Steelworkers Again Defy U.S. Gov't Employees

By WILLARD H. MOBLEY

WASHINGTON, April 30 (AP) — The U.S. Circuit Court of Appeals put the strike-bound steel mills back in possession of the government tonight, but only temporarily, pending an appeal of the whole historic issue to the Supreme Court.

Meantime, the country-wide strike continued. The administration hopes that the C.I.O. steelworkers, who once again were technically employees of the government, would call off the walkout, but union president Philip Murray was silent on his plans.

The appeals court made its stay indefinite. It will remain in effect until an appeal to the supreme court is acted upon and should the supreme court refuse to review the case, the stay would continue, allowing continued seizure, until the appeals court issues a further order.

The only requirement to keep the seizure in effect until the high court acts, is that the government file its supreme court appeal by 4:30 p.m. EDT Friday—something government lawyers promised to do.

In the 5-4 decision of the circuit court, Chief Judge Harold M. Stephens and Judges Bennett Champ Clark, Wilbur K. Miller and James M. Proctor dissented.

The judge who voted for granting the brief stay are Charles Fahy, Henry W. Edgerton, David L. Bazelon, E. Barrett Prettyman and George T. Washington.

POSTPONED

The ruling by the nine-man appeals court does not in any way deal with legality of seizure. It simply postponed for almost two days the effectiveness of the Pine order.

It does, however, return the 650,000 C.I.O.-Steelworkers to the technical status of Government employees who can not legally strike. C.I.O. President Murray called a strike Tuesday as soon as Pine's decision was announced and most steelworkers are already out.

At Pittsburgh, Murray said he would have no comment tonight on the circuit court action.

The ruling came after a heated hearing in which Solicitor-General Philip Perlman, acting head of the justice department, told the court "We can get those men back . . . before the furnaces get cold" if the Pine injunction were stayed.

Company lawyers, however, insisted the government had nothing better to go on than a "rash assumption" it could get the men back.

The speed-up hearing came less than four hours after Judge Pine had signed his formal order for return of the mills to their owners and rejected a proposal to hold up its application pending appeal.

PRODUCTION CUT

Even before the lawyers presented their arguments the fastest walkout in steel's turbulent history had cut output of the vital metal to an insignificant fraction of normal.

The government contentions presented to the court of appeals by Assistant Attorney-General Holmes Baldridge were essentially the same ones that Judge Pine had rejected. He claimed that Pine's district court was "without power under the circumstances to enjoin presidential action."

He contended that the order "interferes with the sovereign functions of the government" and argued:

"The decision that government possession is unlawful was in effect a decision that the employees might lawfully strike and they have done so, thus jeopardizing and imperilling our national defence."

Baldridge hung his case on the theory of "inherent" powers, not specifically set fourth in the constitution which he said the President can exercise in emergency for protection of the country. Judge Pine has rejected that theory.

90,000 OILMEN WALK OFF JOBS

44 Per Cent of Country's Capacity Affected

DENVER, Colo., April 30 (AP)—An often-postponed strike of oil workers swept across the United States today. It closed some refineries, curtailed pipeline operations and started motorists lining up for gasoline.

Nearly 90,000 men — about half of those who run the pipelines, refineries and distribution plants—walked out as facilities were closed down in orderly fashion. C.I.O., A.F.L., and Independent Unions worked together.

In their patchwork of local negotiations, the unions are demanding a 25-cent hourly wage increase. With it, they want a differential of six instead of four cents for the 4 p.m. to midnight shift and a differential of 12 instead of the present six cents for the midnight to dawn shift. Present wages run about $2 to 2.10 an hour.

KOREAN SUPPLIES

California workers were ordered by union officials to stay on the job to avoid cutting critical supplies for the Korean war. Negotiations continued there as well as at some other places.

Officials at headquarters of the Oil Workers International Union, (C.I.O.) in Denver said the talks in San Francisco between their representatives and the Shell Oil Co. are "the most promising."

Union officials estimated 44 per cent of the country's daily refinery capacity — 2,850,000 of the 6,500,000 barrels — is affected by the strike. The cut could go deeper as the movement of crude oil is reduced by pipeline strikes.

Railroads reported diesel fuel supplies on hand to last 30 to 60 days. Industries and utilities depending on oil had anticipated the strike and have larger-than-normal reserves.

THE ARREST OF FOUR JUVENILES and the recovery of articles stolen from five automobiles revealed the presence in Orillia, Ont., of a juvenile gang equipped with weapons, masks, like ones seen above and oaths of secrecy. This arrest touched off an investigation which, to date, has charged 14 youngsters, aged 13 to 15, with crimes—including thefts from cars, siphoning gasoline, and breaking and entering business premises—which have been baffling police for past few weeks. Leader of the Ku Klux Klan, as gang was called, was 15-year-old youth who modelled the organization after one he read about in a crime magazine.—Central Press Canadian.

Tories Would Abolish Compulsory B.C.H.I.S.

No Support For Separate Schools In Platform; Would Cut Car Licences

VANCOUVER, April 30 (CP)—With only one dissenting voice, a Progressive Conservative election meeting today voted for the end of compulsory hospital insurance and left the details of how to effect this to a "Conservative government after June 12."

The proposition calling for abandonment of the compulsory part of the controversial scheme was one of 12 planks a platform which 250 delegates from all ridings in the province passed almost unanimously.

Other highlights in the program included a 30-per-cent reduction in private passenger car licence fees, no support for integration of Catholic schools into the public school system, and an inquiry into the forest management licence.

The hospital insurance pledge said a Conservative government would "institute a new plan of government hospital insurance that will be on a non-compulsory, non-monopolistic basis, and will eliminate the problem of co-insurance."

It was brought to the floor of the meeting by Reg MacDougall, former member of the Legislature and member of the board which inquired into the service recently.

DISSATISFIED

"The people never have been sure where they stand on hospital insurance," he said, "but everybody is dissatisfied."

He said 20-per-cent of the people are not contributing to the present scheme, and "nothing short of fascism could make them do it."

He said the "non-monopolistic" portion of the proposal would allow other companies to enter the field and offer something "different or additional."

The one dissenter was W. H. D. Holdane of Oak Bay, who said: "It would not be in the interests of the people of this province nor is it politically wise."

He said the proposal does not protect the person who "inadvisably does not take out insurance."

But delegates interviewed after the manifesto was handed down disagreed and said it was politically wise. Some said it was the most important plank on their platform.

The meeting was steered by chairman Maj.-Gen. G. R. Pearkes, P.C. Member of Parliament for Nanaimo and the Islands.

PLATFORM

He called the program a "short, precise, crystal clear platform that could be easily understood by the electors."

There was no "nays" when the vote was taken on the article which stated the Progressive Conservative Party "believes in the democratic system of non-sectarian schools as at present established in the province."

30-PER-CENT CUT

Expected to be popular with the electorate is the pledge of a 30-per-cent cut in private automobile licence fees.

In proposing an automobile licence cut, Don Brown, of Vancouver, said the automobile is no longer a luxury and drivers "are being soaked one way or another."

The Progressive Conservatives said they believe in the perpetuation and management of the province's forests, said C. G. McMynn when he pledged appointment of a commission of inquiry to review the forest management policy.

The committee would make recommendations on how to "provide adequate opportunity for small loggers, mill operators and all others who desire to use and develop the forest resources of the province."

E. C. Carson, minister of public works in the coalition government, pledged a Conservative government to "continue and accelerate the highway program."

It was mentioned there are more children of under school age in B.C. than now are in the schools. The party is pledged to a more "equitable distribution of the province's contribution" of school costs.

"Immediate steps" will be taken to extend the Pacific Great Eastern Railway into North Vancouver, and it is hoped to extend it into the Peace River country in the not too distant future, leader Herbert Anscomb said.

R. C. MacDonald said municipalities should receive taxes on lands taken over by the crown. He introduced the manifesto article proposing "the payment of grants in all cities and municipalities where there is provincial government real property."

EXPAND INDUSTRY

The interests of the unions and the Progressive Conservative Party are identical, said Alan McDonell. He said the party has always attempted to expand industry which gives jobs to the workers.

The party is pledged to give "consideration" to the reports on the Industrial Conciliation and Arbitration Act, and the Workmen's Compensation Act.

Gen. Pearkes told delegates that this was not "a pull the wool over your eyes platform."

He said the "details can be worked out by a Conservative government."

Winterbottoms Plea

LONDON, April 30 (AP) — A resolution urging a reduction of the government sales tax on long Winter underwear has been introduced in the House of Commons by Labor members Ian Winterbottom and R. E. Winterbottom.

Mayhew Pleads For Low Tariffs

VANCOUVER, April 30 (CP) — A plea for reduction in tariffs to aid the Canadian fishing industry was made today by Fisheries Minister R. W. Mayhew.

Addressing the fisheries council convention, he said it was recognized that consumption of 10 or 11 pounds of fish by each person in Canada was too small to support the industry. "The protein value in fish is something we need in our diet."

Outlining handicaps confronting the industry, he said one handicap "is that we have no New York on Canada's East coast . . . and no San Francisco and Los Angeles on our West coast.

"Canada would like to see more level crossings in our tariff wall between nations," he said.

George J. Alexander, B. C. deputy fisheries minister, urged the industry to fight all proposals to build more power dams in the Pacific Northwest, or it would wake up one morning to find the salmon fishery no longer existed.

Capetown Tense as Bill Hotly Debated

CAPETOWN, April 30 (Reuters) —Armed police tonight guarded the home of every cabinet minister as the House of Assembly started its debate on second reading of the government's hotly-contested bill to make parliament the supreme constitutional court.

Public gallaries of the house were packed for the second stage of the bill, by which Prime Minister Daniel Malan seeks — among other things — to consolidated his racial segregation policy.

Capetown was tense. Extra police reinforcements will be arriving. So far 250 have come from various parts of the country to reinforce the local police. Many carried their guns hidden.

This is believed to be the first time cabinet ministers have been guarded in the history of South Africa. Premier Malan has a guard on his suburban home day and night.

SINISTER MOVES

Police headquarters repudiated the suggestion that there is anything mysterious or sinister about the police movements. But the Johannesburg Star today quotes a Pretoria police officer as saying that some of his men were drafted to Capetown because threats had been made against certain persons connected with politics.

When the high court debate opened, opposition leader Jacobus Strauss asked the speaker's ruling whether it was in order to proceed.

He asked whether the bill was not one of those coming under the provision of the 1909 constitution demanding that certain fundamental measures be debated in joint session of both houses of legislature and which can only be carried by a two-thirds majority.

The government argues this provision lapsed when South Africa gained complete independence.

Speaker J. H. Conradie reserved his decision and ruled that the debate continue meanwhile.

SEEK CONCILIATION

VANCOUVER, April 30 (CP) — Negotiations for 1952 forestry industry wage contracts ended here today and Union officials said they will seek a conciliation board.

The International Woodworkers of America (CCL) demanded general wage increase of 35 cents an hour. Current basic hourly rate is $1.29½.

96 CATTLE, 55 HOGS SLAIN

REGINA, April 30 (CP) — Ninety-six head of cattle and 55 hogs were shot and buried late today on a farm infected with foot-and-mouth disease five miles Northeast of Weyburn.

Forty-one head of cattle and eight hogs were from the infected herd itself. The remainder were from three contact herds.

VICTORIA FIREMEN BEGIN PETITION

VICTORIA, April 30 (CP)—Victoria firemen began a house-to-house canvas today appealing to taxpayers to urge maintenance of the Yates Street fire hall and the present staff.

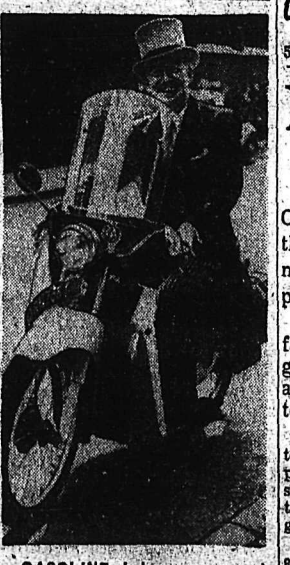
A petition is being circulated by Local No. 730 of the International Association of Firefighters on the grounds that "the public is entitled to and wants adequate fire protection."

Earlier today, Fire Chief Frank Briers said any loss of life resulting from abolition of the hall and reduction of staff will be on the shoulders of the mayor and aldermen. He said he would assume no responsibility.

Drunk Juryman Gets 30 Days in Jail

OTTAWA, April 30 (CP) — A juryman who was drunk on the job was given 30 days in the county jail today.

Judge Gordon McDougall gave Morgan Reynolds, 44, of Ottawa, a tongue lashing and the sentence for being tipsy when he appeared for jury duty in a theft case yesterday.



GASOLINE being scarce and expensive in England, Patrick Waddington decided that a motorcycle would be perfectly in style as his transportation to the wedding of Lieut. T. B. P. Hubbard, Royal Navy, to Miss Miram Fitzalan-Howard in London. So here is Mr. Waddington, correct in morning clothes, from pearl gray topper to patent leather pumps, arriving on his putt-putt at London's St. Mary's Church.
—Central Press Canadian.

$750,000 Blast Shakes City

FITCHBURG, Mass., April 30 (AP) — An explosion in the Dejonge Paper Manufacturing Company plant today caused damage unofficially estimated at $750,000 and shook a wide area of the city.

The blast shattered sections of the two-storey plant and weakened walls of the Fitchburg Engineering Company factory across the street.

Some 300 persons had left the two plants only a short time before. One Dejonge employee was injured.

Windows in several stores and homes were shattered. One house was a quarter-mile from the plant.

Two Killed In Ontario Plane Crash

TRENTON, Ont., April 30 (CP) —Two occupants of an R.C.A.F. Harvard training airplane were killed today when the aircraft crashed in a swamp 16 miles Northeast of Trenton.

Killed in the crash were F.O. Victor Morgan, 20, of Toronto, and Flight cadet R. G. Emmett, 23, of Oakville, Ont.

The plane crashed in a large swamp known as Percy Reach.

The Air Force reported that a pilot and passenger were in the plane, which was reported overdue late today.

Water Levels

Nelson—Tuesday 5.15, Wednesday 5.90.

Small Demand For Alta. Livestock

CALGARY, April 30 (CP)—Officials of Calgary packing plants have not received any definite assurance that Dominion Government agencies will absorb surplus meat stocks despite a two-day conference here, it was learned this morning.

Trading was resumed on the Calgary market as usual this morning with nearly 1700 head of cattle on offer. Light kinds were moving freely, but there was little or no demand for heavy cattle and it is this situation which has caused so much worry to producers in the past few days.

Divers Probe For Lost Trainmen

WOODSTOCK, N.B., April 30 (CP) — The bodies of two trainmen were still in the St. John River today as divers reported "no success" after probing the murky depths for the last two days. A landslide carried the men, their locomotive and six railway cars in the river Monday night.

Dunton Announces Basic TV Rates For Advertising on CBC Programs

TORONTO, April 30 (CP)—Basic television advertising rates in Toronto will be $1600 an hour and, in Montreal, $500 an hour, A. D. Dunton, chairman of the board of the Canadian Broadcasting Corporation, announced today.

Mr. Dunton gave these figures in an address to the Association of Canadian Advertisers, in Toronto, the rates would work down to about $960 for a half hour and $640 for a quarter hour. In Montreal they would be $300 for a half hour, and so on down.

The basic charge would cover station time, production facilities and use of the organization associated with a program. It wouldn't cover talent costs and incidental out-of-pocket expenses.

READY BY JANUARY

The network connection between Montreal and Toronto is expected to be ready by the first of next year, and the link with Buffalo by next September.

Costs of television production, Mr. Dunton said, are "extremely high." Those not familiar with these costs might think that the rates are "high"; while others would think them "reasonable."

The rates would apply to either "live" or "film" programs, and would include the costs of bringing a program from one station to another.

CANADIAN PROGRAMS

Programs would be basically Canadian. Programs would be brought in from the outside, but around a core of Canadian television. Choice of outside programs would be governed by their suitability and by how they fitted into or balanced the over-all pattern.

Juvenile Addict Spent $30 Daily

SEATTLE, April 30 (AP) — A 20-year-old former narcotics addict, wearing a white mask to conceal his identity, told the Legislative Council's crime investigating committee a sordid tale today of his "slavery to dope."

The youth testified he became a user of marijuana at the age of 16 because he wanted friends and thought that was a way to friendship. Shortly thereafter, he became addicted to heroin and soon developed a $20 to $30-a-day habit.

He had to turn to illicit pandering for prostitutes to obtain enough money to buy as much as three capsules of heroin a day, he said. Each capsule, he added, cost him between $6 and $10 from illicit sources. Some nights, he said, he made as much as $150 by obtaining patrons for prostitutes.

Another Big Plant Looms For Coast

VICTORIA, April 30 (CP)—An oxygen and acetylene manufacturing plant will be established at Kitimat, B. C. by Canadian Liquid Air Company Ltd.

Announcement of the new plant was made today by Lands Minister E. T. Kenney, who stressed the liquid air industry would actually be the first manufacturing plant at the up-coast site.

Although no estimate of the plant's cost was given, the minister said the establishment would be "extensive."

Products of the new plant will be used in the initial construction of the Kitimat development of the Aluminum Company of Canada's big processing plant.

HALIFAX DRAMA PRAISED

SAINT JOHN, N.B., April 30 (CP) —"Well done," adjudicator Michel St.-Denis said today after the Halifax Theatre Arts Guild presented Pilhip Barry's "Second Threshold" in the Dominion Drama Festival.

The matinee performance was the third play of the festival, all three having been produced by companies in the Atlantic provinces.

Sid Smith Named

KAMLOOPS, B.C., April 30 (CP) —Syd Smith, a member of the last legislature and chairman of the Hospital Insurance Inquiry Board, today was named Liberal candidate for Kamloops riding. No other name was placed before the convention of nearly 100 delegates.

Coast Publishers on Canadian Press

TORONTO, April 30 (CP)—Members of the Canadian Press, Canada's national news gathering cooperative, today in annual meeting elected the following directors:

British Columbia—Donald Cromie, Vancouver Sun, and Stuart Keate Victoria Times.

Coast Electricians Take 13% Increase

VANCOUVER, April 30 (CP)—Forty-five electrical workers employed by the city of Vancouver have voted to accept a 13 per cent increase in wages, offered by a conciliation committee.

The new rate will bring wages of journeymen electricians to $367 a month. The 1951 level was $325.

Empress of Australia To Be Scrapped Soon

LONDON, Eng., April 30 — The 21,833-ton Canadian Pacific liner Empress of Australia which will be turned over to the British Iron and Steel Corp. this month and broken up for scrap to supply steel for British defence production, arrived in Liverpool, Eng., early this morning on her last voyage.

Aboard the liner were over 2000 British troops and service families from Hong Kong, Mombasa, Aden and Port Said, returning home to the U.K. The vessel has been on charter to the British Ministry of Transport as a troopship since the end of World War II.

TRY TO HEAD OFF STRIKE

SPOKANE, April 30 (AP) — A federal conciliator scheduled a meeting with union and company negotiators today in an effort to head off a strike of more than 3000 woodworkers.

Washington City Bemoans Loss of Daily Paper

TACOMA, Wash., April 30 (AP)—A metropolitan city deprived suddenly of a daily newspaper undergoes strange changes as the days go by.

Along with the missing news and advertising, there's the frequently heard plaint of "I sure miss the funnies," and one radio station even tried to fill that lack.

But retail business both big and small, sports and civic events, charity drives, the radio stations the small weekly papers, the news staffs out of jobs and even, the elderly folks who miss the obituary marriage and death columns are all affected in one way or another.

Midway of the third week of the A.F.L.-Pressmen's Union wage strike which has closed the Tacoma News-Tribune, only newspaper in this city of 143,000, here are capsule descriptions of the situation:

Business: The general manager of one department store said sales were down 12 per cent and the big sales had had to be postponed. Another said sales had been "down 50 per cent some days." But other major stores have said retail business was about normal this time of year.

The News: Two stations, KTNT and KTAC, enlarged their staffs and increased the number of their daily newscasts, leaning heavily toward local news. Two weeklies, the North End News and the South Tacoma Star were consolidated by publisher Richard E. Breon into the Tacoma Star and weekly roundups of local news carried. The Tacoma Labor Advocate began to cover city council meetings and report other city news. Many people such as Atty. A. L. Lee, who said a 'great injustice' was done when people are deprived of the news, bemoaned the loss of a daily paper. Papers in outside cities like Seattle and Portland have not sent additional copies here for circulation.

Sports, civic events, charity drives, conventions: Sponsors all worried over ways of publicizing their work

Advertising: Many of the larger stores turned quickly to radio advertising and distributing handbills of 'shopping guides." Woolworth's placed young women on the sidewalks to hand out lists of sales items, as did Rhodes department store. Other stores took to mailing or distributing special "newspapers" of their own. All three radio stations had a heavy upswing in advertising business.

The Funnies: KTNT started a Sunday noon dramatized broadcast of the most popular comics. They used a cast of 10 people to act out Li'l Abner, Bugs Bunny and other familiar characters.

News Coverage: One reporter put it "never have so many reporters worked so hard for so little news." City council meetings usually covered by a couple of beat men, have been visited by as many as eight reporters, one for each radio station, one for each weekly and another for a Seattle newspaper. The demand of many business groups that Tacoma go on Daylight Saving Time has been a "hot" story.

Newspaper Workers: Many out of a job have been receiving strike benefits.

Diverting sidelights of the tieup have included the clerk at the County Court House who bemoaned the lack of social notices and news of weddings. One woman also called the radio stations complaining because she didn't know who had died recently. She was told that obits were being broadcast.

The strike was called April 12 with the Pressmen's Union seeking a $3.10 hourly wage, compared with the scale of $2.857. The management offered $2.95 and then shut down. A federal conciliation service representative has been "working behind the scenes" attempting to get the union and management to work out a settlement.

May 1 Moving Day Thing of Past

By The Canadian Press

Housing is still scarce in Canada's growing cities and that just about makes May 1 moving day a thing of the past.

Things are so tough that families of today "pick up and go" when accommodation is available. And it doesn't matter about time of the year.

Families that can pick their time to make the change, however, still prefer the Spring, a Canadian Press survey shows. Toronto movers say their busy season runs from the beginning of April until June.

Montreal expects to see between 8000 and 9000 families on the move this week. There were 20 per cent more last year. Biggest year for moving in Montreal was 1936, when 65,000 families found new homes.

In Quebec City, where as many as 8000 moves were made May 1 in pre-war years, 1500 families have taken over new accommodations during the last month and another 1500 are about to do so.

The demand for accommodation exceeds the supply in Saint John, N.B., Halifax, Edmonton, St. John's and Windsor, Ont.

In those cities and in Vancouver, Toronto, Calgary and Ottawa, many of the families who hire moving vans head for new housing developments in the suburbs. Calgary, for example, has a $1,500,000 housing scheme under way to provide 67 dwellings.

Building of new homes continues in most cities. But many would-be builders are discouraged by high costs and by the possibility of shortages of certain materials required for the rearmament program.

CANADIAN DOLLAR DOWN

NEW YORK, April 30 (CP)—The Canadian dollar was down 1-32 of a cent at a premium of 2 per cent in terms of United States funds in closing foreign exchange dealings today. The pound sterling was down 1-16 of a cent at $2.80 15-16.

And in This Corner . . .

UPLAND, Calif., April 30 (AP)—Here it is Wednesday, and Pancho is still on standard time.

Pancho is a little Fox Terrier who makes the rounds with mailman Charlie Deverets every day. Pancho was an hour late Monday, but after search of the mail room he took off and caught Charlie well on his way.

The same thing's happened since. But post office workers are confident Pancho will get used to the time switch in a few more days.

Pancho isn't Charlie's dog. Charlie's dog, Skippy, walked the route for 16 years, but died last Fall of old age. Pancho, Skippy's son, now owned by Mrs. Neva Johnson, took over.

VIENNA, April 30 (AP)—Two Russian soldiers stopped an American Air Force bus at gunpoint and hitchhiked a ride last night.

The bus was en route from Vienna to the U.S. Air Force base at Tulln, in the Russian zone 25 miles West of Vienna.

The Russians, one unarmed but the other with a sub-machine gun, rode about three miles. They got off and said "thank you" and "good night" in German

While aboard, they stood and grinned sheepishly at the unarmed Americans.

CIVIC

STARTS FRIDAY: "STARLIFT" with an ALL STAR CAST

R. E. Sommers, Castlegar Principal, Rossland-Trail Social Credit Choice

TRAIL, B.C.—R. E. Sommers of Castlegar was the almost unanimous choice of Social Credit delegates from the Rossland-Trail constituency at their nominating convention Wednesday evening.

About 100 members and delegates represented Rossland, Castlegar, Kinnaird, Fruitvale and Trail at a meeting which discussed plans for the forthcoming campaign. Campaign manager chosen was S. C. Watson of Kinnaird with a supporting executive from the other districts.

Carl Loeblich, president of the constituency organization and chairman of the meeting, appealed for immediate action in getting the campaign rolling. Headquarters had been established in the new Pistak building. Mr. Sommers gave a talk on Social Credit principles, stating that he had been familiar with the philosophy of the movement for over 15 years.

Born in Leduc, Alta., Mr. Sommers, a former Nelsonite, has been a school teacher for 21 years, teaching in Michel-Natal Central School and the B.C Peace River Bloc. He has been principal of Castlegar and Robson elementary schools for 17 years. He is a member of the Legion band and president of the Castlegar Kiwanis Club. Also, he has served in various executive capacities on the Castlegar Teachers' Association and is foreman of the youth training program of the B.C. Forest Service. Mr. Sommers has various outdoor interests and is interested in music.

COURTESY CARDS REPLACE TICKETS FOR VISITORS

Extending a policy of assistance to visitors and tourists, Nelson has adopted the courtesy card as a means of assistance to out-of-town motorists. A courtesy card instead of a summons will be issued visiting first offenders who contravene civic traffic bylaws.

Bearing a welcome to the city, a guide to some of its attractions, the folder which will be tucked under windshield wipers also advises: "You have violated a traffic bylaw, but as a guest and through the courtesy of the city council, you are exempted from this infraction." The card details traffic rules and requests cooperation.

Council Presses for Legislation To Change Election From Saturday

City Council Monday night moved to get municipal election day changed from Saturday and still keep its advance polls.

A resolution was passed for forwarding to the Spring meeting of the Association of Kootenay Municipalities in Tadanac May 10 asking amendment of legislation to allow for voting on three successive days, without election day being a Saturday.

Council received a wire from the provincial legislative board of the Brotherhood of Railroad Trainmen and a letter from Kootenay lodge of the Brotherhood at Nelson each protesting Council's intention to eliminate advance voting. Council however, gave third reading to its bylaw repealing the city's advance poll bylaw, Ald. W. S. Smith dissenting, and the question will probably be discussed more fully when it is presented for final reading.

Ald. Arthur Foster said he had no objection to advance polls, as long as election day would not of necessity fall on a Saturday.

The wire from the B. of R. T. provincial legislative board at Vancouver said that repeal of the advance polling was a "curtailment of people's rights."

Kootenay lodge said men on C. P. R. running trades would not get a chance to vote without advance polling, as their work takes them out of town on election day. "These men, or the biggest percentage of them, are taxpayers and should receive some consideration."

The lodge added that it understood most cities in B. C. have advance polls for people in similar positions. Council, however, pointed out that only a few cities followed this procedure, not most of them.

Derailment Halts Railway Traffic

Eight freight cars, derailed at Coykendahl, 18 miles West of Castlegar held up traffic for 16 hours on the Kettle Valley line Wednesday.

Train No. 12 eastbound, due to arrive here at 5:45 a.m. did not arrive till 9 p.m.

No. 12 from Vancouver due here this morning is arriving late due to trouble in Coquihalla pass. Latest reports Wednesday night said the train will be three or four hours late.

The Amazon River system drains a basin of 2,053,000 square miles, compared to 565,500 for the St. Lawrence.

WHERE THERE'S Coca-Cola TRADE MARK REG. THERE'S HOSPITALITY

Jaycees to Welcome Tourists, Curlers With Services, Ice Cream at Border

A host of surprises await American tourists when they cross the International boundary at Paterson and Nelway July 4.

The Nelson Junior Chamber of Commerce and Rossland and Trail Chambers will be on hand at the border towns to deck each car with a "welcome" bumper tag.

Jaycee's will distribute maps and booklets describing Nelson and the West Kootenay in an effort to promote the district.

They also hope to have free ice-cream for kiddies.

Jaycees will clean visitor cars' windshields too.

"We did this last year," Jack Morgan, chairman of the Jaycee's tourist committee said," and results were excellent. American visitors were positively astounded."

Last year, the Jaycees were on hand with welcome stickers for the cars. However, many of the tourists objected to window stickers. That is the reason, bumper banners are being used this year.

Jaycee's tourist committee includes Henry LeMoigne, Irwin Black, Earl Wilson, John Dalgas, Don Hunter, Lawrence Ludlow and Roy Mann.

A similar welcome will be extended visiting curlers during Bonspiel week. Jaycees will be on hand at the Kootenay Lake Ferry July 6, to advise curlers where accommodation is available. Other tourists will be warned about crowded accommodation in Nelson and will be directed to district auto courts and hotels between Trail and Kaslo.

Conciliation Officer Named For Dispute

George A. Carmichael has been appointed conciliation officer for Kimberley Mine and Mill Workers Union, Local 651, Kimberley, and Kootenay Base Metals, Fort Steele.

Hendricks Returns From Liberal Meet

Walter Hendricks, M.L.A. Nelson-Creston, and Mrs. Hendricks have returned to Nelson after attending "one of the most successfull" Liberal conventions at Vancouver.

Mr. Hendricks said that of all the possible delegates throughout the province, only 44 were represented by proxy.

About 730 attended the convention.

Dave Thomas, Former Nelson Boy, Drowns

Dave Thomas, 22, reported to have drowned at Kapuskasing, Ont., Monday, is a former well-known and popular Nelson High School student.

He was the only child of Mr. and Mrs. D. J. Thomas, who resided here for several years, moving to Vancouver in 1949. Mr. Thomas was chief clerk to the superintendent for Canadian Pacific Railway at Nelson from 1943 to 1949. He is now wharf agent at Vancouver. They flew to Kapuskasing Wednesday.

Dave Thomas, McGill graduate, was recalled as a brilliant student at Nelson. At the time of his death he was a chemical engineer of the Spruce Falls Power and Paper Company. He and Alan McBurney, 23, of Niagara Falls, also a chemical engineer, lost their lives when their canoe capsized in the Kapuskasing River. Search for their bodies was continuing Wednesday night.

120 LAID OFF WORK

NEW WESTMINSTER, B.C. April 30 (CP) — A total of 120 employees of the Canadian Forest Products Pacific veneer plant here were laid off today as a result of the woodworkers strike in the United States Pacific Northwest.

M.P.'s Poke Fun at Selves At Nelson Tea

Members of the House of Commons apparently look at each other through spectacles of some peculiar hue—certainly not the rose-colored type.

How two members on opposite sides of the House appear to each other was learned during the Redeemer Service Club Spring tea and sale at the parish hall Wednesday afternoon.

A "parcel post" sale, cards had been sent to E. T. Applewhaite, M.P. for Skeena, and H. W. Herridge, M.P. for West Kootenay, inviting them to send mystery parcels for the sale. Mr. Applewhaite's sister-in-law, Mrs. John Applewhaite, is a member of the club, and had sent the cards.

Rev. Canon W. J. Silverwood and a visitor, Mayor H. C. Elmes of Rossland, were invited to open the parcels after they were sold.

Mr. Herridge had sent a toy panda, wearing a card inscribed, "This is what Teddy Applewhaite looks like from the Opposition benches."

Not to be outdone, Mr. Applewhite had sent a shaggy-browed, grinning toy monkey called "Grandpop" wearing a card which said, "H. W. Herridge, M.P., as seen by E. T. Applewhaite, M.P."

Owners of the stuffed animals now are Mrs H. W. Wilton and Mrs. F. A. Whitfield.

Canadian Films Win Top Awards

NEW YORK, April 30 (CP) — Four Canadian films today received top awards in the annual competition sponsored by a national magazine for high school teachers and administrators.

Picked as outstanding in the 16-mm. educational film section were "Ages and Stages", produced by Crawley Films for the National Film Board of Canada, and "Breakdown," prdouced by the N.F.B About 325 films were entered in this class.

Among the top 10 awards to filmstrips for high school studies and English were "masks of North American Indians" and "Simplified Staging." both produced by the N.F.B. Some 175 films were eligible.

WRENS MAY TAKE 12-DAY COURSE

OTTAWA, April 30 (CP)—Wrens who underwent Winter Reserve training will be able to take 12-day courses at the navy's new entry training establishment at Cornwallis, N.S., this Summer naval headquarters announced yesterday.

Most of the 400 Wrens attached to naval divisions are employed in civilian occupations. Those in more distant points will be able to fly at Government expense so they may take the course during annual vacations.

The courses, intended to supplement basic training with lectures on leadership, naval tradition and history, will be held June 2, 16 and 30; July 14 and 28, and Aug. 11 and 25.

$30,840,479 for Defence Contracts

OTTAWA, April 30 (CP)—A total of $30,840,479 worth of defence contracts was awarded to Canadian firms during the last two weeks of March, the Department of Defence Production said today.

Contracts for more than $8,900,000 worth of petroleum products—for delivery in the current fiscal year—cover the purchase of such products as fuel oil, lubricants, gasoline for the three armed services in Canada.

The largest contracts were awarded to the British American Oil Co. Ltd., Imperial Oil Ltd., and Shell Oil Co. of Canada, Ltd.

Storm Lashes Coast

VANCOUVER, April 30 (CP) — Gale-force winds, hail, rain and lightning sent Vancouverites ducking for shelter today.

Lightning hit one of the big steel towers near Second Narrows Bridge interrupting power supplies to North Vancouver, Kerrisdale and North Burnaby.

Trees were blown down in Stanley Park and in suburban districts.

But the storm, starting shortly after 1 p.m., didn't last long.

By mid-afternoon, sunshine flooded the city.

It has been estimated that forests covered nearly 2,000,000 square miles in Canada in past centuries.

Jaycees May Publish Information Booklet

Nelson's Junior Chamber of Commerce is planning to publish a booklet describing Nelson and district industries and giving general tourist information.

"We feel that for a city this size there isn't a booklet available that fully describes Nelson and district in detail," Jack Morgan, chairman of Jaycee's tourist committee said Wednesday.

The booklet will be distributed at conventions and handed out to anyone interested in this area.

Fairview Field Use To Be Topic At Joint Meeting

Nelson's playing fields are apparently shrinking.

Never have so many wanted to do so much on so small a space, Ald. Elizabeth Wallach, parks committee chairman, has found.

But the former physical instructor is handling the problem with diplomacy, it was demonstrated on Monday night when City Council heard a plea for playing time for juvenile baseball players in Fairview.

Frank Elsener appeared on behalf of the juvenile players to suggest the Council was allowing the Nelson Fastball League to monopolize the Fairview playground.

Alderman Wallach was quick to point out that the fastball group had no wish to monopolize the grounds, and suggested that a meeting be called at which representatives of the ball teams and the parks committee could line up a playing schedule satisfactory to all. The suggestion won approval.

Fastball teams had asked to use the field Tuesday, Wednesday, Thursday and Friday evenings, and Sunday afternoons, until league play was completed.

The young baseball spokesman said the juveniles sought use of the field Sundays, too. A relative newcomer to Nelson, he said he had been told the kid baseball teams had been using the field for about five years. He had also been told the teams kept the field in shape and that the City did "nothing."

This claim was denied by Council members, who said the field had received little use, and that work had been carried out in recent years. Grading had been done and large rocks hauled away.

P.C. Candidate To Be Named Here Next Week

The Nelson-Creston Progressive Conservative Association will hold its nominating convention Wednesday afternoon in Hume Hotel Silver Room.

All local P.C. organizations are being encouraged to send as large a representation as possible by reason of the convention voting being thrown open to all Progressive Conservatives attending from the riding.

Annual election of officers will also be held at the convention.

At night Hon. Herbert Anscomb, provincial party leader, will address a public meeting in Eagle hall in the course of a tour of the province.

Mrs. Oliver Is Returning Officer

Mrs. R. L. Oliver, 311 Ewlyn Street has been appointed returning officer for the Nelson-Creston riding for the June 12 provincial elections.

Mrs. Oliver, a former school teacher, has filled this post in two previous provincial elections. Her assistant and clerk will be Mrs. E. M. Stallwood.

Alexander's Oil Paintings Shown

LONDON, April 30 (CP)—Three oil paintings by Field Marshal Earl Alexander will be on public view at the Royal Academy starting Saturday, it was learned today.

The paintings have Canadian titles —one is called "Ottawa" and another "Gatineau River" — and were painted when Britain's new defence minister was in Canada as governor-general.

The Royal Academy exhibition runs until Aug. 24. Some 1579 works were chosen by the selection committee headed by Sir Gerald Kelly, president of the academy.

Propose Hoedown Early in Bonspiel

Last year's Jaycee Hoedown, held at the close of Summer Bonspiel week, was such a "howling success," the Jaycees have again offered their services to the bonspiel committee.

This year, however, the Hoedown will probably take place on Monday July 7, since many of the visiting curlers leave before the end of the week.

Logger Jailed For Shooting At Girl

VANCOUVER, April 30 (CP) — Ilko Sahaydah, 50-year-old logger, today was sentenced to two years in penitentiary for shooting at his girl friend.

He admitted in court that he fired three shots at 27-year-old Ethel Kozinka last week. She escaped injury.

CANDIDATE TO COAST

SLOCAN CITY, B.C. — Howard M. Parker, Progressive Conservative candidate for Kaslo-Slocan in the June 12 provincial election, has left by plane for Vancouver to attend a P.-C. meeting. He has been visiting various points in the riding.

Average cost of a Canadian telephone poll was estimated at $6.77 in 1951.

Power Goes on at Creston

CRESTON, B. C.—A switch was pulled here Wednesday—and Creston got a new and ample power supply.

It sounds as if giving Creston power was easy. Actually the switch pulling by F. A. Lee, general superintendent of the West Kootenay Power and Light Company, culminated months of work in stringing the 66,000 volt branch line from Crawford Bay to Creston, offshoot from Consolidated Mining and Smelting Company's giant line fron South Slocan to Kimberley.

Riondel received power earlier this month, and within a few months, communities along the East shore of Kootenay Lake from Crawford Bay to Wynndel will get electrification, these for the first time.

Present for the 3 p.m. switch-pulling at the new Creston highly-modern sub station besides Mr. Lee was E. M. Coleman of Trail, new superintendent of transmission for the West Koottnay Power and Light Company.

With energizing of the line, Creston, handicapped by a lack of power to cover needs of a town three times its size,

The Goat River plant, built in depression days, will be closed down.

Village Commission and Board of Trade officials in Creston have hailed the arrival of the power as heralding a new industrial and general development era for Creston.

12 Months Jail For Contributing To Child's Delinquency

SALMO, B.C.—Peter J. Chernoff of Salmo Monday was sentenced to 12 months imprisonment in Oakalla when he was convicted on a charge of contributing to the delinquency of a child.

Chernoff pleaded not guilty before Stipendiary Magistrate Henry John in Provincial Court here.

Three crown witnesses testified at the hearing.

SPECIAL SERVICE HELD

FRUITVALE, B.C. — St. Paul's United Church of Fruitvale conducted a special service in Beaver Falls school, with T. Cuming, Alex Graham and F. M. Peitzsche assisting. The choir sang, and John McPherson was soloist.

DANCING CLASSES HELD

SLOCAN CITY, B.C. — For the last 2½ months, classes in tap dancing and the Highland fling have been organized here for children from five to 17 years. A revue is planned for this Spring.

Manufacture of boots and shoes was one of the earliest industries in Canada, with 20 shoemakers listed in 1667.

Slocan Banquet Marked By Historical Pageant

NEW DENVER, B.C. — Members of the Slocan Board of Trade were hosts to about 120 members, wives and friends Wednesday in Bosun hall at a banquet and hilarious entertainment in annual "ladies' night."

Grace was said by Rt. Rev. Bishop Hugh Embling. Visitors were introduced by A. L. Harris, president of the local board, and places represented were Edgewood, East Arrow Park, Needles, Nakusp, Sandon, Zincton, Silverton, Slocan and Winlaw. Mr. Harris gave a brief outline of functions of the board.

During a brief business session, a letter was read from B.C. Power Commission stating that the deputy chief engineer would arrive shortly to survey the district's requirements.

B.C. Telephone Company advised about the telephone exchange service at Slocan City and a private line to Silverton.

Hon. A. D. Turnbull wrote that elderly Japanese would be provided for at the sanitorium at New Denver. He promised to keep in mind the possible location of elderly Occidents at the san.

Four scenes from the history of the Slocan were re-enacted by Board of Trade members in a gala revue. Commentary was given by James Draper, who followed the history of the Slocan from its beginning in 1891 when Eli Carpenter and Jack Seaton discovered the Payne Mine, to the present time.

The first scene depicted these famous prospectors. The Second scene was in a bar-room in Sandon in early days, and the third act was aboard to the S.S. Slocan. The fourth was an extraordinary meeting of the B.C. Legislature of today.

Mr. Draper presented bouquets to Dr. Wilson and Mrs. Harris, who were accompanists.

Funeral Rites Held For Moyie Resident

MOYIE, B.C.—Funeral service for Oskar A. Lundquist of Moyie was held at McPherson Funeral Home; Rev. W. H. McDannold of Cranbrook officiating.

Interment was in Cranbrook cemetery, and pallbearers were G. Williams, R. Stanton, D. McKay, D. Boyd, F. Botterill and Fred Williams.

WOMAN BURNS ARM

FRUITVALE, B.C. — Mrs. Toni Marchi burned the lower part of her left arm here when she fell against a hot stove. She is at home after receiving treatment in Trail.

SOCIAL CREDIT candidate for Nelson-Creston in the June 12 provincial election is Weston D. Black, Creston school teacher. Vancouver-born and a former student of University of B.C., he has followed various occupations, and during his teaching career has been active in B.C. Teachers' Federation work.

Free Christian Science Lecture

TO BE GIVEN IN KASLO

Grace Jane Noee of Chicago, Ill., will deliver a Lecture on Christian Science in the Musicland Theatre, at 8 p.m. on Thursday evening, May 8th. Mrs. Noee is a member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

Many people are interested in learning about Christian Science. They like to know how Christian Science heals disease, how it banishes fear and solves all manner of business problems. The purpose of these lectures is to give the public the facts in simple, understandable terms.

First Church of Christ, Scientist of Nelson, B.C., is sponsoring this lecture, and it is free to everyone. ••••

Bowker Honored By Kaslo Board

KASLO, B.C. — Highlight of the annual "ladies' night" of Kaslo Board of Trade was presentation of a life membership to Gordon Bowker for 25 years of faithful service.

In expressing his appreciation of the honor, Mr. Bowker paid tribute to a number of pioneers of Kaslo, who had been responsible for the success of the organization in its first years.

Seventy-five members and their wives attended the dinner in Legion hall. A. L. MacPhee proposed a toast to the women, and Mrs. W. V. Drayton responded.

A memorial to the late Dr. K. Shimo-Takahara was discussed.

During a brief program, Miss Pat Halleran, accompanied by her father, C. C. Halleran, played two 'cello solos, F. V. Webber gave two comic recitations, St. Mark's Anglican Church quartette sang, two selections, and three high school teachers, G. J. Dickson, Donald Kay and A. C. Tinney, presented a humorous skit. Community singing was led by Mr. Halleran and Mr. Webber.

Ex-Calgarians Buy Radium Hotel

INVERMERE, B.C.—The Radium Hot Springs Lodge, owned and operated for the past three years by Mr. and Mrs. H. B. Williams, has been sold to Mr. and Mrs. Duncan G. McIntosh, formerly of Calgary.

Mr. and Mrs. McIntosh are well acquainted in the valley as they operated the Big Bend Hotel at Golden for four years and later operated a theatre in suburban Calgary.

The Radium Hot Springs Lodge was originally built by the C.P.R. and operated for many years by Miss Charlotte Armstrong who later purchased it and managed the resort until she sold it three years ago to Mr. and Mrs. Williams.

Mr. and Mrs. Williams will remain in the valley for a time.

Fines For Three

SALMO, B. C.—Irwin V. Millar was fined $50 and costs when he pleaded guilty to a charge of consuming liquor in a public place. Millar was apprehended in an auto on the highway near Ymir.

Ronald D. Winter, charged with causing a disturbance at Salmo, was fined $25 and costs. He pleaded guilty to the charge.

George A. McKerral was fined $25 and costs when he pleaded guilty to a charge of joyriding.

All three are of Salmo.

Magistrate Henry John heard the cases in Provincial Court here.

VANCOUVER, April 30 (CP). — Drill tests showing 8,000,000 cubic feet of gas have been recorded by geologists at Wilrich's Bonanza No. 2, near Pouce Coupe, B.C., in the Peace River district.

George A. Richardson, president of Wilrich's Petroleum Ltd., said here today that the gas came from the cadomin zone at a depth of 4205 to 4212 feet.

FRIDAY NIGHT SHOPPING?

During the past few weeks we have advertised Friday evening shopping for our customers, and have, in fact, remained open Friday evenings. From our customers' reactions and comments we are convinced that they appreciated this additional service. However, while endeavoring to establish this additional service, some controversy has arisen regarding the legality of our intentions.

As retailers, we're in the distributing business. We manufacture and produce only one commodity —Service to the Public—and that is our own personal and sole stock in trade. Like other manufacturers we strive first to improve our product and, second to produce it as economically as possible, in order to make available to our customers the best possible value.

Service can be offered in many forms, but it can't be good service unless it includes some measure of convenience for the purchaser, and in this case for YOU—our customer, and the more convenient we make it, obviously the better we are serving you. This striving for improvement of our product we know is not a crime—and we don't consider it a disgrace.

Whether or not you have the opportunity to do all your shopping in regular hours, we know that you appreciate the position of others who work from 8:00 a.m. to 5:00 p.m., or the advantage of having your husband with you on a shopping tour.

And Friday night is obviously the best night. It doesn't interfere with Saturday night activities—baby sitters are available for you, and extra help—usually high school girls, are available for us. This has been proven during the last few years in Eastern Canada, the Prairies, in the States and lately at North Vancouver.

And so, we may not be open this Friday night, but we assure you that it is our intention to give you the best service that we can produce, and we are confident that eventually we shall be open one night every week, together with those Nelson retailers who also wish to improve their service to the public, regardless of whether or not we are a majority.

Nelson Courtesy Cards Worthwhile Innovation

City of Nelson has taken a forward step in its treatment of visitors by introduction of courtesy cards for motorists offending local traffic ordinances.

The idea is that a courtesy card welcoming the visitor as a guest and advising him of traffic bylaws replaces a summons for persons involved in minor traffic infractions. It adds an introduction to some of Nelson's attractions, and generally reveals the civic intent to be helpful to the stranger.

For a city that is a tourist centre itself and the gateway to a widely-known resort area, the hospitable innovation is good business.

Tax Collector on Wheels

There's more than steel, rubber and textiles in the modern automobile. There's a lot of taxes, too. The annual report of Ford of Canada, which, in the terms of the Financial Post, "supplies some statistics which should stagger even the car buyer who realized that the tax collector had a stake in this business."

On the wholesale value of the 1951 sedan, excise and sales taxes combined amounted to 35 per cent, or $525 per vehicle. And that was only part of the story. Other taxes, including company income taxes, municipal taxes and customs duties, added another $225, or a total of not less than $750. Fifteen years ago one could have purchased a brand-new car in the same range for only a couple of hundred more.

The figures mentioned, of course, covered the situation prior to the recent budget. Downward revision in car excise taxes then will lop approximately $140 off totals given.

In this business the purchaser of a new car has just started his special contribution to the public treasury for the privilege of owning and operating what is now considered practically a necessity. The Federal tax collector is not so interested once the car is bought, but his Provincial colleague certainly is, via the gasoline pump, and, in B.C., the Municipal Aid and Social Security 3 per cent tax. Out of every dollar handed the service station operator for fuel and oil, over 25 per cent is tax, and that levy continues from the hour the new car leaves the showroom until it ends on the scrap heap.

Whoever it was that actually invented the automobile opened the way to one of the greatest tax collecting discoveries the world has ever known.

End the Debt

Mr. Abbott ought to budget for a definite amount every year for debt reduction, suggests the Owen Sound Sun-Times.

Reducing the debt by $2,344,000,000 has saved Canadian taxpayers $62,000,000 a year in interest. We can save ourselves another $300,000,000 annually if and when we can wipe out the debt altogether.

LETTERS TO THE EDITOR

Letters may be published over a nom de plume, but the actual signature of the writer must be given to the Editor as evidence of good faith. Anonymous letters go in the waste paper basket.

Why the Delay

To the Editor:

Sir—I would like you to publish these questions that a lot of us are puzzled about.

Mr. Anscomb, leader of the Conservatives at the time of Coalition, stated, and we agreed with him fully, that the rate of borrowing by the Government will plow the individual and small business man under; his solution was industry. Has the Premier, Byron Johnson, changed this plank in the Coalition platform? Has Hon. A. D. Turnbull, like the Trail Chamber, become neutral to Celgar and the application of Kootenay Forest Products for their forest licence? We all need a playground, but a million acres of forest will pay a lot of school taxes, hospital and road taxes, so why the delay? The Ministers are all in Victoria, and our taxes and loans still climb.

HEAVY TAXPAYER.

Robson, B. C.

Closing the Normal School

Vancouver Normal School, which has played a long and notable part in the educational development of British Columbia, is to be closed and sold. It will have only one more year to run.

Beginning in September, 1953, according to the announcement made to the B. C. Teachers' Federation convention by the Minister of Education, teacher-training on the mainland is to be centralized and administered jointly by the University and the Department of Education. The Normal School at Victoria is to continue, but in conjunction with Victoria College, which is affiliated with the University.

The inauguration of the new policy means the taking of a long step in the direction of making teaching a permanent profession in British Columbia rather than, as it has been so often, a stepping-stone to something else. This should mean better remuneration for teachers, greater prestige for the profession, and, of course, better teachers, since the training will be more complete.

The little red schoolhouse is gone from our Province except in the isolated districts. The new attitude toward education, the consolidated school and the school bus are making it obsolete. And, as the little red school goes, the tyro teacher, who, after a few months' training, was sent out to sink or swim in the settlement, is going, too. After the new system gets going, there should be no tyro teachers any more—only people who have already climbed a step or two up the professional ladder.

The Hungry Didn't Start the Wars

In the last Farm Forum broadcast of the season, Sir Norman Angell rendered a public service by drawing attention to an important truth that has been staring us in the face for years, but which we have been unable to see because of the foggy thinking in which we have been indulging.

"Wars," said Sir Norman, "are not caused by hunger; but hunger is caused by war."

He cited all the wars within living memory: The Spanish-American War, the Philippine War, the South African War, World War I, the Japanese War in Manchcuria, and World War II.

In every one of these cases the aggressor nation was better fed and better supplied with this world's goods than the nation it attacked. In every case it was the rich and powerful nation attacking the less rich and less powerful.

In Sir Norman's view, lack of stable government makes countries weak and unable to defend themselves; and such countries are a constant temptation to their more powerful neighbors who hope to make an easy conquest.

—The Rural Scene.

Spare moments are the gold dust of time; —of all the portions of our life, the spare minutes are the most fruitful in good or evil.

—Hall.

?Questions? ANSWERS

Curious, Kimberley—In the list of papers put out in the interior of B. C., we omitted to include the Trail Daily Times. The Prince Rupert Empire has gone out of publication and the Prince Rupert News serves that city.

Pensioner, Nelson—Can a pensioner leave Canada for a holiday and still receive his pension?

If a pensioner leaves Canada, payment of the pension will be suspended, but may be resumed when he returns. He is, however, paid for the month in which he leaves, and, furthermore, may receive payments covering up to three months of his absence, provided he returns within six months.

Pete, Creston—Where could I get barber shears sharpened?

Sam Brown Repair Shop, 737 Baker Street; A. J. Hesse, 323 Victoria Street, both of Nelson, do this work.

Reader, Creston—To settle an argument, did the mill ever exist as a coin?

August 8, 1876, the American Congress passed a law prescribing certain coins. This law contained the following clause: "Mills: The lowest money of accompt, of which 1000 shall be equal to the Federal dollar, or money unit." Although the 10th part of a cent—the 1000th part of a dollar—has been called a mill ever since, the mill has no existence as a coin in the American monetary system. The word is herived from the Latin "mille", thousand.

K. L., Cranbrook—Where is the Sister Kenny Polio Foundation?

Looking Backward

10 YEARS AGO

From the Nelson Daily News, May 1, 1942

Stalin says Russia has no ambition for territorial gain, her sole aim is to beat back the Nazis.

E. Fornelli and H. J. Witchell have been named delegates to the Knights of Columbus State Convention at Vancouver by the Nelson Council. Alternate delegates are J. P. Duffy and James Eccles.

25 YEARS AGO

From the Nelson Daily News, May 1, 1927

Two grading outfits, each consisting of tractor and grader, will be put at work on the Ymir Road by William Ramsay, District Engineer, who closed the road to traffic a few days ago to give it a chance to dry up.

50 YEARS AGO

From the Nelson Daily News, May 1, 1902

The water in the Main Lake had risen two feet, eight inches to noon yesterday.

The bell on the Fire Hall cracked yesterday morning while the alarm for the practice call was being sounded. This marks the second bell that the City has purchased from manufacturers in Chicago inside of six months. The first bell was replaced under a guarantee, but whether the same practice will be followed again remains to be seen. There are now over 1000 pounds of bell metal around the Fire Hall, but the City is without a fire alarm that can be heard for more than two blocks.

Your Horoscope

Try not to be headstrong in family matters; be cheerful, and your affairs are likely to make rapid headway in the coming months. An active, energetic and keen-minded personality should develop in the child born today.

It's Been Said

All who joy would win must share it—happiness was born a twin.—Lord Byron.

DIVERSIFIED INDUSTRY

A gratifying feature of the industrial picture here is the clear evidence of its diversity. The area is not a one-industry locality, possibly hit by a depression in any one line. Indeed, we cannot think of any other community in Ontario of our size where industry is more diversified than here. That is not only good for the community, but for its people—presenting opportunities to learn many and interesting trades and businesses.—Niagara Falls Review.

Letters to The Editor

Letters to the Editor of sufficient interest, but of too great length for the usual letters column will, on occasion be reproduced in news columns. All letters to the Editor must be signed, though a nom-de-plume may be used for publication.

Seeks Father In Nelson District

To the Editor:

Sir—I am appealing to the newspapers in this area in an effort to locate my father, who has been missing some years. From information recently received, I have reason to believe that he now lives in or near your city.

I have written hundreds of letters about my father. My little girl, whom he has never seen, is a victim of polio.

My father's name is (Fieldon) William Summers, usually called William or Bill Summers. He is 48 years old, born in Shelbyville, Ind., U.S.A., in 1904. His height is five feet, five inches; weight, 140-145 pounds; blue eyes, very fain cast; hair, light brown, wavy, thinning; cleft chin, good teeth, nose gives the appearance of having been broken.

He is quiet, nice disposition, and is a man of good character and habits.

He was in the U.S. Navy in the 1920s, but is not a war veteran. He was a storekeeper in the Navy.

In civilian life he did diner and restaurant work, working as counterman and short order cook. He may now own a small restaurant or diner.

We lived in Philadelphia, Pa., in 1932.

My dad went to the Western States at that time, and we have now heard that he lives in Canada, and has married again since my mother's death.

If anyone can give me any information on this man, or anyone who might be my father, please write to Mrs. Leon Lovett, Librarian, Public Library, Beach Haven, New Jersey, U.S.A.

I am now grown up, married, and the mother of two lovely babies, who would love to meet their young grandfather.

MRS. LEON LOVETT.

Dreher Dismissed From Police Force

CALGARY, April 30 (CP)—Constable W. L. Dreher has been dismissed from the Calgary city police force, the Police Commission announced Tuesday.

Dreher, husband of Gwendolyn Dreher who recently was acquitted on a charge of murdering her former fiance, Clarence M. Franklin, had been employed in a licencing bureau at the city police station since the charge was laid against his wife.

A statement from Commission Secretary Warren Stewart said:

"The Calgary Police Commission, at a meeting held April 25, decided to discontinue with the employing of Constable W. L. Dreher."

Franklin was fatally shot last Nov. 31 while in the Dreher's basement suite here. No other charges have been laid.

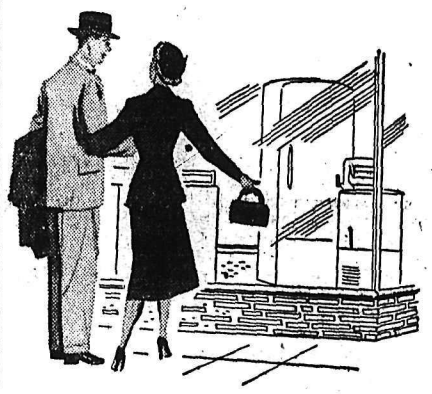
TO FIGHT INCORPORATION

VANCOUVER, April 30 (CP) — Railway unions representing 10,000 C.P.R. employees are preparing to fight any attempt to incorporate the C.P.R. hospital scheme into the B.C. Hospital Insurance scheme.

Don't buy any refrigerator until you've

"Quality-Compared" it with a G-E refrigerator



Your investment in *any* refrigerator is a major one. Don't you agree that it's only good sense to insist on the best—to look beyond the price tag—to remember that what really counts is the years and years of satisfaction you'll enjoy by having chosen wisely?

Don't be "penny-wise, pound-foolish"

Today, before buying a refrigerator, see them all. Be sure you get a refrigerator that will give you years and years of trouble-free service.

G-E Refrigerators give you one-third more food space in the same floor area . . . moist-cold drawers for meats, fruits and vegetables—butter conditioner—frozen food compartment . . . every feature you've ever wanted.

Make sure *before* you buy that you're really getting what you want. When you choose G.E., you'll get quiet, economical, trouble-free service year after year after year.

3½ Million G-E Refrigerators in Use 10 Years or Longer

Remember—General Electric refrigerators have been famous for dependability for twenty-five years. Make sure you get that kind of dependability . . . choose the best—don't settle for anything less.

BAPTISM SERVICE . . . Special baptism services, conducted by Rev. Allan Dixon, were held recently at Trinity United Church when the name Alan Douglas was given to the year-and-a-half old son of Mr. and Mrs. Robert Koehle, Observatory Street, and the name Murray Charles to the three-year-old son of Mr. and Mrs. Robert Finlay of Trail.

Engagements

The engagement is announced of Marjorie Velma Wills, daughter of Mr. and Mrs. John Horie of Cranbrook, B.C., to John Carroll O'Genski, of Nelson, B.C. Wedding will take place May 31st in St. Mary's Church, Cranbrook, B.C.

His Honor Judge Dawson and Mrs. Dawson announce the engagement of their daughter, Sheila Powell, to Peter Richard, elder son of Mr. and Mrs. Richard H. Candy of Ottawa. The wedding will take place at 2:30 p.m. Saturday, June 7th, in St. Saviour's Pro-Cathedral.

Mrs. Audrey Wright wishes to announce the engagement of her only daughter, Blanche Albertina, to Walter Lloyd Konkin, eldest son of Mr. and Mrs. J. Konkin of Saskatoon, Sask. Wedding will take place May 19th, 7:30 p.m., in the Baptist Church, Nelson.

Salmo Guide Group Sponsors Tea, Sale

SALMO, B.C.—A successful sale of work, baking and a tea were sponsored by the Girl Guide Association in the community hall.

The Guides were responsible for articles on the work table. In charge were Mrs. Marshal Sauter and Mrs. W. Taylor, work table; Mrs. Waterstreet, bake table; Mrs. Clifford Hearn, fish pond; Mrs. Erick Munck, Mrs. James Dodds and Mrs. E. H. Cosnett, kitchen, and Guides Beverley Waterstreet and Marion Hansen were servers.

The central and largest island of the Orkneys, North of Scotland, is known as Pomona.

Redeemer Spring Tea a "Success"

Tiny nests with fluffy little chickens perched on jellybean eggs formed tea table centres for the many guests to Church of Redeemer Service Club tea and sale Wednesday afternoon.

Held in Church of Redeemer Hall, the tea was a complete success as Rev. Canon and Mrs W. J Silverwood and Miss Kay Porter received the guests.

Main table was centred in Spring daffodils and cream tapers with forsythia decorating the hall.

Presiding at the tea urn were Mrs. F. W. Clark, Mrs. W. J Silverwood, Mrs. T. C. Lambert and Mrs. E. E. Hopwood with Mrs. B. Lowery, Mrs. E. G. Kidd, Mrs. Peters, Mrs. S. T. Lea Mrs. Johnston Mrs. W. DeFoe and Mrs. E. P. Baker serviteurs.

Mrs. C. W. R Harper, assisted by Mrs. R. Phillips, Mrs. F. Abfalter and Mrs. C. H. Jones, was in charge of the bake table with Mrs. Frank Pennoyer and Miss V. Porter in charge of parcel post table. Mrs. B. B. Stallwood and Mrs. Jack Taylor convened the work table with Mrs. R. Newcomb acting as cashier.

In charge of the kitchen were Mrs. M. French, Mrs. J. P. Horswill, Mrs. R. R. McCandlish, Mrs. D. A. Griffin and Mrs. T. W. Halsey, who was general convener.

Proceeds will go toward church work.

WINNIPEG (CP)—A new cause of blindness, an offshoot of modern medical facilities, is striking human beings, says Lt.-Col. E. A. Baker of Toronto.

Addressing a service club, the managing director of the Canadian National Institute for the Blind said the blindness has been found in infants born more than two months premature and weighing less than three pounds.

Top Pythian Sisters' Official in Fruitvale

FRUITVALE, B.C.—Mrs. E. Beduz of Kimberley, grand chief of the Pythian Sisters, paid an official visit to Rosevale Temple here.

She was accompanied by Mrs. Pearl Palmer of Rossland, deputy supreme chief, and Mrs. Woodward, grand district deputy, also of Rossland.

Mrs. Beduz presented the temple with a Bible a gift from Mrs. Palmer and Mrs. Bray of Rossland, which was accepted by Mrs. E. Sims, most excellent chief.

W. I. Tea, Sale Brings in $43

Approximately $43 was realized at the annual Spring tea and bake sale of Granite Road Women's Institute Wednesday afternoon. Over 40 guests were present.

Decorations by Mrs. W. C. Leahy and Mrs. Norman Johnson were Scotch heather and wild flowers with the main table centred by daffodils, primula pom poms and red tapers.

Mrs. E. P. Muraro and Mrs. G. R. Pickering convened the tea.

Presiding at the tea urn was Mrs. C. Stewart and Mrs. G. R. Pickering. Serving were Mrs. W. C. Leahy, Mrs. N. Johnson, Mrs. J. Young, and Mrs. W. A. Smith. Mrs. E. R. Clark and Mrs. F. Ozey presided at the bake table with Mrs. E. P. Muraro and Mrs. E. Ironmonger in charge of tickets. Mrs. H. McCandlish received the door prize, a bedroom lamp.

CARD PARTY SPONSORED

PROCTER, B. C. — Eight tables were in play at a card party sponsored by the Procter Social Credit group. Winners were Mr. and Mrs. Paul Solecki, Mrs. Walton and Clarence Walton.

Couple Married At New Denver

NEW DENVER, B.C. — After their marriage in Bosun hall here, Frank Flegel and his bride, the former Mary Malakoff, daughter of Mr. and Mrs. T. Malakoff of Hill Siding, left for Long Beach where they will make their home.

Rev. D. A. McKellar of Knox Presbyterian Church officiated.

The bride, given in marriage by her father, wore a floor-length gown of white figured sheer, with a white headdress, and carried a bouquet of pink and white carnations.

The bridesmaid was Miss Ann Makortoff, the bride's cousin, and best man was Mr. Gus Flegel, brother of the groom. The bridesmaid wore a pale yellow net gown over yellow silk and carried a bouquet of pink carnations.

The reception was attended by 100 guests from New Denver and district. The bride's table was centred with a three-tiered wedding cake flanked by pink and white tapers. A dance was held later.

Canada's mining production in 1951 reached an all-time high of $1,288,000,000.

Tale by Gray Creek Author Heard on Radio

"The Sun Horse," outstanding children's book written by a Gray Creek author, Mrs. Catherine Anthony Clark, has made its radio debut.

This magic tale of the small folk's world, has been arranged for radio and was presented over CKLN at 4:30 on Mondays in a 15-minute children's program for seven weeks, beginning February 11.

Mrs. Clark's first book, "The Golden Pine Cone" was also presented on radio and was carried by CKLN some months ago.

Mr. and Mrs. Clark and family are now resident in Victoria.

TREE WORK TO BE DONE IN WINTER

Requests for tree prunings and tree removals received at City Hall are going to be filed until Fall.

Council made this decision Monday night after receiving a recommendation from Frank Holt, parks superintendent, upon whose department tree work has recently been placed.

With Spring planting and Summer garden work keeping crews busy, there is no time for tree prunings and removals, he said. Between October and March are months for this work.

So from now on, requests will be received and applicants advised the work will be carried out in the off season.

ARP EQUIPMENT COMES TO LIGHT

Air raid protection equipment which has lain idle in Nelson since the Second World War is coming into its own again.

Stretchers, respirators and steel helmets, all part of A.R.P. equipment assigned to Nelson in war years, have come to light in the city's "Green" building on Front Street which is destined to be sold.

Major Peter Mathisen, civil defence coordinator for the Kootenay reception and mobile support area, plans to use them locally, and Council Monday night was advised they were being removed from the building.

Nearly all the more important animals native to ancient Egypt were regarded as sacred.

Council Members To Attend Opening

Nelson City Council will be represented at opening of the new J. Lloyd Crowe High School in East Trail May 7. Council received an invitation Monday night from Trail District No. 11 School Board. Representatives will be named later.

TEAROOM LICENCE GRANTED BY COUNCIL

Licence to operate a tea room at 402 Fifth Street, site of a store owned by Mr. and Mrs. Thomas Davison was granted by City Council Monday night. The approval was recommended by Dr. R. B. Brummitt, medical health officer, and A. G. Boas, sanitary inspector.

Truro in Nova Scotia war first settled in 1761 by Scots-Irish from Ulster and New Englanders, when it was known as "Cobequid."

STIPEND OF $25 TO BE GIVEN JUVENILE JUDGE

For his work in juvenile court cases in the City, Stipendiary Magistrate William Evans will receive a stipend of $25 a month beginning May 1.

Recommendation of City Police Commission that the stipend be paid was endorsed Monday night by City Council. It was explained that the magistrate tried all juvenile cases without remuneration from the City. A Provincial Act asked that cities provide office space for a juvenile court judge. No office was provided by Nelson, therefore it was felt a stipend should be paid because of the considerable volume of City work. Only recently, five juveniles had appeared before the court and much correspondence had been involved. Since then, two more juveniles had appeared before him.

FINED FOR FAILURE TO GET '52 DOG LICENCE

For failure to secure 1952 dog licence, Irwin Johnson of Nelson was fined $12.50 by Magistrate William Brown.

He pleaded guilty in City Court Friday.

Jaycees Score "Violations"

The hope that City Council will look into "various traffic violations" was expressed in a letter from Nelson Junior Chamber of Commerce read at Monday night's council meeting.

The Jaycees listed the violations as jay-walking, double-parking, neglect of motorists to adhere to stop sign regulations, speeding through school zones and parking in restricted zones.

They commended Ald. T. H. Bourque for his stand on double parking, and expressed the opinion that "double parking is one of the most serious traffic problems taking place in Nelson."

Mayor Joseph Kary said he felt the letter was "a little rough," and said school zone speeding is already being watched closely by the police.

City regulations prohibit jay-walking on Baker Street, Reeve Harper, city clerk, told the aldermen.

Temporary Bus Stop For Hendryx, Mill

After receiving a 45-signature petition, City Council Monday night decided to make intersection of Hendryx and Mill Streets a temporary bus stop if the demand warrants, it will be continued.

Council also decided it would be unable to give bus transportation to Mount St. Francis infirmary on visitors' day, owing to lack of facilities to accommodate an anticipated 300 to 400 visitors. Ald. W. S. Smith, chairman of the transportation committee, suggested a cavalcade of private cars might be arranged for the event.

Speeding Charge Dismissed When Driver Not Identified

A charge of speeding brought against T. S. Horswill of Castlegar, was dismissed in Provincial Court Wednesday by Stipendiary Magistrate William Evans.

Horswill was charged with exceeding the 30 mile per hour limit on the North Shore road near Willow Point. The officer failed to intercept the vehicle until it reached the Nelson ferry.

Magistrate Evans said the crown failed to prove that Horswill was driving the auto.

R. G. Simms appeared for the defendant.

Charles McKendrick of Nelson, charged with speeding near Kimberley when the 30-mile per hour limit was enforced, was fined $50 and costs.

He pleaded guilty to the charge.

Youth Charged With Watching Home

Stanley Walter Skinner Wednesday pleaded guilty to a charge of wrongfully and without lawful authority watching a house on Falls Street Saturday night. The case was adjourned to May 8 by Magistrate William Brown in City Court.

The 19-year-old allegedly tried to enter a home where a juvenile was baby-sitting. She refused him entrance and, it was charged, he stood outside watching the house.

City May Buy Garage Tools

City of Nelson may purchase some equipment as well as the building of Queen City Motors.

A list of equipment which can be obtained for $780 was studied by City Council Monday night. Recommendation that it be purchased was made by A. C. (Les) Hall, City garage superintendent. Council referred the matter to G. Q. Lake, works superintendent, and the works committee, with power to decide whether or not request should be made to reserve the equipment for the city, pending outcome of negotiations for purchase of the garage.

Ratepayers will be asked to vote on bylaws which would authorize purchase of the garage for $40,000, sale of the City building at 701 Front Street for at least $20,000 and sale of the old gasworks building for at least $9000.

Equipment examined by Mr. Hall cost the garage a total of $1645, the list revealed; while cost to the city would be $779. Mr. Hall had estimated $1664 would be required for purchase of garage equipment this year, council learned, and money for purchase of the Queen City Motors equipment would come from this.

The "touch-me-not" or jewelweed growing in swampy places has pods that burst when touched to discharge the seed.

Unloading Problems Aired

The Kootenay Carriers' Association Monday night asked City Council to consider its suggestions when it makes future changes in traffic and parking regulations.

As the request has come after revision of the city's bylaw, Mayor Joseph Kary suggested the group cooperate in enforcement of regulations and present recommendations for Council's consideration.

J. R. Millar and Peter Leslie told Council that with lack of shipping facilities truck lines and delivery vans are at a disadvantage.

Private cars parking in alleys hindered unloading; there were difficulties in unloading on Baker Street and parking meters were being used by the same cars for several hours.

There were many places in blocks from 200 to 600 on Baker Street where trucks could not unload in alleys as there was no back access to upstairs apartments or offices. When parking meters were in use in these places, truck drivers had no recourse but to double park or return later.

Mr. Leslie recommended loading zones in each block, preferably at the end of blocks.

Mayor Kary, however, said with an increasing number of cars on the roads and streets, he was opposed to loading zones as tying up much-needed parking space.

He said police would have difficulty checking on car owners who park their vehicles for more than one hour at a meter, supplying the meter with a nickle every hour. Mr. Leslie said that in Vancouver police mark tires and the curb in an effort to enforce one-hour parking at meters.

Council agreed, nevertheless, that police should clamp down on parking of private cars in alleys.

Taxi Parking Spaces May Be Withdrawn

City taxis will not be permitted parking space on Baker Street if an amendment to the parking meter bylaw is put through by City Council.

However, the amendment recommended by the Police Commission was laid on the table by council Monday night.

Mayor Joseph Kary explained that the recommendation was made because of the heavy demand for parking space. While revenue of $30 was received every six months from each of the four taxi firms, approximately the same amount of revenue could be expected from parking meters occupying the same spaces.

The commission decision was also based on the fact that the taxis occupied the spaces only part time, especially on Saturdays when space was at a premium.

City to Evaluate Its Saleable Land

The city is going to draw up a list of its saleable land and evaluate the lots on the basis of assessments and cost of installing water and sewer services.

Council took the action Monday night after coming to the conclusion that it would have the information at its fingertips whenever bids are received on its lots, which are scattered throughout the city.

Mayor Joseph Kary suggested that instead of dealing with individual bids, the city should advertise some of its properties, in view of the number of people looking for building sites.

Ald. W. S. Smith said he felt "the city should make up its mind as to whether it wants to dispose of some of its land". Ald. Arthur Foster said sale prices should cover cost of services.

Meanwhile, Council decided to sell property to M. Latta for $720, covering assessed value and cost of servicing, and referred three bids to G. Q. Lake, works superintendent. Mrs. Annie Meyers bid $300 on two lots on Falls Street, R. T. Hickey offered $225 for two lots, and L. D. Greenwood, $350 for two lots.

But we're not moving on

In the old days a logging camp was often a collection of flimsy tar paper shacks at the end of a muddy trail. You stripped the hillside then moved over into the next valley and started again. There was no permanency, no attempt at conservation . . . just the urge to move on—to stake out new timber limits while the going was good.

But we're NOT moving on! Columbia Cellulose Company is in the Prince Rupert and Terrace areas to stay. Our forest properties will always be green. For every tree we cut a new seedling must grow. Our camps are pleasant buildings with comforts and conveniences undreamed of a few short years ago. Permanent roads are already beginning to link our operations opening up new scenic beauties and providing speedy access for fire protection. And, these ever growing, evergreen forest remain open to hunters and fishermen to enjoy.

This is a new kind of logging operation . . . a planned long-term development policy which will yield greater benefits for every one of us with each passing year. No, Columbia Cellulose is not moving on—we're moving in.

Columbia Cellulose Company is the first unit of a rapidly expanding Canadian industrial organization. Within a few months, this organization will be combining timber from British Columbia with natural gas derivatives from Alberta to produce a wide range of fibres and other acetate products for Canadians from coast to coast. Our program of continuous forest yield ensures lasting full-time employment for thousands of Canadian workers.

Abbott Speaks Plainly On Protective Tariffs

WASHINGTON, April 30 (CP)—Canada today suggested to the United States that it fears the resurgence of high-walled tariff protectionism in the U.S.—a move that would cripple Canada's exports to its biggest foreign customer.

Hon. Douglas Abbott, Canada's finance minister, in a speech delivered to the U.S. Chamber of Commerce, said such a development would be the "height of folly."

The issue was of "crucial importance," not only to Canada but to other members of the North Atlantic community.

He added that Canada is "not unaware" of the "magnificent" role the U.S. has played in post-war years in removing trade barriers and in helping European countries to regain their feet through economic aid.

"Yet most European countries do not want to continue indefinitely as recipients of foreign aid," he said. "They want to be permitted to earn their own keep.

RESURGENT SIGNS

Signs of a "resurgence of protectionism" were visible in such actions as the restrictions on imports of dairy products "in contravention of trade agreements," the "long delays" in revising restrictive customs procedures "as well as the growing number of applications to your tariff commission requesting increased protection against imports."

The importance of the American market to Canada could be realized when it was understood that in 1951, no less than 60 per cent of Canada's exports went to the U.S., compared with 32 per cent in 1938.

Mr. Abbott made no apologies for referring to the question of U.S. tariff policy.

"We in Canada and the United States have become accustomed to speaking to one another frankly on matters of this kind. May I add that in Canada we have taken some comfort from the efforts of the United States' administration and various private organizations like your own to point out the serious implications of these issues," he said.

Sally Rand Shocks Ohio Liquor Board

COLUMBUS, O., April 30 (AP)—Sally Rand bared her trade secret to the Ohio Liquor Board and said sadly she might as well retire now that it's out.

"I'm always clothed during my act," said Sally—"really. It's that doggone mousseline de soie that does it."

Miss Rand—blonde and pert in a high-necked blue dress—appeared here as a witness for a Canton tavern operator charged with staging a "lewd, indecent, and immoral" show

"I might as well retire now that my secret is out," Sally said after the hearing.

ONLY THE TRUTH

Here's how it came out:

Tully V. Foster, owner of the Club Casablanca, said he paid Miss Rand $1000 to dance with her fans.

In the audience one night were a state liquor agent, a reporter, and a radio reporter.

Except for the ostrich plumes and shoes, Miss Rand looked naked under the dance floor blue lights, said Inspector Richard Etoll. The reporter and the radio man agreed. Charges were filed.

Foster, acting as his own counsel, called Miss Rand to the stand today and asked her what she wore during her act.

"You wouldn't ask a magician to tell you how he pulls a rabbit out of a hat?" said Sally.

The Liquor Board persevered.

"Well," said Miss Rand, "in all my years of fan dancing, I always wear a leotard"—a garment used by acrobats that covers the torso.

It's made of mousseline de soie, imported from Paris—a kind of lace that looks like skin. Sometimes she added filmy panties and brassiere. These are taped on.

Then, attired in her mousseline de soie, imported from Paris, Sally does her act under special blue spot lights that partially shine in watchers' eyes and distort their view.

A WEEKLY INFORMATION SERVICE

MONTREAL, May 1st—It all comes back to me now . . . those chemistry lessons I learned at school that turn out to be so practical in the home. For instance, I remember our chemistry teacher telling us that there's no true white without blue. So of course the answer to the problem of yellow-looking washes is Laundry Blue. (My maths teacher would be proud of me for putting 2 and 2 together!). And believe me, Blue does make such a glorious difference to yellowing sheets and shirts, table cloths and blouses. Just swish it in the final rinsing and your white things will fairly sparkle. Laundry Blue is *kind* to fine fabrics—won't harm them in the least . . . so use as much of it as you need. Costs just a few cents a month!

For the *whitest* wash, it's RECKITT'S Blue.

Good News!—Now you can buy delicious, *golden-yellow* BLUE BONNET DE LUXE MARGARINE in individually wrapped quarters. *So* convenient!—your favourite margarine *pre-cut in quarter pounds*. Blue Bonnet De Luxe quarters go right on the dish . . . appetizing, golden-yellow margarine ready for your table. No scooping, no slicing—just unwrap what you need. There's real flavour-protection — each quarter pound separately wrapped to seal in the country-fresh Blue Bonnet flavour. And you can forget the measuring cup when you cook with De Luxe Blue Bonnet. The measuring guide on each package shows exactly where to cut. Just think!—all these "De Luxe" advantages and Blue Bonnet "De Luxe" quality, too!

Here's Proof of the wonderful anti-decay benefits of DENTOCILLIN, the new *penicillin* tooth powder. In a 2-year test among school children, *Dentocillin reduced decay an average of 55%!* That's 5 times the reduction reported for a famous university's *ammoniated* formula. And, because penicillin fights decay up to 24 hours (compared to only about ½ hour for ingredients used in other dentifrices), Dentocillin is effective with just morning and evening brushing. Start *your* family on Dentocillin, right away. Safe, recommended by dentists for nearly 2 years. Tastes wonderful. Gets teeth *clean*. 3 months' supply, 75c. No prescription needed.

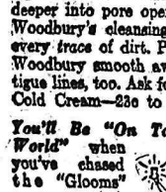
Try The "Tissue Test"—for I'm sure that until you do, you won't *believe* there's such a difference in cleansing creams. Lovely screen star, Alexis Smith, took the *"test"* and discovered that there's a *big* difference. She cleansed her face "thoroughly" with her regular cream, then cleansed it again with WOODBURY COLD CREAM and when she looked at her facial tissue, she found that Woodbury had loosened *hidden* dirt so it was easy to wipe away. Why is Woodbury so different? Because it contains *Penaten*, a new miracle ingredient that actually penetrates deeper into pore openings — lets Woodbury's cleansing oils loosen every *trace* of dirt. Penaten helps Woodbury smooth away little fatigue lines, too. Ask for Woodbury Cold Cream—23c to $1.15.

Skirts Are The Thing This Summer . . . skirts of linen or lightweight wool—cotton or crisp, quilted silk . . . skirts with a flare—to wear with blouses and sweaters the clock around. You'll want a *wardrobe* of skirts this summer—all of them beautifully fitted with LIGHTNING SLIDE FASTENERS. Why Lightning? Because this famous zipper gives you *exactly* what you want in length, size (Style No. 805 for skirts) and colour. Because it has an exclusive, automatic locking device . . . all Lightning Fasteners *lock where they stop*. (Gives you a fine sense of security!) Yes, Lightning Fasteners are the zipper for you—the zipper for me . . . the "finishing touch" that makes each outfit look right and *feel* right every time I wear it.

You'll Be "On Top Of The World" when you've chased the "Glooms" away with sparkling SAL HEPATICA. Yes, a bubbling glass of Sal Hepatica effervescent salts taken before breakfast or supper will work quickly, yet gently, to relieve that sluggish, uncomfortable feeling in your stomach. Sal Hepatica laxative salts are a trusted family laxative—for young and old — to just sweeten sour stomach—as a mild laxative or a more thorough remedy for constipation. They help to restore normal bodily functions — safely and pleasantly. Next time you're shopping, ask for a bottle of Sal Hepatica and then ***send the box top or label, with your name and address, to me*** — Barbara Brent, 1411 Crescent St., Montreal, P.Q. ***I'll send you, postpaid, a free, 25c size jar of MUM Cream Deodorant!***

I'd Like You to compare the big 13-ounce bottle of HEINZ TOMATO KETCHUP with the 11-ounce bottle of some brands. See how little extra it costs for Heinz value . . . Ketchup so rich that a few drops go a long way. M-mmm! Plenty of pedigreed "Aristocrat" tomatoes are used as a base for Heinz Tomato Ketchup. But that's just the beginning. You see, it takes expert culinary skill to capture the old-fashioned, true tomato flavour. And that's where the Heinz Chef shines. He follows exclusive recipes—slowly simmers the ingredients to palatable perfection—then adds just the right amount of fragrant, choice spices to make Heinz Ketchup the *best* you've ever tasted. Stews, steaks, chops and leftovers taste *twice* as tempting when you add the zesty flavour of Heinz Tomato Ketchup.

Don't You Love That Confident Feeling you get when you take your Swans Down cake out of the oven, and it is tempting-looking, light and evenly risen? Don't you love to have the family form an admiring circle around it, and exclaim over the first taste of melt-in-your-mouth tender and delicious cake? I'll bet it's then that you thank your stars you've discovered SWANS DOWN CAKE FLOUR! For you are one of those lucky women who has learned how much more even-textured, fluffy and moist cakes are, made with Swans Down, because it is *sifted* and resifted until 27 times as fine as ordinary flour, makes better cakes, every time.



Which Is Best? That's an important question when it comes to selecting the *right* tissues for make-up use. So I gave the leading brands the "dressing-table test". Try it yourself! Use an ordinary 2-ply tissue for one cheek and a 3-ply FACE-ELLE for the other. Note how the Face-Elle tissue holds together to do the job quickly —without muss or fuss. Contrast that with tissue that shreds easily—that lets finger-tips poke through with light rubbing. There, surely, is convincing evidence of the *extra* strength of Face-Elle's 3-PLY thickness—the *only* 3-ply tissues in Canada. What's more, Face-Elle is *softer*. Ask for Face-Elle and be sure of *more comfort* for your money.

Happy The Bride The Sun Shines On, the old saying goes. And I have something to add to that . . . happy the wife who knows about the modern method of feminine hygiene—ZONITORS. Zonitors are effective, greaseless, stainless, snow-white vaginal suppositories that are powerfully germicidal, yet absolutely *safe* to delicate tissues. And they're so very dainty and convenient to use. Ask your druggist for Zonitors tomorrow—and ***write to me*** —Barbara Brent, 1411 Crescent St., Montreal, P.Q. — ***for a free booklet*** giving frank facts on feminine hygiene. It will be sent to you in a plain wrapper.

BIGGEST FOOD NEWS IN YEARS

BlueBonnet De Luxe MARGARINE IN INDIVIDUALLY-WRAPPED QUARTERS

Most sensational boon to housewives since spreads first put on bread! Another dramatic "first" for Blue Bonnet! Be sure you enjoy the exclusive DE LUXE advantages found *only* in the new Blue Bonnet...

1. Never before such Convenience!

DE LUXE quarters *go* and *look* right on the dish . . . appetizing golden yellow margarine ready for your table! No scooping, no slicing—just unwrap what you need! For individual servings, quarters cut into perfect pats! And forget the measuring cup when cooking with DE LUXE Blue Bonnet — handy chart on package shows exactly where to cut!

2. Keeps Fresher far longer!

Each quarter individually wrapped to help seal in the delicious country-sweet flavor . . . seal out ice-box odors! The DE LUXE Blue Bonnet you don't need right away *stays* factory wrapped, keeps fresher far longer. DE LUXE Blue Bonnet is always tidier in your refrigerator . . . more attractive on the dish . . . fresher on your table!

3. Exclusive De Luxe Quality!

The moment you taste DE LUXE Blue Bonnet you know that here is QUALITY! From ingredients to package a truly DE LUXE margarine! And you can prove this premium quality by test: you enjoy the *same* delicious country-sweet flavor when DE LUXE Blue Bonnet is melting hot on vegetables or toast as when fresh from the refrigerator!

New delicious Golden Yellow!

4. Appetizing Golden Yellow Color!

Blue Bonnet DE LUXE Margarine *looks* every bit as good as it tastes! And Blue Bonnet's rich inviting color — as well as its delightful flavor and splendid nutritional value — is the same every month of the year!

Stratford Hangs On

FORT FRANCES, Ont., April 30 (CP)—Mickey Roth tonight scored two goals to lead Stratford Indians to a 2-1 victory over Fort Frances Canadians in the fifth game of the Allan Cup hockey final.

Roth fired both goals in the third period to erase a 1-0 lead held by Canadians at the end of the second and stretch the best-of-seven series at least to six games.

Canadians, leading 3-1 in games, could have walked off with the cup and the Canadian senior hockey championship with a victory tonight.

Roth and his teammates caught fire after Ric Ricard had scored for Canadians in the second period. Indians hemmed Fort Frances in their own end and turned the tables as they came from behind in the third period.

Canadians in all previous victories had come from behind.

Official paid attendance was 2039.

Tempers flared in the first period and officials were busy handing out penalties before the teams concentrated on clean hockey. Canadians outshot Indians heavily but couldn't score in the clinch.

Frank Eizensoph, Canadians' big gun Monday night when they came from behind to whip Indians 5-3, got nowhere.

Hill Gail Wins Derby Trial in Impressive Form

LOUISVILLE, Ky., April 30 (AP)—The Calumet Farm's Hill Gail cracked the Churchill Downs track record today to capture the 11th running of the Derby Trial with a brilliant exhibition that probably will make him the betting choice for the $100,000 Kentucky Derby Saturday.

With Eddie Arcaro merely waving his whip at the dark bay son of Bull Lea-Jane Gail, the Calumet flyer gave up the lead only briefly about one-quarter of a mile after the start of the one-mile event.

He finished with a terrific burst that put him under the wire six lengths ahead of the second horse, Mrs. Gordon Guiberson's Arroz, an invader from California.

Arroz finished four lengths before Milton Shagrin's 70-1 shot, Shag Tails. It was another length back to the fourth horse, Sub Fleet from the Dixiana stable of Charles T. Fisher.

Hill Gail carried 118 pounds and was caught in 1:35 2-5, knocking one-fifth of a second off the track standard set by Whirling Dough in 1951.

LOS ANGELES, April 30 (AP)—Los Angeles Angels sold lefthand pitcher Herman Besse to Springfield in the International League today. Los Angeles and Springfield are Chicago Cub farms.

Men's 5-Pin, Mixed Comm. Titles Decided

Nelson's five-pin bowling season is drawing rapidly to a close with two league championships decided this week and city championships slated for next week.

Burns Lumber Jacks carried off the men's league spoils and the Queen's Hotel Trophy Tuesday by eclipsing Civic Hotel 5435 to 4840 in the five-game handicap roll-off. Bill Klochek set the pace with 1232, Bob MacDonald scored 1086, Fred Koehle 1076, Al Herchuk 1214 and Harold Mayo 827.

Wednesday Orange Crush copped the Civic Hotel Trophy by downing Palm Dairies 5163 to 5085 in Mixed Commercial final. Carl Locatelli led with 1184 while Isabel Locatelli registered 1110, Dyne Macrae 996, Isabel Harries 957 and Ev Macrae 916.

The Senior Ladies' crown will be decided tonight.

Senior Hockey Club Annual Meeting Tonight

Election of officers and a report on the past season's operations will highlight the annual meeting of the Nelson Senior Hockey Club tonight at City Hall.

Several of last year's officers, including president Frank Hufty and vice-president Stan Smith, completed their two-year terms this season, necessitating an election for those posts while only two executive members, Steve Cameron and George Benwell, have another year to go.

The meeting will also hear a report from the Booster Club on its operations of the past Winter.

The meeting is open to all those interested in the furtherment of senior hockey.

Kimberley Curling Club in Healthy Financial Shape; Seek Matched Rocks

KIMBERLEY, B.C.—A $1200 balance will be carried into the 1952-53 season, members of the Kimberley Curling Club learned at a special meeting. Actual figures are: receipts, $3967; expenditures, $3578; balance, $389; 1951 balance $824; total balance, $1213.

A total of $260 is still owing the club, which will balance bills not yet in.

A resume of activities during the past season included the following: B.C. Bonspiel, institution of Hotelmen's Spiel, and organization aid for high school curling with coaches for each rink.

It was felt that more adequate supervision was needed and a committee of five was appointed to handle the question. An adult member will be present at all Saturday sessions.

K.A.A.A. financial aid to high school curlers was $150.

With the consent of the Parks Board, the Curling Club Committee will make application to the City Council for a grant from the Cominco recreational fund, to purchase 36 pairs of matched rocks. Cost is $2000, of which the club will pay one-third.

The sum of $200 was allocated for painting the interior of the curling rink.

The annual meeting was set for the first week in October, a nominating committee to be appointed by the president and executive.

EARLIER START

Recommendations to the new executive will be opening of the rink earlier, about Nov. 1, so that it can be closed at the same time as the arena. This will mean a saving of from $200 to $300; investigation of the possibilities of shift curling, and no general rental of curling rink with special rentals to be in hands of the executive.

Super Kem-Tone
TRADE MARK REG.
SUPER WASHABLE!
SUPER SCRUBBABLE!
Rich as velvet... tough as rubber... newest miracle of research

Never before such beauty—in pastel and smart deep tones, soft and rich. 12 beautiful colors or any number of intermixtures to choose from — to transform your rooms in a matter of hours to a fresh new setting of loveliness.

Beautiful velvet-rich Super Kem-Tone is as washable, as scrubbable, as a new plastic shower curtain. It has a skin-tight surface that actually sheds most air-borne dirt. So you seldom need wash it — and then in a breeze.

Super Kem-Tone resists wear and dirt like a fine enamel. It won't crack or rub off, keeps its luxury look indefinitely. You can't wash its beauty away.

YES — Super Kem-Tone WILL AMAZE YOU!

Super Kem-Tone comes ready to use. It needs no primer or undercoater . . . applies easily, perfectly on wallpaper, paint, plaster, wood or metal. It dries evenly, beautifully, in minutes . . . has no offensive odor. One coat covers most surfaces. Made by the makers of Kem-Tone and Kem-Glo. $7.85 PER GALLON.

The Mircale Three

Kem-Tone — $6.29 gallon. The original oil paint that mixes with water. One gallon, thinned with water, makes one and one-half gallons. So your actual cost per gallon is only $4.20

KEM-GLO — The miracle lustre enamel for kitchen and bathroom walls. Looks and washes like the baked enamel on your new refrigerator. $3.05 quart.

NOW Super Kem-Tone — Use all 3 of these great home decorating aids

TED BIDS IMPRESSIVE ADIEU

By The Canadian Press

The revamped St. Louis Browns blasted out a 9-4 victory over the world champion New York Yankees Wednesday but lost the second game of their American League doubleheader, 4-1.

Ted Williams made his farewell appearance for Boston Red Sox a vital one with a game-winning two-run homer that enabled the Sox to defeat Detroit Tigers 5-3.

The Browns ripped into Vic Raschi for five runs in two innings in the opener at New York. A pair of grizzled veterans — Marty Marion and Satchell Paige — did most to pave the way for Raschi's first defeat of the season.

MARION A STANDOUT

Marion rapped out a single and two doubles, drove in two runs and scored another. He handled seven chances flawlessly in the field and took part in both Brownie double plays. Paige took over the mound in the seventh inning, throttled a Yankee threat and pitched one-hit runless ball for three innings to preserve Bob Cains' victory.

Allie Reynolds throttled the Browns with a four-hit performance in the nightcap. Reynolds fanned eight and drove in two runs.

Williams' pay-off four-bagger for Boston came in the seventh inning. He whaled a pitch by Dizzy Trout into the right field stand to break a 3-3 tie. Dom DiMaggio was on base.

Williams is leaving major league baseball for the second time in 10 years. He is rejoining the U.S. Marines. It was his first appearance in the starting lineup since the opening game in Washington, during which he pulled a leg muscle. The homer was the 324th of his major league career.

Rookie righthander Ivan Delock retired the last seven Tigers in order to gain credit for his second win in relief.

Pittsburgh Pirates ha dto survive three Boston home runs to gain their victory. Murray Dickson's first victory after three setbacks.

Veteran Larry Jansen and young Davey Williams combined to give the Giants a 4-1 victory.

Jansen shackled the Reds with an impressive three-hit job for his second straight victory while Williams rapped out four straight hits and figured in all the Giants scoring.

Chicago White Sox took both ends of a twilight-night American League doubleheader from Washington Senators, 7-3 and 4-3.

Billy Pierce and Harry Dorish combined to limit Washington to four hits in the opener. Bob Porterfield, first of three Senators pitchers, gave up eight of Chicago's 11 hits and was charged with the loss.

Eddie Robinson's home run off 43-year-old Bobo Newsom with two out in the 11th inning gave the White Sox their victory in the second game.

Elmer Valo, top batter in the American League, brought Philadelphia's seven-game losing streak to a halt as he drove in all his team's runs in the Athletics' 3-1 victory over Cleveland Indians. Valo blasted a homer in the fifth inning with two on.

St. Louis Cardinals shook up their lineup and it paid off as they shellacked Brooklyn Dodgers 14-2 in a National League night game. Manager Eddie Stanky made his home debut as a player, drawing three walks and belting a two-run double. The victory broke a three-game losing streak for the Cards and a three-game winning skein for the Dodgers.

Biltmores Show Too Much Power for Pats

TORONTO, April 30 (CP) — Guelph Biltmores, in a manner that left no doubt of their superiority, tonight trounced Regina Pats 6-2 for their third straight triumph in the Memorial Cup hockey final.

The Biltmores' latest win gave them a 3-0 lead in the best-of-seven series for the Canadian junior hockey championship and set the stage for them to wrap up the crown in four straight games when the clubs clash again here Friday night.

The Eastern champions had too much all-round power for the Pats. The Bilts only tried half the time they were on the ice and if they had wanted to open up, it was apparent the score would have been much higher.

The Pats only went in spurts and apart from the second period in which they scored one of their goals to match one of the Bilts' they were entirely outclassed. They gave up in the last half of the final session and the Bilts rapped in their three last goals with little effort.

TWO HAT TRICKS

Ron Murphy, left-winger on the Bilts' first string line, and Andy Bathgate, smooth skating captain of the Bilts and their driving forge on their second forward unit, each scored three goals.

Chuck Henderson and Ken Laufman fired the other two Guelph goals.

The Bilts led 4-1 at the end of the first frame and 5-2 at the end of the second and then counted three more in the final period without a reply from the Western champions.

The Bilts broke in front 3-0 before defenceman Johnny Reeve got the Pats' first counter. Brian McDonald got their second counter in the middle frame after the Bilts had bogsted their lead to 5-1.

The islands of Bermuda are 713 miles from Halifax, and 677 miles from New York City.

Hotspurs Beat Chelsea to Earn 2nd Place Finish

LONDON, April 30 (Reuters) — Tottenham Hotspurs, last year's English League soccer champions, today finished second to Manchester United in this year's championship by defeating Chelsea 2-0.

The two points gained from their last match of the season enabled Hotspurs to oust Arsenal, soccer cup finalist next Saturday, from second spot on their goal average.

But Huddersfield Town, which will be relegated to the second division next season, announced it will ask the appeals board of the football league to investigate Tottenham's first and winning goal in their league match April 2.

The management committee has already upheld the umpire's decision to allow the goal to Tottenham, but Huddersfield is exercising its right of final appeal to the higher authority.

The dispute arose when Eddie Baily, Tottenham forward, took a corner kick which rebounded off the umpire. He then kicked the ball a second time, enabling team-mate Len Duquemin to score.

A decision against Tottenham could cost the team second place in the championship if it lost the replayed game.

RAY POWELL UNANIMOUS A.H.L. ALL-STAR CHOICE

NEW YORK, April 30 (AP)—Ray Powell, Providence centre who led the American Hockey League scorers with 97 points duirng the 1951-52 season, was named today as the unanimous choice for that position on the A.H.L. all-star team.

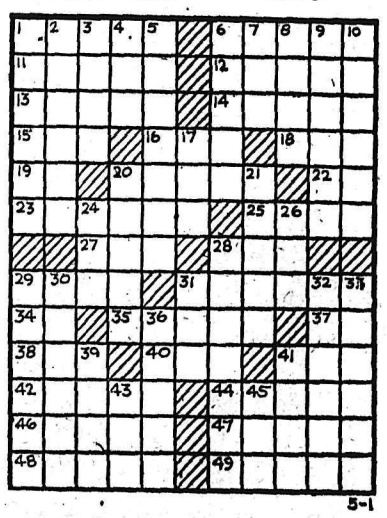
Yesterday's Answer



5-1

DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

N M H B K W R K H C F F N, N M R N N R I H W N M H C H R W F K O C B W F K H C. — W M R I H W. O H R C H.

Yesterday's Cryptoquote: BUT HE LED A SAD LIFE WITH REBECCA HIS WIFE, FOR A TERRIBLE SHREW WAS SHE.—SOUTHEY.

Market Trends

NEW YORK, April 30 (AP) — Prices backed down slowly in the presence of strikes in the steel and oil industries.

Prices were kept on the losing side by fractions to around 2 points. There were scattered fractional plus signs.

Canadian issues were mixed. Hiram Walker was up ½, and Distillers Seagrams gained ⅛. Canadian Pacific fell ¼, McIntyre dropped ½, Dome Mines and International Nickel both remained unchanged.

TORONTO, (CP) — Slightly firmer support toward the close checked a ragged decline.

Moderate support recovered some oil losses as the session progressed and held industrials, golds and metals to moderate losses.

MONTREAL (CP) — Prices continued to decline near the close.

With the exception of Dominion Glass which was down two points at 50 and McColl-Frontenac down a point to 35¼, changes were fractional.

Senior metals led the downturn, while carriers, senior oils, papers and miscellaneous industries eased slightly.

LONDON (Reuters) — The start of the new trading period brought little new business.

Major movements were again in foreign bonds. Japanese finished slightly lower. Germans were patchy. The potash issues lost about two points on bearish press comment.

Calgary Livestock

CALGARY, April 30 (CP) — The trade was a little more active on the Calgary Livestock Market today, though prices were uneven. On offer were 1740 head, of which 1300 were holdovers.

Good, light butcher steers and heifers were strong to 50 cents higher, with heavy butcher steers $1 to $1.50 below comparable light weights. Good, light cows were about steardy, but bulls were 50 cents or more lower. Good, light stocker and feeder steers were weak to $1 lower. Veal calves were steady.

Hogs closed steady Tuesday at $23.75, sows at $11.75 and good lambs at $20.00 to 21.00. No ewes offered.

Good to choice light butcher steers 22.00 to 23.50; common to medium 19.00 to 21.50. Good to heavy choice butcher steers 21.00 to 22.00. Good to choice butcher heifers 21.50 to 23.00; common to medium 17.00 to 21.00. Good cows 15.00 to 17.00; common to medium 13.00 to 14.50, canners and cutters 9.00 to 12.50. Good bulls 14.00 to 15.00; common to medium 12.00 to 13.50. Good stocker and feeder steers 20.00 to 23.00; common to medium 16.00 to 19.00. Good to choice veal calves 27.00 to 30.00; common to medium 21.00 to 26.50.

Canada's Nickel Production Will Total 375,000,000 Pounds Yearly

TORONTO, April 30 (CP)—Nickel production in the free world will total about 375,000,000 pounds a year when present programs are completed, Dr. John F. Thompson, chairman and president of International Nickel Co. of Canada, Ltd., said at today's annual meeting.

This would be an increase of more than 150,000,000 pounds over prewar production.

Canada's present production, Dr. Thompson added, is 275,000,000 pounds, equal to the average production of the five war years, 1940-44, and more than 80,000,000 pounds above the average of the five prewar years.

International Nickel itself delivered 243,800,000 pounds in 1951, 12,500,000 pounds less than in 1950 when the company drew on stocks of refined nickel accumulated in 1949; and the company is currently producing at 21,000,000 pounds a month, out of a total Canadian production of 23,000,000 pounds.

Dr. Thompson noted that Falconbridge Nickel Mines, Ltd., Canada's second largest producer, "is at present engaged in a program which, as recently reported, is designed to increase its refined nickel production to a rate of 35,000,000 pounds annually." Also:

"Sherritt Gordon Mines, Ltd., is developing its deposits in the Lynn Lake area of Northern Manitoba . . . and will construct a refinery near Edmonton with an annual capacity of 17,000,000 pounds."

OTHER DEVELOPMENTS

Other nickel developments reported by Dr. Thompson are in Cuba; a cobalt, nickel and copper separation plant at Fredericktown, Mo.; in New Caledonia, in the South Pacific; while a number of other properties are under development in Canada, Oregon and elsewhere.

"Our own company is continuing with increased vigor its search for new deposits in Canada and elsewhere. In 1951 our exploration work was both more intense and more widespread than in any previous year."

International Nickel's deliveries of copper in 1951 were 236,900,000 pounds, or 24,000,000 greater than in 1950.

Dr. Thompson said that under present programs, over 300,000 tons of copper are expected to be added to present world production over the next three years, with further expansions planned beyond that. He added:

"Many trade authorities have already voiced the feeling that world copper production is heading for a situation in which copper may be in over-supply."

FREE CURRENCY

Commenting on Canada's abolition of foreign exchange control last December, Dr. Thompson said:

"From the standpoint of those engaged in foreign trade, this may well be considered the major event of 1951.

"Of the many countries which resorted to exchange control as a wart-ime expedient, Canada has become the first to abandon it—the first to restore a completely free currency.

"In apportioning credit for this fine achievement, it should not be forgotten that since the war the Canadian budget has been balanced annually, debt has been retired each year and undue expansion of credit has been abandoned. These policies have had their share in creating an atmosphere favorable to foreign investment in Canada's resources."

Cattle Disease Sweeps Britain

LONDON, April 30 (Reuters) — The latest move on foot-and-mouth disease to grip British farms has forced slaughtering of more than 22,000 animals so far and the worst is still to come.

The Agriculture Department today reported 23 outbreaks since last Friday. A spokesman listed 11,429 cattle, 5964 sheep and 5274 pigs already destroyed on government orders. The spokesman said more slaughtering is pending and the infection rate is still climbing.

British farms have been stricken by almost continuous foot-and-mouth scourges since last November, when the virus was believed brought here by migrating birds.
