VOLUME 49 | 5 CENTS A COPY | NELSON, BRITISH COLUMBIA, CANADA—THURSDAY MORNING, OCT. 12, 1950 | NUMBER 145

WEATHER FORECAST

Kootenay — Cloudy with a few sunny intervals. Little change in temperature. Light winds. Low and high at Cranbrook, 35 and 60; Crescent Valley, 35 and 55.

Turnbull Suggests New Denver San Be Home for Aged

Will Continue in Use Until New Unit Ready, Says Minister; Centralization at Coast Favored

NEW DENVER, B.C., Oct. 11—Hon. A. D. Turnbull, British Columbia's Health and Welfare Minister, proposed here today that efforts be made to have the New Denver Sanatorium converted to a home for the aged.

He was here to inspect the building, and confer with Slocan District Board of Trade members on its petition that the hospital continue in operation. Strong opposition has been raised to the proposal that the sanatorium, built during war years to care for Japanese evacuee patients, be closed.

(See also story on Page 2.)

Mr. Turnbull, and J. W. Smith, Regional Administrator of the Social Welfare Branch, Department of Welfare, Kootenay-Boundary District inspected the sanatorium and pavilion accompanied by E. R. Adams, Superintendent, and Dr. C. S. Robinson, Medical Officer, Wednesday afternoon. The Minister was later entertained at dinner in Silverton by a number of Silverton and New Denver friends.

Questioned about his departments' plans for the sanatorium, the minister stated that the institution would continue as at present at least until a proposed new 264-bed unit in Vancouver was able to accomodate patients. The sanatorium at present is open to Japanese patients only.

Mr. Turnbull said that while he appreciated thearguments advanced for the continued use of the New Denver buildings in the treatment of tuberculosis, he felt that they were outweighed by those advanced by the Division of Tuberculosis Control in favor of ecntralization at the coast.

The Minister said that he believed the sanatorium would be suitable for use as a home for elderly people and sugegsted that efforts be made to find some organization to sponsor such an institution.

A NEED

Mr. Smith stated that there were between 90 and 100 senior citizens in the Kootenay district requiring home care at Present.

Mr. Turnbull again promised to give his "earnest attention" to the problem and said he would contact the Provincial Secretary regarding the possibilities of eventually converting the premises into a home for the aged.

The Minister left by car for Trail Wednesday night and will fly to the Coast Friday.

ALLIES ADVANCE IN NORTH KOREA

Push Defenders Back to 75 Miles From Capital

By BILL ROSS

TOKYO, Oct. 12 (Thursday) (AP) — American and Commonwealth troops in a big push today battered their way 12 miles into North Korea and poured more men and tanks across the border for a knockout blow.

The Red defenders fell back to new positions within 75 miles of the Red capital of Pyongyang. United States officers doubted if the enemy had enough men and guns to check the march on Pyongyang.

Roads leading from South Korea were jammed with vehiclose, guns, tanks and troops.

U.S. Eighth Army Headquarters reported the right flank of the attack had rolled two miles North of Yuga, a village 10 miles North of the 38th Parallel.

Alongside the American troops were soldiers from Britain and Australia.

Meanwhile the South Korean 6th Division broke what U.S. Eighth Army authorities called a "key defence triangle" in the centre of the Korean Peninsula about 15 miles North of the Parallel by capturing three towns.

They took Chorwon, Kumhwa and Pyonggang after what an army spokesman described as "stubborn and fierce fighting."

Far to the North, South Korean troops struck from the captured East coast port of Wonsan along the road to Pyongyang and ran into stout resistance.

Eight army reports said the South Koreans moved a mile Northwestward on the highway to the North Korean capital before meeting heavy fire. Pyongyang lies 95 miles West of Wonsan, which in turn is 105 miles North of the Parallel. The mop-up of Wonsan was completed Wednesday.

Maj.-Gen. Hobart R. Gay, commanding the U.S. 1st Cavalry Division, said there was no evidence of any reinofrcement and the enemy was so spent he "cannot man a solid defence line."

But the advance was cautious to avoid losing lives "uselessly in these last days of the war," Gay said.

Pact to Benefit Canadian Goods

OTTAWA, Oct. 11 (CP)—Canada and a big oil supplier, Venezuela, today signed a special one-year commercial agreement to reduce tariffs and other trade barriers and stimulate the flow of goods between the two countries.

Venezuela sends about $80,000,000 worth of crude petroleum to Canada yearly, second only to the United States which ships about $160,000,000.

The agreement, announced by the Trade Department, was signed at Caracas by a Canadian trade delegation touring South American countries. It results from representations made to that country last year when a previous similar pact lapsed.

Under the new agreement, which goes into force immediately, Venezuela and Canada will reduce tariffs from general rates to the most-favored-nation tariff.

This rate is granted by Canada to members of the General Agreement on Tariffs and Trade. Though Venezuela is not a member of that 32-nation agreement, it will receive all the concessions Canada gives under terms of the Multilateral Pact and any fture concessions she may grant during current tariff negotiations at Torquay, England.

Besides an exchange of most-favored-nation treatment, the two countries also will grant concessions in foreign exchange and the assignment of import and exchange quotas. It will put Canada's exporters to Venezuela on the same footing as those of the United States and the United Kingdom.

Among Canadian goods that will benefit from reduced rates will be canned salmon, canned fruits and vegetables, cigarets, lanterns, hosiery and Douglas Fir lumber and timber.

Nigerian Studies Farming in Britain

London businessmen are accustomed to seeing turbans, fezzes, burnouses and other exotic costumes worn by visitors to the capital, and the Oba Alaiyelowa, head man of the Nigerian town of Owo, even in his native dress may cause little curiosity. But the Oba and his wife intend to visit Britain's rural sections to study farming methods and there Nigerian dress may excite stares of curiosity. —Central Press Canadian.

Donates Money for Lab, Receives Honorary Degree

In Montreal to attend the opening of the Eaton electronics laboratory of McGill University, Lady Eaton was given an honorary degree of doctor of laws. She first suggested the building of the laboratory in 1945 and the T. Eaton Co. Ltd., donated over $200,000 for its construction. Left to right, at the opening ceremony: Dr. O. M. Solandt, chief of the Defence Research Board of Canada, Lady Eaton, Dr. D. A. Keyes, director of the Chalk River atomic plant, and Prof. G. A. Woonton, director of the new laboratory.—Central Press Canadian.

Fire Breaks Anew On Spanish Freighter

HALIFAX, Oct. 11 (CP) — Fire broke out anew tonight between the decks of the Spanish freighter Monte Inchorta which limped into port today after a three-day battle with flames at sea.

Naval fireboats were rushed to the scene where a few hours before officials boarded the 3350-ton vessel to determine the extent of damage.

The fire, although not spectacular, was believed a serious one and damage was expected to be heavy. Some officials said the vessel might be almost a total loss. She was listing badly shortly after the fresh outbreak.

Russian Proposal For Five-Power Talks Accepted

LAKE SUCCESS, N.Y., Oct. 11 (AP) — The United States today accepted in principle Russian proposals calling for five-power consultations on maintaining peace and for a speed-up of measures to set up an international army. But the Americans made plain these two steps are provided for in the United Nations Charter and should have been taken long ago.

Foreign Minister Andrei Y. Vishinsky of Russia formally presented two resolutions to the U.N. Assembly's 60-member political committee. One recommended that until the international army is created, the five powers, — France, China, The U.S. Britain and Russia — should consult on joint action for maintaining international peace and security.

The second recommends that the Security Council decide on measures for the rapid creation of the international armed force provided for in the U.N. Charter and for effective operation of the military staff committee.

L. B. Pearson, Canada's Minister of External Affairs, who backed the seven-power plan in a strong speech today, told the committee earlier that the Russians should back up claims of peaceful intentions by actual peaceful deeds.

"We will wait with eagerness for that proof," he said.

Would Keep Gov't. Intervention At Minimum

EDMONTON, Oct. 11 (CP) — Government intervention in business must be kept at a minimum and "for interim purposes only," F. G. Winspear of Edmonton, President of the Canadian Chamber of Commerce, said tonight.

In an address to the Philosophical Society of the University of Alberta, Mr. Winspear called for a balance between security and enterprise in Canadian business.

NOT BANNING CHARITY ORGANIZATIONS FROM U.B.C. CAMPUS

VANCOUVER, Oct. 11 (CP) — Noreen "Nonie" Donaldson, Acting President of the University of British Columbia Alma Mater Society, denied tonight that all outside charity organizations have been barred from the campus.

(See story page 3.)

Miss Donaldson said that no formal application to collect on the campus was received from the Community Chest but that she had talked personally with a Chest official who agreed collections would not be made.

ACQUITTED OF SLAYING

VANCOUVER, Oct. 11 (CP) — Yu Nip, a Victorian-born Chinese accused of slaying his friend in a Vancouver gambling club last February, was acquitted today by an assize court jury.

Nip, 32, had been charged with manslaughter as a result of the death of Mah Poy.

Both men were charter members of the club, formed several years ago, where Mah Poy died, after a card game with another Chinese.

Trail Evacuees to Nelson In Red Cross Exercise

Final plans for "Operation Mercy", the Red Cross disaster exercise scheduled for Nelson some "zero hour" this month, are beginning to move rapidly toward completion.

Red Cross branches throughout B.C. will take part in the province-wide exercise in conjunction with the Red Cross Provincial Disaster Committee.

"Operation Mercy" will be made up of a series of imaginary disasters throughout B.C. and Red Cross groups will be called on to handle the disaster services.

The Nelson branch will be coordinated with the Trail Red Cross branch which has already planned its exercise.

In Trail, Leo Levy, Committee Chairman will receive word from Red Cross headquarters at the coast that the disaster has occurred and the committee will swing into action theoretically. Action will probably comprise only sitting at a council table taking down orders from the chairman and making out reports as to how the orders were carried out in theory.

During the Trail exercise a large imaginary fire will break out at the Trail-Tadanac Hospital followed by explosions of oxygen tanks. A strong Northerly wind will cause the fire to completely envelop the down town area, and access to East Trail will be cut off due to the fire moving down Riverside Avenue towards the bridge. The Cominco Arena will not be in the path of the flames and will be used as disaster services headquarters and as a receiving room for hospital patients evacuated from the fire-gutted hospital. Other evacuations will be made to Rossland and Nelson.

"EVACUEES" TO NELSON

Work for the Nelson branch will begin when the flow of evacuees begins to move here.

As an example, if 300 evacuees were to be moved to Nelson and transportation was required for many of them, the central transportation committee would be brought into action to provide trucks, cars and ambulances.

When brought here, the evacuees would be registered and billeted at the headquarters at the armory.

The city police, R.C.M.P., "ham" radio operators, medical health officers, transportation and communication services, all represented on the Red Cross Committees in the province, will play an important part in the practice, with the cooperation of the three armed services.

TOKEN MOVES ONLY

The incident of disaster in each area has been pre-determined by the branch in the light of the most likely potential hazard. In a number of areas adjacent branches will carry out a combined effort.

The entire procedure will have no effect on the general public and no real action will be taken with the possible exception of token moves.

Because the surprise element is a vital part of the operation, each branch will get a signal on short notice and upon receipt the branch will swing into action. The messages will include the code words "Operation Mercy."

Object of the practice will be to test the efficiency of committees of the whole disaster set-up of the province and branches in the event of a real disaster such as floods, fires, or explosions. The formation of such committees began following the disastrous floods of 1948 in which the Red Cross Society played a major role.

The committee named at a meeting here earlier this week were:

E. L. White, Chairman; F. L. Irwin, Vice-Chairman; Dr. R. B. Brummitt, Medical and Nursing Services; Archie Birse, Blood Donor Service; Joseph Kary, Food; A. B. Gilker, Clothing; E. E. Hopwood, Shelter and Fuel; C. R. Higgens, Volunteer Help; R. B. Morris and James Hill, Information, Registration and Communications; P. Hoskins, Finance, and John Learmonth, Central Transportation.

North Korean Arms Power High

By RELMAN MORIN

TOKYO, Oct. 11 (AP)—Intelligence officers said today the North Korean army, cut to pieces in South Korea, had a greater firepower in terms of automatic weapons than any armed unit of any country in the Second World War.

The full extent of the disaster which overtook the Reds three weeks ago is only beginning to appear as American officers count the mountains of captured guns, ammunition and vehicles.

In that disaster the Reds lost all their heavy equipment which had been moved South in an attempt to drive the United Nations forces into the sea. Nearly all this was booty was Russian made.

"They had enough firepower for a force three times their size by Second World War standards," one intelligence officer said.

Churchill Calls for World Government

COPENHAGEN, Denmark, Oct. 11 (Reuters) — Winston Churchill called tonight for the rapid creation of a world super-government with Russia as one of its pillars.

Speaking at the climax of his three-day visit to the Danish capital, he said:

"Unless some effective world super-government can be set up and brought quickly into action, the prospects for peace and human progress are dark and doubtful."

Royal Greetings Two Years in a Row

HASTINGS, England, Oct. 11 (AP)—For the second year in succession, the postman today brought Mrs. Matilda Coppins birthday greetings from the King and Queen.

The reason: She is 108 years old and is believed to be the United Kingdom's oldest woman.

$65 Million Alberta Surplus Expected

EDMONTON, Oct. 11 (CP)—Premier E. C. Manning said tonight he expects there will be an accumulated surplus of $65,000,000 in the Alberta Treasury from oil development by the end of the current fiscal year.

Government oil revenue in the last six months has averaged more than $5,400,000 monthly. For the last 18 months it averaged $3,500,000.

14 Women Nudists Refuse Freedom

Nelson jail has 14 conscientous objectors—to freedom.

They are Doukhobor women convicted of nudism who have refused to sign pledges of non-participation in any more acts of violence or disturbances of the peace.

All other Doukhobor women nudists who had been held in Nelson jail were released upon signing the pledges after Justice Minister Stuart Garson's announcement that such prisoners would be freed upon recommendation of the government's special committee on Doukhobors.

The 14 are giving R.C.M.P. at Nelson other headaches as well. They have been stripping in the jail confines as part of their non-cooperation program.

"We are not releasing them until they decide to sign the pledges," Inspector R. S. Nelson said Wednesday.

East German Elections 'A Farce' West Charges

Three Allied Chiefs Blame Soviets For Blocking German Unity; Attack Voting Rules for Election

BY RICHARD K. O'MALLEY

BERLIN, Oct. 11 (AP)—Germany's three Western allied chiefs today told the Russians that next Sunday's East German elections are a farce, and blamed the Soviets for blocking German unity.

In identical letters, the three Allied High Commissioners advised Gen. Vasily Chuikov, Soviet Control Commission chief, that the communist "elections" are the direct opposite of traditional democratic processes.

The election, which offer a single list of "National Front" candidates, 70 per cent Communist, cannot be recognized by either the Western Allies or the West German Republic, the letter said.

The Communist Government scheduled to take office after Sunday's representing the East Germans, the letter said adding:

"The Soviet Union is committed under Potsdam . . . to the establishment of democratic government in Germany . . ."

SOVIET SPRINGBOARD

The Russian-sponsored elections first since the East German Communist Government took office by another verbal stiff-arm in a report self appointment last year, got by High Commissioner John J. McCloy of the U.S.

McCloy warned again that Russia is "Sovietizing" East Germany to provide a springboard for expansion and asserted that the coming elections are "a perversion of the electoral process" in which Communists have "an iron clad guarantee of uncalleneged predominance."

Under the election rules people who vote "no" will be blacklisted by poll guards, and abstentions will be counted as "yes."

Meanwhile, Lt.-Gen. Manton S. Eddy, Commander of the U.S. Army in Europe told a press conference in Berlin that American soldiers "will stay here and fight it out in spite of any odds."

NEW BILLING FOR HOSPITAL PLAN

"Cyclical" System Hoped to End Rush In Premium Paying

VICTORIA, B.C., Oct. 11 (CP)—A new system of premium billing will be started this month by the B.C. Hospital Insurance Service.

Commissioner Lloyd DeTwiller said today it will be a "cyclical" billing plan—to stagger the due dates as between various groups so that the rush of payments on two of four due dates each year will be eliminated.

Not affected by the scheme are persons who pay by monthly payroll deductions.

The new plan will put premium billing on a quarterly basis, although people who wish to will still have the option of paying six-months or a year in advance.

Bills going out this month will be to people outside Vancouver, New Westminster and Victoria who make direct payments.

"We hope that for the second half of 1951, and certainly by 1952, we will start the same procedure in the three main cities," said Mr. Detwiller.

Chinese Reds Reported Invading Tibet

CALCUTTA, India, Oct. 11 (AP) —A correspondent of the Indian newspaper Statesman reported from Northern India today that Chinese Communists invaded Tibet across her Eastern border and penetrated a distance of 50 miles against some opposition.

This report, from the newspaper's correspondent in the Northern Bengal town of Kalimpong in the Himalaya mountains, said the Tibetans regarded the stab as a preliminary probe for a main effort to be developed as soon as the Chinese-Tibetan talks now going on in Peking have collapsed.

(The Chinese Communist radio, in a cryptic reference to Tibet, said Oct. 6 that "people's troops, cooperating with friendly multi-national armies . . . entered Northern Tibet." However, at that time the Chinese Embassy in New Delhi and Tibetan sources there denied there was any invasion.

(With this new report, the same sources in New Delhi, former scene of the Chinese-Tibetan talks, said they doubted an invasion had begun. The Chinese Communists have said frequently they intended to "liberate" the mountain-girt country.)

The correspondent said, the reports he received did not make clear when the invasion started. He said the Communists by-passed the town of Chiamdo, an Eastern Tibetan stronghold on the border of Sinkiang Province. The Reds were said to have driven into Dongma Pass, a defile 15,000 feet high, Northwest of Chiamdo.

The account said it was expected the next Communist thrust would be an attack directly on Chiamdo from Dongma Pass.

To Dictate Settlement Terms in Rail Dispute

OTTAWA, Oct. 11 (CP) — A Government-appointed arbitrator will dictate the final settlement terms in the railway wage dispute.

This last-ditch solution to the long wrangle became certain today when the railways and unions notified the Cabinet they could not reach a settlement of the dispute that precipitated last August's nine-day general rail tie-up.

U.S. Railwaymen Seek Pay Increases

WASHINGTON, Oct. 11 (AP) — Railroad unions representing more than 1,000,000 employees in the United States formulated demands today for pay increases of 25 to 35 cents an hour.

Railroad spokesmen estimated the increases would add about $600,000,000 a year to the carriers payrolls.

TURN DOWN BID FOR LUTHERAN SEMINARY

DES MOINES, Oct. 11 (AP)—The United Lutheran Church in America today turned down a recommendation for establishment of an inter-Lutheran Postgraduate Theological Seminary.

Earlier convention delegates adopted a budget calling upo nits 2,000,000 members to raise more than $12,500,000 during the two years 1952-53. A budget of $5,203,000 was approved for 1952 and $5,232,400 for 1953.

Truman Takes Off For Rendezvous With MacArthur

By ERNEST B. VACCARO

WASHINGTON, Oct. 11 (AP) — President Truman took off today for St. Louis, first stop on a 6500-mile flight to a secret rendezvous with Gen. Douglas MacArthur.

There was wide speculation on the international and political implications of his mission in which the two men will discuss Korea and other Far Eastern problems.

Truman was to stop off at St. Louis tonight to see his only sister, Mary Jane Truman, installed as Missouri Worthy Grand Matron of the Order of the Eastern Star.

The weekend meeting with the United Nations Supreme Commander was understood to be arranged for somewhere West of Hawaii.

3 Americans Die In Japan Crash

TOKYO, Oct. 12 (Thursday) (AP) —A United States Air Force "Flying Boxcar" crashed in a pre-dawn landing at a Southern Japan air base today. Three American crew members were killed. Five men were injured, including three news correspondents.

The Air Force said the three injured correspondents are:

Harold Faber, New York Times, fractured left leg and burns on the right leg. His condition was described as good.

John Jefferson, Columbia Broadcasting System, injuries not listed.

John M. Colless, Reuters News Agency, badly shaken.

OVER $70 MILLION SAID NEEDED FOR SOUTH KOREAN RELIEF

LAKE SUCCESS, Oct. 11 (AP)—A United Nations representative in Korea estimated today that $70,000,000 to $80,000,000 will be needed for relief in Southern Korea before the end of the Winter.

Sioux Bombards Red Gun Emplacements

TOKYO, Oct. 12 (Thursday) (Reuters)—The Canadian destroyer Sioux Wednesday bombarded communist gun emplacements on the West coast of Korea near the 38th parallel, Gen. MacArthur's headquarters reported today.

Ban on Travel in N.B. Forests Lifted

FREDERICTON, Oct. 11 (CP)—New Brunswick's forests were reopened to travel today after rain relieved a 12-day period of fire hazard.

New Posts for Army Officers

OTTAWA, Oct. 11 (CP) — The army announced today it is shuffling the men in three of its senior posts in a move that puts colorful Maj.-Gen. Chris Vokes in charge of the vast Western Command, including the vital areas of the Arctic and the Pacific Coast.

Maj.-Gen. Howard D. Graham, 52, a former Trenton, Ont., lawyer, a permanent force soldier after a distinguished war career, is leaving the job of Vice-Chief of the General Staff to succeed Gen. Vokes as head of Central Command, embracing Ontario.

His job at Ottawa headquarters will be taken by Maj.-Gen. Herbert A. (Sparky) Sparling, 43, Toronto-born son of a permanent force soldier. Gen. Sparling is promoted in rank from brigadier.

The moves, effective early in 1951 arise from the retirement of Maj.-Gen. Matthew H. S. Penhale, 55, of Edmonton after 36 years of military service, including two world wars.

In losing Gen. Penhale as O.C. of Western Command, largest of five regional commands in the country, the army loses one of its top students of Arctic warfare, the man who played Canada's leading role in last Winter's big Canadian-American exercise sweetbriar.

Defence Minister Claxton paid tribute to Gen. Penhale's "distinguished" record today and said his period of service was extended a year "following the highly successful exercise sweetbriar."

De Gasperi Promises Steps for Security In Atlantic Pact

ROME, Oct. 11 (AP) — Premier Alcide de Gasperi said today Italy's government will take all possible steps to achieve security within the framework of the Atlantic pact.

Speaking to the parliamentary group of his Christian Democrat party, the Premier said Italy's duty "is to make a common effort to reinforce our means of defence" against the growing threat of "Bolshevist dictatorship."

And in This Corner —

CANTERBURY, England, Oct. 11 (AP)—The port engine of an R.A.F. Mosquito bomber conked out 4000 feet above Dover today.

Pilot Peter Nickoll belly-landed the machine in a field near here. He and the co-pilot stepped out of the wreckage unhurt.

The first person they met was Nickoll's brother.

Nickoll had come down in his own back yard.

DUBLIN, Oct. 11 (AP)—The Irish are so law-abiding these days some of the republic's prisons might have to go out of business.

Gen. Sean Maceoin, Justice Minister, told Dublin's Chamber of Commerce today his big problem is how to keep the country's five prisons going, what with only 69 men and 62 women behind the bars "and most of them short-termers."

SIGNAL HILL, Calif., Oct. 11 (AP)—City Clerk Heber Chapman came upon this letter in his mail today:

"I am sorry, but I forgot when they took the dog census last year about a puppy my son has. I am enclosing $2 . . ."

Seems the lady still is forgetful, though. The letter wasn't signed, and didn't contain $2, Chapman said.

OTTAWA, Oct. 11 (CP)—Government agricultural scientists are finding that the six-legged Praying Mantis, although good at his work, is not the real answer to their prayers.

The greenish carnivorous insect was put to work eating grasshoppers that have been devouring Canadian agricultural growth. However, the Mantis, who looks like a grasshopper but is about twice its size, has difficulty surviving the Canadian climate.

A. B. Baird, director of the Agriculture Department's biological section, said today tests are being made at Belleville, Ont., to see whether the Mantis who simply cannot survive the Prairie Winter, can live in Southern Ontario and the Maritimes.

Hospital Calls for Opening of New Denver Sanitorium to All

Be God's Servant, Rev. A. R. T. Dixon Charged at Induction for Trinity

REV. A. R. T. DIXON

Rev. A. R. T. Dixon was inducted as Minister of Trinity United Church at an impressive service held at the conclusion of the Fall meeting of Kootenay Presbytery of the United Church Wednesday evening in the Trinity Church.

Rev. W. H. McDannold of Cranbrook addressed the congregation stating its responsibility to the new minister. Rev. J. Horricks of Castlegar gave the charge to the new minister and Rev. T. B. McMillan of Rossland conducted the induction ceremony.

"Congratulations to the Trinity United Church on their choice of a minister. I have faith and respect for Rev. Dixon and high hopes for his successful ministry," Mr. McDannold said.

"Your minister is a man, a man with a call. Don't think of him as the 'hired man'. He has learned to listen to the living God and to speak His Word, not compromised, tarnished or blunted words, but words God has given him.

"One of the first things we ought to ask is 'Whose Church is it?' If we have learned to think of the Church as God's Church, that God through the Church might accomplish His will and purpose, then we begin to have a Christian conception of the Church.

"What can we believe? We believe in a living God. By the grace of God you will find people who have become part of that answer. God's power shall find a means and function through us and make His word become flesh. The most significant thing any man, woman or child can belong to is the world-wide fellowship of the Christian Church.

"So much of Rev. Dixon's success depends on the church in your house, the living speaking God in your house. The sayings of Jesus have no meaning until they become flesh—your flesh, your spirit," concluded Rev. McDannold.

"You, sir, are an ambassador of God as head of this church. The first charge to a new minister is to preach the word of God as it was in Christ," Rev. J. Horricks said in his charge to the new minister.

The minister must interpret the words of Christ to the congregations. So the minister must grow in love and knowledge of God and grow in love of his people.

He must be a pastor as well as minister. "Whatever need people who came to Jesus had he made them well and satisfied them. So should the congregation come to the good shepherd. The minister must be the servant of God alone. Then and then alone can he best serve his flock.

"The minister must perform the sacraments of the Lord, Baptism and the Lord's Supper. These are symbols of what God can do. My, how the world would be changed if we took these symbols to heart.

"The minister, by the grace of God, serves as prophet, pastor and custodian of the sacraments and in all things as a servant of God," Mr. Horricks concluded.

The Kootenay West Regional Hospitals group, meeting in Trail, endorsed a resolution calling on the Provincial Government to open the tuberculosis sanatorium at New Denver to all. At present the sanatorium is open to Japanese-Canadian patients only.

Twenty representatives from Trail, Nelson, Rossland, Kaslo and New Denver general hospitals were unanimous in endorsing the resolution which will be presented at a convention of the B.C. Hospital Association later this month.

It was pointed out at the meeting in Trail that the sanatorium, built by the Government during the Second World War for Japanese tuberculosis cases, was going to waste. The 90-bed institution was occupied on the average by only 30 to 40 patients. Hospitals in the area were short of bed space and tending tubercular cases which could be handled at the sanatorium.

600 PROSECUTIONS

The session also heard an address by Donald L. Cox, Assistant Commissioner of the B.C. Hospital Insurance Service. Mr. Cox outlined hospital insurance problems and spoke of the Commission's attempts to streamline the service. He also told the meeting that over 600 people had been prosecuted in small debts courts for failure to pay insurance premiums. However, many persons had been given extension of time in which to make the payments.

The speaker stressed to the hospital administrators the "absolute necessity" of catering to the sick and the public, whom they were employed to serve.

A round-table discussion on problems of hospitals in the district and in the province as a whole filled the remainder of the session.

Trail's Mayor E. G. Fletcher attended the opening session welcoming the delegates and Ven. Archdeacon F. H. Graham pronounced the invocation. Chairman was George Turner, Chairman of the Board of Directors, Kootenay Lake General Hospital Society, in Nelson.

The next meeting of the regional group will be held in Rossland.

Committees Named as United Church Kootenay Presbytery Closes Here

Rev. J. C. Jackson of Grand Forks conducted the opening morning devotional service as the second and last day of the Kootenay Presbytery of the United Church opened in Trinity Church.

Mr. Jackson took as his theme, "Thankfulness and Thanksgiving". Thanksgiving Day was not made a holiday because of any spectacular date but was a day set aside to give thanks to God for the bountifulness of good things during the year.

"Comparing ourselves to others leads to bitterness, envy and bloodshed. We should compare ourselves with ourselves, of a year ago."

"We should learn to live within as well as out. We should stand up to life's problems and pain. Strive to catch some of the calm and contentment of Christ," Mr. Jackson concluded.

Rev. O. McNiel was chairman for the business session when reports were received on Education and Students by Rev. A. Crisp. C. E. Dukelow, student lay supply at Michel-Natal, gave an enlihgtening description of his field, covering the troubles he had encountered and how he was overcoming them.

Rev. J. Hartley of Church Records Committee asked congregations to send in their records for checking.

Rev. D. W. More of the Home Missions Committee stated he was proud of the work being done by pastors, laymen and students. Several pastoral districts were considered and solutions to difficulties offered. Special recognition was given to Dr. Ogora of the Greenwood Japanese field.

COMMITTEES

The nominations committee convenor Rev. Horracks gave the personnel of the various committees:

Christian Education — Rev. W. H. McDannold, convenor; Revs. J. M. Alexander, J. A. Adams, A. Crisp, Basil Hartley, Mrs. W. C. Murray, and A. R. Sangster.

Education and Students — Rev. Crisp, convenor; Rev. A. R. T. Dixon, and Mrs. E. Jarieson.

Historical — Rev. B. Hartley, convenor; Revs. T. J. Ferguson, W. Scott, and A. L. MacPhee.

Mission and Maintenance — Rev. J. MacMillan, convenor; Rev. George Affleck, W. P. Irving, W. C. Mawhinney, F. Peitzche and Mrs. E. Nesbitt.

Overseas Missions — Rev. George Affleck, convenor; W. C. Murray, and J. H. Coventry.

Evangelism and Social Service — Rev. W. P. Irving, convenor; Revs. A. R. T. Dixon, J. Jackson, A. Crisp, J. Horracks, Dr. Ogora, C. E. Dukelow, J. H. Coventry, and Mrs. E. C. Jackson.

Nominations Convenor — Rev. J. T. Horricks, Rev. A. Anderson, and F. B. Moran.

Pensions — Rev. O. McNeil, convenor; Revs. J. Jackson. W. C. Mawhinney and F. B. Moran.

Property — F. B. Moran, convenor; Revs. W. H. McDannold, D. W. More, and W. J. Scott.

Publications — J. A. Adams, convenor; Rev. D. W. More.

Radio — Rev. W. P. Irving, convener; Rev. A. Anderson.

Statistics — Rev. J. M. Alexander.

Settlement — Rev. D. W. More, Rev. A. Anderson.

Pastoral Relations — Rev. D. W. More, convenor; Revs. A. Anderson, W. McDonnald, W. Scott and F. Moran.

Benediction by Rev. J. Horricks closed the morning session.

The afternoon session opened with Rev. J. M. Alexander of Fernie conducting a short devtional service, with a theme "Taking Inventory of Oneself."

Rev. W. P. Irving gave an interesting report on Evangelism and Social Service. A lively discussion followed. Future Presbytery sessions will allow more time for this vital prt of church work, it was decided.

Letters were authorized sent to thos forced to remain away from the Presbytery through illness, Rev. George Affleck of Kimberley; Rev. W. C. Mawhinney of Kaslo and Logan MacPhee of Kaslo.

Dr. W. F. Bunt pronounced benediction closing the sessions which will convene next February at St. Paul's United Church in Nelson.

Mrs. Nesbitt of Kimberley extended an invitation for the Fall Presbytery to meet there.

Agree on Canada, France Trade Plan

OTTAWA, Oct. 11 (CP) — Close working relations have been established between Canada and France in a joint effort to bolster trade between the two countries.

The key to the problem, officials said today, is France's difficulty in earning sufficient dollars to pay for the imports she wants from Canada and other dollar countries.

After financial difficulties, Charles Dickens earned enough on his second Amelcan tour in 1867 to live comfortably.

NELSON MAN PULLED THROUGH "CAT" TRACKS

Duncan Scott, 718 Baker Street, severely injured when he was pulled through the tracks of a tractor, is now in "fine" condition in Kootenay Lake General Hospital.

He was transferred from Creston Valley Hospital to Nelson hospital for skin grafting after the accident.

Urge Ruling on Irrigation Project

OTTAWA, Oct. 11 (CP) — United States rerpesentatives told the International Joint Commission that one of Canada's vast Western irrigation porjects was based on the "presumtive assumption" that she would get waters rising in the United States and urged the Commission to rule on the matter.

J. W. Dixon, chairman of the U.S. section of the International Waterton-Belly Rivers Engineering Board, presenting the Board's views said Canada had planned expenditures of $1,250,000 in 1951 for initiation of the St. Mary-Milk River irrigation plan in Alberta "which would permit Canada to use water of United States origin on the Canadian project."

Water of the Waterton-Belly system rising in the United States was reserved to the United States by a 1909 treaty. His board believed that until the question of "equitable apportionment" of this water was settled the Canadian project could not properly proceed.

The Commission was hearing reports from the Canadian and U.S. sections of the International Waterton-Belly Rivers Engineering Boards with regard to a U.S. sponsored project, envisaging diversion of the U.S. waters of the Waterton-Belly system through the Canadian Milk River system and South again into Montana for irrigation and power purposes.

The U.S. Reclamation Board submitted various plans involving expenditure of millions of dollars, including a $50,000,000, 20-mile tunnel to connect the Waterton and St. Mary's Rivers.

The Canadian section of the Engineering Board criticized the plan as uneconomic and unfeasible. Later the Commission heard evidence from a prominent Canadian consulting engineer, T. H. Hogg, that on the basis of eshttimates subimtted by the Bureau that he would "have hesitanecy in rejecting the project as being unworthy of further study."

FORMER ROSSLAND PIONEER BURIED AT VANCOUVER

Funeral services for Mrs. Gertrude Mary Mitchell, 920 Bidwell Street, Vancouver were held from St. Paul's Anglican Church at Vancouver last week. Mrs. Mitchell was a former resident of Robson.

Born in Sussex, England, Mrs. Mitchell came to Canada and Robson with her husband the late Arthur Frank Mitchell in 1908 as a pioneer fruit rancher.

She taught the first school there and helped organize the first Anglican Church services. She was also organist for over 30 years.

Mrs. Mitchell was a life member of the Robson Women's Institute which was one of the first in B.C. The pioneer maintained a continued active interest in all community undertakings until returning to Vancouver in 1944. There she joined St. Paul's Church and continued work in all activities.

Mrs. Mitchell is survived by one daughter, Mrs. Rupert Skelton of Vancouver; four sisters, Miss Louisa and Miss Florence in England, Mrs. H. Wickham of New York and Mrs. J. B. Smith in New ealand and six nephews and six nieces.

EDMONTON (CP) — A lumberyard employee nearly got away with forging checks worth $1600. After they were cashed, he disappeared. Police only caught up with him when he applied for a job in England and absent-mindedly gave the Edmonton lumber yard as a reference.

Increases Asked In Workmen's Compensation

An appeal for increases in workmen's compensation pensions according to cost of living increases was made in Nelson Wednesday before Chief Justice Gordon M. Sloan, Commissioner for the Workmen's Compensation Act inquiry.

Mrs. Edward Mosti was presenting a brief for her husband, former Copper Mountain employee. She expressed the feeling also that workmen's compensation pensioners should be allowed free hospitalization and doctors' care for themselves and their families.

The Chief Justice also heard briefs from James Trenwith, calling for establishment of a medical appeal board, and from Pete Papou of Nelson, former C.P.R. employee, which would have other clauses of the Act amended.

Night Police Patrol For Creston

CRESTON, B.C., Oct. 11 — Fire Marshal Les Lund has appointed a night watchman to live in the fire hall.

Coupled with this is the announcement by R.C.M.P. that a night patrol until 6 a.m. for civic work has been established.

ANSTLEY, Leicestershire, England (CP)—Curiosity cost a cat two inches of its bushy tail and nearly all nine lives. It got too near a working vacuum cleaner and was sucked into the mechanism backwards.

Creston Fire Marshall Snatches Box of Explosives From Flames

CRESTON, B.C., Oct. 11—A courageous Fire Marshal rushed into a smoke-filled basement here Sunday and carried out a burning box containing 14 sticks of stumping powder. It is not known if anyone was in the house when Marshal Les Lund grabbed the box and averted a serious explosion.

The fire occurred at the home of D. Walker that had been the scene of Mr. Walker's wedding the day before. Two alarms were sounded early Sunday morning. Official reports say hot ashes had been placed accidentally on paper and refuse in a corner.

Due to the intensity of the smoke all members of the Volunteer Fire Brigade were masked.

Having explosives of any type close to living or business quarters is contrary to local bylaw 17. An investigation is planned.

Turnbull Visits Constituency

TRAIL, B.C., Oct. 11 — Hon. A. D. Turnbull, Minister of Health and Welfare for the province is spending a few days in Trail and his constituency before returning to Victoria.

He arrived by plane Tuesday and will return to the coast at the end of the week.

Mr. Turnbull inspected the Japanese hospital at New Denver Wednesday afternoon and Thursday he will attend a council meeting of the Trail Board of Trade. During his final day, Friday, he will attend the annual meeting of the Colombo Lodge in Trail.

DISTRICT WOMEN'S MOTHER LAID TO REST AT COAST

VANCOUVER, B.C., Oct. 11—Funeral services were held Tuesday for Mrs. Abbie Alberta Graham who died at the M.S.A. Hospital, Abbotsford, in her 62nd year Saturday.

She is survived by her father, Isaac Paeck at Abbotsford; three daughters, Mrs. D. McArthur and Mrs. M. Garay, both of Trail and Mrs. G. Payette of Fruitvale; two sons, William of Abbotsford and Hug of Vancouver; three brothers, Percy Peck of Abbotsford, Reginald Peck of Ruskin, and William Peck of New York; and 11 grandchildren.

Funeral services were held from Abbotsford Chapel. Interment was in Hazelwood Cemetery.

The custom of wearing ear-rings was common to both sexes in olden times.

Adopt Canadian Proposal

Pictured at the opening of the fifth General Assembly of the United Nations were (left to right) Andrei Vishinsky, chief of the Russian delegation, who is shown shaking hands with Ernest Bevin, Britain's Foreign Minister (right), as Gladwyn Jebb of the British delegation and John Foster Dulles of the U.S. delegation look on. Hardly had the Assembly opened at Flushing Meadow when India's Sir Benegal Rau and Vishinsky demanded that the Communists take over the Chinese delegation seat and powers from the Nationalists. The attempt to toss out Dr. T. F. Tsiang, chief Nationalist delegate, failed, but a Canadian proposal was adopted to set up a seven-country committee to study the question of Chinese representation and report its findings to the Assembly.—Central Press Canadian.

Growing City of Flin Flon Provides Lots of Oddities

FLIN FLON, Man., Oct. 11 (CP)—The people of this bustling mining town claim the place is like nothing else in the world. They're probably right.

The main section of Flin Flon, where older houses and most business premises are built, is perched on the hard-rock surface of the pre-Cambrian shield. Construction is a nightmare.

Most basements are above ground level.

Sewer and water pipelines run above the ground—some of them over the heads of pedestrians—instead of being buried.

Street lights burn night and day.

If you die in Winter, your body goes into cold storage for burial in the Spring when the ground thaws.

There are proportionately more children of pre-school and school age than in any other town of the same size in Canada.

But for all its oddities, Flin Flon (on the Saskatchewan - Manitoba border 400 miles Northwest of Winnipeg) is going ahead.

The original above-ground sewer and water system was built in 1932, and services what now is only one-fifth of the town. Under way in suburban sections is a program to extend these services to the rest. Mayor Cyril Stevenson said the scheme will cost $1,315,000 "for a starter".

Workmen are enjoying the novelty of putting pipes underground in residential areas where there is enough soil on the hard rock.

Hudson Bay Mining and Smelting Company, lifeblood of the town, is paying 55 per cent of the initial cost.

The Flin Flon terrain is so hilly that some houses have a 30- to 50-foot difference between back and front yards. Others are perched on the rock with wooden stairways to the street.

Some residents can walk in their front door at ground level and look out their back door to a street 30 feet below.

Stairways are a big part of the Flin Flon sidewalk system. One winds up a hillside with almost 100 steps and several platforms.

The boxed-in sewer and water pipes, packed with sawdust to prevent freezing in Flin Flon's severe Winter, are used unofficially as sidewalks. But signs warn residents they navigate them at their own risk.

Typical of the odd location of the town is its baseball park. There is a natural grandstand—a huge rock outcropping at least 100 feet high which can accommodate a sizeable crowd of spectators.

TO INSCRIBE ROY FOXLEE'S NAME ON PLAQUE IN WESTMINSTER ABBEY

ROBSON, B. C., Oct. 11—At the regular meeting of the Robson Women's Institute at the home of Mrs. D. Magee, Mrs. A. Foxlee gave a talk on her recent holiday in England and Holland.

One of the main points of her trip was the visit to Scotland Yard, where she was informed that the name of her son, Roy Foxlee, will be inscribed on the plaque in Westminster Abbey in memory of all members of the Metropolitan Police who gave their lives in World War II. Later Mrs. Foxlee was in the Abbey, and she spoke to her listeners of its grandeur.

Reports of the various committees were also given, with the Home Economy Branch demonstrating some recipes from the Institute Cook Book. It was noted that a large soap parcel had been sent to Institute members in England, and another parcel of dried fruit and tea was planned.

Refreshments were served by Mrs. Magee, Mrs. H. Campbell and Mrs. R. Waldie.

Canadian Goods May Grow Too Costly For Some Countries

TORONTO, Oct. 11 (CP) — John A. Marsh, President of the Canadian Exporters' Association, said tonight there is danger of Canada's goods becoming too expensive for other countries to buy.

Addressing the Purchasing Agents' Association, he said:

"Our cost of living has gone steadily upward to an all-time index high of 168.5. I do not think it is true that higher and higher wages and costs help everybody as one sometimes hears it said. Steadily advancing costs become a hardship to thousands of people who are on fixed incomes and are a positive danger to hundreds of industries.

"Aside from the domestic impact of steadily increasing wages and costs, the gravest danger of all shows itself: the danger of price Canada's products out of world markets. This applies not only to manufactured products but also to wheat, fish, pulpwood and in fact, all raw products."

DIANA BARRYMORE SEEKS WEDDING LICENSE

NEWARK, N.J., Oct. 11 (AP) — Actress Diana Barrymore applied for a marriage license today with actor Robert W. Wilcox.

Miss Barrymore, daughter of the late John Barrymore, gave her age as 29 and her address as New York City. She has been married previously to actor Bramwell Fletcher and tennis player John Robert Howard.

Wilcox, 39, from Rochester, N.Y. was married once before.

Fire Prevention Stressed in Film, Addresses

"Are You Safe at Home" is a film being shown to students of the Nelson schools in connection with Fire Prevention Week by A. M. Wilson.

Fire Chief G. A. McDonald has given addresses at the showings of the film in the Junior High and the Senior High Schools. Some 470 pupils in the Junior High and 300 pupils of the High School saw the film.

Fire Prevention Week is set aside each year in which fire prevention aids, cleaning up of old papers, checking for faulty wiring, cleaning of stove-pipes and other things likely to start fires, is emphasized.

ACCIDENT VICTIMS TO BE BURIED ON PRAIRIES

CRESTON, B.C., Oct. 11 — The bodies of four killed in an automobile accident near Creston last weekend are being forwarded to two Prairie centres for burial.

The bodies of Mrs. A. H. Thomson of Black Diamond, Alta., and Mrs. George Paquette of Turner Valley, Alta., will be sent to High River for burial at Okatox, Alta., Saturday afternoon, while Mr. and Mrs. W. B. Stoughton of Creston will be buried at Gilbert Plains, Man.

Mrs. Thompson is survived by her husband who was severly injured, and her one-year-old son while Mrs. Paqueete is survived by her husband, one son, 5, and two daughters, one and two years of age.

Only survivor of Mr. and Mrs. Stoughton is a son, Cecil at Edgewater, B.C.

NEW DENVER LEGION L.A. HEARS CHIEF

NEW DENVER, B.C., Oct. 11 — Lorne Mark of Trail, West Kootenay Zone Commander for Canadian Legion, addressed a meeting of the Ladies' Auxiliary to New Denver Legion Branch No. 101.

A committee was named to make arrangements for a children's Christmas party to be held in December.

Mrs. H. T. Butler, President, presented Mrs. W. Thring with a baby spoon. Reports were given by Mrs. A. Schnaebele, Visiting Committee, and Mrs. P. Forsythe, Welfare Committee. Mrs. A. Levy was welcomed as a new member.

Branch members joined the Auxiliary for a social hour.

Scots Minister Records Sermon, Wins Coast Pulpit

VANCOUVER, Oct. 11 (CP)—The rich voice of a young Scottish Minister, transcribed in Scotland and heard by a church congregation in Vancouver, has won for Rev. W. M. Stevenson the pastorate of Ryerson United Church here.

The 37-year-old minister, whose last parish was Dunoon, Scotland, first gained notice in Canada through an article he wrote in the United Church Observer. When informed of an opening here, he hit upon a recording as the best means of selling himself to his prospective congregation. The 12-inch recording he made was a short serbon on prayer.

Russians Release News Photographer

BERLIN, Oct. 11 (AP) — Allyn Baum, Acme News photographer, and his German driver were released by the Russians today 24 hours after they were arrested by East German Communist police.

Baum and the German, Eberhard Tittel, were arrested in a Berlin suburban area after they had inadvertently stepped across the Russian zone border.

CHURCH FOR ONE YEAR OR 30 DAYS IN JAIL

PORTSMOUTH, O., Oct. 11 (AP) —A municipal court judge has ordered a Portsmouth housewife to attend church every Sunday for a year—or spend 30 days in jail and pay a fine of $10 and costs.

The unusual sentence was imposed on Mrs. Violet Copley, 36, after being convicted of an assault and battery charge before Judge Kenneth Cranston.

A neighbor had charged Mrs. Copley struck her with a toy ball bat.

Mrs. Copley elected to attend church for the next year.

Is Stipendiary Magistrate

Advice has been received from the Provincial Secretary that William Evans, Justice of the Peace, South Slocan, has been commissioned a Stipendiary Magistrate in and for the County of Kootenay, and has jurisdiction conferred by the Small Debts Courts Act.

Prior to buying the business of E. Bowkett at South Slocan, Mr. Evans served with the Canadian Active Force, being district supply and transport officer for Saskatchewan and later for Alberta with the rank of major. He commanded No. 12 and 13 Companies of the Royal Canadian Army Service Corps. Prior to his service in the Canadian Army he served with the Welsh Regiment Imperial Army, and was mentioned in dispatches for services among the tribesmen on the Indian frontier.

Babies Die in Fire While Mothers Work

WELLS, B.C., Oct. 11 (CP) — Two children, two and three years old, died in a burning house yesterday while their mothers were washing clothes three doors away.

Karen Titley, 2, daughter of Mr. and Mrs. Ed Titley, and Johnny Corlett, 3, son of Mr. and Mrs. Arthur Corlett, died in the flaming four-room home. It was the Corlett's home.

Firemen, still investigating, advanced the theory today that the children may have been playing with matches in the front room. Mrs. Corlett said there was no fire in the house when she went to visit Mrs. Titley.

One child was found lying on the floor of the living room, the other was on a bed in the bedroom.

Wells, in the interior Cariboo district, is about 60 miles East of Quesnel, B.C.

Beef Prices Drop In Toronto Stores

TORONTO, Oct. 11 (CP) — Some of the better cuts of beef dropped as much as 14 cents a pound here today.

Chain stores which yesterday sold round and sirloin steak at 89 cents a pound sold it today at 75. Other beef price reductions ranged from 14 to four cents a pound.

Packers said the price drop was due to a number of circumstances including the freeing of the Canadian dollar and the recent railroad strike.

NAKUSP C.G.I.T. HEAR TALK ON DRESDEN CRAFT

NAKUSP, B.C., Oct. 11 — The Nakusp C.G.I.T. group heard a talk on "Dresden Craft" by Mrs. Graham Elder at their Friday meeting.

Plans were laid for the initiating ceremony to take place at the next meeting. Ways and means of raising money was also discussed.

Michael Faraday, great English chemist and electrician, started as a bookkeeper's apprentice.

Potato Growers May Be Asked To Reduce Crops

OTTAWA, Oct. 11 (CP)—Canadian Potato growers, fearful of the future, today began the uphill job of seeking financial assistance from the Government.

Headed by W. R. Shaw, Deputy Minister of Agriculture for Prince Edward Island, a delegation of potato-grower representatives met here under sponsorship of the Canadian Horticultural Council to find out how sympathetic the Government is to the idea of price-support for Canadian potatoes.

There were indications the delegation drew a blank card when the idea of price support was broached. The potato growers are expected to get the Government's final decision tomorrow when they meet with Agriculture Minister Gardiner.

Meanwhile, it was indicated that the Government feels there should be a reduction in future Canadian potato crops as one means to help solve the continual problem of finding markets for surplus Canadian potatoes.

This year the crop is expected to total about 90,000,000 bushels or more. Experts have stated the crop should not exceed 75,000,000 bushels.

BLIND TAG BRINGS $57 AT NEW DENVER

NEW DENVER, B.C., Oct. 11 — The sum of $57 was realized from a tag day sponsored here by New Denver Women's Institute in aid of Canadian National Institute for the Blind.

Conveners were Mrs. May Crellin, Mrs. F. B. Tessman, Mrs. Hermann Clever, Mrs. R. E. Crellin and Mrs. John Taylor.

Taggers were Miss Sharon Butler, Miss Ellen Berggeren, Miss Beverly DeRosa, Miss Frances Bohan, Miss Fay Elliott, Miss Diane Clever, Gilbert Clever, Miss May Kada and Miss Kay Iwase.

Former Kimberley Man Buried At New Westminster

VANCOUVER, B.C., Oct. 11—Karl Ludvigsen, late of Kimberley, was laid to rest here Wednesday. He died last Wednesday at the age of 59.

Funeral services were held from the Columbia Funeral Chapel at New Westminster. Rev. A. F. Kenney officiated and interment was in the Fraser Cemetery.

He is survived by his wife and one son, Johannes, in Norway.

UBC Students Bar Campus Canvassing

VANCOUVER, Oct. 11 (CP)—Student Council at the University of British Columbia today voted to bar all charity agencies from campus canvassing.

A spokesman said the move was made to ensure sufficient funds for the student-sponsored campaign to raise money to complete U.B.C.'s War Memorial Gymnasium.

"We want to be sure no student will be tapped by other sources before our gym committee can get into action," he said.

The council turned down two charity agencies which had asked to be allowed to canvas at the university. One of these, the Community Chest, expressed agreement with the plan, the Council spokesman said.

VANCOUVER (CP) Travelling is easy fo young Earl Robinson. He logged 3000 miles on $40 on an eight-day hitch-hiking trip. He visited Calgary, Regina, Saskatoon, Edmonton, back to Calgary and home by way of Nelson and Trail. He had to walk only about 10 miles of the entire trip.

Gifts for Hospital After Thanks Service

SOUTH SLOCAN, B. C., Oct. 11—The regular afternoon services at St. Matthew's Church were resumed Sunday, when the Harvest Thanksgiving Service was held.

The Vicar of the Parish, Rev. Canon W. J. Silverwood, gave an impressive address from the words, "Give thanks unto the Lord for His mercy endureth for ever."

Miss M. Murray was organist.

The decorations were beautiful; choice blooms of Autumn flowers combined with greenery were gracefully arranged on the altar, windows and font.

Mrs. H. H. James was in charge of the decorations, many of the flowers coming from her gardens. She was assisted in decorating by the Misses Murray, Marjorie and Doris Greavison, and Joan Mulloy. The offerings of fruit and vegetables were sent to the Nelson hospital.

Movie Gossip—

Travelogue Favorite Off to Film People for a Change

By BOB THOMAS

HOLLYWOOD, Oct. 11 (AP)—After next Christmas, James A. FitzPatrick will say farewell to his home in Beverly Hills, gateway to Hollywood.

This is a paraphrase of FitzPatrick's famed closing line in his movie travelogues. Usually it is something like this: "And it is with this thought that we say farewell to Lima, gateway to Peru."

But soon FitzPatrick will be saying farewell to people, not places. For when he takes his next journey (to Australasia) he will be starting a new film series, "People on Parade".

I asked if he had run out of places to say farewell to.

"Goodness, no," he said. "The world changes so much that I can return to places I had visited not long ago and find many new things to film. Why, already I'm anxious to return to Palestine, Greece and Italy, which I saw last Summer.

MAKE CHANGE

"No, changing from the straight travelogue to studying the people was not my idea. My distributor thought it would be good to make a change. I am willing to accept their judgment.

And so, for the umpteenth time, FitzPatrick will be leaving the home where he has spent an average of three months a year during the two decades of his film travels.

FitzPatrick doesn't mind kidding about his closing line, "We say farewell to . . ." He once wanted to drop it, but theatre men convinced him it was a good trademark.

Missionary Trainee Feted At Fruitvale

FRUITVALE, B.C., Oct. 11—Miss Deone Geiger was much-feted here and in Trail prior to leaving Monday for Pambrun, Sask., to start missionary training.

Mr. and Mrs. Howard Thompson entertained at a surprise party here. Mr. Thompson presented the honoree with a gift from the Fruitvale Gospel Mission, and Miss Marjorie Christman made the presentation of a Cruden's Concordance from the Full Gospel Assembly of Young Peoples at Trail. Assisting with games and a sing-song were Miss Evelyn Dutchak and Mrs. S. Lapka.

A farewell party and "personal shower" held at the home of Mr. and Mrs. Albert Mitchell in Trail was highlighted by the presentation of many gifts to Miss Geiger by Miss Inga Bonde of Kinnaird.

Miss Geiger also received many useful gifts from the hospital staff where she has been employed for nearly two years. Included was a leather writing case with her name in gold.

Wynndel . . .

WYNNDEL, B.C., Oct. 10—Mr. and Mrs. Sarson of Calgary have been guests of Mr. and Mrs. J. J. Firth.

Mrs. Massey of Kimberley has been a guest of Mr. and Mrs. J. Thompson.

Mr. and Mrs. Craven and Betty Lou were visitors to Bonners Ferry.

Mr. and Mrs. R. Andestad and family were visitors to Sand Point, Idaho, Monday.

During harvest service held in the Wynndel United Church Sunday, the son and daughter of Mr. and Mrs. Lewis Abbot were baptized, James Grant and Mary Janette, and the son of Mr. and Mrs. Dave Taylor received the names George Richard. Rev. A. D. McNeil of Creston officiated.

Mr. and Mrs. J. J. Firth and F. Kirtzinger have returned from Lethbridge, Alta.

The Doctor . . . Act When Heart Fails

By HERMAN N. BUNDSEN, M.D.

Sudden heart failure always constitutes an emergency, which must be handled skillfully and promptly if life is to be saved. Fortunately however, many cases of heart failure develop gradually so that the patient is under treatment well in advance of any desperate turn.

Where there is a sudden and unexpected heart failure, there are also contributing factors which bring it about.

ACUTE INFECTIONS

Among these are acute infections high blood pressure, and coronary thrombosis that is, the development of a blood clot in the coronary artery which supplies the heart muscle with blood.

When acute heart failure develops, it is important to discover the cause since it may have a bearing on the type of treatment to be employed. Prompt treatment will be life-saving.

The patient may have a rapid or slow heart beat and the beat may be regular or irregular. A suggested treatment which has been found helpful is the drug know as digitalis: this slows and strengthens the heart beat and must be given in a large enough dose to reduce its effects promptly. The treatment is best carried out in a hospital. Usually, a sedative or quieting drug is administered, which helps to get rid of cough and shortness of breath, usually present. The patient should also be given oxygen through a face mask.

These patients have less pain when they are in a sitting position. This is particularly desirable when there is a great deal of swelling of the lungs due to the collection of fluid in the tissues. Preparations known as digitalis glucose are often used in these cases because they may be given by injection into a vein. This means they are taken up rapidly by the body and produce their effects on the heart within a short time.

NORTH BATTLEFORD, Sask., (CP)—Lawrence Lon Singer, 29-year-old treaty Indian from Sweet Grass reserve, wanted to go to the fair. Monday he stole a cow and sold it for $169. Next day he shot the works at the fair. Thursday he appeared in court for stealing the cow and by Friday he was headed for Prince Albert jail for a year.

Mrs. L. M. Burkitt, B.C. Resident 45 Years, Dies in New Denver

NEW DENVER, B. C., Oct. 11—Funeral services were conducted by Rev. B. S. S. Hartley of Nakusp, in Turner Memorial United Church, Sunday, Oct. 8, at 2 p.m., for Mrs. Lillie May Burkitt, who died Friday at the age of 76.

Two hymns were sung: "I've Wandered Far" and "Unto the Hills", with Mrs. Leslie R. Campbell as organist.

Mrs. Burkitt came to British Columbia with her husband and family some 45 years ago, residing in various towns through the Crow's Nest Pass for some years. They lost all their effects in the Fernie fire of 1908, after which they moved to West Kootenay. They resided in Fruitvale, New Denver, Summit Lake and Kaslo. Mr. Burkitt, who predeceased his wife in 1942, operated many sawmills in both the East and West Kootenays.

Mrs. Burkitt is survived by two sons, Joe at Field and Roy at Reid Lake, B. C., and one daughter, Mrs. Helen Trickett, at New Denver. There are 13 grandchildren and four great grandchildren.

Pallbearers included James A. Greer, Leslie R. Campbell, A. L. Harris, H. B. Robison, J. E. Kennett and Charles W. Nelson.

New Denver

NEW DENVER, B. C.—Mr. and Mrs. J. L. Canty and son Douglas of South Slocan were guests on Thanksgiving of Dr. and Mrs. S. C. Robinson and two daughters.

Joe Burkitt of Field and his brother, Roy Burkitt of Reid Lake, Prince George, B. C., were called here owing to the death of their mother, Mrs. Lillie May Burkitt. They spent a few days guests of their brother-in-law and sister, Mr. and Mrs. Alex D. Trickett, and two sons, Lorne and Bruce.

Mrs. Iris Black, R.N., Matron of the Slocan Community Hospital, spent Thanksgiving at her home in Sandon.

Miss Shirley Dennis of Osoyoos was a Thanksgiving weekend guest of Mr. and Mrs. James Forsythe.

Miss Nellie E. Aylwin of the Post Office staff, Trail, was the guest of her mother, Mrs. E. Aylwin, and other relatives for Thanksgiving.

Mr. and Mrs. John Stokes, who were the guests of the latter's mother and sister, Mrs. E. A. Reynolds and Miss Gladys L. Reynolds, returned to their home in Vancouver. They were accompanied by Mrs. Stokes' mother.

Olaf K. Anderson of the Kelowna Exploration Co., Ltd., Sandon, was the weekend guest of his brother-in-law and sister, Mr. and Mrs. Harry L. Taylor.

Miss Dora M. Clever returned from Nelson, where she visite dher brother-in-law and sister, Mr. and Mrs. F. J. Klein, and family, for Thanksgiving.

District Engineer of Slocan Public Works, Mr. and Mrs. Michael C. K. Struve returned from Spokane.

Arthur Jeffery of Kimberley was called to New Denver owing to the death of his uncle, Andy Cavan.

Bobbie Bostock, who was the guest of Mr. and Mrs. G. Ronald Nelson for the weekend, returned to his home at Nelson.

Ernest Doney of the Violamac Mines, Sandon, spent the Thanksgiving weekend at his home.

Mr. and Mrs. L. R. Campbell entertained friends of Mr. and Mrs. J. A. Dennison of Cranbrook when they were here for the weekend.

Robson . . .

ROBSON, B. C.—Mr. and Mrs. A. Nadeau and children returned home after spending a week visiting Mr. and Mrs. Gordon Hett.

Needlecraft by Laura Wheeler

Be More Choosy UK Shoppers Told

By MURIAL NARRAWAY
Canadian Press Staff Writer

WELWYN, Hertfordshire, England, Oct. 11 (CP)—Be more courageous. This was the advice given women shoppers at a complaints section set up by the City Development Corporation here.

A representative body of 200 women shoppers, invited to give complaints and criticism on today's shopping problems, were told to be more militant.

"Don't be afraid of your shopkeepers—demand the best quality and the manufacturers will have to supply it," said Roger Diplock of the Retail Trading Standards Association.

"Now, if only you knew it, you've got the upper hand. Every retail store in the country wants you to be choosey."

In future, when you can't get what you want, see the manager and find out why there isn't anything more suitable in stock, advised Diplock.

VARIETY OF COMPLAINTS

Complaints from the women covered everything from inefficient cookers to a demand for teapots that do not drip.

General laments were the continued absence of pretty, patterned china and the constant supplies of clumsy, badly-designed pots and pans.

Among other things, women want to know why furnishing fabrics are still scarce, expensive and badly designed; why there aren't more crease-resisting dress materials and why stockings don't last longer.

Queries were direct and succinct. Replies, however, were not always enlightening.

Given the old query on the difference between utility (Government controlled) and non-utility clothing, the committee answered:

"Some non-utility garments are made from the finest materials and of the best workmanship. Utility goods are basically sound but there is a tendency for skimping the various manufacturing processes."

Nelson Social . . .

By MRS. M. J. VIGNEUX

● Miss Lillian Auld, Nelson Avenue, has returned from two months spent in various California cities, including Stanford, where she spent over a fortnight with her brother Bert Auld, in Pasadena and Los Angeles with old friends, and in Glendale with relatives.

● Mrs. and Mrs. J. Kirkpatrick of Boswell have returned following a visit with friends in Nelson.

● Mr. and Mrs. Robert Nolte, Baker Street, returned last night from several days spent in Spokane.

● Mrs. J. Will, Kerr Apartments, has as guest her daughter, Mrs. Agnes Jorgensen of Spokane.

● Mrs. M. B. Pawnall and daughter, Miss Dorothy Pawnall, who were here to attend the funeral of the former's aunt, Mrs. J. Woodall, have returned to their home in Spokane.

● Mrs. F. A. Hockey left Tuesday for her home in Calgary after having been called here by the death of her father, Henry Webb.

● Mr. and Mrs. G. B. Bentz of Penticton, ex-residents of Nelson, who were enroute to Winnipeg, were guests on Carbonate Street of Mr. and Mrs. W. R. Smythe. On their return West Mr. and Mrs. Bentz will be making their home in Vancouver, where Mr. Bentz has been transferred.

● James Kay of the North Shore has returned from Vancouver where he visited his daughter and son in law, Mr. and Mrs. Patterson.

● Mrs. J. D. Ricker of Pembrooke Ont., who has been guest of Mr. and Mrs. H. C. Armstrong, 215 Chatham Street, while holidaying in the West, has returned to Trail where she is now with her parents, Mr. and Mrs. A. Dembicki.

● Mrs. O. W. Humphrey, 418 Nelson Avenue, has had as guest for the past few weeks Mrs. J. Condidis, who has returned to her home in Moose Jaw.

● Mrs. W. J. Griffiths of San Diego Calif., is visiting her nephew and niece, Mr. and Mrs. Sam Brown and family Baker Street.

● Leo Atwell, who has been a patient in the Kootenay Lake General Hospital has returned to his home on the North Shore.

● Leo Webb Foster has returned to Vancouver after attending the funeral of his grandfather, Henry Webb.

● Mr. and Mrs. W. R. Smythe, Carbonate Street, have had as guests Mr. Smythe's brother and sister-in-law, Mr. and Mrs. Thomas Smythe of Eureka Calif., who spent a week in town.

Engagements

Mr. and Mrs. H. H. Reimer of Slocan City wish to announce the engagement of their daughter, Francis Zita, to Mr. Harry Kenneth Myers of Slocan City, wedding to take place on November 18 in Slocan City Presbyterian Church.

Kimberley Woman Tells W.M.S. of Churches Meet

Mrs. George Affleck of Kimberley gave her impressions of the World Council of Churches meeting at a meeting of the Women's Missionary Society Tuesday.

"The meeting of the World Council of Churches was one of the greatest of our time with 5000 delegates attending," Mrs. Affleck said.

The purpose of the meeting was to bring together as many Christian workers as possible from throughout the world. People of all races attended and sometimes many were in full native costume. "There was a feeling of oneness with the world."

A native minister from Angola Africa had studied the English language for the past year so that he would be able to address the assembly in English. Mrs. Affleck said that after hearing him speak she knew that no dollar spent on missions was ever wasted. He spoke on religious education in Angloa and of the work of Rev. Thomas Tucker who had acted as a go-between for the Angolians and made definite gains from the Portugese government in educational privileges.

Several years ago in a little Ontario town a Mission Band was asked to care for a little African boy. They paid for his education at a mission school. The ordained minister who spoke at the meeting was that boy.

Mrs. J. Halliwell and Mrs. J. M. Armstrong conducted a devotional period and Mrs. Helen Calley sang, "The Stranger in Galilee."

Fine Costume Jewelry

By ALICE ALDEN

Costume jewelry with a genuine look, fine enough to accompany the most luxurious of clothes, is the outstanding feature of the new season. Halbe, who helped set this trend, has designed a beautiful necklace in pearls and barrel-shaped jeweled beads, exciting enough on its own but doubly so when paired and set off by matching earrings.

I.O.D.E. Posts Worthwhile War Memorial Scholarships

Complete details regarding Imperial Order Daughters of the Empire post-Graduate Scholarships (overseas) course offered annually to students across Canada to enable them to carry on studies of subjects vital to the interests of the British Empire have been received by Kokanee Chapter, I.O.D.E.

The I.O.D.E. established the war memorial in order tto perpetuate the memory of men and women who gave their lives in Empire defence during World War I. Leading features have been bursaries in Canadian universities, post-Graduate Scholarships (overseas) and placing of historical pictures in schools.

Nine post-Graduate Scholarships will be awarded annually for each of the Dominion's provinces to help students carry on studies in such subjects as history, economics and constitutional government, and are tenable at any university in the United Kingdom.

Each scholarship is valued at $2000 yearly and application should be made to the Provincial Educational Secretary, Mrs. Frank Steod, in Vancouver by March 1. Similar assistance may be applied for before returning to Canada for the return journey. If there is no first-class candidate for the scholarship in any year it will not be awarded.

Holders of scholarships are expected to return to Canada and work here after completing their university work, and assistance will be given to help the holder secure a position in Canada. Candidates will be selected next month unless reappointment of the holder is considered. If so, the selection will be made before Jan. 31, 1951.

Candidates for the scholarships may be men or women, and except in the case of ex-service personnel, must be unmarried until after the tenure of the scholarship. They must also be British born or naturalized allies or naturalized neutrals and residents of the Dominion for at least five years, and within the age bracket set. They must be holders of degrees from recognized universities or degree-granting Canadian colleges.

Where there is no university in the province, the provincial committee of selection will award the scholarship to a man or woman from the province who has graduated from any Canadian university or college and who has done or is doing post graduate work. Candidates from a province having no university may apply only in that province, not in the province where they have taken a degree.

The candidate selected will hold the scholarship from October, 1951, for a year.

Remembrance keeps them near."
Ever remembered by their granddaughter, Mrs. Clara Sutherland.

ROSSLAND NEWLYWEDS GO TO COAST FOR RECEPTION

ROSSLAND, B.C., Oct. 11—Back in Rossland to make their home are Mr. and Mrs. Walter Eugene Manning whose marriage took place in St. George's Anglican Church here.

The bride is Diana Elizabeth, eldest daughter of Mr. and Mrs. Arthur Mulholland of Kennedy Delta, near New Westminster, and the groom's parents are Mr. and Mrs. Ernest Manning of this city. Rev. W. F. Bushe performed the ceremony with Miss Daisy Warr as organist.

Given in marriage by Mr. E. J. Henry, the bride wore a pretty taffeta frock of baby blue, with a circular skirt and torso waistline. The yoke was of sheer in a deeper shade of blue, shirred in the front and trimmed with two narrow bands of matching velvet ribbon. A deep blue velvet bonnet with feather trim and navy accessories completed her attire, and she had a corsage of red roses.

Bridesmaid Miss Marilyn Turner had chosen a dress of navy taffeta with a flared skirt and fitted bodice, with which she wore a feather-trimmed felt hat, accessories of grey, and a corsage of pink roses. Mr. Patrick Martin of Trail was best man.

The young couple left by car for the home of the bride's parents at Kennedy Delta where the reception was held.

The bride is physical education teacher at the Rossland High School.

Dramatist Entertains Nelson P-T.A.

A new set of recommendations for guidance of the Bursary Fund Committee which had been previously drafted by the P.T.A. executive in conjunction with the principals of Nelson Schools, representatives of school trustees and students counsellors were discussed at the October meeting of the Nelson Parent-Teachers Association at Central School Wednesday night.

Highlight of the evening was the speech art recital presented by Miss Janie Stevenson, tutor in dramatic art who recently arrived from Paisley, Scotland.

With a group of young children, Miss Stevenson demonstrated after an hour's instruction, what can be accomplished when speech, bearing, movement and concentration, respond to suggestion. It is hoped that a Childrens' Theatre may be established in Nelson.

Miss Stevenson then held her audience spell-bound as she presented in her inimitable style excerpts from a Florence Nightingale Play, playing dual roles.

"Milking Time", a soliloguy of a French soldier while in the trenches was sympathetically received.

The masterpiece of the evening was Henry V's speech before the Battle of Harfleur as written by Shakespeare.

NEWTON ABBOT, Devon, England (CP)—Arriving half an hour late at a conference of railway supervisors, J. R. Figgins, General Secretary o fthe National Union of Railwaymen, gave this excuse: "Unhappily the train did not run anything like on time."

It's Time for You to Do Something About the 59-Cent Dollar

The cost of living is still on the climb. The Bureau of Statistics' laggard scale tells us that it has reached an all-time high of 169.8. That, we should judge, means that what we could buy for $1 in 1935-39, the period on which the index is based, now would cost us $1.70.

Where is this to end? Seven times this year we have read monthly reports of soaring prices with the only offsetting news that of a mild anti-inflation program by the Government and the freeing of the dollar with its likely lowering effect on some prices.

We cannot continue to accept without action higher prices, demands for higher wages, and then, still higher prices to fill these demands. Too many people are harmed.

There is no sense in the argument that existing high wages and high prices help everyone. They do not. They don't help the pensioner, the retired man living on savings, the farmer unable to meet city wage schedules, the wage earner whose raises have not kept pace with costs, nor business faced with the danger of finding fewer people able to buy its products. A 59-cent dollar helps few.

Where does this end? We already have inflation, so where we are heading can only be described as runaway inflation. Or we can end with controls.

Controls are the things nobody wants. Some want price controls, but these same persons don't want wage controls. Some urge a halt to wage demands, but not to "better" prices. Both are deluding themselves. When controls come, should a frightened people demand them, they will come on prices and on wages. It cannot be otherwise. And Government control with all its bureaucracy, its regimentation and its stifling facets, will come, unless self-control by those whose folly is keeping the disastrous spiral in motion comes first.

There's no use looking at your neighbor to see if he's the one to start this anti-inflation self-control or the one to blame for inflation. We are all in this.

Decontrol, Anti-Inflation

Canada, with its dollar newly freed from control, is the only major nation other than the United States without a regulated currency. The initial effect of the decontrol seems to justify the stand that a 9.1 per cent discount of the Canadian dollar was too great.

There were two major reasons for the Government abandoning the control which fixed our dollar at about 90 cents in terms of the United States dollar. Both have to do with inflation.

Canada's reserves of gold and United States dollars have zoomed upward in recent months, reaching $1,789,000,000 Sept. 30. This is even higher than at the end of World War II, when the dollar was placed at par. It compares with the low point of $450,000,000 in the Autumn of 1947, when austerity controls had to be imposed.

United States dollars literally have been pouring into Canada, with our reserves being increased by $534,000,000 in the past three months. This in itself was inflationary. Added to other inflationary pressures, it made the trend dangerous.

Prices have been rising rapidly. To the extent the free dollar approaches parity with the United States dollar, prices paid for commodities imported from the United States should go down, or at least fail to rise as they otherwise probably would. Prices of certain domestic products, such as beef, have been set by the United States market. Any increase in the value of the Canadian dollar will tend to level off these prices; indeed, it has already, to some extent, done so.

Canadian consumers, ready to welcome any anti-inflation move, will also welcome dollar freedom as added evidence the Government is shedding its control complex.

Added Hope

For generations, drunkards have been treated as criminals and pariahs, not as sick people in need of help. Then, 16 years ago, the founder of Alcoholics Anonymous discovered that an alcoholic could find the road back by believing two things: (1) that there is a higher Power than himself, and (2) that for some mysterious reason he, as an alcoholic, cannot afford to take a single drink.

In The Reader's Digest, Paul de Kruif reports that scientists think they have at last discovered the difference between "social drinkers" who can drink or leave it alone, and alcoholics, who cannot. That difference, De Kruif says, is chemical.

While studying thousands of alcoholics brought to Bellevue Hospital, Dr. James J. Smith noticed that the blood of patients in delirium tremens was dangerously thick, their blood sugar perilously low. About to die, they breathe extremely fast, have a feeble, super-rapid pulse and a fever that may shoot up as high as 110.

"It dawned on Dr. Smith," De Kruif says, "that these ominous signs somewhat resembled the often fatal crisis of Addison's Disease. In this disease there is a failure of the adrenal glands just over the kidneys, mysterious little hormone factories absolutely essential to human life. Not so long ago victims lived for only a short while. But now they can be kept in pretty fair health by injections of hormones from the cortex, or outer layer, of the adrenal glands of slaughtered cattle."

Dr. Smith tried ACE (adrenal cortical extract) for DT victims about to die. Their resurrection was little short of miraculous. ACE is now used to soothe hangover heebie-jeebies, calm pre-binge tensions, and eliminate the agony of the drying-out period.

Where does this new chemical discovery leave Alcoholics Anonymous, whose spiritual approach has so far remained unchallenged? As the title of his article, "Double-Barreled Hope for Alcoholics", implies, De Kruif expects the two to go hand in hand. ACE injections don't permit an alcoholic to drink. They simply clear the fog out of alcoholic brains so that the alcoholic can think straight enough to seek the spiritual help that AA offers.

Press Comment

BUILDING COSTS

And now it's nails that are up 6 per cent. Where are building costs going? The price index of residential building materials, based on 1935-39 average index as 100, stood at 227.3 in January of this year, remained practically stationary for the first four months, then jumped up to 230.6 in May, 238.3 in June, and 245.2 in July. By this time it may be 2½ times the 1935-39 figure.—Toronto Star.

SUNDAY SPORTS

The plea for "Sunday sports" means Sunday commercial sports, and comes from those who hope to profit from the clang of the cash register on the Sabbath. It has nothing to do with recreation, or with sport for sport's sake; it has everything to do with sport for money's sake.—Ottawa Journal.

?Questions? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions WILL NOT BE ANSWERED BY MAIL except where there is obvious necessity for privacy.

H. M., Nakusp—Regarding your question on Kokanee, or redfish, we have received the following information from H. P. R., of Grand Forks:

"It may be of interest to correct the statement, "All Kokanee are protected while spawning." Kokanee have been legally netted during the spawning season on the beaches of Christina Lake for 30 or 40 years. I believe they are also netted in the Okanagan, but am not certain of the details. Incidentally, they are netted in some numbers during good years and tons of these fish are shipped to Vancouver, Trail, Rossland, Nelson, as well as Calgary and smaller towns in Alberta."

Apparently we are both correct. Kokanee are protected when spawning in streams. Pertaining to beach-spawners in lakes, there are provisions in B. C. game regulations permitting the taking of Kokanee under licence. Drag-seines are generally used for this.

N. S., Nelson—Can you supply me with a recipe for making beet and onion relish?

We are unable to find this. Will another reader help?

N. Z., North Shore—Is there anything that could be put in water to keep flowers from wilting quickly? The top of my two-tone cotton and rayon dress ran when I washed it. Is there any way of removing the stains?

With regard to preserving fresh flowers as long as possible, there are, of course, several preparations for this purpose sold by florists. Also, many people put the tips of the stalks, when freshly cut, into melted wax, which hardens when cool and thus seals in the juices. Some authorities advise plunging tips of stalks into hot water and then into cold. We do not know of any way to remove the stains on the dress.

Looking Backwards

10 YEARS AGO

From The Daily News of Oct. 12, 1940

Mrs. W. A. Weatherhead, Fourth Street, Fairview, returned yesterday from a week's visit at the home in Creston of Mr. and Mrs. A. D. Pochin.

Mr. and Mrs. Arthur Lakes, Kerr Apartments, have returned from several days spent in Spokane, where they visited their son Arthur who attends Business College there.

25 YEARS AGO

From The Daily News of Oct. 12, 1925

A crowded hall with an overflow crowd outside greeted L. W. Humphrey, Farmer-Labor candidate, and Guy Constable of Creston, at the party's rally in the Maglio Block, Saturday night; the meeting being presided over by W. T. Choate.

Mrs. W. M. Hawthorne of Fernie and Miss Bertha Tisdale of Simcoe, Ont., spent Saturday in the city.

40 YEARS AGO

From The Daily News of Oct. 12, 1910

A gang of C.P.R. men have been at work the past few days upon the construction of a 12-foot sidewalk between Josephine Street and the wharf. This much-needed improvement will enable pedestrians to walk on a first-class sidewalk from the main streets to the wharf.

Your Horoscope

Indications are for many pleasant surprises for you in the next year. Seize the opportunities given by these propitious vibrations. High ideals and a powerful will should help the child born today.

It's Been Said

A criminal is a person with predatory instincts who has not sufficient capital to form a corporation.—Howard Scott.

Lots of ancient proverbs may be wrong, perhaps most of them, but hundreds still put faith, if not trust, in grandmother's sayings. Now this year Christmas Day happens on a Monday, and the refound proverb declared quite boldly: "If Christmas Day on Monday be, a great Cinter that year you will see." Anyway, we can put the queer old forecasters to a test this year.

JAIL OR FINE FOR HERONITES

VAL D'Or, Que., Oct. 11 (CP)—Four Heronite preachers today were fined with jail alternatives as the latest violaters of Val D'Or's bylaw forbidding religious street meetings without permit.

In recent weeks, 31 Regular Baptist evangelists have been jailed for similar action. The Heronites are a fundamentalist sect of the Protestant religion.

In bringing down his judgment, Mr. Baillargeon said he had received many letters "invoking death upon me and my family as a 'judgment of God.'" He said he also had been called a dictator and "otherwise abused."

He added that he also had received a number of letters from Ontario residents who were neither Roman Catholics nor French-speaking Canadians, congratulating him on the fairness of the trials he had given members of religious sects.

"These make up for the others," he said.

MONTREAL, Oct. 10 (CP)—Rev. Joseph McClelland, Pastor of the Presbyterian Church at Val D'Or, said today there is no religious persecution in his city although 31 Regular Baptists have been arrested there in recent months.

"The Regular Baptists are a fundamental group and it is because of their beliefs that they have run into trouble with other Protestant groups and the Roman Catholic Church," he said.

"You cannot work with those people, only for them. I can sympathize with the Val D'Or City Council."

The Meanest Thief

COLUMBIA, S. C., Oct. 11 (AP)—H. M. Varnadore told police today a stranger he befriended spent the night at his home and stole a watch, shoes, cigarette lighter and money.

Varnadore couldn't describe the man. He is blind.

Farm Radio Forum Executive Chairman

TORONTO, Oct. 11 — Leonard Harman, Organization Manager of the United Cooperatives of Ontario, has been elected Chairman of National Farm Radio Forum's Executive Committee. Mr. Harman replaces O. J. W. Shugg who resigned to devote full time to his duties as Director of Publicity for the Dairy Farmers of Canada.

Mr. Shugg is a former resident of Nelson, where he was for some years on the office and editorial staffs of the Daily News.

Barbara Brent's BUYS AND WHYS

A WEEKLY INFORMATION SERVICE

MONTREAL, Oct. 12th—Thanksgiving Season is the time for counting your blessings . . . for mental stocktaking of the good things in your life. I'm sure you'll agree with me that one of the most important "good things" from a woman's viewpoint is security. Security such as comes from owning *Canada Savings Bonds!* Well—now's the time to subscribe to the new series . . . it goes on sale next Monday. Buy *your* bonds the most convenient way—through the BANK OF MONTREAL—either for cash or by easy instalments. And remember, for a moderate charge the B of M will look after your bonds once you've bought them, and credit your account with the interest as it comes due. Help yourself to a greater measure of security—enquire about Canada Savings Bonds at the B of M today!

It's So Peaceful In The House . . . what do you suppose the youngsters are up to? Why, they're happy as can be, playing with their wonderful Heinz cardboard cut-outs! Yes, Heinz have gone into the toy-making business . . . they've designed delightful cardboard cut-outs that make big trains or make-believe modern kitchens. And they're yours ABSOLUTELY FREE of charge. All you do to get them is purchase 6 tins of that good HEINZ CREAM OF TOMATO SOUP at regular prices. The tins are packed in "toy-maker" cartons . . . the toys are printed in colour and semi-cut on the carton. There are four kinds of cut-out cartons:

1. Locomotive and Freight Car.
2. Flat Car and Caboose.
3. Stove and Sink Unit.
4. Refrigerator and Cupboard.

Ask your grocer for 6 tins of Heinz Cream of Tomato Soup in the new, toy-making carton . . . OR—*write to me*—Barbara Brent, 1411 Crescent St., Montreal, P.Q.—*enclosing 6 labels from any variety of Heinz Soups*—telling me which of the four toy-making cartons you'd like (you can have all four for 24 labels!)—and I'll send your "toy-makers" directly to you.

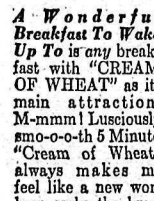
Send For This Booklet and begin a hobby that will give you pleasure for many and many a moon. Everyone's talking about *"A New Hobby From An Old Craft—How to Hook a Rug"*. For this fascinating booklet not only gives the history of hooked rugs in our country . . . it tells you exactly how to go about the pleasurable business of hooking them. It's fun!—inexpensive and easy—and such rewarding results. All you need . . . a set of wooden frames—burlap—bits of cloth or worsteds—a steel rug hook—colourful, All-fabric TINTEX Dyes and, of course—the booklet. ***Simply write to me***—Barbara Brent, 1411 Crescent St., Montreal, P.Q.—***enclosing 10c in coin or postage stamps and I'll mail your booklet to you, post-haste.***

When The Frost Is On The Pumpkin, and all the family snuggles around the fire, I like to serve a piping hot chocolate drink. And I don't know of anything more wonderful than BAKER'S UNSWEETENED CHOCOLATE for a drink full of nourishment and luxurious chocolate flavour. Baker's is, of course, all pure chocolate with nothing added, nothing taken away, making all chocolate flavoured dishes more rich and satisfying. Here's the recipe for Hot Chocolate that would make a French chef green with envy!

2 squares Baker's Unsweetened Chocolate
1 cup water
3 tablespoons sugar
Dash of salt
3 cups milk

Add chocolate to water in top of double boiler. Stir over low heat till melted and blended. Add sugar and salt; boil 3 minutes, stirring constantly. Place over boiling water. Add milk gradually, stirring constantly, then heat. Just before serving, beat with egg beater till frothy. Serves 6.

A Wonderful Breakfast To Wake Up To is *any* breakfast with "CREAM OF WHEAT" as its main attraction. M-mmm! Lusciously smo-o-o-th 5 Minute "Cream of Wheat" always makes me feel like a new woman, no matter how early the breakfast-hour! So easy to prepare, too! . . . in just 5 minutes of boiling, it cooks to delicious digestibility . . . and everyone from Baby to Dad adores it! What's more, 5 Minute "Cream of Wheat" contains Iron necessary for good red blood, and Calcium and Phosphorus—for diets deficient in these elements. No wonder the "Cream of Wheat" habit is such a good *family* habit! And—remember . . . the words "Cream of Wheat" and the familiar "Cream of Wheat" Chef on the package are both registered trademarks of The Cream of Wheat Corporation.



Blustery Fall Weather needn't be a hand-care problem at all, I've found. I simply make sure that I'm well supplied with soothing JERGENS LOTION . . . it's the best insurance I know against weather-worn, work-weary hands. No matter how blow-y the weather may be—no matter how hard your hands work for you every day . . . they'll stay soft and smooth with the soothing care of Jergens Lotion. I wasn't surprised in the least to hear that Jergens is the hand-care preferred by more women than any other hand-care in the world . . . used regularly, it makes such beauties of your hands! Try this: Keep a bottle handy, in both kitchen and bathroom and use it after every watery job! 10c, 28c, 53c and 98c.

I'm Really Thrilled . . . and you'll be too, when you see the FRIGIDAIRE De Luxe Cold-Wall REFRIGERATOR. It's so beautiful with its Ice-Blue interior trim . . . and so wonderful "in action". For example, its big, full-width Super-Freezer Chest holds up to 45 lbs. of frozen foods . . . *while* its huge Hydrator keeps fruits and vegetables fresh and crisp for days. Look twice at those roomy, all-aluminum shelves, too . . . for they're tip-proof, rust-proof and edged with Ice-Blue. Yes, "made by General Motors" means a lot in electric refrigerators . . . so visit your Frigidaire Dealer soon, for the thrill of your life!

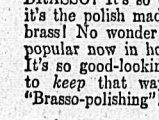
Beautiful Brassware deserves the best of care for it adds such glowing beauty to the decoration of a room! Handsome brass candlesticks—a door knocker that seems to say "Welcome!" to your guests—fireplace accessories to complete the homey atmosphere . . . all these keep their good looks when they're polished *regularly* with BRASSO! It's so easy to use, for it's the polish made especially for brass! No wonder brassware is so popular now in home decoration! It's so good-looking—and so easy to *keep* that way—with regular "Brasso-polishing"!

Misery Of Miseries . . . There's nothing worse than a cold, is there? That's why, a word to the wise is: buy ANOHIST *now!* Yes, taken on exposure or at first sign of sniffles or sneezes, Anohist can *stop cold symptoms in a single day!* And just think—this prompt, efficient relief—for *pennies!* The Super-Economy Family-Size Bottle of 36 Anohist tablets costs you only about 3c per tablet! So *be prepared*—get Anohist from your favourite druggist *today! Remember: all antihistamines are not alike. They vary greatly in performance. Anohist is the antihistamine formula recommended for family use because of its success in actual clinical tests.*

Life Will Look Rosy on even the gloomiest October morning—when breakfast is good. And here's a breakfast feast to tempt even the laziest of appetites—QUAKER PUFFED WHEAT or PUFFED RICE. They're both "pretty special" according to my family—so I serve them often. Everybody loves those crisp toasty puffed grains. They're so light . . . so easily digested and m-m-m what tempting flavour. For extra enjoyment try serving Quaker Puffed Wheat or Puffed Rice with sliced bananas. They're really delicious served that way. So stock up now! And save the box tops from Quaker Puffed Wheat and Quaker Puffed Rice to get a set of Tudor Plate for less than half price. Full particulars on the package.

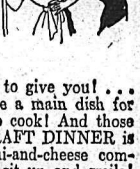
I've Learned My Lesson! For years I fussed and fumed with dirty kitchen rags—a rag to wash the dishes—one to clean the sink—another for the stove—a rag to clean the floor. Now I've discovered I can *sponge* away dirt with the C-I-L SPONGE . . . and wash it under the tap in a jiffy—or sterilize it in boiling water. No more dirty rags . . . just this wonderful C-I-L cellulose Sponge that's velvet-soft when wet and can be used as a chamois when rung out. (I even use one to wax my kitchen floor!) Just try it! Its soft texture is kind to your hands and the finest finish. Its square shape gets into corners to chase out the last speck of dirt. And it's wonderfully durable. Ask for C-I-L Sponges (in five convenient sizes) at your favourite drug, department, variety, hardware or grocery store . . . and be sure to look for the C-I-L label—it's your assurance of quality.

He Means Every Word Of It when he says you look lovely. It's that delightfully tantalizing glow that Woodbury's new powder shade "COQUETTE" gives to your complexion! All day long, whether you're walking or working . . . and all evening, too—dining or dancing . . . "Coquette" gives you the kind of sheer flattery that brings sincere compliments. And you'll love *more* than the warm, golden shade of this new Woodbury Powder . . . you'll love its fine texture, too. For there's a unique ingredient in Woodbury Powder that gives your skin a satin smooth sheen with no "powdery" look . . . and helps this fragrant powder to cling and cling. Match your powder with the creamy new "Coquette" pink lipstick for the most provocative effect imaginable! Choose the powder in 19c, 37c or 65c size . . . and the lipstick is just 49c.



Have You Seen the new tissue handkerchiefs in colours? I've noticed FACELLE "En Pastels" on display in lots of drug stores and Gibson's Tinted Tissues are being featured by many leading grocery stores. Both brands are smartly packaged in boxes you can be proud to have on view and you'll love the lovely pastel colours of the tissues showing through the cellophane windows. These coloured tissues are of deluxe quality in other ways too . . . a luxurious softness and with the extra strength and absorbency made possible by 3-ply thickness. ***If you have any difficulty buying either of these coloured tissues just drop me a note***—Barbara Brent, 1411 Crescent St., Montreal, P.Q.—***enclosing 25c in coin or postage stamps*** and I'll see that you get a box right away.

After An October Rain, your youngsters can play outdoors with less chance of catching cold from wet feet . . . when their shoes are soled with NEOLITE. You see, Neolite is absolutely waterproof. Neolite soles are healthy in other ways, too . . . for Neolite does *not* cause foot burning—perspiration—foot odours nor itchy feet. It's more flexible than leather—truly kind to active young feet. (Truly kind to your floors, too—for Neolite "doesn't mark.) And, last but not least, Neolite outwears leather *over 2 to 1*. So buy Neolite soles for all the family. And have worn shoes resoled with Neolite.



A Friend Of Mine Was Looking Tired. "I ache all over from Fall housecleaning. Can't sleep at night," she said. "That's when to reach for SLOAN'S LINIMENT!", I told her. For, truly, Sloan's is the most relief-bringing treatment I know for rheumatism, sore muscles, stiff neck, or neuralgia. Its soothing, penetrating heat gets right to the *heart* of the pain. Just *pat* it on and it works wonderfully quickly to bring welcome relief! No wonder Sloan's is a medicine cabinet "must" in so *many* homes! And it's not expensive . . . just 40c a bottle at any drugstore.

It's Literally As Simple As A.B.C. to serve a superb salmon meal at a moment's notice! What's the secret?—A.B.C. SALMON, of course! It's packed and ready-to-serve—in four varieties, each the best of its kind, and all four kinds family "flavourites" and oh so budget-wise! There's *A.B.C. Sockeye*—deep, bright red sockeye . . . succulent in salads, luscious in sandwiches and festive served in a hot dish. Then there's delicious *A.B.C. Red Cohoe*—medium red, wonderfully tasty and delightfully versatile. And you'll love *A.B.C. Fancy Pink*—fine-textured and flavourful in your hot dishes. And last but not least of this flavourful foursome is luscious *A.B.C. Fancy Keta*—light-fleshed, tasty salmon high in food value and full-flavoured. Try it in this delicious dish:—

SALMON TURNOVERS

1 lb. A.B.C. Salmon	2 tspns. chopped parsley
2 cups white sauce, medium	1/2 cup grated cheese
1 tspn. grated onion	Biscuit dough or pastry (2 cups flour)

Add onions, parsley, cheese to sauce, stirring until cheese melts. Add drained, flaked A.B.C. Salmon. Roll dough or pastry 1/4 inch to 1/3 inch thick. Cut in 5 inch squares and place in greased muffin tins. Fill with Salmon mixture. Bring corners of dough to top center, pinch together securely. Bake 30 minutes in a 400 deg. F. oven. Serves 6-8.

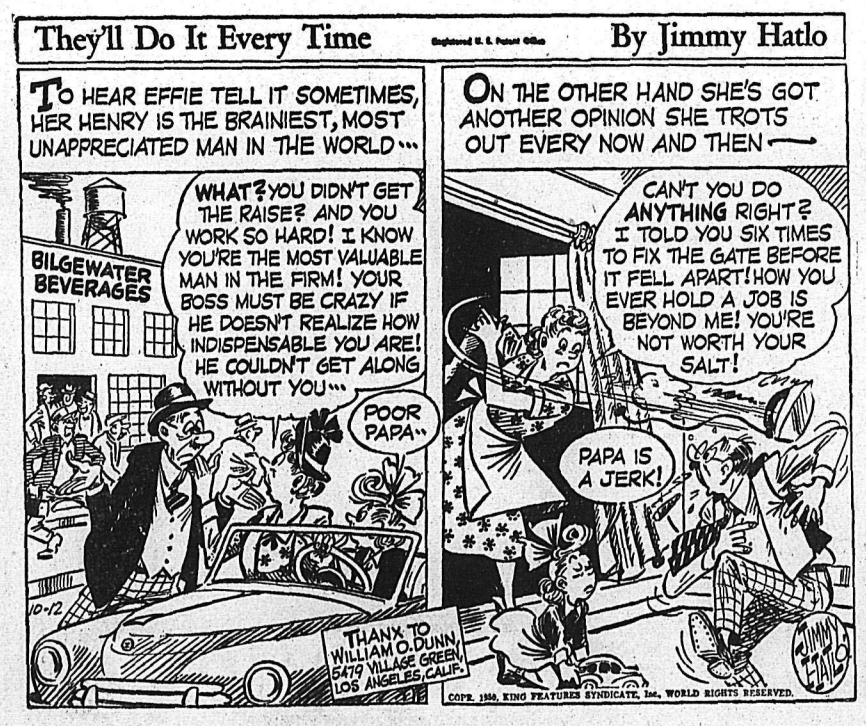
This Is The Kind Of Food News I like to be able to give you! . . . For just a few pennies, you can have a main dish for four that takes just seven minutes to cook! And those are just three of the reasons why KRAFT DINNER is so popular! It's a delicious macaroni-and-cheese combination that will make your family sit up and smile! In every package you'll find two magic ingredients . . . a special, fast-cooking macaroni and grated cheese for mellow, cheddar cheese flavour. I've made sure I have a good supply of "Kraft Dinner" for my family's favourite Fall meals. And so economical . . . for just a few pennies there are ample servings for four in each package!

Hoo-ray! . . . I'm delighted! — I've discovered how to avoid those Budget Blues *in spite* of the high cost of meat—yet give the family the good meat flavour they crave! It's not magic that does it . . . it's beefy-good BOVRIL. Bovril is still the same reasonable price . . . and it's chuck-*full* of the mouth-watering flavour of good roast beef. Add its savoury beefiness to soups and stews—make rich, brown Bovril gravies—drink Bovril (piping hot) on cold days . . . in fact, any time you miss the flavour of good meat—enjoy the beefy goodness of budget-wise Bovril! Next time you're shopping—ask your grocer or butcher for Bovril Cordial, Concentrate or Cubes—whichever you prefer.

At Last! — Kitchen Showers are easy—with the beautiful, practical, gift-packed SUPREME ALUMINUM TREASURE CHEST. It's a gift to make any bride feel lucky! . . . a complete 20-piece kitchen-maker set of Canada's finest cooking utensils. Now there's no need to pick and choose shower gifts—no danger of duplication—just let one person buy the Treasure Chest . . . then split the price. The price itself is a wonder! . . . just $19.95 for twenty easy-to-clean, wonderful-to-own Supreme Aluminum cooking utensils. Hardware and department stores carry Supreme and Lifetime Treasure Chests . . . both of the same high quality—the same exceptional value.

They'll Do It Every Time

By Jimmy Hatlo



Today's Bible Thought

There are sermons in stone, books in running brooks, but only the pure in heart see God or understand Him.—God speaketh once, yea twice, yet man perceiveth it not. —Job 33:14.

Aunt Het

They say automobiles let young folks get too far from home, but plenty of 'em went too far in a buggy.

BRIGHTON, England (CP)—"No room," was the reply to a party of would-be visitors from India. Elephant tusks were offered as payment.

Schooner Trek From Sask. to Coast Nears End for Aged Man, Young Son

VERNON, B.C., Oct. 11 (CP)—The last of the Prairie Schooners is creaking slowly toward the West Coast, on the last lap of a hard, long trek over the burning Western plains and the long, rugged heights of the Rockies.

Up under the soiled canvas sit a guarled old man and a young boy. In front of them plod Queen and Doll, drawing the 50-year-old McCormick wagon.

The grain was just beginning to peep through the earth at Melfort, Sask., when Frank Muss, almost blind and partially crippled, decided to come to British Columbia, where most of his 10 children now live.

So he hitched his two horses to the old Prairie Schooner, sat his son, Bobbie, 12, on the seat beside him and his grandson, Gerry, 4, on the bed in the wagon, told his wife he'd send for her from the Coast and said giddap.

The grain was high when they reached Medicine Hat, Alta. As they moved into the foothills of the Rockies, it was Golden. Maybe before snow flies the Schooner will reach the end of the road West.

They averaged 25 miles a day. "We just keep a peckin' along," Frank Muss said, "Just a peckin' along."

Here in Vernon, near the North end of the Okanagan Valley, the apples are red and they have stopped a few days to pick and earn a few dollars to buy food for themselves and feed for Queen and Doll.

Young Gerry has left the team. His parents, Mr. and Mrs. Bob Allanson of Vancouver, decided 1000 miles was enough trekking for a four-year-old and removed him temporarily from grandfather.

"He was a grand little traveller," said Muss. "Never complained. Got a touch of the chicken pox after a storm soused us near Regina but he shook it off."

BEER BOTTLES PAY

Muss built a step on the front of the Prairie Schooner and the kids frequently jumped off and ran alongside the horses looking for beer bottles in the ditches.

Beer bottles paid for $60 of the $150 cost of the trek from Melfort to Vernon. A good deal of this was used for four sets of shoes for the horses.

Today, the wagon sat in a hayfield, Queen and Doll gorged in a nearby posture and Muss and his son—the old man sometimes in pain—clambered through the orchard.

Some days, Bobbie takes time off to go fishing.

"It's been a good thing for Bobbie," Muss said.

"He'll remember, you know. And when a man gets to the stage I'm in there's not much more for him in life than giving his kids things to remember."

Absentee Husband No Excuse for Tax Exemptions

OTTAWA, Oct. 11 (CP) — The fact that a husband lives and works in another town, coming home for a weekend once a month, does not constitute separation from his wife for income tax purposes, the Income Tax Appeal Board ruled today.

The Board gave the ruling in a case in which an unnamed married woman, working and earning more than $750 a year, claimed an exemption of $1500.

Bonnington . . .

BONNINGTON, B. C. — Mrs. R. Greyson had as her guests for a couple of days Mrs. O. W. Humphry of Nelson and her guest, Mrs. J. H. Condidis of Moose Jaw.

Miss Jeannette Poulin, school teacher, spent the Thanksgiving holiday at the home of her parents, Mr. and Mrs. P. E. Poulin, Carbonate Street, Nelson.

Mr. and Mrs. F. Hawkins had as their guests for Thanksgiving Mr. and Mrs. J. A. Robinson of Nelson and Mrs. Fieldhouse and children, Dorothy and Bud, of Willow Point.

Mr. and Mrs. Jesse Ridge had as their guests for Thanksgiving Mrs. W. R. McDonald, the latter's mother, and Mrs. Tom Brown of Nelson.

Mr. and Mrs. W. G. Elsdon have had as their guests Mr. and Mrs. W. P. Gilchrist of Vancouver.

Rossland

ROSSLAND, B. C.—In town to attend the Lloyd-Scorgie wedding were Mr. and Mrs. A. E. Anderson and Mr. and Mrs. E. Stangherlin of Nelson.

D. G. Chamberlain, Principal of Rossland High School, has been at the Coast the past 10 days attending a conference of the Canadian Education Association in Victoria, and a meeting of the B. C. Teachers' Federation in Vancouver.

Mr. and Mrs. Ray Mitchell of Edmonton are visiting relatives in town, and attended the wedding of Mrs. Mitchell's step-sister, Miss Marie Scorgie, to Robert Lloyd.

Mr. and Mrs. Nils Pearson of Kimberley are visiting the latter's parents, Mr. and Mrs. Jack Lloyd Sr., and were guests at the Lloyd-Scorgie wedding Saturday.

Rossland Legion's Ladies' Auxiliary Appoints Officers

ROSSLAND, B. C., Oct. 11 — At the regular business meeting of the Ladies' Auxiliary to Canadian Legion, Branch No. 14, Mrs. Gladys Yarmoluk reported on the Zone Council meeting in Grand Forks which she attended as official representative of the Auxiliary. A new member, Miss Kathleen Brown, was initiated and welcomed to the group.

During election of officers Mrs. William Gresley-Jones was re-elected to head the Auxiliary for another term. Completing the executive are Mrs. William Martin as First Vice President; Mrs. Henry Matthews, Second Vice President; Mrs. Arol Weir, Secretary; Mrs. Gladys Yarmoluk, Treasurer; Mrs. Jack Phillips, Sergeant at Arms; Mrs. Jack Cox, Standard Bearer; Mrs. Robert Richardson Sr., Membership Secretary.

Appointed as hostesses for the social meeting this month were Mrs. J. Hadley Conroy, Mrs. David E. Calder, Mrs. Jack Cox and Mrs. Al Dixon.

Mrs. P. Maher served tea at the close of the meeting.

Clears $50,000 In Wool Sales

PORT ELIZABETH, South Africa, (CP)—S. P. le Roux, Minister of Agriculture, cleared more than $50,000 at the recent sale of his wool.

This fact did not prevent him from blaming the mutton shortage on high wool prices when he addressed the Transvaal Congress of the Nationalist Party.

The Minister said that farmers could pay more for sheep than the butchers. Consequently, little mutton reached the market.

Le Roux's clip of 40,937 pounds of wool from his Kofflenfontein farm was sold outright at the third Port Elizabeth sale of the new season. Tie 138 bales were one of the largest offerings of the day.

Three times prices for his wool exceeded 10s ($1.55) a pound. Nineteen bales fetched 10s. 6½d a pound, four reached 10s. 6d, and another 14 got 10s. 5d. His 19 bales of topline wool alone netted more than £2700 ($9800).

At least two other farmers, however, beat the minister's total. S. D. Naude of Hanover netted more than twice as much with 284 bales. Twenty of these bales brought 10s. 8d a pound.

P. T. Retief of de Put was another successful farmer, his total receipt being more than £24,000. Of his 170 bales, 23 netter him £3600 and another 23 brought 10s 10½d a pound.

NEW EXPORT?

CANTERBURY, England, Oct. 11 (CP) — Beards grown in Canada may grace Canterbury's festival of Britain pageant next year.

Mayor Stanley Jennings has received a letter from several Canadians offering to grow beards and then come over to take part in the celebrations.

"We are replying to the letter but we cannot say whether it will be accepted," an oficial said.

Mayor Jennings recently appealed for strong men to grow beards to lend realism to historical aspects of the pageant. But he did not count on a response from as far away as Canada.

South Slocan...

SOUTH SLOCAN, B. C.—Mr. and Mrs. Eric Westman, who were accompanied by Mr. and Mrs. S. Croyan of Taghum, have returned from a motor trip to Wenatchee, Spokane and other points in the States.

John G. Murray, who attends U.B.C., spent Thanksgiving weekend here with his wife as guests of Mrs. Murray, the former's mother.

Mr. and Mrs. Norman Roberts and daughter Juanita and son Wayne were guests of Mr. and Mrs. J. Potosky, Morgan Street, Nelson.

Mrs. W. C. Motley of Trail is the guest of Mrs. J. D. Yeatman. She also visited her mother, Mrs. K. Horner, in Nelson.

Mrs. C. G. Fenwick is a patient in Kootenay Lake General Hospital.

Mr. and Mrs. W. D. Ridge had as their guests for Thanksgiving weekend their son Douglas and granddaughter Barbara, and their daughters Bertha and Florence, all of Trail.

George Penniket is a patient in Kootenay Lake General Hospital. Mrs. G. Penniket and children, Penny and Roy, were weekend guests of Mr. and Mrs. Roy Sharp, Mrs. Penniket's parents, Hoover Street.

Sirdar . . .

SIRDAR, B. C.—Mrs. Stagg of Vancouver is the guest of her brother-in-law and sister, Mr. and Mrs. J. Kollman.

Bertha Williams, visitor in Sirdar for a few weeks, has left for Vancouver.

Mrs. M. Arnold, with her pupils and their mothers, had a Thanksgiving service at the school.

Rev. A. B. Craig held Thanksgiving service in Sirdar Sunday. A nice collection of fruit and vegetables was donated by the residents, to be sent to the Creston Valley Hospital.

OTTAWA, Oct. 11 (CP) — Preliminary work on a power project on the Mayor River in the Yukon will be started this year, it was learned today.

Tenders have been called for preliminary rock work. This will involve blasting out sites for a dam and for a powerhouse. Tunnels also will have to be dug from behind the dam to the power turbines.

The project is expected to cost about $3,000,000 and take two or three years to complete. Provision for the expenditure was made during the passage of estimate at the Spring session of Parliament.

Store New Blood Transfusion Solution

WINNIPEG, Oct. 11 (CP)—A new blood transfusion solution that can be stockpiled to meet disaster needs is being tried in Winnipeg.

The experiments are made under Dr. C. Harris, Provincial Medical Director for the Canadian Red Cross in co-operation with several Winnipeg doctors. They will treat city hospital patients.

The solution, already used in large quantities in Sweden and Britain, has already proved highly successful in first aid and shock cases.

If the Winnipeg experiments work well, the solution will be manufactured and stored in Canada as a supplement to whole blood and dried blood plasma, for use in disasters.

Dr. Harris said, however, that huge quantities of whole blood and plasma still will be required.

The new solution has many advantages. It needs no refrigeration. It can be used on any patient, regardless of his blood group. It lasts indefinitely, whereas whole blood can be kept only 40 days.

It is made by mixing microbes with big names--Leuconostoc Mesenteroides, a bacteria germ — and cane sugar, by a special process. The solution was first made in England in 1939-40 and Sweden perfected it.

No harmful effects have ever been found.

Dr. Harris said that if the solution is introduced on a large scale, the problem of blood supplies in rural points will be eased.

Inconel, a nickel-chromium-iron alloy, is used for many parts in jet engines.

Fresh Slides Block PGE Rail Service

VANCOUVER, B. C., Oct. 11 — (CP) — Rock and mud slides continued to plague the Pacific Great Eastern Railway today.

Service had been expected to be restored yesterday after weekend rains sent tons of mud and rock cascading into Cheakamus Canyon near Squamish, Southern terminus of the P.G.E.

More rock has tumbled across the line at Mile 19, a mile up the line from the site of Sunday's rail block.

I. J. Boomer, P.G.E. official at Squamish, 40 miles from here, said the new slides roared down late yesterday after crews had tunnelled through rock which buried the tracks 25 feet deep at Mile 18.

Mr. Boomer said the Northbound train might leave Squamish late today.

Children No Longer Fear Their Father

ALDERDEY EDGE, Cheshire, England, Oct. 11 (CP) — Children no longer fear their fathers the way they did in Victorian days, says Rev. Kenneth Jinks.

Jinks recently investigated the fears of children. Reporting on the survey in a quarterly review, he wrote:

"None mentioned a fear of father, but none could say: "I'm not afraid of anything."

Dogs were feared by nearly one-fifth of the children. Lions, tigers, rats and mice were common fears, but "not one child mentioned being afraid of cats."

Most children said they were afraid of darkness — a dark room, going past dark place, going to bed without a light.

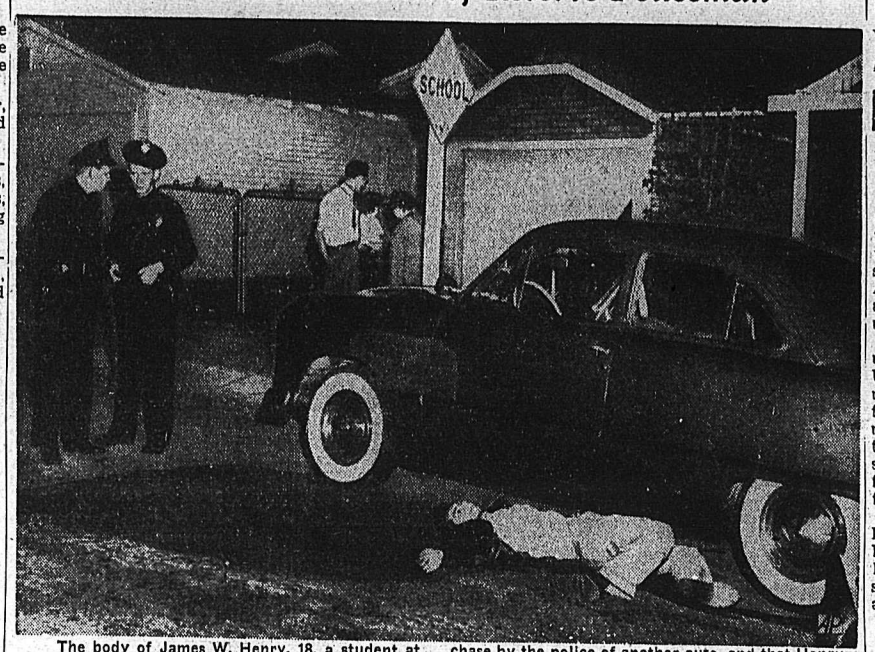
Youth Dies at Hands of Reserve Policeman



The body of James W. Henry, 18, a student at John Muir College in Pasadena, Calif., lies beside an automobile in Los Angeles after he met death at the hands of a reserve police officer. Henry's companion told the police they were flagged to the curb by two reserve officers while joining in a chase by the police of another auto, and that Henry was shot as the two were ordered to get out of the car with their hands raised. The reserve officer, James E. Christman, 34, said: "I didn't aim the gun . . . it might have gone off accidentally."

Game Warden's Life Is Sometimes Amusing, Always Full of Variety

NORTH BAY, Ont., (CP) — It takes courage and presence of mind to make good as a game warden.

Joe Carswell, R.C.A.F. veteran who joined the Lands Department after his discharge, has both.

The presence of mind was evidenced when he retreated from two pairs of running shoes and a pair of spectacles.

Joe was stationed at nearby Widdifield, and was taking a routine patrol to acquaint himself with the area. Climbing down towards a lake he found himself confronted by a pair of sneakers and a pair of spectacles, with nothing but man in between.

As the man berated Joe for charging in on a nudist camp, the young warden was aware of other naked bodies among the trees. And when a blonde young woman emerged from the lake, dressed herself in a daring pair of running shoes and started towards them, Joe thought it time to call a halt.

"Listen you," he said, "I'm here legally. I'm a game warden. If you people lived like other folks, you wouldn't worry anyone walking in on you."

With that, he made a dignified exit, looking back to see that they weren't setting a fire without a permit.

FARMERS TOO

Some of the folks at nearby Redbridge have a grudge against him, too.

The farmers in the district had been plagued with elk ruining their crops. So the Lands Department pronounced an open season on Elk this year and allotted 200 licences to the Northbay District.

Somehow, all the licences were handed out free with deer perimts before residents knew about them, and not a single farmer got one. They felt Joe was responsible, but he couldn't do a thing about it.

"It looks like the hunters will be shooting the elk and the farmers will be shooting the hunters," he says.

"Fortunately for me, I'm going to be stationed away from here during the season."

Red Ensign Flies At Fort Lewis

FORT LEWIS, Wash., Oct. 11 (CP) —Raised with special ceremony, Canada's Red Ensign now is flying at this vast American military base.

The flag was raised early today by the group of 100 Canadian soldiers sent here to establish a staging camp for the Army's special force in its movement to the Far East.

The ceremony took place in front of the Canadian orderly room with Col. Carl Boehm, head of the group, among those present.

The 100 Canadians, a drop in the bucket in a camp which has handled 50,000 men at once, are busy exploring Fort Lewis' wonders, particularly the 53 army post exchange stores where they can get cheap anything from cigarets to radios.

The title of "Fourth Largest City in the State of Washington" is one which is visibly merited. It is a complete city. Everything from fire departments and hospitals to swimming pools and football stadiums are included.

18th Century Press Gave Gory Details

MONTREAL, Oct. 11 (CP)—E. C. Woodley, author and historian, told a meeting of the Canadian Authors' Association here of the results in history of seemingly trivial incidents as far back as Cleopatra. It has been suggested that the whole course of history would have been changed if Cleopatra's nose had been a different shape.

Mr. Woodley, who has written many books about the Province of Quebec, said historical research had proved that unknown people and apparently insignificant incidents in the lives of great men were responsible for producing results of great importance.

Joan Morgan, author of "Castles of Old Quebec", said much of her material had been accumulated from newspapers of the time, and that in many respects papers of the 18th century were much more interesting than those of today.

"When they came to report a murder or an accident," said Miss Morgan, "they put in all the details; they reported the precise appearance of the victims."

To Investigate Cancer Treatment

LONDON, Oct. 11 (AP) — A Welshman's controversial treatment for cancer will be investigated by Sir Alexander Fleming and three fellow scientists, named today as a Government commission.

The Welshman, D. Rees Evans, has been treating cancer sufferers with what he describes as a mixture of herbs.

The British Medical Journal has classified as "dangerous nonsense" some of the statements made about the treatment. It said:

"As Mr. Evans has so far refused to disclose the constituents of his remedies, it would be legitimate to suppose that its principal ingredient is zinc chloride—the favorite prescription of many self-dubbed cancer-curers of the past."

Alta. Fires Fanned By High Winds

EDMONTON, Oct. 11 (CP) — High winds fanned forest fires in Alberta again Tuesday night, driving at least one out of control near Buck Lake, in the Breton area, about 65 miles Southwest of Edmonton.

The fire threatened a look-out tower near Buck Lake, but emergency crews were rushed in and got the blaze under control Tuesday night.

Alta. Oil Pushes Canada's Output To New Heights

OTTAWA, Oct. 11 (CP)—The rapid development of Alberta oilfields is pushing Canada's production of oil and gasoline to new heights, the Bureau of Statistics reported today.

With Alberta producing 95 per cent of the all-Canada total, production of crude petroleum hit a new high in July. Production totalled 2,181,342 in June and 1,775,320 in July, 1949.

Alberta's output of 2,470,041 barrels was more than 780,000 barrels higher than in July, 1949. The month's production from sources in Saskatchewan was 94,417 barrels compared with 54,362; Northwest Territories 22,902 barrels compared with 16,631; Ontario 20,984 barrels compared with 22,714 and New Brunswick 1,434 barrels compared with 1,689.

In the first seven months of this year production totalled 19,108,033 barrels compared with 11,587,915 in the corresponding period of 1949.

Judge Retires to Pacific Coast City

REGINA, Oct. 11 (CP) — Mr. Justice H. Y. MacDonald of the Saskatchewan Court of Appeal will retire shortly after 32 years' service on appeal and King's bench courts of the province.

He will leave for British Columbia by car early next week on leave of absence. When it ends, his retirement will take effect.

Judge MacDonald his wife and daughter Mary, will live in Victoria.

Coast TLC Meeting Fist Fight Ends

VANCOUVER, Oct. 11 (CP) — A charge a member of the C.C.L.-Vancouver Trades and Labor Congress was a "stooge of the Communist party" brought fists into action Tuesday.

Home with a "shiner" went Stewart Alsbury, District Pesident of the International Woodworkers of America. Fred Jackson of the International Longshoremen's Union did the damage immediately after adjournment.

Jackson had presented a motion that the council protest the use of courts in obtaining garinshees on the wages of workers. Council Vice-President George Mitchell said the Woodworker's Industrial Union of Canada brought libel suit for $100,000 against Alsbury and the I.W.A. motion stemmed from the Harold Pritchett case where Pritchett and Ernie Dalskog of the former rebel

Mitchell said the garnishee was obtained on Pritchett's wages to repay the "$500 or $600" it cost to clear Alsbury when the suit was dropped.

A violent argument shouted across the floor of the Council followed before the motion was defeated with only six votes favoring it. The blow followed.

The rebel Union split from the I.W.A. two years ago.

happy surprise for youngsters

Who Hate To Take Laxatives

No more tears — no more fuss at laxative giving time, Mother! Not if you use the new, modern relief for children's constipation. . . . Children's Own Tablets. Small, pleasant to take — easy to swallow — youngsters take to them like ducks to water. Especially designed for needs of children from 3 to 15. Gentle — thorough — without drastic, weakening action of many old-fashioned medicines. They also sweeten the sour stomach that often goes hand-in-hand with out-of-order bowels. See difference in fine peppy feeling youngsters enjoy afterwards. Only 29¢. Ask today for Children's Own Tablets.

Truck Processes Donor Blood for Medical Service

By HOWARD W. BLAKESLEE
Associated Press Science Editor

SCHENECTADY, N. Y., Oct. 11—(AP)—A 32-foot refrigerated truck that will process human blood for medical uses was given its first showing today at the National Academy of Sciences meeting, held at the General Electric Company's new research laboratory.

The truck is the beginning of a new national blood program for the United States. It will be driven directly to donors' homes. In it, their fresh blood will be processed by new automatic machines that extract every vital substance. Only salt water is left when the robots finish. This water is nearly three-fourths of your blood.

The truck was demonstrated by Dr. Edwin J. Cohn, Director of the Harvard University Laboratory of Physical Chemistry, and a group of scientists who made the blood-separation discoveries.

BLOOD-MOBILES

Red Cross "blood-mobiles" will travel with the truck, taking donor blood. In the truck are new apparatus and five new whirling machines, known as centrifuges. The fresh blood first will have its red cells separated by a new process. The red cells will be preserved by new methods and will be given free to doctors for the many medical uses already made of red cells, and for research.

Next the white cells—your protection against infectious disease—will be separated. This is the first time that live white blood cells have been available in quantity. What they are good for is not yet known.

There are plans for research into the possibility of stockpiling these blood fractions, to be used to remake whole blood for transfusion in war and disasters.

The truck takes less than five hours for the entire separation. It is equipped to handle each day the blood of 200 donors of one pint each.

There were 202 deaths in 7942 cases of whooping cough in Canada last year.

GETS 99 P.C. OF VOTE

PORT AU PRINCE, Haiti, Oct. 11 (AP) — Officials of the Department of Interior said today Col. Paul Magloire won 99 per cent of the vote in Haiti's presidential election

Magloire, 43, had resigned from the military junta which ruled the island since it ousted president Dumarsais Estime from office a year ago.

BLEMISHES! Charming Hazel Gradinger of Montreal says, "Noxzema was so effective in helping heal blemishes it's now my regular beauty aid."

DRY SKIN! "My skin used to be dry until I used Noxzema," says lovely Nina Blanchard of Toronto. "Now I use it on my face every morning and night."

LOOK LOVELIER IN 10 DAYS ... OR YOUR MONEY BACK

Remarkable New Home Beauty Routine Helps 4 out of 5 Women in Actual Tests!

If you're bothered with dry rough skin, annoying blemishes, or similar complexion troubles—here's important news! A noted skin specialist has developed a new Home Beauty Routine using a greaseless, medicated formula — Noxzema Skin Cream. It helped 4 out of 5 women to softer, smoother, lovelier-looking complexions in clinical tests. Here's all you do.

Morning—1. "CREAMWASH WITH NOXZEMA." Apply Noxzema all over your face. With a wet face cloth actually wash your face with Noxzema—as you would with soap. Note how clean your skin looks and feels. **2.** After drying face, smooth on a protective film of greaseless Noxzema as a powder base.

Evening—3. Before retiring, again "CREAMWASH WITH NOXZEMA." See how easily you wash away make-up, the day's dirt and grime. **4.** Now massage Noxzema into your face. Pat a little extra over any blemishes to help heal them. Noxzema is *greaseless*—no messy pillow smears! Try this new beauty routine for 10 days. If you don't see a remarkable change in your skin—return the jar to Noxzema, Toronto—your money cheerfully refunded. But you *will* be delighted. It's remarkable! Complexions look softer, smoother, lovelier—even in 10 days.

Take coupon below to your favorite drug or cosmetic counter as a reminder to take advantage of Noxzema's money-saving offer.

HELP PREVENT TOOTH DECAY!

AMMONIATED LISTERINE TOOTH PASTE

...designed to help prevent decay 3 ways!

You've undoubtedly read about this great new anti-decay formula in your newspapers and magazines. It's the famous formula, developed by the University of Illinois Foundation, that caused such a vast interest in dental circles because of its **promising method of attacking tooth decay** by means of the chemical action of the ammonium ion.

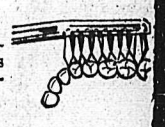
In preliminary tests conducted at the University, **case after case of reduction** in the incidence of tooth decay was reported. Now the manufacturers of Listerine Antiseptic make this **same formula readily available to you** and to your family with the introduction of Listerine Ammoniated Tooth Paste.

Start in with Listerine Ammoniated Tooth Paste today. Use it regularly, as directed, morning and night and immediately after eating. Notice its delightful, **tangy, refreshing flavor.** You'll like it. Your children will like it. Lambert Pharmacal Co. (*Canada*) Ltd., *Toronto, Ontario.*

Made in Canada

1. **Chemical action reduces** mouth acidity. Mouth acidity encourages decay.

2. **Mechanical action cleans** surfaces as teeth are brushed—helps break up and remove decay-breeding deposits.



3. **Chemical action checks** acid-forming bacteria—a major cause of decay.

Government To Continue Subsidy To Accelerate Gold Production

OTTAWA, Oct. 11 (CP)—A Government subsidy to encourage accelerated production of gold in Canada will continue to be paid in 1951, it is learned in informed quarters.

The form and amount of the subsidy have not been disclosed, but it is indicated that there will be "little change" from the subsidy currently in effect.

It is indicated on a preliminary basis that gold production in Canada has climbed from 3,500,000 ounces in 1948, the year in which the subsidy was first introduced, to 4,100,000 in 1949 and an expected 4,600,000 ounces this year.

More than 85 per cent of that gold was produced by gold-mining companies receiving Government assistance.

The subsidy is paid to those companies obtaining 70 per cent or more of their revenue from the production of gold. Some 111 mines have participated in the payments scheme, and it is indicated that these mines produced 3,143,825 ounces in 1948, 3,673,971 in 1949 and an expected 4,050,000 ounces this year.

ASSISTED PAYMENTS

It is indicated, too, that the assistance payments, which totalled $10,500,000 in 1948 and $13,000,000 in 1949, this year are expected to decline to about $9,200,000, principally because of the fact that payments were cut when Canada devalued the dollar in September, 1949.

Even though Finance Minister Abbott announced Sept. 30—when the dollar was freed—that the gold subsidy would be fully restored, the net effect, this year, is only a small increase of about $2,000,000 over the $7,200,000 which was expected to be paid out in 1950.

Paid out under a complicated formula basis, the subsidies averaged to about $3.34 an ounce during 1948, $3.55 in 1949 and approximately $2.27 in 1950.

They ranged in 1948 from a high of $16 an ounce to a low of 49 cents; in 1949, from $16 to 46 cents. The 1950 range is not yet available. It may range from a high of $12.50 to below 40 cents.

BRITISH COLUMBIA INTERIOR VEGETABLE MARKETING BOARD

NOTICE

TO REGISTERED OWNERS IN DISTRICT NO. 11

Arrow Lakes - Nelson - Trail

The Annual Meeting of the REGISTERED OWNERS for the purpose of electing one (1) delegate to represent them during the coming season will be held in the CITY HALL, NELSON, B.C., on Friday, October 27th, 1950, at 2:00 P.M.

ALL REGISTERED OWNERS are urged to attend this meeting at which a Member of the Board will be present. The B.C. Interior Vegetable Scheme requires that all owners register with the Board and defines an Owner as any person registered in the books of any Land Registry Office as the owner in fee-simple of any land within the area, or as the holder of the last agreement to purchase any land within the area, and includes the holder of an agreement to purchase land from the Director of Soldier Settlement (or his predecessor, the Soldier Settlement Board) or Director, Veterans Land Act, and who in any such case grows or causes to be grown for sale upon such land, comprising one-quarter of an acre or more, any regulated product, and any holder of a lease of land in the area, of which land not les than three acres is used for growing any regulated product for sale and which lease is for a term of three years or more.

ALL OWNERS are required to register with the Board. Those persons not registered may obtain the necessary forms by writing to the Secretary. B.C. Interior Vegetable Marketing Board, 1470 Water St., Kelowna, B.C., and in the case of a lessee, should produce evidence as to his lease.

NOTE: — Any owner who has not registered can at the time of the meeting file with the Chairman a statutory declaration showing that he is qualified to be so registered.

By Order of the Board,
E Poole,
Secretery.

Dated at Kelowna, B.C.,
This 30th day of September, 1950.

Interpreters Must Be Good Actors, And Humorists Too

MONTREAL, Ont. (CP) — Today's interpreter, now that simultaneous multiple translation has come to stay at international gatherings, must be more than a repeater of the speaker's words. He must be an actor too, and nowhere is this more ably demonstrated than in headquarters of the international civil aviation organization here.

The interpreter must produce the same tones as the speaker. If the speaker gets angry and shouts, the interpreter shouts with him. If he adds ice to his tones, the interpreters immediately add ice to theirs.

In addition to ability, an interpreter must be a glutton for work. He may translate as much as 36,000 words in one three-hour session, and sometimes the sessions go on for 14 hours.

Almost every speaker injects some humorous anecdotes and is apt to become annoyed if the interpreter fails to put it across. So here the interpreters sometimes cheat a little by supplying an anecdote of their own which is easier translated.

The I.C.A.O. staff numbers 18 and the biggest obstacle is temporary deafness. An interpreter has to turn up the volume of his own headset so he can hear the speaker he is translating over his own voice. Too many hours of this and the ears are liable to go numb.

Kidnap Manitoba Girl In Minnesota Street

THIEF RIVER FALLS, Minn., Oct. 11 (AP)—Santos Rimiesz, 28, of Rosefield, Texas, and Jesse Riojas, 21, of San Antonio, last night were sentenced on kidnapping charges growing out of the abduction of Ann Smith of Letellier, Man.

A third man, identified as Julian Munoz, of San Antonio, Texas, still was sought.

Judge Paul A. Lundgren sentenced Rimiesz to up to 10 years. Riojas' term was up to seven years.

Miss Smith said she was kidnapped from a Halstad, Minn., street last Saturday, taken to Hillsboro, and later returned to Halstad, where she notified authorities.

Misplaced Comma Battle Listed For December 11

VANCOUVER, Oct. 11 (CP)—The case of the $99,000 misplaced comma will come before the British Columbia Supreme Court Dec. 11, it was learned today.

The legal battle concerns the $900,000 will of the late hotel owner James Thomson.

A. Seigerstrom, an employee in Thomson's Hotel, claims Thomson intended him to have $100,000 instead of the $1000 shown in the will.

He claims that a comma, which appears before the last two zeros, was misplaced.

The comma case actually is only part of the legal battle.

QUESTION SIGNATURES

Three cousins of Thomson dispute validity of the will and question the signatures of the two witnesses, Angus Campbell and Charles E. Smith, both now dead.

The disputed signatures are those which appear on a will found in Smith's Real Estate office several months after Thomson's death. The will is claimed to have been made Oct. 23, 1947.

Chief beneficiary, whose share of the estate might run to $300,000 is Gilbert Campbell, son of one of the witnesses. Substantial legacies are also listed for six employees of Thomson's hotel, among them Seigerstrom.

The main battle is between Campbell and the hotel employees on the one side and the cousins on the other.

Coast Man Charged With Wounding After Violent Quarrel

VICTORIA, B.C., Oct. 11 (CP)—A charge of wounding was laid this afternoon against the younger of two elderly men who suffered serious stab wounds in a violent quarrel here Tuesday.

Charged is Antone Konkin, 62, who is alleged to have "occasioned grevious bodily harm" to John Novak, 70.

Both are in hospital in fairly good condition.

The charge against Konkin was read at his bedside.

The quarrel, leading to the wounding, is believed to have taken place at the home of Novak.

Australian Requests Japanese Nationality

TOKYO, Oct. 11 (Reuters) — An Australian today asked Emperor Hirohito to give him Japanese nationality.

Frank Weaver of Perth, Australia, illegally in Japan for the sixth time in two years, complained that regulations prevent his Japanese wife from going to Australia and him from living with her in Japan. He wanted to become a Japanese citizen and stay with her.

At the same time he renounced his Australian citizenship.

Weaver said that with a beard and dark glasses as disguise he had smuggled himself into Japan two weeks ago.

He spent 36 hours with his wife at her home in Kure.

"They may pick me up tonight," he said. "But I will come back 20 times if necessary until something is done about my case."

He was deported after previous trips to Japan.

He told the Emperor he wanted to live among "his people" to work for "the good of Japan".

Latin Teacher Fires Historic Building

ANN ARBOR, Mich., Oct. 11—(AP)—A Latin teacher at the University of Michigan confessed today, police said, that he set the fire that destroyed historic Haven Hall on the university campus June 6.

He was identified as Robert H. H. Stacy, 30, a Teaching Fellow. A warrant charging arson was issued.

Police picked up Stacy last night for questioning in connection with a $200,000 fire at Montgomery Ward warehouse here Monday night.

Police said that after all-night questioning he admitted setting fire to a pile of maps on the second floor of Haven Hall the night it burned to a shell. Damage to the campus landmark was estimated at $618,000.

Study Social Conditions in Russia

Off to study social conditions in Moscow is this group of British women. The party includes a novelist, a university lecturer, a housewife and a charwoman.—Central Press Canadian.

Vancouver's Alan Young Hollywood Video Star

By JACK McLAREN

HOLLYWOOD, Calif. (CP)—Few Canadians have made good in Hollywood radio. But there are notable exceptions.

Foremost among theese is Alan Young of Vancouver, now one of the top Hollywood television stars. "The Alan Young Show" was well known to Canadian radio audiences when it originated in Toronto before moving to Hollywood. Now his show is on television here.

While Alan's Hollywood radio and movie shows were not outstanding, he is being acclaimed as a hit on television, and is reported to have signed a multiple deal with Paramount.

Top Hollywood announcer for the Columbia Broadcasting System is Larry Thor of Flin Flon, Man., who came to Hollywood from Montreal in 1946. He announces many top CBS shows, such as "Carnation Family Party." He also stars on his own show, "Broadway Is My Beat."

Jules Upton, another Vancouver man, who, like Alan Young, migrated to Toronto, has been in Hollywood for the last four years, teaching acting.

A Vancouver girl, June Whitley, has been successful in Hollywood radio. Besides acting on Lux Radio Theatre, she plays the part of Robert Young's wife in the "Father Knows Best" radio show. Her husband, Bill Whitley, formerly a Canadian newspaper man, is a news writer with CBS in Hollywood.

Canadians in Hollywood radio wouldn't trade their positions for anything, but they have some advice for Canadians at home:

"If you must satisfy that yen to come to Hollywood, be prepared for a lot of lean days, regardless of your talent. Don't come to Hollywood unless you have a contract before you come. It's not easy to get one here."

New Zealand's Cities Competing For Dominion Supremacy in Size

AUCKLAND, N. Z. (CP)—Until recently, New Zealand has had four rival cities disputing supremacy; each dominating roughly a quarter of the country.

Since the Second World War, however, the Dominion's geography has altered radically, with one city growing faster than its three rivals combined.

New Zealand's "four main centres," as they are known locally, are Auckland and the capital, Wellington, in the North Island, and Christchurch and Dunedin in the South Island. Dunedin, though smaller than the others, retained its position in the past as the foremost financial and educational centre.

AUCKLAND LEADS

Now, however, Auckland has shot ahead to a commanding position in population, wealth and speed of growth. Before the war it was not much larger than the others, but today its population is 308,000, compared with 193,000 for Wellington, 171,000 in Christchurch and 91,000 in Dunedin.

The drift to the warmer North Island, Auckland's position as an international sea and air terminal and important Pacific base, the ample room existing for continued growth, and many new industries recently established in the district, have all contributed to the rapid increase.

Resplendant Night Watchman One Of London's Great Attractions

LONDON (Reuters)—Aristocratic Richard Paget, who sports a monocle and a string of bloodstock horses, is celebrating a year's work as a London night watchman.

Clad in a cream derby hat, a pale green velvet cutaway coat, hunting waistcoat, breeches and leather leggings, he surveys the world philosophically from a contractor's hut on a bombed site in Mayfair.

Polishing his monocle with a silk handkerchief, Paget, who his private means, explained his unusual occupation by saying the peace of night helped his health. He had a serious operation some time ago.

Gentle-spoken, Irish and 60, he referred enthusiastically to his private h bby—his string of horses.

STABLE SUBSIDIZED

"I have nine bloodstock animals," he said, adding that the Government fed them and paid him 10 shillings a year for each in return for the right to take them over if needed.

From his nights with the moon, the stars and owls from nearby Regent's Park, Paget goes out to the country several times a week to say hello to his horses.

With a high rating among London't most picturesque citizens, he moved about on his duties unworried about the risk of soiling his immaculate garb. "I wear it because I like it," he said.

Though not much interested in money, he does not belittle the $18 a week (less income tax) he gets.

With the general splendor of his get-up—a blaze of color among the excavations—he is regarded by overseas visitors as one of London's most worthwhile "showpieces."

Garibaldi Peaks Present Tough Challenge to Alpine Climbers

VANCOUVER (CP)—Five mountain peaks on the Eastern border of Garibaldi Park, about 50 miles North of here, are as tough a challenge to alpinists as any in the whole of British Columbia.

That's the word from Vancouver men who have conquered but one of the peaks.

"Terrifically dangerous" climbing, impeded by rotten rocks, was encountered by the party on the treacherous, snow-crusted slopes of the Fire Range, North of Harrison Lake.

A lofty 7500 feet above the sea level, the highest of the five peaks at the Eastern end of the range was first surmounted when Herman Venshorck, Ian Kay and Jack Lintot made a gruelling, 16-hour ascent from a base camp at the 5500 foot level.

WITHIN 200 FEET

Less fortunate were Allan Melville, Jack Brussell and Walt Sparling, who tackled the Westernmost peak. After 21 hours of hiking and climbing, they were forced to turn back—200 feet from the summit.

"There were too many dangers to risk going farther," one member of the party said.

The climbers said the sheer mountain slope, averaging 70 degrees, forced them to use ropes during the entire downward journey. Overhanging cliffs which frequently afforded the only upward route, added to the hazard, they said.

The successful climbers dubbed their conquest "Mount Firefly." The Western peak is still unnamed—even unofficially.

Tidal Wave Sweeps Away Two Villages

JAKARTA, Indonesia, Oct. 11—(AP) — Radio Amboina said today the tidal wave caused by Sunday's earthquakes swept away two villages with estimated damage of $1,000,000. No casualty figures were given.

The radio station, voice of Amboinese rebels who are fighting Indonesian Republican Government forces, repeated an earlier appeal for speedy Red Cross aid, "preferably by plane".

It said the coastal villages of Galala, 2½ miles from the capital, Amboina, and Hutumuri, on the Southeast coast, vanished when tidal waves crashed 200 metres (656 feet) inland. Galala has a population of 1000 and Hutumuri, 2000.

Amboinese informants here said the villages, which are both in rebel-held territory, probably had been evacuated before the disaster struck. They said practically all men of the ilsand are fighting the Indonesian Government force, and most of the women and children have taken to the mountains because of the military operations.

Quebec province now has 196 clubs in the 4-H movement launched eight years ago.

Danes and Saxons Save Canute's Church

ASHINGDON, Essex, England (CP—Once enemies, Danes and Saxons are jointly contributing funds needed to save a 930-year-old church, built by Danish King Canute to commemorate his victory over the Saxons.

Cost of repairing the church was estimated at £2000 ($6200). The Vicar, Rev. C. A. Evelyn-White, had raised only £500, so he sent an appeal to the press.

The Danish newspaper Berlingske Tidende published it and funds already have been received from Denmark. Contributions have also been received from many parts of Britain.

The vicar has built a home-made "thermometer" to register the daily rise in contributions.

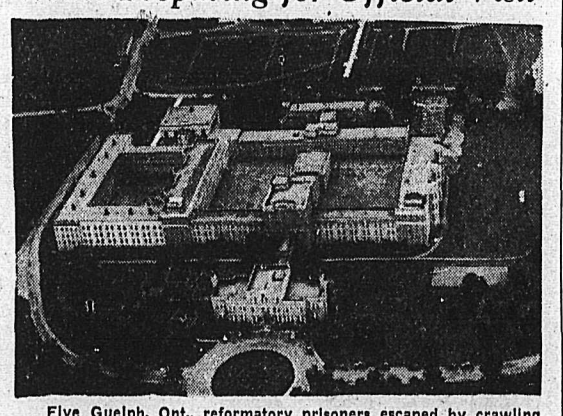
Five Guelph Inmates Escape While Preparing for Official Visit



Five Guelph, Ont., reformatory prisoners escaped by crawling out of a kitchen window. They were preparing food for visiting officials, including Hon. W. E. Hamilton, Minister of Reform Institutions. Escape by the men is linked by police to disappearance of two cars parked outside the City limits. Search parties led by guards hoped to find the men before the Minister and visitors arrived.—Central Press Canadian.

YOUR COMMERCE BRANCH

Keystone of Main Street

The towns of Canada are pleasant places.
Our town has a character all its own . . .
but *any* Canadian feels at home here.

There's our bank, for instance . . . a branch of The Commerce. You'll find one in most towns.
And there's our bank manager. He's a *professional* man. He's learned from many towns like ours. So he knows how to give the kind of service that comes only with long acquaintance.

Yes, our Canadian towns are pleasant places . . . and the men and women at your Commerce branch are good people to know.

Porcupine Millionaire Visits Old Prospects

COLUMBUS (CP)—Frederick W. Schumacher, 86, for whom the town of Schumacher in the Porcupine Gold-Mining District of Northern Ontario was named, is living quietly in retirement here in a luxurious home filled with art treasures.

He went to Northern Ontario about 40 years ago to look for a silver mine. He found no silver but discovered traces of gold and developed the mine at Schumacher. He sold the Schumacher property to the Hollinger interests in 1922. Fourteen years later he sold another claim to Dome. Proceeds of these transactions are said to have netted more than $3,000,000.

FOUNDS DRUG STORE

Born on an island in the Baltic Sea, he moved to the United States as a child with his parents. At 13, he went back to Europe to complete his education and lived in Lubeck with his grandfather, who wanted him to stay there and enter one of the professions. Instead, at his mother's urging, he went to Texas, worked as a drug store clerk and later founded in Waco a wholesale drug firm that still is thriving. Then he moved to Columbus.

Reports of big mineral discoveries in Canada—it was about the time of the excitement over silver finds at Cobalt, Ont.—attracted his attention. Soon he became interested in the Porcupine Goldfield, then on the verge of development.

In his retirement, he has continued to make periodic visits to the Timmins-Schumacher District, where the residents know him as a quiet-spoken man with white hair and a square mustache. At Christmas time, he sends presents to the schoolchildren of Schumacher.

New U.N. President Takes Over

The President's gavel changes hands at the opening of the fifth United Nations General Assembly meeting in Flushing Meadows, N.Y., as the new presiding officer, Nasrollah Entezam (top left), of Iran, takes over from outgoing President Carlos P. Romulo of the Philippines. Entezam began his political career in 1918.—Central Press Canadian.

Blame Each Other In Bomb Outrage

TORONTO, Oct. 11 (CP)—Some 100 Ukrainian-Canadians whose labor temple was bombed Sunday night appeared before Board of Control with a charge that former Nazi Stormtroopers were responsible.

W. Terosio, President of the Association of United Ukrainians, said the bomb had been intended as an instrument of "mass murder". It injured 10 of the 900 persons in the West-Central Bathurst Street building.

He warned that "we have in our midst a gang of Terrorists". The culprits, he said, are Ukrainians who served in a Ukrainian S.S. division recruited by the Germans during the Second World War. He did not identify them but said the same men were responsible for violence in Edmonton, Winnipeg and Timmins.

(Roman Rakhmanny, Editor of the Ukrainian Echo, said last night he thinks the bombing was the work of Communists seeking to confuse and mislead the public.

("The Communists wanted to put Ukrainian displaced persons in Canada in a bad light," he said. "They wanted to make the public think these Ukrainians were Fascist murderers while the Communists were good Democratic people.")

Police have questioned more than a dozen persons about the bombing but report no good clue.

CHARGE ISLAND BEING KIDNAPPED

ATHENS, Oct. 11 (Reuters) — The Greeks today accused the Bulgarians of trying to "kidnap" an island.

The skulduggery was said to be going on in the river Evros, whose flow determines the boundary between the two countries.

The Greeks say the Bulgarians' technique is simplicity itself: change the flow of the river and you change the international boundary. Change the boundary and the island, Alpha, moves over into Bulgaria.

And so, to change the boundary, the Bulgarians are building a dam on the Evros, near Alpha.

Several clashes have taken place between the Greek and Bulgarian frontier guards since the Greeks spotted the dam construction job.

Cookie Jar Growing Up in Canada's Biscuit Industry

By FORBES RHUDE
Canadian Press Business Editor

The old cookie jar has grown up, but the ways of grandma may still be seen.

The grown-up cookie jar is, of course, one of those huge plants which biscuit manufacturers have built across the country.

Such, for instance, as the new one in Toronto which Christie, Brown and Co., Ltd., showed to newspaper men the other day, a $6,000,000 place nearly 1000 feet long and 200 feet wide.

We tried to view it through the eyes of grandma. We thought she would have liked its spotlessness, and probably would have given her approval to the straight-line production whereby raw materials enter at one end, keep travelling forward, and end up packaged for shipment at the other end. After all, that was about how she tried to do it herself, allowing for vagaries of kitchen layout.

As for the production of 3,500,000,000 biscuits a year—well, many a time she must have thought her family would have devoured them all.

Perhaps the white smock those girls are wearing is a modern version of a "mother hubbard." The smells of dough? Probably too much sweetness in bulk to be as fragrant as the old kitchen.

STEEL MIXING BOWLS

Those steel mixing bowls, seven feet long by three feet wide—what a time a small boy would have scraping those!

Here's something that resembles the old kitchen—a machine that cuts out round cookies much as grandma did, except that they cut 100 or so at a time. And the trimmings going back to get rolled again appear just the same.

And there are so many kinds: ordinary cookies, grahams, sodas, marshmallows of various shades—pinks, yellows, chocolate—and so on.

It adds up to thousands of tons of Canadian products such as flour, honey, eggs, milk, every month; and fruits, nuts, spices from Africa, India, East and West Indies, Iraq, Australia.

It reminded this writer of the first time, when very small, he picked strawberries for pay. The farmer told us: "Eat all you want, but don't crush the others."

So the first day we ate all we wanted, and then could scarcely look at a strawberry for months. That seems to be the way when millions of bisciuts are around you daily.

Tiny Tim

Timothy Peter Brinkman, two-months-old son of actress Jeanne Crain of the films and Paul Brinkman, poses for his picture with his mother, and finds the occasion nothing to be happy about. The Brinkmans have two other sons, Michael Anthony, 21 months old, and Paul Frederick, 2½ years old.—AP Wirephoto.

Spectre of Nationalization Looms Ahead of British Steel Industry

By DEWITT MACKENZIE
Associated Press News Analyst

Britain's Labor Government has set Feb. 15 for taking over the country's vast steel and iron industry—a major move in the sweeping experiment of nationalizing Britain.

Iron and steel, coupled with the huge coal industry which already has been ationalized, represent the keystone of the Socialist program. For it is on these three industries that the country has largely depended for its modern economic strength.

Thus it would seem that when iron and steel have joined coal in nationalization, the Socialist die will be cast.

The Government will have taken a step from which successful retreat would be extremely difficult.

True, the Conservatives propose to throw out iron and steel nationalization and revert to private enterprise if and when they are returned to power.

However, the backward trail would be mighty tough.

Therefore it will be with anxiety that not only Britain but her allies will watch the development of this politico-economist experiment, especially since it is being carried out in the midst of world crisis. Of course this raises the question of whether it's the business of anybody outside the United Kingdom.

DELICATE POINT

Well, that perhaps is a delicate point. However, Britain's allies probably are not overstepping the bounds of propriety in taking an interest in her great experiment. It mustn't be forgotten that their fortunes are pretty well bound together in the great international defence program, in which Britain is undertaking a major part.

An interesting point in connection with this nationalization plan is that it is being carried through by a Party which has an effective majority of nine in the House of Commons. The Conservatives have made much of the charge that the Government has no right to commit the country to such vital nationalization when the public is divided about even politically.

However, Prime Minister Attlee has for an answer the fact that the nationalization program has been an issue in the last two general elections and has been approved on both occasions.

Will the Government be able to get the same efficiency through this board as the iron and steel industries have shown in the past? That is the crux of the argument as to the respective merits of capitalism versus Socialism.

Anyway, the Government plans to make the nationalization effective before the next general election. Observers are expecting Attlee to call another election soon after the nationalization is accomplished. The Socialists figure the country then will accept the change as a fait accompli and return the present Government to power.

Such a trend of events would seem to make fairly complete the transition from capitalism to nationalization i Britain.

Need for Adult Scout Leaders

VANCOUVER, Oct. 11 (CP) — Maj.-Gen. D. C. Spry of Ottawa said here today the main problem facing the expanding Boy Scout movement in Canada is not lack of boys, but insufficient numbers of leaders and adult group committees.

Twice as many boys could be in Boy Scouts, Wolf Cubs and Rovers if enough leaders could be developed to meet the need.

Gen. Spry, Chief Executive Commissione rfor Scouting in Canada, is here for the Friday quarterly meeting of the Executive Committee of the Canadian General Council of the Boy Scout Association.

"The movement is moving with the times," explained the Chief Executive," but we find it difficult to locate enough leaders."

A systametic search for adult leadership material is in progress.

"If you are asked to act in some way to help scouting," he urged, "think it over. Former Scouts have a debt to pay to the movement."

Hunting Trip Ends In Tragic Fall

PRINCE GEORGE, B. C., Oct. 11 (CP) — A Thanksgiving Day hunting trip ended in tragedy for 19-year-old Lorne Moffatt of this city. R.C.M.P. reported today he was killed when he fell from the rear of a truck near Fort St. James.

Historic Table And Chairs To Be Auctioned

LONDON (CP) — A table around which the allied joint chiefs-of-staff drew up their plans for the D-Day offensive against Germany, is to be sold.

For nearly three years, the table which was used by generals Eisenhower and Marshall, has been housed in the executive offices of the American Overseas Airlines in London's Mayfair district. With its 10 Chippendale chairs it is to be offered to the highest bidder, from the starting price of $15,000.

A plaque at each end of the table states: "In constant use October, 1943-May 1944, for the deliberations of General Eisenhower, Allied Commander-in-Chief, and his staff, who were then planning the victorious allied advance in Germany."

Don't Spank Naughty Tot, Says Expert

WINNIPEG, Oct. 11 (CP)—Don't spank a mischievous child, says psychologist Joyce Burns of the University of Manitoba. The effects won't last.

Whipping a naughty child just arouses resentment against the parent, she said in an interview. It puts the parent in the role of bully.

What's the right way to punish? Well, Miss Burns says this way:

For younger children, isolation from companionship and normal activities and pastimes. Sending an unruly child from a classroom is an example of this form of punishment.

For older children, deprivation of a particular goal. But first make sure the child knows why the punishment is administered.

Punishment wrongly handled can cause a child to feel rejected, Miss Burns added. Parents must make it plain they disapprove of the child's act, and not of the child itself.

"Otherwise the child will feel it has lost its parents' affection."

Miss Burns said there are two major problems in child development. One is a tendency by parents to discipline children too early, "when they should shelter them." The other is over-protection of children during school years "when they should experience successes and failures on their own."

The psychologist is giving a series of lectures on child study, sponsored by the Manitoba Federation of Home and School and the Winnipeg School Board.

COALDALE, Alta. (CP)—A Japanese Buddhist group here has set up its first community buying cooperative. Incorporation of the Koibai Kumiai Cooperative Association has been approved by the Cooperative Branch of the Provincial Government.

Proof Sea Elephants Snore Musically

F. Alton Everest, Associate Director of the U.S. Moody Institute of Science, is shown as he recorded the sounds of a bull sea elephant for use in a science film. The large schnozzola of the mammoth seal acts as a sound resonator, giving a musical tone to the "clung-clung-clung," which passes as sea elephant language. The Institute reports that beautiful deep-throated snoring sounds of sleeping elephants were also recorded. But the female sea elephant at the right recorded a sour note as she charged the photographer.—Central Press Canadian.

Parson Draws Up List of Reasons For Staying Away From Services

NORTH HATLEY, Que. (CP) — The Anglican parishioners of North Hatley who have their various excuses for staying away from church may be fooling themselves but Rev. Mark Beaufoy has them pretty well taped.

He indicated this in a monthly bulletin generally entitled "Parson's Pleasure," but re-titled "Parson's Pleading" in its September issue. In this Mr. Beaufoy indicated that about one out of three Anglicans in North Hatley and nearby Waterville, in the heart of Quebec's Eastern townships, attend church regularly.

Here is how Mr. Beaufoy listed the non-attendance excuses and his comments on each:

1. "I'm unable to get to church because of age and-or sickness."

It is surprising how a tummyache will stop folk coming to church when they wouldn't dream of letting it stop them going to a movie.

2. "I have work to do on Sunday."

Have you tried to arrange your work so you could get to church?

3. "Oh, I listen to the radio-services."

A useful extra, but no substitute for meeting together in your own church.

4. "The weather prevents me from coming."

Does weather stop you going to a movie?

5. "Company arrived just before church-time."

Your friends would respect you if you said: "We are just going to church; will you come with us?"

6. "The service times are awkward."

So, sometimes, are train-times. But you arrange your program to fit.

7. "Sunday's the only day the family are at home."

Worship by the whole family together in church would bind that family more than anything else.

8. "We can't attend because of the children or baby."

Doesn't it require both husband and wife to look after the baby?

9. "I have no Sunday clothes."

My dears, God doesn't car eabout your clothes.

10. "I am as good as others who go."

Our services are for the good as well as the bad.

11. "I can't stand the minister."

I know I am a weak and sinful man; please, then, pray for me and give me some encouragement by showing a little more interest in your church.

Flynn's Gal At Loose End After Romance

PARIS, Oct. 11 (AP)—The pretty blue-green eyes of Princess Irene Ghika are spilling no tears over the bust-up of her romance with actor Errol Flynn.

She still carries her head high with regal bearing, and she hasn't soured on movies or movie actors. But she hasn't yet sorted out her ambitions after the collapse of her romance with the swashbuckling screen lover.

Meantime, she's spending her time about like any 20-year-old member of the post-deb or country club set. There have been trips to Deauville and Biarritz. Last month she went to London for a week.

All the while she's waiting for what she calls the "right" movie offer. The Princess says she has turned down several movie offers, including one from Flynn.

Flynn wanted her to play a small part in the movie "Bloodline" which he has been shooting on the Riviera. Costumes were made and the role held open for several weeks. But Princess Irene said "it seemed best not to take the part."

As to the reasons for the breakup of the announced engagement, there most the same time he announced his engagement to 21-year-old American actress Patrice Wymore.

Princess Irene's mother, Mrs. Paul Zanesco, said "I thank the stars he has made this announcement . . . I opposed the idea but Mr. Flynn's insistence led me reluctantly to give my consent."

The Princess says "we just agreed that we were used to different kinds of life and that it would be better were conflicting versions.

Flynn gallantly said, "We parted on a most friendly basis. When a lady breaks an engagement she knows what she is doing.'

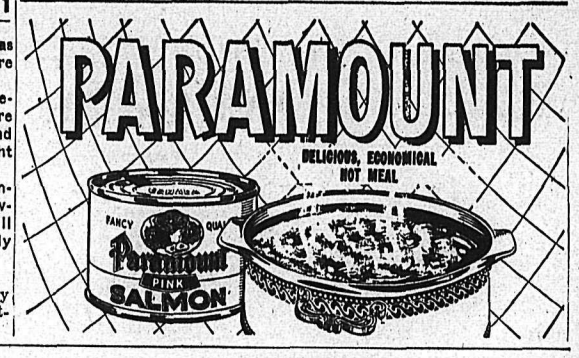
Lumber Prices Fall $11 Per Thousand

SPOKANE, Oct. 11 (AP)—Price of lumber has fallen as much as $11 per thousand board feet here in recent weeks.

Home building contractors reported today that they now are paying $82 and $83 per thousand for the same lumber that brought $93 a few week ago.

A sounding of the Spokane lumber and construction market showed general belief that prices will continue to decline until the early months of 1951.

Diphtheria was first specifically described and named by P. Bretonneau in France in 1826.



Oh Gee! It's OGILVIE!

Test Ogilvie Flour yourself . . . compare it with any flour you've ever used for snowy whiteness . . . Try its *super*-fine texture by rubbing it between thumb and forefinger. Then give it the supreme test — use it in your baking!

You'll find Ogilvie Flour makes better bread, rolls, cakes, pastries—with consistently successful results. That's because Ogilvie's modern milling process extracts the full rising strength of choice wheat—scientifically controls the baking quality of every batch. Every bag is the same — a uniformly finer, stronger flour every time!

Ogilvie Flour is *triple-tested* before you buy it—for *wheat* quality before milling . . . for *finer,* uniform flour quality during the milling . . . and for *baking* quality after it is milled from washed, selected wheat and sifted through silk.

Discover New Treatment For Advanced Leprosy

PRETORIA, South Africa (CP)—Sixteen Europeans and 63 natives have been cured of what was regarded until a few years ago as an incurabel type of leprosy.

After lengthy treatment with a sulphone drug the patients were discharged recently from a South African leper institution.

United States scientists, experimenting with sulphone as a treatment for tuberculosis, accidentally discovered that the drug reacted against leprosy bacilli. Two sulphones have been used during the last five or six years at the public leprosarium in Carville, La., and a number of cures have resulted.

Soon after its discovery the drug was tested in South Africa. The patients recently discharged were the first to undergo treatment.

One of them had entered the institution when he was 28 years old. At the time he was a farmer in the Free State, with a wife and children.

HOPELESS CASE

His case was regarded as hopeless. "The only thing we could still do for him was to fill in the date on a death certificate," said one of the health officers at the institution.

When he was given the new drug he responded immediately, and after four years of the treatment was told that he was cured and could go home.

Another of the discharged patients is a married woman with deformity before it became noticeable.

It was also difficult to distinguish the other discharged patients three children. When she entered the institution three-and-a-half years ago, her eyes were affected.

"Today I can read," she said. Her face has improved remarkably and there is a healthy red glow where formerly marks had been.

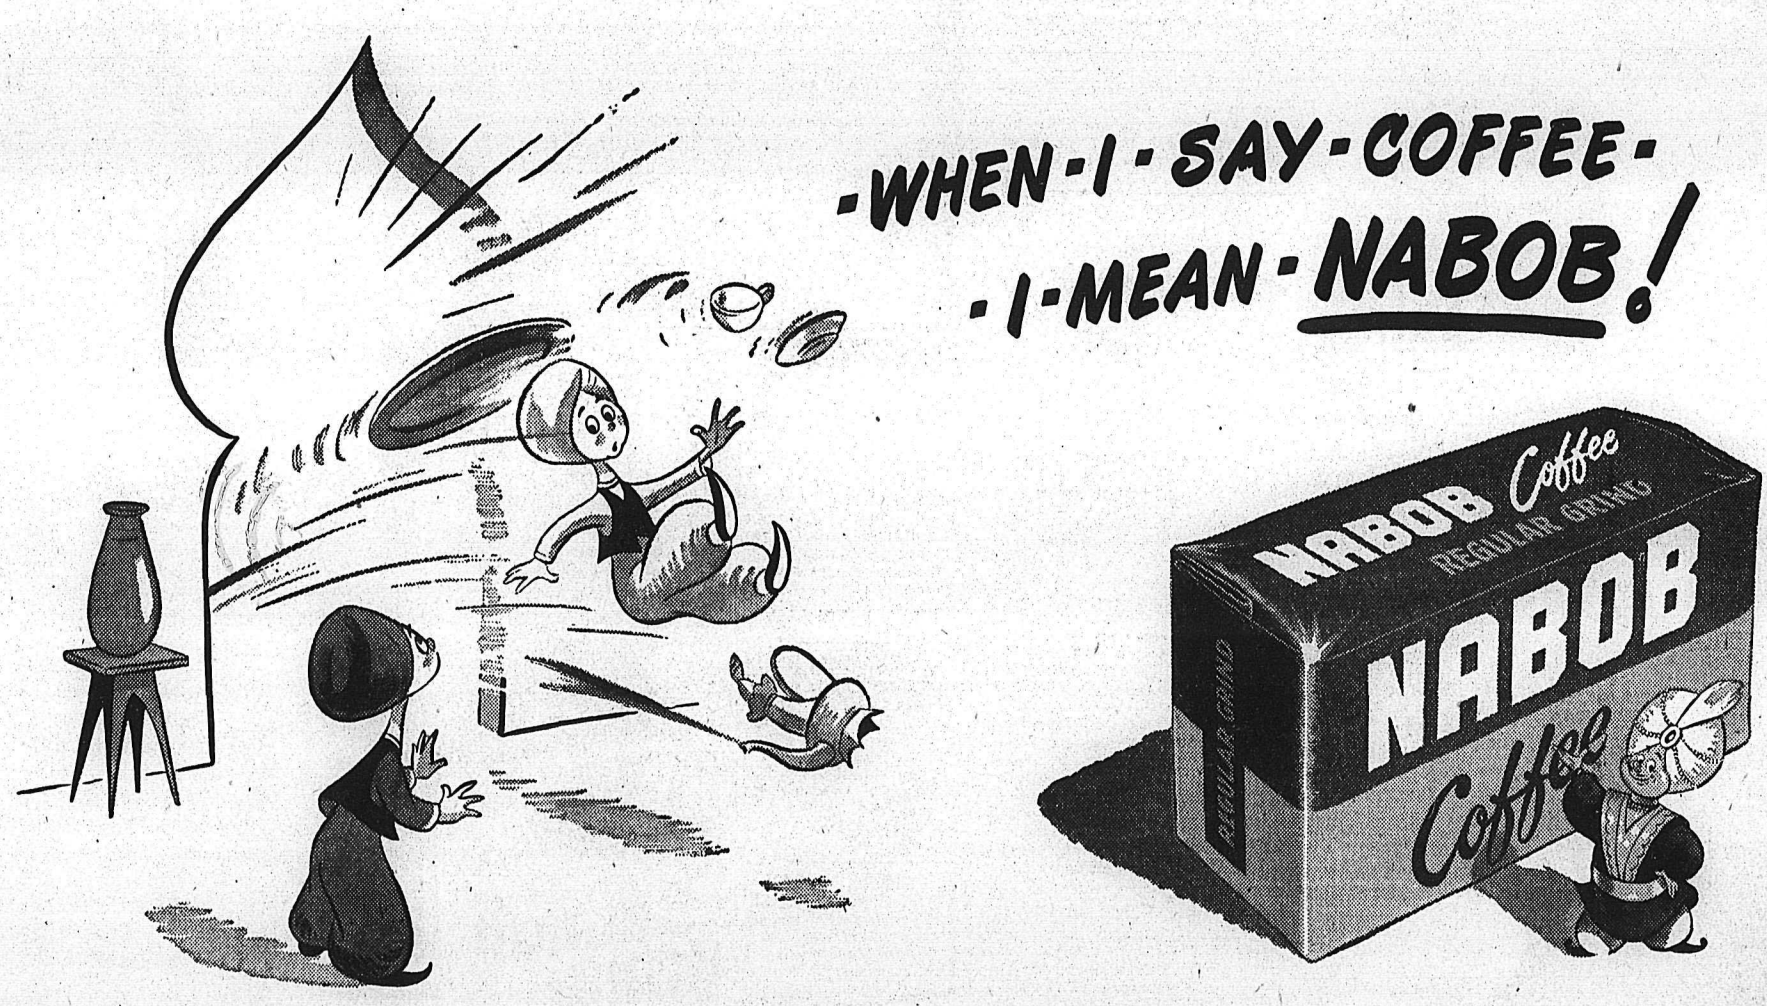
She had to point out her slight from people who had always been normal and healthy.

B. C. Stream Flow Well Above Normal

OTTAWA, Oct. 11 (CP) — Stream flow conditions in Canada during September were generally above normal, the Dominion Water and Power Bureau reported today.

Figures showing the percentage of normal for September: Nova Scotia—St. Mary 27, LeHave 362; New Brunswick—Lepreau 128, Saint John 92; Quebec—Outardes 39, St. Francois 121, St. Maurice 33, Harricana 31; Ontario—Moira 87, Saugeen 106, North Magnetawan 258, Aux Sables 55, Missinaibi 41, English 122; Manitoba and Saskatchewan—Assiniboine 278; Alberta—Bow 90, North Saskatchewan 88; British Columbia—Kootenay 111, Columbia 95, Fraser 91, Skeena 88, Sproat 128.

CAPETOWN (CP)—Police camels in the Kalahari Desert might be used in search and rescue service for aircraft in distress if South Africa joins the international rescue system proposed by the International Civil Aviation Organization to member countries. The proposals are being considered by the South African Air Force.



Police patrol 168,000 square miles in Australia's vast Northern territory.

CHIROPRACTIC FOR HEALTH

EPILEPSY

Epilepsy is a lack of co-ordination of the educated brain centres, characterized by loss of consciousness. There are two types of Epilepsy—Petit Mal and Grand Mal.

Petit Mal is characterized by momentary unconsciousness, lasting from a few seconds to three or four minutes. This type of patient may carry on with what he was doing before an attack, and be completely unaware of his unconsciousness.

Grand Mal is characterized by a warning signal which may take the form of a queer sensation—a premonition of the approaching attack. Quite often, there is gastric distress ascending up into the chest, and feelings of numbness and fear, followed by the epileptic cry and a fall. The fall is usually followed by convulsions, heavy breathing, rolling eyes, muscular spasms, a chewing motion of the jaws, and frothing at the mouth.

There are several causes of epilepsy, such as brain tumors and hemorrhage of the brain. Heredity also plays a part. In a great number of cases, epileptic conditions are due to a partial blocking of the nerves which supply the brain, usually caused by a misaligned vertebra in the spinal column.

Such cases are the special concern of the Chiropractor. By scientific Chiropractic analysis, he locates the misalignment, and adjusts the vertebra causing the pressure. This results in a normal flow of nerve energy to the affected area.

Over the years, thousands of epileptics have been restored to normal health under Chiropractic care.

Giant Irrigation Project for Nile Planned

CAIRO, Egypt, Oct. 11 (Reuters)—Another step in taming the mighty river Nile, the waters of which govern the existence of Egypt's 19,000,000 population, has been taken with an international agreement to build a new dam in the river's upper reaches.

The dam, to be built at Lake Tana, source of the Blue Nile in Ethiopia, is part of one of the greatest building projects in Northest Africa since slave labor raised the pyramids for the Pharaohs.

Besides the dam at Lake Tana, on the Eastern fork of the upper Nile, water control projects are being built at three other places at a total cost of $170,000,000.

Once completed — it may take 20 years — flood waters into which beautiful virgins once tossed in sacrifice will be ruduced to a steady flow, capable of irrigating millions of acres now desert.

BATTLE FLAMES ON AQUITANIA

FASLANE, Scotland, Oct. 12 (Thursday) (Reuters) — Firemen battled early today to control flames roaring through the hulk of the 44,000-ton Aquitania, once the luxury queen of the Atlantic now lying at a scrap-yard dock here.

Employees of the scrap firm were roused to aid firemen.

The blaze was spotted by a watchman.

TORONTO, Oct. 11 (CP) — Winnipeg's touring bantam soccer team bowed 3-1 to Toronto All-Stars tonight in an exhibition game played in a steady downpour of rain. It was the visitor's first loss on their 14-day trip which takes them to Chicago next.

Netherlanders Build Colony in N. Guinea

SINGAPORE (AP)—The Netherlands is planning a new country in Dutch New Guinea, refuge of the Dutch since the transfer of sovereignty in Indonesia, even though its fate still hangs in the balance.

New Guinea's Governor, S. L. J. van Waardenburg, disclosed a vast development program to open up the country, estimated to cost 30,000,000 guilders (about $8,400,000), here on his way to The Hague to consult with the Netherlands Minister for Union Affairs.

REFUGE FOR EUROPEANS

Van Waardenburg said New Guinea's European population had increased from 1000 to 10,000 since the Indonesians took over in Java. The Newcomers are living in makeshift houses built of discarded U. S. Army scrap.

The settlers, he said, are sticking it out in primitive conditions, determined to carve out a prosperous new country. In the last six months they have imported about $700,000 worth of equipment from Singapore for initial projects.

Van Waardenburg said the development program includes building of a new, modern Hollandia as the capital, along with new harbors and roads; exploration of the country's mineral resources, and development of the fishing industry.

Giants' Pennant Hopes Lie in $125,000 Deal

NEW YORK, Oct. 11 (AP)—New York Giants announced a $125,000 deal" today which they believe may give them a National League pennant in 1951.

In exchange for four minor league players and cash the club obtained three leading light of the championship Oakland club of the Pacific Coast League to supply the reserve strength it lacked in finishing third this year.

Coming to the Giants are Rafael Noble, a Cuban Negro catcher woh hit .316 for the Oaks; Artie Wilson, Negro shortstop who hit .306 while leading the Coast league with 255 hits, and Allen Gettel, veteran right-hand pitcher who returns to the majors after winning 23 games and losing seven, mainly in relief roles.

In addition to an unannounced sum of cash, the Giants will send the Oaks four men from their Minneapolis farm, outfielders Bert Haas and Joe Lafata and pitchers Bill Ayers and Wes Bailey. Manager Chuck Dressen of Oakland came East to close the deal.

Fail to Transplant Britain's Busiest Market

LONDON, Oct. 11 (CP) — After nearly 300 years, moves are under way to transplant Britain's busiest market.

A panel of experts, intent on solving traffic tie-ups recommended today that famed old Covent Garden should be shifted from its present cramped quarters off the strand to a new site near King's Cross station.

That's less than two miles away, but the picturesque, basket-carrying porters who haul London's fruit and vegetables into Covent Garden won't take kindly to the switch.

They prefer the crowded, hustling atmosphere of the narrow streets off Holburn where the pubs are open only in the mornings and nearly everybody is fleunt in rhyminng Cockney slang.

Canada Attacked In Russ Article

OTTAWA, Oct. 11 (CP)—Canada is raked over the coals for social and political conditions in an article in New Times, a weekly review published in Moscow.

Heaviest criticism is directed at Quebec Province and Toronto in the article written by A. Serov, who attended a couple of left-wing conventions at Toronto last Summer. Serov is not identified.

He says Canadian authorities have launched an attack on democratic rights as part of preparation for a new war and that this is accompanied by a revival of Fascist organizations, particularly in Quebec. He says the "pro-Fascist" authorities of Quebec Province organize raids on local peace councils.

Turning his fire on Toronto, he says it has plenty of palatial financial institutions but suggests these are built at the expense of residential construction.

BRONCHITIS ASTHMA

Canadian Wages Highest Ever

OTTAWA, Oct. 11 (CP)—The Canadian worker's pay envelope was at its fattest point in history at Aug. 1, the Bureau of Statistics reported today.

Average weekly wages in the non-farm industries hit $45.15, up slightly from the $45.04 of July 1 and well over the $42.95 of a year previously.

Total payroll of $100,900,000 for the week also was an all-time high the Bureau said. The figures do not include Newfoundland.

By Provinces, highest average weekly pay was British Columbia's $48.53, which was up from $46.08 a year before.

Dodgers Trade With Hollywood

BROOKLYN, Oct. 11 (AP) — Brooklyn Dodgers said today they have obtained Jim Baxes, a right-hand hitting third-baseman in a trade with the Hollywood Pacific Coast League Club and have sold Dee Fondy, a first-baseman with their Fort Worth farm, to Chicago Cubs for an undisclosed sum.

In exchange for Baxes the Dodgers will send Mal Malette, a Southpaw pitcher, to Holywood, along with some cash.

SECOND CALL FOR HELP SENT OUT BY AMBOINA

JAKARTA, Indonesia, Oct. 11 (AP) — Radio Amboina today sent out a second urgent call for Red Cross help for victims of Sunday's earthquake and tidal wave which swept away two coastal villages.

The radio is the voice of the rebel South Moluccan Government, which has declared its independence of the Indonesian Republic and is fighting Indonesian Government troopers sent to quell a revolt on Amboina.

Dollar Unchanged

NEW YORK, Oct. 11 (CP) — The Canadian dollar was unchanged at a discount of 5 five-sixteenths per cent in terms of United States funds in closing foreign exchange dealings today. The pound sterling was up one-sixteenth of a cent at $2.80 three-sixteenths.

OLYMPIC SWIMMER DIES

WEST LOS ANGELES, Oct. 11 (AP) — James Wallace (Wally) O'Connor, 47, four-time Olympic swimmer and water polo player, died of cancer today. He was a member of the United States 800-metre relay team which won at the 1924 Olympics, and on the 1924, 1928, 1932 and 1936 water polo teams.

FORMER RANGER WEDS

FLIN FLON, Man., Oct. 11 (CP)—Alex Shibicky, former New York Ranger star forward and now coach of the Flin Flon Bombers junior hockey club, was married tonight to Gloria May Aspinall of Winnipeg.

BELFAST, Ireland, Oct. 11 (Reuters)—Linfield today qualified for the Ulster Cup soccer semi-finals with a 4-1 victory over Glenavon.

Two Wanderers Meet by Chance At Trent Canal

MIDLAND, Ont., Oct. 11 (CP)—Two wandering boatmen — one bound for Alaska, the other for the Gulf of Mexico — compared notes here today after a chance meeting in Lock 7 of the Trent Canal.

Henry D. Barrow of Woodstock, N.Y., is heading North and West in a 14-foot outboard motorboat.

Fred Schrader of Essington, Pa., in a 25-foot converted life-boat powered by a 1923 Model "T" Ford engine, is on the Northern leg of a round trip back to Essington via Chicago, the Mississippi River, the Gulf and the Atlantic.

They came here from nearby Waubaushene to get charts of the inside passage of Lake Huron's Georgian Bay. They plan to travel together to some point near the West end of Manitoulin Island in the North end of Lake Huron.

From there, Schrader and his companion, Everett Parish, will swing South into Lake Michigan, headed for the Chicago drainage canal.

"We hope to spend the Winter in a little warmer climate," said Schrader. "We may be home by next Summer."

But there's no rush, he said, except to get through Lake Michigan before "the dirty weather sets in."

Barrow, whose one-man crew is his brother, Carroll, of Craddock, Va., said of their timetable:

"We might get to Alaska next year, but I wouldn't promise. It might be the year after that."

The Summer heat of New York, where he was an industrial writer and photographer, promoted the Alaska trip, Henry Barrow said.

"I figured there must be a better way — and I knew it's cool in Alaska."

He spent 20 years as a sailor, taught navigation in Alaska and turned to commercial fishing for a year and a half before "going civilized" for about a year.

The Barrows said they may Winter at Sault Ste. Marie, Ont. Next Spring they'll head across Lake Superior, Lake Winnipeg and the rivers of the Canadian prairies to the headwaters of the Athabaska River.

Canadian Ships In Netherlands

SCRAVENHAGE, The Netherlands, Oct. 11 (CP)—The Canadian Special Service Squadron arrived in the Netherlands today—the H.M.C.S. Magnificent anchoring at Rotterdam and the destroyers Huron and Micmac berthing at Amsterdam.

Rear-Admiral Edmund Mainguy called on port authorities and the Burgomaster of Rotterdam, and on other Dutch naval authorities.

The commanders of the destroyers paid official visits to authorities at Amsterdam and to the Burgomaster.

A full program has been arranged for officers and men while the ships are docked.

No Decision Made On Special Force

OTTAWA, Oct. 11 (CP)—Cabinet met today but made no new decision about the destination of the Army's Special Force.

The plan to send it to Korea stands, informed quarters said, until the Korean situation clarifies and the United Nations maps out occupation plans.

SEES IMPROVEMENT IN CANADA-U.K. TRADE

OTTAWA, Oct. 11 (CP)—George McIlraith, Parliamentary Assistant to Trade Minister Howe and delegate to two recent Commonwealth conferences in London, said today in an interview he believes Canada can look for an improvement in trade with the United Kingdom.

Arctic Exercises To Be a Secret

OTTAWA, Oct. 11 (CP) — The Army said today its Arctic exercise this Winter is going to be secret. It was a new sign of the lengthening security shadow arising from Korea.

A headquarters spokesman said details of this Winter's exercise, unlike last year's highly-publicized Sweetbriar, are on the classified list.

However, these facts were made known. It won't compare in size and scale to Sweetbriar with thousands of Canadian and American troops but will involve the use of paratrooners and aircraft.

It will take place somewhere roughly in the vicinity of the military base at Fort Churchill, Man.

It will teach the Army new lessons about survival and movement in the North.

The exercise will be less closely related to Sweetbrier, held along the Alaska Highway, than to its lesser-known counterpart of last Winter, an exercise known as Sundog. Its title is expected to be Sundog Two.

While most of the publicity went to Sweetbrier, about 200 soldiers moved out into the trackless, bitter barrens around Churchill for a month in February and March and lived and moved about and trained there.

Braced for New Indo-China Attacks

By SEYMOUR TOPPING

SAIGON, Indo-China, Oct. 11 (AP) — Battered French troops in Indo-China's North frontier braced themselves today for new onslaughters by reinforced Communist-led Vietminh battalions.

Weakenered by the Rebel Vietminh's annihilation this week of the bulk of 5½ front-line battalions in a jungle trap Northwest of Thatkhe French border positions are buckling under new enemy pressure.

SHIPS WEATHER STORM

MEXICO CITY, Oct. 11 (AP)—Ships unreported during Tuesday's hurricane radioed today they had been able to ride out the storm without damage.

The Merchant Marine Bureau of the Government reported that "all ships previously unreported are lying to."

Skinny men, women gain 5, 10, 15 lbs.

By CLIVE FLEMING

Rambunctious Mooose McNaughton last season a drawing card of the Nelson Maple Leafs, appears through with Kamloops this season after a recent Kamloops-Kerrisdale tiff.

Friday night, Moose "one of Kamloops" best players but extremely tempermental, walked into the dressing room at the close of the second period with the Monarchs, took off his skates, went to his hotel, then left for home. Thompson made no effort to get him back and it's likely that Kamloops has seen the last of Mr. McNaughton," says a Coast report of the game.

Previously it had been reported that Moose had had words with Kerries' Al Rittinger, and Coach Paul Thompson repremanded him by benching him for the remainder of the game. Could be he didn't like picking up slivers during the second period.

Kerrisdale Monarchs have two more additions to the club, defenceman George Abel, who played intermediate hockey in Alberta, and six foot 200-pound centreman Jack Smith from Yellowknife. George Abel is a brother of Detroit Red Wing captain Sid Abel.

Calgary Stampeders and Edmonton Flyers hung king-sized drubbings on the Spokane Flyers over the weekend. Russ Dertell and the Cowtowners shut out the Spokes 7-0 and Edmonton whipped the U.S. titlists 8-2.

Calgary is still playing five imports from B.C., portsider Don Anderson from Trail, and Buzz Mellor Bill Hryciuk, Don Campbell and Don Clark from Kamloops. One will have to be cut before the season is under way.

The Spokesman Review released the lineup of the Spokane Flyers yesterday, and included former Nelsonite Don Appleton on the roster, to centre the third line. Apps will ink a Smokie card this season. Lorne Nadeau was also named for a utility spot, but there's a good chance he'll be playing in this loop, but not for Spokane. He, Apps, and Johnny Rypien, currently lining up with Trail, didn't like the idea of a salary cut.

Only Flyer newcomers named are blond centreman Bill McNalley, Edmonton Athletic Club Junior, Doug MacAuley, Edmonton Waterloo Mercuries, Russ Wylie of Trail, George Horbe, Victoria Cougar and Goalie Jerry Fodey, also of Victoria.

Looks like Spokane rugger Eddie Thomas will play for Vernon Canadians.

On the local front, Kay Strate and Wally Hryciw have left for the prairies, after being cut off the Leafs' roster. At the same time burly defenceman Stan Elfenson, who used to play for Detroit in the International loop, and Goalie Don McDougall of Flin Flon arrievd into the Leaf camp yesterday.

Don't be surprised if two or even three more show up. Right now Eddie Wares nas an ace up his sleeve.

Over in Trail the other night, when Fritz Khoehle drove in a pair of important goals, the winner and the clincher, to beat Trail 5-3, Bobby McNabb played a terrific game in goal for the Leafs. He had a good defence in front of him too, with Ernie Gare, Ron Collings and Jim Drew blocking at least 20 drives. As it was, McNabb stopped 27 Smokie shots, while Bobby Bartlett got in the way of 19 Leaf drives.

Although he has plenty of time to prove himself, Johnny Rypien didn't look worth the amount rumor says he asked Trail for. He looked to be in grim shape, but always as the season progresses, he becomes one of the most dangerous pucksters in the league.

Rookie Ernie Gare is going to play a lot of defence for the Leafs. Although he's no giant, he's as steady as the rock of Gibralter, and Wares will be able to teach him a lot.

PHILLIES SIGN UP TOM CASAGRANDE

PHILADELPHIA, Oct. 11 (AP) — The most sought-after college baseball player in the United States was signed by Philadelphia Phillies today—for a $40,000 bonus and "because he loves the Phillies."

Nathan (Babe) Alexander, genial publicist of the National, League champions, disclosed that the Phils paid young Tom Casagrande the second highest bonus in the Club's history. He said scouts rate the kid a potential "Babe Ruth."

Casagrande is a 20-year-old lefthanded pitcher who also hits the ball a country mile. Ten major league clubs sought to sign him.

To top it off, Casagrande is the nephew of George Silvey, assistant to the director of the St. Louis Cardinal farm system.

Casagrande is a six foot, three-inch strong boy who pitched for Whitinsville, Mass., in a New England league last Summer. He won nine and lost two. And in his spare time—when he wasn't pitching — hit .429 as an outfielder. He throws left and bats left.

ONE MINUTE NEWS ABOUT JOHNS-MANVILLE

Home Ablaze But Neighbor's Safe

Time was when one house on fire and a stiff breeze imperilled a whole community! But with the ever-increasing use of Johns-Manville Cedargrain Siding Shingles for exterior walls and J-M Durabestos Shingles for roofs, this dreaded menace is passing out of existence.

J-M Cedargrains are made of asbestos and cement, two minerals that won't burn, won't rot, and practically speaking, won't wear out. Designed to blend perfectly with any type of architecture, Cedargrains are obtainable in five strikingly beautiful colours; Redtone, Graytone, Greentone, Browntone and Dover White. All are effectively charming in new building or remodelling.

J-M Cedargrains never need painting for preservation; their upkeep is as thrifty as their low first cost. For free folder on Cedargrains, write John-Manville, 1206 Homer St., Vancouver, or see your J-M dealer.

Canada's First Channel Challenger

The first person to challenge the English Channel in 1951 and a Canadian at that, is Cliff Lumsden, of New Toronto, Ont. Twice winner of the world's professional swimming championship, Cliff would like to be the first Canadian to make a try. What's more, he thinks he can make the gruelling trip from the French side to the white cliffs of Dover a successful one. By virtue of his swimming accomplishments in the past year, the 19-year-old lad was awarded the Lou E. Marsh Trophy, which Cliff and a friend, Joan Clark, are seen admiring here.—Central Press Canadian.

Dykes' Future a Question Mark

PHILADELPHIA, Oct. 11 (AP) — Philadelphia Athletics, who often work in mysterious ways, are involved in another "who-dun it." They'll neither confirm nor deny bidding goodbye to Jimmy Dykes, the assistant manager who hasn't been fired and says he hasn't quit.

It all started with a published story that Dykes was quitting the A's, but not baseball. He was going to become either a manager or coach of another major league team. So said the story. So the owners of the A's were asked:

Has Dykes been fired? Did he quit? Is he included in the Club's 1951 plans?

Vice-President Roy Mack declined to say whether Dykes was included in the A's' plans.

Brother Earle Mack said "If he (Dykes) has any other offers he wuold like to accept, we will not stand in his way."

And finally, President-Manager Connie Mack had his say. "I hope Jimmy finds something good, real good. He deserves nothing but the best and if he can improve himself, I'll be happy. He has always been a friend."

Here's wht Jimmy had to say today:

"I know nothing about all this. I definitely have not quit and don't intend to quit. I'm quite happy coaching at third base for the A's."

Dykes, stor third baseman for Connie Mack in the pennant-winning days of 1929, '30, and '31, went on to say that none of the club executive had breathed a word to him about departing.

Dykes, who managed Chicago White Sox for 13 years, said, "I'm not too interested in becoming a manager again, at least not unless it's a pennant contending ball club. I've had enough sleepless nights with second division teams. I'm too old for that stuff now."

Jimmy brushed off suggestions he was going to succeed Lou Boudreau at Cleveland. Asked about reported conversations he had with Cleveland's general manager Hank Greenberg during the world series, Dykes said:

"There wasn't a thing to it but a couple of old ball players chewing the fat."

D'Amour Entered In Edmonton Auto Bonspiel

EDMONTON, Oct. 11 (CP) — Grant Watson of Winnipeg, former Canadian champ, has entered a rink in Edmonton's second annual Automobile Bonspiel, scheduled for Oct. 30-Nov. 4.

Another headliner in the Bonspiel will be T. (Frenchy) D'Amour of Trail, B.C., another former curling champion who won the classic last year.

NEW COACHES, TEAMS FOR USHL THIS YEAR

MINNEAPOLIS, Oct. 11 (AP)— The United States Hockey League will swing into its 1950-51 campaign this weekend, with two new towns represented and three new playing coaches to be introduced to the fans.

New teams in the circuit will be Denver and Milwaukee.

It will be the first competition for Kansas City under the direction of Wilf Field, former National and American League player, who will take his regular turn on defence in addition to coaching.

Kansas City Mohawks will operate without a major-league club tieup this year. A group, with Vern Banks as general manager, will run the club under a franchise purchased but not used by the father-son combination of Paul and Morris Fogel. The Fogels felt they could not put a team on the ice this year and granted premission for Banks' group to use the franchise.

Tulsa likewise will sport a new playing coach. He is Bud Poile, 26-year-old former National League player. The third newcomer will be Red Hammill, who played last year with Chicago Blackhawks.

Hammill will direct Milwaukee Sea Gulls, the new team in the league operated by William J. Tobin, who sold his Kansas City franchise to the Fogels.

Red Wings Down Rangers in Opener

DETROIT, Oct. 11 (AP) —The Stanley Cup champion Detroit Red Wings took up where they left off last season as they nipped the New York Rangers 3-2 tonight in the opening game of the National Hockey League season.

Detroit just nipped the Rangers in the Stanley Cup finals last season and had a scrap on their hands all the way tonight before 11,321 fans.

The Rangers, making their initial appearance under Coach Neil Colville, showed much more offensive power than they had last season as they forced the action better than half the time.

LINDSAY HONORED

Detroit's Ted Lindsay, who won the N.H.L.'s individual scoring honors last season, was honored in ceremonies between periods of tonight's tussle.

He got a jump on the celebration, however, by banging in the first goal of the season just 1:21 after the game opened. Detroit made it 2-0 on Gaye Stewart's short smash but then the Rangers bounced back with a pair of first period goals themselves to tie the score.

Gus Kyle scored first on a 30-footer and Buddy O'Connor added anther on a short poke.

Detroit's famed Howe-Lindsay-Abel line clicked for the winning goal at 1:25 of the final period and from then on the Wings' rookie goalie, Terry Sawchuk, took over and hel dthe Rangers in check.

SUMMARY.

First period—1. Detroit, Lindsay (Hows) 1:21; 2. Detroit, G. Stewart (Couture) 7:56; 3. New York, Kyle (Mickoski) 13:28; 4. New York, O'Connor (Eddolls, Kaleta) 15.54.

Penalties—Fogolin, Kelly, Reis, Lindsay.

Second period—Scoring—None.

Penalties—Eddolls, Stanley (2), Kyle.

Third period—5. Detroit, Abel (Lindsay, Howe) 1:25.

Penalty—Fogolin.

Boland Problem To British Boxing Plans

LONDON, Oct. 11 (Reuters) — Bobby Boland, 120-odd pounds of Scottish courage, has given the British fight business one of its biggest headaches since Bonnie Prince Charlie crossed the border.

Bobby's rapid-fire fists have also tangled the world bantamweight puzzle like a bowl of spaghetti.

He lowered the boom on international boxing plans here Tuesday night by winning a gory 10-round bout from Danny O'Sullivan, British bantam king and challanger for Vic Toweel's British Empire and World titles.

Fighting through a haze of blood that dripped from a badly-cut forehead, Boland kept slamming away at the champion's body so effectively that O'Sullivan was doubled up like a question mark most of the distance.

But Boland wasn't fighting for the British title. He forfeited his right to challange O'Sullivan last month when fouled out against Manchester's Tommy Profitt. The British Boxing Board of Control has ruled that Profitt must have first shot at Danny for the National crown.

That's headache No. 1 because most local experts figure Boland's Tuesday night display proved him better than either the champion or the challanger.

Headache No. 2 is that the beating O'Sullivan took has seriously weakened any claims he has for a shot at Toweel.

Luis Romero, Spanish and European champion, already holds a decision over O'Sulivan and the Romero camp raised indignant howls when O'Sullivan signed to meet South African Toweel in Johannesburg next month.

Tony Vairo, Boland's manager, today said he also planned to object to the Toweel-O'Sulivan battle. Even though Bobby beat O'Sullivan over the weight limit, Vairo says his meal-ticket has earned the right to meet Toweel first.

REFUSE COMMENT

The B.B.B.C. played possum today, refusing comment to reporters' questions. But behind the oaken doors there was a rasping noise that might have been heads being scratched vigorously.

2-Ball Foursome Begins Sunday

The mixed two-ball foursome, a bowling event all keglers have been waiting for, will get under way in Nelson Sunday.

The tourney will see about 75 men and women take to the alleys Sunday afternoon. Draws have been scheduled for noon, 2 and 4 p.m.

Schedule will be:

12 noon:

Women—G. McCulloch, G. Macrone, D. Chursinow, E. Macrae, J. Koehle, L. Maslov, Q. Wright, C. Chapman, I. Locatelli, L. Kennell, W. Sommers, O. Cassan and V. Lapointe.

Men—A. G. Brown, H. Holmberg, K. Loewen, B. Somers, A. Macrone, F. Koehle, W. Hallman, F. Heddle, T. Moorecroft, W. Sinclair, D. Hall, D. Macrae and G. Clerihew.

2:00 p.m.:

Women—B. Iceton, M. Stoutenberg, M. Stangherlin, J. Edwards, G. Culley, D. Norfield, J. Day, V. DeLucrezio, W. Lindgren, M. Ross, S. Coskey, L. Schneider and K. Zabawa.

Men—F. Lindgren, H. Bentham, A. Schneider, B. Bennett, B. Riddell, T. Cole, D. A. Iceton, B. Jarbeau, Y. Hamakawa, C. Lundgren, B. Wright, W. Day and S. Zabawa.

4:00 p.m.:

Women—M. Whitelock, D. Allan, F. Gill, E. Niven, D. Waterer, S. Needham, H. Forbes, L. Koehle, M. Thain, M. McDougall, A. McGinn and B. Moore.

Men — K. Forbes, G. Gill, B. Schneider, L. Wood, H. Sutherland, R. Koehle, A. Stevens, R. Kennedy, K. White, E. Waterer, F. Wah and H. Kennell.

PHONE 144 FOR CLASSIFIED

Owen Sound Wins Lacrosse Opener

TORONTO, Oct. 11 (CP) — Owen Sound Crescents walloped New Westminster 13-2 here tonight to take a 2-0 lead in games in the Canadian Senior Lacrosse finals. Third game of the four-of-seven series will be played here Friday and the fourth here Sunday.

Centre Grant Gillespie fired four goals and Don Campbell, forward on the same line, counted three times for the Eastern champions who overwhelmed the lighter Crescents.

Other Owen Sound scorers were Russ Slater with two, Tommy Burlington, Jack Mason, Fred Smith and Don M. Whirter.

New Westminster scorers were Reo Jerome with three, Alf Wood with two and Jack Northup.

Brilliant blocking by Lloyd (Moon) Wooton in the Owen Sound nets and closing checking by Crescents throttled the Western champions who were never in the game after rallying to deadlock the count 4-4 at halftime.

Big Gordon Pogue in the New Westminster nets made 18 stops compared to 12 by Wooton but didn't get the solid protection enjoyed by the Eastern netminder.

A small paying crowd of 2,671 saw the game.

Would Legalize Ring Name

Gorgeous George, the American wrestler of the beauty parlor curls and brocaded dressing gowns, sought permission in Los Angeles, Cal., to drop his legal name—George Raymond Wagner—in favor of the more widely known ring name. He also asked the court to change the surname of his wife and two children from Wagner to George.—Central Press Canadian.

Middleground's Racing Career Appears Ended

By JOHN CHANDLER

NEW YORK, Oct. 11 (AP)—The racing career of Middleground appeared ended today after the winner of this year's Kentucky Derby pulled up lame in a workout at Belmont Park.

"'The chances are a thousand to one against him ever racing again," said his saddened trainer, Max Hirsch, as he looked at Middleground lying down in his stall.

Hirsch said X-rays showed two fractures of the ankle bone of the right forefoot.

"We'll probably be able to save him but that's about all," he said.

When he recovers, Middleground will be sent to the farm for stud purposes.

Middleground won only two races in 10 starts this year but they were major three-year-old classics—the Derby and Belmont Stakes. The King Ranch colt missed the triple crown by finishing second to Hill Prince in the Preakness.

The Chestnut Son of Bold Venture-Verguenza was out for a workout when the accident happened. The injury was so serious Middleground had to be removed to his barn in an ambulance.

As a two-year-old, Middleground won four of five starts, including the Hopeful Stakes, and $54,225. He was retired for the year after the Hopeful when it appeared he might develop an osselet, and his ankles were "fired" during the Winter. With two victories, six seconds and a third in his 10 races this season, Middleground earned $183,500.

NEWMARKET, England, Oct. 11 (AP)—Above Board, a little three-year-old from the King's stables, breezed home six lengths in front of a record field of 38 today to win the Cesarewitch stakes.

Yesterday's Answer

DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

Market Trends

NEW YORK, Oct. 11 (AP)—After a lot of indecision, the market today bounced ahead for gains running to more than $1 a share.

Canadian issues gained, with Distillers Seagrams climbing ⅜, Canadian Pacific, Dome Mines and Hiram Walker each ¼. International Nickel fell ½.

TORONTO (CP) — Prices firmed from yesterday's losses.

Early dealings pointed to a continuation of the downward trend, but mild support appeared, and market leaders gained. Activity increased slightly and volume was about 2,225,000 shares.

Gains ranged from fractions to more than a point in a selected list of industrials. Papers were higher, and McColl Frontenac featured a stronger refining oil group following news of an extra dividend. Agriculture, utilities and a handful of steels pushed higher, while textiles and constructions eased.

MONTREAL (CP)—Trends were mixed in active trading today.

Ascot, one of Tuesday's features, fell four cents at $2.20 in active trading. East Sullivan was up 10 cents at $8.05, after hitting a new high of $8.20 earlier. Golden Manitou was off 30 cents at $5.60 and Quebec Manitou off 17 cents at $2.38. In the oils, Central Leduc dropped 45 cents at $3.35, and Del Rio was down 30 cents at $1.40.

LONDON (Reuters) — A general hesitancy in London today was attributed to reported Communist China warning to the United States to "keep out of Korea".

The general trend of price movements was to slightly lower levels, with British Government stocks fractionally lower, on small profit-taking by speculators.

Calgary Livestock

CALGARY, Oct. 11 (CP)—Cattle market was active at the Calgary Stockyards today, with odd choice cows up to $18.75 and bulk of offerings replacement cattle and cows.

There were 350 cattle, 30 calves, plus 708 head held over on offer.

Yesterday's saleable receipts: 1165 cattle, 298 calves, 518 hogs and 98 sheep. Today's receipts: 217 cattle and 10 calves.

Good butcher steers, $25 to $26; common to medium, $20 to $24.50.

Good butcher heifers, $24 to $25; common to medium, $18 to $23.50.

Good cows, $18 to $18.50; common to medium, $16 to $17.50; canners and cutters, $13 to $15.75.

Good bulls, $21 to $21.75; common to medium, $18 to $20.50.

Good to choice veal calves, $27.50 to $29; common to medium, $20 to $27.

Good stocker and feeder steers, $26 to $27; common to good, $20 to $25.

Hogs sold yesterday 20 cents higher at $23.25; sows, 50 cents lower at $19; good lambs, $23.50 to $24; good ewes, $11 to $12.

Wilf Carter, Born in Nova Scotia, Turns Wild West

By The Canadian Press

Canada's top singing cowboy is a Nova Scotian who made good on the Prairie Rodeo Circuit before taking to his guitar. Today, Wilf Carter is an internationally-known celebrity whose recordings of Western ballads are in great demand.

Carter was born in Guysborough County, N.S., but now spends his spare time in Summer on his ranch at Carstairs, Alta., and his Winters at his home in Clinton, N.J. His working time is also divided—between making public appearance tours and records. Latest total of recordings is 248, many of which he wrote himself.

Maybe it's because he's a Maritimer himself, maybe it's because they're so far from cowboy territory, but his most pervent fans are found down East. A series of Wilf Carter fan clubs have sprung up through the Maritimes. One of the most fervent is found in supposedly Conservative Ottawa.

FRIENDLY FEUD

Apparently there's quite a feud in progress between Carter and his chief rival, the Maritimes singer, Hank Snow. Recently Carterites felt that their favorite wasn't being given enough time on a popular radio program and let the world know about it.

They wrote letters to the station and to their member of Parliament. Even A. D. Dunton, Chairman of the CBC's Board of Governors, was on the receiving end of a letter of protest before the matter was settled amicably.

Wilf headed for Alberta in his youth, and got his share of bumps in the Rodeo business. But he found early that he had a way with a guitar and a plaintive Western tune, and was soon entertaining customers at the Calgary Stampede in the 1920s.

He later hit the United States and created a wide following as "Montana Slim". Now firmly established, Wilf pays off his income tax in large instalments through his public appearances. He made one Dominion-wide tour this Spring and is set for another before the Winter sets in. The rangy singer even looks like a cowboy, even behind the wheel of his 1950 Cadillac convertible.

By the way, you'll never miss his ranch if you're passing through Carstairs. He has his name painted in big white letters on the barn.

METAL PRICES

NEW YORK — Spot nonferrous metal prices. Copper 24½ cents a pound. Connecticut valley. Lead 16 cents a pound, New York, zinc 17½ cents a pound, East St. Louis. Tin $1.09¼ a pound, New York.

65 stocks—82.95, up .63.

Minister's Vision Aids Nationalists

By SPENCER MOOSA

TAIPEI, Formosa (CP) — Late last April Rev. Hendon M. Harris was driving in the Hidden Pond Woods Forest Preserve near Chicago. He felt sleepy and halted his car to take a nap.

He was awakened, he says, by a strong wind and looking at the sky saw a bear and dragon fleeing from pursuit by a wounded lamb.

His vision, he decided, was God's way of vouchsafing that Communism would go down in defeat—and God's way of telling him to join in the fight.

Harris is pastor of the Airport Baptist Church in Chicago. His congregation was raising funds to build a new church. It decided to use the money to send him to Nationalist China.

Harris flew to Formosa. He arrived in May, when Nationalist fortunes were at very low ebb and their cause was lost in the eyes of the world.

Madame Chiang Kai Shek broke down and wept on hearing his message of faith and encouragement.

Harris is 34 years old. There is nothing about him to suggest fanaticism. He was born in China, the son of missionaries.

He is director of the New Testament Evangelization Society of La Grange, Ill., where his wife and four children live.

DEATHS

Gravenhurst, Ont. — George Hainsworth, 55, former National Hockey League goalkeeper with Toronto Maple Leafs and Montreal Canadiens.

Montreal — Horace C. Grout, 69, former President of the Minneapolis, St. Paul and Ste. Marie Railroad Company (Soo Line).

Montreal—Mrs. Sidney Shewartz, prominent member of the executive of the Cancer Research Society Inc.

Repetition of Red River Flood Feared

WINNIPEG, Oct. 11 (CP) — The Red River Valley is worried. There is growing concern that the disastrous floods of 1950 may be repeated next Spring.

The high level of the Red and its tricky tributary the Assiniboine; above-normal rainfall during the Autumn; soil that is so waterlogged it can't absorb more moisture—these are the worrying factors.

Last May the Red caused the worst flood in the valley in a century.

Since then, the Valley has been watching in vain for the Red and Assinaboine to fall to normal level. They haven't.

The situation almost duplicates the Autumn of 1949, except that the rivers were lower then. Excepitonal cold and heavy snowfall during the Winter, coupled with a fast break-up in the Spring could duplicate the 1950 flood conditions.

Conversly, they said, a comparatively dry Winter, below-normal precipitation in the Spring, and a gradual break-up could remove the flood danger.

Greater Winnipeg is not counting on too much good luck. Work on 33 miles of temporary dykes is proceeding on an around-the-clock basis.

"By Spring the city will be in a position to ride out a 1948 flood and put up a good fight against one like last year's," said Victor Michie, Federal member of the Greater Winnipeg Dyking Board.

ROBERTSON, South Africa (CP) —First prosecution under the suppression of Communism Act took place recently when a local painter was charged with "advocating Communism as a good system of government." The charge was dismissed.

NAILSTONE, Leicestershire, England (CP)—A balloon hanging up in Bernard Baxter's store suddenly burst. A wasp had stung it and was killed instantaneously by the blast.

A Town Goes Crazy

Homes in the town of Surte, North of Guthenburg, in Northern Sweden, lie at crazy angles as the slide toward the Goeta River on a giant slab of clay was set in motion by weeks of rain. The former site of the town today is a canyon 50 feet deep and 600 feet across. About 40 homes toppled into the river. One died and 30 were hurt in the landslide which started early.—AP Wirephoto.

Pupils From Entire World Attend Ottawa's Schools

OTTAWA, (CP) — Ottawa secondary schools boast of pupils from various parts of the world and other parts of Canada, but none can compare with Lisgar Collegiate this semester.

At Lisgar, there is what might be termed a "Little United Nations."

Principal J. A. Dunlop reports that students from all over the world—Europe, Aisia, England, Scotland, the United States and all parts of Canada—are registered at the institute.

Many of these pupils from foreign countries can speak little English and Mr. Dunlop has the task of grading them. Usually they are put into their own age groups where they will best learn English by chumming with youngsters their own age.

Mr. Dunlop said there is one thing common with all new Canadians. They are hard workers and thriving to get ahead.

Many of the students came to Canada with their parents under the Canadian immigration channels. Others, whose fathers worked in Canada during the war years, have decided to make Canada their new home.

Another, Marina Paumann of Austria, is new to Ottawa this Fall but is not exactly new to Canada for she attended school in Montreal last year. Her father, Kut F. J. Paumann, is a member of the Austrian Consulate in Ottawa.

One student who has no language worries is pretty Rosemary May Martin of Bristol, England. A grade 11 student, Rosemary said Canadian school are quite different from English schools, but said she knew she was going to like it here. Her father, Dr. Hubert Martin, is a scientist.

St. Patrick's College and University of Ottawa both have students from South and Central American countries. Many of these students are back in Ottawa for their second third and even fourth year.

W. D. T. Atkinson, Principal of Glebe Collegiate, reports that the school has one student from Germany, one from the United States, and students from almost every province in Canada.

However, St. Patrick's College and Nepean High School are leading in one department. They are the only two schools to report from Canada's 10 province — Newfoundland.

Leaves Half Ford $8,500,000 Estate Edison Institute

DETROIT, Oct. 11 (AP) — Mrs. Henry Ford left nearly half of an estimated $8,500,000 estate to the family-founded Edison Institute for educational purposes.

Her will, filed for probate today, bequeathed the remainder to relatives and made cash bequests to five long-time servants of the Ford family.

Mrs. Ford died Sept. 29 at the age of 84. Her automobile magnate husband, founder of the Ford Motor Company, died three years ago.

US Navy Places Orders for Canadian Guns

OTTAWA, Oct. 11 (CP) — The Trade Department today announced that the United States Navy has placed orders in Canada for $10,000,000 worth of three-inch, 50-calibre naval guns.

The contract has been placed by the Canadian Commercial Corporation on behalf of the U.S. Navy with Sorel Industries Limited, Sorel Que.

This order will be in addition to a similar one placed with the Sorel Company on behalf of the Canadian Navy. The Canadian order was valued at $2,100,000.

Trade Minister Howe said in a statement that the American order was concrete evidence" that the policy of negotiating reciprocal agreements on armament production between Canada and the United States was actually operating.
