Sunday outlook sunny.

Forest Fire Ravages 20,000 Acres

Death Penalty Asked For Riot Ringleader

Naguib Issues Ominous Warning To Would-Be Riot Instigators

CAIRO, Egypt, Aug. 15 (AP)—A military prosecutor asked the death penalty today for a worker accused of being a ringleader of a labor riot Wednesday in the cotton mill town of Kafr El Dawar, near Alexandria.

The case against Mustafa Khamis, first of a number of demonstrators to be tried in connection with the bloody riots, was closed after the prosecutor declared Khamis' actions constituted high treason.

The disturbance, touched off by demands for more pay, took nine lives, brought injury to 23 others and caused thousands of dollars damage.

The charges against Khamis Sjid said he led the demonstrators and participated in the killing of two soldiers and in the destruction of cotton mill equipment.

BETTER TO EXECUTE FEW

In a statement to directors of the Misr Cotton Company, at whose plant the riot occurred, Naguib said yesterday:

"We have discovered some of the instigators, and you shall see for yourselves in the course of the next few days the severe punishment which will be meted out to them. It is better to execute a few than to have thousands of lives jeopardized."

Twenty-nine are being held for trial and 574 workers are being held for investigation.

Naguib told thousands of soldiers at army headquarters today there still are "elements in the country who belong to the corrupt era, who are actively working to frustrate the (Reform) movement."

"WE'LL SHOOT THEM"

"We'll crush them — we'll shoot them if necessary," he shouted.

Naguib did not elaborate on who these opposition elements might be, but informed sources said it included politicians, some of whom doubtless are opposed to the new government decrees restricting land holdings to 200 acres and ordering the remainder sold to the country's peasants.

Naguib warned the soldiers, who had just come from regular Friday Moslem prayers, not to consider the new land restrictions and moves to redistribute the country's wealth as a trend toward Communism.

"There is no Communism in the army movement," he said, "and we'll truly crush any elements convicted of distributing such propaganda."

Student Minister Still Missing

VANCOUVER, Aug. 15 (CP) —A 35-year-old student minister has been missing from Silverton, B.C., near Nelson, for almost three months.

Friends here of Richard English said today he was last seen May 23 when he told his parishioners he was going to nearby Salmo for a few days.

Friends in Silverton said he was suffering from one of his periodic fits of despondency when he disappeared.

Rev. Elmer Olson of Vancouver requested that any person knowing the whereabouts contact him.

200 Canadians to Attend Dieppe Memorial Service

By JACK GOLDING
Canadian Press Staff Writer

LONDON, Aug. 15 (CP) — Some 200 Canadian Army veterans of the Second World War will go to Brighton Sunday to honor comrades killed in the Dieppe raid 10 years ago.

The Canadian contingent will be joined by 700 British Legion members in paying tribute to the men of the Dieppe raid. Some Canadian veterans will be men who actually took part in the savage battle which took some 3000 Canadian lives.

Tuesday, the actual anniversary of the 1942 raid by Canada's 2nd Infantry Division, the town of Dieppe will close dow. in remembrance.

Special services will be held on the beaches and at the cemeteries.

Some Canadian officers and men are expected to fly from Canada to Dieppe via Paris for the occasion.

Gov't Aims at Fair H.I.S. Plan

VICTORIA, Aug. 15 (CP) — There still may be a possibility that persons who have paid $35 in co-insurance under the old hospital scheme may be exempt from the new $1 a day plan introduced recently by the Social Credit government.

Health Minister Eric Martin said today the possibility is under "very active consideration."

"If it is legally possible to do anything, we will do it," he said.

He said relief might be in sight for patients who were in hospital when the new plan was introduced and for persons going to hospital for the second time in the year after having paid all or most of their co-insurance.

Open Verdict Given In Coast Gas Death

VANCOUVER, Aug. 15 (CP) — Harold John Hughes, a 49-year-old accountant was released from police custory tonight after a coroner's jury returned an open verdict in the death of his wife. Hughes had been held as a material witness.

The jury did not classify the death Aug. 9 of Joyce Sowden Hughes, 29. Jurors ruled only on the cause of death — "Asphyxia from carbon monoxide poisoning."

Mrs. Hughes was found dead in the couples' apartment during the morning. After tenants asked the landlady to investigate gas fumes in the building. Mrs. Hughes was on top of the bed, fully clothed.

CANADA EXPECTS RECORD CROPS

Storage Space to Handle Bumper Crop May Prove Poser

By HAROLD MORRISON
Canadian Press Staff Writer

OTTAWA, Aug. 15 (CP) — Government statisticians today forecast unprecedented grain production for Canada this year, including record 656,000,000-bushel wheat and 295,333,000-bushel barley crops.

But pinned to this rosy outlook is a gloomy prediction by grain experts that Canada simply hasn't the storage space to handle such tremendous crops and community halls, skating rinks and auditoriums out West may have to be requisitioned to provide emergency storage.

FEELS CONFIDENT

Nevertheless, Transport Controller R. W. Milner said he felt confident that a "well-coordinated effort will move the grain into export channels in a satisfactory volume."

He pointed out that last year's crop presented "very complex difficulties but the amount handled by Canadian railroads and vessels was an evidence of their efficiency. Handling records were made last year in spite of difficulties."

WINNIPEG, Aug. 15 (CP)—The Tribune says today in a newspage story that Canada's record-breaking grain crop may collide head-on with a grain-handlers' strike at the Lakehead Sept. 1 in the opinion of terminal elevator operators on the Winnipeg Grain Exchange.

REJECT RECOMMENDATION

The newspaper says the Lakehead Union has rejected a federal conciliation board recommendation for settlement of a contract dispute between the Union and 15 Lakehead elevator companies.

The newspaper says Frank Hall, Union vice-president, will be here next week to negotiate a settlement but he must take the companies offer back to a general meeting at the Lakehead.

Marines Resist 2 Attacks on Hill

SEOUL, Aug. 16 (Saturday) — United States marines Friday mowed down Chinese Communists who twice charged Bunker Hill, blood-soaked sector where the Reds have suffered 3014 casualties in a week of attacks.

The commanding height almost on the border of the armistice town of Panmunjom still was in marine hands when the Reds retired Friday under the lash of allied fighter-bombers.

The marines said the Chinese had lost the 3014 in killed or wounded since the battle broke out last Saturday for adjacent Siberia Hill.

The marines did not estimate the total dead but the Eighth Army said the Reds had suffered 897 dead and 1183 wounded since Tuesday. That was the day the marines siezed both Siberia Hill and Bunker Hill.

HONOR FLIERS . . . A cairn honoring Lieutenant-Governor J. A. D. McCurdy, right, of Nova Scotia, and the late F. W. (Casey) Baldwin, who undertook the first military demonstration of aircraft in Canada, is unveiled by Defence Minister Claxton at Petawawa Military Camp, Ont., where the flight was made. The demonstration, in August, 1909, ushered in military aviation in Canada and followed by a few months the first Canadian flight of any kind by Mr. McCurdy at Baddeck, N.S., in the "Silver Dart."—(CP photo).

New Station Brings Britain Near Complete TV Coverage

CARDIFF, Wales, Aug. 15 (Reuters) — Britain's national television coverage became the most complete in the world tonight with the opening of a powerful new transmitting station near here.

Now four-fifths of the country's 50,000,000 people can see video — provided they have sets — beamed to them by the state-controlled BBC.

That's an ever bigger percentage than in the United States, where commercial networks serve less than half the population.

Although television has not yet been officially inaugurated in Canada, many Canadien viewers near the border pick up U.S. programs on their sets.

hough U.S. TV networks have a small proportionate audience, they serve a geographical area far wider than that covered by the BBC. American viewers also have a choice of programs. Britons have only one — but it has no commercials.

The new station opened tonight at nearby Wenvoe brought television to 4,500,000 Britons living in the mountainous coal-mining valleys of South Wales and the rolling farmlands of Western England.

RELAY STATIONS

Now BBC blankets most of England, Scotland and Wales. A few low-power relay stations will soon be established to fill in gaps on the fringes of the five main transmitter service areas. They will extend to Northern Ireland.

Earl De La Warr, the postmaster general, opened the new 50-kilowatt transmitter tonight.

De La Warr said that Britain hopes to introduce color TV "as soon as the demands of defence, housing and exports make it possible."

No Friend in Need

OAKLAND, Calif., Aug. 15 (AP)—"How much would it cost if I socked my cab driver?" Andrew Allen, 45, asked Oakland police today after the cabbie had driven him to the station in a dispute over the fare.

"That would be battery; bail $200," replied night clerk Gene Wright.

Allen, who described himself as a Salt Lake City used car dealer, called a friend in San Francisco to come and post the bail.

Then he bopped the cabbie.

But the friend didn't show up, so Allen went to jail.

Mission Chief Leaves for Tokyo

VANCOUVER, Aug. 15 (CP) — Brig. R. E. A. Morton of Toronto left here today for his new appointment as chief of the Canadian military mission in Tokyo.

His appointment marks a change in government relations with Japan. Because he can take his family, it means Japan has become a country of normal posting for officers and men attached to the mission.

DOLLAR DOWN

NEW YORK, Aug. 15 (CP)—The Canadian dollar was 3/32 of a cent lower at a premium of 4 5/32 per cent in terms of United States funds in closing foreign exchange dealings today. The pound sterling was 1/16 of a cent lower at $2.78½.

Two Candles Top The Princess' Cake

BALMORAL, Scotland, Aug. 15 (Reuters) — The highlight of Princess Anne's second birthday celebrations today came during a family tea party when —with a squeal of delight — she blew out two candles atop her birthday cake.

The quiet party was held at Balmoral Castle, the Royal Family's favorite Summer home. Her parents, the Queen and Duke of Edinburgh, and her three-year-old brother, Charles, were the principal guests.

Also on hand for the festivities were the Duchess of Kent and her two children — Princess Alexandra and Prince Michael— who are vacationing on the Balmoral estate.

Fair-haired, blue-eyed Anne ushered in the big day with a early start.

Well before "Mummy" and "Papa" were awake, the Duke of Cornwall bounded into Princess Anne's bedroom, and presented the still-sleepy tyke with her first present.

Though royal birthday gifts are generally kept secret, Charles was reported to have given Anne a woolly toy dog.

Then, after breakfast, Anne and Charlie went romping through the vast castle grounds with the Queen's two Corgi dogs, Sugar and Sausan.

U. K. Questions Arms Gift Figure

By ALAN HARVEY
Canadian Press Staff Writer

LONDON, Aug. 15 (CP) — The British Treasury said tonight it is "continuing to consult" with Canadian authorities on the implication of last Wednesday arms gift-for-Britain announcement by Trade Minister C. D. Howe of Canada.

A treasury spokesman said the figure of $150,000,000 announced by Howe was a "new figure here, but we believe Mr. Howe was misreported in saying that it would be all spendable this year."

There was some doubt that How's statement goes much farther than plans made known last February at the Lisbon conference of the North Atlantic Treaty Organization.

Some British officials believe Howe referred to Canada's commitment made at Lisbon to provide $324,000,000 worth of arms to her treaty partners. Of this sum, it has been said here, about $100,000,000 worth of arms would be allocated to Britain by N.A.T.O.

Thus, it is officially suggested, the announcement is news only to the extent of the specific $150,000,000 mentioned by Howe.

Polio Is Still Rampant in West

By The Canadian Press

Canada's four Western provinces continue to bear the brunt of this year's poliomyelitis attack, most other provinces reporting an average number of cases and deaths. Ontario figures are far below last year's.

A Canadian Press survey today showed 219 cases reported in Saskatchewan with 12 deaths. A week ago there had been six deaths and 150 cases. These figures outshadow last year's 23 cases and four deaths.

Alberta is next, reporting 182 cases and 12 deaths, compared with only one death and 18 cases last year.

In British Columbia there have been 10 polio deaths, compared with two last year. The 98 cases so far this year are 74 more than last year's total.

Cariboo Blaze Racing Through Valuable Pine And Spruce Timberland

VANCOUVER, Aug. 15 (CP)—On-the-scene forestry men estimated tonight that British Columbia's Burns Lake forest fire—still out of control—now covers at least 20,000 acres.

This surpasses by thousands of acres all previous estimates on the fire's penetration and almost equals the acreage swept in B.C.'s biggest fire last year.

The 30-square-mile estimate was received by forestry officials in Prince Rupert, B.C. Forestry men stressed that the estimate was "rough." The destruction could be less, they said. Or possibly greater.

The report said there were so many spot fires and so much smoke in the area, 4000 miles Northeast of Vancouver, that it was impossible to get a clear picture.

This Cariboo country fire—which has taken at least one life — is stabbing across a plateau covered with valuable stands of spruce and pine.

141 FIRES

It is one of 141 fires being battled throughout the province by 1500 men. Scores of fires have erupted on mountaintops and in inaccessible valleys where there is no way of getting at them.

Light, scattered showers pattered down at several points today but it would take a soaking rain to drown the fires.

There has been no heavy rainfall in B.C. for 23 days.

LAST YEAR

The biggest fire last year swept 25,000 to 30,000 acres on Vancouver Island, near Campbell River. It reached the height of its fury early in July after a prolonged drought.

No lives were lost in that fire. The known victim of the Burns Lake fire was bulldozer operator Howard Gordon, burned to death Wednesday.

His companion, J. H. Hunter, listed as missing, was reported today to have been seen on his way back to camp. However, he has not reported to any camp.

A light breeze ballooned the fire on two fronts today and carried embers over the heads of firefighters to start new blazes.

Firefighters feared a repetition of the roaring crown fire which streaked through the treetops and snuffed out Gordon's life.

6 PLANES

The Forest Service had six planes in the air checking the extent of old fires and spotting new ones. The weather bureau predicted warm weather and clear skies during the weekend.

Four of 17 fires in the Prince Rupert area were raging out of control. Red-eyed firefighters held their lines around the others in the area.

One fire brought under control was near Aluminum Company of Canada's power line from Kemano to Kitimat, about 100 miles Southeast of Prince Rupert.

Uncontrolled fires included two on Vancouver Island, one in the Babine Lake area, 600 miles North of here, and below Gull Lake, near the Yukon border.

Some 1500 acres of timber was burning at Vernon Lake. Another fire swept through 600 acres high up on the slopes of Mount Blueby at the head of Great Central Lake.

Some 200 men had to struggle up the 4900-foot mountain to get at the fire and prevent it sweeping down the opposite side into rich stands of timber.

High in the Cascades, 150 miles East of here, 25 men were battling a stubborn 100-acre blaze which has been burning for nearly a week. Supplies were flown to the fire crews.

$40,000 DAMAGE

Damage was estimated at $40,000 in a 1500-acre blaze which swept the slopes of Blue Grouse Mountain on Lake Okanagan yesterday. Fire also wiped out a dwelling and orchard. Some 175 men were mopping it up.

A fire at Moha, 180 miles North of here, was controlled after it levelled a sawmill and threatened the tiny settlement.

U. S. Not Making Rash Promises

UNITED NATIONS, Aug. 15 (AP) —The United States served notice today it will not tie its hands against using A-bombs, germ weapons or chemical warfare to combat aggression until there is an iron-clad world guarantee against mass-destruction weapons.

U.S. delegate Benjamin Cohen told the 12-country U.N. Disarmament Commission the U.S. is not setting itself up for a sucker punch from future charter-breakers by agreeing to any paper promises that have no effective force.

Reminding the commission that the United States, in signing the U.N. Charter, condemned all force —not only the use of germ and gas warfare—and will support methods to eliminate all atomic, chemical and bacteriological weapons from the world, Cohen said:

"We are issuing no ultimatums, we are making no threats. But we do not intend, before such measures and safeguards have been agreed upon, to invite aggression by informing, or committing ourselves to would-be aggressors and charter-breakers that we will not use certain weapons to suppress aggression.

Three Successful in Stormy Channel Swim

FOLKESTONE, England, Aug. 15 (AP) — Three swimmers — a buxom English factory girl, a brawny British real estate agent, and an Egyptian mechanic — swam the stormy English channel today.

They made it through rain, hail and swirling seas.

Ten of the 14 who have tried the crossing since the season opened yesterday have failed.

Only Fahmy Attalah of Egypt, heading for England, was still in the swim tonight after Ned Barnie, 56-year-old Scot, attempting a double-crossing, gave up one mile from the French coast on the first leg of his swim. He had been in the water 19 hours, 44 minutes.

The Egyptian who made it, Bakr Soliman, 26-year-old motor mechanic from Cairo, landed third in a wild thunderstorm. His time was 18 hours and 15 minutes.

Handlers of the real estate agent, 26-year-old Victor Birkett, said he was the first to complete the crossing landing almost unnoticed at Abbott Cliff near Dover six minutes ahead of blonde, blue-eyed Kathleen Mayoh, 20. Miss Mayoh splashed nonchalantly ashore unaided a few miles away at East Cilff, a Folkestone holiday beach.

Birkett's unofficial time was 15 hours, 36 minutes. Miss Mayoh made it in 16 hours, 55 minutes.

A NEW PLAYMATE for Melody Leonard of Beaverton, Ont., is this three-month-old racoon found in an abandoned farm home. The racoon wastes no time in making friends, and if left alone crawls into bed with the baby, pulls the covers up to his chin and snoozes blissfully.—Central Press Canadian.

South Africa Expects Full Jails After Defiance Campaign Today

PORT ELIZABETH, South Africa, Aug. 15 (Reuters)—South African jails are expected to be overflowing tomorrow after the non-European passive-resistance campaign against segregation laws goes into a new phase.

The new campaign, organized by the "Defiance of unjust laws" movement, was announnced today. It will go into operation a half-hour after midnight tonight, with volunteers concerting in defying the racial discrimination laws.

Police said the main centres — Port Elizabeth, Grahamstown and Uitenhage—were quiet today. They were satisfied their precautions for the campaign are adequate.

Dr. J. Njongwe, leader of the African National Congress in Cape Province, said today arrest of the movement's leaders was of minor importance in the campaign.

"Individuals do not count in the fight against discrimination," he said.

If all goes well, he said, 680 registers will be in jail by Monday evening in the three main cities alone.

The over-all campaign against apartheid (racial segregation) was started June 26! Since then, nearly 2500 non-Europeans have been arrested in the Union for defying the laws.

MRS. MAY FAILS AGAIN IN MINE PROPERTY FIGHT

VANCOUVER, B.C. — Another defeat has been suffered by Mrs. Minnie Mead May in her 37-year-long legal battle to recover the Gibson silver, lead and zinc mine near Kaslo.

The little grey-haired Montana woman has spent most of the last four decades in the courts of the West coast and the Privy Council in an attempt to win back the mining property purchased by herself and her husband, David Kind May, about 40 years ago.

Mr. Justice Wilson refused Mrs. May's application for transfer of the property under a default judgment she obtained nearly 15 years ago in the B.C. Supreme Court.

He declared the judgment was not against the late Hilyard Hartin, trustee of the brankrupt Daybreak Mining Co., holder of the Gibson property.

Joseph Oliver made the application for Mrs. May and Paul D. Murphy opposed it for Mrs. Hartin, who has taken her husband's place as trustee of the Daybreak Company.

CAR ACCIDENTS TAKE 2 LIVES

PENTICTON, B. C., Aug. 15 (CP) —Julie May Hack, 21, of Summerland, was killed in a three-car collision today on the Skaha Lake road near here. Two others were injured.

MERRITT, B. C., Aug. 15 (CP) — Mrs. Christina Stroney, 52, died yesterday after being run over by a truck at the Douglas Lake Reserve Stampede.

Shell Oil Expands Coast Refinery

VANCOUVER, Aug. 15 (CP) — Shell Oil Company of Canada said today it will spend $10,000,000 this Fall on expansion of its refinery here.

W. M. V. Ash, company president, said refinery capacity will be more than doubled to 15,000 barrels daily and that the payroll will be increased 50 per cent to 450.

Shell is the third major oil company to launch a multi-million-dollar program of construction and expansion here in anticipation of the Edmonton-Vancouver pipeline's arrival late next year. Shell holds a substantial interest in the $82,000,000 trans-mountain oil pipeline.

Butchers Demand Shorter Hours And Wage Boost

VANCOUVER, Aug. 15 (CP) — Butcher shop employees in Vancouver, New Westminster and Victoria are demanding a 40-hour week with no reduction in take-home pay and a 10-cent-an-hour increase in wages.

This was disclosed today by George Johnston, secretary of the Amalgamated Meat Cutters and Butcher Workmen (A.F.L.), when he announced negotiations are due to open soon with major chain stores.

The stores include Canada Safeway Ltd., Superior Food Stores, some Super Valu Stores and B. and K. Economy Stores.

Meat workers, other than those who work in department stores, now work a 5½-day, 44-hour week.

Reduction in the work week plus the 10 cent increase would mean increases ranging from 19 to 26½ cents an hour.

TORONTO PUBLISHER . . . Harry G. Kimber, assistant publisher of the Toronto Globe and Mail for several years, has succeeded the late George McCullagh as president of that newspaper and of the Toronto Telegram, which Mr. McCullagh also owned. Mr. Kimber also becomes publisher of the Globe and Mail and acting publisher of the Telegram, in succession to Mr. McCullagh who died Aug. 5 of a heart attack. Mr. Kimber started in the newspaper business in 1912 with the old Toronto Globe. He left in 1930 to become general manager of the old London Advertiser. He returned to the Globe and Mail in 1936 as general manager.—(CP photo).

Centenarian Can Recall Abe's Jokes

SEATTLE, Aug. 15 (AP) — A man who remembers visits of Abraham Lincoln to neighbors here a century of life today.

Joseph Birven Thompson, now 100 years old, was born a slave in Missouri. He came to the district where the Wild Bill Hickock family lived and has spent part of his life prospecting in the Olympic Mountains.

Thompson said one of the things h remembers most vividly is how Abe Lincoln used to make everybody laugh.

And in This Corner . . .

LOS ANGELES, Aug. 14 (AP)—The ding dong daddy of the "D" line has taken his 15th bride, but he's in the dog house. She locked him out of their apartment last night, nine days after their marriage.

He is Francis H. Van Wie, 66, former San Francisco street car conductor, lion tamer and boxer. His disillusioned bride is 73-year-old Amelia Pritchard, Los Angeles widow.

"Why, he led me to believe he was a bachelor," she told a reporter from behind the barred door of her apartment. "No, he's not here; I don't know where he went. No, I didn't know he'd never been married."

Van Wie left home shortly after newspaper stories told of his marriage to Mrs. Pritchard in Las Vegas, Nev., Aug. 5.

Van Wie served a San Quentin prison term for bigamy. He wooed his women on the San Francisco "D" line but neglected the legal formalities in divorcing them. When the law caught up with him and he was tried, he testified that he had been wed 12 or 13 times. He received three 10-year terms but was paroled in 1947 after serving two years.

Outspoken Answers to Howe's Announcement

By ALAN HARVEY
Canadian Press Staff Writer

LONDON, Aug. 15 (CP) — A spokesman for the British treasury said today the Canadian announcement of a $150,000,000 arms gift to Britain appears to involve a "new figure."

The official declined further comment pending more detailed information on the announcement, made Wednesday by Trade Minister Howe in Ottawa.

Beneath the cautious treasury comment however, apparently lurked a doubt that the Wednesday statement goes much farther than plans made known six months ago.

Some British officials here believe the Canadian minister is referring to Canada's commitment, made at the Lisbon conference of the North Atlantic Treaty Organization last February, to provide $324,000,000 worth of arms to her treaty partners. Of this, it has been said here, about $100,000,000 worth of arms would be allocated to Britain by the N.A.T.O. council.

Thus, it is unofficially suggested, the Canadian announcement is news only to the extent of the specific $150,000,000 mentioned by Howe.

The right-wing Financial Times, in a dispatch from a special correspondent in Ottawa, says Canada has not yet announced any new step that will add a single dollar to the sterling area's reserves. The dispatch says the program announced by Howe was drawn up "at least six months ago."

Canada herself is making no direct arms gift to the United Kingdom," says The Financial Times dispatch.

The correspondent also says:

Canada's attitude has been described in Ottawa as "willingness to give Britain all help short of aid."

Canada is buying from Britain less than half what she sells to Britain.

Canada is using a British aircraft carrier, but, unlike Australia, she did not pay for it." The correspondent adds that Canada will, however, pay dollars for a new aircraft carrier now being built at Belfast.

PRESS PRAISE

There has been little other interpretive comment here on the arms gift announcement. The Liberal News Chronicle uses it as a peg for a lengthy editorial today extolling Canada's growing strength, as signs that "within the commonwealth a new power is surging which may one day equal, or even outclass, the might of the U. S."

The right-wing Daily Express also leads off with an editorial on the arms gift.

"Cold is the heart," it says, "that cannot be warmed by Canada's gesture in making Britain a free gift of arms equipment worth $150,000,000 . . ."

SHIPMENT TO ITALY

ROME, Aug. 15 (AP) — The Italian news agency reported today Canada is preparing to send a shipment of arms and equipment to Italy soon.

Included in the shipment, the agency said, will be 72 field guns, complete with equipment and 144 gun carriers.

Foreign Stars Will Provide Stiff Net Battle

TORONTO, Aug. 15 (CP) — The Canadian lawn tennis championships open here tomorrow with a preliminary round designed to trim entries in the men's singles competition from 88 down to the required 64.

This year's championships have drawn almost 150 competitors from Canada, Mexico, the United States, Japan, Ecuador, Denmark, France and the Philippines. Some 60 Canadians are entered in the men's singles and the preliminary round is expected to take up the opening day's play.

Two top-ranking tennis stars, Dick Savitt of Orange, N.J., and Art Larsen of San Leandro, Calif., head the United States contingent. Other notables are Tony Vincent, New York, last year's champion; Hal burrows and Dick Gaines of Edgenton, Mass.

Gustavo Palofax, ranked No. 1 in Mexico, and Anselmo Quente will represent Central America. Denmark sent Kurt Neilsen, covered and hard-court champion.

Lined up for Canada against this invasion of foreign stars will be Davis Cuppers, Brendan Macken and Henri Rochon of Montreal and Lorne Main and Bob Barclay of Vancouver.

Pat Macken of Montreal and Dorothy Hurso and Louise Brown of Toronto will carry Canadian colors into the women's events.

Business Spotlight . .

Plastic Body for Cars at C.N.E.

By FORBES RHUDE
Canadian Press Business Editor

Items from here and there:

The television industry, according to spokesmen, expects to sell 91,000 TV sets in the Ontario and Quebec areas between now and the end of the year.

Canadian Westinghouse Co., Ltd., reports that TV orders provide the main impetus for sales totalling $1,160,000 at its recent three-day display in Toronto for Ontario dealer.

Naugatuck chemical division of Dominion Rubber Company announces that it will exhibit a plastic automobile body at the Canadian National Exhibition in Toronto, Aug. 22-Sept. 13.

The material used is a combination of Vibrin Polyester resins and glass fibre and now is being produced at Naugatuck's plant at Elmira, Ont. Nagatuck says of the new car body:

"It is molded in one piece, is approximately one-fifth of an inch thick and weighs 185 pounds. It will not dent under accidents which in the conventional car bodies now result in crumpled fenders and doors.

"To test its strength, it was driven into a tree at 25 miles an hour. The test resulted in a crack approximately 14 inches in length at the point of impact. The crack was repaired with a patch of glass fibre and vibrin plastic within an hour."

OR SPORTS CAR

The body ot be shown is on a sports car which recently made a 10,000-mile trip through 40 United States cities. It sells for $695 in the United States, where it is in commercial production. It has not yet been made in other designs.

The Aug. 2 issue of Foreign Trade published by the Department of Trade and Commerce, contains a study of Canadian certified seed potatoes—the industry, the markets, and assistance to exporters.

Prince Edward Island and New Brunswick are the big producers, but British Columbia and Nova Scotia also are active in some markets. Last year, exports totalled 4,237,397 bushels, of which nearly three-quarters went to the United States, but with many other countries taking substantial quantities. Exports to April 30 this year, totalled 1,818,633 bushels.

Plea for Cheaper Beer Everywhere

WINNIPEG, Aug. 15 (CP) — A plea for a cheaper glass of beer — "the working man's drink" — was made today by J. E. Smith of Edmonton, president of The Brewery, Malt, Soft Drink and Allied Trades Federation of Western Canada. He spoke at the Group's annual convention here.

Mr. Smith said the only way to cut the price is to reduce the malt tax, now 3.6 times the cost of the malt.

TWO PAY FINES

Fines were paid by two men who pleaded guilty to speeding when they appeared before Magistrate William Brown in City Court Friday. For exceeding the 30-mile limit on Nelson Avenue Thursday night, W. N. Fleming was fined $25 and P. L. Thompson $30.

Nelson Boys Train at Vernon

WHEN THE SUBJECT is mechanical, Royal Canadian Army Cadets are all ears, as this picture testifies. The group, which includes three boys from Nelson, are undergoing driver-mechanic training at the Vernon Cadet Camp, where more than 500 Cadets are currently encamped. From left to right are: Instructor Ernie Feldseth of Vancouver; Cadet Jim McNabb, Nelson; Cadet Walter Lorz, Vancouver; Cadet Gerry Stevens, 213 Mill Street, Nelson; Cadet Sam Seminoff, Nelson. —National Defence photo.

No Blame Attached In Death of Winlaw Man in Operation

No blame was attached to anyone in the death of P. A. Katasonoff, 60, of Winlaw, on the operating table at Kootenay Lake General Hospital Thursday, a coroner's jury decided at City Hall Friday. Death was due to a heart condition, it was found.

Mr. Katasonoff was found to have an enlarged heart, Dr. G. R. Barrett, who performed a post mortem, testified. Drs. A. K. Gibbons, J. G. McMurchy and N. E. Morrison also gave evidence. An operation for a hernia was being conducted at the time of Mr. Katasonoff's death.

The jury was composed of A. C. Emory, foreman; Fred Denyer, F. W. Cartwright, J. C. Chambers, T. R. Wilson and A. B. Gilker.

Gary Barnhardt Degree Winner

Completing his work for his A.R.C.T. (Associate Royal Conservatory of Toronto) degree, Gary Barnhardt of Nelson has won his solo performer's diploma with honor standing, it was learned Friday. The course included singing and theory and Mr. Barnhardt also took piano examinations.

Island Carpenters Vote to End Strike

VANCOUVER, Aug. 15 (CP) — Carpenters at Campbell River today voted to end their 69-day strike, possibly heralding the breakup of the long construction tieup in seven coast cities.

Some 3000 carpenters struck early in June, halting millions of dollars worth of new construction. Another 5000 workers in allied trades were laid off.

The Campbell River carpenters voted to accept the contractors' offer for a 10-cent hourly wage increase, boosting the rate to $2.10. Carpenters originally asked 50 cents an hour while the contractors proposed that the 1951 rates remain in effect this year.

A contractor said carpenters at Courtney had also accepted the 10¢ cent offer. Carpenters in other centres will vote on offer today and Monday.

B. C. Newsman Dies In Seattle Home

SEATTLE, Aug. 15 (CP) —James Cullin, pioneer British Columbia newspaper man, died at his home here Thursday.

Mr. Cullin was a member of the editorial departments of the Vancouver Sun and Vancouver Province and he represented The Sun for some time in the press gallery at Victoria.

He founded The Zeballos Miner and at various times operated newspapers at Stewart and several other points in the province. He was for some years City Editor of The Regina Star. He also published a Calgary paper dealing with oil news during the first Alberta oil boom.

Apply TV Station For Walla Walla

SAN FRANCISCO, Aug. 15 (AP) —Sheldon F. Sackett, West coast publisher and radio station operator, today announced plans to file applications for television stations in Walla Walla, Wash., and Medford, Ore.

Ottawa Said Ready to Aid Building

TORONTO, Aug. 15 (CP)—The Telegram says today the Federal Government is preparing to toss $125,000,000 into the mortgage market in an effort to stimulate homebuilding across Canada.

Its newspage story says the effect will be twofold — more homes for persons who need them and more jobs for the sagging building trades.

"The move has been taken by Dominion authorities because house building this year is at least 27 per cent below 1951," it says. "In some areas the decline is between 50 and 75 per cent.

"Arrangements are being made by Ottawa authorities, under provisions of the National Housing Act, to distribute this big building jackpot through mortgage departments of life insurance companies.

"Within two years of issuing the mortgages on the Government account, the mortgage companies will have the option of buying the mortgages for their own investment accounts."

Merfyn Williams Silver Medallist

Merfyn Williams of Nelson has been awarded the silver medal of the Royal Conservatory of Music at Toronto, for gaining highest marks in British Columbia in Grade VIII singing examinations. Word was received Friday.

Outstanding in drama while at Nelson High School, Mr. Williams is to attend University of British Columbia this Fall. His parents, Mr. and Mrs. W. Williams, are making their home at Vancouver, where Mr. Williams was recently transferred.

Cars Collide

Fairly extensive damage to the grill and radiator of an R.C.M.P. car resulted from a collision at the intersection of Baker and Falls Streets Friday. The second car driven by a juvenile was damaged to the extent of about $50, police estimated.

The car driven by the boy was making a lefthand turn on to Falls and the police car was proceeding West on Baker Street when the cars met.

Korean Casualties

OTTAWA, Aug. 15 (CP) — The army today issued its 126th casualty list of the Korean war, reporting two men killed in action, one missing and three others wounded.

The last list was issued Aug. 13.

The list included the name of Capt. Joseph Michael Liston of Ottawa and Shilo, Man., who the army said yesterday had parachuted from his damaged artillery spotter plane behind Red lines and is believed to have been captured. He is listed as missing in action.

The latest list brings to 932 the number of casualties suffered so far by Canadian troops in Korea, including 164 dead, 694 wounded, 64 injured, nine missing and one reported a prisoner of war.

No B. C. names were on the list.

The Weather

Synopsis— Skies were cloudy over most of B. C. Friday although Southern Interior points enjoyed some sunshine. The temperatures ranged from 65 to 70 in most localities in the afternoon. Spotty showers occurred mostly in the Interior.

The North coast and Northern B. C. will remain cloudy and cool today. Elsewhere there will be further clearing and somewhat higher temperatures. Weather on Sunday should be much like today's.

There is still no definite sign of the general rain which is needed to help the forest fire situation.

Missing Girl Safe In Mountain Park

JACKSON, N.H., Aug. 15 (AP) — Missing Charlotte Cook, 13, of Windham Center, Conn., was found safe in the White National Park today.

The girl who had been missing two days, was found on East branch trail, about four miles from panno Place, a mountain clearing.

Charlotte disappeared Wednesday while on a picnic jaunt to Mountian Pond with her aunt, Mrs. Margaret Cook of Beverley, Mass., and some friends.

A poses of 100 men searched the tangled woodlands. A plane with a loud speaker was being readied to join the search when she was found.

Lawn researchers say that lawns should be fertilized at least three times a year.

Rod and Gun Areas Cramped by Logging

NANAIMO, B.C., Aug. 15 (CP) — Nanaimo Fish and Game Protective Association plans a strong protest to the B.C. Government regarding the gradual shrinking of hunting and fishing grounds through expansion of logging interests.

Alf Bayley urged a definite ruling on the rights of the public to approach ostensibly public domain without interference from private individuals or concerns.

Susnect Acquitted Of Jewel Rqbbery

VANCOUVER, Aug. 15 (CP) — Magistrate W. W. B. McInnez Thursday acquitted Archie Robb, 36, of Vancouver, on a charge of stealing $7000 worth of jewelry from O. B. Allan Ltd. Aug. 2.

200,000 Cheer Rhee's Inauguration

SEOUL, Korea, Aug. 15 (AP)— Thousands in this war-ruined capital cheered wrinkled Syngman Rhee today as he was inaugurated to his second term as President of South Korea. He promised "no rest" until the Communists are licked.

The 77-year-old President, re-elected Aug. 5 in South Korea's first popular Presidential election, proclaimed during open-air ceremonies that Korea's "first charge remains upon the battlefield."

He added that his long-range aim and that of the United States and the United Nations, is "the restoration of all Korea as a free, independent, united and democratic nation."

A crowd estimated at 200,000 jammed the Capitol grounds to celebrate also the seventh anniversary of Korea's liberation from 40 years of Japanese occupation and the fourth birthday of the U.N.-sponsored republic.

Runaway Flames Sweep Mt. Blueby

PORT ALBERNI, B. C., Aug. 15 (CP) — A forest fire high up on Mount Blueby, Northeast of the head of Great Central Lake, was burning uncontrolled today over 500 to 600 acres of bush land.

B. C. forest service officials said the fire, which had been under control early in the week, jumped fire lines Thursday as strong winds swept the area. The blaze started from a lightning storm a week ago.

The fire is close to the peak of the 4800-foot mountain. A crew of 43 men with forest service equipment were rushed to the scene and were able to circle the blaze with fire trails.

100 FIREFIGHTERS

One hundred firefighters were recruited locally when the fire broke away and forest service officials expected to have 200 men on the job.

It is believed that the fire, so far, has not destroyed or damaged any valuable timber stands but there is danger of its spreading to timber in MacMillan, Bloedel holdings West of the Ash River operations.

Company officials are cooperating fully with the forest service in the battle against the fire.

This is the first major fire in the district this year, although conditions have been extremely hazardous for many weeks.

Justweds Arrive At Lisbon Airport

LISBON, Portugal, Aug. 15 (Reuters)—Lisbon airport had a carnival atmosphere today as crowds welcomed newlyweds from London-Foreign Secretary Anthony Eden and the former Clarissa Churchill.

After the reception by the British ambassador, the couple loaded their luggage for a 10-day honeymoon into a car and headed North.

Married yesterday, they are not expected back in London before about Aug. 25.

Eden, 55, his bride, 32, planned to spend the night at the exclusive coast resort hotel Do Facho at Foz de Arelho Beach, about 80 miles North of here.

But they found it too crowded and drove straight on to the remote Urgierica Hotel, another 150 miles inland, where they will spend their honeymoon.

Last Rites Held For G. S. Godfrey

Private funeral services were held from the Thompson Funeral Home Friday afternoon for George Spencer Godfrey, a widely-known resident of Nelson for 34 years, who died Thursday. Rev. G. W. Payne of St. Paul's United Church officiated.

Mr. Godfrey, a businessman and sportsman, was active in all phases of community life.

Pallbearers were George Pease, Gordon Sargent, Reuben Buerge, C. W. Appleyard, Douglas Craig and Ald. J. H. Coventry.

Interment was in Nelson Memorial Park.

SEDGMAN, SAVITT GAIN NEWPORT SEMI-FINALS

NEWPORT, R. I., Aug. 15 (AP)— Australian ace Frank Sedgman and Dick Savitt of the U. S. blasted their way into the semi-finals of the Newport invitation tennis tournament today.

Sedgman, heir-apparent to the title left vacant by the elimination of Bill Talbert, defeated Herbie Flam of the U. S., 6-4, 8-6, 6-0. Savitt experienced some anxious moments before he outlasted U. S. Sgt. Bernard Bartzen 4-6, 6-4, 6-3, 2-6, 6-0.

The semi-finals will pit Savitt against Sedgman and top-seeded Vic Seixas of the U. S. against Ken McGregor, the Australian champion. The latter pair gained their brackets Thursday.

Trains Collide in London, Ont., Fog

LONDON, Ont., Aug. 15 (CP) — Two trains collided at nearby fog-shrouded Glanworth today and 10 persons were injured. Nine of the injured were treated at hospital and released.

The accident occurred when a Northbound London and Port Stanley railway train smashed into a standing Southbound train near the station.

Swiss Gunman Aims at U.K. Campers

NYON, Switzerland, Aug. 15 — (Reuters)—A gunman attacked four British tourists sleeping in their tent on the shores of Lake Geneva Thursday, it was learned today.

The gunman, a 20-year-old Swiss farm laborer, fled when Creighton Harrison, 33, sleeping in the tent with his wife and two sons, awakened and tackled the intruder. The laborer was captured later by gendarmes, who found a gun in his pocket.

Police here have been on the alert since the murder of Sir Jack Drummond, 61-year-old British food scientist, and his wife and daughter over the French border, 150 miles away.

At Lurs, Southern France, detectives investigating the Drummond slaying today interrogated Gustave Dominici, a farmer who found the bodies, for the fifth time.

Police said they believe Dominici is frightened and has not told all he knows of what happened 11 days ago when the tourists were killed.

The ancient Romans considered May an unlucky and June a lucky month for weddings.

Q

How can I best provide for my retirement?

A

Through a low cost Mutual Life Retirement policy.

While you are working it safeguards the future of your dependents, then, usually at 60 or 65, it pays a regular monthly income for the rest of your life. Only life insurance enables you to save for the days when you stop earning and at the same time provide an estate for your loved ones should anything happen to you. You should discuss this plan for security with a Mutual Life of Canada representative.

Polio Toll Climbs to Five

New Case Brings Epidemic Total To 21; Iron Lung Comes by Plane

KIMBERLEY—Poliomyelitis claimed its fifth victim in Kimberley's epidemic Friday when Doreen Slavin, 13-year-old daughter of Mrs. Gladys Graham of Chapman Camp, died in McDougall Hospital at 4 a.m.

One new case was also reported during the day, bringing the total since the outbreak last week to 21, of which three have been cured and discharged. A young girl is the latest person to contract the disease.

FROM COAST

Meanwhile, an iron lung was flown into Kimberley from the Red Cross headquarters in Vancouver by the R.C.A.F.

However, a Kimberley doctor Friday said that in bulbar paralysis, an iron lung is not called for, contrary to a statement from The Canadian Press which appeared in Friday's issue of The Nelson Daily News.

The type of polio which has struck Kimberley is, in the main, the bulbar type, most vicious of the three-known types of polio virus. It attacks muscles of speech and swallowing, and the diaphragm is not affected.

Possibility of a delay in the September school opening was raised Friday as the number of cases continued to rise.

LANDMARK FOR 40 YEARS, the Erickson school house was completely destroyed by fire of unknown origin early Thursday morning. Erickson and Creston residents put up a stout fight against flames in an effort to save the building, in which thousands of district children had learned their ABC's over the years.—H. M. Buckna photo.

Fruitvale Man Burned At Waneta

TRAIL, B.C.—A worker at the Consolidated Mining and Smelting Company's Waneta power dam project was in serious condition in Trail-Tadanac hospital Friday with burns received in an early-morning accident at the dam site.

John George O'Neill, 40, of Fruitvale, formerly of Kimberley, was injured in the accident which occurred at about 2:30 a.m., during night shift operations.

Details of the accident was meagre, but it was understood that O'neill and another man were working with a power shovel, when a can of gasoline in the shovel cab, burst into flames. O'Neill reportedly ran for a fire extinguisher and as he returned to the shovel, the other man, unaware of his approach, pushed the flaming can out of the shovel hitting O'Neill.

A married man, O'Neill had been in Fruitvale for about 10 months.

Kimberley Told to Put Out Dump Fire

KIMBERLEY—The district forest ranger has informed the city that unless the fire burning at the city dump is extinguished the city's fire permit will be cancelled and charges laid.

The city has already pumped 15,000 gallons of water on the dump and claims private parties are relighting fires and burning refuse. Signs will be posted and police asked to watch for offenders.

36 SCOUTS AT CAMP

DEER PARK—A troop of 36 Boy Scouts arrived via S.S. Minto earlier this week to spend a few weeks here. They will be camping in Big Cayuse Bay.

$13,500 Price Tag on Village Water System

KIMBERLEY, B.C.—Following Chapman Camp's decision to take over its water system from the city of Kimberley, the City Council has set the price at $13,500, plus upkeep charges from April 1.

A joint motion will discuss the matter and if no agreement on the price is reached, the matter will go to arbitration.

Chapman Camp ratepayers recently decided by a vote to acquire the water system from Kimberley.

Taxes Nearly Paid

KIMBERLEY—All but $52,000 of the $178,000 to be raised by taxation this year has been paid, city council has been informed.

Delinquent taxes are coming in satisfactorily and a tax sale is not likely.

D.P. Kimpton, Last of Pioneer Family, Dies

GOLDEN — Last member of the original widely known Kimpton family who came West from South Roxton, Que., to Donald, B.C., when the main line of the Canadian Pacific Railway was constructed over the Rockies in the late 1880s, Daniel Peter Kimpton died recently at Vancouver after a long illness. He was 82 years old.

The family of three brothers and two sisters lived at Donald, booming railway construction town and divisional point until the town was abandoned, and one of them, Rufus Kimpton, was author and executor of the "theft" of the Anglican Church at Donald which was floated on a barge up the Columbia River 100 miles where it was set up at Windermere and still serves that Anglican parish.

THE YOUNGEST

Daniel Kimpton was youngest of the family, and engaged in mining in Donald-Golden for many years, then had a mink farm in the area. He served as sheriff and coroner for a number of years.

He was long-time member and Past Master of Mountain Lodge No. 11, A.F. and A.M. and also secretary for many years. His wife, whom he married in Revelstoke in 1905, died seven years ago.

Rev. K. E. L. Cushon conducted funeral rites at St. Paul's Church here, followed by Masonic committal.

Surviving are two sons, Vaughan L. at Golden and Jack at Winnipeg, a daughter, Mrs. V. Crosby at Revelstoke, and eight grandchildren. Vaughan S. Kimpton at Windermere is a nephew.

$250 Scholarship Won by Creston Boy

CRESTON—Donald G. Watts, son of Mr. and Mrs. Allan Watts of Creston, has been awarded graduating classes of 1952 scholarship of $250.

The scholarship was awarded on the basis of academic standing and school and community activities. Donald will go to University of British Columbia this Fall.

HE WAS ONLY "TWO FEET" FROM COUGAR

CRESTON — Jack Grant of Creston nearly put his foot in it!

While driving near Bonners Ferry, Mr. Grant decided to take a rest. He stretched out in the back of his English car and opened the door for more leg room. A short time later he was disturbed by his wife who was reading in the front seat.

Mr. Grant looked out to see a cougar giving his feet the once-over. He jerked his feet in and watched the quadruped walk around the car and then disappear into the bush.

MUSIC AWARD TO TRAIL GIRL

TRAIL — Miss Nancy Wright, young pianist, has been awarded a scholarship by the faculty of music of the Royal Conservatory at Toronto.

Daughter of Dr. and Mrs. C. A. H. Wright, she studied at the conservatory during the 1951-52 season, and will return to Toronto for further studies this Fall.

Grand Forks Sells Smelter Lake Land

GRAND FORKS — The balance of Smelter Lake lands have been disposed of by the City of Grand Forks at $6 an acre.

Jim Glanville was sold 55 acres, W. Beasley, 10 acres, and Sunnyside Farms (Grand Forks) Ltd., the area comprising the rest of lots 537, 1537 and 1539.

An average hippopotamus weighs about three tons and grows to 14 feet long.

Sternwheeler "Minto" Packed With Holidayers

NAKUSP, B.C.—The Arrow Lakes are experiencing one of the heaviest tourist invasions on record.

SS. Minto, the veteran sternwheeler which plies Lower and Upper Arrow Lakes waters has been packed by tourists in the last few weeks, and accommodation in its roomy dining room is at a premium.

Among its passengers were 15 United States people who had been on a fishing trip to St. Leon, and who were loud in their praises of the colorful boat trip.

Halcyon Hot Springs also is being visited by people from the U. S. and from points across Canada, according to Brig. General Fred Burham.

Lake residents have also been making round trips (from Arrowhead to Robson) on the Minto.

Nakusp wharf at the time of the boat's last trip there was packed. Cars had difficulty in progressing owing to the number of people on the wharf.

16 Register for Special Classes

TRAIL—A total of 16 children have been registered for a class for handicapped children to be held here.

This was announced at the monthly meeting of the Kootenay Society for Handicapped Children, in K.P. Hall.

The treasurer's report showed a balance of $387. Mrs. H. T. Beckett was named representative of the Society on the board of the Cerebral Palsy Society of B.C., and Ron Gardner was named historian for the Society.

The Society has decided to take over sale of Easter seals in this district in the Spring.

The revised constitution was adopted and is ready to be registered with the Societies' Act and Welfare Society. A promotional committee was appointed to visit other parts of West and East Kootenay to make the Society's aims known.

The Society from now on will hold its monthly meetings on the first Wednesday of the month in K.P. Hall.

Reid President of New 'Forks Group

GRAND FORKS—Emerson Reid was elected president at an organizational meeting here for formation of a Grand Forks local centre of the St. John Ambulance Association.

W. E. Brown is vice-president, and L. P. Morrison, secretary-treasurer. Art Bickerton, a first aid instructor at Trail, outlined the function of a local centre.

CRANBROOK resident since the early 1900s, Harry J. Caldwell has reached superannuation with the Canadian Pacific Railway. He began railway service as a brakeman in Cranbrook in 1911 after a few years of logging and sawmill work, and since 1925 has been a conductor on various Kootenay runs.

Former Procter Woman Passes

PROCTER—Former owner of the Outlet Hotel here and for many years a Procter resident, Mrs. W. A. Ward, died in Oak Lodge Hospital at Victoria early Friday morning after a lengthy illness. She was 78 years old.

Mrs. Ward, who was predeceased by her husband about 10 years ago, moved to Victoria seven years ago. Mr. and Mrs. Ward once owned a hotel known as the Nelson House, situated in early days on the site of the present Diamond Grill at Nelson.

Mrs. Ward is survived by her son Everett Brasch of Victoria, and two grandchildren.

Kimberley Boy Wins $100 Scholarship

KIMBERLEY—Ted Muraro, elder son of Mr. and Mrs. S. Muraro of Kimberley, has been awarded the $100 Kimberley School Board Senior Matriculation Scholarship.

His average on the examinations was 81.7.

New Coke Ovens To Open in Fall

MICHEL—The Crow's Nest Pass Coal Company has announced its new 16-oven battery of coke ovens here will go into production in the Fall. Heating up operations will start in September.

Cost is more than $1,000,000.

Construction of the new battery of ovens was started last Fall, when cement work was completed. Resuming construction last Spring, brick and steel work is now nearing completion. These ovens will produce 170 tons of coke daily from 240 tons of coal.

The Michel coke ovens are situated at the minehead, like no others, and produce a superior grade of coke, most of which is shipped to lead and zinc smelters at Trail; Kellogg, Idaho, and East Helena, Montana. Some coke is shipped to the sugar beet factories in Southern Alberta.

18 Kimberley Boys At Air Cadet Camp

KIMBERLEY — Eighteen members of Kimberley squadron, Air Cadets, and two instructors, are attending the annual Summer camp at the R.C.A.F. station at Abbotsford.

Cadets attending are Victor, Bozzer, H. P. Cassidy, T. J. Claussen, W. D. Corrie, C. Derbyshire, L. M. Fulton P. T. Graham, R. W. Helland, R. P. Heusdens, J. R. Leslie, S. G. Lyle, T. McLean, R. A. Malmstron, E. E. Martin, N. A. Peacock, R. E. Plant, M. R. Ronnquist and J. R. Wilson.

Kimberley Gets Arthritis Clinic

KIMBERLEY — Arthritis clinic treatments are now available to registered Kimberley patients at the physiotherapy department of McDougall Hospital.

Miss Joyce Chu Chung, who is in charge of the East Kootenay Centre at Cranbrook, gives treatments here once a week, thus saving patients the trip to Cranbrook. There are seven registered cases in Kimberley.

A Kimberley branch of the Arthritis and Rheumatism Society, B.C. division, will be formed here in September when Miss Mary Pack, executive secretary from Vancouver, will be the speaker.

Tilly Rolston Asked to Opening

TRAIL — Board of trustees of School District No. 11, plans to ask Hon. Mrs. Tilly Rolston, minister of education, to attend the official opening of the Fruitvale elementary junior high school.

Crews are still at work on the school, laying linoleum and painting, preparing the building for school opening in September.

The original wing of the building was opened for elementary school classes a few years ago. The addition to the building provides more classrooms for elementary and junior high students, and includes industrial arts and home economics departments, administration section, cafeteria and library.

The board hopes to hold an official opening, with open house sometime in October, probably the middle of the month.

ONE CAMP TURNING PEOPLE AWAY . . .

Balfour Resorts Do Record Business

BALFOUR — Increased tourist traffic has resulted in an exceptionally good year for tourist resorts here.

Mrs. J. G. LeQuime of Balfour Beach Inn says this is the best season she has known. Roberts Camp has been operating at capacity, and Charles Sultor reports his camp is turning people away daily and has reservations on into September. Mrs. O. C. Thomas also reports brisk business, and Heuston's camp tells the same story.

ALL IN 5 YEARS

The Tillicum Coffee Shop has shown the greatest expansion. Mr. and Mrs. K. Chandler established the shop five years ago as a small business operated by themselves, little dreaming they would expand to a staff of 14, as of this Summer.

Mrs. Chandler says the business has doubled each year for four years. This year marked installation of propane gas in cabins and coffee shop, as well as opening of the Balfour ferry service station operated by Mr. Chandler.

July 1 was opening day for the new dining room, a comfortable, airy room with a magnificent view. The color scheme is turquoise and gold, with natural shade silver cord walls. An aquarium in the wall between the coffee shop and dining room holds interest of customers.

The guest book bears signatures of people from Yukon to Mexico.

THEY'RE STAYING

The tourist camps also report an increasing number of permanent guests—those who stay all year.

Several lots have been sold, and beach frontage is at a premium A number of well-established properties have also exchanged hands.

New houses are springing up, unusual among them being the home of Mr. and Mrs. A. Anderson. Mr. Anderson built his home from concrete blocks made in his own block machine.

The over-all picture for Balfour is one of prosperity.

Firemen Receive Special Instruction

KIMBERLEY — Kimberley's volunteer fire department has been receiving special instruction in the use of respiratory gas and oxygen masks from Joe Shaw of the Sullivan mine safety department.

Two types of respiratory equipment were demonstrated by A. Ingebrigtson and Bob Danskin, volunteer firemen who are also members of the Mine Safety Team.

All members tried on the chemox and the all service masks. At the close of his talk Mr. Shaw praised Chief Dickens and the volunteers for their work in the community.

Firemen and their families recently held a picnic and get-together at Wasa Lake. Only difficulty was 10 men had to be in town to cover any fires so they had to enjoy the picnic in shifts.

A firemen's ball is planned for Fire Week in October.

Aly Khan Visits Rita Hayworth

HOLLYWOOD, Aug. 15 (AP)—Prince Aly Khan hurried to a five-hour visit with his estranged wife, Rita Hayworth, soon after he arrived here Thursday, but when the meeting broke up early today their reconciliation question remained unanswered.

Appearing glum as he left the actress' Beverly Hills home, the Prince said only: "I talked with Rita and saw our daughter, who is beautiful." He said another visit is planned later today.

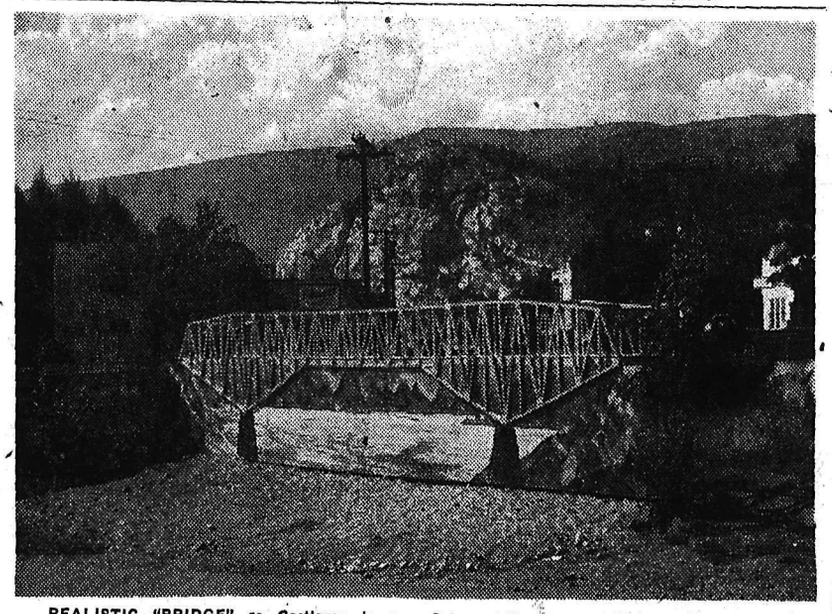
Aly found the daughter, Yasmin, suffering from a possible mild case of whooping cough.

Russia Claims Rocket Invention

MOSCOW, Aug. 15 (AP) — The Russians add rocket artillery to their list of claims for Russian inventors. The Soviet Navy newspaper Red Fleet says the war of 1812 "rocket" was only an inferior British copy of Russian rocket models.

British forces used bursting rocket shells, fired from smoothbore mortars, during the campaign of 1812 against the American colonies. Francis Scott Key referred to the weapon in his national anthem, "The Star-Spangled Banner".

LONDON (CP)—British scientists have developed a new underwater television camera, undergoing tests on the Scottish Marine Biological Association's research ship Canalus. Screens will enable close-up study of habits and mass movements of fish—the millions that got away.



REALISTIC "BRIDGE" as Castlegar is a dummy erected by members of the bridge committee of Castlegar and District Chamber of Commerce to publicize its campaign for a bridge across the Columbia River to replace over-taxed ferry. Set up at the corner of Main Street and Columbia Avenue, the model is 33 feet long and four feet high, complete with a painting of the Columbia. —Gordon Pettitt photo.

Construction Awards Reach Billion Dollars

Construction contract awards for the month of July, 1952, standing at $139,397,000 have bolstered the cumulative total for the first seven months to $1,044,176,300. While this billion dollar figure indicates the construction volume, it is slightly under the seven-month total for the comparable period of last year. The cumulative total for seven months, 1951, stood at $1,505,128,700.

If you wet the blade of the saw before cutting asbestos board, the cutter will go much faster. Just be sure to wipe the saw-blade clean after you are finished and then give it a light coat of oil to prevent rust.

Controversial New Concrete Block Said Speedier, Stronger, Cheaper

Builders across the country should soon be getting a look at a relatively new design of concrete block. It's the product of a Canadian inventor's brain, and companies which own rights to it are preparing to license production on a wide scale.

A bit controversial, the block is claiming wide attention.

Source of controversy: you don't use any mortar till after the blocks are laid. This makes super-conservative building inspectors boggle. But Central Mortgage and Housing technical men give official approval, for both foundations and walls of NHA houses up to two stories.

Masons in some cases are grumbling about the block; you can lay it much too fast.

It's called the interlocking concrete block. It uses the tongue-and-groove principle, both for wall units and for special corner units.

In all sizes of block, the "tongue" is almost the whole width of the block, as is also its opposing "groove". Shoulders on each side of the tongue are about ⅞ inch wide, and the tongue projects about the same distance.

But the shoulder and the opposing projection on the edge of the female side of the opposing block do not quite meet. A crack ⅞ inch deep is left on all four sides of the block, in place in the wall. When you finish the building (or before), you "gun" mortar into this crack with a vibrating trowel. But you don't put mortar between touching surfaces of the blocks.

Advantages claimed include:

Speed of erection; saving of mortar; a stronger wall; a "curtain wall" afforded by the interlocking; ease of building in Winter, because you don't have to apply mortar till later. (A warehouse at Sutton, Ont., was built in the Winter of 1949-50, mortared later.)

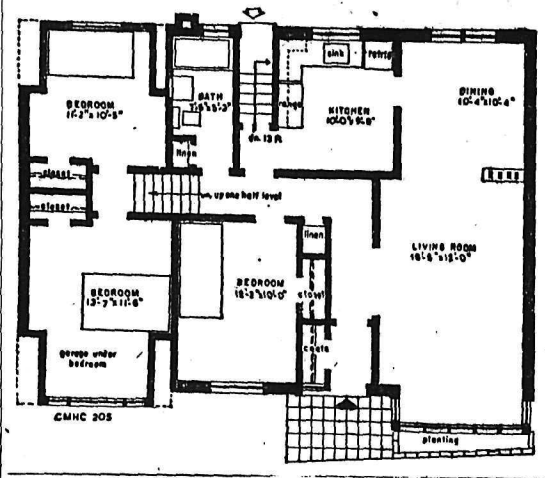
Canadian patent was issued this Spring to John L. Wettlauffer, 72-year-old Toronto inventor and machinery specialist. U.S. patent has been applied for.

The no muss, no fuss aspect is said to appeal to build-it-yourself enthusiasts. Two Orillia women are building with interlocking blocks, and a minister and two parishioners have put up their own church. Farmers may like the block, if this is so.—Financial Post.

The trick to making a hole in a piece of wood with a brace and bit wtihout scarring the wood when the bit comes through is to remove the bit just as the tip breaks through. Turn the board upside down and drill in from the other side. This makes a neat job.

The housefly is found nearly everywhere man has established himself.

The Modern Home



DESIGN-OF-THE-MONTH— Here's a six-room house with built-in garage in just about as compact an arrangement as possible. By using a well-proportioned dormer and split-level construction to allow for the garage, Architect E. I. Richmond, of Toronto, has transformed a conventional three-bedroom bungalow plan into a highly attractive and interesting house from the point of view of exterior appearance and interior living comfort.

A pleasing combination of brick and wood exterior finish, carefully designed window detail and front entrance with its off balance side-lighting, give the house eye appeal.

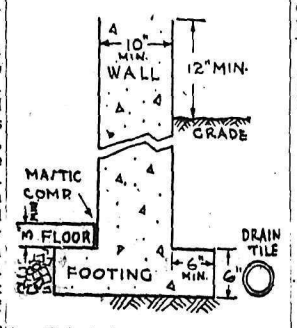
The house has a floor area of 1,163 square feet and a cubic measurement of 22,935 cubic feet, both exclusive of the garage which should be estimated separately since the construction must be fully fire-proof for safety. The exterior dimensions are 42 feet by 29 feet 11 inches.

Working drawings for this plan, known as Design 205, are available from Central Mortgage and Housing Corporation at minimum cost.

Construction of Dry Basement All-Important in New Home

A dry basement is not a matter of luck; it is a result of good construction which inclues adequate waterproofing and a proper drainage system.

The excavation for the foundation must be deep enough to extend to solid soil well below the frost line. This is to prevent excessive and uneven movement. The next step is to lay the footings. These are slabs, usually of concrete, on which the foundation walls are constructed. They vary in size, depending upon the bearing capacity of the soil and the weight of the house, and usually extend from four to six inches on both sides of the foundation walls. They should never be less than six inches in thickness. If they are of insufficient size or are not used the foundation walls may crack. Footings should be laid on undisturbed soil and not be exposed to rain, snow or frost. Footings may be dispensed with if the house is to be built on solid rock. If the soil conditions are poor, then the footings should be specially designed for the particular situation.



Next come the foundation walls. These are usually built of monolithic concrete or of concrete blocks. Concrete block foundations are quicker to construct than those of monolithic concrete but they are not usually considered to be as strong or as water-resistant. The walls should normally be at least ten inches thick.

Drainage is an important consideration in planning a dry basement. Drain tile connected to the storm sewer or a dry well, drainage ditch, etc., should be installed around the foundation footings. The tile joints should be protected with tar paper or metal covering. This tiling will drain off excess water against the foundation walls.

Holes in foundation walls or basement floor to permit utility pipes to enter the house below ground level, should be properly sealed against the entrance of water.

Final Green Onions Must Be Grown From Seed

To maintain a continuous supply of green onions through the Summer and Fall, seed must be sown. It is rarely possible to obtain onion sets to plant for a late crop. Seed of a bunching variety, such as white Lisbon, should be sown in drills 2 inches deep, taking the precautions usual for Summer sowing in order to assist germination.

Sow the seed thinly and begin to pull onions for use as soon as they are large enough. If soil is hilled around them as they grow the length of the white stalk will be increased. There is no reason why the green portion of a stalk should not be eaten, however.

If sets were sown to produce large onions, when the tops grow limp and topple over it is time to harvest the bulbs. They need not be dug right away, but before they have time to resume growth they should be taken up and dried in the sun for several days before they are stored in a dry, well ventilated place.

Onion plants that develop a seed stalk, with a ball-shaped seed pod at the top, will not make satisfactory bulbs, but should be pulled up as soon as noticed, and used for green onions. It is the larger onion sets that bear seeds, and the smaller ones which develop into mature onions.

You can get cedar plywood these days for building moth-proof chests and closets and it is much less expensive than regulation cedar panelling. You can try cedar shavings in the doghouse. Fleas don't like the smell of cedar any more than do moths.

Average number of people for every square mile of dry land on the earth is about 40.

AROUND THE HOME

* * *

Every Family Needs at Least One Room for "Concentration"

Every family needs a small room in some tucked-away place in the house which can be equipped for quiet concentration. Here, one to three or four can slip away from the come-and-go group that make the main room of the house

At one time in history of room nomenclature, it was called the library. Then it shrank in size, the number and type of books did not warrant the formal name. So it became father's study or den. Each family usually evolves a pet name for a room of this kind. The function remains the same. Designers of homes and furnishings think of it as the quiet room.

Usually this room has few windows, and more wall space than other rooms, which is opportune because it can be furnished to meet several purposes. Sectional pieces of furniture which fit into corners provide storage space for books and back-number magazines. A cabinet may allow space for the extra blanket needed if someone wants to rest on the sofa or daybed.

A chest of drawers or a pair of small chests, the same height and style, may flank the bed, providing space for belongings of the expected guest. These chests will also double as lamp tables. If there is room it is also wonderful to have a permanent end table and four chairs. It can be used for games, housework, sewing and letter writing.

Generally these small rooms have a small closet. If not, sometimes you are warranted to decrease the size of the room and built a wardrobe, floor to ceiling, to provide needed storage. Even if it is shallow it will prove beneficial.

As this room is a quiet room, the walls may be painted a dark color; either green, blue, brown, gunmetal Against this dark color a light wood will prove attractive. Among the many woods used is knotty pine which make furniture sturdy in appearance. Even when contemporary in design it gives one the nostalgic impression of the early furniture of our forefathers.

FLOOR CARPETED

The floor should be carpeted a. this provides extra quiet. Draperies should draw over the window to help eliminate street noises. Rollershades that eliminate light should be installed at the windows so that anyone wishing to rest during the day will not be disturbed by a bright sun pouring in

The accessories may be reminders of college days, camp trips, a memorable time in Europe with the army, navy or marines. These should be carefully grouped. It is wise to keep these down to the minimum, as many articles, no matter how attractive, can give a room a confused restless look.

Make a room for study and quiet as simple as possible, pleasing as to color, orderly as to arrangement, convienent and comfortable.

A TIP FROM INDUSTRY

One authority on factory maintenance recommends a thorough washing of all painted surfaces once a year, a new paint job on all painted surfaces once every three years. This is also a good rule for the home.

Engagements

Mr. and Mrs. Elvin Kraft, of Salmo, wish to announce the engagement of their eldest daughter, Barbara Joan, to Rowat Wilfred Halifax, eldest son of Mr. and Mrs. Frank Halifax of Fruitvale, B. C. The wedding will take place at St. Paul's United Church, Fruitvale, at 6:00 p.m., September 13, 1952.

Deer Park Notes

DEER PARK — Miss Ruth Williamson, who has been visiting her uncle and aunt, Mr. and Mrs. L. G. Williamson, in Toronto for the past three years, has returned to her home in Deer Park. While in Toronto she attended Birchcliff public school.

Mr. and Mrs. W. Barnes and their children are spending their holidays at the home of Mr. and Mrs. Ron Webster.

Mr. and Mrs. Rupert Jamieson from Oregon are spending a few days with Mr. Jamieson's parents, Mr. and Mrs. D. D. Jamieson.

F. T. Hamblin has returned after spending the past month in Trail.

Boswell Notes

BOSWELL—Mr. and Mrs. R. J. Clements of Tulsequah, B. C., were visiting Miss G. L. Abbott.

Mr. and Mrs. Visscher and family of Lethbridge, and Mr. and Mrs. Gus Alexander of Wynndel were guests of Mr. and Mrs. A. N. Fletcher.

EIGHTEEN ARTHRITIS PATIENTS chat gaily at a garden party at the home of Mr. and Mrs. W. Carruthers, 1405 Front Street. The tea was arranged by the Nelson branch of the Canadian Arthritis and Rheumatism Society, assisted by the Women's Auxiliary of the Associated Canadian Travellers. Mrs. M. J. Boyes, Mrs. R. Green and Miss Jean Comfort, physiotherapist for C.A.R.S. handled arrangements. —Daily News photo.

Webb-Thorp Nuptials Take Place at Robson

ROBSON—One of the prettiest of this season's weddings united in marriage Audrey Mary, only daughter of Mr. A. W. Thorp and the late Mr. Thorp, and William Denys, elder son of Mr. and Mrs. S. Webb of Kelowna.

Rev. E. H. Wallace performed the double-ring ceremony in Robson Community Memorial Church.

BIRTHDAY GIFT

The bride, who entered the church on the arm of her brother, Mr. Walter Thorp, was gowned in a floor-length dress of white net over taffeta. The yoke, lily point sleeves and Chinese collar were of lace, and her only ornament was an amethyst pendant, a gift from her parents for her 21st birthday. Her fingertip veil was caught to her dainty cap by sweetpeas, and she carried a cascade bouquet of pastel sweetpeas, gypsophila and fern.

Mrs. L. M. Flynn of Calgary was matron of honor, and Miss Frances Webb, sister of the groom, was bridesmaid. Both were dressed in organdie over white, with plaited headdresses of the same material studded with daisies. They carried baskets of Shasta daisies and gypsophila.

The groomsman was Mr. J. Ralph Burrett of Port Alberni, and the usher was Mr. W. Rex Thorp, brother of the bride.

Dr. W. L. Wright was organist, and Mrs. J. Neill of Nelson sang during the signing of the register.

A reception was held in the garden of the bride's home where a three-tiered cake, topped by Talisman roses, centred a lace cloth on the bride's table.

Mr. W. T. Waldie proposed the toast to the bride, and pourers were Mrs. J. Lawson of Castlegar and Mrs. Waldie.

For going away, Mrs. Webb chose a Wedgwood blue rayon dress with a blue shortie coat and white accessories. Her corsage was of yellow roses and stephanotis.

BRIDE A NURSE

The couple will visit Seattle and points in B.C. before returning to Robson. The bride is a graduate of St. Joseph's Hospital school of nursing in Victoria.

Dress Up With Marian Martin

R9275
SIZES 6—14

WEEK'S SEWING BUY!

Look, Mom! It's a sundress now, a jumper when she goes back to school—the most for your time and money! Princess lines — easy sewing! Simple details—fast ironing! Sew the blouse with three-quarter and short puffed sleeves— two versions for school, play!

This easy-to-use pattern gives perfect fit. Complete, illustrated Sew Chart shows you every step.

Send THIRTY-FIVE CENTS (35c) in coins (stamps cannot be accepted) for this pattern. Print plainly, SIZE, NAME, ADDRESS, STYLE NUMBER.

Send your order to MARIAN MARTIN, care of Nelson Daily News, Pattern Dept., Nelson, B. C.

Regent Resigns

TORONTO, Aug. 13 (CP) — Mrs. Carolyn B. Manning of New Bedford Mass., has announced her resignation as national regent of the Daughters of Isabella.

Mrs. Manning who headed the 100,000-member organization for 13 years, announced her retirement at the national convention here.

SHE'S BOSS OF BIG AIRPORT

MONTREAL, (CP) — Frances Oneson is one woman who has to make up her mind quickly—many times a day.

As airport control officer at the big Dorval international airport it's her job to see that the 400 planes landing and taking off every day come in and go out without mishap.

That means watching wind speeds and weather conditions, height and flight directions of all aircraft near the field. Particular capabilities of each plane must be taken into consideration.

For instance, numerous callers would complain if a heavy plane needing a long take-off area was routed straight over the city.

WOMEN'S CLUB MEETS

BOSWELL—Boswell and District Women's Club held its monthly meeting on the lawns of the Wallace home and after business had been dealt with, a social gathering entertained members and guests.

Spain Bows Into World Of Fashion

MADRID, Aug. 14 (Reuters) — Spain is making her first bow in the international world of fashion this Summer. Five of Spain's major fashion houses have compined to stage a display of "La Moda Espanola" in Madrid next Monday.

In Spain much attention is paid to dress. Even working class people have their suits and dresses made-to-measure.

Madrid is one of Europe's best-dressed cities and this Summer has been one of very full cotton dresses with vivid prints, cut high at the throat and sleeveless and worn with tight, wide "cowboy" belts.

Until recent years, when Spanish fashion houses have started to make names for themselves, Spaniards took styles from abroad; the women from Paris and the men from London.

Next Monday, at a gala dinner at Madrid's Palace Hotel, five of Spain's leading fashion houses, Pedro Rodriguez, Asuncion Bastida, Pertegaz, El Dique Flotante and Santa Eulalia, will each show six models. On the following two days, the houses will stage private shows.

Spain's fashion circles, textile manufacturers, and makers of accessories such as shoes, handbags, and so forth, are hopeful that business will follow.

Spain hopes to sell its fashion products abroad and also draw to the country clients who can afford to travel to dress well.

In the last couple of years, many Britons, Americans and French have had clothes made while on holiday here.

Sources here estimate that in 1951 some 750,000 women's suits and dresses and men's suits were taken out of the country by foreign visitors.

POWDER ROOM IDEA

Carefully clipped and underlined is a suggestion for converting hall-closets into "attractive little powder-rooms for your guests." If you're like most persons you won't have any closets that you can afford to use for anything but closets. However, so the suggestion goes, closets to be transformed "may be painted in such delecate tints as oyster white, lavender, rose, soft blue, or peach color."

Scales-Elmore Vows Exchanged At St. Paul's

Spending a honeymoon at Spokane are the former Joyce Valjean Elmore and George Milton Scales, who exchanged marriage vows Friday at 4:30 p.m., in St. Paul's United Church.

Rev. G. W. Payne officiated for the daughter of Mr. and Mrs. Homer A. Elmore and the son of Mr. and Mrs. Wesley Scales of Morden, Man.

The bride, who was given in marriage by her brother, Mr. Eugene Elmore, wore a smart mauve pastel dress with a floral headdress of sweetpeas and carnations. Pink carnations were in her corsage.

ONE ATTENDANT

The matron of honor, Mrs. F. Anderson, chose a blue pastel ensemble and a corsage of pink carnations.

Mr. Dale Elmore, the bride's brother, was best man, and Mr. Stan Lyons, brother-in-law of the groom, ushered the guests.

Before leaving on her wedding trip, the bride donned a grey suit. Mr. and Mrs. Scales will make their home in Nelson.

Bonnington

BONNINGTON, B. C. — C. B. Sharp of the City Power plant has returned from a holiday in Vancouver where he visited his father.

Mrs. A. Dunsmore and Miss Marjorie Dunsmore, who have been spending a few weeks in Vancouver have returned with Mr. Dunsmore who motored to the coast to bring them home.

Mr. and Mrs. J. Gilker have left to spend a vacation in Vancouver and other coastal points.

Our Father's Business

Since long ago man has endeavored to build "short cuts" through life Much of our inventive genius has been directed towards the search for the Northwest Passage (the short cut to the idyllic islands of the East). In other words we want some magician to wave a wand and take all the effort and challenge out of life. We seek for some alchemy to turn base metals to gold, some fountain of eternal youth, or some key to the Golden Castle.

Various schools of thought believe they have found the Key. As a general rule, if they have found a key, it's always to the wrong door! For example, there are those who still believe, in spite of all the evidence to the contrary, that money is the Key. Money does do so many things that it fools people into thinking it can do everything. It opens many doors, most of them "wrong" doors. We take our hats off to the farmer's boy in England who refused to open the gate to the Duke of Wellington because his master had told him to keep it closed. On the first refusal he was offered money. On the second refusal he was told it was the mighty Wellington to whom he was speaking. Still he refused to budge from what he considered his duty, and Wellington turned and commended him for his honesty and trustworthiness. He could not be bought.

Others are confident that by ruthlessness and physical force they can achieve whatever objective they desire. But while this philosophy is popular in certain gigantic world movements today, again we say "three cheers" to those who cannot be brow-beaten or coerced. A little Scottish lad, during some of the religious wars of Scotland of a former day, was captured by the enemy, taken to the edge of a high cliff and ordered to deny his faith, on pain of death should he refuse. They threatened when he was adamant in his faith, to thrust him over the edge.

"Look down," they said, "it's awful deep, isn't it?"

"Aye,' answered the boy, "but it's nae sae deep as hell."

There are still others who like to think that rank and position are the "be-all" and "end-all" of success and progress in life. Amongst others who could see through the sham and hypocrisy of such a philosophy was the Scottish bard, Robbie Burns who said of such notions that an honest man "looks and laughs at a' that." And further affirmed:

"The rank is but the guinea's stamp.
A man's a man for a' that."

Yes, there have been many who thought they had the Key to the Castle of Life, but so often the key they had only opened the wrong door.

The Good News however, affirms that there is a key. It doesnt necessarily make life soft or namby-pamby. But it gives a glow to life, a zest and a flavor. Jesus said: "I am the Way." The Bible also says: "Not by might, nor by power, but by my spirit, saith the Lord."

Allan Dixon.

A HONEYMOON in the Waterton Lakes area followed for Mr. and Mrs. Eldred Kin Yee Won their marriage in the Michel United Church. The bride, the former Helene Lee, is the daughter of Mr. and Mrs. Lee Fook of Natal, and the groom is the son of Mr. and Mrs. Won Q. Chong of Victoria. They are living at Calgary.

Australia Cuts Taxes

Among the free countries Australia is probably the first to reduce taxes substantially since the need for rearmament sent them soaring upwards. Treasurer Sir Arthur Fadden announced reduction in income, corporation and sales taxes, while at the same time increasing war pensions, social service and unemployment benefits.

Australia in the postwar period has been undergoing a great boom. Wool prices were high, labor was scarce and the economy in high gear except for difficulties attendant upon a shortage of dollars. But wool prices dropped, inflationary processes reduced buying and an increased shortage of dollars cut imports necessary for industrial developments. So currently there is something approaching an economic slump and threatened unemployment.

What the government is attempting is, by lowering taxes, to give a spurt to business and, by increased benefits, to provide a more adequate cushion to those pressed hard by inflation on one hand and by possibility of unemployment on the other.

Australia, of course, not being a member of the North Atlantic Treaty Organization, hasn't definite commitments for the defence of Western Europe. It has, of course, a rearmament program under way because, if war should come, it will come to the Pacific as well as to the Atlantic. But a major Communist strike would be made in Europe, and therefore there is not the same immediacy to Australian rearmament as there is to that of nation undertaking the defence of Western Europe.

It is perhaps easier for Australia to cut taxes than it is for the other countries. It would be a happy day for all, if all countries were able to emulate the example.

Not the Heat, the Humidity

A big city prosecutor states the hot and humid weather has increased the number of assault and battery cases. Statistics, as well as ordinary observance, support his contention.

Many people are allergic to the weather, their moods varying when it is bright or dull, cold or hot. And most everyone is temperamentally as well as physically affected by hot weather. One who may be urbane and jolly becomes crabbed and peevish. And one who naturally possesses the latter characteristics becomes almost impossible.

The effect of climate on personality would be an interesting study. The characteristics of races are determined in no small measure by the climate in which they have lived for centuries. Those who live in very hot places are lethargic. In less hot, but still warm climes, they are quick tempered.

The contrast between Southern and Northern Europeans is an example. Those in the South are vivacious, emotional and easy to anger. Those in the North are calmer, less easily roused, with a more even disposition. That, at least, is a popular appraisal though there are variations of temperament among people of the one area.

In any case, one only has to analyze one's own disposition to know when it is extremely hot it is easier to lose one's temper. And to do things which one would not do unless upset by the heat and humidity.

Press Comment

Quite a contrast is there in the desks of the heads of Canada and the United States, comments the Ottawa Journal. "Those who have visited Prime Ministers in their offices in the East Block have been impressed by the austerity of the room and the business-like air of the large desk. Mr. Mackenzie King and Mr. St. Laurent have been able to do their business without the clutter of bric-a-brac and souvenirs that burden the desk of the United States President — witness the innumerable photographs of Mr. Roosevelt and Mr. Truman seated behind arrays of clay donkeys, model steering wheels and other mementos to the degree that it seemed necessary for them to move somewhere else to sign a letter. Mr. St. Laurent struggles along with a couple of pens, a few reference books and an ashtray, and at a rough guess the whole lot would not bring in more than $20 at an auction."

Comment that would be in the public interest is often too late by the time the courts dispose of certain cases, argues the Brockville Recorder and Times. "Some time ago a charge in this district was about a year in process before trial was completed.

"We felt it was in the public interest that certain comments should be made regarding the handling of the case, but were constrained from doing so on advice of legal counsel, because of the possibility of being cited for contempt of court. We still believe that such comment was in the public interest, and would have been also in the fair interest of the defendant."

The Opposition certainly justified itself last session, states the Vancouver News-Herald, when it defeated the move to let public works contracts without tenders. "By the Opposition's alertness, the taxpayers and the country were saved from a change in the law, a change potentially costly and dangerous in the way it could open the gates to corruption."

A great deal has been said about what Canadians spent on liquor last year, but it is only fair to point out, remarks the Ottawa Journal, "that more than one-half of the $642 millions—over $325 millions, in fact—really went in taxes; found its way into the treasuries of our various governing bodies. Many people, lamenting what is spent on liquor, think of the money going to distillers, publicans, and the like. Actually Caesar does better out of the business than King Barleycorn, and most of the money goes to pay for such things as family allowances, old age pensions, highways, and even for the administration of justice. Nor does all the money spent on liquor, apart from taxes, just swell the profits of those who make and sell liquor; a great deal of it goes to people who grow malt and barley, to people who work for liquor industries, to transportation companies, to others."

Canada has proved it is possible to rearm without deficits, boasts the King's County Record (Sussex, N. B.). "This fact has been pointed out more than once in countries where deficit budgets are common in times of plenty. Deficit budgets now merely will add to our tax burdens in the future, and if we should become involved in an all-out war, our taxes will be heavy enough without calling upon us to pay for prewar expenditures."

Not in Father's Footsteps

A notable Liberal of East Kootenay of years past was M. A. MacDonald of Cranbrook. Later he was Attorney General in a British Columbia Government, and before his death held the position of Chief Justice of British Columbia. A steadfast, unrelenting Liberal, the father could hardly have imagined that his son, Alex, would turn his back on the Party and become actively identified with the C.C.F. In the British Columbia elections the son was elected for one of the Vancouver constituencies, and it would be fairly safe to predict that, if the C.C.F. achieved power there, he might step into the office that his father once held, that of Attorney General. Prior to settling down to the practice of law in British Columbia, young MacDonald was secretary for a time to M. J. Coldwell, national C.C.F. leader.—Lethbridge Herald.

?Questions? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions WILL NOT BE ANSWERED BY MAIL except where there is obvious necessity for privacy.

Curious, Nelson—I read somewhere that forests cover more land in Canada than farms. Is this correct?

Yes, forest land is about three times the area of agricultural land.

Interested, Kimberley—Are the Rosicrucians a separate sect?

The Rosicrucian Order is not a religious movement or sect. It is entirely nonsectarian. It includes people of every creed and denomination; Protestant clergymen, rabbis, non-conformists, all are members, but the Order is free of all religious alliances. Its ethics adhere to the principles of Christianity without being considered a Christian sect.

K. L. H., Nelson—Is there a museum in Calgary?

So far Calgary has no established building for historic display, apart from the Coste House which is the centre for exhibitions of paintings, handicrafts, photographs, fine needlework, and so forth, and where instruction is given in dramatics, dancing, weaving, and kindred subjects. The Calgary Brewery is also considering founding a museum in Calgary, in connection with Coste House.

V. J. D., Trail—What is the address of the National Social Credit headquarters?

9974 Jasper Avenue, Edmonton.

Inquirer, Nelson—Can you give me the address of the Scottish Office in London?

10 Great College Street, London, S.W. 1, England.

Looking Backward

10 YEARS AGO

From the Nelson Daily News, August 16, 1942

Lionel Somers of Nelson has left for Calgary to attend the convention of the Alberta Funeral Directors and Embalmers Association, and to attend a school for embalming in connection with the convention.

Mrs. E. A. Mann, Silica Street, has left for Vancouver, accompanied by Miss Gladys Ewing.

Rev. John J. Cheevers has returned from Brantford, Ont., where he went to visit his mother.

25 YEARS AGO

From the Nelson Daily News, August 16, 1927

His Royal Highness, Prince Edward of Wales, and his Royal brother, Prince George, will visit Nelson Aug. 24, according to advice received by officials of the Canadian Pacific Railway here.

Nelson City dads were the guests last night of the Nelson Gyro Club at a big supper in Gyro Park. Vice President Dr. M. B. Steed presided. City dads present who made speeches included Mayor J. A. McDonald, Aldermen A. A. Perrier, R. A. Peebles, Ross Fleming and Samuel Barton, and City Clerk W. E. Wasson.

50 YEARS AGO

From the Nelson Daily News, August 16, 1902

The steamer Kokanee took a car of ore from the Highlander mine at Ainsworth to the sampler at Kaslo Thursday, and will bring it to the Hall Mines smelter today.

C. Archibald of Sayward and Company returned yesterday from the Northwest Territories. He reports that the crops all through from Edmonton South are immense, and the harvest gives every promise of being a record one.

R. J. Steele returned from the Coast to Nelson Thursday evening. He will take up residence here.

Your Horoscope

Use your imagination. Good fortune is indicated for your next year. The child born today should be diligent and honest.

FOR SUNDAY, August 17: Attend religious services today. Indications are that your year ahead will see financial and social progress. The child born under these auspices will probably be alert.

It's Been Said

Life is not so short but that there is always time enough for courtesy.—Ralph Waldo Emerson.

Life is ever lord of Death, and Love can never lose its own.—John Greenleaf Whittier.

Koolaree Echoes . . .

Dear Mom and Dad:

Here we are again, bright and early and getting browner every day. In Bible study we are working filling in our answer books. At the end of camp they will be graded and certificates of accomplishment will be sent to the girls from Toronto later on. Handicrafts are coming along marvelously with the girls working in rest hour so as to have articles finished to display on visitor's day.

Each day at meals the girls of each cabin sound forth with their songs and yells. They go as follows: Cabin one to the tune of Aren't You Glad You're You. When the time for campfire comes, and you meet your friends to dear, aren't you glad that you are here. We love Koolaree. We have fun in cabin one; Dickies keeps us on the run. We swim — no bakes in the sun. We love Koolaree. We eat our beans and prunes and by the light of the moon we run to Nellie soon. Pardon the Grammar, but ain't life grand. And when you get up each morn aren't you glad that you were born, think what you have the whole day thorugh, we love Koolaree. Yell: Huddle, huddle, huddle. Cabin one on the run, Mo's Mob on the job, rah, rah rah.

Cabin two, to the tune of the round To Open their Trunks. To shirk their work cabin two is never seen, that's how we keep our cabin nice and clean, Just-us and Jan. And when it's time for us to go to sleep, we dim our lights and never make a peep, A hah — uh uh. Swimming and boating, and sports too, we'll try our best to beat all of you. We'll win — watch out. The cooks are great, the food is always swell, and when it's ready, we run pell mell, you bet we do. We love our camp, we're full of good cheer, we will be back again next, of course we will.

Yell: Whispering through the pine trees, boating on the lake, there is a rumor cabin two is really great. Just-Us and Jan. Just-Us and Jan. We can beat 'em, we can beat 'em, sure we can.

Cabin three, to the tune of The Roving Kind. As we crossed over Kootenay Lake full of joy and glee, we spied a pure white stretch of sand and cried "There's Camp Koolaree." With eager steps we jumped ashore and found we were to be divided into seven groups. And now we live in cabin three. We've had a good time here at Koolaree, and we hope that you have too, we like each other and brother we sort of like you too. Now Sandy is our leader dear, and Donna our little chief, our scribe is Carol Coventry, and Verna our sporty, So here's to cabin three the best in all Camp Koolaree. We like it here we've been before, and next year we'll be back once more.

Yell: We come from cabin three, the best in Koolareee, we're out to beat, we're in the swim, the great big K we hope to win. Double S, Double S, rah rah, rah.

Cabin four to the tune of Down in the Valley. Across wide Lake Kootenay Kootenay so wide. Is our Camp Koolaree our joy and our pride. The best lot of campers along the whole shore, are those very bed bugs who live in No. 4. We're keen on our duties especially our sleep, when the bells clang at light's out there's never a peep. We're Paddy's quick bedbugs and we have two small mites. And Arlene's our little brave our scribe is Muriel Wright.

Yell: With a "B" with a "B" with a "B-E-D" with a "B" with a "B" with a "B-U-G" that's the way you spell it, here's the way you yell it, Bedbug!

Cabin five to the tune of We're up here in the nuthouse. When you hear a peal of laughter, when the whistle says lights out. And there's still a big commotion don't ever have your doubts. For cabin five is really gay, and has a lot of fun. So, when your bedtime rolls along, our fun has just begun. Whether we sleep or whether we don't, our appetites are keen. Betwixt your yawns and stretches we keep our cabins clean. Our leader Kal is really swell and more so every day We learn to like her more and more in so many different ways. Jeanie is our little chief and Barbie is our scribe, Peachie is our sporty that's how we survive.

Yell: KKT's are in a huddle, Kal lowered her head, they all got together and this is what they said. What do you think of Koolaree? Neat! Neat! Neat! What do you think of cabin five? Hard to beat. KKT's. KKT's, KKT's, Rah, rah rah.

Cabin six to the tune of Mr. Mr. Johnny Verbeck. Way down at cabin six there's a gang that's full of fun. At night we always keep the leaders going on the run. Our leader's name is Dodo and she is really swell How wonderful she is it's just impossible to tell. Our cabin's always tidy, our beds are all neat. Of course, we wash our dishes but first we've got to eat. We try to play fair in our games at night. It helps when Dodo's keeping score. We know she's always right. Our little chief is Dotty she keeps us on our toes. Pat is sportie, Bev is scribe and that's the way it goes. Dodos Dodos, that's us.

Yell: Dodos may be extinct, the birds we're speaking of, but as far as we go, we're full of life and fun and love. Rip, rip, rip, rap, rap, rap, Dodos, Dodos, clap, clap, clap.

Cabin seven to the tune of Termite Blues. Down in cabin seven there's a touch of heaven, leaders come around and there's nobody even there. Early in the morning when the bells give warning. We sing the termite blues as we jump into our shoes, see the sawdust a flying, like a sawdust burner dying. We've even got a rhythm to our nightly termite suite. We all like the odor, the sweet smelling odor, there's mush for breakfast, beans for lunch and prunes for supper too Oh Brownie our leader, Judy is our sporty, Harry is our scribe and Marg is our little chief. Koolaree we love you, we're always thinking of you. We'll all be back next year and sing the termite blues.

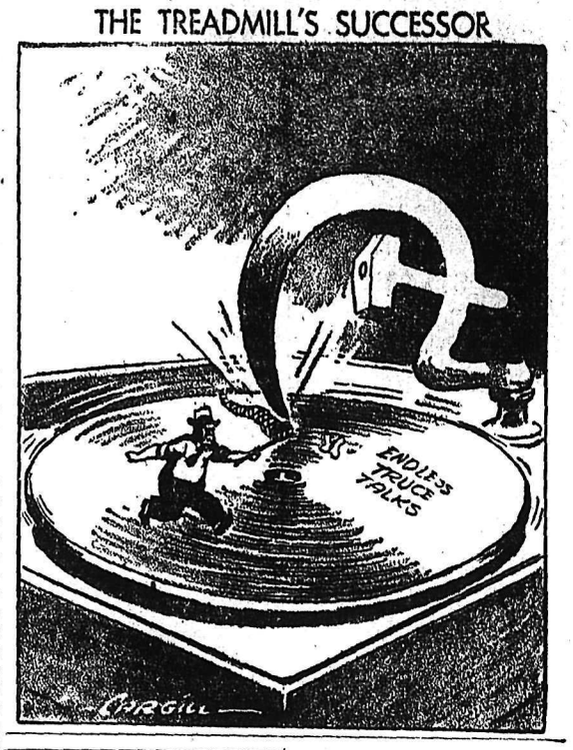
Yell: Where are you going? We're going to heaven. Where's heaven? Cabin seven, seventh heaven! Rah, rah, rah.

At campfire cabin two put on a skit called "absolutely nothing." It had as a moral that actions speak louder than words. After a singsong we enjoyed cocoa and then sang Steal Away, and Taps.

Your loving
Koolaree Campers.

P. S.—We're all gaining weight from the wonderful food.

THE TREADMILL'S SUCCESSOR



Views From the News Fronts

By J. M. ROBERTS, JR.
Associated Press News Analyst

The Chinese and North Korean Communists seem to have gotten their wires crossed about war objectives.

The progressively heavy Allied bombings of North Korean towns may have something to do with it.

The Aug. 15 celebration of Korean liberation from Japan provided the occasion for trading messages between leaders like Stalin, Mao Tse Tung of China and Premier Kim Il Sung of North Korea.

Kim told his parliament that North Korea would be satisfied to get out of the war without being beaten. He'll take an armistice that makes it clear "the Americans are not the winners and the Koreans the losers in this war."

Kim was much less truculent than the Reds usually are. His words added to the belief in Allied circles that even the Russian agents in North Korea are becoming warweary.

Mao, on the other hand, whose "volunteers" intervened in the war just in time to prevent allied forces from completing their sweep to the Yalu River and victory, doesn't seem to be cowed. His cities haven't been bombed and the casualties his forces have suffered are of small moment in China.

Mao sent word that he was right in there as Nort Korea's ally until "complete victory."

Stalin contented himself with generalities but Pravda, official Soviet newspaper, stressed Soviet support for North Korea and China. There was no indication that Russia, which has lost some planes and equipment but suffered no casualties, was ready for North Korea to get out of the war.

Kim also sought to cheer his people with talk about Russian aid. When the bombs are falling, however, the North Koreans can hardly be blamed if they wonder whether they or the South Koreans have the most effective allies.

For China's part, she has been dragged into a war against the United States, the only real friend the Chinese people ever had in the world. Her alliance with Russia is a violation of all geopolitical concepts. There is not the slightest possibility that it can last beyond this abortive moment in Chinese history.

But the Chinese Communists have obtained some material aid from Russia.

The North Koreans, on the other hand, have never stood to get anything except a kicking around.

CLASSIFIED ADS GET RESULTS

Reds Yield to Map Demands

TOKYO, Aug. 15 (AP) — United Nations command headquarters said today the Communists have yielded to Allied demands for maps showing the new locations of three Red prisoner-of-war camps in Northern Korea.

Maj. Gen. William Harrison, senior U.N. armistice negotiator, receipted the information from North Korean General Nam Il, chief Red negotiator. It also included maps showing the boundaries of two other camps—holding Allied prisoners —which had been expanded.

The U.N. command released without comment a note from the Red General saying the Communists now have located all camps holding U.N. prisoners.

The Allies complained last Wednesday that the Reds wert endangering the lives of their captives by failing to pinpoint the campsites. It demanded the information "without delay".

Nam Il's letter was delivered by liaison officers.

American Bids to Buy Famous Isle

LONDON, Aug. 15 (AP) — An American may gain possession of Magna Carta Island in the Thames River, where King John signed the bill of liberties of the British people in 1215.

The island, near Wraysbury, in Buckinghamshire, has been sold by Sir Patrick and Lady Hannon to the Bucks County Council for 9500 pounds.

Sir Patrick said a Philadelphia business man offered to bid on the property. Sir Patrick advised him to write the County Council.

A Council spokesman said:

"There will be no bar on people of any nationality bidding for the island. But we must be careful to let it to someone who will look after it properly."

The 3½-acre island contains a seven-bedroom house.

MEN AND TREES

Les Meredith has spent eleven years logging in the vicinity of his birthplace, Nanaimo, Vancouver Island. Married, with five children, Les has plenty of responsibilities not the least of which is the job of piloting his huge truck, with loads weighing 70 tons or so, up and down the logging road. Quick-thinking and steady hands are needed on a job like this—and behind those a perpetual supply of trees to keep the trucks rolling. In British Columbia, directly or indirectly, we all need the forest resource.

Today's Bible Thought

Simple people are alarmed at great comets, eclipses and other phenomena of the heavens. This messenger gave assurances that the ruler of the universe is friendly beyond measure. We can then sleep in peace and arise in confidence.

And lo, the angel of the Lord came upon them, and the glory of the Lord shone 'round about them, and they were sore afraid.

—Luke 2:9.

Aunt Het

Poor old Tom is about through. When a man starts losin' faith in doctors, it means he is past patchin' up.

BALLET ON SKIS . . . Three water skiers practice in ballet costumes for a Canadian National Exhibition waterfront show at Toronto. Left to right: Joan Fydell, Betty Shand and Arlene Milburn, all of Toronto, say a dip in the water may muss their curls but won't harm their tutus, made of nylon net.—(CP photo).

Roberts Stops Bums Again; Giants Split

By The Canadian Press

New York Giants moved up a half game in the National League pennant race Friday night by dividing a doubleheader with Boston Braves while Philadelphia Phillies trounced the league-leading Brooklyn Dodgers.

Hank Thompson blasted a two-run homer in the eighth inning to break a tie and gave the Giants a 3-1 victory in the second game. The Braves, held hitless for seven innings, pulled the opener out with three runs in the ninth to win 4-3.

The results left the Giants trailing by 7½ games.

Robin Roberts turned in his 19th victory of the season as the Phillies turned back Brooklyn 8-3. Home runs by Ed Waitkus, Connie Ryan and Del Ennis sparked the Philadelphia attack.

Gil Hodges whacked his 26th homer and George Shuba his fifth to account for all the Brooks' runs.

Homers accounted for all the runs in the second game at New York. Shortstop Johnny Logan hit the first of his major league career in the fourth to put the Braves ahead 1-0. Clint Hartung tied it for the Giants with a homer in the seventh. Thompson's circuit clout in the eighth, after Whitey Lockman's single, decided the issue. Max Lanier went the route for New York, allowing only five hits.

BOSOX JINX YANKS

Boston Red Sox maintained their perfect 1952 Fenway Park record over New York Yankees by trimming the American League leaders for the fifth straight time here, 3-2. Timely aid from Mel Parnell enabled Sid Hudson to out-duel Johnny Sain on the pitching mound.

Bobby Shantz, ace hurler of Philadelphia Athletics, chalked up his 21st victory of the season as the A's downed Washington Senators 11-7. Shantz survived a five-run Washington outburst in the third inning. The A's countered with six runs in the fifth. Jackie Jensen and Ken Wood hit two-run homers for the losers in the big third, while Eddie Yost clouted a round-tripper in the ninth.

Cleveland Indians closed to two games behind Yankees in the American League by edging St. Louis Browns 7-6 in 12 innings. Harry Simpson tripled in the 12th to break up the game.

PIRATES "OUT"

Enos Slaughter's seventh-inning single and Al Brazle's relief hurling combined to give St. Louis Cardinals a 5-4 National League decision over the last-place Pittsburgh Pirates. The loss eliminated the Pirates' last mathematical chance of taking the pennant.

Canuck Golfers Keep Pace

SEATTLE, Aug. 15 (CP) — Canada's golfers staged a surprising comeback today in the America's Cup competition but a couple of second-string U. S. players put the Dominion's threat down in the three country amateur team competition.

Half-way through the 36-hole singles matches, the first three Canadian players held a lead over their U. S. rivals, but Bill Campbell and Ken Venturi took up most of the slack.

Venturi, 21-year-old California champion, is the youngest and least celebrated member of the team.

Sam Urzetta of East Rochester, N.Y., the sixth member of the team, made it all square against the Canadians at this stage.

Since all six U. S. players were leading their Mexican rivals, and Canada was ahead of Mexico in only four of six matches, there was only a slight possibility the U. S. team would fail to hold the one-point margin earned in Thursday's sixsomes.

Scoring in the three-way international competition is on the basis of one point for each opponent beaten.

In the sixsomes Thursday the United States picked up four points; Canada three and Mexico two. Six three-ball contests were on today's program, with a possible total of 18 points for the winner.

TWO-WAY FIGHT

The morning round virtually reduced the team contest to a U.S.-Canada duel.

Here's how they stood at the 18-hole stage:

Walter McElroy, Vancouver, 2 up against Frank Stranahan, U.S. Jerry Kesselring, Kitchener, Ont. 1 up against Harvie Ward, U.S.; Nick Weslock, Windsor, Ont., 1 up against U. S. team capt. Charles Coe.

Campbell 2 up against Phil Farley, Toronto, the Canadian captain.

Venturi 6 up against Percy Clogg, Vancouver.

Urzetta 11 up against Pete Kelly, the golfing hockey player from Fredericton.

The shooting of Venturi and Kesselring was the sensation of the morning round.

The 21-year-old San Franciscan fired a round of 35-35—70, one under par for the 6632-yard Seattle Golf Club course.

Ward also shot a par 35 on the front nine and found himself one down at that point. Kesselring, after taking a seven on the first hole, had threes on nine of the next 12.

The Canadian was four up after the 14th but lost three of the last four on the morning round.

Outlaws Tangle With Waneta Hydros Sunday

Waneta Hydros, a company team drawn from the Pend d'Oreille dam building crew, visit Nelson Sunday afternoon for a baseball meeting with the Outlaws.

Formed two months ago by Paul Samsonoff, former Grand Forks and Castlegar player, the Hydros have done well against Northport and Grand Forks teams and are expected to show well against Ron Nash and Lefty White's squad.

Al Hood, a star lefthander in junior ball but who hasn't seen senior mound action, has been looking good in practice and may start for the Outlaws.

The enthusiastic visitors who include Trail and Grand Forks district recruits, together with American workers, hope to step out in new uniforms, providing they arrive in time. The Outlaws have booked them for one game but hope to arrange a second clash for the evening.

Nelson Tigers are idle for this weekend.

Montana Champ Ousts Titlist, One-Up; Ont. Champion Upsets Grace Lenczyk

By JIM PEACOCK
Canadian Press Staff Writer

EDMONTON, Aug. 15 (CP)—A 20-year-old Canadian girl and an American today stroked their way to a pair of upsets in the semi-final of the Canadian Women's Open Golf Championship.

Montana's state champion, Edean Anderson of Helena, hung on grimly to defeat steel-nerved defending champion Marlene Stewart of Fonthill, Ont., one up, and Mary Gay of Kitchener, Ont., dropped a six-foot putt on the 23rd hole to defeat last year's runner-up, Grace Lenczyk of Hartford, Conn.

A gallery of more than 4000 swarmed the Edmonton Mayfair course in cloudy weather to watch the two most thrilling matches the tournament has seen.

Tomorrow the winners battle over 36 holes to decide a new champion.

The 18-year-old defending titlist went down fighting. She carried the match to the 18th green after Miss Anderson had been three up at the 15th hole.

Miss Stewart, down but not out until the last putt, had removed her glasses and prepared to congratulate Miss Anderson three times before it ended.

Miss Lenczyk and Ontario champion Miss Gay couldn't have played much more evenly. The 24-year-old blonde Connecticut girl led to the 12th where Miss Gay birdied to even it.

On the 13th Miss Lenczyk went one over par to fall behind but she drew even on the 15th. The next seven holes were halved in par.

On the 485-yard 23rd Miss Lenczyk drove into the rough, came out well and dropped her third shot 30 feet from the cup. Miss Gay was down the middle of the fairway all the way and her third shot landed six inches from the pin but bounced six feet beyond.

Miss Lenczyk's first putt from 30 feet was just a foot wide. Miss Gay's putt from six feet dropped for a birdie four and a berth in the finals.

Miss Anderson, 22-year-old, six-times-winner of the Montana State title, was never behind. She played sub-par golf from the start, winning the first hole with a birdie. The blonde Montanan won the third but lost the eighth. She won the 11th in par and went three up at the 195-yard 13th when Miss Stewart drove to a trap and went one over par three.

The next two were halved and the gallery thought the match would end on the 16th. But courageous little Miss Stewart wouldn't give up. Both drove evenly and both were beyond the green in two. Miss Anderson chipped to the rim of the cup and the putt was conceded for a birdie four.

BIG EAGLE

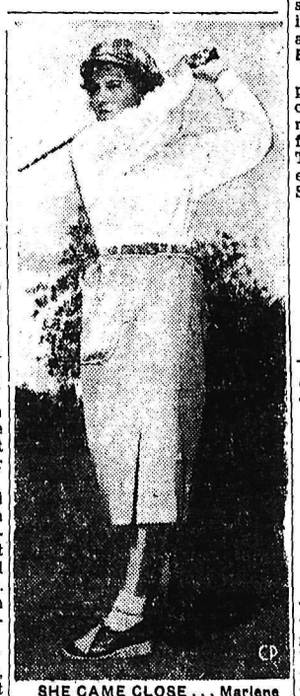
The champion stepped up calmly, lined up a chip shot and sank it from 40 feet for an eagle three on the 420-yard hole.

Still down and with just two to go, the champion parred the 17th after teeing to a trap. Miss Anderson's putter cooled after she chipped two feet from the pin and the ball rimmed the cup for a four.

Miss Anderson's fourth shot was a foot from the pin on the 18th green, and Miss Stewart's five feet away. Both putts were conceded for a half, and Miss Anderson advanced to the final.

Veteran golfer Mrs. Graeme Pyke of Montreal, and Mrs. W. S. Edey of Winnipeg Charleswood made the finals in the championship consolation.

Mrs. Edey took her semi-final 3 and 2 over Mrs. Bruce Campbell of Winnipeg and Mrs. Pyke won by the same count over a red-haired 18-year-old from Esquimalt, B. C. — Dorothy Herbertson — who astounded many with her fine showing.



SHE CAME CLOSE . . . Marlene Stewart, 18-year-old Fonthill, Ont., golf whiz, was eliminated Friday in the semi-finals of the Canadian Women's Open Golf Championship, thus halting her strong bid for the rare feat of winning both Close and Open titles in successive years. She was beaten one-up by Edean Anderson of Helena, Mont., who now meets Ontario champion Mary Gay in the final.—(CP photo).

Wood Little League Batting Champ; Blakeman Second

Gordon Wood, versatile 12-year-old star of the Lions, is the Nelson Little League batting champion for 1952 with a stratospheric slugging mark of .604.

Final batting figures released by league statistician Eddie Wares gave the crown to Wood by a .001 percentage advantage over Kinsmen's Ken Blakeman, whose .603 was more than 70 points better than third-place finisher Bernie Monteleone of Rotarians who had a .529 average.

Five other batters topped the .400 mark while lowest hitter in the Big Ten averaged .392.

Wood and Blakeman also dominated the individual departments. Blakeman led in runs, hits, tied for most home runs and was runnerup in doubles and runs batted in.

Wood led in doubles and was runnerup to Blakeman in hits.

BIG TEN
(25 at bats)

	Gp	Ab	R	H	Pct.
K. Blakeman (Kin)	17	58	33	35	.603

MANITOBA FINALISTS

WINNIPEG, Aug. 15 (CP) — Merv Moxley of Niakwa and Roy Kopron of Elmhurst will meet tomorrow in the 36-hole final of the Manitoba Golf championship at Niakwa course.

It marks the second successive year Moxley has reached the final. Last year, he was defeated 2 and 1 by Bill Budd of St. Boniface.

British Cricket

LONDON, Aug. 15 (Reuters) — The Indian test team lost its first five wickets for only six runs today after England declared at 326 for six on the second day of the fourth and final test match.

A sixth-wicket stand by Captain Vijay Hazare and Dattu Phadkar steadied down, however, and by the end of play the pair had eased the Indian total to 49 for five. The visitors now are 277 runs behind and need another 128 to save the follow-on.

A lunch-interval thunderstorm flooded the pitch. After tea the umpires decided to resume the game and England's captain, Len Hutton, promptly declared.

The first five Indian wickets crashed within 25 minutes. Alex Bedser claimed three of them for five runs and Fred Trueman got two for one run.

CLOSE OF PLAY

Fourth test. England 326 for six declared, India 49 for five.

20 Invitations Out . . .

New Park Ready for $2800 Kimberley Meet

KIMBERLEY— Patter of feet, wearing spikes, is going to be felt this year after all by the brand new grass outfield of Kimberley's brand new Civic Centre baseball field here with selection of August 23 and 24 for an invitation tournament with prize money totalling $2800.

Entry forms have been sent 20 clubs in Montana, Idaho, Washington, Alberta and B. C., and eight applicants will be named by the committee. Entry fee is $100.

Last year's Dominion Day tournament of 12 teams on the incompleted park drew capacity crowds who saw the $1000 first prize money won by their home-town Elks. Home fans haven't seen Walt Gelling's Elks this year, they have had to play all games on the road to let the new grass grow on their home field.

Kimberley Amateur Athletic Association President Bill Campbell is chairman of the committee arranging the tournament which will be a knockout affair, and imported umpires are expected to be on hand with local arbiters as assistants.

Wins D.C.R.A. Event

CONNAUGHT RIFLE RANGES, South March, Ont., Aug. 15 (CP)—A 59-year-old marksman from Saint John, N.B., today won the silver medal in the Macdonald match at the 84th annual Dominion of Canada Rifle Association meet.

Alban S. Emery, who has competed in every D.C.R.A. meet since 1922 and is a former Bisley shot, scored a perfect 25 to 28, the shoot-off and beat out 11 other riflemen who earlier in the day scored 122s of a possible 125.

Emery was a shooting member of the Canadian Bisley team in 1927 and qualified again in 1929 but was unable to make the trip.

National's Top Rookie May Be A Relief Pitcher

By SHELDON SAKOWITZ

NEW YORK, Aug. 15 (AP) — It pays to be on relief as far as rookie pitchers Hoyt Wilhelm of the Giants, Joe Black of the Dodgers and Eddie Yuhas of the Cardinals are concerned.

After a year of relative obscurity as starting pitchers in the minors in 1951, these three relief specialists have made the switch to the bullpen with such startling results this season that they are now being considered for rookie-of-the-year honors.

Wilhelm, Black and Yuhas, while posting formidable won-lost records, also have been effective game-savers for their clubs.

A 29-year-old knuckleball artist, Wilhelm has appeared in 46 games in relief for New York, winning 10 and losing two for a .833 percentage, second best in the league.

The six-foot, 190-pound hurler has allowed 34 earned runs in 109 innings for a 2.81 earned run average. He has permitted 92 hits, walked 92, struck out 44 and has finished 19 of his relief roles.

Black, a valuable asset to league-leading Brooklyn, wasn't even on the Brooklyn roster this Spring but now boasts a 9-2 record and has seen action in 37 games in a relief capacity.

He has an earned run average of 2.51 on 22 earned runs in 79 innings. He has been touched for 62 hits, 23 walks, has fanned 47 and has finished 24 contests.

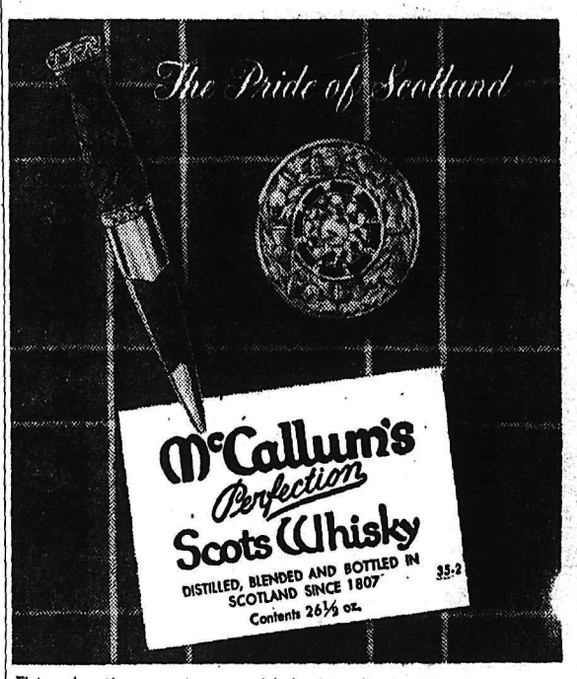
The 28-year-old "fireman" recorded a 7-9 mark last season with the Montreal Royals and his E.R.A. with the International League was 3.85.

Yuhas, a real asset to the St. Louis pitching staff, has an 8-2 won-lost mark in 41 games. In 77 2-3 innings, the 27-year-old relief ace has given up 22 runs for a 2.54 E.R.A.

BISON PITCHER FACES ONLY 27 IN PERFECT GAME

BALTIMORE, Aug. 15 (AP)—Dick Marlowe, Buffalo Bisons righthander who was beaten in seven of 13 previous decisions, tonight pitched a perfect baseball game against the Baltimore Oriole for a 2-0 International League victory.

The 23-year-old native of Hickory, N.C., prevented a single enemy batsman from reaching first base as he became the first pitcher to toss a no-hit, no-walk, no-run game in the League since 1910.



This advertisement is not published or displayed by the Liquor Control Board or by the Government of British Columbia.

Kimberley Dynamiters Set to Go It Again

KIMBERLEY — Perennial financial crisis of Kimberley Dynamiters, East Kootenay's entry in Western International Hockey League, has been successfully passed again with league aid promised to cover outstanding debts from last season. The club will start from financial scratch and a brand new Kimberley hockey club constitution this season.

Executive has been pared to the bone with six men named, including Jim Livingstone, Ralph Redding, Gordon Wilson, Harry Brown, Chris Sorensen and E. A. Herron with power to add no more than three more. Officers are to be elected from this group.

Schedule will number 19 home games for Dynamiters, about the same as last year, but opening home game will be delayed a month to late November instead of last year's November 2.

Financial understanding with the other three league clubs at Trail, Spokane and Nelson indicates Kimberley club could break even this year. W.I.H.L. decision to scrap inter-league schedule games with Pacific Coast and Okanagan teams will effect biggest economy on the Kimberley club operations as Eastern terminal for expensive road trips.

Player sign-up rumors are already rife, and player and program committee members have been named.

TENDERS

Sealed tenders will be received by the undersigned until 2:00 o'clock p.m., Kamloops Time, September 10, 1952, for the construction of the Penticton West Bench Irrigation Project, near Penticton, British Columbia.

The following are the main items of work and the approximate quantities of each:

1. Placing only, Steel Pipe, 3" to 12"—18,600 feet.
2. Placing only, Pipe Fittings — 76 only.
3. Placing only, Gate Valves—9 only.
4. Placing only, Lot Outlets — 93 only.
5. Steel Pipe, 7 gauge, supply and place—150 feet.
6. Corrugated Iron Culvert, 18-inch, supply and place—100 feet.
7. Air Release and Blowoff Valves, placing only—22 only.
8. Concrete Well and Pipe Anchors—250 cu. yd.
9. Pumphouse, 20' x 20'—1 only.
10. Wood Stave Tank, 10,000 Imperial gallon, supply and place — 1 only.
11. Sheet Steel Piling Intake, supply and place—1 only.
12. Earth Excavation for concrete well—4000 cu. yd.

Plans, specifications and tender forms for bidding may be obtained from the undersigned at his office in Regina, Saskatchewan, or from the P.F.R.A. Office, Box 90, Kamloops, B.C., upon the deposit of Ten Dollars ($10.00) cash or a certified cheque for that amount payable to the Receiver General of Canada, which deposit will be redeemed upon the return of the plans and specifications in good order within one month after tenders have been closed.

The lowest or any tender will not necessarily be accepted.

By Order
L. B. Thomson,
Director of Rehabilitation,
910 McCallum-Hill Building,
Regina, Saskatchewan.

OLD FERNIE HOSPITAL FOR SALE

Tenders for the purchase of the property known as the "old Fernie Hospital," situate on the corner of Pellatt Ave. and McEvoy St., will be received by the Secretary of the Fernie Memorial Hospital, Fernie, B.C., up to the 31st day of August, 1952.

The land has corner frontage of 135' x 120', description of which may be obtained from the Secretary. The building is a two storey frame structure 40' x 60' and has a full basement containing a heating plant. Hardwood floors in part of the building.

Tenders may be:—

1. For land and building. Terms to be stated by offeror in tender.

—or—

2. For the building only. In this case the offeror must state in the tender the time in which the building will be removed. Terms cash.

Tenders are to be sealed and marked "Tender for Old Fernie Hospital" and must be accompanied by a certified cheque for 10% of the tender as a deposit.

Highest or any tender not necessarily accepted.

FERNIE HOSPITAL SOCIETY.
30-32-34-c.

TENDERS FOR INSTALLING WATER MAINS

Tenders will be accepted by the Corporation of the Village of Silverton, British Columbia, up to 12 p.m. M.S.T. 30th August, 1952, for the installation of approximately 4500 feet of Transit Pipe Water Mains. Minimum depth of trench, four feet.

Lowest or any tender not necessarily accepted.

Further particulars may be obtained from the Clerk, Corporation of the Village of Silverton, B.C.

Market Trends

NEW YORK, Aug. 15 (AP) — Prices wandered along a mixed path. Trading came to an estimated 900,000 shares, lowest in better than a month. The total yesterday was only 930,000 shares, both considerably below the daily average so far this year.

Canadian issues were mixed. McIntyre was ½ higher, Hiram Walker gained ⅜, Distillers Seagrams ¼ and Canadian Pacific ⅛. Dome Mines eased ⅜ and, International Nickel ½.

TORONTO (CP) — Most issues held firmly to early gains in moderate trading toward the close but Western Oils continued weak.

Volume totalled about 2,100,000 shares.

MONTREAL (CP) — Miscellaneous industrials showed a little power with Dominion Glass up one point at 60 and Famous Players and Imperial Tobacco adding fractions.

Senior Metals were fairly active but remained mixed. Hudson Bay Mining jumped a point at 63 and Consolidated Smelters was also firmer. Aluminum, which was off a point in early dealings, gained ¼ to show a loss of ⅜ at 106¼.

LONDON (Reuters) — Foreign bonds today featured quieter trading than recently.

Outstanding among foreign bonds were Japanese 1930 5½ per cents, up 5½ points on the day to 151. Germans also were quietly supported and prices recovered to around their overnight levels after lowering to the extent of one point in initial dealings.

Tourists Flock To B.C. Parks

OTTAWA, Aug. 15 (CP)—Canada's national parks set attendance records during the four months ended July 31, the Resources Department said today.

A total of 1,440,679 visited national parks, higher by 254,667 than for the four-month period a year ago. Seventy-five per cent of the visitors were Canadians, and the balance from the United States.

The figures, compiled by the National Parks Branch, show Banff National Park in Alberta leading with 301,948 visitors, 54,155 more than in 1951.

The most striking proportional gain was at British Columbia's Kootenay National Park, with 96,041 visitors, 32,225 more than last year. The new aquacourt at Radium Hot Springs is credited with the sharp increase at the Kootenay Park.

Student Nurse's Death Caused by Rare Type of Heart Complaint

VANCOUVER, B. C., Aug. 15—(CP)—A rare type of heart attack caused the sudden death Thursday of Miss Frances Marie Lenarduzzi, 19-year-old St. Paul's student nurse who collapsed in a patient's room.

Autopsy showed the girl died from natural causes, described as a coronary attack of a rare and undetectable type.

Doctors said the heart condition was congenital, and might have caused death at any time from birth. Only one similar case, that of a 27-year-old woman, is known to have occurred here.

"Miss Lenarduzzi would have no inkling that she had such a heart condition," a doctor said. "Only one in about two or three million deaths are caused that way."

The dark-haired, brilliant student nurse died just four hours before she was to attend a dinner party given in her honor by her parents from Trail.

Top Canadians On Combat Jets

OTTAWA, Aug. 15 (CP) — The two top officers with Canada's No. 1 fighter wing in England have been given a chance to study jet warfare in Korea the hard way, the R.C.A.F. said today.

Group Capt. E. B. Hale, 38, D.F.C., of Hamilton, head of the wing has already been to Korea and flown combat missions with United States squadrons.

The Air Force said there was nothing particularly secret about the assignment but they just never got around to announcing it. Hale is back in England.

Wing Cmdr. R. T. P. Davidson, D.F.C., of Vancouver has been assigned to undertake the same sort of mission. He is chief operations officer at wing headquarters in England.

Canada has an arrangement under which she can send up to six pilots to Korea for combat experience with U.S. squadrons at any one time.

We Wish to Thank All Our Friends Who Patronized Us Yesterday on Our Second Anniversary

U. K. Government Eases Zinc Control

LONDON, Aug. 15 (CP) — Britain today eased government controls on zinc.

A materials ministry order abolished the allocation system for pure zinc and freed use of zinc for galvanizing iron and steel sheets, wire and tubes. Use of zinc in many manufactured goods will be freed soon.

Calgary Livestock

CALGARY, Aug. 15 (CP) — The Calgary livestock market was closing steady today at the week's sharp decline. Offerings were 553 cattle and calves.

Good to choice butcher steers and heifers were $1 or more lower for the week. Good, light cows were about steady, but fat cows were $2 or more lower for the week. Bulls were steady. Good, light stocker and feeder steers were in fair demand at the week's lower levels. Veal calves were steady.

Hogs closed steady Thursday at $25, sows at $15.40. Good lambs were steady at $26.75.

Good to choice butcher steers 23.50-26.25, common to medium 16-23.00. Good to choice butcher heifers 22.50-24.50, common to medium 16-23.00. Good to choice butcher heifers 22.50-24.50, common to medium 16.00-22.00. Good, light cows 16.50-17.50, fat cows 1200 pounds and up 13.00-14.00, common to medium 13-16.00, canners and cutters 9-12.50. Good bulls 13-14.50, common to medium 10-12.50. Good stocker and feeder steers 22-23.50, common to medium 16-21.50. Good to choice veal calves 23-25.00, common to medium 18-22.50.
