Vol. 50 — NELSON, B.C., CANADA—SATURDAY MORNING, AUGUST 25, 1951 — 5 Cents a Copy — No. 108

WEATHER FORECAST

KOOTENAY: Variable cloudiness Saturday morning. Cloudy Saturday afternoon and evening. A few showers Saturday afternoon. Little change in temperature. Light winds. High Saturday at Cranbrook 40 and 70 Crescent Valley 45 and 75.

Sons Deny Fires Started by Group

District Forest Fire Mop-Up Work Continues; Coast Situation Grim

Members of the radical Sons of Freedom Doukhobor sect Friday denied any of their group had started recent forest fires in the Krestova and Glade areas.

Anton Kolesnikoff, spokesman, said in a statement to the Daily News that the Spiritual Communities of Christ (Sons of Freedom) "cannot think it possible" any of us members were responsible.

The statement came after H. B. Forse, district forester at Nelson, had charged that at least six fires in the Krestova and Glade areas were "definitely traceable to incendiarism." The forester had said "It is possible fanatical members of the Sons of Freedom sect started the fires."

As strong believers in God and nature, Sons of Freedom would not destroy nature, Kolesnikoff replied. They felt that anyone caught in the act of incendiarism should be prosecuted to the limit, and should lose membership in the Spiritual Communities of Christ.

The statement concluded on the note that accusations against Sons of Freedom should not be made unless substantiated. "A lot of filth is thrown against us."

Meanwhile, mopping-up operations are being conducted in Nelson Forest District on fires subdued by showers.

Four bulldozers are throwing a fire cordon around an 8000-acre fire on Yahk River South of Moyie. Although the blaze is not under control (miles and miles of fireline are required) fire fighters are expected to make a good showing soon.

A fire on Blizzard Mountain, South of Columbia Gardens is well under control.

Scattered fire spots on the East side of a fire on Brewer Creek in the Kettle River area were spotted by plane Friday. Forest Service has 37 men on the fire and will increase ranks there today.

No report was received Friday from crews fighting fires on Halfway Creek between Nakusp and Arrowhead, but officials believe they have matters well in hand. Heavy rain was falling over the area Thursday when supplies were dropped.

A fireline has nearly been completed around a fire at Texas Creek near Christina Lake and it was described as "fairly wel under control.".

All Lardeau fires are under control, a fire on Toby Creek near Invermere si being patrolled by 15 men, Santa Rosa and McRae fires in the Cascades are being watched by 15 men and between eight and 10 men are keeping an eye on a fire on Nine-Mile Creek near Fruitvale.

Two fires which started Thursday near Golden and Edgewood were extinguished.

About 800 firefighters were on the Forest Service payroll in Nelson district Friday, and fires totalled 27.

COSTS IN MILLIONS

VANCOUVER, Aug. 24 (CP) — Flames continue today to eat through British Columbia forest areas, parched by the long drought.

With 3000 firefighters engaged, the Forest Protection Fund, raised to a record high of $2,500,000 this year, will be exceeded, forestry officials said.

Some 200 men are fighting the fire near Honeymoon Bay on Vancouver Island which was whipped into fury by the wind again last night, causing spot fires in a number of places.

Reports from the 2000-acre blaze at Lake Cowichan, Vancouver Island, were more encouraging today, but foresters are keeping their fingers crossed against possibility of a Southeast wind.

FROST THREAT PRAIRIE WORRY

Wheat Development Behind; Next 10 Days Important

EDMONTON, Aug. 24 (CP) — Cold Arctic air moved into the Prairies' rich grain belt today, bringing some risk of frost damage to a record billion-bushel crop.

The next week or 10 days is the critical period in much of the West. The crop is 10 to 14 days late in development. Sharp frost now would ruin or severely hurt still-moist, unripened heads of wheat and other grains.

The Alberta Soils Supervisor, G. R. Sterling, said frost must hold off for 10 days if farmers in the Edmonton district are to clear their fields safely.

"All crops are late now," he said, "but another 10 days should see harvesting well under way."

Roughly, that is the situation in most Northern sections of the West's bread-basket.

A year ago the damage had been done. Farmers lost almost $100,000,000 from ruined or damaged grain when severe frost spread from the Northwest across the Prairies Aug. 19 and after.

This year frost damage so far has been trivial. Only report of serious loss comes from the Meath area North of Prince Albert, Sask. Farmers on low-lying land there lost an estimated one-third of their crops last week.

Low land suffers first. Cold air is heavier than warm air. It settles into valleys and small hollows. Adjoining high land may be untouched.

First widespread frost of the season was reported today by the Weather Office in Edmonton. It nipped at grain crops in North-Central Alberta last night, but was too light, forecasters said, to have caused serious damage.

Farm experts have said warm weather is urgently needed to bring Western crops to maturity before cold Autumn weather.

But the Weather Office here said a front of cold air is moving southward in a wide belt across the Prairies. Its leading edge would bring rain, clouds and wind as far South as Edmonton by Saturday afternoon.

A forecaster said there will be little frost danger while rain and clouds remain.

But he said cold air is expected to follow the front, bringing risk of frost to the grain belt.

EVEN NATURE HINDERS PEACE PARLAY — With the Imjin River bridge washed out by heavy rains, U.N. delegate Rear Admiral Arleigh A. Burke, member of the buffer zone sub-committee in the Kaesong peace discussions, uses a helicopter for transfer to the conference site. Even the helicopter landing strip at base camp is a river of mud and water. The sessions of the four-man sub-committee meeting to determine a cease-fire line in Korea have produced no evidence of agreement.—Central Press Canadian.

Up to Reds to Say if Talks Are to Resume

"False, Preposterous Red Charges Do Not Merit Reply; Manufactured"

By TOM BRADSHAW

TOKYO, Aug. 25 (Saturday) (AP)—Gen. Matthew B. Ridgway today offered to resume the Kaesong truce talks whenever the Communists say so.

In a message to the Communist high command, Ridgway said:

"When you are prepared to terminate the suspension of armistice negotiations, which you declared on Aug. 23, I will direct my representatives to meet with yours, with a view to seeking a reasonable armistice agreement."

The Communists suspended the truce talks Thursday, asserting that allied planes had bombed the neutral city of Kaesong, site of the cease-fire talks.

The supreme allied commander had branded the charge a "frame-up" and President Truman had called it a "masquerade."

In today's reply, Ridgway heaped fresh scorn upon the Red allegations, calling them "so utterly false, so preposterous and so obviously manufactured for your own questionable purposes."

He said the charges did not in their own right "merit a reply."

Ridgway then accused the Communists of manufacturing the Kaesong bombing charges for propaganda purposes.

"The evidence in this most recent alleged violation was even more palpably compounded for your insidious propaganda purposes than your earlier efforts," said Ridgway's message to North Korean Premier Kim Il Sung and Chinese Red Gen. Peng Teh-huai.

"In line, however, with our constant adherence to ethics of decency, I have in this case, as in all others, fully investigated your charges.

"My senior Army, Navy and Air Force commanders have individually certified to me in writing that none of their elements have violated or could possibly have violated the Kaesong neutral zone in this or any other instance of alleged violations reported by you."

First a Red liaison officer and later high-ranking Communists hurled charges that the United Nations sought to "murder" the Red delegation.

Their angry tirades were tempered slightly by a professed willingness to go on with the Kaesong talks if Ridgway came through with "a satisfactory reply."

Protocol calls for Ridgway's replies to be cleared thorugh Washington and United Headquarters at Lake Success, N.Y. Presumably this was being done in the latest instance.

At the U.N. advance camp at Munsan, many rumors and reports were heard.

The most persistent rumor was that Ridgway would propose the talks be moved to another site to forestall recurrence of any "incidents."

That would give both sides an out.

Another rumor was that the staff officers at the peace camp discussed a proposal to change the site but had turned it down.

The charges were branded informally by United Nations Command Headquarters as "a nattempt to win back some of the face lost by their own (communist) blunders."

The harshly-worded communist protest focussed attention on the possibility of a renewal of full-scale ground action along the irregular, twisting battlefront.

TWO RED JETS SHOT DOWN

Waiting Allies Ready For Any Sudden Move by Red Armies

By STAN CARTER

U. S. EIGHTH ARMY HEADQUARTERS, Korea, Aug. 25 (Saturday) (AP)—Two Communist jets were destroyed in air combat Friday while the Eighth Army commander expressed optimism over ominous Red troops movements all along the Korean ground front.

Principal ground action was the weekend, inconclusive "battle of the hills" between South and North Koreans on the Eastern front.

"The enemy cannot defeat the Eighth Army," Lt.-Gen. James A. Van Fleet said in an interview. "He can bring in 1,000,000 troops but I'll be damned if he can support them."

Van Fleet said his men's attitude "will turn to hate" and "they will be tough fighters" if the armistice conference breakdown should prove final.

"They have spent the 61-day armistice lull in training," Van Fleet said. "We feel very confident we can whip the enemy in the present battle area . . ."

As Van Fleet spoke, Allied observers reported two large Red troop concentrations were spotted North of Yanggu, near the Eastern front hinge. Small Red groups were observed in movement all along the front from the "iron triangle" area in the centre clear to the East coast.

This could mean enemy preparations for an offensive build-up or a concerted relieving of exhausted units.

Allied air and artillery slashed at one force of about 1000 Reds with 200 trucks, seen moving South above Yanggu.

Red artillery, mortars and minefields turned back an Allied tank-infantry patrol that probed North of Kumhwa.

North of Yanggu and West of the East coast town of Kansong, there was an all-day fight for an L-shaped ridge. South Korean troops took one height, giving them control of all main features of the ridge. However, the Reds counter-attacked repeatedly.

The air fight, in which two Red Mig-15s were confirmed as destroyed without Allied loss, came when 26 American sabre jets jumped 40 Migs near Sinanju, North Korea.

The sabre jets were flying protection for B-29 bombers when they jumped the surprised Communists at 7:15 p.m. Friday evening.

$409,000,000 Surplus in First Four Months

OTTAWA, Aug. 24 (CP) — The Federal Government piled up a surplus of nearly $409,000,000 in the first four months of the 1951-52 fiscal year, a year in which the surplus was not expected to be more than $30,000,000.

In his budget speech April 10, Finance Minister Abbott forecast revenues of $3,730,000,000 and expenditures of $3,700,000,000 for a surplus of $30,000,000. But today a report from the Treasury disclosed that in the first four months of the year ending March 31 next, revenues totalled $1,202,991,533 and expenditures $794,012,373, leaving a surplus of $408,979,160.

In the first four months of the 1950-51 fiscal year, the surplus totalled $252,000,000. The Government ended the year with a surplus of $203,000,000, although only $15,000,000 had been forecast.

Canada's record surplus was compiled in 1947-48 and totalled $670,000,000.

The Treasury report said the increased revenues reflected some of the higher taxes imposed last year and some of those in the 1951 budget.

Fifty Die as Plane Bursts on Hillside

By JERRY T. BAULCH

OAKLAND, Calif., Aug. 24 (AP)—In a flash of flame and a thundering roar, 50 men, women and children died today as a plane burst on a fog-shrouded hillside. Everyone aboard the United Air liner perished.

The big ship carried 44 passengers and a crew of six. The flight started Thursday night in Boston, with stops at Hartford, Conn., and Cleveland and a non-stop leg from Chicago to Oakland.

Several hours after the plane was shattered into fragments about 20 miles from the Oakland airport, an announcement by the Federal Bureau of Investigation in San Francisco said: "The F.B.I. is making an inquiry to determine whether sabotage has been committed."

The office of chief agent Harry Kimball would go no further than that, and would not comment on whether such an investigation could be called routine.

(No Canadians were listed among passengers or crew members.)

The only whole body was that of a tow-headed boy, about five years old. His skull was crushed.

A blinding flash of flame and the dull roar of an explosion awakened residents of the farming area at 5:30 a.m. PDT (8:30 a.m. EDT). The plane was scheduled to reach the Oakland airport at 5:35 o'clock.

The pilot was preparing for the landing. The plane's landing gear was down. The ship was over the rolling Brown Hills that skirt the mainland side of San Francisco Bay.

Then came the thundering crash, successive explosions, and all was quiet, save for the crackling of grass and brush set ablaze by flaming gasoline.

And on the hillside was a battered book. The flyleaf showed the title—"From Here to Eternity."

Furrows gouged by the four massive engines showed that the plane hit about 15 feet below the crest of a hill, some 1500 feet high.

The engines were rocketted over the hill and into a steep ravine, into which most of the bodies also fell.

Debris from the plane was found as far as a mile distant from the fire-blackened hillside scene. Mail from the cargo festooned the scrub oaks that dot the pasture land.

Rap U.S. Failure to Give Gov't Information on Named Canadians

OTTAWA, Aug. 24 (CP) — The Canadian Government today swung the second half of a diplomatic one-two punch in the direction of Washington over the way charges against Canadians have been popping from a U. S. Senate Committee inquiry.

Last week, the Government protested directly and sharply to the U. S. State Department against publicity given the mentioning of a top Canadian diplomat before a secret committee session.

Today's follow-up was a Press release from the External Affairs Department, in equally sharp terms, expressing dissatisfaction at not being given a chance to deal with reported charges against two Canadian officials before the committee.

The Press statement, while having no official impact, was an extraordinary move for the Canadian Government, which customarily uses kid gloves in dealing publicly with any controversies involving a country as friendly as the U. S. There were indications it might be the prelude to further formal representations to Washington.

The statement used the diplomatically-tough terms "unsatisfactory" and "surprising" in dealing with Canada's failure to get at the U. S. committee evidence in which the Canadians are supposed to have been mentioned.

It grew out of an Aug. 16 report in the New York Journal-American saying "two Canadian Government officials of high rank" had been named as associates of Red espionage agents in evidence before the Senate Internal Security Committee.

Since then, the Canadian Embassy at Washington has been unable to get at the basis of the news story, a failure which prompted the department to say today:

"It is to the department as unsatisfactory as it is surprising that, a week after they were given currency in the Press, no opportunity has been given of considering charges, which if they had any foundation at all, would be of grave consequence to those concerned and to the Canadian Civil Service."

Later, it was learned that the committee's reply to the Canadian request for information on the reported evidence was transmitted to the Canadian Embassy at Washington yesterday through the U. S. State Department.

"It contained no names and no charges and is, therefore, quite unsatisfactory to the Canadian Government," an External Affairs Department official said.

Officials of the department declined to say whether the Government had received a turndown in its search for information from the committee, though the tone of the department's statement suggested that might be the case.

At all events, it appeared official Canadian annoyance was directed at committee officials rather than at the State Department and the Truman administration, through which Canada must deal in such matters.

FRECKLED LAD FIRST INTO C.N.E. GROUNDS

TORONTO, Aug. 24 (CP) — A freckle-faced kid burst through a turnstile today and the world's largest annual exhibition was open.

Thirteen-year-old Victor Duhamel won the honor — but nothing else—of being th first person at the 72nd Canadian National Exhibition, termed by Gen. George C. Marshall in his opening speech, "typical of the fruits of living and habits of life in Canada."

Thousands streamed in behind young Duhamel who had slept outside one of the gates throughout the night to gain the honor of "first" at the 1951 "Ex." Some 200,000 persons were expected for the first day. Nearly 3,000,000 likely will attend in the next 14 days.

Some 10,000 were on hand at the official opening ceremonies when Gen. Marshall, United States Secretary of Defence, lauded Canada's part in the Korean war and her leadership in world affairs. With him on the stand were such dignitaries as Hon. Brooke Claxton, Canada's Defencie Minister; Anthony Eden, British Foreign Secretary, and Stanley Woodward, U.S. ambassador to Canada.

DON

Hope of Exposing Drug Ring Pins On Girl's Report

SOUTH BEND, Ind., Aug. 24 (AP)—A 19-year-old girl has given information that may lead to exposure of a 'teen-age sex, drug and organized theft ring, Prosecutor Graham W. McGowan said today.

The girl has told, McGowan said, of participation by about 100 youths in midnight parties in a woods near the South Bend limits known to the youngsters as "hot-rod heaven."

The girl's story, McGowan said, has been substantiated by two teenage boys and a 20-year-old girl. No arrests have yet been made.

McGowan said the 19-year-old girl told him boys and girls from 14 to 21 years of age meet in "hot-rod heaven" where they drink heavily, take narcotics, indulge in sexual indecencies and receive instructions from hoodlums on how and where to commit thefts to obtain money.

Nanaimo Carpenters Threaten Walkout

NANAIMO, B.C., Aug. 24 (CP)—Carpenters in Nanaimo plan a walkout Sept. 1 unless a new contract for a wage rate of $2 an hour is signed, it was reported here today.

Robert Strachan, secretary of the Carpenters' Union, said at the hearing of the Industrial Conciliation Board that the workers' patience had been exhausted over delays met last year due to what he terms "red tape" required by a Conciliation Board.

His union protested Government supervised votes, and demanded it be made mandatory for employers to bargain collectively with unions.

There was need for quick decisions in wage negotiations, said Mr. Strachan, and he recalled that last year the local agreement ended in March, but was August before a new contract was signed.

"The boys are disgusted with the way the act affects them," he declared.

RECENT CRASHES TAKE BIG TOLL

By the Canadian Press

A total of 67 persons have died in aircraft tragedies in the last 24 hours.

Friday, a United Airline DC-6-B en route non-stop from Chicago to Oakland, crashed and disintegrated 10 miles from its destination. All passengers and crew members—a total of 50—were killed.

Eight United States Navy men perished at Atlanta, Ga., when the Catalina Flying Boat in which they were trying to take off for a routine training flight, plunged off a cliff.

In a third crash, nine men wen to their death as a U.S. Air Force C-47 came down in flames on a small air field along the Alaska railroad, 150 miles North of Anchorage.

Second Big Gas Discovery in Sask.

REGINA, Aug. 24 (CP) — Resources Minister Brockelbank said today that the second major gas discovery in a month has been made in the Kindersley area about 120 miles Southwest of Saskatoon.

The new well, Husky-Phillips Brock No. 1 is 21 miles East of Kindersley and about 25 miles from the earlier discovery. Gas was reported to have risen at a rate of 5,000,000 to 8,000,000 cubic feet a day.

Unconfirmed reports said there was another strike in the district today.

The Royalite Albercan Smiley No. 1., discovered Aug. 14, had an estimated open flow of 10,000,000 cubic feet of dry gas a day.

BABY'S NARROW ESCAPE WHEN CARS COLLIDE

VANCOUVER, Aug. 24 (CP) — A baby riding in a carriage had a narrow escape today when two cars collided here.

One of the cas jumped the curb, shearing off the streetname pole and just missed the baby buggy.

Mrs. O. A. Kennedy, who was pushing the buggy, and the baby, 10-months-old Mary Delaney, suffered slight shock.

SHELL EXPLODES, KILLS TWO SEATTLE WORKMEN

SEATTLE, Aug. 24 (AP) — A war-time shell from the Philippines killed two workmen today at a Seattle shipping terminal.

Another man was reported injured.

The workmen were sorting scrap metal from a Philippines shipload when the shell exploded at the Ames terminal on the Harbor Island waterfront.

At Least 20 Die In French Wreck

METZ, France, Aug. 24 (CP) —At least 20 persons were killed and 30 injured today when an express train roared through stop signals and crashed into the rear of a stationary train. Five American soldiers were among those killed.

Seventeen French soldiers were among the injured.

U.S. Army headquarters at Orleans, France, sent two officers to investigate reports that the baggage and mail cars of the trains had been pillaged.

The wreck occurred when an express from Basel, Switzerland, to Calais, France, smashed into the rear of a train from Frankfurt, Germany, to Paris which carried many American soldiers.

Crew Abandons Ship In Atlantic Ocean

NEW YORK, Aug. 24 (AP) — Forty crew men and one stowaway abandoned a leaking Spanish freighter in the Atlantic and were reported rescued tonight by a Honduran vessel.

All those rescued were said to be in good condition. Their ship, with water filling her No. 2 cargo hold, was expected to sink within eight hours.

The Coast Guard here was advised that the leaky freighter, the 3688-ton Castillo Guadalest which had been bound for Boston from Bilbao, Spain, was a menace to navigation.

The rescue took place about 600 miles Northeast of Bermuda.

Reports on it came to the Coast Guard from a British freighter, the Abraham Baldwin. The Baldwin was near the scene and was in radio contact with the Eurystheus.

Weatherman Orders Rainmakers Home

VANCOUVER, Aug. 24 (CP) — The men who fly the Rockliffe "ice wagon" rain-making plane were told by the weatherman today to go back as there are no clouds for them to work on.

"They called here today," the forecaster said, "but we told them they might as well go back and pound their ears. There's just nothing doing."

Bright sunny weather, with no clouds, is predicted for the next 48 hours.

Polish U.N. Official Dismisses Reports

GENEVA, Switzerland, Aug. 24 (AP) — There are persistent rumors in this diplomatic capital that Julius Katz-Suchy, former president delegate of Poland to the Unted Nations, is in disfavor in communist-ruled Warsaw, but Katz-Suchy denied the reports today.

The Polish diplomat, an official of Poland's foreign office since July 1945, said reports published abroad that he was to be removed entirely from Poland's official life were "stupidities."

The reports have it that Katz-Suchy with the London Polish government-in-exile during the war, is suffering the same treatment as other communists who were in London rather than Moscow at that time and who thus had many Western contacts.

Poland is at present reported undergoing a thorough purge of its communist leadership at Moscow's insistence.

Gardener Charged With Girls' Deaths

BATH, Somerset, England, Aug. 24 (Reuters) — John T. Straffen, 21, gardener's helper, was charged today with the murder of two girls. Police continued to hunt suspects in one of four child slayings since July. 10.

Straffen, remanded in custody, will stand trial for the deaths here of Brenda Goddard, 6, and Cicely Batstone, 9.

Brenda was found strangled July 17 in woods near here. Cicely's body was found Aug. 9 only 200 yards from where Brenda died.

A man has been charged in the death of Sheila Atwood, 11, found dead Aug. 2 in a garden near her Birmingham home.

Still without suspects is the case of Christine Butcher, 7, killed in Windsor, July 10.

WOULD USE A-BOMB

WASHINGTON, Aug. 24 (AP) — Representative Overton Brooks (Dem.-LA.) called today for use of the atomic bomb in Korea if the communists definitely end the Kaesong cease-fire talks.

Brooks, acting chairman of the Armed Services Committee in the House of Representatives told a reporter today that if the talks break down completely "this country should not hesihtate to use every weapon it has, including the atomic bomb."

Housing Problem for Lion Worries Man

NEW YORK, Aug. 24 (AP) — Stumped by the problem of how to house a lion in Manhattan, a man with ambitions of being an animal trainer is having his troubles.

Weldon Minnick, 27, was arrested Thursday and charged with neglecting his 150-pound lion.

The Society for the Prevention of Cruelty to Animals seized the lion in its temporary quarters in a mid-town apartment house basement.

The S.P.C.A. gave Minnick a summons charging neglect when he showed up at the house later with parcels of meat.

He tried to board the lion at the Central Park Zoo, but cuoldn't afford the $5-a-day charge. It was left on the roof of a garage for a while. Then he lent it to a boys' club for a fund-raising drive and the club returned it this week.

WINSPEAR GOES NORTH

EDMONTON, Aug. 24 (CP) — F. G. Winspear, president of the Canadian Chamber of Commerce, leaves tomorrow by air for Yellowknife on his first visit to the Northwest Territories.

Stops will be made at the Eldorado Mining and Refining Company plant at Port Radium, on Great Bear Lake, the Imperial Oil Refinery at Norman Wells, and the coppermine area in the Arctic.

Mr. Winspear, his wife and past president Charles Garnett of the Edmonton Chamber of Commerce will return to Edmonton Sept. 1.

Trail Milk Producers Reject 90-Cent Hike

FRUITVALE, B.C., Aug. 24—A new offer of a 90-cent increase in the price of a hundredweight of milk containing four per cent butterfat from Palm and United Dairies has been rejected by Trail and District Milk Producers' Association, Jack Wilson of Fruitvale, president, has announced.

TheAssociation is demanding an increase of $1.45 which represents a direct increase of 3.6 cents a quart. It previously rejected an offer from the two dairies of a 30-cent per hundredweight increase.

No reply has been received from the Modern Dairy in Castlegar which along with Palm and United are the main distributors in Trail and district.

Meanwhile, Trail Junior Chamber of Commerce has received no replies to its call for an investigation into the milk price problem in the district.

The executive Thursday night wired L. C. [illegible], chairman of the B.C. Milk Control Board, asking him to visit Trail next week, and sent a night letter to Hon. A. D. Turnbull, Minister of Health and Welfare and M.L.A. for Rossland-Trail, urging him to press for an investigation by Mr. Carr.

A public meeting is planned at which Mr. Carr would hear the views of consumers, producers and distributors on the price increase demanded by producers who have threatened to stop delivery unless the dairies agree to pay them $7 per hundredweight.

The producers claim they will be forced to go out of the business unless the increase is granted.

Nelson and District Milk Producers' Association, which has notified Palm and Kootenay Valley Dairies it is raising the price of a hundredweight of four per cent milk to a similar amount, had "no statement" Friday night.

And in This Corner . . .

SOUTHEND, England, Aug. 24 (Reuters)—Lady Godiva goes riding here tomorrow in a bathtub—without the horse. As part of a carnival procession, salesgirl Estelle Lee, wearing a flesh-colored bathing suit, will climb into a bathtub filled with fire-extinguisher foam.

Under the eyes of television viewers, the 18-year-old redhead will be carried through the town. Firemen will be on hand with fire extinguishers to maintain the bubble supply and calm down over-excited spectators.

ILFORD, England, Aug. 24 (Reuters)—The Vicar of Ilford complained today that whenever he tries to give his seat in a crowded train to a young lady, all he gets for his trouble is a cold stare.

Canon W. N. Welch wrote in his parish magazine that his friends had had the same experience. The cold stare, he said, "is calculated to suggest that we are either trying to be fresh or are plain crazy."

"The result of these slights," he wrote, "is that we become afraid to be courteous or are provoked to discourtesy by the discourtesy of others. So this dirty snowball grows."

MILLEDGEVILLE, Ga., Aug. 24 (AP)—Mrs. William Jurden Bush, 62, will receive her bachelor of science degree in education at Georgia State College for women today and her 106-year-old husband will be one of the spectators.

"I don't care how much book learning she gets as long as she remains a good cook," Bush chuckled.

Mrs. Bush has been teaching school for 29 years but did not complete her college work until this Summer.

Lightning-Set Dynamite Blast Kills Eight Men

WONDERVU, Colo., Aug. 24 (AP) —Eight men were killed and at least 15 injured today when lightning struck explosives on a construction project near this tiny mountain community.

The blast, which came at about 4:40 p.m. EDT at the site of a $12,000,000 project of the Denver Water Board on South Boulder Creek, rocked the surrounding countryside.

T. L. McDonald, job superintendent for the Maco-Puget Sound Company, project contractors, said "as near as we can ascertain at this time there are only eight dead and approximately 15 injured.

At Denver meanwhile, St. Anthony's Hospital reported an unidentified man received at the hospital from the blast scene had died and another was in critical condition. The hospital said more injured were being received. Three others were reported in a Boulder hospital.

McDonald said "10 or 12 cases of dynamite were discharged by the lightning. Four men working on top of the canyon wall were killed almost instantly, he said. Four others, he added, died under a mass of rock that crashed down on the canyon floor.

"Between 50 and 60 men were in the immediate area at the time of the blast," McDonald said.

Quebec Revenues At Record High

QUEBEC, Aug. 24 (CP) — Provincial Treasurer Gagnon reported today the Quebec Government's revenues during the fiscal year ended March 30 reached a record $237,713,729, compared with $207,249,228 the previous year.

The treasurer made the report in a statement containing final figures on the province's fiscal operations for the 1950-51 period.

$250,000,000 Gas Pipeline To East Planned

OTTAWA, Aug. 24 (CP)—Permission to build a $250,000,000 pipeline to carry natural gas from Alberta as far East as Montreal was sought by Trans-Canada Pipe Lines, Ltd., today from the Board of Transport Commissioners.

The company's proposed network of more than 3000 miles serving about 35 communities would make it by far the longest pipeline in Canada. A company spokesman in Toronto said it would be "the world's largest."

Starting from Princess, Alta., it would serve the two Eastern prairie provinces, Ontario and Quebec.

Future plans call for stretching the line as far East as Quebec City eventually, according to information given Parliament when the company was obtaining its incorporation papers at the last session.

The Trans-Canada firm, a Calgary company backed by the big Delhi oil interests of the United States, is one of two seeking permission from the Transport Board to carry natural gas eastward from Alberta. The other is Western Pipe Lines, Ltd., which wants to establish a line running as far East as Winnipeg.

This firm, along with three pointing towards the West coast gas market, have had their applications before the Board delayed by a temporary Alberta Government ban on the shipment of gas from that province pending discovery of further reserves. The ban is due to be reviewed next month.

Tacoma Pro's Neat 69 Good for Lead at Trail

TRAIL, B.C., Aug. 24—The first day of the B.C. Open Golf Tournament here ended with Chuck Congdon of Tacoma leading the professionals. He finished the first round of 36 holes with a score of 69 net, three below par on the Rossland-Trail Golf and Country Club.

R. Hornberger, Clarkston, Wash., was second with 71 net one below par. Stan Leonard of Vancouver, who admitted he was off his game, ended the first round with 77 net.

In the amateur 1-4 handicap P. Baird of Spokane finished the first round with a score of 67, putting him in top place while M. Dukich of Indian Canyon came second with 69.

In the first half of the first round Baird and Dukich completed the course in nine straight pars with duplicate scores of 553434444 in the 5-8 handicap. J. Leschuk of Nelson finished the day with 68 and F. L. Fergie of Cranbrook came second with 69.

F. Blackwell of Trail was ahead in the 9-12 handicap with J. Atwell, also of Trail, coming second with 71. Others scores in the 36 round at the end of the day were:

E. Brown 74, N. Christian 77, C. Chronister 79, D. Crane 83, W. Devereaus 81, A. Donaldson 72, L. Johnson 80, D. Killen 73, W. J. Leask 77, S. Leonard 77, D. Livingstone 79, O. McAloine 76, Reg Stone 80, Roy Stone 75, E. Tate 75, M. White 75, K. Tucker 77, F. E. Willey 74, A. Olynyk 80, T. Boucher 72, O. Haskell 72, R. Whiteside 81, A. Nelson 80.

In the 1-4 amateur handicap other scores were, R. J. Kidd 75, A. F. Appleton 75, B. Dunlop 79, O. McGibney 83, I. Jonestone 78, J. Ellis 80, R. Lyons 74, H. Donaldson 81, F. Siegel 76, M. Williams 77, B. Moe 76.

In the 5-8 amateur handicap, C. Swanson 77, M. Swanson 80, J. Potts 79, G. Brown 84, J. Leschuk 74, J. A. Halliday 81, E. Hill 86, H. Grant 82, W. S. Ross 79, H. E. Alder 89, E. Catalano 80, J. Marasco 86, L. S. Piper 80, S. E. Angus 81, F. L. Fergie 77, R. Redding 85, M. Phipps 82, K. Otis 87, O. C. Steel 81, D. Scrimgeour 82, L. Hurschman 76, R. Neisbett 74.

The Weather

SYNOPSIS—The dense pall of smoke over Southern coastal sections of the province kept temperatures today in this region in the high sixties or low seventies.

Elsewhere in the province cloudy skies held maximum temperatures at or below the seasonal normal.

Cool moist air is moving into Western Alberta this evening and by tomorrow is expected to bring some shower activities.

Hope Picks Wrong Man in Talent Hunt

VANCOUVER, Aug. 24 CP) — A Hollywood casting director and Bob Hope made a contract with the wrong man to enact the role of "Bum-Tosser-Outer."

It was disclosed today that Art Cameron, 43-year-old night manager of Hotel Vancouver, who has been called on to play the movie part of the clerk who refused Bing Crosby a room, was not the man who brushed off the unshaven Crosby.

Bill Kreut was the clerk in question. He said:

"I certainly would have liked the part, or, even better, taken the salary and let Art do the acting."

In arranging with Cameron, Hope was quoted as saying: "A man smart enough to know a 'bum' when he sees one is good enough to act in my picture."

Yanofsky Loses First Chess Game

VANCOUVER, Aug. 24 (CP) — One of the strongest contenders, Abe Yanofsky, 26-year-old chess master from Winnipeg, was defeated today in the first round of the Canadian Chess Championship Tournament here.

The winner was Dr. F. Bohatirchuk of Ottawa, former all-Russian champion, who defeated Yanofsky, a four-time Canadian champion in 40 moves.

Maurice Fox of Montreal, the defending champion, was a victor in 33 moves over R. B. Hayes of Regina, a former Saskatchewan champion.

In the third complete match, J. M. Taylor of Vancouver, former British Columbia champion, defeated H. Ridout of Toronto in 41 moves.

M. Jursevskis of Vancouver another former B.C. champion, drew a bye in the round-robin play.

Six More Charged In Washington Welfare Crackdown

SEATTLE, Aug. 24 (AP) — Six more welfare recipients were charged with grand larceny today in a crackdown by the King County prosecutor's office against alleged fraud in state aid.

Meanwhile, police arrested Andrew Clifford Harmon, husband of a Seattle mother, who is charged with illegally obtaining $6,067 during the last three years in aid to dependent children benefits.

Harmon was accused of aiding and abetting his wife, Gladys, in the grand larceny. He was apprehended today upon his return from Alaska and held in lieu of $3,000 bail.

Mrs. Harmon told police she had obtained "about $2,000" in welfare benefits since 1944. She said her husband, who was employed during the period, posed as her brother-in-law. She said she taught their children to call him "Uncle Wally" to deceive the Welfare Department.

ONE OF THE FIRST radioactive cobalt units produced in Canada has been installed in University of Saskatchewan Hospital, Saskatoon, now under construction, by the Chalk River atomic energy plant. The small piece of precious metal, equivalent to 2000 grams of radium, or a 2,000,000-volt X-ray machine, will be used in deep therapy cancer treatment at the University Hospital. The photo shows Dr. H. E. Johns, physicist to the Saskatchewan Cancer Commission, using a radiation meter, a type of Geiger counter, to measure the radiation enclosed in the thick lead walls of the container. The container at the right in which the radioactive metal was shipped from Chalk River weighed a ton, a necessary precaution to protect its handlers from the deadly rays. Lloyd Bates, left, University of New Brunswick graduate, assisted Dr. Johns in designing a unit to contain radioactive cobalt.—Central Press Canadian.

Rossland-Cascade — Fair.

U. S. Net Title Play Winner Has Experts Guessing

FOREST HILLS, N. Y., Aug. 24 (AP)—The U. S. National Tennis championships begin here tomorrow, and for once the experts are willing to admit they can't put a finger on the probable winner. They recommend pulling a name out of a hat.

Dick Savitt from Orange, N. J., rates as the logical favorite on the strength of his victories in the Australian championships and at Wimbledon this year, but some of the game's closest students doubt he will complete the "big three."

Rated by many as the chief threat to Savitt is Frank Sedgman, young Australian Davis Cup star who for several years has appeared to be on the brink of greatness but, up to now, has fallen short in the international classics.

Canada will be represented by Brendan Macken of Montreal and Lorne Main of Vancouver, members of the Davis Cup team. Both players were eliminated today from the Canadian championships at Windsor, Ont.

Chess Federation Names President

VANCOUVER, Aug. 24 (CP) — Henry Loose of Weston, Ont., has been named president of the Chess Federation of Canada for the coming year.

Other officers are: first vice-president, D. A. MacAdam, Montreal; second vice-president, Clarence Carroll, Chilliwack, B.C.; secretary, Osias Bain, Quebec; treasurer, John F. West, Ottawa.

The Federation decided to raise a fund to send overseas a Canadian team to compete in the next International Chess Olympiad at Helsinki, Finland.

Canada will also be represented at the Inter-Zonal Tournament in 1952, which will select candidates to compete for the right of challenging the present world champion, M. Botvinnik of Moscow.

It was decided to invite bids for holding in 1952 Canadian junior and open chess championships.

PAYMENT OF FINE ENDS SUSPENSION

PITTSBURGH, Aug. 24 (AP) — Jake Mintz, manager of former heavyweight champion Ezzard Charles, paid a $500 fine today to end his suspension by the Pennsylvania Athletic Commission.

The commission fined and suspended Mintz for squabbling over the choice of judges prior to the title bout Charles lost to Jersey Joe Walcott here last month.

Holohan told Mintz:

"This closes the books on the whole affair."

All Not Lost In Oil Talks Says Harriman

By ALEX VALENTINE

TEHRAN, Aug. 24 (Reuters) — Averell Harriman said today that the stalemated talks between Britain and Iran over the future of the Anglo-Iranian Oil Company established "a sound basis" for any future discussions.

Harriman, sent to Iran by President Truman to mediate the dispute arising from Iran's nationalization of the company, stuck to his contention that the talks had been "suspended" rather than broken off completely.

(Richard Stokes, leader of the British mission, flew home to London yesterday. He reported to the British Cabinet today on Iran's rejection of his proposals.

Harriman issued a statement and held a Press conference before leaving for Belgrade, where he will discuss "additional United States assistance" with Marshal Tito. He is due in Washington around Sept. 1.

Harriman expressed regret that Stokes did not reach an agreement with the Iranians. But he insisted "a good deal has been accomplished."

"I'm satisfied that the outstanding issues can be settled in a practical manner through which Iran can achieve the fundamental objective of controlling its oil industry and at the same time obtain the maximum income possible under sound commercial arrangements," Harriman said.

The American expressed hope that "every effort" would be made to resume negotiations. He added he would return to Iran if he could be of any assistance.

ALTA. SPORT HEAD AWAITS SENTENCE

LETHBRIDGE, Alta., Aug. 24 (CP)—Jack Rosser of Lethbridge, president of the Southern Alberta Baseball Association, pleaded guilty in city police court today to two charges of theft. He was remanded on his own recognizance until Aug. 29 when he will be sentenced.

ALBERTA JOCKEY DIES

SEATTLE, Aug. 24 (AP) — Funeral services will be held here tomorrow for Joseph Braddish, 33-year-old Canadian jockey. He died Wednesday of a heart attack.

Braddish was a native of Thelma, Alta. He had lived here for two years and was a rider at many West coast tracks. He served in the Canadian Army in the Second World War.

JOINS OTTAWA RIDERS

OTTAWA, Aug. 24 (CP) — Bobby Bain, all-American tackle from the University of Kentucky, today signed a contract to play with Ottawa Rough Riders of the Big Four Football Union.

Gain, selected an all-star with the university team last season, weighs 265 pounds and is six feet three inches.

DURBAN, South Africa, Aug. 24 (Reuters) — South Africa will not allow any non-white boxers — Asiatics or Negroes — to enter the country to fight, Interior Minister T. E. Donges announced today..

He made the statement in a letter to Vernon Shearer, a member of parliament who had made representations on the subject two months ago on behalf of two Indian boxing promoters in Durban.

Trail Softball Game Protested

TRAIL, B.C., Aug. 24 — In the Trail Ladies Softball League Castlegar Cats played the Shavers Bench team today at Butler Park beating them 14-13 in a game played under protest.

The protest was handed to Al Hall, Chief Commissioner, and will be dealt with on Monday. On account of darkness the game ended at the end of the eighth inning. Castlegar made three runs while Shavers Bench copped two three-baggers and one home run.

The next game will be between Rossland and Fidelity Life at Butler Park Monday evening.

Coast Police Suppressing News - Charge

VANCOUVER, Aug. 24 (CP) — Charge that Vancouver police were supressing news vital to the public interest was made today at a meeting of the police commission.

Representatives of the Daily Press —the Daily Province, the Sun, and the News Herald — attended the meeting. Complaints were made that there were long delays in the release of reports on crime.

Press representatives said reporters were denied access to police station general office reports, and had been banned from the detective parade rooms, a right "enjoyed for 30 years."

After Mayor Fred Hume, commission chairman said there must be no censorship nor a ban on police news sources, Chief Walter Mulligan said:

"When reporters were banned from the parade room it was because of the lack of facilities for interviewing suspects in private."

He said such condition will be remedied when a new police station, now in the planning stage, is built.

The Press also criticized the press-room facilities at the police station. Four reporters were forced to work long hours in a room 12 feet long and five feet wide.

Win at Legion Merrymakers Whist

Mrs. Myrtle Johnson and partner, Mrs. B. Saddler, from a group of eight tables Friday night took first prize at the Legion Merrymakers partner whist with high score of 48. Second honors went to Mrs. R. Keffer and Mr. David Johnson. Master of ceremonies for the evening's activities was Ald. Spence Newell. Refreshments were served.

Ducks Indulging in Unlimited Families

WINNIPEG, Aug. 24 (CP) — Ducks are busting out all over.

Ducks Unlimited reported today that "spectacular" broods of 18 have been observed by two competent observers. Nineteen eggs were seen in another nest.

W. F. McDonald of Oak River, Man., stopped his car to let a Mallard with 19 ducklings waddle across a rural road.

George Freeman, manager for Ducks Unlimited at Strathmore, Alta., reported finding a brood of 19 white-winged scooters.

George Black of Whitehorse, Y. T., said he came upon a Mallard nest in the Yukon with 19 tightly-stacked eggs.

Labor Income In Canada Hits New Peak

OTTAWA, Aug. 24 (CP) — More Canadians were working at the start of June than at any previous time in Canada's history, the Bureau of tSatistics reported today.

And Canadian labor's income hit an all-time monthly peak of $788,000,000 in May.

Basing its employment figures on a sampling of 30,000 households, the Bureau said it indicated the number of Canadians with jobs at June 2 was 5,247,000. This compared with the Previous record of 5,221,000 in August last year.

It compared, too, with an even 5,000,000 in the last previous quarterly survey in early March.

The Bureau estimated that persons seeking work at June 2 numbered only 85,000. However, figures given earlier by the Labor Department unemployment at the end of May showed 151,200 acutally registered for work with the National Employment Service.

The Bureau said the number of Canadians in the country's labor force—those at work or available for jobs—was at a new high of 5,324,000 in August of 1950.

Reprieve Granted Coast 17-Year-Old

VANCOUVER, Aug. 24 (CP) — A reprieve until December 11 was ordered by Mr. Justice Manson today for Francis Stephen Sykes, 17, sentenced to hang September 11 for the murder of a 13-year-old school girl at Mission.

Application for the reprieve was made in Supreme Court today by John L. Farris, K.C., who was crown prosecutor at the trial of the boy in New Westminster on a charge of killing Laura Grant on Sept. 29, 1950.

It was explained that the reprieve was necessary to allow time for the convicted boy's appeal from the murder conviction to be heard by the Court of Appeal.

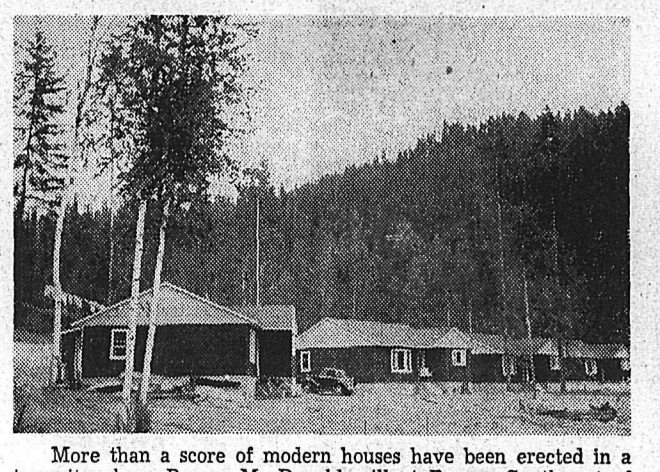
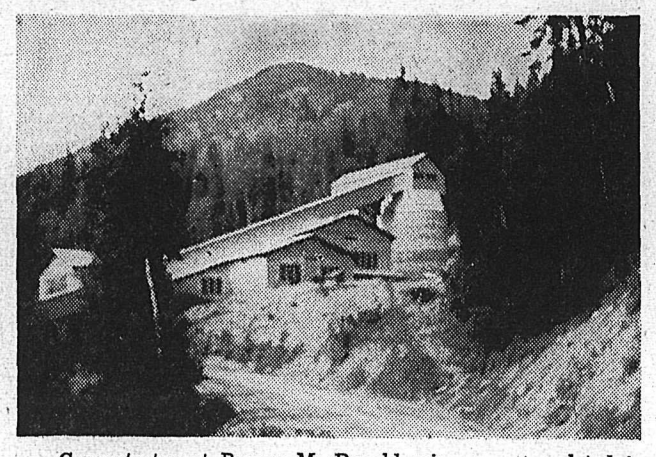
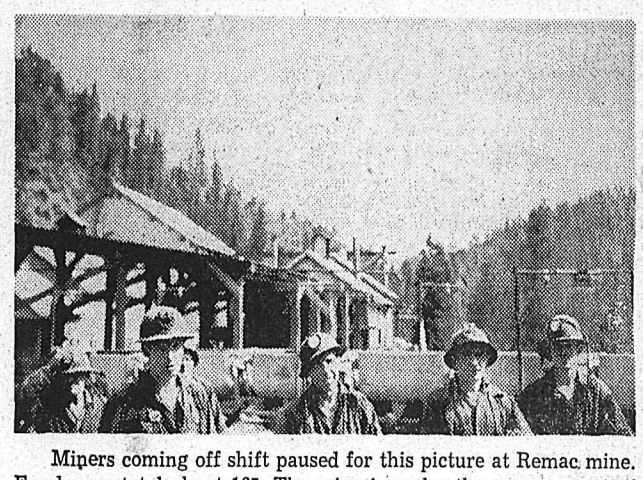
Modern Homes, New Mill Give Remac Model Community Touch



More than a score of modern houses have been erected in a townsite above Reeves MacDonald mill at Remac, Southwest of Salmo. A few of the houses, 24 of which were completed in the Spring, are shown here. There are also three big bunkhouses, an up-to-date cookhouse, a new primary school and a big recreation ground.



Concentrator at Reeves MacDonald mine was completed in July, 1949 and has a capacity of 1000 tons a day. Zinc and lead are principal ores the mine yields, although silver and other metals are also brought to the surface. Concentrates are trucked to Trail smelter via Salmo.



Miners coming off shift paused for this picture at Remac mine. Employees total about 165. The mine is under the management of F. R. Jones, resident manager. G. F. Camroux is mine superintendent; J. S. Steele, mill superintendent and assayer, and J. J. Streit, accountant.

School Not Ready, Trail Students Get Extra Holiday

TRAIL, B.C., Aug. 24 (CP) — Trail Senior High School students will get an extra two weeks on their Summer holidays this year. Delay in completion of the new Senior High School in Trail is the reason.

The School Board announced today that the school would open Monday, Sept. 17 when the classroom wing of the building would be completed.

All other schools in the district will open as usual Sept. 4.

Vincent Killeen Assumes C.I.L. Post at Nelson

Vincent Killeen, Canadian Industries Limited representative, has assumed management of the Nelson branch office, succeeding George Gray who was recently transferred to Ontario.

Mr. Killeen has been with C.I.L. for 20 years and comes to Nelson with his wife and two children from Kirkland Lake, Ont. No stranger to B.C., he worked out of the Vancouver office prior to the war.

E. G. Hogarth, Cranbrook Hotelman, Dies

CRANBROOK, B.C., Aug. 24 — Well-known citizen of Cranbrook almost ever since he was born here in 1904, Eneas George Hogarth died at St. Eugene Hospital Thursday. His health had been poor for the past year and he had been hospitalized the past few weeks.

He was twin son of Mrs. Hogarth and the late George Hogarth, well known throughout province as operators of the Cranbrook Hotel for many years. He grew up here and was a widely known baseball player as a young man. He was manager of the hotel for many years and bought the business about ten years ago from his mother, continuing as manager, and this year expanded its facilities with addition of a coffee shop. He was a longtime member of the Gyro Club, and also active in the Cranbrook Liberal Association for many years.

Surviving him are his wife, who was Ila Slye of Cranbrook before their marriage, two daughters, Velma and Alice, his mother, all in Cranbrook, and his brother, Thomas V. Hogarth of Moyie. Funeral services will be at Christ Church Saturday afternoon.

1906 RESIDENT REVISITS NELSON

A Nelson resident of 45 years ago, Joseph W. Sopko of Winnipeg, paid a visit to Nelson Friday.

A locomotive engineer with the C.P.R. he lived in this district from 1897 to 1906 and was employed at Sandon, Silverton and with lumber concerns at Yahk, Creston and Catslegar. He also worked two-and-a-half years on the S.S. Moyie and S.S. Kokanee under Captain Mike MacKinnon.

He is enroute to Vancouver for a holiday with Mrs. Sopko.

Complete Survey Of New Denver, Three Forks Road

Survey work on the five-and-a-half mile New Denver-Three Forks road has been completed, but clearing has been held up by the forest fire restrictions, Nelson office of the Public Works Department said Friday.

The new route will be changed from the South side of Carpenter Creek to the North side because of a better grade and better exposure which allows faster melting of snow and ice in the Spring.

The work will be pushed as much as possible this Fall in an effort to get some sort of route though before snowfall, and some bulldozer work is being done from the Three Forks end. However, large-scale clearing has been held up because restrictions prohibit the burning of brush.

$10,000 To Be Spent Altering Salmo Store

SALMO, B.C., Aug. 24 — Curwen and Bush, Salmo store which according to one of the partners handled "everything" has been sold to Overwaitea, Limited.

The new owner, which plans exterior and interior renovations which will cost nearly $10,000, will operate the grocery department of the business.

T. S. Shorthouse of Nelson has bought the butcher and locker plant section, which consists of 130 lockers.

Overwaitea plans to take over the store September 4 and remodelling work will start immediately. It is expected to be completed in a month.

Smith Curwen and M. Bush bought the store six years ago when it was known as the Salmo Ymir Meat Market, and in their hands it grew into one of Salmo's largest stores.

Drygoods have been sold to a local drygoods dealer, and the hardware department, in an annex to the main store, is being carried on by Mr. Curwen for the time being.

Mr. Curwen and Mr. Bush have no definite plans for the future, but will continue to live in Salmo.

Koolaree Echoes . . . Rain Greets Final Camp Day

Dear Mom and Dad: The last day of camp has come and with it a day of rain and grey skies. Jerks were dispensed with but the rain let up to allow morning watch and flag raising to be held. Most activities were held indoors during the day as the weather was unpredictable.

In the afternoon the diving competition was held as the weather cleared for a few minutes. In the final diving results cabin 4 placed first, cabin 2 second and cabin 5 third. After swimming the girls rushed to the lodge to dry off in front of the fireplace and enjoy square dancing to warm up.

The evening saw the presentation of the plays by the drama group under the direction of Jan. The girls were costumed and even wore stage make-up put on by Kal, Jan and Louie. The girls put on a comical play entitled Old Moore's Almanac. The following characters took part: Joan Hewgill, Folrence Allen, Gaetana Robinson, Mildred Raine, Polly Richardson, and Pat Wilkinson as announcer. The second play was a Biblical play entitled "Ruth, the Stranger in Bethlehem". The cast included Mary Anne Murphy, Judy Chisholm, Glenna Shier, Margaret McCormack, Moira Bayley, Avis Murphy, Beatrice Young and Sherryl Riley. The girls did a very good job of the plays, using the floor in front of the fireplace as a stage.

A highlight of the evening was the awarding of K's and the closing ceremony. All campers are awarded letters for each year they attend camp. This year a new crest for leaders was made which also has bars for years of attendance. The crests bear boats, the emblem of intermediate camping. Also awarded were the large blue K's for camp championship. These were won by Cabin 5 with Cabin 2 a very close runner-up.

The girls gathered around the campfire for their last fire lighting ritual of the year, Chief First Mate Barbara Humphries lit the fire. It was announced at campfire that Mary Ann Murphy of Kaslo had been chosen by the girls as Chief First Mate of 1952. The girls then left the fire to perform their beautiful closing service on the beach. At the close of the service the girls lined up in front of their cabins with the leaders in front of the lodge. The ring of Taps echoed across the campus as each group sang it. The leaders ended the day by singing the Hebrew Benediction.

Cocoa and doughnuts served in the cabins by the leaders brought another camp to a close.

Intermediate Koolaree Echoes have been written by Laila Kalhovd, Captain Kal of Rossland.

Canon Silverwood To Attend Victoria Meet

Canon W. J. Silverwood Vicar of the Church of the Redeemer, will travel to Victoria next month to attend the Executive Council meetings. Sept. 6-13. He and Mrs. Silverwood have already left for Vancouver.

In all, he expects to be away three or four Sundays, mostly a "busman's" holiday. While away, he will officiate at a wedding, visi the Dr. Crease Clinic, Borstal School for Boys and the Children's Sanatorium at Cobble Hill.

Redeemer services will be taken Sept. 2 by Rev. T. Mitchell of Nakusp while Very Rev. T. L. Leadbeater will take Communion Service at 9.30 a.m. Sept. 9. Rev. Cyril Clarke of Cranbrook will take all services Sept. 16.

Family service will be held Sept. 23.

No Blame in Crescent Valley Man's Death

CRESTON, B.C. Aug. 24 — A coroner's jury attached no blame in the July 14 car-accident death of Egnot John Koftinoff of Crescent Valley following a lengthy inquiry here today.

Koftinoff was killed when a car in which he and three others were riding left the Kootenay-Bay Creston highway, a half-mile North of Sirdar, and plunged 250 feet down an embankment.

The jury heard evidence from 14 witnesses before deciding that death was caused as a result of injuries received in the accident and that no blame could be attached to the driver of the vehicle, N. J. Swetlicoff of Slocan Park.

Swetlicoff, together with passengers Nick Popoff and John Plotnikoff, suffered serious injuries in the crash, necessitating over a month's delay before they were well enough to give testimony.

Coroner was Dr. J. V. Murray while the jury comprised Gordon Alger, foreman, F. Simister, A. Weeks, B. Ross, H. Wilson and N. Drobot.

Figure Skaters Give Exhibition

Top skaters from throughout Canada and the United States, here to attend the Nelson Summer Figure Skating School, gave an exhibition in free skating at the Civic Arena Friday afternoon.

Each skater chose his or her own favorite recording and gave a three-minute display of stag-jumps, spins, spirals and spread-eagles, as well as an exhibition of modern jitter-bugging by two top performers, Fay Chestney and Frank Koenders.

Showing great form in his double axel and spins was Eddie Catalano one of the Kootenay's top athletes. Six-year-old Shirra Kenworthy was right at home on the ice. Results were pleasing in June Hockley's performance. Displaying grace throughout her spins and spirals, show June, who has been working hard all season, to be a promising young skater.

These exhibition are held each Friday and the public is invited to attend. All skaters participating, are trying for tests to be held later in the season.

BOYS! WIN A PRIZE

* Bicycles
* Wrist Watches
* Portable Typewriters
* Radios

Junior and Senior high school students of British Columbia . . . your choice of these and other wonderful prizes for a winning 250 word essay. We'll send you entry form and full information on receipt of your name and address on the coupon below.

This essay contest is directed to our younger citizens to increase their awareness of the importance of British Columbia's growing Pulp and Paper Industry.

DID YOU KNOW? . . .

British Columbia's Pulp and Paper industry has grown steadily since 1940. Our pulp and paper products now account for more than a quarter of the total value of the entire forest industries manufactured out-put.

Effects of this expansion can be measured in terms of new jobs for B.C. workers, and tremendous amounts of B.C.'s goods and services bought by the industry. Thus, wealth returned in payment for pulp and paper products sold abroad ultimately reaches the pockets of all British Columbians.

Canadian Pulp and Paper Assn., 805 Dominion Bldg., Vancouver, B.C.

Please send full information on contest to:

Municipal Leaders Will Consider 70 Resolutions in Greenwood Today

GREENWOOD, B.C., Aug. 24 — Seventy resolutions from municipalities throughout the province will come before delegates to the Fall meeting of the Association of Kootenay Municipalities here on Saturday.

The municipal leaders will settle on resolutions which will receive their support at the meeting of the Union of B.C. Municipalities next month in Harrison Hot Springs.

Delegates will arrive by car, bus and train, and will be guests of Greenwood Council. Greenwood Women's Institute will give them take-out lunches for a noon picnic and at night there will be a turkey dinner in W.I. hall complete with entertainment.

LEARN While You EARN

Acquire PROFESSIONAL STATUS *In Accountancy*

The Certified General Accountants Association of British Columbia has made arrangements with the School of Commerce of the University of British Columbia to conduct its study program. Night lectures will be given for residents of Vancouver and New Westminster. The rest of B.C. will be served by correspondence.

The courses are especially designed for study in your spare time. At work you prove and apply what you learn.

DO YOU—want to ensure promotion?
—want to increase your earnings?
—want to qualify for more responsibility?

New Candy Store Stocks Every Line

Everything in sweets from marzipan to Easter eggs will be sold by a New Nelson candy store.

About the only candies which can't be manufactured by Ranniger's Candies Ltd., which has opened at 466 Baker Street on premises formerly occupied by Sally Shops are factory-made items such as jelly beans.

The firm roasts and salts nuts as well.

"We will give Nelson the finest we can in candies," Alfred Ranniger, proprietor, said Friday.

Mr. Ranniger started Shaws Candies Ltd. of Penticton, with branches in Kelowna and Kamloops, a little more than three years ago. He sold the business recently, and after experiencing difficulty in finding business and housing accommodation in Prince George and Trail which, according to Mr. Ranniger, are good bets for candy shops, settled on Nelson. "We were very impressed with this town," he said.

A veteran of 34 years in the business, Mr. Ranniger got his start in Vancouver, and says he is "still learning" candy-making. "When you've been 10 years in it you think you know everything; when you've been 20 years in it you realize there's a lot more to know, and at 30 years, even more."

Mrs. Ranniger helps her husband in the store, and their teen-age daughter, Beverley, does her stint too.

Violent Crimes Sweep Britain; Children Among Chief Offenders

LONDON, Aug. 24 (CP) — More crimes of violence were committed in England and Wales last year than at any time since 1939, it is shown in a newly-issued Government Blue Book.

The report lists a total of 6249 such cases in a survey of crime statistics for 1950. Of these, 125 involved children between the ages of 8 and 14, while another 536 were in the 14-21 group.

Juveniles up to 14 years were also the greatest offenders for breaking and entering, with more than 7000 arrests. Next to the age group over 30, they were also listed as the most frequent lawbreakers involving larceny.

More than half the offenders who committed 461,435 indictable offences during the year escaped punishment, but 116,021 were convicted.

122 MURDERS

The authorities investigated in all 122 murders. Thirty-eight of the suspects committed suicide before they could be arrested, while 24 were convicted. Of this number 14 were executed, eight death sentences were commuted, and two were certified insane.

Suicides in 1950 totalled 4324, with nearly twice as many men as women involved. The report disclosed that more men of 60 years and over committed suicide than any other age group.

It also disclosed that offenders given corporal punishment for acts of violence wound up with worse records than those receiving other forms of punishment. Of 224 cases who were flogged, 52 per cent after being released from prison committed other crimes. Against this, 55 per cent of those not flogged remained on the right side of the law.

But of the 66 who escaped flogging and subsequently were convicted of other acts of violence, four were hanged for murder and two convicted of attempted murder.

Diplomat's Wife Gone Two Days

BEAUVALLON, France, Aug. 24 (AP)—Mrs. Melinda Maclean, wife of a missing British diplomat, was believed to have left the villa here on the French Riviera where she has been vacationing. She has been gone two days, watchers said.

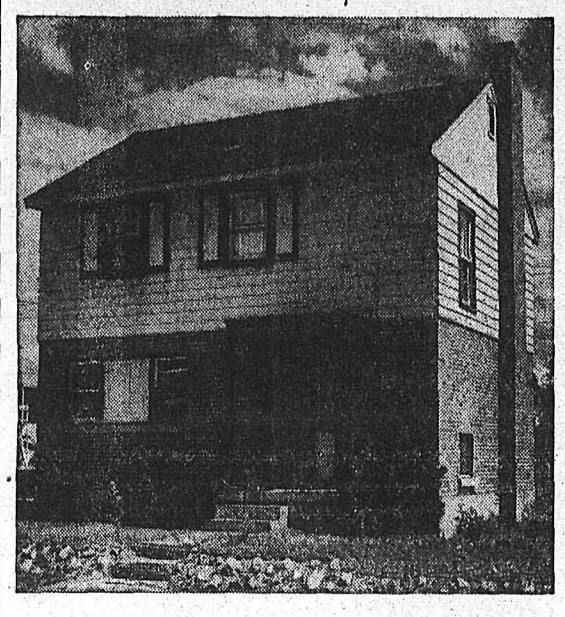
Her three children, mother, sister and nephew are still in the isolated villa here, near St. Tropez.

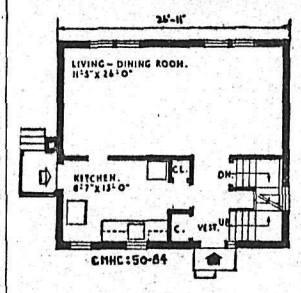
It was learned that when the postman arrived yesterday with a letter from Chicago for Mrs. Maclean, the postman was told to take it to the Hotel du Golf, in Beauvallon. The letter was still there today, uncalled for.

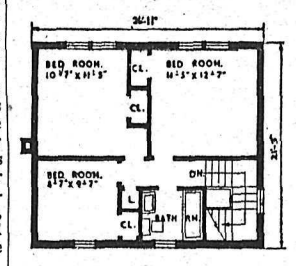
Donald Maclean, her husband, disappeared May 26 with Guy Burgess, a Foreign Office colleague, and there have been reports they went to Russia. There was speculation when Mrs. Maclean left for her holiday that it might lead to a reunion with her husband in this area—where he was last reported seen.

READ THE CLASSIFIED DAILY

The Modern Home







Combining a conventional exterior appearance with a new plan of interior layout which is gaining popularity in Canada, this handsome three-bedroom house features a large living-dining room comprising the rear half of the entire first floor. This arrangement, while adding to the privacy of the living and dining room, permits greater enjoyment of the grounds behind the house.

In designing the house, the architects have taken into consideration several important requirements for economical construction—a rectangular foundation, unbroken roof lines and concentration of plumbing by locating the kitchen and the bathroom almost directly above one another.

The kitchen, which is amply lighted by two windows, is entered from the side service entrance or the hall leading from the vestibule. The stairwell has been compactly arranged and has landings which, because of safety, are preferable to winding stairs.

The bedrooms which are of generous size are located on the second floor and have good window areas and adequate closet space.

This house is 26 feet 11 inches by 21 feet 3 inches and for estimating purposes, each floor area is 572 square feet with a total of 1,144 square feet. Cubic contents measure 16,016 cubic feet.

The Ottawa owner of the house illustrated changed the position of the chimney from the left side of the house to the right and, in an effort to reduce the apparent height of the house, has used two types of exterior siding, brick on the lower half and horizontal wood siding on the upper portion of the house.

Working drawings for this plan, known as Design 50-84 are available from any office of Central Mortgage and Housing Corporation at minimum cost.

Wise Watering Rules For Vigorous Growth

Gardens cannot grow without water. When dry weather is accompanied by high temperatures careful watering practice may save you lots of trouble, and loss.

First the quantity of water is important. Gardens need at least one inch of water each week; and if this does not fall in rain, it must be applied from a hose. Do not apply it in daily shallow doses, but soak the ground six inches deep at each application.

Next comes the time to water. The best time is early morning, next during the day when the sun is shining and the least favorable time is in the evening. If necessary to water during the vening, do not wet the leaves of the plants, since they will remain damp all night and this will encourage moulds and fungi. Where there is a humid climate, and homes have too much shade, both encourage plant diseases, by keeping leaves damp. Sunshine is the best preventive, dry leaves the next, and the last resort is a fungicide.

Lawns should be watered in the morning, or while the sun is shining, and never sprinkled with a hand nozzle, because the holder tires before the lawn gets enough. There are many inexpensive sprinklers which operate with little attention and spread water evenly. Let them stay long enough in one place to wet the soil several inches deep.

For vegetable gardens it is especially important not to wet the leaves of lettuce, chard, and other leaf crops. It is better to keep water off all vegetable leaves, except when the sun will dry them quickly. Some method of flowing water directly on the soil without washing out miniature gullies is required. One of the best is a canvas hose which leaks, and serves the purpose of an irrigation ditch. If possible get one the exact length of your garden row, so it can be lifted to another spot when one area has been thoroughly soaked.

For bushy flowers there are special tubes and nozzles which will spread the water near the roots without wetting the leaves. Many prefer to use a piece of wood on which water is allowed to flow directly from the hose, without a nozzle. This is an effective spreader.

While leaves should not be allowed to remain damp long, most plants enjoy a morning shower bath, on a day when they will dry quickly. Evergreens need frequent washing, and this discouraged insects, red spider, in particular.

Don't forget the evergreens and shrubs in your watering schedule. Newly planted specimens need regular watering during their first year, when their root systems are limited and must get food and water for the plant within a small area. Young plants which succumb during their first year usually suffer from insufficient water.

Royal Tour One Of Many, Thanks To Quick Travel

LONDON, Aug. 24 (Reuters)—The tour of Canada which Princess Elizabeth and the Duke of Edinburgh will make in October is just one of many Commonwealth visits likely to be paid by the Royal Family in coming years, it was learned today.

"Thanks to speedy travel facilities, the days of the 'once-in-a-lifetime' Royal tour are over," a well-informed source said.

"It is probable that before long members of the Royal Family will think no more of attending some function in a Commonwealth country than they now do of going to Wales or Scotland."

He said that in the past such visits were planned on the assumption they would not be repeated, and therefore required exhausting itineraries taking in every possible centre in the country concerned.

Now it is feasible to make return trips during which any districts originally missed could be visited.

Railway Code Operates Sunday

MONTREAL, Aug. 24 — Although it will be imperceptible to train passengers at the time, a new set of operating rules will become effective on Canadian railways at 12:01 a.m. Standard Time Sunday.

The new "Uniform Code of Operating Rules" is just what the name implies—a revised, universal rulebook governing the operation of all Canadian railways coming under the jurisdiction of the Board of Transport Commissioners.

Developed through the last two and a half years by a seven-railway committee, the new rulebook standardizes the operation of all Canadian roads, and is based on what is known as the "Standard Code", the recognized authority for all railroad rules in North America.

Railway personnel across the country have been attending classes all Summer at which they have been familiarized with the new book. Following instructions, all must have passed written and oral examinations based on the new book before receiving a card certificate qualifying them to work under the new code.

Wanted, a House With 16 Bedrooms

SAN FRANCISCO, Aug. 24 (AP)—If there's a landlord here with a 35-room furnished house to rent, San Francisco's Tourist and Convention Bureau is interested. So is the Kremlin.

The accommodations are wanted by the Soviet delegation coming to San Francisco for the Japanese treaty-signing sessions next month.

Konstantin A. Efremov, former Soviet Consul General here, visited the Bureau's offices Thursday and said if a 35-room house can't be found, the Russian delegation wants these hotel accommodations:

Sixteen twin bedrooms, four three-room office suites, eight living suites and four de luxe living suites.

Bureau personnel pessimistically began a search for the house. But just in case the quest is fruitless, they made tentative reservations at a downtown hotel.

B.C.A.A. AIMS TO FIGHT INFLATION

VANCOUVER, Aug. 24 (CP) — The British Columbia Automobile Association will consider converting most of its $92,000 in cash and bond holdings into industrial shares to fight inflation.

Director R. Rowe Holland said "We can almost be certain there is more inflation to come. Cash and bonds will depreciate in value, but stocks, while somewhat risky, should almost keep pace with inflation."

The Finance Committee will consider the matter.

B.C. FAMILY PAYMENTS REACH ALL-TIME HIGH

VICTORIA, Aug. 24 (CP) — The August family allowances payments in British Columbia have reached an all-time high.

The Department of Health and Welfare said $1,922,358 has been paid to 321,209 children in 163,227 families.

Figures show that more families moved into the province than left this month—532 families came here while 449 moved outside B.C.

Heaviest movement was between British Columbia and Alberta.

Legal Assistance Necessary To Protect Owner's Interests

Building or buying a house is a complex financial and real estate transaction. No prospective homeowner should overlook the necessity of engaging legal advice to protect his investment.

Whether or not a document is read to a layman, he sometimes signs it even though the implications of all the clauses are not fully understood. It is only by having recourse to a competent legal mind that a prospective home-owner can sign contracts and mortgage deeds with full knowledge of his rights and obligations.

Legal assistance will first be of value in acquiring the land, investigating and interpreting local bylaws and preparing or checking the building contract. The solicitor will ensure that all work anticipated by the owner is specified in the contract. He also protects his client's interests by explaining the necessity for insuring the property, both during and after construction, and by making certain that no claims will be registered against the property for bills incurred by the contractor or sub-contractors.

After construction has been completed the lawyer will handle the mortgage deed and serve as an interpreter to the purchaser to ensure that he understands fully the entire transaction and his obligations.

(This is the twelfth in a series of articles written in the interest of readers who are contemplating building or buying a house.)

Canadian Scots Top Picture News

LONDON, Aug. 24 (AP)—Canada's visiting Argyll and Sutherland Highlanders today took top picture play in British newspapers.

Four morning newspapers and one evening paper carried front-page pictures of Princess Elizabeth chatting with members of the regiment's pipe band, including Lt.-Col. J. A. Farmer, commanding officer, and Lieut. G. L. Nielson, who was with the 1st Argylls in Korea.

Most popular shot showed the Princess doing some brisk handkerchief work on the nose of her daughter, Princess Anne, while Col. Farmer and Lieut. Nielson looked on.

The photographs were taken after a command performance at Aberdeen, Scotland, by 26 pipers, all from Hamilton, Ont.

Mortgage Loans on Dwellings At All Time High of $257 Million

OTTAWA—The total of mortgage loans on new dwellings for owner-occupancy hit an all-time high of $257 million last year, according to the report on mortgage lending in Canada recently released by Central Mortgage and Housing Corporation here. Indeed, the value of gross loans for lending of all types in 1950 rose to $521 million.

The report shows that the amount of loans on dwellings for owner-occupancy increased twice as fast as loans on rental property, 52 per cent as compared with 25 per cent.

While mortgage lending was on the increase in 1950, the principal increase in the residential field reflects the impact of the additional one-sixth loan under the National Housing Act. This additional loan was made available in late 1949 and throughout 1950 and enabled prospective home owners to enter the market with a smaller down payment than would otherwise have been possible. It was, however, rescinded this year by the Federal Government.

By region the largest increase in mortgage loans were recorded in Ontario and British Columbia. The figures per capita for each province are: Ontario $59; Alberta, $45; B.C., $43; Manitoba, $34; Quebec, $27; Nova Scotia, $25; New Brunswick, $13; Prince Edward Island, $8; Saskatchewan, $6; and Newfoundland, $4.

Life insurance companies continued as the most important single source of institutional mortgage funds in 1950, accounting for $371 million or 71 per cent of the amount approved by all leading institutions.

Stage Walkout At Shawinigan

SHAWINIGAN FALLS, Que., Aug. 24 (CP)—Nine hundred employees of the Aluminum Company of Canada's Shawinigan Falls plant walked out early today following failure of a last-minute effort to settle their contract dispute with the company.

The men, members of the National Syndicate of Aluminum Employees, went on strike at 2:35 a.m. E.D.T., in support of their demand that the company accept the recommendation of an arbitration board.

Company spokesmen said they were ready to accept all clauses of the unanimous report with the exception of those dealing with grievance procedure, job-evaluation and seniority rights.

Shortly before the walkout, the union rejected a company offer for settlement on the basis of reducing the duration of the contract. The company offered to have the contract expire in February, 1953, instead of February, 1954.

Wardner Couple Wed In Saskatchewan

WARDNER, B.C., Aug. 24—In a pretty ceremony at the United Church at Eastend, Sask., the former Elsie Bernice Chatterson, daughter of Mr. and Mrs. Levi Chatterson of Eastend, became the bride of Donald Theodore Hamrin, son of Mr. and Mrs. C. G. Hamrin of Wardner.

The bride's white satin gown had a lace yoke with a quilted bodice, peplum and flaring floor-length skirt and a orange blossom cap fastened her embroidered bridal veil.

Bridesmaids were Miss Christine Hamrin of Cranbrook, in bouffant pink taffeta and Miss Ruth Taylor of Eastend in apple green nylon. Both wore matching picture hats and mittens. Mr. Stanley Chatterson of Natal was groomsman.

The bride was given in marriage by her father, and the ceremony was performed by Rev. H. S. Blizard. A reception followed at the Eastend Memorial Hall for about 60 guests. The couple motored to Banff and Jasper on their wedding trip and will make their home at Wardner.

The groom grew up in Wardner, and attended school in Cranbrook and University of B.C. The bride, who grew up in Eastend has been teacher at Jaffray school near Wardner for the past two years.

The first pyramid was built by Zoser about 3000 B.C.

Mrs. Fitzpatrick Dies in Spokane

Mrs. Leona Mary Fitzpatrick, resident of Nelson for four years and formerly of Grand Forks, died Thursday in Sacred Heart Hospital in Spokane after a brief illness. She was 62.

Mrs. Fitzpatrick lived at 415 Falls Street, and was the wife of the late Edward J. Fitzpatrick who died in Nelson in June.

Born in Pincher Creek, Alta., she lived in Grand Forks for 18 years and in Prince Rupert for 17 years before coming to Nelson.

She is survived by three sons, Earl in Seattle, Ernest in Kitnaird and Eugene at the Coast.

To Hear Nakusp, Cranbrook Pastors At South Slocan

Guest preachers will officiate at September services at St. Matthews Church in South Slocan in the absence of Rev. Canon W. J. Silverwood, who will be at the Coast for the next few weeks.

Rev. T. Mitchell of Nakusp will conduct the service on Sept. 2 while Rev. Cyril Clarke of Cranbrook will conduct the Sept. 16 service.

J. Gilker of Bonnington has been appointed Vicar's Warden for the balance of 1951 while K. Maynard of Crescent Valley has been appointed Lay-Reader.

A gift of $100 has been pledged from the Diocese of Huron W.A. for building repairs, providing the South Slocan parish raises an equal amount. A gift of $150 has been received from the West Kootenay Power and Light Co.

ARREST MAN AND GIRL ON CAR THEFT CHARGE

VANCOUVER, Aug. 24 (CP) — A man and a woman, arrested after a police chase through Vancouver Streets and into the corridors of Shaughnessy Military Hospital, today were charged with theft of an automobile.

They are Dallas Stuart, 22 of Vancouver, and Sandra Harrison, 23, of Whalley.

The chase began when a gas station attendant at Maillardville reported a man had attempted to hold him up, but fled when the attendant produced a gun.

Take Husband on Shopping Sprees, Designer Pleads

HOLLYWOOD, Aug. 24 (AP) — Designer Edith Head would like to see a law barring women from entering a dress shop unless accompanied by some responsible adult, such as a husband.

"Furthermore," says the Oscar-winning cheif designer for Paramount "I am offering a bounty on all fat women over 40 who wear rompers or pinafores."

Miss Head, a size 12 herself, is warring against the "little girl look" for females over 10 years of age.

She's also on the firing line against salesgirls who come up with: "Darling, that makes you look sexy."

That's why she wants husbands to accompany their wives on shopping sprees. For unmarried women, leave the boy friends at home.

"He's only a 'yes man' until you get him hitched," comments Miss Head.

If clothes make the man says Miss Head, they revolutionize the woman.

As an example, she cited Shelley Winters in "A Place in the Sun" based on Dreiser's "An American Tragedy."

"Shelley had to be transformed from the sexy character she always has played to the drabbest of factory girls. I toured the bargain basements and second-hand stores and bought $10 worth of clothes for her.

"Clothes did it," said Miss Head. "The make-up department didn't have to do a thing extra."

Shelley's fans will find the transformation quite startling.

Despite her tirade against the "little girl look," Miss Mead believes there is no "clothes age" for women.

"The grandmother of 55 can wear the same dress as her daughter of 25 provided it is becoming."

She cited Marlene Dietrich and Gloria Swanson as well-dressed grandmothers.

"And I bet you'll never see Swanson wear a romper play suit," adds the designer.

Special Plane for London's Lord Mayor

VICTORIA, Aug. 24 (CP) — The Provincial government has chartered a special Trans-Canada Airlines plane to fly the Lord Mayor of London, Sir Denys Lowson, and his wife, Lady Patricia Lowson, from Vancouver to Victoria next Thursday.

A Government spokesman said today the Lord Mayor's party will arrive in Vancouver by air from Australia about noon Thursday. The group immediately will transfer to the special plane to Victoria, arriving here about 1.30 p.m.

Premier Byron Johnson and Mrs. Johnson and one or two cabinet ministers and their wives will meet the Lord Mayor in Vancouver and make the trip with them to the capital city.

California Will Be Home of Newlyweds

Hollister, Calif., will be the home of Robert Earl Winter and his bride, the former Hazel Siminoff, who were principals in a marriage ceremony performed in the Church of the Wayfarer in Carmel, Calif., by Rev. K. Fillmore Gray.

The bride, daughter of Mr. and Mrs. Samuel Siminoff of Nelson, attended Whitworth College in Spokane where she studied nursing. The groom is engaged in ranching with his father and is the son of Mr. and Mrs. R. E. Winter.

The couple's honeymoon itinerary included Santa Cruz, Mount Herman, San Francisco and other Californian coastal towns.

For her wedding, the bride chose a ballerina-length gown of white net over satin, featuring lilypoint sleeves and a fitted bodice. A headpiece of orange blossoms held her fingertip veil and her necklace was of three-stranded pearls.

Her attendant, Miss Jeane Tierney of San Leandro, Calif., wore a pale blue ballerina-length gown of net over taffeta. Her veil was shoulder-length.

Mr. James Rashe of Aromas, Calif., was best man, and Mrs. Brem, the groom's sister, sang during the service.

Reception place was the home of the groom's parents. The bride's table was centred with a large wedding cake and decorated with a lace cloth, white candles and variegated ruffed petunias in a low white bowl.

For going-away the bride changed to a pink gabardine suit with navy accessories.

Movie Gossip—

Young Comic, Jerry Lewis, Finds TV Less Tiring Than Stage Work

By BOB THOMAS

HOLLYWOOD, Aug. 24 (AP)— Dean Martin and Jerry Lewis, the hottest performers in show business today, will be cooling off in the future, as far as their public appearances are concerned. The reason: Lewis' health.

The pencil-thin, brush-topped young comic is not as ill as some accounts have pictured him. But he did suffer a breakdown in Chicago near the end of the team's record-breaking theatre tour.

"It scared me; I was so tired I couldn't walk," said Lewis.

Lewis said it was his third breakdown. The first was at 16, the second three years ago.

"You see, I'm the hyper- —what is it?—hyper-sensitive type," he said. "The work doesn't bother my partner Dean because he's stronger. He has his golf, which relaxes him. But I like to keep busy with my photography and my friends. Also, I handle all the business of the act—hiring musicians, getting arrangements, and so forth . . ."

The pair claim they will play no more night clubs, and will also cut down on their theatre appearances. They will limit themselves largely to movies, television and radio.

CAPSULE REVIEW

"Saturday's Hero" is a well-made film, dealing with over-emphasis of college football. The plot concerns a poor boy whose football prowess gets him fancy offers for higher education. He finds glory, but bitter disappointment, too, as his world collapses. John Derek measures up to the demanding role as the grid star, and does his best work to date. The film adds power with a fresh-looking cast and a sharp, dramatic approach.

Oil Magnate's Widow Held for Murder

DALLAS, Aug. 24 (AP) — The widow of a millionaire oil operator Thomas W. Doswell has been charged with his murder.

Doswell was shot to death as he and his wife, Rebecca, sat in an automobile outside a hotel here Monday night.

Mrs. Doswell told police the gun discharged accidentally as she attempted to remove ti, wrapped in a towel, from a glove compartment.

Homicide Captain Will Fritz said two shots were "fired on the spot" and he added that he also had evidence that the gun was not wrapped in a towel at the time it was discharged.

Two empty cartridges were inside the gun. Only one bullet was found. "A double action gun just doesn't go off twice," Fritz commented.

By MRS. M. J. VIGNEUX

● Mr. and Mrs. Fred Blakeman, Front Street, have as guests their granddaughter and her husband, Mr. and Mrs. John Louie and their two children of Vancouver, who are spending a week in the City.

● Miss Alice Dunlop, Strathcona Hotel, is guest at Crescent Bay of Mrs. H. J. Edmondson.

● Mrs. L. C. Hughes, Baker Street, returned this week from a two months' holiday spent in Chicago, New York, St. John, N. B., and Niagara Falls, and in Halifax visiting her son Leslie, who is in the Navy. Mrs. Hughes was accompanied on the trip by her younger son Norman.

● David Nelson of Crescent Valley visited friends in town yesterday.

● Canon W. J. Silverwood and Mrs. Silverwood, Fairview, left this week for Vancouver and will later be in Victoria to attend the general synod meeting there.

● Mrs. N. McLean and Mrs. S. T. Lewis were co-hostesses at the former's home at a kitchen shower for Miss Iris Sanders whose marriage to Kenneth Turner takes place today. The guest of honor received many handy gifts and films were shown by Miss Ruby Bate. The hostesses were assisted by Miss Barbara Perdue and Miss Lorna Lewis.

● Mrs. Edith Edgar, 518 Carbonate Street, has had as guests her brother and sister-in-law, Mr. and Mrs. Cameron C. St.Denis of Spokane and another brother, Lyman St. Denis of Trail.

● Mrs. Frank of Milwaukee, mother of Rev. E. A. Frank of Nakusp, is guest at the Morrison home on Carbonate Street.

● Don Scott, Robson Street, is holidaying for a few weeks with relatives in Alberta while his sister, Miss Pat Scott of Calgary, is visiting her parents in Nelson.

● Mr. and Mrs. Phil Rahal have had as guest for the past three weeks Mr. Rahal's brother, Thomas Rahal of Edmonton, who left for his home Thursday.

● On Wednesday afternoon Dean T. L. Leadbeater officiated at the christening of Roger Daoust, infant son of Mr. and Mrs. Robert L. Collinson, when godparents were E. Urry, Miss Dorothy Urry of Nakusp and Cyril Worts of Calgary.

● Recent christenings in the Cathedral of Mary Immaculate included Wayne Charles, infant son of Mr. and Mrs. Frank Christian, Robert Bruce, infant son of Mr. and Mrs. D. Carmichael, and Rodney Daniel, infant son of Mr. and Mrs. D. McKay.

● Mr. and Mrs. J. F. Hillier of Bellingham, who have spent the past week in the City at the home of Mrs. Hillier's parents, Mr. and Mrs. Phil Rahal, Josephine Street, returned yesterday to their home.

● Mrs. J. MacLennan has returned to Willow Point after a holiday spent with relatives in Saskatchewan.

● George Trainor and daughters Jennie and Aileen have returned after a vacation spent visiting relatives in Prince Edward Island.

● Don Ackert, who is stationed in Cranbrook, is visiting his parents in Nelson.

PRINCESS PICKS TOUR COLORS

LONDON, Aug. 24 (AP) — Princess Elizabeth has picked two new textile colors — Edinburgh green and Elizabethan rose — to commemorate her forthcoming tour of Canada and Washington with the Duke of Edinburgh.

The British color council, announcing this today, described Edinburgh green as "the color of the silver spruce, a tree known equally well in Canada and Scotland."

Elizabethan rose is "a rose color with a warm glowing undertone."

The council co-ordinates textile color and design in Britain. The names of the two shades will be adopted as official by all its members.

While she was at it, the council said, Princess Elizabeth decided to sponsor two colors for children: cupid blue, "a cearl turquoise," and mayflower, "a gay clear pink."

Silhouette Variety Is Fall Note

PARIS, Aug. 24 (Reuters) — In the varied new Paris fashions for Fall and Winter wear, every woman can find a silhouette becoming to her type.

One after the other, Jasques Fath, Jacque Griffe, Jean Lanvin, Jean Desses, Christian Dior and the others presented their collections and Paris is literally humming with fashion talk.

The general trend shows a tendency towards longer hemlines. But this is not a revolution like the post-war "new, look." Fath, Griffe and Christian Dior drop the semline one or two inches, depending upon the individual dress.

Silhouettes stress the natural curves of the body. Waistlines are nipped over rounded hips, emphasized by short peplum and basque jackets. Other waistlines are moulded and swathed in wide draped cummerbunds.

Ful skirts demand the contrast of whittled waists. Jacques Fath likes this type and drapes them in contrasting fabrics with wide sashes or belts. Dior cuts the waist in slim princess lines, marked at the hips and bustline with cuffs or yokes. This is the central theme of Dior's collection.

Daytime skirts at Fath's are full or accordian pleated, and measure yards around the hemline. They are shown over stiff buckram or horsehair petticoats, which prop out the hipline and the skirt.

One expects anything from Schiaparelli and this season her biggest innovation is seen in barrelled hemlines. Harem skirts, straight from the pasha's wives, are exploited on coats, jackets, day and evening dresses. Schiaparelli calls this line "the shape."

FIND DYING INDIAN ON ALBERTA HIGHWAY

EDMONTON, Aug. 24 (CP) — An Indian from the Winterburn Reservation West of here was found dying on a highway early today. He had a wound in the lower back but police said today they didn't know what caused it.

R.C.M.P. in Edmonton declined an official statement on the death of John Baptiste Morin, about 25. An official of the Indian Affairs Branch said he understood Morin was hit by a truck.

But some officials said the wound could have been caused by a sharp-pointed weapon or a bullet. An autopsy was ordered.

Dress Up With Marian Martin

9280 SIZES 11—17

DOES THINGS FOR YOU

Jr. Miss! Wow the classmates! Impress professors! SO chic, SUCH good taste, this dress with stand-up collar, fitted bodice, flare skirt. A classic that give you a divine figure. Sew it now!

"The Public Be Bust"

The older generation, which lived three or four years ago, might recall how Government circles in Ottawa used to talk in cycles, remarks the Montreal Gazette in an editorial, "The Public Be Bust". Those were the days of cyclical budgeting. But time has a way of marching on.

The Canadian Government emerged from the Second World War with a Keynesian plan in its hand. According to this plan, Governments ought to budget in cyclical fashion. When they judged times to be good, they should tax heavily and spend lightly. But when they judged times to be too bad, they were to tax lightly and spend heavily.

The plan was certainly appealing, in its suggestions of poise and balance. It would smooth out the irregularities, the jolts and jars, of economic life. The old picture of "boom and bust" would be changed. The economy would, in the future, follow the even tenor of its way.

But two troubles arose. In the first place, the Government found it hard to judge just what lay ahead. The Government's planners were convinced (and they succeeded, with little apparent difficulty, in convincing the Government) that the Second World War would be followed by a serious economic decline.

But the Government's planners suffered not only from infirmity of judgment in forecasting the cycles. The Government failed in courage or discipline. When the Great Inflation set in, the classic economic program was to cut down on Government spending as rigorously as possible. But a severe diet is always hard to impose, especially when one's propensities are for the lavish table. So, notes the Gazette, it was that the Government insisted upon spending more and more, and disgraced its theories by its actions.

It matters very little that the Government goes through the motions of economy. The $35,000,000 saved by the Government last year on non-defence spending is but an infinitesimal drop in the comprehensive ocean of its expenditure. It was only about half the sum paid out to the Western wheat growers, for not getting quite as much as they expected. And when the old age pensions are put into operation, the new millions will carry away the slight evidences of saving, like a flood tide.

All this would be strange enough. But the fact is that the Government still believes in cyclical budgeting, even though it has no longer the will or the courage to practise it on itself. This has led to a disquieting new development. There are now signs that the Government has decided to practise cyclical budgeting upon the public. While not restraining its own spending, it will compel other people to follow the lean diet.

This new form of the cyclical theory appears in the high taxes to make people less willing or able to buy, even if it forces Canadians to diminish their savings. It appears also in the efforts to restrict business and industry from spending, by restricting credit from the banks.

If this were just an effort at practising the cyclical budgeting in another form, it might not be quite as bad. But, says the Gazette, the economic fact is that spending by the Government is far more inflationary than spending by business and industry can ever be. Investment by business tends to be productive. If it is not, loss or failure act as automatic correctives. But when the Government spends, it does not produce. Only when it runs an industry, like Polymer, does it add anything to production. On the whole, Government spending is directly and immediately inflationary. It is spending without producing. Even the money spent in making armaments is highly inflationary. Canadians cannot eat guns.

It is extremely true that guns are needed. But this is only another urgent reason why the Government, as it must engage in rearmament, must also curtail with a vengeance in other ways, and must postpone most other spending schemes. But this is hard, and self-denying, and unpopular. Better, it seems, for the Government to give up its own lean cyclical diet and to let its figures go, and to make the public do the cutting down.

It is a strange thing that the very people who used to speak with the greatest scorn about the "boom and bust economy" are now the most active in whooping up the Government's inflationary spiral. But if Government spending—the most highly inflationary of all spending—goes on booming, it is the public that will bust.

Verse

The Valley of My Dreams

In the glory of the morning in the valley that I love,
From the laughing silver river to the Rockies high above,
Spring has kissed the sunlit valley; kissed her woodlands and her streams,
And I stand and gaze in wonder at the valley of my dreams.

There's a narrow lane that's winding in the valley down below,
Through the massive Rocky Mountains with their peaks of shining snow.
There's a wealth of wooded beauty through which rushing water gleams,
And the music of the songbird, in the valley of my dreams.

There's a sighing in the treetops where the Slocan River flows.
There's a murmuring of angels in each tree that gently blows;
There are scattered, pretty homesteads where the sunlight softly beams
On the slopes of sheltering mountains in the valley of my dreams.

There are green and yellow carpets in the meadows flanked by trees;
There are fragrant, lovely blossoms, flitting butterflies and bees.
'Midst the creatures of the forest, high above a coyote screams,
And I dwell here with my loved ones in the valley of my dreams.

It's Been Said

The infinitely little have a pride infinitely great.—Francois Marie de Voltaire.

Your Horoscope

Don't be too critical of those you love, as they are probably doing their best. A certain amount of good fortune seems to be due for you in your next year. Today's child should be blessed with imagination, and be an artistic and musical person.

FOR SUNDAY, AUGUST 26: A change of routine may be helpful, and so stimulate that important, interesting and highly successful year which probably lies ahead. A kind, generous disposition and attending luck should be expected of the child born today.

Curious, Nelson—What was the total population of the Commonwealth in 1950?

United Kingdom, 50,519,000; Gibraltar, Malta, Gozo, 330,700; Asia, (including India, Pakistan, Aden, Socotra, Cyprus, Ceylon, Malaya, Singapore, North Borneo, Hong Kong, etc.), 443,769,178; Africa (North and South), 74,486,814; St. Helena, Ascension, Tristan da Cunha, 5163; North America, 13,549,000; British Honduras, 62,000; West Indies, 2,697,309; South America, 392,950; Australia, 11,284,135; Oceania, 504,320. Total Commonwealth—579,600,479.

J. J., Trail—Is ambergris found in all whales? Is it still of great value?

Ambergris occurs only in the sperm whale, and is a solid, fatty, wax-like substance. Next to perfect pearls it is said to be the most valuable product by weight taken from the sea.

Reader, Trail—Can you supply verse by Richard Armour called "Money" and beginning, "Workers earn it . . ."?

"Workers earn it,
Spendthrifts burn it,
Bankers lend it,
Women spend it,
Forgers fake it,
Taxes take it,
Dying leave it,
Heirs receive it,
Thrifty save it,
Misers crave it,
Robbers seize it,
Rich increase it,
Gamblers lose it,
I could use it."

Looking Backward

10 YEARS AGO

From The Daily News of August 25, 1941

H. D. Dawson, chairman of the International Committee of the Nelson Rotary Club, stated that arrangements were well in hand for an international Rotary meeting in Nelson in September.

25 YEARS AGO

From The Daily News of August 25, 1926

"Gibby" Mosses, youthful Nelson collector of Indian arrowheads and spearheads, has a beautiful addition to his collection in a white stone arrowhead he found on the beach Sunday near Willow Point.

Miss Dorothy Young of Trail, daughter of Mr. and Mrs. John Young, leaves Friday for Toronto to pursue further her musical education at the Toronto Conservatory of Music.

40 YEARS AGO

From The Daily News of August 25, 1911

William Fraser, a practising lawyer from Edinburgh, is in the city on a visit to C. M. Cairns. He thinks B. C. is ahead of all the other countries he has visited.

Kamloops Will Miss Him

A. J. Cleeton has hied himself to Trail, the Silver City of the Kootenays, and Kamloops is the poorer for his going. Fred Cleeton served us well in many ways—in the church, in community organizations, and in the fostering of amateur athletics. All the organizations with which he was associated were the better for his energy, enthusiasm and leadership. None will easily replace him.

Mr. Cleeton's community-mindedness—which matches that of many of his C.P.R. and C.N.R. confreres here—is the more noteworthy since the very nature and scope of railroading makes it almost certain that railroaders will reside in many cities in the courses of their careers. When railroaders are active and to the forefront in community organizations, of whatever kind, it usually is because they solely are truly and deeply interested in the well-being of their fellows or of the organized activity they espouse. This was particularly true of Mr. Cleeton's participation in the clubs fostering boxla and minor hockey. In both organizations, his love of the game and his interest in the developing of the best types of young athletes caused him to put much more into the posts he held than he ever could hope to get back, even if he were to reside here the rest of his life.

Verily, Kamloops lost a good man when the Silver City's siren call enticed Fred Cleeton away.—Kamloops Sentinel.

Dysentery Epidemic Sweeps Settlements

Bergthal Groups Live in Hovels; Conditions Shock Health Officer

REGINA, Aug. 24 (CP)—Dr. B. T. Dale, Saskatchewan's Director of Preventive Health Services, said today that the outbreak of dysentery which has killed four Mennonite children in the Hague, Sask., area is "pretty well over".

Dr. Dale said there have been more than 50 cases of dysentery since the outbreak began some weeks ago.

But he said he found only three cases in a one-day inspection trip yesterday. One of the cases was serious.

He said a Canadian Press report that there now are 50 cases of the disease in the Hague district was incorrect.

The disease is confined to the Bergthal Mennonite settlements, seven miles from Hague, where, Dr. Dale said, sanitary conditions are "extremely bad".

Dr. Dale said he found Mennonites living under appalling conditions. Fourteen children lived in one room and slept seven to a bed.

There were "unbelievable conditions" of filth and disease in the settlements.

Earlier today the rural municipality of Rosthern ordered a quarantine of three complete municipalities—including hundreds of Mennonite homes—to stop threatened spread of the epidemic.

Dr. Dale said there may be a few more cases before the disease is checked, but they would almost certainly be confined to the isolated, bush-locked Bergthal settlement.

He said he telephoned the Manitoba Government this morning to warn that the disease may strike among Mennonites who went to Manitoba after a trek seeking new homes in Honduras was turned back from Mexico City.

SEARCH FOR CARRIERS

WINNIPEG, Aug. 24 (CP)—Manitoba health officials today were trying to locate three Mennonite families, reported hunting for land here, who came from the dysentery area of Hague, Sask.

Dr. Maxwell Bowman, Director of Preventive Medical Services for the Health Department, said he had received a phone call from Saskatchewan medical authorities warning that dysentery carriers might be in Manitoba.

No cases of dysentery among Manitoba Mennonites have been reported, nor is there any information as to which Mennonites, if any, went on the Mexican trip.

Dr. Bowman said that in the past there have been several cases of dysentery reported monthly, but the disease that is sweeping through Hague "may be a more virulent type from Mexico."

"We do not anticipate any trouble here," he said, "but I'm checking with doctors in areas where the three families may have gone, just to be sure."

PRINCESS WON'T RECEIVE TRIBUTE

WINNIPEG, Aug. 24 (CP) — There will be no elk heads and beaver skins for Princess Elizabeth when she visits Winnipeg in October.

Earlier it was suggested the Princess might receive the tribute of two black beaver skins and two elk heads which a clause in the ancient charter of the Hudsno's Bay Company stipulates are to be given to the British monarchs "and their heirs" on visits to Canada.

Officials said today it had been decided that "heirs" applied to those who have actualy succeeded to the throne, and hence there will be no presentation.

Buy, Sell, Trade the Classified Way

Export of Alberta Natural Gas Depends on Amount of Surplus

By JOHN DAUPHINEE
Canadian Press Staff Writer

EDMONTON, Aug. 24 (CP) — Is Alberta ready to export natural gas? An important hearing of the Provincial Conservation Board will be held in Calgary next month to try to find the answer to that question.

The key factor in the decision is the size of known reserves in the Province.

As the Edmonton Journal puts it, Alberta's natural gas is the magnet drawing giant industries to the Province.

A $50,000,000 chemical plant is being built in a 500-acre wheat field on Edmonton's Eastern outskirts for Canadian Chemical Company. Sherritt Gordon is going to locate a metals refinery somewhere in Alberta. Reports have been circulating that Canadian Industries Limited plans a big plant just outside Edmonton.

Cheap fuel will attract other similar projects.

The Alberta Government has said it plans to guarantee sufficient gas for all possible expansion in the Province before it permits large quantities of gas to be exported elsewhere. Permission has been granted for relatively small sales to Montana, for use by war industry. But there has been no permission for large-scale pipeline delivery of gas to other Provinces. There is a minor 17-mile outlet to Dawson Creek, B. C., in the Alberta-B. C. Peace River block.

KNOWN RESERVES

Early this year the Conservation Board said known reserves at that time were not sufficient to meet the estimated needs of the next 30 years in Alberta. Since then additional reserves have been found.

When the Board meets in Calgary it will be given information on the amount of new gas located this year. Simultaneously, it probably will get new estimates of the potential demand inside Alberta.

The Board will deal with five applications for export permits. But it seems likely that the question of adequate reserves will be disposed of before any further consideration is given to pipeline routes.

Last June, Mines Minister Tanner said the Government's policy is to follow a conservation program which will "prevent any unnecessary waste, and give the greatest benefit to the greatest number of people, over the longest period of time." He added:

"It would be in the best interests of the people of Alberta to make surplus gas available for sale outside the Province."

The significant word in that statement is "surplus".

Pipeline delivery of gas to other Provinces depends on whether the Conservation Board decides a long-term surplus position now has been reached.

Today's Bible Thought

We are trustees for the widow and orphan, the sick and unfortunate. God expects us to share. The proportion is up to us. Will a man rob God?—Yet ye have robbed me. —Mal. 3:8.

Aunt Het

8-25

Everybody talks like Amy's poise was a sign o' blue blood, but any woman has got poise when she's able to wear that kind o' clothes.

Georgian Bay on Lake Huron was named in honor of King George III, who reigned from 1760 to 1820.

SPORTS

(For Additional Sports News See Page 2)

U.S. Netmen Overpower Canada's Davis Cuppers

WINDSOR, Ont., Aug. 24 (CP)—Final round for the men's singles championship at the 60th annual Canadian Lawn Tennis championships will be an all-American affair.

In a surprising upset, Seymour Greenberg of Chicago and Tony Vincent of Long Island, N. Y., moved into the title round today by overpowering two top members of Canada's Davis Cup team.

Greenberg defeated Brendan Macken, 1950 champion from Montreal, 6-2, 6-1, 6-1, while Vincent stopped Lorne Main of Vancouver, 6-1, 6-4, 6-3.

Pat Lowe of Toronto and Lucille Davidson of Lee's Summit, Mo., won the right to play off for the women's singles title.

Miss Lowe eliminated Pat Macken, Montreal, 6-1, 1-6, 6-4, playing a slow, deliberate game to take the verdict over the No. 1 seeded Canadian in the event.

Mrs. Davidson ousted Doris Popple of Des Moines, Iowa, last year's champion, 7-5, 6-3. This was a thrilling match which saw Mrs. Davidson overpower the top-ranking Miss Popple with a great display of tennis.

Macken and Main will get their chance for a comeback tomorrow, however.

The final round of the men's doubles event will send Macken and Main against their opponents of today, Greenberg and Vincent.

In today's semi-final round, Macken and Main defeated Leonard Brose, Detroit, and Davis Cupper Henri Rochon, Montreal, 7-9, 6-3, 6-2, 5-7, 6-3. Greenberg and Vincent stopped Paul Willey and Lawrence Barclay, Vancouver, 7-5, 6-2, 6-2.

The women's doubles final will pit Doris Popple, Des Moines, Iowa, and Lucille Davidson, Lee's Summit, Mo., against Mary Hernando, Ann Arbor, Mich., and Joan Johnson, Detroit.

Miss Popple and Mrs. Davidson eliminated Dorothy Hurst and Louise Brown, Toronto, 6-3, 7-5, while the Hernando-Johnson combine ousted Lucille Davidson, Mobile, Ala., and Candace Collett, London, England, 0-6, 6-3, 6-0.

Veterans 'singles final will pit Jim Currie, Windsor, against William McBrearty, Detroit.

Currie stopped Doug Philpott, Toronto, 6-2, 7-5, and McBrearty ousted Harold Richardson, Detroit, 2-6, 6-4, 6-4.

Nelson Nine Blows 9-3 Lead To Wind Up in Tie With Rossland

By CLIVE FLEMING

Nelson Peerless-9 blew a last inning 9-3 lead and the Rossland Cubs managed a 9-9 deadlock in the first game of the West Kootenay Baseball League round robin series. For the second consecutive time, late arrival of the Cubs caused the game to be called on darkness after seven innings of play.

Carl Locatelli was the big man at the plate with four runs batted in on consecutive extra base blasts which went for a homer and a triple, while all of Rossland's 15 safties were limited to singles. With several batters swinging for three base blows, only two players on each team were hitless through the game, one of them being Rossland's Seath Martin, who blasted three consecutive two baggers in the last encounter of the two clubs.

After a scoreless first frame, newcomer from Edmonton Ron Trepanner hit a two-out single for a pair of runs for Rossland, but Fritz Koehle got one of them back in the bottom of the second, scoring after driving a double.

The first four Rossland swingers got on base in the top of the third on three singles and a fielder's choice, but were held scoreless as two runners were cut down at the plate. Roy Anderson doubled over the left field fence, and continued to score as Carl Locatelli executed the squeeze play for a two run inning as Nelson moved out front 3-2.

LOCALS COUNT FIVE

After Rossland knotted the game on a fifth inning singleton the roof fell in on the Cubs. Carl Locatelli blasted a line drive circuit clout with Haldane on base, followed by three singles and a batch of errors as Nelson counted five runs, with ten batters appearing at the plate.

Locatelli again drove Haldane around the bases on his second big blast on a hit-and-run play, going for three bases, thereby sending the Peerless-9 out front with a fat 9-3 bulge.

Nelson chucker Les Hufty got only one batter out while five got him for singles in the top of the seventh before manager Gordon Richardson pulled him in favor of fireballer Ron Brown. Before Brown got the side out, another error, and a hit built up a six run outburst to tie the game.

In the bottom of the finale, Rusty Wynn struck out the side in order, whiffing Ron Brown, Bob McNabb and Red Koehle.

The benefit game for Bob Koehle and Les Hufty was not well attended.

Nelson in Home and Home Golf Series With Washington Clubs Sept. 9 and 16

Nelson golfers will participate in a home and home series with Pend d'Oreille county clubs next month, match committee chairman J. E. Young has announced.

The local team will journey to Metaline Falls, Wash., Sept. 9 to meet a combined River Crest-Metaline Falls aggregation then will play host here in a return match Sept. 16.

The two Pend d'Oreille clubs have been looking forward to the Nelson invasion for two months, according to River Crest President Earl Kelley. Women of the local clubs are planning a large picnic lunch and will serve refreshments in the park adjoining the Metaline Falls course.

The Americans are going all out to make this "hands across the border" gesture a successful one, Kelley said, jokingly that the Nelson contingent bring only their wives, golf clubs and "hearty appetites."

It will be the first time in many years that a Canadian team has visited Pend d'Oreille county, Kelley pointed out. During the war the Metaline Falls course was closed as was the course between Priest River, Idaho, and Newport, now superceded by the new River Crest course.

Several Pend d'Oreille players also plan to take in the Nelson Open tournament at the invitation of Jack Young. This event is scheduled for Sept. 2 and 3.

Yankees Even Series, Gain on Cleveland

By The Canadian Press

New York Yankees fought back to within two games of the league-leading Indians Friday night, defeating Cleveland 2-0 on Gene Woodling's two-run homer in the seventh inning and the air-tight pitching of southpaws Stubby Overmire and Joe Ostrowski.

The Yankee victory evened the series at one game apiece and snapped a skein of 16 consecutive triumphs rolled up by the Indians at Cleveland Stadium dating back to July 18.

A crowd of 71,768, largest for a night game this season, watched Cleveland righthander Early Wynn match shutout pitching with the Yankee veterans for six innings.

Catcher Sherm Lollar helped pitcher Ned Garver to his 15th victory as St. Louis Browns defeated Philadelphia Athletics 5-3 with about 1000 grandstand managers directing the Browns in another of owner Bill Veeck's promotions.

Lollar drove in two runs and scored three, hitting a homer, a double and a single. Garver held the A's to seven hits.

Eddie Robinson's sixth-inning single scored Ray Coleman with the winning run as Chicago White Sox defeated Boston Red Sox 3-2.

Pitcher Lou Kretlow yielded just five hits in besting Ray Scarborough to register his fifth decision.

Ralph Branca turned in his best performance of the season as he pitched the National League-leading Brooklyn Dodgers to a 1-0 victory over Chicago Cubs.

Boston Braves moved into fourth place by twice whipping Cincinnati Reds 5-1 and 2-1 in a twi-night doubleheader.

Gus Bell's home run with the bases loaded in the third inning started Pittsburgh Pirates to a 5-1 victory over Philadelphia Phillies. Murry Dickson's two-hitter gave him his 17th pitching triumph against 11 defeats.

New York Giants gained their 12th straight victory by scoring twice in the ninth in a day game to defeat St. Louis Cardinals 6-5. Despite the victory, the Giants still remained 7½ games behind the league-leading Dodgers because of the Dodger win over Chicago.

The winning streak is the longest compiled by a Giant team since Bill Terry's pennant-winning club of 1936, which piled up 15 straight.

Veteran pitcher Joe Haynes made his 1951 debut as a winner and home-run hitter as he and Mike McCormick paced Washington Senators to a 10-7 decision over Detroit's faltering Tigers in the American League.

English Cricket

LONDON, Aug. 24 (Reuters) — English first-class cricket results today:

Hampshire 180 and 243 for four declared. South Africans 251 and 151 for seven. Match drawn.

Warwickshire 204 and 174. Essex 216 for eight declared and 163 for three. Essex won by seven wickets.

Gloucestershire 187 and 218. Kent 271 and 135 for five. Kent won by five wickets.

Glamorgan 250 and 129. Surrey 289 and 94 for five. Surrey won by five wickets.

Middlesex 251 for seven declared and 192. Nottinghamshire 237 and 261. Middlesex won by 45 runs.

Sussex 339 and 107 for eight declared. Lancashire 255 for eight declared and 176 for nine. Match drawn.

Northamptonshire 184 and 280 for nine declared. Yorkshire 258 and 69 for eight. Match drawn.

Somerset 231 and 350 for eight declared. Worcestershire 368 for eight declared, and 214 for seven. Worcestershire won by three wickets.

Rejoins Cardinals

NEW YORK, Aug. 24 (AP) — Manager Marty Marion and pitcher George Munger rejoined the St. Louis Cardinals today. Both had been out more than a week with ailments.

Marion had been bedded with a virus infection, while Munger had a growth on his back removed.

2000 See Marylebone Take Big Lead Over Coast Cricketers

VANCOUVER, Aug. 24 (CP) — Nearly 2000 cricket fans sat in on a full day's play in the first test match ever to be played in Canada today, and saw the touring Marylebone team take a commanding lead over an all-Canadian side at Brockton Point. Canada batted first and was all out for 94, then M.C.C. compiled 222 for the loss of six wickets before stumps were pulled for the day.

Skipper R. W. V. Robins won the toss and put Canada in to bat first in a dull light caused by smoke from forest fires.

Tom Brierley of Vancouver, the brilliant batsman whose innings paved the way for M.C.C.'s defeat on Wednesday, was able to take his place on the Dominion team after being laid out Thursday when one of J. J. Warr's express deliveries hit him in the mouth and cut his upper lip.

TURPIN, SUGAR RAY WARM UP

GROSSINGER, N.Y., Aug. 24 (AP) — Middleweight champion Randy Turpin, who arrived at his training camp last night, wasted no time in getting down to work for his return bout with Ray Robinson Sept. 12.

The broad-shouldered youth got up at 7 a.m. and ran four miles. He boxed two rounds with his brother Dick, a featherweight, and dropped him with a right to the jaw. He sparred another two frames with English middleweight Eddie Phillips and drew blood from his sparmate's nose.

POMPTON LAKES, N.J., Aug. 24 (AP) — Sugar Ray Robinson, former middleweight champion who is determined to regain his crown from Randy Turpin Sept. 12, belted two sparring partners in a four-round boxing drill today.

The Harlem Negro sparred two rounds with Baby Day, a Wilmington, Del., middleweight who has been living in Paris, and two with Davie Green, a Chicago 160-pounder.

Robinson dropped Green with a right to the jaw.

Byng Wins Semis At Cranbrook

CRANBROOK, B.C., Aug. 24 — Paul Yakovich pitched a no hitter for Byng tonight for a 4-1 win which wound up their semi-final series with Kadees for three wins and one loss. Glen Killins scored Kadees' single run on a walk and steals, and two other Kadees got on base on errors. Byng had four hits off Tommy Dooling, and thrived on Kadee errors.

Best of seven finals between Swansons and Byng to be played alternate nights start Monday.

WIN FOR COAST BOXER

MANCHESTER, England, Aug. 24 (AP)—North America's All-Star amateur boxing team chalked up its second straight European success tonight, stopping Britain six bouts to four.

Featherweight Len Walters of Vancouver outpointed Percy Lewis of Britain.

U.S. Sweeps Early Wightman Tennis Games

BROOKLINE, Mass., Aug. 24 (AP)—The 15th consecutive routing of the British women's tennis team was considered inevitable after the United States defenders swept the first three of the seven Wightman Cup matches today.

The 23rd renewal of this lopsided international rivalry, which includes 18 American triumphs since its 1929 inaugural at Forest Hills, N.Y., will be concluded tomorrow with three singles and a doubles match.

Doris Hart of Coral Gables, Fla., the U.S. team's No. 1 performer, got the team play under way by defeating Jean Quertier, 6-4, 6-4. Then Shirley Fry of Akron, O., stroked to a sparkling 6-1, 6-4 win over Mrs. Jean Walker-Smith, the outstanding visitor.

The second-ranking doubles combines concluded the first day's program with Mrs. Pat Todd of La Jolla, Calif., and Nancy Chaffee of Ventura, Calif., defeating Mrs. Tony Mottram and Pat Ward, 7-5, 6-3.

Qualifying Rounds For Nelson Open Start at Weekend

Qualifying rounds for the Nelson Open Golf Tournament will get under way this weekend on the local links.

The tourney will be held Sept. 2 and 3 with the Ken McBride Memorial Trophy going to the winner.

All participants must qualify on the home course and turn in 18-hole scores to the match committee on or before Aug. 31.

Draws and starting times for the various flights will be posted Sept. 1.

Ferrier Shoots Another 66 In Open Tourney

FORT WAYNE, Ind., Aug. 24 (AP)—Jim Ferrier, Canadian Open champion, shot his second straight 66 today to lead after the second round of the $15,000 Fort Wayne Open golf tournament.

His 132 was one stroke under yesterday's leader, Glen Teal, Knoxville, Tenn., pro, who soared from a record 63 nine under par, yesterday to a 70 today. Ferrier, an Australian, now makes his home at San Francisco.

Ferrier had 33 on both nines today. Teal carded 36 going out and 34 in.

Behind Teal with 134s were John Palmer, Badin, N.C.; Earl Stewart Jr., Dallas, Tax., and Clayton Heafner, Charlotte, N.C.

Chick Harbert, Northville, Mich., and Bob Toski had 65 and 66, respectively, today to tie at 135.

Betting Steward Has Business Eye

NEW YORK, Aug. 24 (AP) — An enterprising steward on a Trans-Atlantic liner has made a pile of bets on the Randy Turpin-Ray Robinson fight—and he can't lose.

In New York, Turpin, the British holder of the middleweight crown, is a 12 to 5 underdog. The steward wagered here on Turpin.

In London, where the Britishers have backed Turpin to even money, the Steward bet on Robinson.

He wishes he had a few more trips to make before the title fight at the Polo Grounds, Sept. 12.

$1200 in Prizes At Stake in Cranbrook Rodeo

CRANBROOK, B. C., Aug. 24 — Entries in bronc riding, bareback riding, Brahma bull riding, calf roping, steer decorations and wild cow milking for $1200 prize money in Cranbrook Lions Club second annual rodeo the Labor Day weekend, are being accepted in open competition. The rodeo is the final of the Western Canada Cowboys' Protective Association whose circuit on a cumulative points basis opens in May each year, and with competition keen, Cranbrook meet may decide several championships. Though the C.P.A. puts on the Cranbrook rodeo it is also an open competition.

Ken Thompson of Black Diamond, Alta., manager for the Association, has opened an office here in preparation for the meet September 1 and 3. Bobby Hill will come from Missoula, Mont., to be rodeo clown for the two days. George Aldof, bullfighter of Albuquerque, N. M., has been engaged, and Blair Holland of Lethbridge will be announcer. Bronc stock is from Calgary Stampede pens and will be brought from Cochrane and Black Diamond. Wilf Gerlitz, who continued from last year's meet to a world championship at the Madison Square Gardens rodeo, and Carl Olson, a past champion, are both entered again for this year's meet.

The Lions Club grossed over $12,000 from the 1950 rodeo, but returned all net and an additional amount into permanent equipment for future rodeos at Moir Park. Temporary bleachers have been erected on the North side of the park to accommodate 1200, in addition to the 2600 the permanent bleachers hold. Space around the fence for watching from cars has been cut out this year. Corrals, pens and chutes are nearing completion with work continuing most of the Summer by volunteer crews recruited by the club.

Proceeds this year will go to the club's fund for community service and its international work.

SINGLES EVENTS ON NELSON COURTS SUNDAY

Local net enthusiasts are expected to be out in full force Sunday for the first club singles tournament of the season.

Both men's and ladies' events are planned as a tune-up for the West Kootenay Open Tournament at Trail next weekend.

Play is scheduled to get under way at 10 a.m. and players are being asked to come early to allow the draw to be made as soon as possible.

Weslock Still Burning Up Willingdon Course

By W. R. WHEATLEY
Canadian Press Staff Writer

OTTAWA, Aug. 24 (CP) — A heavy shower late today took a lot of zingo out of the practice rounds for the Willingdon Cup interprovincial team golf championship but Nick Weslock of Windsor, Ont., without benefit of umbrella, shot his second 68 in as many days.

The competition, with eight fourman teams, gets under way tomorrow. The Canadian Junior Championship will be fought out at the same time, both tournaments at 36 holes of medal play.

Weslock, runner-up last year for the Canadian amateur title, didn't have a monopoly on cutting Royal Ottawa's par 71. Don Doe of Granby, Que., the 1951 Quebec amateur champion, put together a pair of 34s to duplicate Nick's performance.

Whatever happens to Nick tomorrow and his cup-defending Ontario team, he at least made good his contention that Royal Ottawa is "an easy course."

Closest behind Nick and Don in today's seriously-tabbed practice rounds came Gerry Kesselring of Kitchener, Ont., with 70 and Tommy Riddell of Montreal with 71.

Few of the other contenders could agree with Nick that the course is a par-wrecking opportunity. Other practice round scores ranged from the low 70s to 80 and more.

The British Columbia quartet did a lot of experimenting and called it quits after 14 holes.

Bill Mawhinney of Vancouver, 1950 Canadian amateur champion, still wasn't satisfied that he could roll up the course and slip it into his hip pocket. Walter McElroy, also of Vancouver, found some consolation in "starting to get my putts down."

Several players finished with 72s, among them Tommy Hunter of Montreal, Jim Harper of Edmonton, Pat Foley of Halifax and Doug Silverberg of Red Deer, Alta.

Silverberg will be defending the Canadian Junior Championship he won after two extra rounds last year at Saskatoon. His opponent then, Laurie Roland of Vancouver, is back again and playing at top form.

Prairie League Promises Action

By The Canadian Press

The exhibitions are over. Western football today starts what may be the wildest scramble for playoff space the Prairie provinces have ever seen.

Winnipeg, Calgary, Regina and Edmonton — the Western Interprovincial Football Union — all boast the strongest teams ever. They play their first league games after an exhibition series that knocked predictions into a cocked hat.

Edmonton Eskimos were popularly outside of Edmonton) conceded last place. Then they nosed out Saskatchewan Roughriders, 13-12, unveiling a rough, tough line with backfield power.

Roughriders were no slouches either, with quarterback Glenn Dobbs living up to glowing pregame Press notices as a passer-kicker-ball carrier.

Calgary Stampeders were a doubtful quantity, even at home. But they took on the Dominion Championship Toronto Argonauts and lost by a whisker, 36-35, in an aerial scramble at Calgary.

And Blue Bombers of Winnipeg, beaten soundly by Toronto in last year's Grey Cup final, dumped the Argos 13-1, to break a long-standing jinx.

Tonight Edmonton plays the Bombers at Winnipeg, on their way West from an 28-21 exhibition loss to Montreal Alouettes.

Ont. Bush Workers Sign Contracts

TORONTO, Aug. 24 (CP) — A new agreement between Ontario's 20,000 bush workers and 19 Ontario pulp and paper companies and timber operators was signed today after two weeks of negotiations.

Wage increases averaging 14½ per cent in take-home pay and a union shop contract — said to be the first in Canada's logging industry outside Newfoundland — are included in the agreement, signed by the Lumber and Sawmill Workers' Union and United Brotherhood of Carpenters and Joiners of America (A.F.L.-T.L.C.), and the companies.

The one-year contract becomes effective Sept. 1. The new average hourly rate was announced as $1.35, compared to $1.21 in the old contract. The average hourly rate for workers paid on a piece-work basis was announced as $1.56, compared to $1.29. General laborers get an increase to $9.09 from $8.03 a day.

Wheat Harvest Is Under Way

WINNIPEG, Aug. 24 — Thirteen percent of Manitoba's wheat and 16 percent of its oats and barley have been cut, it is estimated in the Canadian Pacific Railway Agriculture Department crop report.

In Southern Saskatchewan, the summary stated, approximately five percent of the wheat 10 percent oats and barley have been cut; in Southern Alberta cutting only just commenced this week.

Change of the weather on Tuesday from warm and unsettled to mostly sunny in Manitoba and Saskatchewan, was noted as what the crops need at this stage. Rain had delayed cutting in Southern and central Manitoba and in the Northwest portion of the province where cutting hat not started. Continuation of clear weather was needed to get this work under way by the end of this week.

BRISTOL, England (CP) — A quick-change thief who raided a home here departed with a new suit, shirt and shoes and left his own topcoat, socks and shoes in their place.

Peace Signs Adorn Russian Highways

MOSCOW, Aug. 24 (AP)—New brightly-painted "Peace" signs are going up along the highways outside of Moscow. The big metal signs, placed about a mile apart along the roads, carry such slogans as "U.S.S.R., Pillar of Peace," "Peace to the World," and "Under the Banner of Communism to Peace."

Stockholm Rejects Russian Request

STOCKHOLM, Sweden, Aug. 24 (Reuters) — The Swedish Government today decided to reject a Polish request for the extradition of 12 mutineers from a Polish minesweeper.

Earlier this month the mutineers seized the ship from their officers in mid-Baltic, put in Ystaad, South Sweden, and asked for asylum as political refugees.

The men have already received permission to live in Sweden as refugees and have been provided with Swedish identification papers.

Calgary Livestock

CALGARY, Aug. 24 (CP)—Trading was active on light receipts on Calgary livestock market today. No strictly-choice butchers were available in the 214 cattle and calves on offer.

Butcher steers and heifers were steady. Cows were in fair demand, bulls about steady. All classes of stocker and feeder cattle were in keen demand. Veal calves were steady.

Hogs advanced 25 cents Thursday to close at $35.75. Sows were steady at $18.50. No lambs were sold. Good ewes brought $17 to $18.50.

Good butcher steers, $32.50 to $33.50; common to medium, $27 to $32.

Good butcher heifers, $31.50 to $32.50; common to medium, $26 to $31.

Good cows, $25 to $26; common to medium, $22.50 to $24.50; canners and cutters, $18 to $22.

Good bulls, $26 to $27; common to medium, $24.50 to $25.50.

Good stocker and feeder steers, $32.50 to $34; common to medium, $26 to $32.

Good to choice veal calves, $32 to $35; common to medium, $26 to $31.

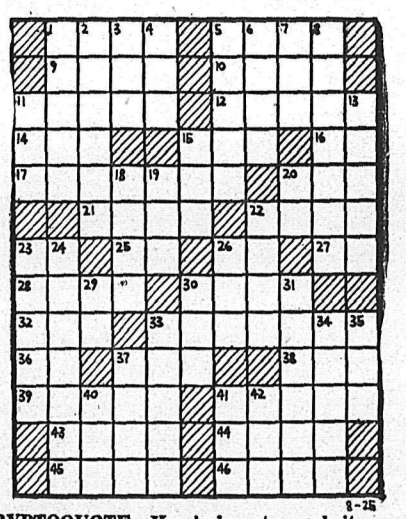
Yesterday's Answers



DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

K G J L V O B W P K A T X A : E N H J B , F N A J
E N A P A D D K L W S N H U A , ' E H K
V J C A D K ' U G K H S — N A T P A T E .

Yesterday's Cryptoquote: WHATEVER IS WORTH DOING AT ALL IS WORTH DOING WELL.—CHESTERFIELD

Market Trends

NEW YORK, Aug 24 (CP)—Despite the advance of aircrafts and strong areas elsewhere in the list, the market presented a mixed appearance with only a slight leaning to the upside.

Canadian issues were higher. International Nickel increased ⅝, and McIntyre gained ½. Canadian Pacific and Distillers Seagrams picked up c. Hiram Walker was higher by ¼, while Dome Mines was unchanged.

TORONTO (CP)—Prices remained firm toward the session's close.

Industrials, in the first hour of trading, climbed .62 of a point on the Exchange's index of 20 selected issues over the Feb. 12 record of 338.62 to 339.29. Prices eased thereafter, but major issues continued to show strength. Volume for the session was about 2,000,000 shares.

MONTREAL (CP)—Major gains in the steel and paper sections gave strong support to a moderately higher list towards the close.

Trading was extremely active. Large gains were spotted throughout the list as most issues firmed fractions.

LONDON (Reuters) — Minor weekend sales in an otherwise idle market created a slightly easier trend today.

With many market on holiday and others not inclined to extend commitments ahead of the weekend, turnover was down to what appeared to be the lowest of the year.

Sees Rearmament As Affecting Foreign Trading

MONTREAL, Aug. 24 (CP) — Canada's rearmament program so far has had more noticeable effect on the growth of basic productive resources and on the flow of foreign trade than on the supply of consumer goods, so says the Bank of Montreal in a review of the Canadian economic situation.

The review also deals with "the conflict of inflationary and anti-inflationary forces" at present interfering with "the smooth functioning of the economy".

Turning to the trend of Canada's external trade, the review finds this reflects "the vigor of Canadian demand in general and the extent to which the capital expansion program is dependent on outside sources of productive equipment and components."

Merchandise exports at the end of June were 45 per cent higher in value than during the first half of 1950, while imports registered a gain of 22 per cent in the same period.

Canada Presents Arms to Italians

NAPLES, Aug. 24 (Reuters) — Canada today formally presented Italy with arms and equipment for an infantry division as "proof of Atlantic solidarity".

It was Canada's third contribution of arms for foreign divisions. Similar shipments have been made to a Belgian and a Netherlands infantry division. In addition, Canada has supplied the equipment for a Luxembourg regiment.

The arms, which arrived Thursday aboard the Canadian freighter Montrose, were handed over to the chief of the Italian general staff, Gen. Efisio Marras, by G. S. MacDonald, charge d'affaires at the Canadian Embassy in Rome.

The equipment ranged from rifles to field guns and armored cars. It will put on a war footing one of the 12 divisions Italy hopes to have ready by the middle of next year.

Speaking from a platform draped with Canadian and Italian flags, MacDonald said, "Canada has offered this material as a symbol of the united purpose of the North Atlantic Treaty nations and as a bond of friendship between our two countries."

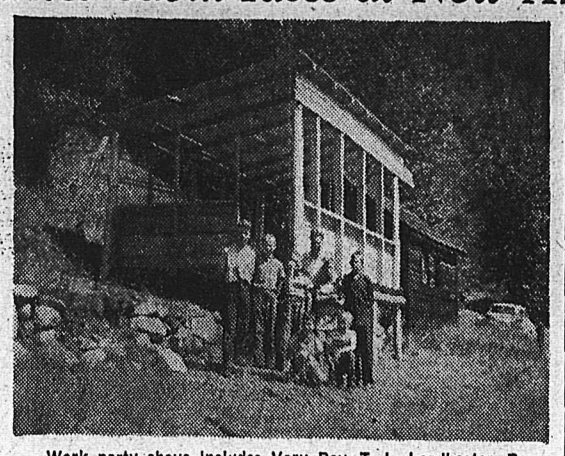
First Cabin Rises at New Anglican Camp



Work party above includes Very Rev. T. L. Leadbeater, Dean of Kootenay, at rear, and Richard Lakes, Shaun Erb, Marvin Smith, Pat Duff, Allan Stenson, Wayne Cameron and Teddy Mattice.

First steps in the preparation of a new Summer camp near New Denver, on the shores of Slocan Lake, have been taken by West Kootenay Deanery of the Anglican Church.

The picture accompanying this story shows a work party during the construction of a sleeping cabin. Camp sessions will start next Summer. Earlier, Rev. T. Mitchell of Nakusp had led a party in the clearing of grounds. The former Thring home on the site will be renovated.

The site purchased by the Deanery is of several acres and is located just below the New Denver golf course. It has a good beach and swimming area.

Planned are camps for boys' choirs, the Girls' Auxiliary, Anglican Young Peoples Association, leaders of women's organizations and retreats for the clergy.

Purpose is to provide the young people real instruction in the life of the church, Suggested name is Camp Galilee.

A meeting is planned in St. Saviour's parish hall at Nelson in September at which foundations will be laid for the camp's organization.

Canon T. E. Rowe Dies at Coast

VICTORIA, B. C., Aug. 24 (CP)— One of Western Canada's best-known clergymen, Canon T. E. Rowe, died today in hospital here.

Canon Rowe, a native of Tobago, British West Indies, was aged 75.

During more than 30 years in Canada he had served in Saskatchewan, Alberta and British Columbia. He returned overseas during the Second World War.

Canon Rowe's first appointment in Canada was Curate of Qu'Appelle Diocese. More than 30 years ago he founded the Canadian Guild of Health, with headquarters in Victoria and Vancouver. Guild offices were later established throughout Canada.

In 1921 he came to Victoria, and later was appointed Rector of St. Matthias Parish, Christ Church Cathedral. He was sent to Edmonton in 1937, where he was made a Canon.

At the outbreak of the Second World War he was appointed Rector of St. John's Church, Regent Park, London. During the Blitz he was injured and invalided home in June, 1945

Surviving are his widow, at Penticton; two daughters, Mrs. A. Higgs and Mrs. F. Anbery, both of Victoria; and a son, Lt.-Cmdr. Kingsley Rowe, Kamloops.

Funeral services will be conducted Saturday at 3:30 p.m. from Christ Church Cathedral by Canon F. Pike, assisted by Dean G. R. Calvert. Interment will be at Royal Oak Burial Park.

Cripps Plans to Go Back to England

ZURICH, Switzerland, Aug. 24 (Reuters) — Sir Stafford Cripps, formerly Britain's Chancellor of the Exchequer, being treated for a tubercular infection of the spine, will leave for England in a month, it was learned today.

Expressing astonishment at the 62-year-old Cripps' successful fight against the illness, doctors said the treatment is finished. They said recently it will be a long time before he can resume political or other work.

DEATHS

Britain Sees Better Newsprint Outlook

LONDON, Aug. 24 (CP) — The trade publication World's Press News says today it looks as though Britain's newsprint outlook is improving at last.

It says that under new Anglo-Canadian contracts, Britain will receive a maximum of 525,000 tons of newsprint from Canada form 1952 to 1954. Shipments are expected to rise progressively from a basic minimum of 100,000 tons annualy.

The publication comments favorably on the recent $10-a-ton increase in nwsprint prices imposed by Canadian manufacturers. 'The increased price," say World's Press News, "had an immediate and almost drastic steadying effect on American consumption and is thus producing a favorable reaction on world supplies outside the American continent."

A.A. RESENTS USE OF "GHOST" CARS

VANCOUVER, Aug. 24 (CP) — Use of "ghost" cars by police to check traffic has aroused the ire of some Automobile Association officials.

Fred Brown, president, said last night, he felt that "Chief Mulligan is moving in the direction of a police state."

He added: "Unmarked police cars are an affront to every driver on the road, and a sneaky business besides."

Ald. Birt Showler, director of the Association, said he would urge city council to rule that all city-owned cars carry the city's crest."

Child Dies After Wrong Diagnoses

NEW YORK, Aug. 24 (CP) — After five wrong diagnoses, a two-year-old girl died of lead poisoning Thursday. It took an autopsy to prove it.

Celeste Felder was taken by her frantic father William, a Negro subway clerk, to two private doctors and three hospitals from the time she became ill several weeks ago until her death. All passed her off as "not seriously ill."

The child's affliction was called intestinal grippe, virus infection, inflamed throat, tonsilitis and blood poisoning, each by a different doctor.

Russian Press Attacks Treaty

BERLIN, Aug. 24 — AP) — The Russian-controlled press here said today that the Soviet Union's delegation is going to San Francisco to demand a "really just" peace treaty for the Japanese and oppose American plans to "gain control of all Japan as a base for aggression against China and the Soviet Union."

A sharp attack on the U.S.-prepared treaty tot be presented at San Francisco was published in the Soviet-controlled National Zeitung. It was accompanied by reports in other Russian-controlled papers proclaiming Communist China's "justified" opposition to the peace conference, from which Red China has been excluded.

NEW YORK, Aug. 24 (AP) — The New York Times said today that the United States has drafted a "rigid" set of rules for the Japanese peace treaty conference "designed to prevent any filibusters by the Soviet Union and its allies".

A Times Washington dispatch by James Reston said the rules "are expected to touch off a major debate immediately after the opening of the conference in San Francisco Sept. 4".

The rules now are being discussed with other Governments, and must be approved by the conference before adoption.

Suez Dispute to Go to The Hague

CAIRO, Aug. 24 (Reuters)—Egypt will take the dispute over her blockade of the Suez Canal to the International Court of Justice at The Hague before the United Nations Security Council votes on it Monday, well-informed sources said today.

(A United Nations source said voting on a British-French-American resolution for lifting the blockade was postponed until Monday at Turkish request in the hope the issue could be settled without U.N. action.

(The resolution, which the Council is expected to pass, criticizes Egypt for barring goods through the Canal en route to Israel, with whom she still considers herself at war concerning the Arab-Israeli quarrel of 1948.)

Bombing Range Chosen in Sask.

SASKATOON, Aug. 24 ... CP)— The Defence Department plans to buy 20,000 acres of land just North of Dundurn (Sask.) military camp for use chiefly as a bombing range. Dundurn is 30 miles South of Saskatoon.

The announcement was made by a land appraiser for the Federal Department of Transport, D. H. Macleod, at a meeting of 40 farmers and their wives in Haultain schoolhouse, in the rural municipality of Dundurn.

About 29 farmers will be dispossessed, but will be fully compensated for loss of their land, said Mr. Macleod. The Provincial Department of Agriculture, owns about six of the 31 sections involved in the plan. They are being used now as a University of Saskatchewan sheep pasture.
