WEATHER FORECAST

Kootenay: Cloudy Wednesday with occasional thunderstorms in the afternoon. A little cooler. Winds light. Low and high tomorrow at Cranbrook, 45 and 80; Crescent Valley, 40 and 80.

Nelson Fights Gasoline Boost

New Increase While Old Protest "Under Admisement" Rouses Council

A resolution protesting increase rather than reduction in the price of gasoline is being forwarded to the Controller of Coal, Petroleum and Natural Gas at Victoria by Nelson City Council.

Some months ago a resolution sponsored by Alderman Alex Sutherland asking that Nelson be placed in the Cranbrook zone so as to obtain Alberta gasoline and, accordingly, lower prices.

No satisfaction had been obtained from authorities previously, Ald. Sutherland told Council. He felt it was a matter with which Council had a right to deal.

Advice from previous correspondence with the Board had been that the matter was under advisement, City Clerk W. A. Gordon recalled.

Ald. Sutherland said he had learned that gasoline was coming to Nelson from Alberta, but that "we are still paying for the devaluation of the dollar on it." With gasoline "right at our back door," this district still had to buy its gas from California and pay the exchange on it.

While in Los Angeles recently, he had found optimism over the possibility of obtaining Alberta oil via the proposed pipeline from Alberta to the Coast.

Carson to Attend Nakusp Meet For Better Arrow Lakes Travel

NAKUSP, B.C., July 18—Arrow Lakes agitation for better transportation facilities will come before a dinner meeting of Board of Trade and Chambers of Commerce of the Upper and Lower Arrow Lakes District here Sunday.

Hon. E. C. Carson, Provincial Minister of Public Works; H. W. Herridge, M.P. for Kootenay-West; E. D. Fulton, M.P. for Kamloops; and A. W. Lundell of Revelstoke have accepted invitations to attend.

Capt. F. B. Latchmore of Ottawa, member of the Maritime Commission, will also be present.

Representatives from boards in Arrowhead, Beaton, Revelstoke, Nakusp, Slocan and District, Trail and from the B.C. Fruit Growers' Association in Vernon will converge on Nakusp.

Arrowhead Chamber of Commerce is sponsoring the meeting.

M.S. Beaton is leaving Arrowhead for Nakusp at 9 a.m. to carry delegates.

Ladies' Auxiliary to the Nakusp Board of Trade will cater to a dinner.

Charge Russian Advisors With N. Korean Army

WASHINGTON, July 18 (AP)—The United States army stated flatly today that there are Russian advisers with the Communist army from the North which invaded South Korea.

A briefing officer gave no indication of the extent to which such advisers are used, or the degree of their influence.

But he told newspaper men the army has definite information that between 10 and 20 Russian officers are with a "certain unit" of the Korean Red forces.

This is the first confirmation, the defence headquarters sportsman said, that Russians are with the invaders. He would not say how it was obtained.

"As far as we know" the Russians are advisers and not combatants, the officer said.

Asked how the army knows about the Russians, and whether any of them have been captured, the officer replied, "No comment."

He declined to give any idea of the identity or size of the unit to which the Russians are attached. There was no response to a reporter's suggestion that if they are assigned to a squad, for instance, that is "pretty heavy representation."

The United States has advisers with South Korean troops, in addition to its own combat forces in Korea.

Russia has been playing heavily on the propaganda theme that United States and United Nations intervention in Korea is interference in a purely Korean affair.

Conquer Peak, But Lose Toes

PARIS, June 18 (AP) — Five French mountain climbers have returned from the Himalayas with claims to a record in mastering the Anapurna peak, 26,496 feet high.

But the glacial cold almost got them.

Maurice Herzog, lean, 41-year-old leader of the expedition, lost all his toes and all his fingers up to the first joints.

Louis Lachenal lost all his toes. The others were baffered and physically exhausted from climbing Anapurna, in the Everest group.

Men have climbed higher before, close to 28,000 feet on Everest but had to turn back before achieving the crests.

Everest ranges up 29,002 feet in the Nepal-Tibet frontier area. Nanda Devi, an Indian peak of 25,645 feet, is the highest the Encyclopaedia Britannica records as climbed.

Grandmother Dies In Rescue Try

When she heard cries for help from her two grandchildren playing in a millpond of the Black River near Pefferlaw, Ont., Mrs. Lorne Bagshaw, shown, waded into the pond and perished. One of the youngsters, Michael Snodden, six, also died. Mrs. Bagshaw could not swim.—Central Press Canadian.

Acheson Replies . . .

No Peace Talks Until Withdrawal

WASHINGTON, July 18 (AP)—State Secretary Dean Acheson has sent a reply to Prime Minister Nehru of India on the Korean question. In it, he is reported to have said that no peace negotiations can start until the Communist invaders withdraw from Korea.

Nehru and Prime Minister Stalin also have exchanged notes on Korea, and Tass, the Soviet news agency, has said they both agree that Communist China must be admitted to the United Nations before any peace settlement can be made.

The State Department said today that Achesen's reply to the Indian leader's peace move was sent to Ambassador Loy Henderson in New Delhi last night.

Lincoln White, State Department press officer, said it would be published after word is received that Henderson has delivered the note to Nehru. Another copy was given to Madame Vijaya Lakshmi Pandit, Indian ambassador and Nehru's sister.

Total Tan King Named, But No Crown for Him

SOMEWHERE IN THE FRASER VALLEY, B. C., July 18 (CP) — The Sun Folk have held a coronation somewhere in the thickets of the Fraser Valley.

Without ermine capes—only regal smiles were worn—lance of the British Columbia Border Tan Club was named "Mr. Total Tan of 1950" at the Canadian Sun Bathing Association's fourth annual convention.

His Queen is last year's Princess Jean of the Van Tans, one of 15 C.S.A. Clubs across Canada with a membership of 500.

Their throne: a towel-draped bench.

Reds Take Island

LONDON, July 18 (Reuters) — The Chinese Communists have taken Pishan Island off the Chekiang Coast and cleared it of Nationalist troops, a new China news agency dispatch received in London said tonight.

Four hundred Nationalist officers and men were captured and 50 killed, the report claimed.

...ASTER Dr... Canada Start Sess... With U. S. Today

SEATTLE, July 18 (CP)—Plans for Canada's civilian defences in the event of an A-bomb attack will include recommendations to be made following a five-day, three-country conference here.

Canada, Great Britain and the United States are represented at a civil defence critique from which will come a handbook to guide cities in event of enemy attack.

"The lessons we learn here will be invaluable," R. A. Pennington, head of a British Columbia Civil Defence Committee organized since the Korean crisis developed.

Information gained here will be pooled with the report of Gen. F. F. Worthington, Canada's Civilian Defence Chief, who has been studying methods in Britain.

Col. W. J. McCallum of Ottawa, a member of the Federal Civilian Defence Organization, will make a report to Gen. Worthington.

Seattle was picked for the conference site because a week ago it was under "atom attack" during which 40,000 persons theoretically died.

The more than 100 civilian and military leaders here will evaluate Seattle's defence program against the simulated A-bomb blast.

NEED SECOND CONTROL CENTRE

Sir John Hodsoll, Director-General of Civil Defence for Great Britain, emphasized today the need for an alternative control centre for any civilian setup.

"During the blitz years," he said, "we sometimes found that both the main centre and the alternative centre would be knocked out by bombs."

He also said there is a serious security problem and that Britain is concerned over problems of communications—especially radio—before and after an attack.

"The problem is how to get word around on the things you don't want the enemy to know."

Other delegates said information must be broadcast to the public despite the possibility of the enemy using radio beams for planes or guided missiles.

The chances of the enemy planting underwater atomic bombs in American harbors was discussed.

From the conference will come a master plan. On it will be based civil defence planning of Canada, Britain and the United States.

Close McCarthy Spy Probe

WASHINGTON, July 18 (AP)—The Senate Foreign Relations Commitee voted 11 to 0 today to end the investigation of charges by Senator Joseph McCarthy (Rep.-Wis.) that Communists have important positions in the United States Government.

The action came after the Democratic majority of a Foreign Relations Subcommittee, in a report, had branded McCarthy's accusations "a fraud and a hoax."

Senator Tom Connally (Dem. Tex.) told reporters that the 11 to 0 vote to discharge the Inquiry Subcommittee had the effect of formally closing the hearings into McCarthy's charges.

BRITISH LAW MAY RULE SUNDAYS

VICTORIA, B.C., July 18 (CP)—A proclamation nearly a century old may make impotent the federal Lord's Day Act in British Columbia.

The discovery of the possibility was made by A. J. Patton, city solicitor, in a legal-historical probe of the background of this city's by-laws.

Mr. Patton said he found every reason to believe regulations of Sunday observance came within the sphere of a proclamation made in 1858 when the crown colony of British Columbia was inaugurated at Fort Langley.

Taking office at that time, Governor James Douglas proclaimed that English law was the law of the colony of B.C. Following the union and B.C. and Vancouver Island the laws were consolidated and the proclamation of 1858 was continued as statute law. After Confederation the provincial statutes were revised and the same provision was continued.

Mr. Patton said his research indicated city bylaws in the future may have to be patterned on Sunday observance laws of England a century ago rather than the present Canadian regulations.

Saved By Nurse

THANET, Kent., England, July 18 (Reuters)—Two people on stretchers were saved by their nurse today when an RAF hospital plane crashed from 1000 feet into the sea near here.

The nurse, 32-year-old Ethel Ferris, strapped life preservers to the patients and put her arms around them to protect them against the impact as the plane hit the water.

Then she helped them into the plane's rubber dinghy together with the pilot and navigator. All five were picked up by a British steamer.

STOCK PRICES SURGE AHEAD

Better War News Gives Market Biggest Two-Year Push

NEW YORK, July 18 (AP) — Stock prices surged ahead today for the largest over-all gain in more than two years.

It was the market's most powerful recovery since prices were hammered down following U.S. intervention in the Korean war three weeks ago.

The advance displayed none of the fireworks which have distinguished recent sessions but at the final bell key issues were up $1 to more than $3 a share.

A major factor, according to Wall Street sources, was the striking improvement in the war news.

Announcement of President Truman's credit restrictions on new housing came after the market had closed.

Trading volume was something of a disappointment at 1,820,000 shares, which compared with 1,520,000 Monday. In some of the market's high-speed declines since the Korean intervention, sales have gone from around 2,000,000 shares to above 3,000,000. Bullish-minded traders like to see volume expand when prices are moving up.

The Associated Press average of 60 stocks jumped 1.5 points to 72.4, steepest rise since May 14, 1948. The industrial and rail groups advanced sharply while utilities turned in a comparatively skimpy gain.

C.C.F. SUPPORTS U.N. ACTION

OTTAWA, July 18 (CP) — M. J. Coldwell, C.C.F. Leader, said tonight his party fully supports the action taken by United Nations in the Korean war.

The speed and vigor with which the United Nations Security Council acted in the Korean crisis "ensured that the action taken to stop the aggression of the Communists was not the action of one power alone but rather the collective action of the entire free world."

This augured well for the future of effective international police action.

OTTAWA, July 18 (CP) — The first large-scale political gathering since Parliament rose will be held in Vancouver next week and the Korean situation is expected to be one of its dominant topics.

The meeting — the biennial national convention of the C.C.F. — will be sounding board of one branch of Canadian opinion on probably the most complex international problem Ottawa has faced since the war.

C.C.F. authorities here anticipate that more than 200 delegates will attend the meeting that starts next Wednesday and ends Friday. Meetings of the organization's National Council will precede and follow the convention.

LIFTS BAN

NEW YORK, July 18 (AP)—Gen. Douglas MacArthur has lifted a ban against women correspondents in Korea, the New York Herald Tribune announced today. The Herald Tribune's correspondent, Marguerite Higgins, will be able to return to Korea from Tokyo.

Miss Higgins, the only woman reporting the war in Korea, was expelled by an order of Eighth Army Headquarters. She contended this was discrimination.

Canadian Planes for Korea? Yank Task Force Lands

Red "Sin" To Be Their Undoing Say Experts

By C. YATES McDANIEL

WASHINGTON, July 18 (AP) — United States military experts speculated today that the Korean Reds may have committed a military sin that will lead to their own undoing when they plunged recklessly South without even minimum air support.

The 1950 military copybooks say that disaster is the eventual penalty for leaving the "air flank" of an army uncovered.

American officers are puzzled why the North Korean High Command—or their Russian masters—neglected to provide air balance for their heavy-hitting ground troops.

Maybe they thought it wouldn't be necessary. Certainly the invaders could not have known that the United Nations would jump in so promptly with powerful aerial counter-strokes.

The Red Koreans started off with a handful of Russian-made Yak-9 piston engined fighters and a few slower ground support planes which gave them temporary but complete superiority over the virtually non-existent South Korean Air Force.

Since the U. S. Air Force, ably assisted by hard-fighting Australian Mustangs, took the air over Korea, Red airplanes have been little more than a minor nuisance.

The U. S. supply lines both in the battle area and along the railroad and highway routes to Pusan are highly vulnerable. Pusan is the only port where American ships can dock and unload men and equipment directly on waiting freight cars and motor trucks.

North Korea, by contrast, has far less to lose from strategic bombing than most countries. She has few developed industries and no concentrations of manufacturing power that would warrant air assaults on the scale launched against Germany and Japan in the last war.

Even without air support, however, the Red Koreans have driven some 130 airline miles Southward from the 38th Parallel in three weeks.

While American military men are convinced that the lack of Red air power will eventually cost the invaders dearly, Allied air power alone is not expected to turn the tide.

A hampering factor is the generally bad flying weather.

Arrest 500 Signature-Seekers

BERLIN, July 18 (AP)— West Berlin Police tonight arrested about 500 Communists who came into West Berlin from the Russian sector to collect signatures for the so-called Stockholm "Peace Resolution."

In their biggest propaganda drive in the Western sectors of the city thus far, the Communists sent over hundreds of agitators, many of them students of the Communist-run East Berlin University.

Confident Canada Steel Imports Will Not Be Cut

OTTAWA, July 18 (CP)—A Trade Department official expressed confidence today that the United States will continue to supply Canada with her steel requirements, despite the possibility that President Truman may call for priority and allocation controls of that strategic war commodity.

The official showed interest but no alarm in a dispatch from Washington which predicted Mr. Truman will ask Congress tomorrow for limited powers of priority and allocation to channel steel and other materials into arms production.

Normally, American steel flows into Canada at the rate of about 1,000,000 tons a year, providing Canada with 25 per cent of her steel requirements. A slow-down in American shipments could cut into Canada's record-breaking $3,700,000,000 1950 capital construction program and in the production of homes and buildings.

"We don't believe the United States will cut down shipments to Canada," the official said. "Nor do we believe that there will be any immediate need for resumption of steel controls in Canada."

The Government dismembered its steel control structure last April when it considered the steel emergency growing out of the Second World War at a end.

Oddly enough, the sheet steel shortage has grown so acute that Canada, which normally looks on the U.S. for her sheet steel supplies, actually has had to ship some of her own stock to the U.S. to answer an appeal by the American steel industry.

Truman Moves to Combat Inflation

By ROGER D. GREENE

WASHINGTON, July 18 (AP)—President Truman moved for the first time today to combat war inflation on the United States home front.

In a series of orders, the chief executive set up rules for tighter credit on Federal housing loans "without delay" and called for "positive action" to save construction materials needed for the war effort.

The President said it is clear that many materials used in residential and other construction will be needed in increasing amounts for national defence, and he said:

"These increased demands (for defence materials) will aggravate inflationary tendencies already evident in some of these materials unless positive actions are taken to reduce pressures in residential construction."

In his message to Congress tomorrow, Truman is expected to propose allocations of scarce materials, perhaps on a voluntary basis.

Canadian Seamen Protected

OTTAWA, July 18 (CP)—Canada is accepting full responsibility for any servicemen she needs to Korea, including care of any that may be wounded or widows of any that may be killed, officials said today.

The question arose in the light of the fact that Canada has turned three destroyers and their 650-odd seamen over to the United Nations for service in Korea.

All servicemen who enter the Canadian forces are automatically protected in the way of pensions for disabilities, officials said. Their widows would be pensioned too so long as deaths arose from service causes.

Canada has also undertaken to feed and supply any men she sends to Korea and to reinforce them if that is needed.

COMPLETE TRADE PACT

MOSCOW, July 18 (Reuters) — Russia and Afghanistan concluded a four-year agreement Monday night — the first ever negotiated between the two countries.

Not a Shot Fired as Americans Land In Front of Enemy Line; Move in To Build Up Strong Counter-Advance

By DOUGLAS HOW
Canadian Press Staff Writer

OTTAWA, July 18 (CP)—Cabinet meets tomorrow to consider further aid for the United Nations in Korea and a Canadian contribution of a number of R.C.A.F. Transport planes is considered in informed quarters to be the likely outcome.

United States authorities have already signified the planes would be keenly welcomed.

Authority for a relatively moderate increase in the strengths of the regular forces and acceleration of production in such key lines as fighter planes may also emerge from that meeting, slated for 11 a.m. E.D.T. They are being proposed by the Defence Department.

But dispatch of ground troops or more naval aid to Korea—three Canadian destroyers now are heading there—appeared tonight to be out.

No action that would require the recall of Parliament is anticipated.

It is expected that, if cabinet approves, around eight RCAF four-enginer North Star planes and their crews will be placed in service on a trans-Pacific airlift taking American men and supplies to Japan. They would be unarmed and would not go to Korea.

They would be Canada's answer to the call from Trygve Lie, U.N. secretary-general, for further aid, particularly in ground troops, for the U.N. police action against Communist aggression in Korea.

Prime Minister St. Laurent, coming by train from his Summer home at St. Patrice, Que., is due here early in the morning, in time to attend a session of the cabinet's defence committee that will precede the general meeting.

The committee meeting will consider a top-level military appreciation of just what Canada could do to meet the Lie request. It was drafted yesterday and today in meetings of the chiefs of staff and outlines various alternatives.

STRENGTHEN FORCES

It is believed to include steps to bolster Canada's own defences by hastening plane production; bringing certain regular army units—such as the two armored regiments—up to full strength; increasing naval manpower so that certain warships now in reserve might be put back into commission; boosting air force strength for later expansion. This could mean authority to recruit several thousand more men beyond current ceilings.

These steps would be designed for Canada's own protection in the light of prospects that months of world tension lie ahead.

CAUTIOUS APPROACH

The regular forces now are about 48,000 strong and the ceiling for manpower is around 52,000 but both the navy and air force are fairly well up to the limit of their authorized strengths.

Official Ottawa is taking a cautious approach to Korea, one that has been dominated by the belief that Canada's limited resources should not be too heavily committed to that one area.

There have been reports that a Fall session of Parliament will be called by cabinet, but it is considered unlikely unless the Korean news grows more ominous or another Korea breaks out.

By O. H. P. KING

A BEACHHEAD IN KOREA, July 18 (AP) — United States ground troops today made their first amphibious assault landing of the Korean campaign today.

The landing was made in strength in front of the emeny line. It was in an area where North Korean guerrillas have been active but not a shot was fired against the Americans.

The troops landed from a convoy protected by American warships and covered by an air umbrella of British and U.S. fighter planes.

The swift move from the sea was designed to block the Communist army's Southward drive by reinforcing U.S. and South Korean forces with all possible speed.

Advance parties had gone into the invasion area as much as a week before D-day. The landing site was carefully selected to insure a minimum of opposition. But reports indicated the North Koreans were not far away.

Within a short time the Americans had moved inland five to seven miles with a strong force building up South of the Northern advance in that sector.

Because of the comparative safety of the landing site, the assault forces were more afraid of possible damage from approaching typhoons than from enemy action. Two typhoons were reported approaching the Korean peninsula from the Southwest and it was feared they might rip across this area.

The commanding general told correspondents:

"Our job is to kill North Korean troops until the United Nations has won a victory in Korea."

The amphibious fleet moved through waters where Russian submarines have been known to operate. But the task force was not attacked and no enemy ships or aircraft were sighted during the landing operation.

Diversionary gunfire was reported some distance up the coast by naval units supporting the landings.

After the landing, correspondents went inland by truck a considerable distance. The countryside was peaceful.

The seaborne movement obviously gave the battered American and South Korean defenders a more balanced front behind which a build-up of men and materials can be made more safely. It also will relieve other port and dock areas already overtaxed by the growing stockpile of American supplies arriving around the clock.

STOP AT TAEJON GATES

At Taejon, the North Korean invasion ground to a halt at the very gates of the evacuated city, apparently because of the mauling by air and the stubborn U.S. infantry resistance aground.

U.S. patrols knifed out looking for information on the reasons behind this unwonted calm. The North Koreans also sent out patrols.

One prime reason for the Red rest seemed to be the lack of tanks. Tanks led the drive of about 120 miles South from the 38th parallel dividing North and South Korea.

Moore reported air strikes seemed to have kept the invaders from repairing blasted bridges and building new ones so that tanks can cross the 200-yard-wide Kum River Northwest of Taejon.

A few tanks have got across but they immediately were attacked by Allied planes.

U. S. navy planes from a Seventh Fleet carrier raided Wonsan, the big North Korean port on the East coast 80 miles North of the border.

Release of Nehru, Stalin Letters Displeases India

NEW DELHI, India, July 18 — (AP)—Government officials complained today that Russia's publication of the correspondence between Generalissimo Stalin and Prime Minister Nehru was "incorrect procedure."

These officials said they had planned to release the correspondence "when all replies were received." They said they still awaited the reaction of the British and U. S. Governments to Stalin's reply.

Birthday Cake for a Hippopotamus

When Peter the Great, oldest living hippopotamus in captivity, was 47 years old, keeper Bob Montana of the Bronx Zoo presented him with a birthday cake and sang "Happy Birthday." That's a carrot candle on the "cake," which happens to be a loaf of bread. —Central Press Canadian

Korea at a Glance

By The Associated Press

TOKYO—Korean Red drive comes to unexplained halt; heavy losses of tanks, men from air blows and in battle crossing Kum may account for lull; but invaders may be preparing attack in new sectors; Americans still hold Taejon; air forces find enemy tanks scarce; unidentified submarines sighted.

BEACHHEAD IN KOREA—U.S. ground troops make unopposed first amphibious assault landing in strength in front of enemy line.

WASHINGTON—Army says it has definite information Russian officers serving as advisors with one North Korean unit.

AMERICAN FRONT-LINE COMMAND POST — Soldiers say North Koreans shot and killed 30 wounded American soldiers on their litters; also killed chaplain and wounded medical officer.

And in This Corner—

LONG BEACH, Calif., July 18 (AP)—Officer John Logan, who believes every man has the right to choose his friends, didn't interfere when he saw George Brown Hayes, a cook, talking spiritedly to a burro in a beachside zoo.

But when Hayes nodded his head and tipped a wine bottle into the burro's throat, Logan exercised his authority.

"That jackass asked me for a drink," protested Hayes, booked for intoxication. "He said he just got in from the desert and he was terribly dry."

PORTLAND, Ore., July 18 (AP)—How dry are the West's forests? They're so dry a forest fire started in a river.

It's a fact, a Mt. Hood National Forest crew reported. They said a fisherman, apparently assuming he was in a fireproof spot, dropped a cigaret into a log jam in Salmon River.

Fire leaped to shore and began running up a canyon wall before the crew arrived.

LAKEFIELD, Ont., July 18 (CP)—Soozle, pet of Mr. and Mrs. Red Doubt, is one of the most colorful goats alive. She started out white, until the five Doubt youngsters went to work with a paint brush. Now she is a goat of many colors. The kids have their fun—and Soozle has her doubts.

Scout Wild Flower Planting Project Grows; Seeds From England in 1951

Nelson District highways will be brightened with the bloom of wild flowers and bushes at their borders as a result of the planting of thousands of seeds by Boy Scouts of Nelson.

With the guidance of Frank Holt, City Gardener and leaders, Boy Scouts of Nelson Troops 1; 2, 3 and 6 planted the seeds about two or three miles from the City borders along the Nelson-Nelway, North Shore and Nelson-Trail highways.

The seeds were collected by H. H. Currie over a period of years and donated to the Boy Scouts. Mr. Currie is one of the founders of the Boy Scout movement in Nelson.

Next Spring, Frank Holt will obtain flower seedings from England which will be distributed in a similar manner.

BOARD OF TRADE, CKLN BRING ABOUT REUNION

A combination of efforts by Board of Trade and radio station CKLN brought together a brother and sister who had not seen one another for 54 years, in Nelson Tuesday.

A Mrs. Vanderbilt, travelling with a California party, asked the Board of Trade Secretary, J. A. Bracken, if he could trace the whereabouts of her brother, G. M. King, believed in Nelson district.

A little more than an hour after Mr. Bracken called CKLN to have an announcement put on the air, neighbors of Mr. King phoned the Board of Trade and told where Mr. King lived, and brother and sister were quickly united. Mr. King, 74, is a Boer War veteran.

Mrs. Vanderbilt's party included Mr. and Mrs. Read of Yacufa, Calif. and Mrs. Read's sister. Mrs. Vanderbilt is Mrs. Read's daughter.

35 DIE IN INDONESIA VIOLENCE

JAKARTA, Indonesia, July 18 (AP) — Police repulsed a wild assault by fanatical Moslem Darul Islam members in the village of Parawati, near Bandoeng, killing 30 of the group, the Indonesian News Agency Antara reported today. Five civilians also were killed in the violence.

Hospital Sites Report Presented

Board of Directors of Kootenay Lake General Hospital Tuesday night received copies of a study of sites offered for a new hospital by Henry Whittaker of Victoria, architect.

It was as a result of his report that a special committee of Board and City Council representatives recommended to City Council that options be taken on four sites.

Prices of the properties were not only to be considered, George Turner, Chairman, said. The city was to estimate the cost of installation of services for each.

"The cheaper sites may be the more expensive ones in the long run," he said.

Meanwhile, B.C. Hospital Insurance Commission has asked to be kept in the know on progress toward a new hospital for Nelson district.

The Board has replied that it will not make any preparations without advising the Commission.

B. C. Union Leader Back on Job

NEW WESTMINSTER, B.C., July 18 (CP)—Harold Pritchett, one-time head of the International Woodworkers of America (CIO-CCL), —British Columbia's largest union—is back where he started, working in a shinglemill here.

Long a fiery figure on B.C.'s labor scene, Pritchett held the same job before rising to lead the IWA.

The labor leader still remains president of the Woodworkers International Union of Canada—the union he and other IWA officials created when they broke away from the union in October, 1948.

Pritchett said he is working part time "to help out" during the present shortage of skilled sawmill workers.

Experts To Meet

COLOMBO, Ceylon, July 18 (Reuters)—All dominions expect South Africa will send experts to a meeting here next week to plan Commonwealth aid to Southeast Asia.

The experts will discuss detailed plans for aid on lines proposed at the Sydney conference in May. Their recommendations will be considered by Commonwealth representatives in London next September.

The meeting is expected to set up an interim technical aid committee, pending establishment of the proposed secretariat which will administer the scheme from Colombo.

LONDON, July 18 (CP) — The Admiralty announced tonight another case of suspected sabotage on a Royal Navy destroyer, the fifth such recent incident in which foul play is suspected.

The announcement said that "unexpected mechanical troubles" had occurred aboard the destroyer Cavendish at Rosyth, Scotland.

Losing Britain Talks Over Sports Ministry

LONDON, July 18 (AP) — England's amazing 1-0 loss to the United States in the world soccer tournament was cited in Parliament today as one reason for the need of a ministry of sports.

J. E. Haire, Labor, told the Commons the flop in soccer plus the setbacks in golf, tennis, boxing and cricket had put Britain in a blue funk.

The U.S. soccer victory was such a shock to Britain that many newspapers printed the story inside a black border of mourning. The tourney was held in Brazil, ending last Sunday.

Haire said the Government, as "a form of social service," should subsidize the training of promising athletes so that Britain can hold up its head again in international competition.

Prime Minister Attlee took a dim view of the plan.

"I should have thought it would be much more important to raise the general standard," he said, "than to cultivate specialists."

Britons consider they touched bottom in the soccer defeat.

Other crushing things which have happened to them this year include:

The victory of an American, Lee Savold, over British titleholder Bruce Woodcock for the British-European version of the world heavyweight title.

Defeat at the hands of the West Indies in cricket.

Defeat by Italy in the first match of the European Zone Davis Cup challenge round.

A foreign sweep of titles in the Wimbledon tennis championships.

An American victory by Frank Stranahan in the British Amateur Golf Tournament.

A South African victory (his second in a row) by Bobby Locke in the British Open Golf Tournament.

B. C. Represented In Washington

SEATTLE, July 18 (AP)—British Columbia is well represented at the 60th Washington State tennis tournament.

Play opened yesterday with most of the matches in the junior divisions.

Results included:

Jim Kileen, Vancouver, B.C., beat Norris Finlayson, Seattle, 6-2, 6-3; Darold Gray, Tacoma, beat Don Farquhar, Vancouver, B.C., 6-2, 6-0; Joe Blatchford, California, beat Monty Greer, Vancouver, B.C., 6-1, 6-0; Jack Neer, Portland, beat Ian Kingham, Victoria, 6-0, 6-0.

Terry Campbell, Spokane, beat Neil Creighton, Vancouver, B.C., 6-0, 6-1; John Swan, Vancouver, beat Jim Murphy, Seattle, 6-2, 3-6, 7-5.

Peter Carter, Portland, beat Dave Wallace, Vancouver, B.C., 6-1, 6-1; Bob Prince, Seattle, beat Jim Futcher, Vancouver, B.C., 6-1, 6-1; Lawrence Barcley, Vancouver, B.C., beat John Tomlinson, Seattle, 6-1, 6-0; Paul Willey, Vancouver, B.C., beat Charles Carter, Portland.

Barbara Wood, Vancouver, B.C., beat Marion Lipsky, Portland, 6-1, 6-3.

A BOXING SHOW— FOR TV FANS ONLY

BALTIMORE, July 18 (AP)—It's happened sooner than probably anybody thought—or feared.

A boxing show for a television audience only was put on here last night.

The eight bouts were staged in a studio with only a handful of technicians and invited guests watching them in person.

The show made money, too. It didn't cost anything for the fighters because they were amateurs. The sponsor, a brewery, paid the station $1000 for the hour's air time.

At the same time, the newly-formed Model Athletic Club held its first outdoor professional boxing show in a ball-park. It drew 585 customers who paid $668. The fighters had to be paid out of that.

Ken Carter, sales manager of the station, said he plans to continue the amateur shows weekly for television fans only. They are sanctioned by the Amateur Athletic Union.

Tonight's Fight Bid for Title Bout

MONTREAL, July 18 (CP) — Laurent Dauthuille of France makes his promised bid for a crack at Jake Lamotta's middleweight crown here tomorrow night when he clashes with Tuzo Portuguez for the second time within a month. Dauthuille is a hot 5-8 favorite to capture the 10-rounder against the Costa Rican, who complained bitterly after his last fight with Dauthuille that "we was robbed."

A victory for either 22-year-old Portuguez or the flashy Frenchman will boost their chances for a bout at New York for Lamotta's title. Dauthuille, 26, has already been promised such a match by Lamotta's handlers.

Theatre Comic Brings Police

BERLIN, July 18 (Reuters) — Black-uniformed German People's Police marched into a movie theatre at Wittenberge in the Soviet zone when the audience refused to stop laughing at an anti-Soviet call, the West Berlin Neue Zeitung said today.

Watching a newsreel showing East-German President Wilhelm Pieck embracing a senior Russian officer, an anonymous comic called out: "Keep an eye on your watch, Wilhelm."

The ensuing laughter gradually increased until the manager called in the police, who spent 90 minutes fruitlessly searching for the humorist.

Retroactive Clause Continues Hospital Talks

Board of Directors of Kootenay Lake General Hospital and Local 298 of its Union employees are still negotiating over a retroactive clause of a new wage agreement.

The Board had stated new wage rates would be retroactive to July 1; the employees want May 1.

A. C. A. Baker of Kelowna, Conciliation Officer, has recommended a compromise date of June 7.

Insists Police Incited Robbery

MONTREAL, July 18 (CP) — Charles-Emile Poliquin, 30, said in court today that he held up a nearby St. Hughes bank last year at the insistence of Quebec Provincial Police officers because they threatened him with a five-year jail stretch if he did not comply.

The slim, well-dressed young man was testifying at the trial of Detective Lieut. Marcel Patenaude, Detective Sgt. Gaston Archambault and former Detective Paul Hervieux, charged with conspiracy to commit bank robberies and with inciting Poliquin to commit the one at St. Hughes.

Poliquin and a girl friend, Berthe Galipeault, 30, were arrested last December for the robbery of the Banque Canadienne Nationale branch at St. Hughes. They are scheduled to be tried at St. Hyacinthe this month.

NELSON P. A. SYSTEM UNDER CLOUD

Union of British Columbia Municipalities meeting in Nelson in September is asking the City of Nelson if it will provide a public address system that will work.

Difficulties with the system in the Civic Centre badminton hall a few years ago when the Union last met in Nelson were apparently being recalled, City Council members felt when the query was read Monday night.

The Civic Arena system was "terrible" last Thursday and Saturday nights during the ice show and hockey game, members recalled. Yet the system had worked "100 per cent last Winter," said Mayor N. C. Stibbs. With Ald. T. S. Shorthouse he agreed that the system probably only needed adjustment.

The Civic Centre Commission will be approached.

New Cemetery Site Sought By St. Saviour's

A new cemetery site is being sought by St. Saviour's Church of Nelson. Space in the church plot is now not available and arrangements with the City to purchase a new site are sought.

Council has been advised that property owned by the church above the plot site has not been cleared. It is estimated clearing would cost about $400. Cost to put in a road to the area if cleared would be about $1000.

The Church suggested it was prepared to use the $400 to buy half an acre on the South side adjoining the Foresters' and Clan McLeary plots, giving the City the uncleared site.

Council will inspect the sites.

Pound Devaluation Hits Immigration

VICTORIA, B.C., July 18 (CP) — Devaluation of the pound and restrictions on taking money out of Britain have caused immigration into Canada to drop off sharply this year in spite of efforts by the Government, Immigration Minister Walter E. Harris told members of the Laurier Club Monday night.

Immigration in the first five months of this year was 59 per cent below the same period in 1949.

He said Canada can absorb 140,000 immigrants a year, but last year only 93,000 came—and that figure will be considerably lower this year.

There have been efforts to encourage immigration, and Mr. Harris has a plan, which may help but he did not disclose as it has not been before the Commons.

Freighter Filled With Fleeing Refugees

TORONTO, July 18 (CP) — A Norwegian freighter evacuating women and children from South Korea, was jammed with 34 times its normal load, a Canadian missionary reported by letter today to the Women's Missionary Society of the United Church of Canada.

Beulah V. Burns, a nurse from Somerset, Man., had been in Korea since 1948 with four other Canadian women missionaries of the United Church.

Shortly after war broke out she was ordered to Ascom, a city on the Korean coast. There 647 passengers were loaded on the freighter Reinholt, whose normal complement was 12 passengers and a crew of seven, for the journey to Fukuoka, Japan.

Would Supply Forces

MANAGUA, Nicaragua, July 18 (AP)—President Anastasio Somoza told a Press conference today Nicaragua is ready to supply an armed force to help the United Nations in Korea.

Calls for Unification

LONDON, July 18 (Reuters) — The commanding general of North Korean forces tonight broadcast an appeal over Pyongyang radio calling on commanders of Southern Korean troops for "a quick end to the war with a view of unification of our country," Moscow radio reported.

Hormones Aid Advanced Cancer

By ALTON L. BLAKESLEE

PARIS, July 18 (AP) — A double hormone treatment has shrunk some far-advanced cancers in women, Dr. Alfred A. Loeser of London said today.

These were cancers that had spread to other areas. Just removing the breast cancers wouldn't get at all the diseased areas.

In three women, the breast cancer became small enough and enough under control to permit operations that might save life, Dr. Loeser told the fifth international Cancer Research Congress.

Dr. Loeser a gynecologist, used the male sex hormone, testosterone, and thyroxin from the thyroid gland.

Addition of thryoid hormone offsets some of the masculinizing and other effects of the male hormone, Dr. Loeser said.

The double hormone treatment also showed some good results in two cases of cancer of the ovaries and cancer of the uterus or womb, Dr. Loeser said.

Pure growth hormone can produce cancers in rats, Dr. Herbert Evans Institute of Experimental Biology, Berkley, Calif., said in another report.

This hormone is produced by the pituitary gland, at the base of the brain. For periods up to 16 months Dr. Evans gave large amounts of growth hormone to female rats that had reached adult weight. Almost all developed cancers or tumors of various kinds.

The tumors did not appear in rats which had their own pituitary glands removed before receiving the same amounts of growth hormone.

This may mean that there is a cancer-causing agent produced by the pituitary gland, master gland of the body.

SASK. URANIUM FIND PROMISING

PRINCE ALBERT, Sask., July 18 (CP) — A new uranium discovery on Ace Lake in the Northern reaches of Lake Athabaska in the top corner of Saskatchewan holds great promise, J. T. Caley, newly-apointed mineral resources director, said today.

"The main surface showing," he said, "Is a quite pronounced fault zone which indicated good underground possibilities."

Mr. Caley has just returned from a tour of prospectors camps in Northern Saskatchewan.

He said that atomic energy control board rulings prevented him from revealing values, widths and extent of the new discovery.

To Fire Guided Missile Horizontally Over Atlantic Waves

COCOA, Fla., July 18 (AP)—The United States Army will fire its guided missile horizontally, as though aimed at a military target, for the first time tomorrow.

The two-stage or "bumper" rocket will be launched eastward over the Atlantic along a course marked by two Navy destroyers and patrolled by planes.

The two-stage rocket has soared up into the air for 250 miles.

The missile consists of a 700-pound "WAC corporal" mounted on the nose of a 14-ton V-2. The WAC will cut loose and ride on its own power after the V-2 has burned up its six tons of fuel in one minute and reached a speed of 3000 miles an hour or more.

$6 Million Supplies Furnished Korea

WASHINGTON, July 18 (AP) — Purchases of food, fuel and other supplies totalling $6,000,000 have been furnished South Korea since the start of the North Korean invasion, the Economic Co-operation Administration reported today.

Seek Truce in Leopold Dispute

BRUSSELS, July 18 (CP)—Six Liberals tried tonight to get the Catholic, Social Christians and the Socialists in a truce aimed at ending the prolonged dispute over the question of King Leopold's return to the Belgian throne.

THREE MONTHS FOR SWITCHING TOT

EAST HARTFORD, Conn., July 18 (AP)—A father who switched his four-year-old daughter until he raised 22 welts on her back because she disobeyed his instruction that she weed the garden was sentenced today to spend six week nights in jail for the next three months. Paul M. Daggett, 29, a tall, 235-pound millworker, pleaded guilty to a charge of cruelty to person, but defended his disciplining of his daughter.

"MYSTERIOUS DISEASE" TAKES 30 IN BOMBAY

BOMBAY, July 18 (Reuters) — Thirty people died and 170 were taken to hospital here this month due to a "mysterious disease" akin to cholera which has baffled municipal and health authorities.

9-VOTE MAJORITY

LONDON, July 18 (Reuters) — The Government today survived another motion of censure by the Conservatives—this time by nine votes.

The vote came on a Conservative challenge to the Government's £35,000,000 East African peanut-growing scheme.

An Opposition motion to cut Ministry of Food finances by 10 shillings — a traditional way of showing displeasure—was defeated by a vote of 299 to 290. The Government has a working majority of six in the Commons

Wildcat Well Keeps Crees at Home

EDMONTON, July 18 (CP) — A wildcat has 228 Cree indians sticking close to their Winterburn reserve just outside of Edmonton.

Imperial Oil Company is drilling a wildcat oil well on the reserve. If oil production results the Crees will get a regular royalty. A government official said the royalty would be about one-eighth of revenue.

If oil is found it could make the Crees rich. There are about 20 sections on the reserve, all of which would be prospective oil country.

New Substation For Ainsworth

A new substation for Yale Lead and Zinc Mines Ltd. of Ainsworth has been installed by the City of Nelson. Drawing 250 horsepower from the City power plant, the substation will serve some of the mine equipment.

Power shutdown during the changeover was in the early morning hours. During road revision on the North Shore City electrical men have been making changes in the line, and shutdowns are being made in the early morning hours if possible.

DO DUTY WITHOUT FEAR—CHURCHILL

LONDON, July 18 (Reuters) — Winston Churchill said tonight that he sees no way to ease the "great tension" now existing in the world.

He was addressing a dinner in honor of Prime Minister Robert G. Menzies of Australia. Other speakers included Prime Minister Attlee and Menzies.

Churchill said:

"All we can do amid the difficulties is for everyone to think out what is to be his duty and do it without fear as we have done in the past, not so very long ago . . .

"One thing I am absolutely sure of, whatever are the divisions of the British Commonwealth and whatever are the divisions in the English speaking world, whatever internal divisions there are — on the supreme issues we shall act as one and stand together and we shall die or conquer."

Attlee said the days of isolation are "long past" and that "aggression in one part of the world may be followed by aggression in other parts."

Menzies said that for one aggressive group the whole world would step into a "golden age" tomorrow.

KADEES FINISH WITH 14 LOSSES

CRANBROOK, B. C., July 18 — Kadees finished their 15 game schedule at softball on the losing end of a 9-2 score with Zenkeys for one win and 14 losses for the season. They are now idle until seven postponements and ties are played, when they play fourth place team for a berth in the semi-finals. Zenkeys with two to play, are a half game out of League lead. It was Dooling's ninth pitching win this season.

Kadees	000 110 0—2 3 2
Zenkeys	210 501 0—9 7 2

Batteries — Paul Yakovich Frenchy Laprise and Ed Erickson, Tom Dooling and Dennis Nelligan.

Umpire—Jim Sharkey.

Assign New Plane For Pole Survey

OTTAWA, July 18 (CP) — The RCAF today assigned a second plane to replace one that was lost in 20 feet of water while en route to survey the North magnetic pole.

A spokesman said the nine-man crew of an Canso flying boat that sank in Spitfire Lake in the sub-Arctic Friday will be assigned a second craft in which to complete their job.

The first plane, carrying a load of valuable technical equipment, scraped a rock while landing and sank slowly enough for its crew to get away unharmed.

No Aussie Ground Forces for Korea

CANBERRA, July 18 (Reuters)—Australia, now considering additional aid for Korea, will not make available any ground forces such as a special expeditionary force, it was authoritatively learned here today. However, usually well-informed sources believed additional aid might include more warships and aircraft.

UNCOVER $1,500,000 BALL GAMBLING RING

CULVER CITY, Calif., July 18 (AP)—Police said today they have uncovered a $1,500,000-a-month baseball gambling ring in this Los Angeles suburb. A raid on the rear of a drug store brought the arrest of three men and confiscation of a short wave radio, three telephones and ledgers indicating the placing of bets averaging more than $50,000 a day, officers said.

Reject Charges

BELGRADE, July 18 (Reuters)—Yugoslavia today rejected as "untruthful" accusations by Albania that Yugoslavia frontier guards and aircraft had violated the Yugoslavia-Albanian frontier.

Instead, the Yugoslavs claimed, violations of the frontier, which had been going on for some time, had been committed exclusively by Albanian frontier guards.

These violations were being repeated and intensified, despite the fact that Yugoslavia proposed concrete measures to avoid them, the Yugoslavs said.

The Yugoslav denial and counter-claim were contained in a note delivered to the Albanian Legation in Belgrade by the Yugoslav Foreign Ministry today.

Trail Hearing Of Manslaughter Charge Adjourned

TRAIL, B.C., July 18 (CP)—Preliminary hearing of a manslaughter charge against John Miros of Trail was adjourned today to Aug. 11.

Miros, 22, was charged following the June 11 traffic death of Lindsay Elmer Green, 34, of Trail, after a coroner's jury found "a degree of carelessness" on the part of Miros.

Miros was named driver of the car which careened into a rock bluff after leaving the road near Brilliant, B.C. Green died in a doctor's office shortly after. Miros and two of his passengers were injured.

Into Politics

By ALAN HARVEY
Canadian Press Staff Writer

LONDON, July 18 (CP) — Dr. Philip Magonet of Glace Bay, N.S., who startled British doctors by applying hypnosis to childbirth, is going into politics.

Dr. Magonet, a 42-year-old Harley Street specialist, was adopted today as prospective Labor candidate in Beckenham riding for the next general election.

"My chief aim will be to try to get medical hypnosis introduced into hospitals," Dr. Magonet said in an interview. "If elected I will keep on with my work as a doctor."

Dr. Magonet came to Britain in 1935. Nine years later he achieved what newspapers here called an unprecedented feat in British medical history—helped to bring a baby into the world by hypnosis.

Since then he has applied similar methods in "dozens" of cases.

His opponent in Beckenham, whenever the next election is held, will probably be Patrick Buchan-Hepburn, broad-shouldered Conservative chief whip, sometimes known as Parliament's pin-up boy.

Dr. Magonet's decision to enter politics followed the announcement Monday that a well-known medical M.P., Dr. Charles Hill, is resigning as secretary of the British Medical Association to devote full time to parliamentary duties.

Dr. Hill is familiar to BBC listeners as the "Radio Doctor." He is National Liberal and Conservative member for Luton.

Pump Air to Trapped Men

LARK, Utah, July 18 (AP)—Still hopeful mine officials today pumped larger amounts of fresh air into the Lark lead mine where three men remained trapped.

Bodies of two other men were found in a tunnel yesterday. The five became trapped early Sunday by smoke from a fire in timbering.

Oscar A. Glaeser, Industrial Relations Manager for the U.S. Smelting, Refining and Mining Company, told reporters this noon he thought the three men might still be alive if they had retreated to the Northeast section of the Intriacte Mine. He said the air may be free of smoke there because of surface outlets.

Can't Deduct Advice

OTTAWA, July 18 (CP) — The Income Tax Appeal Board has ruled that expenditures incurred in seeking expert guidance in selection of securities in which to invest capital cannot be deducted for income tax purposes.

In a judgement made public today the Board dismissed the appeal of an unidentified man who had claimed a deduction of $995 on his 1947 income tax assessment. The appelant had paid that sum to a firm specializing in a capital investment service.

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out about 2 pints of bile juice into your digestive tract every day. If this bile is not flowing freely, your food may not digest. It may just decay in the digestive tract. Then gas bloats up your stomach. You get constipated. You feel sour, sunk and the world looks punk.

It takes those mild, gentle Carter's Little Liver Pills to get these 2 pints of bile flowing freely to make you feel "up and up." Get a package today. Effective in making bile flow freely. Ask for Carter's Little Liver Pills, 35¢ at any druggists.

Wallace Under Fire For U. N. Support

NEW YORK, July 18 (AP)—The Communist Daily Worker today accused Henry A. Wallace of "shabby jingoism" in his declaration of support for United States and United Nations forces in Korea.

An article by Gil Green, Illinois state chairman of the Community party, declared Wallace "has betrayed the cause of peace and the trust placed in him by millions of common men and women all over the world."

In releasing his statement last Saturday, Wallace indicated he knew it would draw Communist fire but didn't care.

100 Volunteer

SANTIAGO, Chile, July 18 (AP) — National Defence Ministry sources said today that more than 100 Chileans and foreigners have volunteered to fight in the Korean war.

ONE MINUTE NEWS ABOUT JOHNS-MANVILLE

Baby It's Cold! 400 Below Zero

Ears freeze, noses redden and folks are mighty glad their homes are insulated when the thermometer drops to zero. But what if it dropped to 400 degrees below zero?

Wherever industrial temperatures reach such depths, extraordinary insulating problems arise. That is one of the reasons the Johns-Manvill Insulation Laboratory is constantly developing and testing new insulations. J-M Insulations today span the thermometer from 400 below zero to 3,000 above. Tomorrow's demands will probably exceed these extremes and J-M is keeping up-to-date by research.

If you have an insulation problem in your plant, contact Johns-Manville, 1206 Homer St., Vancouver, or see your J-M distributor.

MUST RESTORE OWNERSHIP

WASHINGTON, July 18 (AP)—The United States Court of Appeals ruled in effect Monday that the Government must restore ownership of the Dollar Steamship Lines, Incorporated, Limited (Delaware), also known as the American President Lines, Limited, to former stockholders.

The Federal Maritime Commission claimed the company had surrendered 92 per cent of its stock to the Government to satisfy a $7,000,000 in debt to the U. S.

The Dollar Company, however, contended the stock surrender was merely a pledge to secure the debt. It was upheld by the Appeals Court.

Securlty Squads Hunt Saboteurs

PORTSMOUTH, England, July 18 (Reuters)—Naval and Military Security officers today combined in a countrywide hunt for sabotage suspects in British Naval dockyards.

They were working on the theory that last week's explosions in Gosport Harbor, Portsmouth—Britain's main naval base—and three reported fresh cases of attempted sabotage on board destroyers, were all part of a large-scale plot.

Incidents so far disclosed concerned only the Navy, but the possibility of attempts in other services is being watched.

Aircraft factories are under special surveillance.

Investigating officers are screening all workers at nearby Gosport ammunition dump, the source of the thousands of shell, bombs and depth charges blown up when nine ammunition barges exploded last Friday.

The explosion, if it was due to sabotage, must have been the work of trained and skilled men.

According to one report, much of the ammunition in the explosion was intended for warships on the Korean patrol. It had been inspected at least six times before the accident.

Security measures at all British naval bases have been tightened.

Cheaper by the Dozen

"Gypsy," three-year-old Springer spaniel owned by George Clerihew of Nelson, had always been a normal dog of her breed, producing litters of four or five pups at a time.

But this time she surprised her owner by giving birth to 12 black and white balls of fur. The family is flourishing under Gypsy's loving care.

"It's really unusual for a dog of her type," says Mr. Clerihew. "Seven or eight is considered a good batch."—Alice Stevenson photo.

Strawberry Crop Better Than Average in Creston Valley

The strawberry crop in Creston district is more than 25 per cent above the five-year average.

Size and quality has been generally good, although root rot and poor planting stock has reduced yields in some planting, the horticultural news letter states. Where certified plants were used, results were excellent.

The raspberry harvest, which started last week, is expected to be large. Black currant harvesting will begin this week.

In cherries, the yield of Royal Annes and early varieties was slightly below average. Bings will be harvested this week.

The small crop of peaches and apricots is developing satisfactorily. Some trees and branches are still dying from Winter injury.

Apples are being thinned in preparation for a good crop. Scab infection and insect damage are insignificant.

Local vegetables on the market are carrots, beets, new potatoes, peas, cauliflower and onions.

Early seedings of seed peas are maturing and swathing will start shortly. Yields in early plantings will be heavy and later seedings lighter. Excess heat at blossom time reduced the set.

Deaths

By The Canadian Press

London—Vice-Admiral Sir John Kingsome, 60, formerly Engineer-in-Chief of the Royal Navy.

Hythe, Kent, England—Sir William Wayland, Chairman of the Empire Day movement from 1927 to 1948.

Dangerous Driving Brings $25 Fine

Charged with dangerous driving, Leonard L. McKinney of Grand Forks was fined $25 in Provincial Police Court here Tuesday. McKinney was charged with the offence last week as a result of an accident at the bottom of Taghum Hill in which he was injured.

He pleaded guilty before Stipendiary Magistrate William Irvine and was issued a blue drivers' licence in place of his white one.

White Men's Habits May Kill Eskimos

HALIFAX, July 18 (CP)—White men's culture may in time wipe out the Eskimo and his civilization, a government official said yesterday.

Darrell DeBow, a member of the staff of the Meteorological Service of Canada who spent about four years in Eskimo country, told a service club "the Eskimo hasn't got much of a future."

From tuberculosis, "the biggest killer of all," to the common cold—both inherited first from white whalers—the Eskimo has picked up a variety of "white men's diseases," to which he is often more susceptible than the white man himself.

FIREARMS DANGER

Another big danger to Canada's 7000-odd Eskimos is their use of firearms, said Mr. DeBow.

Steps at voluntary conservation being taken by the RCMP and Hudson's Bay Company were the beginning of what he felt would be widespread measures to see that the Eskimo does not destroy his food supply.

Another step in the right direction was a handicraft program started last year by the federal government.

But unless conditions generally improve, Eskimos will become "more wards of Canada than the Indians," said Mr. DeBow.

Wharf Expected To Be Completed Here in 10 Days

Nelson's new floating wharf, a long-sought waterfront facility, is expected to be completed in 10 days, it was reported Tuesday.

Work on the project began early this Spring, but lack of materials and high water caused two or three layoffs when work was halted for periods.

The main float has been towed to the landing and placed into position at the end of the wharf. When the water receded the city supplied much of the filling needed on the approach. More filling is still to be done.

Grand Forks Carnival Today

GRAND FORKS, B. C., July 18—Sunshine Valley will take on appearances of a giant nursery today for Grand Forks' seventh annual Field Day and Seed Blossom Carnival.

The tour of the Valley's 35 miles of crops will start at 10 a.m., from the Grand Forks Cooperative Exchange Building.

Among highlights will be the crowning of the Seed Blossom Queen, a machinery display and demonstration, and a Grand Seed dance at night at Christina Lake.

SEATTLE, July 18 (AP)—Bread prices were hiked a cent a loaf by several retail bakeries today but the major wholesalers said they had not boosted prices.

The level for pound-and-a-half loaves was up from 22 to 23 cents and for one-pounders from 15 to 16 cents in bakeries which went along with the boost.

Cherries Moving In Volume

Cherries are moving in volume to the processing plant at Harrop.

Bings are already being picked for crating and by the end of the week harvesting will be in full swing, according to the horticultural news letter for Kootenay and Arrow Lakes. Brown rot is negligible in the crop.

Yellow transparents will be offered for kitchen use within the week, and other tree fruits are sizing well.

Raspberries are beginning to replace strawberries on the market line.

Flourishing vegetable crops are comparatively free of disease and insect pests. The Colorado potato beetle has appeared in greater numbers this year, but is fairly well under control.

Support Sought On School Taxation

B. C. Federation of Agriculture has asked City Council to support its drive on the Provincial Government for a more equitable means of taxation for school costs other than taxation on land.

"We would appreciate support of our action not only because many farms are located within municipal districts but also because we realize there is dissatisfaction among taxpayers within cities and villages themselves over this tax," the letter read.

"A combined front and a common demand from the Union of British Columbia Municipalities an dthe Federation could go a long way towards influencing our government."

The appeal could not be passed lightly on, said Mayor N. C. Stibbs. It was tabled for study.

They Want Out

ATLANTA, Ga., July 18 (AP) — The Georgia National Guard Monday was swamped with applications —to get out.

As a result, the State Adjutant-General issued a freeze order on all discharges.

The order was issued after the Adjutant-General reported an "alarming rate of discharges."

Most said the men wanted out for "business reasons."

Rosemont Girls Find Skull

The Upper Rosemont gravel pit may be one of the "happy hunting grounds" of the early day Indians, but to two Rosemont girls it was just a place where they found the remains of a skull.

The girls, Dorothy Derdall and Elizabeth Rollick, were scouting around the gravel pit when they came across the front portion of the skull. They immediately took it to the Daily News office and later to the Provincial Police, who turned it over to the City Police for investigation.

City Police said Tuesday they believe the skull was probably that of an Indian and have dismissed the case.

Movie Gossip—

When in Doubt Make a Good Western, Says Hollywood

By BOB THOMAS

HOLLYWOOD, July 18 (AP) — There's an old saying in Hollywood: When you don't know what to make, make a Western. That's certainly true today.

The movie industry seems to be at the crossroads again, hunting for a direction to follow. The cycle of heavy drama won't peddle any more; audiences apparently are shunning anything that sniffs of the psychological. Comedies and musicals always sell when they're good, but it's too hard to find good ones.

A survey of present and future production reveals that between a third and a quarter of the pictures are horse operas, also known as sagebrushers or oaters. Top names which are destined for the wide open spaces include Clarke Gable, Gregory Peck, Errol Flynn, John Wayne and Bing Crosby, who will co-star with William (Hopalong) Boyd.

STARS DENY FEUD

Ginger Rogers and Joan Davis were reported feuding on the set of "Illegal Bride", but both deny it. Ginger told me she was also supposed to be fighting with Doris Day on another picture. "Doris is one of my best friends," said Ginger.

Joe Ferrer returns to the stage after his long-nosed role in "Cyrano de Bergerac." He'll star in "The Strike", a new play which he'll produce himself.

FILM SHORTS

Jack Carson, native of Carman, Man., and Dennis Morgan were discussing a film re-teaming on the golf course. But that doesn't seem possible now that Carson has left Warners and Morgan remains there.

Judy Garland will have a picture ready for her whenever she's able to work again, says Producer Joe Pasternak. But he thinks the distraught actress should spend six months in a sanatorium.

MUSTARD MAYONNAISE GIVES A "Tangy" flavour to SALADS

Into well-beaten yolks of 2 eggs stir 2 teaspoons of Colman's mustard, 1 teaspoon of salt, 1 teaspoon of powdered sugar. Add 2 tablespoons lemon juice. Add 1½ to 2 cups salad oil gradually, beating constantly. If too thick to beat, add a little more lemon juice, then the remainder of oil. For free recipe book, "Culinary Art", write to Reckitt & Colman (Canada) Ltd., Station T., Montreal.

Nelsonite In Land of Wooden Shoes

(A quick glimpse into some of the historic places of Europe is given by Mrs. M. J. Vigneux, Nelson Daily News social writer who travelled on a Holy Year pilgrimage to Rome).

(Mrs. Vigneux is now at The Hague visiting Mr. and Mrs. O. A. Peterson, the latter having lived in the Kerr Apartments at Nelson some five years ago for about three or more years).

She writes:

"I enjoyed London much with its marvelous old historical places of interest. Big Ben kept us on time all the time.

Westminster Abbey is really something. St. Paul's Cathedral, Buckingham Palace, Petticoat Lane, Dirty Dicks, Guild Hall of the City of London, St. James Palace and many other places of note were among one of our sightseeing tours while another included Hyde Park, Eton University, Windsor Castle and Stokes Poges

MET BY NELSONITES KIN

"On my arrival in London I was more than surprised to be met by Miss Ida L. Triggs, sister of W. A. Triggs of Nelson who introduced herself and presented me with a lovely bouquet of roses and a box of candy and a guide book of the City of London. All the time I was there Miss Triggs was most helpful and gracious. One day when we were at leisure, Miss Triggs came with her car and took me and two other friends through various district highways that we had not seen.

"Here in The Hague on Saturday we visited the famous International Bird Park at Avifauna, near where Rembrandt was born and lived. We visited also at Leideu where Queen Juliana attended University. We saw one of the Queen's Palaces at Soestdijk.

"Sunday we drove about 250 miles visiting the various surrounding district including Bilthoven, Hilversun, Baarn, Spatenburg and Eembrugge. In the latter place we saw many of the folks in their native costumes, including wooden shoes. We visited Amersfoort, and Amsterdam, while here too.

New Denver

NEW DENVER, B.C. — Ernest Cox of Silverton is a patient in the Slocan Community Hospital.

Herman Hesson and his sister, Mrs. M. Countryman of Cranbrook, were the guests for a few days of their brother-in-law and sister, Mr. and Mrs. Harry R. Mott and son William.

Mr. and Mrs. Fred B. Tessman and son Terry visited Miss Betty Holt at Nelson.

H. Sakura of New Denver is a patient in the Slocan Community Hospital.

John McLeod who was visiting in Spokane returned to his home at Rosebery.

M. Odowichuck and son Paddy of Needles were visitors in New Denver and were accompanied back by Mrs. Odowichuk, who was staying at Mr. and Mrs. J. A. Greer's for a week.

T. Kutsu of New Denver has been discharged from the Slocan Community Hospital.

Miss Gwendy and Elaine Lamont of Kelowna are visiting Mr. and Mrs. R. C. Harris and family at their Summer home.

Neil Tattrie was a visitor to Gray Creek ferry to meet his daughter, Mrs. Leslie K. Jones and daughter, Ronda of Creston who will visit her father and brother-in-law and sister, Mr. and Mrs. R. E. Crellin and son Bobbie.

John Hawthorne of Rosebery has been discharged from the Slocan Community Hospital.

John A. Sanderson, who was visiting his mother, returned to Trail.

Eddie Isakson of Nelson was visiting in Rosebery for a week, staying with William Bell and his sister, Miss Beatrice Bell. He also visited Mr. and Mrs. H. B. Robison and son Billie.

Mr. and Mrs. H. B. Yonge and son Dennis of Zincton were visitors of Mr. and Mrs. Harry L. Taylor and daughter Jacqueline.

Miss Judy Mishikaze of Montreal is visiting friends in New Denver and the District.

Mr. and Mrs. R. O. Smith and family Barbara, Phyllis and Richard of Nakusp were visiting relatives, Mr. and Mrs. A. C. Peterson and family.

Finland has sent 400 of 800 locomotives she has built since the end of the war to Russia as reparations.

For Parents . . .

Children Who Throw Stones

By GARRY C. MYERS, Ph.D.

Many parents are constantly in great dread that their young children might lose an eye or be seriously injured otherwise by other children who play and fight with very little restraint with stones, stones, sharp sticks and other weapons.

Many little children, too, are in constant danger from bows and arrows and BB guns some older children have.

You and I know some persons with only one good eye or with an ugly facial scar because they once were innocent victims of such perils at the hands of other children.

One often is amazed at the lack of responsibility of many parents, some of them highly educated and socially influential, for bringing up their children not to be a constant menace to younger children.

START EARLY

Beginning when your child is very young, encourage him to stand up for himself and to use his bare hands in self-defense, but never to use sticks and stones even in self-defense. Teach him it is honorable to retreat when other children do so.

It's quite important with the tot to forbid him to throw anything in his hands at any person or animal with a purpose to injure, or to strike any living creature with such an object.

Very young children like to practice at throwing. Let them throw stones and other hard things at a target in a safe place.

HALIFAX (CP) — Two of the world's leading travel organizations —the American Express Company and Thomas Cook and Son — have inaugurated Nova Scotia tours this season. Travelling by bus, the tourists spend a week in the Annapolis Valley and the province's South Shore District, including Lunenburg, returning to United States by ferry via Yarmouth.

Needlecraft by Laura Wheeler

KNITTERS — ATTENTION!

Doilies like real lace made in No. 50 cotton. These dainty beauties are knitted, are small (only 8 and 9 inches) and different.

Knitting charts are easy to follow. Doilies are a cherished gift. Pattern 569: directions, charts.

Laura Wheeler's improved pattern makes crochet and knitting so simple with its charts, photos and concise directions.

Send TWENTY-FIVE CENTS in coins (stamps cannot be accepted) for this pattern to Nelson Daily News, Needlecraft Dept., Nelson, B. C. Print plainly PATTERN NUMBER, your NAME and ADDRESS.

Ideas galore for household and for personal accessories in our Laura Wheeler Needlecraft Book. Illustrations of crochet, knitting, embroidery patterns; slip-covers, rugs, toys, pictures, quilts. Send twenty-five cents for your copy. A free pattern is printed in book.

Recipes . . .

Versatility With Fruit

By ALICE DENHOFF

Start with it; finish with it, serve it during the meal, freeze it! Serve it hot, serve it cold, stewed or fresh, alone or "with" or "alongside".

We are speaking of fruit. Salads, beverages, desserts and frozen fancies add delight to the Summer menu roster.

Raspberry ice cream makes a nice meal finale, and a good opening for this piece! For 6 servings combine one cup milk and ½ tablespoon cornstarch. Beat 2 eggs; add to ½ cup light corn syrup. Cook over hot water until thick, then cool. Mash one cup fresh raspberries with ½ cup sugar. Chill; strain Combine with custard. Beat ½ cup heavy cream; fold in 1½ tablespoons lemon juice. Partially freeze in tray of automatic refrigerator. Beat smooth. Finish freezing.

CHERRY JAM

Cherries are here, part of the season's bounty, so how about some jam? Remove stems and pits from 2½ lb. ripe sour cherries. Crush or grind fruit thoroughly. Measure fruit, packing solidly into measuring cups, and if necessary, add water to fruit to make 4 cups. Mix fruit well with 7 cups sugar in a large saucepan. Bring to full rolling boil over high heat, stirring constantly. Boil hard one minute. Remove from fire and stir in one bottle fruit pectin. Allow to cool for 5 minutes, while alternately stirring mixture and skimming any of the foam off the top. Pour quickly into sterilized glass jars; cover immediately with melted paraffin. Makes 11 6-oz. glasses.

For a corking combination as a sweet salad, a tidbit, or as a dessert, stuff pitted dates with chopped and sugared strawberries, and sprinkle with sugar. For something different by way of a garnish for meat or fish dishes, dip grapefruit sections in crumbs and fry in salad oil.

Cigarets Cause Of Lung Cancer Increase

By ALTON BLAKESLEE

PARIS, July 18 (AP) — Three teams of scientists Monday blamed smoking, especially cigarets, for apparently causing part of the increase in lung cancer, the fastest growing type of cancer in the United States.

Three reports, all by Americans, were made to the fifth International Cancer Research Congress. They constituted probably the most authoritative discussion yet held on whether many years of habitual smoking may cause cancer. By many years, the scientist meant at least 20.

About 20,000 Americans die each year of lung cancer. The number of new cases in 1948 was nearly three times that of 1939, said Dr. Alton Ochsner, President of the American Cancer Society. The death rate in Britain is higher than in the United States.

"It appears without doubt that inhalation of cigaret smoke exerts a carcinogenic (cancer causing) effect upon lung tissue," Dr. Ochsner said. "And it can be predicted that if carget smoking continues at the present rate, or if it increases as it has in the past, the future incidence of lung cancer will be many times that of other cancers of the body."

He cited studies showing that most men with lung cancer had smoked cigarets at least 20 years, with less lung cancer among men who never smoked. Women are far less susceptible to lung cancer, Dr. Ochsner said.

Dr. Ernest L. Wynder, Washington, reporting with Dr. Evarts A. Graham of St. Louis, told of a survey of more than 700 persons with lung cancer. In this group there were only nine non-smokers among 650 men, he said.

"About 95 per cent of the men with cancers were at least moderately heavy smokers—a pack a day —for at least 20 years, with over 90 per cent being cigaret smokers," Dr. Wynder said.

"Among cigarette smokers there was more than 1½ times more cancer of the lung and larynx than among male non-smokers.

"Pipe smokers had about twice as much cancer of the lip and larynx as non-smokers, but no increase in lung cancer.

"Cigar smokers showed no significant increase in any type of cancer than non-smokers.

"Persons who used more than one type of smoking had a higher incidence only of lip cancer."

Mr. William Pearson of Vancouver who is returning home from a business trip to the Southern and Eastern States and Eastern Canada visited his parents, Captain and Mrs. H. A. Pearson.

Love Problems . . .

A Change Of Heart

By JANE ATKINSON

Dear Miss Atkinson:

For about five years I have known a boy who is now 17, and I never could stand him until last Summer. He used to kid me and make fun of me, and I used to have smart answers. I guess I hated him so much I finally got interested in him. At one time he liked me, but now he doesn't know I exist.

I would like to know how I could get him interested in me again if possible, or at least get him to be good friends with me. I am 15.—L

Dear L.:

It is rather smart of you to suspect that your dislike of this boy focussed your attention on him so much that you began to get interested in him. It is entirely possible that this might have been so.

In any event, your best chance of getting him to notice you in a more friendly way is to let him see that you are a girl whose company both boys and girls enjoy. Lots of girls make the mistake of thinking that in order to interest a boy, they must concentrate on letting him know that they think he's wonderful. It's much more effective to behave in such a way as to make the boy think you are wonderful. The way to do that is to be friendly with everybody have good times with everybody, and be a good scout all around.

Boswell . . .

BOSWELL, B.C.—Mr. and Mrs. James Holiday-Smith and son Jack of Robson, are spending a Summer vacation at their home, York Ranch.

Mr. and Mrs. Stan Bebbington of White Salmon, Wash., visited Mr. and Mrs. C. H. Bebbington on their way home from a holiday with friends at Prairie points.

K. Wallace, Muriel and Boyd, and Miss Elva Wiklund have returned from Calgary where they were the guests of Mr. and Mrs. Warren and Mr. and Mrs. J. Pashak, while attending the Stampede. Terry Pashak has returned with them to stay with Boyd Wallace for the Summer.

Rossland

ROSSLAND, B.C. — Mr. and Mrs. Charles Shobe and children Charles and Glennis left for a month-long motor trip through Idaho, Montana and North Dakota. They plan to return by way of Winnipeg and other Prairie points.

Mr. and Mrs. I. Gurevitch with Sharon and Sidney are visiting at Calgary and Edmonton.

Mr. and Mrs. Wilfred Dorey and son Lawrence have returned home from a week's holiday at Kimberley and Fairmont Hot Springs.

Mr. and Mrs. Fred Smith and daughter Beverley are holidaying in Vancouver.

Miss Mary Lavaratto, Miss Eileen Radich and Miss Lil Besso are spending a two-week vacation at Seaside, Ore.

Mrs. Maude Hardy is visiting for the Summer months at Procter with her son-in-law and daughter, Mr. and Mrs. David Walsh.

HOLLOWAY, Middlesex, England (CP)—Residents blamed an earthquake when two explosions flung paving stones into the air. The blast was due to an electricity failure. No one was hurt.

Pretty Home Wedding for Nelson, Sunshine Bay Pair

SUNSHINE BAY, B.C., July 17—The home of Mr. and Mrs. Royce K. Nickerson, artistically decorated with red roses, blue delphiniums, pink sweet peas and pink and white streamers was the scene of a lovely home wedding when Rev. Anderson united in marriage Marion Elizabeth, only daughter of Mr. and Mrs. R. K. Nickerson of Sunshine Bay and Sylvester William Schmidt, son of Mrs. Schmidt and the late Mr. Schmidt of Nelson.

The charming bride was attired in a white sharkskin suit with white accessories and a corsage of red roses and pink sweet peas. The bride's only attendant was her cousin, Miss Joyce Moore of Nelson, who was attired in a pale blue dress of waffle pique with white accessories and a corsage of red roses and pink sweet peas.

The groom was supported by Mr. Jerry Magee of Nelson.

After the ceremony a buffet luncheon was served to 44 members of the family.

The same evening 70 friends of the bride and groom attended a party held in honor of the newlyweds at the home of Mr. and Mrs. Sam Phillips. A sing song and dancing were enjoyed.

The bride and groom cut their beautifully decorated three-tiered wedding cake.

Out of town guests were Mr. and Mrs. Everett Wodelman, Mr. and Mrs. C. J. Phillips, Shirine and George Phillips, Mr. and Mrs. Morris Phillips, Mr. and Mrs. Dale Clark, Judith and Janice Clark, Mr. and Mrs. Lester F. Phillips, Dorothy and Marilyn Phillips, Frank Furtaw and Jim Eckley all of Spokane; Mr. and Mrs. J. H. Turner and Margaret More of Vancouver. Gordon Manning of Fernie, Pauline Simpson, Bill Hood, Stan Williams and Stan Donaldson of Nelson.

Mr. and Mrs. Schmidt are spending their honeymoon at Banff and plan to live at Canmore, Alta.

Rossland Fetes Bride-To-Be

ROSSLAND, B. C., June 18—Miss Frances Bray was again feted prior to her marriage, when Mrs. G. Secco of Trail entertained at a miscellaneous shower at the home of Mrs. William Dorey. Several amusing games and contests were enjoyed during the evening with prizes awarded to the winners. Mrs. Secco was assisted by Mrs. Dorey at refreshment time. Many lovely gifts were contained in a doll-buggy attractively decorated in pink and white, and presented by the hostess.

Hospital Gets Blankets From W.I., Auxiliary

Bundles of gay-colored blankets have been given to Kootenay Lake General Hospital.

Mrs. R. A. Custer, president of Nelson Women's Institute, and Mrs. R. Todd, president of the Hospital Auxiliary, presented the blankets Tuesday night to George Turner, chairman of the Board of Directors of Kootenay Lake General Hospital.

The blankets have quite a past. They were originally scraps of wool donated by Nelson and district women and collected by the Women's Institute.

They were shipped to a Winnipeg firm to be made into the blankets, and the Hospital Auxiliary purchased the finished products at cost.

Would Limit Hospital Visiting Hours

Heavy visiting and abuse of regulations has raised the possibility of shorter visiting hours at Kootenay Lake General Hospital.

Miss Marjorie Whitmore, Superintendent, asked support Tuesday night from the Board of Directors to have the hours reduced.

Excessive visiting was interfering with the care of patients, she said. Many patients were visited out of curiosity alone.

She suggested three afternoon and three evening periods a week and both afternoon and evening visiting Sundays. Exceptions would be allowed in fresh post-operative cases.

(Present hours are 2:30 to 3:30 p.m. and 7 to 8 p.m. daily, maternity patients being allowed the husband and one other visitor only).

Many hospitals had even shorter visiting hours and allowed only husbands to visit maternity cases.

"The proposition is no doubt professionally sound," George Turner, Chairman, said, "but I wonder what the reaction would be to such a change.

"I know some people think they can run wild if they're visiting a relative."

Dr. F. M. Auld, speaking for the Nelson Medical Association, said: "There is a very strong case for control. There should be some change from existing conditions."

The proposal was tabled for a month. Meanwhile, Miss Whitmore will get the views of the medical profession.

Honored at Bridal Shower

ROSSLAND, B.C., July 18—Miss Irma Hanson, whose marriage takes place on Saturday, was guest of honor at the miscellaneous shower for which the Misses Nancy and Mary Plotnikoff and Mrs. Molly McLaren were hostesses at the Plotnikoff home. The many and varied gifts were presented from a basket effectively decorated in pink crepe paper and mauve flowers. Flowers were also used with pretty effect on the novel "wedding ring" cake which featured the refreshments. Prizewinners in the "bridal shower" contests were Mrs. Harold Holm, Mrs. Bernard Holm, Mrs. H. R. Hanson, Miss Elmarie Martin, Mrs. Waldemar Holm and Mrs. Gunnar Erickson.

Camp Lister Bride-Elect Feted

CAMP LISTER, B.C., July 18 — Miss Alma Galarneau was honored at a miscellaneous shower in Deer Lodge hall here. Hostesses were Mrs. E. Meyers, Mrs. R. Ragsdale, Mrs. D. Demchuk and Mrs. R. Fleck.

The room was decorated with pink and white streamers and white wedding bells, and the bride-elect's table was centred with a large imitation wedding cake containing the gifts.

Miss Jean Provost and Miss Thelma Provost, Miss Isabel Millner, Miss Eleanor Gorrill and Don Beebe gave a few songs with Cal Beebe playing the guitar.

Thirty-five guests were served lunch.

Dr. F. M. Auld Congratulated

Dr. F. M. Auld of Nelson, who has just received senior membership in the Canadian Medical Association, was congratulated by the Board of Directors of Kootenay Lake General Hospital Tuesday night.

Dr. Auld represents the Nelson Medical Association at board meetings.

"Through his long association with this board, we are pleased and almost as highly honored as the Doctor," said George Turner, chairman.

Dr. Auld replied that he "deeply prized" his friendship with board members over the years.

"I am greatly interested in the hospital, and am always glad to see the board take steps to improve facilities for its patients."

ROSSLAND SALVATIONIST TO LONDON RALLY

Jessie Donnelly of Rossland will be one of 50 Salvationists who will represent Canada at the first international Salvationist Youth Congress in London, Eng., August 10 to 23.

In all 1250 delegates will travel to the Congress at their own expense.

Kasloite's Brother Dies at Coast

VANCOUVER, B.C., July 18 — Angus A. Hewat, 79, died in hospital here Friday.

He is survived by his wife, Harriet; a sister in England and a brother, C. H. Hewat, and three nephews of Kaslo.

"Too Old and Worn Out" To Pay Premiums

VICTORIA, B.C., July 18 (CP) — An elderly bearded Victoria man in City Police Court today challenged the Government's right to impose Hospital Insurance fees "on old people with one foot in the grave."

He was Thomas James Dunstan, and was before Magistrate Henry C. Hall on a charge of failing to pay his Hospital Insurance premium on the due date. He owes $33.

Mr. Dunstan was very outspoken about hospital insurance. He wanted to know 'why should I pay for something I can't have because I'm too old and worn out?"

"I'd like to know who brought on this kind of racket," he said.

Case was remanded to July 26 and Magistrate Hall asked for a report from the probation officer.

Entertainments Agency Incorporated

Notification appeared in a B. C. Gazette of the incorporation of the "Dick-Coventry, Ltd." under the "Companies Act."

The authorized capital of the Company is $10,000, divided into 10,000 shares of $1 each. The address of its registered office is 102 Medical Arts Building, 465 Ward Street, Nelson.

The objectives of the Company are to act as agents for entertainers, shows and special attractions, as well as an agency through which entertainment may be obtained.

Accuses Argentina Of Labor Tortures

OTTAWA, July 18 (CP) — The 350,000-member Canadian Congress of Labor today accused the Argentine government of alleged mistreatment and "torture" of workers and padlocking of trade union offices in the Argentine.

It announced that it has filed an official protest with the Argentine embassy, as an endorsation of a resolution recently passed by the International Confederation of Free Trade Unions.

The embassy said it could make no immediate comment on the protest.

The congress said a copy of the ICTFU resolution has been sent to the embassy and to External Affairs Minister Pearson.

The word "paradise" was first used by Xenoihon, Greek historian and general, referring to a Persian enclosed park or pleasure ground.

Lace Suit For Bathing

By ALICE ALDEN

This is the year of original swim suit fashions; not so much in cut or design, as in new fabrics. Something very new, and serviceable, as well as pretty and feminine, is the bathing suit of lace. Carol Schnurer gives a brand-new treatment to a one-piece bathing suit by making it of patterned beige cotton lace backed with brown sateen, and deftly shaped into a halter top and boy's type shorts. Linking the two is a length of brown sateen softly draped into a wide belt.

Graduate

MISS ELLA M. GUSTAFSON
. . . who graduated recently with honors from the Royal Jubilee Hospital School of Nursing at Victoria. She is the daughter of Mr. and Mrs. H. Gustafson, Perry Siding, B.C.

She Keeps Trying

OTTAWA, July 18 (CP) — Sheila Wiseman, 18, of Durnt Oak, Edgeware, Middlesex, England, is a persistent Canadian immigrant.

She worked 67 hours a week for a year to raise enough money to pay her passage to Canada and now is en route here aboard the liner Ascania, the United Kingdom Information Office said today in a press statement.

Sheila said she first decided to go and live in Canada when she was 15. She applied to Hendon, Middlesex, magistrates for permission to sail without her father's consent. The permission was refused. Sheila tried again one year later and was again refused. Now she is coming to Canada with her father's consent.

She did not indicate where she planned to live in Canada.

Counting morning and evening editions separately, there are nearly 100 daily newspapers published in Canada.

Fined for Not Paying Hospital Premiums

Fines totalling $10 were paid in New Denver Provincial Police Court Monday by Adolf Michels of Slocan City and Charles W. Aylwin of New Denver for failure to pay their Hospital Insurance premiums.

Both men pleaded guilty before Alex D. Tuckett, Stipendiary Magistrate, and were each fined $5 and costs. Michels was ordered to pay his premiums which amounted to $48, and Aylwin his premiums of $21. Constable W. McLachlin prosecuted.

Research into the possibility of producing the wonder drug, cortisone, from plants as well as animals, is being carried out in the laboratories of several nations.

Council Praise For Bonspiel Committee Work

Letter of thanks to the newly-organized Midsummer Bonspiel Committee under Chairman A. S. Aitken for the work it carried out this year is being forwarded by Nelson City Council.

The committee was considerably augmented by the addition of representatives from service clubs and other citizens and a full week of entertainment lined up for curling visitors.

Ald. R. J. Riesterer, who is president of Nelson Curling Club, said Mr. Aitken was the man most responsible for the success of the Bonspiel in moving that a letter be sent.

Council also gave a vote of thanks to Ald. Riesterer and his Curling Club committee for their part in the Bonspiel work. It was a "big job well done," said Ald. Joseph Kary.

Net proceeds from the entertainment will be pooled, half going to the Civic Centre Commission to be used for promotion of the Bonspiel, and half to the service clubs.

HUBBY IN DARK ABOUT WIFE'S ESCAPIST PLANS

LONDON (CP)—Mrs. Liza Monks, 31-year-old mother of five young children, believes another world war is inevitable and is determined she and her family will not be within rocket range when it comes.

"Escapism," she says, is the only way out.

So, backing up her creed, she is trying to interest a group of similarly-minded people to pull up stakes and strike off for some quiet spot far removed from the world's powder kegs. She would prefer to settle down where the climate is kind and the living agreeable.

"It is so stupid to allow another war to happen," Mrs. Monks said. "You know, if there was a real scare I am sure more people would fall in with my idea. And if enough people were to go away it might prevent war."

Asked what Mr. Monks thought about the plan, Mrs. Monk said: "I haven't discussed it with him. I don't quite know what he would think about all this."

Kootenay Water For Hollywood Lawns?

American engineers, according to the Calgary Albertan, are giving serious study to the possibility of diverting water from the Columbia River to Southern California and the adjacent desert regions, and the scheme is considered physically possible. Of course it is still only a dream, but the United States has a curious habit of making dreams come true. The U.S. economy is not stagnating. The country is growing and expanding as rapidly as ever before. Water is the chief bottleneck in the Southwestern States, and the redirection of rivers may remove that bottleneck.

This is of interest in Canada, for most of the water in the Columbia River comes from Canada. The whole of Eastern British Columbia feeds that river. Water drained from mountains of the Kootenay might be used to sprinkle the lawns in Hollywood.

Buying British

Gains recorded in exports by Great Britain during May to dollar countries are regarded as highly satisfactory, in view of trade barriers which still exist. The doubling of exports to North America is an achievement, although aggregate exports of £183,000,000 include only £20,600,000 for this continent—under 12 per cent of the total. An even more interesting breakdown is that showing the share of the latter amount absorbed by the Canadian and United States markets.

During the month Canada took in British goods valued at £12,400,000, against only £8,200,000 for all the United States, with between 12 and 13 times our population. This means that Canadians bought approximately 20 times as much per person as our neighbors, in spite of official pressure from Washington in favor of opening the United States market more widely to help Britain close her dollar gap.

This buying by Canadians has been in spite of our loss of a good deal of our trade in food with the United Kingdom, and our knowledge that we will lose more. Only this week Britain has contracted to buy additional lumber and wheat from Russia—for sterling funds—instead of dollar purchases of the same products from us.

British imports for May were at a record high, but no detail is given as to the source of these purchase. A comparison of purchases from Canada and the United States would be interesting, as some of our loss of sales has been the result of the stipulation that Marshall Aid dollars must be spent in the United States.

President Truman has yet to find means of implementing his program of heavier buying from Britain by formal action on tariffs. But it also appears that a great deal of work can be done even under present tariff barriers to convince Americans that it is good business to expand their trade with the United Kingdom on the buying side as well as on the selling side. On the whole it is safe to say that the great bulk of dollars earned by British sales in the United States would stay there to finance necessary additional purchases from her. That provides a much sounder trade basis than the compulsory return of Marshall Aid gift dollars—whose flow stops when the gifts stop.

At some immediate cost Canadian sentiment seems to appreciate the difference and is laying the foundation for the eventual resumption of exports to the British market. Similar benefits could accrue to the United States, in proportion as her dollar strength is greater than ours. But that is what American importers so far have failed to see.

Wants More Than Talk About "Terrible" Roads

To the Editor:

Sir—During the past week we had our daughter and son-in-law from Edmonton visiting us. They travelled 1300 miles before arriving here. They went from Edmonton to Lloydminster, then from there they went to North Battleford, and Southwest to Macklin, then South to Maple Creek, through Medicine Hat and Lethbridge, and on through the Crow's Nest here. They said the only bad piece of road all the way was from Creston to Kuskanook, and they could not say enough bad about that. Surely it's time those in authority can do something more than TALK about this terrible strip of road, which all visitors to this lovely part of B.C. have to travel over.

MARY FEENIE.

Gray Creek, B. C.

Looking Backwards

10 YEARS AGO

From The Daily News of July 19, 1940

While two new forest fires blazed up in the Creston area, conditions throughout the remainder of the Nelson Forest District were described yesterday as "generally favorable".

Mr. and Mrs. Dickie Drew, pioneer residents of Nelson, who with their two granddaughters have been visiting Nelson and District, have returned to Calgary. They were guests of Mrs. W. O. Rose, Vernon Street.

25 YEARS AGO

From The Daily News of July 19, 1925

Saturday morning a patrol of Boy Scouts went up to Kokanee to prepare the campsite and erect tents for the Canadian Girls in Training, who will leave Nelson this morning for their annual camp.

Harry Rowley, a Nelson pioneer who has been spending the past eight months in Oakland and San Pedro, Calif., returned to the city Saturday via the Great Northern.

40 YEARS AGO

From The Daily News of July 19, 1910

NEW YORK—Detectives today inspected the passengers on the steamer Minetonka from London, and the Chicago from Havre, on their arrival, in search for Dr. Hawley Harvey Crippen in connection with the murder of a woman presumed to be his wife.

G. M. Annable of Moose Jaw, the well-known lumberman, arrived from the Prairie.

It's Been Said

If you would know the value of money, go and try to borrow some; for he that goes a-borrowing goes a-sorrowing.

—Benjamin Franklin.

Your Horoscope

B. H., Brilliant—Will you please give me the address of the head office of the Social Welfare Branch?

For old age pensions, write to 661 Richards Street, Vancouver, B. C.; for information on other matters, if you do not wish to consult local offices, write to the Director of Welfare, Court House, Vancouver, B. C.

J. M. R., Trail—Where may I obtain information as to period and value of a number of Roman and English coins?

With regard to the Roman coins your best plan would probably be to write to the Curator, Victoria Museum, Parliament Buildings, Victoria, enclosing rubbings of both sides, or—if too much worn—giving as clear a description as possible. For the old English coins, write to A. Atherton, 1815-1817 West Fourth Street, Vancouver; Bartholomew-Murdoch, 1110 Fort Street, Victoria; Reids, 1039 Fort Street, all of whom value antiques.

Verse

The Teacher

What are your dreams, my boy,
As you stare so hard where June sunlight dapples the yard?
What fancies flit behind those guileless eyes
And seem to flicker in their blue-grey depths?
So disinclined to toil with adjectives and verbs,
And compositions wrung from an unwilling mind,
Loath to be tortured more, you dream so wistfully,
I lose my heart to caustically remind you that time
Slips its shackles and is gliding on beyond our frantic reach.

What are your dreams, my boy?
Those disembodied forms that transient beguile
A moment's drab details and flutter on? I think
They must be beautiful, reflected in your straight
And searching gaze. So, then, I'll let you dream.
I would not put to flight those happy vagaries
And thud you back to earth's finalities.
Continue on,
Forgetful of these irksome verbs, of fractions, notes and maps.
Dream on.

—GLADYS I. PAST.

Farron, B. C.

Beauty

There's beauty in the heavens
Each night when the moon is high,
While the thousand stars that twinkle
Shine like diamonds in the sky.

There's beauty in the garden
When the roses are in bloom,
While fragrance from the many flowers
Fills the air with sweet perfume.

There's beauty in the many lakes
Whose waters, cold and clear,
Give fishermen with rod and line
Many days of sport each year.

There's beauty in the sunrise,
Each morn at the break of day;
And also, in the sunset
At night with crimson ray.

There's beauty in the forests,
Where trees, so tall and green,
Give shaded spots along the trail
Where wild flowers reign supreme.

There's beauty in the Winter
When frost and snow abound,
And trees are all a-sparkle
Like jewels in a royal crown.

Let us try to see the beauty
In everything and everywhere,
That we may all enjoy the pleasure
Of things that are beyond compare.

—J. M. PICKARD.

Trail, B. C.

Kimberley District Oldtimers Gather

Many a memory of days gone by were recalled by these Kimberley and District oldtimers at their annual gathering held in the East Kootenay town.

Over 60 senior citizens of the district sat down to a delightful banquet held in the Knights of Pythias Hall at Kimberley. Many of the oldtimers related early-day experiences.

The oldest woman at the gathering was Mrs. Ratcliffe, who recently celebrated her 90th birthday.

—Photo courtesy of R. G. Joy, Historian, Nelson and District Oldtimers Association.

Canada Britain's Chief Source Of Farm Supplies

OTTAWA, July 18 (CP)— The feeling in Britain is "buy from Canada as much as you can," a group of United Kingdom agricultural scientists told a press conference today.

The group, headed by Sir William Ogg, the Scottish Director of Britain's Rothamsted Experimental Station, met the press on the second leg of a cross-country tour that will take them into almost every nook and cranny of farm life in Canada.

In the first leg of the tour the seven-man mission made a three-week tour of the Eastern Provinces.

After a week here, they will swing into Western Ontario and Western Canada to see for themselves the wheat fields and the apple orchards of Okanagan Valley in British Columbia.

Sir William said Britain's food purchases from Canada are not matters of "hard bargaining." If Britain had the dollars, she would buy in ever-growing amounts from this country.

And even while Britain still is short of dollars, she still looks on Canada as her principal source of agricultural supplies.

Newsprint Crisis Threatens to Reduce U. K. Press

LONDON, July 18 (Reuters) — Several British newspapers today blamed the Government for a newsprint crisis threatening to reduce the size of papers to near-wartime levels.

Some editorial attacks hinted that the Government was "gagging the press."

The Conservative Daily Mail said the matter was "a deplorable record of government bungling. Whether intended or not, they have applied a censorship to the newspapers.

The Liberal News Chronicle declared: "Already Britain has the smallest newspapers of any leading country in the world. If these are to be made still smaller the technical job of presenting and interpreting the huge mass of current events all over the world will become a well-night impossible task."

The Newsprint Supply Company, which imports newsprint collectively for the entire British press, warned last night that supplies during the next six months would be insufficient to maintain even six-page papers.

NO RACE IS "SUPERIOR"

PARIS, July 18 (Reuters)— No race is mentally superior to another given equality of opportunity, says a report issued today by the United Nations educational, scientific and cultural organization.

"Unesco" described the report as the "most authoritative statement of modern scientific doctrine on the controversial subject of race that has ever been issued." It was drawn up by scientists from Britain, United States, New Zealand, Mexico, Brazil, India, France, Norway and Sweden.

Main points of the report were:

1. "Such differences as exist between different groups of mankind are due to factors such as isolation, the drift and random fixation of the particles which control heredity (Genes) and natural selection."

2. "It would be better to drop the term 'race' altogether and speak of ethnic groups. People who live in Iceland or England or India are not races; nor are people who are culturally Turkish or Chinese thereby describable as races."

3. "There are three principal ethnic divisions: The Mongoloid, the Negroid and the Caucasoid. Given similar degrees of opportunity to realize their potentialities, the average achievement of the members of each group is about the same."

Tops P.C.L. Hurlers

SAN FRANCISCO, July 18 (AP) —Lanky righthander Jim Wilson of Seattle dominated the Pacific Coast League's pitching records last week. He tied with Mat Surkont of Sacramento in winning 14 games, tops for the season, and set the pace in strikeouts with a sizzling 133. Surkont had fanned 130, as of last Saturday's games. Jack Salveson of Hollywood had the best won-and-lost record, with 11 and 1.

FINDS PARENTS DEAD

SCHUMACHER, Ont., July 18 (CP)—The bodies of John Belec, 42-year-old former Dome Mines employee, and his wife, Teresa, 36, were found at their home here late today by their 14-year-old son, Jackie. Both had died of gunshot wounds.

Isdale Township police refused comment on the double slaying until a coroner's inquest tomorrow.

Neighbors told police they heard no shots during the day. Police did not disclose whether they had found a weapon.

PARIS (CP)—A lithophone, believed to be the oldest musical instrument in the world, is being shown in the Paris "Museum of Man." It is a kind of xylophone made of 10 stones varying in length from about 18 to three feet and was found in Indo-China.

Canada Attracts More Tourists

OTTAWA, July 18 (CP)—Tourist traffic into Canada is on the increase.

The Bureau of Statistics reported today that in the first six months of this year the number of foreign vehicles entering Canada on traveller's vehicle permits totalling 592,369, compared with 573,076 in the corresponding period of 1949.

In June, the entries totalled 237,769, compared with 221,002 a year ago, an increase of eight per cent. All provinces except Nova Scotia and Manitoba recorded increases.

June entries by provinces, with the comparative figures for last year in brackets, follow:

Ontario, 147,888 (138,554); Quebec, 37,189 (32,827); British Columbia, 25,892 (24,691); New Brunswick, 15,912 (12,411); Alberta, 4607 (4444); Manitoba, 2984 (4913); Saskatchewan, 2880 (2714); Nova Scotia, 287 (284); Yukon Territory, 164 (164); Newfoundland, 16 (unavailable).

Canadian Disagrees On U. N. Decision

THE HAGUE, July 18 (Reuters)— The International Court of Justice today told the United Nations its secretary-general was not authorized to appoint a third member of a commission to deal with disputes arising from the peace treaties of the Western powers with Bulgaria, Hungary and Rumania. Judge John Read of Canada dissented.

Judge Read believed the secretary-general was authorized to appoint third members competent to give binding decisions.

He maintained that by giving a negative answer to the United Nations' questions, judicial interpretation gave an escape clause available to treaty violators.

This, he declared, would enable a defaulting party to destroy the effectiveness of the disputes article, to disregard with impunity most of its undertakings, and render largely nugatory the guarantees for securing human rights and fundamental freedoms.

Good Humor Man

NEW WESTMINSTER, B.C., July 18 (CP)—What's so funny, sony?

Edward Dash, 2, toppled from a second-storey window at his home Sunday, landed on a concrete sidewalk, looked up—and smiled.

Ambulance attendants said Edward was still smiling when they took him to hospital for treatment of a possible pelvic injury and a slight scratch.

CALL TENDERS FOR RAIL LINE SCRAPPING

EDMONTON, July 18 (CP)—Tenders for scrapping of a depression-hit rail line that never got rolling are being called by the Edmonton office of the CPR's purchasing department.

The Board of Transport Commissioners gave permission earlier this year for dismantling of the Hemaruka-Scapa branch line in Northern Alberta between Hemaruka and Spondin, Alta.—22.7 miles of main track and six-tenths mile of track in the siding at Whatcheer Alta.

TYPHOON NEARS MANILA

MANILA, July 18 (AP)— The weather bureau said today a typhoon with winds up to 60 miles an hour was moving slowly Northwest. It was about 350 miles Northeast of Basco Island off Luzon's Northern tip.

SPORTS

Weslock Holds Lead in Showy Day of Title Golf

By W. R. WHEATLEY
Canadian Press Staff Writer

SASKATOON GOLF AND COUNTRY CLUB, July 18 (CP)—It was Nick Weslock again today leading the winners' parade in the second round of the Canadian Amateur Golf Tournament, but practically all those expected to come through did so safely.

There was a bit more showmanship and color in today's play.

Dr. Bob Reid of Prince Albert came within one good shot of upsetting Guy Owen, a Texan now playing out of Cutbank, Mont., and the only American still in the running.

The two brilliant juniors—Laurie Roland of Vancouver and Doug Silverberg of Red Deer, Alta.—went along with the winners.

Two Canadian boys likely to give Weslock an argument any day played strong, steady games. This pair, Jerry Kesselring of Kitchener, Ont., and Bill Mawhinney of Vancouver are former Canadian junior champions.

Weslock had little trouble disposing of Alex Turnbull of the Host club, 5 and 4, but he did it impressively. He was under medal par all the way and at the full 18 holes had a medal score of 66, four under par. He was 33 on both nines against par of 36-34.

The Reid-Owen match was a sizzler. The 33-year-old dentist was down three after six holes of play but fought back and squared the match on the 10th.

From there on to the 18th they halved every hole. At the 18th Dr. Reid played a poor chip shot while the 40-year-old American pitched on nicely with his second and took the hole with a par four.

Owen said he wasn't satisfied with his game—he was over the greens three times with poor iron shots—but gave every credit to the plucky play of the Saskatchewan amateur champion. Owen had a medal score of 75.

Roland had a tough struggle with Jim Harper of Edmonton and for the second day in succession gave an exhibition of temper. At the 10th green after Harper had won the hole, Roland whaled Harper's ball with his club.

Roland found himself down three at one time, but settled down and took the 16th, 17th and 18th in a row to keep the match alive.

Harper was in a trap there and when he came out went far over the green but chipped back nicely. Roland got down in three and the match went to the 20th, where Roland dropped a birdie two to win.

Silverberg took on Cliff Soberg of the local club and won 2 and 1. He was never down and it was largely Soberg's mistakes that gave the Red Deer boy his big chance. At the 15th Soberg three-putted and Silverberg went one up. They halved the 16th and at the 17th Soberg hooked into the bush and played a second shot.

MAWHINNEY WINS

Mawhinney, playing steady golf, defeated Eddie Thomas of Edmonton 3 and 2. Thomas fired three birdies but the Vancouver boy was never in danger.

After the match he went down town to the hospital to have a couple of stitches put into his left thumb. An open, calloused cut which started in practice rounds a few days ago has refused to close up. Mawhinney said he doesn't think the stitching will interfere with his play any more than the present condition of the thumb.

Kesselring had no trouble disposing of Bus Hillyard of Saskatoon 6 and 4. He was one under par through the 14 holes.

Don Ross of Vancouver supplied the feature shot of the day. Chipping at least 100 feet from the cup on the 18th, he sank his ball for an eagle two and won his match from Herb Kilburn of the local club, one up.

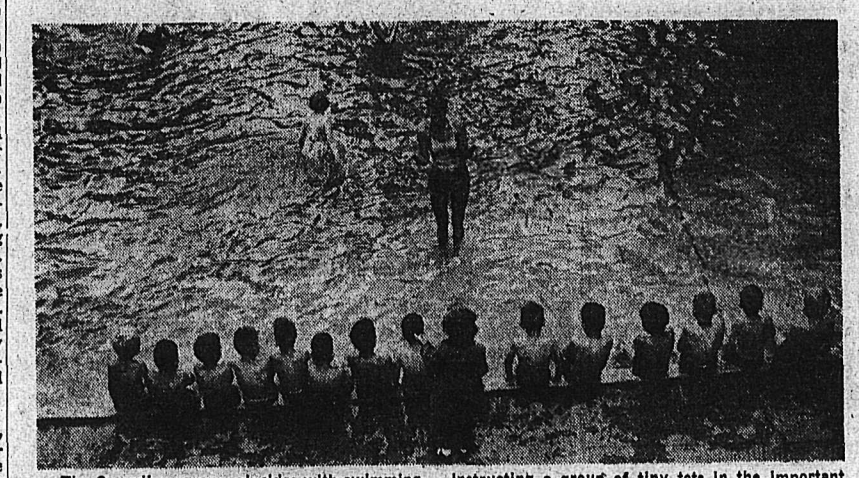
They Organize Summer Fun for Kids

Nelson youngsters are enjoying a round of holiday fun under supervision of physical instructors at City parks this Summer. Organized by Nelson Recreational Council, the activities include games, swimming, handicrafts and so on. Pictured above at Lakeside Park are the instructors with the Council Chairman, Dean T. L. Leadbeater, and Director Bob Wassick. The girls are, from left, the Misses Sharon Carpenter, Ann Davis, Norrie Cummins, Dorothy Wassick, Joy McEwen, Albina Boyar and Dorothy Rierson.



The Council program coincides with swimming lessons given by Miss Dorothy Wallace at Gyro and Lakeside Parks. Here Miss Wallace is shown instructing a group of tiny tots in the important art of kicking.—Daily News photos.

Monarchs Oust Kings 9-6

The Monarchs' softball troupe is still heading the Senior Men's Softball League and Tuesday night they chalked up another win when they ousted the Kings 9-6.

Monarchs batsmen opened the scoring with one run in the first stanza, and to make sure of a lead Lowen banged out a homer in the fourth. By the close of the fourth frame the team had a 5-0 lead.

The Kings started their merry-go-round with Newstead, who came home on a single followed by Coleman who knocked the second homer of the game, to bring in his teammates who had loaded the bases and tie the game.

In the final of the fifth the Monarchs gained two runs followed by two more counters in the sixth.

During the last two times at bat, the Kings ran in their final run to lose the well-played game.

The Monarchs' battery included Zoobkoff, Lowen and Koenig, while pitching and catching for the Kings were Coleman and Malcolm.

FIGHTS

Atlanta—Beau Jack, 142, Atlanta, knocked out Bobby Timpson, 138, Youngstown, O., (6).

Philadelphia — Lloyd Tate, 149, Philadelphia, outpointed Mike Kobella, 142, Pittsburgh (8).

Brooklyn — Tony Janiro, 152½, Youngstown, O., outpointed Solly Levitt, 153, New York (8).

Scores First Round Victory

RIVER FOREST, Ill., July 18 (CP)—Henri Rochon of Montreal, Canadian Davis Cup tennis team member, scored a first-round victory in the U.S. Lawn Tennis Association clay courts championships today. Rochon trounced Morton Gazerwitz of Oshkosh, Wis., 6-0, 6-0.

Rochon's teammate on the Davis Cup team, Lorne Main of Vancouver, went down in the first round to Bernard Chriber of Miami, 3-6, 9-7, 6-4.

SUGAR RAY FINED $100

SCRANTON, Pa., July 18 (AP)—Sugar Ray Robinson was fined $1000 today by the Pennsylvania State Athletic Commission for failure to keep a 15-round engagement against Jose Basora here tomorrow night.

The action was taken by Commission Chairman George J. Jones, Jr., several hours after Robinson had signed a contract to defend his world welterweight title Aug. 9 against Charley Fusari at Jersey City.

Jones also ordered Robinson to reimburse promoter Ernest Gennel for expenses incurred in promoting the bout. The fight was to be for the Pennsylvania version of the middleweight title now held by Sugar Ray. Gennell said his expenses might run as high as $5000.

The Pennsylvania Commission also suspended Robinson until he honors his contract with the Scranton Club but directed that the suspension not be effective until after the Fusari fight.

Jones said he is asking the National Boxing Association, of which the Pennsylvania body is a member, and the New York Commission, with which it has a working agreement, to concur in the suspension.

BRINGS IN 3 WINNERS

EDMONTON, July 18 (CP)—Jockey Emil Roy piloted the last three winners in the seven-race card at the Edmonton Exhibition today. He was aboard the winning Austin Yates, 9-5 favorite in the $1000 featured Kingsway Handicap, the fifth race.

Wilf Y. in the first and Pacoima in the second provided a $116.80 daily double. Noddy's Number and Lady A.A. were good for $42.50 in the seventh quinella.

British Cricket

LONDON, July 18 (Reuters)—West Indies and Derbyshire cricket teams had to be content with a draw in their match which was abandoned today more than three hours before the time for drawing stumps owing to rain.

West Indies, with a first innings lead of 112, carried their overnight 41 to two for 91, for four by lunch today, after one interruption from rain. A further heavy downpour after the interval prevented any further play.

Results:

At Chesterfield (non-county)—Match abandoned owing to heavy rain. West Indies first innings 223, second 91 for four; Derbyshire first innings 111.

At Manchester—Essex first innings 87, second innings 129; Lancashire first innings 161 for three, second innings 56 for one.

At Blackheath—Kent first innings 189, second innings 201; Surrey first innings 53, second innings 181.

At Leeds—Match abandoned, no play today, rain; Middlesex first innings 356 for four, Yorkshire 17 for no wicket.

At Leicester—Leicestershire and Nottinghamshire drew. Leicestershire first innings 346, second 27 for two; Nottinghamshire first innings 350.

At Northampton—Northamptonshire and Warwickshire drew. Warwickshire first innings 320, second innings 65 for no wicket; Northamptonshire first 262.

At Kidderminster—Worcestershire and Glamorgan drew. Glamorgan first innings 352 for nine; Worcestershire 116 for five.

3-Way Tie in National Race

Mize Homers Twice In Leading Yanks to Victory

By STEVE ROBERTSON
Canadian Press Staff Writer

The National League race was just about as tight as they come Tuesday—a three-way tie for first place between Philadelphia, St. Louis and Boston Braves.

Boston, rated a 6-1 shot in the torrid pennant race, crashed into a tie with Philadelphia by whipping Pittsburgh's last-place Pirates, 11-3, yesterday.

The Phillies split a doubleheader at Chicago, taking the nightcap, 8-3, behind Emory (Bubba) Church, after the Cubs swept to a 5-3 opening victory on Paul Minner's seven-hitter.

The St. Louis Cardinals made it a three-way tie by beating Brooklyn Dodgers 5-3 in a night tilt at St. Louis.

Cincinnati's red-hot Reds faded the New York Giants, 1-0, on Virgil Stallcup's third-inning homer. The Red Legs managed only two hits off Monte Kennedy. Howard Fox, who yielded seven blows, was the winner.

Boston's Warren Spahn mastered the Pirates for the first time this season, spacing six hits. Walker Cooper topped the Braves' 14-hit attack with a three-run homer in the second.

The Braves, 1948 kingpins, made it 9-1 in a wild fourth, scoring five unearned runs as the Pittsburgh infield fell apart. Starter Murry Dickson suffered his 10th loss.

Bill Serena backed Minner's fine hurling with two homers in the opener at Chicago. The Cubs gathered 14 hits off loser Robin Roberts and Ken Johnson.

Church checked the Chicagoans on five hits in the nightcap. He lost his shutout in the sixth, when big Hank Sauer clubbed a three-run homer.

At St. Louis, the Cardinals turned the tables on the Dodgers, taking an early lead and the decision behind the seven-hit pitching of Al Brazle.

Johnny Mize slammed two home runs and two singles, driving in four runs, to lead the New York Yankees to a 12-1 American League romp over the St. Louis Browns.

The New Yorkers smacked two old mates—Don Johnson and Dick Starr—for 16 hits. Gene Woodling also hit a homer for the champs—a three-run, inside-the-park job in the sixth—to help Tommy Byrne coast to win No. 10. The erratic left-hander fanned eight, walked two.

Forced out of action with a hand injury, Bob Lemon nevertheless received credit for his 14th pitching triumph as Cleveland trounced Philadelphia 10-2.

Lemon was struck on his pitching hand by a line drive through the box from rookie shortstop Kermit Wahl's bat in the seventh inning. The injury was not serious.

Washington jammed all of its six hits into the first two innings to defeat Chicago's Ray Scarborough 5-2 as Sandalio Consuegra notched his fourth victory against two defeats.

Scarborough, who was dealt his 10th loss, and Luis Alomo held the Senators hitless in the first inning and three more in the second.

Junior Stephens, the American League's runs-batted-in leader, sparked Boston Red Sox to a 12-9 victory over the first-place Detroit Tigers with a three-run homer that boosted his R.B.I. total to 95.

Vic Wertz homered for the Tigers in the second as did Bobby Doerr for the victory in the third inning.

BISLEY CAMP, Surrey, England, July 18 (CP)—S. Sgt. M. Ostergaard of Calgary, today won the shoot-off for the "Conan Doyle" event against C. Boswell of North London at the National Rifle Association meet after both scored 50 and 10 shots at 900 yards.

Patrick Back in Big Hockey as Bruins Pilot

BOSTON, July 18 (CP)—Lynn Patrick today was lured back into bigtime hockey as coach of Boston Bruins.

Art Ross, Bruins' General Manager, announced that the hearty, 38-year-old Patrick has accepted the post.

When Patrick left New York in May after a brilliant first season as a National Hockey League coach, he said his reason was that he would "prefer to rear my family in some other place other than a big city."

Today in Victoria, the fact that he will be able to have a suburban home near Boston, was stressed by both the former Ranger star left-winger and his father Lester. Both are part-owners of Victoria Cougars in the Pacific Coast League, which Lynn was scheduled to coach next season.

HIS AMBITION

Lynn, who succeeds George (Buck) Boucher to the Bruins' coaching job, said the appointment is the realization of his ambitions.

"Opportunities and gratuities far beyond my expectations and the kind of home in a suburban area that I want for my family are too tempting to throw overboard," he said.

Among Patrick's five predecessors as coach in the Bruins' 26-year-history, is his uncle, Frank Patrick, who held the job from 1934-36. Ross himself coached off and on from 1924 to 1941. Boucher said last March he was fired when his one-year contract expired.

Patrick took over as Rangers' coach in December, 1948, after 10 seasons as a star forward and two years coaching Rangers' New Haven, Conn., farm club. He served three years during the war in the United States Army.

The Rangers almost swept to victory during his first full coaching season last Winter. The underdog New Yorkers pushed through to the Stanley Cup playoffs losing out only after a tough series to Detroit Red Wings.

Soon after came Patrick's decision to return to Victoria.

The gray-thatched Neil Colville of Edmonton was appointed Ranger coach, with Frank Boucher, who had been a manager-coach before Lynn came up from New Haven, remaining as full-time manager. Frank is a brother of Buck.

There was speculation after announcement of Patrick's appointment whether he is only a temporary coach. Many believe he will fill in only until Milt Schmidt, the aging Bruins' star, retires from active playing or Johnny Crawford, who retired from the defence ranks after last season, gains experience as a coach with Hershey Bears in the American Hockey League.

Junior Tennis Club Mooted

A junior tennis club may grow from the efforts of St. Saviour's young people in learning the sport.

Nelson Tennis Club has loaned the courts, and the youngsters are learning drives and volleys under the leadership of Very Rev. T. L. Leadbeater, Dean of Kootenay, and other instructors. Lessons are given each Tuesday night.

"We hope that this effort will encourage other young people to play tennis and that eventually it will lead to the formation of a junior tennis club in Nelson," says Dean Leadbeater.

If a sufficient number play this Summer and a reasonable standard is attained, a junior tournament may be arranged through R. Ralfs and D. Baker, Nelson Tennis Club officers.

MOSCOW, July 18 (AP)—Pravda, the official Communist Party newspaper, reported today that Evdokia Vasilieva of Moscow has bettered the women's world record for the 800-metre run by negotiating the distance in 2:13.0. The recognized mark is 2:13.8 set by Anna Larsson of Sweden in 1945.

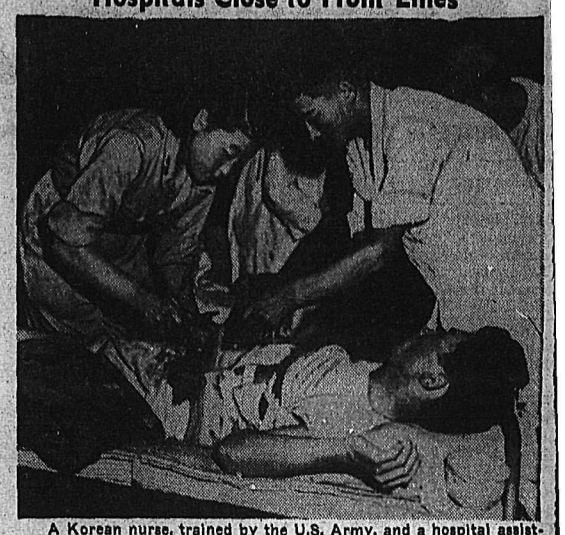
One North Korean Out of the Fighting

A Communist prisoner keeps his hands aloft as he marches along in front of his captor, a South Korean soldier who keeps a pistol cocked ready for action. The prisoner was taken during one of the skirmishes between North and South troops. MacArthur has warned that killing of U.S. prisoners by North Koreans will bring "penalties".—Central Press Canadian.

Hospitals Close to Front Lines



A Korean nurse, trained by the U.S. Army, and a hospital assistant are shown dressing the wounds of a South Korean soldier in a hospital on the front lines. Many U.S. and Korean wounded have been left on the battlefield.—Central Press Canadian.

Pre-Wedding Smiles

Anne Mather, 30-year-old blonde Boston socialite, and Frank Curie Montero, 40, Negro director of the Urban League Fund, smile as they pose a short time before their marriage at Bridgehampton, N.Y. The couple became acquainted through their common interest in the Urban League, an organization devoted to improving the living conditions of Negroes and Puerto Ricans. The bride's father is treasurer and formerly was President of the National Health Council. He is a descendent of the early clergyman, Cotton Mather.—AP Wirephoto.

Commander?

A "General Church" named in a Seoul broadcast having been named South Korean defence commander may be Brig. Gen. John H. Church (above), who is listed as commander of the Ryukyu (Okinawa) Military Government. The broadcast quoted President Syngman Rhee as making the announcement.

Sudden Death In Rail Crash

Lying in the aisle of a wrecked coach of the Santa Fe Railroad's streamliner El Capitan is the body of a woman. Behind it are the bodies of two more victims of the collision between the El Capitan and another streamliner, the Kansas City Chief, near Monica, Ill. Ten persons were reported killed and 75 injured when, witnesses said, the mail coach of the El Capitan suddenly left the rails and swerved into the Chief.—Central Press Canadian.

Almost $2 Million In Revenues for B. C. Municipalities

VICTORIA, B.C., July 18 (CP) — British Columbia municipalities will get $1,843,613 from the Provincial Treasury as their share of motor vehicle licence fees for the year ended last March 31, it was reported today.

Payments will include $807,763 for Vancouver, and $64,443 for New Westminster.

Under the Municipal Aid Act, municipalities receive a third of net revenues from licence fees.

Richmond will get $30,422, Victoria $129,297, Courtenay $5096 and Esquimalt $10,963.

The money is for road building and municipal maintenance work.

VICTORIA, B.C., July 18 (CP) — The employment picture in B.C. has been steadily improving, in recent months, the Provincial Government's Bureau of Economics and Statistics reported today.

The number of job seekers registered for placement at the beginning of May was 25,335. In January the number was 68,933.

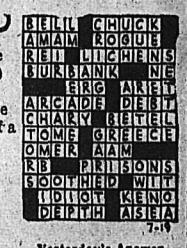
Yesterday's Answer



DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

D Y Y S P T F F Z D Q R I T H, E H L R E S T R I Q F T B Y C T: W Y F 'R Z C R Y H Y B M F-B Y C T R Y D Y Y S C Y W Y F D Y F H—W D E R-P E H.

Yesterday's Cryptoquote: LANGUAGE WAS NOT POWERFUL ENOUGH TO DESCRIBE THE INFANT PHENOMENON—DICKENS.

PUBLIC NOTICES

NOTICE TO CONTRACTORS

Sealed tenders, properly identified, and addressed to the Chief, Engineering and Construction Service, Department of Resources and Development, Ottawa, Ontario, and marked "Tenders for Electrical Underground Distribution System for Government Buildings at Radium Hot Springs, Kootenay National Park, British Columbia," will be received up to twelve o'clock noon, Eastern Standard Time, on the 2nd day of August, 1950, for the above itemized work in Radium Hot Springs, Kootenay National Park, British Columbia.

Plans, specifications, labour conditions, form of contract and tender form, may be examined in the office of the Supervising Engineer, Engineering and Construction Service, Department of Resources and Development, Banff, Alta., upon payment of an accepted cheque made payable to the Receiver General of Canada for an amount of Ten Dollars ($10.00).

Each tender must be accompanied by a money guarantee or certified cheque on a chartered Canadian bank, payable to the order of the Receiver General of Canada for an amount of One thousand dollars ($1000.00).

The money guarantee or certified cheque will be forfeited in the event the successful tenderer refuses to enter into a contract on the basis of his tender, when called upon to do so, or fails to furnish the security deposit required.

The money guarantee or cheques of unsuccessful tenderers will be returned.

Any tender not accompanied by such money guarantee or certified cheque will not be considered.

The successful tenderer must, within eight days of notification of the acceptance of his tender, furnish a security deposit of ten per cent (10%) of the total amount of the tender if it is equal to or less than $250,000.00 and five per cent (5%) if it is over $250,000.00 in the form of a certified cheque on a Canadian chartered bank, payable to the Receiver General of Canada, or by bonds of Canada or the Canadian National Railways guaranteed by Canada in bearer form, or registered in the name of, or transferred by an instrument in writing to the Minister of Finance and Receiver General of Canada.

The Department does not bind itself to accept the lowest or any tender.

C. W. JACKSON,
Acting Deputy Minister.
Department of Resources and Development,
Development Services Branch,
Ottawa, 5 July, 1950.

Market Trends

NEW YORK (AP)—A quiet rally built up to a powerful advance today.

Gains ranged to a top or around $3 a share. Steels, rails and motors set the pace.

Trading was moderately active. There was no trace of the feverish business that has appeared in many recent sessions.

Canadian issues gained with Hiram Walker adding ⅝, Canadian Pacific climbing ½, Distillers Seagrams gaining ¼, and Dome Mines increasing ⅛.

On the curb, Giant Yellowknife and Royalite Oil each added ⅛.

TORONTO (CP)—Prices jumped higher in comparatively dull dealings today. Moderate buying boosted market leaders slowly ahead. Volume was about 1,000,000 shares.

Best gainers in the quiet market were key issues. Papers, utilities, liquors, refining oils and constructions showed wide majorities of advances in the groupings. Western oils lagged slightly in early trading but caught up as the session progressed to chalk up gains ranging to 25 cents.

MONTREAL (CP)—Trading was slow for the second consecutive day, but prices were generally higher.

Advances ranging from small fractions to more than a point dominated the list near the final hour. Many key stocks remained unchanged.

Mines and Western oils were irregularly higher.

LONDON (Reuters) — A better feeling in all sections today was materially helped by the absence of further shocks from Korea and by the reported efforts in various capitals to end the dispute in that area.

A few small sellers appeared for South African gold shares later in the day and oil shares began to tend lower. In foreign bonds, there was a broad advance in Germans.

Dam Would Hamper Sockeye Run

VANCOUVER, July 18 (CP)—Another stand in British Columbia's Fisheries versus hydro controversy is included in the annual report of B. C. Packers Ltd.

If the Provincial Government dams the South fork of the interior Quesnel River for hydro-electric purposes, the report released today argues, a portion of the Sockeye salmon pack will be destroyed.

Such damming says President J. M. Buchanan, "would irretrievably destroy the Quesnel-Horsefly race of Sockeye salmon."

The Aluminum Company of Canada's planned power development in the Nechako area is possible without great loss to fishing interests, he says, but adds:

"This is a situation which clearly calls for joint planning and co-operative approach."

The firm, one of the largest of its kind in B.C., reported an income of $1,078,781 for the year ending March 31. Depreciation was $925,571.

Although there has been a loss in the Empire market, the report said, sales in the United States, Canada, Belgium and Italy remain good.

"Practically all the 1949 pack of canned salmon is out of the packers hands. The demand is reasonably strong."

Rebuilt Fort Yukon Faces Fire Peril

FAIRBANKS, Alaska, July 18 (AP)—The tiny Arctic Circle village of Fort Yukon, rebuilt by residents after it was destroyed by flood two years ago, faced a new peril today: fire.

A radioed call for aid, received here last night, said a windswept forest fire had moved within two miles of the village, approximately 150 miles North of Fairbanks.

Mrs. Ed Toussaint, town postmaster and amateur radio operator, said the wind had died down but that residents feared a new blow would send flaming firebrands cascading down into the heart of town.

A heavy blanket of smoke covered the village and its adjacent landing field, making it impossible to send help by air.

Men of the village bulldozed a wide path around the town in efforts to halt the advancing blaze.

The village was carried down the Yukon River by flood waters in 1948. Residents rebuilt the town last year, moving it farther from the river to avoid floods.

Increased Capital Sought By Base Metals

The Base Metals Mining Corporation is seeking approval of an increase in the capital of the company from 3,000,000 to 4,000,000 shares of no par value from shareholders of the corporation, at a special general meeting called for Wednesday in Toronto.

Subject to ratification of the increase, Stuyvesant-North Ltd., has agreed to underwrite 300,000 shares of the new capital at a price of 25 cents per share and in consideration would be given options on another 700,000 shares at prices ranging from 30 cents to 75 cents per share.

Wellington Work Progresses

Satisfactory progress on reconditioning of the underground workings of the Wellington mine near Retallack in the Slocan Mining division is being made and the upper tunnel has been opened up, the Waddington Mining Corporation of Vancouver reports. Work of replacing timbers in two crosscuts near the face of the tunnel will be completed as soon as possible.

The next step planned is the cleaning out of the next lower tunnel and the cutting of a raise to the upper level for ventilation. Equipment is now being assembled to be shipped to the mine.

AMERSHAM, Buckinghamshire, England (CP)—Asked to buy washing machines for use in girls' domestic science classes, women members of an education committee said: "No, it would encourage laziness."

All N.Z. Youths Called Up on 18th Birthday

By J. C. GRAHAM
Canadian Press Correspondent

AUCKLAND, N.Z., July 18 (CP)—New Zealand is the only Commonwealth country except Britain to have peacetime conscription in force. The first drafts of 18-year-old recruits now are finishing 14 weeks' intensive training, prior to being posted to the territorial force.

New Zealand approved peacetime conscription at a national referendum last year under the Labor Government. The new National Party Government fully approves the principle which it advocated long before it took office.

Since November all youths in New Zealand become liable for military service on reaching their 18th birthday. They are then obliged to register and are given a medical examination. Those classified as fit for training are given the option of training with the Navy or Air Force if their qualifications are suitable, but the number required by these two services is comparatively small and the majority of the recruits are drafted for army service.

On completion of their 14 weeks' basic training the recruits are still liable for shorter periods in camp for the next three years and also for weekend and evening parades several times a year.

Britain Stops All Oil to Red China

LONDON, July 18 (AP)—A Foreign Office spokesman announced today Britain has stopped all oil shipments to Red China.

British services operating in the Far East decided to take over all stocks of oil there for their own uses. Their needs have increased due to operations undertaken in carrying out the United Nations Security Council resolution for bringing back peace to Korea, the spokesman said.

Britain earlier this month turned down an American suggestion that oil shipments to Red China be limited. The Foreign Office spokesman at that time said only oil for civilian consumption was going to Red China.

The spokesman said today only one British company has been selling oil to the Chinese Communists. In the first six months of this year, he said, total supplies amounted to 26,000 tons—less than a tenth of China's civilian requirements.

The spokesman added:

"The question of the future supply of oil products to China has, however, become academic, since the British service departments (army, navy, air force), acting in terms of the United Nations Security Council resolution on Korea, have decided to take over all stocks of oil held by the company in the theatre."

The fuel in stock in the Far East will be used by the British fleet and, presumably, by British airplanes.

Will Discuss Ways To Control Floods

OTTAWA, July 18 (CP)—The International Joint Commission met today to discuss long-range plans to control the Red River, and prevent reoccurrence of the disastrous floods which caused millions of dollars' damage recently in Winnipeg and other parts of Manitoba.

Gen. A. G. L. McNaughton, selected yesterday to succeed the late Hon. J. A. Glen as chairman of the Canadian section, said that the commission will study the report of a joint Canada-United States engineering board established to study ways of preventing the floods.

"Plans for further engineering investigations required in the two countries will be discussed," he said.

Embarrassing Error

BERLIN, July 18 (AP)—An embarrassed spokesman admitted today that the British Control Commission had erroneously granted permission for the printing of 10,000 Communist leaflets in Allied-occupied West Berlin.

The leaflets promoted the Communist-inspired "Stockholm peace resolution" and called for outlawing of the atom bomb. East Berlin Communists planned to distribute them in West Berlin in a drive for signatures for the resolution.

The British spokesman said the licence was revoked as soon as the error was discovered. But it was discovered only after the Communist press proclaimed the legality of the signatures campaign.

Junior Boys Find Koolaree Thrill

Visitors day at Camp Koolaree is a big thrill for Kootenay youngsters attending the Kootenay Lake camp during the Summer. Above, 88 junior boys display for Sunday's audience of parents and friends the speed in which they can muster when called out by leaders' whistles. The boys responded to signals within seconds, lining up on the beach in their organized groups. Leaders quickly accounted for all boys.

Here a group of boys and visitors watch the "Pop. Smillie" bring a new group of visitors to camp from the highway side of the lake. A total of 77 visitors registered Sunday.—Daily News photos.

Singapore Report Puzzles Ottawa

SINGAPORE, July 18 (Reuters)—High military sources said today that eight British infantry battalions in Singapore could embark for Korea within 48 hours if so ordered.

According to rumors here, a British contingent to Korea might comprise a Scots battalion from Hong Kong; the First Battalion of the Scots Guards, now chasing guerrillas in the Johore jungles; and a Canadian army battalion reported to be mobilizing at Vancouver.

NO JUSTIFICATION

OTTAWA, July 18 (CP)—The government is getting reports from Lake Success on informal, exploratory proposals that an international legion be formed to fight in Korea but there is no sign yet of them jelling into reality, External Affairs Department officials said today.

At the same time, both External Affairs and army spokesmen were buffaloed by reports from Singapore that a Canadian battalion—"reported to be mobilizing at Vancouver"—may become part of a British Scots brigade to fight in Korea.

Neither of them could think of any justification for the report except the possibility that it is related to the annual Summer training trip of Vancouver's reserve force Seaforth Highlanders. They go this year to the big army base at Wainwright, Alta.

The army said there is no intention of mobilizing the Seaforths or any other reserve battalion at this time. There are no permanent force infantry units in British Columbia.

Destroyers to Fly United Nations Flag

OTTAWA, July 18 (CP)—The United Nations flag, in being flown by three Korea-bound Canadian destroyers, is joining quite a family of Canadian seagoing flags.

As members of a Commonwealth navy the three destroyers while at sea fly the White Ensign, consisting of a red St. George's cross on a white background with the Union Jack in the upper left-hand corner.

In port, they would also fly the Canadian Blue Ensign, a duplicate of the Red Ensign widely used in Canada except that the background is blue. This establishes Canadian identity.

The navy here does not know whether the three destroyers yet have the U.N. flags. But when they do get them they won't be flown either above or below the Canadian flags. They will be flown elsewhere in the ship, probably from the foremast near the bridge.

Not Enthused by Menzies' Plan

WELLINGTON, N.Z., July 18 (Reuters)—Suggestions for a Commonwealth Cabinet were deprecated today by Patrick Gordon-Walker, United Kingdom Secretary for Commonwealth relations.

Recently arrived from Canada in the course of a Commonwealth tour, Gordon-Walker was asked at a press conference to comment on a London report that Prime Minister Robert Menzies of Australia was making the suggestion, during his current British visit.

Gordon-Walker said in his opinion a supreme body within the Commonwealth with authority "to order individual Commonwealth countries about" would not work, although "existing facilities for the exchange of opinions and information might be still further improved."

KOREA INTERRUPTS PENSIONS TALKS, STRIKES WITH TRUCULENT EMPHASIS

By DOUGLAS HOW
Canadian Press Staff Writer

OTTAWA, July 18 (CP) — The Korean war, in addition to its many other amifications, may have tipped the scales against any further Canadian advance into the welfare state at this time.

It is considered doubtful here that the Federal Government, faced with the prospect of mounting defence costs and months of world tension, will seriously consider a sharp increase in old-age pensions costs as recommended by a joint Parliamentary Committee last month.

In Ottawa at least, it is apparent that Korea has notably altered a political climate that appeared to be quie favorable to step forward in pension legislation, with all major parties backing it.

NO SIGN

The committee's recommendations—for a $40-a-month pension to all at 70, a means-test pension for the needy from 65 to 69—would cost the public more than $385,000,000 if fully implemented. The Federal budget now runs to roughly $2,400,000,000.

There is no sign that the Federal Government is preparing any proposal on pensions to place before the conference or that it intends to do more than table the committee's report.

Whether Ottawa would have been prepared to expand the pensions setup if Korea hadn't come along is mainly a matter for conjecture. The fact is that Korea struck before any serious consideration could be given.

There has been for some a tendency to rivalry betwen defence and health costs, each large, each tending to want to grow larger. Korea has entered that fray with a truculent emphasis.

Triple Drowning Takes Mother, Babe and Driver

TREHERNE, Man., July 18 (CP)—A mother and her five-day-old child being driven home from a maternity hospital died in a triple drowning in the Assiniboine River near Holland, Man., the Royal Canadian Mounted Police detachment here reported today.

Officers said a car driven by Edwin Walker, 37, and carrying the mother and child plunged over the end of a ferry into the river seven miles North of Holland, which is about midway between Brandon and Winnipeg.

Besides Walker, Mrs. Willis Graham, 28-year-old English war bride, and her baby were drowned.

Press Woman Leaves For Headquarters

ADVANCED AMERICAN FIELD HEADQUARTERS, Korea, July 18 (AP) — Marguerite Higgins, New York Herald-Tribune correspondent, left last night for U. S. Eighth Army Headquarters under army instructions.

She said she had been ordered back to Tokyo and had been told she would be taken to Eighth Army Headquarters under escort. However, there was no escort.

Miss Higgins said last night she would ask a review of the order.

(In New York, Whitelaw Reid, editor of the Herald Tribune said "we believe the decision to force her to return to Tokyo is wrong and unfair in view of the outstanding job of reporting she has done.")

Miss Higgins said she had been given no reason for her expulsion. She said she believed she was being ordered out only because she is a woman.

Must Never Repeat Battle of Britain

LONDON, July 18 (Reuters)—Air Chief Marshal Sir Guy Garrod, Chairman of the Air League of the British Empire, today criticized the British Government for sending latest-type fighter aircraft to its Western Allies while the state of its own air defences was "worse than alarming."

"In a grave and deteriorating international situation our air defences are seriously deficient," he told a League luncheon in London. "The Royal Air Force and its auxiliaries must be strengthened at any cost and without delay."

"There must never be another 'Battle of Britain' like the last," he said.

Canada imports more goods from Venezuela than any other country except the United States and the United Kingdom.

Veteran Pressmen Off to Korea

NEW YORK, July 18 (CP)—Two veteran correspondents are en route today to reinforce the Associated Press' Korean war theatre staff and a third is scheduled to leave within a few days.

Hal Boyle and Don Whitehead, who covered more beachheads than any other United States correspondents in the Second World War, are on their way to Korea. Whitehead has most recently been a member of AP's Washington staff.

Relman (Pat) Morin is planning to return to old stamping grounds. He was chief of the AP bureau in Tokyo just before the Japanese attack on Pearl Harbor in 1941. For the last 18 months he has been an AP general executive based in New York.

TO QUERY ON NEWSMEN'S CODE OF ETHICS

GENEVA, July 18 (Reuters) — The United Nations is to ask the world's press what it thinks about the idea of an international code of ethics for journalists. The Social Committee of the Economic and Social Council made this recommendation here today after a debate on a code of ethics submitted by the sub-commission on the freedom of the press.

Canada has an area of 3,845,144 square miles compared to an area of 3,608,787 square miles for the United States and Alaska.

Oriental Students Work For World Church Council

TOKYO, July 18 (AP)—Armed with Christian ideals, picks and shovels, groups of Oriental and Western students are working among the Japanese again this Summer.

A series of "service and action projects," launched last year is being continued by students from Japan, Korea, Canada, the United States, Okinawa, the Philippines Thailand and China. The work is under the auspices of the National Christian Council as part of a global program of the World Council of Churches.

The World Council maintains similar projects in Europe. The camps in Japan opened this month and will operate four weeks.

Hallam Shorrock, Secretary of the National Christian Council in Japan, said the students were assigned to "eight areas of Japan to perform urgent tasks of reconstruction and rehabilitation."

The students help build homes for repatriates, drainage ditches, water reservoirs and children's playgrounds. They also organize Summer church schools and assisting local churches.

Last year some put in four weeks aiding reconstruction in the atom-bombed city of Nagasaki.

The students pay their own expenses. A few who work in industry receive wages. The industrial workers also will meet with Japanese labor, management and community leaders for talks on wages, hours, unions and business operations.

A youth caravan will take eight students into Nagano Prefecture for "revitalizing the local church youth program, organizing vacation Bible study groups, leading recreation and holding evangelistic meetings."

Business Men Await Indication Of the Shape of Things to Come

By FORBES RHUDE
Canadian Press Business Editor

President Truman's message to Congress Wednesday is being awaited by business men for its indication of the shape of things to come.

It is not considered likely that a real wartime-controlled state will come at once, but nevertheless there is forecast of some controls. Two factors may bring them faster than would otherwise have been the case.

These are a considerable rush by Americans to stock up on things which might become scarce in wartime, and steep boosts in commodity prices.

Whatever develops Wednesday, controls once started can spread rapidly and can soon find their way across the border.

Among things predicted in Washington are controls over steel, curbs on consumer credit, and possibly a tax increase.

In the meantime, if there should be a widespread war, American observers see United States industry in a much better position than when it faced the Second World War.

Sam Dawson of the Associated Press comments:

"Industry, from the largest to the smallest company, waits word expected soon from Washington as to when it is needed to be mobilized. The question is: If industrial mobilization is needed at this time, is it to come all at once or piecemeal?

"Industrials are trying to guess: 1. Which of their employees, from the unskilled to the executives, will be called into service, and how they are to be replaced; 2. Whether their company's production is to be controlled, their raw materials rationed, the type of goods they make changed; and 3. Whether price controls are to be clamped on the materials they buy, and whether their inventories are to be regulated or confiscated.

"But once the uncertainty is over, leaders in almost all industries feel they are ready this time to do a bigger war production job, and in many cases a quicker one."

What can be said of the production powers of the United States can certainly be said also of those of Canada, for per capita Canada has probably increased her production powers more than her neighbor.

Rains Improve B. C. Crop Conditions

OTTAWA, July 18 (CP)—Crop prospects on the prairie provinces have shown "marked improvement" as a result of heavy rains over the last week, the Bureau of Statistics reported today in a period summary of crop conditions across Canada.

Recent rains have improved crops in the Peace River and central interior sections of British Columbia. Drier conditions are reported elsewhere and rain is needed to maintain the crops. Haying is well advanced.

AVIATION CONTROLLER

OTTAWA, July 18 (CP)—Major Robert Dodds, 57-year-old fighter pilot of the First World War, Monday was appointed Controller of Civil Aviation. Formerly Superintendent of Airways and Airports of the Transport Department, he succeeds A. D. McLean, recently appointed to the Air Transport Board.

Rio De Janeiro's new soccer stadium will have a nine-foot moat around the field to protect players from over enthusiastic fans.
