WEATHER FORECAST

KOOTENAY: Cloudy. Frequent sunny intervals in afternoon. Little change in temperature. Winds light. Low and high at Cranbrook 45 and 70, Crescent Valley 40 and 70. Sunday outlook cloudy.

Tough Row Ahead For Red Unionists

Right-Left Clashes Predicted For C.C.L. Convention Monday; Smelter Union Due for Eviction

By JOHN LEBLANC
Canadian Press Staff Writer

OTTAWA, Sept. 30 (CP) — Union Communists will be under the gun at the Canadian Congress of Labor's convention opening here Monday.

Hard on the heels of last week's expulsion of the Red-led Canadian Seamen's Union from the Trades and Labor Congress of Canada, the other big labor body is virtually certain to throw out one of its Communist affiliates and likely will take disciplinary action against a second.

Due for eviction is the 18,000-member International Union of Mine, Mill and Smelter Workers (C.I.O.-C.C.L.), which has been under suspension since March for disregarding decisions of the C.C.L. Executive. The Executive will recommend "permanent suspension" of the Mine-Mill Union, and the convention undoubtedly will back it up.

The 80 delegates representing 360,000 C.C.L. members also will be called on to deal with the case of the United Electrical Workers (C.I.O.-C.C.L.), which a Congress investigating committee last Spring found guilty of "slander" in attacks against the Ontario Federation of Labor, a C.C.L. affiliate.

Five members of the U.E.W. including Canadian Director Clarence S. Jackson of Toronto now are under suspension from the C.C.L. for the attack, and the Union itself also is under an Executive warning that further offences will bring about its suspension.

MANY CLASHES

The battle over the two Unions, which will bring about the first of what are expected to be a number of sharp clashes between left and right wings, is to open Monday afternoon.

Indications were that the Mine-Mill Union itself would not attempt to fight expulsion, though it likely will find defenders among other left-wingers in the convention.

The impending expulsion, coupled with the cutting adrift of the Canadian Seamen's Union by the T.L.C., has given rise to reports that a new Communist Labor Congress is in the making. Some high C.C.L. officials are of that opinion. However, Canadian leftists have not as yet taken overt moves in this direction.

Wages and hours will take up a major part of the C.C.L.'s week-long deliberations, with devaluation of the Canadian dollar and British pound possibly leading to Congress action in an effort to counteract increases in the cost of living.

Engaged

Strolling through London's Hyde Park (Sept. 28) are the Marquess of Milford Haven and Mrs. Romaine Dahlgren Pierce Simpson, New York divorcee, after announcement of their engagement. The Marquess, 30, is cousin of King George VI and one of Britain's most eligible bachelors. He said the wedding will take place in Washington, D.C., probably in November.—(AP Wirephoto via radio from London)

ACQUIT COAST FISHERMAN ON MURDER CHARGE

PRINCE RUPERT, B.C., Sept. 30 (CP) — Earl Johnson, 34-year-old Nanaimo fisherman was acquitted of a charge of murder early today by an Assize Court jury here.

He was charged with the rifle slaying of his brother, Capt. Vic Johnson, during a quarrel aboard their boat in harbor here Aug. 13.

Earl Johnson pleaded self-defence. In a statement to police he said: "I shot my brother in self-defence after he had slashed me in the arm with a knife."

The shooting occurred aboard the seine boat Izumi III which was operated by Capt. Johnson. It followed a drinking party.

SEEK SUCCESSOR FOR MAN WHO WOULDN'T VOTE

OTTAWA, Sept. 30 (CP) — The Commons will be asked by the Government next week to replace ailing, 67-year-old Jules Castonguay as Canada's Chief Electoral Officer, the man in charge of arrangements that enabled nearly 6,000,000 Canadians to vote in the June 27 federal election and who couldn't vote himself.

He now is ill in an Ottawa hospital after the exhausting experience of working days and nights for weeks and months to prepare for that election and to get Newfoundland ready for its first federal vote.

Among those mentioned as his likely successor is his son, Nelson, 35, a wartime Naval officer who has been Mr. Castonguay's right-hand for some years. Nelson had a great deal to do with the Newfoundland preparations and since the election has been to Colombia to help that South American country get its electoral machinery in order.

The appointment is made by resolution of the Commons under the provisions of the Elections Act. It is a special appointment and it is for that reason Mr. Castonguay did not retire two years ago at the normal retirement age of 65 under civil service regulations.

For the last 22 years he has held down a big job that made him part judge, part counsel, part administrator. He first went into the office 41 years ago and stepped up in 1827.

DELAY CODE CHANGE

OTTAWA, Sept. 30 (CP) — The Justice Department diclosed tonight that enactment of an amendment to the Criminal Code limiting the powers of Stipendiary Magistrates has been postponed indefinitely.

The amendment, passed by Parliament a year ago, was originally scheduled to take effect tomorrow.

A Department spokesman said the postponement was made at the request "of some of the Provinces."

NERVOUS UPHOLDS LABOR LAW

Will Still Seek Changes, Replies I.W.A. President

UNIONS GROW

By RAY TIMSON
Canadian Press Staff Writer

VANCOUVER, Sept. 30 (CP) — A nervous John H. Cates, Minister of Labor in British Columbia for only five weeks, today promised labor "a fair and honest deal" in his first address to a union convention.

The soft-spoken Minister told the International Woodworkers of America (CIO-CCL) that they would get a "friendly welcome, and careful and sympathetic consideration" in all their representations to him.

Mr. Cates was introduced as "an apprentice minister" by Herbert Gargrave, former M.L.A., and now an official of the Canadian Congress of Labor. Mr. Gargrave added, however, that he believed all parties displeased in the last election, were pleased with the appointment of Mr. Cates as Labor Minister.

Mr. Cates admitted his uneasiness. "I'm scared and I don't mind telling you so. I'm not ready yet to give you technical explanations of labor legislation, but I am ready, and have been all my life, to tell you about working."

WARNING

He mentioned to the delegates his days in the sawmills, the camps and later the shipyards. "During that time," he said, "I have met the extremists that you have met. In this respect I tell you we must be sure that these extremists never make us believe—and never make the public believe—that they're the main body."

Mr. Cates urged the unionists to treat labor the same way war should be treated. "In labor, as in war, we must get around a table and discuss our differences sensibly or we won't survive."

The Minister complimented the Province's Labor Relations Board, whose powers and decisions have been bitterly attacked by organized labor. "I think the Labor Relations Board is working hard—and doing a good job. In my mind it's a fine body of honest people."

The Minister thought British Columbia was a Utopia for organized labor. Trade unionists, he said, have grown from 44,000 in 1939 to 143,000 last year. This represents 32 per cent of the Province's population.

"I must point out," he added, "that trade unionism has grown in British Columbia during the time the Industrial Conciliation and Arbitration Act was on the books. While that legislation is not wholely responsible for the growth, it shows the law has encouraged, rather than restricted, organization."

He predicted that if immigration restrictions were lifted all over the world, British Columbia would not be able to cope with the influx the Province would experience.

AIM AT CHANGE

I.W.A. President James Fadling thanked the Minister for his appearance but told him: "We will do everything in our power to change the law which I think will make your job of administering labor in this Province far more popular."

Mr. Cates skipped all touchy subjects. He made one mistake, however. He left his grey christy from London on the press table and the Press obligingly observed that the Minister's hat was not union-made.

Johnson Leaves Decision on Washington Visit

VICTORIA, Sept. 30 (CP).—Premier Byron Johnson said this afternoon he had deferred for a few days whether he would accept the invitation of Senator Warren G. Magnuson to go to Washington, D.C., to discuss the provincially-owned Pacific Great Eastern Railway with United States authorities.

The Premier will decide in Ottawa whether he has the time to make the trip. He is planning to leave Victoria for the Dominion capital by air either Sunday or Monday.

Mr. Johnson indicated that whether or not he proceeds to Washington will depend on what time he has.

He is going to Ottawa to discuss housing and possibly other questions with Federal authorities.

This afternoon the Premier reiterated his policy toward the Pacific Great Eastern, which he said he considers a very valuable property.

"If anybody comes along with a bona fide offer we would consider it," he said. He added that at the present time he didn't know of anyone who wanted to buy the railway.

DESTROYER MENACES SHIP

NEW YORK, Sept. 30 (AP) — A Chinese destroyer threatened for a time today to fire on one of three American ships held off Shanghai by the Chinese Nationalists, it was reported here tonight.

Hans Isbrandtsen, President of the line, said a later cable advised, however, that the Chinese destroyer had pulled away and gone out of sight.

Gets $1000 for Slip in Puddle

VANCOUVER, SEPT. 30 (CP)—A woman was awarded $1000 damages today in County Court for injuries suffered nearly a year ago in a downtown cafe.

Damages were awarded to Aemilia Prest against George and Theodora Dricos, who at the time of the mishap owned the cafe. The woman slipped and fell in a puddle of water in the restaurant.

14 Priests Held

PRAGUE, Sept. 30 (Reuters) — Roman Catholic Church sources here today reported arrests of 14 priests from the Pilsen district and 12 from Karlovy Vary. The complaint against them was reported to be that they organized letters of protest from other priests against the Government's new bill to control churches, salaries and appointments.

Alta. Plane Crash Victim Brother Of Kimberley Man

KIMBERLEY, B. C., Sept. 30—Harold Johnson of Kimberley has received word of the death of his brother, Jack Johnson, following a plane crash near Slave Lake. The pilot of the plane was also drowned.

Import Curbs Off Watches, Clocks

OTTAWA, Sept. 30 (CP)—Removal of import controls on watches and clocks of all kinds was annuonced today by the Finance Department.

The ban was imposed in 1947 when sweeping import controls were imposed to save United States dollars. Many of the controls have since been removed.

Import controls also were removed from watch actions and movements, watch cases and parts, time recorders, clock movements, clockwork mechanisms and clock cases.

FLYING EMPRESS SETS RECORD

VANCOUVER, Sept. 30—Canadian Pacific Air Lines' "Empress of Vancouver," just arrived here from Australia, set a new mark for international commercial aviation by flying direct from Honolulu to Vancouver on its homeward flight. The Empress scorched the skies over the 2760-mile log in 10 hours 55 minutes. It is the first time in scheduled airline flying that an aircraft has covered the lap in this direction. Pilot was Archie Vanhee, of Vancouver.

Divers Salvage Spanish Treasure

Arthur McKee and Charles Brookfield display the Spanish treasure, silver ingots and gold doubloons, from a Spanish ship found by McKee, a deepsea diver, near the great coral reef off the Florida coast. One of the ingots has been sold to the Smithsonian Institution as a museum piece. The ingots, each weighing about 70 pounds, bear the markings of the Spanish mint and assayer. They were mined in Panama. The ship found by McKee in a bed of coral and barnacles is believed to have been a galleon that went down here in the 16th or 17th century.—Central Press Canadian.

LOTTERY NO CRIME SAYS DUPLESSIS

"Sound to Use Gambling Habit for Public Benefit"

COMMON SENSE

QUEBEC, Sept. 30 (CP)—Premier Duplessis told a Press conference here today that a provincial lottery "cannot be a crime."

Intention of the Quebec Government to introduce at the next session of the Legislature a bill to establish a provincial lottery was announced by Mr. Duplessis at Chicoutimi, Que., recently.

"A lottery is a thing which exists, which has always existed and shall continue to exist," said the Premier. "Although a provincial lottery may represent certain shortcomings, it cannot be a crime."

He did not say what these shortcomings would be.

He said the law permitted parimutuels at race tracks, and the public was asking for more parimutuel facilities.

"Things being what they are," Mr. Duplessis said, "it is sound to use people's well-rooted gambling habits to benefit the public interest. It is a lot better to have a provincial lottery than to allow some games of chance for private interests.

"Establishment of a provincial lottery for education and public health assistance is a reform based on common sense, takes into account present conditions and directs towards public welfare sources of revenue which are not usually so directed.

"I am certain that the majority of the people of Quebec province favors a system of lottery for public health and education aims. It is a sure means to keep in Quebec the money that goes outside. It is the application of a well-known principle: 'Charity begins at home.'"

SECRET JET FIGHTER CRASHES

LONDON, Sept. 30 (AP)—Britain's latest and most secret jet fighter, the Avro 707 "Flying Triangle," crashed near Camberley, about 30 miles West of London today. The pilot was killed.

The plane was on a trial flight, piloted by Sam Esler, 31, former R.A.F. pilot from Belfast, Northern Ireland a spokesman for the manufacturer said the cause of the crash was unknown.

$20,000 for Family Of Hold-up Hero

TORONTO, Sept. 30 (CP)—Trustees of a fund for the widow and child of Alfred Layng, shot dead this summer attempting to stop a fleeing hold-up man in downtown Toronto, said today the fund has topped its objective of $20,000.

G. A. Lascelles said the fund will be used to buy an $8000 house for Mrs. Layng, "because it has always been the ambition of the Layng family to own its own home." An annuity will be bought with the remainder of the $20,483 to give Mrs. Layng and her four-year-old daughter a monthly income of $75 for 15 years.

Police still are searching for the bandit who had just held up a downtown grocery store when Layng tackled him.

WIFE REFUSED KISSES; HUBBY FEARS MICROBES

DETROIT, Sept. 30 (CP) — One young wife got a divorce today because her husband was afraid of microbes and wouldn't kiss her.

Mrs. Eleanore Croze, 25, was divorced from Wilfred Croze, 31, after she told Circuit Judge Frank Fitzgerald that not only did he refuse to kiss her, but objected to her sitting on his knee because he didn't want to spoil the crease in his trousers.

Harrison Springs Resort Sold

VANCOUVER, Sept. 30 (CP) — Harrison Hot Springs Hotel, world-famous health spa 78 miles West of here, has been purchased by the United Distillers Limited of Canada.

The announcement today by U.D.L. President A. L. McLennan says an immediate expansion program will be launched to completely modernize the 23-year-old resort.

The purchase price has not been disclosed but the value of the hotel and its 530 lush acres has been appraised at $1,500,000.

Developed by a group of Vancouver business men who were struck by the area's beauty, the resort became internationally known for its health-giving warm springs.

During the war it was turned over to the army as a casualty retraining centre.

Won't Use Navy Craft to Free Seized Vessels

WASHINGTON, Sept. 30 (AP) — Admiral Louis Denfeld, Chief of United States Naval Operations, declined today to provide American naval intervention for release of three merchant ships held at Shanghai by Nationalist gunboats.

Denfeld, replying to a request from the owners, wired: "You will appreciate that the employment of United States naval forces under the present circumstance is not in accord with United States Government policy."

TARZAN GAME BRINGS DEATH

UCLUELET, B.C., Sept. 30 (CP)—An eight-year-old Indian boy, Roy Roberts, accidentally hanged himself here while playing "Tarzan" with a companion, Provincial Police reported today.

The youngster, playing on a tree, removed his belt and jumped from a branch with his head through the loop. It tightened with his feet off the ground. A post mortem showed he suffered a broken neck.

Ucluelet is on the southwest coast of Vancouver Island.

ACQUITTED OF MURDER TO BE EXECUTOR

SARNIA, Ont., Sept. 30 (CP) — Mrs. Jean Mary Ange, 37, acquitted recently of murdering her husband, will be an executor of the $125,000 estate her husband left to her.

LAKE SUCCESS, N.Y., Sept. 30 (CP)—Britain and the United States today proposed that the pre-war Italian colony of Libya be given independence within five years. Russia countered with a surprise proposal that the strategic area in the Mediterranean's south shore be made independent immediately.

Steel Strike On; 528,000 Leave Jobs

CANADA NOT BUYING A 'LEMON'

Gov't Moves to Nationalize Cable Companies

STUDY ASKED

By MEL SUFRIN
Canadian Press Staff Writer

OTTAWA, Sept. 30 (CP)—Assured by Transport Minister Chevrier that the Government is not buying a "lemon," the Commons today gave first reading to a bill to nationalize Canada's external telecommunications facilities.

Under the measure, Canada would fulfill her part of a bargain with other Commonwealth countries who agreed at a 1945 conference to take over the overseas telecommunications systems operated from their shores. Domestic communications are not involved.

In Canada it will mean the Government will pay approximately $4,500,000 to buy up the external facilities of two companies—Canadian Marconi and Cable and Wireless Ltd., a United Kingdom Company.

Mr. Chevrier's assurance that the assets being purchased are no "lemon" came in a lengthy debate during which Opposition members expressed concern that Canada might be buying a losing enterprise.

"We are taking this over because we agreed to do so at the convention (in 1945) and because it has already been announced in the house," Mr. Chevrier said.

AIDS COORDINATION

"We are taking it over because it was decided at that international conference that in order to further coordinate telecommunication in the Commonwealth it would be far better if our country nationalized the assets of this service . . .

"The only result to be achieved, I hope, will be one where some profit can be shown. I do not mean only monetary profit; I mean profit from the point of view of benefit to the Commonwealth countries, and that is from the defence angle as well. That certainly was the intention of those who signed this agreement in London. I hope there will also be profit in the financial sense."

George Drew, Progressive Conservative Leader, urged that either a special or standing committee be given the opportunity of going over the measure in detail before the House votes on it.

He raised a number of questions on the effects of the bill. Would it result in establishment of a monopoly on cable communications? What effect would it have on arrangements now in existence between Canadian Pacific Telegraphs and Canadian Marconi?

Slander Writs Served Against I.W.A. President

VANCOUVER, Sept. 30 (CP) — Writs for two slander suits for $100,000 damages were served today on J. Stewart Alsbury, B.C. President of the International Woodworkers of America.

The writs are directed against Alsbury and his B.C. District Council No. 1, I.W.A.

The suits are on behalf of Harold Pritchett, Vice-President of the Union in B.C. until Oct. 3, 1948, and Ernie Dalskog, President to that date.

Writs allege Alsbury made certain damaging remarks at meeting of I.W.A. in C.I.O. Hall, Bellingham, Wash., on April 23 and 24, 1949.

Pritchett and Dalskog now are prominent officials of the rival Woodworkers Industrial Union of Canada.

Hungary Follows Russia Lead

BUDAPEST, Sept. 30 (AP)—The Hungarian Government renounced today its pact of friendship and mutual aid with Yugoslavia.

(The Communist press in Romania indicated that other Soviet satellites soon will follow suit. It seemed likely that all the satellite countries will take the cue from Moscow, which yesterday scrapped the Soviet treaty of friendship with Yugoslavia.)

Like Moscow, Hungary said Tito's Government has violated and "defamed" the pact and made it worthless.

DOLLAR DOWN

NEW YORK, Sept. 30 (CP)—The Canadian dollar was down ¼ of a cent at a discount of 9¾ per cent in terms of United States funds in closing foreign exchange dealings today. The pound sterling was up 1-16 of a cent at $2.80 3-16.

Lewis Sends 102,000 Miners Back To Pits, But 400,000 Still Out

PITTSBURGH, Oct. 1 (Saturday)—(AP)—A steel strike shutting down steel plants from coast-to-coast in the United States began at 12:01 a.m. EST today.

Philip Murray, President of the United Steelworkers (C.I.O.), called 528,000 of his unionists off their jobs, crippling the vital industry.

The news wasn't unexpected—the angry argument over free insurance and pensions has been going on for months—yet it came with dramatic suddenness.

Murray and the President of the United States Steel Corporation, Benjamin F. Fairless, got out angry statements in which each blamed the other for the first steel strike in the United States since 1946.

Fairless said the union, instead of giving in on any points, had made fresh demands, including a request for a wage increase of 12½ cents an hour.

Then the negotiators went home. When they'll meet again, nobody knows.

Long before the final news came mills were shutting down. Workers were leaving their jobs. Picket lines were set up. And the White House had said that President Truman would take no further step in the dispute.

By midnight the shutdown was complete.

PITTSBURGH, Sept. 30 (AP)—United States householders with empty coal bins got good news today as John L. Lewis ordered one-fifth of his 480,000 striking United Mine Workers back into the pits Monday.

The bushy-browed United Mine Workers chieftain ended a sympathy walkout for 102,000 hard- and soft-coal diggers.

But the 12-day strike of nearly 400,000 other bituminous coal miners continues unabated. The strike began Sept. 19 after suspension of payments to the Mine Workers' Pension Fund. The union said it was a rank-and-file revolt.

The back-to-work order affects 80,000 Eastern Pennsylvania anthracite and 22,000 Western bituminous miners. Virtually all their production—an estimated 1,900,000 tons weekly—is used for house heating.

MINIMIZE LOSS

"The suspension of mining in the Western and anthracite areas is not now vital to the pending wage negotiations," Lewis said in a telegram to U.M.W. District Presidents.

He added the action will "minimize loss to all parties."

Lewis referred to continuing negotiations with Northern and Western bituminous mine operators at White Sulphur Springs, W.Va.

Talks now are at a standstill. There is no sign of agreement. Both sides accuse each other of acting in bad faith.

In addition to Pennsylvania's hard coal workers, the Lewis back-to-work order affects bituminous diggers in 10 Western states—Washington, Iowa, Kansas, Colorado, New Mexico, Oklahoma, Missouri, Wyoming, Utah and Montana.

George M. Love, President of the Pittsburgh Consolidation Coal Company and chief management spokesman, said the Lewis telegram "proves without any question that the strike under which this country is suffering . . . was a planned manoeuvre of the union."

Calls 528,000 From Jobs

—Central Press Canadian

C.I.O. President Philip Murray

NEWS BLACKOUT ON GUAY PROBE

QUEBEC, Sept. 30 (CP) — Police work continued today under rigid secrecy in the airlines disaster at Sault Au Cochon, Sept. 9, believed caused by a man who arranged to have a time bomb placed aboard the plane to murder his wife, one of 23 passengers killed.

Accused of murder is slim J. Albert Guay, 32, a jeweller, whose preliminary hearing in Quebec court is fixed for Oct. 4.

Meanwhile, the body of his comely wife Rita, 28, had not been exhumed early tonight although authorization for the exhumation was given yesterday by Premier Duplessis, Attorney-General for the province.

Meanwhile police continued to question a large number of persons indirectly linked with Guay's tangled life in Quartier Du Palaus.

Repel Invasion Of Soldiers On Township

OTHELLO, Wash., Sept. 30 (AP) —A four-car "invasion" by 18 Moses Lake Air Force base soldiers was repelled with pitchforks, pick handles fists last night by several dozen townsfolk.

Early today, 13 of the enlisted men were in the Moses Lake Base Guardhouse while Military Police and State Patrolmen were looking for the remaining carload of five.

Mayor Clyde Matthews said he believed the "invasion" was organized as a reprisal for action last Thursday night when two Air Force men were "run out of town" after creating a disturbance.

The soldiers were in private automobiles, the pitchfork and pick-handled armed townsfolk in trucks.

And in This Corner—

VANCOUVER, Sept. 30 (CP)—Students at the University of British Columbia are wondering whether the City of Victoria is planning to secede from the rest of Canada.

At a tea held for foreign students at the university guests were asked to fill out lapel cards with their name and the name of the country from which they came.

While Vancouverites labelled their cards "Canada," students from the island city, practically without exception, wrote "Victoria."

LONDON, Sept. 30 (Reuters)—If the hunches of a London betting man are right he stands to win £5000 ($15,000) and go down in history among the major prophets.

He has placed an accumulative bet of 2s 6d. (about 48 cents) with a London bookmaker that the following events will take place in 1950:

1. The standard rate of Britain's income tax will be reduced.
2. The price of cigarets will be reduced.
3. Quads will be born in London.
4. Champion Jockey Gordon Richards will ride his first derby winner.
5. Britain will regain the men's singles championship in tennis at Wimbledon and the heavyweight boxing championship (British version) of the world.

MIAMI, Fla., Sept. 30 (AP)—Two strip tease dancers came within an inch of conviction in court yesterday.

Deputy Sheriff George Patton charged that Penny Art and Jackie Paul "did unlawfully expose and exhibit their breasts in a vulgar and indecent manner" in a night club.

Judge Wayne Allen listened to testimony concerning scanty upper garments worn by the girls and then ruled no vulgarity was proved.

"If you had gone an inch further, you would have been in trouble," the judge said.

"According to the standards when I was a boy," he added, "you could arrest every girl on the beaches today."

LOS ANGELES, Sept. 30 (AP)—Traffic Judge Roger Pfaaf took a look at the front row and groaned: "No, not you again!"

Addressing the courtroom, he said:

"Ladies and gentlemen, this boy (a minor) before me got a car three months ago. Since that time, he has broken every traffic law in the book. Yesterday, on the advice of this court, he sold his car."

He took a look at the charge and announced:

"Two dollars fine for jaywalking."

Monady—"BRIDE OF VENGEANCE", "VARIETY TIME"

Option on Budwiser and Amazon Claims on Woodbury Creek Taken

An option to purchase the Budwiser and Amazon group of mineral claims on Woodbury Creek near Ainsworth, has been asquired by Harry F. Kenward and associates.

The group, including the Bell faction, extends up Woodbury Creek a distance of 3000 feet above the property now under development by Privateer Mines, Ltd., and has been developed by three tunnels driven on both sides of the creek by The Canadian Pacific Mining Company in 1896.

At that time lead was valued at 3 cents per pound and silver 65 cents per ounce. Despite the installation of a 50-ton mill, the project was dropped because of prevailing low cost metals.

The new financing group, mostly U.S. capital, has obtained a report from A. St. Clair Bindle, consulting engineer, following a recent examination and has had a resurvey made by A. L. Purdy, BCLS, of Nelson.

All mining equipment and machinery has been purchased to start work on the further development of the property.

The new operators have opened negotiations with a company owning a custom concentrator in the vicinity for treatment of ore. Mr. Kenward states that development of the Budwiser vein will be the first undertaking and as this is advanced, prospecting and exploration of five other known veins will be proceeded with.

ASSAYS COMPLETE

The ore which it is planned to concentrate averages 3.0 ozs. silver per ton and 12 per cent lead and two per cent zinc. There is also a considerable quantity, Mr. Kenward states, of high-grade material assaying 18.0 ozs. silver per ton and 67 per cent lead and four per cent zinc which will be shipped directly to the Trail smelter for treatment.

TOSSES SON BEFORE DEATH PLUNGE

HUNTINGTON, W. Va. Sept. 30 (AP) — A sick postal worker tossed his five-year-old son from the top of Huntington's highest building today, then took the 220-foot death plunge himself.

Police identified the man as Claude S. Hatton, 44, a mail carrier. The boy was his son David.

200,000 RETURN HOME

BERLIN, Sept. 30 (Reuters)—Two hundred thousand German prisoners-of-war have been repatriated by Russia this year, the official Soviet newspaper Taeglische Rundchau said here today.

NAB 300 IN RAID

BUENOS AIRES, Sept. 30 (Reuters) Federal police today announced the arrest of 300 persons during a raid last night on the headquarters of the Argentine Cultural Institute. Pamphlets and Communist propaganda sheets were seized.

STOCKHOLM, Sept. 30 (Reuters) — King Gustav, 91, suffering from bronchitis, today held a Cabinet meeting resting on a settee in Drottningholm Palace. His health is improving.

DAVID McDONALD, SALMO RESIDENT FOR 12 YEARS, DIES

David McDonald, resident of Salmo for the last 12 years, died in Kootenay Lake General Hospital Friday morning following a lengthy illness.

Born in Fredericton, N.B., he is survived by two sons, William of Salmo and Joseph of Weyburn, Sask.; four daughters, Irene Many, Salmo; Mrs. Allen Young, Cranbrook, Mrs. Arthur Brett, Arrow Creek, B.C., and Mrs. James Marr, Vancouver; his father in Armstrong, his mother in New Brunswick; four brothers, John of Blairmore, Alta., Thomas of Toronto, George of Grand Valley, Alta., and Daniel of New Brunswick; and two sisters, Mrs. Henry Dietrich, Radeville, Sask., and Mrs. Paddy Murphy, New Brunswick.

Union Jack Stands Undamaged as Maori Centre Burns

AUCKLAND, N. Z., Sept. 30 (CP) —Fire last night razed a Maori community centre.

But a Union Jack, used by a famous Maori battalion through its campaigns in the Second World War, was undamaged though the wall on which it hung burned.

"It's a miracle," said Maj. K. T. Harawira, Chaplain of the battalion. "The Maoris look upon this flag as sacred."

MRS. M. DONAHUE DIES AT 23

CRANBROOK, B.C., Sept. 30 — Mrs. Eunice Josephine Donahue age 23, died Wednesday in St. Eugene Hospital where she has been ill since early August.

Born in Kimberley the only child of Mr. and Mrs. Howard Kirby, she grew up there, had her schooling in Kimberley and was married there to Michael Donahue. Since their marriage a few years ago they have made their home in McDougall Townsite.

Rev. Alan Gardiner of Cranbrook officiated at funeral services at McPherson Funeral Home, Kimberley, Friday afternoon, and cremation will follow at Calgary.

Her husband and parents in Kimberley are the only survivors.

Loses Feet in Railway Accident

PORT ALBERNI, B. C., Sept. 30 (CP)—Albert Joseph, Indian fisherman, lost both feet in a railway accident last night, police reported today.

He is in hospital here and attendants reported his conditionas "fair."

Joseph, about 50 years of age, is believed to have been run over by a freight car on the Esquimalt and Nanaimo railways tracks. Police are investigating.

TOT KILLS SELF WITH DADDY'S GUN

FAIRBANKS, Alaska, Sept. 30 (AP)—Three-year-old Tommy Skelton had been spanked many times for pointing his policeman-father's revolver at other people while playing "policeman."

But Tommy played policeman with his father's police cap and pistol for the last time today.

"I never thought about telling him not to point it at himself," the saddened father, Ray Skelton of the Fairbanks force, said today.

The father came home for lunch and put his loaded revolver on the table covered with a coat. When he left the room, little Tommy investigated the revolver. He put on his father's cap, then apparently pulled the trigger while looking into the muzzle.

CARLOADINGS OFF

OTTAWA, Sept. 30 (CP) — Carloadings on Canadian railways decreased slightly during the week ended Sept. 24 to 85,985 cars, compared with 86,039 cars for the previous week, but dropped heavily from the 91,402 cars in the corresponding week a year ago.

The Bureau of Statistics reported increased activity over the same week of 1948 in loadings of grain, agricultural products, ore, gasoline and petroleum.

Loadings were lighter, particularly in grain products, livestock, pulpwood, lumber and woodpulp and paper.

HEADS INFANTRYMEN

OTTAWA, Sept. 30 (CP)—Brig. J. C. Jefferson of Edmonton, who retired recently as Commanding Officer of the 18th (Reserve) Infantry Brigade, was elected President of the Canadian Infantry Association at its annual meeting at Montebello, Que., this week, it was announced today.

Members of the Council elected included: Brig. P. C. Klaeihn, Saskatoon; Lt.-Col. G. J. James, Winnipeg and Halifax; Lt.-Col. D. M. Clark, Vancouver.

Nelson Legion Members to Trail Convention

Nelson will be represented at the Zone Council convention of the Canadian Legion in Trail Saturday and Sunday.

Spencer J. Newell, President, E. J. Smith and John F. Brinley will attend from Nelson.

Business to be discussed at this convention will be on the effect of British pound devaluation on British pensioners in Canada, and plans for the consolidation of the relationship between Provincial Command and the various Legion branches. Principal speaker will be David McKee, Provincial Secretary.

Delegates wil lregister Saturday afternoon when committees will be named to handle the various phases of the Council's work. Saturday evening members will attend a dance and cabaret.

Sunday will open with a memorial service, followed by business sessions throughout the day.

The Women's Auxiliary to the Canadian Legion will also have a meeting at the same time. Those attending from Nelson will be Mrs. A. O. Allen, Mrs. James Dolphin, Mrs. E. S. Elliott, Mrs. G. J. Verkerk and Mrs. Leslie Browett.

Mrs. Edith Lund of Salmo will be President, while Mrs. Browett and Mrs. Verkerk, will be Vice-President and Secretary-Treasurer, respectively. After this meeting they will participate in the Legion Council meet.

Reports Raids on Disorderly Houses Aid Disease Control

WINDSOR, Ont., Sept. 30 (CP)—Chief of Police Walter Mulligan of Vancouver said today that continual raids on disorderly houses are the most effective method of helping health authorities control venereal disease.

In a speech to the closing session of the 44th annual conference of the Chief Constables' Association of Canada, Chief Mulligan urged a country-wide setup of examination centres where police and health authorities would work together in detecting, apprehending and treating infected persons.

He said major responsibility for controlling the disease rests with the Health Department, and that in Vancouver, police work with health officials at a centre where all prisoners committed to jails take blood tests.

Then Government legislation made it mandatory that any person thought to have been exposed to disease report for examination. Failure to report brings a jail term up to one year.

In the last quarter of 1948, of 276 women tested, 116, or 42 per cent, were found to have venereal disease, the Chief said. In the same period 5858 men were examined and 13 per cent were found to be infected.

Gov't Keeps Eye On Banking Business

VICTORIA, B.C., Sept. 30 (CP)—No other business in Canada is subject to such close scrutiny by the Dominion Government as the banking business, Walter J. Ebdon, Manager of the Imperial Banks' Fort Street branch here, told the Lions Club today.

Because of this scrutiny and because of the manner in which the ten Canadian banking firms conduct their businesses, the 3400 bank branches scattered throughout the country all are respected by the people they serve, and that accounts for a good many people.

In 1948, Mr. Ebdon said, Canadian banks had more than 7,200,000 customers whose deposits amounted to a grand total of $6,000,000,000. Saving accounts of individual citizens, he said, accounted for two-thirds of this sum.

Urgent Reason . . .

NORTH BATTLEFORD, Sask., Sept. 30 (CP)—District Court Judge R. F. Nay certainly lent a sympathetic ear to the woes of Johnny Esaw who called for jury service.

'Esaw explained to the judge that he wanted to beg off and judge Nay replied: "There are only two grounds on which you could be excused from jury service . . compassionate and urgent business."

"I have a chance to go East to cover the world series for the (Weekly) North Battleford Optimist," said Esaw.

"A perfectly legitimate excuse . . I wish I was going with you," His Honor exclaimed.

$2,250,000 FOR BOW RIVER PROJECT

OTTAWA, Sept. 30 (CP) — Agriculture Minister Gardiner today said he has been authorized by the Cabinet to negotiate further with the Canada Land and Irrigation Company to take over its Alberta Bow River project for approximately $2,250,000.

CATTLE PRICES DIP

OTTAWA, Sept. 30 (CP)—Seasonally increasing receipts in the last week plus fairly heavy carryovers forced slaughter cattle values into lower ground, the Agriculture Department reported today in its weekly livestock review.

Prices dropped 50 cents to $1 or more.

Export demand was only fair for butcher cattle but was reasonably good for stockers and feeders. Total exports, however, were 7000 head, 1500 more than in the previous week.

OLYMPIA, Wash., Sept. 30 (AP) —Three crew members apparently perished when a C-82 "Flying Boxcar" crashed and burned in a heavily forested area 30 miles West of here last night.

High School Track Meet Postponed Because of Rain

Nelson High School track meet, scheduled to be held Friday afternoon, was postponed due to inclement weather. The track meet is an annual event, but unless the weather clears by next Friday, there will be no meet at all.

French Cabinet May Resign

PARIS, Sept. 30 (Reuters) — The French Cabinet, still in disagreement today over wage and cost-of-living policies, was reliably reported tonight to have decided to resign tomorrow if it cannot reach a compromise solution.

Following a meeting tonight of the principal ministers, under the chairmanship of Premier Henri Queuille, it was decided that a full Cabinet meeting should be held tomorrow afternoon. A last attempt will be made to compromise on diverging views.

The Cabinet meeting will be followed by a council of ministers, under the chairmanship of President Vincent Auriol.

If the Cabinet fails to reach agreement it will then hand in their collective resignation to Auriol, Reuters was informed.

American Tourist Impressed By Kootenays

"I have travelled around this world quite a bit and have yet to find a spot that offers the tourist attractions that the Kootenay Lake country does," Perry G. Means, architect and engineer of Reno, Nevada, states in a letter to J. A. Bracken, Secretary of the Nelson Board of Trade.

Mr. Means was expressing his thanks for the "very courteous treatment and assistance that I received while in Nelson."

Some of the many Nelson and District citizens who made a "lasting impression" on Mr. Means, because of their "sincerity and hospitality" were Jack Thompson of Willow Point, W. S. Hamilton and Ronald Waters of Nelson, and Frank Abbey of Lardeau.

He continued:

"I took the boat Moyie to Lardeau and Mr. Abbey met me at the boat. We had a little chat and he confirmed the things about the Lardeau country that I had heard from others.

Mr. Means accepted Mr. Abbey's invitation to visit the Lardeau late in October and will also visit Nelson for a few days.

"I have told a great many people about your part of the country and have been getting quite a favorable reaction to it from the people with whom I have discussed it. I have also made a speech to a service club about the Kootenay Lake country. A number of those to whom I have talked, say they are going up there next Summer.

"I really think that your people up there have something to talk about to advertise. Your roads are not too good from the tourist's standpoint, but you have told me that that is to be corrected in the near future.

"The condition of your roads are much more offset by the sincere hospitality of your people and the scenic attractions. Nevertheless, many tourists hesitate to put up with any discomforts.

"Personally, I like the country just as it is and am seriously considering the purchase of property up there and of making my home there at least part of each year. That I shall decide when I come up in October."

Vancouver Man To Howe Office

OTTAWA, Sept. 30 (CP)—Trade Minister Howe today gathered to his side two foreign trade experts to help him face the difficult international trading days ahead.

R. Campbell Smith of Vancouver, who once represented the Department in Cairo and later was transferred to St. John's, Nfld., has been appointed as Mr. Howe's private secretary.

C. R. Gallow of Toronto, former commercial secretary in Bombay, will return to Ottawa to take charge of the Asia section of the Trade Commissioner service.

POLAND TURNS BACK ON YUGOSLAVIA

WARSAW, Sept. 30 (Reuters)—Poland tonight denounced lier friendship treaty with Yugoslavia and demanded immediate recall of eight members of the Yugoslav Embassy here.

The Polish note stated that the Foreign Ministry was in possession of proof that Yugoslav representatives in Poland had engaged in spying and diversionist activities aiming at undermining Polish defence and economic potential.

AMBULANCE CO. FINED

BURNABY, B.C., Sept. 30 (AP). —A little known provision of British Columbia's Motor Vehicle Act today brought a minimum $2.50 fine against Exclusive Ambulance.

The Ambulance Company was charged with "illegal" use of a red light.

The Act provides that only police and Fire Department vehicles may have a red light or deflector visible in the direction in which the vehicle is travelling.

BREATHEASY OF CANADA LTD VANCOUVER, B.C.

All or Nothing With Church, A.O.T.S. Told

The problem of working in a local church, was the subject of a talk by Rev. W. G. Berry, Associate Secretary of Evangelistic Social Service of United Church of Canada, at the meeting of the joint church service club of Trinity and St. Paul's United Churches in Nelson Friday evening.

Presentation of a gift to J. R. McLennan, retired Manager of the Bank of Commerce in Nelson, who with his wife, will leave shortly for a trip to Scotland, was made. J. H. Coventry, on behalf of the A.O.T.S. presented the gift to Mr. McLennan and said he had been active in many Nelson clubs. A charter member of the A.O.T.S., he had also assisted greatly in the A.O.T.S. Club in East Trail.

While expressing his thanks and appreciation, Mr. McLennan hoped the Club would go on with its good work, and put "real force" into it not only for Nelson, but for other communities such as Trail, Cranbrook, Creston and others. Each member had to do his part to make the Club function successfully, he said.

Rev. G. G. Boothroyd of Trinity United Church introduced Mr. Berry, guest speaker.

Mr. Berry said the people of today lived in a much different world than did their forefathers. The world had changed in every era, especially in a religious era.

He said that half the world was pagan and that it would be impossible to get all the people interested in religion.

Evangelism was called sentimentalism, and sentimentalism was one of the many different methods of spreading the gospel of Jesus Christ. So often laymen left many jobs for the ministers to do, and if this work was not done in the 20th century it would never be done. "God either is or isn't," he said.

It was all or nothing with the church. Church work was very important and if freedom of religion was taken from man, they would fight to regain it. Every church created goodwill just as community service clubs did, and goodwill was created by services done in the community.

Human fellowship was also strong in life and it was only this that could help many peoples' troubled lives. If there was no church, there was no fellowship. A man's beliefs were made by the way he lived and if he wished to learn about religion, the minister or a church representative should go to him with the facts of Christian religion, for it dealt with fundamental problems of life.

Heads Communist Republic of China

HONG KONG, Sept. 30 (Reuters) —Mao Tse-tung, leader of China's Communist Party, today was unanimously elected Chairman of the "Central People's Government of the Republic of China," the Peiping Communist radio announced.

Mme. Sun Yat-sen, widow of the founder of the Chinese Republic, and Gen. Chu Teh, Commander-in-Chief of the Communist Army, were among six Vice Chairmen elected, the radio said.

Snack-Taking Ways Land Youth in Court

VANCOUVER, Sept. 30 (CP)—It looks as though 20-year-old William Dyck won't be eating any more delicious snacks at a downtown cafe for some time.

The youth, who told police the food was so good he broke into the cafe seven times, was remanded one week for sentence today in Police Court.

Dyck pleaded guilty to all seven charges of breaking and entering, including instances where large quantities of bacon, ham, eggs and cigarets were taken from the premises.

He was captured early today—in the cafe.

BURRARDS NEED ONLY ONE MORE

VANCOUVER, Sept. 30 (CP) — Vancouver Burrards tonight were only one game away from the Dominion Lacrosse Championship as they downed Hamilton Tigers 16-14 in a toe-to-toe overtime encounter here. Burrards lead the best-of-five Mann Cup final two games to one.

Canada Anxious to Hold British Market

OTTAWA, Sept. 30 (CP) — Agriculture Minister Gardiner today said in an interview that he was not sure what the future would hold for Canada's foodstuff markets in the United Kingdom.

"We are trying to maintain Canada's markets in Britain, but there is no certainty that we can do so," he added.

However, Canada was not being "hurt by anything that has happened in Britain up-to-date."

"We haven't lost any markets if we haven't got anything to put into them."

Domestic consumption of a variety of products, including wheat, bacon, eggs and other foodstuffs was being maintained at a high level.

There was a slight surplus of cheese—about 10,000,000 pounds—the Minister said, but that was only a small amount and could be sold easily.

However, Canada "wants the British market." While the future of that market was unsure, Canada nevertheless would do all she could to hold that area.

Bevin to Arrive In Ottawa Sunday

OTTAWA, Sept. 30(CP).—Rt. Hon. Ernest Bevin, Secretary of State for Foreign Affairs of the United Kingdom, will arrive in Ottawa from New York at noon Sunday, the External Affairs Department announced today.

Mr. Bevin will be accompanied by Mrs. Bevin.

Mr. and Mrs. Bevin will leave Ottawa Wednesday morning for Montreal. They will return to New York Wednesday night.

TO PROTECT UNIONS IN SECESSIONS

VANCOUVER, Sept. 30 (CP) — The International Woodworkers of America (C.I.O.-C.C.L.) concluded their 13th annual convention today by overwhelmingly endorsing a resolution to protect the Union's 100,000 members from any future attempts by revolutionary groups to secede from the organization.

Culminating five days of deliberations, the 450 delegates approved an amendment to their constitution which provides for the appointment of administrators when secession movements occur.

The administrators will take possession of the affairs, funds and properties of any local union, district council or subordinate organization and perform the duties of their officers whenever secessionists disrupt the I.W.A. organization.

The amendment provides protection for the membership in cases similar to the swift but vain, disaffiliation move engineered by Red elements of the I.W.A. last October.

"Local unions and district councils are thrown into chaotic conditions and the membership is forced to suffer from the actions of these unprincipled people," the amendment stated.

Car Registrations Almost Doubled

VICTORIA, Sept. 30 (CP)—New registrations of private motor vehicles in British Columbia numbered almost 2½ times as many last month as during August, 1948, the Motor Vehicle Office reported today.

Last month 1778 new registrations were effected, the bulk of them brand new cars. This compares with 717 new registrations for August, 1948.

New registrations of commercial vehicles last month number 606, compared with 498 for the previous August.

The latest registrations bring the total number of licensed motor vehicles in the Province to 207,892. This compares with 183,217 at the same time last year.

Now licensed to drive in British Columbia are 281,372 persons. At the same time last year there were 257,760.

Pay Tribute to R. C. A. F. Canada

By H. DENT HODGSON
Canadian Press Staff Writer

TRENTON, Ont., Sept. 30 (CP)—A favorite wartime tune, the Air Force March-Past, set the theme of operations today as top men from the Commonwealth gathered to pay tribute to the R.C.A.F. and Canada at this historic R.C.A.F. station.

One of the most impressive collections of senior Air Force and former Air Force officials converged on this key station of the R.C.A.F. training program to dedicate a set of gates to the British Commonwealth Air Training Plan.

And the jaunty "March-Past" air had a special significance. It was a salute to a major Commonwealth achievement, a mass production program of aircrew training which turned out 131,553 Commonwealth airmen and proved a decisive factor of the Second World War.

In many respects, it was one of Canada's biggest contributions to the war, and Canada today was honored by the United Kingdom, Australia and New Zealand—the other main partners in the scheme—for running the huge air factory so well.

The gates themselves—a token of limestone and wrought iron—were overshadowed by the host of "high brass" which converged on Trenton.

There was Lord Tedder, now retired with the rank of Marshal of the R.A.F. He was Chief of Air Operations in Europe when Germany capitulated and Gen. Eisenhower's second-in-command throughout the Continental campaign.

In addition, there were Rt. Hon. Arthur Henderson, U.K. Undersecretary of State for Air; Rt. Hon. Francis Forde, High Commissioner for Australia and Hon. James A. Thorn, High Commissioner for New Zealand. They gathered to present Prime Minister St. Laurent with the gates.

The "March-Past" had special significance, for example, to W. L. Mackenzie King, former Prime Minister. He headed the Canadian Government when the Commonwealth heads—just 10 years ago—signed in Ottawa an agreement committing Canada to run the huge plan.

NOTHING OFFICIAL

MONTREAL (CP) — The Provincial Tourist Bureau is somewhat embarrassed. It can provide official road maps of Ontario, and official road maps of Canada. But the road map of Quebec is not official—it's put out by an oil company.

Freight Rate Increases into Effect Oct. 11

OTTAWA, Sept. 30 (CP)—General increases in railway freight rates authorized by the Board of Transport Commissioners last week will become effective Oct. 11.

The Board ordered that the railways must give 10 days' notice before putting in the permitted 8 per cent general increase. The new rates now are being filed with the Board, and officials said today it was expected all would be on file tomorrow, to go into effect Oct. 11.

BRITISH GOLD, DOLLAR RESERVES LOSSES DOWN

LONDON, Sept. 30 (AP)—Britain's gold and dollar drain was reliably reported today nearly one-third less for the last three months than was predicted six weeks ago.

Reliable informants made it clear, however, that losses of gold and dollar reserves have remained heavy. They estimated such reserves sagged about $280,000,000 to $1,344,000,000 in the quarter ended today.

The informants said six weeks ago that the Government would be "pleasantly surprised" if the decline for the quarter was less than $400,000,000.

The country was down to $1,624,000,000 at the end of June. The Treasury had aimed at keeping the reserves at a safety level of $2,000,000,000.

"Scientist X" Named in Slipping Atom Secrets to Reds

By DOUGLAS B. CORNELL

WASHINGTON, Sept. 30 (AP)—The House of Representatives Committee on Un-American Activities today named Joseph W. Weinberg, University of Minnesota professor, as the "Scientist X" accused of slipping wartime United States atomic secrets to a Communist spy.

The Committee recommended in a report that the U. S. Justice Department prosecute Weinberg on charges he lied under oath in:

1. Denying Communist Party membership and attending Young Communist League meetings.

2. Knowing Communist leader Steve Nelson.

9. Knowing Nelson's Secretary, Bernadette Doyle.

Nelson, the Committee says, "has engaged in securing information regarding the development of the atomic bomb from Scientist X."

That was back in 1943, the Committee adds, when Weinberg was employed at the radiation laboratory at the University of California. The laboratory helped perfect the atomic bomb.

DENIES CHARGE

MINNEAPOLIS, Sept. 30 (AP)—Dr. Joseph W. Weinberg denied today he is the "Scientist X" whom the House of Representatives Un-American Activities Committee accuses of giving atomic secrets to a Communist spy.

Not Sure What Happened in Fire

TORONTO, Sept. 30 (CP).—Recalled by counsel for Canada Steamship Lines, Gart O'Neill of Montreal today revised evidence he gave yesterday before the Federal Commission inquiring into the Sept. 17 fire aboard the C.S.L. ship Noronic.

The 19-year-old bellboy said he was "confused" yesterday in saying he turned in an alarm after opening a C deck linen closet.

The youth said today he rang the alarm before going for a pass key to the closet, then went for a fire extinguisher.

The court heard the bellboy, obviously nervous, say the statement he gave yesterday that he did not rouse passengers was true, but so was a statement he had given C.S.L. counsel that he roused passengers.

The Commissioner recalled that O'Neill had given three different stories, and that possibly he wasn't sure which was true.

O'Neill agreed. He also agreed with the Commissioner that he wasn't quite sure now what happened on the night of the fire, what he did or the sequence of his actions.

Operation Mobility Ends Today

EDMONTON, Sept. 30 (CP) — Operation Mobility, in which the R. C. A. F.'s Montreal and Edmonton transport squadrons switched jobs for two weeks, ends tomorrow. Six of the eight North Stars which compose Montreal's 426 squadron will leave here at 8 A. M. next Saturday on a non-stop flight to Montreal expected to take six to 6½ hours.

WILD FIGHT IN SPEEDING TRAIN BRINGS DEATH TO BERSERK BRAKEMAN

PORTLAND, Ore., Sept. 30 (AP)—A wild fight in the cab of a speeding locomotive brought death to a berserk brakeman early today.

The engineer and the fireman were attacked by lighter fuses and beaten with a hammer as the Southern Pacific train roared North through the night to Portland.

The brakeman died in a Salem hospital this morning, apparently of injuries suffered in the fight to subdue him.

He was identified as Kenneth W. Hopkins, about 35, Portland.

Engineer Brent W. Campbell, 58, told this story to Detective Sgt. Dan Mitola after bringing the 70-car train here:

Hopkins boarded the train with the rest of the crew at Eugene and remarked he was not feeling well.

After the train started, Hopkins began lighting fuses — warning flares—waving them in the air and discarding them. The engineer ordered him to a seat in the cab and told him to "take it easy."

As the train began to pick up speed after leaving Salem, Hopkins suddenly reached over the engineer's shoulder, Campbell said, and yanked the throttle wide open. At the same time he jabbed a lighted fuse into Campbell's side.

Campbell set the emergency brake and whirled around. As he did so, Hopkins attacked him with the fuse, burning him about the left eye, neck and abdomen. Ben Mackowiac, 24-year-old fireman, wrested the fuse from the brakeman.

Then Hopkins seized a hammer and began beating the two men with it. The fireman was nearly knocked through the cab window. Campbell finally took the hammer from the berserk man and knocked him down.

As he fell, Hopkins deliberately shoved his own hand into the firebox, Campbell said.

The fireman summoned police who took Hopkins to a Salem Hospital where he died several hours later.

Reports to Kiwanis On Convention

Vice-President of the Nelson Kiwanis Club, Richard Palmer, gave as his report on the Pacific Northwest Kiwanis convention at Portland, Ore., a reading of the report of District Secretary Harold C. Jones, at the Hume Thursday night. In this report he stressed the growth of Kiwanis International Club.

Kiwanis was something which was beneficial to the feeling of friendship between the countries it embraced. It helped the people to know each other better, and helped them to be better citizens in their community.

The High School Girls choral group sang three selections, "Blue Moon," "Wonderful One," and "The Whiffenpoof Song," under the direction of D. Cowan. Katherine McLean accompanied the group on the piano.

The group was thanked by President A. K. Gibbons, who said that the girls were a tribute to

CHARGES RED VOTE AIDED LIBERAL

OTTAWA, Sept. 29 (CP) — F. D. Shaw (SC--Red Deer) contended in the Commons tonight that the new Liberal Member for the Alberta Constituency of Vegreville was elected largely on the strength of the Communist vote.

Mr. Shaw concluded a detailed discussion on the election in that constituency by challenging John Decore (L--Vegreville) to take the same stand in opposition to Communism that was taken by his Social Credit predecessor, Anthony Hlynka.

Mr. Decore was in the House at the time Mr. Shaw made his remarks, but made no comment. He already had spoken in the debate.

Mr. Hlynka said in Toronto, where he is visiting relatives, that Mr. Shaw's statement "is correct in its substance." He added:

"I have circulars issued by the Labor-Progressive Party Executive in Vegreville Riding. The circulars, which were sent to all householders, called upon all L.P. supporters to vote against me. There was only one other candidate."

Grandma's Cold Remedies Approved

VICTORIA, B. C., Sept. 30—Grandma's remedies of hot poultices and liniment massages for a stiff neck and bad headaches have been scientifically approved, according to Dr. Paul M. Osmun of Seattle, a specialist in sinustis and colds, who is attending the annual meeting of the B. C. Medical Association here.

Dr. Osmun was sympathetic to some of the old home remedies, but he said there were some which were definitely harmful and not helpful.

"Do you ever catch a cold," He was asked.

"Very seldom," He replied. "I found taking a steam bath and a cold bath after, hardened me against the common cold.

"I know losts of people will make a lot of excuses for not wanting to take a cold bath after a hot one," he said. "But I found that contrast bath hardens one against colds."

NEW UNION SET-UP

VANCOUVER, B.C., Sept. 29 (CP) — International Woodworkers of America (C.I.O.) today dissolved the 17,000-strong Plywood Workers and Boommen's sub-divisions in Washington and Oregon states and incorporated them into two distinct and geographically-located areas.

Silent Minutes For Prayer Set For U.N. Sessions

LAKE SUCCESS, N. Y., Sept. 30 (CP) — The United Nations Assembly is on its way to having silent minutes for prayer or meditation at each session.

The Legal Committee yesterday approved and sent to the General Assembly a recommendation that every Assembly meeting open and close with a minute of silence for prayer or meditation by delegates, who represent every faith and creed.

The Committee voted 44 to 0 for the recommendation.

Seven countries did not vote on the proposal. They were Yugoslavia, Russia, White Russia, the Soviet Ukraine, Poland, Uruguay and Czechoslovakia.

Deaths

By The Canadian Press

BOSTON—Morris Fineberg, 56, veteran photographer for the Boston Post.

MONTREAL—Mrs. E. M. Desaulniers, 76, widow of Dr. E. M. Desaulniers, former Member of the Quebec Legislative Assembly.

HALIFAX—James Floyd, 84, retired General Manager of the Intercolonial Coal Company and a former Mayor of Pictou, N.S.

SHERBROOKE, Que. — Marcel Bedard, 52, City of Sherbrooke Recorder.

WINNIPEG — William J. Campbell, 54, Progressive Conservative Member of the Legislature for Rockwood.

BELLEVILLE, Ont. — George James, 82, prominent Belleville businessman and educationist.

U.K. Needs Postage For Canada's Official Reports

OTTAWA, Sept. 30 (CP).—Britain's desperation economy wave has hit Canada in the diplomatic pouch.

After carrying them free for years, the Foreign Office has told Canada's External Affairs Department it will have to pay to have official correspondence and reports transported across Europe.

That's the story behind a $100,000 item tucked away in supplementary estimates tabled in the Commons. It asks Parliament to vote that sum for "postage."

BOGART CLEARED OF CHARGES

NEW YORK, Sept. 30 (AP) — Humphrey Bogart, the movie tough guy, was cleared today of bruising a pretty model because she tried to take his panda doll away from him.

Magistrate John R. Starkey dismissed an assault complaint brought by brunette Robin Roberts, 23, thus ringing down the curtain on the pre-dawn battle of El Morocco.

Starkey said there was not enough evidence to warrant a formal charge being placed against Bogart.

The rough-'em-up movie star, specialist in tough-talking, hard-fighting roles, played to standing room only when he appeared to answer the curvacious model's complaint.

Her story was that Bogart shoved her, causing her to fall and bruise herself on the hip and elsewhere, when she playfully borrowed a 30-pound panda toy Bogart had brought to the midtown night club.

A crowd of about 250 applauded Bogart in front of the Mid-Manhattan Court Building.

"Good luck, Bogey!" shouted several.

Smoke From Slash Piles Stir Rumors

VICTORIA, Sept. 30 (CP).—Rumors of Sidney Island being ablaze were stilled today with a British Columbia Police report that the smoke was coming from slash piles being burned as an aftermath of logging operations on the Island this Summer.

Margaret Truman and Sponsor

Margaret Truman, daughter of the President, discusses details of her forthcoming performance as guest soloist on a radio program with Charles H. Wagner, President of the American Oil Company, sponsor of the program, at a meeting in New York. She is scheduled to make her first professional appearance at Carnegie Hall, in New York, and her only radio broadcast in 1949. She will tour 27 cities. —AP Wirephoto.

To Develop Gold Claims Near Burton

Mindus Corporation of Toronto states that a new company has been formed, called Promistora Gold Mines Ltd., to develop a gold-silver group of 17 claims near Burton at the North end of Lower Arrow Lake.

A bulldozer has been moved in, on the recommendation of Dr. F. C. Buckland, consulting engineer, to assist crews stripping overburden.

Gold and silver was sought on this property in the 1890's when a 200 foot tunnel was driven. The Mindus statement says stripping of the main vein for 120 feet revealed exceptional values in the first 60 feet, lesser values at the far Westerly end. Assays run from 6.74 ounces of gold and 9 ounces silver to .24 ounces gold and .80 ounces silver.

Left-Wingers Charge I.W.A. With Non-Cooperation

VANCOUVER, Sept. 30 (CP)—British Columbia's Left-Wing Factions of the International Woodworkers of America (C.I.O.-C.C.L.) today levelled charges of non-cooperation against the International but were shouted down as Right Wing Delegates rose in bitter opposition.

Carl Mertz, a Leftist in the Vancouver Local 1-217, drew the fire of Right-Wing Delegates when he charged the International Officers didn't do their best in recent negotiations for wage and hour concessions in British Columbia. He claimed he was giving rank-and-file's opinion.

John Busch, member of the same Local, hollered that he was "ashamed to see a man from my Local take this illogical stand. The man speaks for himself and doesn't represent the majority of our district."

The Left-Wing charges came as the I. W. A. Convention discussed the officers' report, which commended research Director Virgil Burtz for his work during the negotiations in B. C. The Convention later voted overwhelmingly amid cheers, to receive the report.

Last Rites for Mrs. E. J. Donahue At Kimberley

KIMBERLEY, B. C., Sept. 30—Funeral services were held here Friday for Eunice Josephine Donahue, 23, wife of Michael Donahue of Kimberley, and only daughter of Mr. and Mrs. H. T. Kirby of Kimberley. Mrs. Donahue died in St. Eugene Hospital, Cranbrook, after many years of ill health. The body will be forwarded to Calgary for cremation.

Mrs. Donahue is survived by her husband, a baby daughter, Marlene, and her parents, also by four aunts, Mrs. Sid Smith, Kimberley; Mrs. C. D. Musser, Bralorne; Mrs. A. G. Lane, Nelson, and Mrs. M. McKay, Calgary.

101 Ship Desertions For Montreal Season

MONTREAL, Sept. 30 (CP)—Ship desertions in Montreal for the navigation season reached 101 today, and shipping officials said the number probably will be much higher before Winter sets in.

They blamed unsettled conditions overseas for the desertions. Among the various nationalities, Norwegians lead the deserters in number. There were 10 from one ship. Other deserters are from Sweden, France and Britain, although officials said there was a drop this year in the number of British deserters because United Kingdom authorities deal harshly with them on their return.

Many of the deserters have been captured, but marine officials said some may never be apprehended.

Young Looking Man for His Age

Dr. Rebecca Carrion of Peru and Dr. Junis Bird, Associate Curator of the American Museum of Natural History, hold the head of a mummy which was unwrapped at the Museum in New York. As the last of seven layers of wrappings was removed, there he was—a priest of Peru's Paracas civilization, believed to be about 3000 years old. Dr. Bird would do no more than estimate the mummy's age. He said it would finally be determined by Dr. W. F. Libby of the University of Chicago. Dr. Libby will do it this way: He will burn some of the mummy's clothing. The carbon ashes that are left will be tested for radioacitvity, which will determine the mummy's age. —Central Press Canadian.

Welcome News of Possible Coast Railway Connection With Alaska

VANCOUVER, B. C., Sept. 30—(CP) — Defence-minded military authorities here today welcomed the news of a possible extension of the Government-owned Pacific Great Eastern Railway to connect with the Alaska Railway system.

It would be the means of strengthening the defence link between Canadian and American forces in the North.

Premier Byron Johnson has been invited to Washington to discuss the proposal with United States authorities. The invitation came from U. S. Senator Warren G. Magnuson of Seattle.

"A rail link with Alaska would be of great benefit to U. S. forces who at present must bring supplies in by the Alaska Highway or by sea and land.

"That would provide quite a military advantage to the Americans," said one high-placed military officer here, who did not wish his name used.

Love Problems

By JANE ATKINSON

Mother Not Always to Blame When Daughter Won't Leave Her Alone

From time to time the subject of he husband who is dominated by is mother has been discussed in his column.

Now here's a wife who, if she is not dominated by her mother, is at least so tied to her apron strings that she has left her husband, for no better reason, apparently, than she simply preferred to live with the mother.

"I am a young woman 30 years old," she writes me, "and have four children. I am divorced from my first husband and remarried, but I am separated from my second because he doesn't like it in the city where I want to live. He comes from another part of the province; we just can't make a go of things together.

"Since my Dad passed away, I felt it was my duty to stay with my mother as I am the only girl."

"Disgusted"

NO SYMPATHY

This writer, who signs herself "Disgusted," then goes on to say that she is very unhappy because her mother objects to her going out and leaving her four children for the mother to take care of.

"I work nights," the letter continues, "and quit at 11 o'clock. I was with my second husband four and a half years and we got along wonderfully until I came back to this city to stay with my mother.

"My mother told me she was going to report me to the court because I stay out late. She is a good hearted mother but she tries to hold her three children to her apron strings and feels I shouldn't go out at all; that I should just go to work and stay home the rest of the time. I help her as much as I can by giving her extra money for the house."

I am afraid that "Disgusted" has come to the wrong place for smypathy, for I have absolutely none to give her. Why in the world she should break up with a husband with whom, by her own admission, she "got along wonderfully," is beyond my understanding. If she had stayed with him, where she belonged, she would not be in her present difficulty.

What this woman obviously wants me to suggest is some way in which she can get her mother to stop objecting to her late hours so that she can do as she pleases. But that is not what I am going to suggest at all.

Instead, my idea would be that she take her four children and go straight back to her husband where, if she got along so well, she can undoubtedly have good times with her friends and probably will not have to go to work at all. I think she should patch things up with her husband and make it her business to adjust herself to living where he is. If she deliberately places herself under her mother's thumb, she must expect that her mother is going to treat her like a child.

CAMPBELLTON, N. B. (C)—Now it's the telegraph operators who "always get their man." A telegram which arrived recently was addressed simply to "Bill." The local dot-dash expert deduced, from the contents of the message, which "Bill" was meant—and chose the right man on his first guess.

Sorrowing for Noronic Victims

The big liquid eyes of his cocker spaniel are filled with longing as he lies and watches the doorway of a home in Toledo, Ohio. He is waiting for the master and mistress who left him to go on a boat trip. They sailed off on the Noronic and never returned. Owner of the dog "Bambi," Howard Kohn, left the cocker with his brother, Wayne, who says the dog will eat, then lies and watches the door all day long.

Movie Gossip

Susan Peters Stage Appearances So Successful Broadway Offers Made

By BOB THOMAS

HOLLYWOOD, Sept. 30 (AP)—Susan Peters always swore she'd never drink liquor or go on the stage.

Money matters have forced her to break the latter resolution. She spent the Summer touring all over the East in "The Barretts of Wimpole Street." In Hershey, Pa., next month, she starts another tour which will last 30 weeks, perhaps a year.

This is pretty rugged for a girl who never faced a footlight before. And for one whose legs are useless.

"I cherish my independence," says Susan, whose promising film career was nipped by a hunting accident that paralyzed the lower part of her body. "So I had to find a way to make a living and keep my little family together." (She has a three-year-old son.)

"STAY SWEET"

At present, there was nothing for her in the movies, the field she knew best. She tried one since the accident—"Sign of the Ram." The psychological thriller hit the market at the tag end of the war boom and didn't fare too well.

There was radio, the easiest work in her situation. But has weekly deadlines and Susan doesn't like to be confined. "I like to be able to get out of town if I feel like it," she remarked. "Nothing makes me feel better than being out of door."

The stage seemed her only chance. Such plays as "Barretts" and "The Glass Menagerie" could be adapted to her immobility. So, with great trepidation, she set out on the Summer tour.

BROADWAY BID

Her work was sniffed at by Boston critics but hailed in Washington, D. C., and everywhere else she played. Like any stage fledging, she proudly displays the glowing reviews.

The tour was so successful that three new plays have been offered her, with a chance for Broadway. So far she has turned them down. "I'm not ready to tackle that yet," she said.

Fall Styles For Evening

Two-tone velvet gown.

By GRACE THORNCLIFFE

It won't be too long before the distaff side is surveying the field of formal evening fashions, especially as it looks like an early start for an important and brilliant social season. Grecian in feeling, here is an evening dress that does well by the tall woman. Purple velvet and a paler fuchsia shade of velvet combine to make this two-tone dramatic dress, marked by clever manipulation. The drapery slanting over the bodice seams to twist around the belt and fall into a panel, with the same detail in back.

PRETTY WEDDING FOR ERIE GIRL TO FERNIE MAN

FRUITVALE, B. C., Sept. 30 — Vases of bronze and yellow chrysanthemums made a lovely setting for the marriage of Alice Elizabeth, eldest daughter of Mr. and Mrs. Thomas Grieve of Erie, B. C., and former residents of Fruitvale, and Edward Christopher Huss, only son of Mr. and Mrs. Christopher Huss of Fernie, B. C., Sept. 24, in St. Paul's United Church. Rev. D. W. More performed the ceremony.

The bride, given in marriage by her father, wore a gown of traditional white satin with lace insertion, fashioned with a full skirt, gathered fulness at either side of the bodice, with full length panel of satin reaching from the sweetheart neckline to hem, full length sleeves featuring lily points. Her full length rayon veil was held in place by a wreath of satin ribbon. She carried a bouquet of rose chrysanthemums.

The bride was attended by Mrs. Harvey Curry, sister of the groom, as matron of honor, while Gloria Jean Grieve, sister of the bride, was flower girl. Mrs. Curry wore a full skirted model of mauve flocked organza, featuring a sweetheart neckline, full puffed sleeves and shawl collar. She wore a coronet of mauve leaves and carried a bouquet of cream chrysanthemums.

Gloria Jean was gowned in pale blue taffeta in floral motif, with full length sweeping skirt, short puffed sleeves and a pointed neckline. She carried a bouquet of small yellow 'mums to match the wreath worn in her hair.

The groom was supported by Ross Grieve, brother of the bride. Ushers were Clifford Grieve and Robert Veitch, cousins of the bride. Mrs. James Davis played the nuptial music. During signing of the register, Mrs. Thomas Quaite sang "Because".

The reception was held in the Community Hall, when over 50 guests attended. Receiving with the bridal couple were the copule's mothers. The hall was beautifully decorated in white bells and pink and white streamers, centred by the bride's cake. Reverend Mr. More proposed the toast to the bride; the groom responded. A toast to the matron of honor was proposed by William Williams and responded to by the best man.

After a honeymoon spent at Kootenay points and Kalispell, Mont., the couple will make their home in Fernie.

The bride is well known here, having grown up in this district. She moved with her parents to Erie only three years ago.

Want 5-Day Week For Civil Servants

MONTREAL, Sept. 30, (CP). —A resolution asking the Dominion Government to establish the five-day week for all civil servants without increasing weekly working hours was unanimously passed today by the National Unemployment Insurance Commission Employees' Association.

WOROBEC APPEALS

VANCOUVER, Sept. 29 (CP) — Sentenced last week to be hanged 38-year-old William Worobec today filed through his lawyer an appeal from the death sentence. The father of four was found guilty, along with Walter Prestyko, of the asphyxiation slaying of Mike Geluch last June. Prestyko has appealed also.

For Parents

By GARRY CLEVELAND MYERS, Ph.D.

Calm and Happy Home Atmosphere More Use Than Scolding at School

Many letters I receive about the school child whose teacher says he dawdles over his written work and does not pay attention. Usually the parents have scolded and punished the child at home, commanding him to concentrate at school and to finish all this written work there promptly. Of her son, 10, who is repeating the fourth grade, a mother writes:

"His teacher says he could do the work if he would just pay attention and finish his work. The last report is that he is still not finishing his work and still spends much of his time looking out of the window.

HANDY WITH TOOLS

"He is handy with tools. His father is an electrician and he thinks the boy is very good along mechanical lines.

"We have talked about taking him to a specialist who might find out the trouble but we do not know to whom to take him. Please advise me in the enclosed stamped envelope."

After this manner I answered her personally: Ask your physician to refer you to a specialist to test this boy's hearing and vision.

DON'T PUNISH

In the meanwhile quit scolding and punishing this child at home for his inattention or dawdling at school. Let the teacher know you are leaving these matters to her and that you want to help him at home in such a way that he might by and by show improvement at school.

Provide him with a calm and happy family atmosphere and try to cultivate in him less exciting ways. Please study carefully the enclosed bulletin, "Parents and The Child's Home Work" and "The Nervous Child."

The Doctor

By HERMAN N. BUNDESEN, M.D.

Child Suffering From Impetigo Must Be Isolated From Fellow Students

Certain skin disorders which commonly afflict children are highly contagious.

One such condition which parents should be able to identify promptly is impetigo. Its first manifestation is a rash of skin blisters. These blisters break and form crusts or scabs which may vary in color from yellow to red. They may be more than an inch across, but they are usually smaller. The skin of the face, ears, neck and, often, the hands are affected. Sometimes the disorder develops in the scalp. As a rule, it causes no itching, burning or pain.

UNDER SKIN

It is often noted that impetigo may develop in a child with a discharging ear. Frequently several children in the family are affected if they use a common towel or washcloth, or play together.

In preventing impetigo, cleanliness is important. Children should be taught not to pick at the skin and every child should have his own towel, washcloth, comb and brush.

One attack of impetigo is no protection against future occurance of the disease.

OINTMENTS HELPFUL

There is another form of impetigo which occurs in infants, particularly those in newborn nurseries. In this disorder, as a rule, the blisters break and leave raw surfaces; scabs do not form. Epidemics of impetigo can quickly spread through the nursery; hence, it is important that the first case be diagnosed early and properly treated.

QUESTIONS AND ANSWERS

J. F.: I have pouches under my eyes. What causes this?

Answer: Puffiness under the eyelids frequently comes from lack of rest and sleep. The disorder may be due to some disturbance in the water balance of the body. Some individuals have tissue which holds more water than others, and it is this collection of fluid in the body which causes puffiness under the eyes.

There is no need to worry aboout this matter, for the condition can cause no trouble.

WYNNDEL GIRL WEDS COAST MAN

WYNNDEL, B.C. — St. Helen's Church at Wynndel was the scene of a pretty wedding Sept. 21 when Rita Geraldine Wright, daughter of Mr .and Mrs. C. D. Wright of Wynndel became the bride of John William Stewart, son of Mr. and Mrs. J. W. Stewart of Vancouver. Rev. E. Doyle of Creston performed the ceremony.

Given in marriage by her father the bride looked lovely in a period gown of ivory satin, a fitted bodice and long sleeves and a sweetheart neckline. The full skirt was accentuated with a bustle and inserted ruffles. Her only accessories were three strand pearls, matching ear rings gift of the groom. Her veil was held in place by a pearl coronet. The bride carried a bouquet of red roses and carnations.

Mrs. Doris Anderson of Creston was Matron of Honpur, and she chose a gown of blue nylon tulle with lace. Her bouquet was of gladioli and carnations. Lynne Alger and Lorraine Jones were flower girls in pale pink gorgette and carried bouquets of roses and carnations.

Gordon Alger assisted the groom. Ushers were Cressval Wright and Lloyd Anderson. The church was beautifully decorated with ferns and seasonal flowers. Mrs. Anne Staples sang "Ave Maria" at the signing of the register accompanied by Miss Ethel Hook.

The reception was held at the home of the bride where the guests were received by Mrs. C. Wright.

A toast was proposed by Rev. E. Doyle to which the groom responded.

The bride wore a Nile green suit with black accessories for travelling. The bride and groom will motor through the States to Vancouver where they will reside.

Postpone Increase In Bus Fares

VICTORIA, Sept. 30 (CP).—The British Columbia Electric Railway Company and Vancouver Island Coach Lines Ltd., will not have higher bus fare rates in effect by the date set in their application to the Greater Victoria Transportation Committee for "an upward revision in the fare structure."

The date set was Oct. 1, which is Saturday, but any changes in rates can not become effective for at least another week.

BELLIS, Alta. (CP)—Changing auto tires is hardly the way to escape garage fires. But John Chernichan did just that when his garage caught fire. With his car jacked up and only three wheels on, Chernichan found the fourth wheel, put it on and drove away.

Afternoon And Evening

Velvet coat with zig-zag trim

By VERA WINSTON

The well-chosen little coat is prepared to go out afternoons as a complement to a cocktail dress, or to assume full responsibility for cover-up duty with a full evening dress. This coat, prepared for a good season, is of black velvet with zig-zag stitching forming a wide border at the bottom and for the cuff trim. The coat has a generous flare in back, and the sleeves are belled from a wide, loose armhole.

DESIGN IN STAMPS.— Mrs. Virginia Woodin, of Arlington, Va., stands beside a large doll costumed in cancelled stamps from her collection for a hobby show at Washington, D. C.

Tasty Recipes

By ALICE DENHOFF

SUNDAY'S DINNER

Pot Roast of Veal with Brown Gravy
Pot Roasted Potatoes
Carrots and Onions
Sliced Tomatoes and Cucumbers
Blackberried Ice Cream Squares
Hot or Iced Coffee or Tea
Milk (Children)

POT ROAST OF VEAL

Order 5 lbs. shoulder of veal, boned and rolled. Dust with 1 tsp. salt and ⅛ tsp. pepper. In a heavy kettle melt ¼ c. meat or bacon drippings. Slow-brown the veal all over in this. Then add 1½ c. thin-sliced peeled carrots and 2 thin-sliced peeled onions; cook until yellowed. Add 3 cloves, ½ tsp. peppercorns and 1 pt. boiling soup stock (or use 2 bouillon cubes and 2 c. hot water). Simmer until the veal is tender, about 3 hrs. or pressure cook 50 min. at 15 lbs. Thicken the gravy as usual, and season with 4 drops tabasco sauce. Enough for 2 meals.

BLACKBERRIED ICE CREAM SQUARES

For this you will need a one pint carton vanilla or peach ice cream, 1 square layer of sponge cake or 2 layers of a small plain loaf cake, and 1½ c. blackberries stirred into ½ c. melted jelly. Arrange as follows: On each plate put a square of the cake; top with a slice of ice cream; garnish with the blackberry sauce.

ATOMIC ENERGY COMMITTEE LIKELY

OTTAWA, Sept. 29 (CP) — The day may be approaching when Canadians will know more about what scientists of this country are doing on atomic research.

At present the only information on Canadian developments in the field of atomic energy comes from occasional comment by reticent scientists and announcements from usually close-mouthed Government officials.

However, Opposition parties in the Commons today put pressure on the Government and the result may be establishment soon of a special committee on atomic energy.

Howard Green (PC—Vancouver Quadra) came up with the suggestion and received support from M. J. Coldwell, C.C.F. Leader, Solon Low, Social Credit Leader, and J. L. Gibson (Ind.—Comox-Alberni).

Trade Minister Howe replied that at the last session of Parliament he said the Government would have no objection to a committee on atomic energy.

GETS THREE YEARS ON MANSLAUGHTER CHARGE

HAMILTON, Sept. 30 (CP)—Edward (Dempsey) Richarde was sentenced today to three years on charges of manslaughter and wounding arising from a drinking party free-for-all last Aug. 6 that resulted in the death of Richard Slifka, formerly of Regina.

Nelson Social

By MRS. M. J. VIGNEUX

● Mrs. C. D. Risk of Vancouver, ex-resident of Nelson, is renewing old acquaintances in Nelson.

● Mrs. B. T. Dunham of Lytton is visiting her parents, Captain and Mrs. J. A. Ferguson, Sunshine Bay. She is accompanied by her young daughter.

● Mrs. Charles F. Magee, of Moscow, Idaho, (nee Dawn Hume of Nelson) accompanied by Mr. and Mrs. Schroeder of the same City, are spending the weekend visiting friends in Nelson.

● The home of Mrs. R. B. Brummit, Fourth Street, was a happy scene one evening last week, when a reception was held honoring Mrs. Florence Struthers, Grand Matron of the Eastern Star for British Columbia, who was on her official tour of B.C. Prior to the reception, Mrs. W. Carruthers, Grand Wardar of the Grand Lodge of British Columbia, was hostess at a complimentary dinner at the Hume, when former past officers of Rose City Chapter were guests. They included Mrs. J. A. Curran, Mrs. J. J. French, Mrs. H. E. Dill, Mrs. John H. Argyle, Mrs. N. A. Brown, Matron of Rose City Chapter, and Mrs. Struthers. Mrs. Brummitt's serviteurs included Mrs. K. Le Page, Mrs. Harold Hinitt, Mrs. Charles Gigot, Mrs. Victor Graves, Miss Helen Walsh, Mrs. J. C. Muir, Miss Margaret Arthur, Mrs. George G. Burns, Mrs. William M. Young, Mrs. William H. Anderson and Miss Greta Curwen.

● Mr. and Mrs. Charles Hufty, Silica Street, have returned from a few weeks motor trip to California.

● Mrs. Guy Morey of Trail spent Thursday in the City, guest of Mr. and Mrs. P. G. Morey, Hoover Street.

● Mr. and Mrs. J. A. C. Laughton, Second Street, have returned from Forest Grove, Ore., where they visited their son, Ivan, who is studying optometry at he Pacific University in that City.

● Mr. and Mrs. Fred Ferguson and their young daughter of Esquimalt are visiting their parents, Captain and Mrs. Ferguson, Sunshine Bay.

● Mr. and Mrs. Maritn T. Harris, 616 Mill Street, have returned from a few weeks vacation spent in Eastern Canada.

● While in Nelson on her four-day stay, Mrs. Florence Struthers, Grand Matron of the Eastern Star for British Columbia, who made her headquarters at the home of Mr. and Mrs. John H. Argyle, was entertained by Mrs. Victor Graves, Mrs. Norman A. Brown and Mr. and Mrs. B. Lowery.

● Miss Susan Tawse, daughter of Mr. and Mrs. John Tawse, Willow Point, returns this morning from spending six months visiting relatives and friends in England, making the trip on the Empress of Canada.

Engagements

Mr. and Mrs. E. S. Martin, Robson, B.C., announce the engagement of their elder daughter Jean Beverly to John R. Neill of Calgary, son of Mr. and Mrs. J. Neill, Nelson, B.C. The marriage to take place in the Robson church, Robson, B.C., on the twenty-fourth of October at 1:00p.m.

Wynndel . . .

WYNNDEL, B. C. — Miss Vera Packman, who was nursing at Vancouver General Hospital, is visiting her parents, Mr. and Mrs. H. Packman.

Mr. Conwell of Trail visited Mr. and Mrs. A. Davis.

Mrs. G. Ward and Doreen returned from Edmonton last week.

Misses Doreen Marshall and Bertha Martin of Creston visited Mary Popovich.

Miss Nadin McLear of Vancouver is visiting Mr. and Mrs. S. Mosely.

Plans to Represent Housewives

NEW WESTMINSTER, B. C., Sept. 30 (CP)—Mrs. Marion MacDonald hopes to be the "Housewives' Representative" in Ottawa.

"It is time the housewives had representation in the Commons," she said, in announcing today her candidacy as an Independent in the Oct. 24 New Westminster byelection.

Sees Britain In Good Fightign Position

By FORBES RHUDE
Canadian Press Business Editor

Until the next election is over, it will be difficult to obtain from Britain any unprejudiced view of the rights or wrongs of devaluation and British trade procedures.

Judging by the debates in Parliament and other public comment, the matter inclines towards the "name-calling" stage, and is likely to remain there until the next voting takes place, whether it be this Fall, as some predict, or next year.

Politics aside, it might be an excellent thing if the election were called this Fall; so that both Britons and the outside world may know what line of thought will be in control for the next four or five years.

Whoever is in power, Britain in the coming months will be distinctly on the spot. The great experiment of devaluation is being tried and if it should show signs of failing the lack of confidence engendered will be menacing.

Actually, however, Britain should be in an excellent fighting position. Her productive power is relatively high, and the immediate benefits of devaluation give her a new driving force in world markets. But they must be followed up quickly.

In the heat of political debate much is made of "incentives" or lack of them. This doesn't sem to be quite the answer in this situation.

Britain and Britons have the biggest "incentive" in the world — that of survival.

There may be differences of opinion as to the best way to meet this challenge; but the "incentive" of survival remains and in the past Britons have been notable for sensing such situations.

New Denver

NEW DENVER, B.C.—Mrs. Edith Knudsen of Edmonton has arrived to join the staff of the Slocan Community Hospital.

Mrs. T. W. Clarke and Mrs. A. L. Harris, who spent a two weeks holiday visiting relatives and friends in Vancouver, have returned.

Mr. and Mrs. Mark Du'Mont and two sons, Carl and Paul, Miss Florence A. Moss and Mr. and Mrs. T. J. Bohan attended the Rosary Crusade at Trail.

Mrs. E. C. Johnson of Nakusp was a visitor at the Draper home and also visited Mrs. James Drapen a patient in the Slocan Community Hospital.

Mr. and Mrs. Peter Rodall, Andrew Jacobson and Mr. and Mrs. Geoffrey Noden returned from a trip to the Okanagan.

Mrs. Quentin A. Forsythe, Miss M. H. Butlin and Mrs. John Taylor returned from Nelson where they attended the banquet in St. Paul's United Church and the official visit at Rose City Chapter, Order of the Eastern Star of the Grand Worthy Matron, Mrs. Florence Struthers of Vancouver.

Win Legion Auxiliary Whist Prizes

Mrs. A. J. Hesse, Mrs. L. Bicknell, Frank Eberle and M. A. Stockwell took top prizes at the first Ladies' Auxiliary to the Canadian Legion card party for the Winter season held at the Legion. Twelve tables were in play. Grand prizes will be awarded to winners at the close of the season.

URGES BUYING OF MORE GOODS MADE IN CANADA

MONTREAL, Sept. 30 (CP) — Hugh Crombie, Chairman of the Education Committee of the Canadian Manufacturers' Association, yesterday urged members of the Association to save American dollars by buying Canadian-made goods.

New Justice

Switching to a sombre black bow tie for the occasion, Associate Justice Tom C. Clark poses in Washington wearing his official robes for the first time since becoming a member of the U.S. Supreme Court. The former attorney-general, famed for his colorful ties, is not the first member of the high court to wear a bow tie with robes.—Central Press

Short talks were given by Deputy Grand Chanc eseL,rlileo ETAO SHR Grand Chancellor, Leslie R. Campbell and Mrs. Mary Crellin also Supreme Representative James Draper. Harry Wooley gave a reading.

B. C. POWER TO START WORK ON NEW OFFICES

VICTORIA, B.C. Sept. 30 (CP)—Work on the British Columbia Power Commission's new office building in the triangular-shaped piece of property in Victo-ia will likely get under way within a week.

This was announced this afternoon by Maj.-Gen. W. W. Foster, Acting Chairman of the three-man Commission, following opening of six tenders submitted by Coast construction firms for the general construction contract.

Lowest bid was turned in by Northern Construction Company and J. W. Stewart Ltd., Vancouver. Amount was $473,800.

Two firms with Victoria addresses were among the bidders. They were G. H. Wheaton, with a figure of $497,766, and Commonwealth Construction Company Ltd., $489,552.

Amounts of other tenders, all from Vancouver companies, were: Bennett and White Construction Co. Ltd., $525,065; Dawson and Hall Ltd., $478,880; and Sullivan Construction Company, $478,250.

All tenders gave alternative prices for certain phases of the work as outlined in the specifications.

They were handed to H. Whittaker, architect of the building, for analysis and study. He will report to the Commission next Tuesday or Wednesday, Gen. Foster, said, following which the contract will be awarded without delay.

The half-million dollar building will house the head offices of the Government-sponsored Power Commission, set up in April, 1945. At present, departments are located in three different buildings in the downtown area.

FINED $18,000 FOR MAKING FALSE INCOME-TAX REPORTS

MONTREAL, Sept. 30 (CP)—Joseph Ferdinand Fidele Thibault, St. Johns, Que., merchant, today was fined $18,000 for making false income tax reports during the 1939-46 period.

Robert Ouimet, acting for the Department of National Revenue, reported that Thibault will also be obliged to pay $50,947 in back taxes covering the period.

Seeks Release From Husband

Nancy Oakes de Marigny, daughter of the mysteriously murdered Sir Harry Oakes of Nassau, is shown in New York Supreme Court where she testified at a two-hour annulment trial. She wants release from her husband, Count Alfred de Marigny, who was acquitted of a charge of slaying her father. Nancy cited passages from a book the Count wrote to prove that he wed her bigamously. Her father was known as the Canadian Gold King.

Tourists Are People

It is good to see the activities and scope of the Various Kootenay Boards of Trade increasing with the years.

This week the Slocan District Board of Trade was reorganized, with representatives of the Associated Boards of Trade of Eastern British Columbia, headed by Dr. C. A. H. Wright of Trail, Vice-President, attending the reorganization ceremonies. Nelson, Rossland, Trail, Kaslo and Nakusp were represented at the meeting.

Of course, one of the main considerations of any Board of Trade is tourist travel. While it may be a little late in the season to be discussing tourists, before the members of the various Kootenay Boards of Trade put the subject of "tourism" to bed for the Winter, there is one question they might keep in mind while keeping a wary eye open to the 1950 tourist season.

What makes a tourist remember *your* town or city?

Obviously it must be something unusual, something that gives the tourist a warm wave of remembrance when he is far away from the places he has visited. Obviously something intensely personal will do the job as nothing else can. It doesn't have to be something big—just some small courtesy to himself which he may remember always—if it is subtle enough.

The city of Redmond, Ore., population 8000, has hit on just such an idea. On registering at one of the more popular motels in the city, the tourist finds himself presented with a card on which is printed the titillating headline, "Free 'Coffee and' Breakfast." It goes on to say, "Indicate your choice below. Place under the clip outside your door before retiring and an employee will deliver a tray to your room at the time you designate." The tourist may have tomato or orange juice, doughnuts or butterhorns "served with a pot of coffee with sugar and cream in separate containers," between the hours of 7:00 a.m. and 8:45 a.m.

The card further explains this hospitable gesture by saying:

"This service is made possible with the cooperation of a group of Redmond people who welcome you here. The employee who prepares and serves your tray cooperates by doing so without pay. You should not tip the employee more than you customarily do.

"The free breakfast is not furnished by the firm and is not part of your rent, but is actually no cost to you or the Hotel. This special service therefore may be discontinued at any time. I am happy to extend this welcome to you." It is signed by the management of the motel in question.

What city is the tourist going to remember with the greatest feeling of warmth when he returns from his vacation? Redmond, Ore., of course—the city which treated him as a personal guest.

Another courtesy extended to tourists by many small American cities is an individual gesture on the part of many of the restaurants and cafes, who supply information about their cities and districts such as population, points of interest, altitude, distance from other large centres, on the backs of menus. One restaurant even promises to write and tell the tourist when the fishing is good if he leaves his name and home address!

Kootenay is doing more and more each year for its tourists, but while doing the big things like improving highways, let's not forget the small things—like cups of coffee.

Tourism is a great and growing industry, but it is made up of individuals whose appreciation for being treated as such will "pay off" many times over.

Press Comment

ESCAPE ON HIGHWAY

Have you ever, after a fearfully narrow escape on the public highway, watched the disappearance over the horizon of the daredevil who had been responsible for your fright and wished you could tell him in precise and pertinent terms just how you feel about him? If you have, you may admire the fellow who inserted the following advertisement in a British newspaper:

"He's probably dead now, but if not, I should like the motorcyclist who cut in between my car and a coach near Pothill on Sunday to know that his survival owes nothing to my good wishes."

—Stratford Beacon-Herald.

HOME FOR A TORTOISE

Anybody who advertises for a home for a dog or cat can be sure of receiving many offers, but an English woman who wrote to a Sunday newspaper asking someone to take over a tortoise that she had kept for nearly 30 years, got a surprise.

Within a few days she received 1614 letters, 22 telegrams, and a great many personal calls from people who wanted to give the tortoise a home.

We didn't think tortoises were as popular as that. They don't run to meet their masters and wag their tails, or jump on their laps to be petted. Still, they must have some attraction, or people wouldn't want them.

—St. Thomas Times-Journal.

RADIANT BEAUTY

The earth owes much of its happiness to the sun, for when the sun shines, life is radiant. Harmony throbs through nature and gladness sings in the human heart. For the sun is the source, as it were, of the earth's goodness, the central radiance to which all creation turns.

It would be difficult to conceive of a world without a sun, or life without light. The earth would lose its beauty, and life its warmth and joy, for this "splendid sun" is more than mere illumination. It is a token of something infinitely greater—a symbol, perhaps, of outgoing love—which truly indeed the Creator expressed in His creation.—Montreal Gazette.

THRIFTY NOTE

It will be a matter of gratification to Canadians of Scottish descent that just this season, Canada is making a contribution to the development of Scotland's heretofore wastelands. From Nova Scotia a planeload of blueberry plants has been flown to the land of the thistle, and will be planted on the barrens and moors of Auld Scotia. If they accommodate themselves well to their new surroundings—and considering how the Scots excel in horticulture, there is no reason why they shouldn't—Scotland may become the land of the blueberry as well as the land of the heather.—Ottawa Journal.

MOSE USELESS

Next to feeding oats to a dead horse, kissing over the telephone is the most useless waste of energy we know off.—Beck San Sun.

CONQUERED OBSTACLES

The pioneers conquered obstacles. They relied on self-help, as Government aid wasn't then fashionable.—Victoria Times.

It's Been Said

Men, at some time, are masters of their fates.—William Shakespeare.

?Questions? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions WILL NOT BE ANSWERED BY MAIL except where there is obvious necessity for privacy.

G. G., Nelson—We read recently in a Coast newspaper that monkeys, like human beings, have two sets of teeth. To settle an argument, is this true?

Yes.

Reader, Nakusp—Who was the author of The Scarlet Letter?

Nathaniel Hawthorne.

Forgetful, Nelson—Which of the present-day prima donnas changed from a contralto to a soprano?

Rose Bampton.

H. W., Nelson—Please answer the following questions: When did Emily Carr, Henry van Loon and Lady Eleanor Smith die?

Emily Carr, 1945; Van Loon, 1944; Lady Eleanor Smith, 1945.

Determined, Nelson—To settle an argument, is the British Broadcasting Company Government-owned, that is, nationalized?

Not exactly, though more or less. The following is printed in a booklet just issued by the British Office of Information: "The B.B.C. . . . a public corporation, created by Royal Charter (renewed in 1946 until end of 1951), and controlled by a Board of Governors, is neither a Government Department nor a commercial company, nor does it work for profit. It maintains broadcasting stations under licence from Postmaster-General . . . while ultimate control is maintained by Parliament and the Government for the nation, the B.B.C. enjoys wide independence both in constitution and practice."

Looking Backwards

10 YEARS AGO

From The Daily News of Oct. 1, 1939

Continued favorable progress on development at Kootenay Belle Gold Mines, Ltd., Sheep Creek, is reported by officials. Directors have declared a dividend of four cents per share, payable Oct. 21, to shareholders of record Oct. 14.

A beauty spot in a beautiful city, the garden at the home of Mr. and Mrs. Gordon Allan, 1115 Ward Street, this year was awarded the Lieutenant-Governor Nichol Trophy for the best Nelson garden of 1939.

25 YEARS AGO

From The Daily News of Oct. 1, 1924

A. E. Allison was elected President for the coming year of the Nelson Track and Field Club, at a meeting held in the City Hall last night. Plans were discussed for the annual indoor track meet to be held at the end of this month in the rink.

A. Clark, Granite Road, arrived in the city Tuesday evening by the Crow boat from three months spent in Britain and Europe, where he attended the Wembley Exhibition. He was accompanied on his return trip by his sister, Miss Clark of Scotland.

40 YEARS AGO

From The Daily News of Oct. 1, 1909

An important mining deal has just been closed by which the Alma Mineral Claim, some eight miles from the city of Nelson, on a divide between Sand Creek and Eagle Creek, is bonded to two prominent mining men of the Coast. The recent owners, all Nelson men, are William Gosnell, John Ostin, J. J. Malone, George Matthews and Nels Lovering.

Temperature yesterday varied between 38 and 60 degrees.

Mike Scully has returned to the city from a three months' trip to Europe, having visited Liverpool, London, Paris and Rome.

Your Horoscope

Tact used by you on this anniversary should bring the results you desire. With care, your next year should be a pleasant one. Born on this date, a child probably will lead an average pleasant and successful life.

FOR SUNDAY, OCT. 2: This Sabbath is a good time to make the quantity and quality of your work above average, according to the propitious influences. The child born today may prove to be exceptionally talented.

At the left is his son, Myron, and in the background the elder Blackmer's wife. Blackmer spent a quarter of a century in self-imposed exile in Europe after fleeing the country to avoid testifying in the Teapot Dome oil scandal. —AP Wirephoto.

Tito Left Strictly on His Own As Slavs Banished From Russ Fold

By DEWITT MACKENZIE
Associated Press News Analyst

Russia's abrupt cancellation of her treaty of friendship with Yugoslavia, thereby setting a fiery example which her satellites may be expected to follow, further tightens the banishment of Marshal Tito from the Russian fold.

The Yugoslav dictator now is decidedly on his own until he makes new friends, who at this stage obviously must come from the democracies. I imagine his sensations are something like your correspondent one day in the First World War when he got caught in the middle of a German barrage of high-powered shells. I wasn't exactly lonesome, you understand, but did have a feeling that I could do with a little friendly encouragement.

Thus far the only kindly word Tito has received from his old comrades is contained in an article published by the Literary Gazette in Moscow. The Gazette says history soon is going to offer him a choice—"Either rat poison, like Hitler, or a soaped rope, like Mussolini." The article adds that "there is good reason for the Belgrade dwarf to go crazy."

Moscow accuses Tito of lining up with "foreign imperialist circles." Specifically Russia charges that the Budapest treason trial of former Hungarian Foreign Minister Laszlo Rajk, sentenced to death last Saturday, disclosed that Yugoslavia has been carrying on hostile activity agains tthe Soviet Union.

Yugoslavia also has friendship and mutual aid pacts with Albania, Bulgaria, Czechoslovakia, Poland, Hungary and Romania. In the natural course of events all these neighbors also will cancel their treaties.

Well, now, the significance of all this lies in the real reason for the break between Russia and Yugoslavia which came into the open in a big way in June, 1948. That was when the Moscow-dominated Cominform expelled the Balkan State from membership.

The cause of that expulsion was Tito's refusal to surrender Yugoslavia's national sovereignty to control of Moscow. He maintained that his country's internal affairs concerned her alone, and that she would accept no dictation. In other words, he was pursuing nationalism in building his Communist State, whereas Russia's whole effort is centred in international Communism under which every country would take its orders from Moscow.

This means Tito has inaugurated a new brand of Communism for his State. And that, of course, is a turn of events which is of vast importance to the Western countries. Observers are speculating whether the Yugoslav dictator's example may inspire other discontented satellites to try to follow suit in maintaining their nationalism.

Believe Dollar Must Be Revalued Against Gold

LONDON, Sept. 30 (Reuters) — Big international capitalist groups, with well-known names and huge fortunes to protect, were said today to be buying gold at prices of about $42 an ounce, in the belief that the United States dollar must eventually be revalued against gold.

They are acting on a belief that the world will turn from the dollar and toward gold, and that even if it took two or three years—as devaluation of sterling did—it is almost sure to happen.

Speaks His Mind

Chinese delegate Dr. Tingfu F. Tsiang, is shown as he addressed the 59-nation General Assembly at Lake Success, N.Y. Opening up his long-awaited blast against Russia in U.N. chambers, the Chinese delegate warned the Assembly that it cannot close its eyes to the Communist menace which he said threatens to engulf all of Asia. He told the Assembly that the Chinese Communist party is a Soviet instrument, that it is a lever with which to undermine China's integrity and independence and the peace of the Far East. Soviet Foreign Minister Andrei Vyshinsky and the big three, Dean Acheson, Ernest Bevin and Robert Schuman, were absent during the speech. —Central Press Canadian

Benelux Countries Gear Economies for Union

By WILLIAM BOSS
Canadian Press Staff Writer

THE HAGUE, Sept. 30 (CP) — Benelux—the Economic Union of Belgium, the Netherlands and Luxembourg—enters its provisional" stage Oct. 1.

Full union is scheduled for next July 1, and the stage beginning next month is a sort of trial marriage during which the process of gearing their economics—now almost a year old—will be completed and their taxation measures unified.

The event will be the first of several such likely to occur during the next few years. France and Italy are working toward a similar arrangement, while Sweden, Norway and Denmark are in exploratory stages.

All three groupings anticipate the remote day when the Council of Europe will be an organ with real, if limited, powers, and European countries will comprise one broad free-trade area with some common political, social and cultural organs.

The Provisional Stage of Benelux originally was scheduled for last July 1 with full union to follow next New Year's Day. Technical problems and the removal from power of Prime Minister Paul-Henri Spaak of Belgium—Benelux's driving force—delayed the operation.

During the last year Holland has been bringing her controlled economy into line with the freer and higher-priced Belgian Economy. Tomorrow also will see the last of food rationing in the Netherlands as free trading is resumed in meat, cheese, rice and coffee.

As Holland's cost of living has risen to the Belgian level there has been talk of increasing Dutch objections to Benelux and of a greater economic rapproachement between her and the United Kingdom.

Holland's agriculture will have priority in the Benelux scheme, while here secondary industries will have scope for expansion.

To ensure that their economies are substantially complementary while remaining healthy competitive, the three countries have machinery for "compulsory preliminary consulation" ready when the Provisional Union is entered.

They agree to consult when any new industry is proposed, or when any important industry plans an extensive increase.

Countries like Canada and Denmark may lose trade in the new setup. Belgium has been a market for their dairy products but now lower-priced Dutch production is expected to fill the demand.

Back Political Action Fund Drive

VANCOUVER, Sept. 29 (CP) — International Woodworkers of America (C.I.O.-C.C.L.) today swung its entire 100,000 members behind the C.I.O.'s intensive campaign to raise dollars for political action committees.

Canadian and U.S. delegates to the I.W.A.'s 13th annual convention were unanimous in approving formation of active and functioning political committees in each local union.

Delegates reiterated that results of recent elections have "re-emphasized" the necessity for political education and action and they pledged at least $1 a member to the P.A.C. cause.

Ancient State Absorbed by India

Within a year of the taking over of the administration of Hyderabad by the present Indian Government, the 440-year-old State of Wanaparthy became the first State to be taken over by the administration of the Hyderabad Government. At a ceremony marked by simple dignity, Raja Rameshwar Rao of Wanaparthy handed over the seals of office and the keys of the treasury to the military Governor of Hyderabad, Major-General J. N. Chaudhuri, in the Durbar Hall of the palace at Wanaparthy. Shown here during the ceremony at the palace are, left to right, L. N. Gupta, Administrator; Mr. Seshadri, Revenue Minister; Maj.-Gen. Chaudhur, Military Governor of Hyderabad; Raja Rameshwar Rao, Mrs. Chaudhuri and Mrs. Seshadri. —Central Press Canadian.

Miss Canada IV To Try Again

By JACK SULLIVAN
Canadian Press Staff Writer

PICTON, Ont., Sept. 30 (CP) — Miss Canada IV, Harold Wilson's unpredictable speedboat which has acted like a chump every time out this year, will have a chance during the weekend to prove if it is just another high-priced boat or a world champion.

The $100,000 water baby, powered by imported Rolls Royce engines, will make its second attempt in five weeks to crack the late Sir Malcolm Campbell's 141.7 miles an hour record—providing its delicate insides are functioning and Picton Bay waters are ideal.

In his previous attempt here, the Ingersoll, Ont., driver had the weather but Miss Canada misbehaved.

The shark-nosed craft arrived here late today and was put on exhibition at Picton Fair. Later it was placed under guard at the Picton Yacht Club and it is expected Wilson will test the measured one-mile nautical course at sunrise Saturday.

Wilson has two days to make his attempt under rules of the American Power Boat Association. If the water is choppy, balking his bid for the record, it is expected he will be granted an extension until conditions are suitable.

Royals and Trail Continue Title Play Trail Sunday

Nelson Royals and the Trail Reps will lock horns Sunday in the final doubleheader session of the season in Trail Butler Park which may see the West Kootenay Softball Championships decided.

Trail Reps took the opening pair in Trail and the Royals captured the third and fourth games played here last Sunday, to tie the series.

If either team wins both games, it wins the Championship, but if each team wins one game apiece a seventh and final game will be played here the following Sunday.

Royals' lineup will include Mary McGinn, Lois Taylor, Kay Swales, Edi Pippi, Marie Stangherlin, Dianne Chursinow, Jean Koehle, Marie Ball and Ann Kastrikoff.

B.C. Juniors Win Minto Cup

OWEN SOUND, Ont., Sept. 30 (CP)—British Columbia All-Stars tonight won the Canadian Junior Lacrosse Championship when they defeated Ontario All-Stars 16-6 in the fifth game of their best-of-five series for the Minto Cup. The B.C. club took the series 3-1, with one game tied.

It was the first time a junior club from British Columbia has won the cup playing in the East.

Following the game Gene Dopp, veteran lacrosse official, presented the Minto Cup to the B.C. club, all but three from the Vancouver Eagles team. The trophy was received on behalf of his teammates by Marino Cervi, sharp shooting forward on the sidelines since he suffered a broken bone in his left leg during the series in Winnipeg.

Larry Crema, 16-year-old centreman, who hadn't scored a goal before in this series, sparked the Westerners to their triumph with a fine two-way display. He tallied four goals and earned two assists.

Other marksmen for the Westerners were Shadow Hull, with three goals and two assists; Eddie Bell and Cliff Johnson with two goals each, and Colin Cruickshank, Jim Kinna, Gord Nickle, Gord Sinclair and Ken Jones with singletons.

For Ontario, Max Woolley sniped two goals and the others went to Jack Kapasky, Doug Smith, Steve Oneschuk and Bud Stock. Smith also earned two assists.

British Soccer Teams Open Cup Round

LONDON, Sept. 30 (Reuters) — Britain's international soccer teams set out on the road to Rio tomorrow when Scotland and Ireland meet in the opening match of the season at Belfast.

The touranment among England, Scotland, Wales and Northern Ireland—serves this year as a qualifying round in the World Soccer Cup tournament. The winners and runners-up earn the right to play in the competition in Brazil next June.

Scotland beat all her three rivals last season and has high hopes of going to Brazil.

The Republic of Ireland is competing separately in the World tournament.

A's Answer Critics, Dust Yanks 4-1

By STEVE ROBERTSON
Canadian Press Staff Writer

The flag chase in both major leagues this year proves one thing—nobody hates a prospective champion more than the guys who have to take second fiddle.

If they can do it, they'll gladly tramp the champions in the dust.

This was proved Friday when the Philadelphia Athletics beat the New York Yankees 4-1. The A's had had a barrage of telegrams suggesting they were going to lay down, and young Earl Mack, son of old Connie, switched his pitching line-up from Phil Marchildon to Dick Fowler.

All Fowler did was start an Athletic triumph.

With only two games to go, the Yanks now appear in a desperate situation. They must sweep the final two games from Boston Saturday and Sunday at Yankee Stadium to beat out the Sox.

Allie Reynolds, winner of 17 and loser of six, will be Manager Casey Stengels pitcher against the Sox Saturday.

If he changes his mind it will be Vic Raschi (20-10), who now is slated to work Sunday.

Manager Joe McCarthy is expected to name Ellis Kinder, his right handed ace with 13 straight victories and a 23-5 for the season. As Kinder relieved Friday, McCarthy probably will switch to Lefty Mel Parnell (25-7).

Fowler, a 28-year-old veteran from Toronto, never seemed to have too much stuff. A slow curve, a change of pace and an occasional fast ball got him home but he never lost his poise.

PAYS OFF

Mad at himself in the second when he loaded the bases with two out on a single and two walks, Fowler talked Earle Mack, the acting A's manager, into letting him stay in the game.

Earle wavered because Dick had two balls and no strikes on Bobby Brown with the score tied at 1-1. It was the right move. Fowler made Brown bounce into an inning-ending out.

Naturally, Fowler had batting help en route to his 15th victory. Sam Chapman's 24th homer tied the score in the second after the Yanks picked up one in the first on Cliff Mapes' walk and Brown's double.

Ferris Fain aimed the killing blow—a three-run homer off Eddie Lopat in the third inning. That was the ball game. It was only the third homer for Fain all season, two of them at the Stadium.

Actually Fowler was not supposed to pitch. Connie Mack, absent because of an upset stomach, planned to use Phil Marchildon, a sore armed right-hander. A flood of telegrams and fan mail accusing the A's of "throwing the pennant to the Yanks" made him change to Fowler.

The A's apparently caught fire from the barrage of insulting mail. They were out to win this one, above all. After Fowler survived the stuttery second, he rolled past 12 consecutive hitters until Rookie Jim Delsing singled in the sixth. From there on he had the situation under control.

Boston's Red Sox staggered within a single victory of the American League pennant in one of the weirdest performances of the modern era.

On five hits, the men of Joe McCarthy achieved an 11-9 triumph over the Washington Senators. When a double play finally saved their lives in the last of the ninth, Ellis Kinder, a 23-game winner, was pitching his heart out with the potential winning run on first.

During the first hour of the strange struggle the Sox scored 10 runs—five in the second inning, five in the third—on three hits and a breath-taking combination of walks and Washington errors.

The Senators, after that atrocious start, revived to batter three Boston curvers for 18 solid hits, including five doubles, score four runs in the eighth and ninth innings and scare the daylights out of the league leaders, who at one point had swaggered behind a 10-4 lead.

When Outfielder Sam Mele, a Boston castoff with a grudge, slapped a double play ball at Bobby Doerr to close the three-hour night mare, the bases were brimming with Senators and Kinder obviously was losing his sharpness after only two innings of relief.

14-14 FOR FELLER

Joe Gordon's pair of two-run homers gave Cleveland Indians a 6-4 decision over the Detroit Tigers and moved them into a tie with the Tigers for third place.

Bobby Feller weathered some heavy going to hang up his 14th victory as against an equal number of losses. Lefty Hal Newhouser was the loser and now has an 18-11 record.

St. Louis Cardinals' pennant chances all but evaporated into thin air. Faced with the task of winning in order to tie Brooklyn for first place in the National League, the fluttering Redbirds instead absorbed a 6-5 setback at the hands of the lowly Chicago Cubs and fell a game behind the idle Dodgers.

This defeat put the Birds in a near helpless position. No matter what the Cards do in their two remaining games with the Cubs, the Dodgers can clinch the flag by beating the Phils in Philadelphia Saturday and Sunday.

One Dodgers defeat and two St. Louis victories would send the pennant race into a playoff. The only way the Birds can beat out the Brooks in regular season play is by winning two while the Dodgers drop two.

As has been the case in recent days, the Cards "blew" this one too. A muffed fly ball by Stan Musial, which the charitable official scorer ruled a double, set the stage for Chicago's two runs in the third inning. As it turned out, that was the ball game.

Bob Rush, who started for the Cubs, was the winning pitcher. But most of the credit went to Walter (Monk) Dubiel, who relieved rush with nobody out in the sixth inning and pitched scoreless ball the rest of the way to protect the Cubs' one-run margin.

Dyer used four pitchers in a desperate attempt to catch up with the Cubs.

LANIER RUN OVER

The defeat was charged to Lanier, snapping his five game winning streak. It marked the third straight time he has been kayoed by the Cubs.

Dyer got some brilliant relief pitching from Fred Martin, third Cardinal hurler. Martin allowed no hits and struck out five in three innings, retired the side in the fifth after the Cubs had loaded the bases with nobody out.

The Cardinal clubhouse was as silent as a cemetery. Dyer sat on a stool with his head buried in his hands.

"There's nothing to say," he sighed.

NEW MARK FOR KINER

Pittsburgh Pirates edged Cincinnati Reds 3-2. Ralph Kiner smashed a homer clearing the scoreboard clock in left field, setting a new National League mark for the most home runs hit by a player in a month. The old mark of 15 was set by Fred (Cy) Williams of Philadelphia in May, 1923. The American League mark of 18 belongs to Rudy York of Detroit. He turned the trick in August, 1937.

Puck Pourri

By CLIVE FLEMING

October is here at last! Some quickly think of the World Series. Others that Winter is not far away. And others, hockey.

And hockey time it is! With ice now in the Nelson Civic Centre, Joe Benoit will start the Fall training of his new club, the Nelson Maple Leafs. Yes sir, this afternoon from 5:00 till 6:30, the Nelson Maple Leafs will be skating around and around the rink to work out any kinks which may have developed since the July 9 Midsummer frolic. The first practice with sticks and pads will be held Sunday afternoon from 2:00 to 4:00, with the public welcome to see what is on hand thus far.

The fans are requested by the Civic Centre Commission, however, not to come into the arena to see today's skating session since there are still some sections of fresh paint.

Countless questions come up at this time of year: Who will take the all important series between the Yanks and the Red Sox this weekend? What happened to the Cards? What about the World Series? What has Nelson this year? Will they win the B.C. title? What's the score on Tatchell? How long will Benoit last?

TATCHELL STILL A LEAFIAN

Well, this is for sure, Nelson will provide a great club this year and will do all in its power to win the B.C. Championship. About Tatchell, he will definitely not be playing for Kimberley. He has signed a Leaf contract for the 1949-50 season, and will most likely play for the Leafs in several of their home games, and Nelson's games in Kimebrley.

"I figure this will be Nelson's year, and I wouldn't want to miss out," stated Tatchell earlier. It is apparent, though, that Kimberley has approached the handyman.

Since the war, not one coach has succeeded in coaching more than one season. In the five years of senior hockey in these parts since the war, the Leafs have had six coaches. Fred Hergert, the last Nelson coach, came the closest, but he was unable to return for his second term. The other coaches weren't wanted for a second try. If Joe does keep the post, which he should, for more than one spell, it will be an accomplishment to be proud of. Joe should be among the top coaches in B.C. this year.

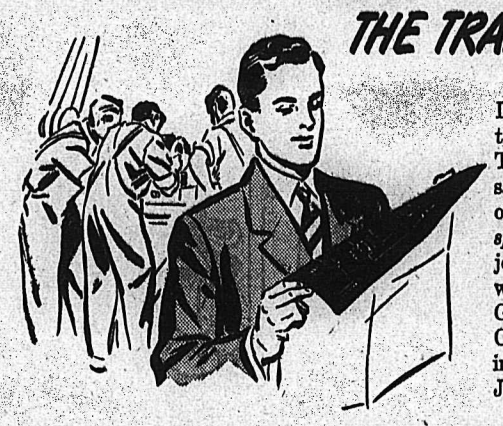
Wins B.C. Ladies' Golf Title

VANCOUVER, B. C., Sept. 30—(CP)—Miss Kay Farrell of Vancouver Capilano Club today is British Columbia senior ladies' golf champion.

Mrs. F. Y. McEachern, also of Capilano, was runner-up with 90, a stroke better than Quilchena's Mrs. H. Bordewick.

Good Workers BUT...
THE TRAINED MAN WINS



In every business, every factory, the story of success is the same. The good positions with good salaries go to the man who can offer employers the advantages of *specialized training*. Consider the job that *you* could have if you were well-trained in your field. Go after it now. Study an I.C.S. Course in your spare time. Full information costs you nothing. Just mark and mail coupon.

TODAY'S News Pictures

Acquitted, to Devote Life to Children

Mrs. Jean Mary Ange, acquitted of the charge of murdering her husband with a .22 calibre pistol last May, will devote the rest of her life to her children, she says. The jury, sitting in Sarnia, heard a story of repeated beatings of Mrs. Ange by her husband, and took only 50 minutes to render their not guilty verdict. She is shown here with her father, her son Tommy, 13, and her brother, James Hiney.
—Central Press Canadian.

Taken for Ride

New York police examine the bullet-riddled body of Philip "Little Farfel" Cohen at the spot where it was found on Southern State Parkway, Valley Stream, N. Y. Cohen was apparently taken for a gangland "ride" and dumped with six bullets in his body. The testimony of the 43-year-old former member of Murder Inc. had helped send Louis (Lepke) Buchalter to death in the electric chair.

He Confesses

Former Hungarian Foreign Minister Laszlo Rajk is shown as he appeared at the People's Court in Budapest to face charges of treason and espionage against the Government. His confession to having been an anti-Communist spy while having the reputation of being one of the Hungarian Red hierarchy attracted world attention. He is one of eight former Communist leaders facing trial.
—Central Press Canadian.

Siesta Time

Dean Acheson addressed the U. N. General Assembly in Lake Success, N. Y., Britain's Foreign Minister, Ernest Bevin (above), found the peace the world seeks, in a midday nap. Acheson, in his speech, blamed Russia "for the profound sense of insecurity" that necessitated formation of the North Atlantic Alliance, and at the same time called for Soviet cooperation on such major world problems as the Balkan and Korean disputes.—Central Press Canadian.

Begin Atomic Energy Talks

Representatives of the United States, Great Britain and Canada are shown as they began a series of "exploratory" discussions in Washington on joint research and development of atomic energy. Left to right: British Ambassador Oliver Franks; U. S. Assistant Secretary of State James E. Webb; and Canadian Commerce Minister C. D. Howe. In the rear are Sir Derick Hoyer Millar (left), British Minister to the U. S.; William Webster, Deputy to the Secretary of Defence for Atomic Matters; and Sumner Pike, acting chairman of the Atomic Energy Commission.
—Central Press Canadian.

Claims Dangers Of War Lessens

OTTAWA, Sept. 30 (CP).—Foreign Minister van Zeeland of Belgium told a press conference today he feels the dangers of war "to a certain degree are lesser" because of the economic and political steps taken by the Western powers since the end of hostilities.

He said, too, that the chances of a European economic union "in one form or another are very good." A former economics professor, he saw devaluation as something which can only do good ultimately if other steps like that are taken on a political level.

Believe Children Used in $2000 Diamond Robbery

VANCOUVER, B. C., Sept. 30—(CP)—Police today investigated a report that two small children may have been used in a $2000 diamond robbery here.

The gems were taken from a downtown shop window, and the owner, Vahan Tasshjan, told police:

"Only a small boy could climb into the narrow opening to the show window. The opening measures about 18 by 14 inches."

He reported a woman and two small boys were near the window shortly before the robbery was discovered.

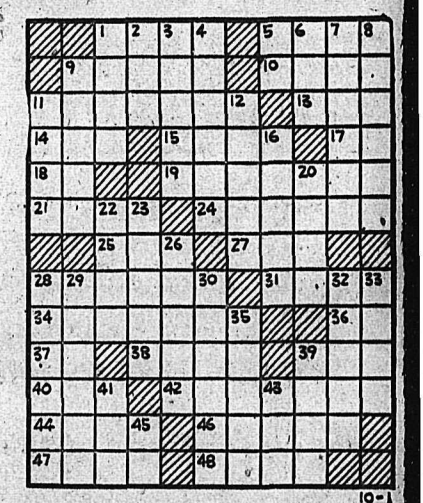
Yesterday's Answer



DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

CALGARY LIVESTOCK

CALGARY, Sept. 30 (CP)—Offerings were light on the Calgary Livestock Market this morning. A few killing cows were available but bulk of receipts were common killing and common stocker steers, prices were steady with the week's decline and a good cleanup was indicated.

Hogs slipped gradually throughout the week, Thursday's quotations being $1.50 below the Tuesday figure and $2.50 under last week's close.

The Dominion Livestock Markets service reported yesterday's saleable receipts as 444 cattle, 210 hogs, 82 sheep. Today's saleable receipts: 60 cattle.

Hogs sold yesterday at 29.50 for A's at yards and plans; sows 16.25 to 16.50 live weight.

Good lambs 20.50 to 21.00; Good ewes 7.00 to 9.00. Good butcher steers 19.00 to 19.50, common to medium 16.00 to 18.50. Good butcher heifers 17.00 to 17.50, common to medium 14.00 to 16.50. Good cows 12.75 to 13.25, common to medium 11.25 to 12.50 canners and cutters 9.00 to 11.00. Good bulls 13.50 to 14.50, common to medium 10.00 to 13.00. Good to choice veal calves 17.00 to 18.00, common to medium 14.00 to 16.50. Good stocker and feeder steers 17.00 to 18.00, common to medium 14.00 to 16.50.

Market Trends

TORONTO, Sept. 30 (CP). — Western oil issues climbed steadily for the second successive day. Industrials reversed themselves, opening easier but finding support in mid-session. Base metals were steady and golds tended lower.

MONTREAL, Sept. 30 (CP). — Led by papers and utilities, securities pushed higher. Mines were easier.

NEW YORK, Sept. 30 (AP).—The stock market tried a rally with only partial success.

Prices headed downward at the start of trading. A ponderous rally got going and for a while leading issues moved up for gains of fractions to around a point.

—LONDON, Sept. 30 (Reuters). — Most sections ended the week on a quiet, firm note. British Government stocks showed rises of about one-half per cent and the market was short of stock at current levels.

MONTREAL, Sept. 30 (CP). — There was slightly firmer undertone in quiet dealings on the bond market.

VANCOUVER, Sept. 30 (CP). — The Vancouver Stock Exchange continued to soar as oil stock maintained their biggest boom since March. General losses showed across the mines board, with Pioneer off five to $3.30.

CHARLES MAY BOX AT COAST

VANCOUVER, B. C., Sept. 30—(CP)—World heavyweight champion Ezzard Charles may perform for boxing fans here.

Promoter Al Principe is seeking to have the champion appear here, and now is negotiating with Spokane promoter "Chuck" Haines and Jimmy Fitten, who is booking Charles in the Pacific Northwest.

Challenger Floors Champion Twice

BELFAST, Sept. 30 (AP)—Rinty Monaghan of Belfast retained his world flyweight title tonight although he was held to a draw by Terry Allen of London.

Monaghan was on the floor twice during the 15 rounds. Allen was down once. The champion weighed 111 pounds, the challenger 111¾.

What Is an
Expectorant?

A common cold very often results in the formation of mucus on the membranes of the respiratory organs. Drugs which facilitate the expulsion of this mucus are termed expectorants.

NYAL PINOL

Stimulates expulsion of mucus.
Protects and soothes inflamed areas.
Easy to take for adults or children.

NYAL COLD CAPSULES

Act as an analgesic—lessening pain.
Lower the temperature in fever.
Have a laxative action without griping.

The Fight's Off!

Middleweight Champ Jake Lamotta, is shown having his neck massaged by his beautiful wife, Vicki, in their New York home. Lamotta, who was to have defended his title against Frenchman Marcel Cerdan in a 10-round fight at the Yankee Stadium in New York on Wednesday night, has an injured neck muscle, which necessitated postponement of the scheduled championship fight.—Central Press Canadian.

Consumers Oppose High Living Cost

OTTAWA, Sept. 30 (CP).—The Canadian Association of Consumers was on record today as opposed to the high cost of living and in favor of Canadian Broadcasting Corporation music and educational programs.

More than 15 resolutions were approved by delegates at the final sessions of the two-day annual convention of the Association yesterday. The 50-odd delegates, many representing national women's organizations, devoted the major portion of the closing sessions to the cost of living.

The Association approved a resolution asking the Federal Government to take immediate steps to control the "excessive" rise in prices on essential commodities. They balked, however, at a suggestion that the Government be asked specifically to impose subsidies to control prices.

See Increase for Coast Army Ranks

VICTORIA, B. C., Sept. 30—Indications that the Ranks of the local Reserve Army will be increased were noted today following the announcement by Lieut.-Col. George Paulin present Commander of the 5th (H.A.A.) Regt., that Coastal Forts, idle since the war, are to be used for training of Reserves.

"I have had numerous phone calls this morning from men interested in the Reserve Army. The better facilities which will be available through use of the Forts, seems to be attracting many," he said.

Capital Closeups . . .

Mr. Protocol Handles Foreign Dignitaries With Quiet Charm

By DOUGLAS HOW
Canadian Press Staff Writer

OTTAWA, Oct. 1 (CP).—It's a big, mad time for Mr. Protocol.

Foreign dignitaries are descending in clusters on William Howard Measures, a thin, bespectacled man of almost terrifying rectitude.

Mr. Measures works for the External Affairs Department as head of its protocal division and this thrusts him into the very forefront of that thick compound of propriety and unction that constitutes a formal visit.

Last week it was Italy's Count Sforza. This week it is Belgium's Paul van Zeeland and France's Robert Schuman and next week it will be Britain's Ernest Bevin. And when all these foreign ministers have gone there will be Prime Minister Nehru of India. And right on the doorstep to meet him will be Mr. Protocol.

BIG SIEGE

It's the heaviest siege in years and to say that Mr. Protocol is taking it in stride would be to ignore the heaping tangles of arrivals, receptions, dinners, press conferences and calls that make his hours long and his worries of great variety.

It would, however, be true to say that Mr. Protocol moves through it all with vast correctness and judgment and with quiet charm, a slight, pleasant, somewhat shy man who can hustle a V.I.P.—the trade's abbreviation for a very important person or big shot—along his way as nicely and as subtly as you please.

At times like this or amid the semi-hysterical pageantry of a royal visit or a call from an American President, the Government leans heavily upon these slight shoulders. Mr. Protocol reports for work in a black suit, a black homberg, a great bow tie and thrusts into the problem with solemn vigor and an instantaneous ability to say, for instance, exactly who should be invited to a state dinner and exactly where each guest should sit.

He has all that down in a little book, the place, the precedence of all Ottawa. He has also written a book of his own about just how to address them.

PROTOCOL

The Department's latest monthly bulletin deals at length with the responsibilities of his protocol division. It says protocol "means not only a particular type of document but also the manner, style or behavior appropriate to the conduct of affairs between nations."

The Department's article says this includes arrangements for exchanges of diplomatic representatives, for visits, for hospitality to official guests, for provision of credentials to Canadian diplomats and for scrutiny of those of foreigners and for safeguarding the privileges of diplomatic immunity.

The division acts as the direct channel of communication between the Department and the 32 foreign missions in Ottawa, even to complaints about ambassadors who ride through traffic lights and about ambassadors whose dogs bite children.

The Department lists all these things without a single mention of Mr. Protocol himself, the man who does it all. Such personal notoriety would, of course, be quite improper.

Want Tax Exemption For Money Spent On Reforestation

VANCOUVER, B. C., Sept. 30—(CP) — Exemption from Federal income tax of money spent by logging operators on reforestation will be urged by the Vancouver branch of B. C. Young Liberal Association at the national convention in Montreal.

A resolution to be presented to the convention, opening in Montreal Oct. 12, will ask that reforestation money be made deductible for income tax purposes.

Doctors' Strike Said Not Critical

EDMONTON, Sept. 30 (CP)—Indian Affairs officials here said today they do not regard as "critical" the plight of a band of 200 Indians in the Rocky Mountain House District of West-Central Alberta, where doctors have served notice they will discontinue treatment today of Indian patients until higher medical fees are paid.

"We have an Indian agent stationed at Rocky Mountain House who will see that any sick Indian will get treatment," said an official of the Charles Camsell Indian Hospital in Edmonton.

Wheat Price to Rise With Devaluation

OTTAWA, Sept. 30 (CP) — Trade Minister Howe today said Canada's Class Two wheat will go up in price about 10 per cent as a result of the recent dollar devaluation.

This classification of No. 1 Northern wheat is sold at world market prices to countries that are not parties to the International Wheat Agreement or the Anglo-Canadian Wheat Contract.

Boss of Russia's Atom Projects

The man who is believed to be the Chairman of the Soviet Union's Atomic Energy Commission is the formidable Lavrenti P. Beria, a member of the politburo and head of the dreaded Soviet Secret Police—the M.V.D. It is reasonable to believe that Beria's horde of agents form the security curtain that has prevented all knowledge of Russia's atomic progress from leaking to the outside world until explosion of an atomic weapon and detection of that explosion by Allied methods tore the veil aside.
—Central Press Canadian

Cpl. T. A. Quigley Of Provincial Police Moving to Kelowna

Nelson Provincial Police Department announced Friday the transfer of Cpl. T. A. Quigley, who has been with the Nelson force for the last six years. He is being transferred to Kelowna.

Corporal Quigley came here from Nakusp as a Constable in 1943. He became Detective-Constable, and recently, Corporal.

The transfer of Sgt. W. H. Hamilton of Kelowna has also come into effect. Sergeant Hamilton, who served with the Nelson force in 1930, will again be posted here.

Plan Permanent Home For Prime Minister

OTTAWA, Sept. 30 (CP) — Trade Minister Howe announced today in the Commons that Parliament will be asked to provide a permanent home for Canada's Prime Minister.

Mr. Howe said funds will be asked to remodel the old Edward's estate on the Ottawa River opposite the official residence of the Governor-General.

The House applauded the announcement of a decision Mr. Howe said was made by the Cabinet in the Prime Minister's absence in rTenton, Ont., for a ceremony to commemorate the wartime air-training scheme.

Approval was promptly given by party leaders George Drew of the Progressive Conservatives and M. J. Coldwell of the C.C.F.

The estate, a great old grey stone home, was purchased several years ago by the Government and has been rented by the Australian Government as a legation. Their lease expires Nov. 1, Mr. Howe said.

The Prime Minister and Mrs. St. Laurent now occupy a five-room apartment in downtown Ottawa. The Edwards home is roughly a mile away.

Mr. Howe told the Commons that "if there is no serious opposition, the house will be asked in the 1950 estimates to provide funds for repairs and future maintenance."

The House applauded.

SURE OF APPROVAL

Mr. Drew said he felt sure the announcement would meet with the general arpproval of the House and of Canadians generally. Members knew well that the Prime Minister is called on to receive official visitors week by week and that "he has duties which should be part of the responsibility of the state."

Mr. Drew had no opinion about the House itself but he did feel satisfaction that the Government now will be able to receive official visitors in a manner in "keeping with the position of Canada."

These visits were "no mere social engagements" but part of the business of democracy in a trying period. The decision was therefore evidence of the importance Canada has assumed internationally.

Mr. Coldwell said his followers support the proposal. He wondered, however, if it might not be a better idea to build a new house on the site than to attempt to recondition the old mansion.

Mr. Coldwell concluded with the remark that just as the Commons is cooperating to suitably house the Prime Minister, the Members would similarly cooperate to see that all the people of Canada are properly housed.

Solon Low, Social Credit Leader, said he was in favor of the proposal.

INCREASED SALARY

He added that consideration should also be given to increasing the salary paid to the Prime Minister.

The leader of the Government is "notoriously underpaid," Mr. Low said.

Jean T. Richard (L--Ottawa East) recalled that Canadian prime ministers from Sir John A. Macdonald to Rt. Hon. W. L. Mackenzie King had made their homes in Ottawa East.

He was pleased that the permanent residence would be established there.

It takes a wood heel about six months to travel from a live maple to the feet of milady.

Get more HEAT from your oil

Old oil burners are fuel eaters

GET A THRIFTY
IRON FIREMAN
Radiant Flame
VORTEX OIL BURNER

Operating mechanism is completely enclosed. Children can play safely around the VORTEX.

Many old oil burners heat firebox walls unevenly. Only the new Iron Fireman VORTEX oil burner fires oil in a whirling bowl-shaped flame which blankets every square inch of heating surface with rich radiant heat. Fuel costs are cut. Let us show you why the Iron Fireman VORTEX oil burner is more efficient. Quickly installed. Easy terms.

SAVE OIL! VORTEX USERS SAVE UP TO 30%
