say there's at least $500,000,000 or $600,000,000 worth in all kinds of denominations from $1 up.

The Bank of Canada issues new bills for old. After a thorough check the bundles of old notes are wrapped up like so much junk in 500-note packages.

A cancelling machine puts the signature "G. F. Towers," the Bank Governor, from the note. That makes them non-negotiable. If the note is $20 or more, a V-shaped knife removes the signature "Donald Gordon," Deputy Governor, too.

Then the little pieces of signature are burned.

It's a tedious job. The bundles are stored in a big vault. Five persons enter the vault each day—just like going into a cold storage plant and getting a crate of eggs.

One has a push truck and six canvas bags; the others have pencils and paper. Into the bags goes the money. Three persons check, the fourth holds the bag, the fifth takes the money from the steel racks in the vault.

After they get notes worth about $1,000,000, they push the heavy load to the furnace room, an electric switch is thrown, and a gas flame starts to glow in the incinerator. In goes the $1,000,000, and the men return for another wad.

Day after day, week after week, the tedious job goes on, and the result is just a big smoke haze hanging over the building.

Lost Virtues

Former United States Secretary of State James F. Byrnes recently spoke of his fears in sobering tones. He said:

"The spirit of self-reliance that animated the early settlers and for more than a century inspired our people to exercise their initiative and develop this country, while preserving their independence, is unfortunately departing from the people. . . . Too many people want to lean upon the Government, forgetting that Government must lean upon the people. Too many people are thinking of security instead of opportunity. They seem to be more afraid of life than of death."

Self-reliance brought the United States to its present place of power. How will Canada achieve her manifest destiny with a timid people?

SCENERY COVER

We don't want our highways hidden by billboards. A motorist travelling North from Philadelphia at 50 miles an hour passes one highway sign every second. There are 2450 signs and billboards on the 30.5 miles between Baltimore and Washington. On 300 miles of Highway 1 in Florida there are 1000 billboards, 6000 signboards and 14,000 signs on trees and business places (outside of towns).

We do not want that sort of thing here. It is well to stop the trend before such conditions develop.—Vancouver News-Herald.

AS TOUGH AS THE OLD DAYS

Our Winters can be just as tough as those our grandfathers knew, but city people today, with better heating in homes, offices and vehicles, don't notice them so much. However, trappers and prospectors who still experience the full rigor of a Manitoba Winter without benefit of some of the modern conveniences assure us that if the weather is turning warmer they have not noticed it.—The Winnipeg Tribune.

No man's collar!

A FAVORITE trick of those who would like to destroy confidence in newspapers as the first step to doing away with them is to complain that they are the tools of special interests dangerous to the people. Sometimes they say it is the bankers or the politicians or the labor unions or the advertisers—whatever fits the occasion.

Usually the critics have their own axes to grind. What they want published are their own opinions and not contrary ones. They would like to be the "special interests" represented exclusively in the newspapers.

* * *

If such people had their way, there would not be the newspaper as you know it today. They would eliminate the great variety of facts and opinions that appear and without which democracy would not work.

To exercise your rights as a free citizen, you must have free access to information. You must know about laws and prices and theories and movements so that you can approve or protest. Ignorant of events and trends, you would not be able to keep your representatives in government representing you.

Now you get the facts of what takes place and you get the opinions of why they take place and what should be done. You get all sides of questions—statements by bankers and borrowers, businessmen and labor leaders, government officials and private citizens. The editor has his views too but he can't limit his pages to them. Readers include all sorts of people and all shades of opinions. If the editor wears any kind of a collar, it doesn't belong to one man or group. The leash is held by all his readers.

What the critics don't want and are afraid of is the diversity of facts and opinions brought to you by newspapers. They actually want a one-class, one-idea press—the kind that Hitler had and that Stalin runs today. If they succeed, it will sound the death knell of freedom in Canada.

* * *

These critics are your enemies as much as they are enemies of the newspapers. When they take away the right of a free press, they take it away from you. *They know that if they can control what you read they can control your mind—and you.* Working sometimes openly as committees with high-sounding slogans, they are blueprinting what you shall and shall not read.

There is nothing particularly new in the pattern. But you cannot ignore it without risk. If you permit these self-styled leaders to take away your right to read what you want, when instead of a free exchange of facts and opinions, you decide to depend on the propaganda they hand out, you will have taken the first steps towards the loss of all your rights as a free citizen.

"Do... yet," said Ken Mc-...uley ... to take a second ...ook b... cognizing the Dyna-...iter c... covered up by goalie ...ads Saturday night. "We've got a ...t more surprises too," added the ...ynamiter mentor.

I didn't laugh either, and didn't ...et much of a chance to shape a ...rin on my mug until Mike Fischer ...otted a neat goal to rob McAuley ...f a shutout after 45½ minutes of ...laying time. How was I to know ...cAuley was to come that close to ...etting a shutout when regular ...oalie Dave McLay proposed a bet, ...t odds, that McAuley would get a ...utout. Man, how I love that big ...uy with the name Fischer.

Before the game, however, once informed McAuley Kneeshaw ...ould be in the Nelson nets, he said ...f he had known beforehand he ...ould have sought the use of Nel...on's Al Silverwood in the nets, ...place of rookie Dave McLay who ...ustained a groin injury in Trail ...riday night. McAuley said he ...ould have attempted to get the ...elson sub goaltender, but he had ...ad that Silverwood might be used ...the Nelson goal.

NEVER AGAIN"

After the game, McAuley mutter...d, "Never again." The former New ...ork Ranger goaltender claimed he ...ad never been so nervous in any ...ther game, even his first game ...rofessionally. It was the first time McAuley had had the pads on this season.

Last year he was goaltender of the Saskatoon Quakers, until he was hit on the side of the head by a hard-driven puck, which put him out of action.

As you will probably remember, after the first period McAuley wore a helmet. The same doctor, who operated on him for concussion the first time, dropped into the dressing room and made him take the necessary precautions against further injury.

McLay says he won't be able to play Friday night when the Nelson Maple Leafs are scheduled to appear in Kimberley. It is likely that Clif Kilburn will receive the assignment.

Tonight the Nelson Maple Leafs make their fifth trip to Trail for the battle of second place. Both clubs are exactly even in second spot, so this game, and the return game when Trail plays in Nelson Saturday night, will mean a lot toward Nelson retaining its grasp on second place.

The Maple Leaf Booster Club has chartered a bus to take fans over to Trail to see the game.

Scotty Monro, Coach of the Crow's Nest Lions, must change his mind often. When he was here with his Crow's Nest Lions, he said Lee Hysop was the best right winger in the league.

Recently he told Jim Brooke of the Lethbridge Herald his idea of the all-star team of the Western Canada Junior Hockey League. "Well, my wingers are Eddie Litzenberger of Regina and Lorne Popein of Moose Jaw. I'll take Cooney Wood (Lethbridge) and Bill Shvetz (Crow's Nest) on defence and Boomer Rodzinyak (Lethbridge) in goal".

"That's fine", someday else said, "but you forgot to pick a centre ice man".

"Ah!" said Scotland, that depends on who wins the scoring title. It could be Fielder or it could be Pachal".

If he's just going to take the top scorer for centre, what about Paul Masnick of Regina. Fielder has 76 points, Pachal 70, and Masnick 68; all are centremen.

Show Good Form

AUCKLAND, N.Z., Feb. 7 (Reuters)—Canada's divers showed good form today in British Empire Games competition — and only a slip prevented one of them from becoming favorite to give the Dominion a first place.

Dr. George Athans of Vancouver, only Canadian in the men's tower diving, took an early lead but an error in judgment on his second-last dive dropped him into second place behind Peter Heatley of Scotland in the preliminary section.

Canada's two women divers put themselves in good positions to win points. At the halfway mark of their three-metre springboard event, Evelyn Buchanan of Toronto was third among the eight competitors and Lynda Adams Hunt of Vancouver was fourth.

The men completed six of their 10 dives today and the event will be decided tomorrow on the four remaining dives. Five dives were completed in the women's section and five more are to be held to decide the titlist.

Results:

Men's tower diving (10-metre platform): section A: Peter Heatley, Scotland, 87.03; Dr. George Athans, Canada, 81.89; F. J. Murphy, Australia, 77.63; J. A. McCann, Australia, 76.23; Bruce Bourke, Australia, 75.65; O. Jaine, New Zealand, 62.59.

Women's springboard (three-metre board)—section A: 1. Edna Child, England, 66.55; 2. Noeline MacLean, Australia, 60.09; 3. Evelyn Buchanan, Toronto, 57.26; 4. Lynda Adams Hunt, Vancouver, 54.89; 5. Mayzod Reid, New Zealand, 52.17; 6. Patricia Barnett, Australia, 49.21; 7. Joyce Carpenter, New Zealand, 47.34; 8, Betty Moore, New Zealand 46.39.

ELKS WIN 8-5 IN HOCKEY FOR KIMBERLEY SPORT

KIMBERLEY, B.C., FeFb. 6 — Good fun and good sportsmanship prevailed at the Elks vs Police-Hackies hockey game. The score was 8 to 5 for the Elks but other details are lacking.

Important is the fact that once again a five sum has been raised for juvenile sport in this city.

Winners in the kiddie's races which preceeded the game were:

Girls 4 and under, I. D. Livingston; 6 and under, I. D. Livingston, 2. C. Hansen.

Boys 6 and under 1. C. Patterson; 8 and under 1. C. Patterson, 2. B. Cox and 3. B. McKay.

Girls 10 and under 1. D. Livingston; 2. Gail Achtzener, 3. J. Holdsworth.

Boys 10 and under 1. H. Patterson, 2. B. Jarrett, 3. A. Kershew.

Girls 12 and under 1. C. Bett, 2, J. Waldie, 3. E. Byrne.

Boys 12 and under 1. D. Conroy, 2. G. Wood, 3. F. Neeve.

Girls 10 and under relay 1. E. Karshow, R. Martin, E. Byrne, L. McFarlane, C. Bett; 2. D. Cox, J. Waldie, J. Holdsworth, D. Maranchuk, D. Livingston.

Boys relay 10 and under 1. A. Patterson, C. Patterson, A. Kershaw; 2. B. Cox, B. McKay, R. Livingston.

Girls relay 12 and under 1. C. Bett, J. Waldie, D. Maranchuk, E. Byrne; 2. D. Cox, M. Martin, E. Kershaw, L. McFarlane.

Boys relay 12 and under, 1. G. Wood, F. Neeve, D. Couroy, H. Nash; 2. A. Patterson, R. Rozeck, J. Cox, B. McWhimster.

Judges were Harry Brown (starter) Tunk Johnson, Lyle Swaney, Buck Kavanagh and Chris Sorensen.

Expect Another Pep-Saddler Title Clash

HOLYOKE, Mass., Feb. 6 (AP)—"Pretty certain" word of another Featherweight Title clash between title-holder Willie Pep and Sandy Saddler of New York came out of Saddler's corner today.

Manager Charlie Johnston said the new clash, which would be the third for the pair, seems "pretty certain" for next June in one of New York's baseball parks.

Pep's handlers were not immediately available for comment.

Saddler has been hailed as the leading Featherweight contender for some time now. He last lost to Pep, on a decision, a year gao. That fight was billed as "hottest of the year" by many sports writers and fans.

Jumpers Practice For Tourney

By BILL DeRIDDER

Both Saturday and Sunday saw a fine group of novice and oldtimers turning and shussing on the slalom hill. The hill was very fast and tricky with big mounds of powder snow and sections of hard, fast ice, which kept the planksters on the alert.

Danny McKay, Art Grodski and Frank Kennedy were seen sailing through the air in practice leaps of 135 to 140 feet. The hill now has a good base and the new takeoff is completed. There should be some good leaps made at our tournament coming up.

From reports I understand that Naida Palmer, Joe Perrier and Tony Triggs are going to make a trip into the Silver King ski country, the high mountain skiing should be getting about perfect by now and with the warming weather should make the conditions excellent. A pot luck supper will be held Wednesday night so we shall see you all then.

Ski Heil!

HOW TO SKI

In this section I shall attempt to describe how to ski, from walking, to the parallel Christiania. First of all in the walking position the heels should not be fastened down as this naturally tires the ankles and legs and also increases backslip when traversing any slight grade. As in marching the left arm advances with the right ski, the knees should be bent, but before withdrawing the pole from the snow the ski should be slid, not picked up, forward, using the pole which is in the snow for a pusher, meanwhile the other pole is swung forward. Use a short step, but a long glide on the ski, with most of the weight on the advanced ski.

After the beginner has learned to walk well, it is his natural ambition to make a run downhill which of course requires going to the top. Usually beginners are not advised to use the tow. Therefore it means either sidestepping, herringboning or traversing the slope. In sidestepping the body is braced with the lower pole while digging into the snow with the ski edges, then the hillside ski lifted a full step uphill while moving the upper pole into a new position. And so to the top.

In the traverse the skier slides forward a halfstep while thrusting on rear pole with the skis parallel and rear heel raised. You climb by moving the hillside ski to the side of the other with each step and swing the pole to a new hold, the traverse is one of the fastest and least tiring methods of uphill skiing, unless, of course, the skier is wearing climbing matts, which enable the skier to ascend the slope almost vertical. In the herringbone the legs are spread as far apart as possible, keeping the heels of the skiis as close together as possible. Here again the opposite pole advances with the opposite ski, keeping the knees in so as to edge the skis. Now that the skier has reached the top, he'll have to wait until next week for the next lesson on skiing downhill.

CLAIMS WORLD RECORD

ELGIN, Ill., Feb. 6 (AP) — Frank Breen, 35, pitching a perfect game in horseshoes last night and claimed a world amatuer record. Breen threw 32 straight ringers in 32 shoes, or 16 straight double-ringers. He tossed them in an indoor match with Arthur Wier of Elgin.

Breen said it was the first perfect amatuer game on record, and broke the former record of 45 ringers in 50 shoes.

B. C. Swimmers Capture First, Second Places In Olympic Pool, N. Z.

By VERNON MORGAN
Reuters Sports Editor

AUCKLAND, N. Z., Feb. 6 (Reuters)—Sparked by the powerful stroking of Victoria's Peter Salmon, Canada's swimmers skimmed through Olympic Pool waters here tonight to capture first, second, and fourth places in British Empire Games finals. It marked the first time of the 1950 Games that a Canadian stepped onto the winner's dias.

The 20-year-old Salmon turned the trick after he won the men's 110-yard final. He took up a late challenge from Australia's Frank O'Neill to gain the nod by a touch and apparently that was all his team-mates needed.

Jim Portelance, 'teen-aged Ocean Falls, B. C., matator, followed with a second-place effort in the men's 1650-yard free-style event and Lucien Beaumont brought the large Canadian cheering section to its feet with a fourth in the longer distance.

The 110-yard men's free-style final kept the 5000 crowd in an uproar. Salmon and Beaumont headed the field for the first 55 yards with Jacobus de Beer Wild of South Africa, O'Neill, Michael Amos of Auckland and Patrick Kendall, England, close at their heels.

On the turn for home, Salmon took a three-yard lead and O'Neill made his bid. Salmon held him off and won by the length of his fingers.

"O CANADA"

He was mobbed by fellow-Canadians when he climbed out of the water and told everybody within hearing he was in "terrific shape." The British Columbia youngster thanked swim coach Tom Jones of Ocean Falls, B. C., and said he "owed a lot" to Archie McKinnon of Victoria, his coach.

Salmon said he found the pool "rather slow" and Jones told the assembled Canadians:

"Pete is a very consistent swimmer and we were hoping for this title. A lot of credit should go to Beaumont, he swam a fine race."

The Union Jack was run to the mast-head, the band struck up "O Canada" and the Canadians joined in singing.

The second-place position of Portelance in the 1650-yard final was a surprise. He was fourth most of the route and near the end passed Ross Lucas of New Zealand and Don Bland, England. He didn't challenge Graham Johnston, 18-year-old South African who held a comfortable lead but the 17-year-old swimmer withstood challenges from Lucas in the last lap.

There were two Canadian scratches in the swimming program. Irene Strong "ducked out" of the 110-yard women's back-stroke and explained she wished to concentrate on the women's 220-yard free-style event. Leo Portelance, Jim's brother, didn't start in the men's 220-yard backstroke.

TRAIL JUVES FACE NELSON HERE TONIGHT

Nelson Juveniles who play hosts to a Trail Juvenile hockey squad tonight before the Trail-Nelson Junior game will dress the following players. Kennedy, Burns, Dyke, Stringer, Posnikoff, Twells, McGinnes, Leschuk, Brown, Anderson, McIvor, Benedetti, B. Carmichael, Mayer and R. Carmichael.

LION BANTS TIE PANTHERS 2-ALL

The Lion bantams took their second tie game in succession as they came from behind late in the third period to gain a 2-all draw with the Panthers at the Civic Arena Monday afternoon. The score was 1-all in the initial frame.

Bob Vance drove in the first Panther goal with Bill Reid sniping the Lions equalizer. In the middle period the Panthers went ahead 2-1 as Don Rosling soloed to score with a hard shot from the blue line. In the final session Ron Waters pushed in the tying Lion goal with Bob Olson helping on the play.

Laurence Ludlow was the Referee. Wilf Marqius and Garth Strong kept the score and time.

Market Trends

TORONTO (CP) — Industrials backed down for the first time in seven sessions on the Toronto Stock Exchange today. Volume was about 1,190,000 shares.

NEW YORK (AP) — President Truman's use of the Taft-Hartley law against strkling coal miners lifted the stock market out of a slump today but did not stimulate a rally.

Volume was at the rate of 1,400,000 hares.

MONTREAL (CP) — After a firm opening, stocks showed a weaker tone near the final hour on the Montreal Stock Exchange and Curb Market today.

Industrial volume was 39,700 shares and mines 116,400 shares.

LONDON, (Reuters)—The London Stock Exchange remained in the grip of general election uncertainties today and the over-all volume of business was small.

A premium of three-eighths of one per cent was established today when dealings started in the new Southern Rhodesia 3½ per cent loan on the London Stock Exchange.

Calgary Livestock

CALGARY, Feb. 6 (CP).—Receipts were the lightest today for any Monday in many weeks at the Calgary Livestock Exchange. There were only 61 cattle during the weekend and 25 today. There were five calves during the weekend, none today and no hogs or sheep have been delivered.

Due to light receipts there was not sufficient trading done to test the market.

Hogs sold last weekend at $26.25 for As at yards and plants; sows 13.00 live weight.

Good lambs 23.50 to 25.00; good ewes 9.50 to 10.50, Good butcher steers 21.50 to 22.00; common to medium 18.00 to 21.00. Common to medium cows 13.50 to 15.25; canners and cutters 10.50 to 13.00. Good stockers and feeder steers 19.00 to 21.00; common to medium 16.00 to 18.00.

Canadians In Second Round Of U.K. 'Spiel

FALKIRK, Scotland, Feb. 6 (CP) —A rink made up of members of the Canadian curling squad which officially wound up its Scottish tour last Friday won its way today into the second round of the British Open Championship Bonspiel.

The rink included Skip Jack Hutton, Calgary; Stan McDonald, Gleichen, Alta.; Hugh McLellan, Red Deer, Alta.; and a Scottish player, W. Ferguson. Ferguson substituted for the Canadian No, 4 man, I. Richardson of Regina, who was sidelined by a heavy cold.

Two other Canadian rinks, made up of members of Falkirk Lions hockey team, also entered the tournament and one reached the second round. It was skipped by Phil Casey of Prince Albert, Ont., with his brother Pat and Winnipeggers Bill Carlson and Roy Penner supporting.

George McNeil of New Glasgow, and Milton Carrigan, all of Winnipeg, unsuccessfully.

The second round will be played Wednesday and the finals Saturday.

Pettie Places First in 220-Yard Heat as Briton Disqualified

EDEN PARK, Auckland, N.Z., Feb. 7 (Reuters) — Calgary's Don Pettie, bidding fair to becoming the storm centre of the 1950 British Empire Games, today was pushed to the fore in another official incident in the track and field competitions.

This time the 23-year-old sprinter was the innocent bystander, being placed first in his heat of the men's 220-yard dash when the winner was disqualified.

Pettie had run a strong race but was just nipped at the post by England's Leslie Lewis. The results were not officially posted because officials announced an inquiry was being held.

Finally, the crowd of 40,000 packing the stadium under a blazing sun was informed that Lewis was disqualified "for running on the line" — straying from his marked lane. Pettie was moved up to first, with the other two qualifying positions for the semi-finals going to Australia's David Johnson, second, and Orisi Dawai of Fiji, third.

In the three-mile run, Leonard Eyre gave England her first silver-gilt medal of the day and her third first place of the 1950 Games.

GIRLS OUTCLASSED

The Dominion's seven girl runners, who have yet to score a point, again found themselves outclassed by their Commonwealth sisters.

In the first heat of the women's 220-yard dash, Eleanor McKenzie and Elaine Silburn, the two Vancouver sprinters, finished well back as Australian champion Marjorie Jackson ran away with the race.

Peggy Moore, 20-year-old Vancouver sprinter, was eliminated in the next heat, finishing fourth to Shirley Strickland, 24-year-old Australian speedster.

Track and field results:

Women's 220-yard heats (three to qualify):

First heat: 1. Marjorie Jackson, Australia; 2. Ann Shanley, Australia; 3. L. Rowe, New Zealand; 4. Eleanor McKenzie, Vancouver; 5. Margaret Walker, England; 6. Elaine Silburn, Vancouver. Time: 24.9.

Second heat (three to qualify): 1. Shirley Strickland, Australia; 2. Sylvia Cheeseman, England; 3. Joan Hart, New Zealand; 4. Peggy Moore, Vancouver; 5. Doris Batter, England. Time: 25.3.

Third heat (three to qualify): 1. Daphne Robb, South Africa; 2. Doris Parker, New Zealand; 3. Verna Johnston, Australia; 4. Dorothy Manley, England; 5. Viola Myers, Toronto. Time: 25.0.

Men's 220-yard heats:

First heat (three to qualify): 1. D. R. Jowett, New Zealand; 2. Jack Archer, England; 3. Bill de Gruchy, Australia; 4. John de Saram, Ceylon. Time: 22.4 seconds.

Second heat (three to qualify): 1. D. R. Batten, New Zealand; 2. Alastair Gordon, Australia; 3. Brian Shenton, England; 4. Oscar Wijeyasinghe, Ceylon. Time: 22.4.

Third heat (three to qualify): 1. Johnny Treloar, Australia; 2. Clem Parker, New Zealand; 3. Nick Stacey, England; 4. Manasa Nukuvou, Fiji. Time: 21.7.

Fourth heat (three to qualify): 1. Don Pettie, Calgary; 2. David Johnson, Australia; 3. Orisi Dawai, Fiji; 4. Derek Pugh, England. Time: 22.1 (P. Lewis, England, won heat but was disqualified).

440-yard hurdles, semi-finals:

TODAY'S News Pictures

No Place for a Lady

A cashier of a New York restaurant covers her eyes after three robbers forced these four waiters to drop their pants during a holdup. The culprits snatched $300 from the cash register and fled into the theatre district crowds. They herded six men and two women employees into a back room, but first they watched boxing bouts on the restaurant's television screen for a half-hour before the stickup. —Central Press Canadian

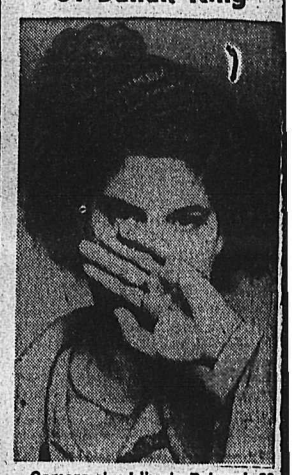
Directs Defence Of Nationalists

Six Chinese divisions, numbering from 150,000 to 200,000 men, under the command of Gen. Sung Li-Jen, U. S.-educated military hero and strategist, are ready to defend Formosa against Communist assault, according to Dr. Ting-fu F. Tsiang, Chinese member of the U.N. Security Council. He says they are armed with U. S. equipment. Dr. Tsiang charged that Soviet-supported invasion of Formosa is being discussed at the Moscow parley with Chinese Communists. He stated further, Formosa will be strongly defended, and that the Nationalist Government is confident of holding it unless Soviet help is extended.—Central Press Canadian.

In "Stromboli" Role

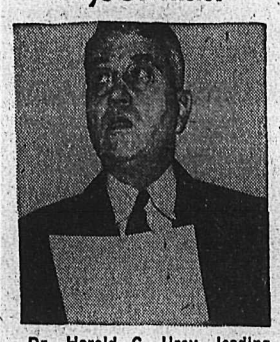
Ingrid Bergman, Swedish film actress who gave birth to a son in Rome, lies on a bunk bed playing cards in this scene from the movie "Stromboli" in which she starred. The film was directed by Roberto Rossellini, whom Miss Bergman has said she will marry after she obtains a divorce from Dr. Peter Lindstrom. The widely publicized romance of Miss Bergman and her director erupted into headlines last Spring during filming of scenes on the island of Stromboli. This scene was one of the sequences showing concentration camp life, and filmed at a displaced persons camp near Rome.—AP Wirephoto.

Capture Friend Of Bandit King



Camera-shy Liboria Palermi, 23-year-old member of the bandit gang of Sicilian outlaw Salvatore Giuliano, is shown in Palermo, Sicily, after her capture. Police said that she had been a member of Giuliano's gang for a long time and had taken part in many of the activities for which there is a price on the head of the outlaw leader.—Central Press Canadian.

Armament Race May Be Lost Now Says Scientist



Dr. Harold C. Urey, leading atomic scientist, warned listeners in a New York address that if Russia alone develops the dreaded hydroge nbomb, she may be able to force all other nations to surrender without dropping a single one. Dr. Urey urged the U.S. to build the hydrogen bomb, but he warned that the West may already have lost the armament race. The hydrogen bomb, she may be able 1000 times more powerful than the original a-bomb.

Fresh Air Commuter

This tiny bus seems more appropriate to the miniature roads of a toy village than to Piccadilly, London, where the picture is taken. The model—built for a commuter—is powered by a 125 c.c. engine, and has a three-speed gear box.—Central Press Canadian.

DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

President, R. E. Stavert, Montreal; Vice-Presidents, R. W. Diamond, Trail, W. C. Jewitt, Trail, H. R. Banks, Chapman Camp, J. R. Giegrich, Kimberley, and Dr. J. F. Haszard, Kimberley; Chairman, J. McLay, Kimberley; Vice-Chairman, J. M. Wolverton, Kimberley; Secretary-Treasurer, T. H. Wilson, Chapman Camp; Executive Committee, R. J. Davidson, B. O. Iverson, J. H. Shaw, H. Stuart and F. Barraclough.

The meeting also approved that the matron of the hospital, the inspector of schools, the mayor, Community Chest chairman and the public health nurse be made members of the local centre annually.

COMINCO COMPETITION

Junior first aid classes in the high school for this year started in January and a general class will be started in February. No industrial classes will be held here this Spring. Cominco finals and the East Kootenay Mines Safety Association competitions will be held here this year, Cominco having offered the use of the Chapman Camp greens for the competition. The secretary will write the Provincial office supporting the suggestion of a Provincial competition for the B.C. trophy until the Dominion competitions are started.

H. R. Banks has placed a girls' intermediate shield for yearly competition, senior first aiders giving a similar one for boys. F. Barraclough, R. Davidson and W. Bailey will contact the high school teachers and students council, also the School Board in an effort to get better spectator support for competitions.

Junior and intermediate organizations will be advised that there are trophies open for competition and instruction and equipment available on request to a member of the executive.

Canadians Buy More on Credit

WINNIPEG, Feb. 6 (CP)—C. B. Flemington of Toronto, Secretary-Treasurer of the Associated Credit Bureaux of Canada, said today that there has been a "marked acceleration" of credit buying in Canada.

In an interview prior to opening of the group's two-day conference here, Mr. Flemington said that "we have noted a gradual tightening of the consumer dollar and it represents a challenge to the merchants in exercising every opportunity protect the calibre of their accounts receivable and to sell only to those deserving".

To Charge Glass Firms With Alleged Combine

OTTAWA, Feb. 6 (CP).—Justice Minister Garson announced today that prosecutions will be launched against jobbers of flat glass in Ontario and Quebec for allegedly operating a combine detrimental to the public interest.

In a brief statement Mr. Garson said T. N. Phelan, K.C., of Toronto "has been retained as council on behalf of the Attorney General of Canada and has been instructed to proceed with prosecution."

Firms listed as members of the alleged combine:

Consolidated Glass Ltd., Toronto; Hobbs Glass, L[illegible]on; Pilkington Brothers [illegible] Ltd., Toronto; Advance [illegible] Mirror Co., Ltd., Toronto; [illegible] Plate and Window Glass, [illegible]onto; Excelsior Plate Glas[illegible]d., Toronto; Lloyd's Glass [illegible], Hamilton; J. P. O'Shea & [illegible], Montreal, and Queen City [illegible]d., Toronto.

The Pilkington [illegible] Hobbs firms were described in the 40,000-word report as doing [illegible]an 70 per cent of the Cana[illegible] glass business. The Pilkington firm is an offshoot of a Britis[illegible] company, while the other is par[illegible]nanced by United States capital.

Permit Needed in Cranbrook for Oil Burning Equipment

CRANBROOK, B[illegible] 6 — Effective February [illegible] city by-law now requires issuing of a city permit to those installing propane gas or oil-bruing equipment in any premises in city limits. These installations are gaining in use in this area, and the measure was considered necessary for fire protection.

Procedure now requires preliminary inspection by City Fire Marshall James Gordon before a permit for installation is granted. Cost of inspection is one dollar per unit for radiant gas heaters, two dollars per unit for oil heaters and range oil burners, gas ranges and gas water tank heaters, and one cent per supply tank gallon unit for furnace oilburners of over 200-gallon capacity. Chimney inspection fees preliminary to installation are two dollars per chimney.

M. Moran to Manage McBride & Allan Castlegar Office

McBride and Allan, barristers and soliciters of Nelson, have opened a full time branch office at Castlegar.

The firm has maintained an office at Castlegar for the last three years, but it was opened only twice a week.

Michael Ernest (Mickey) Moran of Vancouver will manage the branch.

A native of the Pacific Coast city, Mr. Moran received his early education at Abbotsford and graduated from the University of British Columbia in law in May, 1949. Prior to his graduation, he served with the Air Force for four years during the war.

MONTREAL, Feb. 6.—H. J. Main, assistant to the Vice-President of the Canadian Pacific Railway Company and a veteran of 48 years of railroading in all parts of Canada, died suddenly in the Montreal General Hospital last night. He was 64 years of age.

He is survived by his widow, the former May Belle Peachey of Arnprior, Ont., his two sons, Hugh B. of Montreal, Director of Sales and Traffic for Canadian Pacific Air Lines, and Lorne G. of Winnipeg; a brother, H. S. Main, of Toronto; and four sisters, Mrs. A. Peever, of Renfrew, Ont., Miss E. M. Main of Toronto, Miss C. E. Main of Kingsville, Ont. and Mrs. C. Quackenbush of Gananoque, Ont.

Son of Nelsonite Serves B. C.'s Largest Riding at Ottawa

E. T. Applewhaite, former resident of Nelson, and his career in politics were described in a story by Don Mason of the Vancouver Daily Province, Ottawa Bureau. Mr. Applewhaite is the son of J. Applewhaite of Nelson and formerly of Willow Point. The story follows:

"The biggest Federal riding in British Columbia is represented in the House of Commons by E. T. (Ted) Applewhaite, a wiry little man with a bushy, black moustache and a gifted tongue.

"The riding, Skeena, takes in about 154,000 square miles of sparsely-settled country, more than one-third of the total area of the Province.

"Ted Applewhaite is 51. He was born in Nelson and went to school there and at Willow Point in the same area. Since 1943, his home has been Prince Rupert.

"His father had walked into Nelson in 1890, before it was Nelson and before there was a railroad or wagon road. He started a banking and investment business, but gave way to the Bank of Montreal after incorporation.

"Applewhaite senior took up farming at Willow Point after that, and it was only last year—at 87—that he sold out and moved into Nelson.

"Ted's first job was on a government road—with pick and shovel.

"In 1916, turned down for overseas service, he joined the East Kootenay Rifles, but transferred to Forestry Corps in 1917 and went overseas.

PRACTICED IN ROSSLAND

"Back home, he took the five-year course in law, and in 1922 was called to the bar in Nelson. He practiced at Rossland then in 1928 moved to Stewart. When Stewart was incorporated as a village, Applewhaite became municipal clerk, holding that post until he went to Prince Rupert in 1943. Then he went into the insurance business.

"If Ted Applewhaite has a hobby, it is community service.

"In Stewart, he was for 13 years secretary of the Canadian Legion branch, four years president of the Board of Trade, and received the George V Jubilee Medal in recognition for his work for war veterans.

"In Prince Rupert, he was Secretary of the Chamber of Commerce for 4½ years; he was associated with the Navy League of Canada, the Boy Scouts, the Rotary Club and the Church of England.

"When he resigned from the Rotary Club to come to Ottawa, he was made an honorary member.

"Ted's first try at politics in 1945 ended in defeat when Harry Archibald, C.C.F., was elected to the Commons.

"Ted won by 1764 votes last June, but believed Archibald would have defeated him if it had not been a straight Liberal-C.C.F. fight.

IS HEARD

Applewhaite hasn't done much speaking in the Commons to date but on one occasion he startled observers with a brief, but impassioned attack on the official opposition.

"It was at the windup of debate on the Act to Abolish Appeals to the Privy Council in London. Progressive Conservative T. L. Church, from Broadview, had launched a one-man filibuster against the bill.

"Applewhaite, his moustache fairly bristling, declared:

"'As a Canadian, a Liberal and one who takes second place to no one in my loyalty to the British Commonwealth, I strongly protest against my unjustifiable and unfounded claims that this legislation is in any way selling out Canada's interest in the Commonwealth.

"'This country has learned to stand on its own feet.

"'I suggest that both the House of Commons and the country would like us to finish this practically-completed business and get on with the other business of Parliament.'

"A pleasantly-surprised Prime Minister St. Laurent turned around to see who the backbencher was.

"A few minutes later, the bill passed."

Kills Self in Russian Roulette

PRINCETON, N.J., Feb. 6 (AP)—A 25-year-old Princeton professor put a pistol to his head and killed himself Saturday night in what authorities listed as a game of Russian roulette.

Police said friends of Dr. Allison Williams Bunkley told of watching him pull the trigger twice, but nothing happened. He refused to quit despite their urgings, they said, and laughingly announced he'd "do it just once more".

That attempt sent a .32-calibre bullet into his right temple.

Police said he had assembled five friends in his apartment for a party in celebration of his 25th birthday, which has passed quietly the day before.

Russian roulette is played by loading a single bullet into one of the six chambers of a revolver, then spinning the chamber, placing the pistol against the head and pressing the trigger.

Child Confesses Derailing Train

POINT PLEASANT, W. Va., Feb. 6 (AP).—An eight-year-old boy has admitted he derailed part of a freight train Saturday night by putting bricks and boards on the tracks, State Police said today. No one was injured in the wreck, which caused damage estimated at more than $10,000. Police said the youngster told them he wanted to see what would happen. No action has been taken against the boy.

Cranbrook Kiwanis to Sponsor New Fernie, Kimberley Clubs

CRANBROOK, B.C., Feb. 6 — Dr. Neal Wendle of Spokane, District Lieutenant-Governor of Kiwanis, was special guest at the dinner meeting of the club here when annual reports were given and new officers installed. An objective of the Cranbrook Club this year will be sponsorship of new Kiwanis Clubs at Fernie and Kimberley.

Cranbrook Kiwanis are sponsoring the East Kootenay section of the national polio drive for funds, and are placing 400 tin boxes for contributions for this work here, in Kimberley and Fernie.

AID FOR CHILDREN

Annual reports showed a large volume of work among local children. This included aid in supplying glasses for youngsters, special treatment for crippled children and help in sending a local youngster to Rochester. Its general children's work included provision of hampers of toys for children otherwise skipped at Christmas. Funds for this work were derived from a series of amateur talent contests.

Dr. Wendle officiated at the installation when Eric Freeman became Past President, Michael Green, President, Guido Benedetti, Vice-President, Gordon McDermid, Secretary-Treasurer, and Harry Volsey, Bill Carston, Bud Nunn, Ed Girling, Verne Askew, Frank McDaniel and J. S. Dunlop, directors.

The annual convention of Rotary Clubs of District 153 will take place in Walla Walla, Wash., May 14, 15 and 16, it was announced at the Nelson Rotary Club luncheon Monday.

Warns Germans to Remember Crime

STUTTGART, Germany, Feb. 6 (AP)—The United States High Commissioner for Germany today sharply reprimanded West-German officials for criticizing the Western Allies. He presented a program for Germany ruling out an army or air force and pledging that Nazism will not rise here again.

TOUGH SPEECH

In a tough-talking major speech Commissioner John J. McCloy informed the Germans the United States intends to keep a firm grip on the occupied country's political affairs.

McCloy outlined a policy for Germany, and at the same time warned West-German leaders to stop agitating on such foreign issues as the dispute with France over the Saarland. He told the Germans they should get busy solving their many internal problems.

In a direct reprimand to recent statements by West-German officials who have blamed France and others for Germany's plight, McCloy said:

GERMANY'S PROBLEMS

"There has been a recent tendency of certain spokesmen in this country to jump all the way from a denial of collective guilt to an assertion that other peoples and countries are responsible for Germany's post-war difficulties and problems.

"Such utterances do incalculable harm and set back the cause of Germany.

"They call to mind what people are now disposed to forget, that is the amazing docility and acquiescence of the greater part of the German population toward Nazi outrages."

Scots Short of Coal and Candy

WINNIPEG, Feb. 6 (CP)—Works Minister Errick Willis returned home today ahead of other Canadian curlers who toured Scotland and said that the Scottish people are "better off than we expected for the necessities of life."

Mr. Willis, who travelled by plane from Scotland to Montreal and then made the remainder of the journey by rail, said that the Scots have shortages of coal, nylon stockings and candy. He remarked that householders are allowed only one bag of coal (110 pounds) a week no matter what the size of the house.

Sees Own Clothes On Fellow Diners

TORONTO, Feb. 6 (CP)—Laverne Simpson, sitting in a restaurant Saturday night, didn't believe his eyes—and he took another look. The snappy-looking clothes two youths were wearing looked like the ones he had been robbed of earlier in the day. He called police and the two youths were arrested and charged with theft.

Record Attendance For P.T.A. At Cranbrook

CRANBROOK, B.C., Feb. 6 — School children themselves had a lot to do with the excellent attendance at the February Parent-Teachers' Association meeting at Central School Thursday evening. Teachers throughout city schools reminded parents through notices sent home by their pupils, with Miss Marian Beattie's class turning in largest parent attendance, and thus winning a small prize for use in their classroom.

Lively discussion of modern report card methods took place at the meeting, with explanations of the methods of rating the pupil. Mrs. James Brookes as ways and means convener reported initial fund raising event, sponsorship of the lunch counter for the Kootenay Ladies' Bonspiel, raised approximately $100.

The child psychology calsses undertaken by the study groups were reported progressing well.

Republicans State Party Principles

WASHINGTON, Feb. 6 (AP) — Republicans said in a statement of party principles today that the issue of the 1950 congressional campaign "is Liberty against Socialism".

In a 2000-word statement of aims, the Republicans called for a balanced budget and a "policy of general tax reduction accomplished as rapidly as reduction in Federal expenditures will permit".

The statement said the paramount issue today is "whether we shall remain in this country a free people in constant control of our Government, or whether we shall delegate to an all-powerful Federal Government with unlimited power to tax and to spend, the rights to direct and operate our agriculture, industry, labor and local commuities and the daily lives of our citizens".

Has Fastest Service To Honolulu

VANCOUVER, Feb. 6 — Canadian Pacific Airlines now has the fastest air service to Honolulu from Vancouver, G. W. G. McConachie, President, stated Friday.

Mr. McConachie has just returned from a three weeks inspection tour of CPA's Trans-Pacific route to Honolulu and Australia.

Tells Rotarians Experiences in India During War

Nelson Rotary Club at their luncheon Monday heard of the experiences of Ross McCulloch during war years in India and the Far East.

Mr. McCulloch went to the Far East from England in 1938 and about three years later moved to the Middle East.

It was Mr. McCulloch's second trip to India. When he left there the first time there was much trouble among the people.

About the middle of 1947, Lord Wavel who succeeded Lord Louis Mountbatten, did not favor the petition of India that the administration be turned over to the Indian people.

NIGHTS OF FIGHTING

In late June as feeling began to mount, especially in the Punjab, residents of that area began to move Southward. As many refugees tried to flee in trains they were massacred by troops with spears and guns. Killings were carried out unmercifully before the eyes of other refugees.

Mr. McCulloch told of sudden outbreaks that would last for days. During the day all would be quiet, but as darkness set in, shots would ring out in the street and fighting would begin once more. Another method of fighting by the troops was to break into a home and throw acid over the people and burn them.

Some time later, Mr. McCulloch, on leaving India, found the only safe route would be to go to Bombay and board a boat there. At small railroad stations along the way, as many as 10,000 refugees would crowd about a small platform in an effort to board packed trains to take them to other parts of the country, and away from the fighting. Mr. McCulloch managed to get to Bombay by train where he boarded a boat which brought him back to Canada.

Cranbrook to Vote on Money Bylaw for Arena

CRANBROOK, B.C., Fesb. 6 — Voting has been set for February 16 for city ratepayers on a $25,000 bylaw which would be repayable over a 20-year period at a total cost of $33,312.50 and would provide them with additional facilities to the completed arena building to make it of use for auditorium and sports year-round. Cost would be under one mill of tax annually for repayment.

The amount would finance seating facilities, wiring and plumbing, in the building which has been completed at cost of $37,938, install a heating plant, meeting rooms and portable floor to make a civic center instead of limiting it to ice sports.

Cost of the completed building has been entirely covered by funds raised for the purpose by the Gyro and Rotary Clubs, transfer of city relief rebates from the 1930's and a donation by the Consolidated Mining and Smelting Company.

Queen Mary Unable To Walk, Attacked By Acute Sciatica

LONDON, Feb. 6 (AP).—Queen Mary has been so badly crippled by sciatica that she has been unable to walk for the last week, it was learned today.

The 82-year-old Queen Mother is confined to her room at her residence, Marlborough House, but has declined to stay in bed.

Sciatica is neuralgia of the sciatic nerve, the largest in the body, and which runs down the back of both legs.

Issues Warning to Conservation Board

MONTREAL, Feb. 6 (CP)—Major Ceneral Howard Kennedy, Chairman of the Eastern Rockies Forest Conservation Board, warned here today that unless Canada's forest industry changes its way, succeeding generations will be in for a difficult time.

Speaking before members of the Canadian Club, Major General Kennedy said the Major abuse of the forests of Canada was the failure of single operators to utilize to the full forest resources. He said operators took out the type of wood they wanted and left behind other kinds which should be removed rather than left to deteriorate.
