16-Hour Ferry, Nothing Less—Hendricks; Kaslo-Slocan Road Attention Is Demanded

Official Coming To Aid in Regional Hospital Problem

Hendricks Asks Exemptions for Maternity, Policy on Low-Income Patients; Urges Support of H.I.S.

(Special to The Daily News)

VICTORIA, B.C., March 29—The Provincial Health Department will send a top official to Nelson in an effort to help the city's Hospital Committee work out a solution to its problems regarding Kootenay Lake General Hospital.

This was reported to the Legislature Thursday by Walter Hendricks, Cln.—Nelson-Creston, who reviewed the problems confronting Nelson in the matter of hospitalization, and advocated a system where the area surrounding the city might levy some type of tax to help in construction of regional hospitals.

It had been recommended that a district hospital be built at Nelson with accommodation for 140 patients which could be expanded to look after 250.

The hospital would cost a minimum of $1,500,000.

Nelson's share would be $500,000 which was a heavy load to expect a city with a population of about 6000 taxpayers to carry.

A bylaw for the hospital would mean an increase in the mill rate of about 20 mills. This was a bitter pill for the taxpayers, many of whom were retired people living on fixed income.

On top of this problem was an order of the Fire Marshal that the existing hospital must install fire sprinkler systems and new electrical wiring which would cost $100,000.

This alone was a heavy burden, and the expenditure would not increase the facilities by one single bed.

ASSISTANCE

"I certainly hope," said the Nelson Member, "that the Provincial Department will be able to assist us in finding a solution to our difficulties."

While on the question of hospitalization, Mr. Hendricks reiterated that changes to the Hospital Insurance Act had to be supported because they gave the only feasible solution to the financial problems of the scheme.

"This insurance plan can be made to work satisfactorily, I feel certain," he said. "I believe our scheme will be a model for the rest of North America to pattern."

EXEMPTIONS

Some consideration should be given, though, to the granting of exemptions from payment of co-insurance charges to certain classifications of patients, Mr. Hendricks said.

He thought maternity cases should be first on the list. Also he thought a definite policy should be set up for low income groups who were unable to pay charges. And protection should be given as well to chronic patients.

Harding Brings Wismer Words On Liquor Problem Out of Past

(Special to The Daily News)

VICTORIA, B.C., March 29 — Attorney-General Gordon Wismer had a thorough tussle with an opposition member of the Legislature Wednesday over the liquor question.

He was quick to defend himself when Randolph Harding, CCF—Kaslo-Slocan, dug into the past to read newspaper reports of views the attorney-general had expressed on the subject.

Harding said Mr. Wismer, sitting as a private member in 1946, had insisted that the Government of the day face the liquor issue "fairly and squarely" and that it lay down a sound policy.

Mr. Wismer objected to the fact that the Kaslo member was reading from a typewritten sheet rather than from the newspapers. And he demanded that they be brought into the House because he suspected some of the words were not his own.

WINCH TO LIBRARY

Harding continued, while opposition leader Harold Winch rushed to the library to obtain the newspapers, saying the attorney-general in 1946 had contended that small bottles of liquor should be made available at the liquor stores for the working man who was unable to pay $4 and $5 at a time.

A month later, Mr. Wismer, who had returned to cabinet rank as attorney-general, reportedly told the Legislature that he had in mind the necessity for reconsideration of the liquor policy in regard to distribution through stores, beer parlors and clubs.

He was quoted as saying: "This can be carried out by order-in-council and as soon as the duties of the present session permit me, I proposed to make a thorough study of the situation, and I feel that many improvements can be introduced which will be more in line with present-day conditions and more in keeping with the wishes of the people as a whole."

INTERNATIONAL STUDY

Again in August, 1946, Mr. Wismer was quoted as saying that he would formulate a policy to modernize B.C.'s liquor laws for submission at the next session of the Legislature, after a thorough investigation had been made of liquor regulations in Britain, the United States and Eastern Canada.

At last year's session of the House, though, the newspapers reported the attorney-general as saying he would review the liquor laws during the year and seek some suitable solution to the problem he freely admitted existed.

"This should show one and all," said Mr. Harding, "that the issue is being dodged, and I claim the problem won't be solved by such tactics."

The CCF member claimed that in 1935 there were 71 club licenses in B.C., by 1940 there were 78, in 1945 the number was back to 71 and in 1950 there were 102.

RATIONING

Meanwhile Mr. Wismer has been pouring over newspaper files the opposition leader has brought him, and he interrupted Harding to say that what he had to say in the years gone by had to do with liquor problems in the days of rationing.

He said he had never made any reference to sale of liquor by the glass to which Harding replied:

"You're pretty touchy on this, aren't you. I haven't mentioned anything about liquor by the glass, or cocktail bars."

Minority Paid on Red Cross Staff

TORONTO, March 29 (CP) — B. Ward-Price, President of the Toronto branch of the Canadian Red Cross, said yesterday only three-quarters of one per cent of the antional stiff is paid. Some 80,000 workers—volunteer and paid—are on the list. Mr. Ward-Price said there had been some criticism that the Red Cross misrepresents itself in advertisements referring to it as a society of "volunteer workers"

Russian Fish Story

MOSCOW, March 29 (AP) — The newspaper Evening Moscow has come up with a story from Lake Baikal about transparent fish.

The fish, said the dispatch, is called the "Golomyanka." Here's how the dispatch told it:

The Golomyanka lives in the immense depths of Siberian Lake Baikal. Nets were dropped more than 1200 feet and the fishermen brought up a big catch.

The fish were so transparent that it was possible to read newspaper print through their bodies, because the bodies are made of colorless fat. Exposedd to the sun, these fish melt away from the heat.

Monashee Resurfacing Overdue, Says Harding

Harding Asks Aid in Bringing Industry to Kootenay, Skilled Men to Cope With Road Difficulties

(Special to The Daily News)

VICTORIA, B.C., March 29—Never in the history of the Kaslo-Slocan riding have road conditions been as bad as they are today, the Legislature was told Wednesday by Randolph Harding, C.C.F. member for the district.

He gave a review of conditions and said bluntly: "Everyone in my area is fed up."

Harding was critical of the Public Works Department for not supplying Kaslo-Slocan engineers who, he said, should have wide experience to be able to cope with the difficult road conditions of the riding.

Then he started his drive around the district to show members how rough things were.

First there was the Sandon road which he described as the worst piece of highway that could be found anywhere. "How long are we going to be ignored?" he asked.

Next there was the Lardo road which had been promised and which was needed in the worst way.

Another road which the government should build immediately was a link between Edgewood South to the Southern Trans-Provincial highway.

Among the sections of highway in the area where reconstruction, resurfacing and general improvement were long overdue was the Monashee highway, Harding said.

OPPORTUNITIES WIDE

The youngschool teacher-politician urged the government to bring industry to the Kootenays where oportunities were many and varied.

He hoped the talk of a pulp mill on the Arrow Lakes would materialize saying it would be one of the finest investments that could be made in industrial development of the interior.

A pulp mill on Arrow Lakes could tap the whole of the Big Bend as far as Invermere, he said.

Harding asked also that the supplying of power from the B.C. Power Commission's Watshan project to the rural areas nearby be expediated.

The opposition member dealt at length with teachers' pensions and said the government should not reduce its contribution to the fund from which allowances were paid retired teachers.

He claimed teachers should be given the same treatment as civil servants in the matter of pensions where the government matched employees' contributions.

Allies Advance

TOKYO, March 30 (Friday) (CP) —Canadian and Australian troops forged sizable gains in muddy Central Korea Thursday, but Red resistance stiffened elsewhere near Parallel 38.

The Commonwealth units hit little resistance and made their biggest of recent advances. They were slowed down only by rugged terrain and fast-flowing mountain streams swollen after three days of rain.

The Eighth Army command believes the Chinese and Korean Reds are capable now of launching a more powerful offensive punch than before, AP correspondent Leif Erickson reported from Eighth Army headquarters.

Protected against Allied air power by steady rains, the Reds are rapidly rebuilding their strength along and above the parallel which divides Red North and Republican South Korea.

A field dispatch reported that up to 1000 Red vehicles have been spotted on the roads at night.

Mother Overcome

VANCOUVER, March 29 (CP) — The mother of Brenda Ostrum, tiny fire victim, collapsed today during an inquest into the infant's death and was unable to testify.

Hendricks Urges Cooperation Among Members

(Special to The Daily News)

VICTORIA, B.C., March 29 — A call for greater cooperation between private members of the Legislature and Cabinet members was made in the House today by Walter Hendricks, Cln. — Nelson-Creston, if Coalition is to weather the storm of criticism now battering its sides.

The respected Nelson representative, who is seldom missing from his seat in the House, said he was surprised at the attitude of indifference apparent among some members to sections of the province apart from their districts.

"I feel that the success of the Government hinges entirely on the cooperative unity of every member and I feel that every private member should be interested in the other's problems," he said.

"And I definitely feel that our treasury benchers should lend a more sympathetic ear to the private members."

It was the private members who were, or would be, close to the "grass roots in the province, Mr. Hendricks said.

"I hate to think that we are perhaps getting away from Abraham Lincoln's Government of the people, by the people, and for the people", he said.

Rossland Tax Rate Increased To 60 Mills

ROSSLAND, B.C., March 29 — Rossland taxpayers will pay an additional five mills this year, the first increase in four years.

A new rate of 60 mills was adopted by Rossland City Council this week.

Council members felt that the increase was necessary in order to maintain a program of improvements and a progressive policy. The rates bylaw for 1951 considered by Council in committee set out the following division:

For debt retirement, principal and interest, 11.61 mills; schools, general, 26.87 mills; school debt retirement, interest and principal, 10.02 mills; general purposes 11.50 mills. A total of 36.89 mills is required for school operations and debt retirement.

Before setting the mill rate, the Council adopted the 1951 budget of estimated receipts and expendtiures which showed a total of $231,432.20 in revenue was expected for the current year.

Says Labor Wishes Not Met by Delay In Labor Act Move

(Special to The Daily News)

VICTORIA, B.C., March 29—Disappointment that the Industrial Conciliation and Arbitration Act will not be amended at the current session of the Legislature was expressed in the House Thursday by Walter Hendricks, Cln. — Nelson-Creston.

He said he had been given to understand at the last session that the labor code would be opened, but the wishes of organized labor were not being met.

Hendricks said there was one consolation. The proposed appointment of a Legislative standing committee to investigate all phases of the labor act this year meant some action would be taken at next year's session of the Legislature.

Canadian Cars Still To Have Spares

WINDSOR, Ont., March 29 (CP) —Canadian car manufacturers here said today they will continue to equip automobiles with spare tires.

United States manufacturers announced in Detroit last night their dealers no longer will furnish the spare tire with new cars. The action was attributed to the national production authority's new curtailment of rubber for tires and tubes.

TILLY ROLSTON BOLTS COALITION

Tide of Protest Against H.I.S. Changes Swelling

VICTORIA, B.C., March 29 (CP) — Mrs. Tilly Rolston, Coalition Member of the British Columbia Legislature for Vancouver-Point Grey, today walked across the floor of the Legislature, announcing she now will sit as an Independent.

Mrs. Rolston is the second Coalition Member to desert the party since the current political crisis arose over increases in compulsory hospital insurance rates.

W. A. C. Bennett, Coalition Member for South Okanagan, was the first to quit the party and sit as an Independent.

The Coalition comprises 22 Liberals and 17 Progressive Conservatives. The C.C.F., the official Opposition, has seven Members, Labor one and there is one vacancy in the 48-seat House.

With the loss of two Members, the Coalition is reduced to 37 Members and the combined Opposition increased to 10.

The hospital insurance scheme, in operation two years, is $12,700,000 in the red.

The Legislature recently passed amendments raising annual hospital insurance premiums from $33 to $42 for families and from $21 to $30 for single persons. In addition, patients now have to pay between $2 and $3.50 a day for the first 10 days in hospital. Previously, there was no charge.

WON'T RESIGN

Political observers here held firm to their belief the Government would not resign. It still has two years to run before an election.

But from all quarters of the province, the tide of protest lashed at the Government.

City and municipal councils protested the hospital premium increases. Letters to the editor columns have been flooded with angry letters. There have been repeated demands from various groups that the Government resign and call an election.

Harry Perry, President of the B.C. Liberal Association, said he plans to call a meeting of the Liberal Advisory Committee to consider "the dangerous state of the party's affairs."

TORY-INSPIRED

He said the hospital insurance rate increases were "Tory-inspired" and that "inexperienced and weak-kneed Liberals in the Cabinet have brought on this condition."

Two Liberal Members of Parliament, George Cruikshank, Fraser Valley, and Tom Goode, Burnaby-Richmond, have urged "quick action to save the party" in B.C.

Mr. Cruikshank suggested that Premier Byron Johnson be replaced as Liberal leader.

The Coalition was formed in 1941 to keep the C.C.F. from office. Premier Johnson has headed the Government since 1949.

Planes Bomb 'Hat Ice Jam

MEDICINE HAT, Alta., March 29 (CP)—Two 500-pound bombs were dropped by two RCAF planes tonight below an ice jam in the South Saskatchewan River which has caused considerable flooding here.

Flooded roads made it impossible to get a close look at the results but observers with field glasses said that although a lot of ice was thrown up the explosives did not appear to relieve the situation.

Meanwhile, the two Mustang fighter-bombers from Rivers, Man., were standing by at the nearby Suffield airbase in preparation for another bombing run at dawn.

The flood itself was reported not to be quite as serious as earlier in the day but residents remained on the alert as the ice-swollen stream continued to threaten.

"Free" Coal Has to Travel 120 Miles

SHEFFIELD, England, March 29 (CP)—Carrying coal to Newcastle is more than a saying for miner Robert Soulsby.

Soulsby gets a ton of free coal every month. Every two months he sends it to his wife, who lives 120 miles away at Gateshead, across the Tyne River from Newcastle.

Each delivery costs Soulsby £6 5s. ($18.75). His union wants the free coal delivered from a pit near Gateshead, but it is under different jurisdiction.

Employer representatives say they can't make a precedent in Soulsby's case or imported Italian miners will be asking for free coal to be sent to their homes in Naples or Rome.

Church Members Fled to Mountains To Avoid A-War

BURBANK, Calif., March 29 (AP) — Eight elderly church members today disclosed they have been hiding out in the mountains since 1947 from an atomic war on a tip from their pastor.

And, in actions filed in Superior Court, they allege that President Jerry Hauff of the Gospel Assembly in Christ of Van Nuys induced them to sell their homes to give him cash. Their suits ask return of $62,000 in promissory notes to Hauff, some of which are allegedly past due.

The plaintiffs claim they were told to sell their homes and move to a mountain hideout, "Eden City" near Acton in the Los Angeles National Forest.

There they stored food in caves, lived in houses with no water or toilet facilities. The elderly people said they worked 80 hours a week during their stay caring for livestock, chickens and rabbits and doing heavy farm chores.

CURB CIVILIAN USE OF STEEL

Utility Goods Program to Save Other Materials

OTTAWA, March 29 (CP)—Government officials have put the finishing touches to a new steel order, the first to curb the use of steel in the manufacture of civilian consumer goods, it was learned today.

Production Minister Howe is expected to sign it and put it into operation after his return from a Bermuda holiday Monday.

At a later date will come publication of the Government's new "utility goods" program, by which the volume of consumer goods will be maintained, but without the usual trimmings, thus conserving the use of essential materials.

Effect of the new steel order, it is expected, will be to limit the amount of steel which manufacturers, say, of such items as washing machines, electric stoves and refrigerators, can employ in their production plants.

The order will cut steel use as much as 20 per cent of normal, paralleling the steel orders on consumer goods now in effect in the United States.

While the new restrictions may affect a wide range of civilian goods, it is not known whether they will include the automotive industry.

Passenger car production already has been hit by the U.S. order which restricts use of steel in car plants.

Under the "utility goods" program, manufacturers would be ordered to hold use of essential materials, such as tin, steel, aluminum, copper, nickel, chrome and lead, to a minimum.

'53 Liquor Plebiscite Set

VICTORIA, B.C., March 29 (CP) —A plebiscite on changes in liquor distribution in British Columbia will be held at the next general election in 1953, Attorney-General Gordon Wismer announced today in the legislature.

"It is felt a mandate should be obtained from all the citizens of the province," he said. "I therefore state on behalf of the government that the plebiscite should and will be held at the next general election.

The Attorney-General said he did not agree that a royal commission was necessary. He doubted also, that liquor changes presented a case for a plebiscite.

"We should either introduce sale of liquor by the glass or refuse to do so, and stand or fall in a democratic way at the polls," he said.

"However, this is a democracy and the majority has decided to submit the matter to a plebiscite," he said. "I cannot quarrel with this conclusion though I would have preferred the other way."

The Attorney-General said it had been decided to hold the plebiscite at the next general election because people would not vote in numbers at any other time, because interested pressure groups, "especially those with heavy financial backing," could influence the result between elections, and because of the cost of a plebiscite estimated at some $300,000.

OTTAWA, March 29 (CP) — The number of registered unemployed in Canada dropped 6500 in the two-week period ended March 1, the Labor Department announced today.

Joins District Drive For Steel Industry

Nelson-Creston Member Backs Call For Lardo Road, Sees Greater Irrigation, Industry for Creston

(Special to The Daily News)

VICTORIA, B.C., March 29—Nelson-Creston's member of the Legislature pleaded again in the House Thursday that the needs of his territory in regard to roads, ferries, and industrial development be met by the Government.

Walter Hendricks had his second turn at speech-making in the current session when he took part in budget speech debate—debate, incidentally, which ends Friday.

He joined with Fernie's Tom Uphill in a recommendation that serious consideration be given to a site in the Kootenay country for establishment of a steel industry, and said:

"It seems hard to understand with such a shortage of steel in this country that nothing is done when we have all of the necessary 'ingredients' right in our front and back yards—in the Kootenay district."

On the subject of roads, Mr. Hendricks moved a little outside of his riding to plead for construction of a road from Kaslo into Lardo, which he said would be a mining road principally and should be built from additional funds made available in the coming fiscal year for such work.

The Minister of Mines (Hon. R. C. MacDonald) had told the house earlier that the mining industry with the exception of gold was facing a boom, and the Nelson-Creston member said his district was one of the oldest base metal mining districts of the province—a district that had played an important part in the economy of B.C.

It was gratifying, then, to hear that the government had budgeted for more extensive construction and improvement of mining trails and roads, and Mr. Hendricks said the Lardo road should be remembered.

The member was warming up to a pet subject — the Kootenay Lake ferry — and once again he demanded that the ferry be placed on a minimum of a 16-hour schedule.

MORE DOLLARS

The Minister of Trade and Industry (Hon. Leslie Eyres) had said in the house last week that tourists had left $60,000,000 in B.C. last year and Mr. Hendricks wondered:

"How many more dollars could we have had if this important ferry had been operating on a longer schedule?"

There were thousands of tourists enterng the U.S. at Kingsgate and Porthill because of the Kootenay Lake Ferry bottleneck, and they seldom re-entered Canada until reaching the Coast.

"We must have this ferry on a 16-hour schedule at least," Hendricks asserted.

"And," he warned, "I'm not going to let up on this until we get the extended schedule because it is vitally important to the future of the whole district."

The member reported that the West Kootenay Power Company had recently announced intention of building a power line from Riondel to the East side of Kootenay Lake at Creston which he said, was an important step in the progress of the district.

There would be the possibility, as a result, that 40,000 acres of land in the Creston district would be opened up through irrigation. Agriculture and irrigation went hand in glove, and electrification could mean establishment of a greater Creston irrigation district.

"I can visualize a great future for this fast growing enterprising and progressive community," Hendricks said.

The Nelson member expressed sympathy for retired school teachers whose pensions were inadequate and he asked that every consideration be given to representations the teachers were making in regard to their pension fund.

Rupert Expects Shipping Boom

PRINCE RUPERT, B.C., March 29 (CP) — The Daily News says today in a newspaper story that "big shipbuilding in Prince Rupert may start again."

The story adds: "Unofficial but reliable sources said there are strong indications this city's drydock and shipyard will soon be activated with several orders for smaller-type navy vessels. No other information is immediately available."

The shipyard turned out several freighters during the Second World War but has since been comparatively inactive.

Six Years Jail For Detective

TORONTO, March 29 (CP) — Michael Manos, 27-year-old former private detective, today was sentenced to six years in penitentiary for his part in the theft by a 33-year-old woman bookkeeper of $38,500 from a law firm.

A jury deliberated 15 minutes in convicting him of theft after the bookeeper, Elsie Teasdale, testified that he once gave her a fraudulent $3500 check "just to brighten my weekend." Miss Teasdale now is serving a two-year sentence.

And in This Corner—

PHILADELPHIA, March 29 (AP)—Members of the Federal Grand Jury investigating rackets got an unscheduled peek at a dice game today on the East side of the Federal Building.

A juror who strolled toward a window saw several men rolling dice on a quiet side street. Fascinated, he called his fellow members for a first-hand look into gambling.

Police broke up the game.

TARENTUM, Pa., March 29 (AP)—If James Mufley had known that 60 firemen were coming to dinner he might have baked a cake.

Smoke pouring from a window summoned the firemen, who found Mufley sitting calmly in his smoke-filled room.

"What are you doing here?" Mufley asked.

The firemen burst into an adjoining room and found the fire. It was on the stove under a steak cooked the way Mufley likes them—very well done.

BOSTON, March 29 (AP)—The Boston Globe today printed on page one this "emergency" letter to the editor —

Will you please tell me whether April Fool jokes should be played on Sunday or Monday? April 1 comes on Sunday but sometimes holidays are celebrated on Monday. I always put salt in the sugar bowl on April Fools' Day.

(Signed) Kathy, aged 7, Newburyport.

SEATTLE, March 29 (AP)—This is almost as complicated as one of those "I'm-my-own-grandpa" stories.

Pte. James D. Christensen, 19, married his mother's second husband's 16-year-old daughter.

The wedding Tuesday night climaxed a 30-day furlough for Christensen from Alaska. The furlough gave him a chance to get acquainted with his step-father, George Miller—and his pretty step-sister, Edith Miller.

His marriage to Edith makes Christensen's step-father his father-in-law. Mrs. Miller, who is her son's bride's step-mother, is also her mother-in-law.

"Gosh," Christensen observed, "I guess that makes my mother my mother-in-law."

BALTIMORE, March 29 (AP)—The Metropolitan Opera Company presented Johann Strauss' "Fledermaus" (The Bat) here last night—but the show was almost stolen by a real one.

"Minor Key" is the scene-stealing bat's name. He's an old inhabitant of the Lyric Theatre.

The erratic bat zoomed from the rafters during an aria by prima donna Jar Mila Novotna and delighted an audience of 3000.

Theatre people said the bat has been in the rafters for the last five or six years and all efforts to capture him have been futile.

This was his first public appearance since he startled an audience at a symphony concert a year ago.

La Novotna maintained her poise last night.

As the bat dipped about her head in his daffy flight, she only smiled a little and waved at him with a long cigarette holder.

Harding Takes Scalpel to Coalition Twins, But Decides to Let 'Em Die

(Special to The Daily News)

VICTORIA, B.C., March 29—The Legislative Chamber took on the appearance of a hospital operating room Wednesday when the C.C.F. Member for Kaslo-Slocan pulled on rubber gloves of budget speech debate.

With hands steady, Randolph Harding approached the Siamese twins of Liberals and Conservatives in Coalition, and a thorough diagnosis began.

He saw that a lot of blood had flowed from the veins of the Tory twin to the Liberal sister, consultations with legislation being passed showed that the Conservative faction was becoming predominant.

It appeared to Doctor Harding that a separation of the two was imminent, but it meant a serious operation which medical history showed death usually for one and sometimes for both of the twins.

What must be? Must be, though, and the cutting instrument had to be chosen.

The medico thought the scalpel to be used was the preferential ballot plans of the Government.

Undoubtedly that was the gimmick that would do the trick.

But wait, said Harding as he took another look at the temperature charts.

There was little doubt, he pondered, that the twins would fail to survive.

Why not leave them together, then, he said, and let them die a natural death.

Postmasters District Inspectors In Latest Department Economy Move

Latest step in the Post Office Department's economy program, that of setting up the larger district branches as supervising post offices, will go into effect next month.

Aim of the move is to reduce travelling expenses for regional inspectors by cutting down on the size of their areas.

Under the altered set-up Postmaster W. G. Hall of Nelson will become supervising postmaster for 21 offices in the Nelson district. Actually there are about 55 offices in this area, but the remainder will still be covered by the regional inspector, Mr. Hall said.

The postmaster said the district under his supervision would extend from Crescent Valley and Shoreacres in the West through the West Arm and up the main lake as far as, but not including Kaslo. Salmo and Kaslo post offices will supervise smaller districts.

He said areas had been mapped out to permit the postmasters to make inspection trips to even the extreme points in one day so as to keep travelling expenses to a minimum.

The Trail Post Office will supervise a district containing about 12 post offices, including the five sub-offices in the city.

MONTREAL, March 29 (CP) — Montreal Locomotive Works Limited today reported da net income of $89,000 for the fiscal year ended Dec. 31, compared with $2,427,000 the preceding year.

Net earnings per share were 13 cents compared with $3.47 the preceding year.

Net working capital was $10,624,000 compared with $10,740,000 the preceding year.

Herridge Raps Arrow Lakes Mail Cut and Treatment of Mailmen

A protest against the cancellation of Arrow Lakes mail service and of the manner in which Post Office economies were being carried out, has been voiced in the House of Commons by H. W. Herridge, M.P. for Kootenay West.

Mr. Herridge said that Post Office public relations had deteriorated to an extent where postal officials were making decision without consultation with local organizations or local bodies.

"They make decision with regard to the delivery of mail, mail service and post offices, and the first intimation that the people have about those things is that they simply have them.

"In my constituency there was in operation for 50 years a post office which cost this government $131 a month to operate; and after 50 years of service it was simply cancelled by a telegram being sent to the postmaster telling him to return his goods and chattels to the Vancouver office.

"I refer to the mail delivery service that operated on the Arrow Lakes with steamers on those lakes. It was cancelled without any person in that district from Revelstoke to Trail being consulted as to the best way of saving this country some money," Mr. Herridge said.

The speaker also commented on the one-a-day delivery economy and spoke of the "hardship" these new arrangements have placed upon many of the postmen.

HARD WORKERS VICTIMIZED

"I think we are fully justified in protesting the form of economy that is taking place in the postal department where the first people you pinpoint are some of the hardest working and lowest paid people in the department," Herridge remarked.

He said this was not his opinion but "the opinion of a good number of the citizens in the cities of Trail and Rossland.

Herridge then commented on the changes which the one-a-day delivery was making in the postman's work-day, quoting from a story which appeared earlier this month in the Daily News under the heading "Nelson Mail Carriers Find One-A-Day Delivery Tougher."

J. C. Harris, New Denver Pioneer, Dies

NEW DENVER, B.C., March 29—Joseph Colebrook Harris, 80-year-old pioneer of the Slocan, died in his sleep in Victoria it was learned here today.

Mr. Harris has been visiting his brother, A. C. Harris, in Victoria during the Winter. His son, A. L. Harris of New Denver, received word of his death today.

For more than 40 years, Mr. Harris has been a rancher, the ranch being situated between New Denver and Silverton.

Long interested in politics, he was a member of the C.C.F. Mr. Harris had also been active in all community affairs.

His body will arrive here Saturday and funeral services will be held Monday morning.

Ken Campbell, One-Time M.P.P. For Nelson, Dies

Kenneth Campbell, Member of the Provincial Parliament for Nelson for one term who resigned his seat in favor of John Oliver, died Wednesday in Vancouver in his 71st year.

Mr. Campbell was a Sandon hotelman before coming to Nelson about 1918. He took over the Kootenay Monumental Works which he later sold to the late Alick G. Ritchie, and after his term in the Provincial Parliament operated a hotel at South Slocan.

He had been in the hotel business in Vancouver.

He is survived by two sons, Kenneth John and Charles C. Campbell, and two daughters, Miss Margaret Campbell and Miss Effie Campbell, all in Vancouver, and four sisters and a brother in Scotland.

Funeral services will be held today in Vancouver.

TEN TEAMS FOR 10-PIN TOURNEY HERE SUNDAY

Ten teams, including five from outside points, will be rolling for the Daily News and Brewery Cups when the annual West Kootenay 10-Pin Tournament is held in Nelson Sunday.

Four teams will be competing in "A" Class bracket with six vieing for honors in "B" group. South Slocan will have four teams and Trail one, together with five Nelson quintets.

First draw is at 1 p.m. Sunday with five "B" entries rolling off. Second draw is at 3 p.m. with the four "A" teams and the other "B" entry slated to go.

The event will wind up Sunday evening with a banquet at the Hume.

Liberia, the Independent Negro Republic in Africa, has an Atlantic coastline of 350 miles.

New C.P.A. Agent Here

H. R. STILLING

. . . newcomer to Nelson who is agent here for the Canadian Pacific Airlines, succeeding Edward Dawes who has been transferred to Calgary.

Mr. Stilling has been with the airlines for nearly four years and was agent in Fort McMurray, Alta., before coming to Nelson last month. He has also been C.P.A. agent at various centers in the North.

Dolly Fife, Don Nutter Star in Jr. Bird Tourney

Dolly Fife and Don Nutter carried off singles honors in the Nelson Junior High Badminton tournament held Wednesday and Thursday. There were 62 entries.

Miss Fife also teamed with Earl Nuyens to take the mixed doubles while Nutter combined with Nuyens to win the boys' doubles event.

Girls' doubles were won by Pat Warren and Sylvia Shorthouse.

Tournament committee was composed of Mrs. E. E. Hyndman, Miss Helen Wilson, Miss G. MacDonnell and dB. B. Crawford.

Results of final games were as follows:

Girls singles — Dolly Fife beat Sylvia Shorthouse 11-5, 14-10. Consolation—Pat Warren beat Shirley Johnson 11-5, 11-7.

Boys' singles — Don Nutter beat Earl Nuyens 15-5, 17-16.

Consolation — Ron Loomer beat Doug Skilton 15-10, 15-6.

Girls' Doubles — Pat Warren, Sylvia Shorthouse won by default fro mBarbara Tilston, Ruth Peachey

Consolation — Dolly Fife, Alice Ronmark beat Joan Maurer, Shirley Johnson 15-6, 15-1.

Boys' Doubles — Don Nutter, Earl Nuyens beat Maurice VanSacker, Dick Fraser 15-3, 15-9.

Consolation — Ron Ronmark, Eddie Isaacson beat Bill Burdett, Eddie Thompson 15-2, 15-6.

Mixed Doubles — Dolly Fife, Earl Nuyens beat Sylvia Shorthouse, Setimo Zanon 15-9, 10-15, 18-13.

Consolation — Joan Maurer, Eddie Isaacson beat Rochelle Crawford, Dinham Drew 15-2, 15-2.

Queen's Bay Road Work Completed

Road work on the Nelson-Kaslo highway at Queen's Bay, started following mud slides in that area last month, has been completed, R. G. Harvey, District Public Works Engineer, reported Thursday.

About three-quarters of a mile of road has been restored through the area. The bank has been cleared and trimmed and the road gravelled, ditched and improved.

During the four weeks work on the stretch over 20,000 cubic yards of dirt has been moved by the two shovels in operation. This averaged about 500 yards each day.

Restrictions limiting traffic through the area have also been lifted, Mr. Harvey said.

Work on the road began about Feb. 21 and equipment will be moved out of the area by the end of the week.

Welcome Mat Out For CGIT

TRAIL, B.C., March 29 — Nearly 200 Canadian Girls in Training and leaders from at least eight East and West Kootenay centres acquainted themselves with their hostesses, the Trail Knox and East Trail United Church C.G.I.T. groups here today in the opening session of the second annual Kootenay C.G.I.T. conference.

And there are still more girls coming. Buses from Nakusp and Fernie were delayed and were expected to arrive in Trail Thursday night. Thursday afternoon girls registered from Creston, Kimberley, Nelson, Rossland, Fruitvale, Grand Forks and Greenwood.

The main business portion of the conference will get under way Friday afternoon while the morning will be taken up with a tour through the Warfield and Tadanac Cominco plants.

Patsy Smith and Adele McCulloch gave addresses welcoming the girls to Trail Thursday and during the evening they were entertained at a social gathering.

DISCUSSIONS

Some 15 different discussions will make up the Friday afternoon program during which time summaries and reports of activities by various district groups will be included on the agenda. Theme of the conference is "Go Forth With God."

The girls will also have an opportunity of learning around 15 new crafts, ideas of which they may take home to their own group gatherings. Discussions will be held at Knox United Church while a closing banquet and gathering will be held in the East Trail United Church.

Miss Barbara Howard of Vancouver will be guest speaker at the Friday evening church service in East Trail. Popular among the girls as "Twink," Miss Howard is a Negress school teacher at Strathcona High School in Vancouver, and takes a great interest in C.G.I.T. work.

Alleged Arsenal Gang Member Ill

VANCOUVER, March 29 (CP)—Illnes of an 18-year-old member of the so-called "Arsenal Gang" forced postponement of a conspiracy trial in police court today.

Prosecutor Stewart McMorran said Delores Dimery collapsed into a diabetic coma Friday and will be in hospital for at least two more weeks.

FINAL NOTICE

CITY OF NELSON BYLAW NO. 967

Every person who is, within the City of Nelson, the owner, possessor or harborer of a dog over four months of age, shall cause such dog to be licensed on or before April 10th for the year commencing the first day of January, 1951.

License may be obtained from the Cashier at City Hall.

Those not complying with the above notice will be prosecuted.

ROBERT HARSHAW,
Chief of Police.

MANY AT RITES FOR L. STEDILE

Many friends and relatives filled the Thompson Funeral Chapel Thursday morning to pay final tribute to Louis Stedile. A resident of the district for 45 years, Mr. Stedile died in Nelson Monday at the age of 68 years.

Rev. W. J. Harrison officiated the service, and there were lovely floral tributes displayed in the chapel.

Active pallbearers who carried Mr. Stedile to his final resting place were G. Peloso, C. Calgaro, T. Lissato, J. Genero, M. Peloso and A. Lissa.

Interment was in the Nelson Memorial Park.

Six-Point Road Program Outlined Rossland-Trail

TRAIL, B.C., March 29 — Many road improvements and surfacing work on highways in the Rossland-Trail area are included in highway improvement projects for the 1951 provincial public works program.

Capital expenditures in the area will allow the following:

1. A start on surfacing of the Fruitvale-Salmo road, on which it is planned to spend some $300,000 this year, covering about half of the job. Work will begin from the Fruitvale end.

2. Resurfacing of the Rossland-Trail highway.

3. Temporary work on widening of the Genelle bluffs section of the Trail-Castlegar highway. No surfacing can be undertaken until relocation of power lines is worked out.

4. Completion and surfacing of the Rossland-Paterson highway.

5. Hard surfacing of certain secondary roads in the area. There has been no official announcement as to which secondary roads are referred to. However, usually reliable sources said the roads to be surfaced might include the route followed by the Interior Stages in Upper Warfield, one road through Beaver Bend and the road entering Annable off the Rossland-Trail hghiway.

6. Completion of resurfacing of the Trail-Castlegar highway. Last year the road was resurfaced from Castlegar to Birchbank, excluding the Genelle bluffs area.

Hon. E. C. Carson, Public Works Minister, estimated a cost of $100,000 for maintenance in the district riding.

TRAIL COUNCIL OKAYS PLANS FOR PLAYGROUND

TRAIL, B.C., March 29 — Trail City Council has approved plans for the development of a playground on the old Trail rink site on Bay Avenue. The Council expressed their approval at a meeting with P. F. McIntyre, chairman of the Trail-Tadanac Parks Commission, and Reg Stone, parks superintendent.

The Parks Board accepted a cut of some 15 feet in the width of the proposed park to allow a wider street on the South side of the park but gained approval of the plan to carry the park back to the river wall. Space left would still allow for all the facilities planned, including tennis, basketball, volleyball courts and others. A lawn and shrubbery will be in the rear of the property.

Church Filled For C. L. Hood Funeral Service

The staff of the Hood Baking Co., members of Nelson Rotary Club, Nelson Lodge No. 23 A.F. and A.M., Nelson Wholesale Association, Kootenay Lodge of Perfection, Gizah Temple and Nelson Shrine Club and many friends and associates filled St. Paul's United Church Thursday afternoon to attend funeral services for Clyde LeRoy Hood, who died in Nelson Tuesday. Mr. Hood was 56 years of age.

Rev. A. L. Anderson was officiating clergyman. Numerous floral tributes banked the front of the church during the service.

Two hymns "O God Our Help in Ages Past" and "Psalm XXIII," were sung by the large congregation with Mrs. T. J. S. Ferguson at the organ.

A solo, "Crossing the Bar," was sung by Gary Barnhardt.

Following the service, members of the Masonic lodge formed open ranks from the church to the hearse through which the casket was borne by active pallbeartrs, W. W. Bennett, H. D. Harrison, Joseph Kary, J. W. McClelland, K. R. Yale and W. M. Young, all Masonic members. Open ranks were also formed at the cemetery.

At the graveside, Ernest Collinson, acting master, conducted the Masonic burial service.

Honorary pallbearers were J. H. Argyle, Dr. C. E. Bradshaw, R. R. Brown, J. A. Fraser, C. F. Hunter, John Morey, C. D. Pearson, F. R. Pritchard, Dr. R. B. Shaw and J. G. Watson.

Interment was in the Masonic section, Nelson Memorial Park.

The Romans built nearly 2000 big public baths between 334 B.C. and A.D. 180.

Plan Flower Show For Windermere

INVERMERE, B. C., March 29—Plans for the first Flower Show in the Windermere District are now well advanced under the convenership of Harry Bartle of Invermere, a former president of the Calgary Garden Club.

Date for the event which will be held in the Lake Windermere Memorial Community Centre at Invermere, has been set.

There will be a competition for the best display of flowers from each village area within the district. As a prize for this event a handsome engraced silver rosebowl has been donated by Bruce M. Hill of Edmonton, president of Canadian Utilities. This rosebowl will be up for annual competition with the winning town's name engraved each year with the date.

Ribbons will be awarded for winners in individual classes with one prize of a $10 gift certificate for the winner of the most points.

Creston Gains In Fight for Timber Limits

CRESTON, B. C., March 29—Creston Board of Trade gained some concessions in its fight to have local timber limits used for Canadian manufacture when the following letter from Honorable E. T. Kenney, Minister of Lands, Province of B. C. (dated March 16 and arrived March 27) was received by R. D. Gardner, Secretary of the Board.

"Replying to your wire of March 13 regarding timber sale X26895 under application by the Wynndel Box and Lumber Co. Limited, I beg to advise that when this is advertised it will be made a condition of the sale that the logs are to be manufactured by an established mill in the Province of British Columbia. This would seem to be as far as my department is able to go in limiting open competition for crown timber."

The Board of Trade during the past month has acted on behalf of the fruit growers of the valley through the Board's Agriculture Chairman W. McL. Cooper, in trying to keep in the locality a stand of spruce in the Mission Creek area and if at all possible to have the wood used locally for box shook purposes.

It was thought if some representation was not made the mills from across the line might bid and secure the timber, which is badly needed in the valley, in view of impending box shook shortages.

Such shortage of box shook material, according to one packing house manager could lead to increase production costs to the grower, this possibly arising from shipping charges of bringing the material into Creston.

What the next step in this matter will be is not known, but it is understood the matter will be reviewed at the next executive meeting of the Trade Board.

Daily Banking Service for Salmo

SALMO, B.C., March 30 — Extended banking service for the Salmo district will be provided shortly when the present twice-weekly service is placed on a daily basis by the Canadian Bank of Commerce.

Under the new set-up the Salmo agency will become a sub-branch under the supervision of the Nelson Branch, J. W. Graham, Nelson manager, said.

Increased activity in base metal mining was the reason for the charge, Mr. Graham explained.

Jack McPhail of the Nelson Branch will transfer to Salmo as assistant to D. W. M. Cooper, officer in charge, when the change becomes effective.

Traffic Accident Kills Coast Woman

NEW WESTMINSTER, B. C., March 29 (CP)—A traffic accident on the King George Highway in Surrey Municipality claimed the life of a Vancouver woman last night.

Mrs. James McClatchie was killed when she stepped from one car and was struck by another vehicle.

Honored by Creston Lions

Rotarians Give Capes to School Band, Kimberley

KIMBERLEY, B. C., March 29 — A very enjoyable program and social gathering marked the presentation of capes to the twenty-one members of the Kimberley High School Rotary Junior Band made by Mrs. B. Lockhart to watch those of the Senior group.

The capes were presented by R. D. Young, Senior High School Principal and President of the Rotary Club which sponsors the band.

Band selections by both groups were greatly enjoyed, Norman Weitzel conducting the Junior band in two selections. Mrs. J. Stuart and her choral group presented a number of songs. The High School Recorder Band accompanied the Grade eight A girls in several vocal numbers.

A dance was held in the gymnasium guests including the Rotarians and their wives, the School Board members and their wives, the parents of the band members.

R. Yarwood, music instructor in the local schools, and band leader was responsible for all arrangements.

Cut Bus Service To Lake Points

Muddy road conditions have caused temporary withdrawal of Fleetline bus service from Nelson to Procter and Riondel.

Tie-ups and breakdowns in the heavy going East of Willow Point were the cause of the curtailed service, it was stated. Passengers are now getting service only as far as Seven-Mile on the Balfour highway.

One bus is at present out of service because of damage caused on the Nelson-Balfour run. Another cab is stranded at Riondel, a staff member said.

School buses are still getting through to Blewett while the taxi service to the Castlegar airport is not affected.

Golden to Buy Fire Equipment

GOLDEN, B. C., March 29—Debentures aggregating $8500 in $500 denominations are being sold through the Imperial Bank were for the purpose of establishing a fire protection district in Golden area. Application for this partial organization was made last year following a series of costly fires and all requirements have been filled.

A truck and other equipment to cope with fire in the area covered will be purchased for use of the volunteer brigade. Landowners within the protected area will pay a small annual levy to retire the debentures within nine years paying interest at five per cent.

DEPOSITS UP

OTTAWA, March 29 (CP) — Dominion government deposits increased $15,328,000 to $72,309,000 during the week ended March 28, the Bank of Canada reported today in its weekly financial statement.

Chartered bank deposits increased $4,964,000 to $546,433,000 while notes in circulaion increased $4,493,000 to $1,319,717,000.

Dynamite Clears G.N. Rock Slide East of Nelson

The mystery of dynamite blasts, which reverberated through the valleys and kept Nelson residents guessing most of Wednesday, was cleared Thursday by a Great Northern Railway official.

Scene of the blasts was a rock slide on the Great Northern track, about two miles West of Troup Junction, which occurred about 2 p.m. and buried rails under an avalanche of rock and gravel six feet deep. Work crews labored 12 hours and set off 50 charges of dynamite before the 60-foot stretch was cleared early Thursday morning.

The incoming freight train was delayed about three hours while the road was being cleared.

W. G. Harold, Great Northern agent in Nelson, said such slides were "more or less routine" at this time of year.

Engineers Elect Roy Pollard First Chairman

Roy Pollard Thursday was elected first chairman of the newly-formed Nelson section of Kootenay branch of the Engineering Institute of Canada.

Local engineers and architects formed the organization at a luncheon meeting at Shamrock Grill. It was decided to postpone election of other officers until a later meeting.

The chief objects of the group are (1) for local engineers and affiliates to meet periodically for informal discussions as well as to afford individual engineers the opportunity of presenting technical papers (2) generally to carry out the objects of the Engineering Institute of Canada and particularly to assist in raising the standard of professional engineering with a view to an improvement in its recognition by the general public.

The question of affiliates was discussed, and the chairman read the Institute's definition under section 11 of its bylaws, stating "an affiliate shall be one who is not an engineer by profession, but whose pursuits, scientific attainments or practical experience, qualify him to cooperate with engineers in the advancement of professional knowledge."

Members, prospective members and affiliates attending were B. C. Affleck, R. G. Harvey, Don Richardson, Arthur Morton, J. W. Peck, W. S. Jackson, D. J. Baker, David Fairbank and Mr. Pollard.

Confuse Teachers With Nursemaids

WINNIPEG, March 29 (CP) —Dr. M. E. Lazerte, Dean of Education at the University of Alberta, said today a recent survey showed that many people think it is more necessary for teachers to be able to mind children than to be educated.

"I am not flattered by this situation," Dr. Lazerte told the Manitoba Education Association.

He said the biggest task ahead of teachers is to change public opinion about the profession.

Name Delegates to Kootenay W.M.S.

ROSSLAND, B.C., March 29—The St. Andrew's Women's Missionary Society met in the small Sunday School room of the church. It was reported that 11 home and 17 hospital patients were visited during the month by members of the Society.

Mrs. P. L. Swift and Mrs. T. B. McMillan were named delegates to the Women's Missionary Society Kootenay Presbyterial to be held in Nelson April 26th and 27th. Two chapters of the study book "Japan Begins Again" were reviewed by Mrs. McMillan.

Kimberley Lodges Burn Mortgage on I.O.O.F. Hall

KIMBERLEY, B. C., March 29—"Roll call" for Sullivan Lodge No. 35 I.O.O.F. and Victory Rebekah Lodge No. 61 was highlighted by the burning of the mortgage on the local I.O O.F. Hall.

A re-enactment of the history of the hall, written by Mrs. Lila Bates, was read by Rev. G. A. Affleck as members of the lodges performed it out for the two hundred guests.

Sullivan Lodge No. 35 received its charter in 1923, when 40 members were instituted. First lodge rooms were in the rear of C. Morrison's store and alter in Summer's Hall recently destroyed by fire. The first sod for the new hall was turned by Sr. Hay, Rebekah Provincial President.

In the meantime Rebekah Lodge No. 48 came into being in Jan. of 1925.

The depression of the 1930's hit the lodges hard and in 1937 it was decided to let the army lease part of the building. In 1942 the army leased the whole building, renting the hall. The two lodges were still able to hold meetings there.

Closed in 1936 the women's lodge was reinstituted in 1945 as Victory Lodge No. 61.

On August 24, 1950, a clear deed was obtained to the Hall and repairs carried out.

VARIED PROGRAM

An enjoyable program of songs, dances and recitations was presented by little Jeannie McConnachie, Mrs. Edna Thompson, G. Williams, D. Gallant, Percy Meddlicott, Mrs. Bates, Mrs. V. Campbell, G. James.

The entertaiment was preceded by a banquet convened by Mrs. Nan Carlson.

Some 30 members of the Cranbrook lodges were present and congratulatory letters were read from Grand Lodge officers and other members who were unable to attend.

Guests were received by Noble Grand Mrs. E. Brown, Noble Grand K. Dodd, Past Noble Grand Mrs. W. Wormington and E. Nesbitt.

Presentations made during the evening included a wedding gift of a tri-light lamp to Mrs. Effa Duncan and a bouquet of carnations to Mrs. Bates, general convener for the evening. Presentations were made by Mrs. Brown.

PORTAGE LA PRAIRIE, Man. (CP) — The fourth annual Pioneer Day will be held here May 24, when all persons attending will be requested to wear costumes styled on those worn between 1862 and 1910.

Movie Gossip—

Marlene Resents Title of "Glamorous Grandmother"

By BOB THOMAS

HOLLYWOOD, March 29 (AP)—Marlene Dietrich was looking very much unlike a grandmother. Very much indeed.

In fact, she was dolled up like a dancing girl in one of those dance halls that are always so convenient to the prairie in Western movies (this one is called "Chuck-a-Luck"). The famed Dietrich limbs were readily viewable as she engaged in a game of frontier foolery, riding piggy-back in a race against the other dance hall girls.

The actress came out of the strenuous scene with her glamor completely unruffled. I asked if she ever got tired of being called "The world's most glamorous grandmother."

"I certainly do," she replied emphatically. "I am getting sick and tired of it. I am sure there are other grandmothers in other professions who are not constantly referred to as such."

"Ah, but they're not as glamorous," I pointed out.

MANY GLAMOROUS GRAMS

"Nonsense! Many of them are extremely good looking. Particularly in this country, where women marry so young.

"Everyone thinks because a woman is a grandmother, she must be 102 years old. But look—I had my daughter when I was 17; she waited until she was 18 to marry and have a child. So does that make me ancient?"

FASHION LEADER?

In the lull between scenes, I had a chance to inquire about another Dietrich legend. She was well-known for introducing mannish attire to U. S. fashions. I asked if she regretted it, especially when she sees broad-beamed gals in slacks.

"I didn't introduce slacks," she corrected. "Many women in America were wearing them long before I did."

"But you did help popularize them," I protested. "Do you regret it?"

"No. Think of the millions of women who are more comfortable because they can wear slacks and who can do their jobs better because they wear them."

Nakusp . . .

NAKUSP, B.C. — Mrs. W. J. Dougan of Trail, who spent several days visiting her parents, Mr. and Mrs. G. Hunter Gardner, has left for her home.

Mr. and Mrs. Hugh D. Cann of Yarmouth, Nova Scotia, who have visited their uncle and aunt, Mr. and Mrs. G. Hunter Gardner of Glenbank, Nakusp, left via SS. Minto. En route to their home, they will visit Chicago and New York.

Theodore Rappe of Brouse is a patient in the Arrow Lakes Hospital.

Mr. and Mrs. Tom Hogarth, son George and daughter Julie, motored to Spokane, Wash., for the holiays.

The population of Nova Scotia stood at 387,800 in 1871, ih tne first census after Confederation.

Queen Sees Top Export Fashions

LONDON, March 29 (CP) — Against a background of silver-grey panelled walls and magnificent crystal chandeliers, the Queen and Princess Margaret saw some of London's finest export fashions.

A special preview, arranged at the Queen's request, showed 60 best-selling models from the recent collections of London's big ten of fashion.

Forty mannequins, four from the house of each designer, curtsyed gracefully in glowing ball gowns flashing with jewelled embroidery or boobed stiltedly in pencil skirts that would scarcely allow a bended knee.

The collection, valued at £6000 ($18,000), and supported by jewelry costing £60,000, was shown in the old-fashioned Adams drawing-room of Warwick House, home of Lady Rothmere, President of the Incorporated Society of London Dress Designers.

In turn, each of the leading designers sat with the Queen and Princess Margaret explaining the technical details in the make-up of their own designs.

Ball gowns, suited to any royal occasion, formed the centre of the show, but a tailored ascot ensemble so enchanted Princess Margaret she had the mannequin recalled. A design by Lachasse in cream lace over black taffeta, the lace overlaid with black chiffon, it drew this comment from the Princess: "The effect is fascinating."

The Queen, with her love of crinolines, showed much interest in a camellia-red lace crinoline trimmed with heliotrope tulle, the work of Michael Sherard. The crinoline is built on nylon filament and is completely manoeuvreable. You can sit down in it, crush it through.

Another dress that drew royal attention was a model in blue taffeta topped by a glittering jacket embroidered in paisley design. The embroidery alone cost £200 and incorporates the use of hematite, a semi-precious stone mined in Cumberland, which much interested the Queen.

Shampoo Rugs

To shampoo small rugs, add a few drops of ammonia to soap jelly. After whipping this mixture into a stiff lather with an electric mixer, apply it to the rug with a stiff brush. Cover only a small area at a time. Rinse twice with a damp sponge, then rub the spot dry with a clean cloth.

Old-Squaw is the name of a common Arctic nesting duck, distinguished by long pointed tail feathers.

Redeemer Girls' Auxiliary Wins Newly-Posted Award

TRAIL, B.C., March 29—Nelson's Church of the Redeemer Girls' Auxiliary carried off top honors here today in the second annual Girls' Auxiliary Festival.

The group was presented with a rose bowl posted by Rt. Rev. F. P. Clark, Bishop of Kootenay, and Mrs. Clark, and became the first Girls' Auxiliary in West Kootenay deanery to win the coveted award.

The Redeemer girls collected a total of 1042 points in reading, singing, knitting, felt work, banners and compilation of a scrapbook of the diocese. Their leaders are Mrs. L. M. Quance and Mrs. W. J. Silverwood.

Fifty-nine girls attended the event. Besides the Redeemer group there were girls from Trail Auxiliary under the leadership of Mrs. Kevin Hogan; Grand Forks Auxiliary under Mrs. F. Plant, and St. Saviour's Pro-Cathedral Auxiliary from Nelson under Mrs. C. H. Hamilton.

A highlight of the day was presentation of plays by the auxiliaries. The Redeemer group staged "Churches Don't Fly" by Nelson playwright G. A. Butling, which told the story of the famous "stolen church" at Windermere; Grand Forks group presented a play on a typical Girls' Auxiliary meeting, and Trail, a scene of girls discussing diocesan history.

Bishop Clark celebrated Holy Communion at 10 a.m. in St. Andrew's Anglican Church, and Rev. J. Rogers gave an address of welcome in which he praised the new Girls' Auxiliary motto of "Service Before Self."

"The motto is a particularly inspiring one because it states Christ's way," he said. The motto, accepted by the Dominion Girls' Auxiliary, called on its members for service as individuals. The church needed the kind of service in which "self" was forgotten, he said.

After the service, the girls went to East Trail hall where they were addressed by the Bishop, Mrs. H. A. Solly of Trail and Summerland, diocesan W.A. President, and Mrs. D. Greene of Grand Forks, acting diocesan girls' advisor, replacing Mrs. M. C. T. Percivall of New Denver, who is ill. A telegram was sent to Mrs. Percivall expressing the girls' well wishes.

Inspection of uniforms and games were on the agenda before lunch was served and various speeches made and greetings extended by the Trail group.

Three girls from each group later gave readings from St. Matthew, chapter eight, on which they were judged, and on the singing of "Sanctus" and "Benedictus" by each group followed by a secular song.

PRESENTATION

Presentation of the rose bowl was made by Very Rev. T. L. Leadbeater, Dean of Kootenay, during tea. Slides were also shown on the training of girls entering service in the Anglican Church and a talk was given by Miss Trudy Morrison of St. Cuthbert's Sunday School van.

Other members of the clergy attending were Ven. Archdeacon B. A. Resker of Castlegar, Rev. W. Bushe of Rossland and Rev. Canon W. J. Silverwood of Nelson.

Fernie L.A. Picks Slate

FERNIE, B.C., March 29 — The 1951 slate of Ladies' Auxiliary to Fernie branch of the Canadian Legion consists of Mrs. J. H. Brown, president, Mrs. Michael Tymchuk, past president, Mrs. Howard Uphill and Mrs. Robert Lynch, vice-presidents, Mrs. J. W. Howarth, treasurer, Mrs. Anthony Rizzuto, secretary, and Mrs. E. F. Danielson, sergeant-at-arms.

Executive members are Mrs. John Ferguson, Mrs. Archie Lawry and Mrs. Archie Price, and committee chairmen and members Mrs. A. Thompson, Mrs. Victor Ball, Mrs. J. D. McLaren, Mrs. R. H. Candy, Mrs. H. J. Jones and Mrs. C. W. Whalley.

F.O.E. Auxiliary Names Officers

Ladies Auxiliary of the Fraternal Order of Eagles nominated officers for the coming year Wednesday night.

Mrs. Georgina Procter and Mrs. Ruth Proudfoot were nominated for the office of president, at present held by Miss Claudia McLean.

Other officers nominated were Sarah Mannings, Mrs. Rose Kuntz and Mrs. Ina Santor, vice-president; Mrs. Barbara Kidwell and Mrs. Procter, chaplain; Mrs. Mabel Cartwright, secretary by acclamation; Mrs. Edith Smith, treasurer, elected by acclamation; Mrs. Santor and Mrs. Kidwell, conductors; Mrs. Cora Eberle, inside guard, elected by acclamation; Mrs. Dorothy Clem and Mrs. Kidwell, outside guard, and Mrs. Mabel Hudson, Mrs. Alberta Spiers and Mrs. Proudfoot, trustee.

Officers will be elected to their posts next month, but will not take over duties until June.

Nakusp W.I. Tea Brings in $30

NAKUSP, B.C., March 29 — The annual Easter tea and bake sale of Nakusp Women's Institute, held at the home of the president, Mrs. A. E. Fowler, brought in $30.

The reception rooms were colorful with daffodils, tulips and ferns.

Tea was convened by Mrs. E. C. Johnson, Mrs. Graham Elder and Mrs. A. J. Harrison. Servers were Mrs. Frank Hall, Mrs. J. Parent, jr., Miss Terrie Uyeda and Mrs. David Johnson. Mrs. T. How read tea cups and the bake table was handled by Mrs. G. P. Horsley and Mrs. Fred McIntosh.

● Miss Olga Csepe, who attends normal in Victoria, is spending the holidays in Nelson.

● Miss June Kelley, Johnstone Apartments, was a delegate from Nelson to Teen Town convention in Vancouver over the holiday.

Check Colors

Dyestuffs may be affected by a number of conditions, so when you are buying a garment or fabric, it's economical to check its color durability.

Light, heat, fumes, perspiration, dry cleaning and spot removal preparations, rubbing and crocking—all may affect the original full color.

If the fabric is not labelled to indicate whether it's colorfast, it's a good idea to check this point with your salesperson.

Newlyweds

The first cut of their wedding cake is made by Ralph Juckes Neville of Vancouver, and his bride, the former Margaret Beaumont (Peggy) Wood, at the reception in Hume Hotel which followed their wedding. Rev. Canon W. J. Silverwood, who performed the ceremony in Church of the Redeemer, looks on. The bride, a graduate of Vancouver General Hospital School of Nursing, is the daughter of Mr. and Mrs. G. F. Wood of Nelson and the groom is the son of Mr. and Mrs. C. S. Neville of Vancouver.—Alice Stevenson photo.

Nelson May Suffer Again Because of Amalgamation Fumbling

A Vancouver contracting company has offered to tackle Nelson's housing shortage by arranging mortgages, preparing plans and specifications and carrying out construction of any desired number of units.

To many it must have sounded like the answer to their personal problem, and to one of Nelson's larger civic problems. It is true that Nelson is hampered because of lack of rental accommodation for newcomers. The lack to some considerable extent is created by persons who would be home-owners but hang on to rented accommodation because of the difficulties of surmounting the problems of new construction. It is true that many others are forced to put up with what they consider sub-standard housing.

However, there was a sticker. The contractors will — understandably enough — build only if there are sufficient lots within the City limits. Other housing plans have been turned away from Nelson for the reason pinpointed here. There simply are not enough lots within the municipality's confines for large scale home building.

How long is Nelson to pass up progress, and solution to a real problem of the citizens be stifled, because City Hall dallies in tackling the issues of City growth? The amalgamation proposal has kicked around the City Council chambers and City offices since 1945 and before. Since November, a report on requirements, costs and potential revenues from annexation of South Nelson—just one step in the amalgamation possibilities—has been awaited. The administration has not been able to make even this one step.

Amalgamation, of course, is a big and challenging proposition. Still, there are some men made of good stuff on the Council. Surely they can show the way.

Some Like It

Not everybody boos the C.B.C. The other day its Toronto headquarters received a letter from a man who was so happy about certain programs that by way of tangible appreciation he enclosed a check for $25. He added that he did have rather a guilty conscience as he hadn't paid his radio licence fee for 10 years.

A C.B.C. official tells us that quite frequently checks are sent by people living in the United States. They write stating that they like listening to the fine music provided by Canada's nationally-owned radio chain and want to contribute something to the upkeep.

The checks are always sent back with a letter of thanks.—Napier Moore, in The Financial Post.

Your Horoscope

Applauds Tourney Revival, Ponders Change in Play

To the Editor:

Sir—Congratulations to the Nelson Badminton Club for reviving the West Kootenay Open Badminton Tournament. It seemed quite like old times to see visiting players cavorting around the very fine courts of the Nelson Civic Centre, and taking away their share of the trophies. I am sure the tourney will get progressively bigger and better; and draw players from further afield.

It was with great satisfaction that I saw so many junior players taking part, and their calibre of play was quite good, and certainly will improve through tourneys such as these.

I was not overwhelmingly impressed with the play of some of the seniors; it seemed to me that they over-emphasize the smash. Has some of the finesse gone out of the game? One saw very little of the effective drop shot from the back line, also the tantalizing and tricky net play, which requires perfect control and very accurate timing. Perhaps this style of play has gone out of fashion, but I think it was much prettier to watch, if not more effective; certainly showed more court generalship than the method of who can hit the shuttle the longest and the hardest.

ARTHUR M. MAJOR.

Time to Reveal Faith, Support in God

To the Editor:

Sir—One cannot help but notice the time man is spending on worry.

There's no time for worry now. There's barely time for action. The crisis of the centuries is upon us. No man knows what will happen. No man can tell the outcome. Our destiny is solely in the hands of God. Being so, we must look up to Him. We must keep our hearts and minds tuned to understand His Will so that His Will may be done. We must not burden our hearts and minds with fears and idle forecasts. Time enough to suffer when the pain and anguish come. We may need the strength and fortitude we have foolishly thrown away. Many of us have often said, "Yea, though I walk through the Valley of the Shadow of Death, I shall fear no evil, for Thou art with me." Now is our chance to prove that we mean this. Evil is surely all about us.

But God is stronger than evil. All we need to do is to stop giving aid to the evil. Our help should go to God so that we may be worthy of peace.

It's not to stand and cry,
It's but to do and try
To make the world a
Better place to live.

Ralston, Wash. FRANCES RAY.

Libby Alternative

To the Editor:

Sir—To Mr. Lloyd Bower's request for expressions of sentiment, let a few questions be asked by one who has studied the Purcells and Rockies since 1901 and appreciates the points he mentions. His idea covers the area below 3000 feet, but no control of floods.

Where does Kootenay flood water originate? Is it not at levels above 3500 feet altitude? In what way does Libby Dam provide any control of flood waters above level of Bull River damsite's tailrace? None, but what a proposed cost.

Memoir 76, by the late Dr. S. J. Schofield, clearly shows a uniformity of altitudes for the "hanging valleys" of Purcell Mountains. Topographical maps by W. W. Tuttle et al confirm Memoir 76.

Actual observations from mountain-tops of the Purcells show how easily Kootenay flood waters could be absolutely controlled and a greater potential hydro energy provided without any wastage of industrial and agricultural investments North of the international boundary line, and no loss of time or increase of cost involved. Only usage of high heads, instead of low heads, with a large number of small dams generally, would improve forestry and wildlife as well as general climatic conditions at altitudes above feasible agricultural usage and provide more needed power for the industrial developments which depend upon cheap hydro power at those intermediate altitudes and remains awaiting provision of same. Enough!

E. A. C., Nakusp—I have some perennial carnations, but last year they would just bloom to a certain point and then blacken and die. Should I destroy the plants, or is there a treatment for this kind of blight?

Write full description of plants and blight to Coventrys' Flower Shop, Baker Street, Nelson, enclosing self-addressed, stamped envelope for reply.

Mrs. B., Ymir—Is a wife entitled to her husband's property if he should die without making a will?

The Administration Act, Chapter 6, 1948, Revised Statutes of B. C., states that in B. C. if a man dies leaving an estate up to the amount of $20,000, the wife takes all; if the estate exceeds $20,000, she takes $20,000 plus half of the residue. The other half goes to whoever would take the estate if there were no widow.

Newcomer, Nelson—Regarding the question on the history of F. W. Woolworth, "An other Reader", Nelson, writes:

"It is interesting that F. W. Woolworth failed something like 14 times before finally succeeding with his idea. I am not sure of the exact number, but I know he was held up as an example of the man with an idea and the never-give-up spirit."

A. S., Nelson—Could you please explain the meaning of the term, "fourth dimension"?

Space is a continuous or unbroken distribution of points, having three dimensions. On a curve, or line, we mark certain points, that are elements without dimension; but space cannot be separated into parts by isolated points, or curves, or both taken together, but it can be so separated by means of a closed surface—three dimensions. Algebraic geometry, however, leads to the conception of any number of spaces and popular interest in these spaces has centred around the idea of a "fourth dimension" of experience. The totality of lines in usual space of three dimensions constitutes a veritable space of four dimensions. Therefore, a geometry in which the elements are the lines of ordinary space is a geometry of four dimensions.

Parts of Nelson's new fire truck arrived in the city last night, and work will begin immediately on putting them together and rigging it up for fire service. It is a two-ton truck with 32x6 inch disc wheels and pneumatic tires.

Fred Starkey, Commissioner of the Associated Boards of Trade of Eastern B. C., arrived in Nelson last night on returning from England, where he was in charge of the second year of the B. C. ore exhibit at the Wembley Exhibition in London.

40 YEARS AGO
From The Daily News of March 30, 1911

Residents of the Windermere unanimously passed a resolution at a recent meeting favoring the erection of a hospital in that district. The resolution stated that the Hospital Association should take immediate steps towards the securing of a site for the proposed public building well suited to the needs of the district.

Charles F. Walmsley, ardent Nelson ballplayer, last night was elected President of the Nelson Baseball Club. W. R. McLean was named manager of the club, while Harry Bishop will hold office as secretary.

I prefer credulity of skepticism and cynicism, for there is more promise in almost anything than in nothing at all.—Agnes Repplier.

Set $2000 for Mrs. Rose Cole

DUNCAN B.C., March 29 (CP) — Mrs. Rose Ellen Cole Hill, common law wife of William Hill, Port Renfrew, has been remanded for a further eight days on a charge of causing grievous bodily harm to her baby daughter.

Bail was set at $2000 in two sureties and Mrs. Hill who had been held in Oakalla since March 18, will be held in Duncan pending the early posting of bail. Failing this she will be returned to Oakalla during her remand.

June Elizabeth Hill, the 3½-year-old daughter died at Port Renfrew March 6, after Dr. T. D. Stout refused to issue a death certificate and called police.

Evidence at a coroner's inquest March 16 showed that the child had died from pneumonia, but the jury's verdict also stated that death had been contributed to by the neglect and ill-treatment of the mother.

Further evidence showed that the child had suffered 11 broken ribs, both collar bones had been broken as well as both forearms and her left hand. During her testimony Mrs. Hill admitted that she had beaten the child the day that it died.

Warns Against Anti-Histamine

NEW YORK, March 29 (CP) — A report by a New York medical body yesterday said anti-histamine drugs are "of no value in the treatment of true colds and the public should be warned of the hazards attending their use."

The report, by the Committee on Public Health Relations of the New York Academy of Medicine, listed possible "hazards" accompany use of the preparations as drowsiness or dizziness leading to accidents, adverse effects on the heart and digestive system and masking the onset of a possibly serious disease.

The report said that in some persons troublesome reactions occur through use of anti-histamine but most of these are mild.

It said childrn are more susceptible to the drugs than adults and are more subject to convulsions. It said eight infants under two years are reported to have died from effects of anti-histamines.

In a few instances, a serious disease involving diminution of the white blood cells had been traced to these agents.

TRIBUTE TO N. Z. AIRMEN UNVEILED AT VANCOUVER

VANCOUVER, March 29 (CP) — A slab of New Zealand granite was unveiled today in memory of the New Zealand airmen who died in the Second World War.

T. C. A. Hislop, New Zealand High Commissioner in Canada, paid tribute to the 8000 airmen who trained in Canada and said that the stone will serve as a "mark of love, affection and sympathy so that we can join with you in memory of those citizens of Vancouver who laid down their lives."

Refused Bargaining Rights for Railroad Workers

OTTAWA, March 29 (CP) — The Canada Labor Relations Board has rejected an application by the Brotherhood of Locomotive Firemen and Enginemen (Ind.) for certification as bargaining agent for engineers on the Canadian Pacific Railway's Prairie and Pacific Divisions, it was announced today.

The Brotherhood of Locomotive Engineers (Ind.) now holds certification for all the C.P.R.'s engine drivers in Canada.

The Board ruled the B.L.F.E. had not established that the system-wide bargaining unit should be subdivided.

Newcastle Disease Sets Back Poultry

VICTORIA, B.C., March 29 (CP) —Details of the severe setback the British Columbia poultry industry caused last year by Newcastle disease were given the legislature today by Agriculture Minister Harry Bowman.

Three hundreds fifty six flocks were destroyed—562,909 birds. Also destroyed were 252,875 eggs. A total of $817,571 was paid poultry producers in compensation for losses.

A new approach was being tried in an attempt to stamp out the disease this year. An inactivated vaccine was being used which, it is hoped, will prevent another major outbreak.

Canadians More Travel-Minded Than Neighbors

VANCOUVER March 29 (CP) — Canadians spend more dollars per capita on travel than Americans, D. Leo Dolan said today. He is guest-speaker at the highways- tourist and travel convention opening here today.

Director of the Dominion Government Travel Bureau Mr. Dolan said Canadians spend more on travel than any nation of 14,000,000 people in history. He spoke to the third annual British Columbia highways and tourist travel convention.

Canada Exports Needed Butter

OTTAWA, March 29 (CP) — A trickling of butter was exported from Canada at a time when this country was scouring foreign sources for butter to augment her own dwindling supplies.

The Bureau of Statistics today estimated that Canada shipped about 73,300 pounds of butter in the months of January and February. This amount is tiny compared to the 1,000,000 pounds a day consumed by all of Canada.

However, about that time Canadian importers negotiated to import 4,800,000 pounds from New Zealand.

Canada's exports of butter went to Cuba, Haiti, Japan, Venezuela, and even the United States, a big butter producer.

Buy, Sell, Trade the Classified Way

OPPOSES BILL FOR JUDGES' EXPENSES

VICTORIA, B.C., March 29 (CP) —Opposition to the bill providing for payment of special allowances to Chief Justices and Justices and Judges of the Appeal Court and the Supreme Court was heard in the British Columbia Legislature.

The bill provides for annual payment of $1500 to Chief Justices and $1000 to Justices and Judges as recompense for extra work put on their shoulders by the Province in Royal Commission work. It passed second reading.

Opposition Leader Harold Winch claimed the Judges Act of Canada prohibited any Judge from accepting extra payment for his services. He asked if the Government was within its constitutional rights in bringing in legislation which contravened the act.

Allan MacDonnell (Cln.-Vancouver-Centre) declared grave doubts had been raised in his mind about proceeding with second reading of the bill.

Mr. MacDonnell said the bill was wrong in principle and may be wrong constitutionally.

Attorney-General Gordon Wismer said Judges had been paid more than expenses for work on royal commissions in the past. Passage of the bill would have the Province "a considerable amount of money," he said.

The Attorney General said there was no question as to constitutionality.

TREDEGAR, Monmouthshire (CP)—This municipality has been asked by a local union to provide free shower-baths for gravediggers.

Check Stone's Vaccine History

OTTAWA, March 29 (CP)—Army medical authorities said today they are checking to see whether Lt.-Col. James R. Stone, now in hospital in Japan with smallpox, was vaccinated before he went to Korea to command the 2nd battalion of the Princess Patricia's Canadian light infantry in action.

Officials said they are convinced the vaccine is as effective as it could possibly be.

Canadians going to Korea are inoculated protecting them not only against smallpox but tetanus, typhus, yellow fever and cholera.

Red Cross Reaches Half-Way Mark

VANCOUVER, March 29 (CP) —Collections to date in the current Red Cross campaign provincial objective of $550,000 total $201,000, it was announced today.

Hon. E. W. Hamber, provincial campaign secretary, announced the drive had been extended "well into April to give extra time to canvassers who needed it.

SPORTS

Mission, Surrey Girls Lead Trail Tourney

TRAIL, B.C., March 29 — The race for first-place honors in each section of Trail's Easter Basketball Conference began to take shape tonight as each team completed at least three games in their respective section round-robin.

In the battle for the senior high school girls' B.C. Championship, Surrey's Queen Elizabeth leads Section A with four straight wins. They edged a battling John Oliver squad 26-25 in the last minute Thursday night to give them the present lead on first place.

Mission girls hold down second place with three wins and no losses and Trail is right behind with three wins and one loss. Trail missed a chance to tie Queen Elizabeth for the lead when Mission edged them 28-27.

In Section B King Edward leads the race with four wins and no losses. Cowichan Lake and Penticton are tied for second with three wins and a loss apiece.

In the boys' fight for T.A.A. Conference Trophy, Calgary Tech are away out in front in Section B with three straight wins. Second place is deadlocked between Chilliwack and Kamloops with two wins and one loss each. Cal Tech is favored to cop Section B honors. Their toughest battle comes Friday afternoon when they face the fighting Chilliwack squad.

Mission paces boys' Section A with three straight wins while second place is again a tie. This time between Trail and Vernon, each with two wins and a loss. Mission took their third straight game Thursday night by defeating Rossland 52-28.

Trail lost their chance to take sole possession of second place when Vernon defeated them 50-49 in overtime Thursday.

CHANCE FOR FIRST

Mission and Trail will battle it out Friday morning and a Trail victory would put them in a first place tie with the Fraser Valley crew. Oliver will meet Vernon and a win for either could result in a three-way tie for first place.

The Conference finals begin late Friday afternoon when the second-place teams in both sections play off. The sectional winners will then play off for the title.

An overtime 65-61 victory by Kamloops over Nelson Thursday afternoon was one of the most exciting games in the Conference to date.

Only a few points separated the teams throughout the game. In the final minutes of regulation time and in the overtime the teams matched shot for shot till the final minutes when Kamloops pulled ahead.

Nelson took an early lead in the game and were in front 28-22 at half time. Kamloops fought back in the third quarter and closed the gap to 40-38. The last quarter was a see-saw battle with Kamloops finally going ahead 54-52 but just as the final buzzer sounded Nelson's Vince Borch sank a long shot to send the game into overtime.

In the extra seven minutes of play the score stayed even until the last few minutes when Kamloops forged ahead to take the game.

Willie Brennan led Kamloops with 23 points while Jim Todd fired 17 for Nelson. Gene Nutter was close behind with 16 for the losers.

Following the completion of tonight's game Mayor E. G. Fletcher crowned Heather Forbes, representing Alpha House, as Queen of the Basketball Conference.

Results of Thursday's games:

Girl's A Section:

Kamloops 21, Oliver 18.
Queen Elizabeth 26, John Oliver 25.
Trail 38, Olvier 18.
Queen Elizabeth 24, Mission 23.
Mission 28; Trail 27.

Girl's B Section:

Kimberley 26, Nelson 23.
King Edward 22, Penticton 18.
Cowichan Lake 32; Rossland 15.
Penticton 16, Nelson 14.
King Edward 25, Rossland 16.
Cowichan Lake 36, Kimberley 26.

Boys' A Section

Mission 52, Rossland 28.
Mission 66, Oliver 44.
Trail 68, Rossland 39.
Vernon 50, Trail 49.

Boys' B Section:

Calgary Tech 72, Grand Forks 19.
Kamloops 65, Nelson 61.
Chilliwack 46, Nelson 21.

Little Bonspiel Starts Today

Nelson's Little Bonspiel, annual wind-up event of the curling season here will get under way today with 47 rinks including 20 from outside points in the running.

Three events are slated for the bonspiel, assuring entrants of at least three games. Play will continue Saturday and Sunday with winners expected to be declared Sunday afternoon.

Rules call for two hours and fifteen minutes per game with an extra end to be played in case of a tie. The bell will be rung two hours from the start of games and no new ends started after the bell is rung, except in case of tie games. Games will be of 10-end duration.

First draw is at 8 a.m.

BANFF, Alta, March 29 (CP) — Bob Richardson of Montreal today placed first in both the slalom and giant slalom events as trials for Canada's Olympic ski team continued on nearby Mount Norquay.

Richardson won the slalom run in 1:57.9 with George Merry of Rossland, B.C., a close runner-up just 2.9 seconds later.

Richard Scores in 3rd Overtime

Rocket Repeats To Give Canadiens 2-0 Semis Edge

DETROIT, March 29 (CP) — Maurice Richard rammed in a goal after 42:20 minutes of sudden-death overtime play tonight to give Montreal Canadiens a 1-0 victory over Detroit Red Wings in the second game of their semi-final Stanley Cup playoff series in the National Hockey League. Montreal now holds a 2-0 edge in the best-of-seven series.

It was the second straight night that Maurice Richard, Montreal's Rocket had swept in and slapped home the winning goal in over-time play.

A crowd of 13,818 at Olympia Stadium watched Richard put on a burst of speed just after the start of the third 20-minute overtime period take a pass from Billy Reay and push home the puck.

The game ended after 102.20 minutes of play. It came only two nights after Montreal had won a 121:09 minute game 3-2 and is believed to have bettered any existing records for the longest two consecutive overtime games.

The big story was Montreal goaltender Gerry McNeil, he turned back all 42 shots the Detroiters threw at the goal and stretched his shutout mastery over the league champion Red Wings to 181.79 minutes.

TO MONTREAL

The two clubs now move to Montreal with the underdog Canadiens holding a 2-0 edge as the clubs prepare for two games on Montreal ice. The winner will face the victor in the Toronto-Boston series.

Neither club scored until Richard came through. Sawchuk had turned back 46 shots before that.

In the first period, Detroit's Gordie Howe, leading scorer in the National Hockey League, missed connections on a goal that would have kept the game from going into overtime.

He rapped a hard shot past Goalie McNeil but it struck the post surrounding the net and bounced out.

Both clubs tried to work their power plays in the third period when three of the six penalties were called. With a Montreal player in the penalty box, Detroit's Glen Skov missed on a shot into the unguarded goal.

Montreal got a similar opportunity minutes later with a Detroit player in the penalty box. But the Canadiens couldn't get the puck past Sawchuk from close range.

Jennejohn Rink Tops Red Cross Bonspiel Play

A rink skipped by N. R. Jennejohn downed T. H. Bourque's foursome 10-7 to win the primary event of the Red Cross Bonspiel held this week in Nelson.

The secondary event was won by H. Farenholtz in a close final against Roddy Carmichael, 5-4.

There are no prizes in the 'spiel, with all proceeds going to the Red Cross campaign fund.

Results of Wednesday and Thursday play follow:

PRIMARY

T. H. Bourque 10; D. Porteous 7
R. Palmer 7, L. G. Peerless 6
E. C. Hunt 9, H. Ronmark 6
Semi-finals — T. H. Bourque 8; R. Palmer 7; N. R. Jennejohn 11, E. C. Hunt 8.
Final—T. H. Bourque 7, N. R. Jennejohn 10.

SECONDARY

H. Farenholtz 10, R. Saunby 9
W. A. Triggs 9, R. Mason 8
R. J. Riesterer 11, F. G. Madden 6
L. J. Maurer 12, J. D. Hingwing 7
R. Carmichael 8, R. D. Hickey 7
W. A. Triggs 9, R. J. Riesterer 11
J. R. Bailey 6, H. Farenholtz 9
Semi-finals—L. J. Maurer 3, R. Carmichael 10; H. Farenholtz 9, R. J. Riesterer 7.
Final—H. Farenholtz 5, R. Carmichael 4.

VANCOUVER, March 29 (CP) — It will be John Oliver versus Alberni and Lord Byng versus Vancouver College tomorrow in the semi-finals of the University of British Columbia Invitation Junior Basketball Tournament here.

Alberni squashed Mission 49-24 today, Lord Byng swamped Powell River 29-9, Vancouver College trounced West Vancouver 37-27 and South Burnaby tripped Kitsilano 26-21.

New Curling Trophy for B.C. Ladies' Champions

E. C. Collinson of Nelson is shown presenting the handsome Collinson Trophy to Mrs. T. A. Wallace of the Nelson Ladies' Curling Club. Although she has not yet won the trophy, Mrs. Wallace has aspirations next week in Vancouver, when she takes a rink to the first B. C. ladies' championships.

The inscription on the plaque reads: "The Collinson Trophy, representative of the British Columbia Ladies' Provincial Curling Championship for annual competition. Presented 1951 by E. Collinson, Nelson, B. C."

The miniature curling rocks adorning each side of the cup are made of regular curling-stone granite, while the two figures at top and bottom are of silver plate. The trophy is 17½ inches wide and 22 inches high.—Vogue photo.

Early Plans Laid for July 'Spiel; Hotel-Resort Cooperation Offered

Preliminary details of entertainment for Nelson's seventh annual Midsummer Bonspiel are being lined up by committee members. The committee is continuing on an expanded basis, set up last year, with members of service clubs and other organizations assisting the Civic Centre Commission and Curling Club in the Bonspiel operation.

In first meetings, it has been decided to again stage a ladies' event and to again have a mixer at the Civic for bonspiel participants. The mixer, at which the curlers and hosts joined in a party on the eve of the first day's play was last year voted a tremendous success.

This year's mixer will be followed by a dance, the committee decided at a meeting at the Board of Trade rooms Wednesday night.

Other entertainment plans are still to be made.

Nelson district hotelmen and auto resort owners attended the early part of the meeting and promised cooperation in meeting accomdation requirements for the 600 or more visitors expected.

A. S. Aitken, chairman, emphasized the importance to Nelson district of the event as a publicity medium, and was assured by the hotel-resort representatives that they fully agreed the Bonspiel was an important factor in Nelson's economic life.

Mr. Aitken said many visiting curlers had stated they would not return unless accomodation was available in the city, or as close to the city as was possible. It was for this reason the hotel-resort delegation had been invited to the meeting. It was important to know that they felt, as the committee seriously did, that the Bonspiel was important and that they would give full cooperation in accomodating visitors.

Spokesmen for the delegation said they were quite sure their rooms and cabins would not be filled Bonspiel week if it were not for the 'spiel, promised cooperation and extended thanks to the committee for staging the event in the second week of July instead of the first. This arrangement permitted them to handle the large number of American July fourth holidayers that visited the district.

Russians Intend To End Permanent Harm To Boxers

MOSCOW, March 29 (AP) — Russian sports authorities have announced new strict rules for all boxing matches and boxers intended to eliminate all possibility of permanent harm.

Under the new regulations, a fighter can engage in only one bout a day. If knocked out, he cannot fight or train again for a month. A fighter who has suffered two knockouts in three months can't fight again for three months.

A boxer who is victim of three knockouts in a row is forbidden to fight again for a year.

Russia has only amateur boxing. They wear 10-ounce gloves.

Lethbridge Leafs Beaten by Harringay

LONDON, March 29 (Reuters)—Harringay Racers of the English National League outplayed Lethbridge Maple Leafs by a wide margin tonight to defeat the touring Canadians 9-3.

Starring on the Harringay defence was young Jim (Shorty) Malacko, a member of the Leafs' world champion team, who quit Lethbridge to sign with the Racers.

The Lethbridge scorers were Hec Negrello, Bill Gibson and Stan Obodiak.

Trail Bowling

LADIES SENIOR LEAGUE

The Lion's quartette again took all top honors in games rolled off on the Trail alleys this week with Bernie Ross sparking her group to the team highs.

Bernie spilled the maples for a high single of 286 in the second frame which led her to a 716 high aggregate.

One of the team's top keglers, her wins led the Lions to high team single of 1063 and high team aggregate of 2929.

Scores follow:

LIONS — B. Rhodes 599; L. Lyon 676; M. Richardson 549; B. Rose 716; Low Score 389. Total 2929.

WHIZBANGS—F. Heslop 374; B. Marapodi 498; E. Allan 454; T. Murdoch 523; V. Gate 532. Total 2381.

Dodds Beats Record

POONA, India, March 29 (Reuters) — Gil Dodds the Flying Parson from Boston, won a half-mile run today in one minute 51.8 seconds. His time beat by 7.2 seconds the Indian record.

Dodds is flying to Tokyo where he is to distribute 10,000 bibles in Japanese.

SOUTHAMPTON, England, Mar. 29 (AP) — The eight-oared racing shell of Cambridge University left for the United States today aboard the Queen Elizabeth.

The crew will have its first American race against Yale April 14.

The Alert Service Police of the CANADIAN PROVOST CORPS

Training in the latest techniques of investigation.

Traffic control for Canada's modern army.

In the Army "law and order" is the job of the Canadian Provost Corps. Its principal tasks are conducting investigations, controlling traffic for an Army on the move, maintaining discipline.

Because the Canadian Army Active Force is growing, the Canadian Provost Corps must grow, too. Men are needed now to train as Service Police. Candidates must be intelligent, well educated, fond of sports and outdoor activities, well built and at least 5 feet 10 inches tall. A sound knowledge of English is required — and there are openings for candidates who are bilingual. The men of the Provost Corps earn trades pay as Service Police.

There's a place for alert, quick-to-learn young men in the Provost Corps. Such men are needed now! You can become a member of this important corps — if you are able to qualify. Report today for active duty with the Canadian Provost Corps. Your training will begin immediately. Canada needs you now.

TO ENLIST YOU MUST:

1. Be a Canadian citizen or British subject.
2. Be between 17 and 40 years of age.
3. Be single.
4. Meet Army test requirements.
5. Volunteer for service anywhere.

REPORT RIGHT AWAY TO:

No. 11 Personnel Depot,
4050 West Fourth Ave.,
VANCOUVER, B.C.

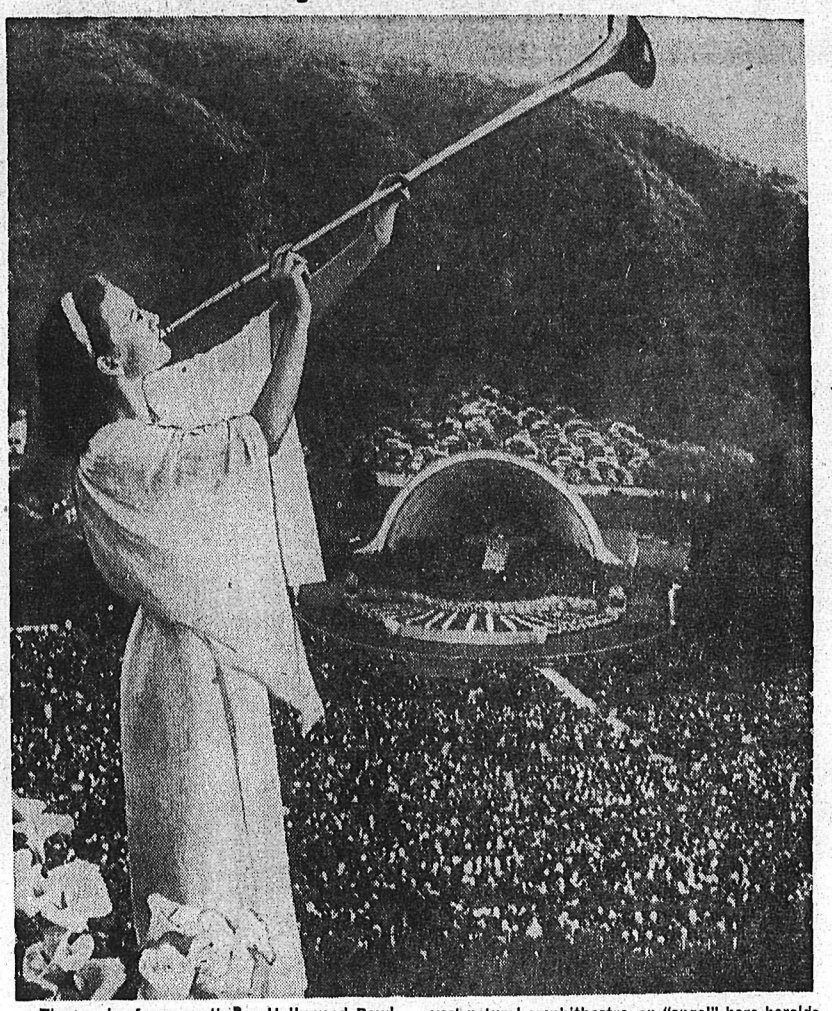
TODAY'S *News Pictures*

Heralding the Dawn of Easter Morn



Thousands of persons throng Hollywood Bowl, Calif., every year for the colorful Easter church services. From the top of the hill overlooking the vast natural amphitheatre, an "angel" here heralds with a trumpet the dawn of the Easter. The service begins just as the sun appears over the hills. —Central Press Canadian.

Dutch Air Power In Action

Their Majesties Queen Juliana and Prince Bernhard of Holland are seen peering skywards as they watched a flight of Meteor Gloster jet planes pass overhead during maneuvers held recently at Velewe. The rulers also inspected new war materials which were presented to the Netherlands by the Canadian Government.—Central Press Canadian.

Failed to "Shed" Her 4th Husband

Camera-shy Woolworth heiress Barbara Hutton is pictured on her arrival in New York from Mexico City after failing to win a "quickie" divorce from her fourth husband, Prince Igor Troubetzkoy. The American Princess, reported "very ill", gives proof to this statement in the above picture. —Central Press Canadian.

Indians Travel Far to Mourn Loss of Seven Children

More than 250 Indians travelled miles on foot, horseback or cars to attend the funeral of the seven Indian children who died in the Six Nations Reserve fire at Oshweken. The tiny white caskets were buried near St. John's Anglican Church on the reservation.—Central Press Canadian.

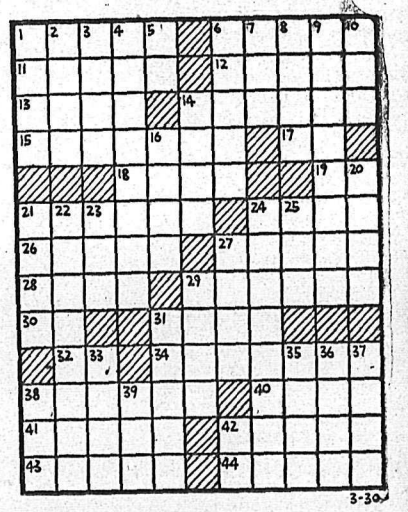
Yesterday's Answers



DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

MACHINERY

Hayes-Lawrence

Winches

Engineered For Service

Model "5-6"

Standard two drum winch, which is available also with one or three drums. A versatile machine with abundant speed and power. Used for yarding and loading, clearing land, drag-lining, and hoisting construction materials.

Model "8-10"

A two drum winch designed primarily for pile driving. Rachets, dogs, and niggerheads are standard equipment. An excellent machine for construction work, clearing and drag-lining.

Model "10-10"

A powerful, popular, medium-sized winch supplied with main, haulback and straw drums. It is also used successfully as a loader, combination yarder and loader, dredging or drag-lining machine.

Market Trends

NEW YORK, March 29 (AP) — Railroads led in a see-saw performance on the upside.

Gains ran to as much as $3 a share among leaders, but the practical top was between $1 and $2 a share.

Canadian issues were mixed with McIntyre losing ½, Hiram Walker ¼ and International Nickel ⅛ while Canadian Pacific added ¼ and Distillers Seagrams ⅛. Dome Mines was unchanged.

TORONTO (CP) — Oil stocks featured the dull quiet session.

Western oils moved ahead over a broad front with gains ranging from pennies to about 35 cents and refining oils in the industrial section added fractions. Base metals and golds firmed and industrials were mixed in sluggish trading.

Volume was about 1,100,000 shares.

Issues that headed Western oils higher included Anglo-Canadian, Atlantic Oil, Commoil Petroleum, Federated Petroleum, Home Oil, Royalite and Pacific Petroleum.

MONTREAL (CP) — Securities continued to firm fractions in slow trading towards the close in contrast to declines earlier in the week.

Advances were for the most part fractional. However Consolidated Smelters rose 1⅜ points to 138½ and Ford "A" climbed 1¼ to 62¼.

The industrial section, which includes textiles, constructions, millings and beverages, was unchanged to firmer in places. Papers and steels were mixed to a trifle stronger while senior oils and carriers were definitely firmer. Utilities were steady to firmer, senior metals were mixed and banks eased fractions.

LONDON (Reuters) — Trading was quiet but there was a marked firmness in British Government funds. Good buying of the medium and long-dated issues was reported.

Disappointment with the British American Tobacco dividend of 15 per cent for the year against 14 1-6 per cent depressed the price to 5 5-16 but Ford Motors were firm around 50 on the payment of 12½ per cent against 10 per cent. Shipbuilding shares improved.

Winnipeg Grain

Rosenbergs, Sobell, Guilty of Espionage

NEW YORK, March 29 (AP)—Two men and a woman were convicted today of passing wartime atomic secrets to Russia in the first atom spy trial in the United States.

The jury returned its verdict after seven hours and 18 minutes of deliberation.

The convicted defendants, who could receive the death penalty, are Julius Rosenberg, 34-year-old electrical engineer; his wife, Ethel, 35, and radar expert Morton Sobell, 33.

The Prosecutor did not ask for the death penalty, however, during summation.

The jury had weighed the fate of the three defendants for one hour and two minutes today after being locked up for the night at 12:40 this morning.

The trio was accused of relaying atom secrets to an international Red spy ring headed by Klaus Fuchs until his arrest in England early last year. The secrets, the Government contended, included drawings of the atom bomb dropped on Nagasaki, Japan, in 1945.

MRS. ROSENBERG GRIM

Only Mrs. Rosenberg showed any emotion as the verdicts were announced. She shook her head slightly, then stared grimly at the floor of the courtroom. Sobell and Rosenberg sat calmly in their chairs.

Turning to the defendants, Judge Irving Kaufman said:

"That citizens should lend themselves to the destruction of their own country by the most destructive weapon known to science is so shocking that I can't find words to describe the loathsome offence."

He then fixed April 5 for imposition of sentences.

Counsel for all three defendants said they would appeal the conviction.

Seattle Demands Rabies Control

SEATTLE, Wash., March 29 (CP)—Health officials warned Washington's dog and cat owners today the current outbreak of rabies at Spokane will spread throughout the State unless immediate steps are taken to control the disease.

Urging early vaccination of dogs and cats, they said a rabies outbreak could last as long as 10 years if the disease were allowed to spread.

Dr. Lyle Moss, Chief Veterinarian of the Seattle-King County Health Department, said there is "little chance" that the rabies epidemic at Spokane will be confined to that area.

Dr. W. R. Gledt, head of the laboratories section of the State Health Department, recalled yesterday that the last serious outbreak of rabies in Western Washington lasted 10 years.

He said the disease started in King County and spread to 15 other Counties. The disease died out in 1942, Dr. Giedt said.

Chinese Reds Prepare Graves

TOKYO, March 29 (Reuters)—Chinese commanders are thought to be estimating in advance the number of fatalities their troops would suffer and laying out graveyards for quick disposal of the bodies.

American troops pushing forward today on the Western front North of Uijongbu came upon a precisely-planned and fastidious Chinese military graveyard containing 20 graves arranged in rows of five.

Each grave was marked with the dead man's name, unit and home town and there were 20 additional open graves waiting to be filled.

May Use Controls For Utility Goods

OTTAWA, March 29 (CP)—Import controls may again be imposed in Canada, if and when this country ever embarks on a program of producing "utility goods", a Government official said today.

However, unlike the controls of 1947, they would not be imposed for the purpose of saving dollars.

Main purpose of such controls would be to eliminate any "unfair competition" which might result from "utility" production—manufacture holding use of essential materials to a minimum.

French Strikes Growing Daily

PARIS, March 29 (Reuters)—France's wave of strikes threatened to spread today, with growing discontent among unions at the Government's refusal to sanction higher wages.

Tax collectors, post office men, civil servants, hospital staff, morticians, garbage collectors and other municipal employees were among the latest reported threatening action.

Arsenal workers in Brest, Brittany, and at Toulin, in the South, downed tools and other minor strikes continued to flare up.

Calgary Livestock

CALGARY, March 29 (CP)—Receipts continued light on the Calgary livestock market today due to the road ban, and all classes were active, notably cows. Only 326 cattle and calves were available. Cows were $1 to $1.50 higher for the week, choice light kinds going for $28.50-29.00. Bulls steady and veal calves fully steady.

Sales yesterday were 614 cattle, 28 calves and 207 hogs.

Hogs dropped 25 cents yesterday, closing at $33. Sows were 50 to 75 cents off at $22. Good lambs brought $35.00-35.25.

Good to choice butcher steers 32.25-33.75; common to medium 28.00-32.00. Good to choice butcher heifers 31.00-32.50; common to medium 27.50-30.50. Good cows 27.00-28.00; common to medium 23.75-26.50. Canners and cutters 19.50-23.50. Good bulls 29.00-29.50; common to medium 25.00-28.50. Good stocker and feeder steers 31.00-33.00; common to medium 28.00-30.50. Good to choice veal calves 35.00-38.50; common to medium 28.00-34.00.

W. Germans Stop Aid to Red Groups

BONN, Germany March 29 (AP)—West Germany's government cracked down today on aid by business firms to Communist groups. It warned that no government contracts will go to firms supporting "anti-constitutional" organizations.

Many German business men have been reported lending aid to Communist groups as a form of insurance against a possible Red conquest of West Germany — even though they do not agree with Communist views.

Hunt for Nickel Spreads North

THE PAS, Man., March 29 (CP)—International demand for strategic metals has stirred exploratory mining activity through Northern Manitoba.

Nickel is sought most. The search for it is extending North of Churchill on the West shore of Hudson Bay.

Farther South, along the route of the Hudson Bay Railway, more field parties are examining old and new fields than at any time in recent years.

So keen is the race for nickel that the discovery of a large body of iron ore of comparatively-low quality near Churchill has aroused little interest. The ore body is located on Great Island in the Seal River, due West of Churchill.

Use Sugar Waste To Make Paper

NEW YORK, March 29 (AP)—A $15,000,000 plant to make newsprint from sugar cane bagasse—the waste material of the sugar industry—will be built in Florida.

The United Bagasse Cellulose Corporation was formed recently to carry out the project. President is Joaquin de La Roza, Cuban engineer who developed a new and successful process of making paper from bagasse.

OTTAWA, March 29 (CP)—A government newsprint authority said today he doubted whether sugar cane waste can compete with wood in the manufacture of newsprint.

The newsprint official said he doubted whether the making of newsprint from sugar cane bagasse is economical.

"The process is not new. Latin American countries have been experimenting with it for years."

O'DWYER "VERY TIRED"

NEW YORK, March 29 (AP)—Former Mayor William O'Dwyer entered a hospital tonight for a physical checkup.

His personal physician, Dr. Edward M. Bernecker, said O'Dwyer "has been very tired."

OSLO (CP)—Heavy snow in Southern Norway is proving a real handicap to lumbermen. In some districts army bulldozers are helping to clear paths through the woods.

Newton Stresses Acting Problems

VANCOUVER, March 29 (CP)—Lillian Hellman's play about evil eroding an Alabaman family, "Another Part of the Forest", was presented Wednesday by the Vancouver Little Theatre Association as the third offering of the British Columbia Regional Drama Festival.

Adjudicator Robert Newton said the acting and direction were "very sound, thorough and sure."

But most of the players were acting the parts instead of being them—the presentation was "externalized rather than internalized."

Mr. Newton said that in some scenes the conflict between characters was not brought out sharply enough. A couple of climaxes in the second act had been missed.

Ian Dobbie was producer and director.

Attlee Speaks on Radio Saturday

LONDON, March 29 (Reuters)—Prime Minister Attlee, undergoing hospital treatment for a duodenal ulcer, will step out Saturday night to make a political broadcast from 10 Downing Street.

Then it's back to hospital for further treatment. A member of his staff says he is "looking very well and not worrying."

He is dieting and receiving medicinal treatment.
