Provincial Library
Victoria, B.C.

WEATHER FORECAST

Variable cloudiness with a few showers. Winds light occasionally increasing to 25 in showers. Low and high at Crescent Valley and Cranbrook 50 and 75.

Outlook for Sunday variable cloudiness with scattered showers.

Sorokin Back From S. America Search

Sons of Freedom Leader Expected At Krestova This Weekend; No Word On Outcome of Hunt for New Land

VANCOUVER, July 18 (CP)—Stefan Sorokin, spiritual leader of British Columbia Radical Sons of Freedom Doukhobor sect, returned here last night from an extended tour of South America.

Sorokin was seeking several thousand acres of land for the Sons, who want to migrate from Canada after 50 strife-ridden years in the Kootenays.

The bearded leader did not say whether any South American country is prepared to accept the sect. About a dozen nations have refused to admit the Freedomites.

One of Sorokin's first acts here was to telephone the Doukhobor colony at Hilliers on Vancouver Island to ask that a car be sent here to take him to the Sons of Freedom headquarters at Krestova in the Southern Interior.

CAR DESTROYED

His own car was destroyed by an arsonist near Nelson May 8 while he was away.

On reaching Krestova, Sorokin will discuss with his followers the possibilities of migration en bloc.

The Sons, blamed for hundreds of outbreaks of violence, have been quiet during the last several months Authorities said this sprang from their hope Sorokin might be able to find them a new home in the Southern hemisphere.

Sorokin was accompanied on the trip by his secretary and chauffeur, Constantin Poznikoff.

Sorokin left B.C. in March for South America where he visited a number of countries with the intention of seeking new homes for Canada's Doukhobor population.

Collieries Firm Plans Expansion In New Fields

VANCOUVER, July 18 (CP) — Canadian Coleries (Dunsmuir) Ltd. may soon enter the chemical and petroleum fields.

This was disclosed today by Norman R. Whittall, president, in the coal company's 42nd annual report. An official request by the board of directors asked for authority to re-finance "at quick notice" to increase capital "to embark on ventures outside of the production and marketing of coal."

Mr. Whittall said the company will press its diamond drilling on Vancouver Island holdings "in the hope that these coal reserves may shortly be attractive to chemical industries which need coal as a basic raw material."

"It is also the intention of the board of directors, when appropriate opportunities are available, to use some of the company's surplus funds in the great oil and natural gas developments in Alberta and north-eastern British Columbia," he said.

Wheat Stem Rust Alarms Farmers

REGINA, July 18 (CP) — Presence of wheat-stem rust in Saskatchewan has created an increasingly alarming situation because of the possibility that it may be race 15B for which there is no resistent wheat variety.

Government grain authorities agree that the infection is stem rust and since it is found on Thatcher and other rust-resistent varieties there is every reason to believe it may be Race 15B, a new race of stem rust for which a resistent variety has not been developed.

The rust lives on the plant stem and prevents proper filling of the head.

Tests to identify the race of the rust infection are under way at the Dominion Rust Laboratory in Winnipeg.

TORONTO, July 18 (CP)—Police say three armed men stole a $13,000 payroll from the Rowntree Co. Ltd. today.

The bandits walked into the West End chocolate manufacturing plant shortly after the payroll money had been delivered. They held up the staff and left. Fifteen minutes later an automobile believed used by the men was found abandoned.

WORKING ON A SECRET AERONAUTICAL project for the U.S. Government, Albert Clark Reed, 45, has disappeared from his Pasadena, Calif., home. His wife reported that shortly after his disappearance an anonymous phone caller informed her he is being held for "information."
—Central Press Canadian.

CHIANG SURE OF RED CHINA DOWNFALL

Nationalist Says Time, Cash Needed

TAIPEH, Formosa, July 18 (AP) —President Chiang Kai-shek of nationalist China said today he does not think a positive step against Communist China such as a blockade of the Chinese coast would provoke another world war.

The Nationalists do not need foreign manpower to recover China fro mthe Reds, Chiang said. But he added that his forces need and are entitled to claim "other necessary assistance."

Chiang made these and other points in answers to questions submitted him by the Associated Press.

What steps could in your opinion be taken by the free world to halt Communist expansion in the Far East?

"The free world should relinquish whatever illusions they might have regarding the Communist regime," Chiang replied. "Effective and prompt steps should be taken so that the free world may achieve unity of purpose and action in the Far East."

"In my view all actions of the Kremlin will be based on the calculation that they will strengthen the position of Soviet Russia as the 'motherland of international Communism."

"The Kremlin will not deviate from this policy in the interest of its satellites. As it is clear that the outbreak of another world war at the prseent time will be disadvantageous to Soviet Russia, she will not come out in open conflict with the West merely because more military or economic pressure is applied on her Chinese satellite."

"I never doubt that the Chinese Communist regime can and will be destroyed. It is a question of cost and time only.

The longer we delay the deliverance of the people of mainland China from Communist control, the greater will be the price that the free world as a whole and the republic of China in particular will eventually have to pay."

I have stated time and again that our successful counter-attack on the Communist-controlled mainland will definitely minimize the danger of a third world war."

Gov't To Seize Part of U. S. Steel Industry

By ROGER D. GREENE

WASHINGTON, July 18 (AP) — A new government move to seize part of the strike-bound steel industry under the United States draft law was reported under serious consideration at the White House today.

At the same time, Price Stabilizer Ellis Arnall turned down a petition by the Weirton Steel Company for a $5.50 price increase. A good deal of confusion arose over just how final that was.

Arnall said the limit under price regulations is $2.84 a ton, and said the steel companies are not entitled to any more.

But other government officials, in a higher echelon than Arnall, appeared entirely resigned to granting an increase of about $5 when a settlement in the steel strike, now in its 47th day, is finally reached.

Reports of impending White House action to take over some steel mills under the 1948 selective service act, persisted without official denial. The act permits seizure under certain emergency conditions.

A high government official, who refused use of his name, said the justice department is drawing up legal papers as a basis for seizing a small portion of the industry under the 1948 act.

Author Violates Army Regulations

SAN FRANCISCO, Jly 18 (AP) — An army officer who spent 18 months in Korea — including a year as chief censorship officer — has been charged with violating army regulations by submitting a book manuscript to a publisher without proper clearance.

He is Lt.-Col. Melvin B. Voorhees, now army public information office in Seattle.

Sixth Army Headquarters here, in announcing the charges today, said Col. Voorhees, manuscript dealt with operations and conditions in Korea.

The case came to light, the Army said, when the publisher "submitted certain questionable chapters for clearance."

Voorhees, managing editor of the late Tacoma, Wash., Times, was in Korea about 18 months — from Sept. 7, 1950 to March 28, 1952.

Gyros in Convention Here Name Governor

A NEW DISTRICT GOVERNOR, Doran Robinson, Kellogg, Idaho, business man, was elected Friday at the second day of the convention of Gyro Clubs in district 8 of Gyro International in Nelson. He is shown at left with Mrs. Steve Schmalts of Lethbridge, Mrs. Robinson, his wife; Mr. Schmalts, the retiring district governor, and Russell Carter of Edmonton, international president.

SECRETARY-TREASURERS of the Gyro district, past and present, are caught by the camera chatting here while their wives look on. At left are Fred Marler of Kellogg, newly-elected secretary-treasurer, and his wife, and at right are Victor Meech of Lethbridge, the out-going secretary-treasurer and his wife.—Vogue photos.

Bold Bank Robbers Trip Police Chief at Door; Leave With $1500

WINNIPEG, July 18 (CP) — Two armed men today held up a suburban branch of the Imperial Bank of Canada and made a clean getaway with an undisclosed amount of cash after tripping the suburb's police chief in the doorway as he strode in to investigate a burglar alarm.

The thugs entered the East Kildonan Bank at 2:23 p.m. Both wore large sunglasses. One carried a sawed-off shotgun; the other a pistol and a shopping bag.

Covering the bank staff and three customers, they ordered all to lie on the floor. A ledger keeper tripped the burglar alarm as she ducked down.

One of the bandits scooped the cash, unofficially estimated at more than $1500, from the drawer in the teller's cage and calmly walked out. Before the second man left, Chief Constable Chris Enfield arrived to investigate the alarm.

"I noticed a woman kneeling near a chair in the bank so I knew something was wrong," said the chief later, "but I didn't see any look-out posted outside the bank, so I went in.

"This gunman tripped me as I went in the door and shoved a sawed-off shotgun in my face," he said.

The gunman told him to lie face down, "or else."

"They meant business," said the chief. "I had my hand on my revolver in my jacket pocket but didn't dare draw it. He jabbed me with the gun whenever I tried to look up to get a look at him.

Bank manager J. Schmor said it was all over in about 90 seconds.

An accomplice of the pair was believed to have kept a car running for the escape.

Mock War Begins, To Last One Week

ST. HUBERT, Que., July 18 (CP) — R.C.A.F. Stations throughout Eastern Canada tonight awaited the signal that will put the air defence command on a mock-war basis.

Today the R.C.A.F. and the United States Strategic Air Command begin week-long air manoeuvres which will test Canada's efficiency in detecting and destroying attacking planes.

The exercise, dubbed signpost, will be Canada's largest since the Second World War and will be conducted by regular and auxiliary squadrons and anti-aircraft batteries.

Air Vice-Marshal A. L. James, officer commanding the R.C.A.F.'s air defence command, said the exact number of planes and squadrons and the names of targets is secret.

However, it is believed some 400 R.C.A.F. aircraft, drawn from 12 squadrons, will take part in the exercise. About the same number of American planes is expected to participate.

Canadian and American squadrons will be divided into two forces, one the attacker and the other the defenders. Aim of the attackers will be to penetrate United States and Canadian Eastern Air Defences to strike at vital industrial and other targets.

NEEDS A REST

LONDON, July 18 (AP) — Mary Martin is leaving the musical show "South Pacific" in November.

She has been star of the show for nearly four years, including a year in London.

Searchers Find Plane Wreckage, 2 Killed

SALMON, Idaho, July 18 (AP)—A search party reached the wreckage of a Red Piper Cub today and found the bodies of the pilot, Smith Stoddard, 37, and a passenger, William Smothers, 23, Salmon.

Stoddard, operator of the airport at Salmon, had been en route to the middle fork of the Salmon River, in the remote area of central Idaho. The plane had been missing since Monday.

Uphill Denies Cabinet Story

FERNIE, B. C.—Tom Uphill, for 30 years Independent Labor member of the Legislature for Fernie, Friday denied a story that he had been offered the Minister of Mines portfolio by the Social Credit Party.

"I was only joking with some of the fellows here," Uphill said.

The story of the offer was reported in Thursday's issue of the weekly Fernie Free Press. The paper reported Mr. Uphill said he was undecided about accepting the appointment until a discussion with the Fernie Labor party which has consistently supported his reelection for such a long period.

Big Time Planned For Honor Students

CALGARY, July 18 (CP) — A barbecue and miniature rodeo will be held Aug. 17, at Nanton, Alta., 50 miles South of Calgary, in honor of 21 scholarship-winning students from Toronto who are on a tour of Western Canada sponsored by the Toronto Board of Education.

Scientist, Wife Plan Trip to Mars

DUNCAN, B.C., July 18 (CP) — The Piccards want a close peek at Mars.

The world famous science team of Dr. Jean Felix Piccard and his wife are planning a flight into the stratosphere in a free-balloon for 1954.

The plan is to learn some of the answers to the mystery of the planet Mars, which, when nearest to earth, is some 35,000,000 miles away.

Since prehistoric times Mars has been a riddle to man — is it inhabited, can it sustain life? It is known to have canals — sharp thin lines — which have held the attention of scientists for decades.

"If there is oxygen on Mars there must be vegetable life,' said Dr. Piccard in an interview here. "Where there is vegetable life, there may be a race of human beings."

The clusters of balloons for a flight have been tested and proven, he said. The gondola, with its places for the most modern of scientific instruments, is in the mock-up stage in a laboratory at Minneapolis.

"We have set the flight for 1954 because in that year Mars will be in the most favorable position for observation."

Eighteen years ago, Dr. Piccard, who has been associated with his twin brother, Auguste, an equally world-known scientist now living in Trieste, made a record-shattering

---

BARCELONA, Spain, July 18—(AP)—A cat which hung out in Barcelona's Post Office disappeared several days ago. Today Postal officials got word from Gibraltar, 625 miles away. The cat had turned up there in a mail sack—alive but somewhat ruffled.

Cominco Workers May Get a 10-Cent Raise

Secret Ballot Sunday and Monday On Tentative Recommendations

TRAIL, B.C.—Rumor has it in Trail that a 10-cent-an-hour wage increase and other benefits have been recommended by the Conciliation Board in negotiations between Kimberley and Trail locals of the International Union of Mine, Mill and Smelter Workers and the Consolidated Mining and Smelting Company.

Members of the two locals will vote Sunday and Monday in a secret ballot on the recommendations which will not be binding on either party.

The joint bargaining committee of Trail, Kimberley and Calgary locals is reported to have recommended to the membership that the recommendations be accepted.

Union spokesmen said that at Thursday night's closed meeting of Mine-Mill members had been very enthusiastic, but would not indicate whether or not approval had been given the board's decision.

The report, not made public, was unanimous.

TO BE ANNOUNCED

The decision was also reported to the Consolidated Mining and Smelting Company and official announcement is expected to come shortly from the B.C. Labor Relations Board.

The conciliation board headed by J. B. Finlayson of Vancouver, heard a demand from Mine-Mill that there be a 35-cent-an-hour across-the-board wage increase this year and that fringe benefits be increased.

The Union wanted time and a half pay for Saturday and Sunday work, an increased differential for afternoon and night shifts, increased holidays with double pay for work on holiday periods and one day sick leave per month which could be accumulated.

Consolidated's present rate schedule provides a laborer's basic rate of $1.38 per hour with $1.69½ an hour for miners and $1.74 for journeymen tradesmen.

EVA PERON'S CONDITION POOR

Highest Argentine Honor Awarded President's Wife

BUENOS AIRES, July 18 (AP) — The Argentine state radio announced today that the condition of Eva Peron, critically-ill wife of president Peron, "declined noticeably this afternoon."

Hundreds of Argentinians gathered outside the Peron residence tonight while the medical bulletin was repeated at intervals over the radio.

An indication of the seriousness of Mrs. Peron's illness was seen in the sudden adjournment of both houses of congress after rushing through a bill awarding the wife of the president, Argentina's highest honor — The Order of the Liberation General San Martin.

The performance at Buenos Aires opera house was cancelled tonight "for technical reasons."

The diagnosis of Mrs. Peron's illness has never been officially disclosed. She underwent a major operation last November after an examination by a New York cancer and tumor specialist.

Queen's Hundred Riflemen Shoot For Queen's Prize

BISLEY, Surrey, England, July 18 (CP)—Six Canadians join 94 other Commonwealth rifle men tomorrow in the final shoot for the Queen's Prize, the empire's outstanding test of marksmanship.

Lieut. Gilmour Boa, 28-year-old Toronto civil engineer and an officer in the Cadet Services of Canada, who last year won the most coveted individual award for marksmen, just failed this year to quality for the finals.

The group of finalists is known as "The Queen's Hundred," in itself an empire-wide badge of distinction with the service rifle.

Competition tomorrow is by squads at distances of 900 and 1000 yards, with 15 shots fired at each distance. The qualifiers had to go through two stages to join the final 100.

The prize is £250, given by the Queen, and the gold medal and badge of the National Rifle Association which sponsors the annual meeting on the Bisley ranges.

Another trophy which the Canadians will defend tomorrow is the Bath of Kolapore Imperial Challenge Cup, a competition for teams from all parts of the Commonwealth. Canada won this competition last year for the first time since 1938.

Bakery Breaks Combines Act

OTTAWA, July 18 (CP)—Union members have been held guilty, for the first time in Canada, of being involved in an illegal combine. Commissioner T. D. MacDonald, Justice Minister Garson said today, taxes 13 members of a Winnipeg union with breaking the Combines Act by conspiring to hold up bread prices.

The commissioner's finding set up a precedent in Canadian law. Under the Combines Act, union members are allowed to take measures for "reasonable protection" of their earnings.

In today's decision, Commissioner MacDonald held this provision had been exceeded by the 1951 executive members of the Winnipeg Local No. 1 of the Canadian Bakery Workers' Union (C.C.L.) in shutting off delivery of bakery products to a Winnipeg retail grocery chain that had cut prices.

He suggested that, if the Winnipeg bakery union members were to be allowed to dictate prices, employees all over the country might be able to shut off competition in order to keep up their wages.

The claim of the union members was that they were justified because price-cutting could lead to a price war, which would chop down employees' earnings. The commissioner held the union was going too far in this. It could mean that unions could dictate prices and other conditions of sale.

Mrs. Hodges Denies Social Credit Offer

VICTORIA, B.C. July 18 (CP) — Mrs. Nancy Hodges, Victoria Liberal M.L.A.-elect, today quashed rumors that she may be madame speaker in a Social Credit Government.

She said, in effect, she isn't interested in the position.

Here is the full text of her statement:

"For several weeks my name has been bandied about in the provincial press as the possible speaker of the new legislature in the event of Social Credit forces being called upon to form a government.

"As the idea is so patently absurd, I have not hitherto deemed it necessary to take notice of such humors and speculation.

"Now, however, that a Social Credit member-elect has made public reference to it, I wish to state emphatically that ever since the voters of Victoria honored me by re-electing me to represent them, I have never for one moment deviated from my decision to fight for their best interests on the floor of the house — as a Liberal."

Mrs. Hodges' statement came after Mrs. Tilly Rolston, elected in Vancouver-Point Grey, said Thursday Social Crediters have not discussed the possibility of asking the former Liberal speaker to take the position.

Mrs. Hodges had stated earlier she hadn't been asked.

KIDNAPPER GETS 7-YEAR SENTENCE

GUELPH, Ont., July 18 (CP) —Stanton Lloyd Bowman, 37, today was sentenced to seven years for kidnapping two young girls from a swimming hole in nearby Eramosa township July 7.

Crown Attorney J. M. Kearns announced he would not proceed with a charge of attempted rape.

Evidence was that Bowman, forced the girls, aged 12 and 13, to ride nearly 100 miles with him in his automobile, then beat them and left them on a roadside many miles from their homes.

Bowman pleaded guilty.

Iran Premier to Solve Oil Dispute Or Quit

TEHRAN, July 18 (AP) — Premier Ahmed Qavam pledged today to get a friendly settlement of the Anglo-Iranian oil problem or resign—and advised Iranian troublemakers to stay out of his way.

"I warn everybody that the period of disorder and uprising is over," said the veteran rightist statesman who replaced nationalist Mohammed Mossadegh in the premiership yesterday.

Qavam issued a communique on his aims as troops and police arrested several nationalist demonstrators shouting for his death and occupied two pro-Mossadegh political clubs.

"Solving of this (oil) problem will be one of my most important efforts so that the moral and material interests of Iran will be completely secured, without the slightest rift in good relations between Iran and Britain," Qavam said.

"Obviously this is a difficult job, but it is not impossible. Good sense will definitely bring about fruits. If not, I will leave this post."

Charge Steamfitter With Manslaughter

VICTORIA, July 18 (CP) — Police said today William Green, a steamfitter, will be charged with manslaughter in connection with the gassing death Wednesday of Mrs. Elizabeth Birch, 74.

A coroners jury earlier today returned a verdict of culpable neglect against Green. The jury was told that Green insatlled the pipe leading to the gas stove in the woman's apartment.

2 GIRLS RESCUE DROWNING BOY

GIMLI, Man., July 19 (CP)—Two teen-aged girls last night rescued a partially blind boy from drowning in Lake Winnipeg after his bicycle struck the edge of the dock here and threw him into the water.

a student at the school for the blind

The boy, Jimmy Haldorson, 16, is in Brantford, Ont., and is spending his Summer holidays with his parents here.

Connie Miller, 13, dived in to help him when she heard his cries. Margaret Isfeld, 15, followed her when she was unable to bring the boy to shore.

Sleeping Beauty Makes Progress

ROCHESTER, Minn., July 18 (CP)—Edna Achtymichuk, 21-year-old co-ed who has failed to regain full consciousness since a bus accident in British Columbia in March, today was reported by her mother to be making good progress.

"She's feeding herself with a spoon," said Mrs. Lena Achtymichuk, who accompanied her daughter here from Calgary. She said no operation has been performed but declined further comment.

She said the situation was mixed up by conflicting reports on the girl's condition. Earlier, Mrs. Achtymichuk said her daughter had spoken and taken some steps. Doctors at the Mayo Clinic said they were unable to confirm this.

And in This Corner . . .

MOOSE JAW, July 18 (CP)—A canine-loving burglar is being hounded by police here for the theft of three puppies from the dog pound.

The thief also took with him a stock of food after giving the other 10 dogs in the pound a hearty meal from food he found in the place.

PASSAIC, N.J., July 18 (AP) — A healthy newborn baby was brought into St. Mary's Hospital today by a policeman.

"Where's his mother?" asked a hospital attendant.

Said the policeman: "She'll be along in a minute. The baby was born at home before help could arrive. I took the boy, my buddy is bringing his mother and father in another car."

Skating School Pupils To Present Review

Summer skating school 'Stars of Tomorrow", probably aided by star-of-today Jeanne Matthews of Vancouver, will be featured in Nelson's second Midsummer Ice Show slated for the Civic Arena July 26.

"Stars of Tomorrow, second skating revue to be presented since Mary Rose Thacker moved her Summer school to Nelson in 1948, is planned on a larger scale than the popular 1950 show and will include 21 numbers and a cast of 50 young skaters from Western Canada and the United States.

Miss Matthews, a star for the past three years in the famed Ice Cycles, annual Winter show which tours North America, is a three-time winner of the Western Canada Figure Skating Championship and runnerup to Barbara Ann Scott of Ottawa for national laurels. Directors are optimistic about obtaining her services for the show.

She will be supported by a host of budding stars here from Winnipeg, Victoria, Vancouver, Seattle, Spokane, Great Falls and Butte.

Miss Thacker, busy with her school, will take part in this year's show only as mistress of ceremonies. Three young professionals — Marianne McMillan, Evelynne Olsen and Shirley Ingham—will direct and produce the spectacle.

All are holders of the Gold Medal—the figure skater's top diploma—and are practising instructors. Miss McMillan was at Victoria last Winter and will go to Rochester, Minn., next season while Miss Olsen is pro at Edmonton and Miss Ingham at Lethbridge.

VARIETY OF NUMBERS

Variety of numbers planned will give a show a gay cosmopolitan flavor. Included on the program are top hat, Hawaiian, ballet, square dance, military and highland numbers, the latter a repeat performance by Miss Olsen and Miss Ingham of a popular feature of the 1950 show.

Another bright spot in the revue will be a solo by the youngest member of the cast, six-year-old Sherra Kenworthy of Vancouver, and an eight-year-old mixed quartet doing a miniature samba and fiesta tango on blades.

Special costumes for the revue will be brought in from Victoria.

A two-hour show, "Stars of Tomorrow" will be presented in afternoon and evening performances.

Cranbrook Band Expected at P.N.E.

VANCOUVER, B.C. — Cranbrook's Mount Baker Junior-Senior High School Girls' Drum and Bugle Band, an outstanding musical feature of the P.N.E. Opening Day Parade two years ago will be back for the grand opening of the big Fair in Vancouver, August 20 this year. The P.N.E. runs to September 1.

The young musical organization scored a hit in the recent Calgary Stampede. L. G. Truscott, formerly of Nelson, is manager of the band which is achieving a reputation not only for musicianship, but also as a group of ambassadors for Cranbrook and the East Kootenay district generally.

Kellogg Man Gyro's Governor

Election of officers highlighted Friday's business sessions of the three-day convention of district 8 of Gyro International, being held in Nelson.

The delegates named Doran Robinson of Kellogg, Idaho, Lieutenant-Governor last year, to succeed Steve Schmaltz of Lethbridge as district governor.

Fred Marler, also of Kellogg, will be the new secretary-treasurer, stepping into the shoes of Victor Meech of Lethbridge.

George Blissett of Dawson Creek is the new Lieutenant-Governor, and a Rossland man, Mike Butorac was named regional Lieutenant-Governor.

The new officers will be installed at a gala banquet tonight by Russell Carter of Edmonton, International president, who is attending the convention.

CRANBROOK VENUE

The 1953 district convention will be held in Vancouver June 24 in conjunction with the International convention there June 25, 26, and 27. Cranbrook is slated to get the 1954 district convention.

Reports on the International convention at the end of June in Chicago were given by Mr. Schmaltz and Mr. Carter.

Activities of the 12 clubs in the district, three of which are in the United States, were given by official delegates. A new members' list of 46 had brought total members in the district for the year to 569. Fernie club, with 26 members, had dropped out.

Community projects had been to the fore in the activities of the Canadian clubs, it was reported. In the U.S. clubs, emphasis is on friendship, the prime purpose of Gyro.

Other business pertaining to the district was discussed during morning and afternoon sessions.

A dinner and dance at Playmor sponsored by Trail Gyro Club, entertained the delegates and their wives at night, and a stag luncheon and social events for the women were fitted into the day's schedule.

Today, closing day of the convention, an outstanding feature will be dedication of the Hampton Gray, V.C., memorial bridge at Gyro Park.

Gladioli Show Set for August

Main topic of discussion at Friday night's Nelson Garden Club meeting was the coming Gladioli show on August 15 and 16. Five baskets have been purchased for the show.

It was decided to combine next month's meeting with a picnic at Lakeside Park to include the members and their families.

The Weather

In most parts of the B.C. Interior the weather Thursday was cloudy with frequent showers and thunderstorms. Temperatures were a little lower in nearly all areas.

Along the coast it was generally sunny but there were patches of cloud in some areas during the morning.

Showery weather will continue today in most parts of the Interior and a weak disturbance will bring cloud and light rain to the North coast. In South coastal areas there will again be some morning cloudiness but the afternoon will be sunny

Greet Canadian Mayors . . .

Scouts Visit Nelson On Trans-Canada Hike

Two teen-age Scouts on a hitch-hiking tour from Montreal to Victoria and return, dropped in to visit Nelson on their way home.

George Hooper, 16 and Paul LeSiege, 18, carry with them a greeting document from Montreal's Mayor Camillien Houde which they have presented to mayors of cities from coast to coast. The youths attended the Mayors' Conference in Calgary and there met Nelson's Mayor Josep Kary who invited them to visit Nelson. They spent Thursday night at the mayor's home on Second Street and Friday visited the Nelson Daily News office and plant. Friday noon they were treated to lunch by Scout Commissioner Donald Ure and President of the Scout Association, Dr. N. R. Jennejohn.

They 'just love' the Rockies and told a Daily News reporter how "kind and friendly" the people in the district were. Paul said he was "positively astounded at seeing snow in the mountains in the middle of July," and George's eyes "never tire of viewing the scenic splendor of B. C.'s mountain ranges."

COLLEGE STUDENTS

Both lads attend Stanislas College in Montreal. This is their first trip outside Quebec and they related with excitement the many experiences that have come their way on the first half of their 7000-mile journey.

"We slept with Indians at Longlac, Manitoba, in jails at Winnipeg and with bears at Jasper Park," Paul explained while they were asleep near the Jasper Park highway, a bear mauled their food and equipment.

The lads left Montreal June 24 and arrived in Vancouver July 13. They averaged 600 miles per day on the prairies and about 300 miles in the mountains. Mayors in every city are shown the documentary greeting and their signature is placed on the back of the letter. Nelson's mayor wrote a special note to Mayor Houde.

The boys carry with them 65 pounds of camping equipment, a pup tent, stove and sleeping bags. They cook their own meals and never spend more than $1 a day.

Last year, the Scouts went on a 2000-mile jaunt through Quebec's Gaspe Park and spent only $7.50 in seven days.

WILLIAM RAMSAY

Nelson Figure Skating Club met Friday afternoon at the City Hall to elect new officers for the coming year. William Ramsay was chosen president, Mrs. H. D. Harrison, vice-president and L. A. McPhail, secretary.

Other officers elected were Mrs. Lyons, W. McCubbin, Mayor Joseph Kary, R. Blake Allan, C. W. Ramsden, Arthur Gilker, Ivie Spiers and Mrs. R. O. Leslie.

Mayor Kary, the past president, reported a successful year. It is hoped that a professional skater will be obtained for the coming year and applications are already being received. A meeting will be held before the end of July to consider the applications.

6 of Every 10 Cars A Post-War Model

TORONTO, July 18—Six in every 10 privately-owned passenger cars on the roads of Canada are postwar models, and only 15 of every 100 are of the vintage of 1937 or earlier.

A recent study for the Canadian Automobile Chamber of Commerce shows that 30 per cent of the cars are 1950-51-52 models; 19 per cent 1948-49; 11 per cent 1938-42. There are no "middle-aged" cars, because World War II halted production from 1941 to 1948. Three per cent of Canadian owners are still driving cars they bought in 1937 or earlier.

Forty-three per cent of all the cars were bought new (45 per cent in the U. S.)

Const. Brett Back From Ottawa Studies

Constable Roger A. Brett, Nelson detachment R.C.M.P., has returned from Ottawa where undertook a six month course in photography and fingerprint identification.

Const. Brett will continue services with the Nelson detachment.

11 P. C. HIKE FOR C,N.R. ENGINEERS

MONTREAL, July 18 — A joint statement was issued here Friday by the Brotherhood of Locomotive Engineers and the Canadian National Railways announcing the signing of a new wage agreement effective on the Atlantic and Central regions excluding the Newfoundland district calling for an 11 per cent increase in basic rates of pay with no rule changes.

The agreement, effective October 1, 1952 for more than 2100 engineers is for a period of one year.

C.N.R. APPOINTMENT

MONTREAL, July 17 — Gordon L. Plow, engineer of the Canadian National Railways' more than 30,000 miles of track, has been appointed assistant chief engineer for the system.

A Bachelor of Science graduate of McGill University, Mr. Plow has been with the railway for the past 29 years. He has been engineer of track for the system since 1950.

4500 FOR RICHARDS

LONDON, July 18 (AP) — Gordon Richards, Britain's greatest jockey, brought home two more winners today to bring his lifetime total to 4500. He has been riding more than 25 years.

Sports Add to Rebekah Picnic

Over 50 members and friends attended a basket picnic at Lakeside Park Thursday evening under the auspices of Queen City Rebekah Lodge No. 16, I.O.O.F.

Races, followed by a peanut scramble for young and old, occupied the evening. Balloons for every one were provided. In charge of the races were Ivan Lewis, M. Sinclair, Jack McClelland and G. Kirkham.

Mrs. Jack McClelland was convener for the picnic assisted by Mrs. Les Bealby and Mrs. J. T. Brown.

Participants in the races:

Six and under—Brian G. Kirkham, first; Danny Pisacreta, second; Eric Bealby, third; Dorothy Pisacreta, Patsy Kirkham and Beverley Lang.

Six and over (girls)—Beverley Kirkham, first; Ann Dickson, second; Margaret Rapley, third; Margaret Bealby.

Six and over (boys)—James Andrews, first; Tommy Dickson, second; Allan Bealby, third.

Peanut race (girls) — Beverley Kirkham, first; Margaret Bealby, second; Margaret Rapley, third; Ann Dickson.

Six and over—Allan Bealby, Margaret Rapley, Margaret Bealby and James Andrews.

Oldest Masan and Kootenay Pioneer Passes

GRAVENHURST, Ont. (CP) — Funeral services were held here Monday for Thomas Baker, 97, believed to have been Ontario's oldest Mason.

Born in Stirling in the early 1860s, he went to British Columbia and set up a trading post at Kootenay Ferry. Returning to Workworth, Ont., he opened a general store, and in 1912 moved to Toronto.

Ti-Cats Snaffle Eskimo Snap

HAMILTON, July 18 (CP) — Hamilton Tiger-Cats of the Big Four Football Union have signed Joel Williams, 230-pound import snapback who played last year for Edmonton Eskimos, it was learned today. He hails from Texas where he played college football before going to San Francisco and Edmonton.

Eagle Keys, who played with Edmonton coach Frankie Filchock when Frank was a player with the Montreal Alouettes, has gone to Edmonton and will fill Williams' old spot in the Eskimo line.

Hamilton now has two snaps, Williams and Ed (Buckets) Hirsch, who was obtained from Toronto Argonauts along with middle Don Durno for lineman Jack Carpenter.

New Nelson A. A. Group Gains 15 Members in 5 Months

"Alcoholics Anonymous has been proven a thousand times over the entire North American continent, and during the past few months a group has started in Nelson. Here it has grown from one member to 15 within a short period of time," a spokesman for the newly-formed A.A. group told a Daily News reporter Friday.

The Nelson AA group was officially recognized by Alcoholics Anonymous Foundation in corporated on June 17, but has been functioning since January. Not one of its members has succumbed to liquor from the date they joined. They have formed the Nelson Alono Club open to AA members from anywhere on the continent. Their business meetings are held Wednesdays and Saturday nights are open house. "Anyone is welcome to drop in and join in games and singsongs," the spokesman said.

NON-PROFIT

Since AA is a completely non-profit organization and because there are no initial fees, dues or charges, the Nelson group is at present trying to gather enough furniture to furnish the club.

"We can use anything from lamps to end tables," the spokesman said. On Saturday nights, two monitors will be on hand to answer phone calls. "We do not patrol the streets or drag men from liquor bars. They have to come to us. They have to admit to themselves that they are powerless over alcohol and want to stop their drinking," he said.

None of the Nelson and district group members have "hit the gutter", none of them have lost everything they own but "they realized that they were taking steps in that direction by succumbing more and more frequently to the desire for alcohol," he said.

One Nelson group member, telling his story of torture and suffering in the clutches of alcohol said "I've abused the privilege of being a social drinker and therefore it's taboo. You know, I'm just one drink away from being a hopeless drunk." But with pride he explained he had never touched "one drop" since he became a member of AA.

It all started with an occasional social drink . . . then drinking became regular Saturday night practice. The craving became more and more frequent until finally he was "unable to picture life without a bottle." His homelife was destroyed, he said. "My health became poorer and the urge for liquor became stronger. The first thing I would do on pay day was to rush to the liquor store for a bottle." He tried many cures; he saw doctors and even tried running away from the "curse" of alcohol. "But it was no use," he said sadly.

Then he met a friend who introduced him into AA. "I was terrified at the first meeting. I didn't know what they were going to do to me, but I soon discovered their entire program consisted of therapy treatment. They talked to me. I talked to them and told them my troubles until I finally found I didn't need a drink. I began to face every day problems without drowning them in liquor and day by day became stronger willed," until finally, he, as a sponsor, helped an alcoholic on his way to sobriety.

Of 20 questions which decide whether or not a patient is an alcoholic, he now answers all negatively. Before joining AA, he answered positively to 19.

"In Nelson, there are no severe chronic cases," a spokesman said. "There are, however, many who need help. They must come to us, we cannot force them to want to stop drinking."

A/B LESLIE C. HUGHES

. . . who arrived home Wednesday to spend a 44-day leave with his mother Mrs. L. S. Hughes, 807 Baker Street.

A/B Hughes has just returned from Korea where he was radio operator aboard H.M.C.S. Athabasca.

Trail Man's Body Found by Motorist

TRAIL, B. C.—The body of one Trail man who disappeared down the Columbia River about a month ago was found, but searchers are continuing dragging the river for Kenneth Uzeloc, fisherman, missing since Tuesday night.

Ovidio Toffolo's body was discovered Thursday night by motorists travelling along the old road between Waneta and Northport. Mr. Toffolo, 37, disappeared into the Columbia on June 18 after his fishing boat capsized near Kinnaird. His brother, Remo Toffolo, managed to get ashore.

Mr. Toffolo operated a grocery store in Trail. He was an active sportsman belonging to the Trail Curling Club and the Trail Rod and Gun Club. He was a member of the Kinsmen, the Colombo Lodge and the Retail Merchants Association.

He is survived by his wife, a son and daughter, two brothers and his mother, all of Trail.

Bishop Marks 16th Anniversary

Most Reverend Martin M. Johnson Friday celebrated the 16th anniversary of his election to the episcopate.

Bishop Johnson, who was consecrated as bishop of Nelson in Toronto, came to Nelson 16 years ago. He is at present at Camp Lourdes where he is taking an active part in Summer camp activities.

PETER FRISBY
. . . Surprised Bird-Lover

This Wren Slept On Bed of Nails

Ten-year-old Peter Frisby would never have believed it if he hadn't seen it.

Young Peter, here from the Okanagan to spend the Summer with his grandparents, Mr. and Mrs. Radley Liversidge, Granite Road, decided to clean out the bird-house he had built last year for the Liversidge home.

The wren that nested there had, he found, odd ideas about a comfortable home. She had packed in a quarter of a pound of nails, wire, safety pins, bobby pins and even a suspender loop. Five of the nails were new roofing nails.

Mama Wren had no soft materials feathering her nest—just dried twigs and the hardware Peter displays in the picture above with the bird-house.

Peter is the son of Mr. and Mrs. Alan Frisby, formerly of Nelson.

Five Kimberley, Nelson Swimmers Pass in Tests

One Nelson and five Kimberley swimmers have passed instructors' tests.

Miss Ann McDonald of Nelson, who was one of 25 who passed the Canadian Red Cross Society swimming and water safety test for instructors at the Aquatic Club at Kelowna. Miss McDonald was appointed provisional instructress.

Other provisional instructors include Laurie Benson, Terry Bailey, Mary Wightman, Lois McQuarrie, and Pat Graham of Kimberley.

Grand Forks Prepares For Annual Field Day

GRAND FORKS, B.C.—Grand Forks, centre of one of the richest agricultural valleys of the Kootenay-Boundary, is putting on finishing touches for its big vent of the year.

It's also preparing for the hundreds of visitors from the agricultural world who invade the town for the annual Field Blossom Carnival.

The event, this year the 10th in its history, is scheduled for Wednesday.

As in the years past, the tour of the rich crops of the valley will start at 10 a.m. Each year the farmers display the produce of their fields for the visitors, talk over crop methods and the possibilities for new ones.

Judging is the highlight, however, of the mammoth tour.

After luncheon at the school grounds, there will be a baseball game in the afternoon and a dance at night in the Christina Lake community hall.

Reservations are in charge of H. N. Wiebe, chairman.

Kimberley Sewer Project Advances

KIMBERLEY, B. C. —Excellent headway for 1952 on the city's long term major project since incorporation, installation of a city sewer system, has been reported by the city council.

With ratepayer endorsation of $30,000 for this purpose this year, more than a mile of six and eight inch line has been laid, and 105 more properties connected.

At the end of 1951 the system was listed as capital asset at $355,020 and the statistical city report said the city had 14.41 miles of sanitary sewer mains and branches and 1.75 miles of storm sewer. Accelerating this year's program is a hold over of money and materials from the incomplete 1951 plan.

STREETS OILED

Also reported by the works department for the past month is oiling of Marsden, McKenzie, Boundary and Ross Streets, and Deer Park and Kimberley Avenues on unsurfaced portions to alleviate the dust nuisance. Some street construction was also done to rebuild city roads where sewer ditches had been backfilled.

The new city fire department under Chief J. T. Dickens handled three fires, inspected 17 public buildings and ordered alteration in 13 cases in building construction, most of them remodelling of roof jack chimneys, to comply with city fire regulations. The volunteer department put in 320 man hours of practice.

Winch Leaves for Alberta Election

VANCOUVER, July 18 (CP) — Harold Winch, leader of the British Columbia C.C.F. party, is leaving for Red Deer, Alta., today to take part in the Alberta election.

Mr. Winch's party won 18 seats in the recent British Columbia election, a gain of 10 seats and only one seat less than Social Credit which is expected to form a minority government.

Fixed Value on Russ Muskrats

OTTAWA, July 18 (CP)—Canada has taken action to prevent the "dumping" of Russian muskrat furs on the Canadian market, a customs spokesman said today.

He said that last May Canada set a fixed valuation on foreign raw muskrat skins subject to the general tariff rates. The move followed complaints from the fur trade that the Russians were "dumping" skins in Canada—marketing them in this country below what they would sell for at home.

Now Russian and other foreign muskrat furs on the market in Canada below the home market price are subject to duty equal to the difference. The effect, the spokesman said, is to keep the price of foreign pelts in line with that of comparable Canadian muskrat furs.

Only muskrat skinsh were affected by the move.

Cattle Auction Set for Oct. 2

ELKO, B.C. — Corals and buildings were erected in readiness for the annual Fall sale at a work day of Waldo Stockbreeders' Association held here recently.

Forty members turned out for the work session and meeting, and a group of women served dinner and supper in the dining hall.

Members decided to hold the 11th annual auction from September 30 unti 9 a.m. October 1.

The selling will be done by auctioneer Warren Cooper of Nanton, Alta.

PUSAN, Korea, July 18 (AP)—Korean laborers working for the United States Army at the port of Pusan struck Thursday, demanding at least twice their old wage of four cents an hour. South Korean Army personnel was called tot handle the work at the four piers involved.

Kaslo - Lardeau Pilot Road Nearly In

KASLO, B.C. — A pilot road being constructed from Shutty Bench, just North of here, to Lardeau, opening up land travel from the South into the Lardeau country for the first time, should be through by the middle of August.

With about a mile-long section yet to be cleared, crews are working at both ends and are having heavy going through rock.

The road was started last year under the Department of Mines, and this year is under the Provincial Public Works Department. Interior Contracting of Penticton is doing the work on the Shutty-Bench to Lardeau stretch.

Public works officials point out, however, that when the pilot road is through, the road won't be open to traffic. The job of standard road building will start then, if funds are available.

A bit of gravelling is also being carried out.

From information available, it is understood good progress is being made on the Gerrard to Trout Lake City road along Trout Lake, which, when completed, would enable complete land travel from North to South in the Lardeau.

Through difficult nature of the work and early onset of Winter deep in the Lardeau country, crews have not made the progress on the Gerrard-Trout Lake section that they have on the Southern strip.

When both sections and particularly the Shutty Bench to Lardeau road, have been completed, a boom is expected for the Lardeau in mining, lumbering, agriculture and tourist industries.

Communities such as Lardeau have grown in the past few years after decadence following early-day mining activity, but they have been seriously restricted by lack of transportation facilities, boat service along being available.

In addition, to its wealth of natural resources, the Lardeau is a sportsman's paradise. It offers magnificent scenic attractions, and being relatively inaccessible, has excellent sport fishing grounds.

Resorts at places such as Trout Lake have drawn many Americans as well as district fishermen over the years.

Labrador has a coastline 1100 miles long.

Man Hurt in Dive Off Trail Bridge

TRAIL, B.C. — A Tadanac fireman suffered minor injuries in a dive off the East Trail Bridge Wednesday afternoon.

The man, G. B. Cady, was reported in a very satisfactory condition today. He suffered superficial injuries.

According to witnesses, the plunge into the chilly Columbia was prompted by a wager.

Cady was reported to have performed the same feat several years ago, but in the latest attempt he struck the water off balance. A boat was standing by to pick him up.

The British Broadcasting Corporation began experimenting with television in 1928.

Crowd at Robson Strawberry Festival

ROBSON, B.C. — Ideal weather brought a record cowd to Robson for the third annual Strawberry Festival sponsored by the Robson Women's Institute.

Highlights of the festival were the water sports and boat racing. There were also sports for children and adults, the crowning of the festival queen and a wind-up dance in the evening.

QUEEN CROWNED

Lovely Laverne Gleboff was chosen queen by her classmates and received her crown from Mrs. W. Waldie, president of the W.I. A bouquet of red roses was presented to the new queen by retiring queen Loreane Schuepfer.

Princesses were Loreen Webster and Judy Thorndale. There were also 13 little princesses.

The Legion band of Castlegar provided the music for the procession to the school grounds.

Following the queen ceremonies, pupils of Mrs. Andreashuk entertained with dancing. Those performing were Jeanette King, Margie King, Gayle McPherson, Gayle Davis, Louise Davis and Jimmie Merryfield.

Art Anderson supervised the water sports and boat racing which saw 13 speedboat enthusiasts from Nelson take part. They were Earl Hobden, Henry Stevenson, Van Linden, Al MacDonald, Milt Milburn, Graham Dawson, Al Dawson, Ivan Laughton, Harold MacLean, Bill Valentine, Bob Olson, Ron Powell and Neol McLean.

Bayley President Of Rossland Chest

ROSSLAND, B. C.—Howard Bayley has been elected president of the Rossland Community Chest for the remainder of the present term.

He was elected to fill a vacancy created by the resignation of E. F. Barnes, who is moving to Kimberley. W. N. Woodhouse, who is secretary of the Community Chest, was named to the Board of Directors.

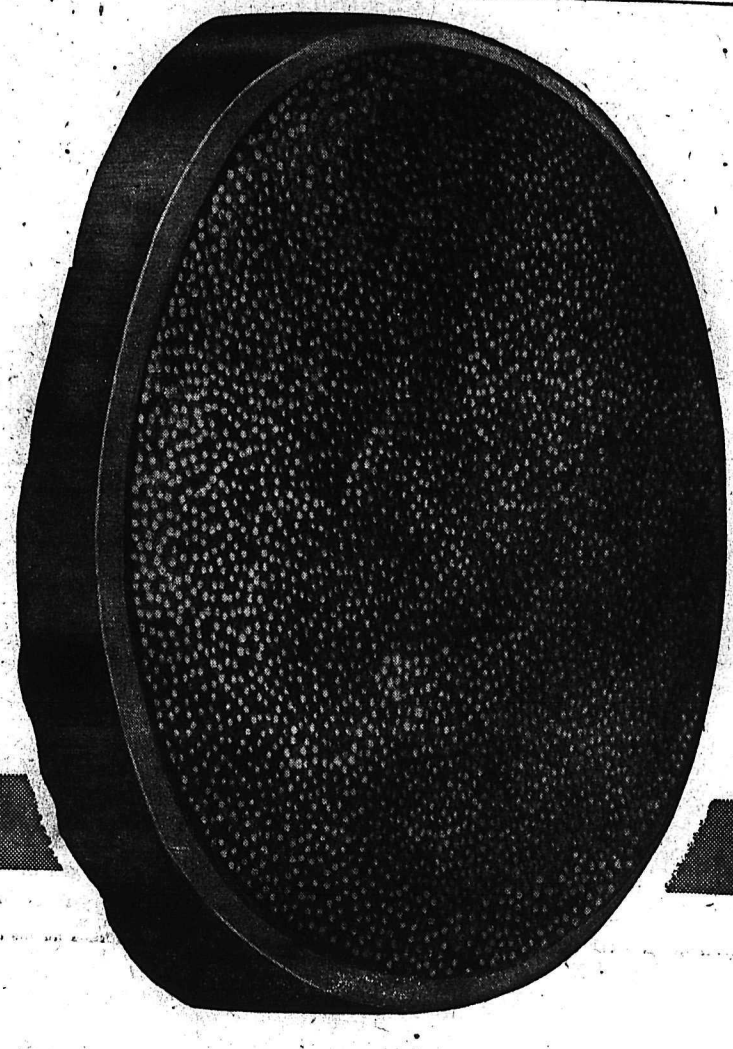
Appointed

Mr. P. R. Broadfoot, Manager, of the Western Canadian Division of the Federated Mutual Implement and Hardware Insurance Company announces the appointment of

Mr. J. E. Young

as District Manager for the Interior of British Columbia. Mr. Young will reside in Nelson and supervise his territory from that point. Mr. Young replaces Mr. Pacaud who has been transferred to Vancouver.



Cross-section of an 1800-pair telephone cable. The photo is nearly three times actual size. Telephone cable is a metal sheath containing insulated wires—in this case, 3600 of them — each pair of wires being a voice track for telephone service.

THE INSIDE STORY OF THE TALK OF THE TOWN

Telephone cable is the vital link that spreads telephone talk from one end of town to the other. But here's the inside story.

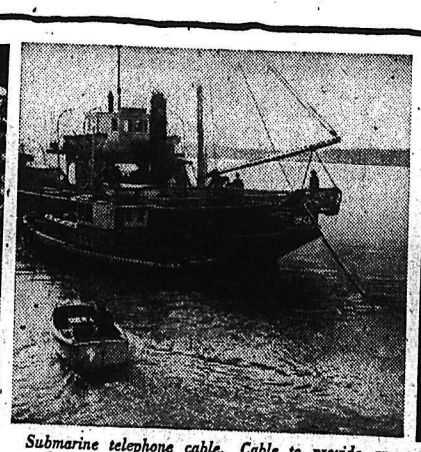
Telephone cable, up in the air on poles or under the ground in conduits, is filled with hundreds of fine copper wires — up to 3600 individual wires. These are the slender "voice tracks" that night and day are ready to carry telephone conversations clearly, accurately and at the speed of thousands of miles per second!.

Each subscriber on individual line service has the exclusive use of one pair of wires extending to the telephone central office . . . or in party line service, two or more parties share a pair of wires. That's why the telephone business requires so many wires.

Sometimes even when telephone cable passes right by a person's house, he cannot obtain telephone service. One of the reasons might be that all the wires in the cable are being used by other people. Another reason might be that there is no spare equipment in the telephone central office to serve any spare lines that are available in the cable.

We have added large quantities of cable and central office equipment since the war, and have big programmes under way, but the rush for telephone service still outruns our ability to get all the things we need. However, we are making great strides.

Underground telephone cable. These B.C. Telephone construction men are feeding an 1800-pair cable into a manhole beneath a city street.



Submarine telephone cable. Cable to provide an underwater voice route is seen passing into the sea from the B.C. Telephone Company's cable ship, Brico.

Aerial telephone cable. New aerial voice highways are being established by this cable splicer, who is linking wires of a cable strung on telephone poles.

BRITISH COLUMBIA TELEPHONE COMPANY

Cool Living

There are a number of easy and inexpensive ways to keep a house cool.

We know lots of grass around a house helps to absorb the heat, and that a light colored walk or driveway will reflect heat into the house. It's a fact that if blinds and shades are pulled down in the early morning, they will help keep the house cool during the day, and that if the basement door is left open and a window is opened in the attic you will get a cool breeze going through the house.

Many people, with gravity warm air furnaces open the furnace door in Summer to allow the cool basement air to circulate into the house. Insulating the attic floor or roof is a big help in making the house cool. The same goes for an exhaust fan in the attic or basement which will suck out the hot inside air, as well as cool you off just by keeping the air moving. Small portable electric fans placed near the window can do a lot of good. Keeping the steam from the bath and the kitchen from other rooms in the house helps keep the humidity down, and this also helps keep you cool.

People also have found a damp sheet hung over an open window cools a room.

AROUND THE HOME

* * *

Use Color to Decorate The Entrance Hall

Because the entrance hall is primarily a passageway between the front door and the interior of the house, some homemakers thoughtlessly slight its furnishings and decoration.

Interior designers regard this as a mistake.

A visitor sets his initial impression of the house from the hallway, and an attractive hall will get the house off on the right foot, decoratively. It should be inviting and cheerful rather than impersonal and drab.

COLOR IS KEY

As the average hallway is small, furnishings must be kept to a minimum, and color relied upon as the key to a pleasing effect. This is to the homemaker's advantage, because paint is the most inexpensive of all decorating mediums.

If there is plenty of light in the hall, rich deep-tone colors like olive gray, spruce green or driftwood brown may be used to give drama. If the hall tends to be dark, light airy tints of subtle neutral colors are best.

To add decorative variety to a hall, 2 or more contrasting or harmonizing colors may be used.

A sophisticated touch is achieved with salmon pink side walls, brown front wall around the door, off-white for woodwork and a beige floor covering. Less formal is a hall with putty green ceiling, stark white walls, and maize and brown woodwork and floor.

Hall colors should be integrated with colors of adjoining rooms. If the hall opens, directly into the living-room, the same colors should be used in both areas to unify the two.

HELPFUL HINTS

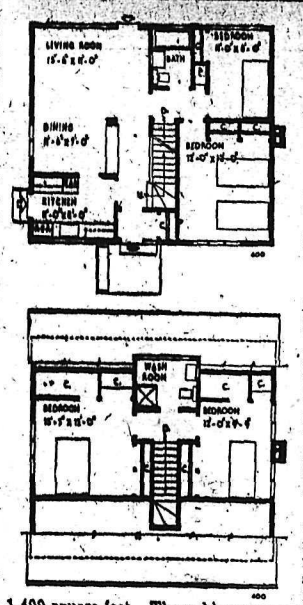
From two to five tons of agricultural limestone may be used per acre on clay soil to give it a granular structure. This makes the soil easier to work, and allows air to penetrate more readily. As much organic material as possible should also be used.

Two time-honored practices now considered outmoded are the sowing of sweet peas and planting of asparagus roots in trenches. Sweet peas planted two inches deep have proved to yield as well as those planted six inches down; while they have less trouble with fungus disease. The fashion for green asparagus, cut above the surface, disposes of any need to plant asparagus roots six inches deep.

Staked tomatoes which need pruning should be inspected every other day during the early Summer, otherwise branches which should be pruned may grow too big.

Animal manures are low in phosphorus. When they are depended upon, superphosphate should be added at the rate of 100 pounds per ton of stable manure, or for each half ton of poultry manure.

The Modern Home



Here is a 1½-storey design planned for the growing family and incorporating many features which ensure enjoyment of a new home.

With two bedrooms, kitchen, living room and dining area on the ground floor, the two additional upstairs bedrooms can be left unfinished until finances and family requirements warrant their completion. The second floor washroom is an added feature for the convenience of the large family.

Architect Henry Fliess of Toronto has placed the living room at the rear of the house—a modern trend intended to provide greater privacy and enjoyment of the garden and lawn area behind the house. The dining area is conveniently located next to the kitchen and has a built-in buffet which separates the hall from the dining room without detracting from the openness of the first floor plan.

The exterior finish is horizontal wood siding with vertical wood siding on the gable ends of the roof. The dimensions of the house are 32 feet, six inches, by 26 feet, 10 inches, and the floor area is 1,409 square feet. The cubic measure of the house is 20,490 cubic feet.

Working drawings for this house, known as Design 400, are available at minimum cost from Central Mortgage and Housing Corporation.

LEWES, Sussex, England (CP)—Sportsman Sir Malcolm McAlpine has erected a granite memorial to Shaun Spadah, 1921 winner of the famous Grand National Steeplechase and to his jockey Fred Rees. After Shaun Spadah died, Rees visited the grave every Grand National day. Rees died last year and his ashes were scattered over the horse's grave.

Plenty of Hot Water

It is estimated that normal hot water requirements in the home run between 10 and 15 gallons per day per person.

Size of the water heater required in your home will depend on the number of persons and the "recovery rate" of your heater as hot water in the storage tank is replaced with cold. The number of appliances using hot water in your home is also an important factor in the choice of water heater capacity. A still larger capacity is safe insurance against further needs, such as additions to the family, guests, sickroom requirements or additional appliances.

ATTACHED CAR SHELTER IS HANDY

Most convenient location for the garage is attached to the house with direct access to the living quarters, although this can be a dangerous location unless protected against explosion and fire.

Most building codes require that the wall between a house and attached garage be of fireproof construction.

A self-closing, tight-fitting metal-clad door is another essential. Unless the connecting door is kept closed there is always the danger that gasoline fumes will enter the living quarters and ignite on reaching a pilot light. A tight door and well-ventilated garage will minimize this hazard.

A Nelson woman has been honored by friends on her 85th birthday.

• • •

Dr. A. C. Smith and Miss M. E. Smith were hostesses to a number of old friends Thursday afternoon and evening, the occasion being Dr. Smith's 85th birthday. In the evening a woodworking project was enjoyed by the guests under the leadership of Mrs. R. J. Patterson.

• • •

COAST VACATION . . . Mr. and Mrs. A. W. Gibbon and family have left by car for Vancouver and Lake Sammamish near Seattle, where they will visit with Mrs. Gibbon's sister, Miss Margaret Ryan.

• • •

HOSPITALIZED . . . Mrs. Charlotte Beatty, Annable Block is a patient in Kootenay Lake General Hospital.

• • •

MOTOR TRIP . . . Mrs. R. Waldie, Cottonwood Street, has left with Mrs. Heath on a motor trip to Vancouver.

• • •

FROM SASKATCHEWAN . . . Mr. and Mrs. M. Murphy and family and Arnold Steer of Neville, Sask., are visiting Mrs. R. L. Dempsey, Annable Block.

• • •

ATTENDS WEDDING . . . Lawrence Chaluck, Silica Street, left for Tacoma to attend the wedding of Miss Zelma Anderson and Cpl. Leo Choquette.

• • •

RETURNS . . . Miss Kathleen Kane has returned to Vancouver after visiting her parents, Mr. and Mrs. A. Kane, 607 Mill Street.

• • •

BACK HOME . . . Mr. and Mrs. J. W. Harries, 719 Stanley Street, have returned from Vancouver where Mr. Harries has been receiving medical treatment.

• • •

LEWISTONIANS . . . Mr. and Mrs. Walter Palmer of Lewiston, Idaho, have spent the past week with Mr. and Mrs. J. J. McEwen, 515 Fourth Street.

• • •

IN TOWN . . . Leo Nimsick, M.L.A. for Cranbrook riding, Mrs. Nimsick and their family were Nelson visitors en route from Vancouver to their home in Kimberley.

Our Father's Business

The disciples were first called Christians at Antioch and it was not intended as a compliment. The people of Antioch were filled with bitterness and hatred toward them; they despised these people who worshipped Christ. They were not content to ignore them; they openly persecuted them; they sought to hinder them in every way possible; and the end justified the means.

The word "Christian," of course, has been formed from the name "Christ." The Christians are the followers of, or the believers in Christ. The followers of Christ did not bow to idols; they took no part in the immoralities; they took no revenge on those who persecuted them. This definitely set them apart from all the other people. Their peculiar behaviour, (for it was peculiar to the people of Antioch), was based on the belief that Christ was the Son of God who had died for their sins; and had risen again. Then too, this Christ, after whom his followers were named, had himself acted in a manner that was strange to the people of His day. He had been forgiving, kind, loving, unrevengeful; He had died for others, and not once had he protested the treatment meted out to Him.

All these things were very peculiar to a people who thought only of themselves, who gave in to every personal impulse and desire, who had no concern for others except in so far as it served their own purposes. It is the nature of such people to be unable to bear the calm, unrevengeful, loving attitude of these who believe in Christ, nor can they accept Him. Derision and persecution always result. Hence the disciples were called "Christians" in utter derision.

But things have changed considerably, so that today the word Christian is no longer a mark of derision, but a mark of respectability. You may be glad that it is so. We speak about Christian nations, Christian principles, and a host of other things to which we attach that word. But on close examination we discover that faith in Christ is not necessarily involved at all, and often some of the things we call "Christian" today are quite contrary to the claims and teachings of Christ. Where are those people who call themselves "Christians", yet who do not believe that Christ is the Son of God, the Saviour of the world, who died for their sins. But when we take Christ out of "Christian" all we have left are things cultural, civilized or pagan, but definitely not Christian. Yet in the minds of many, culture and civilization are identified with Christianity.

There is a great need to return to that faith and belief in Christ, which marked the disciples as different, yes, even peculiar, not only in belief but also in action and in speech. It is likely that the distinction will not be as great as in the day of Paul and Barnabas, because our civilization and culture is marked by strong Christian influence. We need to learn to say, as Europeans seem to have learned long ago, "I am Christian; I believe in Christ" or "I am not; I do not believe in Christ." Whenever men can say that the meaning and scope of Christianity is known, and the confusion of culture and civilization with Christianity has been removed. Pray God that men might say, "I believe," and live accordingly.

Rev. L. S. van Mossel.

Women Needed In Public Life

VANCOUVER, July 18 (CP) — A plea for more women in public office came today from the 13th biennial convention of the Canadian Federation of Business and Professional Women's Clubs.

The objective is "more women in parliament and the senate."

Miss Dorothy A. Heneker, now of London, England, but the founder of the federation when she lived in Winnipeg 22 years ago, told the 400 delegates that Canada should have more women in public life.

"Great development is taking place in Canada now," she said. "We have a great contribution to make in our clubs and we might push to get more women in parliament and the senate."

She said it would be necessary to enlist the young women.

Young women, she said, had shown great interest and worked in recent British elections.

"If we give young people a special job all of their own they will be interested."

Miss Elsie M. MacCleave of Vancouver, provincial president for British Columbia, said women wanted to be partners not rivals with men in public life.

Family arguments take place in the most peaceful families but they should never be aired while the children are present. A youngster may develop a feeling of insecurity if he is exposed to an atmosphere of discord and quarrelling.

Lorraine DeGirolamo Bride of Henry May

The Cathedral of Mary Immaculate was the setting of one of the prettiest weddings of the season when vows were exchanged by Lorraine Marianna DeGirolamo and Henry May.

The bride is the only daughter of Mr. and Mrs. J. M. DeGirolamo of this city and the groom is the son of Mrs. W. May and the late Mr. May of Kimberley. Rev. Father W. J. Harrison performed the double ring ceremony. Roses, peonies and delphiniums banked the altar rail and roses were on the altar.

Gowned in traditional white, the bride entered the church on the arm of her father and carried a cascade bouquet of red roses. Her wedding gown featured a white satin skirt with nylon lace overskirt and a nylon lace yoke edged with a ruffle studded with seed pearls. The long sweeping train was detachable and was of white satin. A halo of the same material as the gown and studded with pearls held her lace-edged fingertip veil and she wore a gift from the groom, a triple-strand choker of pearls and matching earrings.

Miss Jeana DeLucrezio, a cousin of the bride, as maid of honor chose yellow organdie over taffeta with matching eyelit cape. Miss Lucy Armato and Miss Beverley Bradley acted as bridesmaids and wore yellow nylon tulle over brocaded satin and blue nylon net over brocaded taffeta respectively.

The three attendants carried bouquets similar to the bride's and wore matching halos. Two small cousins of the bride acted as flower girls. Iola Orlando was in pink organdy and Susan Thast, in blue organdy with matching halos and colonial bouquets.

The groom was supported by Mr. Raymond DeGirolamo, brother of the bride, his brother, Mr. William May and Ian Scott of Kimberley. Mr. Donald Grundy and Mr. Ernest DeGirolamo performed ushering duties. Miss Marie Coletti was soloist at the signing of the register with Miss Enid Prime at the organ.

Pink and white streamers and peonies with delphiniums decorated the Cathedral hall where the reception was held. Parents of the principals received the guests, Mrs. DeGirolamo in turquoise faconne cape with pink accessories. Mrs. May wore gray with white accessories. The corsages were pink carnations.

The master of ceremonies Mr. Nick Catalao of Trail called on Mr. Charlie DeGirolamo of Trail to propose the toast to the bride. Mr. Roy DeGirolamo proposed the toast to the bridesmaids, followed by a few words from Father Harrison.

The bride's table was covered with a hand-made lace table cloth centered by a four-tiered wedding cake made by the bride's cousin Mrs. C. DeGirolamo of Trail was flanked by candles in silver holders, tulle and roses.

GO TO U. S.

The couple left for a honeymoon in Spokane and Idaho. The bride travelled in a white sharkskin suit with red accessories and a corsage of red roses.

Upon their return they will take up residence in Nelson.

Out-of-town guests included Mr. and Mrs. C. DeGirolamo, Lornie and Danny, Mr. and Mrs. A. Orlando and Linda, Mr. and Mrs. R. Buchignani, Donald and Carol Ann Mr. and Mrs. T. Buchagnani, Mr. and Mrs. C. Catalano, Mr. and Mrs. V. Arcuri, Mr. and Mrs. A. Lenarduzzi, Mr. and Mrs. Roland LeKose, Mr. and Mrs. Bill May, Phil Hobson, Nick Catalano, Charles Catalano, Jr., Bill Catalano, all of Trail, Mr. and Mrs. George Scott and Margaret Ann, Mr. Ian Scott, Mr. Dugie Smith, Mr. Jake Rondersvelt, Mr. Eric Resgrave, all of Kimberley and Mr. and Mrs. John Maglio of Edmonton.

BERLIN, July 18 (Reuters)—An East Berlin court fined a landlady 300 marks (about $20) for interfering in the love life of one of her boarders. The court was told that postman Ludwig Lustig, preparing himself for a date with his fiancee, fell asleep while soaking his feet in a tub of water. The landlady, Elizabeth Wenig, 54, poured plaster-of-paris into the warm water. Lustig had to use a hammer to free his feet. Miss Wenig explained that she was trying to keep Lustig from seeing his sweetheart because she wanted to marry him herself.

They're Needed On the Farms

At the beginning of the century 60 per cent of the population of Canada lived on farms and 40 per cent in the towns and cities. When the final figures are completed for the latest census it will likely be found that those proportions are now reversed. In another 10 years, if the present trend continues, less than a third of Canadians will be living on the land.

Why this exodus?

The Ontario Agricultural College, from a continuous study of Dundas County in Eastern Ontario since 1918, supplies some of the answers.

One-third of those who have left said that the home farm was not big enough to support the whole family. One-quarter said they disliked farming and preferred some other occupation in the city. One-half of those who stayed did so, they maintained, purely from a sense of obligation to their parents. Only a few stated that they preferred farming to any other occupation or thought they would be more prosperous.

Because of industrial and scientific advances, agricultural production in Canada has continued to increase notwithstanding the steady decrease in the number of people engaged. But we can hardly hope for that sort of fortune continuing indefinitely. To maintain farm output at anything around present levels we will always require a substantial number of people on farms, and a higher minimum, incidentally, than in most other Canadian industries, because in agriculture we are working largely with growing and changing things, which means much personal supervision.

Even if we could produce enough with only a fraction of our population on the land, there would be grave disadvantages. It is not a good thing for any nation to have all its people packed into cities, and certainly not safe in these uncertain times.

It will pay us to watch carefully the movement of population from the country. Some of it is natural and inevitable. Some of it may be actually beneficial. But we would be shortsighted if we pretended that it did not matter, that it could go on indefinitely without sapping our national strength.

Your Horoscope

Success is likely to come your way if you exercise caution and restraint. Today's child may be sensitive and critical, which will be helpful traits throughout life.

FOR SUNDAY, JULY 20: Utilize fully the beneficent vibrations of the months ahead. It is an exceptionally favorable period. Outstanding ability may be looked for in a child born today.

More geography is promised for Ontario schools, and the Port Arthur News-Chronicle is pleased. "It may not be long before young people going out from the schools of Ontario will at least have general knowledge of the geography, both physical and political, of their own Province. This newspaper will feel that there was been some reward in pursuing a worthy project."

LETTERS TO THE EDITOR

Letters may be published over a nom de plume, but the actual signature of the writer must be given to the Editor as evidence of good faith. Anonymous letters go in the waste paper basket.

Praises Garden Club Contribution to Bonspiel, Community

To the Editor:

Sir—The Nelson Garden Club deserves honorable mention for the part it played in making the Midsummer Bonspiel a success. The members arranged a very fine rose show at the Hume Hotel, and on Sunday night they conveyed the 2000 blooms to the Curling Club and spent many hours decorating the rinks. Some of the curlers were in poor form, being distracted by their unusual floral surroundings. The Garden Club also provided 200 corsages for the ladies at their banquet, and I feel sure that our visitors when they got home had more to say about roses than rocks.

Sport commentators are so engrossed by the game that one cannot expect a rose "to arise" his admiration. This was only one event in which this club did its share. Its object is for better gardens, or I should say to keep up the reputation of Nelson gardens, for no one can deny that Nelson gardens, public and private, are the city's finest asset for attracting tourists and for giving pleasure to Nelsonites as well.

Later in the year, when the Exhibition is on, Garden Club members, both collectively and individually, will be prominent exhibitors. Also in their itinerary are the garden competitions, when valuable prizes are given. Every garden lover should be a member of this club, and for 50 cents have the satisfaction of knowing that they have done their share in making Nelson a real garden city.

At the club's monthly meetings, horticultural matters are discussed and ideas exchanged. Frank Holt is President and Mrs. F. A. Beresford Secretary.

ROBERT MAIN.

Press Comment

A long-needed check is this Parliamentary Committee on Defence Costs, thinks the Vancouver Province. "Perhaps nothing has been off the track. Perhaps everything is hunkydory in the Defence Department. But the Canadian public deserves to know in full detail how these billions are being spent for Canadian security."

More control is needed over Northern flying, contends the Peace River (Alta.) Record-Gazette. "Aside from any experience gained by flying crews, the matter must be written off after each search, with huge cost in time, effort and money. The only answer is more control over the departure of planes on flights without proper precautions and experienced personnel.

New Brunswick is not counting any oil chickens before they are hatched, says the Saint John Telegraph-Journal. "While Maine may enjoy dreams of the oozer turning into a gusher, and another Texas springing up in New England, New Brunswick will look on with an enthusiasm tempered by experience. That is not to say that the quest for oil in New Brunswick is hopeless—far from it. There is always the possibility that a significant discovery will transform the Province's entire economy. But for the moment, people will be inclined to wait for more definite news before they become too agitated over Maine's discovery."

We have laws against buying votes retail, remarks the Rural Scene. "But we have no law against buying them wholesale with the voters' own money. The politicians have discovered this and are making the most of it."

U.S. cigarettes are becoming so common in Canada, declares the St. John's (Nfld.) "hat the Government is ultimately going to have to do something about it. The only sensible thing to do is to make the use of smuggled cigarettes unprofitable by lowering the duties and excise taxes which are now at an all-time high."

In sharp contrast to its sister Provinces, Saskatchewan has lost population since 1941, points out the Regina Leader-Post, which adds: "We are confronted with the blunt fact that Saskatchewan is primarily an agricultural Province, and it may continue to be such for many decades. That being so, as long as our rural population continues to shrink it is hard to see a way out of our dilemma unless this drift away from the land can be halted."

Reader, Cranbrook—How does one make parsnip wine?

It is best made when the parsnips are young, but can be made any time of year with palatable results. Clean and peel parsnips, cut in thin slices and weigh. To each five pounds allow one gallon water. Boil them until quite tender, keep lid off pan to allow strong odor to escape. Then strain, pressing out water, and strain again through fine sieve or jelly bag. Put liquid into pan with three pounds of preserving sugar to each gallon of liquor, and boil three quarters of an hour. Pour into tub and when lukewarm add toast spread with yeast. Cover with folded cloth or blanket and leave 10 days, stirring every day. At the end of 10 days strain liquid into barrel and keep filling up until all fermentation has ceased, then close up tightly and leave for six months or longer before bottling.

Curious, Nelson—To settle an argument, is it true that Negro babies are white at birth?

Children of the blackest Africans are born white. In a month they have turned yellowish, in a year brown, and afterwards light black or dark, according to tribe and climate. It is also a fact that the coloring matter of Negro blood is the same as that of white people.

Mother, Salmo—Where can one get buttons covered to match a dress?

Singer Sewing Machine Co., 339 Baker Street, Nelson, does this work.

Looking Backward

10 YEARS AGO

From the Nelson Daily News, July 19, 1942

Among student pilots graduating at Claresholm and receiving the R.C.A.F. wings Wednesday were Donald Porteous and Frank Morrow, formerly bank clerks in Nelson.

The annual meeting of the ratepayers of Willow Point School District was held Wednesday in the school. Mrs. B. Townshend was chairman, and Mrs. C. Shannon was reelected as Trustee and Secretary.

25 YEARS AGO

From the Nelson Daily News, July 19, 1927

Suggesting the establishment of a course in practical mining in Nelson High School, R. G. Joy, Secretary, and Dr. H. B. Morrison, Executive member, of the B. C. Prospectors' Protective Association, met the Nelson School Board last night.

Planning to try to get a view of Nelson from the Haystack peak in Kokanee Glacier Park, members of Kokanee Mountaineering Club will start on their annual jaunt to the park Aug. 17.

40 YEARS AGO

From the Nelson Daily News, July 19, 1912

Last evening's lawn party, given on the grounds of the Catholic Church, was a great success, the ladies having cleared nearly $100. In the heat of the afternoon crowds gathered to partake of ice cream, raspberries and cream, or refreshing drinks. In the evening the lawn presented a charming picture—strings of electric lights illuminating the whole place. Merry crowds gathered about the white covered tables dotting the lawn, and were served by the young ladies of the church. The Nelson Band, which was in attendance, added much to the general good spirit prevailing.

Poor Little Rich Boy

(Windsor Daily Star)

That sob story out of Lowell, Ind., about little 3-year-old Winthrop Rockefeller having a trust fund of only $1,000,000 settled on him, fails to jerk any tears from our eyes. If he can't be maintained and educated on that amount, or even on the interest from it, it's just too bad.

It might have been better, indeed, had only $100,000 been settled on him, rather than $1,000,000 or even $10,000,000. The wee fellow is starting off in life under the handicap of too much money. It may cost him more grief than lack of it would do.

Nor does our heart soften at the plight of his mother, who makes the complaint. She was the heroine of a rags-to-riches courtship and marriage.

The real pathos in the story is not that the little lad has only $1,000,000. It is that his mother and father are separated. No amount of money can compensate the child for the normal, happy home life that has been denied him by his parents.

Vulnerable London Plunged Into Mock Invasion Operation Tests

By EDWIN S. JOHNSON
Canadian Press Staff Writer

LONDON, July 18 (CP)—Defence forces of Greater London have undergone a further large-scale exercise in a series of tests under conditions of mock invasion. Hundreds of Army officers, Territorials, civil defence personnel and police participated.

Known as "Operation Jupiter", it was a sequel to exercises staged last April. Then every available soldier in the Southeastern area was mobilized for day and night anti-invasion manoeuvres.

Detailed plans were drawn up in advance for a "telephone battle", in which communication staffs were called upon to deal with every possible incident which might occur during the first phases of an actual invasion. The entire exercise was conducted over the Army's secret communication network, operated independently of the Post Office system, which serves the British public.

Results of the operation will be studied by the chiefs of staff, officials of the Home Office, civil defence experts and the metropolitan police chiefs. A final summary will be prepared for Earl Alexander, Minister of Defence.

ATOM TEXTBOOK

On the eve of the exercise, the Home Office issued a special textbook dealing with problems of rescue work expected to follow an atom bomb attack.

In event of an atom blast, the manual advises rescue workers to leave the centre ring of severest damage to fend for itself until rescue is well in hand in more outlying areas.

Rescuers are told their first task will be to start work about 1½ miles from the centre and move inwards to about half a mile of the explosion point. Three main reasons for this technique are cited:

1. People trapped in less severely damaged buildings on the "fringe" would be more readily accessible.

2. Obstruction of roads would be less in the outer area than at the centre, where whole streets likely would be obliterated.

3. The centre might be contaminated by radio activity, and rescue crews would need to take precautions before setting to work there.

DANGEROUS AREAS

The manual estimates a blast from one atom bomb in the centre area of a city such as London would result in the total destruction of some 10,000 houses within half a mile. Another 20,000 dwellings between half and one mile away from the centre would be damaged beyond repair. In an area between one and two miles away about 35,000 houses would be severely damaged, and 100,000 slightly damaged.

Civil defence workers would be empowered to call on the public in emergencies to help with rescue operations.

British Labor Minister Refuses Wage Increases

LONDON, July 18 (Reuters)—The Government, enforcing its hold-the-line policy, today refused to approve wage increases for 1,500,000 men and women even though their employers have already accepted them.

Labor Minister Monckton said in a statement that he has referred the increase proposals back to the 12 wage councils of employers and trade unionists who had put them forward.

The proposed increases ranged from seven shillings sixpence to 10 shillings a week, and affected distributive, hairdressing, tobacco and laundry workers.

BUTLER APPEAL

Monckton referred to the appeal by Richard Butler, Chancellor of the Exchequer, to the unions in May for wage restraint in the interests of national economy, and said:

"These proposals should accordingly be considered in the light of that statement."

This is the first time the Conservative Government, which came into power last October, has refused to accept wage recommendations from wage councils. During the last period of wage restraint, in 1948, the Labor Government took similar action on several occasions.

The Labor Minister has no powers to veto wage recommendations, but he is entitled to ask the councils to think again, as he has done in this case. When new proposals are submitted he has the power to refer them back again.

Union Protests Bread Subsidy

SASKATOON, July 18 (CP)—The Inter-Provincial Farm Union conference here has protested what is described as subsidization by farmers of Canadian bread consumers.

The conference, attended by Farm Union delegates from Alberta, Saskatchewan and Manitoba, requested the Federal Government to establish a domestic wheat price based on parity with the goods the farmer has to buy.

The Federal Government was also asked to appoint two producer representatives to the Canadian Wheat Board and to dissolve the present advisory committee to the Wheat Board.

The conference turned down the statements by Federal authorities that if farmers were appointed to the Wheat Board they would immediately lose the status of producer representatives and become civil servants.

The delegates said the Wheat Board and staff are paid for by the sale of farmers' grain, and can therefore not be civil servants.

Tokyo Agreement On Use of Bases

TOKYO, July 18 (Reuters)—Commonwealth representatives and Japanese officials announced today they have reached agreement on two main points covering the use of bases here by Commonwealth forces.

The two points, which have been submitted to the respective Governments for approval, cover entry of vessels and planes and use of public utilities by Commonwealth forces.

Representatives of the Commonwealth have been negotiating with the Japanese to obtain similar rights for British troops as those applying to United States forces under the Japanese-United States mutual security agreement.

MINK FARMERS GET $2300 DAMAGES

NANAIMO, B. C., July 18 (CP)—A decision awarding Mr. and Mrs. Frank MacGibbon of Parksville, B. C., $2300 against their neighbor, Frank J. Robertson, for damages to mink during blasting operations, has been handed down in Supreme Court here.

The decision by Mr. Justice A. M. Manson is regarded in legal circles as important to the fur farming industry from coast to coast.

He held that there was no reason for Robinson, a former mink rancher himself, to fire two blasting shots during the whelping season.

Mr. Justice Manson considered that the serious consequences to the mink and their kittens was very definitely foreseeable by Robinson.

He said the quantum of damages was not easy to determine, but that he considered it a reasonable inference the plaintiffs lost about 85 mink as a result of the blasting operations of the defendant.

SEOUL, Korea (CP)—Britain has contributed £100,000 to the United Nations appeal for funds for Korean refugees, it was announced here.

ISMAY IN DENMARK

COPENHAGEN, Denmark, July 18 (Reuters)—Lord Ismay, Secretary General of the North Atlantic Treaty Organization, has arrived here by air from Paris on his first visit here since his appointment.

Suspect Foul Play in Girl's Absence

VICTORIA, July 18 (CP)—Relatives of a Victoria girl serving in the R.C.A.F. said today they suspect foul play in the girl's disappearance.

A.W.2 Isobel Burton, 26, has not been heard from since April 10, when she left the R.C.A.F. station at Aylmer, Ont.

Mr. and Mrs. A. G. Sim, uncle and aunt of the missing girl, said Miss Burton's Air Force uniform has been found abandoned. They did not give the source of their information, or say where the uniform had been found.

Mr. Sim said a man absent with out leave from the Canadian Army and with a previous police record is involved in the case. Again, he did not disclose the source of his information.

Miss Burton had lived with Mr. and Mrs. Sim for 20 years before joining the R.C.A.F. Her parents, Mr. and Mrs. H. A. Burton, live at Abernethy, Sask.

The Sims said Miss Burton enlisted in the R.C.A.F. here, was sent to Saint John, Que., then posted to Aylmer. She now is listed as a deserter.

The Sims said their niece had written them regularly until suddenly, in April, the letters stopped.

FINAL WORD

The final word from her was that she was going to London, Ont., to visit friends she had met there on a previous trip.

The case was raised in the House of Commons when Maj.-Gen. G. R. Pearkes, V.C., Progressive Conservative Member for Nanaimo, criticized what he said was the Air Force's failure to institute a proper search.

The Sims said that although several agencies are presumably investigating the affair, they felt that no real effort is being made to trace Miss Burton.

Mr. Sim said the girl's father is considering travelling to Ontario in an effort to find some trace of her.

Three Contractors Sign Carpenters' Union Agreements

DUNCAN, B. C., July 18 (CP)—Three Vancouver Island contractors have signed agreements with the United Brotherhood of Carpenters and Joiners of America, it was announced here.

The carpenters have been on strike for 30 days.

The contractors, two in Duncan and one in Victoria, are reported to have agreed to pay a new hourly rate of $2.10 an hour, an increase of 35 cents an hour.

Other concessions included room and board on out-of-town jobs, and travelling time.

Following signing of the agreements yesterday, work was resumed on the new Government bridge over the Cowichan River near here.

Two New Polio Cases In Winnipeg District

WINNIPEG, July 18 (CP)—Two new cases of polio have been reported in the Winkler district.

Dr. C. R. Donovan, acting Deputy Health Minister, said he has written the Ontario Government to see if more iron lungs can be obtained. He was called back from holidays to deal with the outbreak.

Steel Strike to Limit Canning

WASHINGTON, July 18 (AP)—The National Canners Association said today that "continuation of the steel strike will make it impossible for the canning industry to process available — but perishable —" farm crops.

It estimated sufficient cans are on hand to preserve only about half the peach and tomato crops and proportionately less of other fruits and vegetables to be harvested later.

Corn, tomatoes and peaches, the Association said in a statement, "are in the greatest jeopardy at this time."

Mobilizer John R. Steelman, in his latest quarterly report, said the nation stands to lose 20,000,000 cases of canned food for each week the steel strike continues beyond July 1.

Seeking to head off as much of that loss as possible, the National Production Authority directed the Weirton Steel Company last week to direct its entire output of canning tinplate into perishable food channels.

The Canadian Farm Loan Board now may make loans to farmers up to $10,000 on first mortgages.

They'll Do It Every Time

By Jimmy Hatlo

Today's Bible Thought

The evil life may escape detection for some time, but we never can escape the censure of our own conscience. That censure in time may become horrible.

Thy backsliding shall reprove thee.—Jer. 2:19.

The classy Winnipeg pair, seen above, will fly to England soon for a crack at the British Henley. Williams last year won the U.S. National singles crown.—Central Press Canadian.

15th Summer Olympics . . .

'Greatest Show on Earth' Opens Today at Helsinki

HELSINKI, July 18 (AP) — Helsinki's glistening white olympic stadium, more closely guarded than a lot of state secrets, throws open its gates tomorrow for the start of the biggest olympic games in history.

The 70,000-seat arena will be jammed to capacity for the solemn opening ceremonies starting at 1 p.m., local time, (7 a.m., EDT.)

A record 5870 athletes from 70 countries will parade into the stadium. For many of them tomorrow's show will provide their first peek into this showpiece of the city.

The stadium has remained locked behind wire fences and barred gates.

Although this year's games are so huge that preliminary competition has been running since Monday, there still was an air of expectancy in Helsinki this evening. The side shows were over. The main event was ready to start.

On this final preliminary day, three more teams qualified for the basketball tournament, the last 14 flags were hoisted above the olympic village at Kaepylae and the international olympic committee — the outfit responsible for this show —adjourned its three-day meeting.

HOOP PICTURE SET

Cuba outraced Belgium, 71-63 to grab one of the last three basketball spots. Hungary outlasted Greece, 47-44, to qualify and Egypt edged Italy 66-62.

At its final meeting the International Olympic Committee received formal invitations to stage the 1960 games in Philadelphia and Lausanne, Switzerland. Informal bids were made by Rio De Janeiro, Brussels, Karachi, Mexico City, Tokyo, Rome, Athens, Lisbon, New York, Chicago, Minneapolis, Detroit, San Francisco and Los Angeles. No decision will be made until 1955.

The stadium, groomed inch by inch for the last three weeks by painstaking workmen, is ready for the cream of the world's athletes.

A plaque of two stones—one from the original olympic stadium on a hillside in Greece, the other from the ancient Coliseum of Rome—was dedicated on a stadium wall today.

Robinson, Cox Draw $75 in Fines

PITTSBURGH, July 18 (AP) — Jackie Robinson and Billy Cox of Brooklyn Dodgers have been fined for demonstrations in Thursday night's game at Cincinnati.

Robinson was fined $50 and Cox $25. They were advised of the fines by telegrams from National League President Warren Giles.

Robinson was ejected from the game after he protested a play in which Eddie Pellagrini was called safe while stealing second base. Robinson kicked his glove high into the air.

Cox replaced Robinson at second and a short time later he began arguing about the same play. He was also ejected.

Brooklyn won the game 2-1.

LAYNE CALLS MATTHEWS TO WHIP MARCIANO

OGDEN, Utah, July 18 (AP) — Heavyweight Rex Layne, only man who has fought both Rocky Marciano and Harry Matthews, said today that "Matthews will counterpunch Marciano silly" when the two meet July 28 in New York.

"Matthews is sure to beat him," Rex said at his training camp. "He's too fast and clever for Rocky."

Layne, training for his 10-round fight here against former heavyweight champion Ezzard Charles Aug. 8, said Matthews "i sthe hardest man to hit I've ever fought."

Matthews won a 10-round decision over Layne in Portland, Ore., last May 19 and Marciano kayoed him in six rounds in New York last year.

Palmer Sets Record-Breaking Pace

19 Under Par for 54 Holes After Hot 66; Leonard, Martell 12 Strokes Back

By FRASER MacDOUGALL
Canadian Press Staff Writer

WINNIPEG, July 18 (CP) — Johnny Palmer from North Carolina, shooting the three hottest consecutive rounds in the 43-year history of the Canadian Open Golf Championship, took a comamnding eight-stroke lead today in the $15,000 tournament.

Palmer, helped along by a spectacular putter, toured the tricky St. Charles Golf and Country Club course today with a six-under-par 66 to go with his opening 66 and his second-round 65. He finished with a 54-hole total of 197, 19 strokes off par, to carry into the fourth and final round tomorrow.

His nearest rival was Doug Ford of Harrison, N. Y., who shot a 67 to go with his opening rounds of 69-69 for 205, 11 strokes better than par.

Tied at 206 were Skee Riegel of St. Petersburg, Fla., who has 67-69—70 and Dutch Harrison—1949 champion—with 69-68-70.

Three more stood at 208— Al Zimmerman of Portland, Ore., had a 69 to add to 68-71; Fred Haas, Jr., of New Orleans with 68-69-71 and Roberto De Vicenzo of Buenos Aires with 69-67-72.

STAN STEADIES

Two Canadians and an American stood at 209, 11 strokes off Palmer's pace. Stan Leonard of Vancouver sank three long putts on the back nine for a 68 and Henry Martell of Edmonton came around with 70. They were even with Smiley Quick of Pasadena, Calif., who took a 71.

For tomorrow's round the field is cut to low 60 and ties. The Royal Canadian Golf Association said the qualifying score will be 221. The players start out tomorrow at 10 a.m. CDT.

Palmer, a sun-tanned 170-pound shotmaker, stands within reach of the Canadian open scoring record of 268 set by Bobby Locke of South Africa in 1947. But Locke shot his score on a par-71 course. St. Charles is par-72. Palmer needs a 70 tomorrow for 267.

One of the leading money-winning players in the United States since the war, Palmer shot two birdies on his out nine and another five coming home. He went over par on one hole.

This year he stands 15th among U. S. money-winners with $5,577.50 to which he could add $3000 by winning the Canadian title. In the six-year period from 1946 to 1951, he earned $13,872.36 a year — a mark exceeded only by six other players. His top year was 1949 with $23,512.42.

Some 5000 persons followed the golfers over St. Charles on the key third round, the majority choosing to watch Palmer who played with De Vicenzo and Harrison.

The shock-haried native of Badin, N. C., set out to beat down his opponents who had started the day five strokes behind him. He birdied the first hole and the seventh for a 34 on the out nine. Harrison, who threatened with an eagle on the second hole, slipped and rounded the turn in 35. De Vicenzo turned with 37.

FIVE BIRDIES

Coming home, Palmer shot birdies on the 10th, 12th, 14th, 15th and 17th. His drives were much shorter than the booming shots De Vicenzo and Harrison sent down the fairways. But he made up for the lesser distance off the tee by accurate second shots—landing close to the pin on most of the par-four holes.

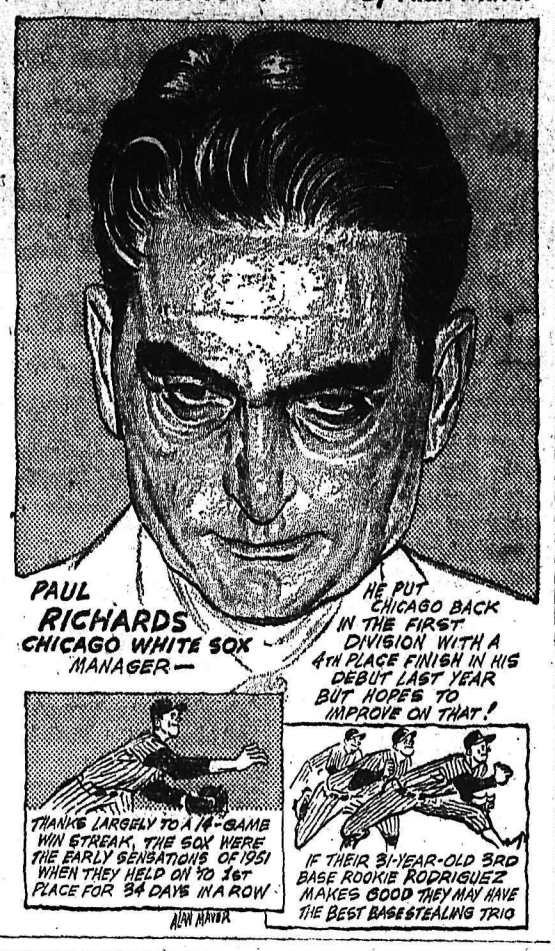
He faltered only on the par-three 11th where his drive struck a tree and bounced to the green He took three putts to get down in four—one over par.

Ford, who tied for sixth place in the 1951 open, shot seven birdies for his 67—but he went over on two holes. He was out in 34 and home in 33.

Leonard, who was able to take only one stroke off par on his out nine, really started rolling at the 14th with three consecutive birdies. He sank a 10-foot putt on the 13th and 15-footers on the next two holes.

The Vancouver player, top Canadian in last year's open, started off Wednesday with a 66 to share the first-day lead with Palmer and Riegel and took a three-over-par 75 yesterday.

FROM FOURTH TO—? - - By Alan Mayer



Top 10 Canadian Open Leaders

WINNIPEG, July 18 (CP)—Scores of the top 10 players in the first 54 holes of the 72-hole Canadian Open Golf Championship:

Johnny Palmer, Badin, N.C., 66-65-66—197.
Doug Ford, Harrison, N.Y., 69-69-67—205.
Skee Riegel, Tulsa, Okla., 66-69-71—206.
Dick Mayer, St. Petersburg, Fla., 67-69-70—206.
Dutch Harrison, Ardmore, Okla., 69-67-70—206.
Al Zimmerman, Portland, Ore., 68-71-69—208.
Fred Haas, Jr., New Orleans, La., 68-69-71—208.
Roberto de Vicenzo, Buenos Aires, Argentina, 69-67-72—208.
Stan Leonard, Vancouver Marine Drive, 66-75-68—209.
Smiley Quick, Pasadena, Calif., 68-70-71—209.
Henry Martell, Edmonton Highlands, 67-72-70—209.

Bauer, Woodling Win for Yankees

By The Canadian Press

New York Yankees collected only six hits Friday but two of them were home runs by Hank Bauer and Gene Woodling and that was enough to hand Chicago White Sox their sixth straight American League set back 6-3.

Bauer, who also had a single and double for a perfect day, slammed a three-run homer in the third inning off loser Chuck Stobbs. In the next inning, Woodling sewed up the game with a two-run blast, also off Stobbs.

Boston Red Sox extended their second-place lead over Cleveland by blasting the Indians 9-2 with a 13-hit attack in a night game. Lefty Lou Brissie, who made his first pitching start in 13 months, was the victim of most of the Red Sox solid slugging.

Brissie was the victim of three-run outbursts in both the first and fourth innings and Mickey Harris, another portsider, was lashed for three runs in the eighth.

DROPO AGAIN

A fourth-inning homer by big Walt Dropo offset an eighth-inning four-base blow by Eddie Joost as Detroit Tigers edged Philadelphia Athletics 2-1 despite a five-hit pitching performance by starter Harry Byrd and reliefer Johnny Kucab. The victory went to righthander Art Houtteman—his first win since last May 14.

Manager Marty Marion of St. Louis Browns used 22 players in a losing cause as Washington Senators defeated the Browns 6-5 on a 15-hit attack. The Browns' use of 22 players was just two short of the major league record. Randy Gumpert, who yielded 11 of the 13 St. Louis hits, captured his third decision as Stubby Overmire lost his third game.

Billy Johnson's first 1952 home run, a grand slam smash in the fifth inning, enabled Harry (the cat) Brecheen to coast to his fifth victory as St. Louis Cardinals trimmed Boston Braves 7-2 in a National League night game. The Cards collected 11 hits off two Boston pitchers.

COUSINS COOPERATE

Brooklyn Dodgers defeated PittsburghPirates 6-2 to run their consecutive winning streak over the National League tail-enders to 11 games. Billy Loes, although relieved in the ninth when the Bucs scored their second run, received credit for his eighth win against four defeats.

Philadelphia Phillies blew a four run first inning but came steaming back with three runs in the ninth to deal Cincinnati Reds their fifth straight setback, 7-5. Both starters, Harry Perkowski of the Reds and Howie Fox of the Phils, failed to survive the free-swinging first inning in which the Reds collared three runs.

New York Giants and Chicago Cubs were rained out.

B. C. WOMEN'S GOLF TEAM NAMED

VANCOUVER, July 18 (CP) — Miss Marjorie Todd of Victoria and Mrs. Margaret Hutton-Pott of Vancouver today qualified for the team to represent British Columbia in the inter-provincial team golf matches at Edmonton Aug. 7 and 8.

Miss Todd shot a 172 and Mrs. Hutton-Potts a 174 over the 36 qualifying holes. Only four others entered.

Babs Davies of Vancouver and Mrs. Jack Todd of Victoria had already made the team on their past performances.

Shirley Fry, 17-year-old Victoria player who shot a 177 in the qualifying match, will accompany the team as its junior member.

'53 Hopkins Cup Series at Coast

VANCOUVER, July 18 (CP) — The John J. Hopkins Challenge Cup Golf Series will be played here next year.

Gordon J. Stringer of Montreal, chairman of the Hopkins Cup executive committee, made the announcement here today.

The inaugural Hopkins cup tourney will be held in Montreal Aug. 26 and 27.

5800 Competitors

HELSINKI, July 18 (AP) — The olympic press office, after a painstaking recount, decided today there are 5870 competitors in the Games which open tomorrow.

Previously J. Sigfrid Edstrom, retiring olympic committee president, spoke of 8000 taking part in the Games, but it developed he also included some 2200 officials, managers, coaches and hangers-on.

Rowers Only Canucks in Action Today

HELSINKI, July 18 (CP) — Canada's Olympic team, except the Hamilton Leander double-sculls four and Toronto Argonauts' eight-oared crew, will take a vacation from training tomororw, opening day of the 1952 Olympic Games.

Leanders and Argonauts, who go into action Sunday, are grabbing every opportunity to accustom themselves to the craft they had to borrow from Sweden. Their own shells were smashed aboard ship during a stormy crossing from Canada.

The Hamilton and Toronto boys will work out in the morning and afternoon.

Some minor structural work was necessary on the Swedish boats and Gordon Jennens, boat builder from Kelowna, B.C., has been working day and night to put them in shape for Sunday's 2000-metre heats.

The rowing team's morale is tops. The fellows take the view there's nothing to lose and everything to gain — makeshift craft or not — and they are ready to try to knock the ears off the rest of the rowing world.

The fours will be Canada's first athletes in competition. They're in the opening heat Sunday afternoon against the United States, Denmark and Austria.

Half an hour later Canada's eights will go against Australia, Finland, Yugoslavia and Romania.

Fifteen minutes later the Winnipeg pair of Bob Williams and Derek Riley will go out in a doubles heat against Britain, the United States and Italy.

Meanwhile, there was both bad and good news from the track and field squads.

Jim Lavery's injured leg — actually the recurrence of an old injury — became worse. Now he is taking treatment from coaches and trainers of Britain's team and they say they'll have the Calgary runner in shape for his specialty — the 400-metre run—when heats in that event start Sunday.

Little Shirley Eckel, blonde hurler and sprinter from Toronto, is coming along fine. Shirley suffered a pulled muscle in the leg but the injury now is healing well.

AUSSIE ROWERS FAVORED OVER CANADIAN CREW

HELSINKI, July 18 (AP) — The United States' unbeaten Navy heavyweight crew drew Great Britain's formidable entry in one of the opening heats of the Olympic rowing regatta Sunday.

The United States is favored in the eight-oat competition, Britain's smooth sweep-swingers rated the strongest threat.

Their first test is scheduled Sunday in the second of three heats.

Others in the heat are Portugal Sweden and Germany, none regarded as dangerous.

Australia, another favorite, heads the opening heat and is expected to have little trouble with Finland Canada, Yugoslavia and Romania.

Russia's untested crew is in the third heat with Denmark, Hungary and Italy. Denmark is favored to win.

A crew is not eliminated in the opening heats and has a chance to win the Olympic title even after two defeats through a series of complicated "second chance" heats

COPELAND WILL PLAY FOR ARGOS

TORONTO, July 18 (CP) — Bob Moran, president of the big four Toronto Argonauts, said today Calgary Stampeders have decided to uphold the release clause in Royal Copeland's contract with them and have mailed the Canadian Rugby Union release form to the Argonaut Football Club.

Moran said the Stamps made the decision to release Copeland Wednesday night. Wednesday Moran said Calgary had advised him they will "definitely" not release Copeland.

He said there are "no strings attached" to the release. "No cash and no players are involved."

Copeland is expected to sign with Argonauts at once. The team tonight began training for its Fall games.

BILL COWLEY HOSTELER

SMITH FALLS, Ont., July 18 (CP) — W. M. (Bill) Cowley, one-time star centre for Boston Bruins in the National Hockey League, has turned hotelkeeper.

Cowley has purchased a three-storey, 28-room hotel in this Eastern Ontario railway centre and settled down to business life.

Smiths Falls hockey fans, hopeful the one-time hockey great might lend a hand at coaching their teams, soon had their hopes dashed.

Said Cowley: "I'm through with hockey. Besides I'll be too busy to take on any coaching."

Outlaws Play Nisei All-Stars

Nelson Outlaws swing back into action this weekend when they take on the Kootenay Japanese All-Stars in a two-game exhibition series Saturday evening and Sunday afternoon.

The Outlaws have had little success this season against the fast Slocan Valley teams from which the All-Stars are drawn. They lost two close ones to New Denver and were trounced by Nakusp in earlier meetings, and will be out to start balancing the ledger.

Ace righthander Ron Brown will start Saturday while coach Lefty White hasn't decided on his second game chucker. Either Tommy Pearson, Stan Grill or Johnny Misuraca are the likeliest choices.

Tigers Travel To Trail Sunday

Nelson Tigers, idle since the big $2500 tournament here last weekend, swing back into the exhibition circuit Sunday when they journey to Trail to engage Erie Bishop's Smoke Eaters.

It will be the first appearance for the Smokies since Fruitvale knocked them out of a berth in the tourniament and they'll be out to sharpen up for the Lethbridge Rotary tournament scheduled for Aug. 8-9 with $3650 in prize money.

Tiger players making the trip Sunday are Joe Postnikoff, who will catch in place of injured Swede Larsen, Les Hufty, Marsh Severyn, Jimmy Todd, Red Wassick, Bob Koehle, Fritz Koehle, Dunc Kennedy, Ernie Gare, Bill Haldane, Frank Hufty, Roy Anderson and Gord Richardson. Bus will leave the Civic Centre at 10 a.m.

CANUCK OLYMPIC CHANCES

By The Canadian Press

Canada's entries Sunday in Olympic track and field events and their best competitive performances:

100 metre dash—Olympic record, 10.3 seconds. Canada's entries: Pete Sutton, Toronto, 10.8; Don McFarlane, Hamilton, 10.5, Bob Hutchison, Victoria, 10.7.

800 metres—Olympic record, 1:49.2. Canada's entries: John Ross, Oakville, Ont., 1:51.6; Jack Hutchins, Vancouver, 1:50.6; Bill Parnell, North Vancouver, 1:51.

OLYMPIC TEAM ROBBED —LITERALLY, THAT IS

GUATELAMA CITY, July 18 (CP) — The Guatemalan Government received a message today from Lieut. Carlos Bracamonte reporting the republic's Olympic team had been robbed of $3000 and was stranded in New York.

Bracamonte heads the Guatemalan team en route to Helsinki.

Passage of the team to Finland was prepaid but the money stolen was for expenses and for the purchase of uniforms in New York and Paris. The government is arranging to forward more money.

It's Official — Shantz Is Majors' Smallest

PHILADELPHIA, July 18 (AP)— Robert C. (Bobby) Shantz is on the official records now as the smallest player in major league baseball.

The little Southpaw for Philadelphia Athletics was placed on the scales before tonight's game with Detroit Tigers to satisfy the mystery of his height and weight.

Bobby, top hurler in the big leagues with a record of 16 victories against three defeats, had complained from time to time in the past that his size was vastly underrated. He said he weighed somewhere between 153 and 155 and that he stood between five-feet-seven and five-10½.

To settle the issue, the Philadelphia management arranged to have a scales brought to Shibe Park.

Fred Humphreys, chief of the Philadelphia Bureau of Weights and Measures was brought in as weightmaster.

Humphreys asked Shantz to step on the scales. The midget Southpaw tipped the beam at what appeared to be 135 pounds.

"You're cheating me a few pounds," he declared, aghast. "I know I weigh more than that. I'm not a freak."

Humphreys told him to get back on the scales for a second try.

The indicator indicated 139½ this time and Shantz appeared satisfied.

The weight issue settled, Humphreys took a reading on Shantz height and came up with five feet 6¼ inches.

As a parting gesture the weights and measures chief handed the "Little Guy" a document listing his vital statistics.

Tulyar Favored In $77,000 English Race

LONDON, July 18 (AP) — The Aga Khan's three-year-old Tulyar, winner of all his 1952 races including the Epsom Derby, ranked a firm favorite tonight to take Britain's richest prize, the $77,420 King George and Queen Elizabeth stakes at Ascot tomorrow.

The bettors rated Tulyar at 9 to 4. The Aga Khan himself said it was a cinch no matter what the weather. His jockey, Charlie Smirke, looked over the field of 15 and said flatly: "I'm not frightened by any of the others."

The winner of the 1½-mile race, inaugurated only last year, will get $63,805, enough to lure the pick of Britain's jockeys, five French horses and one from Germany.

Gordon Richards, Britain's top jockey, will be astride Le Sage, and betting here will be more on the jockey than the horse. The bettors rated Le Sage fourth choice at 7 to 1, behind Zucchero and Gay Time, both at 6 to 1.

Kats Win 9th, Stop Rossland 7-1

CASTLEGAR, B.C. — The Castlegar Kats on Thursday evening won their ninth victory of the season when they downed the Rossland Royals 7-1 behind the five-hit pitching of Anne Kastrikoff.

The Kats did all their scoring in two frames, the second and fourth off of Betty Densky who gave up 12 hits walked two and struck out two. Anne Kastrikoff struck out three and walked one and was never in serious trouble after giving up one run in the first inning. The Kats where led by Joyce Swihart with three hits in four stempts. Anne Kastrikoff and Vi Miros each had two hits in three trys while E. Penny had a perfect two for two for the Royals.

STRONG U. S. AMERICAS CUP TEAM NAMED

NEW YORK, July 18 (AP)— The lineup of the United States Americas Cup golf team, which will oppose Canada and Mexico in the international matches for the new trophy at the Seattle Golf Club Aug. 14 and 15, was announced today by the U. S. Golf Association.

Charles Coe of Oklahoma City, 1949 U. S. amateur champion, previously had been named as playing captain of the team. The other six invited were Billy Maxwell of Odessa, Tex., Joseph F. Gagliardi of Larchmont, N. Y., Sam Urzetta of East Rochester, N. Y., Harvie Ward, Jr., of Atlanta, Ga., Frank Stranahan of Toledo, O., and Kenneth Venturi of San Francisco.

William C. Campbell of Huntington, W. Va., was named as an alternate.

The Canadian team, captained by Phil Farley of Toronto, will include Walter McElroy, 1951 Canadian amateur champion; Bill Mawhinney and Percy Clogg of Vancouver; Gerry Kesselring of Kitchener, Ont., Nick Weslock of Windsor, Ont., and Peter Kelly of Fredericton.

The Mexican team has not yet been picked.

A. Peters Reported In Better Condition

EDMONTON, July 18 (CP)—Alfred Peters, 44, of Ottawa, seriously burned in the fire which destroyed Jasper Park Lodge Tuesday night, was reported in somewhat improved condition in hospital here today.

Mr. Peters, secretary to the Lodge manager, suffered third degree burns when he was caught in a flame-filled corridor while making a last-minute check on the safety of guests and staff members. He was flown to Edmonton the night of the fire.

This may be a light year for poliomyelitis.

A Canadian Press survey Thursday showed that, except in British Columbia, Manitoba and Saskatchewan, there have been comparatively few cases. In those three provinces, the situation is not considered alarming.

In Toronto, Health Minister MacKinnon Phillips of Ontario said polio strikes in alternate years. In Ontario last year it was heavy and this seems to be the off year.

Market Trends

NEW YORK, July 18 (AP) — Political and economic uncertainties proved too much and prices declined quietly.

Canadian issues were mostly higher. Hiram Walker was up ⅛ and Dome Mines and Distillers Seagram were both up ⅛. Canadian Pacific dropped ¼ and both International Nickel and McIntyre were unchanged.

TORONTO (CP) — Prices drifted lower toward the close.

Sluggish trading produced few futures. Volume totalled about 1,600,000 shares.

Simpsons attracted industrial interest.

MONTREAL (CP) — Fractional changes ruled in slow dealings towards the close.

Gains held sway from the opening although in early afternoon there was a tendency in some groups to back down from their highs under mild profit-taking.

LONDON (Reuters) — Traders gave a repeat performance of price easing as nervous selling developed.

The pressure was never great, however, and the close was steady at the lower levels.

Calgary Livestock

CALGARY, July 18 (CP) — The market was quite draggy at the Calgary stockyards this morning and was classed as a typical Friday cleanup. There were only 100 cattle and calves on offer.

Bulk of the offerings were plain quality butcher cattle, cows and feeders. The odd dry fed steer of good weight sold steady but medium quality butcher steers and heifers were moving slowly. Cows were variable. Good cows were steady while plainer sorts were easier. Stocker and feeder steers of medium to plainer quality were selling lower. A few good stocker and two day steers sold 50 cents to $1 lower, under limited demand.

Thursday's sales: cattle 880, calves 26, hogs 269, sheep 20. Corresponding day last year 318 cattle, 7 calves, 190 hogs and 44 sheep.

Hogs sold Thursday at $23.90 a hundredweight; sows $12.25; good lambs $25.25.

Good to choice dry fed butcher steers $4.00-26.00; common to medium 18.00-23.50; good to choice butcher heifers 23.00-25.00, common to medium 18.00-22.50; good cows 18.00-19.50, common to medium 15.50-17.50 canners and cutters 10.00-15.00; stocker and feeder steers, common to medium 14.00-22.50.

U. S. Pullmans Up Sleeping Car Rates

WASHINGTON, July 18 (AP)—The Pullman Company received permission today to raise its minimum charge for sleeping-car accommodations by about 23 per cent.

The authority to make changes in the minimum rates in the United States was also extended to Canadian National Railways and the Canadian Pacific Railway for sleeping car travel between points in Canada and the U.S.

For example, the minimum charge for a lower berth in a tourist sleeping car will advance from $3.20 to $3.95.

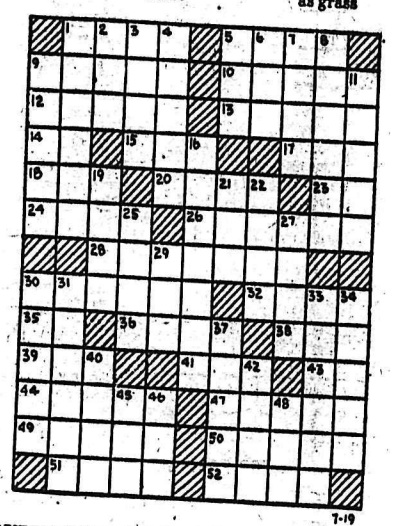
Yesterday's Answer



DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day, the code letters are different.

A Cryptogram Quotation

J ERWB VYXQ SYQQYGRQB YP SYYFB—HAYBR EXHJCWHYQB YP OYCCROHJYDB—CWES.

Yesterday's Cryptoquote: TEACH NOT THY LIP SUCH SCORN; FOR IT WAS MADE FOR KISSING, LADY, NOT FOR SUCH CONTEMPT—SHAKESPEARE.

Criticize Teachers

VIENNA, July 18 (AP) — The Czech newspaper Mlada Fronta today printed a letter from a child complaining "religious teachers know nothing at all because they tell us God is almighty and President Gottwald is not." The paper devoted a page to the "a damaging influence" of religion on children and called for "more intensive (Communist) party education" to combat it.

NEW YORK (AP) — Spot nonferrous metal prices: Copper 24½ cents a pound, Connecticut valley, lead 16 cents a pound, New York. Zinc, 15 cents a pound, East St. Louis, Tin $1.21½ a pound, New York.
