WEATHER FORECAST
KOOTENAY:
Sunny and a little warmer Thursday. Low and high at Cranbrook 50 and 82 Crescent Valley 50 and 85.

Four Children Die As Bank Caves In

3 of One Family Suffocate When Playhouse Game Has Tragic Ending

GLADSTONE, Man., Aug. 6 (CP)—A play-time cave dug in a loose sand-and-clay bank collapsed and suffocated four children near here today.

Three of the children were members of a family of eleven. The fourth was a visiting cousin, survived by seven brothers and sisters.

Dead are Leslie William, 10, John Keith, 9, and Gladys Evelyn, 3, children of Mr. and Mrs. Richard Griffiths of Mayfield District; and Phyllis Shirley Brown, 11, daughter of Mr. and Mrs. Joseph Brown of Kelston Jost Office, Man.

The children were playing on the Griffiths farm, 12 miles North of here.

Their cave was dug in a clay bank thrown up beside a bulldozed cattle-watering pond common on Western farms. The cave was large enough to hold seven children.

CALLED FOR DINNER

Fifteen-year-old Doreen Griffiths found the children about 1:30 p.m. She was sent for them when they failed to respond to a call for dinner after playing all morning.

Doreen noticed that an overhanging sand bank had collapsed into the cave. She dug frantically, then ran the quarter-mile to the Griffith home for aid. Mr. and Mrs. Griffiths dug the children out.

Coroner G. J. Smith of Gladstone is investigating.

Youth Laughs as Sentenced to Hang

PICTOU, N.S., Aug. 6 (CP)—An 18-year-old youth sentenced to be hanged Aug. 14, "laughed and laughed" today when the sheriff told him the death sentence had been commuted to life imprisonment.

Roy Haggert, described by psychiatrists as a borderline case between an imbecile and a low-grade moron, was found guilty of the rifle slaying of his uncle Feb. 2 in the nearby backwoods village of Laggan.

He was also charged with murdering his aunt.

Churchill, Cabinet To Review Middle East Situation

LONDON, Aug. 6 (Reuters) — Prime Minister Churchill has called a special Cabinet meeting for tomorrow to review the tense situation in the Middle East, particularly Egypt and Iran.

Usually reliable sources said one of the points on the agenda is Iranian Premier Mossadegh's recent offer to submit the oil dispute to arbitration, which was later withdrawn.

The Cabinet will also review the developments in Egypt following Gen. Naguib's coup d'etat, and consider reports from Ambassador Sir Ralph Stevenson on the talks he has been having in Cairo with Egyptian Premier Aly Maher.

Another major item of discussion will be the Commonwealth Prime Minister's Conference fixed to take place in London in November.

Anzus Studies Defence Against Communism

HONOLULU, Aug. 6 (AP) — Diplomats of three big Pacific powers today turned their attention to the role other countries in the Orient may play in a mutual defence against Communism.

Representatives of Australia, New Zealand and the United States had only this item and the question of setting up a military staff left on their agenda as they worked toward adjournment by tonight.

Regional Pacific associations to parallel the Anzus Mutual Defence Pact were due for an airing after the diplomats concluded a morning discussion on areas and situations of common concern.

After yesterday's session Acheson told a public meeting sponsored by the World Brotherhood Organization:

"We hate and loathe the system of power, but . . . we are going to be in a position where we can stand up like men and not tremble when those with power rattle their sabres . . . the obligation o leadership in the world have been forced on the American people much against their will."

Acheson referred to Russia and said it "has intervened in the efforts of free men.'

"Soak-The-Rich" Tax Law Up For Consideration

TEHRAN, Aug. 6 (AP) —Premier Mohammed Mossadegh presented to his cabinet tonight proposals for a sweeping "soak-the-rich" tax law aimed at balancing the budget of this impoverished, uneasy country.

Iran's main sources of revenue dried up when Mossadegh nationalized properties of the British-controlled Anglo Iranial Oil Company. Britain blocked off world markets and Iran was stuck.

Details of the new tax plan, drawn up by Mossadegh and his financial advisers, were not disclosed, but it was reported they call for a two-per-cent tax anually on all real estate holdings.

One source said it was believed the levy could raise at least $330,000,000 yearly — which is slightly more than the government's present total annual outlay.

The tax proposals are aimed at the wealthy families who control most of the land.

Low Japan Tariffs To Be Discussed At Next Session

OTTAWA, Aug. 6 (CP) — Canadian trade officials are taking a "maybe-we-will-maybe-we-won't" attitude on the issue for extending lower tariffs to Japan.

But Japanese demands and the force of international trade patterns may whittle way the strong wall of opposition built up by Canadian manufacturers against importing chiep Japanese goods at low rates.

A showdown on the issue, which may become one of the hottest debates during the next session of parliament, likely will come within the next few months.

The issue will be placed at the Federal Government's doorstep when the next meeting of the General Agreement on Tariffs and Trade opens in Geneva Oct. 2.

Recently, Canadian trade officials asked Canadian industry what it thought of granting tariff concessions to Japan. They got the usual answer; the exporters believed it might be a good thing; manufacturers were dead against it.

450 Men Fight Forest Blaze

BELLINGHAM, Wash., Aug. 6 (CP) — A 600-acre forest fire on the steep slopes of Washington's North Central Whatcom county was held for no gain today as approximately 450 men battled the flames.

Don Fraser, in charge of fire control for the Washington Division of Forestry, reported the blaze was out of control late today but foresters expected to have it trailed by tomorrow noon.

All trailing was being done by hand work, he said, as the terrain was too rugged for operating tractors.

State Forester Bernard Orell said the fire was located about three miles North of Glacier on the Mt. Baker highway. It started in a logging operation and swept through several hundred acres of logging slash before reaching green timber where it became relatively inactive.

The U.S. Forest Service mobilized 150 men to join the state's 300 firefighters when the flames edged into the Mt. Baker national forest.

ST. LAURENT TO BE REMODELLED

LONDON, Aug. 6 (CP) — Madame Tussaud's famous waxworks disclosed today its figure of Prime Minister St. Laurent will be remodelled.

Officials said several visiting Canadians have complained that the likeness is not satisfactory. They said the firm had never been satisfied with St. Laurent in wax but that it was forced to proceed with his figure without the proper measurements and photographs.

It was also announced that Canada's Governor-General, Vincent Massey, will be asked if Madame Tussaud's may include him among its distinguished figures.

Man Charged in Speedboat Death

PRINCE GEORGE, B.C., Aug. 6 (CP) — R.C.M.P. reported tonight they have charged Francois Peter Dennis, 38, with murdering a man by ramming him with a speedboat.

Dennis is charged in the death of a fellow member of the Pinchi Creek band of Indians, 54-year-old William Austin.

Officers said Austin's death Saturday in Stuart Lake was witnessed by his wife and two children.

Police allege that Dennis and Austin argued on the day of Austin's death. Austin started out on Stuart Lake in his boat and Dennis followed.

They said Mrs. Austin told them Dennis rammed her husband's craft, knocking him into the water. She said Dennis then ran over the swimming man with his motor boat.

Mrs. Austin said she and her children were watching from the shore.

Dennis was arrested Sunday in Fort St. James, B.C., and taken to the Prince George jail. Preliminary hearing of the murder charge is expected to be held here.

Austin's body was recovered from the lake Monday.

Expansion of Canadian Trade Urged by C. C. F.

TORONTO, Aug. 6 (CP) — The C.C.F. national convention today urged "vigorous initiative" by Canada to expand trade at the forthcoming Commonwealth conference, and termed the present Canadian attitude "tepid and aloof."

This, and another resolution asking that Canadian production of iron and steel be expanded "through a publicly-owned primary iron and steel industry," were sent to the convention by the national council as "emergency resolutions."

Other resolutions adopted urged a national health service, increased social security measures, a federal plan of "subsidized payments to nurses in training," and made lengthy recommendations in regard to agriculture.

The resolution on agriculture brought the longest debate of the day, and, in regard to some of its clauses, the widest range of opinion.

One clause, moved from the floor and adopted, asked for "effective control of importation of cheap vegetable oils and adoption of a policy directed towards use of Canadian-produced oils."

Supporters of this clause said it was not intended as a "sneak attack on margarine" as some delegates seemed to think, but as a safeguard against a flood of substitutes for dairy products which threatened to develop.

The agriculture resolution, the greater part of which was submitted by the Saskatchewan provincial convention, said "failure of the federal government to implement an adequate price program for marketing of agriculture products has resulted in grave instability and insecurity."

DOLLAR HIGHEST IN 19 YEARS

NEW YORK, Aug. 6 (CP)—The Canadian dollar hit is highest levels in 19 years today when it was quoted at $1.04 3/16 in terms of United States currency.

Its all-time high was set Nov. 16, 1933, when it rose to $1.05½ when foreign-exchange dealers were acting on rumors of an increase in the U. S. price for gold.

Just a month ago it reached $1.04⅛ but dropped back slightly.

The Canadian dollar began its present rise nearly two years ago when the Canadian government relaxed controls and left it virtually free to find its own level after having been at a 10 per cent discount.

EGYPT ARMY TO BE REORGANIZED

Plan Diplomatic Personnel Changes

CAIRO, Aug. 6 (Reuters) — Gen. Mohammed Naguib, leader of last month's coup, moved today to reorganize the Egyptian army, the war ministry and defence factories.

The budget of the ministry of war and marine will be separated from the state budget and the ministry reorganized by military legal experts to avoid gorvernment "red tape," said a spokesman for the General.

Armament factories will be set up in Egypt, he said, to give Egyptian troops the most modern weapons and equipment.

Egypt formerly obtained arms from Britain under the Anglo-Egyptian treaty of 1936 but Britain in October, 1951, revoked licences to export arms to Egypt when this treaty broke down.

The government has been purchasing arms from Sweden and some police equipment from the United States.

Meanwhile, foreign affairs sources forecast sweeping changes in Egypt's diplomatic representation overseas, including the replacement of Abdel Fattah Amr. Ambassador to Britain, by the Egyptian permanent delegate to the United Nations, Mahmoud Fawzi.

FIREMEN HAD A RISKY JOB climbing the dome of the parliamentary library in Ottawa when fire threatened to destroy the building and the treasure of books. One fireman was injured when a stone fell on his head and two others joined him in hospital, suffering burns. About $500,000 damage was done to the building and contents.—Central Press Canadian.

Syngman Rhee Gets Presidential Vote

BY STAN CARTER

PUSAN, Korea, Aug. 7 (Thursday) (AP) — Unofficial results in Korea's first direct presidential election today returned 77-year-old Syngman Rhee to office for another four-year term.

With all but eight of the republic's 163 precincts counted, Rhee had piled up an unbeatable lead over his three opponents.

Government spokesman Clarence Ryee said the returns so far were unofficial. Official returns will not be announced until Aug. 13.

Ryee said the inauguration of the president and vice-president will be held on Aug. 15 — on the fourth anniversary of the Republic of Korea as a sovereign nation.

Le Shi Yung, the former vice-president who resigned from Rhee's cabinet more than a year ago forged into the second spot ahead of former Communist Cho Bong Am who switched sides and became vice-chairman of the Korean National Assembly.

Ham Tai Yung, reportedly Rhee's choice for vice-president, led that race with more than 500,000 votes over the official Liberal party candidate, former Home Minister Lee Bum Suk.

The election was South Korea's first popular vote for the country's two top offices.

P. C.s Win First Seat in 17 Years in Alberta Election

EDMONTON, Aug. 6 (CP)—The Progressive Conservatives today elected their first member to the Alberta Legislature since 1935 as the victorious Social Credit forces added four seats to their top-heavy majority.

With 11 seats still undecided, the standing from yesterday's provincial voting was:

Elected:		Leading:	
Social Credit	45	Social Credit	6
Liberal	2	Liberal	3
C.C.F.	1	P.-C.	1
P-C	1	C.C.F.	1
Ind.-S.C.	1	Total	61

PAUL BRECKEN

Paul Brecken ended the long Progressive Conservative shutout in Alberta provincial politics when he was elected in the six-member Calgary riding on the 22nd count under proportional representation. Another Progressive Conservative, the veteran Percy Page, is in a contending position in the Edmonton count.

Calgary returned four Social Crediters and one Liberal, besides the Progressive Conservative. A. J. E. Liesemer, one of the two C.C.F. members of the last House, was defeated. H. J. MacDonald became the second Liberal elected, joining party leader J. Harper Prowse, elected in Edmonton.

The Calgary Social Credit winners were Mrs. Rose Wilkinson, Fred Colborne and H. B. Macdonald, members of the last House, and Arthur Dixon.

While Calgary completed its counting under the involved proportional representation system, Edmonton got its second count under way late today. Four of seven members are still to be elected.

Sunken Craft May Be Lost Daisy B.

VANCOUVER, Aug. 6 (CP) — A half-submerged vessel which may be the missing Seiner Daisy B has been sighted in Queen Charlotte Sound, R.C.M.P. reported here today. Carrying seven men, the fishboar has not been heard from since July 3 when it left Vancouver.

The wreck was sighted off Allison Harbor at the North end of Vancouver Island by Capt. Charles Robson of the Canadian Pacific Steamship's cruise ship Prince Norah. The Norah arrived here today from Alaska.

R.C.M.P. said the Princess Norah took aboard a white wheelhouse and crumpled bow.

HIGHER PAY, MORE WORK IS REPORTED

OTTAWA, Aug. 6 (CP) — Industrial employment and payrolls both were higher June 1 than May 1 and the corresponding date a year ago, the Bureau of Statistics reported today.

The general index of employment — based on 1939 equalling 100 — rose to 182.2 June 1 from 177.4 at May 1 and 180.3 a year earlier. The payrolls index advanced to 419.8 from 410.6 and 379.0.

Weekly salaries and wages on June 1 averaged slightly below the May 1 figure but were substantially above June 1, 1951. Salaries and wages averaged $54.09 as against $54.34 a month earlier and $49.34 last year.

Nine Athletes Refuse to Return To Red Dominated Homeland

STOCKHOLM, Aug. 6 (AP) — Nine Hungarian Olympic athletes have refused to return to their communist-ruled homeland and have taken refuge in Western legations at Helsinki, Finland, the Stockholm newspaper Dagens Nyheter reported tonight.

It said the nine dropped out of sight one by one last weekend in a smartly-executed manoeuvre designed to avoid drawing attention to their flight.

Their disappearance was discovered yesterday when Hungary's team leader tried to get his squad together for a post-Olympic tour of Finland, the paper said.

Fearing more desertions, the report said, Communist coaches called off the tour and chartered two planes which flew the rest of Hungary's crack Olympic squad back behind the iron curtain.

(In Finland there was no official confirmation of the Stockholm report.

(Eighty-six members of the Hungarian Olympic team took off for Budapest by plane this afternoon. One of the two chartered planes had engine trouble and returned for repairs tonight. During the two hours this took, none of the athletes aboard left the aircraft.)

Hungary's Olympic team finished third in the unofficial team standings, behind the United States and Russia.

Earlier, a Romanian team member disappeared after he expressed unwillingness to return to his Communist-run homeland.

C.C.F. Wins Fight for Coast Riding Recount

Supreme Court Orders Recount; Election Writ Is Held in Abeyance

VANCOUVER, Aug. 6 (CP)—A recount was ordered late today for Vancouver-Burrard Riding, where a C.C.F. victory would reverse the Social Credit-C.C.F. standing in the British Columbia Legislature.

A C.C.F. victory there would give the party 19 seats to 18 for the Social Credit party, sworn in Friday as B.C.'s new government.

A recount "forthwith" was ordered in supreme court by Mr. Justice J. V. Clyne, although a writ declaring Social Credit elected in the riding already has been sent to Victoria.

The present standing in the legislature, following the defeat June 12 of the Liberal administration, is: Social Credit 19, C.C.F. 18, Liberals seven, Progressive Conservative 3, and Labor one.

246 VOTES

Original figures for Vancouver-Burrard show Social Credit's Bert Price winning by 246 votes over C.C.F. candidate Grant MacNeil.

Mr. Justice Clyne granted a C.C.F. application for a writ to force the county court judge J. A. McGeer to conduct the recount on the riding's "Ballot B."

In an oral judgment, the justice ruled that Judge McGeer erred in the original C.C.F. application.

The original application incorrectly designated the riding as Burrard instead of Vancouver-Burrard.

COURT OF APPEALS

The C.C.F. took their application to the court of appeals in Victoria but the court ruled it had no jurisdiction under the elections act to hear the case.

Basis of the ruling was that an appeal can only be launched after completion of a recount and no recount was ordered by Judge McGeer.

In his judgment Mr. Justice Clyne questioned the authority of the returning officer to forward the election writ to Victoria while the case was still before the courts. It was understood the writ will be held in abeyance until after the recount.

HUNDREDS JOIN URANIUM RUSH

Even Tourists Get Caught in Tide; Towns Abandoned

URANIUM CITY, Sask., Aug. 6 (CP) — The first uranium rush in history continued through its third day today with hundreds of prospectors still out in the Northwestern Saskatchewan bush in the hope of making a fortune.

The arteries of travel that swarmed with every possible type of conveyance two days ago now are deserted of all traffic. The settlements of Goldfields and Uranium City have almost turned into ghost towns since business men and housewives fell prey to the uranium fever.

Tourists visiting the district have swapped their fishing tackle and cameras for axes and shovels. The only barber in the area has laid aside his apron and shears.

There's the threat of violence as prospectors fight bitterly for their share of paydirt. Veterans and novices alike, with visions of vast fortunes, have been pitched against one another in the rush for the choice claims.

Ruses of all sorts have been tried to lead astray any competition.

REPORT DISCOVERY

Meanwhile four prospectors have reported discovery of what they claim to be the "mother lodes" to the uranium deposits that have stirred mining interest in the Goldfields and Beaverlodge areas of Northern Saskatchewan.

North Hayes, spokesman for the quartet said that samples of the find had been forwarded to Ottawa and a telegram report indicated they were of high uranium content.

200 Men Fight 32 Forest Fires

Two more areas in the Kootenay have been closed by Nelson Forest District as tinder-dry conditions in the woods presented a "krim" fire situation.

More than 200 fire fighters are battling 32 blazes in the district. Monday night's light thunder showers helped ease the extremely hazardous situation, prevalent almost throughout British Columbia.

The six areas closed to picnickers and campers include the Koch Creek watershed from its source to Passmore; the Granby River area at Grand Forks; the upper St. Mary River watershed West of St. Mary's Lake; Wilson Creek, from Roseberry to its source but not Wilson Lake; Arrow Park Creek and Mosquito Lake and Creek North of Arrow Park and Boundary Creek at Greenwood, North of the Junction of Jewell Lake Road.

The two new fires were reported at Bear Creek. The B. C. Forest Service reported Wednesday that none of the fires burning in the Creston-Castlegar-Nelson area are serious. All are under control.

Reporter Erred

TOKYO, Aug. 6 (Reuters) — Newspaper reporters claims to a right to protect sources of information were rejected by the Supreme Court today. The court ruled that Kiyoshi Ishiii, reporter for the Tokyo daily newspaper Asahi, had erred in refusing to reveal the sources of a story his newspaper published three years ago exposing a tax scandal.

CANADIAN DOLLAR UP

NEW YORK, Aug. 6 (CP) — The Canadian dollar was up ⅛ of a cent at a premium of 4 1/16 per cent in terms of United States funds in closing foreign exchange dealings today. The pound sterling was down ⅛ of a cent at $2.79⅜.

Fire Hazard Hits Coast District

Forest Closure Shuts Down B.C.

VANCOUVER, Aug. 6 (CP) — British Columbia's $525,000,000 forest industry, still reeling from the effects of a 45-day strike, was hit again today by forest closure.

The Provincial Forest Service shut down the far-flung Vancouver district, richest in the province, because of the fire hazard.

The weatherman was not hopeful. Though temperatures were down, no appreciable amount of rain was in sight.

Logging was at a standstill for the second time since 32,000 woodworkers struck June 15. They went back to work a week ago.

60 FIRES BURNING

The forest closure also hit the tourist industry. No person is permitted to enter any forested area to hunt, fish or travel without first obtaining a permit. Mining, construction and roadbuilding projects in the woods also came to a halt.

More than 60 fires were burning in the province, 16 of them in the Vancouver district, which includes Vancouver Island.

A 700-acre fire was racing through green timber just South of the B.C.-Washington border about 70 miles East of here. Nearly 300 men were fighting the blaze, which was edging into Mt. Baker national forest.

Lightning set some 40 fires in two Oregon counties. All of them were brought under control.

ARMI KUUSELA OF FINLAND stands on the roof of a car at Helsinki's new airport, on her arrival home. Cheering throngs of well-wishers were on hand to greet the young beauty who won the "Miss Universe" contest at Long Beach, California.—Central Press Canadian.

LIQUOR NOT FOR DAUGHTER'S WEDDING

VANCOUVER, Aug. 6 (CP) — City Council today cancelled the rooming house licence of Mrs. Aino Stenback.

Council decided that 153 bottles of liquor found in the house were not for a wedding reception for her daughter, as Mrs. Stenback claimed.

Water Levels

	1952	1951	1948
Nelson	5.10	5.29	4.62

And in This Corner . . .

KOOMO, Ind., Aug. 6 (AP)—Since Susie was something less than affectionate as a mother, something had to be done about her nine English Shepherd pups.

So it was Biddy, a friendly hen, that moved into the doghouse to warm the pups under her wings.

Last week Mr. and Mrs. W. C. Vogley forced a separation. The pups, three weeks old, were playfully chewing on Biddy's legs and biting out her tail feathers.

Biddy went on a hunger strike. The Vogleys relented today and reunited them.

NEW HALL, Calif., Aug. 5 (AP)—The county fire department had this one for the birds today:

Sparrows caused a $250 roof fire at the home of Guy Phillips in Lancaster yesterday by carrying matches to their nest. One of the matches ignited.

All the matches didn't burn. Firemen said the nest and its contents smouldered and went out, while the roof blazed merrily.

CHICAGO, Aug. 6 (AP)—Police and Coast Guardsmen raced to the Illinois-Michigan Canal last night after two men were reported seen dumping "a body" into the water.

A man's hat was found floating on the water at the scene.

The Coast Guardsmen dragged the canal and hauled out a dummy consisting of a rag-padded piece of timber clad in a blue sweater.

William Touhy, deputy chief of detectives, ventured:

"This is probably a prank."

SAN DIEGO, Calif., Aug. 5 (AP)—Birds and beasts were present at the annual meeting of the zoo's board of directors last night, held in a pepper tree grove at the zoo.

Robert Sullivan, president, reported the zoo's population had grown to 588 mammals, 2125 birds and 654 reptiles.

The reptiles took no part in the proceedings but birds and mammals, particularly the chimpanzees, were vocal as motions were put and adopted.

CAIRO, Aug. 6 (AP)—Egyptian fathers are besieging municipal officials throughout the country, newspapers said today.

They want to change the names of their sons from Farouk to something else.

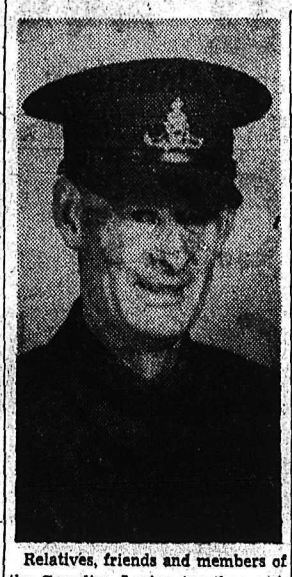
CHICAGO, Aug. 6 (AP) — Rain brought joy to parts of drought-stricken New England today, and there were optimistic reports from Southern states which have been baked dry.

Day-long rain fell on Southern New England to ease drought conditions. Boston got the heaviest downpour, 2.49 inches. New Bedford, Mass., had 2.25 inches. Other heavy rains splashed Rhode Island and Connecticut, and parts of New Hampshire, Northern Maine expected occasional rain Thursday.

Southern farmers were looking toward prompt planting of Fall crops to get back on their feet after a Summer of almost unprecedented dryness.

Memorial Service for A. C. Musfelt



Relatives, friends and members of the Canadian Legion together with Ladies' Auxiliary members, assembled at Thompson Funeral Home chapel Wednesday afternoon for a memorial service for Albert Clarence Musfelt, 55, drowning victim. Rev. Canon W. J. Silverwood officiated.

Two hymns, "Abide With Me," and "Now the Day Is Over," were sung, organist being Mrs. W. A. Manson. Harold E. Thain gave the Legion burial ritual during the service.

Veteran of both World Wars, Mr. Musfelt has been missing since his boat capsized on Kootenay Lake near Riondel about 11 p.m. July 28. He had resided in Nelson for 25 years.

On July 31, two o. his sons together with an R.C.M.P. constable accompanied by Everett Musgrove, who survive.. the tragedy, went out in a police boat to comb the vicinity of the accident. All they found were the two cars belonging to the boat.

Mr. Musfelt was employed by the Provincial Public Works Department for the past eight years.

Besides his wife, survivors are five sons, John of England, Bert, Kenneth, Ronald and Gerald, all of Nelson; two daughters, Mrs. J. McGinn of Nelson and Mrs. E. Sollid of Camrose, Alta., and eight grandchildren.

District Boys Attend Forestry Camp at Yahk

Ten West Kootenay high school boys are getting their initial education in forest improvement work this Summer at a B.C. Forest Service camp near Yahk.

The boys ,ranging in age from 16 to 19, are recruited from Nelson, Trail, Rossland and Castlegar schools and are taking a two-month session under the charge of James A. Fraser, Nelson school teacher. Camp opened July 1 and closes Sept. 1.

Another similar camp is in operation in the Nelson Forest District, at Jewel Lake near Greenwood.

Manhunt on For Family's Slayer

LA BRILLANE, France, Aug. 6 (Reuters) — Police today were directing a manhunt for a French Foreign Legion deserter in connection with the murder of Sir Jack Drummond and his family.

Bloodhounds had sniffed out the Legionnaire's bloodstained uniform near the camp site where the British family was found yesterday.

Drummond, adviser to Britain's food ministry during the Second World War, and his wife were found riddled with bullets at their camp site. Their 12-year-old daughter Elizabeth had been struck down and battered to death as she tried to escape.

Strike Sets Back Arms Production

WASHINGTON, Aug. 6 (AP) — Portions of a secret report to President Truman, made public today, said it may take an entire year to offset the impact of the steel strike on military production.

The swift rise in output of critical munitions — a 50 per cent jump from February to May — was stalled in June when the 53-day strike began, the report said.

Ammunition output, it was said, may not get back on schedule until early next year.

The report said 299 plants on military contracts had been either closed or slowed down by July 25, when the strike ended.

The Weather

A few showers and thunderstorms were reported Wednesday from the Thompson Valley and Kootenay areas and small amounts of rain were recorded in North coastal sections of the province, however the whole of the Interior will be clear and warm today.

On the coast the disturbance which caused the rain in Northern sections will keep skies cloudy tonight as it passes Southward into the United States. The cloud on the coast will clear by noon.

SWEETHEARTS TO BE DEPORTED

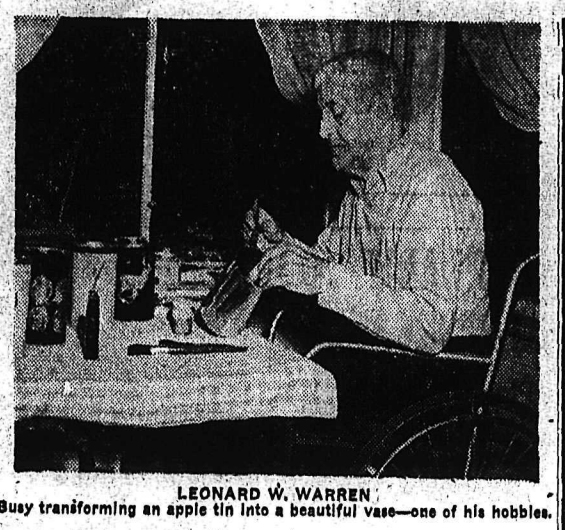
VANCOUVER, Aug. 6 (CP) — It doesn't look as if Liborio Sarraolapdfa and Rita Cappelloni will be able to move their shipboard romance to land for some time yet.

The 30-year-old Spanish sailor and his 25-year-old pregnant Roman sweetheart, who have been shipping around the world for six months, today were ordered deported by Canadian immigration authorities.

Hoping to start life in North America, the couple tried to leave the ship at Long Beach, Calif., but were refused entry to the United States.

The freighter recently arrived at Campbell River, B.C., where the pair jumped ship, bought a rowboat for $50 and fled to a nearby island.

Sarraolandia said today he planned to row the 100 miles to Vancouver where they might "get lost in the big city' But hunger forced them to give themselves up to the police.



LEONARD W. WARREN
Busy transforming an apple tin into a beautiful vase—one of his hobbies.

"Old Salt" L. Warren Feted on 72nd Birthday

Good sailors are born, not made, the old saying goes and Len Warren, a resident of Nelson's city Hostel says, "That's true of me."

From the day William Leonard Warren was born — August 7, 1889—he was near salt water. "I was born nine days out of China, aboard the famed sailing vessel the "Rodney" My father was her captain and mother the stewardess."

Today, Mr. Warren celebrates his 72nd birthday, and aside from the many festivities around the hostel, he is to be presented with a personal gift and a ...gs birthday cake from the Nelson Chapter I.O.D.E. In the evening, technicolor films will be shown by the Nelson Film Council.

An ardent ball fan, especially when girls are playing, Mr. Warren seldom misses a ball game. Asked why he prefers women's softball, he replied, "They give you something for your money—they sure know how to play." Mr. Warren has nothing but praise for the Nelson Royals and for all the other women's teams in the district.

Mr. Warren spent most of his seafaring time aboard a merchant ship "Ventura" between Tahiti and Honolulu and he relates myriads of exciting experiences aboard it and other ships he has served.

TALE OF THE SEA

He worked for many years aboard "Rodney" and one of his most exciting adventures began on a Friday the 13th in 1897 when he was just a lad." The ship set sail from London on the superstitiously unlucky Friday but "miraculously" landed in Sidney 51 days later, a near record voyage. Not one of the 51 days at sea had been marred by a cloud, rain or squall. It was on the homeward voyage that trouble began, he said.

"Nine days out from Sidney we ran into miles of subsurface icefields and had to "double back for fear of being cut to ribbons. When we hit the Portuguese coast we ran into a gale. It was the worst storm I had ever seen," he said. "Our ship crippled along until we reached the Indian Ocean where we ran into another squall. This time we lost everything — the deckhouse, part of the galley—and limped into port with only the topsail left. We lost three midshipmen—swept from aloft. The return journey took 211 days."

HONOLULU SONGSTERS

His last three weeks in Honolulu were the "nicest three weeks" he's ever spent, Mr. Warren said.

He was staying with three friends. "We slept all day and sang all night," Mr. Warren said, "even the cop on the beat joined us in song."

Mr. Warren has a fascinating hobby — painting apple and tobacco tins. No one could tell what the attractive, eyecatching vases were originally. Shelves on the walls in his room are lined with vases of every hue and color, some are adorned with flowers, some with scenes and some just plain.

Mr. Warren has been in Nelson for 16 years and hostel resident for about two and a half years. He first set foot on British Columbia in 1904 at Vancouver and has been away many times on ocean voyages.

He likes it here and wants to stay. He marvels at the grandeur of the mountain ranges, the beauty of Kootenay Lake and contentedly claims, "I've had a full life."

Retiring Carmen, Stephen Vingo, J. E. Ramsbottom, Are Honored

A total of 88 years of service in the car department of Canadian Pacific Railway won acknowledgement of fellow employees of Stephen Vingo and John Ernest Ramsbottom Wednesday.

An easy chair was presented to Mr. Vingo and a travelling bag to Mr. Ramsbottom, who plans an ocean voyage, by Albert Smith, vice-president of the Brotherhood of Carmen of America, No. 98, on behalf of the employees.

Congratulations were added by G. L. Phillips, superintendent for Kootenay Division; R. Stewart, general car foreman and Roy Lindblad, president of the B.R.C. of A.

Mr .Vingo has served with the railway 47 years and Mr. Ramsbottom 41 years.

Starting as a sectionman at Winlaw in 1905, Mr. Vingo transferred to Nelson in the Fall of that year and has lived here ever since. He became a car repairman and on May 6, 1907 was made car inspector.

Mr. Ramsbottom joined the C.P.R. at Winnipeg in July 1911 and became car foreman at Macleod, Alta., in 1926. In 1929 he was moved to Field, B.C., and in June 1931 to Souris, Man. His transfer to Nelson was in 1944, where on July 1 of that year he became assistant car foreman.

The two employees whose retirement is effective Aug. 31 had given everything they had to the company, Mr. Stewart said. Their efforts had helped to create better working conditions now being enjoyed by employees.

Noting that Mr. Ramsbottom's "first love" was "wheels," he presented replicas of wheels formed into bookends.

Mr. Phillips told of the company's appreciation of the "fine records" of the men and hoped their retirement would be flourishing and happy. It was through employees of this type that the company was able to do its work so well, he said.

SEEK EXPERT'S HELP IN RESTORATION OF LIBRARY'S BOOKS

OTTAWA, Aug. 6 (CP) — An expert has been called to Ottawa to help in the rehabilitation of Canada's parliamentary library, whose books were damaged by water during a fire Monday.

Alvin W. Kremer, Keeper of the Collection of the Library of Congress at Washington, is due here tonight.

His services were requested by Acting Prime Minister C. D. Howe after a cabinet meeting at which the problem created by the library fire was discussed.

Mr. Kremer, who achieved success in restoration of books after a library fire at Lansing, Mich., may be here only a few days, a library official said, "to advise us whether what we are doing is the best thing."

Consultative Group, Sons, Discuss Settlement Problem

At a meeting of the executive of the Doukhobor Consultative Committee and Stephan Sorokin, leader of the reformed Sons of Freedom, the group discussed Mr. Sorokin's recent trip to South America in search of land for resettlement of his followers.

Sorokin told the gathering that the Sons were "better off in Canada." A large number of the Sons attended the meeting at the Board of Trade rooms Wednesday morning.

REDS LOSE 11 PLANES IN 3 DAYS, 13 DAMAGED

SEOUL, Aug. 7 (Thursday) (AP) —United States Sabre Jets tangled with a sky full of Communist Migs yesterday and shot down six in the third straight day of torrid combat.

Three other Red planes were hit, bringing the three-day toll to 11 destroyed and 13 damaged. American losses, if any, are announced weakly.

The day's ground fighting was centred in the East-Central sector. Chinese Communist infantry finally seized and held an allied advance position after more than 13 hours of fighting.

They took the position—on high ground West of the Pukhan River—late Tuesday night. U. N. troops recaptured it Wednesday morning but the Reds fought their way back a few hours later.

LONDON, Aug. 6 (Reuters) — The BBC tonight broadcast a hasty warning to anyone who might be thinking of trying a remedy for gnat bites recommended in a "Hints for Housewives" program earlier in the day.

The program advised listeners to doctor gnat bites with a mixture of one part carbolic acid and three parts vinegar.

Horrified doctors who heard the broadcast issued a warning through the British Medical Association against such a "highly dangerous" proceeding. The Association said the suggested solution was so strong it would burn the skin and might cause damage to the eyes.

To Close Saturdays

WINNIPEG, Aug. 6 (CP) — The Winnipeg Grain Exchange will close Saturdays starting Aug. 9, President Stanley N. Jones announced today.

Invermere Main Street Undergoes Modernizing

INVERMERE, B.C. — Bruce Avenue, main street of the village of Invermere is fast taking the appearance of a modern, prosperous business street.

Lake Auto Service at the North end of the street has completed the original design of the premises by addition of a two-car show room 28 by 52 feet, a hoist and grease bay. Ultra modern rest rooms and a new heating plant are other features of the new addition. The exterior of the just completed portion will be stuccoed to match the existing section.

On the West side of Bruce Avenue, the new moving theatre is fast nearing completion. Proprietors, Morley Hogan and Clinton Morgan of Harrogate hope to open by Labor Day. The exterior of the building is now ready for stucco. The sloping cement floor has been completed and a 21 by 14-foot stage erected. The 90 by 30 foot interior will be finished in accoustic tile and plaster board with pastel green and mauve color scheme. The foyer will house restrooms, the box office and a candy-refreshment bar.

Two stores and the post office have just undergone a general face-lifting. Exteriors and interiors have been redecorated white.

A second store has been modernized with addition of a plate glass window and a tile front. Partitions to an adjoining warehouse have been removed, adding to display and walking space within the store. Re-organization of the interior is planned.

Cranbrook School Resumes Senior Matric Classes

CRANBROOK, B.C. — Senior matriculation will be resumed at Mount Baker Junior-Senior High School here in September with enrolment of about ten junior matriculants anticipated for these Grade 13 courses. Since it was discontinued because of low enrolment at the end of the 1950 term, Cranbrook senior matriculation students have attended Kimberley High School. No additional staff here will be required.

Mount Baker staff is now complete for Fall term, except for appointment of a commercial teacher, and replacement of Miss Margaret Musselman as French and English instructor and girls' counsellor who has received a radio appointment.

A fifth classroom at Central School Annex, the former high school building, is being prepared with probability it will be required for primary grades in that residential area. Central school staff is complete and if a fifth teacher is required for the annex there will be a transfer from Central. Staffs in all Cranbrook district rural schools are also complete.

E. Kootenay Fall Fair Plans Laid

INVERMERE, B. C.—Plans are well underway for the annual East Kootenay Agricultural and Industrial exhibition which will be held at Athalmer fair grounds Aug. 29 and 30.

The fair will open Friday evening when Indian tribal dances will be performed around a huge bonfire and the midway games will be in operation. The agricultural and industrial display buildings will be open.

Saturday a grand parade will open the festivities with Gordon Appleby parade marshall. The parade will include floats and decorated cars and bicycles, the Fair Queen and her retinue and Indians in gala costume on horseback. A band is also expected to be on hand.

A dance at the Lake Windermere Memorial Community Centre will wind up the two-day fair.

Oil Line Machines Moved on Project

TRAIL, B.C. — Machinery to be used for excavation of a new pipeline from Violin Lake to Cambridge Creek was moved into the project location Southwest of Trail, Tuesday. Trenching on the $335,000 waterworks improvement project is being carried out by Wade and Wells who Monday were awarded the contract.

The trench will parallel roughly the present pipeline, which cannot be disturbed for fear of irreparable breaks. The contract calls for excavation only. Laying of pipes and backfill where necessary will be undertaken by city crews.

The overall project includes the Violin Lake to Cambridge Creek line, a new line from the creek to West Trail reservoirs, and a new pump in Sunningdale, a new line from the pumps to the Sunningdale reservoir, and a new line from Sunningdale to central East Trail.

The new line from the pumps to the Sunningdale reservoir has already been installed, and the new pump has arrived. The city is speeding up the whole project in an effort to boost water supplies all over the city, and to beat the threatening breakdown of some old water lines.

The energy radiated by the sun in the form of light and heat is maintained by nuclear reaction among atoms in its interior.

New Game Warden Arrives in Cranbrook

CRANBROOK, B. C.—New provincial game warden for Cranbrook district effective August 1 is Ross Farquharson, who has served in this capacity at Vernon for the past two years. Mrs. Farquharson and their son will join him here. He succeeds game warden Ben Rauch who has been transferred to Creston.

Canvass Nets $875 for C.A.R.S.

FERNIE, B.C. — Canvass of Fernie and district by a group of ladies with Mrs. Howard Uphill as chairman brought in contributions of $875.75 for the Canadian Arthritis and Rheumatism Society, following a visit of CARS supervisor Miss Mary Pack.

Fernie Memorial Hospital has made arrangements to reserve hospital space for treatment centre here for arthritis and rheumatism victims, and Miss Joyce Chu-Cheong, East Kootenay resident physio-therapist for CARS with Cranbrook headquarters, will visit regularly. Her services were made available to the district by provincial headquarters following strong support of the annual national drive for funds with substantial amounts raised, particularly by the Cranbrook committee.

CLASSIFIED ADS GET RESULTS

Art Exhibit Added to Windermere Show

INVERMERE, B. C.—Event of the month at the Lake Windermere Memorial Community Centre at Invermere will be the second annual Windermere district Flower Show scheduled for August 16.

A new feature of the show will be the photographic and art show. Judge for this section of the show will be Murray MacDonald, chairman of the painting division of the Banff School of Fine Arts and Supervisor of art in the Edmonton school system. For the past three years he has been instructor in the extension department of the University of Alberta in art courses, and has exhibited in many Canadian cities.

The success of the flower show last year was so evident that flower exhibits are expected to reach a new standard of quality and quantity. Area covered by the flower show extends from Canal Flat to Spillimachine. A handsome rose bowl will be awarded the best flower exhibit from an individual village or part of the district. The district prize was won last year by Invermere with Wilmer a close runner-up.

Special classes for children include a collection of pressed flowers, and the best arrangement of flowers grown in the home garden and arranged by a child under 16 years of age.

During the evening, colored slides of valley scenery and valley gardens will be shown with a commentary by Jack Cummings of Windermere.

Other interesting classes include dish gardens, the best table decoration and the most artistic flower arrangement.

Lack of Fire Fighting Tools Brings $25 Fine

CRANBROOK, B. C.—Rock Creek Tie and Lumber Company, which operates a logging outfit and sawmill in Perry Creek district, pleaded guilty in Provincial Court Thursday to a Forest Act infraction in failing to have proper fire fightingtools at the site of their operations. Justice of the Peace A. J. Balment ruled a fine of $25 and costs of $4.50. Company Manager G. L. Beyerstein appeared for the company.

This was the first prosecution on this offence with purpose of the regulation protection of surrounding woodland in the event of outbreak of fire at an operation site.

Appointment for Cranbrook Teacher

CRANBROOK, B.C. — Staff member of Mount Baker Junior-Senior High School here for the past two years, Miss Margaret Musselman has been appointed to the position of assistant to the director of school broadcasts for the Department of Education in British Columbia, P. J. Kitley. She will take on her new duties at Vancouver when the Fall term opens.

She came to this province from Saskatchewan about four years ago and was on the staff of Grand Forks High School before coming here. Her subjects were French and English. Se was girls' counsellor for Mount Baker School, and did outstanding work in coaching and directing school dramatics for local performances and district school competition.

Nakusp Youngsters Attend Bible School

NAKUSP, B.C. — A daily vacation school sponsored jointly by the Anglican and United churches in Nakusp, attracted 84 children, 74 of whom received diplomas for satisfactory work and attendance.

The sum of $15 donated by the children will be spent in Bibles to be sent to foreign lands. Rev. David Stone and Mrs. Stone were in charge, assisted by Miss Doreen Woldum, Miss Rae LaRue, Miss Shigeto, Miss Margaret Spiers, Miss Irene Brotherton, Mrs. G. Weatherhead and Mrs. M. Cusick.

Kimberley Soldier Killed in Alaska

EDMONTON, Aug. 6 (CP) —Army officials today reported the death of Cpl. R. A. Sauriol of Kimberley, B.C., accidentally killed Aug. 4 when the truck he was driving left the road and overturned on the Alaska Highway.

The accident occurred 35 miles South of Teslin, just over the British Columbia-Yukon border.

Cpl. Sauriol was the son of Mr. and Mrs. Oscar Sauriol of Carlington, Ont.

How "Skinny" Girls Get Lovely Curves

Gain 5 to 10 lbs. New Pep

Thousands who never could gain weight before, now have shapely, attractive figures. No more bony limbs, ugly hollows. They thank Ostrex. It puts flesh on bodies skinny because blood lacks iron. Peps you up, too. Improves appetite, digestion so food nourishes you better. Don't fear getting *too* fat. Stop when you gain figure you wish. Introductory or "get-acquainted" size *only* 60¢. Try Ostrex Tonic Tablets for new pounds, lovely curves, new pep. today. At all druggists.

Public Affairs Hobby For 'Peg Housewife

WINNIPEG, (CP) — A Winnipeg housewife is spending her spare time learning more about government and the men who determine the Canadian way of life.

Mrs. Charles Ives, a mother of a 15-year-old daughter, decided last Fall that "a man's face is his own responsibility but that's not enough to make me vote for him." This Spring she took time out from her household chores to attend an extension course in municipal administration and public finance designed primarily for members of municipal councils.

Her interest in political and public affairs began last Fall when her husband asked who she was going to vote for in a civic election.

"I told him I would have to take a look at the pictures of the aldermanic candidates in the newspapers and he just laughed at me," said the pretty blonde housewife.

SCORNED LITERATURE

"He suggested I might do better to get some good literature on the candidates so I took his advice. But I discovered for the most part the literature was a lot of bunk and I could tell more by just looking at their pictures."

Mrs. Ives used some of her leisure moments watching sittings of the provincial legislature during the Winter, "Just so I could see these people in action."

"I found that by just watching the members of the House from my seat in the galleries I could tell to quite an extent what they were like. And if I didn't understand some of the questions that were thrown onto the floor, I would interview the speakers concerned after the sitting was over."

Mrs. Ives says she gradually became "fascinated" with government and now can't keep away from the conventions and sessions dealing with public affairs, both provincial and municipal.

"Before I used to accept practically anything that was said but now I find I question everything I read or hear," she says.

From her own observation, Mrs. Ives believes representative government is beginning to slip badly and that women should take a hand.

"After all, every nickel the government spends is ours and we must be interested."

But she insists on not joining any political group herself. By remaining on the outside, she hopes to get a broader view.

The one thing that worries her is that there must be hundreds of housewives like herself who, with a little effort, can find some good use for their leisure time.

And, Mother, Children's Own Tablets are completely dependable, too. Specially formulated for children between 3 and 15, they clear out bowels thoroughly without cramping or griping. Fine to help relieve simple stomach upsets, too. Made by the makers of Baby's Own Tablets — your assurance of a reliable product. Get a package today at your druggist. Only 30¢.

Children's Own TABLETS

4th Polio Death At Vancouver

VANCOUVER, Aug. 6 (CP) — British Columbia's fourth death from polio this year was recorded here today. Number of cases to date is 42.

Dead is a 32-year-old man from Vananda, brought down for treatment in Vancouver General Hospital.

Other victims included a nine-year-old boy from West Point Grey, a 32-year-old salesman from the same district who died in Cranbrook and a 10-year-old Abbotsford girl.

Meanwhile, an R.C.A.F. plane flew from Vancouver to Quesnel and back early today to bring to hospital a nine-month-old baby inflicted with polio.

Flt. Lt. Bill Becker made the 260-mile return hop in two hours and seven minutes.

With Becker on the flight were an air force medical officer and an R.C.A.F. nursing sister.

Regular TV to Begin September

OTTAWA, Aug. 6 (CP)—Opening dates for the first regular television transmission in Canada were announced today by A. D. Dunton, chairman of the CBC Board of Governors.

Regular service will begin in Montreal Sept. 6 and in Toronto Sept. 8, the announcement said.

The Montreal station, CBFT, will transmit on channel 2, while the Toronto station, CBLT, will be on channel 9. Official opening ceremonies will be held at both stations.

Test transmissions already have begun in Montreal, while similar experimental telecasts will be on the air in Toronto "towards the end of August," the announcement added.

MORE ACCIDENTS, BUT FEWER DEATHS

VICTORIA, Aug. 6 (CP) — British Columbia motorists are having more accidents this year but they aren't killing each other so often.

The provincial motor vehicle branch reported today 62 lives have been lost in accidents during the first six months of this year, compared to 73 in the same period last year.

In the first half of 1952, 9105 highway accidents injured 2787 persons and resulted in property damage totalling $2,609,692. In the corresponding period of 1951, there were 8598 accidents causing injuries to 2690 persons and property damage amounting to $2,285,596.

Heavy Sentences on German Rustlers

HAGEN, Germany, Aug. 6 (Reuters)—Twenty cattle rustlers were sent to prison by a German court for stealing 109 head of cattle, with 87,000 marks (about $20,000) during the last two years. Wilhelm Woyack, 51, the ringleader, was sentenced to 10 years at hard labor. Heinrich Braekelmenn, 54, was sentenced to seven years and 41-year-old Friedrich Menne to 7½ years. The others got between four months and 5½ years.

Present Queen With Canadian Records

LONDON, Aug. 6 (Reuters) — Two CBC officials today took to Buckingham Palace an album of recordings as a present for the Queen. The recordings were made on her tour of Canada. One volume in the album contained descriptive commentaries, the other contained speeches by the Queen —then Princess Elizabeth — her husband and high Canadian officials. A duplicate album will be given to Queen Mother Elizabeth.

The practice of "pumping" the accelerator pedal not only is hard on the motor car engine but wastes gasoline.

NOTTINGHAM, Eng. (CP)—Tony Bateione, 16, was the first apprentice jockey to wear the Queen's colors when he finished third on the royal horse Windsor Forest in a Nottingham race. But none of Tony's family saw him ride. They're not very interested in racing.

British Columbia Packers Ltd., Vancouver, Canada

Barbara Brent's **BUYS AND WHYS** A WEEKLY INFORMATION SERVICE

MONTREAL, August 7th—Fashion-Model Virginia Owen was married recently. She was another beautiful Woodbury bride in her hoop-skirted gown of satin. But it was her satin-smooth Woodbury complexion that stole the show. A breathtaking bride—a popular model—Virginia protects her exquisite complexion with WOODBURY FACIAL SOAP. For she knows that Woodbury is *more* than a cleanser. You see, it contains a precious beauty-cream ingredient—the same softening oil used in finest face creams. It's intended to help *replace* the natural oils you wash away. Try Woodbury Soap yourself. See how its mild, mild lather cleans your skin thoroughly, yet gently — soothes and smooths it. And try the big Beauty-Bath Size Woodbury, too, for head-to-toe loveliness.

Your Family Will Call You "Dreamboat" when you treat them to *this* delicious dessert. Quick-and-easy-to-make, economical and is it good! Mmm!—Mmm! . . . *Lemon Crunch Ice Cream* made with the finest, juiciest lemons grown—SUNKIST LEMONS, of course!

LEMON CRUNCH ICE CREAM

Combine 2 cups milk, 1 cup sugar, ⅓ cup fresh Sunkist lemon juice and 1 teaspoon grated lemon peel. Freeze until *firm*. Beat 2 egg whites to a meringue with 2 tablespoons sugar. Whip 1 cup whipping cream. Remove frozen mixture to a chilled bowl. Beat until fluffy. Fold in meringue and whipped cream. Add ½ cup crushed lemon drops or peanut brittle. Return to tray. Freeze to ice cream consistency. Serves 6.

The Most Popular Girl On The Beach . . . and often she isn't the prettiest—is the girl with sparkle and vitality. So when you're packing for your summer holidays—be sure to pack a vacation-supply of SAL HEPATICA. A glass of sparkling, pleasant-tasting Sal Hepatica before breakfast will make you feel as sunny as a summer day. Sal Hepatica effervescent salts have been a faithful family laxative for over 60 years. They're pleasant to take—and gentle as can be . . . and you can count on them to keep you feeling wonderful. (The "Belle of the Beach" can be *you!*)

You'll Want It For Your Salads . . . and for your pickling, too. So what better time to buy HEINZ WHITE VINEGAR than right now—during "Salad Week" and at pickling time! Buy the big *gallon jug* . . . it's the thriftiest "buy" I know. And the best. For Heinz White Vinegar is distilled and aged by the firm who made pickles famous. Full-bodied in flavour, uniform in strength—it preserves the crisp texture and colour of your pickles to perfection. ***And, by the way, if the gallon jug you buy doesn't have the free recipe booklet, "Pickling Success", attached—write to me for it*** — Barbara Brent, 1411 Crescent St., Montreal, P.Q.

You Can Buy It Now . . . delicious BLUE BONNET DE LUXE MARGARINE, pre-cut in individually wrapped, *golden-yellow quarter pounds*. And that's wonderful news. Because Blue Bonnet De Luxe is so economical—and so *convenient*. Blue Bonnet De Luxe quarters go right on the dish—*look* right at the table . . . no fuss, no bother—you simply unwrap what you need. And of course there's real flavour-protection — each quarter separately wrapped to seal in the sunny-sweet Blue Bonnet flavour. What's more, you can forget the measuring cup when you're cooking with De Luxe Blue Bonnet. The handy chart on the package shows you where to cut. I'm putting Blue Bonnet *De Luxe* Margarine on my shopping list right now. How about you?

TO CRANBROOK . . . Mr. and Mrs. J. F. Dunn of Cranbrook, were visiting Mrs. Frederick Niven, 701 Hoover Street.

Engagements

Mrs. B. E. Roberts of Castlegar, B.C., wishes to announce the engagement of her son, A.B.S.S.M.S. John Roberts, H.M.C.S. Beacon Hill, Esquimalt, Victoria, B.C., to Evelyn, second daughter of Mr. and Mrs. Reynard of Victoria, B.C.

Gay Nineties at Nakusp Lawn Tea

NAKUSP, B.C. — Nakusp's diamond jubilee celebrations are still going on.

Costumes of the Gay Ninties were the order of the day at a lawn tea sponsored by Nakusp Women's Institute at the home of Mrs. W. L. Maxwell. Men in frock coats and silk hats, and women in long dresses, feathered hats and parsoles made a colorful scene.

Mrs. J. Parent sr. poured, and was assisted by Mrs. O. J. Harper, Mrs. S. Hapworth, Mrs. R. Donnelly, Mrs. M. Davies, Mrs. H. West and Mrs. G. Marchessault. Mrs. A. E. Fowler, W.I. president, and Mrs. Maxwell, received the guests, and Mrs. J. Parent jr. was cashier.

Proceeds will be donated to the Nakusp Recreation Society for its skating rink fund.

O.E.S. Grand Matron At Nakusp Chapter

NAKUSP, B.C. — Mrs. Anne McDonald, worthy grand matron of the Order of the Eastern Star, paid an official visit to Martha chapter here recently. A chicken supper was served.

She was accompanied by Mrs. Verna Jesson of Vancouver and Mrs. Bary Buchan of Trail, both past worthy grand matrons. Miss Flora Gill, Montana representative, also attended the meeting, along with members from chapters in Kimberley, Banff, Trail, Vancouver and Cranbrook.

750 New Shoe Styles

LONDON, Aug. 6 (CP) The Soviet government, which sets the styles for milady in Russia, yesterday offered Russian women a new wide range of footwear for the coming season. Moscow radio said Soviet shoe factories have 730 new models for autumn and Winter wear.

Send your order to MARIAN MARTIN, care of Nelson Daily News, Pattern Dept., 212 Baker St., Nelson, B.C.

TRAIL OLD-TIMER GRANDMA MERRY 92 MONDAY

TRAIL, B. C.—Spunky little "Grandma" Merry, one of Trail's oldest oldtimers marked her 92nd birthday here on Monday.

The charming old lady, popularly known as grandma to Annable youngsters, has been in Trail since 1899 and has lived for 51 years in her house in upper Annable.

Despite her age and increasing frailty, Mrs. M. M. Merry insists on living alone, and managing for herself, with a little help from next door neighbors.

She was one of several oldtimers who helped Trail celebrate its Golden Jubilee in July last year.

LOWER HEMLINES FEATURED IN PARIS

PARIS, Aug. 6 (AP) — Emphasis is on the neckline and shoulders in the new fashions Jean Desses showed today. Like other Paris designers, he has brought hemline down to 11 or 12 inches from the floor.

Desses' dresses have a slipping-off-the-shoulder look. Adjustable cowls, oval picture fame drapes, "Saturn Ring" bands and backward halter tops are variations which can be pulled up or down for peek-a-boo effects. The draped collar he calls a "baptismal font" decolletage.

Explaining that "fashion has reached a crossroads, softness and fluid lines succeed corseted control," Desses says his new silhouette follows "the outline of a ceremonial chalice, "widened out on an elegant and slender stem."

Responsibility And Power

When an industrial dispute arises, a prerequisite to a fair, reasonable and constructive settlement is that there should be an adequate balance of power between the two parties to the dispute.

The old doctrine of Master-and-Man has gone. The balance of power between labor and management was trued many years ago, until today, as the Minister of Labor suggests, it would appear to be weighted on the other side. Labor's right to join the union of its choice and to bargain collectively is guaranteed by statute law; and labor has the right to strike so long as it keeps within the law.

Labor and management today have equal and heavy responsibilities imposed by this very freedom of action in collective bargaining. Strikes and lockouts are weapons ready to the hand of the chief parties to disputes, but in these years they are weapons to be used sparingly and with due regard for the public interest, which is the paramount consideration of all.

The possession of power entails not only privileges, but duties and responsibilities. To use power recklessly and destructively is injurious to the State and to the whole public. And certainly no industry can prosper as a source of production and employment if there is a reckless or ruthless use of power, by either side, in relations between employers and employees.

Britain Invests In Canada

British industry is making an increasingly important contribution to Canada's development by establishing subsidiary factories and engineering works and investing in this Dominion. What they are doing is neither so spectacular nor so well publicized as the investment of the United States funds in our securities. But the British movement is hardly less significant. Only yesterday it was revealed that British investment in the Kitimat aluminum project, generally looked on as U.S.-financed, had surpassed the $100,000,000 mark.

"Know-how" is a North American term, but what it represents is by no means a North American monopoly. The British brand most often goes deeper than mere technological skill. Its basic philosophy was touched on in an interview by Sir Vincent de Ferranti, world head of the British firm bearing his name. Speaking specifically of how British industries can make good in this country, to our mutual benefit, Sir Vincent remarked that they must build for Canadians, think as Canadians—or become Canadians. He added:

"It is so simple. We found that Canadians want to buy Canadian goods made in Canada, so in 1908 we located a factory here. Scores more British manufacturers are finding the same thing today. Canada is a grand country and it's growing fast. No one will ever make a mistake in becoming part of that growth."

The creation of new industries is our best guarantee of future stability.

Verse

Making Friends

Dear little one, I stand
Confused before your steady gaze,
And fearful lest there be
Some spot in me whereby
I may lose hope of favor
In thine eye.

Sweet little one, I pray thee,
Judge me not too harshly;
See, I'll help you build
Your house of blocks,
And if it rocks and falls
I'll build it up again.

And I can tell you stories,
Wondrous tales of fairies,
Ships and whales,
And princesses and kings,
And other strange enchanting
Things that you may fancy.

Give me your hand,
And with your smile
Admit me to your world a while,
My little friend.

—By M. D.

A City Can be Courteous

(Ottawa Journal)

Mr. John R. Heron, public relations adviser to the Royal Bank of Canada, in an address to the Ontario Recreation Association, gives this example of the way a city should not address its taxpayers:

"In starting to speak about methods in public relations, I am going to give in to the temptation to cite a horrible example. It has to do with the extraordinary spectacle of a large Ontario city adding in bold print on its property tax forms this statement: 'In remitting by mail, enclose this notice, together with stamped addressed envelope for return of receipt.'

"In the first place, there's not even a 'Please' to soften the blow. In the second place, it's a miserly gesture. And in the third, fourth and hundredth places, it's an outstanding example of crassly stupid relations with the public. With 4000 taxpayers allowed three instalments at three cents each por postage, that great city saves $360 a year; and for that, they irritate 4000 people three times a year."

The city was not Ottawa, but clearly—with 4000 taxpayers, a much smaller community. It is a good illustration of the sort of spirit a competent public relations man discourages in his people—it shows a certain official arrogance, a contempt for the very persons without whom there would be no taxes to collect and so no job as a collector.

Read the Bible

Nothing has discredited the Bible more than its superstitious use.

But if many people for the first time could be stirred up to make a simple and unpretentious beginning of reading their Bibles, it is hard to see that anything but much good could come.

For Catholic and Protestant alike—and both are encouraged by their churches to read the Bible, it is hard to see that anything but much good could come.

Try St. Mark's Gospel, the earliest story of Jesus' life, written by St. Peter's secretary after the apostle's death had ended his personal reminiscences of the Saviour's life. Try St. John's first pistle, a little gem of simple instruction on Christian living in love and kindliness. Try the Acts of the Apostles, the history of the first days of Christian church life and extension, shot through with adventure.

Why not read the Bible?

—Vancouver Sun.

Your Horoscope

Yur affairs should make good progress from now on, and you may make new and happy friendships or other ties. Many chances for success and the acquisition of staunch friends seem to be in store for a child born under these auspices.

It's Been Said

But he couldn't lie if you paid him and he'd starve before he stole.—Rudyard Kipling—The Mary Gloster.

?Questions? ANSWERS

Cook, Nelson—Is there a recipe for gooseberry wine?

To four pounds gooseberries allow four quarts cold water, and to one gallon juice allow three pounds preserving sugar, one to two gills of gin and a little gelatine. Gather fruit in dry weather and before quite ripe. Top and tail them, then wash and drain. Put them into a tub, bruise well, and pour cold water over, cover and stand three or four days, stirring occasionally. Then strain through jelly bag or fine sieve, measure liquid, and add sugar in above proportion. When this is dissolved, pour all into clean barrel, cover bung-hole lightly and when fermentation has ceased add gin and gelatine which will help to clear wine. Close bung hole tightly and leave five or six months. The wine may then be bottled but should be kept for some months until the sweetness has gone off before drinking.

Curious, Trail—Can you tell me what "dioptase" is?

Dioptase is a rare mineral species consisting of acid copper orthosilicate that has occasionally been used as a gem stone, especially in Russia and Persia. It has a fine color and it crystallizes, but the transparency is imperfect.

Reader, Nelson—What is the meaning of the name "Doukhobor"?

According to the Encyclopaedia Britannica the word signifies "spirit fighters" and was intended by the clergy of the Russian Orthodox Church to convey that the peasants to whom they gave the name fought against the spirit of God. The Doukhobors themselves, however, accepted it as signifying that they fought not against but for the Spirit.

Looking Backward

10 YEARS AGO

From the Nelson Daily News, August 7, 1942

Kenneth McBride, son of Mr. and Mrs. R. L. McBride, left yesterday for Gordon Head, V.I., where he will attend C. O. Corps.

Fourteen tables were in play at a partner whist drive staged Thursday night by Nelson Eagles in their lodge hall. Mrs. Joseph Maglio and J. Leeming won first prize, Mrs. D. Spiers and D. Morrison, second and Mrs. F. Brooms and F. A. Blakeman, third.

25 YEARS AGO

From the Nelson Daily News, August 7, 1927

That the recent Associated Canadian Travellers' picnic at Ferndale was a success not only socially but financially was reported by J. Lundie, treasurer for the picnic, at a luncheon and meeting of the Travellers at the Canadian Legion building Saturday. President Frank Baker presided.

Thirty-two girls, members of C.G.I.T. groups of Nelson, Trail, Kaslo, New Denver, Slocan Park and Silverton will go into camp today at Camp Busk, Kokanee.

50 YEARS AGO

From the NelsonDaily News, August 7, 1902

Fred Starkey leaves tomorrow evening for Winnipeg, to attend the session of the grand lodge of the Sons of England, which is to be held in that city.

The local C.P.R. officials state that the Sunday school picnic of St. Saviour's on Tuesday was the largest excursion ever carried out of Nelson. Among the special features of the day was the singing by the choir on the steamer, which added much to the pleasure of the occasion.

Press Comment

Rep by pop (Parliamentary representation based purely on population) is becoming unfair to the Prairie Provinces, asserts the Regina Leader-Post. "The Prairies are and will remain the backbone of the agricultural segment of the national economy. While its population has declined, its production of essential food commodities has increased. Yet it is becoming a progressively less important voice in national affairs. . . . This growing disparity between the economic importance of the Prairies in the national economy and its representation in Ottawa is perhaps the strongest of arguments for a change in the basis of this representation."

Aluminum Key Opens B.C. Wilderness Treasure Box

By DAVE STOCKAND
Canadian Press Staff Writer

KITIMAT, B.C., Aug. 6 (CP)—An alumnium key is being cast near a wilderness treasure chest in British Columbia.

There is every reason to believe this key will open the natural lock which guards the potential wealth of the region.

In itself, the Aluminum Company of Canada's Kitimat smelter won't be extraordinarily impressive. Aluminum smelters never are.

But, for one thing, a staggering amount of power is needed to produce aluminum—10 kilowatt hours to make just one pound of the metal. Raw materials must reach the plant and the finished product must be transported to market.

FACTORS FOR WEALTH

Noting all this, observers base their predictions of great growth on the following points:

1. It's no secret that wealth is waiting in untapped areas of B.C., and such regions take in nine-tenths of the province's 336,255 square miles. The main problems are gaining access and finding outlets. Alcan will help crack these barriers.

2. Cheap electrical power will be made available, with Alcan welcoming secondary industries into the region it is pioneering.

3. B.C. is just beginning to tap its water resources. When power harnessed by Alcan has ben allotted, the proposed dam at Moran on the Fraser River could add another 1,500,000 horsepower in central B.C., meaning muscle for other major industry.

4. Prospects look good for selling manufactured goods. For example the Peace River country is considered a logical market and Alaska is worth investigating.

5. Other than industry, the development will unlock an area rich in the natural resources which have given B.C. her lifeblood so far—timber, minerals and fish.

CENTRAL GATEWAY

At present the spotlight is on Kitimat. This construction camp 450 miles North of Vancouver seems likely to become a major city by B.C. standards.

Architects have drawn up blueprints for a "model city," everything planned in minute detail for a population of 46,500.

Kitimat, expected to have a population of 7500 at the start of aluminum production in 1954, will be a seaport and a railway terminus as well as a smelter site.

The harbor is being dredged and a concrete wharf built to serve freighters which will carry alumina from Jamaica. Obviously, these vessels won't want to sail away merely with ballast.

VITAL RAIL LINK

Construction will start soon on a $10,000,000 railway leading out of Kitimat to link 46 miles to the North with the Edmonton-Prince Rupert line of Canadian National Railways.

Now, for natural resources. The rail line will make accessible huge stands of timber—some spruce, but mainly hemlock, larch and balsam.

Kitimat may become one of the ports where B. C. fishermen land their catches of halibut and salmon. Indian fishermen, especially are hoping for this.

Mining is an optimistic question mark, especially inland in the watershed area, parts of which have been opened up by highways needed for construction and also by the use of barges, a means of transportation which will become more and more practicaly as the level of the lakes rises.

Since spring the number of men working on the project has swelled to more than 6000. Even in the early stage of production the manpower needs of the smelter will be able to absorb many of them.

"Lots of them plan to move over to Kitimat and make permanent homes there and undoubtedly many of them will," said one Alcan official.

U.S. Embargo on Cattle Remains

WASHINGTON, Aug. 6 (AP)—The United States Agriculture Department "hasn't even considered" the question of lifting the embargo on import of livestock from Canada, officials said today.

The embargo on cloven-footed animals, including cattle, sheep, swine and deer, was imposed last February as a result of an outbreak of foot-and-mouth disease in Saskatchewan.

Canadian authorities are preparing to declare that country free of foot-and-mouth disease Aug. 19, but this will have no bearing on present restrictions imposed by the United States.

Water Ration Added To Village Woes

STAPLECROSS, England, Aug. 6 (AP) — Staplecross householders, who share all normal ration woes, have a new item under rationing—water. The village pump went dry in last month's drought. Authorities brought in a tank truck and distributed ration coupons. Each household was allotted two coupons a day, each good for a gallon.

'Peg Polio Cases Shoot Up to 111

WINNIPEG, Aug. 6 (CP)—Nineteen more polio cases, 10 from Winnipeg and suburbs, shot Manitoba's total today to 111.

This sharp increase is a "backlog of holiday weekend cases," the technical advisory committee of the Health Department said.

Committee officials said they "expected" this number which indicated the "normal" continuation of the current outbreak.

One of the victims had just returned to Winnipeg from the Y.M.C.A.'s Camp Stephens for boys in Lake of the Woods, Ont. Y.M.C.A. officials immediately notified all parents of boys attending the camp. Health Directors of both provinces, however, said they believed there would be no outbreak at the camp which ends its year Aug. 11.

CASTLEGAR—The Castlegar Cubs were a tired bunch of ball players after their three-game stint in Cranbrook and missed a golden opportunity Monday to takeover first place in the Trail District Fastball League when little Bruno Derosa won his first game of the season for the Pontiacs by taking a 5-2 decision from John Sofiak.

The Cubs came back on Tuesday to defeat Crown Point 4-1 with Sofiak getting the win, his sixth as against five setbacks, when he took over for Mitchell in the seventh. With the Cubs having only a few games remaining on their schedule they must hit a winning pace if they are to get the bye in the playoffs.

* * *

HERE AND THERE . . . The Cubs have been going strong lately up with six wins in their last seven games in league play. The boys tell me that they had a great trip to Cranbrook when they won one, lost one and came out even in one game. The boys tell me that a neighbor of mine, Joe Moon, was down from Kimberley to see them play. Joe at one time played ball here in Castlegar along with Gerry and Cliff Wanless. At that time Bill Kereiff, who now plays shortstop for the Cubs, was the bat boy . . . The Cubs lost another player this week when Pudge Parker, who helped the team tremendously in the last month, left for a new job at the coast . . . Coach Rennie Mitchell, who is having a tough job switching players to fill in vacant positions, has come down with a pulled muscle himself . . . If Rennie has to sit out a few games it will further hurt the Cubs as he has hit at a .346 clip in the last seven games, getting five singles, two doubles, one triple and a home run. He has batted in four runs and scored six times himself . . . It was reported this week by league president Art Misisco that the best-of-three playoffs between the second and third-place team would probably get under way next Tuesday or Wednesday . . .

* * *

STATISTICS CORNER . . . The Cubs in league play this season have scored 97 runs while having 92 scored against them. They have collected 162 hits while giving up 158. The combined pitching staff have registered 104 strikeouts and walked 69. They have been struck out by opposing pitchers 73 times and have garnered 60 free passes. The Cubs have committed 55 errors while the opposition has miscued 65 times. These statistics, which are all unofficial, indicate just how close things in this league have been up to the present time.

Heavy Title Match Unlikely for N.Y.

CAMDEN, N.J., Aug. 6 (CP) — The world heavyweight championship fight between Jersey Joe Walcott and Rocky Marciano probably will not be held in New York, Walcott's manager, Felix Bocchicchio, said today.

Bocchicchio is not licensed as a fight manager in New York and he said he doesn't intend to apply for one. Bob Christenberry, chairman of the New York State Athletic Commission, has indicated he doesn't think too highly of Bocchicchio.

Walcott's manager said the gate will probably suffer from the fight being held outside New York but "Joe and I are willing to sacrifice a few extra dollars from our cut if it means the difference between my being able to manage him or not."

Other possible sites for the fight include Philadelphia, Boston, Chicago or Jersey City.

GAVILAN - GRAHAM GO IN OCTOBER

HAVANA, Aug. 6 (CP) — Kid Gavilan, Havana's world welterweight champion, will defend his title here against Billy Graham of New York sometime during the first week of October in a 15-round bout.

Contracts were signed today after discussion between James Norris of New York, President of the International Boxing Club; Irving Cohen, Graham's co-manager; and Fernando Balido, one of Gavilan's managers.

Gavilan defeated Graham in New York by a split decision in a previous meeting.

Terms of the contract were not announced, but it is understood that Gavilan will get $30,000 and Graham $18,000.

Rickey Injects More Young Blood Into Anemic Bucs

PITTSBURGH, Aug. 6 (AP) — Four fresh hands boarded the sinking hulk of Pittsburgh Pirates today.

General manager Branch Rickey farm clubs to bring the National called four of his rookies from Baseball League team's roster up to the legal limit of 25.

Strike-out hopeful pitcher Ronnie Neccial will take his first crack in the major leagues. The three others — pitcher Brandy Davis, out outfielders Jim Waugh and Lee Walls — all started with the Bucs early this season before being farmed out.

Rickey said:

"I want to exhaust the potential of these men and find out what I have to work with. My goal is not sixth, fifth or fourth place — but the pennant.

Cards Gain With Double Win; Satch Hurls 12-Inning Shutout

By The Canadian Press

It may have been rugged going, but Eddy Stanky's St. Louis Cardinals stayed right up with the best of them tonight.

The Cards were pressed at times but they managed to defeat the last-place Pittsburgh Pirates 7-2 and 3-2 in a National League doubleheader at Pittsburgh. The wins left them in third place, five games ahead of the idle Philadelphia Phillies.

The first game was a toughie for the Cards. They battled to a 2-2 tie until the 10th inning and then exploded for five runs to take the decision.

Johnny Merson won the second game when he beat out a high infield bounder in the ninth, scoring the deciding run from third.

Chicago Cubs spotted Cincinnati Reds a two-run lead in the first inning, but rallied to hand the Reds a 5-3 loss.

A doubleheader between Philadelphia Phillies and Boston Braves and the Brooklyn-New York games were rained out.

In the American League, Washington Senators beat the New York Yankees 6-4 and St. Louis Browns blanked Detroit Tigers 1-0 in 12 innings.

In an afternoon tilt, Cleveland Indians overpowered Chicago White Sox 7-1. One game was postponed—Boston Red Sox at Philadelphia Athletics.

Despite some top-flight hurling by Gerry Staley and Cloyd Boyer, the Cards needed relief pitching to win the games. Al Brazle and Eddie Yuhas appeared in both contests, Brazle getting credit for the first-game victory and Yuhas saving the second contest for Boyer.

Boyer didn't allow a hit until the fifth—and that was a bunt beaten out by Gus Bell. Relief pitcher Ted Wilks was charged with the first-game loss and Forrest Main with the second.

At Cincinnati, Turk Lown replaced Paul Minner after two runs had scored in the first inning and went on to pitch the Cubs to victory.

He also contributed a triple to the Cubs' three-run uprising in the sixth inning, when Herman Wehmeier was driven from the mound.

WYNN WINS 13TH

Cleveland's Early Wynn registered his 13th victory of the season as the Indians smashed the White Sox.

Wynn would have had a shutout except for an error by Larry Doby in the ninth. Minnie Minoso walked and raced home when Doby fumbled Eddie Robinson's single.

Wynn throttled the White Sox with five hits.

The Indians clouted Harry Dorish, third Chicago pitcher, for three runs in the ninth on three hits and an error.

The Browns won the game in the 12th inning when Bob Nieman singled in the only run with the bases loaded and two out.

SATCH COMES THROUGH

It was the longest Satchel Paige had worked this season and gave him his eighth victory against six defeats as he set down the Tigers on seven hits. Virgil (Fire) Trucks started for Detroit and was relieved by Hal White in the 10th.

Paige, who walked but two while fanning nine, and Trucks both came up with tremendous clutch pitching.

SHORT ON SIZE BUT LONG ON WINS . . . Bobby Shantz, winningest pitcher in the American League with a log of 20-3 for the Philadelphia Athletics, stands a mere 5 feet seven inches and is considered the shortest pitcher in the major league. The "mighty mole-pitch in the majors," by becoming the first major league pitcher to win 20 games.

U.S. Team Impressive In Davis Cup Tuneup

BY MAX McMAHON
Canadian Press Staff Writer

MONTREAL, Aug. 6 (CP) — The United States Davic Cup tennis team displayed its wares in practice session today. The audience was impressed.

Canada and the United States meet Friday, Saturday and Sunday in the final round of the North American zone title. The winner takes on Italy, European zone winner, for the right to challenge Australia, holder of the Davis Cup.

Canada never has beaten the U.S. in Davis Cup play.

The American team is made up of captain Vic Seixas, No. 1 player in the U.S., Herb Flam, No. 2, Bob Perry and Jack Frost. Seixas and Flam probably will handle opening singles chores.

Seixas is noted for his service, which has a lot of twist, and his overhead. He has a good approach shot, but lacks authority on the backcourt. His volley, however, is one of the most natural in the game.

Flam's power lies in his ability to change pace and in his touch and control. When things get tough, he lobs continuously, and then a perfect overhead is all that can beat him.

YOUNGSTERS SHARP

Perry, only one year away from junior play, was noted for his particularly smooth ground strokes which he made with seemingly little effort.

Little is known about Frost, 17-year-old newly-crowned U.S. junior champion. He played a good practice game, but observers could tell little about his style because he has never played on grass courts.

The Canadian team of Brendan Macken, Lorne Main, Henri Rochon and Jack Spencer, also put in a full day, working on the rough spots that appeared in their play against Mexico last week.

Last year, Canada defeated Cuba but bowed to the U.S.

Canada this year downed Mexico in straight sets.

Draw for opponents will be held tomorrow.

Gyros Trounce Rotary 11-4

Last-place Gyros played the role of giant-killers last night, walloping the league-leading Rotarians 11-4 to keep alive their ploy off hopes.

Don Stevenson led the winners' 11-hit attack with a homer and two doubles which drove in four runs. Fred Bradley and winning pitcher Earl Farenholtz had two safeties apiece.

Lefty Blair Olson, who relieved Carter in the first, took the loss. He was best for the losers with three hits while Don Holmes connected twice.

Three scheduled games, all of them involving the Rotarians, are left before playoffs get under way. They meet the Kinsmen, now only half a game behind in second place, in a pair that will decide the top finisher and are scheduled against the Lions in another.

The Gyros, meanwhile, have a chance now to tie Kiwanians for the fourth and last playoff spot by winning a suspended game called with the teams tied 7-7.

Completion of the 18-game schedule is expected by the end of next week with playoffs to follow immediately.

Mountie Tops in Quebec Shoot

MONTREAL, Aug. 6 (CP) — Cpl. J. H. Blais of the R.C.M.P. won the Quebec provincial shooting championship today with a score of 442.

Maj. James Houlden of Winnipeg was second with 439 points and Sgt. E. Paget of the Canadian Grenadier Guards third, with 436 points.

H. G. Doyne-Ditman, youngest member of the British rifle team, won the banker's match with 98 out of a possible 100 points.

The Quebec team, with 840 points, wo nthe players' cup in the international match over the British team, which amassed 829 points.

Divots Will Become Passe With New "Wonder" Grass

NEW YORK, (AP) — Hey, Joe Duffer. How'd you like to play golf on a fairway so tough that you can't take a divot out of it and so smooth that every shot is from a "brassie lie?"

If you should be strong enough to chop a divot out of it— and most ordinary golfers haven't that much power—just let it lie. The mowers will chop it up for fertilizer and new grass will grow better from the roots than if you painfully press the divot back into place.

You don't have to water the stuff either, unless you live in a very dry land. It is resistant to heat, disease and insects.

Eventually (not for several years) you can have the same grass growing in your own back yard. Boy, imagine that. You can practice iron shots all day long without leaving a mark. And you can trim it short and smooth enough for a putting green.

This miracle grass was described by Dr. Fred Grau, head of the United States Golf Association Green Section as he announced plans for opening a new West coast regional office at which still further experiments in turf development will be carried on.

STILL SCARCE

It doesn't even have a name yet and seed is so scarce it isn't likely you'll be able to buy it for a few years. The green section experts now are describing it as "combination grass" because they're approaching the same results with several different combinations of grass varieties.

The "combination" now being used is zoysia, an oriental turf grass which grows in Japan, Korea and Manchuria and merion blue grass, another rather new development. When they're grown together, the Zoysia spreads its roots underground, the blue grass mingles with it, literally choking out weeds and pesty crab grass. One variety flourishes in the hot Summer months, the other in the cooler Fall and Spring. Together they provide a smooth, tough cushion of turf the year round.

Batsman Tops 2000-Run Mark In Cricket

LONDON, Aug. 6 (Reuters) — Dave Sheppard, star batsman for Cambridge University, Susex County and England, today became the first player to top 2000 runs this season.

He hit the mark when he scored four against Lancashire and went on to make 70. Though scoring was slow, Sheppard was never dull and his opening partnership with John Longridge put on 149 in three hours 20 minutes.

Rain again interfered with championship matches.

Colin Ingleby-Mackenzie, 18, hit nine boundaries in a sparkling 61 for Hampshire against Middlesex.

Yorkshire dismissed Leicestershire on a soft pitch. Only the Australian pair, Victor Jackson and Jack Walsh, put up a challenge to the bowlers, knocking up 62 for the sixth wicket.

Glamorgan, put in to bat by Nottinghamshire, gave a sorry display, finding Colin Matthews in deadly form. Matthews took five for 26, his best performance for the county. Reg Simpson and Fred Stocks put on 102 at a run-a-minute for Nottinghamshire's first wicket.

Rain restricted the Indian Tourists match against Warwickshire to two hours, during which the Indians made 60 for two wickets.

Close of play scores:

Indian Tourists 60 for two vs Warwickshire (rain).

Hampshire 337 for nine vs Middlesex.

Royal Air Force 97. The Army 113 (two dayer.)

Sussex 180 for two vs Lancashire (rain).

Worcestershire 28 for one vs Scotland (rain).

Gloucestershire 299 for eight vs Essex.

Kent 179. Derbyshire 132 for three

Leicestershire 142. Yorkshire 110 for three.

Glamorgan 120. Nottinghamshire 117 for one.

LETHBRIDGE TAKES LI'L LEAGUE PAIR FROM CRANBROOK

CRANBROOK, B.C. — All-Stars from L. A. Walker's, Lethbridge Little Baseball League beat Spence Tatchell's Cranbrook All-Stars twice here Wednesday, 7-6 in the afternoon and 11-9 in the evening before two whopping crowds. It was the first Little League interprovincial game and return games are planned when the Alberta polio ban is lifted. Both teams were over-awed by the biggest crowds they ever played before.

ZENZATIONAL ZATOPEK . . . **The guy spectators at the 15th Olympiad will remember the longest is triple gold medallist Emil Zatopek of Czechoslovakia who broke records in winning the 5000-metre, 10,000-metre and marathon events, the latter all the more spectacular because he had never before run that distance. To top it off, his wife Dana also won a gold medal by setting a record in the javelin throw.**

Marlene Favored To Repeat for Closed Title

By JIM PEACOCK
Canadian Press Staff Writer

EDMONTON, Aug. 6 (CP) — A petite and capable 18-year-old tees off against the field tomorrow in the Canadian Women's Close Golf Championship, and the veterans will have to improve if they hope to dethrone the champion.

Marlene Stewart of Fonthill, Ont., set the pace in practice rounds, going one-under par 79 twice and firing a pair of 81s. And she lost none of her confidence today.

A field of 87 moves over the tree-lined fairways and rolling greens of the 6655-yard Edmonton Mayfair tomorrow. Friday the 36-hole inter-provincial team title will be decided and Saturday the 54-hole close winds up.

Of the former champions, Mrs. Graeme Pyke of Montreal and Ada McKenzie of Toronto probably will offer Miss Stewart the stiffest competition. Mrs. Pyke fired an 81 today and Ada McKenzie was in the 80s, though she said she wasn't keeping track of her scores.

British Columbia's Babs Davies of Vancouver Marine Drive and Mrs. J. H. Todd of Victoria weren't far off the pace in practice.

Mary Gay of Kitchener, who succeeded Miss Stewart as Ontario champion, was in the low 80s in practice and 18-year-old Alberta champion Rae Milligan of Jasper had a few low nine-hole scores.

LOS ANGELES—Dave Gallardo, 126, Los Angeles, outpointed Bobby Why, 126, Los Angeles (12).

Snead Man to Beat in "World Championship"

BY JERRY LASKA

CHICAGO, Aug. 6 (AP) — Tam O'Shanter was in excellent shape today, probably more than can be said of the nerves of 80 professionals who launch the richest tournament in golf history tomorrow — the $90,000 "world championship."

The winner of Tam's 72-hole, medal-play gold rush gets $25,000. That's just about as much as Lloyd Mangrum collected all last year, to reign as 1951's top money-winner.

Second place is worth $12,500; third, $5000; fourth, $3000.

Even the women's professional division, which sends a field of 11 scrambling after a $12,000 melon from which the winner gets a $5000 slice, is worthwhile.

The tournament also includes separate sections for 13 amateur men and 11 women amateurs, —in which Frank Stranahan of Toledo, Ohio, and Martha Baker of Chicago are defending champions.

Hogan failed to appear this morning and forfeited his tournament spot to Bill Ogden of Chicago. Another alternate, Jack Isaacs of Langley Field, Va., replaced the missing French champion J. B. Ado.

HIGH PRESSURE GOLF

This is a high-pressure deal, the type that brings out Hogan's golden touch. But Bantam Ben is an infrequent competitive golfer this year, Hogan and May had differences over appearance money.

Sammy Snead, all-American tournament winner last weekend, thus is left the favorite.

Although well behind Enead in his 271 All-American triumph, 24 others were able to crack Tam's par 288 for the 72-hole route.

The contingent included runner-up Tommy Bolt (279) and such money-playing sharpies as Cary Middlecoff, Jack Burke, Jim Turnesa, National Professional Golfers' Association champion, Henry Ransom, Lloyd Mangrum, and Johnny Palmer.

FOR LARGER CHAIRS

An 11x18-inch chair-back in pineapple design is the perfect pattern for sofa or large chairs. Shell-stitch scallops are a dainty touch! Matching doily, Pattern 818 (not shown). Each pattern 25 cents.

Pattern 671; Crochet directions. Use No. 30 cotton.

Send TWENTY-FIVE CENTS in coins (stamps cannot be accepted) for this pattern to the Nelson Daily News Needlecraft Dept., Nelson. Print plainly PATTERN NUMBER and your NAME and ADDRESS.

Such a colorful roundup of handiwork ideas! Send twenty-five cents now for our Laura Wheeler Needlecraft Catalog. Choose your patterns from our gaily illustrated toys, dolls, household and personal accessories. A pattern for a handbag is printed right in the book.

Former King Farouk of Egypt sits in the front seat of a limousine on the Isle of Capri, Italy. In the back seat of the car a nurse holds the infant crown prince, Ahmed Fuad, who automatically became king upon his father's abdication. It is reported that the stay on Capri will be brief and that the ex-monarch will probably leave for the United States soon. Farouk has denied having gold and huge sums of money invested in foreign countries.—Central Press Canadian.

Snakes Cause of Bus Accident

BOMBAY, India, Aug. 6 (AP) — Newspapers told today how 24 persons were killed in a bus accident caused by snakes on the loose.

The bus, loaded with Hindu worshippers, was going through the jungle in Hyderabad state last week to the Hindu festival of Nagpanchami. Among the travellers were several snake charmers with baskets of king cobras.

The basket lids came loose. Reptiles appeared on the windshield and crowled in with the driver.

The snakes had had their poison apparatus removed, but the driver became panicky and lost control. The bus went off the road and fell into a chasm.

The driver lived to tell how the crash occurred.

A nurse of the Eva Peron Foundation renews her oath of loyalty as she passes the bier of Argentina's first lady in Buenos Aires. In the background are a number of other mourners. A huge monument is planned in her honor.—Central Press Canadian.

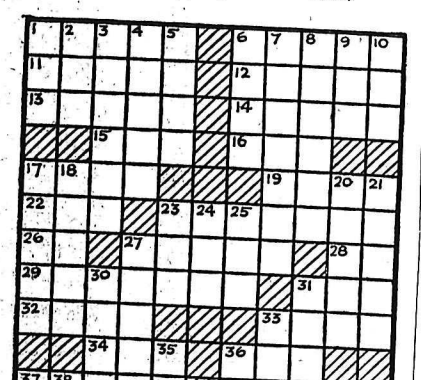
Yesterday's Answer



DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

'V P J L W E J D Y L S J L S C W H C G W A,
C N L V G H C W G H J L G L Y D G L V S
P W B R C C N W S C N L A — Z G V D G.

Yesterday's Cryptoquote: SEEING ONLY WHAT IS FAIR, SIPPING ONLY WHAT IS SWEET, THOU DOST MOCK AT FATE AND CARE—EMERSON.

Market Trends

NEW YORK, Aug. 6 (AP) — A spotty market edged a little higher with railroads taking a hesitant lead.

Canadian issues were mixed. McIntyre was up ¾, Canadian Pacific added ⅜, and Hiram Walker was up ⅛. International Nickel and Distillers Seagram both dropped ⅜. Dome Mines remained unchanged.

MONTREAL (CP) — Prices were narrowly irregular in slow dealings near the close.

Miscellaneous industrials, utilities and carriers advanced but senior oils, senior metals and beverages were off.

Banks, steel and papers quietly balanced gains and losses.

TORONTO, (CP) — Prices moved erratically downward toward the close.

Industrial activity spread fairly widely over leading issues and base metals trading was largely confined to leading stocks. Some Western oils and golds attracted speculative interest.

LONDON, (Reuters) — The feature of the start of new-time dealings was the renewed demand for domestic stocks.

'Industrial issues, particularly light and heavy engineering shares, took the lion's share of business. The provinces figured prominently in the buying movement and besides engineerings, electrical equipments, textiles, tobaccos and stores were in demand with the fixed interest stock receiving nearly as much support as the common shares.

METAL PRICES

NEW YORK, Aug. 6 (CP) —Commodity spot prices:
Lead, N. Y. .16.
Zinc, East St. Louis .15.
Tin, N. Y., 1.21½.

Winnipeg Grain

WINNIPEG, Aug. 6 (CP) — Winnipeg grain cash prices:
Oats, No. 1 feed, 81⅞.
Barley, No. 1 feed 1.26⅞.

No Hitching for Hiker on Way To Nfld. From Prince Rupert

PRINCE RUPERT, B.C., Aug. 6 (CP)—James Cusack has started on a hike across Canada with a reminder to motorists that he isn't interested in hitching rides, thank you.

At noon Tuesday Cusack strapped a 35-pound pack on his back and, with supreme confidence in the toughness of his feet, began a 4000-mile journey from Prince Rupert to St. John's, Nfld.

He plans to hoof it all the way with the exception of taking a boat from the mainland to the island province.

The 47-year-old hiker, until recently an automobile parts manager for a garage here, said he made up his mind 15 years ago "to someday walk across the width of Canada."

CARRIES MESSAGE

Cusack, who "hopes to be in Eastern Canada by New Year's Day," is carrying a message of goodwill from Stan Saville, President of the Prince Rupert Kinsmen Club, to the President of the St. John's Kinsmen.

His official starting place was the Prince Rupert Yacht Club, where Mr. Saville filled a tiny bottle with Pacific water. This, too, will be presented to the Newfoundland Kinsmen.

B. C. H. I. S. Payroll Blamed for Failure

VANCOUVER, Aug. 6 (CP) — "Overlapping, duplication and lack of responsible control" were blamed by the B. C. Hospital Insurance Inquiry Board today for burdening the insurance scheme with 400 extra employees and a $1,035,000 surplus payroll.

The Board unanimously approved the 118-page report of Stevenson and Kellogg, management engineering firm, before it dissolved. The firm said waste can be eliminated by an overhaul of B.C.H.I.S. administration.

Board Chairman Syd Smith said the Board could not divulge the contents of its report. This would be up to Social Credit Health Minister Eric Martin.

UP TO SOCREDS

But the Board made clear its opinion that whatever the new government does with the scheme, the Stevenson-Kellogg report would be a valuable guide to streamlining hospital insurance administration.

Mr. Smith emphasized the report did not directly endanger the jobs of 400 B.C.H.I.S. employees.

"We're not questioning the civil service," he said. "We're not recommending the firing of any employee. It's the setup we are criticizing and which we want to replace with more efficient methods."

Mr. Smith said nothing in the final report altered the opinions or recommendations contained in the interim report made public at the last session of the legislature.

The interim report commended abolition of co-insurance and payroll deductions and tightening up enforcement to catch up with delinquents.

Aussie Budget Features Substantial Reductions

CANBERRA, Aug. 6 (Reuters) — The 1952-53 Australian budget, introduced today by treasury chief Sir Arthur Fadden, features substantial tax reductions and revisions totalling £49,570,000 ($111,036,800.) Business men will be the chief beneficiaries of these concessions.

The budget also provides for increased pensions and social welfare allowances.

Fadden said he hoped tax revisions will "serve as an incentive to investors, businessmen and the community as a whole."

"We are making reductions to the very limit of our budget capacity," he added.

MAIN CHANGES

Main tax reductions Fadden announced were these:

1. Abolition of a special 10-percent income tax levy imposed last year.

2. Reduction of two shillings (about 23 cents) in public company tax rate on the first £5000 ($11,200) of taxable income.

3. Termination of system of advance payments by companies.

4. Reduction of general sales tax rates from 66 2/3 to 50 per cent. Luxury goods, cosmetics, sports equipment, toys and radio are products which will be cheaper because of this meausre.

Fadden also announced repatriation, pension and welfare allowance increases worth £3,200,000 ($7,168,000).

He said general war pensions will be increased 10 shillings ($1.22) weekly. Others will be boosted correspondingly.

Social service — old age, invalid and widows — pensions will be increased by up to seven shillings and sixpence (about 80 cents) weekly.

Unemployment benefits will be doubled. This will cost the government £11,000,000 ($24,640,000).

Fadden said that defence estimates cannot be completed until the defence program as a whole has been revised in the light of discussions Prime Minister Robert Menzies had in Canada, Britain and the United States.

The budget predicted a smal lsurplus — £460,000 ($1,030,400) — after meeting expend tures totalling £959,430,000 ($2,149,123,200).

B. C. Crops Said Progressing Well

OTTAWA, Aug. 6 (CP) — The Bureau of Statistics reported today that "all indications now point to above-average grain yields" in the prairie provinces.

There is sufficient moisture to mature early-seeded crops, but some further rain is needed to benefit late-seeded crops, particularly in Southern parts of Saskatchewan and Northern sections of Alberta.

In the sixth of a series of eight telegraphic crop reports covering conditions across Canada, the Bureau found damage from insects has been light to date and hail losses have been generally moderate.

Generally fair and warm weather has helped B. C. crops, and a heavy crop of oats is in prospect in the Fraser Valley. Hay and potato crops appear good, and throughout central British Columbia cereal crops are progressing favorably.

No F-M Outbreak In New Zealand

AUCKLAND, N.Z., Aug. 6 (CP)—R. B. Tennant, acting Director-General of Agriculture, today denied a report that foot-and-mouth disease had broken out in New Zealand.

"No case has ever been recorded in New Zealand," Tennant said, "and rigid steps have been taken during recent months to maintain this Dominion's happy record.

"The mistake has probably arisen out of a recently reported outbreak of scrapie disease, which is much less serious than foot-and-mouth and not related in any way."

(Reuters, which carried the original report from Wellington, N.Z., Monday, said today the description of the disease as "foot-and-mouth" was incorrect.

("The ban, in fact, was due to the occurrence of scrapie disease, a much less serious infection," Reuters added).

Would-Be Speakers, Please Note . . .

TORONTO, Aug. 6 (CP)—The national convention of the C.C.F. today struck a blow against long-windedness in its proceedings.

It ruled that a speaker be limited to five minutes in discussion of any one subject.

This wasn't good enough for some delegates, who wanted the limit placed at three or two minutes. One delegate wanted to bar speeches altogether, beyond allowing a delegate to express a bare opinion. Only one voice was raised in favor of more than five minutes.

Cattle Floor Prices To Be Continued

OTTAWA, Aug. 6 (CP) — Agriculture Minister Gardiner announced today the the present government cattle floor price of $26.10 a hundredweight at Toronto will be continued through September.

The minister also said that "despite rumors to the contrary" a support price for cattle will be continued by the government as long as the United States embargo against Canadian cattle remains in force.

Formosans Alarmed By Partial Eclipse

TAIPEH, Formosa, Aug. 6 (AP)—Superstitious Formosans beat drums and exploded firecrackers to drive away evil spirits they believed responsible for a partial eclipse of the moon early today.

A mild earthquake was noted in Taipeh this afternoon but no damage was reported.

And the official Chinese Nationalist newspaper Chung Hua Jih Pao reported that Yung Hung-Hai of the Hualien Water Conservancy Bureau saw a "flying saucer"—a disc-shaped object—rising from the Southwest part of Huhualien, East coast city, Sunday night. There were no details.

Increase Coast Air Defences

OTTAWA, Aug. 6 (CP) — The R.C.A.F. today announced a strengthening of aerial defences on the West coast with formation of a new reconnaissance squadron flying Lancaster planes and based at Comox, B.C.

The new unit, to be known as 407 Maritime Squadron, now is being formed and will be under command of Wing Cmdr. C. E. McNeill, 34, of Vancouver.

It will be responsible for reconnaissance, search and strike action against submarines and surface vessels and will also do West coast escort duty with the Royal Canadian Navy.

The R.C.A.F. station at Comox, opened only early this month, is also to be the home of a jet fighter squadron which is expected to be formed next year. The station is under command of Group Capt. G. S. Austin, 35, of Kamloops, B.C.

Koreans Plead Clemency For Sentenced Canadians

SEOUL, Korea, Aug. 6 (Reuters)—A Canadian soldier was sentenced to three years in jail today for shooting an elderly Korean woman after a drinking party.

A Canadian court martial convicted Pte. Clarence Leo Mowers, 24, of Sillery, Que., on a charge of manslaughter. The original charge of murder was dropped after the woman's husband and brother pleaded for Clemency in the cause of world peace.

He had been accused of killing Mrs. Ho Jin in the small village of Shin Shan last May.

Mowers pleaded not guilty to a charge of murder when his court martial opened July 30.

Another Canadian soldier, Pte. Kenneth Carleton of St. John's, Nfld., is alleged to have been Mowers' accomplice and is to be tried on a similar charge later.

WOMAN'S EVIDENCE

Witnesses testified that two soldiers entered a house in the village May 18 and killed the woman. One Korean woman said the two men were drunk and one fired shots into the floor of her house.

Maj. Johnson said Mowers felt no malice toward Koreans as he entered the village the evening of May 18.

In a moment of weakness he took some liquor which had been carelessly left where anyone could have taken it and he yielded to temptation," he said.

Lee Ho Jin, husband of the slain woman, made an earnest plea for clemency on behalf of Mowers.

"A mistake is the mother of success," he said. "Every man is entitled to make one mistake. This boy made his."

Mowers sat quietly during the sentence but showed his relief as he left the courtroom.

"My wife and I were very old," Lee Ho Jin, a refugee from North Korea, told the president of the court, Col. J. S. Ross of Edmonton.

"Take this young soldier, give him a better education so he may continue the fight for peace."

VICTIM'S BROTHER

Lee Dong Ha, brother of the victim, also asked for a light sentence

"Anyone can commit a crime when drinking," he told the court. "This soldier came to Korea to fight for the liberation of all Koreans and for the freedom of the world. If he is punished, he cannot fight for Korea and the free nations. Fighting is the big matter in the world today—not this private matter."

Mowers and Charleton, while in confinement ,raised $200 to aid Lee Ho Jin and pay for the funeral expenses.

Character witnesses for Mowers included Maj. John Leach of Winnipeg, formerly Mowers' company commander in the First Battalion, Princess Patricia's Canadian Light Infantry.

The Defence Officer was Maj. C. H. Johnson of Ottawa.

Police Question Arrested Man

CALGARY, Aug. 6 (CP) — Ralph Harper, sentenced to three months in Lethbridge jail on a charge of false pretences when he appeared before Magistrate V. B. Hawkins in Drumheller police court today, has been questioned by R.C.M.P. in connection with the death of Jack Steane, 64-year-old employee of the Midland Mine at Kneehill.

Harper, known also as Hutchinson and Baker, was arrested at Blaine, Wash., Monday, while crossing into Canada from the United States where he had been visiting relatives. After questioning he was brought to Calgary by air Tuesday morning and taken to Drumheller Tuesday afternoon.

Harper was charged with having "skipped out" of Drumheller early in June without paying a $40 board bill.

Investigation into the death of Jack Steane started after his partly decomposed body was found in the bedroom of his locked home June 9.

Kobe Sentences Rouse U. K. Ire

LONDON, Aug. 6 (Reuters) — Britain has instructed Sir Esler Dening, ambassador to Tokyo, to protest against unjustified prison sentences passed on two British sailors by a Japanese court yesterday, it was announced today.

A court at Kobe sentenced the sailors to 2½ years' imprisonment for robbing a cab driver of about $4 and then driving away in his cab. They were the first U. N. servicemen to face trial in a Japanese civil court.

A froeign office spokesman said foreign minister Anthony Eden on Tuesday made "strong representations" on this question to Shinichi Matsumoto, Japanese Ambassador to London.

(Reports from Japan said foreign minister Katsuo Okazaki has asked the attorney general to study the case of the British sailors with a view to "avoiding friction."

Questions Canadian Peace Efforts . . .

C.C.F. Opens Convention

TORONTO, Aug. 6 (CP) — The three-day national C.C.F. convention opened here today amid indications that some of the questions raised during the Co-Operative Commonwealth Youth Movement conference will be discussed anew.

The 11th national convention of the junior C.C.F. group ended a three-day meeting Tuesday in which delegates called for a national health insurance scheme.

Failing this, a resolution asked for a study by provincial governments of preventive medicine programs, a firmer approach towards the exploitation of Canadian resources by the United States and abolition of the Senate.

Delegates to the C.C.Y.M. condemned the use of atomic weapons and jellied gasoline bombs in a resolution that was not unanimous. A minority held it was illogical to condemn these weapons without condemning war itself.

FEAR SPAIN

The convention dealt with three other resolutions.

One concerned Tunisia and referred to the "most recent case of French colonial interest which denied the legitimate national aspirations of the people there."

Another expressed fear at Spain's application for admission to U. N. E. S. C. O. It called on Canadians to protest the possible admittance and to rouse public opinion against it.

The third, tabled indefinitley, asked the national C.C.F. to examine obstacles in the way of world peace and ask the Federal government what sacrifices Canada is willing to make for the establishment of world peace.

The idea, delegates said, was that the Communists should not have the sole prerogative in making peace proposals.

Newsprint Made Of Poplar Pulp

CHEBOYGAN, Mich., Aug. 6 (AP) — Pulpwood from poplar trees is be : successfully used for the first time in production of newsprint at the Cheboygan paper mill of the Paper Corporation of America, Corporation President I. Lawrence Lesavoy said today.

The mill employs a revolutionary new process developed by the University of Wisconsin for utilizing poplar pulpwood in making newsprint, he said.

He added that it marked the first time that such pulp had been successfully adapted by any mill for newsprint production.

UN Awaits Swedish Report on Planes

STOCKHOLM, Aug. 6 (AP)—Sweden today readied for the United Nations a full account of her quarrel with Russia over the shooting down of two Swedish planes last June. Diplomats viewed it as a possible prelude to a fight in the U. N. against Russian domination of the Baltic.

Army Experts Suggest Flying Saucer Solution

WASHINGTON, Aug. 6 (AP) — The Evening Star says today that United States Army engineers, working with a vacuum bell in a laboratory have produced atmospheric phenomena which may explain the wldespread reports of "flying saucers."

In a copyrighted story by W. H. Shippen, The Star says the experiments created airborne objects that "can speed up, hover indefinitely, or disappear and reappear in a flash."

It adds:

"The man-made saucers" occasionally fly in formation. Moreover, they are believed to have substance enough to show up on the screen of a radar designed to track them."

What the experimentors did, The Star said, was use the vacuum bell as a tiny working-model of the stratosphere and reproduce "two forces—very low air pressure which is balanced against static electricity in a way to give off light."

"Experimenters in the research and development laboratory at Fort Belvoir, Va., believe these two are the primary factors responsible for saucer sightings by competent observers." During a night of rain radar screens, scanning the skies over Washington showed a flurry of mystery objects.

In line with the theory that they are atmospheric phenomena, an air force spokesman noted that the radar sightings—tiny blips on a fluorescent screen—started about the time a thunderstorm hit the area.

The Washington Post said one official called it "a veritable fleet." It also quoted an experienced radar operator as saying "this is the most puzzling phenomenon we have ever observed. We have definitely not been seeing spots before our eyes."

Repeatedly in rcent weeks radar screens around Washington have shown unidentified objects in the air. Air force chiefs have said they are personally satisfied that the sightings were caused by weather phenomenon.
