...ty Years of Service to the Kootenay-Boundary – 1952

Vol. 51 | NELSON, B.C., CANADA — WEDNESDAY MORNING, JUNE 4, 1952 | No. 37

WEATHER FORECAST
KOOTENAY:
Variable cloudiness a little cooler. Wind Westerley 20 in the Crow's Nest Pass and light elsewhere. Low and high at Cranbrook and Crescent Valley 45 and 70. Revelstoke 48 and 65.

Steel Output Slashed Below Defence Need

PITTSBURGH, June 3 (AP) — A possible crack in the steel strike deadlock popped up tonight as steel leaders gathered for a meeting that many sources expect will lead to new contract talks.

The strike of 650,000 steelworkers cut heavily into the United States' industrial might. Thousands of railroaders and coal miners were laid off. Steel production dwindled far below defence needs.

Senator Burnett Maybank (Dem.-S.C.), a member of the Senate Banking Committee, said in Washington he plans to offer immediate emergency legislation bearing on the strike. He declined to discuss details.

Congressional sentiment is reported for some type of legislation giving President Truman power to seize private industry in an emergency. But proponents of this legislation would reserve to Congress the right to veto such seizure.

The first break in the stalemate over negotiations came from Coatesville, Pa. The Lukes Steel Co. said it will sit down with the union tomorrow for contract talks involving its 4500 employees.

Executives of leading steel companies will meet tomorrow in New York to discuss strategy.

A source close to Philip Murray, president of the United Steelworkers (C.I.O.) said the meeting may lead to a call for a bargaining conference between management and labor.

This source indicated the union would be receptive.

Twenty-four hours after the start of the strike, some 26,000 miners and more than 10,000 railway workers already were laid off.

The Pennsylvania railroad said it is going to lay off 9000 workers starting Thursday because of "a severe loss of business due to the strike."

The Nickel Plate and New York Central Railroads said they are laying off some switch crews. Illinois Central laid off 3500 men.

Some 26,000 men who mine coal to keep the giant steel furnaces going were furloughed.

Ten thousand iron ore mienrs near Hibbing, Minn., joined the walkout in sympathy. Some Pittsburgh barge workers, too, were laid off.

Hamstrung by the walkout, the steel industry limped along with a 10-per-cent daily output of about 38,500 tons — about 15,000 tons shy of minimum needs for the defence program by the lowest estimate.

Covered by armed U.N. guards, leaders of rebel Communist POW's from Compound 76 on Koje Island wait outside the office of Brig.-Gen. Haydon Boatner for a conference with the new camp commander. Wearing cap is Col. Lee Hak Koo, prison camp leader, who requested the meeting and reportedly declared the prisoners were "willing to obey orders." He was told strict discipline would be demanded.—Central Press Canadian.

Seven Children Burned to Death

Mother, Sister Severely Burned When Fire Races Through Farmhouse

ST. LUC DE DIJON, Que., June 3 (CP) — Seven of 16 children of one family were burned to death last night when fire raced through a two-storey wooden farmhouse near this village 50 miles South of Quebec.

Their mother and a sister were severely burned.

The dead: Marc Lessard, 21; Marcel, 9; Agathe, 8; Jean-Marie, 7; Dianne, 6; Yvonne, 5, and Paul, 20 months.

All are children of Mr. and Mrs. Augustin Lessard of this Dorchester County farming region.

Mrs. Lessard, 44, was reported in critical condition in hospital. Her 10-year-old daughter, Gervaise, has shown some improvement.

The fire followed the explosion of a gas lamp and the house was gutted in less than 30 minutes.

The surviving nine children either were at the village with their 43-year-old father or away in other centres. They range in age from 13 to 25.

Three of them work in Montreal or in lumber camps and have not yet returned home.

Mrs. Lessard pushed Gervaise from a second-storey window and then jumped. Both were picked up unconscious.

Mr. Lessard, returning home from the village, saw a glow in the sky. When he got closer he saw his house burning and summoned help from neighbors.

By the time volunteer fire-fighters arrived the frame structure was nothing but ashes.

Bodies of the victims were so badly burned they were all placed in a single coffin.

The district coroner said the deaths were accidental.

PSYCHOLOGICAL WAR EFFECTIVE IN KOREA

TOKYO, June 4 (Wednesday) (AP) — The allies are winning the bloodless psychological war in Korea, headquarters said today in taking some of the wraps off leaflets and radio waves.

The allies found their opponents tactics clumsy and their propaganda so full of holes that the Communists' own people "are beginning to see through them."

UNTRUTH

A summary from Gen. Mark Clark's supreme headquarters said the Communists' germ-warfare propaganda "fell apart at the seams because the Reds piled lie upon lie until nothing they said was at all credible."

Col. Woodall Greene, head of the psychological warfare program, said the allies were fighting the battle with "cold hard facts and the honest truth."

Headquarters said interrogations showed 80 per cent of prisoners who gave themselves up voluntarily said they were influenced by Allied psychological warfare.

In contrast, the surrender leaflets the Reds drop in Allied lines are unconvincing and are so relatively few that they are in demand among allied soldiers as collectors' items.

Soviet Prestige Challenged by Station Seizure

BERLIN, June 3 (AP) — A British siege of the Communist radio Berlin drew a key Russian official to British headquarters tonight for truce talks on that issue and the Red seizure of some communities bordering West Berlin.

At his own request, British authorities announced, Sergei Dengin of the Soviet Control Commission called on Maj.-Gen. C.F.C. Coleman, British commandant who ordered troops and barbed wire thrown early today around the broadcasting station in the British sector.

The British siege, instituted after Coleman protested Red seizure at the weekend of communities the West has administered, challenged Russian prestige and heartened West Berliners squeezed by unabated Communist pressure tactics.

A Russian-zone German was killed by Communist police today as he sought to cross a border area to United States sector.

In the West German city of Lueneburg, border crossers said Communist police are sowing land mines in the three-mile-wide "security belt" with which they hope to seal off East Germany from the West.

Commons Stresses Need for Greater Trade Among Commonwealth Nations

OTTAWA, June 3 (CP) — George Drew, Progressive Conservative leader, today proposed that the government take steps to make the dollar and pound convertible and to bolster Canadian trade within the Commonwealth. Spokesmen for the other two parties supported him.

In a formal motion, he urged the government to consider calling a Commonwealth conference to study these two problems partly because, he said, Canada is in danger of putting all her trading eggs in one basket in concentrating on the U.S. market.

Trade Minister Howe promptly rejected the want-of-confidence move with the argument that Canada already is making every effort to do business not only with the Commonwealth but with the whole world an dthat the trade picture is "much more reassuring" than six months ago.

He added that if Mr. Drew had the solution to the convertibility headache he would love to hear it.

C.C.F. and Social Credit spokesmen backed the Drew motion, an amendment to a government motion to go into supply to vote money for the affairs of state.

Mr. Drew said Canada's trade with Britain actually is slumping steadily despite figures whose inflated dollar values indicate otherwise. The main reason the figures stayed as high as they were was the shipment of raw materials for defence.

Reds Bar Talks on Planned Armed Forces Reduction

Ana Pauker, long-time friend of Prime Minister Stalin, and one of the top powers in the Communist hierarchy in Romania, has lost her party position and is assumed to be on the political skids. Seven persons, including Mrs. Pauker, have been eliminated from among the 13 regular members of the Romanian politburo. A new one composed of nine members has been announced in the Bucharest press. — Central Press Canadian.

UNITED NATIONS, N.Y., June 3 (AP) — Soviet Delegate Jacob Malik today barred discussion of a Western plan for reduction of the world's armed forces unless Red China is invited to take part.

The West, with Britain's Sir Gladwin Jebb acting as spokesman, promptly informed Malik that this is not the time to talk about the question of Chinese representation in U.N. disarmament debates. Western delegates said privately they expected Malik to debate the plans when the time came.

With some obvious sarcasm, Jebb asked Malik whether Malik had obtained the consent of the Communist Chinese boss, Mao Tze-tung, to speak for the Chinese Reds in pushing Moscow's own plan for a one-third cut in the armed forces of the United States, Britain, France, China and Russia.

Malik had asked whether this meant the West was postponing a decision on reduction of armament and prohibition of atomic weapons. Jebb replied that the disarmament commission could only recommend a treaty to the General Assembly and a world disarmament commission. Malik retorted that Jebb was evading the question. Jebb closed the exchange by saying Malik "cannot or will not understand our answer." Jebb said the West cannot accept Russian proposals on arms reduction and immediate prohibition of atomic weapons.

Trail Pickets Get Mixed Up On Their Millards

TRAIL, B.C., June 3 — Trail pickets got their wires crossed on a spark plug salesman here tonight.

However, the big news of day-long union activities here was a statement by Charles Millard that United Steelworkers Union (C.I.O.) would stand by in Trail and at a later date, if there is evidence to warrant such a move, will attempt another test of strength with Mine, Mill and Smelterworkers Local 480. Mine-Mill recently won the vote of Consolidated Mining and Smelting Company workers as bargaining agents.

Police entered the picture briefly during the day of union happenings, it was reported, when a Mine-Mill delegation visited Steelworkers National Director Millard at the C.I.O. office. Strong words and threats were passed, according to reports, but no serious trouble developed.

The pickets who got crossed up appeared in front of the Crown Point bearing banners, "C.I.O. Get Out of Town". The 15 broke up when it was learned that the Millard registered there was A. J. Millard, a Vancouver spark plug salesman, and not the visiting Union chief.

CLEAR FIELD

In a statement made earlier, Mr. Millard commented on the vote conducted by the British Columbia Labor Relations Board at the Trail operations. Steelworkers, he said, had consulted with a number of the most active workers and found the unanimous opinion that Mine-Mill Union, having received more votes than the Steelworkers, had sole responsibility in current bargaining and should be given a clear, unobstructed field in negotiations fo ra new agreement.

"The Steelworkers will stand by and at a later date, if there is evidence to warrant such a move, another test of strength will be made possible."

Is Bayonet Obsolete?

OTTAWA, June 3 (CP) — The Commons defence expenditures committee today emerged briefly from a forest of bewildering military complexities to argue about something simple.

The question before this group of old-soldiers-turned-parliamentari - an: Is the bayonet obsolete?

Lt.-Col. J. W. G. Hunter (L—Toronto Parkdale), came across items in a list of military purchases showing $130,000 worth of American-type bayonets ordered for the Canadian Army.

The bayonet should go, he said. "I've never heard of anyone using it . . . the enemy either runs or surrenders by the time you get close enough to him to use it."

C. M. Drury, deputy defence minister and a wartime artillery brigadier, said he'd never bayonetted anyone personally but thought most soldiers would agree that the bayonet is a psychological rather than a physical weapon.

"The battalion I was with used it in one attack in Europe," snorted Infantryman Hunter.

Gunner Drury insisted that against large bodies of enemy the bayonet would be a good last-ditch weapon and said it had been effective in Korea.

Another gunner, Lt.-Col. Douglas Harkness (PC—Calgary West) ended the discussion. He said with a grin: "Well, it's very useful for a variety of other purposes anyway."

Lt.-Col. Hunter surrendered.

C.N.R. Must Fence Kitimat Line

OTTAWA, June 3 (CP) — The Canadian National Railways must fence the right of way on a proposed 46-mile branch line in Northern British Columbia unless the Board of Transport Commissioners grants an exemption.

A bill authorizing erection of the line from Terace to the multi-million dollar aluminum development at Kitimat was passed after members deleted a provision allowing construction without fencing the right of day.

Judgment Reserved On Vice Inquiry

OTTAWA, June 3 (CP) — The supreme court of Canada today reserved decision in a case involving Montreal's on-again-off-again vice inquiry.

Five justices of the nine-mtmber court took under consideration an application for leave to appeal against a judgment of the Quebec court of appeals. The Quebtc court ruled that an injunction halting the inquiry was invalid.

The supreme court will deliver its decision tomorrow.

Truman Sends Strong Note To Syngman Rhee

PUSAN, Korea, June 4 (Wednesday) (AP) — Reliable sources said President Truman sent President Syngman Rhee a strong note Tuesday just as Rhee was about to dissolve the National Assembly.

Korean government informants said Truman wrote that he was "shocked" by the political crisis in which Rhee's police had arrested 12 assemblymen. The assembly has recessed for lack of a quorum.

No one would say that the note caused Rhee to stay his hand. But it was learned Rhee had held up the dissolution order and would try to reach a compromise with his political opponents in the assembly.

The 77-year-old Korean president was not available for comment. The Korean sources said the note warned Rhee that South Korea faced a grave situation if the political crisis is not ended and added that the United Nations had sent troops to Korea to defend democracy.

IRONWOOD, Mich., June 3 (AP)—Three of five miners trapped by a cave-in Monday half a mile below the earth's surface, walked unaided from the Penokee mine after their rescue today.

Search continued for two others but mine officials feared that they had been crushed to death under tons of earth and rock.

Commando Type Raids Carried Out In West Korea

TOKYO, June 3 (Reuters)—Censors today lifted the veil on two daring Commando-type strikes on Communist shores of West Korea, with Allied raiders hitting the beaches from crude sailing junks backed by naval gunfire.

In the first, an attack near the front line May 19 led by the Australian destroyer Bataan, United Nations invaders killed and captured Communists and destroyed defences.

The other—which took place Sunday under the guns of the famous British frigate Amethyst — was abandoned after four hours due to heavy fire from the Chinese. The Allies captured some prisoners, however.

SALMO MAN'S APPEAL DISMISSED

VANCOUVER, June 3 (CP) — A conviction of Peter Chernoff, farm laborer of Salmo for contributing to the delinquency of a 15-year-old girl, was upheld in supreme court today by Mr. Justice J. O. Wilson who dismissed the appeal.

He had been sentenced by Magistrate Henry John of Salmo to one year in Oakalla.

Three Tenders in On Salmo-Fruitvale Road Construction

VICTORIA, June 3 (CP) — The Provincial Works Department today announced receipt of three tenders for reconstruction of 6.59 miles of the Fruitvale-Salmo section of the Trail-Salmo highway.

They were P. F. Law Construction Co., $386,614; Storms Construction (Pacific) Ltd., $406,353 and Marwell Construction Co. Ltd., $406,494.

Shoots Wife In Courtroom

MIAMI BEACH, Fla., June 3 (AP) — David Brecher, 44-year-old truck driver, shot his wife to death today in a courtroom where he had just been placed under a peace bond.

Justice of the Peace Kenneth Oka ducked under his desk when Brecher pulled a revolver from his pocket and fired a shot into the head of his wife, Anne, 36.

Brecher stood over her crumpled body and pumped three more bullets into her. Two other bullets went wild.

He stood up, handed the revolver across the bench to Oka, and said: 'Here, I'm surrendering myself."

County authorities held him for investigation pending filing of charges.

Woman Dies at 104

CHELTENHAM, England, June 3 (AP) — Esther Reade, at 104 one of the oldest women in Britain, died yesterday when an overturned oil stove set fire to a pile of papers in her lonely cottage.

GRASSHOPPER CONTROL STARTS

KLAMATH FALLS, Ore., June 3 (AP) — An aerial attack against invading grasshoppers began today in the Tulelake area of Northern California, some 40 miles South of here.

Eight Injured In Truck Pile-Up

VANCOUVER, June 3 (CP) —At least eight persons were injured tonight when four automobiles and an inhalator truck answering an emergency call piled up on a suburban roadway. The truck and one of the cars burst into flames.

Police said the truck collided with a car. Then the truck careened 200 feet to hit another vehicle. Both went up in flames. Before the confusion had cleared, two more cars crashed into the others, spilling passengers to the street.

Three men were burned seriously when they became trapped in the truck, operated by the Vancouver Fire Department. Two were reported near death an hour after the accident.

First Mercy Killing Case Heard in Israel

TEL AVIV, Israel, June 3 (AP) —Gerda Weinstein, 29, was sentenced to a year in prison for drowning her five-year-old incurably crippled and deaf son. It was Israel's first mercy killing case.

Austin Company Has Record Sales Week

BIRMINGHAM, England, June 3 (Reuters)—The British Austin Motor Company earned $1,500,000 through car sales in Canada during the week ended May 23—believed to be a British dollar sales record. The company sold 750 cars that week.

EVEREST CLIMB HALTED

KATMANDU, Nepal, June 3 (Reuters) — The Swiss attempt to climb Mount Everest — the world's highest peak — has been abandoned because of bad weather, a Home Ministry spokesman said today.

Escapee Captured

WALLA WALLA, Wash., June 3 (AP) — An escaped convict threw away his gun and walked out of a house with his hands up today after terrorizing a neighborhood for more than two hours.

Police and prison guards captured Marion M. Mathis at noon. They found him in a home about one mile west of the prison.

OTTAWA, June 3 (CP) — The supreme court of Canada today refused leave to appeal the first case of a drunk driving conviction to be brought before it. The application is on the case of Harley Peterman of Detroit, sentenced to seven days in jail last November.

4 More Red Prisoners Wounded

KOJE ISLAND, Korea, June 4 (Wednesday) (AP) — A showdown was ordered today in the two toughest Communist compounds on this prison-camp island, where four more defiant prisoners were wounded Tuesday by guards.

Brig.-Gen. Haydon L. Boatner, the stern camp commander, told th two compounds to haul down their illegal Red flags or he would take effective measures. To back up his orders he has seasoned troops, tanks, riot guns and tear gas.

The wounding of four more North Korean prisoners Tuesday night brought prisoner-casualty totals to one killed and seven wounded in thre incidents in 24 hours.

United States guards told prisoners in Compound 602 to remove clothing from an inner barbed-wire fence. They backed up their orders with riot guns when the prisoners refused.

A camp spokesman said buckshot from the riot guns drove the Reds from the fence, wounding four slightly. The clothing obstructed the view of guards.

Earlier Tuesday, a North Korean was killed and a second prisoner wounded by the accidental discharge of a machine-gun into Compound 78.

Bill Boss, Canadian Press Staff writer said that Compound 66, now seemingly a norderly compound, a month ago was one of the most truculent o nthe island and was believed the brain centre of most of Koje's troubles.)

ATTEMPT ESCAPE

Monday night a U.S. guard fired a riot gun when a prisoner trying to escape the Red terror in Compound 602 was seized by a Communist prisoner guard inside the barbed wire. The fleeing prisoner was only nicked but the Red guard was wounded seriously.

The compounds which caused Boatner's irritation were 85 and 96, the two toughest compounds. He summoned prison leaders to his office and told them to lower the flag flying there.

Compound 96 is especially unruly. A camp orator harangued the prisoners Sunday and declared allied guards would "never be allowed inside." the compound flies 29 North Korean flags, two Chinese Communist and one Russian.

The strange sight in Compound 77 of the Red POW camp at Koje Island shows brightly colored dresses, freshly washed and hanging on the barbed wire fence. The big mystery is where did the dresses come from. The army recently admitted trying to rid the island of undesirable civilians, but has not been completely successful.
—Central Press Canadian.

Coast Hotel Strike Averted

VANCOUVER, June 3 (CP) — A strike at Hotel Vancouver was averted tonight by an agreement announced 2½ hours before employees were scheduled to walk off the job.

The strike was scheduled to start at midnight.

There was no word immediately from Empress Hotel in Victoria, where employees were also scheduled to strike at midnight.

850 EMPLOYEES

A total of 850 employees are involved, 500 of them in Vancouver.

Last-minute agreement was announced in a joint statement released here by management and the union representing the employees, the Canadian Brotherhood of Railway Employees (C.C.L.).

The employees, most of whom now work a six-day, 44-hour week, did not get the five-day, 40-hour-week they demanded.

Under the new agreement, effective July 1 in respect to hours, some classifications will work a 5½-day, 44-hour week. Others will work a five-day, 40-hour-week, alternating weekly with a six-day, 48-hour week.

WON INCREASE

They won wage increases but exact figures were not released. The announcement said only that increases were "negotiated on a selective basis to achieve the objective of restoring wage relationship between different skills in the hotel industry . . ."

RETROACTIVE

The increases are retroactive to Dec. 1, 1951. The agreement will run for one year, starting from June 1.

The first optimistic note in days of negotiations came today with the announcement of a new company offer.

The Empress is operated by Canadian Pacific Railway, the Vancouver by the C.P.R. and Canadian National Railways.

And in This Corner . . .

SAN PEDRO, Calif., June 3 (AP) — Miss Doris Kosonen, 25, a telephone worker, was in the chinchilla business only five minutes—but she made a profit of $2000.

She won two chinchillas in a contest Monday, then said she didn't know what to do with them. Up stepped Holman Smith, official of the Chinchilla Growers Association of America. He gave her a cheque for $2000 for the prized fur bearing animals.

BALTIMORE, June 3 (AP) — A seven-year-old girl has sued a dentist for $3000 because the last time she visited him to have a tooth pulled out he "slapped her posterior with great force and violence."

The suit was filed on behalf of Patricia Ann Turner. The defendant is Dr. Morton Hollander.

The suit charged that the dentist twice slapped the young plaintiff's face, then slapped her "posterior" after she got up from the chair.

As a result of the alleged trouble with Dr. Hollander, Patricia Ann has "been put in great fear of all dentists," where formerly she "looked forward to visits to offices of dentists," the petition alleged.

SACRAMENTO, Calif., June 3 (AP) — The district attorney's office is investigating the marital status of Hubert Earl Bustain, 65-year-old Nevada prospector, who reported he married eight women since 1911 because "it's my system to help others."

Deputy District Attorney Robert W. Cole said he was particularly interested in Bustain's statement that Bustain assumes — but isn't sure — that each of his successive wives divorced him.

No charges have been filed against Bustain and he is not under arrest.

Bustain confessed he couldn't remember the names of all his wives. He said he married first in 1911, and again in 1923, 1931, 1934, 1944, twice in 1945 and most recently on March 29, 1951, to the former Doris Johnson, in Reno, Nev. She asked the district attorney's office to look into the matter.

"I've always made good money and I like to use it to help people who need it," Bustin said. "With all the women it was a matter of helping them out. I'd help them get started out in life again."

BALTIMORE, June 3 AP) — Three firemen were putting up a new alarm box on the corner Monday.

Up walked a boy, brandishing a gun and saying "Look at my new cap pistol."

The firemen smiled.

"Bang." Off went the gun and a bullet whistled over the men's heads.

They grabbed the pistol and found it was a loaded German Luger. While they were still shaking, the boy about five years old walked away unidentified.

Social Credit Beachhead in B. C. Would Lead to Sweep Says Willmore

Success of Social Credit government in Alberta could be laid to the party's "one great principle — to give the people the results they want from government and management of their own affairs."

This point was stressed by Norman A Willmore, M.L.A., for Edson, a clothing merchant who was first elected in Alberta in 1944 and was reelected in 1948, in a campaign address before nearly 70 people at the Eagle Hall Tuesday night.

He was speaking on behalf of W. D. Black of Creston, candidate for Nelson-Creston in the coming provincial election who also spoke.

The Alberta government was made up of a cross-section of "ordinary every-day" people and had developed some outstanding leaders. Yet in 1935 not one of the members elected had had parliament experience or knew rules of procedure. There had been mistakes, but they were not "big mistakes; we were trying only to give the people the kind of government they wanted."

Social Credit had established a beachhead in Canada when it won its first election in 1935, when "the old line parties were told the people could no longer tolerate their kind of government." Returned in 1940 in a close election, again in 1944 and in 1948, the party now had a firm hold. Establishment of a beachhead in British Columbia would inform the old line parties their day was here and Social Credit would sweep across Canada.

Mr. Willmore outlined Alberta government legislation, presenting much information already given here recently by Hon. H. E. Tanner, minister of lands and forests and of mines and minerals. In putting the various departments on a pay-as-you-go-policy, a point had been reached where new roads were paid for and no interest charges were being paid.

In 1935 it took 50 percent of revenue to pay interest on the province's debt; today only five percent was required. A surplus of $72 million was on hand and taxes were being steadily and consistently reduced. Opponents said the debt was being saddled on the municipalities and that their debt had been increased by $60,000,000. This was not true, he said. Councils would not permit a provincial government to take part of its debt and put it on their city.

Municipal debt had, however, increased just as it had for other centres across Canada, as construction of services long postponed by war were carried out. They had sold debentures just as they had elsewhere. Alberta government had assisted municipalities to a greater extent than any other province in Canada, he declared.

To those who said it was easy for an "oil-rich" province to give good government, he said Alberta was well on the way to a stable economy long before oil was struck at Leduc. If this was so, then B.C. could be called a "timber-rich" province, or mineral-rich. Revenue from B.C. timber production exceeded by hundreds of millions of dollars the total oil oil output in Alberta, he stated.

B.C.'s three percent sales tax produced more in revenue than did the oil revenues, and its budgets were also larger by millions.

Alberta's hospital insurance scheme did not provide complete coverage, but it was being proceeded with cautiously and slowly, with expansion of services being made gradually. An example of how the voluntary $1-a-day plan was submitted to municipalities for approval, was in his home town, Edson, which was studying the proposal whereby the hospital patient paid $1; and the government and municipality $2.35 each; for the $5.70 public ward daily rate there. Funds were raised by taxation — in this case one mill — with minimum tax bill $6. A non-ratepayer would take out a contract which cost $6.

Reds Buy Marshall

CINCINNATI, June 3 (AP) — Cincinnati Reds announced tonight the purchase of hard-hitting outfielder Willard Marshall from Boston Braves for an undisclosed amount of cash.

It was the first major player change by the Braves since Charlie Grimm took over as new manager Saturday.

The Reds have been badly in need of a slugging outfielder since letting go of Johnny Wyrostek, their only .300 hitter last season, in a recent trade with Philadelphia Phillies.

Turnbull Raps Voluntary Insurance Stands

TRAIL, B. C.—A sturdy criticism of Progressive Conservative and Social Credit stands in regard to a hospital insurance service was sounded by Hon. Douglas Turnbull, Minister of Health and Welfare, tonight. The two parties suggested voluntary systems, but offered no estimates on their likely cost.

Declaring an opinion that winning candidates would not likely show on first count under the alternative voting, the Minister urged that all electors exercise the full choices offered on their ballot.

Mr. Turnbull outlined the extensive road program carried out in the Rossland-Trail district, but noted neglect around Warfield. Though the bus loop around the sub-division had been paved, the Liberal candidate promised efforts to have remaining roads gravelled and oiled.

The Health Minister addressed the crowd at the Warfield outdoor rink.

$24,880 Spent On Building

Nelson citizens spent some $24,880 during May on building and home improvements, the largest expenditure being $5000 for the erection of a new home.

A few basements are being excavated and several homes are getting new faces with the application of siding.

Since May 15 building permits have been issued to:

Dr. N. E. Morrison, Maple Street to rebuild a retaining wall, $500; Eileen Rutledge, Baker Street to renew back doors, $200; E. S. Hall, 418 Robson Street for siding, $640; Colin Brown, 87 High Street to convert house into duplex, $1000; E. A. Lawrence, 824 Carbonate Street to build chimney, $150.

W. Stern, 524 Hoover Street to build basement door, $65; J. Horvath, 107 Chatham Street to excavate basement, $200; G. C. Walker, 111 Nelson Avenue, for siding, $840; L. A. Skapple, 516 Carbonate Street to put on siding, $290; S. W. Barclay, 903 Mill Street to remodel basement and bedroom, $1400.

Mrs. A. O. Allen, 1123 Front Street, to glass in back porch, $25; K. W. C. Company, Baker Street to change window backs at Mann's Drug Store, $250; E. D. Guy, 824 Front Street, to build retaining wall, $50; Joseph Mermet, 314 First Street to build house, $5000; J. Zanon, 214 Gore Street to build chimney and alter kitchen, $200; R. R. Jesse, 818 Hall Street to build basement, $700.

Kimberley 11 Wins Third Straight, Whips Blairmore 8-0

CRANBROOK, B.C. — Kimberley Canadians remained undefeated in three starts in Crow's Nest Pass Football League play at Chapman Camp when they poured in eight unanswered goals for a final 8-0 score against the Blairmore team which has failed to break the win column so far this season.

Kimberley's Andy Neilson, who arrived from Scotland this Spring to join their team, was the standout with three goals in the first half and two in the second, while other scorers were Andy Anderson, George McFarlane and Roy Holland.

Blairmore gave heftier support to the desperate efforts of Goalie Forgotti in the second half when they held Kimberley to two goals.

Auto Collision Results in $125 In Fines for Driver

Fines totalling $125 were paid by William Sokoloski of Procter, when he was convicted on two traffic charges in Provincial Court Tuesday. He pleaded guilty before Stipendiary Magistrate William Evans.

The charges were laid following an accident near Harrop May 24, when cars driven by Sokoloski and G. Brady of Procter collided. For failing to remain at the accident scene, Sokoloski was fined $100 and $10.50 costs, and for driving without a driver's licence he was fined $25 and costs of $5.

TOP CANADIAN SCULLING HOPE OUT OF OLYMPICS

TORONTO, June 3 (CP) — Jack Guest, Jr., of Toronto will not compete in the Summer Olympics at Helsinki, Finland, it was announced tonight by his father. The 19-year-old sculler was considered Canada's brightest prospect in the July 19-Aug. 3 games.

"The kid is definitely out of the Olympics and also the Diamond Sculls due to recurring back injuries," Jack Sr. told The Canadian Press. The Sculls, won by the elder Jack in 1930, is the prize plum in the sculling world.

SHORT WORK

SEATTLE, June 3 (AP) — Charles Hare of Chicago, former British Davis Cup player, brushed Bill Green of Vancouver off the courts with ease today I nthe second round of the U.S. hard courts tennis championships here. Hare gave Green only one game, taking the match, 6-0, 6-1.

WALKERS DRAW

BRADFORD, England June 3 (AP)—A 50-kilometre walk—about 31 miles—ended in a dead heat today between Harold Whitlock, 1936 Olympic champion, and Charles Colman. Their time was four hours, 51 minutes and 43 2-5 seconds, about 21 minutes slower than Whitlock's Olympic time 16 years ago.

Frank Turner Wins Service Award

Frank Turner, son of Mr. and Mrs. C. F. Turner of Nelson, has been awarded the Hudsons Bay Company service award, University of British Columbia announced Monday.

The award is for tuition fees and special Summer training, second year. In the Canadian Press list of awards carried in the Daily News Tuesday, he was reported to have won the Western Daily Newspapers Advertising Managers' Association scholarship.

120-Bed Hospital Wings $850,000

VANCOUVER, B.C. — Start has been made on excavation for the 120-bed wing to be added to St. Vincent's hospital at 33rd avenue and Heather Street. General contractor is Smith Bros. & Wilson Ltd., and the award is valued at $850,000.

The new section will be a five-storey and basement reinforced concrete structure with frontage of 182 feet and depth of 44 feet. Entire top floor of the existing building will be converted from operating rooms to case rooms with operating facilities placed on the upper floor of the new wing. Remainder of the addition will contain 120 hospital beds, cafeteria and kitchen facilities.

Extending 59 feet to the rear of the addition will be a two-storey section containing an auditorium and chapel.

REYES GIVEN 5-YEAR TERM

BUENOS AIRES, June 3 (Reuters)—Labor leader Cipriano Reyes, who helped President Juan Peron to power six years ago, was jailed for five years here today.

Member of the Chamber of Deputies for two years, he was arrested in September, 1948, for plotting against the lives of Peron and his wife, Eva.

Lister Fastballers Down Creston Teams

LISTER, B.C. — Lister-Huscroft K.P. softball team won over the Creston Legion 15-7, also edging out the Creston Lions 4-3 in a keenly contested fixture at Deer Lodge grounds.

$40 in Cash and Stamps Stolen As Five City Businesses Looted

Five city business places were broken into Monday night or early Tuesday morning, but only $40 in cash and stamps was stolen.

City Police are investigating and stated Monday some fingerprints had been obtained from the broken window glass. The thief or thieves obtained entry in each case by breaking door windows, then reaching in to unlock the doors.

Standard, Shell and Imperial oil companies on Government Road; Towler Fuel and Transfer office on Stanley Street, and Vernon Pool Room on Vernon Street were broken into.

Money and stamps were taken from the oil companies, the money from the Standard Oil Company and some cigarets and tobacco were taken from the pool room. Nothing was disturbed at the Towler office.

In investigating, police are asking persons who may have seen others acting suspiciously during the period in which the thefts took place, to notify them.

Paving for Banff-Wind'mere

INVERMERE, B.C. — Vancouver firm of Marwell Paving Co. Ltd., has been awarded contract for conversion of approximately 28 miles of stabilized gravel base and the seal coating of approximately 66 miles of asphalt-bound gravel base on the Banff-Windermere highway in Banff and Kootenay National Parks.

The company's tender, on a unit price basis, amounted to $154,914.

Legion Wants Benefits for Veterans' Children

OTTAWA, June 3 (CP) — The Canadian Legion today asked the federal government to help finance the university vocational training studies of children of service men killed in action.

A brief read to the Commons committee on Veteran Affairs by the Legion's new president, Dr. C. B. Lumsden of Wolfville, N. S., asked that a policy be instituted for children of deceased service men similar to that for single student veterans attending university or vocational training schools.

The Legion estimated that 1150 children would benefit during a 17-year period. The total cost up to 1968 would be $2,345,000, increasing from $60,000 in the coming year to a maximum of $260,000 in 1961-62.

249 HOURS OF SUNSHINE

Old Sol outdid himself in May this year, giving Nelson district 249.9 hours of his golden rays. This was 22.4 more hours than he gave in May last year.

Eight days of rain, registering 20.2 inches supplied enough moisture for the gardens without making life too miserable for the sun-worshippers.

May 26 saw the mercury climb to 91.2 degrees registering the highest temperature of 1952, while the month's lowest, 32 degrees, was on May 5.

Mean maximum temperature was 71.6 and the average minimum was 41.7 degrees.

LITTLE LEAGUE NAMES UMPIRES

Nelson's Little League is assured of a hefty supply of umpires for the 18-game season which gets under way Saturday with a gala opening day parade and doubleheader.

Umpire committee chairman Frank Pitt and assistant Bud Browell have rounded up a group of 12 arbiters, including a good sprinkling of hockey stars and ex-hockey stars, to make the calls on the 10-12-year-old stars who'll be cavorting on the softball size diamond.

The umpire staff, which was briefed Tuesday on its duties, includes Ron Davey, Clare Blakeman, Walt Tozer, George Barefoot, Jesse Seaby, Shorty Clark, Joe Kotch, Bill Vickers, Doug Winlaw, Len Bicknell, Bob Phillips and Dave Wadley.

Customs Receipts In Five Months Reach $206,959

Customs collections at Nelson for May showed an increase of over $7500 over April's collections, which were $32,685.22. May's collections at $40,317.07 were some $8000 lower than those made in May, 1951, when the figure stood at $48,216.56.

Total collection for 1952 to date are $206,959.37 while for the 1951 period they reached $122,037.93.

Kinnaird Names New Chairman; To Vote Soon

KINNAIRD, B. C.—Due to the resignation of the chairman of the Commission of the Village of Kinnaird, William Collinson, a new chairman, R. J. Morice, was appointed. It was decided to post a notice calling for nominations for a new commissioner to fill the vacancy, with an election to be held shortly.

The commission has appointed J. Barnes to the post of building inspector for the village.

Mrs. Lundie, Nelson Oldtimer, Passes Aged 81

Mrs. Annie Moir Lundie, resident of Nelson for the past 41 years, died Tuesday morning at the age of 81. She was the widow of the late John Lundie.

Born in Scotland, Mrs. Lundie came to Canada in 1905, residing in Fernie for some six years before coming to Nelson in 1911. She was a member of the Queen City Rebekah Lodge, the Rose City Chapter of the Order of the Eastern Star, and a member of Trinity United Church.

Predeceased by her husband, Mrs. Lundie is survived by one daughter, Mrs. E. Bodman of Saskatoon; two brothers, Andrew and James in Scotland.

RUBBER WORKERS STRIKE

HAMILTON, June 3 (CP) — Pickets were set up around the Fireston Tire and Rubber Company plant today as some 1400 workers went on strike for higher pay and a pension plan.

New Cream Deodorant Proved
53% MORE EFFECTIVE
Safely Stops Perspiration 1 to 3 Days

● Doctors now find that new creamy Arrid is 53% more effective than any other leading deodorant in keeping underarms dry. They find that no other deodorant compares with Arrid in stopping perspiration and odor. That's why more Canadians use Arrid every day than any other deodorant. Don't be half-safe! Only new Arrid gives you this exclusive 5-way protection:

1. Safely stops perspiration 1 to 3 days . . . is 53% more effective.
2. Saves your clothes from stains and clinging odor.
3. Deodorizes instantly on contact . . . keeps you shower-bath fresh up to 48 hours.
4. Creamy! Contains Creamogen—won't dry out.
5. Antiseptic. Safe for skin.

DON'T BE HALF-SAFE. USE ARRID—TO BE SURE!

WHAT'S THE SCORE?

In eleven recent Federal By-elections these are the results:

PROGRESSIVE CONSERVATIVES	9
LIBERALS	2
SOCIAL CREDIT	0
C.C.F.	0

There is not one Liberal government in any province West of New Brunswick.

The tide of Public Opinion has turned to the Progressive Conservative Party.

Yet the Liberal Party's Vancouver Machine has the nerve to tell you that you can't beat it.

TWO NAMED TO SCHOOL BOARD

Bylaws Drafted For Chapman, Ritchie Schools

KIMBERLEY, B. C.— Following failure of the citizens to nominate two new school board members, Jay Colthorp and Leighton Warren have been appointed to fill the vacancies.

Other members of the board are A. A. Watkins, P. Holditch for Kimberley; R. L. Mathews, J. Noble for Chapman Camp; A. Watson, J. McCauley for Marysville; Mrs. Colin Cameron for Wasa; J. Hunt for Meadowbrook and Mrs. Cochrane for Skookumchuck.

Work is continuing on the new bylaws for the construction of a 3-room school in Chapman Camp and 2-room school at Ritchie townsite.

E. Kootenay Coal Production High

FERNIE, B. C. — Elk River and Michel collieries of the Crow's Nest Pass Coal Company produced nearly 70 per cent of the province's coal output in April.

While figures were down from the same month last year, the two collieries produced 95,047 short tons, while the province's total was 137,342 short tons. The Elk River colliery accounted for 24,393 of the total and Michel colliery made up the balance of 70,654 short tons.

Michel colliery's output was up slightly from 70,023 short tons in April, 1951, but Elk River's production dropped from 26,680. Province total in April last year was 146,391 short tons.

Coke produced at Michel amounted to 15,433 short tons.

Turnbull at Deer Park

DEER PARK, B.C.—Hon. A. D. Turnbull held a meeting here when he addressed members of the Farmers Institute.

He was accompanied by C. Stewart and Mr. Whiting of Radio Station CJAT, Trail. They went on to Renata.

Where Is Sorokin? . . .

Continuous Prosecution of Sons Not Favored, Wismer Tells Forks

GRAND FORKS, B. C.—In an atmosphere ranging from calm to intensity, Attorney-General Wismer grappled with the fiercely contentious Doukhobor question before an audience of 250 in the Roxy Theatre here.

Liberal candidate Stanley Orris, publisher of the Grand Forks Gazette, was also under a barrage of questions. The question period lasted more than an hour longer than the attorney-general's speech.

Orthodox Doukhobors, members of the fanatical Sons of Freedom sect, and ordinary citizens of Grand Forks wrangled with Mr. Wismer, with the candidate, and among themselves. Somewhere in the back of the hall a man constantly yelled criticisms of past government policy and the Liberal platform with dogged persistence. But the soft spoken, deliberate protests of the Orthodox Doukhobors against the Sons of Freedom concentrated attention upon Canada's knottiest racial question.

UNDER GUARD

All schools and railway bridges in this area are still under police protection and during the night a guard was maintained over the plane which brought the Wismer party up from Vancouver.

The Attorney-General was armed with the recently published report of the University of B. C. consultative committee on Doukhobor problems. Candidate Orris was armed with unflagging good humor which increased when one member of the audience cried out the Doukhobor problem "has been with us for a long time. Can Stan fix it when he gets down to Victoria?"

NOT THE ANSWER

Mr. Wismer, asked why he did not favor a policy of continuous prosecution, said that the U.B.C. report did not recommend such a policy. "If they break the law I'll prosecute them, he told one questioner, "but that isn't the answer. They were prosecuting Doukhobors before you were born and the problem is no closer to solution."

"Why don't you give them, the Sons of Freedom, the lash,' another member of the audience shouted. "You can't give them the lash," the Attorney-General replied. "Theres no easy way out of this problem."

"You give criminals the lash." the questioner continued, "Why not give it to people who burn our homes."

RELIGIOUS FANATICS

Wismer pointed out that the imposition of penalties lay with the judiciary, not with the Attorney-General's Department. He added there is a distinction between criminals and religious fanatics.

Clamor arose also over the whereabouts of Stephan Sorokin, who came to the Grand Forks area some time ago from Germany and two months ago left for South America, allegedly with $96,000 to buy land for Doukhobors resettlement. What was the Attorney-General going to do about Sorokin and the $96,000?

Mr. Wismer pointed out that there was no proof or indication that Sorokin had stolen the money or that he did not intend to return. He added he could not stop the Doukhobors from giving money to Sorokin or anybody else.

ORCHARD YOUTHS ADDRESSED

NEW DENVER, B. C.—Rev. P. Nazane of Los Angeles and Miss M. Redgeway of Taber, Alta., spoke to young people at Orchard community near here.

CANDIDATE IN DEER PARK

DEER PARK, B.C.—Dr. C. H. Wright, Progressive Conservative candidate for the Rossland-Trail electoral district, spent a day in Deer Park. Plans were made for a meeting.

DEER PARK, B.C.—A well-attended showing of films was held in the school, the main feature being "Follies on Ice". Films from the National Film Board included one on training in the Royal Canadian Navy, one on Forestry and a newsreel, "Eye Witness".

Fruitvale Notes

FRUITVALE, B.C.—Mr. and Mrs. A. C. Webster have left for England where they will visit relatives for the next three months. It is the first trip back for nearly 20 years.

Mr. and Mrs. Elburn Olsen and family from California visited the former's parents, Mr. and Mrs. J. Olsen.

Jackie Ford of the R.C.A.F. is visiting his parents, Mr. and Mrs. J. Ford on a short leave.

Mr. and Mrs. Jack Duncan of Spokane were guests of the former's brother, Mr. and Mrs. Walter Duncan, while en route from Nelson.

Mrs. P. Patterson of Calgary is visiting her brother-in-law and sister, Mr. and Mrs. Donald Shorting.

"Get-Tough" Policy Recommended By Leask on Freedomite Problem

SLOCAN CITY, B. C.—At a well attended meeting Monday night in Legion hall here, Tom Leask, Liberal candidate for Kaslo-Slocan, took a strong stand on the Sons of Freedom problem.

He suggested that the next time a school burning took place, the government should confiscate a sufficient number of automobiles and trucks in the area to pay for the cost of rebuilding the school.

He stated that for 50 years successive governments have been treating the problem with "kid gloves", and that now is the time to try a "get-tough" policy.

"TWO LAWS"

He said there were apparently two laws governing arson in B. C., one for the Doukhobors and one for the rest of the people.

In his opinion, kindness had gone far enough, and he suggested that the only workable solution would be to make a few examples of individuals.

During his talk, Mrs. Leask dealt with the road problem throughout the riding, and stated that while he was making no campaign promises, if elected he would see that the available money was spent more effectively and for the greatest benefit for all.

He said he was unalterably opposed to co-insurance and if elected would work for its immediate removal.

He stressed the need for power in the Slocan, and pointed out that surveys had recently been made by the West Kootenay Light Company and B. C. Power Commission. (Mr. Leask is chairman of the power committee of the Slocan Board of Trade).

Mr. Leask dealt briefly with benefits that would accrue to the riding with granting of Celgar's application for a forest management licence, stating that "competition is the life-blood of business." The small logger would find a much bigger market for the disposal of his logs. Celgar would use much material that up to this time had been waste.

He was in complete accordance with the proposal of Union of B. C. Municipalities that the government pay 80 per cent of school costs, and the local taxpayer, 20 per cent.

A member of the audience congratulated Mr. Leask on his talk, and stated it was a pleasure to listen to a candidate who didn't belittle other parties.

Pat Bate of Victoria, spoke on hospital insurance, capital expenditures by the provincial government and industrial development.

Crowds See Dance Festival

KIMBERLEY, B. C.— Good crowds were on hand when the local chapter, Order of the Eastern Star, presented their two-day folk festival.

Taking part were teachers and pupils of the various district dancing schools, including tap, ballet, highland balloon and square dancing. An authentic Scandinavian dance and a Dutch market scene were outstanding.

The Cranbrook Arts and Crafts group also demonstrated their winning entries in a recent square dance contest. Guest soloists were Mrs. J. Jacobson and Mrs. E. Thompson.

Short talks by local doctors on "crippled children" and "cancer" preceded the program, proceeds from which are to be used to aid victims of these ailments.

Victory Rebekah Lodge Stages Annual Sale at Kimberley

KIMBERLEY, B. C. — Victory Rebekah Lodge of Kimberley held its annual Spring tea and sale under the convenership of Mrs. Eileen Brown.

Pouring for the afternoon were Mrs. W. Wormington, Mrs. Sortome, and Mrs. H. Andrews. Serviteurs were Mrs. V. Schneider, D. Mackie, D. Green, R. Kelley and A. Calles.

Kitchen arrangements were in the hands of Mrs. P. Jones, Mrs. J. Skilton, Mrs. V. Campbell, Mrs. I. Brown and Mrs. B. Claussen with Mrs. J. Wilson in charge of the sewing.

The home cooking was sold by Mrs. B. Oliver, Mrs. I. Williams and Mrs. R. Johnson. Sewing and fancy work was in charge of Mrs. B. Skinner, Mrs. C. Chambers, Mrs. D. Thompson and Mrs. I. Crossley.

Mrs. B. Easton and Mrs. E. Thomson were in charge of the two contests.

Parker Promises Efforts for Road

EDGEWOOD, B. C. — Howard M. Parker, Progressive Conservative candidate for Kaslo-Slocan, spent a few days in this Arrow Lakes district. Public meetings were held at Arrow Park, Needles, Burton, and here.

Mr. Parker promised to do his utmost to increase electrification of rural areas in the Arrow Lakes, and to work with the local Boards of Trade and Institutes in their effort for a road South. Only by organization, and strong organization, can you hope to be really considered, he said.

It is the intention of the Progressive Conservatives to eliminate both co-insurance and compulsion in B.C. hospital insurance and to make it available to all under a sound plan. Free hospitalization would be provided for old age pensioners, indigents and social assistance cases, exactly as they are receiving benefit now.

In his budget speech of 1951 Herbert Anscomb had warned the Minister of Health and Welfare that the Minister's plan of co-insurance and increased premiums would not solve the hospitalization problem. He quoted from an editorial of the Vancouver Sun "millions of public money could have been saved if Anscomb's early protest on hospitalization insurance had been heeded."

WOULD PRESS FOR COMPLETION SOUTH HIGHWAY

MIDWAY, B. C.—A well attended meeting of the Progressive Conservative Party at Greenwood heard Gordon McMynn, Progressive Conservative candidate, outline the party platform for this area, stressing the completion of the Southern highway and forest management licence matters.

He was supported by James Argue, lawyer from Oliver, who outlined the policies of the different parties and their platforms.

Cancer Sufferers Benefactors of Eastern Star Project

Quietly, and with the devotion that marks conduct of women's organizations' good works always, the Order of the Eastern Star here and wherever it exists in British Columbia is carrying out a signal service to cancer sufferers.

One of the chief requirements of persons inflicted with certain types of cancer is a constant supply of fresh dressings. These the Order members, in their own time and at their own cost, are making and supplying to all who require them free of costs. Such a contribution means much to persons already burdened.

All the members ask is that their service be taken advantage of by those requiring dressings whatever their status otherwise. Their work is not a charity, convener Mrs. A. E. Hopkins has emphasized for workers here. O.E.S. members through the bi-monthly meetings of their province-wide project seek only to serve and assist their fellow man.

Learning on the Job

Apprenticeship as a method of training skilled labor is far from obsolete, as many people are inclined to assume. But in spite of its manifest advantages, few trades continue to use it. This is partly due to a failure of employers to take the trouble to work a system of apprenticeship training into their normal operating organization. There is also an unfortunate reluctance on the part of unions to enlarge the numbers of men capable of skilled work. Finally, there is the somewhat snobbish attitude of young people themselves, who would prefer to learn a trade in a school or technical institute, in the hope of starting work a few rungs higher financially than a mere beginner.

By apprenticeship, a skill is acquired by actual work on an actual job. The young man benefits by the precept and example of the older workmen with whom he associates. Day to day problems which no school instructor could improvise have to be met and solved. There is from the very beginning an increase of self-respect through earning money and the making of real things. The standards of a firm become part and parcel of the youth's habits of mind and action. To learn to do by doing is proved by long generations of experience to be the best way. It is strange, for these reasons, that apprenticeship has been allowed to dwindle away in so many trades.

Your Horoscope

Business matters are well signified at this time. During your next year, according to prediction, you may expect affairs to improve materially and socially. Utilize fully the excellent vibrations. Look for a very hospitable, generous and reliable character in the child born under these auspices.

LETTERS TO THE EDITOR

Letters may be published over a nom de plume, but the actual signature of the writer must be given to the Editor as evidence of good faith. Anonymous letters go in the waste paper basket.

Suggests Impartial Body Sponsor Joint Political Meeting

To the Editor:

Sir—I listened with interest to Mr. R. G. Simms recent broadcast, in which he suggested that he and the other three candidates in the Nelson-Creston Riding get together on a public platform and answer questions concerning their respective parties and their policies. Since this is the first time in the history of B.C. politics that the voter has had an opportunity to vote for 4 parties, it would seem that the easiest way to know the candidates and their policies is in the manner suggested by Mr. Simms. No busy person has an opportunity to go to all four political meetings and so I believe a joint meeting as set out above should be held under the auspices of some impartial body, such as the Junior Chamber of Commerce or a similar organization.

Interested Voter.

Nelson, B.C.

German Settlers

(Woodstock Sentinel-Review)

German-Canadians this Summer are to celebrate the 200th anniversary of the arrival of the first German settlers in Canada.

Census figures show about 465,000 Canadians of German descent. But some officials estimate close to 1,000,000, counting persons who describe themselves as descendants of Netherlands and Swiss settlers.

About 2300 German immigrants arrived between 1750 and 1753 and found homes near Lunenburg, N.S. They used playing cards to draw lots for homesteads. The next large group was made up of Hessian and Brunswick soldiers, many of whom remained in Canada after being hired by King George III of England for service in North America about the time of the American Revolution.

Another German group were the Palatinate Loyalists, a group of Lutherans who had settled in the Mohawk valley of the United States under Queen Anne and had taken up arms for the English. They settled in Ontario's Dundas district, near Hamilton.

In 1794, about 60 Protestant families settled near Toronto. Another early group was that of the Pennsylvania-Dutch Mennonites, more properly called Pennsylvania Germans. These settlers, whose families had lived for generations in the United States, settled in Waterloo County and by their industry and thrift made the area surrounding Kitchener rich and beautiful.

A new large-scale influx of German settlers started about 1829. Some 50,000 came to Canada, mainly from Baden, Hesse, Wurtemberg and Alsatia. This stream kept up until about 1900. During the present century, most German settlers have come from the Austrian successor states, Yugoslavia, Czechoslovakia and Romania.

Trout Live Out of Water

Can trout live without water? The answer is yes—if you put them to sleep first.

Canadian Wildlife Service tried this new method to transfer some adult trout from one Western lake to another. The trout after being netted were anaesthetized by placing 2 per cent Ethyl Carbanate in a water tank. Once asleep, the fish were packed in ice in sardine fashion and flown some 20 miles, reports Forest and Outdoors magazine.

More than 1200 trout, weighing an average of five pounds each, were thus transplanted, and less than 10 per cent succumbed. Had containers of water been used the death rate would have been much higher. Moreover, it would have been necessary to freshen the water up during the trip, and far fewer fish could be moved per voyage.

This new method of transplanting fish from overstocked lakes to those that are short of fish may mean the opening up of new fishing waters to the country's sportsmen.

M. P., Nelson—How is the dandelion medicine prepared?

Dandelions are excellent for biliousness, liver trouble, etc. Make an infusion of dandelion leaves in the same way as you make tea in a teapot, and drink a wine-glass three times a day. Dandelion wine is also taken as a purifier and is simply made as follows: To a gallon measure full of freshly gathered dandelion petals, placed in tub, add a gallon of boiling water just as it ceases to bubble. Let that stand for twelve days, stirring daily, then strain. Pour liquor into preserving pan (never use a galvanized iron utensil), adding three-and-half-pounds of sugar, the thinly peeled rind of two lemons and one orange, and the pulp of the fruit, cut into small pieces. Be careful to remove all seeds and white pith. Boil gently for twenty minutes, then put back into tub, wait till luke-warm and then add half-an-ounce of compressed yeast with teaspoon of icing sugar, spread on toast which slip on to the wine and leave for two or three days until all signs of fermentation has ceased. Put into stone jars, making sure they are full, and cork tightly. Leave three months. The medicinal value of this wine is increased if when boiling the water for first use an ounce of sliced dandelion root is added with an ounce of whole ginger. Both must be removed from the liquor before it is poured over the petals.

A. C. V., Cranbrook—How can I get rid of ants? I had an ant-hill in my yard which I dug up and burned, but there still seem to be thousands of the creatures and they swarm on one of my trees.

Local gardeners and florists recommend a preparation known as Chlor-Dust, which is obtainable from any store that sells fertilizers and so forth. If you have any difficulty in procuring it, write Coventry's Flower Shop, Baker Street, Nelson.

Collector, Nelson—Please print address of place in B.C. where I can buy stamps for my album.

Peter Morville, 1236 Davis Street, Vancouver.

Looking Backward

10 YEARS AGO

From the Nelson Daily News of June 4, 1942

Today is the fifth wedding anniversary of the Duke and Duchess of Windsor, but they can't celebrate it together. The Duchess remained behind at Washington yesterday when the Duke was called back from a trip to the United States because of the labor riot in the colony of which he is Governor.

Miss Gerry Mann, who received her Bachelor of Science degree from the Washington State College at Pullman, has arrived to spend a vacation at the home of her parents, Alderman and Mrs. E. A. Mann, Silica Street, before taking up her duties in the Vancouver General Hospital, Vancouver.

25 YEARS AGO

From the Nelson Daily News of June 4, 1927

St. John's Lutheran congregation is arranging for the laying of the corner stone for the new edifice, the superstructure of which has just been erected, to take place the last Sunday in June, probably in the afternoon. The trowel will be wielded by Rev. C. Thies of Edmonton, superintendent of missions for Alberta and British Columbia.

C. F. McHardy reports the sale of lots 17 and 18, block 86, Baker Street, formerly owned by W. H. Elson of New Westminster, to C. G. Simpson. These lots are opposite the Daily News building.

50 YEARS AGO

From the Nelson Daily News of June 4, 1902

A letter was received this week by Captain C. W. Busk from Victoria, informing the settlers along the North Shore of the West Arm that the government had no money to spend on the road asked, and that anyway the steamer service should be sufficient. Another meeting of the settlers is to be held this week to consider what is best to be done under the circumstances.

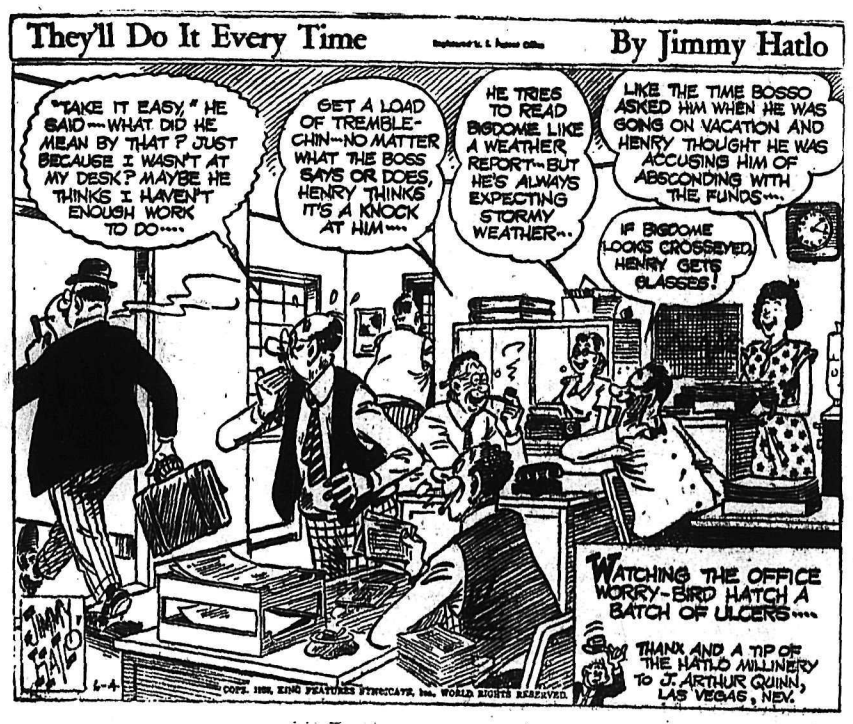
A dispatch received from Fernie last evening stated that so far 120 bodies have been recovered from the Coal Creek Mines and that it was supposed there still remained in the mine some 19 others.

It's Been Said

Let not thy mind run on what thou lackest as much as on what thou has already. —Marcus Aurelius.

They'll Do It Every Time

By Jimmy Hatlo



Today's Bible Thought

Our house will not fall in ruin if it has a proper foundation of character and faith and love. No storm can destroy such a home.

It fell not for it was founded on a rock.—Matt. 7:25.

Aunt Het

Marriage has its faults, but it's one thing that will make a young man keep both hands on the steerin' wheel.

The world's longest single-span suspension bridge, the Golden Gate at San Francisco, has a channel span of 4200 feet.

Test Animals In F-M Premises

REGINA, June 3 (CP) — The Federal Health of Animals Division has begun placing test animals on premises from which livestock was destroyed for foot-and-mouth disease.

Officials said today that some cattle and swine have been released in the Burns and Company yard in Regina and more test animals are being placed on farms this week. Fencing of these farms preparatory to receiving the test animals is reported progressing well.

The test-animal phase is the final step before the lifting of the quarantine and buffer-zone restrictions on almost 20,000 square miles of Saskatchewan.

Restrictions cannot be lifted until after test animals have been on the premises long enough to assure there is no trace of foot-and-mouth disease left in the area.

Howe Foretells Drop In Cost of Living

OTTAWA, June 3 (CP) — Another drop in living costs — the fourth in a row—is expected to be announced tomorrow when the Bureau of Statistics publishes the cost-of-living index for April.

Trade Minister Howe provided the tip-off when he predicted in the Commons more than two weeks ago that another drop was in sight and that it would be "substantial."

The index, based on 1935-39 prices equalling 100, now stands at 188.7, down 2.8 points from the peak of 191.5 last December.

This Summer Play Your Part in "EXERCISE FREEDOM"

Soon Reserve Force Units from coast-to-coast will begin one of the greatest summer training sessions in Canada's history. Exercise Freedom will see Canada's Citizen-Soldiers "in action" — training and studying under field conditions.

More men are needed *immediately* in the Reserve Force to take part in this great national effort. Every Canadian citizen who is physically fit has a part to play in this programme of defence. If you cannot go Active then the least you can do to exercise your freedom is to join the Canadian Army Reserve Force.

Do not miss "Exercise Freedom" this summer. If you are in the Reserve Force you *must* take part in this most important phase of your training this year. If you are not in the Canadian Army Reserve Force, join the regiment of your choice *immediately!* Join in Exercise FREEDOM this summer.

Kaslo W. I. Plans Flower Show

KASLO, B.C. — Kaslo and District Women's Institute held a meeting at the home of Mrs. R. N. W. Shillington Friday.

The annual Flower Show was discussed and Mrs. T. Saalfeld was appointed Flower Show secretary. Mrs. J. Tonkin gave a report of the District Women's Institute Conference held at Crawford Bay. Five members of the Kaslo Institute attended.

A $5 donation was passed for the Dr. Shimo-Takahara memorial and a donation to the Pennies of Friendship Fund of the United County Women of the World.

LUNCH BOXES AUCTIONED AT SOCIAL CREDIT EVENT

WILLOW POINT, B. C.— The Willow Point Social Credit group, assisted by the North Shore group, held a box social in Crystal Hall.

A three-piece orchestra supplied old-time and modern dance music, with R. Rivett as master of ceremonies. The boxes were auctioned by R. P. Vaile. There were many boxes, including a covered wagon and a crinolined lady, and they contained the usual good things, even to fried chicken.

Here's how to mix real HOT ENGLISH MUSTARD
TAKE
1/4 cup Colman's Dry Mustard
2 tablespoons water
Mix gradually with cold water to consistency of thick cream, stirring well to break up all lumps. Let stand 10 minutes to develop full flavour. Never add fresh mustard to old. Mix more as needed.
Colman's Dry Mustard is just what you're looking for to give that much-needed flavour fillip to to-day's economy dishes. CK4IH
Colman's D.S.F. MUSTARD

Mrs. Slade Kimberley Soroptimist President

KIMBERLEY, B. C. — Mrs. M. Slade was elected 1952-53 president of the Kimberley Soroptimist CBlub at the club's annual meeting.

Mrs. L. Lobban is first vice-president; Miss J. McGowan is second vice president; Miss L. White, secretary; Mrs. V. Berg, treasurer and directors Mrs. J. Suart and Mrs. L. Maartman.

Delegates to the regional council are Mrs. Suart and Mrs. Maartman.

Joint installation with Cranbrook is planned for June 18, when Miss J. Gilker of Nelson will act as installing officer.

Send THIRTY-FIVE CENTS (35c) in coins (stamps cannot be accepted) for this pattern. Print plainly SIZE, NAME, ADDRESS, STYLE NUMBER.

Send your order to MARIAN MARTIN, care of the Nelson Daily News, Pattern Dept., Baker St.

I.O.D.E. Interest in Current Events Gains

NIAGARA FALLS, Ont., June 3 (CP) — Members of the Imperial Order Daughters of the Empire were told today that they showed an increasing awareness of the need for knowledge and understanding of current problems during 1951.

Mrs. H. S. Angas, Toronto, said in her report of the National Empire and World Affairs Committee, to the I.O.D.E.'s 52nd annual meeting, that interest had increased in such general discussion subjects as current events, world affairs and communism.

Addressing the organization's annual meeting, she said:

"The preservation of faith in ourselves, our belief in our way of life and our hope for the future is the high purpose of this committee . . . one of the dangers to our society at the present time is a tendency to ignore simple truths and accept what is base and worthless because of a popular demand by unthinking people.

"We must guard our moral frontiers as well as our political rights."

ECHOES REPORT

Mrs. Laurence Grout of Toronto, national secretary of the organization's quarterly publication, Echoes, in her report told of the inauguration of provincial stories in the Christmas issue.

The first four were about Eastern chapters, that from Ontario would appear in the Spring issue and the Western provinces would be covered in the Summer issue.

Reporting for the Immigration and Canadianization Committee, Daisy Taylor, Ottawa, said that between February and November, 1951, the Federal Government lent 15,000 immigrants approximately $200 each to help pay their passage to Canada.

She said the immigrants repay loans within two years after arrival in Canada. Repayments totalled more than $500,000 this year.

I.O.D.E. chapters in British Columbia conducted citizen schools. One had 20 classes a term with 52 pupils. Members of another chapter gave lessons in English to Dutch, Italian, Hindu and Chinese children.

SUCCESSFUL PROJECT

In her report as chairman of the Queen Mary Carpet Committee, Mrs. W. R. Walton, Jr., Oakville, Ont., announced the order had raised $104,350 for Britain through its exhibition of the needlepoint carpet. Proceeds from the sale of literature had been more than enough to pay expenses of the project.

Mrs. Walton said that the transfer or assignment of the copyright of the carpet to the order had been completed and registered in the name of the "Imperial Order Daughters of the Empire and Children of the Empire."

"It is hoped that some day when conditions are more favorable, more dollars will accumulate in the Queen Mary Carpet Fund through licensing or selling the copyright to interested American, Canadian or British firms," said Mrs. Walton.

FUNERAL NOTICE
PISACRETA—Requiem Mass for the late Antonio Pisacreta will be sung at the Cathedral of Mary Immaculate Saturday at 10 a.m. Rosary will be recited in the Thompson Funeral Home Friday at 8.15 p.m. Interment will be in Nelson Memorial Park.

HEIRLOOM robe sent from Sweden by his mother's relatives was worn by one-month-old David Warren Stevens, who was christened recently in St. Paul's United Church, Rev. A. L. Anderson officiating. He is the son of Mr. and Mrs. Arthur H. Stevens of Nelson. Mr. and Mrs. T. E. Stevenson are his maternal grandparents.

Trail, Nelson Share Interest in Nuptuals

The Cathedral of Mary Immaculate was decorated with yellow tulips and lilacs for the double ring ceremony that united in marriage Elizabeth (Betty) Marie Stangherlin, second daughter of Mrs. Yvonne Stangherlin and the late Eugene Stangherlin of Nelson and Mose Michael Agostinelli of Trail, son of Michael Agostinelli and the late Mrs. Agostinelli.

The nuptial mass was celebrated by Very Rev. R. D. Anderson May 28, solos being sung by Miss Marie and Jeanette Fornelli accompanied by Miss Enid Prime at the organ.

The brunette bride in a ballerina-length gown of French lace over satin featuring a hoop skirt and lace jacket with lily point sleeves entered the Cathedral on the arm of her uncle, B. J. Monteleone. Her veil of French illusion net was held in place with a lace cloche and she carried a colonial bouquet of yellow roses and purple sweet peas. For "something old" she wore a gold piece that had belonged to her father.

Miss Marie Stangherlin, bridesmaid, and Mrs. Alfred Carr, matron of honor, wore identical ballerina length gowns of white illusion net featuring full skirts and tiny lace capes. Flower girls, dainty in their floor-length gowns of white nylon with purple accessories were Caran Carr and Paddy Agostinelli, nieces of the bride and groom.

Pat Agostinelli, brother of the groom, was best man while another brother Julius (Doc) was usher.

A reception for some 40 relations of the bride and groom was held in the Cathedral Hall, guests being received by the bride's mother, who wore a navy blue dress with pink accessories and by the bride's grandmother, Mrs. Harry Godwin. The bride's table was centred with a three-tiered wedding cake flanked with white tapers.

For their honeymoon to various U. S. points, Mrs. Agostinelli chose a grey and pink suit with white accessories. On their return they will make their home in Fruitvale.

FAREWELL PARTY FOR T. BASTABLE; PURSE PRESENTED

T. Bastable, who plans to leave shortly on a visit to his former home in England, was honored with a farewell surprise party given by his two daughters at the home of Mrs. R. Bishop, Saturday evening.

Games and refreshemnts were enjoyed by some 20 guests who also presented Mr. Bastable with a purse. Presentation was made by James Gordon of Calgary on behalf of all his friends.

Mr. Bastable will be visiting his brother and other relatives during his sojourn.

British Blockade Makes Russ Talk

BERLIN, June 3 (AP) — The top Russian official in Berlin went to the British authorities today for truce talks on the British blockade of Communist radio Berlin inside the Western sector of the city.

A British announcement tonight said "some progress" was made in the talks. But British soldiers and German police continued their siege of a score of Russian tommy-gunners inside the red brick building in the middle of the British sector. The surprise blockade began just before dawn.

MALIK REFUSES TO REDUCE CHINESE ARMS UNTIL PEIPING REGIME JOINS

UNITED NATIONS, N.Y., June 3 (AP) — Russia told the Western Powers today she will not discuss proposals to reduce Communist China's armed forces unless the Peiping regime is invited to take part.

The Soviet statement was made by Jakob Malik before the United Nations Disarmament Commission in commenting on a Western plan for placing voluntary ceilings on the forces of all countries.

The plan proposed that the United States, Russia and China limit forces to 1,500,000 men each, and that Britain and France fix ceilings of 800,000 men each. Other countries, including Canada, would be limited to armies, not exceeding one per cent of their population.

Malik asked last week whether the Western powers meant Red China when they referred to China.

At the opening of today's session Britain's Sir Gladwyn Jebb replied that the three-power proposal referred to the country of China and not to the government. He added, however, that the proposed ceiling would apply to all Chinese armed forces.

Canada is represented on the commission by David Johnson, head of Canada's permanent delegation to the U.N. Informed sources said Canada was consulted fully—probably more than any other country outside the big three—on the three-power Western proposal.

R.M.C. Graduates Ready for Korea

KINGSTON, Ont., June 3 (CP)—The Royal Military College graduated its first class in 10 years today and 24 of the 63 knew they would soon be serving in Korea. The entire army component of the class, 24 men, has volunteered to serve with the 25th Brigade.

Defence Minister Claxton said the class shows that the idea of training officers for all three services together has proved a success despite original doubts. It was launched in 1948 when this class became the first group to enter R.M.C. on the new tri-service basis.

PHONE 144 FOR CLASSIFIED

B.C. Battles Severe Cutworm Attacks

VICTORIA, June 3 (CP)—Farmers throughout British Columbia are battling one of the worst plagues of cutworms ever seen in the province, it was announced today by the provincial Department of Agriculture.

The cutworms have taken a heavy toll of crops and plants on Vancouver Island and in farming areas on the Mainland, it was reported.

Damage is expected to be heavy unless the plague is brought immediately under control.

Entomologists urged growers and gardeners to take immediate action to control the pest if they wanted to save their crops.

Best method of control for small gardens is the application of 5 per cent DDT. dust, preferably on wet ground.

Coast T.L.C. Sends Questionaire To B.C. Voters and Candidates

By The Canadian Press

Candidates in the June 12 provincial election have taken time off from speech making to answer a questionnaire sent out by the Vancouver and District Trades and Labor Council.

The questions asked deal with many labor problems, the Workmen's Compensation Act, and hospital insurance.

Most replies have come from C.C.F. candidates, and almost all backed trade union policy in their answer sheets. Nigel Morgan, leader of the Communist Labor-Progressive party, is the only party leader to reply.

Answers of the candidates will be circulated to Council affiliates.

ARE YOU IN FAVOR?

Here are the questions:

1. Do you believe in the right of all workers to legal collective bargaining?
2. Do you believe that 51 per cent of the union membership shall guarantee the union shop?
3. Are you in favor of restoring to unions the right to conduct their own strike vote according to the union constitution?
4. Are you in favor of amending the Compensation Act to give coverage to all workers for all industrial accidents and occupational diseases?
5. Do you believe in the abolition of the hospital co-insurance clause with no increase in premiums?
6. Are you in favor of amending the Holiday Act to increase the annual vacation from one to two weeks?
7. Are you in favor of amending the Hours of Work Act making a mandatory five-day, 40-hour week for workers?
8. Do you believe the intent of the Minimum Wage Act should be sustained by adjusting minimum wage in relation to the wage index?
9. Do you believe government employees should be debarred from the benefits of the government's own legislation?
10. Do you believe the Labor Relations Board should rule on the interpretation of the union constitution?

Wrote Alex MacDonald, C.C.F., candidate in Vancouver-Burrard: "These measures (covered by the questions) are C.C.F. policy and would be implemented in full by a C.C.F. government."

Four Liberals, Progressive Conservative and L.-P.P. (Communist) candidates replied to the questions, and of all Social Credit candidates only Lyle Wicks of Dewdney has returned his questionnaire.

Mr. Wicks backed the Council policy with exception of question two ("do you believe that 51 per cent of union membership shall guarantee the union shop?") where he said he was not opposed but believed that 60 per cent would be better.

The Liberal and Progressive candidates agreed with some of the questions; disagreed with others, and in some case sought more information before completing an answer.

Four L.-L.P. party candidates were in general agreement, favoring all the questions as outlined by the Council.

SECOND QUESTIONNAIRE

And now there is another questionnaire for the candidates to answer. It has been sent to all candidates by the Vancouver Housing Association.

The questions are:

Are you in favor of B.C. proceeding further in company with the Federal government, to build houses . . . either at an economic or on a subsidized basis?

Are you in favor of the immediate creation of a housing authority to be set up by the province for the Vancouver metropolitan area as a start?

Are you in favor of the Provincial government carrying on the practice of making grants to municipalities and non-profit groups of one-third the capital cost of housing projects for old people of low income?

And, are you in favor of providing means and methods whereby the average man can purchase a new house without excessive down payment?

Prohibition is a Dead Duck ...but

The liquor Plebiscite is not a "wet" or "dry" issue. Beer, spirits, and wine are available now. They are here to stay.

We agree with many who say that our present method of distributing liquor is not satisfactory.

But consider what would happen with a "yes" vote in your community. The next Government could license bars in your neighbourhood. Are you sure you want a bar in your neighbourhood? As a parent, do you want your children exposed to liquor right around the corner? As the plebiscite reads, the above could transpire if a "yes" majority is given.

As a property owner, do you want nearby bars when it is considered that land values depreciate in the neighbourhood of a bar?

In many communities in North America today, while they reject the theory of prohibition, the citizens wish that their bars were better regulated, better zoned—in fact, something they are not. But for them it is too late to do anything about it. They are saddled with an unfortunate system.

As it stands now we don't know exactly "how", "where", and "who" will distribute liquor by the glass. The Alcohol Research Council suggests that a thorough study of the matter be undertaken before we go blindly into more liquor outlets at the caprice of the next Government. Governments don't always do things the way you expect or want. Vote "no" until you know what the score is.

B.C. is a good place to live and British Columbians deserve the best possible liquor laws. A "no" vote protects your interests.

VOTE "NO" UNTIL YOU KNOW

ALCOHOL RESEARCH COUNCIL

FORMER NELSON BOY IS ART HONOR STUDENT

Geoffrey D. Rees, son of Mr. and Mrs. Gerald Rees, formerly of Nelson, was one of six honor students in a class of 19 to graduate from the Vancouver Art School, receiving a fourth year scholarship along with three other students.

Born in Nelson, he received his education in Nelson schools. He had worked his way through the four years at art school, being employed variously as a steward, in hard-rock mines, and as a paper maker.

High Court Bill Law In Africa

CAPETOWN, June 3 (Reuters)—The High Court of Parliament Bill, which gives Parliament the final authority over constitutional legislation, became law today when it was signed by Governor-General E. G. Hansen on behalf of the Queen.

In the bill, Prime Minister Daniel Malan aimed to strip the Appeal Court of its power to invalidate legislation.

The High Court will be comprised of members of the Senate and National Assembly. After considering a report from a judicial committee of 10 Senators and Assembly members, they can vary or set aside any judgment of the Appeal Court dealing with an act of Parliament.

Malan introduced the bill after the courts invalidated a law to remove colored voters from the common register—part of his racial segregation policy.

FILMS ATTRACT CAPACITY CROWD

A capacity crowd which saw films presented Sunday night in Cathedral Hall only wished more people could have been there to view them.

Rev. Father H. Dunlop, O.M.I., of Ottawa, editor of "The Oblate Missions," and Rev. Father B. Quinn, O.M.I., of Ottawa, vocational director, showed technicolor films of the Marian Congress held in Ottawa in June 1947, and of the far North and Arctic missions of the Oblates, depicting work among Indians and Eskimos. Also shown were slides on training of a young man preparing for priesthood in the Oblate order.

They are showing the films in Western Canada on behalf of the Misisonary Asosciation of Mary Immaculate, third order of the Oblate Fathers. Father Dunlop preached at all masses Sunday in the Cathedral of Mary Immaculate. From here they went to Rossland for showings Monday night and will go on to the Okanagan.

To Adjudicate Coast Festival

Miss Janie S. Stevenson, Scottish expert in speech arts and children's theatre who is teaching speech and drama in Nelson and Trail, will judge competitors in the annual B. C. Speech Arts Federation festival in Vancouver June 23 to 28.

Last year Miss Stevenson adjudicated at Penticton and Oliver, and this year at Rossland. Last month she directed "Strange Bedfellows" for Trail Little Theatre.

She was the first Scot to earn the coveted Associateship of the London Academy of Music and Dramatic Art, a diploma open only to those whom the examiners are satisfied are capable of appearing in a professional London play.

In Scotland, Miss Stevenson represented the academy, organized acting examinations for drama students, and headed a children's drama school. She left a post as teacher of speech, voice production and drama for the Renfrewshire Education Authority to come to Canada two years ago.

Former Nelsonite To Enter Vancouver Practice

SUNSHINE BAY, B.C. — Mrs. Bert Dunham and her daughter Jane have returned to their home in Lytton after spending several week visiting Mrs. Dunham's parents, Capt. and Mrs. James Ferguson.

Dr. Dunham, who was a partner of Dr. R. B. Shaw before he went overseas, is moving to Vancouver where he is going to practise in the near future.

Queen and Duke To Give Square Dances

LONDON, June 3 (CP) — The Queen and the Duke of Edinburgh will hold private square-dance parties to the accompaniment of Canadian recordings, it was learned today.

At the Queen's request, the recordings were made in a BBC studio with Anthony Griffin, formerly of the Canadian External Affairs Department, acting as caller for three Canadian couples.

Griffin, now in private business here, helped to make the square dance popular in Ottawa and was the caller at the party in Government House which the royal couple attended during their tour of Canada last year.

Square dancing has boomed in Britain since the royal interest became known.

Aberdeen Tempers Blaze At All-Girl Pipe Band

ABERDEEN, Scotland, June 3 (AP) — The outraged town council slammed the city gate today against the all-girl bagpipe band from the University of Iowa.

"A lot of comic characters who make mockery of Scotland's national instrument and dress," stormed councillor Frank Magee, an Englishman: "What Scot wants to hear 'Lock Lomond,' 'The Bonnie Wells of O'Wearie' or 'The Bonnie Lass of Bon-Accord' sung bebop fashion or jived on the pipes?".

"Iowa girls in the kilt," snorted councillor Ian MacPherson. "How would they like it if we sent them a chorus of Scottish lassies in cowboy hats and chaps?"

The innocent cause of the blow-up was council's Lakes and Parks Committee.

FATEFUL LETTER

Recently the committee received a letter disclosing that the 65-girl pipe band, known as "The Scottish Highlanders," was planning a tour of Scotland in August.

Enclosed was a brochure imparting the information that the uniforms of tartan kilt, dark-blue doublet and red-hackle busby cost $25,000, that the band has travelled over 40,000 miles on tour, and it has played before some 3,000,000 persons.

And how would Aberdeen like to see them, the letter asked?

The band offered to come free if the city would pay its hotel bill and travelling expenses, which figured out at £250. The committee incautiously recommended acceptance.

The opposition at the council meeting was led by the Englishman Magee.

"I can just imagine what it would be like," he said, sarcastically. "They would all be doing antics reminiscent of a circus with probably half-a-dozen chorus girls with practically nothing on playing the bagpipes."

The proposal to appropriate the £250 was defeated 20 to 8.

697

Fishin' Fare

Kootenay Lake anglers are still finding the best pickings in Kaslo waters but Balfour and Kootenay Bay area is expected to perk up within the next two weeks when the present muddy water clears.

Reports of good fishing brought American anglers to the Main Lake in droves for the long Memorial Day weekend and catches indicate that very few returned disappointed.

Bill Bacon of Spokane landed a 16-pound Kamloops to top the weekend field while countless others were reeling in 10-12 pounders with consistent regularity.

Every available boat was in use from Friday to Sunday when the run was exceptionally good. It tapered off Monday but had picked up again yesterday.

Bill Biker of Trail topped Balfour efforts with a 16-pound Dolly Varden while an early bird party reported netting 21 pounds of Dolly in a pre-breakfast try. Big ling catches are also being recorded by anglers with a yen for these good-tasting predators.

• • •

SHORT CASTS . . . Opening of many streams June 1 brought the creek specialists out in force. Nelsonites George Wallach and Dr. J. G. McMurchy reported a first-day limit catch from the Salmon River near Apex . . . Biggest fish reported yet from the Kootenay River was taken by an unidentified angler at Brilliant dam. It tipped the scales at 14 pounds, three ounces, and was landed without benefit of gaff or net . . . Slocan Pool continues to give up steady catches with several scarred "Old Spawners" being taken . . . Just 30 miles from the Canadian border at Priest Lake, Idaho, Americans are striking it hot with hefty mackinaws, one localite hooking a 38½ pounder and another one weighing in at 32 pounds. First planted in the lake in 1921, this is the first year the macks have caused a flurry at Priest which can be reached via Bonners Ferry or Newport, Wash.

• • •

ODD ANGLES . . . Maybe he's used to catching Dollys this size or maybe he was just in a hurry to catch a ferry but somebody left a 30-inch specimen hanging on the Kootenay Bay dock this week . . . a recent Sports and Vacation Show in Vancouver featured a champion woman flycaster who can slice a banana at 50 feet with cast . . . Heres a great idea for getting rid of unwanted fish:

The Irish Trout Anglers' Association was worried because the greedy perch in an Emerald Isle lake were eating so much, there wasn't enough food for the trout.

To encourage the destruction of perch the Association caught a netful. Ivory discs were attached to dorsal fins and the fish released. Then the fishermen were told to go to it, the incentive being that the Association will pay $28 for each of 200 discs and $280 for two special discs.

There was a terrific response. Hundreds of anglers swarmed to the lake and the number of perch caught the first day was astronomical. What's more, not one of the fish caught opening day had a disc attached, not so good for the anglers—but fine for the Association which stands to see the perch reduced heavily as long as any of the discs are unrecovered.

Ol' Satch Paige Proving Browns' Best

Cleveland Indians regained the American League lead by blanking the revamped Boston Red Sox 6-0 Tuesday night.

In the National League, Brooklyn Dodgers clung to their one-game lead by nipping Pittsburgh Pirates 6-4 in the night game after New York Giants lambasted Chicago Cubs 17-4 during the day.

St. Louis Browns defeated Washington Senators 3-2 in 17 innings and New York Yankees downed Chicago White Sox 4-3 in 13 innings in other American League night games.

WINS OWN GAME

Satchel Paige's third straight single with two out in the top of the 17th scored Bob Dernaestri from second base with the run that gave the Browns their hard-earned victory. It was also Paige's fifth win in relief.

Pinch-hitter Johnny Sain singled with the bases loaded and two out in the bottom of the 13th inning to drive in Mickey Mantle with the winning run in the Yankees' triumph. Bob Hogue, third Yankee pitcher, was credited with the victory while Billy Pierce went the distance for the Sox and was charged with the loss.

The Dodgers staved off a ninth-inning rally to down Pittsburgh, the tail-end club. Ralph Branca, coasting on a 6-1 lead, weakened in the ninth when the Pirates scored three runs and needed help from reliefer Joe Black. Jack Robinson, Carl Furillo and Gill Hodges hit home runs for the Dodgers while George Strickland and Ed Fitzgerald homered for Pittsburgh.

Infielder Wally Post accounted for both Cincinnati runs with a single and a home run as the Reds defeated Philadelphia Phillies and Robin Roberts 2-1 in a game under the lights.

Righthander Jim Wilson pitched a sparkling two-hitter to lead Boston Braves to a 3-2 National League victory over St. Louis Cardinals.

Philadelphia Athletics defeated Detroit Tigers 3-1 to stretch their American League winning streak to four games. Home runs by Hank Majeski and Al Clark were the payoff blows. Alex Kellner notched his fourth victory of the season. Virgil Trucks was the victim of Philadelphia's power and lasted seven innings.

Resort Offers Martin, Piersall "Rematch" Camp

NEW YORK, June 3 (AP)—Billy Martin, New York Yankees second baseman, today was offered a "training camp" site for a possible "rematch" with infielder Jim Piersall of Boston Red Sox.

The pair promised to swap punches again, following their no-decision bout last month in Fenway Park, Boston.

Before today's game with the Cleveland Indians, Martin showed his teammates a wire from Swan Lake, N.Y., which read: "We offer Stevensville Lake Hotel as training site for your rematch with Jim Piersall."

Castlegar Cubs Down Crown Point 6-2 To Share Trail Loop Fastball Lead

CASTLEGAR, B. C.—The three-hit pitching of Reed Hicken and homers by Eric Bishop and Johnny Sofiak sent Castlegar Cubs back into a first-place tie with Trail Pontiacs here Tuesday, combining to down Crown Point 6-2 in a district league fastball encounter.

Hicken struck out four while walking six in besting Johnny Fisher for his second win and second straight three-hit performance. Howie Palmer's home run was the big blow for Crown Point.

Fisher allowed six hits, struck out two and walked five in defeat. pulled off the fielding gem of the

Cub second baseman Ircandia night when he speared a hot liner and doubled a man off first base on the play.

Next action is Wednesday night when Pontiacs and Crown Point clash. Castlegar takes on the Crown Point squad again Friday in Trail.

Crown Point	2	3	2
Castlegar	6	6	2

Fisher and Henny; Hicken and Bishop.

Rajah Defends Modern Ball, Scoffs at Cobb

NEW YORK, June 3 (AP) — Rogers Hornsby slammed back at Ty Cobb's blast of modern day baseball and left the Georgia Peach off his all-time team.

In the current issue of Look magazine. the St. Louis Brown's manager listed five outfielders, including Joe Dimaggio and Ted Williams, ahead of Cobb.

"Why should he put the rap on the game that made him?" Hornsby wrote.

Hornsby disputed Cobb's assertion that Phil Rizzuto and Stan Musial are the only moderns who would have stood out in the dead ball era.

"What is Cobb talking about?" he wrote. "George Kell, Tiger third baseman, is almost as scientific a batter as Cobb was himself. Billy Goodman (Boston Red Sox) is the same type. And there are several others in both leagues. Does Cobb honestly believe Jackie Robinson of the Brooklyn Dodgers wouldn't have been a star in the old days?"

The Rajah also took exception to Cobb's criticism of modern managers for too much "shifting around."

"Cobb did the same thing when he managed the Tigers," Hornsby wrote. "He was too impatient to be a good manager. Considering his record and shortcomings as a manager, where does Cobb come off pointing at managers today?"

Kell, Evers Traded . . .

Tigers, Bosox Make Million Dollar Deal

BY HARRY STAPLER

DETROIT, June 3 (AP) — The pennant-contending Boston Red Sox and the last place Detroit Tigers swapped nine players today in a "million dollar" deal that jolted the baseball world.

The trade, one of the biggest in the American League in years, shipped all-star third baseman George Kell and outfielder Hoot Evers to Red Sox. Tigers got slugging first baseman Walt Dropo, Outfielder Don Lenhardt and infielder Johnny Pesky. They were the big names.

Red Sox also obtained Johnny Lipon, Tigers' regular shortstop, and relief pitcher Dizzy Trout. Boston recalled first baseman Dick Grenert from Louisville to fill the first base gap.

In addition, Tigers acquired third baseman Fred Hatfield and pitcher Bill Wight.

Biggest surprise was Kell's departure. But general manager Charley Gehringer of the Tigers said "he hadn't been helping us enough while we were in the cellar so we gave him up to get some long ball punch in Dropo and Lenhardt."

Kell, a $42,000 player, led the American League in batting in 1949, was second in 1950 and third in 1951. Kell, on the all-star team for the last five years, was batting .296 this season.

SHAKEUP IMMEDIATE

Red Sox manager Lou Boudreau said Kell was to start tonight against Cleveland and Evers as soon as the speedy outfielder fully recovered from a broken thumb.

Tiger manager Red Rolfe said Pesky was to start at short, Dropo at first, Lenhardt in left field and Hatfield at third in Philadelphia tonight in the biggest shakeup the Tigers line-up has felt in years.

Both clubs hailed the deal as beneficial.

"I'd call it a million dollar deal," said Gehringer. "Kell would probably have brought a quarter million himself if anybody wanted to spend cash for a baseball player."

Tigers Pick Up Johnny Hopp

DETROIT, June 3 (AP) — First baseman Johnny Hopp, cast off by New York Yankees 10 days ago, signed a contract today for a reported $15,000 with the last-place Detroit Tigers of the American League.

Hopp, used mostly as a pinch-hitter, batted only .206 last season for the Yankees and was made a free agent. General manager Charley Gehringer of the Tigers conferred with the 35-year-old veteran here and signed him to "increase our bench strength."

To make room for Hopp, who had a lifetime major league average of .298 in his 13 season prior to 1952 the Tigers sold rookie outfielder George Lerchen to their Buffalo farm club in the International League.

Cranbrook Golfer Takes Kimberley Invitation Event

KIMBERLEY, B.C. — Dr. Frank Fergie of Cranbrook emerged three-time winner after the weekend annual Wood-Vallance Golf Trophy competition whic his always played on the Kimberley course, when he won the final match against Ed Delamont of Cranbrook on the thirteenth hole.

Final putt on the eighteenth hole won the finalist berth for Dr. Fergie in his semi-final round against past winner Ralph Redding, while Delamont eliminated Doug Campbell of Nelson on the sixteenth hole.

Top four golfers from Nelson, Creston, Fernie, Wardner, Cranbrook and Kimberley clubs played in the tournament which was match play after Saturday's qualifying round.

In memory of Frank Redding, longtime Kimberley golfer and sportsman, a rose bowl has been put up for annual play at Kimberley for ladies of the six clubs simultaneously with the Wood-Vallance competition. Mrs. Ken Campbell of Kimberley was initial winner in the weekend meet.

WINNIPEG, June 3 (CP)— Winnipeg Blue Bombers said tonight they have signed quarterback Jack Jacobs to a 1952 players' contract.

The season will be the 32-year-old quarterbacks third with the club.

He fired 36 touchdown passes last year in leading Bombers to a three-way first place tie in the Western Interprovincial Football Union.

Reynolds, Maglie Top ERA Lists

By SHELDON SAKOWITZ

NEW YORK, June 3 (AP)—Allie Reynolds of New York Yankees and Sal Maglie of New York Giants have no objections to being called the stingiest pitchers in the major leagues.

The right-handers have compiled the lowest earned-run averages in their laegues.

Reynolds has yielded only 12 earned runs in 80 innings to top the American League in earned-run effectiveness with an average of 1.35. Maglie, the National League leader, boasts a mark of 1.47, having given up 14 runs in 86 innings.

In posting a 6-3 won-lost record, the 34-year-old Reynolds has completed nine games. Last season he twirled two no-hit games and rated fifth in the earned-runs department with a mark of 3.05.

Maglie won his first nine games this year before losing to St. Louis Monday night. In 1951 the 35-year-old former Mexican-leaguer was second in the earned-run listings with 2.93.

Runner-up to Reynolds in the American League ratings is Mike Garcia of Cleveland Indians with 1.48. Garcia, early season leader, has surrendered 13 earned tallies in 79 innings.

Southpaw Bobby Shantz of Philadelphia A's, possessing an 8-1 won-lost record, ranks third in the earned runs division with 1.52, followed by veteran Joe Dobson of Chicago White Sox at 1.70.

Curt Simmons, who returned from the army to Philadelphia Phils late in April, is second in the National League. The young southpaw has given up only eight earned runs in 46 innings for a 1.57 mark.

Chicago's Bob Rush, with three straight shutouts, is third at 1.75, followed by southpaw Ken Raffensberger of Cincinnati with 1.85.

Charles Will Weigh 196¾—Less Trimmed Moustache

ATLANTIC CITY, N.J., June 3 (AP) — Heavyweight champion Jersey Joe Walcott and his challenger, Ezzard Charles, underwent physical examinations today and to the surprise of all — each weighed 196¾ pounds.

This is exceptionally heavy for Ezzard. He never weighed more than 186 for a title fight before and had expected to weigh 191 for the Thursday night 15-rounder in Philadelphia's municipal stadium. Walcott had announced he'd enter the ring at 194.

Dr. W. G. B. Terry, of the Pennsylvania Athletic Commission, reported both fighters in excellent condition.

Charles was examined at his Pleasantville Camp while Walcott took his physical here.

The Commission ruled that Charles will have to trim his mustache short. Walcott's manager wanted Charles to shave it off.

RUSSIAN OLYMPIC ENTRY OFFICIAL

HELSINKI, Finland, June 3 (AP) —Russia today announced it would participate in the Summer Olympics here, thus bringing to a close months of speculation on whether the Soviets would send teams.

The only sport the Russians will not participate in is field hockey, a women's sport.

The announcement did not come as a complete surprise because the Russians have been attending most Olympic meetings and are members of most international federations—a requisite for participation in the Games.

This will be the first time modern Russia has taken part in the international games. Before the revolution, Czarist Russia entered teams but had indifferent success.

This year the Russians said they plan to send about 300 athletes to the Games, and officials and writers here predicted they would turn in good performances. They said Russian government, which has fierce pride, would not permit an athlete not moderately certain of doing well to make the trip.

Moscow correspondents say the Russian women track and field stars are good and that some top performances can be expected from the men in swimming and hockey. The Soviets also should do well in soccer.

Ron Necciai Stars

BURLINGTON, N.C. June 3 (AP) —Ron Necciai, yearling strike-out specialist, made a successful Class-B baseball debut in a relief role Saturday night as he earned credit for Burlington-Graham's 10-9 win over Reidsville.

Necciai entered the game in the seventh inning, fanned seven, allowed three hits and batted in the winning run.

Pittsburgh Pirates' minor-league strike-out artist arrived Friday night. He fanned a total of 109 batters in 42 2-3 innings with Bristol in the Class-D Appalachian League.

Sloan-For-Reise Trade Rumored

DETROIT, June 3 (AP)—Rumors of a National Hockey League trade involving Detroit, Chicago and Toronto were prevalent here Saturday but the Red Wings' general manager, Jack Adams, said, "I know nothing about them."

The rumored trade would involve a trade of Red Wings' defenceman Leo Reise to Toronto Maple Leafs in return for speedy forward Tod Sloan.

In addition, the reports indicated Chicago Black Hawks would give up some players in return for help form the star-studded Detroit and Toronto farm systems.

One report here indicated the trade might see an exchange of goalies between Toronto and Chicago, with Harry Lumley going to the Canadian team in return for Al Rollins.

A usually reliable source termed the Sloan-Reise trade rumors "a logical move" by both teams. Detroit needs an extra forward and the Leafs could use a bruising defenceman of Reise's type.

DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

O U A U C, U B C K X X O. U B C A W X V J K Y E U Y K, J G B K J V K W J U A W U B O N U Y R' O X G W J U Y — N Y W P Y.

Yesterday's Cryptoquote: I DID BUT DREAM. O COWARD CONSCIENCE, HOW DOST THOU AFFLICT ME! — SHAKESPEARE.

PUBLIC NOTICES

NOTICE TO CONTRACTORS

SEALED TENDERS for the General Contract, including all trades, endorsed "Tender for School Construction, Salmo, B.C.", will be received by the Secretary Treasurer, School District No. 7 (Nelson) Nelson, B.C. at or before 5:00 P.M., Friday, June 6, 1952.

Working Drawings and Specifications will be available after 12:00 Noon, Monday, May 19, at the office of the Secretary of the School Board, and at the office of the Architects, Sharp & Thompson, Berwick, Pratt, 1553 Robson Street, Vancouver, B.C.

A certified cheque for Five Percent (5%) of each tender submitted must accompany each tender, and shall be forfeited if the party tendering declines to enter into contract when called upon to do so. On the award and signing of the contract, the successful tenderer shall furnish to the Board of School Trustees a Surety Bond equal to Fifty Percent (50%) of the contract price. On receipt of the Bond, the certified cheque submitted with the tender will be returned.

The Board of School Trustees and the Department of Education reserve the right to reject any or all tenders without explanation. No tender having any qualifying clauses will be considered.

The work consists of a new two classroom Elementary School with small Administration Section and Lavatories, and a two classroom addition to the existing High School with extension of existing steam heating and electrical systems.

The Contractors, at their option, may tender on any one or both projects.

A deposit of $25 (Twenty-Five Dollars) is required for each set of plans and specifications and will be returned upon receipt of same in good condition.

SHARP & THOMPSON,
BERWICK, PRATT
For Board of School Trustees

Quebec-Built Model Ship Sent To Duke

QUEBEC, June 3 (CP) — A scale model of an old-time, Quebec-built three-master, requested by the Duke of Edinburgh, has been completed here by an outstanding Canadian model shipbuilder.

Edmond Lecouvie, 65-year-old veteran of 39 years with the Quebec City police force, put in more than 800 hours of work to carve by hand some 1000 tiny pieces that make up the model.

Today, the model was delivered to the captain of the liner Empress of France as she docked here en route to Montreal. When the vessel returns to Liverpool, the model will be taken to Buckingham Palace and turned over to Prince Philip.

Lecouvie met the Duke and Princess Elizabeth when the royal couple toured Canada last Autumn as one of scores of policemen on duty during the visit.

Green below the waterline and white above, the model is 30 inches long and 24 inches high. It is made of red mahogany from the West Indies, ebony from Ceylon, ivory from walrus tusks from the Canadian North, Canadian black walnut, cobler's thread and wax.

Parachute Lands Six Tons Lead, Cement

EL CENTRO, Calif., June 3 (AP) —Six tons of lead and cement floated to the ground Sunday in the world's largest parachute, which had been dropped from a flying boxcar at 2300 feet.

Parachute experts at the El Centro naval air station are testing the big umbrella's ability to drop heavy military equipment.

Officials theorize, however, that smaller chutes or clusters of them will probably prove more practical than the big one.

The chute is made of three-quarters of an acre of nylon and is 200 feet in diameter. When packed it is tall as a man.

Calgary Livestock

Calgary, June 3 (CP) — Trade was active and prices steady to strong on the Calgary livestock market today. Offerings were 577 cattle and calves.

Good butcher steers and heifers were fully steady, the odd, outstanding heavy steer up to $25.30 and in-between kinds steady at Monday's advance. Cows were in good demand at steady prices, with the odd, choice, heifery kind up to $19. Bulls were around $1 higher. Stocker and feeder steers were in keen demand at prices strong to 50 cents higher. Veal calves were steady.

Hogs closed steady Monday at $24.50, while sows gained 25 cents at $13.75.

Good to choice light butcher steers 22.25-24; common to medium 18-22. Good to near-choice heavy butcher steers 23-24.75. Good to near-choice butcher heifers 22-23.50, common to medium 17-21.50. Good to choice fed calves 22.50-24, common to medium 20-21.50. Good cows 17-18.50, common to medium 15-16.50, canners and cutters 12-14.50. Good bulls 18-18.75, common to medium 15-17.50. Good stocker and feeder steers 21.50-23, common to medium 18-21. Good stocker and feeder steers 21.50-23, common to medium 18-21. Good to choice veal calves 26-30, common to medium 20-25.50.

Britain Claims World's Largest Uranium Deposit

LONDON, June 3 (AP) — The British Government disclosed today that one of the world's biggest deposits of uranium — the raw material of the atom bomb — has been found in Nigeria.

The field lies in the North Central part of the British West African colony, 20 miles from the nearest railway.

Geologists who reported the find estimated that each ton of ore contains $14 worth of uranium and niobium, a scarce metal used in heat-resistant alloys for jet engines. That would make the ore more valuable than many high-grade gold deposits.

The report said the field covers about 200 acres and that there is 700,000 tons of ore to the vertical foot. The depth of the deposit is so far unknown.

Disclosure of the find was made by Dr. R. A. MacKay and K. E. Beer in an official government publication.

The land is owned by the Nigerian Government but the mining rights belong to the British crown.

Italians Stage Armaments Show

ROME, June 3 (AP) — Italy paraded today the biggest public display of her armed might since she tore up the peace-treaty limits on her fighting force.

For three hours she rolled down the ancient way of the imperial forums a stream of mostly-new war material, much of it still stamped "U.S. Army." Overhead roared United States arms-aid Helldivers and Thunderbolts. Over the jagged silhouette of the Roman Colosseum shrieked flights of British-type Vampire jet fighters.

It was the first time in the six annual celebrations of the new republic constitution that the army could parade tanks, guns, and mechanized equipment instead of just regiments of marching men.

Expect Potato Prices to Drop

OTTAWA, June 3 (CP)— Potato prices may decline slightly in the next three or four weeks, L. F. Burrows, secretary of the Canadian Horticultural Council, said today.

New Canadian potatoes will be available in Ontario about July 1, and in British Columbia shortly before that he said in a statement.

"These new supplies, which will no greater than normal, will not ease the potato shortage but competition created by the marketing of local new supplies may cause prices to fall somewhat."

The shortage resulted from poor growing conditions in 1951 and from the U. S. government's action in discontinuing support of potato prices, he added.

Jet Sabres in "Secret" Class

GOOSE BAY, Labrador, Jue 3 (CP) — Air Force officials have classed as "secret" the flight of 20 R.C.A.F. Jets across the Atlantic to Scotland.

The Jets landed here yesterday from Bagotville, Que., but officials declined to announce their arrival. The landing was announced by the R.C.A.F. at Montreal.

Officers here gave no reason for their secrecy but the order apparently came from higher quarters. No announcement on the take-off was expected.

The F-86 Sabre Jets will fly to Kinloss, Scotland, to join Atlantic Pact defence forces in Britain.

Holland, Land of Windmills and Tulips, Builds Vast Industries

By FORBES RHUDE
Canadian Press Business Editor

Sometimes one wonders which is an old country, and which is a new.

Canadians take it for granted that we are a young country, but sometimes when we listen to some one from an old country it makes us feel that it is we who are old.

It makes us feel old, perhaps, because we are so relatively secure, while realy old countries are passing through phases of uncertainty and even adventure.

Take, for instance, the remarks of Dr. J. R. M. van den Brink, Netherlands Minister of Economic Affairs, who opened the Canadian International Trade Fair at Toronto. He said:

POPULATION PROBLEM

"That little country (Holland) shelters the most rapidly-increasing population of western Europe. Recently, it has become the most densely populated country of the world, with more than 800 inhabitants to the square mile.

"Canada, on the other hand, which nature has so richly blessed and provided with an area of about 280 times that of the Netherlands, contains roughly four inhabitants to the square mile.

"If the whole of Canada were habitable, and it was just as densely populated as the Netherlands, it could hold the population of the whole world, and still have room for a population equal to that of present-day Europe. . . .

"It is not possible for the Netherlands to solve its population problem solely by carrying out an active policy with regard to its internal economy. In order to avoid the occurrence of structural unemployment, it is also necessary to pursue an active immigration policy.

"The people of the Netherlands regard their growth as a sign of their strength, and are not ashamed of the fact that many Netherlanders leave their homes to seek their fortunes abroad.

"Since liberation, the population while 120,000 have emigrated, has increased by more than 1,000,000. Among countries that have absorbed Netherlands immigrants, Canada is by far the most important. From the total stream of immigrants, 40 per cent have gone to Canada."

NOT ONLY WOODEN SHOES

And a few more words that may dispel some of our ideas:

"The Netherlands is the largest West European exporter of agricultural products; but people make a big mistake when they think of my country as an agricultural country.

"It is just as exciting for my children to walk about in wooden shoes as it is for the children in Canada and America who have been presented with wooden shoes from the Netherlands. And many a Netherlander stops, just as a tourist does, to watch a windmill turning.

"No doubt, you do find many revolving windmills and thousands of children who wear wooden shoes day in, day out, in the Netherlands; but most of our young people are clothed in overalls and work in factories."

Informal Discussions Open in New Zealand on Three-Way Meat Market

WELLINGTON, N.Z., June 3 (Reuters) — Informal discussions on the recently-arranged three-way meat deal among Canada, Britain and New Zealand began here today.

They precede the talks to be held later this week by Canadian Government representatives, the New Zealand Government and the New Zealand Meat Producers Board.

The deal is being arranged to provide a market for some of the Canadian meat which would normally be sold in the United States if it weren't for the embargo imposed to prevent possible spread of foot-and-mouth disease from Canada.

PLANS FOR CANADA

Plans are being arranged to provide a market for some of the Canadian meat which would normally be sold in the United States if it weren't for the embargo imposed to prevent possible spread of foot-and-mouth disease from Canada.

Plans are being made to divert New Zealand meat from the United Kingdom to the U.S., permitting Canada to send her meat to the U.K. New Zealand and the U.S. are both free of foot-and-mouth disease. Canada has been carrying on a campaign to eliminate the disease but it has been spreading in Britain.

The Canadian representatives attending the discussions are G. R. Paterson, director of the agricultural and fisheries branch of the Department of Trade and Commerce; L. R. Cameron, technical adviser, and P. V. McLane, the acting high commissioner for Canada in New Zealand.

Market Trends

NEW YORK, June 3 (AP) — The stock market rocked along quietly, mostly on the downside but there was a strong undercurrent of recovery present in final phases of trading.

Canadian issues were mostly lower. McIntyre and Hiram Walker each slipped ½, Canadian Pacific and Dome Mines both dropped ¼. International Nickel and Distillers Seagrams were both up ⅛.

MONTREAL (CP) — Under leadership of senior metals and oils, stock prices dipped towards the close.

Utilities, carriers and steels showed weakness, but papers and beverages managed to post small gains. The remainder of the market was unchanged.

LONDON (Reuters) — Trading was slow in the last of the current trading accounts.

Major movements were in the foreign bond market where Germans fell by up to 4½ points. Japanese were lower with declines of up to 3½ points in dollar-clause bonds. Peruvians also eased.

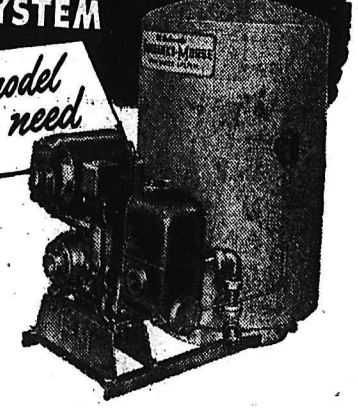
VICTORIA NEWSMEN ACCEPT PAY HIKES

VICTORIA, June 3 (CP)— Victoria's two daily newspapers and their editorial employees have accepted a conciliation board recommendation which grants pay increases to the newsroom workers.

New weekly scale for senior reporters on the Victoria Daily Times and Victoria Daily Colonist will be a basic $72 with $75 for deskmen on a 37½-hour five-day week.

Choose a FAIRBANKS-MORSE WATER SYSTEM

There's a model for every need



Model 425M-30 Fairbanks-Morse Shallow Well Water System. Capacity 400 gallons per hour. Self-oiling, Double-acting, Self-priming.

F-M Systems are backed by a company with over 120 years of experience in the building of mechanical equipment.

Every F-M pump carries a tag showing actual delivery of water to the tank, certified by an independent laboratory.

Whether you need a system to supply the needs of a large farm, or to provide enough for household use in a small cottage, there's a Fairbanks-Morse Water System for the purpose. Every unit, whether for deep well or shallow well use, is built to give a lifetime of economical, trouble-free service. Most systems come fully assembled for easy, low-cost installation. Let us give you full details.

FURTHER INCREASE IN BLIND BABIES

VANCOUVER, June 3 (CP)—An "alarming" 60 per cent increase in the number of blind persons in British Columbia in the last six years was reported yesterday by the chairman of the Western Division Canadian National Institute for the Blind.

Brig. J. A. Clark said there now are 2663 registered blind in this province.

"Notwithstanding the fact that our service program is making great strides, the over-all increase is alarming," he told the C.N.I.B.'s third annual conference.

One factor in the increase is the number of babies born blind because of retrolental fibroplasia, a disease whose cause and cure are unknown.

"I referred last year to the tragic increase in the number of blind babies and it is with the deepest concern and regret that I have to report a further substantial increase," Brig. Clark said.

Pressure Suspended On King of Jordan

CAIRO, Egypt, June 3 (AP) — The Egyptian newspaper Al Ahram reported today that pressure for the abdication of ailing King Talal of Jordan will be suspended for a few months until his son, Crown Prince Hussein, is 18 and eligible to take over the crown.

At the same time Al Misri in a Paris dispatch said Talal will soon be leaving hospital for his capital, Amman.

SAN SALVADOR, El Salvador—Dr. Sarbelio Navarrete, 73, education minister and president of El Salvador's Supreme Court.

SYDNEY, N.S. — Alex MacDonald, 58, one of the most colorful all-round athletes in Eastern Canada a number of years ago.

Four Over-Exposed To Atom-Radiation

CHICAGO, June 3 (AP) — Two atomic scientists and two research technicians were sent to hospital Monday after they were "overexposed" to radiation at the Argone National Laboratory in suburban Lemont.

A laboratory spokesman said it could not be determined immediately whether the four will suffer serious consequences.

Lester Furney, assistant to the director, said the accident occurred as the four were conducting an experiment which involved the use of fissionable (atom-splitting) material.

Taxis, Entertainment Banned in Tel Aviv

TEL AVIV, Israel, June 3 (AP) —Tel Aviv's municipal council banned operation of taxis on Saturday, the Jewish sabbath, and ordered no concerts, movies or theatre performances be held Friday night or Saturday. The action followed stoning and burning of taxis and private automobiles in recent months by sabbath zealots.

Sentenced to Death for Treason

WASHINGTON, June 3 (AP) — The Supreme Court today upheld the treason conviction of Tomoya Kawakita, accused of inhuman treatment of United States prisoners of war while he served as an interpreter at Japan's infamous Camp Oeyama. Kawakita, born in California of Japanese parents, is under sentence to die in San Quentin prison's gas chamber.

Viet Nam Gets New Premier

SAIGON, Indo-China, June 3 (AP) — A strong man who proposes to combine agrarian reforms with sterner military pressure against the Communist-led rebels became Viet Nam's premier today.

Chief of State Bao Dai dismissed the government of Premier Tran Van Huu and called on Nhuyen Van Tam to form a new one.

Tam, 57, is a former minister of public security and interior minister of Viet Nam—allied with the French in the five-year-old war against the Vietminh of Moscow-trained Ho Chi Minh.

Tam declared his intention of placing the economy of Viet Nam on a war footing under a "true government of national union" that would include all shades of political opinion except the Reds. The army will be increased to eight divisions.

U.S. Networks Join Canadian Stations On Queen's Birthday

OTTAWA, June 3 (CP) — Two United States radio networks—the National Broadcasting Company and the American Broadcasting Company—will carry a special birthday tribute to Queen Elizabeth June 9 which will be prepared and broadcast by a group of private Canadian radio stations, it was announced today.

The Canadian Association of Broadcasters said it is the first time since formation of the Canadian Broadcasting Corporation that permission for a coast-to-coast network has been granted to private stations.

The broadcast will be heard next Monday at 8 p.m. EDT, in the Maritimes, Ontario, and Quebec and at 10:30 to 11 p.m. EDT, in Western Canada, with a French-language broadcast at 9 p.m., EDT.

It will feature New Brunswick's St. Joseph's College choir.

Soldiers Jailed For Signal Tampering

EDMONTON, June 3 (CP) — A 117-mile train ride from Irma, Alta., to Edmonton cost two army privates two month's freedom.

Donald H. Gare and Terrence B. Rankin of the Medical Corps today were sentenced to two months at hard labor when they pleaded guilty to interfering with railway signals, thus endangering lives.

The two were taken into custody after they boarded a C.N.R. transcontinental passenger at Irma. Railway officials explained that the train generally makes no stop at Irma but it can be halted by a signal operated from inside the depot there.

The two men tripped the signal by reaching through a station window.

Officials said the transcontinental runs in two sections and the first section which was stopped was running late. A stop for any length of time might have brought the second section crashing into the first.

7 to Face Trial On Theft Charges

PEMBROKE, Ont., June 3 (CP) A grand jury today returned true bills on 11 charges facing seven men arrested in connection with large-scale thefts at nearby Petawawa military camp. Their trial on charges of conspiracy and theft will begin June 10 before County Judge J. T. Mulcahy.

Bursting River Maroons 25 Persons

LAVAL, Que., June 3 (CP)—The swift Montmorency River, swelled by a 20-hour rainfall, burst its banks near this resort village early today, carrying away a 200-foot wooden bridge and isolating 25 men, women and children on an island.

Damage by flooding waters in the other parts of the province was estimated at many thousands of dollars.

Latter Day Saints Conference Here

Clifford E. Young, of Salt Lake City, assistant to the Council of the Twelve, of the Church of Jesus Christ of Latter Day Saints, held conferences in Nelson Saturday and Sunday in the I.O.O.F. Hall. He was accompanied by President and Mrs. R. Scott Zimmerman of the Western Canadian Mission.

An open meeting was held Sunday night at which members and investigators from Rossland, Trail, Castlegar, Ymir and Nelson were present. Saturday's conference was confined to the missionaries of the Columbia District.

Newsvendor Tells Of Package Deal

OTTAWA, June 3 (AP) — An Ottawa school principal and father of five children told a senate committee today that if the trend towards comic books and illustrated magazines continues, school texts may have to be printed as comics to hold the attention of students.

Vincent Kelly, principal of St. Patrick's School, said he has found it increasingly difficult to keep children's minds on their work. School texts bore them because their minds are filled with comic books and illustrated magazines.

He was one of four witnesses at a committee investigating sale and distribution of indecent literature.

Wilfrid Grenier, an independent Ottawa vendor, described a "package deal" whereby vendors receive an assortment of magazines from distributing agencies. He said many of the magazines are immoral but he received them packaged in a bundle with better-grade publications.

Mr. Grenier said he asked some time ago for certain magazines to be left out of his bundle but they were not. Distributors told him he could make more money with the ones he asked to be deleted because those magazines sold better.

Under the "package deal" the distributor cannot return magazines for at least a week.

New Icebreaker To Be Second Largest

LAUZON, Que., June 3 (CP) — The biggest icebreaker ever constructed in North America will be launched June 12 from the Davie Shipbuilding and Repairing Company here and christened D'Iberville.

The vessel, built for the federal government, is the second largest in the world. She will be operated as an icebreaker by the transport department.

The ship is 311 feet long with a beam of 66 feet, seven inches. The next largest icebreakers are the U. S. Coast Guard's Mackinaw, that operates in the Great Lakes, and the federal government's N. B. McLean. A Russian ship is the largest in the world.

Former Nazi Kills Two Policemen

CAVALLON, France, June 3 (Reuters)—Georges Debon, 33, today killed two policemen in a fit of madness before being shot down by other police besieging his house. A former Nazi collaborator, he had a large collection of weapons at home. Early today he started firing on passers-by from a window and carried on a gun-battle with the police for two hours.

Tornado Strikes Iowa Community

APLINGTON, Ia., June 3 (AP) — One person was killed, two others were injured and heavy property damage was reported after a tornado struck Buck Grove community tonight.

3-YEAR-OLD ATTACKED

VICTORIA, June 3 (CP) — A three-year-old Central Saanich girl was criminally attacked Saturday evening only 100 yards from her home.

Chief V. J. Lawley said today he expects an early arrest.

Scientist Sure Flying Saucers Are Mirages Caused by Air Lens

By ALTON L. BLAKESLEE

NEW YORK, June 3 (AP)—Flying saucers are mirages, which you can create in your kitchen sink, says Dr. Donald H. Menzies, Harvary University astrophysicist.

Writing in Look magazine, Dr. Menzies says mirages probably account for most flying saucers that cannot be explained as balloons, plants, floating kites or reflections from planes.

There is a photograph of a formation of flying saucers created in his laboratory. The picture looks like the famous lubbock lights or saucer formation, taken in Texas. Dr. Menzies says the lubbock lights are probably a mirage of a row of distant city street lights.

A mirage is an image caused by a lens of air. The lens can form when a layer of warm air lies over layers of cold air, or a cold layer over warm ones. Light rays are bent and focused and reflected great distances. Any turbulence or movement of air makes the image move at tremendous speed, or it disappears. The image often looks like a disk with a hazy structure to it.

INDOOR EXPERIMENT

Dr. Menzies made his laboratory saucers by filling a glass jar half full of benzene, and floating acetone atop the benzene. Benzene has optical qualities like cold air, and acetone like warm air. Gentle stirring produced a narrow layer of a mixture of the two, like the lens formed with warm air thrusting upward into cold air.

A beam of light, focused upward through the chemicals, curved downward when it hit this layer. A row of light beams produced the laboratory lubbock lights.

TRY IT AT HOME

Dr. Menzies hints that outdoor experiments might be arranged to clinch the mirage explanation.

For home-made saucers, he says, fill your kitchen sink to the brim with water. On one side, place a box with a series of pin-holes in it, and a candle or other light in the box.

Face the lights from the opposite side of the sink, with your eye close to the water, and you will see bright reflections. If someone stirs the water into waves, the lights will float and travel and even show disk-like form.

IRAN BARRED FROM CANADIAN GRAIN

OTTAWA, June 3 (CP) — Britain has blocked Iran from getting cheap wheat under the international wheat agreement, federal officials said today.

They were commenting on the Canadian Wheat Board statement at Winnipeg that Canada's allocation of wheat and flour under the I.W.A. has been closed for the United Kingdom territory of the Anglo-Iranian oil company.

Britain has a fixed import quota of wheat under the I.W.A. and part of this quota is extended to certain areas which she recognizes as her responsibility.

Ousted from the Iranian oil fields Britain now has retaliated by cutting the Iranian area out of her wheat quotas. That means Iran will have to buy wheat and flour at class II prices, which are sharply higher than the I.W.A. level.

Senanayake Presents Cabinet Ministers

COLOMBO, June 3 (Reuters)—Prime Minister Dudley Senanayake, whose United National party was returned to power last week in Ceylon's first general elections since the island achieved Dominion status in 1947, today presented his cabinet for swearing in by Governor-General Lord Soulbury.

Senanayake retains the Ministries of Defence and External Affairs. His party won 54 of the 95 elected seats in the House of Representatives. Six seats were reserved for minority communities and it is likely the government will nominate to them three Ceylon Indians, two Europeans and one Eurasian.

CONTRACTOR KILLED

BURNABY, B. C., June 3 (CP)—A 39-year-old blasting contractor, Reginald C. Goldie, was killed today wehn a dynamite charge exploded near where he was standing.

20 HOMELESS AFTER FIRE

Marauding Dogs Kill B.C. Sheep

VICTORIA, June 3 (CP) — Marauding dogs are threatening to destroy British Columbia's sheep industry, Department of Agriculture officials disclosed here.

W. R. Gunn, B.C. livestock commissioner, said that sheep-raising on Vancouver Island and elsewhere in B.C. is rapidly declining, chiefly due to widespread killing by dogs.

Killer dogs sometimes take a toll of more than 60 sheep in a single raid, leaving many to die a slow death from wounds, he said.

Mr. Gunn said the taxpayer is paying out money in compensation for the damage done by dogs. "But that is nothing when you consider an industry is being slowly destroyed."

But besides killer dogs, the industry on the mainland has another problem — the shortage of shepherds. Few people today care to live out in the hills with flocks for several months, livestock officials said.

Some sheep raisers have brought shepherds over from Scotland.

To meet Canada's annual needs, it is estimated that wool from more than 12,000,000 sheep would be required. At present the flocks total only about 2,000,000 animals.

Pressman Confirms Major Davis' Death

PANMUNJOM, Korea, June 3 (AP) — A Communist correspondent today said he had seen photographs which confirm the death of Maj. George Davis, Jr., top United States jet ace shot down last Feb. 10.

Alan Winnington of the London Daily Worker told allied reporters he saw "within the last day or two" photographs of Davis' body, his identification tag, his pistol and his crashed jet. The pictures appeared in the Communist Chinese-language publication "Liberation Army Pictorial."

Winnington said the paper also carried a big photograph of Chang Tse-hui, Chinese ace credited with shooting down Davis.

EISENHOWER REFERS BRIEFLY TO SENATOR TAFT'S CAMPAIGN TALK

WASHINGTON, June 3 (AP) — General Eisenhower said today he still contends that the dominant factor in a future war will be air power. He also wished that anyone who believes the foot soldier can be eliminated would "show me how to d olt."

He was asked at a press conference about last Sunday's statement by Senator Robert Taft that there has been a steady deterioration of U. S. air power which began while the General was chief of staff.

"There was a man named Billy Mitchell," Eisenhower recalled, who agitated after the first world war for a separate air force.

POINTED COMMENTS

Eisenhower added that he "instantly started" after the second world war to cooperate in divorcing air power from the ground forces.

Gen. Carl Spaatz, retired air force leader, "was my companion and associate" and "I stood with him of 70 air force groups," Eisenhower continued, adding that "we were whittled down."

Eisenhower said he had stood for air power and air force in every way it is possible to do so."

His comments were sharply pointed up by the fact he and Taft are the front-running candidates for the Republican presidential nomination.
