NELSON, B.C., CANADA—WEDNESDAY MORNING, OCTOBER 10, 1951 — 5 Cents a Copy — No. 142

PROVINCIAL LIBRARY VICTORIA

U73 31 March 52 Provincial Library Victoria, B.C.

WEATHER FORECAST

Kootenay—Clear and warm with light winds Wednesday. Patches of fog and low cloud in the valleys Wednesday morning. Low and high at Cranbrook, 32 and 68; Crescent Valley, 35 and 70; Revelstoke 40 and 68.

Britain Refuses To Quit Suez

LONDON, Oct. 9 (AP)—Britain announced today she intends to keep her 10,000 troops on guard over the Suez Canal and all her rights in the Sudan despite Egypt's efforts to push her out.

A statement by Foreign Secretary Herbert Morrison said Britain intends to maintain her "full rights" under the treaties of 1936 and 1899 pending a satisfactory agreement with Egypt on the basis of new proposals which will be presented shortly.

These proposals, it was known, involve the participation of the United States in the defence of Suez.

ONE-SIDED ACTION

Morrison's statement said the British Government took the "strongest exception" to Egypt's one-sided action in abrogating the 20-year alliance of 1936 and the 1899 treaty setting up joint rule over the Anglo-Egyptian Sudan.

Under the alliance, Britain is allowed to keep 10,000 troops, 400 planes and supporting personnel on guard at the Suez Canal. Whoever holds the canal is in a strong position to defend the entire Middle East.

The Sudan is a vast territory of nearly 1,000,000 square miles and 8,000,000 people whose newly developed cotton-growing projects are vital to Britain's textile industry.

NEW PROPOSALS

Morrison said Egypt twice had been informed that new proposals were being prepared to break the deadlock in negotiations that have been dragging on, with interruptions, since 1945.

Diplomatic informants said these proposals are based on a new Middle East command sponsored by the North Atlantic Treaty organization at Ottawa.

Under this plan, Turkey, prospective new member of the pact, Britain, France, and the United States would share in the defence of the Canal and Egypt and other countries of the Middle East and some British Commonwealth countries such as South Africa, Australia and New Zealand would be invited to join.

BOOM!

MURTAUGH, Idaho, Oct. 9 (AP)—Mrs. H. L. Satterwhite, Jr., is going to check henceforth before she shoots a gun. She was trying out a new gun firing at a target pinned on the garage. One of the bullets pierced the garage and hit a sack of dynamite. The resulting explosion blew the building apart and a piece of lumber struck Mrs. Satterwhite in the face. She suffered a broken jaw.

Predict King Soon To Have Car Ride

LONDON, Oct. 9 (Reuters)—The London Evening Star today reported that the King, recuperating from his Sept. 23 lung operation, now is getting up daily for lunch.

The meal is served in his room and the Queen joins him for it, the paper said. It also predicted the King will soon be allowed to go for an automobile ride.

The Monarch is making such good progress no medical bulletins have been issued for two days. Newspapers are speculating where he may go for a long convalescence. Malta is among places mentioned.

Disputes U. N. Rights in Iran Issue

UNITED NATIONS, N.Y., Oct. 9 (AP)—Iran's Deputy Premier Said tonight only Britain's goodwill can bring about a settlement of the British-Iran oil disputes.

Jassein Fatemi, appearing at the first Press conference since Iran's Premier Mohammed Mossadegh and his party arrived in New York Monday, again disputed the right of the United Nations Security Council to consider the case or make recommendations.

Britain is trying to get the Security Council to adopt a resolution calling on Iran to obey an international court of justice order to halt nationalization of its oil property until the whole question can be gone over again.

PERON STEPS ASIDE TO AWAIT ELECTION

BUENOS AIRES, Oct. 9 (AP)—Juan D. Peron announced tonight that he is stepping down from the presidency of Argentina until after the election of Nov. 11 in which he is a candidate for reelection.

He called the Congress to meet on Oct. 11 to approve an acting president in his place.

Queers Say "Farewell" to Royal Couple

QUEBEC, Oct. 9 (CP)—Princess Elizabeth and the Duke of Edinburgh left Quebec City tonight at 11:25 p.m. EST, after a day-long visit that lasted almost an hour more than scheduled.

A crowd of about 7000 was on hand at the station for the departure of the Royal Couple who arrived by train this morning at Wolfe's Cove at 9:45 a.m.

About 4000 people were assembled outside Palais Station where the Royal train awaited the arrival of the Princess and Duke. They spent 45 minutes at a fashion show and concert after a 2½-hour Quebec Government banquet at the Chateau Frontenac.

Some 3000 more assembled in the station concourse, applauded when the Princess moved past with Hon. Gaspard Fauteux, Quebec Lieutenant-Governor, at her side.

Marie Fauteux, daughter of the Licutenant-Governor, walked with the Duke.

Premier Duplessis, host of the Royal Couple at the state dinner, also was with the official farewell party.

As the party stepped into the station a band played "God Save the King" and a Guard of Honor from Les Fusiliers Mont Royal presented arms.

MINES ONLY DANGER

VICTORIA, B.C. Oct. 9 (CP)—Rear Admiral Wallace B. Creery, Pacific Coast flag officer, today said the only real danger to Canada's three naval ships in Korean waters was from mines.

Admiral Creery, who returned Saturday from a 17-day flying trip to Korea, told a Press conference that the North Koreans were fond of loading up junks with mines and taking them out to sea to scatter.

The destroyers, Sioux, Cayuga and Athabaskan were kept busy providing escort for operational carriers, carrying out blockade patrols and making periodic bombardments of shore installations.

Davidoff Appeal To Be Based On "Fresh Evidence"

VICTORIA, B. C., Oct. 9 (CP)—An application will be made by Defence Counsel A. G. Cameron in Appeal Court here tomorrow for permission to introduce fresh evidence in the case of John Michael Davidoff, a Doukhobor, convicted of murdering his son, Joseph, at Brilliant April 15.

The court granted Cameron permission to make the application at the opening of the murder appeal this morning.

Crown Counsel T. G. Norris opposed the application on the grounds it was not in the interest of justice.

"I know it's a murder appeal," said the lawyer. "But there is no merit in the application and I do not think fresh evidence will affect the case."

Davidoff was found guilty by a Nelson Assize Court July 7 of shooting his son with a rifle. The Crown claimed the motive for the murder was the desire of the accused to obtain benefits of an insurance policy made out by his son to him.

Mr. Justice N. W. Whittaker sentenced the accused to be hanged on Oct. 2 but a reprieve was granted until Dec. 11, pending the appeal.

Cameron in opening his case for accused told the court that he was seeking an acquittal or a new trial for Davidoff on the ground that the jury was not justified in arriving at a verdict of murder.

Ottawa Sets Up Agency For Seaways Go-Ahead

A RECORD vote at December civic elections is the aim of Nelson Junior Chamber of Commerce in its get-out-the-vote campaign. Here J. A. Bracken, justice of the peace, takes affidavit of Miss Pat Dunwoody, who has paid road tax of $2 and will be eligible to vote. Henry LeMoigne, Chairman of Jaycee Get-Out-the-Vote Committee, looks on. Jaycees are checking lists of employees of every Nelson business house against the voters' list and contacting any employees who pay road and poll tax and aren't registered.—Alice Stevens photo.

Mere Mention of Inflation In Speech From Throne

OTTAWA, Oct. 9 (CP)—The Government, reiterating a determination to push ahead with the $700,000,000 St. Lawrence seaway—alone if necessary—said today it plans a Federal agency to take charge of details of the vast waterway and power project.

It also disclosed that arrangements already have been made with the province of Ontario regarding power development in the international section of the St. Lawrence. Ontario would handle this in conjunction with the appropriate United States Federal or state authority, probably the State of New York.

Disclosure of these developments in the long-standing seaway question was made in the Speech From the Throne read by Governor-General Viscount Alexander at today's opening of the Fall session of Parliament.

The Federal agency probably will be a crown company responsible to Parliament.

The Speech said it will be empowered "to proceed either with the Canadian share of an international undertaking or a solely Canadian development," as soon as satisfactory international arrangements can be made for the power phases of the project both in Canada and the United States.

The Speech dealt more extensively with the seaway project than with any other subject. An issue since 1941 when Canada and the United States reached an agreement which never has been ratified in Washington — the seaway has been before Congress every year since.

PENSIONS BILL

A bill to implement $40-a-month pensions to all Canadians 70 and over beginning next January will be introduced. A contributory fund will be established to finance the pensions. There has been some speculation that part of the 10 per cent sales tax, or a special pay-roll levy, will be used to finance the $400,000,000 program.

Parliament will be asked to ratify the dispatch of the 27th Army Brigade and elements of the R.C.A.F. to join Gen. Eisenhower's integrated force in Europe, and to ratify the invitation of Greece and Turkey to join the North Atlantic Treaty Organization.

Legislation will be submitted to provide for financing the publicly-owned CBC along lines recommended by the Massey Commission on Arts and Sciences. The $2.50 annual licence fee on radio receiving sets will be retained, but CBC deficits will be covered by grants voted by Parliament. At present, the CBC borrows money from the Government when it is in financial difficulties.

Measures aimed at bringing about some equalization of freight rates across the country will be introduced. The bills based on recommendations of the Royal Commission on Transportation after a two-year study of transportation problems, were introduced at the last session and allowed to stand over.

The Speech referred to inflation, but did not indicate that the Government plans to introduce price controls at this session. A bill will be aimed at prohibiting suppliers of goods from requiring or inducing distributors to resell goods at fixed or minimum resale prices.

Here Is Schedule For Royal Couple

Princess and Duke To Tour Australia

LONDON, Oct. 10 (Wednesday) (Reuters)—Princess Elizabeth and the Duke of Edinburgh will tour Australia and New Zealand early next year in place of the King and Queen, Buckingham Palace said tonight.

The decision was made on the advice of a team of doctors who—just over two weeks ago—operated on the King's lung.

The departure date and length of the tour remained unchanged but it is not known whether the original itinerary will be altered. The King was to have sailed Jan. 22, 1952.

Had he been well enough, the monarch would have left England in the 15,000-ton liner Gothic to arrive in Fremantle, Western Australia, March 1.

It is likely the Princess and the Duke will sail in the Gothic.

Can Win Better U. S. Support—Churchill

LONDON, Oct. 9 (Reuters)—Winston Churchill tonight placed himself before the electorate as the man to win American backing for Britain, especially in the troubled Middle East.

In an election speech to his constituents at Woodford, Essex, the Conservative chief declared Prime Minister Attlee's Labor Government had not obtained full American support in the dispute set off by Iran's decision to nationalize the British-owned oil industry.

Likewise, he said, Britain needed American support in the Eastern Mediterranean. An alignment of the United States, Britain and France, he said, would be in a "most powerful position" to deal with Egypt—which has challenged the British position in the Suez Canal.

Warns Iraq Against Oil Nationalization

BAGHDAD, Iraq, Oct. 9 (AP)—Premier Nuri Pasha Al Said warned his country today against being pushed into oil nationalization, saying that taking such a path could "expose us to catastrophe."

"Nationalization means the abrogation of oil concessions," the Premier said.

"Can we, under the present circumstances, expel foreign oil experts, pay just compensations for the oil companies, and produce oil or sell it inside and outside Iraq?"

SEE COLOR TV

NEW YORK, Oct. 9 (AP)—The public got its first glimpse of the Radio Corp. of America's color television today, and most comment among viewers was enthusiastic. It was the start of a new 10-day series of field tests of R.C.A. color with showings here and in Washington.

Princess Elizabeth and her husband, the Duke Edinburgh, come calling on British Columbia next week.

Residents of this province will catch their first glimpse of the 25-year-old Princess with softly-waved brown hair and grey-blue eyes who has won a place in their affections.

Leaving Calgary on their way West on October 18 at 3 p.m., they reach Cochrane, Alta., at 3:47 o'clock. From there they will take motor cars to Banff, where they will board their train once more.

The succession of stops in B.C. includes Revelstoke at 11:50 a.m. October 19 for 20 minutes; Sicamous at 1:45 p.m. for an observation-platform appearance; Salmon Arm at 2:25 p.m. for 10 minutes; Kamloops at 5 p.m. for an hour. After travelling all the way through the impressive Rocky Mountains and the Coastal Range, they reach Vancouver at 10 a.m. October 20.

After a visit to Victoria and a rest on Vancouver Island the royal couple will resume their tour October 26 with their arrival at Nanaimo at 9:45 a.m. for a stay of 45 minutes. Then it's back to the Crusador and over to Vancouver by noon for a short motor trip to New Westminster. They leave by train at 1:45 p.m.

Other B.C. stops: Chilliwack at 2:35 p.m. for 10 minutes; Hope at 3:35 for an observation-platform appearance; Boston Bar at 5:01 p.m. for 10 minutes and Lytton at 6:17 p.m. for another appearance from the observation platform as their train moves slowly through the station.

Banff and Revelstoke will be nearest points for East and West Kootenay residents to see the royal couple.

Cost-of-Living Higher, Montreal, Toronto

OTTAWA, Oct. 9 (CP)—Among nine regional cities increases in the regional cost-of-living indexes were higher during August in Montreal and Toronto than in any other city, the Bureau of Statistics reported today.

Halifax, St. Johns, Nfld., Winnipeg and Edmonton showed slight declines.

Youths Convicted

VANCOUVER, Oct. 9 (CP)—Donald White, 23, and Roy Ogilvie, 22, today were convicted of armed robbery in the Aug. 4 $3000 armed holdup of Jersey Farms Ltd. here. They were remanded a week for sentence.

SYDNEY, N.S., Oct. 9 (CP)—James Nicholson, director of United Steel Workers of America (C.I.O.-C.C.L.) announced tonight that the Sydney Local has broken off wage talks with Dominion Steel and Coal Corporation.

Five Lords to Open U. K. Parliament

LONDON, Oct. 9 (AP)—London apparently will miss one of its most spectacular shows—the state opening of a new Parliament—because of the King's lung operation.

Informed sources said today that a Royal Commission of five Lords will open Parliament Nov. 6 on behalf of the King. The new House of Commons will be chosen at the general election Oct. 25.

The informants said the King's doctors feel it would be unwise to subject him to the strain of a state opening, including the reading of the Speech From the Throne.

To Streamline Elections Act

OTTAWA, Oct. 9 (CP)—The Government has prepared a heap of work for Parliament's new session, and the sparks may fly from the little issues as well as the big.

Besides the big issues — the St. Lawrence seaway and the combines legislation — the throne speech disclosed today that other new legislation will be sought as well as amendments to existing measures.

There will be a bill to give the Government power to buy butter on foreign markets and another to extend the interest-free period on Canada's $700,000,000 1942 loan to Britain another three years.

The Government will seek amendments to streamline the Dominion Elections Act and to give the Public Works Department more spending power with Privy Council approval.

Currently, the Public Works Department can spend up to $5000 with P.C. approval — the Government may seek to push this amount up to $15,000.

Family Wiped Out

YAKIMA, Wash., Oct. 9 (AP)—A Portland, Ore., family of three was killed today when their car was crushed into a tangled mass by a speeding East-bound Northern Pacific passenger train six miles East of Toppenish, Wash.

The dead, identified by papers on their persons, were Mr. and Mrs. Adam B. Keller and an infant son, Robert.

Elmer Hedrick, engineer of the train, No. 4 from Seattle to St. Paul, told police he saw the car and blew his whistle repeatedly, but the driver failed to stop.

BABE'S DEATH AMONG 93 TRAFFIC ACCIDENTS

VANCOUVER, Oct. 9 (CP)—Thirteen persons were injured in 93 traffic accidents here during the holiday weekend.

There was one fatality. Judy Daignault, 4, was killed when she was struck by a car.

Chinese Reds To Eastern Front

U. S. EIGHTH ARMY HEADQUARTERS, Korea, Oct. 10 (Wednesday) (AP)—The Allies ground ahead one mile in Western Korea Tuesday but the Communists sprang one of their most significant war moves in months—a sudden shift of Chinese troops to the Eastern front.

The new Red manoeuvre, possibly involving the transfer of a major Chinese unit, checked an Allied advance in the East. This meant just two things to embattled United Nations on the mountainous Eastern front:

1. The unending U. N. hill assaults have at least partly ground down the rebuilt North Korean Army.

2. The battle, which was already tough, is probably going to get tougher.

Gen. James A. Van Fleets Autumn offensive by five Allied divisions was held to limited gains in the West.

The U. S. 1st Cavalry Division gained a little more than one mile against moderate to heavy Chinese resistance North and Northwest of Yonchon, seven miles North of parallel 38. An Eighth Army communique Tuesday night said the advancing infantrymen were "heavily engaged" at mid-day.

AP correspondent Stan Carter said that fresh Chinese Communists fought American troops hand-to-hand on "Kim Il Sung" ridge Northwest of Yanggu on the Eastern front. It was the first time since May that Chinese Reds have been in action in this sector.

PROTEST EXHIBITS IN MURDER TRIAL

EDMONTON, Oct. 9 (CP)—The introduction of "extremely gruesome" exhibits was protested by Defence Counsel at the opening today of the murder trial of Private Frederick J. Sabattis.

Sabattis, 18-year-old soldier from Kingsclear, N. B., is charged in the June 30 service-rifle slaying at Wainwright Military Camp of a fellow New Brunswicker, Private H. B. MacEachran of Woodstock.

DOG'S BARK FATAL

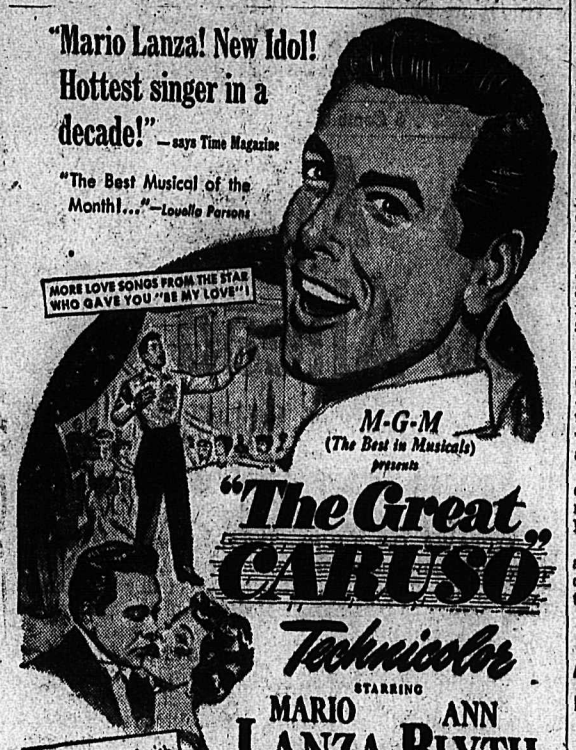
CORK, Ireland, Oct. 9 (Reuters)—The bark of a dog killed Louis Jackson, 59. He was outside his home when a neighbor's dog barked at him. He collapsed. The inquest finding today was: "Death due to emotional excitement."

GLASGOW, Oct. 9 (Reuters)—Britain's greatest shipbuilding area on the River Clyde was hit hard by strikes today. About 250 craftsmen at Glasgow and Greenock, two of the main centres, have stopped work because of an alleged delay in meeting a claim for a wage in-

At Dorval airport, Montreal, Princess Elizabeth and the Duke of Edinburgh are greeted by R.C.M.P. shortly after they arriyed. The royal couple will visit Ottawa today.

"Mario Lanza! New Idol! Hottest singer in a decade!" —says Time Magazine

"The Best Musical of the Month!..." —Louella Parsons



The big musical with 27 exciting songs tells the story of the famed Caruso, who sang his way from a lowly tavern to the top of the world!

Leafs in Trail Tonight for Exhibition Tune-Up With Smokies

With just two light workouts under their belts, Nelson Maple Leafs make their season debut tonight in an exhibition game against Trail Smoke Eaters at the Cominco Arena.

The late-starting Leafs don't figure to set the world on fire for the first outing, especially against the better-conditioned Smokies who already have given notice of things to come by holding Tacoma Rockets of the Pacific Coast League to a 4-4 tie in an exhibition game last week.

Although Wares has lost two players he was figuring heavily on for this season in Tommy Fowler and Dick Kotanen, neither he nor club officials are downcast about Nelson chances.

Centreman Fowler decided to sign with Saskatoon Quakers while the Smoke Eaters apparently have lured Kotanen, a defenceman, into their camp along with a flock of other Quaker discards. These include Mike Shabaga, Bob Wiest, Ray Hamilton, Jack Shave, Bill Ramsden and Don Crough.

Whether or not all these players will be in the line-up tonight is doubtful but the Smokies will still be formidable with such holdovers as goalie Johnny Sotiak, Ab Cronie, Terry Cavanaugh, Frank Turik, Joe Palyga, Louis Secco, Kenny Cook and Dave Nicol.

WILL HAVE 15

Wares plans to dress 15 players for the tune-up affair including Boomer Rodzinyak in goal, George Barefoot, George Crothers and newcomers Bob Gilhooly and Ernie Grans on the blueline along with the coach.

One forward unit will see Jack Kilpatrick centre Johnny Marms and Bill Haldane while the Red Koehle-Fritz Koehle-Neil McClenaghan line will be intact from last year. Mickey Maglio, Pete Drobney and Ernie Gare, erstwhile defenceman, are the other forwards to see action.

Wares is expecting several new recruits from the Prairies to arrive within a day or two but is keeping mum until they're "in the bag." Holdover Johnny Fargher will miss tonight's exhibition as his job has taken him to Grand Forks for possibly a week.

Mental Health Director Lauds Mount St. Francis

Nelson district can be "justly proud" of Mount St. Francis infirmary, in the opinion of Dr. A. M. Gee, director of mental health services for British Columbia.

Dr. Gee visited the infirmary with City officials in the course of a tour of the province.

"Mount St. Francis is a great asset to your community and district," he said. "I only wish we had such an infirmary in all centres of the province."

He felt the institution was a credit to the people of Kootenay-Boundary in contributing toward its success.

Shows Up After Own Funeral

SOUTH SHIELDS, Durham, England, Oct. 9 (Reuters)—Astonished relatives today met a man whose funeral they attended here nearly three months ago. Septimus Parker, 51, heard in another part of Britain that his body had been found in the River Tyne and officially identified by police. Police are trying again to identify the buried man.

OTTAWA, Oct. 9 (CP) — George Drew, Progressive Conservative leader, said tonight there are vast opportunities in every province still "calling for development through effective cooperation of all Canadians."

"Never was the future more challenging for any people," he said over a national network in the CBC series "The Nation's Business." He spoke on Thanksgiving and on the visit of Princess Elizabeth and the Duke of Edinburgh.

Three Fined for Speeding; Court To Clamp Down

Three men, charged with speeding, pleaded guilty in Provincial Court Tuesday before Stipendiary Magistrate William Evans.

Chesley E. Young of Trail was apprehended by police at Thrums September 26 exceeding the 50 m.p.h. speed limit. He was fined $10 and costs.

James M. Hood and George C. McMullens driving at a speed exceeding the 30 m.p.h. limit, were apprehended at South Slocan on the Southern Transprovincial Highway. They were each fined $20 and costs.

"Penalties are going to be increased if motorists continue to disregard the 30 m.p.h. zones in the District," Magistrate Evans stated.

He added that the Court would also deal strictly with drunken drivers "in that they are a menace to the careful motorist."

Anderson Denies "Arbitrary Stand"

Dr. L. S. Anderson of Trail, director of the West Kootenay health unit, denied in Nelson Tuesday that he had taken an "arbitrary stand" in the Trail raw milk situation.

Fruitvale Women's Institute charged Dr. Anderson with taking the stand in informing Trail Council that raw milk sold by Warfield Duncan dairy was dangerously contaminated, and that it would have to pasteurize.

On recommendation of Dr. Anderson, Trail Council has revoked the dairy's licence to sell raw milk.

"I haven't the slightest intention of forcing the dairy out of business," Dr. Anderson said.

He pointed out his duties obligated him to recommend that the dairy pasturize. Had an epidemic broken out as a result of sale of the milk, he would have been found negligent.

The only other dairy in Trail district which sells raw milk is one operated by Walter Duncan of Fruitvale. It too, Dr. Anderson said, if samples showed increased contamination would also be asked to pasteurize.

Kinsmen Plan Two Busy Weeks

Kinsmen are going to have a busy two weeks from October 25 to November 15. During that time, they will undertake a peanut tag, and the annual four-day Kin Auction and a Hallowe'en shell-out party for Nelson children. Plans were discussed at a Kinsmen's dinner meeting at Armson's Tuesday evening.

Carman Hancock, chairman of the Kin-Auction to be held October 25 and November 1, 8 and 15, named the members for the auction committees.

Robert Kidd, chairman of the fact-finding committee, reported that his committee had checked the possibility of a second annual Kin Stampede and found it to be most recommendable. With next year's stampede costs somewhat reduced, the show should prove a "howling success." This was put to a motion and was carried. Dates for the 1952 stampede are June 30 and July 1.

Former Sheriff Progressing

M. E. Harper of Nelson, former sheriff, who is in hospital in Portland, is progressing favorably, according to word received by his family. He is expected back in about a week.

Mr. Harper was holidaying near Portland when he became ill last week.

The Weather

Synopsis—Many Interior temperatures were in the seventies as were most points on the Prairies. Rain will begin on the North coast tonight and spread into parts of the Northern Interior tomorrow. Little change is expected in Southern parts where temperatures in the seventies are again forecast for tomorrow.

News of 111th Battery

Duty for week ending Oct. 17:

Orderly officer—Lieut. P. Busfield; orderly sergeant—L-Bdr. K. A. White; Canteen orderly — Gnr. P. Stevens; Training parade at 1930 hours Oct. 10.

Kit inspection at 2100 hours, all kit in use be produced.

Major and Mrs. E. W. White spent the long weekend in Vancouver and returned to Nelson Tuesday evening.

On Saturday Staff Sergeant D. A. Iceton and family left Nelson for Victoria where S-Sgt. Iceton will be taking a six-month course.

A farewell party was given for the Iceton's on the Friday evening prior to their departure when members of the battery and many friends dropped in to wish them luck in the new posting. Sgt.-Major S. C. Cameron presented S-Sgt. Iceton with a handsome token of appreciation from all members of the battery. Mrs. Iceton received a framed picture of the city.

Congratulations go out to Gunners J. S. Horswill, L. E. McDonough, T. L. White and P. Stevens who have qualified gunners trained

P.-T.A. Forwards Convention Plans

Further plans for the Parent-Teacher convention to be held in Nelson Oct. 20 were formulated at Nelson P.-T.A. meeting Tuesday night when Mrs. H. Gumbert was named conference hostess. Mayor N. C. Stibbs accepted an invitation to extend a welcome to the visitors.

A special luncheon will be held on the conference day with Bishop F. P. Clark speaking on the "Moral and Spiritual Aspects of Citizenship."

A special feature of the conference will be a flag ceremony during which the meaning of a United Nations flag made by Kimberley women of different nationalities will be explained by Rev. Canon W. J. Silverwood and Rev. Allan Dixon.

Mrs. J. Carney led discussion on a plan to bring in members of different nationalities and newcomers to Nelson.

A leadership course on P.-T.A. work to be offered to three executive members each year in order to build up an informed membership was approved.

It was also decided that the meetings be held every second Wednesday.

Mrs. A. L. Stevens introduced the new probation officer, H. W. Jackson, who was asked to speak at the next meeting.

Entertainment included a film on "Racial Problems and International Understanding", followed by a talk by Jan Harts, who compared the Holland P.-T.A. to that of Canada, stating that Holland's club included the school children and was more informal.

Civic Choir Starts Season

Nelson Civic Choir, which was organized last year, has resumed practices.

Conductor of the group of 45 singers is E. W. Iles, new music director for Nelson junior and senior high schools. He replaces Don Cowan who left Nelson this Summer for Eastern Canada.

The choir practises in Church of the Redeemer hall each Wednesday from 8:30 to 10:30 p.m.

There are one or two openings in the tenor section, Jim Stuart, secretary-treasurer, said Tuesday. Anyone who is interested is asked to contact the officials.

Business manager is Frank Pennoyer. Mrs. James Fraser is pianist and representatives for the choir's sections are Mrs. Bain Oliver for sopranos, Mrs. W. G. Johnston for contraltos, Robert Emory for tenors and A. A. Pagdin for bass section. Mrs. Pennoyer is librarian.

TO HEAR DIVORCE STORIES

LONDON, Oct. 9 (Reuters)—The Royal Commission on Divorce, set up to inquire into Britain's high divorce rates, met for the first time here Monday. Two hundred divorced wives and husbands have volunteered to tell their stories to the Commission, which will probably sit for 18 months or more.

TO COMMAND 2ND

OTTAWA, Oct. 9 (CP) — The Army today announced appointment of Lt.-Col. Edward Geoffrey Brooks, D.S.O., of Montreal, to command the 2nd Regiment of the Royal Canadian Horse Artillery, now serving with the 25th Brigade in Korea.

B.C. May Have Isotopes for '52 Treatments

H. Lupton of Nelson and A. T. Horswill of Castlegar were among the 75 directors and delegates who registered for the semi-annual provincial conference of the British Columbia Division, Canadian Cancer Society, held in Vancouver.

Attending the semi-annual meeting were Hon. A. D. Turnbull, Provincial Minister of Health and Welfare, his deputy, Dr. G. F. Amyot and Dr. G. R. F. Elliot of the Department of Health and Welfare in Vancouver.

Guest speaker Professor D. H. Copp, M.D., Ph.D., head of the Department of Physiology at the University of British Columbia, spoke on "Atomic Aids in Medicine." He said that in the past six years radioactive isotopes have become commonplace in medical practise in the United States and in a number of centres in Canada. The "tagged" radioactive atoms are most useful in research because it is possible to trace them in the body and find out exactly what happens to them.

Dr. Copp said that in over 200 medical centres in the United States and Canada, isotopes are being used in the same way as X-ray and other laboratory techniques might be used for the diagnosis and treatment of diseases.

"While not providing a unique cure, they have proven useful in certain types of blood disorder and in thyroid disease," Dr. Copp said. "Vancouver is fortunate to have the British Columbia Medical Research Institute where an isotope centre is now being developed and it is probable that isotopes will be available for the treatment of patients within a year."

Directors and delegates to the conference were conducted round this new Institute where research projects are now being undertaken. The British Columbia Division of the Society has given $75,000 for the establishment of the Research Institute and a further $25,000 for equipment for the isotope laboratory.

Finds Church Need At Tulsequah

Tulsequah, on the border of Canada and Alaska, was in the limelight at the United Women's Missionary Society annual Thank Offering Service Tuesday as Mrs. R. C. Custer told of her trip to the C. M. & S. mining town this Summer.

Mrs. Custer described her trip up the British Columbia coast with stops at Prince Rupert to see the largest fish plant in the world and Ketchikan's large totem pole collection.

While in Tulsequah she taught a number of Italian boys, who had recently come from overseas, English.

Tulsequah, she reported was allowed no beer parlors, the C. M. & S. provided recreational activities and movies twice a week.

She found evidence of need for a church.

Business, discussed at the meeting which was headed by Mrs. J. C. Chambers, included plans for an overseas clothing drive Oct. 25, for which members are making quilts.

Community Friendship Secretary Mrs. Custer reported that 64 hospital visits and 109 home visits had been made to church members and others.

In charge of devotional services was Mrs. G. B. Russell.

Following the Autumn Thanks meeting, a special meeting at which an offering is given to the Missionary Society, Miss Doris Bradshaw sang "Let Us Break Bread Together." She was accompanied by Mrs. T. J. S. Ferguson.

Former United Moderator Dies

MONTREAL, Oct. 9 (CP) — Very Rev. Dr. Thomas William Jones, minister of Calvary United Church here and former moderator of the United Church of Canada, died today after a long illness. He was 64.

Born at Launton, Oxfordshire, England, he attended public school there until he was 10 years old and then worked on a farm for six years. At 13, he was a boy preacher in non-conformist chapels in rural England.

In 1910, he came to Canada, under the auspices of the Colonial Missionary Society of the Congregational Churches of Britain, to study at the Congregational College, Montreal, then affiliated with McGill University.

As moderator of the United Church of Canada from 1946 to 1948, Dr. Jones preached in every centre in Canada and in many cities in the United States and Bermuda.

Twelve barrels of oil can be obtained from the fat around the head of one sperm whale.

NAKUSP C.C.F. RALLY . . .

Says Gov't Refusal To Restore Price Control Against Will of People

NAKUSP, B. C., Oct. 9 — "Liberal government refusal to restore economic controls is a flagrant violation of the democratic will of the Canadian people," Donald MacDonald, CCF national treasurer told a CCF rally in Nakusp Saturday night.

For years the trade union congresses have pleaded for government action on controlling prices, farm organizations have sought in vain for some check on the costs of production. Three out of every five Canadians favor restoration of price controls. Still the Liberals stubbornly refuse to do anything, Mr. MacDonald stated.

"Unfortunately, the speaker said, "the Liberals have such a majority at Ottawa that they can ignore public demands, the only group benefitting from these sky-rocketing prices are the big business interests who control the old line parties from behind the scenes because they provide their election funds."

The time has come, the speaker claimed, when we must have governments in Canada which will administer the public affairs of the nation in terms of needs of the people as a whole, rather than the special interests of small but powerful groups.

In Ontario, the speaker said, the Tory government has called an early election, trying to beat the game on growing CCF support.

"In Saskatchewan," declared Mr. MacDonald, "CCF organization has never been stronger since the heyday of 1943-44."

Winning the Gravelburg, Sask., by-election this Summer in a traditional Liberal seat has set the political pot boiling, also the Esquimalt by-election here in B. C. shows that the CCF is on the march again.

Mr. MacDonald stressed the CCF was not a depression party, he stated in the 18 years of their party there had been many ups and downs but he stated although the party was born in the depression years, ground was growing rapidly. Mr. MacDonald is on a national expansion drive for his party. Saskatchewan was, the speaker said, their "Banner Province." Other provinces were seeking the Saskatchewan plan of successful hospital insurance.

Mr. Randolph Harding, CCF member for Kaslo-Slocan, spoke briefly

Mr. Bill Moseley was chairman and introduced the speakers. The meeting was well attended with members from down-lake points and from Silverton.

Inquest Adjourns

INVERMERE, B. C., Oct. 9 — A coroner's jury today viewed the body of Daniel Saric, in his fifties, who was killed in a Thanksgiving Day accident at Paradise Mine, 20 miles West of here.

The inquest, conducted by A. M. Chisholm, has been adjourned until officials of Sheep Creek Gold Mines and others have reached Invermere.

The fatality is thought to be the first in the history of the mine 7800 feet up in the Selkirks which has been operated intermittently since the First World War.

Saric suffered a broken pelvis and internal injuries. He is thought to have died instantly.

Formerly of Cranbrook, he had been employed at the mine for more than a year. He has a brother in Yugoslavia.

First Case Tried Under New Clause

For the first time in a Nelson court, a case was tried Tuesday under a recent amendment of the Criminal Code.

Harold D. Payne of Trail pleaded guilty in Provincial Court and was fined $100 and had his driver's licence suspended for six months by Stipendiary Magistrate William Evans.

The new amendment provides for the prosecution of drivers whose "ability to drive has been impaired by the use of alcohol or drugs." The amendment came into force July 1.

Shafts nearly 7000 feet deep have been sunk in the gold mines of South Africa.

Cordwood (cords)	208	1,242
Fence posts (cords)	2,106	1,382

Busy Season For Kaslo Legion

KASLO, B. C., Oct. 9—At a recent regular meeting of the Canadian Legion, items of interest were discussed and dealt with.

Under the chairmanship of President J. J. Clark, the program for Remembrance Day was arranged.

The annual Remembrance Day dance, in cooperation with the Legion Auxiliary, was discussed. F. V. Webber was appointed general convener for the Legion anniversary entertainment. Also, preliminary plans were made for the Legion Christmas tree, the date to be set at a later meeting.

Greer Joins Fire Brigade, N. Denver

NEW DENVER, B. C., Oct. 9—The New Denver Volunteer Fire Brigade met in the Fire Hall with Fire Chief William E. Rowe in the chair and 16 firemen present.

Routine business was transacted. After the Chief explained why the date of the dance was changed his action was endorsed by the Brigade.

James A. Greer, the first citizen to respond to the Village Commissioner's appeal for more firemen, was welcomed by the Chief and members.

FROM VIENNA TO KOOTENAY . . .

100,000 Miles of Travel, But Kaslo Beauty Reminds Most of Home

KASLO, B. C., Oct. 9—Many miles separate Vienna and Kaslo, but this city's setting of mountain grandeur has drawn two new citizens who once called famed ski resorts of Austria their home.

"We came here because we love the mountains," said Mr. and Mrs. G. L. Laughton, new co-owners of the King George Hotel with Mr. and Mrs. T. E. Robinson, formerly of Haney, B. C.

Mr. and Mrs. Laughton have visited 32 countries, including some in Russian zones; their British passports cancelled because of such extensive use. Seeking a home on the North American continent, they came to Victoria last April and later began a Province-wide search for a hotel.

"When we saw the view from the verandah of the King George, we knew our search was over," said the Laughtons.

For four years Mr. Laughton had been a civilian purchasing agent in the engineering department of the United States Army, his travels on the job taking him through Holland, Belgium, France, Italy, Russian-occupied Austria, Luxembourg and Denmark. In doing so, he rolled up 100,000 miles on the speedometer of his car.

Mr. Laughton brought the travel-stained car here. Purchased in Germany, it was assembled in Holland from American-made parts. Its red and white international licence plate, good in all countries except Russian-controlled states, caused a three-day mystery in Victoria last April, according to the Victoria Colonist. Issued in Paris, it cost 10,000 francs, and with it went a "carnet de passage"—a booklet containing forms which were torn out in the different countries through which the car passed.

COLOR PHOTOGRAPHER

His headquarters were in Stuttgart, Germany, where Mrs. Laughton was also employed in the army's personnel department. Mr. Laughton was born in Viennt, but is now a naturalized British citizen.

Mr. Laughton is an ardent amateur photographer, and brought to Kaslo his own color process plant, which has been used so far only in Germany. Black and white as well as color photographs can be made from the negatives, the pictures accompanying this article being an example. Among his collection of prints is one which won second prize at a Stuttgart exhibition in which 2000 prints were shown. In black and white, it was an interesting treatment of a church in a little Austrian village.

Mr. Laughton predicted that the new color process would replace black and white photography in from eight to 10 years. He is also an amateur movie photographer, and has his own sound projector.

Mr. and Mrs. Laughton are serious exponents of the need for Canadians to interest themselves in civilian defence plans. Both saw wartime England in its determined civilian defence and know the importance of a well-trained public in emergency.

Postwar recovery of Allied-occupied Germany was phenomenal, Mr. Laughton said, and he prophesied that in five years it would be as industrially strong as ever. Its remarkable recovery through German engineering and manufacturing ingenuity was symbolized by the rebuilding of bomb-shattered Stuttgart in four short years and the setting up of efficient mass-production lines in many industries.

The German picture was clouded, however, by hard times for the ordinary wage-earner, with every commodity available in the stores—but priced beyond the means of the average purse.

MR. AND MRS. G. L. LAUGHTON

MASSES STARVE

In Russian-occupied Germany the conditions could only be described as horrible, the Laughtons reported. They said old accounts of well-fed Communist Party members and starving masses were only too true.

Factual, also, they said, were accounts of divided families where one of the family was a Party member and the rest were not. Fear of denouncement to the Party sealed the lips of fathers before their own sons, they said.

The Laughtons also felt deeply about the contrast between Germany's "luxury"-loaded stores and Britain's austerity larder. They felt "help the Germans get on their feet" politics should be kept in proportion.

"It's a paradox when Britain, victorious over the Nazis, is on a lean diet at the same time the Germans—if they have money—can buy anything under the sun," they summed up.

Air Force Veteran and Wife Come To Kaslo as New Hotel Owners

MR. AND MRS. T. E. ROBINSON
—Daily News photo

Newcomers to Kaslo are Mr. and Mrs. T. E. Robinson, new owners with Mr. and Mrs. G. L. Laughton of the pioneer King George Hotel. They came to Kaslo from Haney, B. C., where they operated a store and post office for 18 months, and came to this Province from Prince Albert, Sask., Mr. Robinson's home. Mrs. Robinson's home was formerly in Edmonton.

The two couples took over the King George in mid-September from W. R. Drummond and R. R. Logan, and began at once a renovation program in the hotel.

Mr. Robinson served in the R.C.A.F. for five years as a flying instructor. His brother Wilfred is a former resident of Nelson, who now is engineer in charge of maintenance for B. C. Airlines at Campbell River, B. C.

KIMBERLEY CITY COUNCIL DEALS WITH FULL AGENDA

KIMBERLEY, Oct. 9—City Council met in lengthy session to deal with heavy volume of business.

J. Kerrigan of Cranbrook attended to ask the Council to reconsider their motion condemning his garage at Howard and Wallinger. He suggested possible repairs and was told to present these in writing with sketch of proposed alterations before Council can act.

The Court of Revision will meet on Nov. 15, the whole Council appointed to attend.

Finance warrant number 9 for $30,555.75 was approved for payment. On the recommendation of the Finance Committee insurance on all city machinery will be reduced to $25,200. This was still invoiced at top value with no allowance for depreciation. Saving in premiums will be approximately $300. Alderman Lloyd felt that too much money was being spent on hiring trucks to do city work, and the Works Committee will review expenses and see if the engineer's recommendation that the city purchase another truck is the best solution, if so, will budget for one next year.

A motion was passed that the city digger do no work outside city limits unless sanctioned by engineer and Works Committee. Repairs to digger this year total $3604.59. In giving the works report Alderman Brennan stated that work was being retarded by a severe labor shortage Retaining walls in front of residences near Rotary Park have been completed. The bus route in Lois Creek has been cleared of rocks and 14,000 tons of gravel spread. Work on new sidewalk from track to Spokane Street on Wallinger is being carried out during evenings and holidays. The sewer on Beale and Leadenhall Streets has been completed and all residences can now connect. Fifty-four services have been hooked up on Beale, Leadenhall, Kennings and Wallinger.

All electrical service lines have been installed to serve customers on Meadowbrook extension. So far only one is making use of the power. A start has been made on a new pole line to Morrison subdivision. This is necessary because the new road to the townsite left the original lead with insecure footing. The electrical engineer was authorized to purchase three additional mercury lamps to be installed between Post Office and new Legion Building. In reply to a request the city agreed to put Chapman Camp curling rinks power on domestic rate.

The fire report listed small fire at a Summer subdivision residence, with little damage done. Householders on upper Townsite-Lois, Happy Valley and area to which water is being pumped will be asked to restrict their use of water as much as possible. The Water Committee was authorized to purchase and lay 700 feet of two inch water pipes from Fabro's lumber yard to end of alley in rear of Ross Street sewer line is now being laid there and both pipes can go in same ditch.

At a recent Parks Board meeting a Community Chest representative stated that the Chest will recommend that any organization, that is a Chest member must pay rental for Arena, McDougall Hall in advance. The Ski Club, which has obtained title to the surface area on North Star Hill from Cominco, made application for $8000 from the Cominco Recreational Fund. The city endorsed the Parks Board statement that no payment be made until title to ground is vested in city.

A taxidermy licence application was refused following report from sanitary inspector. An application from a Calgary vending machine firm was also rejected.

A letter was read from a resident near Storms Garage stating that a retaining wall at the rear of his property required rebuilding, the city will investigate. A report was received from the sanitary inspector regarding A. J. C. Adam's property rented by Mrs. Van Steinberg. Unless repairs are affected, this will probably be condemned.

Mr. Tannebein will be informed city cannot sell but might lease lane requested for garage. Lands Committee to handle matter. Whistlecroft, manager of Pioneer Block, will be notified city accepts no responsibility for cost of clearing silt plugged pipes. Alderman Lloyd was appointed Acting Mayor in absence of Mayor Swan. Mr. Swan and Mr. Beduz leave this week to attend the meeting of B. C. municipalities at Harrison.

$50,000 Grants To Libraries; Assessment Likely

Establishment of a minimum per capita tax rate of 50 cents as a condition for government grants in the three regional library areas of the province was considered by the Public Library Commission of British Columbia at its September meeting in Vancouver.

In reviewing the cash assessments contributed by municipalities in the regional areas—the Fraser Valley, Okanagan and Vancouver Island—members of the Commission noted the varying contributions by the municipalities involved ranged from 40 cents in the Fraser Valley to 65 cents on Vancouver Island.

The commissioners felt that municipalities should be prepared to pay a minimum of 50 cents per capita toward library service in order to qualify for scheduled grants made by the Commission. This year the Commission has distributed $50,000 among municipal and regional libraries.

While no policy decision was adopted by the Commission it was intimated that one of the qualifications for receipt of the grants in 1952 might be a 50-cent assessment.

Commissioners noted that increases in library assessments had not kept pace with the devaluation of the dollar during the post war inflationary period and that the standard of library service had suffered as a result.

Australia's population of 7,579,000 figures out to about two persons per square mile of the Australian Commonwealth.

Young Trail Camera Fan Off To Coast

MERVYN ROWLANDS

TRAIL, B.C., Oct. 9 — A gift of a developing set and use of the family camera, and one is set for amateur photography.

That's the way James Mervyn Rowlands, born and brought up in Trail, started his favorite hobby when going on 17 years.

He is off to Vancouver now to study accounting after attending senior matriculation classes here. And his camera is going with him.

During the flood of 1948 Mervyn took a number of pictures, and the results encouraged him to invest in a fairly good camera. The next year he joined the high school photography club and became president in the Spring of 1950.

About this time he had his first picture published in the Nelson Daily News and later won second prize in a photo contest sponsored by the paper.

He has also won two first prizes and one second in Vancouver hobby shows, and in the last year and a half has had 79 pictures published, some by The Canadian Press, others by Coast and local papers and one in a magazine.

Not only is he a camera fan. He participates in roller skating, ice skating, swimming and volley ball and plays the tuba. He has been with the school band and orchestra for seven years under R. R. Potter, touring through many parts of this province, and for three and a half years has played with the Canadian Legion brass band.

Scout Leaders Needed for Castlegar-Kinnaird District

CASTLEGAR, B. C., Oct. 9 — The group committee for the Castlegar Scouts met at the home of A. Hendy under the chairmanship of F. Richardson, president. Three members of the Kinnaird committee were present to discuss mutual scouting problems especially ni regard to the lack of leaders.

Scoutmaster Alfred Read reported that the Scouts were meeting again after the Summer recess and that a patrol competition was being held for the best patrol, the reward being theatre passes. The telephone books had been distributed and a bottle drive was planned for October 13. In these ways the Scouts and Cubs helped finance their organization by supplementing help the KRC gives.

Mr. Read reported that a good camp was held at Kootenay Bay in July with a deficit of 7 cents. The Transportation Society transported the Scouts and their equipment 200 miles free of charge.

The Cubmaster, Lloyd Groutage, gave a splendid report of progress. Castlegar was represented by the largest contingent of any Pack at the Cub camp in July at Fruitvale, 18 attending. Several boys learned to swim and badges were passed in swimming, artists, collectors, observer, first aider, toy maker, tests, athlete and team players. A feature of the camp was pirates by day and treasure hunt. An Indian night was held by the whole pack and was a success.

Many new Cubs have joined and a special meeting will be held for the new boys earlier on Wednesday evenings until a leader can be found for a new pack. Rev. L. C. Johnson offered the use of the United Church for a new pack. There is also talk of another pack at Robson where nearly 20 boys are waiting for a Cub master.

Assistant Commissioner B. A. Resker presented L. Groutage with the certificate for the correspondence course held in the Okanagan this Summer and will soon get his Gilwell badge of an efficient leader. Mr. Read took the practical course last year. A.D.C. B. A. Resker was in charge of the B. C. Scoutmasters' Gilwell Camp this Summer at Manning Park when Scoutmasters attended from all over the province and from Alberta. Major Moll of Kinnaird holds the Akala Badge.

Cub and Scoutmasters are wanted at China Creek as well as at Kinnaird, Castlegar and Robson.

C.C.F. Organizer Slashes B.C. Government at Kaslo Gathering

KASLO, B. C., Oct. 9—A public meeting was held in the I.O.O.F. Hall, when Randolph Harding, M.P. for Kaslo-Slocan Riding, and Don MacDonald, C.C.F. organizer and national treasurer, were guest speakers.

The chairman, H. Carlson, opened the meeting with a short address, and introduced Mr. Harding. Mr. Harding spoke on the legislation passed at the last session in Victoria, and deplored the growing tendency of the Government by Order-in-Council, and charged that the Coalition group flouted the wishes of the people of B. C. by pushing through the premium increases and co-insurance under the hospital insurance plan.

Mr. Harding compared the hospital insurance plan of B. C. with a similar plan in Saskatchewan and pointed out the difference in premiums paid. In Saskatchewan a single person paid $10 a year. In B. C. a single person paid $33, and must also pay a co-insurance charge of from $2 to $3.50 per day for the first 10 days. In Saskatchewan, a married couple paid $20 per year, while in B. C. a married couple paid $42 per year, plus the co-insurance if they should be hospitalized. A family with two children or more in Saskatchewan paid only $30. In B. C. they paid $42, plus co-insurance.

In referring to the Amendment Act, Mr. Harding stated that the present scheme was a mess, and must rest squarely on the shoulders of the Coalition Government. He said that the recent Esquimalt election showed how much the present Government has slipped.

The chairman then called on Don MacDonald. Mr. MacDonald in his opening address spoke of the policies of the C.C.F. and dealt at length upon the attitude of the Dominion Government on price control, and said that current events have proven the C.C.F. policy on this important matter. Mr. MacDonald stated that the majority of Canadian people want price control and the reason why the present Government is sidestepping the issue is that their friends in the business world are opposed to it. He also pointed out that such proposals of Mr. Abbott are hopelessly inadequate.

In speaking of the Coalition Government in B. C., Mr. MacDonald said that meetings are being held for the purpose of expanding the C.C.F. with the aim of doubling the membership, and to build a budget so that the Coalition Government would be swept from power in the next election. He said that the election held recently in Esquimalt shows how the trend is running, and when the C.C.F. can win traditional Conservative Ridings, there is no reason why the C.C.F. should not be elected to power in the next B. C. elections.

VANDALS CUT GAS PUMP HOSES

Police are searching for vandals who slashed gas pump hoses at Defoe's Super Service Station, Baker Street, sometime Saturday night or early Sunday morning.

It is believed the act was committed without intention of stealing gasoline.

$25 FINE FOR DRIVING WITHOUT LICENCE.

Nick P. Kinakin of Nelson pleaded guilty to driving a vehicle without a drivers licence in City Court, Tuesday. He was fined $25 by Magistrate William Brown.

The American Society of Dental Surgeons aws established in 1840.

NELSON CLUB INCORPORATED

Incorporation of the Percolator Club in Nelson under the Societies Act was reported in the B. C. Gazette.

The object of the society is to afford members facilities for meeting and entertaining themselves and their friends, to make contributions to any member and his family in case of need and to publish and circulate papers, books or any other literary undertakings as may seem conducive to any of the above objects.

Softer, smoother, clearer skin resulted when Honore Walsh, of Montreal, tried the Noxzema Home Facial. "It's a wonderful treatment," she says, "helps keep my dry skin looking lovely all the time!"

NEW HOME FACIAL
LOOK LOVELIER IN 10 DAYS... or your money back!

4 Simple Steps developed by a specialist help bring new skin beauty

No need for a lot of elaborate preparations... no complicated rituals. With *one* cream—Noxzema—you can help your skin look softer and smoother, fresher and clearer!

The way to use it is as easy as washing your face. It's the simple Noxzema Home Facial developed by a skin specialist. In clinical tests, it helped 4 out of 5 women win softer, smoother skin!

Your Money Back! Prove it for yourself. If this Home Facial doesn't help your skin look lovelier in 10 days, return your jar to Noxzema, Toronto — money back.

See how it can help you!

Morning—1. Apply Noxzema. With a damp cloth, "creamwash" as with soap and water. No dry, drawn feeling! 2. Smooth on a light film of *greaseless* Noxzema for a powder base that helps protect skin.

Evening—3. "Creamwash." How clean your skin looks—without harsh rubbing! How fresh it feels! 4. Massage Noxzema into skin to soften, smooth. Pat a little extra over any blemishes to help heal.

SAVE ½ OFFER
For a *limited time* only, you can get a big 6-oz. jar of Noxzema for only 98¢! Get your jar *today* at any drug or cosmetic counter and save ½ *over smaller sizes.*

Enjoy a NOURISHING breakfast!

Enjoy LIVELY morning energy!

ESTABLISHED 39 YEARS

T. G. Lambert—Insurance Manager

The three most common causes of fire are . . .
MEN . . . WOMEN . . . and CHILDREN . . .

Did you know that only about 10% of the nation's fires are started by natural causes? Did you know that nearly a thousand people per month lose their lives in fires? Did you know that more than a half million dollars in destruction of property occurs in annual fires? Yes, this is the shocking prospect of loss our nation faces each year. But the most shocking aspect of all, is that most of this loss could have been prevented by YOU . . . and YOU . . . and YOU!

FIRE PREVENTION is everybody's business . . . every minute . . . every day! Check your home, your job, your car . . . keep them safe from fire hazards. Keep all inflammable waste properly stored or properly burned. Snuff out lighted matches. Watch out for faulty wiring, inflammable liquids, gas leaks, etc. Keep matches out of reach of children. BE SURE and you'll NEVER BE SORRY! And, to guard against losses from fire, carry enough insurance. But your best insurance ALWAYS and ALL WAYS . . . is FIRE PREVENTION!

Fires Cost Jobs

Yes, and they are costly for capital too, unless you are adequately protected. Adequate protection requires a competent survey and a realistic approach to not only insurable intrinsic values, but to those profits which of necessity must suffer when trade stands still. Our free advisory service may be invaluable to you. Ask for advice, it costs nothing, and it is too late after disaster occurs.

The World of WOMEN

Legion L.A.s to Hold Provincial Meet Here

Provincial convention of Ladies' Auxiliaries to the Canadian Legion will be held in Nelson in June next year.

This was announced at the monthly meeting of Ladies' Auxiliary to Nelson branch when members discussed their busy Winter schedule. Many thank-you letters were read.

Two new members, Mrs. W. Burns and Mrs. E. Brown were initiated and introduced.

DELEGATE

Mrs. James Dawson was chosen official delegate to the zone council convention at Rossland October 20 and 21, with Mrs. A. D. Oliver as alternate delegate.

Plans for a bazaar were discussed, and sewing bees were formed for uphill and downtown members.

A vote of thanks was given Mrs. Elliott for her work on the catering committee by Mrs. Dawson, who with Mrs. A. O. Allen, Mrs. C. O. Anderson, Mrs. Hughes, Mrs. S. Cameron, Mrs. Oliver, Mrs. Smith and Mrs. L. Bicknell comprise the new committee.

IODE Will Buy Award

CASTLEGAR, B. C., Oct. 9 — Executive of Lillian Killough chapter, Imperial Order Daughters of the Empire, has decided to buy a cup for presentation to the winner of the annual Castlegar dancing competition.

At a meeting at the home of Mrs. D. McGee, the executive appointed Mrs. J. Deans and Mrs. V. Goresky to make arrangements for the purchase.

Mrs. Deans, regent, read the annual report of the 51st national convention of the organization held recently in Saskatoon. The report was sent by Mrs. E. Pellent, provincial president.

It was reported that Queen Mary's carpet is now the property of the I. O. D. E. as the amount of money pledged by the organization has been raised.

Mrs. Deans urged that food parcels continue to flow to Britain as the need for them was still great with rationing and shortages.

The executive decided that novel entertainment should be introduced at monthly meetings after conclusion of business. Mrs. J. Kelly will convene arrangements.

Dance Successful

NEW DENVER, B.C., Oct. 9 — Bosun hall was packed for the annual dance of New Denver Voluntary Fire Brigade.

After supper interval, fancy caps and novelties were distributed among the crowd by brigade members.

For evening wear, Hattie Carnegie has designed a chignon cover of jewelled net or feather fronds.

A Woman in Civic Office

There was a time a few years back when two B. C. incorporated cities—Prince Rupert and Slocan City—could claim to be the only organized communities in the country with women Mayors. Now since there have been changes made in the B. C. towns, the Dominion's Capital is making that same claim. Dr. Charlotte Witton, an energetic bundle of intelligence and realism, has become Mayor of Ottawa.

Dr. Witton at one time—and not so very long ago at that—was one of those countless active women, concerned with the problems of her own community, who frequently advocated feminine participation in civic administration, but did nothing further about it. However, there came a day when she was challenged on the stand, and took up the challenge. The result was she ran for office and topped the polls; and now, within less than a year, she has taken over the reins as Mayor, and will hold office for the next 15 months because of the death of Mayor Goodwin.

Dr. Whitton's example may be significant in that it will encourage many another capable woman, proven in the many fields of community endeavor in which women have become accustomed to participate, to take the plunge into the fullest field of civic service. If it does, we can hope that they bring with them that touch of practicality, realism, honesty of purpose and intelligence that has characterized Ottawa's new Mayor in her first year in public office.

All Preventable

Fire in British Columbia last year took a toll of 60 lives and more than $7 million property damage. In the decade 1941-50 the loss totalled 392 lives and $50,523,000 damage.

The pity is that the 6775 fires last year and the 50,362 fires in the past decade were all preventable. Nearly all fires are due to carelessness, at home or at work.

That is why emphasis is being placed on carefulness in the home and use of common sense in regard to fire prevention in factory, store and business places this week—Fire Prevention Week.

Press Comment

Too many white chiefs are being made by some of the Indian tribes in Canada, thinks the Fort William Times-Journal. "Kentucky colonels have become so numerous, the title ceases to be impressive. That should not happen to honorary Indian chieftainships in Canada."

A LONG TIME TO HOARD MONEY

The prediction is made that it will not be long before the chartered banks of Canada observe the five-day week, closing entirely on Saturdays. There may be nothing in such a report, but Friday to Monday would be a long time for merchants to hoard their receipts (unless provision for night deposits were made, as it is done in many American cities.

—St. Catharines Standard.

LETTERS TO THE EDITOR

Letters may be published over a nom de plume, but the actual name of the writer must be given to the Editor as evidence of good faith. Anonymous letters go in the waste paper basket.

More Problems For Growers

To the Editor:

Sir—The response to the call for help to pick apples shows that the good spirit is still alive. A little help is better than a lot of pity. I wonder if some found that climbing the apple trees with sacks on their backs was not all it's cracked up to be; lifting 40 pounds of fruit can make the back ache.

There is another crisis to be met, and let's hope that the city people will be with us in it. That box you have been filling used to cost 25 cents; now it's 45 cents. The nails that hold it together used to be five cents a pound. The paper these apples will be dressed up in is double in price. The transportation charges are up. The girls that so skillfully pack the apples have to have better pay.

However, the price charged for apples per box is static. Kind of got bypassed in the rush. The crisis yet to be met is the cost of production and distribution. So, townspeople, please keep up your interest in these apples you helped to harvest.

Now, friends, there is an apple known as the Aristocrat. The aristocracy of England used to take them all, so Canadians seldom heard of them. Now don't get a box, put them in the cellar and expect to keep them, because you won't, once the kiddies find them. They are ideal for children's stockings and at Christmas they are at the height of perfection.

Well, here is thanking you town folks for your interest in picking, and hope you watch what the grower gets when all the trimmings are paid for. We won't be going to California for the Winter, because we won't get paid until it's spraying time next year, so we will have to get the spray "on tick". If the apple a day keeps the doctor away, how many to keep the hospital away?

C. H. BEBBINGTON.

Boswell, B. C.

Enemies of Thinking

The first enemy of constructive thinking is purposeless reverie, or day-dreaming. This is a kind of intellectual vagrancy indulged in by surface thinkers, who are the only unprogressive people in the world.

Next is prejudice, which closes the door to truth and knowledge. One mark of an educated man is the degree of his open-mindedness. A common sort of prejudiced thinking is to hold an opinion more strongly than the evidence warrants. Some prejudices are caused by emotional bias, under the influence of which we select incidents favorable to them, fail to notice anything that tells against them, and then proceed to use our favorable cases as "proof".

Sometimes we jump to conclusions. We have a likeable idea in our minds, and we assume that it is true, then proceed to use it as a foundation upon which to base our reasoning toward that very conclusion.

Then there are faults due to a mistake in reasoning. One common mistake is to argue from an unqualified statement to a statement about a special case: "democratic institutions are the best, therefore they must work well in Ondia." Or, on the contrary, we may argue from a specially qualified case to a conclusion that ignores the qualification.

We shall find, as we progress in thinking straight, the importance of words. They are the very instrument of thinking; without them we should be as ignorant as the beasts of the field. Words provide us with nets in which we catch thoughts and ideas; they are the material in which we encase our thinking to build ideals.

We should try to understand clearly the words we use in our own thinking, and to convey to our hearers what precisely it is that we are using these words to say.—Royal Bank Newsletter.

It's Been Said

The first indication of domestic happiness is the love of one's home.—Francis D. Montlosier.

Your Horoscope

Be truthful and fair when you present your problems to old friends and they probably will be able to do you good. An auspicious year is indicated for you. Many fine traits and a kind, affectionate nature are indicated for the child born today.

They are slaves who fear to speak for the fallen and the weak.—Lowell.

?Questions? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions WILL NOT BE ANSWERED BY MAIL except where there is obvious necessity for privacy.

J. H., Nelson—I have an American coin dated 1798. How can I find out if it is valuable?

Send a rubbing and full description to Max Mehl, Fort Worth, Texas.

Stage-Struck, Trail—Is there a theatrical costumier in Vancouver who rents out dresses and suits?

Write to Watts and Co., Ltd., 831 Howe Street, Vaancouver.

Doubtful, Kimberley—I have been told that one could be arrested for taking an unopened bottle of whisky into a cafe, even if one has no intention of opening it. Is there any truth in this, or is it a scaremonger's yarn?

Hard liquor, sealed or otherwise, cannot be legally taken into a restaurant.

Expectant, Kaslo—Is there anyone in the district who makes knitted baby-clothes?

Write to Mrs. R. Haycroft, R.R. No. 1, Nelson.

Mrs. L. J., Cranbrook—Some months ago you printed a recipe for Old Country Yorkshire pudding. Would you please repeat it?

One pint of milk (or powdered skim), two eggs, four heaped tablespoons flour, salt, dripping. Put flour and good pinch of salt into basin, make well in centre and break in eggs, stir gradually, mixing flour from sides and adding milk by degrees until thick, smooth batter is formed. Now beat well for about 10 minutes, add remainder of milk, cover, and leave to stand for at least one hour. When ready to use, cover bottom of baking dish with thin layer of dripping taken from meat-tin and while this is melting give batter another good beating, then pour on top of dripping and bake in hot oven. This in Yorkshire is known as "batter pudding". The same recipe was called Yorkshire pudding when cooked in front of the fire in an old-fashioned Dutch oven with only three sides.

Looking Backward

10 YEARS AGO

From The Daily News of Oct. 10, 1941

Frank Putnam of Erickson, Liberal candidate for Nelson-Creston, and Mrs. Putnam were guests of honor at a reception tendered by the Nelson Liberals.

Dr. Harold R. Francis of New Denver was elected President of the West Kootenay Medical Association at the annual meeting in Trail.

25 YEARS AGO

From The Daily News of Oct. 10, 1926

Miss Mayme McPhail, who is teaching in Rossland, spent the weekend with her parents, Mr. and Mrs. John McPhail.

Church of the Redeemer last night celebrated Harvest Thanksgiving with a musical cantata, "A Joyous Thanksgiving", by Cabel Simper, opening with a duet by Mrs. J. T. Andrews and Miss Mary Morgan.

40 YEARS AGO

From The Daily News of Oct. 10, 1911

A post office was opened at Syringa Creek Oct. 1, with R. R. Evans as new Postmaster.

The Royal Welsh Choir will sing in Nelson next Friday.

Fred F. Moffatt will be Crown Prosecutor at the Assizes next week.

State Spending

Your taxes higher this year? Yes, that's true of State tax collections in every State except one in the United States, according to a compilation by the Commerce Clearing House in Chicago. The exception is Nebraska.

The lowest per capita average of collections was in New Jersey, $34.74, while the highest per capita levies were Louisiana, $97.66; Washington, $95.03, and California, $90.50, with California collecting a larger sum in all than New York or Pennsylvania.

The total of the collections for the 48 States, according to the computation, was $8.9 billion for the fiscal year, 1950-51. If the total of county, city and other municipal taxes trailed close behind, as has usually been the case, the aggregate of State and local levies will amount to about one-third as much as the net revenues of the Federal Government for the same period.—Christian Science Monitor.

Today's Bible Thought

Nature is full of comparable miracles. The Bible teaches that nothing is impossible. Attempt it and overcome. Faith and courage master all challenges.—The conies are but a feeble folk, but they make their houses in the rock.—Prov. 30:26.

I hate to have Pa act neutral when I feel bad. If he can't act sorry, I wish he'd be hateful enough to give me an excuse to relieve my feelin's.

READ THE CLASSIFIED DAILY

Canada Prepares Exhibit for CPE

By FORBES RHUDE
Canadian Press Business Editor

Canada, early next year, will try to make herself better known to the people of Southeast Asia.

She will do this by sending an exhibit to the Colombo Plan Exhibition, to be held at Colombo, Ceylon, in February.

The Fair's name, of course, is taken from the program drawn up at Colombo by which the peoples of Southeast Asia, with assistance from Commonwealth and possibly other countries, hope to better their way of life.

The Canadian exhibit, as explained in "Foreign Trade," published by the Department of Trade and Commerce, "is designed to indicate what this country can offer, through provision of technical training and capital equipment, towards raising the standards of living in an area comprising one-quarter of the world's population."

"Foreign Trade" says:

"The graphic display in the Canadian building will illustrate various phases of agriculture in this country, including the manufacture and utilization of farming equipment, the operation of experimental farms, the control of soil erosion and irrigation projects . . .

"General engineering projects, road construction, health and welfare services will be illustrated, and a mural will portray Canada's technical progress. Some examples of typical Canadian products will also be shown."

The exhibition, the first in South and Southeast Asia at which Canada has been officially represented, will be held in Victoria Park, Colombo, covering about 40 acres in the heart of the city.

Canada is one of 15 countries invited to take part.

Israelites Mark Yom Kippur

JERUSALEM, Oct. 9 (AP)—Israel—from the mountains of Galilee to the Red Sea, and from the Jordan River to the Mediterranean coast—is a silent country.

The silence came in observance of Yom Kippur, the day of atonement and most sacred festival in the Jewish calendar.

It marks the culmination of 10 days of penitence which began Rosh Hashanah, the Jewish New Year.

Secular life was stilled completely from sundown Monday until sundown tonight. Fasting was widespread.

Hundreds of thousands spent the 24-hour period in synagogues or improvised religious centres. They recited ancient prayers, eulogized the dead and intoned the psalms until a long blast from the ram's horn—the shofar — announced the end of the service.

Israel's 77-year-old president, Chaim Weizmann, went to one of Jerusalem's synagogues for his devotions. A special ceremony was held on Mount Zion, in front of King David's tomb.

Princess' French Impresses Quebec

QUEBEC, Oct. 9 (CP) — French spoken by Princess Elizabeth and the Duke of Edinburgh made a big hit in Quebec today.

It was the talk of a reception for members of the Regiment de la Chaudiere, on which the Princess is colonel-in-chief, and their relatives.

Archbishop Maurice Roy told a newspaper man that Princess Elizabeth spoke "beautiful French" when he conversed with her during her visit to Laval University.

People attending the reception at the citadel held by the Chaudiere Regiment wer plasantly surprised to hear the Duke chatting in excellent French with veterans in the unit.

QUIET LUNCHEON

QUEBEC, Oct. 9 (CP)—Princess Elizabeth and the Duke of Edinburgh took two hours off from a busy Quebec-visit schedule today to have lunch quietly at Bois de Coulonge.

The luncheon at the residence of Quebec's lieutenant-governor, Hon. Gaspard Fauteux, was private and was one of the few events of the royal day in Quebec City out of sight of newspaper men and photographers.

The royal couple drove to Bois de Coulonge at the Western outskirts of Quebec at 1 p.m., EST, from the citadel, where the Princess inspected a guard of Le Regiment de la Chaudiere, of which she is colonel-in-chief.

Their next official function was a review of the 27th Brigade at 3 p.m.

U. B. C. Represented At Medical Meeting

KINGSTON, Ont., Oct. 9 (CP) — Student representatives of Canadian medical schools arrived here today for the 15th annual conference of the Canadian Association of Medical Students and Internes, which opens tomorrow.

Schools to be represented are the University of British Columbia, the University of Alberta, the University of Manitoba, the University of Western Ontario, the University of Toronto, Queen's University, the University of Ottawa, McGill University, the University of Montreal, Laval University and Dalhousie University.

Newfoundland, 1640 miles from the Irish coast, was known to British fishermen long before Virginia was colonized.

Mrs. Oatis Thanks U. S. State Dept.

NEW YORK, Oct. 9 (AP)—Mrs. William Oatis Monday praised the United States State Department for its efforts to free her husband, an Associated Press reporter, from a Czechoslovak prison.

"The reaction of the American Press and the American public has been extremely heartening," she said. "And the State Department has been working day and night on this case."

Patricias Land On Korean Soil

WITH CANADIAN FORCES, Korea, Oct. 9 (AP) — Two companies of the first battalion of Princess Patricia's Canadian Light Infantry have arrived to replace men of the second battalion, it was announced today. Most of the arrivals are paratroopers.

The replaced men will return soon to Canada on rotation.

The first battalion commander, Lt.-Col. Norman G. Wilson-Smith arrived by plane. His men came by ship.

The replacements were greeted by Brig. John M. Rockingham, commander of the Canadian 25th Brigade of the Commonwealth Division.

"This is no bed of roses," he said, "and all I can promise you is fighting and more fighting."

They will undergo a training course before being sent into the line.

Motor Vehicle Officials Meet

BOSTON, Oct. 9 (AP)—Top motor vehicle officials from all parts of Canada and the U. S. gathered today for the annual conference of the American Association of Moter Vehicle Administrators. H. Elmer Marsh, Vermont motor vehicle commissioner, and president of the association, reported that 44 states and seven Canadian provinces now have laws providing adequate restitution to persons injured in traffic accidents.

Buy, Sell, Trade the Classified Way

WOODNESBOROUGH, England (CP) — This village in Kent has a youth club which cost only £25. Designed to accommodate 80 persons, it was built by teen-agers using salvaged material from an old wartime nissen hut.

Farm lands make up 85 per cent of the area of Prince Edward Island.

Auld Lang Syne Winds Up Nelson Golf Season

Nelson Golf and Country Club's season is over.

Members wound up activities Monday with the traditional Auld Lang Syne Competition, a mixed two-ball foursome won by Bill Vance and Mrs. Eddie McGregor, and after a pot luck supper the year's prizes were presented.

Jack Young, team captain, assisted by Bruce Latremouille, vice-captain, presented cups and awards to winners in the men's competitions, and Mrs. L. S. Bradley, team captain, assisted by Miss Jean Gordon, vice-president of Nelson Lady Golfers, did the honors for the women.

L. M. McBride, president, spoke of club activities during the season, with accent on alterations to the club house.

Winners in men's competitions were:

Wilson trophy—Doug Campbell. Runnerup, T. R. Wilson.

Horton cup—Bill Vickers and Doug Campbell. Runnersup, R. B. Allan and Jimmy Allan.

Reno Gold Mines trophy — T. R. Wilson and Mrs. L. S. Bradley. Runnersup, D. M. Sample and Miss Mary Juriloff.

C.I.L. cup — John Leschuk. Runnersup, Bruce Latremouille.

McBride Seniors cup — Tom Mansell. Runnerup, B. Townshend.

Appleyard-Lowe cup (club championship) — John Leschuk. Runnerup, Bruce Latremouille.

Winners in ladies' competitions were:

Noxon cup—Mary Juriloff, Runnerup, Mrs. Frank Rodway, Consolation flight—Mrs. A. Sturgess. Runnerup, Mrs. J. Coates.

W. Kootenay Ladies' Open — Mrs. R. Stone, Trail. Runnerup, Mrs. B. Townshend.

Blanche Pollard Trophy — Mrs. E. M. McGregor, Bonnington. Runnerup, Miss Anita Henderson.

Kootenay Breweries Trophy — Mary Juriloff. Runnerup, Mrs. L. S. Bradley. First flight — Mrs. B. Townshend. Runnerup, Monica Butlin, New Denver.

Ruth Armstrong Rose Bowl (club championship) — Mary Juriloff, Runnerup, Hellen Sloan.

HEAVY FAVORITES NOW . . .

Yanks Rout Giants 13-1

McDougald Grand Slam Homer Ignites Bombers Who Now Need Only One Win; Durocher Sends Koslo vs. Raschi Today

By GAYLE TALBOT

NEW YORK, Oct. 9 (AP)—The World Series blew up—boom—right in the Giants' red faces today, and probably the safest bet on the board is that New York Yankees will nail down their third straight world championship tomorrow in their own ball yard.

In the worst slaughter perpetrated in a playoff game in 15 years, the Bombers put the slug on Leo Durocher's wonder boys 13-1 to run the victory count to 3-2 in their favor and by the savagery of their attacks make the final result look a foregone conclusion.

Records were tied all over the Polo Grounds as Gil McDougald, the Yankees' great rookie infielder, propelled a home run into the left field balcony with the bases loaded in the third inning and Joe DiMaggio celebrated his 50th appearance in a World Series game.

Only two other batters ever matched the feat of the 22-year-old McDougald, who only last season was the most valuable star in the Texas League. None had done it since 1936, when Tony Lazzeri of the Yanks helped officiate at a similar massacre of the Giants in the same park. DiMaggio's big 50 equalled the record set by Frankie Frisch more than a decade ago.

Except for another wonderful job of pitching by Ed Lopat, slick Yankee southpaw, it was a pretty horrible exhibition for 47,530 fans—mostly of the Giants' persuasion—to witness. It was strictly no contest after McDougald exploded to climax a five-run fifth inning which disposed of Larry Jansen, right-handed Giants ace.

The stylish Lopat exactly matched his magnificent performance of the second game by throttling the National Leaguers with five hits and a single run. Only one Giant reached first in the final four innings as Lopat's mastery reached its peak.

PITCHERS' NIGHTMARE

For the Giants, the afternoon was a nightmare. They employed five pitchers in an effort to still the Bomber bats, but finally succeeded in doing so only in the final two frames.

Co-starring with McDougald in the 12-hit assault was little Phil Rizzuto, who pushed a two-run homer into the close right field stands in the fourth off Monti Kennedy. The great shortstop also clouted a single and scored three times.

Ironically for the Giants, the size of the beating they received probably would have been much smaller had the game been played in Yankee Stadium. It is extremely doubtful that McDougald's high fly would have reached the seats at the Stadium. Rizzuto's lucky push shot only a few feet from the foul line would have been only a 257-foot out in the Yank park.

The Giants contrived two of their five hits and their only run off Lopat in the first when Alvin Dark lined a single to left and came home on Monte Irvin's single which left-fielder Gene Woodling bobbled.

After that Easy Ed had them hogtied. The chunky portsider permitted only one Giant to reach second in the last eight innings. That was on catcher Wes Westrum's double in the fourth, and Wes never saw third. Lopat issued only one walk, to Willie Mays to open the second inning. He struck out three.

Only Dark and Irvin continued to thrive on Yankee hurling. Each whacked a pair of singles in a hopeless cause. Irvin's brace ran his total for the five games played to 11, tying the record for safeties in a six-game series. The most ever hit in any series was 12, by four different players. A tremendous one-handed catch by Gene Woodling in deep left-centre robbed Irvin of what looked like a certain triple in the ninth.

Jansen, winner of 23 games during the regular season and the playoff with Brooklyn, again proved a terrible disappointment to Giant followers. Lopat beat him in the second game.

Hoping to wind things up tomorrow Stengel is giving Vic Raschi another shot at the drooping Giants tomorrow. Durocher has little choice. It was to be Dave Koslo, the southpaw who beat the Yanks in the Series opener.

Harness Racer Dies in Sulky

ST. MARTINE, Que., Oct. 9 (CP)—Spectators and track officials were astonished today to see Avila Duepont, 66, leaning over his reins halfway through a harness race.

The driver from nearby Chateauguay had been leading the race and suddenly began to lag behind.

His horse was stopped and Duepont was found dead on the sulky.

Death was due to natural causes.

Leafs Face Gruelling Pace In First Month of WIL Play

Nelson hockey fans shouldn't have to wait long to gauge the calibre of the 1951-52 edition of the Maple Leafs.

The rebuilt greenshirts will need to be off and running when the starting gun sounds next weekend because they're faced with no less than 14 games in the first 26 days of the campaign — a clip which allows an average of less than a day's rest between engagements.

The official Western International League schedule, released last weekend reveals that all four teams will swing into action this Saturday with the Leafs journeying to Spokane for the first of a weekend doubleheader with the Flyers while Trail's Smoke Eaters are entertaining the Kimberley Dynamiters.

After the two-game set in Spokane the Leafs will be visitors at the Cominco Arena against the Smokies next Tuesday for their third game in four days and fourth in six days, counting the exhibition tilt in Trail tomorrow night.

The Leafs are scheduled to be at home to the Dynamiters Oct. 20 but the game may have to be played in Trail if the pipe replacement job at the Civic Arena is not completed in time to make ice here. Officials are optimistic about the ice situation at the present time.

What may turn out to be the local's first home appearance is the Oct. 24 meeting with the Kamloops Elks, first of the four Okanagan League clubs to invade the Kootenay this season.

With this game the most gruelling part of the Leaf schedule begins. They entrain for Vancouver the following day to tackle Kerrisdale Monarchs Oct. 26, then hop over to the Island for a game against Nanaimo Clippers on the 27th.

Another full day of travelling and the Leafs move into the Okanagan for four games in as many days. They play at Penticton on the 29th, Vernon on the 30th, Kamloops on the 31st and wind it up in Kelowna Nov. 1.

As if this hectic six-games-in-seven-days pace isn't enough, Eddie Wares' crew returns to home base just in time to take on the Smoke Eaters Nov. 3 and return the visit in Trail Nov. 5.

After this suicidal stretch, the Leafs' schedule settles down to a sane average of slightly less than two games per week for the remainder of the season.

ASKED FOR IT

Confronted with this prodigious early-season effort, coach Eddie Wares didn't raise an eyebrow. "We asked for the Coast-Okanagan trip first to get it over with. We figured that with our late ice and late start it would be the best way to work the boys into shape," he explains.

"Last year we took the Coast trip late in the season, playing 13 games in 25 days, with the result we had nothing left for the play-offs."

Some consolation might be gleaned from the knowledge that all other clubs in the B.C. circuit face similar tests during the season. Trail makes the Coast-Okanagan hop in November followed by Spokane in December. Kimberley isn't faced with it until February.

This season Nelson has 12 Saturday home games, a big gain over last year when it received only seven.

Fans Enthused With Dynamiters' 24 Prospects

By LARRY RATCLIFFE

KIMBERLEY, B. C., Oct. 9 —Once Sunday afternoon and twice yesterday Ross Knowles took his new edition of the Kimberley Dynamiters onto the ice for stiff workouts and fans who witnessed the practices were enthusiastic about the large number of new-comers and of their high calibre.

Twenty four players, including 14 who were not Dynamiters last season, strutted their stuff and one thing was evident, all the players in camp were close enough in quality to make every player fight for a spot. Three goal tenders eight defencemen, four centres, five left wingers, and four right wingers battled for a place on the team and Sam Calles is expected back in town within a few days.

Along with Dave McLay and Art Gold in goal, fans had a chance to see a newcomer in the person of Paul Morin who played with the Port Arthur Memorial Cup team of several seasons back. Defencemen of last year's squad—Red Sutherland, Bim Barker, Bill Jones, and Spence Tatchell, are finding stiff competition in newcomers Al Crossan, a former Winnipeg junior working in Cranbrook; Jack Rollingson, native son defenceman from Lethbridge, Joe Kershaw, a local kid who sparked the B. C.-Alberta juvenile champs defence corps two years ago and starred with the Kimberley intermediates last year; and big Bill "Tank" Johnston, an Earl's Court rearguard last season.

Probably the place where the locals are strongest is centre ice. Four top-notch puck chasers are catching the rail-birds notice time and time again—Doc Livingston and Gerry Barre, both with the locals last year, Bernie Wylie, a Calgary product who hustles continually, and Bobby Schmied, a former Smoke Eater smoothie.

Left wingers include "Buck" Kavanaugh, another back from Earl's Court; Claude Bell, a holdover; and Sherman Blair, Scottish League all-star last year; and newcomer Johnnie Irving, a Monday arrival from Fort Frances.

Headlining the right wingers are Morris Saplway, another Fort Frances boy, and "Red" Mellor, the other member of the English League trio, along with Dick Antonenko, who played overseas last year, and Bud Kobassen, a hustling youngster by way of Vernon Canadians. Calles will also be after a spot upon his return.

N.H.L. ALL-STAR TEAMS BATTLE TO 2-ALL TIE

TORONTO, Oct. 9 (CP) — Two teams of stars played to a 2-2 tie tonight in the National Hockey League's annual all-star game which produced $16,840 for the players' pension fund.

A crowd of 11,445 watched as the second all-star team came from behind to even the score with the first. Both teams were chosen in a ballot conducted by the League last year among sports writers and sports casters. Alternates for the first team came from American clubs, for the second team from Canadian teams.

Only one of the all-star selections figured in the scoring. That was Gordie Howe, right winger for Detroit Red Wings, who slammed home the opening goal for the first all-stars in the first period. His counter, with assists to Milt Schmidt and Ted Lindsay, came while Floyd Curry of the second team served an interference penalty.

Tod Sloan of Toronto Maple Leafs, one of the subs selected by Coach Dick Irvin of the second team, evened the count early in the second period in a play with Harry Watson and Max Bentley while Don Raleigh of the first team was off for hooking.

Johnny Peirson of Boston Bruins, one of the subs Coach Joe Primeau picked for his team, scored the second goal for the first all-stars, late in the second period with both teams at full strength. Gaye Stewart and Raleigh, both from New York Rangers, had a hand in the play.

Sloan, a standout performer for the second team, helped set up the tying goal by Ken Mosdell of Montreal Canadiens midway through the last period.

HUNTING TOPS AT WYNNDEL

WYNNDEL, B. C., Oct. 9 — Hunters are out in force at Creston flats and ducks and geese galore are being bagged.

A large moose is inhabiting the flats and can be seen ambling over the fields from the highway.

Wallace Praises Kinnaird Scouts

CASTLEGAR, B. C., Oct. 9 — Thirty Kinnaird Wolf Cubs under Cubmaster Major Moll paraded to welcome the Lieutenant Governor recently when he passed through Kinnaird. Mr. Wallace stopped and spoke to the boys. He expressed pleasure at their smart appearance.

The Scouts in Kinnaird, who number about 20, are still in abeyance owing to the lack of leader Scoutmaster Morris has left for the East.

Eighteen Kinnaird Cubs held a weekend camp at Camp Tweedsmuir at Fruitvale two weeks ago under Major Moll and J. Hand.

W.I.H.L. Schedule

Following is the official Western International Hockey League schedule released by league president, Ed Benson.

Spokane is slated to play 64 games 39 at home and 25 away; Trail, 48 games, 22 at home and 26 away; Nelson 47 games, 22 at home and 25 away; and Kimberley 43 games, 20 at home and 25 away.

Last year's system of team percentages and individual scoring ratios will be retained, based on the number of games each team plays.

Middlecoff Wins Kansas City Open

KANSAS CITY, Oct. 9 (AP) — Cary Middlecoff of Memphis, Tenn., shot a four-under-par 68 to beat Dave Douglas and Doug Ford by four strokes today in an 18-hole playoff for top money in the $15,000 Kansas City Golf Open.

Both Douglas, of Newark, Del., and Ford, of Harrison, N.Y., shot even par-72 over the 6500 yard Milburn Country Club course.

Middlecoff earned $2400 to bring his total winnings for the year to $24,075.91.

Seattle Golfer Kills Self in Freak Accident

SEATTLE, Oct. 9 (AP)—A Seattle golfer was killed by his own golf club in a freak accident at the Inglewood Country Club course today.

Police said Ed M. Harrison, 22, died of a puncture wound in the right groin. They said he apparently bled to death while running toward the clubhouse for aid.

Police said that at the No. 9 tee they found a No. 1 wood with its hollow steel shaft broken. There was blood on the broken piece of shaft.

Harrison presumably took a hard swing at a ball. The club hit something solid, broke in two and the shaft section struck him in the groin.

Yesterday's Answer

DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

K S N N P M U W J J Z P W F Q C B U D S W Q P M X U V U X Y P — C B T F B U D.

Yesterday's Cryptoquote: TO OBSERVATIONS WHICH OURSELVES WE MAKE, WE GROW MORE PARTIAL, FOR THE OBSERVER'S SAKE—POPE.

Market Trends

NEW YORK, Oct. 9 (AP) — Active mining shares, mostly on the higher side, highlighted otherwise lower rises.

Canadian issues were lower. Gainers were Distillers Seagrams and Hiram Walker, up ¼ and ⅛ respectively. Canadian Pacific dropped ⅜, International Nickel ¼ and Dome Mines ⅛. McIntyre was unchanged.

TORONTO (CP) — Prices held steady toward the session's close after early advances.

Trading was exceptionally active.

Base metals strength weakened slightly. Most market leaders, including Consolidated Smelters, International Nickel, Noranda and Waite Amulet showed moderate advances. Barvue, Base Metals, Callinan Flin Flon, Bellekeno, Penn Cobalt, Sherritt-Gordon and Fenimore Iron traded actively.

MONTREAL (CP) — Dwindling support near the close sent prices slipping to a narrowly mixed price path, following a fractionally firmer forenoon session.

Trading continued fairly active.

LONDON (Reuters) — Caution and hesitancy were fairly widespread at the opening following news from Egypt.

The tendency was to mark prices slightly lower, but this mood was erased by an absence of selling pressure and domestic stocks closed with firmness.

Calgary Livestock

CALGARY, Oct. 9 (CP) — Trade was only moderately active on the Calgary livestock market this morning and several classes were 50 cents to $1 lower. No strictly choice butcher steers or heifers were available in the 706 cattle and calves on offer.

Heavy butcher steers were 50 cents lower, butcher heifers weak to 50 cents lower. Cows were around $1 lower in spots. Bulls were fully steady. Heavy stocker steers, 800 pounds and up, were weak to $1 lower, and medium to good light stocker steers were steady to weak. Stock steer calves were fully steady, veal calves steady to weak.

Hogs closed steady last week at $32.25 at $17.75. Good lambs were steady at $31.25, good ewes at $17 to $18.50.

Good butcher steers 32.50 to 33.50, common to medium 27 to 32. Good butcher heifers 30.50 to 32, common to medium 26 to 30. Goods cows 25.50 to 26, common to medium 21.50 to 24.50. Canners and cutters 17 to 21. Good bulls 27 to 28, common to medium 24.50 to 26.50. Good stocker and feeder steers 31.50 to 33, common to medium 26 to 31. Good to choice veal calves 34 to 36, common to medium 26 to 33.

METALS

NEW YORK, Oct. 9 (AP) — Spot non-ferrous metal prices: copper 24⅛ cents a pound, Connecticut Valley. Lead 19 cents a pound, New York. Zinc 19½ cents a pound, East St. Louis. Tin $1.03 a pound, New York.

180 at Reeves

SPOKANE, Oct. 9 — Reeves-MacDonald is now operating with a full crew of 180, officials reported. Across the border, in Washington, Pend Oreille Mines & Metals reported production is being slowed by a manpower shortage. Pend Oreille owns approximately 60 per cent of the outstanding Reeves-MacDonald stock.

Gold Order "Adds Perplexities"

VANCOUVER, B.C., Oct. 9 — Ottawa's announcement that gold may be sold on a free market is tragi-comic, an officer of one of the five remaining B.C. gold producers said here today.

He said the new gold policy is no help to the five mines that are left of the 21 producers 10 years ago.

The policy is to permit some "free" sale of gold but to withdraw the gold mine subsidy from those mines that make "free" sales.

The gold mine official said the policy "only adds perplexities to an already difficult situation" for the mines that cannot operate under the fixed price of $35 a ounce.

Finance Minister Abbott's announcement was not only disappointing, said the mine official, it was "funny."

"For a high-cost gold producer the new deal gives a choice of foregoing a subsidy of $2 an ounce in the hopes of getting 50 cents an ounce more under certain very restricted conditions."

B.C. gold mines are Pioneer, Bralorne, Island Mountain, Cariboo and Hedley.

He said the only companies that will benefit from the policy will be the low-cost producers who receive no government aid and who have nothing to lose by selling some metal on the so-called world market.

SIDNEY NORMAN ILL AT CALGARY

Sidney Norman, pioneer Pacific Northwest mining man, and a former Spokane newspaper man is seriously ill in Holy Cross Hospital in Calgary, Alta., his family reported at Spokane. Mr. Norman is widely known throughout the Kootenay.

Norman suffered a heart attack while winding up his affairs in Calgary prior to retiring. He had edited a monthly oil and gas journal, "Sidney Norman Says," in Calgary since 1948.

Relatives here said Norman was expected to remain at the hospital for another three weeks. He then plans to come to the United States to live.

$10,000 Lost in Mail Transfer

SASKATOON, Oct. 9 (CP) — A $10,000 package of currency being transferred by registered mail from Regina to the Eatonia branch of the Royal Bank disappeared during the weekend.

R.C.M.P. and postal officials are investigating.

The package was routed from Regina to Saskatoon to Alsask and should have left the last town Saturday on the branch line train for Eatonia. The loss of the package was discovered at Alsask.

Captain and Crew Saved Off Hansen

VANCOUVER, Oct. 9 (CP) — Capt. Herbert Martin of Alert Bay and his six-man crew of the seiner Lulu Island were rescued Sunday night after their vessel struck a rock and sank near Hansen Island.

The seiner struck the rock at high tide. It rolled over and sank in about 100 feet of water when the tide dropped.

The Lulu Island, owned by B.C. Packers Ltd., was en route from Alert Bay to the fishing grounds.

Bengough Attacks Cost of Living

WINNIPEG, Oct. 9 (CP) — Canada's spiraling cost of living is not the fault of organized workers, who must negotiate wage increases and, if necessary, justify them before a conciliation board, Percy R. Bengough said today.

The president of the Trades and Labor Congress paused in Winnipeg while en route West, where he will attend the British Columbia civil service association's convention at Kamloops, Oct. 18, and the Alberta CSA convention at Calgary, Oct. 26.

He said the congress has "hundreds" of wage agreements in effect across Canada. Generally they run for one or two years.

Persons who charge labor with forcing up living costs forget that manufacturers and retailers are not required to justify their mark ups, Mr. Bengough said, although trade unionists must show cause for any wage increases they seek.

He said the congress still is pressing for imposition of price controls.

Cheaper vegetables would not be enough to knock down living costs, Mr. Bengough said.

"They say carrots are good for the eyesight. You need good eyesight to look for the vanishing dollar."

2000 Indians To Meet Royal Pair

CALGARY, Oct. 9 (CP)—About 2000 Indians will add color to the crowds greeting Princess Elizabeth and the Duke of Edinburgh when they visit here Oct. 18.

The 2000 Indians, largest number to assemble in Calgary since the visit of the King and Queen in 1939, will include members of the Blood, Peigan, Blackfoot, Sarcee and Stony tribes.

Miniature Price War in Offing?

OTTAWA, Oct. 9 (CP) — The Government may soon tip the scales to a miniature price war in Canada.

As the Fall session of Parliament opened today, the speech from the throne discloses that the Government plans to ban the common practice whereby a manufacturer sets the retail sales price of his product.

With many stores in Canada loaded with consumer goods, the Government drive to greater competition among retailers may push prices down before Christmas, a Government official said.

Some experts estimate the practice of retailers maintaining prices at the manufacturer's request affects only about 15 per cent of all goods entering retail trade, but the Government official considered the percentage far greater.

How widespread the price war would be would depend on such common factors as supply and demand, the official said.

Elimination of price retail maintenance would free the retailer to sell the product at any price he chose.

Pats Board Orient-Bound Transport

SEATTLE, Wash., Oct. 9 (AP) — A contingent of Canada's paratrooper forces arrived here by train before dawn today and boarded an Orient-bound transport.

The men are of the Princess Patricia's Canadian Light Infantry. They were in gay spirits as Pte. David Emslie of Winnipeg broke the morning calm with his skirling bagpipe.

The troops are destined to replace Canadian forces that will be returned from Korea on rotation.

Cabinet Avoids School Comment

VANCOUVER, Oct. 9 (CP) — Political spokesmen have taken a skeptical view of the threat made by the British Columbia Catholic Education Association during the weekend to form a new political party to strengthen their fight in the separate school issue.

Cabinet ministers, members of the legislature, generally side-stepped comment on the report that the newly-inaugurated association was considering formation of a new political party.

Those questioned said they had no intention of entering a religious controversy, and insisted that their names not be used in connection with the dispute.

They indicated they regarded the threat more as a pressure move to forward the views of the minority group, and suggested it represented a view not shared by all Catholics.

More Air, Ground Men Sought

OTTAWA, Oct. 9 (CP)—Parliament will be asked at its Fall session to approve the dispatch of an Army brigade and more air power to Gen. Eisenhower's defence forces in Europe.

The Speech From the Throne, read by the Governor-General at today's opening of the fifth session of the 21st Parliament, made only a brief reference to these forces.

"The North Atlantic nations," the Speech said, "are steadily increasing their combined strength in their determined effort to maintain peace by providing an effective deterrent to aggression in Europe. To this end an integrated force is being established under command of General Eisenhower."

The Speech noted that plans to send Canadian Army and Air Force units to Europe already have been announced, and said: "The measures which the Government proposes at this time in furtherance of these plans will be communicated to you without delay."

This was taken to mean Parliament's aporoval, necessary for the sending of major forces out of the country, will be sought early in the session.

Canada's new 27th Brigade of some 6000 officers and men will move to the Hannover area of Germany next month to come under direct British command as part of the Eisenhower forces.

Canada, with one R.C.A.F. fighter squadron already based in England, also plans to build up her air strength in Europe to 11 squadrons —some 2200 officers and men in air and ground crews—by the end of 1954.

Egyptians Shout "Down England"

CAIRO, Oct. 9 (CP) — Jubilant crowds shouting "Down with England!" poured into the squares of Egypt's main cities today to celebrate the Government's move to cancel her mutual-defence treaty with Britain.

In Cairo, steel-helmeted troops mounted guard over the British and American Embassies as demonstrators filled the big Ismailia Square.

In Alexandria, excited students delivered fiery speeches to an eager crowd, calling out slogans such as "Long live Egypt and the Sudan!"

Shopkeepers pulled down their shutters as a precaution against violence.

B. and P. Clubs To Have B. C. Constitution

PENTICTON, B. C., Oct. 9 (CP)— The Canadian Federation of Business and Professional Women's Clubs in British Columbia now will function under its own provincial constitution. The decision was made at a Sunday session at the Biennial Provincial Conference of the B. and P. Clubs here.

Affecting the 23 B. and P. Clubs of B.C., the national constitution had been the governing power of their 789 membership before acceptance of the new constitution.

Among those present were Mrs. Marguerite Boye, President of the Washington State Federation of Business and Professional Women's Clubs, Mrs. Margaret Campbell, national vice-president of the Canadian Federation, Mrs. Elsie MacCleave, B.C. Provincial President presiding over the three-day conference, and a large representation of B.C. club presidents and members.

Ont. Liberal Head Submits Resignation

OTTAWA, Oct. 9 (CP) — Resignation of Walter C. Thomson, Ontario's provincial Liberal leader, as member of the Commons for Ontario riding was announced today by speaker W. Ross Macdonald.

Mr. Macdonald made the brief announcement as the chamber opened its fall session.

Mr. Thomson is leading the Liberal party in the Ontario general election Nov. 22.

He called upon Prime Minister St. Laurent this morning, presumably in connection with his resignation.

MANCHESTER, England (CP) — Maureen Hall, 12, rode merrily for half-an-hour on a swinging-boat device at a fair grounds. Afterwards she felt sick, collapsed and died. A coroner's jury decided that her neck had been dislocated, causing death.

BACK FROM EUROPE after a nine-week tour of the Continent is King Scout Michael Randall of Trail, pictured above with his father, E. G. Randall.

Michael was selected as one of 35 Canadian Boy Scouts to represent this country at a 10-day World Scout Jamboree in Salzburg, Austria, attended by 15,000 Scouts of 47 countries this Summer.

During the trip, organized as a means of promoting world friendship among Scouts, the 17-year-old Kootenay representative also visited France and Switzerland and spent a month in England on a conducted tour.

He thought perhaps England was the worst off as far as post-war hardships were concerned and expressed the desire that more Canadians might see the war-ravaged European countries in order to better appreciate the Canadian living standards. —Cominco photo.

Rule Fort Steele Girl's Death Accidental

CRANBROOK, B.C., Oct. 9 — Death of Sabina David, about 17, when she was run over by a truck at Fort Steele Saturday evening, was termed accidental by a coroner's jury today, and no blame was attached to the driver, Helen Kootenay, fellow employee also known as Betty McHugh at Gleichen where she lived before coming here.

She was driving the truck slowly when the David girl with whom she had gone to Fort Steele is said to have made a jump from the ground to the running board and fell under the truck both girls have been employed by a Chinese market garden near Cranbrook. Sabina was the daughter of Alexander David of Bonner's Ferry. Funeral service will be at the Mission Church at Creston.

Women Teachers Want Equal Pay

VANCOUVER, Oct. 9 (CP) — Women teachers in Vancouver's secondary schools will open a campaign Wednesday for equal pay for equal work.

The campaign will be opened with a dinner meeting expected to be attended by 300 persons.

Resumption of Peace Talks Likely

TOKYO, Oct. 10 (Wednesday) (AP)—The Communist leaders in Korea today will signify whether they are ready to set the machinery going for a resumption of the Korean cease-fire talks, or continue the long impasse.

Allied observers thought the chances good that the talks would be resumed.

Polish Fugitives Set Course for Sweden

STOCKHOLM, Sweden, Oct. 9 (AP)—Four armed Polish fugitives brought the Polish trawler Helena into Karlskrona today in another successful mutiny in the Baltic Sea.

Preliminary reports said the fugitives locked the Captain of the ship, its first officer, and a crew member below deck and then set the ship's course for the nearest Swedish port.

Canadian Low-Grade Fodder for Germany

BONN, Germany, Oct. 9 (AP) — Canada will deliver 150,000 tons of low-grade fodder to West Germany, the German government announced today.

The transaction was arranged between representatives of the Canadian wheat board and the German food ministry. Payment will be in dollars.

Telephone Hearings Postponed for Week

VANCOUVER, Oct. 9 (CP)—Hearings on the B. C. Telephone Company's application for a rates boost was adjourned today until next Monday.

The hearings before a two-man commission from the board of transport commissioners was delayed after municipal representatives asked for more time to prepare their case.

Terence P. O'Grady, representing Victoria, said that municipalities had no time to prepare their case. Other municipal counsel took the same view.

MARCUS DOW safety trophy which hangs in the new Nelson depot of Western Canadian Greyhound Lines is shown here with two drivers who helped the firm win the award in 1948, George Mermet and E. W. (Pat) Paterson, the district's two senior drivers. The trophy, posted by Greyhound for competition among its 18 operating companies, is awarded to the company showing greatest improvement in its safety record over the previous year. Northwest Greyhound Lines won it in 1949 and Dixie Greyhound Lines in 1950. Mr. Paterson has driven Greyhound buses for 14 years without an accident, and Mr. Mermet has six accident-free years to his credit. —Alice Stevens photo.

Find Gas Tank Of Lost Plane

MCCHORD AIR FORCE BASE, Oct. 9 (AP) — A gas tank and portion of a wing found late Monday Wes of the San Juan Islands were tentatively identified today as having come from the plane of John Stenhoise, Vancouver, B. C., flier who disappeared Saturday on a flight from Bellingham to Beaverton, Ore.

Fourth air rescue squadron officers said here the tank was half full of gasoline and that it had probably been in the water less than a week. It bore both U. S. and imperial gallon markings, as did the tank of Stenhouse's plane.

Residents along Admiralty Inlet, the Straits of Juan de Fuca and the San Juan Islands have been asked to watch for further objects from the plane.

Meanwhile, an air rescue plane from this base is continuing the search for the Red and cream-colored aircraft. In addition, four civil air patrol planes from Snohomish and four coast guard aircraft are searching the area.

Social Services Increase $14,000

VICTORIA, B. C., Oct. 9 (CP) — Cost of social services in British Columbia this year will be $18,805,211 compared to about $4,000,000 in 1943, Welfare Minister Douglas Turnbull said in a radio address on Monday.

This large increase is due to the additional number of people now receiving some form of benefit from the social welfare branch, and also the increased range of actual benefits, the minister said.

"The range of these services is acknowledged to be the best in Canada," declared Mr. Turnbull. "Our social services are what they are because the people of this province want them to be that way."

Royalty Front Page News, N.Y.

NEW YORK, Oct. 9 (CP)—Despite American preoccupation with the World Series, the visit to Canada of Princess Elizabeth and the Duke of Edinburgh got considerable front page play today.

All New York papers ran pictures of the Royal couple, ranging from the Times' and Herald Tribune's shots of them talking with Prime Minister Louis St. Laurent to a Journal-American closeup of the Princess waving from her private car.

A World-Telegram headline announced: "Quebec in Glad Rags Greets Elizabeth, Duke"; while the Post topped them all with: "Quebec Goes Ooh La La! for Liz 'n' Phil."

Milk Producers Name Strike Committee

NANAIMO, B. C., Oct. 9 (CP) — The milk producers of the Nanaimo district have appointed a strike committee which will investigate the feasibility of a dairymen's walkout in the fight for higher prices.

Decision to form a committee was taken at a meeting here last night.

Herbert Armishaw made the charge when expressing fear that independents might move in if a strike was called.

Harry G. Robinson, secretary-manager of the Vancouver-Island Milk Producers, said however, that there were few independents in the district.

A wartime development, radar has aided greatly in study of meteors by enabling observations of their courses in daylight.

THE STETSONIAN

Wherever you go, you will be perfectly groomed if you wear the popular Stetsonian—brim up or down.

Radio Operators Tie Up Shipping

NEW YORK, Oct. 9 (AP) — A walkout of radio operators today is believed to have tied up at least two dozen ships in United States ports, and the "paralysis is spreading," a union spokesman said.

An official of the American Radio Association (C.I.O.) said ships were believed strikebound at ports on the East, West and Gulf coasts.

He said radio operators, in an effort to force action by the Federal Wage Stabilization Board on a new wage agreement, were refusing to sign on their ships.
