Fifty Years of Service to the Kootenay-Boundary – 1952

Vol. 51 — NELSON, B. C., CANADA — FRIDAY MORNING, MAY 2, 1952 — No. 10

WEATHER FORECAST

Kootenay — Sunny with a few cloudy periods. Scattered showers. Little change in temperature. Wind light. Low and high at Cranbrook 32 and 58, Crescent Valley 32 and 58, Revelstoke 32 and 55.

B.C. Asks Tighter Controls as More Livestock Infected

VANCOUVER, May 1 (CP)—British Columbia cattlemen today demanded a tighter control on cattle imports from the Prairies.

The demands followed new outbreaks of foot-and-mouth disease in Saskatchewan herds.

Agriculture Minister Harry Bowman said, however, that no immediate action was contemplated.

"If the disease gets out of hand on the Prairies we shall certainly have to consider some steps. We're investigating now."

B.C. imposed an embargo on Prairie shipments following the outbreak in Saskatchewan Feb. 25, but the ban was lifted April 17.

The demand for reimposition of the embargo came today from Murray Davie of Ladner, president of the Canadian Guernsey Cattle Breeders Association.

"The first thing we should do is to reimpose the embargo," he said.

SHOWS BE CANCELLED

Livestock shows on the Prairies should be cancelled, and, Mr. Davie said, if there is an outbreak in Alberta, the Pacific Nation Exhibition's livestock show in Vancouver should be cancelled.

Other cattlemen support his views. Jake Grauer of Vancouver, president of the B.C. Jersey Cattle Club, said:

"The stockmen wanted the embargo kept until the Spring thaw, but we were overruled. It is beginning to look more serious all the time and I think personally that the closure should be reimposed."

Cattlemen fear the disease could be spread by game birds to the ranch and farm herds in the Interior.

"The embargo should never have been taken off until we were sure the disease was eradicated," said Dr. N. Nicholson, president of the Fraser Valley Milk Producers' Association. "It should be put right back."

The lush Fraser Valley has 100,000 head of cattle on its farms.

REGINA, May 1 (CP) — Foot-and-mouth disease was found today on a second Weyburn area farm while Federal veterinarians still sought to find out how the infection spread to that district outside the Southern Saskatchewan quarantine zone.

The new outbreak was on a farm neighboring the original outbreak announced Monday. Control officials took immediate steps to slaughter the infected herd, 29 cattle, and also a contact herd of 38 cattle and 18 hogs.

Today and yesterday they had slaughtered 124 cattle and 65 hogs in the Weyburn area 75 miles Southeast of Regina.

REGINA, May 1 (CP) — Dr. T. V. Johnston, Saskatchewan's provincial veterinarian, said today that he took "immediate steps" when an outbreak of cattle disease was reported to him Dec. 1.

Dr. Johnston replied to a statement in Ottawa by Agriculture Minister Gardiner that a Saskatchewan provincial official did "absolutely nothing" when informed about the outbreak on the farm of Leonard Wass at McLean, Sask.

CURIOUS GERMAN BOY SCOUTS on a hike through the tent city of Canada's 27th Infantry Brigade near Munsterlager, Germany, are seen having the mysteries of the doodle-sack, German name for the bagpipes, explained to them by two members of the First Canadian Highland Battalion. Enlightening the youths are Lieut. "Jamie" Craik, left, of Toronto, and R.S.M. R. H. Finnie, of Camp Borden, Ont.—Central Press Canadian.

May 1 Demonstations Flare Around World

Japan Experiences Bloodiest Riot In Years; Stalin Reviews Militia

By The Associated Press

May-Day riots and disorders, bristling military parades and East-West word battles broke out all over the map Thursday. There was more violence and more words spilled than in years.

Japan, freed from occupation only this week, had her worst riot since the war when 20,000 Communist-led anti-American marchers fought police with clubs and stones in front of the imperial palace. Hundreds were injured, including some Americans. One person was reported killed.

There were cracked heads in divided Berlin, clashes in Tunisia and Algeria, brawls in Israel and cordons of police on hand in nearly every big city of Western Europe.

Russia and her Communist antagonist, Yugoslavia, led the field in displays of military preparedness.

Tokyo's Communists charged 1000 police, knocked 218 of them to the ground and seriously injured 51. The Communists carried away their bleeding comrades.

Twelve American automobiles were overturned and burned, two U. S. sailors were tossed into the palace moat, the wife of a Navy man was roughed up and several other Americans were shoved and hit.

STORM CITY OFFICES

At Kyoto, former Japanese capital, Koreans stormed city offices and 17 were arreste. Both in Tokyo and Kyoto, police used clubs, guns and tear gas against the rioters.

Some 2,000,000 Japanese attended rallies in other cities on May 1, chosen by the Socialist International in 1889 as an international labor day.

RALLIES

One million Germans turned out for rival rallies in Berlin, where East and West came into rough day-to-day, contact. About 5000 young rowdies from East Berlin thrust into the French sector and were jolted by police night sticks. Seventy-three Communists were jailed.

The East German President, Wilhalm Pieck, keyed his oration before 500,000 listeners to the Soviet theme of German unity and the threat that if Western Germany rearms for the West, then Eastern Germany will rearm "for its own protection."

West Germany's President, Theodor Heuss, told an equally-large gathering that Germany wants unity—with "true liberty."

Huge turnouts characterized May-Day rallies in the Ruhr and many other big German cities, but Communist threats to stir up trouble fizzled.

Tunisian and Algerian Nationalists clashed with police. French authorities had banned May-Day demonstrations. Police fired when about 50 Tunisians marched on the palace of the pro-French Premier. Several persons were injured on both sides in Oran, Algeria, when police broke up a meeting.

STALIN

In Moscow Premier Stalin, pausing in the arduous climb to the top of Lenin's tomb, beamed and waved to thunderous applause. He then reviewed a majestic parade of troops, armor, peasants, workers, and an air show led by his son, Vassily.

Accenting his military preparedness, too, braided Marshal Tito of Yugoslavia reviewed a parade which displayed twin-engined Mosquito bombers from Britain, armored cars and troop carriers from the United States, and infantrymen carrying machine-guns, rifles and bazookas.

The Peiping radio said the Chinese Red Chieftain, Mao Tze-tung, saluted 500,000 marchers carrying "a sea of red silk flags" in that city.

CLASHES

Israel, which witnessed an impressive military show on her fourth "independence day" Wednesday, was the scene of clashes in Haifa between Communists and anti-Communists on the eve of May Day. Thirty were injured.

For the first time since 1948, when they seized power in Czechoslovakia, the Communists there celebrated May Day without the presence of President Klement Gottwald. He was reported "indisposed."

Rome's Communists turned their biggest May Day gathering in two years into a rally for the forthcoming local elections. Riot police wearily circled the gathering of 100,000.

From London, the former Labor Premier, Clement Attlee, broadcast to peoples behind the Iron Curtain that the Soviet Union was like the empires of Assyria and Genghis Khan. He said toleration and mutual understanding—the way of the democracies—was the way to peace.

TOKYO, May 2 (Friday) (AP)—Calm returned to Tokyo today after the bloodiest May Day in years in which 20,000 Communist rioters attacked police and Americans alike in a violent anti-U. S. demonstration.

One rioter was reported killed by a police bullet and hundreds of others were injured. More than 60 were jailed. Police said 218 of their own men were mauled by the club-swinging, rock-throwing mob. Fifty-one were injured seriously.

CANADIAN DOLLAR DOWN

NEW YORK, May 1 (CP) — The Canadian dollar was down ⅛ of a cent at a premium of 1⅞ per cent in terms of United States funds in closing foreign exchange dealings today. The pound sterling was down 1-16 of a cent at $2.80⅞.

Happy Dutch Family At Fraser Valley

MATSQUI, B.C., May 1 (CP)—A new life on a Fraser Valley dairy farm, 40 miles East of Vancouver, was begun today by 21 happy Dutch immigrants, members of one family.

The family of Jan Griffioen took up most of the passenger space on the train bringing them here. Welcomers provided five automobiles for the ride from the Matsqui station to their new home.

Mr. and Mrs. Griffioen, their 17 children, an adopted son and a son-in-law make up the group.

MURRAY ASKED TO STOP STRIKE

WASHINGTON, May 1 (AP) — President Truman tonight asked Philip Murray to call off the steel strike.

The president made his request in a telegram sent to Murray, head of the C.I.O. steelworkers.

The steel mills closed after the government's seizure was ruled illegal by a federal court Tuesday.

Truman invited Murray and the presidents of the six largest steel companies to meet him at the White House Saturday morning.

A further attempt to settle the strike would be made at that time.

In asking Murray to get his men back to work in the steel mills, the president told him:

"The United States Court of Appeals has granted an order staying the order of the United States district court enjoining the operation of the steel mills by the government.

"Thus the government is now in a position to continue the operation of the steel mills in the national interest. The continued production of steel is of critical importance to the safety of our troops in Korea, and to the success of the mutual security program and the entire national defence effort. In order to avoid a costly loss in output, it is vital that steel production be resumed as soon as possible.

"I therefore request you and all the members of the steel workers union, as loyal Americans, to do everything you can to restore the steel plants to full operation as quickly as possible, in order that we may obtain the steel we must have for our national safety."

WASHINGTON, May 1 (AP) — The U.S. Court of Appeals, by a split 5-4 vote, refused today to forbid the government to raise wages in the embattled steel industry, but Commerce Secretary Charles Sawyer said no immediate wage increase is planned.

President Truman told his press conference he has no ambition to be a dictator and will abide by any supreme court decision on his seizure of the multi-billion-dollar steel industry.

Truman said he will take every possible action to get the steel strike settled, but gave no clue of what steps he might have in mind.

SHERRIDON, Man., May 1 (CP) —A change of wind today shifted a forest fire which for three days threatened a camp on the Lynn Lake railway, about 17 miles North of this mining town.

REDS BLOCK CRUCIAL TALKS

Allied Compromise Proposal Rejected

MUNSAN, Korea, May 2 (Friday) (AP)—The Communists today rejected an Allied compromise proposal for settling the last three issues blocking a Korean armistice but agreed to meet again tomorrow.

They turned down the Allied plan—which involved prisoner exchange, military airfield rebuilding and Russian participation in post-armistice Korea—in a 78-minute, off-the-record meeting.

The meeting was considered critical in the Korean armistice talks.

The two delegations convened at their full strength of eight generals and two admirals.

The big question was the Communist reaction to the Allied proposal for retaining 100,000 out of 170,000 prisoners who say they do not want to go back to the Reds.

The Communists denounced the figure angrily last week and broke off secret talks on prisoner exchange. The U. N. command came up with its new proposal Monday. Details were secret, but Washington reports said the Allies offered to drop their opposition to rebuilding North Korean military airfields during a truce if the Reds would accept the Allies principle of not returning those prisoners who object to repatriation.

Washington Bans Travel To Iron Curtain Countries

WASHINGTON, May 1 (AP)—The State Department today banned all travel to iron curtain countries by United States citizens unless they have specific permission.

The department said that because of the "risks of travel" in Soviet-bloc countries, all new passports will be stamped:

"This passport is not valid for travel to Albania, Bulgaria, China, Czechoslovakia, Hungary, Poland, Romania or the Union of Soviet Socialist Republics unless specifically endorsed under authority of the Department of State as being valid for such travel."

Officials said permission will be granted to travel in all these countries except Communist China, Czechoslovakia and Hungary for "legitimate reasons."

Travel to China, Hungary and Czechoslovakia has been forbidden for some time.

Canada has no such ban but Canadians desiring to travel to iron curtain countries are required to report their intention to the nearest Canadian or British consular office.

There was no immediate indication in Ottawa if the Federal Government will follow Washington's lead in invoking the permit system.

Prairie Grain Now Dry Moves to Markets

WINNIPEG, May 1 (CP)—Victory in the struggle to dry Western Canada's huge stock of damp grain before it spoiled in Summer heat was announced today.

George Melvor, chief of the Board of Grain Commissioners, and a leading figure in the six-months drive, said the problem of conditioning the grain had been solved. It was the greatest such problem ever to confront a major grain producing nation.

The grain—an estimated 250,000 bushels—was the result of a disastrous harvest season. It clogged storage and drying facilities and was in danger of spoiling with the return of warm weather.

Farmers, grain men, transportation companies and Canada's customers, with an assist from nature—teamed to solve the situation.

(In the House of Commons today, Trade Minister Howe said a tremendous job had been done by the Canadian Wheat Board, the Board of Grain Commissioners and the Transport Department).

GOOD WEATHER

Story-book weather that gave the prairies three weeks of clear skies and drying winds was a key factor in handling the grain. Overseas customers, notably the United Kingdom, and Canadian commercial interests accepted 70,000,000 bushels of crop in "tough" condition—without drying.

Terminal dryers across Canada and the United States and drying on farms would handle the rest.

TORONTO, May 1 (CP) — Roy H. Thomson, president of the Thomson Dailies, was elected president of the Canadian Press. He succeeds Herve Major of Montreal La Presse.

Britain Sends New Proposals To Cairo Gov't.

LONDON, May 1 (Reuters) — Sir Ralph Stevenson, British Ambassador to Egypt, left by air today for Cairo carrying new British proposals for a settlement of Britain's row with Egypt over the Sudan.

"These proposals are, not necessarily final," he said. "The object of my visit to London was to work out a possible new approach." He said he expected to see Hilaly Pasha, the Egyptian premier, before the weekend.

Britain is understood to be suggesting a round-table conference of representatives from Britain, Egypt and the Sudan this Summer.

The Sudan, formerly jointly administered by Egypt and Britain, was claimed by Egypt last year to be Egyptian territory. Britain says she wants the Sudanese to determine their own future.

Kurt Carlsen Sails New Enterprise

LE HAVRE, France, May 1 (Reuters) — Sea-hero Kurt Carlstn arrived offshore today in his new Flying Enterprise after sailing for the first time over the spot where he played out his grim battle with the sea last January. Capt. Carlsen steered Flying Enterprise II to Le Havre along the course South of England where his old ship sank.

COAST COMMITTEE TACKLES FARES

VANCOUVER, May 1 (CP) — A fight to effect a rollback of transit fares to the 10-cent level has been started by a special two-man city council committee.

Alderman Jonathan Cornett and former city engineer Charles Brakenbridge, named by the council to investigate the fare structure, met for three hours Wednesday with B.C. Electric Railway Company officials.

Sexton Would Have Clinics Supply Drugs to Addicts

VICTORIA, May 1 (CP) — A more humane method of dealing with drug addicts is advocated by the Most Rev. H. E. Sexton, Anglican Archbishop of British Columbia.

Speaking before the 50th session of the diocese of British Columbia here, the Archbishop suggested that drug addicts be registered and supplied with their needs through clinics.

"The drug traffic is a serious matter, requiring immediate attention," said the Archbishop.

Under the present system society gives no help to drug addicts.

The Archbishop's suggestion was hailed by many physicians and social workers here "as the only way to knock the bottom out of the black market." The clinics at the same time would enable addicts to be treated and live a normal life, they said.

Celgar Hearing Set For May 19

VICTORIA, May 1 (CP) — A public hearing on Celgar Development Company's application for a forest management licence in the Arrow Lakes area will be held before the provincial Cabinet May 19.

The company is applying for a licence covering nearly 1,000,000 acres. It plans to invest $65,000,000 in a massive integrated forest industry.

Kootenay Forest Products Ltd., which wants part of the large area, will launch protests at the hearing.

Attending the hearing for Celgar will be Axel Brandstrom, woods manager, D. N. Hosie, Q. C., and Gordon Root, director of public relations for Celanese Corporation of America's Canadian affiliates, which include Celgar.

CRASHED AIRLINER FOUND; 50 DEAD

BELEM, Brazil, May 1 (AP)—Paratroop rescuers returned to base tonight and wrote off as dead the 50 passengers and crew of a Pan American stratocruiser found burned and broken in Northern Brazil today. The plane vanished Tuesday.

Canadian Exports Top Imports

OTTAWA, May 1 (CP)— Canadian exports did a cool $1,000,000,000 business in foreign markets in the first quarter of 1952. It was marked by fairly sharp increases in buying by Britain.

Export figures both for March and for the first three months of the year outstripped comparative totals for 1951 by more than 20 per cent. March kept up the pace despite a drop in American buying from Canada partly because of foot-and-mouth disease.

The Dominion Bureau of Statistics also reported today that for all three months Canada exports topped imports whereas imports topped exports in all the first three months of 1951.

In March Canada sold $353,800,000 worth of goods abroad, 21 per cent above March 1951. The three-month total of $987,200,000 was 22 per cent ahead of the same 1951 period. Added to this was $12,800,000 worth of foreign-made goods which Canada bought and sold, raising the three-month export total to $1,000,000,000 even.

200 FISHERMEN AWAIT PRICES

PRINCE RUPERT, B.C., May 1 (CP) — Two hundred fishermen of B.C.'s Northern trawl fleet are in port here awaiting negotiations between the union and the companies on new fish prices.

The men, represented by the United Fishermen and Allied Workers' Union (T.L.C.), are asking a one-half cent a pound increase for all types of sole, one cent more for ling cod, and no reduction in the price of grey cod.

Hospital Daily Rates Going Up

VICTORIA, May 1 (CP) —Higher daily rates for British Columbia hospitals were announced today by the Health and Welfare Department.

The increases range from 25 cents to $1.60.

The boosts will not mean higher hospital insurance premiums this year because the B. C. hospital insurance service budget approved at the last session of the legislature made allowances for the additional costs.

However, persons entering hospital who are not covered by hospital insurance will have to pay the new rates.

The health and welfare department explained that increased wages plus other higher costs have boosted the total cost of operating the hospitals of B. C. 10 and 20 per cent over 1951.

To cover these total B.C.H.I.S. payments to hospitals for this year will be about 17 per cent higher than 1951.

Dominion Looks to British Columbia for Model Homes

VANCOUVER, May 1 (CP) — The "best homes in Canada" are in British Columbia.

The architects know and 300 of them are here today attending the 45th annual convention of the Royal Architectural Institute of Canada, discussing the trend to B.C.-type homes.

The modern plush homes with their background of mountains and sea views, along with the more conventional types, have attracted attention from all parts of Canada.

Vancouver shares in the honor of having some of the most modern homes.

"Vancouver people won't live in a hole in the corner as many do back East," said C. J. Carrol of Ottawa, executive secretary of the Institute. "Living and recreation mean so much more to them than to people in other parts of Canada. They centre their attention on their homes and their design is outstanding."

He introduced B.C.-type homes to Ottawa. "They have attracted more attention than any other in the suburb of Rockliffe."

B.C.-TYPE HOMES

The architects also learned that wealthy Toronto citizens are asking Vancouver architects to design B.C.-type homes in new suburbs.

During the four-day convention, the first to be held in Western Canada in the Institute's 45 year history national housing problems will be discussed, exhibitions of architectural design visited, and tours made of Vancouver mills.

J. Roxburgh Smith, Montreal, president of the Institute, said the choice of Vancouver as the convention site could be construed as the Institute's recognition of the growing opportunities here for gracious living and profitable working.

Mr. Smith criticized what he termed "socialization of architecture." He said that Alberta and Saskatchewan are seking to arrange that the universities decide who shall become an architect.

"Control of architecture in this way by the government is absolutely ridiculous," he said.

At present persons seeking to become architects are admitted to the profession by provincial branches of the Institute.

It sets examinations as do comparable bodies for law and medicine.

VANCOUVER, May 1 (CP) — J. Roxburgh Smith of Montreal said today that the Federal Government should make available its huge surpluses for a housing construction program and slum clearance.

Mr. Smith, president of the Royal Architectural Institute of Canada, now in convention here, said he thought that Ottawa should give certain taxation powers it holds to municipal and provincial governments to enable them to use the revenues for social improvements.

U.S. Envoy Sees William Oatis

WASHINGTON, May 1 (AP)—The State Department said today the United States ambassador to Czechoslovakia talked with William Otis in a Czech prison Wednesday and found him in good health.

Oatis, an Associated Press reporter, was sent to prison April 23, 1951.

The department said the visit from Ambassador Ellis Briggs marked the first time since Oatis' arrest that Czech authorities permitted an American official to talk with him.

In disclosing the meeting, the department said:

"Mr. Oatis said that his health was good and this was supported by his appearance. He said he had recently received dental care; that he is allowed to read and write and that he gets sufficient exercise."

M.P. HURT IN CRASH

MEADOW LAKE, Sask., May 1 (CP)—A light plane piloted by Marcian Marion, Independent member of the Saskatchewan Legislature for Athabasca, crashed here today after hitting a telephone line. Mr. Marion was not badly hurt.

Buttle Lake Dam Appeal Dismissed

VICTORIA, May 1 (CP)—Appeal against damming of Buttle Lake for power purposes was dismissed today by Lands Minister E. T. Kenney.

"Neither upon the law nor the merits can I find good reason for disturbing the finds of the Water Rights Comptroller," said Mr. Kenney in his decision.

Water Rights Comptroller E. H. Tredcroft last year approved the B.C. Power Commission's application to dam the lake to store water for power purposes at the John Hart power development at Campbell River.

Conservationists, represented by T. G. Norris Q.C., appealed Tredcroft's decision to the minister on the grounds that Tredcroft had no jurisdiction in the matter. This phase of the appeal was dismissed and most of the conservationists stayed away from the next part of the appeal.

Mr. Kenney now has dismissed the entire appeal. The conservationists can still appeal to the Cabinet.

B.C. Synod Urges All Leaders To Discuss Church-School Questions

VICTORIA, May 1 (CP) — The British Columbia diocesan synod today voted to press for introduction of Christian teaching in schools in the province.

The 250 representatives of Anglican clergy and laymen attending the 50th meeting here decided to go ahead with the proposal.

It is planned that the executive committee of the provincial synod take the matter under advisement and call a meeting of heads of all Christian churches in the province.

Representatives of all religions could determine what form the Christian teachings should take and then go to the provincial government to ask that their recommendations be implemented.

ARCHBISHOP AGREES

Archbishop Harold E. Sexton, presiding over the synod, gave support to the proposal. He recalled leaders of B. C. churches, including Roman Catholics, had met several years ago and had achieved unanimity on having Christian principles taught in the schools.

He said the only apparent reason nothing was done to implement the churchmen's suggestions was that opposition had been raised to the plan by the Orangemen's Organization.

"I don't know what they had to do with it," the Archbishop declared. "As fa ras I know the Orangemen's Organization is just another lodge. But apparently their objection wa sheeded by the authorities."

He thought another united attempt by churches would prove more successful.

Water Levels

Nelson—Wednesday, 5.90, Thursday 6.40.

And in This Corner . . .

LOS ANGELES, May 1 (CP)—A Java monkey named George may have earned himself a trip back to the jungle. At least the owners of the pet shop where he lives are seriously considering deportation.

George got out of his cage yesterday, freed a horned owl and five guinea pigs, ate $25 worth of tropical fish, kicked over five cages of canaries and two of parrots, scattered flower pots, boxes and pet supplies in all directions.

He was giving a parrot an airplane spin when owners Ralph Helfer and Irvin Freeman got him in tow.

Surveying the damage, they said they were only thankful the monkey didn't free Cleo, an 11-foot Boa Constrictor.

GRAND RAPIDS, Mich., May 1 (AP)—Because Grand Rapids has exactly 175,647 residents, according to the 1950 census, the City Commission has been promised a lobster dinner and clam bake.

A Maine seafood producer will celebrate its third anniversary this week by shipping out its 175,647th lobster.

The firm said it searched the U.S. census records to see if there might be a city with that number of inhabitants Grand Rapids qualified exactly.

The "birthday barrel" will include half a peck of clams and eight lobsters, the company said.

There are seven members of the commission.

C.A.R.S. Clinic Aids 25 At Nelson

Since founding of Canadian Arthritis and Rheumatism Society clinic in Nelson last November, 25 patients have received treatment and three have received their discharge.

Miss Jan Comfort, physiotherapist here, speaking at an Associated Canadian Travellers Ladies' Auxiliary meeting Wednesday told some 16 members of the clinic's progress in Nelson and of other Canadian Arthritis and Rheumatism Society activities throughout Canada.

Prior to the meeting, held at the home of Mr. and Mrs. A. G. Cooke, 719 Carbonate Street, members were taken on tour of the clinic which is located in Kootenay Lake General Hospital and given demonstrations of treatments, by Miss Comfort.

Plans for the Auxiliary's rummage sale to be held in late May were discussed at the general meeting.

A new member, Mrs. Robert Joy, was welcomed to Nelson Society.

The film "Royal Journey" was shown. Assisting Mrs. Cooke as cohostess was Mrs. W. H. Burns.

NOW—She Laughs at age

Springtime in her heart again! New-found gaiety, peppy energy. A neat, alive woman sparkling again, better color, fresh, calm youthfulness — has replaced the worn, tired look. No wonder life has taken on new interest. Yes, thousands of once faded women weary from blood-less poverty, have bloomed anew with the help of Dr. Williams Pink Pills. DR. WILLIAMS PINK PILLS

Western Chief Of Communications For C.P.R. in Nelson

P. G. McLean, general superintendent of communications for the Prairie and Pacific regions, Canadian Pacific Railway, was a Nelson visitor Thursday.

Mr. McLean, who was inspector in Nelson in 1929, is on a routine inspection tour. Since leaving Nelson, he has been inspector in Vancouver, from 1935 to 1944, then went East to Montreal where he was in charge of Eastern lines, and two years ago moved to Winnipeg to take charge of Western lines.

Accompanying him on his visit to Kootenay Division was R. V. Tombe, superintendent of communications, Vancouver.

Naval Band Here Today . . .

Sea Cadets Seek Headquarters To Enable Extension Present Benefits

To aid in a campaign for funds, to acquire a new headquarters for Nelson Sea Cadets, the nationally famous Royal Canadian Naval Band from H.M.C.S. Naden will appear in Nelson Friday and Saturday.

Since their inception, Nelson Sea Cadets have gained a multitude of educational, physical training and other benefits through the Navy League of Canada, Nelson branch.

Last year, 10 Sea Cadets were sent to Eastern Canada and 17 to the West Coast to train at various naval camps. The lads learned how to handle boats, to drill and to participate in a variety of Naval training.

The 1952 Navy League of Canada committee includes General Chairman L. A. McPhail; tickets and band performances, Richard Palmer; advertising, Mrs. R. H. Dill; tag day, Miss Winnifred Kinahan, Mrs. R. O. Leslie, Mrs. W. C. Laishley and Mrs. Kearns.

Oldtimer To Visit England

Robert Vyse, 43-years a Nelson resident, leaves today on a three-month visit to the old country.

Mr. Vyse, who will embark on the S. S. Scythia in Quebec City to visit his homeland which he left 44 years ago, will visit his three sisters, Mrs. J. Ayres at Burton on Trent in Stafford County, Miss E. Vyse and Mrs. J. Sewel at North Mymms Parish in Herts County where Mr. Vyse was born.

Before returning on the S. S. Franconia the latter part of July or early August, Mr. Vyse will also visit other relatives and friends.

Mr. Vyse, an air-brakeman, retired from the C. P. R. in January, 1951. He came to Canada from England in 1908 with his bride, Miss Daisy McCormich whom he married in London just five days before their departure. He spent a year in Ontario before coming to Nelson in 1909. His residence is 316 Kokanee Avenue.

SALMO BUS RUNS CHANGED

Interior Stages, to give better service to the public, has rearranged the Salmo schedule.

The bus, which originally left Nelson at 10:30 a.m. now leaves two and a quarter hours earlier at 8:15. Other buses leave Nelson for Salmo at 6 p.m. except on Sunday when they leave at 9 in the morning.

Buses leave Salmo for Nelson at 9:30 a.m. and 4:30 p.m. daily while Salmo bus leaves for Trail at 9:30 a.m.

Buses leave Trail for Salmo and Nelson daily at 3 p.m.

APRIL BRINGS 46 NEW ARRIVALS

The top floor in Kootenay Lake General Hospital was a busy place during the month of April. Forty-six babies arrived in 30 days.

Deaths during April numbered two in the city and seven in the district.

There were nine early Spring weddings in the city in April.

Michel People Honor Colliery Fireboss

NATAL, B.C. — Thomas Taylor, fireboss of Crow's Nest Pass Coal Company at Michel, who is going to Kimberley, was presented with a purse of money by I. Morgan, senior overman at the Michel mines, on behalf of officials of the colliery. Later women of the community held a social and dance in honor of Mr. and Mrs. Taylor.

Born in Michel, Mr. Taylor has lived here all his life with the exception of five years with the Canadian Army overseas in the Second World War. He had been employed as shotlighter prior to joining up, and after his discharge became fireboss.

Natal-Michel P.-T.A. Seeks Sidewalk Work

NATAL, B.C. — Need of improvements in sidewalks in Natal and Michel was discussed by Natal-Michel Parent-Teacher Association at its meeting here.

Members agreed to take the matter up with the minister of public works and the minister of education at Victoria.

A talk on Boy Scout activities in the Crow's Nest Pass was given by Dr. S. East, president of the Boy Scout Association, and H. Waldon, both of Fernie, who said Michel aerie, Fraternal Order of Eagles, is to sponsor a Michel Boy Scout troop. A film was shown.

Const. M. H. McLeod, who has been transferred to Fernie, resigned as president.

3618 Tons Go To Trail Smelter

TRAIL, B.C. — Ores and concentrates received by The Consolidated Mining and Smelting Company of Canada Limited at Trail, for the week ending April 12, 1952, totalled 3618 wet tons, of which 2131 wet tons were for treatment in the Lead Smelter and 1487 wet tons were for treatment in the Zinc Plant.

Rough Weather Prevents Salvage

VANCOUVER, May 1 (CP) — Rough weather has prevented a start on salvage operations to refloat the tug Victoria Straits which went aground on a reef at Merry Island, 40 miles Northwest of Vancouver, during a gale Tuesday night.

DRAMA CLUB WINS

SAINT JOHN, N. B., May 1 (CP) —Top award in the theatre conference costume exhibition, held in conjunction with the Dominion Drama Festival, was presented today to the Music, Art and Drama Club of St. Andrews, N. B.

. . . FORMER NELSON BOY, David Thomas, 22, who lost his life in a drowning accident at Kapuskasing, Ont., Tuesday, is pictured here as he was known when here. A graduate of Nelson High School and of McGill University, he was at the time of his death a chemical engineer for Spruce Falls Power and Paper Company. Only child of Mr. and Mrs. D. J. Thomas, Nelson residents from 1943 to 1949, he and Alan McBurney, 23, of Niagara Falls, drowned when their canoe capsized in Kapuskasing River. Vogue photo.

FRUITVALE TO GET NEW DOCTOR

TRAIL, B.C.—Dr. George Piercy, member of C. S. Williams Clinic office at Fruitvale for the past year, has resigned.

Dr. Piercy has left to enter partnership with another doctor in New Westminster.

Other local clinic staff members are maintaining the Fruitvale office until a new doctor can be obtained. A Dr. Love of Montreal has promised to join the clinic and may be posted to Fruitvale upon arrival.

Father of District Resident Dies

John Ray Sharp, father of Mrs. Marjorie Holloway of Rossland and Gordon Sharp of Trail died at his home in South Burnaby Sunday in his 79th year.

He is survived by his wife, two other daughters, Mrs. Mary Pearce, Brantford, Ont., and Mrs. Edna Pearce, Burnaby; three other sons, James, North Battleford, Sask., Garnet at Burford, Ontario, and Frank at Vernon, B. C.; and 14 grandchildren.

Funeral services were held Wednesday from the Royal Oak Funeral Chapel with Rev. W. J. Selder officiating. Interment was in Ocean View Burial Park.

Medicine Hat Bus Lines Delay Halt

MEDICINE HAT, Alta., May 1 (CP) — City bus lines, Medicine Hat's only public transportation system, has again set back its deadline for the halting of service. L. R. Blair, operator of the line, extended his deadline to Saturday.

Soldiers Happy

EDMONTON, May 1 (CP) — Maj.-Gen. Chris Vokes, general officer commanding Western Army Command, said today that soldiers of Canada's 27th Infantry Brigade in Western Germany are undergoing hard training but are healthy, happy, with an excellent standard of morale.

GUY LOMBARDO, dance band leader, received the "freedom of the city" from the Mayor when he visited his home town of London, Ont. It wasn't good enough to keep him from getting a parking ticket on his car, though, and Mr. Lombaro wants to know how to get the Chief of Police to tender him the "freedom of the city." He thinks it would be more profitable that way.

Great Northern Freight Traffic Triples in Year

Freight traffic on the Great Northern Railway line from Nelson to Spokane has "almost tripled" in the pa year, an official said Tuesday.

This will not alter the original schedule. However, two diesel locomotives instead of one are now in service on the line. General agent W. G. Harold said Tuesday the increase of freight is due to construction of the Cominco Power project at Waneta and the constant increase in movement of ore concentrates from the many mines located along the railway line.

The Great Northern travels South from Nelson to Ymir, Fruitvale, Waneta, Northport, Kettle Falls, Chewelah, Deer Park and points intermediate.

Purse Presented To Miss F. Boyd

Miss Florence Boyd, who has retired after 28 years as managers' secretary in Nelson branch of the Canadian Bank of Commerce, was presented with a purse at a farewell dinner in Gerigh's Lodge.

R. E. Horton made the presentation on behalf of Nelson business men.

Twenty-eight members of the bank's staff and their wives attended the farewell event for Miss Boyd, member of a pioneer Nelson family

Long-Time Cranbrook Resident Dies at 66

CRANBROOK, B. C. — Sawmill and hotel worker in Cranbrook for the last 40 years, Enrico Pellegrin has died at New Westminster at the age of 66. He was born at San Querino, Italy, and came here in 1913.

He is survived by his wife and two daughters, Mrs. H. E. Bertola and Mrs. H. W. Lucas, all in Cranbrook.

Private requiem was celebrated at St. Peter's Church in New Westminster, where burial took place.

Fights

By The Associated Press

BALTIMORE — Johnny Saxton, 147½, New York, knocked out Bobby Lee, 152¼, Baltimore, 7.

MIAMI BEACH, Fla. — James J. Parker, 203¾, Toronto, stopped Hank Thurman, 206, Modesto, Calif. 6.

SALT LAKE CITY — Dale Hall, 210, San Francisco, knocked out Junior Payne, 262½, Oakland, Calif. 2.

Manchester United Leaves On N.A. Tour

SCUTHAMPTON, May 1 (Reuters) — Seventeen members of the Manchester United Soccer Club — winners of the English League championship — boarded the Queen Elizabeth today for a Canadian and United States tour.

The Manchester squad, which took the soccer crown by beating Arsenal 6-1 last week, last toured North America two years ago.

This year the team will play Tottenham Hotspur, another top-flight British team, in Toronto May 14 and New York May 15.

Other matches on the schedule are: May 9 at Kearney, Neb., May 11 at Philadelphia, May 13 at Montreal, May 18 at New York, May 21 at Fall River, Mass., May 25 at New York (against a Stuttgart, Germany, club), May 27 at Chicago, and June 1 and 8 at Los Angeles (against Mexico), and June 11 at Detroit.

As all the airmen were equipped with parachutes and individual dinghies which would keep them afloat indefinitely, searchers believe there is a good chance some if not all of the seven fliers are still alive. Search planes are equipped with lifeboats which will be dropped, as shown, by parachute if the men are sighted.—Central Press Canadian photos.

BRATTON BEATS LANGLOIS IN 4TH ROUND TKO

MONTREAL, May 1 (CP)—Johnny Bratton of Chicago won by technical knockout over Pierre Langlois of France in 2 minutes and 30 seconds of the fourth round of a scheduled 10-round fight tonight.

Bratton, former National Boxing Association world welterweight champ, entered the ring at 148¾ and Langlois, French welter champ, weighed 150.

Langlois went down under Bratton's powerful right. He came up at the count of eight but was still groggy and bewildered and swaying on his feet.

His handlers signalled from the corner he had had enough and it was Bratton's fight by a T.K.O.

BABE PRATT MAY RETURN TO ROYALS

VANCOUVER, May 1 (CP) — Walter (Babe) Pratt, big, colorful hockey player, is returning to New Westminster to coach the Royals, it was reported today.

Pratt, who played this season with Tacoma in the Pacific Coast Hockey League, was three years with the Royals, two as coach, winning the 1949-50 league championship.

"I want that job back," he said today. "We'll win the championship."

Owner Kenny Mackenzie declined to confirm the report, saying: "Next season is a long way off." But, he didn't deny it.

Rickey Mum on Pirate Finances

PITTSBURGH, May 1 (AP) — Reports that Branch Rickey has asked the three Pittsburgh Pirate owners for $300,000 to bolster the club's finances brought a strong denial from Rickey today.

Published reports had the Pirates general manager planning to ask John Galbreath, Tom Johnson and Bing Crosby for $100,000 each in anticipation of another losing financial year.

Rickey said:

"This is the first I've heard of it. But if the club needed money — even a million dollars — that's something I wouldn't discuss with anyone."

One report said the reason for Rickey's need of money is his expensive build up of a farm system and the 1951 signing of several hundred players. It is said Rickey spent in excess of $600,000 accomplishing this.

Grieff-Sommers Team Win Whist

A. Grieff and William Sommers were winners of first prize at the Joymakers' partner whist Thursday evening, with second prize going to Mrs. M. DeGirolamo and Mrs. A. Wallace and third to Mrs. G. Olson and Mrs. M. Johnson. There were 12 tables in play.

Refreshments were served by Mrs. Keffer, Mrs. Prout and Mrs. M. Vanruyskensvelde and dancing followed. Albert Smith was the evening's master of ceremonies.

Plant life in the Arctic consists mainly of Arctic willows, mosses and grasses.

Michaluk Escapes Indictment on Manslaughter Charge

TIFFIN, O., May 1 (AP) — The Seneca County grand jury yesterday returned a "no bill" on a charge of second degree manslaughter filed against Arthur Michaluk, 28, of Canmore, Alta.

This amounted to a refusal to indict him.

Michaluk plays hockey with Providence of the American Hockey League.

State highway patrolmen filed the charge last Saturday after the death of John W. Tewalt, 27, a milk truck driver. Tewalt was hurt in a collision with Michaluk's car on Friday, eight miles East of here. Shortly after the accident Michaluk was fined $40 and costs in mayor's court for driving over a centre line on the highway.

Young District Orators Compete Here Tonight

Four district contestants will take part in Knights of Pythias speaking contest in Memorial Hall Friday night.

They are Georgina McNay, Francis Godderis, Maureen Paterson and Barbara Hyndman and the winner will compete in the eliminations at Castlegar on Sunday.

This is an international contest with the finals to be held in Springfield, Illinois, in August, with the first prize a $1000 scholarship at any university or college in Canada or United States. The second prize is a $500 scholarship, with four other prizes of $250 scholarships.

The first Tuesday in November is not always the United States election date; it must be the first Tuesday after the first Monday.

Socred Candidates Named in Two More Ridings

Nelson Man Is Nominated in Kaslo-Slocan

NAKUSP, B.C.—E. W. Bourque, in the insurance adjusting business in Nelson and a prominent man in the Social Credit movement in the Kootenays, Thursday night was chosen as Social Credit candidate for Kaslo-Slocan in the June 12 provincial election.

He received the nomination in a three-way contest, Mrs. Martha Slater of Edgewood and a Mr. Collier of Lardeau also being nominated.

Mr. Bourque was nominated by C. S. Sinclair, vice-president of the Kaslo-Slocan Social Credit organization.

More than 150 members and delegates from various parts of this scattered riding attended the enthusiastic convention.

A veteran of overseas service in the First World War, Mr. Bourque has been engaged in a number of activities in provincial and national spheres prior to establishing an insurance adjustment office in Nelson recently.

He was regional supply manager for War Assets Corporation in charge of B.C., Alberta and the Yukon before being transferred to Montreal to take charge for War Assets in Eastern Ontario and Quebec.

From 1947 until 1948 he was superintendent of commissary sales and services for B.C. Forest Products.

He is a former president of the Young Liberals Association of Vancouver Island.

BATTERED FRONT END was suffered by this car after crashing into a rock one-half mile East of South Slocan. Four persons were taken to hospital by West Kootenay Ambulance as a result of the smash-up, allegedly caused by an approaching car travelling on the wrong portion of the highway.—Photo by R. Mulloy.

Howard King Wins On First Count in Cranbrook Riding

CRANBROOK, B. C. — Howard King of Cranbrook was nominated Social Credit candidate for Cranbrook riding June 12 in the party's nominating convention here Thursday night.

His name was proposed by Mrs. Harold Lyons of Cranbrook. He won nomination on the first ballot over four other nominees, T. E. Mills, E. D. Henrie and J. P. Rokosh, all of Kimberley, and Herbert Andrews of Cranbrook.

Presided over by W. J. Wilson, the convention was enthusiastic and well-attended.

Other Cranbrook-Kimberley candidates nominated already are L. T. Nimsick of Kimberley, C.C.F., G. E. K. MacDonald of Cranbrook, Progressive-Conservative, and M. C. Klinkhamer of Cranbrook, Liberal.

Mr. King is a former rancher, and has been manager of the Cranbrook District Farmers' Cooperative for several years.

Taxation Relief Asked of City For St. Josephs

City Council's Finance Committee has under consideration a request from Nelson Catholic Public School Board for a grant equal to the tax bill, $622 in 1951, for St. Joseph's Academy. Council referred the appeal to the Finance Committee.

St. Joseph's is a free "public" school operated entirely upon chiritable donations, A. L. Cartier, School Board Secretary, said in a letter. Approximately 180 children attended. This, he stated, resulted in a considerable saving to Nelson taxpayers.

With rising costs, it would have been necessary to have closed the school long ago were it not for willingness of the teachers to work for almost nothing, as well as the increased generosity of the school's supporters, he continued.

The school operated on a budget of just over $8000. In the last two years, taxes had been increased by over $200, bringing the total tax to about 10 per cent of the budget.

Most B. C. separate schools were in Vancouver, where the City exempted such schools from taxation. The Municipal Act did not give the City of Nelson power to exempt St. Joseph's from taxation, so this privilege was not sought. British Columbia was the only place in North America where similar schools were taxed.

Mr. Cartier said it would be impossible to pay the school's tax bill on time this year. Because of the circumstances, "we appeal to your sense of justice and fair play and ask that you make a grant equal to our tax bill."

A precedent for this procedure in relieving triply taxed separate school supporters existed in the annual grant of the City of Fernie—an amount equal to the tax bill on the separate school there.

If the request could not be granted, Mr. Cartier asked that the City waive penalties for delayed payment of taxes "upon our promise to make an effort to pay the taxes at $100 per month commencing July 1."

GRESTON EXTENDED a warm handshake when the special train carrying Southern Alberta business men on their goodwill tour of the Kootenays stopped at the East Kootenay centre. Gordon Alger, left, president of Creston Board of Trade, greets R. J. Kitson, president of Lethbridge Chamber of Commerce which sponsored the tour.—H. M. Buckna photo.

Mystery Fire Destroys Blewett Garage

A fire that started "for no apparent reason" Wednesday destroyed a Blewett garage.

The garage, owned by P. K. Refbin, was empty except for a few pieces of lumber.

Investigation by R.C.M.P. revealed "there was nothing electrical in the garage that might have caused a fire, nor were there any other items kept there that might be responsible for the blaze". Police say, however, no evidence of arson was uncovered.

The blaze was first noticed by passing motorists who aroused Dr. Peter Reibin, son of the owner, about 11 p.m.

The garage burned to the ground in less than an hour.

In 1948, radical Sons of Freedom destroyed a barn, chicken house and farm machinery on the same property, valued at $2500. Police recall that at that time, a number of arsonists were sent to prison for the offence.

No insurance was carried on this property nor on the garage destroyed in Wednesday's fire.

The garage was valued at $350.

One Month Jail for Smashing Window

John R. Sturrock of no fixed abode pleaded guilty to a charge of causing wilful and unlawful damage Thursday in the smashing of a window in the New Grand Hotel Wednesday night.

He was fined $20 and ordered to pay $20 damages by Magistrate William Brown in City Court.

Sturrock took an alternative one month imprisonment.

Mail Service Improvements Under Study

Means of improving mail service in the Kootenays in connection with new railroad service, is under study.

Conducting a survey is Alan L. McLean, mail transportation officer in charge of routing mail in the West from Vancouver to Maple Creek, Sask. Mr. McLean formerly was a railway mail clerk for the Postal Department in Nelson. He moved to Vancouver in January.

Mr. McLean spent Wednesday and part of Thursday in Nelson before proceeding East.

Picketing Still On in Grand Forks

GRAND FORKS, B.C. — About 14 employees of Grand Forks Sawmills, members of Grand Forks local of the United Woodworkers of America, and prospective employees, are still conducting their 24-hour picket of the property.

No negotiations between the management and the picketers have yet been indicated.

The picketers set up a tent for night picketing, light a bonfire and sing during the hours of darkness.

Moose Factory, at the mouth of the Moose River on James Bay, was first settled in 1673.

South Slocan Accident Sends Four to Hospital

Four persons were taken to hospital when a car in which they were riding left the road near South Slocan and crashed into a boulder about 3 a.m. Thursday.

Driver of the 1952 sedan, Alec Katelnikoff of Blewett, and Peter Popoff of Taghum, were released from Kootenay Lake General Hospital after being treated for back injuries and facial bruises.

Nancy Ostrikoff and Teena Popoff are reported to be in good condition in hospital here. Miss Ostrikoff is suffering a sprained ankle. Back injuries sustained by Miss Popoff have not yet been determined. Both girls are from Nelson.

Katelnikoff told R.C.M.P. he was driving at a speed of 40 or 45 miles per hour when the accident occurred. He said an oncoming auto was travelling on the wrong side of the highway, forcing Katelnikoff to "take the ditch" to avoid a head-on collision.

The car travelled 80 feet before crashing into the boulder, about one-half mile East of South Slocan.

Damage to the auto is estimated at $1600.

R.C.M.P. are investigating.

Cominco's Slate Accident-Free

TRAIL, B.C. — First shift in the annual safety month campaign conducted by the Consolidated Mining and Smelting Company was completed Thursday, and by 4 p.m. no accidents had been reported. The high-powered campaign is scheduled to continue until May 31.

The result of extensive planning and organizing, the safety campaign will follow a similar pattern throughout Cominco's Canadian operations. This is the third annual month-long campaign to keep everyone concerned at all times aware of safety principles and safety officials give much credit to the effort for the low accident records of the company.

During the first day safety officials representing different departments held a meeting in cooperation with the publicity department to which Press and radio representatives were invited. Together they reviewed the program and viewed undertakings and safety prevention methods entered into by different departments.

"SALOME" IN TOW

Score boards have been put up at near main gates to signal in either red or green the number of accidents or no accidents, day by day. Various divisions are entering into the full spirit of the campaign with safety-conscious promotion students. At Warfield, "Salome," a live pig carted about by a disreputable-looking character who parks with his fondling at the place with the poorest housekeeping in one division. Each department is responsible for the movements of a horse which is to advance along a bill board each accident-clear day.

Wednesday four divisional representative teams will compete against one another in the Labor Day sports cup event at the Cominco Arena. The winner of this event will represent Trail operations in the Blaylock Rose Bowl first aid competition in Trail. More than $1500 in prizes will be given to Trail employees in contest, mainly stressing safety, and designed to reach into the home and school.

In the many slogans devised for the campaign the outsider touring the plant has not been forgotten. They include "Welcome Visitor, Stick Close To Your Guide and Save Your Hide."

Sailors in the British Navy wear black neckerchiefs to commemorate the death of Admiral Nelson in 1805.

Rossland C.C.F. Leader Resigns

TRAIL, B.C. — E. L. Walker of Rossland has resigned his position as president of Rossland C.C.F. Club, and has turned in his membership card. Resignation was announced after Mr. Walker had been accused of "attacking" the party at the Trail-Rossland C.C.F. nominating convention.

LABOR UNION STAND

At the convention, Mr. Walker asked the newly-named candidate, Erling Johnson of Nakusp, to express his policy with regard to labor unions. The candidate at the time, declined to make a statement, as did Randolph Harding, C.C.F. M.L.A. for Kaslo-Slocan, who was guest speaker at the meeting.

Mr. Harding appealed for "unity in the party" and said that the C.C.F. platform, including its policy on labor, would be announced in the near future, and would appeal to all labor men.

Mr. Walker reported today that, following the meeting he had been "jumped" by officials of the local party, and accused of "attacking the party."

The C.C.F. is recognized as being the political arm of the Canadian Congress of Labor, with which the United Steelworkers of America is affiliated. The Steel union in Trail is trying to obtain certification as bargaining agent for Cominco workers, presently held by Local 480, International Union of Mine, Mill and Smelterworkers Ind.), of which Mr. Walker is an official.

Mrs. E. Y. Brake Dies, Aged 80; Here 33 Years

Mrs. Anna M. Brake, Nelson resident for the past 33 years, died at Kootenay Lake General Hospital late Thursday afternoon at the age of 80.

Mrs. Brake came to Canada from Berkshire, England, in 1898 and had lived in various parts of B.C. prior to coming to Nelson in 1919. She was predeceased in 1934 by her husband, Edward Young Brake, who had been employed with the C.P.R. in the yard office.

She is survived by one daughter, Mrs. P. S. Coulter of Winnipeg; one brother, George Cook in England; three sisters, Mrs. Fred Horton and Miss Mary Cook in England and Mrs. Elizabeth Griffin of Victoria.

J. Kosiancic, Crescent Valley Pioneer, Dies

Jacob Kosiancic, pioneer resident of Crescent Valley, died at Mount St. Francis Thursday at the age of 82.

Mr. Kosiancic was born in Trieste, Austria, and went to Rossland from Pittsburgh, Penn., in 1902. Two years later he went homesteading in Crescent Valley, where he engaged in farming and lumbering.

He is survived by his wife, two sons, Valentine and Jack; one brother, Joseph of Creston, and 11 grandchildren. He was predeceased by a son, Joseph, in 1943.

Funeral services will be held in Nelson.

ACCIDENT VICTIMS TO TRAIL HOSPITAL

TRAIL, B.C. — Funeral service for Franz Hildebrandt, who was killed in a car accident in Washington early Saturday morning, will be held here Friday afternoon at Knox United Church.

Two of the three other Trailites injured in the accident, Mrs. Hildebrandt and Jake Sawetski, were brought to the Trail-Tadanac Hospital Tuesday night by Clark's ambulance, from Chewelah, Wash., where they had been hospitalized since the accident. Mrs. Sawetski will remain in Chewelah hospital for three or four weeks, as she is too ill to be moved.

STOCKHOLM (CP) — Floodlighting of a lighthouse has been tried in Sweden as a means of saving migrant birds. First lighthouse to adopt the system is Lange Jan on the Baltic Island of Oland, favorite passage for thousands of migratory birds, which formerly were found dead there in large numbers after hitting the structure.

Invermere Concert Aids Anglican Church

INVERMERE, B.C. — Community spirit of high calibre was displayed at a concert staged in Lake Windermere Memorial Community Centre here in aid of the Anglican Church parish.

Not only did the communities of the valley unite in a combined effort to put forward some of their best talent, but members of other churches were conspicous among the performers. The result was a well balanced variety show offering enjoyable entertainment.

The program opened with a double quartet trained by Fred Job which presented three songs, and a recitation was given by Mrs. Jack Whiteside. The Invermere High School Drama Club presented "Sunday Costs Five Pesos", directed by Donald Levey. Two Morris dances were performed by a group of little girls who had been trained by Mr. Job, and Edgewater presented a variety of items including an effective trio tap dance, violin solos by Mrs. Eugen Seel, a piano solo by Mrs. George Tegart, a solo tap dance by Miss Ingrid Seel and a gypsy dance by Mrs. Eugen Seel and Mrs. Chris. Madson. The final item, 'Family Album', was presented by the "Just-a-Mere 4-H Sewing Club" under the direction of Mrs. Kenneth Marples.

Nakusp Choir Boys Visit Communities

NAKUSP, B.C. — Boys of St. Mark's Anglican Church attended services in St. John's Church in Arrow Park and St. Stephen's in Burton, singing their Easter anthem.

Jimmy Anderson and Kenneth Stanley were soloists in opening section of the anthem, and the presentation was well received. Miss Betty White drove the boys to the services, and Mrs. P. Evans, Mrs. J. Johnson, Mrs. A. Johnson and Mrs. H. Porter assisted.

Greenwood Board Has Gala Banquet

GREENWOOD, B.C. — "Problems of Education" was the topic of an address by Everett Bates, West Summerland school principal, at the annual banquet of Greenwood Board of Trade.

Mayor W. E. McArthur welcomed the visitors and thanked people from Grand Forks and Midway for their cooperation.

Rupert Haggen of Grand Forks, M.L.A. for Grand Forks-Greenwood, reported on his term at Victoria and told of many improvements which were hoped for in the district.

A graceful Japanese dance was performed by four local girls in colorful Oriental costumes. The dance was "Kohya O Yuka" and dancers were Jitsayo Hamaguchi, Sumiko Oye, Mary Tanaka and Akemi Ishida, and their teacher, Mrs. Tatsuko Hamaguchi.

A second dance, entitled "Kyo Ningyo" was performed by Margaret Akamoto and Mary Anne Hamaguchi, directed by Mrs. Fumiko Izumi.

Glen Weatherley, president of the Board of Trade, presided, and grace was said by Rev. Adam Crisp. Other speakers included Mayor Ora Stevenson of Grand Forks, Stanley Orris, deputizing for the president of the Grand Forks Board, Dr. D. A. Perley, Rev. Father Davis of Greenwood, and E. C. Henniger.

A sing-song was led by J. W. Dobbie, and Mas Oyama showed two films. Women's Institute members provided the banquet.

INQUEST TODAY INTO DEATHS

CRANBROOK, B.C.—An inquest will be held here today into the mysterious deaths of Joe Mission, 41, and Melchoir Barnaby, 40, found lying beside a road on St. Mary's Indian reserve here Tuesday. There was no sign of violence.

Mission was dead when the pair was discovered. Barnaby was unconscious and died later in hospital.

Kimberley Seeks Probation Officer

KIMBERLEY, B.C. — Appointment by the provincial government of a qualified probation officer in East Kootenay was asked in a resolution passed here at a meeting of representatives of interested groups.

They included City Council, social welfare agencies and church youth organizations.

George Clinton is voluntary juvile probation officer for Kimberley and he has appealed for an assistant volunteer as the number of juveniles on probation is too large for one volunteer officer.

W. S. Jackson of Nelson, probation officer, was speaker at the meeting, outlining duties of such an officer. He would be under the attorney-general's department to work closely with social welfare, police and courts within East Kootenay first in prevention of delinquency and in a consulting capacity to court officials, and second in a supervisory capacity for both adults and juveniles on probation following court conviction.

CONSTRUCTIVE WORK

A particular objective would be channeling of energies of young first offenders back to constructive purposes following lapses into delinquency, through aid toward employment and recreational opportunities.

An East Kootenay officer would deal with these matters in the various communities of East Kootenay including Creston, Cranbrook, Fernie and Kimberley and their respective districts. At present an estimated 30 cases exist where such an officer would be of constructive service.

Provincial Probation Act was passed in 1942 and since then ten probation officers have been appointed at various locations in the province. Social service trained personnel serve.

The meeting was sponsored by the recently constituted Kimberley Juvenile Court committee.

LIFE MEMBERSHIP in Kaslo Board of Trade is presented to Gordon Bowker by W. V. Drayton, president. The presentation took place recently at the Board's annual "ladies' night" banquet.

Increased Building Costs Likely Due To Construction Workers' Pay

TORONTO, May 1 (CP)—Higher prices, higher taxes and higher monthly payments were cited today as causes for a drop in housebuilding by the annual report of the Dominion Mortgage and Investments Association.

The report said attention has been focused "on the tightness of mortgage money" as a reason for the let-down. However:

"Fewer people are able or willing to purchase houses at present prices. Builders are more cautious in undertaking large projects. More completed houses remain unsold, even though fewer houses are being completed."

The Association has a membership of 49 insurance, trust companies, and the report, presented to the Association's annual meeting, was signed by M. J. Smith, President, of Waterloo, Ont.; and by G. C. Lindsay, first Vice-President, J. T. Bryden, second Vice-President, and H. E. Langford, Past President, all of Toronto.

"Residential construction costs in 1951," said the report, "were 15 per cent higher on the average than in 1950. Judging by wage demands of construction workers, another substantial increase in costs is in the offing.

"Larger mortgages require increased payments of principal and interest. Mortgage interest rates have gone up. Municipal taxes have been and are rising sharply."

OUTLOOK STEADY

The report said the average loan by member companies to finance the construction of new single-family dwellings is running at about $7800, compared with $6200 in 1950 and $5400 in 1949."

For the current year the outlook is for a continuance of a fairly high level of mortgage-leading activity; and the supply of mortgage funds is not likely to be as tight as in the June-November period of 1951."

The report said that much of the criticism of the Federal Government's surplus "is unjustified." The surplus itself had been anti-inflationary, but the disadvantage of a government surplus is that "it encourages government spending."

"The criticism should be directed at the level of government spending and the burdensome taxation which produced the surplus. More and more it is becoming recognized that high taxes may be inflationary, since they are passed along to the consumer and become embedded in the price level."

Tiny Baby Wins Fame

MEDICINE HAT, Alta. (CP) — Baby Gary Anderson does not know it yet, but he made medical history here.

Gary, son of Mr. and Mrs. Allan Anderson of nearby Irvine, was born three months prematurely at the Medicine Hat General Hospital. He weighed only two pounds at birth. Very few of these babies survive.

He was the tiniest bit of humanity ever brought into this world alive at the hospital. "Just like a kitten" was how one nurse described the infant when he was born.

Gary spent 11 weeks in an incubator before his parents were allowed to take him home. He weighed six pounds, one ounce when he left the hospital.

His parents give credit for his survival to Dr. W. C. Campbell and Mrs. C. Ross McKay, supervisor of the maternity ward.

The survival of the baby is not only something of a record for Medicine Hat, Dr. Campbell is preparing the infant's case history for a medical journal as a future reference in similar cases.

More than 6000 compositions have been credited to Hans Sachs, the German shoemaker-poet who died in 1576.

Movie Gossip

Leading Stunt Man Deplores Use Of Stock Shots From Old Films

By BOB THOMAS

HOLLYWOOD, May 1 (AP) — "This business isn't what it used to be."

That was the sad comment of Duke Taylor, one of Hollywood's leading stunt men. He and some colleagues had just finished staging a wild for "City Beneath the Sea," in which they tear apart a bar.

"The movies don't put on the major stunts they used to. The studios use stock shots from old pictures. I'll be glad if television does make the movies convert to making all pictures in color. Then the studios will have to re-shoot in color all those stunts they now have in black and white."

TRAINED HORSES

Stricter regulations concerning horses have also cut down the stunt men's work.

"We can no longer stage a real fall," he said. "I did it for years, and I never injured a horse. Then the studios started hiring stunt men at cheaper price, and they didn't know how to do it. After they had broken the legs of a few horses, the humane officials made them stop. Nowadays when you see a horse fall on the screen, it's an animal that has been trained to fall. That's not like the real thing."

Taylor a former football star, has been in the stunt business 17 years. He has never broken a bone.

How long can a stunt man last?

"As long as he keeps in shape," Taylor replied.

Canada's Importance To Members Of Commonwealth Stressed In U.K.

By E. S. JOHNSON
Canadian Press Staff Writer

LONDON, May 1 (CP) — Currency union or a common Canada-United Kingdom budget as possible means of solving economic problems facing the two countries were suggested today by A. H. S. Hinchliffe, retiring President of the Association of British Chambers of Commerce.

In his valedictory address at the annual meeting of the organization Hinchcliffe, who toured Canada last year with a team of British business men, said encouraging progress had been made in dissolving misunderstandings between the two countries, but much still remained to be done.

VALUABLE WORK

No piece of public work would be more valuable than the promotion of good understanding with the Canadian business world. But the long-term objective of the Association must be more ambitious than the mere stimulation of British exports to the dollar market.

"We must not rest until men and their money can move to and fro between this country and Canada without obstacle or hindrance.

"The good people of Canada want us to help them develop their wonderful riches, both with money and manpower. We must not miss the chance . . . we should be seeking ways and means of some broader, and bolder solution to the economic problems which beset us, even if it means some special relationship such as a currency union or a common budget."

Importance of the position occupied by Canada in relation to Britain and to the destinies of the whole democratic world could not be over-emphasized. It was fortunate that a nation possessiong almost limitless natural resources and whose "dazzling" future was assured, should be a member of the British Commonwealth.

But members of the Commonwealth family, he submitted, should be in continuous session, wrestling with their economic troubles with the same determination and spirit they applied to wartime strategy against a common enemy.

Only Nice Girls To Greet the Sailors

MIDDLESBROUGH, England, May 1 (AP)—British tars who have been going from the deep blue sea to the devil are in the middle of a pretty kettle of fish today—80 church-going beauties against the painted dolls of the waterfront.

Rev. Cyril Kettle organized the church girls, ready for the call to swarm over the dockside area and flaunt their charms against ladies of ill repute who try to entice lonely sailors on leave.

LONGTIME PROBLEM

Kettle said the temptations of the tars have been a longtime problem and a losing fight up to now—until he thought of fighting fire with fire and women with women. When the next ship comes in, he'll turn his beauties loose.

He's chocosen 50 fresh-faced lassies —"all full-blooded and good Christians"—and is certain that the sailors will walk disdainfully past the heavily-painted girls in high-heeled shoes.

"My girls make them look as flat as last night's beer," he boasted. "They are the sort of girls a sailor's mother would like, but they're not hot gospellers who will try to ram religion down the chaps' throats."

UNDERSTANDS SAILORS

Kettle says he understands the sailors' problem—"Any normal man likes women, and a sailor who has been at sea for months desperately needs a girl's company. I mean to see he meets the right type of girl."

After the enticing is done, the sailors will be steered to a mission for seamen that Kettle runs—"In the mission they'll be able to dance with them, play table tennis, talk and have meals with them."

One of the 50 beauties, red-haired, 23-year-old Joan Tweed, said some of the girls had given the plan a trial run and it worked.

"The sailors smile happily when they see us," she said. "It makes me feel like some sort of guardian angel."

Ottawa Agrees To Take Surplus Meat In Alberta Packing Plants

CALGARY, May 1 (CP)—The Dominion Government has advised Alberta packing plants that it is prepared to take all surplus meat carcasses weighing 600 pounds and dressed to conform with existing standards, it was reported in Calgary livestock circles today.

Word that the Government was prepared to support meat prices was received late Wednesday afternoon in telegrams from the marketing service, Dominion Department of Agriculture at Ottawa, and less than 15 minutes later the local market was "on fire."

It is understood that the support-price program is confined to Alberta only, because of the serious backlog of cattle in this province. In Southern Alberta alone it has been estimated that 60,000 head of cattle will be ready for market between now and July 1.

Robert McCubbin, Parliamentary assistant to Hon. J. G. Gardiner, Minister of Agriculture, who has been in Calgary the past few days conferring with packing plant officials on support prices, left for Ottawa Wednesday evening after it had been announced that some action was being taken by the Department to alleviate the situation here.

The new development is expected to result in a heavy run of cattle to Alberta markets next week. Thousands of head of heavy steers have been retained on feed lots throughout the South in the hope that some support program would be announced, to keep beef on the hoof prices from sinking disastrously.

LONDON (CP) — A double-brick "pillbox" embedded in four feet of concrete caused much speculation as to whether it was an air raid shelter or a gun emplacement. An official explained it was the new Food Office strongroom to hold 30,000 ration books. "Only dynamite could blow it open."

Y.W.C.A. COULD INFLUENCE WORLD

TORONTO, April 30 (CP)—Marion Royce, a Canadian member of the World Y.W.C.A. staff at Geneva, Switzerland, said today contributions to the community of voluntary organizations such as the Y.W.C.A. may influence world government.

Addressing the Y's National Council, she said the contributions have more than local significance and stretch into the national field.

As an example, voluntary organizations had received their first big constitutional recognition from the United Nations. It was significant that all material submitted to the U.N. Commission on the Status of Women had been incorporated in their reports.

Miss Royce suggests that national and local Y.W.C.A.s could be looking into the problems of part-time work for women and employment for older women, the question of equal pay, and why there are so few women in high positions in the U.N.

Dr. Hett Decision Quoted In Full

TORONTO, May 1 (CP)—Lawyers for Dr. John E. Hett of Windsor have suggested to The Canadian Press that it was unfair to the doctor April 16 in a summary of 1945 findings of the Ontario Commission for the investigation of cancer remedies.

The CP story, reporting that Dr. Hett was barred from practice for a second time by the Ontario College of Physicians and Surgeons, used the following sentence to report the 1945 decision: "The commission decided the serum was harmless but without proved value."

Dr. Hett's lawyers asked that the commission's conclusion, after investigating Dr. Hett's cancer treatment, be reported in full. It read:

"The evidence submitted shows that no harm has resulted from the administration of the substance in the hands of Dr. Hett, and, as indicated in this report, that a limited number of cases of cancer treated by Dr. Hett have shown recovery; but at this date there is not sufficient clinical evidence nor laboratory studies which would justify a conclusion that the substance and method of treatment in question has merit or value as a remedy for cancer."

The college first barred Dr. Hett from practice in 1937. He was reinstated a year later after agreeing to disclose his formula to the commission. The barring announced April 16 was because "he has refused consistently to divulge the formula of his secret remedy to any recognized medical research centre by which the curative values of his secret preparation could be assessed and thereby would be made available for all humanity."

Refuse Reasons for Higher Bus Fares

VICTORIA, May 1 (CP) — Public Utilities Commission has refused to give the City of Victoria written reasons for its consent to increased B.C.E. bus fares.

In a letter to City Solicitor A. J. Patton, the P.U.C. said:

"The Commission has noted your wish to obtain a detailed statement in writing of the reasons granted by it on March 28, 1952, and declines to furnish such a statement as no written reasons for the consent were issued."

The city could appeal to the Lt.-Gov. in Council. While the P.U.C. is not compelled to state a case on the City's application, it would have to on an application from the attorney-general.

Civic Reform Association of Vancouver has already served notice on the P.U.C. of its intention to appeal.

East Kootenay Leads B. C. Coal Output

VICTORIA, May 1 (CP) — British Columbia's coal output in March was above what it was in the corresponding month of last year.

Total provincial production for March was 146,498 short tons, compared with 139,821 last year.

East Kootenay district was the heaviest producer with 103,206 tons of coal being taken. Vancouver Island production was 38,060, compared with 45,962 last year.

Seattle Reduces Price of Milk

SEATTLE, May 1 (AP) — The price of milk was scheduled to drop one-half cent a quart today in Seattle and most of Western Washington.

The decrease will reduce the price of home delivered milk to 22 cents and to 21 cents in stores.

Men Fight Flames to Tune of Hot Music

TORONTO, May 1 (CP) — Firemen fought a fire to the tune of hot music last night. No sooner had they arrived at the scene when intense heat set off the starting mechanism of an old-fashioned phonograph in the blazing suburban home. It blared: "So you think you've got troubles." Firemen didn't have too much trouble putting out the fire.

New Service Council Appointed by Synod

VICTORIA, May 1 (CP) — The B.C. Diocesan Synod voted today to name members to a new social service council.

The council will study all social questions and report regularly to the bishop of the diocese. It will have authority to offer legislative suggestions to the government upon consent of the bishop.

The new council may consider revision of B.C.'s liquor laws as one of its first matters.

Archbishop Harold Sexton, head of the diocese, declared that while liquor reform was necessary, any changes should be in the moral interests of the people of the province. He spoke against statute changes which would merely afford increased facilities "for drinking in the wrong places."

DEATHS

By the Canadian Press

Canberra — Gabriel Padovani, French ambassador to Australia since 1949.

New York — Mrs. Bessie Marsh Brewer, 68, noted lithographer who illustrated the works of Charles Dickens.

Chicago — James M. Mulroy, 59, former executive assistant to Gov. Adlai Stevenson of Illinois and Pulitzer prize winner in 1924.

London — Charles Edward Wurtzburg, 61¼ prominent British shipping man and president of Chamber of Shipping of the United Kingdom.

Fisheries Council Conducts Election

VANCOUVER, May 1 (CP)—R. G. Smith of Halifax has been elected president of the Fisheries Council of Canada. He succeeds Francis Millerd of Vancouver.

The slate of officers, elected at the closing business session of the annual convention Wednesday, was announced today.

British Columbia directors include J. Leaver, Victoria, and the B.C. vice-president is R. T. Hager, Vancouver.

Natal Notes

NATAL, B. C.—Mr. and Mrs. A. Stella of Calgary visited Mr. and Mrs. A. Porco recently.

Mr. and Mrs. S. Mukuk of Toronto are visiting the Mukuk brothers, Joe and John, in Michel.

Miss Margaret Margytsk of Grand Forks is spending a brief visit with her mother.

A surprise birthday party was held at Michel in honor of Jackie DeLucs, who celebrated his 16th birthday. Highlight of the evening was a trip to Fernie.

A farewell party, with close to 300 people attending, was held in I.O.O.F. Hall in honor of Constable and Mrs. Myles McLeod. Constable McLeod has been transferred to Fernie after being in charge of the Natal detachment for more than four years. The evening was well enjoyed by the huge crowd, representing Natal, Michel and Sparwood. Numerous games were played, and musical entertainment given, along with modern and square dancing. Gifts were presented to the couple.

New Denver

Mrs. K. Takenaka entertained in honor of her youngest son, Jim, on his eighth birthday.

Miss Mary Ennyo has returned from two weeks' holiday with relatives in Greenwood.

SIMILKAMEEN CHOOSES SOCRED CANDIDATE

PENTICTON, B.C. May 1 (CP) — A Pentecostal minister has been nominated as candidate for the Social Credit party in the Similkameen riding.

Rev. Harry Francis, pastor of the Osoyoos Pentecostal Church, was nominated at a party convention held Wednesday.

U.K. Asks Egypt For Compensation

CAIRO, Egypt, May 1 (Reuters)—Britain today demanded that Egypt pay "adequate compensation" for the loss of British lives and property during the "black Saturday" riots in Cairo Jan. 26.

The claim for loss of life, personal injuries and loss of property by Britons is expected to total about £2,000,000.

A claim for £200,000 has already been made on behalf of nine Britons killed when rioters set fire to the British Turf Club, and for several others injured in the riots.

One of those killed was J. MacLeod Boyer of Victoria, N.B., Canada's trade commissioner to Cairo.

Inquiry Ordered on Wire-Cable Combine

OTTAWA, May 1 (CP) — Justice Minister Garson today announced appointment of a special commissioner to determine whether a combine exists in th emanufacture, distribution an dsale of electrical wire and cable and related products.

H. Carl Goldenberg, a Montreal lawyer, was named as the special commissioner.

Mr. aGrson said "extensive inquiries already have been made by the Combines Investigation Commission.

Mr. Goldenberg will conduct private hearings in Eastern Canadian cities shortly.

Ike Continues Lead

BOSTON, May 1 (AP) — Gen. Dwight D. Eisenhower scooped up 27 of 28 delegates tto the Republican national convention in Tuesday's Massachusetts presidential preference primary, nearly complete returns showed tonight.

In record-shattering balloting, Eisenhower received more than 240,000 write-in votes on the Republican ticket — 136,000 more than Senator Robert A. Taft of Ohio — and was second only to Senator Estes Kefauver of Tennessee on the Democratic side. The "write-in" result does not bind convention delegates.

Bonnington

BONNINGTON, B. C. — Mrs. A. Dunsmore, who has been a patient in Kootenay Lake General Hospital for some weeks, has returned to her home.

Mr. and Mrs. Ted Wallach of Corra Linn were in Nelson during the Festival week, visiting Mr. and Mrs. J. W. Stewart, Mrs. Wallach's parents.

Mr. and Mrs. Jesse Ridge and children were in Nelson, visiting Mrs. W. R. McDonald, Hoover Street.

Mr. and Mrs. Stan Marshall of Corra Linn have returned from a visit to Spokane.

Mrs. Harold Metzgar of Wapato, Yakima, Wash., who is visiting relatives in Nelson, spent a few days here with Mrs. G. Biddlecombe.

Mrs. Maitland Harrison was a recent visitor in Spokane.

Wynndel Notes

WYNNDEL, B. C.—Mrs. Burch, E. N. Haines and Timmy were Spokane visitors.

F. Merriam was a visitor to Windsor, Ont.

Des Davidge, R.C.N., is home on leave with his mother here.

Mr. and Mrs. Ellis of Vancouver have purchased the C. Wright property and will take up residence in June.

CARD OF THANKS

I take this opportunity to thank our many friends for their kindness and sympathy to my dear wife during her painful accident. J. Kirkpatrick, Boswell, B.C.

BRIGHTON, England (CP) — A Scotsman charged with assaulting an Englishman here called an Irishman as a witness. The detective on the case was Welsh.

The World of WOMEN

HERE'S A GAY little outfit that will add a romantically old world air to clothes for wear around the house and garden. It is a truly authentic peasant costume even to the cotton print apron. The jumper dress is in washable cotton and has a charming tiny all-over floral print on a contrasting dark background. A little white blouse with puffed sleeves and a round collar completes the ensemble.

Diplomat's Daughter Glad To Be Returning

LONDON, May 1 (CP)—Diana Wilgress is returning to her native Ottawa after nine years spent in 15 European countries. She's looking forward to it.

For Miss Wilgress, the diplomat's daughter who left Canada at the age of eight to join her father in Moscow, now is a beautiful young woman of 17, wearing clothes with the grace of one who has trained as a model and possessing a broad outlook as a result of her travels.

Fashion writers will be interested in her wardrobe, which will include 14 outfits presented to her after her appearance as an unpaid model at the 1951 Festival of Britain.

One of her favorites is a simple, all-white dress of pin-point spotted net, the full skirt gathered at the hips by three narrow bands of white velvet. She wore this last October at a dinner given for the present Queen and the Duke of Edinburgh, just before the royal tour of Canada.

Diana's return to Canada is occasioned by the transfer of her father, L. Dana Wilgress, who is leaving his high commissioner's post in London to become under-secretary of external affairs in Ottawa. Father and daughter, with Russian-born Mrs. Wilgress, sail for Canada May 27 on the liner Empress of France.

Coming back will mean missing a chance to be presented at court this season but that doesn't worry Diana. After all, Miss Wilgress has met and talked with most members of the royal family, including the late King.

COMPENSATORY FACTOR

She says going to a Canadian college—something she's always wanted to do—more than compensates for the balls and parties that are part of a London debutante's season.

"I've always wanted to finish my schooling in Canada," she said in an interview.

Miss Wilgress, a dark-eyed slender girl with plenty of fashion sense, made her modelling debut in March, 1951, at an export show in Eastbourne, Sussex. In Canada, she may become a professional model. First, however, she will take a one-year household economics course, probably at Macdonald College, Ste. Anne de Bellevue, Que.

W. I. PLANS FOR TEA

WYNNDEL, B. C.—Arrangements for a blossom tea were made by Wynndel Women's Institute at its meeting in the hall, The sum of $5 was voted to the librarian.

Charlotte Whitton Raps 'Easy-Living'

OTTAWA, May 1 (CP) — Mayor Charlotte Whitton of Ottawa tonight said the "great sin of our day against youth" is that "we have been educating for easy living . . ."

Dr. Whitton, in an address, responded to the award of the Montreal Medal as a Maker of Queen's, given annually by the Queen's University graduates of Montreal.

University graduates "who should have been the strong defence of democracy have been contributing rather to its destruction," Dr. Whitton said.

The first of their "great betrayals" was their "failure to bear witness . . . to the truth as human experience has lived and recorded it . . ."

From this grew a second betrayal, "the failure to define and uphold principles." The third was the "flunking of a sense of public responsibility at all commensurate with the privileges which life and the community have opened to the university graduate."

"As a result, democratic government which must be representative is declining and disintegrating through its failure to engage the service of a duly proportionate number of those best equipped to serve it."

Silver Cross Women Elect New Officers

NIAGARA FALLS, Ont., May 1 (CP)—Mrs. P. H. Ludlow of Brantford, Ont., today was elected president of the Silver Cross Women of Canada at the closing session of the annual meeting of the national council.

Other officers elected were: Mrs. V. W. Harvey, Peterborough, Ont., Mrs. C. E. Hayes, Kitchener, Ont., Mrs. A. E. Speakman, Hamilton, Mrs. James Stewart, Winnipeg.

Provincial presidents elected include: Manitoba, Mrs. A. A. Farquhar, Winnipeg; British Columbia, Mrs. Wallace McPhee, Courtenay.

The 1953 convention will be held at St. Agathe, Que., on May 13-15.

Boswell Notes

BOSWELL, B. C.—Mrs. E. Johnstone has returned from Trail, where she has spent the Winter with her son-in-law and daughter, Mr. and Mrs. J. Borysowich. She was accompanied by her son Jim, and granddaughter, Anne Borysowich.

Mrs. Paul L. O'Sullivan is leaving for Vancouver to visit her son, Terry, and to Victoria, where she will be a guest of Mr. and Mrs. Leonard Clark, formerly of Gray Creek.

Salmo Notes

SALMO, B. C.—Lyle Sauter left Salmo for Wells, B. C., having purchased a bakery business and residence at Barkerville, B. C., where he will reside. As a Cubmaster Mr. Sauter will be missed in the district. For several years he has been extremely active with Scouts and Cubs.

Mr. and Mrs. Hastings Trew, Emerald Mine, have left for Kimberley, where they have taken up residence.

BABY'S HOT LITTLE HEAD

WHEN your Baby's head feels hot to your hand it may be because of simple fever common to some minor baby ailment. If so, Baby's Own Tablets will help reduce this simple fever by clearing harmful wastes out of the system.

One Midland, Ontario Mother has this to say: "My little baby was feverish and hot. I gave her Baby's Own Tablets and by night-time she was up and around again." If baby's fever is not promptly relieved consult your physician.

Baby's Own Tablets are sweet-tasting, easy to take — and have been used with confidence by mothers for over 50 years. No "sleepy" stuff—no dulling effect. Equally good for constipation, teething troubles, upset stomach and other minor ailments. Get a package today at your druggist. 80¢.

GREENWOOD, B. C.—Donations to various causes were made by the United Church W. A., at its meeting here. They totalled $20.

Mrs. Adam Crisp, reporting on the United Church training school campaign of which she is convener, said the quota of $75 had been reached. Midway W. A. donated $15.

A tea and bake sale was planned for June.

COPE ENCHANTED BY REGINA CHOIR

REGINA, May 1 (CP) — The Regina Hewettes Ladies' Choir reached "almost virtuosity" singing with "some sort of magic" that ajudicator Cecil Cope refused to criticize.

The Hewettes were one of many choirs heard at the 39th annual Regina Music Festival.

Mr. Cope gave a mark of 95 for each of the choir's two songs, a mark he said he never before has given. He also awarded a 95 to the Regina ladies' choir for one of its numbers.

The Hewettes, under the direction of Vilda McKeown, was one of three choruses entered in the Ladies Chorus Open, unaccompanied class. It was in this same class that the Regina ladies chor, directed by Allen Rumbelow, received its 95.

Dam May Drown Trans-Canada Highway

That the stand of the Southern route advocates was the practical one when decisions were being made on the Trans-Canada Highway route is being more and more substantiated. That the Southern route serves the area of greatest population and greatest industrial development were the best of reasons, but not to those who make the decisions in Victoria. Now they find themselves with a Trans-Canada route that is likely to go under water in hydro developments of the future.

"The probable construction of a huge dam at the big bend of the Columbia River still has engineers puzzled on the route of the Trans-Canada Highway," says a news despatch from the Provincial capital.

"When the Trans-Canada agreement was written," says the despatch, "it was taken for granted the highway would follow the present Big Bend road.

"Since then more and more stress has been laid by the International Joint Commission on the need for a dam at Mica Creek on the Big Bend.

"It is considered essential for flood control and as a storage basin for power development in the entire Columbia system. The dam itself could develop an estimated 800,000 horsepower for British Columbia.

"Government highway engineers have been given no definite indication as to when the dam might be built. It could come in five years or 15 as far as they know.

"When and if it does, it will flood the right-of-way now laid out for the Trans-Canada.

"There is an alternative route, 100 miles shorter, through the Illecillewaet Valley, the route now followed by the C.P.R. It is known to be extremely difficult, however, and no comprehensive location surveys have been made.

"Discussions are now going forward with Ottawa along two lines. The first suggestion is that the Big Bend route be improved, regraveled and given a light paving coat with the additional repair of some bridges and rebuilding of others.

"B. C. would want Ottawa to pay half the cost, despite the fact that the road would not meet Trans-Canada standards. This plan would mean that the Big Bend road would ultimately be abandoned in favor of the Illecillewaet route, and some arrangement would have to be made for Ottawa to pay half of this route after the expiry of the present agreement.

"The alternative under discussion is to determine now the feasibility of pushing the highway through the Illecillewaet and have the job finished once and for all."

"A decision must be made soon. Under the terms of the Trans-Canada agreement, the road through B. C. must be finished by 1956. This means a start on actual construction must be made in the next year or so."

The Southern Trans-Provincial Highway through the Crow's Nest Pass has none of the drawbacks of the Big Bend or Illecillewaet routes. It might be well for the planners at Victoria to take a second look.

Random Corner

By GRETCHEN GIBSON

"Did you go to the Festival?"

That casual question is being asked at this time of the year not only in our city and district, but throughout Canada, for the Spring, as well as the great festival of Nature, seems to be a season of festivals in honor of the arts.

There is a book by Hendrik Willem Van Loon, entitled "The Arts", that has an interesting foreword:

One disagreeable, blizzardy day, when the author was travelling through a particularly drab section of our continent, for some reason the train came to a halt before a very unattractive farmhouse. "It had apparently been built by a carpenter who must have hated beauty as a deacon is supposed to hate sin." Is was just one of many similar ones that they had been passing for miles. As the train waited a boy and a girl came out of the house, dressed in rather hideous woolen caps, mufflers and mittens, coarsely knitted only for usefulness.

Slithering through the slush, the children came and stopped in the road to gaze wistfully at the train. "That train was a thing of mystery to them. It was their only link with small, pink-shaded lamps, wherein women wore dresses made of all sorts of gaily colored materials, wherein men might sit and pleasantly idle away an hour or so discussing a book or a play, wherein everything was not ruthlessly sacrificed to the idea of utility."

While the author was wondering if that glimpse of the halted train would be all these children would ever experience of a world other than their own, he noticed something that he had failed to observe before—the little girl clutched one of those blue portfolios in which children take drawings to school, and the boy carried a tiny black fiddle case. . . .

Hendrik Van Loon goes on to say in his Foreword that he went into the observation car and watched those two little specks grow smaller and smaller with a longing in his heart that the world of art might in some way be opened to such children; and they became the inspiration of his fascinating book, "The Arts".

Our festivals not only afford such a way to many children and adults throughout the country; but to some of us who are merely audience they are like the glimpse of that train to those children, introducing us to a world of beauty of which we are at other times only vaguely aware. During the hours we attend we have the privilege of listening to some of the greatest music and poetry in the world, expressed by our own people and commented upon by distinguished adjudicators. . . . But not only that, when we consider the number of entrants, the number of junior entrants, and listen to child after child, and youth after youth, earnestly striving to present their parts in the Festival, and realize what hours of preparation must have gone before, and how hard it is to achieve the marks they do achieve—when we consider all this, we must realize that festivals present a side of our youth-of-today that is much better to emphasize than their notorious misdemeanors.

We might well ask a pessimistic world: "Did you go to the Festival?"

Marriage by Order

A dispatch from Washington informs the world at large that the U.S. Navy has decreed all its personnel overseas henceforth must prove a "reasonably long" period of courtship before any marriage gets official blessing.

This is very considerate of the U.S. Navy, but maybe it is barking up the wrong mast.

The aim of this directive, as far as one can gather, is to prevent hasty decisions by lonesome or emotionally unstable individuals who may on an impulse make a decision, and a wrong decision, that will be binding. The aim, if that is it, is a laudable one. This particular means to achieve it is patently stupid, and potentially dangerous.

Young men far from home for a long time can and do think and act foolishly on occasion. No amount of orders will change that. The remedy that suggests itself is counseling, and, perhaps, a few guidance clinics. Ordering a man not to do something he's bent on doing will in no way help him understand why he shouldn't do it. But talking to him might.—The Financial Post.

?Questions? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions WILL NOT BE ANSWERED BY MAIL except where there is obvious necessity for privacy.

Reader, Salmo—I am having some ducklings shipped by train from Port Coquitlam. Can you tell me how long they will take in transit from there to Nelson? Also, I expect some chicks from Vernon. How long should they take by rail?

Providing the train is on time, the ducklings should travel from Port Coquitlam to Nelson in 18 hours. The chicks would take approximately 14 hours from Vernon to Nelson.

C. J. B. C., Trail—I would like to do some typing at home. Where could I apply?

In order to run a business in your own home, or elsewhere, you would require a licence, obtainable at the City Hall. It would entitle you to advertise that you are open to do typing.

Mrs. C. K., Nelson—Can you supply me with a recipe for home-made wedding cake—not the bride's cake, but the old-fashioned fruit cake?

One and a half pounds butter, 1½ pounds brown sugar, 12 eggs, well beaten, 1½ pounds flour, 2½ teaspoons baking powder, one teaspoon salt, one teaspoon cinnamon or ½ teaspoon nutmeg, 1½ pounds currants, 1½ pounds seedless raisins, 1½ pounds mixed peel (cut thin), ½ pound cherries (quartered), ½ pound blanched almonds (chopped), one cup raspberry juice (from can of raspberries). Combine usual method, stir a little after adding floured fruits at last; line tins with heavily greased paper, put in slow oven for the first hour, then the smallest one to brown off for half an hour. Let medium one stay in 2½ hours, large one about three hours. Cool before turning out of tins on to wire rack. Makes 8½-pound cake, or three tiers, large, medium, small.

Looking Backward

10 YEARS AGO

From the Nelson Daily News, May 2, 1942

Extension of the C.P.R. yards at Nelson, involving altogether about a mile of track, will be completed at the end of next week.

Nelson's new transformer installation at the City substation is in operation. The installation was completed during the week, and the new bank went into service Thursday morning. The General Electric Company engineer in charge, D. Bartell, left Friday morning.

25 YEARS AGO

From the Nelson Daily News, May 2, 1927

There are about 1000 taxpayers on the City's assessment roll.

The land tax this year is 31 mills, as against 35 mills last year and 40 mills in 1925.

Among the Cubs and Scouts hiking to the Athabaska Mill Saturday were John Stout, Jack Teague, Gordon Allan, Fred Harding, Phillip Smith, Carl Gallicano, Jack Goulding, Maurice Latornell, George Beattie, Donald Beattie, Harold Smythe, Norman Maloney, Dick Green, Joe Gallicano, Tommy Crack and Walter Crack.

50 YEARS AGO

From the Nelson Daily News, May 2, 1902

W. E. C. Koch, a contractor of New Denver, this week removed with his family to Nelson, and has taken up his residence at the corner of Falls and Victoria Streets.

The Canadian Pacific Railway has just placed an additional order for 26 new locomotives. This brings the number of engines contracted for but not delivered up to 90. With the delivery of these, the Canadian Pacific will own nearly 1000 locomotives. The new order is for 10-wheelers.

Your Horoscope

The aspects operating today suggest that the time is ripe for you to hunt down the information for which you have been in search. Expect more ups and downs in the coming year with assistance at hand if you should need it. An eventful life is predicted for the child born today.

BROWNS, CUBS STILL IN THE CLOUDS

By The Associated Press

The upstart St. Louis Browns and Chicago Cubs, major baseball league tailenders in '51, knocked off the league leaders yesterday as they continued their headlong gallop.

The Brownies got five-hit pitching from Duane Pillette to whip the Boston Red Sox, 6-1, moving within a game of the American League lead. Minus Ted Williams, the Red Sox were shut out until the eighth. St. Louis ripped into Walt Masterson for single runs in the second and fourth and floored him with a three-run blast in the fifth.

Hank Sauer unloaded the bases with a first-inning double as the Cubs smothered Brooklyn, 7-2, behind Johnny Klippstein. The win actually put the Cubs a half game ahead of the Dodgers in the National League won-and-lost records but they still trail by 13 percentage points, .727 to .714.

Sauer's burst with the bat boosted his league-leading runs batted in total to 20 in 14 games. The Cubs blasted Ralph Branca and three successors for 10 hits including triples by Bob Ramazzotti and Toby Atwell and doubles by Ron Smalley and Sauer.

Jim Hearn found the revamped Pittsburgh Pirates his same old "cousins" as he pitched the New York Giants to a 13-5 win. The giant righthander owns a 14-2 lifetime record against the Pirates.

Home runs by Wes Westrum and Hank Thompson and three singles by Whitey Lockman helped New York pile up the second on loser Mel Queen and four others. Ralph Kiner hit his second homer in the ninth inning.

Frank Smith came to the rescue of Herm Wehmeier in the ninth inning to save Cincinnati's 7-6 edge over the Boston Braves. Doubles by Sam Jethroe and Earl Torgeson with two gone in the ninth scored a run and left the tying run on second. Smith came in to make Sid Gordon fly out. It was Wehmeier's third straight victory.

In one of three American League night games, Joe Dobson, Chicago White Sox veteran righthander, held the Philadelphia Athletics hitless for 7⅓ innings, then went on to turn in a two-hit, 3-0 victory.

Skeeter Kell, the A's speedster, beat out a slow roller for Philadelphia's first safety, while Dave Philley came through with the second, a ninth-inning single.

LEMON DROPS SECOND

Gil Coan's double and Frank Campos' single in the 13th inning broke up a pitcher duel between Bob Lemon and Sid Hudson and gave Washington a 2-1 victory over Cleveland. Coan started the Senators' 13th with a double, and after Irv Noren popped out, Campos singled to score Coan.

Dizzy Trout stifled a New York Yankee rally with a spectacular ninth-inning relief job as Detroit saved a 5-4 victory for Art Houtteman. Successive two-run homers by Vic Wertz in the fourth and fifth innings built up an early Detroit cushion.

Successive home runs by Nippy Jones and Connie Ryan in the sixth inning wiped out a St. Louis lead and sent Philadelphia Phillies on to a 6-3 victory in a night National League contest.

Robin Roberts kept eight Cardinal hits scattered in getting his third victory of the season.

THEY CAME CLOSE . . . Just two points separated Trail Motors from the winning Cloverdale squad and the B.C. Senior B basketball championship in a closely-fought final last week at the Coast. Cloverdale squeezed through with 61-60 and 59-58 victories in the two-game total-point series to turn back the interior champions 110-108 on the round.

The runnersup, left to right, are: back row—Alan Krause, Morris Renwick, Wally Day, Eric Granstrom, Jack Hunter, Ivan Spees.

Front row—Ken Fetherston (coach), Leo Torrison, Eric Bishop, Rennie Mitchell, Doug Alexander, Chief Buna, Ernie Gordon (manager).

ALS SIGN McGILL STAR

MONTREAL, May 1 (CP)—Montreal Alouettes of the Big Four Football Union, have signed middle Marv Meirowitz, former line star with the McGill University Redmen, it was announced tonight.

Meirowitz, who hails from Brooklyn, N.Y., now is classed as a Canadian.

Hufty Again Leaf Prexy Club Drops $2700

Frank M. Hufty was unanimously returned as president of the Nelson Senior Hockey Club at the Maple Leafs' annual meeting last night.

Vincent Fink is the only new member elected to the six-man executive slate which saw past vice-president Stan Smith also returned to office. All are for two-year terms.

Other three members of the executive are George Benwell, John Thom and Steve Cameron, who still have a year to run in their terms.

The season financial statement showed an operating loss of $2699.25, despite possibly the biggest attendance and gross receipts in the history of the Civic Centre.

The club had a gross income of $31,597.44, including net gate receipts of $27,494.52. It drew 42,695 spectators to 22 regular league games and four playoff tilts for an average per-game attendance of 1642.

President Hufty, in his annual report, praised the club for its "fighting spirit".

"I feel certain that had we not had the injuries we suffered in the latter part of the season, we would be in these right now battling for the Allan Cup—and winning it, too," he ventured.

He also expressed his appreciation for the support given the club by the fans, his executive, the Booster Club and many individuals.

Biggest items on the Leaf ledger were $15,720.48 for salaries, $4560.84 for lost time wages, $2463.20 for transportation and $2087.92 for meals.

Boys Bag Bear Near Michel

NATAL, B.C. — The shooting of the first bear in the Natal-Michel district for 1952 goes to two youthful hunters, Ronnie Matt of Natal and Jackie DeLuca of Michel.

While hiking up in the McGillivary vicinity, eight miles East of Michel, the boys spotted an exceptionally large brown bear which they shot at a considerable distance. Both hunters claimed the prized catch as both bullets found their mark.

The hunting of black and brown bear in the East Kootenay district is permissable throughout the year. The grizzly bear on the other hand are only in season for a certain length of time during the year. Already this year the much-feared grizzly bear has been seen in the vicinity.

Brighter Golf Garb Could Bring Brighter Scores

SUNNINGDALE, England, May 1 (AP) — British open champion Max Faulkner, who wages a private war against the "staid and dull" traditions of British golf, showed up for a tournament today wearing a yellow and black checked cap, a cherry red sweater and navy blue slacks.

His rainbow-hued golf bag was toted by a bearded caddie.

His golf was sparkling, too—a record 67 for the 6538 yard Cunningdale Club course.

Hill Gail Big Favorite To Win Kentucky Derby

By ORLO ROBERTSON

LOUISVILLE, Ky., May 1 (AP) —The Kentucky Derby entered its stall-walking period today as owners and trainers of 18 three-year-old horses started entering their charges in the $100,000 added turf classic.

The famous 1¼-mile Run for the Roses over Churchill Downs' racing strip is not scheduled to start until 5:30 p.m. EDT Saturday, but racing secretary Lincoln Plaut began receiving entries today.

The trainers had some three hours to enter their horses today and a like period tomorrow before the draw is made for post positions. The policy of accepting entries 24 hours in advance was started last year.

The names of 16 runners are expected to be readied for the draw. The probably field was swelled by one yesterday when Swoop from E. Burke's High Tide Stable left New York for Churchill Downs with the Derby as his objective.

The unexpected appearance of Swoop today had no affect on the odds. The son of Sky Raider is expected to be one of the four horses coupled in the "field" betting at odds of 50 to 1 or longer.

Hill Gail, whose record-smashing mile in the Derby trial changed the Derby outlook considerably, remained the strong choice. But there were many who figured A. W. Abbott's slow-starting but fast-closing Blue Man would wear down the 'Calumet Flyer' in the long stretch drive.

With Eddie Arcaro confident he'll ride his fifth Derby winner. Hill Gail is expected to open at around 8 to 5 with Blue Man the second choice at 3 to 1.

Here and there could be heard a good word for the speedy Gushing Oil from the stable of Texas oil man Sam Wilson. And others chirped up for C. V. Whitney's Cold Command, conqueror of Hill Gail in a seven-furlong test at Keeneland.

Most of the trainers were not seriously concerned over the weather and track conditions. Sol Ruchick figures his two hopefuls, Myhelyn Stable's Master Fiddle and Jack Amiel's Count Flame, can handle any kind of going. So does Jack Hodgins of Dixiana's Sub Fleet, the son of Count Fleet which worked the Derby distance in 2:07 after finishing fourth in the Derby trial.

Butula 'Caves In' St. Boniface Boy In Olympic Boxing Trials Opener

By DAVE STOCKAND

VANCOUVER, May 1 (CP) — Canada's Olympic boxing trials opened tonight with honors for class, courage and awkward effectiveness going respectively to a Vancouver smoothie, a stout Manitoban and a mining-town brawler.

One controversy-causing decision and six other East-versus-West bouts wrapped up the first night of the 1952 combined Canadian boxing championships and Olympic trials.

The marathon show continues tomorrow night with 19 semi-final duels. Champions will be crowned in 10 clashes Saturday night, with six of the top fighters to be chosen to represent this country in the Olympics.

Dancing master Len Walters of Vancouver became a lopsided favorite to take the featherweight championship with a stabbing decision over Pet Kawulia of Winnipeg.

The courage and unorthodoxy came in one welterweight dish when Jack Butula, the diamond driller from Kimberley, B.C., caved in Lloyd Sutton of St. Boniface, Man., at 26 seconds of the third and final round.

Before he went down for keeps—he pitched forward on his face after Butula trapped him in a corner — Sutton took literally dozens of left and right smashes, going back only from the force of Butula's punches.

The referee stopped the fight and dragged Butula back from his opponent. Just at that moment Sutton flopped to the canvas.

ARGENTINAN LEADS IN 18-GAME CHESS SERIES

MEXICO CITY, May 1 (AP) — Miguel Najdorf of Argentina defeated Samuel Reshevsky of New York in 28 moves last night in the 12th match of their $6000 18-match international chess series.

Reshevsky leads with 7½ points to 4½ for Najdorf. Reshevsky has won six, lost three and drawn three.

The last Mexican game of the series is scheduled tomorrow. The final five will be played in San Salvador.

President Promises Ball Opposition 'Lots of Trouble'

Dear Citizens, Sports Supporters, Young and Old:

Several people are asking me what kind of a baseball club we will have this Summer. It is very hard for me to say anything at the present time. All I know is that we have a good bunch of boys, good executive, good coaches, and we have plenty of equipment and everything that is needed in baseball. But I am still looking for a shortstop and left hand pitcher. If I get them we will all be very happy. Even so, I can promise nothing to anyone until we put our team on the field against our opposition.

Our opposition will play ball too, as far as I am concerned it is better to talk less and work harder, and another thing, it is not up to me or to the rest of the executive. I am leaving the rest to our coaches and the ball players—let them speak for themselves. I am not so sure but I think that we will give lots of trouble to our opposition this Summer. Of course our opposition will be in there pitching too, don't leave them out. Good luck and good season to all of us.

Signed,
P. KAPAK,
President,
Nelson Senior Ball Club

British Bettor Cashes In on $12,700 to 1 Odds

LONDON, May 1 (AP) — A man who risked £2 ($5.60) on two horses today won $71,536.

The figures were released by William Hill, a London bookmaker, who said he believed the payoff—the odds were about 12,700 to 1—was the largest in the history of racing. Hill did not disclose the name of the horse player, but he gave these details:

The man had a £1 "each-way" (win and place) double—a pound to win, a pound to place—linking Ivernia in a race at Newmarket and Golden Sparkle in a race at Ludlow. The bettor asked for parimutuel odds.

Ivernia paid $79.30 for each 28-cents bet to win and $9 for each 28-cents bet to place. Golden Sparkle paid $24.65 for each 28-cents bet to win and $7 for each 28-cents bet to place.

Sedgman, Drobny Advance in British Tourney

BOURNEMOUTH, England, May 1 (AP) — Doris Hart and Shirley Fry of the United States advanced to the semi-final round of the British hard courts tennis championships today.

Miss Fry turned back Angela Mortimer of Britain 6-3, 6-3 and Miss Fry beat Susan Partridge of Britain, 6-3, 10-8.

Frank Sedgman of Australia and Jaroslav Drobny of Egypt, the big guns in the men's division, both scored easy victories to enter the semi-finals. Sedgman eliminated Ignacy Tloczynski, a self-exiled Pole 6-0, 6-2, 6-2, while Drobny toyed with Geoff Paish of Britain 6-1, 6-0, 6-0.

TERWILLIGER SENT DOWN

BROOKLYN, May 1 (AP) — Wayne Terwilliger, utility Brooklyn infielder, was optioned to St. Paul Saints of the American Association today. The move leaves the Dodgers one man above the 25-player limit which must be reached by May 15 under baseball law.

. . . Another $1000 Bonus

Gord Howe NHL's MVP

MONTREAL, May 1 (CP) — Gordie Howe, Detroit Red Wings' all-star right-winger, is the winner of the Hart Trophy for the 1951-52 season, the National Hockey League announced tonight.

The award goes annually to "the player adjudged to be most valuable to his team." Howe also gets $1000.

Elmer Lach, Montreal Canadiens' all-star veteran centre, was voted second and Sugar Jim Oenry, Boston Bruins' goalie, third.

A panel of 18 sports writers and broadcasters voted, three from each N.H.L. city. First choice counted five points; second three, third one.

Howe received 62 of a possible 90 points. He had nine firsts, five seconds and two thirds. Lach polled three first-place votes, 10 seconds and one third for a total of 46 points. Henry had two firsts and four thirds for 14 points.

Goalie Terry Sawchuk of Detroit and centre Milt Schmidt of Boston, winner of the trophy last year, tied for fourth place with 13 points each.

Gregg Pitches No-Hitter in P.C.L.

OAKLAND, Calif., May 1 (AP)—Righthander Hal Gregg tonight pitched a no-hit, no-run game for Oakland in the seven-inning first game of a doubleheader with Portland. Oakland won the Pacific Coast League game 3-0. Gregg struck out five and walked four.

Plays Stohlberg at Trail . . .

Lorne Main in Net Exhibition Sunday

West Kootenay tennis enthusiasts will have a chance to see Canada's top-ranking net player, Lorne Main, in action Sunday when the Vancouver star pays a visit to Trail.

Main, a 23-year-old veteran of three Canadian Davis Cup teams, replaced Brendan Macken as the Number One player last season to cap off a steady climb to the top ranks. His unorthodox, two-fisted style has also stood him in good stead in international tournaments and he was a top contender in several American indoor meets this Winter.

Ex-Davis Cupper Walt Stohlberg of Trail will provide the singles opposition for the exhibition, Stohlberg was a member of the Canadian doubles team in 1948 Davis Cup competition.

Two Nelson players, Laurie Lefeaux and Russ Hawes, will join Main and Stohlberg to cap off the exhibition with a doubles match. Lefeaux is Nelson city champion while Hawes, who moved here last year from Vancouver, was a three-time B.C. junior champion in the 1930s.

The exhibition is set for Tadanac courts Sunday afternoon, weather permitting. Rain or cold would shift the matches to Cominco Arena, so tennis fans are guaranteed an exhibition regardless of the weather.

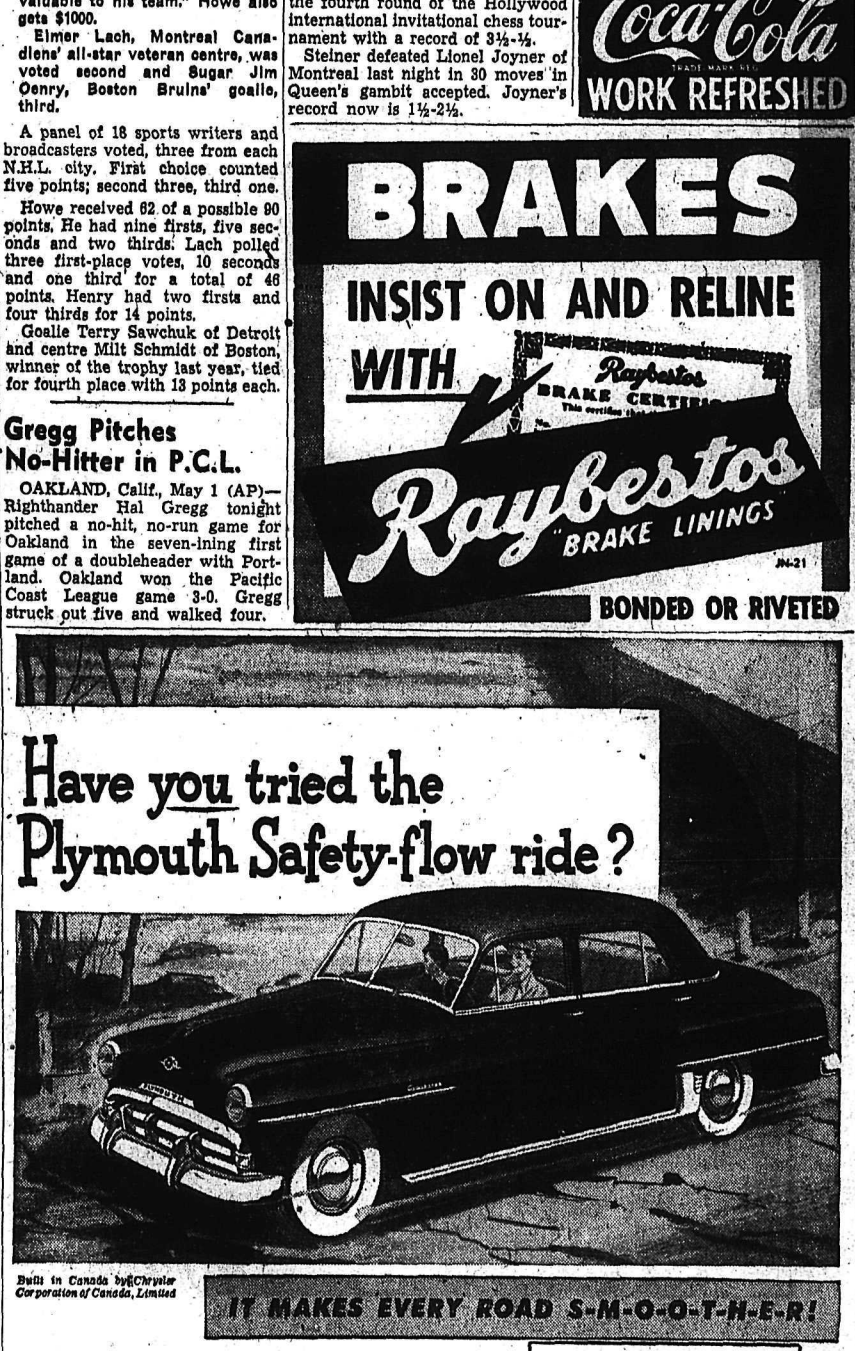
Sullivan Equals A.H.L. Playoff Mark

NEW YORK, May 1 (AP)—Barry Sullivan of Providence Reds equalled the American Hockey League's playoff scoring record when he tallied 18 points during the recent Calder Cup playoffs, statistics issued from league headquarters today revealed.

Sullivan scored six goals and 12 assists. Fred Thurier of Buffalo Bisons established the 18-point record in 1944 and Frank Mario of Hershey matched it in 1947.

BEVERLEY HILLS, Calif., May 1 (AP)—Herman Steiner of Los Angeles is in the lead at the end of the fourth round of the Hollywood international invitational chess tournament with a record of 3½-½.

Steiner defeated Lionel Joyner of Montreal last night in 30 moves in Queen's gambit accepted. Joyner's record now is 1½-2½.



Market Trends

NEW YORK, May 1 (AP)—The steel strike hit trading hard and knocked prices down substantially.

Losses of fractions to around three points were general and several active issues extended their losses to around five points.

Canadian issues were lower. McIntyre dropped 1¾. International Nickel fell ⅛, and Canadian Pacific slipped ⅜. Dome Mines lost ¼ and Distillers Seagrams was off ⅛. Hiram Walker remained unchanged.

TORONTO (CP) — Prices showed few changes toward the close after a sharp mid-session decline.

Trading slowed steadily. Industrial dealings remained in selected leading issues and few Western oils, golds or base metals attracted speculative interest. Two gold prospects, New Goldvue and Heath, were exceptions as they eased in turnovers of about 40,000 shares. Volume for the session was about 2,200,000 shares.

MONTREAL (CP) — Prices continued to decline near the close. Turn over was light.

Papers were down, followed by utilities, beverages, senior metals, senior oils, steels, banks and carriers.

Miscellaneous industrials showed scattered advances.

LONDON (Reuters) — Japanese bonds provided the bright spot. They finished strong with gains of between two and seven points.

Otherwise, price changes were generally small and irregular.

VANCOUVER, May 1 (CP) — Share prices improved in late trading today. Both oils and base metals, on the decline for several days, showed gains at the close.

Calgary Livestock

CALGARY, May 1 (CP)—Prices were uneven on the Calgary livestock market. On offer were 864 cattle and calves, including 700 held over.

Butcher steers, over 1100 pounds, were in strong demand at prices $1.50 or more higher. Light butcher steers and heifers were steady to weak. Good, light cows were about steady, but heavy cows were sharply lower, and bulls were $1.50 lower for the week. Stocker and feeder steers were in fair demand at steady prices. Veal calves were steady.

Hogs closed steady Wednesday at $23.75, but sows dropped 50 cents to close at $11.25. Good lambs continued steady at $20-21.

Good to choice butcher steers 22.50-24; common to medium 18-22. Good to choice butcher heifers 21.50-23; common to medium 17-21. Good light cows 16-17. Good heavy cows 13-14; common to medium 13-15.50, canners and cutters 10-12.50. Good bulls 14-15; common to medium 11-13.50. Good stocker and feeder steers 20-22; common to medium 16-19.50. Good to choice veal calves 26-30; common to medium 20-25.50.

Westinghouse Raises Funds by Debentures

TORONTO, May 1 (CP) — An issue of $20,000,000 Canadian Westinghouse Co. Ltd., 4½ per cent sinking fund debentures, due March 15, 1969, has ben sold privately to a group of investing institutions in Canada and the United States.

The sale was made by A. E. Ames and Co. Ltd., and first Boston corporation as agents for Canadian Westinghouse.

Sicks' Brewery Appoints Officers

CALGARY, May 1 (CP) — Election of a new director and appointment of an additional vice-president and an assistant to the president were announced today by Emil G. Sick, chairman of the board, and G. R. Whitmore, president of Sicks' Breweries Limited.

The new director is Ivan N. Wilson, comptroller, secretary and treasurer of the company. He replaces the late Lt.-Col. F. L. Shouldice, K.C.

The new vice-president is Lt.-Col. E. G. Hanson of Montreal.

New assistant to the president is N. C. K. Wills of Vancouver, formerly manager of Sicks' Capilano Brewery Ltd. He will reside in Calgary. Mr. Wills will be succeeded by T. H. English as acting manager.

Diamond Drills Test Columbia Near Genelle

Diamond drilling equipment has moved into the Genelle section of the Columbia River apparently as a continuation of tests which are being made between Castlegar and the international border for the International Joint Commission.

The tests are being made as part of a Columbia basin survey which will extend over a considerable time and will provide information for an International Joint Commission report on water resuorces.

METAL PRICES

NEW YORK (AP) — Spot nonferrous metal prices: Copper 24½ cents a pound, Connecticut Valley Lead 18 cents a pound, New York. Zinc 19½ cents a pound, East St. Louis. Tin $1.21½ a pound, New York.

ANDOVER, England (CP) — Frederick Perrin, 30, was killed in this Hampshire town when a rabbit ran in front of his bicycle and became caught in the spokes.

Mine Boom Not Over If Prices Come Down

VANCOUVER, B. C.—British Columbia's base metal mines will still be able to operate profitably if metal prices ease. This is the opinion of mining officials here, who say a moderate drop in metal prices would mean only a slight slackening in the base metal mining boom in the Province.

They add that the long-term outlook for metals is good, with world manufacturing operations expanding.

PREMIUM PRICES END

High "premium" prices outside the U.S. markets have practically disappeared lately, and this had led to rumors of price cutting of U.S. ceilings.

One mine official here said it would take a drop of at least five cents a pound for lead zinc before most of the operating mines began to be pinched seriously.

He pointed out that the majority of new mines, and those nearing production are making a good profit at present prices and could still operate, although at reduced profit, if prices go down.

BATTERIES DROP

U.S. reports about the metal markets point out that supply and demand is tied up with production restrictions because of the mobilization program.

If production curbs were eased on civilian production in some lines, such as autos, metal officials say this would result in more demand for some metals, such as lead for batteries. Battery production, one of the biggest markets for lead, has been curtailed by automobile companies because of controls.

Foreign markets, too, are affected by this balance between production and controls.

COPPER IMPROVES

New evidence that the copper and zinc supply squeeze is easing was reported in the U.S. last week.

The chief of the National Production Authority's copper division, Paul Andrews, said all controlled materials allotments of copper probably can be filled this quarter by carefully balancing the inventories of fabricators and taking full advantage of increasing supplies of copper and brass scrap.

Andrews said scrap offerings had increased as foreign prices softened and dealers began anticipating a similar trend here.

MILLS SHARE

Also, the military's collections of scrap rose, especially scrap generated by the manufacture of ammunition and other military products.

Brass mills are being alloted a bigger share of refined copper this month in an effort to balance available supplies, he added, and wire mills are getting less.

Deer Park Notes

DEER PARK, B. C.—Mr. and Mrs. S. D. Porteous, who have lived in Deer Park for the last three years, have moved to Needles.

Mr. and Mrs. Chester Phelps of Salmo have returned to make their home here.

A pleasant afternoon was spent at the home of Mrs. C. A. Crockett, when members of the Women's Institute held a tea and baby shower. Among the gifts presented to her twins were a pair of baby blankets, one pink and one blue, donated by the Women's Institute. Mrs. Kennedy of Kamloops poured.

Mr. and Mrs. R. Webster and their children, Linda and Danny, have taken up residence at the Deer Park Ranger Station. Mr. Webster is the Assistant Ranger for this district.

Moyie Notes

MOYIE, B. C.—Mr. and Mrs. L. Hartford of Hillcrest, Alta., visited their relatives, Mr. and Mrs. J. Hartford.

Mr. and Mrs. L. Williams and daughter Sylvia and son Gary, en route to Parson, B. C., from Nanaimo, where they attended the funeral of the father of Mrs. Williams, stopped at Moyie to visit Mr. Williams' parents, Mr. and Mrs. G. Williams.

Mr. and Mrs. J. Chernoff and sons John and Bill have returned from a trip to Manitoba.

G. Williams has returned by plane after spending a few days at the Coast.

Good Copper Deal Gives Granby Higher Return

VANCOUVER, B.C.—The annual report of The Granby Consolidated Mining, Smelting and Power Co. Ltd. for 1951 shows a marked increase in the value of production, due in large part to higher prices obtained for copper. Net profit of $375,738 was approximately double that for 1950 but ore reserves declined by 1,830,000 tons, a figure slightly greater than that of the ore extracted.

Production included 7947 oz. gold, 172,331 oz. silver and 25,975,054 lbs. copper, valued at $8,198,791 after treatment of 1,794,882 tons grading 0.899 per cent copper. Other items of income included $263,966 gain on U.S. exchange, $3944 interest and $3627 profit on sale of fixed assets.

Cost of production and marketing, including smelting, refining and freight, was $7,050,842; administration expenses $109,908; workmen's compensation assessments, insurance and property taxes, $251,333, and B.C. mineral tax, $19,004.

After provision of $43,344 for depletion, $329,590 for depreciation and $226,000 for income taxes, the residue was net profit. A dividend of 50c per share, involving distribution of $235,246 was paid during the year, leaving earned surplus as of Dec. 31 at $1,533,815.

The company earned an average price of 29.90 cents per pound for its copper production due entirely to its ability to sell a portion in the European market at higher prices than obtained in the U.S. and Canada.

Development work was considerably greater than in 1950 and consisted of 14,361 feet of surface core drilling, 80,926 ft. of underground core drilling, 12,709 ft. of drifts and crosscuts, and 19,468 ft of raises.

Ore reserves were estimated at the year-end at 3,100,000 tons including 390,000 tons of broken ore grading 0.97 per cent copper. The estimate is made up of 2,470,000 tons of positive ore averaging 0.98 per cent and 630,000 tons of probable ore grading 0.93 per cent copper. In addition there are about 600,000 tons of possible ore and a substantial quantity of low-grade material in old caved stopes.

EXPLORED 41 PROPERTIES

The company examined 41 properties in British Columbia during the year. Five were acquired on option and one was staked. Two of the optioned properties were later dropped. An enlarged program of exploration is planned for 1952 which will include examination of certain properties in the western U.S. as well as in B.C.

DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

PROPERTY, HOUSES, FARMS ETC., FOR SALE

LET'S FACE FACTS!

The cost of housing all over the continent is at an all-time high. Nothing in sight appears to be going to reduce these costs. Here is brand new housing, AT LAST YEAR'S PRICE.

2-bedroom bungalow in Fairview; with all oak floors, full basement, piped hot-air furnace, best bathroom and kitchen finishes, on 60x110 lot; READY TO MOVE INTO. As little as $29.00 a month carries principal and interest on N.H.A. mortgage. See for yourself, by appointment. Full price **$9700**

ALSO

Good 2-bedroom bungalow in Fairview, on Chatham. Automatic oil furnace, all oak floors, fully landscaped lot. Liberal terms. Full price **$9000**

Uphill on Stanley St. — Good seven-yr.-old 3-bedroom house. 3 lots, fully landscaped, basement garage, furnace, etc. This is a good buy at **$8500**

Also on Stanley, outside City — 2-bedroom bungalow on corner lots. This is a nice new house, very well appointed. Full price **$4500**

Terms Available.

Downtown, on Cedar — Exceptionally sound older house with four bedrooms, full cement basement, in good repair. Suitable for large family or boarding house. Full price **$6000**

We also have North Shore dwellings and local business opportunities for sale. Enquire about grocery stores, motels, garages, hotels, from
