WEATHER FORECAST
KOOTENAY: Sunny Monday with a few cloudy intervals in the afternoon. A little warmer. Light winds. Low and high tomorrow at Cranbrook 47 and 80; Crescent Valley, 45 and 80.

Koreans Crush Two Red Drives

Canada's Korea Role Before Cabinet Wednesday

Truman to Ask Mobilization Funds; Army, Air Force Chiefs "Satisfied"

By CLYDE BLACKBURN
Canadian Press Staff Writer

OTTAWA, July 16 (CP) — Momentous decisions face the Canadian government this week, arising from the United Nations appeal for additional help in Korea and the discouraging news of the fighting there.

A cabinet meeting Wednesday may bring answers to two questions of vital interest to Canadians:

1. Will ground and air forces be added to the three-destroyer naval units now speeding to aid the defenders of Southern Korea?

2. Will Parliament be called in emergency session to approve the despatch of additional assistance?

From what could be learned today, in a sweltering capital almost completely deserted by holidaying Ministers and officials, it seemed unlikely that any hasty action would be taken.

It is known that ever since Prime Minister St. Laurent announced diversion of three Pacific-based destroyers for possible service in Korean waters, the Government has based its planning on the possibility that additional aid might be necessary.

If the decision is to send ground troops or air groups, or both, presumably it would take some time to mobilize and organize them and it would be a matter of months before they could get into action.

By JOHN M. HIGHTOWER

WASHINGTON, July 16 (AP)—High administration officials said this weekend that President Truman will send Congress a special message by next mid-week asking funds and authority to carry through a partial mobilization program.

The program, covering both men and production of war material, will be adequate to meet the Korean crisis and the broader Western-Russian emergency. It was said, but will not put the country on a full war footing.

Information vital to the final decisions was given the President and other leaders Saturday by Gen. J. Lawton Collins and Gen. Hoyt S. Van Denberg, the army and air force chiefs of staff, just returned from Tokyo and the Korean battlefront.

ATTACK FROM PENINSULA

Collins said at a press conference that U. S. forces will be able to hold an "extensive bridgehead" on the Korean Peninsula, and will later be able to launch an attack from there that will throw out the Communists.

He said new weapons and ammunition including tanks are being rushed into the battle area.

Both Collins and Vandenberg reported they were completely satisfied with the performance and morale of the Americans in Korea.

Defence headquarters today displayed a slightly more cheerful aspects as new reports from the Korean battlefront came in. "Reports of the last two days," a briefing officer told reporters, "are more encouraging than we have had for a long time."

The confidence reflected by top military leaders contrasted with a statement by Representative James E. Van Zandt (Rep. Pa.), a member of the Armed Services Committee of the House of Representatives, that the United States "may have to evacuate Korea in the next 72 hours."

Van Zandt, former National Commander of the Veterans of Foreign Wars, made this remark Saturday in a speech at Harrisburg to a Pennsylvania convention of the V.F.W.

Seeks Workable Compromise

RENE PLEVEN
Following a broad center-of-the-road policy, French Premier Rene Pleven (above) has announced his new Cabinet would seek to bind all party groups to a workable compromise. Pleven's primary concern will be to find additional resources for proposed new expenditures.—Central Press Canadian.

DETECTIVE DIES IN SHOTGUN FIRE

Wounded Winnipeg Plumber To Be Charged

WINNIPEG, July 16 (CP)—A drunken plumber, met by police at the scene of a stabbing, early today killed one detective and wounded another with a hail of shotgun fire, Police Chief George MacIver said.

Det.-Sgt. J. E. Sims, 42, died on the operating table of a wound in the abdomen. Detective W. H. Anderson, 29, suffered wounds in the abdomen and chest.

Police said Henry Malanyk, 48, will be charged with murder. Malanyk, who they said was drunk on homebrew, is in hospital with police-inflicted hand, shoulder and hip wounds.

Chief MacIver said the gunfire shattered the stillness of a dreary, wet Saturday night after the two detectives and Detective J. Peachell went to investigate a stabbing at a house on Argyle Street.

Adolphe Kafka of Pine Falls, Man., visiting his wife, was found with a number of stabs wounds in the back. Malanyk, who was friendly with Kafka's wife, allegedly did the stabbing. Kafka was treated and released from hospital.

The chief said Malanyk had gone when the officers arrived, but that headquarters received a call that a man carrying a shotgun had threatened and robbed a watchman nearby, then gone off toward Arglye Street.

Police Chief MacIver said Malanyk appeared at the door of the Kafka house carrying a 12-gauge shotgun. The three detectives were in the tiny front room.

SHOOTS AT NINE FEET

Malanyk, he said, blasted Sgt. Sims from about nine feet, hitting him in the stomach.

Just as the gun roared again Anderson and Peachell drew revolvers and fired. Malanyk fell. Anderson staggered outside and collapsed on the sidewalk. Peachell was unhurt.

The chief said Malanyk had 12 shotgun shells in his jacket pocket and a loaded .22-calibre rifle in his automobile.

"If he lives—and he will—he'll be charged with murder," Chief MacIver said.

Sgt. Sims was a veteran of 19 years on the force.

Prefer Censorship . . .

Korean Campaign Newsmen's "Toughest"

By ROY MACARTNEY

TOKYO, July 16 (Reuters)—The Korean campaign is one of the toughest, most frustrating and mentally worrying that any correspondent was ever called upon to cover.

When I left Taejon Friday, I was sure every member of the front-line correspondents, operating from a rat-infested hut at advance headquarters, would echo those words.

In addition to the physical difficulties of covering the campaign, and the filth and disease abounding in the country, there is a responsibility resting almost entirely on the correspondents alone to see that nothing is published which might cost American soldiers their lives.

Ninety per cent of the correspondents in Korea indicated they would prefer open censorship to General MacArthur's "unique experiment" of fighting a war without it.

Hanging over the correspondents' heads is this heavy responsibility, far outweighing possible punitive action such as Gen. MacArthur's Headquarters took against Peter Kalischer of the United Press and Tom Lambert of the Associated Press.

(Gen. MacArthur Sunday lifted the ban against these two correspondents, some 24 hours after it had been imposed).

At a briefing in Taejon last week, correspondents asked a senior staff officer to impose censorship, after he threatened to order one correspondent to Tokyo for "reorientation" and "warned" two others for alleged breaches of security.

The officer declined to outline the alleged breaches and said the army was unable to impose field censorship because there were no trained censors either in Korea or Japan.

Correspondents, however, expressed belief MacArthur did not want to impose open censorship because of the United Nations aspect of his command, and the fear that censorship would be interpreted as news suppression.

So battle correspondents continue to work under extreme difficulties.

TOKYO, July 16 (AP)—Tom Lambert, Associated Press Correspondent, flew back to the Korean war front tonight after Gen. Douglas MacArthur personally rescinded a ban the army had placed on field reporting by him and another correspondent.

The Supreme Commander expressed confidence in the handling of future front assignments by Lambert and Peter Kalischer of the United Press.

MacArthur said he was lifting the ban because both were old friends of his.

Saturday, U.S. military officials abruptly notified Lambert and Kalischer that they could not return to Korea.

MacArthur intimated, however, that the basic objection was to parts of dispatches reflecting disillusionment among some front-line troops.

The General said the psychological factor was an important part of a military campaign. This factor, he said, increased the responsibilities of reporters to exercise their judgment and professional training in selecting the news to be reported.

Waves of Attackers Hammer Yanks in West

TOKYO, July 17 (Monday) (AP)—South Korea's army, with powerful American air and artillery support, handed the Reds a "catastrophic" defeat on the East today. But the Americans were driven back six miles by massive attacks on the West end of the front.

Gen. MacArthur's communique said the South Koreans' aggressive blows dealt the Northerners "the most conclusive setbacks administered the Reds since they crossed the 38th parallel."

The news was gloomier on the West. There outmanned United States infantrymen were trying to hold back waves of North Koreans who burst from their Kum River beachhead Sunday night behind a fierce artillery barrage.

The communique's reference to a six-mile withdrawal indicated the Reds were within nine miles or so of the city of Taejon, once South Korea's refugee capital. The communique said the American position "did not dissolve in any way."

The big surprise sprung by the South Koreans came on two sectors of the front far to the East of Taejon.

The Reds on the East coast struck out from a beachhead North of Yongdok, which is 85 miles North of the U.S. supply port of Pusan.

Then planes of the 5th U.S. Air Force hammered over, bombing and strafing. Ground forces counter-attacked. The communique said the result was "a catastrophe for the Red forces." The Reds were routed and patrols still have been unable to regain contact with the fleeing forces.

The second Red setback came late yesterday on the critical Yechon sector, 55 miles Northeast of Taejon. The Reds began a Southeastward movement headed straight for the U.S. supply lines about 35 miles to the South.

U.S. artillery, not previously reported on this part of the front, opened up and poured a deadly fire into the Communist ranks. The communique said the Southerners then counter-attacked and stopped the Red drive cold. Patrols reported the Communists were digging in.

The situation continued grave on the vital Kum River front where a thin American line is trying to hold back the Red tide before Taejon.

The Communist armies made their newest and most savage drive toward the temporary South Korean capital after what troops returning from the front lines called a fierce artillery barrage. U.S. soldiers said the Reds "threw unstoppable numbers" at the American front line.

The Reds thrust across at the site of a shattered highway bridge last night after U.S. troops had withdrawn in the face of a flanking threat from the original Communist bridgehead 12 miles to the Southwest.

The Reds paid heavily. U.S. warplanes blasted Communist soldiers from the bridge and foiled an attempt to throw tanks across. A late dispatch said the Reds still had no tanks South of the Kum, as far as was known.

U. S. Plane Output Below Need

By JAMES J. STREBIG

WASHINGTON, July 16 (AP)—The United States' level of aircraft production appears to be much less than needed to support the air war in Korea.

Using experience gained in the Second World War as a rule of thumb, losses run about 25 per cent a month. An estimated 600 U.S. Air Force planes are available to Gen. Douglas MacArthur.

The carrier Valley Forge with perhaps 90 planes has been in action and at least one other large carrier and one or two small carriers with between 120 and 150 planes among them, are expected to be ordered into action soon.

Assuming a total of 900 planes by making allowance for marine fighter squadrons and the possibility that another carrier will be sent to Korean waters, the monthly loss would average 225 planes by standards based on experience.

This is a little more than the average monthly production of military aircraft in the United States. The deficiency is currently being met by withdrawals from storage and from air National Guard and air rescue units.

Before the Korean affair began the Air Force had 2600 combat planes in active units located other than the Far East and some 4500 combat planes in storage. The Navy had about 2000 combat planes in active units and 3300 others in storage.

A prolonged fight in Korea might quickly exhaust the types most suitable for operations there.

B.C. Rinks Victors In Final Events

Stuart of Fintry Wins Queen City; Waters of Nelson Takes Rosebud

British Columbia rinks came into their own Saturday, taking the final two events of Nelson's sixth annual Midsummer Bonspiel.

G. R. Stuart of Fintry, via Vernon, captured the Queen City Competition by defeating Mel Towriss of Princeton 11-4. Towriss last year won the Kootenay Challenge event.

Art Waters took the Rosebud Competition by defeating E. C. Hunt 7-4 in an all-Nelson final.

Thus the Bonspiel wound up as follows:

CANADIAN SUMMER CURLING CHAMPIONSHIP

Art Simpson, Aubrey Gore, Dr. W. F. Keith and Stanley Haskayne of Bassano, Alta.; runners-up, Ek. Thode, John Eidt, Grant Botham and Harry Schmaus of Saskatoon.

KOOTENAY CHALLENGE

Garnet and Lloyd Campbell, Bill Evans and A. (Sandy) Campbell of Avonlea, Sask; runners-up, Garvin Lick, Wilf Cotton and Gordon Shaw of Swan River, Man., and A. S. Horswill of Nelson.

QUEEN CITY COMPETITION

G. R. Stuart, Steve Lee, A. L. Valair and M. Litte of Fintry; runners-up, T. M. Towriss, Lew Norman, Albert Bloom and Harry Richmond of Fintry.

ROSEBUD COMPETITION

Art Waters, N. S. Macleod, W. Gold and J. S. Livingstone of Nelson; runners-up, E. C. Hunt, W. A. Duckworth, L. Chase and R. D. Wallace of Nelson.

Saturday also saw the climax of ladies' play, for the first time a feature of the Bonspiel. Mrs. Joseph (Mary) DeGirolamo of Nelson won the ladies' championship, defeating Mrs. E. O. Parry of Morrin, Alta., 11-7 in the final.

It was the third time in the history of the Bonspiel that a Towriss rink had reached the finals.

Mel Towriss' father won the primary in the first Bonspiel, while last year Mel himself took the second event, the Kootenay Challenge.

The Princeton group late Friday night entered the finals by trouncing H. Ronmark of Nelson 13-5, while Stuart edged J. E. Barry of Tuxford, Sask., 11-10 for the right to meet Towriss.

In the Rosebud semi-finals, Waters defeated S. Bernard of Brooks, Alta., 8-3, and Hunt ousted C. W. Stock of Totnes, Sask., 10-5.

Prizes were presented by Ald. R. J. Riesterer, president of Nelson Curling Club, Mrs. J. C. Muir, president of the Ladies' Curling Club, presenting the ladies' championship prize.

Other Saturday results:

ROSEBUD COMPETITION

Round 4—

L. Legg, Stettler, Alta., 5; L. G. Peerless, Nelson, 14.

R. Bell, Nelson, 7; E. C. Thode, Saskatoon, 5.

E. C. Hunt, Nelson, 8; R. Montgomerie, Regina, 7.

E. J. Todd, Field, B.C., 9; H. Thurber, Blackie, Alta., 6.

Round 5—

L. G. Peerless, Nelson, 5; A. Waters, Nelson, 8.

S. Bernard, Brooks, Alta., 10; R. Bell, Nelson, 9.

E. C. Hunt, Nelson, 8; E. J. Todd, Field, 7.

C. W. Stock, Totnes, Sask., 10; G. E. Stewart, Macleod, Alta., 4.

Stunt Car Kills Spectator

LAPRAIRIE, Que., July 16 (CP)—A woman was killed and seven persons, including four other women, injured today when an automobile taking part in daredevil stunts at Kempton racetrack here went out of control, smashed a wooden railing and crashed into a crowd of spectators.

Dead is Mrs. Paul Morin, 46, of Napierville, Que., one of 5000 persons who witnessed the stunt show.

Laprairie is about 15 miles Southwest of Montreal.

Driver of the stock car was 28-year-old Jimmy Curry of Charlotte, N.C. He and three other drivers were participating in a "precision driving" demonstration, one of 25 numbers listed on the program of the daredevil show, when he lost control of his vehicle.

Police said the four cars, all new models, were moving down the track at from 30 to 35 miles an hour, when Curry's car locked bumpers with another vehicle and careened out of control to smash into the wooden railing a few feet away, plowing into spectators standing near the railing.

Mrs. Morin was pinned under the vehicle while four women and three men were knocked down.

Coast Business Man Passes

SALMON ARM, B.C., July 16 (CP) — R. E. Standfield, 54, Manager of the Hudson's Bay Company store in Vancouver, died suddenly in hospital here Saturday following a brief illness. He was on holiday when taken ill.

A native of London, Ont., Mr. Standfield was a prominent business man in London, Montral, Toronto and Winnipeg before coming to Vancouver. He was appointed manager of the H.B.C. store here in 1937.

Cut Prices in East Germany

BERLIN, July 16 (AP) — The Communist rulers of East Germany made a new bid for popular support today with sharp price cuts in food and retail goods in the Soviet zone and the East sector of Berlin.

The announcement was timed to benefit the Socialist United (Communist) Party's annual festival this week.

The price reductions on most items sold at the ration free stores average up to 65 per cent on food and about 35 per cent on goods.

Stowaways Surrender

VANCOUVER, July 16 (CP)—Two young Koreans—Northerners but anti-communists—walked out of hiding Saturday into a fate as uncertain as their homeland's future.

The pair, Young Wan Lee, 22, and Pong Che Yue, 24, after four months as fugitives in the country they want to make their home, surrendered to the Vancouver Sun's marine editor, Pat Keatley.

They asked to be turned over to immigration officials here, from whom they escaped May 9 after arriving as stowaways on a Canadian freighter. Then as now they faced deportation.

Announcement was made in Ottawa only yesterday that a second deportation order had been issued against them.

The slight, neatly-dressed youths said they face certain death on their return to any part of Korea—as traitors in the North and enemies in the South.

"We are, like you people say, between the devil and the deep blue sea," said Pong. "If we go back now, we will surely die."

The fugitives were reluctant to discuss their activities since their escape scant hours before they were to have been escorted aboard a Korea-bound freighter. The Sun said they apparently moved through the Fraser Valley, working as farm laborers.

They told The Sun that the arrival of Immigration Minister Walter Harris prompted their surrender. Mr. Harris said Saturday he could not immediately talk to the youths but that an interview may be arranged later.

Condemns Curbing Religious Freedom

TORONTO, July 16 (CP) — The Central Committee of the World Council of Churches ended its week-long annual session Saturday.

The policy-making body of the largest international group of Protestant and Orthodox Churches reiterated traditional Christian viewpoints during the meetings. But, more significantly, they were placed in relation to actual world problems.

The Committee condemned the use of atomic or bacteriogloglical weapons in Korea—or anywhere else. Then, with only two members of pacifist conviction dissenting, it approved United Nations intervention in Korea as a police action.

Although not all of the 90 committee members were present, the group nevertheless was empowered to speak for more than 160,000,000 Christians — some in iron curtain countries.

Some of the men who approved the statement on Korea live at the edge of the iron curtain. Courage was needed for them to condemn Communist expansion.

Once again the Committee reiterated its opposiltion to discrimination or segregation on ground of race or color.

In another action, the Committee condemned curbing of religious freedom by governments, churches other agencies. It made it clear that it opposed discrimination by faith and specifically named Protestant, Roman Catholic, Moslem and Orthodox.

Then the group told member churches in effect to set their own houses in order and to work with World Council support for the cause of religious freedom through their own governments and the United Nations.

LOST BOY ONLY HUNGRY

MEDICINE HAT, Alta., July 16 (CP)—After R.C.M.P. with a tracking dog and 75 Boy Scouts and Scout leaders failed to find him in a 20-hour search in rugged country, a 12-year-old Scout appeared out of the bush Saturday. His only complaint: he was hungry.

The boy — Allan Robinson of Medicine Hat—said he spent Friday night wandering in the tangled growth about the resort community of Elkwater Lake where he was attending a Boy Scout camp.

He apparently had not heard the cries of searchers who throughout the night combed the heavily-treed area.

Quell Revolt

QUITO, Ecuador, July 16 (AP)—A revolt against President Galo Plaza Lasso's Government broke out at Guayaquil Saturday, but the leaders were quickly arrested. Government reports said the Capital and other cities were quiet.

Officials said Carlos Guevara Moreno, Chief of the Popular Front Party and leader of the rebels, was being brought to Quito by plane. He and other revolt leaders will be held in prison pending a trial, a communique said.

Guevara was Interior Minister in the Cabinet of President Jose Maria Velasco Ibarra, who was deposed in a one-shot military coup Aug. 24, 1947.

Arrested with him were Luis Jacome, a retired army officer, Coello Serrano and Rafael Dillon.

PHILIPPINES STOCKPILE FLOUR

VANCOUVER, July 16 (CP)—The Philippine government is buying 1,000,000 sacks of flour to be "stockpiled for war emergencies," it was learned here tonight.

M. W. Berridge, Canada Grain Export Co. Ltd., Vancouver, said at least 50 per cent of the order would come from American flour mills. Canadian millers hoped to get the other half.

The Philippine Relief and Trading Regulation Authority, a government agency, is placing the 1,000,000-sack order in addition to normal flour purchases.

The agency said the shipment would be stockpiled at Manila in event of the Korean war spreading and curtailing shipping in the Pacific.

Mr. Berridge said all flour mills and exporters in Western Canada would probably participate in the order. The first cargo will leave here this month.

The Philippines take an average of 300,000 sacks of flour per month through the port of Vancouver.

Photo Plane Drops Into Lake

EDMONTON, July 16 (CP)—An RCAF photo plane is sunk in a lake in the North West Territories but its crew of nine is safe, a Northwest Air Command spokesman reported today.

The RCAF Canso from 413 Photo Squadron operating from The Pas, Man., is reported submerged to the top of its wings at the Northwest end of Spitfire Lake, 544 miles Northeast of Edmonton.

The crew was seen on the beach of an unnamed island nearby.

A rescue Dakota has been dispatched from the RCAF Rescue Coordination Centre at Edmonton to evacuate the men.

RCAF officials here said the Dakota communicated with Air Command headquarters here, advising that none of the photo men was injured. The Dakota dropped sleepings bags to the men and, apparently, walkie-talkies.

TO TALK OVER COALITION

OTTAWA, July 16 (CP) — The world organization of the teaching profession, already 2,000,000 strong, is considering possible coalition with the 500,000-member International Federation of Elementary Teachers Associations and the 138,000-member International Federation of Secondary Teachers Organizations.

W.O.T.P. President W. F. Russell of Columbia University, New York, said in an interview today that pros and cons of union into one closely-knit confederation will be studied at the W.O.T.P. week-long assembly to get under way tomorrow.

Dr. Russell estimated that approximately 150 delegates from 26 countries will attend the meetings. In addition, Denmark, Uruguay, Ecuador, Japan and Western Germany are sending observers.

Pope Pius Moves To Summer Home

VATICAN CITY, July 16 (AP)—Pope Pius left by car tonight for his Summer residence at Castel Gandolfo.

The Pontiff, now 74, took his vacation this year a month earlier than usual on the advice of physicians. The doctors advised the Pope to take some rest after his heavy Holy Year activities.

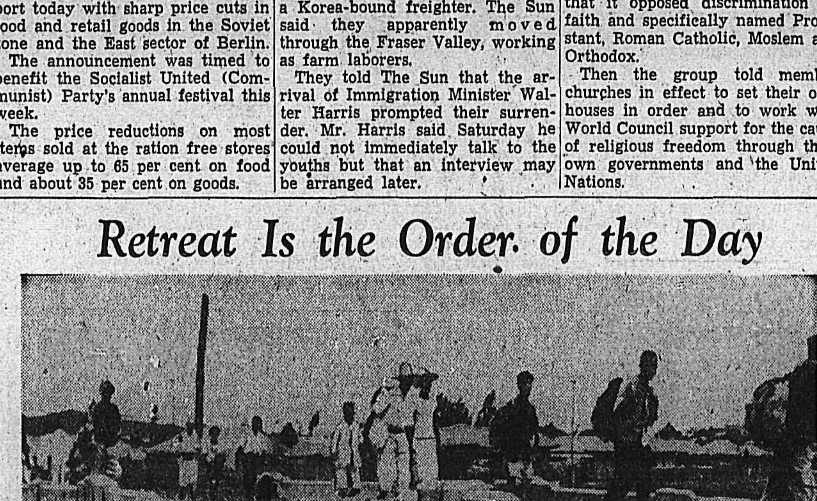
Freighter Strafed

TAIPEI, Formosa, July 16 (AP)—The captain of the British freighter Glenhearn reported today a Mustang fighter with Chinese Nationalist markings strafed his ship Saturday about 40 miles North of Formosa.

His report said two of his crew were injured severly and the steering gear was damaged.

Chinese Nationalist headquarters said it had no knowledge of such an attack.

Retreat Is the Order of the Day



Barefoot and tired, South Korean troops and refugees are shown crossing a bridge that was blown up by retreating forces. Sunday night U.S. forces were driven back toward Taejon by a fierce artillery barrage.—Central Press Canadian.

Korea at a Glance

By The Canadian Press

TOKYO—Waves of North Korean troops burst from Kum River bridgehead Sunday night behind fierce artillery barrage, driving U.S. forces back toward imperilled Taejon. B-29s hit Seoul railroad yards with 400 tons of bombs.

WASHINGTON—Briefing officer says news from Korea is better. Main American defence lines described as intact, with North Koreans suffering heavy losses of best troops and tanks.

TOKYO—Gen. MacArthur rescinds ban on two front line reporters.

NEW DELHI—Prime Minister Nehru receives personal message from Stalin on mediation offer; contents not disclosed.

And in This Corner—

PATCHOGUE, N.Y., July 16 (AP)—Five-year-old Jimmy Mortge took his father's box of cigars Saturday and paraded through town, passing out the stogies right and left.

When pop, Patrolman Adolph Mortge, caught up with him, Jimmy explained that his pet cat, Starlight, had just given birth to two kittens.

FINCHAMPSTEAD, Berkshire, England, July 16 (Reuters) — Nudists from the Heritage Nudist Camp near here turned out Saturday to search for a naked man terrorizing women and children of this normally peaceful village.

The nudists say the man is getting them a bad reputation.

Women who have met the naked man describe him as of medium height, fair, and well bronzed. He talks in a cultured voice.

PITTSBURGH, July 16 (AP)—Grandma Eliza Dent—who says she likes television and an occasional spot of beer—observed her 107th birthday today.

Grandma lives in a convalescent home.

Today she was more interested in the Korean war than her birthday, observing:

"All those boys are going away and so many girls will be left without sweethearts."

FORT WASHINGTON, Pa., July 16—Robert Accor, 21, paid a $13.50 fine on a disorderly-conduct charge last night for saying goodnight to a policeman.

Police said it was this way:

An officer was directing traffic the night of July 4 when a car swung around the corner and a face poked out the window to say: "Goodnight, bum."

Britain's Cathedrals Present Repair Bills

By MURIEL NARRAWAY
Canadian Press Staff Writer

LONDON, (CP)—Britain's Cathedrals confront authorities with a total repair bill of approximately £1,500,000 ($4,650,000).

York Minster had a four-ton fall of masonry from one of its towers in 1948. The Archbishop opened an appeal for £250,000—and expects to get it.

The spire of Salisbury Cathedral, tallest in Britain, is in scaffolding splints. The top is in a dangerous condition and £30,000 will be spent on its repair. The Dean and Chapter have appealed for £100,000 for general restoration.

Canterbury is one of the most fortunate. An appeal fund of £300,000 raised in 1946, has brought contributions from all parts of the world. Canada and Australia have an organized national contributions fund for this Cathedral and Canterbury has about 6000 subscribers in other countries.

Manchester, Lichfield, Winchester, St. Paul's and many others add to the general cost of restoration. The bells of Worcester Cathedral were silenced last year and will remain mute until two 40-ton pinnacles atop the bell-tower are made safe.

All the danger is not confined to towers, spires and belfries. Acute deterioration occurs in decorative gargoyles, finials, crockets, corbels and bosses. Most of these were raised on iron supports which have corroded through the years due to dampness.

During the Victorian era these supports were repaired with iron lead and copper. Today's restorers will use gunmetal and bronze.

A further problem is the lack of skilled workers. The work must be done under the direction of men who thoroughly understand the masonry of 400 years ago and these old-type masons are on their way out. Those that are left will have to work with the help of apprentices, teaching as they work.

Rising costs in materials and wages present another problem. At one time the estimated repair cost of Canterbury's organ was £5000. It is now £14,320. Some of the clergy have taken salary cuts to help the appeal funds.

British Cricket

LONDON, July 16 (Reuters) — A fifth-wicket stand of 157 by Clyde Walcott and Robert Christiani today enabled the West Indies cricket team to put on 201 for six in their first innings against Derbyshire at Chesterfield today. Their first four wickets had tumbled for 23 runs.

In a fine spell of bowling on the sporting pitch Cliff Gladwin took three of the first four West Indies wickets with his fast-medium deliveries, and at the fall of the fourth wicket had bowled seven over, including five maidens, allowing only three runs and taking three wickets. At the end of the day his figures were three for 36.

Then Walcott and Christiani together they took the score of 180 before Christiani was stumped for 78. Walcott continued to hit powerfully and was 83 not out at the close.

Rain interrupted play after lunch, making the wicket slower, and a further downpour brought the close a half hour early.

Close of play scores in first-class matches:

At Chesterfield — (Non-county) West Indies 201 for six. Derbyshire to bat. (Stumps drawn early, rain).

At Leeds—Middlesex 179 for two, Yorkshire to bat (no play after tea interval, rain).

At Bristol — Gloucestershire vs Sussex. No play today, rain.

At Manchester—Essex 87; Lancashire 57 for no wicket. (No play after tea interval, rain).

At Blackheath — Kent 189; Surrey 31 for six.

At Leicester — Leicestershire 212 for four; Nottinghamshire to bat (stumps drawn early, rain).

At Northampton — Warwickshire 143 for three; Northamptonshire to bat. (Rain curtailed play).

At Kidderminster — Glamorgan 147 for one; Worcestershire to bat. (No play after tea interval, rain).

TRAIL P-C's TO COAST MEET

TRAIL, B.C., July 16—F. H. B. Dewdney, president of the Rossland-Trail Progressive Conservative Association, and Mrs. J. D. Dougan have left for Vancouver where they will be delegates to the quarterly provincial executive meeting of the B.C. Progressive Conservative gathering.

SPECIALIZED WORK ITEMS

PANTS: Pre-Shrunk
8 oz. Denim $3.50
9 oz. Denim $3.95
8 oz. Khaki $4.50
Cotton Drills $3.95

Tie for Junior Golf Title

SASKATOON, July 16 (CP) — Laurie Roland of Vancouver and Doug Silverberg of Red Deer, Alta., today tied for the Canadian Amateur Junior Golf Championship with scores of 152.

Johnny Turner of Montreal, who led the morning round by two strokes, finished the 36-hole course with 155.

Roland put together a pair of 76s for morning and afternoon rounds. Silverberg shot 77 and 75.

Turner, with two fine 37s in the morning against par of 36-34, blew on the out nine, taking a 44 and finishing his second round with 81.

Pat Cassidy of the home club finished with 159. Other totals: Bob Rae of New Glasgow, N.S., 160; Ron McAlpine, Toronto, 164; Ken Toland, Winnipeg, 168; Thane Cody, Saint John, 182.

An announcement was expected later regarding a playoff between Roland and Silverberg.

Final scores in 36-hole Canadian Junior Golf championship:

Bob Rae, New Glasgow, 81-79—160.
Pat Cassidy, Saskatoon, 78-81—159
Doug Silverberg, Red Deer, Alta., 77-75—152.
Thane Cody, Saint John, 90-92—182.
John Turner, Montreal, 74-81—155
Ken Toland, Winnipeg, 84-84—168
Laurie Roland, Vancouver, 76-76—152.
Ron McAlpine, Toronto 78-86—164.

The Juniors had long finished when early finishers in the Willingdon Cup play came in.

Cup scores were inconclusive but the struggle appeared to remain between Ontario and British Columbia.

Ontario Keeps Willingdon Cup

SASKATOON, July 16 (CP)—Ontario today retained the Willingdon Cup.

The Provincial four-man golf team champions of Canada, led by Nick Weslock of Windsor and Jerry Kesselring of Kitchener, had an aggregate score of 581 for the 36 holes of medal play, only three strokes off the record set by British Columbia in 1948.

The B.C. boys finished second with 586 after a close fight most of the way with Bill Mawhinney of Vancouver setting the pace for the West Coast bid that failed.

The result was in doubt until the final threesome finished at 8:15.

Weslock's rounds of 69-70 against par of 70 provided the lowest aggregate scored by any player.

Kesselring, after a brilliant 68 in the morning round, slipped to 75 in the afternoon, but was next to Weslock with 143 aggregate.

Mawhinney, playing with a cut thumb covered with a bandage, had 71-73 for 144.

Quebec finished third with an aggregate of 608 and then in order came Manitoba, 617; Saskatchewan 633; New Brunswick, Prince Edward Island 638; Alberta 640 and Nova Scotia 641.

Trail Jaycees Win Top Award

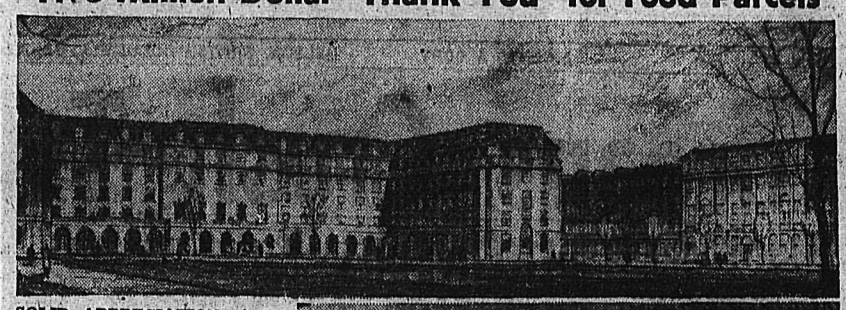
TRAIL, B.C., July 16—The Trail Junior Chamber of Commerce has been presented with a scroll as the most outstanding chamber in Canada for cities under a population of 15,000.

The award was presented to President A. V. Marcolin at a special outdoor Summer meeting at Paterson attended by 32 members. The scroll was handed to Mr. Marcolin by W. E. McNaughton, Trail's delegate to the recent national convention at Vancouver where the award was announced. Some 200 Canadian chambers in this section were eligible.

Mr. McNaughton gave a brief report on the convention while A. Gordon reported on behalf of the tourist committee which is operating the information centre in the city. It was decided by the board that they would attempt to raise $1000 to publish the tourist publicity folder planned by the senior board.

More than three-quarters of Canada's coal reserves are in Alberta.

Five Million Dollar "Thank You" for Food Parcels



SOLID APPRECIATION of 75,000,000 food parcels received since the outbreak of World War II is planned by Britain. It is a 1,000-roomed residence for students from the U.S.A. and countries of the British Commonwealth, senders of the parcels, and it is the main item to be paid for by a drive for public funds launched by the Lord Mayor of London through the length and breadth of Britain for the equivalent of $5,600,000. Covering some 17 acres, the residence will be in the heart of London, near London University. Top: Drawing of part of the residence. Married and women students will be housed on the left, and men on the right. Right: Bomb-shattered houses to be pulled down to make way for part of the new building.

COATES-LESCHUK WINNING RENO ROSE BOWL COMBINATION

Miss Joan Coates and John Leschuk Saturday won the Reno Rose Bowl, mixed two-ball foursome competition of Nelson Golf and Country Club. They downed Miss Emily Hamson and George Barefoot.

For young Leschuk, the victory wasn't exactly new. He carried off the same honors last year, paired with Mrs. A. M. Noxon.

Miss Coates and Leschuk took out Mrs. William DeRidder and A. H. Allan in their sweep to the finals; Miss Hamson and Mr. Barefoot had eliminated Miss Mary Juriloff and Herb Peacock in the semis.

For the consolation title, Miss Hellen Sloan and Bill Anderson will play Miss Jean Gordon and M. McKay.

T. H. Willits, Well Known Nelson Pianist, Gardener, Dies Suddenly

A well known resident of Nelson for many years, both as a skilled pianist and an ardent gardener, Tom Harrison Willits died at his home at 420 Third Street suddenly Saturday evening. He was 64 years of age.

Mr. Willits had been accountant at the Swift Canadian Company branch here since coming to Nelson 22 years ago. Previous to that he had been accountant with the firm since 1912 when he came to Canada and to Fernie from the United States. It was in Fernie he joined the company as accountant. He was later transferred to Vancouver for a time before coming to Nelson.

Born in Stouthshields, England, he was well known as a gardener, a hobby in which he took much pride. He was president of the Nelson Amateur Chrysanthemum Club.

As a skillful pianist, Mr. Willits was a lover of music and took great interest in music festivals. He was organist at the Trinity United Church for a time and accompanist for the Nelson Glee Club for six years.

Besides his wife, he is survived by one daughter, Mrs. J. Thomson of Penticton; two grandchildren; four brothers, George, Jack, Fred and Norman in England, and one sister Mrs. Joan Corpe of Kaycee, Wyoming.

Korea Only Single Aspect of Reds Global Drive for Power—Churchill

PLYMOUTH, England, July 16 (CP) — Winston Churchill said Saturday night that the West, threatened by world-wide Soviet pressure, now is in graver danger than it has been since Hitler stood on the verge of victory in 1940.

Britain's wartime prime minister asserted that "promoting and directing the war in Korea" is only one aspect of a relentless, global drive for domination by the Communists.

"I tell you with utmost earnestness," he said at a rally of the Conservative Party which he leads, "that my own anxiety of the free world reminds me of the Summer of 1940."

TIME AN ALLY

"By this I do not mean that war is imminent. We cannot tell, but I do not think it is imminent. But I must not ask you to suppose that time is on our side."

Churchill said the Soviet Union, with an army which outnumbers the combined forces of all other nations, has embarked on a deliberate campaign for world domination.

"The 14 men in the Kremlin — maybe there are 13: they drop out sometimes—are not drifting with events," he said.

"They have a policy the aim of which we can see, but the execution and timing of their ambitions for Communist world government we cannot predict.

"They infiltrate in our countries with their agents. Their adherents have no loyalty to any home. They care nothing for the lands of their birth. They owe allegiance solely to Moscow.

"Communism is a religion with all its discipline and some of its fervor—but a religion utterly without God and anti-God.

"The Communists pay lip service to the doctrine of peace but by peace they mean submission to their will and system.

Nevertheless, he called for a top-level bid to approach the Soviet Union saying:

"I wish that every effort could be made on the highest level to bring home to the Russian Soviet Government the gravity of the facts which confront us all, them as well as us."

ESTEVAN, Sask. (CP) — This town will enter the amusement tax field next year. Town Council has decided to impose a 10-per-cent tax on amusements, effective Jan. 1, 1951. All professional amusements will be liable.

FORMAL ACKNOWLEDGEMENT—South Korean youngsters thank U. S. Capt. J. R. Darrigo (rear, left) military adviser to the Korean troops, for candy he gave them near Kaesong.

CALL TENDERS FOR RELOCATING PATERSON ROAD

ROSSLAND, B.C., July 16—Tenders for relocation of the remainder of the Paterson Highway (Silica Farm to Paterson, 4.33 miles) have been called by the Department of Public Works. The tenders will be opened at noon, July 21.

War Livens Metals Market

NEW YORK, July 16 (AP) — Prices of tin, lead, platinum and tungstun advanced last week as anxiety over the Korean war stimulated activity in the metals market.

Copper and zinc were unchanged, with demand for both urgent.

Statistical reports last week showed a further drop in copper and zinc stocks, now almost critically low in view of industrial consumption rates.

Tin prices soared to 96½ cents a pound as waves of speculative buying swept the London and Singapore markets and were reflected in higher quotations here. The gain amounted to 15¼ cents for the week, and spot tin closed the week more than 20 cents a pound higher than just before the Korean outbreak.

Lead climbed one cent a pound in two half-cent advances Wednesday and Thursday, to 12 cents a pound, New York. Only a week ago lead had been generally considered in a rather easy position because of large supplies and heavy imports; then European and other foreign buyers entered the market for sharply increased tonnages.

Platinum rose $8 an ounce to $74 for large quantities and $77 for smaller retail lots.

Copper was strong at 22½ cents a pound. Large producers were allocating supplies to customers. A Congressional Committee approved a bill to suspend the two-cent-a-pound import tariff on copper through next June 30, and to make the suspension retroactive to July 1, when the duty was restored.

Former Grand Forks Man Dies at Coast

GRAND FORKS, B.C., July 16—A well known resident of Grand Forks district for 17 years, Thomas Kirkhan Needham died in New Westminster last week at the age of 80 years.

Mr. Needham resided here from 1913 to 1930 when he was an engineer on the CPR. He was the engineer on the first CPR train coming into Grand Forks.

He is survived by a son, James C., and a daughter, Mrs. H. P. Jordin, and three other children in Shelton, Wisconsin, where he spent his later years; two brothers, Sam of Revelstoke and Harry of Santa Cruz, Calif., and a sister, Mrs. E. Pickhard. W. S. McPherson of Grand Forks is his brother-in-law.

FINED FOR EXCEEDING SPEED LIMIT

John Postnikoff of Thrums was fined $25 in Crescent Valley Provincial Police court Saturday on a charge of exceeding the 50 mile an hour speed limit.

Postnikoff pleaded guilty to the charge, laid July 9 near Shoreacres, before William Evans, justice of the peace. He was also given a yellow driver's licence in exchange for his blue one.

BROOKS, Alta., (CP) — It isn't uncommon to find old newspapers, but Wes Crook believes he's the first to read events of 32 years ago from impressions in cement. He found that cement for an old cistern had been poured onto a newspaper of Oct. 18, 1918. The lettering was clearly defined in the cement and easily read with the help of a mirror.

The painters Van Gogh, Cezanne, El Greco, Blake, Monticelli, Carlo Dolci, Magnoni, Lautrec and Mancini all went mad.

I Was Nearly Crazy With Fiery Itch—

Until I discovered Dr. D. D. Dennis' amazingly fast relief — D. D. D. Prescription. World popular, this pure, cooling, liquid medication speeds peace and comfort from cruel itching caused by eczema, pimples, rashes, athlete's foot and other itch troubles. Trial bottle, 35¢. First application checks even the most intense itch or money back. Ask druggist for D. D. D. Prescription (ordinary or extra strength).

C. M. & S. Host To John Fisher

John Fisher, the CBC's roving reporter and observer of the Canadian scene, was the guest of the Consolidated Mining and Smelting Company at Trail before leaving the Kootenays Friday.

T. H. Waters, who had met the Midsummer Bonspiel booster at Castlegar upon his arrival Thursday, drove him to Trail along with Mayor N. C. Stibbs and Board of Trade Secretary J. A. Bracken.

Mr. Fisher toured Cominco plants and addressed a luncheon gathering in the cafeteria attended by R. W. Diamond, vice-president and general manager of the C.M. & S., other company officials and prominent Traillites.

Elgar Choir To Sing Here

Vancouver's Elgar Junior Choir will sing in Nelson August 4 under the sponsorship of St. Paul's Senior Choir.

The choir, directed by C. E. Findlater, will visit Nelson as part of a tour of interior and coastal points. The 25 young choristers will also be heard in Trail August 3.

The choir returned last September from a successful tour of Britain where its members sang in cathedrals, churches and at the great Edinburgh Festival.

Body of Nakusp Logger Found

NAKUSP, B.C., July 16—Body of Merlin A. Hogers, 38, Arrow Lakes logging operator, was found floating in the water near his Arrow Lakes logging camp. Funeral services were held Saturday.

Two Nakusp men, Henry Marcolli and Robert McQuair, searching the shoreline for drift logs, found the body. Mr. Rogers had been missing since June 17 when he was unloading logs near his camp 10 miles North of Nakusp.

Mr. Rogers leaves his wife and four children in Trail.

PUBLIC HEALTH ADVISORY BOARD FOR CASTLEGAR

CASTLEGAR, B.C., July 16—An advisory board to assist and advise the public health nurse in her work in the district is being planned by the Castlegar School Board.

A letter from the Department of Health and Welfare approving the application for appointment of an advisory board was read at a School Board meeting. Advisory boards have been adopted in other districts. They usually consist of a board member, an official representative of the village district and a third member from some prominent organization.

A discussion in connection with damage done to school bus shelters was also held. The board felt that unless more care was given these shelters by the children using them, they would be discontinued.

Six Tugs, Tide Free Franconia

By WILLIAM STEWART
Canadian Press Staff Writer

QUEBEC, July 16 (CP) — The 20,000 ton liner Franconia today was freed from Pointe au Taureau, rocky island off Orleans Point, where she ran aground last Wednesday night.

The strength of six tugs on two long lines, the liner's own engines and an early-morning flood tide carried the Franconia off the island's Western shore into deep water in Quebec harbor.

Official time of the re-floating was given as 7:32 a.m., EDT, by Cunard Donaldson Limited. A company spokesman said: "We are greatly relieved."

With the entry of Newfoundland into Confederation, Canada became the main fish producing country in the world in terms of dollar value.

Donation for Essondale Vets

The plight of 300 veterans at Essondale was discussed at the final meeting of the season of the Ladies Auxiliary to the Canadian Legion.

In a discussion about the men in Essondale it was pointed out that many were without family or friends. A substantial donation was granted to the Fraser Valley District Council who will attend to their welfare. This Council makes monthly visits to the Veterans ward of the Hospital.

A committee visits veterans at Tranquille Sanitarium there twice monthly taking comforts. The Ladies Auxiliary tag day receipts help to bring added comforts to these men in hospital.

A full and interesting report of the Provincial Convention was read by President Mrs. A. O. Allen Committee reports for the year were also given.

Plans are underway for the Legion Week in November. The Auxiliary will entertain two days during the week. As this is the 25th anniversary of the Nelson Legion special celebration plans are being made.

The Auxiliary will hold a pot-luck supper on the fourth Wednesday of the month.

Canadian Ships on Way to Korea

HONOLULU, July 16 (AP) — Three Canadian destroyers have left Pearl Harbor and are under way today with orders to join the United Nations forces in Korean waters.

A United States Navy spokesman at Pacific Fleet Headquarters said Saturday that the three ships, the Cayuga, Sioux and Athabaskan, slipped out of port Friday. They are under orders to join U.N. forces in the war zone.

There are 50 officers and 750 ratings aboard the destroyers. They arrived here July 12 from Esquimalt, B.C.

Kaslo Sports Award to Mohawk House

To the House of Mohawks went this grand trophy. The trophy, presented to Kaslo schools by President C. L. Richardson of the Kaslo Recreation Association, was turned over to the Mohawks at a banquet for graduates of Kaslo schools. Mohawks scored the highest points in sports during the school year. —Orrell photo.

R. D. Young To Lead Rotary At Kimberley

KIMBERLEY, B.C., July 16—The past year has been a busy one for members of the Kimberley Rotary Club, under the guidance of President A. Lloyd, substantial donations having been made to various community projects. These include Junior Hockey, over $300; Rotary High School Band $523 making a total of over $2000 given to this organization; Pioneer Lodge $500 to reach a $2000 total; Manitoba Flood Relief $25.

The organization also collected $2257.07 through the T.B. Christmas Seal Campaign and contacted over 100 persons for blood donations during the recent visit of the Red Cross Unit.

Guiding the club for the coming 12 months are:

President R. D. Young; Vice-President W. R. Harris; Secretary G. Tapp; Treasurer H. Abbott;

Directors—P. Barrett, A. Muraca, A. Freeze, G. Clinton.

Aims and Objects—D. Young, W. R. Harris, G: Tapp, P. Barrett, A. Freeze, A. Muraca.

Club Service Chairman—W. R. Harris.

Vocational Service Chairman—P. Barratt.

Community Service Chairman—A Freeze.

Tuternational Service Chairman —A. Muraca.

Fruitvale Legion To Renovate Hall

FRUITVALE, B.C., July 16—The membership of the Canadian Legion Branch No. 196 have approved of a plan to renovate the Fruitvale Legion Hall, which is to include a fullsized basement fitted up as a Club-room. Work on this is to start shortly.

At a meeting of the Legion a donation was voted to the Mount St. Francis Home.

Plans were made for the Annual Fruitvale Legionaires and the Ladies Auxiliary members picnic, this year to be held on the Legion Hall grounds. It will be a basket picnic and a full line of sports have been arranged for the youngsters and adults alike.

Laying New Water Line at Fruitvale

FRUITVALE, B.C., July 16—With the settlement of the railway strike in the States, the needed pipe and fittings held at Metaline Falls for the Fruitvale Water Works, have now arrived and the work of laying the lines has been resumed at full speed. Over 10,000 feet have now been put down.

Paving of the Trail-Fruitvale highway has been resumed and pavement has been laid up to the top of the cut-off.

SWIFT CURRENT, Sask. (CP)—The Salvation Army believes in giving its members experience in varied places. Second Lieut. Janet Russell has been appointed to Swift Current from a somewhat warmer climate in Southampton, Bermuda.

Fruitvale Welfare Collects $3688

FRUITVALE, B.C., July 16—During the first six months of 1950 the Fruitvale Community Welfare Society had collected $1770 for Welfare and $1918 for the Hall Fund. This was revealed in their financial statement given to a meeting of the Community Welfare Executive.

The Fruitvale Recreation Association received the largest donation, $500. The other societies receiving donations were Montrose-Beaver Falls Recreation Society $100; Beaver Falls-Montrose Girl Guides $25; Trail Boy Scout Association, Fruitvale Division $75; Arthritis and Rheumatism (Trail Branch) $100; Red Cross Society (Trail Branch) $50; Conquer Cancer Campaign (Trail drive) $75; for local relief and hampers $261.80; operating expenses $114.31.

BELMONT, Middlesex, England (CP) — A community association took five hours to raise a 50-member quorum, then approved a new constitution—ruling that a quorum will no longer be necessary.

Preparing for the Worst

Consulting Engineer John Drescher (left) is shown at the site of the bomb shelter he's having constructed at the site where he will erect a business building in Santa Monica. The 20- by 40-foot shelter will be in the sub-basement of the building, with eight-foot walls of reinforced concrete capable of withstanding direct hits from ordinary bombs and all but direct hits from atom bombs. The shelter will be radiation-proof, and well-stocked with food and water.—Central Press Canadian.

Predicts Request For Aid From Treaty Countries

NEW YORK, July 16 (AP)—The New York Times said Saturday the United States, spurred by the Korean war, will ask stepped-up rearmament among the North Atlantic Treaty countries.

To boost its own share and to help its Allies, the Times says in a Washington dispatch, the U. S. expects to call up certain National Guard and reserve units and mobilize part of American industry for arms production.

The decision to speed rearmament is understood to have been approved by President Truman after it was recommended by the National Security Council.

POTCHEFSTROOM, South Africa (CP)—A police station staffed entirely by natives under a native commander is to be established here. If the experiment succeeds other police stations will be similarly staffed.

Tourists Flocks to Look at Franconia

QUEBEC, July 16 (CP)—The 20,000-ton liner Franconia see-sawed with the tides on a rocky reef Saturday, with underwater punctures in her hull. Work crews tried to keep her pumped out.

The powerful salvage tug Traverse was to arrive late today. Unofficial sources said the Cunard Donaldson ship was taking water in increasing quantity. Last night they reported two pumps had been added to five already working.

Divers have been at work in the swirling water at Pointe au Taureau—name of the jutting head of rock where the ship struck—trying to establish the damage and assess the difficulties of refloating the vessel.

One report said the gash in the ship's underside is 60 feet long.

So many tourists and curious Quebecers have been coming to look at the Franconia that police have decreed one-way traffic to Ste. Petronille, the parish where the ship is grounded. To return home, motorists must take a long detour.

Alberta's natural gas reserves are estimated at more than six trillion cubic feet.

Car Crashes Into Kitsilano Crowd

VANCOUVER, July 16 (CP) — A crowd of 4000 was watching a stage show at Kitsilano Park Friday night when a driverless automobile careened down a hill, heading directly for the swimming pool.

Scores fled the speeding car, but two were too late—Mrs. Neva M. Keefe, 65, was killed and Mrs. Lila A. Stuart was slightly injured.

The car plunged into the pool, sinking in eight feet of water.

Mrs. Keefe is survived by her husband, Francis H. Keefe, General Superintendent of the Canadian National Railways here.

Vandals may have been responsible for the tragedy, police reported.

Mrs. Keefe's head was crushed by the car. She was dead on arrival at hospital.

Investigators also worked on a theory that some one was trying to steal the car and it got out of control and ran away; that pranksters may have pushed the vehicle from its parking spot; that the parked car was sideswiped and rolled down the incline into the park.

The car had been parked by owned G. A. Sander, who said he had left the brakes on.

"My husband was very careful to put on the hand brake and lock the car," said Mrs. Sanders. "he was parked so the car could hardly have rolled out by itself."

A woman on the stage gave the first warning of the runaway car. Then others shouted, but Mrs. Keefe and her friend of 18 years, Mrs. Stuart, had no time to get out of the way of the oncoming car. Both were sitting on a blanket watching he show.

"The car made no sound," said Mrs. Stuart. "Something made me turn around and look. The next thing I remember I was lying at the bottom of the hill."

Vitamins in potatoes are immediately beneath the skin.

"We could just hear our friends saying **'THEY'RE GETTING OLD!'**

"Perhaps many couples at our time of life have had the same experience. We seemed to lose all our old pep, and joy in life. I often woke up with those sluggish 'liverish' feelings—felt listless, worn-out, bad-tempered all day long. My wife, too, seemed always out of sorts and suffered from poor digestion. When friends began sympathizing behind our backs, we felt we were really 'getting old'. Then we started with Kruschen Salts and soon nature did the rest, to bring the relief we needed! We found just a little dissolved in our breakfast tea and coffee helped start the day right. NOW we actually feel years 'younger'!"

If *you* often feel dragged-out, "old before your time" . . . if you suffer "liverish" misery from bad digestion and common constipation . . . Kruschen can help *you*, too, get "regular" again —can help you to the *clean* "inside" feeling of radiant fitness that makes life worth living. Ask your druggist.

Love Problems . . .

Fallen for His Secretary

By JANE ATKINSON

Dear Miss Atkinson:

I am a married man without children. I have a secretary with whom I am madly in love. As she is also married, I have never told her about my feeling for her, but for the past few months I can think of nothing else. It has me so upset that I can neither work, sleep nor eat properly.

As I see this girl eight hours of every working day, how can I solve this problem? Should I tell her and seek her help? I would find it very difficult to secure another position like the one I have at present. A. S.

Dear A. S.:

I am very glad that you have been manly enough to keep your feelings to yourself in this matter. Since you have not given me any reason to believe that your secretary is not entirely happy in her marriage, it would, I think, be very wrong of you to upset her by telling her how you feel.

Are you yourself not happy in your marriage? That would seem to me the only reason why you would fall in love with this girl. It may be, of course, that you are confusing love with a very strong liking and a good deal of physical attraction. If this is so, and if you have enough will power to control yourself for a while, the whole thing will probably blow over. On the other hand, if your marriage is not a happy one, you have, undoubtedly, if unconsciously, been looking for romance, in which case you are in a more hazardous position in respect to this girl.

As you have told me nothing of your business situation, I don't know whether or not this idea would be practical, but if you are in a large organization, my suggestion would be that you go to some executive you trust and tell him your circumstances frankly, as man to man. Then ask if the girl could not be shifted to another department, preferably, of course, one that would be in the nature of a promotion, to make the change logical to her. Then keep away from her entirely.

PYTHIAN SISTERS CHIEF TO VISIT ROSSLAND

ROSSLAND, B.C., July 16 — At the regular meeting of Maple Leaf Temple No. 4, Pythian Sisters, arrangements were made for catering to two wedding receptions next week. Also under discussion were plans for the Fall bazaar and tea to be held in December.

During the business period, conducted by Mrs. Leon Grimard, an application for membership was received. A letter was read from Grand Chief Mrs. Mary Gold of Vancouver advising the Temple that she will make her official visit on September 27.

GIRL GUIDES AT CAMP RORY

ROSSLAND, B.C., July 16—Girl Guides from Rossland, Trail and Castlegar and a group of American Girl Scouts from Colville departed for Camp Rory at Paterson for 10 days of camping fun. In the Rossland contingent were Elizabeth Beinder, Eleanor Svarich, Diana Thomas, Lois Haley, Shirley Berry, Colleen Bowcock, Marguerite Richards, Darlene Spilker and Athlyn Tweed. They were accompanied by Mrs. W. Slykwa, captain of the 1st Rossland Company, who will assist with the camp leadership.

HELLIDON, Northamptonshire, England (CP)—One of the village signposts here reads Heliden, while two others spell the name Hellidon and the residents are unable to agree which is correct. "One L," says the Church Council. "Two" says the Paris Council. C. Haynes, clerk to both of them, spells it either way as duty demands.

Make Home at Seattle

Of interest to many Nelsonites was the marriage of Dennis (Denny) George, a Nelson boy, and Miss Marion Copeland of White Rock in the Canadian Memorial Church at Vancouver.

Denny George, son of Mrs. Elizabeth George of Vernon Street, and the late P. W. George, served with the First Special Service Force, Canadian and American, during World War II.

Mrs. George, the daughter of Mr. and Mrs. Charles Copeland of White Rock, B.C., served with the RCAF, Women's Division.

Mr. and Mrs. George reside at Seattle.

Movie Gossip—

Gregory Peck Leads Company Reviving Good Old Theatre

By BOB THOMAS

HOLLYWOOD, July 16 (AP) — The man seated behind the desk and looking like a theatrical producer was Gregory Peck.

He gave a convincing performance. He handed letters to a couple of secretaries, interviewed an actor for a role, weighed the billing on forthcoming plays, tossed scripts around and talked to his theatre on the phone.

This is a real-life role for the long-limbed actor. It is the result of his long romance with the theatre.

"I am a co-producer of the La Jolla Playhouse, along with Dorothy McGuire and Mel Ferrer," Peck explained in his Beverly Hills office. "This Summer we are presenting nine weeks of top plays with star leads and Actors' Equity casts."

Peck, a La Jolla, Calif., boy who made good, returned to his home town with good theatre. And the home-towners appreciate it, too.

100 PER CENT

"They're behind us 100 per cent," he said.

"We're also getting some enthusiasm here in Hollywood among the actors. A lot of them come to us offering their services. They realize it's a good chance to be seen, to gain experience with experienced casts and capable directors and to do something for the good old theatah.

"Robert Ryan was back for the second time, doing 'Born Yesterday' with Marie McDonald. Dorothy McGuire is doing her fourth show. This year we'll also have Pat O'Brien, Joan Caulfield, Una Merkel, Richard Carlson, John Ireland, Don Defore and others."

EARNS NIL

Peck went to work for the playhouse the day after he returned from England where he made "Capt. Horatio Hornblower." He puts in a full afternoon at the office. Normally, he earns several thousand dollars a week in movies. I asked him how much he made on his theatrical venture.

He held up his finger and thumb in a zero.

Peck and his partners are also members of the actors' company, which plans a Hollywood theatre some day.

The Doctor . . .

Removing Facial Scars

By HERMAN N. BUNDESEN, M.D.

Scarring and pitting of the face is one of the tragic results of untreated acne.

Recently, a form of treatment for the removal of disfiguring pits formed as a result of acne has been described.

In severe cases of acne, the pimples often destroy the full thickness of the skin. As healing occurs, the tissues contract and the scar is forced down below the surface of the skin, thus forming a pit or depression. The same sort of thing may happen in chickenpox.

THINNING SKIN

Pits aretreated by the thinning of the skin around them, thus giving a smoother appearance to the face. In the past, many methods have been tried for this purpose but none was completely successful. Now it is suggested that the thinning can be accomplished by sandpapering the skin.

This treatment, of course, cannot be carried out while the disease is active. In other words, only the scars which remain after the disease has passed should be considered for treatment in this way.

The patient is given an anesthetic to put him to sleep. Then the sandpaper is rubbed vigorously over the skin tissue surrounding the pits.

Some bleeding occurs, which is controlled by pressure. A dressing of petrolatum is then put on and is fastened firmly in place by pressure. After ten days, these dressings are removed ,at which time it is found that the area which has been sandpapered has healed.

If, at the end of this time, the skin still is red and moist, a penicillin ointment may be applied: healing then rapidly occurs within a few days. The patient is then permitted to wash his face with soap and water, put on cold cream, and dust lightly with talcum powder.

Sunshine Bay . . .

SUNSHINE BAY, B.C. — Mrs. Malcolm MacKinnon has returned from Trail where she spent a week visiting her sons Angus and Roderick and their families. She was accompanied home by her granddaughter Joan MacKinnon.

Mrs. Nick Dosenberger visited her mother, Mrs. N. R. MacLean in Nelson.

LONDON (CP)—Schoolboys leaving London airport for an educational tour in South Africa had to empty food hampers because their luggage was overweight. The boys gave away what they couldn't eat at the airport.

Linen Suit

By GRACE THORNCLIFFE

Linen looms large in the fashion scene, and is being used extensively for town clothes and evening wear, as well as for country clothes. Black linen is the fabric of a very attractive town suit with a jacket that is a nice version of the ever-popular lumber jacket. There is a three-button closing below a tiny collar, and a one-button closing at the waistband. The sleeves are cut in one with the jacket tapering to below the elbow. The skirt is straight with kick pleats at the side, and has slanting pockets marked by embroidered arrows.

Recipes . . .

Fare for A Hot Night

By ALICE DENHOFF

Seems to be that the best Summertime supper depends upon an appetizer, a salad and a good dessert, a cool drink and a hot bread, even if it's only finger rolls split and heated.

At least that's the sort of supper so many of us seem to remember or want to serve for a special guest or occasion.

For a change from the good but sometimes too-much-of-it tomato juice, try a tomato cocktail with a special French dressing. To serve 8 peel and chill 4 tomatoes. Dice them. Peel and dice a cucumber. Mince one piece of celery. Combine and chill in cocktail glasses. Cover with dressing.

To prepare dressing peel and quarter an onion. Place in a glass jar. Add one cup olive oil, one-third cup vinegar, tsp. salt, 2 tsp. sugar, tablespoon pineapple juice and teaspoon paprika. Cover and keep in refrigerator. To use, shake until creamy.

SHRIMP COCKTAIL

Or start off with shrimp cocktail, a great restuarant favorite, but so seldom served at home.

Stuffed pimiento salad is a good bet, delicious with cold fried chicken, the two adding up to a banquet. To serve 8, chop ½ cup green pepper, ½ cup pineapple, ½ cup blanched almonds and one cup cabbage. Moisten the mixture with French dressing. Fill whole pimientos, the canned variety, with the salad and place each in a lettuce cup. Decorate top with mayonnaise. East Indian chutney should accompany the chicken, and serve popovers as the hot bread. Angel parfait is a wonderful topper-offer for this.

A cold meat platter is a favorite supper special in many households. To give the dish a festive air serve with it a salad of moulded cucumbers. To serve 8, heat 1½ cups pineapple juice. Dissolve package of lemon flavored gelatine in pineapple juice, and stir until thoroughly dissovled. Cool and when it is just beginning to set, add one small cucumber chopped fine. Cool in individual moulds. Serve in nests of lettuce decorated with sprigs of mint. Serve with mayonnaise.

Nakusp . . .

NAKUSP, B. C.—Mrs. Jack Hopkins of Nelson, who has been guest of Mr. and Mrs. E. W. Bill, returned to her home.

Mrs. Hugh Jones who has visited her parents, Mr. and Mrs. E. W. Bill, returned to her home in Vancouver.

Mrs. A. Leslie of Vancouver, sister of Mrs. A. E. Fowler and Mrs. S. S. McKenney, sister of Mrs. A. E. Fowler from Napa, Calif, accompanied by Mrs. E. Reid of Napa, and Mrs. I. Bramming of Berkley, Calif., are guests of Mr. and Mrs. A. E. Fowler, Pine Lodge.

Messrs. R. G. McEachern, D. V. Heddle and J. Richardson of Kimberley are in Nakusp in connection with the Big Ledge mining property.

Arthur Genelle and Rowland Cobb of Port Moody, both former residents of Nakusp, are renewing acquaintances and making quite a success of fishing in the district.

Mr. and Mrs. Larry Ward and their young daughter Janice, left for Trail. On their return they will be accompanied by their two daughters Brenda and Beverly who have spent their holiday in Trail.

Mr. and Mrs. A. Kott and two young sons of Vancouver who have been holiday guests of Mrs. Kott's parents, Mr. and Mrs. J. Desrochers, left for their home in Vancouver.

Mr. and Mrs. Gordon Duckworth of Trail and two young daughters Lorraine and Roberta, who are visiting Mr. Duckworth's parents, Mr. and Mrs. E. Duckworth of Arrow Park, were Nakusp visitors, accompanied by Mrs. Duckworth, Jr.

Mrs. David Firbanks of Vancouver, who has been guest of her son and daughter-in-law, Mr. and Mrs. Robert Firbanks, returned to her home.

Mr. and Mrs. C. Haire have as house guests, Mrs. Haire's brother, Mr. Bud Goddard and Denny Kempton who motored up from Victoria.

Douglas Horrey left for Vancouver with his grandparents, Mr. and Mrs. Frank Horrey who have been holiday guests of their son and daughter-in-law, Mr. and Mrs. C. H. Horrey.

Fred Bryan left to visit his parents at Leduc, Alta.

Mr. and Mrs. L. Mander and daughter Wendy of Victoria, who have spent their vacation at the home of Mrs. Mander's parents, Mr. and Mrs. L. Hascarl left for their home.

Mr. and Mrs. G. Shaw and Donna of Kelowna, who were guests of Constable and Mrs. D. Spiers, have returned to their home.

Mr. and Mrs. Casta who have been guests of Mrs. Casta's parents, Mr. and Mrs. J. W. Bailey, returned to Vancouver.

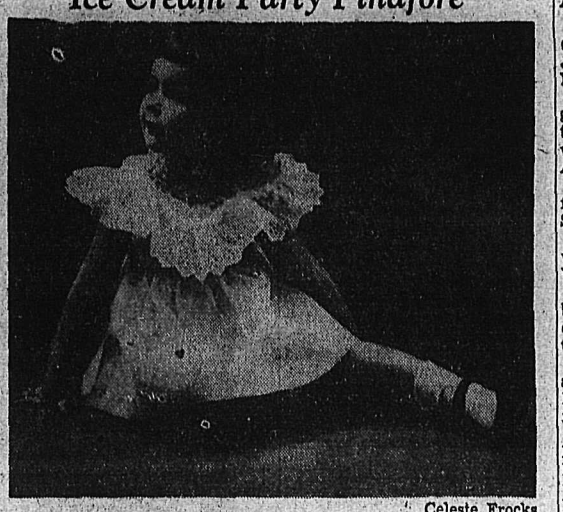
George H. Keys returned from Trail and Nelson.

Rev. and Mrs. Thomas Mitchell returned from the Okanagan Church camp.

J. Kirkpatrick has taken over the position of C.P.R. Station Agent while W. Andrews is on vacation. Mr. Kirkpatrick's two young sons Joe and Tommy from Tampa, Florida, are holidaying with him.

ROCKY MOUNTAIN HOUSE, Alta. (CP) — District sheep rancher Hank Smith has found that mothballs are a sure cure for marauding coyotes. He has been sprinkling the mothballs, about 15 pounds of them, around the pasture where he keeps his lambing ewes for the last two years. Not a coyote has crossed the circle and he hasn't lost a single lamb.

Ice Cream Party Pinafore



Celeste Frocks

By PRUNELLA WOOD

Any little girl from one year old to 12 can get this party pinafore in her size . . . and it seems a pity that the rest of us are too grown-up to rate one, too.

Highly practical for all its fairy tale look, the pinafore is made of imported organdy with a permanently crisp finish which defeats laundry droop.

The floating ruff, so-called (although it really is a bertha collar), is of Swiss eyelet embroidery attached to an insertion yoke of the same stuff . . . finished at the neckline with a ruffle of Val lace attached by entre deux. There is a self sash about the waistline, which ties behind in traditional butterfly bowknot.

Rowntree-Miller Vows Pledged at Grand Forks

GRAND FORKS, B.C., July 16—A choral wedding service, one of the loveliest of the season, united in marriage Agnes Mary Miller of this Boundary centre and Donald Robert Rowntree of Vancouver.

Rev. J. C. Jackson officiated in St. John's United Church which was decorated with baskets of white and blue flowers.

Given in marriage by her father, Frank J. Miller, the bride was a picture in her gown of white lace over satin with a sweetheart neckline and sweeping train. A chapel veil, held with white calla lillies, fell from her small white cap, and she carried a white Bible with gardenias and pink rosebuds.

Preceding her down the aisle was her own attendant, Miss Lilian Hansen, who wore a soft blue dress of lace over satin with a blue net picture hat to match, complemented by a large rosette of pink carnations.

Windsor Robert Miller, the bride's brother, was best man, and Adolph Talarico and Jack Carruthers of Vancouver, ushered.

Lohengrin's bridal march was played as the bride entered, and after the service Mrs. John Foos of Cheney, Wash., a cousin of the bride, was soloist. Organist was Miss Ruth Euerby.

The bride's mother wore a smart afternoon dress of old rose with a matching hat and a gardenia corsage. Mrs. E. H. Rowntree of Vancouver, chose a navy blue afternoon dress with a matching hat and a gardenia corsage.

At the reception in I.O.O.F. hall, D. C. Manly proposed the toast to the bride. The bride's table was set with ecrue lace over pink and centred with a three-tiered wedding cake. Decorations were tall white candles in silver candleabra and white flowers in silver vases.

CARIBOO HONEYMOON

When the couple left for a three-week honeymoon by motor in the Cariboo and Northern B.C., the bride was wearing a sky-blue two-piece silk crepe suit and white accessories.

Mr. and Mrs. Rowntree will be at home at their Vancouver residence after August 5.

Out-of-town guests were Mr. and Mrs. A. S. McKim of Salmon Arm, aunt and uncle of the bride; Mr. and Mrs. Jack Miller and son Kelly of Salmon Arm, the bride's cousins; Mrs. Roy Faulkner of Valley, Wash., an aunt of the bride; Mr. and Mrs. Bert Scott of Seattle, aunt and uncle of the bride; the groom's parents and his sister, Miss Laurel Rowntree of Vancouver; Jim Calder, Mr. and Mrs. Frank Bunnell, Douglas Cook, all of Vancouver; Mrs. P. Hansen of Trail and Mrs. Martin Holm of Greenwood.

For Parents . . .

The Young Daydreamer

By GARRY C. MYERS, Ph. D.

Many parents write of the child who does not concentrate, who at school may be far away in mind while the teacher is explaining something to the class or while he is supposed to have his attention on a discussion at hand.

The child's habit of woolgathering, whether he be six or 16, can come from all sorts of causes. Most often, perhaps, it is a way of his escaping what he doesn't like to do; and he doesn't like to do what he doesn't do well.

Usually the daydreamer at school daydreams less as he succeeds more at learning there. His teachers and parents help this child by ascertaining what his specific learning difficulties are and at finding ways to help him.

IS SELF-CENTERED

Often this daydreamer is pretty self-centered, not widely and deeply interested in other persons, nor, therefore, in what they say or do. Often he is a non-social, nonconforming child. Sometimes daydreaming at school begins when a pupil finds the immediate work at hand too easy for him.

Supposing it unworthy of his attention, he sails off in his imagination. Then, before he knows it he has missed learning and responding to important matters, with the result that some things soon prove too hard for him.

If the child at school were as inattentive to his teacher as most parents are to the child at home, what an orgy of daydreaming there would be at school. Just to further good concentration habits in children at school, we parents should cultivate good concentration habits in ourselves when our children speak to us.

VICTORIA, B. C. (CP)—A possible cure for the common cold within 10 years is predicted by Dean E. L. Wood of the Faculty of Pharmacy, University of British Columbia. "There is no reason why we can't find quick cure or preventive for the common cold. We have found cures for worse diseases."

Rossland

ROSSLAND, B.C.—Mr. and Mrs. Cecil Olmsted and children Pat, Joan and Billy left to holiday at Robsart, Sask.

Bruce Vermiere and his young grandson, Wayne Racquette, are attending the Calgary Stampede, and visiting relatives at other points in Alberta.

Mrs. M. M. Butorac has returned from Seattle where she attended the Soroptimist convention.

Mrs. Esther L'Ecluse is holidaying with relatives in Port Angeles, Wash.

Jules DeKuysscher, accompanied by his grandson, David DeKuysscher, is visiting his family at Christina Lake.

Mr. and Mrs. Ira Hendrickson had as their weekend guests Mr. and Mrs. Robert Pickering and son Jerry of Nelson.

Mr. and Mrs. Evald Berg and son Raymond have returned to their home at Port Angeles, Wash., after visiting Mr. Berg's father, Isaac Berg, and his brother-in-law and sister, Mr. and Mrs. David Crawford.

Mr. and Mrs. R. Saare and children, Jimmy and Janet, and the Misses Pat and Caroline Quinn were Nelson visitors.

Mrs. T. R. Davis and daughter Dorothy and son Glen are visiting relatives at Willow Bunch, Sask.

ROSSLAND, B.C. — Mr. and Mrs. Hans Johnsen and three small children are spending July and August at Powell River.

Mr. and Mrs. H. Tisdell returned to their home at Calgary after visiting their son and daughter-in-law, Mr. and Mrs. Harry Tisdell.

Mrs. Patrick Mullaney of Seattle is a guest at the home of her son-in-law and daughter, Mr. and Mrs. Jack Bryan.

Mrs. J. Dolan and son Gerald of Saskatoon are visiting in town. They attended the Dolan-Bray wedding on Monday morning.

Rev. and Mrs. H. Pepin have as their guest Capt. Carey of the Salvation Army at Dawson Creek.

Mr. and Mrs. H. E. Jecks of Nanaimo are visiting their son and daughter-in-law, Mr. and Mrs. J. D. Jecks.

Lieut. Margaret Pepin of the Salvation Army at Camrose, Alta. is visiting her parents, Rev. and Mrs. H. Pepin.

John C. Ryan Successful in Accountancy Exams

John C. Ryan of Nelson has been successful in final law examinations of the Institute of Chartered Accountants of B.C. He made second highest marks in the Province.

He is employed with Campbell, Shankland and Imrie.

Deaths

By The Canadian Press

LONDON—Lady Yule, 76, reputed to be Britain's richest woman.

HAVANA, Cuba—Pedro Cue, former editor and publisher of the morning newspaper El Mundo.

PARIS—Vice-Admiral Robert M. J. Battet, 57, Chief of Staff of the French Navy.

GISBORNE, N.Z.—Sir Aspirana Ngata, 76 a leader of the Maoris and former member of the House of Representatives.

PHILADELPHIA—Harold G. McCoy, 60, veteran newspaper man.

YARMOUTH, Isle of Wight (CP) —A fisherman's dream came true here. Two tired anglers were strolling from the pier after a fruitless day's fishing when a seagull swooped down and dropped a fat mackerel at their feet.

TIGHT SHOES? MAYBE IT'S THE STOCKINGS

MANCHESTER, England (CP)—Are your feet killing you and do you blame tight shoes? Maybe you should blame your stockings, madame.

That's the theory of department store manageress Elsie Ashforth, who checked up on the hose her dissatisfied shoe customers were wearing.

It was found most women bought correct-sized shoes but many wore stockings half a size or more too short. Miss Ashforth now has instructed her sales girls to advise longer hosiery.

"Sometimes a woman who is told she should wear bigger stockings is indignant," Miss Ashforth reported. "But most accept the suggestion—and then come back to tell me the bigger stockings have made them 'foot happy'."

Summer Suit Choice of Nakusp Bride

NAKUSP, B.C.,—A quiet pretty wedding was solemnized when Elsie H. Morf, daughter of Mr. and Mrs. J. Morf of Fauquier, was united in marriage to Robert H. Spencer of Miners Western, Needles, B.C.

The bride looked sweet, wearing a tan Summer suit and hat of beige with brown accessories, with corsage of American beauty roses. She was attended by Miss Betty Millar wearing a dress of yellow with accessories entone and a corsage of pink carnations.

Bride was given in marriage by her father and the groom was supported by Bill Pasmen of Fauquier. The United Church from where the Rev. B. S. S. Hartley officiated was beautifully decorated with baskets of delphiniums, carnations and roses Miss R. Hamer played the wedding music for the afternoon wedding. The happy couple left to spend a honeymoon in Vernon.

Plaque Dedicated To W. K. Esling

ROSSLAND, B.C., July 16 — A plaque commemorating the late W. K. Esling's work for St. George's Anglican Church and for Rossland was dedicated in a memorial communion service here today.

Rev. W. F. Bushe, who conducted the service, praised in his sermon Mr. Esling's kindliness and public spirit.

The plaque reads: "In memory of William Kemble Esling, journalist, parliamentarian, communicant and benefactor of this church who died December 2, 1946, age 78."

The observance came fittingly as men of the congregation had finished laying a new floor in "Father Pat's" church—a gift from Mr. Esling.

Active in Porcupine Club

Admiring the colorful profusion of tulips of a Gray Creek garden are three active ladies of the Porcupine Club.

On the left Mrs. C. C. Feenie, who is wife of the People's Warden of the Kokanee Anglican Parish. Mr. and Mrs. Feenie have a mixed ranch at Gray Creek.

Mrs. Robert Grant also an active member of the Porcupine Club and of the community, is the wife of Robert Grant, a veteran of the two world wars.

On the right is Mrs. Norman Anderson, President of the Porcupine Club and also Director of the Women's Institute at Crawford Bay. The picture was taken in Mrs. Anderson's garden.

Nelson Social

Phone social notes to **144**

● Mr. and Mrs. S. Thompson and son David of Newtyle, Angus, Scotland, arrived in Nelson Sunday to spend a few days in the Kootenay. They are travelling by car with Mrs. R. H. Green and her son and daughter-in-law, Mr. and Mrs. R. F. G. Green, all of Victoria. Mr. and Mrs. Green are former residents of Trail.

● Mr. and Mrs. Avery Dunning of Montreal and their young daughter, Miss Judith Ann Hall, have flown in for a holiday at the North Shore home of Mrs. Dunning's mother, Mrs. S. G. Blaylock.

● Mr. and Mrs. H. Lupton, 616 Kokanee Avenue, have left for a holiday in Vancouver and Victoria.

● Mr. and Mrs. A. D. Tulloch are visiting Mr. Tulloch's father in Vancouver.

● Mrs. George Kirk has left for Vancouver, accompanied by her grandson, Blair Olson, to attend the funeral of her sister, Mrs. Elizabeth Johnson. The Johnsons were old-timers of the Slocan.

● Rev. and Mrs. T. J. S. Ferguson, Mill Street, have as their guests Rev. Ferguson's nephew and his wife Mr. and Mrs. Roy Ferguson of Kinisto, Sask.

● Mr. and Mrs. John Godfreyson of Revelstoke have been visiting Mr. and Mrs. C. F. Turner and attended the wedding of Mrs. Godfreyson's brother, Norbert Stier and Miss Phyllis Turner Saturday.

● Mrs. H. H. Pitts had as her guests Miss Esther Stubbs and Miss Katherine Stubbs of North Dakota who left Saturday for Vancouver where they will visit Dr. and Mrs. H. H. Pitts. While here the girls attended the Midsummer curling bonspiel.

● Mr. and Mrs. Ernie Ball of Vancouver are in Nelson on their honeymoon.

● Mr. and Mrs. Arthur Barrett and family of Trail have taken up Summer residence at Nickawa Beach.

● Mrs. D. A. McPhatter of Vancouver is a Nelson visitor. She attended the Turner-Stier wedding Saturday.

● Mrs. H. H. Pitts, Nelson Avenue, has as her guest H. L. Stevens of Tucsom, Ariz.

● Mr. and Mrs. William Bennett of Trail visited friends in Nelson over the weekend.

● Mrs. Earl Campbell of Revelstoke was in Nelson for the Turner-Stier wedding Saturday.

SPARING ROD MAY SEND TOT TO HOSPITAL

MONTREAL (CP)—Sparing the rod and spoiling the child is probably the greatest source of children's accidents, doctors at the Montreal Children's Memorial Hospital say.

The doctors said that usually more than 60 per cent of the hospital's 174 beds are occupied by victims of preventable accidents—creating a dangerous shortage of beds for regular functions.

The doctors, Dudley Ross, Chief Surgeon; Alton Goldbloom, Chief Physician, and W. G. Breckenridge, orthopedic specialist, are unanimous in support of spanking to emphasize parents' advice if accidents are to be prevented.

Policemen should scold children now and then if they do potentially dangerous things, the doctors said.

"Sometimes the man in blue has more influence than parents," Dr. Breckenridge noted.

The doctors said their advice to spank would probably be disregarded anyway, and outlined a few precautions to minimize children's accidents.

"Read the label on any bottle before giving a child some of its contents," cautioned Dr. Goldbloom.

"If a child swallows lye, get him to hospital immediately," said Dr. Ross. "Sometimes parents feel the child will recover because there is little pain and swallowing is possible. The very opposite is true."

"Don't let children run with pencils or pointed objects in their mouths," warned Dr. Breckenridge. "A fall means a perforated palate."

THE DOELLES HOSTS FOR NEWLYWEDS

SHEEP CREEK, B.C., July 16—Mr. and Mrs. H. E. Doelle entertained at an open house here today for their daughter and son-in-law, Mr. and Mrs. Harry Eugene Gleason, who were wed in Seattle Friday.

About 50 guests attended, and Mr. and Mrs. Doelle were assisted by their son-in-law and daughter, Mr. and Mrs. J. S. McIntosh of Zincton.

The bride, the former Shirleigh Elizabeth Doelle, has been employed by the City of Seattle. From here the newlyweds will leave for Chicago on their honeymoon, and upon returning will make their home in Seattle.

Trail Couple Honeymoon in California

TRAIL, B.C., July 14 — A honeymoon in California is on the travelling itinerary of Mr. and Mrs. Allan N. Tognotti of Trail who exchanged marriage vows in Coeur d'Alene, Idaho, last week.

The bride is Jean Forbes, daughter of R. Forbes, and the late Mrs. Forbes while the groom is the son of Mr. and Mrs. E. Tognotti.

For her wedding dress the bride chose a white swiss eyelet over blue taffeta. White accessories and a corsage of red roses completed her ensemble.

Miss Pat Rowling and Miss Heather Forbes, bridesmaids wore yellow Summer frocks with white accessories and pink carnation corsages. Best man was Frank Battistella.

Following the ceremony a luncheon for the wedding guests was held at the home of the bride's cousin, Mr. and Mrs. Bud Jolie.

The newlyweds will make their home in Trail when they return from California.

"Lord Is My Light" Is Golden Text

"Life" was the subject of the Lesson-Sermon in all Churches of Christ Scientist, on Sunday.

The Golden Text was: "The Lord is my light and my salvation; whom shall I fear? The Lord is the strength of my life; of whom shall I be afraid?" Psalms 27: 1

The Lesson-Sermon included the following passage from the Bible; "Choose life, that both thou and thy seed may live; That thou mayest love the Lord thy God, and that thou that thou mayest obey His voice, and that thou mayest cleave unto Him; for He is thy life, and the length of thy days." Deuteronomy 30: 19, 20

Among the selections from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, was the following: "Because Life is God, Life must be eternal, self-existent. Life is the everlasting I AM, the Being who was and is and shall be, whom nothing can erase."

Revelstoke Home for Bride Phyllis Turner

Revelstoke will be the home of Norbert Stier and his bride of Saturday, the former Phyllis Jean Turner, who exchanged marriage vows in a pretty ceremony in Church of the Redeemer. Rev. Canon W. J. Silverwood officiated.

The bride's parents are Mr. and Mrs. C. F. Turner of Nelson. The groom is the son of Mr. and Mrs. Joseph Stier of Revelstoke.

Given in marriage by her father, the bride was gowned in a floor-length dress of white embroidered organza, designed in an Elizabethan style with a portrait neckline, a buttoned bodice and full skirt.

Her chapel veil was held in place by a dainty coronet headdress of panelled net. Pink roses intermingled in her bouquet.

MAUVE ENSEMBLE

As matron of honor, Mrs. John Godfreyson of Revelstoke, sister of the groom, chose a mauve velvereen dress with a matching headdress. She carried yellow roses.

John Godfreyson was best man, and Frank Turner and John Hopwood ushered the guests.

Miss Jo-Anne Hopwood and Miss Shelagh Hopwood sang a duet during the signing of the register.

Mrs. A. McPhatter of Vancouver and Mrs. George Turner of Nelson, the bride's aunt, presided at the urns at the reception in the parish hall, Miss Francis Turner, Miss Joyce Turner, Miss Reta McLellan and Miss Peggy McLeod served.

For a honeymoon to Coastal points the bride selected for travelling a pic and pic suit with pink accessories.

Asks Special Code For Peeping Toms

VICTORIA (CP)—Greater legal aid in police efforts to curb sex crimes has been recommended by the British Columbia section, Canadian Bar Association.

At the Association's annual convention it was recommended that convicted sex offenders found loitering near children's playgrounds without reasonable excuse be open for conviction of vagrancy.

Under the Criminal Code, police cannot act against known offenders in suspicious circumstances unless "an overt act is made."

An amendment to the Code would be necessary before the Bar Association recommendation could be adopted in police work.

Special Criminal Code legislation for "peeping toms" was also suggested.

A report of the Criminal Justice Committee said: "Reports have reached the Committee that this exciting but unpleasant practice is far from being uncommon."

The Supreme Court of Canada in a recent case ruled in effect that the "simple act of deliberate and stealthy peeking through windows, usually with an intent of enjoying an exotic pleasure . . . is not in itself forbidden or unlawful . . ."

It was recommended that the law should be changed, but necessary safeguards left to protect "honest, but perhaps careless or unthinking persons, against the stigma of being charged as a 'peeping tom'."

$60 From Everyone's Pocket to Ottawa Civil Servants

It was such an unobtrusive Ottawa item that only a Senator seemed curious about. He wondered—and asked a Federal Finance Department official—why there was so little attention paid to the way Civil Service salaries had soared from $77,000,000 in 1939 to $313,000,000 this year?

Put in another way it might sound even more curious. For it means, The Hamilton Spectator tells us, that every person employed in Canada today pays $60 to Dominion Civil Servants alone, many of them administering the "free" services that loom so large in pre-election speeches.

Drugged to sleep by massive indirect or "hidden" taxes—of which the most murderous is the dollar-slashing process of inflation—we can easily miss the effects of public spending. The small radio licence fee, because it is direct, causes a blaze of anger. Millions taken from the householder through sales tax on the things he buys for daily use; for supporting agricultural prices which are his food costs, and for pump-priming through alleged welfare spending—these millions are ignored. But it must come back in the end to the individual, no matter hof circuitous the collection route.

A counter bellow can be anticipated. These enormous annual outlays by government mean redistribution; soaking big incomes and big profits, and taking the proceeds to increase lower incomes and jump purchasing power. Innocent people who inquire if this has anything to do with their dollar being worth only half of what it was in 1939 are of course quite out of touch with the latest political-economic theory which reduces the water level by pumping in more water. Isaac Newton should have anticipated that to throw a ball into the air in 1950 would mean that it could keep on going upwards in defiance of gravity. You can now easily make your cloth bigger by reducing the length of the yardstick. That's what has happened with the dollar bill.

While it is true that unusually high money profits and incomes have contributed heavily to Government cof? fers in the postwar inflation, the taxes from those sources are almost certain to decline, while the hidden taxes (now running at around a billion dollars a year) are certain to go up. The little man for whom the politician weeps is soaked by inflation and hidden taxes now, but the weight of increased public spending will certainly land on his shoulders with ever-increasing force.

Your Horoscope

A happy, contented and successful year is prognosticated for you; new friends should be made, and health and finances improve. Today's child should have an easy passage through life, with a gentle, warm-hearted disposition.

Sees City Engineer As Man of Special Qualifications

To the Editor:

Sir—On the 3rd of July, our City Council decided to advertise for a Municipal Engineer, which is certainly a step in the right direction, and in your issue of the 5th., Alderman Smith was reported to have said that the appointee should be "licenced" to undertake surveying work and that he be given to understand that he would be expected to carry out surveys. That is, it would be one of his duties to do such work.

If Alderman Smith means that he would have to make land surveys, as such, I think it would be a mistake on the part of our Council to insist that the appointee be a registered Land Surveyor, as I am well informed that very little or no work of that description has been necessary during the past several years, nor is it likely that there will be much in the near future.

If a licenced Land Surveyor is appointed, as Municipal Engineer, he will naturally ask for and command a special monetary rating, and part of his monthly salary would be lost if he had no land surveying to do.

Special work of that kind would be done quicker and more economically by a local B.C. Land Surveyor as and when required.

What we do need is a registered Civil or Municipal Engineer.

We do not want an engineering graduate just out of a university, neither do we want a man of experience who is bordering on superannuation age.

The appointee should be theoretically clever and experienced in the practical execution of engineering work peculiar to our Municipality.

If he has been a City or Municipal Engineer for a number of years so much the better, but the next best would be one with experience as an assistant to a City or Municipal Engineer.

Whoever is appointed should agree to perform the general duties of a City Engineer and to carry out the definite instructions he may receive from the City Council when in session. If he later refuses or neglects to do so, then our Council has the remedy in its own hands.

However, he should be given the opportunity to perform his duties and carry out his instructions, free of any interference from members of the Council, whose work should be confined to committee and Council meetings.

He should advise and recommend to the Council what he believes "ought" to be done in the best interests of the City. The Council should decide what "can" be done; instruct him accordingly and give him a chance to prove his ability and efficiency. By so doing, a man of middle-age could easily establish himself and remain a faithful official for many years to come.

A new man will require time in which to get to know Nelson and its needs.

If competent, he will soon become master of the situation and get settled down to his work, but we should refrain from too hastily passing judgment on him.

With your permission, I would like to quote from an Editorial in the June issue of the B.C. Professional Engineer entitled "Municipal Engineering."

"No other branch of the profession provides the engineer with a better opportunity of giving good service to the community and enhancing the reputation of the professional engineer in the eyes of a broad cross-section of the public.

"Unfortunately, the situation in the Province of B.C. today, is that of a total of some sixty municipalities and cities, only seven cities and eight municipalities regularly employ a professional engineer.

"In recent years, comparatively few graduate engineers have been encouraged to enter the field of municipal engineering."

Hence there is a death of qualified men to fill vacancies. However, I hope there will be a few applicants from whom our City Council will be able to select one, who will eventually give us great satisfaction; become a satisfied servant of our citizens and a happy resident of our City.

W. H. FOSTER,
810 Victoria St., Nelson.

R. Y., Salmo—Referring to your request for name of Indian cradle your will be interested to know that the Kootenay Indians call it "Akin-komak-is-kamo," spelt phonetically.

L. E., Nelson—Please print recipe for lemon pie with filling made without flour, cornstarch, or gelatin.

Four eggs, one cup sugar, half-cup lemon juice, one teaspoon grated lemon rind, half-teaspoon salt, two cups milk. Beat egg yolks and combine with salt and sugar, add milk and lemon juice slowly; whip whites until very stiff, mix slightly—without breaking up whites—into yolk mixture, pour into pastry shell and bake in slow oven.

W. W., Nelson—Is there any sales tax on hearing aids and accessories such as batteries, etc?

No.

Looking Backwards

10 YEARS AGO

From The Daily News of July 17, 1940

Total of weekend lightning storms mounted again Monday with additional and more complete reports bringing the total number of forest fires in the Southern Interior to approximately 176.

Mr. and Mrs. Jack Bell, who went to Penticton to attend the marriage of their son, Ray to Miss Younger July 9, have returned. They were accompanied by Gordon McDowell and Morey Wright of Trail.

25 YEARS AGO

From the Daily News of July 17, 1925

People are again flocking into the Nelson Tourist Park and during the last three days there were 35 people registered in the Park book.

Smoke seen about the setting sun last night made many people think that a bad fire had broken out in the vicinity of Nelson, but according to R. C. St. Clair, District Forester, this smoke was from the Deer Park fire, which is still uncontrolled in places.

40 YEARS AGO

From The Daily News of July 17, 1910

The temperature at Nelson yesterday varied between 57 and 91 degrees.

The Rainbow trout are said to have spawned in the Slocan River this year in greater numbers than for years. Last year and for two or three seasons, the big dam, that has since washed out, prevented the bulk of the fish from getting to the spawning grounds, it is contended.

Grand Forks' Tourist Trade

From the Grand Forks Weekly Gazette

The last weekend containing as it did the first of July and the fourth of July, Canadian and United States national holidays, demonstrated locally the value of the tourist business to a community such as this. A survey of local retail stores, restaurants, hotels, shows that all enjoyed record business. A tremendous amount of out-of-town and out-of-Canada money remained in Grand Forks. And this works to the benefit of everyone in the community whether directly or indirectly.

There are, however, some of our local businessmen who are not aware of the benefits derived from the travelling public and make no effort to accommodate them. Stores are closed all day Wednesday and it is very difficult for tourists arriving after five-thirty in the afternoon to purchase the food necessities for themselves and children if they do not wish to eat at a restaurant or hotel—and many tourists these days prepare their own food in camps.

During the months of July and August it would be wise if the retail merchants did all in their capacity to make the visitors stay with us as comfortable and as happy as possible.

It's Been Said

Forethought and prudence are the proper qualities of a leader.—Caius Cornelius Tacitus.

Today's Bible Thought

Old people are not worthless; they serve a very lovely purpose.—They shall still bring forth fruit in old age.—Ps. 92:14.

Aunt Het

I reckon it's wrong, but when I'm a little better than usual, I can't help expectin' Providence to do something nice for me.

LONDON, (CP)—The new P. and O passenger liner "Chusan," 24,000 tons gross, has been fitted with two rectangular fins, one on each side of the ship, designed to promote stability in rough sea. It is by far the largest vessel to be so equipped.

Peace Terms Would Demand North Korean Return to Own Territory

By DEWITT MacKENZIE
Associated Press News Analyst

There is no reason to doubt we shall win in Korea in the long run, but we have learned by tough experience that we are up against a well-organized and powerful fighting force.

Soviet-led Asiatic Communism has at its call many millions of trained and equipped soldiers. First to mind, of course, come Manchuria and China with almost limitless man-power. To these must be added Russia's Siberian armies. And Red forces long have been fighting in Indonesia and Malaya.

All these troops could be thrown into action should Asia unhappily prove to be the major battleground between the two ideological worlds. And in this sense Korea may be the proving-ground on which we shall learn what the future holds for democracy.

Already the Western world is confronted with what may be to many a disconcerting discovery that the West has no exclusive claim to skill at arms. Perhaps more to the point, Korea is demonstrating that Russia over a long period has been doing a thorough job of organizing and training its satellite fighting forces.

Naturally the Western powers must guard against being lured into that the West has De.....)-ao East, thereby weakening their power in other parts of the world.

However, as things now stand we must go ahead with the Korean fight until the Reds are evicted, unless mediation between Russia and the West should develop.

The United States State Department has declared that the minimum condition is for the Northern Reds to quit fighting and withdraw to their own territory.

Meanest Thief

VANCOUVER, July 16 (CP)—A $5000 jewel robbery was carried out Friday when a thief entered the home of John Fleming Park while the family was attending his funeral.

Mr. Park died Wednesday.

A neighbor called police when she saw a man leaving the Park home, but he escaped before officers arrived. He gained entry by smashing a window. Also stolen was $66 in cash.

Famous Convalescents

LONDON, July 16 (AP)—Foreign Secretary Bevin, who left hospital this week after recovering from two rectal operations, departed Saturday for a two-week holiday at Eastbourne, Sussex, on the Channel Coast.

PRETORIA, South Africa, July 16 (Reuters)—Field Marshal Jan Smuts 80, continuing to make good progress in recovering from a serious illness, has been allowed out of bed, his doctor said Saturday.

CARSET BITS of news . . . .

FOOTAGE BY THE MILE-WITH CARSET JACKBITS

At the LaCave hydro electric project on the Ottawa River nine FM-2 Wagon Drills with Carset Jackbits drilled nearly nine miles of hole (46,000 feet) for the blasting of a tailrace plug 10 to 15 feet high, 40 feet wide and 420 feet long.

Following tests with various types of steel bits and Carset Jackbits set with Carboloy inserts, 125 standard 2" four-point Carset Jackbits were ordered. After the 46,000 feet of hole had been drilled, 11 of the Carset Jackbits had *not been used at all* and 14 were *still serviceable.*

The average footage obtained from each Carset Jackbit was therefore well over 400 feet. In the same rock, steel bits drilled only from two to four feet. Carset Jackbits saved many hours in steel changing and allowed full advantage to be taken of the nine-foot feed on the Wagon Drill Mountings.

Carset Jackbits, set with Carboloy inserts, are a development of Canadian Ingersoll-Rand, a leader in the manufacture of rock drilling equipment for over 60 years.

For further information on Carset Jackbits ask for a copy of our pocket catalogue 4091.

Ends Flood Fund With $170,000

VANCOUVER, July 16 (CP) — Manitoba's Flood Relief subscription here ended its campaign with donations just short of $170,000. The actual total won't be known for several days, officials said, because of straggling payments.

The first zoo in the United States was established in Philadelphia in 1874.

Queen Receives Rousing Welcome

BELFAST, Northern Ireland, July 16 (Reuters)—The Queen arrived here by plane Friday for a tour of Northern Ireland and received a rousing welcome.

Bunting almost made roofs over the streets on the route of the Queen's drive from the airport.

Steel Mills Delay Accepting Orders

CLEVELAND, July 16 (AP) — Steel mills are becoming increasingly cautious about accepting orders in view of the Korean war, Steel Magazine said today.

Fearing that military requirements may cut into civilian production, steel-makers generally are delaying the opening of fourth quarter books, the magazine said.

Notable among products in heavy demand are carbon plates. Steel attributed this to a "flurry of war-inspired interest" in railroad car procurement.

Ingot output rose one point last week to 96 per cent of rated capacity production. Despite some interference from Summer vacations. This is equal to about 1,830,000 tons.

QUEENSTON, South Africa (CP) —Townsfolk of Kooana, near here, rubbed their eyes when farmer David Tayes drove through town recently. His cart was drawn by 14 sheep trained to work to the crack of the whip. Hayes finds them easier to manage than oxen.

PC's to Support Ottawa Tactics

EDMONTON, July 16 (CP) — Whatever action is taken by the Federal Government to halt the spread of Communism will receive the support of the Progressive Conservative Party, Conservative Leader George Drew said Friday night in an interview.

On a motor trip and holiday in the West, Mr. Drew spoke informally with newspaper men.

He said that Canada, as a member of the United Nations, faces a grave situation with the outbreak of war in Korea.

"If a victory is secured in the Far East then we must be prepared to face a difficult situation in Europe.

"The fifth column in our midst today is vastly superior to any thought of by the Nazis in the last war.

"What is happening in the East today could happen in Yugoslavia, Greece or Turkey tomorrow, any one of these moves could plunge us into another world war."

The Parliamentary opposition is not kept as fully informed of the Government defence moves as is done in Britain, he said. Such a plan would aid in a unified Canada.

LONDON (CP)—A one-ounce radio set, designed to control flight of model aircraft has been perfected by a Norfolkoan. In trials with a large model plane, the craft reacted perfectly to controls at the transmitter during a 15-minute flight.

DeGirolamo Rink Wins Ladies' Summer Curling

Mrs. J. M. DeGirolamo and her rinkmates Saturday were rewarded for a week of sweeping ice lanes instead of their kitchen floors.

The quartet carried off the first Canadian Ladies' Summer Curling championship by trouncing Mrs. E. Parry's Albertans 11-7 near the close of Nelson's sixth annual Midsummer Bonspiel.

Mr. DeGirolamo's rink had won B Section of the newly-added women's event, so in order to meet her, Mrs. Parry eliminated Mrs. M. L. Craig of Nelson 8-4 earlier in the day to come out on top of B Section.

Mrs. J. C. Muir, president of Nelson Ladies' Curling Club, presented the prizes to Mrs. DeGirolamo, her third, Mrs. C. Taylor; her second, Mrs. A. J. Hesse, and her lead, Mrs. John Thom.

Mrs. Parry hails from Morrin, Alta. Her sister-in-law, Mrs. Bert Parry, also of Morrin, was lead; Mrs. S. McDonald of Drumheller, Alta., second, and Mrs. I. J. Olsen of Delia, Alta., third.

When the standings were finally computed, Mrs. DeGirolamo had four wins and Mrs. T. C. Brown of Gleichen, Alta., three wins in A Section, and Mrs. Parry and Mrs. Craig three wins each in B Section.

Canada Out of Davis Cup Play; Aussies Into Finals

By VIC MORRIS, JR.
Canadian Press Staff Writer

MONTREAL, July 16 (CP)—Australia brushed Canada out of 1950 Davis Cup tennis competition here during the weekend, sweeping through five straight matches without losing a set to win the right to meet Mexico in the North American finals.

After winning the best-of-five cup tie Saturday with a doubles triumph, the Aussies today downed Canada in the two singles matches, which wound up the event on the Mount Royal Club's grass courts.

In today's final matches, Frank Sedgman whipped Lorne Main of Vancouver 6-2, 6-1, 6-3, and Ken McGregor edged Brendan Macken of Montreal 6-4, 6-4, 6-4.

On Saturday, Sedgman teamed with John Bromwich to polish off Henri Rochon and George Robinson, both of Montreal, in the doubles, 6-3, 6-4, 6-4.

The winner of the Australia-Mexico tie will meet the European zone champion for the right to face the cup holder, the United States.

The Australians dominated the whole tie here, taking the two opening singles matches Friday with ease. Sedgman beat Macken and McGregor whipped Main.

Sedgman, 22, was the top performer of the series.

Throughout the series, the visitors played flawlessly and never gave up a set to the Canadians, who took advantage of the few mistakes the Aussies made but couldn't match the visitors over the route.

A crowd of 3000 was present daily. The fans were tense the first two days, but relaxed for the singles matches today when Macken gave the best account for the Canadians in his play against McGregor. McGregor came up with seven service aces.

The Canadian Press stroke analysis gave McGregor 36 placements compared with Macken's 25. The Montreal player's weakness showed largely in his inability to match the Australian in service aces of which McGregor scored seven and Macken one.

They were almost even in faults, McGregor charged with 64 and Macken with 65.

Sedgman had a big edge in the statistical department over Main, who at 20 made his second appearance with the Canadian cup team. Main had 80 faults, including five double faults, against the Australian's 59. Sedgman scored five service aces and Main was limited to one.

Vancouver Wins Gimli Trophy

GIMLI, Man., July 16 (CP)—The Gimli trophy was won for the second successive year by 442 City of Vancouver Squadron, it was announced here today by Group Captain M. P. Martyn, Senior Air Staff Officer, North West Air Command, Edmonton.

Symbolic of supremacy among the R.C.A.F. squadrons of Western Canada, the trophy is presented at the conclusion of a two-week training period each Summer at Gimli on Lake Winnipeg.

Other squadrons competing for the trophy include those from Winnipeg Saskatoon, Calgary and Edmonton. Group Captain Martyn made the announcement on the final day of this year's camp.

ABOUT
JOHNS-MANVILLE

J-M Waterproofing Guards New Subway

Among the many materials being applied in Toronto's new Subway are several vitally important waterproofing materials made by Johns-Manville.

As in any underground construction, protection against infiltration of water is essential. Johns-Manville, with their many years of experience in the manufacture of Waterproofing Materials, were called in to help with this problem. The result is the use of a giant Asphalt "sandwich" made up of alternate layers of J-M Asphalt Saturated Felts and J-M Asphalt Saturated Fabrics—both thoroughly embedded in J-M Waterproofing Asphalt—protecting the sidewalls and roof of this new subway.

General contractors for this section of the subway are Pitts. Johnson, Drake and Perini and the waterproofing contractors are Dean-Chandler Co., Ltd. Johns-Manville is proud that J-M waterproofing materials were first choice for Canada's first subway!

Nelson, Fruitvale Split Twin Bill

By CLIVE FLEMING

Nelson Peerless-9 bungled themselves to a 12-9 defeat at the hands of the Fruitvale-Trail Beavers in the first game of a twin bill, but later came back with an 8-3 triumph, with Joey Monaldi doing a great job on the Nelson mound. In the nightcap, Ewings blanked Nelson on two hits until the sixth inning when they finally got on the score sheet, registering eight runs in the three concurrent frames, while Joey Monaldi spotted the visitors a 2-0 first inning lead, and then held them off the scoreboard till the ninth inning when they notched one run, striking out ten batsmen on the way.

Brian Shaw had erratic support afield as Fruitvale ran wild in the first inning, racking up eight runs on only three safeties. A pair of doubles netted Nelson two runs in the bottom of the first canto, but they were lost when Nelson committed another three miscues in the second inning and Fruitvale increased their lead to 10-2. In the meantime, Shaw had been relieved by overworked Les Hufty when two were out in the first inning.

Nelson outscored the visitors in the remainder of the game, notching one unearned run in the bottom of the second to a 10-3 score. In the bottom of the fourth Bob Koehle tripled with Les Hufty on base, as Nelson counted two more runs. Julie Bilesky doubled and scored for the Beavers in the fifth, before what was almost Nelson's big inning in the seventh.

Two were out with the bases loaded, and Dozzi drove out a two bagger, but when the bags were again bulging, Garlepy hauled down Les Hufty's drive to end the inning. The locals notched their eighth run in the eighth, but Fruitvale drew further ahead in the ninth with a pair of runs. Nelson finished the ninth inning with another counter, chasing Fuzzy Grieve from the game, leaving the score 13-9.

20 STRANDED

In the second game, Monaldi was in hot water often, as Fruitvale had 20 base runners stranded on base, three on base three times when the final out was made, but a double by Bilesky led the way as Fruitvale scored two runs in the first inning.

It was a pitchers battle until the sixth inning when Locatelli doubled in two Nelson runs to tie the game. Les Hufty came in as pinch hitter for Doug Winlaw and drove in another run with a timely two base hit, and Haldane scored what proved to be the winning run on a long fly.

In the top of the seventh inning, a heated argument had developed over Umpire Brian Shaw's call of Julie Bilesky's drive out of the park with the bases loaded. Shaw called it a foul ball, instead of a ground rules double, and in the ensuing rhubarb, Shaw threw Fruitvale second sacker Jim DeBiaggio out of the game, because he had been continually bickering throughout the game.

In the bottom of the eighth, Nelson scored four runs to go ahead 8-2, as rightfielder Saddler slipped on the wet grass, allowing Frank Hufty's sharp liner to go for a home run.

The Beavers threatened again in the top of the ninth, and managed to garner one run on an error to complete the scoreboard picture at 8-3 for Nelson.

—First game:

Fruitvale	820	010	002	13	13 4
Nelson	210	200	211	9	12 8

Grieve, Ewings (9) and Simpson; Shaw, Hufty (1) and Larsen.

Second game:

Fruitvale	200	000	001	3	8 1
Nelson	000	002	24x	8	9 5

Ewings, McKinnon (8) and Simpson; Monaldi and Larsen.

2 Champs Set Six Records

By JACK SULLIVAN

HAMILTON, Ont., July 16 (CP)—It remained for a 23-year-old lawyer from Philadelphia and a London medical student to save the two-day Canadian Senior Track and Field Championships ended Saturday from an almost dead loss. Six records were set and they were responsible for half of them.

Beyond these half-dozen record marks, times and distances in most of the other events on the program were far from impressive. The entry list was less than 150, principally from Hamilton, Toronto and London with a few from Montreal and Eastern United States points.

Tom Lord of Montreal, National Chairman of the Amateur Athletic Union's Track and Field Committee, said in an interview after the close that "steps would be taken" to ensure better representation in future national championships. He didn't indicate how this might be done.

Philadelphia's Vic Frank, a member of the United States' 1948 Olympic team, took individual honors with record-breaking performances in the discus and shot put. Next in line was Bob MacFarlane, University of Western Ontario track and football star who beat his own 880-yard native record of 1:54.6 in 1:53.2, won the 440-yard race easily and was anchor man on the victorious London University track club mile relay team.

Frank whirled the discus 114 feet 2½ inches—eight feet two inches better than the Canadian open mark and 19 feet 7¼ better than the native record set by Winnipeg's Eric Coy 13 years ago.

Two records went to Hamilton Olympic Club athletes. Selwyn Jones sheared more than a minute off the six-mile mark with a time of 31:46.0 and Dave Joyce won the 100-yard sprint for boys under 18 in 10.1 seconds—1/10th second off his record set in the Canadian junior championships at Toronto a week ago.

Rich Ferguson of the Toronto Red Devils won the three miles in 14:57.4, three seconds faster than the old mark.

Contract Talks With Wares Go On

Nelson Senior Hockey Club negotiations with Eddie Wares on a possible playing-coach deal are continuing.

Mayor N. C. Stibbs, president, said Sunday night that negotiations were expected to be completed within the next two weeks.

At present with the Victoria Cougars, Wares is a former Detroit Red Wings star.

Sober-Minded Sitter Watches Baby Ducks

Whenever a flock of a score or so of American Mergansers (fish ducks) swim into view on a Canadian lake, the chances are they are all adult females, for the males depart for a prolonged Summer vacation when the babies arrive.

Nor are the mother ducks in the flotilla unduly concerned about the ducklings. They have a superbly organized day nursery, and elsewhere on the lake some sober-minded Merganser is keeping 30 or 40 baby ducks in order—the community offspring—while their mothers are enjoying a bit of social life. She will have her days off in due course, and another day nurse will assume the maternal care.

Summer Puck Honors Go to Leafs 5-3

By CLIVE FLEMING

Nelson Maple Leafs grabbed a 2-0 first period lead and held their margin to down Kimberley Dynamiters 5-3 in Canada's only midsummer hockey game, and to gather in the $500 pot.

Speedy Mickey Maglio, a Nelson product, scored the winning goal blazing the rubber past Dynamiter goaltender Dave McLay, who performed spectacularly, especially in the second period.

Highly famed Cyclone Taylor, the first living player to be named to hockey's Hall of Fame in Kingston, Ontario, dropped the puck to open the Saturday night contest.

Play was sustained at a terrific pace, with both clubs coming dangerously close, but Nelson drew first blood when Bill Haldane slipped a backhander past McLay in a goalmouth scramble, midway in the first period. Just before the opening canto finished, Roy Allen gave Nelson a 2-0 lead when he drove a 20-footer past McLay.

Goalie McLay was sensational in the opening minutes of the sandwich session, but Jack Kilpatrick turned in a great solo effort in front of the Dynamiter net for Nelson's third goal at 3:59.

JOHNSON FIRST

Tunk Johnston put the Dynamiters on the score sheet when he drove a high blueline drive past Silverwood in the Nelson nets, only a half minute later. At 12:30, Sammy Calles nabbed the loose puck beside the Leaf citadel and poked it past Silverwood, who was caught unaware.

Nelson again turned the pressure on McLay early in the third period, and Lorne Nadeau hit the goal post. Mickey Maglio finally did the trick at 6:52, driving a hard shot which nicked the post from a scramble. Three minutes later, Johnny Fargher put the Leafs ahead 5-2, deflecting St. Clair Duffy's goalbound shot.

Lillie put Kimberley back in the match by tipping in Johnston' attempt, but the Dynamiters, using three forward strings to Nelson's four attacking units, were unable to go any further.

Former Detroit Red Wing and Chicago Black Hawk defenceman Eddie Wares, who is being offered a playing-coach contract with the Nelson Maple Leafs, was the standout rearguard. Last season, Wares piloted and played for Victoria Cougars of the Pacific Coast League, but since Lester Patrick has stepped down from the parent New York Rangers to coach the professional Cougars, Wares has only been offered a playing contract for the coming season.

During the game, the Nelson fans bade farewell to B.C. Police Constable Walter "Moose" Martin, regular law-keeper in the penalty box, who has been dispatched to Fort St. John, B.C.

A play-by-play description of the game was carried to East and West Kootenay listeners by radio station CKLN.

The game wound up a week of entertainment provided for Summer Bonspiel visitors.

Stops by goalies:

McLay	5	14	8—27
Silverwood	5	4	9—18

Lineups:

Kimberley — McLay; Johnston, Montgomery; Lillie; Kilburn, Rochan, Jones, Sullivan, Gaber, Calles, Mellor, Burban, Kavanagh, Tatchell.

Nelson—Silverwood; Wares, Bicknell; Kilpatrick; Haldane, Fargher, Barefoot, Larsen, Duffy, Hyssop, Maglio, Barchyn, R. Koehle, F. Koehle, Allen, McClenaghan, Winlaw, Nadeau.

Referees—Ty Culley and Al Euerby.

First Period—1, Nelson, Haldane (Kilpatrick, McClenaghan) 11:55; 2, Nelson, Allen (Larsen) 19:12.

Penalties—None.

Second Period—3, Nelson, Kilpatrick 3:59; 4, Kimberley, Johnston 4:30; 5, Kimberley, Calles 12:30.

Penalties—None.

Third Period—6, Nelson, Maglio (Winlaw) 6:52; 7, Nelson, Fargher (Duffy, Haldane) 9:50; 8, Kimberley, Lillie (Johnston) 16:32.

Penalties—None.

25 Homers, 337 Hits as Big League Sluggers Attack One-Day Records

By STEVE ROBERTSON
Canadian Press Staff Writer

Two major league batting records were shattered and two others approached today as the hitters enjoyed their biggest slugging splurge since Memorial Day, May 30.

The National League banged out a record 25 homers and teamed up with the American League to create a new mark for most hits in both leagues in one day, 337.

The two leagues pounded out 37 homers and scored 188 runs, slightly shy of the record 40 homers and 191 runs they produced on Memorial Day. The beaten marks also were set on Memorial Day, when the National clubbed 24 homers and two leagues collected 333 hits.

Despite the lusty hitting, no changes took place in the American League pennant race as the eight teams divided doubleheaders. The National League race tightened up, however, with the St. Louis Cardinals, although beaten 10-2 by Brooklyn, gaining undisputed possession of first place as their erstwhile co-tenants, the Philadelphia Phils, dropped a doubleheader to Chicago Cubs.

The Cubs dumped the Phils, 8-0 and 10-3, pounding out 26 hits in the two games. The Chicagoans locked up the opener with a six-run blast against Russ Meyer in the seventh. Roy Smalley and Andy Pafko belted homers as Walt Dubiel blanked his former mates on nine safeties.

Chicago wrapped up the second game with a seven-run burst in the fifth. Smalley and Bill Serena featured the rally with home runs.

Cincinnati Reds and New York Giants smashed 58 hits and 12 home runs in a Cincinnati doubleheader, which the Reds swept, 16-4, and 11-10 in 12 innings.

Ted Kluszewski socked two homers and Lloyd Merriman, John Pramesa, and Grady Hatton one each in the opener as Ken Raffensberger breezed to his eighth victory. Wes Westrum and Clint Hartung homered for the Giants.

Rookie Joe Adcock clouted two homers for the Reds in the finale and Dave Koslo, Westrum and Bob Thomson one each for the Giants. Hank Thompson's error with the bases loaded in the 12th broke up the game.

The Pittsburgh Pirates and Boston Braves sprayed 48 hits over the Forbes Field landscape as the teams split a doubleheader, the Braves winning the first game, 9-5, and the Pirates the second, 6-5, on Earl Turner's ninth-inning homer. Bob Elliott drove home four runs on four hits to star for Boston in the first game.

MEMORIES OF RUTH

In addition to Turner, Rookie Gus Bell powered two homers and Ted Beard one for the Pirates in the finale. Beard's shot cleared the rightfield stands—a feat last performed by Babe Ruth in 1935.

Boston's Fenway Park was the American League's No. 1 whipping post for pitchers. The Red Sox split with the Cleveland Indians, winning the opener, 13-10, but losing the nightcap, 8-4.

Big Walt Dropo of the Red Sox belted three homers—two in the first game—to run his output to 22. The teams amassed 53 hits, including seven home runs and 14 doubles.

The pace-setting Detroit Tigers defeated the Philadelphia Athletics, 7-6, in the nightcap of two at Shibe Park after the A's grabbed the opener, 5-2, behind Alex Kellner's six-hit pitching.

Philadelphia jumped off to a 4-0 lead in three innings in the second game, but the Tigers roared back with six runs in the fourth, four arriving on homers by Hoot Evers and George Kell. Gerry Priddy sealed the verdict with a homer in the ninth.

The best pitching of the day was seen at New York's Yankee Stadium, where the second place Yanks split with Chicago White Sox. The Yanks won the opener 2-1 behind Vic Raschi and the White Sox grabbed the nightcap 5-2, with Lefty Bob Cain taming New York for the third time.

Gene Woodling doubled home both Yankee runs with two out in the second inning of the first game off Billy Pierce. Floyd Baker and Nelson Fox slammed three hits apiece for the Sox in the finale.

Sid Hudson pitched Washington Senators to a 5-1, seven-hit triumph over St. Louis, but the Browns bounced back to win the windup, 10-8. Harry Dorish gained credit for his fourth victory of the season, all at the expense of Washington, but required help from Dick Starr and Al Widmar.

W. I. Pucksters To Trade Games With Mainline-Okanagan Loop

By CLIVE FLEMING

Delegates from the senior hockey clubs of the Western International Hockey League and the Mainline-Okanagan Amateur Hockey League decided unanimously towards the interchanging of games between the two B.C. senior circuits. That decision was reached in the joint WIHL-MOAHL weekend meeting in Nelson.

In the 1950-51 season, the Western International clubs will each make one swing through the western loop, playing one game in each of Kamloops, Kelowna, Vernon, Kerrisdale and Nanaimo, while the five Mainline-Okanagan clubs will play singles games in Trail, Nelson and Kimberley, and a doubleheader in Spokane.

In return for the extra game in Spokane, Charlie Carroll of the Flyers said they would reimburse the visiting club with $300, or play an extra game in the other centres, as will likely be the case for Kerrisdale and Nanaimo.

Almost all delegates wanted the interchange of games, but were troubled by the travelling expenses and mainly by employer-employee relationships.

M. Cranston, president of the Kamloops Elks, last year B.C. champs, called the move "a great benefit to hockey, if we can work it out."

Fred (Cyclone) Taylor, representing both Kerrisdale and Nanaimo, said the Coast was 100 per cent behind the move for bringing in the new faces. Previously, most games for the Coast centres were between Kerrisdale and Nanaimo, with the three Okanagan clubs each coming down three times. Now fans in every centre will see eight different visiting clubs.

The interleague games will also be included in the separate loop standings. Committees were formed to draft the schedules for the two circuits, and these will be submitted promptly.

Delegates attending the meeting were Bill Clark, WIHL president; J. Buchanan, WIHL secretary; Dr. M. Butler, MOAHL president; Dr. R. Hughes, MOAHL vice-president; A. S. Aitken, BCAHA executive; F. Becker, Vernon; F. Crowe, Vernon; E. H. Martin, Kamloops; M. Cranston, Kamloops; C. Dore, Kelowna; C. Young, Kamloops; F. Taylor, Kerrisdale; P. Halliwell, Trail; T. Johnston, Trail; M. Thomas, Kimberley; G. Felker, Kimberley; R. Loraas, Kimberley; F. Sullivan, Kimberley; Mayor N. C. Stibbs, Nelson; George Benwell, Nelson; W. Duckworth, Nelson; C. Carroll, Spokane; R. McBride, Spokane, and H. Roublee, Spokane.

B. C. Hockey Chiefs Oppose Major Series

When Gerry Thomson of Trail, President of the B.C.A.H.A., attends the Canadian Amateur Hockey Association meeting in Toronto July 22, he will cast his vote against the proposed segregation of Canadian Senior hockey, bringing the top five money leagues into a separate status. The plan would leave the financially poorer senior circuits to battle for the Allan Cup, with the richer leagues in a "major" series, battling for a trophy yet to be named.

Considerable controversy swayed the B.C.A.H.A. meeting held in Nelson Saturday, concerning the benefits or drawbacks of such a proposition as was drawn up at the Banff meeting of the C.A.H.A. earlier this Summer.

It was thought that the proposed segregation might bring back senior hockey in centres such as Moose Jaw, Port Arthur, Lethbridge, Melville and other centres which were unable to stand the terrific costs of operating senior hockey.

Fears for the welfare of the Allan Cup were expressed, and preservation of the silverware for amateur senior hockey discussed.

If at the C.A.H.A. meeting, the formation of the "major" series is passed, Thomson has been given further instructions.

Another point which raised much discussion was the Western Canada Hockey League's desire to have the B.C. winner first playoff with the winner of the Thunder Bay district, thereby giving the Prairie circuit a bye into the Western Canada finals. After considerable debate concerning the financial end of the long trip deep into Manitoba and possibly to Ontario, the meeting approved the suggestion.

LIFT BAN

The eligibility of defenceman Ron Montgomery, who partook in the Summer hockey game in a Kimberley Dynamiter uniform, was discussed, since he was suspended for two years when he inflicted a long gash on Jack Kirk's cheek with his skate, midway in the 1948-49 season, then playing for Nanaimo Clippers. Frank Becker, Past President of the B.C. body, stated that his suspension was intact until the 1949-50 season was over, thus being eligible to play Saturday night. It was unanimously voted that he be allowed to play for the Dynamiters.

The problem arising from contracts which players on the top money clubs will be signing was only mentioned because the lesser loops would not be directly affected.

Attending the meeting were G. M. Thomson, President of the B.C.A.H.A., Frank Becker, Past President A. S. Aitken, B.C.A.H.A. executive, Leo Atwell, B.C.A.H.A. executive, W. Clark, President of the W.I.H.L., Dr. M. Butler, President of the M.O.A.H.L., Dr. R. Hughes, Vice-President of the M.O.A.H.L., C. Young, M. Cranston and E. H. Martin of Kamloops, C. Dore Kelowna, F. Crowe Vernon, F. Taylor Kerrisdale, H. Roublee, C. Carroll and R. McBride of Spokane, J. Livingstone, J. Buchanan, G. Felker and M. Thomas of Kimberley, Mayor N. C. Stibbs, G. M. Benwell, S. Cameron and W. Duckworth of Nelson, P. Halliwell and T. Johnston of Trail.

Fines for Durocher, Stanky

CINCINNATI, July 16 (AP) — Manager Leo Durocher of New York Giants was fined $100 and Second Baseman Eddie Stanky was assessed $50 by National League President F. C. Frick today for their argument with Umpire Dusty Boggess in Pittsburgh yesterday.

Boggess banished both Durocher and Stanky from the game in the first inning.

Durocher, however, appealed his case in a telephone call to Frick and has been granted a hearing, the date of which has not yet been set.

The fine levied against Durocher was for "prolonged argument, delaying the game and failure to leave the field when ordered." Stanky was found guilty of the first two misdemeanors only.

Venezuela declared her independence from Spain July 5, 1811.

St. Louis Browns Camp Opens at Trail Tuesday

TRAIL, B.C., July 16—Ball players interested in a professional baseball career will have the opportunity of displaying their talents at the second annual St. Louis Browns baseball school scheduled to get under way at Butler Park here Tuesday morning, Tony Robello will be in charge.

The tryout camp will function for five days and any likely prospect will be signed by the Browns' West Coast operator, Mr. Robello. All players between the ages of 17 and 23 can take advantage of this offer.

Last year Robello signed Gordon Tench to a contract and the right-hand hurler is now pitching in the Wisconsin State circuit.

No Nelson players plan to attend the camp, M. N. (Slim) Porter, kid sports booster, said Sunday.

Win Regatta

ST. PAUL, Minn., July 16 (AP)—Minneapolis won the Northwest International Regatta here Saturday pushing Fort William, Ont., out of the lead by copping first and second places in the final event.

The Fort William crew which had won the Sir Thomas Lipton trophy for seven straight years, finished second. Going into the final event, the senior heavy eights, Fort William led Minneapolis 138½ to 106¾.

Final points were Minneapolis 159¼, Fort William 145¼. St. Paul 132 and Winnipeg 64¼.

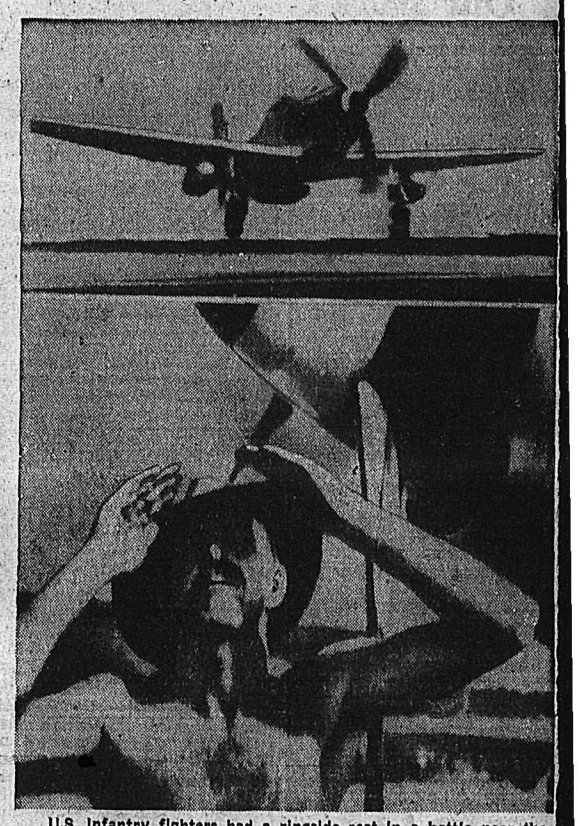
Aussie Mustangs Prove Their Worth



U.S. Infantry fighters had a ringside seat in a battle near the Kum River in which Australian Mustang fighter planes teamed up with U.S. fighters and bombers to smash a Communist column. The Aussie pilot, above, is about to take off in his Mustang, top, for the battle front. The propellor-driven Mustang has been found to be more effective than the speedier jet planes in strafing of ground troops.—Central Press Canadian.

Barrel Over Falls Without Hill

NIAGARA FALLS, Ont., July 16 (CP)—Major Hill failed in his attempt to go over Niagara Falls in a barrel today.

The water stopped him where the Niagara Falls Parks Commission and police failed. The barrel stalled in an eddy 300 yards from the falls.

Hydro officials towed the barrel to shore and unscrewed the hatch. Hill, badly shaken, emerged unharmed. He tried to force rescuers to launch him again.

Later, one of Hill's brothers released the barrel. It drifted away and floated over the falls, empty. It was trapped on the rocks at the base of the falls, pounded by tons of water.

Hours later, the cylinder, badly dented but apparently still watertight, was still bobbing between the rocks around at the base of the falls.

LONDON (CP) — In a crinoline wedding dress with medieval headdress, Vancouver-born Dawn Lewis, 18-year-old ballet-dancer, married Albert Offenbach, 30.

The capital of the Dominion Republic, now known as Ciudad Trujillo, was founded in 1496 by Bartholomew Columbus, brother of the famed Christopher.

Saturday's Answer

DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
Is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

E WOYF SOYYF, ZELVPLX, ZYPLHPLX, MERXAPLX, KREGGPLX, ELZ RLUAPLH-PLX UPSO—ZYFZOL.

Saturday's Cryptoquote: WHAT FORCE CANNOT EFFECT FRAUD SHALL DEVISE—CRASHAW.

NOTICE TO CONTRACTORS

Sealed Tenders for the General Contract, including all trades, endorsed:

"Tenders for Riondel Elementary School," at Riondel, B.C. for the erection and completion of a one class-room school will be received by the Secretary-Treasurer, School District No. 6 (Kootenay Lake) on or before 5 p.m., Monday, July 24, 1950, at the office of the Secretary, Kaslo, B.C.

Working drawings and specifications will be available at the office of the Secretary, Kaslo, B.C.

A certified cheque for five per cent (5%) of the tender must accompany each and every tender and shall be forfeited if the party tendering declines to enter into Contract when called upon to do so. On award and signing of the Contract, the successful tenderer shall furnish to the Board of School Trustees a surety bond or certified cheque equal to ten per cent (10%) of the Contract price. On receipt of this bond, the certified cheque submitted with the tender, will be returned.

The Board of School Trustees, and the Department of Education, reserves the right to reject any or all tenders without explanation. No tenders having any qualifying clauses will be considered.

A deposit of five dollars ($5.00) is required for each set of plans and specifications and will be returned upon receipt of same in good condition.

Dated at Kaslo, B.C., this fourteenth day of July, 1950.

JAMES J. CLARK,
Secretary-Treasurer,
School District No. 6,
(Kootenay Lake).

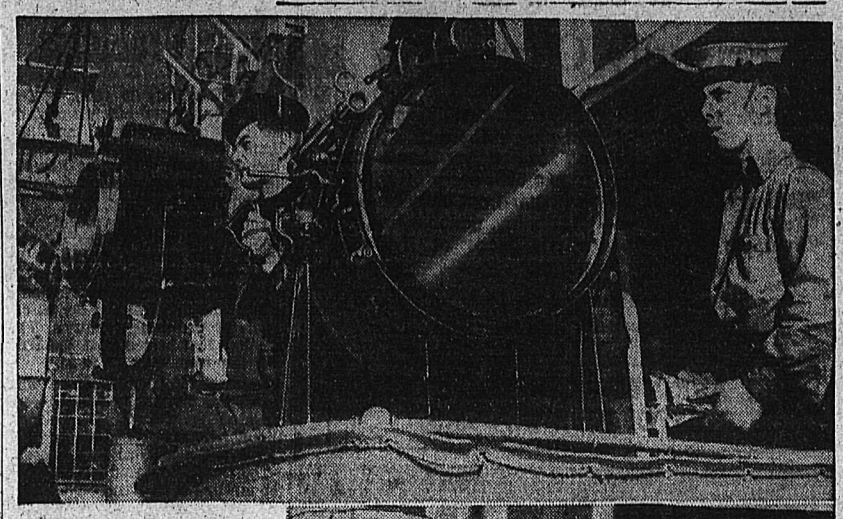
Estella-Leaders Samplings Termed Impressive

KIMBERLEY, B.C., July 16—Recent samplings of the Estella and Leader groups of claims at Tracy Creek, Southeast of Kimberley, have shown impressive findings of gold, silver, lead and zinc.

Indications are that a large body of lead-zinc ore may be opened on the Estella group and additional tonnages may be available on the Leader. A private company, Estella Mines, Ltd., has been formed.



The West Gets Together On Land and Sea

OLD ALLIES, Britain and France, recently got together again in the Mediterranean. The occasion was Western Union exercises to test and improve fleet inter-communications. Vice-Admiral Lord Louis Mountbatten, in the cruiser Liverpool, commanded the British, and Admiral Lambert, in the cruiser Montcalm, the French. Top: French (left) and British sailors signal aboard H.M.S. Liverpool. Right: British (left) and French join forces again in a more pleasant task ashore—a glass of beer outside a cafe in Toulon, France.

Silver Giant Mill Nears Completion

At the annual meeting of the Hedley Mascot Gold Mines Limited, President W. G. Mackenzie reported the design of a new mill and power plant for the Silver Giant mine is nearing completion. Equipment of Hedley Mascot Gold Mines Ltd. is being moved to the Silver Giant.

The mill is being designed by Wright Brothers, metallurgical engineers.

Construction work on the mine is proceeding and underground work will begin as soon as possible. Production may be under way by the end of the year.

New Directors of Hedley Mascot are W. R. Wheeler, President of Silver Giant Mines Ltd., R. B. Buckerfield, Dr. Victor Dolmage, Senator J. W. DeB. Farris, P. D. Gordon, B. H. Gunning and Glen C. Hyatt.

ATHLETICS MAY TAKE DOWN "FOR SALE" SIGN

BY ORLO ROBERTSON

PHILADELPHIA, July 16 (CP)—That "for sale" sign on Philadelphia Athletics may be pulled down now that Connie Mack is entrenched more firmly than ever as head of the team he has directed for a half-century.

The 87-year-old manager and chief stockholder, in the fading days of a career that has brought him nine American League championships and five World Series victories, recently announced the Club is for sale if the price is right.

But now there is a possibility Mack will join with Earle and Roy eldest of his three sons, and purchase the holdings of the other stockholders. He reported they have been attempting to raise the necessary cash through Philadelphia banks.

Believe Accident Cause of Latest Portsmouth Fire

PORTSMOUTH, England, July 16 (Reuters)—Admiral of the Fleet Sir Algernon Willis, Commander-in-Chief of the Portsmouth naval base, said Saturday there is no reason to suspect sabotage caused the fire which set off last night's ammunition explosions in Gosport harbor.

The high-ranking Royal Navy officer made this statement after holding a preliminary on-the-spot enquiry into the blasts which destroyed nine naval ammunition barges, wrecked a loading jetty and three railroad ammunition trucks, and shattered doors and windows over a wide area.

Armed police today patrolled the entire dock area of Portsmouth—Britain's principal naval base—while Naval Intelligence officers combed the devastated area for clues. First information, said the Admiralty, suggested that the explosions were caused by an accident.

A senior dockyard armament depot official said today that despite the severe damage, it now was almost certain that no one was killed. Three of 30 men loading barges at the time were at first reported missing but a check early today showed that they were safe at home.

Most men took cover in the shelter of defence mounds when a shout of "fire!" gave warnings of the first explosion, the official added.

The unknown man who shouted the warning had seen flames leap along the deck of a barge toward 500 cordite containers. Seconds later three barges blew up, followed by three more. Two other barges sank, presumably holed below the water line.

'Peg Sewer Caves In, Kills Worker

WINNIPEG, July 16 (CP)—Mike Tashichny, 32-year-old employee of the Winnipeg City Engineering Department, Saturday suffocated when the sewer in which he was working caved in.

Police said Tashichny and four others were working in a 40-foot long, nine feet deep sewer in the City's West-end, when the open end caved in. Tashichny was buried under heavy damp clay.

The other four workers escaped by running to the portion of the excavation which was cribbed with wood, but Tashichny ran for the open, unbraced end.

Rescue workers dug for more than an hour to retrieve his body.

Unemployed Briton Attacks M.P.

LONDON, July 16 (Reuters) — Gordon Albert Norris, 35, an unemployed bricklayer (was charged Saturday with attempting to murder Geoffrey Hutchinson, Conservative Member of Parliament.

He was alleged to have told the police:

"When I told him about my troubles he just laughed, so I went and bought a knife to do the —— in."

Hutchinson was interviewing constituents individually Friday night in offices at Ilford on London's Eastern outskirts when he was attacked. He escaped with a slashed coat sleeve.

Meet to Discuss Medical, Dental, Arctic Problems

OTTAWA, July 16 (CP) — Top medical and dental officials of Canada, the United States and the United Kingdom will meet soon to discuss such problems as how to keep soldiers and sailors fighting and alive in the Arctic.

The Defence Department announced today that those will be among the subjects discussed in Montreal at the sixth meeting of more than 100 prominent military and civilian medical and dental officials of the three countries. The meeting, first held outside the U.S., will last from July 19 to 25.

Defence Minister Claxton, who issued the invitations, will be represented by Dr. O. M. Solandt, Director-General of Defence Research and a medical man himself.

The Department said the object of the meeting is to discuss field medical and dental equipment for the services of the three countries.

The meeting will take up such subjects as Arctic clothing at sea, medical equipment in the Arctic, Arctic survival, pharmaceutical supply units, field surgical units, field dental units, field malaria and epidemic disease control units and field veterinary units.

Panels will also consider field radiographic and laboratory work and antiseptics.

Indian Chiefs See Minister Harris

VANCOUVER, July. 16 (CP)—Citizenship Minister Walter Harris conferred with 10 Indian Chiefs and Councillors representing tribes from the Vancouver area, Vancouver Island and the Interior.

Discussed was the proposed new Indian Act brought into Parliament late in the last session and then withdrawn.

Mr. Harris, who promised copies of the bill would be distributed among the tribes, defended his legislation on grounds nothing in the bill was a backward step for the Indian.

"It eliminates many things that have been detrimental to the Indian and provides for a greater degree of self-government and advance."

The new bill would give Indians the vote if they waive exemption on income tax on earnings made on reserves. He said this prevents Indians enjoying a position superior to white persons since he did not think they wanted the vote without the opportunity of paying the tax.

Decides to Cancel One Canonization

VATICAN CITY, July 16 (Reuters)—Vatican authorities have cancelled a planned Holy Year Canonization because one of the miracles performed was the cure of venereal disease, well-informed Vatican sources have revealed.

The New Saint was to have been the 16th Century Monsignor Gianelli, Archbishop of Bobbio, Italy, Beatified for leading a Saintly life.

Examination of testimonies showed that Gianelli had performed the two required miracles. Each was the cure of a disease believed to have been incurable.

It was later discovered that one of the miracles was the curing of a sufferer from venereal disease. This was "disallowed" because, said Vatican sources, it might have "created a scandal and given people the wrong impression".

Vatican authorities are looking for another miracle to replace the first.

Youthful Climbers Attack Waddington

VANCOUVER, July 16 (CP) — Eight youthful mountain climbers Friday made their last contact with civilization for what is expected to be six weeks when a Queen Charlotte Airlines plane dropped 1000 pounds of food to them at the foot of lofty Mount Waddington 180 miles North.

The plane pilot said the food drop went off according to plan. The group, from the California Sierra Club, plans to climb Waddington and surrounding peaks, coming out Aug. 25.

Find Comfort In Bible Reading

Charged with robbery and murder, Tommy Cook, 17, is shown in his Los Angeles jail cell, reading a Bible. A trio of teen-agers, including Tommy, admitted participation in the holdup-slaying of a liquor store owner. Referring to his reading of the Bible, Tommy told newsmen, "It helps, especially at night."—Central Press Canadian."

Still Active in New Denver Sports

DAN P. MORGAN

. . . who celebrated his 74th birthday on Friday, arrived in Sandon in 1909. There for many years he was nurse in the Miners' Union Hospital with Dr. W. E. Gomm.

When Dr. W. E. Gomm moved to New Denver, Mr. Morgan also came to the Slocan Valley beauty spot in August, 1920 and was on the staff of the Slocan Hospital till it closed in 1923. He was first aid man on the Government Public Works projects for years till his appointment as District Storeman from which he retired due to illness in 1944.

Mr. Morgan has always been an ardent sport fan. His special love is baseball and he has been scorekeeper of the New Denver club for 30 years. He is at present official scorekeeper of the Slocan-Arrow Lakes Baseball League.

He is the "Daddy" of the Legion Branch No. 101 with over 21 years membership, being a veteran of the South African War.

1000 H.P. Hydro Plant, 75-Ton Mill Is Santiago's Plan for Bosun

Santiago Mines Ltd. is negotiating with Vancouver interests for $150,000 for the construction of a hydro plant and mill at the Bosun mine near New Denver. R. Crowe-Swords, president states that $125,000 will cover the estimated cost of the new facilities but the higher figure is sought as insurance against unforeseen obstacles.

It is proposed to develop 1000 h.p. which is badly needed for even present mining needs and to erect and instal a 75-ton mill capable of enlargement to 100 tons daily. There are plenty of customs ores available in the vicinity for treatment even if the Bosun mine cannot provide a constant full load for the mill.

Development of the No. 8 level which has been proceeding with the encouraging results, is being suspended until more power is available. Meanwhile, the company will concentrate on development and mining of good lead ore on the No. 7 level.

In its recent work on the No. 8 level, which Mr. Crowe-Swords says is the lowest horizon of mining development in the Slocan district being 164 feet below Slocan Lake, some 210 feet of drifting has been carried out along a continuous vein of galena varying from inches to feet. An average of the clean ore would be 110 ounces silver per ton and 55 per cent lead and two per cent zinc, he said. The West face of the drift has been left in particularly good ore. The President advises that the lowest gross value per ton yet received by the company for lead has been $112.

Silversmith Road Work Progresses

The rebuilding of the old Silversmith mine road in the Slocan district, and construction of new sections is now well advanced by Carnagie Mines, Ltd. The reconditioned road extension is expected to reach the portal of the No. 10 level by July 20. It will then be pushed on to the portal of the No. 3 level.

Gain New Ideas From "Specimens"

LONDON (CP)—British manufacturers in search of new ideas can import "specimen" articles from foreign countries without paying duty.

That is to say, business men here can apply for duty-free imports if they think they can learn new production wrinkles from the imported articles.

This is guaranteed under a special clause introduced in the finance bill by A. G. Bottomley, Secretary for overseas trade, and approved by opposition parties.

Bottomley said goods made in foreign lands may be imported without duty "for the purpose of studying new ideas which may be incorporated in such products."

Research had been "discouraged" by tariffs in some cases and it was the Government's intention to see "if by use of component parts or principles of design manufactured articles can be improved—and to see if an imported article can then be manufactured in this country."

COOL WEATHER CUTS FIRE HAZARD; SIX IN DISTRICT

Cloudy and cool weather last week decreased the fire hazard considerably, the B.C. Forest Service reports and at present there are six fires burning in the Nelson Forest District. The fire hazard is moderate.

The total number of fires recorded to date is 142 compared with 210 for the same period last year.

Aluminum Company Surveys Under Way

VANCOUVER, July 16 (CP) — Early surveys "look favorable" for establishment of a $500,000,000 Aluminum Company of Canada plant in the Tweedsmuir Park area of British Columbia.

Officials here reported that field work now is in full swing and diamond drilling crews are working along the banks of the Nechako River in an effort to find a suitable damsite that would halt the Eastward flowing waters and provide a huge reservoir for the power development. The dam would be the first step in the giant-like project.

McNeely Duboise, Vice-President, will make future plans later in the Summer when he returns to B. C. from the Company headquarters at Arvida, Que.

Ecuador Breaks Up Sudden Rebellion

GUAYAQUIL, Ecuador, July 16 (AP)—A revolt broke out here Saturday but its leaders were quickly arrested by Government troops.

The Rebels cut communications in a swift pre-dawn move. The Government telegraphs here announced, however, that Quito and the rest of the country are quiet. (A telephoned report from Quito to New York also said the Capital is quiet).

Carlos Guevara Moreno, Interior Minister in the regime of deposed President Jose Maria Velasco Ibarra, was the revolt leader, an army announcement said. He and other revolutionary leaders were arrested by Government forces.

If Ground Troops Needed, Aussies Will Call Cabinet

CANBERRA, Australia, July 16—(Reuters)—Arthur Fadden, Acting Prime Minister of Australia, said Saturday if a request from the United Nations to provide ground troops for the fighting in Korea is received, an emergency meeting of the Federal Cabinet may be summoned.

He said Australia so far has not received such a request from Secretary-General Trygve Lie of the U.N.

Nearest Australian troops are elements of the British Commonwealth occupation force in Japan. They number about 2500, all of whom volunteered for service in Japan only.

Army Minister Josiah Francis said, appealing for further enlistment, "since the Korean invasion the increase in applications to the permanent army has been about 52 per cent."

Number 10 Shut to Baron of Broadway

LONDON, July 16 (Reuters) — The self-styled "Baron of Broadway" who wants to buy Northern Ireland for $19,600,000 and hand it over to the Republic of Ireland, had the door of Prime Minister Attlee's house shut in his face.

He called Friday at 10 Downing Street—Attlee's official residence—"to protest against the partition of Ireland" and talk business.

Still smarting under the rebuff he received in Belfast two weeks ago when police seized two Irish Republican pennants from his car, Irish-born John J. Hanley of New York drove up to the Prime Minister's house with the pennants fluttering on the car's radio aerial. The 56-year-old "baron", who claims to be a multimillionaire, heaved himself out of his car and mounted the steps.

That was as far as he got. His request for a talk with Attlee was politely but firmly refused by a servant.

Hanley drove away with the promise that he would be back.

Gasoline Tank Blows Up, Heavy Damage

TERRE HAUTE, Ind., July 16 (AP)—A gasoline storage tank blew up Saturday, rocking a large area of this city and causing damage estimated at "hundreds of thousands of dollars". A truck driver was hurt slightly.

Police blamed prowlers for setting off the blast which was followed by a fire that destroyed a bulk storage plant of the Mid-Continent Petroleum Company. A spokesman for the firm made the damage estimate.

Scores of buildings in the South Central section of the city were damaged. A window was blown out of a store in the downtown district, 1½ miles from the scene.

Young Stalin Adds To Plane Claims

MOSCOW, July 16 (AP)—Lt.-Gen. Vassily Stalin, son of Prime Minister Stalin, has embellished Russia's claim to invention of the airplane.

"Our great land was the birthplace and cradle of aero-navigation, aviation, rocket and jet flying," young Stalin said in an interview quoted by Moscow radio.

"In our land were created aviation motors, high-speed and heavy multi-engined airplanes, the first helicopters and autogiros, flying boats and parachutes, aviation instruments and tools, all-metal dirigibles and the jet plane."

The interview was given in connection with the celebration Sunday of Soviet Air Force Day. Young Stalin was Deputy Chief Leader of an air show over Tushino Airport, near Moscow, in celebration of the day.

There are nine park reserves in Saskatchewan.

Born When Ottawa Was Called Bytown

GANANOQUE, July 16 (CP)—Severe Dorey, oldest resident of Gananoque, Saturday quietly celebrated his 105th birthday anniversary at his son's Summer home. He still enjoys fairly good health, reads without glasses and enjoys listening to the radio.

Mr. Dorey, born in Bytown (now Ottawa) says his French-born father once owned the land where the Parliament Buildings stand.

Four of his 10 children are alive. He has 36 grandchildren and 11 great-grandchildren.

Iran Rejects Complaints on Oil Surveys

TEHRAN, Iran, July 16 (Reuters) —Iran today rejected Russian complaints concerning alleged American oil surveys on the Soviet-Iran border but said that to remove friction and misunderstanding air surveys will be stopped and only Iranian engineers will make ground surveys in future.

The Iran statement, in reply to a Soviet note of June 22, said Iranians are free to do what they please at any point of national territory.

The purchase of two American drilling machines by the Iranian Government has not engaged any foreign advisers to carry out military activities detrimental to Soviet security, the note stated.

REGINA (CP)—Two of Regina's oldest buildings have been condemned and are being demolished. One was built in 1890 as a blacksmith's shop; the other was a bowling alley constructed in 1900. The property belongs to the city; new building plans have not yet been made.
