Nelson Daily News

Vol. 50 — NELSON, B.C., CANADA—THURSDAY MORNING, JANUARY 3, 1952 — 5 Cents a Copy — No. 213

WEATHER FORECAST

Kootenay—Cloudy, not so cold. Winds light. Low and high Cranbrook 15 below and 5 above; Crescent Valley 5 below and 15 above; Revelstoke 5 below and 15 above.

Canada To Make Supersonic Jets

OTTAWA, Jan. 2 (CP)—Canada has decided to plan production of a supersonic jet fighter aircraft for her own needs and for possible sale to other countries, a defence production source disclosed tonight.

The top-secret plan is to have the plane designed and produced at the Avro Aircraft Company at Malton, Ont., manufacturers of the CF-100 all-weather jet fighter for the R.C.A.F.

Funds to assist in the development of the plane to travel faster than sound will be provided by the Federal Government.

The supersonic jet will be dart-shaped and with wings swept so far back that they will form part of the main fuselage. When built, it will travel at more than 700 miles per hour, the speed of sound, and may reach maximum speeds of more than 1000 miles per hour.

Indications are that the design will be along British lines but with special features to meet Canadian flying conditions.

TO REPLACE

Eventuallly the new jet, if and when produced, will replace the CF-100 as the front-line aircraft for the R.C.A.F.

Preliminary discussions and planning have been going on secretly for about a year.

The official hope is that Canada may be able to produce a supersonic fighter that may find a market in other countries, thus helping to shoulder the burden of production costs which are expected to be high if Canada produces the jet for the R.C.A.F. alone.

No time has been set for actual production. Planning may take another year or more.

QUEBEC FLOOD DANGER OVER

People Begin Returning To Homes

MONTREAL, Jan. 2 (CP)—Civic officials of Montreal's inundated North-end communities flanking the Riviere des Prairies reported tonight a drop of 33 inches in flood levels during the day and said immediate danger of further flooding is over.

However, Mayor Rosario Fortin of Riviere des Prairies, hardest hit of three ice-battered and water logged towns, warned residents to remain on the alert.

It is believed the sudden lowering of levels was caused by the shifting of ice jams following several days of unseasonably mild weather.

At the height of the flood, which began to make itself felt around Christmas time, between 200 and 300 homes were damaged and some 80 to 100 families evacuated.

Now, however, the Red Cross has closed its last emergency posts.

Said an official: "The evacuated families are beginning to move back into their homes and there is no longer an immediate need for emergency headquarters.

"We will remain available, however, should there be a new need."

Meanwhile, Quebec government engineers today began a thre-day chore of measuring the thickness of ice formations to determine where further blasting, if required, should be conducted.

Crack Canadian Army engineer teams, experienced in flood breaking tactics, are standing by awaiting further orders.

THIS PHOTO, taken somewhere at sea aboard the French luxury liner Ile de France, en route to New York, shows the British freighter "Chiswick" wallowing in heavy seas during mid-Atlantic gales that set off a series of frantic distress calls by ships in serious danger off Europe's Atlantic coast. Standing by to take off smaller ship's crew of 45 if need arose, Ile de France waited for more than 11 hours until storm abated temporarily. Howling hurricane winds have stirred up seas to mountainous proportions in one of the worst gales in over two decades.—Central Press Canadian.

3 Planes Destroyed in Million Dollar Blaze

Exploding Oil Adds Fury To Trenton Hangar Fire; Inquiry Is Launched

TRENTON, Ont., Jan. 2 (CP)—At least three planes were destroyed today in a fire that burned down No. 9 storage hangar at the R.C.A.F.'s No. 6 Repair Depot. The blaze scorched two other big hangars before it was brought under control. Damage was estimated at more than $1,000,000.

It was reported earlier that loss might run as high as $2,000,000 and that seven planes had been burned. However, an Air Force spokesman said it had been definitely established that two Lancaster bombers and a Grumman Goose amphibian were destroyed. A crane used to hoist aircraft was destroyed.

One or two other planes possibly were in the hangar, the spokesman said.

HANGARS SCORCHED

None of the planes could be removed from No. 9 hangar, as the blaze had made too much headway by the time it was discovered.

Two neighboring hangars were scorched. Planes were removed from them as a precautionary measure.

An official inquiry into the cause of the fire was launched.

The alarm was turned in by WO2 Russ Chessum, who spotted the fire while patrolling the air station nine miles West of Belleville.

"I knew it was gone as soon as I spotted the flames," Chessum said later.

The destroyed hangar was used for receiving aircraft brought in from various parts of Canada and for storage of ferry-duty aircraft.

Duing the blaze, a number of barrels of oil in the hangar exploded, along with several barrels of high grade coal oil. However, the Air Force spokesman denied a report that there were explosions of high-octane gasoline.

OTTAWA, Jan. 2 (CP) — An Air Force headquarters official said tonight that the big fire at the R.C.A.F. repair depot at Trenton, Ont., is a "serious, regretable loss, but not a major disaster."

He said the Air Force has followed a "dispersal" policy and has set up other repair depots across the country.

"We are still in business," he added. "The loss, while regretable, is not a crippling blow."

POLAND BIDS FOR IRANIAN OIL

International Bank Would Operate Oil On Temporary Basis

TEHRAN, Jan. 2 (AP) — Poland made a tentative bid today to purchase a reported 500,000 tons of Iranian oil.

The Polish minister to Iran, Kazimierz Smiganowski, called on Premier Mohammed Mossadegh to discuss a proposal for a barter agreement between their countries. Poland, under such an agreement, would give Iran manufactured and processed goods in exchange for Iranian oil.

The proposal still is in the preliminary stages, it was understood. Unanswered ye ti sthe question how oil could be transported from Iran to Poland with Britain controlling the tanker fleet.

Poland is the second Communist country to approach Iran for oil. Czechoslovakia is to send a delegation here to talk over a possible deal.

WASHINGTON, Jan. 2 (Reuters)—The International Bank will operate the Iranian oil industry strictly on a temporary basis if it succeeds at all in its negotiations to revive production, it was learned authoritatively today.

The bank management is believed to be in full agreement on the necessity to limit the bank's intervention in the British-Iranian dispute to a "stop-gap" operation. It would oppose any plan which would leave it permanently in control.

Sole purpose of the bank's intervention is said to be to give Britain and Iran a "breathing space" while restoring the flow of Iranian oil to the Western world.

BRITAIN GETS $39 MILLION AID

U.S. Expected To Give $300,000,000 To Britain Shortly

WASHINGTON, Jan. 2 (AP) — The United States turned over $39,888,000 to Britain tonight in a move to keep intra-European trade flowing.

The payment is a prelude to resumption of large-scale American financial aid to the hard-pressed British Government.

A gift of about $300,000,000 is expected to be announced shortly as part of American help to Britain under the mutual security defence program. American and British officials have been talking over the size of this American contribution for the last month.

The money announced tonight is to reimburse Britain for a portion of that country's gold payments into the European payments union. The payment, the M.S.A. said in a statement, carried out an agreement between the United States and Britain of July 7, 1950.

Britain has requested about $600,000,000 for the period ending July 1. But, American officials, confronted with a shortage of foreign aid funds, are said to believe half that amount represents as much as the United States can bear at present.

Higher Rates for District Hospitals

VICTORIA, B.C.—Hospital rates in British Columbia are going up.

In Kootenay hospitals new rates, as compared to present rates, will be:

Trail, $12.50 ($11.31); Rossland, $10 ($9.27); Prince Rupert, $10.50 ($8.67); Powell River, $11 ($10.22); Nelson, $11.50 ($10.75); Nanaimo, $10.75 ($9.62); Kelowna, $9.50 ($8.28); Kamloops, $11 ($9.32); Chilliwack, $11.75 ($10.77).

Health and Welfare Minister Douglas Turnbull in announcing the new rates indicated that costs of the B.C. Hospital Insurance Service were expected to jump an estimated 17 per cent to nearly $24 million in 1952. Higher insurance premiums were unlikely, however.

The new hospital rates, Mr. Turnbull emphasized, were temporary ones. Adjustments may come when hospital budgets can be reviewed and future H.I.S. policy set by the Legislature, following the report of the Hospital Inquiry Board.

HIGHEST AT COAST

The Health Minister announced rate increases ranging from 36 cents to $2.40 for hospitals throughout B.C., with Vancouver's General leading the way with the biggest boost.

The General will receive $16 a day for public ward care, as against $13.00 last year. Rates in St. Paul's, Vancouver's second biggest hospital, will jump from $11.10 daily to $13.

The new rates set by the Health Minister will be paid by the Insurance Service for each patient day. Anyone not covered by hospital insurance must pay the ward rate themselves.

Announcing new rates in time for the start of the year will remove one of the big objections of hospital boards last year. They complained bitterly when rates were set late and later cut.

Mr. Turnbull said when final rates are set for 1952, they will be retroactive to Jan. 1.

He said that virtually all hospitals will be paying increased wages next year and this represents the largest element in the 17 per cent boost in overall costs.

The higher rates for next year will move some hospitals into a higher category for co-insurance payments.

At present, hospitals whose daily rate ranges from $6 to $8 may charge $2 daily in co-insurance; those between $8.01 and $9.50 may charge $2.50; between $9.51 and $10.50 may charge $3, and those between $10.50 and $14 may charge the top rate of $3.50 a day.

NEW RATES

Here are the rates for other major B.C. hospitals. The present rate follow in brackets.

VANCOUVER — General, $1 ($13.60); Children's $11 ($9.25); Grace, $11.75 ($10.85); Mount St. Joseph's, $11.50 ($10.50); St. Paul's $13 ($11.10); St. Vincent's $11.50 ($10.13); North Vancouver General, $13 ($11.64).

NEW WESTMINSTER — Royal Columbian, $14 ($11.95); St. Mary's, $11 ($10.64).

VICTORIA — Royal Jubilee, $14 ($11.95); St. Joseph's, $13 ($11.10).

Fireplaces Brunt Of Criticism

LONDON, Jan. 2 (AP)—With a sharp wintry nip in the air adding urgency to the argument, debate continued today on a really burning question—what to do about the Englishman's stubborn love for a cheery, open fire.

Skeptics say Britain is senselessly smoking herself to economic suicide through the glowing coals in 12,000,000 family fireplaces.

Domestically, the country burns about 60,000,000 tons of coal a year, all but 15 per cent of which goes up the chimney or is otherwise wasted.

ATTACKS METHODS

The debate, which rages every time there is a cold spell, leaped into flame with a claim by a British professor, F. E. Simon, that Britain could have at least 100,000 tons of coal a year by proper methods in industry and in the home. The blaze brightened following a 24-page booklet by two Conservative members of Parliament on the need for making coal work harder.

Reds to Reject U. N. Compromise

MUNSAN, Korea, Jan. 3 (Thursday) (AP) — Communist negotiators Wednesday indicated they would reject a surprise Allied compromise offer for the exchange of Korean war prisoners and civilians.

There seemed only a slight chance of a quick Red acceptance when truce negotiators meet again today.

Another round of talks was scheduled for 11 a.m. (9 p.m. EST Wednesday.)

No progress was made Wednesday in the deadlocked truce-supervision talks, but Allied and Red sub-delegates were due to reconvene today on this issue.

Rear-Admiral R. E. Libby, allied negotiator in the prisoner-exchange talks, said the new United Nations' command proposal would:

1. Exchange 11,559 or more allied prisoners for an equal number of captured North Koreans and Chinese troops.

2. Swap about 105,000 more Korean and Chinese prisoners on a man-for-man basis with South Korean civilians held by the Reds.

3. Turn the floodgates loose for an all-for-all exchange of thousands of other displaced civilians caught in the backwash of the Korean war when opposing forces swept up and down the peninsula in 1950 and 1951.

4. All repatriations shall be on a strictly voluntary basis, with International Red Cross teams making sure that no one is sent back against his will.

Noted Sculptor Dies in France

NEW YORK, Jan. 2 (AP) — Word was received here tonight of the death in France of sculptor Jo Davidson. He was 68.

Jo Davidson, perhaps America's leading portraitist in sculpture, was called a "plastic historian."

His commission, in 1918, to make bronze busts of the allied World War I leaders was regarded as one of the most important assignments in the history of art. He took the first ship to leave New York after the armistice to carry out his undertaking.

A son, Jacques, said he had received a cryptic cable from his stepmother, saying Davidson died this afternoon. He was given no details. He was unable to get a call through to France immediately.

Nate Bienstock, who handles Davidson's business affairs, said Davidson had suffered severe heart attacks frequently. However, he said, there was no indication he had been ill recently.

He had returned to France from Israel Dec. 20, Bienstock said, and had planned to go to his estate near Sache, France.

2 Coast Men Killed In Separate Plunges

VANCOUVER, Jan. 2 (CP)—A window-cleaner and a longshoreman died in separate plunges here today.

Philip Wright, a 35-year-old window-cleaner, died in hospital tonight of injuries received when he toppled from the fourth-storey of the Vancouver Sun building.

Lawrence A. Edwards was killed when he fell 16 feet into the hold of a vessel loading wheat near the Second Narrows Bridge.

Peter Spring, standing directly beneath the window, managed to avoid Wright's hurtling form after hearing the window-cleaner's screams.

DIMES CHEER HOSPITAL

VANCOUVER, Jan. 2 (CP)—It was a happy new year for the Children's Hospital.

A check for $53,392 was presented the hospital by the March of Dimes fund, sponsored by the Vancouver Sun.

Barratt New Kimberley Engineering Chief

E. M. Stiles, Chief Engineer for The Consolidated Mining and Smelting Company of Canada Limited, announced today the appointment, effective January 1, of P. S. Barratt to the position of Superintendent, Engineering Department, Kimberley Operations.

Mr. Barratt was born in Marlowe, England. He attended the University of British Columbia, graduating in 1932 with his B.A.Sc. degree in civil engineering. During the following years, he served with two firms of consulting engineers in mining and hydroelectric power fields.

From 1935 until 1939, Mr. Barratt was employed with the Kelowna Exploration Co. Ltd. at Hedley, B.C. and in the following year, was engaged in engineering design at Port Alberni for Bloedel, Stewart and Welch Ltd. He joined The Consolidated Mining and Smelting Company's engineering staff in 1940, serving first at Trail. In 1945 he was transferred to Kimberley as Assistant Superintendent of Construction and Maintenance. Mr. Barratt became Superintendent of Maintenance at the Sullivan Mine in 1949, a position which he held until his new appointment.

Mr. Barratt has served as president of the Kimberley Amateur Athletic Association and the Kimberley Golf Club, and is also chairman of the Kimberley Parks Board. He is a member of Rotary, the Canadian Institute of Mining and Metallurgy, the Engineering Institute of Canada and the Association of Profession Engineers of B.C. He is married and has two children.

Maxim Litvinoff, Western Friend, Led to Grave by Andrei Gromyko

MOSCOW, Jan. 2 (CP)—Maxim Litvinoff was buried at 2 p.m. today in Novy Devichye Cemetery in Moscow. His pallbearers were led by Acting Foreign Minister Andrei Gromyko.

The death of Litvinoff, champion of Soviet collaboration with the West, was announced Tuesday by Moscow Radio. The 72-year-old former Foreign Minister had been in political eclipse since 1946.

His body lay in state Tuesday and today in the conference of the Soviet Foreign Ministry. He died Dec. 31.

The coffin was surrounded by wreaths, including one from the dean of the diplomatic corps in Moscow, French Ambassador Yves Chateigneau. The embassies of Communist East Germany and Communist China also sent flowers.

The funeral motorcade, led by an open truck carrying the coffin, was accompanied by a military band, and passed through the centre of Moscow en route to the cemetery.

Pedestrians paused on the crowded sidewalks, some removing their hats in silent tribute as the coffin passed by.

Litvinoff's widow, English-born Ivy Low, rode in a black limousine at the head of a procession of mourners, mostly family friends and Litvinoff's former associates at the Foreign Ministry.

Pravda, organ of the Central Committee of the Communist Party, of which Litvinoff had been a member, called him an "old Bolshevik and outstanding Soviet diplomat."

Pravda's obituary notice was eight paragraphs long. It was printed on the back page.

Dream Came True . . .

PORT OF SPAIN, Trinidad, Jan. 2 (CP) — For William Austin Woods a dream was worth almost $3000.

His vision showed him burying a coffin load of jewels in the sand.

With a friend he collected enough money to purchase a "forecast ticket on two horses named Sandcrack and Fairycasket.

The ticket, one of two sold, was worth $5,729.12.

DENVER, Colo., Jan. 2 (CP) — The toll of a storm which spread snow and bitter cold over most of Colorado stood today at three dead and two missing.

Extortion Payments Believed Stopped

SEATTLE, Jan. 2 (AP)— Extortion payments by Seattle Chinese to Communist China are believed to have stopped, a customs agent assigned by the treasury department to investigate the situation in Seattle said today.

TORONTO, Jan. 3 (Thursday) — (CP) — The Globe and Mail says today the subject of a pay increase for members of the Ontario legislature will be brought up early in the first session of the 24th legislature, expected to start late in February.

108 Oil, Gas Discoveries Made In Western Canada in 1951

EDMONTON, Jan. 2 (CP)—A record 108 oil and natural gas discoveries were made in Western Canada in 1951, industry sources reported today. Forty were oil strikes, 68 gas discoveries in new areas.

More than 200 oil companies poured more than $200,000,000 into Western oil and gas exploration, development and land, these sources said.

Alberta, heart of Canada's budding oil and gas industry, led the 1951 discovery parade with 98 finds, including 35 oil strikes and 63 gas discoveries.

British Columbia had a gas discovery and its first oil strike, both in the Northeast Fort St. John region. Saskatchewan came through with a pair of heavy oil strikes and three gas finds. Pair of discoveries in the Southewest corner of Manitoba gave that province its first oil, but of non-commercial quantity.

There were only 10 wildcat oil discoveries in Alberta in 1950. That year's 35 gas strikes was almost doubled by 1951 exploration.

WIZARD LAKE

Best single discovery of 1951 was the Wizard Lake oil sectior Southwest of the Leduc Field, which opened the West's new oil era in 1947. This sector, its oil reserves estimated at more than 100,000,000 barrels, is expected to receive major rating along with the Redwater, Leduc and Turner Valley fields.

The industry sources estimated oil production for 1951 in the Prairie provinces exceeded 47,725,000 barrels, an increase of more than 19,000,000 barrels over 1950. Alberta's output jumped to 46,470,000 barrels from 27,595,664. Saskatchewan porduced an estimated 1,248,500 barrels compared with 1,041,098 in 1950.

Gross value of 1951 production to the producers was estimated at a record $119,290,000, a $36,000,000 increase in one year. Of this, Alberta accounted for about $117,973,700, against $82,207,697 the previous year.

Chinese Urged To Ignore Red Demands

TAIPEH, Formosa, Jan. 2 (AP) —President Chiang Kai-shek today urged Chinese abroad to ignore ransom demands for relatives living in Communist China.

Chiang, in a new year message, asked Chinese overseas to support the Nationalist government's "anti-Communist and resist-Russia policy."

Optimism Seen in U.S. Steel Strike

ATLANTIC CITY, Jan. 2 (AP)—The danger of any imminent industry-wide steel strike practically vanished tonight on the eve of a specially-summoned C.I.O. Steelworkers Union convention.

Philip Murray, President of both the C.I.O. and the Steelworkers Union, broadly hinted to reporters that the union's officers will recommend indefinite postponement of the strike.

Begin Removal of 28 Plane Victims

PHOENIX, Ariz., Jan. 2 (AP) — The sad and difficult task of removing the bodies of 28 victims of an Air Force C-47 crash from an Arizona mountainside began today.

An evacuation team of airmen sturggled up the icy side of 7000-foot Armer mountain this morning and found the mangled bodies among the scattered wreckage of the twin-engine plane.

Toronto Gas Workers Strike Scheduled

TORONTO, Jan. 2 (CP)—Negotiations on wage demands of Toronto gas workers ended today in failure.

A strike vote among 700 members of the International Chemical Workers (A.F.L.) employed by the Consumers Gas Company will be held Friday.

However, it was reported tonight that further efforts to settle the dispute will probably be held before a strike deadline is set.

The union seeks a general 10-percent wage increase, a reduction in the work week from 42 to 40 hours without any cut in pay, and additional increases for tradesmen and skilled workers.

Vancouver Man Killed at Rupert

PRINCE RUPERT, B. C., Jan. 2 (CP) — The body of a Vancouver man killed in a fall Monday at the Aluminum Company of Canada project at Kemano Bay was brought here today.

Police said Herbert Walter Green, 37, (of 3128 Euclid Ave.), was killed when he fell from a rock in the wawater tunnel which is being driven at Kemano Bay.

Coast May Import Beef From Seattle

VANCOUVER, Jan. 2. (CP) — Vancouver packers may import beef supplies from Seattle in an effort to bring down high prices here, it was reported today.

Practically all types of meat are selling for less in Seattle than here. This includes beef, lamb, veal and pork.

Weather Along Battle Front Moderates

SEOUL, Jan. 3 (Thursday) (AP) —Patrol actions stepped up slightly Wednesday as the weather moderated along the 145-mile Korean battle front.

Allied and Communist patrols exchanged fire in several minor clashes. Most of the action was in the East.

An Eighth Army staff officer said Communist losses during December were estimated at 16,441. This was a sharp decline from November when the U.N. claimed it inflicted 44,729 casualties on the Reds.

Canadian Mineral Production May Soon Reach the $2 Billion Mark

TORONTO, Jan. 2 (CP) — Canada's mineral production may reach $2,000,000,000 within four years, V. C. Wansbrough, vice-president and managing director of the Canadian Metal Mining Association, said today in a year-end review.

Citing an estimated production of $1,200,000,000 in 1951, Mr. Wansbrough said the industry is heading towards a $2,000,000,000 year, and "that year might well be 1955 if present prices and production trends continue and major expansion projects in aluminum, iron ore, and petroleum come in on schedule."

While rising prices account for a large part of the increase in dollar value, volume is rising too, said Mr. Wansbrough, and in 1951 the index of physical volume was higher than ever (162.7 compared with an average 10 in 1935-39 and a wartime high in 1941 of 134.5)

Other points in the review included:

IRON ORE

Iron ore set a production record of more than 4,000,000 tons, about three-quarters of it from Ontario's Steep Rock and Algoma mines and the remainder from Wabana, Nfld. All three are engaged in expansion projects, a start was made on development of deposits as Marmora, Ont. Development of the Quebec-Labrador field, with ore deposits now proved totalling 420,000,000 tons, continued on schedule.

"By 1955," he said, "production should be under way at an annual rate of 10,000,000 tons. The figure might well be increased to 20,000,000 tons by completion of the St. Lawrence deep waterway project. By 1960, iron ore will certainly be one of Canada's major earners of United States dollars."

Value of non-ferrous metals was up nearly 30 per cent at $465,000,000 and producers expect 1952 to be their best year yet.

NICKLE UP

In 195. an increase of five per cent in nickel production is expected over this year's 275,000,000 pounds, still short of the 1943 peak of 288,000,000 pounds. Sherritt Gordon's nickel property at Lynn Lake, Man., is expected to be in production within three years and to add 17,000,000 pounds annually.

Copper and zinc were each up 20 per cent, copper at $148,000,000, a record, and zinc at $117,000,000. Lead increased 12 per cent to $55,000,000 but volume was lightly lower and prospects for 1952 indicate little change. Asbestos reached $80,000,000 up 23 per cent.

GOLD DOWN

Gold production was about $160,000,000, showing the first decline since 1945(and Mr. Wansbrough comments:

"The position of the gold mining industry as a whole has not been changed appreciably by freedom to sell on world markets. At the moment, the Canadian mint price is averaging $35.90 while the free market is approximately $39.50 . . .

"Assistance under the Emergency (Federal) Gold Mining Assistance Act has amounted to approximately $43,000,000 during its four years of operation. Total for 1951 is estimated at $11,000,000. In a period of steadily rising costs, cost-aid has assisted and in some cases extended and saved the lives of many of our gold mines.

Mr. Wansbrough said that on Aug. 1 the average weekly wage in the mining industry stood at $60.32, highest for any Canadian industry. He added that approximately 10 per cent of the industry's working force of 80,000, are new Canadians who have come to Canada since the war.

And in This Corner . . .

NORTHAMPTON, Mass., Jan. 2 (AP)—Police said this was how Arthur H. Patenaude celebrated New Year's Day:

He rode a Welsh pony into the Draper Hotel, with great dignity rode into an elevator, got out (still mounted) at the second floor lobby, and let the pony carry him to the desk.

Patenaude demanded registration for both himself and his mount. Refused, he swung the animal about and rode into the bar. He wanted, he said, a drink for himself and pony.

Up to this point hotel officials had been indulgent. But when the pony pushed into the bar they summoned police.

Officers booked Patenaude, caretaker of a city dump, on a drunkenness charge. The pony was returned ot his stable at the dump.

NEW YORK, Jan. 2 (AP)—Edward Wilkins, 18, of Hoboken, N.J., today was charged with breaking a Pennsylvania station baggageman's nose.

A detective asked Wilkins why he had beaten Murray Dworsken, 35.

"I asked him how to get to the Hudson tubes and he directed me wrong," Wilkins replied.

"How do you know he directed you wrong?" the detective asked. Wilkins replied:

"I knew how to get there. I just wanted to see what he'd say."

WALTHAM, Mass., Jan. 2 (AP)—Mrs. Hazel J. Cowan, 33, Hawthorne, N.Y., woman who demanded gasoline at the police station, today pleaded innocent to charges of drunkenness and driving under the influence of liquor.

Police testified she drove up to the gas pump in rear of this city's police station Tuesday and ordered, "Fill it up."

When no service was forthcoming, continued the police account, the woman demanded "What kind of a station is this?"

Police showed her by locking her up in it.

Salvation Army at 70th Anniversary

The Salvation Army, once a small group of Christians who went out to convert and serve slum areas and now a world-wide organization, celebrates its 70th anniversary in Canada this year.

The organization, founded in Canada in London, Ontario, May 24, 1882, plans a Canada-wide campaign to open 70 new corps or churches and endeavor to increase the number of Salvationists. The campaign will extend throughout the whole of 1952.

Nelson members plan to take part in the campaign and will hold special services later in the year to commemorate the anniversary.

FED HUNGRY

William Booth, an Englishman, was founder of the Army July 2, 1865, when he broke with the Methodist Church for which he was a minister, and went out to form the East London Christian Mission. The Mission went into slum areas to convert the poor people and send them to churches.

However, the churches of Britain would not accept them and they were forced into forming a church body of their own which became the Salvation Army.

The Christian Mission found they could not expect these poor people to sit in a meeting and listen to the gospel when they were hungry and so they helped feed them, thus the Army became a social welfare institution.

William Booth was born in Nottingham, England, April 10, 1829, and while a lad was an apprentice to a pawn broker and preached in slum areas. Later he went into the ministry of the Methodist New Connection with which he later broke to form the Christian Mission.

Today, the Salvation Army is a world-wide organization, operating in 89 colonies and countries with 17,119 churches or corps, 1749 institutions, 912 day schools and 26,803 officers, a far cry from their small beginning in the slums of London, England.

FUNERAL SERVICES FOR J. C. GRAY

South Slocan and Nelson friends assembled at the Church of the Redeemer in Fairview Wednesday to attend funeral services for Collingwood John Edward Gray, well known former city power plant operator. Rev. Canon W. J. Silverwood officiated.

Two hymns, "The King of Love My Shepherd Is" and "Unto the Hills Around" were sung. Mrs. J. A. Fraser was organist.

Pallbearers, who carried the flag-draped casket, were Robert McFadden, George Halbeque, Roy MacKenzie, Walter Taylor, James Duck and Gerald Lee. Interment was in the returned soldiers' plot, Nelson Memorial Park.

For many years a resident at Bonnington, Mr. Gray died at the Kootenay Lake General Hospital Friday at the age of 53.

Just Never Thought . .

SAN FRANCISCO, Jan. 2 (AP)—Almost anybody could follow the trail of $400 today. And just about everybody on the street did.

The robber piled his loot in a paper sack which had a hole in the bottom.

Passersby were so busy picking up money that nobody thought to call the police.

STARTLING FACTS REVEALED

New Canadians Class to Open Monday, 18 Already Enrolled

A special class designed for new Canadians desirous of learning the Canadian language and geography will open at Central School Monday.

Eighteen Chinese students ranging in age from 17 to 21 years have registered to date but it is pointed out that these classes are not limited to Chinese.

The new students are anxious to start school. A recent Daily News story gave class opening date as Thursday, January 3. However, the special class will not begin until January 7.

Miss K. Porter will instruct the class.

City's Youngest Mayor Sworn In

Nelson's youngest mayor was sworn into office Wednesday.

Forty-year-old Joseph Kary, Alberta-born business man, elected on a Civic Action Association ticket in the December civic election was sworn in by W. A. Gordon, city comptroller, in a brief ceremony at city hall.

J. H. Coventry officially became an alderman at the same time.

The ceremony was originally scheduled for Monday, and was to have been attended by N. C. Stibbs, retiring mayor. Mayor Kary, however, was unable to attend on Monday.

The other two Civic Action candidates elected last month, Mrs. Joseph Wallach and Dr. T. H. Bourque will be sworn in before Monday, the day for Council's statutory meeting.

New School Bus Garage Planned

School District No. 7 plans a new garage to house four school buses, construction of which will begin as soon as possible.

The new garage, made necessary when the Dominion Government took over the old Smedley garage next to the post office which the Board has been using, will have five bays and will store four buses. It will be added on to the old Williams Transfer building on the corner of Silica and Ward, which the Board purchased last Summer.

The present building will be converted into a woodworking shop where school desks, storm windows, cupboards and other school equipment will be made, a mechanic shop for repairing the school buses, a board room and a general office.

Tenders for the new garage have been called for by the School Board for Jan. 10.

HBC Employees Get Wage Hike

Another wage increase has been given employees of the Hudson's Bay Company at Nelson.

It was stated Wednesday that employees' salaries would be boosted 4 1/3 per cent of current wages retroactive to Nov. 1. This conforms with the Company's policy of paying such increases to meet the rise in the cost of living, it was pointed out. The advance is the third in the past year, previous increases being given in March and June.

LITTLE SUNSHINE DURING DECEMBER

Little sunshine brightened Nelson and district during December. Crescent Valley Radio Range Station recorded only 41.6 hours for the month. This is an average of 83.2 minutes of sunshine per day.

Damaged Erria To Be Towed To Dock

PORTLAND, Ore., Jan. 2 (AP)—The fire-damaged Danish motorship Erria will be towed here Friday for repairs.

The fire that broke out Dec. 20, claiming the lives of 11 of the 114 aboard, has been put out and water now "is being pumped from the holds, agents for the East Asiatic Line said today. The ship was beached two miles up the Columbia River from Astoria.

Roach Baby First of 1952

A five pound, 13½ ounce girl, born to Mrs. Michael Roach, 401 Silica Street, is Nelson's first baby of 1952.

The tiny girl arrived at 8:15 a.m. Wednesday, when the new year was more than 32 hours old. No babies were born at Kootenay Lake General Hospital New Year's Day.

Mrs. Roach's baby beat out a boy born to Mrs. William Wone, 720 Victoria Street, who arrived at 12:31 p.m. Wednesday.

Mrs. Roach will receive a $25 merchandise award posted by a local store for the first baby of 1952.

Deported Negro Sues Senator

WASHINGTON, Jan. 2 (AP) — Charles E. Davis of , Pasadena Calif., today filed a $100,000 suit against Senator Joe McCarthy (Rep. Wis.), He charged slander and breach of contract.

McCarthy told a reporter the suit was "too ridiculous to require comment."

Davis' petition, filed in U.S. District Court here, said he entered into a verbal contract with McCarthy Sept. 25, 1949 to obtain "certain valuable information" for McCarthy about State Department employees in Europe.

ARRESTED

Davis, a Negro, recited that he carried out his part of the agreement until November 1950, when he was arrested in Geneva. At that time, Davis said, McCarthy disclaimed any association with or employment of Davis.

The Swiss court convicted Davis on charges of political espionage on behalf of the Senator, sentenced him to eight months in prison and ordered him expelled from the country. Since he had already served 11 months in jail while awaiting trial, he was deported immediately last October.

Christian Church Growing in Red China Says Rev. Goodsell

TORONTO, Jan. 2 (CP) — Rev. Fred Goodsell, co-executive secretary of the National Council of Churches, said today that the Christian Church is growing in Communist China.

He told a press conference held in connection with tomorrow's opening of the council's annual meeting that there were enough Chinese Christians trained to look after the hospitals, schools and churches when the Communists took over.

The threat of Communist aggression had drawn the various denominations closer together, he said.

The Weather

Synopsis: Temperatures were a little milder over the coast and Northern Interior of B.C. today than they have been for the past few days. There will be a general increase in cloud over the Interior with daytime temperatures about ten degrees higher.

Mother of 18 "Enjoys" Her Family

ALEXANDRIA, Minn., Jan. 2 (AP) — A 42-year-old farm wife who "enjoys big families" won Alexandria's annual baby derby for the second time when her 18th child was born Tuesday night.

Mrs. Bernard Wagner and her plump nine-pound, eight-ounce son were reported "doing fine" today.

Nine years ago Mrs. Wagner won her first jackpot of baby gifts when she gave birth to a daughter New Year's Day.

Oldest of children is 23.

Wagner, 47, operates a 200-acre rented farm.

Churchill Faces Sino-Japanese Treaty Problems

By PAUL SCOTT MANKINE

WASHINGTON, Jan. 2 (Reuters) — President Truman has informed Prime Minister Churchill that he would like to discuss next week the question of Japanese recognition of the Chinese Nationalist regime in Formosa as the legitimate government of China, Reuters News Agency learned authoritatively today.

This item is the most important addition made by Truman to the agenda submitted to him by Churchill for the talks.

The item raises the most importan divergence beween British and United States policy in recent years: namely, that Britain recognizes the Communist regime in Peiping and the U.S. recognizes the Nationalist regime in Formosa.

The Sino-Japanese aspect of this problem was the subject of talks between the then-British foreign secretary, Herbert Morrison, and the U.S. expert on Japanese problems, John Foster Dulles, at the time of the signing of the Japanese Peace Treaty last September.

An agreed Anglo-American view has not been reached yet.

The present U.S. hope is that Japan will sign a bilateral treaty with the Chinese Nationalist regime soon after the Allied Japanese Peace treaty comes into effect.

Mossadegh Is "Man of 1951"

NEW YORK, Jan. 2 (CP) — Time magazine announced today that its man of the year for 1951 is Premier Mohammed Mossadegh of Iran.

Mossadegh's picture appears on the cover of the current issue captioned: "He Oiled the Wheels of Chaos."

Of Mossadegh, who sparked his country's oil crisis, Time's editors said:

"In the year of his rise to power he was in some ways the most noteworthy figure on the world scene. Not that he was the best or the worst or the strongest, but because his rapid advance from obscurity was attended by the greatest stir. The stir was not only on the surface of events; in his strange way this strange old man represented one of the most profound problems of his time. Around this dizzy old wizard swirled a crisis of human destiny. . . ."

Andes Mountain Claims Frenchman

BUENOS AIRES, Jan. 2 (Reuters) —Unconquered Mount Fitzroy in the Andes has claimed the first death in an eight-man French climbing expedition, the war ministry announced here today.

Mountaineer Jacques Poinsenot, 29, was swept away Dec. 28 by the strong currents of the Fitzroy River which dashes down the side of the 10,968-foot peak in the territory of Santa Cruz.

His body has not been recovered. The accident occurred, said the announcement, when the mountain climber's rope broke as he crossed the stream.

U.N. Members Urged To Fight Aggression

PARIS, Jan. 2 (CP)—The United States today urged that more United Nations members aid in the fight against aggression, particularly in Korea.

Britain, Australia and Belgium voiced support for further U.N. collective measures against any aggression as proposed in a resolution put forward by 11 countries, including the United States and Canada.

But Sweden said she could not take part in collective action which might involve her in a major war. The Swedish delegate, however, found no objection to the technical aspects of the collective measures committee report on which the resolution is based.

Canada had a part in shaping that report which would permit the U.N. to ask regional pact forces, such as the North Atlantic Treaty armies, for help in event of aggression.

T. L. A. Demands Private Tenure Of Forest Lands

VANCOUVER, Jan. 2 (CP) — The president of the Truck-Loggers Association, in a statement released today said individuals and companies should have the right to acquire forest land on which to grow their own crop of trees.

J. W. Bakie, said this would be one of the main topics at the Association convention to be held here Jan. 16, 17 and 18.

"At present," he said, "the government has implemented a taxation policy, applied to privately-owned forest land, which is outstanding legislation.

"It is based on a desire to extract the maximum timber production, with due respect to sustained yield, from a given area of forest land."

This, he said, applies to only seven per cent of the total forest land in the province.

"There is a growing feeling that if the fundamental objective of producing the maximum output of timber from our forest lands is to be achieved, some new form of tenure will have to be established which will place larger areas of forest land under private ownership."

Many at Funeral D. S. Valentine

A large attendance and many floral offerings exemplified final tribute to David Steedman Valentine, well known Nelson businessman and sportsman, at funeral services held at the Thompson Funeral Home Monday. Rev. Allan Dixon of Trinity United Church officiated.

Two hymn, "Nearer, My God, to Thee," and "Abide With Me", were sung. Mrs. W. A. Manon was organist.

Among the many present were representatives of the Nelson Curling Club, the Nelson Post Office staff and the Nelson Fire Department.

Pallbearers were J. R. Bailey, David Hale, Lawrence Janssen, Robert Reisterer, Arthur Ronmark and Walter W. Wait. Interment was in Nelson Memorial Park.

Mr. Valentine, who was born in Dundee, Scotland, was among the founders of the Junior Board of Trade prior to the war, this organization disbanding following enlistment of many members. He was owner of City Distributers, a magazine wholesale agency.

He died at Kootenay Lake General Hospital at the age of 46, following a brief illness.

LAST RITES FOR BALFOUR WOMAN

Funeral services for Mrs. Blanche McLain McKay, resident of Balfour for the past 22 years, were held from the Thompson Funeral Home in Nelson Wednesday afternoon. Rev. A. L. Anderson of St. Paul's United Church officiated.

Two hymns, "Abide With Me" and "Unto the Hills Around", were sung. Mrs. W. A. Manson was organist.

Among the many attending were representatives of the Kootenay Valley Cooperative Dairy, Balfour Women's Institute and the Balfour Farmers Institute. There were many floral tributes.

Pallbearers were V. Noskin, J. Bowles, H. Franklin, C. Noakes, M. Wellwood and A. Anderson.

Interment was in the family plot, Balfour Cemetery.

Mrs. McKay, wife of William McKay, died Dec. 28 at her home in Balfour at 43 years of age.

LAST RITES FOR N. H. WESLEY SAID

Funeral services for Norman Herbert Wesley, former South Slocan and Nelson resident, were held from the Thompson Funeral Home Monday afternoon, Rev. Canon W. J. Silverwood of the Church of the Redeemer officiated.

Two hymns, "Rock of Ages" and "Unto the Hills Around", were sung. Organist was Mrs. W. A. Manson.

Pallbearers were J. Ridge, W. D. Ridge, E. Ridge, and L. Bonderud. Interment was in Nelson Memorial Park.

Mr. Wesley died at South Slocan Dec. 27 and was 84 years of age.

Britons Read More

LONDON, Jan. 2 (Reuters) — Britons today are reading more than ever before and are becoming increasingly serious-minded in their choice of literature.

Librarians report a growing demand for non-fiction, autobiography, travel and science books. At the same time they report a big drop in light romances and detective fiction.

A leading publisher suggested that it may be simply because people are satiated with escapist novels and want "something real" for a change.

"Fiction has been too dull and too much the same for many years," one publisher said. "People want something new and will seize on a fresh book, like the 'Kon-Tiki Expedition.'"

Dear Customers:

Liberty's 1952 Resolution:

1 Reducing the weekly food bill of all customers is accomplished by our consistently low prices every day on hundreds of items. It can't be done with just a few occasional values.—Guaranteed quality
2 To lead the way in rock bottom prices.
3 To serve Salmo, Riondel and all areas with better service at city prices.
4 To help you spend less and eat better, with the finest quality merchandise and vast assortments.

Procter "Polar Bear" Takes Dip at 4 Below

PROTER, B.C. — Procter, too, can boast of a human "polar bear." About 3 p.m. New Year's Day, Elmer J. Hautaluoma dove off the bow of S.S. Moyie into the icy waters of Kootenay Lake's West Arm. A number of spectators witnessed Elmer's icy swim, while thermometers registered an unofficial four degrees above zero.

Asked how he enjoyed his icy swim, Elmer replied, "The water's fine, but I cut my cheek on the ice as I was getting out." There was a small gash on his cheek.

Swimming in near-zero temperatures is not an uncommon feat for Elmer. He frequently takes a dip in the lake, regardless of temperatures.

MANY FAMILIES are marooned but safe in the flood-stricken Riviere des Prairies area. Here inhabitants are aided by a Red Cross worker as they leave their home for higher ground. Dynamite will be used to break up the ice jam which caused the floods. Trucks have proved virtually useless and canoes and rowboats are slowed by ice and slush.—Central Press Canadian.

District Business Men Attend Opening of Castlegar Bank

CASTLEGAR, B.C. — Business men from Trail, Nelson and Castlegar attended the official opening of the new Castlegar branch of the Canadian Bank of Commerce.

Those coming from Nelson were J. W. Graham, manager of Nelson branch; Mayor Joseph Kary, H. D. Harrison, president of Nelson Chamber of Commerce; J. A. Bracken, secretary of the chamber and secretary of Associated Boards of Trade of Eastern B.C.; Fred Denyer and E. T. Bodard.

A. C. Jenkins, manager of Trail branch, and Ald. G. C. Rennison, retired manager of Trail branch, were among Trail men attending opening ceremony.

The branch's manager is G. W. Shaw, in charge of a staff of four. The bank is located in the West building in a section formerly occupied by the post office.

Take First Steps To Disbar Hiss

WASHINGTON, Jan. 2 (AP) — The Supreme Court took the first step today toward disbarring Alger Hiss ,one-time state department official now in prison for lying under oath.

The high tribunal suspended Hiss from practice before the court and gave him 40 days to show why he should not be barred permanently.

The order followed the usual procedure of the supreme court when it receives notice that a member of its bar has been disbarred by a state court.

Hiss was sentenced to five years for perjury in denying that he passed state department secrets to a Communist spy ring before the last war. He began serving his sentence last March.

Customs Values Show Increase

VICTORIA, B.C., Jan. 2 (CP) — New records in terms of the value of external trade through British Columbia custom ports were established during 1951, according to a Bureau of Economics and Statistics business review released today.

The value of exports was an estimated 29 per cent greater than in 1950 while imports in the last year exceeded 1950 by an estimated 25 per cent. Exports totalled $580,000,000 in 1951 and imports $320,000,000.

Officials said these increases were in part attributable to price increases over the last year.

Heavier import values were in part related to defence buying and also to the effects of industrial expansion.

"Undoubtedly the most significant feature of the year has been the tremendous capital expenditures by industrial firms throughout the province," the report noted.

Gracie Applies For Permission To Marry

CAPRI, Italy, Jan. 2 (AP) — Gracie Fields and her Romanian-born fiance, Abraham Boris Alberovich, today applied for permission to marry in the Roman Catholic Church.

The British Comedienne and Alberovich, a radio repairman, signed a formal request in the parish home of Father Luigi Lembo. Miss Fields gave her birthdate as Jan. 9, 1898, and Alberovich as Oct. 29, 1903. The wedding will take place some time next month. Miss Fields announced last week that she would adopt the faith of her fiance.

Austin Motors Raise Car, Truck, Prices

LONDON, Jan. 2 (AP) — The Austin Motor Company announced today immediate price increases on all makes of cars and trucks, ranging from £33 to £153.

The company said the increases were necessary because of "continuing rises" in its manufacturing costs.

The Nuffield Motor Car Organization, which recently merged with Austin, announced similar increases Monday.

LETHBRIDGE (CP) — The Lethbridge public school board has decided to intensify its campaign for the establishment of a junior college here.

E. Kootenay Logger Dies at Ripe Age

CRANBROOK, B.C. — Angus Gillis, age 87, who came to this province in 1892 to work as a logger, died at the hospital Saturday after a short illness. He was born in Nova Scotia, and worked in this district at various logging camps until he retired due to ill health in 1935. He was a bachelor and until his final illness lived alone in a cabin just North of Cranbrook.

He is survived by a sister, Mrs. Margaret MacInnes at Kewstock, N.S., a niece, Mrs. J. W. Cummins at Skyelgin, N.S., and a nephew, J. W. MacInnis at Gimli, Man.

B. C. Industries Show High Gain

VICTORIA, B.C., Jan. 2 (CP) — Gross value of manufacturing production of British Columbia during 1951 was an estimated $1,070,000,000 compared to $990,000,000 in 1950.

The statistics are included in a summary of business activity prepared by the Bureau of Economics and Statistics and released today by Trade and Industry Minister L. H. Eyres.

In comparison, the value of manufacturing production was only $412,957,807 in 1941.

"The basic industries all showed a gain in value of production in 1951 compared to 1950, although the increase may be attributed in part to price increases over the two years. Preliminary estimates indicate that the value of the products of the forest industry was 12 per cent higher, mining 11 per cent higher, agriculture 14 per cent higher and fisheries 31 per cent higher," the report said.

Union Leader to Appeal Verdict

VANCOUVER, Jan. 2. (CP) — Union leader Bill White today filed an appeal against a Dec. 6 conviction of assaulting a member of a rival union in a picket line battle last Fall.

The appeal was filed in Victoria and will come up for consideration when the British Columbia Court of Appeal opens Tuesday.

White, president of the Marine Workers and Boilermakers Union, Local 1 (C.C.L.) was found guilty of striking Roe Loop a member of the American Federation of Labor Carpenters Union in a picket line fracas.

Loop's car hit a member of White's union.

Duncan Crux, White's lawyer, charged a miscarriage of justice in the appeal. He said the judge should have found White was trying to prevent Loop from committing a crime.

White was fined $200 and placed on a good behavior bond of $500 when he was convicted of assault.

Vet Railroader Dies

VANCOUVER, Jan. 2 (CP)—Fred Rutter, 71, veteran railroader, died last night in hospital here.

He retired in 1945 after 50 years service with the Canadian Pacific Railway. At retirement he was assistant to the general superintendent here.

Born in Toronto, Mr. Rutter started his railway career at Labelle, Que. He came to Vancouver in 1930.

"Christ Council" Plans Evangelist Campaign in Trail

TRAIL, B.C. — A group of district residents met in the First Presbyterian Church to organize a "Trail District for Christ Council" with a view to an intensive evangelistic campaign in the city next March.

The meeting was called by the Christian Business Men's Committee of Trail and was attended by minister and lay representatives of a number of city and district churches.

A skeleton executive was elected consisting of president B. P. Sutherland; vice-president, F. H. H. Smith; secretary, G. Donelly and treasurer, G. L. Moody.

Great stress is being placed on prayer for the forthcoming campaign and the group expects that as many churches and other interested groups as possible will cooperate in this and other parts of the work. A number of united prayer meetings have already been held.

Illness Delays Fernie Arena

FERNIE, B.C. — Delays in securing materials and the serious illness of contractor E. E. ory have slowed construction of Fernie's $70,000 arena which was started in late Summer. Work is proceeding but there is no possibility of the building being ready for use in the current ice season.

Temporary repairs on the old skating rink building are being considered, but no consideration will be given to its use for skating until safety of this old building is assured. City Engineer Geoff. Hunt has been assigned to find what rpeairs are necessary inculding replacement of the long bolts in key positions removed by vandals during the Summer. The season so far allowed only a few days of outdoor skating on nearby ponds before heavy snowfall covered them, and repeated snows totalling six feet have prevented creation of vacant lot rinks which have been successful in the past.

4000 Neglect to Ask for Pension

VICTORIA, B.C., Jan. 2 (CP) — More than 4000 eligible British Columbians have not accepted the new $40 universal old-age pension, paid to all persons over 70 regardless of their means.

Federal officials in charge in Victoria said today 40,077 persons have applied for the pension compared to the estimated 44,500 eligible. An additional 33,000 already receiving pensions, are automatically placed on the new pension. They didn't have to make application.

It was explained that most of the 4000 persons who haven't applied probably don't intend to because they are well to do. Some also may be late in making application.

Officials said first cheques under the new system will be paid Jan. 31.

Peron Springs 1952 Surprises

BUENOS AIRES, Argentine, Jan. 2 (Reuters) — The government has rationed gasoline to motorists, raised cable tariffs and taken over public transport in the capital in a series of new year surprises.

The gasoline regulations limit private car owners to about 6½ gallons a week. Doctors and diplomats get about 9½ gallons and taxis between 31 and 46 gallons.

International cable and radio tariffs were raised 41 per cent.

Hours of trading on Buenos Aires stock exchange, in the doldrums for about four years, were cut.

The subways, street cars and buses were taken over by the state from the bankrupt Buenos Aires city transport.

13 P.C. Increase in Insurance Sales

TORONTO, Jan. 2 (CP) — Canadians bought nearly $2,000,000,000 of life insurance in 1951, J. K. Macdonald, president of the Canadian Life Insurance Officers Association said today in a year-end statement.

This is an increase of some 13 per cent over 1950 and about double the volume issued in 1945.

TORONTO, Jan. 2 (CP) — Officials of the Street Railway Employees Union (AFL-TLC) announced late today that discussions to prevent a transportation strike were broken off. Date of the walkout may be determined tomorrow.

SASKATOON (CP) —Saskatoon's $2,000,000 addition to its city hospital is expected to be completed and in operation within three years.

Former Kimberleyite To Boss All Cominco North Central Mining

TRAIL, B.C. — C. E. White, property superintendent of the Con Mine of The Consolidated Mining and Smelting Company of Canada Limited at Yellowknife, Northwest Territories, has been appointed District Superintendent of Mines, North Central District, according to an announcement Wednesday by W. G. Jewitt, Manager of Mines for Cominco. Mr. White, whose new position became effective at the first of the year, will now be in charge of all mining operations in the North Central District, having as his major responsibilities the Con Mine and the development of the Pine Point property.

Mr. White was born at Meriden, Connecticut. He received his B.Sc. degree in mining engineering in 1927 at the University of Alberta, following which he joined Cominco, serving first as an assayer at Kimberley. Two years later he transferred to the mines staff, working in various parts of B.C. and Eastern Canada until 1936. During the next five years he held supervisory posts with the Company's exploration department in Eastern Canada. In 1941 he joined the Canadian Army. For his work in laying the oil supply pipeline across the English Channel to France for the Normany invasion, Major White was awarded the M.B.E. He rejoined Cominco following his war service and in 1946, was appointed Superintendent of the Con property at Yellowknife.

Mr. White has been active in Red Cross work and the Yellowknife Board of Trade. He is a member of the Canadian Institute of Mining and Metallurgy. He served as member of the Yellowknife Administrative District Council and as school trustee for several years. Mr. White is married and has three children.

B.C. Mine Dividends $43 Million in 1951

The following tabulation of metal mining company dividends in British Columbia has been prepared by Pennaluna and Company.

It includes figures released by some of the private companies, and all those of record whose shares are owned by the public. Reeves MacDonald initiated declarations for the first time.

Totals are $43,058,044 in 1951, $35,863,348 in 1950 and $341,863,877 from 1948.

	In 1950	In 1951	Total from 1948
Base Metals Corp., Ltd.	$	$	120,000

SCHOOL DIAGNOSIS SAVES BOY'S LIFE

INVERMERE, B.C. — The value of regular school medical examinations has been emphasized with a successful operation on a nine year old Windermere boy for a rare heart condition.

The serious condition of the boy was diagnosed during a routine school medical examination last June. The operation, which has saved his life, was performed at Vancouver by a prominent heart surgeon. The lad has returned to his home and will go on to normal life.

Assistance was given by the Junior Red Cross which has previously given aid to other children in this district needing particular medical treatment at a distant centre.

Traffic Violators Pay $555,964 in '51

VANCOUVER, Jan. 2 (CP) — Traffic violaters in Vancouver forked out $555,964 in 1951 — $45,000 more than the previous year, the police court clerk's annual report showed today.

Highest monthly take was rung up in July when offenders paid a total of $92,000.

Invermere Loses Respected Resident

INVERMERE, B.C. — Hubert Valentine Taylor, about 74, a well-respected resident of Invermere, died quietly in his sleep at his home in the early hours of Saturday morning. Mr. Taylor was assistant to Miss Gladys Pitts at the post office and had been at work Friday apparently well although no doubt still tired after the heavy Christmas mail rush.

He was found by the police after neighbors had failed to arouse him when Miss Pitts became alarmed at his non-appearance.

He was born in England and came to the valley with a brother to farm before the First Great War. The brother was kille doverseas. Mr. Taylor sold the farm to Alec Robb and went to Windermere where he was employed in the store and post-office by the late J. C. Pitts.

Sometime after Mr. Pitts opened the store at Invermere Mr. Taylor moved here and continued to assist Miss Gladys Pitts after the death of her father.

A sister and one or more brothers survive in England.

HASTINGS, England (CP) — One of the fishing boats that left this Sussex port to catch herring, came back instead with a six-foot bottle-nosed shark.

HIS AIDES are seen hovering over Soviet Foreign Minister Andrei Vyshinsky as he seems to signal "more aspirin, please" during recent address to the U.N. Political Committee in Paris. At left is U.S. delegate Philip Jessup, while in centre is Lord Tweedsmuir, United Kingdom delegate.—Central Press Canadian.

Van Roi Expects To Step Up Milling To 150 Tons

The concentrator of Van Roi Consolidated Mines Ltd. at Silverton treated an average of 95 tons of ore daily throughout November. Production consisted of 208 tons of zinc concentrate containing 18.09 ounces of silver per ton with 52.15 per cent zinc and 98 tons of lead concentrate averaging 168.83 ounces silver per ton with 56.23 lead.

Development work on the 5-level has exposed a length of 60 feet of ore averaging three feet wide and containing 6.0 ounces silver, per ton with more than 12 per cent combined lead and zinc.

The heavy-media separation plant has commenced operation. After full tune-up, it is expected the daily tonnage treated will exceed 150 tons by the end of January.

CLEANING FLUID BURNS ESQUIMALT RESIDENT

VICTORIA, Jan. 2 (CP) — Mrs. Vera Wise, Esquimalt resident, was still undergoing treatment in hospital here today for severe burns to her arms and legs which she suffered in a flash fire in her home Monday.

The burns were caused when the cleaning fluid she was using was ignited. An explosion resulted that set the kitchen of her home afire. The room was gutted before members of the municipal fire department were able to extinguish the blaze.

Monkey Slows Up Ship

JERSEY CITY, N.J., Jan. 2 (AP) —An escaped live monkey in the engineroom of a steamship here is acting like a monkey wrench in the works.

The American President Lines freighter President Arthur can't sail until the beast is caught. Line officials fear he might get into the machinery or distract a crew member working near moving parts of the engine.

They have sent out the word to get him "dead or alive"—preferably alive.

The monkey is one of 30 the vessel brought here Sunday from Singapore for a New York animal dealer.

It escaped from a crate a few days before the ship docked.

Truman 'Mum' On Future Plans

By ROGER D. GREENE

WASHINGTON, Jan. 2 (AP) — President Truman kept the lid of secrecy on his 1952 political plans today. The White House said he has made no commitment even about the date when he will announce whether he will run again.

A new flurry over the president's intentions arose when Representative Wayne L. Hays (Dem. Ohio) quoted Truman as saying he hopes to disclose before Feb. 6 whether he will seek another four-year term.

Presidential secretary Joseph Short said Truman had made no commitment.

But Hays, who made the statement to reporters after a White House visit, stuck to his guns.

"All I know is what the president told me," Hays said following Short's statement. "I quoted him exactly as he said it."

Hays said Truman gave him no hint as to his intentions during their talk. Asked if he thought the president will be a candidate, Hays replied without hesitation:

"I got the impression he probably isn't—just from the way he talked the last three times I have seen him."

Accident Reports Flood R.C.M.P.

R.C.M.P. Nelson Sub Divisional office Wednesday was flooded with nearly 75 accident reports of auto mishaps within the last few days. The accidents occurred throughout the Kootenays. None were serious. The majority were due to heavy snowfall and slippery road condition.

Twelve of the reports came from Trail, while Crescent Valley reported 10.

PHONE 144 FOR CLASSIFIED

Irish Farmer Fools Potato Thief . . .

NEWRY, Northern Ireland, Jan. 2 (AP)—A shrewd Irish farmer who suspected that someone was dipping into his potato pile came up today with his own Irish-style solution today.

The farmer testified in court that he sewed some black thread into each of his potatoes, put them back into the bin outside his house and waited.

When the pile again went down suddenly one night, the farmer summoned a constable and began a check of the neighbors' houses.

In one of them the constable emptied a pot of boiled potatoes, cut open each spud and found in each of them the tell-tale pieces of black thread.

The neighbor pleaded guilty and paid a fine of £2.

Rescue 100 From Snowbound Cars

PINCHER CREEK, Alta., Jan. 2 (CP)—Government snowplows and Reserve Army equipment today rescued more than 100 persons from snowbound automobiles in this Southern Alberta district.

Several towns in the Lethbridge area were isolated for a brief period by drifting snow as winds reached velocities as high as 54 miles an hour. The traffic tieup was described as one of the worst experienced in the district.

SUIT DISMISSED

CRANBROOK, B.C. — Suit of Stanley Shayler of Cranbrook against Newt Oakley of Kimberley for damages of the former's auto was recently dismissed by Judge H. W. Colgan in County Court here.

An earlier report had identified Stanley Shayler as of Kimberley instead of Cranbrook.

Love Problems . . .

He Doesn't Have to Decide Which Girl He Likes Best

By JANE ATKINSON

Dear Miss Atkinson:

For the last month, I have been going steady with one girl, and can't get my mind off another. My affections are very deep for both of them, but I can't decide which one. Would you please tell me how to go about making up my mind?

RONNIE.

Dear Ronnie:

Do you really have to make up your mind? Right now? Don't you think the smartest thing would be for you to be friends with both girls, take both of them out, and wait for time to make it plain to you which one you really like the best?

As I have often said, I think it is too bad you boys and girls feel you have to "go steady." You would have much more fun, and avoid the kind of confusion you are now in, if you would just be content to wait awhile before singling out any one particular person on whom to center all your attention. Take my advice and enjoy being friends with both these girls, won't you? And remember that if you feel your affections are "very deep" for two girls, the real truth of the matter is that they're actually not very deep for either one of them!

Make Left-Over Lamb Into Tempting Meals

By MARGARET CARR

We have three recipes which call for leftover lamb, and it will depend on the weather and the mood of the cook which one you use.

LAMB RING

2 cups cooked lamb, ground.
18 crumbled soda crackers.
1 cup meat stock (or 1 cup boiling water and 1 bouillon cube).
1 egg, beaten.
2 teaspoons minced onion.
2 tablespoons butter or margarine.
Salt and pepper to taste.
¼ teaspoon poultry seasoning.

Combine ingredients, mixing carefully. Butter a ring mould and turn into it the lamb mixture, brushing over the top with melted butter. Bake in a hot oven (425 degrees F.) 30 minutes. Turn out at once on to a large hot platter and fill the centre with peppily seasoned, hot creamed vegetables. Almost any vegetable flavor will be enjoyable with the lamb so be artistic and choose one which adds a good sparkle in color to the dish. Outside the ring, in little cups of lettuce leaves, arrange mounds of mint jelly to flatter the mild flavor of the lamb.

CURRIED LAMB

3 cups chopped cooked lamb.
3 tablespoons butter or meat drippings.
¼ cup minced onion.
1½ cups chopped celery and tops.
¾ cup lamb gravy or meat stock.
½ teaspoon curry powder.
½ teaspoon tabasco sauce.

Melt the fat in a frying pan and simmer the onion and celery in it until tender and slightly yellowed. Add the rest of the ingredients and, if the mixture seems too dry, add boiling water to moisten. Serve in a casserole decked with a border of hot, flaky, steamed rice and a garnish of parsley.

SAVORY LAMB AND MUSHROOMS

Clean and slice ½ pound fresh mushrooms and cook together with ¼ cup of minced onion, in 3 tablespoons of butter. Use a frying pan. Season well with salt, pepper and Worcestershire sauce, adding 1 cup of lamb gravy to the ensemble. Now add 2 cups of sliced cooked lamb and heat. Have hot toast fingers ready, and spoon over them the lamb and mushrooms. If fresh mushrooms are not obtainable, use canned ones instead. Add them with the lamb!

Milk Board Waits Copy Price Bill

WINNIPEG, Jan. 2 (CP) — The Tribune says today in a newspage story that the power of the Provincial Milk Control Board to set the retail price of milk may be challenged under the new Federal Anti-Price-Fixing Bill.

Crown law officials here await a copy of the new bill to determine its jurisdiction.

The Milk Board will hear an application Jan. 7 by milk distributors who are seeking an increase of one cent a quart.

The newspaper says it was indicated today that consumers' representatives may challenge the Board's power at the hearing to fix the milk price.

The present maximum milk price was set by order of the Board following change in the Milk Control Act passed last season. Retailers may sell milk below maximum provided they do so without a loss.

Windermere Couple Wed

INVERMERE, B.C. — A wedding of interest throughout the Windermere district was solemnized at the Anglican Church at Kimberley when Gloria May, only daughter of Mr. and Mrs. Reginald Wannop of Windermere, became the bride of Everett Thygesen, also of Windermere.

The bride, given in marriage by her father, wore a tailored two-piece suit of grey flannel with a navy hat trimmed with a pink veil. Rev. Eric Biddy of Kimberley officiated and attendants were Mr. and Mrs. Ernest Thygesen of Windermere.

The groom is a keen hockey player, and is residing with his bride in Windermere.

Lister Notes

LISTER, B.C. — Miss Margaret Sinclair of Vancouver was the guest of her parents Mr. and Mrs. A. W. Sinclair.

Mr. and Mrs. Doug McKee and children of Kimberley spent New Year visiting relatives in Lister.

Bert Wocknitz, Alfred Sommerfeld and Edward Domke were visitors to Spokane.

Mrs. M. Ross and grandson Danny, Mrs. C. Hulbert and Jack Ross visited Mr. and Mrs. John Salvador in Creston.

Mrs. Irene Bisby and son Stuart of Kaslo, are visiting relatives in Lister and Huscroft.

Mrs. and Mrs. Henwick visited relatives in Vancouver.

Bill Chelton of Crow's Nest visited Mr. and Mrs. D. J. McKee.

New Denver

Tosh. Okahori of Vancouver is spending the holidays with his mother, Mrs. Yoshie Okahori and two sisters.

Mr. and Mrs. Alf. H. Anderson and family returned from a holiday at Nakusp with Mrs. Anderson's parents, Mr. and Mrs. J. R. Humphries and brother-in-law and sister, Mr. and Mrs. Bruce Bradbury and family.

Rev. David R. Stone of Nakusp conducted the New Year service in the Turner Memorial United Church.

Mrs. Vera R. Kitchener, local telephone representative has returned from Vancouver where she spent the holidays with her parents, Mr. and Mrs. K. Popoff.

Natal Notes

Miss Delva Pettcello, attending the Calgary Henderson College, is spending the holidays with her parents at Natal.

Tony Chappelle and Nick Lohin, attending U.B.C. at Vancouver are spending the holidays with their parents at Natal.

Miss Morag Chapman a student at U.B.C., is spending her holidays at Michel at the home of her parents, Mr. and Mrs. W. Chapman.

Miss Irene Mannion, Miss Ada Bath, Miss Emelie Rallison and Miss Ila Robinson from the Mt. Royal College at Calgary, Alta., are spending the holidays at Michel at the homes of their parents.

William Hargreaves and Raymond Kacheluba of the R.C.N. are spending a one month leave from the navy at their homes here.

Bronowski Supports Teen-Age Arguments

LONDON, Jan. 2 (Reuters)—Teen agers should contradict their elders to help make the world a better place, Dr. J. Bronowski, leading British scientist, told 2500 British and European youths today.

"When you talk about human rights, carry with it the right to hold your opinion and the right of the people on your right and left to hold theirs," he added.

Bronowski, research chief of the British National Coal Board, was speaking at a four-day Christmas vacation conference on "Tomorrow's Citizens" held under United Nations auspices.

WYNNDEL DANCE SUCCESS

WYNNDEL, B.C. — The annual Christmas dance of the Wynndel Recreation Society drew more than 400 dancers to the new community hall. A hat check booth was popular and profitable.

Craik, Sask., (CP) — Housewives gave a sigh of relief when construction of a new highway stretch was completed. While work was in progress they had to adjust their washdays according to the wind and the amount of dust raised.

Early Year Bargains Confuse Price Issues

TORONTO, Jan. 2 (CP) — The state of prices was fogged somewhat today by the arrival together of usual January sales and the end of price maintenance.

So far as could be observed nothing much was happening immediately beyond the early-year clearances.

However, there were indications that some reductions may result from the legislation, effective last Monday, which forbids manufacturers to name the prices at which their products are to be sold. And here and there small dealers, finding themselves overstocked, posted reductions on some items.

For instance, one small Toronto hardware store marked some electrical appliances at a 20 per cent reduction. This dealer explained that he had too many on hand and was ready to let them go without a profit. He said the reduction hadn't brought many sales.

Big department stores were saying little, but were understood to be looking over their price lists.

Eaton's today published an advertisement which said, in part:

"There is no more price maintenance! It stands to reason that you should pay less for cash than for credit."

No immediate explanation was forthcoming concerning the possible significance of this statement, beyond the remark that Eaton's always made this declaration.

It is understood, however, that some stores felt maintained prices were sometimes named to take care of the costs of stores specializing in credit; and there was some suggestion that future cash prices may show cuts.

The Canadian Retail Federation estimated that the goods affected by the legislation constitute about 15 per cent of all retail trade, and about 4 per cent of goods which figure in the cost-of-living index.

While the situation appeared quiet today, and most spokesmen said they did not expect any extraordinary developments, the possibility was not ruled out that someon's action might precipitate a price war.

Firemen Save Two Boys From Drowning

VANCOUVER, Jan. 2 (CP) — Two boys who thought the ice of Deer Lake in suburban Burnaby was strong enough to hold them were saved from drowning today.

Firemen pulled Graham Longmuir 7, and another unidentified youth from the frigid waters in two separate accidents.

The World of WOMEN

Women Eager to Back Civil Defence Plans

VANCOUVER (CP)—A woman member of Vancouver's Civil Defence Board has found that women are keenly interested in civil defence.

The only woman member of the local board, Mrs. Ethel Stead surveys all women's organizations in the city to determine how best they can fit into the defence set-up.

Ever since she was employed by the board Mrs. Stead has been slipping unassumingly into a key position in the plan. She has a flair for organizing and plenty of experience to do an able job.

I.O.D.E. LEADER

For seven years she was British Columbia president of the Independent Order, Daughters of the Empire, with 3500 women under her direction. As treasurer of war savings stamps sales during the war she reaped more than $100,000 from 40 downtown buildings.

Besides her civil defence work, she is on the executive board of the Community Chest, educational secretary of the I.O.D.E., and executive member of the Canadian National Institute for the Blind. Not to mention active membership in other women's groups

"Women are interested in civil defence, I've found," she says. "They are extremely keen on taking their place—and there will be a place for them in all phases of civil defence."

LACE FOR TENNIS —BUT NOT GOLF

LONDON, Jan. 2 (Reuters) — Teddy Tinling, the man who put the lace on tennis star Gussie Moran's panties, today raised a stir in the Conservative British golfing world.

The old tweed skirt and shapeless sweater preferred so far by the ladies is a golfing institution. But Tinling showed the world his idea of the well-dressed golfing girl — in Britain—at a London fashion show. Gay colors predominated — check skirts, vivid blouses.

And since slacks are not quite the thing on conservative British courses the divided skirt was introduced. Tinling said: "I have talked to many famous women golfers and breezes seem to trouble them all so a divided skirt seems to be the answer." As for lace on the golfing belles' outfit, Tinling said "No."

Justweds Will Live At Banff

INVERMERE, B.C. — Marriage vows were pledged at St. George's Anglican Church at Banff by Shirley Agnes Mary Alexander of of Banff, elder daughter of Mrs. R. J. Beaudet of Calgary, and John Hainsworth Peatfield, elder son of Mr. and Mrs. E. C. Peatfield of Radium Hot Springs. Canon Montgomery officiated.

Mr. Harry Johnson of Banff was best man, and ushers were Mr. Ralph Alexander, brother of the bride, and Mr. Stanley Morris, friend of the groom.

Given in marriage by her uncle, Mr. B. J. (Ches) Edwards, the bride wore a smart tailored suit of grey-blue gabardine with navy accessories. Her corsage was of red rosebuds and she wore a gold and ruby pendant, a gift from the groom.

Bridesmaid was Miss Betty Rea of Banff, whose suit was of a mauve shade.

A reception was held at the home of the bride's grandmother, Mrs. H. T. Edwards, where the toast to the bride was proposed by Mr. Alfred Caple. Mrs. Loineorr and Mrs. Pearl Moore poured.

U.B.C. GRADUATE

The groom is well-known throughout the Columbia Valley and at Banff. Having come from England with his parents as a small child he received his elementary schooling at Radium Hot Springs and high school at Invermere following which he graduated from the University of B.C. in engineering.

He has been employed at Federal Government engineering projects in Alberta and British Columbia since his graduation.

After a honeymoon at United States points, the young couple will reside at Banff.

GAY evenings which come with Winter call for glamorous ensembles. In this class is the red poult de soie ball dress, above, trimmed with festoons and bows.

Cranbrook Pair Married 50 Years

CRANBROOK, B.C. — Marking the 50th anniversary of their marriage at Magog, Quebec, Mr. and Mrs. R. P. Moffatt were guests of honor at a day-long reception New Year's Day at the home of their son and daughter-in-law, Mr. and Mrs. Stanley Moffatt. Many friends called to extend congratulations and good wishes.

They established their home in Cranbrook in 1904 wher Mr. Moffatt became a machinist at the railway shops. In 1911 he opened his own business a variety store which his son continues to operate.

Their other sons, Dr. Jack Moffatt of Calgary and Ronald C. G. Moffatt of Vancouver, together with their wives and families came here for the celebration.

Bee-keeping is known to have been a flourishing industry in Egypt about 4000 B.C.

PHONE 144

With Christmas and New Year's now memories, visitors to Nelson are becoming fewer and farewells are being said to relatives and friends.

PARTY HOSTESS . . . Mrs. Roy M. Manahan entertained a number of friends at a smart cocktail party at her home at 712 Carbonate Street Sunday night. She was assisted in receiving by her son-in-law and daughter, Mr. and Mrs. W. P. Kapak.

• • •

GOING WEST . . . A.B.C. R-1 Leslie Hughes has spent the past month visiting his mother, Mrs. L. C. Hughes, 807 Baker Street, after completing his course in radio communications at Halifax and Cornwallis. He leaves tomorrow for the West Coast where he has been transferred.

• • •

BY PLANE . . . Mrs. R. S. Snape has left by plane for her home in Victoria after spending the holidays with her parents, Mr. and Mrs. W. H. Norgrove, 114 View Street.

• • •

TO VANCOUVER . . . After spending the holiday season at the home of his parents, Mr. and Mrs. W. G. Holtom, 706 Victoria Street, Douglas W. Holtom has returned to Vancouver.

• • •

HOUSE GUESTS . . . Mr. and Mrs. C. Irvine and their daughter, Miss Mabel Irvine, Stanley Street, had as their guests Christmas Day Mr. and Mrs. J. S. Wheeler of Duncan, V.I., Mr. and Mrs. Dalton Irvine and their two children of Williams Lake, B.C., Mr. and Mrs. Saul Schriner and their two children of Rossland, Mr. and Mrs. Gordon Cockerill and their daughters, Mr. and Mrs. Nelson Stoughton and Mr. and Mrs. Harry Irvine and Richard, all of Trail, and Mr. and Mrs. Fred Morris and their three children of Nelson.

• • •

FROM NEW YORK . . . Miss Moira Mansell has arrived from New York to spend a vacation with her parents, Mr. and Mrs. T. Mansell, 423 Silica Street.

• • •

DAUGHTERS HOME . . . Mr. and Mrs. J. N. Jarbeau, 804 Stanley Street, had as their guests for Christmas and New Year's their daughter, Mrs. Dorothy Kidd of Vancouver, who returned by plane Wednesday, and their son-in-law and daughter, Mr. and Mrs. F. Hoskins and their son Patrick, who left Tuesday for their home in Vancouver.

• • •

SEASONAL PARTY . . . Mr. and Mrs. William Armson entertained at a cocktail party from 5 to 7 p.m. Monday.

• • •

STUDIES AGAIN . . . Tom Shorthouse plans to return to Vancouver to resume his studies at University of B.C. after spending the holidays with his parents, Mr. and Mrs. T. S. Shorthouse, Baker Street.

• • •

IN VICTORIA . . . Miss Barbara McLennan has returned from Victoria where she spent her holidays with her parents, Mr. and Mrs. J. R. McLennan, former residents of Nelson.

• • •

IN HOSPITAL . . . Mrs. R. B. Brummitt, 909 Fourth Street, is a patient in Kootenay Lake General Hospital.

• • •

LOCAL INTEREST . . . From LaJolla, Calif., has come word of at least three Nelson couples who are holidaying at the resort town. Mr. and Mrs. Harold Lakes, Mr. and Mrs. C. W. Appleyard and Mr. and Mrs. D. L. Kerr enjoyed Christmas dinner together at the Colonial Hotel in LaJolla.

• • •

RETURNS . . . J. W. Graham, 424 Robson Street, has returned from a trip which took him to Toronto and New York for conventions. Mrs. Graham, who also made the trip, is returning shortly. They visited their son, Weldon, in Calgary and in Edmonton and Winnipeg, and Mr. Graham saw his parents in Neepawa, Manitoba.

Engagements

Mr. and Mrs. F. W. Hawes of 111 Richard Street, Nelson, wish to announce the engagement of their eldest daughter, Mildred Annie, to Norman Elmer Staley, eldest son of Mr. and Mrs. L. E. Staley of 1412 Kamloops Street, Vancouver.

A WEEKLY INFORMATION SERVICE

MONTREAL, Jan. 3rd— Calling all mothers! . . . here's a "Baby Special" — a nourishing, wholesome food for babies that every mother should know about . . . 5 Minute "CREAM OF WHEAT". Babies *love* it — and it loves babies. Yes, it's brimful of lots of good things babies need to grow healthy and strong. It's rich in food-energy and so easy to digest! It provides Iron for good red blood, and Calcium and Phosphorus for diets deficient in these elements. And, mothers! — it's so quick and simple to prepare a wholesome "Cream of Wheat" meal for baby. Just five minutes of boiling and 5 Minute "Cream of Wheat" is cooked to baby-ready digestibility — smoo-th 'n' tempting! Everybody enjoys it — from Baby to Grandpop!

No Financial "Hang-Over" This Year . . . It certainly was a lovely festive season and now that some of the bills are coming in I find that, for once, the melody lingers on. That's because my finances are in such good shape — thanks to my BANK OF MONTREAL savings program. It's just about a year since I first started to save in real earnest . . . by *Personal Planning* at the B of M. Now, despite rising costs and none-too-light holiday expenses, I'm able to keep putting money away in my B of M *Savings Account*. Take a tip from me and start *planning* your family finances. It's a real challenge — but it's fun, too. Ask for your free copy of "PERSONAL PLANNING" at your neighborhood branch of the B of M today. It's the very best start there is toward making 1952 your year to beat your money problems.

Chilled To The Bone from a day of shopping? Here's a warm-you-up thought while you're waiting for the bus. Just think of a piping-hot bowlful of *Heinz Cream of Tomato Soup* for supper! It takes but a jiffy to prepare once you're home. M-mmm . . . what grand 'n' glorious tomato flavour. There's that same superb flavour — of vine-ripened "Aristocrat" tomatoes — in *all* the HEINZ TOMATO PRODUCTS. Such a *cheerful* foursome of rosy-red goodness for winter meals . . . *Heinz Tomato Juice — Heinz Ketchup* and *Heinz Chili Sauce*. I'm putting Heinz Tomato Products at the top of my shopping list *now*. How about you?

Love The Way My Dishes Sparkle when I use those grand, new detergents. But have you noticed how drying detergents are to your hands? That's why I always keep a bottle of JERGENS LOTION handy — use it after every watery job. You see, because Jergens is liquid, it quickly supplies the softening moisture that dry, thirsty skin needs. Yes, you'll find when you use Jergens after housecleaning chores — your hands will look like they'd never done a *scrap* of work. Soft, petal-smooth, lady-of-leisure hands for you! And at so *little* cost — just 15c, 37c, 65c and $1.15.

Are You doing only 1/5 as much as you could to save your family's teeth? Look at the facts: In a 2-year test among school children, DENTOCILLIN, the original *penicillin* tooth powder, reduced decay 55% — 5 times more than reported for a famous university's *ammoniated* formula! And Dentocillin is effective with just morning and evening brushing. Reason? Penicillin fights decay *up to 24 hours* after use. (Anti-decay ingredients in other dentifrices become powerless after about ½ hour.) Dentocillin is safe, has been recommended by thousands of dentists for nearly two years. Really cleans teeth. Tastes wonderful. Change to Dentocillin, now! 3 months' supply, 75c.

Resolved . . . to make my meals as gay and sparkling and as good to eat as I can — all the year through, in '52! And I'll depend a *lot* on JELL-O JELLY POWDERS to help me. Such a glorious variety of salads and desserts to be made from those seven, exciting "locked-in" flavours . . . exclusive "locked-in" Jell-O flavours that *you* release only when you add hot water to Jell-O. Try fruit and vegetable moulds — make tempting whips and creams — cube your Jell-O for desserts or salads — or make delicious Jell-O tarts. Truly Jell-O is versatile. And *economical*, too! Easy-to-make Jell-O Jelly Powder desserts cost only about 2c a serving!

Whew! That's Over For Another Year . . . all your holiday entertaining. It was fun — but, confess! — just a little tiring. And now you're ready for a quiet, sociable get-together with friends — no frills . . . just bridge, sandwiches — and coffee. Well, I'd like to suggest that you try INSTANT CHASE & SANBORN COFFEE. It's economical. It's as easy to make ten cups as one — and there's no waste. It's wink-quick to prepare — takes no longer to make than boiling the water. And Instant Chase & Sanborn Coffee is so *good*. That's because it's made by folks who "know their coffee" . . . it's the *only* instant coffee backed by over 85 years coffee experience. And *my* experience is — folks love it!

Let It Snow . . . Let It Blow . . . you're "safe" from the aches 'n' pains of a January cold when you let BEN-GAY (Baume Bengué) come to the rescue! Yes, this is a favourite time of year for "Peter Pain". He strikes without warning in chest colds, neuralgia and rheumatism, but you'll be *well* prepared for him with pain-relieving Ben-Gay. Just rub it in! It breaks up congestion and gives *wonderfully* quick relief, along with a soo-othing, comfortably warm feeling. That's because Ben-Gay contains up to 2½ times more of those two famous pain-relieving agents — methyl salicylate and menthol — than 5 other widely offered rub-ins. Contains skin-soothing lanolin, too! Better buy Ben-Gay — just 75c a tube!

Loyalty or Subservience?

At a time when Western civilization is threatened as never before, we are treated too often for comfort to the strange spectacle of many of the advocates of free enterprise demanding loyalty when in reality they want subservience, a form of human relations that has no place in a free society.

Corporate life in the United States has now reached a stage where some companies are demanding that the wife of an employee abide by the rules of the corporation as much as her husband, and where the employment of a man is made conditional upon his wife being acceptable after screening for social conduct and reputation.

There is as yet no evidence that this form of corporate autocracy has spread to Canada, and fortunately, as yet, it is not too widespread in the U.S. Indeed, many U.S. executives have denounced it vehemently, but the danger is that it will grow and the individual and his family will become completely subservient to the company—in a sense slaves of the corporation without any semblance of individuality.

These corporations pay well, which makes it all the more difficult for the individual to question the dictates of the executive hierarchy. Even the top executives find themselves enmeshed in the "system", governed by an inhuman machine which they set in motion.

Loyal employees are highly desirable, but loyalty isn't something to be automatically purchased with a pay cheque. And a good thing, too. If this were not so, we'd have a nation overrun with spies and counter-spies.

Loyalty, like respect, must be earned. And like respect, too, it is a two-way thing. The employer who has no respect for his employees cannot hope to gain their respect. And the employer who shows no loyalty to his employees will never have a loyal staff, regardless of how high his wage and salary scale may be.

The Price Is Fixed

Certain things will be as true 1000 years from now as they are today. Common honesty will still be common honesty. A truthful balance sheet will still be a truthful balance sheet. A steel girder of a given size and composition will still be safe to carry only a certain maximum load. Oil and water will still refuse to form a chemical mixture. And generations hence, man will still find that he does not live by bread alone, which conviction will lead him to assert again and again his possession of those divine, inalienable rights that distinguish him from brute creation . . . The price of freedom is fixed. And liberty must be bought and rebought at the same price by every generation for itself.—H. W. Prentis Jr.

License they mean when they cry, Liberty! for who loves that must first be wise and good.—John Milton.

Labor Shuns Closed Doors

(From Victoria Daily Times)

The Victoria and District Trades and Labor Council, which represents an important and responsible section of this community, has discussed and approved open meetings. It has taken that stand in relation to its own sessions following introduction of a members' resolution calling for closed meetings from which edited statements, or handouts, would be given to reporters.

The Council has chosen the democratic course. It increases public respect for itself by that action. Obviously, in a meeting of union delegates some differences must be expected. In the heat of discussion or argument, some indiscreet remarks may be made.

Speakers guilty of verbal indiscretions seldom like to see them in print. But, as the spokesmen who attacked the censorship motion remarked, speakers should exercise care in what they say. As representatives of their particular unions, that is one of their responsibilities.

It is encouraging to note the remarks of members at the meeting who appreciate the value of a free press. It is gratifying to hear expressions of satisfaction with the fairness of reports. And it reflects the honesty of the council when delegates, admitting they disliked certain items appearing in the newspapers relative to their meetings, agreed that the general union membership should be kept posted on their affairs without imposition of censorship.

Hometown Friendliness

A friend of ours from the city dropped in to see us the other day. On the way to the newspaper office he walked through the town's business section. He was greatly impressed.

"Practically everyone on the streets said 'Good morning' to me," he told us. "I like that. People in the city are so busy rushing about their own affairs that they can't be bothered even to smile, let alone give a stranger a friendly 'Hello'!"

That started us thinking. We had always rather taken for granted the friendliness of our home town, and it had never occurred to us that it might be something visitors would be surprised about. We realize now that it is a unique feature of our way of life and a significant characteristic of our smaller Canadian communities.

City folk with little knowledge of day-to-day living in towns and villages sometimes comment on the interest small-town people take in other people's affairs. To the uninitiated, this might appear to be "nosiness". But anyone acquainted with the facts can tell them that it is something else altogether.

In small-town communities, where the tempo of life is a bit more leisurely than in the cities, we can afford to take time to get to know our neighbors, to talk with them about their activities and ours, to watch for a chance to lend a hand to the fellow who needs help or to put in a word of encouragement when it will do some good. That's why we say "Good morning" to strangers as a matter of course.

It's a good thing, too, this business of friendliness and cooperation and looking out for the other fellow. Good for our neighbors and good for us.—Arrow Lakes News.

Changing Stomachs

We are distinctly nervous about this new operation by which San Francisco doctors are taking out a person's stomach and installing a new artificial one in a single operation lasting four to six hours. The thing that worries us is whether the person who has the new stomach is the same person as he was before the operation. For the stomach is very definitely an element of the individual character.

It has always been regarded in literature as the seat of the quality of courage. We say that a man has no stomach for a fight, and if we like an even more earthy language we say that he has no guts. The late Louis Adamic said: "There is a certain blend of courage, integrity, character and principle which has no satisfactory name. . . . The American name for it is 'guts'." In is this portion of the American anatomy that the San Francisco doctors are removing. Does the victim after recovery (he does not always recover) exhibit less courage, integrity, character and principle? It is true that the new stomach is made out of his own materials, for it appears that the surgeons use other portions of his intestinal tract. But are these portions equally valuable for character? Does the new stomach digest an insult as the old one digested an oyster?

DRINK WITH DIGNITY

Beer should be drunk with dignity, says a brewery official. Then it's best to stop after the first couple of glasses.—St. Thomas Times-Journal.

J.C., Nelson—Further your query on rent control:

Rental control was taken over by the B.C. Government last year and is now administered by the Department of Labor, Mr. de W. Lyons is provincial rent administrator, Parliament Buildings, Victoria, B.C., and S. DeVitt, 779 Burrard Street, Vancouver, is administrator for this district.

Reader, Nelson—Will you please repeat the story of Santa Claus that we heard recently from CKLN on the Breakfast Club?

"The Truth About Santa Claus"
By Lionel B. Moses

The most stupid falsehood that ever wounded the trusting heart of childhood is the smug 'admission' that there is no Santa Claus. When we tell a child that on Christmas Eve Santa Claus arrives, we tell a truth so beautiful that it is difficult to believe anyone could do such a wicked thing as to tarnish that truth. And anyone who tells a child that Daddy is Santa Claus is helping to spoil Christmas for the whole world. Daddy indeed! He flatters himself. He may be the finest Daddy in the land—but he isn't Santa Claus. Can Daddy touch the heart of all the world, and for a day make loving kindness bloom where only selfishness and greed appeared before? No, only Santa Claus can do these things.

And there's a special reason for using jolly old St. Nicholas as the surest symbol of a blessed and very real thing. All our lives truths are placed before us in symbolic form—not to deceive us, but to impress the truth upon us more convincingly. And, of course, babies comprehend only what they see, feel, hear, smell, or taste.

Whoever thought a child was being deceived when Mother said—"Bundle up warmly before you go out, or Jack Frost will nip your ears?" So the day your child "learns the truth about Santa Claus" should be the chance for one of the happiest heart-to-heart talks of a lifetime—a chance to teach the deeper, holier truth about Christmas—the truth of the deathless power of love, returning—year after year.

Hang up a stocking on Christmas Eve? Certainly! Do you dare to say that on that holy night no returning spirit of the Babe of Bethlehem enters your home, blots out unkind thoughts, bids us give gifts as the Wise Men did, and spreads peace on earth to men of good will? Call the Spirit what you will.

Every word we tell the babies is the living blessed truth. It is a Spirit that brings the gifts . . . and for my part, I love the dear old name we have always used. I still believe in Santa Claus.

Looking Backward

10 YEARS AGO

From The Nelson Daily News, Jan. 3, 1942

Ald. George Turner was announced as chairman of the Finance Committee, Ald. E. A. Mann, chairman of Fire and Water Committee, and Ald. Ross Fleming chairman of the Gas, Light and Power Committee by Mayor N. C. Stibbs.

J. F. Donaldson, merchant of Salmo, visited Nelson yesterday.

25 YEARS AGO

From The Nelson Daily News, Jan. 3, 1927

Leslie T. Buchanan of Fernie, who has been relieving in the C.P.R. telegraphs, left last night for Vancouver, where he has been transferred.

Miss Velma Clough was elected President of the C.G.I.T. in Slocan.

40 YEARS AGO

From The Nelson Daily News, Jan. 3, 1912

Last Thursday night the new church, "All Saints", at Harrop, was consecrated by Bishop De Pencier, attended by Canon Jocelyn Perkins of Westminster, England. The first lesson was read by Rev. F. H. Graham of Nelson.

Born, Dec. 30, to Mr. and Mrs. Thomas H. Waters, Houston Street, a son.

Your Horoscope

Caution is likely to be profitable for you, and the advice and assistance of your friends should prove helpful. A year of great and successful activity may result. Highly intellectual and most ambitious should be the child who is born under these influences.

Today's Bible Thought

Our real enemies sometimes take innocent forms. Be not deceived by insincere flattery.

Stand against the wiles of the devil.—Ephesians 6:11.

Views From the News Fronts

By RELMAN MORIN
(For J. M. ROBERTS, JR., AP News Analyst)

In sending out his New Year greetings, Josef Stalin addressed one to the people of Japan, expressing sympathy for their "sufferings under occupation."

That means the United States. The United Nations are using Japanese ports, air bases and military installations to conduct the war in Korea. American troops are garrisoned in Japan.

Stalin would like to see them leave. He is aware that, without foreign forces, Japan would be defenceless. She has no army, navy or air force.

DOMINANT NATION

At the same time, Japan potentially is the dominant nation in the Orient. The people have the qualities that make for greatness in a nation. They are intelligent, ingenious and brimming with energy. They produce great leaders. They are brave, disciplined and tenacious once a Japanese gets his teeth into a project, he never stops working.

These people, more than any other, stand squarely across the path of Communist operations in the Far East.

China is gone. India's position, between the Western world and the Communists, is at least ambiguous.

Not long ago, the Soviet Union made some overtures which were, in fact, an offer of cheap raw materials. Japan must import raw products and export the finished article.

The Japanese did not take that piece of Soviet bait.

Stalin's message on New Year's continues the campaign. He wishes the people well, hopes there will be more land for the landless, no unemployment, lower taxes, and higher prices.

And finally, he expresses sympathy for the ordeal of what he calls "occupation" by foreign troops.

DISTURBING

No country likes alien soldiers on its soil. However good relations may be at the top, there are inevitable disturbances and frictions at the bottom.

So Stalin's gamble is not a bad one. It may give some Japanese a mental image of him as the kindly, pipe-smoking old philosopher — a kind of Slavic Santa Claus—who has only their best interests at heart.

But there will be other Japanese who are still waiting for a husband, son or brother to return from Soviet prisoner-of-war camps. The Japanese government has claimed that nearly 300,000 Japanese soldiers who surrendered to the Soviets have never been returned.

Bank May Get Iran Oil Flowing

TEHRAN, Iran, Jan. 2 (CP) — Two representatives of the World Bank said today Premier Mohammed Mossadegh has expressed hope the bank can solve the British-Iranian oil dispute. But he told them any solution must be "within the framework" of Iran's oil nationalization law.

Hector Prudhomme, the bank's loan officer, and Torkild Rieber, oil consultant, arrived here Monday to survey the Iranian oil industry.

$1.75 A BARREL

They said they had found Mossadegh generally agreeable to the bank's attempts to devise a plan ending the crisis which has kept Iranian oil from world markets and brought Iran close to bankruptcy.

Prudhomme said the bank hopes to formulate a plan for temporary operation of the oil industry in Iran with the help of non-British foreign technicians. He added it is still too early to say whether the bank would have to finance such an operation, indicating this is a major point to be considered on an inspection trip to the closed-down refinery at Abadanm. The refinery and other properties in Iran of the British-controlled Anglo-Iranian Oil Company were nationalized.

A high Iranian source reported Iran is willing to sell oil at $1.75 a barrel at Persian Gulf ports, with "some discount to the bank." The bank is reported to be trying tentatively to arrange a discount from the normal world price to provide funds for payment of indemnities to the A.I.O.C.

Prudhomme said he does not believe the bank will handle sales of Iranian oil, but he declined to explain how it would be done otherwise.

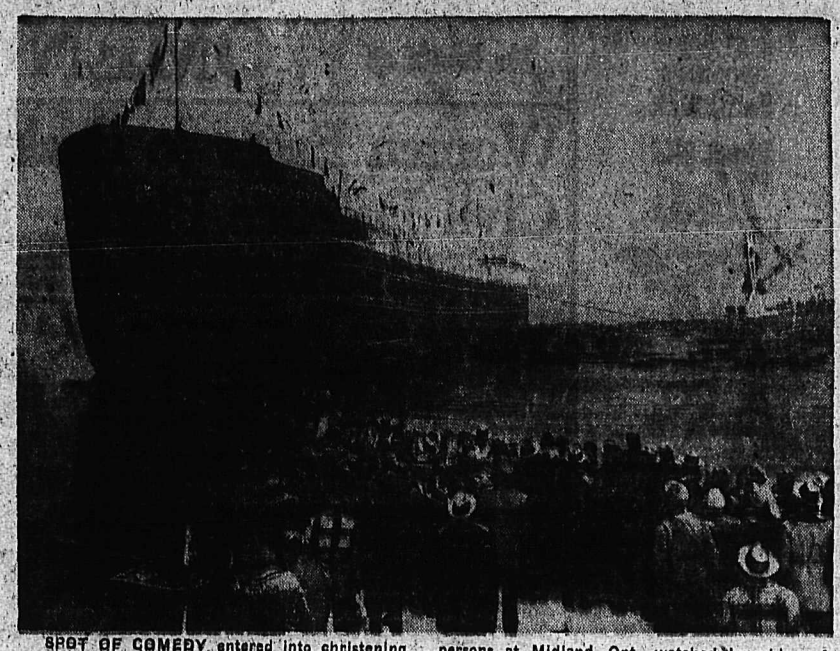
NORTH IRELAND TO BOOST INDUSTRIES

BELFAST, Northern Ireland, Jan. 2 (Reuters) — Plans to boost Northern Ireland industry in the United States and Canada through cooperation with British publicity organizations were announced today.

Col. Samuel Haughton, President of the Association of Northern Ireland Chambers of Commerce, said a voluntary fund has been launched and that Belfast business men will meet at the end of the month to form a permanent publicity organization.

The linking of Northern Ireland with British trade promotion centres in New York and Toronto has, he said, "the purpose of fostering the sale of our products in North America and attracting American and Canadian industrilists to Northern Ireland."

WINNIPEG (CP) — Canadian industry today is moving at a pace unequalled in the free world, said Allan MacNamara, president of the Soo Line railroad, in an address here.



SPOT OF COMEDY entered into christening ceremony of the James Norris, 4000-ton grain carrier, when Mrs. Norris, wife of Chicago grain magnate for whom ship is named, attempted to swing the traditional bottle of champagne against the bow, but missed when it slipped. Some 10,000 persons at Midland, Ont., watched launching of vessel, largest grain carrier to be built in Midland shipyards. She measures 664 feet long and 35 feet deep, drawing 24 feet of water at full load.—Central Press Canadian.

R. B. Perrault . . . Understanding Of Today's Revolution Vital

MONTREAL — As Canadians march into 1952 it is important that they realize the significance of the "peaceful revolution taking place in this country's resource and industrial development," President R. B. Perrault, of the Canadian Chamber of Commerce said today in a year end message.

Canada's increasing role as one of the most attractive places in the World for the foreign investor brought with it new responsibilities which must be accepted with faith, courage and imagination.

Recent ending of foreign exchange control was cited by Mr. Perrault as one example of how Canada could demonstrate to the world the degree of confidence she had in her own economy and money. In 1950 by freeing the dollar, Canada had provided leadership toward what is hoped will be an eventual achievement of free convertibility of currencies.

"Because Canada is becoming more widely diversified industrially, she is growing up with a stable and well balanced economy," Mr. Perrault added. "This fact ensures that Canada will be able to serve as one of the major arsenals of democracy. Actually, a role such as this is a challenge to Canadians to expand physical output so that we may meet the needs both of defence and maintaining the Canadian standard of living. Greater productivity is the key to national and individual prosperity, particularly under today's inflationary conditions."

Mr. Perrault pointed out that Canada's $5 billion three-year defence program had been creating problems — problems which would be accentuated as defence production picked up.

Arab Vows Egypt Anti-Communist

PARIS, Jan. 2 (AP) — Abdul Rahman Azzam Pasha, secretary-general of the Arab League, today called British officials "fools" for wanting to remain in the Suez Canal zone.

"They are fools," he said, "fighting a nation of 20,000,000 people determined to put them out. No force can stop the Egyptian nationalist movement. There is no use playing around with it. Either the British must occupy the whole country for 20 years, or they must get out."

He spoke before the Anglo-American Press Association.

He accused Britain of wanting to keep 10,000 troops in the Suez Canal zone merely for reasons of tradition. Actually he said, they furnish no protection at all.

Azzam Pasha said that Egypt and all the Middle East are not neutral, but anti-Communist.

"We think," he said, "that we have an ideology superior to Russian materialism and American dollar-democracy. But our real fight is against the Russian ideology."

Azzam Pasha—himself an Egyptian—said the Egyptians are ready to recognize that the Russians may be a danger 10 years from now, but they consider Britain the danger at the moment.

"Why should we think of Russian aggression," he asked, "when we already have an aggression?"

Canadian Delegate Hit by Taxicab

PARIS, Jan. 2 (CP)—D. M. Johnson, head of Canada's permanent delegation to the United Nations, today was reported recovering in an American hospital here from scalp and knee injuries suffered when he was struck down by a taxicab New Year's Eve.

He was hit by the cab while crossing the street near his hotel shortly after midnight Tuesday morning.

Johnson told a reporter he expects to leave hospital within the next two or three days.

LONDON, (CP) — In the biggest single shipment of motorcars from Britain, the steamship Hoperidge left for Australia with cars valued at £400,000.

GROUPED in front of their bomber, "Command Decision," are members of the crew which is the most highly decorated group in the Far East Bomber Command for performance over Korea. The men, members of the U.S. 19th Bomb Group have the highest score of enemy jets shot down—five Communist MIG-15's. The bomber crew has received seven D.F.C.'s and nine Air Medals to date.—Central Press Canadian.

Canadian-Born Geologist May Break Syndicated Gem Monopoly

DAR-ES-SALAAM, Tanganyika, Jan. 2 (AP)—A Canadian-born geologist who followed his own theories of diamond mining to fabulous wealth let his marketing agreement with the world diamond syndicate lapse today amid speculation he may try to break the syndicate's monopoly on gem trading.

I. C. Chopra, legal adviser to Dr. John T. Williamson, the one-man diamond prince, said Williamson "has not renewed his diamond sales agreement with De Beers." It expired at midnight last night.

"Future sales policy is very confidential and I can say no more now, but an announcement may be made at any time," Chopra said.

Chopra's comment lent fresh support to speculation that Williamson, onde of Montreal, may be planning to break the tight diamond market wide open by selling the output of his fabulously rich diamond mine at Mwadui, Tanganyika, at his own prices.

AGREEMENT

When Williamson began operating the 10-year-old mine, which now is one of the world's leading diamond producers, he agreed to sell his output through the Diamond Trading Corporation, representing South African diamond interests including De Beers.

But exports from the Mwadui mine ceased after the first quarter of 1950 as a result of a dispute between Williamson and the South Africans. The diamond trading corporation prevents the sale of diamonds at cut prices.

Williamson has gems already in London ready for marketing and may sell his diamonds direct to dollar buyers.

Canadian Lady Doctor Named To U.S. Post

ALBANY, N.Y., Jan. 2 (AP) — A Canadian, Dr. Thelma S. Miner, was appointed today as Assistant Health Officer in the State Health Department's Middletown district office.

Dr. Miner is the first Canadian named to a permanent Civil Service position by the department under terms of a 1951 law, authorizing appointment of non-citizens where continuing vacancies exist. Her home is in Saskatchewan.

Dr. Miner was graduated from the University of Alberta and University of Toronto. She also has worked as a medical officer for the Saskatchewan Government. The salary for her new post ranges from $6991 to $7804 annually.

REV. RUDOLP GOETHE has been ordained a Roman Catholic priest although a married man. A former Protestant minister, Goethe, a descendant of the famed German poet, Johann Wolfgang Goethe, received special Papal permission to remain married. His wife witnessed the ceremony. Both are in their 70s. —Central Press Canadian

Woman Pilots Red Bombing Plane

TOKYO, Jan. 2 (AP)—A "woman pilot hero" led a Communist air raid on Inchon harbor early on Tuesday, the Pyongyang radio said today.

The North Korean High Command said Red bombers attacked Inchon and Kimpo air base, destroying 24 United Nations aircraft in the Kimpo raid.

(The United States Fifth Air Force said three obsolete biplanes dropped explosives in the vicinity of Kimpo and Inchon without causing any damage.)

The Red radio broadcast a dispatch from a Communist correspondent saying "Woman pilot hero Tae Son Hi" led the Red bombers which dropped "every bomb over the enemy marshalling yard on the Inchon Harbor. All bombs got their targets."

The broadcast continued: "After recognizing the enemy weapon ware houses were wrapped in flames, the woman hero turned her plane's head to the base. All bombers returned safely."

Kuzych Case Comes Before Federation

VANCOUVER, Jan. 2 (CP)—The Shipyard General Workers' Federation may give a decision on the Myron Kuzych case later this month it was reported today.

Kuzych has appealed to the Federation against his expulsion from the Boilermakers' Union in 1945 because he opposed closed shop rules of the union.

He carried his case to the Privy Council in London where the judges ruled he should have appealed his expulsion to the federation before resorting to the courts.

Following the Privy Council judgment, he filed an appeal with the federation, the boilermakers' parent union.

Emily won't ever be happy very long. If you try to get your happiness out of things, whatever you get will make you happy only 'till the new wears off.

John Keats, the great English poet who died in 1821, embarked first on a medical career and was a surgeon's assistant.

Around the KOOTENAY in Sport

GERRY REYNOLDS

Chicago, Dec. 29 (AP)—Thirty-four major league and American League records were broken or tied during the 1951 baseball season —33 fewer than last year. (News item.)

DEAR BASEBALL STATISTICIANS:

Things must be really tough across the line. Imagine, a lousy 34 records were all you brain-rackers could muster in a season so fraught with possibilities in the record-mania division. Why things got so tough you were moved to note (not without a touch of sadness) that these meagre 34 records were no less than 33 short, just half of the 1950 total.

Mind you, it wasn't a bad effort on the whole. It was a delight to see such choice items as "most successive home runs in first two major league at bats—two" and "fewest unplayed games in a season —10". But boys, you could have done much better. Why you hardly scratched the surface.

Consider the following pertinent details which you compilers failed to glean from the past season:

★ Most midgets used in a season—one; St. Louis Browns.

★ Most bases on balls by midgets in a season—one.

★ Most managers used in a season—St. Louis Browns, 5001. (The night Bill Veeck invited the fans to call the Browns' plays from the grandstand.)

★ Most orchids given away in one game—St. Louis Browns, 5000.

★ Fewest foxes seen cavorting in Yankee Stadium in the last two seasons—none. (One in 1950).

★ Most airplanes heard droning over Yankee Stadium during World Series broadcast—six.

★ Most baseball writers employed exclusively in dreaming up new records—37 (old mark, 29, set in 1950).

See what I mean? Why, if Brownie owner Bill Veeck had spent the entire season in baseball, you fellows could have trebled your last year's production without looking past St. Louis.

Yours for more imagination,
Baseball Fan.

SHORT SHOTS . . . Clive (Sports Eye) Fleming is home to Nelson for the holidays. Clive is studying journalism at the University of Washington in Seattle but judging by his conversations, is not neglecting his sports interests. A keen convert to college football, American-style, "Scoop" saw some high-class grid warfare this Fall, including both Illinois and Stanford, the Rose Bowl teams. He is also able to watch top-calibre basketball in the same Pacific Coast Conference, led currently by the Washington Huskies, and for a change in diet can take in the pro hockey games of the Seattle Ironmen or the Seattle Rainiers baseball team . . . nice situation if the course isn't too tough . . . Clive will return Saturday * * * * * Bill Vickers was recalling old times with Nanaimo Clipper goalie **Doug Jackson** after the New Year's Day game . . . Bill and Doug played together on the Winnipeg Rangers juniors, Memorial Cup winners in 1943 . . . Incidentally, Bill has been keeping in skating trim with the Maple Leafs and thinks he may try a comeback with the team next season if all goes well. Forced to quit hockey two years ago because of his health, Bill says he's feeling much better these days . . . On the same theme, **Jack Kilpatrick** informs us it's fairly definite he won't be playing for the Leafs again this season . . . Another New Year's Day reunion Tuesday brought together several Maple Leaf stars of the 30s . . . **Leo Atwell, Stewie Patterson, Len Bicknell** and Clippers' **Red Carr**. All four came to Nelson from Winnipeg in 1934, along with **Danny Stack** . . . It doesn't solve anything, but **Mayor N. C. Stibbs**, chairman of the Midsummer Bonspiel's publicity committee, has received a telegram from Toronto Maple Leaf owner **Conn Smythe** regarding Nelson's offer of an expenses-paid five-day visit for **Turk Broda** and his family to the 1952 event. It reads as follows:

Mayor Norman Stibbs:

Your wire received and relayed to Turk. Please accept his and the Maple Leaf organization's thanks for such a kind thought. If he takes advantage of your offer he will give you plenty of warning.

Regards,
Conn Smythe.

American League Sets 34 Major Ball Marks

CHICAGO, Jan. 2 (AP) —Thirty-four major league and American league records were broken or tied during the 1951 baseball season—33 fewer than last year.

High spot in the new A. L. marks was provided by Chico Carrasquel, Chicago White Sox shortstop. Official statistics today credited Chico with handling 297 consecutive errorless chances, erasing the previous mark of 288 set by New York's Phil Rizzuto during the 1949 and 1950 campaigns.

Four other individual stars tied major-league batting records. New York's rookie of the year, Gil McDougald, batted in six runs in one inning. Gil Coan of Washington belted two triples in one inning. Philadelphia's Gus Zernial slammed six homers in three consecutive games: Cleveland's Al Rosen hit four grand slam homers during the season.

Other high marks of the 1951 season included:

Major League Records Broken:

Most years leading in home runs —29, New York.

Most years 100 or more home runs —28, New York.

Most pennants won by one club—18, New York.

Successive home runs in first two major league at bat—Bob Nieman.

Fewest unplayed games season, league—10 years.

Major League Records Tied:

Most unassisted double plays by first baseman in a game—2, Lou Limmer, Philadelphia.

Most double plays at second base in a game—5, Gerry Priddy, Detroit.

Most putouts by a pitcher in a game—5, Steve Gromek, Cleveland.

Most bases on balls by pitcher in a game—16, Tom Byrne, St. Louis.

Most no-hit games during career —3, Bob Feller, Cleveland.

Two no hitters in one season —Allie Reynolds, New York.

American League Records Broken

Longest night game by innings—19, Chicago vs Boston.

Most innings, 2 consecutive extra-inning games—36, Chicago vs Boston.

Most players used in a game by both clubs—39, New York vs Detroit.

Most years no player making 200 or more hits—10.

Longest nine inning game by time 3:30 New York vs Boston.

Most runs in ninth inning by one club—11, New York.

Most games participated in by Boston pitcher—63, Ellis Kinder.

Most runs by St. Louis in a single game—20.

Most runs by St. Louis in an inning—11.

American League Records Tied

Most home runs in four consecutive games—7, Gus Zernial, Philadelphia.

Most home runs in a season for a Chicago player—29, Eddie Robnison.

Most assists at third base in a game—10, Vern Stephens, Boston.

Most putouts by an outfielder in a game—11, Irving Noren.

Most total bases by a club in one inning—24, New York.

Most consecutive errorless games by a club—9, Boston and Cleveland.

Consecutive club victories — 13, Cleveland.

Consecutive club victories — 14, Chicago.

Most double plays started by third baseman, game—3, Vern Stephens.

Western Conference Clubs Skeptical Of Proposed Vancouver Grid Entry

REGINA, Jan. 2 (CP) — Bob Gillies, secretary of the Western Interprovincial Football Union, said today Vancouver's $25,000 bond in support of its application for a league franchise has been received at the W.I.F.U. offices here.

Vancouver's formal application for admittance to the Western football loop accompanied the bond.

Gillies said he has heard nothing from W.I.F.U. executives on what they plan to do about the application. A meeting between the league and Vancouver representatives is to be held later this month.

Tom Melville, Sports Editor of the Regina Leader-Post, said that at its last annual meeting the W.I.F.U. unanimously resolved:

"That the Vancouver club's application be ruled acceptable for 1952 subject to proper notification and subject further to posting a bond of $25,000 by Jan. 1, 1952, such bond to be returned to the Vancouver club if it completes the schedule."

Melville adds: "That looks rather iron-clad, although a football lawyer might be able to punch some awful holes in it. It could be that the Vancouver snowball has rolled too far for the Conference clubs to stop it."

In Calgary, Stampeder president Cec Chesser said he thought the new entry would be all right but wondered how Vancouver was going to get enough players to round out a contending squad.

"Western Conference teams are already having a hard time lining up suitable Canadian talent," he said.

Treasurer Ken Montgomery of Edmonton Eskimos said he is in favor of the entry if Vancouver is prepared to pay its own way.

"If there are no strings attached and we don't have to give them anything, then I'm in favor of it," he said. "But we certainly aren't going to give them anything."

Comment was not available from officials of Winnipeg Blue Bombers and Saskatchewan Roughriders. But two Winnipeg sports writers, Tony Allan of the Tribune and Maurice Smith of the Free Press, said in their columns that the two clubs appear satisfied with the existing league set-up.

BARROW IN HOSPITAL

PORTCHESTER, N.Y., Jan. 2 (AP)—Edward G. Barrow, former president and general manager of New York Yankees, entered hospital here today. The 83 year-old former baseball executive is expected to undergo surgery.

DOUBLING IN SPORTS

Herb Dickenson, high scoring rookie star of the New York Rangers of the National Hockey League, is also active in the sports world during the Summer months. Dickenson was a driver in the harness horse races at the Buffalo Raceway last Summer.

Smokies Blast Weary Clippers 8-0

Cook, Cavanagh Lead Trail Into First-Place Tie With Two Goals Each

TRAIL, B.C., Jan. 2—Trail Smoke Eaters moved back into a first-place tie with Spokane Flyers in the Western International Hockey League race here tonight by trouncing Eddie Shamlock's road-tired, 11-man Nanaimo club 8-0 before a packed house at Cominco Arena.

The loss was the fourth for the W.I.H.L. invasion to date. The tour ends Friday in Kimberley against the climbing Dynamiters.

STANDINGS

	P	W	L	D	F	A	Pct
Spokane	40	23	15	2	153	149	.600
Trail	30	18	12	0	163	129	.600
Kimberley	19	7	12	0	77	90	368
Nelson	27	9	17	1	87	114	.351

Johnny Sofiak returned to the Smokie lineup after sitting out the last two games and earned his second shutout of the season. The other was a 2-0 decision against Spokane.

The issue was never in doubt after the first period in which Kenny Cook fired two for the home team.

The Smokies added three more in the second period on a brace by Terry Cavanagh and another by Frank Turik, then coasted to the victory with another trio in the final period.

Gordie Sinclair, Johnny Rypien and Red Staley scored the third period tallies.

Lineups:

Nanaimo — Goal, Jackson; defence, Brown, Kirk, Lundmark; forwards, O'Hara, Berry, Gruhn, Carr, Shamlock, Miller, Ferguson.

Trail — Goal, Sofiak; defence, Crough, Kotanen, Cronie, Hamilton; forwards, Rypien, Staley, Kromm, Shabaga, Sinclair, Wiest, Turik, Cook, Cavanagh.

Summary

First period—1, Trail, Cook (Cavanagh) 10:40; 2, Trail, Cook (Hamilton) 18:18.

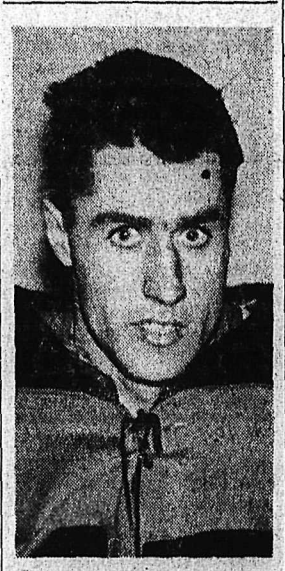
Penalties —Kotanen (2), Berry, Kirk.

Second period—3, Trail, Cavanagh (Wiest, Crough) 5:09; 4, Trail, Turik (Sinclair, Rypien) 15:12; 5, Trail, Cavanagh (Wiest) 17:03.

Penalties—None.

Third period—6, Trail, Sinclair (Rypien) 1:04; 7, Trail, Rypien (Cronie) 3:02; 8, Trail, Staley (Wiest) 6:44.

Penalty—Wiest.



TERRY CAVANAGH (top) and KENNY COOK (below) paced the Trail Smoke Eaters to their 8-0 whitewash job on Nanaimo Clippers last night with two goals apiece. Cavanagh's were his 11th and 12th of the season. He's currently in ninth spot in the W.I.H.L. individual scoring derby.

SEDGMAN FUND TOPS $3000

SYDNEY, Australia, Jan. 2 (AP) —The Frank Sedgman wedding gift fund reached the £1455 mark ($3244) in the first 24 hours it was opened for public subscription.

The Sydney Daily Telegraph sponsored the drive after Sedgman, the tennis ace and hero of the Australians' 3-2 Davis Cup victory over the U.S., rejected an offer of £40,000 ($89,200) to turn professional.

The fund will provide a wedding present for the 24-year-old star and 21-year-old Jean Spence, who will be married Jan. 30.

When he turned down the pro offer, Sedgman said he intends to remain an amateur until after the 1952 challenge round in December.

Prairie Stars Move Up in PCHL Scoring

SEATTLE, Jan. 2 (CP) — Alex Kaleta of the Saskatoon Quakers was the player of the week in the Pacific Coast Hockey League, the official statistics for games up to and including Sunday, Dec. 30, today showed.

He packed in seven goals and seven assists for a total of 14 points, bringing his season's total to 43 points, just one less than the leaders.

Joe Bell, Seattle, and Eddie Dorohoy, Victoria, were tied with 44 points each. Dorohoy picked up one point during the week. Bell was out of action throughout the week because of injuries.

The leadership race became a close affair. George Agar, Calgary, picked up six points to tie with Kaleta while John Chad and Neil Strain, Saskatoon, each picked up 10 points to increase their totals to 40.

Gordon Fashoway, New Westminster, continued as head of the goal-getters with 28, and Eddie Dorohoy the playmakers with 31 assists.

Lucien Dechene, New Westminster, topped the goalies, leading with an average of 2.59 a game. Norm Gustavsen, Vancouver, increased his penalty total to 121 minutes with Carl Kaiser, Saskatoon, holding second spot with 62.

BRITISH CRICKET

CALCUTTA, India, Jan. 2 (Reuters) — Stubborn batting by Dattu Phadkar (72 not out) and Vinco Mankad (59) enabled India, with four wickets left, to finish Tuesday only 85 runs behind England's first innings of 342 on the third day of the third test.

After losing four wickets for 28 runs today, India recovered and were 257 for six at the close. Tomorrow is a rest day.

Mankad batted four hours and five minutes, and Phadkar took three hours 20 minutes to reach his 50. They received splendid support from V. J. Majrekar, who scored 48 out of 76 runs added in 130 minutes with Phadkar for the sixth wicket.

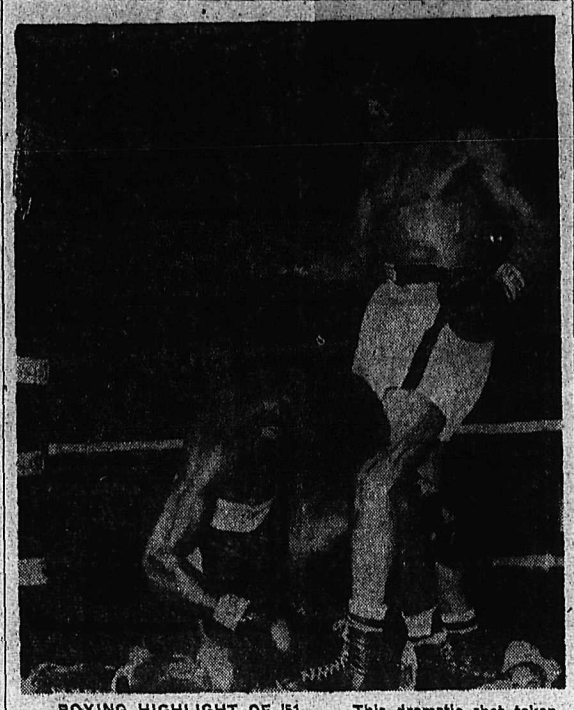
FIGHTS

By The Associated Press

LOS ANGELES—Chu Chu Jimenez, 136, Los Angeles, outpointed Carlos Chavez, 135½, Los Angeles (10).

MASON CITY, Ia.—Glen Flanagan, 130, St. Paul, knocked out Johnny Davis, 132, Kansas City, (5).

PARIS, France — Augute Caulet, 135, Paris, outpointed Juan Padilla, 133, Mexico City (10).



BOXING HIGHLIGHT OF '51 . . . This dramatic shot taken during the seventh round of scheduled 15-round heavyweight championship fight between Jersey Joe Walcott and Ezzard Charles in Pittsburgh, Pa., shows champ falling to the canvas for the full count after Walcott hit him with a hard left hook. In wresting the heavyweight crown from Charles, "Jersey Joe" of Camden, N.J., 37-year-old father of six children, achieved one of the most stunning upsets in heavyweight history and became oldest man ever to win title. Walcott also was the most persevering contender in ring history, having lost twice to Charles and twice to Joe Louis in championship fights.

Raleigh's Goal Sinks Red Wings Again 1-0

NEW YORK, Jan. 2 (CP) — New York Rangers tonight duplicated their feat of a week ago when they shut out the league-leading Detroit Red Wings 1-0 in a National Hockey League game featured by the brilliant play of both goal tenders.

A crowd of 9385 saw slim Don Raleigh score at the 12-minute mark of the first period and then watched while the fourth-place Rangers outskated and outchecked Detroit the rest of the way.

Both Chuck Rayner in the New York net and Terry Sawchuk in the Detroit goal were magnificent, turning back thrust after thrust.

Sawchuk had by far the most work, making a total of 31 saves to 17 shots stopped by Rayner.

The victory followed much the same pattern as the game here last Wednesday night when the Rangers won by the same score, ending Detroit's unbeaten streak on the road at 15 games.

Raleigh's goal was a spectacular one with defenceman Jack Evans and linemate Gaye Stewart assisting.

Evans fired a shot from inside the blue line which struck the glass behind the goal. Stewart knocked down the rebound with his glove and shoved the puck out in front of the Detroit goal from where Raleigh slammed it home from about four feet out.

Raleigh scored the game-winning goal although playing with a bruised big toe on his left foot, the result of the previous night's game in Boston.

Pole-Vaulting Preacher Top U.S. Athlete

NEW YORK, Jan. 2 (AP)—Rev. Robert (Bob) Richards, the pole-vaulting parson and United States decathalon champion, today was named the 1951 winner of the James E. Sullivan Memorial Trophy as the amateur athlete of the year.

The 25-year-old preacher became the 13th track and field performer to win the award presented annually by the Amateur Athletic Union to the "amateur athlete who, by performance, example and good influence, did most to advance the cause of good sportsmanship during the year."

Richards, an instructor in religious philosophy at La Verne (Calif.) College, was the first choice on 174 of the 487 ballots cast by a country-wide panel of sports authorities in the annual poll. On a 5-3-1 basis, the stocky University of Illinois alumnus who represents the Illinois A.C., amassed 1283 points for a substantial edge over the eight other athletes named on the final ballot.

Maureen Connolly, 17-year-old U.S. tennis champion from San Diego, Calif., was second with 903 points. She received 115 first place votes.

Third position went to Sergeant Mal Whitfield of the Army Air Forces. The 1948 Olympic 800-metre running champion and three-time national champion at the distance, received 59 first places and 754 points.

HAIRSTON-SALA REMATCH

NEW YORK, Jan. 2 (AP)—Eugene Hairston of New York and Lee Sala of Donora, Pa., were matched today for a 10-round middleweight bout at St. Nicholas Arena, Friday, Jan. 18.

Hairston, a unanimous decision winner over Laurent Dauthuille at Montreal in early November, stopped Charley Zivic at Cleveland in his last start, Dec. 5. Sala was a TKO winner over Jimmy Taylor at Pittsburgh, Nov. 27.

ROUGH ON COACHES TOO

King Clancy, coach of the Pittsburgh Hornets in the American Hockey League, recently received a cut on his chin, requiring six stitches, which he su fered while refereeing a Hornet practice game, when hit with a puck.

Western Europe Calls Ministers

PARIS, Jan. 2 (AP) — Cabinet ministers of Western European countries today were called to a special meeting in Paris on Jan. 11 to see what can be done about the coal crisis.

European coal production has failed to keep pace with the big increase in other industrial activity. The result is a fuel shortage that has forced the Atlantic countries to use up a big proportion of their American aid on coal imports.

In 1951, $600,000,000 was spent in this way, and it is estimated that 15 per cent more will be needed this year.

The ministers were called together by the Netherlands foreign minister, Dirk U. Stikker, chairman of the organization of European economic cooperation.

Lach, Richard Lead But Howe Moves Up

MONTREAL, Jan. 2 (CP) — Detroit Red Wings may be setting the pace in the National Hockey League standings but a couple of boys from Montreal Canadiens are grabbing their share of individual honors.

Detroit, with 50 points in 35 games, is perched comfortably atop the standings. Toronto Maple Leafs and the Habs are tied for second spot with 38 points, 12 below the leaders.

A look at the individual scoring records show Elmer Lach heading the parade with 37 points, made up of nine goals and a record 28 assists.

Team-mate Maurice Richard follows with 35 points, composed of a pace-setting 20 goals and 15 assists.

Gordie Howe of Detroit picked up three goals over the New Year holiday to move into third place with 33 points. He has one goal less than Richard and one less assist.

Three players are tied for fourth spot. They are Sid Smith of Toronto, with a 13-18 mark, Don Raleigh of New York, with a 12-19 record and Ted Kennedy of the Leafs with a similar total.

In the goal-keepers department Terry Sawchuk of the Wings is far ahead with seven shutouts. Al Rollins of Toronto comes next with three and Gerry McNeil of Montreal racked up his first scoreless game of the season last night as the Montrealers defeated the last-place Chicago Black Hawks 8-0 in Chicago.

Gus Kyle of Boston is the most penalized player in the league with 85 minutes.

Goalkeepers' record (games up to and including Dec. 30.)

	GP	GA	SO	Avg
Sawchuk, D.	34	58	7	1.41

BARONS SPOIL MURPH'S DEBUT

CLEVELAND, Jan. 2 (AP) — Murph Chamberlain's debut as coach of Buffalo Bisons was spoiled here tonight as Cleveland Barons trounced the Bisons 4-1 in an American Hockey League game.

Chamberlain, christened Erwin Groves Chamberlain, was signed to coach the Bisons here Monday night. He replaced Leroy Goldsworthy who resigned last week to become a golf pro in Vancouver.

Chamberlain, a National Hockey League veteran, retired from active playing in 1949. He formerly coached Vancouver Canucks of the Pacific Coast League.

HORNETS END SLUMP

PITTSBURGH, Jan. 2 (AP) — Centres Bobby Hassard and Phil Maloney snapped a two-game Pittsburgh losing streak by scoring two goals each to defeat Cincinnati Mohawks 4-2 in an American Hockey League game.

Mickey Mackintosh and Herb Dickenson scored the Cincinnati goals.

The victory kept the Hornets 10 points ahead of Cleveland in the Western division of the league.

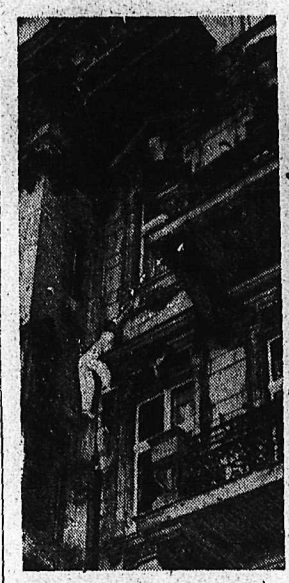
EGYPT'S PREMIER Mustapha El Nahas Pasha was laughing when this photo was taken—but not now. A growing rift with King Farouk is reported from Cairo. The King is reportedly seeking to make a peaceful settlement with Britain in the Suez Canal issue. Within the past few days Nahas has dramatically demanded withdrawal of British troops and clashed on foreign affairs problems, and Farouk has appointed a pro-British minister to his Cabinet.
—Central Press Canadian

MILLIONS of Canadians are overwhelmed by the snowfalls of the past two weeks, but hardest hit are the people of Riviere des Prairies area of Montreal Island. As this aerial photo shows, the snow and ice have combined to block the river and send floods into their living rooms, and in some cases over the rooftops. Over 200 families have been made homeless.—Central Press Canadian.



ADVERTISING enthusiasm of Max Telling landed him in a Berlin hoosegow when he climbed the facade of the four-storey Opera House and threw down pamphlets to draw attention to an ice ballet in West Berlin. Spectators cheered him on, but police just waited until he descended, then marched him off to where he could do no more advertising.

BUSHY-BROWED AND BE GRIMED, John L. Lewis, President of the United Mine Workers' Union, appears to be deep in thought following a visit to Orient Mine No. 2 at West Frankfort, Ill., where 119 miners were killed when gases exploded 5000 feet below ground. After an eight-hour-long inspection with other investigators Lewis, in an interview, blamed owners for the country's worst mine disaster in 23 years. In a voice shaking with emotion Lewis said that the management knew that gases were collecting in the tunnels three to five days before the explosion, and should have closed the mine to clean them out before permitting further work.—Central Press Canadian.

A SERGEANT in the Russian Army, Nikolai Ivanovitch Shutov, points to the spot where he found his chink in the Iron Curtain and fled to Western Germany recently. Sergt. Shutov told newsmen in Dusseldorf that he could no longer endure the misery in Russia.
—Central Press Canadian

THE GREAT-GREAT-GREAT GRANDSON of Napoleon and the Empress Josephine, Duke Serge de Leuchtemburg de Beauharnais, and his wife, Duchess Olga, are now in the U.S. seeking citizenship. The royal pair arrived by ship as immigrants, tourist class. The Duke said he waited 2½ years in Leipsig, Germany, for his opportunity to enter the United States under the Russian quota. His immigration was sponsored by Prince Serge Belosselsky, a distant relative. Duke Serge fled Russia during the revolution and has been living in France and Germany.—Central Press Canadian.

Princess Returns For Dress Fittings

LONDON, Jan. 2 (AP)— Princess Elizabeth, spending a Christmas vacation with the King at his Sandringham, Norfolk, home, returned unexpectedly to London today.

London newspapers said she called for fittings of the dresses being made for her forthcoming Australian tour.

DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

PUBLIC NOTICE

Sealed tenders for the General Contract, including all trades, endorsed "Tender for the Erection of a School Bus Storage Garage," will be received by the Secretary Treasurer, School District No. 7 (Nelson) on or before 4:00 p.m. January 10th, 1952.

Form of Tender, Working Drawings and Specifications will be available on the morning of Monday, December 31st, 1951, at the office of the Secretary-Treasurer, School District No. 7 (Nelson), 812 Ward Street, Nelson, B.C.

A certified check for five per cent (5%) of the tender submitted must accompany each and every tender and shall be forfeited if the party tendering declines to enter into contract when called upon to do so. On award and signing of the Contract, the successful tenderer shall furnish to the Board of School Trustees, School District No. 7, (Nelson) a surety bond equal to fifty per cent (50%) of the Contract price. On receipt of this bond, the certified check submitted with the Tender, will be returned.

The Board of School Trustees reserves the right to reject any or all tenders without explanation.

Lowest tender not necessarily accepted.

A deposit of five dollars ($5.00) is required for each set of plans and specifications, and will be returned upon receipt of same in good condition.

Dated at Nelson, B.C. this twenty-ninth day of December, 1951.

J. S. LIVINGSTONE,
Secretary Treasurer,
School District No. 7 (Nelson).

THE CANADIAN ARMY REQUIRES INFANTRY SOLDIERS

The Royal Canadian Infantry Corps is the ideal Corps in which to start a military career. For those who do not wish to make the Army a career, it is a Corps in which they may travel and in which they may obtain broadening experiences to prepare them for the future.

If you are interested in the Active Army, write or report in person to:

11 PERSONNEL DEPOT,
4201 WEST THIRD AVENUE,
VANCOUVER 8, B.C.

Whether accepted or rejected you will be reimbursed for your travelling expenses to and from Vancouver or, if you apply in writing, your transportation may be provided in advance.

If you are interested in the Reserve Army, report to any unit in your locality.

If you are ever called upon to help defend Canada you should be prepared.

JOIN THE ARMY

Canadian Dollar Nearer to Par

NEW YORK, Jan. 2 (CP) — The Canadian dollar was quoted at a discount of ⅞ of one per cent in terms of United States funds at noon today, the highest point Canadian funds have reached since the outbreak of war in 1939.

After war broke out the Canadian dollar started dropping. Its rise got under way 15 months ago when the Canadian goverhment set it free to finds its own level. At that time it was at a discount of 10 per cent.

The dollar's recent rise has been attributed to demand for Canadian currency to purchase Canadian securities.

Market Trends

NEW YORK, Jan. 2 (AP) — Railroad shares led to slightly higher levels in 1952's first session.

Gains ranging to more than $1 a share were scattered through the carrier list.

Canadian issues were mixed. Canadian Pacific and International Nickel were both off ⅛ and Distillers Seagram advanced ⅛. Dome Mines gained ¼, McIntyre was up ½ and Hiram Walker remained unchanged.

TORONTO, (CP) — Prices wavered indecisively today toward the session's close.

Industrials opened the year unenthusiastically as investors waited for trends to develop. Trading was confined to leading issues.

Papers, utilities, agricultures, liquors and banks held gains and loses in balance but textiles weakened. Constructions, steels, foods, refining oils and manufacturing companies slipped steadily.

MONTREAL (CP) — Fractional gains contiued in the majority near the close.

Some issues weakened in early afternoon dealings, but the downward movement was not extensive.

Utilities formed the strongest section. Papers, senior metals, steels, banks and miscellaneous industrials edged upward.

LONDON, (Reuters) — A swing of active interest from home stocks to selected overseas issues gave an irregular appearance.

Gilt-edged and leading industrials drooped, but there was firmness in oils, foreign bonds and selected minings.

VANCOUVER, Jan. 2 (CP) — Oils followed an irregular price trend today. Base metals were firmer.

Calgary Livestock

CALGARY, Jan. 2 (CP) — Prices were steady to higher in active trading on the Calgary Livestock Market today. No strictly choice butchers were available in the 300 cattle and calves on offer.

Good butcher steers and heifers were steady. All classes of cows were in keen demand at prices 50 cents to $1 higher. Bulls were steady. Stocker and feeder steers were in fair demand at steady prices. eVal calves were about steady.

Hogs closed steady Monday at $29, while sows were 25 cents lower at $18.25. Good lambs brought $31 to $32 and good ewes $16 to $18.

Good butcher steers 32.75 to 33.50; common to medium 28.00 to 32.50; good butcher heifers 31.00 to 32.00, common to medium 27.00 to 30.50; Good cows 25.00 to 26.00, common to medium 20.50 to 24.50, canenrs and cutters 17.00 to 20.00; Good bulls 25.00 to 26.00, common to medium 22.00 to 24.50; Good stocker and feeder steers 29.00 to 31.00, common to medium 25.00 to 28.50; good to choice veal calves 33.00 to 35.00, common to medium 26.00 to 32.00.

To Move Mill To Windermere

Sheep Creek Gold Mines plans to move the idle 150-ton mill on the original property at Salmo to its Mineral King mine in the Windermere district, it is reported. Earlier plans was to truck ore from the Mineral King 17 miles to the Paradise mill at Invermere, which is about 80 miles North of Kimberley.

A silver-lead-zinc showing of merit has been indicated on the Mineral King by preliminary exploration, and the company was recently engaged in constructing a road to the property, to be followed by more extensive exploration.

A. E. Jukes, president, states that half-year net profit from the Paradise and Zincton operations, the latter in the Slocan area will exceed 12 cents per share on the 1,875,000 Sheep Creek shares, this after provision for estimated income tax. Dividend requirements for the period amounted to six cents a share.

The president says a substantial increase in revenue resulted from a contract for Zincton mine concentrates negotiated with the British Ministry of Materials on behalf of the company by the British Metal Corporation.

The Zincton unit realized net smelter returns of $525,105 in the six months ended November 30; for the Paradise net smelter returns were $194,035. In the full fiscal year ended May 31, 1951, net smelter returns were $888,398 for the Zincton, $434,325 for the Paradise.

From total net smelter returns of $719,140 in the latest-half year, an operating profit of approximately $268,194 was won, excluding miscellaneous income.

In November, combined production value at Zincton and Paradise was $147,681, after deduction for freight and smelter charges. Expenses, including depreciation but before taxes on income, were $78,476, leaving a net operating profit of $69,205 for the month.

The Zincton plant treated 6944 tons averaging 5.2 per cent zinc and 0.4 per cent lead during the month and the Paradise mill handled 1607 tons averaging 3.6 per cent lead and 19.4 per cent zinc.

NEW ORE FOUND AT WESTERN MINES

Substantial tonnages of good ore are being opened in several sections of the Western Mines Limited base metals property, according to H. M. Wright, president.

Completion of the 806 raise has improved ventilation and permitted use of a regular crew on the No. 5 level workings for the first time in many years. Other development work is proceeding satisfactorily.

The mill treated 1582 tons, including 180 tons from custom shippers, in November, and production was close to 120,000 pounds of lead and more than 75,000 pounds of zinc.

Coast Car Causes Death of Chinese

COURTENAY, B. C., Jan. 2 (CP) —RCMP said today an inquest will be held into the New Year's eve traffic death of Son Soo Dack, a Courtenay Chinese. He died in hospital here after being struck by a car several hours earlier.

Yale Takes Up Own Bonds

Substantial profits being won from the Ainsworth operation of Yale Lead and Zinc Mines are reflected in the announcement that the company has purchased $74,000 of its outstanding bonds on the open market, reducing funded indebtedness to $326,000.

The bonds are five per cent first mortgage, maturing October 1, 1955. Regular payments to a sinking fund for future redemption of the balance of the $400,000 issue are being arranged.

In recent weeks, new records have been set by the concentrator. In the latest period reported, the week ended Dec. 16, 1325 tons were handled; two weeks before it was 1346 tons. Heads for the latest week averaged 6.1 per cent lead and 2.1 per cent zinc. Corresponding averages for the week ended Dec. 9 were 5.8 per cent lead and 2.0 per cent zinc, the week before, 5.6 per cent lead and 2.4 per cent zinc.

GOOD ORE

At the mine, stoping operations are being carried out on three levels. On the 2450-foot level the Northern end of the 2450 stope shows mineralizarion to be narrowing 40 feet above the sill. H. D. Forman, manager says this confirms indicated plunge of oreshoots. A short boxhole will be driven here to confirm attitude of this particular shoot. The South part of the stope continues in excellent lead ore, the manager states.

Mostly North of this oreshoot, on the 2300-foot level below, stopes continue in good ore with widths averaging eight feet. The raise started from the Southern end of the 2300-foot South stope designed to serve as an ore pass for the 2450-foot stopes, should be through to the higher level by now. In the week ended December 9 two rounds were driven in excellent lead ore to within 35 feet of a breakthrough. Advance in the latest week was 27.6 feet, all in good ore.

On the 2200-foot level, stoping widths on the Southern end are 11 feet, but values are below normal, according to the manager. Car samples show a grade of 3.4 per cent lead and 2.6 per cent zinc. Northern stopes on this level are narrower with widths averaging just under four feet; values are good but erratic. A raise is going up from this level also. The last two rounds were in ore with increased vein widths coming in on the hanging wall, it is reported.

NEW RAISE

Drifting North on the 2150-foot level recorded ten feet of advance in the week ended Dec. 9, and only one additional round in the latest week. The previous week's advance resulted in pyride mineralization only, and no improvement was shown in the latest period. A new raise has been commenced in the shoot lying South of N14 A and B raises on this level and had been in good ore up to 13 feet.

SOUTH AMERICANS ASK HUMAN RIGHTS A-G.

PARIS, Jan. 2 (AP) — Uuruguay and Guatemala proposed today the appointment of a United Nations Attorney-General for human rights. He would be a sort of watchdog keeping tab on how governments carry out the covenant on human rights the U.N. is expected to draft.

The delegations prepared a resolution to be presented to the U.N.'s Assembly Social and Humanitarian Committee when it resumes work next week on the human rights proposals.

GRAVESEND, England (CP) — Ever since childhood, 29-year-old Ruth Kingston wanted to nurse lepers. Next year she will do so at a colony in Northern Rodesia.

N. Zealand Greets Empress Aircraft

AUCKLAND, N. Z., Jan. 2 (CP)—Canadian Pacific Airlines' New South Pacific air service through to New Zealand to Australia completed its first Canada-New Zealand link today when the aircraft Empress of Auckland touched down at Auckland.

The aircraft was met by a welcoming party headed by E. Winstone, president of the Auckland Chamber of Commerce.

The aircraft continued its journey to Australia after a two-hour stay.

The present service will be twice monthly until Comet jet airliners are introduced on the run about August.

Injured Lad Only In Fair Condition

VICTORIA, Jan. 2 (CP) — Condition of 11-year-old Brian Lamb was reported by hospital as fair today, one week after a 300-foot car plunge which killed his father, John A Lamb, 37.

The boy suffered a fractured skull and broken leg in the accident at Witty's Lagoon. The father died instantly when their truck plunged over an embankment.

Canadian Wheat Exports Heaviest Since 1945

WINNIPEG, Jan. 2 (CP) — November exports of Canadian wheat were the heaviest since October, 1945, the Board of Grain Commissioners reported today.

Exports totalled 35,500,000 bushels compared with 27,500,000 in October and 17,800,000 in November last year. Exports in October, 1945, totalled 38,000,000 bushels. Average exports in November for the last 10 years is 18,700,000 bushels.

The Board also reported that United States imports of Canadian wheat for domestic consumption and milling in bond were heavy at 5,700,000 bushels.

Export clearances of wheat flour in November totalled 4,100,000 bushels compared with 3,900,000 the previous month and 5,700,000 last year.

Total exports of coarse grains and flax were down.

H. I. Increase Deemed Unlikely

VICTORIA, B. C., Jan. 2 (CP)—Increase in hospital insurance premiums this year is deemed unlikely by informed sources.

Interim increases in hospital daily rates, announced this week, immediately touched off speculation and fear among British Columbians that they were in store for another boost in premiums.

But officialdom's thinking seems to shy away from this belief—especially in view of the fact a general Provincial election may not be too far off.

Already the special inquiry board looking into the entire hospital insurance question has indicated premiums are high enough. The board wants to find other ways to cover increased costs of operation.

General feeling is that the Government once again will have to pour money into the plan to avoid a premium boost.

Babe and Pet Dog Perish in Fire

TORONTO, Jan. 2 (CP)—A 21-month-old baby, left unattended with three other children New Year's Eve, was burned to death when fire destroyed a Winterized cottage in suburban Scarborough.

Neighbors rescued the three other children—all under 6 years old—but were unable to save little David Brown, whose charred body was found under a window near the kitchen sink. The tot's dog died with him, his paws in David's lap.

The child's parents, Mr. and Mrs. Edward Brown, Sr., were attending a New Year's Eve party with their son and daughter-in-law. Left behind were the two children of each couple.

To protect him from irate neighbors, Brown was taken into custody by police when he returned to his razed home at 3:30 a.m. Tuesday. Neighbors said Brown used abusive language to police and residents who tried to save his home and children.

Brown was forcibly handcuffed and removed as angry neighbors swarmed around him.

Emphatic Denial Of Allied Split

WASHINGTON, Jan. 2 (Reuters)—The State Department today formally denied that a split has developed between Britain and the United States over policy towards Egypt.

A statement was issued following publication of reports that the U.S. urged Britain to recognize Egyptian sovereignty over the Sudan in exchange for Egyptian participation in the proposed Middle-east Command.

OTTAWA—Jean (Johnny) Beauchamp, 30, internationally-known hockey player.

Dr. Lewis Succeeds W. H. Jones, Nanaimo

NANAIMO, Jan. 2 (CP)—Dr. H. W. Lewis has been appointed coroner for this district succeeding W. H. Jones who resigned Monday after 13 years in office. Dr. Lewis, a comparative newcomer to the city, had a long military career in which he saw service in many parts of Europe, and he also practised his profession on the Prairies and in the North. He has been coroner in four other districts in his career.

WINNIPEG (CP) — Introduction of a civil defence program in the schools of greater Winnipeg was advocated by Maj.-Gen. M. H. S. Penhale, director of civil defence. He said the school program is one of the strongest in any public education for civil defence.

REMNANTS of the Gloucester Regiment, whose heroism in Korea has become a military legend, are now back in Britain. Captain Harvey, who led the 40 survivors from Hill 235, now known as Gloucester Hill, is shown on left of other officers of the regiment. The 40 soldiers were all that was left of the unit's fighting strength.—Central Press Canadian.

"Captain Enterprise" Stays Put

LONDON, Jan. 2 (AP) — A British tug tonight raced to the rescue of the one-man crew on the Flying Enterprise, wallowing in strong new gales 350 miles out in the Atlantic from Falmouth.

Capt. Kurt Carlsen, who brushed aside with courageous stubbornness suggestions that he abandon the 6711 ton freighter, was spending his fifth night on the ship as it drifted helplessly and almost flat on its side.

The deep-sea tug Turmoil, one of Britain's fastest and largest, set out from Falmouth bucking 50-mile an hour winds and heavy hail showers. It would not likely reach the Flying Enterprise until late tomorrow.

Officials of the Isbrandtsen Line, the owners, hoped Carlsen still would ride his ship into port, but the savage seas would make the task of getting a tow line aboard extremely difficult.

VETERAN

Carlsen, a veteran of the seas despite his 37 years, declared he would stay aboard "until I'm towed or sunk." He chose to wage his one-man fight against the sea after the worst hurricane in 50 years cracked his ship on Christmas Day. He ordered the crew of 40 and 10 passengers to abandon ship last Friday. All were picked up safely by rescue ships, except one sailor whose body wah recovered.

Britons with their own seafaring traditions, were quick to make the New Jersey captain a hero. The story was headline material in all newspapers.

The Evening Standard dubbed him "Stay Put Carlsen" in its headline. The Evening News gave him a new name, "Captain Enterprise."

If he left the freighter, it would become a derelict and a "free prize of the sea" for its salvagers under British Admiralty law.

erthimreah

This is the view set forth by admiralty law experts in London.

(In New York, however, an Isbrandtsen line spokesman declared "It makes no difference one way or the other" in salvage right whether Carlsen stays aboard—any salvager would receive compensation set by an arbitration committee of the insurance firm, Lloyds of London.

Capt. Clayton McLaughlin, operating manager, said Carlsen is following "traditions of the sea" and not business reasons in staying aboard. He said he was sure, however, that Carlsen "wouldn't refuse to be rescued" if the Flying Enterprise goes under. He reported the tug Turmoil is under a contract with Isbrandtsen and it will receive no pay if it is unable to bring the ship in. The Flying Enterprise carries 2650 tons of general cargo.

McLaughlin acknowledged that if Carlsen left the Flying Enterprise and some vessel other than the Turmoil reached her and took her in tow, she might be considered a "prize", but that would depend on a court ruling, he said.

Insurance specialists in London were avoiding quotation on this specific case, since such matters wind up in court more often than not.

The Encyclopaedia Britannica's article on salvage states: "Where the salvaged vessel has been abandoned by her master and crew and is therefore derelict, the salvage award runs much higher than otherwise."

Though the captain's position was dramatic, company officials believed he was comparatively safe. Officials said they assumed he had wedged himself on the bridge so he would not slip overboard. He was reported to have plenty of food and apparently was able to take cat naps.

WATCHES

The U. S. Destroyer John W. Weeks, replaced the navy supply ship, Golden Eagle, in a watchdog role after a dash from France.

Carlsen, a radio amateur, kept in touch with the Week's skipper, Cmdr. W. L. Thompson.

Cheering messages from his wife and the Isbrandtsen line were relayed to brace him in his lonely stand.

The ship's port rails were smashed and her main deck awash, but Carlsen reported her list of about 60 degrees had not changed.

A fresh storm also blew the 20,000-ton Canadian Pacific liner, Empress of France, against the dock in Liverpool and slightly buckled some of her plates just above the water line.

Former T.L.C. Head Dies in Montreal

MONTREAL, Jan. 2 (CP)—Gustave Francq, 81, former vice-president of the Trades and Labor Congress of Canada and one-time president of the Quebec section of the T.L.C., died today after a long illness. He was actively identified with organized labor since 1888 and once served as a delegate to the International Labor Office at Geneva, Switzerland. Surviving are his widow and two sons.

Afghans Welcome U. N. Assistants

By HAROLD K. MILKS

KABUL, Afghanistan, Jan. 2 (AP)—This isolated, landlocked melting spot of Asia is planning an over-all renovation with the help of the United Nations.

The Afghan Government has appealed for technical aid in almost every phase of its national life and already nearly two dozen foreign experts on subjects ranging from customs to communications and banking to taxation are on hand.

The United Nations technical assistance program for afghanistan is a large — and still growing — concern as Afghan officials seek guidance in new governmental activities.

Afghanistan has raised the post of United Nations co-ordinator to cabinet rank.

MANY SUCCESSES

U.N. technicians already have achieved considerable success in the fields of health and agriculture.

A team of Indian experts were so successful in eradicating malaria from one fever-ridden area of North Afghanistan that villagers voted to tax themselves to finance an extension of the program. Another team of doctors has made great strides toward eliminating typhus from areas where epidemics have been occurring for centuries.

One of the most amazing results of United Nations technical advice came from William W. Dickingson, American planter who introduced the common garden hoe to Afghan cotton growers, taught them modern row methods of cultivation and increased cotton production fivefold in the first year.

Aged Man Freezes

CAMPBELL RIVER, B.C., Jan. 2 (CP)—Ernest Carlson, 74-year-old man who lived at Willow Point, 5 miles from here was frozen to death New Year's Eve when his foot got caught in a picket fence and he was unable to escape.

Churchill Catches Up on Schedule

WASHINGTON, Jan. 2 (AP) — Prime Minister Churchill may leave the liner Queen Mary at the New York quarantine Saturday morning and fly to Washington to have lunch with President Truman.

Officials said today this speed-up arrangement was being considered so that the weekend program originally planned can be carried out. He is arriving a day behind the original schedule because storms delayed sailing of the Queen Mary.

The first formal discussions between the President and the Prime Minister are scheduled for Monday morning.

Thousands of British Columbia salmon have been tagged and released in the study of spawning habits and migrations.

Niemoeller Visits Russian Churches

BERLIN, Jan. 2 (Reuters)—Pastor Martin Niemoller, German Protestant church leader and an ardent advocate of East-West understanding, left Berlin for Moscow today.

He plans to return tot Germany next Monday or Tuesday.

Niemoller, who was accompanied by his daughter, said the visit to Russia, his first, was purely private. He was not going to Moscow in his official capacity as head of the foreign relations department of the German Evangelical Church.

He said he did not intend to see any politicians in Moscow.

Niemoller was invited to Moscow by the Russian Orthodox Church.

Prince Aims at Timber Empire

VICTORIA, B. C., Jan. 2 (CP)—Prince Axel of Denmark, the big push behind the huge East Asiatic Company, has not given up his dream of a huge timber empire on Vancouver Island's West coast.

The company's application for a forest management licence North of Muchalat Arm in the Gold River area was refused last month, but it was learned today an appeal has been filed with Provincial Secretary W. T. Straith.

Mr. Straith said there has been no date set for the appeal, which would be heard before the Cabinet.

It is understood the original application was rejected because the firm did not provide concrete plans.

Lake Nicaragua in Central America is the only fresh water lake in which tarpon, sharks and other salt water fish may be found.

Contracts for Highway Total $57 Million

OTTAWA, Jan. 2 (CP) — Contracts amounting to $57,304,000 for work on the Trans-Canada Highway were let out by the eight provinces engaged in the $300,000,000 federal-provincial undertaking, Resources Minister Winters said today.

Figures covered contract awards up to the end of 1951.

The Federal Government is paying half the share of the project, and Mr. Winters said that up to now it has paid provincial claims for $11,090,000.

Following are the figures by provinces for contracts awarded and federal payments:

	Contracts	Paid
Newfoundland	$4,932,180	1,241,468
P.E.I.	1,412,896	173,498
N. Brunswick	3,675,632	670,871
Ontario	20,726,604	4,648,444
Manitoba	2,936,566	348,362
Sask.	6,121,784	494,965
Alberta	4,989,493	207,082
B.C.	12,509,554	3,307,922

Cold and Ice Close Fraser Valley Mills

NEW WESTMINSTER, B.C., Jan. 2 (CP)—More than 2000 men are unemployed in this area and in the Fraser Valley as cold and ice have closed down many mills.

The latest mill to close is Pacific Veneer division of British Columbia Forest Products here putting 700 men out of work.

Several river firms have started blasting to keep logs free in the ice-coated booms, but the main problem facing most operators is restocking log supplies.
