Nelson Daily News

1902 Fifty Years of Service to the Kootenay-Boundary – 1952

Vol. 51 NELSON, B. C., CANADA—WEDNESDAY MORNING, SEPTEMBER 10, 1952 No. 110

WEATHER FORECAST

KOOTENAY — Cloudy with frequent sunny periods. Little change in temperature. Light winds. Low and high at Cranbrook, 40 and 60; Crescent Valley, 36 and 60; Revelstoke, 40 and 60.

Canadian Exploration Buys Emerald Mine

OTTAWA, Sept. 9 (CP)—The defence production department announced today that it has resold the Emerald tungsten mine in British Columbia to Canadian Exploration Limited.

The department declined to disclose the sale price, but it was learned authoritatively that a profit of a "couple of million" was made by the government on the deal.

The government operated the mine during the Second World War. After the war it sold it to Canadian Exploration.

With the outbreak of hostilities in Korea the government asked Canadian Exploration to resume production of tungsten. The company said it could not do so because of price and other factors. The government then repurchased the original mine, which formed only a part of the company's property. Since it has been developed to become the world's largest producer of tungsten.

Since then the Canadian position has eased, said the department's announcement.

"Therefore, the government has decided to sell the Emerald property back to Canadian Exploration Limited."

Pearson Says Tyranny Challenges Democracy

OTTAWA, Sept. 9 (CP)—External Affairs Minister Pearson said today that the challenge to democracy from the reactionary right or the Communist left can only be resisted by constructive policies.

Addressing the opening session of the Commonwealth Parliamentary Association's biennial conference, Mr. Pearson said:

"There are those in the world whose system of political and social organization rejects cooperation with us and challenges the very nature of our society and our system of parliamentary government.

"Whether it comes from the right of reaction, or, and this is the more immediate danger, from the left of Communist dictatorship, the threat is the same. Under whatever name it masquerades, it is as old and repulsive as tyranny itself.

"We can resist this challenge successfully only by constructive policies."

Mr. Pearson welcomed the delegates from 48 Commonwealth parliaments on behalf of Prime Minister St. Laurent, now on a tour of Western Canada.

Colorfully-robed delegates from India, Pakistan and some of the Eastern colonies sat alongside soberly-dressed Europeans in the Senate chamber to hear him.

SOUTH AFRICA WANTS RETURN TO GOLD STANDARD

MEXICO CITY, Sept. 9 (CP) — A proposal that the countries of the world return to the gold standard was made today by the South African delegation to the International Monetary Fund annual meeting.

South Africa asked also for an increase in the price of gold, now $35 an ounce.

Sir Percy Spender, Australian delegate, supported South Africa's move for the price increase.

Spender said an increase in the gold price was not an ideal or a complete solution, but it would immediately increase reserves of the central banks.

Since the biggest profits from a gold price increase would accrue to the U.S. that country could constructively use the increased value of its reserves to buy from other countries, he said.

The initial gain would also go to gold producers in Canada, South Africa, Australia and other places and would also strengthen sterling currencies.

Rail Wage Hearings Open September 22

OTTAWA, Sept. 9 (CP)—The Labor Department today announced its conciliation board dealing with the railway-union dispute will open hearings at Montreal Sept. 22.

Chairman of the board is Mr. Justice R. L. Kellock of the Supreme Court of Canada. David Lewis, Toronto lawyer, represents the unions, and Paul S. Smith, Montreal lawyer, is the companies' nominee.

The unions, representing 125,000 "non-operating" employees, are asking a 45-cents-an-hour wage increase and an escalator-type contract providing automatic increases based on rises in the cost-of-living index.

MOST REV. WALTER BARFOOT, Primate of all Canada and Archbishop of Edmonton, is presiding over the 18th general synod of the Church of England being held at London, Ont. He has just returned from a world conference of faith and order at Lund, Sweden. — Central Press Canadian.

53 CHARGED IN VISA PROBE

Expect To Round Up 50 More Aliens

DETROIT, Sept. 9 (AP) — U.S. immigration authorities nabbed 53 Canadians here today on charges of fraudulently obtaining visas to enter the United States.

Fifty other aliens are expected to be rounded up later in an investigation of an alleged visa racket.

Under instructions of U.S. Attorney-General James McGranery, the Detroit office of the Department of Justice will begin immediate Grand Jury presentations in all cases.

U.S. District Attorney Philip A. Hart said: "As soon as the immigration people bring the cases to us, we will present them right away."

In Washington, McGranery said he expected Hart to present evidence of the parts played by Roy H. McBride, Windsor, bank official, and two "visa consultants," Mrs. Marguerite M. Priest and Mrs. Aline Stiegerwald, in obtaining visas for Canadians.

False statements as to financial worth are alleged to have been made by the Canadians to gain entry to the United States.

Canon Wants Bible Education For Schools

By JOSEPH MacSWEEN
Canadian Press Staff Writer

LONDON, Ont., Sept. 9 (CP)—In an official plea for Christian teaching, Canon R. K. Naylor told the 18th general synod of the Church of England tonight "we've got to give up this idea that the schools are a neutral place."

"We've got to get in with our Christian teaching, with our idea of God," said Canon Naylor, chairman of a committee appointed three years ago to study the educational systems of the Canadian provinces.

The churchman said his report was incomplete and he wished to give full credit to Canada's educationalists who had labored to improve the system.

But there were serious lacks throughout the country ranging from "qualified Hedonism in Alberta, where the aim of education is the happiness of the individual, to the exclusion of the Bible from the schools of Prince Edward Island."

"On the whole, the philosophy of education is secular humanism," said Canon Naylor.

90 Drown in Storm On River Danube

BELGRADE, Yugoslavia, Sept. 9 (Reuters) — Ninety persons were drowned today when a storm overturned a River Danube steamer, Belgrade Radio reported.

Thirty persons who jumped overboard as the vessel started to sink were saved. The others on board went down with her.

The ship was on the way from Belgrade to Zemun.

Gentleman Bandit Returns Money

NEW YORK, Sept. 9 (AP) — Last July a well-dressed young man held up a saleslady in a 42nd Street candy store, took $30 and told her:

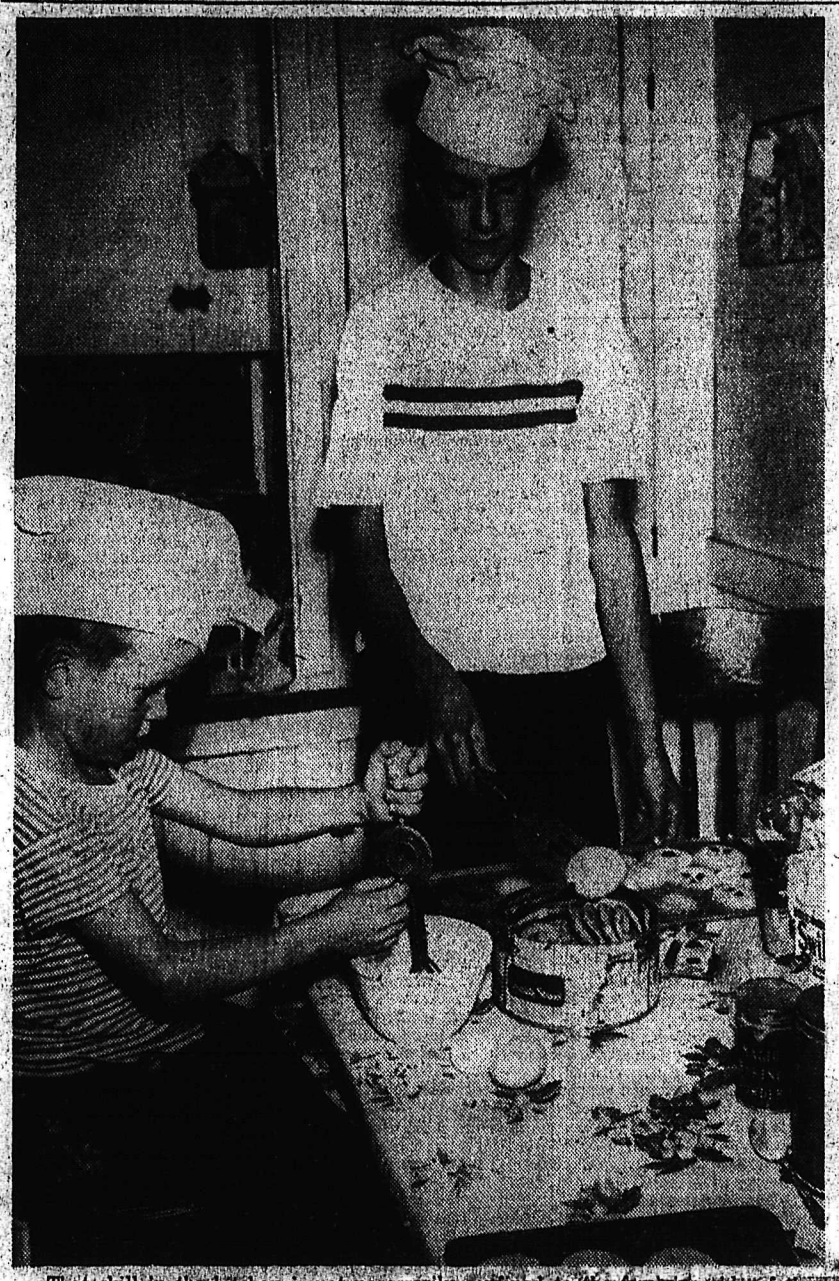
"This is the first time I ever did anything like this but I need the money bad."

He took the name and address of the saleslady, Mrs. Bertha Romano, and promised to return the money in 30 days.

Today the money came back to Mrs. Romano in the mail with a note that read:

"I am returning the $30 I borrowed which I badly needed for my room rent. Sorry I couldn't return it sooner."

And the bandit signed it "Your friend."



That skill in the kitchen is not necessarily confined to the feminine side of the family is demonstrated by Ray Sanders, 14, and his brother Gary, 6, pictured as they practised up in readiness for the West Kootenay Exhibition at Nelson Thursday, Friday and Saturday. They are sons of Mr. and Mrs. H. E. Sanders of Nelson and are entering samples of their ware in the cooking section of the exhibition.

Naguib Threatens Political Parties

By EDWARD POLLOK

CAIRO, Sept. 9 (AP) — Egypt's military premier, Maj.-Gen. Mohammed Naguib, served an ultimatum on the country's political parties today to purge themselves and framed a drastic revision of landed wealth.

Moving promptly to consolidate the power he seized in a dramatic acceptance of the premiership on Sunday, the army commander enlisted the support of two of Egypt's strongest politicians.

Mustapha Nahas, titular leader of the powerful Wafdist party, said in a statement that the "movement of the gallant army should be given full support, especially as it has no aim but the welfare of the country."

Nahas, the former premier ousted for failing to keep order during Cairo's disastrous fire riots last January, spoke up after nearly a score of his party's most influential men had been jailed in the army's anti-corruption roundup Sunday.

It was announced also that former Premier Aly Maher, who resigned Sunday under Army fire for dragging his feet in the political clean-up campaign, will serve as representative of the new government in Arab league meetings beginning here Wednesday.

Information Minister Fathi Radwan, who made the announcement also disclosed the ultimatum to the political parties. He said they will be given 30 days to rid themselves of grafters or face dissolution at the hands of the state council, Egypt's supreme court.

Two smashing pieces of legislation were agreed upon at an all-night meeting of Naguib's new cabinet to implement the army's reform movement.

One provided for virtual dissolution of Egypt's political parties as they now exist and their reorganization. It deprived of all political rights persons convicted of bribery, graft, dishonorable crime, profiteering or accepting rewards from foreign countries.

The law would set up specific regulations for the creation of new parties, force them to file their platforms and membership lists with the Interior Minister and keep their funds in banks so that an accounting could be made.

POLICE SEEKING WEALTHY WIDOW

LONDON, Sept. 9 (Reuters) — Scotland Yard has asked British Columbia police to help search for Mrs. Louise Lee, 77, a wealthy widow who vanished from her home here in 1939.

Mrs. Lee is understood to have told friends that she was going abroad, but nothing has been heard of her since.

Scotland Yard authorities believe that Charles Seed, an estate agent who handled some of her business before emigrating to British Columbia, may be able to help them unravel the 13-year-old mystery.

Strike Talks Show Progress

WINNIPEG, Sept. 9 (CP)—Deputy Labor Minister Arthur J. MacNamara tonight reported that progress was made today in negotiations for a new contract for 1500 lakehead grain handlers, threatening to strike next Monday.

Mr. MacNamara made the report at the conclusion of the second day of negotiations between representatives of the Brotherhood of Railway and Steamship Clerks (A.F.L.-T.L.C.) and 15 terminal elevtator operators.

The union voted to strike in support of demands including higher pay and a shorter work week. It rejected a compromise settlement, recommended by a federal conciliation board.

Yesterday, the operators made a new compromise offer. No details were revealed.

J. L. Pateman of Winnipeg, district chairman of the Brotherhood of Railway Employees, said the fourman delegation received a new offer today from the operators and is considering it.

WANT CANADIAN FLAG

MONTREAL, Sept. 9 (CP) — The Canadian Junior Chamber of Commerce today sent a letter to Prime Minister St. Laurent urging the adoption of a national flag for Canada. The letter was the outcome of a resolution passed at the annual meeting of the Junior Chamber in June and reaffirmed at the meeting of the national executive committee Aug. 31.

SUSPECT SABOTAGE

BERLIN, Sept. 9 (Reuters) — A heavy explosion in the East German state tire plant, Deka, killed several Russian soldiers and German workers last Sunday, the West Berlin newspaper Telegraf reported today. Many tires for the Russian army were destroyed and secret police arrested several workers on suspecion of sabotage.

HOPE TO REACH BURIED WORKER

WELLINGTON, N.Z., Sept. 10 (Wednesday) (Reuters) — Workmen redubled their efforts today to rescue Greek laborer Athanassios Anthanassiadas, buried alive tor 20 hours by a cave-in in a railroad tunnel in the Rimutaka Mountains North of here.

Digging frantically to get through solid heaps of rock and earth, they communicated with the Greek through ventilation pipes. They expect to reach him within a few hours.

Twenty-six other sand hog workers were rescued Tuesday after being cut off for 10 hours. The Greek was separated from his companions by a secondary fall while rescue operations were under way.

He was posted as missing, presumed dead, until rescuers located where he was buried and found he was still alive.

Pickets to Close Theatres Today

VANCOUVER, Sept. 9 (CP) — Pickets instead of usherettes will likely greet customers tomorrow at most downtown theatres here.

Striking film exchange employees said tonight unless a wage agreement is reached in the interim with six major movie firms they will throw picket lines around theatres showing "hot" films.

The Film Exchange Employees Union, representing 33 workers on strike since Aug. 16, said other theatre employees have voted to refuse to cross picket lines.

Union officials indicated the picketing would spread later to outlying theatres, which do not open until evening.

Five of the six movie companies are U.S. controlled. Two companies have reached agreement with their employees, the J. Arthur Rank organization and Empire Universal.

The workers want a $7.50 weekly increase for inspectors and shippers and a 20-per-cent boost for front office workers.

WIFE BEATER ACQUITTED

VANCOUVER, Sept. 9 (CP) — Theodore Eliuk, 55-year-old logger, was acquitted today by an assize court jury on a charge of attempting to murder his wife.

Eliuk was arrested after the 43-year-old woman was treated for injuries which she said were received in a beating administered by her husband.

Hospital Insurance Arrears Suspended

Back Premiums To Be Collected in Installments From Financially Fit

VICTORIA, Sept. 9 (CP)—The provincial government has decided to suspend arrears of persons who have been delinquent in hospital insurance premium payments during 1949, 1950 and 1951, and will permit them to re-establish themselves with payment of the current premium.

Health and Welfare Minister Eric Martin, who made the announcement today, added that after a two-week waiting period, these persons will become fully eligible for B.C.H.I.S. benefits.

"It should be noted that this is a suspension, not a cancellation," the minister said. "The main consideration in bringing this policy into effect is to allow persons presently in default to re-establish themselves with the service."

The government feels that some persons may be staying out of the plan due to inability to pay the large arrears which they have accumulated over the last three years, Mr. Martin said. Persons who can not pay their arrears, due to their low income, will not be asked to do so, he said.

"However, it should be noted that the hospital insurance will through procedures provided under the act, continue to collect premium arrears for 1949, 1950 and 1951 from those persons who can well afford to pay, by making arrangements for installment payments if necessary in accordance with their means," the minister said.

90 PER CENT COLLECTED

He added that approximately 90 per cent of the total premiums for this three-year period have been collected. It is felt that the majority of those persons who are delinquent and who have amassed arrears and done so because of temporary financial difficulties. Therefore, Mr. Martin said, it is felt that this change will be of particular benefit to these persons.

"It is hoped that this action will serve to bring into benefit the majority of the persons presently delinquent under the B.C.H.I.S.," Mr. Martin concluded.

PRISON BREAK TO BE INVESTIGATED

Desperate 4 Still Eluding Police

TORONTO, Sept. 9 (CP) — An Ontario royal commission will investigate how four criminals escaped yesterday from the death-row cell block at Don Jail.

Premier Frost announced today that Judge Ian Macdonell of Toronto will conduct the inquiry.

Meanwhile a province wide hunt continued for the four escapees — Edwin Boyd, Leonard Jackson, Steve Suchan and William Jackson. A $26,000 reward has been posted for information leading to their arrests.

Police checked reports from many points that one or more of the fugitives had been sighted, but none led to the wanted men.

TIP FROM CLERK

One such tip came from the Eastern Ontario town of Hawkesbury, where a drug store clerk said a man resembling Boyd, bank robber and leader of the gang, bought peroxide hair dye and makeup.

While police continued the search officials still tried to establish how the men managed to get out of what had been considered the most escape-proof part of the jail.

Premier Frost said investigations by city and provincial police are continuing.

"We are determined if there has been inefficiency it will be disclosed and corrected.

5 Jet Crashes Call For Investigation

LONDON, Sept. 9 (Reuters) — Five British jets crashed in Britain today, killing two pilots and underlining a recent call for investigation of the R.A.F.'s mounting accident rate.

At Tangmere, Sussex, a Meteor jet crashed in a backyard, missing a baby sleeping in a baby carriage by eight yards. The pilot, thrown clear by his ejector seat, was killed.

The other fatal accident was at Sutton, Yorkshire, where another Meteor plunged to earth, killing the pilot.

Two other jets collided in mid-air over a Cambridgeshire village. The pilots parachuted to safety. The fifth plane plunged into the sea off Weymouth. Its pilot was picked up by a tanker.

Civil Defence Joint Concern Of Canada, U.S. Says Expert

OTTAWA, Sept. 9 (CP)—A New York State civil defence official said today Canada and the United States must study their joint problem of civil defence organization "as though no boundary line existed."

Alden E. Bevier, director of Civil Defence Welfare Services for New York State, told the opening session of a national C. D. welfare conference that joint planning between the two countries was not "just aonther internaitonal gesture."

"When we say that we need you and that we think you will need us, we are in dead earnest. The test exercise in Niagara Falls, N.Y., last month made our mutual dependence very clear."

Mr. Bevier said all C.D. planning is directed toward the possibility that atom bombs will be dropped on the principal cities, and all at once.

"We are told that the enemy has the planes and the bombs with which he can bomb our cities. That is what we must be able to deal with. When we can solve the problems of atomic attack, we can meet any kind of attack."

Health Minister Martin, who administers C.D. planning, opened the conference of more than 50 delegates from federal, provincial and municipal governments.

He said civil defence has become an "inescapable duty" for every Canadian.

AMBROSIA BEETLE UNDER DISCUSSION

OTTAWA, Sept. 9 (CP)—The pinhole borer, a minute but destructive beetle which attacks freshly-fallen trees, got a scientific going over today by some of the best forestry brains in the world.

The delegates ot the sixth Commonwealth forestry conference spent most of the day discussing the depredations of the little bug whose scientific name is ambrosia beetle. He bores pin-size holes in freshly-cut logs, leaving blue trails through the wood as he goes along nurturing on the fermenting sap.

The delegates' conclusion: They believe foresters are slowly but surely getting the little fellow's number with the aid of poison sprays.

Kootenay-Okanagan Sharing of Games Water Events Suggested

Delegates who presented Nelson's invitation to the 1954 British Empire Games committee at Vancouver to stage the rowing races here, are to return home Wednesday night, happy over "a nice reception."

The four delegates telephoned the Daily News Tuesday night to report that the invitation was receiving consideration from Col. W. G. Swan, chairman of the facilities committee.

"Col. Swan told us he knew we have a fine course at Nelson. It has come down to a question of financing now," H. A. D. (Bud) Greenwood said.

Harry D. Harrison, Nelson chamber of commerce president, said the delegates were coming home knowing that a tremendous amount of work would be necessary, but feeling that "we are in a favorable position to go ahead on it."

Details would be discussed at a meeting to be called in Nelson.

A new plan under which the Coast, Okanagan and Kootenay would share in the games was discussed.

To provide a swimming and diving stadium would cost Vancouver a large sum, and it was suggested that the swimming and diving events might be staged on the Okanagan Lake and the rowing events on the West Arm of Kootenay Lake at Nelson. Vancouver would run the track and field events. The plan appeared to find favor in many circles.

Other Nelson delegates were Ald. W. S. Smith and C. W. Ramsden. Move to have the rowing here was sparked by Mr. Greenwood, a former sculler himself.

MANILA, Sept. 9 (AP) — The United States today turned over several thousand tons of military equipment including 400 jeeps, weapons carriers and scout cars to the Philippines army.

NELSON DEAN CRITICAL OF HISTORY BOOKS

LONDON, Ont., Sept. 9 (CP)—Very Rev. T. L. Leadbeater, Nelson, B. C., told the 18th Anglican synod tonight that three text books in British Columbia schools "show the Anglican Church to great disadvantage." He said the books, which he did not name, cast a reflection on the origin of the Church.

DOLLAR UNCHANGED

NEW YORK, Sept. 9 (CP)—The Canadian dollar was unchanged at a premium of 4 3/16 per cent in terms of United States funds in closing foreign exchange dealings today. The pound sterling was unchanged at $2.78 C/16.

Water Levels

	1952	1951	1948
Sept. 9	7.70	7.66	5.18

And in This Corner . . .

TAMPA, Fla., Sept. 9 (AP)—The County Bar Association requested that Judge L. A. Grayson wear a robe when he holds court.

Grayson agreed to robe himself.

Yesterday Judge Grayson, explaining that "this is not done in a spirit of revenge," ordered all lawyers coming before him to wear coats and ties.

PARIS, Sept. 9 (AP)—A French doctor says drinking is a problem because "most people do not know what to do with their leisure."

Dr. Paul Perrin, professor in the school of medicine at Nantes, addressed a meeting of the 24th international congress against alcoholism. There is a social habit of passing the idle moment in bars, Perrin said.

Perrin's solution: "Never offer or take a drink between meals."

BELFAST, Northern Ireland, Sept. 9 (AP)—By looking after Grandma you probably are just being cruel to the old lady. Better to send her out to earn her keep.

These opinions were expressed by the psychologists of the British Association for the Advancement of Science in a symposium on the care of the aged.

Mrs. A. V. Hill, wife of the British Association president, said "Physical care alone often constitutes actual cruelty. Old people are happier living on their own than with their families."

OKLAHOMA CITY, Sept. 9 (AP)—Clarence Wilson finally caught up with his shirt. It was stolen two weeks ago.

He was sitting in a downtown office Monday when the shirt walked in—on someone else.

Wilson summoned police who jailed the other wearer—barebacked.

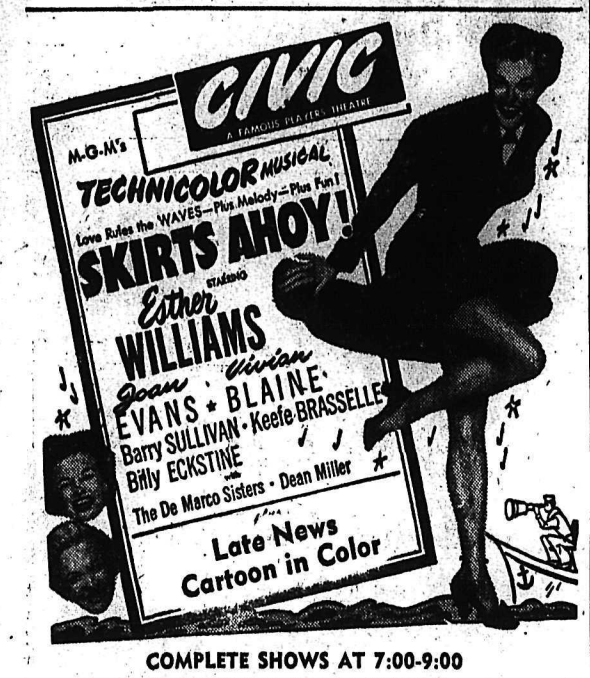
BALTIMORE, Sept. 9 (AP)—Shipyard worker James W. Wallace drew $100 pay in brand new $20 bills and lost it. It was found and turned over to police, but Wallace found himself faced with another problem.

He had to identify the bills. He did. How?

Wallace remembered that a friend at the shipyard was on the payroll immediately ahead of him. The friend hadn't drawn his pay yet.

So they got the friend's pay envelope and examined the bills, also all new. Wallace looked at the serial numbers and wrote down the five that followed the highest in his co-worker's envelope.

He handed in his list of numbers. They matched. Wallace got his money.



COMPLETE SHOWS AT 7:00-9:00

Exhibition Entry Nears Record

Nelson's Civic Centre was a bustling hive of activity Tuesday night as directors and executive of the West Kootenay Annual Agricultural and Industrial Exhibition prepared for a three-day round of events.

Competition is keen and entries and entrants above last year's figures. Two hundred and twenty-five entrants are exhibiting 1454 entries in all classes of the exhibition. The largest increase is in the home canning and cooking sections.

This year's entry list is just slightly below the 1950 total when a record 1500 entries were exhibited by 275 entrants.

Adding to the interest is an outstanding entertainment program featuring a marine show. Trained penguins, pelicanr and seals perform a variety of feats throughout the show.

T. W. Lambert, 83, Lumberman, Dies

Thomas Wayling Lambert, one-time Nelson prospector and lumberman, died at Mount St. Francis Infirmary Tuesday. He was 83.

Born at Sharon, York County, Ontario May 13, 1869 he came to Nelson first in 1896 to prospect in the Kaslo-Slocan area. Several years later he returned to Ontario, coming back to Nelson in 1931 his home since. While in Nelson Mr. Lambert worked with his brother, the late A. G. Lambert in a lumber business.

Mr. Lambert's wife, Elizabeth Maria, predeceased him at Thornbury, Ontario, in 1927.

Surviving are one sister, Mrs. J. H. Christie of Nelson; nephews George G. Lambert and Thomas C. Lambert of Nelson, and Arthur A. Lambert at South Slocan, and two nieces, Mrs. D. E. Bell of South Slocan and Mrs. Earl E. Swanson of Burnaby. Other relatives reside in Ontario.

Funeral services will be held in Thornbury, Ont.

The Weather

Synopsis: Skies were cloudy over much of B.C. Tuesday and a few showers fell in the Southern part. Afternoon temperatures ranged through the sixties or high fifties.

The cloud in Southern B.C. is slowly clearing as the moist air causing it moves away into the Northwestern United States. A weak disturbance from the Gulf of Alaska is causing increasing cloud over the Northern part of the province. A few very light showers are also expected in Northern B.C. and along the North coast today.

CREDIT UNION PLANS EXHIBIT

Nelson Savings Credit Union at a meeting at Cathedral Hall decided to take a booth at the West Kootenay Exhibition in marking the 104th anniversary of the movement.

Committees named were:

Building — R. H. Bradley, A. W. Moore, E. Gerich and Mrs. Bradley.

Buying—E. Gerich.

Serving — E. Gerich, chairman; Mrs. M. Morrison, Mrs. C. D. Olson, Mrs. R. Mosti, Mrs. J. Livingstone, Mrs. Stevens, Mrs. Bradley, Miss S Tagami, Mrs. F. Searle, Mrs. M. Morrison, Mr. and Mrs. A. Stavast, G. Barnhardt, Mrs. E. Tickner and Miss C. Tickner.

Advertising — I. Lewis, chairman; A. Olson, L. M. Arendarski, A. L. Cartier, J. C. Wilson, F. Searle, R. H. Bradley, Mrs. I. Johnson, E. Evans, A Moore and George Burns.

The president, J. C. Wilson, also called on Mr. Arendarski, the secretary, to outline history of the credit union movement.

MEXICO SUGGESTS TRUCE SOLUTION

MEXICO CITY, Sept. 9 (AP). — Mexico has proposed that the prisoner-of-war deadlock in the Korean truce talks be solved by permitting prisoners who do not want to go home to emigrate to neutral countries, the foreign office said tonight.

The United States was said unofficially to view the plan with favor.

A spokesman said the proposal was delivered to U.N. Secretary General Trygve Lie several days ago and circulated among the 60 member countries.

British Soccer

LONDON, Sept. 9 (Reuters)—Results of soccer matches played today in the United Kingdom:

ENGLISH LEAGUE

Division I

Gateshead 1, Hartlepools United 1

Mansfield Town 0, Workington 0

Port Vale 2, Stockport County 0.

IRISH LEAGUE

Ulster Cup

Cliftonville 2, Coleraine 1

Distillery 1, Ards 0.

FORT FRANCES, Ont., Sept. 9 (CP) — Earl (Sonny) Johnson of Fort Frances has left here to attend Detroit Red Wings hockey camp at Sault Ste. Marie, Mich.

After turning professional last year, Johnson starred with the Detroit farm club, Edmonton Flyers of the Pacific Coast Hockey League. He was Flyers' leading scorer for the year.

Nelson Actor With International Troupe

GEORGE DICK

. . . who will be remembered by many in Nelson and throughout the Kootenays as having carried the lead role in several of the plays produced by the Nelson Little Theatre, such as "Night Must Fall," "Ring Around Elizabeth," and the 1950 Festival play, "Dark Brown," is now playing with the International Players of Kingston and Toronto. He is currently appearing in the Oscar Wilde farce comedy "The Importance of Being Earnest."

Mr. Dick has to his credit roles in 22 productions, having joined the company in March of last year. Among the plays in which Mr. Dick has appeared are, "Born Yesterday," "Tobacco Road," and "Rain."

Mr. Dick has been under the direction of Vern Chapman, who is credited as being one of the best directors in Eastern Canada.

Stockholders Ask Gypsum Audit

SPOKANE — Efforts by four stockholders to get a court to order an audit of Columbia Gypsum Products Inc., books, were begun before Superior Judge Ralph E. Foley.

Four stockholders asked the court to order an audit, change the minutes' and direct that company books be opened for inspection. Joseph P. Delay, attorney for the stockholders told Judge Foley today that stockholders directed company directors to conduct an audit at the last annual meeting.

He asserted that minutes of the last meting failed to show motions to reduce director salaries. He also asserted that stockholders had been unable to inspect company books.

Thomas Malott, company attorney said the company could not afford an audit at this time. He argued that the stockholders' vote was advisory only and not binding on corporation officials.

Commenting on the request that motions be included in minutes, Malott said the motion was out of order at the meeting which was called to elect directors only. He asserted that a motion to adjourn had been made before the contested motion was made.

He claimed that directors were willing to leave books open for inspection. Stockholders bringing the action were Thomas F. King, Howard C. Baker, Frank Rupert and Vernon Moody.

Listed with the company as defendants are Loren G. Brown, John C. Tenold, E. C. Phillips, Roscoe W. Luce, Boyd McDowell, Edward White and Abner Ingebretson.

Little Theatre To Air Fall Plans

Fall production of Nelson Little Theatre will be discussed by the executive Thursday night. Play will be chosen along with the director and time of production. Mrs. Peter Mathisen will be host.

Big Game Hunters Ready For Sport

If you're out to bag some big game this year, it is about time to dig out the hunting clothes and trusted gun for the season is not far off. In fact, goat season opened Sept. 1 and season's on other species open Sept. 15.

Seasons for goat, deer, caribou, moose, elk, sheep and bear for East and West Kootenay follow:

DEER

East and West Kootenay—open Sept. 15 to Nov. 30. Bag limit one buck. It is possible upon completion of scientific investigations that in some sections of the Eastern District open season will be declared later for doe hunting.

GOAT (Mountain)

East and West Kootenay, except Grand Forks-Greenwood electoral district—open Sept. 1 to Nov. 30. Bag limit one ram.

ELK (Wapiti)

Cranbrook electoral district — in portion lying North and East of Mathers Creek, including watersheds of Buhl Creek and Skookumchuk River—open Sept. 15 to Nov. 30.

Fernie and Columbia electoral districts—open Sept. 1 to Nov. 30.

Nelson-Creston electoral district—area lying South of Lockhart Creek and East of Kootenay Lake and River—open Nov. 1 to Nov. 15. Bag limit one bull elk or moose but not both.

CARIBOO

East and West Kootenay—open Sept. 15 to Oct. 31. Bag limit one bull.

MOOSE

Fernie, Columbia, Cranbrook electoral districts—open Oct. 1 to Oct. 31. Bag limit one moose or one elk but not both.

MOUNTAIN SHEEP

Fernie and Columbia electoral districts except portion of Columbia District known as Stanford Range bounded on North by Banff-Windermere Highway and lying between Kootenay River, Columbia and Windermere Lakes and Columbia River—open Sept. 15 to Oct. 15. Bag limit one ram.

BEAR

East and West Kootenay—Grizzly bear—open Sept. 1 to June 30. Black or brown bear no closed season. Bag limit for Grizzly one. No bag limit on black or brown.

Nelson Guides Reorganize

Reorganization meeting of Nelson First and Fourth Girl Guide Companies was held in Scout and Guide Hall Monday evening. About 24 were present.

The two have combined into one company for the sake of fellowship and are captained by Miss Marie Stangherlin with Miss Anita Burton, lieutenant.

Assisting with training will be J. Foggo and Oscar Anderson who will teach first aid.

Volunteer canvassers for National Institute for the Blind tag day this week were listed by Mrs. R. A. Custer.

A report will be received at the meeting Monday night from Peggy Owen on provincial training camp for patrol leaders at Wilson Creek, near Vancouver, which she attended.

Main exports of Australia, which has been settled since 1788, are wood and food.

SONS COMPLAIN OF NIGHT RAIDS, TREATMENT OF MEMBER; VILLAGE SEEKS ACTION ON INCENDIARISM

Two complaints arising out of incidents in Castlegar have gone to authorities at Victoria and Ottawa.

From the Brotherhood of Reformed Doukhobors (Sons of Freedom) a letter to the minister of justice at Ottawa complains of terroristic midnight attacks on members of the sect and the treatment of a member, Paul Popoff, at Castlegar in late August.

From the Village of Castlegar Commission a letter to Victoria complains of the lack of success of police investigation of three acts of arson.

The Brotherhood's letter to the Minister of Justice, signed by Vice Secretary N. K. Nevonshonoff of Crescent Valley, alleged that Paul Popoff was questioned, roughly treated and threatened by firemen at Castlegar on the night of August 30 and 31.

Popoff, the letter claimed, was turned over to the fire brigade by a police constable after questioning in connection with an incendiary fire in the home of John Bloodoff upon which Popoff was employed in construction.

Popoff and the Reformed Doukhobors committee have refused to lay charges of assault. "Court cases lead to punishment and punishment leads to further hatred and there is no cure that way to these troubles," is the explanation they have given.

Popoff was among the first of members released from prison sentences on arson charges, after giving an oath that he would obey God's law. The God's law of the sect asserts that it is wrong to cause trouble for others.

"The letter is reasonably accurate," Fire Chief R.A.D. West said. Popoff was told to get out of Castlegar because of suspicions regarding three recent fires. "He was not treated as gently as he might have been," he said. There have been six acts of arson in the Castlegar-Kinnaird-Brilliant area in recent months.

Castlegar Village Commission, after hearing the fire chief's report, last week sent a letter of protest to Victoria deploring the fact that there had been three fires in the centre with evidence of deliberate origin but no arrests.

The fire chief, reporting to the commission, said, "the volunteer firemen are thoroughly fed up with incendiary fires and the police attitude of doing nothing."

There have been three incendiary fires in Castlegar in the last two months, all set by what appeared to be one person, the chief told the commission. The alleged culprit had been interviewed by five firemen and denied having anything to do with the fires, he said.

The reformed Sons of Freedom letter also said that on August 24 and 25 about midnight, "a few of our homes were invaded by two unknown persons under cover of masks. These intruders brutally overwhelmed sleeping occupants with clubs and what not."

The letter to Hon. Stuart S. Garson, was to "acquaint you with the situation and especially with the threats."

R. A. Waldie Cops PNE Hobby Prize

For an interpretive statue made in his spare time, R. A. Waldie of 707 Cottonwood Street took first prize in the International Hobby Show at the Pacific National Exhibition.

Mr. Waldie has been carving for years and his prize-winning article, made from Western juniper, is 15 inches tall and cylindrically shaped. Around the body are carved heads representing the various human races.

"It is impossible to describe the statue in words," the sculptor said. "The interpretation given it by me would not be the same as that of others."

Mr. Waldie plans to enter the statue in the National Hobby Show at Toronto in October.

Creston Man Has Record B. C. Beetle Collection

The largest B.C. beetles collection in existence was camera subject for H. M. Buckna, Creston photographer, that won his pictures a place in nationally-distributed newspaper rotogravure section.

The Toronto Weekly Star this week carried two pictures of Gordon Stace Smith's beetle collection. The neatly mounted display contains 60,000 specimens representing 2300 species.

The Creston man is discoverer of over 75 species.

The entomologist's collection is mounted in 100 boxes, and the beetles range from dot-sized to three inches in length.

TWO CHARGED IN MILK BOTTLE THEFTS

Two Nelson boys are to appear in juvenile court in connection with a series of milk bottle thefts in Fairview, City Police said Tuesday.

A considerable sum of money has been stolen from milk bottles at homes over a wide area, police said. The thefts have been occurring for some time along Nelson Avenue, First Street and Chatham Street. It is believed other juveniles are involved and investigation is continuing.

POLIO STRIKES RIONDEL LAD

KASLO — A Riondel youth has contacted polio. About 16 or 17 years old, the boy was taken to Victorian Hospital in Kaslo Sunday, Kaslo R.C.M.P. report.

PAYS $300 FOR DRIVING WHILE ABILITY IMPAIRED

William Polonikoff of Slocan was fined $300 in Provincial Court Monday when he pleaded guilty to a charge of driving a vehicle while his ability was impaired by the use of alcohol. Stipendiary Magistrate William Evans imposed the fine.

Polonikoff was apprehended Sunday night on the Southern Trans-Provincial highway near Glade.

Society Officers Named . . .

Must Share Bible or Million Will Turn Elsewhere, Churches Rally Told

The transforming power of the Bible in the home was portrayed in an outstanding motion picture shown Tuesday evening at a largely attended rally in Bethel Tabernacle under the auspices of the Nelson Branch of the British and Foreign Bible Society. The film was shown by the Society's secretary for the province, Rev. J. A. Raymond Tingley, Vancouver.

In introducing the picture, Mr. Tingley told of the Bible Society's world wide work of translating, publishing and distributing the Scriptures in the various languages of mankind. He stated that in this time of upheaval, when millions of people are seeking to rise out of their misery and their bondage, the greatest task confronting the church is that of sharing with all mankind the truth which makes men free.

The secretary told of the ever-increasing demand of the people of the world for Bibles, and warned that unless these are supplied the awakening people will choose a pagan materialistic way of life and become a menace to the cherished freedoms and democratic institutions of this and other countries. It is imperative therefore, said the speaker, that those who share the blessings of the Christian faith, provide for men everywhere the Bible "which is the basis of our heritage."

Mr. Tingley said that it is deplorable that so much is spent for war and for pleasure, and so little given to the urgent and most important task of providing the word of life for those who are pleading for help. Unless, he stated, this help is given soon through a generous support of the work of the Bible Society, it would be too late, and an imperiled Christian civilization would go down in ruin.

OFFICERS REELECTED

The rally, which was attended by representatives of all of the Protestant communions of the city, was conducted by the minister of the entertaining church, Rev. I. M. Presley. Officers were relected: president, Very Rev. Thomas Leadbeater; secretary, Mrs. R. A. Custer; treasurer, Rev. I. M. Presley; additional members of the executive: Mrs. A. Smith, Mrs. E. Jorgenson, Mrs. E. G. Powell, Mrs. Hugh Greenwood, C. G. Calbeck. Representatives are to be appointed on the executive from the other churches, and all of the local ministers are vice-presidents.

It was decided to observe Sept. 28 as Bible Society Sunday, when the claims of the work will be presented and offerings received for the work. An objective of $400 was set.

Mr. Tingley, who is making his annual visit to the Kootenays, is holding rallies this week at Kaslo, New Denver, Nakusp, Slocan City, and will spend Sunday in Trail, preaching at the Presbyterian and Anglican churches, and having a public rally in the evening in the high school auditorium. He reports large congregations at the rallies and a splendid response to the films, "The Bible on the Table" and "Frontiersmen."

Society Hears of Plans for School For Handicapped

TRAIL — A report on the new school for handicapped children to serve Rossland, Fruitvale, Robson, Castlegar and Trail was given to the Kootenay Society for Handicapped Children at a meeting here.

The new school, to be known as "Maple School," will be in charge of Mrs. George Magwood of Robson.

Opening of the school will take place in two weeks. There are 22 children registered to date.

The school is located at 2102 Second Avenue, Trail.

Mrs. Magwood will be at the school next week for interviews with parents and friends of the children. A nurse, Mrs. Lassen, will be in attendance each day, and to date, seven persons have volunteered with Mrs. W. K. Lyons to assist Mrs. Magwood.

A list of equipment needed at the school was given the meeting by Mrs. Magwood. It was suggested that interested persons may wish to donate some of the things required.

Equipment needed includes furniture for the staff and children, toys, paints, books, etc.

The meeting heard a report from Harold Lins on the fact-finding committee investigation of the gift of land at Robson. It was decided further study of the water supply was necessary.

The society received money from the Rossland Rotary club for purchase of educational toys.

A nomination committee for election of directors was named. On the committee are Mrs. Keath, Mrs. H. Lins and W. Leaman.

Castlegar Ferry Resumes Operation

CASTLEGAR — The Castlegar ferry is back in operation following a breakdown early Monday evening. Shortly before midnight, a broken clutch was repaired and the ferry continued service under its own power. C.P.R. tug towed the ferry for several hours from 6:30 p.m. while repairs were made.

A BULLDOZER BROKE SOD at the end of August for a new $50,000 hall at Warfield subdivision. In the surveying group that first day were Dr. C. H. Wright, president of Trail and district Recreational Projects Society; Alf Domeli, building supervisor; Dick Guillaume, engineer; Art Bickerton, president of the Warfield welfare organization; Fred Keith, secretary, and Tip Shire, director.

PROGRESS ON FOUNDATION laying in early September is shown in this picture, with footings poured and a storm sewer laid. Community-minded Warfield residents are pitching in to build the hall by volunteer labor to considerably reduce cost.—Louis Fryling photos.

Prompt Action Quells Bush Fire

BOSWELL — Prompt and efficient action by the B.C. Forest Service saved the LaFrance area near here from a serious bush fire. Under the supervision of W. Anderson, fire ranger, fighters were recruited from the La France and Boswell areas and pumps and equipment rushed to the scene.

The fire was first noticed by Fred Simpson, enroute to his home in La France. Three hundred feet of hose was laid to reach the scene of the fire from the lake and in less than four hours, fire fighters had the blaze under control.

The fire, in the power line right of way, could have caused extensive damage to the dry thick brush in the surrounding area.

TRAIL NURSE SONG WINNER AT C.N.E.

TRAIL, B.C.—Florence Catalano, a young Trail nurse who went East a year ago to pursue her interests in both nursing and singing, has placed first in the lyric soprano class at the Canadian National Exhibition in Toronto.

Miss Catalano is the daughter of Mr. and Mrs. Charles Catalano, 1155 Green Avenue. She nursed in the Trail-Tadanac Hospital until a year ago when she moved to Toronto.

In the East Miss Catalano has been studying voice under Dr. Vinci of the Toronto Conservatory of Music.

Johann Sebastian Bach was famous as a great organist while he lived rather than as a composer.

24 Win Special Awards At Rossland Exhibition

Time To Get Protection Of Civil Liberties In Statute Form

Private rights of the man in the street are being curtailed by the increasing number of laws passed in the supposed interest of the community, a lawyer warned the Canadian Bar Association last Thursday.

J. M. Robertson, Calgary, told the civil liberties section: "There is a growing tendency to interfere with private rights by legislation in the name of expediency, social welfare, national emergency or other presumably progressive ideals."

The Canadian Constitution did not provide specifically for the protection of the individual's right. Protection afforded by traditional respect for a man's rights was political rather than legal.

Only real safeguard against arbitrary legislation, he said, lay in the political power of the people through public opinion and the vote. Even that left minorities and individuals at the mercy of the majority.

Perhaps it is time we began using that power of public opinion and the vote to obtain a Bill of Rights safeguarding private rights and liberties before too many are lost.

Comparisons

Here are some comparative examples of hospitalization costs under the old Hospital Insurance Service plan and the Social Credit Government's new scheme, compiled by the Victoria Daily Times:

(The first column of figures in each case represents the premiums, the second represents the old co-insurance expense under the straight $1-a-day plan, and the third gives the total cost to the patients.)

Single person who has just a five-day stay in hospital:

Old charge	$30	$ 17.50	$ 47.50
New charge	27	5.00	$ 32.50

Single person who has three months' hospital in a year:

Old charge	$30	$ 35.00	$ 65.00
New charge	27	93.00	120.00

A single person going to hospital twice in a year for periods of 30 days and 20 days:

Old charge	$30	$ 35.00	$ 65.00
New charge	27	50.00	77.00

A family where mother spends 10 days in hospital for maternity case:

Old charge	$42	$ 35.00	$ 77.00
New charge	39	10.00	49.00

A family in which the father and two children are in hospital during the year for 20 days, 15 days and 10 days (a total of 45 days):

Old charge	$42	$ 35.00	$ 77.00
New charge	39	45.00	84.00

A family in which one member has a serious illness requiring eight months (248 days) in hospital:

Old charge	$42	$ 35.00	$ 77.00
New charge	39	248.00	287.00

An extreme case where three members of a family are hospitalized for three months each in a year:

Old charge	$42	$ 35.00	$ 77.00
New charge	39	270.00	309.00

LETTERS TO THE EDITOR

Letters may be published over a nom de plume, but the actual signature of the writer must be given to the Editor as evidence of good faith. Anonymous letters go in the waste paper basket.

Members Allowance in Three Days More Than Monthly Pension

To the Editor:

Sir—A week ago you published a Canadian Press story from Victoria headed, "Cabinet Gets Raise," and reading, "The Provincial Cabinet has given itself a raise, in travelling expenses.

"In future, Cabinet Ministers away from the Capital on business will be entitled to $15 a day living allowance, in addition to actual expenses.

"The living allowance previously was set at $10 a day."

As no denial has been issued from Victoria, this extraordinary statement may be accepted as true. While this brazen appropriation of the taxpayers' money may be legal, it is far from right morally.

These "honorable" members receive their travelling expenses in full. Yet for a period of three days they calmly help themselves to $45 for which they give no accounting. This is $5 more than an old age pensioner receives to live on for one month.

Perhaps Social Credit is a mis-nomer for their policy. They appear to be much more interested in Social Cash. Will it take another election to teach these, our servants, to keep their hands out of the public till?

JOHN TURNBULL.

517 Robson Street.

Principal Supports Safety Effort

To the Editor:

Sir—Just a personal thanks for the reminder you gave the driving public that the schools opened Wednesday, and that care should be taken in school zones.

Your constant campaign for safe driving is appreciated by parents and schools alike.

B. B. CRAWFORD,
Supervising Principal.

Verse

Grandad

He was a man of Scottish line,
Proud and gentle, honest, fine,
Clearly thinking to the end;
His years, fourscore, three and ten.

He gave a lift to any who
Would sit and talk, or listen to
His tales of olden days, and then,
He recalled a host of interesting men.

Bowed with age, but charming, kind,
He was endowed with a healthy mind;
His was a classic brow and chin;
He seemed designed a full life to win.

As aged his body, he fell not heir
As some lowly mortals, to a dwindling share
Of enlightened thoughts; their rutted talk
Is but a goat for the cruel to mock.

He stepped clear, and shone with wit,
Until he shook some mind a bit,
And sped it onto a deeper vein;
And so did he wax instead of wane.

His was an affectionate heart that beat
With a fondness for life, that none could cheat.
Its very weakness but urged him on
To live, though quietly, not withdrawn.

It stirred to every outside touch.
There was nothing around that was too much
For his interest to gather to himself;
He, though poor, had full-bound wealth.

In memory of J. J. Campbell.

BARBARA CORRIE,
R.R. 1, Nelson, B.C.

Blackbirds

To the lawn came blackbirds,
Bobbing their sleek round heads,
And I saw how the sun was a blue light
on their wings,
And how their spread-wide toes
Walked a precise way
Between the blades of grass.
Birds, I thought, what a shine you are,
Almost like painted toys
Wound to spring-tightness,
Set to pattern this green
With a glimpse
Of holiday glitter!

—GERTRUDE MAY LUTZ.

Mrs. K. B., Nelson—Would you please repeat recipe for cucumber relish?
Seven large cucumbers (do not peel), four large onions. Put through chopper and sprinkle with salt, let stand overnight, and drain well. Make a dressing of 2½ cups white vinegar, two cups hot water, three cups white sugar, three tablespoons mustard, ½ cup flour, 1½ teaspoons tumeric powder, ½ teaspoon ginger, ½ teaspoon red pepper. Mix and boil five minutes, then add onions and cucumbers and boil five minutes more. Bottle and seal.

Wanderer, Cranbrook—I am going to Britain shortly by boat, travelling Tourist Third. What clothes should I take, and will I need a "formal"?
You will certainly wear a formal dress at the masquerade ball which is given towards the end of the voyage, weather permitting—that is, unless you can invent fancy dress. For general wear, take warm clothing such as knitted suits, your Winter coat, slacks and shoes with nonskid soles. Scarves or close-fitting caps are generally popular as headgear. Take at least one afternoon frock for wear at dinner, an extra one for change, if possible. As a matter of fact, pack the sort of clothes you wear at home, only limit the number of articles, as cabin space is small.

E. O., Kimberley—Referring to your question regarding course in chartered accountancy:
We are indebted to one of our readers for the following information: Get in touch with Geo. Touche and Co., Chartered Accountants, Cranbrook; or write to Secretary of B. C. Institute of Chartered Accountants, Stock Exchange Building, Vancouver, B. C.

Looking Backward

10 YEARS AGO

From the Nelson Daily News of Sept. 10, 1942

Appointment of Captain Hugh H. Miller as Chief of Trail Fire Department, with probationary period of three months, effective Sept. 1, has been confirmed by Trail Council.

Miss Jean Horner, Fairview, leaves this morning for Victoria, where she will attend Normal School.

25 YEARS AGO

From the Nelson Daily News, Sept. 10, 1927

Mrs. J. Ramsey, Silica Street, returned to Nelson yesterday after a four-month trip to England.

Power shovel excavation has been commenced for the foundation of a new nurses' home in conjunction with Trail-Tadanac Hospital by engineers of Consolidated Mining and Smelting Company.

50 YEARS AGO

From the Nelson Daily News of Sept. 10, 1902

W. A. Jowett, Secretary of Nelson Tourist Association, has completed a trip along the Main Line as far as Kaslo in the interests of the Association.

B. T. A. Bell, Secretary of the Canadian Mining Institute, arrived in town yesterday for the meeting of the Mining Institute.

Your Horoscope

You may be asked to take on obligations that will interfere with your regular job. Instead, work for self improvement; use evening to finish odd jobs or to see someone near and dear. Today's child will be fun-loving and trusting; should be taught to handle practical matters early in life.

It's Been Said

There are but two ways of paying debt—increase of industry in raising income, increase of thrift in laying out.—Thomas Carlyle.

They'll Do It Every Time

By Jimmy Hatlo

Today's Bible Thought

Some juries have rendered verdicts emotionally. Robin Hood gave to the poor, but that did not excuse him for robbing the rich. Rich men have endowed colleges and hospitals and orphanages and libraries. They are not all wicked. We should discriminate justly.

Do ye judge uprightly, O ye sons of men.— Ps. 58:1.

Aunt Het

When things are in a bad fix, and something serious needs to be done, I'd feel a lot better if the President didn't wear such a cheerful grin in news pictures.

Views from the News Fronts

By J. M. ROBERTS, Jr.
Associated Press News Analyst

Britain has been nervous ever since the war over the revival of Japan's export trade. Now both countries are running a temperature.

"Japan steps up trade war," says a banner headline in the London Daily Mail.

Japanese textile interests, says the chairman of 14 British textile concerns, are "trying to wipe out Lancashire.

Anti-British stories and speeches occur in the Tokyo press and the Diet almost daily. Part of it centres about occupation conflicts and post occupation settlements in Japan. But the centre of heat at the moment is the textile trade.

Some months ago British textile firms began accusing the Japanese of "dumping" tactics. Japan replied that, actually, overstocking of low-priced Japanese products at Hong Kong and elsewhere represented the desire of traders to change over valued sterling currency into commodities. The Japanese said they didn't want the sterling and to prove it the Japanese government put a partial blockade on textile and steel sales to the commonwealth which needed the steel badly. Britain banned the remaining textiles.

Both later backed water a little but Japan is sending representatives to an international cotton trading conference in Derbyshire next week to plead for free trade and an end to British restrictions on colonial markets.

British authorities say Japan is quoting prices 30 to 50 per cent below Lancashire prices in East Africa, Pakistan and Malaya, all long-time affiliates of the British economic system.

The whole thing involves a certain undercurrent of resentment against the U. S. among some Britons. When Britain wanted to go slow on revival of Japanese industry the U. S. insisted not only that Japan must be made stable so that she could play her natural role in the Pacific defence line against Communism but so the U. S. could get out from under the load of post-war aid.

At the same time, U. S. policy, predominant in allied relations with Japan, has drawn the line against any really important trade between Japan and Communist China, one of the great natural outlets for Japanese products.

This has left Japanese traders with no place to go except into traditionally British markets.

U. K. Textile Firms Watch Japan's Competition With Growing Alarm

LONDON, Sept. 9 (CP) — A warning that Japan is marshalling her sales forces to capture Commonwealth markets through an all-out, cut-price war, was sounded here by Kenneth Boardman, chairman of 14 British textile manufacturing companies.

Boardman said 10 Japanese delegates will be attending next week's international cotton trading conference at Buxton in Derbyshire, and predicted they will make a strong plea for abolition of existing tariff barriers. At present Japanese textiles are excluded from colonial markets by an embargo imposed earlier this year.

Any concessions granted the Japanese at the forthcoming talks will signalize the start of an aggressive Japanese campaign to capture markets, Boardman said.

NEW "COLD WAR"

A member of his board just back from a tour of African and Asian textile markets had found a "cold war" being waged by Japanese salesmen against Lancashire cloths.

"The Japanese textile industry is so desperately requiring re-entry into our colonial markets and will so reduce its prices if success at the conference is achieved, that these markets will be virtually closed to Lancashire overnight," Boardman said.

Unless the colonial preference policy is maintained, he added, the British industry faces its gravest slump in years.

Ottawa Tackles Plans to Build Centres for Bombed-Out Families

OTTAWA, Sept. 9 (CP)—Planning and establishment of welfare centres to care for bombed-out residents across Canada in case of war is one of Canada's biggest civil defence jobs, a Federal welfare planning officer said today.

R. B. Curry of the Department of Health, which is planning civil defence on the Federal level, told a press conference that the job of planning welfare centres is being tackled.

He spoke to reporters as a national conference of more than 50 delegates from the Federal, Provincial and Municipal level met to plan and co-ordinate steps dealing with the welfare side of civil defence.

The agenda includes the problems of feeding and housing those made homeless, channelling of the injured to hospital, and care of lost children.

Pravda Prepares Peace Campaign

MOSCOW, Sept. 9 (AP)—Pravda noted today the 25th anniversary of Premier Stalin's statement that "peaceful co-existence" is possible between the capitalist and the Communist worlds.

Stalin, said the official Communist Party paper, first enunciated this idea in a talk to a delegation of American workers Sept. 9, 1927.

The editorial said Stalin's statement has "immense international significance." It added that the statement has great influence on development of "brotherly ties of the Soviet workers with the workers of all countries."

"FATE OF WORLD"

At the same time the article said equal importance should be given to Stalin's concept that the world would be divided into two great centres—capitalist and "Socialist"—and that the struggle of these two camps would decide their fate in the world.

The position given this article in Pravda indicates it is one of Party importance. It presages the forthcoming super-peace offensive, probably to be kicked off at the Communist Party's All-Union Congress Oct. 5, and to be taken up from there by Communist "peace congresses" culminating in the massive congress scheduled Dec. 5 for Vienna.

Eddy Hopes for German Allies

FRANKFURT, Germany, Sept. 9—(AP)—Lt. Gen. Manton Eddy, commander of the United States Army in Europe, said today, "I sincerely hope we will have the German Army with us by next Fall."

He made the statement after summarizing results in the U.S.-French Exercise Rosebush, fought out by 76,000 troops on possible Russian invasion routes in West Germany.

Eddy, senior officer for 250,000 U.S. soldiers, will be responsible for developing the U.S. military relationships with the West German ground forces. The U.S. will furnish supplies for the Germans and some U.S. officers are expected to be assigned to training tasks.

French Marshal Alphonse Juin described the exercise as "very realistic" and resembling what would happen in the first days of a Russian surprise attack. But Eddy cautioned that "any similarity is purely coincidental."

BASSINGBOURN, Herts, England (CP) — Staff Sgt. Stephen Morochnik, United States airman, says U.S. servicemen who want to marry English girls should first learn the secret of making tea. In an armed forces magazine he has a 300-word article on brewing Britain's favorite beverage.

RUSSIAN SOLDIERS HALT U. S. POLICE

BERLIN, Sept. 9 (AP)—Walter Donnelly, United States High Commissioner, said today that the Russians have presented U.S. military police from leaving the U.S. sector of Berlin to report for duty at their regular checkpoint on the Allied highway to Western Germany.

Three patrols were halted during the day by Russian soldiers and East German Communist police.

The Commissioner, on his first trip to Berlin, protested to Soviet General Vasily Chuikov during a meeting in the Red Army headquarters at Karlshorst today.

DEATHS

By The Canadian Press

London — Admiral Sir Percy Grant, 84, commander-in-chief of the Australian naval station from 1921 to 1922.

New York — Architect William Frederick Lamb, 68, a partner in the firm that designed the Empire State building—the world's tallest.

Quebec—Mrs. Armand Lavergne, 78, widow of the late Armand Lavergne, Deputy Speaker of the House of Commons from 1930 to 1935.

PHONE 144 FOR CLASSIFIED

Possible Claims For Overcharge Face Oil Firms

WASHINGTON, Sept. 9 (AP)—The Mutual Security Agency today announced it has turned over documents to the United States Justice Department which may result in Government suits against two U.S. oil companies, alleged to have overcharged for crude oil paid for by foreign aid funds.

The Federal Government already has filed charges against four other big U.S. oil companies, accusing them of overcharging the U.S. by $67,000,000 for oil shipped to Marshall Plan countries.

In today's action, M.S.A. said that "possible claims for overcharges" are involved in shipments made also by Gulf Oil Company and the Atlantic Refining Company.

Russ Needled By Balky Chinese

BY WILLIAM L. RYAN
Associated Press News Analyst

NEW YORK, Sept. 9 (AP) — All Moscow's censorship has been unable to suppress evidence of a sharp diplomatic battle in the Kremlin between the Russians and their apparently balky Chinese Communist allies. Hanging in the balance are the fates of Southeast Asia and Korea, and the Chinese may have quoted a high asking price to meet Moscow's demands there.

Everything from broad hints to abrupt expressions of irritation has been appearing in Pravda's pages for the last month, and against this background the trumpeted announcements of Soviet-Chinese friendship begin to have a hollow ring. Careful reading of Pravda raises these suggestions:

1. In the three weeks of bargaining between the Chinese and Russians in Moscow there apparently has been a clash of opinion on Korea and Manchuria.

2. The Chinese seem to be demanding more of everything, particularly arms.

3. The Russians and Chinese, mapping Asia's future, do not see precisely eye-to-eye on just what the future should be. The root of the matter seems to be just how far Moscow domination will extend.

4. Moscow seems not wholly pleased by the development of the Chinese Communist party, but has had to make grudging concessions to it. Moscow cannot now do without Red China, and Red China cannot do without Moscow.

CHICAGO, Sept. 9 (CP)—C. D. Howe, Canada's minister of trade and commerce, will receive the Hoover Medal for distinguished public service at the centennial of engineering Sept. 10.

The convention of engineers now in progress has attracted representatives from 61 American and foreign organizations.

LOGY, LISTLESS, OUT OF LOVE WITH LIFE?

Then wake up your liver bile . . . keep out of bad rocks' to go

Life not worth living? It may be the liver! It's a fact! If your liver bile is not flowing freely your food may not digest . . . gas attacks up your stomach . . . you feel constipated and all the fun and sparkle go out of life. That's when you need mild, gentle Carter's Little Liver Pills. You see Carter's help stimulate your liver bile till once again it is pouring out at a rate of up to two pints a day into your digestive tract. This should fix you right up, make you feel that happy days are here again. So don't stay sunk; get Carter's Little Liver Pills. Always have them on hand. Only 25c from any druggist.

ESTABLISHED 1902

Pat Warren, Nelson Guide, Saw St. Laurent, Ottawa at National Camp

Miss Pat Warren, Nelson High School student and First Class Guide, has had a trip she won't forget and an experience she terms "the most thrilling of my life."

Pat was one of seven girls chosen to attend National Guide Camp near Ottawa this July from the West Kootenay, for 10 days, and she came home packed with first class guiding experience.

Other Guides attending were Marian Hansen of Salmo, Lynn Burkholder, Marilyn Jones and Saundra Ritzuto of Trail, Dianna Thomas of Rossland, and Marlene Gladdish of Fruitvale. Charlotte Jackson of Edgewood also attended. Mrs. Josephine Slyka, Guide Captain at Rossland, was in charge of the West Kootenay group.

Guides attending camp from the East Kootenay were Miss Joyce Letcher of Cranbrook, Miss Jeannie Waldie of Kimberley, Miss Jill Schofield of Chapman Camp and Miss Jane Young of Invermere. Mrs. June Wilson, R.N., Brownie leader at Chapman Camp was in charge of the girls.

Miss Betty Hardy of Fernie also attended and was on headquarters staff.

Guides from Jamaica, West Indies, Africa, England, the States and Bermuda were represented at the camp, Miss Warren said in her report given at reorganization meeting of First Nelson and Fourth Nelson Companies Monday night in Guide and Scout Hall.

In her report on the National Camp, given to Miss Greta Curwen, Nelson Guide Commissioner, Ladies' Auxiliary and fellow Guides, Miss Warren outlined her camp activities and told of her excitement when she first knew on Jan. 19 she had been chosen to go.

Fees for the camp were $120 plus $25 spending money, Pat said. The local association paid $60 which covered train fare and camp fees and Pat paid $60 which covered berth and meals both ways.

Pat left by train for Ottawa July 11 and, with the other B.C. girls joined a special train which picked up Girl Guides all across Canada for the camp. The train upon arrival had 12 cars, two diners, two engines and a caboose. There were 35 girls to a car.

While crossing Canada the girls practiced for competitions at camp in knots, signals, semaphore and guiding in general. "Can you imagine 35 girls in a car waving semaphore flags? A little crowded."

Singing at camp was conducted by Miss Mary Chater, who came directly from England for the 10-day camp, Pat said.

The camp, situated on a plain almost void of trees, was actually an army camp with a far section still being used by the army. It was very well laid out, the Nelson Guide mentioned and showed the splendid results of two years planning by a committee headed by B.C. Provincial Commissioner, Mrs. J. Quinnell.

1500 ATTEND

The 1500 Guides were divided into 43 groups with 25 Guides and three leaders. Each had its own cook shelter, vegetable shelter, table shelter, supply tent and six tents for sleeping and living.

There was an administration building, post office, theatre, hospital, three chapels and stores on the grounds.

Camp was officially opened July 15 by Prime Minister Louis St. Laurent. Pat described the Prime Minister's visit as one of the most thrilling events of camp, with the sound of jet planes overhead and army target practice in the distance, Mr. St. Laurent spoke in both English and French on "Our Canadian Heritage." A Guide from Alaska and one from La Conferation (Catholic French speaking Guide) thanked him.

GUIDE PAT WARREN

The B.C. group received high compliments for their marching before the Prime Minister.

A provincial song and dance night was held at Camp when each province presented their own songs and dances. B.C. came first in this competition and also outshone the other provinces on Display Night when their display of basketry, beadwork, totem poles, scrap books and other displays took up one complete wall of the display room.

On Visitors Day 1500, mostly from Ottawa visited the site and a special train came from Toronto. Competitions were held during the day.

Excitement stirred the camp July 23 when the camp had winds almost of hurricane force which collapsed shelters, tore their flag loose and swept everything off the dinner tables. It took two hours before things were restored to order.

Camp duties were divided among five patrols with each patrol receiving an Indian name and emblem.

Guides also received a day in Ottawa to shop, but were hampered by their $25 spending limit.

Margaret Affleck, one of Nelson's former Guide Leaders visited camp and saw Pat, who was thrilled to see someone from her home town.

Camp broke up on July 25 and the Guiders headed for home with an increased knowledge of Guide work and fellowship.

Pat is 16 years old and in Grade 11 at Nelson Senior High School. She is Minister of Social Affairs in the High School Cabinet, belongs to the Drama Club and is interested in badminton. She has been a Guide for five years and was a Brownie for three. She has nearly completed her Gold Cord, highest Guide award.

Pat hopes Nelson will form a Ranger troup before she has to leave Guides when she becomes 17.

Renews Bursary Vow

NEW DENVER—Mrs. C. H. Croy was chosen convener of Fall entertainment at a meeting of the Turner United Church Women's Auxiliary held at the home of Mrs. John Taylor. Co-hostesses were Mrs. C. W. Gorby and Mrs. W. G. Thring.

The group renewed their pledge to the bursary fund for another three years and made plans to post church notice signs at the church and on bulletin boards.

Refreshments were served by the hostesses.

SISTERS MEET FOR FIRST TIME

CALGARY (CP) — Two sisters who had never before seen each other were united here with the arrival of Mr. and Mrs. Axel Larsen of Quebec City, when Mrs. Larsen met Mrs. Elizabeth Darling of Yorkton, Sask.

The father of the two women came out West from Quebec in 1916 but his eldest daughter — now Mrs. Larsen — remained in Quebec City and was married there. His younger daughter, Mrs. Darling, was born after her parents had settled in Alberta. She married in the West and has never travelled East. Occasion for the trip West and the long-awaited family re-union was the recent retirement of Mr. Larsen, sea captain husband of the Quebec sister.

Available waterpower on the various rivers of Manitoba amounts to more than 5,000,000 horsepower.

Chief exports of Denmark are dairy produce, bacon, meat, eggs, livestock and seeds.

Kansas produces one-quarter of the whole U. S. supply of Winter wheat.

Movie Gossip

"The Jazz Singer", Popular Film, To Be Remade by Warner Company

By BOB THOMAS

HOLLYWOOD, Sept. 9 (AP)—"You ain't heard nothin' yet, folks; listen to this."

Those words were spoken almost 25 years ago by a blackfaced minstrel named Al Jolson in the first talking picture, "The Jazz Singer."

The picture had its premiere Oct. 6, 1927 in New York. It revolutionized an industry.

"The Jazz Singer" again is being made by Warner Brothers. By a turn of fate, a number of men who worked on the original picture today are helping to make the new version. I asked some of them for their memories of the Jolson film.

"The picture almost wasn't made," remarked Harold McCord, who cut "The Jazz Singer" and is now head of the Warners cutting department.

"Most people don't know that D. W. Griffith once tried to make a picture with Jolson. After Jolson saw the first couple of days' work on film, he was so disappointed that he took for Europe and never returned to the picture.

"After watching the first few days of film for 'The Jazz Singer', Jolson was again disappointed. He didn't realize that all of the film he saw of himself wouldn't be used. He was ready to quit. But we urged him to wait until he could see some of the film as it would appear in theatres.

"The Warner Brothers were desperate, because they had sunk all their money into the sound experiment. So I stayed up all night to cut enough of the picture for Jolson to see. He looked at it the next morning and agreed to stay. If he hadn't, sound might have been set back for years."

Electrician Ralph Owen recalled that the sound sequences, which lasted only six minutes in the picture, were shot in a tin-covered stage. "We had trouble lighting the scenes, because the old lamps made too much noise," he said.

"Noise was a big problem. The director would run around waving a handkerchief for silence. The camera was in a big booth that looked like an icebox. The sound was recorded on a thick disc of wax. If one take was ruined, a layer of wax was shaved off and we tried again."

Kelowna Income Tax Appeal of Interest to Canadian Farmers

VANCOUVER, Sept. 9 (CP) — Judgment has been reserved in the case of two Kelowna, B. C., farmers in an income tax case which could affect agriculturists and fishermen throughout Canada.

The case was argued here Monday in exchequer court before Mr. Justice E. R. Angers of Ottawa.

It hinges on the question of whether or not late filing of income tax returns by farmers Alfred Topham and Fred Topham Jr., prevents them from coming under the four-year average method allowed farmers and fishermen.

The income tax act gives the farmers and fishermen the right to average their income over a four-year period if they have filed income tax returns for each year as required by law.

The Kelowna farmers were late in filing their 1948 returns, claiming the papers had been mislaid. The revenue minister held that they had not complied with the act. He refused to allow them the average four-year income.

The income tax appeal board then decided against the ruling of the revenue minister, who in turn launched an appeal in exchequer court.

ISLAND SENDS OUT CALL FOR ROAD, AND MAIL SERVICE

VICTORIA, Sept. 9 (CP) — A brief, outlining needs for a West coast road on Vancouver Island, has been presented to Federal Fisheries Minister R. W. Meyhew.

The presentation was made by Fred Hawes, Thomas Denny and Major Cuthbert Holmes on behalf of the Associated Chambers of Commerce on Vancouver Island.

Meanwhile, Chambers president Robert Mawhinney of Nanaimo has asked federal help for West Coast mail distribution.

He wired postmaster-general A. Cote asking that aircraft be used to distribute mail to West Coast centres. It was reported that the mail has been piling up at Port Alberni since August 16, without service from S.S. Maquinna, recently taken off service by the C.P.R.

Justice Triumphs After 137 Years

NEW YORK, Sept. 9 (AP)—The great grandson of a court-martialed naval lieutenant, who died in 1874, will receive a renewed commission for the dead officer today in a victorious end to a 137-year vindication fight.

Electus D. Litchfield, an 82-year-old architect, formally will be presented with a certificate restoring the rank of Lieut. William S. Cox, who was cashiered in 1814. The certificate was signed by President Truman last month.

Cox was tried and convicted two years after he served in the War of 1812 as a 21-year-old third lieutenant aboard the U.S. frigate Chesapeake, which fought the British frigte Shannon off Boston.

FAMOUS WORDS

In the battle the American ship was badly hit and most of her officers injured. Her commanding officer, Capt. James Lawrence, uttered the famous words "Don't give up the ship" as he lay mortally wounded.

But the British boarded and captured the Chesapeake.

The court martial accused Cox of misconduct in leaving the battle to direct crew members in carrying his wounded commander below decks.

Cox's family fought to restore his good name, making pleas to Presidents Theodore Roosevelt and Franklin D. Roosevelt. But an Act of Congress was necessary to reverse the court martial. The bill was passed in July.

Atom Explosions Common in Stars

ROME, Sept. 9 (AP)—Atomic explosions which would make the Hiroshima bomb look like a firecracker are taking place every day in the "flare stars" of outer space, a young French scientist reported today.

Francois Lenouvel, of the Observatory of Haute Province, St. Michel, Basses Alpes, recorded 22 such giant explosions in seven nights on a single star.

His report was presented to the World Astronomical Congress in session here.

Dr. Lenouvel's report shows that a large group of variable stars flare from actual atomic explosions—due to changes in the atomic structure within the gas mass.

Canada Exports Show Slight Rise

OTTAWA, Sept. 9 (CP)—Volume of Canada's exports climbed slightly during July, but lower prices trimmed value of shipments to $375,700,000 from $378,600,000 a year ago, the Bureau of Statistics reported today. It was the first monthly value drop of the year.

Value of exports to Canada's two biggest markets—the United States and the United Kingdom — was down. Part of the drop was recouped with increased values in shipments to Commonwealth countries in Asia and to Latin-American countries.

The bureau estimated that export prices during July slipped 2.5 per cent from July, 1951, while volume increased 1.7 per cent.

In a preliminary statement, the bureau placed July imports at $342,900,000, down from $370,600,000 last year. This gave Canada a surplus of exports over imports of $32,800,000, about four times as great as last year's $8,000,000 favorable balance.

Despite the July decline, Canada's exports for the first seven months of 1952 climbed to $2,490,500,000 from $2,141,100,000 last year, boosted by gains in the first half of the year.

Shipments to the United States during July slipped to $192,000,000 from $205,000,000 last year, while exports to the U.K. eased to $69,300,000 from $74,100,000.

The expanding Latin-American market took $21,400,000 worth of Canada's exports during July, up from $16,300,000 last year. Commonwealth countries in Asia, including India and Pakistan, took $10,400,000 worth, up from $4,700,000.

However, Commonwealth countries as a whole—excluding Britain—cut purchases from Canada to $23,200,000 from $26,700,000.

Churchills Take Short Holiday

NICE, France, Sept. 9 (AP) — Prime Minister Churchill arrived here today for a short holiday during which he said he intended to "sleep well, eat well, and profit from the sun."

He also said he hoped to do a little painting. He was accompanied by Mrs. Churchill, a woman secretary and two Scotland Yard detectives.

With Churchill away from London, Foreign Secretary Anthony Eden takes over the reins of government and the Conservative Party—though arrangements have been made for Churchill to transact top-priority business from the Riviera.

When Eden goes off to the Council of Europe sessions in Strasbourg next week, top man in England will be Richard Butler, Chancellor of the Exchequer.

Civil Defence Canadians' Duty

OTTAWA, Sept. 9 (CP) — Health Minister Martin said today civil defence has become an "inescapable duty" of Canadians.

So long as there is a danger of war, there must be protection to protect civilians against it, he said.

The Minister spoke at the opening meeting of a four-day civil defence conference concerned mainly with the welfare aspects of civil defence planning.

Good Chance Seen of Salvaging C.P. Ship

VANCOUVER, B. C., Sept. 9 (CP) —Contracts for salvaging the sunken luxury cruise ship Princess Kathleen will be awarded to United States firms if divers decide the $5,000,000 ship can be refloated.

"Calling in U.S. tugs and salvage gear would conform to international understanding as the Kathleen sank in U.S. waters," said Capt. Oliver Williams, manager of Canadian Pacific Steamships Coastal Service.

The Kathleen was on her final cruise of the season Sunday when she crashed on the rocky Alaskan coast near Juneau. Four hundred and thirty-seven passengers and crew members were taken ashore before the 6000-ton vessel plunged from a rocky ledge into 130 feet of water.

A diver and a salvage expert from Ketchikan, Alaska, were at the scene today.

Capt. Williams said additional divers, along with salvage experts and C.P.S. technical engineers, will fly to Alaska from Seattle early Thursday.

"When we get there we will make the decision on whether salvage is possible," said Capt. Williams. "Much depends on the condition of the bottom of the Kathleen."

He said Canadian companies will share in the salvage work "if salvage is possible" and additional gear and manpower is needed by U.S. firms.

Capt. Hughes, master of the Kathleen, believes there is a good possibility of salvage.

"She's sitting upright," he said here. "I estimate she's in 120 feet of water forward and 130 feet aft. She's resting on a sloping bank."

Sister Kenny Says Victory Won

SYDNEY, Australia, Sept. 9 (AP) —Sister Elizabeth Kenny said today conquest of polio is possible within 10 years.

Scientists have isolated polio virus and now are working to develop a vaccine, she told a reporter in Brisbane.

Miss Kenny arrived in Brisbane yesterday after a six-months visit to the United States. She is going to her home at Toowoomba, 80 miles from Brisbane.

"My victory is won," she said. "Isolation of the virus has proved that polio is systematic disease attacking blood and tissues."

Sister Kenny has been a leader, and a figure of controversy, in the fight against polio for years.

West to Oppose Freight Rate Hike

OTTAWA, Sept. 9 (CP)—Western governments and other bodies are drumming up a sharp fight over a railway attempt to hoist a big block of freight rates on grain in the West.

They plan an attack before the Board of Transport Commissioners on the railways' application for increases on grain and its products moving to Canadian markets in the West. These have not been increased since 1921.

The governments of the four Western provinces are preparing to challenge the railway move when the application comes before the board at a hearing scheduled for Sept. 22. They will be joined by these provinces' federations of agriculture, the United Grain Growers—big Prairie cooperative—and the Prairie wheat pools.

All have filed preliminary submissions to the board, giving notice of intentions to make representations.

The railways' proposal to hoist Western domestic grain rates to Ontario-Quebec levels does not touch the big export grain movement. Rates on this traffic within the West are held at low levels by the "Crow's Nest Pass" statute.

While the domestic grain is not so protected, the Transport Board has consistently exempted it in the West in its series of general rate increases since the war. Increases were allowed on grain in the East.

The railways now want to bring the Western rates up to the levels in Ontario and Quebec, which would have the effect of leaving them somewhat lower than if they had taken the full effects of the post-war general boosts. That is because the Ontario-Quebec rates started at a lower level.

The railways contend the Western rates now are "unreasonably" low in relation to those in the East, and in view of higher railway costs. They hold, too, that levelling off Eastern and Western rates would be in line with the principle of rate equalization laid down by Parliament last year.

The Western bodies in their preliminary briefs have seized on this equalization suggestion to argue that the question actually is one that should be wrapped up in the board's current—and lengthy—general investigation on equalization. Indications are their main fight will be to have this done, which would at least defer the increase for some time.

Railway officials have estimated unofficially the increase would yield a gross of about $3,200,000 a year for the two major companies.

Missing Hikers Reach Safety

VICTORIA, B. C., Sept. 9 (CP)—Six hikers missing between the Vancouver Island communities of Port Alberni and Ucluelet were reported today to have reached safety.

They were said to be in "comparatively good condition" after battling in drenching rain over the suggested route of a highway between Alberni and Tofino.

Purpose of the hike was to publicize the need for a road.

The hikers included John Squire, C.C.F. Member of the Provincial Legislature for Alberni, and Fred Duncan, Vice President of the Alberni Chamber of Commerce.

PAID $100 A MINUTE

TORONTO, Sept. 9 (CP)—Tony Martin, singing star of the Canadian National Exhibition grandstand show, was paid $30,000 in United States funds, it was learned today. His contract called for payment in U.S. cash but because of the discount on American money he will lose about $1200 in exchange.

His fee worked out at around $100 a minute.

Sask. Transport Seeks Lower Oil Hauling Charges

REGINA, Sept. 9 (CP) — The Saskatchewan Motor Transport Association is asking the Provincial Highway Traffic Board for lower petroleum hauling rates in a bid to meet railway competition.

The motor truckers' organization is also asking for the right to act as agents for oil transporters and conclude agreements with shippers which would be similar to agreed charges.

Agreed charges are special low rates in effect between the railways and certain oil companies which ship a certain percentage of their products by rail.

TRUCKERS' BID

The bid by the truckers to obtain lower rates themselves is the latest development in the running competition battle between the truckers and the railways in the oil transport field.

Angus Mitchell, secretary-manager of the Saskatchewan Motor Transport Association, said the chief proposal of the truckers is a new competitive tariff which would cut considerably the present trucking rates for up to 200 miles. An increased rate would be provided for distances greater than 210 miles.

The proposed rate is based on vehicles carrying 3000 gallons. Trucking officials said it is felt this is the only type of equipment which could operate economically on that basis.

Need Policemen For Rule of Law

WINNIPEG, Sept. 9 (CP)—The internal war is just as important for safety of the state as a cold or a hot war. . . .

"You are too little appreciated," Lieutenant-Governor R. F. McWilliams today told Canadian police chiefs.

He was welcoming more than 200 delegates and wives to the opening of the 47th annual conference of the Chief Constables Association of Canada. The meeting concludes Friday.

"We live in a country whose first principal of government is the rule of law," Mr. McWilliams said. "We rely on you, with confidence, to see that rule of law upheld."

Premier D. L. Campbell and Mayor Garnet Coulter of Winnipeg also addressed delegates.

President Charles MacIver, chief of Winnipeg police, presided at the opening session. Invocation was pronounced by Msgr. J. E. Cahill and Dr. W. Gordon Maclean

One delegate, Naresh Chandra Misra, inspector of police, Rajasthan, India, travelled 1000 miles to attend the conference.

New F-M Vaccine To Be Exported

PARIS, Sept. 9 (Reuters)—Mass production of foot-and-mouth disease vaccine will start in two months, an official of the Ministry of Agriculture said today.

A new and inexpensive method of production, discovered recently by French scientist Andre Thomas, will enable France to export it.

Hitherto French farmers have had to rely on costly vaccine produced here according to the Schmidt-Waldmann method, and on imports from Switzerland, Germany and Denmark.

By the new method, ordinary skin tissue, and not tongue tissue alone, is used for the cultivation of the virus for vaccine.

ON THE WANE

Officials say that the disease which has cost France almost 45,000,000 this season, now is "definitely on the wane".

Optimism is tempered, however since, though the disease has killed only about .35 per cent of France's 16,000,000 head of cattle, many more beasts are in poor condition and there has been a large number of stillbirths.

Unlike Canada and Britain, which recently suffered foot-and-mouth outbreaks, the French do not automatically slaughter infected beasts. The French system is to attempt to isolate them as much as possible and wait for the disease to run its course.

Circus Atmosphere and Gay Bands Enliven Montreal Bargain Hunt

By The Canadian Press

A Montreal department store added circus atmosphere to a sale recently with results that brought the retail trade up on its collective heels.

The bargain sale at the north-end warehouse of 107-year-old Henry Morgan and Company was such a success the company hopes to put on a bigger and better show next year.

Although a major section of the sale was carried on in an area set up within the warehouse, four tents fanning out in crescent-shape on the warehouse grounds provided a carnival atmosphere to proceedings. Also adding to the general gaiety were bands of H.M.C.S. Donnacona and Les Fusiliers Mont-Royal which entertained nightly during the three-day show.

SHOCK TACTICS

Radio and newspaper advertisements also lured prospective shoppers. Morgan's, considered ultra-conservative in the field of advertising, blossomed out with such "shockers" as "prices slashed," and "it's a steal."

Results of the sale proved the effectiveness of the scheme.

"The results were utterly beyond our expectations," a company official said. "The size of the crowd completely stunned us."

He said up to 25,000 persons turned out each day buying up bargains right and left. Although exact figures were not available, it is estimated the sale brought in daily about half as much as the entire seven-storey downtown department store.

Sale goods were generally limited to household furnishings ranging from paper weights and toys to refrigerators and living room suites.

HARD TO SELL

The store frankly admitted in advertisements that they were clearing out hard-to-sell and discontinued lines and encouraged customers to carry parcels home.

"If they bought anything smaller than a chesterfield, we tried to snag them into taking it home in their cars," a company official said.

Believed to be the first of its kind in Canada—several warehouse sales have been held in the United States—the company is already planning next year's sale with every hope of equal success.

Shipbuilders Turn Town Wage Raise

LONDON, Sept. 9 (Reuters) — Employers gave a final "no" today to the claims of 200,000 British shipbuilding workers for a substantial wage increase.

The claim was rejected at a one-hour meeting between leaders of the Shipbuilding Employers Federation and the Union.

Union chiefs will report the position to a meeting tomorrow of the executives of 38 unions affiliated to the shipbuilding confederation.

This meeting is to discuss proposals for a national ban on overtime and piece work in the engineering industry as a whole in protest against the rejection of a £2-a-week claim by engineers.

The shipyard men's demand is closely linked with that of the engineers and they, too, would be involved in the overtime ban.

Eniwetok Prepared for New Atomic Explosions

WASHINGTON, Sept. 9 (AP)—The defence department and atomic energy commission announced today a new series of atomic weapons tests will be held at the Eniwetok proving grounds in the mid-Pacific this Fall.

The announcement said the new tests will be "toward the development of atomic weapons."

However, there have been reports that at least some preliminary form of the hydrogen "hell" bomb, reputedly 1000 times more powerful than the nuclear fission weapon, might be tried out.

Joint Task Force 132, which began forming last Winter, will conduct the tests under the command of Maj.-Gen. Percy Clarkson.

The announcement said that "only official observers of the U. S. government and members of the task force will be present at the tests."

This appeared to rule out attendance of such foreign observers as those from Britain, which is preparing to carry the first test of the British-made atomic bomb in Australia.

Virus Found in Raw Milk Blamed For Outbreak of Polio in Texas

FREDERICKSBURG, Tex., Sept. 9 (AP) — Polio virus in raw milk caused six children in the Paul Pehl family to be stricken with the disease, State Health Officer George W. Cox said yesterday.

Dr. Cox said that one of the Pehl boys apparently got the virus from a close friend who was stricken with polio before the Pehls. He said the Pehls milked their own cows and the chore passed from one child to the other.

Evidently the Pehl boy passed the virus to others in his family when, in milking the cows, he contaminated the raw milk.

Had the milk been pasteurized, Dr. Cox said, the family probably would not have been stricken.

Sympathetic citizens have contributed $3200 to aid the strickes family.

Elgar Choir Returns To Coast Friday

EDMONTON, Sept. 9 (CP) — The Elgar junior choir, returning to British Columbia after an extensive tour of the United Kingdom, will arrive in Vancouver Friday.

The choir, composed of 24 young people from various parts of B.C., was scheduled to hold recitals in Jasper, Alta., tonight and Kamloops, Thursday night.

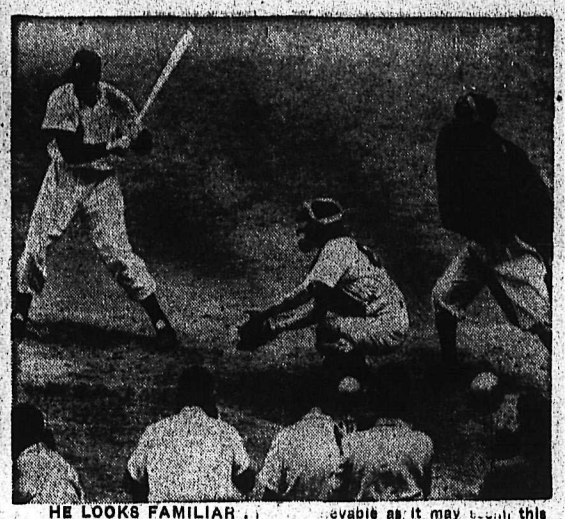
"THE INTERIOR'S FASTEST GROWING NEWSPAPER"



HE LOOKS FAMILIAR . . . evable as it may seem, this batter really is Joe DiMaggio, the old Yankee Clipper who retired from baseball last year. Joe came out of seclusion to take part in an all-time "Oldtimers" Yankee game in New York. Catching is Wally Schang and umpiring is Al Schacht.

W. Kootenay Baseball Playoff Games On Tap; Hunter New Smokie Manager

ROSSLAND—West Kootenay senior baseball championship playoffs were no nearer completion Tuesday night after a scheduled first-round game here between Rossland Capilanos and Waneta Hydros was halted by darkness after 4½ innings.

Rossland was leading 8-0 when the game was called off, necessitating a replay here Friday night. Winner meets Nelson Tigers, who eliminated New Denver in Nelson Sunday.

Trail Smoke Eaters and Nelson Outlaws will meet in the third first-round game early next week with the winner meeting Fruitvale Beavers in the other semi-final.

Red Hunter has taken over the Smoke Eaters from Eric Bishop, who left Monday to take a sportscasting post with a Vancouver radio station.

Rossland and Fruitvale meet Thursday in a game to decide the Kootenay-Boundary International League title. A victory for Rossland will give them the title while a Fruitvale win will force a deciding game Sunday.

King Cops Decision

ALLENTOWN, Pa., Sept. 9 (AP) —Arthur King, Toronto, British Empire lightweight champion, won a close eight-round decision over Johnny Cunningham, Baltimore, in the feature bout of the season's final outdoor boxing card here tonight. King weighed 140 and Cunningham 144

Joe Aguirre Tops W.I.F.U. Scoring

REGINA, Sept. 9 (CP) — Pressed into action because his club was dogged by an injury hex, Joe (The Toe) Aguirre has proved a valuable cog to the Edmonton Eskimo football machine.

The veteran end and Eskimo line coach is leading scoring in the Western Football Conference with 34 points in games to date.

League statistician Bill Hawrylak of Regina released statistics tonight showing Saskatchewan Roughriders' lanky new import end, Holland Aplin, in second place, four points behind Aguirre.

Bud Korchak of Winnipeg Blue Bombers is third with 29 points. Next are two Calgary Stampeders, Bob Shaw, the place-kicking expert, who has 25 points, and end Paul Salata, with 20 points.

Tribe One Behind Yanks . . .

Giants Only 4 Games Off

By The Canadian Press

The onrushing New York Giants chopped Brooklyn Dodgers' National League lead to four games Tuesday, mowing down Pittsburgh Pirates 11-6 in a day game while the Dodgers were drubbed 7-1 by Chicago Cubs in a night game.

Homers figured largely in the New York - Pittsburgh contest. Don Mueller, Monte Irvin and Al Dark hit four-baggers for the Giants, Ralph Kiner and McCullough clouted one each for the Pirates, Kiner's good for three runs.

Kiner's 32nd homer in the eighth chased Bill Connelly, who had pitched four-hit ball for the first seven innings. George Spencer finished for Connelly, a rookie right-hander, got credit for his fifth straight victory.

Knuckleball expert Warren Hacker pitched Chicago to their triumph over Brooklyn. A five-run outburst by the Cubs in the fourth inning broke up a scoreless pitching duel between Hacker and Brooklyn's Ray Moore.

A triple by ex-Dodger Dee Fondy, sandwiched between singles by Frank Baumholtz and Toby Atwell, another ex-Dodger, sent Moore to cover. Rookie Joe Landrum took over but yielded a two-run double to Randy Jackson to put the Cubs far in front.

The defeat was the Dodger's 11th in their last 16 games.

Cleveland Indians sliced New York Yankees' lead in the American League pennant battle to one game. The Indians romped to a 6-1 victory over Philadelphia Athletics behind pitcher Early Wynn while St. Louis Browns nipped the Yankees 5-4.

Cleveland now has won six games in a row in their feverish drive to overhaul the world champions. Victim of the loss was Bobby Shantz who suffered his fifth setback against 22 victories. Wynn allowed only five hits and struck out seven in recording his 20th victory.

Ray Scarborough struck Clint Courtney with a pitched ball in the ninth inning with the sacks loaded to force in a run and give the Browns their victory.

Boston Braves and Cincinnati Reds, battling for sixth place in the National League, split a doubleheader. The Tribesmen won the twilight opener 1-0 behind Warren Spahn's three-hit pitching. But Harry Perkowski held them to four hits in the second game to give the Reds a 2-0 decision.

Sollie Hemus' bases-loaded double and Red Schoendienst's booming triple were the telling blows for St. Louis as the Cardinals tallied five runs in a ninth-inning rally to defeat Philadelphia Phillies 7-4.

Tie Gives Queensmen District Fastball Title

Queen's Hotel last night won the Nelson district fastball championship by playing to a 4-4 tie with the defending titlists, Nelson Transfer.

The tie was the second of the series and gave the Hotelmen the best-of-five series, two games to one. Transfer took the opener 3-1 and the clubs played a 6-6 tie in the second before Queen's came back to take the next two by 4-3 and 19-0 scores.

Don Bates filled in for the injured Dennis Ball behind the plate for Transfer and the garage crew got off to a 3-0 lead after three-and-a-half innings. Jimmy Ball's two-run homer in the fourth put Queen's back in the game and they went ahead with two more in the fifth on a hit, error, fielder's choice and passed ball.

Transfer rallied in the seventh to push across the tying run on an error, and double by Reg Martin but Martin was run down off second and Pete Hoodicoff was cut down at the plate when he attempted to score all the way from first on Bill Haldane's double and the big thrust ended.

MISSED BAG

Keith Ldewen missed a chance to win it for Queen's in their half of the seventh when he drove a long one to deep centre, rounded the sacks easily but was called out for failing to touch second base.

Both chuckers pitched good ball. Winner Len Bicknell struck out four and walked one while allowing five hits. Barefoot struck out none but also walked only one and gave up five hits.

The winners will play at least one more game this season. Bolstered with one or two additions from the other two Nelson squads, they travel to Castlegar Sunday to take on Rennie Mitchell's Cubs in an exhibition tilt.

Members of the title-winning team are Doug Winlaw, Lee Hyssop, Norm Hyssop, Jim Ball, Mickey Maglio, Len Bicknell, Keith Loewen, Earl Wilson, Sid Robinson, Bud Hesse, Jack Morgan, Jim Ritchie and Earl Jorgenson.

Transfer	100 200 100—4	5	2
Queen's	000 220 00x—4	5	4

Barefoot and Bates; Bicknell and Ball.

Senior Ladies' Bowling Schedule

Following is the Senior Ladies' five-pin bowling schedule for the first half season:

Sept. 16, 7 p.m. — Blaney vs Maloney; Watson vs Speirs; Locatelli vs Brown.

9 p.m. — Stewart vs Waterer; Koehle vs Morris; Allen vs Ross.

Sept. 23, 7 p.m. — Allen vs Waterer; Brown vs Ross; Speirs vs Blaney.

9 p.m. — Watson vs Koehle; Locatelli vs Maloney; Morris vs Stewart.

Sept. 30, 7 p.m. — Stewart vs Koehle; Waterer vs Locatelli; Morris vs Allen.

9 p.m. — Ross vs Blaney; Brown vs Watson; Speirs vs Maloney.

Oct. 7, 7 p.m. — Speirs vs Morris; Blaney vs Brown; Watson vs Maloney.

9 p.m. — Locatelli vs Allen; Ross vs Stewart; Koehle vs Waterer.

Oct. 14, 7 p.m. — Brown vs Allen; Stewart vs Watson; Ross vs Koehle.

9 p.m. — Morris vs Brown; Waterer vs Ross; Stewart vs Speirs.

Nov. 4, 7 p.m. — Maloney vs Stewart; Ross vs Morris; Brown vs Waterer.

9 p.m. — Speirs vs Locatelli; Blaney vs Koehle; Allen vs Watson.

Nov. 11, 7 p.m. — Morris vs Watson; Locatelli vs Koehle; Maloney vs Ross.

9 p.m. — Brown vs Stewart; Allen vs Speirs; Waterer vs Blaney.

Giles Raps Durocher, Two Giant Hurlers

NEW YORK, Sept. 9 (AP) — Manager Leo Durocher of New York Giants today was fined $100 and suspended for two days, effective tomorrow, by National Baseball League President Warren Giles as the result of yesterday's "bean ball" epidemic at the Polo Grounds. Pitcher Montia Kennedy was fined $50 and pitcher Larry Jansen $25 but Jansen's fine was "remitted" because of his good record.

In a lengthy telegram to the Giant officials, Giles said Kennedy was fined because it was believed under the circumstances that he threw deliberately at Brooklyn batters.

Giles noted that, under his "bean ball" directive of Aug. 15, a manager is held responsible for the actions of his pitcher.

Giles wired that the fine to Kennedy and suspension of Durocher were not intended to imply that Durocher gave instructions to throw at hitters.

Larry McMath Heads Commerk Bowlers

The 18-team Men's Commercial five-pin bowling league has reorganized for the 1952-53 season, naming Larry McMath as president.

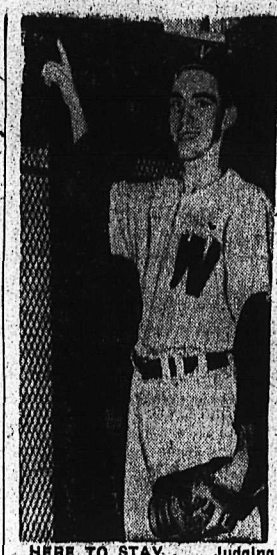
Jimmy Dennett is vice-president and Charlie Lindsay secretary-treasurer. Forming the rules committee are Bill Day, Bob MacDonald, Bill Austin and Les Hood.

Casey Stengel Ill

ST. LOUIS, Sept. 9 (AP)—Manager Casey Stengel of New York Yankees was confined to his hotel room tonight with a virus infection of his stomach.

He placed coach Jim Turner in charge of the team as the Yanks opened a two-night stand against St. Louis Browns.

Stengel may be out two days or more, it was reported.



HERE TO STAY . . . Judging from his auspicious pitching debut, it looks like Miguel "Mike" Fornieles, 20-year-old Cuban rookie, recently acquired by Washington Senators will be occupying this Griffith Stadium locker for a long time. The rookie hurler recently shut out the Philadelphia Athletics 5-0, allowing the A's only one hit. If Miguel had pitched a no-hitter he would have been the first rookie ever to accomplish this feat in his debut.

Sixpence Bet Nets £75,000 Soccer Pot

LONDON, Sept. 9 (Reuters)—A Manchester salesman today scored the season's first big win in England's soccer-betting pools—a tax-free return of £75,000 on his tiny sixpence wager.

The winner predicted eight tied games among the dozens of big league professional soccer games last Saturday.

A big three-way win was also announced today, with a Scot and two Englishmen each taking home £51,248 for their one-shilling bets. Winners' names were not released.

Kearns Tells N.B.A. . . .

Maxim Signed to Meet Turpin "For Publicity"

By STEWART NEBBS
Canadian Press Staff Writer

MONTREAL, Sept. 9 (CP)—The National Boxing Association today faced the thorny problem of ruling on a request by the British Boxing Board of Control for the suspension of light-heavyweight champion Joey Maxim and his manager, Jack Kearns.

The British Board, which has an agreement with the N.B.A., main body governing boxing in the United States, to recognize each other's suspensions, claims failure to go through with a contract to fight Randy Turpin in London.

Kearns, appearing briefly before the board to give his side of the matter to delegates attending the N.B.A.'s 33rd annual convention, claimed he had no contract to meet Turpin.

He said he was under no obligation to promoter Jack Solomons of London, claiming the only contract he had signed was to fight Don Cockell in London. It was a six-month contract that became null and void after March 11 this year.

This match did not come off because Solomons had not lived up to financial agreements and also because of a number of delays for which he was not responsible.

Then, he said, came the match between Cockell and Turpin—won by Turpin by a knockout — for which he had not signed a contract. What had happened, he said, was this:

He was informed that the Cockell-Turpin match was not getting enough publicity and he was asked by Jim Norris of the International Boxing Club to sign a letter, agreeing to meet the winner of the bout.

NORRIS REQUEST

This was not a contract as it mentioned no date for the fight and no financial arrangements. He had signed it "for publicity purposes only" and at the request of Norris who told him it "didn't mean anything."

He said he had never turned Turpin down.

Delegates also approved a motion to invite the New York State Athletic Commission, only major state not affiliated with the N.B.A., to effect a working agreement with the N.B.A. in whatever way their laws permit.

This would be for the improvement of boxing and would not affect working agreements already in operation between various states and New York.

CANADIAN HORSES ARRIVE IN U.S.

NEW YORK, Sept. 9 (AP) — Indian Hemp and Royal Serenade, Max Bell's two racing thoroughbreds, arrived today aboard a Pan American plane from London.

The horses were met at the airport by the Calgary sportsman-publisher and veteran jockey, Johnny Longden. Both horses were taken to Belmont Park where they will remain for a few days.

Indian Hemp will go next week to Laurel Park, Md., to be trained by Norman R. McLeod for the Washington, D. C., International, Oct. 18.

Royal Serenade will be sent from Belmont to Riverside, Calif., and stabled at Longden's ranch there.

Spokane Flyers Begin Workouts September 23

SPOKANE — Spokane Flyers will open training Sept. 23 at the ice arena, manager Roy McBride has announced.

More than 15 players are expected out for the first practice, including several new faces since two of last year's are now in the American armed forces. They are forward Doug Carrigan and forward-defenceman Carl Cirrullo.

McBride said signs pointed to a good financial year for the Flyers with advance season ticket sales running well ahead of previous years.

The 1952-53 campaign will probably open Oct. 18, date set in the tentative schedule drawn up by league Vice President Percy Halliwell of Trail.

Team representatives and League officials from Trail, Nelson and Kimberley will journey to Spokane this weekend to finalize schedule and season plans.

Women's Fastball Final Resumes at Castlegar Tonight

Nelson Royals and Castlegar Kats resume their best-of-seven West Kootenay women's fastball championship final this evening with the defending champion Kats the host team.

The series is all even after two games with the Royals taking the opener at Castlegar 13-11 and the Kats coming back to win here 16-11. Fourth game is slated for Nelson this Sunday.

DIRECTS PLAN—R. G. (NIK) Cavell, director of Canadian aid under the Commonwealth Colombo plan, will tour Southeast Asia in January to try to speed up development of the plan's operation. Canada this year is contributing $25,000,000 to strengthen the economies of Commonwealth countries in Asia against subversive forces. Mr. Cavell, 58, came to Canada 18 years ago after a career as an Indian cavalryman, South African sheep herder, and journalist.
—CP photo

LEADS FIGHTERS — Group Capt. J. K. L. MacDonald of Antigonish, N. S., will command Canada's fighter wing to be based near Metz, France, under North Atlantic Treaty command. He has left Montreal with the advance party. The three-squadron wing will be established in the Fall.
—CP from National Defence.

A GIANT CROSS stands above the altar in the Olympic stadium located in the British sector of Berlin as more than 150,000 German Catholics attend the final service of the six-day All-German Catholic convention. The majority of those attending came from the Soviet Zone in defiance of Communist pressure applied to discourage them. At right, a youngster from East Germany is given a hot meal in one of the many field kitchens set up to feed the visitors during the convention. One of the developments of the convention was the co-operation of Catholic and Protestant churches in housing and feeding the visitors.

Market Trends

NEW YORK, Sept. 9 (AP) — A marked decline in the stock market today spread over a wide area of the list.

Canadian issues were lower. Canadian Pacific fell ¼ and Distillers Seagram ⅛. Dome Mines, International Nickel and Hiram Walker all remained unchanged and McIntyre was not quoted.

TORONTO (CP) — An all-session weakness failed to improve toward the close.

Trading picked up after noon as interest increased in a few low-priced mining issues and volume for the session totalled bout 2,500,000 shares. Bellekeno, a base metal issue, traded more than 400,000 shares for a gain of pennies.

MONTREAL (CP) — Steady pressure continued to push prices lower over a broad front near the close.

Declines spread out from a few groups at the opening to control the list near the session's end in a continuation of yesterday's late downturn. Losses were generally limited to fractions.

LONDON (Reuters) — British government securities featured gains of 7/16 of a point under fairly general demand which encountered shortage of stock.

Japanese bonds fluctuated. Germans were firm with some buying on European account.

Lead Dealings to Re-Open in London

LONDON, Sept. 9 (Reuters)—The London metal exchange will reopen for dealings in lead Oct. 1, the British Board of Trade announced last night. The decision marks the resumption of private dealings in lead after 13 years of official trading.

Winnipeg Grain

WINNIPEG, Sept/9 (CP) — Winnipeg grain cash prices:

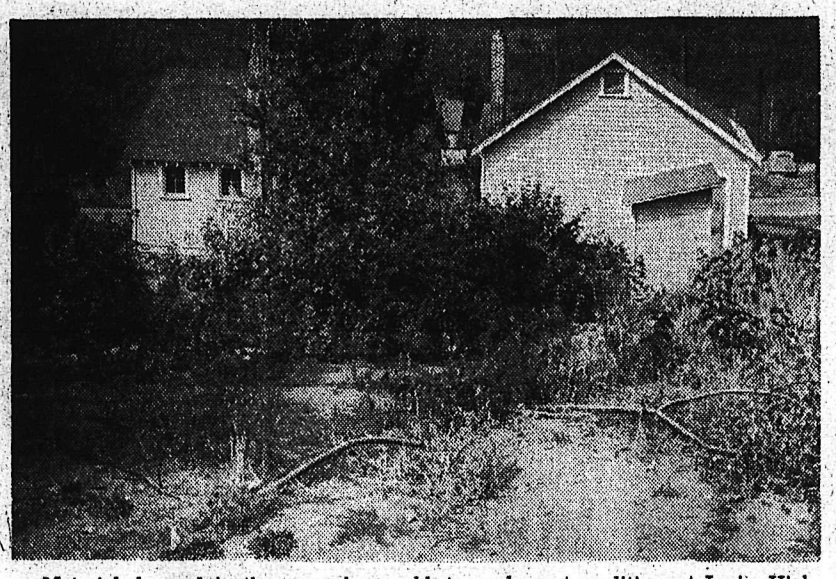
2000 Students Overtax Nelson Schools Built to Accommodate 1300

When Nelson schools closed last Spring, school board found itself faced with the difficulty of finding space for 1800 pupils in schools built to accommodate 1300. But when the schools opened this Fall, opening day saw 1997 pupils registered. Pictures here show some of the conditions creating serious problems for teachers.

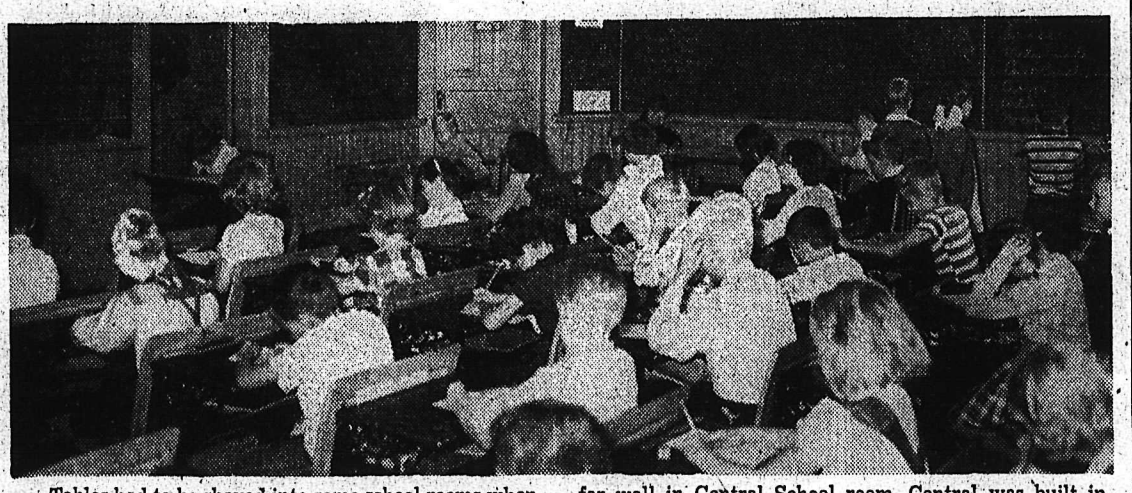
Assembly is important in functioning of the modern school, but Hume School just has to do without. The auditorium is used as a classroom as the picture shows. Note stage in background. Designed for 250 pupils, the school now houses 346.

Secondary schools have no lunchrooms, students eating outside in fair weather and in classrooms in poor weather. About 80 pupils cram into this basement lunchroom at Hume School.



Material dumped in the area above adds to unpleasant conditions at Junior High School. The two wooden buildings are annexes constructed a couple of years ago in order to find room for more pupils. Junior High was designed for 330, but now houses 486.

Narrow hallway above is generally congested with movement of industrial arts pupils. Once wide, it now holds racks for lumber, right, while at left pupils hang coats.



Tables had to be shoved into some school rooms when desks ran out. Above, pupils can be seen at tables around far wall in Central School room. Central was built in 1908 to house 500 pupils, now houses 640.—Vogue photos.

Alberta Premier Shuffles Cabinet

EDMONTON, Sept. 9 (CP) — Premier E. C. Manning today announced the appointment of Anders O. Aalborg to be minister of education in a cabinet shuffle involving several ministers.

Ivan Casey, minister of education becomes minister of lands and forests, and A. J. Hooke adds the portfolio of public works to his present job of economic affairs.

The cabinet vacancies arise from the retirement from public life on N. E. Tanner, minister of mines and minerals and lands and forests and D. B. MacMillan, minister of public works.

Premier Manning said that he will take over Mr. Tanner's mines and minerals portfolio next week, when Mr. Tanner enters private business.

Free for Two Years, U. S. Lifer Caught

BEAVER FALLS, Pa. Sept. 9 (AP) — The Federal Bureau of Investigation last night announced the capture of one of the United States 10 most-wanted criminals. He was identified as Leonard Joseph Zalutsky, 37, formerly of Allentown, Pa. Zalutsky was serving a life sentence for the murder of a Miami police officer when he escaped from the state prison at Railford, Fla., on Sept. 1, 1951.

Millers Lose Freight Appeal

OTTAWA, Sept 9 (CP) — The Board of Transport Commissioners announced today it has rejected a complaint by four milling companies against increases in certain freight charges on the carriage of grain.

The tolls involved are known as "stop-off and out-of-line" charges. They are imposed when grain is held up or diverted from a straight-line haul to destination, either for storage, cleaning or other purposes.

The railways increased them as part of the last general freight rate boost. The companies opposed the increases on several grounds. One was that the Canada Grain Act set a ceiling on stop-off charges. Another was that the board itself, in recent decisions, has exempted western grain traffic from rate increases.

In the new decision, the board held the Grain Act ceilings have a limited application. It also said its own exemptions on grain were not meant to apply to the special charges for stop-overs and out-of-line hauls.

Firms making the unsuccessful complaint were Robin Hood Flour Mills, Ltd., Lake of the Woods Flour Milling Company, Purity Flour Mills, Ltd., and Ogilvie Flour Mills, Ltd. The board's hearings in the case were held May 20 at Regina.

Calgary Livestock

CALGARY, Sept. 9 (CP) — Cattle and calves offered at the Calgary stockyards today numbered 1070 and in addition six carloads of cattle were received. Trade was fairly active.

Good to choice light butcher steers and heifers were steady. Good heavy butcher steers were $1 lower. In-between kind all weighted were 50 cents to $1 lower. All classes of cows were 50 cents to $1 lower. No bulls were sold in early trading. There was a keen demand for all classes of stocker and feeder steers at strong prices. Veal calves were steady with off tops at $27 a hundredweight.

Hogs sold Monday at $25.25 for "A" grade. Sows were up 50 cents at $12 liveweight at yards. There was no market for lambs with buyers bidding sharply lower.

Good to choice heavy butcher steers 22.50-24.50; common to medium 18-22.00; good to light butcher heifers 23-25.00; common to medium 18-22.00; good light cows 14-15.00; good heavy cows 13-14.00; common to medium 12.50-13.50; canners and cutters 9-12.00; good stocker and feeder steers 20.50-23.00; common to medium 17-20.00; good to choice veal calves 24.00-26.00; common to medium 18-23.50.

Bumper Crop of Manitoba Rice

WINNIPEG, Sept. 9 (CP)—Indians of the Whiteshell district of Eastern Manitoba are busy reaping a bumper crop of wild rice, from which they will receive 25 cents a pound.

The crop is expected to be about 50 per cent larger than last year, and considerably better than last year, an official of the Dominion Government Indian Affairs Branch said today.

The Indians gather the seed from the shallow waters in lakes in Western Ontario and Whiteshell by paddling among the ripe stems and shaking the kernels into their canoes.

The wild rice, when sieved, polished and packaged, finds its way to the tables of epicures who like their wild game garnished with wild rice.

Last year in Winnipeg a 12-ounce package sold at $1.95.

Korean Casualties

OTTAWA, Sept. 9 (CP) — The Army issued its 132nd casualty list of the Korean war today, reporting six men killed in action, one dead of wounds, one missing and one officer and 13 men wounded in action.

One of the men was wounded for a second time. The last previous list was issued Sept. 3.

The list brought to 997 the number of casualties so far suffered by Canadian troops in Korean action, including 180 dead, 737 wounded, 69 injured in action, 10 missing and one captured.

Listed among the wounded was one B. C. name:

Bull, Frederick George Henry, Tr., L.S.H., Mrs. Emily Louise Bull (mother), Victoria.

PARIS, Sept. 9 (AP)—The head of a French expedition to Turkey which looked for the remains of Noah's Ark said today that a basalt block which takes the form of a ship's pr[illegible] is basis for local rumors that remains of the ark exist in the Mount Ararat region.

Fire Destroys N. J. Tourist Hotel

OCEAN CITY, N.J., Sept. 9 (AP) —A general-alarm fire roared through the $500,000 Biscayne Hotel just off the Boardwalk early today, sending guests fleeing to the street in their nightclothes.

Only one of the guests was injured in the blaze which all but destroyed the five-storey resort landmark and caused an estimated $300,000 in damage.

Highways' Toll Shows Decrease

VICTORIA, Sept. 9 (CP) —Death toll on British Columbia highways between Jan. 1 and July 31 this year showed a marked decrease from that of the same period last year —101 to 92 — the Motor Vehicle Branch announced today.

It was noted that the number of licenced vehicles operating on B.C. roads and highways had increased substantially.

During the first seven months of 1952 a total of 294,021 vehicle licenses were issued, as compared with 270,789 last year.

Number of accidents rose from 10,126 to 10,785, and number of injuries suffered from 3334 to 3526.

Property damage showed the greatest increase of all—14.06 per cent—from $2,751,518 to $3,138,535. Much of this was accounted for by the increasing cost of automobiles and repairs.

Top U. S. Soldiers Deny Troops Report

TAIPEH, Formosa, Sept. 9 (AP)—Two top United States officials in Formosa — Maj.-Gen. William C. Chase, head of the military assistance advisory group, and Howard P. Jones, Charge D'Affaires — today denied a report that U.S. military officials here had recommended use of Chinese nationalist troops in Korea.

A high U.S. official in Formosa told the Associated Press Monday that U.S. military officials had recommended use of nationalist soldiers. The official declined use of his name.

'Copter Claimed Russ Invention

MOSCOW, Sept. 9 (AP) — The Russians claimed another invention today—the helicopter.

Soviet academician B. Yurlev, writing in the Literary Gazette, declared "Creation of the helicopter is one of the glorious pages in the history of our aviation."

"In particular," Yurlev recalled, "I, as a pupil of Shukovsky, succeeded in 1912 in building a one-propeller helicopter."

(The Encyclopedia Britannica says that schemes for helicopters are found in literature dating back centuries. But, it said, no real progress was made until the 1930s, when Britain, the United States, France and Italy all produced craft able to make substantial flights. The reference makes no mention of any Russian contribution.)

Canned Salmon Drops In Wholesale Price

VICTORIA, B. C., Sept. 9 (CP)—Canned salmon prices have dropped $1 a case, wholesalers reported here Monday.

The price drop is the second of the season. The current drop, expected to reflect a cent or two savings on each can to retail purchasers, was attributed to heavy stocks from last year's catch and the beginning of the new salmon season.

Cash and Jewelry Stolen at Coast

VANCOUVER, B. C., Sept. 9 (CP) —Theft of $1000 in cash and jewelry valued at $250 from a suitcase hidden in a rooming house has been reported to police.

Mrs. E. H. Boyd said the theft occurred five days ago, but that she delayed asking for police aid as one of her roomers had told her he was a lawyer and would attend to the details. He and another man, whom Mrs. Boyd surprised in the room where the money was hidden, have disappeared.

Mrs. Boyd said she lent the two men $40 from the cache the night before the robbery.

M.J. Coldwell to Tour B. C. Points

VANCOUVER, Sept. 9 (CP) — M. J. Coldwell, C.C.F. National leader, will make a dozen addresses in British Cotlumbia during his 10-day tour starting Nov. 4.

He will speak in Cranbrook, Nelson, Penticton, Vancouver, Victoria, and other Island and interior points, sparking a period of increased activity for the party throughout British Columbia.

On Oct. 18 national organizer Don MacDonald, who toured the province before the June 12 election, will spend two weeks here.

West's Polio Toll Stands at 103

REGINA, Sept. 9 (CP) — Western Canada's polio outbreak has claimed 103 lives so far this season. The case total stands at 1461.

This is by far the worst year for the disease in Saskatchewan, Alberta and British Columbia.

Although new cases and more deaths continue to be reported daily there are some indications tht the outbreak may be tailing off.

The Saskatchewan Health Department, in its weekly polio epot today, said 95 new cases and nine deaths were listed in the province last wek. In the previous week, it reported 143 cases and nine deaths.

In B. C., the health department has been led to express optimism that the peak of the outbreak has passed in the coast province.

All four Western provinces today reported new cases with Saskatchewan and Manitoba announcing more deaths.

Saskatchewan now has had 603 cases and 35 deaths compared with 512 cases and 22 deaths in 1937, the province's previous record year. Alberta has counted 30 more cases and six more deaths than its previous record totals of 380 and 28 in 1948. B. C. lists 274 cases and 21 deaths, an increase of 66 cases and nine deaths over its former record year of 1947.

Manitoba reports 174 confirmed and 146 suspected cases and 13 deaths.

In 1941, it had 1011 cases and 20 deaths.

Rickenbacker Lauds British Jet Planes

NEW YORK, Sept. 9 (AP) — Capt. Eddie Rickenbacker said Monday that Britain is leading the world in passenger jet plane development and is about three to four years ahead of the United States in production of jet planes. Rickenbacker, head of Eastern Airlines, just returned from England where he said he tried to buy a number of jets for delivery in 1956. British builders were unable to promise delivery by then, he said.

Senior Medical Officers Moved

OTTAWA, Sept. 9 (CP)—Retirement of Surgeon Commodore Archie McCallum, 62, of Ottawa and Toronto, first medical director general of the Royal Canadian Navy, was announced today by naval headquarters.

He will go on retirement leave Sept. 15 and will be succeeded then by Surgeon Sapt. Eric H. Lee, 50, of Saskatoon, East Coast Command medical officer at Halifax.

Among other senior medical officers to be transferred is Surgeon Cmdr. J. W. Rogers of Port Sandfield, Ont., who has been appointed to the R.C.N. Hospital at Esquimalt, B.C., from the cruiser H.M.C.S. Ontario.
